Upon receiving verification of the identity of the licensed educator together with a certified copy of a criminal record showing that the licensed educator has been convicted of any of the following offenses (including, but not limited to, conviction for the same or similar offense in any jurisdiction). Educators whose conviction includes a plea taken in conjunction with T.C.A. § 40-35-313 and such conviction is eligible for expungement under T.C.A. § 40-35-313, or its equivalent in any other jurisdiction, shall not be subject to automatic permanent revocation.

(Rule 0520-02-03-.09, continued)

2. Being identified by the Department of Children's Services ("DCS") or similar agency in another jurisdiction, after having exhausted or waived all due process rights available to the licensed educator, as having committed child abuse, severe child abuse, child sexual abuse, or child neglect as stated in T.C.A. § 49-5-413, or similar laws in another jurisdiction;
  3. The licensed educator's name being placed on the state's vulnerable person's registry or the state's sex offender registry, or similar registries in another jurisdiction; or
  4. Receiving verification of the identity of the licensed educator together with a certified copy of a court order, settlement agreement, or plea agreement in a criminal, civil, or administrative action requiring the educator to surrender the educator's Tennessee license. Unless otherwise stated in the court order, settlement agreement, or plea agreement, the educator may apply for restoration after five (5) years from the date of revocation, as long as the restoration of the license is in accordance with applicable state law and this Rule.
- (b) Educators who are subject to automatic revocation for reasons set forth in paragraph (4)(a)2. or (4)(a)3. of this Rule shall have their license automatically permanently revoked.
- (c) The State Board shall send notice to educators whose licenses are subject to automatic revocation or automatic permanent revocation at least thirty (30) days prior to the board meeting at which such revocation shall occur, using the educator's contact information in the State of Tennessee's educator licensure database (TN Compass) as required by paragraph (10) of this Rule.
- (d) Automatic Suspension of License – The State Board shall automatically suspend, without the right to a hearing, the license of an educator upon receiving notice from the Tennessee Department of Human Services or other responsible state agency that an educator has failed to comply with an order of support for alimony or child support, pursuant to T.C.A. § 36-5-706, together with notification that the educator has been afforded all notices and due process, including the right to request a hearing with the Tennessee Department of Human Services or other responsible state agency as required by the Tennessee Department of Human Services or other responsible state agency's governing statutes and rules.
- (e) The State Board shall send written notice to educators whose licenses are subject to automatic suspension at least thirty (30) days prior to the State Board meeting at which such suspension shall occur, using the educator's contact information in the State of Tennessee's educator licensure database (TN Compass) as required by paragraph (10) of this Rule.
- (f) Upon receipt of notice from the Tennessee Department of Human Services or other responsible state agency that the educator has come into compliance after automatic suspension for one (1) of the offenses set forth in subparagraph (d), the State Board staff shall reinstate the license of the educator in accordance with the State Board approved order of suspension.
- (g) Expired Licenses, Prohibition on Reactivation – If the State Board receives verification of the identity of an individual with an expired license who would qualify for automatic revocation under paragraph (4)(a) of this Rule if the individual possessed an active educator license, the State Board shall take action to prohibit the individual from applying to reactivate the expired license.

(Rule 0520-02-03-.09, continued)

1. The State Board shall send written notice to individuals who will be prohibited from applying to reactivate an expired license at least thirty (30) days prior to the State Board meeting at which such action shall occur, using the educator's contact information in the State of Tennessee's educator licensure database (TN Compass) as required by paragraph (10) of this Rule.
  2. The State Board shall send notice of an action taken pursuant to this subparagraph (g) to the national clearinghouse administered by the National Association of State Directors of Teacher Education and Certification (NASDTEC).
- (5) Disciplinary Actions.
- (a) For the following categories of offenses, the State Board may impose disciplinary action upon its findings as detailed below:
1. Conviction of a felony.

