ATTENTION: IMPORTANT NOTICE

REGARDING SUBMITTING OF TENNESSEE CERTIFICATIONS

Attention State Licensing Board:

In order to be more effective and efficient the State of Tennessee Board of Cosmetology and Board of Barber Examiners will no longer mail paper certifications or verifications to other states. All certifications will be sent directly to the state boards electronically, unless requested otherwise by the licensee. If the authenticity of the certification needs verification, you may go to our website at <http://verify.tn.gov/> and use our free web service to view the current status of a license. This process should expedite processing for all Tennessee Barber and Cosmetology certifications.

Any other pertinent information relative to this change will be available on the board websites or by contacting the board offices.
