## HAVE A QUESTION OR NEED ASSISTANCE?

### Contact TAMHO:

Monday-Friday 8:30am – 5:00pm (Central)

615-244-2220 ext. 14 or

toll free in Tennessee at 800-568-2642 ext. 14

Email inquiries to [tamho@tamho.org](mailto:tamho@tamho.org).

Pre-registration is strongly encouraged as walk-in registrants will be accommodated on a “space available” basis and cannot be guaranteed access to any portion of the Conference and, thus, may be required to “stand by” until all pre-registered participants are accommodated before being allowed entry to the Conference if seating is available.

Substitutions are welcomed. Please contact TAMHO at your earliest convenience with notice of cancellations or substitutions.

## Online registration is available through

**Eventbrite.** Please visit

<http://2016dohconference.eventbrite.com> or copy and paste this link into your web/internet browser to access the online registration medium.

## ADA ACCOMMODATIONS

If you require ADA accommodations, please contact TAMHO at least two weeks before the conference date so that arrangements can be made.

Special dietary requirements can be accommodated with advanced notice. Please indicate your needs by marking your requirements on your registration form. Special meal requests cannot be guaranteed without advance notice.

## PHOTO/VIDEO RELEASE

From time to time, TAMHO uses photographs or video capture(s) during events to be used in, but not limited to, publications such as print and electronic newsletters and future event materials.

Unless permission is revoked in writing to TAMHO, by virtue of attendance, all conference attendees agree to the use of their likeness in such materials.

## CANCELLATIONS

Registrant substitutions are welcome. Please contact TAMHO at your earliest convenience with notice of substitutions or cancellations so that available seats may be reallocated to individuals on the stand-by list.

## Summit Objectives

- Understand the role of primary care and behavioral health integration for effectively responding to the complex healthcare needs of children, youth, and young adults.
- Identify the critical elements for providing effective integrated behavioral health care within the primary care environments.
- Learn from providers about their experience with different models of primary care and behavioral health integration, partnering with specialty behavioral health providers, and lessons learned.
- Provide an overview of Tennessee's efforts to integrate care and move to a value based system.
- Hear the family perspective and voice as it relates to integrated care.