  2. Conviction of a misdemeanor where the victim is a student and/or a minor.
    - (i) Upon receiving notification that an individual has been convicted of a misdemeanor where the victim is a student and/or a minor, the individual shall be subject to disciplinary action within the range of a suspension of not less than six (6) months up to and including revocation of the convicted individual's educator license.

(Rule 0520-02-03-.09, continued)

disciplinary action within the range of suspension for not less than six (6) months up to and including a two (2) year suspension.

4. Negligence in the commission of duties as an educator.
  - (i) An individual holding an educator's license who is found to be negligent in his or her commission of duties as an educator in such a manner that does not result in harm to a child, but presented the potential for physical or mental harm, shall be subject to a disciplinary action within the range of a letter of formal reprimand up to and including a two (2) year suspension.
  - (ii) An individual holding an educator's license who is found to be negligent in their commission of duties as an educator in such a manner that results in harm to a child, shall be subject to a disciplinary action within the range of suspension for no less than one (1) year up to and including permanent revocation.
5. Noncompliance with security guidelines for state-mandated test, TCAP, or successor test.
  - (i) An individual holding an educator's license who is found to have been noncompliant with security guidelines for a state-mandated test, TCAP, or successor test shall be subject to a disciplinary action within the range of a letter of formal reprimand up to and including revocation.
6. Unprofessionalism.
  - (i) An individual holding an educator's license who is found to have engaged in non-explicit inappropriate communication with a student shall be subject to a disciplinary action within the range of a suspension for no less than three (3) months up to and including revocation.
  - (ii) An individual holding an educator's license who is found to have engaged in inappropriate communication of an explicit nature with a student shall be subject to permanent revocation.
  - (iii) An individual holding an educator's license who is found to have inappropriately used school property shall be subject to a disciplinary action within the range of a suspension for no less than three (3) months up to and including revocation.
7. Inappropriate Physical Contact.
  - (i) An individual holding an educator's license who is found to have engaged in inappropriate physical contact with a student that does not result in harm or potential harm to the student shall be subject to a disciplinary action within the range of a formal reprimand up to and including suspension for two (2) years.
  - (ii) An individual holding an educator's license who is found to have engaged in inappropriate physical contact with a student that results in harm or potential harm to the student shall be subject to a disciplinary action within the range of a suspension for not less than two (2) years up to and including permanent revocation.
8. Falsification of Licensure Documentation.

(Rule 0520-02-03-.09, continued)

- (i) An individual holding an educator's license who is found to have falsified licensure documentation shall be subject to a disciplinary action within the range of revocation or permanent revocation.
- 9. Violation of the Teacher Code of Ethics.
  - (i) An individual holding an educator's license who is found to have violated the Teacher Code of Ethics contained in T.C.A. Title 49, Chapter 5, Part 10 shall be subject to a disciplinary action within the range of a formal reprimand up to and including revocation.
  - (b) Similar Offenses – Actions related or similar to the above-enumerated offenses in paragraphs (3), (4), and (5)(a) shall carry recommended disciplinary action commensurate with the range established for the similar offense. The State Board may take action against an educator's license for any similar offense occurring in another state in the United States, other jurisdiction, or other country, if the conduct would justify action under Tennessee law or this Rule.
  - (c) Reasonable Force – Nothing in this part shall prevent an educator from exercising his or her lawful authority to use reasonable force when necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another person pursuant to T.C.A. § 49-6-4107.
  - (d) Repeated Violations – Individuals holding an educator's license who are subject to multiple disciplinary actions by the State Board shall face disciplinary action in excess of the recommended ranges. A third violation, regardless of severity, shall be subject to a recommendation of revocation.
  - (e) Discipline Range – Nothing in this Rule shall prohibit the State Board from imposing a disciplinary action outside of the uniform discipline range upon good cause shown.
  - (f) Eligibility for Employment during Review – The notation on an individual's educator licensure database file (TN Compass) that an educator's license is under review by the State Board is not a disciplinary action under this Rule and does not prohibit a licensed educator from being employed by a school or school system, as that educator still has an active license. An individual with a notation on their educator licensure database file (TN Compass) that their educator license is under review by the State Board shall continue to be responsible for completing any requirements for renewal or advancement of their license during the period of time that the individual's educator license is under review, because the license remains active.
- (6) Issuance of Temporary Permits.
  - (a) The Commissioner of Education ("Commissioner") may grant, on behalf of the State Board, under conditions outlined in T.C.A. § 49-5-106(a)(1), State Board Rule 0520-02-03-.12, and this Rule, a temporary permit to an unlicensed individual to teach in an unfilled position, which permit shall be valid only until June 30 following the date of issuance.
    - 1. The permit application of any individual who indicates an affirmative answer on the personal affirmation section of the application shall be sent by the Commissioner to the State Board for review in accordance with this Rule for a determination of whether the permit may be issued by the Commissioner. If an individual indicates an affirmative answer on the personal affirmation section of the application for a permit, the individual shall show cause why the permit

