QUESTION / COMMENT	STATE RESPONSE
<p>1 In Item A.6. the RFP requests a Professional Geologist to among other tasks “Prepare stream bank stabilization/restoration engineering plans using BMP’s selected by professionals including geologists, hydrologists, and biologists but engineering plans must be stamped by a professional engineer.</p> <p>a. There are professionals of many fields that are trained and are qualified to perform stream restoration design. Is the intent of the work under this contract to restrict such design work to a registered Geologist or can other professionals qualify to do so?</p> <p>b. What was the intent for requiring a Geologist perform Phase I Environmental Audits, prepare bid packages for general service construction bids and consulting with general service contractors. Our firm provides such services to other State of Tennessee clients and those agencies do not have a similar requirement for Geologists to perform these types of tasks. Can other professionals perform these services as well?</p> <p>c. Typically engineers prepare engineering plans. Was the requirement for a Geologist to prepare engineering plans a typographical error?</p>	<p>a. Items A.2, A.3, and A.4. all include the phrase “...utilizing appropriate personnel...”. This RFP anticipates the use of qualified professionals as appropriate for a given project.</p> <p>b. Items A.2, A.3, and A.4. all include the phrase “...utilizing appropriate personnel...”. This RFP anticipates the use of qualified professionals as appropriate for a given project.</p> <p>c. Engineering plans must be stamped by a professional engineer. It is presumed that an experienced, registered professional engineer, having otherwise required certifications, is qualified to conduct the activities requested in this RFP.</p>
<p>2 2.A.6(d).</p> <p>There appears to be a cut and paste error in this paragraph – please clarify. The paragraph as written states that the environmental technician “must also have completed site safety training as set forth in 29 CFR 1910 in order to prepare stream bank stabilization and engineering plans”</p> <p>a. Why the requirement for safety training to prepare plans? And</p> <p>b. A technician cannot prepare engineering plans unless they are a professional engineer.</p>	<p>a. The state deems this a requirement necessary to perform these services.</p> <p>b. Any plans prepared by an environmental technician must be reviewed by a professional engineer and then stamped by said engineer.</p>

<p>Tennessee Division of Solid & Hazardous Waste Management – Toxic Substances program to perform asbestos to prepare stream bank stabilization/ restoration engineering plans...Appears to be an error as the certification required does not match the type work stated.</p>	<p>A.6.f. An environmental technician who is certified as an Asbestos Inspector and who is accredited by the Tennessee Department of Environment and Conservation (TDEC) and having at least two years experience in asbestos inspections, preparation of asbestos removal plans, preparation of bid packages for general service asbestos removal contracts, and consultation during asbestos removal projects.</p>
<p>4 Work-order Issuance Procedure.</p> <p>1. How will work-orders be assigned? Specifically, will TWRA request a proposal for each new task assigned under the contract with either a lump sum or hourly/not to exceed value or will each task just be assigned at the agreed rates and billed by the consultant on an hourly basis?</p>	<p>TWRA will request a proposal and cost estimate for each new project.</p>
<p>5 Stream Bank Stabilization / Restoration Design</p> <p>1. Does TWRA have an idea of the size/length of bank stabilization/restoration projects to be conducted under this contract? Does the Agency anticipate full scale natural channel design projects or only minor repairs of eroding banks, stabilizations at crossings or other similar small scale activities?</p>	<p>Projects generally are sufficient to require Aquatic Resource Alteration Permits (ARAP) from TDEC and range from stream bank stabilization to whole channel restoration.</p>
<p>6 Section 3.1.2.1 (Page 7) states: <i>A proposer must only record the proposed cost exactly as required by the RFP Attachment 6.3., Cost Proposal & Scoring Guide and must not record any other rates, amounts, or information.</i></p> <p>Question</p> <p>It is understood that proposers may only provide costs for the three classifications listed ie. Professional Geologist, Professional Engineer, Environmental Technicians.</p> <p>a. Is it permissible to provide more than one rate for personnel with different experience levels under these three major categories?</p> <p>b. Does the State anticipate negotiating rates for additional professional classifications after the contract is awarded such as biologists, hydrologists, or Cadd operators etc. or should all of these be lumped under the catch-all category of Environmental</p>	<p>a. No</p> <p>b. No. The term “Environmental Technician” should be considered to include all support service classifications.</p>

