Academic Transcripts

Academic transcripts are considered **official**, acceptable documentation for licensure transactions when received by the department in the following circumstances:

Uploaded/Attached in TNCompass

Source: Tennessee-Approved EPPs

- Official transcripts issued by the Tennessee-approved EPP
- Official transcripts received by the Tennessee-approved EPP from another regionally accredited higher education institution or community college in Tennessee

Mail, Parcel Service, or Hand Delivery

Source: Licensure Applicants/Educators

- Official transcripts **must be sealed in the original envelope sealed by the issuing institution**, which may be stamped with an institution or registrar stamp, with no evidence of tampering.

Source: U.S. Higher Education Institutions

- Official transcripts **must be in the original envelope sealed by the issuing institution**, which may be stamped with an institution or registrar stamp, with no evidence of tampering.

Source: Higher Education Institutions outside the U.S.

- Copies of transcripts issued by institutions outside of the U.S. are acceptable when accompanied by an **original**, course-by-course transcript evaluation **in the original envelope sealed by the evaluation service**, with no evidence of tampering. *See Out-of-Country Academic Transcript Evaluation on the next page.*

Electronic Transmittal

Source: Electronic clearinghouse, on behalf of a U.S. higher education institution, sent directly to Educator.Licensure@tn.gov

- Official electronic transcripts are issued by the institution named by the clearinghouse.

Source: Higher Education Institutions outside the U.S.

- Copies of transcripts issued by institutions outside of the U.S. are acceptable when accompanied by an **original**, course-by-course transcript evaluation, delivered electronically through a secure account (such as WES) by an approved evaluation service.

See Out-of-Country Academic Transcript Evaluation on the next page.

Out-of-Country Academic Transcript Evaluation

Educators submitting transcripts from institutions outside of the U.S. must submit original, course-by-course transcript evaluations of all degrees held, accompanied by copies of the transcripts evaluated.

The list of academic evaluation services below are approved by the office of educator licensure and preparation. Though other companies may provide eligible evaluations, any company not appearing on the following list must be approved by the department in advance, which may result in significant delays in processing the application. Please email Educator.Licensure@tn.gov with approval requests.

Unofficial Academic Transcripts

Examples of unofficial transcripts, ineligible for use as documentation for licensure transactions, include:

- A hard-copy transcript that is not delivered in an envelope sealed by the issuing institution
- A file attached in TNCompass by the educator/candidate
- An electronic file emailed by an individual (institution staff, educator/candidate, etc.)
- Any document that appears to have been tampered with

Professional Assessments

General Information

Official reports of qualifying scores on professional assessments may be required prior to initial licensure issuance. Qualifying scores must be earned on the current assessments and test codes established by the [Tennessee State Board of Education](#), and must be no more than five years old. Score reports must be sent directly from the assessment administrator, and will not be accepted from an educator, institution of higher education, or local or state education agency.

See [Professional Assessments for Tennessee Educators Policy 5.105](#) for current professional assessment requirements established by the board.

Pedagogical Assessments

Candidates Completing an Educator Preparation Program in Tennessee

Beginning January 1, 2019, candidates for initial licensure who are completing an approved educator preparation program in Tennessee are required to submit qualifying scores on the appropriate [edTPA](#) performance-based, subject-specific assessment. Prior to January 1, 2019, licensure candidates may submit a qualifying score on either the relevant [ETS Principles of Learning and Teaching](#) assessment or the relevant [edTPA](#). Candidates completing job-embedded clinical practice must submit the qualifying score before renewing or advancing the teaching license.

Out-of-State Pathway Applicants

Beginning January 1, 2019, candidates applying for Tennessee educator licensure through the out-of-state pathway, based on verification of completion of an approved educator preparation program and submission of qualifying scores on the required professional assessments, may submit qualifying scores on the appropriate [edTPA](#) performance-based subject specific assessment, or on one of the [ETS Principles of Learning and Teaching assessments](#). Tennessee does not accept other states' assessment scores in place of qualifying scores on the required assessments.

Postsecondary Educator Pathway Applicants

Applicants for licensure through the [postsecondary educator pathway](#) may submit a qualifying score on the relevant [ETS Principles of Learning and Teaching](#) assessment or the [edTPA](#), in addition to the required specialty-area content assessment for the area of endorsement sought.

Specialty-Area Content Assessments

Educational Testing Service (ETS) Praxis

For details related to sending official Praxis score reports, please visit www.ets.org/praxis/scores/send. Be certain to specify Tennessee's code (8190) and provide the full social security number when registering for assessments or requesting scores be sent. After requesting official score reports, scores will be automatically imported into the assessments section of the individual's TNCompass profile. Please allow at least two weeks from the date of request for scores to be imported to [TNCompass](#).

Please note that Praxis Core assessments are only used for admission to educator preparation programs and are not required for licensure.

National Evaluation Series

Individuals seeking an endorsement in Mathematics 6–8, or Mathematics 6–12 may submit qualifying scores on either the appropriate [Praxis Series](#) Mathematics assessment or the appropriate [National Evaluation Series](#) Mathematics assessment.

Educators pursuing the Mathematics 6-10 endorsement must take the National Evaluation Series Mathematics (105 Middle and Early Secondary Grades 6-10) assessment.

Tennessee Language Center - Alta Language Services

Individuals seeking any World Languages pre-K-12 or 6-12 endorsement shall submit qualifying scores on either the appropriate [Praxis Series](#) assessment or the appropriate [Alta Language Services Speaking and Listening Assessment](#), administered by the Tennessee Language Center. For individuals seeking an endorsement in World Languages for which there is not an applicable Praxis Series assessment, submission of a qualifying score on the appropriate Alta Language Services Speaking and Listening Assessment is required.

End-of-Course Exam Compliance

[T.C.A.](#) § 49-6-6006 specifies that an educator **may not** teach a course required for graduation in which an end-of-course (EOC) examination is given unless the educator has a **content-specific endorsement** for that subject, the educator has demonstrated sufficient content knowledge in the course material by providing **passing scores on a standardized or criterion-referenced test for the content area**.

See [Emergency Credentials](#)

To comply with this law, all teachers of record for courses in which there is a state-level EOC exam must meet one of the following requirements:

- a. Hold the subject-specific endorsement to teach the course; **or**
- b. Pass the relevant content assessment(s) identified in the table below indicating sufficient content knowledge.
See [Emergency Credentials](#)

To qualify to teach a course required for graduation in which an EOC exam is administered, and be in compliance with state law, educators who do not currently meet these requirements must be eligible to submit an application for an additional endorsement to become appropriately endorsed, submit qualifying scores on the required content knowledge assessment(s), or the district must apply for a permit to teach or employment standards waiver on the individual’s behalf

Course with an EOC	Educator Requirements
Algebra II, Geometry, Integrated Math II, Integrated Math III	Praxis 5161 – Mathematics: Content Knowledge (160 qualifying score) or National Evaluation Series 304 – Mathematics (220 qualifying score)
Biology	Praxis 5235 – Biology: Content Knowledge (148 qualifying score)
English I & II	Praxis 5038 – English Language Arts: Content Knowledge (167 qualifying score)
U.S. History and Geography	Praxis 5941 – World and U.S. History: Content Knowledge (157 qualifying score) or Praxis 5921 – Geography (149 qualifying score)

