This document shall include detailed requirements for both internal and external interfaces and all TennCare functionalities required by the RFP and/or contained in the Contractor's proposal and/or this Contract. Eligibility interfaces with TennCare are critical and the Contractor must be in sync with the TCMIS eligibility data. All outbound 834 files from TennCare must be loaded to the Contractors data base within twenty four (24) hours of receipt from TennCare. This requirement includes any 834 transactions that must be handled manually by the Contractor. Failure to meet this performance standard may result in liquidated damages.

- b. A Detailed Conversion Plan that specifies plans for conversion of fifteen (15) months of TCMIS and the previous DBM contractor/processor's claims history, prior authorization and reference data.
- c. A Software Release Plan that sets forth the project's implementation into production. This document shall explain procedures for coordinating system changes that shall have an operational or information impact on TennCare operations. It shall detail how TennCare and/or TCMIS software releases are tested and coordinated.

#### A.2.4. Technical Design Phase

During this phase, detailed specifications shall be developed for conversion and for the interface(s) between the TCMIS and the Contractor's system. The Contractor shall develop detailed plans that address back-up and recovery, information security and system testing. The Contractor shall develop the System Interface Design Overview Document (this document shall be completed after the Contractor has conducted a review of all previous design documents). In addition to the System Interface Design Overview, the Contractor shall provide the following system plan documents:

- a. Unit Test Plan that includes test data, testing process, and expected results;

Enrollees may not be held liable for payments in the event of the Contractor's insolvency. Enrollees may not be held liable for payments in the event the State does not pay the Contractor, or the Contractor does not pay the provider.

Cost sharing responsibilities shall apply to services other than the preventive services described in Section A.3 and specified in the table below. Co-payments shall be applied on a sliding scale according to the enrollee's income. The procedure code listing for preventive services is as follows:

Dental visits	0	\$5 per visit	\$20 per visit

The Contractor shall track and report to TennCare the amount of enrollee cost-sharing liabilities on a quarterly basis in a form and format to be specified by TennCare.

The Contractor shall be expressly prohibited from waiving or using any alternative cost sharing schedules, unless required by TennCare. Further, the Contractor shall not discourage enrollees from paying applicable co-payment obligations.

If, and at such time that changes occur to the cost sharing rules, the Contractor will be notified of new co-payment rates.

The Contractor shall require, as a condition of payment, that the service provider accept the amount paid by the Contractor or appropriate denial made by the Contractor (or, if applicable, payment by the Contractor that is supplementary to the enrollee's third party payor) plus any applicable amount of cost sharing responsibilities due from the enrollee as payment in full for the service. A provider or a collection agency acting on the provider's behalf may not bill the enrollee for more than the allowable copay. - b. if the enrollee's TennCare eligibility is pending at the time services are provided and if the provider informs the person they will not accept TennCare assignment whether or not eligibility is established retroactively; or
- c. if the enrollee's TennCare eligibility is pending at the time services are provided, however, all monies collected, except applicable cost share amounts must be refunded when a claim is submitted to the DBM if the provider agreed to accept TennCare assignment once retroactive TennCare eligibility was established. In an effort to increase the number of TennCare children ages 1 – 20 who receive preventive dental services, the Contractor shall track providers' level of preventive services and rank them. Exceptions must be justified and documented to the State on the basis of community standards. The Contractor shall not refuse to credential a qualified provider, on the sole basis of the network already meeting the contractual distance accessibility standard, if there is a subset of enrollees in the proposed service area that must travel beyond the average 30 mile standard to access dental care.

The policies and procedures shall contain the following elements:

- a. Scope - The program has mechanisms to detect underutilization as well as overutilization.
- b. Prior Authorization and Concurrent Review Requirements.
  - 1. The Contractor shall not employ, and shall not permit others acting on their behalf to employ utilization control guidelines or other quantitative coverage limits, whether explicit or defacto, unless supported by an individualized determination of medical necessity based upon the needs of each TennCare enrollee and his/her history.
  - 2. Prior authorization and concurrent review decisions are supervised by qualified dental professionals.
  - 3. Documented efforts are made to obtain all necessary information, including pertinent clinical information, and consult with the treating dentists as appropriate.
  - 4. The reasons for decisions are clearly documented and available to the enrollees.
  - 5. There are well-publicized and readily available appeals mechanisms for both

- providers and enrollees.
6. Decisions and appeals are made in a timely manner as required by the exigencies of the situation.
  7. There are mechanisms to evaluate the effects of the program using data on member satisfaction, provider satisfaction or other appropriate measures.
  8. If the Contractor delegates responsibility for utilization management, it has mechanisms to ensure that these standards are met by the delegate.
- A.33. Prior Authorization. Policies and procedures must clearly identify any services for which the Contractor will require network providers to obtain authorization prior to the provision of the service as well as any additional submissions (such as radiographs) that may be required for approval of a service. TennCare shall have thirty (30) days to review and approve or request modifications to the policies and procedures. Should TennCare not respond in the required amount of time, the Contractor shall not be penalized as a result of implementing the policies and procedures. However, failure to respond timely shall not preclude the State from requiring the Contractor to respond or modify the policy or operating guideline prospectively. Dental management policies and procedures must be consistent with the following requirements:
- a. Requests for prior approvals that are denied by the Contractor must be denied in writing within fourteen (14) days of receipt.
  - b. Prior approval shall not be required for referrals from the Public Health Screening Program, Primary Care Physicians, and for preventive services as defined in A.3.
  - c. Utilization management activities may not be structured so as to provide incentives for the individual provider or Contractor to deny, limit, or discontinue medically necessary services to any enrollee.
- A.34. Reconsideration. If services are denied, the Contractor shall reconsider the denial of the service when the network provider submits additional information including but not limited to: dental records from the treating dentist, orthodontic records and treatment plan, radiographs of impacted teeth, OrthoCAD, or study casts or photographs of study models and/or photographs of intraoral tissue lacerations, the hospital readiness form and/or the orthodontic readiness form, and medical records from the primary care physician. Pediatrics growth data are to be provided for orthodontic appeals related to nutritional deficiency and speech/language records are to be provided for orthodontic appeals related to speech pathology.
- A.35. Retrospective Utilization Review. The Contractor shall conduct retrospective treatment utilization review. This review will require the Contractor (DBM) to establish benchmarks for procedures that are prone to fraud or abuse but, don't require prior authorization. Examples would include pulpotomies, stainless steel crowns or any other dental procedure highlighted by CMS, TennCare or identified by the DBM as prone to fraud and abuse. The DBM will evaluate the dental provider's treatment practice as compared with other in-network providers performing similar procedures based on provider specialty and identify those whose treatment utilization pattern deviates significantly from their peer's norm. The process will incorporate basic provider profiling, test edits, and Statistical Process Controls (SPC). SPC is a methodology of evaluating normal statistical variability or "noise" within any type of process. Normally the statistical limits are set at plus or minus three standard deviations so that any determination outside of these upper and lower control limits is expected to be a significant deviation from the network group being measured. Benchmarking analysis is mandatory as outlined above, and must be provided to TennCare upon request. All outlier reports will be submitted to TennCare quarterly through the Office of Program Integrity. If the type of finding elicited in the retrospective treatment utilization review process necessitates chart audit of a dental provider, then the Contractor will draw a statistically valid random sample (SVRS) of dental records, utilizing a ninety five percent (95%) confidence interval consistent with US DHHS convention, specific to the procedure(s) where the provider is an outlier compared with the benchmark. The Contractor, utilizing dental expert(s) will

perform an initial chart audit of the entire SVRS sample. If the initial audit findings reveal evidence of fraud, abuse, non-compliance with medical necessity criteria or quality of care issues then the Contractor is required by this contract to present a convenience sample of at least 10% of the findings to be reviewed by its Provider Peer Review Committee for the purpose of agreement between reviewers. Utilization review by the Provider Peer Review Committee, must be conducted in a blinded manner.

