**1640-01-22-.08 CALCULATION OF POSTSECONDARY CUMULATIVE GRADE POINT AVERAGE.**

- (1) The postsecondary cumulative grade point average used to determine eligibility for a renewal of a Helping Heroes Grant must be calculated by the institution the student is attending, utilizing its institutional grading policy.
- (2) All credit hours attempted as a recipient of this grant must be included in the calculation of the postsecondary cumulative grade point average, regardless of whether the receiving institution will apply the credit hours toward the student's degree requirements.
- (3) Credit hours earned by examination are not eligible for payment with this grant and shall not be included in the postsecondary cumulative grade point average.
- (4) Remedial and developmental studies and independent studies courses are eligible for payment with this grant and shall be included in the calculation of the postsecondary cumulative grade point average.
- (5) Courses in which a student enrolls as an audit student for which no college credit will be received cannot be paid with this grant.
- (6) Continuing education courses are not eligible for payment with the Helping Heroes Grant and shall not be included in the postsecondary cumulative grade point average.
- (7) A student who obtains a grade change shall notify the financial aid office within thirty (30) calendar days of the grade change and request reinstatement of his or her award on a form developed by the institution for this purpose. If the grade change makes the student eligible for a Helping Heroes Grant, the student can be awarded the grant retroactively in the current award year. If the grade change affects the student's eligibility from the previous award year, the grant may be adjusted in the current award year. The eligible postsecondary institution shall make necessary

(Rule 1640-01-22-.08, continued)

reductions in the student's financial aid package if the reinstatement of a Helping Heroes Grant results in either an over-award of need based aid or exceeds the institution's cost of attendance for any semester. If the student's application for reinstatement is denied, he or she may appeal the decision in accordance with Rule 1640-01-22-.11.

- (8) A student enrolled at an eligible postsecondary institution shall qualify for a Helping Heroes Grant for distance education courses if all other eligibility requirements are met. Students may take courses through more than one eligible postsecondary institution during the same semester. Payment for the distance education courses shall be made in the same manner as transient students as provided in Rule 1640-01-22-.10.
- (9) A student enrolled in a matriculating status at an eligible postsecondary institution may qualify for a Helping Heroes Grant while participating in an internship or co-op program if the student receives college credit from the internship or co-op experience and must pay tuition and fees. The semester hours shall be included in the postsecondary cumulative grade point average.
- (10) A student enrolled in a matriculating status at an eligible postsecondary institution may qualify for a Helping Heroes Grant while participating in an alternative study or study abroad program if all other eligibility requirements are met. The eligible postsecondary institution which is the student's home institution must approve the alternative study or study abroad program for credit toward the student's degree and the number of hours that will be applied toward the degree prior to the student's departure.
- (11) Courses that appear on a student's transcript as an "incomplete" shall be considered credit hours attempted. The student's Helping Heroes Grant eligibility, however, shall be determined by excluding the credit hours attributable to the course for which an "incomplete" has been assigned from the cumulative grade point average calculation.
  - (a) If the student fails to retain eligibility for a Helping Heroes Grant as a result of the calculation, but later becomes eligible when the grade for the "incomplete" course is reported, the student is eligible to receive the grant retroactively within the award year and shall retain eligibility. Retroactive grants for previous award years shall be added to the current award year. The eligible postsecondary institution shall, however, make necessary reductions in the student's financial aid package if the reinstatement of a Helping Heroes Grant results in either an over-award of need based aid or exceeds the institution's cost of attendance for any semester. It shall be the responsibility of the student to notify the financial aid office at the eligible postsecondary institution that a grade has been awarded and request that the grant be reinstated. Each eligible postsecondary institution shall develop a standard form for use by students to comply with this provision. If the student's application for reinstatement is denied, he or she may appeal the decision in accordance with Rule 1640-01-22-.11.
  - (b) If the student retains eligibility for a grant as a result of the calculation, but later becomes ineligible when the grade for the "incomplete" course is reported as a failing grade, then the student shall be ineligible for all grant awards. Additionally, the student shall reimburse the institution for the grant awards received in the interim.

(Rule 1640-01-22-.08, continued)

- (12) If the student is otherwise eligible to receive a grant, but does not receive grant funding, or grant funding is reduced because his or her cost of attendance is covered by other aid, the student shall remain eligible for the grant if all other academic and non-academic requirements continue to be met.

