

## **2014 ARC PRELIMINARY APPLICATION**

Project Name: \_\_\_\_\_

Applicant: \_\_\_\_\_

County(ies) Served and ARC designation: \_\_\_\_\_

Project Census Tract(s): \_\_\_\_\_

Contact Person: \_\_\_\_\_ Email: \_\_\_\_\_

Address: \_\_\_\_\_

Chief Elected Official or Chief Executive Officer: \_\_\_\_\_

Phone: \_\_\_\_\_ Email: \_\_\_\_\_

### **Project Description:**

*Description of major activities to be conducted under grant proposal. The description should address who, what, where, when and how for each activity*

*Problems and /or issues that project will alleviate; Local, regional and/or state need for project; Critical circumstances that compel the project to be funded by ARC*

*How does this project relate to the economic development of the community? Describe any job creation that will occur as a result of the project.*

*Evidence of local demand for the project (letters of support, data, etc).*

*Relation to other local/regional activities (the extent of collaboration with other local community, state, regional and federal partners in the development of the proposal or in carrying out the activities; how the project contributes to fulfilling a regional strategy; how the project relates to other ECD initiatives in the community).*

*Budget information (each funding source and the status of each funding commitment including letters of commitment if applicable; Describe any in-kind resources committed; justify why ARC funding is needed as opposed to other sources of funding)*

**ARC Goal Addressed:**

*Identify the primary ARC Goal and primary TN State Strategy the project will address.*

**Benefits:**

*Results and accomplishments to be derived from project; Non-quantifiable benefits; outputs and outcomes of the project.*

Other Contacts:

Engineer: \_\_\_\_\_ (\_\_\_\_\_) \_\_\_\_\_  
E-mail \_\_\_\_\_

Pre-App Preparer: \_\_\_\_\_ (\_\_\_\_\_) \_\_\_\_\_  
E-mail \_\_\_\_\_

Proposed Basic Agency: (For construction projects only, not the administering agency)  
\_\_\_\_\_

*Also include a budget (Federal Standard Form 424a) that outlines all sources of funding for the project and a Preliminary Engineering Report (if construction is involved). The PER should include details such as linear feet to be constructed, square footage built, acreage served, timelines and alternate approaches that were considered, and a map. The data and cost estimates should be no more than 12 months old.*
