The reason I like school is so I can see my frends every day. in less its the weekend or there sick or schools out. some of my frends live in diferent countys, and I can't see them inless im in town or at school.
I don't like in a big city or any thang like that. I gess like in a small town call Savannah. along the Tn. River. I like going to school with all my frends, and set in the gem floor. Talk about stuf going on so. thats the reason I like school so I can see my frends.
