- 2.17.4.7.31 Shall include notice that the member has the right to ask TENNCARE to change MCOs based on hardship, the circumstances which constitute hardship, explanation of the member's right to file an appeal if such request is not granted, and how to do so;
- 2.17.4.7.32 Shall include notice of the enrollee's right to terminate participation in the TennCare program at any time with instructions to contact TENNCARE for termination forms and additional information on termination;
- 2.17.4.7.33 Shall include TENNCARE and MCO member services toll-free telephone numbers, including the TENNCARE hotline, the CONTRACTOR's member services information line, and the CONTRACTOR's 24/7 nurse triage/advice line with a statement that the member may contact the CONTRACTOR or TENNCARE regarding questions about the TennCare program, including CHOICES, as well as the service/information that may be obtained from each line;

- 2.17.4.7.34 Shall include information on how to obtain information in alternative formats or how to access interpretation services as well as a statement that interpretation and translation services are free;
- 2.17.4.7.35 Shall include information educating members of their rights and necessary steps to amend their data in accordance with HIPAA regulations and state law;
- 2.17.4.7.36 Shall include directions on how to request and obtain information regarding the “structure and operation of the MCO” and “physician incentive plans” (see Section 2.17.9.2);
- 2.17.4.7.37 Shall include information that the member has the right to receive information on available treatment options and alternatives, presented in a manner appropriate to the member’s condition and ability to understand;
- 2.17.4.7.38 Shall include information that the member has the right to be free from any form of restraint or seclusion used as a means of coercion, discipline, convenience, or retaliation;
- 2.17.4.7.39 Shall include information on appropriate prescription drug usage (see Section 2.9.10); and
- 2.17.4.7.40 Shall include any additional information required in accordance with NCQA’s Standards and Guidelines for the Accreditation of MCOs.

2.17.5 Quarterly Member Newsletter

2.17.5.1 General Newsletter

The CONTRACTOR shall, at a minimum, distribute on a quarterly basis a newsletter to all members which is intended to educate the enrollee to the managed care system, proper utilization of services, etc., and encourage utilization of preventive care services.

2.17.5.2 Teen/Adolescent Newsletter

The CONTRACTOR shall, at a minimum, distribute on a quarterly basis a newsletter to all enrollees between the ages of 15 and 20 which is intended to educate the enrollee to the managed care system, proper utilization of services, etc., with an emphasis on the encouragement to utilize TENNderCare services.

2.17.5.2.1 The Teen/Adolescent Newsletter shall be a product of the MCO Adolescent Well-Care Collaborative. The MCOs will agree on five required topics to include in each newsletter. MCOs may include additional articles at their discretion; no deviation from the five agreed upon articles will be allowed unless approved in writing by TENNCARE.

2.17.5.2.1.1 The CONTRACTOR shall include the following information in each newsletter:

2.17.5.2.1.1.1 Five teen/adolescent specific articles as agreed upon by the MCO Adolescent Well Care Collaborative; and

- 2.17.5.2.1.1.2 The procedure on how to obtain information in alternative formats or how to access interpretation services as well as a statement that interpretation and translation services are free; and
- 2.17.5.2.1.1.3 TENNCare information, including but not limited to, encouragement to obtain screenings and other preventive care services.
- 2.17.5.3 The CONTRACTOR shall include the following information in each newsletter:
 - 2.17.5.3.1 Specific articles or other specific information as described when requested by TENNCARE. Such requests by TENNCARE shall be limited to two hundred (200) words and shall be reasonable including sufficient notification of information to be included;
 - 2.17.5.3.2 At least one specific article targeted to CHOICES members;
 - 2.17.5.3.3 Notification regarding the CHOICES program, including a brief description and whom to contact for additional information;
 - 2.17.5.3.4 The procedure on how to obtain information in alternative formats or how to access interpretation services as well as a statement that interpretation and translation services are free;
 - 2.17.5.3.5 A notice to members of the right to file a complaint, as is provided for by Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, the Omnibus Budget Reconciliation Act of 1981 (P.L. 97-35), and a CONTRACTOR phone number for doing so. The notice shall be in English and Spanish;
 - 2.17.5.3.6 TENNCare information, including but not limited to, encouragement to obtain screenings and other preventive care services;
 - 2.17.5.3.7 Information about appropriate prescription drug usage;
 - 2.17.5.3.8 TENNCARE and MCO member services toll-free telephone numbers, including the TENNCARE hotline, the CONTRACTOR's member services information line, and the CONTRACTOR's 24/7 nurse triage/advice line as well as the service/information that may be obtained from each line; and
 - 2.17.5.3.9 The following statement: "To report fraud or abuse to the Office of Inspector General (OIG) you can call toll-free 1-800-433-3982 or go online to www.state.tn.us/tenncare and click on 'Report Fraud'. To report provider fraud or patient abuse to the Medicaid Fraud Control Unit (MFCU), call toll-free 1-800-433-5454."

2.17.5.4 The quarterly member newsletters shall be disseminated within thirty (30) calendar days of the start of each calendar year quarter. In order to satisfy the requirement to distribute the quarterly newsletter to all members, it shall be acceptable to mail one (1) quarterly newsletter to each address associated with the member's TennCare case number. In addition to the prior authorization requirement regarding dissemination of materials to members, the CONTRACTOR shall also submit to TENNCARE, five (5) final printed originals, unless otherwise specified by TENNCARE, of the newsletters and documentation from the MCO's mail room or outside vendor indicating the quantity and date mailed to TennCare as proof of compliance by the 30th of the month following each quarter in accordance with the reporting schedules as described in Section 2.30.1.3 of this Agreement.

2.17.6 Identification Card

Each member shall be provided an identification card, which identifies the member as a participant in the TennCare program within thirty (30) calendar days of notification of enrollment into the CONTRACTOR's MCO or prior to the member's enrollment effective date. The identification card shall be durable (e.g., plastic or other durable paper stock but not regular paper stock), shall comply with all state and federal requirements and, at a minimum, shall include:

- 2.17.6.1 The CONTRACTOR's name and issuer identifier, with the company logo;
- 2.17.6.2 Phone numbers for information and/or authorizations, including for physical health, behavioral health, and long-term care services;
- 2.17.6.3 Descriptions of procedures to be followed for emergency or special services;
- 2.17.6.4 The member's identification number;
- 2.17.6.5 The member's name (First, Last and Middle Initial);
- 2.17.6.6 The member's date of birth;
- 2.17.6.7 The member's enrollment effective date;
- 2.17.6.8 Co-payment information;
- 2.17.6.9 The Health Insurance Portability and Accountability Act (HIPAA) adopted identifier;
- 2.17.6.10 The words "Medicaid" or "Standard" based on eligibility; and
- 2.17.6.11 For CHOICES members, the word "CHOICES."

2.17.7 CHOICES Member Education Materials

2.17.7.1 The CONTRACTOR shall explain and provide member education materials to each CHOICES member (see Section 2.9.6.9.6.4.2).

- 2.17.7.2 The CONTRACTOR shall update and re-print the CHOICES member education materials as specified and with advance notice by TENNCARE. The revised materials shall be submitted to TENNCARE for review and approval. Upon TENNCARE approval, the CONTRACTOR shall immediately distribute the updated materials to all CHOICES members.
- 2.17.7.3 The materials shall comply with all state and federal requirements and, at a minimum, shall include:
 - 2.17.7.3.1 A description of the CHOICES program, including the CHOICES Groups;
 - 2.17.7.3.2 Information on CHOICES groups and the covered long-term care services for each CHOICES group, including HCBS benefit limits for members in CHOICES Group 2 or 3;
 - 2.17.7.3.3 A general description of care coordination and the role of the care coordinator;
 - 2.17.7.3.4 Information about contacting and changing the member's care coordinator, including but not limited to how to contact the care coordinator, how and when the member will be notified of who the assigned care coordinator is, and the procedure for making changes to the assigned care coordinator, whether initiated by the CONTRACTOR or requested by the member;
 - 2.17.7.3.5 Information about the CHOICES consumer advocate (see Section 2.29.1.3), including but not limited to the role of the CHOICES consumer advocate and how to contact the consumer advocate for assistance;
 - 2.17.7.3.6 Information and procedures on how to report suspected abuse and neglect (including abuse, neglect and/or exploitation of members who are adults and suspected brutality, abuse, or neglect of members who are children), including the phone numbers to call to report suspected abuse and neglect;
 - 2.17.7.3.7 Information about estate recovery;
 - 2.17.7.3.8 The procedure on how to obtain member materials in alternative formats for members with special needs and how to access oral interpretation services and that both alternative formats and interpretation services are available at no expense to the member;
 - 2.17.7.3.9 TENNCARE and MCO member services toll-free telephone numbers, including the TENNCARE hotline, the CONTRACTOR's member services information line, and the CONTRACTOR's 24/7 nurse triage/advice line as well as the service/information that may be obtained from each line;
 - 2.17.7.3.10 Information about the member's right to choose between nursing facility and HCBS if the member qualifies for nursing home care and if the member's needs can be safely and effectively met in the community and at a cost that does not exceed the member's cost neutrality cap;
 - 2.17.7.3.11 A description of the care coordinator's role and responsibilities for CHOICES Group 1 members, which at a minimum shall include:

- 2.17.7.3.11.1 Performing needs assessments as deemed necessary by the CONTRACTOR;
- 2.17.7.3.11.2 Participating in the nursing facility's care planning process;
- 2.17.7.3.11.3 Coordinating the member's physical health, behavioral health, and long-term care needs;
- 2.17.7.3.11.4 Conducting face-to-face visits every six (6) months;
- 2.17.7.3.11.5 Conducting level of care reassessments; and
- 2.17.7.3.11.6 Determining the member's interest in transition to the community and facilitating such transition, as appropriate.
- 2.17.7.3.12 Information for CHOICES Group 1 members about patient liability responsibilities including the potential consequences of failure to comply with patient liability requirements, including loss of the member's nursing facility provider, disenrollment from CHOICES, and to the extent that the member's eligibility depends on receipt of long-term care services, loss of eligibility for TennCare;
- 2.17.7.3.13 Information for CHOICES Group 1 members about the CONTRACTOR's nursing facility transition process;
- 2.17.7.3.14 A statement advising members in CHOICES Groups 2 and 3 that the CONTRACTOR may choose to provide certain non-covered services to a particular member when the CONTRACTOR determines that such services are an appropriate and more cost-effective way of meeting the member's needs than other covered services that would otherwise be provided; a member is not entitled to receive these non-covered services; the decision to provide or not provide these non-covered services to a particular member is at the sole discretion of the CONTRACTOR; and if the CONTRACTOR does not provide one of these non-covered services to a member, the member is not entitled to a fair hearing regarding the decision;
- 2.17.7.3.15 A statement advising members in CHOICES Group 2 that the cost of providing HCBS, home health, and private duty nursing shall not exceed the member's cost neutrality cap, and that the cost neutrality cap reflects the projected cost of providing nursing facility services to the member;
- 2.17.7.3.16 A statement advising members in CHOICES Group 3 that the cost of providing HCBS, excluding home modification, to members in CHOICES Group 3 shall not exceed the expenditure cap;
- 2.17.7.3.17 An explanation for members in CHOICES Group 2 of what happens when a member is projected to exceed his/her cost neutrality cap, which shall include the following: The CONTRACTOR will first work with the member to modify the member's plan of care to safely and effectively meet the member's needs in the community and at a cost that is less than the member's cost neutrality cap; if that is not possible, the member will be transitioned to a more appropriate setting (a nursing facility); and if the member declines to move to a more appropriate setting, the member may be

disenrolled from CHOICES, and to the extent that the member's eligibility depends on receipt of long-term care services, may lose eligibility for TennCare;

- 2.17.7.3.18 A statement advising CHOICES members in CHOICES Group 3 that the CONTRACTOR will deny HCBS in excess of the expenditure cap;
- 2.17.7.3.19 A statement advising members that HCBS provided by the CONTRACTOR to CHOICES members will build upon and not supplant a member's existing support system, including but not limited to informal supports provided by family and other caregivers, services that may be available at no cost to the member through other entities, and services that are reimbursable through other public or private funding sources, such as Medicare or long-term care insurance;
- 2.17.7.3.20 A description of the care coordinator's role and responsibilities for CHOICES Group 2 and 3 members, which at a minimum shall include:
 - 2.17.7.3.20.1 Conducting an individualized, comprehensive needs assessment;
 - 2.17.7.3.20.2 Coordinating a care plan team and facilitating the development of a plan of care;
 - 2.17.7.3.20.3 Coordinating the identification of the member's physical health, behavioral health and long-term care needs and coordinating services to meet those needs;
 - 2.17.7.3.20.4 Implementing the authorized plan of care, including ensuring the timely delivery of services in accordance with the plan of care;
 - 2.17.7.3.20.5 Providing assistance in resolving any concerns about service delivery or providers;
 - 2.17.7.3.20.6 Explanation of the minimum contacts a care coordinator is required to make and a statement that the care coordinator may be contacted as often as the member needs to contact the care coordinator;
 - 2.17.7.3.20.7 Completing level of care and needs reassessments and updating the plan of care; and
 - 2.17.7.3.20.8 Ongoing monitoring of service delivery to ensure that any service gaps are immediately addressed and that provided services meet the member's needs;
- 2.17.7.3.21 Information about the right of members in CHOICES Groups 2 and 3 to request an objective review by the State of his/her needs assessment and/or care planning processes and how to make such a request;
- 2.17.7.3.22 Information for members in CHOICES Groups 2 and 3 on consumer direction of HCBS, including but not limited to the roles and responsibilities of the member; the ability of the member to select a representative and who can be a representative; the services that can be directed; the member's right to participate in and voluntarily withdraw from consumer direction at any time; how to choose to participate in consumer direction; the role of the FEA; who can/cannot be hired by the member to perform the services, and when a family member can be paid to provide care and applicable limitations thereto; and

2.17.7.3.23 Information for members in CHOICES Groups 2 and 3 regarding self-direction of health care tasks.

2.17.8 Provider Directories

2.17.8.1 The CONTRACTOR shall distribute general provider directories (see Section 2.17.8.5 below) to new members within thirty (30) calendar days of receipt of notification of enrollment in the CONTRACTOR's MCO or prior to the member's enrollment effective date.

2.17.8.2 The CONTRACTOR shall provide the CHOICES provider directory (see Section 2.17.8.6 below) to each CHOICES member as part of the face-to-face visit (for members enrolled through the SPOE) or face-to-face intake visit (for current members) as applicable, but not more than thirty (30) days from notice of CHOICES enrollment.

2.17.8.3 The CONTRACTOR shall also be responsible for redistribution of updated provider information on a regular basis and shall redistribute a complete and updated general provider directory to all members and an updated CHOICES provider directory to CHOICES members at least on an annual basis. In situations where there is more than one enrollee in a TennCare case, it shall be acceptable for the CONTRACTOR to mail one (1) general provider directory to each address listed for the enrollee's TennCare case number when there is more than one (1) new enrollee assigned to the same case number at the time of enrollment and when subsequent updated provider directories are mailed to enrollees. Should a single individual be enrolled and be added into an existing case, a provider directory shall be mailed to that individual regardless of whether or not a provider directory has been previously mailed to enrollees in the existing case.

2.17.8.4 Provider directories (including both the general provider directory and the CHOICES provider directory), and any revisions thereto, shall be submitted to TENNCARE for written approval prior to distribution to enrollees in accordance with Section 2.17.1 of this Agreement. The text of the directory shall be in the format prescribed by TENNCARE. In addition, the provider information used to populate the provider directory shall be submitted as a TXT file or such format as otherwise approved in writing by TENNCARE and be produced using the same extract process as the actual provider directory.

2.17.8.5 The CONTRACTOR shall develop and maintain a general provider directory, which shall be distributed to all members. The general provider directory shall include the following: names, locations, telephone numbers, office hours, and non-English languages spoken by contract PCPs and specialists; identification of providers accepting new patients; and identification of whether or not a provider performs TENNCare screens; hospital listings, including locations of emergency settings and post-stabilization services, with the name, location, and telephone number of each facility/setting; and a prominent notice that CHOICES members should refer to the CHOICES provider directory for information on long-term care providers.

2.17.8.6 The CONTRACTOR shall develop and maintain a CHOICES provider directory that includes long-term care providers. The CHOICES provider directory, which shall be provided to all CHOICES members, shall include the following: nursing facility listings with the name, location, and telephone number of each facility; community-based residential alternatives, by type, with the name, location, and telephone number of each facility; and a listing of other (non-residential) HCBS providers with the name, location, telephone number, and type of services by county of each provider. Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CHOICES provider directory shall only include information on nursing facility providers. If and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall, as directed by TENNCARE, include in the CHOICES provider directory all information specified in this Section 2.17.8.6.

2.17.9 Additional Information Available Upon Request

The CONTRACTOR shall provide all other information to members as required by CMS, including but not limited to the following information to any enrollee who requests it:

2.17.9.1 Information regarding the structure and operation of the CONTRACTOR's MCO; and

2.17.9.2 Information regarding physician incentive plans, including but not limited to:

2.17.9.2.1 Whether the CONTRACTOR uses a physician incentive plan that affects the use of referral services;

2.17.9.2.2 The type of incentive arrangement; and

2.17.9.2.3 Whether stop-loss protection is provided.

19. Section 2.18 shall be amended by deleting Section 2.18 in its entirety and replacing it with the following and renumbering all references thereto:

2.18 CUSTOMER SERVICE

2.18.1 Member Services Toll-Free Phone Line

2.18.1.1 The CONTRACTOR shall operate a toll-free telephone line (member services information line) to respond to member questions, concerns, inquiries, and complaints from the member, the member's family, or the member's provider.

2.18.1.2 The CONTRACTOR shall develop member services information line policies and procedures that address staffing, training, hours of operation, access and response standards, transfers/referrals, including CHOICES referrals from all sources, monitoring of calls via recording or other means, and compliance with standards.

2.18.1.3 The member services information line shall handle calls from callers with Limited English Proficiency as well as calls from members who are hearing impaired.

- 2.18.1.4 The CONTRACTOR shall ensure that the member services information line is staffed adequately to respond to members' questions, at a minimum, from 8 a.m. to 5 p.m., in the time zone applicable to the Grand Region being served (for the Middle Grand Region, the applicable time zone shall be Central Time), Monday through Friday, except State of Tennessee holidays.
- 2.18.1.5 The member services information line shall be staffed twenty-four (24) hours a day, seven (7) days a week with qualified nurses to triage urgent care and emergency calls from members and to facilitate transfer of calls to a care coordinator from or on behalf of a CHOICES member that require immediate attention by a care coordinator. The CONTRACTOR may meet this requirement by having a separate nurse triage/nurse advice line that otherwise meets all of the requirements of this Section, Section 2.18.1.
- 2.18.1.6 The CONTRACTOR shall ensure that all calls from CHOICES members to the nurse triage/nurse advice line that require immediate attention are immediately addressed or transferred to a care coordinator. During normal business hours, the transfer shall be a "warm transfer" (see definition in Section 1). After normal business hours, if the CONTRACTOR cannot transfer the call as a "warm transfer", the CONTRACTOR shall ensure that a care coordinator is notified and returns the member's call within thirty (30) minutes and that the care coordinator has access to the necessary information (e.g., the member's back-up plan for members in CHOICES Group 2 or 3) to resolve member issues. The CONTRACTOR shall implement protocols, prior approved by TENNCARE, that describe how calls to the nurse triage/nurse advice line from CHOICES members will be handled.
- 2.18.1.7 The member services information line shall be adequately staffed with staff trained to accurately respond to member questions regarding the TennCare program and the CONTRACTOR's MCO, including but not limited to, covered services, the CHOICES program, TENNderCare, and the CONTRACTOR's provider network.
- 2.18.1.8 The CONTRACTOR shall implement protocols, prior approved by TENNCARE, to ensure that calls to the member services information line that should be transferred/referred to other CONTRACTOR staff, including but not limited to a member services supervisor or a care coordinator, or to an external entity, including but not limited to the FEA, are transferred/referred appropriately.
- 2.18.1.9 The CONTRACTOR shall ensure that calls received during normal business hours that require immediate attention by a care coordinator are immediately transferred to a care coordinator as a "warm transfer"; that calls received after normal business hours that require immediate attention are immediately addressed or transferred to a care coordinator in accordance with Section 2.18.1.6; that calls for a member's care coordinator or care coordination team during normal business hours are handled in accordance with Section 2.9.6.11.7; that calls transferred to the FEA during business hours are "warm transfers"; that calls to other CONTRACTOR staff, at a minimum, occur without the caller having to disconnect or place a second call; and that messages to care coordinators and other CONTRACTOR are returned by the next business day.

2.18.1.10 The CONTRACTOR shall measure and monitor the accuracy of responses and phone etiquette and take corrective action as necessary to ensure the accuracy of responses and appropriate phone etiquette by staff.

2.18.1.11 The CONTRACTOR shall have an automated system available during non-business hours, including weekends and holidays. This automated system shall provide callers with operating instructions on what to do in case of an emergency and shall include, at a minimum, a voice mailbox for callers to leave messages. The CONTRACTOR shall ensure that the voice mailbox has adequate capacity to receive all messages. The CONTRACTOR shall return messages on the next business day.

2.18.1.12 Performance Standards for Member Services Line/Queue

2.18.1.12.1 The CONTRACTOR shall adequately staff the member services information line to ensure that the line, including the nurse triage/nurse advice line or queue, meets the following performance standards: less than five percent (5%) call abandonment rate; eighty-five percent (85%) of calls are answered by a live voice within thirty (30) seconds (or the prevailing benchmark established by NCQA); and average wait time for assistance does not exceed ten (10) minutes.

2.18.1.12.2 The CONTRACTOR shall submit the reports required in Section 2.30.12 of this Agreement.

2.18.2 Interpreter and Translation Services

2.18.2.1 The CONTRACTOR shall develop written policies and procedures for the provision of language interpreter and translation services to any member who needs such services, including but not limited to, members with Limited English Proficiency and members who are hearing impaired.

2.18.2.2 The CONTRACTOR shall provide interpreter and translation services free of charge to members.

2.18.2.3 Interpreter services should be available in the form of in-person interpreters, sign language or access to telephonic assistance, such as the ATT universal line.

2.18.3 Cultural Competency

As required by 42 CFR 438.206, the CONTRACTOR shall participate in the State's efforts to promote the delivery of services in a culturally competent manner to all enrollees, including those with Limited English Proficiency and diverse cultural and ethnic backgrounds.

2.18.4 Provider Services and Toll-Free Telephone Line

2.18.4.1 The CONTRACTOR shall establish and maintain a provider services function to timely and adequately respond to provider questions, comments, and inquiries.

2.18.4.2 The CONTRACTOR shall operate a toll-free telephone line (provider service line) to respond to provider questions, comments, and inquiries.

- 2.18.4.3 The CONTRACTOR shall develop provider service line policies and procedures that address staffing, training, hours of operation, access and response standards, monitoring of calls via recording or other means, and compliance with standards.
- 2.18.4.4 The CONTRACTOR shall ensure that the provider service line is staffed adequately to respond to providers' questions at a minimum from 8 a.m. to 5 p.m., in the time zone applicable to the Grand Region being served (for the Middle Grand Region, the applicable time zone shall be Central Time), Monday through Friday, except State of Tennessee holidays.
- 2.18.4.5 The provider service line shall also be adequately staffed to provide appropriate and timely responses regarding authorization requests as described in Section 2.14 of this Agreement. The CONTRACTOR may meet this requirement by having a separate utilization management line.
- 2.18.4.6 The provider service line shall be adequately staffed with staff trained to accurately respond to questions regarding the TennCare program and the CONTRACTOR's MCO, including but not limited to, covered services, the CHOICES program, TENNderCare, prior authorization and referral requirements, care coordination, and the CONTRACTOR's provider network. For a period of at least twelve (12) months following the implementation of CHOICES in the Grand Region covered by this Agreement, the CONTRACTOR shall maintain a dedicated queue to assist long-term care providers with enrollment, service authorization, or reimbursement questions or issues. Such period may be extended as determined necessary by TENNCARE.
- 2.18.4.7 For hospitals that have elected to refer patients with non-urgent/emergent conditions to alternative settings for treatment, the CONTRACTOR shall have a specific process in place whereby the Emergency Department (ED) can contact the CONTRACTOR twenty-four (24) hours a day, seven (7) days a week (24/7) via a toll free phone line to obtain assistance for members with non-urgent/emergent conditions who do not require inpatient admission and who are requesting assistance in scheduling an appointment in an alternate treatment setting. The CONTRACTOR may use the 24/7 nurse triage line described in Section 2.18.1.5 of this Agreement for this purpose or may use another line the CONTRACTOR designates. The CONTRACTOR shall submit a description of how it will meet the requirements regarding its 24/7 ED assistance line, which shall provide the telephone number that will be used for hospitals requiring scheduling assistance and describe the process the CONTRACTOR will use to assure all requests are responded to appropriately, including a description of the training provided to staff answering the 24/7 scheduling assistance line. The CONTRACTOR shall track and report the total number of calls received pertaining to patients in ED's needing assistance in accessing care in an alternative setting in accordance with Section 2.30.12.1.3.
- 2.18.4.8 The CONTRACTOR shall measure and monitor the accuracy of responses and phone etiquette and take corrective action as necessary to ensure the accuracy of responses and appropriate phone etiquette by staff.

2.18.4.9 The CONTRACTOR shall have an automated system available during non-business hours. This automated system shall include, at a minimum, a voice mailbox for callers to leave messages. The CONTRACTOR shall ensure that the voice mailbox has adequate capacity to receive all messages. The CONTRACTOR shall return messages on the next business day.

2.18.4.10 Performance Standards for Provider Service Line

2.18.4.10.1 The CONTRACTOR shall adequately staff the provider service line to ensure that the line, including the utilization management line/queue, meets the following performance standards: less than five percent (5%) call abandonment rate; eighty-five percent (85%) of calls are answered by a live voice within thirty (30) seconds (or the prevailing benchmark established by NCQA); and average wait time for assistance does not exceed ten (10) minutes.

2.18.4.10.2 The CONTRACTOR shall submit the reports required in Section 2.30.12 of this Agreement.

2.18.5 Provider Handbook

2.18.5.1 The CONTRACTOR shall issue a provider handbook to all contract providers. The CONTRACTOR may distribute the provider handbook electronically (e.g., via its website) as long as providers are notified about how to obtain the electronic copy and how to request a hard copy at no charge to the provider.

2.18.5.2 The CONTRACTOR shall develop a supplement for the provider handbook regarding CHOICES. This supplement shall include the information in Section 2.18.5.3 relating to the CHOICES program, as determined by TENNCARE, and the supplement shall be prior approved by TENNCARE and TDCI. The CONTRACTOR shall distribute the supplement to all contract providers no later than the end of the quarter prior to implementation of CHOICES in the applicable Grand Region. The CONTRACTOR shall distribute the supplement until the provider handbook is revised to include the CHOICES program, which shall be no later than the date specified by TENNCARE. Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the supplement and the provider handbook shall clearly provide that only members in CHOICES Group 1 will be enrolled in TennCare Select.

2.18.5.3 At a minimum the provider handbook shall include the following information:

2.18.5.3.1 Description of the TennCare program;

2.18.5.3.2 Covered services;

2.18.5.3.3 Description of the CHOICES program including but not limited to who qualifies for CHOICES (including the three CHOICES groups and enrollment targets for CHOICES Groups 2 and 3); how to enroll in CHOICES; long-term care services available to each CHOICES Group (including benefit limits, cost neutrality cap for members in CHOICES Group 2, and the expenditure cap for members in CHOICES Group 3); consumer direction of HCBS for members in CHOICES Group 2 or 3; self-direction of health care tasks for members in CHOICES Group 2 or 3

participating in consumer direction of HCBS; the level of care assessment and reassessment process; the needs assessment and reassessment processes; requirement to provide services in accordance with an approved plan of care including the amount, frequency, duration and scope of each service in accordance with the member's service schedule; service authorization requirements and processes; the role of the care coordinator; the role and responsibilities of long-term care and other providers; requirements regarding the electronic visit verification system for HCBS provided to members in CHOICES Group 2 or 3 and the provider's responsibility in monitoring and immediately addressing service gaps for members in CHOICES Group 2 or 3, including back-up staff; how to submit clean claims; and documentation requirements for HCBS providers;

- 2.18.5.3.4 Emergency service responsibilities;
- 2.18.5.3.5 TENNderCare services and standards;
- 2.18.5.3.6 Information on members' appeal rights and complaint processes;
- 2.18.5.3.7 Policies and procedures of the provider complaint system;
- 2.18.5.3.8 Medical necessity standards and clinical practice guidelines;
- 2.18.5.3.9 PCP responsibilities;
- 2.18.5.3.10 Coordination with other TennCare contractors or MCO subcontractors;
- 2.18.5.3.11 Requirements regarding background checks;
- 2.18.5.3.12 Information on identifying and reporting suspected abuse, neglect, and exploitation of members who are adults (see TCA 71-6-101 *et seq.*) and suspected brutality, abuse, or neglect of members who are children (see TCA 37-1-401 *et seq.* and TCA 37-1-601 *et seq.*), including reporting to APS, CPS, and the CONTRACTOR;
- 2.18.5.3.13 Requirements for HCBS providers regarding critical incident reporting and management (see Section 2.15.7);
- 2.18.5.3.14 Requirements for nursing facility providers regarding patient liability (see Sections 2.6.7 and 2.21.5), including the collection of patient liability and the provider's ability, if certain conditions are met (including providing notice and required documentation to the CONTRACTOR and notice to the member), to refuse to provide services if the member does not pay his/her patient liability, as well as the additional potential consequences to the member of non-payment of patient liability, including disenrollment from CHOICES, and, to the extent the member's eligibility depends on receipt of long-term care services, loss of eligibility for TennCare;
- 2.18.5.3.15 Requirement to notify the CONTRACTOR of significant changes in a CHOICES member's condition or care, hospitalizations, or recommendations for additional services (see Section 2.12.9.37);
- 2.18.5.3.16 Prior authorization, referral and other utilization management requirements and procedures;

- 2.18.5.3.17 Protocol for encounter data element reporting/records;
- 2.18.5.3.18 Medical records standard;
- 2.18.5.3.19 Claims submission protocols and standards, including instructions and all information necessary for a clean claim;
- 2.18.5.3.20 Payment policies;
- 2.18.5.3.21 Member rights and responsibilities;
- 2.18.5.3.22 Important phone numbers of all departments/staff a contract provider may need to reach at the CONTRACTOR's MCO; and
- 2.18.5.3.23 How to reach the contract provider's assigned provider relations representative.
- 2.18.5.4 The CONTRACTOR shall disseminate bulletins as needed to incorporate any needed changes to the provider handbook.

2.18.6 Provider Education and Training

- 2.18.6.1 The CONTRACTOR shall develop an education and training plan and materials for contract providers and provide education and training to contract providers and their staff regarding key requirements of this Agreement.
- 2.18.6.2 The CONTRACTOR shall conduct initial education and training to contract providers at least thirty (30) calendar days prior to the start date of operations.
- 2.18.6.3 The CONTRACTOR shall conduct initial education and training for long-term care providers regarding the CHOICES program no later than thirty (30) days prior to implementation of CHOICES in each Grand Region. Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 on the date of CHOICES implementation, the CONTRACTOR is only required to provide training to nursing facility providers. When directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall, as directed by TENNCARE, conduct initial education and training for HCBS providers. This education and training shall include but not be limited to:
 - 2.18.6.3.1 An overview of the CHOICES program;
 - 2.18.6.3.2 The three CHOICES groups and the enrollment targets for each (as applicable);
 - 2.18.6.3.3 The long-term care services available to each CHOICES group (including benefit limits, cost neutrality cap for CHOICES Group 2, and the expenditure cap for CHOICES Group 3);
 - 2.18.6.3.4 The level of care assessment and reassessment processes;
 - 2.18.6.3.5 The needs assessment and reassessment processes;

- 2.18.6.3.6 The CHOICES intake process;
- 2.18.6.3.7 Service authorization requirements and processes;
- 2.18.6.3.8 The role and responsibilities of the care coordinator for members in CHOICES Group 1;
- 2.18.6.3.9 For HCBS providers, the role and responsibilities of the care coordinator for members in CHOICES Groups 2 and 3;
- 2.18.6.3.10 Requirement for HCBS providers to provide services in accordance with an approved plan of care including the amount, frequency, duration and scope of each service in accordance with the member's service schedule;
- 2.18.6.3.11 The role and responsibilities of long-term care and other providers;
- 2.18.6.3.12 Requirements for HCBS providers regarding the electronic visit verification system and the HCBS provider's responsibility in monitoring and immediately addressing service gaps, including back-up staff;
- 2.18.6.3.13 How to submit clean claims;
- 2.18.6.3.14 Background check requirements;
- 2.18.6.3.15 Information about abuse/neglect (which includes abuse, neglect and exploitation of members who are adults and suspected brutality, abuse, or neglect of members who are children), including how to assess risk for abuse/neglect, how to identify abuse/neglect, and how to report abuse/neglect to APS/CPS and the CONTRACTOR;
- 2.18.6.3.16 Critical incident reporting and management for HCBS providers;
- 2.18.6.3.17 The member complaint and appeal processes; and
- 2.18.6.3.18 The provider complaint system.
- 2.18.6.4 The CONTRACTOR shall provide training and education to long-term care providers regarding the CONTRACTOR's enrollment and credentialing requirements and processes (see Section 2.11.8).
- 2.18.6.5 For a period of at least twelve (12) months following the implementation of CHOICES in each Grand Region, the CONTRACTOR shall conduct monthly education and training for long-term care providers regarding claims submission and payment processes, which shall include but not be limited to an explanation of common claims submission errors and how to avoid those errors. Such period may be extended as determined necessary by TENNCARE.

- 2.18.6.6 For a period of at least twelve (12) months following the enrollment of members in CHOICES Group 2 and/or Group 3 (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), the CONTRACTOR shall conduct monthly education and training for HCBS providers regarding the use of the EVV system. Such period may be extended as determined necessary by TENNCARE.
- 2.18.6.7 The CONTRACTOR shall provide education and training to HCBS providers on documentation requirements for HCBS.
- 2.18.6.8 The CONTRACTOR shall conduct ongoing provider education, training and technical assistance as deemed necessary by the CONTRACTOR or TENNCARE in order to ensure compliance with this Agreement.
- 2.18.6.9 The CONTRACTOR shall inform all contract PCPs, specialists, and hospitals about the CHOICES program, using a notice developed by TENNCARE, no later than the end of the calendar quarter prior to implementation of the CHOICES program in each Grand Region.
- 2.18.6.10 The CONTRACTOR shall distribute on a quarterly basis a newsletter to contract providers to update providers on CONTRACTOR initiatives and communicate pertinent information to contract providers.
- 2.18.6.11 The CONTRACTOR's provider relations staff shall contact all contract providers on a semi-annual basis to update contract providers on CONTRACTOR initiatives and communicate pertinent information to contract providers. At least one of the two semi-annual contacts made in a year shall be face-to-face with the provider. Semi-annual contacts that are not conducted face-to-face shall be conducted via a phone conversation with the provider. The CONTRACTOR shall maintain records that provide evidence of compliance with the requirement in this Section 2.18.6.11, including when and how contact is made for each contract provider.

2.18.7 **Provider Relations**

- 2.18.7.1 The CONTRACTOR shall establish and maintain a formal provider relations function to provide ongoing troubleshooting and education for contract providers.
- 2.18.7.2 The CONTRACTOR shall provide one-on-one assistance to long-term care providers as needed to help long-term care providers submit clean and accurate claims and minimize claim denial. The CONTRACTOR shall develop and implement protocols, prior approved by TENNCARE, that specify the CONTRACTOR's criteria for providing one-on-one assistance to a provider and the type of assistance the CONTRACTOR will provide. At a minimum, the CONTRACTOR shall contact a provider if, during the first year after implementation of CHOICES in each Grand Region or enrollment of members in CHOICES Group 2 and/or 3 (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), the CONTRACTOR has or will deny ten percent (10%) or more of the total value of the provider's claims for a rolling thirty (30) day period, and shall, in addition to issuing a remittance advice, contact the provider to review each of the error(s)/reason(s) for denial and advise how the provider can

correct the error for resubmission (as applicable) and avoid the error/reason for denial in the future.

2.18.7.3 The CONTRACTOR shall implement policies to monitor and ensure compliance of providers with the requirements of this Agreement.

2.18.7.4 The CONTRACTOR shall conduct an annual survey to assess provider satisfaction, including satisfaction with provider enrollment, provider communication, provider education, provider complaints, claims processing, claims reimbursement, care coordination, and utilization management processes, including medical reviews. The CONTRACTOR shall include questions specified by TENNCARE. The CONTRACTOR shall submit an annual report on the survey to TENNCARE as required in Section 2.30.12.4. The CONTRACTOR shall take action to address opportunities for improvement identified through the survey. The survey shall be structured so that behavioral health provider satisfaction results and physical health provider satisfaction results can be separately stratified.

2.18.7.5 The CONTRACTOR shall conduct an annual satisfaction survey of CHOICES long-term care providers that shall include any questions specified by TENNCARE. Instructions specific to the CHOICES survey will be provided by TENNCARE within the first three (3) months of CHOICES implementation. Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR is only required to survey nursing facility providers. When directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the survey shall include HCBS providers.

2.18.8 Provider Complaint System

2.18.8.1 The CONTRACTOR shall establish and maintain a provider complaint system for any provider (contract or non-contract) who is not satisfied with the CONTRACTOR's policies and procedures or a decision made by the CONTRACTOR that does not impact the provision of services to members.

2.18.8.2 The procedures for resolution of any disputes regarding the payment of claims shall comply with TCA 56-32-126(b) (see Section 2.22.5.2).

2.18.9 FEA Education and Training

The CONTRACTOR shall provide education and training to the FEA and its staff and subcontracted support brokers (as applicable) regarding key requirement in this Agreement and the contract between the CONTRACTOR and the FEA (see Section 2.9.7.3 of this Agreement).

2.18.10 Member Involvement with Behavioral Health Services

2.18.10.1 The CONTRACTOR shall develop policies and procedures with respect to member, parent, or legally appointed representative involvement with behavioral health. These policies and procedures shall include, at a minimum, the following elements:

2.18.10.1.1 The requirement that all behavioral health treatment plans document member involvement. Fulfilling this requirement means that each treatment plan has a

member/family member signature or the signature of a legally appointed representative on the treatment plan and upon each subsequent treatment plan review, where appropriate, and a description of how this requirement will be met;

2.18.10.1.2 The requirement that member education materials include statements regarding the member's, parent's, or legally appointed representative's right to involvement in behavioral health treatment decisions, their ability to choose and change service providers, and a description of how this requirement will be met;

2.18.10.1.3 The requirement that provider education include materials regarding the rights of members, parent(s), or legally appointed representatives to be involved in behavioral health treatment decisions and a description of how this requirement will be met; and

2.18.10.1.4 A description of the quality monitoring activities to be used to measure provider compliance with the requirement for member, parent, or legally appointed representative involvement in behavioral health treatment planning.

2.18.10.2 The CONTRACTOR shall provide an education plan for all members with behavioral health issues; education shall occur on a regular basis. At a minimum, educational materials shall include information on medications and their side effects; behavioral health disorders and treatment options; self-help groups, peer support, and other community support services available for members and families.

2.18.10.3 The CONTRACTOR shall require providers to inform children and adolescents for whom residential treatment is being considered and their parent(s) or legally appointed representative, and adults for whom voluntary inpatient treatment is being considered, of all their options for residential and/or inpatient placement, and alternatives to residential and/or inpatient treatment and the benefits, risks and limitations of each in order that they can provide informed consent.

2.18.10.4 The CONTRACTOR shall require providers to inform all members being considered for prescription of psychotropic medications of the benefits, risks, and side effects of the medication, alternate medications, and other forms of treatment.

20. Section 2.19 shall be amended by deleting Section 2.19 in its entirety and replacing it with the following and renumbering all references thereto:

2.19 COMPLAINTS AND APPEALS

2.19.1 General

2.19.1.1 Members shall have the right to file appeals regarding adverse actions taken by the CONTRACTOR. For purposes of this requirement, appeal shall mean a member's right to contest verbally or in writing, any adverse action taken by the CONTRACTOR to deny, reduce, terminate, delay or suspend a covered service as well as any other acts or omissions of the CONTRACTOR which impair the quality, timeliness, or availability of such benefits. An appeal may be filed by the member or by a person authorized by the member to do so, including but not limited to, a provider or consumer-directed worker with the member's written consent. Complaint shall mean a written or verbal expression of dissatisfaction about an action taken by the CONTRACTOR or service provider other than those that meet the definition of

an adverse action. Examples of complaints include but are not limited to quality of care or services provided and aspects of interpersonal relationships such as rudeness of a provider or employee. The CONTRACTOR shall inform members of their complaint and appeal rights in the member handbook in compliance with the requirements in Section 2.17.4. The CONTRACTOR shall have internal complaint and appeal procedures for members in accordance with TennCare rules and regulations, the TennCare waiver, consent decrees, or court orders governing the appeals process.

2.19.1.2 The CONTRACTOR shall devote a portion of its regularly scheduled QM/QI committee meetings, as described in Section 2.15.2, to the review of member complaints and appeals that have been received.

2.19.1.3 The CONTRACTOR shall ensure that punitive action is not taken against a provider or worker who files an appeal on behalf of a member with the member's written consent, supports a member's appeal, or certifies that a member's appeal is an emergency appeal and requires an expedited resolution in accordance with TennCare policies and procedures.

2.19.2 **Complaints**

2.19.2.1 The CONTRACTOR's complaint process shall, at a minimum, meet the requirements outlined herein.

2.19.2.2 The CONTRACTOR's complaint process shall only be for complaints, as defined in Sections 1 and 2.19.1.1 of this Agreement. The CONTRACTOR shall ensure that all appeals, as defined in Sections 1 and 2.19.1.1, are addressed through the appeals process specified in Section 2.19.3 below.

2.19.2.3 The CONTRACTOR shall allow a member to file a complaint either orally or in writing at any time.

2.19.2.4 Within five (5) business days of receipt of the complaint, the CONTRACTOR shall provide written notice to the member that the complaint has been received and the expected date of resolution. However, if the CONTRACTOR resolved the complaint and verbally informed the member of the resolution within five (5) business days of receipt of the complaint, the CONTRACTOR shall not be required to provide written acknowledgement of the complaint.

2.19.2.5 The CONTRACTOR shall resolve and notify the member in writing of the resolution of each complaint as expeditiously as possible but no later than thirty (30) days from the date the complaint is received by the CONTRACTOR. The notice shall include the resolution and the basis for the resolution. However, if the CONTRACTOR resolved the complaint and verbally informed the member of the resolution within five (5) business days of receipt of the complaint, the CONTRACTOR shall not be required to provide written notice of resolution.

2.19.2.6 The CONTRACTOR shall assist members with the complaint process, including but not limited to completing forms.

2.19.2.7 The CONTRACTOR shall track and trend all complaints, timeframes and resolutions and ensure remediation of individual and/or systemic issues.

2.19.2.8 The CONTRACTOR shall submit reports regarding member complaints as specified in Section 2.30.13.

2.19.3 Appeals

2.19.3.1 The CONTRACTOR's appeal process shall, at a minimum, meet the requirements outlined herein.

2.19.3.2 The CONTRACTOR shall have a contact person who is knowledgeable of appeal procedures and shall direct all appeals, whether the appeal is verbal or the member chooses to file in writing, to TENNCARE. Should a member choose to appeal in writing, the member shall be instructed to file via mail or fax to the designated TENNCARE P. O. Box or fax number for medical appeals.

2.19.3.3 The CONTRACTOR shall have sufficient support staff (clerical and professional) available to process appeals in accordance with TennCare requirements related to the appeal of adverse actions affecting a TennCare member. The CONTRACTOR shall notify TENNCARE of the names of appointed staff members and their phone numbers. Staff shall be knowledgeable about applicable state and federal law, TennCare rules and regulations, and all court orders and consent decrees governing appeal procedures, as they become effective.

2.19.3.4 The CONTRACTOR shall educate its staff concerning the importance of the appeals procedure, the rights of the member, and the time frames in which action shall be taken by the CONTRACTOR regarding the handling and disposition of an appeal.

2.19.3.5 The CONTRACTOR shall identify the appropriate individual or body within the CONTRACTOR's MCO having decision-making authority as part of the appeal procedure.

2.19.3.6 The CONTRACTOR shall have the ability to take telephone appeals and accommodate persons with disabilities during the appeals process. Appeal forms shall be available at each service site and by contacting the CONTRACTOR. However, members shall not be required to use a TENNCARE approved appeal form in order to file an appeal.

2.19.3.7 Upon request, the CONTRACTOR shall provide members a TENNCARE approved appeal form(s).

2.19.3.8 The CONTRACTOR shall provide reasonable assistance to all appellants during the appeal process.

2.19.3.9 At any point in the appeal process, TENNCARE shall have the authority to remove a member from the CONTRACTOR's MCO when it is determined that such removal is in the best interest of the member and TENNCARE.

2.19.3.10 The CONTRACTOR shall require providers to display notices of members' right to appeal adverse actions affecting services in public areas of each facility in

accordance with TennCare rules and regulations. The CONTRACTOR shall ensure that providers have correct and adequate supply of public notices.

- 2.19.3.11 Neither the CONTRACTOR nor TENNCARE shall prohibit or discourage any individual from testifying on behalf of a member.
- 2.19.3.12 The CONTRACTOR shall ensure compliance with all notice requirements and notice content requirements specified in applicable state and federal law, TennCare rules and regulations, and all court orders and consent decrees governing notice and appeal procedures, as they become effective.
- 2.19.3.13 TENNCARE may develop additional appeal process guidelines or rules, including requirements as to content and timing of notices to members, which shall be followed by the CONTRACTOR. However, the CONTRACTOR shall not be precluded from challenging any judicial requirements and to the extent judicial requirements that are the basis of such additional guidelines or rules are stayed, reversed or otherwise rendered inapplicable, the CONTRACTOR shall not be required to comply with such guidelines or rules during any period of such inapplicability.
- 2.19.3.14 The CONTRACTOR shall provide general and targeted education to providers regarding expedited appeals (described in TennCare rules and regulations), including when an expedited appeal is appropriate, and procedures for providing written certification thereof.
- 2.19.3.15 The CONTRACTOR shall require providers to provide written certification regarding whether a member's appeal is an emergency upon request by a member prior to filing such appeal, or upon reconsideration of such appeal by the CONTRACTOR when requested by TENNCARE.
- 2.19.3.16 The CONTRACTOR shall provide notice to contract providers regarding provider responsibility in the appeal process, including but not limited to, the provision of medical records and/or documentation as described in Section 2.24.6 and 2.14.8.
- 2.19.3.17 The CONTRACTOR shall urge providers who feel they cannot order a drug on the TennCare Preferred Drug List (PDL) to seek prior authorization in advance, as well as to take the initiative to seek prior authorization or change or cancel the prescription when contacted by a member or pharmacy regarding denial of a pharmacy service due to system edits (e.g., therapeutic duplication, etc.).
- 2.19.3.18 Except for long-term care eligibility and enrollment appeals, which are handled by TENNCARE, member eligibility and eligibility-related grievances and appeals, including termination of eligibility, effective dates of coverage, and the determination of premium, copayment, and patient liability responsibilities shall be directed to the Department of Human Services.

- 21. **Section 2.20.2.2 shall be amended by deleting the reference to "Attachment X" and replacing it with "Attachment VI".**

22. Section 2.21 shall be amended by deleting Section 2.21 in its entirety and replacing it with the following and renumbering all references thereto:

2.21 FINANCIAL MANAGEMENT

The CONTRACTOR shall be responsible for sound financial management of its MCO. The CONTRACTOR shall adhere to the minimum guidelines outlined below.

2.21.1 Administrative Payments

The CONTRACTOR shall accept administrative fee payments, premium tax payments, and incentive payments, if applicable, remitted by TENNCARE in accordance with Section 4.

2.21.2 Savings/Loss

2.21.2.1 The CONTRACTOR shall not be required to share with TENNCARE any financial gains realized under this Agreement.

2.21.2.2 TENNCARE shall not share with the CONTRACTOR any financial losses realized under this Agreement.

2.21.3 Interest

Interest generated from the deposit of funds paid to the CONTRACTOR pursuant to Section 4 of this Agreement shall be the property of the CONTRACTOR and available for use at the CONTRACTOR's discretion. See Section 2.13.22 regarding interest generated from the deposit of funds for provider payments.

2.21.4 Third Party Liability Resources

2.21.4.1 The TennCare program shall be the payer of last resort for all covered services in accordance with federal regulations. The CONTRACTOR shall exercise full assignment rights as applicable and shall be responsible for making every reasonable effort to determine the liability of third parties to pay for services rendered to enrollees under this Agreement and cost avoid and/or recover any such liability from the third party. The CONTRACTOR shall develop and implement policies and procedures to meet its obligations regarding third party liability when the third party (e.g., long-term care insurance) pays a cash benefit to the member, regardless of services used or does not allow the member to assign his/her benefits.

2.21.4.1.1 If third party liability (TPL) exists for part or all of the services provided directly by the CONTRACTOR to an enrollee, the CONTRACTOR shall make reasonable efforts to recover from TPL sources the value of services rendered.

2.21.4.1.2 If TPL exists for part or all of the services provided to an enrollee by a subcontractor or a provider, and the third party will make payment within a reasonable time, the CONTRACTOR may pay the subcontractor or provider only the amount, if any, by which the subcontractor's or provider's allowable claim exceeds the amount of TPL.

- 2.21.4.1.3 If the probable existence of TPL has been established at the time the claim is filed, the CONTRACTOR may reject the claim and return it to the provider for a determination of the amount of any TPL, unless the claim is for one of these services:
 - 2.21.4.1.3.1 TENNderCare;
 - 2.21.4.1.3.2 Prenatal or preventive pediatric care; or
 - 2.21.4.1.3.3 All claims covered by absent parent maintained insurance under Part D of Title IV of the Social Security Act.
- 2.21.4.1.4 The claims specified in Sections 2.21.4.1.3.1, 2.21.4.1.3.2, and 2.21.4.1.3.3 shall be paid at the time presented for payment by the provider and the CONTRACTOR shall bill the responsible third party.
- 2.21.4.2 The CONTRACTOR shall deny payment on a claim that has been denied by a third party payer when the reason for denial is the provider or enrollee's failure to follow prescribed procedures, including but not limited to, failure to obtain prior authorization, timely filing, etc.
- 2.21.4.3 The CONTRACTOR shall treat funds recovered from third parties as offsets to claims payments. The CONTRACTOR shall report all cost avoidance values to TENNCARE in accordance with federal guidelines and as described in Section 2.21.4 of this Agreement.
- 2.21.4.4 The CONTRACTOR shall post all third party payments to claim level detail by enrollee.
- 2.21.4.5 Third party resources shall include subrogation recoveries. The CONTRACTOR shall be required to seek subrogation amounts regardless of the amount believed to be available as required by federal Medicaid guidelines. The amount of any subrogation recoveries collected by the CONTRACTOR outside of the claims processing system shall be the property of the State.
- 2.21.4.6 The CONTRACTOR shall conduct diagnosis and trauma code editing to identify potential subrogation claims. This editing should, at minimum, identify claims with a diagnosis of 900.00 through 999.99 (excluding 994.6) or claims submitted with an accident trauma indicator of 'Y.'
- 2.21.4.7 TennCare cost sharing and patient liability responsibilities permitted pursuant to Sections 2.6.7 and 2.21.5 of this Agreement shall not be considered TPL.
- 2.21.4.8 The CONTRACTOR shall provide TPL data to any provider having a claim denied by the CONTRACTOR based upon TPL.
- 2.21.4.9 The CONTRACTOR shall provide to TENNCARE any third party resource information necessary in a format and media described by TENNCARE and shall cooperate in any manner necessary, as requested by TENNCARE, with TENNCARE and/or a cost recovery vendor at such time that TENNCARE acquires said services.

- 2.21.4.10 TENNCARE may require a TennCare contracted TPL vendor to review paid claims that are over ninety (90) calendar days old and pursue TPL (excluding subrogation) for those claims that do not indicate recovery amounts in the CONTRACTOR's reported encounter data.
- 2.21.4.11 If the CONTRACTOR operates or administers any non-Medicaid HMO, health plan or other lines of business, the CONTRACTOR shall assist TENNCARE with the identification of enrollees with access to other insurance.
- 2.21.4.12 The CONTRACTOR shall demonstrate, upon request, to TENNCARE that reasonable effort has been made to seek, collect and/or report third party recoveries. TENNCARE shall have the sole responsibility for determining whether reasonable efforts have been demonstrated. Said determination shall take into account reasonable industry standards and practices.
- 2.21.4.13 TENNCARE shall be solely responsible for estate recovery activities and shall retain any and all funds recovered through these activities.

2.21.5 Patient Liability

- 2.21.5.1 TENNCARE will notify the CONTRACTOR of any applicable patient liability amounts for members via the eligibility/enrollment file.
- 2.21.5.2 The CONTRACTOR shall delegate collection of patient liability to the nursing facility or community-based residential alternative facility and shall pay the facility net of the applicable patient liability amount. For members in CHOICES Groups 2 or 3 receiving non-residential HCBS, the CONTRACTOR shall collect applicable patient liability amounts.

2.21.6 Solvency Requirements

2.21.6.1 Minimum Net Worth

- 2.21.6.1.1 The CONTRACTOR shall establish and maintain the minimum net worth requirements required by TDCI, including but not limited to TCA 56-32-112.
- 2.21.6.1.2 Any and all payments made by TENNCARE, including administrative fee payments, as well as incentive payments (if applicable) to the CONTRACTOR shall be considered "Premium revenue" for the purpose of calculating the minimum net worth required by TCA 56-32-112.
- 2.21.6.1.3 The CONTRACTOR shall demonstrate evidence of its compliance with this provision to TDCI in the financial reports filed with TDCI by the CONTRACTOR.

2.21.6.2 Restricted Deposits

The CONTRACTOR shall achieve and maintain restricted deposits in an amount equal to the net worth requirement specified in Section 2.21.6.1. TDCI shall calculate the amount of restricted deposits based on the CONTRACTOR's TennCare premium revenue only unless this calculation would result in restricted deposits below the statutory requirements set forth in TCA 56-32-112 related to restricted deposits; in which case the required amount would be equal to the statutory requirement as it is calculated by TDCI. This contractual requirement shall in no way be construed as a way to circumvent, waive or modify the statutory requirement.

2.21.6.3 Liquidity Ratio Requirement

In addition to the positive working capital requirement described in TCA 56-32-112, the CONTRACTOR shall maintain a liquidity ratio where admitted assets consisting of cash, cash equivalents, short-term investments and bonds exceed total liabilities as reported on the NAIC financial statements.

2.21.6.4 If the CONTRACTOR fails to meet and/or maintain the applicable net worth and/or restricted deposit financial requirements in accordance with Sections 2.21.6.1 through 2.21.6.3, as determined by TDCI, the CONTRACTOR agrees that said failure shall constitute hazardous financial conditions as defined by TCA 56-32-112 and the CONTRACTOR shall be considered to be in breach of the terms of the Agreement.

2.21.7 **Accounting Requirements**

2.21.7.1 The CONTRACTOR shall establish and maintain an accounting system in accordance with generally accepted accounting principles. The accounting system shall maintain records pertaining to the tasks defined in this Agreement and any other costs and expenditures made under the Agreement.

2.21.7.2 Specific accounting records and procedures are subject to TENNCARE and federal approval. Accounting procedures, policies, and records shall be completely open to state and federal personnel at any time during the Agreement period and for five (5) years thereafter unless otherwise specified elsewhere in this Agreement.

2.21.8 **Insurance**

2.21.8.1 The CONTRACTOR shall obtain adequate worker's compensation and general liability insurance coverage prior to commencing any work in connection with this Agreement. Additionally, TENNCARE may require, at its sole discretion, the CONTRACTOR to obtain adequate professional malpractice liability or other forms of insurance. Any insurance required by TENNCARE shall be in the form and substance acceptable to TENNCARE.

2.21.8.2 Except as otherwise provided in Section 2.12 or in the model contract with the FEA, the CONTRACTOR shall require that any subcontractors or contract providers obtain all similar insurance required of it prior to commencing work.

- 2.21.8.3 The CONTRACTOR shall furnish proof of adequate coverage of insurance by a certificate of insurance submitted to TENNCARE.
- 2.21.8.4 TENNCARE shall be exempt from and in no way liable for any sums of money that may represent a deductible in any insurance policy. The payment of such a deductible shall be the sole responsibility of the CONTRACTOR, subcontractor and/or provider obtaining such insurance. The same holds true of any premiums paid on any insurance policy pursuant to this Agreement.
- 2.21.8.5 Failure to provide proof of adequate coverage within the specified time period may result in this Agreement being terminated.

2.21.9 Ownership and Financial Disclosure

The CONTRACTOR shall disclose, to TENNCARE, the Comptroller General of the United States or CMS, full and complete information regarding ownership, financial transactions and persons convicted of criminal activity related to Medicare, Medicaid, or the federal Title XX programs in accordance with federal and state requirements, including Public Chapter 379 of the Acts of 1999. The CONTRACTOR shall screen their employees and contractors initially and on an ongoing monthly basis to determine whether any of them has been excluded from participation in Medicare, Medicaid, SCHIP, or any Federal health care programs (as defined in Section 1128B(f) of the Social Security Act) and not employ or contract with an individual or entity that has been excluded. This disclosure shall be made in accordance with the requirements in Section 2.30.15.2.2. The following information shall be disclosed:

- 2.21.9.1 The name and address of each person with an ownership or control interest in the disclosing entity or in any provider or subcontractor in which the disclosing entity has direct or indirect ownership of five percent (5%) or more and whether any of the persons named pursuant to this requirement is related to another as spouse, parent, child, or sibling. This disclosure shall include the name of any other disclosing entity in which a person with an ownership or control interest in the disclosing entity also has an ownership or control interest;
- 2.21.9.2 The identity of any provider or subcontractor with whom the CONTRACTOR has had significant business transactions, defined as those totaling more than twenty-five thousand dollars (\$25,000) during the twelve (12) month period ending on the date of the disclosure, and any significant business transactions between the CONTRACTOR, any wholly owned supplier, or between the CONTRACTOR and any provider or subcontractor, during the five (5) year period ending on the date of the disclosure;
- 2.21.9.3 The identity of any person who has an ownership or control interest in the CONTRACTOR, or is an agent or managing employee of the CONTRACTOR and who has been convicted of a criminal offense related to that person's involvement in any program under Medicare, Medicaid, or the federal Title XX services program since the inception of those programs;
- 2.21.9.4 Disclosure from officials in legislative and executive branches of government as to possible conflicts of interest;

- 2.21.9.5 If the CONTRACTOR is not a federally qualified HMO, the CONTRACTOR shall disclose certain transactions with parties in interest to TENNCARE. Transactions shall be reported according to the following guidelines:
 - 2.21.9.5.1 The CONTRACTOR shall disclose the following transactions:
 - 2.21.9.5.1.1 Any sale, exchange or lease of any property between the HMO and a party in interest;
 - 2.21.9.5.1.2 Any lending of money or other extension of credit between the HMO and a party in interest; and
 - 2.21.9.5.1.3 Any furnishing for consideration of goods, services (including management services) or facilities between the HMO and the party in interest. This does not include salaries paid to employees for services provided in the normal course of their employment.
 - 2.21.9.5.2 The information which shall be disclosed in the transactions includes:
 - 2.21.9.5.2.1 The name of the party in interest for each transaction;
 - 2.21.9.5.2.2 A description of each transaction and the quantity or units involved;
 - 2.21.9.5.2.3 The accrued dollar value of each transaction during the fiscal year; and
 - 2.21.9.5.2.4 Justification of the reasonableness of each transaction.
 - 2.21.9.5.3 If the Agreement is being renewed or extended, the CONTRACTOR shall disclose information on business transactions which occurred during the prior contract period. If the Agreement is an initial Agreement with TENNCARE, but the CONTRACTOR has operated previously in the commercial or Medicare markets, information on business transactions for the entire year preceding the initial contract period shall be disclosed. The business transactions which shall be reported are not limited to transactions related to serving the Medicaid/TennCare enrollment. All of the CONTRACTOR's business transactions shall be reported.
 - 2.21.9.5.4 A party in interest is:
 - 2.21.9.5.4.1 Any director, officer, partner, or employee responsible for management or administration of an HMO and HIO; any person who is directly or indirectly the beneficial owner of more than five percent (5%) of the equity of the HMO; any person who is the beneficial owner of a mortgage, deed of trust, note, or other interest secured by, and valuing more than five percent (5%) of the HMO; or, in the case of an HMO organized as a nonprofit corporation, an incorporator or member of such corporation under applicable state corporation law;
 - 2.21.9.5.4.2 Any organization in which a person described in subsection 1 is director, officer or partner; has directly or indirectly a beneficial interest of more than five percent (5%) of the equity of the HMO; or has a mortgage, deed of trust, note, or other interest valuing more than five percent (5%) of the assets of the HMO;

- 2.21.9.5.4.3 Any person directly or indirectly controlling, controlled by, or under common control with an HMO; or
- 2.21.9.5.4.4 Any spouse, child, or parent of an individual described in Sections 2.21.9.5.4.1, 2.21.9.5.4.2, or 2.21.9.5.4.3
- 2.21.9.5.5 TENNCARE and/or the Secretary of Health and Human Services may request information to be in the form of a consolidated financial statement.

2.21.10 Internal Audit Function

The CONTRACTOR shall establish and maintain an internal audit function responsible for providing an independent review and evaluation of the CONTRACTOR's accuracy of financial recordkeeping, the reliability and integrity of information, the adequacy of internal controls, and compliance with applicable laws, policies, procedures, and regulations. The CONTRACTOR's internal audit function shall be responsible for performing audits to ensure the economical and efficient use of resources by all departments to accomplish the objectives and goals for the operations of the department. Further, the CONTRACTOR's internal audit department shall be responsible for performance of the claims payment accuracy tests as described in Section 2.22.6 of this Agreement.

2.21.11 Audit of Business Transactions

- 2.21.11.1 The CONTRACTOR shall cause an audit of its business transactions to be performed by a licensed certified public accountant, including but not limited to the financial transactions made under this Agreement. Such audit shall be performed in accordance with the requirements in Section 2.30.15.3.5 of this Agreement.
- 2.21.11.2 No later than December 1 of each year, the CONTRACTOR shall submit a copy of the full executed agreement to audit accounts to TENNCARE. Such agreement shall include the following language:
 - 2.21.11.2.1 The auditor agrees to retain working papers for no less than five (5) years and that all audit working papers shall, upon request, be made available for review by the Comptroller of the Treasury, the Comptroller's representatives, agents, and legal counsel, or the TennCare Division of the Tennessee Department of Commerce and Insurance, during normal working hours while the audit is in progress and/or subsequent to the completion of the report. Nothing in this Section shall be construed to modify or change the obligations of the CONTRACTOR contained in Section 2.23.2 (Data and Document Management Requirements), 2.23.3 (System and Data Integration Requirements), or 2.23.6 (Security and Access Management Requirements) of this Agreement.
 - 2.21.11.2.2 Any evidence of fraud, such as defalcation, misappropriation, misfeasance, malfeasance, embezzlement, fraud or other illegal acts shall be reported by the auditor, in writing immediately upon discovery, to the Comptroller of the Treasury, State of Tennessee, who shall under all circumstances have the authority, at the discretion of the Comptroller, to directly investigate such matters. If the circumstances disclosed by the audit call for a more detailed investigation by the auditor than necessary under ordinary circumstances, the auditor shall inform the organization's governing body in writing of the need for such additional investigation

and the additional compensation required therefore. Upon approval by the Comptroller of the Treasury, an amendment to this contract may be made by the organization's governing body and the auditor for such additional investigation.

23. Section 2.22 shall be amended by deleting Section 2.22 in its entirety and replacing it with the following and renumbering all references thereto:

2.22 CLAIMS MANAGEMENT

2.22.1 General

To the extent that the CONTRACTOR compensates providers on a fee-for-service or other basis requiring the submission of claims as a condition of payment, the CONTRACTOR shall process, as described herein, the provider's claims for covered benefits provided to members consistent with applicable CONTRACTOR policies and procedures and the terms of this Agreement including but not limited to timely filing, and compliance with all applicable state and federal laws, rules and regulations.

2.22.2 Claims Management System Capabilities

2.22.2.1 The CONTRACTOR shall maintain a claims management system that can uniquely identify the provider of the service, date of receipt (the date the CONTRACTOR receives the claim as indicated by a date-stamp), real-time-accurate history of actions taken on each provider claim (i.e., paid, denied, suspended, appealed, etc.), date of payment (the date of the check or other form of payment) and all data elements as required by TENNCARE for encounter data submission (see Section 2.23), and can track and report service use against benefit limits in accordance with a methodology set by TENNCARE.

2.22.2.2 The CONTRACTOR shall have in place, an electronic claims management (ECM) capability that can handle online submission of individual claims by long-term care providers as well as accept and process batches of claims submitted electronically with the exception of claims that require written documentation to justify payment (e.g., hysterectomy/sterilization consent forms, certification for medical necessity for abortion, necessary operative reports, etc.). The online claims submission capability for long-term care providers shall be accessible via the World Wide Web or through an alternate, functionally equivalent medium.

2.22.2.3 The ECM capability shall function in accordance with information exchange and data management requirements specified in Section 2.23 of this Agreement.

2.22.2.4 As part of the ECM function, the CONTRACTOR shall also provide on-line and phone-based capabilities to obtain claims processing status information.

2.22.2.5 The CONTRACTOR shall support an automated clearinghouse (ACH) mechanism that allows providers to request and receive electronic funds transfer (EFT) of claims payments.

2.22.2.6 The CONTRACTOR shall not derive financial gain from a provider's use of electronic claims filing functionality and/or services offered by the CONTRACTOR

or a third party. However, this provision shall not be construed to imply that providers may not be responsible for payment of applicable transaction fees/charges.

2.22.3 Paper Based Claims Formats

2.22.3.1 The CONTRACTOR shall comply at all times with standardized paper billing forms/formats (and all future updates) as follows:

Claim Type	Claim Form
Professional	CMS 1500
Institutional	CMS 1450/UB04
Dental	ADA

2.22.3.2 The CONTRACTOR shall not revise or modify the standardized forms or format.

2.22.3.3 For the forms identified in Section 2.22.3.1, the CONTRACTOR shall adhere to national standards and standardized instructions and definitions that are consistent with industry norms that are developed jointly with TENNCARE. These shall include, but not be limited to, HIPAA-based standards, federally required safeguard requirements including signature requirements described in Section 112821.1 of the CMS State Medicaid Manual and 42 CFR 455.18 and 455.19, as well as TDCI rules for Uniform Claims Process for TennCare in accordance with TCA 71-5-191.

2.22.3.4 The CONTRACTOR agrees that at such time that TENNCARE in conjunction with appropriate work groups presents recommendations concerning claims billing and processing that are consistent with industry norms, the CONTRACTOR shall comply with said recommendations within ninety (90) calendar days from notice by TENNCARE.

2.22.4 Prompt Payment

2.22.4.1 The CONTRACTOR shall comply with prompt pay claims processing requirements in accordance with TCA 56-32-126.

2.22.4.2 The CONTRACTOR shall ensure that ninety percent (90%) of clean claims for payment for services delivered to a TennCare enrollee are paid within thirty (30) calendar days of the receipt of such claims.

2.22.4.3 The CONTRACTOR shall process, and if appropriate pay, within sixty (60) calendar days ninety-nine point five percent (99.5%) of all claims for covered services delivered to a TennCare enrollee. The terms “processed and paid” are synonymous with terms “process and pay” of TCA 56-32-126(b)(1)(A) and (B).

2.22.4.4 Notwithstanding Sections 2.22.4.1 through 2.22.4.3, the CONTRACTOR shall comply with the following processing requirements for nursing facility claims and for HCBS claims for services other than PERS, assistive technology, minor home modifications, and pest control submitted electronically in a HIPAA-compliant format:

- 2.22.4.4.1 Ninety percent (90%) of clean claims for nursing facility services and HCBS excluding PERS, assistive technology, minor home modifications, and pest control shall be processed and paid within fourteen (14) calendar days of receipt.
- 2.22.4.4.2 Ninety-nine point five percent (99.5%) of clean claims for nursing facility services and HCBS other than PERS, assistive technology, minor home modifications, and pest control shall be processed and paid within twenty-one (21) calendar days of receipt.
- 2.22.4.5 The CONTRACTOR shall comply with the requirements in Sections 2.22.4.2 and 2.22.4.3 above for processing claims for PERS, assistive technology, minor home modifications, and pest control.
- 2.22.4.6 The CONTRACTOR shall provide claims information and supporting claims documentation as specified by TENNCARE or TDCI in order for TENNCARE and/or TDCI to verify the CONTRACTOR's compliance with prompt payment requirements.
- 2.22.4.7 If a claim is partially or totally denied on the basis the provider did not submit any required information or documentation with the claim, then the remittance advice or other appropriate written or electronic notice shall specifically identify all such information and documentation. Resubmission of a claim with further information and/or documentation shall constitute a new claim for purposes of establishing the time frame for claims processing.
- 2.22.4.8 To the extent that the provider agreement requires compensation of a provider on a monthly fixed fee basis or on any other basis that does not require the submission of a claim as a condition to payment, such payment shall be made to the provider by no later than (i) the time period specified in the provider agreement/contract between the provider and the CONTRACTOR or subcontractor, or if a time period is not specified in the contract (ii) the tenth (10th) day of the calendar month if the payment is to be made by a subcontractor, or (iii) if the CONTRACTOR is required to compensate the provider directly, within five (5) calendar days after receipt of the capitated payment and supporting remittance advice information from TENNCARE.
- 2.22.4.9 The CONTRACTOR shall not deny provider claims on the basis of untimely filing in situations regarding coordination of benefits or subrogation, in which case the provider is pursuing payment from a third party or if an enrollee is enrolled in the CONTRACTOR's MCO with a retroactive eligibility date. In situations of third party benefits, the time frames for filing a claim shall begin on the date that the third party documented resolution of the claim. In situations of enrollment in the CONTRACTOR's MCO with a retroactive eligibility date, the time frames for filing a claim shall begin on the date that the CONTRACTOR receives notification from TENNCARE of the enrollee's eligibility/enrollment.
- 2.22.4.10 As it relates to MCO Assignment Unknown (see Sections 2.13.11 and 2.13.12), the CONTRACTOR shall not deny a claim on the basis of the provider's failure to file a claim within a specified time period after the date of service when the provider could not have reasonably known which MCO the member was in during the timely filing period. However, in such cases the CONTRACTOR may impose timely filing requirements beginning on the date of notification of the individual's enrollment.

2.22.5 Claims Dispute Management

- 2.22.5.1 The CONTRACTOR shall have an internal claims dispute procedure that will be reviewed and approved in writing by TENNCARE prior to its implementation.
- 2.22.5.2 The CONTRACTOR shall contract with independent reviewers to review disputed claims as provided by TCA 56-32-126.
- 2.22.5.3 The CONTRACTOR shall systematically capture the status and resolution of all claim disputes, as well as all associated documentation.

2.22.6 Claims Payment Accuracy – Minimum Audit Procedures

- 2.22.6.1 On a monthly basis the CONTRACTOR shall submit claims payment accuracy percentage reports (see Section 2.30.16.1).
- 2.22.6.2 The report shall be based on an audit conducted by the CONTRACTOR. The audit shall be conducted by an entity or staff independent of claims management. Requirements for the internal audit function are outlined in Section 2.21.10 of this Agreement.
- 2.22.6.3 The audit shall utilize a random sample of all “processed or paid” claims upon initial submission in each month (the terms “processed and paid” are synonymous with terms “process and pay” of TCA 56-32-126(b)(1)(A) and (B)). A minimum sample of one hundred and sixty (160) claims randomly selected from the entire population of electronic and paper claims processed or paid upon initial submission for the month tested is required. Additionally, each monthly sample of one hundred and sixty (160) claims shall contain a minimum of thirty (30) claims associated with nursing facility services provided to CHOICES members and thirty (30) claims associated with HCBS provided to CHOICES members. Until members in CHOICES Group 2 and/or 3 are enrolled in TennCare Select (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), each monthly sample shall only include nursing facility claims.
- 2.22.6.4 The minimum attributes to be tested for each claim selected shall include:
 - 2.22.6.4.1 Claim data correctly entered into the claims processing system;
 - 2.22.6.4.2 Claim is associated to the correct provider, or if submitted by the FEA, the correct consumer-directed worker;
 - 2.22.6.4.3 Service obtained the proper authorization;
 - 2.22.6.4.4 Member eligibility at processing date correctly applied;
 - 2.22.6.4.5 Allowed payment amount agrees with contracted rate;
 - 2.22.6.4.6 Duplicate payment of the same claim has not occurred;
 - 2.22.6.4.7 Denial reason applied appropriately;

- 2.22.6.4.8 Copayment application considered and applied;
- 2.22.6.4.9 Patient liability correctly identified and applied;
- 2.22.6.4.10 Effect of modifier codes correctly applied;
- 2.22.6.4.11 Other insurance, including long-term care insurance, properly considered and applied;
- 2.22.6.4.12 Application of benefit limits;
- 2.22.6.4.13 Whether the processing of the claim correctly considered whether services that exceeded a benefit limit for HCBS were provided as a cost effective alternative;
- 2.22.6.4.14 Application of the cost neutrality cap for a member in CHOICES Group 2;
- 2.22.6.4.15 Application of the expenditure cap for a member in CHOICES Group 3; and
- 2.22.6.4.16 Proper coding including bundling/unbundling.
- 2.22.6.5 For audit and verification purposes, the population of claims should be maintained. Additionally, the results of testing at a minimum should be documented to include:
 - 2.22.6.5.1 Results for each attribute tested for each claim selected;
 - 2.22.6.5.2 Amount of overpayment or underpayment for claims processed or paid in error;
 - 2.22.6.5.3 Explanation of the erroneous processing for each claim processed or paid in error;
 - 2.22.6.5.4 Determination if the error is the result of keying errors or the result of errors in the configuration or table maintenance of the claims processing system; and
 - 2.22.6.5.5 Claims processed or paid in error have been corrected.
- 2.22.6.6 If the CONTRACTOR subcontracts for the provision of any covered services (see Section 2.26), and the subcontractor is responsible for processing claims (see Section 2.26.12), then the CONTRACTOR shall submit a claims payment accuracy percentage report for the claims processed by the subcontractor. The report shall be based on an audit conducted in compliance with the requirements of this Section 2.22.6.

2.22.7 Claims Processing Methodology Requirements

- 2.22.7.1 The CONTRACTOR shall perform front end system edits, including but not limited to:
 - 2.22.7.1.1 Confirming eligibility on each enrollee as claims are submitted on the basis of the eligibility information provided by the State that applies to the period during which the charges were incurred;

- 2.22.7.1.2 Third party liability (TPL);
- 2.22.7.1.3 Medical necessity (e.g., appropriate age/sex for procedure);
- 2.22.7.1.4 Prior approval: the system shall determine whether a covered service required prior approval and, if so, whether the CONTRACTOR granted such approval;
- 2.22.7.1.5 Duplicate claims: the system shall in an automated manner flag a claim as being (1) exactly the same as a previously submitted claim or (2) a possible duplicate and either deny or pend the claim as needed;
- 2.22.7.1.6 Covered service: the system shall verify that a service is a covered service and is eligible for payment;
- 2.22.7.1.7 Provider validation: the system shall approve for payment only those claims received from providers eligible to render services for which the claim was submitted; and
- 2.22.7.1.8 Benefit limits: the system shall ensure that benefit limit rules set by TENNCARE are factored into the determination of whether a claim should be adjudicated and paid and whether HCBS that exceed a benefit limit were approved as a cost effective alternative.
- 2.22.7.2 The CONTRACTOR shall perform system edits for valid dates of service: the system shall assure that dates of service are valid dates, e.g., date of discharge is later than date of admission; admission or discharge dates are not in the future or outside of a member's TennCare eligibility span.
- 2.22.7.3 The CONTRACTOR shall ensure that the cost neutrality cap or expenditure cap applicable to a particular CHOICES member is not exceeded.
- 2.22.7.4 The CONTRACTOR shall perform post-payment review on a sample of claims to ensure services provided were medically necessary and were provided in accordance with state and federal requirements. This shall include, as applicable, review of provider documentation.
- 2.22.7.5 The CONTRACTOR shall have a staff of qualified, medically trained and appropriately licensed personnel, consistent with NCQA accreditation standards, whose primary duties are to assist in evaluating claims for medical necessity.
- 2.22.8 **Explanation of Benefits (EOBs) and Related Functions**
 - 2.22.8.1 The CONTRACTOR shall be responsible for generating and mailing EOBs to TennCare enrollees in accordance with guidelines described by TENNCARE.
 - 2.22.8.2 The CONTRACTOR shall omit any claims in the EOB file that are associated with sensitive services. The CONTRACTOR, with guidance from TENNCARE, shall develop "sensitive services" logic to be applied to the handling of said claims for EOB purposes.
 - 2.22.8.3 At a minimum, EOBs shall be designed to address requirements found in 42 CFR 455.20 and 433.116 as well as requirements associated with a change in TennCare

policy and shall include: claims for services with benefit limits, claims with enrollee cost sharing, denied claims with enrollee responsibility, and a sampling of paid claims (excluding ancillary and anesthesia services).

- 2.22.8.4 On a monthly basis, the CONTRACTOR shall sample a minimum of one hundred (100) claims and associated EOBs. The sample shall be based on a minimum of twenty-five (25) claims per check run. The EOBs shall be examined for correctness based on how the associated claim was processed and for adherence to the requirements outlined in Section 2.22.7. The CONTRACTOR shall ensure that the examined EOBs constitute a representative sample of EOBs from all types of services and provider types. To the extent that the CONTRACTOR and/or TENNCARE considers a particular type of service or provider to warrant closer scrutiny, the CONTRACTOR shall over sample as needed.
- 2.22.8.5 Based on the EOBs sent to TennCare enrollees, the CONTRACTOR shall track any complaints received from enrollees and resolve the complaints according to its established policies and procedures. The resolution may be enrollee education, provider education, or referral to TBI/OIG. The CONTRACTOR shall use the feedback received to modify or enhance the EOB sampling methodology.

2.22.9 Remittance Advices and Related Functions

- 2.22.9.1 In concert with its claims payment cycle the CONTRACTOR shall provide an electronic status report indicating the disposition for every adjudicated claim for each claim type submitted by providers seeking payment as well as capitated payments generated and paid by the CONTRACTOR.
- 2.22.9.2 The status report shall contain appropriate explanatory remarks related to payment or denial of the claim, including but not limited to TPL data.
- 2.22.9.3 If a claim is partially or totally denied on the basis the provider did not submit any required information or documentation with the claim, then the remittance advice shall specifically identify all such information and documentation.
- 2.22.9.4 In accordance with 42 CFR 455.18 and 455.19, the following statement shall be included on each remittance advice sent to providers: "I understand that payment and satisfaction of this claim will be from federal and state funds, and that any false claims, statements, documents, or concealment of a material fact, may be prosecuted under applicable federal and/or state laws."

2.22.10 Processing of Payment Errors

The CONTRACTOR shall not employ off-system or gross adjustments when processing corrections to payment errors, unless it requests and receives prior written authorization from TENNCARE.

2.22.11 Notification to Providers

For purposes of network management, the CONTRACTOR shall, at a minimum, notify all contract providers to file claims associated with covered services directly with the CONTRACTOR, or its subcontractors, on behalf of TennCare enrollees.

2.22.12 Payment Cycle

At a minimum, the CONTRACTOR shall run one (1) provider payment cycle per week, on the same day each week, as determined by the CONTRACTOR and approved in writing by TENNCARE.

2.22.13 Excluded Providers

2.22.13.1 The CONTRACTOR shall not pay any claim submitted by a provider who is excluded from participation in Medicare, Medicaid, or SCHIP programs pursuant to Sections 1128 or 1156 of the Social Security Act or is otherwise not in good standing with TENNCARE.

2.22.13.2 The CONTRACTOR shall not pay any claim submitted by a provider that is on payment hold under the authority of TENNCARE.

24. Section 2.23.1.6 shall be deleted in its entirety and replaced with the following:

2.23.1.6 Systems Refresh Plan

The CONTRACTOR shall provide to TENNCARE an annual *Systems Refresh Plan* (see Section 2.30.17). The plan shall outline how Systems within the CONTRACTOR's span of control will be systematically assessed to determine the need to modify, upgrade and/or replace application software, operating hardware and software, telecommunications capabilities, information management policies and procedures, and/or systems management policies and procedures in response to changes in business requirements, technology obsolescence, staff turnover and other relevant factors. The systems refresh plan shall also indicate how the CONTRACTOR will insure that the version and/or release level of all of its Systems components (application software, operating hardware, operating software) are always formally supported by the original equipment manufacturer (OEM), software development firm (SDF), or a third party authorized by the OEM and/or SDF to support the System component.

25. Section 2.23.2 shall be amended by adding a new Sub-Section 2.23.2.1 and renumbering the existing Sub-Sections accordingly including all references thereto. The new Sub-Section 2.23.2.1 shall read as follows:

2.23.2.1 HIPAA and HITECH

The parties warrant that they are familiar with the Federal regulations under HIPAA and HITECH and agree to comply with the provisions as amended and to the extent the following apply: "Individually Identifiable Health Information," "Protected Health Information," "Unsecured PHI," "Safeguarding Enrollee Information," and "Privacy Breach".

26. Section 2.23.4.3.7 shall be deleted in its entirety and replaced with the following:

2.23.4.3.7 The CONTRACTOR shall institute processes to insure the validity and completeness of the data it submits to TENNCARE. At its discretion, TENNCARE will conduct general data validity and completeness audits using industry-accepted statistical sampling methods. Data elements that will be audited include but are not limited to: member ID, date of service, provider ID (including NPI number and Medicaid I.D. Number), category and sub category (if applicable) of service, diagnosis codes, procedure codes and modifiers, revenue codes, adherence to benefit limits, date of claim processing, and date of claim payment. Control totals shall also be reviewed and verified. Additionally, the CONTRACTOR shall reconcile all encounter data submitted to the State to control totals and to the CONTRACTOR's Medical Fund Target reports and supply the reconciliation to TENNCARE with each of the Medical Fund Target report submissions as specified in Section 2.30.15.2.1.

27. Section 2.24 shall be amended by deleting Section 2.24 in its entirety and replacing it with the following and renumbering all references thereto:

2.24 ADMINISTRATIVE REQUIREMENTS

2.24.1 General Responsibilities

2.24.1.1 TENNCARE shall be responsible for management of this Agreement. Management shall be conducted in good faith with the best interest of the State and the citizens it serves being the prime consideration. Management of TennCare shall be conducted in a manner consistent with simplicity of administration and the best interests of enrollees, as required by 42 USC 1396a(a)(19).

2.24.1.2 The CONTRACTOR shall be responsible for complying with the requirements of this Agreement and shall act in good faith in the performance of the requirements of this Agreement.

2.24.1.3 The CONTRACTOR shall develop policies and procedures that describe, in detail, how the CONTRACTOR will comply with the requirements of this Agreement and, as applicable, are specific to each Grand Region covered by this Agreement, and the CONTRACTOR shall administer this Agreement in accordance with those policies and procedures unless otherwise directed or approved in writing by TENNCARE.

2.24.1.4 It is recognized that TennCare Select medical management procedures may differ from the CONTRACTOR's medical management procedures utilized for operations under the "TennCare Contractor Risk Agreement" in order to recognize the unique populations served by this Agreement. To the extent that TennCare Select medical management procedures are different from the CONTRACTOR's "TennCare Contractor Risk Agreement" medical management procedures, the CONTRACTOR shall obtain written approval from TENNCARE unless otherwise directed or approved by TENNCARE.

2.24.1.5 The CONTRACTOR shall submit policies and procedures and other deliverables specified by TENNCARE to TENNCARE for review and/or written approval in the

format and within the time frames specified by TENNCARE. The CONTRACTOR shall make any changes requested by TENNCARE to policies and procedures or other deliverables and in the time frames specified by TENNCARE.

- 2.24.1.6 As provided in Section 5.10 of this Agreement, should the CONTRACTOR have a question on policy determinations, benefits, or operating guidelines required for proper performance of the CONTRACTOR's responsibilities, the CONTRACTOR shall request a determination from TENNCARE in writing.

2.24.2 Behavioral Health Advisory Committee

The CONTRACTOR shall establish a behavioral health advisory committee that is accountable to the CONTRACTOR's governing body to provide input and advice regarding all aspects of the provision of behavioral health services according to the following requirements:

- 2.24.2.1 The CONTRACTOR's behavioral health advisory committee shall be comprised of at least fifty-one percent (51%) consumer and family representatives, of which the majority shall include families of adults with serious and/or persistent mental illness (SPMI) and families of children with serious emotional disturbance (SED);
- 2.24.2.2 There shall be geographic diversity;
- 2.24.2.3 There shall be cultural and racial diversity;
- 2.24.2.4 There shall be representation by providers and consumers (or family members of consumers) of substance abuse services;
- 2.24.2.5 At a minimum, the CONTRACTOR's behavioral health advisory committee shall have input into policy development, planning for services, service evaluation, and member, family member and provider education;
- 2.24.2.6 Meetings shall be held at least quarterly;
- 2.24.2.7 Travel costs shall be paid by the CONTRACTOR;
- 2.24.2.8 The CONTRACTOR shall report on the activities of the CONTRACTOR's behavioral health advisory committee as required in Section 2.30.18.1; and
- 2.24.2.9 The CONTRACTOR, as membership changes, shall submit current membership lists to the State.

2.24.3 CHOICES Advisory Group

- 2.24.3.1 To promote a collaborative effort to enhance the long-term care service delivery system in each Grand Region covered by this Agreement while maintaining a member-centered focus, the CONTRACTOR shall establish a CHOICES advisory group that is accountable to the CONTRACTOR's governing body to provide input and advice regarding the CONTRACTOR's CHOICES program and policies. Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the requirements of Section 2.24.3 do not apply. When directed by TENNCARE to serve as a back-up health plan and/or enroll

members in CHOICES Group 2 and/or 3, the CONTRACTOR shall, as directed by TENNCARE, comply with the requirements of Section 2.24.3.

- 2.24.3.2 The CONTRACTOR's CHOICES advisory group shall include CHOICES members, member's representatives, advocates, and providers. At least fifty-one percent (51%) of the group shall be CHOICES members and/or their representatives (e.g., family members or caregivers). The advisory group shall include representatives from nursing facility and HCBS providers, including community-based residential alternative providers. The group shall reflect the geographic, cultural and racial diversity of each Grand Region covered by this Agreement.
- 2.24.3.3 At a minimum, the CONTRACTOR's CHOICES advisory group shall have input into the CONTRACTOR's planning and delivery of long-term care services, CHOICES QM/QI activities, program monitoring and evaluation, and member, family and provider education.
- 2.24.3.4 The CONTRACTOR shall provide an orientation and ongoing training for advisory group members so they have sufficient information and understanding of the CHOICES program to fulfill their responsibilities.
- 2.24.3.5 The CONTRACTOR's CHOICES advisory group shall meet at least quarterly, and the CONTRACTOR shall keep a written record of meetings.
- 2.24.3.6 The CONTRACTOR shall pay travel costs for advisory group members who are CHOICES members or their representatives.
- 2.24.3.7 The CONTRACTOR shall report on the activities of the CONTRACTOR's CHOICES advisory group as required in Section 2.30.18.2.
- 2.24.3.8 As advisory group membership changes, the CONTRACTOR shall submit current membership lists to TENNCARE.

2.24.4 **Abuse and Neglect Plan**

- 2.24.4.1 The CONTRACTOR shall develop and implement an abuse and neglect plan that includes protocols for preventing, identifying, and reporting suspected abuse, neglect, and exploitation of CHOICES members who are adults (see TCA 71-6-101 *et seq.*) and suspected brutality, abuse, or neglect of CHOICES members who are children (see TCA 37-1-401 *et seq.* and TCA 37-1-601 *et seq.*); a plan for educating and training providers, subcontractors, care coordinators, and other CONTRACTOR staff regarding the protocols; and a plan for training members, representatives, and caregivers regarding identification and reporting of suspected abuse and/or neglect.
- 2.24.4.2 The CONTRACTOR's abuse and neglect protocols shall include, but not be limited to the following:
 - 2.24.4.2.1 Protocols for assessing risk for abuse and/or neglect, including factors that may indicate the potential for abuse and/or neglect;
 - 2.24.4.2.2 Protocols for reducing a member's risk of abuse and/or neglect (e.g., frequency of care coordinator home visits, referrals to non-covered support services);

- 2.24.4.2.3 Indicators for identifying suspected abuse and/or neglect;
- 2.24.4.2.4 Requirements for reporting suspected abuse and/or neglect, including reporting suspected abuse and/or neglect of a child pursuant to TCA 37-1-403, reporting suspected abuse and/or neglect of an adult to APS pursuant to TCA 71-6-103, and reporting suspected abuse and/or neglect to the CONTRACTOR pursuant to Section 2.15.7.4;
- 2.24.4.2.5 Steps for protecting a member if abuse and/or neglect is suspected (e.g., removing a staff person suspected of committing the abuse and/or neglect, making referrals for members to support services); and
- 2.24.4.2.6 Requirements regarding coordination and cooperation with APS/CPS investigations and remediations.
- 2.24.4.3 If and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR's abuse and neglect plan shall also define the role and responsibilities of the fiscal employer agent (see definition in Section 1) in assessing and reducing a member's risk of abuse and neglect, identifying and reporting abuse and neglect, protecting a member if abuse and/or neglect is suspected; training employees, contractors of the FEA (including supports brokers), and consumer-directed workers regarding the protocols identified in Sections 2.24.4.2.1 through 2.24.4.2.6 above; and training members and caregivers regarding identification and reporting of suspected abuse and/or neglect. Such role and responsibilities shall be defined in a manner that is consistent with requirements in this Section 2.24.4 as well as TENNCARE's contract with the fiscal employer agent and the model contract between the CONTRACTOR and the FEA.

