Solid Waste Planning Region  
5 - YR Update

Planning Region: Hardeman Co 35

Clerk

*Note: Send one original copy of the report to the permanent file. If the planning region did not provide two copies of the report, then make a working copy and send the original to the permanent file.*

1. Write in the name of the person completing this report Robert Stigall, P.E., President  
a "cc" for all letters sent to the chairperson.
2. (may be attached as a separate list):  
Was a list of board members provided?  Yes  No  
*If yes, continue to question four and verify the term of each member is current.  
If no, skip question and go directly to question.*
3. Was the term of each member current?  Yes  No  
*Continue to question.*
4. See page 14:  
Did the chairperson of the board sign and date the report?  Yes  No  
*Continue to question.*
5. See page 14:  
Did the county executive, (each local Government body) sign and date the report?  Yes  No  
*Continue to question.*
6. Which reviewer was assigned to this report? Wayne Bob  
*Continue to question.*
7. On what date was the report sent to the reviewer? 02/11/02  
*Continue to question.*
8. What is the deadline for the review (i.e., 90 working days from received stamp)? 05/11/02  
*Attach routing page to the report and give it to the reviewer.*

*Note: The letter will be addressed to the chairperson. The cc list will include the County Executive, Development District Director, person who prepared the report, and the CTAS contact. Modify (with date, names, cc, etc.) and print the letter entitled "5YrUpdtlnmerg." and give letter to Linda Rigby for Ron Graham's signature. After letter is signed, Linda copies the letter for the cc list and one for the file. Linda then mails the letters and sends a copy of the letter to Patty to be placed in the permanent file.*

October 31, 2002

Mr. Lloyd Bell, Chairman (Acting)  
Hardeman Co. Municipal SW Planning Region  
211 North Washington Street  
Bolivar, TN 38008

Dear Mr. Bell:

Thank you for the requested information concerning the *Five-Year Update* to Hardeman County's Solid Waste Plan, which was just received from Mr. Robert Stigall, Stigall Engineering Associates, Inc. This information satisfies the comments contained in my letter of March 1, 2002, and the Five-Year Update is hereby approved.

This revised plan is intended to serve as a guideline for the region's solid waste reduction activities during the upcoming ten-year period. Tennessee Code Annotated §68-211-815 requires that it be consistent with the state solid waste plan, with the provisions of this part, with all other applicable provisions of law, and, with any regulation promulgated by the department. Any changes or updates in this plan must be identified and reported in the region's Annual Progress Report and the next Five-Year Update.

If you have comments or need our assistance, please contact me at the Division of Community Assistance, (615) 532-0082.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Knight".

## **Chapter 1: Summary**

The Region intends to implement this updated solid waste plan on or before March 1, 2002.

Concerning strengths and weaknesses of the major elements of the plan, the following is offered:

1. The Region is well represented by a diverse Board comprised of all the municipalities in the region as well as county representatives.
2. The door-to-door collection service provided by the municipalities is excellent. However, the Solid Waste Coordinator would like to see additional convenience centers constructed.
3. At the present time, the solid waste fees collected appear to be adequate to fund the recycling and disposal programs of the region.
4. The region recycles and/or composts approximately 33% of its waste stream based on a total tonnage of 33,629 annually. Only 22,490 tons was disposed of in the County's Class I Facility.
5. Recycling efforts are ongoing, however, the demand for recycled products is decreasing. This results in a net increase in operating costs for the Class I Facility.
6. The disposal capabilities for the region are excellent. The existing site has in excess of ten years of remaining space to be utilized.
7. At this time, the region does not have any unusual problems associated with problem waste materials.
8. The Hardeman County Solid Waste Region recognizes that it needs to improve its solid waste education programs. The region intends to refer to the Division of Community Assistance's "*Pathway to Education*" in the spring and summer of 2002 for implementable concepts.

Figure 1, located in the back of this plan, shows the location of the municipalities in the region as well as pertinent items of the collection and disposal system.

