

NOTICE OF AMENDMENT
STATE TRANSPORTATION IMPROVEMENT PROGRAM

The Tennessee Department of Transportation is seeking comments on Amendment #191 to the 2014-2017 State Transportation Improvement Program. Amendment #191 is for Hickman and Humphreys Counties project number 1441000 which changes funding for construction. Instead of Fiscal Year (FY) 2017 National Highway Performance Program (NHPP) money, FY 2016 National Highway Freight Program (NHFP) funds are to be used in the same amount. Because the project begins in Hickman County, but then crosses into Humphreys County before reentering Hickman County, Humphreys County has been added to the STIP page, just as on the project plans title sheet. The project length has been increased from 1.1 miles to the 2.053 miles shown on the latest project plans. The lower total project cost is a reflection of the actual expenditures and obligated funds for environmental studies and preliminary engineering plus the construction estimate. The project consists of constructing a westbound truck climbing lane on Interstate 40 near Mile Marker 161. The project is to be let to contract by TDOT.

The amendment is posted on the Tennessee Department of Transportation web site at <http://www.tn.gov/tdot/article/program-development-stip-amendments-proposed>

The public is being asked to review this document and provide comments to TDOT within 15 days of this publication date. After 15 days, the comments and suggestions will be reviewed and incorporated into the plan as appropriate.