Course with an EOC	Educator Requirements
Algebra I Integrated Math I	<p>To teach Algebra I or Integrated Math I without a secondary mathematics endorsement, educators must submit qualifying scores on the Middle School Mathematics Praxis assessment (5169) AND must meet one of the following:</p> <ul style="list-style-type: none"> • Attend the state-approved training - OR - • Take and pass one of the following supplemental assessments approved by the department: <ol style="list-style-type: none"> 1. College Board CLEP Exam: College Algebra (qualifying score: 60) 2. College Board CLEP Exam: College Mathematics (qualifying score: 60) 3. Praxis Assessment: Algebra 1 (code: 5162, qualifying score: 157) <p>After completing the above employment standard criteria, educators are responsible for emailing Scott.Eddins@tn.gov to request an Algebra I/Integrated I Employment Standard verification letter. Upon receipt, educators must provide a copy of the letter to their district office. Completing the employment standard criteria provides eligibility to teach Algebra I/Integrated I without a secondary mathematics endorsement and is not a change in licensure.</p> <p>The state board ruled that educators with a level 5 TVAAS score in Algebra I (one-year, two-year, or three-year) in the 2011-12, 2012-13, 2013-14 school years do NOT need to take the training or pass the supplemental assessment. These educators must still submit qualifying scores on the Middle School Mathematics Praxis assessment (5169) to be eligible to teach Algebra I or Integrated Math I. The department sent directors of schools a list of educators whose TVAAS scores meet the employment standard in January 2015.</p> <p style="text-align: right;">See Algebra I Employment Standard</p>

Additional Resources

- Additional endorsement guidance for currently licensed Tennessee educators is available [here](#).
- Algebra I and Integrated Math I Employment Standards questions should be directed to Scott.Eddins@tn.gov.
- CLEP Exam information and registration are available on the College Board website ([here](#)).
- ETS Praxis assessments, qualifying scores, and registration for current Tennessee assessments are available [here](#).
- General educator licensure questions should be directed to Educator.Licensure@tn.gov.
- National Evaluation Series assessments, qualifying scores, and registration for current Tennessee assessments are available [here](#).

Emergency Credentials

Permit and Waiver Overview (*See 2021-22 update on pg.14)

Permits and waivers are emergency credentials issued on an academic year basis, from July 1—June 30, enabling districts to fill critical vacancies for which an appropriately licensed and endorsed educator could not be recruited. Waivers enable placement of a licensed educator in courses outside of the educator’s area of endorsement, and permits enable a placement of an unlicensed individual in a teaching role in the event that an appropriately licensed and endorsed educator cannot be recruited, and when all criteria are met.

Emergency credential applications for state-identified shortage areas may be evaluated on a case by case basis. In reviewing a permit or waiver request, the commissioner may consider individuals’ previous work experience, postsecondary coursework, degrees held, and relevant experience in the subject area for which the emergency credential is requested.

Targeted Recruitment Strategy

Districts must submit documentation of a targeted recruitment strategy for the position or shortage areas in which emergency credentials are requested. Documentation of a recruitment strategy includes, but is not limited to:

- a. partnerships with educator preparation providers (EPPs) and/or recruitment at EPPs (e.g.; documentation of communication about the vacancy and/or shortage areas, participation at job fairs, advertisements at the EPP, etc. with dates of communication/engagements);
- b. advertisements with documented posting/publication dates (newspaper advertisements are not required); **and**
- c. recruitment campaigns (with documentation of campaign dates)

See [District Recruitment Strategies](#).

Permit and Waiver Restrictions

When the position requires a separate license, not just endorsement (e.g., the Instructional Leadership License), the commissioner may not waive licensure ([T.C.A. § 49-1-201](#)).

In accordance with [Every Student Succeeds Act](#) guidelines, beginning with the 2017-18 school year, states may no longer issue emergency credentials (i.e., permits and waivers) to educators who will teach courses that require a special education endorsement. Effective Sept. 1, 2017, all special education teachers must hold a full, valid license with the appropriate endorsement for the courses to which they will be assigned.

The following endorsements are impacted by this regulation:

Special Populations Endorsement	Endorsement Code
Early Development and Learning pre-K-K	468
Special Education Comprehensive K-12	461
Special Education Early Childhood pre-K-3	459
Special Education Gifted pre-K-12	466
Special Education Hearing pre-K-12	463
Special Education Interventionist 6-12	145
Special Education Interventionist K-8	144
Special Education Vision pre-K-12	462

See [Provisional Special Education Endorsements](#).

* In light of COVID-19, the Commissioner will temporarily relax the department's internal requirements for approval of permits and employment standard waivers **during 2021-22 academic year**. Specifically, unlicensed educators and educators seeking to teach more than two sections of a course outside their area of endorsement must hold a bachelor's degree and the district must demonstrate that they have engaged in recruitment efforts and were unable to hire a properly licensed educator for the vacant position.

In accordance with the passage of HB0528/SB1133, which amends TCA Section 49-5-106, this option may now be used to teach any course or subject area (except for special education courses in grades K-12 as prohibited by federal law) beginning in the 2021-22 school year, including courses in which an end of course exam is administered and elementary physical education courses.

Additional details regarding permits and waivers can be found below. Please note that applications for the 2021-22 academic year will be released prior to the application window opening on July 1, 2021.

Please note that this flexibility will only be in place for the 2021-22 academic years and we will return to previous requirements for the 2022-23 academic year. If you have any questions, please contact Eric.Olmstead@tn.gov.

Employment Standards Waivers (Employment Exemptions)

Per State Board of Education [Educator Licensure Policy 5.502](#), an educator with a valid teaching license may teach up to two (2) sections of one (1) course outside the educator's area of endorsement each school year, with the exception of courses in which a state-level end of course examination is required. **In order for an educator to teach more than on (1) course or more than two (2) sections of one (1) course outside the educator's area of endorsement, the director of schools shall submit a request for an endorsement exemption to the commissioner.**

See [District and School Endorsement Flexibility](#).

If the endorsement for which the waiver is requested may be [added by assessment only](#), the educator is eligible for a waiver for only one (1) year before qualifying assessment scores and an application to add the endorsement must be submitted to the department.

Waiver Application Criteria

District Criteria

Districts applying for a first, second, or third year waiver must provide documentation of:

- a. engagement in a [targeted recruitment strategy](#) for the position or shortage areas;
- b. affirmation of the director of schools that:
 - i. the waiver is requested to fill a vacant, high need, and mission-critical position
 - ii. the recruitment effort was unsuccessful; **and**
 - iii. the educator for whom the waiver is requested is the most qualified candidate for the position.

Districts are not required to hire an individual solely on the basis of holding an appropriate endorsement, which is just one component of being appropriately qualified. However, if a properly endorsed candidate is not selected, the district must document the following, and produce documentation upon request by the department (e.g., in the event that an individual challenges the need for issuance of a waiver) that includes:

- a. that the appropriately endorsed candidate was fully vetted through the interview process, or by virtue of past employment by the district; **and**
- b. that the district deemed the applicant unqualified, and the rationale for this determination.

Individual Criteria: First Year Waiver

The educator for whom the district is requesting a waiver must:

- a. hold a valid license;
- b. hold a current endorsement that is no more than two (2) grade levels outside of the grade-span of the endorsement for which the waiver is requested;

and

- c. obtained a degree in the content area, or successfully completed a minimum of 6 credit hours in the content area of the endorsement for which the waiver is requested (see [Academic Transcripts](#));

or

- d. earned qualifying scores on the required specialty area assessment(s) for the endorsement sought.

Individual Criteria: Second Year Waiver

The educator for whom the district is requesting a waiver must:

- a. hold a valid license;
- b. hold a current endorsement that is no more than two (2) grade levels outside of the grade-span of the endorsement for which the waiver is requested;

and

- c. earned qualifying scores on the required specialty area assessment(s) (see [Professional Assessments](#));

or

- d. is enrolled and on-track, in an [approved educator preparation program](#) leading to the endorsement for which the waiver is requested.

Individual Criteria: Third Year Waiver

The educator for whom the district is requesting a waiver must:

- a. hold a valid license;
- b. hold a current endorsement that is no more than two (2) grade levels outside of the grade-span of the endorsement for which the waiver is requested; **and**
- c. The educator is enrolled and on-track in an [approved educator preparation program](#) leading to the endorsement for which the waiver is requested, and may complete program requirements during the third year on a waiver.