**Hardeman County Municipal Solid Waste Planning Board  
10 Year Scheduled Activities**

**Ten Year Plan**

<b>Approximate Dates</b>	<b>Activities</b>
2003 – 2004	Perform Closure of Phase I & II areas of Class I Landfill
2007	Develop Phase IV of Class I Landfill for Disposal
2008	Perform closure of Phase III area of Class I Landfill

## **Chapter 2: General Information about the Region**

1. The region is the Hardeman County Region with Hardeman being the only County in the region. The municipalities in the region are as follows:

1. Bolivar
2. Whiteville
3. Hornsby
4. Hickory Valley
5. Grand Junction
6. Saulsbury
7. Middleton
8. Toone
9. Silerton

2. The population of the County is 28,100, based upon the 2000 census.

3. The Board Members of the Hardeman County Region are as follows:

- Bolivar
1. Mr. Doug Baker  
306 Lake Circle Drive  
Bolivar, Tennessee 38008  
(731) 658-3488
  2. Mr. Milton Basden (Vice Chairman)  
214 North Madison  
Bolivar, Tennessee 38008  
(731) 658-3203
  3. Mr. Lloyd Bell  
211 North Washington Street  
Bolivar, Tennessee 38008  
(731) 658-2020

*(Acting Chair)*

- Whiteville
1. Mayor James Bellar  
Post Office Box 324  
Whiteville, Tennessee 38075  
(731) 254-8523

Grand Junction 1. Mr. Ray Smith  
511 Washington Avenue  
Grand Junction, Tennessee 38039

Middleton 1. Mr. James Simpson  
Post Office Box 747  
Middleton, Tennessee  
(731) 376-8114

Hickory Valley 1. Mr. Richard Ayers  
2250 Clift Road  
Bolivar, Tennessee 38008  
(731) 658-6003

Saulsbery 1. Mr. Johnny Smith  
145 Catherine Heights Road  
Saulsbery, Tennessee 38008  
(731) 764-2153

Hornsby 1. Mr. Raymond Cox  
14795 Parker Street  
Hornsby, Tennessee 38044  
(731) 376-8444

Silerton 1. Mayor Stan Rush  
7255 Silerton Road  
Henderson, Tennessee 38340

Toone 1. Mr. Terry Burkhead  
Post Office Box 38  
Toone, Tennessee 38381  
(931) 658-5706

Mr. Viscen C. Morrow (Secretary)  
4735 Highway 64  
Whiteville, Tennessee 38075  
(731) 658-5212

County Commissioner Mr. L.J. Cheairs  
90 Cheairs Lane  
Grand Junction, Tennessee 38039  
(731) 764-6206

**Mr. Steve Young**  
11015 Highway 18 South  
Bolivar, Tennessee 38008  
(731) 658-3444

**Mr. Joe Cole**  
115 Wavers Lane  
Bolivar, Tennessee 38008  
(731) 658-2536

**Ex-Officio:** Hardeman County Executive, Don Clift (non voting)  
City of Bolivar Mayor, Dr. Charles L. Frost (non voting)  
Jim Lee (non voting)

4. A Part 9 Authority has not been formed.

5. Four contacts for the Region are:

**Mr. Don Clift, County Executive**  
Hardeman County Courthouse  
Post Office Box 250  
Bolivar, Tennessee 38008  
(731) 658-3266

**Mr. Lloyd Bell, Solid Waste Coordinator**  
Bolivar/Hardeman County Sanitary Landfill  
211 North Washington Street  
Bolivar, Tennessee 38008  
(731) 658-2020; Extension 118

**Dr. Charles L. Frost, Mayor**  
City of Bolivar  
211 North Washington Street  
Bolivar, Tennessee 38008  
(731) 658-2020

**Mr. Jim Lee, City Administrator**  
City of Bolivar  
211 North Washington Street  
Bolivar, Tennessee 38008  
(731) 658-2020

6. **Activities of the Solid Waste Board**

The Board meets every quarter and is open to the public. The Board, for the most part, is very timely with submission of annual reports reports and plans. In addition, the Board meets its responsibilities regarding permit review.

