- Once your application is complete. You may view your application (including party members) by logging back into the address above. No applications will be accepted or edited after the deadline.

Mid Season WMA Waterfowl Drawing & Permit Information

- Each party members' name will be included in the lottery, so a party of 5 has 5 chances to be selected.
- Priority drawing: TWRA's priority drawing system gives one priority point to applicants each year they apply and are not successful for any hunt. Applicants who were successful last year will start over with a priority of zero. If applicants in a party have varying priority points, the party will assume the point status of the highest point of the party. If party is unsuccessful, each party member's individual priority will increase by 1 point.
- A successful applicant may bring up to 7 additional hunters (guests) of their choice, each day of the hunt. The number of adults in a blind or pool may not exceed 8, one of which must be a successful applicant. No sign-ons can be made after the drawing.
- Permits are nontransferable. Any person violating this rule and regulation is subject to having their reservation and/or hunting privileges revoked and may be subject to prosecution.
- Successful applicants will receive an email with instructions to log-in and claim their permit before November 27, 2023. The email will include information on how to obtain detailed maps, GPS coordinates, and rules and regulations for the hunt. Each party member must claim their own permit. Permits will be available to print after the permit has been claimed. A confirmation number will be issued upon completion. Individuals in the party that fail to claim their permit forfeit their individual permit. If the entire party fails to claim their permits, the site location will be forfeited.
