Together, all the way.®

IMPORTANT PLAN INFORMATION

We are pleased to provide information about the prepaid dental plan. This plan offers a full range of benefits through a network of plan dentists. Cigna Dental Care® is providing your prepaid dental benefit plan.¹

Important details

You must select a network general dentist, who will manage your overall dental care. Covered family members can choose their own network general dentists – near home, work or school. Our nationwide Cigna Dental Care network is one of the largest in the United States. If you need assistance in selecting a dentist, contact Cigna at **800.997.1617**.

- ▶ You will pay the copay amount listed on your Patient Charge Schedule for covered dental services performed by your network dentist.
- ▶ If your network general dentist does not perform the specialty care procedure you need, he/she can direct you to a participating network specialist.
- ▶ Procedures not listed on your Patient Charge Schedule are not covered and are the patient's responsibility at the dentist's usual fees.
- ▶ Preauthorization of payment is not required for specialty referrals for pediatric and orthodontic services.
- ▶ **Remember:** If you seek covered services from a dentist who does not participate in the Cigna Dental Care network, your plan will not pay except in the case of an emergency, or as required by law.

Participation Requirements:

An agency must be participating in the State of Tennessee Sponsored Group Health Plan in order to qualify for participation in the State of Tennessee Voluntary Dental Program. Employee, Retiree, and/or Dependent participation in the State Sponsored Group Health Plan is not required to participate in the State Dental Program. Employee or Retiree participation in the Prepaid Dental Program is required for participation of eligible Dependents. Participation by those enrolled in the Prepaid Dental Program is on a calendar year basis, and enrollment may only be dropped by the Members during the Annual Enrollment Period for the beginning of the next calendar year or due to a special qualifying event. We will also allow dropping of prepaid if there is no participating general dentist within 40 mile radius of home.

YOUR QUESTIONS ANSWERED

Q: How does the Cigna Dental Prepaid Plan work?

A: When you sign up in the Cigna Dental Prepaid Plan, you must select a network general dentist, who will handle your dental care needs. You then receive a Patient Charge Schedule, or PCS, that lists the specific dental procedures covered by the plan and the amount you would pay the dentist (your copays). These copays apply only when you receive treatment from the dentists or dental specialists in our Cigna Dental Care DHMO Network. If a dental procedure is not listed on your PCS, it is not covered and you will have to pay according to the dentist's regular fees. If you receive a covered service from a dentist who does not participate in the Cigna Dental Care DHMO network, your dental benefits may not be covered at all.¹ You can take your PCS to dental appointments to discuss treatment options and costs with your dentist (but it is not required).

Q: How do I choose a dentist when I sign up for the plan? Can I change my network dentist later on?

A: When you enroll in the Cigna Dental Prepaid Plan, you are required to select and visit a network general dentist (provider) for your dental care needs. You can find a network dentist by visiting **Cigna.com/sites/stateoftn** or go to your personalized website at **myCigna.com** after you sign up. If you need help finding a dentist, you can call the customer service number below and request to have a list of providers mailed, emailed or faxed to you. You can change your network dentist at any time; changes go into effect the first of the following month. Remember, if you visit a non-network dentist, your treatment may not be covered at all.

If you'd like to speak with someone, call customer service at **800.997.1617**. You can also follow the phone prompts to use our automated Dental Office Locator. The automated system will speak the names of the dentists in your area, mail, email or fax a list of dentists to you.

Q: If I'm new to the Cigna Dental Prepaid Plan, can I keep my current dentist?

A: That depends. If your current dentist participates in the Cigna Dental Care DHMO Network, you can choose him/her as your network general dentist. You can look online at **Cigna.com/sites/stateoftn** to find out, or ask your dental office directly. Sometimes, Cigna's online Dental Office Directory may show that your dental office is not accepting new patients even when their office says they are. If this happens, please contact customer service at **800.997.1617** for assistance.

Q: Do I need a referral to visit a dental specialist?