QUESTION / COMMENT	STATE RESPONSE
<p>Technicians?</p> <p>c. Will the winning consultant be allowed to add other personnel equally qualified to provide the services requested under the scope to those specifically listed in the RFP response after contract award?</p>	<p>c. Yes. As long as the personnel are equally qualified and meet the state's minimum qualifications and are billed under the same classifications listed in the RFP.</p>
<p>7 Section 3.1.2.2 (Page 8) States:</p> <p><i>The proposed cost shall incorporate all costs for services under the contract for the total contract period. Further, in Section C.4 (Page 36), The RFP specifically excludes payment for travel, meals, or lodging.</i></p> <p>1. It is understood that travel costs must be built into the consultant's rates. Is there any estimate of the number of overnight trips that have occurred on an annual basis during prior contract periods?</p> <p>2. Are direct project costs such as laboratory analytical fees, equipment rental, copies etc. reimbursable?</p>	<p>C.4. in the Pro Forma Contract should be deleted in its entirety and replaced with the following:</p> <p>C.4. <u>Travel Compensation</u>. Compensation to the Contractor for travel, meals, or lodging shall be subject to amounts and limitations specified in the "State Comprehensive Travel Regulations," as they are amended from time to time.</p> <p>The Contractor must include (in addition to other invoice requirements of this Contract) a complete itemization of travel compensation requested in accordance with and attaching to the invoice appropriate documentation and receipts as required by the above-referenced "State Comprehensive Travel Regulations."</p> <ol style="list-style-type: none"> 1. Estimate one trip per month. 2. Yes, TWRA will request a proposal/cost estimate for each new project.
<p>8 Section 3.3.3 (page 9) States:</p> <p><i>A Proposal must not propose alternate services (i.e. offer services different from those requested and required by this RFP). The State will consider a proposal of alternate services to be non-responsive and reject it.</i></p> <p>1. Our firm offers a wide range of environmental services not specifically mentioned by the RFP but which are at times ancillary to the specific scope of service items requested. For instance, the RFP does not request flow modeling studies but such studies are often a component of stream restoration design projects which are specifically mentioned. Does a statement intended to describe the breadth of services we offer which would be available to TWRA through the contract if requested constitute a proposal of alternate services?</p> <p>2. Section B.17, page 23 customer references (c) IIV</p> <p>Question: (c) IIV states that the customer is</p>	<p>1. No. The services could be listed in the General Qualifications and Experience section in response to B.11. so long as they are related to the general Scope of Services listed in the Pro Forma contract.</p> <p>2. If the references are not properly sealed, they will not be considered.</p>

QUESTION / COMMENT	STATE RESPONSE
<p>to sign his or her name in ink across the sealed portion of the envelope. We have received three responses back so far and only one is signed in this manner in spite of clear instructions we provided to do so. We cannot determine who to return the envelopes to us for signature because the envelopes are not signed. Presumably the questionnaire within the envelope is signed but we are not allowed to open the envelope under the terms of the RFP. Will the lack of signature across the sealed portion of the envelope disqualify us?</p>	
<p>9 The RFP and pro forma contract mention that insurance will be required and there is a statement that a certificate will need to be provided upon request. What level of insurance coverage will be required?</p>	<p>Since no insurance clause that sets forth minimum coverage was included in the pro forma contract, there is not a minimum amount that will be required. We may ask for proof of insurance, but there will be no certain level required.</p>
<p>10 What is the address for hand delivering a proposal?</p>	<p>Lisa Crawford, RFP Coordinator Tennessee Wildlife Resources Agency Ellington Agriculture Center 5107 Edmondson Pike Nashville, TN 37211</p>
<p>11 The RFP presents four distinct definitions for environmental technicians but only has one line for submitting a price. Will you be modifying the price proposal format to allow for four prices?</p>	<p>No.</p>
<p>12 In the sample contract item C.3.c, there is a statement that the contractor will not be compensated for travel time to the primary location of service. Where is the primary location of service provision?</p>	<p>The Nashville Office of the Tennessee Wildlife Resources Agency is the primary location of service.</p>
<p>13 In the sample contract item C.4., it states that the contractor shall not be compensated or reimbursed for travel, meals or lodging. To recover some of these costs, we need to potentially increase our proposed hourly rates. What percentage of the work is anticipated to be away from the primary location of service? How much work do you anticipate could involve over-night travel?</p>	<p>C.4. in the Pro Forma Contract should be deleted in its entirety and replaced with the following:</p> <p>C.4. <u>Travel Compensation</u>. Compensation to the Contractor for travel, meals, or lodging shall be subject to amounts and limitations specified in the "State Comprehensive Travel Regulations," as they are amended from time to time.</p> <p>The Contractor must include (in addition to other invoice requirements of this Contract) a complete itemization of travel compensation requested in accordance with and attaching to the invoice appropriate documentation and receipts as required by the above-referenced "State Comprehensive Travel Regulations."</p>