As a reminder, emergency credential applications for state-identified shortage areas may be evaluated on a case by case basis. In reviewing a permit or waiver request, the commissioner may consider individuals' previous work experience, postsecondary coursework, degrees held, and relevant experience in the subject area for which the emergency credential is requested. In the event that an individual does not meet the criteria above, the district may provide a rationale for why the individual recommended for the emergency credential is the most qualified candidate, for the commissioner's consideration.

See [Employment Standards Waiver Application](#)

Permits to Teach

T.C.A. § 49-5-106 (a) (1) Whenever any director of schools and the chair of the respective board of education certify to the commissioner of education that the school system is unable to secure a qualified teacher with a valid license for the type and kind of school in which a vacancy exists, the commissioner may grant, on behalf of the state board of education, under conditions prescribed in its [rules and regulations](#), a permit to teach in the unfilled position to a person recommended by the director of the respective local school district and approved by the commissioner, which permit shall be valid only until June 30 following the date of issuance.

(2) The permit may be renewed by the commissioner on conditions prescribed by the state board of education in its rules and regulations, upon the recommendation of the director of schools of the local school district and when the director and the chair of the respective board of education certify that the school system is unable to secure a qualified teacher with a valid license for the type and kind of school in which a vacancy exists.

(c) A local school district board of education may contract with a teacher holding a permit, but not holding a valid license, only for such period of time for which the respective board of education is unable to secure a qualified teacher with a valid license for the type and kind of school.

(c) It is the intent of the general assembly to urge local boards of education and their respective directors of schools to make every effort to staff kindergarten through grade twelve (K-12) teaching positions with personnel fully licensed and endorsed for those grades.

Educator Licensure [Rules of the State Board of Education 0520-02-03-.12 Permits.](#)

- (1) In accordance with T.C.A. § 49-5-106, the Commissioner may grant a temporary teaching permit to an individual who does not hold an active Tennessee educator license under the conditions set forth in this rule.
- (2) The charter school leader or the director of schools and the chair of the local board of education shall certify to the Commissioner that the LEA or charter school is unable to secure a qualified teacher with a valid license for the position in which a vacancy exists.
- (3) The LEA or charter school shall provide evidence of a targeted recruitment strategy for the vacant position.
- (4) The director of schools or charter school leader shall recommend the individual for a teaching permit.
- (5) The recommended individual shall hold a minimum of a bachelor's degree.
- (6) If an individual indicates an affirmative answer on the personal affirmation section of the application for a permit, the individual shall show cause why the permit should be issued despite the individual's affirmative answers. The permit application of an individual who indicates an affirmative answer on the personal affirmation section of the application shall be sent to the State Board for review in accordance with State Board Rule 0520-02-03-.09 for a determination of whether the permit may be issued by the Commissioner.
- (7) If an individual teaching on a permit issued by the Commissioner is reported by a Director as described in State Board Rule 0520-02-03-.09 and the misconduct, if substantiated, would warrant disciplinary action under State Board Rule 0520-02-03-.09, the State Board may direct the Commissioner not to issue a subsequent permit to the individual upon expiration of the individual's current permit pursuant to T.C.A. § 49-5-106 and State Board Rule 0520-02-03-.09.
- (8) In reviewing a permit application for approval, the Commissioner may consider, but is not limited to, the

following:

- a. The individual's previous work experience;
 - b. The individual's postsecondary coursework and degrees held;
 - c. The individual's relevant experience in the subject area where the individual is seeking to teach; and
 - d. The individual's progress toward obtaining a Tennessee educator license.
- (9) Individuals with a teaching permit shall not teach a course in which a state-level end of course examination is required.¹
- (10) Each permit issued by the Commissioner shall be valid only until June 30 following the date of issuance.
- (11) An individual may be issued no more than three (3) permits. An individual shall meet the requirements set forth in this rule for each subsequent issuance of a permit.
- (12) An LEA or charter school may employ an individual holding a permit, but not holding a valid license, only for such period of time for which the LEA or charter school is unable to secure a qualified teacher with a valid license for the vacant position. The permit issued to an unlicensed individual is only valid for the school and LEA identified in the permit application submitted to the Department and shall not be used for any other purpose.
- (13) If an individual has had a permit application denied by the Commissioner pursuant to paragraph six (6) or seven (7) of this rule, the individual must indicate such on any future application for an educator license or permit in Tennessee.

¹ In accordance with the passage of HB0528/SB1133, which amends TCA Section 49-5-106, this option may now be used to teach any course or subject area (except for special education courses in grades K-12 as prohibited by federal law) beginning in the 2021-22 school year, including courses in which an end of course exam is administered and elementary physical education courses.

Permit Application Criteria

District Criteria

Districts applying for a first, second, or third year permit must provide documentation of:

- a. engagement in a [targeted recruitment strategy](#) for the position or shortage areas;
- b. affirmation of the director of schools that:
 - i. the permit is requested to fill a vacant, high need, and mission-critical position
 - ii. the recruitment effort was unsuccessful; **and**
 - iii. the individual for whom the permit is requested is the most qualified candidate for the position.

Individual Criteria: First Year Permit

The individual for whom the district is requesting a permit must:

- a. hold a bachelor's degree (see [Academic Transcripts](#));

and

- b. have obtained a degree in the content area or a minimum of 6 credit hours successfully completed in the content area of the endorsement for which the permit is requested (see [Academic Transcripts](#));

or

- c. have submitted qualifying scores on the required specialty-area assessment(s) for the endorsement sought (see [Professional Assessments](#)).

Individual Criteria: Second Year Permit

The individual for whom the district is requesting a permit must:

- a. hold a bachelor's degree (see [Academic Transcripts](#));

and

- b. have submitted qualifying scores on the required specialty-area assessment(s) (see [Professional Assessments](#));

or

- c. be enrolled and on-track, in an [approved educator preparation program](#) leading to endorsement in the area in which the permit is requested.

Individual Criteria: Third Year Permit

The individual for whom the district is requesting a permit must:

- a. hold a bachelor's degree (see [Academic Transcripts](#));

and

- b. be enrolled and on-track, in an [approved educator preparation program](#) leading to endorsement in the area for which the permit is requested, and may complete program requirements during the final year of the permit.

As a reminder, emergency credential applications for state-identified shortage areas may be evaluated on a case by case basis. In reviewing a permit or waiver request, the commissioner may consider individuals' previous work experience, postsecondary coursework, degrees held, and relevant experience in the subject area for which the emergency credential is requested. In the event that an individual does not meet the criteria above, the district may provide a rationale for why the individual recommended for the emergency credential is the most qualified candidate, for the commissioner's consideration.

See [Application for Permit to Teach](#)

District Recruitment Strategies

Before applying for a permit or a waiver, the department recommends that districts consider the following recruitment strategies to address vacancies.²

Short-term Strategies

1. Identify all endorsements which an educator may hold in order to be assigned to the vacant course(s) using the [Correlation of Course and Endorsement Codes](#) to inform the recruitment effort.
2. Determine if current district personnel are already eligible to teach in the area of need based on currently held endorsements, or if there are opportunities to develop current personnel to meet the staffing need.
 - a. Consider offering additional compensation to educators who are appropriately endorsed for teaching a heavier load for the short-term.
 - b. Review the [District & School Endorsement Flexibility](#) guidance, including the section on [teaching one course out of the area of endorsement](#), and evaluate currently available personnel to determine if any educators currently employed by the district may be eligible to cover the vacant course(s) based upon currently held endorsements.
 - c. Determine if any educators currently employed by the district may be eligible for an [Additional Endorsement Added by Content Assessments Only](#) in order to be appropriately endorsed in the area of the vacancy. Districts may consider providing financial support to cover the cost of registration for necessary content assessments to add an endorsement, which could help the district avoid a lengthy and potentially expensive recruitment process.
 - d. Identify paraprofessionals who hold a bachelor's degree and are currently employed by the district who may be interested in pursuing educator licensure. Educator licensure candidates may be eligible to enroll in an [educator preparation program](#) with job-embedded clinical practice.