(Rule 0520-02-03-.09, continued)

should be issued despite the individual's affirmative answers. Issuance of a permit is considered on a case-by-case basis and the burden of proof rests with the individual applying for the permit. In the case of a felony conviction, the individual shall also show that any sentence imposed, including any pre-trial diversion or probationary period, has been completed. Additionally, an application for issuance of a permit may be denied if an action against the individual's license has been taken or is pending in this state or another state.

2. There shall be a rebuttable presumption that any individual applying for a permit who has committed an offense that would subject him or her to discipline under this Rule if the individual had a license, shall be presumed ineligible to receive a permit.
  3. An individual shall meet the requirements set forth in this Rule and State Board Rule 0520-02-03-.12 for each issuance of a permit.
  4. If an individual teaching on a permit issued by the Commissioner is reported by a Director as described above in paragraph (2) and the misconduct, if substantiated, would warrant disciplinary action under this Rule if the individual had a license, the State Board may direct the Commissioner not to issue a subsequent permit upon expiration of the individual's current permit pursuant to T.C.A. § 49-5-106(a).
  5. Case Review.
    - (i) State Board counsel shall present an initial recommendation regarding granting or denying a permit application to the case review committee consisting of State Board staff who shall review the entire file to determine whether to recommend issuance of a permit or denial of an application for a permit, or in the case of an individual reported by a Director as described above in paragraph (2), whether to direct the Commissioner not to issue any subsequent permits to the individual. The case review committee may also determine that additional investigation is necessary before a recommendation can be made.
    - (ii) If the case review committee recommends that the State Board direct the Commissioner to deny an application for a permit or not to issue any subsequent permits to the individual under this Rule, the recommendation will be presented to the State Board at a regularly scheduled State Board meeting. State Board counsel will notify the individual of the recommendation and the State Board's policy regarding requests to speak at State Board meetings.
  6. If an individual has had an application for a permit denied by the Commissioner, the individual must indicate such on any future application for an educator license or permit in Tennessee.
- (7) Reinstatement or Restoration of a License.
- (a) Reinstatement.
    1. An individual whose license has been suspended under this Rule shall have his or her educator license reinstated after the period of suspension has been completed, and, where applicable, the individual has presented proof of compliance with all terms and conditions prescribed by the State Board in the approved order of suspension. Suspended licenses are subject to the expiration

(Rule 0520-02-03-.09, continued)

and renewal rules of the State Board. An individual whose license expires during the period of suspension must apply for reactivation. A suspended license may not be reinstated if an action has been taken or is pending against the educator's license in another state.

(b) Restoration.