2.24.5 **Performance Standards**

The CONTRACTOR agrees TENNCARE may assess liquidated damages for failure to meet the performance standards specified in Attachment VII. Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the performance standards in Attachment VII applicable only to CHOICES Group 2 and/or 3, as determined by TENNCARE, will not apply. When directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, all of the performance standards in Attachment VII shall apply.

2.24.6 **Medical Records Requirements**

- 2.24.6.1 The CONTRACTOR shall maintain, and shall require contract providers and subcontractors to maintain, medical records (as defined in Section 1) in a manner that is current, detailed and organized, and which permits effective and confidential patient care and quality review, administrative, civil and/or criminal investigations and/or prosecutions.
- 2.24.6.2 The CONTRACTOR shall have medical record keeping policies and practices which are consistent with 42 CFR Part 456 and current NCQA standards for medical record documentation. The CONTRACTOR shall distribute these policies to practice sites. At a minimum, the policies and procedures shall address:

- 2.24.6.2.1 Confidentiality of medical records;
- 2.24.6.2.2 Medical record documentation standards; and
- 2.24.6.2.3 The medical record keeping system and standards for the availability of medical records. At a minimum the following shall apply:
 - 2.24.6.2.3.1 As applicable, medical records shall be maintained or available at the site where covered services are rendered;
 - 2.24.6.2.3.2 Enrollees (for purposes of behavioral health records, enrollee includes an individual who is age sixteen (16) or over) and their legally appointed representatives shall be given access to the enrollees' medical records, to the extent and in the manner provided by TCA 63-2-101, 63-2-102 and 33-3-104 *et seq.*, and, subject to reasonable charges, (except as provided in Section 2.24.6.2.3.3 below) be given copies thereof upon request;
 - 2.24.6.2.3.3 Provisions for ensuring that, in the event a patient-provider relationship with a TennCare primary care provider ends and the enrollee requests that medical records be sent to a second TennCare provider who will be the enrollee's primary care provider, the first provider does not charge the enrollee or the second provider for providing the medical records; and
 - 2.24.6.2.3.4 Performance goals to assess the quality of medical record keeping.
- 2.24.6.2.4 The CONTRACTOR shall maintain and require contract behavioral health providers to maintain medical records in conformity with TCA 33-3-101 *et seq.* for persons with serious emotional disturbance or mental illness.
- 2.24.6.2.5 The CONTRACTOR shall maintain and require contract behavioral health providers to maintain medical records of persons whose confidentiality is protected by 42 CFR Part 2 in conformity with that rule or TCA 33-3-103, whichever is more stringent.

2.24.7 **Location of Non-Responsive TennCare Eligibles**

The CONTRACTOR agrees to attempt to locate "non-responsive TennCare eligibles" that have been enrolled in the CONTRACTOR's MCO. Non-responsive TennCare eligibles are persons identified by TENNCARE who have not responded to re-verification attempts and who have not (and whose family members have not) accessed services during the period of review. Within 90 days of identification, the CONTRACTOR shall attempt to reach each non-responsive TennCare eligible identified by TENNCARE to the CONTRACTOR and assigned to TennCare Select effective July 1, 2001. The CONTRACTOR shall attempt to reach each non-responsive TennCare eligible telephonically using the phone number provided by TENNCARE. Upon placement of the call, if the CONTRACTOR receives a message that the phone number has been changed, the CONTRACTOR shall update the enrollee's phone number in its system and make at least three documented attempts to contact said enrollee at the new number to obtain the enrollee's new address. If successful, the CONTRACTOR will forward this information to TENNCARE via the Weekly Enrollee Information Report as well as a Non-Responsive File via CD Rom which shall include additional data elements as described in this Section. If TENNCARE does not provide a telephone number, the CONTRACTOR shall make and document at least one attempt to contact

the non-responsive TennCare eligible through other publicly available information resources. In addition, the CONTRACTOR shall monitor claims activity for non-responsive TennCare eligibles. In the event the CONTRACTOR receives a claim for payment on behalf of a non-responsive TennCare eligible, the CONTRACTOR shall contact the provider and request the enrollee's phone number and address on file with the provider. The CONTRACTOR shall make at least three documented attempts to contact the enrollee at the location provided by the provider to confirm the enrollee's address. Once confirmed, the CONTRACTOR shall forward this information to TENNCARE via the Weekly Enrollee Information Report as well as a Non-Responsive File via CD Rom which shall include additional data elements as described in this Section. The CONTRACTOR shall complete this process within 45 days for other non-responsive TennCare eligible as they are identified by TENNCARE to the CONTRACTOR.

- 28. Section 2.25 shall be amended by adding a new Sub-Section 2.25.9 and renumbering the existing Sub-Sections accordingly, including any references thereto. The new Sub-Section 2.25.9 shall read as follows:**

2.25.9 CHOICES Consumer/Family Surveys

The EQRO will administer an annual survey to a representative sample of CHOICES members to assess members' quality of life and members' and/or caregivers' satisfaction with the CHOICES program. The CONTRACTOR shall cooperate fully with the EQRO in conducting the survey. The EQRO will provide a copy of its findings to the CONTRACTOR.

- 29. Section 2.25 shall be amended by adding a new Sub-Section 2.25.10 and renumbering the existing Sub-Sections accordingly, including any references thereto. The new Sub-Section 2.25.10 shall read as follows:**

2.25.10 Monitoring Quality of Care for CHOICES

In addition to any other monitoring activities conducted by TENNCARE, the CONTRACTOR shall cooperate fully with any monitoring activities conducted by TENNCARE regarding the CHOICES program. These activities will include but not be limited to the following:

2.25.10.1 Quarterly and annual monitoring to ensure that CHOICES members receive appropriate disease management interventions and the adequacy and appropriateness of these interventions based on stratification and setting (see Section 2.30.5).

2.25.10.2 Quality of care activities will be monitored through information obtained in a quarterly *CHOICES Care Coordination Report* (see Section 2.30.6.7) and through activities performed by the Quality Oversight Division of TennCare. These activities may include monitoring and technical assistance through site visits to the CONTRACTOR, chart audits, phone calls, etc. TENNCARE may validate the *CHOICES Care Coordination* report and may conduct a more in-depth review and/or request additional information for instances where the CONTRACTOR does not adhere to required timeframes. TENNCARE may require a corrective action plan and/or impose sanctions to address non-compliance issues and to improve CONTRACTOR performance.

2.25.10.3 Quarterly monitoring to determine the CONTRACTOR's adherence to the requirements in this Agreement regarding processes for identifying, assessing, and

transitioning CHOICES who may have the ability and/or desire to transition from a nursing facility to the community. TENNCARE will review the *CHOICES Nursing Facility to Community Transition* reports submitted by the CONTRACTOR (see Section 2.30.6.4) to determine the CONTRACTOR's performance on specified measures. TENNCARE may validate the report and may conduct a more in-depth review and/or request additional information. TENNCARE may require a corrective action plan and/or impose sanctions to address non-compliance issues and to improve CONTRACTOR performance.

- 2.25.10.4 Monthly monitoring regarding missed and late visits. TENNCARE will review the *CHOICES HCBS Late and Missed Visits* reports submitted by the CONTRACTOR (see Section 2.30.6.5) to determine the CONTRACTOR's performance on specified measures. TENNCARE may validate the report and may conduct a more in-depth review and/or request additional information. TENNCARE may require a corrective action plan and/or impose sanctions to address non-compliance issues and to improve CONTRACTOR performance.
- 2.25.10.5 Periodic case reviews will be conducted at the discretion of TENNCARE in order to assess the CONTRACTOR's needs assessment and care planning processes.
- 2.25.10.6 Quarterly monitoring of the CONTRACTOR's provider network file (see Section 2.30.7) to ensure that CHOICES provider network requirements are met (see Section 2.11.6).
- 2.25.10.7 Annual monitoring of the CONTRACTOR's long-term care provider network development plan to ensure that the CONTRACTOR is making sufficient progress towards meeting its network development and expansion goals (see Section 2.11.6.6). TENNCARE will review the plan provided by the CONTRACTOR (see Section 2.30.7.6) and will evaluate the adequacy of the CONTRACTOR's long-term care network and the CONTRACTOR's efforts to improve the network where deficiencies exist.
- 2.25.10.8 Quarterly monitoring of critical incidents. TENNCARE will review the *CHOICES HCBS Critical Incidents* reports submitted by the CONTRACTOR (see Section 2.30.11.6) to identify potential performance improvement activities. TENNCARE may conduct a more in-depth review and/or request additional information.
- 2.25.10.9 Quarterly monitoring of the CONTRACTOR's member complaints process to determine compliance with timeframes prescribed in Section 2.19.2 of this Agreement and appropriateness of resolutions. TENNCARE will review the *Member Complaints* reports submitted by the CONTRACTOR (see Section 2.30.13), to determine the CONTRACTOR's performance on specified measures. TENNCARE may validate the report and may conduct a more in-depth review and/or request additional information. TENNCARE may require a corrective action plan and/or impose sanctions to address non-compliance issues and to improve CONTRACTOR performance.
- 2.25.10.10 Review of all reports from the CONTRACTOR (see Section 2.30) and any related follow-up activities.

30. Section 2.26 shall be amended by deleting Section 2.26 in its entirety and replacing it with the following and renumbering all references thereto:

2.26 SUBCONTRACTS

2.26.1 Subcontract Relationships and Delegation

If the CONTRACTOR delegates responsibilities to a subcontractor, the CONTRACTOR shall ensure that the subcontracting relationship and subcontracting document(s) comply with federal requirements, including, but not limited to, compliance with the applicable provisions of 42 CFR 438.230(b) and 42 CFR 434.6 as described below:

2.26.1.1 The CONTRACTOR shall evaluate the prospective subcontractor's ability to perform the activities to be delegated;

2.26.1.2 The CONTRACTOR shall require that the agreement be in writing and specify the activities and report responsibilities delegated to the subcontractor and provide for revoking delegation or imposing other sanctions if the subcontractor's performance is inadequate;

2.26.1.3 The CONTRACTOR shall monitor the subcontractor's performance on an ongoing basis and subject it to formal review, on at least an annual basis, consistent with NCQA standards and state MCO laws and regulations;

2.26.1.4 The CONTRACTOR shall identify deficiencies or areas for improvement, and the CONTRACTOR and the subcontractor shall take corrective action as necessary; and

2.26.1.5 If the subcontract is for purposes of providing or securing the provision of covered services to enrollees, the CONTRACTOR shall ensure that all requirements described in Section 2.12 of this Agreement are included in the subcontract and/or a separate provider agreement executed by the appropriate parties.

2.26.2 Legal Responsibility

The CONTRACTOR shall be responsible for the administration and management of all aspects of this Agreement including all subcontracts/subcontractors. The CONTRACTOR shall ensure that the subcontractor shall not enter into any subsequent agreements or subcontracts for any of the work contemplated under the subcontractor for purposes of this Agreement without prior written approval of the CONTRACTOR. No subcontract, provider agreement or other delegation of responsibility terminates or reduces the legal responsibility of the CONTRACTOR to TENNCARE to ensure that all activities under this Agreement are carried out in compliance with the Agreement.

2.26.3 Prior Approval

All subcontracts, as defined in Section 1 of this Agreement, and revisions thereto shall be approved in advance in writing by TENNCARE. The CONTRACTOR shall revise subcontracts as directed by TENNCARE. Approval of subcontracts shall not be considered granted unless TENNCARE issues its approval in writing. Once a subcontract has been executed by all of the participating parties, a copy of the fully executed subcontract shall be sent to TENNCARE within thirty (30) calendar days of execution. This written prior approval requirement does not relieve

the CONTRACTOR of any responsibilities to submit all proposed material modifications of the CONTRACTOR's MCO operations to TDCI for prior review and approval as required by Title 56, Chapter 32, Part 1.

2.26.4 Subcontracts for Behavioral Health Services

If the CONTRACTOR subcontracts for the provision or management of behavioral health services, the subcontract shall be specific to the TennCare program, and the CONTRACTOR shall comply with the requirements in Section 2.6.1.2 regarding integration of physical health and behavioral health services.

2.26.5 Subcontracts for Assessments and Plans of Care

If the CONTRACTOR subcontracts with an entity specifically to conduct care coordination functions, including level of care or needs assessments or reassessments and/or developing or authorizing plans of care (see Section 2.9.6), such subcontractor shall not provide any direct long-term care services. This does not preclude nursing facilities or hospitals contracted with the CONTRACTOR to deliver services from completing and submitting pre-admission evaluations.

2.26.6 Contract with Fiscal Employer Agent (FEA)

As required in Section 2.9.7.3, the CONTRACTOR shall contract with TENNCARE's designated FEA to provide assistance to members choosing consumer direction of HCBS. The CONTRACTOR shall not be liable for any failure, error, or omission by the FEA related to the FEA's verification of worker qualification.

2.26.7 Standards

The CONTRACTOR shall require and ensure that the subcontractor complies with all applicable requirements in this Agreement. This includes, but is not limited to, Sections 2.19, 2.21.7, 2.25.5, 2.25.6, 2.25.8, 2.25.9, 5.3, 5.19, 5.31, and 5.32 of this Agreement.

2.26.8 Quality of Care

If the subcontract is for the purpose of securing the provision of covered services, the subcontract shall specify that the subcontractor adhere to the quality requirements the CONTRACTOR is held to.

2.26.9 Interpretation/Translation Services and Limited English Proficiency (LEP) Provisions

The CONTRACTOR shall provide instruction for all direct service subcontractors regarding the CONTRACTOR's written procedure for the provision of language interpretation and translation services for any member who needs such services, including but not limited to, enrollees with Limited English Proficiency.

2.26.10 Children in State Custody

The CONTRACTOR shall include in its subcontracts a provision stating that subcontractors are not permitted to encourage or suggest, in any way, that TennCare children be placed into State custody in order to receive medical or behavioral health services covered by TENNCARE.

2.26.11 Assignability

Transportation and claims processing subcontracts shall include language requiring that the subcontract agreement shall be assignable from the CONTRACTOR to the State, or its designee: i) at the State's discretion upon written notice to the CONTRACTOR and the affected subcontractor; or ii) upon CONTRACTOR's request and written approval by the State. Further, the subcontract agreement shall include language by which the subcontractor agrees to be bound by any such assignment, and that the State, or its designee, shall not be responsible for past obligations of the CONTRACTOR.

2.26.12 Claims Processing

2.26.12.1 All claims for services furnished to a TennCare enrollee filed with a CONTRACTOR shall be processed by either the CONTRACTOR or by one (1) subcontractor retained by the organization for the purpose of processing claims. However, another entity can process claims related to behavioral health, vision, lab, or transportation if that entity has been retained by the CONTRACTOR to arrange and provide for the delivery of said services. However, all claims processed by any subcontractor shall be maintained and submitted by the CONTRACTOR.

2.26.12.2 As required in Section 2.30.19 of this Agreement, where the CONTRACTOR has subcontracted claims processing for TennCare claims, the CONTRACTOR shall provide to TENNCARE a Type II examination based on the Statement on Auditing Standards (SAS) No. 70, Service Organizations.

2.26.13 HIPAA Requirements

The CONTRACTOR shall require all its subcontractors to adhere to HIPAA requirements.

2.26.14 Compensation for Utilization Management Activities

Should the CONTRACTOR have a subcontract arrangement for utilization management activities, the CONTRACTOR shall ensure, consistent with 42 CFR 438.210(e) that compensation to individuals or entities that conduct utilization management activities is not structured so as to provide incentives for the individual or entity to deny, limit, or discontinue medically necessary services to any enrollee, as provided by the Balanced Budget Act of 1997 and the provisions of 42 CFR 438.210(e).

2.26.15 Notice of Subcontractor Termination

2.26.15.1 When a subcontract that relates to the provision of services to enrollees or claims processing services is being terminated, the CONTRACTOR shall give at least thirty (30) calendar days prior written notice of the termination to TENNCARE and TDCI.

2.26.15.2 TENNCARE reserves the right to require this notice requirement and procedures for other subcontracts if determined necessary upon review of the subcontract for approval.

31. Section 2.28 shall be amended by deleting Section 2.28 in its entirety and replacing it with the following and renumbering all references thereto:

2.28 NON-DISCRIMINATION COMPLIANCE REQUIREMENTS

- 2.28.1 The CONTRACTOR shall comply with Section 5.32 of this Agreement regarding non-discrimination, proof of non-discrimination, and notices of non-discrimination.
- 2.28.2 In order to demonstrate compliance with federal and state regulations of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975 and the Omnibus Budget Reconciliation Act of 1981 (P.L. 97-35), the Church Amendments (42 U.S.C. 300a-7), Section 245 of the Public Health Service Act (42 U.S.C. 238n.), and the Weldon Amendment (Consolidated Appropriations Act 2008, Public Law 110-161, Div. G, Sec. 508 (d), 121 Stat. 1844, 2209), the CONTRACTOR shall designate a staff person to be responsible for non-discrimination compliance as required in Section 2.29.1. This person shall provide instruction to all CONTRACTOR staff, providers and direct service subcontractors regarding the CONTRACTOR's non-discrimination policies and procedures and all applicable non-discrimination compliance requirements of the TennCare program. The CONTRACTOR shall be able to show documented proof of such instruction.
- 2.28.3 The CONTRACTOR shall develop written policies and procedures that demonstrate non-discrimination in the provision of services to members. The policy shall also demonstrate non-discrimination in the provision of services for members with Limited English Proficiency and those requiring communication assistance in alternative formats (see Section 2.18.2). These policies and procedures shall be prior approved in writing by TENNCARE.
- 2.28.4 The CONTRACTOR shall, at a minimum, emphasize non-discrimination in its personnel policies and procedures as it relates to hiring, promoting, operational policies, contracting processes and participation on advisory/planning boards or committees.
- 2.28.5 The CONTRACTOR shall ask all staff to provide their race or ethnic origin and sex. The CONTRACTOR is required to request this information from all CONTRACTOR staff. CONTRACTOR staff response is voluntary. The CONTRACTOR is prohibited from utilizing information obtained pursuant to such a request as a basis for decisions regarding employment or in determination of compensation amounts.
- 2.28.6 The CONTRACTOR shall ask all providers for their race or ethnic origin. Provider response is voluntary. The CONTRACTOR is prohibited from utilizing information obtained pursuant to such a request as a basis for decision regarding participation in the CONTRACTOR's provider network or in determination of compensation amounts.
- 2.28.7 The CONTRACTOR shall track and investigate all complaints alleging discrimination filed by employees, enrollees, providers and subcontractors related to the provision of and access to TennCare covered services provided by the CONTRACTOR. The CONTRACTOR shall track and investigate all complaints alleging discrimination filed by employees (when the complaint is related to the TennCare program), enrollees, providers and subcontractors in which discrimination is alleged in the CONTRACTOR's TennCare MCO. The CONTRACTOR shall track, at a minimum, the following elements: identity of the party filing the complaint; the complainant's relationship to the CONTRACTOR; the circumstances of the complaint; date

complaint filed; CONTRACTOR's resolution, if resolved; and name of CONTRACTOR staff person responsible for adjudication of the complaint.

2.28.8 The CONTRACTOR shall develop and have available a standardized complaint form to provide to a complainant upon request. This complaint form shall be in a format specified by TENNCARE.

2.28.9 The CONTRACTOR shall report on non-discrimination activities as described in Section 2.30.21.

32. Section 2.29 shall be amended by deleting Section 2.29 in its entirety and replacing it with the following and renumbering all references thereto:

2.29 PERSONNEL REQUIREMENTS

2.29.1 Staffing Requirements

2.29.1.1 The CONTRACTOR shall have sufficient staffing capable of fulfilling the requirements of this Agreement.

2.29.1.2 The CONTRACTOR shall submit to TENNCARE the names, resumes and contact information of the key staff identified below. In the event of a change to any of the key staff identified in Section 2.29.1.3, the CONTRACTOR shall notify TENNCARE within ten (10) business days of the change.

2.29.1.3 The minimum key staff requirements are listed below. If a full-time staff person is required, that means that one person shall perform that function (as opposed to multiple persons equaling a full-time equivalent). If a full-time staff person is not specified, the position does not require a full-time staff person.

2.29.1.3.1 A full-time administrator/project director dedicated to the TennCare program who has clear authority over the general administration and day-to-day business activities of this Agreement;

2.29.1.3.2 [Left blank intentionally];

2.29.1.3.3 A full-time Medical Director dedicated to the TennCare program who is a licensed physician in the State of Tennessee to oversee and be responsible for all clinical activities, including but not limited to the proper provision of covered services to members, developing clinical practice standards and clinical policies and procedures;

2.29.1.3.4 A full-time senior executive dedicated to the TennCare program who is a board certified psychiatrist in the State of Tennessee and has at least five (5) years combined experience in mental health and substance abuse services. This person shall oversee and be responsible for all behavioral health activities;

2.29.1.3.5 A full-time senior executive dedicated to the TennCare CHOICES program who has at least five (5) years of experience administering managed long-term care programs. On a case-by-case basis, equivalent experience in administering long-term care programs and services, including HCBS, or in managed care may be substituted,

subject to the prior approval of TENNCARE. This person shall oversee and be responsible for all CHOICES activities in all of the Grand Regions;

- 2.29.1.3.5.1 The CONTRACTOR shall ensure that this position is filled at least one hundred and twenty (120) days prior to the scheduled implementation of CHOICES in the Middle Grand Region;
- 2.29.1.3.5.2 If the CONTRACTOR has not filled this position one hundred and eighty (180) days prior to the scheduled implementation of CHOICES in the Middle Grand Region, the CONTRACTOR shall designate another senior executive dedicated to the TennCare program to temporarily oversee CHOICES implementation activities, as prior approved by TENNCARE, until this position is filled (which, as specified in Section 2.29.1.3.5.1 above, shall be at least one hundred and twenty (120) days prior to the scheduled implementation of CHOICES in the Middle Grand Region). Should another senior executive be temporarily designated to oversee CHOICES implementation activities, upon filling the full-time position as specified in Section 2.29.1.3.5.1 above, the CONTRACTOR shall ensure the effective transition of all CHOICES implementation activities, including a minimum transition period of ninety (90) days;
- 2.29.1.3.6 A full-time chief financial officer dedicated to the TennCare program responsible for accounting and finance operations, including all audit activities;
- 2.29.1.3.7 A full-time staff information systems director/manager dedicated to the TennCare program responsible for all CONTRACTOR information systems supporting this Agreement who is trained and experienced in information systems, data processing and data reporting as required to oversee all information systems functions supporting this Agreement including, but not limited to, establishing and maintaining connectivity with TennCare information systems and providing necessary and timely reports to TENNCARE;
- 2.29.1.3.8 A staff person designated as the contact available after hours for the “on-call” TennCare Solutions staff to contact with service issues;
- 2.29.1.3.9 A staff person to serve as the CONTRACTOR’s Non-discrimination Compliance Coordinator. This person shall be responsible for compliance with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975 and the Omnibus Budget Reconciliation Act of 1981 (P.L. 97-35), the Church Amendments (42 U.S.C. 300a-7), Section 245 of the Public Health Service Act (42 U.S.C. 238n.), and the Weldon Amendment (Consolidated Appropriations Act 2008, Public Law 110-161, Div. G, Sec. 508 (d), 121 Stat. 1844, 2209) on behalf of the CONTRACTOR. The CONTRACTOR shall report to TENNCARE in writing, to the attention of the Director of Non-Discrimination Compliance/Health Care Disparities, within ten (10) calendar days of the commencement of any period of time that the CONTRACTOR does not have a designated staff person for non-discrimination compliance. The CONTRACTOR shall report to TENNCARE at such time that the function is redirected as required in Section 2.29.1.2;

- 2.29.1.3.10 A full-time staff person dedicated to the TennCare program responsible for member services, who shall communicate with TENNCARE regarding member service activities;
- 2.29.1.3.11 A full-time staff person dedicated to the TennCare program responsible for provider services and provider relations, including all network development and management issues. This person shall be responsible for appropriate education regarding provider participation in the TennCare (including CHOICES) program; communications between the CONTRACTOR and its contract providers; and ensuring that providers receive prompt resolution of problems or inquiries. This person shall also be responsible for communicating with TENNCARE regarding provider service and provider relations activities. The FEA shall be responsible for education of and communication with consumer-directed workers, resolution of problems or inquiries from workers, and communication with TENNCARE regarding workers;
- 2.29.1.3.12 A full-time staff person dedicated to the TennCare CHOICES program responsible for educating and assisting long-term care providers and the FEA regarding appropriate claims submission processes and requirements, coding updates, electronic claims transactions and electronic funds transfer; for the development and maintenance of CONTRACTOR resources such as CHOICES provider manuals, website, fee schedules, etc.; for technical assistance regarding long-term care claims submission and resolution processes; and for prompt resolution of long-term care claims issues or inquiries as specified in Section 2.22.5. This person shall develop strategies to assess the effectiveness of the CONTRACTOR's claims education and technical assistance activities, gather feedback regarding the extent to which CHOICES long-term care providers are informed about appropriate claims submission processes and practices, and identify trends and guide the development of strategies to improve the efficiency of long-term care claims submission and resolution processes, as well as provider satisfaction. Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, this staff person is not required to be full-time, and the requirements in this Section 2.29.1.3.12 only apply to nursing facility providers. If and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, this shall be a full-time staff person and the requirements shall apply to both nursing facility and HCBS providers and the FEA;
- 2.29.1.3.13 A staff person responsible for all fraud and abuse detection activities, including the fraud and abuse compliance plan, as set forth in Section 2.20 of this Agreement;
- 2.29.1.3.14 A staff person responsible for all UM activities, including but not limited to overseeing prior authorizations. This person shall be a physician licensed in the State of Tennessee and shall ensure that UM staff have appropriate clinical backgrounds in order to make utilization management decisions;
- 2.29.1.3.15 A staff person responsible for all QM/QI activities. This person shall be a physician or registered nurse licensed in the State of Tennessee;
- 2.29.1.3.16 A staff person responsible for all appeal system resolution issues;
- 2.29.1.3.17 A staff person responsible for all claims management activities;

- 2.29.1.3.18 A staff person assigned to provide legal and technical assistance for and coordination with the legal system for court ordered services;
- 2.29.1.3.19 A staff person responsible for all MCO case management and related issues, including but not limited to, disease management activities and coordination between physical and behavioral health services;
- 2.29.1.3.20 A full-time staff person dedicated to the TennCare CHOICES program who is a registered nurse and has at least three (3) years experience providing care coordination to persons receiving long-term care services and an additional two (2) years work experience in managed and/or long-term care. This person shall oversee and be responsible for all care coordination activities.
- 2.29.1.3.21 A sufficient number of CHOICES care coordinators that meet the qualifications in Section 2.9.6.11 to conduct all required activities as specified herein;
- 2.29.1.3.22 A consumer advocate for members receiving, or in need of, behavioral health services. This person shall be responsible for internal representation of members' interests including but not limited to: ensuring input in policy development, planning, decision making, and oversight as well as coordination of recovery and resilience activities;
- 2.29.1.3.23 Upon enrollment of members in CHOICES Group 2 and/or 3 (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), a consumer advocate for CHOICES members. This person shall be responsible for internal representation of CHOICES members' interests including but not limited to input into planning and delivery of long-term care services, CHOICES QM/QI activities, program monitoring and evaluation, and member, family, and provider education. The consumer advocate shall also assist CHOICES members in navigating the CONTRACTOR's system (e.g., how to file a complaint, how to change care coordinators). This shall include, but not be limited to, helping members understand and use the CONTRACTOR's system, e.g., being a resource for members, providing information, making referrals to appropriate CONTRACTOR staff, and facilitating resolution of any issues. The consumer advocate shall also make recommendations to the CONTRACTOR on any changes needed to improve the CONTRACTOR's system for CHOICES members, make recommendations to TENNCARE regarding improvements for the CHOICES program, and participate as an ex officio member of the CHOICES Advisory Group required in Section 2.24.3;
- 2.29.1.3.24 A staff person responsible for TENNderCare services;
- 2.29.1.3.25 A staff person responsible for working with the Department of Children's Services;
- 2.29.1.3.26 A senior executive responsible for overseeing all subcontractor activities, if the subcontract is for the provision of covered benefits;
- 2.29.1.3.27 A staff person responsible for coordinating all activities and resolving issues related to CONTRACTOR/DBM coordination. This person shall be responsible for overseeing the work of the DBM Care Coordination Committee and the DBM Claims Coordination Committee as described in Section 2.9.11;

- 2.29.1.3.28 A staff person responsible for coordinating all activities and resolving issues related to CONTRACTOR/PBM coordination;
- 2.29.1.3.29 A staff person designated for interfacing and coordinating with the TDMHDD Planning and Policy Council; and
- 2.29.1.3.30 A specific staff person or persons designated as a liaison for the Department of Children's Services (DCS) which shall be identified, in writing, to TENNCARE and the DCS. The DCS liaison person(s) will be responsible for responsibilities described in Section 3.1.1 of this Agreement.
- 2.29.1.4 In addition to the key staff requirements described above, the CONTRACTOR shall have sufficient full-time clinical and support staff to conduct daily business in an orderly manner. This includes but is not limited to functions and services in the following areas: administration, accounting and finance, fraud and abuse, utilization management including prior authorizations, MCO case management, disease management, care coordination, QM/QI, member education and outreach, appeal system resolution, member services, provider services, provider relations, claims processing, and reporting.
- 2.29.1.5 The CONTRACTOR shall have a sufficient number of DBM care coordinators and claims coordinators to conduct all required activities, including but not limited to collaboration with the DBM and coordination with various state agencies.
- 2.29.1.6 The CONTRACTOR shall appoint specific staff to an internal audit function as specified in Section 2.21.10.
- 2.29.1.7 At least one hundred and twenty (120) days prior to the scheduled implementation of CHOICES in each Grand Region, the CONTRACTOR shall establish a team dedicated to the implementation of the CHOICES program. This team shall be responsible for directing and overseeing all aspects of the implementation of CHOICES. The team shall be led by the full-time senior executive referenced in Section 2.29.1.3.5 above and shall include, at a minimum, a staff person with responsibility for developing and implementing the CONTRACTOR's care coordination program, a staff person responsible for long-term care provider network development and provider relations, a staff person responsible for CHOICES provider claims education and assistance, a staff person responsible for long-term care QM/QI, a staff person responsible for IS issues related to CHOICES, and other staff as necessary to ensure the successful implementation of the CHOICES program and the seamless transition of members currently receiving long-term care services. The team shall report directly to the CONTRACTOR's senior management and shall interface with all of the CONTRACTOR's departments/business units as necessary to ensure the CONTRACTOR's readiness to provide services to CHOICES members in compliance with the requirements of this Agreement.
- 2.29.1.8 The CONTRACTOR is not required to report to TENNCARE the names of staff not identified as key staff in Section 2.29.1.3. However, the CONTRACTOR shall provide its staffing plan to TENNCARE.

- 2.29.1.9 The CONTRACTOR's project director, transition staff person, Medical Director, psychiatrist, CHOICES senior executive, financial staff, member services staff, provider services staff, provider relations staff, CHOICES provider claims education and assistance staff, UM staff, appeals staff, MCO case management staff, care coordination staff, consumer advocate (see Section 2.29.1.3.23), and TENNderCare staff person shall be located in the State of Tennessee. However, TENNCARE may authorize exceptions to this requirement. The CONTRACTOR shall seek TENNCARE's written prior approval to locate any of these staff outside of the State of Tennessee. The CONTRACTOR's request to locate required in-state staff to an out-of-state location shall include a justification of the request and an explanation of how services will be coordinated. If financial staff are not located in Tennessee the CONTRACTOR shall have the ability to issue a check within five (5) calendar days of a payment directive from TENNCARE.
- 2.29.1.10 The CONTRACTOR shall conduct training of staff in all departments to ensure appropriate functioning in all areas. This training shall be provided to all new staff members and on an ongoing basis for current staff.

2.29.2 **Licensure and Background Checks**

- 2.29.2.1 Except as specified in this Section 2.29.2.1 regarding the FEA, the CONTRACTOR is responsible for ensuring that all persons, whether they are employees, agents, subcontractors, providers or anyone acting for or on behalf of the CONTRACTOR, are legally authorized to render services under applicable state law. The FEA shall be responsible for ensuring that consumer-directed workers are qualified to provide HCBS to members in CHOICES Group 2 or 3 in accordance with TENNCARE requirements.
- 2.29.2.2 Except as specified in this Section 2.29.2.2 regarding the FEA, the CONTRACTOR is responsible for conducting background checks in accordance with state law and TennCare policy and ensuring that all employees, agents, subcontractors, providers or anyone acting for or on behalf of the CONTRACTOR conducts background checks in accordance with state law and TennCare policy. The FEA shall be responsible for conducting background checks on its staff, its subcontractors, and consumer-directed workers.

2.29.3 **Board of Directors**

The CONTRACTOR shall provide to TENNCARE, in writing, a list of all officers and members of the CONTRACTOR's Board of Directors. The CONTRACTOR shall notify TENNCARE, in writing, within ten (10) business days of any change thereto.

2.29.4 **Employment and Contracting Restrictions**

The CONTRACTOR shall not knowingly have a director, officer, partner, or person with beneficial ownership of more than five percent (5%) of the entity's equity who has been debarred or suspended by any federal agency. The CONTRACTOR may not have an employment, consulting, or any other agreement with a person that has been debarred or suspended by any federal agency for the provision of items or services that are significant and material to the entity's contractual obligation with the State. To the best of its knowledge and belief, the

CONTRACTOR certifies by its signature to this Agreement that the CONTRACTOR and its principals:

- 2.29.4.1 Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or contractor;
- 2.29.4.2 Have not within a three (3) year period preceding this Agreement been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offense in connection with obtaining attempting to obtain, or performing a public (federal, state, or local) transaction or grant under a public transaction, violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;
- 2.29.4.3 Are not presently indicted for or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in Section 2.29.4.2 of this Agreement; and
- 2.29.4.4 Have not within a three (3) year period preceding this Agreement had one or more public transactions (federal, state, or local) terminated for cause or default.

33. Section 2.30 shall be amended by deleting Section 2.30 in its entirety and replacing it with the following and renumbering all references thereto:

2.30 REPORTING REQUIREMENTS

2.30.1 General Requirements

- 2.30.1.1 The CONTRACTOR shall comply with all the reporting requirements established by TENNCARE. TENNCARE shall provide the CONTRACTOR with the appropriate reporting formats, instructions, submission timetables, and technical assistance as required. TENNCARE may, at its discretion, change the content, format or frequency of reports. Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the reporting requirements in Section 2.30 applicable only to CHOICES Group 2 and/or 3 will not apply. When directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall comply with all of the reporting requirements in Section 2.30.
- 2.30.1.2 TENNCARE may, at its discretion, require the CONTRACTOR to submit additional reports both ad hoc and recurring. If TENNCARE requests any revisions to the reports already submitted, the CONTRACTOR shall make the changes and re-submit the reports, according to the time period and format required by TENNCARE.
- 2.30.1.3 The CONTRACTOR shall submit all reports to TENNCARE, unless indicated otherwise in this Agreement, according to the schedule below:

DELIVERABLES	DUE DATE
Daily Reports	Within two (2) business days.
Weekly Reports	Wednesday of the following week.
Monthly Reports	20th of the following month.
Quarterly Reports	30th of the following month.
Semi-Annual Reports	January 31 and July 31.
Annual Reports	Ninety (90) calendar days after the end of the calendar year
On Request Reports	Within three (3) business days from the date of the request unless otherwise specified by TENNCARE.
Ad Hoc Reports	Within ten (10) business days from the date of the request unless otherwise specified by TENNCARE.

2.30.1.4 The CONTRACTOR shall submit all reports electronically and in the manner and format prescribed by TENNCARE. Except as otherwise specified by TENNCARE, reports may be statewide.

2.30.1.5 Except as otherwise provided in this Agreement, the CONTRACTOR shall submit all reports to the Bureau of TennCare.

2.30.1.6 The CONTRACTOR shall transmit to and receive from TENNCARE all transactions and code sets in the appropriate standard formats as specified under HIPAA and as directed by TENNCARE, so long as TENNCARE direction does not conflict with the law.

2.30.1.7 As part of its QM/QI program, the CONTRACTOR shall review all reports submitted to TENNCARE to identify instances and/or patterns of non-compliance, determine and analyze the reasons for non-compliance, identify and implement actions to correct instances of non-compliance and to address patterns of non-compliance, and identify and implement quality improvement activities to improve performance and ensure compliance going forward.

2.30.2 Eligibility, Enrollment and Disenrollment Reports

2.30.2.1 The CONTRACTOR shall comply with the requirements in Section 2.23.5 regarding eligibility and enrollment data exchange.

2.30.2.2 The CONTRACTOR shall submit a *Monthly Enrollment/Administrative Payment Reconciliation Report* that serves as a record that the CONTRACTOR has reconciled member eligibility data with administrative payments and verified that the CONTRACTOR has an enrollment record for all members for whom the CONTRACTOR has received an administrative payment.

2.30.2.3 The CONTRACTOR shall submit a *Quarterly Member Enrollment/Administrative Payment Report* in the event it has members for whom an administrative payment has

not been made or an incorrect payment has been made. This report shall be submitted on a quarterly basis, with a one-month lag time and is due to TENNCARE by the end of the second month following the reporting period. For example, for the quarter ending September 30, the report is due by the end of November and should include all data received through the end of October for the quarter ending September 30. These quarterly reports shall include all un-reconciled items until such time that TENNCARE notifies the CONTRACTOR otherwise.

- 2.30.2.4 TENNCARE may provide the CONTRACTOR with information on members for whom TENNCARE has been unable to locate or verify various types of pertinent information. Upon receipt of this information, the CONTRACTOR shall provide TENNCARE any information known by the CONTRACTOR that is missing or inaccurate in the report provided by TENNCARE. The CONTRACTOR shall submit this information to TENNCARE within the time frames specified by TENNCARE.
- 2.30.2.5 Until such time as an indicator for children in State custody and children transitioning out of State custody can be added to the daily eligibility updates received from TennCare, the CONTRACTOR shall reconcile enrollee eligibility data and administrative fee payments received from TennCare with an ad hoc report mutually agreed to by TennCare and the CONTRACTOR to facilitate timely identification of children in State custody or children transitioning out of State custody.
- 2.30.2.6 Pursuant to Section 2.4.6.2, the CONTRACTOR shall provide a listing of any enrollees for whom it has conflicting information to TennCare within ten (10) calendar days of the last day of each month.
- 2.30.2.7 The CONTRACTOR shall submit an *Immediate Eligibility Invoice* monthly in accordance with Attachment IX, Exhibit N.

2.30.3 LEFT BLANK INTENTIONALLY

2.30.4 Specialized Service Reports

- 2.30.4.1 The CONTRACTOR shall submit a quarterly *Psychiatric Hospital/RTF Readmission Report* that provides: the percentage of members readmitted to the facility within seven (7) calendar days of discharge (the number of members readmitted divided by the total number of discharges); the percent of members readmitted within thirty (30) calendar days of discharge (the number of members readmitted divided by the total number of discharges); and an analysis of the findings with any actions or follow-up planned. The information shall be reported separately for members age eighteen (18) and over and under eighteen (18).
- 2.30.4.2 The CONTRACTOR shall submit a quarterly *Mental Health Case Management Report* that provides information on mental health case management appointments and refusals (see Section 2.7.2.6). The minimum data elements required are identified in Attachment IX, Exhibit B.
- 2.30.4.3 The CONTRACTOR shall submit an annual *Supported Employment Report* that reports on the percent of SPMI adults receiving supported employment services that are gainfully employed in either part-time or full-time capacity for a continuous ninety (90) day period (defined as the number of adults receiving supported

employment for a continuous ninety (90) day period divided by the number of SPMI adults receiving supported employment services during the year) and an analysis of the findings with any action or follow-up planned as a result of the findings.

- 2.30.4.4 The CONTRACTOR shall submit a quarterly *Behavioral Health Crisis Response Report* that provides information on behavioral health crisis services (see Section 2.7.2.8) including the data elements listed in Attachment IX, Exhibit C. Specified data elements shall be reported separately for members ages eighteen (18) years and over and those under eighteen (18) years and all data elements shall be reported for each individual crisis service provider.
- 2.30.4.5 The CONTRACTOR shall submit a weekly *Member CRG/TPG Assessment Report* that contains information regarding the CRG assessments and TPG assessments (see Section 2.7.2.9) of members who have presented for mental health or substance abuse services or who have received CRG assessments and TPG assessments prior to obtaining such services. For purposes of this weekly *Member CRG/TPG Assessment Report*, the weekly report shall be due no later than 12:00 Noon, each Tuesday. The minimum data elements required are identified in Attachment IX, Exhibit D of this Agreement.
- 2.30.4.6 On a quarterly basis the CONTRACTOR shall submit a *Rejected CRG/TPG Assessments Report* that provides, by agency, the number of rejected CRG/TPG assessments and the unduplicated number of and identifying information for the unapproved raters who completed the rejected assessments.
- 2.30.4.7 The CONTRACTOR shall submit an annual *CRG/TPG Assessments Audit Report*. The report shall contain the results of the CONTRACTOR's audits for the prior year of CRG/TPG assessments for accuracy and conformity to state policies and procedures.
- 2.30.4.8 The CONTRACTOR shall annually submit to TENNCARE its methodology for conducting the CRG/TPG assessment audits on March 1.
- 2.30.4.9 The CONTRACTOR shall submit a quarterly *TENnderCare Report*.

2.30.5 **Disease Management Reports**

- 2.30.5.1 The CONTRACTOR shall submit a quarterly *Disease Management Update Report* that includes, for each disease management program (see Section 2.8), a brief narrative description of the program, the total number of members in the program, the total number of members enrolled and disenrolled during the quarter, and a description of the specific provider and member interventions performed during the quarter. The report shall include a chart and narrative for CHOICES members in DM to include the total number of members receiving DM interventions, by DM condition; the total number of CHOICES members starting and terminating DM interventions during the quarter, a description of any specific provider and member interventions that were new during the quarter, the number of member and provider activities/interventions, and a written analysis of data provided.
- 2.30.5.2 The CONTRACTOR shall submit on July 1 an annual *Disease Management Report* that includes, for each disease management programs, a narrative description of the

eligibility criteria and the method used to identify and enroll eligible members, the passive participation rate as defined by NCQA (the percentage of identified eligible members who have received an intervention divided by the total population who meet the criteria for eligibility), the total number of active members having one or more of the diagnosis codes (ICD-9 Codes) relating to each of the disease management programs, a description of stratification levels for each DM program including member criteria and associated interventions, a discussion of barriers and challenges to include resources, program structure, member involvement and provider participation, a summary of member satisfaction with the DM program, a written analysis of the data presented, a description of proposed changes to program, and information on the programs' activities, benchmarks and goals as described in Section 2.8.7. The report shall include a separate chart(s) and narrative for CHOICES members in DM to include a narrative description of the eligibility criteria and the method used to identify and enroll eligible CHOICES members, a description of stratification levels based on the setting in which the member resides; total number of CHOICES members identified as having a DM condition, total number of members receiving DM activities/interventions, and the number of CHOICES members by level of stratification; a discussion of barriers and challenges to include resources, program structure, member involvement, and provider participation along with a description of proposed changes.

- 2.30.5.3 The CONTRACTOR shall submit annually an updated *Disease Management Program Description* to include at a minimum the disease management components listed in Sections 2.8.1.4 through 2.8.1.6 of this Agreement.

2.30.6 Service Coordination Reports

2.30.6.1 MCO Case Management Reports

- 2.30.6.1.1 The CONTRACTOR shall submit annually an updated *MCO Case Management Program Description* to TENNCARE describing the CONTRACTOR's MCO case management services. The report shall include a description of the criteria and process the CONTRACTOR uses to identify members for MCO case management, the process the CONTRACTOR uses to inform members and providers of the availability of MCO case management, a description of the MCO case management services provided by the CONTRACTOR and the methods used by the CONTRACTOR to evaluate its MCO case management program. CHOICES information shall also be included in this report.
- 2.30.6.1.2 The CONTRACTOR shall submit an annual *MCO Case Management Services Report* that addresses the activities in Section 2.9.5 of this Agreement by July 1 of each year.
- 2.30.6.1.3 The CONTRACTOR shall submit a quarterly *MCO Case Management Update Report*. Enrollees who are enrolled in Disease Management need not be included in this report unless they are also receiving case management.
- 2.30.6.2 For the first six (6) months after implementation of CHOICES in each Grand Region, or as long as determined necessary by TENNCARE, the CONTRACTOR shall submit a monthly *Status of Transitioning CHOICES Members Report* that provides information regarding transitioning CHOICES members (see Section 2.9.3). The

report shall include information on the CONTRACTOR's current and cumulative performance on various measures.

The performance measures shall include but not be limited to the following:

- (1) Of CHOICES Group 1 members who were enrolled in CHOICES as of the CHOICES implementation date, the number and percent for whom the CONTRACTOR has/has not conducted a face-to-face visit (see Section 2.9.3.7)
- (2) Of CHOICES Group 2 members who were enrolled in CHOICES as of the CHOICES implementation date, the number and percent for whom the CONTRACTOR has/has not conducted face-to-face visit and a comprehensive needs assessment and developed and authorized a new plan of care

2.30.6.3 Upon enrollment of CHOICES Group 2 or 3 members (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), the CONTRACTOR shall submit a semi-annual *CHOICES Nursing Facility Diversion Activities Report*. The report shall provide a description of the CONTRACTOR's nursing facility diversion activities by each of the groups specified in Section 2.9.6.7, including a detailed description of the CONTRACTOR's success in identifying members for diversion, in diverting members, and in maintaining members in the community, as well as lessons learned, including a description of factors affecting the CONTRACTOR's ability to divert members, identified issues, strategies to address identified issues, and opportunities for systemic improvements in the CONTRACTOR's nursing facility diversion process(es).

2.30.6.4 The CONTRACTOR shall submit a quarterly *CHOICES Nursing Facility to Community Transition Report*. The report shall include information, by month, on specified measures, which shall include but not be limited to the following:

- (1) Number of CHOICES members transitioned from a nursing facility
- (2) Of members who transitioned from a nursing facility, the number and percent of members who transitioned to:
 - (a) A community-based residential alternative facility
 - (b) A residential setting where the member will be living independently
 - (c) A residential setting where the member will be living with a relative or other caregiver
- (3) Of members who transitioned from a nursing facility, the number and percent of members who:
 - (a) Are still in the community
 - (b) Returned to a nursing facility within ninety (90) days after transition
 - (c) Returned to a nursing facility more than ninety (90) days after transition
- (4) Number of CHOICES members identified as potential candidates for transition from a nursing facility

- (5) Of members identified as potential candidates for transition, the number and percent of members who were identified:
 - (a) By referral (by type of referral, including but not limited to referral by treating physician, nursing facility, community-based organization, family, self, and other)
 - (b) Via the MDS
 - (c) Via care coordination
 - (d) By other source

2.30.6.5 Upon enrollment of CHOICES Group 2 or 3 members (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), the CONTRACTOR shall submit a monthly *CHOICES HCBS Late and Missed Visits Report* for CHOICES members regarding the following HCBS services: personal care, attendant care, homemaker services, and home-delivered meals. The report shall include information on specified measures, which shall include but not be limited to the following:

- (1) Total number of members enrolled in CHOICES Group 2, Group 3, and in CHOICES Groups 2 and 3 combined
- (2) Total number of CHOICES members with scheduled visits for each service type (personal care, attendant care, homemaker, and home-delivered meals), by provider type (agency provider or consumer-directed worker)
- (3) Total number of scheduled visits for each service type, by provider type
- (4) Of the total number of scheduled visits for each service type, by provider type; the percent that were:
 - (a) On-time
 - (b) Late
 - (c) Missed
- (5) Of the total number of late visits for each service type, by provider type; the percent that were:
 - (a) Member-initiated
 - (b) Provider-initiated
 - (c) Due to weather/natural disaster
- (6) Of the total number of late visits for each service type, by provider type; the number that were:
 - (a) Member-initiated, by reason code
 - (b) Provider-initiated, by reason code
 - (c) Due to weather/natural disaster
- (7) Of the total number of missed visits for each service type, by provider type; the percent that were:
 - (a) Member-initiated
 - (b) Provider-initiated
 - (c) Due to weather/natural disaster

- (8) Of the total number of missed visits for each service type, by provider type; the number that were:
 - (a) Member-initiated, by reason code
 - (b) Provider-initiated, by reason code
 - (c) Due to weather/natural disaster
- (9) Of the total number of missed visits for each service type, by provider type; the number and percent that were:
 - (a) Made-up by paid support – provider staff
 - (b) Made-up by paid support – worker
 - (c) Made-up by unpaid support
 - (d) Not made-up

2.30.6.6 Upon enrollment of CHOICES Group 2 or 3 members (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), the CONTRACTOR shall submit a quarterly *CHOICES Consumer Direction of HCBS Report*. The report shall include current information, by month, on specified measures, which shall include but not be limited to the following:

- (1) Total number of members enrolled in CHOICES Group 2, Group 3, and in CHOICES Groups 2 and 3 combined
- (2) The number and percent of members in CHOICES Groups 2 and 3 (combined) enrolled in consumer direction of HCBS
- (3) Number of members referred to the FEA (for enrollment in consumer direction)
- (4) Maximum and average time from FEA referral to receipt of consumer directed services
- (5) Number and percent of members enrolled in consumer direction who began initial enrollment in consumer direction (for each month in the reporting period)
- (6) Number and percent of members enrolled in consumer direction who withdrew from consumer direction (for each month in the reporting period)
- (7) Number and percent of members enrolled in consumer direction who have a representative to assist the member in consumer direction
- (8) The number and percent of member receiving consumer directed services by type of consumer directed service (attendant care, companion care, homemaker, in-home respite, or personal care)

2.30.6.7 The CONTRACTOR shall submit a quarterly *CHOICES Care Coordination Report*, in a format specified by TENNCARE that includes, but is not limited to, information on care coordination staffing, enrollment and care coordination contacts, ongoing assessment, care planning and service initiation, and self-directed healthcare tasks. The report shall also include a narrative of quarterly activities.

- 2.30.6.8 As necessary, the CONTRACTOR shall submit a listing of members identified as potential pharmacy lock-in candidates (see Section 2.9.10.3.2).
- 2.30.6.9 The CONTRACTOR shall submit a quarterly *Pharmacy Services Report* that includes a list of the providers and information on the interventions the CONTRACTOR has taken with the providers who appear to be operating outside industry or peer norms as defined by TENNCARE, have been identified as non-compliant as it relates to adherence to the PDL and/or generic prescribing patterns and/or are failing to follow required prior authorization processes and procedures the steps the CONTRACTOR has taken to personally contact each one as well as the outcome of these personal contacts.
- 2.30.6.10 The CONTRACTOR shall submit a *Pharmacy Services Report, On Request* when TENNCARE requires assistance in identifying and working with providers for any reason. These reports shall provide information on the activities the CONTRACTOR undertook to comply with TENNCARE's request for assistance, outcomes (if applicable) and shall be submitted in the format and within the time frame prescribed by TENNCARE.

2.30.7 **Provider Network Reports**

- 2.30.7.1 The CONTRACTOR shall submit a monthly *Provider Enrollment File* that includes information on all providers of TennCare health services, including physical, behavioral health, and long-term care providers (see Section 2.11). This includes but is not limited to, PCPs, physician specialists, hospitals, home health agencies, CMHAs, nursing facilities, HCBS providers (as applicable), and emergency and non-emergency transportation providers. For HCBS providers, the *Provider Enrollment File* shall identify the type(s) of HCBS the provider is contracted to provide and the specific counties in which the provider is contracted to deliver HCBS, by service type. The report shall include contract providers as well as all non-contract providers with whom the CONTRACTOR has a relationship. The report shall be sorted by provider type. The CONTRACTOR shall submit this report during readiness review, by the 5th of each month, and upon TENNCARE request. Each monthly *Provider Enrollment File* shall include information on all providers of covered services and shall provide a complete replacement for any previous *Provider Enrollment File* submission. Any changes in a provider's contract status from the previous submission shall be indicated in the file generated in the month the change became effective and shall be submitted in the next monthly file.
- 2.30.7.2 The CONTRACTOR shall submit an annual *Provider Compliance with Access Requirements Report* that summarizes the CONTRACTOR's monitoring activities, findings, and opportunities for improvement regarding provider compliance with applicable access standards. (See Section 2.11.1.10.)
- 2.30.7.3 The CONTRACTOR shall submit a quarterly *PCP Assignment Report* that provides the following information for non-dual members: Provider Name, Provider Medicaid I.D. Number, NPI Number, Number of Enrollees assigned by Enrollee Age Category. The enrollee age categories shall be consistent with the following: Age Under 1, Age 1 – 13, Age 14 – 20, Age 21- 44, Age 45 – 64, Age 65 +. (See Section 2.11.2.)

- 2.30.7.4 The CONTRACTOR shall submit an annual *Report of Essential Hospital Services* by September 1 of each year. The CONTRACTOR shall use the format in Attachment IX, Exhibit G.
- 2.30.7.5 The CONTRACTOR shall submit a quarterly *Behavioral Health Initial Appointment Timeliness Report* that shall include the average time between the intake assessment appointment and the member's next scheduled appointment or admission. The report shall provide this information by type of service and shall include an analysis of the findings and any actions or follow-up planned as a result of the findings.
- 2.30.7.6 The CONTRACTOR shall submit an annual *Long-Term Care Provider Network Development Plan* that includes all of the elements specified in Section 2.11.6.6 of this Agreement.
- 2.30.7.7 The CONTRACTOR shall submit a quarterly *Long-Term Care Provider Capacity Performance Report* that provides information on the CONTRACTOR's performance with respect to the performance standards and benchmarks established by TENNCARE pursuant to Section 2.11.6.5.
- 2.30.7.8 The CONTRACTOR shall submit an annual *CHOICES Qualified Workforce Strategies Report* that describes the CONTRACTOR's strategies to assist in the development of an adequate qualified workforce for covered long-term care services, increase the available qualified direct care staff, and improve the retention of qualified direct care staff (see Section 2.11.6.7). At a minimum, the report shall include a brief description of each of the CONTRACTOR's strategies; activities associated with each of the CONTRACTOR's strategies, including associated partnerships; timeframes for implementing each strategy and associated activities; the status of each strategy and associated activities; and a brief summary of the current and anticipated impact of each strategy and associated activities.
- 2.30.7.9 The CONTRACTOR shall submit an annual *FQHC Report* by January 1 of each year. The CONTRACTOR shall use the form provided in Attachment IX, Exhibit H.
- 2.30.7.10 The CONTRACTOR shall submit a monthly *Institutions for Mental Diseases (IMD) Out-of-State Report* on the use of IMDs utilized outside of the State of Tennessee. The report shall be submitted by the 5th of each month for the previous month.

2.30.8 **Provider Agreement Report**

The CONTRACTOR shall submit a monthly *Single Case Agreements Report* using the format provided in Attachment IX, Exhibit I. (See Section 2.12.4.)

2.30.9 **Provider Payment Reports**

- 2.30.9.1 The CONTRACTOR shall submit a quarterly *Related Provider Payment Report* that lists all related providers and subcontractors to whom the CONTRACTOR has made payments during the previous quarter and the payment amounts. (See Section 2.13.19.)
- 2.30.9.2 The CONTRACTOR shall submit a weekly *Invoice* to notify the State of the amount to be paid to providers at least 72 hours in advance of distribution of provider checks.

- 2.30.9.3 The CONTRACTOR shall submit a *Check Register Report* with the weekly Invoice to support the payments released to providers.
- 2.30.9.4 The CONTRACTOR shall submit a *Claims Data Extract* within seven (7) calendar days after the CONTRACTOR's request of the funds which shall be generated from the managed care claims processing system supporting the release of provider and FEA (for consumer-directed workers, as applicable) payments. (See Section 2.13.1.)
- 2.30.9.5 The CONTRACTOR shall submit a *Reconciliation Report* within seven (7) days of the claims data extract for the total paid amounts between the funds released for payment to providers and the FEA (for consumer-directed workers, as applicable) , the supporting claims data extract, and the encounter data submissions for the relevant adjudication cycle.
- 2.30.9.6 If the CONTRACTOR does not automatically credit TennCare for receivables within ninety (90) calendar days, the CONTRACTOR shall submit a *Provider Payment Issue Report* and shall determine the extent of the collection effort required based on the table below. This table identifies the minimum collection threshold for cumulative receivable balances. All collection efforts shall be clearly documented.

Receivable Balance	Collection Attempts		Forwarded to Collections
	45 Day	90 Day	
< \$10	None Required		
\$10 - \$49.99	✓		
\$50 - \$99.99	✓	✓	
\$100 - Over	✓	✓	✓
Responsibility	MCC		TENNCARE

- 2.30.9.6.1 The first notice shall occur by day forty-five (45) and may be in the form of notice in a remittance advice or a demand memo; however, the ninety (90) day notice must be made using a demand memo. Each of these notices shall be sent within five (5) business days of becoming due.
- 2.30.9.6.2 Additional collection attempts by the CONTRACTOR are not necessary if a collection notice is returned because the provider has gone out-of-business or has declared bankruptcy for the period the receivable was established. This circumstance must be reported in the "Uncollectible Accounts Report" as described below.
- 2.30.9.7 If the CONTRACTOR does not automatically credit TENNCARE for aged accounts within sixty (60) calendar days, the CONTRACTOR shall submit to TENNCARE, within ten (10) business days following the end of the month, an *Aged Accounts Receivable Report*. The effective date of this report shall be the last Friday of the previous month. The report shall have an easily identifiable date, contain a total report balance, and provide <30, 30, 60, 90, and >120 calendar day balances. Although only totals are required, the CONTRACTOR may report aging balances at the account level. If the CONTRACTOR is not reporting at the account level, the CONTRACTOR shall have the capability to identify the detail that makes up a total if necessary.

- 2.30.9.8 If the CONTRACTOR does not automatically credit TENNCARE for uncollectible accounts within ninety (90) calendar days, the CONTRACTOR shall submit to TENNCARE, within ten (10) business days following the end of the month, an *Uncollectible Accounts Report*, in a format described by TENNCARE, for accounts meeting the following criteria:
 - 2.30.9.8.1 the account proves to be uncollectible after 120 calendar days, or
 - 2.30.9.8.2 the provider account owner has gone out-of-business, or
 - 2.30.9.8.3 the provider account owner has declared bankruptcy.
- 2.30.9.9 In addition to the *Uncollectible Accounts Report*, the CONTRACTOR shall submit scanned copies of returned envelopes or legal documents referencing providers that have gone out-of-business and/or declared bankruptcy.
- 2.30.9.10 The CONTRACTOR shall submit a monthly *Outstanding Checks Report* detailing all checks remitted to providers, enrollees or vendors on behalf of the State which remain outstanding (which have not been cashed) greater than one hundred eighty (180) calendar days. Reports are due within fifteen (15) business days after the end of the month.

2.30.10 Utilization Management Reports

- 2.30.10.1 The CONTRACTOR shall annually submit, by July 30th of each year, a UM program description and an associated work plan and evaluation. These documents must be prior approved by the CONTRACTOR's oversight committee prior to submission to TENNCARE. The annual evaluation shall include an analysis of findings and actions taken.
- 2.30.10.2 The CONTRACTOR shall submit quarterly *Cost and Utilization Reports*. These reports shall be in an Excel spreadsheet format and submitted with a ninety (90) day lag and shall be due to TENNCARE one hundred five (105) calendar days following the quarter for which the CONTRACTOR is reporting. These reports shall be submitted on both a cumulative year basis and on a rolling twelve (12) month basis.
- 2.30.10.3 The CONTRACTOR shall provide quarterly *Cost and Utilization Summaries*. These summaries shall report on services paid during the previous quarter. The summaries shall include all data elements listed in Attachment IX, Exhibit K. The CONTRACTOR shall provide the reports separately for the populations specified by TENNCARE.
- 2.30.10.4 The CONTRACTOR shall identify and report the number of members who incurred non-nursing facility claims in excess of twenty-five thousand dollars (\$25,000) on a rolling quarterly basis (high-cost claimants). The CONTRACTOR shall report the member's age, sex, primary diagnosis, and amount paid by claim type for each member. The name, and other identifying information of the member shall be blinded in order to maintain confidentiality.
- 2.30.10.5 The CONTRACTOR shall submit a monthly *CHOICES Utilization Report*. The report shall include a summary overview that includes the number of CHOICES

member who have not received any long-term care services within thirty (30) to fifty-nine (59) days, within sixty (60) to eighty-nine (89) days, or in ninety (90) days or more. The report shall also include detailed member data for members who have not received services in the last thirty (30) days, including the member's name, social security number, CHOICES group, and CHOICES enrollment date; date of last long-term care service; length of time without long-term care services; whether and when long-term care services will resume; and the reason/explanation why the member has not received long-term care services.

- 2.30.10.6 The CONTRACTOR shall submit quarterly *Prior Authorization Reports* that include information, by service and separately for adults and children, on the number of requests received, number processed, number approved, number denied, and denial reason.
- 2.30.10.7 The CONTRACTOR shall submit a copy of the *Referral Provider Listing* (see Section 2.14.3.5), a data file of the provider information used to create the listing, and documentation from the CONTRACTOR's mail room or outside vendor indicating the quantity of the referral provider listings mailed to providers, the date mailed, and to whom. The CONTRACTOR shall submit this information at the same time it is sent to the providers as required in Section 2.14.3.5.
- 2.30.10.8 The CONTRACTOR shall submit a semi-annual *Emergency Department Threshold Report* to TENNCARE no later than February 28th and August 31st each year identifying interventions initiated for members who exceeded the defined threshold for ED usage.

2.30.11 **Quality Management/Quality Improvement Reports**

- 2.30.11.1 The CONTRACTOR shall annually submit, by July 30, an approved (by the CONTRACTOR's QM/QI Committee) QM/QI Program Description, Associated Work Plan, and Annual Evaluation.
- 2.30.11.2 The CONTRACTOR shall submit an annual *Report on Performance Improvement Projects* that includes the information specified in Section 2.15.3. The report shall be submitted annually on July 30.
- 2.30.11.3 The CONTRACTOR shall submit its *NCQA Accreditation Report* (the final bound copy from NCQA) immediately upon receipt, but not to exceed ten (10) calendar days from notification by NCQA.
- 2.30.11.4 The CONTRACTOR shall submit its annual reevaluation of accreditation status based on HEDIS scores immediately upon receipt, but not to exceed ten (10) calendar days from notification by NCQA.
- 2.30.11.5 The CONTRACTOR shall submit an annual *Report of Audited CAHPS Results and Audited HEDIS Results* by June 15 of each year (see Section 2.15.6).
- 2.30.11.6 Upon enrollment of members in CHOICES Group 2 and/or 3 (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), the CONTRACTOR shall submit a quarterly *CHOICES HCBS Critical Incidents Report* (see Section 2.15.7) that provides information, by

month regarding specified measures, which shall include but not be limited to the following:

- (1) The number of members in CHOICES Group 2, Group 3, and CHOICES Groups 2 and 3 combined
- (2) The number of critical incidents, overall and by:
 - (a) Type of incident
 - (b) Setting
 - (c) Type of provider (provider agency or consumer-directed worker)
- (3) The percent of incidents by type of incident
- (4) The percent of members in CHOICES Groups 2 and 3 with an incident

2.30.12 Customer Service Reports/Provider Service Reports

2.30.12.1 Member Services/Provider Services/ED Phone Line Reports

2.30.12.1.1 The CONTRACTOR shall submit a quarterly *Member Services, Provider Services, and Utilization Management Phone Line Report*. The data in the report shall be recorded by month and shall include the detailed rate calculations. The CONTRACTOR shall submit the report in the format specified in Attachment IX, Exhibit M.

2.30.12.1.2 The CONTRACTOR shall submit a quarterly *24/7 Nurse Triage Line Report* that lists the total calls received by the 24/7 nurse triage line, including the number of calls from CHOICES members, including the ultimate disposition of the call (e.g. education only, no referral for care; referred to primary care provider for care, referred to emergency department for care, transfers to a care coordinator (for CHOICES members)). If the CONTRACTOR uses the 24/7 nurse line to fulfill the requirements set forth in Section 2.18.4.7 of this Agreement, such calls shall be separately delineated in the report in accordance with the requirements described in Section 2.30.12.1.3 of this Agreement.

2.30.12.1.3 The CONTRACTOR shall submit a quarterly *ED Assistance Tracking Report* that provides the total number of calls received pertaining to patients in EDs needing assistance in accessing care in an alternative setting. Such report shall include the date and time of the call, identifying information for the member, the name and location of the hospital, the ultimate response to the call (e.g. appointment made with PCP) and the elapsed time from ED visit until appointment in alternative setting. If the CONTRACTOR uses the nurse triage line to provide appointment assistance to non-emergency ED patients, the aforementioned information may be provided in conjunction with the report discussed at Section 2.30.12.1.2.

2.30.12.2 The CONTRACTOR shall report separately any member services or utilization management phone lines operated by subcontractors.

2.30.12.3 The CONTRACTOR shall submit a quarterly *Translation/Interpretation Services Report*. The report shall list each request and include the name and member identification number for each member to whom translation/interpretation service

was provided, the date of the request, the date provided, and the identification of the translator/interpreter.

- 2.30.12.4 The CONTRACTOR shall submit an annual *Provider Satisfaction Survey Report* that encompasses behavioral and physical health as well as survey results for CHOICES long-term care providers. The report shall summarize the provider survey methods and findings for each of the three groups and must provide an analysis of opportunities for improvement (see Sections 2.18.7.4 and 2.18.7.5) in addition to CHOICES items specified in the protocols provided by TENNCARE.
- 2.30.12.5 The CONTRACTOR shall submit a quarterly *Provider Complaints Report* that provides information on the number and type of provider complaints received, either in writing or by phone, by type of provider, and the disposition/resolution of those complaints. The data shall be reported by month.

2.30.13 Member Complaints

Upon receipt of a reporting template from TENNCARE and in accordance with specified timeframes for implementing the new report, the CONTRACTOR shall begin submitting a quarterly *Member Complaints Report* (see Section 2.19.2) that includes information, by month, regarding specified measures, which shall include but not be limited to the following:

- (1) The number of complaints received in the month, overall, by type, and by CHOICES Group (if the member is a CHOICES member)
- (2) The number and percent of complaints for which the CONTRACTOR met/did not meet the specified timeframe for resolution (see Section 2.19.2.5)

The report shall also include identification of any trends regarding complaints (e.g., the type or number of complaints) and any action steps to address these trends, including quality improvement activities.

2.30.14 Fraud and Abuse Reports

- 2.30.14.1 The CONTRACTOR shall submit an annual *Fraud and Abuse Activities Report*. This report shall summarize the results of its fraud and abuse compliance plan (see Section 2.20) and other fraud and abuse prevention, detection, reporting, and investigation measures, and should cover results for the fiscal year ending June 30. The report shall be submitted by September 30 of each year in the format reviewed and approved by TENNCARE (as part of the CONTRACTOR's compliance plan).
- 2.30.14.2 The CONTRACTOR shall submit an annual fraud and abuse compliance plan (see Section 2.20.3 of this Agreement).
- 2.30.14.3 On an annual basis the CONTRACTOR shall submit its policies for employees, contractors, and agents that comply with Section 1902(a)(68) of the Social Security Act. These policies shall be submitted by July 1 of each year.

2.30.15 Financial Management Reports

2.30.15.1 Third Party Liability (TPL) Resources Reports

2.30.15.1.1 The CONTRACTOR shall submit a monthly, quarterly and annual *Recovery and Cost Avoidance Report* that includes any recoveries for third party resources as well as funds for which the CONTRACTOR does not pay a claim due to TPL coverage or Medicare coverage. This CONTRACTOR shall calculate cost savings in categories described by TENNCARE.

2.30.15.1.2 The CONTRACTOR shall submit an *Other Insurance Report* that provides information on any members who have other insurance, including long-term care insurance. This report shall be submitted in a format and frequency described by TENNCARE.

2.30.15.2 Financial Reports to TENNCARE

2.30.15.2.1 For the purpose of monitoring actual medical expenses, TennCare shall establish a Medical Fund Target by eligibility grouping for TennCare Select. The CONTRACTOR shall submit a monthly *Medical Fund Target Report* with cumulative year to date calculation. The CONTRACTOR shall report all medical expenses and complete the supporting claims lag tables. This report shall be accompanied by a letter from an actuary, who may be an employee of the CONTRACTOR, indicating that the reports, including the estimate for incurred but not reported expenses, has been reviewed for accuracy. The CONTRACTOR shall also file this report with its NAIC filings due in March and August of each year using an accrual basis that includes incurred but not reported amounts by calendar service period that have been certified by an actuary. This report shall reconcile to NAIC filings including the supplemental TennCare income statement. The CONTRACTOR shall also reconcile the amount paid reported on the supporting claims lag tables to the amount paid for the corresponding period as reported on the CONTRACTOR's encounter file submission as specified in Sections 2.30.17.3 and 2.23.4.

2.30.15.2.2 The CONTRACTOR shall submit an annual *Ownership and Financial Disclosure Report* to TENNCARE. This report shall include full and complete information regarding ownership, financial transactions and persons as described in Section 2.21.9 and shall be submitted March 1 of each calendar year and at other times as required by TENNCARE.

2.30.15.2.3 The CONTRACTOR shall submit its annual audit plan on March 1 of each year (see Section 2.21.1.10).

2.30.15.3 TDCI Financial Reports

2.30.15.3.1 By no later than December 31 of each year, the CONTRACTOR shall submit to TDCI an annual *Financial Plan and Projection of Operating Results Report*. This submission shall include the CONTRACTOR's budget projecting revenues earned and expenses incurred on a calendar year basis through the term of this Agreement. This budget shall be prepared in accordance with the form prescribed by TDCI and shall include narratives explaining the assumptions and calculations utilized in the projections of operating results.

- 2.30.15.3.2 By no later than July 31 of each year, the CONTRACTOR shall submit to TDCI a mid-year *Comparison of Actual Revenues and Expenses to Budgeted Amounts Report*. If necessary, the CONTRACTOR shall revise the calendar year budget based on its actual results of operations. Any revisions to the budget shall include narratives explaining the assumptions and calculations utilized in making the revisions.
- 2.30.15.3.3 The CONTRACTOR shall submit to TDCI an *Annual Financial Report* required to be filed by all licensed health maintenance organizations pursuant to TCA 56-32-108. This report shall be on the form prescribed by the National Association of Insurance Commissioners (NAIC) for health maintenance organizations and shall be submitted to TDCI on or before March 1 of each calendar year. It shall contain an income statement detailing the CONTRACTOR's fourth quarter and year-to-date revenues earned and expenses incurred as a result of the CONTRACTOR's participation in the TennCare program. The CONTRACTOR in preparing this annual report shall comply with any and all rules and regulations of TDCI related to the preparation and filing of this report. This Annual Report shall also be accompanied by the Medical Fund Target report, where applicable, completed on a calendar year basis. The CONTRACTOR shall submit a reconciliation of the Medical Fund Target report to the annual NAIC filing using an accrual basis that includes an actuarial certification of the claims payable (reported and unreported).
- 2.30.15.3.4 The CONTRACTOR shall file with TDCI, a *Quarterly Financial Report*. These reports shall be on the form prescribed by the National Association of Insurance Commissioners for health maintenance organizations and shall be submitted to TDCI on or before May 15 (covering first quarter of current year), August 15 (covering second quarter of current year) and November 15 (covering third quarter of current year). Each quarterly report shall also contain an income statement detailing the CONTRACTOR's quarterly and year-to-date revenues earned and expenses incurred as a result of the CONTRACTOR's participation in the TennCare program. The second quarterly report (submitted on August 15) shall include the Medical Fund Target report completed on an accrual basis that includes an actuarial certification of the claims payable (reported and unreported) and, if any, other actuarial liabilities reported. The actuarial certification shall be prepared in accordance with National Association of Insurance Commissioners guidelines. The CONTRACTOR shall also submit a reconciliation of the Medical Fund Target report to the second quarterly NAIC report.
- 2.30.15.3.5 The CONTRACTOR shall submit to TDCI annual *Audited Financial Statements*. Such audit shall be performed in accordance with NAIC Annual Statement Instructions regarding the annual audited financial statements. There are three (3) exceptions to the NAIC statement instructions:
- 2.30.15.3.5.1 The CONTRACTOR shall submit the audited financial statements covering the previous calendar year by May 1 of each calendar year.
- 2.30.15.3.5.2 Any requests for extension of the May 1 submission date must be granted by the Office of the Comptroller of the Treasury pursuant to the "Contract to Audit Accounts."

- 2.30.15.3.5.3 The report shall include an income statement addressing the TENNCARE operations of the CONTRACTOR.

2.30.16 Claims Management Reports

- 2.30.16.1 The CONTRACTOR shall submit a monthly *Claims Payment Accuracy Report*. The report shall include the results of the internal audit of the random sample of all “processed or paid” claims (described in Section 2.22.6) and shall report on the number and percent of claims that are paid accurately. As provided in Section 2.22.6.6, if the CONTRACTOR subcontracts for the provision of any covered services, and the subcontractor is responsible for processing claims, then the CONTRACTOR shall submit a claims payment accuracy percentage report for the claims processed by the subcontractor. The report for each subcontractor shall include the results of the internal audit conducted in compliance with Section 2.22.6 and shall report on the number and percent of claims that are paid accurately.
- 2.30.16.2 The CONTRACTOR shall submit a quarterly *Explanation of Benefits (EOB) Report*. This report shall summarize the number of EOBs sent by category, member complaints, and complaint resolution (including referral to TBI/OIG). (See Section 2.22.8.)
- 2.30.16.3 The CONTRACTOR shall submit a weekly *Claims Activity Report*. This report shall identify the number of claims received, number of claims denied (by reason), number of claims paid, and total amount paid by the categories of service specified by TENNCARE.
- 2.30.16.4 Upon enrollment of members in CHOICES Group 2 and/or 3 (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), the CONTRACTOR shall submit a quarterly *CHOICES Cost Effective Alternative Services Report* that provides information on cost effective alternative services provided to CHOICES members (see Section 2.6.5.2). The report shall provide information regarding specified measures, including but not limited to the following:
- (1) The number of members in CHOICES Group 2, CHOICES Group 3, and CHOICES Groups 2 and 3 combined
 - (2) The number and percent of members authorized to receive cost effective alternative (CEA) HCBS in excess of a benefit limit, overall and by service
 - (3) For members transitioning from a nursing facility to the community, the number of members authorized to receive a transition allowance as a CEA, the total amount of transition allowances authorized, the average transition allowance authorized
 - (4) A summary of items purchased with a transition allowance, including the most frequent categories of expenditure
 - (5) The number and percent of members authorized to receive other non-covered HCBS as a CEA

- (6) A summary of other non-covered HCBS authorized as a CEA, identifying the most frequently authorized services

2.30.17 Information Systems Reports

- 2.30.17.1 The CONTRACTOR shall submit an annual *Systems Refresh Plan* on December 1 for the upcoming year that meets the requirements in Section 2.23.1.6.
- 2.30.17.2 The CONTRACTOR shall submit *Encounter Data Files* in a standardized format as specified by TENNCARE (see Section 2.23.4) and transmitted electronically to TENNCARE on a weekly basis.
- 2.30.17.3 The CONTRACTOR shall provide an electronic version of a reconciliation between the amount paid as captured on the CONTRACTOR's encounter file submissions and the amount paid as reported by the CONTRACTOR in the 'CMS 1450 Claims Triangle' and 'CMS 1500 Claims Triangle' that accompanies the monthly Medical Fund Target report (see Section 2.30.15.2.1). In the event of any variances, the CONTRACTOR shall submit a written explanation accompanied by a 'CMS 1450 Claims Triangle' by category of service and a 'CMS 1500 Claims Triangle' by category of service, as applicable, to substantiate the explanation of the variance and identify the categories of services to which the variance is attributable. In the event that TENNCARE requires further detail of the variances listed, the CONTRACTOR shall provide any other data as requested by TENNCARE. This information shall be submitted with the Medical Fund Target report.
- 2.30.17.4 The CONTRACTOR shall provide any information and/or data requested in a format to be specified by TENNCARE as required to support the validation, testing or auditing of the completeness and accuracy of encounter data submitted by the CONTRACTOR.
- 2.30.17.5 The CONTRACTOR shall submit a monthly *Systems Availability and Performance Report* that provides information on availability and unavailability by major system as well as response times for the CONTRACTOR's Confirmation of MCO Enrollment and Electronic Claims Management functions, as measured within the CONTRACTOR's span of control.
- 2.30.17.6 The CONTRACTOR shall submit a baseline *Business Continuity and Disaster Recovery (BC-DR)* plan for review and written approval as specified by TENNCARE. The CONTRACTOR shall communicate proposed modifications to the BC-DR plan at least fifteen (15) calendar days prior to their proposed incorporation. Such modifications shall be subject to review and written approval by TENNCARE.

2.30.18 Administrative Requirements Reports

- 2.30.18.1 The CONTRACTOR shall submit a semi-annual *Report on the Activities of the CONTRACTOR's Behavioral Health Advisory Committee* regarding the activities of the behavioral health advisory committee established pursuant to Section 2.24.2. These reports shall be submitted to TENNCARE on March 1 and September 1 of each year.
- 2.30.18.2 Upon enrollment of members in CHOICES Group 2 and/or 3 (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in

CHOICES Group 2 and/or 3), the CONTRACTOR shall submit a semi-annual *Report on the Activities of the CHOICES Advisory Group* regarding the activities of the CHOICES advisory group established pursuant to Section 2.24.3. This report shall include the membership of the advisory group (name, address, and organization represented), a description of any orientation and/or ongoing training activities for advisory group members, and information on advisory group meetings, including the date, time, location, meeting attendees, and minutes from each meeting. These reports shall be submitted to TENNCARE on March 1 and September 1 of each year.

2.30.19 Subcontract Reports

2.30.19.1 If the CONTRACTOR has subcontracted claims processing for TennCare claims, the CONTRACTOR shall provide to TENNCARE a Type II examination based on the Statement on Auditing Standards (SAS) No. 70, Service Organizations for each non-affiliated organization processing claims that represent more than twenty percent (20%) of TennCare medical expenses of the CONTRACTOR. This report shall be performed by an independent auditor (“service auditor”) and shall be due annually on May 1 for the preceding year operations or portion thereof.

2.30.19.2 In a Type II report, the service auditor will express an opinion on (1) whether the service organization’s description of its controls presents fairly, in all material respects, the relevant aspects of the service organization’s controls that had been placed in operation as of a specific date, and (2) whether the controls were suitably designed to achieve specified control objectives, and (3) whether the controls that were tested were operating with sufficient effectiveness to provide reasonable, but not absolute, assurance that the control objectives were achieved during the period specified. The audit of control activities over information and technology related processes related to TennCare claims processing by the subcontractor should include the following:

2.30.19.2.1 *General Controls*

2.30.19.2.1.1 Personnel Policies

2.30.19.2.1.2 Segregation of Duties

2.30.19.2.1.3 Physical Access Controls

2.30.19.2.1.4 Hardware and System Software

2.30.19.2.1.5 Applications System Development and Modifications

2.30.19.2.1.6 Computer Operations

2.30.19.2.1.7 Data Access Controls

2.30.19.2.1.8 Contingency and Business Recovery Planning

2.30.19.2.2 *Application Controls*

2.30.19.2.2.1 Input

2.30.19.2.2.2 Processing

2.30.19.2.2.3 Output

2.30.19.2.2.4 Documentation Controls

2.30.20 HIPAA Reports

The CONTRACTOR shall submit a *Privacy/Security Incident Report*. This report shall be provided at least annually, but the CONTRACTOR shall provide the report more frequently if requested by TENNCARE. The report shall include, at a minimum, the date of the incident, the date of notification to TENNCARE's privacy officer, the nature and scope of the incident, the CONTRACTOR's response to the incident, and the mitigating measures taken by the CONTRACTOR to prevent similar incidents in the future. "Port scans" or other unsuccessful queries to the CONTRACTOR's information system shall not be considered a privacy/security incident for purposes of this report.

2.30.21 Non-Discrimination Compliance Reports

2.30.21.1 On an annual basis the CONTRACTOR shall submit a copy of the CONTRACTOR's non-discrimination policy that demonstrates non-discrimination in the provision of services to members. The policy shall demonstrate non-discrimination in the provision of services for members with Limited English Proficiency and those requiring communication assistance in alternative formats. This shall include a report that lists all interpreter/translator services used by the CONTRACTOR in providing services to members with Limited English Proficiency or that need communication assistance in an alternative format. The listing shall identify the provider by full name, address, phone number, languages spoken, and hours services are available.

2.30.21.2 The CONTRACTOR shall submit an annual *Summary Listing of Servicing Providers* that includes race or ethnic origin of each provider. The listing shall include, at a minimum, provider name, address, race or ethnic origin and shall be sorted by provider type (e.g., pediatrician, surgeon, etc.). The CONTRACTOR shall use the following race or ethnic origin categories: American Indian or Alaskan Native, Asian or Pacific Islander, Hispanic origin and other race/ethnic origin as indicated by TENNCARE.

2.30.21.3 The CONTRACTOR shall annually submit its *Non-Discrimination Compliance Plan* and *Assurance of Non-Discrimination* to TENNCARE. The signature date of the CONTRACTOR's Plan shall coordinate with the signature date of the CONTRACTOR's Assurance of Non-Discrimination.

2.30.21.4 The CONTRACTOR shall submit a quarterly *Non-discrimination Compliance Report* which shall include the following:

2.30.21.4.1 A summary listing totaling the number of supervisory personnel by race or ethnic origin and sex. This report shall provide the number of male supervisors who are White, Black (not of Hispanic origin), American Indian or Alaskan Native, Asian or Pacific Islander, Hispanic origin and other race/ethnicity as indicated by

TENNCARE and number of female supervisors who are White, Black (not of Hispanic origin), American Indian or Alaskan Native, Asian or Pacific Islander, Hispanic origin and other race/ethnic origin females as indicated by TENNCARE:

2.30.21.4.2 A listing of all complaints filed by employees, members, providers and subcontractors in which discrimination is alleged related to the provision of and/or access to TennCare covered services provided by the CONTRACTOR. Such listing shall include, at a minimum, the identity of the party filing the complaint, the complainant's relationship to the CONTRACTOR, the circumstances of the complaint, date complaint filed, the CONTRACTOR's resolution, if resolved, and the name of the CONTRACTOR staff person responsible for adjudication of the complaint; and

2.30.21.4.3 A listing of all member requests for language and communication assistance. The report shall list the member, the member's identification number, the date of the request, the date the service was provided and the name of the service provider.

2.30.22 Terms and Conditions Reports

2.30.22.1 Quarterly, by January 30, April 30, July 30, and October 30 each year the CONTRACTOR shall make written disclosure regarding conflict of interest that includes the elements in Section 5.19.

2.30.22.2 Pursuant to Section 5.34.2, on a semi-annual basis the CONTRACTOR shall submit the attestation in Attachment X.

2.30.22.3 The CONTRACTOR shall maintain documentation that demonstrates the cost effectiveness of any non-covered services that are provided to TennCare enrollees and for which the CONTRACTOR seeks reimbursement from the State. A report summarizing all such documentation for the preceding year shall be submitted by the CONTRACTOR no later than sixty (60) calendar days after the end of each state fiscal year.

34. Section 3 shall be deleted in its entirety and replaced with the following:

SECTION 3 - REQUIREMENTS FOR CHILDREN IN STATE CUSTODY

The CONTRACTOR agrees to be the designated MCO carve-out entity for the delivery of services to children in State custody. The CONTRACTOR further agrees that at such time that any plan for children in State custody is provided and/or approved by the court, the CONTRACTOR shall administer this Agreement in accordance with the requirements of the court order. In the event that TENNCARE makes a determination that the requirements of the court order differ materially from the requirements specified in this Agreement, TENNCARE and the CONTRACTOR agree to negotiate the required amendments to this Agreement for the purpose of incorporating the requirements of the court order. TENNCARE and the CONTRACTOR recognize and agree that said amendment shall reflect mutually agreed upon additional costs to the CONTRACTOR, if any, related to the requirements of the court order, which must be documented by the CONTRACTOR and approved by TENNCARE, for which TENNCARE will compensate the CONTRACTOR. Children in State custody are eligible for the same TennCare covered services as other TennCare eligible children, in accordance with their TennCare eligibility status (TennCare Medicaid or TennCare Standard). However, due to the special needs of this population, this

Section specifies special requirements for the delivery of TennCare covered services for children who are eligible for participation in the carve-out.

3.1 CONTRACTOR RESPONSIBILITIES

3.1.1 General

Responsibilities for the administration and operation of the plan for the provision of services to children in State custody are assigned to several parties (e.g., the Steering Panel, the Implementation Team, the Department of Children's Services, Centers of Excellence for children in or at risk of State custody, Dental Benefits Manager, TennCare and delivery system providers). The CONTRACTOR agrees to arrange for services and administer the plan in collaboration with these other entities as described by TennCare. The CONTRACTOR agrees to:

- 3.1.1.1 Comply with any plan for children in State custody which has been provided and/or approved by the court on a schedule determined to be reasonable and in accordance with the requirements of the court.
- 3.1.1.2 Participate on the Children with Special Health Needs (CSHN) Steering Panel.
- 3.1.1.3 Recruit and contract with an adequate number of providers for Best Practice Network (BPN) with expertise in children's health problems in accordance with TennCare standards and the criteria of the plan for children in State custody and any subsequent plan for Children in State custody which has been provided and/or approved by the court.
- 3.1.1.4 Recruit for areas identified by the Implementation Team as having an inadequate network; contract with qualified and willing providers identified by the Implementation Team for areas (geographical or specialty) where a shortage is identified.
- 3.1.1.5 Develop procedures for assigning children in State custody to BPN providers; work with the Steering Panel to develop the best policy and mechanism for maintaining a long standing relationship between a child and a PCP, when family along with providers or the state feel that disruption of this relationship would be detrimental to the child. This is especially critical for children with severe physical or behavioral problems with a long-term relationship with the provider.
- 3.1.1.6 The CONTRACTOR agrees to implement and monitor provider use of best practice guidelines which have been drafted by the Center(s) of Excellence for children in or at risk of State custody in collaboration with the committee appointed by the Steering Panel.
- 3.1.1.7 Continue to manage and be responsible for all aspects of the TennCare program as specified in contracts with TennCare. Distribute Best Practice Guidelines to Best Practice Network providers when approved by the Steering Panel.
- 3.1.1.8 Work with state to develop those services determined to be necessary by CSHN Steering Panel.
- 3.1.1.9 Provide BPN-PCPs with a listing of behavioral health providers.

3.1.1.10 Educate BPN-PCPs on medical management policies and coordination of care requirements.

3.1.1.11 Ensure submission of encounter data from Best Practice Network providers.

3.1.2 Administration and Management

3.1.2.1 Staff Requirements

A specific Department of Children's Services (DCS) liaison person or persons shall be identified, in writing, to TENNCARE and the DCS. The DCS liaison person(s) will be responsible for assisting DCS to assure compliance with TENNderCare requirements and the coordination of care for children in custody and at prolonged risk of custody and shall support Best Practice Network Primary Care Providers (BPN-PCPs) as requested. The names, titles, addresses and contact numbers (phone, fax, etc.) shall be provided for each of the liaison persons to TENNCARE, DCS and BPN-PCPs. The liaison person(s) shall be available to TENNCARE and/or the DCS case managers, BPN-PCPs, and foster families for assistance. The number of specific liaison persons identified shall be adequate at all times to cover the number of children in or at prolonged risk of State custody enrolled in TennCare Select. Any staff changes in the identified liaison person(s) shall be reported in writing to TENNCARE and DCS within ten (10) calendar days of the change. BPN-PCPs shall be notified of any staff changes at least quarterly.

3.1.2.2 TENNCARE will coordinate the responsibility for training the DCS liaison(s) on issues dealing with the provision of TENNderCare services to children in or at prolonged risk of State custody. The liaisons will assist DCS with care coordination for these children and will have the responsibility of facilitating the timely delivery of TENNderCare services covered by the MCO. Assistance with care coordination will include identifying providers, scheduling appointments, and coordinating transportation (if appropriate), when requested.