The Contractor's Provider Peer Review Committee shall be made up of licensed Tennessee dentists in good standing with the Tennessee Board of Dentistry. Committee members must be familiar with the TennCare dental program, The Contractor shall provide each member of its Provider Peer Review Committee with a copy of TennCare's Medicaid Rules, TennCare's Medical Necessity Rules as well as, the medical necessity guidelines presented in the Provider Office Reference Manual. The Contractor shall also provide orientation and medical necessity training for every member who serves on its Peer Review Committee before members are permitted to review case files. Section A.117 of this contract describes the DBM's Provider Peer Review Committee. This committee will review the case files generated by the utilization review process. The Provider Peer Review Committee is required to determine if they agree or disagree with the findings presented at each meeting and establish in writing its consensus findings and recommendations. After the Tennessee Peer Review Committee has completed its review and established written findings and recommendations, these are forwarded back to the Contractor for careful consideration and appropriate formal action. The Contractor shall forward to the TennCare Dental Director and Office of Program Integrity, a quarterly update including a summary of its investigations, Provider Peer Review Consensus findings and recommendations as well as, all formal actions taken.

- a. The Contractor's utilization review process intervention includes various options that safeguard children, improve quality of care, assure fiscal viability of the program and comport with TennCare's mission. These options include issuance of written corrective action plans, documentation of provider and staff education, recoupment of provider payments or any combination of these actions. Additionally, in accordance with its Provider Service Agreement, the Contractor may also choose to exercise its prerogative to terminate a dental provider with or without cause with thirty (30) days notice.
- b. Utilization review of dental procedures, not requiring prior authorization which demonstrate that a provider is not adhering to TennCare's medical necessity criteria in the provision of a procedure(s), will necessitate that the Contractor initiate written corrective action for that provider which may include, but is not limited to, the following:
  1. Provider and staff education;
  2. Prior authorization for that procedure(s) and,
  3. Second opinion by a Contractor-designated dentist in cases involving "extensive" treatment plans and/or in cases where the dentist is requesting treatment in a medical facility (hospital operating room or ambulatory treatment center).

The Contractor shall ensure access to services for emergent and urgent dental and oral conditions or injuries on the basis of the professional judgment of the enrollee's treating dentist, other dental professional, primary care provider or a triage nurse who is trained in dental care and oral health care.

- a. The Contractor may not deny payment for treatment obtained when a representative of the Contractor instructs the eligible enrollee (under age 21) to seek emergency services as defined in 42 § CFR 438.114 (a) and must cover and pay for emergency services regardless of whether the provider that furnishes the service has a contract with the Contractor. Under the terms of this Contract and the TennCare MCO Contractor Risk Agreement, the MCO is responsible for the provision of treatment for emergency medical

conditions and is also responsible for the facilities and physician charges for dental services provided in a hospital emergency room.

- b. The Contractor may not deny payment for treatment obtained when an eligible enrollee (under age 21) had an emergency medical condition, where it is the Contractor's responsibility to pay, including cases in which the absence of immediate medical attention would not have had the outcomes specified in 42 § CFR 438.114 (a) of the definition of emergency medical conditions. Under the terms of this Contract and the TennCare MCO Contractor Risk Agreement, the MCO is responsible for the provision of treatment for emergency medical conditions and is also responsible for the facilities and physician charges for dental services provided in a hospital emergency room.
- A.37. Continuity of Care. The Contractor shall accept claims and authorize reimbursement for Covered Services that were approved or were part of a course of treatment that started prior to the Effective Date of this Contract.
- A.38. Referral Requirements. A patient must be referred by a general dentist or pediatric dentist to a dental specialist (e.g., endodontist, oral surgeon, orthodontist, periodontist, prosthodontist) for the initial visit for services requiring specialized expertise. Subsequent visits to the same specialist in a course of treatment do not require separate referrals. The Contractor shall:
- a. provide for a second opinion from a qualified health care professional within the network, or arrange for the ability of the enrollee to obtain one outside the network, at no cost to the enrollee, and
  - b. have a mechanism in place to allow special needs enrollees and enrollees determined to require an ongoing course of treatment direct access to specialists as appropriate.

#### CARE COORDINATION

- A.39. Transition Period. In the event a TennCare enrollee is receiving medically necessary covered dental services the day before the effective date of this Contract, the Contractor shall authorize the continuation of said services without any form or prior approval and regardless of whether the services are being provided by a provider within or outside the Contractor's provider network. In order to ensure uninterrupted service delivery, the Contractor shall accept authorization files from the previous DBM and/or TennCare as directed to identify enrollees for whom prior approvals were issued prior to the effective date of this Contract. To the extent that the approvals are for covered services and are within the parameters of the TennCare approved policies and procedures for prior approvals as outlined in Section A.33 of this Contract, the Contractor will accept and honor those prior approvals for the first ninety days of this Contract. The Contractor shall coordinate with the previous DBM so that dental inquiries received after January 1, 2014 are redirected to the Contractor.
- A.40. Coordination Between MCO and Contractor (DBM). The provision of Dental services are the responsibility of the Contractor, however, the provision of transportation to and from said services as well as the medical and anesthesia services related to the dental service (with the exception of anesthesia services administered by a dental provider or in a dentist office) shall remain with the MCO. The Contractor shall remain responsible for anesthesia services that are appropriately provided by a dental provider or in a dentist's office. The Contractor shall agree to coordinate dental and medical services in accordance with the following provisions. The Contractor shall be responsible for: (1) authorizing dental services for which they have the responsibility to pay; and (2) arranging services that are not covered under this Contract to be provided, when appropriate, with providers that are contracted in the MCO's plan. The MCO shall be responsible for authorizing said services that require transportation, anesthesia (with the exception of anesthesia services administered by a dental provider or in a dentist office), and/or medical services related to the

dental service; however, the MCO may waive authorization of said services based on authorization of the dental services by the Contractor. The Contractor and the MCO may develop policies and procedures to further clarify responsibilities of the DBM and the MCO such as obtaining and sharing medical/pediatric information to identify nutritional deficiencies and speech and hearing evaluations to identify speech pathology amenable to orthodontics. TennCare will work to facilitate implementation of said policies and procedures.