Long-term Strategies and Resources

Forecasting

- Create a staffing plan based on data that helps forecast hiring needs as early as possible.
- Develop strong [partnerships with educator preparation providers](#) and establish two-way communication about expectations and needs. Share anticipated staffing demands with these providers

² Reference to any example resources, organizations, activities, products, or services does not constitute or imply endorsement by the Tennessee Department of Education.

as early as possible and frequently communicate to share information with them about the types of educators you struggle to find. In conversations with providers, consider recent graduates who may qualify for programs with job-embedded clinical practice based on their undergraduate major, or career-changers that may exist in the region or local community.

- Encourage early notification with financial incentives or days.

Recruitment

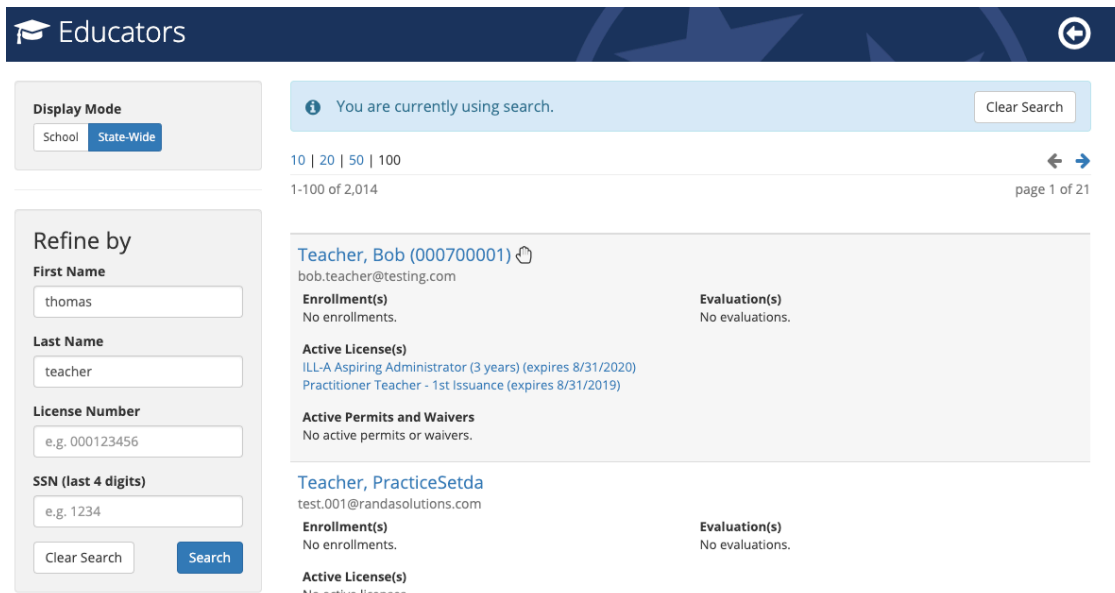

- Use [differentiated pay](#) to help with hard-to-staff subjects, grades, or schools.
- Utilize online options, such as k12jobspot.com to recruit potential educators as early as possible. Also, consider strategic placement of position announcements on the district website.
- Host or attend recruitment fairs.
- Have principals create a top 10 list of reasons “Why You Should Work at My School/District.”
- Offer recruitment/retention bonuses.
- Require a model lesson demonstration during the interview and selection process.
- Invest in a “grow your own” program
- Offer [Teaching as a Profession](#), a program of study designed for student interested in becoming an educator. Course content covers the components of instruction, teaching strategies, types of assessments, student learning, special populations, educational technology, classroom management, lesson planning, professionalism, and more. Upon completion of this program of study, students will have participated in an internship placement and built a professional portfolio in preparation for advanced training as future educators at the postsecondary level.
See also [Teaching as a Profession Marketing Materials](#) and [Early Childhood Education Marketing Materials](#).
- Train human resources personnel and appropriate district decision makers on the [district value proposition](#).

Priority Licensure Processing

Directors of schools may request priority processing of transactions for initial in-state and out-of-state licensure, and reactivation of Tennessee licenses. This request may be made in TNCompass, following the steps below.

Requests for Priority Processing

Step 1: Search for the individual in TNCompass.

The screenshot shows the 'Educators' search interface in TNCompass. On the left, there are filters for 'Display Mode' (School, State-Wide), 'Refine by' (First Name: thomas, Last Name: teacher, License Number: e.g. 000123456, SSN (last 4 digits): e.g. 1234), and search buttons. The main area shows search results for two individuals:

Name	Enrollment(s)	Evaluation(s)
Teacher, Bob (000700001) bob.teacher@testng.com	No enrollments.	No evaluations.
Teacher, PracticeSetda test.001@randasolutions.com	No enrollments.	No evaluations.

Additional details for 'Teacher, Bob (000700001)':
Active License(s)
 ILL-A Aspiring Administrator (3 years) (expires 8/31/2020)
 Practitioner Teacher - 1st Issuance (expires 8/31/2019)
Active Permits and Waivers
 No active permits or waivers.

Step 2: Navigate to the *Transactions* tab in the individual's profile and check the box next to the transaction for which you wish to request priority processing.

Licensure Preparation **Transactions**

Transactions

Transactions that are qualified to be marked as high priority are **Initial Teaching, Out of State, and Reactivate License**. Once the transaction has met all the criteria listed below, it can be marked as high priority.

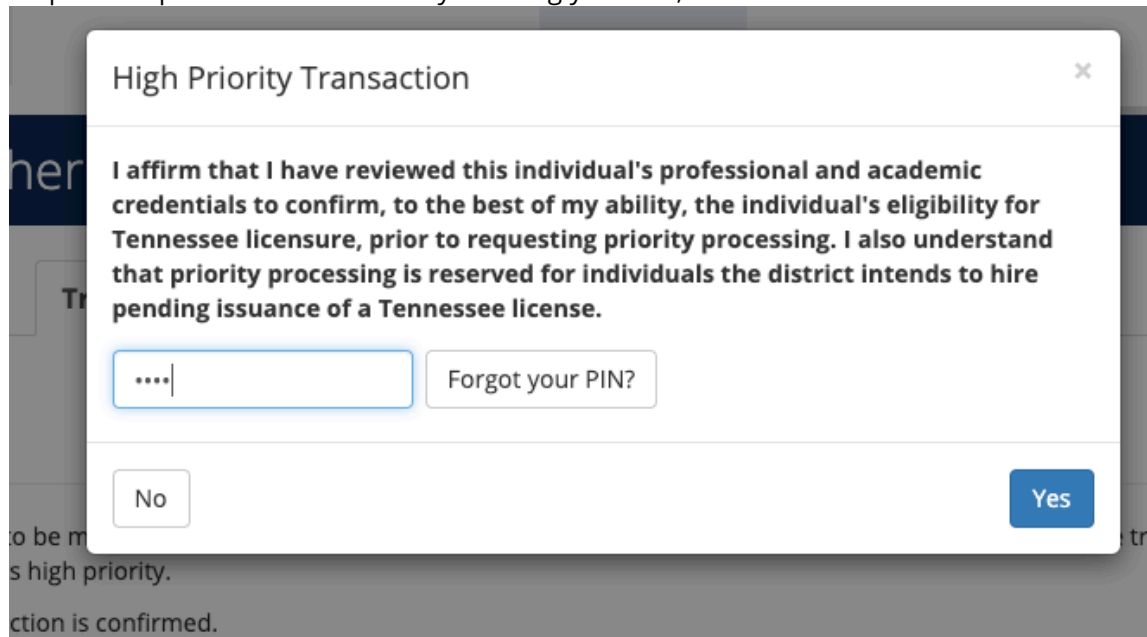

- All required fields have been completed and confirmed
- All required documentation is sent to the department and/or visible in TNCompass, including:
 - official transcripts from all institutions attended;
 - any out-of-state documentation (out of state license, verification of out-of-state program completion), if applicable;
 - any required assessment scores
- The transaction is fully-submitted and the transaction status is "Pending OELP Review."