3.1.3 Provider Network

3.1.3.1 Adequate Capacity

The CONTRACTOR must maintain a provider network with adequate capacity to deliver covered services that meet the special needs of children in State custody. Indicators of an adequate network include:

3.1.3.1.1 The CONTRACTOR meets the guidelines established by its contract with TENNCARE for a provider network (as specified in Section 2 and Section 3);

3.1.3.1.2 The CONTRACTOR has sufficient types and numbers of providers to be able to consistently deliver services in a timely manner when ordered for a child; and

3.1.3.1.3 The CONTRACTOR has within its network specialized health providers with sufficient expertise to deliver the covered services specified in this Agreement recognized in the Best Practice Guidelines as being proven effective and needed by children in State custody.

3.1.3.2 Provider Network Composition

In addition to maintaining a provider network in accordance with Section 2 of this Agreement, the CONTRACTOR shall maintain under contract, a Best Practice Network of providers including primary care physicians, medical sub specialists, and centers of excellence specifically engaged to serve children in State custody as specified below.

3.1.3.3 Coordination of Dental Services

The TennCare Dental Benefits Manager shall assume responsibility for the provision and payment of dental benefits for children in State custody. However, the CONTRACTOR shall agree to provide assistance with the coordination of dental services to children in State custody.

3.1.3.4 Best Practice Network Primary Care Providers

3.1.3.4.1 The CONTRACTOR shall maintain a Best Practice Network of Primary Care Providers (BPN-PCPs) who are community pediatricians and family practice physicians who agree to provide care timely and manage all health care including coordination of referrals for needed assessments or subspecialty care and serve as an advocate for children in custody to assure they get appropriate care. Specifically, BPN-PCPs must agree to:

3.1.3.4.1.1 Provide TENNderCare screenings timely if requested by DCS Case Managers;

3.1.3.4.1.2 Provide not only basic health care services, but also care coordination of all the health care services of children in custody;

3.1.3.4.1.3 Refer to physical health and behavioral health professionals in the Best Practice Network for specialty care; refer to the Center of Excellence for Children in, or at risk, of State custody, Community Mental Health Center when indicated; coordinate referrals when indicated with MCO;

3.1.3.4.1.4 Request telephone consultations with the Center of Excellence when indicated;

3.1.3.4.1.5 Communicate with caregivers on plan of care;

3.1.3.4.1.6 Maintain all health information on children assigned to them, regardless of who provides the care (Center of Excellence for children in, or at risk of, State custody, local specialist, behavioral health provider, other health care providers);

3.1.3.4.1.7 Report to DCS Health Unit any time health information on a child is not forwarded in a timely manner to allow for appropriate evaluation and care;

3.1.3.4.1.8 Forward medical files to newly assigned PCP and provide an initial consult when child is being transferred to a new geographical area or new MCO;

3.1.3.4.1.9 Share health information with DCS and foster parents within confidentiality guidelines;

- 3.1.3.4.1.10 Forward pertinent information to providers seeing child on referral;
- 3.1.3.4.1.11 Utilize (and document usage) of Best Practice Guidelines for care when developed and adopted by the Steering Panel. Document rationale for variation from Best Practice Guidelines;
- 3.1.3.4.1.12 Review information provided by state or MCO on caring for children in State custody;
- 3.1.3.4.1.13 Participate in the evaluation of system and outcomes through representation on the CSHN Steering Panel;
- 3.1.3.4.1.14 Participate in the MCO selected for children in custody;
- 3.1.3.4.1.15 Participate in training related to health problems of children in custody or Best Practice Guidelines; and
- 3.1.3.4.1.16 Develop health treatment plans and incorporate all treatment needs of the children they see.
- 3.1.3.4.2 The BPN-PCPs must also agree to perform the following case management functions:
 - 3.1.3.4.2.1 Maintenance of all health information on children including behavioral health and long-term care;
 - 3.1.3.4.2.2 Coordinate health services and request assistance from DCS case manager in following up and assuring plan of care is implemented;
 - 3.1.3.4.2.3 Consult with the Center of Excellence or other behavioral health providers when additional help is needed in managing a case; and
 - 3.1.3.4.2.4 Notify DCS when he/she feels more intense case management is needed by DCS.
- 3.1.3.4.3 The CONTRACTOR must insure that each DCS custody child is assigned to a Best Practice Network Primary Care Provider within thirty days of enrollment. However, if a child has an established relationship with a provider who is not in the Best Practice Network, but is willing to continue care for this child and is qualified and competent to provide the care, the CONTRACTOR will allow the PCP to continue to provide care and reimburse the provider for care at the same rate as Best Practice Network Providers, if requested by DCS or the child's legal guardian.
- 3.1.3.4.4 The CONTRACTOR may penalize BPN-PCPs who do not comply with the required responsibilities specified in paragraph 3.1.3.4.1.above. Any penalty to be assessed must be described in writing in the BPN-PCP's provider agreement and must be approved by the State.
- 3.1.3.4.5 When the State develops an internet based system for health providers to track medical information for children in State custody, the CONTRACTOR shall assist with provider education efforts on the system and amend its BPN-PCP Agreements to require BPN-PCPs to input required information into the system.

3.1.3.5 Centers of Excellence for Children in or at Risk of State Custody

The CONTRACTOR shall maintain contracts with all sites in the state recognized as Centers of Excellence for children in or at risk of State custody (which includes tertiary pediatric care): Johnson City, Knoxville, Chattanooga, Nashville and Memphis. It is the State's intent to recognize these centers via a contract that acknowledges the State's designation of each qualified facility as a Center of Excellence. The CONTRACTOR shall maintain contracts with each of these centers specifically for the provision of services to children in or at risk of State custody specified in the contract between the State and the COE.

3.1.3.6 Pediatric Sub-Specialists

The CONTRACTOR shall establish and maintain a network of pediatric sub-specialists in each of the five catchment areas in the state (Johnson City, Knoxville, Chattanooga, Nashville and Memphis) that includes each type of pediatric sub-specialist with admitting privileges at the catchment area tertiary pediatric center.

3.1.4 **Safety-Net**

3.1.4.1 TENNderCare – Physical Health Screenings

The CONTRACTOR shall include Local Health Departments in their provider network for the provision of TENNderCare services.

3.1.4.2 TENNderCare – Dental Screenings

3.1.4.2.1 Local Health Departments, in which dental services are available, will provide safety net services. Whenever the dental network is inadequate and dental care is urgent, the Dental Benefits Manager shall arrange for an out-of-network provider to provide the care.

3.1.4.2.2 Effective October 1, 2002, the TennCare Dental Benefits Manager shall assume responsibility for the provision and payment of dental benefits. However, CONTRACTOR shall agree to cooperate and participate with any subsequent plan for Children in State custody which has been provided and/or approved by the court.

3.1.5 **Provider Agreement Language**

The CONTRACTOR shall include in its subcontracts and agreements with providers a provision which states that subcontractors and providers are not permitted to encourage or suggest, in writing or verbally, that TennCare children be placed into State custody in order to receive medical, behavioral, or long-term care services covered by TennCare.

3.1.6 **Network Management**

3.1.6.1 Provider Education

The CONTRACTOR shall train the Best Practice Network on the roles and responsibilities of Best Practice Network Providers, including the requirement to use Best Practice Guidelines and maintain complete medical records, in accordance with the requirements listed at 3.1.3.4.

3.1.6.2 Monitoring

The CONTRACTOR shall conduct a medical chart review two times over the course of the original eighteen months of this Agreement and once in calendar year 2003 of a statistically valid sample of each BPN provider's medical charts to document Best Practice Network provider compliance with the requirements of the plan for children in State custody and any subsequent plan related to the provision of services to children in State custody of which the provider received advance notice, including the use of Best Practice Guidelines and completion of all seven required components of initial TENNderCare exams (or documentation explaining any reasons for not adhering to the guidelines or completing the seven components of the exam) for those cases where the BPN provider conducted the TENNderCare exam. The sampling methodology employed must be approved by TENNCARE prior to use.

3.1.6.3 Provider Profiling

The CONTRACTOR shall profile BPN-PCPs. Provider profiling for the Best Practice Network shall include the activities specified in Section 2.14.9 of this Agreement.

3.1.7 **BPN Training**

The CONTRACTOR shall require Best Practice Network provider participation in training sessions provided by the Center of Excellence and disseminate training materials to Best Practice Network providers as requested. Participation in training may be by teleconference, interactive Internet program, or in-person. The CONTRACTOR shall develop a survey to be administered after each training session designed to solicit feedback on barriers to attendance from non-participating providers. The CONTRACTOR shall provide an analysis of the findings and recommendations for increasing participation within ninety days of the training session.

3.1.8 **Service Delivery Requirements**

In addition to satisfying the requirements of Section 2 of this Agreement for the delivery of services, the CONTRACTOR shall meet the following requirements for the delivery of services to children in State custody:

3.1.8.1 Failure to Maintain Adequate Capacity in Network and Recruitment of Best Practice Network Providers

The CONTRACTOR shall recruit Best Practice Network providers who have appropriate credentials, are willing to follow BPN guidelines and are willing to participate in its network. DCS will report any incidences where providers are not

available to deliver services in a timely manner to both the Implementation Team and TENNCARE. The IT will keep records and report to TENNCARE in what areas of the state an inadequate network exists. The CONTRACTOR will be notified when reports indicate a network deficiency and when recruitment of additional providers is necessary.

3.1.8.2 Mental Health and Substance Abuse Services

In addition to the requirements specified in Section 2.6.1, the following requirements shall pertain to the coordination of mental health and substance abuse services for children in State custody:

- 3.1.8.2.1 The CONTRACTOR shall not limit the types or number of behavioral services that may be provided by a Best Practice Network Primary Care Provider.
- 3.1.8.2.2 Prior approval shall not be required by the CONTRACTOR in order for a Best Practice Network Primary Care Provider to refer children in State custody to a behavioral health provider.
- 3.1.8.2.3 The CONTRACTOR shall provide a listing of credentialed BPN-PCPs to behavioral health providers periodically to facilitate coordination of care.

3.1.8.3 Service Authorization

At such time that a procedure is implemented and described by TENNCARE, the Implementation Team shall be contacted for disposition when a covered service has been requested by a health care provider for a child in or at risk of State custody, and the CONTRACTOR denies or otherwise fails timely to provide that service or approve a less intense service which the provider or DCS feels is inadequate. Effective upon receipt of any plan for children in State custody which has been provided and/or approved by the court, the role of the Implementation Team may be modified.

3.1.8.4 Services While Transitioning Out of Custody

- 3.1.8.4.1 Children transitioning out of State custody shall continue to have access to Best Practice Network providers for a minimum period of six months unless specified otherwise by TENNCARE. The child transitioning out of State custody will remain in the CONTRACTOR's MCO and the CONTRACTOR will continue to provide services in accordance with this Agreement, or any plan for Children in State custody which has been provided and/or approved by the court, unless the child's legal guardian elects for the child to receive services outside of the Best Practice Network. All services for "children in State custody" in this Agreement are applicable to children transitioning out of State custody for the time period specified by TENNCARE, which shall be six months unless otherwise specified by TENNCARE.

3.1.8.4.2 When a child goes home for a 90-day trial but is still in State custody, this will count for the first three months of transition time. The above services can also be continued for an additional number of months to be specified by TENNCARE, which shall be six months unless otherwise specified by TENNCARE, on a case by case basis for a total of 365 days from the time of custody termination for those children whom DCS or the PCP and the Implementation Team deem it appropriate to prevent them from returning to State custody.

3.1.8.5 Children at Prolonged Risk of State Custody

Children that are deemed to be at prolonged risk of custody (to be defined by the Steering Panel) and that are identified to the CONTRACTOR by the state may continue to receive services through the Best Practice Network indefinitely.

3.1.9 **Reporting Requirements**

3.1.9.1 After the initial assignment of children in State custody to TennCare Select, the CONTRACTOR shall submit to the State a report that identifies the name of each DCS child enrolled in TennCare Select, the child's ID number, the date the child was placed in State custody, the date the CONTRACTOR received notice of enrollment, and the date of the child's initial TENNderCare exam, updated on a monthly basis, excluding children in transition.

3.1.9.2 For enrollees who have been assigned Immediate Eligibility, the CONTRACTOR shall, after twenty-five (25) calendar days of Immediate Eligibility coverage, identify children whose Immediate Eligibility will end in twenty (20) calendar days to the DCS Program Coordinator of Health Advocacy.

3.1.10 **Performance Guarantees**

The CONTRACTOR agrees to be bound by the performance guarantees identified below for the duration of this Agreement.

3.1.10.1 Provider Training Participation

3.1.10.1.1 BPN provider training participation at least once a year by teleconference, interactive internet program or in-person.

3.1.9.1.2

Penalty for Non-compliance:	\$25,000 for failure to timely complete training survey as specified in Section 3.1.6
Measurement:	Timely submission of survey findings

3.2 **DEPARTMENT OF CHILDREN'S SERVICES RESPONSIBILITIES**

The Department of Children's Services shall be responsible for the following requirements related to the responsibilities of the CONTRACTOR:

3.2.1 Notify the CONTRACTOR when a child enters State custody so that Immediate Eligibility can be established.

- 3.2.2 Maintain responsibility of seeing that children in custody receive appropriate health services, including arranging appointments timely for TENNderCare screenings to be performed at the local health department.
- 3.2.3 Report on number of children receiving TENNderCare screenings in timely fashion.
- 3.2.4 Provide care coordination and case management consistent with the John B Consent Decree and state and federal Medicaid regulations.
- 3.2.5 Provide a representative to the CSHN Steering Panel.
- 3.2.6 Provide training to staff to carry out the components of this plan.
- 3.2.7 Provide medical information to child's assigned PCP in a timely manner and ensure follow up care is done by the PCP for any problems identified during the child's TENNderCare screening.

3.3 TENNCARE BUREAU RESPONSIBILITIES

The TennCare Bureau shall be responsible for the following:

- 3.3.1 Contract with the carve-out MCO, with a statewide network that has expertise for children's physical, developmental and behavioral problems to provide care management services to children in State custody and children at "prolonged risk" of State custody (to be defined by the Steering Panel) using fee for service structure and an arrangement which decreases the financial risk for the MCO.
- 3.3.2 Contract with the COE for any services needed to implement this plan (for child psychiatrist, training, other functions as negotiated)
- 3.3.3 Require MCO to provide adequate encounter and financial data to determine the provided services and the cost of those services for children in State custody.
- 3.3.4 Provide resources for staffing the CSHN Steering Panel and Implementation Team.
- 3.3.5 Participate on the CSHN Steering Panel.
- 3.3.6 Require the MCO to include in its provider agreements and subcontracts with providers a provision which states that the providers/subcontractors are forbidden from encouraging or suggesting, in writing or verbally, TennCare children be placed into State custody to receive medical or behavioral treatments. But instead, they are to let families know that there are other options and refer them to the Implementation Team when they are unable to get behavioral health services and are at risk of coming into custody.
- 3.3.7 Develop a process whereby children who are already enrolled in TennCare but may not be assigned to the custodial MCO will be reassigned as soon as TENNCARE has been informed that the child is in State custody or is at risk of State custody and should be placed in the custodial MCO. TENNCARE shall comply with any subsequent plan for Children in State custody which has been provided and/or approved by the court.

3.4 IMPLEMENTATION TEAM

The Implementation Team shall:

- 3.4.1 Review MCO denials or delays for services and issue letter of authorization for those services it determines to be appropriate under the circumstances at such time that policies and procedures are established by TENNCARE.
- 3.4.2 The Implementation Team is expressly granted access to the medical records (physical, behavioral, and long-term care) of those children the Implementation Team is required to assist. All of the medical records obtained by the Implementation Team shall be held in the strictest confidence, and shall not be released to any individual unless the requesting individual is expressly granted such access by law, or unless the Implementation Team is ordered to release them by a court of competent jurisdiction.
- 3.4.3 Determine when children referred to them are at imminent risk of custody and need additional services provided to this group to prevent custody. (DCS will still perform this service also.)
- 3.4.4 Identify areas where provider networks are inadequate from the problems the team experiences in obtaining services for children at risk of custody as well as those in custody. Recommend to MCOs (both for the custody children and the other children in TennCare) where networks are inadequate.

3.5 DEPARTMENT OF HEALTH

The Department of Health, through the local county health departments shall be responsible for the following:

- 3.5.1 Ensure that they can meet the timeframe of offering DCS children an appointment for an TENNderCare screening within 21 days of request by DCS, but not to exceed thirty (30) days of placement in State custody.
- 3.5.2 Provide a letter to the DCS Case Manager and the child's assigned primary care provider confirming whether all seven components of the TENNderCare screening were completed and stating any concerns that should be referred to the primary care provider for follow up.
- 3.5.3 Provide the DCS Case Manager and the child's assigned primary care provider a letter stating the results of any lab tests performed on the child.

35. Section 4.1.1 shall be amended by deleting the reference to "Attachment XVI" and replacing it with "Attachment XII".

36. Section 4.1.5 shall be amended by (1) deleting the reference to "Attachment XVI" and replacing it with "Attachment XII" and (2) deleting the reference to "Attachment XIII" and replacing it with "Attachment IX".

37. Section 4.1 shall be amended by inserting a new Sub-Section 4.1.7, which shall read as follows:

4.1.7 Administrative fee payments made in accordance with Section 4.1.1, 4.1.2, and Attachment XII will not include payment for care coordination to CHOICES members. TENNCARE will make a separate payment for the costs associated with the provision of care coordination to CHOICES members upon receipt of an invoice from the CONTRACTOR. The invoice shall be submitted to TENNCARE in the form and format specified by TENNCARE.

38. Section 4.2 shall be deleted and replaced as follows:

4.2 PAY-FOR-PERFORMANCE QUALITY INCENTIVE PAYMENTS

4.2.1 General

4.2.1.1 TENNCARE will make incentive payments to the CONTRACTOR in accordance with this Section 4.2.

4.2.1.2 The TennCare Select HEDIS score for the previous calendar year for each of the measures specified in Sections 4.2.2 and 4.2.3.2 will serve as the baseline rate in the NCQA minimum effect size change calculations (see Section 4.2.4 below).

4.2.1.3 If NCQA makes changes in any of the measures specified in Section 4.2.2 or 4.2.3 below, such that valid comparison to prior years will not be possible, TENNCARE, at its sole discretion, may elect to either eliminate the measure from pay-for-performance incentive eligibility or replace it with another measure.

4.2.2 Physical Health HEDIS Measures

4.2.2.1 Beginning on July 1, 2010, on July 1 of each year, the CONTRACTOR will be eligible for a \$.03 PMPM payment, applied to member months from the preceding calendar year, for each of the audited HEDIS measures specified in Section 4.2.2.2 below (calculated from the preceding calendar year's data) for which significant improvement has been demonstrated. Significant improvement is defined using NCQA's minimum effect size change methodology (see Section 4.2.4 below).

4.2.2.2 Incentive payments will be available for the following audited HEDIS measures:

4.2.2.2.1 Appropriate Treatment for Children with Upper Respiratory Infection (URI);

4.2.2.2.2 Childhood Immunization Status - MMR;

4.2.2.2.3 Children and Adolescents' Access to PCP – 7-11 year old age group;

4.2.2.2.4 Children and Adolescents' Access to PCP – 12-19 year old age group;

4.2.2.2.5 Well Child Visits – 3rd, 4th, 5th and 6th years of life; and

4.2.2.2.6 Adolescent Well Care Visits.

4.2.3 Behavioral Health HEDIS Measures

4.2.3.1 On July 1 of 2011, the CONTRACTOR will be eligible for a \$.03 PMPM payment, applied to member months from the preceding calendar year, for each of the following audited HEDIS measures (calculated from the preceding calendar year’s data) for which the CONTRACTOR scores at or above the 75th national Medicaid percentile, as calculated by NCQA. To be eligible for incentive payment for a measure, the CONTRACTOR must score at or above the 75th percentile for both rates comprising the measure.

4.2.3.1.1 Follow-up After Hospitalization for Mental Illness; and

4.2.3.1.2 Follow-up Care for Children Prescribed ADHD Medication.

4.2.3.2 Beginning on July 1, 2012, on July 1 of each year, the CONTRACTOR will be eligible for a \$.03 PMPM payment, applied to member months from the preceding calendar year, for each of the audited HEDIS measures specified in Section 4.2.3 below (calculated from the preceding calendar year’s data) for which significant improvement has been demonstrated. To be eligible for incentive payment for a measure, the CONTRACTOR must demonstrate significant improvement for both rates comprising the measure. Significant improvement is defined using NCQA’s minimum effect size change methodology (see Section 4.2.4 below).

4.2.3.2.1 Follow-up After Hospitalization for Mental Illness; and

4.2.3.2.2 Follow-up Care for Children Prescribed ADHD Medication.

4.2.4 NCQA Minimum Effect Size Change Methodology

The NCQA minimum effect size change methodology is as follows:

Baseline Rate	Minimum Effect Size
0-59	At least a 6 percentage point change
60-74	At least a 5 percentage point change
75-84	At least a 4 percentage point change
85-92	At least a 3 percentage point change
93-96	At least a 2 percentage point change
97-99	At least a 1 percentage point change

39. Section 4.3.2.1 shall be amended by deleting “EPSDT” and replacing it with “TENnderCare”.

40. Sections 4.3.5 and 4.3.6 shall be amended by deleting references to “EPSDT” and replacing them with references to “TENnderCare”.

41. Section 4 shall be amended by inserting a new Sub-Section 4.4 and renumbering the existing Sub-Sections accordingly, including any references thereto. The new Sub-Section 4.4 shall read as follows:

4.4 Effect of Disenrollment on Administrative Fee Payments

4.4.1 Payment of the administrative fee shall cease effective the date of the member's disenrollment from the CONTRACTOR's MCO, and the CONTRACTOR shall have no further responsibility for the care of the enrollee. Except for situations involving enrollment obtained by fraudulent applications or death, disenrollment from TennCare shall not be made retroactively. The CONTRACTOR shall not be required to refund any administrative fee amounts legitimately paid pursuant to this Agreement.

4.4.2 Fraudulent Enrollment

4.4.2.1 In the case of fraudulent, misrepresented or deceptive applications submitted by the enrollee, the CONTRACTOR, at its discretion, may refund to TENNCARE all administrative fee payments made on behalf of persons who obtained enrollment in TennCare through such means and the CONTRACTOR may pursue full restitution for all payments made on behalf of the individual while the person was inappropriately enrolled in the CONTRACTOR's MCO.

4.4.2.2 In the event of enrollment obtained by fraud, misrepresentation or deception by the CONTRACTOR's staff, officers, employees, providers, volunteers, subcontractors, or anyone acting for or on behalf of the CONTRACTOR, TENNCARE may retroactively recover administrative fee payments and medical services payments plus interest as allowed by TCA 47-14-103, and HMO payments and any other monies paid to the CONTRACTOR for the enrollment of that individual. The refund of administrative fee and medical services payments plus interest and HMO payments will not preclude the State from exercising its right to criminal prosecution, civil penalties, trebled damages and/or other remedial measures.

42. Section 4 shall be amended by inserting a new Sub-Section 4.6 and renumbering the existing Sub-Sections accordingly, including any references thereto. The new Sub-Section 4.6 shall read as follows:

4.6 PAYMENT TO THE CONTRACTOR FOR ELECTRONIC VISIT VERIFICATION SYSTEM

TENNCARE will pay the CONTRACTOR \$605,600 to offset the CONTRACTOR's costs related to implementing an electronic visit verification (EVV) system. In accordance with the applicable appropriations language, these funds shall be used to implement the EVV, and they shall not be used for any other purpose. Upon TENNCARE's request the CONTRACTOR shall submit documentation that demonstrates that funds were used to offset the CONTRACTOR's costs related to implementing the EVV.

43. Renumbered Section 4.7 shall be deleted and replaced as follows:

4.7 PAYMENTS TO CONTRACTOR

The administrative fee payments, the premium tax payments, and any incentive payments (if applicable), and any payments that offset the CONTRACTOR's cost for the development and implementation of an electronic visit verification system (EVV) (see Section 4.6) specified in Section 4 and Attachment XII of this Agreement as amended, shall represent payment in full. TennCare shall not reimburse CONTRACTOR for any costs, liquidated damages and/or penalties incurred by the CONTRACTOR and which result from actions or inactions, including penalties associated with CONTRACTOR's failure to timely pay any and all expenses, fees, taxes and other regulatory/ministerial costs associated with the requirements of operating as an HMO in this state. The taxes, fees, expenses, and other regulatory/ministerial costs referenced herein shall include but not be limited to premium taxes associated with any and all obligations required by the Tennessee Health Maintenance Organization Act of 1986 codified at TCA 56-32-101 *et seq.* or any subsequent amendments thereto and/or the Tennessee Prepaid Limited Health Services Act of 2000 codified at TCA 56-51-101 *et seq.* or any subsequent amendments thereto.

44. Renumbered Section 4.8.1 shall be deleted and replaced as follows:

4.8.1 In no event shall the maximum liability of the State under this Agreement during the original term of the Agreement exceed ONE BILLION EIGHT HUNDRED THIRTY MILLION NINE HUNDRED NINETY THOUSAND FIVE HUNDRED AND FIVE DOLLARS AND NINETY CENTS (\$1,830,990,505.90).

45. Section 5 shall be amended by deleting Section 5 in its entirety and replacing it with the following and renumbering all references thereto:

SECTION 5 - TERMS AND CONDITIONS

5.1 NOTICE

All notices required to be given under this Agreement shall be given in writing, and shall be sent by United States certified mail, postage prepaid, return receipt requested; in person; or by other means, so long as proof of delivery and receipt is given, and the cost of delivery is borne by the notifying party, to the appropriate party at the address given below, or at such other address (or addresses) as may be provided by notice given under this Section.

If to TENNCARE:

Deputy Commissioner
Bureau of TennCare
310 Great Circle Rd
Nashville, Tennessee 37243

If to the CONTRACTOR:

Sonya Nelson
President and Chief Executive Officer
Volunteer State Health Plan, Inc.

801 Pine Street
Chattanooga, TN 37402-2555

5.2 AGREEMENT TERM

- 5.2.1 This Agreement, and its incorporated attachments, if any, as well as all Amendments to this Agreement, contain all of the terms and conditions agreed upon by the parties, and when executed by all parties, supersedes any prior agreements. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall be in effect from July 1, 2001, subject to approval by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services. The term of this Agreement shall expire on June 30, 2011. At the mutual agreement of TENNCARE and the CONTRACTOR, this Agreement shall be renewable for an additional twelve month period.
- 5.2.2 Notwithstanding any provision herein to the contrary, the State may terminate this Agreement if the waiver governing TennCare is terminated. The documents referenced in the Agreement are on file with the CONTRACTOR and with TENNCARE and the CONTRACTOR is aware of their content. No other agreement, oral or otherwise regarding the subject matter of this Agreement, shall be deemed to exist or to bind any of the parties hereto.

5.2.3 Exigency Extension

At the option of the State, the CONTRACTOR agrees to continue services under this Agreement when TENNCARE determines that there is a public exigency that requires the services to continue. Continuation of services pursuant to this Section shall be in three (3) month increments and the total of all public exigency extensions shall not exceed twelve (12) months. Thirty (30) days notice shall be given by TENNCARE before this option is exercised. TENNCARE shall reimburse the CONTRACTOR during exigency at the established administrative fee in effect during the last six (6) months of this Agreement.

5.3 APPLICABLE LAWS AND REGULATIONS

The CONTRACTOR agrees to comply with all applicable federal and state laws, rules and regulations, policies (including TennCare Standard Operating Procedures (so long as said TennCare Standard Operating Procedure does not constitute a material change to the obligations of the CONTRACTOR pursuant to this Agreement)), consent decrees, and court orders, including Constitutional provisions regarding due process and equal protection of the law, including but not limited to:

- 5.3.1 42 CFR Chapter IV, Subchapter C (with the exception of those parts waived under the TennCare Section 1115(a) waiver).
- 5.3.2 45 CFR Part 74, General Grants Administration Requirements.
- 5.3.3 Titles 4, 47, 56, and 71, Tennessee Code Annotated, including, but not limited to, the TennCare Drug Formulary Accountability Act, Public Chapter 276 and The Standardized Pharmacy Benefit Identification Card Act.
- 5.3.4 All applicable standards, orders, or regulations issued pursuant to the Clean Air Act of 1970 (42 USC 7401, *et seq.*).

Amendment Number 22 (cont.)

- 5.3.5 Title VI of the Civil Rights Act of 1964 (42 USC 2000d) and regulations issued pursuant thereto, 45 CFR Part 80.
- 5.3.6 Title VII of the Civil Rights Act of 1964 (42 USC 2000e) in regard to employees or applicants for employment.
- 5.3.7 Section 504 of the Rehabilitation Act of 1973, 29 USC 794, which prohibits discrimination on the basis of handicap in programs and activities receiving or benefiting from federal financial assistance, and regulations issued pursuant thereto, 45 CFR Part 84.
- 5.3.8 The Age Discrimination Act of 1975, 42 USC 6101 *et seq.*, which prohibits discrimination on the basis of age in programs or activities receiving or benefiting from federal financial assistance.
- 5.3.9 The Omnibus Budget Reconciliation Act of 1981, P.L. 97-35, which prohibits discrimination on the basis of sex and religion in programs and activities receiving or benefiting from federal financial assistance.
- 5.3.10 Americans with Disabilities Act, 42 USC 12101 *et seq.*, and regulations issued pursuant thereto, 28 CFR Parts 35, 36.
- 5.3.11 Sections 1128 and 1156 of the Social Security Act relating to exclusion of providers for fraudulent or abusive activities involving the Medicare, SCHIP and/or Medicaid program.
- 5.3.12 The Church Amendments (42 U.S.C. 300a-7).
- 5.3.13 Section 245 of the Public Health Service (PHS) Act (42 U.S.C. 238n).
- 5.3.14 Weldon Amendment (Consolidated Appropriations Act 2008, Public Law 110-161, Div. G, Sec. 508 (d), 121 Stat. 1844, 2209).
- 5.3.15 Tennessee Consumer Protection Act, TCA 47-18-101 *et seq.*
- 5.3.16 The TennCare Section 1115 waiver and all Special Terms and Conditions which relate to the waiver.
- 5.3.17 Executive Orders, including Executive Order 1 effective January 26, 1995 and Executive Order 3 effective February 3, 2003.
- 5.3.18 The Clinical Laboratory Improvement Amendments (CLIA) of 1988.
- 5.3.19 Requests for approval of material modification as provided at TCA 56-32-101 *et seq.*
- 5.3.20 Investigatory Powers of TDCI pursuant to TCA 56-32-132.
- 5.3.21 42 USC 1396 *et seq.* (with the exception of those parts waived under the TennCare Section 1115(a) waiver).
- 5.3.22 The Health Insurance Portability and Accountability Act of 1996 (HIPAA), Section 1171(5)(E) of the Social Security Act as enacted by HIPAA.
- 5.3.23 Title IX of the Education Amendments of 1972 regarding education programs and activities.

Amendment Number 22 (cont.)

- 5.3.24 Title 42 CFR 422.208 and 210, Physician Incentive Plans.
- 5.3.25 Equal Employment Opportunity (EEO) Provisions.
- 5.3.26 Copeland Anti-Kickback Act.
- 5.3.27 Davis-Bacon Act.
- 5.3.28 Contract Work Hours and Safety Standards.
- 5.3.29 Rights to Inventions Made Under a Contract or Agreement.
- 5.3.30 Byrd Anti-Lobbying Amendment.
- 5.3.31 Subcontracts in excess of one hundred thousand dollars (\$100,000) shall require compliance with all applicable standards, orders or requirements issued under Section 306 of the Clean Air Act (42 USC 1857 (h)), Section 508 of the Clean Water Act (33 USC 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR Part 15).
- 5.3.32 Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (P.L. 94-165).
- 5.3.33 TennCare Reform Legislation signed May 11, 2004.
- 5.3.34 Federal Pro-Children Act of 1994 and the Tennessee Children's Act for Clean Indoor Air of 1995.
- 5.3.35 Confidentiality of Alcohol and Drug Abuse Patient Records, 42 CFR Part 2.
- 5.3.36 Title 33 (Mental Health Law) of the Tennessee Code Annotated.
- 5.3.37 Rules of the Tennessee Department of Mental Health and Developmental Disabilities, Rule 0940 *et seq.*
- 5.3.38 Section 1902(a)(68) of the Social Security Act regarding employee education about false claims recovery.
- 5.3.39 TennCare rules and regulations.
- 5.3.40 TCA 3-6-101 *et seq.*, 3-6-201 *et seq.*, 3-6-301 *et seq.*, and 8-50-505.
- 5.3.41 TCA 71-6-101 *et seq.*
- 5.3.42 TCA 37-1-401 *et seq.* and 37-1-601 *et seq.*
- 5.3.43 TCA 68-11-1001 *et seq.*
- 5.3.44 TCA 71-5-1401 *et seq.*

5.4 TERMINATION

In the event of termination, it is agreed that neither party shall be relieved from any financial obligations each may owe to the other as a result of liabilities incurred during the course of this Agreement. For terminations pursuant to Sections 5.4.1, 5.4.2, 5.4.3, 5.4.4, or 5.4.6, TENNCARE will assume responsibility for informing all affected enrollees of the reasons for their termination from the CONTRACTOR's MCO.

5.4.1 Termination Under Mutual Agreement

Under mutual agreement, TENNCARE and the CONTRACTOR may terminate this Agreement for any reason if it is in the best interest of TENNCARE and the CONTRACTOR. Both parties will sign a notice of termination which shall include, inter alia, the date of termination, conditions of termination, and extent to which performance of work under this Agreement is terminated.

5.4.2 Termination by TENNCARE for Cause

5.4.2.1 The CONTRACTOR shall be deemed to have breached this Agreement if any of the following occurs:

5.4.2.1.1 The CONTRACTOR fails to perform in accordance with any term or provision of the Agreement;

5.4.2.1.2 The CONTRACTOR only renders partial performance of any term or provision of the Agreement; or

5.4.2.1.3 The CONTRACTOR engages in any act prohibited or restricted by the Agreement.

5.4.2.2 For purposes of Section 5.4.2, items 5.4.2.1.1 through 5.4.2.1.3 shall hereinafter be referred to as "Breach."

5.4.2.3 In the event of a Breach by the CONTRACTOR, TENNCARE shall have available any one or more of the following remedies in addition to or in lieu of any other remedies set out in this Agreement or available in law or equity:

5.4.2.3.1 Recover actual damages, including incidental and consequential damages, and any other remedy available at law or equity;

5.4.2.3.2 Require that the CONTRACTOR prepare a plan to immediately correct cited deficiencies, unless some longer time is allowed by TENNCARE, and implement this correction plan;

5.4.2.3.3 Recover any and/or all liquidated damages provided in Section 5.20.2; and

5.4.2.3.4 Declare a default and terminate this Agreement.

5.4.2.4 In the event of a conflict between any other Agreement provisions and Section 5.4.2.3, Section 5.4.2.3 shall control.

5.4.2.5 In the event of Breach by the CONTRACTOR, TENNCARE may provide the CONTRACTOR written notice of the Breach and twenty (20) calendar days to cure

the Breach described in the notice. In the event that the CONTRACTOR fails to cure the Breach within the time period provided, then TENNCARE shall have available any and all remedies described herein and available at law.

- 5.4.2.6 In the event the CONTRACTOR disagrees with the determination of noncompliance or designated corrective action described in the notice, the CONTRACTOR shall nevertheless implement said corrective action, without prejudice to any rights the CONTRACTOR may have to later dispute the finding of noncompliance or designated corrective action.

5.4.3 Termination for Unavailability of Funds

In the event that federal and/or state funds to finance this Agreement become unavailable, TENNCARE may terminate the Agreement immediately in writing to the CONTRACTOR without penalty. The CONTRACTOR shall be entitled to receive and shall be limited to, just and equitable compensation for any satisfactory authorized work performed as of the termination date. Availability of funds shall be determined solely by TENNCARE.

5.4.4 Termination Due to Change in Ownership

- 5.4.4.1 In the event that an entity that contracts with TENNCARE to provide the covered services of this Agreement in the same Grand Region(s) as the CONTRACTOR has or acquires an indirect ownership interest or an ownership or control interest (as defined in 42 CFR Part 455, Subpart B) in the CONTRACTOR, TENNCARE may terminate this Agreement immediately in writing to the CONTRACTOR without penalty. The CONTRACTOR will be entitled to reimbursement under the Agreement provisions regarding mutual termination in Section 5.4.1.

- 5.4.4.2 In the event that the CONTRACTOR has or acquires an indirect ownership interest or an ownership or control interest (as defined in 42 CFR Part 455, Subpart B) of an entity that contracts with TENNCARE to provide the covered services of this Agreement in the same Grand Region(s) as the CONTRACTOR, TENNCARE may terminate this Agreement immediately in writing to the CONTRACTOR without penalty. The CONTRACTOR will be entitled to reimbursement under the Agreement provisions regarding mutual termination in Section 5.4.1.

- 5.4.4.3 If an entity that contracts with TENNCARE to provide the covered services of this Agreement in the same Grand Region(s) as the CONTRACTOR proposes to acquire an indirect ownership interest or an ownership or control interest (as defined in 42 CFR Part 455, Subpart B) in the CONTRACTOR, or the CONTRACTOR proposes to acquire an indirect ownership interest or an ownership or control interest (as defined in 42 CFR Part 455, Subpart B) in an entity that contracts with TENNCARE to provide covered services of this Agreement in the same Grand Region(s) as the CONTRACTOR, the CONTRACTOR shall notify TENNCARE and shall provide TENNCARE with regular updates regarding the proposed acquisition.

5.4.5 Termination for CONTRACTOR Financial Inviability, Insolvency or Bankruptcy

- 5.4.5.1 If TENNCARE reasonably determines that the CONTRACTOR's financial condition is not sufficient to allow the CONTRACTOR to provide the services as described herein in the manner required by TENNCARE, TENNCARE may terminate this

Agreement in whole or in part, immediately or in stages. Said termination shall not be deemed a Breach by either party. The CONTRACTOR's financial condition shall be presumed not sufficient to allow the CONTRACTOR to provide the services described herein in the manner required by TENNCARE if the CONTRACTOR can not demonstrate to TENNCARE's satisfaction that the CONTRACTOR has risk reserves and a net worth to meet the applicable net worth requirement specified in Section 2.21.5 of this Agreement.

5.4.5.2 CONTRACTOR insolvency or the filing of a petition in bankruptcy by or against the CONTRACTOR shall constitute grounds for termination for cause. In the event of the filing of a petition in bankruptcy by or against a principal subcontractor or provider or the insolvency of said subcontractor or provider, the CONTRACTOR shall immediately advise TENNCARE.

5.4.6 **Termination by TENNCARE for Convenience**

TENNCARE may terminate this Agreement for convenience and without cause upon thirty (30) calendar days written notice. Said termination shall not be a Breach of the Agreement by TENNCARE, and TENNCARE shall not be responsible to the CONTRACTOR or any other party for any costs, expenses, or damages occasioned by said termination, i.e., without penalty.

5.4.7 **Termination Procedures**

5.4.7.1 The party initiating the termination shall render written notice of termination to the other party by certified mail, return receipt requested, or in person with proof of delivery. The notice of termination shall specify the provision of this Agreement giving the right to terminate, the circumstances giving rise to termination, and the date on which such termination shall become effective.

5.4.7.2 Upon receipt of notice of termination, and subject to the provisions of this Section, on the date and to the extent specified in the notice of termination, the CONTRACTOR shall:

5.4.7.2.1 Stop work under the Agreement, but not before the termination date;

5.4.7.2.2 At the point of termination, assign to TENNCARE in the manner and extent directed by TENNCARE all the rights, title and interest of the CONTRACTOR for the performance of the subcontracts to be determined at need in which case TENNCARE shall have the right, in its discretion, to settle or pay any of the claims arising out of the termination of such agreements and subcontracts;

5.4.7.2.3 Complete the performance of such part of the Agreement that shall have not been terminated under the notice of termination;

5.4.7.2.4 Take such action as may be necessary, or as a contracting officer may direct, for the protection of property related to this Agreement which is in possession of the CONTRACTOR and in which TENNCARE has or may acquire an interest;

5.4.7.2.5 Continue to submit invoices for the payment of covered services as specified in Section 4. One hundred eighty days after the Agreement ends, the CONTRACTOR shall reasonably estimate the amount of claims remaining to be paid for covered

services provided during the Agreement period that were not reflected in the final invoice. If TENNCARE accepts the estimate as reasonable, TENNCARE will deposit that amount in an account for the purpose of paying run-out claims. TennCare will supplement the funding of the account as necessary to permit coverage of the remaining payable claims as needed;

- 5.4.7.2.6 In the event the Agreement is terminated by TENNCARE, continue to serve or arrange for provision of services to the enrollees in the CONTRACTOR's MCO for up to forty-five (45) calendar days from the Agreement termination date or until the members can be transferred to another MCO, whichever is longer. During this transition period, TENNCARE shall continue to pay the applicable administrative fee, medical payments and HMO payments as specified in Section 4 of this Agreement;
- 5.4.7.2.7 Promptly make available to TENNCARE, or another MCO acting on behalf of TENNCARE, any and all records, whether medical, behavioral, related to long-term care services or financial, related to the CONTRACTOR's activities undertaken pursuant to this Agreement. Such records shall be in a usable form and shall be provided at no expense to TENNCARE;
- 5.4.7.2.8 Promptly supply all information necessary to TENNCARE or another MCO acting on behalf of TENNCARE for reimbursement of any outstanding claims at the time of termination;
- 5.4.7.2.9 Submit a termination plan to TENNCARE for review, which is subject to TENNCARE written approval. This plan shall, at a minimum, contain the provisions in Sections 5.4.8.2.10 through 4.4.8.2.15 below. The CONTRACTOR shall agree to make revisions to the plan as necessary in order to obtain approval by TENNCARE. Failure to submit a termination plan and obtain written approval of the termination plan by TENNCARE shall result in the withhold of 25% of the CONTRACTOR's monthly administrative fee payment as described in Section 4;
- 5.4.7.2.10 Agree to maintain claims processing functions as necessary for a minimum of nine (9) months (or longer if it is likely there are additional claims outstanding) in order to complete adjudication of all claims. During this period, medical payments and HMO payments shall continue to be paid as specified in Section 4;
- 5.4.7.2.11 Agree to comply with all duties and/or obligations incurred prior to the actual termination date of the Agreement, including but not limited to, the appeal process as described in Section 2.19;
- 5.4.7.2.12 File all reports concerning the CONTRACTOR's operations during the term of the Agreement in the manner described in this Agreement;
- 5.4.7.2.13 Take whatever other actions are necessary in order to ensure the efficient and orderly transition of members from coverage under this Agreement to coverage under any new arrangement developed by TENNCARE;
- 5.4.7.2.14 In order to ensure that the CONTRACTOR fulfills its continuing obligations both before and after termination, maintain the financial requirements (as described in this Agreement as of the CONTRACTOR's date of termination notice), fidelity bonds

and insurance set forth in this Agreement until the State provides the CONTRACTOR written notice that all continuing obligations of this Agreement have been fulfilled; and

5.4.7.2.15 Upon expiration or termination of this Agreement, submit reports to TENNCARE every thirty (30) calendar days detailing the CONTRACTOR's progress in completing its continuing obligations under this Agreement. The CONTRACTOR, upon completion of these continuing obligations, shall submit a final report to TENNCARE describing how the CONTRACTOR has completed its continuing obligations. TENNCARE shall within twenty (20) calendar days of receipt of this report advise in writing whether TENNCARE agrees that the CONTRACTOR has fulfilled its continuing obligations. If TENNCARE finds that the final report does not evidence that the CONTRACTOR has fulfilled its continuing obligations, then TENNCARE shall require the CONTRACTOR to submit a revised final report. TENNCARE shall in writing notify the CONTRACTOR once the CONTRACTOR has submitted a revised final report evidencing to the satisfaction of TENNCARE that the CONTRACTOR has fulfilled its continuing obligations.

5.5 ENTIRE AGREEMENT

5.5.1 This Agreement, including any amendments or attachments, represents the entire Agreement between the CONTRACTOR and TENNCARE with respect to TennCare Select, and supersedes all other contracts between the parties with regard to the provision of services described herein. Any communications made before the parties entered into this Agreement, whether verbal or in writing, shall not be considered as part of or explanatory of any part of this Agreement.

5.5.2 In the event of a conflict of language between the Agreement and any amendments, the provisions of the amendments shall govern.

5.5.3 All applicable state and federal laws, rules and regulations, consent decrees, court orders and policies and procedures (hereinafter referred to as Applicable Requirements), including those described in Section 5.3 of this Agreement are incorporated by reference into this Agreement. Any changes in those Applicable Requirements shall be automatically incorporated into this Agreement by reference as soon as they become effective.

5.6 INCORPORATION OF ADDITIONAL DOCUMENTS

5.6.1 Included in this Agreement by reference are the following documents:

5.6.1.1 The Agreement document and its attachments, as defined in Section 5.5 above;

5.6.1.2 All clarifications and addenda made to the CONTRACTOR's Proposal;

5.6.1.3 The Request for Proposal and its associated amendments;

5.6.1.4 Technical Specifications provided to the CONTRACTOR; and

5.6.1.5 The CONTRACTOR's Proposal.

5.6.2 In the event of a discrepancy or ambiguity regarding the CONTRACTOR's duties, responsibilities, and performance under this Agreement, these documents shall govern in order of precedence detailed above.

5.7 APPLICABILITY OF THIS AGREEMENT

All terms, conditions, and policies stated in this Agreement apply to staff, agents, officers, subcontractors, providers, volunteers and anyone else acting for or on behalf of the CONTRACTOR.

5.8 TECHNICAL ASSISTANCE

Technical assistance shall be provided to the CONTRACTOR when deemed appropriate by TENNCARE.

5.9 PROGRAM INFORMATION

Upon request, TENNCARE shall provide the CONTRACTOR complete and current information with respect to pertinent statutes, regulations, rules, policies, procedures, and guidelines affecting the CONTRACTOR's operation pursuant to this Agreement.

5.10 QUESTIONS ON POLICY DETERMINATIONS

On an ongoing basis, should the CONTRACTOR have a question on policy determinations, benefits or operating guidelines, the CONTRACTOR shall request a determination from TENNCARE in writing. The State shall have thirty (30) calendar days to make a determination and respond unless specified otherwise. Should TENNCARE not respond in the required amount of time, the CONTRACTOR shall not be penalized as a result of implementing items awaiting approval. However, failure to respond timely shall not preclude the State from requiring the CONTRACTOR to respond or modify the policy or operating guideline prospectively. The CONTRACTOR shall be afforded at least sixty (60) calendar days to implement the modification.

5.11 INTERPRETATIONS

Any dispute between the CONTRACTOR and TENNCARE concerning the clarification, interpretation and application of all federal and state laws, regulations, or policy or consent decrees or court orders governing or in any way affecting this Agreement shall be determined by TENNCARE. When a clarification, interpretation and application is required, the CONTRACTOR shall submit a written request to TENNCARE. TENNCARE will contact the appropriate agencies in responding to the request by submitting the written request to the agency within thirty (30) calendar days after receiving that request from the CONTRACTOR. Any clarifications received pursuant to requests for clarification, interpretation and application shall be forwarded upon receipt to the CONTRACTOR. Nothing in this Section shall be construed as a waiver by the CONTRACTOR of any legal right it may have to contest the findings of either the state or federal governments or both as they relate to the clarification, interpretation and application of statute, regulation, or policy or consent decrees or court orders.

5.12 CONTRACTOR APPEAL RIGHTS

The CONTRACTOR must have the right to contest TENNCARE decisions pursuant to the provisions of TCA 9-8-301 *et seq.* for the resolution of disputes under this Agreement. Written notice describing the substance and basis of the contested action shall be submitted to TENNCARE within thirty (30) calendar days of the action taken by TENNCARE. The CONTRACTOR shall comply with all requirements contained within this Agreement pending the final resolution of the contested action.

5.13 DISPUTES

Any claim by the CONTRACTOR against TENNCARE arising out of the breach of this Agreement shall be handled in accordance with the provision of TCA 9-8-301, *et seq.* Provided, however, the CONTRACTOR agrees that the CONTRACTOR shall give notice to TENNCARE of its claim thirty (30) calendar days prior to filing the claim in accordance with TCA 9-8-301, *et seq.*

5.14 NOTIFICATION OF LEGAL ACTION AGAINST THE CONTRACTOR

The CONTRACTOR shall give TENNCARE and TDCI immediate notification in writing by certified mail (or other means such as overnight delivery reasonably designed to document delivery) within five (5) business days of the CONTRACTOR being served with any administrative or legal action or complaint filed regarding any claim in law or equity made against the CONTRACTOR or an affiliate of the CONTRACTOR (including but not limited to a parent company), that would materially impact either such affiliate's ability to operate its business or the CONTRACTOR's performance of duties hereunder. The CONTRACTOR shall also provide similar notice of any arbitration proceedings instituted between a provider and the CONTRACTOR. The CONTRACTOR shall ensure that all tasks related to the provider agreement are performed in accordance with the terms of this Agreement. It is the intent of this provision that the CONTRACTOR notify TENNCARE of any and all actions described herein that may affect the CONTRACTOR's financial viability and/or program operations or integrity.

5.15 DATA THAT MUST BE CERTIFIED

5.15.1 In accordance with 42 CFR 438.604 and 438.606, when State payments to the CONTRACTOR are based on data submitted by the CONTRACTOR, the CONTRACTOR shall certify the data. The data that shall be certified include, but are not limited to, enrollment information, encounter data, and other information required by the State and contained in contracts, proposals and related documents including the Medical Fund Target report. The data shall be certified by one of the following: the CONTRACTOR's Chief Executive Officer, the CONTRACTOR's Chief Financial Officer, or an individual who has delegated authority to sign for, and who reports directly to the CONTRACTOR's Chief Executive Officer or Chief Financial Officer. The certification shall attest, based on best knowledge, information, and belief, as follows:

5.15.1.1 To the accuracy, completeness and truthfulness of the data; and

5.15.1.2 To the accuracy, completeness and truthfulness of the documents specified by the State.

5.15.2 The CONTRACTOR shall submit the certification concurrently with the certified data.

5.16 USE OF DATA

TENNCARE shall have unlimited but not exclusive rights to use, disclose, or duplicate, for any purpose whatsoever, all information and data developed, derived, documented, or furnished by the CONTRACTOR resulting from this Agreement. However, TENNCARE shall not disclose proprietary information that is afforded confidential status by state or federal law.

5.17 WAIVER

No covenant, condition, duty, obligation, or undertaking contained in or made a part of this Agreement may be waived except by written agreement of the Agreement signatories or in the event the signatory for a party is no longer empowered to sign such Agreement, the signatory's replacement. Forbearance, forgiveness, or indulgence in any other form or manner by either party in any regard whatsoever shall not constitute a waiver of the covenant, condition, duty, obligation, or undertaking to be kept, performed, or discharged by the party to which the same may apply. Until complete performance or satisfaction of all such covenants, conditions, duties, obligations, or undertakings, the other party shall have the right to invoke any remedy available under law or equity notwithstanding any such forbearance, forgiveness or indulgence.

5.18 AGREEMENT VARIATION/SEVERABILITY

If any provision of this Agreement (including items incorporated by reference) is declared or found to be illegal, unenforceable, or void, then both TENNCARE and the CONTRACTOR shall be relieved of all obligations arising under such provision. If the remainder of the Agreement is capable of performance, it shall not be affected by such declaration of finding and shall be fully performed. In addition, if the laws or regulations governing this Agreement should be amended or judicially interpreted as to render the fulfillment of the Agreement impossible or economically unfeasible, both TENNCARE and the CONTRACTOR will be discharged from further obligations created under the terms of the Agreement.

5.19 CONFLICT OF INTEREST

5.19.1 The CONTRACTOR warrants that no part of the total Agreement amount provided herein shall be paid directly, indirectly or through a parent organization, subsidiary or an affiliate organization to any state or federal officer or employee of the State of Tennessee or any immediate family member of a state or federal officer or employee of the State of Tennessee as wages, compensation, or gifts in exchange for acting as officer, agent, employee, subcontractor, or consultant to the CONTRACTOR in connection with any work contemplated or performed relative to this Agreement unless disclosed to the Commissioner, Tennessee Department of Finance and Administration. For purposes of Section 5.19 and its subparts of this contract, "immediate family member" shall mean a spouse or minor child(ren) living in the household.

5.19.1.1 Quarterly, by January 30, April 30, July 30, and October 30 each year, or at other times or intervals as designated by the Deputy Commissioner of the Bureau of TennCare, disclosure shall be made by the CONTRACTOR to the Deputy Commissioner of the Bureau of TennCare, Department of Finance and Administration in writing. The disclosure shall include, but not be limited to, the following:

- 5.19.1.1.1 A list of any state or federal officer or employee of the State of Tennessee as well as any immediate family member of a state or federal officer or employee of the State of Tennessee who receives wages or compensation from the CONTRACTOR; and
- 5.19.1.1.2 A statement of the reason or purpose for the wages or compensation.

The disclosures shall be made by the CONTRACTOR and reviewed by TENNCARE in accordance with Standard Operating Procedures and the disclosures shall be distributed to, amongst other persons, entities and organizations, the Commissioner, Tennessee Department of Finance and Administration, the Tennessee Ethics Commission, the TennCare Oversight Committee and the Fiscal Review Committee.

- 5.19.1.2 This Agreement may be terminated by TENNCARE and/or the CONTRACTOR may be subject to sanctions, including liquidated damages, under this Agreement if it is determined that the CONTRACTOR, its agents or employees offered or gave gratuities of any kind to any state or federal officials or employees of the State of Tennessee or any immediate family member of a state or federal officer or employee of the State of Tennessee if the offering or giving of said gratuity is in contravention or violation of state or federal law. It is understood by and between the parties that the failure to disclose information as required under Section 5.19 of this Agreement may result in termination of this Agreement and the CONTRACTOR may be subject to sanctions, including liquidated damages in accordance with Section 5.20 of this Agreement. The CONTRACTOR certifies that no member of or delegate of Congress, the United States General Accounting Office, DHHS, CMS, or any other federal agency has or will benefit financially or materially from this Agreement.

- 5.19.2 The CONTRACTOR shall include language in all subcontracts and provider agreements and any and all agreements that result from this Agreement between CONTRACTOR and TENNCARE to ensure that it is maintaining adequate internal controls to detect and prevent conflicts of interest from occurring at all levels of the organization. Said language may make applicable the provisions of Section 5.19 to all subcontracts, provider agreements and all agreements that result from the Agreement between the CONTRACTOR and TENNCARE.

5.20 FAILURE TO MEET AGREEMENT REQUIREMENTS

It is acknowledged by TENNCARE and the CONTRACTOR that in the event of CONTRACTOR's failure to meet the requirements provided in this Agreement and all documents incorporated herein, TENNCARE will be harmed. The actual damages which TENNCARE will sustain in the event of and by reason of such failure are uncertain, are extremely difficult and impractical to ascertain and determine. The parties therefore acknowledge that the CONTRACTOR shall be subject to damages and/or sanctions as described below. It is further agreed that the CONTRACTOR shall pay TENNCARE liquidated damages as directed by TENNCARE; provided however, that if it is finally determined that the CONTRACTOR would have been able to meet the Agreement requirements listed below but for TENNCARE's failure to perform as provided in this Agreement, the CONTRACTOR shall not be liable for damages resulting directly therefrom.

5.20.1 Intermediate Sanctions

- 5.20.1.1 TENNCARE may impose any or all of the sanctions as described in this Section upon TENNCARE's reasonable determination that the CONTRACTOR failed to comply with any corrective action plan (CAP) as described under Section 2.25.11 or Section 2.23.13 of this Agreement, or is otherwise deficient in the performance of its obligations under the Agreement, which shall include, but may not be limited to the following:
 - 5.20.1.1.1 Fails substantially to provide medically necessary covered services;
 - 5.20.1.1.2 Imposes on members cost sharing responsibilities that are in excess of the cost sharing permitted by TENNCARE;
 - 5.20.1.1.3 Acts to discriminate among enrollees on the basis of their health status or need for health care services;
 - 5.20.1.1.4 Misrepresents or falsifies information that it furnishes to CMS or to the State;
 - 5.20.1.1.5 Misrepresents or falsifies information that it furnishes to a member, potential member, or provider;
 - 5.20.1.1.6 Fails to comply with the requirements for physician incentive plans, as required by 42 CFR 438.6(h) and set forth (for Medicare) in 42 CFR 422.208 and 422.210;
 - 5.20.1.1.7 Has distributed directly, or indirectly through any agent or independent contractor, marketing or member materials that have not been approved by the State or that contain false or materially misleading information; and
 - 5.20.1.1.8 Has violated any of the other applicable requirements of Sections 1903(m) or 1932 of the Social Security Act and any implementing regulations.
- 5.20.1.2 TENNCARE shall only impose those sanctions it determines to be appropriate for the deficiencies identified. However, TENNCARE may impose intermediate sanctions on the CONTRACTOR simultaneously with the development and implementation of a corrective action plan if the deficiencies are severe and/or numerous. Intermediate sanctions may include:
 - 5.20.1.2.1 Liquidated damages as described in Section 5.20.2;
 - 5.20.1.2.2 Suspension of enrollment in the CONTRACTOR's MCO;
 - 5.20.1.2.3 Disenrollment of members;
 - 5.20.1.2.4 Limitation of the CONTRACTOR's service area;
 - 5.20.1.2.5 Civil monetary penalties as described in 42 CFR 438.704;
 - 5.20.1.2.6 Appointment of temporary management for an MCO as provided in 42 CFR 438.706;

- 5.20.1.2.7 Suspension of all new enrollment, including default enrollment, after the effective date of the sanction;
- 5.20.1.2.8 Suspension of payment for members enrolled after the effective date of the sanction and until CMS or the State is satisfied that the reason for imposition of the sanction no longer exists and is not likely to recur; or
- 5.20.1.2.9 Additional sanctions allowed under federal law or state statute or regulation that address areas of noncompliance.

5.20.2 **Liquidated Damages**

5.20.2.1 Reports and Deliverables

- 5.20.2.1.1 For each day that a report or deliverable is late, incorrect, or deficient, the CONTRACTOR shall be liable to TENNCARE for liquidated damages in the amount of one hundred dollars (\$100) per day per report or deliverable unless specified otherwise in this Section. Liquidated damages for late reports/deliverables shall begin on the first day the report/deliverable is late.
- 5.20.2.1.2 Liquidated damages for incorrect reports or deficient deliverables shall begin on the first day after the report/deliverable was due.
- 5.20.2.1.3 For the purposes of determining liquidated damages in accordance with this Section, reports or deliverables are due as specified elsewhere in this Agreement or by TENNCARE.

5.20.2.2 Program Issues

- 5.20.2.2.1 Liquidated damages for failure to perform specific responsibilities or requirements as described in this Agreement are shown in the chart below. Damages are grouped into three categories: **Level A**, **Level B**, and **Level C** program issues.
- 5.20.2.2.2 Failure to perform specific responsibilities or requirements categorized as **Level A** are those which pose a significant threat to patient care or to the continued viability of the TennCare program.
- 5.20.2.2.3 Failure to perform specific responsibilities or requirements categorized as **Level B** are those with pose threats to the integrity of the TennCare program, but which do not necessarily imperil patient care.
- 5.20.2.2.4 Failure to perform specific responsibilities or requirements categorized as **Level C** are those which represent threats to the smooth and efficient operation of the TennCare program but which do not imperil patient care or the integrity of the TennCare program.
- 5.20.2.2.5 TENNCARE may also assess liquidated damages for failure to meet performance standards as provided in Section 2.24.3, Attachment VII, and Attachment XI of this Agreement.

5.20.2.2.6 TENNCARE reserves the right to assess a general liquidated damage of five hundred dollars (\$500) per occurrence with any notice of deficiency.

5.20.2.2.7 *Liquidated Damages Chart*

LEVEL	PROGRAM ISSUES	DAMAGE
A.1	Failure to comply with claims processing as described in Section 2.22 of this Agreement	\$10,000 per month, for each month that TENNCARE determines that the CONTRACTOR is not in compliance with the requirements of Section 2.22 of this Agreement
A.2	Failure to comply with licensure and background check requirements in Section 2.29.2 and Attachment XI of this Agreement	\$5,000 per calendar day that staff/provider/driver/agent/subcontractor is not licensed or qualified as required by applicable state or local law plus the amount paid to the staff/provider/driver/agent/subcontractor during that period
A.3	Failure to respond to a request by DCS or TENNCARE to provide service(s) to a child in DCS custody or at risk of entering DCS custody	The actual amount paid by DCS and/or TENNCARE for necessary services or \$1,000, whichever is greater
A.4	Failure to comply with obligations and time frames in the delivery of TENNderCare screens and related services	The actual amount paid by DCS and/or TENNCARE for necessary services or \$1,000, whichever is greater
A.5	Denial of a request for services to a child in DCS custody or at risk of entering DCS custody when the services have been reviewed and authorized by the TENNCARE Chief Medical Officer	The actual amount paid by DCS and/or TENNCARE for necessary services or \$1,000, whichever is greater

LEVEL	PROGRAM ISSUES	DAMAGE
<p>A.6(a)</p>	<p>Failure to provide a service or make payments for a service within five (5) calendar days of a directive from TENNCARE (pursuant to an appeal) to do so, or upon approval of the service or payment by the CONTRACTOR during the appeal process, or within a longer period of time which has been approved by TENNCARE upon the CONTRACTOR's demonstration of good cause</p>	<p>\$500 per day beginning on the next calendar day after default by the CONTRACTOR in addition to the cost of the services not provided</p>
<p>A.6(b)</p>	<p>Failure to provide proof of compliance to TENNCARE within five (5) calendar days of a directive from TENNCARE or within a longer period of time which has been approved by TENNCARE upon the CONTRACTOR's demonstration of good cause</p>	<p>\$500 per day beginning on the next calendar day after default by the CONTRACTOR</p>
<p>A.7</p>	<p>Failure to comply with this Agreement and federal rules/law regarding Sterilizations/Abortions/Hysterectomies as outlined in Section 2.7.8 of this Agreement</p>	<p>\$500 per occurrence or the actual amount of the federal penalty created by the CONTRACTOR's failure to comply, whichever is greater</p>
<p>A.8</p>	<p>Failure to provide coverage for prenatal care without a delay in care and in accordance with Section 2.7.5 of this Agreement</p>	<p>\$500 per day, per occurrence, for each calendar day that care is not provided in accordance with the terms of this Agreement</p>

LEVEL	PROGRAM ISSUES	DAMAGE
A.9	Failure to provide continuation or restoration of services where enrollee was receiving the service as required by TENNCARE rules or regulations, applicable state or federal law, and all court orders and consent decrees governing appeal procedures as they become effective	An amount sufficient to at least offset any savings the CONTRACTOR achieved by withholding the services and promptly reimbursing the enrollee for any costs incurred for obtaining the services at the enrollee's expense \$500 per day for each calendar day beyond the 2 nd business day after an On Request Report regarding a member's request for continuation of benefits is sent by TENNCARE
A.10.(a)	Failure to comply with the notice requirements of this Agreement, TennCare rules and regulations, and all court orders and consent decrees governing appeal procedures, as they become effective	\$500 per occurrence in addition to \$500 per calendar day for each calendar day required notices are late or deficient or for each calendar day beyond the required time frame that the appeal is unanswered in each and every aspect and/or each day the appeal is not handled according to the provisions set forth by this Agreement or required by TENNCARE \$1,000 per occurrence if the notice remains defective plus a per calendar day assessment in increasing increments of \$500 (\$500 for the first day, \$1,000 for the second day, \$1,500 for the third day, etc.) for each day the notice is late and/or remains defective
A.10.(b)	Failure to submit a timely corrected notice of adverse action to TENNCARE for review and approval prior to issuance to the member	
A.11	Failure to forward an expedited appeal to TENNCARE in twenty-four (24) hours or a standard appeal in five (5) days	\$500 per calendar day
A.12	Failure to provide complete documentation, including medical records, and comply with the timelines for responding to a medical appeal as set forth in TennCare rules and regulations and all court orders and consent decrees governing appeals procedures as they become effective	\$500 per calendar day for each calendar day beyond the required time frame that the appeal is unanswered in each and every aspect and/or each day the appeal is not handled according to the provisions set forth by this Agreement or required by TENNCARE

LEVEL	PROGRAM ISSUES	DAMAGE
A.13	Per the Revised Grier Consent Decree, “Systemic problems or violations of the law” (e.g., a failure in 20% or more of appealed cases over a 60-day period) regarding any aspect of medical appeals processing pursuant to TennCare rules and regulations and all court orders and consent decrees governing appeal procedures, as they become effective	<p>First occurrence: \$500 per instance of such “systemic problems or violations of the law”, even if damages regarding one or more particular instances have been assessed (in the case of “systemic problems or violations of the law” relating to notice content requirements, \$500 per notice even if a corrected notice was issued upon request by TENNCARE)</p> <p>Damages per instance shall increase in \$500 increments for each subsequent “systemic problem or violation of the law” (\$500 per instance the first time a “systemic problem or violation of the law” relating to a particular requirement is identified; \$1,000 per instance for the 2nd time a “systemic problem or violation of the law” relating to the same requirement is identified; etc.)</p>
A.14	Failure to (1) provide an approved service timely, i.e., in accordance with timelines specified in this Agreement, or when not specified therein, with reasonable promptness; or (2) issue appropriate notice of delay with documentation upon request of ongoing diligent efforts to provide such approved service	The cost of services not provided plus \$500 per day, per occurrence, for each day (1) that approved care is not provided timely; or (2) notice of delay is not provided and/or the CONTRACTOR fails to provide upon request sufficient documentation of ongoing diligent efforts to provide such approved service
A.15	Failure to acknowledge or act timely upon a request for prior authorization in accordance with TennCare rules and regulations	The cost of services not provided plus \$500 per day, per occurrence, for each day that it is determined the CONTRACTOR failed to acknowledge or act timely upon a request for prior authorization in accordance with TennCare rules and regulations

LEVEL	PROGRAM ISSUES	DAMAGE
A.16	Failure to comply with the timeframes for developing and approving a plan of care for transitioning CHOICES members in CHOICES Group 2, authorizing and initiating nursing facility services for transitioning members in CHOICES Group 1, or initiating long-term care services for CHOICES members (see Sections 2.9.2, 2.9.3, and 2.9.6)	<p>\$5,000 per month that the CONTRACTOR's performance is 85-89% by service setting (nursing facility or HCBS)</p> <p>\$10,000 per month that the CONTRACTOR's performance is 80-84% by service setting (nursing facility or HCBS)</p> <p>\$15,000 per month that the CONTRACTOR's performance is 75-79% by service setting (nursing facility or HCBS)</p> <p>\$20,000 per month that the CONTRACTOR's performance is 70-74% by service setting (nursing facility or HCBS)</p> <p>\$25,000 per month that the CONTRACTOR's performance is 69% or less by service setting (nursing facility or HCBS)</p>
A.17	Failure to meet the performance standards established by TENNCARE regarding missed visits for personal care, attendant care, homemaker, or home-delivered meals (referred to herein as "specified HCBS") for members in CHOICES Group 2 or 3	<p>\$5,000 per month that 11-15% of visits are missed for a reason attributable to the provider (provider initiated), by specified HCBS</p> <p>\$10,000 per month that 16-20% of visits are missed for a reason attributable to the provider (provider initiated), by specified HCBS</p> <p>\$15,000 per month that 21-25% of visits are missed for a reason attributable to the provider (provider initiated), by specified HCBS</p> <p>\$20,000 per month that 26-30% of visits are missed for a reason attributable to the provider (provider initiated), by specified HCBS</p> <p>\$25,000 per month that 31% or more of visits are missed for a reason attributable to the provider (provider initiated), by specified HCBS</p>
B.1	Failure to provide referral provider listings to PCPs as required by Section 2.14.3.5 of this Agreement	\$500 per calendar day
B.2	Failure to complete or comply with corrective action plans as required by TENNCARE	\$500 per calendar day for each day the corrective action is not completed or complied with as required
B.3	Failure to submit Audited HEDIS and CAHPS results annually by June 15 as described in Sections 2.15.5 and 2.15.6	\$250 per day for every calendar day reports are late
B.4	Failure to submit NCQA Accreditation Report as described in Section 2.15.5	\$500 per day for every calendar day beyond the 10 th calendar day Accreditation Status is not reported

LEVEL	PROGRAM ISSUES	DAMAGE
B.5	Failure to comply with Conflict of Interest, Lobbying, and/or Gratuities requirements described in Section 5.19, 5.23, or 5.24, or 2.12.9.48	110% of the total amount of compensation paid by the CONTRACTOR to inappropriate individuals
B.6	Failure to disclose Lobbying Activities and/or quarterly conflict of interest disclosure as required by Section 5.24, 5.19, or 2.12.9.48	\$1,000 per day that disclosure is late
B.7	Failure to obtain approval of member materials as required by Section 2.17 of this Agreement	\$500 per day for each calendar day that TENNCARE determines the CONTRACTOR has provided member material that has not been approved by TENNCARE
B.8	Failure to comply with time frames for providing Member Handbooks, I.D. cards, Provider Directories, Quarterly Member Newsletters, and CHOICES member education materials as required in Section 2.17	\$5,000 for each occurrence
B.9	If the CONTRACTOR knew or should have known that a member has not received long-term care services for thirty (30) days or more, failure to report on that member in accordance with Section 2.30.10.5 (see also Section 2.6.1.5.7)	For each member, an amount equal to the administrative fee prorated for the period of time in which the member did not receive long-term care services
B.10	Failure to achieve and/or maintain financial requirements in accordance with TCA	\$500 per calendar day for each day that financial requirements have not been met
B.11	Failure to submit the CONTRACTOR's annual NAIC filing as described in Section 2.30.15.3	\$500 per calendar day
B.12	Failure to submit the CONTRACTOR's quarterly NAIC filing as described in Section 2.30.15.3	\$500 per calendar day

LEVEL	PROGRAM ISSUES	DAMAGE
B.13	Failure to submit audited financial statements as described in Section 2.30.15.3	\$500 per calendar day
B.14	Failure to comply with fraud and abuse provisions as described in Section 2.20 of this Agreement	\$500 per calendar day for each day that the CONTRACTOR does not comply with fraud and abuse provisions
B.15	Failure to send collection notices to providers as described in Section 2.30.9.6 of this Agreement	\$100 per provider notice per month
B.16	Failure to send detailed reports to TENNCARE as described in Sections 2.30.9.7 through 2.30.9.10 of this Agreement	\$500 per day for each day that report is late
B.17	Failure to require and ensure compliance with Ownership and Disclosure requirements as required in Section 2.12.9.60 of this Agreement	\$5,000 per provider disclosure/attestation for each disclosure/attestation that is not received or is received and signed by a provider that does not request or contain complete and satisfactory disclosure of the requirements outlined in 42 CFR 455, Subpart B
B.18	Failure to maintain a complaint and appeal system as required in Section 2.19 of this Agreement	\$500 per calendar day
B.19	Failure to comply with the timeframe for resolving complaints (see Section 2.19.2)	\$1,000 per month that the CONTRACTOR's performance is 85-89% \$2,000 per month that the CONTRACTOR's performance is 80-84% \$3,000 per month that the CONTRACTOR's performance is 75-79% \$4,000 per month that the CONTRACTOR's performance is 70-74% \$5,000 per month that the CONTRACTOR's performance is 69% or less
B.20	Failure to maintain required insurance as required in Section 2.21.8 of this Agreement	\$500 per calendar day

Amendment Number 22 (cont.)

LEVEL	PROGRAM ISSUES	DAMAGE
B.21	Failure to provide a written discharge plan or provision of a defective discharge plan for discharge from a psychiatric inpatient facility or mental health residential treatment facility as required in Section 2.9.9.3.2 of this Agreement	\$1,000 per occurrence per case
B.22	Imposing arbitrary utilization guidelines or other quantitative coverage limits as prohibited in Section 2.6.3 and 2.14.1 of this Agreement	\$500 per occurrence
B.23	Failure to provide CRG/TPG assessments within the time frames specified in Section 2.7.2.9 of this Agreement	\$500 per month per Enrollee
B.24	Failure to provide CRG/TPG assessments by TDMHDD-certified raters or in accordance with TDMHDD policies and procedures as required in Section 2.7.2.9 of this Agreement	\$500 per occurrence per case
B.25	Failure to meet any timeframe regarding care coordination for CHOICES members (see Sections 2.9.2, 2.9.3, and 2.9.6) other than the timeframes referenced in A.16 or A.17	\$1,000 per month for each timeframe that the CONTRACTOR's performance is 85-89% \$2,000 per month for each timeframe that the CONTRACTOR's performance is 80-84% \$3,000 per month for each timeframe that the CONTRACTOR's performance is 75-79% \$4,000 per month for each timeframe that the CONTRACTOR's performance is 70-74% \$5,000 per month for each timeframe that the CONTRACTOR's performance is 69% or less

LEVEL	PROGRAM ISSUES	DAMAGE
B.26	Failure to completely process a credentialing application within thirty (30) calendar days of receipt of a completed application, including all necessary documentation and attachments, and signed provider agreement/contract as required in Section 2.11.8 of this Agreement	<p>\$5,000 per application that has not been approved and loaded into the CONTRACTOR's system or denied within thirty (30) calendar days of receipt of a completed credentialing application and a signed provider agreement/contract if applicable</p> <p>And/Or</p> <p>\$1,000 per application per day for each day beyond thirty (30) calendar days that a completed credentialing application has not been processed as described in Section 2.11.8 of this Agreement</p>
B.27	Failure to maintain provider agreements in accordance with Section 2.12 and Attachment XI of this Agreement	\$5,000 per provider agreement found to be non-compliant with the requirements outlined in this Agreement
B.28	Failure to comply with the requirements regarding an agreement to audit accounts (Section 2.21.11)	\$1,500 for each day after December 1 of each year that the fully executed agreement for audit accounts is not submitted or for each day after December 1 of each year that the fully executed agreement does not include the required language
C.1	Failure to comply in any way with staffing requirements as described in Section 2.29.1 of this Agreement	\$250 per calendar day for each day that staffing requirements are not met
C.2	Failure to report provider notice of termination of participation in the CONTRACTOR's MCO	\$250 per day
C.3	Failure to comply in any way with encounter data submission requirements as described in Section 2.23 of this Agreement (excluding the failure to address or resolve problems with individual encounter records in a timely manner as required by TENNCARE)	\$25,000 per occurrence
C.4	Failure to address or resolve problems with individual encounter records in a timely manner as required by TENNCARE	An amount equal to the paid amount of the individual encounter record(s) that was rejected or, in the case of capitated encounters, the fee-for-service equivalent thereof as determined by TENNCARE

LEVEL	PROGRAM ISSUES	DAMAGE
C.5	Failure to reimburse the first MCO within thirty (30) calendar days of receipt of a properly documented request for a misaligned newborn in accordance with Section 2.4.9.5	\$1,000 per day for each day beyond thirty (30) calendar days of receipt of a properly documented request in addition to a one time assessment of \$5,000 per occurrence
C.6	Failure to comply with the requirements regarding documentation for CHOICES members (see Section 2.9.6)	\$500 per plan of care for members in CHOICES Group 2 or 3 that does not include all of the required elements \$500 per member file that does not include all of the required elements \$500 per face-to-face visit where the care coordinator fails to document the specified observations
C.7	Failure to submit a Provider Enrollment File that meets TENNCARE's specifications (see Section 2.30.7.1)	\$250 per day after the due date that the Provider Enrollment File fails to meet TENNCARE's specifications

5.20.2.3 Payment of Liquidated Damages

5.20.2.3.1 It is further agreed by TENNCARE and the CONTRACTOR that any liquidated damages assessed by TENNCARE shall be due and payable to TENNCARE within thirty (30) calendar days after CONTRACTOR receipt of the notice of damages. If payment is not made by the due date, said liquidated damages may be withheld from future administrative payments by TENNCARE without further notice. It is agreed by TENNCARE and the CONTRACTOR that the collection of liquidated damages by TENNCARE shall be made without regard to any appeal rights the CONTRACTOR may have pursuant to this Agreement; however, in the event an appeal by the CONTRACTOR results in a decision in favor of the CONTRACTOR, any such funds withheld by TENNCARE will be immediately returned to the CONTRACTOR. Any cure periods referenced in this Agreement shall not apply to the liquidated damages described in this Section. With respect to **Level B** and **Level C** program issues (failure to perform responsibilities or requirements), the due dates mentioned above may be delayed if the CONTRACTOR can show good cause as to why a delay should be granted. TENNCARE has sole discretion in determining whether good cause exists for delaying the due dates.

5.20.2.3.2 Liquidated damages as described in Section 5.20.2 shall not be passed to a provider and/or subcontractor unless the damage was caused due to an action or inaction of the provider and/or subcontractor. Nothing described herein shall prohibit a provider and/or a subcontractor from seeking judgment before an appropriate court in situations where it is unclear that the provider and/or the subcontractor caused the damage by an action or inaction.

5.20.2.3.3 All liquidated damages imposed pursuant to this Agreement, whether paid or due, shall be paid by the CONTRACTOR out of administrative and management costs and profits.

5.20.2.4 Application of Liquidated Damages for CHOICES

5.20.2.4.1 Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the liquidated damages in Section 5.20.2 specific to CHOICES Group 2 and/or 3, as determined by TENNCARE, will not apply. When directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, all of the liquidated damages in Section 5.20.2 shall apply.

5.20.2.4.2 In applying liquidated damages related to care coordination timeframes (see A.16 and B.25), HCBS missed visits (see A.17), and the CHOICES Utilization Report (see B.9) TENNCARE may take into consideration whether, as determined by TENNCARE, the CONTRACTOR promptly remedied a deficiency and/or a deficiency was due to circumstances beyond the CONTRACTOR's control. Such consideration shall be based on information provided by the CONTRACTOR in the applicable report (see Section 2.30) and/or additional information submitted by the CONTRACTOR as requested by TENNCARE.

5.20.2.5 Waiver of Liquidated Damages

TENNCARE may waive the application of liquidated damages upon the CONTRACTOR if the CONTRACTOR is placed in rehabilitation or under administrative supervision if TENNCARE determines that such waiver is in the best interests of the TennCare program and its enrollees.

5.20.3 Claims Processing Failure

If it is determined that there is a claims processing deficiency related to the CONTRACTOR's ability/inability to reimburse providers in a reasonably timely and accurate fashion as required by Section 2.22, TENNCARE shall provide a notice of deficiency and request corrective action. The CONTRACTOR may also be subject to the application of liquidated damages and/or intermediate sanctions specified in Sections 5.20.1 and 5.20.2. If the CONTRACTOR is unable to successfully implement corrective action and demonstrate adherence with timely claims processing requirements within the time approved by TENNCARE, the State may terminate this Agreement in accordance with Section 5.4 of this Agreement.

5.20.4 Failure to Manage Medical Costs

If TENNCARE determines the CONTRACTOR is unable to successfully manage costs for covered services, TENNCARE may terminate this Agreement with ninety (90) calendar days advance notice in accordance with Section 5.4 of this Agreement.

5.20.5 Sanctions by CMS

Payments provided for under this Agreement will be denied for new enrollees when, and for so long as, payment for those enrollees is denied by CMS in accordance with the requirements in 42 CFR 438.730.

5.20.6 Temporary Management

TENNCARE may impose temporary management if it finds that the CONTRACTOR has repeatedly failed to meet substantive requirements in Section 1903(m) or Section 1932 of the Social Security Act.

5.21 MODIFICATION AND AMENDMENT

Renegotiation procedures and criteria for amending this Agreement shall be as follows:

- a. For good cause, only at the end of the contract period; and
- b. For modification(s) during the contract period, if circumstances warrant.

This Agreement may be amended at anytime as provided in this paragraph. This Agreement shall be amended automatically without action by the parties whenever required by changes in state and federal law or regulations. No other modification or change of any provision of the Agreement shall be made or construed to have been made unless such modification is mutually agreed to in writing by the CONTRACTOR and TENNCARE and incorporated as a written amendment to this Agreement prior to the effective date of such modification or change.

5.22 TITLES/HEADINGS

Titles of paragraphs or section headings used herein are for the purpose of facilitating use or reference only and shall not be construed to infer a contractual construction of language.

5.23 OFFER OF GRATUITIES

By signing this Agreement, the CONTRACTOR certifies that no member of or a delegate of Congress, nor any elected or appointed official or employee of the State of Tennessee, the United States General Accounting Office, United States Department of Health and Human Services, CMS, or any other federal agency has or will benefit financially or materially due to influence in obtaining this Agreement. This Agreement may be terminated by TENNCARE if it is determined that gratuities of any kind were offered to or received by any of the aforementioned officials or employees from the CONTRACTOR or the CONTRACTOR's agent or employees.

5.24 LOBBYING

5.24.1 The CONTRACTOR certifies by signing this Agreement, to the best of its knowledge and belief, that federal funds have not been used for lobbying in accordance with 45 CFR Part 93 and 31 USC 1352.

5.24.2 The CONTRACTOR shall disclose any lobbying activities using non-federal funds in accordance with 45 CFR Part 93.

5.25 ATTORNEY'S FEES

In the event that either party deems it necessary to take legal action to enforce any provision of this Agreement, and TENNCARE prevails, the CONTRACTOR agrees to pay all expenses of such action, including attorney's fees and cost of all state litigation as may be set by the court or hearing officer. Legal actions are defined to include administrative proceedings.

5.26 GOVERNING LAW AND VENUE

5.26.1 This Agreement shall be governed by and construed in accordance with the laws of the State of Tennessee. The CONTRACTOR agrees that it will be subject to the exclusive jurisdiction of the courts of the State of Tennessee in actions that may arise under this Agreement.

5.26.2 For purposes of any legal action occurring as a result of or under this Agreement between the CONTRACTOR and TENNCARE, the place of proper venue shall be Davidson County, Tennessee.

5.27 ASSIGNMENT

This Agreement and the monies that may become due hereunder are not assignable by the CONTRACTOR except with the prior written approval of TENNCARE.

5.28 INDEPENDENT CONTRACTOR

It is expressly agreed that the CONTRACTOR and any subcontractors or providers, and agents, officers, and employees of the CONTRACTOR or any subcontractors or providers, in the performance of this Agreement shall act in an independent capacity and not as agents, officers and employees of TENNCARE or the State of Tennessee. It is further expressly agreed that this Agreement shall not be construed as a partnership or joint venture between the CONTRACTOR or any subcontractor or provider and TENNCARE and the State of Tennessee.

5.29 FORCE MAJEURE

TENNCARE shall not be liable for any excess administrative cost to the CONTRACTOR for TENNCARE's failure to perform the duties required by this Agreement if such failure arises out of causes beyond the control and without the result of fault or negligence on the part of TENNCARE. In all cases, the failure to perform must be beyond the control without the fault or negligence of TENNCARE. The CONTRACTOR shall not be liable for performance of the duties and responsibilities of this Agreement when its ability to perform is prevented by causes beyond its control. These acts must occur without the fault or negligence of the CONTRACTOR. Such acts include destruction of the facilities due to hurricanes, fires, war, riots, and other similar acts. However, in the event of damage to its facilities, the CONTRACTOR shall be responsible for ensuring swift correction of the problem so as to enable it to continue its responsibility for the delivery of covered services. The failure of the CONTRACTOR's fiscal intermediary to perform any requirements of this Agreement shall not be considered a 'force majeure'.

5.30 VOLUNTARY BUYOUT PROGRAM

5.30.1 The CONTRACTOR acknowledges and understands that, for a period of two years beginning August 16, 2008, restrictions are imposed on former state employees who received a State of Tennessee Voluntary Buyout Program (VBP) severance payment with regard to contracts with state agencies that participated in the VBP.

5.30.2 The State will not contract with either a former state employee who received a VBP severance payment or an entity in which a former state employee who received a VBP severance payment or the spouse of such an individual holds a controlling financial interest.

- 5.30.3 The State may contract with an entity with which a former state employee who received a VBP severance payment is an employee or an independent contractor. Notwithstanding the foregoing, the CONTRACTOR understands and agrees that there may be unique business circumstances under which a return to work by a former state employee who received a VBP severance payment as an employee or an independent contractor of a State contractor would not be appropriate, and in such cases the State may refuse CONTRACTOR personnel. Inasmuch, it shall be the responsibility of the State to review CONTRACTOR personnel to identify any such issues.
- 5.30.4 With reference to either Section 5.30.2 or 5.30.3 above, the CONTRACTOR may submit a written request for a waiver of the VBP restrictions regarding a former state employee and a contract with a state agency that participated in the VBP. Any such request must be submitted to the State in the form of the *VBP Contracting Restriction Waiver Request* format available from the State and the Internet at: www.state.tn.us/finance/rds/ocr/waiver.html. The determination on such a request shall be at the sole discretion of the head of the state agency that is a Party to this Agreement, the Commissioner of Finance and Administration, and the Commissioner of Human Resources.

5.31 INDEMNIFICATION

- 5.31.1 The CONTRACTOR shall indemnify and hold harmless the State as well as its officers, agents, and employees (hereinafter the “Indemnified Parties”) from all claims, losses or suits incurred by or brought against the Indemnified Parties as a result of the failure of the CONTRACTOR to comply with the terms of this Agreement. The State shall give the CONTRACTOR written notice of each such claim or suit and full right and opportunity to conduct CONTRACTOR’s own defense thereof, together with full information and all reasonable cooperation; but the State does not hereby accord to the CONTRACTOR, through its attorneys, any right(s) to represent the State of Tennessee in any legal matter, such right being governed by TCA 8-6-106.
- 5.31.2 The CONTRACTOR shall indemnify and hold harmless the Indemnified Parties as well as their officers, agents, and employees from all claims or suits which may be brought against the Indemnified Parties for infringement of any laws regarding patents or copyrights which may arise from the CONTRACTOR’s or Indemnified Parties performance under this Agreement. In any such action, brought against the Indemnified Parties, the CONTRACTOR shall satisfy and indemnify the Indemnified Parties for the amount of any final judgment for infringement. The State shall give the CONTRACTOR written notice of each such claim or suit and full right and opportunity to conduct the CONTRACTOR’s own defense thereof, together with full information and all reasonable cooperation; but the State does not hereby accord to the CONTRACTOR, through its attorneys, any right(s) to represent the State of Tennessee in any legal matter, such right being governed by TCA 8-6-106.
- 5.31.3 While the State will not provide a contractual indemnification to the CONTRACTOR, such shall not act as a waiver or limitation of any liability for which the State may otherwise be legally responsible to the CONTRACTOR. The CONTRACTOR retains all of its rights to seek legal remedies against the State for losses the CONTRACTOR may incur in connection with the furnishing of services under this Agreement or for the failure of the State to meet its obligations under the Agreement.

5.32 NON-DISCRIMINATION

- 5.32.1 No person on the grounds of handicap, and/or disability, age, race, color, religion, beliefs, sex, or national origin, shall be excluded from participation in, except as specified in Section 2.3.5 of this

Agreement, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this Agreement or in the employment practices of the CONTRACTOR.

5.32.2 The CONTRACTOR shall upon request show proof of such non-discrimination.

5.32.3 The CONTRACTOR shall post notices of non-discrimination in conspicuous places, available to all employees and applicants.

5.33 CONFIDENTIALITY OF INFORMATION

5.33.1 The CONTRACTOR shall comply with all state and federal law regarding information security and confidentiality of information. In the event of a conflict among these requirements, the CONTRACTOR shall comply with the most restrictive requirement.

5.33.2 All material and information, regardless of form, medium or method of communication, provided to the CONTRACTOR by the State or acquired by the CONTRACTOR pursuant to this Agreement shall be regarded as confidential information in accordance with the provisions of state and federal law and ethical standards and shall not be disclosed, and all necessary steps shall be taken by the CONTRACTOR to safeguard the confidentiality of such material or information in conformance with state and federal law and ethical standards.

5.33.3 The CONTRACTOR shall ensure that all material and information, in particular information relating to members or potential members, which is provided to or obtained by or through the CONTRACTOR's performance under this Agreement, whether verbal, written, tape, or otherwise, shall be treated as confidential information to the extent confidential treatment is provided under state and federal laws. The CONTRACTOR shall not use any information so obtained in any manner except as necessary for the proper discharge of its obligations and securement of its rights under this Agreement and in compliance with federal and state law.

5.33.4 All information as to personal facts and circumstances concerning members or potential members obtained by the CONTRACTOR shall be treated as privileged communications, shall be held confidential, and shall not be divulged without the written consent of TENNCARE or the member/potential member, provided that nothing stated herein shall prohibit the disclosure of information in summary, statistical, or other form which does not identify particular individuals. The use or disclosure of information concerning members/potential members shall be limited to purposes directly connected with the administration of this Agreement and shall be in compliance with federal and state law.

5.34 PROHIBITION OF ILLEGAL IMMIGRANTS

5.34.1 The requirements of Public Acts of 2006, Chapter Number 878, of the state of Tennessee, addressing the use of illegal immigrants in the performance of any contract to supply goods or services to the state of Tennessee, shall be a material provision of this Agreement, a breach of which shall be grounds for monetary and other penalties, up to and including termination of this Agreement.