QUESTION / COMMENT	STATE RESPONSE
	Estimate one trip per month.
<p>14 Within scope of services section A.6.E. requires “an environmental technician who is a qualified hydrological professional that has completed the stream/wet weather conveyance determination training established by (TDEC)” to be part of the team.</p> <p>a. Would the TWRA be willing to review other similar qualifications to act as a substitute for these requirements?</p> <p>b. Could candidates be considered for project if attendance and completion of the required TN CQHP Class/Training will occur before instatement of contract?</p>	<p>a. No.</p> <p>b. No. See Section 4.7, Item 4.7.2, page 13.</p>
<p>15 Within Payment and Terms and conditions C.1, under maximum liability it states that “in no event shall the maximum liability of the state under this contract exceed written dollar amount (\$Number)</p> <p>Please provide Dollar amount</p>	<p>No dollar amount can be provided until actual award of the contract. The budget will be set and approved by the Tennessee Wildlife Resources Commission as work is deemed necessary.</p>
<p>16 The RFP stipulates no payment will be made for travel expenses to the project location(s); therefore, I assume that the unit personnel rates should incorporate this as overhead expenses.</p>	<p>C.4. in the Pro Forma Contract should be deleted in its entirety and replaced with the following:</p> <p>C.4. <u>Travel Compensation</u>. Compensation to the Contractor for travel, meals, or lodging shall be subject to amounts and limitations specified in the “State Comprehensive Travel Regulations,” as they are amended from time to time.</p> <p>The Contractor must include (in addition to other invoice requirements of this Contract) a complete itemization of travel compensation requested in accordance with and attaching to the invoice appropriate documentation and receipts as required by the above-referenced "State Comprehensive Travel Regulations."</p>
<p>17 The RFP does not ask for hourly fee rates for secretary or other support staff, e.g., draftsman. I suppose these costs should similarly be folded into the unit rates requested as overhead.</p>	<p>Yes.</p>

3. PROPOSAL REQUIREMENTS

3.1. Proposal Form

A response to this RFP must consist of two parts, a Technical Proposal and a Cost Proposal.

- 3.1.1. **Technical Proposal.** The RFP Attachment 6.2., Technical Proposal & Evaluation Guide details specific requirements for making a Technical Proposal in response to this RFP. The guide includes mandatory requirement items, general qualifications and experience items, and technical qualifications, experience, and approach items all of which must be addressed with a written response and, in some instances, additional documentation.

NOTICE: A technical proposal must not include any pricing or cost information. If any pricing or cost information amounts of any type (even pricing relating to other projects) is included in any part of the technical proposal, the state will deem the proposal to be non-responsive and reject it.

- 3.1.1.1. A Proposer must use the RFP Attachment 6.2., Technical Proposal & Evaluation Guide to organize, reference, and draft the Technical Proposal by duplicating the attachment, adding appropriate proposal page numbers as required, and using the guide as a table of contents covering the Technical Proposal.
- 3.1.1.2. A proposal should be economically prepared, with emphasis on completeness and clarity. A proposal, as well as any reference material presented, must be written in English and must be written on standard 8 ½" x 11" pages (although oversized exhibits are permissible). All proposal pages must be numbered.
- 3.1.1.3. All information and documentation included in a Technical Proposal should respond to or address a specific requirement detailed in the RFP Attachment 6.2., Technical Proposal & Evaluation Guide. All information must be incorporated into a response to a specific requirement and clearly referenced. Any information not meeting these criteria will be deemed extraneous and will not contribute to evaluations.
- 3.1.1.4. The State may determine a proposal to be non-responsive and reject it if:
- a. the Proposer fails to organize and properly reference the Technical Proposal as required by this RFP and the RFP Attachment 6.2., Technical Proposal & Evaluation Guide; or
 - b. the Technical Proposal document does not appropriately respond to, address, or meet all of the requirements and proposal items detailed in the RFP Attachment 6.2., Technical Proposal & Evaluation Guide.

- 3.1.2. **Cost Proposal.** A Cost Proposal must be recorded on an exact duplicate of the RFP Attachment 6.3., Cost Proposal & Scoring Guide.

NOTICE: If a proposer fails to submit a cost proposal exactly as required, the state will deem the proposal to be non-responsive and reject it.

- 3.1.2.1. A Proposer must only record the proposed cost exactly as required by the RFP Attachment 6.3., Cost Proposal & Scoring Guide and must NOT record any other rates, amounts, or information.

- 3.1.2.2. The proposed cost shall incorporate ALL costs for services under the contract for the total contract period.
- 3.1.2.3. A Proposer must sign and date the Cost Proposal.
- 3.1.2.4. A Proposer must submit the Cost Proposal to the State in a sealed package separate from the Technical proposal (as detailed in RFP Sections 3.2.3., *et seq.*).

3.2. **Proposal Delivery**

A Proposer must deliver a proposal in response to this RFP as detailed below. The State will not accept a proposal delivered by any other method.

- 3.2.1. A Proposer must ensure that both the original Technical Proposal and Cost Proposal documents meet all form and content requirements detailed within this RFP for such proposals including but not limited to required signatures.
- 3.2.2. A Proposer must submit original Technical Proposal and Cost Proposal documents and copies as specified below.

