Oh! I'm falling. Where am I going? This very second I'm sitting on someone's nose. Drip, Drip, drip. Here I go off his nose onto an umbrella. This is very colorful. The wind is blowing so off I go. Oh wow. Weee! This is fun floating around in the air. I think I'm swirling in circles. It's a very strange and akward feeling up here in the sky. Oh no! I've landed on a street. Here comes a car. I wish that he would swerve around me. Ouch! I'm stuck on a tire! This is very nausiating. Woo! I've been slung of the tire into..... a sewer. Oh great, floating down a sewer. Oh, this isn't as bad as I thought, maybe even ~~better~~. Now I'm dripping from a pipe in to a river. But, right when I'm in midair the wind kicks in and off I go veering this way and that. Oh! I'm back on an umbrella again. This one's pink. The sun's peeking out. My adventures are all most over! Drip, drip, drip. Here I go off the umbrella onto the sidewalk. Wait, this isn't a sidewalk. This is a dog! Well at least it's no moving. Why am I moving? No! Good doggy, stay doggy. Please! My luck he's chasing a cat. Ohno the sun's getting brighter every minute: what shall I do? It's an earthquake! No it's not the dog is shaking me off! Woo! Umph! Where am I now, oh gosh I'm on the street right where the sun can scorch me. You can almost see the whole sun. Come on wind do your stuff. Please, blow me away..... something! I'm getting smaller and smaller! Well, I guess that my wonderful adventures are over. Maybe... all great travelers and explorers had consequences, too!