- 5.34.2 The CONTRACTOR hereby attests, certifies, warrants, and assures that the CONTRACTOR shall not knowingly utilize the services of an illegal immigrant in the performance of this Agreement and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant in the performance of this Agreement. The CONTRACTOR shall reaffirm this attestation, in writing, by submitting to the State a completed and signed copy of the document as Attachment X, hereto, semi-annually during the period of this Agreement. Such attestations shall be maintained by the CONTRACTOR and made available to state officials upon request.
- 5.34.3 Prior to the use of any subcontractor in the performance of this Agreement, and semi-annually thereafter, during the period of this Agreement, the CONTRACTOR shall obtain and retain a current, written attestation that the subcontractor shall not knowingly utilize the services of an illegal immigrant to perform work relative to this Agreement and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant to perform work relative to this Agreement. Attestations obtained from such subcontractors shall be maintained by the CONTRACTOR and made available to state officials upon request.
- 5.34.4 The CONTRACTOR shall maintain records for all personnel used in the performance of this Agreement. Said records shall be subject to review and random inspection at any reasonable time upon reasonable notice by the State.
- 5.34.5 The CONTRACTOR understands and agrees that failure to comply with this Section will be subject to the sanctions of Public Chapter 878 of 2006 for acts or omissions occurring after its effective date. This law requires the Commissioner of Finance and Administration to prohibit a contractor from contracting with, or submitting an offer, proposal, or bid to contract with the State of Tennessee to supply goods or services for a period of one year after a contractor is discovered to have knowingly used the services of illegal immigrants during the performance of this Agreement.
- 5.34.6 For purposes of this Agreement, "illegal immigrant" shall be defined as any person who is not either a United States citizen, a Lawful Permanent Resident, or a person whose physical presence in the United States is authorized or allowed by the federal Department of Homeland Security and who, under federal immigration laws and/or regulations, is authorized to be employed in the U.S. or is otherwise authorized to provide services under the Agreement.

5.35 TENNESSEE CONSOLIDATED RETIREMENT SYSTEM

The CONTRACTOR acknowledges and understands that, subject to statutory exceptions contained in TCA 8-36-801, *et seq.*, the law governing the Tennessee Consolidated Retirement System (TCRS), provides that if a retired member of TCRS, or of any superseded system administered by TCRS, or of any local retirement fund established pursuant to TCA, Title 8, Chapter 35, Part 3 accepts state employment, the member's retirement allowance is suspended during the period of the employment. Accordingly and notwithstanding any provision of this Agreement to the contrary, the CONTRACTOR agrees that if it is later determined that the true nature of the working relationship between the CONTRACTOR and the State under this Agreement is that of "employee/employer" and not that of an independent contractor, the CONTRACTOR may be required to repay to TCRS the amount of retirement benefits the CONTRACTOR received from TCRS during the period of this Agreement.

5.36 ACTIONS TAKEN BY THE TENNESSEE DEPARTMENT OF COMMERCE AND INSURANCE

The parties acknowledge that the CONTRACTOR is licensed to operate as a health maintenance organization in the State of Tennessee, and is subject to regulation and supervision by TDCI. The parties acknowledge that no action by TDCI to regulate the activities of the CONTRACTOR as a health maintenance organization, including, but not limited to, examination, entry of a remedial order pursuant to TCA 56-9-101, *et seq.*, and regulations promulgated thereunder, supervision, or institution of delinquency proceedings under state law, shall constitute a breach of this Agreement by TENNCARE.

5.37 FEDERAL ECONOMIC STIMULUS FUNDING

This Agreement requires the CONTRACTOR to provide products and/or services that are funded in whole or in part under the American Recovery and Reinvestment Act of 2009, Public Law 111-5 (Recovery Act). The CONTRACTOR is responsible for ensuring that all applicable requirements of the Recovery Act are met and that the CONTRACTOR provides information to the State as required by, but not limited to, the following:

5.37.1 The Recovery Act, including but not limited to the following sections of that Act:

5.37.1.1 Section 1606 – Wage Rate Requirements.

5.37.1.2 Section 1512 – Reporting and Registration Requirements.

5.37.1.3 Sections 902, 1514, and 1515 – General Accounting Office/Inspector General Access.

5.37.1.4 Section 1553 – Whistleblower Protections.

5.37.1.5 Section 1605 – Buy American Requirements for Construction Material.

5.37.2 Executive Office of the President, Office of Management and Budget (OMB) Guidelines as posted at http://www.whitehouse.gov/omb/recovery_default/, as well as OMB Circulars, including but not limited to A-102 and A-133 as posted at http://www.whitehouse.gov/omb/financial_offm_circulars/.

5.37.3 Federal Grant Award Documents.

5.37.4 Office of Tennessee Recovery Act Management Directives.

5.38 EFFECT OF THE FEDERAL WAIVER ON THIS AGREEMENT

The provisions of this Agreement are subject to the receipt of and continuation of a federal waiver granted to the State of Tennessee by the Centers for Medicare & Medicaid Services, U.S. Department of Health and Human Services. Should the waiver cease to be effective, the State shall have the right to immediately terminate this Agreement. Said termination shall not be a breach of this Agreement by TENNCARE and TENNCARE shall not be responsible to the CONTRACTOR or any other party for any costs, expenses, or damages occasioned by said termination.

5.39 TENNCARE FINANCIAL RESPONSIBILITY

Notwithstanding any provision which may be contained herein to the contrary, TENNCARE shall be responsible solely to the CONTRACTOR for the amount described herein and in no event shall TENNCARE be responsible, either directly or indirectly, to any subcontractor or any other party who may provide the services described herein.

46. Section 6 shall be deleted in its entirety including all references thereto.

47. Attachment I shall be amended by deleting Attachment I in its entirety and replacing it with the following and renumbering all references thereto:

**ATTACHMENT I
BEHAVIORAL HEALTH SPECIALIZED SERVICE DESCRIPTIONS**

The CONTRACTOR shall provide medically necessary mental health case management and psychiatric rehabilitation services according to the requirements herein.

SERVICE	Mental Health Case Management
----------------	--------------------------------------

DEFINITION

Mental health case management is a supportive service provided to enhance treatment effectiveness and outcomes with the goal of maximizing resilience and recovery options and natural supports for the individual. Mental health case management is consumer-centered, consumer focused and strength-based, with services provided in a timely, appropriate, effective, efficient and coordinated fashion. It consists of activities performed by a team or a single mental health case manager to support clinical services. Mental health case managers assist in ensuring the individual/family access to services.

Mental health case management requires that the mental health case manager and the individual and/or family have a strong productive relationship which includes viewing the individual/family as a responsible partner in identifying and obtaining the necessary services and resources. Services rendered to children and youth shall be consumer-centered and family-focused with case managers working with multiple systems (e.g. education, child welfare, juvenile justice). Mental health case management is provided in community settings, which are accessible and comfortable to the individual/family. The service should be rendered in a culturally competent manner and be outcome driven. Mental health case management shall be available 24 hours a day, 7 days a week. The service is not time limited and provides the individual/family the opportunity to improve their quality of life.

The CONTRACTOR shall ensure mental health case management is rendered in accordance with all of the service components and guidelines herein.

SERVICE DELIVERY

The CONTRACTOR shall:

- Determine caseload size based on an average number of individuals per case manager, with the expectation being that case managers will have mixed caseloads of clients and flexibility between Levels 1 and 2 (Levels 1 and 2 are defined below); and
- Ensure that caseload sizes and minimum contacts are met as follows:

Case Management Type	Maximum Caseload Size	Minimum Face-to-Face Contacts
Level 1 (Non-Team Approach)*	25 individuals:1 case manager	One (1) contact per week
Level 1 (Team Approaches):		
Adult CTT	20 individuals:1 team 20 individuals:1 case manager	One (1) contact per week
Children & Youth (C&Y) CTT	15 individuals:1 team 15 individuals:1 case manager	One (1) contact per week
CCFT	15 individuals:1 team 15 individuals:1 case manager	One (1) contact per week
ACT	100 individuals:1 team 15 individuals:1 case manager	One (1) contact per week
PACT	100 individuals:1 team 15 individuals:1 case manager	One (1) contact per week
Level 2*	35 individuals:1 case manager	Two (2) contacts per month

*For case managers having a combination of Level 1 & Level 2 (non-team) individuals, the maximum caseload size shall be no more than 30 individuals:1 case manager.

The CONTRACTOR shall ensure that the following requirements are met:

- 1) All mental health case managers shall have, at a minimum, a bachelor's degree;
- 2) Supervisors shall maintain no greater than a 1:30 supervisory ratio with mental health case managers;
- 3) Mental health case managers who are assigned to both a parent(s) and child in the same family, should have skills and experience needed for both ages; mental health case managers who are assigned to individuals with co-occurring disorders (mental illness and substance abuse disorders) should have the skills and experience to meet the needs of these individuals;
- 4) Eighty percent (80%) of all mental health case management services should take place outside the case manager's office;
- 5) The children and youth (C&Y) (under age eighteen (18)) mental health case management model shall provide a transition from C&Y services into adult services, including adult mental health case management services. The decision to serve an 18-year old youth via the C&Y case management system versus the adult system shall be a clinical one made by a provider. Transition from children's services, including mental health case management, shall be incorporated into the child's treatment plan; and
- 6) All mental health case management services shall be documented in a treatment plan. Mental health case management activities are correlated to expected outcomes and outcome achievement and shall be monitored, with progress being noted periodically in a written record.

Level 1

Level 1 mental health case management is the most intense level of service. It provides frequent and comprehensive support to individuals with a focus on recovery and resilience. The CONTRACTOR shall ensure the provision of level 1 mental health case management to the most severely disabled adults and emotionally disturbed children and youth, including individuals who are at high risk of future hospitalization or placement out of the home and require both community support and treatment interventions. Level 1 mental health case management can be rendered through a team approach or by

individual mental health case managers. Team approaches may include such models as ACT, CTT, CCFT and PACT, as described below:

Assertive Community Treatment (ACT)

ACT is a way of delivering comprehensive and effective services to adults diagnosed with severe mental illness and who have needs that have not been well met by traditional approaches to delivering services. The principles of ACT include:

- 1) Services targeted to a specific group of individuals with severe mental illness;
- 2) Treatment, support and rehabilitation services provided directly by the ACT team;
- 3) Sharing of responsibility between team members and individuals served by the team;
- 4) Small staff (all team staff including case managers) to individual ratios (approx. 1 to 10);
- 5) Comprehensive and flexible range of treatment and services;
- 6) Interventions occurring in community settings rather than in hospitals or clinic settings;
- 7) No arbitrary time limit on receiving services;
- 8) Individualized treatment, support and rehabilitation services;
- 9) Twenty-four (24) hour a day availability of services; and
- 10) Engagement of individuals in treatment and monitoring.

Continuous Treatment Team (CTT)

CTT is a coordinated team of staff (to include physicians, nurses, case managers, and other therapists as needed) who provide a range of intensive, integrated mental health case management, treatment, and rehabilitation services to adults and children and youth. The intent is to provide intensive treatment to families of children and youth with acute psychiatric problems in an effort to prevent removal from the home to a more restrictive level of care. An array of services are delivered in the home or in natural settings in the community, and are provided through a strong partnership with the family and other community support systems. The program provides services including crisis intervention and stabilization, counseling, skills building, therapeutic intervention, advocacy, educational services, medication management as indicated, school based counseling and consultation with teachers, and other specialized services deemed necessary and appropriate.

Comprehensive Child and Family Treatment (CCFT)

CCFT services are high intensity, time-limited services designed for children and youth to provide stabilization and deter the “imminent” risk of State custody for the individual. There is usually family instability and high-risk behaviors exhibited by the child/adolescent. CCFT services are concentrated on child, family, and parental/guardian behaviors and interaction. CCFT services are more treatment oriented and situation specific with a focus on short-term stabilization goals. The primary goal of CCFT is to reach an appropriate point of stabilization so the individual can be transitioned to a less intense outpatient service.

Program of Assertive and Community Treatment (PACT)

PACT is a service delivery model for providing comprehensive community-based treatment to adults with severe and persistent mental illness. It involves the use of a multi-disciplinary team of mental health staff organized as an accountable, mobile mental health agency or group of providers who function as a team interchangeably to provide the treatment, rehabilitation and support services persons with severe and/or persistent mental illnesses need to live successfully in the community.

Level 2

Level 2 mental health case management is a less intensive level of service than Level 1 and is focused on resilience and recovery. The CONTRACTOR shall ensure that level 2 mental health case management is provided to individuals whose symptoms are at least partially stabilized or reduced in order to allow treatment and rehabilitation efforts.

SERVICE COMPONENTS

The CONTRACTOR shall ensure that mental health case management incorporates the following service components:

Crisis Facilitation

Crisis facilitation is provided in situations requiring immediate attention/resolution for a specific individual or other person(s) in relation to a specific individual. It is the process of accessing and coordinating services for an individual in a crisis situation to ensure the necessary services are rendered during and following the crisis episode. Most crisis facilitation activities would involve face-to-face contact with the individual.

Assessment of Daily Functioning

Assessment of daily functioning involves the on-going monitoring of how an individual is coping with life on a day to day basis for the purposes of determining necessary services to maintain community placement and improve level of functioning. Most assessments of daily functioning are achieved by face-to-face contact with the individual in his or her natural environment.

Assessment/Referral/Coordination

Assessment/referral/coordination involves assessing the needs of the individual for the purposes of referral and coordination of services that will improve functioning and/or maintain stability in the individual's natural environment.

Mental Health Liaison

Mental health liaison services are offered to persons who are not yet assigned to mental health case management. It is a short-term service for the purposes of service referral and continuing care until other mental health services are initiated.

SERVICE	Psychiatric Rehabilitation
----------------	-----------------------------------

DEFINITION

Psychiatric rehabilitation is an array of consumer-centered recovery services designed to support the individual in the attainment or maintenance of his or her optimal level of functioning. These services are designed to capitalize on personal strengths, develop coping skills and strategies to deal with deficits and develop a supportive environment in which to function as independent as possible on the individual's recovery journey.

Services included under psychiatric rehabilitation are as follows.

SERVICE COMPONENTS

Psychosocial Rehabilitation

Psychosocial rehabilitation services utilize a comprehensive approach (mind, body, and spirit) to work with the whole person for the purposes of improving an individuals' functioning, promoting management of illness(s), and facilitating recovery. The goal of psychosocial rehabilitation is to support individuals as active and productive members of their communities. Individuals, in partnership with staff, form goals for skills development in the areas of vocational, educational, and interpersonal growth (e.g. household management, development of social support networks) that serve to maximize opportunities for successful community integration. Individuals proceed toward goal attainment at their own pace and may continue in the program at varying levels intensity for an indefinite period of time.

Supported Employment

Supported employment consists of a range of services to assist individuals to choose, prepare for, obtain, and maintain gainful employment that is based on individuals' preferences, strengths, and experiences. This service also includes a variety of support services to the individual, including side-by-side support on the job. These services may be integrated into a psychosocial rehabilitation center.

Peer Support

Peer support services allow individuals to direct their own recovery and advocacy process and are provided by persons who are or have been consumers of the behavioral health system and their family members and are Certified Peer Support Specialists. These services include providing assistance with more effectively utilizing the service delivery system (e.g. assistance in developing plans of care, accessing services and supports, partnering with professionals) or understanding and coping with the stressors of the person's illness through support groups, coaching, role modeling, and mentoring. Activities which promote socialization, recovery, self-advocacy, development of natural supports, and maintenance of community living skills are rendered so individuals can educate and support each other in the acquisition of skills needed to manage their illnesses and access resources within their communities. Services are often provided during the evening and weekend hours.

Illness Management & Recovery

Illness management and recovery services refers to a series of weekly sessions with trained mental health practitioners for the purpose of assisting individuals in developing personal strategies for coping with mental illness and promoting recovery.

Supported Housing

Supported housing services refers to services rendered at facilities that are staffed twenty-four (24) hours per day, seven (7) days a week with associated mental health staff supports for individuals who require

treatment services and supports in a highly structured setting. These mental health services are for persons with serious and/or persistent mental illnesses (SPMI) and are intended to prepare individuals for more independent living in the community while providing an environment that allows individuals to live in community settings. Given this goal, every effort should be made to place individuals in facilities near their families and other support systems and original areas of residence. Supported housing services are mental health services and do not include the payment of room and board.

**ATTACHMENT II
COST SHARING SCHEDULES**

**Non-Pharmacy Copayment Schedule Prior to January 1, 2010
(unless otherwise directed by TENNCARE)**

Poverty Level	Copayment Amounts
0% - 99%	\$0.00
100% - 199%	\$25.00, Hospital Emergency Room (waived if admitted) \$5.00, Primary Care Provider and Community Mental Health Agency Services Other Than Preventive Care \$15.00, Physician Specialists (including Psychiatrists) \$100.00, Inpatient Hospital Admission
200% and above	\$50.00, Hospital Emergency Room (waived if admitted) \$10.00, Primary Care Provider and Community Mental Health Agency Services Other Than Preventive Care \$25.00, Physician Specialists (including Psychiatrists) \$200.00, Inpatient Hospital Admission

**Non-Pharmacy Copayment Schedule Effective January 1, 2010
(unless otherwise directed by TENNCARE)**

Poverty Level	Copayment Amounts
0%-99%	\$0.00
100% - 199%	\$10.00, Hospital Emergency Room (waived if admitted) \$5.00, Primary Care Provider and Community Mental Health Agency Services Other Than Preventive Care \$5.00, Physician Specialists (including Psychiatrists) \$5.00, Inpatient Hospital Admission (waived if readmitted within 48 hours for the same episode)
200% and above	\$50.00, Hospital Emergency Room (waived if admitted) \$15.00, Primary Care Provider and Community Mental Health Agency Services Other Than Preventive Care \$20.00, Physician Specialists (including Psychiatrists) \$100.00, Inpatient Hospital Admission (waived if readmitted within 48 hours for the same episode)

The CONTRACTOR is specifically prohibited from waiving or discouraging TENNCARE enrollees from paying the amounts described in this attachment.

- 49. Attachment III shall be amended by deleting Attachment III in its entirety and replacing it with the following and renumbering all references thereto:**

**ATTACHMENT III
GENERAL ACCESS STANDARDS**

In general, contractors shall provide available, accessible, and adequate numbers of institutional facilities, service locations, service sites, professional, allied, and paramedical personnel for the provision of covered services, including all emergency services, on a 24-hour-a-day, 7-day-a-week basis. At a minimum, this shall include:

- Primary Care Physician or Extender:
 - (a) Distance/Time Rural: 30 miles or 30 minutes
 - (b) Distance/Time Urban: 20 miles or 30 minutes
 - (c) Patient Load: 2,500 or less for physician; one-half this for a physician extender.
 - (d) Appointment/Waiting Times: Usual and customary practice (see definition below), not to exceed 3 weeks from date of a patient's request for regular appointments and 48 hours for urgent care. Waiting times shall not exceed 45 minutes.
 - (e) Documentation/Tracking requirements:
 - + Documentation - Plans must have a system in place to document appointment scheduling times.
 - + Tracking - Plans must have a system in place to document the exchange of member information if a provider, other than the primary care provider (i.e., school-based clinic or health department clinic), provides health care.
- Specialty Care and Emergency Care: Referral appointments to specialists (e.g., specialty physician services, hospice care, home health care, substance abuse treatment, rehabilitation services, etc.) shall not exceed 30 days for routine care or 48 hours for urgent care. All emergency care is immediate, at the nearest facility available, regardless of contract. Waiting times shall not exceed 45 minutes.
- Hospitals
 - (a) Transport time will be the usual and customary, not to exceed 30 minutes, except in rural areas where access time may be greater. If greater, the standard needs to be the community standard for accessing care, and exceptions must be justified and documented to the State on the basis of community standards.
- General Optometry Services:
 - (a) Transport time will be the usual and customary, not to exceed 30 minutes, except in rural areas where community standards and documentation shall apply.

- (b) Appointment/Waiting Times: Usual and customary not to exceed 3 weeks for regular appointments and 48 hours for urgent care. Waiting times shall not exceed 45 minutes.
- Lab and X-Ray Services:
 - (a) Transport time will be the usual and customary, not to exceed 30 minutes, except in rural areas where community access standards and documentation will apply.
 - (b) Appointment/Waiting Times: Usual and customary not to exceed 3 weeks for regular appointments and 48 hours for urgent care. Waiting times shall not exceed 45 minutes.
- All other services not specified here shall meet the usual and customary standards for the community.

50. Attachment IV shall be amended by deleting Attachment IV in its entirety and replacing it with the following and renumbering all references thereto:

**ATTACHMENT IV
SPECIALTY NETWORK STANDARDS**

The CONTRACTOR shall adhere to the following specialty network requirements to ensure access and availability to specialists for all members (adults and children) who are not dually eligible for Medicare and TennCare (non-dual members). For the purpose of assessing specialty provider network adequacy, TENNCARE will evaluate the CONTRACTOR's provider network relative to the requirements described below. A provider is considered a "specialist" if he/she has a provider agreement with the CONTRACTOR to provide specialty services to members.

Access to Specialty Care

The CONTRACTOR shall ensure access to specialty providers (specialists) for the provision of covered services. At a minimum, this means that:

- (1) The CONTRACTOR shall have provider agreements with providers practicing the following specialties: Allergy, Cardiology, Dermatology, Endocrinology, Otolaryngology, Gastroenterology, General Surgery, Nephrology, Neurology, Neurosurgery, Oncology/Hematology, Ophthalmology, Orthopedics, Psychiatry (adult), Psychiatry (child and adolescent) and Urology; and
- (2) The following access standards are met:
 - Travel distance does not exceed 60 miles for at least 75% of non-dual members and
 - Travel distance does not exceed 90 miles for ALL non-dual members

Availability of Specialty Care

The CONTRACTOR shall provide adequate numbers of specialists for the provision of covered services to ensure adequate provider availability for its non-dual members. To account for variances in MCO enrollment size, the guidelines described in this Attachment have been established for determining the number of specialists with whom the CONTRACTOR must have a provider agreement. These are aggregate guidelines and are not age specific. To determine these guidelines the number of providers within each Grand Region was compared to the size of the population in each Grand Region. The

CONTRACTOR shall have a sufficient number of provider agreements with each type of specialist in each Grand Region served to ensure that the number of non-dual members per provider does not exceed the following:

Maximum Number of Non-Dual Members per Provider by Specialty

Specialty	Number of Non-Dual Members
Allergy & Immunology	100,000
Cardiology	20,000
Dermatology	40,000
Endocrinology	25,000
Gastroenterology	30,000
General Surgery	15,000
Nephrology	50,000
Neurology	35,000
Neurosurgery	45,000
Oncology/Hematology	80,000
Ophthalmology	20,000
Orthopedic Surgery	15,000
Otolaryngology	30,000
Psychiatry (adult)	25,000
Psychiatry (child & adolescent)	150,000
Urology	30,000

51. **Attachment V shall be amended by deleting Attachment V in its entirety and replacing it with the following and renumbering all references thereto:**

**ATTACHMENT V
ACCESS & AVAILABILITY FOR BEHAVIORAL HEALTH SERVICES**

The CONTRACTOR shall adhere to the following behavioral health network requirements to ensure access and availability to behavioral health services for all members (adults and children). For the purpose of assessing behavioral health provider network adequacy, TENNCARE will evaluate the CONTRACTOR’s provider network relative to the requirements described below. Providers serving adults will be evaluated separately from those serving children.

Access to Behavioral Health Services

The CONTRACTOR shall ensure access to behavioral health providers for the provision of covered services. At a minimum, this means that:

The CONTRACTOR shall have provider agreements with providers of the services listed in the table below and meet the geographic **and** time for admission/appointment requirements.

Service Type	Geographic Access Requirement	Maximum Time for Admission/ Appointment
Psychiatric Inpatient Hospital Services	Travel distance does not exceed 60 miles for at least 75% of members and does not exceed 90 miles for at least 90% of members	4 hours (emergency involuntary)/24 hours (involuntary)/24 hours (voluntary)
24 Hour Psychiatric Residential Treatment	Travel distance does not exceed 75 miles for at least 75% of ADULT members and does not exceed 150 miles for at least 90% of ADULT members ----- Travel distance does not exceed 60 miles for at least 75% of CHILD members and does not exceed 90 miles for at least 90% of CHILD members	Within 30 calendar days
Outpatient Non-MD Services	Travel distance does not exceed 30 miles for ALL members	Within 10 business days; if urgent, within 48 hours
Intensive Outpatient (may include Day Treatment (adult), Intensive Day Treatment (Children & Adolescent) or Partial Hospitalization)	Travel distance does not exceed 60 miles for at least 75% of members and does not exceed 90 miles for at least 90% of members	Within 10 business days; if urgent, within 48 hours
Inpatient Facility Services (Substance Abuse)	Travel distance does not exceed 60 miles for at least 75% of members and does not exceed 90 miles for at least 90% of members	Within 2 calendar days; for detoxification - within 4 hours in an emergency and 24 hours for non-emergency
24 Hour Residential Treatment Services (Substance Abuse)	Travel distance does not exceed 75 miles for at least 75% of members and does not exceed 120 miles for at least 90% of members	Within 10 business days
Outpatient Treatment Services (Substance Abuse)	Travel distance does not exceed 30 miles for ALL members	Within 10 business days; for detoxification – within 24 hours
Mental Health Case Management	Not subject to geographic access standards	Within 7 calendar days
Psychosocial Rehabilitation (may include Supported Employment, Illness Management & Recovery, or Peer Support)	Not subject to geographic access standards	Within 10 business days
Supported Housing	Travel distance does not exceed 60 miles for at least 75% of ADULT members and does not exceed 90 miles for at least 90% of ADULT members	Within 30 calendar days

Service Type	Geographic Access Requirement	Maximum Time for Admission/ Appointment
Crisis Services (Mobile)	Not subject to geographic access standards	Face-to-face contact within 1 hour for emergency situations and 4 hours for urgent situations

When the above standards are not met, an acceptable Corrective Action Plan will be requested which details the CONTRACTOR’s intended course of action to resolve any deficiency (ies) identified. The Bureau of TennCare will evaluate Corrective Action Plans and, at its sole discretion, determine network adequacy considering any alternate measures and documentation of unique market conditions.

At a minimum, providers for the following service types shall be reported on the Provider Enrollment File:

Service Type	Service Code(s) for use in position 330-331 of the Provider Enrollment File
Psychiatric Inpatient Hospital Services	Adult - 11, 79, 85 Child – A1 or H9
24 Hour Psychiatric Residential Treatment	Adult - 13, 81, 82 Child – A9, H1, or H2
Outpatient MD Services (Psychiatry)	Adult – 19 Child – B5
Outpatient Non-MD Services	Adult – 20 Child – B6
Intensive Outpatient/ Partial Hospitalization	Adult – 21, 23, 62 Child - B7, C2, C3
Inpatient Facility Services (Substance Abuse)	Adult – 15, 17 Child – A3, A5
24 Hour Residential Treatment Services (Substance Abuse)	Adult - 56 Child - F6
Outpatient Treatment Services (Substance Abuse)	Adult – 27 or 28 Child – D3 or D4
Mental Health Case Management	Adult - 31, 66, or 83 Child – C7, D7, G2, G6, or K1
Psychiatric Rehabilitation Services:	
Psychosocial Rehabilitation	42
Supported Employment	44
Peer Support	88
Illness Management & Recovery	91
Supported Housing	32 and 33
Crisis Services (Mobile)	Adult - 37, 38, 39 Child - D8, D9, E1

Crisis Respite	Adult – 40 Child – E2
Crisis Stabilization	Adult – 41

ATTACHMENT IX, EXHIBIT A - INTENTIONALLY LEFT BLANK

ATTACHMENT IX, EXHIBIT B - MENTAL HEALTH CASE MANAGEMENT REPORT

The *Mental Health Case Management Report* required in Section 2.30.4.2 shall include, at a minimum, the following data elements:

1. MCO ID number
2. Number and percentage of compliance for appointments scheduled within 7 calendar days of the date of discharge from psychiatric inpatient or residential treatment facility
3. Number and percentage of compliance for appointments occurring within 7 calendar days of the date of discharge from psychiatric inpatient or residential treatment facility, excluding member no shows, reschedules, and refusals
4. Number and percentage of appointment no shows
5. Number and percentage of appointment reschedules
6. Number and percentage of members meeting medical necessity for mental health case management and refusing the service
7. Data elements #2 - #6 broken down by mental health case management agency
8. DCS status

ATTACHMENT IX, EXHIBIT C - BEHAVIORAL HEALTH CRISIS RESPONSE REPORT

The *Behavioral Health Crisis Response Report* required in Section 2.30.4.4 shall include, at a minimum, the following data elements:

1. Total Telephone Contacts
2. Type of Call: Psychiatric Emergency
3. Type of Call: Urgent
4. Type of Call: Routine
5. Total Face-to-Face Contacts
6. Face-to-Face Type: Psychiatric Emergency
7. Face-to-Face Type: Urgent
8. Face-to-Face Type: Routine
9. Total Face-to-Face Contacts by Payor
10. Face-to-Face Payor Source: TennCare
11. Face-to-Face Payor Source: Medicare
12. Face-to-Face Payor Source: Commercial
13. Face-to-Face Payor Source: None
14. Total Face-to-Face Contacts by Location
15. Face-to-Face Location: Onsite at CMHA
16. Face-to-Face Location: ER
17. Face-to-Face Location: Other Offsite
18. Total Face-to-Face Contacts by Disposition
19. Disposition: Total Admitted to RMHI (acute)
20. # Admitted to RMHI Not Mandatory Pre-Screened
21. Disposition: Total Admitted to Other Inpt (acute) Includes Dual Dx
22. # Admitted To Other Inpt Not Mandatory Pre-Screened
23. GRAND TOTAL PSYCHIATRIC ADMISSIONS

Amendment Number 22 (cont.)

24. Disposition: Admitted to IP SA Treatment
25. Disposition: Referred to Lower Level OP Care
26. Disposition: Referred to Respite Services
27. Average time for Admission to Crisis Respite (only when admitted to respite)
28. Disposition: Referred to Other Services
29. Disposition: Assessed / No Need for Referral
30. Disposition: Consumers Refusing Referral
31. Total Number of Face-to-Face Contacts for C&A <18 yrs of age
32. Total Number of Face-to-Face Contacts for C&A 18 to <21 yrs of age
33. Total Number of Face-to-Face Contacts for Adults 21 yrs and older
34. Total Number of Behavioral Health Providers notified of Crisis (only if consumer has a provider)
35. Average Time of Arrival in Minutes: Psychiatric Emergency
36. Average Time of Arrival in Minutes: Urgent
37. Barriers to Diversion: No Psychiatric Respite Accessible
38. Barriers to Diversion: No SA/Dual Respite Accessible
39. Barriers to Diversion: Consumer/Guardian Refused Respite
40. Barriers to Diversion: 6-404 Signed Prior to Assessment (when consumer could have been diverted if CON not signed)
41. Barriers to Diversion: Lack of Linkage w/Case Mgr (only if consumer has a CM)
42. Barriers to Diversion: Other (only for inappropriate admissions and barrier does not fit in any other category)

ATTACHMENT IX, EXHIBIT D - MEMBER CRG/TPG ASSESSMENT REPORT

The *Member CRG/TPG Assessment Report* required in Section 2.30.4.5 shall include, at a minimum, the following data elements:

CRG assessment of members age 18 years or older

1. MCO's ID number
2. Member's last name
3. Member's first name
4. Member's birth date
5. Member's Social Security Number (SSN)
6. Principal diagnosis
7. Dual principal/secondary diagnosis
8. Measure of member's level of functioning in activities of daily living
9. Measure of member's level of functioning in interpersonal functioning
10. Measure of member's level of functioning in concentration, task performance, and pace
11. Measure of member's level of functioning in adaptation to change
12. Measure of member's severity of impairment
13. Measure of member's duration of mental illness
14. Indicator of member's former severe impairment
15. Member's need for services to prevent relapse
16. Member's Clinically Related Group (CRG)
17. Reason for assessment
18. Date of request for assessment
19. Date of CRG assessment
20. Measure of rater's adequacy of information in order to complete assessment
21. Member's current Global Assessment of Functioning (GAF) scale score
22. Member's highest GAF scale score (past year)
23. Member's lowest GAF scale score (past year)
24. Program code
25. Rater's TennCare provider ID number

Amendment Number 22 (cont.)

TPG assessment of members under age 18

1. MCO's ID number
2. Member's last name
3. Member's first name
4. Member's date of birth
5. Member's social security number
6. Principal diagnosis
7. Dual principal/secondary diagnosis
8. Member's current Global Assessment of Functioning (GAF) scale score
9. Member's highest GAF scale score (past year)
10. Member's lowest GAF scale score (past year)
11. Severity of impairment
12. Serious Emotional Disturbance (SED) status
13. Environmental issues
14. Family issues
15. Trauma issues
16. Social skills issues
17. Abuse/neglect issues
18. Child at risk of SED
19. Member's Target Population Group (TPG)
20. Reason for assessment
21. Date of request for assessment
22. Date of TPG assessment
23. Measure of rater's adequacy of information in order to complete assessment
24. Program code
25. Rater's TennCare provider ID number

ATTACHMENT IX, EXHIBIT E - INTENTIONALLY LEFT BLANK

ATTACHMENT IX, EXHIBIT F - INTENTIONALLY LEFT BLANK

ATTACHMENT IX, EXHIBIT G - REPORT OF ESSENTIAL HOSPITAL SERVICES

Instructions for Completing *Report of Essential Hospital Services*

The chart for the *Report of Essential Hospital Services* required in Section 2.30.7.4 is to be prepared based on the CONTRACTOR's provider network for essential hospital services in each Grand Region in which the CONTRACTOR has (or expects to have) TennCare members.

- Fill out one report for each Grand Region. In the top portion of the grid, indicate the MCO name, the Grand Region, the total number of MCO members in the Grand Region and the date that such total enrollment was established.
- Provide information on each contract and non-contract facility that serves (or will serve) members in the identified Grand Region. The MCO should use a separate row to report information on each such facility.

1. In the first column, "Name of Facility" indicate the complete name of the facility.
2. In the second column, "TennCare ID" indicate the TennCare ID assigned to the facility.
3. In the third column, "NPI" indicate the National Provider Identifier issued to the facility.

Amendment Number 22 (cont.)

4. In the fourth column, “City/Town” indicate the city or town in which the designated facility is located.
5. In the fifth column, “County”, indicate the name of the county in which this facility is located.
6. In the sixth through the thirteenth columns indicate the status of the CONTRACTOR’s relationship with the specific facility for each of these covered hospital services, e.g. Neonatal, Perinatal, Pediatric, Trauma, Burn, Center of Excellence for AIDS, Center of Excellence for Children at Risk or in State Custody and Centers of Excellence for Behavioral Health. For example:
 - If the CONTRACTOR has an executed provider agreement with the facility for neonatal services, insert an “E” in the column labeled “Neonatal”.
 - If the CONTRACTOR does not have an executed provider agreement with this facility for “Neonatal”, but has another type of arrangement with this facility, the CONTRACTOR should indicate the code that best describes its relationship (L=letter of intent; R=on referral basis; N=in contract negotiations; O=other arrangement). For any facility in which the CONTRACTOR does not have an executed provider agreement and is using as a non-contract provider, the CONTRACTOR should submit a brief description (one paragraph) of its relationship with the facility including an estimated timeline for executing a provider agreement, if any.
 - If the CONTRACTOR does not have any relationship for neonatal services with the facility on this row, the CONTRACTOR should leave the cell labeled “neonatal” blank.

**ATTACHMENT IX, EXHIBIT G
ESSENTIAL HOSPITAL SERVICES REPORT**

MCO Name: _____

Grand Region: _____

Number of TennCare Members: _____

as of (date): _____

Name of Facility	TennCare ID	NPI	City/ Town	County	Neonatal	Perinatal	Pediatric	Trauma	Burn	AIDS Center of Excellence	Center of Excellence for Children at Risk or in State Custody	Center of Excellence for Behavioral Health	Comments

- E = Executed Provider Agreement
- L = Letter of Intent
- R = On Referral Basis
- N = In Contract Negotiations
- O = Other Arrangement

If no relationship for a particular service leave cell blank

ATTACHMENT IX, EXHIBIT H - FQHC REPORT

MCO Name: _____

As of January 1, _____

Please provide the information identified below for each FQHC with which the MCO has a provider agreement.

1. FQHC Name: _____
2. FQHC Address: _____

3. Total Amount Paid for the previous twelve (12) month period from July 1 through June 30: _____

ATTACHMENT IX, EXHIBIT I - SINGLE CASE AGREEMENTS REPORT

MCO Name: _____

Month/Year: _____

Date of Agreement	Name of Member	Name of Provider	Specialty	Service Reason	Amount to be Paid

ATTACHMENT IX, EXHIBIT J - INTENTIONALLY LEFT BLANK

ATTACHMENT IX, EXHIBIT K - COST AND UTILIZATION SUMMARIES

The quarterly *Cost and Utilization Summaries* required in Section 2.30.10.3 shall include the following:

- 1) Data elements for *Top 25 Providers (broken down by facilities, practitioners, ancillary providers, transportation providers) by Amount Paid*
 - Rank
 - Provider type
 - Provider Name
 - Street Address (Physical Location)
 - City
 - State
 - Zip Code
 - Amount Paid to Each Provider
 - Amount Paid as a Percentage of Total Provider Payments
- 2) Data elements for *Top 25 Inpatient Diagnoses by Number of Admissions*
 - Rank
 - DRG Code (Diagnosis Code)
 - Description
 - Amount Paid
 - Admits
 - Admits as a Percentage of Total Admits
- 3) Data elements for *Top 25 Inpatient Diagnoses by Amount Paid*
 - Rank
 - DRG Code (Diagnosis Code)
 - Description
 - Admits
 - Amount Paid
 - Amount Paid as a Percentage of Total Inpatient Dollars
- 4) Data elements for *Top 25 Outpatient Diagnoses by Number of Visits*
 - Rank
 - Diagnosis code
 - Description
 - Amount Paid
 - Visits
 - Visits as a percentage of Total Outpatient Visits
- 5) Data elements for *Top 25 Outpatient Diagnoses by Amount Paid*
 - Rank
 - Diagnosis Code
 - Description
 - Visits
 - Amount Paid
 - Amount Paid as a Percentage of Total Outpatient Payments

Amendment Number 22 (cont.)

- 6) Data elements for *Top 10 Inpatient Surgical/Maternity Procedures (DRGs) by Number of Admissions*
 - Rank
 - DRG Code
 - Description
 - Amount Paid
 - Number of Admissions
 - Admissions as a Percentage of Total Admissions

- 7) Data elements for *Top 10 Inpatient Surgical/Maternity Procedures (DRGs) by Amount Paid*
 - Rank
 - DRG Code
 - Description
 - Number of Procedures
 - Amount Paid
 - Amount Paid as a Percentage of Total Inpatient Surgical/Maternity Payments

- 8) Data elements for *Top 10 Outpatient Surgical/Maternity Procedures by Number of Procedures*
 - Rank
 - Procedure Code
 - Description
 - Amount Paid
 - Number of Procedures
 - Procedures as a Percentage of Total Surgical/Maternity Procedures

- 9) Data elements for *Top 10 Outpatient Surgical/Maternity Procedures by Amount Paid*
 - Rank
 - Procedure Code
 - Description
 - Number of Procedures
 - Amount Paid
 - Amount Paid as a Percentage of Total Outpatient Surgical/Maternity Payments

ATTACHMENT IX, EXHIBIT L - INTENTIONALLY LEFT BLANK

ATTACHMENT IX, EXHIBIT M - MEMBER SERVICES, PROVIDER SERVICES, AND UTILIZATION MANAGEMENT PHONE LINE REPORT

Instructions for Completing the Member Services, Provider Services, and Utilization Management Phone Line Report

The following definitions shall be used:

Abandoned Call: A call in the phone line queue that is terminated by the caller before reaching a live voice.

Average Time to Answer: The average time that callers waited in the phone line queue (when the call was placed during the hours the phone line is open for services) before speaking to a MCO representative. This shall be reported in minutes: seconds (e.g. one minute and twenty-five seconds should be reported as 1:25).

Call Abandonment Rate: The number of calls (where the member/provider called directly into the phone line or selected a member/provider services option and was put in the call queue) that are abandoned by the caller or the system before being answered by a live voice, divided by the number of calls received by the phone line (during hours when the line is staffed with personnel - hours open for services) during the measurement period.

Call Answer Timeliness: The number of calls (where the member called directly into the phone line or selected a member/provider services option and was put in the call queue) that are answered by a live voice within thirty (30) seconds, divided by the number of calls received by the phone line (during hours when the line is staffed with personnel - hours open for services) during the measurement period.

56. Attachment X shall be amended by deleting Attachment X in its entirety and replacing it with the following and renumbering all references thereto:

**ATTACHMENT X
ATTESTATION RE PERSONNEL USED IN CONTRACT PERFORMANCE**

SUBJECT CONTRACT NUMBER:	
CONTRACTOR LEGAL ENTITY NAME:	
FEDERAL EMPLOYER IDENTIFICATION NUMBER: (or Social Security Number)	

The Contractor, identified above, does hereby attest, certify, warrant, and assure that the Contractor shall not knowingly utilize the services of an illegal immigrant in the performance of this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant in the performance of this Contract.

CONTRACTOR SIGNATURE

NOTICE: This attestation MUST be signed by an individual empowered to contractually bind the Contractor. If said individual is not the chief executive or president, this document shall attach evidence showing the individual's authority to contractually bind the Contractor.

PRINTED NAME AND TITLE OF SIGNATORY

DATE OF ATTESTATION

- 57. Attachment XI shall amended by deleting Attachment XI in its entirety and replacing it with the following and renumbering all references thereto:**

**ATTACHMENT XI
NEMT REQUIREMENTS**

A.1 GENERAL

- A.1.1 The CONTRACTOR, in its delivery of NEMT services, shall comply with all of the requirements in this Attachment XI. The requirements in this Attachment are in addition to, not instead of, requirements found elsewhere in the Agreement.
- A.1.2 The CONTRACTOR shall develop written policies and procedures that describe how the CONTRACTOR, in the delivery of NEMT services, shall comply with the requirements of the Agreement, including this Attachment. These policies and procedures must be prior approved in writing by TENNCARE. As part of its policies and procedures the CONTRACTOR shall develop an operating procedures manual detailing procedures for meeting, at a minimum, requirements regarding the following:
- A.1.2.1 Requesting NEMT services (see Section A.3 of this Attachment);
 - A.1.2.2 Approving NEMT services (see Section A.4 of this Attachment); and
 - A.1.2.3 Scheduling, assigning and dispatching trips (see Section A.5 of this Attachment).

A.2 NEMT IMPLEMENTATION WORK PLAN AND READINESS REVIEW

- A.2.1 The CONTRACTOR shall implement the NEMT requirements of the Agreement, including this Attachment XI, in two phases. Phase One shall include the requirements specified by TENNCARE, which shall include but not be limited to vehicle and driver standards in Section A.7 and Section A.8 of this Attachment XI. Phase Two shall include all NEMT requirements of the Agreement that are not included in Phase One.
- A.2.2 By no later than May 1, 2008 the CONTRACTOR shall submit to TENNCARE for prior written approval an implementation work plan that details all of the tasks required to successfully implement all of the NEMT requirements of the Agreement, including both Phase One and Phase Two requirements. By September 1, 2008, the CONTRACTOR shall have fully implemented the implementation work plan for Phase One, and the CONTRACTOR may be subject to liquidated damages for failure to comply with the applicable provisions herein. The CONTRACTOR shall have fully implemented all NEMT requirements of the Agreement by the date specified by TENNCARE, which shall be no earlier than September 1, 2008, and at that time the CONTRACTOR may be subject to liquidated damages for failure to comply with any of the provisions herein.
- A.2.3 Prior to implementation of any of the NEMT requirements in this Attachment, as determined by TENNCARE, the CONTRACTOR shall demonstrate to TENNCARE's satisfaction that the CONTRACTOR is able to meet the NEMT requirements specified by TENNCARE.
- A.2.4 The CONTRACTOR shall cooperate in "readiness reviews" conducted by TENNCARE to review the CONTRACTOR's readiness to implement any or all of the NEMT requirements of the

Agreement. These reviews may include, but are not limited to, desk and on-site review of documents provided by the CONTRACTOR, a walk-through of the CONTRACTOR's operations, system demonstrations (including systems connectivity testing), and interviews with CONTRACTOR's staff.

A.2.5 Based on the results of the review activities, TENNCARE will issue a letter of findings and, if needed, will request a corrective action plan from the CONTRACTOR.

A.3 **REQUESTING NEMT SERVICES**

A.3.1 Members or their representatives shall be allowed to make requests for NEMT services on behalf of members. For DCS enrollees (as defined in Exhibit A of this Attachment), representatives include the member's DCS liaison, foster parent, adoptive parent, or provider.

A.3.2 Requests for NEMT services should be made at least seventy-two (72) hours before the NEMT service is needed. However, this timeframe does not apply to urgent trips (see Section A.5.7 of this Attachment), scheduling changes initiated by the provider, and follow-up appointments when the timeframe does not allow advance scheduling. In addition, the CONTRACTOR shall accommodate requests for NEMT services that are made within the following timeframes: three (3) hours before the NEMT service is needed when the pick-up address is in an urban area and four (4) hours before the NEMT service is needed when the pick-up address is in a non-urban area. The CONTRACTOR shall provide additional education to members who fail to request transportation seventy-two (72) hours before the NEMT service is needed (see Section A.10 of this Attachment).

A.3.3 The CONTRACTOR shall not have a time limit for scheduling transportation for future appointments. For example, if a member calls to schedule transportation to an appointment that is scheduled in two (2) months, the CONTRACTOR shall arrange for that transportation and shall not require the member to call back at a later time.

A.4 **APPROVING NEMT SERVICES**

A.4.1 **General**

A.4.1.1 Transportation for a minor child shall not be denied pursuant to any policy that poses a blanket restriction due to member's age or lack of accompanying adult. Any decision to deny transportation of a minor child due to a member's age or lack of an accompanying adult shall be made on a case-by-case basis and shall be based on the individual facts surrounding the request and State of Tennessee law. Tennessee recognizes the "mature minor exception" to permission for medical treatment. The age of consent for children with mental illness is sixteen (16) (see TCA 33-8-202).

A.4.1.2 As part of the approval process, the CONTRACTOR shall:

A.4.1.2.1 Collect relevant information from the caller and enter it into the CONTRACTOR's system (see Section A.5.10 of this Attachment);

A.4.1.2.2 Verify the member's eligibility for NEMT services;

A.4.1.2.3 Determine the appropriate mode of transportation for the member;

Amendment Number 22 (cont.)

- A.4.1.2.4 Determine the appropriate level of service for the member;
- A.4.1.2.5 Approve or deny the request; and
- A.4.1.2.6 Enter the appropriate information into the CONTRACTOR's system (see Section A.5.10 of this Attachment).

A.4.2 Verifying Eligibility for NEMT Services

- A.4.2.1 The CONTRACTOR shall screen all requests for NEMT services to confirm each of the following items:
 - A.4.2.1.1 That the person for whom the transportation is being requested is a TennCare enrollee and enrolled in the CONTRACTOR's MCO;
 - A.4.2.1.2 That the service for which NEMT service is requested is a TennCare covered service (as defined in Exhibit A of this Attachment); and
 - A.4.2.1.3 That the transportation is a covered NEMT service (see Section 2.6.1.3 of the Agreement).

A.4.3 Determining the Appropriate Mode of Transportation

A.4.3.1 General

- A.4.3.1.1 If the criteria in Section A.4.2 of this Attachment are met, the CONTRACTOR shall determine what mode of transportation is appropriate to meet the needs of the member. The modes of transportation that shall be covered by the CONTRACTOR include, but are not limited to: fixed route, multi-passenger van, wheelchair van, invalid vehicle, and ambulance.
- A.4.3.1.2 In order to determine the appropriate mode of transportation, the CONTRACTOR shall:
 - A.4.3.1.2.1 Determine whether the member is ambulatory and the member's current level of mobility and functional independence;
 - A.4.3.1.2.2 Determine whether the member will be accompanied by an escort, and, if so, whether the member requires assistance and whether the escort meets the requirements for an escort (see TennCare rules and regulations);
 - A.4.3.1.2.3 Determine whether a member is under the age of eighteen (18) and will be accompanied by an adult; and
 - A.4.3.1.2.4 Assess any special conditions or needs of the member, including physical or mental disabilities.

Amendment Number 22 (cont.)

A.4.3.2 Fixed Route

A.4.3.2.1 The CONTRACTOR shall utilize fixed route transportation whenever available and appropriate to meet the needs of the member.

A.4.3.2.2 The CONTRACTOR shall be familiar with schedules of fixed route transportation in communities where it is available and where it becomes available during the term of the Agreement.

A.4.3.2.3 The CONTRACTOR shall distribute and/or arrange for the distribution of fixed route tickets, tokens or passes to members for whom fixed route transportation is available and appropriate. The CONTRACTOR shall have controls in place to track the distribution of tickets/tokens/passes. The CONTRACTOR shall use best efforts that tickets/tokens/passes are used appropriately.

A.4.3.2.4 The CONTRACTOR shall consider the following when determining whether fixed route transportation is available and appropriate for a member:

A.4.3.2.4.1 The furthest distance a member shall be required to travel to or from a fixed route transportation stop is one-quarter (1/4th) of a mile;

A.4.3.2.4.2 The member shall not be required to change buses/trolleys more than once each leg of the trip;

A.4.3.2.4.3 Using fixed route transportation shall not increase travel time more than sixty (60) minutes as compared to transportation directly from the pick-up location to the drop-off destination;

A.4.3.2.4.4 The fixed route transportation schedule shall allow the member to arrive at the destination no more than sixty (60) minutes prior to the scheduled appointment time and shall be flexible on the return so that the member does not have to wait at the pick-up location more than sixty (60) minutes after the estimated time the appointment will end;

A.4.3.2.4.5 Whether fixed route transportation is appropriate based on the member's physical or mental disabilities; and

A.4.3.2.4.6 Whether using fixed route for the requested trip is appropriate considering the accessibility of the stops and the safety in accessing the stops.

A.4.3.2.5 Fixed route shall not be appropriate for a member whose physician states in writing that the member cannot use fixed route transportation.

A.4.3.3 Ambulance

The CONTRACTOR's policies and procedures regarding the appropriateness of using an ambulance to provide covered NEMT services shall be based on Medicare's medical necessity requirements (see, e.g., 42 CFR 410.40 and Medicare Benefit Policy Manual, Chapter 10 - Ambulance Services).

A.4.4 Determining Level of Service

- A.4.4.1 The CONTRACTOR shall assess the member's needs to determine whether the member requires curb-to-curb, door-to-door, or hand-to-hand service (as these terms are defined in Exhibit A of this Attachment).
- A.4.4.2 The CONTRACTOR may require a medical certification statement from the member's provider in order to approve door-to-door or hand-to-hand service. Medical certification shall be completed within the timeframes specified in Section A.5.1.3 of this Attachment.
- A.4.4.3 The CONTRACTOR shall ensure that members receive the appropriate level of service.
- A.4.4.4 Failure to comply with requirements regarding level of service may result in liquidated damages as provided in Section 5.20.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.

A.4.5 Standing Orders

- A.4.5.1 Except as provided in this Section A.4.5, the approval of Standing Orders by the CONTRACTOR shall be consistent with the requirements in Sections A.4.1 through A.4.4.
- A.4.5.2 In order to approve a Standing Order (as defined in Exhibit A of this Attachment), the CONTRACTOR shall, at a minimum, call the provider to verify the series of appointments. The CONTRACTOR may, at its discretion, require that the member's provider certify the series of appointments in writing.
- A.4.5.3 The CONTRACTOR shall approve Standing Orders consistent with the series of appointments. For example, if the member has a series of appointments over six (6) months, the CONTRACTOR shall approve transportation for each trip, including all legs of the trip, for the six (6) months. However, the CONTRACTOR shall verify the member's eligibility prior to each pick-up. The CONTRACTOR may verify additional information before each pick-up as necessary.

A.4.6 Validating Requests

- A.4.6.1 The CONTRACTOR may conduct random pre-transportation validation checks prior to approving the request in order to prevent fraud and abuse.
- A.4.6.2 The CONTRACTOR may verify the need for an urgent trip with the provider prior to approving the trip.
- A.4.6.3 If requested by TENNCARE, the CONTRACTOR shall conduct pre-transportation validation checks of trips requested by specified members and/or to specific services or providers.
- A.4.6.4 All pre-transportation validation checks shall be conducted within the timeframes specified in Section A.5.1.3 of this Attachment.

A.5 SCHEDULING, ASSIGNING, AND DISPATCHING TRIPS

A.5.1 General

- A.5.1.1 The CONTRACTOR shall ensure that covered NEMT services are available twenty-four (24) hours a day, three hundred and sixty-five (365) days a year.
- A.5.1.2 After approving a NEMT service to be provided by a NEMT provider (i.e., not fixed route), the CONTRACTOR shall schedule and assign the trip to an appropriate NEMT provider.
- A.5.1.3 The CONTRACTOR shall approve and schedule or deny a request for transportation (including all legs of the trip) within twenty-four (24) hours of receiving the request. This timeframe shall be reduced as necessary to ensure the member arrives in time for his/her appointment. Failure to comply with this requirement may result in liquidated damages as provided in Section 5.20.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.
- A.5.1.4 The CONTRACTOR shall ensure that trips are dispatched appropriately and meet the requirements of this Attachment. The dispatcher shall, at minimum, provide updated information to drivers, monitor drivers' locations, and resolve pick-up and delivery issues.

A.5.2 Multi-Passenger Transportation

- A.5.2.1 The CONTRACTOR may group enrollees and trips (or legs of trips) to promote efficiency and cost effectiveness. The CONTRACTOR may contact providers if necessary to coordinate multi-passenger transportation.
- A.5.2.2 For multi-passenger trips, the CONTRACTOR shall schedule each trip leg so that a member does not remain in the vehicle for more than one (1) hour longer than the average travel time for direct transportation of that member.

A.5.3 Choice of NEMT Provider

The CONTRACTOR is not required to use a particular NEMT provider or driver requested by the member. However, the CONTRACTOR may accommodate a member's request to have or not have a specific NEMT provider or driver.

A.5.4 Notifying Members of Arrangements

If possible, the CONTRACTOR shall inform the member of the transportation arrangements (see below) during the phone call requesting the NEMT service. Otherwise, the CONTRACTOR shall obtain the member's preferred method (e.g., phone call, email, fax) and time of contact, and the CONTRACTOR shall notify the member of the transportation arrangements (see below) as soon as the arrangements are in place (within the timeframe specified in Section A.5.1.3 of this Attachment) and prior to the date of the NEMT service. Information about transportation arrangements shall include but not be limited to the name and telephone number of the NEMT provider, the scheduled time and address of pick-up, and the name and address of the provider to whom the member seeks transport.

A.5.5 Notifying NEMT Providers

- A.5.5.1 The CONTRACTOR shall provide a trip manifest to each NEMT provider no later than the NEMT provider's close of business the day before the date of the NEMT service.
- A.5.5.2 The CONTRACTOR shall have the ability to send trip manifests to a NEMT provider by a facsimile device or secure electronic transmission, at the option of the NEMT provider. The CONTRACTOR shall ensure that provision of the trip manifest is in compliance with HIPAA requirements (see Section 2.27 of the Agreement). The CONTRACTOR shall have dedicated telephone lines available at all times for faxing purposes.
- A.5.5.3 The trip manifests supplied to NEMT providers shall include all necessary information for the driver to perform the trip, including but not limited to the information listed in Exhibit B of this Attachment.
- A.5.5.4 If the CONTRACTOR notifies a NEMT provider of a trip assignment after the timeframe specified in Section A.5.5.1, the CONTRACTOR shall also contact the NEMT provider by telephone or electronically to confirm that the trip will be accepted.
- A.5.5.5 The CONTRACTOR shall communicate information regarding cancellations to the NEMT provider in an expeditious manner to avoid unnecessary trips.

A.5.6 Accommodating Scheduling Changes

- A.5.6.1 The CONTRACTOR shall accommodate unforeseen schedule changes and shall timely assign the trip to another NEMT provider if necessary.
- A.5.6.2 The CONTRACTOR shall ensure that neither NEMT providers nor drivers change the assigned pick-up time without permission from the CONTRACTOR.

A.5.7 Urgent Trips

For urgent trips (as defined in Exhibit A of this Attachment), the CONTRACTOR shall contact an appropriate NEMT provider so that pick-up occurs within three (3) hours after the CONTRACTOR was notified when the pick-up address is in an urban area and four (4) hours after the CONTRACTOR was notified when the pick-up address is in a non-urban area. As provided in Section A.4.6.2 of this Agreement, the CONTRACTOR may verify the need for an urgent trip. Failure to comply with requirements regarding urgent trips may result in liquidated damages as provided in Section 5.20.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.

A.5.8 Adverse Weather Plan

The CONTRACTOR shall have policies and procedures for transporting members who need critical medical care, including but not limited to renal dialysis and chemotherapy, during adverse weather conditions. "Adverse weather conditions" includes, but is not limited to, extreme heat, extreme cold, flooding, tornado warnings and heavy snowfall. The policies and procedures shall include, at a minimum, staff training, methods of notification, and member education.

A.5.9 Contingency and Back-Up Plans

The CONTRACTOR shall have policies and procedures that describe contingency plans for unexpected peak transportation demands and back-up plans for instances when a vehicle is excessively late (more than twenty (20) minutes late) or is otherwise unavailable for service.

A.5.10 Approval and Scheduling System Features

- A.5.10.1 Each transportation request processed by the CONTRACTOR shall be assigned a unique number, shall contain all pertinent information about the request, and shall be available to NEMT Call Center staff. This information shall include, but not be limited to the following:
 - A.5.10.1.1 Verification of member's TennCare eligibility (e.g., member name, address, Medicaid ID number, and telephone number if available; eligibility start and end dates);
 - A.5.10.1.2 Determination that service is a TennCare covered service (e.g., category of service) (see Section A.4.2 of this Attachment);
 - A.5.10.1.3 Determination that the transportation is a covered NEMT service (see Section A.4.2 of this Attachment);
 - A.5.10.1.4 Determination of the appropriate mode of transportation (e.g., member's requested mode of transportation, member's special needs, availability and appropriateness of fixed route, the approved mode of transportation, justification for the approved mode of transportation);
 - A.5.10.1.5 Determination of the appropriate level of service (see Section A.4.4 of this Attachment);
 - A.5.10.1.6 Information regarding Standing Orders (if applicable) (see Section A.4.5 of this Attachment);
 - A.5.10.1.7 Information about whether the request was modified, approved or denied and how the member was notified;
 - A.5.10.1.8 Information about approved and scheduled transportation (e.g., elements required for the trip manifest; see Section A.5.5 of this Attachment);
 - A.5.10.1.9 Whether the request was validated;
 - A.5.10.1.10 Timeframes for the approval process (e.g., date and time of request, determination, scheduling, and notification of member); and
 - A.5.10.1.11 If applicable, reason for trip cancellation.
- A.5.10.2 The CONTRACTOR's approval and scheduling systems shall be coded such that policies and procedures are applied consistently.

Amendment Number 22 (cont.)

- A.5.10.3 Based on approval of previous NEMT services, the CONTRACTOR shall display members' permanent and temporary special needs, appropriate mode of transportation, and any other information necessary to ensure that appropriate transportation is approved and provided. All of this information shall be easily accessible by all NEMT Call Center staff.
- A.5.10.4 The CONTRACTOR's approval and scheduling systems shall also support the following:
 - A.5.10.4.1 A database of NEMT providers that includes information needed to determine trip assignments such as but not limited to: types of vehicles, number of vehicles by type, lift capacity of vehicles, and geographic coverage.
 - A.5.10.4.2 Automatic address validations, distance calculations and trip pricing, if applicable;
 - A.5.10.4.3 Ability to generate a trip manifest (see Section A.5.5 of this Attachment);
 - A.5.10.4.4 Standing Order and Single Trip (as defined in Exhibit A of this Attachment) reservation capability; and
 - A.5.10.4.5 Ability to determine if fixed route transportation is available and appropriate for the member.
- A.5.10.5 The CONTRACTOR's approval and scheduling system shall enable report and data submission as specified in the Agreement.

A.6 PICK-UP AND DELIVERY STANDARDS

- A.6.1 The CONTRACTOR shall ensure that NEMT providers arrive on time for scheduled pick-ups. The NEMT provider may arrive before the scheduled pick-up time, but the member shall not be required to board the vehicle prior to the scheduled pick-up time.
- A.6.2 The CONTRACTOR shall ensure that drivers make their presence known to the member and wait until at least five (5) minutes after the scheduled pick-up time. If the member is not present five (5) minutes after the scheduled pick-up time, the driver shall notify the dispatcher before departing from the pick-up location.
- A.6.3 The CONTRACTOR shall ensure that drivers provide, at a minimum, the approved level of service (curb-to-curb, door-to-door, or hand-to-hand).
- A.6.4 The CONTRACTOR shall ensure that members arrive at pre-arranged times for appointments and are picked up at pre-arranged times for the return leg of the trip. If there is no pre-arranged time for the return leg of the trip, the CONTRACTOR shall ensure that members are picked up within one (1) hour after notification.
- A.6.5 The CONTRACTOR shall ensure that the average waiting time for members for pick-up does not exceed ten (10) minutes past the scheduled pick-up time.
- A.6.6 The CONTRACTOR shall ensure that if the driver will not arrive on time to the pick-up location, the driver shall notify the dispatcher, and the member is contacted.

Amendment Number 22 (cont.)

- A.6.7 The CONTRACTOR shall ensure that if the driver will not arrive on time to an appointment, the driver shall notify the dispatcher, and the provider is contacted.
- A.6.8 The driver may refuse transportation when the member, his/her escort, or an accompanying adult (for a member under age eighteen (18)), according to a reasonable person's standards, is noticeably indisposed (disorderly conduct, indecent exposure, intoxicated), is armed (firearms), is in possession of illegal drugs, knives and/or other weapons, commits a criminal offense, or is in any other condition that may affect the safety of the driver or persons being transported. The CONTRACTOR shall ensure that if a driver refuses to transport a member the driver immediately notifies the dispatcher, and the dispatcher notifies the CONTRACTOR.
- A.6.9 The CONTRACTOR shall ensure that in the event of an incident or accident (see Section A.17.2 of this Attachment), the driver notifies the dispatcher immediately to report the incident or accident and that, if necessary, alternative transportation is arranged. The CONTRACTOR shall ensure that it is promptly notified of any incident or accident.
- A.6.10 Failure to comply with requirements regarding pick-up and delivery standards may result in liquidated damages as provided in Section 5.20.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.

A.7 VEHICLE STANDARDS

- A.7.1 The CONTRACTOR shall ensure that all vehicles meet or exceed applicable federal, state, and local requirements and manufacturer's safety, mechanical, operating, and maintenance standards.
- A.7.2 The CONTRACTOR shall ensure that all vehicles comply with the vehicle requirements developed by the CONTRACTOR and prior approved in writing by TENNCARE, which at a minimum shall include compliance with applicable federal, state, and local requirements, the requirements in this Section, and the requirements in Exhibit C of this Attachment.
- A.7.3 The CONTRACTOR shall ensure that any vehicle used to cross a state's border complies with any and all applicable federal, state (State of Tennessee and/or other state), and local requirements.
- A.7.4 The CONTRACTOR shall ensure that each vehicle has a real-time link, telephone or two-way radio. Pagers are not acceptable as a substitute for this requirement.
- A.7.5 The CONTRACTOR shall ensure that all vehicles transporting members with disabilities comply with applicable requirements of the Americans with Disabilities Act (ADA), including the accessibility specifications for transportation vehicles.
- A.7.6 The CONTRACTOR shall ensure that, at minimum, all vehicles providing stretcher transport are owned and operated by an entity licensed by the Tennessee Department of Health (DOH) to provide invalid services, have an active valid permit issued by DOH as a ground invalid vehicle, and comply with DOH's requirements for ground invalid vehicles.
- A.7.7 The CONTRACTOR shall ensure that, except as otherwise permitted by State of Tennessee law, all ambulances are owned and operated by an entity licensed by DOH to provide ambulance services, have an active valid ambulance permit from DOH, and comply with DOH's requirements for ambulances. The CONTRACTOR shall also ensure that vehicles comply with any applicable local requirements.

Amendment Number 22 (cont.)

A.7.8 As required in Section A.17 of this Attachment, the CONTRACTOR shall inspect all vehicles (except fixed route, invalid vehicles, and ambulances) for compliance with applicable requirements and shall immediately remove any vehicle that is out of compliance.

A.7.9 Failure to comply with requirements regarding vehicle standards may result in liquidated damages as provided in Section 5.20.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.

A.8 TRAINING AND STANDARDS FOR DRIVERS

A.8.1 The CONTRACTOR shall ensure that all drivers receive appropriate training and meet applicable standards, as specified in this Section A.8. These requirements do not apply to drivers of fixed route transportation. Drivers of fixed route transportation shall comply with all rules, regulations, policies and procedures promulgated by the fixed route carrier, federal, state or local law.

A.8.2 Driver Training

A.8.2.1 The CONTRACTOR shall ensure that all drivers receive appropriate training prior to providing services under the Agreement and annually thereafter. This shall include a minimum of thirty-two (32) hours of training prior to providing services under the Agreement and a minimum of fifteen (15) hours of annual training.

A.8.2.2 Driver training shall include, at a minimum the following:

A.8.2.2.1 Customer service;

A.8.2.2.2 Passenger assistance;

A.8.2.2.3 Sensitivity training;

A.8.2.2.4 Mental health and substance abuse issues;

A.8.2.2.5 Title VI requirements (Civil Rights Act of 1964);

A.8.2.2.6 HIPAA privacy requirements;

A.8.2.2.7 ADA requirements;

A.8.2.2.8 Wheelchair securement/safety;

A.8.2.2.9 Seat belt usage and child restraints;

A.8.2.2.10 Handling and reporting accidents and incidents;

A.8.2.2.11 Emergency evacuation;

A.8.2.2.12 Daily vehicle inspection;

A.8.2.2.13 Defensive driving;

A.8.2.2.14 Risk management;

Amendment Number 22 (cont.)

- A.8.2.2.15 Communications;
- A.8.2.2.16 Infection control;
- A.8.2.2.17 Annual road tests; and
- A.8.2.2.18 Reporting enrollee and provider fraud and abuse.

A.8.3 Standards for Drivers

- A.8.3.1 The CONTRACTOR shall ensure that all drivers comply with driver requirements developed by the CONTRACTOR and prior approved in writing by TENNCARE, which at a minimum shall include compliance with applicable federal, state, and local requirements, the requirements of this Section, and the requirements in Exhibit D of this Attachment.
- A.8.3.2 The CONTRACTOR shall ensure that all drivers are at least eighteen (18) years of age and have a Class D driver license with F (for hire endorsement) or commercial driver license (Class A, B, or C) issued by the State of Tennessee or the equivalent licensure issued by the driver's state of residence.
- A.8.3.3 The CONTRACTOR shall ensure that all drivers meet the State of Tennessee requirements regarding proof of financial responsibility and/or insurance.
- A.8.3.4 The CONTRACTOR shall ensure that any driver that crosses a state's border complies with any and all applicable federal, state (State of Tennessee and/or other state), and local requirements.
- A.8.3.5 The CONTRACTOR shall ensure that any personnel contracted by or employed by a NEMT provider to provide medical assistance to a member during a non-emergency ambulance trip is licensed by the State of Tennessee as an emergency medical technician (EMT) and complies with DOH requirements for EMTs.
- A.8.3.6 The CONTRACTOR shall ensure that all drivers pass a physical examination prior to providing services under the Agreement and have additional physical examinations as necessary to ensure that a driver is qualified to drive a passenger vehicle (e.g., if the driver has a heart attack or stroke). The physical examination shall be at least as extensive as the medical examination required by the United States Department of Transportation's Federal Motor Carrier Safety Administration (FMCSA) for commercial drivers.
- A.8.3.7 The CONTRACTOR shall ensure that all drivers pass a drug test prior to providing services under the Agreement. In addition, the CONTRACTOR shall ensure that an alcohol or drug test is conducted when a trained supervisor/employer of a driver has reasonable suspicion to believe that the driver has violated the CONTRACTOR's policies and procedures regarding use of alcohol and/or controlled substances, that random drug and alcohol tests are conducted, and that post accident drug and alcohol testing is conducted. The CONTRACTOR's policies and procedures for drug and alcohol testing shall, at a minimum, meet the FMCSA's alcohol and drug testing requirements for motor carriers.

- A.8.3.8 The CONTRACTOR shall ensure that criminal background checks pursuant to TCA 38-6-109 as well as national criminal background checks are conducted for all drivers prior to providing services under the Agreement and every five years thereafter. In addition, the CONTRACTOR shall ensure that random national criminal background checks are conducted. The CONTRACTOR shall develop a list of disqualifying criminal offenses, which at a minimum shall include the permanent and interim disqualifying criminal offenses that apply to applicants for a hazardous materials endorsement in Tennessee. Drivers that have been convicted or found not guilty by reason of insanity of any of the disqualifying criminal offenses shall not provide services under the Agreement.
- A.8.3.9 The CONTRACTOR shall ensure that drivers immediately notify the NEMT provider and that the NEMT provider immediately notifies the CONTRACTOR if a driver is arrested for, charged with, or convicted of a criminal offense that would disqualify the driver under the Agreement.
- A.8.3.10 The CONTRACTOR shall ensure that no driver has been convicted of a criminal offense related to the driver's involvement with Medicare, Medicaid, or the federal Title XX services program (see Section 1128 of the Social Security Act and 42 CFR 455.106).
- A.8.3.11 The CONTRACTOR shall verify that drivers are not listed on the Tennessee Sexual Offender Registry or the equivalent registry in the state of the driver's residence prior to providing services under the Agreement and every five (5) years thereafter.
- A.8.3.12 The CONTRACTOR shall ensure that drivers pass a national driver license background check prior to providing services under the Agreement. This initial national driver license background check shall, at a minimum, show the following:
 - A.8.3.12.1 No conviction within the past ten (10) years for a major moving traffic violation such as driving while intoxicated or driving under the influence;
 - A.8.3.12.2 No conviction for reckless driving within the previous thirty-six (36) month period;
 - A.8.3.12.3 No conviction for leaving the scene of a personal injury or fatal accident within the previous thirty-six (36) months;
 - A.8.3.12.4 No conviction for a felony involving the use of an automobile within the previous thirty-six (36) months;
 - A.8.3.12.5 Conviction for no more than two (2) minor moving traffic violations such as speeding, failure to stop, or improper operation of a motor vehicle within the previous thirty-six (36) months;
 - A.8.3.12.6 Conviction for no more than one (1) at-fault accident resulting in personal injury or property damage within the previous thirty-six (36) months; and
 - A.8.3.12.7 Not have a combination of conviction for one (1) at-fault accident resulting in personal injury or property damage and conviction for one (1) unrelated minor moving traffic violation within the previous thirty-six (36) months.

Amendment Number 22 (cont.)

- A.8.3.13 The CONTRACTOR shall ensure that drivers pass an annual national driver license background check. The annual check shall, at a minimum, show the following:
 - A.8.3.13.1 No conviction for a major moving traffic violation such as driving while intoxicated, driving under the influence, or reckless driving;
 - A.8.3.13.2 No conviction for leaving the scene of a personal injury or fatal accident;
 - A.8.3.13.3 No conviction for a felony involving the use of an automobile;
 - A.8.3.13.4 No more than two (2) convictions for minor moving traffic violations such as speeding, failure to stop, or improper operation of a motor vehicle;
 - A.8.3.13.5 No more than one (1) conviction for an at-fault accident resulting in personal injury or property damage; and
 - A.8.3.13.6 Not have a combination of one (1) conviction for an at-fault accident resulting in personal injury or property damage and one (1) conviction for an unrelated minor moving traffic violation.
 - A.8.3.14 The CONTRACTOR shall require that drivers immediately notify the NEMT provider and that the NEMT provider immediately notifies the CONTRACTOR of any moving traffic violation or if a driver's license is suspended or revoked.
 - A.8.3.15 The CONTRACTOR shall ensure that all ambulance drivers and invalid vehicle drivers comply with applicable DOH and local requirements.
 - A.8.3.16 The CONTRACTOR shall require that drivers maintain daily transportation logs containing, at a minimum, the information listed in Exhibit E of this Attachment.
 - A.8.3.17 As required in Section A.17 of this Attachment, the CONTRACTOR shall monitor drivers and immediately remove any driver that is out of compliance with applicable requirements.
- A.8.4 Failure to comply with requirements regarding driver training and driver standards may result in liquidated damages as provided in Section 5.20.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.

A.9 NEMT CALL CENTER

- A.9.1 The CONTRACTOR shall maintain a NEMT Call Center to handle requests for NEMT services as well as questions, comments, and inquiries from members and their representatives, NEMT providers, and providers regarding NEMT services. The NEMT Call Center may use the same infrastructure as the CONTRACTOR's member services line, but the CONTRACTOR shall have a separate line or queue for NEMT calls, and NEMT Call Center staff shall be dedicated to NEMT calls.
- A.9.2 The NEMT Call Center shall be appropriately staffed twenty-four (24) hours a day, seven (7) days a week, three hundred and sixty-five (365) days a year to handle the call volume in compliance with the performance standards in Section A.9.6 of this Attachment. The CONTRACTOR shall ensure continuous availability of NEMT Call Center services.

Amendment Number 22 (cont.)

- A.9.3 Between the hours of 7:00 PM and 5:00 AM in the time zone applicable to the Grand Region served by the CONTRACTOR (for Middle, the applicable time zone shall be Central Time), the CONTRACTOR may use alternative arrangements to handle NEMT calls so long as there is no additional burden on the caller (e.g., the caller is not required to call a different number or to make a second call), and the call is promptly returned by the CONTRACTOR.
- A.9.4 For hours that the CONTRACTOR is using alternative arrangements to handle NEMT calls (see Section A.9.3 of this Attachment), the CONTRACTOR shall provide an after hours message in, at a minimum, English and Spanish instructing the caller how to access the alternative arrangement (not requiring a second call) and also offering the caller the opportunity to leave a message.
- A.9.5 The CONTRACTOR's NEMT Call Center system shall have the capability to identify and record the phone number of the caller if the caller's phone number is not blocked.
- A.9.6 The CONTRACTOR shall have the capability of making outbound calls.
- A.9.7 The CONTRACTOR shall maintain sufficient equipment and NEMT Call Center staff to handle anticipated call volume and ensure that calls are received and processed in accordance with the requirements of this Section A.9 and the following performance standards for each line or queue:
 - A.9.7.1 Blocked calls – No more than one percent (1%) of calls are blocked;
 - A.9.7.2 Answer rate – At least ninety percent (90%) of all calls are answered by a live voice within thirty (30) seconds;
 - A.9.7.3 Abandoned calls – No more than five percent (5%) of calls are abandoned; and
 - A.9.7.4 Hold time – Average hold time, including transfers to other CONTRACTOR staff, is no more than three (3) minutes.
- A.9.8 If a NEMT call cannot be answered by a live voice within thirty (30) seconds, the CONTRACTOR shall provide a message in, at a minimum, English and Spanish advising the caller that the call will not be answered promptly and offering the caller the opportunity to leave a message. If the message requests the CONTRACTOR to return the call, the CONTRACTOR shall promptly return the call.
- A.9.9 The CONTRACTOR shall have qualified bi-lingual (English and, at minimum, Spanish) NEMT Call Center staff to communicate with callers who, at a minimum, speak Spanish. The CONTRACTOR shall provide oral interpretation services via a telephone interpretation service free of charge to callers with Limited English Proficiency.
- A.9.10 The CONTRACTOR's NEMT Call Center shall accommodate callers who are hearing and/or speech impaired.
- A.9.11 The CONTRACTOR shall operate an automatic call distribution system for its NEMT Call Center.
- A.9.12 The CONTRACTOR shall route incoming calls to the NEMT Call Center to, at minimum, an English-speaking member queue, a Spanish-speaking member queue, a NEMT provider queue, and a provider queue.

Amendment Number 22 (cont.)

- A.9.13 The welcome message for the NEMT Call Center shall be in English and shall include, at minimum, a Spanish language prompt.
- A.9.14 The CONTRACTOR shall develop NEMT Call Center scripts for calls requesting NEMT services that include a sequence of questions and criteria that the NEMT Call Center representatives shall use to determine the member's eligibility for NEMT services, the appropriate mode of transportation, the purpose of the trip and all other pertinent information relating to the trip (see Section A.4 of this Attachment). The CONTRACTOR may develop additional scripts for other types of NEMT calls from members, providers, and NEMT providers. Any script for use with an enrollee shall be written at the sixth (6th) grade reading level and must be prior approved in writing by TENNCARE.
- A.9.15 The CONTRACTOR shall advise callers that calls to the NEMT Call Center are monitored and recorded for quality assurance purposes.
- A.9.16 The CONTRACTOR shall record a statistically valid sample of incoming and outgoing calls to/from the NEMT Call Center for quality control, program integrity and training purposes.
- A.9.17 The CONTRACTOR shall monitor and audit at least one percent (1%) of calls of each NEMT Call Center staff member on a monthly basis. The CONTRACTOR shall develop a tool for auditing calls, which shall include components to be audited and the scoring methodology. The CONTRACTOR shall use this monitoring to identify problems or issues, for quality control, and for training purposes. The CONTRACTOR shall document and retain results of this monitoring and subsequent training.
- A.9.18 The CONTRACTOR's NEMT Call Center system shall be able to produce the reports specified in Section A.19 of this Attachment as well as on request and ad hoc reports that TENNCARE may request.
- A.9.19 The CONTRACTOR shall analyze data collected from its NEMT Call Center system as necessary to perform quality improvement, fulfill the reporting and monitoring requirements of the Agreement, and ensure adequate resources and staffing.
- A.9.20 Failure to comply with requirements regarding the NEMT Call Center may result in liquidated damages as provided in Section 5.20.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.

A.10 NEMT MEMBER EDUCATION

- A.10.1 The CONTRACTOR shall develop materials to inform and educate members about NEMT services.
- A.10.2 The materials shall include, but not be limited to, information regarding eligibility for NEMT services, what services are covered/not covered, and how to request NEMT services, including the number to call, applicable timeframes, the approval and scheduling process, the use of fixed route, and Standing Orders.
- A.10.3 All written materials shall comply with Section 2.17 of the Agreement and must be prior approved in writing by TENNCARE.

A.10.4 Prior to the date of implementation, as specified by TENNCARE, the CONTRACTOR shall mail member education materials to its members by first class mail and at the CONTRACTOR's expense.

A.11 NON-COMPLIANT MEMBERS

A.11.1 The CONTRACTOR shall provide targeted education to members who do not comply with the CONTRACTOR's policies and procedures regarding NEMT services. All member materials shall comply with Section 2.17 of the Agreement and must be prior approved in writing by TENNCARE.

A.11.2 The CONTRACTOR shall not take any action to sanction members who do not comply with the CONTRACTOR's policies and procedures.

A.11.3 Members shall not be charged for no-shows (as defined in Exhibit A of this Attachment).

A.12 NEMT PROVIDER NETWORK

A.12.1 The CONTRACTOR shall establish a network of qualified NEMT providers to provide covered NEMT services to meet the transportation needs of members. In developing its network of qualified NEMT providers the CONTRACTOR shall comply with Section 2.11.1 of the Agreement.

A.12.2 The CONTRACTOR shall have sufficient NEMT providers in its network (numbers and types of vehicles and drivers) so that the failure of any NEMT provider to perform will not impede the ability of the CONTRACTOR to provide NEMT services in accordance with the requirements of the Agreement.

A.12.3 The CONTRACTOR shall ensure that its NEMT providers have a sufficient number of vehicles and drivers available to meet the timeliness requirements of the Agreement (see Section A.5 of this Attachment).

A.12.4 The CONTRACTOR shall provide Human Resource Agencies (HRAs) the opportunity to become a NEMT provider if the HRA is qualified to provide the service and agrees to the terms of the CONTRACTOR's NEMT provider agreement, which shall be no more restrictive than for other NEMT providers and include alternative indemnification language as specified in Section A.13.4 of this Attachment.

A.12.5 The CONTRACTOR shall provide Division of Intellectual Disabilities Services (DIDS) residential and day service waiver providers the opportunity to become a NEMT provider if the provider is qualified to provide the service and agrees to the terms of the CONTRACTOR's NEMT provider agreement, which shall be no more restrictive than for other NEMT providers. These providers shall only provide covered NEMT services to members receiving HCBS MR waiver services from the provider. The CONTRACTOR shall reimburse these providers for covered NEMT to TennCare covered services (see definition in Exhibit A) and shall not reimburse these providers for NEMT to services provided through a HCBS MR waiver. The CONTRACTOR shall reimburse these providers in accordance with rates paid to other NEMT providers for the provision of NEMT services.

A.12.6 The CONTRACTOR shall ensure that its NEMT providers are qualified to perform their duties. This includes, but is not limited to, meeting applicable federal, state or local licensure,

certification, or registration requirements. Failure to comply with requirements regarding licensure requirements may result in liquidated damages as provided in Section 5.20.2 of the Agreement.

A.12.7 The CONTRACTOR's NEMT provider network must be prior approved in writing by TENNCARE and shall be subject to ongoing review and approval by TENNCARE. Failure to comply with NEMT provider network requirements may result in liquidated damages as provided in Section 5.20.2 of the Agreement.

A.13 NEMT PROVIDER AGREEMENTS

A.13.1 All NEMT provider agreements shall comply with applicable requirements of the Agreement, including but not limited to prior written approval of template agreements and revisions thereto by the Tennessee Department of Commerce and Insurance (TDCI).

A.13.2 Except for fixed route, NEMT providers used for contingency or back-up (see Section A.5.9 of this Attachment), or as otherwise agreed to by TENNCARE in writing, the CONTRACTOR shall not use transportation providers with which the CONTRACTOR has not executed a provider agreement.

A.13.3 In addition to the requirements in other sections of the Agreement, all NEMT provider agreements shall meet the following minimum requirements:

A.13.3.1 Include provisions related to payment for cancellations (see Section A.5.5.5 of this Attachment), no-shows (as defined in Exhibit A to this Attachment), escorts, and adults accompanying members under age eighteen (18);

A.13.3.2 Specify the services to be provided by the NEMT provider, including, as applicable, mode(s) of transportation and dispatching.

A.13.3.3 Include expectations for door-to-door, hand-to-hand, and curb-to-curb service (see Section A.4.4 of this Attachment and definitions in Exhibit A of this Attachment);

A.13.3.4 Include or reference trip manifest requirements (see Section A.5.5 of this Attachment);

A.13.3.5 Include urgent trip requirements (see Section A.5.7 of this Attachment);

A.13.3.6 Include or reference back-up service requirements (see Section A.5.9 of this Attachment);

A.13.3.7 Include or reference pick-up and delivery standards (see Section A.6 of this Attachment);

A.13.3.8 Require the NEMT provider to notify the CONTRACTOR of specified events, including no-shows (see Section A.6.2 of this Attachment), accidents, moving traffic violations, and incidents (see Section A.6.9 of this Attachment);

A.13.3.9 Include or reference vehicle standards (see Section A.7 of this Attachment);

Amendment Number 22 (cont.)

- A.13.3.10 Require the NEMT provider to notify the CONTRACTOR if a vehicle is out of service or otherwise unavailable;
- A.13.3.11 Include or reference training requirements for the NEMT provider (see Section A.16.2 of this Attachment) and for drivers (see Section A.8.2 of this Attachment);
- A.13.3.12 Include or reference driver standards (see Section A.8.3), including driver log requirements (see Section A.8.3.16 of this Attachment) and require the NEMT provider to provide copies of driver logs to the CONTRACTOR upon request; and
- A.13.3.13 Require the NEMT provider to secure and maintain adequate insurance coverage prior to providing any NEMT services under the Agreement, including, at minimum, the following:
 - A.13.3.13.1 Workers' Compensation/ Employers' Liability (including all states coverage) with a limit not less than the relevant statutory amount or one million dollars (\$1,000,000) per occurrence for employers' liability whichever is greater;
 - A.13.3.13.2 Comprehensive Commercial General Liability (including personal injury and property damage, premises/operations, independent contractor, contractual liability and completed operations/products) with a bodily injury/property damage combined single limit not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) in the aggregate; and
 - A.13.3.13.3 Automobile Coverage (including owned, leased, hired, and non-owned vehicles) with a bodily injury/property damage combined single limit not less than one million dollars (\$1,000,000) per occurrence.
- A.13.4 If the CONTRACTOR has a provider agreement with a HRA, the agreement shall meet the requirements specified in Sections A.13.1 and A.13.3 above and shall also include indemnification language negotiated with the HRA and prior approved in writing by TENNCARE as an alternative to the indemnification language referenced in the Agreement.
- A.13.5 Failure to comply with provider agreement requirements may result in liquidated damages as provided in Section 5.20.2 of the Agreement.

A.14 PAYMENT FOR NEMT SERVICES

A.14.1 General

In addition to requirements in the Agreement regarding payment for services, when paying for NEMT services the CONTRACTOR shall comply with the requirements in this Attachment.

A.14.2 Payment for Fixed Route

- A.14.2.1 The CONTRACTOR shall make every effort to provide tickets/tokens/passes to a member in a manner that ensures receipt prior to the scheduled transportation.
- A.14.2.2 If the CONTRACTOR cannot provide tickets/token/passes prior to the scheduled transportation, the CONTRACTOR shall offer the member the choice of having the CONTRACTOR arrange alternate transportation or reimbursing the member for the

cost of the applicable fare for the fixed route transportation approved by the CONTRACTOR.

- A.14.2.3 The CONTRACTOR may negotiate agreements with fixed route transportation entities. Such agreements must be prior approved in writing by TENNCARE.

A.14.3 Validation Checks

A.14.3.1 The CONTRACTOR shall have policies and procedures for conducting random post-transportation validation checks. These policies and procedures must be prior approved in writing by TENNCARE. These policies and procedures shall specify how the CONTRACTOR will conduct post-transportation validation checks (e.g., by calling providers or matching NEMT claims and physical health/behavioral health claims), the frequency of the checks (e.g., one point five percent (1.5%) of NEMT claims received in a month), and any follow-up activities (e.g., if the CONTRACTOR determines that transportation for a particular member was not to a TennCare covered service, the CONTRACTOR validates the next three (3) requests for that member before a trip is approved (see Section A.4.6 of this Attachment)). If the CONTRACTOR suspects fraud or abuse, it shall comply with the fraud and abuse requirements of the Agreement.

A.14.3.2 The CONTRACTOR shall perform post-transportation validation checks for fixed route transportation as specified in the CONTRACTOR's policies and procedures, which must be prior approved in writing by TENNCARE.

A.15 NEMT CLAIMS MANAGEMENT

A.15.1 The CONTRACTOR shall process NEMT provider claims consistent with the claims management requirements of the Agreement.

A.15.2 The CONTRACTOR shall submit encounter data for NEMT services that meets the requirements in the Agreement, including compliance with HIPAA's electronic transactions and code set requirements.

A.15.3 The CONTRACTOR shall ensure that ninety percent (90%) of clean claims for payment for NEMT services delivered to a member are processed within thirty (30) calendar days of the receipt of such claims.

A.15.4 The CONTRACTOR shall process, and if appropriate pay, within sixty (60) calendar days ninety-nine point five percent (99.5%) of all NEMT provider claims for covered NEMT services delivered to a member.

A.15.5 The CONTRACTOR shall pay ninety-seven percent (97%) of NEMT claims accurately upon initial submission.

A.15.6 The CONTRACTOR shall conduct an audit of NEMT claims that complies with the requirements in the Agreement regarding a claims payment accuracy audit.

A.15.7 Failure to comply with requirements regarding NEMT claims management may result in liquidated damages as provided in Section 5.20.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.

A.16 NEMT PROVIDER MANUAL AND NEMT PROVIDER EDUCATION AND TRAINING

A.16.1 NEMT Provider Manual

- A.16.1.1 The CONTRACTOR shall issue a NEMT provider manual to all NEMT providers. The CONTRACTOR may distribute the NEMT provider manual electronically (e.g., through its website) so long as NEMT providers are notified about how to obtain the electronic copy and how to request a hard copy at no charge to the NEMT provider.
- A.16.1.2 The NEMT provider manual must be prior approved in writing by TENNCARE and shall include, at a minimum, the following:
 - A.16.1.2.1 Description of the TennCare program;
 - A.16.1.2.2 Covered and non-covered NEMT services, including requirement that transportation must be to a TennCare covered service;
 - A.16.1.2.3 Prior approval requirements;
 - A.16.1.2.4 Vehicle requirements;
 - A.16.1.2.5 Driver requirements;
 - A.16.1.2.6 Protocol for encounter data elements reporting/records;
 - A.16.1.2.7 Claims submission protocols and standards, including instructions and all information necessary for a clean claim;
 - A.16.1.2.8 Payment policies;
 - A.16.1.2.9 Information on members' appeal rights;
 - A.16.1.2.10 Member rights and responsibilities;
 - A.16.1.2.11 Policies and procedures of the provider complaint system; and
 - A.16.1.2.12 Important phone numbers of all departments/staff a NEMT provider may need to reach at the CONTRACTOR's MCO.
- A.16.1.3 The CONTRACTOR shall disseminate bulletins to NEMT providers as needed to incorporate any needed changes to the provider manual.