- 3.2.2.1. One (1) original Technical Proposal paper document labeled:

“RFP # 3280-00312 TECHNICAL PROPOSAL ORIGINAL”

and three (3) copies of the Technical Proposal each in the form of one (1) digital document in “PDF” format properly recorded on its own otherwise blank, standard CD-R recordable disc labeled:

“RFP # 3280-00312 TECHNICAL PROPOSAL COPY”

The digital copies should not include copies of sealed customer references, however any other discrepancy between the paper Technical Proposal document and any digital copies may result in the State rejecting the proposal as non-responsive.

- 3.2.2.2. One (1) original Cost Proposal paper document labeled:

“RFP # 3280-00312 COST PROPOSAL ORIGINAL”

and one (1) copy in the form of a digital document in “PDF/XLS” format properly recorded on separate, blank, standard CD-R recordable disc labeled:

“RFP # 3280-00312 COST PROPOSAL COPY”

In the event of a discrepancy between the original Cost Proposal document and the digital copy, the original, signed document will take precedence.

- 3.2.3. A Proposer must separate, seal, package, and label the documents and discs for delivery as follows.

- 3.2.3.1. The Technical Proposal original document and copy discs must be placed in a sealed package that is clearly labeled:

“DO NOT OPEN... RFP # 3280-00312 TECHNICAL PROPOSAL FROM [PROPOSER LEGAL ENTITY NAME]”

- 3.2.3.2. The Cost Proposal original document and copy disc must be placed in a separate, sealed package that is clearly labeled:

“DO NOT OPEN... RFP # 3280-00312 COST PROPOSAL FROM [PROPOSER LEGAL ENTITY NAME]”

- 3.2.3.3. The separately, sealed Technical Proposal and Cost Proposal components may be enclosed in a larger package for mailing or delivery, provided that the outermost package is clearly labeled:

“RFP # 3280-00312 SEALED TECHNICAL PROPOSAL & SEALED COST PROPOSAL FROM [PROPOSER LEGAL ENTITY NAME]”

- 3.2.4. A Proposer must ensure that the State receives a proposal in response to this RFP no later than the Proposal Deadline time and date detailed in the RFP Section 2, Schedule of Events at the following address.

3.3. Proposal & Proposer Prohibitions

- 3.3.1. A proposal must not include the Proposer’s own contract terms and conditions. If a proposal contains such terms and conditions, the State, at its sole discretion, may determine the proposal to be a non-responsive counteroffer and reject it.
- 3.3.2. A proposal must not restrict the rights of the State or otherwise qualify either the offer to deliver services as required by this RFP or the Cost Proposal. If a proposal restricts the rights of the State or otherwise qualifies either the offer to deliver services as required by this RFP or the Cost Proposal, the State, at its sole discretion, may determine the proposal to be a non-responsive counteroffer and reject it.
- 3.3.3. A proposal must not propose alternate services (*i.e.*, offer services different from those requested and required by this RFP). The State will consider a proposal of alternate services to be non-responsive and reject it.
- 3.3.4. A Cost Proposal must not result from any collusion between Proposers. The State will reject any Cost Proposal that was not prepared independently without collusion, consultation, communication, or agreement with any other Proposer. Regardless of the time of detection, the State will consider any such actions to be grounds for proposal rejection or contract termination.
- 3.3.5. A Proposer must not provide, for consideration in this RFP process or subsequent contract negotiations, incorrect information that the Proposer knew or should have known was materially incorrect. If the State determines that a Proposer has provided such incorrect information, the State will deem the Proposer’s proposal non-responsive and reject it.

- 3.3.6. A Proposer must not submit more than one Technical Proposal and one Cost Proposal in response to this RFP. If a Proposer submits more than one Technical Proposal or more than one Cost Proposal, the State will deem all of the proposals non-responsive and reject them.
- 3.3.7. A Proposer must not submit a proposal as a prime contractor while also permitting one or more other Proposers to offer the Proposer as a subcontractor in their own proposals. Such may result in the disqualification of all Proposers knowingly involved. This restriction does not, however, prohibit different Proposers from offering the same subcontractor as a part of their proposals (provided that the subcontractor does not also submit a proposal as a prime contractor).
- 3.3.8. A Proposer must not be (and the State will not award a contract to):
- a. an individual who is, or within the past six months has been, an employee of the State of Tennessee or who is a volunteer member of a State board or commission that votes for, lets out, overlooks, or any manner superintends the services being procured in this RFP;
 - b. a company, corporation, or any other contracting entity in which an ownership of two percent (2%) or more is held by an individual who is, or within the past six months has been, an employee of the State of Tennessee (this will not apply either to financial interests that have been placed into a "blind trust" arrangement pursuant to which the employee does not have knowledge of the retention or disposition of such interests or to the ownership of publicly traded stocks or bonds where such ownership constitutes less than 2% of the total outstanding amount of the stocks or bonds of the issuing entity);
 - c. a company, corporation, or any other contracting entity which employs an individual who is, or within the past six months has been, an employee of the State of Tennessee in a position that would allow the direct or indirect use or disclosure of information, which was obtained through or in connection with his or her employment and not made available to the general public, for the purpose of furthering the private interest or personal profit of any person; or,
 - d. any individual, company, or other entity involved in assisting the State in the development, formulation, or drafting of this RFP or its scope of services (such person or entity being deemed by the State as having information that would afford an unfair advantage over other Proposers).