- a. **Services and Responsibilities - Coordination of dental services, shall at a minimum, include:**
  1. Means for referral which assures immediate access for emergency care and a provision of urgent and routine care according to TennCare guidelines;
  2. Means for the transfer of information (to include items before and after the visit);
  3. Maintenance of confidentiality;
  4. Cooperation with the MCO regarding training activities provided by the MCO.
  5. Results of any identification and assessment of any enrollee with special health care needs (as defined by the State) so that those activities need not be duplicated;
  6. Mechanisms to assess each Medicaid enrollee identified as having special health care needs in order to identify any ongoing special conditions of the enrollee that require a course of treatment or regular care monitoring. The assessment mechanisms must use appropriate health care professionals, and
  7. If applicable, the development of treatment plans for enrollees with special health care needs that are developed by the enrollee's primary care provider with enrollee participation and in consultation with any specialists caring for the enrollee. These treatment plans must be approved by the Contractor in a timely manner, if approval is required, and be in accord with any applicable State quality assurance and utilization review standards.
  
- b. **Coordination Processes - Coordinating the delivery of dental services to TennCare enrollees is the primary responsibility of the Contractor. To ensure such coordination, the Contractor shall identify a staff member to serve as lead for coordination of services with each MCO and shall notify the respective MCOs, and the Bureau of TennCare of the name, title, telephone number and other means of communicating with that coordinator. The Contractor shall be responsible for communicating the MCO provider services and/or claim coordinator contact information to all of its providers. With respect to specific enrollee services, resolution of problems shall be carried out between the MCO coordinator and the DBM coordinator. Should systemic issues arise, the MCO and the Contractor agree to meet and resolve these issues. In the event that such issues cannot be resolved, the MCO and the Contractor shall meet with TennCare to reach final resolution of matters involved. Final resolution of system issues shall occur within ninety (90) days from referral to TennCare.**
  
- c. **Resolution of Requests for Authorization - The Contractor agrees and recognizes that the MCO shall agree through its contractual arrangement with the State, that any dispute concerning which party should respond to a request for prior authorization shall not cause a denial, delay, reduction, termination or suspension of any appropriate service to a TennCare enrollee. DBM and MCO agree that Care Coordinators will, in addition to their responsibilities for care coordination, deal with issues related to requests for authorization which require coordination between DBM and MCO. The DBM and MCO shall provide the other party with a list of its Care Coordinators and telephone number(s) at which each Care Coordinator may be contacted. When either party receives a request for authorization from a provider for a enrollee and the party believes care is the responsibility of the other party, the Care Coordinator for the receiving party will contact the respective Care Coordinator of the other party by the next business day after receiving the request for prior authorization. The receiving party shall respond with an**

acknowledgement of receipt of the authorization request to the enrollee or enrollee's provider on routine requests within fourteen (14) days or less of the provider's request for prior authorization. The receiving party shall respond to the provider's prior authorization request immediately after receiving the request for prior authorization for urgent requests. Requests for urgent prior authorization will be evaluated by the receiving party. The Contractor and the MCO shall establish a coordination committee to address all issues of care coordination. The committee will review disputes regarding clinical care and provide a clinical resolution to the dispute, subject to the terms of this Contract. The parties shall attempt in good faith to resolve any dispute and communicate the decision to the provider requesting authorization of a service. In the event the parties cannot agree within fifteen (15) days of the provider's request for prior authorization, the party who first received the request from the provider will be responsible for authorization and payment to their contracted provider within the time frames designated by the Bureau of TennCare. Both parties are responsible for enforcing hold harmless protection for the enrollee. The parties agree that any response to a request for authorization shall not exceed fourteen (14) days and shall comply with the Grier Revised Consent Decree (modified) and the TennCare Rules.

d. Claim Resolution Authorization

1. The Contractor agrees and recognizes that the MCO shall agree through its contractual arrangement with the State, to designate one or more Claim Coordinators to deal with issues related to claims and payment issues that require coordination between the Contractor and MCO (parties). The Contractor and MCO shall provide the other party, and TennCare with a list of its Claim Coordinators and telephone number(s) at which each Claim Coordinator may be contacted.
2. When either party receives a disputed claim for payment from a provider for an enrollee and the party believes care is the responsibility of the other party, the Claims Coordinator for that party will contact the respective Claims Coordinator of the other party within four (4) business days of receiving such claim for payment. If the Claims Coordinators are unable to reach agreement on which party is responsible for payment of the claim, the claim shall be referred to the Claims Coordination Committee for review.
3. The Contractor and the MCO shall establish a Claim Coordination Committee made up of Claims Coordinators and other representatives, as needed, from each party. The number of members serving on the Claim Coordination Committee shall be determined by the mutual agreement of the parties from time to time during the term of this Contract, or, if the parties fail to agree within ten (10) calendar days of the execution of this Contract, the Claim Coordination Committee shall consist of two (2) representatives of each party. The Claim Coordination Committee shall review any disputes and negotiate responsibility among the parties. Unless otherwise agreed, such meeting shall take place within ten (10) calendar days of receipt of the initial disputed claim or request from the provider. If resolution of the claim results in the party who assumed responsibility for authorization and payment having no liability, the other party will reimburse and abide by the prior decisions of that party. Reimbursement will be made within ten (10) business days of the Claim Coordination Committee's decision.
4. If the Claim Coordination Committee cannot reach an agreement as to the proper division of financial responsibility within ten (10) business days of the initial referral to the Claim Coordination Committee, said claim shall be referred to the

Chief Executive Officers (CEO) or the CEO's designee, of both the Contractor and the MCO for resolution immediately. A meeting shall be held among the Chief Executive Officers or their designee(s), of the parties within ten (10) calendar days after the meeting of the Claims Coordination Committee, unless the parties agree to meet sooner.

5. If the meeting between the CEOs, or their designee(s), of the Contractor and the MCO does not successfully resolve the dispute within ten (10) days, the parties shall, within fourteen (14) days after the meeting among the CEOs or their designee(s), submit a request for resolution of the dispute to the State or the State's designee for a decision on responsibility after the service has been delivered.
6. The process as described above shall be completed within thirty (30) days of receiving the claim for payment. In the event the parties cannot agree within thirty (30) days of receiving the claim for payment, both parties will be responsible for enforcing hold harmless protection for the member and the party who first received the request or claim from the provider will be responsible for authorization and payment to the provider within the following time frames designated by the Bureau of TennCare: claims must be processed in accordance with the requirements of the MCO's and DBM's respective Agreements with the State of Tennessee. Moreover, the party that first received the request or claim from the provider must also make written request of all requisite documentation for payment and must provide written reasons for any denial.
7. The Request for Resolution shall contain a concise description of the facts regarding the dispute, the applicable contract provisions, and position of the party making the request. A copy of the Request for Resolution shall also be delivered to the other party. The other party shall then submit a Response to the Request for Resolution within fifteen (15) calendar days of the date of the Request for Resolution. The Response shall contain the same information required of the Request for Resolution. Failure to timely file a Response or obtain an extension from the state shall be deemed a waiver of any objections to the Request for Resolution.
8. The state, or its designee, shall make a decision in writing regarding who is responsible for the payment of services within ten (10) days of the receipt of the required information. The decision may reflect a split payment responsibility that will designate specific proportions to be shared by the MCO and the DBM which shall be determined solely by the State, or its designee based on specific circumstances regarding each individual case. Within five (5) business days of receipt of the Decision, the non-successful party shall reimburse any payments made by the successful party for the services. The non-successful party shall also pay to the state, within thirty (30) calendar days of the Decision, an administrative fee equal to ten percent (10%) of the value of the claims paid, not to exceed one-thousand dollars (\$1000) for each request for resolution. The amount of the Contractor's payment responsibility shall be contained in the state's Decision. These payments may be made with reservation of rights regarding any such judicial resolution. If a party fails to pay the state for the Contractor's payment responsibility as described in this section within thirty (30) calendar days of the date of the state's Decision, the state may deduct amounts of the Contractor's payment responsibility from any current or future amount owed the party.