A.16.2 NEMT Provider Education and Training

- A.16.2.1 The CONTRACTOR shall develop and implement a plan to educate NEMT providers, including initial orientation sessions and continuing education. The initial orientation shall include at minimum the topics included in the NEMT provider manual.
- A.16.2.2 The CONTRACTOR shall ensure that all NEMT provider staff, including but not limited to dispatchers, supervisors, and mechanics, receive appropriate training before providing services under the Agreement and on an ongoing basis thereafter.

A.17 NEMT QUALITY ASSURANCE AND MONITORING

A.17.1 NEMT Quality Assurance Program

- A.17.1.1 As part of the CONTRACTOR's QM/QI program required by the Agreement, the CONTRACTOR shall develop and implement a quality assurance program for NEMT services. The description of the program (the NEMT Quality Assurance Plan)

shall include policies and procedures outlining the objectives and scope of the program as well as activities for ongoing monitoring, evaluation and improvement of the quality and appropriateness of NEMT services.

A.17.1.2 The NEMT Quality Assurance Plan shall include at least the following:

A.17.1.2.1 The CONTRACTOR's procedures for monitoring and improving member satisfaction with NEMT services;

A.17.1.2.2 The CONTRACTOR's procedures for ensuring that all NEMT services paid for are properly approved and actually rendered, including but not limited to validation checks (see Sections A.4.6 and A.14.3) and an annual analysis matching physical health and behavioral health claims/encounters and NEMT claims/encounters;

A.17.1.2.3 The CONTRACTOR's procedures for monitoring and improving the quality of transportation provided pursuant to the Agreement, including transportation provided by fixed route; and

A.17.1.2.4 The CONTRACTOR's monitoring plan for NEMT providers, as detailed in Section A.17.3 of this Attachment.

A.17.2 Accidents and Incidents

The CONTRACTOR shall document accidents and incidents that occur while services are being delivered under the Agreement. An incident is defined as an occurrence, event, breakdown, or public disturbance that interrupts the trip, causing the driver to stop the vehicle, such as a passenger being unruly or ill.

A.17.3 NEMT Provider Monitoring Plan

A.17.3.1 The CONTRACTOR shall develop and implement a plan for monitoring NEMT providers' compliance with all applicable local, state and federal law. The plan shall also monitor NEMT providers' compliance with the terms of their provider agreements and all NEMT provider-related requirements of the Agreement, including but not limited to driver requirements, vehicle requirements, member complaint resolution requirements, and the delivery of courteous, safe, timely and efficient transportation services.

A.17.3.2 Monitoring activities shall include, but are not limited to:

A.17.3.2.1 On-street observations;

A.17.3.2.2 Random audits of NEMT providers;

A.17.3.2.3 Accident and incident reporting;

A.17.3.2.4 Statistical reporting of trips;

A.17.3.2.5 Analysis of complaints;

A.17.3.2.6 Driver licensure, driving record, experience and training;

A.17.3.2.7 Enrollee safety;

A.17.3.2.8 Enrollee assistance;

A.17.3.2.9 Completion of driver trip logs;

A.17.3.2.10 Driver communication with dispatcher; and

A.17.3.2.11 Routine scheduled vehicle inspections and maintenance.

A.17.4 NEMT Provider Corrective Action

A.17.4.1 The CONTRACTOR shall have policies and procedures for ensuring that an appropriate corrective action is taken when a NEMT provider furnishes inappropriate or substandard services, when a NEMT provider does not furnish services that should have been furnished, or when a NEMT provider is out of compliance with federal, state, or local law.

A.17.4.2 The CONTRACTOR shall immediately remove from service any vehicle, driver, or EMT found to be out of compliance with the requirements of the Agreement, including any federal, state or local law. The vehicle, driver, or EMT may be returned to service only after the CONTRACTOR verifies that the deficiencies have been corrected. Any deficiencies, and actions taken to remedy deficiencies, shall be documented and become a part of the vehicle's and/or the person's permanent records.

A.17.4.3 As required in Section A.19.6.7 of this Attachment, the CONTRACTOR shall report on monitoring activities, monitoring findings, corrective actions taken, and improvements made.

A.17.5 NEMT Member Satisfaction Survey

A.17.5.1 The CONTRACTOR shall conduct a member satisfaction survey regarding NEMT services for the first six (6) months after implementation of the requirements in this Attachment or as otherwise specified by TENNCARE and annually thereafter.

A.17.5.2 The purpose of the survey is to verify the availability, appropriateness and timeliness of the trips provided and the manner in which the CONTRACTOR's staff and the NEMT provider's staff interacted with members.

A.17.5.3 The survey topics shall include, but are not limited to:

A.17.5.3.1 NEMT Call Center interaction;

A.17.5.3.2 Confirmation of a scheduled trip;

A.17.5.3.3 Driver and CONTRACTOR staff courtesy;

A.17.5.3.4 Driver assistance, when required;

A.17.5.3.5 Overall driver behavior;

A.17.5.3.6 Driver safety and operation of the vehicle;

A.17.5.3.7 Condition, comfort and convenience of the vehicle; and

A.17.5.3.8 Punctuality of service.

A.17.5.4 The format, sampling strategies and questions of the survey must be prior approved in writing by TENNCARE, and TENNCARE may specify questions that are to appear in the survey.

A.17.5.5 The CONTRACTOR shall submit reports regarding these surveys as required in Section A.19.6.8 of this Attachment.

A.17.6 Vehicle Inspection

A.17.6.1 The CONTRACTOR shall conduct a comprehensive inspection of all NEMT providers' vehicles prior to the implementation of NEMT requirements in this Attachment. Thereafter, the CONTRACTOR shall conduct a comprehensive inspection of all vehicles at least annually. The CONTRACTOR is not required to inspect fixed route vehicles, invalid vehicles, ambulances, or vehicles for NEMT providers with which the CONTRACTOR does not have a provider agreement (see Section A.13.2 of this Attachment).

A.17.6.2 The CONTRACTOR shall develop and implement policies and procedures for vehicle inspections. These policies and procedures must be prior approved in writing by TENNCARE and shall include inspection forms, inspection stickers and a list of trained inspectors, including the names of all employees or subcontractors who are authorized to inspect vehicles for the CONTRACTOR. Inspection forms shall have a checklist that includes all the applicable vehicle standards of the Agreement and of local, state and federal law. The CONTRACTOR shall test all communication equipment during all vehicle inspections.

A.17.6.3 Upon completion of a successful inspection, an inspection sticker shall be applied to the vehicle. The inspection sticker shall be placed on the outside of the passenger side rear window in the lower right corner. The sticker shall state the license plate number and vehicle identification number of the vehicle. Records of all inspections shall be maintained by the CONTRACTOR.

A.18 NEMT SUBCONTRACTS

If the CONTRACTOR delegates any of its responsibilities regarding NEMT services, it shall comply with the subcontracting requirements in the Agreement, including prior written approval of the subcontract by TENNCARE.

A.19 NEMT REPORTING

A.19.1 NEMT Status Reports

A.19.1.1 During the initial six (6) months after implementation of NEMT services pursuant to this Attachment, and longer if requested by TENNCARE, the CONTRACTOR shall submit a weekly status report. This report shall include, but not be limited to, a NEMT narrative summary of accomplishments, identification of open and closed

issues, key Call Center telephone statistics (e.g., number of calls received, number/percentage of calls placed on hold, average hold time, number/percentage of abandoned calls; average talk time; and number of staff to answer calls by time of day/day of week), key statistics on requests for transportation (e.g., number of requests by mode of transportation, number denied and approved, and mode of transportation approved); and key statistics on pick-up and delivery standards.

- A.19.1.2 The CONTRACTOR shall submit a monthly status report. This report shall include, but not be limited to, summary and detail information on accomplishments, outstanding issues, NEMT Call Center statistics, NEMT Call Center activities, and statistics regarding pick-up and delivery standards.

A.19.2 Approval and Utilization Reports

- A.19.2.1 Approval Report. The CONTRACTOR shall submit a quarterly approval report that includes both summary and detail information on transportation requested, approved, modified and denied, including the modification and denial reason. The report shall provide this information by mode of transportation and category of service.
- A.19.2.2 Approval and Scheduling Timeframes Report. The CONTRACTOR shall submit a quarterly report that provides information on timeframes for approving/denying and scheduling transportation.
- A.19.2.3 Pick-up and Delivery Standards Report. The CONTRACTOR shall submit a monthly report that documents the number and percentage of pick-ups that were missed by a NEMT provider, pick-ups or drop-offs that were late, and drop-offs where the member missed an appointment and provides the average amount of time that the pick-ups or drop-offs were late. This information shall be provided by mode of transportation and by county.
- A.19.2.4 Utilization Report. The CONTRACTOR shall submit a monthly utilization that provides both summary and detail information on NEMT services provided to members. The report shall include, at minimum, by mode of transportation and category of service: the number of trips, number of unduplicated members, and number of miles.

A.19.3 NEMT Call Center Reports

- A.19.3.1 The CONTRACTOR shall submit a monthly report that provides summary and detail statistics on the NEMT Call Center telephone lines/queues and includes identification of potential issues, trends, and any corrective action taken.
- A.19.3.2 The CONTRACTOR shall submit a monthly report that summarizes the results of the CONTRACTOR's call monitoring and any corrective action taken.

A.19.4 NEMT Provider Enrollment File

The CONTRACTOR's monthly provider enrollment file shall include NEMT providers. In addition, the CONTRACTOR shall provide the following information to TENNCARE:

Amendment Number 22 (cont.)

A.19.4.1 Driver Roster. The CONTRACTOR shall provide a driver roster for each NEMT provider that includes, at minimum: the driver's name, license number, and social security number.

A.19.4.2 Vehicle Listing. The CONTRACTOR shall provide a vehicle listing for each NEMT provider that includes, at minimum: the type of vehicle and the vehicle's manufacturer, model, model year, and vehicle identification number.

A.19.5 NEMT Claims Management Reports

A.19.5.1 The CONTRACTOR shall submit a quarterly NEMT prompt payment report. The report shall include the number and percentage of clean NEMT claims that are processed within thirty (30) calendar days of receipt, the number and percentage of NEMT claims that are processed within sixty (60) calendar days of receipt, the number and percentage of NEMT claims and the dollar value and percentage of dollars associated with claims that are processed within the timeframes specified by TENNCARE (e.g., fifteen (15) days, thirty (30) days, etc.), and the average time (number of days) that it takes to process NEMT claims.

A.19.5.2 The CONTRACTOR shall submit a quarterly NEMT claims payment accuracy report. The report shall be based on an audit conducted by the CONTRACTOR in accordance with Section 2.22.6 of the Agreement using a random sample of all "processed or paid" NEMT claims. The report shall include the number and percentage of NEMT claims that are paid accurately for each month in the quarter.

A.19.6 NEMT Quality Assurance and Monitoring Reports

A.19.6.1 Member NEMT Complaint Report. The CONTRACTOR shall submit a quarterly member complaints report (see Section 1 of the Agreement for the definition of complaint, which includes both written and verbal statements) that summarizes the number of complaints regarding NEMT by type, analyzes the information, particularly noting patterns or trends, and describes any corrective action taken to ensure quality of services.

A.19.6.2 NEMT Provider Complaint Report. The CONTRACTOR shall submit a quarterly NEMT provider complaints report that summarizes the number of verbal and written complaints by type, analyzes the information, including patterns or trends, and describes any corrective action.

A.19.6.3 NEMT Quality Assurance Plan. As part of its annual QM/QI reporting required by the Agreement, the CONTRACTOR shall submit an annual NEMT quality assurance plan (see Section A.17.1 of this Attachment).

A.19.6.4 NEMT Validation Checks.

A.19.6.4.1 The CONTRACTOR shall submit a quarterly report summarizing the pre-transportation validation checks (see Section A.4.6 of this Attachment) conducted by the CONTRACTOR, the findings, and any corrective actions.

- A.19.6.4.2 The CONTRACTOR shall submit a quarterly report summarizing the post-transportation validation checks (see Section A.14.3 of this Attachment) conducted by the CONTRACTOR, the findings, and any corrective actions.
- A.19.6.5 Post-Payment Review Report. The CONTRACTOR shall submit an annual report summarizing the methods and findings for the post-payment review (see Section A.17.1.2.2 of this Attachment) and identifying opportunities for improvement.
- A.19.6.6 Accidents and Incidents.
 - A.19.6.6.1 Immediately upon becoming aware of any accident resulting in driver or passenger injury or fatality that occurs while providing services under the Agreement, the CONTRACTOR shall notify TENNCARE. The CONTRACTOR shall submit a written accident report within five (5) business days of the accident and shall cooperate in any related investigation. A police report shall be included in the accident report or provided as soon as possible.
 - A.19.6.6.2 The CONTRACTOR shall submit a quarterly report of all accidents, moving traffic violations, and incidents.
- A.19.6.7 Monitoring Plan.
 - A.19.6.7.1 The CONTRACTOR shall submit an annual NEMT provider monitoring plan (see Section A.17.3 of this Attachment).
 - A.19.6.7.2 The CONTRACTOR shall submit an annual report summarizing its monitoring activities, the findings, corrective actions, and improvements for NEMT services provided under the Agreement.
- A.19.6.8 Satisfaction Survey Report. The CONTRACTOR shall submit a report (three months after the initial survey period and then annually) summarizing the member survey methods and findings and identifying opportunities for improvement.

A.20 PERFORMANCE STANDARDS

The CONTRACTOR agrees that TENNCARE may assess liquidated damages against the CONTRACTOR for failure to meet the performance standards as specified in Exhibit F of this Attachment.

Exhibit A
DEFINITIONS, ACRONYMS, AND ABBREVIATIONS

The terms used in this Attachment shall be given the meaning used in TennCare rules and regulations. However, the following terms, when used in this Attachment, shall be construed and/or interpreted as follows, unless the context expressly requires a different construction and/or interpretation.

Definitions

1. **Commercial Carrier Transport:** Transportation provided by a common carrier, including but not limited to buses (e.g., Greyhound), trains (e.g., Amtrak), airplanes, and ferries.
2. **Curb-to-Curb Service:** Transportation provided to passengers who need little if any assistance between the vehicle and the door of the pick-up point or destination. The driver shall provide assistance according to the enrollee's needs, including assistance as necessary to enter and exit the vehicle, but assistance shall not include the lifting of any enrollee. The driver shall remain at or near the vehicle and not enter any buildings.
3. **Door-to-Door Service:** Transportation provided to enrollees with disabilities who need assistance to safely move between the door of the vehicle and the door of the passenger's pick-up point or destination. The driver shall exit the vehicle and assist the enrollee from the door of the pick-up point, e.g., residence, accompany the passenger to the door of the vehicle, and assist the passenger in entering the vehicle. The driver shall assist the enrollee throughout the transport and to the door of the destination.
4. **Federal Motor Carrier Safety Administration (FMCSA):** A separate administration within the United States Department of Transportation established pursuant to the Motor Carrier Safety Improvement Act of 1999. Its primary mission is to reduce crashes, injuries, and fatalities involving large trucks and buses.
5. **Fixed Route:** Transportation by means of a public transit vehicle that follows an advertised route on an advertised schedule, does not deviate from the route or the schedule, and picks up passengers at designated stops. Fixed route transportation includes, but is not limited to, non-commercial buses, commuter trains, and trolleys.
6. **Hand-to-Hand Service:** Transportation of an enrollee with disabilities from an individual at the pick-up point to a provider staff member, family member or other responsible party at the destination.
7. **Hospital Discharge:** Notification by a hospital that an enrollee is ready for discharge. A hospital discharge shall be considered an urgent trip.
8. **HRAs:** Human Resource Agencies. These agencies are the delivery system for human services, including transportation to rural residents, throughout the State of Tennessee. The nine HRAs are: Delta HRA, East Tennessee HRA, First Tennessee HRA, Mid-Cumberland HRA, Northwest HRA, South Central Development District, South West HRA, Upper Cumberland HRA, and South East HRA.
9. **No- Show:** A trip is considered a no-show when the driver arrived on time, made his/her presence known, and the member is not present five (5) minutes after the scheduled pick-up time.

10. **Private Automobile:** An enrollee's personal vehicle or the personal vehicle of a family member or friend, to which the enrollee has access. Private automobile is not a covered NEMT service.
11. **Single Trip:** Transport to and/or from a single TennCare covered service. A trip generally has at least two (2) trip legs but there can be one (1) or more than two (2) (multiple) trip legs.
12. **Standing Order:** Transport to and/or from multiple recurring medical appointments for TennCare covered services for the same enrollee with the same provider for the same treatment or condition (can be one (1) or multiple trip legs).
13. **TennCare Covered Services:** The health care services available to TennCare enrollees, as defined in TennCare rules and regulations. This includes, but is not limited to, physical health, behavioral health, pharmacy, dental services and institutional services. TennCare covered services includes TENNderCare services. For purposes of NEMT, TennCare covered services does not include alternatives to institutional services (HCBS or 1915(c) waiver services).
14. **Tennessee Division of Intellectual Disabilities Services (DIDS):** The state agency responsible for providing services and supports to Tennesseans with intellectual disabilities. DIDS is a division of the Tennessee Department of Finance and Administration.
15. **Trip Leg:** One-way transport from a pick-up point to a destination. A trip generally has at least two (2) trip legs.
16. **Urgent Trip:** Covered NEMT services required for an unscheduled episodic situation in which there is no immediate threat to life or limb but the enrollee must be seen on the day of the request (can be one (1) or multiple trip legs). A hospital discharge shall be an urgent trip.

Exhibit B
TRIP MANIFESTS

The trip manifests supplied to NEMT providers shall include all necessary information for the driver to perform the trip for each enrollee, including but not limited to:

1. Number assigned by the CONTRACTOR for approved trip;
2. NEMT provider name;
3. The mode of transportation;
4. MCO name;
5. Enrollee's name;
6. Enrollee's age;
7. Enrollee's sex;
8. Trip date;
9. Number of legs for the trip (e.g., one-way, round trip, or multiple legs);
10. Origin of trip/place of pick-up (e.g., residence)
11. Time of pick-up for the time zone applicable to the pick-up location;
12. Address of the pick-up, including street address, city, county, state, and zip code;
13. Enrollee's phone number(s);
14. Number of riders;
15. Time of appointment for the time zone applicable to the appointment location;
16. Provider name;
17. Address of the provider, including street address, city, county, state, and zip code;
18. Provider's phone number(s);
19. Return trip times for the applicable time zone(s) and addresses, if applicable;
20. Any additional stops (e.g., pharmacy);
21. Any special needs of the enrollee;
22. Any special instructions to the driver, e.g., door-to-door or hand-to-hand service;
23. Whether enrollee has third party coverage, including Medicare; and
24. Notes.

The CONTRACTOR may express time in regular time (AM or PM) or in military time (using the 24-hour clock); however, the selected method for expressing time (regular or military) shall be used consistently by the CONTRACTOR and by all of the CONTRACTOR's subcontractors, NEMT providers and drivers.

Exhibit C
VEHICLE REQUIREMENTS

All vehicles, except for fixed route vehicles and ambulances, shall meet the following requirements:

1. The number of persons in the vehicle, including the driver, shall not exceed the vehicle manufacturer's approved seating capacity.
2. All vehicles shall have adequately functioning heating and air-conditioning systems.
3. All vehicles shall have functioning, clean and accessible seat belts for each passenger seat position. All vehicles shall have an easily visible interior sign that states: "ALL PASSENGERS SHALL USE SEAT BELTS". Seat belts shall be stored off the floor when not in use.
4. Each vehicle shall use child safety seats in accordance with state law.
5. All vehicles shall have at least two (2) seat belt extensions.
6. For use in emergency situations, each vehicle shall be equipped with at least one (1) seat belt cutter that is kept within easy reach of the driver.
7. All vehicles shall have functioning interior light(s) within the passenger compartment.
8. All vehicles shall have an accurate, operating speedometer and odometer.
9. All vehicles shall have two (2) exterior rear view mirrors, one (1) on each side of the vehicle.
10. All vehicles shall be equipped with an interior mirror for monitoring the passenger compartment.
11. The exterior of all vehicles shall be clean and free of broken mirrors or windows, excessive grime, major dents, or paint damage that detract from the overall appearance of the vehicles.
12. The interior of all vehicles shall be clean and free of torn upholstery, floor or ceiling covering; damaged or broken seats; protruding sharp edges; dirt, oil, grease or litter; or hazardous debris or unsecured items.
13. All vehicles shall be smooth riding, so as not to create passenger discomfort.
14. All vehicles shall have the NEMT provider's business name and telephone number decaled on at least both sides of the exterior of the vehicle. The business name and phone number shall appear in lettering that is a minimum of three inches in height and of a color that contrasts with its surrounding background.
15. To comply with confidentiality requirements, no words may be displayed on the vehicle that implies that TennCare enrollees are being transported. The name of the NEMT provider's business may not imply that TennCare enrollees are being transported.
16. The vehicle license number and the CONTRACTOR's toll-free phone number shall be prominently displayed on the interior of each vehicle. This information and the complaint procedures shall be clearly visible and available in written format (at a minimum, in English and Spanish) in each vehicle for distribution to enrollees upon request.
17. The vehicle shall have a current inspection sticker issued by the CONTRACTOR on the outside of the passenger side rear window in the lower right corner.
18. Smoking shall be prohibited in all vehicles at all times. All vehicles shall have an easily visible interior sign that states: "NO SMOKING".
19. All vehicles shall carry a vehicle information packet containing vehicle registration, insurance card, and accident procedures and forms.

Amendment Number 22 (cont.)

20. All vehicles shall be equipped with a first aid kit stocked with antiseptic cleansing wipes, triple antibiotic ointment, assorted sizes of adhesive and gauze bandages, tape, scissors, latex or other impermeable gloves, and sterile eyewash.
21. Each vehicle shall contain a current map of the applicable geographic area with sufficient detail to locate enrollee and provider addresses.
22. Each vehicle shall be equipped with a regulation size Class B chemical type fire extinguisher. The fire extinguisher shall have a visible, current (up-to-date) inspection tag or sticker showing an inspection of the fire extinguisher by the appropriate authority within the past twelve (12) months. The extinguisher shall be mounted in a bracket located in the driver's compartment and be readily accessible to the driver and passenger(s).
23. Each vehicle shall be equipped with a "spill kit" that includes liquid spill absorbent, latex or other impermeable gloves, hazardous waste disposal bags, scrub brush, disinfectant and deodorizer.
24. Each vehicle shall be equipped with emergency triangles.
25. Each vehicle that is required to stop at all railroad crossings shall have a railroad crossing decal that says that the vehicle stops at all railroad crossings.
26. Each vehicle shall have a real-time link, telephone or two-way radio. Pagers are not acceptable as a substitute.

Exhibit D
DRIVER REQUIREMENTS

The requirements listed below shall apply to all drivers of vehicles other than fixed route vehicles and ambulances.

1. All drivers shall be courteous, patient, and helpful to all passengers.
2. All drivers shall be neat and clean in appearance.
3. No driver shall use alcohol, narcotics, illegal drugs or prescription medications that impair the ability to perform while on duty. No driver shall abuse alcohol or prescription medications or use illegal drugs at any time.
4. All drivers shall wear and have visible an identification badge that is easily readable and identifies the driver and the NEMT provider.
5. No driver shall smoke or eat while in the vehicle, while assisting an enrollee, or in the presence of any enrollee.
6. Drivers shall not wear any type of headphones at any time while on duty, with the exception of hands-free headsets for mobile telephones. Mobile telephones may only be used for communication with the NEMT provider, the dispatcher, or the CONTRACTOR.
7. Drivers shall exit the vehicle to open and close vehicle doors when passengers enter or exit the vehicle.
8. The driver shall provide an appropriate level of assistance to an enrollee when requested or when necessitated by the enrollee's mobility status or personal condition. This includes curb-to-curb, door-to-door, and hand-to-hand service, as required.
9. The driver shall assist enrollees in the process of being seated including the fastening of seat belts, securing children in properly-installed child safety seats, and properly securing passengers in wheelchairs.
10. The driver shall confirm, prior to departure, that all seat belts are fastened properly, and that all passengers, including passengers in wheelchairs, are safely and properly secured.
11. Upon arrival at the destination, the driver shall park the vehicle so that the enrollee does not have to cross streets to reach the entrance of the destination.
12. Drivers shall visually confirm that the enrollee is inside the destination.
13. The driver shall not leave an enrollee unattended at any time.
14. If an enrollee or other passenger's behavior or any other condition impedes the safe operation of the vehicle, the driver shall park the vehicle in a safe location out of traffic, notify the NEMT provider/dispatcher, and request assistance.

Exhibit E
DRIVER LOGS

The CONTRACTOR shall require that the NEMT providers' drivers maintain daily transportation logs containing, at a minimum, the information listed below. Fixed route transportation is excluded from this requirement.

1. Date of service;
2. Driver's name;
3. Driver's signature;
4. Name of escort or accompanying adult (for enrollees under age eighteen (18) and relationship to enrollee (if applicable));
5. Vehicle Identification Number (VIN);
6. Enrollee's name;
7. The NEMT provider's name;
8. Number assigned by the CONTRACTOR for the approved trip;
9. Mode of transportation approved;
10. Actual start time (from the base station) for the time zone applicable to the starting location;
11. Scheduled pick-up time for the time zone applicable to the pick-up location;
12. Actual pick-up location and time for the time zone applicable to the pick-up location;
13. Actual departure time from pick-up location for the time zone applicable to the pick-up location;
14. Actual destination and time for the time zone applicable to the destination;
15. Actual number of wheelchairs, escorts, and accompanying adults (for enrollees under age eighteen (18));
16. Odometer readings at each point of pick-up and of drop-off; and
17. Notes, if applicable. At a minimum, the log shall show notes in the case of cancellations, incomplete requests, "no-shows", accident and incident.

For ambulance, the log shall also contain, at a minimum:

1. Patient assessment by ambulance personnel and a chronological narrative of care/service rendered by ambulance personnel;
2. Itemized list of specialized services and/or supplies; and
3. Type of vehicle used for transport (class or service category).

The CONTRACTOR may express time in regular time (AM or PM) or in military time (using the 24-hour clock); however, the selected method for expressing time (regular or military) shall be used consistently by the CONTRACTOR and by all of the CONTRACTOR's subcontractors, NEMT providers and drivers.

Exhibit F
PERFORMANCE STANDARDS AND LIQUIDATED DAMAGES

No.	PERFORMANCE STANDARD	LIQUIDATED DAMAGE
1	Ensure that members receive the appropriate level of service (see Section A.4.4 of this Attachment)	\$500 per deficiency
2	Comply with the approval and scheduling timeframes (see Section A.5.1.3 of this Attachment)	\$1,000 per deficiency
3	Comply with requirements regarding urgent trips (see Section A.5.7 of this Attachment)	\$500 per deficiency
4	Comply with pick-up and delivery standards (see Section A.6 of this Attachment)	\$100 per deficiency
5	Comply with vehicle standards (see Section A.7 of this Attachment)	<p>\$1,500 per calendar day per vehicle that is not in compliance with ADA requirements</p> <p>\$1,000 per vehicle that is allowed into service without an inspection in accordance with the requirements of the Agreement</p> <p>\$2,500 per calendar day per vehicle that is not in compliance with a vehicle standard that would endanger health or safety for vehicle occupants</p> <p>\$500 per calendar day per vehicle that is not in compliance with a vehicle standard that creates passenger discomfort or inconvenience</p> <p>\$100 per calendar day per vehicle that is not in compliance with an administrative vehicle standard</p>
6	Comply with driver training requirements and driver standards (see Section A.8 of this Attachment)	\$2,500 per calendar day per driver for each calendar day that a driver is not in compliance with the driver standards

Amendment Number 22 (cont.)

No.	PERFORMANCE STANDARD	LIQUIDATED DAMAGE
7	No more than 1% of calls to the NEMT Call Center are blocked (see Section A.9 of this Attachment)	<p>For the first deficiency: \$5,000 for each full percentage point above 1% per month per line/queue</p> <p>For the second deficiency: \$10,000 for each full percentage point above 1% per month per line/queue</p> <p>For the third and subsequent deficiencies: \$15,000 for each full percentage point above 1% per month per line/queue</p>
8	90% of all calls to the NEMT Call Center are answered by a live voice within thirty (30) seconds (see Section A.9 of this Attachment)	<p>For the first deficiency: \$5,000 for each full percentage point below 90% per month per line/queue</p> <p>For the second deficiency: \$10,000 for each full percentage point below 90% per month per line/queue</p> <p>For the third and subsequent deficiencies: \$15,000 for each full percentage point below 90% per month per line/queue</p>
9	Less than 5% of calls to the NEMT Call Center are abandoned (see Section A.9 of this Attachment)	<p>For the first deficiency: \$5,000 for each full percentage point above 5% per month per line/queue</p> <p>For the second deficiency: \$10,000 for each full percentage point above 5% per month per line/queue</p> <p>For the third and subsequent deficiencies: \$15,000 for each full percentage point above 5% per month per line/queue</p>
10	Average hold time for calls to the NEMT Call Center is no more than 3 minutes (see Section A.9 of this Attachment)	<p>For the first deficiency: \$5,000 for each 10 seconds over 3 minutes per month per line/queue</p> <p>For the second deficiency: \$10,000 for each 10 seconds over 3 minutes per month per line/queue</p> <p>For the third and subsequent deficiencies: \$15,000 for each 10 seconds over 3 minutes per month per line/queue</p>
11	Process 90% of clean NEMT claims within thirty (30) calendar days of the receipt of the claim and process 99.5% of claims within sixty (60) calendar of receipt (see Section A.15.3 and Section A.15.4 of this Attachment)	\$10,000 for each month determined not to be in compliance
12	97% of NEMT claims are paid accurately upon initial submission (see Section A.15.5 of this Attachment)	\$5,000 for each full percentage point accuracy is below 97% for each quarter

58. **Attachment XII shall be amended by deleting Attachment XII in its entirety and replacing it with the following and renumbering all references thereto:**

**ATTACHMENT XII
Administrative Fee Payments**

- I. Administrative Fee Effective July 1, 2001 through December 31, 2002

Enrollee Category	Effective July 1, 2001 – June 30, 2002	Effective July 1, 2002 – December 31, 2002
Group 1.A	\$21.84 PMPM	\$22.71 PMPM
Group 1.B	\$21.84 PMPM	\$22.71 PMPM
Group 2	\$21.84 PMPM	\$22.71 PMPM
Group 3	\$13.84 PMPM	\$14.39 PMPM
Group 4	\$13.84 PMPM	\$14.39 PMPM
Group 5	\$13.84 PMPM	\$14.39 PMPM
Group 6	\$13.84 PMPM	\$14.39 PMPM

- II. Administrative Fee Effective January 1, 2003:

Group 1.A, Group 1.B, and Group 2

Enrollee Category	Effective January 1, 2003
Group 1.A	\$25.00 PMPM
Group 1.B	\$25.00 PMPM
Group 2	\$25.00 PMPM

Group 3, Group 4, Group 5 and Group 6 shall vary based on the total number of enrollees in these groups as follows:

Enrollment Level	Administrative Fee
0 to 99,999 enrollees	\$11.37
100,000 to 199,999 enrollees	\$11.25
200,000 to 299,999 enrollees	\$11.12
300,000 to 399,999 enrollees	\$11.00
400,000 to 499,999 enrollees	\$10.89
500,000 to 599,999 enrollees	\$10.68
600,000 to 699,999 enrollees	\$10.53
700,000 to 799,999 enrollees	\$10.38
800,000 to 899,999 enrollees	\$10.23
900,000 to 999,999 enrollees	\$10.08
1,000,000 or more enrollees	\$9.93

- III. Administrative Fee Effective January 1, 2006:

Group 1.A, Group 1.B, and Group 2

Enrollee Category	Effective January 1, 2003
Group 1.A	\$25.20 PMPM
Group 1.B	\$25.20 PMPM
Group 2	\$25.20 PMPM

Group 3, Group 4, Group 5 and Group 6 shall vary based on the total number of enrollees in these groups as follows:

Enrollment Level	Administrative Fee
0 to 99,999 enrollees	\$11.57
100,000 to 199,999 enrollees	\$11.45
200,000 to 299,999 enrollees	\$11.32
300,000 to 399,999 enrollees	\$11.20
400,000 to 499,999 enrollees	\$11.09
500,000 to 599,999 enrollees	\$10.88
600,000 to 699,999 enrollees	\$10.73
700,000 to 799,999 enrollees	\$10.58
800,000 to 899,999 enrollees	\$10.43
900,000 to 999,999 enrollees	\$10.28
1,000,000 or more enrollees	\$10.13

IV. Administrative Fee Effective September 1, 2009

Enrollee Category	Effective September 1, 2009
Group 1.A	\$29.00 PMPM
Group 1.B	\$29.00 PMPM
Group 2	\$29.00 PMPM
Group 3	\$29.00 PMPM
Group 4	\$29.00 PMPM
Group 5	\$29.00 PMPM
Group 6	\$29.00 PMPM

V. Administrative Fee Effective Upon Implementation of the Integrated Health Services Delivery Model

Enrollee Category	Effective Upon Implementation of the Integrated Health Services Delivery Model
Group 1.A	\$29.00 PMPM
Group 1.B	\$29.00 PMPM
Group 2	\$29.00 PMPM
Group 3	\$29.00 PMPM
Group 4	\$29.00 PMPM
Group 5^{IHSDM}	TennCare shall reimburse actual and reasonable costs associated with the management and delivery of covered services for this population as specified in Section 4.1.6.
Group 5	\$29.00 PMPM
Group 6	\$29.00 PMPM

- 59. Attachment XIII through XVI shall be amended by deleting them in their entirety and renumbering all references thereto.**
- 60. All Sections of the Agreement shall be amended to renumber references in accordance with this Amendment.**

Amendment Number 22 (cont.)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective March 1, 2010.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 2.4.4.1.1 shall be amended by adding a new Section 2.4.4.1.1.4 "Group 5 ^{IHSDM}: Persons with Intellectual Disabilities who have been defined as the Target Population for the Integrated Health Services Delivery Model described in Section 3A of this Agreement;" and renumbering the existing Sections and eligibility Groups accordingly, including any references thereto throughout the Agreement.

2. The Select Contract shall be amended by adding a new Section 3A. For greater clarity, this new Section 3A is a separate and distinct section from Section 3.

3. The new Section 3A shall read as follows:

3A INTEGRATED HEALTH SERVICES DELIVERY MODEL FOR PERSONS WITH INTELLECTUAL DISABILITIES (i.e., Mental Retardation)

3A.1 General

3A.1.1 Notwithstanding any provision in this Agreement to the contrary, the CONTRACTOR shall be responsible for the implementation of an Integrated Health Services Delivery Model for persons with intellectual disabilities as set forth in this Section.

The model as defined herein includes the following:

3A.1.1.1 Continuous assessment of each member's physical and behavioral health needs including preventive care needs, acute and chronic physical or behavioral health conditions, and related problems specific or common to persons with Intellectual and/or Developmental Disabilities (I/DD);

- 3A.1.1.2 Timely access to medically necessary physical and behavioral health care services;
- 3A.1.1.3 Implementation of a person-centered Medical Home Model for primary care and coordination of medical information and specialized physical and behavioral health care needs by a Primary Care Physician;
- 3A.1.1.4 Ongoing coordination with long-term care services the member receives, including Home and Community Based Services (HCBS) provided under a Section 1915(c) waiver program for persons with intellectual disabilities (i.e., mental retardation) or Institutional services in an Intermediate Care Facility for persons with Mental Retardation (ICF/MR) or Nursing Facility (NF), as applicable; and
- 3A.1.1.5 Continuous collaboration between the member's care providers and payors, including TennCare, the Tennessee Department of Finance & Administration - Division of Intellectual Disabilities Services (DIDS, formerly known as DMRS), and the CONTRACTOR who will be responsible for the coordination, delivery and payment of all medically necessary covered physical and behavioral health services.

3A.1.2 The Integrated Health Services Delivery Model shall be efficient in terms of both administration and cost, shall minimize duplicative administrative functions and expenses, and shall maximize federal financial participation in both administrative and service-related expenditures for eligible service recipients.

3A.1.3 The cornerstone of the model is Nurse Care Management, which shall be provided by the CONTRACTOR as an administrative service, rather than a covered benefit. Each TennCare Select member within the target population shall have an assigned Nurse Care Manager. Nurse Care Managers shall develop an individualized, Integrated Plan of Health Care for each member, coordinate the full array of covered physical and behavioral health services eligible members need, and work closely with Independent Support Coordinators or Waiver Case Managers, as applicable and MR Waiver, ICF/MR and/or NF providers in implementing the Integrated Plan of Health Care which operates in conjunction with the member's Individual Support Plan. In addition to extensive professional nursing experience and expertise, Nurse Care Managers will receive training specific to the I/DD population, with particular focus on medical issues common in occurrence and nursing procedures frequently required for the I/DD population.

3A.2 Target Population for the Integrated Health Services Delivery Model

3A.2.1 Upon implementation of the Integrated Health Services Delivery Model for persons with intellectual disabilities and in accordance with the phased-in implementation plan set forth in this Section, the CONTRACTOR shall provide Nurse Care Management care services to all TennCare Select members with intellectual disabilities who are actively enrolled in one of the State of Tennessee's three (3) Section 1915(c) Home and Community Based Services (HCBS) waiver programs for persons with intellectual disabilities (i.e., mental retardation), including the Arlington, Statewide (or "Main") and Self-Determination Waiver Programs.

3A.2.2 The CONTRACTOR shall also provide Nurse Care Management services to all TennCare Select members with intellectual disabilities receiving ICF/MR services in a private (i.e., non-State) Intermediate Care Facility for persons with Mental Retardation (ICF/MR), as well as TennCare

Select members in the Arlington Class who are residing in public or private ICFs/MR, nursing homes or in other institutional or alternative home and community-based placements, which may include the person's (or family's) home, except that persons enrolled in the CHOICES program shall not participate in the Integrated Health Services Delivery Model.

3A.2.3 The CONTRACTOR shall provide Nurse Care Management *only* to members of the target population as defined in this Section. Nurse Care Management shall not be available to persons outside the defined target population for the Integrated Health Services Delivery Model.

3A.2.4 TENNCARE will notify the CONTRACTOR regarding Arlington Class Members currently served by the Community Services Network (CSN) who elect to opt into TennCare Select and participate in the Integrated Health Services Delivery Model.

3A.2.5 For other members of the target population, TENNCARE will notify the CONTRACTOR via the 834 eligibility file when the member has been enrolled in TennCare Select, either because:

- (a) s/he is in the defined target population and has elected to opt into TennCare Select; or
- (b) because s/he has been auto-assigned (with an opt out provision) by virtue of being a new TennCare member who meets ICF/MR level of care eligibility and is:
 - (1) actively enrolled in an MR Waiver program; or
 - (2) receiving ICF/MR services; or
 - (3) a member of the Arlington At-Risk Class.

Additional notification processes may be established as necessary to help facilitate timely initiation of the CONTRACTOR's care management (including assessment) activities; however, only members assigned to TennCare Select by TennCare (i.e., based on auto-assignment or an MCO change request) may participate in the Integrated Health Services Delivery Model.

3A.3 Phased-In Implementation of the Integrated Health Services Delivery Model

3A.3.1 In order to ensure a seamless transition of care for persons transitioning from CSN to the Integrated Health Services Delivery Model and to ensure the availability of resources needed to expand the model beyond Arlington Class Members, the Integrated Health Services Delivery Model shall be phased in as follows:

3A.3.2 Approximately 120 days following approval by the federal court, TennCare shall begin transitioning Arlington Class Members currently receiving services through CSN as set forth under Section 3A.19 *Transition of Members Currently Receiving Care Through the Community Services Network*.

3A.3.3 Approximately 120 days later, TennCare shall begin expanding the model to other members of the target population, on a Grand Region by Grand Region basis, until all persons in the target population have been given an opportunity to opt into TennCare Select and participate in the Integrated Health Services Delivery Model. At TennCare's discretion, notice and transition processes for other members of the target population may be scheduled to facilitate a more seamless transition process. TennCare shall also begin auto assigning new TennCare members in the target population to TennCare Select with the ability to opt out into a different health plan.

Amendment Number 21 (cont.)

3A.3.4 All members of the target population assigned to TennCare Select shall be assigned to the Integrated Health Services Delivery Model.

3A.4 Nurse Care Management

3A.4.1 The CONTRACTOR shall provide Nurse Care Management in an integrated, holistic, person-centered manner.

3A.4.1.1 Nurse Care Management shall be the continuous process of:

3A.4.1.2 Assessing a member's physical and behavioral health needs;

3A.4.1.3 Identifying the covered physical and behavioral health services that are necessary to meet the member's identified needs;

3A.4.1.4 Developing and maintaining for each member an individualized, Integrated Plan of Health Care (which shall specify physical as well as behavioral health services and interventions);

3A.4.1.5 Ensuring timely access to and provision, coordination and monitoring of covered physical and behavioral health services; and

3A.4.1.6 Collaboration between providers and payors of the member's physical and behavioral health services, including physicians and other physical and behavioral health care providers, TennCare, DIDS, and the CONTRACTOR to facilitate seamless access to care and maximize health outcomes.

3A.4.2 The CONTRACTOR shall develop and implement policies and procedures for Nurse Care Management which comport with the requirements of this Section.

3A.4.2.1 Such policies and procedures shall specify the role and authority of Nurse Care Managers in authorizing needed physical and behavioral health services. At the discretion of the CONTRACTOR, authorization of home health, private duty nursing, and direct therapy services (i.e., occupational, physical and speech therapy services) may be completed by the Nurse Care Manager or through the CONTRACTOR's established UM processes but shall be coordinated by the Nurse Care Manager to ensure timely access to needed care and coordination with MR Waiver benefits.

3A.4.3 The CONTRACTOR shall ensure that, upon enrollment into the Integrated Health Services Delivery Model, MCO case management and/or disease management activities for the target population are integrated with Nurse Care Management processes and functions, and that the member's assigned Nurse Care Manager has primary responsibility for coordination of all the member's physical and behavioral health needs. The Nurse Care Manager may use resources and staff from the CONTRACTOR's case management and disease management programs, including persons with specialized expertise in areas such as behavioral health, to supplement but not supplant the role and responsibilities of the Nurse Care Manager.

3A.4.4 The CONTRACTOR shall utilize state-of-the-art care management tools, health informatics and analytics to stratify populations, target physical and behavioral health interventions, and to

identify and address gaps in care based on best practice protocols for managing specific conditions.

3A.5 Assignment of a Nurse Care Manager to Members NOT Transitioning from the Community Services Network

3A.5.1 The CONTRACTOR shall, within five (5) business days after notification of enrollment of each new member in the target population not transitioning from the Community Services Network into TennCare Select, assign a specific Nurse Care Manager who shall have primary responsibility for performance of Nurse Care Management activities as specified in this Section, and who shall be the member's point of contact for coordination of physical and behavioral health services. (Members transitioning from CSN shall have a Nurse Care Manager assigned prior to transition.)

3A.5.2 The CONTRACTOR shall, within ten (10) business days after notification of enrollment of each new member in the target population into TennCare Select, provide written notice to the member including the name and contact information for his/her assigned Nurse Care Manager, and how to obtain assistance for urgent physical and behavioral health needs after hours.

3A.5.3 The CONTRACTOR may utilize a care management support team approach to performing Nurse Care Management activities. For each participant in the Integrated Health Services Delivery model, the CONTRACTOR's Care Management Support Team shall consist of the member's Nurse Care Manager and specific other persons with relevant expertise and experience appropriate to address the needs of persons with I/DD. Care Management Support Teams shall be discrete entities within the CONTRACTOR's organizational structure dedicated to fulfilling Nurse Care Management functions. The CONTRACTOR shall establish policies and procedures which specify, at a minimum: the composition of care management support teams; the tasks that will be performed directly by the Nurse Care Manager, which shall include all assessments and face-to-face contacts; measures taken to ensure that the Nurse Care Manager remains the member's primary point of contact for physical and behavioral health needs; escalation procedures to elevate issues to the Nurse Care Manager in a timely manner; and measures taken to ensure that if a member needs to reach his/her Nurse Care Manager specifically, calls that require immediate attention by a Nurse Care Manager are handled by a Nurse Care Manager and calls that do not require immediate attention are returned by the member's Nurse Care Manager the next business day.

3A.6 Assessment of Physical and Behavioral Health Needs

3A.6.1 The CONTRACTOR shall conduct a comprehensive face-to-face assessment of each member’s physical and behavioral health needs, including a comprehensive physical, behavioral, developmental, and social history; identification of all current physical or behavioral health conditions or symptoms, treatments and interventions, including currently administered prescription and over-the-counter medications; an assessment of the current status of preventive care; a thorough review of relevant physiological needs, including but not limited to gastrointestinal function, skin integrity, seizure disorders, bowel and bladder function, and nutrition and/or weight-related concerns; an assessment of any Durable Medical Equipment (DME) needs, including whether existing DME items are in good working condition and appropriate for the member’s needs—both in terms of fit and functionality; and identification of key physical and behavioral health-related risks.

3A.6.1.1 For persons transitioning into the Integrated Health Services Delivery Model from the Community Services Network (CSN), such face-to-face assessment shall be completed prior to transition as set forth under Section 3A.19 *Transition of Members Currently Receiving Care Through the Community Services Network*. For other participants in the Integrated Health Services Delivery Model assigned to TennCare Select or electing to opt into TennCare Select, such face-to-face assessment shall be as soon as possible after enrollment into TennCare Select, but must be completed in time to ensure the development of an individualized, Integrated Plan of Health Care within the timeframes set forth below.

3A.6.1.2 The schedule for the face-to-face assessment shall be coordinated with the member’s guardian or conservator, as applicable, and shall be completed in the member’s place of residence, except under extenuating circumstances (such as the member’s hospitalization), which shall be documented in writing.

3A.6.1.3 The CONTRACTOR shall make reasonable efforts to include the member’s guardian or conservator in the assessment process, and to gather relevant information from the member’s guardian or conservator regarding the member’s physical and/or behavioral health needs.

3A.6.2 Prior to conducting the face-to-face assessment, the CONTRACTOR shall review available data and information regarding the member’s physical and behavioral health care needs and utilization, including but not limited to claims and encounter information (as applicable), Physical Status Reviews, Health Care Plans, Individual Support Plans, and other relevant data provided by DIDS and/or by CSN in order to identify health-related concerns and to help inform and guide the assessment process.

3A.7 Development of an Individualized, Integrated Plan of Health Care

3A.7.1 Upon completion of the assessment, the CONTRACTOR shall coordinate with a Care Management Support Team to develop an individualized, Integrated Plan of Health Care. Such plan shall be completed within thirty (30) calendar days of enrollment into the Integrated Health Services Delivery Model.

3A.7.2 The Care Management Support Team shall be led by the Nurse Care Manager and shall include the member and his/her family, guardian or conservator (as applicable). The Team may also

include (as appropriate), but is not limited to the member's Primary Care Physician, Independent Support Coordinator (ISC) or Waiver Case Manager (WCM), as applicable, MR Waiver providers, DIDS Advocate, physical and/or behavioral health care providers, and other VSHP staff such as the physical or behavioral health Medical Director(s), Social Worker, etc.

3A.7.3 Nurse Care Managers shall consult with the member's PCP, specialists, behavioral health providers, other providers, and interdisciplinary team experts, as needed when developing the Integrated Plan of Health Care.

3A.7.4 The Integrated Plan of Health Care shall include, at a minimum:

3A.7.4.1 Pertinent demographic information regarding the member including the name and contact information of the guardian or conservator and a list of other persons authorized by the member to have access to health care related information and to assist with assessment, planning, and/or implementation of health care related services and supports;

3A.7.4.2 Description of any special communication needs including interpreters or special devices;

3A.7.4.3 The Primary Care Physician and his/her contact information;

3A.7.4.4 A summary of key information from the assessment, including relevant physical, behavioral, developmental, and/or social history; current physical or behavioral health conditions or symptoms, treatments and interventions; the current status of preventive care; and relevant physiological and DME needs;

3A.7.4.5 Health (including mental health)-related goals, objectives and desired health, functional, and quality of life outcomes for the member;

3A.7.4.6 A description of the member's physical and behavioral health needs, including a description of medical equipment used or needed by the member (if applicable);

3A.7.4.7 Physical or behavioral health risks and appropriate interventions and strategies to mitigate those risks;

3A.7.4.8 Any steps caregivers should take in the event of an emergency that differ from the standard emergency protocol;

3A.7.4.9 The physical and behavioral health services and interventions that are necessary to meet the member's identified needs;

3A.7.4.10 Health care tasks and functions that will be performed by family members and other caregivers, such as routine administration of medications;

3A.7.4.11 A detailed listing of the physical and behavioral health services the member will receive from other payor sources including the payor of such services (e.g., Medicare home health);

3A.7.4.12 A detailed listing of covered physical and behavioral health services to be provided by the CONTRACTOR, including preventive services;

Amendment Number 21 (cont.)

- 3A.7.4.13 When home health and/or private duty nursing services will be authorized by the CONTRACTOR, a detailed and adequate back-up plan for situations when regularly scheduled HH/PDN providers are unavailable or do not arrive as scheduled (the back-up plan may include paid and unpaid supports and shall include the names and telephone numbers of persons and agencies to contact and the services provided by listed contacts); and
- 3A.7.4.14 Frequency of planned Nurse Care Management contacts needed, which shall include consideration of the member's individualized needs and circumstances, and which shall at minimum meet required contacts as specified in this Section (unplanned Care Manager contacts shall be provided as needed).
- 3A.7.5 During the development of the member's Integrated Plan of Health Care, the Nurse Care Manager shall educate the member and his/her guardian or conservator, as applicable regarding end of life care and his/her ability to use advance directives and shall document the member's decision in the member's Integrated Plan of Health Care.
- 3A.7.6 For persons residing in Institutional Placements, the Integrated Plan of Health Care shall supplement the facility's plan of care (which is required pursuant to federal regulation), and shall focus on the provision of services covered by TennCare Select that are beyond the scope of the Institutional ICF/MR or NF benefit, including targeted strategies related to improving health, functional, or quality of life outcomes (e.g., related to disease management or pharmacy management) or to increasing and/or maintaining health and/or functional status, as appropriate.
- 3A.7.7 The member's Nurse Care Manager shall participate as appropriate in the Institutional facility's care planning process and advocate for the member regarding physical and behavioral health needs.
- 3A.7.8 The member's Nurse Care Manager shall ensure that the member (and/or his/her guardian or conservator, as appropriate) reviews, signs and dates the Integrated Plan of Health Care as well as any updates.
- 3A.7.9 The CONTRACTOR shall develop policies and procedures that describe the measures taken by the CONTRACTOR to address instances when a member (or his/her guardian or conservator, as appropriate) refuses to sign the plan of care. The policies and procedures shall include a specific escalation process (ultimately to TENNCARE) that includes a review of the reasons for the refusal as well as actions taken to resolve any disagreements with the Integrated Plan of Health Care.
- 3A.7.10 The member's Nurse Care Manager shall provide a copy of the member's completed Integrated Plan of Health Care, including any updates, to the member, the member's guardian or conservator, as applicable, the MR Waiver ISC or Case Manager, and the member's community residential alternative provider, as applicable. The member's Nurse Care Manager/Care Management Support Team shall provide copies to other providers authorized to deliver care to the member upon request, and shall ensure that such physical and behavioral health care providers who do not receive a copy of the Integrated Plan of Health Care are informed in writing of all relevant information needed to ensure the provision of quality physical and behavioral health services for the member.

Amendment Number 21 (cont.)

3A.7.11 The CONTRACTOR shall immediately begin to address all urgent physical and behavioral health care needs, and shall not wait for completion of the Integrated Plan of Health Care to arrange urgently needed care.

3A.7.12 If the CONTRACTOR is unable to initiate in a timely manner any covered physical or behavioral health service needed by the member that is within the scope of benefits available under the TennCare 1115 Waiver program, the CONTRACTOR shall, pursuant to established *Grier* notice requirements and templates, issue written notice to the member, documenting the service(s) that will be delayed, the reasons for the delay, and the date the service(s) will start, and shall make good faith efforts to ensure that services are provided as soon as practical.

3A.7.13 The CONTRACTOR shall provide to TennCare a monthly report of all delays in service notices issued to participants in the Integrated Health Services Delivery Model, which shall specify at a minimum, the member's name and Medicaid ID, the type of service delayed, the date the service was authorized, the date the notice of delay was issued, the reason for the delay, and the projected date that the service will be available.

3A.7.14 Nurse Care Managers shall 1) timely communicate to Arlington Class members' Independent Support Coordinator and/or Advocate, as applicable, all TennCare Select denials of service which trigger due process appeal rights pursuant to the *Grier* Revised Consent Decree; and 2) provide a copy of the notice of action.

3A.8 Reassessments of Need and Updates to the Integrated Plan of Health Care

3A.8.1 The Nurse Care Manager shall reassess physical and behavioral health needs at least annually and within ten (10) business days of the CONTRACTOR's becoming aware that the member's functional, physical, or behavioral status has changed significantly which may include, but is not limited to:

3A.8.1.1 An acute hospital admission or Emergency Department utilization;

3A.8.1.2 A newly diagnosed physical or behavioral health condition;

3A.8.1.3 A significant change in an existing physical or behavioral health condition;

3A.8.1.4 A significant decline in functional status, such as loss of mobility; or

3A.8.1.5 Behavioral destabilization, including new or increased self-injurious behaviors, property destruction, etc.

3A.8.2 The Nurse Care Manager shall update the Integrated Plan of Health Care as needed to reflect significant changes in condition, treatments or interventions; physical and behavioral health needs, risks and interventions; physical and behavioral health services, etc.

3A.9 Assignment of a Primary Care Physician and Establishment of a Medical Home

3A.9.1 Upon enrollment into TennCare Select, each participant in the Integrated Health Services Delivery Model shall be assigned a Primary Care Physician (PCP), including members dually eligible for TennCare and Medicare.

- 3A.9.1.1 Assignment of the PCP shall, to the maximum extent possible and appropriate, be consistent with the member's current utilization of primary care services, if applicable, so long as such PCP participates in the TennCare Select network.
- 3A.9.1.2 To the extent that (1) a newly enrolled member wishes to utilize a different PCP; (2) a member is not utilizing primary care services upon enrollment into TennCare Select; or (3) a member's current PCP elects not to participate in the TennCare Select network, the member's Nurse Care Manager shall coordinate with the member and his/her guardian or conservator to select a participating PCP who will be assigned to the member.
- 3A.9.1.3 The PCP shall be responsible for continuous comprehensive primary care and coordination of medical information and specialized physical and behavioral health care services, including specialty referrals.
- 3A.9.2 The Nurse Care Manager shall coordinate with the PCP to provide information, address needs and concerns, ensure timely access to needed specialty care, and to facilitate a comprehensive, holistic, person-centered approach to care, and shall provide assistance as needed in scheduling needed appointments, and in arranging non-emergency transportation services.
- 3A.9.3 The CONTRACTOR shall be responsible for helping to facilitate access to and utilization of appropriate preventive care services, which shall include maintenance of an internal tracking system which identifies preventive care status and pending preventive care due dates for each participant in the Integrated Health Services Delivery Model, and screening services provided in accordance with nationally accepted standards or guidelines develop or endorsed by respected medical organizations such as the Centers for Disease Control and Prevention, including but not limited to pap smears, mammograms, prostate cancer screenings, and colorectal cancer screenings, as applicable. Nurse Care Managers shall utilize such tracking system to facilitate timely access to needed care, which may include as needed assistance in scheduling needed appointments, and in arranging non-emergency medical transportation services.
- 3A.9.4 The CONTRACTOR shall monitor utilization of Emergency Department services in an effort to identify physical or behavioral health care needs, ensure appropriate utilization of Primary and/or Specialty Care, improve continuity of care, and to help establish the medical home.
- 3A.10 Transitions of Care**
- 3A.10.1 Nurse Care Managers shall have an integral role in all care transitions, including discharge from an inpatient acute or psychiatric hospital setting, transition from an Institutional to HCBS setting, transitions between Institutional settings, and transitions between community residential providers. The Nurse Care Manager shall work with the discharge planner, ISC or Waiver Case Manager (as applicable), and guardian or conservator (as applicable) to determine the physical and/or behavioral health services that will be needed upon discharge or transition (as applicable), and to ensure that such services are arranged and provided in a timely manner.
- 3A.10.2 For members receiving home health, private duty nursing, or occupational, physical or speech therapy services upon transition, the Nurse Care Manager shall monitor to ensure that such services are implemented timely and in accordance with the Integrated Plan of Health Care.
- 3A.10.3 Upon implementation of the Electronic Visit Verification (EVV) system in the CHOICES in Long-Term Care Program, such monitoring shall include using the EVV system to monitor the

initiation and daily provision of services in accordance with the member's Integrated Plan of Health Care, and immediate action to resolve any service gaps.

3A.11 Monitoring Provision of Physical and Behavioral Health Services

3A.11.1 Upon the scheduled initiation of physical or behavioral health services identified in the Integrated Plan of Health Care, the member's Nurse Care Manager/Care Management Support Team shall begin monitoring to ensure that services have been initiated and continue to be provided as authorized.

3A.11.2 Upon implementation of the Electronic Visit Verification system as required for the CHOICES program, such monitoring shall include ongoing monitoring via electronic visit verification to ensure that services entered into the EVV, i.e., home health services, private duty nursing, and occupational, physical and speech therapy services covered under the TennCare 1115 Waiver program, are provided in accordance with the member's Integrated Plan of Health Care, including the amount, frequency, duration and scope of each service, in accordance with the member's service schedule; and that services continue to meet the member's needs.

3A.11.3 The Nurse Care Manager shall identify and immediately address service gaps, ensure that back-up plans are implemented and effectively working, and evaluate service gaps to determine their cause and to minimize gaps going forward. The CONTRACTOR shall describe in policies and procedures the process for identifying, responding to, and resolving service gaps in a timely manner.

3A.11.4 The Nurse Care Manager shall provide assistance in resolving concerns about service delivery or providers, including the quality of care rendered by providers or Nurse Care Management staff.

3A.12 Other Ongoing Nurse Care Management Responsibilities

3A.12.1 The CONTRACTOR shall provide to contract providers, including but not limited to physicians and behavioral health providers, and caregivers information regarding the role of the Nurse Care Manager and shall request that providers and caregivers notify a member's Nurse Care Manager, as expeditiously as warranted by the member's circumstances, of any significant changes in the member's condition or care, hospitalizations, or recommendations regarding physical or behavioral health services that may be needed.

3A.12.2 The CONTRACTOR shall have systems in place to facilitate timely communication between internal departments and the Nurse Care Manager to ensure that each Nurse Care Manager receives all relevant information regarding his/her members, e.g., member services, disease management, utilization management, and claims processing. The Nurse Care Manager shall follow-up on this information as appropriate, e.g., documentation in the member's plan of care, monitoring of outcomes, and, as appropriate, needs reassessment and updating the plan of care.

3A.12.3 The CONTRACTOR shall monitor and evaluate a member's Emergency Department and behavioral health crisis service utilization to determine the reason for these visits. The Nurse Care Manager shall take appropriate action to facilitate appropriate utilization of these services, e.g., communicating with the member's providers, educating the member, conducting a needs reassessment, and/or updating the member's Integrated Plan of Health Care and to better manage the member's physical health or behavioral health condition(s).

3A.12.4 The CONTRACTOR shall develop policies and procedures to ensure that Nurse Care Managers are actively involved in discharge planning when a member is hospitalized. The CONTRACTOR shall define circumstances that require that hospitalized members receive a face-to-face visit to complete a needs reassessment and an update to the member's Integrated Plan of Health Care as needed.

3A.12.5 The Nurse Care Manager/Care Management Support Team shall coordinate with Medicare payers, Medicare Advantage plans, and Medicare providers as appropriate to coordinate the care and benefits of members who are also eligible for Medicare. In accordance with the State's Coordination of Benefits Agreement with the Centers for Medicare and Medicaid Services (CMS), TENNCARE shall establish a process for sharing Medicare Parts A and B claims data with the CONTRACTOR in order to facilitate a more complete picture of health care services provided to dual eligible members, and to further improve coordination and quality of care for members.

3A.13 Minimum Nurse Care Manager Contacts

3A.13.1 The Nurse Care Manager shall conduct all needs assessment and care planning activities, and shall make all minimum care management contacts in the member's place of residence, except under extenuating circumstances (such as assessment and care planning conducted during the member's hospitalization, or upon the member's request), which shall be documented in writing.

3A.13.2 The CONTRACTOR shall ensure that Nurse Care Managers assess each member's need for contact with the Nurse Care Manager to ensure that the member's physical and behavioral health needs are met.

3A.13.3 At a minimum, members participating in the Integrated Health Services Delivery Model with complex unstable physical or behavioral health needs shall be visited in their residence face-to-face by their Nurse Care Manager at least monthly.

3A.13.4 At a minimum, members participating in the Integrated Health Services Delivery Model with complex stable physical or behavioral health needs shall be contacted by their Nurse Care Manager at least monthly either in person or by telephone, and shall be visited in their residence face-to-face by their Nurse Care Manager at least quarterly.

3A.13.5 At a minimum, members participating in the Integrated Health Services Delivery Model with no complex physical or behavioral health needs shall be contacted by their Nurse Care Manager at least quarterly either in person or by telephone, and shall be visited in their residence face-to-face by their Nurse Care Manager at least semi-annually.

3A.13.6 The CONTRACTOR shall ensure that at each face-to-face visit the Nurse Care Manager makes the following observations and documents the observations in the member's file:

3A.13.6.1 Member's physical condition including observations of the member's skin, weight changes and any visible signs or symptoms of physical illness;

3A.13.6.2 Member's mood and emotional well-being;

3A.13.6.3 Member's satisfaction with physical and behavioral health services;

- 3A.13.6.4 A statement by the member regarding any physical or behavioral health concerns or questions;
- 3A.13.6.5 A statement from the member's guardian and/or conservator regarding any concerns or questions (when the guardian/conservator is available); and
- 3A.13.6.6 Member's upcoming physical and behavioral health appointments.

3A.14 Nurse Care Management Staff

- 3A.14.1 At a minimum, Nurse Care Managers for Arlington class members in the Integrated Health Services Delivery Model shall be a Registered Nurse with at least three (3) years professional nursing experience and a minimum of two (2) years experience providing care management (preferably in a managed care setting). The CONTRACTOR shall use best efforts to employ Nurse Care Managers with appropriate certifications including Certified Case Manager (CCM) and Developmental Disabilities (DD) Certification. Nurse Care Managers who meet established qualifications but are not certified upon employment shall be required to take the certification exam(s) upon obtaining the required minimum experience.
 - 3A.14.1.1 The CONTRACTOR shall use its best efforts to recruit and employ nurse case managers employed by CSN who pass the background checks and meet the contractual educational and experiential requirements for Nurse Care Managers for Arlington Class members participating in the IHSD model.
- 3A.14.2 At a minimum, Nurse Care Managers for other participants in the Integrated Health Services Delivery Model shall be a Registered or Licensed nurse with at least (2) years professional nursing experience. Nurse Care Managers with less than three (3) years professional nursing experience and/or less than two (2) years providing care management, and all Licensed (but not Registered) Nurses shall have a Registered Nurse Supervisor who meets minimum qualifications for Nurse Care Management for Arlington class members. All Nurse Care Managers who meet established qualifications but are not CCM and DD certified upon employment shall be encouraged to complete such certification(s) upon obtaining the required minimum experience.
- 3A.14.3 The CONTRACTOR shall ensure an adequate number of Nurse Care Managers are available and that sufficient staffing ratios are maintained to address the needs of participants in the Integrated Health Services Delivery Model and to meet all requirements described in this Section.
- 3A.14.4 For Arlington class members transitioning into the Integrated Health Services Delivery Model from CSN, the Nurse Care Manager-to-member ratio shall not exceed 1:15 for any member during the pre-implementation and first ninety (90) days post-implementation phase. Once assessments have been completed and all CSN members are successfully transitioned into the Integrated Health Services Delivery Model, information regarding members gathered through assessment UM, and other processes as well as predictive modeling may be utilized to help identify members with the most significant health and/or behavioral health needs who are at the highest risk and who offer the greatest potential for improvements in health outcomes, and to stratify members and prioritize Nurse Care Manager resources accordingly, such that individual Nurse Care Managers may have a greater or lesser number of assigned members based on the level of need of such members. For a period of two (2) years following implementation of the Integrated Health Services Delivery Model, the average Nurse Care Manager-to-member ratio shall not exceed 1:35 for Arlington class members who are not in an ICF/MR or other institutional placement.

Amendment Number 21 (cont.)

- 3A.14.5 Similar processes shall be used for identification, stratification, and prioritization of other participants in the Integrated Health Services Delivery Model, with more intensive staffing during the post-enrollment phase, after which time individual Nurse Care Managers may have a greater or lesser number of assigned members based on the level of need of such members.
- 3A.14.6 The CONTRACTOR shall monitor staffing ratios and adjust ratios as necessary to ensure that Nurse Care Managers are able to meet the requirements of this Section and address members' needs.
- 3A.14.7 The CONTRACTOR shall provide, at least sixty (60) days prior to implementation of the Integrated Health Services Delivery Model, a Nurse Care Management Staffing Plan, which shall specify the number of Nurse Care Managers, Nurse Care Manager Supervisors, other supporting Care Management Support Team members the CONTRACTOR plans to initially employ. TENNCARE shall notify the CONTRACTOR in writing if the Nurse Care Management Staffing Plan is insufficient and may require modifications to ensure, prior to implementation of the Integrated Health Services Delivery Model, that the CONTRACTOR has sufficient Nurse Care Management staff. After the Integrated Health Services Delivery Model has been implemented, the CONTRACTOR shall notify TENNCARE in writing of substantive changes to its Nurse Care Management Staffing Plan, including a variance of twenty (20) percent or more from the Staffing Plan. TENNCARE may request changes in the CONTRACTOR's Nurse Care Management Staffing Plan at any time it determines that the CONTRACTOR does not have sufficient Nurse Care Management staff to properly and timely perform its obligations under this Agreement.
- 3A.14.8 The CONTRACTOR shall establish a system to assign Nurse Care Managers and to notify the member of his/her assigned Nurse Care Manager's name and contact information.
- 3A.14.9 Nurse Care Managers shall be physically located within each Grand Region of the State to ensure proximity to the member and care providers.
- 3A.14.10 The CONTRACTOR shall ensure that members have a dedicated toll-free telephone number to contact regarding physical or behavioral health services, which shall be staffed by dedicated customer service representatives. The CONTRACTOR shall facilitate transfer (without having to disconnect or place a second call) to a member's Nurse Care Manager or a member of their Care Management Support Team (if applicable) during normal business hours. If the member's Nurse Care Manager or a member of the member's Care Management Support Team is not available, the call shall be answered by another qualified staff person in the Nurse Care Management unit. The CONTRACTOR shall also ensure access to after-hours assistance for members with urgent physical or behavioral health questions or concerns.
- 3A.14.11 The CONTRACTOR shall permit members to change to a different Nurse Care Manager if the member desires and there is an alternative Nurse Care Manager available. Such availability may take into consideration the CONTRACTOR's need to efficiently deliver Nurse Care Management in accordance with requirements specified herein, including for example, the assignment of a Nurse Care Managers based on the geographic area in which members reside.
- 3A.14.12 In order to ensure quality and continuity of care, the CONTRACTOR shall make efforts to minimize the number of changes in the Nurse Care Manager assigned to a member. Circumstances in which a CONTRACTOR-initiated change in Nurse Care Managers may be appropriate include, but are not limited to, the following:

Amendment Number 21 (cont.)

- 3A.14.12.1 The Nurse Care Manager is no longer employed by the CONTRACTOR;
 - 3A.14.12.2 The Nurse Care Manager has a conflict of interest and cannot serve the member;
 - 3A.14.12.3 The Nurse Care Manager is on temporary leave from employment; and
 - 3A.14.12.4 Nurse Care Manager caseloads must be adjusted due to the size or intensity of an individual Nurse Care Manager's caseload.
- 3A.14.13 The CONTRACTOR shall develop policies and procedures regarding notice to members of Nurse Care Manager changes initiated by either the CONTRACTOR or the member, including advance notice of planned Nurse Care Manager changes initiated by the CONTRACTOR.
- 3A.14.14 The CONTRACTOR shall ensure continuity of care when Nurse Care Manager changes are made whether initiated by the member or by the CONTRACTOR. The CONTRACTOR shall demonstrate use of best practices by encouraging newly assigned Nurse Care Managers to attend a face-to-face transition visit with the member and the out-going Nurse Care Manager when possible.
- 3A.15 Nurse Care Manager Training**
- 3A.15.1 The CONTRACTOR shall provide competency-based initial training to newly hired Nurse Care Managers and competency-based ongoing training at least annually to all Nurse Care Managers and Supervisors. Initial training topics shall include at a minimum:
- 3A.15.1.1 The Integrated Health Services Delivery Model;
 - 3A.15.1.2 Covered benefits for TennCare Select members;
 - 3A.15.1.3 Section 1915(c) Waiver Programs for Persons with Intellectual Disabilities (i.e., Mental Retardation), including covered benefits and Independent Support Coordination or Case Management, as applicable;
 - 3A.15.1.4 Medicare benefits for dual eligible (i.e., Medicare/Medicaid) members;
 - 3A.15.1.5 Coordination of care among programs, payors and providers;
 - 3A.15.1.6 The Medical Home;
 - 3A.15.1.7 Conducting a comprehensive assessment of physical and behavioral health needs, and development and implementation of an Integrated Plan of Health Care;
 - 3A.15.1.8 Development and implementation of back-up plans for home health and private duty nursing services;
 - 3A.15.1.9 Use of the Electronic Visit Verification system for persons receiving home health, private duty nursing, and/or occupational, physical or speech therapy services (upon implementation of such system in the CHOICES program);
 - 3A.15.1.10 How to immediately identify and address service gaps;

Amendment Number 21 (cont.)

- 3A.15.1.11 Conducting a home visit and use of the monitoring checklist;
- 3A.15.1.12 Management of critical transitions (including hospital discharge planning);
- 3A.15.1.13 Intellectual disabilities;
- 3A.15.1.14 Physical disabilities;
- 3A.15.1.15 Physical and behavioral health issues common in occurrence and nursing procedures frequently required for persons with intellectual disabilities;
- 3A.15.1.16 Disease management;
- 3A.15.1.17 Identification and management of behavioral health conditions;
- 3A.15.1.18 Evaluation and management of physical and behavioral health risks;
- 3A.15.1.19 Advance directives and end of life care;
- 3A.15.1.20 HIPAA;
- 3A.15.1.21 Cultural competency; and
- 3A.15.1.22 Disaster planning.

3A.15.2 The CONTRACTOR shall establish roles and job responsibilities for Nurse Care Managers. The job responsibilities shall include a description of activities and required timeframes for completion. These activities shall include the requirements specified in this Section.

3A.16 Nurse Care Management Monitoring

3A.16.1 The CONTRACTOR shall develop a comprehensive program for monitoring, on an ongoing basis, the effectiveness of its Nurse Care Management processes. The CONTRACTOR shall immediately remediate all individual findings identified through its monitoring process, and shall also track and trend such findings and remediations to identify systemic issues of poor performance and/or non-compliance, implement strategies to improve care coordination processes and resolve areas of non-compliance, and shall measure the success of such strategies in addressing identified issues. At a minimum, the CONTRACTOR shall ensure that:

- 3A.16.1.1 Needs assessments and reassessment, as applicable, occur on schedule and identify members' physical and behavioral health needs;
- 3A.16.1.2 Integrated Plans of Health Care are developed and updated on schedule and in compliance with this Agreement;
- 3A.16.1.3 Integrated Plans of Health Care reflect physical and behavioral health needs identified in the assessment and reassessment processes;
- 3A.16.1.4 Integrated Plans of Health Care are appropriate and adequate to address members' physical and behavioral health needs;

Amendment Number 21 (cont.)

- 3A.16.1.5 Services are delivered as specified in the Integrated Plan of Health Care and authorized by the CONTRACTOR;
- 3A.16.1.6 Services are delivered in a timely manner;
- 3A.16.1.7 Service utilization is appropriate;
- 3A.16.1.8 Service gaps are identified and addressed in a timely manner;
- 3A.16.1.9 Minimum Nurse Care Manager contacts are conducted;
- 3A.16.1.10 Nurse Care Manager-to-member ratios are appropriate.

3A.16.2 The CONTRACTOR shall conduct periodic consumer satisfaction surveys of TennCare Select Members in the Arlington Class who are participating in the IHSD model, and shall provide such results to TennCare for review and dissemination.

3A.17 Use of an Electronic Visit Verification System

3A.17.1 Upon the development and implementation of an Electronic Visit Verification (EVV) system under the CHOICES in Long-Term Care Program, the CONTRACTOR shall utilize such system to monitor member receipt and utilization of medically necessary home health, private duty nursing and occupational, physical and speech therapy services covered under the TennCare 1115 Waiver program that are authorized by the CONTRACTOR. The EVV system shall have the following minimal functionality:

- 3A.17.1.1 The ability to log the arrival and departure of individual provider staff person;
- 3A.17.1.2 The ability to verify in accordance with business rules that services are being delivered in the correct location (e.g., the member's residence);
- 3A.17.1.3 The ability to verify the identity of the individual provider staff person providing the service to the member;
- 3A.17.1.4 The ability to match services provided to a member with services authorized in the Integrated Plan of Health Care;
- 3A.17.1.5 The ability to ensure that the provider delivering the service is authorized to deliver such services;
- 3A.17.1.6 The ability to establish a schedule of services for each member which identifies the time at which each service is needed, and the amount, frequency, duration and scope of each service, and to ensure adherence to the established schedule;
- 3A.17.1.7 The ability to provide immediate (i.e., "real time") notification to Nurse Care Managers if a provider does not arrive as scheduled or otherwise deviates from the authorized schedule so that service gaps and the reason the service was not provided as scheduled, are immediately identified and addressed, including through the implementation of back-up plans, as appropriate;
- 3A.17.1.8 The ability for the provider to submit claims to the CONTRACTOR; and

3A.17.1.9 The ability to reconcile paid claims with service authorizations.

3A.17.2 The CONTRACTOR shall monitor and use information from the EVV system to verify that home health, private duty nursing, and occupational, physical and speech therapy services covered under the TennCare 1115 Waiver program are provided as specified in the Integrated Plan of Health Care, and in accordance with the established schedule, including the amount, frequency, duration, and scope of each service, and that services are provided by the authorized provider; and to identify and immediately address service gaps, including late and missed visits. The CONTRACTOR shall monitor services anytime a member is receiving services, including after the CONTRACTOR's regular business hours.

3A.18 Care Management System

3A.18.1 The CONTRACTOR shall develop and maintain an electronic care management system that includes the functionality to ensure compliance with all requirements specified in this Agreement, and in TennCare policies and protocols, including but not limited to the following:

3A.18.1.1 The ability to capture and track key dates and timeframes specified in this Agreement, e.g., as applicable, date of enrollment into TennCare Select and the Integrated Health Services Delivery Model, date of Nurse Care Manager assignment and notification to the member, date of the face-to-face assessment; date of completion of the individualized, Integrated Plan of Health Care; date of authorization and initiation of services specified in the Integrated Plan of Health Care, date of each reassessment, and the date of each update to the Integrated Plan of Health Care;

3A.18.1.2 The ability to capture and track compliance with minimum Nurse Care Manager contacts as specified in this Agreement;

3A.18.1.3 The ability to track and notify the Nurse Care Manager regarding key dates, e.g., date for minimum Nurse Care Manager contacts; date for annual reassessment of needs reassessment;

3A.18.1.4 The ability to capture and track needs assessments and reassessments;

3A.18.1.5 The ability to capture and monitor the Integrated Plan of Health Care;

3A.18.1.6 The ability to track requested and approved service authorizations, including any services provided as a cost-effective alternative to other covered services;

3A.18.1.7 The ability to establish a schedule of home health, private duty nursing and/or occupational, physical or speech therapy services for each member which identifies the time at which each service is needed and the amount, frequency, duration and scope of each service;

3A.18.1.8 The ability to provide, via electronic interface with the EVV system, service authorizations on behalf of the member, including the schedule at which each service is needed;

3A.18.1.9 The ability to track service delivery against authorized services and providers;

3A.18.1.10 The ability to track actions taken by the Nurse Care Manager to immediately address service gaps; and

3A.18.1.11 The ability to document case notes relevant to the provision of care coordination.

3A.19 Transition of Members Currently Receiving Care Through the Community Services Network

3A.19.1 Upon the determination of a schedule for implementation of the Integrated Health Services Delivery Model, TennCare will issue notice to Arlington Class Members currently receiving care through the CSN. The notice shall be sent to the member, and the family or conservator.

3A.19.2 Such notice shall provide sixty (60) days advance notice of the termination of CSN's contracted role in coordinating and managing care for Arlington Class Members. Members will be given thirty (30) days to notify TennCare if they wish to transition from Community Services Network into TennCare Select and to participate in the Integrated Health Services Delivery Model. A form will be enclosed that may be used to provide such notification.

3A.19.3 Upon receipt of notification from a member or the family or conservator, TennCare shall notify the CONTRACTOR of the names, family or conservator names and contact information (as appropriate), and the current residence of Arlington Class Members electing to opt into TennCare Select and to participate in the Integrated Health Services Delivery Model. Such notification shall include the name and contact information for the currently assigned CSN Nurse Care Manager (if made available by CSN), and the name and contact information for the current Independent Support Coordinator or Case Manager (as applicable)—which shall be provided by DIDS. A notification process shall be established with the CONTRACTOR prior to implementation.

3A.19.4 The CONTRACTOR shall, within five (5) business days of such notification by TENNCARE, assign a specific Nurse Care Manager who shall have primary responsibility for performance of Nurse Care Management activities as specified in this Agreement, and who shall be the member's point of contact for coordination of physical and behavioral health services.

3A.19.5 The CONTRACTOR shall, within ten (10) business days of such notification by TENNCARE, provide written notice to the member including the name, phone number, business addresses and email address for his/her assigned Nurse Care Manager, and how to obtain assistance for urgent physical and behavioral health needs after hours. Such notice may be hand-delivered during the first face-to-face visit, if completed within (10) business days.

3A.19.6 The Nurse Care Manager shall contact the currently assigned CSN Nurse Care Manager (if available) and the Independent Support Coordinator or Waiver Case Manager (as applicable) to obtain a copy of the current Individual Support Plan, and to identify current medical, behavioral and long-term care (including HCBS) services the member is receiving, as well as providers of such services.

3A.19.7 The Nurse Care Manager shall request and review available medical records, and shall contact existing physical and behavioral health and long-term care providers as needed to help guide and inform the assessment and transition processes.

Amendment Number 21 (cont.)

- 3A.19.8 As part of the transition process, the assigned Nurse Care Manager shall utilize such contacts and medical information to help identify members currently receiving barbiturates and benzodiazepines through CSN. (The State shall also seek to obtain such information directly from CSN.) If a member is currently receiving barbiturates and benzodiazepines through CSN, the Nurse Care Manager shall contact the prescribing physician to help facilitate transition to covered medications prior to the member's transition to the Integrated Health Services Delivery Model.
- 3A.19.9 Also as part of the transition process, the assigned Nurse Care Manager shall utilize such contacts and medical information to identify any service that an Arlington Class member was receiving through CSN that is not a covered benefit under either TennCare Select or the Arlington waiver and when appropriate, will work with the MCO or the waiver to attempt to transition such Class member to an appropriate covered service. The CONTRACTOR shall provide to TennCare for review and dissemination quarterly reports on such non-covered services beginning one quarter after CSN members begin transitioning from CSN to the IHSD model and continuing for one year after all Arlington Class members have been transitioned from CSN.
- 3A.19.10 The Nurse Care Manager shall schedule a face-to-face visit with the member and family or conservator to provide an introduction to the Integrated Health Services Delivery Model and to complete the face-to-face assessment.
- 3A.19.11 For members transitioning from CSN to the Integrated Health Services Delivery Model, the CONTRACTOR shall include in the Integrated Plan of Health Care identification of all transition of care issues and concerns, including specific actions that will be taken to address such issues and concerns, and to ensure a seamless transition of care.
- 3A.19.12 Upon transition to the Integrated Health Services Delivery Model, the CONTRACTOR shall continue providing all covered physical and behavioral health services in accordance with the plan of care in place authorized by CSN for a period of at least thirty (30) calendar days, without regard to whether such services are being provided by contract or non-contract providers. Reimbursement for such services shall be provided in accordance with established in-network rates. Such period shall be extended as necessary to ensure seamless transition to the newly developed Integrated Plan of Health Care.
- 3A.19.13 Members not electing to transition to TennCare Select will remain enrolled with their current MCO and will begin receiving covered physical and behavioral health services through their assigned MCO. Nurse Care Management shall be available only to Arlington Class Members opting to enroll in TennCare Select.
- 3A.20 Coordination with Long-Term Care Services**
- 3A.20.1 The CONTRACTOR shall provide ongoing coordination with long-term care services the member receives, including Home and Community Based Services (HCBS) provided under a Section 1915(c) waiver program for persons with intellectual disabilities (i.e., mental retardation) or Institutional services in an Intermediate Care Facility for persons with Mental Retardation (ICF/MR) or Nursing Facility, as applicable; and continuous collaboration between the member's care providers and payors, including TennCare, DIDS, and the CONTRACTOR who will be responsible for the coordination, delivery and payment of all medically necessary covered physical and behavioral health services.

Amendment Number 21 (cont.)

- 3A.20.2 Each member's Nurse Care Manager shall participate in the Individual Support Plan development process as needed to ensure the identification of physical and/or behavioral health needs and to facilitate timely access to covered physical and/or behavioral health services.
- 3A.20.3 The Nurse Care Manager shall be the single point of contact for coordinating the member's physical and behavioral health needs, even when such care may be provided as an Extended State Plan benefit under one of the State's Section 1915(c) Waiver programs for persons with intellectual disabilities (i.e., mental retardation).
- 3A.20.4 TennCare and DIDS shall provide training for Nurse Care Managers regarding covered HCBS Waiver benefits, including specific delineation of services covered under the TennCare 1115 Waiver (i.e., Medicaid State Plan), and services covered under the MR Waiver programs. If a service needed by an MR Waiver participant is not covered under the TennCare 1115 Waiver Program, but is instead covered under the MR Waiver program in which the member is enrolled, the Nurse Care Manager shall be responsible for coordinating with the Independent Support Coordinator (ISC) or Waiver Case Manager (WCM), as applicable, to address the member's need. Such responsibility shall not be satisfactorily met by means of redirecting the member or guardian/conservator to the ISC or WCM, or even by referral to the ISC or WCM. The Nurse Care Manager shall coordinate with the ISC or WCM to ensure that the physical or behavioral health need is timely addressed.
- 3A.21 TennCare Select Provider Network**
- 3A.21.1 The CONTRACTOR shall utilize the TennCare Select provider network to deliver services to participants in the Integrated Health Services Delivery Model.
- 3A.21.2 The CONTRACTOR shall recruit and contract with an adequate number of providers to meet the needs of all TennCare Select Members (as set forth in this Agreement), including participants in the Integrated Health Services Delivery Model.
- 3A.21.3 The CONTRACTOR's network must have adequate capacity to deliver covered physical and behavioral health services that meet the needs of persons with I/DD. Indicators of an adequate network include, but are not limited to:
- 3A.21.3.1 The CONTRACTOR meets guidelines established in this Agreement for a provider network.
 - 3A.21.3.2 The CONTRACTOR has sufficient types and numbers of providers to be able to consistently deliver services in a timely manner; and
 - 3A.21.3.3 The CONTRACTOR has within its network specialized health providers with sufficient expertise to deliver covered physical and behavioral health needed by persons with I/DD.
- 3A.21.4 The CONTRACTOR shall, within the TennCare Select network, identify and/or recruit and contract with physical and behavioral health care providers, in particular PCPs, who have the qualifications, capabilities and resources to work with persons with I/DD.
- 3A.21.5 Such PCPs shall be identified as providers in a special primary care network for TennCare Select members in the Integrated Health Services Delivery Model that is modeled on the TennCare Select BPN network for children in state custody; however, members of the Integrated Health

Services Delivery Model shall be permitted to utilize TennCare Select Network providers outside the special primary care network.

- 3A.21.6 The CONTRACTOR shall make its best efforts to recruit and include in the TennCare Select Network of service providers, the active CSN PCPs and the active CSN specialty service providers (i.e., providers that have delivered covered services to CSN members within the last twelve (12) months), provided that such providers satisfy credentialing requirements. The CONTRACTOR shall provide to TennCare for review and dissemination quarterly reports on its efforts to recruit CSN providers beginning one quarter after approval of the federal court to replace CSN with the IHSD model, and continuing for one year after all Arlington Class members have been transitioned from CSN.
- 3A.21.7 The CONTRACTOR is permitted to offer PCPs an additional per member per month fee if necessary to recruit the requisite number of providers and cause them to undertake the responsibilities associated with caring for members of the Integrated Health Services Delivery Model. These responsibilities will be reflected in the provider agreement between the CONTRACTOR and any PCP who is offered and accepts the additional per member per month fee.
- 3A.21.8 The CONTRACTOR shall develop policies and procedures for assigning participants in the Integrated Health Services Delivery Model to PCPs with I/DD expertise.
- 3A.21.9 The CONTRACTOR shall implement, distribute and train and monitor PCPs and specialists regarding the use of best practice guidelines for acute and chronic conditions common to persons with I/DD.
- 3A.21.10 The CONTRACTOR shall provide training opportunities for PCPs and other providers regarding the unique needs of persons with I/DD, how to improve the quality of service delivery, and effective collaboration with family members and conservators.

4. Section 4.1 shall be deleted and replaced as follows:

4.1 Administrative Fee

- 4.1.1 The CONTRACTOR shall be paid a fixed fee per member per month for specified Eligible Groups for the administration of TennCare Select according to the requirements of this Agreement. The administrative fee to be paid for each specified Eligible Group shall be described in Attachment XVI of this Agreement.
- 4.1.2 TennCare or its appointed agent shall make payment by the fifth working day of each month to the CONTRACTOR for the CONTRACTOR's satisfactory performance of its duties and responsibilities as set forth in this Agreement. Each month payment to the CONTRACTOR shall be equal to the number of enrollees certified by TENNCARE multiplied by the administrative fee for the appropriate enrollee category. The actual amount owed the CONTRACTOR for each enrollee shall be determined by dividing the appropriate monthly administrative fee by the number of days in the month and then multiplying the quotient of this transaction by the actual number of days the enrollee was enrolled in the plan.
- 4.1.3 Payment for enrollees shall start the effective date of the enrollee's enrollment in the plan.
- 4.1.4 The CONTRACTOR agrees the State may retroactively recoup Administrative Fee payments for deceased enrollees. Retroactive recoupment will be deducted from the monthly payment for the following month. Payments may be recouped back to the date of death. This is the only provision whereby the State

Amendment Number 21 (cont.)

may retroactively recoup administrative fee payments from the CONTRACTOR for enrollees retroactively terminated from TennCare Select.

4.1.5 Administrative fee payments made in accordance with Section 4.1.1, 4.1.2, and Attachment XVI will not include payment for children in state custody for whom Immediate Eligibility was established and who were not subsequently found to be TennCare eligible. TennCare shall make a separate payment for said children upon receipt of an invoice from the CONTRACTOR. The invoice shall be submitted to TENNCARE in the form and format specified in Attachment XIII, Exhibit N on a monthly basis. The administrative fee due shall be equal to the number of enrollees for whom Immediate Eligibility was established multiplied by a flat rate equal to the per member per month for Group 1.A, for the full 45 day eligibility period.

4.1.6 As described herein, administrative fee payments made in accordance with Section 4.1.1, 4.1.2, and Attachment XVI will not include payment for enrollees specified in Group 5^{IHSDM}, Persons with Intellectual Disabilities who have been defined as the Target Population for the Integrated Health Services Delivery Model described in Section 3A of this Agreement. For enrollees in Group 5^{IHSDM}, TENNCARE shall reimburse the CONTRACTOR for actual and reasonable cost associated with the management and delivery of covered services to this population based on an invoice submitted by the CONTRACTOR.

4. Section 4.6.1 shall be deleted and replaced as follows:

4.6.1 In no event shall the maximum liability of the State under this Agreement during the original term of the Agreement exceed One Billion, Three Hundred Eighty Two Million, Six Hundred Eighty Three Thousand, Nine Hundred Five Dollars and Ninety Cents (\$1,382,683,905.90).

