1. **Purpose**

T.C.A § 49-13-111(q) requires the governing body of a charter school to conduct an annual board training. The training course(s) shall be certified by the Tennessee Charter School Center (TCSC) and approved by the State Board.

State Board rule 0520-14-01-.07 contains the information required to be collected by the TCSC for use in reviewing courses for certification and subsequent recommendation for approval to the State Board. Additionally, the rule contains the required number of annual training hours for new and experienced governing body members and the timeline for completing the annual training. Governing body members may establish compliance with the required training hours through one course meeting the minimum credit hours or multiple courses meeting the minimum training hours. Completed training courses are valid for only one (1) year. The TCSC shall inform the respective charter school authorizers of each governing body's completion of the training requirements. Charter school authorizers shall be responsible for monitoring compliance for their authorized charter schools.

This policy lists the training courses that are certified by the TCSC, approved by the State Board, and available for use by charter school governing bodies to meet the training requirements under T.C.A. § 49-13-111(q) and State Board rule 0520-14-01-.07.