High Priority	Transaction Type	License Type	EPP/Institution	Created	Submitted	Status
<input type="checkbox"/>	Initial Teaching License	Practitioner Teacher - 1st Issuance		5/13/2020 10:46:40 AM	5/13/2020 10:52:26 AM	Pending OELP review

Transaction Statuses

- **Not submitted** - The transaction has been started, but not submitted.
- **Waiting for personal affirmation** - The transaction has been submitted, but is waiting on the educator to complete the personal affirmation
- **Deleted** - The transaction has been deleted by the requester
- **Pending OELP review** - The transaction has been submitted and the affirmation completed
- **Approved** - The transaction has been approved by TDOE OELP
- **Deficient** - The transaction has been found to be deficient by TDOE OELP
- **Completed in MLO** - Review/actions done in external system
- **Closed with no action** - The license request has been closed by the Specialist without an issuance or deficiency
- **Deficient - Archived** - The transaction has been found to be deficient by TDOE OELP and was archived
- **Deficient - Resubmitted** - The transaction has been found to be deficient by TDOE OELP and was resubmitted
- **Waiting for information** - The transaction is pending processing by TDOE OELP but is waiting for information to become available

Step 3: Complete the affirmation by entering your PIN, and click Yes.

A high priority transaction is denoted by a blue check mark. If you no longer wish to have a transaction prioritized, please remove the high priority processing request by unchecking the box.

Licensure Preparation **Transactions**

Transactions

Transactions that are qualified to be marked as high priority are **Initial Teaching**, **Out of State**, and **Reactivate License**. Once the transaction has met all the criterias listed below, it can be marked as high priority.

- All elements in the transaction is confirmed.
- All data requirement per element (scores, transcripts, attachments, etc) is present.
- Transaction must be in Pending OELP Review.

High Priority	Transaction Type	License Type	EPP/Institution	Created	Submitted	Status
<input checked="" type="checkbox"/>	Initial Teaching License	Practitioner Teacher - 1st Issuance		5/13/2020 10:46:40 AM	5/13/2020 10:52:26 AM	Pending OELP review

Transaction Statuses

- **Not submitted** - The transaction has been started, but not submitted.
- **Waiting for personal affirmation** - The transaction has been submitted, but is waiting on the educator to complete the personal affirmation
- **Deleted** - The transaction has been deleted by the requester
- **Pending OELP review** - The transaction has been submitted and the affirmation completed
- **Approved** - The transaction has been approved by TDOE OELP
- **Deficient** - The transaction has been found to be deficient by TDOE OELP
- **Completed in MLO** - Review/actions done in external system
- **Closed with no action** - The license request has been closed by the Specialist without an issuance or deficiency
- **Deficient - Archived** - The transaction has been found to be deficient by TDOE OELP and was archived
- **Deficient - Resubmitted** - The transaction has been found to be deficient by TDOE OELP and was resubmitted
- **Waiting for information** - The transaction is pending processing by TDOE OELP but is waiting for information to become available

Postsecondary Educator Pathway to Licensure

Per [T.C.A. § 49-5-112](#), individuals who taught at an eligible postsecondary institution, as defined in § 49-4-902, may apply for licensure with an endorsement to teach grades 9–12 (nine through twelve) in the subject area in which they taught at the eligible postsecondary institution. The following secondary education endorsements may be added through the postsecondary educator (PSE) pathway:

Postsecondary Educator Endorsement	Endorsement Code
Agricultural Education 9–12 (PSE)	950
Agriscience 9–12 (PSE)	951
American Sign Language 9–12 (PSE)	970
Arabic 9–12 (PSE)	960
Biology 9–12 (PSE)	926
Business Education 9–12 (PSE)	952
Business Technology 9–12 (PSE)	953
Chemistry 9–12 (PSE)	927
Chinese 9–12 (PSE)	961
Early Child Care and Service 9–12 (PSE)	981
Earth Science 9–12 (PSE)	928
Economics 9–12 (PSE)	930
English 9–12 (PSE)	959
Family and Consumer Science 9–12 (PSE)	954
Food Production and Management 9–12 (PSE)	980
French 9–12 (PSE)	963
Geography 9–12 (PSE)	931
German 9–12 (PSE)	964
Government 9–12 (PSE)	932
Greek 9–12 (PSE)	965
History 9–12 (PSE)	933
Japanese 9–12 (PSE)	966
Latin 9–12 (PSE)	967
Marketing Education 9–12 (PSE)	958
Mathematics 9–12 (PSE)	925
Physics 9–12 (PSE)	929
Russian 9–12 (PSE)	968
Spanish 9–12 (PSE)	969
Speech Communication 9–12 (PSE)	946
Tech Engineering Education 9–12 (PSE)	982

PSE Application Requirements

Applicants for Tennessee educator licensure through the PSE pathway must submit all of the following documentation to the department.

Academic Transcripts

Official transcripts are required from all institutions attended. See [Academic Transcripts](#).

Professional Assessments

Submission of qualifying scores on all assessments required for licensure, in the subject area in which licensure is sought, are required prior to the issuance of the license. See [Professional Assessments](#).

Experience

Verification of experience at an eligible postsecondary institution that is accredited by a regional accrediting association, as defined by [T.C.A. § 49-4-902](#), as either:

- a. a full-time college professor or instructor for at least two (2) of the last five (5) years; **or**
- b. a part-time college professor or instructor, teaching at least one (1) course per semester, for at least three (3) of the last five (5) years.

Verification of experience must be sent directly to the office of educator licensure and preparation in an envelope sealed by the verifying institution.

Evaluation of Teaching

Documentation of at least three (3) years of teaching evaluations that rate the applicant as proficient or better in the subject area in which endorsement is sought are required. Teaching evaluations must:

- a. have been administered by the institution where the applicant taught;
- b. indicate a formal, summative evaluation of the educator at the time of employment;
- c. include an evaluation rating of proficient or better; **and**
- d. be submitted to the department in an envelope sealed by the institution issuing the evaluation.

If the institution does not use a formal rating system, the dean, director, or other direct supervisor of the applicant may verify the applicant's performance by submitting a letter to the department including:

- a. name and current title of the dean/director/other direct supervisor providing verification;
- b. title and role/relationship to the applicant at the time of the applicant's employment;
- c. applicant dates of employment;
- d. courses and subject area(s) taught by the applicant while employed by the institution;
- e. confirmation that the institution did not use a formal, summative evaluation process at the time of the applicant's employment; **and**
- f. verification of proficient or better teaching performance in the subject area during employment.

Letters must be submitted in an envelope sealed by the issuing institution to the office of educator licensure and preparation.

Provisional Special Education Endorsements

The State Board of Education approved an additional pathway for educators seeking to add a special education endorsement to their license. This pathway allows educators to teach in a special education classroom with a provisional endorsement, valid for three years while pursuing the relevant endorsement. District staff are able to view an educator’s license in TNCompass to determine if they hold a provisional endorsement. Beginning in the 2017-18 school year, licensed educators seeking to add a special education endorsement to a license may do so with a recommendation from an approved educator preparation provider verifying:

- a. Enrollment in a program of study for additional endorsement in the specialty area, **and**
- b. That the candidate will be assigned a mentor who is appropriately endorsed in the area in which the candidate is seeking additional endorsement.

Educator preparation providers (EPPs) will recommend educators for these provisional endorsements on behalf of the educator in TNCompass. During the three-year validity period of the endorsement, educators must complete a preparation program and submit qualifying scores on the required professional assessments. If an educator does not complete these requirements, the endorsement will become inactive. Educators who are completing traditional post-baccalaureate programs may continue to be issued the full endorsement upon completion of the program (additional mentoring requirements do not apply to these programs).

The following special education endorsements may be added through the provisional pathway:

Provisional Special Populations Endorsement	Endorsement Code
Provisional Early Development and Learning pre-K-K	199
Provisional Special Education Comprehensive K-12	195
Provisional Special Education Early Childhood pre-K-3	193
Provisional Special Education Gifted pre-K-12	198
Provisional Special Education Hearing pre-K-12	197
Provisional Special Education Interventionist 6-12	191
Provisional Special Education Interventionist K-8	190
Provisional Special Education Vision pre-K-12	196

New Mathematics 6-10 Endorsement

At the February State Board of Education meeting, the board created an endorsement in mathematics 6-10 (endorsement code 2002).