9. Denial, Delay, Reduction, Termination or Suspension - The parties agree that any claims payment dispute or request for authorization shall not cause a denial, delay, reduction, termination or suspension of any appropriate services to an eligible TennCare enrollee under age 21. In the event there is a claim for emergency services, the party receiving a request for authorization to treat any enrollee shall insure that the enrollee is treated immediately and payment for the claim must be approved or disapproved based on the definition of emergency medical condition specified in this Contract.
10. Emergencies - Prior authorization shall not be required for emergency services prior to stabilization. Federal law requires the emergency screenings be provided at the Emergency Department. The enrollee's MCO is responsible for payment for the screening or any medical care required to stabilize the patient. Participating providers shall be apprised of revisions to the Provider Agreement by the Contractor through written notice thirty (30) days in advance of the implementation of the new template.

There is no requirement that the Contractor enter into an agreement with a provider merely because the provider was a TennCare provider prior to the contract start date. The Contractor shall make every effort to enter into provider agreements with those entities whose practices exhibit a substantive balance between Medicaid and commercial patients. The Contractor shall make every effort to enter into provider agreements that promote the concept of a "true" dental Home" defined here as a dental practice that maintains an ongoing relationship between the dentist and the patient, inclusive of all aspects of oral health care delivered in a comprehensive, medically necessary, continuously accessible and coordinated way. There will be granted an exception to this policy discouraging use of mobile providers in the case of state or local governmental programs designed to reach specific underserved populations, i.e. school children. Nothing in this Contract requires the Contractor to enter into agreements with dental providers if the Contractor believes such agreements might adversely affect the dental provider network.

Credentialing of providers with multiple service locations - Except for public health or accredited schools of dentistry in Tennessee, no entity owning or operating multiple practice locations nor any individual provider nor group of providers operating multiple practice locations, may be credentialed by the Contractor at more than one location at the time of the initial credentialing by the Contractor. The requirement of one initial location may be waived, at the sole discretion of the Contractor, only for providers in good standing who are current TennCare providers, with a proven record of delivery of quality dental care, at the time of the Contract start date. Prior to credentialing satellite offices, the Contractor must conduct a thorough and documented site visit which takes into account the impact of the satellite on existing

TennCare dental provider network in that community. Such documentation must be made available to TennCare on request.

These agreements shall require providers to maintain all federal, state and local licenses, certifications, and permits, without restriction, required to provide quality dental services to TennCare enrollees and shall comply fully with all applicable Federal and State laws, rules, policies, court orders and regulations. All template provider agreements and revisions thereto must be approved in advance by TDCI

The Contractor shall not execute provider agreements with providers who have been excluded from participation in the Medicare and/or Medicaid programs pursuant to Sections 1128 or 1156 of the Social Security Act or who do not meet all the parameters of the credentialing process as outlined in Section A.119. The Contractor shall be responsible for arranging for the provision of services and payment of all covered services during immediate eligibility period of enrollment.
  - c. In regards to EPSDT reporting, the Contractor shall continue to only report on those children whose TennCare eligibility status is permanent, who are assigned to the DBM.
- A.131. Disenrollment. The Bureau of TennCare is responsible for the disenrollment of enrollees from the Contractor's plan. The Contractor shall not disenroll enrollees. The Contractor, may, however, provide TennCare with any information it deems appropriate for TennCare's use in making a decision regarding loss of eligibility or disenrollment of a particular Enrollee.
- a. No enrollee shall be disenrolled from a health plan for any of the following reasons: Adverse changes in the enrollee's health; Pre-existing medical conditions; High cost medical bills, a change in the enrollee's health status, or because of the enrollee's utilization of medical services, diminished mental capacity, or uncooperative or disruptive behavior resulting from his or her special needs (except when his or her continued enrollment in the plan seriously impairs the entity's ability to furnish services to either this particular enrollee or other enrollees); or Failure or refusal to pay applicable cost-sharing fees, except when TennCare has approved such disenrollment.
  - b. The Contractor's responsibility for disenrollment shall be to inform TennCare promptly when the Contractor knows or has reason to believe that an enrollee may satisfy any of the conditions for disenrollment described in TennCare policy and/or TennCare rules and regulations. Actions taken by TennCare cannot be grieved by the Contractor.

## THIRD PARTY LIABILITY

- A.132. The Contractor may not withhold payment for services provided to a enrollee if third party liability or the amount of liability cannot be determined, or payment will not be available within a reasonable time. All funds recovered from third parties will be treated as offsets to claims payments. The Contractor shall provide any information necessary to assist and shall cooperate in any manner necessary as requested by TennCare, with a Cost Recovery Vendor at such time that TennCare acquires said services.

- A.133. If the Contractor has determined that third party liability exists for part or all of the services administered directly by the Contractor the Contractor shall make reasonable efforts to recover from third party liable sources the value of services rendered. This may be accomplished through the Contractor's provider network and does not require the Contractor to directly recover from third party sources.
- A.134. If the Contractor has determined that third party liability exists for part or all of the services provided to an enrollee by a provider, the Contractor shall pay the provider only the amount, if any, by which the provider's allowable claim exceeds the amount of third party liability. Cost sharing responsibilities permitted pursuant to Section A.5 of this Contract shall not be considered third party resources for purposes of this requirement.
- A.135. The Contractor shall provide Third Party Resource (TPR) data to any provider having a claim denied by the Contractor based upon a TPR. TPR shall include subrogation recoveries. The amount of any subrogation recoveries collected by the Contractor outside of the claims processing system shall be the property of the State. On a monthly basis, the Contractor shall report to the State the amount of any subrogation recoveries collected outside the claims processing system received during the previous month. The next remittance request subsequent to this monthly report shall be reduced by the value of the subrogation recoveries reported.