A: Yes. If you require specialty care, your network general dentist will refer you to a network dental specialist – and handle any paperwork. Referrals are required for all network specialists, except orthodontists and pediatric dentists. Prior authorization may be required for certain types of specialty care and there may be a different copay.

Q: Do I need to show my ID card when I arrive at the dentist's office?

A: No. ID cards are not required to use the plan. When you call to schedule your appointment, just let your selected network dental office know that you are covered under the Cigna Dental Prepaid Plan. If for some reason the dental office does not see your name on its list of Cigna DHMO patients, they can call us to verify. You can also call customer service at **800.997.1617** if you need more help.

Q: When do I have to pay the dentist?

A: That depends on the financial arrangement between you and your network dentist. We encourage you to discuss costs and payment arrangements for dental treatment with your dentist before you receive care. Most dentists will work with their patients to arrange payment plans for more costly treatments.

Q: Will my network dentist submit a claim to Cigna after I receive treatment?

A: No. There are no claim forms required when receiving care from a network dentist.

Q: Are braces covered?

A: Yes. A maximum benefit of 24 months of interceptive and/or comprehensive orthodontic treatment is covered as shown in the Patient Charge Schedule. Cases beyond 24 months may require additional payments by the patient, which are based on the dentist's contracted fee and may be different from the copay listed in the patient charge schedule. If you or your family member started treatment before you joined the Cigna Dental Prepaid Plan (called "orthodontics in progress"), this treatment² is excluded.

Q: What if I have a dental emergency and can't get treatment from my DHMO network dentist?

A: Emergency services: If you are out of your service area or unable to contact your network general dentist, you may receive emergency services by any licensed dentist for unexpected but necessary services. Emergency services are limited to relieving severe pain, controlling excessive bleeding and eliminating serious and sudden (“acute”) infection. Routine restorative procedures or definitive treatment (e.g., root canal) are not considered emergency care and you should return to your network general dentist for these procedures.

Emergency care out of your service area: For emergency covered services, you will be responsible for the Patient Charges listed on your Patient Charge Schedule. Cigna Dental will reimburse you the difference, if any, between the dentist's Usual Fee for emergency covered services and your Patient Charge, up to a total of \$50 per incident (this amount may vary by state). To request reimbursement, send the dentist's itemized statement to Cigna Dental at the address listed for your state on your plan materials.

Emergency care after hours: There is a copay listed on your PCS for emergency care received after regularly scheduled office hours. This copay will be in addition to other copays that may apply.

Cigna Dental Oral Health Integration Program®

What is the Cigna Dental Oral Health Integration Program?

It's a program that reimburses out-of-pocket costs for specific dental services used to treat or help prevent gum disease and tooth decay. The program is for people with certain medical conditions that may be impacted by dental care. There's no additional cost for the program - if you qualify, you get reimbursed!

Do I qualify?

If you have a Cigna dental plan, you're eligible for the program. It doesn't matter if you have Cigna health insurance or not. The only requirement is that you're currently being treated by a doctor for:

- › Heart disease
- › Stroke
- › Diabetes
- › Head and neck cancer radiation
- › Maternity
- › Chronic kidney disease
- › Organ transplants

How does it work?

When you visit your dentist, you will pay your usual copay. As a reminder, your copay is the fixed amount you pay for covered services. Next, your dentist will send Cigna your information and we will review the claim and refund your copay for eligible services. Once we receive your claim, you can expect to be reimbursed in about 30 days.

Using the program is as easy as 1, 2, 3!

Together, we can make sure proper dental care is given to those who need it most.

- 1** Participants fill out the Registration Form. This is required only one time per qualifying medical condition. The Registration Form is available on **myCigna.com**, **Cigna.com** or by calling the number on the ID card or policy.
- 2** Participants mail in the completed form to Cigna at the address listed on the Registration Form.
- 3** Program participants simply visit their dentist for the covered service and pay the dentist their usual copay amount for that procedure. We'll send reimbursement in about 30 days.

SPECIAL NOTICE

Benefits Administration does not support any practice that excludes participation in programs or denies the benefits of such programs on the basis of race, color, national origin, sex, age or disability in its health programs and activities.