TNCompass has been updated to include the new endorsement code. The [course code management system](#) has been updated to reflect the courses to which an educator holding this endorsement is permitted to be assigned. In addition to middle grades mathematics courses, these educators will be permitted to teach secondary mathematics courses, including Algebra 1, Geometry, and Integrated 1 & 2).

Initial In-State Licensure

There are three pathways for in-state educator candidates to receive the mathematics 6-10 endorsement. Educator candidates completing approved programs in mathematics 6-10, as well as those completing programs in mathematics 6-8 and mathematics 6-12 may be eligible to receive the mathematics 6-10 endorsement, provided all criteria are met.

Candidates should communicate directly with their educator preparation provider about program requirements.

Professional-Level Out-of-State License

Educators who hold a professional-level license in a state other than Tennessee, with an endorsement no more than two grades outside of the 6-10 grade span, may receive the mathematics 6-8 and mathematics 6-10 endorsements upon initial licensure. Assessment scores (as indicated in [Professional Assessments for Educator Policy 5.105](#)) must be submitted prior to the expiration of the Practitioner 1st Issuance license.

Educators applying for licensure on the basis of holding an initial-level out-of-state license with an endorsement aligned to the Tennessee mathematics 6-8 or 6-12 endorsements are eligible to add the endorsement by assessment only.

Additional Endorsements

The [Additional Endorsements Added by Content Assessments Only](#) section has been updated to include the mathematics 6-10 endorsement.

Reactivation

Educators holding an expired license with endorsement in mathematics 6-12 (or have an expired mathematics 6-12 endorsement on an active license with another active endorsement) may provide qualifying scores (as indicated in [Professional Assessments for Educator Policy 5.105](#)) on the NES Middle and Secondary Mathematics assessment (105) to reactivate and receive the mathematics 6-10 endorsement in lieu of the mathematics 6-12 endorsement. Please note that licensure reactivation also requires proof of program completion, per state board [Educator Licensure Rule 0520-02-03](#).

Retired Educators: Limited Employment

T.C.A. §8-36-821. Employment as a teacher.

(a) Notwithstanding any provision of law to the contrary, any person **retired for at least one (1) year from the Tennessee consolidated retirement system**, from any superseded system administered by the state, or from any local retirement fund pursuant to chapter 35, part 3 of this title may accept employment as a kindergarten through twelfth (K-12) grade teacher without loss or suspension of retirement benefits under the following conditions:

1. The retired member holds any teacher's professional license or certificate as may be required in title 49, chapter 5;
2. The superintendent or director of schools of the employing school system **certifies in writing to the division of retirement and to the commissioner of education that the retired member has the requisite experience, training, and expertise for the position to be filled and that no other qualified persons are available to fill the position;**
3. The commissioner certifies in writing to the division that the employing school system serves an area that lacks qualified teachers to serve in the position to be filled;
4. The retired member shall not be entitled to tenure status as provided in title 49, chapter 5, part 5;
5. Such retired member shall not be eligible to accrue additional retirement benefits, accrue leave or receive medical insurance coverage as a result of such employment;
6. The retired member shall not receive automatic credit for years of experience in determining compensation; provided, that the salary paid to such retired member for performing the teaching services shall not be less than the rate of compensation set by the school system for teachers with no experience filling similar positions, nor shall such salary exceed eighty-five percent (85%) of the rate of compensation set by the school system for teachers with comparable training and years of experience filling similar positions. Once such compensation is set, the retired member shall not be entitled to supplements paid under the career ladder program; and
7. The retired member's appointment to serve as a teacher cannot exceed one (1) year. The retired member may be reappointed to additional one-year periods, provided the conditions contained in this section are met for each such reappointment, including the certifications required in subdivisions (a)(2) and (3).

(b) The provisions of this section shall not be construed to prohibit any retired member or prior class member of the Tennessee consolidated retirement system, or any retiree of a local retirement fund receiving benefits in accordance with chapter 35, part 3 of this title from returning to service temporarily in a position covered by the Tennessee consolidated retirement system pursuant to §8-36-805.

Application

The department supports districts in ensuring the most qualified educators are in classrooms. Retired educators should only be employed in emergencies. Prior to submitting the [Application for Limited Re-Employment of Retired Teachers](#), districts must engage in strategic recruitment efforts and vet all candidates fully. After completing the required member information and conditions of reemployment and certification sections of the form, the form must be sent to the office of educator licensure and preparation for verification of information and commissioner approval. Once fully completed, the original form should be submitted to the Tennessee Consolidated Retirement System with a copy to the director of schools to communicate approval or denial.

Conditions of Reemployment and Certification

- The retiree must have been retired for at least one year
- The retiree must possess a professional teacher's license
- The salary must be limited to 85 percent of system salary based on comparable training and experience
- Tenure must not be awarded
- The retiree to be appointed must have the requisite experience, training, and expertise

Certification by Director of Schools

The director of schools must certify that:

- a. the teacher to be reemployed is filling a vacant, high-need, mission-critical position [core academic, non-instructional leader] and is the most qualified candidate for the position;
- b. the school district has engaged in thorough, responsible, position-specific recruitment efforts to find appropriately-endorsed candidates for the position AND has been unsuccessful in those efforts;
- c. no other qualified person is available for employment in such position;
- d.** all conditions to be hired without loss of retirement benefits pursuant to Public Chapter 903, Acts of 2000 have been met; **and**
- e. the increased pension liability will be funded from Basic Education Program (BEP) allocations or other available funds.

Substitute Teachers: 20 days

Educators must hold a valid Tennessee teaching license to be teaching in a public school. Educators without a valid teaching license cannot be staffed or evaluated in TNCompass. Substitute teachers are allowed by law to serve in their position for 20 days without a license, after the 20th day they are required to hold a license.

T.C.A. § 49-5-403. Teachers -- Licenses required.

(a) No person shall be employed to teach in any public elementary or high school or receive payment for teaching out of the public funds of any school system until the person has received a license from the commissioner or state board of education.

(b) As used in parts 2, 4 and 7 of this chapter, "employ," and all derivatives of "employ," means to put to work in a position compensated from public funds, and shall not be construed to preclude election by the local board of education of a teacher prior to that teacher's having received a license, in accordance with the rules and regulations of the state board of education.

T.C.A. § 49-3-312. Substitute teachers.

(b) A substitute teacher substituting for a regular teacher on leave authorized for a period not exceeding twenty (20) consecutive teaching days is not required to possess a teacher's license.

(b) A substitute teacher who is a retired teacher is not required to continue to renew the teacher's license in order to work as a substitute teacher. The rate of compensation for a retired teacher without an active teaching license must not be less than the rate of compensation set by the LEA for a retired teacher with an active teaching license. This subsection (b) only applies to retired teachers who retired after July 1, 2011, through July 1, 2016.

ESSA-required 20-Day Parent Notification

In Tennessee, in accordance with the Every Student Succeeds Act (ESSA) of 2015, all Title I schools are required to provide timely notice to parents of students who have been assigned to or taught by a teacher, for four or more consecutive weeks, when the teacher does not meet applicable state licensure requirements (*including professional qualifications developed by the LEA in alignment with an approved charter or strategic waiver application*) at the grade level(s) and subject area(s) in which the teacher has been assigned (*ESSA Sec. 1112 (e)(1)(B)(ii)*). In Tennessee, notification requirements apply to all educators in all LEA schools/programs. Notifications must be made within 10 business days following the four consecutive weeks. In compliance with ESSA requirements, parents must be notified of a teacher's professional qualifications under the following circumstances:

Public LEAs

When students have been assigned or taught for four or more consecutive weeks by a teacher who does not meet applicable state licensure requirements at the grade level(s) and subject area(s) in which the teacher has been assigned.