1. An individual whose license has been revoked under this Rule may apply to the State Board to have the license restored upon application showing that the cause for revocation no longer exists and that the individual has complied with any terms and conditions imposed in the approved order of revocation. To show the cause no longer exists, the individual shall show cause why the license should be restored despite the misconduct that resulted in the individual's license being revoked. The individual shall provide evidence of rehabilitation and fitness to perform the duties authorized and required by the license sought. In the case of a felony conviction, the individual shall also show that any sentence imposed, including any pre-trial diversion or probationary period, has been completed. Application for such restoration shall be made to State Board counsel in accordance with State Board License Reinstatement and License Restoration Applications Policy 5.500.
2. An individual whose license has been revoked under this Rule is not eligible to reapply for licensure for a period of no less than five (5) years from the time at which the license was initially revoked, unless a shorter period of time is specified in the State Board approved order of revocation pursuant to paragraph (5)(e) of this Rule. An individual whose license has been permanently revoked shall not be eligible to reapply for licensure.
3. In any deliberation by the State Board to restore a license that has been revoked, there shall be a rebuttable presumption that an individual whose license has been revoked is unfit for licensure. Nothing in this Rule is intended to guarantee restoration of a license.
4. Restoration of an educator license is considered on a case-by-case basis. The burden of proof rests with the individual applying for restoration of the license. An application for restoration also may be denied if an action against the individual's educator license has been taken or is pending in another state.
5. Exception for Expired Licenses – An individual whose license expired during the period of revocation may apply for reactivation, unless the license was permanently revoked. Because the individual's license is expired, the individual shall submit a reactivation application instead of a restoration application. The individual shall show why the license should be reactivated despite the individual's affirmative answers to the personal affirmation questions on his or her application and that the individual has complied with any terms and conditions imposed in the approved order of revocation. The individual shall show cause why the license should be reactivated despite the misconduct that resulted in the individual's license being revoked. In the case of a felony conviction, the individual shall also show that any sentence imposed, including any pre-trial diversion or probationary period, has been completed. Applications for reactivation shall be submitted in TN Compass in accordance with State Board License Reinstatement and License Restoration Applications Policy 5.500.
  - (i) Reactivation of an expired revoked license is considered on a case-by-case basis. The burden of proof rests with the individual applying for reactivation of the license. An application for reactivation may also be

(Rule 0520-02-03-.09, continued)

denied if an action against the individual's educator license has been taken or is pending in another state.

6. If the case review committee recommends the revoked license be restored or, in the case of an expired revoked license, reactivated, Board counsel shall send notice to the individual that his or her application for restoration or reactivation will be presented to the State Board for approval at its next regularly scheduled meeting.
  7. Paragraphs (12) and (13) of this Rule address procedures to be followed if the case review committee recommends the restoration application be denied or denial of an application to reactivate an expired revoked license. The Board is not bound by the case review committee's recommendation.
- (8) Denial of a License.
- (a) An individual who has been denied an educator license may reapply for a license at any point after denial provided the individual has complied with any terms and conditions imposed in the approved order of denial. If the individual indicates an affirmative answer on the personal affirmation section of the application for a Tennessee educator license, the individual shall show why the license should be issued despite the individual's affirmative answers. Issuance of a license is considered on a case-by-case basis and the burden of proof rests with the individual applying for the license. In the case of a felony conviction, the individual shall also show that any sentence imposed, including any pre-trial diversion or probationary period has been completed. An application for issuance of a license may be denied if an action against the individual's license has been taken or is pending in another state.
  - (b) Presumptive Denial – There shall be a rebuttable presumption that any individual applying for an educator license who has committed an offense that would subject him or her to revocation or suspension shall be presumed ineligible to receive a Tennessee educator license.
- (9) Scope of Disciplinary Action – An individual whose license has been suspended or revoked, shall not serve as a school volunteer or be employed, directly or indirectly, as an educator, paraprofessional, aide, substitute teacher, or in any other position in a school during the period of the suspension or revocation.
- (10) Duty to Maintain Updated Contact Information – Individuals have a duty to maintain up-to-date contact information, including but not limited to address, e-mail address, and phone number, in the state of Tennessee's educator licensure database (TN Compass). Any changes to the individual's contact information shall be updated by the individual in the educator license database (TN Compass) within thirty (30) days of the change. All notices provided by the State Board to individuals under this Rule shall be sent to the individual's contact information in TN Compass.
- (11) Case Review – State Board counsel shall present an initial recommendation for licensure action or non- action to a case review committee consisting of State Board staff who shall review the entire file to determine whether disciplinary action should be recommended to the State Board against an individual's license, or whether to issue, renew, restore or reactivate an individual's license. The case review committee may also determine that additional information is necessary before a recommendation can be made.
- (12) Denial of an Initial Application or Application to Reactivate an Expired License – If the case review committee recommends that the State Board deny an initial application for a Tennessee educator license or an application to reactivate an expired license under this

