# Tennessee Water Well Association 2016 MIDDLE & WEST TENNESSEE CONVENTION

November 11, 2016 @ 11am-6:30pm

**11am-11:55am Registration**

**12pm-1pm**

**David Bumbalough:** Franklin Electric Field Service Engineer  
He joined Franklin Electric in 1995, as an engineering lab technician, responsible for product analysis and data gathering for Franklin Electric 4-inch products. The almost 10 years Dave spent in the engineering lab allowed him to gather detailed knowledge on the workings of all Franklin products. His familiarity with specialized electronic equipment and elaborate knowledge of products allows him to educate, train, and help customers in the field. Dave also has a seat on the Board of Contractors for the North Carolina Ground Water Association.  
Prior to Franklin Electric, Dave worked as an inside finish electrician for All-American Homes and also ran his home-based HVAC business.

1pm-1:15pm

**Break**

**1:15pm-2:15pm**

**Jason Gentry:** Geo-Thermal, Mid-South Construction Company, INC

Jason Gentry grew up in Huntingdon, Tenn. He holds a bachelor's degree in engineering from the University of Tennessee at Martin and a master's in mechanical engineering from Oklahoma State University. Gentry worked as an undergraduate research assistant for UT Martin Center for Energy Management researching the benefits of geothermal heat pump systems. While attending OSU, he worked as a graduate research assistant, studying hybrid ground-source and water-loop heat pump systems.

2:15pm-2:30pm

**Break**

**2:30pm-3:30pm**

**David Roberts:** Mud Drilling, Baroid Industrial

He is an Account Representative who brings 44 years of experience in the drilling industry to his team. The first 36 years of his career have been devoted to drilling and completion fluids applications in the oil and gas industry, with the last four years working in a broad range of applications as an Account Representative within Baroid IDP.

3:30pm-3:45pm

**Break**