Charter/Strategic Waiver LEAs

When students have been assigned or taught for four or more consecutive weeks by a teacher who does not meet LEA professional qualification requirements in alignment with approved state licensure requirements for special education teachers at the grade level(s) and subject area(s) in which the teacher has been assigned. It is possible for a teacher to meet charter/strategic waiver LEA professional qualification requirements and not meet in-field requirements. In this circumstance, 20 Day Notification is not required.

- *Clearance certificate requirements are not subject to 20 Day Notification.*
- 20-day notifications are not required for paraprofessionals and substitute teachers.
 - Paraprofessionals: ESSA does not include paraprofessionals as educators for whom 20-day notifications must be sent.

In Tennessee, notifications must occur within 10 business days following the four consecutive weeks and, for verification purposes, notifications must contain:

- Day/month/year of notification
- Name of the teacher who has not met professional qualification requirements
- Name of the LEA and/or school/program
- Statement that the teacher has not met state certification OR LEA charter/strategic waiver professional qualification requirements for the grade level(s) and/or subject area(s) in which the teacher is assigned. Grade level and/or subject area must be identified.

In Tennessee, notification requirements apply to ALL educators in all LEA schools/programs. The LEA must maintain records of notifications that meet the above requirements.

Best Practices for 20-Day Parent Notification

ESSA does not prescribe the exact method of dissemination for notifications. In Tennessee, the following are considered best practices when notifying parents; a sample is provided on the following page.

- Develop written procedures for compliance which include a timeline and person, by position, responsible for verifying notification content, verifying dissemination of notification, and maintaining notification documentation.
- Notify parents in a format such that all parents have the opportunity to receive the information.
- Notify parents, to the extent practicable, in a language that they may understand.
- Ensure the notification includes a point of contact information by position, school/program, or LEA name.

Parent Notification Letter Template

To be issued if a teacher has taught a student for four or more consecutive weeks and does not meet state and/or LEA professional qualifications.

[Print on Letterhead]

[Month, Day, Year]

Dear Parent(s)/Legal Guardian(s):

In Tennessee, in accordance with the Every Student Succeeds Act (ESSA) of 2015, all Title I schools are required to provide timely notice to parents of students who have been assigned to or taught by a teacher, for four or more consecutive weeks, when the teacher does not meet applicable state licensure requirements at the grade level(s) and subject area(s) in which the teacher has been assigned. *ESSA Sec. 1112 (e)(1)(B)(ii)*

We are notifying you that your child's [insert grade-if applicable-and course] teacher, [educator name], does not meet state and/or district professional qualifications. [Insert name of LEA or school] is working with this teacher to ensure that the necessary steps are taken in order to meet these requirements.

[Insert educator name] has [insert qualifications, such as the name of the degree the teacher earned and the college from which it was earned] and has taught in a local school for [insert number, if relevant] years.

We will closely monitor this class to ensure students are receiving adequate instruction. However, if you have additional questions or concerns about your child's educational progress or teacher, you may contact me.

Sincerely,

Name, Title

Screening Licensed and Non-Licensed Applicants

For over 25 years, the National Association of State Directors of Teacher Education and Certification (NASDTEC) has helped keep students safe by maintaining the [NASDTEC Educator Identification Clearinghouse](#). *The Clearinghouse* is used by the educator certification/licensure agencies in all 50 states, the District of Columbia, Department of Defense schools, and U.S. Territories (except Puerto Rico) to screen out-of-state licensure applicants to identify those who have had an adverse action taken against their certificates. The Clearinghouse is now available to local school districts as well.

Since most adverse actions taken against an educator's license are not prosecuted as criminal offenses, the educator's misconduct may not show up in a traditional criminal background check. By including the Clearinghouse in its screening of licensed and non-licensed applicants, a school district can make more fully informed hiring decisions. A brief overview video about *The Clearinghouse* is available [here](#).

Employment Standards

Employment standards are outlined in the [Rules of the State Board of Education Chapter 0520-02-06](#), excerpts of which appear in the following section, with relevant additional resources below. Per 0520-02-06-.01:

- (1) A teacher or principal shall hold a valid Tennessee teacher license with an endorsement covering the work assignment as provided in T.C.A. Title 49, Chapter 5.
- (2) Employment standards identified in this Rule outline the requirements for certain school and district level positions not covered by an endorsement area.
- (3) The Department of Education may provide additional endorsement flexibility as appropriate.

See also [District and School Endorsement Flexibility](#).

Algebra I

0520-02-06-.02

- (1) A teacher with a professional license may teach Algebra I at any grade level if they have:
 - a. An endorsement to teach at least through grade eight (8);
 - b. A passing score on the Middle School Mathematics Praxis **or** Pearson NES Mathematics Middle Grades and Early Secondary assessment; **and**
 - c. Successful completion of a state-approved training **or** a passing score on a supplemental assessment in the content area approved for this purpose by the department of education.

See also [End-of-Course Exam Compliance](#).

Gifted Education

0520-02-06-.02

- (2) (a) A general education or special education teacher providing direct instruction to a student identified as intellectually gifted, in accordance with the student's individualized education program (IEP), shall meet the following employment standards:
 1. Hold a valid Tennessee Teaching license with an endorsement in a general education area or special education area; **and**
 2. Meet one (1) of the following criteria:
 - (i) Hold an endorsement in gifted education;
 - (ii) Provide gifted services under the supervision of a gifted consulting teacher that meets the requirements of this rule;

- (iii) Complete a minimum of six (6) semester hours in gifted coursework from a state board approved educator preparation program, or from an educator preparation program approved by a state other than Tennessee; or
 - (iv) Complete a gifted education training program recognized by the department of education.
- (b) Individuals serving as a consulting teacher in gifted education are responsible, either through direct instruction or supervision, for implementation of IEPs for gifted students. All consulting teachers in gifted education shall hold a valid Tennessee teaching license with an endorsement in gifted education.
- (c) Individuals serving as a gifted education coordinator in special or general education shall meet one (1) of the following employment standards:
- 1. Hold a valid Tennessee Teaching license with an endorsement in a gifted education;
 - 2. Hold a valid Tennessee teaching license and complete six (6) semester hours in gifted education from a State Board approved educator preparation program or from an educator preparation program approved by a state other than Tennessee; **or**
 - 3. Hold a valid Tennessee Instructional Leader License.
- (d) Individuals serving as a gifted education coordinator in special or general education shall not serve as a consulting teacher in gifted education unless they meet the requirements of a consulting teacher in gifted education under this rule.

Personal Finance

0520-02-06-.02

- (3) (a) **A teacher of personal finance** shall hold a valid secondary or K-12 Tennessee teacher license and shall meet one (1) of the following requirements:
- 1. Complete a minimum of fourteen (14) clock hours of training on use of the state adopted Personal Finance standards provided by:
 - (i) The department of education; or
 - (ii) A department of education-approved organization or institution of higher education; or
 - 2. Hold an active endorsement in economics, business, marketing, or family and consumer science.

Instructional Supervisors

0520-02-06-.03

- (1) A supervisor of instruction shall:
- (a) Hold a valid Tennessee instructional leader license or professional administrator license; or
 - (b) Hold an advanced degree and a valid Tennessee teacher license with endorsement in the area for which they will be an instructional supervisor.

Special Education Supervisors

0520-02-06-.03

- (2) A supervisor of special education shall:
 - (a) Hold a valid Tennessee instructional leader license or professional administrator license and shall have three (3) years of experience with programs for children with disabilities; or
 - (b) Hold an advanced degree and a valid Tennessee teacher license with endorsement in at least one (1) area of special education and shall have three (3) years of experience with programs for children with disabilities.

Career and Technical Education (CTE) Directors

0520-02-06-.03

- (3) A CTE director shall:
 - (a) Hold an instructional leader license or a professional administrator license; or
 - (b) Hold a bachelor's degree with a major in career and technical education with:
 - 1. At least three (3) years of teaching experience in an approved CTE program; and
 - 2. At least two (2) years in an industry-related field.