7. The rationale for the formation of a Single County Region included the following elements:

- 10. More local control over solid waste decisions
- 11. Already had permitable landfill in region
- 12. Did not wish to accept out-of-County waste

8. The Cities of Bolivar, Middleton and Whiteville have door-to-door collection systems. From the 2000 census, the population of these municipalities and Hardeman County were as follows:

13. Bolivar.....	5,802
14. Whiteville.....	3,148
15. Middleton.....	602
16. Hickory Valley.....	159
17. Saulsbury.....	351
18. Hornsby.....	306
19. Grand Junction.....	301
20. Silerton.....	102

9. A brief description of the Region, geographically and demographically, is as follows:

The Region is characterized by mostly level terrain, which forms portions of the headwater drainage basins to the Hatchie River. The Hatchie River flows generally from the southeast corner of the county to the northwest corner and drains roughly 90 percent of the entire county. The region is connected by U.S. Highway 64 and State Highways 18 and 125. Railroad service is available along the southern border of the County. There is one commercial/general aviation airport located outside the City of Bolivar.

Agricultural activity remains a significant part of the Region's economy while the commercial/industrial base is slowing.

The Hardeman County Solid Waste Planning Region is a rectangular shaped area 668 square miles in southwest Tennessee. The Region is bounded on the west by Fayette County, on the north by Haywood County and Madison County, on the east by Chester County and McNairy County and on the south by the State of Mississippi.

10. The region collects a flat amount of \$6.00 from all residences in the Region and \$16.50/ton for industrial and demolition establishments. The fee was instituted in 1988. Various utility establishments in the County collect the fee for the Region.
11. The annual costs of operating the Solid Waste Program for the Region is approximately \$833,900. The revenues are approximately \$996,000. The new expenses anticipated for the Region are for the development of new landfill cells every 5 – 10 years.
12. The Hardeman County Landfill Region is subject to an annual audit and meets all fiscal responsibilities as established by the State of Tennessee.
13. A ten year budget for the Region is shown on the following page.
14. The names of contacts for establishing solid waste budgets are as follows:

Mr. Lloyd Bell, Solid Waste Coordinator  
Bolivar/Hardeman County Sanitary Landfill  
211 North Washington Street  
Bolivar, Tennessee 38008  
(731) 658-2020; Extension 118

Dr. Charles L. Frost, Mayor  
City of Bolivar  
211 North Washington Street  
Bolivar, Tennessee 38008  
(731) 658-2020

### Chapter 3: Waste Stream

1. For the 2000 calendar year, the tonnage processed at the Hardeman County recycling facility was 22,490. A breakdown is as follows:

2. The estimated percentage of the waste is as follows:

Residential .....	60%
Commercial .....	15%
Industrial.....	20%
Institutional .....	<u>5%</u>
<b>Total .....</b>	<b>100%</b>

3. The estimated percentage of the solid waste composition is as follows:

Regular Municipal Waste .....	65%
Yard Waste .....	28%
Tires .....	2%
Construction Waste.....	2%
Recyclables .....	2%
White Goods .....	<u>1%</u>
<b>Total.....</b>	<b>100%</b>

4. Total Generated Waste Stream

(1) Source Reduction .....	650Tons
(2) Recycling .....	10,479Tons
(3) Diversion .....	-0- Tons
(4) Unmanaged Waste .....	<u>10Tons</u>

**Total (4+1 Above) = ..... 33,629 Tons**

See following page for waste flow diagram.