**PROVIDER PAYMENT**

- A.136. Dental Service Payments. The Contractor shall not be considered to be at financial risk for the provision of covered benefits to enrollees. The Contractor shall prepare checks for payment on at least a weekly basis, unless an alternative payment schedule is approved by TennCare. The Contractor shall notify the State of the amount to be paid in a mutually acceptable form and substance at least forty-eight (48) hours in advance of distribution of provider checks. The State shall release funds in the amount to be paid to the providers to the Contractor. Funds shall be released within forty-eight (48) hours of receipt of notice. In turn, the Contractor shall release payments to providers within twenty-four (24) hours or receipt of funds from the State.
- A.137. Interest. Interest generated from the deposit of funds for provider payments shall be the property of the State. The amount of interest earned on the funds, as reported by the Contractor's bank on the monthly statement, shall be deducted from the amount of the next remittance request subsequent to receipt of the bank statement.
- A.138. Subrogation Recoveries. The amount of provider payments shall be the net of third party recoveries captured on the Contractor's claims processing system prior to notification of TennCare of the amount to be paid. The amount of any subrogation recoveries collected by the Contractor outside of the claims processing system shall be the property of the State. On a monthly basis, the Contractor shall report to the State the amount of any subrogation recoveries collected outside the claims processing system during the previous month. The next remittance request subsequent to this monthly report shall be reduced by the value of the subrogation recoveries reported.
- A.139. Service Dates. Except where required by this Contract with TennCare or by applicable federal or state law, rule or regulation, the Contractor shall not make payment for the cost of any medical care provided prior to the effective date of eligibility in the Contractor's plan. The Contractor shall make payment for the cost of any covered services obtained on or after 12:01 a.m. on the effective date of eligibility in the Contractor's plan.
- A.140. Covered Services. The State shall only assume responsibility for payment of providers for the provision of covered services as specified in Section A.4 of this Contract and payment of providers or enrollees in response to a directive from TennCare or an Administrative Law Judge. Otherwise, in the event the Contractor makes payment for a non-covered service, the State shall

not be responsible for the payment of said service. Payments for covered services specified shall not include payment for enrollee cost-sharing amounts. Payments for non-medically necessary services are considered to be payments for non-covered services under this section. The State may recoup funds paid by Contractor for non-covered or not medically necessary from the Contractor.

- A.141. Allowable Rates. TennCare has established and maintained the Provider Reimbursement Fee Schedule for this Contract by which all claims are paid. The Fee Schedule can be accessed at <http://www.tn.gov/tenncare/forms/RFP%2031365-00355%20Fee%20Schedule.pdf>. All dentists and dental specialists will be reimbursed on a fee-for-service basis where one maximum allowable dental fee schedule for all providers is used. The provider will be reimbursed at the lesser of billed charges or the maximum allowable fee listed in the approved dental fee schedule. The Contractor shall not deviate from the approved reimbursement rates, unless TennCare provides written permission to do so.

### RISK SHARING REQUIREMENTS

- A.142. The Contractor shall operate as a partial risk-bearing entity for dental services with shared savings and losses as described below. The Contractor must notify the State of any person or corporation that has 5% or more ownership or controlling interest in the entity and such person or corporation must submit financial statements. The Contractor, unless a Federally Qualified HMO, must provide assurances satisfactory to the State showing that its provision against the risk of insolvency is adequate to ensure that its Medicaid enrollees will not be liable for the debts if the entity becomes insolvent.
- a. Risk sharing calculations are influenced by three variables: annual service expenditures, annual dental participation ratio (Refer to Attachment E for a description and calculation of the annual dental participation ratio), and percentage risk level chosen by the DBM. To calculate the actual saving or loss amount, the difference between the target service expenditure baseline amount and the actual service expenditure for the period is calculated and savings or loss amounts are multiplied by the appropriate risk level percentage chosen by the DBM. In cases, where the DBM posts a savings, this initial gross bonus payment amount is then adjusted by the participation ratio achieved for the period. This adjustment is designed to ensure that any cost savings come from better management of the program and not from a reduction in the number of enrollees receiving services. If the participation ratio achieved is three (3) or more percentage points below the established target for the period, this would disqualify the DBM from any profit sharing for that period.
  - b. There can only be profit sharing if: a) there is a savings based on the established annual target service expenditure and, b) the Contractor achieves a participation ratio above a specified minimum. The specified minimum in year one (1) is 50.6% at or below which there is no profit sharing awarded despite any savings. Profit sharing will be based upon the following formula: Actual savings achieved, multiplied by the appropriate risk sharing percentage giving the gross bonus payment amount. The gross bonus payment amount will then be reduced at a proportional rate, within a tenth of a decimal point, for each reduction in the participation ratio below the target established. This proportional rate adjustment is called the adjustment factor. The adjustment factor is then applied to the gross savings bonus amount to yield the actual bonus payment amount. Refer to Tables 1 below for sample calculation under this process. There is an upper and lower limit of \$8 million per year in the amount of savings bonuses earned or loss payments made by the contractor.
  - c. An initial target service expenditure baseline will be established by TennCare based on historical trends. Appropriate adjustments to year one (1) target service expenditure

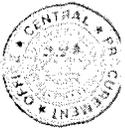

baseline will be made if there are changes to the fee schedule, significant changes to enrollment, or TennCare directed changes to the medical necessity guidelines during the year. In year two (2) and in year three (3) the annual target service expenditure will be adjusted based on the target participation ratio, the prevailing fee schedule, overall utilization patterns, enrollment changes and other budgetary factors. Both the target service expenditure rate and the target participation ratio will be released to the Contractor no later than thirty (30) days after commencement of the fiscal year.

The Contractor will not be penalized for budget overruns, where the increase above target service expenditure amount is also accompanied by a participation ratio which also exceeds the target ratio and the service expenditure is attributable to the participation ratio achieved. Nevertheless, because this scenario does not meet the goal of budget predictability and there is no savings, there will be no bonus sharing either.

- d. The Contractor must meet one of the following licensure requirements to operate as a risk bearing entity.
1. Dental Service Plan – licensed pursuant to TCA Title 56, Chapter 30;
  2. Prepaid Limited Health Service Organization – licensed pursuant to TCA Title 56, Chapter 51;
  3. Insurance Company – licensed pursuant to TCA Title 56, Chapter 2;
  4. Hospital and Medical Service Corporation – licensed pursuant to TCA Title 56, Chapter 29, or
  5. Health Maintenance Organization – licensed pursuant to TCA Title 56, Chapter 32.

E.3. Subject to Funds Availability. The Contract is subject to the appropriation and availability of State and/or Federal funds. In the event that the funds are not appropriated or are otherwise unavailable, the State reserves the right to terminate the Contract upon written notice to the Contractor. Said termination shall not be deemed a breach of Contract by the State. Upon receipt of the written notice, the Contractor shall cease all work associated with the Contract. Should such an event occur, the Contractor shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.

E.4. Breach. A party shall be deemed to have breached the Contract if any of the following occurs:

- failure to perform in accordance with any term or provision of the Contract;
- partial performance of any term or provision of the Contract;
- any act prohibited or restricted by the Contract, or
- violation of any warranty.

For purposes of this Contract, these items shall hereinafter be referred to as a "Breach."

a. Contractor Breach— The State shall notify Contractor in writing of a Breach.

- (1) In event of a Breach by Contractor, the State shall have available the remedy of Actual Damages and any other remedy available at law or equity.
- (2) Liquidated Damages— In the event of a Breach, the State may assess Liquidated Damages. The State shall notify the Contractor of amounts to be assessed as Liquidated Damages. The parties agree that due to the complicated nature of the Contractor's obligations under this Contract it would be difficult to specifically designate a monetary amount for a Breach by Contractor as said amounts are likely to be uncertain and not easily proven. Contractor hereby represents and covenants it has carefully reviewed the Liquidated Damages contained in above referenced, Attachment B and agree that said amounts represent a reasonable relationship between the amount and what might reasonably be expected in the event of Breach, and are a reasonable estimate of the damages that would occur from a Breach. It is hereby agreed between the parties that the Liquidated Damages represent solely the damages and injuries sustained by the State in losing the benefit of the bargain with Contractor and do not include any injury or damage sustained by a third party. The Contractor agrees that the liquidated damage amount is in addition to any amounts Contractor may owe the State pursuant to the indemnity provision or other section of this Contract.

