Subject: Johnson County..Adoption of Model Code of Ethics

I have just hung up the phone from talking with you and am grateful for your assistance.

As stated in our conversation the Johnson County Commission, by resolution, adopted the CTAS model code of ethics in exact at our regular stated commission May, 17, 2007.

We will now proceed to disseminate the information to all offices, boards, and any other entity for which this policy applies. Again, thank you for your assistance.