For the purposes of applying the requirements of this RFP subsection 3.3.8., the State will deem an individual to be an employee of the State of Tennessee until such time as all compensation for salary, termination pay, and annual leave has been paid, but the term "employee of the State of Tennessee" shall not include individuals performing volunteer services for the State of Tennessee.

3.4. **Proposal Errors & Revisions**

A Proposer is liable for any and all proposal errors or omissions. A Proposer will not be allowed to alter or revise proposal documents after the Proposal Deadline time and date detailed in the RFP Section 2, Schedule of Events unless such is formally requested, in writing, by the State.

3.5. **Proposal Withdrawal**

A Proposer may withdraw a submitted proposal at any time before the Proposal Deadline time and date detailed in the RFP Section 2, Schedule of Events by submitting a written request signed by an authorized Proposer representative. After withdrawing a proposal, a Proposer may submit another proposal at any time before the Proposal Deadline.

3.6. **Proposal of Additional Services**

If a proposal offers services in addition to those required by and described in this RFP, the State, at its

sole discretion, may add such services to the contract awarded as a result of this RFP. Notwithstanding the foregoing, a Proposer must not propose any additional cost amount(s) or rate(s) for additional services. Regardless of any additional services offered in a proposal, the Proposer's Cost Proposal must only record the proposed cost as required in this RFP and must not record any other rates, amounts, or information.

NOTICE: If a Proposer fails to submit a Cost Proposal exactly as required, the State will deem the proposal non-responsive and reject it.

3.7. **Proposal Preparation Costs**

The State will not pay any costs associated with the preparation, submittal, or presentation of any proposal.

4. GENERAL CONTRACTING INFORMATION & REQUIREMENTS

4.1. RFP Amendment

The State reserves the right to amend this RFP at any time, provided that it is amended in writing. However, prior to any such amendment, the State will consider whether it would negatively impact the ability of potential proposers to meet the proposal deadline and revise the RFP Schedule of Events if deemed appropriate. If an RFP amendment is issued, the State will convey it to potential proposers who submitted a Notice of Intent to Propose (refer to RFP Section 1.7). A proposal must respond, as required, to the final RFP (including its attachments) as may be amended.

4.2. RFP Cancellation

The State reserves the right, at its sole discretion, to cancel or to cancel and reissue this RFP in accordance with applicable laws and regulations.

4.3. State Right of Rejection

4.3.1. Subject to applicable laws and regulations, the State reserves the right to reject, at its sole discretion, any and all proposals.

4.3.2. The State may deem as non-responsive and reject any proposal that does not comply with all terms, conditions, and performance requirements of this RFP. Notwithstanding the foregoing, the State reserves the right to waive, at its sole discretion, a proposal's minor variances from full compliance with this RFP. If the State waives variances in a proposal, such waiver shall not modify the RFP requirements or excuse the Proposer from full compliance with such, and the State may hold any resulting Contractor to strict compliance with this RFP.

4.4. Assignment & Subcontracting

4.4.1. The Contractor may not subcontract, transfer, or assign any portion of the Contract awarded as a result of this RFP without prior approval of the State. The State reserves the right to refuse approval, at its sole discretion, of any subcontract, transfer, or assignment.

4.4.2. If a Proposer intends to use subcontractors, the proposal in response to this RFP must specifically identify the scope and portions of the work each subcontractor will perform (refer to RFP Attachment 6.2., Section B, General Qualifications & Experience Item B.14.).

4.4.3. Subcontractors identified within a proposal in response to this RFP will be deemed as approved by the State unless the State expressly disapproves one or more of the proposed subcontractors prior to signing the Contract.

4.4.4. The Contractor resulting from this RFP may only substitute another subcontractor for a proposed subcontractor at the discretion of the State and with the State's prior, written approval.

4.4.5. Notwithstanding any State approval relating to subcontracts, the Contractor resulting from this RFP will be the prime contractor and will be responsible for all work under the Contract.

4.5. Right to Refuse Personnel

The State reserves the right to refuse, at its sole discretion and notwithstanding any prior approval, any personnel of the prime contractor or a subcontractor providing service in the performance of a contract resulting from this RFP. The State will document in writing the reason(s) for any rejection of personnel.

