

Student Wellness Services

Policy Number: 6.411	Monitoring Review: Annually
Effective/Revised Date: June 28, 2023	Signature:
Approved by: Lizzette Gonzalez Reynolds, Commissioner	

The Achievement School District (ASD) recognizes the value of proper nutrition, physical activity, and other health conscious practices and the impact that such practices have on student academic achievement, health, and well-being. In order to provide an environment conducive to overall student wellness, this policy shall be followed by all schools in the ASD.¹

Commitment to Coordinated School Health

All ASD Schools shall implement the CDC's Coordinated School Health (CSH) approach to managing new and existing wellness related programs and services in schools and the surrounding community based on state law and Tennessee State Board of Education CSH standards and guidelines. TDOE's Coordinated School Health Coordinator shall be responsible for overseeing compliance with State Board of Education CSH standards and guidelines.

School Health Advisory Council^{2,3}

A school health advisory council shall be established to serve as a resource to school sites for implementing policies and programs and develop an active working relationship with the county health council. The council shall consist of individuals representing the school and community, including parents, students, teachers, school administrators, health professionals, school food service representatives, and members of the public. The primary responsibilities of the council include but are not limited to:

- (1) Developing, implementing, monitoring, reviewing and as necessary, making recommendations as to physical activity and nutrition policies;
- (2) Ensuring all schools within the district create and implement an action plan related to all School Health Index modules;
- (3) Ensuring that the results of the action plan are annually reported to the council; and
- (4) Ensuring that school level results include measures of progress on each indicator of the School Health Index.

The State Board of Education's Coordinated School Health and Physical Activity Policies shall be used as guidance by the Council to make recommendations. The Board will consider recommendations of the council in making policy changes or revisions. Additionally, each school will have a Healthy School Team consisting of teachers,

³ State Board of Education Policy 4.206

students, parents and administrators.² The Team will hold Healthy School Team meetings during the school year to assess needs and oversee planning and implementation of school health efforts. The principal/designee will ensure compliance with the school Wellness Policy, to include an assessment of the implementation of the Wellness Policy and the progress made in attaining the policy goals. The assessment will be made available to the public.

Commitment to Nutrition

All schools shall participate in the USDA child nutrition programs, which may include but not be limited to, the National School Lunch Program, the School Breakfast Program, the Summer Food Service Program, and the After School Snack Program.^{4,5,6}

Meals shall be accessible to all students in a non-stigmatizing manner. Students will be given adequate time to enjoy healthy meals and relax in a pleasant environment. Good nutritional habits shall be encouraged. All food including vending machines, fundraising items, and concessions must meet guidelines set forth by the Healthy, Hunger-free Kids Act, 2010, Smart Snacks in Schools.^{4,5,6} The principal/designee shall be responsible for overseeing the school's compliance with the State Board of Education Rules and Regulations for sale of food items in the school.^{2,5,6}

Achievement School District Goals

The ASD will promote healthy nutrition through various activities, including nutrition related newsletters, informational links on the district website, healthy eating posters and bulletin boards in dining areas, and informational booths at various community functions. Nutrition education will be offered as part of a standards-based program designed to provide students with the knowledge and skills needed to promote and protect their health as outlined in the State Board of Education Health Education and Lifetime Wellness Standards. Nutrition education will discourage teachers from using high fat, sugar, and sodium foods as rewards and encourage students to start each day with a healthy breakfast.

Commitment to Physical Activity and Physical Education

All ASD schools shall support and promote physical activity. Physical activity may be integrated into any areas of the school program.

Physical Education classes shall be offered as part of a standards-based program designed to provide developmentally appropriate moderate to vigorous physical activity as an integral part of the class. All physical education classes shall comply with the State Board of Education's Physical Education Standards. In addition to the district's physical education program, non-structured physical activity periods shall be offered as required by law.

Schools shall continue to offer after school sports and activities. Physical activity shall not be employed as a form of discipline or punishment.

Commitment to Curriculum³

All applicable courses of study should be based on State-approved curriculum standards.

School Health Index³

All schools shall annually administer a baseline assessment on each of the three recommended School Health Index modules. Results shall be submitted to the School Health Advisory Council and reported to the State Department of Education.