**Authority:** T.C.A. §§ 49-4-201, 49-4-902, 49-4-924, and 49-4-938. **Administrative History:** Public necessity rule filed October 23, 2008; effective through April 6, 2009. Original rule filed January 30, 2009; effective May 29, 2009.

#### **1640-01-22-.09 TRANSFER STUDENTS.**

- (1) A student receiving a Helping Heroes Grant shall continue receiving the grant at another eligible postsecondary institution so long as continuation requirements are met and the student is enrolled in at least six (6) semester hours.

**Authority:** T.C.A. §§ 49-4-201, 49-4-902, 49-4-924, and 49-4-938. **Administrative History:** Public necessity rule filed October 23, 2008; effective through April 6, 2009. Original rule filed January 30, 2009; effective May 29, 2009.

#### **1640-01-22-.10 TRANSIENT STUDENTS.**

- (1) A transient student is eligible to receive a Helping Heroes Grant if all other eligibility requirements are met and if both the home and host institutions are eligible postsecondary institutions. The home institution shall award the grant to the transient student based on certification of eligibility from the host institution. The home institution shall certify to ~~the Corporation~~ **TSAC** that the student is eligible for the grant. Each eligible postsecondary institution shall develop a process to effectuate each provision of this rule and shall notify its students of the process and the availability of the necessary forms to comply with the requirements. At the end of the semester, the host institution shall provide the student's home institution with all information necessary for the home institution to determine continued grant eligibility.

**Authority:** T.C.A. §§ 49-4-201, 49-4-902, 49-4-924, and 49-4-938. **Administrative History:** Public necessity rule filed October 23, 2008; effective through April 6, 2009. Original rule filed January 30, 2009; effective May 29, 2009.

#### **1640-01-22-.11 APPEAL AND EXCEPTION PROCESS.**

- (1) Each eligible postsecondary institution shall establish an Institutional Review Panel (IRP) for the purposes of rendering a decision to deny or revoke an applicant's Helping Heroes Grant. Each eligible postsecondary institution shall establish written procedures for an applicant or recipient to appeal a decision of an eligible postsecondary institution to deny or revoke a Helping Heroes Grant. These procedures shall include, but not be limited to, the establishment and composition of the IRP and the process and timelines for appeals to the IRP. Each eligible postsecondary institution shall also establish a process to ensure students applying for or receiving a grant are notified of the procedures to appeal the denial or revocation of the grant including the timeframe within which an appeal must be filed with the TELS Award Appeals Panel. No eligible postsecondary institution official rendering a decision to deny or revoke a grant shall participate in the appeal process.

(Rule 1640-01-22-.11, continued)

for the same applicant or recipient. The IRP may award or reinstate the student's grant without a meeting and shall make such determination no later than fourteen (14) calendar days after an applicant or recipient properly files an appeal. If the IRP determines that a meeting is required, the IRP shall hear the appeal no later than fourteen (14) calendar days after an applicant or recipient properly files an appeal. Except where exigent circumstances exist, the IRP shall render a decision no later than seven (7) calendar days after meeting to consider an appeal. Such decision shall be reduced to writing and shall include a summary of the pertinent facts and issues and the panel's decision and reasons for the decision. The IRP shall provide a copy of the written decision to the appellant as soon as practicable. For the purposes of this rule, it will be presumed that the decision was delivered to the appellant two (2) calendar days after the decision was placed in the U.S. Postal Service addressed to the appellant's official mailing address according to the eligible postsecondary institution's records.