(Rule 0520-02-03-.09, continued)

Rule, said denial will be presented to the State Board at a regularly scheduled State Board meeting. State Board counsel will notify individuals of the denial recommendation and the State Board's policy regarding requests to speak at State Board meetings.

- (13) Proposed Action and Due Process Rights – If the case review committee recommends that the State Board formally reprimand, suspend, or revoke an individual's license, deny the renewal of an individual's license under paragraphs (3) or (5) of this Rule, or that the State Board deny restoration under paragraph (7), State Board counsel shall send notice of the proposed action to the individual in writing using the individual's contact information in the State of Tennessee's educator licensure database (TN Compass). The notice sent by State Board counsel regarding the proposed licensure action shall state that the individual is entitled to request that a hearing be conducted as a contested case under the Uniform Administrative Procedures Act ("UAPA"), T.C.A. §§ 4-5-301, et seq., and shall include the individual's right to show compliance pursuant to T.C.A. § 4-5-320(c). State Board counsel shall also include a proposed consent order to be agreed to by the individual. Should the individual fail to request a hearing within the specified time period or fail to take action with regard to the consent order, a contested case proceeding shall be instituted against him or her, of which the individual shall be sent separate notice of official charges for license action and notice directing him or her to appear at a specified time and place for a hearing to be held before an Administrative Law Judge ("ALJ") sitting on behalf of the State Board pursuant to the UAPA, T.C.A. §§ 4-5-301, et seq. Should the individual fail to appear, a default judgment may be taken against his or her license. If the individual requests a hearing, then State Board counsel schedules a hearing to be conducted as a contested case proceeding with an ALJ sitting on behalf of the State Board pursuant to the UAPA. The State Board or the individual may appeal the Initial Order of the ALJ to the State Board or to Chancery Court, pursuant to the UAPA, or seek reconsideration from the ALJ.
- (14) Consent Order/Action – If the individual consents to the proposed licensure action, State Board counsel shall present the consent order to the State Board for approval at a regularly scheduled meeting. The State Board is not bound by the recommendation contained in the consent order. The State Board may vote to approve the consent order, to impose less harsh disciplinary action, or to pull the item from the agenda for reconsideration of a harsher disciplinary action. If a harsher disciplinary action is recommended by the State Board, State Board counsel shall send a new notice to the individual regarding his or her right to request a hearing pursuant to paragraph thirteen (13) of this Rule.
- (15) Contested Case Proceedings – All contested case hearings before the State Board or an ALJ sitting on behalf of the State Board shall be conducted pursuant to the Tennessee Department of State's Uniform Rules of Procedure for Contested Cases Before State Administrative Agencies, Chapter 1360-04-01.
- (16) Assessment of Costs – When a final order is issued following a contested case hearing, before the State Board or an ALJ sitting on behalf of the State Board, in which an individual is issued a formal reprimand or the individual's license is denied, non-renewed, suspended, or revoked under this Rule, State Board counsel may request that the State Board, or an ALJ sitting on behalf of the State Board, order that reasonable costs associated with the contested case hearing be assessed against the individual pursuant to T.C.A. § 49-5-419. The reasonable costs associated with the contested case hearing shall be determined by the State Board or the ALJ sitting on behalf of the State Board and shall be based upon billing associated with the contested case hearing received from the State of Tennessee Department of State Administrative Procedures Division.
- (17) Discipline Schedule – The following chart outlines the least and greatest disciplinary ranges for the offenses listed as indicated by the shaded squares, provided that the State Board may impose discipline outside of the stated range as provided in paragraph (5)(e) of this Rule.
