RFQ # 31701-03136

Potentially Acceptable EPP/CMS Products (Revision 1, 02/23/2016)

The following vendors' products are potentially acceptable to the State for implementing the Enterprise Portal Platform/Content Management System as of the RFQ Technical Proposal Deadline" (see RFQ Section 2). Any of these products proposed must further pass all mandatory requirements to be accepted.

Vendor	Product	Portal MQ (1)	WCM MQ (2)
Drupal /Acquia	Acquia: Drupal hosting and support	Challenger (Drupal)	Leader (Acquia)
Adobe	Adobe Experience Manager	Visionary	Leader
EPiServer	Digital Experience Cloud	Challenger	Leader
Microsoft	SharePoint	Leader	Niche
OpenText	Web Experience Management/OpenText Portal	Niche	Leader
IBM	Websphere Portal + Web Content Manager	Leader	Leader
Oracle	WebCenter	Leader	Leader
Sitecore	Customer Engagement Platform	Challenger	Leader

Note: MQ = Magic Quadrant. WCM = Web Content Management.

The following vendors' products are **not** acceptable even though they are listed in one of the two Magic Quadrants.

Vendor	Product	Portal MQ (1)	WCM MQ (2)
HP	TeamSite	N/A	Leader
Liferay	Portal Enterprise Edition	Leader	N/A
Salesforce	Salesforce Community Cloud	Leader	N/A
SAP	Enterprise Portal, Hana Cloud Portal, Fiori	Leader	N/A
SDL	Customer Experience Cloud	N/A	Leader