5. Attachment XVI shall be amended by adding a new item V which shall read as follows:

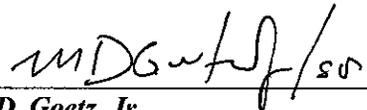

V. Administrative Fee Effective Upon Implementation of the Integrated Health Services Delivery Model

Enrollee Category	Effective Upon Implementation of the Integrated Health Services Delivery Model
Group 1.A	\$29.00 PMPM
Group 1.B	\$29.00 PMPM
Group 2	\$29.00 PMPM
Group 3	\$29.00 PMPM
Group 4	\$29.00 PMPM
Group 5^{IHSDM}	TennCare shall reimburse actual and reasonable costs associated with the management and delivery of covered services for this population as specified in Section 4.1.6.
Group 5	\$29.00 PMPM
Group 6	\$29.00 PMPM

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective January 1, 2010.

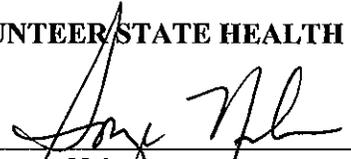

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 20

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

Item 13 shall become effective July 1, 2009. All other Items described below shall become effective September 1, 2009 unless otherwise specified.

- 1. The Section/Sub-section numbering format shall be amended by deleting and replacing dashes (-) with periods (.) and changing the lettering in subsections to numbering so that the Section/Sub-section formatting shall be “1.1.1.1”, etc.**
- 2. References to medical services as covered services under this contract shall be amended by adding a reference to “behavioral health” services where appropriate to indicate the full scope of services covered by this contract.**
- 3. Section 1, Definitions, shall be amended by deleting the definition “Behavioral Health Organization (BHO)”, adding the following new definitions and deleting and replacing the following existing definitions:**

Administrative Cost - All costs to the Contractor related to the administration of this Agreement that are non-medical in nature, including, but not limited to:

- Satisfying Contractor Qualifications specified in Sections 2.1 and 2.2
- Enrollment and Disenrollment in accordance with Section 2.4 and 2.5;
- Additional services and use of incentives in Section 2.6.7;
- Management of Medical Care and Coordination of Care policies and procedures established in accordance with Section 2.9 with the exception of Medical Case Management;
- Establishing and Maintaining a Provider Network in accordance with the Access and Availability requirements specified in Section 2.11, Attachment III, Attachment IV, and Attachment V;
- Utilization Management policies and procedures, including prior authorization policies and procedures established in accordance with Section 2.14;
- Quality Assurance and Improvement activities as specified in Section 2.15;
- Quality Monitoring/Quality Improvement Program established in accordance with Section 2.15;
- Production and distribution of Marketing and Enrollee Materials as specified in Section 2.17;
- Customer service requirements in Section 2.18;
- Appeals processing and resolution in accordance with Section 2.19;
- Determination of recoveries from Third Party Liability resources in accordance with Section 2.21.4;
- Claims Processing in accordance with 2.22;
- Referral and Exemption Requirements established in accordance with this Agreement;
- Out of Area or Out of Plan Use policies and procedures established in accordance with this Agreement;
- Transplant policies and procedures established in accordance with Section 2.6;

Amendment Number 20 (cont.)

- Prenatal Care policies and procedures established in accordance with this Agreement;
- Maintenance and operation of Information Systems in accordance with Section 2.23;
- Personnel requirements in Section 2.29
- Production and submission of required reports as specified in Section 2.30;
- Administration of this Agreement in accordance with Medical Management Policies and Procedures;
- All other Administration and Management responsibilities as specified in Attachments II through IX and Sections 2.20, 2.21, 2.24, 2.25, 2.26, 2.27, and 2.28;
- Premium tax, and
- All costs related to third party recovery or subrogation activities whether performed by the Contractor or a subcontractor.

Costs of subcontractors engaged solely to perform a non-medical administrative function for the CONTRACTOR specifically related to securing or fulfilling the CONTRACTOR's obligations to TENNCARE under the terms of this Agreement (e.g., claims processing, marketing) are considered to be an "administrative cost".

Behavioral Health Assessment – Procedures used to diagnose mental health or substance abuse conditions and determine treatment plans.

Behavioral Health Services – Mental health and/or substance abuse services.

Benefits – A schedule of health care services, including behavioral health services, that define the covered services available to TennCare enrollees enrolled in the CONTRACTOR's MCO pursuant to this Agreement.

Behavioral Health Services – Mental health and/or substance abuse services.

Centers of Excellence (COE) for Behavioral Health – COEs that provide a limited range of direct services to children in and at risk for state custody (i.e., not just DCS children/youth). These services are to augment the existing service system. Therefore, COEs for Behavioral Health typically only provide services where there is sufficient complexity in the case to warrant the COE for Behavioral Health resources and/or all other means to provide the service in the TennCare network have been exhausted.

Clinically Related Group 1: Severely and/or Persistently Mentally Ill (SPMI) – Persons in this group are 18 years or older with a valid DSM-IV-TR (and subsequent revisions) diagnosis excluding substance use disorders, developmental disorders or V-codes. They are recently severely impaired and the duration of their severe impairment totals six months or longer of the past year.

Clinically Related Group 2: Persons with Severe Mental Illness (SMI) – Persons in this group are 18 years or older with a valid DSM-IV-TR (and subsequent revisions) diagnosis excluding substance use disorders, developmental disorders or V-codes. Persons in this group are recently severely impaired and the duration of their severe impairment totals less than six months of the past year.

Clinically Related Group 3: Persons who are Formerly Severely Impaired – Persons in this group are 18 years or older with a valid DSM-IV-TR (and subsequent revisions) diagnosis excluding substance use disorders, developmental disorders or V-codes. Persons in this group are not recently severely impaired but have been severely impaired in the past and need services to prevent relapse.

Clinically Related Group 4: Persons with Mild or Moderate Mental Disorders – Persons in this group are 18 years or older with a valid DSM-IV-TR (and subsequent revisions) diagnosis excluding substance use disorders, developmental disorders or V-codes. Persons in this group are not recently severely impaired and are *either* not formerly severely impaired *or* are formerly severely impaired but do not need services to prevent relapse.

Clinically Related Group 5: Persons who are not in clinically related groups 1-4 as a result of their diagnosis – Persons in this group are 18 years or older diagnosed with DSM-IV-TR (and subsequent revisions) substance use disorders, developmental disorders or V-codes only.

Consumer – An individual who uses a mental health or substance abuse service.

Amendment Number 20 (cont.)

CRG (Clinically Related Group) – Defining and classifying consumers 18 years or older into clinically related groups involves diagnosis, the severity of functional impairment, the duration of severe functional impairment, and the need for services to prevent relapse. Based on these criteria, there are five clinically related groups:

Group 1 - Persons with Severe and Persistent Mental Illness (SPMI)

Group 2 - Persons with Severe Mental Illness (SMI)

Group 3 - Persons who were Formerly Severely Impaired and need services to prevent relapse

Group 4 - Persons with Mild or Moderate Mental Disorder

Group 5 - Persons who are not in Clinically Related Groups 1 – 4 as a result of their diagnosis being substance use disorder, developmental disorder, or V-codes

Days – Calendar days unless otherwise specified.

Emergency Medical Condition - A medical or behavioral condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in placing the health of the individual (or with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part.

Evidence-Based Practice – A clinical intervention that has demonstrated positive outcomes in several research studies to assist consumers in achieving their desired goals of health and wellness; specifically, the evidence-based practices recognized by the Substance Abuse and Mental Health Services Administration’s (SAMHSA) Center for Mental Health Services (CMHS).

Grand Region – A defined geographical region that includes specified counties in which the CONTRACTOR is authorized to enroll and serve TennCare enrollees in exchange for a monthly administrative fee payment. The CONTRACTOR shall serve an entire Grand Region. The following counties constitute the Grand Regions in Tennessee:

East Grand Region – Anderson, Bledsoe, Blount, Bradley, Campbell, Carter, Claiborne, Cocke, Franklin, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hawkins, Jefferson, Johnson, Knox, Loudon, Marion, McMinn, Meigs, Monroe, Morgan, Polk, Rhea, Roane, Scott, Sequatchie, Sevier, Sullivan, Unicoi, Union, and Washington Counties

Middle Grand Region – Bedford, Cannon, Cheatham, Clay, Coffee, Cumberland, Davidson, DeKalb, Dickson, Fentress, Giles, Hickman, Houston, Humphreys, Jackson, Lawrence, Lewis, Lincoln, Macon, Marshall, Maury, Montgomery, Moore, Overton, Perry, Pickett, Putnam, Robertson, Rutherford, Smith, Stewart, Sumner, Trousdale, Van Buren, Warren, Wayne, White, Williamson, and Wilson Counties

West Grand Region – Benton, Carroll, Chester, Crockett, Decatur, Dyer, Fayette, Gibson, Hardeman, Hardin, Haywood, Henderson, Henry, Lake, Lauderdale, Madison, McNairy, Obion, Shelby, Tipton, and Weakley Counties

Healthcare Effectiveness Data and Information Set (HEDIS) – The most widely used set of standardized performance measures used in the managed care industry, designed to allow reliable comparison of the performance of managed health care plans. HEDIS is sponsored, supported, and maintained by the National Committee for Quality Assurance.

Amendment Number 20 (cont.)

Legally Appointed Representative – Any person appointed by a court of competent jurisdiction or authorized by legal process (e.g., power of attorney for health care treatment, declaration for mental health treatment) to determine the legal and/or health care interests of an individual and/or his/her estate.

Mandatory Outpatient Treatment (MOT) – Process whereby a person who was hospitalized for psychiatric reasons and who requires outpatient treatment can be required by a court to participate in that behavioral health outpatient treatment to prevent deterioration in his/her mental condition.

Medical Expenses (sometimes referred to as “Covered Services”) - Consist of the following:

- a. The cost of providing TennCare Program medical and/or behavioral services to enrollees as identified below and pursuant to the following listed Sections of the Agreement:
 1. 2.6.1 Covered Benefits
 2. 2.9.8 Coordination of Dental Services
 3. 2.6.7 Use of Cost Effective Alternative Services
 4. 2.6.9 Coverage of Sterilization’s, Abortions and Hysterectomies pursuant to applicable federal and state laws and regulations
 5. 2.6.10 Coverage of Organ and Tissue Transplants
 6. all services related to hospice
 7. capitated payment to licensed health care providers
 8. medical services directed by TENNCARE or an Administrative Law Judge
 9. net impact of reinsurance coverage purchased by the MCO
- b. Preventive Services: In order for preventive services in Section 2.6 (including, but not limited to, health education, medical case management and health promotion activities) to qualify as medical expenses, the service must be targeted to and limited to the CONTRACTOR’s enrollees or targeted to meet the enrollee’s individual needs and the allocation methodology for capturing said costs must be approved by TENNCARE.
- c. Medical case management may qualify as medical expenses if the service is targeted to meet the enrollee’s individual needs and the allocation methodology for capturing said costs is approved by TENNCARE.
- d. Medical Expenses do not include:
 1. 2.10 Services Not Covered;
 2. 2.9.10 Institutional Services and Alternatives to Institutional Services;
 3. Services eligible for reimbursement by Medicare;
 4. The activities described in or required to be conducted in Attachments II, III, IV, V, X, XI, XII, XIII, XV (including, but not limited to, utilization management, utilization review activities) are administrative costs; and
 5. The two percent HMO tax.
- e. Medical expense will be net of any TPL recoveries or subrogation activities..
- f. This definition does not apply to NAIC filings.

Medical Records - All medical and behavioral health histories; records, reports and summaries; diagnoses; prognoses; records of treatment and medication ordered and given; X-ray and radiology interpretations; physical therapy charts and notes; lab reports; other individualized medical and behavioral health documentation in written or electronic format; and analyses of such information.

Primary Care Provider - A primary care physician or or other licensed health practitioner practicing in accordance with state law who is responsible for providing preventive and primary health care to patients;; for initiating referrals for specialist care; and for maintaining the continuity of patient care. A PCP may practice in various settings such as local health departments, FQHCs or community mental health agencies (CMHAs) provided that the PCP is willing and able to carry out all PCP responsibilities in accordance with this Agreement.

Amendment Number 20 (cont.)

Priority Enrollee – A TennCare enrollee who has been assessed within the past twelve (12) months as belonging in Clinically Related Groups (CRGs) 1, 2, or 3 if he/she is 18 years old or older, or Target Population Group (TPG) 2 if he/she is under the age of 18 years. This assessment as a Priority enrollee expires twelve (12) months after the assessment as been completed. In order for an individual to remain a Priority enrollee after the twelve (12) month period ends, he/she must be reassessed as continuing to meet the criteria to belong in CRGs 1, 2, or 3 or TPG 2 categories. The reassessment, like the initial assessment, expires after twelve (12) months unless another assessment is done. Also referred to as Priority member once the enrollee is enrolled in the CONTRACTOR's MCO.

Quality Management (QM) – The ongoing process of assuring that the delivery of covered services is appropriate, timely, accessible, available, and medically necessary and in keeping with established guidelines and standards and reflective of the current state of medical and behavioral health knowledge.

Recovery – A consumer driven process in which consumers are able to work, learn and participate fully in their communities. Recovery is the ability to live a fulfilling and productive life despite a disability.

Resilience – A dynamic developmental process for children and adolescents that encompasses positive adaptation and is manifested by traits of self-efficacy, high self-esteem, maintenance of hope and optimism within the context of significant adversity.

Routine Care – Non urgent and non-emergency medical or behavioral health care such as screenings, immunizations, or health assessments.

Seriously Emotionally Disturbed (SED) – Seriously Emotionally Disturbed shall mean persons who have been identified by the Tennessee Department of Mental Health and Developmental Disabilities or its designee as meeting the criteria provided below:

Person under the age of 18; and

Currently, or at any time during the past year, has had a diagnosable mental, behavioral, or emotional disorder of sufficient duration to meet diagnostic criteria specified within DSM-IV-TR (and subsequent revisions) of the American Psychiatric Association with the exception of DSM-IV-TR (and subsequent revisions) V- codes, substance use, and developmental disorders, unless these disorders co-occur with another diagnosable mental, behavioral, or emotional disturbance other than above exclusions. All of these disorders have episodic, recurrent, or persistent features; however, they vary in terms of severity and disabling effects; and

The diagnosable mental, behavioral, or emotional disorder identified above has resulted in functional impairment which substantially interferes with or limits the child's role or functioning in family, school, and community activities. Functional impairment is defined as difficulties that substantially interfere with or limit a child or adolescent in achieving or maintaining developmentally appropriate social, behavioral, cognitive, communicative, or adaptive skills and is evidenced by a Global Assessment of Functioning (GAF) score of 50 or less in accordance with the DSM-IV-TR (and subsequent revisions). Children and adolescents who would have met functional impairment criteria during the referenced year without the benefit of treatment or other support services are included in this definition.

Severely and/or Persistently Mentally Ill (SPMI) – Severely and/or Persistently Mentally Ill shall mean individuals who have been identified by the Tennessee Department of Mental Health and Developmental Disabilities or its designee as meeting the following criteria. These persons will be identified as belonging in one of the Clinically Related Groups that follow the criteria:

Age 18 and over; and

Currently, or at any time during the past year, has had a diagnosable mental, behavioral, or emotional disorder of sufficient duration to meet the diagnostic criteria specified within DSM-IV-TR (and subsequent revisions) of the American Psychiatric Association, with the exception of DSM-IV-TR (and subsequent revisions) V-codes, substance use disorders, and developmental disorders, unless these disorders co-occur with another diagnosable serious mental illness other than above exclusions. All of these disorders have episodic, recurrent, or persistent features, however, they vary in terms of severity and disabling effects; and

Amendment Number 20 (cont.)

The diagnosable mental, behavioral, or emotional disorder identified above has resulted in functional impairment which substantially interferes with or limits major life activities. Functional impairment is defined as difficulties that substantially interfere with or limit role functioning in major life activities including basic living skills (e.g., eating, bathing, dressing); instrumental living skills (maintaining a household, managing money, getting around in the community, taking prescribed medication); and functioning in social, family, and vocational/educational contexts. This definition includes adults who would have met functional impairment criteria during the referenced year without the benefit of treatment or other support services.

Substance Abuse Services – The assessment, diagnosis, treatment, detoxification, residential care, rehabilitation, education, training, counseling, referral or supervision of individuals who are abusing or have abused substances.

Target Population Group (TPG) – An assessment mechanism for children and adolescents under the age of 18 to determine an individual's level of functioning and severity of impairment due to a mental illness. Based on these criteria, there are three target population groups.

1. Target Population Group 2: Seriously Emotionally Disturbed (SED)
Children and adolescents under 18 years of age with a valid DSM-IV-TR (and subsequent revisions) diagnosis excluding substance use disorders, developmental disorders or V-codes. These children are currently severely impaired as evidenced by 50 or less Global Assessment of Functioning (GAF).
2. Target Population Group 3: At Risk of a (SED)
Children and adolescents under 18 years of age without a valid DSM-IV-TR (and subsequent revisions) diagnosis excluding substance use disorders, developmental disorders or V-codes. These children may or may not be currently seriously impaired as evidenced by Global Assessment of Functioning (GAF). These children have psychosocial issues that can potentially place them at risk of a SED.
3. Target Population Group 4: Persons who do not meet criteria TPG Group 2 or 3
Children and adolescents under 18 years of age without a valid DSM-IV-TR (and subsequent revisions) diagnosis and are not currently seriously impaired as evidenced by Global Assessment of Functioning (GAF). These children have no psychosocial issues that can potentially place them at risk of a SED.

Third Party Liability – Any amount due for all or part of the cost of medical or behavioral health care from a third party.

4. **Existing Sections 2-1 and 2-2 and Section 4 shall be deleted and replaced by new Sections 2.1 through 2.5 as described below. The remaining Sections shall be renumbered accordingly as well as any references thereto.**

2.1 GENERAL REQUIREMENTS

- 2.1.1 The CONTRACTOR shall maintain a standard certificate of authority (COA) from TDCI to operate as an HMO in Tennessee in the service area covered by this Agreement. If the CONTRACTOR subcontracts for the provision of behavioral health services, and that subcontractor accepts risk, TDCI may require that the subcontractor be licensed as a Prepaid Limited Health Service Organization (PLHSO). The CONTRACTOR shall ensure that the CONTRACTOR and its staff, all subcontractors and staff, and all providers and staff retain at all times during the period of this Agreement a valid license, as appropriate, and comply with all applicable licensure requirements.

Amendment Number 20 (cont.)

- 2.1.2 The CONTRACTOR shall comply with all the provisions of this Agreement and any amendments thereto and shall act in good faith in the performance of these provisions. The CONTRACTOR shall respect the legal rights (including rights conferred by the Agreement) of every enrollee, regardless of the enrollee's family status as head of household, dependent, or otherwise. Nothing in this Agreement may be construed to limit the rights or remedies of enrollees under state or federal law. The CONTRACTOR acknowledges that failure to comply with provisions of this Agreement may result in the assessment of liquidated damages and/or termination of the Agreement in whole or in part, and/or imposition of other sanctions as set forth in this Agreement.
- 2.1.3 The CONTRACTOR shall be responsible for the administration and management of all aspects of this Agreement including all subcontractors, providers, employees, agents, and anyone acting for or on behalf of the CONTRACTOR.
- 2.1.4 Demonstrate sufficient network capability and a willingness, when so directed by TENNCARE, to accept a reasonable number of enrollees enrolled, or requesting enrollment, in any health plan operating in the same community as the CONTRACTOR, including any plan which fails, is terminated in whole or in part, becomes unable to take new enrollees, maintain existing enrollment or discontinues service in the area for any reason. Notwithstanding any provision herein to the contrary, the State reserves the right to transfer enrollee members based upon the demonstrated capacity of the CONTRACTOR, when the State determines that it is in the best interests of the TENNCARE program.

2.2 Requirements for Children in State Custody

- 2.2.1 The CONTRACTOR shall develop and maintain a Best Practice Network of providers with the appropriate expertise and experience and willingness in the special health care needs of children in state custody.
- 2.2.2 The CONTRACTOR hereby agrees to serve as the designated carve-out MCO for the purpose of meeting the needs of children in state custody and agrees to satisfy all special requirements for the delivery of services to children in state custody. The CONTRACTOR further agrees that at such time that any plan for children in State custody is provided and/or approved by the court, the CONTRACTOR shall administer this Agreement in accordance with the requirements of the court order. In the event that TENNCARE makes a determination that the requirements of the court order differ materially from the requirements specified in this Agreement, TENNCARE and the CONTRACTOR agree to negotiate the required amendments to this Agreement for the purpose of incorporating the requirements of the court order. TENNCARE and the CONTRACTOR recognize and agree that said amendment shall reflect mutually agreed upon additional costs to the CONTRACTOR, if any, related to the requirements of the court order, which must be documented by the CONTRACTOR and approved by TENNCARE, for which TENNCARE will compensate the CONTRACTOR.

2.3 ELIGIBILITY

2.3.1 Overview

TennCare is Tennessee's Medicaid program operating under the authority of a research and demonstration project approved by the federal government pursuant to Section 1115 of the Social Security Act. Eligibility for TennCare is determined by the State in accordance with federal requirements and state law and policy.

2.3.2 Eligibility Categories

TennCare currently consists of traditional Medicaid coverage groups (TennCare Medicaid) and an expanded population (TennCare Standard).

2.3.2.1 TennCare Medicaid

As provided in state rules and regulations, TennCare Medicaid covers all Medicaid mandatory eligibility groups as well as various optional categorically needy and medically needy groups, including children, pregnant women, the aged, and individuals with disabilities. Additional detail about eligibility criteria for covered groups is provided in state rules and regulations.

Amendment Number 20 (cont.)

2.3.2.2 TennCare Standard

TennCare Standard includes the Standard Spend Down (SSD) population as well as an expanded population of children. Additional detail about eligibility criteria for covered groups is provided in state rules and regulations.

2.3.3 **TennCare Applications**

The CONTRACTOR shall not cause applications for TennCare to be submitted.

2.3.4 **Eligibility Determination and Determination of Cost Sharing**

The State shall have sole responsibility for determining the eligibility of an individual for TennCare. The State shall have sole responsibility for determining the applicability of TennCare cost sharing amounts and for the collection of applicable premiums.

2.3.5 **Eligibility for Enrollment in an MCO**

Except for TennCare enrollees enrolled in the Program of All-Inclusive Care for the Elderly (PACE) and enrollees who are only receiving assistance with Medicare cost sharing, all TennCare enrollees will be enrolled in an MCO, including TennCare Select (see definition in Section 1 of this Agreement).

2.4 ENROLLMENT

2.4.1 **General**

TENNCARE is solely responsible for enrollment of TennCare enrollees in an MCO. The TennCare Bureau has identified groups of enrollees who may become members of TennCare Select. TennCare enrollees cannot request to enroll in TennCare Select. Eligibility determination and enrollment of TennCare eligible enrollees in the Contractor's plan shall be the sole responsibility of TENNCARE. For purposes of this Agreement, TENNCARE may define enrollees in specified categories for purposes of payments to the CONTRACTOR and/or enrollee eligibility for specified levels of services and benefits as well as cost share responsibilities.

2.4.2 **Authorized Service Area**

2.4.2.1 Grand Region

Enrollees will be enrolled in MCOs by Grand Region(s) of the state. The specific counties in each Grand Region are listed in Section 1 of this Agreement.

2.4.2.2 CONTRACTOR's Authorized Service Area

In addition to enrollees described in Group 5, the CONTRACTOR is authorized under this Agreement to serve enrollees who reside in the Grand Region(s) specified below:

_X_East Grand Region _X_Middle Grand Region _X_West Grand Region

2.4.3 **Maximum Enrollment**

2.4.3.1 The CONTRACTOR shall maintain sufficient capacity to provide services in accordance with the requirements of this Agreement for up to 300,000 enrollees or the actual number of enrollees enrolled, whichever is greater. This provision is not intended to guarantee enrollment of 300,000 enrollees, nor limit enrollment to 300,000 enrollees. Rather, it is intended to demonstrate the CONTRACTOR's ability and readiness to serve as back-up health plan in the event of a failure of a risk MCO, including any plan which is terminated in whole or in part, becomes unable to take new enrollees, maintain existing enrollment or discontinues service in the area for any reason. Notwithstanding any provision herein to the contrary, the State reserves the right to transfer enrollee members based upon the

Amendment Number 20 (cont.)

demonstrated capacity of the CONTRACTOR, when the State determines that it is in the best interests of the TENNCARE program.

2.4.4 **Enrollment Criteria for TennCare Select**

2.4.4.1 General

TENNCARE shall enroll the following individuals determined eligible for TennCare and eligible for enrollment in an MCO under the authority of a 1915(b) waiver to be enrolled in TennCare Select.

2.4.4.1.1 *Eligible Groups*

2.4.4.1.1.1 **Group 1.A:** Children who are in DCS custody;

2.4.4.1.1.2 **Group 1.B:** Children who are transitioning out of DCS custody;

2.4.4.1.1.3 **Group 2:** Children under 21 who are SSI eligible;

2.4.4.1.1.4 **Group 3:** Children receiving services in an institution or as part of the State's Home and Community Based Service waiver in order to avoid being institutionalized;

2.4.4.1.1.5 **Group 4:** Enrollees residing out-of-state;

2.4.4.1.1.6 **Group 5:** Enrollees that have not responded to TennCare's attempts to contact and/or enrollees that are in specified Groups/Populations defined and identified by the State and agreed to by both parties; and

2.4.4.1.1.7 **Group 6:** Enrollees residing in areas with insufficient capacity in other TennCare MCOs.

2.4.4.1.2 *Assignment Criteria*

2.4.4.1.2.1 TennCare eligible enrollees in groups 1 through 5 will be enrolled in the CONTRACTOR's plan independent of other TennCare eligible enrollees in the same household.

2.4.4.1.2.2 To the extent possible, TennCare shall enroll all enrollees in Group 6 in the same household in the CONTRACTOR's plan.

2.4.4.1.2.3 Children eligible for TennCare as a result of being eligible for SSI will be assigned to TennCare Select (defined in Section 1 of this Agreement) but may opt-out of TennCare Select and choose another MCO.

2.4.4.1.2.4 TennCare enrollees who are children in the custody of the Department of Children's Services (DCS) will be enrolled in TennCare Select. When these enrollees exit state custody, they remain enrolled in TennCare Select for a specified period of time and then are disenrolled from TennCare Select. After disenrollment from TennCare Select, if the enrollee has a family member in an MCO (other than TennCare Select) he/she will be enrolled in that MCO. Otherwise, the enrollee will be given the opportunity to select another MCO. If the enrollee does not select another MCO, he/she will be assigned to an MCO (other than TennCare Select) using the default logic in the auto assignment process (see Section 2.4.4. 2 below).

2.4.4.1.2.5 TennCare may allow enrollment of new TennCare enrollees in TennCare Select if there is insufficient capacity in other MCOs.

Amendment Number 20 (cont.)

2.4.4.1.3 *Assignment Provisions for Children in State Custody*

To decrease the likelihood of recidivism, the enrollment period for children in Group 1.A who are transitioning out of state custody shall be extended by a period to be determined by TENNCARE. Children will be assigned to Group 1.B during this post-custody transition period and shall continue to receive services as specified in Section 3 including access to Best Practice Network providers, unless TENNCARE does not extend the enrollment period for children transitioning out of state custody. After the post-custody period of at least the period determined by TENNCARE, children assigned to Group 1.B shall be moved as appropriate, to Groups 2-6 and shall remain a member of the new group until the following change period, or until the child loses eligibility for TennCare. At the option of the State, children deemed to be at “prolonged” risk of state custody may remain in Group 1.B or an on-going basis.

2.4.4.2 Auto Assignment

2.4.4.2.1 TENNCARE will auto assign an enrollee to an MCO, in specified circumstances, including but not limited to, the enrollee does not request enrollment in a specified MCO, cannot be enrolled in the requested MCO, or is an adult eligible as a result of receiving SSI benefits.

2.4.4.2.2 The current auto assignment process does not apply to children eligible for TennCare as a result of being eligible for SSI or children in the state’s custody.

2.4.4.2.3 There are four different levels to the current auto assignment process:

2.4.4.2.3.1 If the enrollee was previously enrolled with an MCO and lost TennCare eligibility for a period of two (2) months or less, the enrollee will be re-enrolled with that MCO.

2.4.4.2.3.2 If the enrollee has family members in an MCO (other than TennCare Select), the enrollee will be enrolled in that MCO.

2.4.4.2.3.3 If the enrollee is a newborn, the enrollee will be assigned to his/her mother’s MCO.

2.4.4.2.3.4 If none of the above applies, the enrollee will be assigned using default logic that randomly assigns enrollees to MCOs (other than TennCare Select).

2.4.4.2.4 TENNCARE may modify the auto assignment algorithm to change or add criteria including but not limited to quality measures or cost or utilization management performance.

2.4.4.3 Immediate Eligibility for Children in State Custody

Until a final determination can be made on their TennCare eligibility, the CONTRACTOR shall accept notification from DCS that a child has entered state custody and adhere to the following requirements to insure that eligibility is provided. Upon receipt of notification from DCS, the CONTRACTOR shall determine whether or not the child is otherwise enrolled in TennCare. If the child is not currently enrolled, the CONTRACTOR shall immediately build a forty-five (45) day TennCare eligibility record effective on the date the child was placed in state custody and identify the child as a child in state custody, or group 1.A enrollee.

2.4.4.3.1 The CONTRACTOR shall generate a letter that will explain that the child has been given forty-five (45) days of coverage from their custody date, pending a final eligibility determination.

2.4.4.3.2 The CONTRACTOR is not required to assign a child for whom immediate eligibility has been established to a BPN PCP until TennCare eligibility is confirmed.

2.4.4.3.3 The CONTRACTOR shall fax the BPN enrollment form and a letter of notification to the DCS Case Manager.

Amendment Number 20 (cont.)

2.4.4.3.4 The CONTRACTOR's BPN staff shall work with DCS to obtain an EPSDT visit with a BPN provider within twenty-one (21) days of request but no later than thirty (30) days of enrollment.

2.4.4.3.5 After twenty-five (25) days of immediate eligibility coverage, the CONTRACTOR shall identify children whose immediate eligibility will end in twenty (20) days to the DCS Program Coordinator of Health Advocacy.

2.4.4.3.6 The child shall be eligible for the TennCare Medicaid benefit package effective on the date the child was placed in custody through the 45th day of the Immediate Eligibility period or the date of receipt of a TennCare eligibility record, whichever occurs earlier. If the CONTRACTOR receives a TennCare eligibility record prior to the end of the forty-five (45) day eligibility period, the child shall be eligible for benefits in accordance with their TennCare eligibility status effective on the date of receipt of the eligibility record.

2.4.4.4 Non-Discrimination

2.4.4.4.1 The CONTRACTOR shall accept enrollees in the order in which applications are approved and enrollees are assigned to the CONTRACTOR (whether by selection or assignment).

2.4.4.4.2 The CONTRACTOR shall accept an enrollee in the health condition the enrollee is in at the time of enrollment and shall not discriminate against individuals on the basis of health status or need for health care services.

2.4.4.5 Family Unit

If an individual is determined eligible for TennCare and has another family member already enrolled in an MCO, that individual shall be enrolled in the same MCO. This does not apply when the individual or family member is assigned to TennCare Select. If the newly enrolled family member opts to change MCOs during the 45-day change period (see Section 2.4.7.2.1), all family members in the case will be transferred to the new MCO.

2.4.5 **Effective Date of Enrollment**

2.4.5.1 Initial Enrollment of Current TennCare Enrollees

The effective date of initial enrollment in an MCO for TennCare enrollees who are enrolled in accordance with Section 2.4.4.2 shall be the date provided on the enrollment file from TENNCARE. In general, the effective date of enrollment for these enrollees will be the start date of operations.

2.4.5.2 Ongoing Enrollment

In general, a member's effective date of enrollment in the CONTRACTOR's MCO will be the member's effective date of eligibility for TennCare. For SSI enrollees the effective date of eligibility/enrollment is determined by the Social Security Administration in approving SSI coverage for the individual. The effective date of eligibility for other TennCare enrollees is the date of application or the date of the qualifying event (e.g., the date the spend down obligation is met for medically needy enrollees). The effective date on the enrollment file provided by TENNCARE to the CONTRACTOR shall govern regardless of the other provisions of this Section 2.4.5.2.

2.4.5.3 In the event the effective date of eligibility provided by TENNCARE or DCS to the CONTRACTOR for either the initial enrollment of current TennCare enrollees or ongoing enrollment precedes the start date of operations, the CONTRACTOR shall treat the enrollee as a member of the CONTRACTOR's MCO effective on the start date of operations.

Amendment Number 20 (cont.)

2.4.5.4 Enrollment Prior to Notification

2.4.5.4.1 Because individuals can be retroactively eligible for TennCare, and the effective date of initial enrollment in an MCO is the effective date of eligibility or start date of operations, whichever is sooner, the effective date of enrollment may occur prior to the CONTRACTOR being notified of the person's enrollment. Therefore, enrollment of individuals in the CONTRACTOR's MCO may occur without prior notice to the CONTRACTOR or enrollee.

2.4.5.4.2 The CONTRACTOR shall not be liable for the cost of any covered services prior to the effective date of enrollment/eligibility but shall be responsible for the costs of covered services obtained on or after 12:01 a.m. on the effective date of enrollment/eligibility.

2.4.5.4.3 TENNCARE shall make payments to the CONTRACTOR from the effective date of an enrollee's date of enrollment/eligibility.

2.4.5.4.4 Except for applicable TennCare cost sharing, the CONTRACTOR shall ensure that members are held harmless for the cost of covered services provided as of the effective date of enrollment with the CONTRACTOR.

2.4.6 **Eligibility and Enrollment Data**

2.4.6.1 The CONTRACTOR shall receive, process, and update enrollment files from TENNCARE, The CONTRACTOR shall also receive, process, and update enrollment files from DCS for children in state custody who are to be given immediate eligibility for a forty-five (45) day period. Enrollment data shall be updated or uploaded to the CONTRACTOR's eligibility/enrollment database(s) within twenty-four (24) hours of receipt from TENNCARE.

2.4.6.2 The CONTRACTOR agrees to accept daily eligibility updates in the form and format specified by TennCare for the purpose of identifying children in state custody and children transitioning out of state custody. Until such time as an indicator for children in state custody and children transitioning out of state custody can be added to the daily eligibility updates received from TennCare, the CONTRACTOR agrees to accept and process any adhoc report mutually agreed upon by the CONTRACTOR and TennCare to facilitate timely identification of children in state custody or children transitioning out of state custody.

2.4.6.3 The CONTRACTOR shall provide an electronic eligibility file to TENNCARE as specified and in conformance to data exchange format and method standards outlined in Section 2.23.5.

2.4.7 **Enrollment Period**

2.4.7.1 General

2.4.7.1.1 The CONTRACTOR shall be responsible for the provision and costs of all covered services provided to enrollees during their period of enrollment with the CONTRACTOR.

2.4.7.1.2 Enrollment shall begin at 12:01 a.m. on the effective date of enrollment in the CONTRACTOR's MCO and shall end at 12:00 midnight on the date that the enrollee is disenrolled from the CONTRACTOR's MCO (see Section 2.5).

2.4.7.1.3 Once enrolled in the CONTRACTOR's MCO, the member shall remain enrolled in the CONTRACTOR's MCO until or unless the enrollee is disenrolled pursuant to Section 2.5 of this Agreement.

Amendment Number 20 (cont.)

2.4.7.2 Changing MCOs

2.4.7.2.1 *45-Day Change Period*

After becoming eligible for TennCare and enrolling in the CONTRACTOR's MCO (whether the result of selection by the enrollee or assignment by TENNCARE), Enrollees selected for enrollment in the CONTRACTOR's plan by the State in Groups 1, 2, 3, 5 and 6 shall have one (1) opportunity, anytime during the forty-five (45) day period immediately following the date of enrollment with the CONTRACTOR's MCO or the date TENNCARE sends the member notice of enrollment in an MCO, whichever is later, to request to change MCO plans. Enrollees in Group 6 shall only be able to request to change MCO plans during this period to the extent capacity is available in another MCO serving the region.

2.4.7.2.2 *Annual Choice Period*

2.4.7.2.2.1 TENNCARE shall provide an opportunity for members to change MCOs (excluding TennCare Select) every twelve (12) months. Children eligible for TennCare as a result of being eligible for SSI may request to enroll in another MCO or re-enroll with TennCare Select.

2.4.7.2.2.2 Members who do not select another MCO will be deemed to have chosen to remain with their current MCO.

2.4.7.2.2.3 Enrollees who select a new MCO shall have one (1) opportunity anytime during the forty-five (45) day period immediately following the specified enrollment effective date in the newly selected MCO to request to change MCOs.

2.4.7.2.3 *Appeal Based on Hardship Criteria*

As provided in TennCare rules and regulations, members may appeal to TENNCARE to change MCOs based on hardship criteria.

2.4.7.2.4 *Additional Reasons for Disenrollment*

As provided in Section 2.5.2, a member may be disenrolled from the CONTRACTOR's MCO for the reasons specified therein.

2.4.8 **Transfers from Other MCOs**

2.4.8.1 The CONTRACTOR shall accept enrollees (enrolled or pending enrollment) who have been selected by the State for enrollment, from any MCO in the CONTRACTOR's service area as authorized by TENNCARE, or from any failed health plan in the CONTRACTOR's service area including any plan which is terminated in whole or in part, may become insolvent or discontinues service, or who reside in an area in which there is insufficient capacity in risk MCOs to enroll the population. The transfer of membership may occur at any time during the year. No enrollee from another MCO shall be transferred retroactively to the CONTRACTOR except as specified in Section 2.4.9. Except as provided in Section 2.4.9, the CONTRACTOR shall not be responsible for payment of any covered services incurred by enrollees transferred to the CONTRACTOR prior to the effective date of transfer to the CONTRACTOR.

2.4.8.2 Transfers from other MCOs shall be in consideration of the maximum enrollment levels established in Section 2.4.3.

2.4.8.3 To the extent possible and practical, TENNCARE shall provide advance notice to all MCOs serving a Grand Region of the impending failure of one of the MCOs serving the Grand Region; however, failure by TENNCARE to provide advance notice shall not limit in any manner the responsibility of each MCO to accept enrollees from failed MCOs.

Amendment Number 20 (cont.)

2.4.9 **Enrollment of Newborns**

This policy is only applicable to Group 6 enrollees.

- 2.4.9.1 TennCare-eligible newborns and their mothers, to the extent that the mother is eligible for TennCare, should be enrolled in the same MCO with the exception of newborns that are SSI eligible at birth. Newborns that are SSI eligible at birth shall be assigned to TennCare Select but may opt out and enroll in another MCO.
- 2.4.9.2 A newborn may be inadvertently enrolled in an MCO different than its mother. When such cases are identified by the CONTRACTOR, the CONTRACTOR shall immediately report to TENNCARE, in accordance with written procedures provided by TENNCARE, that a newborn has been incorrectly enrolled in an MCO different than its mother.
- 2.4.9.3 Upon receipt of notice from the CONTRACTOR or discovery by TENNCARE that a newborn has been incorrectly enrolled in an MCO different than its mother, TENNCARE shall immediately:
 - 2.4.9.3.1 Disenroll the newborn from the incorrect MCO;
 - 2.4.9.3.2 Enroll the newborn in the same MCO as its mother with the same effective date as when the newborn was enrolled in the incorrect MCO;
 - 2.4.9.3.3 Recoup any payments made to the incorrect MCO for the newborn; and
 - 2.4.9.3.4 Make payments only to the correct MCO for the period of coverage.
- 2.4.9.4 The MCO in which the newborn is correctly enrolled shall be responsible for the coverage and payment of covered services provided to the newborn for the full period of eligibility. Except as provided below, the MCO in which the newborn was incorrectly enrolled shall have no liability for the coverage or payment of any services during the period of incorrect MCO assignment. TENNCARE shall only be liable for the administrative fee payment to the correct MCO.
- 2.4.9.5 There are circumstances in which a newborn's mother may not be eligible for participation in the TennCare program. The CONTRACTOR shall be required to process claims received for services provided to newborns within the time frames specified in Section 2.22.4 of this Agreement. A CONTRACTOR shall not utilize any blanket policy which results in the automatic denial of claims for services provided to a TennCare-eligible newborn, during any period of enrollment in the CONTRACTOR's MCO, because the newborn's mother is not a member of the CONTRACTOR's MCO. However, it is recognized that in complying with the claims processing time frames specified in 2.22.4 of this Agreement, a CONTRACTOR may make payment for services provided to a TennCare-eligible newborn enrolled in the CONTRACTOR's MCO at the time of payment but the newborn's eligibility may subsequently be moved to another MCO. In such event, the MCO in which the newborn is first enrolled (first MCO) may submit supporting documentation to the MCO in which the newborn is moved (second MCO) and the second MCO shall reimburse the first MCO within thirty (30) calendar days of receipt of such properly documented request for reimbursement, for the amount expended on behalf of the newborn prior to the newborn's eligibility having been moved to the second MCO. Such reimbursement shall be the actual amount expended by the first MCO. The second MCO agrees that should the second MCO fail to reimburse the first MCO the actual amount expended on behalf of the newborn within thirty (30) calendar days of receipt of a properly documented request for payment, TENNCARE is authorized to deduct the amount owed from any funds due the second MCO and to reimburse the first MCO. In the event that the CONTRACTOR fails to reimburse the first MCO the actual amount expended on behalf of the newborn within thirty (30) calendar days of receipt of a properly documented request for payment, TENNCARE may assess liquidated damages as specified in Section 5.8.2 Should it become necessary for TENNCARE to intervene in such

Amendment Number 20 (cont.)

cases, both the second MCO and the first MCO agree that TENNCARE shall be held harmless by both MCOs for actions taken by TENNCARE to resolve the dispute.

2.4.10 Information Requirements Upon Enrollment

As described in Section 2.17 of this Agreement, the CONTRACTOR shall provide the following information to new members: a member handbook, a provider directory and an identification card.

2.5 DISENROLLMENT FROM AN MCO

2.5.1 General

A member may be disenrolled from the CONTRACTOR's MCO only when authorized by TENNCARE.

2.5.2 Acceptable Reasons for Disenrollment from an MCO

With the exception of enrollees in Group 4, a member may request disenrollment or be disenrolled from the CONTRACTOR's MCO if:

- 2.5.2.1 The member selects another MCO during the forty-five (45) day change period after enrollment with the CONTRACTOR's MCO and is enrolled in another MCO;
- 2.5.2.2 The member selects another MCO during the annual choice period and is enrolled in another MCO;
- 2.5.2.3 An appeal by the member to change MCOs based on hardship criteria (pursuant to TennCare rules and regulations) is decided by TENNCARE in favor of the member, and the member is enrolled in another MCO;
- 2.5.2.4 The member is assigned incorrectly to the CONTRACTOR's MCO by TENNCARE and enrolled in another MCO;
- 2.5.2.5 The member moves outside the MCO's service area and is enrolled in another MCO;
- 2.5.2.6 During the appeal process, if TENNCARE determines it is in the best interest of the enrollee and TENNCARE (see Section 2.19.2.9);
- 2.5.2.7 The member loses eligibility for TennCare;
- 2.5.2.8 TENNCARE grants members the right to terminate enrollment pursuant to Section 5.8.1, and the member is enrolled in another MCO;
- 2.5.2.9 TENNCARE may disenroll enrollees that were originally enrolled due to insufficient capacity in other TENNCARE MCOs (Group 6) at any time.
- 2.5.2.10 The CONTRACTOR no longer participates in TennCare; or
- 2.5.2.11 This Agreement expires or is terminated.

2.5.3 Unacceptable Reasons for Disenrollment from an MCO

The CONTRACTOR shall not request disenrollment of an enrollee for any reason. TENNCARE shall not disenroll members for any of the following reasons:

- 2.5.3.1 Adverse changes in the enrollee's health;
- 2.5.3.2 Pre-existing medical or behavioral health conditions;
- 2.5.3.3 High cost medical or behavioral health bills;

Amendment Number 20 (cont.)

- 2.5.3.4 Failure or refusal to pay applicable TennCare cost sharing responsibilities, except when this results in loss of eligibility for TennCare;
- 2.5.3.5 Enrollee's utilization of medical or behavioral health services;
- 2.5.3.6 Enrollee's diminished mental capacity; or
- 2.5.3.7 Enrollee's uncooperative or disruptive behavior resulting from his or her special needs (except when his or her continued enrollment in the MCO seriously impairs the entity's ability to furnish services to either this particular enrollee or other enrollees).

2.5.4 **Informing TENNCARE of Potential Ineligibility**

Although the CONTRACTOR may not request disenrollment of a member, the CONTRACTOR shall inform TENNCARE promptly when the CONTRACTOR knows or has reason to believe that an enrollee may satisfy any of the conditions for termination from the TennCare program as described in TennCare rules and regulations.

2.5.5 **Effective Date of Disenrollment**

2.5.5.1 Member Requested Disenrollment

All TENNCARE approved disenrollment requests from enrollees shall be effective on or before the first calendar day of the second month following the month of an enrollee's request to disenroll from an MCO. The effective date shall be indicated on the termination record sent by TENNCARE.

2.5.5.2 Other Disenrollments

The effective date of disenrollments other than at the request of the member shall be determined by TENNCARE and indicated on the termination record.

5. **Renumbered Section 2.6.1 and 2.6.2 shall be deleted and replaced in its entirety and shall read as follows:**

2.6.1 **CONTRACTOR Covered Benefits**

- 2.6.1.1 The CONTRACTOR shall cover the physical health and behavioral health services/benefits outlined below. Additional requirements for behavioral health services are included in Section 2.6.5 and Attachment I.
- 2.6.1.2 The CONTRACTOR shall integrate the delivery of physical health and behavioral health services. This shall include but not be limited to the following:
 - 2.6.1.2.1 The CONTRACTOR shall operate a member services toll-free phone line (see Section 2.18.1) that is used by all members, regardless of whether they are calling about physical health and/or behavioral health services. The CONTRACTOR shall not have a separate number for members to call regarding behavioral health services. The CONTRACTOR may either route the call to another entity or conduct a "warm transfer" to another entity, but the CONTRACTOR shall not require an enrollee to call a separate number regarding behavioral health services.
 - 2.6.1.2.2 If the CONTRACTOR's nurse triage/nurse advice line is separate from its member services line, the CONTRACTOR shall comply with the requirements in Section 2.6.1 as applied to the nurse triage/nurse advice line. The number for the nurse triage/nurse advice line shall be the same for all members, regardless of whether they are calling about physical health and/or behavioral health services, and the CONTRACTOR may either route calls to another entity or

Amendment Number 20 (cont.)

conduct “warm transfers,” but the CONTRACTOR shall not require an enrollee to call a separate number.

2.6.1.2.3 As required in Section 2.9.5, the CONTRACTOR shall ensure continuity and coordination between physical health and behavioral health services and ensure collaboration between physical health and behavioral health providers.

2.6.1.2.4 Each of the CONTRACTOR’s disease management programs (see Section 2.8) shall address the needs of members who have co-morbid physical health and behavioral health conditions.

2.6.1.2.5 As required in Section 2.9.4.2.2, the CONTRACTOR shall provide MCO case management to members with co-morbid physical health and behavioral health conditions. These members should have a single case manager that is trained to provide MCO case management to enrollees with co-morbid physical health and behavioral health conditions. If a member with co-morbid physical and behavioral health conditions does not have a single case manager, the CONTRACTOR shall ensure, at a minimum, that the member's MCO case managers collaborate and communicate in an effective and ongoing manner.

2.6.1.2.6 If the CONTRACTOR uses different Systems for physical health services and behavioral health services, these systems shall be interoperable. In addition, the CONTRACTOR shall have the capability to integrate data from the different systems.

2.6.1.2.7 The CONTRACTOR’s administrator/project director (see Section 2.29.1.3.1) shall be the primary contact for TENNCARE regarding all issues, regardless of the type of service, and shall not direct TENNCARE to other entities.

2.6.1.3 CONTRACTOR Physical Health Benefits Chart

SERVICE	BENEFIT LIMIT
Inpatient Hospital Services	<p>Medicaid/Standard Eligible, Age 21 and older: As medically necessary. Inpatient rehabilitation hospital facility services are not covered for adults unless determined by the CONTRACTOR to be a cost effective alternative (see Section 2.6.7).</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary, including rehabilitation hospital facility.</p>
Outpatient Hospital Services	As medically necessary.
Physician Inpatient Services	As medically necessary.
Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services	As medically necessary.

Amendment Number 20 (cont.)

SERVICE	BENEFIT LIMIT
<p>TENnderCare Services</p>	<p>Medicaid/Standard Eligibles, Age 21 and older: Not covered.</p> <p>Medicaid/Standard Eligibles, Under age 21: Covered as medically necessary, except that the screenings do not have to be medically necessary. Children may also receive screenings in-between regular checkups if a parent or caregiver believes there is a problem.</p> <p>Screening, interperiodic screening, diagnostic and follow-up treatment services as medically necessary in accordance with federal and state requirements. See Section 2.7.5.</p>
<p>Preventive Care Services</p>	<p>As described in Section 2.7.4.</p>
<p>Lab and X-ray Services</p>	<p>As medically necessary.</p>
<p>Hospice Care</p>	<p>As medically necessary. Shall be provided by a Medicare-certified hospice.</p>
<p>Dental Services</p>	<p>Dental Services shall be provided by the Dental Benefits Manager.</p> <p>However, the facility, medical and anesthesia services related to the dental service that are not provided by a dentist or in a dentist's office shall be covered services provided by the CONTRACTOR when the dental service is covered by the DBM. This requirement only applies to Medicaid/Standard Eligibles Under age 21.</p>
<p>Vision Services</p>	<p>Medicaid/Standard Eligible, Age 21 and older: Medical eye care, meaning evaluation and management of abnormal conditions, diseases, and disorders of the eye (not including evaluation and treatment of refractive state), shall be covered as medically necessary. Routine periodic assessment, evaluation, or screening of normal eyes and examinations for the purpose of prescribing fitting or changing eyeglass and/or contact lenses are not covered. One pair of cataract glasses or lenses is covered for adults following cataract surgery.</p> <p>Medicaid/Standard Eligible, Under age 21: Preventive, diagnostic, and treatments services (including eyeglasses) are covered as medically necessary in accordance with TENnderCare requirements.</p>
<p>Home Health Care</p>	<p>As medically necessary in accordance with <u>Newberry</u>.</p>
<p>Pharmacy Services</p>	<p>Pharmacy services shall be provided by the Pharmacy Benefits Manager (PBM), unless otherwise described below.</p> <p>The CONTRACTOR shall be responsible for reimbursement of injectable drugs obtained in an office/clinic setting and to providers providing both home infusion services and the drugs and biologics. The CONTRACTOR shall require that all home infusion claims contain National Drug Code (NDC) coding and unit information to be paid.</p> <p>Services reimbursed by the CONTRACTOR shall not be included in any pharmacy benefit limits established by TENNCARE for pharmacy services (see Section 2.6.2.2).</p>

Amendment Number 20 (cont.)

SERVICE	BENEFIT LIMIT
Durable Medical Equipment (DME)	<p>As medically necessary.</p> <p>Specified DME services shall be covered/non-covered in accordance with TennCare rules and regulations.</p>
Medical Supplies	<p>As medically necessary.</p> <p>Specified medical supplies shall be covered/non-covered in accordance with TennCare rules and regulations.</p>
Emergency Air And Ground Ambulance Transportation	<p>As medically necessary.</p>
Non-emergency Medical Transportation (including Non-Emergency Ambulance Transportation)	<p>Covered non-emergency medical transportation (NEMT) services are necessary non-emergency transportation services provided to convey members to and from TennCare covered services (see definition in Exhibit A to Attachment XIV). Non emergency transportation services shall be provided in accordance with federal law and the Bureau of TennCare’s rules and policies and procedures. TennCare covered services (see definition in Exhibit A to Attachment XIV) include services provided to a member by a non-contract or non-TennCare provider if (a) the service is covered by Tennessee’s Medicaid State Plan or Section 1115 demonstration waiver, (b) the provider could be a TennCare provider for that service, and (c) the service is covered by a third party resource (see definition in Section 1 of the Agreement).</p> <p>If a member requires assistance, an escort (as defined in TennCare rules and regulations) may accompany the member; however, only one (1) escort is allowed per member (see TennCare rules and regulations). Except for fixed route and commercial carrier transport, the CONTRACTOR shall not make separate or additional payment to a NEMT provider for an escort.</p> <p>Covered NEMT services include having an accompanying adult ride with a member if the member is under age eighteen (18). Except for fixed route and commercial carrier transport, the CONTRACTOR shall not make separate or additional payment to a NEMT provider for an adult accompanying a member under age eighteen (18).</p> <p>The CONTRACTOR is not responsible for providing NEMT to any service that is being provided to the member through a HCBS waiver.</p> <p>Mileage reimbursement, car rental fees, or other reimbursement for use of a private automobile (as defined in Exhibit A to Attachment XIV) is not a covered NEMT service.</p> <p>If the member is a child, transportation shall be provided in accordance with TENNderCare requirements (see Section 2.7.5.4.6).</p> <p>Failure to comply with the provisions of this Section may result in liquidated damages.</p>

Amendment Number 20 (cont.)

SERVICE	BENEFIT LIMIT
Renal Dialysis Services	As medically necessary.
Private Duty Nursing	As medically necessary and when prescribed by an attending physician for treatment and services rendered by a registered nurse (R.N.) or a licensed practical nurse (L.P.N.), who is not an immediate relative.
Speech Therapy	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary by a Licensed Speech Therapist to restore speech (as long as there is continued medical progress) after a loss or impairment. The loss or impairment must not be caused by a mental, psychoneurotic or personality disorder.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with TENNderCare requirements.</p>
Occupational Therapy	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary when provided by a Licensed Occupational Therapist to restore, improve, or stabilize impaired functions.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with TENNderCare requirements.</p>
Physical Therapy	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary when provided by a Licensed Physical Therapist to restore, improve, or stabilize impaired functions.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with TENNderCare requirements.</p>
Organ and Tissue Transplant And Donor Organ Procurement	<p>Medicaid/Standard Eligible, Age 21 and older: All medically necessary and non-investigational/experimental organ and tissue transplants, as covered by Medicare, are covered. These include, but may not be limited to: Bone marrow/Stem cell; Cornea; Heart; Heart/Lung; Kidney; Kidney/Pancreas; Liver; Lung; Pancreas; and Small bowel/Multi-visceral.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with TENNderCare requirements. Experimental or investigational transplants are not covered.</p>

Amendment Number 20 (cont.)

SERVICE	BENEFIT LIMIT
Reconstructive Breast Surgery	Covered in accordance with TCA 56-7-2507, which requires coverage of all stages of reconstructive breast surgery on a diseased breast as a result of a mastectomy, as well as surgical procedures on the non-diseased breast to establish symmetry between the two breasts in the manner chosen by the physician. The surgical procedure performed on a non-diseased breast to establish symmetry with the diseased breast shall only be covered if the surgical procedure performed on a non-diseased breast occurs within five (5) years of the date the reconstructive breast surgery was performed on a diseased breast.
Chiropractic Services	<p>Medicaid/Standard Eligible, Age 21 and older: Not covered unless determined by the CONTRACTOR to be a cost effective alternative (see Section 2.6.7).</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with TENNderCare requirements.</p>

2.6.1.4 CONTRACTOR Behavioral Health Benefits Chart

SERVICE	BENEFIT LIMIT
Psychiatric Inpatient Hospital Services (including physician services)	As medically necessary.
24-hour Psychiatric Residential Treatment	<p>Medicaid/Standard Eligible, Age 21 and older: As medically necessary.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary.</p>
Outpatient Mental Health Services (including physician services)	As medically necessary.
Inpatient, Residential & Outpatient Substance Abuse Benefits¹	<p>Medicaid/Standard Eligible, Age 21 and older: Limited to ten (10) days detox, \$30,000 in medically necessary lifetime benefits, unless otherwise described in the 2008 Mental Health Parity Act as determined by TennCare.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary.</p>
Mental Health Case Management	As medically necessary.
Psychiatric-Rehabilitation Services	As medically necessary.
Behavioral Health Crisis Services	As necessary.
Lab and X-ray Services	As medically necessary.

SERVICE	BENEFIT LIMIT
Non-emergency Medical Transportation (including Non-Emergency Ambulance Transportation)	Same as for physical health (see Section 2.6.1.3 above).

¹When medically appropriate, services in a licensed substance abuse residential treatment facility may be substituted for inpatient substance abuse services. Methadone clinic services are not covered for adults.

2.6.2 TennCare Benefits Provided by TENNCARE

TennCare shall be responsible for the payment of the following benefits:

2.6.2.1 Dental Services

Except as provided in Section 2.6.1.3 of this Agreement, dental services shall not be provided by the CONTRACTOR but shall be provided by a dental benefits manager (DBM) under contract with TENNCARE. Coverage of dental services is described in TennCare rules and regulations.

2.6.2.2 Pharmacy Services

Except as provided in Section 2.6.1.3 of this Agreement, pharmacy services shall not be provided by the CONTRACTOR but shall be provided by a pharmacy benefits manager (PBM) under contract with TENNCARE. Coverage of pharmacy services is described in TennCare rules and regulations. TENNCARE does not cover pharmacy services for enrollees who are dually eligible for TennCare and Medicare.

2.6.2.3 Institutional Services and Alternatives to Institutional Services

For qualified enrollees in accordance with TennCare policies and/or TennCare rules and regulations, TENNCARE covers the costs of long-term care institutional services in a nursing facility or an Intermediate Care Facility for the Mentally Retarded (ICF/MR) or alternatives to institutional services provided through the Home and Community Based Services (HCBS) waivers.

6. Existing Sections 2-3.5 “Dental Services”, 2-3.8 “Institutional Services and Alternatives to Institutional Services”, 2-3.9 “Coordination with Medicare”, 2-3.14 “Use of a Drug Formulary”, 2-3.19 “Coordination of MCO and PBM Benefits”, and 2-3.20 “Coordination with Department of Education” shall be deleted in their entirety and the remaining Sections shall be renumbered accordingly, including references thereto. The newly renumbered Section 2.6.5 shall be deleted and replaced in its entirety as follows.

2.6.5 Behavioral Health Services

2.6.5.1 General Provisions

2.6.5.1.1 The CONTRACTOR shall provide all behavioral health services as described in this Section, Section 2.6.5 and Attachment V.

2.6.5.1.2 The CONTRACTOR shall provide behavioral health services in accordance with best practice guidelines, rules and regulations, and policies and procedures issued by TDMHDD and approved by the Bureau of TennCare, including but not limited to “Managed Care Standards for Delivery of Behavioral Health Services”.

Amendment Number 20 (cont.)

- 2.6.5.1.3 The CONTRACTOR shall ensure that all members receiving behavioral health services from providers whose primary focus is to render behavioral health services have individualized treatment plans. Providers included in this requirement are:
 - 2.6.5.1.3.1 Community mental health agencies;
 - 2.6.5.1.3.2 Case management agencies;
 - 2.6.5.1.3.3 Psychiatric rehabilitation agencies;
 - 2.6.5.1.3.4 Psychiatric and substance abuse residential treatment facilities; and
 - 2.6.5.1.3.5 Psychiatric and substance abuse inpatient facilities.
- 2.6.5.1.4 Individualized treatment plans shall be completed within thirty (30) calendar days of the start date of service and updated every six (6) months, or more frequently as clinically appropriate. The treatment plans shall be developed, negotiated and agreed upon by the members and/or their support systems in face-to-face encounters and shall be used to identify the treatment needs necessary to meet the members' stated goals. The duration and intensity of treatment shall promote the recovery and resilience of members and shall be documented in the treatment plans.
- 2.6.5.2 Psychiatric Inpatient Hospital Services
 - 2.6.5.2.1 The CONTRACTOR shall ensure that all psychiatric inpatient hospitals serving children, youth, and adults separate members by age and render developmental age appropriate services.
 - 2.6.5.2.2 The CONTRACTOR shall require that all psychiatric inpatient facilities are accredited by the Joint Commission and accept voluntary and involuntary admissions.
- 2.6.5.3 24-Hour Psychiatric Residential Treatment
 - 2.6.5.3.1 The CONTRACTOR shall ensure that 24-hour psychiatric residential treatment facilities (RTFs) serving children, youth, and adults separate members by age and render developmental age appropriate services.
 - 2.6.5.3.2 The CONTRACTOR shall ensure RTFs have the capacity to render short term crisis stabilization and long-term treatment and rehabilitation.
 - 2.6.5.3.3 The CONTRACTOR shall ensure all RTFs meet local housing codes.
 - 2.6.5.3.4 The CONTRACTOR shall ensure all RTFs are accredited by a State-recognized accreditation organization as required by 42 CFR 441.151.
- 2.6.5.4 Outpatient Mental Health Services
 - 2.6.5.4.1 The CONTRACTOR shall ensure that outpatient mental health providers (including providers of intensive outpatient and providers of partial hospitalization services) serving children, youth and adults separate members by age and render developmental age appropriate services.
 - 2.6.5.4.2 The CONTRACTOR shall ensure outpatient mental health providers are capable of rendering services both on and off site, as appropriate, depending on the services being rendered. On site services include, but are not limited to intensive outpatient services, partial hospitalization and many types of therapy. Off site services include but are not limited to intensive in home service for children and youth and home and community treatment for adults.

Amendment Number 20 (cont.)

2.6.5.5 Inpatient, Residential & Outpatient Substance Abuse Services

2.6.5.5.1 The CONTRACTOR shall provide substance abuse treatment through inpatient, residential and outpatient services.

2.6.5.5.2 Detoxification services may be rendered as part of inpatient, residential or outpatient services, as clinically appropriate. The CONTRACTOR shall ensure all member detoxifications are supervised by Tennessee licensed physicians with a minimum daily re-evaluations by a physician or a registered nurse.

2.6.5.6 Mental Health Case Management

2.6.5.6.1 The CONTRACTOR shall provide mental health case management services only through providers licensed by the State to provide mental health outpatient services.

2.6.5.6.2 The CONTRACTOR shall provide mental health case management services according to mental health case management standards set by the State and outlined in Attachment I. Mental health case management services shall consist of two (2) levels of service as specified in Attachment I.

2.6.5.6.3 The CONTRACTOR shall require its providers to collect and submit individual encounter records for each mental health case management visit, regardless of the method of payment by the CONTRACTOR. The CONTRACTOR shall identify and separately report “level 1” and “level 2” mental health case management encounters outlined in Attachment I.

2.6.5.6.4 The CONTRACTOR shall require mental health case managers to involve the member, the member’s family or parent(s), or legally appointed representative, PCP and other agency representatives, if appropriate and authorized by the member as required, in mental health case management activities.

2.6.5.6.5 The CONTRACTOR shall ensure the continuing provision of mental health case management services to members under the conditions and time frames indicated below:

2.6.5.6.5.1 Members receiving mental health case management services at the start date of operations shall be maintained in mental health case management until such time as the member no longer qualifies on the basis of medical necessity or refuses treatment;

2.6.5.6.5.2 Members discharged from psychiatric inpatient hospitals and psychiatric residential treatment facilities shall be evaluated for mental health case management services and provided with appropriate behavioral health follow-up services; and

2.6.5.6.5.3 The CONTRACTOR shall review the cases of members referred by PCPs or otherwise identified to the CONTRACTOR as potentially in need of mental health case management services and shall contact and offer such services to all members who meet medical necessity criteria.

2.6.5.7 Psychiatric Rehabilitation Services

The CONTRACTOR shall provide psychiatric rehabilitation services in accordance with the requirements in Attachment I. As described in Attachment I, the covered array of services available under psychiatric rehabilitation are psychosocial rehabilitation, supported employment, peer support, illness management and recovery, and supported housing. An individual may receive one or more of these services and may receive different services from different providers.

Amendment Number 20 (cont.)

2.6.5.8 Behavioral Health Crisis Services

2.6.5.8.1 *Entry into the Behavioral Health Crisis Services System*

2.6.5.8.1.1 The State shall maintain a statewide toll-free telephone number for entry into the behavioral health crisis system. This line shall be for any individual in the general population for the purposes of providing immediate phone intervention by trained crisis specialists and dispatch of mobile crisis teams.

2.6.5.8.1.2 The CONTRACTOR shall ensure that the crisis telephone line is linked to an appropriate crisis service team staffed by qualified crisis service providers in order to provide crisis intervention services to members.

2.6.5.8.1.3 As required in Section 2.11.5.3, the CONTRACTOR shall contract with specified crisis service teams for both adults and children as directed by the State.

2.6.5.8.1.4 The CONTRACTOR shall require the crisis service teams to provide telephone and walk-in triage screening services, telephone and face-to-face crisis intervention/assessment services, and follow-up telephone or face-to-face assessments to ensure the safety of the member until the member's treatment begins and/or the crisis is alleviated and/or stabilized.

2.6.5.8.1.5 Prior to admission to a psychiatric inpatient hospital on an involuntary basis, the CONTRACTOR shall ensure that the member has been evaluated by a crisis team. In addition, the CONTRACTOR shall ensure that Tennessee's statutory requirement for a face-to-face evaluation by a mandatory pre-screening agent (MPA), is conducted to assess eligibility for emergency involuntary admission to an RMHI (Regional Mental Health Institute) and determine whether all available less drastic alternatives services and supports are unsuitable.

2.6.5.8.2 *Behavioral Health Crisis Respite and Crisis Stabilization Services*

2.6.5.8.2.1 The CONTRACTOR shall ensure access to behavioral health crisis respite and crisis stabilization services.

2.6.5.8.2.2 Behavioral health crisis respite services provide immediate shelter to members with emotional/behavioral problems who are in need of emergency respite. The CONTRACTOR shall ensure that behavioral health crisis respite services are provided in a CONTRACTOR approved community location.

2.6.5.8.2.3 The CONTRACTOR shall ensure behavioral health crisis stabilization services are rendered at sites licensed by the State. These services are more intensive than regular behavioral health crisis services in that they require more secure environments, highly trained staff, and typically have longer stays.

2.6.5.8.3 The CONTRACTOR shall monitor behavioral health crisis services and report information to TENNCARE on a quarterly basis as described in Section 2.30.4.4.

2.6.5.9 Clinically Related Group (CRG) and Target Population Group (TPG) Assessments

2.6.5.9.1 The CONTRACTOR shall provide CRG/TPG assessments in response to requests from members or legally appointed representatives or, in the case of minors, the members' parents or legally appointed representatives, behavioral health providers, PCPs, or the State.

2.6.5.9.2 The CONTRACTOR shall complete CRG/TPG assessments within fourteen (14) calendar days of the requests. The CONTRACTOR shall not require prior authorization in order for a member to receive a CRG/TPG assessment.

Amendment Number 20 (cont.)

- 2.6.5.9.3 The CONTRACTOR shall ensure that its contract providers are trained and that there is sufficient capacity to perform CRG/TPG assessments. The CONTRACTOR shall require providers to use the CRG/TPG assessment form(s) as appropriate, prescribed by and in accordance with the policies of the state. The CRG/TPG assessments shall be subject to review and prior written approval by the State.
- 2.6.5.9.4 The CONTRACTOR shall identify persons in need of CRG/TPG assessments. The CONTRACTOR shall use the CRG/TPG assessments to identify persons who are SPMI or SED for reporting and tracking purposes, in accordance with the definitions contained in Section 1.
- 2.6.5.9.5 The CONTRACTOR shall ensure that providers who perform CRG/TPG assessments have been trained and authorized by the State to perform CRG/TPG assessments. Certified trainers shall be responsible for providing rater training within their agencies.
- 2.6.5.9.6 The CONTRACTOR shall reject all CRG/TPG assessments completed by unapproved raters. The CONTRACTOR shall report on rejected assessments as required in Section 2.30.4.6.
- 2.6.5.9.7 The CONTRACTOR shall conduct audits of CRG/TPG assessments for accuracy and conformity to state policies and procedures. The CONTRACTOR shall audit all providers conducting these assessments on at least an annual basis. The methodology for these audits and the results of these audits shall be reported as required in Sections 2.30.4.7 and 2.30.4.8.
- 2.6.5.10 Judicial Services
- 2.6.5.10.1 The CONTRACTOR shall provide covered court ordered behavioral health services to its members pursuant to court order(s). The CONTRACTOR shall furnish these services in the same manner as services furnished to other members.
- 2.6.5.10.2 The CONTRACTOR shall provide for behavioral health services to its members in accordance with state law. Specific laws employed include the following:
 - 2.6.5.10.2.1 Psychiatric treatment for persons found by the court to require judicial psychiatric hospitalization (TCA 33-6 part 4 and part 5). The CONTRACTOR may apply medical necessity criteria to the situation after seventy-two (72) hours of emergency services, unless there is a court order prohibiting release.
 - 2.6.5.10.2.2 Judicial review of discharge for persons hospitalized by a circuit, criminal or juvenile court (TCA 33-6-708);
 - 2.6.5.10.2.3 Access to and provision of mandatory outpatient psychiatric treatment and services to persons who are discharged from psychiatric hospitals after being hospitalized (TCA 33-6, Part 6);
 - 2.6.5.10.2.4 Inpatient psychiatric examination for up to forty-eight (48) hours for persons whom the court has ordered to be detained for examination but who have been unwilling to be evaluated for hospital admission (TCA 33-3-607);
 - 2.6.5.10.2.5 Voluntary psychiatric hospitalization for persons when determined to be medically necessary, subject to the availability of suitable accommodations (TCA 33-6, Part 2); and
 - 2.6.5.10.2.6 Voluntary psychiatric hospitalization for persons with a severe impairment when determined to be medically necessary but who do not meet the criteria for emergency involuntary hospitalization, subject to the availability of suitable accommodations (TCA 33-6, Part 3).

Amendment Number 20 (cont.)

2.6.5.11 Mandatory Outpatient Treatment

2.6.5.11.1 The CONTRACTOR shall provide mandatory outpatient treatment for individuals found not guilty by reason of insanity following a thirty (30) to sixty (60) calendar day inpatient evaluation. Treatment can be terminated only by the court pursuant to TCA 33-7-303(b).

2.6.5.11.2 The State will assume responsibility for all forensic services other than the mandatory outpatient treatment service identified in Section 2.6.5.11.1 (TCA 33-7-301(a), 33-7-301(b), 33-7-303(a) and 33-7-303(c)).

7. The newly renumbered Section 2.6.8 shall be deleted and replaced in its entirety.

2.6.8 Advance Directives

2.6.8.1 The CONTRACTOR shall maintain written policies and procedures for advance directives that comply with all federal and state requirements concerning advance directives, including but not limited to 42 CFR 422.128, 438.6 and 489 Subpart I; TCA 32-11-101 *et seq.*, 34-6-201 *et seq.*, and 68-11-201 through 68-11-224; and any requirements as stipulated by the member. Any written information provided by the CONTRACTOR shall reflect changes in state law by the effective date specified in the law, if not specified then within thirty (30) calendar days after the effective date of the change.

2.6.8.2 The CONTRACTOR shall provide its policies and procedures to all members eighteen (18) years of age and older and shall educate members about their ability to direct their care using this mechanism and shall specifically designate which staff members and/or contract providers are responsible for providing this education.

2.6.8.3 The CONTRACTOR shall educate its staff about its policies and procedures on advance directives, situations in which advance directives may be of benefit to members, and their responsibility to educate members about this tool and assist them to make use of it.

2.6.8.4 The CONTRACTOR, for behavioral health services, shall provide its policies and procedures to all members sixteen (16) years of age and older and shall educate members about their ability to direct their care using advance directives including the use of Declarations for Mental Health Treatment under TCA Title 33, Chapter 6, Part 10. The CONTRACTOR shall specifically designate staff members and/or providers responsible for providing this education.

8. The newly renumbered Section 2.6.13 shall be deleted and replaced in its entirety and references thereto shall be updated accordingly.

2.6.13 TENNderCare

2.6.13.1 General Provisions

2.6.13.1.1 The CONTRACTOR shall provide TENNderCare services to members under age twenty-one (21) in accordance with TennCare and federal requirements including TennCare rules and regulations, TennCare policies and procedures, 42 USC 1396a(a)(43), 1396d(a) and (r), 42 CFR Part 441, Subpart B, the Omnibus Budget Reconciliation Act of 1989, and the State Medicaid Manual. TENNderCare services means early and periodic screening, diagnosis and treatment of members under age twenty-one (21) to ascertain children's individual (or individualized/or on an individual basis) physical and mental defects, and providing treatment to correct or ameliorate, or prevent from worsening defects and physical and mental illnesses and conditions discovered by the screening services, regardless of whether the required service is a covered benefit as described in Section 2.6.1.

Amendment Number 20 (cont.)

- 2.6.13.1.2 The CONTRACTOR shall use the name “TENnderCare” in describing or naming the State’s EPSDT program or services. This requirement is applicable for all policies, procedures and other material, regardless of the format or media. No other names or labels shall be used.
- 2.6.13.1.3 The CONTRACTOR shall have written policies and procedures for the TENnderCare program that include coordinating services with child-serving agencies and providers, providing all medically necessary TENnderCare services to all eligible members under the age of twenty-one (21) regardless of whether the service is included in the Medicaid State Plan, and conducting outreach and education. The CONTRACTOR shall ensure the availability and accessibility of required health care resources and shall help members and their parents or legally appointed representatives use these resources effectively.
- 2.6.13.1.4 The CONTRACTOR shall be responsible for and comply with all provisions related to screening, vision, dental, and hearing services (including making arrangements for necessary follow-up if all components of a screen cannot be completed in a single visit).
- 2.6.13.1.5 The CONTRACTOR shall:
 - 2.6.13.1.5.1 Require that providers provide TENnderCare services;
 - 2.6.13.1.5.2 Require that providers make appropriate referrals and document said referrals in the member’s medical record;
 - 2.6.13.1.5.3 Educate contract providers about proper coding and encourage them to submit the appropriate diagnosis codes identified by TENNCARE in conjunction with evaluation and management procedure codes for TENnderCare services;
 - 2.6.13.1.5.4 Educate contract providers about how to submit claims with appropriate codes and modifiers as described in standardized billing requirements (e.g., CPT, HCPCS, etc.) and require that they adjust billing methodology according to described components of said procedure codes/modifiers; and
 - 2.6.13.1.5.5 Monitor provider compliance with required TENnderCare activities including compliance with proper coding.
- 2.6.13.1.6 The CONTRACTOR shall require that its contract providers notify the CONTRACTOR in the event a screening reveals the need for other health care services and the provider is unable to make an appropriate referral for those services. Upon notification of the inability to make an appropriate referral, the CONTRACTOR shall secure an appropriate referral and contact the member to offer scheduling assistance and transportation for members lacking access to transportation. In the event the failed referral is for dental services, the CONTRACTOR shall coordinate with the DBM to arrange for services.
- 2.6.13.1.7 The CONTRACTOR shall not require prior authorization for periodic and interperiodic screens conducted by PCPs. The CONTRACTOR shall provide all medically necessary covered services regardless of whether the need for such services was identified by a provider who had received prior authorization from the CONTRACTOR or from a contract provider.
- 2.6.13.1.8 The CONTRACTOR shall have a tracking system to monitor each TENnderCare eligible member’s receipt of the required screening, diagnosis, and treatment services. The tracking system shall have the ability to generate immediate reports on each member’s TENnderCare status, reflecting all encounters reported more than sixty (60) days prior to the date of the report.
- 2.6.13.1.9 In the event that a member under sixteen (16) years of age is seeking behavioral health TENnderCare services and the member’s parent(s), or legally appointed representative is unable to accompany the member to the examination, the CONTRACTOR shall require that its providers either contact the member’s parent(s), or legally appointed representative to discuss the findings and inform the family of any other necessary health care, diagnostic

Amendment Number 20 (cont.)

services, treatment or other measures recommended for the member or notify the MCO to contact the parent(s), or legally appointed representative with the results.

2.6.13.2 Member Education and Outreach

2.6.13.2.1 The CONTRACTOR shall be responsible for outreach activities and for informing members who are under the age of twenty-one (21), or their parent or legally appointed representative, of the availability of TENNderCare services. All TENNderCare member materials shall be submitted to TENNCARE for written approval prior to distribution in accordance with Section 2.17.1 and shall be made available in accordance with the requirements specified in Section 2.17.2.

2.6.13.2.2 The CONTRACTOR shall have a minimum of six (6) “outreach contacts” per member per calendar year in which it provides information about TENNderCare to members. The minimum “outreach contacts” include: one (1) member handbook as described in Section 2.17.4, four (4) quarterly member newsletters as described in Section 2.17.5, and one (1) reminder notice issued before a screening is due. The reminder notice shall include an offer of transportation and scheduling assistance.

2.6.13.2.2.1 The CONTRACTOR shall conduct New Member Calls for all new members under the age of twenty-one (21) to inform them of TENNderCare services including assistance with appointment scheduling and transportation to appointments.

2.6.13.2.2.2 The CONTRACTOR shall have the ability to conduct EPSDT outreach in formats appropriate to members who are blind, deaf, illiterate or have Limited English Proficiency. At least one of the 6 outreach attempts identified above shall advise members regarding how to request and/or access such assistance and/or information. The CONTRACTOR shall collaborate with agencies that have established procedures for working with special populations in order to develop effective outreach materials.

2.6.13.2.3 The CONTRACTOR shall have a mechanism for systematically notifying families when TENNderCare screens are due.

2.6.13.2.4 As part of its TENNderCare policies and procedures, the CONTRACTOR shall have a written process for following up with members who do not get their screenings timely. This process for follow up shall include provisions for documenting all outreach attempts and maintaining records of efforts made to reach out to members who have missed screening appointments or who have failed to receive regular check-ups. The CONTRACTOR shall make at least one (1) effort per quarter in excess of the six (6) “outreach contacts” to get the member in for a screening. The efforts, whether written or oral, shall be different each quarter. The CONTRACTOR is prohibited from simply sending the same letter four (4) times.

2.6.13.2.5 The CONTRACTOR shall have a process for determining if a member who is eligible for TENNderCare has used no services within a year and shall make two (2) reasonable attempts to re-notify such members about TENNderCare. The attempts must be different in format or message. One (1) of these attempts can be a referral to DOH for a screen.. (These two (2) attempts are in addition to the one (1) attempt per quarter mentioned in Section 2.6.13.2.4 above.)

2.6.13.2.6 The CONTRACTOR shall require that providers have a process for documenting services declined by a parent or legally appointed representative or mature competent child, specifying the particular service was declined. This process shall meet all requirements outlined in Section 5320.2.A of the State Medicaid Manual.

2.6.13.2.7 The CONTRACTOR shall make and document a minimum of two (2) reasonable attempts to find a member within thirty (30) days of receipt of mail returned as undeliverable. At least one (1) of these attempts shall be by phone.

Amendment Number 20 (cont.)

- 2.6.13.2.8 The CONTRACTOR shall make available to members and families accurate lists of names and phone numbers of contract providers who are currently accepting TennCare members as described in Section 2.17.7 of this Agreement.
- 2.6.13.2.9 The CONTRACTOR shall target specific informing activities to pregnant women and families with newborns. Provided that the CONTRACTOR is aware of the pregnancy, the CONTRACTOR shall inform all pregnant women prior to the estimated delivery date about the availability of TENNderCare services for their children. The CONTRACTOR shall offer TENNderCare services for the child when it is born.
- 2.6.13.2.10 The CONTRACTOR shall provide member education and outreach in community settings. Outreach events shall be conducted in each Grand Region covered by this Agreement, in accordance with the following specifications:
 - 2.6.13.2.10.1 Outreach events shall number a minimum of 5 per region per quarter.
 - 2.6.13.2.10.2 At least 3 of the minimum quarterly outreach activities must be conducted in urban or suburban areas, and 2 must be conducted in rural areas. Results of the CONTRACTOR's 416 report and HEDIS report, as well as county demographics, must be utilized in determining counties for targeted activities and in developing strategies for TennCare enrollees who are in or at risk of DCS custody or have special healthcare needs.
 - 2.6.13.2.10.3 The CONTRACTOR shall contact a minimum of 15 state agencies or community-based organizations per quarter, to either educate them on services available through the MCO or to develop outreach and educational initiatives. All of the agencies engaged must be those who serve TennCare enrollees who are in or at risk of DCS custody or have special healthcare needs.
- 2.6.13.3 Screening
 - 2.6.13.3.1 The CONTRACTOR shall provide periodic comprehensive child health assessments meaning, "regularly scheduled examinations and evaluations of the general physical and mental health, growth, development, and nutritional status of infants, children, and youth."
 - 2.6.13.3.2 At a minimum, these screens shall include periodic and interperiodic screens and be provided at intervals which meet reasonable standards of medical, behavioral and dental practice, as determined by the State after consultation with recognized medical and dental organizations involved in child health care. The State has determined that "reasonable standards of medical and dental practice" are those standards set forth in the American Academy of Pediatrics Recommendations for Preventive Pediatric Health Care for medical practice and American Academy of Pediatric Dentistry (AAPD) guidelines for dental practice. Tools used for screening shall be consistent with the screening guidelines recommended by the State which are available on the TennCare web site. These include, but are not limited to recommended screening guidelines for developmental/behavioral surveillance and screening, hearing screenings, and vision screenings.
 - 2.6.13.3.3 The screens shall include, but not be limited to:
 - 2.6.13.3.3.1 Comprehensive health and developmental history (including assessment of physical and mental health development and dietary practices);
 - 2.6.13.3.3.2 Comprehensive unclothed physical examination, including measurements (the child's growth shall be compared against that considered normal for the child's age and gender);
 - 2.6.13.3.3.3 Appropriate immunizations scheduled according to the most current Advisory Committee on Immunization Practices (ACIP) schedule according to age and health history;

Amendment Number 20 (cont.)

- 2.6.13.3.3.4 Appropriate vision and hearing testing provided at intervals which meet reasonable standards of medical practice and at other intervals as medically necessary to determine the existence of suspected illness or condition;
- 2.6.13.3.3.5 Appropriate laboratory tests (including lead toxicity screening appropriate for age and risk factors). All children are considered at risk and shall be screened for lead poisoning. All children shall receive a screening blood lead test at twelve (12) and twenty-four (24) months of age. Children between the ages of thirty-six (36) months and seventy-two (72) months of age shall receive a screening blood lead test if they have not been previously screened for lead poisoning. A blood lead test shall be used when screening Medicaid-eligible children. A blood lead test equal to or greater than ten (10) ug/dL obtained by capillary specimen (finger stick) shall be confirmed by using a venous blood sample; and
- 2.6.13.3.3.6 Health education which includes anticipatory guidance based on the findings of all screening. Health education should include counseling to both members and members' parents or to the legally appointed representative to assist in understanding what to expect in terms of the child's development and to provide information about the benefits of healthy lifestyles and practices as well as accident and disease prevention.
- 2.6.13.3.4 The CONTRACTOR shall encourage providers to refer children to dentists for periodic dental screens beginning no later than three (3) years of age and earlier as needed (as early as six (6) to twelve (12) months in accordance with the American Academy of Pediatric Dentistry (AAPD) guidelines) and as otherwise appropriate.
- 2.6.13.3.5 The CONTRACTOR shall establish a procedure for PCPs or other providers completing TENNderCare screenings to refer TENNderCare eligible members requiring behavioral health services to appropriate providers.
- 2.6.13.4 Services
- 2.6.13.4.1 Should screenings indicate a need, the CONTRACTOR shall provide all necessary health care, diagnostic services, treatment, and other measures described in 42 USC 1396d(a) (Section 1905(a) of the Social Security Act) to correct or ameliorate or prevent from worsening defects and physical and mental illnesses and conditions discovered by the screening services, whether or not such services are covered under the Medicaid State plan (see Section 2.6.13.4.8). This includes, but is not limited to, the services detailed below.
- 2.6.13.4.2 The CONTRACTOR shall provide treatment for defects in vision and hearing, including eyeglasses and hearing aids.
- 2.6.13.4.3 The CONTRACTOR shall coordinate with the DBM to ensure that TENNderCare eligible members receive dental care services furnished by direct referral to a dentist, at as early an age as necessary, and at intervals which meet reasonable standards of dental practice as determined by the State and at other intervals as medically necessary to determine the existence of a suspected illness or condition.
- 2.6.13.4.4 The CONTRACTOR shall not require prior authorization or written PCP referral in order for a member to obtain a mental health or substance abuse assessment, whether the assessment is requested as follow-up to a TENNderCare screening or an interperiodic screening. This requirement shall not preclude the CONTRACTOR from requiring notification for a referral for an assessment. Furthermore, the CONTRACTOR shall establish a procedure for PCPs, or other providers, completing TENNderCare screenings, to refer members under the age of twenty-one (21) for a mental health or substance abuse assessment.
- 2.6.13.4.5 For services not covered by Section 1905(a) of the Social Security Act, but found to be needed as a result of conditions disclosed during screening and diagnosis, the CONTRACTOR shall provide referral assistance as required by 42 CFR 441.61, including referral to providers and State health agencies.

Amendment Number 20 (cont.)

2.6.13.4.6 Transportation Services

2.6.13.4.6.1 The CONTRACTOR shall provide transportation assistance for a child and for the child's escort or accompanying adult, including related travel expenses, cost of meals, and lodging en route to and from TennCare covered services. The requirement to provide the cost of meals shall not be interpreted to mean that a member (or the child's escort or accompanying adult) can request meals while in transport to and from care. Reimbursement for meals and lodging shall only be provided when transportation for a TennCare covered service cannot be completed in one (1) day and would require an overnight stay.

2.6.13.4.6.2 The CONTRACTOR shall offer transportation and scheduling assistance to all members under age twenty-one (21) who do not have access to transportation in order to access covered services. This may be accomplished through various means of communication to members, including but not limited to, member handbooks, TENNderCare outreach notifications, etc.

2.6.13.4.7 Services for Elevated Blood Lead Levels

2.6.13.4.7.1 The CONTRACTOR shall provide follow up for elevated blood lead levels in accordance with the State Medicaid Manual, Part 5. The Manual currently says that children with blood lead levels equal to or greater than ten (10) ug/dL should be followed according to CDC guidelines. These guidelines include follow up blood tests and investigations to determine the source of lead, when indicated.

2.6.13.4.7.2 The CONTRACTOR shall provide for any follow up service within the scope of the federal Medicaid statute, including diagnostic or treatment services determined to be medically necessary when elevated blood lead levels are identified in children. Such services would include both MCO case management services and a one (1) time investigation to determine the source of lead.

2.6.13.4.7.3 The CONTRACTOR is responsible for the primary environmental lead investigation—commonly called a “lead inspection”—for children when elevated blood levels suggest a need for such an investigation.

2.6.13.4.7.4 If the lead inspection does not reveal the presence of lead paint in the home, there may be a need for other testing, such as risk assessments involving water and soil sampling or inspections of sites other than the primary residence if the child spends a substantial amount of time in another location. The CONTRACTOR is not responsible for either the risk assessments or the lead inspection at the secondary site. However, the CONTRACTOR shall contact the DOH when these services are indicated as this agency is responsible for these services.

2.6.13.4.7.5 CONTRACTOR reimbursement for the primary environmental investigations is limited to the items specified in Part 5 of the State Medicaid Manual. These items include the health professional's time and activities during the on-site investigation of the child's primary residence. They do not include testing of environmental substances such as water, paint, or soil.

Amendment Number 20 (cont.)

2.6.13.4.8 Services Chart

Pursuant to federal and state requirements, TennCare enrollees under the age of 21 are eligible for all services listed in Section 1905(a) of the Social Security Act. These services, and the entity responsible for providing them to TennCare enrollees under the age of 21, are listed below. Notwithstanding any other provision of this Agreement, the CONTRACTOR shall provide all services for which “MCO” is identified as the responsible entity to members under the age of 21. All services, other than TENNderCare screens and interperiodic screens, must be medically necessary in order to be covered by the CONTRACTOR. The CONTRACTOR shall provide all medically necessary TENNderCare covered services regardless of whether or not the need for such services was identified by a provider whose services had received prior authorization from the CONTRACTOR or by a contract provider.

Services Listed in Social Security Act Section 1905(a)		Responsible Entity in Tennessee	Comments
(1) Inpatient hospital services (other than services in an institution for mental diseases)		MCO	
(2)(A) Outpatient hospital services		MCO	
(2)(B) Rural health clinic services (RHCs)		MCO	MCOs are not required to contract with RHCs if the services are available through other contract providers.
(2)(C) Federally-qualified health center services (FQHCs)		MCO	MCOs are not required to contract with FQHCs if they can demonstrate adequate provider capacity without them.
(3) Other laboratory and X-ray services		MCO	
(4)(A) Nursing facility services for individuals age 21 and older			Not applicable for TENNderCare
(4)(B) EPSDT services		MCO for physical health and behavioral health services; DBM for dental services except as described in Section 2.6.1.3; PBM for pharmacy services as described except as in Section 2.6.1.3	
(4)(C) Family planning services and supplies		MCO; PBM for pharmacy services except as described in Section 2.6.1.3	
(5)(A) Physicians’ services furnished by a physician, whether furnished in the office, the patient’s home, a hospital, or a nursing facility		MCO	
(5)(B) Medical and surgical services furnished by a dentist		DBM except as described in Section 2.6.1.3

Amendment Number 20 (cont.)

