## AMENDMENT ONE OF CONTRACT 69906

This Amendment is made and entered by and between the State of Tennessee, State of Tennessee, State Insurance Committee, Local Education Insurance Committee, and the Local Government Insurance Committee, hereinafter referred to as the "State" and BlueCross BlueShield of Tennessee, Inc., hereinafter referred to as the "Contractor." For good and valuable consideration, the sufficiency of which is hereby acknowledged, it is mutually understood and agreed by and between said, undersigned contracting parties that the subject contract is hereby amended as follows:

- 1. Contract section A.9.b. is deleted in its entirety and replaced with:
  - A.9.b. [REMOVED]
- 2. The following is added as Contract section A.4.p.
  - A.4.p. Benefits Administration and the Contractor shall document and agree to, In Writing, the tasks, processes, functions and responsibilities of the Contractor related to the requirements of Public Law 116-260 (the Consolidated Appropriations Act of 2021) and 85 Federal Register 72158 (Transparency in Coverage).
- 3. The following is added as Contract section C.15.
  - C.15 Compensation Disclosure. All indirect or transactional arrangements that result in payment or compensation to the Contractor must be approved by the State In Writing, upon a review and determination that the arrangement benefits the State or plan Members. Approval of such arrangements shall be based upon a full explanation of the services provided, compensation received by the Contractor, and regular reporting, no less than annually, related to the services and compensation. The Contractor shall submit an annual disclosure detail statement of all financial and compensation arrangements including but not limited to direct, indirect, transactional, spread, incentive, fee, and other forms of compensation, within sixty (60) days prior to the end of the year for the subsequent calendar year. The annual disclosure detail statement shall be updated and submitted to the State within sixty (60) days of any changes throughout the year.
- 4. Contract Attachment C, item #6 is deleted in its entirety and replaced with:
  - 6. [REMOVED]
- 5. Contract Attachment D is deleted in its entirety and replaced with the following:

Below is the SLA Scorecard and associated KPIs used to measure the Contractor's performance against the desired outcomes. KPIs listed in Table A shall be evaluated, scored, and reconciled quarterly via the SLA Scorecard with relevant documentation. Contractor must submit the SLA Scorecard each calendar quarter documenting the Contractor's outcome for each of the KPIs for the previous quarter, in which services were delivered. KPIs listed in Table C will be evaluated by the State quarterly, if needed. In both cases, the State will determine, and may assess, any At-Risk Performance Payments.

It is agreed by the State and the Contractor that any At-Risk Performance Payment assessed by the State shall be due and payable to the State within forty-five (45) calendar days after Contractor receipt of the Invoice containing an assessment of fees at risk. If payment is not made by the due date, the At-Risk Performance Payment amount may be withheld from future payments by the State without further notice.

Use the following for the quarterly calculations – the Contractor will fill in the Quarterly Score column for each individual KPI. If the individual KPI does not apply for the reported quarter, place 'n/a' in the Quarterly Score column. The total possible score will be adjusted accordingly. The State will calculate the Total Quarterly Score using the following formula: Quarterly Score divided

by total possible quarterly score multiplied by 100%. The At-Risk Performance Payment will be determined by this percentage (see table B below).

Unless otherwise directed by the State, the Contractor shall use the default definitions for urban, suburban, and rural areas. Unless otherwise directed by the State, the Contractor shall use the approved data analysis, report format, and Tennessee ZIP code list provided by the State prior to each reporting period.		
Justification	The Contract requires minimum access standards and without those, Members do not have access to providers within the access standards and therefore the potential to go without medical services and increased financial hardship. This assessment and amount take into account the State's increased staff time for Member inquiries, resolution of additional Member issues, and increased legislative inquiries.		
Measurement	Compliance report is the quarterly Geographic Access Analysis submitted by the Contractor.  Measured, reported, reconciled, and assessed quarterly.

Assessment	Seventy-Five thousand dollars (\$75,000) if any of the above listed standards is not met, either individually or in combination. For purposes of measuring compliance with the access standards delineated in this liquidated damage, the Contractor shall provide the State with a Geographic access report of provider access for urban, suburban, and rural areas. Unless otherwise directed by the State, the Contractor shall use the default definitions for urban, suburban, and rural areas. Unless otherwise directed by the State, the Contractor shall use the approved data analysis, report format, and Tennessee zip code list provided by the State prior to each reporting period.			

Justification	The Contract requires minimum access standards and without those, Members do not have access to providers within the access standards and therefore the potential to go without medical services and increased financial hardship. This assessment and amount take into account the State's increased staff time for Member inquiries, resolution of additional Member issues, and increased legislative inquiries.
Measurement	Compliance report is the quarterly Geographic access Analysis submitted by the Contractor. Measured, reported, reconciled and assessed quarterly.

Required Approvals. The State is not bound by this Amendment until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).