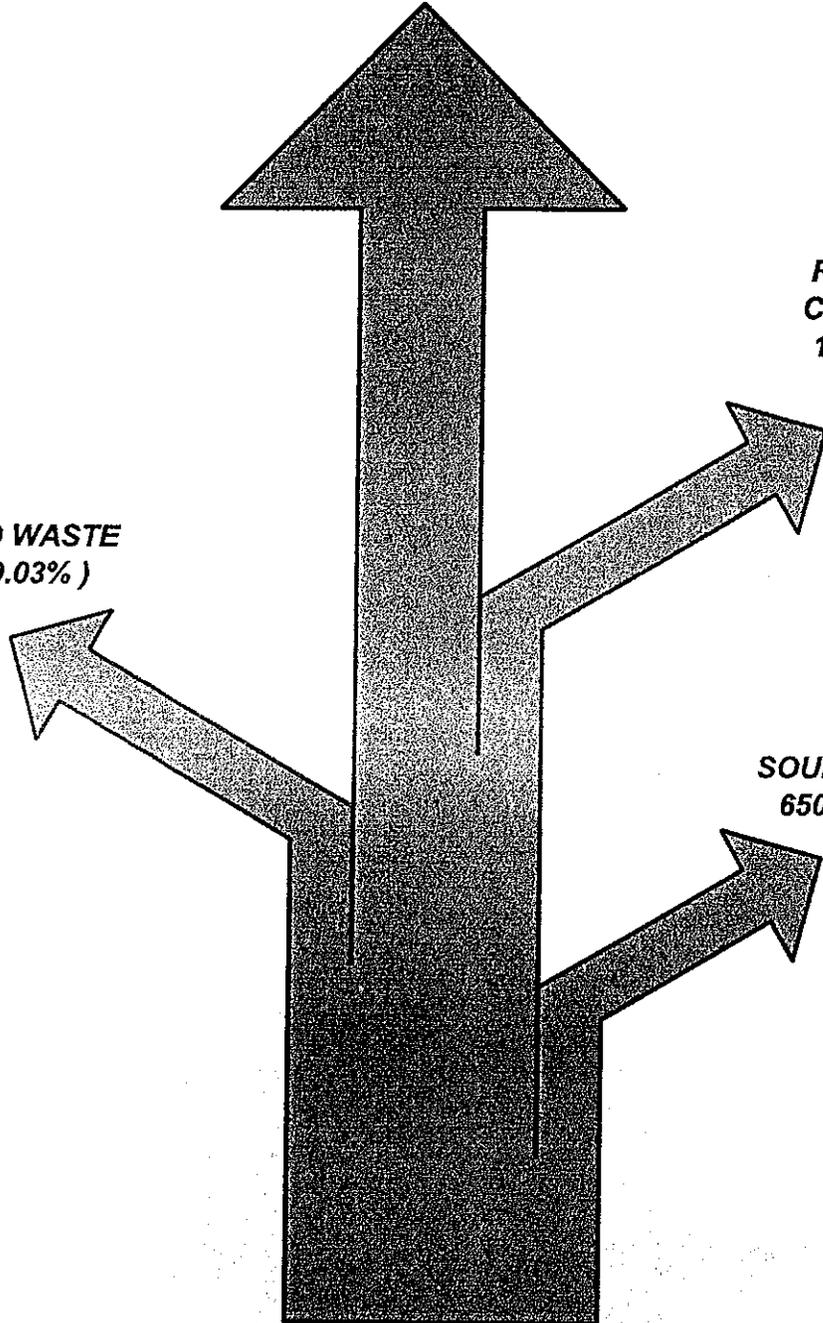

5. There are no recent demographic trends that are affecting waste disposal in the region.

**BALED & LANDFILLED**  
**22,490 TONS ( 66.88% )**

**RECYCLING/  
COMPOSTING**  
**10,479 TONS**  
**( 31.16% )**

**UNMANAGED WASTE**  
**10 TONS ( 0.03% )**

**SOURCE REDUCTION**  
**650 TONS ( 1.93% )**

**HARDEMAN COUNTY REGION SOLID WASTE STREAM DIAGRAM**

FACSIMILE : ( 615 ) 480-7517

6. The economic conditions of the region are slowing. Dover Elevators remains the region's largest employer. Unemployment is at a moderate level at the present, but appears to be increasing. If economic factors worsen, the region may experience a slight reduction in the volume of solid waste generated.
  
7. The top five contributors to the region's waste disposal system are:
  - (1) Sequentia
  - (2) Webco
  - (3) Killgore
  - (4) Spectrum
  - (5) Hardeman County & Whiteville Prisons
  
8. The region has a *Litter Grant Program* through the Hardeman County Sheriff's office.
  
9. Yes, we believe that the formula for "*Economic Growth Adjustment*" is a more equitable representation of waste reduction calculations.
  
10. A change in the base year from 1989 to 1995 would hurt Hardeman County as a 33% reduction was achieved from 1989 to 1995. We do not believe an additional reduction of 25% is achievable at this time.
  
11. The Hardeman County Region is made up of Hardeman County and the Municipalities of:
  1. Bolivar
  2. Whiteville
  3. Hornsby
  4. Hickory Valley
  5. Grand Junction
  6. Saulsbury
  7. Middleton

The diversion programs include yard waste collection in most of the cities. The yard waste collected consists mostly of grass, leaves, and brush. The ten year trend should not vary significantly concerning the diversion programs. The local 4-H clubs in the area are very active in solid waste matters.

