

Designer Recommendations

Project: TCAT - Crump Plumbing and Life Safety Updates
 Category: Minor (Direct Solicitation)
 Total Budget: \$800,000
 MACC: \$550,000
 Designer Fee: \$52,419
 SBC Project No: 166/084-02-2023
 SBC/OSA Approval: 07/10/2023

Replace/modify failing septic field at the main campus, including soils testing/analysis, site clearing, and all related work.

1. Mid South Engineering Consultants LLC

This firm submitted the most relevant and recent project examples related to septic system design. The firm and its listed projects are in west Tennessee. The proposed team is large and includes engineers experienced in wastewater treatment design. All the proposed staff are in-house; no outside consultants were listed.

2. CTI Engineers, Inc.

This firm has experience with wastewater systems, including projects at TTU and Chattanooga State. The listed projects were similar in scope, although two were done 7-8 years ago.

3. HFR Inc.

Three projects were listed by the firm’s wastewater consultant, all similar in scope but smaller in size. The Designer has experience with TBR projects. The consultant is proposed as the wastewater technical expert. Cost estimating and MEP consultants are also included.

A total of 3 firms submitted Qualification Statements for this project:

Firm Name	Location
CTI Engineers, Inc.	Nashville
HFR Inc.	Nashville (Brentwood)
Mid South Engineering Consultants LLC	Memphis (Collierville)