4.6. Insurance

At any time, the State may require the Contractor resulting from this RFP to provide a valid, Certificate of

Insurance indicating current insurance coverage meeting minimum requirements as may be specified by this RFP. A failure to provide said documentation will be considered a material breach and grounds for contract termination.

4.7. **Licensure**

- 4.7.1. All persons, agencies, firms, or other entities that provide legal or financial opinions, which a Proposer provides for consideration and evaluation by the State as a part of a proposal in response to this RFP, shall be properly licensed to render such opinions.
- 4.7.2. Before the Contract resulting from this RFP is signed, the apparent successful Proposer (and Proposer employees and subcontractors, as applicable) must hold all necessary, appropriate business and professional licenses to provide service as required. The State may require any Proposer to submit evidence of proper licensure.

4.8. **Disclosure of Proposal Contents**

- 4.8.1. Each proposal and all materials submitted to the State in response to this RFP become the property of the State of Tennessee. Selection or rejection of a proposal does not affect this right. By submitting a proposal, a Proposer acknowledges and accepts that the full proposal contents and associated documents will become open to public inspection in accordance with the laws of the State of Tennessee.
- 4.8.2. The State will hold all proposal information, including both technical and cost information, in confidence during the evaluation process. Notwithstanding the foregoing, a list of actual Proposers submitting timely proposals may be available to the public, upon request, after technical proposals are opened.
- 4.8.3. Upon completion of proposal evaluations, indicated by public release of an Evaluation Notice, the proposals and associated materials will be open for review by the public in accordance with *Tennessee Code Annotated*, Section 10-7-504(a)(7).

4.9. **Contract Approval and Contract Payments**

- 4.9.1. This RFP and its contractor selection processes do not obligate the State and do not create rights, interests, or claims of entitlement in either the Proposer with the apparent best-evaluated proposal or any other Proposer. State obligations pursuant to a contract award shall commence only after the contract is signed by the State agency head and the Contractor and after the Contract is approved by all other state officials as required by applicable laws and regulations.
- 4.9.2. No payment will be obligated or made until the relevant Contract is approved as required by applicable statutes and rules of the State of Tennessee.
 - 4.9.2.1. The State shall not be liable for payment of any type associated with the Contract resulting from this RFP (or any amendment thereof) or responsible for any work done by the Contractor, even work done in good faith and even if the Contractor is orally directed to proceed with the delivery of services, if it occurs before the Contract start date or after the Contract end date.
 - 4.9.2.2. All payments relating to this procurement will be made in accordance with the Payment Terms and Conditions of the Contract resulting from this RFP (refer to RFP Attachment 6.6., *Pro Forma Contract*, Section C).
 - 4.9.2.3. If any provision of the Contract provides direct funding or reimbursement for the competitive purchase of services or items to be delivered to the State as a component of contract performance or otherwise provides for the reimbursement of specified, actual costs, the State will employ all reasonable means and will require all such documentation that it deems necessary to ensure that such purchases were competitive

and costs were reasonable, necessary, and actual. The Contractor shall provide reasonable assistance and access related to such review. Further, the State shall not remit, as funding or reimbursement pursuant to such provisions, any amount(s) which it determines did not result from a reasonably competitive purchase or do not represent reasonable, necessary, and actual costs.

4.10. Contractor Performance

The Contractor resulting from this RFP will be responsible for the completion of all service set out in this RFP (including attachments) as may be amended. All service is subject to inspection and evaluation by the State. The State will employ all reasonable means to ensure that service is progressing and being performed in compliance with the Contract, and the Contractor must cooperate with such efforts.

4.11. Contract Amendment

During the course of a Contract pursuant to this RFP, the State may request the Contractor to perform additional work within the general scope of the Contract and this RFP, but beyond the specified scope of service, and for which the Contractor may be compensated. In such instances, the State will provide the Contractor a written description of the additional work. The Contractor must respond to the State with a time schedule for accomplishing the additional work and a price for the additional work based on the rates included in the Contractor's proposal to this RFP. If the State and the Contractor reach an agreement regarding the work and associated compensation, such agreement must be effected by means of a Contract Amendment. Further, any such amendment requiring additional work must be signed by both the State agency head and the Contractor and must be approved by other state officials as required by applicable statutes and rules of the State of Tennessee. The Contractor must not commence additional work until the State has issued a written Contract Amendment with all required approvals.

4.12. Severability

If any provision of this RFP is declared by a court to be illegal or in conflict with any law, said decision will not affect the validity of the remaining RFP terms and provisions, and the rights and obligations of the State and Proposers will be construed and enforced as if the RFP did not contain the particular provision held to be invalid.

5. PROPOSAL EVALUATION & CONTRACT AWARD

5.1. Evaluation Categories & Maximum Points

The State will consider qualifications, experience, technical approach, and cost in the evaluation of proposals and award points in each of the categories detailed below (up to the maximum evaluation points indicated) to each apparently responsive proposal.