## Chapter 4: Collection & Transportation

### 1. Collection Service

Entity	Service	Available To	Paid By	Description
Bolivar .....	House to House .....	City Limits .....	Individuals Monthly Basis.....	City Owned Collection
Whiteville .....	House to House .....	City Limits .....	Individuals Monthly Basis.....	City Owned Collection
Hornsby .....	House to House .....	City Limits .....	Individuals Monthly Basis.....	City Owned Collection
Hickory Valley .....	House to House .....	City Limits .....	Individuals Monthly Basis.....	City Owned Collection
Grand Junction .....	House to House .....	City Limits .....	Individuals Monthly Basis.....	City Owned Collection
Middleton .....	House to House .....	City Limits .....	Individuals Monthly Basis.....	City Owned Collection
Saulsby .....	House to House .....	City Limits .....	Individuals Monthly Basis.....	City Owned Collection

### 2. Regional Collection Assistance

Hardeman County meets the countywide collection assurance plan by having three convenience centers in the County. The municipalities are covered by mandatory collection.

### 3. The Region's Solid Waste Coordinator would like to see additional convenience centers.

## **Chapter 5: Recycling**

1. The recycling coordinator of the Hardeman County Region is:

Mr. Lloyd Bell  
211 North Washington Street  
Bolivar, Tennessee 38008  
(731) 658-2020; Ext. 118

2. The primary waste reduction program is a recycling center located that the Hardeman County Baler.

The Contact for the program is:

Mr. Lloyd Bell  
211 North Washington Street  
Bolivar, Tennessee 38008  
(731) 658-2020; Ext. 118

The items recycled are:

1. Cans
  2. Cardboard
  3. Tires
  4. Used Oil
  5. Batteries
  6. Yard Waste
3. The major problem with the recycling effort is the lack of markets for recycled products. It is becoming more costly to sort and process recycled goods at the current prices due to supply/demand pressures on the recycled goods.

4. The recycling facility for the region is located at the Landfill/Recycling Center.

<b>Site Name</b>	<b>County</b>	<b>Items Collected</b>	<b>Description</b>
Hardeman County Recycling Center	Hardeman	Cans, plastics, glass, cardboard, newspaper	Items are sorted and baled and sold or paid to companies off-site of the facility.

## **Chapter 6: Disposal**

### **1. Listing**

The Hardeman County Region has one Class I Landfill. Pertinent information concerning the landfill is as follows:

**Name:** Bolivar-Hardeman County Landfill  
**Owner:** City of Bolivar-Hardeman County  
**Operator:** Lloyd Bell, Solid Waste Coordinator  
**Phone No.:** (731) 658-2020; Ext. 118  
**Address:** Walton Lane; Hardeman County  
**Classification:** Class I Conforming to Subtitle D  
**Permit No.:** SWP350001295  
**Fees:** \$16.50/Ton  
**Material Received:** Standard Class I Material  
**Other:** The facility does not produce energy.  
**Transfer:** The facility is not a transfer station.

- 2. There are no imports/exports concerning solid waste into or out of the region.**
- 3. The disposal methods of the region are adequate at this time. The disposal should be reasonable for a ten-year planning period. No major changes to the disposal system are being considered at this time.**
- 4. The facility described in this chapter has a planning capacity in excess of ten years.**
- 5. The Class I landfill functions as an enterprise fund and has an annual audit.**

## **Chapter 7: Problem Wastes**

1. Hardeman County has not utilized the State's household waste mobile collection service during the past two years.
2. No jurisdiction within the region operates a permanent household waste collection center.
3. The region believes that current household hazardous waste provisions are adequate, at this time. The County does plan to utilize the State's mobile collection service soon.
4. A waste tire station is located at the landfill. When a complete load is accumulated, MAC Tire Company picks up the tires for use at a steam plant.
5. The region believes that their current method of tire disposal is more efficient than the State's program.
6. The County does not have a particular problem with waste tire dumping.
7. The oil and auto fluids are taken to Sassers Exxon for recycling. The County has a drop off point at the landfill for batteries.

