
Repeal Charter School LEA Policies

The Background:

Pursuant to T.C.A. § 49-13-108, the State Board has served as the LEA for charter schools that it authorizes on appeal if the local board of education and the charter school operator do not mutually agree that the local board of education will be the authorizer.

In order to comply with the oversight and monitoring duties required in statute, the State Board adopted policies to govern its functions as the LEA for its authorized charter schools. These policies only impact the charter schools authorized by the State Board and are not applicable to any other charter school or local district.

In April 2019, the Tennessee General Assembly passed Public Chapter 219 creating the Tennessee Public Charter School Commission (Commission), transferring the charter school LEA functions and the State Board authorized charter schools from the State Board to the newly created Commission beginning on July 1, 2021.

The Commission has approved policies to govern its function as the LEA for its authorized charter schools, which became effective in April 2021. In order to complete the transition of the State Board's LEA functions to the Commission in compliance with Public Chapter 219, this item proposes a repeal of all State Board of Education policies governing its function as the LEA for its authorized charter schools.
