

VII. DESIGN COMPETITIONS

A person who is properly registered or licensed as an architect, engineer or landscape architect in another jurisdiction but who is not registered in Tennessee may participate in a design competition in Tennessee so long as prior to participating in the design competition, the person files an application for registration (without the application fee and supporting documentation) with the Board and certifies therein his or her intent to complete the application process and obtain registration in Tennessee prior to executing any contract that may result from winning the design competition. In no event may a person who is not registered by the Board enter into a contract to provide architectural, engineering or landscape architectural services in Tennessee.