School Nutrition Program Directors

0520-02-06-.03

- (4) (a) School nutrition program directors hired on or after July 1, 2015, shall complete at least eight (8) hours of food safety training either not more than (5) years prior to the employee's start date or within thirty (30) days of the employee's start date and shall meet the criteria listed in State Board of Education [Employment Standards Chapter 0520-02-06-.03](#).

Educational Assistants

0520-02-06-.04

- (1) Educational assistants shall, at a minimum, have a high school diploma, GED, or HiSet equivalent, and shall show demonstrable proficiency in reading and writing skills.
 - (a) Educational assistants who have completed one (1) or more years of college shall be given preference in employment.
 - (b) Educational assistants shall only be employed in nonteaching positions and shall be subject to direct supervision of licensed teachers when directly involved in the instructional program
 - (c) If a licensed teacher to whom an educational assistant has been assigned is required to be absent from the classroom, the educational assistant may assume responsibility for the classroom in lieu of a substitute teacher. However, no additional assistant shall assume responsibility for the classroom for more than three (3) consecutive school days.

Educational Interpreters

0520-02-06-.04

- (2) All individuals employed by LEAs or charter schools to provide educational interpreting for students who are deaf, deaf-blind, or hard of hearing must hold a valid Tennessee School Services Personnel license with the appropriate endorsement or must meet the following employment standards:
 - (a) All non-licensed educational interpreters employed by an LEA or charter school prior to January 1, 2021, shall satisfy the following requirements by January 1, 2021:
 1. Obtain a passing score on the written portion of the Educational Interpreter Performance Assessment (EIPA); and
 2. Obtain a minimum score of 3.0 on the performance assessment portion of the EIPA.
 - (b) All non-licensed educational interpreters employed by an LEA or charter school on January 1, 2021 or after, shall satisfy the following requirement:
 1. Hold at a minimum an associate's degree;
 2. Obtain a passing score on the written portion of the EIPA; and
 3. Obtain a minimum score of 3.0 on the performance assessment portion of the EIPA.
 - (c) Compensation of non-licensed individuals providing educational interpreting shall be determined by the LEA or charter school and shall take into consideration the level of preparation, training, and work requirements.

Speech-Language Teachers

0520-02-06-.04

- (3) A school speech-language teacher hired by an LEA or charter school to work under the direction of a school speech-language pathologist shall hold a school services personnel license with a speech-language teacher endorsement.

Speech-Language Pathology Assistants and Aides

0520-02-06-.04

- (4) All non-licensed speech-language pathology assistants or speech-language pathology aides shall work under the supervision of a licensed speech-language pathologist. All non-licensed speech-language pathology assistants or speech-language pathology aides employed by an LEA or charter school on January 1, 2021 or after shall hold a valid speech language pathology assistant certification issued by the Tennessee Board of Communication Disorders and Sciences.

District & School Endorsement Flexibility

Teaching One Course Out of Area of Endorsement

Employment standards are outlined in the [Rules of the State Board of Education Chapter 0520-02-06](#), excerpts of which appear in the following section, with relevant additional resources below. Per 0520-02-06-.01:

- (1) A teacher or principal shall hold a valid Tennessee teacher license with an endorsement covering the work assignment as provided in T.C.A. Title 49, Chapter 5.
- (2) Employment standards identified in this Rule outline the requirements for certain school and district level positions not covered by an endorsement area.
- (3) The Department of Education may provide additional endorsement flexibility as appropriate.

Flexibility – Grade Span of Endorsement/In School

Tennessee districts and schools may exercise limited flexibility according to the following table:

Grade-level of Endorsement Held	Flexibility to Teach
Pre-K-3	Any course in grade 4 in a school that includes grade 3
K-5	Any course in grade 6 in a school that includes grade 5
6-8	Courses in grade 5 in the same content area as the 6-8 endorsement
6-12	Courses in grade 5 in the same content area as the 6-12 endorsement
7-12	Courses in grades 5 and 6 in the same content area as the 7-12 endorsement

Endorsement areas and grade spans not listed in this table are ineligible for flexibility (e.g.; an educator who holds an endorsement in grades 4-8 may not also teach grade 3).

Additional Endorsements

Educators with a full and valid license may add additional endorsements through one (1) of the following options:

- (a) Option 1:
 1. Complete an additional endorsement program from a State Board-approved educator preparation provider
 2. Be recommended by the approved educator preparation provider; and
 3. Submit qualifying scores on all required content assessments as defined in the [Professional Assessments for Tennessee Educators Policy \(5.105\)](#).

(b) Option 2

1. Complete an additional endorsement program from an educator preparation provider approved by a state other than Tennessee;
2. Be recommended by the approved educator preparation provider using the [Out-of-State Verification of Completion](#) form; and
3. Submit qualifying scores on all required content assessments as defined in the [Professional Assessments for Tennessee Educators Policy \(5.105\)](#).

(c) Option 3:

1. Hold a qualifying current or retired endorsement, as determined by the department, on an active educator license from a state other than Tennessee; and
2. Submit qualifying scores on all required content assessments as defined in the [Professional Assessments for Tennessee Educators Policy \(5.105\)](#).

(d) Option 4:

1. Hold a qualifying current or retired endorsement, as determined by the department, on an active Tennessee educator license; and
2. Submit qualifying scores on all required content assessments as defined in the [Professional Assessments for Tennessee Educators Policy \(5.105\)](#).

See Additional Endorsements Added by Assessment Only in the next section.

Additional Endorsements Added by Assessment Only

Educators may apply for additional endorsements by content assessments only for each endorsement an educator is seeking to add if all the criteria below are met. Educators who are eligible to apply for an additional endorsement by content assessments only:

1. have completed an approved educator preparation program;
2. hold an active Tennessee educator license; **and**
3. have obtained qualifying scores on all state-required content assessments that are:
 - a. submitted to the department directly by the assessment administrator (e.g., ETS or Pearson);
 - b. the assessments and scores required at the time of application for the additional endorsement (qualifying scores on assessments no longer used may not be used for the purpose of adding endorsements by assessment only); **and**
 - c. no more than five years old at the time of application for additional endorsement.

The following table lists endorsements that may be added by assessments only. Educators seeking an additional endorsement not listed in the table below must receive a recommendation from an approved educator preparation provider verifying that the requirements for completion of an approved additional endorsement program are met. Educators who completed an approved program of study in a state other than Tennessee must upload an [Out-of-State Verification of Completion](#) form as an attachment in TNCompass to support an application for additional endorsement.

Experience and Staffing

Experience Verification

Experience earned by teaching in a Tennessee public school is entered electronically in TNCompass by the district at the end of each school year. It then appears under the *Experience* section on the *Licensure* tab under the educator profile in TNCompass.

In the event that experience must be verified for the purpose of licensure advancement prior to the annual district update in TNCompass, or if data was incorrectly reported for previous years, educators may request that the district complete the [Experience Verification Form](#). Once completed by the district, the educator must upload the form to their educator profile in TNCompass on the *Licensure* tab, as an attachment.

Experience documented on this form may be accessed by a licensure specialist, in the event that experience documentation is required, in order to process a licensure transaction. Information provided on this form does not change the reported experience in TNCompass and this information will not populate the experience section of the TNCompass educator profile. However, the department recommends that any additional experience added via this form is considered by districts when calculating current salary, as per district policy.

Staffing Assignments

Staffing changes, including changes to the historical staffing record, must be completed at the district level by a user with evaluation administrator or superintendent designee permissions. Educators with inaccuracies in their staffing records must reach out to the district for these corrections. Updates to staffing must be completed at the district level by a user with evaluation administrator or superintendent designee permissions. The department does not make changes to historical staffing records. Staffing assignments, including historical staffing changes, will not be reflected in the experience record.

Appendix

2021-22 Permit and Waiver forms will be available by July 1, 2021.