EVALUATION CATEGORY	MAXIMUM POINTS POSSIBLE
General Qualifications & Experience (refer to RFP Attachment 6.2., Section B)	Thirty (30)
Technical Qualifications, Experience & Approach (refer to RFP Attachment 6.2., Section C)	Thirty (30)
Cost Proposal (refer to RFP Attachment 6.3.)	Forty (40)

5.2. Evaluation Process

The proposal evaluation process is designed to award the contract resulting from this RFP not necessarily to the Proposer offering the lowest cost, but rather to the responsive and responsible Proposer offering the best combination of attributes based upon the evaluation criteria. (“Responsive Proposer” is defined as a Proposer that has submitted a proposal that conforms in all material respects to the RFP. “Responsible Proposer” is defined as a Proposer that has the capacity in all respects to perform fully the contract requirements, and the integrity and reliability which will assure good faith performance.)

5.2.1. **Technical Proposal Evaluation.** The RFP Coordinator and the Proposal Evaluation Team (consisting of three or more State employees) will use the RFP Attachment 6.2., Technical Proposal & Evaluation Guide to manage the Technical Proposal Evaluation and maintain evaluation records.

5.2.1.1. The State reserves the right, at its sole discretion, to request Proposer clarification of a Technical Proposal or to conduct clarification discussions with any or all Proposers. Any such clarification or discussion will be limited to specific sections of the proposal identified by the State. The subject Proposer must put any resulting clarification in writing as may be required and in accordance with any deadline imposed by the State.

5.2.1.2. The RFP Coordinator will review each Technical Proposal to determine compliance with RFP Attachment 6.2., Technical Proposal & Evaluation Guide, Section A— Mandatory Requirements. If the RFP Coordinator determines that a proposal may have failed to meet one or more of the mandatory requirements, the Proposal Evaluation Team will review the proposal and document the team’s determination of whether:

- a. the proposal adequately meets requirements for further evaluation;
- b. the State will request clarifications or corrections for consideration prior to further evaluation; or,
- c. the State will determine the proposal non-responsive to the RFP and reject it.

5.2.1.3. Proposal Evaluation Team members will independently evaluate each Technical Proposal (that appears responsive to the RFP) against the evaluation criteria in this RFP, rather than against other proposals and will score each in accordance with the RFP Attachment 6.2., Technical Proposal & Evaluation Guide, Section B and Section C.

- 5.2.1.4. For each proposal evaluated, the RFP Coordinator will calculate the average of the Proposal Evaluation Team member scores for RFP Attachment 6.2., Technical Proposal & Evaluation Guide, Section B and for Section C, and record each average as the proposal score for the respective Technical Proposal section.
- 5.2.1.5. Before Cost Proposals are opened, the Proposal Evaluation Team will review the Technical Proposal Evaluation record and any other available information pertinent to whether or not each Proposer is responsive and responsible. If the Proposal Evaluation Team identifies any Proposer that appears not to meet the responsive and responsible thresholds such that the team would not recommend the Proposer for Cost Proposal Evaluation and potential contract award, the team members will fully document the determination.
- 5.2.2. **Cost Proposal Evaluation.** The RFP Coordinator will open for evaluation the Cost Proposal of each apparently responsive and responsible Proposer that the Proposal Evaluation Team has effectively recommended for potential contract award and will calculate and record each Cost Proposal score in accordance with the RFP Attachment 6.3., Cost Proposal & Scoring Guide.
- 5.2.3. **Total Proposal Score.** The RFP Coordinator will calculate the sum of the Technical Proposal section scores and the Cost Proposal score and record the resulting number as the total score for the subject Proposal (refer to RFP Attachment 6.5., Proposal Score Summary Matrix).

5.3. **Contract Award Process**

- 5.3.1 The RFP Coordinator will submit the Proposal Evaluation Team determinations and proposal scores to the head of the contracting agency for consideration along with any other relevant information that might be available and pertinent to contract award.
- 5.3.2. The contracting agency head will determine the apparent best-evaluated proposal. (To effect a contract award to a Proposer other than the one receiving the highest evaluation process score, the head of the contracting agency must provide written justification and obtain the written approval of the Commissioner of Finance and Administration and the Comptroller of the Treasury.)
- 5.3.3. The State reserves the right to make an award without further discussion of any proposal.
- 5.3.4. The State will issue an Evaluation Notice identifying the apparent best-evaluated proposal and make the RFP files available for public inspection at the time and date specified in the RFP Section 2, Schedule of Events.

