- (3) Retention

This policy outlines the promotion and retention guidelines for students in grades kindergarten through eight (K-8). Each Local Education Agency (LEA) shall adopt a local promotion and retention policy in compliance with this policy.

- (1) Promotion
 - (a) The academic program implemented in each school shall be designed to help students achieve the expectations of the grade-level State Board of Education-approved Tennessee Academic Standards and meet the requirements for promotion to the next grade.
 - (b) Promotion to the next grade level shall be based on the successful completion of required academic work or demonstration of satisfactory progress in each of the relevant academic areas.
 - (c) Pursuant to T.C.A. § 49-6-3106, a local board shall submit to the State Board for approval any local policy adopted for determining the competency of students who have completed kindergarten to advance directly to grade two (2).
 - (d) Pursuant to T.C.A. § 49-6-3115, a student in the third (3rd) grade shall not be promoted to the next grade level unless the student has shown a basic understanding of the curriculum and the ability to perform the skills required in the subject of reading as demonstrated by the student's grades or standardized test results. However, such student may be promoted if the student participates in an LEA-approved, research-based intervention prior to the beginning of the next school year.
 - (e) Schools shall identify students who demonstrate difficulty in achieving the requirements for promotion to the next grade level and therefore may be considered for retention by February 1. However, a student may be identified for retention after February 1 if such retention is pursuant to a lawfully adopted local board policy that identifies limited situations in which students may be identified for retention.
 - (f) Factors used to identify students who may be considered for retention shall, at a minimum, include:

The school shall develop and implement an individualized promotion plan to help the student avoid retention. The individualized promotion plan shall be developed in coordination with the student's teachers and may also include input from the student's parents, school counselor, or other appropriate school personnel. All promotion plans shall include evidence-based promotion strategies and shall be tailored to the student's learning needs. Each promotion plan shall also include expectations and measurements that can be used to verify that a student has made sufficient progress to be promoted to the next grade level. Evidence-based promotion strategies may include:
