Engineer Intern

(For students holding senior status in an EAC/ABET accredited undergraduate engineering curriculum and who have passed the FE exam)

Effective January 2016, applicants for the Fundamentals of Engineering (FE) exam will no longer apply to the Tennessee Board for authorization to sit for the FE exam. Applicants may apply directly with NCEES and then apply to the Tennessee Board for Engineer Intern certification after passing the exam.

You may fill out the application for certification online. The application must then be printed because it must be signed by the applicant and the Dean or his/her designee.

Certification Process

There are two steps in the Engineer Intern certification process:

STEP 1 — Register for the FE Examination with NCEES

You may register for the FE exam at www.ncees.org. Exam fees are paid to NCEES when registering on the NCEES website. Information regarding exam scheduling, exam materials and calculators, and exam results is available on the NCEES website.

Do not register unless you meet one of the following requirements:

- Senior standing in a 4-year (minimum) undergraduate engineering curriculum that has been accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (EAC/ABET).
- Graduate of a curriculum of four (4) years or more that has been accredited by the EAC/ABET leading to a baccalaureate degree in engineering.
- Graduate of a program accredited by the Canadian Engineering Accreditation Board (CEAB), if the degree was awarded in or after 1980.
- Degrees from non-accredited engineering programs must be evaluated as described below (see “Applicants with Non-Accredited Foreign Degrees” and “Applicants with Non-Accredited Domestic Degrees”).

An engineering technology program, whether four (4) or two (2) years in length, is not considered by the Board to be an acceptable curriculum.

If you have questions about your particular circumstances, please e-mail Cindy Toombs at cynthia.toombs@tn.gov before registering for the exam with NCEES.

Passage of the FE exam alone does not ensure:

- Certification as an Engineer Intern (EI);
- Future approval to take the Principles & Practice of Engineering exam; or
- Licensure as a Professional Engineer (PE).

STEP 2 — Apply to the Tennessee Board for Engineer Intern (EI) certification after passing the FE examination.

The social security number will be redacted prior to making your record available for public inspection.
