

NATIVE GRASS AND WILDFLOWER GROWER/SUPPLIERS

The first 3 pages of this handout include the web address and contact information for grower/suppliers of native grasses and wildflowers. The last 4 pages list what species are typically available at the company. Species availability at grower/suppliers may vary from year to year due to weather and other issues with propagation. Species found on this list are known to be native to Tennessee. Suppliers may sell other species that are native to Tennessee as well as species that are not native.

Buyers are urged caution to compare seed quality (germination, purity rates, percent inert material) when shopping among vendors. Inclusion on this list does not entail endorsement, nor is any discrimination intended by omission from this list of known growers and supplier.

Roundstone Native Seed

9764 Raider Hollow Road

Upton, KY 42784

(270) 531-3034