The State may continue to withhold the Liquidated Damages or a portion thereof until the Contractor cures the Breach, the State exercises its option to declare a Partial Default, or the State terminates the Contract. The State is not obligated to assess Liquidated Damages before availing itself of any other remedy. The State may choose to discontinue Liquidated Damages and avail itself of any other remedy available under this Contract or at law or equity; provided, however, Contractor shall receive a credit for said Liquidated Damages previously withheld except in the event of a Partial Default.

- (3) Partial Default— In the event of a Breach, the State may declare a Partial Default. In which case, the State shall provide the Contractor written notice of:

(1) the date which Contractor shall terminate providing the service associated with the Breach; and (2) the date the State will begin to provide the service associated with the Breach. Notwithstanding the foregoing, the State may revise the time periods contained in the notice written to the Contractor.

In the event the State declares a Partial Default, the State may withhold, together with any other damages associated with the Breach, from the amounts due the Contractor the greater of: (1) amounts which would be paid the Contractor to provide the defaulted service; or (2) the cost to the State of providing the defaulted service, whether said service is provided by the State or a third party. To determine the amount the Contractor is being paid for any particular service, TennCare shall be entitled to receive within five (5) days any requested material from Contractor. The State shall make the final and binding determination of said amount.

The State may assess Liquidated Damages against the Contractor for any failure to perform which ultimately results in a Partial Default with said Liquidated Damages to cease when said Partial Default is effective. Upon Partial Default, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount. Contractor agrees to cooperate fully with the State in the event a Partial Default is taken.

(4) Contract Termination— In the event of a Breach, the State may terminate the Contract immediately or in stages. The Contractor shall be notified of the termination in writing by the State. Said notice shall hereinafter be referred to as Termination Notice. The Termination Notice may specify either that the termination is to be effective immediately, on a date certain in the future, or that the Contractor shall cease operations under this Contract in stages. In the event of a termination, the State may withhold any amounts which may be due Contractor without waiver of any other remedy or damages available to the State at law or at equity. The Contractor shall be liable to the State for any and all damages incurred by the State and any and all expenses incurred by the State which exceed the amount the State would have paid Contractor under this Contract. Contractor agrees to cooperate with the State in the event of a Contract Termination or Partial Takeover.

b. State Breach— In the event of a Breach of Contract by the State, the Contractor shall notify the State in writing within 30 days of any Breach of Contract by the State. Said notice shall contain a description of the Breach. Failure by the Contractor to provide said written notice shall operate as an absolute waiver by the Contractor of the State's Breach. In no event shall any Breach on the part of the State excuse the Contractor from full performance under this Contract. In the event of Breach by the State, the Contractor may avail itself of any remedy at law in the forum with appropriate jurisdiction; provided, however, failure by the Contractor to give the State written notice and opportunity to cure as described herein operates as a waiver of the State's Breach. Failure by the Contractor to file a claim before the appropriate forum in Tennessee with jurisdiction to hear such claim within one (1) year of the written notice of Breach shall operate as a waiver of said claim in its entirety. It is agreed by the parties this provision establishes a contractual period of limitations for any claim brought by the Contractor.

E.5. Tennessee Consolidated Retirement System. The Contractor acknowledges and understands that, subject to statutory exceptions contained in *Tennessee Code Annotated*, Section 8-36-801, *et. seq.*, the law governing the Tennessee Consolidated Retirement System (TCRS), provides that if a retired member of TCRS, or of any superseded system administered by TCRS, or of any local retirement fund established pursuant to *Tennessee Code Annotated*, Title 8, Chapter 35,

Part 3 accepts state employment, the member's retirement allowance is suspended during the period of the employment. Accordingly and notwithstanding any provision of this Contract to the contrary, the Contractor agrees that if it is later determined that the true nature of the working relationship between the Contractor and the State under this Contract is that of "employee/employer" and not that of an independent contractor, the Contractor, if a retired member of TCRS, may be required to repay to TCRS the amount of retirement benefits the Contractor received from TCRS during the period of this Contract.

- E.6. Confidentiality of Records. Strict standards of confidentiality of records and information shall be maintained in accordance with applicable state and federal law. All material and information, regardless of form, medium or method of communication, provided to the Contractor by the State or acquired by the Contractor on behalf of the State shall be regarded as confidential information in accordance with the provisions of applicable state and federal law, state and federal rules and regulations, departmental policy, and ethical standards. Such confidential information shall not be disclosed, and all necessary steps shall be taken by the Contractor to safeguard the confidentiality of such material or information in conformance with applicable state and federal law, state and federal rules and regulations, departmental policy, and ethical standards.

The Contractor's obligations under this section do not apply to information in the public domain; entering the public domain but not from a breach by the Contractor of this Contract; previously possessed by the Contractor without written obligations to the State to protect it; acquired by the Contractor without written restrictions against disclosure from a third party which, to the Contractor's knowledge, is free to disclose the information; independently developed by the Contractor without the use of the State's information; or, disclosed by the State to others without restrictions against disclosure. Nothing in this paragraph shall permit Contractor to disclose any information that is confidential under federal or state law or regulations, regardless of whether it has been disclosed or made available to the Contractor due to intentional or negligent actions or inactions of agents of the State or third parties.

It is expressly understood and agreed the obligations set forth in this section shall survive the termination of this Contract.

- E.7. HIPAA and HITECH Compliance. The State and Contractor shall comply with obligations under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and Health Information Technology for Economic and Clinical Health Act (HITECH) under the American Recovery and Reinvestment Act of 2009 (ARRA) and their accompanying regulations, and as amended.

Contractor warrants to the State that it is familiar with the requirements of HIPAA and HITECH and their accompanying regulations, and shall comply with all applicable HIPAA and HITECH requirements in the course of this Contract including but not limited to the following:

1. Compliance with the Privacy Rule, Security Rule, Notification Rule;
2. The creation of and adherence to sufficient Privacy and Security Safeguards and Policies;
3. Timely Reporting of Violations in the Access, Use and Disclosure of PHI; and
4. Timely Reporting of Privacy and/or Security Incidents.

The Contractor warrants that it shall cooperate with the State, including cooperation and coordination with State privacy officials and other compliance officers required by HIPAA and HITECH and their accompanying regulations, in the course of performance of the Contract so that both parties will be in compliance with HIPAA and HITECH.

The State and the Contractor shall sign documents, including but not limited to business associate agreements, as required by HIPAA and HITECH and that are reasonably necessary to keep the State and Contractor in compliance with HIPAA and HITECH.