- (2) The TELS Award Appeals Panel shall be appointed by ~~the Corporation's~~ **TSAC's** Executive Director for the purpose of meeting to consider appeals from decisions rendered by the IRPs. No official of an eligible postsecondary institution shall sit as a member of the Appeals Panel where the denial or revocation being appealed involves such official's eligible postsecondary institution. A student seeking an appeal of a decision rendered by an IRP shall request an appeal, to include a written statement outlining the basis for the appeal as well as all pertinent information related to the appeal, with ~~the Corporation~~ **TSAC** within forty-five (45) calendar days from the date that the decision was delivered to the student. A complete record of the institutional IRP ruling shall be provided to ~~the Corporation~~ **TSAC** by the student. The Appeals Panel may award or reinstate the student's grant without a meeting. This decision shall be made no later than thirty (30) calendar days after an appeal is properly filed and the record from the IRP meeting is received. If the Appeals Panel determines that a meeting is required, the Appeals Panel shall consider the appeal no later than forty-five (45) calendar days after the appeal is properly filed, unless an extension is requested by the appellant and granted by the Appeals Panel. Except where exigent circumstances exist, the Appeals Panel shall render a decision no later than fourteen (14) calendar days after ruling on an appeal. Such decision shall be reduced to writing and shall include a summary of the pertinent facts and issues and the panel's decision. The Appeals Panel shall provide a copy of the written decision to the appellant and the appellant's home institution as soon as practicable. The Appeals Panel is the final administrative appeal.
- (3) The authority of the IRPs and the TELS Award Appeals Panel shall be strictly limited to consideration of appeals arising from eligibility determinations made by an eligible postsecondary institution or ~~the Corporation~~ **TSAC**. Neither appeals panel shall have the authority to rule on the validity of any information provided to the eligible postsecondary institution or ~~Corporation~~ **TSAC** by another entity on which its decision to deny or revoke a Helping Heroes Grant was based, including, but not limited to grades from another eligible postsecondary institution. Additionally, neither appeals panel shall have the authority to consider requests for exceptions to the collegiate grade point average.

### **DECISION ITEM B: Proposed Budget Request for 2012-2013**

#### **Staff Recommendation**

(1) That the TSAC Board of Directors recommend 2012-2013 funding levels as presented in the document entitled *Tennessee Student Assistance Corporation Estimated 2011-12 and Base 2012-13 Budgets*.

(2) That the TSAC Board of Directors recommend a \$3.2 million budget improvement for fiscal year 2012-13 for the Tennessee Student Assistance Award program.

(3) That the TSAC Board of Directors authorize its Executive Director to make any necessary technical corrections.

#### **Background**

The Tennessee Student Assistance Corporation is required to submit its budget request to the Department of Finance and Administration by September 30, 2011.

The attached document indicates funding levels for all TSAC divisions for the current 2011-12 and base 2012-13 fiscal years.

Finally, an improvement of \$3.2 million is recommended in the TSAA program for fiscal year 2012-13. This improvement would offset the non-recurring \$3.2 million appropriated in the 2011-12 fiscal year.

The Department of Finance and Administration has requested that state agencies identify a 5% reduction to state appropriations for the 2012-13 fiscal year. TSAC will comply with this request by submitting a reduction plan of \$61,300 from administrative expenses in the Administration Division, 332.05. In addition to this reduction, all positions that have been vacant for more than one year are to be eliminated. TSAC has four such positions, one in each of the Loans, Grants, Communications, and Compliance divisions.

**Establish Recurring TSAA Support from State Appropriations**

In Fiscal Year 2011-2012, recurring state appropriation for the Tennessee Student Assistance Award (TSAA) program is \$46,162,500. In addition to these funds, the Legislature appropriated \$3,200,000 in non-recurring state funds, bringing the total FY 2011-2012 appropriation to \$49,362,500. Therefore, in FY 2012-13, the appropriation for the TSAA program will return to \$46,162,500.

For Fiscal Year 2012-2013, TSAC staff recommends an improvement of \$3,200,000 to offset the expiring funds. This additional appropriation will fund approximately 1,800 students.

**DECISION ITEM C:** Open Records Policy

**Staff Recommendation:** Adopt an Open Records Policy to establish consistency in handling public records requests.

**Background:** The Tennessee Comptroller's Office of Open Records Counsel advises that to the extent possible, a governmental entity should have a written public records policy properly adopted by the appropriate governing authority. The policy should include the following:

The process for making requests to inspect public records or to receive copies of public records;

The process for responding to such requests; and

Whether and when fees will be charged for copies of public records.

Previously, TSAC has followed guidelines published by the Office of Open Records Counsel in handling public requests for information, but has not formally adopted its own policy.

**DRAFT**

**Public Records Policy**

In accordance with Tennessee Code Annotated §10-7-503, Records Open to Public Inspection, all records made or received in connection with the transaction of official Tennessee Student Assistance Corporation (TSAC) business shall at all times, during business hours, be open for personal inspection by any citizen of Tennessee unless otherwise provided by law or regulation. Further, any citizen shall have the right to make copies of such business records in accordance with Tennessee Code Annotated §10-7-503. Any questions concerning public records should be addressed to the staff attorney.