- 2.6.13.4.8.1 Note 1: “Targeted case management services,” which are listed under Section 1915(g)(1), are not TENNderCare services except to the extent that the definition in Section 1915(g)(2) is used with Item (19) above.
- 2.6.13.4.8.2 Note 2: “Psychiatric residential treatment facility” is not listed in Social Security Act Section 1905(a). It is, however, defined in 42 CFR 483.352 as “a facility other than a hospital, that provides psychiatric services, as described in subpart D of part 441 of this chapter, to individuals under age twenty-one (21), in an inpatient setting.”
- 2.6.13.4.8.3 Note 3: “Rehabilitative” services are differentiated from “habilitative” services in federal law. “Rehabilitative” services, which are TENNderCare services, are defined in 42 CFR 440.130(d) as services designed “for maximum reduction of physical or mental disability and restoration of a recipient to his best possible functional level.” “Habilitative” services, which are not TENNderCare services, are defined in Section 1915(c)(5) as services designed “to assist individuals in acquiring, retaining, and improving the self-help, socialization, and adaptive skills necessary to reside successfully in home and community based settings.”
- 2.6.13.4.8.4 Note 4: Certain services are covered under a Home and Community Based waiver but are not TENNderCare services because they are not listed in the Social Security Act Section 1905(a). These services include habilitation, prevocational, supported employment services, homemaker services and respite services. (See Section 1915(c)(4).)
- 2.6.13.4.8.5 Note 5: Certain services are not coverable even under a Home and Community Based waiver and are not TENNderCare services. These services include room and board, and special education and related services which are otherwise available through a Local Education Agency. (See Section 1915(c)(5).)

2.6.13.5 Children with Special Health Care Needs

Children with special health care needs are those children who are in the custody of DCS. As provided in Section 2.4.4, TennCare enrollees who are in the custody of DCS will be enrolled in TennCare Select.

9. Section 2.6 shall be amended by adding a new Section 2.6.15 which shall read as follows:

2.6.15 **Cost Sharing for Services**

2.6.15.1 General

The CONTRACTOR and all providers and subcontractors shall not require any cost sharing responsibilities for covered services except to the extent that cost sharing responsibilities are required for those services by TENNCARE in accordance with TennCare rules and regulations, including but not limited to, holding enrollees liable for debt due to insolvency of the CONTRACTOR or non-payment by the State to the CONTRACTOR. Further, the CONTRACTOR and all providers and subcontractors shall not charge enrollees for missed appointments.

2.6.15.2 Preventive Services

TennCare cost sharing responsibilities shall apply to covered services other than the preventive services described in TennCare rules and regulations.

Amendment Number 20 (cont.)

2.6.15.3 Cost Sharing Schedule

The current TennCare cost sharing schedule is included in this Agreement as Attachment XII. The CONTRACTOR shall not waive or use any alternative cost sharing schedules, unless required by TENNCARE.

2.6.15.4 Provider Requirements

2.6.15.4.1 Providers or collection agencies acting on the provider's behalf may not bill enrollees for amounts other than applicable TennCare cost sharing responsibilities for covered services, including but not limited to, services that the State or the CONTRACTOR has not paid for, except as permitted by TennCare rules and regulations and as described below. Providers may seek payment from an enrollee only in the following situations.

2.6.15.4.1.1 If the services are not covered services and, prior to providing the services, the provider informed the enrollee that the services were not covered. The provider shall inform the enrollee of the non-covered service and have the enrollee acknowledge the information. If the enrollee still requests the service, the provider shall obtain such acknowledgment in writing prior to rendering the service. Regardless of any understanding worked out between the provider and the enrollee about private payment, once the provider bills an MCO for the service that has been provided, the prior arrangement with the enrollee becomes null and void without regard to any prior arrangement worked out with the enrollee.

2.6.15.4.1.2 If the enrollee's TennCare eligibility is pending at the time services are provided and if the provider informs the person they will not accept TennCare assignment whether or not eligibility is established retroactively. Regardless of any understanding worked out between the provider and the enrollee about private payment, once the provider bills an MCO for the service the prior arrangement with the enrollee becomes null and void without regard to any prior arrangement worked out with the enrollee.

2.6.15.4.1.3 If the enrollee's TennCare eligibility is pending at the time services are provided, however, all monies collected, except applicable TennCare cost sharing amounts shall be refunded when a claim is submitted to an MCO because the provider agreed to accept TennCare assignment once retroactive TennCare eligibility was established. (The monies collected shall be refunded as soon as a claim is submitted and shall not be held conditionally upon payment of the claim).

2.6.15.4.1.4 If the services are not covered because they are in excess of an enrollee's hard benefit limit, and the provider complies with applicable TennCare rules and regulations.

2.6.15.4.2 The CONTRACTOR shall require, as a condition of payment, that the provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payer) plus any applicable amount of TennCare cost sharing responsibilities due from the enrollee as payment in full for the service. Except in the circumstances described above, if the CONTRACTOR is aware that a provider, or a collection agency acting on the provider's behalf, bills an enrollee for amounts other than the applicable amount of TennCare cost sharing responsibilities due from the enrollee, the CONTRACTOR shall notify the provider and demand that the provider and/or collection agency cease such action against the enrollee immediately. If a provider continues to bill an enrollee after notification by the CONTRACTOR, the CONTRACTOR shall refer the provider to the Tennessee Bureau of Investigation.

10. The existing Sections 2-4 "Service Delivery Requirements", 2-5 "Services Not Covered", 2-6 "Marketing and Enrollee Materials", 2-7 "Medical Management", 2-8 "Complaints and Appeals", 2-9 "Administration and Management", 2-10 "Reporting Requirements", 2-11 "Accounting Requirements", 2-12 "Availability of Records", 2-13 "Audit Requirements", 2-

14 “Independent Review of the CONTRACTOR, 2-15 “Accessibility of Monitoring”, 2-16 “Changes Resulting from Monitoring and Audit”, 2-17 “Use of Subcontracts”, 2-18 “Provider Agreements”, 2-19 “Fidelity Bonds – Net Worth”, 2-20 “Insurance”, 2-21 “Ownership and Financial Disclosure”, 2-22 Community Service Area, 2-23 “CONTRACTOR Appeal Rights, 2-24 “Non-Discrimination Compliance”, 2-25 “Processing and Payment of Supplemental Payments”, 26 “Processing and Payment of Critical Access Hospital Payments”, 2-27 “Processing and Payment of Essential Hospital Payments”, 2-28 “Notice of Legal Action”, and Section 2-29 “Prohibition of Illegal Immigrants” shall be deleted in their entirety and replaced by new Sections 2.7 through 2.30 as described below and all references thereto shall be amended accordingly.

2.7 LEFT BLANK INTENTIONALLY

2.8 DISEASE MANAGEMENT

2.8.1 General

2.8.1.1 The CONTRACTOR shall establish and operate a disease management (DM) program for each of the following conditions:

2.8.1.1.1 Maternity care management, in particular high-risk obstetrics;

2.8.1.1.2 Diabetes;

2.8.1.1.3 Congestive heart failure;

2.8.1.1.4 Asthma;

2.8.1.1.5 Coronary artery disease;

2.8.1.1.6 Chronic-obstructive pulmonary disease;

2.8.1.1.7 Bipolar disorder;

2.8.1.1.8 Major depression; and

2.8.1.1.9 Schizophrenia.

2.8.1.2 Each DM program shall utilize evidence-based clinical practice guidelines (hereafter referred to as the guidelines) that have been formally adopted by the CONTRACTOR’s Quality Management/Quality Improvement (QM/QI) committee or other clinical committee and patient empowerment strategies to support the provider-patient relationship and the plan of care. For the conditions listed in 2.8.1.1 through 2.8.1.6, the guidelines shall include a requirement to conduct a mental health and substance abuse screening. The DM programs for bipolar disorder, major depression, and schizophrenia shall include the use of the evidence-based practice for co-occurring disorders.

2.8.1.3 The DM programs shall emphasize the prevention of exacerbation and complications of the conditions as evidenced by decreases in emergency room utilization and inpatient hospitalization and/or improvements in condition-specific health status indicators.

2.8.1.4 The CONTRACTOR shall develop and maintain DM program policies and procedures, which shall include program descriptions. These policies and procedures shall include, for each of the conditions listed above, the following:

2.8.1.4.1 The definition of the target population;

2.8.1.4.2 Member identification strategies;

Amendment Number 20 (cont.)

- 2.8.1.4.3 The guidelines;
 - 2.8.1.4.4 Written description of the stratification levels for each of the conditions, including member criteria and associated interventions;
 - 2.8.1.4.5 Program content;
 - 2.8.1.4.6 Methods for informing and educating members;
 - 2.8.1.4.7 Methods for informing and educating providers; and
 - 2.8.1.4.8 Program evaluation.
- 2.8.1.5 As part of its DM program policies and procedures, the CONTRACTOR shall also address how the DM programs will coordinate with MCO case management activities, in particular for members who would benefit from both.

2.8.2 **Member Identification Strategies**

- 2.8.2.1 The CONTRACTOR shall have a systematic method of identifying and enrolling eligible members in each DM program.
- 2.8.2.2 The CONTRACTOR shall operate its disease management programs using an “opt out” methodology, meaning that disease management services shall be provided to eligible members unless they specifically ask to be excluded.

2.8.3 **Stratification**

As part of the DM programs, the CONTRACTOR shall classify eligible members into stratification levels according to condition severity or other clinical or member provided information. The DM programs shall tailor the program content and education activities, for each stratification level.

2.8.4 **Program Content**

Each DM program shall include the development of treatment plans, as described in NCQA Disease Management program content, that serve as the outline for all of the activities and interventions in the program. At a minimum the activities and interventions associated with the treatment plan shall address condition monitoring, patient adherence to the treatment plan, consideration of other co-morbidities, and condition-related lifestyle issues.

2.8.5 **Informing and Educating Members**

The DM programs shall educate members and/or their caregivers regarding their particular condition(s) and needs. This information shall be provided upon enrollment in the DM program. The DM programs shall educate members to increase their understanding of their condition(s), the factors that impact their health status (e.g., diet and nutrition, lifestyle, exercise, medication compliance), and to empower members to be more effective in self-care and management of their health so they:

- 2.8.5.1 Are proactive and effective partners in their care;
- 2.8.5.2 Understand the appropriate use of resources needed for their care;
- 2.8.5.3 Identify precipitating factors and appropriate responses before they require more acute intervention; and
- 2.8.5.4 Are compliant and cooperative with the recommended treatment plan.

Amendment Number 20 (cont.)

2.8.6 **Informing and Educating Providers**

As part of the DM programs, the CONTRACTOR shall educate providers regarding the guidelines and shall distribute the guidelines to providers who are likely to treat enrollees with the DM conditions. This includes, but is not limited to, PCPs and specialists involved in treating that particular condition. The CONTRACTOR shall also provide each PCP with a list of their patients enrolled in each DM program upon the member's initial enrollment and at least annually thereafter. The CONTRACTOR shall provide specific information to the provider concerning how the program(s) works. The DM's provider education shall be designed to increase the providers' adherence to the guidelines in order to improve the members' conditions.

2.8.7 **Program Evaluation (Satisfaction and Effectiveness)**

2.8.7.1 The CONTRACTOR shall evaluate member satisfaction with the DM services (as described by NCQA) by systematically analyzing feedback from members and analyzing member complaints and inquiries at least annually. The feedback on satisfaction shall be specific to DM programs.

2.8.7.1.1 A written summary, of member satisfaction with the DM program, shall be included in the annual DM report.

2.8.7.2 The CONTRACTOR shall establish measurable benchmarks and goals for each DM program and shall evaluate the programs using these benchmarks and goals. These benchmarks and goals shall be specific to each condition but should include:

2.8.7.2.1 Performance measured against at least two important clinical aspects of the guidelines associated with each DM program;

2.8.7.2.2 The rate of emergency department utilization and inpatient hospitalization;

2.8.7.2.3 Neonatal Intensive Care Unit (NICU) days for births associated with members enrolled in the maternity care management program;

2.8.7.2.4 Appropriate HEDIS measures;

2.8.7.2.5 The passive participation rates (as defined by NCQA) and the number of individuals participating in each level of each of the DM programs;

2.8.7.2.6 Cost savings;

2.8.7.2.7 Member adherence to treatment plans; and

2.8.7.2.8 Provider adherence to the guidelines.

2.8.7.3 The CONTRACTOR shall report on DM activities as required in Section 2.30.5.

2.8.8 **Obesity Disease Management**

In addition to the aforementioned DM program requirements, the CONTRACTOR shall have a DM program for obesity that is provided as a cost effective alternative service (see Section 2.6.7). The CONTRACTOR may fulfill this requirement by entering into a provider agreement with Weight Watchers and then referring/authorizing eligible obese and overweight members to participate in a Weight Watchers program. If the CONTRACTOR identifies another weight management program as the cost effective alternative service, the CONTRACTOR shall include a narrative of the program (including target population and description of services) as part of its quarterly disease management report (see Section 2.30.5.1) applicable to the quarter in which the program was implemented.

2.9 SERVICE COORDINATION

2.9.1 General

- 2.9.1.1 The CONTRACTOR shall be responsible for the management, coordination, and continuity of care for all its TennCare members and shall develop and maintain policies and procedures to address this responsibility.
- 2.9.1.2 The CONTRACTOR shall:
 - 2.9.1.2.1 Coordinate care for children in DCS custody;
 - 2.9.1.2.2 Coordinate care between PCPs and specialists;
 - 2.9.1.2.3 Perform reasonable preventive health case management services, have mechanisms to assess the quality and appropriateness of services furnished, and provide appropriate referral and scheduling assistance;
 - 2.9.1.2.4 Document authorized referrals in its utilization management system;
 - 2.9.1.2.5 Monitor members with ongoing medical or behavioral health conditions;
 - 2.9.1.2.6 Identify members using emergency department services inappropriately to assist in scheduling follow-up care with PCPs and/or appropriate specialists to improve continuity of care and establish a medical home;
 - 2.9.1.2.7 Maintain and operate a formalized hospital and/or institutional discharge planning program;
 - 2.9.1.2.8 Coordinate hospital and/or institutional discharge planning that includes post-discharge care, as appropriate;
 - 2.9.1.2.9 Maintain an internal tracking system that identifies the current preventive services screening status and pending preventive services screening due dates for each member; and
 - 2.9.1.2.10 Authorize services provided by non-contract providers, as required in this Agreement (see, e.g., Section 2.13).

2.9.2 Transition of New Members

- 2.9.2.1 In the event an enrollee entering the CONTRACTOR's MCO is receiving medically necessary covered services in addition to or other than prenatal services (see below for enrollees receiving only prenatal services) the day before enrollment, the CONTRACTOR shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided by contract or non-contract providers. The CONTRACTOR shall provide continuation of such services for up to ninety (90) calendar days or until the member may be reasonably transferred without disruption, whichever is less. The CONTRACTOR may require prior authorization for continuation of the services beyond thirty (30) calendar days however the CONTRACTOR is prohibited from denying authorization solely on the basis that the provider is a non-contract provider.
- 2.9.2.2 In the event an enrollee entering the CONTRACTOR's MCO is in her first trimester of pregnancy and is receiving medically necessary covered prenatal care services the day before enrollment, the CONTRACTOR shall be responsible for the costs of continuation of such medically necessary prenatal care services, including prenatal care, delivery, and post-natal care, without any form of prior approval and without regard to whether such services are being provided by a contract or non-contract provider until such time as the CONTRACTOR can reasonably transfer the member to a contract provider without impeding service delivery that might be harmful to the member's health.

Amendment Number 20 (cont.)

- 2.9.2.3 In the event an enrollee entering the CONTRACTOR's MCO is in her second or third trimester of pregnancy and is receiving medically necessary covered prenatal care services the day before enrollment, the CONTRACTOR shall be responsible for providing continued access to the prenatal care provider (whether contract or non-contract provider) through the postpartum period.
- 2.9.2.4 The CONTRACTOR shall ensure that the member is held harmless by the provider for the costs of medically necessary covered services except for applicable TennCare cost sharing amounts described in Section 2.6.15 and in Attachment XII of this Agreement.
- 2.9.2.5 The CONTRACTOR shall develop and maintain policies and procedures regarding the transition of new members.

2.9.3 Transition of Care

- 2.9.3.1 The CONTRACTOR shall actively assist members with chronic or acute medical or behavioral health conditions in transitioning to another provider when their current provider has terminated participation with the CONTRACTOR. The CONTRACTOR shall provide continuation of such services for up to ninety (90) calendar days or until the member may be reasonably transferred without disruption of care, whichever is less. The CONTRACTOR shall allow continued access to the provider through the postpartum period for members in their second or third trimester of pregnancy.
- 2.9.3.2 The CONTRACTOR shall actively assist members in transitioning to another provider when there are changes in providers. The CONTRACTOR shall have transition policies that, at a minimum, include the following:
 - 2.9.3.2.1 A schedule which ensures transfer does not create a lapse in service;
 - 2.9.3.2.2 A mechanism for timely information exchange (including transfer of the member record);
 - 2.9.3.2.3 A mechanism for assuring confidentiality;
 - 2.9.3.2.4 A mechanism for allowing a member to request and be granted a change of provider;
 - 2.9.3.2.5 An appropriate schedule for transitioning members from one (1) provider to another when there is medical necessity for ongoing care.
 - 2.9.3.2.6 Specific transition language on the following special populations:
 - 2.9.3.2.6.1 Children who are SED;
 - 2.9.3.2.6.2 Adults who are SPMI;
 - 2.9.3.2.6.3 Persons who have addictive disorders;
 - 2.9.3.2.6.4 Persons who have co-occurring disorders of both mental health and substance abuse disorders; and
 - 2.9.3.2.6.5 Persons with behavioral health conditions who also have a developmental disorder (dually diagnosed). These members shall be allowed to remain with their providers of the services listed below for the minimum time frames set out below as long as the services continue to be medically necessary. The CONTRACTOR may shorten these transition time frames only when the provider of services is no longer available to serve the member or when a change in providers is agreed to in writing by the member.
 - 2.9.3.2.6.5.1 Mental health case management: three (3) months;

Amendment Number 20 (cont.)

- 2.9.3.2.6.5.2 Psychiatrist: three (3) months;
- 2.9.3.2.6.5.3 Outpatient behavioral health therapy: three (3) months;
- 2.9.3.2.6.5.4 Psychosocial rehabilitation and supported employment: three (3) months; and
- 2.9.3.2.6.5.5 Psychiatric inpatient or residential treatment and supportive housing: six (6) months.

2.9.4 MCO Case Management

- 2.9.4.1 The CONTRACTOR shall maintain an MCO case management program that includes the following components:
 - 2.9.4.1.1 A systematic approach to identify eligible members;
 - 2.9.4.1.2 Assessment of member needs;
 - 2.9.4.1.3 Development of an individualized plan of care;
 - 2.9.4.1.4 Implementation of the plan of care, including coordination of care that actively links the member to providers and support services; and
 - 2.9.4.1.5 Program Evaluation (Satisfaction and Effectiveness).
- 2.9.4.2 The CONTRACTOR shall provide MCO case management to members who are at high risk or have unique, chronic, or complex needs. This shall include but not be limited to:
 - 2.9.4.2.1 Members with co-occurring mental illness and substance abuse and/or co-morbid physical health and behavioral health conditions.
- 2.9.4.3 The CONTRACTOR has the option of allowing members to be enrolled in both MCO case management and a disease management program.
- 2.9.4.4 Eligible members shall be offered MCO case management services. However, member participation shall be voluntary.
- 2.9.4.5 The CONTRACTOR shall develop a process to inform members and providers about the availability of MCO case management and to inform the member's PCP and/or appropriate specialist when a member has been assigned to the MCO case management program.
- 2.9.4.6 The CONTRACTOR shall use utilization data, including pharmacy data provided by TENNCARE or its PBM (see Section 2.9.7), to identify members for MCO case management services as appropriate. In particular, the CONTRACTOR shall track utilization data to determine when a member exceeded the ED threshold (see Section 2.14.1.10.2).

2.9.5 Coordination and Collaboration Between Physical Health and Behavioral Health

2.9.5.1 General

As provided in Section 2.6.1 of this Agreement, the CONTRACTOR shall be responsible for providing a full continuum of physical health and behavioral health services. The CONTRACTOR shall ensure communication and coordination between PCPs and medical specialists. The CONTRACTOR shall also be responsible for ensuring continuity and coordination between covered physical and behavioral health services and ensuring collaboration between physical health and behavioral health providers. The CONTRACTOR shall develop policies and procedures that address key elements in meeting this requirement. These elements include, but are not limited to, screening for behavioral health needs (including the screening tool), referral to physical and behavioral health providers, exchange of information, confidentiality, assessment, treatment plan development, collaboration, MCO

Amendment Number 20 (cont.)

case management and disease management, provider training, and monitoring implementation and outcomes.

2.9.5.2 Subcontracting for Behavioral Health Services

If the CONTRACTOR subcontracts for the provision of behavioral health services, the CONTRACTOR shall develop and implement a written agreement with the subcontractor regarding the coordination of services provided by the CONTRACTOR and those provided by the subcontractor. The agreement shall address the responsibilities of the CONTRACTOR and the subcontractor regarding, at a minimum, the items identified in Section 2.9.5.1 as well as prior authorization, claims payment, claims resolution, contract disputes, and reporting. The subcontract shall comply with all of the requirements regarding subcontracts included in Section 2.26 of this Agreement.

2.9.5.3 Screening for Behavioral Health Needs

2.9.5.3.1 The CONTRACTOR shall ensure that the need for behavioral health services is systematically identified by and addressed by the member's PCP at the earliest possible time following initial enrollment of the member in the CONTRACTOR's MCO or after the onset of a condition requiring mental health and/or substance abuse treatment.

2.9.5.3.2 The CONTRACTOR shall encourage PCPs and other providers to use a screening tool prior approved in writing by the State as well as other mechanisms to facilitate early identification of behavioral health needs.

2.9.5.4 Referrals to Behavioral Health Providers

The CONTRACTOR shall ensure through screening that members with a need for behavioral health services, particularly members with SED/SPMI are appropriately referred to behavioral health providers. The CONTRACTOR shall develop provider education and training materials to ensure that physical health providers know when and how to refer members who need specialty behavioral health services. This shall include education about behavioral health services, including the recovery process and resilience for children. The CONTRACTOR shall develop a referral process to be used by its providers, including what information must be exchanged and when to share this information.

2.9.5.5 Referrals to PCPs

The CONTRACTOR shall ensure that members with both physical health and behavioral health needs are appropriately referred to their PCPs for treatment of their physical health needs. The CONTRACTOR shall develop provider education and training materials to ensure that behavioral health providers know when and how to refer members who need physical health services. The CONTRACTOR shall develop a referral process to be used by its providers. The referral process shall include providing a copy of the physical health consultation and results to the behavioral health provider.

2.9.5.6 Behavioral Health Assessment and Treatment Plan

The CONTRACTOR's policies and procedures shall identify the role of physical health and behavioral health providers in assessing a member's behavioral health needs and developing an individualized treatment plan. For members with chronic physical conditions that require ongoing treatment who also have behavioral health needs, the CONTRACTOR shall encourage participation of both the member's physical health provider (PCP or specialist) and behavioral health provider in the assessment and individualized treatment plan development process as well as the ongoing provision of services.

Amendment Number 20 (cont.)

2.9.5.7 MCO Case Management and Disease Management

The CONTRACTOR shall use its MCO case management and disease management programs (see Sections 2.9.4 and 2.9) to support the continuity and coordination of covered physical and behavioral health services and the collaboration between physical health and behavioral health providers. The CONTRACTOR has the option to allow members, e.g., members who have been determined to be high risk based on disease management stratification (see Section 2.8.3), to be enrolled in both a disease management program and MCO case management.

2.9.5.8 Monitoring

The CONTRACTOR shall evaluate and monitor the effectiveness of its policies and procedures regarding the continuity and coordination of covered physical and behavioral health services and collaboration between physical and behavioral health providers. This shall include, but not be limited to, an assessment of the appropriateness of the diagnosis, treatment, and referral of behavioral health disorders commonly seen by PCPs; an evaluation of the appropriateness of psychopharmacological medication; and analysis of data regarding access to appropriate services. Based on these monitoring activities, the CONTRACTOR shall develop and implement interventions to improve continuity, coordination, and collaboration for physical and behavioral health services.

2.9.6 **Coordination and Collaboration Among Behavioral Health Providers**

2.9.6.1 The CONTRACTOR shall ensure communication and coordination between mental health providers and substance abuse providers, including:

2.9.6.1.1 Assignment of a responsible party to ensure communication and coordination occur;

2.9.6.1.2 Determination of the method of mental health screening to be completed by substance abuse service providers; screening and assessment tools to be designated by TENNCARE;

2.9.6.1.3 Determination of the method of substance abuse screening to be completed by mental health service providers; screening and assessment tools to be designated by TENNCARE;

2.9.6.1.4 Description of how treatment plans will be coordinated between behavioral health service providers; and

2.9.6.1.5 Assessment of cross training of behavioral health providers: mental health providers being trained on substance abuse issues and substance abuse providers being trained on mental health issues.

2.9.6.2 The CONTRACTOR shall ensure coordination between the children and adolescent service delivery system as they transition into the adult mental health service delivery system, through such activities as communicating treatment plans and exchange of information.

2.9.6.3 The CONTRACTOR shall coordinate inpatient and community services, including the following requirements related to hospital admission and discharge:

2.9.6.3.1 The outpatient provider shall be involved in the admissions process when possible; if the outpatient provider is not involved, the outpatient provider shall be notified promptly of the member's hospital admission;

2.9.6.3.2 Psychiatric hospital and residential treatment facility discharges shall not occur without a discharge plan in which the member has participated (an outpatient visit shall be scheduled before discharge, which ensures access to proper provider/medication follow-up; also, an appropriate placement or housing site shall be secured prior to discharge);

2.9.6.3.3 An evaluation shall be performed prior to discharge to determine if mental health case management services are medically necessary. Once deemed medically necessary, the mental

Amendment Number 20 (cont.)

health case manager shall be involved in discharge planning; if there is no mental health case manager, then the outpatient provider shall be involved; and

- 2.9.6.3.4 A procedure to ensure continuity of care regarding medication shall be developed and implemented.
- 2.9.6.4 The CONTRACTOR shall identify and develop community alternatives to inpatient hospitalization for those members who are receiving inpatient psychiatric facility services who could leave the facility if appropriate community or residential care alternatives were available in the community. In the event the CONTRACTOR does not provide appropriate community alternatives, the CONTRACTOR shall remain financially responsible for the continued inpatient care of these individuals.
- 2.9.6.5 The CONTRACTOR is responsible for providing a discharge plan as outlined in Section 2.9.6.3.2.

2.9.7 Coordination of Pharmacy Services

- 2.9.7.1 Except as provided in Section 2.6.1.3, the CONTRACTOR is not responsible for the provision and payment of pharmacy benefits; TENNCARE contracts with a pharmacy benefits manager (PBM) to provide these services. However, the CONTRACTOR shall coordinate with the PBM as necessary to ensure that members receive appropriate pharmacy services without interruption. The CONTRACTOR shall monitor and manage its contract providers as it relates to prescribing patterns and its members as it relates to utilization of prescription drugs. The CONTRACTOR shall participate in regularly scheduled meetings with the PBM and TENNCARE to discuss operational and programmatic issues.
- 2.9.7.2 The CONTRACTOR shall accept and maintain prescription drug data from TENNCARE or its PBM.
- 2.9.7.3 The CONTRACTOR shall monitor and manage members by, at a minimum, conducting the activities as described below:
 - 2.9.7.3.1 Analyzing prescription drug data and/or reports provided by the PBM to identify high-utilizers and other members who inappropriately use pharmacy services and assign them to the MCO case management and/or disease management programs as appropriate;
 - 2.9.7.3.2 Analyzing prescription drug data and/or reports provided by the PBM to identify potential pharmacy lock-in candidates and referring them to TENNCARE; and
 - 2.9.7.3.3 Regularly providing information to members about appropriate prescription drug usage. At a minimum, this information shall be included in the Member Handbook and in at least two (2) quarterly member newsletters within a twelve (12) month period.
- 2.9.7.4 The CONTRACTOR shall monitor and manage providers' prescription patterns by, at a minimum, conducting the activities described below:
 - 2.9.7.4.1 Collaborating with the PBM to educate the MCO's contract providers regarding compliance with the State's preferred drug list (PDL) and appropriate prescribing practices; and
 - 2.9.7.4.2 Intervening with contract providers whose prescribing practices appear to be operating outside industry or peer norms as defined by TENNCARE, are non-compliant as it relates to adherence to the PDL and/or generic prescribing patterns, and/or who are failing to follow required prior authorization processes and procedures. The goal of these interventions will be to improve prescribing practices among the identified contract providers, as appropriate. Interventions shall be personal and one-on-one.

Amendment Number 20 (cont.)

- 2.9.7.5 At any time, upon request from TENNCARE, the CONTRACTOR shall provide assistance in educating, monitoring and intervening with providers. For example, TENNCARE may require assistance in monitoring and intervening with providers regarding prescribing patterns for narcotics.

2.9.8 Coordination of Dental Benefits

2.9.8.1 General

- 2.9.8.1.1 The CONTRACTOR is not responsible for the provision and payment of dental benefits; TENNCARE contracts with a dental benefits manager (DBM) to provide these services.

- 2.9.8.1.2 As provided in Section 2.6.1.3, the CONTRACTOR is responsible for transportation to and from dental services as well as the facility, medical and anesthesia services related to medically necessary and approved dental services that are not provided by a dentist or in a dentist's office.

- 2.9.8.1.3 The CONTRACTOR may require prior authorization for services related to dental services including the facility, anesthesia, and/or medical services related to the dental service. However, the CONTRACTOR may waive authorization of said services based upon authorization of the dental services by the dental benefits manager. The CONTRACTOR shall approve and arrange transportation to and from dental services in accordance with this Agreement, including but not limited to Attachment XIV.

2.9.8.2 Services and Responsibilities

The CONTRACTOR shall coordinate with the DBM for dental services. Coordination of dental services, at a minimum, includes establishing processes for:

- 2.9.8.2.1 Means for referral that ensures immediate access for emergency care and provision of urgent and routine care according to TennCare guidelines for specialty care (see Attachment III);
- 2.9.8.2.2 Means for the transfer of information (to include items before and after the visit);
- 2.9.8.2.3 Maintenance of confidentiality;
- 2.9.8.2.4 Resolving disputes related to prior authorizations and claims and payment issues; and
- 2.9.8.2.5 Cooperation with the DBM regarding training activities provided by the DBM.

2.9.8.3 Operating Principles

Coordinating the delivery of dental services to TennCare members is the primary responsibility of the DBM. However, the CONTRACTOR shall provide coordination assistance and shall be responsible for communicating the DBM provider services, provider relations, and/or claim coordinator contact information to all of its contract providers. With respect to specific member issues, the CONTRACTOR shall work with the DBM coordinator towards a resolution. Should systemic issues arise, the CONTRACTOR shall meet and resolve the issues with the DBM. In the event that such issues cannot be resolved, the MCO and the DBM shall meet with TENNCARE to reach final resolution of matters involved. Final resolution of system issues shall occur within ninety (90) calendar days from referral to TENNCARE.

2.9.8.4 Resolution of Requests for Prior Authorization

- 2.9.8.4.1 The CONTRACTOR agrees, and recognizes that the DBM has agreed through its contractual arrangement with the State, that any dispute concerning which party should respond to a request for prior authorization shall not cause a denial, delay, reduction, termination or suspension of any appropriate service to a TennCare enrollee. The CONTRACTOR shall

Amendment Number 20 (cont.)

require that its care coordinators will, in addition to their responsibilities for care coordination, deal with issues related to requests for prior authorization that require coordination between the DBM and the CONTRACTOR. The CONTRACTOR shall provide the DBM with a list of its care coordinators and telephone number(s) at which each care coordinator may be contacted. When the CONTRACTOR receives a request for prior authorization from a provider for a member and the CONTRACTOR believes the service is the responsibility of the DBM, the CONTRACTOR's care coordinator shall contact the DBM's care coordinator by the next business day after receiving the request for prior authorization. The care coordinator shall also contact the member and/or member's provider. For routine requests contact to the member or member's provider shall be made within fourteen (14) days or less of the provider's request for prior authorization and shall comply with all applicable consent decrees and court orders and TennCare rules and regulations. For urgent requests, contact shall be made immediately after receiving the request for prior authorization.

2.9.8.4.2 The CONTRACTOR shall assign staff members to serve on a coordination committee with DBM staff members. This committee shall be responsible for addressing all issues of dental care coordination. The committee will review disputes regarding clinical care and provide a clinical resolution to the dispute, subject to the terms of this Agreement. The CONTRACTOR and the DBM shall attempt in good faith to resolve any dispute and communicate the decision to the provider requesting prior authorization of a service. In the event the CONTRACTOR and the DBM cannot agree within ten (10) calendar days of the provider's request for prior authorization, the party who first received the request from the provider shall be responsible for prior authorization and payment to the contract provider within the time frames designated by TENNCARE. The CONTRACTOR and the DBM are responsible for enforcing hold harmless protection for the member. The CONTRACTOR shall ensure that any response to a request for authorization shall not exceed fourteen (14) calendar days and shall comply with all applicable consent decrees and court orders and TennCare rules and regulations.

2.9.8.5 Claim Resolution Processes

2.9.8.5.1 The CONTRACTOR shall designate one or more claims coordinators to deal with issues related to claims and payment issues that require coordination between the DBM and the CONTRACTOR. The CONTRACTOR agrees and recognizes that the DBM has agreed through its contractual arrangement with the State, to also designate one or more claims coordinators to deal with issues related to claims and payment issues that require coordination between the DBM and the CONTRACTOR. The CONTRACTOR shall provide the DBM and TennCare, with a list of its claims coordinators and telephone number(s) at which each claims coordinator may be contacted.

2.9.8.5.2 When the CONTRACTOR receives a disputed claim for payment from a provider for a member and believes care is the responsibility of the DBM, the CONTRACTOR's claims coordinators shall contact the DBM's claims coordinators within four (4) calendar days of receiving such claim for payment. If the CONTRACTOR's claims coordinator is unable to reach agreement with the DBM's claims coordinators on which party is responsible for payment of the claim, the claim shall be referred to the Claims Coordination Committee (described below) for review.

2.9.8.5.3 The CONTRACTOR shall assign claims coordinators and other representatives, as needed, to a joint CONTRACTOR/DBM Claims Coordination Committee. The number of members serving on the Claims Coordination Committee shall be determined within ten (10) calendar days of the execution of this Agreement by the mutual agreement of the DBM and MCO. The CONTRACTOR shall, at a minimum, assign two (2) representatives to the committee. The make-up of the committee may be revisited from time to time during the term of this Agreement. The Claims Coordination Committee shall review any disputes and negotiate responsibility between the CONTRACTOR and the DBM. Unless otherwise agreed, such meeting shall take place within ten (10) calendar days of receipt of the initial disputed claim or request from the provider. If resolution of the claim results in the party who assumed responsibility for authorization and payment having no liability, the other party shall

Amendment Number 20 (cont.)

reimburse and abide by the prior decisions of that party. Reimbursement shall be made within ten (10) calendar days of the Claims Coordination Committee's decision.

- 2.9.8.5.4 If the Claims Coordination Committee cannot reach an agreement as to the proper division of financial responsibility within ten (10) calendar days of the initial referral to the Claims Coordination Committee, said claim shall be referred to both the CONTRACTOR's and the DBM's CEO or the CEO's designee, for resolution immediately. A meeting shall be held among the CEOs or their designee(s) as soon as possible, but not longer than ten (10) calendar days after the meeting of the Claims Coordination Committee.
- 2.9.8.5.5 If the meeting between the CEOs, or their designee(s), of the DBM and MCO does not successfully resolve the dispute within ten (10) calendar days, the parties shall, within fourteen (14) calendar days of the meeting, submit a Request for Resolution of the dispute to the State or the State's designee for a decision on responsibility.
- 2.9.8.5.6 The process before the submission of a Request for Resolution, as described above, shall be completed within thirty (30) calendar days of receiving the claim for payment. In the event the parties cannot agree within thirty (30) calendar days of receiving the claim for payment, the MCO and the DBM shall be responsible for enforcing hold harmless protections for the member and the party who first received the request or claim from the provider shall be responsible for authorization and payment to the provider in accordance with the requirements of the MCO's or DBM's respective Contract/contract with the State of Tennessee. Moreover, the party that first received the request or claim from the provider shall also make written request of all requisite documentation for payment and shall provide written reasons for any denial.
- 2.9.8.5.7 The Request for Resolution shall contain a concise description of the facts regarding the dispute, the applicable Contract/contract provisions, and the position of the party making the request. A copy of the Request for Resolution shall also be delivered to the other party. The other party shall then submit a Response to the Request for Resolution within fifteen (15) calendar days of the date of the Request for Resolution. The Response shall contain the same information required of the Request for Resolution. Failure to timely file a Response or obtain an extension from the State shall be deemed a waiver of any objections to the Request for Resolution.
- 2.9.8.5.8 The State, or its designee, shall make a decision in writing regarding who is responsible for the payment of services within ten (10) calendar days of the receipt of the required information ("Decision"). The Decision may reflect a split payment responsibility that designates specific proportions to be paid by the MCO and the DBM. The Decision shall be determined solely by the State, or its designee, based on specific circumstances regarding each individual case. Within five (5) business days of receipt of the Decision, the non-successful party shall reimburse any payments made by the successful party for the services. The non-successful party shall also pay to the State, within thirty (30) calendar days of the Decision, an administrative fee equal to ten percent (10%) of the value of the claims paid, not to exceed one-thousand dollars (\$1,000), for each Request for Resolution. The amount of the DBM's or MCO's payment responsibility shall be contained in the State's Decision. These payments may be made with reservation of rights regarding any judicial resolution. If a party fails to pay the State for the party's payment responsibility as described in this Section, Section 2.9.8.5.8, within thirty (30) calendar days of the date of the State's Decision, the State may deduct amounts of the payment responsibility from any current or future amount owed the party by the State.

Amendment Number 20 (cont.)

2.9.8.6 Denial, Delay, Reduction, Termination or Suspension

The CONTRACTOR agrees that any claims payment dispute or request for authorization shall not cause a denial, delay, reduction, termination or suspension of any appropriate services to a TennCare member. In the event there is a claim for emergency services, the party receiving a request for authorization to treat any member shall insure that the member is treated immediately and payment for the claim shall be approved or disapproved based on the definition of emergency services specified in this Agreement.

2.9.8.7 Emergencies

Prior authorization shall not be required for emergency services prior to stabilization.

2.9.8.8 Claims Processing Requirements

All claims shall be processed in accordance with the requirements of the MCO's and DBM's respective Agreements/contracts with the State of Tennessee.

2.9.8.9 Appeal of Decision

Appeal of any Decision shall be to a court or commission of competent jurisdiction and shall not constitute a procedure under the Administrative Procedure Act, TCA 4-5-201 *et seq.* Exhaustion of the above-described process shall be required before filing of any claim or lawsuit on issues covered by this Section, Section 2.9.8.

2.9.8.10 Duties and Obligations

The existence of any dispute under this Agreement shall in no way affect the duty of the CONTRACTOR and the DBM to continue to perform their respective obligations, including their obligations established in their respective Agreements/contracts with the State pending resolution of the dispute under this Section, Section 2.9.8.10. In accordance with TCA 56-32-126(b), a provider may elect to resolve the claims payment dispute through independent review.

2.9.8.11 Confidentiality

2.9.8.11.1 The CONTRACTOR agrees, and recognizes that the DBM has agreed through its contractual arrangement with the State, to cooperate with the State to develop confidentiality guidelines that (1) meet state, federal, and other regulatory requirements; (2) meet the requirements of the professions or facilities providing care and maintaining records; and (3) meet both DBM and MCO standards. These standards shall apply to both DBM's and MCO's providers and staff. If the CONTRACTOR or DBM believes that the standards require updating, or operational changes are needed to enforce the standards, the CONTRACTOR shall meet with the DBM to resolve these issues. Such standards shall provide for the exchange of confidential e-mails to ensure the privacy of the members.

2.9.8.11.2 The DBM and MCO shall ensure all materials and information directly or indirectly identifying any current or former member which is provided to or obtained by or through the MCO's or DBM's performance of this Agreement, whether verbal, written, tape, or otherwise, shall be maintained in accordance with the standards of confidentiality of TCA 33-4-22, Section 6.22 of this Agreement, 42 CFR Part 2, and the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and, unless required by applicable law, shall not be disclosed except in accordance with those requirements or to TENNCARE, and CMS, or their designees. Nothing stated herein shall prohibit the disclosure of information in summary, statistical, or other form that does not identify any current or former member or potential member.

2.9.8.12 Access to Service

Amendment Number 20 (cont.)

The CONTRACTOR agrees and recognizes that the DBM has agreed through its contractual arrangement with the State, to establish methods of referral which ensure immediate access to emergency care and the provision of urgent and routine care in accordance with TennCare guidelines.

2.9.9 Coordination with Medicare

2.9.9.1 The CONTRACTOR is responsible for providing medically necessary covered services to members who are also eligible for Medicare if the service is not covered by Medicare.

2.9.9.2 The CONTRACTOR shall ensure that services covered and provided pursuant to this Agreement are delivered without charge to members who are dually eligible for Medicare and Medicaid services.

2.9.9.3 The CONTRACTOR shall coordinate with Medicare payers, Medicare Advantage plans, and Medicare providers as appropriate to coordinate the care and benefits of members who are also eligible for Medicare.

2.9.10 Institutional Services and Alternatives to Institutional Services

2.9.10.1 For members enrolled in the long-term care program, the CONTRACTOR is not responsible for long-term care institutional services in a nursing facility or an Intermediate Care Facility for the Mentally Retarded (ICF/MR) or for services provided through Home and Community Based Services (HCBS) waivers as an alternative to these institutional services. However, should the CONTRACTOR utilize nursing facility services as a cost-effective alternative to continued inpatient hospitalization, the CONTRACTOR shall be responsible for payment of such services. Further, to the extent that services available to a member through a HCBS waiver are also covered services pursuant to this Agreement, the CONTRACTOR shall be responsible for providing all medically necessary covered services. HCBS waiver services may supplement, but not supplant, medically necessary covered services. Except as noted above, long-term care services shall be provided to qualified members as described in TennCare rules and regulations through contracts between TENNCARE and appropriate providers.

2.9.10.2 The CONTRACTOR is responsible for covered services for members residing in long-term care institutions or enrolled in a HCBS waiver. For members residing in long-term care institutions, the CONTRACTOR is responsible for providing covered services that are not included in the per diem reimbursement for institutional services (e.g., prosthetics, some items of durable medical equipment, non-emergency ambulance transportation, and non-emergency transportation). Except as provided below for NEMT, for members enrolled in a HCBS waiver, the CONTRACTOR shall provide all medically necessary covered services, including covered services that may also be provided through the HCBS waiver. The HCBS waiver is the payor of last resort. However, the CONTRACTOR is not responsible for providing non-emergency medical transportation (NEMT) to any service that is being provided to the member through the HCBS waiver (see Section 2.6.1.3).

2.9.10.3 The CONTRACTOR shall coordinate the provision of covered services with services provided by institutional and HCBS waiver providers to minimize disruption and duplication of services.

2.9.10.4 The CONTRACTOR shall use its best efforts to increase the use of HCBS waivers as an alternative to long-term care institutions. This should include educating members entering or recently admitted to a long-term care institution, as well as their providers, about available HCBS waivers and coordinating with the Commission on Aging and Disability and TennCare Bureau, Long Term Care Division, as needed and as requested by TENNCARE.

2.9.11 Enrollees with Special Health Care Needs

Amendment Number 20 (cont.)

- 2.9.11.1 The CONTRACTOR shall implement mechanisms to assess each TennCare enrollee identified by the State as having Special Health Care Needs in order to identify any ongoing special conditions of the enrollee that require a course of treatment or regular care monitoring. The assessment mechanisms must use appropriate health care professionals. Enrollees who are dually eligible for TennCare and Medicare are exempt from this requirement. For purposes of Section 2.9.11, enrollees with Special Health Care Needs shall refer to enrollees identified through the Department of Children's Services (DCS), as described in Section 1-3 of this Agreement.
- 2.9.11.2 The CONTRACTOR shall implement procedures to share, with other MCOs, DBMs and PBMs (as necessary) serving the enrollee, the results of its identification and assessment of any enrollee with special health care needs so that those activities need not be duplicated.

2.9.12 Inter-Agency Coordination

The CONTRACTOR shall coordinate with other state and local departments and agencies to ensure that coordinated care is provided to members. This includes, but is not limited to, coordination with:

- 2.9.12.1 Tennessee Department of Mental Health and Developmental Disabilities (TDMHDD) for the purpose of interfacing with and assuring continuity of care;
- 2.9.12.2 Tennessee Department of Children's Services (DCS) for the purpose of interfacing with, assuring continuity of care, and assuring the provision of covered services to children in or transitioning out of state custody;
- 2.9.12.3 Tennessee Department of Health (DOH), for the purposes of establishing and maintaining relationships with member groups and health service providers;
- 2.9.12.4 Tennessee Department of Human Services (DHS) and DCS Protective Services Section, for the purposes of reporting and cooperating in the investigation of abuse and neglect;
- 2.9.12.5 The Division of Mental Retardation Services (DMRS), for the purposes of interfacing with and assuring continuity of care;
- 2.9.12.6 Tennessee Department of Education (DOE) and local education agencies for the purposes of coordinating educational services in compliance with the requirements of Individuals with Disabilities Education Act (IDEA) and to ensure school-based services for students with special needs are provided;
 - 2.9.12.6.1 The CONTRACTOR is responsible for the delivery of medically necessary covered services to school-aged children. MCOs are encouraged to work with school-based providers to manage the care of students with special health care needs. The State has implemented a process, referred to as TENNderCARE Connection, to facilitate notification of MCOs when a school-aged child enrolled in TennCare has an Individualized Education Plan (IEP) that identifies a need for medical services. In such cases, the school is responsible for obtaining parental consent to share the IEP with the MCO and for subsequently sending a copy of the parental consent and IEP to the MCO. The school is also responsible for clearly delineating the services on the IEP that the MCOs are to consider for payment. If a school-aged member, needing medical services, is identified by the CONTRACTOR by another means, the CONTRACTOR shall request the IEP from the appropriate school system.
 - 2.9.12.6.2 The CONTRACTOR shall designate a contact person to whom correspondence concerning children with medical services included in their IEPs will be directed. After receipt of an IEP, the CONTRACTOR shall:

Amendment Number 20 (cont.)

- 2.9.12.6.2.1 Either accept the IEP as indication of a medical problem and treat the IEP as a request for service or assist in making an appointment to have the child evaluated by the child's PCP or another contract provider. If the CONTRACTOR does not accept the documentation provided with the IEP as indication of a medical problem, the CONTRACTOR shall have the child re-evaluated in order to make a decision about the appropriateness of the requested service.
- 2.9.12.6.2.2 Send a copy of the IEP and any related information (e.g. action taken by the MCO in response to receipt of the IEP, action the MCO expects the PCP to take) to the PCP.
- 2.9.12.6.2.3 Notify the designated school contact of the ultimate disposition of the request (e.g. what services have been approved for the child, what arrangements have been made for service delivery) within 14 days of the CONTRACTOR's receipt of the IEP.
- 2.9.12.7 Commission on Aging and Disability and TennCare Bureau, Long Term Care Division for the purposes of coordinating care for members requiring long-term care services; and
- 2.9.12.8 Local law enforcement agencies and hospital emergency rooms for the purposes of crisis service provider relationships, and the transportation of individuals certified for further assessment for emergency psychiatric hospitalization.

2.10 SERVICES NOT COVERED

Except as authorized pursuant to Section 2.6.7 of this Agreement, the CONTRACTOR shall not pay for non-covered services as described in TennCare rules and regulations.

2.11 PROVIDER NETWORK

2.11.1 General Provisions

- 2.11.1.1 The CONTRACTOR shall provide or ensure the provision of all covered services specified in Section 2.6.1 of this Agreement. Accessibility of covered services, including geographic access and appointments and wait times shall be in accordance with the Terms and Conditions for Access which is part of the TennCare waiver and is contained herein as Attachment III, the Specialty Network Standards in Attachment IV, the Access and Availability for Behavioral Health Services in Attachment V and the requirements herein. These minimum requirements shall not release the CONTRACTOR from the requirement to provide or arrange for the provision of any medically necessary covered service required by its members, whether specified above or not.
- 2.11.1.2 The CONTRACTOR may provide covered services directly or may enter into written agreements with providers and provider subcontracting entities or organizations that will provide covered services to the members in exchange for payment by the CONTRACTOR for services rendered.
- 2.11.1.3 Should the CONTRACTOR elect to contract with providers (as opposed to using staff providers) and develop a network for the provision of covered services, the CONTRACTOR shall:
 - 2.11.1.3.1 Not execute provider agreements with providers who have been excluded from participation in the Medicare, Medicaid, and/or SCHIP programs pursuant to Sections 1128 or 1156 of the Social Security Act or who are otherwise not in good standing with the TennCare program;
 - 2.11.1.3.2 Consider: the anticipated TennCare enrollment; the expected utilization of services, taking into consideration the characteristics of specific TennCare populations included in this Agreement; the number and types of providers required to furnish TennCare services; the number of contract providers who are not accepting new members; and the geographic location of providers and TennCare members, considering distance, travel time, the means of

Amendment Number 20 (cont.)

- transportation ordinarily used by TennCare members, and whether the location provides physical access for members with disabilities;
- 2.11.1.3.3 Have in place, written policies and procedures for the selection and retention of providers. These policies and procedures shall not discriminate against particular providers that service high risk populations or specialize in conditions that require costly treatment;
- 2.11.1.3.4 Not discriminate for the participation, reimbursement, or indemnification of any provider who is acting within the scope of his or her license or certification under applicable state law, solely on the basis of that license or certification. The CONTRACTOR's ability to credential providers as well as maintain a separate network and not include any willing provider is not considered discrimination;
- 2.11.1.3.5 Give affected providers written notice if it declines to include individual or groups of providers in its network; and
- 2.11.1.3.6 Maintain all provider agreements in accordance with the provisions specified in 42 CFR 438.12, 438.214 and Section 2.12 of this Agreement.
- 2.11.1.4 Section 2.11.1.3 shall not be construed to:
- 2.11.1.4.1 Require the CONTRACTOR to contract with providers beyond the number necessary to meet the needs of its members and the access standards of this Agreement;
- 2.11.1.4.2 Preclude the CONTRACTOR from using different reimbursement amounts for different specialties or for different providers in the same specialty; or
- 2.11.1.4.3 Preclude the CONTRACTOR from establishing measures that are designed to maintain quality of services and control costs and are consistent with its responsibilities to members.
- 2.11.1.5 The CONTRACTOR may not prohibit, or otherwise restrict, a health care professional acting within the lawful scope of practice, from advising or advocating on behalf of a member who is his or her patient for the following:
- 2.11.1.5.1 The member's health status, medical or behavioral health care, or treatment options, including any alternative treatment that may be self administered;
- 2.11.1.5.2 Any information the member needs in order to decide among all relevant treatment options;
- 2.11.1.5.3 The risks, benefits, and consequences of treatment or non-treatment; or
- 2.11.1.5.4 The member's right to participate in decisions regarding his or her health care, including the right to refuse treatment, and to express preferences about future treatment decisions.
- 2.11.1.6 Prior to including a provider on the *Provider Enrollment File* (see Section 2.30.7.1) and/or paying a provider's claim, the CONTRACTOR shall ensure that the provider has a National Provider Identifier (NPI) Number, where applicable, and has obtained a Medicaid provider number from TENNCARE.
- 2.11.1.7 If a member requests a provider located outside the access standards, and the CONTRACTOR has an appropriate provider within the access requirements who accepts new members, it shall not be considered a violation of the access requirements for the CONTRACTOR to grant the member's request. However, in such cases the CONTRACTOR shall not be responsible for providing transportation for the member to access care from this selected provider, and the CONTRACTOR shall notify the member in writing as to whether or not the CONTRACTOR will provide transportation for the member to seek care from the requested provider.

Amendment Number 20 (cont.)

- 2.11.1.8 If the CONTRACTOR is unable to meet the access standards for a member, the CONTRACTOR shall provide transportation regardless of whether the member has access to transportation.
- 2.11.1.9 If the CONTRACTOR is unable to provide medically necessary covered services to a particular member using contract providers, the CONTRACTOR shall adequately and timely cover these services for that member using non-contract providers, for as long as the CONTRACTOR's provider network is unable to provide them. At such time that the required services become available within the CONTRACTOR's network and the member can be safely transferred, the CONTRACTOR may transfer the member to an appropriate contract provider as specified in Section 2.9.3.
- 2.11.1.10 The CONTRACTOR shall monitor provider compliance with applicable access requirements, including but not limited to appointment and wait times and take corrective action for failure to comply. The CONTRACTOR shall conduct surveys and office visits to monitor compliance with appointment waiting time standards and shall report findings and corrective actions to TENNCARE in accordance with Section 2.30.7.2.
- 2.11.1.11 The CONTRACTOR shall use its best efforts to contract with providers to whom the CONTRACTOR routinely refers members.
- 2.11.1.12 TENNCARE reserves the right to direct the CONTRACTOR to terminate or modify any provider agreement when TENNCARE determines it to be in the best interest of the State.
- 2.11.1.13 To demonstrate sufficient accessibility and availability of covered services, the CONTRACTOR shall comply with all reporting requirements specified in Section 2.30.7.

2.11.2 Primary Care Providers (PCPs)

- 2.11.2.1 With the exception of members dually eligible for Medicare and TennCare, the CONTRACTOR shall ensure that each member has an assigned PCP, as defined in Section 1, who is responsible for coordinating the covered services provided to the member.
- 2.11.2.2 The CONTRACTOR shall ensure that there are PCPs willing and able to provide the level of care and range of services necessary to meet the medical and behavioral health needs of its members, including those with chronic conditions. There shall be a sufficient number of PCPs who accept new TennCare members within the CONTRACTOR's service area so that the CONTRACTOR meets the Terms and Conditions for Access provided in Attachment III.
- 2.11.2.3 To the extent feasible and appropriate, the CONTRACTOR shall offer each member (other than members who are dually eligible for Medicare and TennCare) the opportunity to select a PCP.
- 2.11.2.4 The CONTRACTOR may, at its discretion, allow vulnerable populations (for example, persons with multiple disabilities, acute, or chronic conditions, as determined by the CONTRACTOR) to select their attending specialists as their PCP so long as the specialist is willing to perform all responsibilities of a PCP as defined in Section 1.
- 2.11.2.5 Children in state custody shall be assigned to a Best Practice Network Primary Care Provider as specified in Section 3 of this Agreement.
- 2.11.2.6 If a member who is not dually eligible for Medicare and TennCare fails or refuses to select a PCP from those offered within thirty (30) calendar days of enrollment, the CONTRACTOR shall assign a PCP. The CONTRACTOR may assign a PCP in less than thirty (30) calendar days if the CONTRACTOR provides the enrollee an opportunity to change PCPs upon receipt of notice of PCP assignment.
- 2.11.2.7 The CONTRACTOR shall establish policies and procedures to enable members reasonable opportunities to change PCPs. Such policies and procedures may not specify a length of time

Amendment Number 20 (cont.)

greater than twelve (12) months between PCP changes under normal circumstances. If the ability to change PCPs is limited, the CONTRACTOR shall include provisions for more frequent PCP changes with good cause. The policies and procedures shall include a definition of good cause as well as the procedures to request a change.

- 2.11.2.8 If a member requests assignment to a PCP located outside the distance/time requirements in Attachment III and the CONTRACTOR has PCPs available within the distance/time requirements who accept new members, it shall not be considered a violation of the access requirements for the CONTRACTOR to grant the member's request. However, in such cases the CONTRACTOR shall have no responsibility for providing transportation for the member to access care from this selected provider, and the CONTRACTOR shall notify the member in writing as to whether or not the CONTRACTOR will provide transportation for the member to seek care from the requested provider. In these cases, the CONTRACTOR shall allow the member to change assignment to a PCP within the distance/time requirements at any time if the member requests such a change.

2.11.3 Specialty Service Providers

2.11.3.1 Essential Hospital Services and Centers of Excellence

- 2.11.3.1.1 The CONTRACTOR shall demonstrate sufficient access to essential hospital services which means that, at a minimum, in each Grand Region served by the CONTRACTOR, the CONTRACTOR shall demonstrate a contractual arrangement with at least one (1) tertiary care center for each of the following:

2.11.3.1.1.1 Neonatal services;

2.11.3.1.1.2 Perinatal services;

2.11.3.1.1.3 Pediatric services;

2.11.3.1.1.4 Trauma services; and

2.11.3.1.1.5 Burn services.

- 2.11.3.1.2 The CONTRACTOR shall demonstrate sufficient access to comprehensive care for people with HIV/AIDS which means that, at a minimum, in each Grand Region in which the CONTRACTOR operates, the CONTRACTOR shall demonstrate a contractual arrangement with at least two (2) HIV/AIDS Centers of Excellence located within the CONTRACTOR's approved Grand Region(s). HIV/AIDS centers of Excellence are designated by the DOH.

2.11.3.1.3 The CONTRACTOR shall demonstrate a contractual arrangement with all Centers of Excellence for Behavioral Health located within the Grand Region(s) served by the CONTRACTOR.

2.11.3.1.4 The CONTRACTOR shall demonstrate a contractual arrangement with all Centers of Excellence for children in, or at risk of state custody, as identified by TennCare.

2.11.3.2 Physician Specialists

2.11.3.2.1 The CONTRACTOR shall establish and maintain a network of physician specialists that is adequate and reasonable in number, in specialty type, and in geographic distribution to meet the medical and behavioral health needs of its members (adults and children) without excessive travel requirements. This means that, at a minimum:

2.11.3.2.1.1 The CONTRACTOR has signed provider agreements with providers of the specialty types listed in Attachment IV who accept new TennCare enrollees and are available on at least a referral basis; and

Amendment Number 20 (cont.)

- 2.11.3.2.1.2 The CONTRACTOR is in compliance with the access and availability requirements in Attachments III, IV, and V.
- 2.11.3.3 TENNCARE Monitoring
- 2.11.3.3.1 TENNCARE will monitor CONTRACTOR compliance with specialty network standards on an ongoing basis. TENNCARE will use data from the monthly *Provider Enrollment File* required in Section 2.30.7.1, to verify compliance with the specialty network requirements. TENNCARE will use these files to confirm the CONTRACTOR has a sufficient number and distribution of physician specialists and in conjunction with MCO enrollment data to calculate member to provider ratios. TENNCARE will also periodically phone providers listed on these reports to confirm that the provider is a contract provider as reported by the CONTRACTOR. TENNCARE shall also monitor appeals data for indications that problems exist with access to specialty providers.
- 2.11.3.3.2 TENNCARE will require a corrective action plan from the CONTRACTOR when:
 - 2.11.3.3.2.1 Twenty-five percent (25%) or more of non-dual members do not have access to one or more of the physician specialties listed in Attachment IV within sixty (60) miles;
 - 2.11.3.3.2.2 Any non-dual member does not have access to one or more of the physician specialties listed in Attachment IV within ninety (90) miles; or
 - 2.11.3.3.2.3 The member to provider ratio exceeds that listed in Attachment IV.
- 2.11.3.3.3 TENNCARE will review all corrective action plans and determine, based on the actions proposed by the CONTRACTOR, appeals data, and the supply of specialty providers available to non-TennCare members, whether the corrective action plan will be accepted. Corrective action plans shall include, at a minimum, the following:
 - 2.11.3.3.3.1 The addition of contract providers to the provider network as documented on the provider enrollment file that resolves the specialty network deficiency;
 - 2.11.3.3.3.2 A list of providers with name, location, and expected date of provider agreement execution with whom the CONTRACTOR is currently negotiating a provider agreement and, if the provider becomes a contract provider would resolve the specialty network deficiency;
 - 2.11.3.3.3.3 For those deficiencies that are not resolved, a detailed account of attempts to secure an agreement with each provider that would resolve the deficiency. This shall include the provider name(s), address(es), date(s) contacted, and a detailed explanation as to why the CONTRACTOR is unable to secure an agreement, e.g., lack of provider willingness to participate in the TennCare program, provider prefers to limit access to practice, or rate requests are inconsistent with TennCare actuarial assumptions;
 - 2.11.3.3.3.4 A listing of non-contract providers, including name and location, who are being used to provide the deficient specialty provider services and the rates the CONTRACTOR is currently paying these non-contract providers;
 - 2.11.3.3.3.5 Affirmation that transportation will be provided for members to obtain services from providers who are willing to provide services to members but do not meet the specialty network standards;
 - 2.11.3.3.3.6 Documentation of how these arrangements are communicated to the member; and
 - 2.11.3.3.3.7 Documentation of how these arrangements are communicated to the PCPs.

Amendment Number 20 (cont.)

2.11.4 Special Conditions for Prenatal Care Providers

- 2.11.4.1 The CONTRACTOR shall have a sufficient number of contract providers who accept members in accordance with TennCare access standards in Attachment III so that prenatal or other medically necessary covered services are not delayed or denied to pregnant women at any time, including during their presumptive eligibility period. Additionally, the CONTRACTOR shall make services available from non-contract providers, if necessary, to provide medically necessary covered services to a woman enrolled in the CONTRACTOR's MCO.

- 2.11.4.2 Regardless of whether prenatal care is provided by a PCP, physician extender or an obstetrician who is not the member's PCP, the access standards for PCP services shall apply when determining access to prenatal care except for cases of a first prenatal care appointment for women who are past their first trimester of pregnancy on the day they are determined to be eligible for TennCare. For women who are past their first trimester of pregnancy on the day they are determined to be eligible, a first prenatal care appointment shall occur within fifteen (15) calendar days of the day they are determined to be eligible. Failure to do so shall be considered a material breach of the provider's provider agreement with the CONTRACTOR (see Sections 2.6.12 and 2.11.4).

2.11.5 Special Conditions for Behavioral Health Services

- 2.11.5.1 At the direction of the State, the CONTRACTOR shall divert new admissions to other inpatient facilities to ensure that the Regional Mental Health Institutes do not operate above their licensed capacity.

- 2.11.5.2 The CONTRACTOR shall identify, develop or enhance existing mental health and/or substance abuse inpatient and residential treatment capacity for adults and adolescents with a co-occurring mental health and substance abuse disorder.

- 2.11.5.3 The CONTRACTOR shall contract with specified crisis service teams for both adults and children as directed by TENNCARE unless the State approves the use of other crisis service providers.

2.11.6 Safety Net Providers

2.11.6.1 Federally Qualified Health Centers (FQHCs)

2.11.6.1.1 The CONTRACTOR is encouraged to contract with FQHCs and other safety net providers (e.g., rural health clinics) in the CONTRACTOR's service area to the extent possible and practical. Where FQHCs are not utilized, the CONTRACTOR shall demonstrate to DHHS, the Tennessee DHS and TENNCARE that both adequate capacity and an appropriate range of services for vulnerable populations exist to serve the expected enrollment in the CONTRACTOR's service area without contracting with FQHCs.

2.11.6.1.2 FQHC reporting information shall be submitted to TENNCARE as described in Section 2.30.7.6 of this Agreement.

2.11.6.2 Community Mental Health Agencies (CMHAs)

The CONTRACTOR is encouraged to contract with CMHAs and other behavioral health safety net providers in the CONTRACTOR's service area to the extent possible and practical. Where CMHAs are not utilized, the CONTRACTOR shall demonstrate that both adequate capacity and an appropriate range of services for all populations, but in particular SPMI/SED populations, exist to serve the expected enrollment in the CONTRACTOR's service area without contracting with CMHAs.

Amendment Number 20 (cont.)

2.11.6.3 Local Health Departments

The CONTRACTOR shall contract with each local health department in the Grand Region(s) served by the CONTRACTOR for the provision of TENNderCare screening services until such time as the CONTRACTOR achieves an adjusted periodic screening percentage of eighty percent (80%) or greater. Payment to local health departments shall be in accordance with Section 2.13.6.

2.11.7 **Credentialing and Other Certification**

2.11.7.1 Credentialing of Contract Providers

2.11.7.1.1 The CONTRACTOR shall utilize the current NCQA Standards and Guidelines for the Accreditation of MCOs for the credentialing and recredentialing of licensed independent providers and provider groups with whom it contracts or employs and who fall within its scope of authority and action.

2.11.7.1.2 The CONTRACTOR shall completely process credentialing applications within thirty (30) calendar days of receipt of a completed credentialing application, including all necessary documentation and attachments, and a signed provider agreement. Completely process shall mean that the CONTRACTOR shall review, approve and load approved applicants to its provider files in its claims processing system or deny the application and assure that the provider is not used by the CONTRACTOR.

2.11.7.2 Credentialing of Non-Contract Providers

2.11.7.2.1 The CONTRACTOR shall utilize the current NCQA Standards and Guidelines for the Accreditation of MCOs for the credentialing and recredentialing of licensed independent providers with whom it does not contract but with whom it has an independent relationship. An independent relationship exists when the CONTRACTOR selects and directs its members to see a specific provider or group of providers.

2.11.7.2.2 The CONTRACTOR shall completely process credentialing applications within thirty (30) calendar days of receipt of a completed credentialing application, including all necessary documentation and attachments, and a signed contract/agreement if applicable. Completely process shall mean that the CONTRACTOR shall review, approve and load approved applicants to its provider files in its claims processing system or deny the application and assure that the provider is not used by the CONTRACTOR.

2.11.7.3 Credentialing of Behavioral Health Entities

2.11.7.3.1 The CONTRACTOR shall ensure each behavioral health provider's service delivery site meets all applicable requirements of law and has the necessary and current license/certification/accreditation/designation approval per state requirements.

2.11.7.3.2 When individuals providing behavioral health treatment services are not required to be licensed or certified, it is the responsibility of the CONTRACTOR to ensure, based on applicable state licensure rules and/or programs standards, that they are appropriately educated, trained, qualified, and competent to perform their job responsibilities.

2.11.7.4 Compliance with the Clinical Laboratory Improvement Amendments (CLIA) of 1988

The CONTRACTOR shall require that all laboratory testing sites providing services under this Agreement have either a current CLIA certificate of waiver or a certificate of registration along with a CLIA identification number. Those laboratories with certificates of waiver will provide only the types of tests permitted under the terms of their waiver. Laboratories with certificate of registration may perform a full range of laboratory tests. The CONTRACTOR shall comply with the provisions of CLIA 1988.

Amendment Number 20 (cont.)

2.11.7.5 Weight Watchers Centers or Other Weight Management Program

The CONTRACTOR is not required to credential Weight Watchers centers(s) or another weight management program used as a cost effective alternative service pursuant to Section 2.8.8 of this Agreement.

2.11.8 **Network Notice Requirements**

2.11.8.1 Member Notification

All member notices required shall be written using the appropriate notice template provided by TENNCARE and shall include all notice content requirements specified in applicable state and federal law, TennCare rules and regulations, and all court orders and consent decrees governing notice and appeal procedures, as they become effective.

2.11.8.1.1 *Change in PCP*

The CONTRACTOR shall immediately provide written notice to a member when the CONTRACTOR changes the member's PCP. The notice shall be issued in advance of the PCP change when possible or as soon as the CONTRACTOR becomes aware of the circumstances necessitating a PCP change.

2.11.8.1.2 *PCP Termination*

If a PCP ceases participation in the CONTRACTOR's MCO, the CONTRACTOR shall provide written notice as soon as possible, but no less than thirty (30) calendar days prior to the effective date of the termination and no more than fifteen (15) calendar days after receipt or issuance of the termination notice, to each member who has chosen or been assigned to that provider as their PCP. The requirement to provide notice thirty (30) calendar days prior to the effective date of termination shall be waived in instances where a provider becomes physically unable to care for members due to illness, a provider dies, the provider fails to provide thirty (30) calendar days advance notice to the CONTRACTOR, the provider moves from the service area and fails to notify the CONTRACTOR or a provider fails credentialing, and instead shall be made immediately upon the CONTRACTOR becoming aware of the circumstances.

2.11.8.1.3 *Providers Providing Ongoing Treatment Termination*

If a member is in a prior authorized ongoing course of treatment with any other contract provider who becomes unavailable to continue to provide services to such member and the CONTRACTOR is aware of such ongoing course of treatment, the CONTRACTOR shall provide written notice to each member as soon as possible but no less than thirty (30) calendar days prior to the effective date of the termination and no more than fifteen (15) calendar days after receipt or issuance of the termination notice. The requirement to provide notice thirty (30) calendar days prior to the effective date of termination shall be waived in instances where a provider becomes physically unable to care for members due to illness, a provider dies, the provider fails to provide thirty (30) calendar days advance notice to the CONTRACTOR, the provider moves from the service area and fails to notify the CONTRACTOR or a provider fails credentialing, and instead shall be made immediately upon the CONTRACTOR becoming aware of the circumstances.

2.11.8.1.4 *Non-PCP Provider Termination*

If a non-PCP provider, including but not limited to a specialist or hospital, ceases participation in the CONTRACTOR's MCO, the CONTRACTOR shall provide written notice to members who have been patients of the non-PCP provider. Notice shall be issued no less than thirty (30) days prior to the effective date of the termination of the non-PCP provider when possible or immediately upon the CONTRACTOR becoming aware of the termination.

Amendment Number 20 (cont.)

2.11.8.1.5 *Network Deficiency*

Upon notification from TENNCARE that a corrective action plan designed to remedy a network deficiency has not been accepted, the CONTRACTOR shall immediately provide written notice to members living in the affected area of a provider shortage in the CONTRACTOR's network.

2.11.8.2 TENNCARE Notification

2.11.8.2.1 *Subcontractor Termination*

When a subcontract that relates to the provision of services to members or claims processing is being terminated between the CONTRACTOR and a subcontractor, the CONTRACTOR shall give at least thirty (30) calendar days prior written notice of the termination to TENNCARE and TDCI. Said notices shall include, at a minimum: a CONTRACTOR's intent to change to a new subcontractor for the provision of said services; an effective date for termination and/or change; and any other pertinent information that may be needed to access services. In addition to prior written notice, the CONTRACTOR shall also provide a transition plan to TENNCARE within fifteen (15) calendar days, which shall include, at a minimum, information regarding how prior authorization requests will be handled during and after the transition and how continuity of care will be maintained for the members.

2.11.8.2.2 *Hospital Termination*

Termination of the CONTRACTOR's provider agreement with any hospital, whether or not the termination is initiated by the hospital or by the CONTRACTOR, shall be reported by the CONTRACTOR in writing to the TENNCARE no less than thirty (30) calendar days prior to the effective date of the termination.

2.11.8.2.3 *Other Provider Terminations*

2.11.8.2.3.1 The CONTRACTOR shall notify TENNCARE of any provider termination and shall submit a copy of one of the actual member notices mailed as well as an electronic listing in Excel format that includes the provider's name, TennCare provider identification number, and NPI number and identifies each member to whom a notice was sent within five (5) business days of the date the member notice was sent as required in Section 2.11.8.1. In addition to the member notice and electronic listing, documentation from the CONTRACTOR's mail room or outside vendor indicating the quantity and date member notices were mailed shall be sent to TENNCARE as proof of compliance with the member notification requirements. The CONTRACTOR shall maintain a copy of the actual notice on-site and forward a copy of the notices upon request from TENNCARE. If the termination was initiated by the provider, the notice to TENNCARE shall include a copy of the provider's notification to the CONTRACTOR.

2.11.8.2.3.2 If termination of the CONTRACTOR's provider agreement with any PCP or physician group or clinic, whether or not the termination is initiated by the provider or by the CONTRACTOR, places the CONTRACTOR out of compliance with Section 2.11 and Attachments III, IV and V, such termination shall be reported by the CONTRACTOR in writing to TENNCARE, in the standard format provided by TENNCARE to demonstrate compliance with provider network and access requirements, within five (5) business days of the date that the agreement has been terminated.

2.12 PROVIDER AGREEMENTS

2.12.1 Provider agreements, as defined in Section 1 of this Agreement, shall be administered in accordance with this Agreement and shall contain all of the items listed in this Section 2.12.

Amendment Number 20 (cont.)

- 2.12.2 All template provider agreements and revisions thereto must be approved in writing in advance by TDCI in accordance with statutes regarding the approval of a certificate of authority (COA) and any material modifications thereof.
- 2.12.3 The CONTRACTOR shall revise provider agreements as directed by TENNCARE.
- 2.12.4 All single case agreements shall be reported to TENNCARE in accordance with Section 2.30.8; however, prior approval will not be required unless TENNCARE determines, upon review of said reports, that it appears single case agreements are being used to circumvent the provider agreement review and approval process.
- 2.12.5 No provider agreement terminates or reduces the legal responsibility of the CONTRACTOR to TENNCARE to ensure that all activities under this Agreement are carried out. It shall be the responsibility of the CONTRACTOR to provide all necessary training and information to providers to ensure satisfaction of all CONTRACTOR responsibilities as specified in this Agreement.
- 2.12.6 The CONTRACTOR shall not execute provider agreements with providers who have been excluded from participation in the Medicare, Medicaid, and/or SCHIP programs pursuant to Sections 1128 or 1156 of the Social Security Act or who are otherwise not in good standing with the TennCare program.
- 2.12.7 All provider agreements executed by the CONTRACTOR, and all provider agreements executed by subcontracting entities or organizations, shall, at a minimum, meet the following requirements:
 - 2.12.7.1 Be in writing. All new provider agreements and existing provider agreements as they are renewed, shall include a signature page which contains CONTRACTOR and provider names which are typed or legibly written, provider company with titles, and dated signatures of all appropriate parties;
 - 2.12.7.2 Specify the effective dates of the provider agreement;
 - 2.12.7.3 Specify that the provider agreement and its attachments contain all the terms and conditions agreed upon by the parties;
 - 2.12.7.4 Assure that the provider shall not enter into any subsequent agreements or subcontracts for any of the work contemplated under the provider agreement without the prior written approval of the CONTRACTOR;
 - 2.12.7.5 Identify the population covered by the provider agreement;
 - 2.12.7.6 Specify that the provider may not refuse to provide covered medically necessary or covered preventive services to a child under the age of twenty-one (21) or a TennCare Medicaid patient under this Agreement for non-medical reasons. However, the provider shall not be required to accept or continue treatment of a patient with whom the provider feels he/she cannot establish and/or maintain a professional relationship;
 - 2.12.7.7 Specify the functions and/or services to be provided by the provider and assure that the functions and/or services to be provided are within the scope of his/her professional/technical practice;
 - 2.12.7.8 Specify the amount, duration and scope of services to be provided by the provider and inform the provider of TennCare non-covered services as described in Section 2.10 of this Agreement and the TennCare rules and regulations;
 - 2.12.7.9 Provide that emergency services be rendered without the requirement of prior authorization of any kind;
 - 2.12.7.10 Specify that unreasonable delay in providing care to a pregnant member seeking prenatal care shall be considered a material breach of the provider's agreement with the CONTRACTOR

Amendment Number 20 (cont.)

- and include the definition of unreasonable delay as described in Section 2.6.12 of this Agreement;
- 2.12.7.11 If the provider performs laboratory services, require the provider to meet all applicable requirements of the Clinical Laboratory Improvement Amendments (CLIA) of 1988;
- 2.12.7.12 Require that an adequate record system be maintained and that all records be maintained for five (5) years from the close of the provider agreement (behavioral health records shall be maintained at the provider level for ten (10) years after the termination of the provider agreement pursuant to TCA 33-3-101) or retained until all evaluations, audits, reviews or investigations or prosecutions are completed for recording enrollee services, servicing providers, charges, dates and all other commonly accepted information elements for services rendered to enrollees pursuant to the provider agreement (including but not limited to such records as are necessary for the evaluation of the quality, appropriateness, and timeliness of services performed under the provider agreement and administrative, civil or criminal investigations and prosecutions);
- 2.12.7.13 Include a statement that as a condition of participation in TennCare, enrollees shall give TENNCARE, the Office of the Comptroller of the Treasury, and any health oversight agency, such as OIG, TBI MFCU, DHHS Office of Inspector General (DHHS OIG), and DOJ, and any other authorized state or federal agency, access to their records. Said records shall be made available and furnished immediately upon request by the provider for fiscal audit, medical audit, medical review, utilization review, and other periodic monitoring as well as for administrative, civil and criminal investigations or prosecutions upon the request of an authorized representative of the CONTRACTOR, TENNCARE or authorized federal, state and Office of the Comptroller of the Treasury personnel, including, but not limited to, the OIG, the TBI MFCU, the DHHS OIG and the DOJ;
- 2.12.7.14 Include medical records requirements found in Section 2.24.4 of this Agreement;
- 2.12.7.15 Contain the language described in Section 2.25.6 of this Agreement regarding Audit Requirements and Section 2.25.5 of this Agreement regarding Availability of Records;
- 2.12.7.16 Provide that TENNCARE, DHHS OIG, Office of the Comptroller of the Treasury, OIG, TBI MFCU, and DOJ, as well as any authorized state or federal agency or entity shall have the right to evaluate through inspection, evaluation, review or request, whether announced or unannounced, or other means any records pertinent to this Agreement including, but not limited to medical records, billing records, financial records, and/or any records related to services rendered, quality, appropriateness and timeliness of services and/or any records relevant to an administrative, civil and/or criminal investigation and/or prosecution and such evaluation, inspection, review or request, and when performed or requested, shall be performed with the immediate cooperation of the provider. Upon request, the provider shall assist in such reviews including the provision of complete copies of medical records. Include a statement that HIPAA does not bar disclosure of protected health information (PHI) to health oversight agencies, including, but not limited to, OIG, TBI MFCU, DHHS OIG and DOJ. Provide that any authorized state or federal agency or entity, including, but not limited to TENNCARE, OIG, TBI MFCU, DHHS OIG, DOJ, Office of the Comptroller of the Treasury, may use these records and information for administrative, civil or criminal investigations and prosecutions;
- 2.12.7.17 Provide for monitoring, whether announced or unannounced, of services rendered to members;
- 2.12.7.18 Provide for the participation and cooperation in any internal and external QM/QI, utilization review, peer review and/or appeal procedures established by the CONTRACTOR and/or TENNCARE;
- 2.12.7.19 Specify CONTRACTOR's responsibilities under this Agreement and its agreement with the provider, including but not limited to, provision of a copy of the member handbook and

Amendment Number 20 (cont.)

- provider handbook whether via web site or otherwise and requirement that the CONTRACTOR notice a provider of denied authorizations;
- 2.12.7.20 Specify that the CONTRACTOR shall monitor the quality of services delivered under the provider agreement and initiate corrective action where necessary to improve quality of care, in accordance with that level of medical or behavioral health care which is recognized as acceptable professional practice in the respective community in which the provider practices and/or the standards established by TENNCARE;
- 2.12.7.21 Require that the provider comply with corrective action plans initiated by the CONTRACTOR;
- 2.12.7.22 Provide for the timely submission of all reports and clinical information required by the CONTRACTOR;
- 2.12.7.23 Provide the name and address of the official payee to whom payment shall be made;
- 2.12.7.24 Make full disclosure of the method and amount of compensation or other consideration to be received from the CONTRACTOR;
- 2.12.7.25 Provide for prompt submission of information needed to make payment. Specify that a provider shall have one hundred twenty (120) calendar days from the date of rendering a health care service to file a claim with the CONTRACTOR except in situations regarding coordination of benefits or subrogation in which case the provider is pursuing payment from a third party or if an enrollee is enrolled in the MCO with a retroactive eligibility date. In situations of third party benefits, the maximum time frames for filing a claim shall begin on the date that the third party documented resolution of the claim. In situations of enrollment in the CONTRACTOR's MCO with a retroactive eligibility date, the time frames for filing a claim shall begin on the date that the CONTRACTOR receives notification from TENNCARE of the enrollee's eligibility/enrollment;
- 2.12.7.26 Provide for payment to the provider upon receipt of a clean claim properly submitted by the provider within the required time frames as specified in TCA 56-32-126 and Section 2.22.4 of this Agreement;
- 2.12.7.27 Specify the provider shall accept payment or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payer) plus the amount of any applicable TennCare cost sharing responsibilities, as payment in full for covered services provided and shall not solicit or accept any surety or guarantee of payment from the enrollee in excess of the amount of applicable TennCare cost sharing responsibilities. Enrollee shall include the patient, parent(s), guardian, spouse or any other legally responsible person of the enrollee being served;
- 2.12.7.28 Specify that in the event that TENNCARE deems the CONTRACTOR unable to timely process and reimburse claims and requires the CONTRACTOR to submit provider claims for reimbursement to an alternate claims processor to ensure timely reimbursement, the provider shall agree to accept reimbursement at the CONTRACTOR's contracted reimbursement rate or the rate established by TENNCARE, whichever is greater;
- 2.12.7.29 Specify the provider's responsibilities and prohibited activities regarding cost sharing as provided in Section 2.6.15 of this Agreement;
- 2.12.7.30 Specify the provider's responsibilities regarding third party liability (TPL);
- 2.12.7.31 For those agreements where the provider is compensated via a capitation arrangement, language which requires:

Amendment Number 20 (cont.)

- 2.12.7.31.1 That if a provider becomes aware for any reason that he or she is not entitled to a capitation payment for a particular enrollee (a patient dies, for example), the provider shall immediately notify both the CONTRACTOR and TENNCARE by certified mail, return receipt requested; and
- 2.12.7.31.2 The provider shall submit utilization or encounter data as specified by the CONTRACTOR so as to ensure the CONTRACTOR's ability to submit encounter data to TENNCARE that meets the same standards of completeness and accuracy as required for proper adjudication of fee-for-service claims;
- 2.12.7.32 Require the provider to comply with fraud and abuse requirements described in Section 2.20 of this Agreement;
- 2.12.7.33 As a condition of reimbursement for global procedure codes for obstetric care, the provider shall submit utilization or encounter data as specified by the CONTRACTOR in a timely manner to support the individual services provided;
- 2.12.7.34 Require the provider to secure all necessary liability and malpractice insurance coverage as is necessary to adequately protect the CONTRACTOR's members and the CONTRACTOR under the provider agreement. The provider shall maintain such insurance coverage at all times during the provider agreement and upon execution of the provider agreement furnish the CONTRACTOR with written verification of the existence of such coverage;
- 2.12.7.35 Specify both the CONTRACTOR and the provider agree to recognize and abide by all state and federal laws, regulations and guidelines applicable to the CONTRACTOR and the provider. Provide that the agreement incorporates by reference all applicable federal law and state laws, TennCare rules and regulations, consent decrees or court orders, and revisions of such laws, regulations, consent decrees or court orders shall automatically be incorporated into the provider agreement, as they become effective;
- 2.12.7.36 Specify procedures and criteria for any alterations, variations, modifications, waivers, extension of the provider agreement termination date, or early termination of the agreement and specify the terms of such change. If provision does not require amendments be valid only when reduced to writing, duly signed and attached to the original of the provider agreement, then the terms shall include provisions allowing at least thirty (30) calendar days to give notice of rejection and requiring that receipt of notification of amendments be documented (e.g., certified mail, facsimile, hand-delivered receipt, etc);
- 2.12.7.37 Specify that TENNCARE reserves the right to direct the CONTRACTOR to terminate or modify the provider agreement when TENNCARE determines it to be in the best interest of the State.
- 2.12.7.38 Specify that both parties recognize that in the event of termination of this Agreement between the CONTRACTOR and TENNCARE for any of the reasons described in Section 6.2 of this Agreement, the provider shall immediately make available, to TENNCARE, or its designated representative, in a usable form, any or all records, whether medical or financial, related to the provider's activities undertaken pursuant to the CONTRACTOR/provider agreement. The provision of such records shall be at no expense to TENNCARE;
- 2.12.7.39 Specify that the TennCare Provider Independent Review of Disputed Claims process shall be available to providers to resolve claims denied in whole or in part by the CONTRACTOR as provided at TCA 56-32-126(b);
- 2.12.7.40 Include a Conflict of Interest clause as stated in Section 6.7 of this Agreement, Gratuities clause as stated in Section 6.11 of this Agreement, and Lobbying clause as stated in Section 6.12 of this Agreement between the CONTRACTOR and TENNCARE;

Amendment Number 20 (cont.)

- 2.12.7.41 Specify that at all times during the term of the agreement, the provider shall indemnify and hold TENNCARE harmless from all claims, losses, or suits relating to activities undertaken pursuant to the Agreement between TENNCARE and the CONTRACTOR. This indemnification may be accomplished by incorporating Section 5.20 of the TENNCARE/CONTRACTOR Agreement in its entirety in the provider agreement or by use of other language developed by the CONTRACTOR and approved in writing by TENNCARE;
- 2.12.7.42 Require safeguarding of information about enrollees according to applicable state and federal laws and regulations and as described in Sections 2.27 and 5.22 of this Agreement;
- 2.12.7.43 Specify provider actions to improve patient safety and quality;
- 2.12.7.44 Provide general and targeted education to providers regarding emergency appeals, including when an emergency appeal is appropriate, and procedures for providing written certification thereof, and specify that the provider shall comply with the appeal process, including but not limited to the following:
 - 2.12.7.44.1 Assist an enrollee by providing appeal forms and contact information including the appropriate address, telephone number and/or fax number for submitting appeals for state level review; and
 - 2.12.7.44.2 Require in advance, that providers seek prior authorization, when they feel they cannot order a drug on the TennCare PDL as well as taking the initiative to seek prior authorization or change or cancel the prescription when contacted by an enrollee or pharmacy regarding denial of a pharmacy service due to system edits (e.g., therapeutic duplication, etc.).
- 2.12.7.45 Require the provider to coordinate with the TennCare PBM regarding authorization and payment for pharmacy services;
- 2.12.7.46 Specify any liquidated damages, sanctions or reductions in payment that the CONTRACTOR may assess on the provider for specific failures to comply with contractual and/or credentialing requirements. This shall include, but may not be limited to a provider's failure or refusal to respond to the CONTRACTOR's request for information, the request to provide medical records, credentialing information, etc.; at the CONTRACTOR's discretion or a directive by TENNCARE, the CONTRACTOR shall impose financial consequences against the provider as appropriate;
- 2.12.7.47 Require that the provider display notices of the enrollee's right to appeal adverse action affecting services in public areas of their facility(s) in accordance with TennCare rules and regulations, subsequent amendments, or any and all consent decrees and court orders. The CONTRACTOR shall ensure that providers have a correct and adequate supply of public notices;
- 2.12.7.48 Include language which informs providers of the package of benefits that TENNderCare offers and which requires providers to make treatment decisions based upon children's individual medical and behavioral health needs. TENNderCare requirements are contained in Section 2.6.13 of this Agreement. All provider agreements shall contain language that references the TENNderCare requirements in this Agreement between TENNCARE and the CONTRACTOR, and the provider agreement shall either physically incorporate these sections of the Agreement or include language to require that these sections be furnished to the provider upon request;
- 2.12.7.49 Include a provision which states that providers are not permitted to encourage or suggest, in any way, that TennCare children be placed into state custody in order to receive medical or behavioral services covered by TENNCARE;
- 2.12.7.50 Require that providers offer hours of operation that are no less than the hours of operation offered to commercial enrollees;

Amendment Number 20 (cont.)

- 2.12.7.51 Specify that the provider have written procedures for the provision of language interpretation and translation services for any enrollee who needs such services, including but not limited to, enrollees with Limited English Proficiency;
 - 2.12.7.52 Require the provider to comply and submit to the CONTRACTOR disclosure of information in accordance with the requirements specified in 42 CFR Part 455, Subpart B; and
 - 2.12.7.53 Require providers to screen their employees and contractors initially and on an ongoing monthly basis to determine whether any of them have been excluded from participation in Medicare, Medicaid, SCHIP, or any Federal health care programs (as defined in Section 1128B(f) of the Social Security Act) and not employ or contract with an individual or entity that has been excluded. The provider shall be required to immediately report to the CONTRACTOR any exclusion information discovered. The provider shall be informed that civil monetary penalties may be imposed against providers who employ or enter into contracts with excluded individuals or entities to provide items or services to TennCare members;
 - 2.12.7.54 Require that if any requirement in the provider agreement is determined by TENNCARE to conflict with the Agreement between TENNCARE and the CONTRACTOR, such requirement shall be null and void and all other provisions shall remain in full force and effect.
- 2.12.8 No other terms or conditions agreed to by the CONTRACTOR and the provider shall negate or supersede the requirements listed in 2.12.7 above.
 - 2.12.9 The provider agreement with a local health department (see Section 2.11.6.3) shall meet the minimum requirements specified above and shall also specify for the purpose of TENNderCare screening services: (1) that the local health department agrees to submit encounter data timely to the CONTRACTOR; (2) that the CONTRACTOR agrees to timely process claims for services in accordance with Section 2.22.4; (3) that the local health department may terminate the agreement for cause with thirty (30) days advance notice; and (4) that the CONTRACTOR agrees prior authorization shall not be required for the provision of TENNderCare screening services.
 - 2.12.10 The provider agreement for CRG/TPG assessments shall meet the minimum requirements specified above and shall also specify that all CRG/TRG assessments detailed in Section 2.6.5.9 are completed by State-certified raters and that the assessments are completed within the specified time frames. The rater certification process shall include completing the CRG/TPG assessments training and passing the State rater competency examination, scored only by State-certified trainers.

