

STRATEGIC PLANNING & INNOVATION

Provider Stakeholder Group

July 25, 2018

Agenda

- Primary Care Transformation (PCT) - ADT Update
- Primary Care Transformation (PCT) - ADT Memo
- Primary Care Transformation (PCT) - Wave 3
- Episodes of Care – Upcoming Events

Care Coordination Tool

Admissions, Discharges, and Transfers (ADT) Update

As of 6/20/18, the following amount of hospitals are sending ADT feeds to the State for distribution in the Care Coordination Tool (CCT)

- 74% of hospitals (88% of THA facilities)
- 77% of licensed hospital beds (93% of THA hospital beds)
- 18 health systems live
- 111 hospitals live
- 18,439 hospitals beds live

Source	Total Hospitals	Total Hospitals LIVE (sending ADT)	% of Hospitals Complete
THA (Tennessee Hospital Association)	126	111	88%
CHS (Community Health Systems)	13	-	-
etHIN (East Tennessee Health Information Network)	9	-	-
Non THA/CHS/etHIN	2	-	-
Statewide Totals	150	111	74%

List of hospitals currently submitting ADT information as of 6/20/18:

Health System	Hospital	Bed Count
N/A	Decatur County General Hospital	40
N/A	NorthCrest Medical Center	109
N/A	Cookeville Regional Medical Center	247

N/A	Macon Community Hospital	25
N/A	Oak Hills Behavioral Health Hospital	16
Totals 18 Health Systems	111 Hospitals	18439 Beds

Memo to Hospitals re: ADT Feeds

- Over 70% of Tennessee hospitals are currently sending Admission, Discharge, and Transfer (ADT) feeds to TennCare.
- On June 13, TennCare sent a memo to 29 facilities which have not yet begun sending ADT data to TennCare.
- The memo reads: If TennCare does not have ADT data flowing to TennCare by September 1, 2018, we intend to suspend directed payments, which are the payments formerly distributed as Unreimbursed Hospital Cost (UHC) pool payments to your facility.

PCMH 2019 application update

- The selection process for the TennCare PCMH program has transitioned to the health plans (MCOs). The previous application process administered by TennCare has been discontinued.
- Each MCO will now determine which organizations to include for PCMH participation in CY 2019 going forward. MCOs will manage their PCMH networks and may contract with preferred provider partners and/or increase membership to strong PCMHs.
- This transition will provide sustainable PCMH growth and will enhance the management of the program overall.
- The State has set PCMH membership targets for CY19 and CY20 whereby each MCO will be required to include at least 34% and 35% (respectively) of their TennCare members in their PCMH networks.
- Organizations interested in PCMH program participation should reach out to their MCO representatives for more details.

Upcoming Events for TennCare Episodes

- The final 2017 performance reports (waves 1-4 except ADHD) and the preview reports (waves 7-8) will be released in August 2018.
- The interim performance reports on Q1 2018 performance (waves 1-6) will be delayed at least one month.
- The memo with accepted changes to episodes for the 2019 performance period will be published in September 2018. This will be sent out through the Tennessee Health Care Innovation Initiative newsletter and it will be posted to the episodes webpage: <https://www.tn.gov/tenncare/health-care-innovation/episodes-of-care.html>

THANK YOU