**Definitions**

Labor – the time reasonably necessary to produce the requested record and includes the time spent locating, retrieving, reviewing, redacting, and producing copies.

Non-routine Copy – a copy, whether of paper or of electronically stored data, which requires more than minimal staff assistance (e.g., odd or oversize pages, bound documents, manipulation of electronically stored data, etc.).

Public Record – all books, papers, electronic mail messages, maps, photographs, films, microfilm, imaged copies, electronic data processing output, sound recordings, or other material regardless of physical form or characteristics made or received pursuant to law or ordinance or in connection with the transaction of official TSAC business. Information protected under the Family Education Rights and Privacy Act (FERPA) is not included in Public Records.

Records Officer – the person appointed by the Executive Director of TSAC to serve as liaison to the Requestor for all requests received for inspection and/or copying of records held by TSAC.

Requestor – a citizen of the state of Tennessee.

Requestor Identification – photo identification issued by the state of Tennessee or other federal or local governmental entity showing name and address.

Routine Paper Copies – a paper copy of a record which requires minimal staff assistance to produce (e.g., pages which are either 8½ x 11 or 8½ x 14 and can be automatically printed from electronically stored records or automatically fed into a standard copier).

## Inspection of Public Records

1. Except for confidential records as prescribed by law, public records will be open for inspection by citizens of Tennessee during business hours. The staff attorney shall be notified when a request is made to inspect records. Persons requesting to inspect records must show photo identification verifying Tennessee citizenship (e.g., driver's license) and must complete an Inspection/Duplication of Records Request form. This form can be found at  
  
<http://www.comptroller1.state.tn.us/openrecords/forms.asp>
2. Form or Format of Record to be Inspected/Copied – Public records laws require that actual records be produced for viewing and/or copying. To maintain confidentiality requirements, some requests may necessarily result in providing the requested record/information in a form or format other than found in the original record. In such cases, the records officer may coordinate with the requestor to find an alternate form of providing access to the same information.  
  
In the event the record includes confidential information (e.g. social security numbers), and is not otherwise protected under FERPA, copies of the record will be made and the confidential information will be redacted before being made available for inspection.
3. Time Required to Produce Records – All efforts will be made to provide the record within a reasonable period of time. If the record cannot be produced within seven (7) business days (e.g., because the record is located offsite or must be redacted) then the requestor shall be advised when the record will be available. The records officer shall use the Records Production Letter provided on the Comptroller's Office of Open Records Counsel website to correspond such notice to the requestor.
4. Responsibility of the Records Officer – Custody of the original record shall not be relinquished. The person requesting to inspect/copy the record must do so in the presence of the record officer or an appropriate designee.
5. If the requested material has been posted on the Internet, and this material can be accessed and reviewed by the general public without payment of a subscription or access fee for the web site, and there is no restriction on printing materials from that website, TSAC may satisfy its obligations to make this material available for inspection by providing the complete Internet address. However, TSAC may not rely on this provision if the requestor demonstrates to TSAC's satisfaction that making copies from the Internet would be unduly burdensome.
6. TSAC is not obligated to provide copies of any record that is not maintained by TSAC but is maintained by another state or federal agency, governmental entity, or private contractor.

## Copying of Public Records

1. Upon request, TSAC will provide, at the requestor's expense, copies of public records. Confidential information shall be redacted before copies are provided. The records officer shall not relinquish the original records.
2. It is the responsibility of the records officer to make copies or arrange for copies to be made as well as to determine and collect copy fees, as stated below.
  - a. Require the requestor to identify on the Inspection/Duplication of Records Request form the specific record to be copied.
  - b. All fees associated with completing the request for copies shall be paid in full prior to delivering the copied records to the requestor, according to the fee schedule below.
  - c. If the final cost cannot be predetermined, a reasonable estimate shall be provided to the requestor.
  - d. The records officer may immediately make the requested copies and provide the documents to the requestor or, if the volume of copies is greater than TSAC's ability to reproduce internally, request that the record be copied by a third party vendor.
  - e. Notwithstanding the form of the records, reproduction or copying of records shall be made in a form as best determined by the records officer.
  - f. Information on computer tapes and other electronic documents shall be copied in a printed format whenever possible, and an actual reproduction of an electronic format shall not be provided. If it is necessary to provide electronic records, such shall be produced in read-only format.
  - g. Fees/Charges
    - i. Routine paper copies shall be fifteen cents (\$0.15) per page;
    - ii. Non-routine paper copies shall be fifty cents (\$0.50) per page;
    - iii. Electronic copies shall be ten dollars (\$10.00) per CD;
    - iv. If TSAC must rely on a third party vendor to produce copies of records, TSAC may ask the requestor to directly pay the vendor prior to the copying of the record;
    - v. If TSAC is assessed a charge to retrieve requested records from archives or any other entity having possession of the requested records, the records officer may assess the requestor the cost assessed to TSAC for retrieval of the records;
    - vi. Staff time utilized in researching, retrieving and/or copying the record:
      - (a) The requestor shall be charged for the staff time reasonably necessary to produce the requested records. Staff time includes the time spent locating, retrieving, reviewing, redacting, programming, and reproducing the record. All labor and programming charges, after the first hour, must be paid by the requestor to obtain a copy of the record.