## **Chapter 8: Solid Waste Education**

1. The persons or organizations that are active in solid waste matters are:

- |                |    |  |
|----------------|----|--|
| Bolivar        | 1. | Mr. Doug Baker<br>306 Lake Circle Drive<br>Bolivar, Tennessee 38008<br>(731) 658-3488                |

---

Mr. Lloyd Bell  
211 North Washington Street  
Bolivar, Tennessee 38008  
(731) 658-2020; Ext. 118

Ex-Officio: Hardeman County Executive, Sammy Nuckolls  
City of Bolivar Mayor, Dr. Charles L. Frost

2. The 4-H program in the County is very active in solid waste matters. They are particularly interested in recycling matters.

At this time, it is believed that the public has been adequately informed and has an opportunity to be involved in solid waste matters. The region has not made use of the Division of Community Assistance's *Pathway to Education* book.

## **Chapter 9: Flow Control & Permit Review**

1. Yes. The County is very active in inspection of solid waste in an effort to prevent waste generated outside the region from being disposed of in the region. Also, inspections are performed to investigate the composition and origin of solid waste brought to the landfill.
2. The region does not foresee any outstanding issues with regard to permit review or flow control.

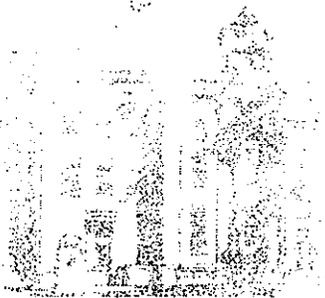

## **Chapter 10: Five Year Plan Update Review:**

1. A hearing was held at the Hardeman County Courthouse on December 27, 2001 concerning the Hardeman County Solid Waste Region five year update.

The location of the meeting is a well known, centralized location. In attendance were Mr. Sammy Nuckolls, Mr. Lloyd Bell, Mr. Johnny Anthony, and Mr. Robert Stigall. No comments were offered by the public.

A copy of the Public Notice is shown on the following page.

2. The local planning commission was provided with copies of the five year update for review and comment. No comments were received from the planning commission.
3. A copy of the resolution approving the 5 year update is shown on the following page as submitted by the Hardeman County Executive, at the time, Mr. Sammy Nuckolls.

March 1, 2002

Mr. Johnny Anthony, Chairman  
Hardeman Co. Municipal SW Planning Region  
211 W. Jackson Street  
Bolivar, TN 38008

Dear Mr. Anthony:

Division staff have reviewed the five-year update to the Hardeman County Municipal Solid Waste Planning Region's Ten-Year Solid Waste Plan and, while most of the report is complete and adequate, some sections need additional information or clarification. The following comments are based upon this review and other relevant documents and requirements:

**CHAPTER 1-SUMMARY**

This chapter asks for an implementation schedule illustrating current and planned solid waste facilities and programs over the ten-year planning horizon. **Please provide this required schedule.**

**CHAPTER 2-GENERAL INFORMATION**

**Section 2.3.** The update report lists 15 planning board members; however, a letter from Stigall Engineering, which accompanied the report, indicates that there are 16 members. TCA §68-211-813 stipulates that a MSW planning board membership shall contain an odd number between 5 and 15. Further, the two lists disagree on the membership of Terry Rowland, Joe Cole and Terry Burkhead. **Please resolve these issues.**

**CHAPTER 3-WASTE STREAM**

**Section 3.10.** For the record, the 1995 change in the base year does not necessarily mean an additional reduction/diversion of 25%. All MSW regions were provided an opportunity to adjust their 1995 numbers and take advantage of progress from on-going reduction/diversion programs.

RE: Hardeman County Municipal Solid Waste Plan Five Year Update

Dear Mr. Anthony:

The Department of Environment and Conservation has not received a response to the comment letter sent to you on March 1, 2002, pointing to deficiencies found during a review of the Hardeman County Solid Waste Planning Region's Five-Year Plan Update. The Solid Waste Management Act of 1991 [T.C.A. 68-211-814 (a)(1)] requires the region to review the deficiencies enumerated in the department's letter and to submit corrections for such deficiencies within sixty (60) days of receiving the comment letter. The region's response was due to be received by the Division of Community Assistance on June 1, 2002. When the solid waste region planning board for the county fails to comply with provisions of the Act, the county represented by the solid waste planning region board is in non-compliance and is subject to loss of funds and civil penalties [T.C.A. 68-211-816(a)].