NOTICE: The Evaluation Notice shall not create rights, interests, or claims of entitlement in either the Proposer with apparent best-evaluated proposal or any other Proposer.
- 5.3.5. The Proposer identified as offering the apparent best-evaluated proposal must sign a contract drawn by the State pursuant to this RFP. The contract shall be substantially the same as the RFP Attachment 6.6., *Pro Forma* Contract. The Proposer must sign said contract no later than the Contract Signature by Contractor Deadline detailed in the RFP Section 2, Schedule of Events. If the Proposer fails to provide the signed contract by the deadline, the State may determine that the Proposer is non-responsive to this RFP and reject the proposal.
- 5.3.6. Notwithstanding the foregoing, the State may, at its sole discretion, entertain limited negotiation prior to contract signing and, as a result, revise the *pro forma* contract terms and conditions or performance requirements in the State's best interests, PROVIDED THAT such revision of terms and conditions or performance requirements shall NOT materially affect the basis of proposal evaluations or negatively impact the competitive nature of the RFP and contractor selection process.

- 5.3.7. If the State determines that a proposal is non-responsive and rejects it after opening Cost Proposals, the RFP Coordinator will re-calculate scores for each remaining responsive Cost Proposal to determine (or re-determine) the apparent best-evaluated proposal.

It is expressly acknowledged by the parties hereto that such parties are independent contracting entities and that nothing in this Contract shall be construed to create an employer/employee relationship or to allow either to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever.

The Contractor, being an independent contractor and not an employee of the State, agrees to carry adequate public liability and other appropriate forms of insurance, including adequate public liability and other appropriate forms of insurance on the Contractor's employees, and to pay all applicable taxes incident to this Contract.

- D.15. State Liability. The State shall have no liability except as specifically provided in this Contract.
- D.16. Force Majeure. The obligations of the parties to this Contract are subject to prevention by causes beyond the parties' control that could not be avoided by the exercise of due care including, but not limited to, natural disasters, riots, wars, epidemics, or any other similar cause.
- D.17. State and Federal Compliance. The Contractor shall comply with all applicable State and Federal laws and regulations in the performance of this Contract.
- D.18. Governing Law. This Contract shall be governed by and construed in accordance with the laws of the State of Tennessee. The Contractor agrees that it will be subject to the exclusive jurisdiction of the courts of the State of Tennessee in actions that may arise under this Contract. The Contractor acknowledges and agrees that any rights or claims against the State of Tennessee or its employees hereunder, and any remedies arising therefrom, shall be subject to and limited to those rights and remedies, if any, available under *Tennessee Code Annotated*, Sections 9-8-101 through 9-8-407.
- D.19. Completeness. This Contract is complete and contains the entire understanding between the parties relating to the subject matter contained herein, including all the terms and conditions of the parties' agreement. This Contract supersedes any and all prior understandings, representations, negotiations, and agreements between the parties relating hereto, whether written or oral.
- D.20. Severability. If any terms and conditions of this Contract are held to be invalid or unenforceable as a matter of law, the other terms and conditions hereof shall not be affected thereby and shall remain in full force and effect. To this end, the terms and conditions of this Contract are declared severable.
- D.21. Headings. Section headings of this Contract are for reference purposes only and shall not be construed as part of this Contract.

Said termination shall not be deemed a breach of Contract by the State. Upon receipt of the written notice, the Contractor shall cease all work associated with the Contract. Accordingly and notwithstanding any provision of this Contract to the contrary, the Contractor agrees that if it is later determined that the true nature of the working relationship between the Contractor and the State under this Contract is that of "employee/employer" and not that of an independent contractor, the Contractor, if a retired member of TCRS, may be required to repay to TCRS the amount of retirement benefits the Contractor received from TCRS during the period of this Contract.
- E.5. Incorporation of Additional Documents. Each of the following documents is included as a part of this Contract by reference. The Contractor shall comply with the following:

- a. Reporting of Total Compensation of the Contractor's Executives.
 - (1) The Contractor shall report the names and total compensation of each of its five most highly compensated executives for the Contractor's preceding completed fiscal year, if in the Contractor's preceding fiscal year it received:
 - i. 80 percent or more of the Contractor's annual gross revenues from Federal procurement contracts and Federal financial assistance subject to the Transparency Act, as defined at 2 CFR 170.320 (and subawards); and
 - ii. \$25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts), and Federal financial assistance subject to the Transparency Act (and subawards); and

(To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at <http://www.sec.gov/answers/excomp.htm>).

Executive means officers, managing partners, or any other employees in management positions.

- iv. Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.
 - v. Above-market earnings on deferred compensation which is not tax qualified.
 - vi. Other compensation, if the aggregate value of all such other compensation (e.g. severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds \$10,000.
- b. The Contractor must report executive total compensation described above to the State by the end of the month during which this Contract is awarded.

The Contractor shall assist the State in monitoring the Contractor's performance of this commitment by providing, as requested, a quarterly report of participation in the performance of this Contract by small business enterprises and businesses owned by minorities, women, and persons with a disability. Such reports shall be provided to the state of Tennessee Governor's Office of Diversity Business Enterprise in form and substance as required by said office.