- (b) In calculating the charges for labor, the records officer shall determine the number of hours each employee spent completing the request. The first hour of the highest paid employee involved in the request shall not be charged to the requestor. The remaining hours, including all hours spent by other employees, are then totaled for each employee and multiplied by the respective employee's hourly rate. The amounts are added together for the total amount of labor that will be charged.
  - (c) The hourly rate for each employee is calculated by dividing the annual salary by 1,950.
- vii. The costs for delivering the records by mail or other delivery services shall be charged to the requestor;
- viii. Payment of fees shall be by cashier's check or money order.
- ix. The Executive Director of TSAC or the Executive Director's designee may waive the applicable fees for copies as defined above when the cost for such copies is insignificant as determined by the Executive Director or the Executive Director's designee.

### **Discussion Item A: Federal Family Education Loan Program (FFELP) Update**

**Staff Recommendation** For discussion only.

#### **Loan Summary**

At the beginning of the 2011-12 academic year, TSAC's portfolio included over 633,000 loans with an estimated value over \$3.7 billion. This represents 238,533 active borrowers.

#### **Work in Progress**

The Loan Division continues to monitor existing processes and make improvements that better meet the needs of our student borrowers, their families, and the postsecondary institutions.

Our Policies and Procedures Manual continues to be a work in progress as responsibilities and regulations effecting the loan division change.

The Federal Information Security Management Act (FISMA), passed by Congress in 2002, recognized the importance of information security to the economic and national security interests of the United States. As a recipient of federal funds, TSAC is required by FISMA to ensure security for the information systems that support the operations and assets of the agency. The Loan Division will soon begin reviewing and implementing changes necessary for FISMA compliance.

#### **Access Databases**

The Loan Division has created several Access databases which are assisting in the monitoring of tax offset appeals, loan discharges, refund check requests (CRQ's), invoices and reinstatement letters, and license revocation.

Plans are in place to develop additional Access databases for monitoring claims reviews, rehabilitated loans, subrogated loans, daily lockbox deposits, and the Teacher Loan Forgiveness program.

#### **RFPs and VFA Update**

A contract for full servicing of the loan and grants programs has been awarded, effective January 1, 2012.

A Request for Proposal (RFP) for Default Aversion services has been submitted for approval and will provide for a contract term beginning January 2012.

An RFP for School Servicing is in the development stage. This contract will include, among other services, debt management, financial literacy, educational planning, and outreach, for postsecondary institutions in Tennessee.

Two Voluntary Flexible Agreements (VFA) have been submitted to the U.S. Department of Education: one in conjunction with eleven other guaranty agencies, and the second as a stand-alone proposal. TSAC now awaits direction from the U.S. Department of Education on the results of these VFAs.

**DISCUSSION ITEM B: Grants and Scholarships Summary Update**

**Staff Recommendation**

For discussion only.

**Background**

Tennessee Student Assistance Awards (TSAA) totaling \$89.5 million were awarded to 42,600 students for the 2011-12 award year. Funds were awarded to students who applied through February 10, 2011.

Total funding available for the TSAA program for 2011-12 is approximately \$58.5 million. The Board approved a 153% over-commitment which resulted in awards of \$89.5 million. Of this amount TSAC estimates that approximately \$57 million will actually be utilized.

The year-end figures for 2010-11 indicate 95.4% actual expenditures, which represents 31,400 students receiving \$55.5 million.

The Tennessee Education Lottery Scholarship (TELS) concluded the 2010-11 award year by providing awards to over 101,000 students at just under \$298 million.

