CLARIFICATION # 2
FOR FACILITIES MANAGEMENT SERVICES**

DATE: JUNE 20, 2016

THE STATE WOULD LIKE TO ISSUE THE FOLLOWING CLARIFICATION FOR RFQ # 32110-16200:

Questions have been received regarding Reference Questionnaires. The Reference Questionnaires are meant to provide evidence to the State that verifies that the work being outlined in the Case Studies was actually performed. It has been brought to the State's attention that some clients have procurement rules or regulations that prohibit providing references for vendors (such as the National Parks Service). In lieu of providing a Reference Questionnaire, a Respondent may satisfy the requirement by providing to the Solicitation Coordinator a copy of the awarded contract or other documentation of services being provided.
