The Board office received a Notice of Alleged Violation from the Texas Department of Licensing and Regulation (TDLR) in the name of the Respondent, who is licensed as an aesthetician in this state by reciprocity from Texas. According to the Notice, the Respondent received classroom hours of instruction in the Texas Cosmetology Facialist curriculum without attending such classes at a licensed cosmetology school as required by Texas law. The Respondent denies the allegations, stating that she lived with a relative during the time she attended classes in Texas. The TDLR states that it based its allegations against the Respondent on the fact that a search of her name in a database it frequently uses to determine whether an individual ever held residency in the state did not produce any results when the Respondent's name was entered. According to the TDLR, it does not intend to proceed in its case against the Respondent due to insufficient evidence.