To end this non-compliance with provisions of the Act, the Hardeman County Solid Waste Planning Region Board or Hardeman County must submit a response within ninety (90)-days of receipt of this letter. If such response is not received, Hardeman County will lose eligibility for funds from the Solid Waste Management Fund [T.C.A. 68-211-816 (a)(2)]. If non-compliance continues, additional sanctions may follow [T.C.A. 68-211-816 (a)(3)].

I am certain that Hardeman County and the Hardeman County Solid Waste Planning Region will give these issues the serious consideration that is warranted. Staff from the Southwest Tennessee Development District and the University of Tennessee County Technical Assistance Service is available to assist Hardeman County in this effort. If you need additional information, please contact Bob Knight with the Division of Community Assistance at 615-532-0082.

Sincerely,

Dear Ms. McDowell:

I have received your letter of November 29, 2001. Stigall Engineering Associates, Inc. informed me today that the plan is complete and we are publishing notice of public hearing in next week's paper. The public hearing should be scheduled during the last week of December and we will forward the plan to your office shortly thereafter. Should your office need information from the plan prior to its being sent, please contact Mr. Robert Stigall at 615.460.7515 and I am sure he will send it at once. It was my understanding that he has discussed his tardiness with Mr. Knight of your office.

Should you have any further questions or concerns, please do not hesitate to write me.

Sincerely,

Sam Nuckolls  
County Executive

RE: Five-Year Update to Ten-Year Solid Waste Plan

Dear Mr. Anthony:

The Department of Environment and Conservation has not received the Solid Waste Planning Region Five-Year Update Report for the Hardeman County Solid Waste Planning Region. The Solid Waste Management Act of 1991 [T.C.A. 68-211-814 (2)] requires that these reports be revised every five years after the plan's initial approval. The Hardeman County report was due to the Division of Community Assistance on October 8, 2001.

The Region must submit the required report within 90 days of receipt of this letter. Otherwise, the region and jurisdiction(s) within the region may lose eligibility for grants from the Solid Waste Management Fund. If non-compliance continues, additional sanctions may follow [T.C.A. 68-211-816].

I am certain that the Hardeman County Solid Waste Planning Region will give these issues the serious consideration that is warranted. If you need additional information, please contact Louis Bordenave with the Division of Community Assistance, at 615-532-0095.

Sincerely,

Milton H. Hamilton, Jr.

RE: Five-year Update to Ten-year Solid Waste Plan  
Hardeman County Solid Waste Region  
Region Member: Hardeman  
Update Due — October 8, 2001

Dear Mr. Anthony:

As you are aware, the Solid Waste Management Act of 1991 requires the Solid Waste Regions to plan, monitor, and report on solid waste activities. One of the requirements of this legislation was for each region to prepare a Ten-year Solid Waste Management Plan. The legislation also requires that Five-year updates to those plans be prepared and submitted to the state for review. The Hardeman County Region's Ten-year plan was approved on October 8, 1996; therefore, your Five-year Update is due to this office by **October 8, 2001**. Please note that the Update is expected to consider the next Ten-year planning horizon, and will become your current Ten-year Plan upon approval by this office.

Also required by the Solid Waste Act is submittal of a Needs Assessment report for all of the counties within each Development District. The initial Assessment was due by September 30, 1992; with revisions due by April 1, 1999 and every five years after that. The Solid Waste Needs Assessment for the counties and municipalities within your region was received on August 9, 1999. Please contact Mr. Frank Zerfoss with the Southwest Tennessee Development District to determine the status of your Region's Needs Assessment report. The Needs Assessment will provide much of the information necessary for the preparation of the Five-year Update to your Ten-year Plan.

The Five-year update to your Ten-year Solid Waste Management Plan is an important tool for your Region. If you have any questions, please do not hesitate to contact me at 615-532-0744.

Sincerely,

Becky Gorham  
Planning, Reporting and Waste Reduction