For the 2011-12 academic year, TELS expenditures are projected at approximately \$316 million. As the year progresses, we will monitor expenditures and provide an updated estimate to the State Funding Board in December.

### **DISCUSSION ITEM C: Update on Lottery Legislation and Lottery Stabilization Committee**

**Staff Recommendation** For discussion only.

#### **Background**

House Bill 2010 was signed by Governor Haslam on June 8, 2011, and allows students who first received the HOPE Scholarship in fall 2009 or thereafter to use the award for the summer term. The bill also reinstates the 120 hour cap for these students.

Senate Bill 2008 provided for two changes to lottery programs. First, it allows students to take more than four Dual Enrollment Grant (DEG) courses. Funds received for more than four courses will be deducted from the HOPE scholarship on a dollar for dollar basis in the first semester of postsecondary enrollment.

SB 2008 also provides an extension to the lottery scholarship for recipients who can attend only part-time due to medical reasons. Students meeting this exception can receive the award for up to 10 years from their date of initial enrollment.

The Lottery Stabilization Committee met on August 29, 2011, to discuss the long-term viability of the lottery programs. The committee, chaired by Senator Dolores Gresham, has been charged with providing a report to the General Assembly by December 1, 2011.

Lottery program expenditures are outpacing revenues and the scholarship program currently faces about a \$21 million annual shortfall. If no action is taken then the Lottery for Education Account reserve is projected to be depleted in 2024.

Approximately 15 scenarios were presented to the Stabilization Committee. Some scenarios included requiring the GPA *and* ACT for initial eligibility, requiring the GPA *only* for initial eligibility, and gradually increasing the ACT and GPA requirements.

## **TSAC Audit Update**

### **Status of External Audits**

#### **State Audit Financial and Compliance Audit Report for TSAC for the fiscal year ended June 30, 2010**

The report was released by the Comptroller of the Treasury on September 13, 2011. TSAC submitted a report on August 31, 2011, to the Comptroller of the Treasury and to the Fiscal Review Committee on the implementation of the two findings in the FY10 report.

Finding 1. The Tennessee Student Assistance Corporation did not comply with a special test and provision regarding a conflict of interest.

Status: This issue relates to the loan servicer contract and the need to eliminate contracting arrangements with both default aversion activities and collection activities in the same contract. TSAC has issued an RFP for default aversion activities. Therefore, the issue will be corrected in the 2012 contract.

Finding 2. Incorrect accounting entries for the Federal Family Education Loan Program resulted in an overstated balance for the Federal Fund and a corresponding understated balance for the Operating Fund.

Status: Management received approval in June 2011 from the U.S. Department of Education to transfer \$2,519,166.25 and \$1,751,007.93 for fiscal years 2008 and 2010, respectively. In June the Internal Auditor submitted a report on the review of fiscal year 2007. Management is working to confirm the information and send documentation and a request to DOE to transfer approximately \$2 million for that year. Research for fiscal years 2005 and 2006 is nearing completion. TSAC anticipates completing the reviews of 2005 and 2007 by early Fall 2011, and the review for 2006 to be completed by mid-to late-Fall 2011.

A total of \$8,052,319.61 for fiscal years 08-10 has been transferred from the Federal Fund to the Operating Fund.

#### **State Audit Financial and Compliance Audit for TSAC of the fiscal year ended June 30, 2011**

**DISCUSSION ITEM F: License Revocation Update**

**Staff Recommendation** For discussion only.

**Background** TCA §§ 56-1-312 and 63-1-141 direct TSAC to work with the Department of Commerce and Insurance and the Department of Health, respectively, to pursue disciplinary action against the professional licenses or certificates of individuals who have defaulted on their federal student loans.

TSAC first sends a notice to defaulted borrowers notifying them of their default status and that action may be taken against their professional license if they do not respond to TSAC within 90 days of receipt of the notice. To prevent a disciplinary action, the borrower must pay their balance in full, establish a reasonable payment plan, or request a hearing.

If the borrower fails to contact TSAC within the statutory 90 day period, TSAC sends an Order of Default to the respective department requesting that the licensing board take administrative action against the license of the defaulted borrower. If, after the administrative action is taken against the license, the borrower enters into a payment plan or pays the balance in full, TSAC issues an Order to Rescind Suspension to the respective department asking for the administrative action to be lifted.