- E.8. As a party to this Contract, the Contractor hereby acknowledges its designation as a covered entity and/or business associate under the HIPAA regulations and agrees to comply with all applicable HIPAA and HITECH (hereinafter "HIPAA/HITECH") regulations. In accordance with HIPAA/HITECH regulations, the Contractor shall, at a minimum:
- a. Comply with requirements of the Health Insurance Portability and Accountability Act of 1996 and the Health Information Technology for Economic and Clinical Health Act of 2009 (HITECH), including, but not limited to, the transactions and code sets, privacy, security, and identifier regulations, by their designated compliance dates. Compliance includes meeting all required transaction formats and code sets with the specified data sharing agreements required under the regulations;
  - b. Transmit/receive from/to its providers, subcontractors, clearinghouses and TennCare all transactions and code sets required by the HIPAA/HITECH regulations in the appropriate standard formats, utilizing appropriate and adequate safeguards, as specified under the law and as directed by TennCare so long as TennCare direction does not conflict with the law;
  - c. Agree that if it is not in compliance with all applicable standards defined within the transactions and code sets, privacy, security and all subsequent HIPAA/HITECH standards, that it will be in breach of this Contract and will then take all reasonable steps to cure the breach or end the violation as applicable. Since inability to meet the transactions and code sets requirements, as well as the privacy and security requirements can bring basic business practices between TennCare and the Contractor and between the Contractor and its providers and/or subcontractors to a halt, if for any reason the Contractor cannot meet the requirements of this Section, TennCare may terminate this Contract in accordance with the Business Associate Agreement ancillary to this Contract;
  - d. Ensure that Protected Health Information (PHI) exchanged between the Contractor and TennCare is used only for the purposes of treatment, payment, or health care operations and health oversight and its related functions. All PHI not transmitted for these purposes or for purposes allowed under the federal HIPAA/HITECH regulations shall be de-identified to secure and protect the individual enrollee's PHI;
  - e. Report to TennCare's Privacy Office immediately upon becoming aware of any use or disclosure of PHI in violation of this Contract by the Contractor, its officers, directors, employees, subcontractors or agents or by a third party to which the Contractor disclosed PHI;
  - f. Specify in its agreements with any agent or subcontractor that will have access to PHI that such agent or subcontractor agrees to be bound by the same restrictions, terms and conditions that apply to the Contractor pursuant to this Section;
  - g. Make available to TennCare enrollees the right to amend their PHI in accordance with the federal HIPAA regulations. The Contractor shall also send information to enrollees educating them of their rights and necessary steps in this regard;
  - h. Make an enrollee's PHI accessible to TennCare immediately upon request by TennCare;
  - i. Make its internal policies and procedures, records and other documentation related to the use and disclosure of PHI available to the U.S. Secretary of Health and Human Services

for the purposes of determining compliance with the HIPAA/HITECH regulations upon request;

- j. Create and adopt policies and procedures to periodically audit adherence to all HIPAA/HITECH regulations, and for which Contractor acknowledges and promises to perform, including but not limited to, the following obligations and actions:
- k. Agree to ensure that any agent, including a subcontractor, to whom it provides PHI that was created, received, maintained, or transmitted on behalf of TennCare agrees to use reasonable and appropriate safeguards to protect the PHI.
- l. If feasible, return or destroy all PHI, in whatever form or medium (including any electronic medium) and all copies of any data or compilations derived from and allowing identification of any individual who is a subject of that PHI upon termination, cancellation, expiration or other conclusion of the Agreement, and in accordance with this Section of this Contract. The Contractor shall complete such return or destruction as promptly as possible, but not later than thirty (30) days after the effective date of the termination, cancellation, expiration or other conclusion of the Agreement. The Contractor shall identify any PHI that cannot feasibly be returned or destroyed. Within such thirty (30) days after the effective date of the termination, cancellation, expiration or other conclusion of the Agreement, the Contractor shall: (1) certify on oath in writing that such return or destruction has been completed; (2) identify any PHI which cannot feasibly be returned or destroyed; and (3) certify that it will only use or disclose such PHI for those purposes that make its return or destruction infeasible;
- m. Implement all appropriate administrative, physical and technical safeguards to prevent the use or disclosure of PHI other than pursuant to the terms and conditions of this Contract and, including, but not limited to, privacy, security and confidentiality requirements in 45 CFR Parts 160 and 164;
- n. Set up appropriate mechanisms to limit use or disclosure of PHI to the minimum necessary to accomplish the intended purpose of the use or disclosure;
- o. Create and implement policies and procedures to address present and future HIPAA/HITECH regulatory requirements as needed, including, but not limited to: use and disclosure of data; de-identification of data; minimum necessary access; accounting of disclosures; enrollee's right to amend, access, request restrictions; notice of privacy practices and right to file a complaint;
- p. Provide an appropriate level of training to its staff and employees regarding HIPAA/HITECH-related policies, procedures, enrollee rights and penalties prior to the HIPAA/HITECH implementation deadlines and at appropriate intervals thereafter;
- q. Track training of Contractor staff and employees and maintain signed acknowledgements by staff and employees of the Contractor's HIPAA/HITECH policies;
- r. Be allowed to use and receive information from TennCare where necessary for the management and administration of this Contract and to carry out business operations where permitted under the regulations;
- s. Be permitted to use and disclose PHI for the Contractor's own legal responsibilities;
- t. Adopt the appropriate procedures and access safeguards to restrict and regulate access to and use by Contractor employees and other persons performing work for the Contractor to have only minimum necessary access to PHI and personally identifiable data within their organization;

- u. Continue to protect and secure PHI AND personally identifiable information relating to enrollees who are deceased;
- v. Be responsible for informing its enrollees of their privacy rights in the manner specified under the regulations;

The Contractor shall track all security incidents as defined by HIPAA/HITECH, and, as required by the HIPAA/HITECH Reports. The Contractor shall periodically report in summary fashion such security incidents.

- E.9. TennCare and the Contractor are "information holders" as defined in TCA 47-18-2107. In the event of a breach of the security of Contractor's information system, as defined by TCA 47-18-2107, the Contractor shall indemnify and hold TennCare harmless for expenses and/or damages related to the breach. Such obligations shall include, but not be limited to, mailing notifications to affected enrollees. Substitute notice to written notice, as defined by TCA 47-18-2107(e)(2)and(3), shall only be permitted with TennCare's express written approval. The Contractor shall notify TennCare's Privacy Office immediately upon becoming aware of any security incident that would constitute a "breach of the security of the system" as defined in TCA 47-18-2107.
- E.10. Notification of Breach and Notification of Provisional Breach - The Contractor shall notify TennCare's Privacy Office immediately upon becoming aware of any incident, either confirmed or provisional, that represents or may represent unauthorized access, use or disclosure of encrypted or unencrypted computerized data that materially compromises the security, confidentiality, or integrity of enrollee PHI maintained or held by the Contractor, including any unauthorized acquisition of enrollee PHI by an employee or otherwise authorized user of the Contractor's system. This includes, but is not limited to, loss or suspected loss of remote computing or telework devices such as laptops, PDAs, Blackberrys or other Smartphones, USB drives, thumb drives, flash drives, CDs, and/or disks.

