Disasters:**Declaration Number**

FEMA-1745-DR-TN

Narratives**Disaster Damage:**

On February 5-6, 2008, several counties in Tennessee were struck by severe storms, tornadoes, straight-line winds, and flooding. These counties included Benton, Fayette, Fentress, Hardin, Haywood, Hickman, Houston, Lewis, Macon, Madison, McNairy, Montgomery, Perry, Shelby, Sumner, Trousdale and Williamson Counties. Several people were killed across these counties. Homes and businesses were severely damaged and/or destroyed and many were left without power and other sustainable living needs during the following days, weeks and months. As a result, the President of the United States declared a major disaster under Title IV of the Stafford Disaster Relief Act (42 U.S.C. 5121 et seq.). The HUD guidance for funding was published February 13, 2009 in the Federal Register as Docket Number FR-5256-N-01.

Recovery Needs:**SHORT AND LONG TERM RECOVERY NEEDS**

(1) Short Term Actions -The State of Tennessee short term disaster recovery needs were addressed through a mechanism coordinated through the Tennessee Emergency Management Agency (TEMA). TEMA assisted the local jurisdictions that were responsible for first response to the emergency by coordinating with FEMA to supplement the efforts of the local teams through the establishment of Joint Field Offices. For Individual and Public Assistance, TEMA and other state agencies coordinated teams that included staffs from various state and federal agencies that assist citizens, businesses, local governments and other entities impacted by the disasters to provide immediate assistance with their short term needs.

For the February 5-6, 2008 disaster, the amounts of short term assistance totaled \$9,300,000.

i \$3,147,185 was approved through FEMA's Individuals and Households Program for housing assistance, including rental assistance and repairs to homes for eligible application. Of that, \$2,129,181 was for housing assistance and \$928,004 was to help applicants recover other essential disaster-related needs.

i \$6,249,500 in loans to homeowners, renters and businesses was approved by the U.S. Small Business Administration (SBA).

i 3,038 residents visited Disaster Recovery Centers operated jointly by FEMA and the State of Tennessee

i 2,289 home inspections were completed

i Of the 18 counties declared for individual assistance, 4,313 Tennesseans have registered.

Details are available at www.fema.gov/news/newsrelease.fema?id=43037

(2) Long Term Recovery Needs --In addition to the areas' short term needs which were generally addressed as outlined above, the affected jurisdictions also have long term recovery needs in the areas of unmet housing, infrastructure and economic revitalization needs which can be partially solved and leveraged through an emphasis on the CDBG activities outlined in the February 13, 2009 Notice. Based on the Notice and information received through eligible local governments planning documents and TEMA, the Department's Action Plan contains an emphasis on eligible CDBG activities that "support the repair, rehabilitation, and reconstruction of affordable rental housing stock" sufficient to meet the prorated threshold requirement of at least \$10,176,967. As outlined below in Section I, applicants are encouraged to include eligible activities in their applications that addresses the federal requirement to support affordable rental housing. In addition, other eligible activities may be undertaken that assist in the alleviation of unmet infrastructure and economic revitalization needs.

Overall Progress Narrative:

More than 85% of the funding for this grant has been drawn down. ECD continues to work with subgrantees to complete and close-out the projects. It is our goal to have 90% of the subgrants/activities completed during 2016 and only have to wrap up a few activities in 2017. This puts us on track to complete the project on time. The housing set aside grants will be closed in the first two quarters of 2016, and all of the Round 1 projects are complete.

Activity Description:

Provide 10 rental units in Benton and Houston Counties.

Location Description:

Benton and Houston Counties

Activity Progress Narrative:

A news investigation in February reported that family members of the CAN employees received improper benefits in the forms of rental housing. This prompted a follow-up monitoring by TNECD, focusing primarily on the units and tenants covered by the disaster grant. While the monitoring did not result in findings or wrong doing concerns were noted relating to CAN's conflict of interest policy and the recordkeeping of the tenant waiting list. CAN is working on its response to these concerns and is taking the necessary steps to remedy these concerns.
