In 2001 three homes in West Tennessee were leased by the private service providers of Mental Retardation Services from Hearthwood Properties, LLC. At the same time the West Tennessee Regional Mental Retardation Services Director guaranteed that the State would honor the leases if the service providers defaulted. In 2006 the Jackson services provider (a Michigan corporation) went out of business, leaving the Jackson home vacant. Back rent has been accruing. It was determined that the State's best option was to purchase and use the three homes. A price of \$650,000 was negotiated with Hearthwood for all three properties and forgiveness of all back rent. The source of funding will be Mental Retardation Services current operating funds. Fred Hix answered questions about the transaction. Staff referred to Sub-Committee with recommendation.