The State shall have royalty-free and unlimited rights and license to use, disclose, reproduce, publish, distribute, modify, maintain, or create derivative works from, for any purpose whatsoever, all said Work Products.
  - a. To the extent that the Contractor uses any of its pre-existing, proprietary or independently developed tools, materials or information ("Contractor Materials"), the Contractor shall retain all right, title and interest in and to such Contractor Materials, and the State shall acquire no right, title or interest in or to such Contractor Materials EXCEPT the

Contractor grants to the State an unlimited, non-transferable license to use, copy and distribute internally, solely for the State's internal purposes, any Contractor Materials reasonably associated with any Work Product provided under the Contract.

- b. The Contractor shall furnish such information and data as the State may request, including but not limited to computer code, that is applicable, essential, fundamental, or intrinsic to any Work Product and Contractor Materials reasonably associated with any Work Product, in accordance with this Contract and applicable state law.

It is expressly understood and agreed that the obligations set forth in this section shall survive the termination of this Contract in perpetuity.

E.16. Lobbying. The Contractor certifies, to the best of its knowledge and belief, that:

- a. No federally appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or

employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

Any Partial Takeover by the State shall not alter in any way Contractor's other obligations under this Contract. The State may withhold from amounts due the Contractor the amount the Contractor would have been paid to deliver the service as determined by the State. Upon Partial Takeover, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.

- b. The Contractor must report executive total compensation described above to the State by the end of the month during which this Contract is awarded.
- c. If this Contract is amended to extend its term, the Contractor must submit an executive total compensation report to the State by the end of the month in which the amendment to this Contract becomes effective.

Should the Contractor propose a redisclosure of said data, the Contractor must specify in writing to TennCare the data the Contractor proposes to redisclose, to whom, and the reasons that justify the redisclosure. TennCare will not give permission for such redisclosure unless the redisclosure is required by law or essential to the administration of the TennCare program.

- b. The Contractor agrees to abide by all relevant federal laws, restrictions on access, use, and disclosure, and security requirements in this Contract.
- c. The Contractor shall provide a current list of the employees of such contractor with access to SSA data and provide such lists to TennCare.
- d. The Contractor shall restrict access to the data obtained from TennCare to only those authorized employees who need such data to perform their official duties in connection with purposes identified in this Contract. The Contractor shall not further duplicate, disseminate, or disclose such data without obtaining TennCare's prior written approval.
- e. The Contractor shall ensure that its employees:
- (1) properly safeguard PHI/PII furnished by TennCare under this Contract from loss, theft or inadvertent disclosure;
  - (2) understand that they are responsible for safeguarding this information at all times, regardless of whether or not the Contractor employee is at his or her regular duty station;
  - (3) ensure that laptops and other electronic devices/ media containing PHI/PII are encrypted and/or password protected;
  - (4) send emails containing PHI/PII only if encrypted or if to and from addresses that are secure; and,
  - (5) limit disclosure of the information and details relating to a PHI/PII loss only to those with a need to know.

Contractor employees who access, use, or disclose TennCare or TennCare SSA-supplied data in a manner or purpose not authorized by this Contract may be subject to civil and criminal sanctions pursuant to applicable federal statutes.

- f. ### LIQUIDATED DAMAGES

It is acknowledged by TennCare and the Contractor that in the event of failure to meet the requirements provided in this Contract and all documents incorporated herein, TennCare will be harmed. The actual damages which TennCare will sustain in the event of and by reason of such failure are uncertain and are extremely difficult and impractical to ascertain and determine. The parties therefore acknowledge that the Contractor shall be subject to damages and/or sanctions as described below. It is further agreed that the Contractor shall pay TennCare liquidated damages as directed by TennCare and not to exceed the fixed amount as stated below; provided however, that if it is finally determined that the Contractor would have been able to meet the Contract requirements listed below but for TennCare's failure to perform as provided in this Contract, the Contractor shall not be liable for damages resulting directly therefrom.

The Contractor may dispute any Liquidated Damage assessment imposed by TennCare. If informal discussions between Contractor and TennCare fail to resolve the issue, Contractor shall have the right to file a claim with the Claims Commission to resolve the issue. Contractor shall have a period of one year, starting from the day that the TennCare sends the notice assessing the actual liquidated damages amount to file the claim. The Contractor agrees that this provision acts as a statute of limitations for a disputed liquidated damages assessment, and that failure by the Contractor to file a claim bars any further action to recover the disputed amount.

In addition to the specific liquidated damages listed below, TennCare shall have the right to assess a general liquidated damages claim of five hundred dollars (\$500) per calendar day for each day that the Contractor fails to comply with the provisions and requirements of this Contract. The damage that may be assessed shall be \$500 per calendar day for each separate failure to comply with the Contract, plus, if applicable, an additional \$500 per calendar day for each affected TennCare enrollee.

1. TennCare may impose any or all of the sanctions below upon TennCare's reasonable determination that the Contractor fails to comply with any corrective action plan (CAP) or is otherwise deficient in the performance of its obligations under the Contract, provided, however, that TennCare only impose those sanctions it determines to be appropriate for the deficiencies identified. TennCare may impose intermediate sanctions on the Contractor simultaneously with the development and implementation of a corrective action plan if the deficiencies are severe or numerous. Intermediate sanctions may include application of liquidated damages as described in Section E.4.

2. **Liquidated Damages**

#### Reports and Deliverables

For each day that a report or deliverable is late, incorrect, or deficient, the Contractor shall be liable to TennCare for liquidated damages in the amount of \$100 per business day per report or deliverable. Liquidated damages for late reports shall begin on the first day the report is late. Liquidated damages for incorrect reports (except ad hoc or on-request reports involving provider network information), or deficient deliverables shall begin on the sixteenth calendar day after notice is provided from TennCare to the Contractor that the report remains incorrect or the deliverables remain deficient; provided, however, that it is reasonable to correct the report or deliverable within fifteen (15) calendar days. For the purposes of ad hoc or on-request reports involving provider network information, liquidated damages for incorrect reports shall begin on the first day the report is determined by TennCare to be incorrect. For the purposes of determining liquidated damages in accordance with this Section, reports or deliverables are due in accordance with the following schedule, unless otherwise specified elsewhere in this Contract:

<u>DELIVERABLES</u>	<u>DATE AGREED UPON BY THE PARTIES</u>
Monthly Reports	Thirty (30) days after the end of each calendar month unless otherwise specified. See Attachment C.
Quarterly Reports,	Thirty (30) days after the end of each calendar quarter unless otherwise specified. See Attachment C.
Annual Reports	Ninety (90) days after the end of the calendar year, unless otherwise specified. See Attachment C.

Ad Hoc Reports	Within ten (10) business days from the date of the request when reasonable unless otherwise specified by TennCare.
Progress Reports	As Requested
Requests for Information (RFIs)	As Requested

**Program Issues**

Liquidated damages for failure to perform specific responsibilities as described in this Contract are shown below. Damages are grouped into three categories: **Class A** violations, **Class B** violations and **Class C** violations.

**Class A** violations are those which pose a significant threat to patient care or to the continued viability of the TennCare program.

**Class B** violations are those which pose threats to the integrity of the TennCare program, but which do not necessarily imperil patient care.