2.13 PROVIDER AND SUBCONTRACTOR PAYMENTS

2.13.1 General

- 2.13.1.1 Maximum Allowable Rates. Providers shall be paid according to BlueCare policies and procedures and reimbursement rates in effect as of March 1, 2001, unless otherwise directed by TennCare with the following exceptions:
 - 2.13.1.1.1 The payment rate for an initial EPSDT screening conducted by a Best Practice Network Primary Care Provider for a child in state custody shall be at the rate specified in Section 2.13.2.1.
 - 2.13.1.1.2 The payment rate for all other preventive health services specified below for children (under age 21) may be increased up to 85% of the 2001 Medicare fee-schedule, unless otherwise specified by TENNCARE.

Amendment Number 20 (cont.)

- 2.13.1.1.2.1 The CONTRACTOR shall make an enhanced payment, defined as eighty-five percent (85%) of the 2001 Medicare fee-schedule or the BlueCare reimbursement rates in effect as of March 1, 2001, whichever is greater, to Primary Care Providers for the provision of the following preventive medical services identified by the CPT procedure codes listed below, when billed for children less than 21 years of age. Payment rates for services reimbursed as a percentage of average wholesale price shall be adjusted in accordance with Section 2.13.1.1.4. of this Agreement.

Office Visits

NEW PATIENT	ESTABLISHED PATIENT
99431 – History and Evaluation of Normal newborn	99391 – Periodic reevaluation
99432 – Normal Newborn care other than a hospital or birthing setting	99392 – age 1 through 4 years
99381 – Initial evaluation	99393 – age 5 through 11 years
99382 – age 1 through 4 years	99394 – age 12 through 17 years
99383 – age 5 through 11 years	99395 – age 18 through 39 years
99384 – age 12 through 17 years	
99385 – age 18 through 39 years	

Counseling and Risk Factor Reduction Intervention

INDIVIDUAL	GROUP
99401 – approximately 15 minutes	99411 – approximately 30 minutes
99402 – approximately 30 minutes	99412 – approximately 60 minutes
99403 – approximately 45 minutes	
99404 – approximately 60 minutes	

Other Preventive Services

99420	Administration and interpretation of health risk assessment instrument (e.g., health hazard appraisal)
90700 – 90744	Immunizations
92551	Screening test, pure tone, air only (Audiologic function)
92552	Pure tone audiometry (threshold); air only

- 2.13.1.1.3 The payment rate for all services that are reimbursed as a percentage of average wholesale prices shall be adjusted with fluctuations in the average wholesale price. However, the “percentage” applied to determine the payment amount shall be equivalent to the percentage applied for BlueCare as of March 1, 2001.
- 2.13.1.1.4 The initial utilization management and referral processes and requirements impacting provider reimbursement shall be those in effect for BlueCare and TennCare Select as of July 1, 2001. However, the State reserves the right to require the CONTRACTOR to modify these processes and requirements. The CONTRACTOR shall have sixty (60) days from the date of request to implement requested modifications.
- 2.13.1.1.5 If there is a network deficiency that necessitates additional funding to remedy, the CONTRACTOR shall attempt to negotiate a reasonable rate on behalf of the State prior to recommending an increase in reimbursement rates. Once the negotiations are concluded, the CONTRACTOR shall submit a recommendation to the State in writing with supporting documentation justifying an increase in reimbursement rates. The CONTRACTOR may not implement a recommended change until receipt of written approval from TennCare.

Amendment Number 20 (cont.)

- 2.13.1.2 Annual Review of Maximum Allowable Rates. The maximum allowable reimbursement rates shall be reviewed on an annual basis.
- 2.13.1.3 All reimbursement paid by the CONTRACTOR to providers and amounts paid by the CONTRACTOR to any other entity is subject to audit by the State. The CONTRACTOR shall allow for periodic review of records to ensure that all discounts, special pricing considerations and financial incentives have accrued to the State and that all costs incurred are in accordance with this Agreement. The CONTRACTOR shall provide the auditor access to all information necessary to perform the examination.
- 2.13.1.4 The claims payment amount shall not include payment for enrollee cost-sharing amounts.
- 2.13.1.5 The CONTRACTOR shall require, as a condition of payment, that the provider (contract or non-contract provider) accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payer) plus any applicable amount of TennCare cost sharing responsibilities due from the enrollee as payment in full for the service.
- 2.13.1.6 If the CONTRACTOR is required to reimburse a non-contract provider pursuant to this Agreement, and the CONTRACTOR's payment to a non-contract provider is less than it would have been for a contract provider, and the provider contests the payment amount, the CONTRACTOR shall notify the non-contract provider that the provider may initiate the independent review procedures in accordance with TCA 56-32-126, including but not limited to reconsideration by the CONTRACTOR.
- 2.13.1.7 The CONTRACTOR shall ensure that the member is held harmless by the provider for the costs of medically necessary covered services except for applicable TennCare cost sharing amounts described in Section 2.6.15 and in Attachment XII of this Agreement.
- 2.13.1.8 The CONTRACTOR shall ensure that payments are not issued to providers that have not obtained a Tennessee Medicaid provider number or for which disclosure requirements have not been obtained by the CONTRACTOR in accordance with 42 CFR 455.100 through 106 and Section 2.12.7.52 of this Agreement.
- 2.13.1.9 Except where required by the Contractor's Contract with TennCare or by applicable federal or state law, rule or regulation, the CONTRACTOR shall not make payment for the cost of any medical care provided prior to the effective date of eligibility or after the termination date in the CONTRACTOR's plan. The CONTRACTOR shall make payment for the cost of any covered services obtained on or after 12:01 a.m. on the effective date of eligibility in the CONTRACTOR's plan.
- 2.13.1.10 The CONTRACTOR shall prepare checks for payment of providers for the provision of covered services on a weekly basis, unless an alternative payment schedule is approved by TENNCARE.
 - 2.13.1.10.1 The CONTRACTOR shall notify the State of the amount to be paid in a mutually acceptable form and substance at least 72 hours in advance of distribution of provider checks.
 - 2.13.1.10.2 The State shall release funds in the amount to be paid to providers to the CONTRACTOR. Funds shall be released within 72 hours of receipt of notice.
 - 2.13.1.10.3 The CONTRACTOR shall release payments to providers within 24 hours of receipt of funds from the State.
 - 2.13.1.10.4 The amount to be paid shall be reduced by the amount of third party recoveries captured in the claims processing system. The State shall release funds in the amount to be paid to providers to the CONTRACTOR.
- 2.13.1.11 For each request related to payments to providers through the CONTRACTOR's claims processing system, the CONTRACTOR shall provide a claims data extract in a format and

Amendment Number 20 (cont.)

media described by TENNCARE to support the payments released to providers by no later than seven (7) calendar days after the CONTRACTOR's request of the funds.

2.13.1.12 The CONTRACTOR shall provide a reconciliation for the total paid amounts between the funds released for payment to providers, the supporting claims data extract, and the encounter data submissions for the relevant adjudication cycle. The reconciliation should be submitted within seven (7) days of the claims data extract.

2.13.1.13 Upon notification by TENNCARE, funds released to the CONTRACTOR for purposes of provider payments shall be made based on the CONTRACTOR's encounter data. TENNCARE shall implement this process by initially making payments based on all encounters and providing the CONTRACTOR an error report of unacceptable encounter records. The final phase of implementation shall result in TENNCARE releasing funds based on clean encounters only. Once TENNCARE releases funds based solely on clean encounter data, the CONTRACTOR will no longer be required to submit the claims data extract. The reconciliation and check register must continue to be submitted on a weekly basis for the previous weeks check release.

2.13.2 Best Practice Network Requirements

2.13.2.1 Enhanced Initial EPSDT Screening Rate

The CONTRACTOR shall make an enhanced payment to Best Practice Network Primary Care Providers and Health Departments for the initial EPSDT examination for children in state custody, when all seven (7) components of the exam have been completed. The seven components shall include: (1) A comprehensive health and development history to include both physical and mental health; (2) Comprehensive unclothed physical exam; (3) Appropriate vision and hearing assessment; (4) Laboratory testes appropriate for age and risk; (5) Dental screening and referral beginning at age 3; (6) Immunizations; (7) Health education (anticipatory guidance).

2.13.2.1.1 The procedure codes to be utilized when billing for the initial EPSDT exam are specified below. This language does not preclude the BPN-PCP from billing for other services separately, consistent with the CONTRACTOR's procedures for claims processing (e.g., lab). It is the responsibility of the CONTRACTOR to include in its Best Practice Network provider agreements a requirement that all seven components of the EPSDT exam are completed when an enhanced payment is made through a medical chart review. The CONTRACTOR should educate providers to document any barriers to completing all seven components (e.g. past history not available). The enhanced payment rate for the initial EPSDT screening exam shall be ninety-five percent (95%) of the 2001 Medicare fee-schedule. Effective December 1, 2001, the enhanced fee schedule shall be 100% of the 2001 Medicare fee schedule unless otherwise specified by TENNCARE.

NEW PATIENT	ESTABLISHED PATIENT
99431 – History and Examination of Normal Newborn	99391 – Periodic reevaluation
99432 – Normal Newborn care other than a hospital or birthing setting	99392 – age 1 through 4 years
99381 – Initial evaluation	99393 – age 5 through 11 years
99382 – age 1 through 4 years	99394 – age 12 through 17 years
99383 – age 5 through 11 years	99395 – age 18 through 39 years
99384 – age 12 through 17 years	
99385 – age 18 through 39 years	

Amendment Number 20 (cont.)

If the BPN-PCP submits a claim with a procedure code for an established patient, the CONTRACTOR may only reimburse the provider at the enhanced payment rate if the claim is for the initial EPSDT exam upon placement in state custody. If the CONTRACTOR directs BPN-PCPs to only bill the initial EPSDT exam with the New Patient procedure code series identified above, the CONTRACTOR must notify and provide appropriate training to the provider and provider's billing staff to implement this billing procedure

2.13.2.2 Case Management

In exchange for performing additional care coordination and case management functions as specified in Section 3 of this Agreement, the CONTRACTOR shall pay Best Practice Network Primary Care Providers a case management fee of \$10 per member per month.

2.13.3 **All Covered Services**

2.13.3.1 Except as provided in Sections 2.13.2.2 and 2.13.2.3 below, the CONTRACTOR shall not reimburse providers based on a percentage of billed charges.

2.13.3.2 The CONTRACTOR may, at its discretion, pay a percentage of billed charges for covered services for which there is no Medicare reimbursement methodology.

2.13.3.3 As part of a stop-loss arrangement with a provider, the CONTRACTOR may, at its discretion, pay the provider a percentage of billed charges for claims that exceed the applicable stop-loss threshold.

2.13.4 **Hospice**

Hospice services shall be provided and reimbursed in accordance with state and federal requirements, including but not limited to the following:

2.13.4.1 Rates shall be no less than the federally established Medicaid hospice rates (updated each federal fiscal year (FFY)), adjusted by area wage adjustments for the categories described by CMS;

2.13.4.2 The rates described above shall be subject to the annual cap for Medicaid Hospice rates as provided annually by CMS; and

2.13.4.3 If a Medicaid hospice patient resides in a nursing facility (NF), the CONTRACTOR shall pay an amount equal to at least 95 percent of the prevailing NF room and board rate to the hospice provider (not subject to the annual cap for Medicaid Hospice rates).

2.13.5 **Behavioral Health Crisis Service Teams**

2.13.5.1 The CONTRACTOR shall reimburse crisis mobile teams for their intervention services. TennCare may require the CONTRACTOR to reimburse crisis mobile teams on a monthly basis at a rate to be determined and set by the State.

2.13.5.2 The CONTRACTOR shall negotiate rates for crisis respite and crisis stabilization services.

2.13.6 **Local Health Departments**

2.13.6.1 The CONTRACTOR shall reimburse contracted local health departments (see Sections 2.11.6.3 and 2.12.9) for TENNderCare screenings to members under age twenty-one (21) at the following rates, unless specified otherwise by TENNCARE. Although the codes include preventive visits for individuals twenty-one (21) and older, this Section only requires the CONTRACTOR to pay local health departments for the specified visits for members under age twenty-one (21).

Amendment Number 20 (cont.)

Preventive Visits	85% of 2001 Medicare
99381 New pt. Up to 1 yr.	\$80.33
99382 New pt. 1- 4 yrs.	\$88.06
99383 New pt. 5 - 11yrs.	\$86.60
99384 New pt. 12 - 17yrs.	\$95.39
99385 New pt. 18 - 39 yrs.	\$93.93
99391 Estab. pt. Up to 1 yr.	\$63.04
99392 Estab. pt. 1 - 4 yrs.	\$71.55
99393 Estab. pt. 5 - 11yrs.	\$70.96
99394 Estab. pt. 12 - 17yrs.	\$79.57
99395 Estab. pt. 18 - 39 yrs.	\$78.99

2.13.6.2 TENNCARE may conduct an audit of the CONTRACTOR’s reimbursement methodology and related processes on an annual basis to verify compliance with this requirement. In addition, the Local Health Department may initiate the independent review procedure at any time it believes the CONTRACTOR’s payment is not the required reimbursement rate.

2.13.7 Physician Incentive Plan (PIP)

2.13.7.1 The CONTRACTOR shall notify and make TENNCARE and TDCI aware of any operations or plans to operate a physician incentive plan (PIP). Prior to implementation of any such plans, the CONTRACTOR shall submit to TDCI any provider agreement templates or subcontracts that involve a PIP for review as a material modification.

2.13.7.2 The CONTRACTOR shall not implement a PIP in the absence of TDCI review and written approval.

2.13.7.3 If the CONTRACTOR operates a PIP, the CONTRACTOR shall ensure that no specific payment be made directly or indirectly under a PIP to a physician or physician group as an inducement to reduce or limit medically necessary services furnished to an individual.

2.13.7.4 If the CONTRACTOR operates a PIP, upon TENNCARE’s request, the CONTRACTOR shall report descriptive information about its incentive plan in sufficient detail to enable TENNCARE to adequately monitor the CONTRACTOR. The information that may be requested shall include, but not be limited to, the following:

2.13.7.4.1 Whether services not furnished by the physician or physician group are covered by the incentive plan;

2.13.7.4.2 The type or types of incentive arrangements, such as, withholds, bonus, capitation;

2.13.7.4.3 The percent of any withhold or bonus the plan uses;

2.13.7.4.4 Assurance that the physicians or physician group has adequate stop-loss protection, and the amount and type of stop-loss protection; and

2.13.7.4.5 The patient panel size and, if the plan uses pooling, the pooling method.

2.13.8 Emergency Services Obtained from Non-Contract Providers

2.13.8.1 Payments to non-contract providers for emergency services may, at the CONTRACTOR’s option, be limited to the treatment of emergency medical conditions, including post-stabilization care services, as described in Section 1. Payment amounts shall be consistent with the pricing policies developed by the CONTRACTOR and in accordance with TENNCARE requirements, including TennCare rules and regulations for emergency services provided by non-contract providers.

Amendment Number 20 (cont.)

- 2.13.8.2 Payment by the CONTRACTOR for properly documented claims for emergency services rendered by a non-contract provider shall be made within thirty (30) calendar days of receipt of a clean claim by the CONTRACTOR.
- 2.13.8.3 The CONTRACTOR shall review and approve or disapprove claims for emergency services based on the definition of emergency services specified in Section 1 of this Agreement. If the CONTRACTOR determines that a claim requesting payment of emergency services does not meet the definition as specified in Section 1 and subsequently denies the claim, the CONTRACTOR shall notify the provider of the denial. This notification shall include information to the provider regarding the CONTRACTOR's process and time frames for reconsideration. In the event a provider disagrees with the CONTRACTOR's decision to disapprove a claim for emergency services, the provider may pursue the independent review process for disputed claims as provided by TCA 56-32-126, including but not limited to reconsideration by the CONTRACTOR.
- 2.13.9 Medically Necessary Services Obtained from Non-Contract Provider when MCO Assignment is Unknown**
- 2.13.9.1 The CONTRACTOR shall pay for medically necessary covered services provided to an enrollee by a non-contract provider when TENNCARE has enrolled the enrollee in the CONTRACTOR's MCO, but the enrollee could not have known which MCO they were enrolled in at the time of the service. Examples of when this may occur include, but are not limited to, (i) when an enrollee receives services during a retroactive eligibility period (see Section 2.4.5) and the enrollee did not select an MCO and is assigned to an MCO by TENNCARE, or (ii) the enrollee was assigned to an MCO other than the one that he/she requested. In these cases, the effective date of enrollment may occur prior to the CONTRACTOR or the enrollee being notified of the enrollee becoming a member of the CONTRACTOR's MCO.
- 2.13.9.2 When this situation arises, the CONTRACTOR shall not deny payment for medically necessary covered services provided during this period of eligibility for lack of prior authorization or lack of referral; likewise, the CONTRACTOR shall not deny a claim on the basis of the provider's failure to file a claim within a specified time period after the date of service when the provider could not have reasonably known which MCO the enrollee was in during the timely filing period. However, in such cases the CONTRACTOR may impose timely filing requirements beginning on the date of notification of the individual's enrollment.
- 2.13.10 Medically Necessary Services Obtained from Contract Provider without Prior Authorization when MCO Assignment is Unknown**
- 2.13.10.1 The CONTRACTOR shall pay for medically necessary covered services provided to an enrollee by a contract provider without prior authorization or referral when TENNCARE has enrolled the enrollee in the CONTRACTOR's MCO, but the enrollee could not have known which MCO they were enrolled in at the time of the service.
- 2.13.10.2 When this situation arises, the CONTRACTOR shall not deny payment for medically necessary covered services for lack of prior authorization or lack of referral; likewise, a CONTRACTOR shall not deny a claim on the basis of the provider's failure to file a claim within a specified time period after the date of service when the provider could not have reasonably known which MCO the enrollee was in during the timely filing period. However, in such cases the CONTRACTOR may impose timely filing requirements beginning on the date of notification of the individual's enrollment.
- 2.13.11 Medically Necessary Services Obtained from Non-Contract Provider Referred by Contract Provider**
- The CONTRACTOR shall pay for any medically necessary covered services provided to a member by a non-contract provider at the request of a contract provider. The CONTRACTOR's payment shall not be less than eighty percent (80%) of the rate that would have been paid by the CONTRACTOR if the member had received the services from a contract provider.

2.13.12 Medically Necessary Services Obtained from Non-Contract Provider Not Authorized by the CONTRACTOR

- 2.13.12.1 With the exception of circumstances described in Section 2.13.11, when an enrollee has utilized medically necessary non-emergency covered services from a non-contract provider, and the CONTRACTOR has not authorized such use in advance, the CONTRACTOR shall not be required to pay for the service(s) received unless payment is required pursuant to a directive from TENNCARE or an Administrative Law Judge.
- 2.13.12.2 The CONTRACTOR shall not make payment to non-contract providers for covered services that are not medically necessary.

2.13.13 Covered Services Ordered by Medicare Providers for Dual Eligibles

- 2.13.13.1 Generally, when a TennCare enrollee is dually eligible for Medicare and TennCare and requires services that are covered under this Agreement but are not covered by Medicare, and the services are ordered by a Medicare provider who is a non-contract provider, the CONTRACTOR shall pay for the ordered, medically necessary service if it is provided by a contract provider. However, if all of the following criteria are met, the CONTRACTOR may require that the ordering physician be a contract provider:
 - 2.13.13.1.1 The ordered service requires prior authorization; and
 - 2.13.13.1.2 Dually eligible enrollees have been clearly informed of the contract provider requirement and instructed in how to obtain assistance identifying and making an appointment with a contract provider; and
 - 2.13.13.1.3 The CONTRACTOR assists the enrollee in obtaining a timely appointment with a contract provider upon request of the enrollee or upon receipt of an order from a non-contract provider.
- 2.13.13.2 Reimbursement shall be at the same rate that would have been paid had the service been ordered by a contract provider.
- 2.13.13.3 The CONTRACTOR shall not pay for non-covered services, services that are not medically necessary, or services ordered and obtained from non-contract providers.

2.13.14 Transition of New Members

Pursuant to the requirements in Section 2.9.2.1 regarding transition of new members, the CONTRACTOR shall not deny payment for the costs of continuation of medically necessary covered services provided by contract or non-contract providers for lack of prior authorization or lack of referral during the required time period for continuation of services. However, if, pursuant to Section 2.9.2.1, the CONTRACTOR requires prior authorization for continuation of services beyond thirty (30) calendar days, the CONTRACTOR may deny payment for care rendered beyond the initial thirty (30) days for lack of prior authorization but may not do so solely on the basis that the provider is a non-contract provider.

2.13.15 Transition of Care

In accordance with the requirements in Section 2.9.3.1 of this Agreement, if a provider has terminated participation with the CONTRACTOR, the CONTRACTOR shall pay the non-contract provider for the continuation of treatment through the applicable period provided in Section 2.9.3.1.

2.13.16 Limits on Payments to Providers and Subcontractors Related to the CONTRACTOR

- 2.13.16.1 The CONTRACTOR shall not pay more for similar services rendered by any provider or subcontractor that is related to the CONTRACTOR than the CONTRACTOR pays to providers and subcontractors that are not related to the CONTRACTOR. For purposes of this

Amendment Number 20 (cont.)

subsection, “related to” means providers or subcontractors that have an indirect ownership interest or ownership or control interest in the CONTRACTOR, an affiliate (see definition in Section 1 of this Agreement) of the CONTRACTOR, or the CONTRACTOR’s management company as well as providers or subcontractors that the CONTRACTOR, an affiliate of the CONTRACTOR or the CONTRACTOR’s management company has an indirect ownership interest or ownership or control interest in. The standards and criteria for determining indirect ownership interest, an ownership interest or a control interest are set out at 42 CFR Part 455, Subpart B.

2.13.16.2 Any payments made by the CONTRACTOR that exceed the limitations set forth in this section shall be considered non-allowable payments for covered services and shall be excluded from medical expenses reported in the Medical Fund Target report required in Section 2.30.14.2.1.

2.13.16.3 As provided in Section 2.30.9 of this Agreement, the CONTRACTOR shall submit information on payments to related providers and subcontractors.

2.13.17 **1099 Preparation**

In accordance with federal requirements, the CONTRACTOR shall prepare and submit Internal Revenue Service (IRS) Form 1099s for all providers who are not employees of the CONTRACTOR to whom payment is made

2.13.18 **Interest**

Interest generated from the deposit of funds for provider payments shall be the property of the State. The amount of interest earned on the funds, as reported by the CONTRACTOR’s bank on the monthly statement, shall be deducted from the amount of the next remittance request subsequent to receipt of the bank statement.

2.13.19 **Immediate Eligibility**

Medical service payments made in accordance with Section 2.13 shall include payments to providers for services provided during a period of Immediate Eligibility. However, in order to facilitate the invoicing of DCS for services provided to children in state custody who are not TennCare eligible, the CONTRACTOR shall submit to TENNCARE an itemized listing of claims paid on behalf children in state custody for whom Immediate Eligibility was established in accordance with this Agreement and who were not subsequently found to be TennCare eligible, on a monthly basis in the form and format specified in Attachment XIII, Exhibit N.

2.14 UTILIZATION MANAGEMENT (UM)

2.14.1 **General**

2.14.1.1 The CONTRACTOR shall develop and maintain a utilization management (UM) program. As part of this program the CONTRACTOR shall have policies and procedures with defined structures and processes. The UM program shall assign responsibility to appropriate individuals including a designated senior physician and shall involve a designated behavioral health care practitioner in the implementation of behavioral health aspects of the program. The UM program shall be supported by an associated work plan and shall be evaluated annually and updated as necessary.

2.14.1.2 The CONTRACTOR shall notify all network providers of and enforce compliance with all provisions relating to UM procedures.

2.14.1.3 The UM program shall have criteria that:

2.14.1.3.1 Are objective and based on medical and/or behavioral health evidence;

Amendment Number 20 (cont.)

- 2.14.1.3.2 Are applied based on individual needs;
- 2.14.1.3.3 Are applied based on an assessment of the local delivery system;
- 2.14.1.3.4 Involve appropriate practitioners in developing, adopting and reviewing them; and
- 2.14.1.3.5 Are annually reviewed and up-dated as appropriate.
- 2.14.1.4 The CONTRACTOR shall use appropriately licensed professionals to supervise all medical necessity decisions and specify the type of personnel responsible for each level of UM, including prior authorization and decision making. The CONTRACTOR shall have written procedures documenting access to Board Certified Consultants to assist in making medical necessity determinations. Any decision to deny a service authorization request or to authorize a service in an amount, duration, or scope that is less than requested shall be made by a physical health or behavioral health care professional who has appropriate clinical expertise in treating the member's condition or disease.
- 2.14.1.5 Except as provided in Section 2.6.1.4, the CONTRACTOR shall not place maximum limits on the length of stay for members requiring hospitalization and/or surgery. The CONTRACTOR shall not employ, and shall not permit others acting on their behalf to employ utilization control guidelines or other quantitative coverage limits, whether explicit or de facto, unless supported by an individualized determination of medical necessity based upon the needs of each member and his/her medical history. The CONTRACTOR shall consider individual member characteristics in the determination of readiness for discharge. This requirement is not intended to limit the ability of the CONTRACTOR to use clinical guidelines or criteria in placing tentative limits on the length of a prior authorization or pre-admission certification.
- 2.14.1.6 The CONTRACTOR shall have mechanisms in place to ensure that required services are not arbitrarily denied or reduced in amount, duration, or scope solely because of the diagnosis, type of illness, or condition.
- 2.14.1.7 The CONTRACTOR shall assure, consistent with 42 CFR 438.6(h), 42 CFR 422.208 and 422.210, that compensation to individuals or entities that conduct UM activities is not structured so as to provide incentives for the individual or entity to deny, limit, or discontinue medically necessary covered services to any member.
- 2.14.1.8 As part of the provider survey required by Section 2.18.7.3, the CONTRACTOR shall assess provider/office staff satisfaction with UM processes to identify areas for improvement.
- 2.14.1.9 Inpatient Care

The CONTRACTOR shall provide for methods of assuring the appropriateness of inpatient care. Such methodologies shall be based on individualized determinations of medical necessity in accordance with UM policies and procedures and, at a minimum, shall include the items specified in subparagraphs 2.14.1.9.1 through 2.14.1.9.5 below:
- 2.14.1.9.1 Pre-admission certification process for non-emergency admissions;
- 2.14.1.9.2 A concurrent review program to monitor and review continued inpatient hospitalization, length of stay, or diagnostic ancillary services regarding their appropriateness and medical necessity. In addition, the CONTRACTOR shall have a process in place to determine for emergency admissions, based upon medical criteria, if and when a member can be transferred to a contract facility in the network, if presently in a non-contract facility;
- 2.14.1.9.3 Admission review for urgent and/or emergency admissions, on a retroactive basis when necessary, in order to determine if the admission is medically necessary and if the requested length of stay for the admission is reasonable based upon an individualized determination of

Amendment Number 20 (cont.)

medical necessity. Such reviews shall not result in delays in the provision of medically necessary urgent or emergency care;

2.14.1.9.4 Restrictions against requiring pre-admission certification for admissions for the normal delivery of children; and

2.14.1.9.5 Prospective review of same day surgery procedures.

2.14.1.10 Emergency Department (ED) Utilization

The CONTRACTOR shall utilize the following guidelines in identifying and managing care for members who are determined to have excessive and/or inappropriate ED utilization:

2.14.1.10.1 Review ED utilization data, at a minimum, every six (6) months (in January and July) to identify members with utilization exceeding the threshold defined by TENNCARE in the preceding six (6) month period. The January review shall cover ED utilization during the preceding April through September; the July review shall cover ED utilization during the preceding October through March;

2.14.1.10.2 Enroll members whose utilization exceeds the threshold of ED visits defined by TENNCARE in the previous six (6) month period in MCO case management if appropriate;

2.14.1.10.3 As appropriate, make contact with members whose utilization exceeded the threshold of ED visits defined by TENNCARE in the previous six (6) month period and their primary care providers for the purpose of providing education on appropriate ED utilization; and

2.14.1.10.4 Assess the most likely cause of high utilization and develop an MCO case management plan based on results of the assessment for each member.

2.14.1.11 Hospitalizations and Surgeries

The CONTRACTOR shall comply with any applicable federal and state laws or rules related to length of hospital stay. TENNCARE will closely monitor encounter data related to length of stay and re-admissions to identify potential problems. If indicated, TENNCARE may conduct special studies to assess the appropriateness of hospital discharges.

2.14.2 **Prior Authorization for Covered Services**

2.14.2.1 General

2.14.2.1.1 The CONTRACTOR shall have in place, and follow, written policies and procedures for processing requests for initial and continuing prior authorizations of services and have in effect mechanisms to ensure consistent application of review criteria for prior authorization decisions. The policies and procedures shall provide for consultation with the requesting provider when appropriate. If prior authorization of a service is granted by the CONTRACTOR and the service is provided, payment for the prior authorized service shall not be denied based on the lack of medical necessity, assuming that the member is eligible on the date of service, unless it is determined that the facts at the time of the denial of payment are significantly different than the circumstances which were described at the time that prior authorization was granted.

2.14.2.1.2 Prior authorization requests shall be reviewed subject to the guidelines described in TennCare rules and regulations which include, but are not limited to, provisions regarding decisions, notices, medical contraindication, and the failure of an MCO to act timely upon a request.

Amendment Number 20 (cont.)

2.14.2.2 Notice of Adverse Action Requirements

2.14.2.2.1 The CONTRACTOR shall clearly document and communicate the reasons for each denial of a prior authorization request in a manner sufficient for the provider and member to understand the denial and decide about requesting reconsideration of or appealing the decision.

2.14.2.2.2 The CONTRACTOR shall comply with all member notice provisions in TennCare rules and regulations.

2.14.2.3 Medical History Information Requirements

2.14.2.3.1 The CONTRACTOR is responsible for eliciting pertinent medical history information from the treating health care provider(s), as needed, for purposes of making medical necessity determinations. The CONTRACTOR shall take action (e.g., sending a CONTRACTOR representative to obtain the information and/or discuss the issue with the provider, imposing financial penalties against the provider, etc.), to address the problem if a treating health care provider is uncooperative in supplying needed information. The CONTRACTOR shall make documentation of such action available to TENNCARE, upon request. Providers who do not provide requested medical information for purposes of making a medical necessity determination for a particular item or service shall not be entitled to payment for the provision of such item or service.

2.14.2.3.2 Upon request by TENNCARE, the CONTRACTOR shall provide TENNCARE with individualized medical record information from the treating health care provider(s). The CONTRACTOR shall take whatever action necessary to fulfill this responsibility within the required appeal time lines as specified by TENNCARE and/or applicable TennCare rules and regulations, up to and including going to the provider's office to obtain the medical record information. Should a provider fail or refuse to respond to the CONTRACTOR's efforts to obtain medical information, and the appeal is decided in favor of the member, at the CONTRACTOR's discretion or a directive by TENNCARE, the CONTRACTOR shall impose financial penalties against the provider as appropriate.

2.14.3 **Referrals**

2.14.3.1 Except as provided in Section 2.14.4, the CONTRACTOR may require members to seek a referral from their PCP prior to accessing non-emergency specialty physical health services.

2.14.3.2 If the CONTRACTOR requires members to obtain PCP referral, the CONTRACTOR may exempt certain services, identified by the CONTRACTOR in the member handbook, from PCP referral.

2.14.3.3 For members determined to need a course of treatment or regular care monitoring, the CONTRACTOR shall have a mechanism in place to allow members to directly access a specialist as appropriate for the members' condition and identified needs.

2.14.3.4 The CONTRACTOR shall not require that a woman go in for an office visit with her PCP in order to obtain the referral for prenatal care.

2.14.3.5 Referral Provider Listing

2.14.3.5.1 The CONTRACTOR shall provide all PCPs with a current hard copy listing of referral providers, including behavioral health providers at least thirty (30) calendar days prior to the start date of operations. Thereafter the CONTRACTOR shall mail PCPs an updated version of the listing on a quarterly basis. The CONTRACTOR shall also maintain an updated electronic, web-accessible version of the referral provider listing.

2.14.3.5.2 The referral provider listing shall be in the format specified by TENNCARE for the provider directory in Section 2.17.7.

Amendment Number 20 (cont.)

- 2.14.3.5.3 As required in Section 2.30.10.6, the CONTRACTOR shall submit to TENNCARE a copy of the referral provider listing, a data file of the provider information in a media and format described by TENNCARE, and documentation regarding mailing.

2.14.4 Exceptions to Prior Authorization and/or Referrals

2.14.4.1 Emergency and Post-Stabilization Care Services

The CONTRACTOR shall provide emergency services without requiring prior authorization or PCP referral, as described in Section 2.6.11, regardless of whether these services are provided by a contract or non-contract provider. The CONTRACTOR shall provide post-stabilization care services (as defined in Section 1) in accordance with 42 CFR 422.113.

2.14.4.2 TENnderCare

The CONTRACTOR shall not require prior authorization or PCP referral for the provision of TENnderCare screening services.

2.14.4.3 Access to Women's Health Specialists

The CONTRACTOR shall allow female members direct access (without requiring a referral) to a women's health specialist who is a contract provider for covered services necessary to provide women's routine and preventive health care services. This is in addition to the member's designated source of primary care if that source is not a women's health specialist.

2.14.4.4 Behavioral Health Services

The CONTRACTOR shall not require a PCP referral for members to access a behavioral health provider.

2.14.4.5 Transition of New Members

Pursuant to the requirements in Section 2.9.2.1 regarding transition of new members, the CONTRACTOR shall provide for the continuation of medically necessary covered services regardless of prior authorization or referral requirements. However, as provided in Section 2.9.2.1, in certain circumstances the CONTRACTOR may require prior authorization for continuation of services beyond the initial thirty (30) days.

2.14.5 PCP Profiling

The CONTRACTOR shall profile its PCPs. Further, the CONTRACTOR shall investigate the circumstances surrounding PCPs who appear to be operating outside peer norms and shall intervene, as appropriate, when utilization or quality of care issues are identified. As part of these profiling activities, the CONTRACTOR shall analyze utilization data, including but not limited to, information provided to the CONTRACTOR by TENNCARE, and report back information as requested by TENNCARE. PCP profiling shall include, but not be limited to the following areas:

2.14.5.1 Utilization of Non-Contract Providers

The CONTRACTOR shall maintain a procedure to identify and evaluate member utilization of services provided by non-contract providers by PCP panel.

2.14.5.2 Specialist Referrals

The CONTRACTOR shall maintain a procedure to identify and evaluate member specialty provider utilization by PCP panel.

2.14.5.3 Emergency Room Utilization

Amendment Number 20 (cont.)

The CONTRACTOR shall maintain a procedure to identify and evaluate member emergency room utilization by PCP panel. As provided in Section 2.9.4, members who establish a pattern of accessing emergency room services shall be referred to MCO case management as appropriate for follow-up.

2.14.5.4 Inpatient Admissions

The CONTRACTOR shall maintain a procedure to identify and evaluate member utilization of inpatient services by PCP panel.

2.14.5.5 Pharmacy Utilization

At a minimum, the CONTRACTOR shall profile PCP prescribing patterns for generic versus brand name and the number of narcotic prescriptions written. In addition, the CONTRACTOR shall comply with the requirements in Section 2.9.7 of this Agreement.

2.14.5.6 Advanced Imaging Procedures

The CONTRACTOR shall profile the utilization of advanced imaging procedures by PCP panel. Advanced imaging procedures include: PET Scans; CAT Scans and MRIs.

2.14.5.7 PCP Visits

The CONTRACTOR shall profile the average number of visits per member assigned to each PCP.

2.15 QUALITY MANAGEMENT/QUALITY IMPROVEMENT

2.15.1 Quality Management/Quality Improvement (QM/QI) Program

2.15.1.1 The CONTRACTOR shall have a written Quality Management/Quality Improvement (QM/QI) program that clearly defines its quality improvement structures and processes and assigns responsibility to appropriate individuals. This QM/QI program shall use as a guideline the current NCQA Standards and Guidelines for the Accreditation of MCOs and shall include the CONTRACTOR's plan for improving patient safety. This means at a minimum that the QM/QI program shall:

2.15.1.1.1 Specifically address behavioral health care;

2.15.1.1.2 Be accountable to the CONTRACTOR's board of directors and executive management team;

2.15.1.1.3 Have substantial involvement of a designated physician and designated behavioral health practitioner;

2.15.1.1.4 Have a QM/QI committee that oversees the QM/QI functions;

2.15.1.1.5 Have an annual work plan;

2.15.1.1.6 Have resources – staffing, data sources and analytical resources – devoted to it; and

2.15.1.1.7 Be evaluated annually and updated as appropriate.

Amendment Number 20 (cont.)

- 2.15.1.2 The CONTRACTOR shall make all information about its QM/QI program available to providers and members.
- 2.15.1.3 As part of the QM/QI program, the CONTRACTOR shall collect information on providers' actions to improve patient safety and make performance data available to providers and members.
- 2.15.1.4 Any changes to the QM/QI program structure shall require prior written approval from TENNCARE. The QM/QI program description, associated work plan, and annual evaluation of the QM/QI Program shall be submitted to TENNCARE as required in Section 2.30.11.1, Reporting Requirements.

2.15.2 QM/QI Committee

- 2.15.2.1 The CONTRACTOR shall have a QM/QI committee which shall include staff and contract providers. Medical and behavioral health staff and contract providers shall be represented on the QM/QI committee. This committee shall recommend policy decisions, analyze and evaluate the results of QM/QI activities, ensure that providers are involved in the QM/QI program, institute needed action, and ensure that appropriate follow-up occurs. This committee shall also review and approve the QM/QI program description and associated work plan prior to submission to TENNCARE as required in Section 2.30.11.1, Reporting Requirements.
- 2.15.2.2 The QM/QI committee shall keep written minutes of all meetings. A copy of the signed and dated written minutes for each meeting shall be available on-file after the completion of the following committee meeting in which the minutes are approved and shall be available for review upon request and during the annual on-site EQRO review and/or NCQA accreditation review.
- 2.15.2.3 The CONTRACTOR shall provide the Chief Medical Officer of TENNCARE with ten (10) calendar days advance notice of all regularly scheduled meetings of the QM/QI committee. To the extent allowed by law, the Chief Medical Officer of TENNCARE, or his/her designee, may attend the QM/QI committee meetings at his/her option.

2.15.3 Performance Improvement Projects (PIPs)

- 2.15.3.1 The CONTRACTOR shall perform two (2) clinical and one (1) non-clinical PIP. The two (2) clinical PIPs shall include one (1) in the area of behavioral health. The behavioral health PIP shall be relevant to one of the behavioral health disease management programs for bipolar disorder, major depression, or schizophrenia.
- 2.15.3.2 The CONTRACTOR shall ensure that CMS protocols for PIPs are followed and that the following are documented for each activity:
 - 2.15.3.2.1 Rationale for selection as a quality improvement activity;
 - 2.15.3.2.2 Specific population targeted, include sampling methodology if relevant;
 - 2.15.3.2.3 Metrics to determine meaningful improvement and baseline measurement;
 - 2.15.3.2.4 Specific interventions (enrollee and provider);
 - 2.15.3.2.5 Relevant clinical practice guidelines; and
 - 2.15.3.2.6 Date of re-measurement.
- 2.15.3.3 The CONTRACTOR shall identify benchmarks and set achievable performance goals for each of its PIPs. The CONTRACTOR shall identify and implement intervention and

Amendment Number 20 (cont.)

improvement strategies for achieving the performance goal set for each PIP and ensuring sustained improvements.

2.15.3.4 The CONTRACTOR shall report on PIPs as required in Section 2.30.11.3, Reporting Requirements.

2.15.3.5 After three (3) years, the CONTRACTOR shall, using evaluation criteria established by TENNCARE, determine if one or all of the current PIPs should be continued. If the CONTRACTOR decides to discontinue a PIP, the CONTRACTOR shall identify a new PIP, which must be prior approved by TENNCARE.

2.15.4 Clinical Practice Guidelines

The CONTRACTOR shall utilize evidence-based clinical practice guidelines in its disease management programs and shall measure performance against at least two (2) important aspects of each of the guidelines annually as required in Section 2.8. The guidelines shall be reviewed and revised at least every two (2) years or whenever the guidelines change.

2.15.5 NCQA Accreditation

2.15.5.1 The CONTRACTOR shall maintain NCQA accreditation throughout the period of this Agreement.

2.15.5.2 Following accreditation or re-accreditation, the CONTRACTOR must submit a copy of the bound report from NCQA” within 10 days of receipt of the report.

2.15.5.3 Failure to maintain NCQA Accreditation shall be considered a breach of this Agreement and shall result in termination of this Agreement in accordance with the terms set forth in Section 5.2 of this Agreement. Achievement of provisional accreditation status shall require a corrective action plan within thirty (30) calendar days of receipt of notification from NCQA and may result in termination of this Agreement in accordance with Section 5.2 of this Agreement.

2.15.6 HEDIS and CAHPS

2.15.6.1 Annually, the CONTRACTOR shall complete all HEDIS measures designated by NCQA as relevant to Medicaid. The only exclusion from the complete Medicaid HEDIS data set shall be dental measures. The CONTRACTOR shall contract with an NCQA certified HEDIS auditor to validate the processes of the CONTRACTOR in accordance with NCQA requirements. Audited HEDIS results shall be submitted to TENNCARE, NCQA and TENNCARE’s EQRO annually by June 15 of each calendar year.

2.15.6.2 Annually, the CONTRACTOR shall conduct a CAHPS survey. The CONTRACTOR shall enter into an agreement with a vendor that is certified by NCQA to perform CAHPS surveys. The CONTRACTOR’s vendor shall perform the CAHPS adult survey, CAHPS child survey and the CAHPS children with chronic conditions survey. Survey results shall be reported to TENNCARE separately for each required CAHPS survey listed above. Survey results shall be submitted to TENNCARE, NCQA and TENNCARE’s EQRO annually by June 15 of each calendar year.

2.16 MARKETING

2.16.1 The CONTRACTOR shall not conduct any enrollee marketing activities, as defined in Section 1 of this Agreement. This prohibition includes, but is not limited to the following information and activities:

2.16.1.1 Materials and/or activities that mislead, confuse or defraud or that are unfair or deceptive practices or that otherwise violate federal or state consumer protection laws or regulations. This includes materials which mislead or falsely describe covered or available services,

Amendment Number 20 (cont.)

- membership or availability of network providers, and qualifications and skills of network providers.
- 2.16.1.2 Overly aggressive solicitation, such as repeated telephoning or continued recruitment after an offer for enrollment is declined, or similar techniques;
- 2.16.1.3 Offers of gifts or material or financial gain as incentives to enroll;
- 2.16.1.4 Compensation arrangements with marketing personnel that utilize any type of payment structure in which compensation is tied to the number of persons enrolled;
- 2.16.1.5 Direct solicitation of prospective enrollees;
- 2.16.1.6 Directly or indirectly, engage in door-to-door, telephone, or other cold-call marketing activities;
- 2.16.1.7 Assertions or statements (whether oral or written) that the enrollee must enroll with the CONTRACTOR in order to obtain benefits or in order not to lose benefits;
- 2.16.1.8 Assertions or statements (whether written or oral) that the CONTRACTOR is endorsed by CMS, the federal or state government or similar entity;
- 2.16.1.9 Use of independent marketing agents in connection with marketing activities. Independent marketing agents shall not mean staff necessary to develop or produce marketing materials or advertising or other similar functions; and
- 2.16.1.10 Seeking to influence enrollment in conjunction with the sale or offering of any private insurance.
- 2.16.2 The prohibition on enrollee marketing shall not apply to health education and outreach activities that are prior approved in writing by TENNCARE. All health education and outreach activities must be prior approved in writing by TENNCARE.
- 2.16.3 The CONTRACTOR shall not use the name of the CONTRACTOR's TennCare MCO in any form of general marketing (as defined in Section 1) without TENNCARE's prior written approval.

2.17 MEMBER MATERIALS

2.17.1 Prior Approval Process for All Member Materials

- 2.17.1.1 The CONTRACTOR shall submit to TENNCARE for review and prior written approval all materials that will be distributed to members (referred to as member materials) as well as proposed health education and outreach activities. This includes but is not limited to member handbooks, provider directories, member newsletters, identification cards, fact sheets, notices, brochures, form letters, mass mailings, member education and outreach activities as described in this Section, and Section 2.17, system generated letters and any other additional, but not required, materials and information provided to members designed to promote health and/or educate members.
- 2.17.1.2 All member materials shall be submitted to TENNCARE on paper and electronic file media, in the format prescribed by TENNCARE. The materials shall be accompanied by a plan that describes the CONTRACTOR's intent and procedure for the use of the materials. Materials developed by a recognized entity having no association with the CONTRACTOR that are related to management of specific types of diseases (e.g., heart, diabetes, asthma, etc.) or general health improvement shall be submitted for approval; however, unless otherwise requested by TENNCARE, an electronic file for these materials is not required. The electronic files shall be submitted in a format acceptable to TENNCARE. Electronic files submitted in any other format than those approved by TENNCARE will not be processed.

Amendment Number 20 (cont.)

- 2.17.1.3 TENNCARE shall review the submitted member materials and either approve or deny them within fifteen (15) calendar days from the date of submission. In the event TENNCARE does not approve the materials TENNCARE may provide written comments, and the CONTRACTOR shall resubmit the materials.
- 2.17.1.4 Once member materials have been approved in writing by TENNCARE, the CONTRACTOR shall submit to TENNCARE an electronic version of the final printed product and five (5) original prints of the final product, unless otherwise specified by TENNCARE, within thirty (30) calendar days from the print date. Photo copies may not be submitted as a final product. Upon request, the CONTRACTOR shall provide additional original prints of the final product to TENNCARE.
- 2.17.1.5 Prior to modifying any approved member material, the CONTRACTOR shall submit for written approval by TENNCARE a detailed description of the proposed modification. Proposed modifications shall be submitted in accordance with the requirements herein.
- 2.17.1.6 TENNCARE reserves the right to notify the CONTRACTOR to discontinue or modify member materials after approval.

2.17.2 **Written Material Guidelines**

The CONTRACTOR shall comply with the following requirements as it relates to written member materials:

- 2.17.2.1 All member materials shall be worded at a sixth (6th) grade reading level, unless TENNCARE approves otherwise;
- 2.17.2.2 All written materials shall be clearly legible with a minimum font size of 12pt. with the exception of member I.D. cards, and unless otherwise approved in writing by TENNCARE;
- 2.17.2.3 All written materials shall be printed with the assurance of non-discrimination as provided in Section 5.21;
- 2.17.2.4 The following shall not be used on any written materials, including but not limited to member materials, without the written approval of TENNCARE:
 - 2.17.2.4.1 The Seal of the State of Tennessee;
 - 2.17.2.4.2 The TennCare name unless the initials “SM” denoting a service mark, is superscripted to the right of the name (TennCaresm);
 - 2.17.2.4.3 The word “free” unless the service is at no cost to all members. If members have cost sharing responsibilities, the service is not free. Any conditions of payments shall be clearly and conspicuously disclosed in close proximity to the “free” good or service offer; and
 - 2.17.2.4.4 The use of phrases to encourage enrollment such as “keep your doctor” implying that enrollees can keep all of their physicians. Enrollees in TennCare shall not be led to think that they can continue to go to their current physician, unless that particular physician is a contract provider with the CONTRACTOR’s MCO;
- 2.17.2.5 All vital CONTRACTOR documents shall be translated and available in Spanish. Within ninety (90) calendar days of notification from TENNCARE, all vital CONTRACTOR documents shall be translated and available to each Limited English Proficiency group identified by TENNCARE that constitutes five percent (5%) of the TennCare population or one-thousand (1,000) enrollees, whichever is less;
- 2.17.2.6 All written member materials shall notify enrollees that oral interpretation is available for any language at no expense to them and how to access those services;

Amendment Number 20 (cont.)

- 2.17.2.7 All written member materials shall be made available in alternative formats for persons with special needs at no expense to the member; and
- 2.17.2.8 The CONTRACTOR shall provide written notice to members of any changes in policies or procedures described in written materials previously sent to members. The CONTRACTOR shall provide written notice at least thirty (30) days before the effective date of the change.

2.17.3 Distribution of Member Materials

- 2.17.3.1 The CONTRACTOR shall distribute member materials as required by this Agreement. Required materials, described below, include member handbooks, provider directories, quarterly member newsletters, and identification cards.
- 2.17.3.2 The CONTRACTOR may distribute additional materials and information, other than those required by this Section, Section 2.17, to members in order to promote health and/or educate enrollees.

2.17.4 Member Handbooks

- 2.17.4.1 The CONTRACTOR shall develop a member handbook based on a template provided by TENNCARE, and update it periodically (at least annually). Upon notice to TENNCARE of material changes to the member handbook, the CONTRACTOR shall make appropriate revisions and immediately distribute the revised handbook to members and providers.
- 2.17.4.2 The CONTRACTOR shall distribute member handbooks to members within thirty (30) calendar days of receipt of notice of enrollment in the CONTRACTOR's MCO or prior to enrollees' enrollment effective date as described in Section 2.4.5 and at least annually thereafter. In the event of material revisions to the member handbook, the CONTRACTOR shall distribute the new and revised handbook to all members immediately.
- 2.17.4.3 In situations where there is more than one member in a TennCare case, it shall be acceptable for the CONTRACTOR to mail one (1) member handbook to each address listed for the member's TennCare case number when there is more than one (1) new enrollee assigned to the same case number at the time of enrollment and when subsequent new or updated member handbooks are mailed to members. Should a single individual be enrolled and be added into an existing case, a member handbook (new or updated) shall be mailed to that individual regardless of whether or not a member handbook has been previously mailed to members in the existing case.
- 2.17.4.4 The CONTRACTOR shall distribute a member handbook to all contract providers upon initial credentialing, annually thereafter as handbooks are updated, and whenever there are material revisions. For purposes of providing member handbooks to providers, it shall be acceptable to provide handbooks in electronic format, including but not limited to CD or access via a web link.
- 2.17.4.5 Each member handbook shall, at a minimum, be in accordance with the following guidelines:
 - 2.17.4.5.1 Shall be in accordance with all applicable requirements as described in Section 2.17.2 of this Agreement;
 - 2.17.4.5.2 Shall include a table of contents;
 - 2.17.4.5.3 Shall include an explanation on how members will be notified of member specific information such as effective date of enrollment;
 - 2.17.4.5.4 Shall include a description of services provided including benefit limits, exclusions, and use of non-contract providers;
 - 2.17.4.5.5 Shall include descriptions of both the Medicaid Benefits and the Standard Benefits;

Amendment Number 20 (cont.)

- 2.17.4.5.6 Shall include a description of TennCare cost sharing responsibilities including an explanation that providers and/or the CONTRACTOR may utilize whatever legal actions are available to collect these amounts. Further, the information shall indicate that the member may not be billed for covered services except for the amounts of the specified TennCare cost sharing responsibilities and of their right to appeal in the event that they are billed for amounts other than their TennCare cost sharing responsibilities;
- 2.17.4.5.7 Shall include information about preventive services for adults and children, including TENNderCare, a listing of covered preventive services, and notice that preventive services are at no cost and without cost sharing responsibilities;
- 2.17.4.5.8 Shall include procedures for obtaining required services, including procedures for obtaining referrals to specialists as well as procedures for obtaining referrals to non-contract providers. The handbook shall advise members that if they need a service that is not available from a contract provider, they will be referred to a non-contract provider and any copayment requirements would be the same as if this provider were a contract provider;
- 2.17.4.5.9 Shall include an explanation of emergency services and procedures on how to obtain emergency services both in and out of the CONTRACTOR's service area, including but not limited to: an explanation of post-stabilization services, the use of 911, locations of emergency settings and locations for post-stabilization services;
- 2.17.4.5.10 Shall include information on how to access the primary care provider on a twenty-four (24) hour basis as well as the twenty-four (24) hour nurse line. The handbook may encourage members to contact the PCP or twenty-four (24) hour nurse line when they have questions as to whether they should go to the emergency room;
- 2.17.4.5.11 Shall include notice of the right to file a complaint as is provided for by Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, the Omnibus Budget Reconciliation Act of 1981 (P.L. 97-35) and a complaint form on which to do so;
- 2.17.4.5.12 Shall include appeal procedures as described in Section 2.19 of this Agreement;
- 2.17.4.5.13 Shall include notice that in addition to the member's right to file an appeal directly to TENNCARE for actions taken by the CONTRACTOR, the member shall have the right to request reassessment of eligibility related decisions directly to TENNCARE;
- 2.17.4.5.14 Shall include written policies on member rights and responsibilities, pursuant to 42 CFR 438.100 and NCQA's Standards and Guidelines for the Accreditation of MCOs;
- 2.17.4.5.15 Shall include written information concerning advance directives as described in 42 CFR 489 Subpart I and in accordance with 42 CFR 422.128;
- 2.17.4.5.16 Shall include notice that enrollment in the CONTRACTOR's MCO invalidates any prior authorization for services granted by another MCO but not utilized by the member prior to the member's enrollment into the CONTRACTOR's MCO and notice of continuation of care when entering the CONTRACTOR's MCO as described in Section 2.9.2 of this Agreement;
- 2.17.4.5.17 Shall include notice to the member that it is the member's responsibility to notify the CONTRACTOR and the TENNCARE agency each and every time the member moves to a new address;
- 2.17.4.5.18 Shall include notice that a new member may request to change MCOs at anytime during the forty-five (45) calendar day period immediately following their initial enrollment in an MCO, subject to the capacity of the selected MCO to accept additional members and any restrictions limiting enrollment levels established by TENNCARE. This notice shall include instructions on how to contact TENNCARE to request a change;

Amendment Number 20 (cont.)

- 2.17.4.5.19 Shall include notice that the member may change MCOs at the next choice period as described in Section 2.4.7.2.2 of this Agreement and shall have a forty-five (45) calendar day period immediately following the enrollment, as requested during said choice period, in a new MCO to request to change MCOs, subject to the capacity of the selected MCO to accept additional enrollees and any restrictions limiting enrollment levels established by TENNCARE. This notice shall include instructions on how to contact TENNCARE to request a change;
- 2.17.4.5.20 Shall include notice that the member has the right to appeal to TENNCARE to request to change MCOs based on hardship and how to do so;
- 2.17.4.5.21 Shall include notice of the enrollee's right to terminate participation in the TennCare program at any time with instructions to contact TENNCARE for termination forms and additional information on termination;
- 2.17.4.5.22 Shall include TENNCARE and MCO member services toll-free telephone numbers, including the TENNCARE hotline, the CONTRACTOR's member services information line, and the CONTRACTOR's 24/7 nurse triage/advice line with a statement that the member may contact the CONTRACTOR or TENNCARE regarding questions about the TennCare program as well as the service/information that may be obtained from each line;
- 2.17.4.5.23 Shall include information on how to obtain information in alternative formats or how to access interpretation services as well as a statement that interpretation and translation services are free;
- 2.17.4.5.24 Shall include information educating members of their rights and necessary steps to amend their data in accordance with HIPAA regulations and state law;
- 2.17.4.5.25 Shall include directions on how to request and obtain information regarding the "structure and operation of the MCO" and "physician incentive plans" (see Section 2.13.7);
- 2.17.4.5.26 Shall include information that the member has the right to receive information on available treatment options and alternatives, presented in a manner appropriate to the member's condition and ability to understand;
- 2.17.4.5.27 Shall include information that the member has the right to be free from any form of restraint or seclusion used as a means of coercion, discipline, convenience, or retaliation;
- 2.17.4.5.28 Shall include information on appropriate prescription drug usage (see Section 2.9.7); and
- 2.17.4.5.29 Shall include any additional information required in accordance with NCQA's Standards and Guidelines for the Accreditation of MCOs.

2.17.5 **Quarterly Member Newsletter**

- 2.17.5.1 General Newsletter. The CONTRACTOR shall, at a minimum, distribute on a quarterly basis a newsletter to all members which is intended to educate the enrollee to the managed care system, proper utilization of services, etc., and encourage utilization of preventive care services.
- 2.17.5.2 Teen/Adolescent Newsletter. The CONTRACTOR shall, at a minimum, distribute on a quarterly basis a newsletter to all enrollees between the ages of 15 and 20 which is intended to educate the enrollee to the managed care system, proper utilization of services, etc., with an emphasis on the encouragement to utilize TENNderCare services.
- 2.17.5.2.1 The Teen/Adolescent Newsletter shall be a product of the MCO Adolescent Well-Care Collaborative. The MCOs will agree on five required topics to include in each newsletter.

Amendment Number 20 (cont.)

MCOs may include additional articles at their discretion; no deviation from the five agreed upon articles will be allowed unless approved in writing by TENNCARE.

- 2.17.5.2.1.1 The CONTRACTOR shall include the following information in each newsletter:
 - 2.17.5.2.1.1.1 Five teen/adolescent specific articles as agreed upon by the MCO Adolescent Well Care Collaborative; and
 - 2.17.5.2.1.1.2 The procedure on how to obtain information in alternative formats or how to access interpretation services as well as a statement that interpretation and translation services are free; and
 - 2.17.5.2.1.1.3 TENNderCare information, including but not limited to, encouragement to obtain screenings and other preventive care services.
- 2.17.5.3 The CONTRACTOR shall include the following information in each newsletter:
 - 2.17.5.3.1 Specific articles or other specific information as described when requested by TENNCARE. Such requests by TENNCARE shall be limited to two hundred (200) words and shall be reasonable including sufficient notification of information to be included;
 - 2.17.5.3.2 The procedure on how to obtain information in alternative formats or how to access interpretation services as well as a statement that interpretation and translation services are free;
 - 2.17.5.3.3 A notice to members of the right to file a complaint, as is provided for by Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, the Omnibus Budget Reconciliation Act of 1981 (P.L. 97-35), and a CONTRACTOR phone number for doing so. The notice shall be in English and Spanish;
 - 2.17.5.3.4 TENNderCare information, including but not limited to, encouragement to obtain screenings and other preventive care services;
 - 2.17.5.3.5 Information about appropriate prescription drug usage;
 - 2.17.5.3.6 TENNCARE and MCO member services toll-free telephone numbers, including the TENNCARE hotline, the CONTRACTOR's member services information line, and the CONTRACTOR's 24/7 nurse triage/advice line as well as the service/information that may be obtained from each line; and
 - 2.17.5.3.7 The following statement: "To report fraud or abuse to the Office of Inspector General (OIG) you can call toll-free 1-800-433-3982 or go online to www.state.tn.us/tenncare and click on 'Report Fraud'. To report provider fraud or patient abuse to the Medicaid Fraud Control Unit (MFCU), call toll-free 1-800-433-5454."
- 2.17.5.4 The quarterly member newsletters shall be disseminated within thirty (30) calendar days of the start of each calendar year quarter. In order to satisfy the requirement to distribute the quarterly newsletter to all members, it shall be acceptable to mail one (1) quarterly newsletter to each address associated with the member's TennCare case number. In addition to the prior authorization requirement regarding dissemination of materials to members, the CONTRACTOR shall also submit to TENNCARE, five (5) final printed originals, unless otherwise specified by TENNCARE, of the newsletters and documentation from the MCO's mail room or outside vendor indicating the quantity and date mailed to TennCare as proof of compliance by the 30th of the month following each quarter in accordance with the reporting schedules as described in this Agreement.

Amendment Number 20 (cont.)

2.17.6 Identification Card

Each member shall be provided an identification card, which identifies the member as a participant in the TennCare program within thirty (30) calendar days of notification of enrollment into the CONTRACTOR's MCO or prior to the member's enrollment effective date. The identification card shall be durable (e.g., plastic or other durable paper stock but not regular paper stock), shall comply with all state and federal requirements and, at a minimum, shall include:

- 2.17.6.1 The CONTRACTOR's name and issuer identifier, with the company logo;
- 2.17.6.2 Phone numbers for information and/or authorizations, including for behavioral health services;
- 2.17.6.3 Descriptions of procedures to be followed for emergency or special services;
- 2.17.6.4 The member's identification number;
- 2.17.6.5 The member's name (First, Last and Middle Initial);
- 2.17.6.6 The member's date of birth;
- 2.17.6.7 The member's enrollment effective date;
- 2.17.6.8 Copayment information;
- 2.17.6.9 The Health Insurance Portability and Accountability Act (HIPAA) adopted identifier; and
- 2.17.6.10 The words "Medicaid" or "Standard" based on eligibility.

2.17.7 Provider Directory

- 2.17.7.1 The CONTRACTOR shall distribute provider directories to new members within thirty (30) calendar days of receipt of notification of enrollment in the CONTRACTOR's MCO or prior to the member's enrollment effective date. The CONTRACTOR shall also be responsible for redistribution of updated provider information on a regular basis and shall redistribute a complete and updated provider directory at least on an annual basis. In situations where there is more than one enrollee in a TennCare case, it shall be acceptable for the CONTRACTOR to mail one (1) provider directory to each address listed for the enrollee's TennCare case number when there is more than one (1) new enrollee assigned to the same case number at the time of enrollment and when subsequent updated provider directories are mailed to enrollees. Should a single individual be enrolled and be added into an existing case, a provider directory shall be mailed to that individual regardless of whether or not a provider directory has been previously mailed to enrollees in the existing case.
- 2.17.7.2 Provider directories, and any revisions thereto, shall be submitted to TENNCARE for written approval prior to distribution to enrollees in accordance with Section 2.17.1 of this Agreement. The text of the directory shall be in the format prescribed by TENNCARE. In addition, the provider information used to populate the provider directory shall be submitted as a TXT file or such format as otherwise approved in writing by TENNCARE and be produced using the same extract process as the actual provider directory.
- 2.17.7.3 Provider directories shall include the following: names, locations, telephone numbers, office hours, non-English languages spoken by current network PCPs and specialists, hospital listings including locations of emergency settings and post-stabilization services, identification of providers accepting new patients and whether or not a provider performs TENNderCare screens.

Amendment Number 20 (cont.)

2.17.8 **Additional Information Available Upon Request**

The CONTRACTOR shall provide all other information to members as required by CMS, including but not limited to the following information to any enrollee who requests it:

- 2.17.8.1 Information regarding the structure and operation of the CONTRACTOR's MCO; and
- 2.17.8.2 Information regarding physician incentive plans, including but not limited to:
 - 2.17.8.2.1 Whether the CONTRACTOR uses a physician incentive plan that affects the use of referral services;
 - 2.17.8.2.2 The type of incentive arrangement; and
 - 2.17.8.2.3 Whether stop-loss protection is provided.

2.18 **CUSTOMER SERVICE**

2.18.1 **Member Services Toll-Free Phone Line**

- 2.18.1.1 The CONTRACTOR shall operate a toll-free telephone line (member services information line) to respond to member questions, comments, and inquiries from the member, the member's family, or the member's provider.
- 2.18.1.2 The CONTRACTOR shall develop member services information line policies and procedures that address staffing, training, hours of operation, access and response standards, monitoring of calls via recording or other means, and compliance with standards.
- 2.18.1.3 The member services information line shall handle calls from callers with Limited English Proficiency as well as calls from members who are hearing impaired.
- 2.18.1.4 The CONTRACTOR shall ensure that the member services information line is staffed adequately to respond to members' questions, at a minimum, from 8 a.m. to 5 p.m., in the time zone applicable to the Grand Region being served (for the Middle Grand Region, the applicable time zone shall be Central Time), Monday through Friday, except State of Tennessee holidays.
- 2.18.1.5 The member services information line shall be staffed twenty-four (24) hours a day, seven (7) days a week with qualified nurses to triage urgent care and emergency calls from members. The CONTRACTOR may meet this requirement by having a separate nurse triage/nurse advice line that otherwise meets all of the requirements of this Section, Section 2.18.1.
- 2.18.1.6 The member services information line shall be adequately staffed with staff trained to accurately respond to member questions regarding the TennCare program and the CONTRACTOR's MCO, including but not limited to, covered services, TENNderCare, and the CONTRACTOR's provider network.
- 2.18.1.7 The CONTRACTOR shall measure and monitor the accuracy of responses and phone etiquette and take corrective action as necessary to ensure the accuracy of responses and appropriate phone etiquette by staff.
- 2.18.1.8 The CONTRACTOR shall have an automated system available during non-business hours, including weekends and holidays. This automated system shall provide callers with operating instructions on what to do in case of an emergency and shall include, at a minimum, a voice mailbox for callers to leave messages. The CONTRACTOR shall ensure that the voice mailbox has adequate capacity to receive all messages. The CONTRACTOR shall return messages on the next business day.

Amendment Number 20 (cont.)

2.18.1.9 Performance Standards for Member Services Line/Queue

2.18.1.9.1 The CONTRACTOR shall adequately staff the member services information line to ensure that the line, including the nurse triage/nurse advice line or queue, meets the following performance standards: less than five percent (5%) call abandonment rate; eighty-five percent (85%) of calls are answered by a live voice within thirty (30) seconds (or the prevailing benchmark established by NCQA); and average wait time for assistance does not exceed ten (10) minutes.

2.18.1.9.2 The CONTRACTOR shall submit the reports required in Section 2.30.12.1 of this Agreement.

2.18.2 **Interpreter and Translation Services**

2.18.2.1 The CONTRACTOR shall develop written policies and procedures for the provision of language interpreter and translation services to any member who needs such services, including but not limited to, members with Limited English Proficiency and members who are hearing impaired.

2.18.2.2 The CONTRACTOR shall provide interpreter and translation services free of charge to members.

2.18.2.3 Interpreter services should be available in the form of in-person interpreters, sign language or access to telephonic assistance, such as the ATT universal line.

2.18.3 **Cultural Competency**

As required by 42 CFR 438.206, the CONTRACTOR shall participate in the State's efforts to promote the delivery of services in a culturally competent manner to all enrollees, including those with Limited English Proficiency and diverse cultural and ethnic backgrounds.

2.18.4 **Provider Services and Toll-Free Telephone Line**

2.18.4.1 The CONTRACTOR shall establish and maintain a provider services function to timely and adequately respond to provider questions, comments, and inquiries.

2.18.4.2 The CONTRACTOR shall operate a toll-free telephone line (provider service line) to respond to provider questions, comments, and inquiries.

2.18.4.3 The CONTRACTOR shall develop provider service line policies and procedures that address staffing, training, hours of operation, access and response standards, monitoring of calls via recording or other means, and compliance with standards.

2.18.4.4 The CONTRACTOR shall ensure that the provider service line is staffed adequately to respond to providers' questions at a minimum from 8 a.m. to 5 p.m., in the time zone applicable to the Grand Region being served (for the Middle Grand Region, the applicable time zone shall be Central Time), Monday through Friday, except State of Tennessee holidays.

2.18.4.5 The provider service line shall also be adequately staffed to provide appropriate and timely responses regarding prior authorization requests as described in Section 2.14.2 of this Agreement. The CONTRACTOR may meet this requirement by having a separate utilization management line.

2.18.4.6 The provider service line shall be adequately staffed with staff trained to accurately respond to questions regarding the TennCare program and the CONTRACTOR's MCO, including but not limited to, covered services, TENNderCare, prior authorization and referral requirements, and the CONTRACTOR's provider network.

Amendment Number 20 (cont.)

- 2.18.4.7 For hospitals that have elected to refer patients with non-urgent/emergent conditions to alternative settings for treatment, the CONTRACTOR shall have a specific process in place whereby the Emergency Department (ED) can contact the CONTRACTOR twenty-four (24) hours a day, seven (7) days a week (24/7) via a toll free phone line to obtain assistance for members with non-urgent/emergent conditions who do not require inpatient admission and who are requesting assistance in scheduling an appointment in an alternate treatment setting. The CONTRACTOR may use the 24/7 nurse triage line described in Section 2.18.1.5 of this Agreement for this purpose or may use another line the CONTRACTOR designates. The CONTRACTOR shall submit a description of how it will meet the requirements regarding its 24/7 ED assistance line, which shall provide the telephone number that will be used for hospitals requiring scheduling assistance and describe the process the CONTRACTOR will use to assure all requests are responded to appropriately, including a description of the training provided to staff answering the 24/7 scheduling assistance line. The CONTRACTOR shall track and report the total number of calls received pertaining to patients in ED's needing assistance in accessing care in an alternative setting in accordance with Section 2.30.12.1.3.
- 2.18.4.8 The CONTRACTOR shall measure and monitor the accuracy of responses and phone etiquette and take corrective action as necessary to ensure the accuracy of responses and appropriate phone etiquette by staff.
- 2.18.4.9 The CONTRACTOR shall have an automated system available during non-business hours. This automated system shall include, at a minimum, a voice mailbox for callers to leave messages. The CONTRACTOR shall ensure that the voice mailbox has adequate capacity to receive all messages. The CONTRACTOR shall return messages on the next business day.
- 2.18.4.10 Performance Standards for UM Line/Queue
- 2.18.4.10.1 The CONTRACTOR shall adequately staff the provider service line to ensure that the utilization management line/queue meets the following performance standards: less than five percent (5%) call abandonment rate; eighty-five percent (85%) of calls are answered by a live voice within thirty (30) seconds (or the prevailing benchmark established by NCQA); and average wait time for assistance does not exceed ten (10) minutes.
- 2.18.4.10.2 The CONTRACTOR shall submit the reports required in Section 2.30.12.1 of this Agreement.
- 2.18.5 Provider Handbook**
- 2.18.5.1 The CONTRACTOR shall issue a provider handbook to all contract providers. The CONTRACTOR may distribute the provider handbook electronically (e.g., via its website) as long as providers are notified about how to obtain the electronic copy and how to request a hard copy at no charge to the provider. At a minimum the provider handbook shall include the following information:
- 2.18.5.1.1 Description of the TennCare program;
- 2.18.5.1.2 Covered services;
- 2.18.5.1.3 Emergency service responsibilities;
- 2.18.5.1.4 TENNderCare services and standards;
- 2.18.5.1.5 Information on members' appeal rights;
- 2.18.5.1.6 Policies and procedures of the provider complaint system;
- 2.18.5.1.7 Medical necessity standards and clinical practice guidelines;
- 2.18.5.1.8 PCP responsibilities;

Amendment Number 20 (cont.)

- 2.18.5.1.9 Coordination with other TennCare contractors or MCO subcontractors;
- 2.18.5.1.10 Prior authorization, referral and other utilization management requirements and procedures;
- 2.18.5.1.11 Protocol for encounter data element reporting/records;
- 2.18.5.1.12 Medical records standard;
- 2.18.5.1.13 Claims submission protocols and standards, including instructions and all information necessary for a clean claim;
- 2.18.5.1.14 Payment policies;
- 2.18.5.1.15 Member rights and responsibilities;
- 2.18.5.1.16 Important phone numbers of all departments/staff a contract provider may need to reach at the CONTRACTOR's MCO; and
- 2.18.5.1.17 How to reach the provider's assigned provider relations representative.
- 2.18.5.2 The CONTRACTOR shall disseminate bulletins as needed to incorporate any needed changes to the provider handbook.

2.18.6 **Provider Education and Training**

- 2.18.6.1 The CONTRACTOR shall develop an education and training plan and materials for contract providers and provide education and training to contract providers and their staff regarding key requirements of this Agreement.
- 2.18.6.2 The CONTRACTOR shall conduct initial education and training to contract providers at least thirty (30) calendar days prior to the start date of operations.
- 2.18.6.3 The CONTRACTOR shall also conduct ongoing provider education and training as deemed necessary by the CONTRACTOR or TENNCARE in order to ensure compliance with this Agreement.
- 2.18.6.4 The CONTRACTOR shall distribute on a quarterly basis a newsletter to contract providers to update providers on CONTRACTOR initiatives and communicate pertinent information to contract providers.
- 2.18.6.5 The CONTRACTOR's provider relations staff shall contact all contract providers on a semi-annual basis to update contract providers on CONTRACTOR initiatives and communicate pertinent information to contract providers. At least one of the two semi-annual contacts made in a year shall be face-to-face with the provider. Semi-annual contacts that are not conducted face-to-face shall be conducted via a phone conversation with the provider. The CONTRACTOR shall maintain records that provide evidence of compliance with the requirement in this Section 2.18.6.5, including when and how contact is made for each contract provider.

2.18.7 **Provider Relations**

- 2.18.7.1 The CONTRACTOR shall establish and maintain a formal provider relations function to provide ongoing troubleshooting and education for contract providers.
- 2.18.7.2 The CONTRACTOR shall implement policies to monitor and ensure compliance of providers with the requirements of this Agreement.
- 2.18.7.3 The CONTRACTOR shall conduct an annual survey to assess provider satisfaction, including satisfaction with provider enrollment, provider communication, and provider education,

Amendment Number 20 (cont.)

provider complaints, claims processing, claims reimbursement and utilization management processes, including medical reviews. The CONTRACTOR shall submit an annual report on the survey to TENNCARE as required in Section 2.30.12.4. The CONTRACTOR shall take action to address opportunities for improvement identified through the survey. The survey shall be structured so that behavioral health provider satisfaction results and physical health provider satisfaction results can be separately stratified.

2.18.8 Provider Complaint System

2.18.8.1 The CONTRACTOR shall establish and maintain a provider complaint system for any provider (contract or non-contract) who is not satisfied with the CONTRACTOR's policies and procedures or a decision made by the CONTRACTOR that does not impact the provision of services to members.

2.18.8.2 The procedures for resolution of any disputes regarding the payment of claims shall comply with TCA 56-32-126(b).

2.18.9 Member Involvement with Behavioral Health Services

2.18.9.1 The CONTRACTOR shall develop policies and procedures with respect to member, parent, or legally appointed representative involvement with behavioral health. These policies and procedures shall include, at a minimum, the following elements:

2.18.9.1.1 The requirement that all behavioral health treatment plans document member involvement. Fulfilling this requirement means that each treatment plan has a member/family member signature or the signature of a legally appointed representative on the treatment plan and upon each subsequent treatment plan review, where appropriate, and a description of how this requirement will be met;

2.18.9.1.2 The requirement that member education materials include statements regarding the member's, parent's, or legally appointed representative's right to involvement in behavioral health treatment decisions, their ability to choose and change service providers, and a description of how this requirement will be met;

2.18.9.1.3 The requirement that provider education include materials regarding the rights of members, parent(s), or legally appointed representatives to be involved in behavioral health treatment decisions and a description of how this requirement will be met; and

2.18.9.1.4 A description of the quality monitoring activities to be used to measure provider compliance with the requirement for member, parent, or legally appointed representative involvement in behavioral health treatment planning.

2.18.9.2 The CONTRACTOR shall provide an education plan for all members with behavioral health issues; education shall occur on a regular basis. At a minimum, educational materials shall include information on medications and their side effects; behavioral health disorders and treatment options; self-help groups, peer support, and other community support services available for members and families.

2.18.9.3 The CONTRACTOR shall require providers to inform children and adolescents for whom residential treatment is being considered and their parent(s) or legally appointed representative, and adults for whom voluntary inpatient treatment is being considered, of all their options for residential and/or inpatient placement, and alternatives to residential and/or inpatient treatment and the benefits, risks and limitations of each in order that they can provide informed consent.

2.18.9.4 The CONTRACTOR shall require providers to inform all members being considered for prescription of psychotropic medications of the benefits, risks, and side effects of the medication, alternate medications, and other forms of treatment.

2.19 COMPLAINTS AND APPEALS

2.19.1 General

- 2.19.1.1 Members shall have the right to file appeals regarding adverse actions taken by the CONTRACTOR. For purposes of this requirement, appeal shall mean a member's right to contest verbally or in writing, any adverse action taken by the CONTRACTOR to deny, reduce, terminate, delay or suspend a covered service as well as any other acts or omissions of the CONTRACTOR which impair the quality, timeliness, or availability of such benefits. An appeal may be filed by the member or by a person authorized by the member to do so, including but not limited to, a provider with the member's written consent. Complaint shall mean a member's right to contest any other action taken by the CONTRACTOR or service provider other than those that meet the definition of an adverse action. The CONTRACTOR shall inform members of their complaint and appeal rights in the member handbook in compliance with the requirements in Section 2.17.4. The CONTRACTOR shall have internal complaint and appeal procedures for members in accordance with TennCare rules and regulations, the TennCare waiver, consent decrees, or court orders governing the appeals process.
- 2.19.1.2 The CONTRACTOR shall devote a portion of its regularly scheduled QM/QI committee meetings, as described in Section 2.15.2, to the review of member complaints and appeals that have been received.
- 2.19.1.3 The CONTRACTOR shall ensure that punitive action is not taken against a provider who files an appeal on behalf of a member with the member's written consent, supports a member's appeal, or certifies that a member's appeal is an emergency appeal and requires an expedited resolution in accordance with TennCare policies and procedures.

2.19.2 Appeals

- 2.19.2.1 The CONTRACTOR's appeal process shall, at a minimum, meet the requirements outlined herein.
- 2.19.2.2 The CONTRACTOR shall have a contact person who is knowledgeable of appeal procedures and shall direct all appeals, whether the appeal is verbal or the member chooses to file in writing, to TENNCARE. Should a member choose to appeal in writing, the member shall be instructed to file via mail or fax to the designated TENNCARE P. O. Box or fax number for medical appeals.
- 2.19.2.3 The CONTRACTOR shall have sufficient support staff (clerical and professional) available to process appeals in accordance with TennCare requirements related to the appeal of adverse actions affecting a TennCare member. The CONTRACTOR shall notify TENNCARE of the names of appointed staff members and their phone numbers. Staff shall be knowledgeable about applicable state and federal law, TennCare rules and regulations, and all court orders and consent decrees governing appeal procedures, as they become effective.
- 2.19.2.4 The CONTRACTOR shall educate its staff concerning the importance of the appeals procedure, the rights of the member, and the time frames in which action shall be taken by the CONTRACTOR regarding the handling and disposition of an appeal.
- 2.19.2.5 The CONTRACTOR shall identify the appropriate individual or body within the CONTRACTOR's MCO having decision-making authority as part of the appeal procedure.
- 2.19.2.6 The CONTRACTOR shall have the ability to take telephone appeals and accommodate persons with disabilities during the appeals process. Appeal forms shall be available at each service site and by contacting the CONTRACTOR. However, members shall not be required to use a TENNCARE approved appeal form in order to file an appeal.

Amendment Number 20 (cont.)

- 2.19.2.7 Upon request, the CONTRACTOR shall provide members a TENNCARE approved appeal form(s).
- 2.19.2.8 The CONTRACTOR shall provide reasonable assistance to all appellants during the appeal process.
- 2.19.2.9 At any point in the appeal process, TENNCARE shall have the authority to remove a member from the CONTRACTOR's MCO when it is determined that such removal is in the best interest of the member and TENNCARE.
- 2.19.2.10 The CONTRACTOR shall require providers to display notices of members' right to appeal adverse actions affecting services in public areas of each facility in accordance with TennCare rules and regulations. The CONTRACTOR shall ensure that providers have correct and adequate supply of public notices.
- 2.19.2.11 Neither the CONTRACTOR nor TENNCARE shall prohibit or discourage any individual from testifying on behalf of a member.
- 2.19.2.12 The CONTRACTOR shall ensure compliance with all notice requirements and notice content requirements specified in applicable state and federal law, TennCare rules and regulations, and all court orders and consent decrees governing notice and appeal procedures, as they become effective.
- 2.19.2.13 TENNCARE may develop additional appeal process guidelines or rules, including requirements as to content and timing of notices to members, which shall be followed by the CONTRACTOR. However, the CONTRACTOR shall not be precluded from challenging any judicial requirements and to the extent judicial requirements that are the basis of such additional guidelines or rules are stayed, reversed or otherwise rendered inapplicable, the CONTRACTOR shall not be required to comply with such guidelines or rules during any period of such inapplicability.
- 2.19.2.14 The CONTRACTOR shall provide general and targeted education to providers regarding expedited appeals (described in TennCare rules and regulations), including when an expedited appeal is appropriate, and procedures for providing written certification thereof.
- 2.19.2.15 The CONTRACTOR shall require providers to provide written certification regarding whether a member's appeal is an emergency upon request by a member prior to filing such appeal, or upon reconsideration of such appeal by the CONTRACTOR when requested by TENNCARE.
- 2.19.2.16 The CONTRACTOR shall provide notice to contract providers regarding provider responsibility in the appeal process, including but not limited to, the provision of medical records and/or documentation as described in Section 2.24.4.
- 2.19.2.17 The CONTRACTOR shall urge providers who feel they cannot order a drug on the TennCare Preferred Drug List (PDL) to seek prior authorization in advance, as well as to take the initiative to seek prior authorization or change or cancel the prescription when contacted by a member or pharmacy regarding denial of a pharmacy service due to system edits (e.g., therapeutic duplication, etc.).
- 2.19.2.18 Member eligibility and eligibility-related grievances and appeals, including termination of eligibility, effective dates of coverage, and the determination of premium and copayment responsibilities shall be directed to the Department of Human Services.

Amendment Number 20 (cont.)

2.20 FRAUD AND ABUSE

2.20.1 General

- 2.20.1.1 The Tennessee Bureau of Investigation, Medicaid Fraud Control Unit (TBI MFCU) is the state agency responsible for the investigation of provider fraud and abuse in the TennCare program.
- 2.20.1.2 The Office of Inspector General (OIG) has the primary responsibility to investigate TennCare enrollee fraud and abuse.
- 2.20.1.3 The CONTRACTOR shall have internal controls and policies and procedures in place that are designed to prevent, detect, and report known or suspected fraud and abuse activities. The CONTRACTOR shall have adequate staffing and resources to investigate unusual incidents and develop and implement corrective action plans to assist the CONTRACTOR in preventing and detecting potential fraud and abuse activities.
- 2.20.1.4 The CONTRACTOR shall comply with all federal and state requirements regarding fraud and abuse, including but not limited to Sections 1128, 1156, and 1902(a)(68) of the Social Security Act.

2.20.2 Reporting and Investigating Suspected Fraud and Abuse

- 2.20.2.1 The CONTRACTOR shall cooperate with all appropriate state and federal agencies, including TBI MFCU and/or OIG, in investigating fraud and abuse. In addition, the CONTRACTOR shall fully comply with the TCA 71-5-2601 and 71-5-2603 in performance of its obligations under this Agreement. The CONTRACTOR shall report all confirmed or suspected fraud and abuse to the appropriate agency as follows:
 - 2.20.2.1.1 Suspected fraud and abuse in the administration of the program shall be reported to TBI MFCU and/or OIG;
 - 2.20.2.1.2 All confirmed or suspected provider fraud and abuse shall immediately be reported to TBI MFCU; and
 - 2.20.2.1.3 All confirmed or suspected enrollee fraud and abuse shall be reported immediately to OIG;
- 2.20.2.2 The CONTRACTOR shall use the Fraud Reporting Forms in Attachment X, or such other form as may be deemed satisfactory by the agency to whom the report is to be made under the terms of this Agreement.
- 2.20.2.3 Pursuant to TCA 71-5-2603(c) the CONTRACTOR shall be subject to a civil penalty, to be imposed by the OIG, for willful failure to report fraud and abuse by recipients, enrollees, applicants, or providers to OIG or TBI MFCU, as appropriate.
- 2.20.2.4 The CONTRACTOR shall promptly perform a preliminary investigation of all incidents of suspected and/or confirmed fraud and abuse. Unless prior written approval is obtained from the agency to whom the incident was reported, or to another agency designated by the agency that received the report, after reporting fraud or suspected fraud and/or suspected abuse and/or confirmed abuse, the CONTRACTOR shall not take any of the following actions as they specifically relate to TennCare claims:
 - 2.20.2.4.1 Contact the subject of the investigation about any matters related to the investigation;
 - 2.20.2.4.2 Enter into or attempt to negotiate any settlement or agreement regarding the incident; or
 - 2.20.2.4.3 Accept any monetary or other thing of valuable consideration offered by the subject of the investigation in connection with the incident.

Amendment Number 20 (cont.)

- 2.20.2.5 The CONTRACTOR shall promptly provide the results of its preliminary investigation to the agency to whom the incident was reported, or to another agency designated by the agency that received the report.
- 2.20.2.6 The CONTRACTOR shall cooperate fully in any further investigation or prosecution by any duly authorized government agency, whether administrative, civil, or criminal. Such cooperation shall include providing, upon request, information, access to records, and access to interview CONTRACTOR employees and consultants, including but not limited to those with expertise in the administration of the program and/or in medical or pharmaceutical questions or in any matter related to an investigation.
- 2.20.2.7 The State shall not transfer its law enforcement functions to the CONTRACTOR.
- 2.20.2.8 The CONTRACTOR and providers, whether contract or non-contract, shall, upon request and as required by this Agreement or state and/or federal law, make available to the TBI MFCU/OIG any and all administrative, financial and medical records relating to the delivery of items or services for which TennCare monies are expended. In addition, the TBI MFCU/OIG shall, as required by this Agreement or state and/or federal law, be allowed access to the place of business and to all TennCare records of any contractor or provider, whether contract or non-contract, during normal business hours, except under special circumstances when after hour admission shall be allowed. Special circumstances shall be determined by the TBI MFCU/OIG.
- 2.20.2.9 The CONTRACTOR shall include in any of its provider agreements a provision requiring, as a condition of receiving any amount of TennCare payment, that the provider comply with this Section, Section 2.20 of this Agreement.
- 2.20.2.10 Except as described in Section 2.11.7.2 of this Agreement, nothing herein shall require the CONTRACTOR to ensure non-contract providers are compliant with TENNCARE contracts or state and/or federal law.

2.20.3 Compliance Plan

- 2.20.3.1 The CONTRACTOR shall have a written fraud and abuse compliance plan. A paper and electronic copy of the plan shall be provided to the TennCare Program Integrity Unit within ninety (90) calendar days of Agreement execution and annually thereafter. TENNCARE shall provide notice of approval, denial, or modification to the CONTRACTOR within thirty (30) calendar days of receipt. The CONTRACTOR shall make any requested updates or modifications available for review to TENNCARE as requested by TENNCARE and/or the TennCare Program Integrity Unit within thirty (30) calendar days of a request.
- 2.20.3.2 The CONTRACTOR's fraud and abuse compliance plan shall:
 - 2.20.3.2.1 Require that the reporting of suspected and/or confirmed fraud and abuse be done as required by this Agreement;
 - 2.20.3.2.2 Ensure that all of its officers, directors, managers and employees know and understand the provisions of the CONTRACTOR's fraud and abuse compliance plan;
 - 2.20.3.2.3 Contain procedures designed to prevent and detect abuse and fraud in the administration and delivery of services under this Agreement; and
 - 2.20.3.2.4 Include a description of the specific controls in place for prevention and detection of potential or suspected fraud and abuse, such as:
 - 2.20.3.2.4.1 Claims edits;
 - 2.20.3.2.4.2 Post-processing review of claims;

Amendment Number 20 (cont.)

- 2.20.3.2.4.3 Provider profiling and credentialing;
- 2.20.3.2.4.4 Prior authorization;
- 2.20.3.2.4.5 Utilization management;
- 2.20.3.2.4.6 Relevant subcontractor and provider agreement provisions; and
- 2.20.3.2.4.7 Written provider and member material regarding fraud and abuse referrals.
- 2.20.3.2.5 Contain provisions for the confidential reporting of plan violations to the designated person;
- 2.20.3.2.6 Contain provisions for the investigation and follow-up of any suspected or confirmed fraud and abuse, even if already reported, and/or compliance plan reports;
- 2.20.3.2.7 Ensure that the identities of individuals reporting violations of the CONTRACTOR's MCO are protected and that there is no retaliation against such persons;
- 2.20.3.2.8 Contain specific and detailed internal procedures for officers, directors, managers and employees for detecting, reporting, and investigating fraud and abuse compliance plan violations;
- 2.20.3.2.9 Require any confirmed or suspected provider fraud and abuse under state or federal law be reported to TBI MFCU and that enrollee fraud and abuse be reported to the OIG; and
- 2.20.3.2.10 Ensure that no individual who reports MCO violations or suspected fraud and abuse is retaliated against.
- 2.20.3.3 The CONTRACTOR shall comply with the applicable requirements of the Model Compliance Plan for Medicaid MCOs or Medicare+Choice Organizations/Medicare Advantage plans issued by the DHHS OIG.
- 2.20.3.4 The CONTRACTOR shall report fraud and abuse activities as required in Section 2.30.13, Reporting Requirements.

2.21 FINANCIAL MANAGEMENT

The CONTRACTOR shall be responsible for sound financial management of its MCO. The CONTRACTOR shall adhere to the minimum guidelines outlined below.

2.21.1 Administrative Payments

The CONTRACTOR shall accept administrative fee payments, premium tax payments, and incentive payments, if applicable, remitted by TENNCARE in accordance with Section 4.

2.21.2 Savings/Loss

2.21.2.1 The CONTRACTOR shall not be required to share with TENNCARE any financial gains realized under this Agreement.

2.21.2.2 TENNCARE shall not share with the CONTRACTOR any financial losses realized under this Agreement.

2.21.3 Interest

Interest generated from the deposit of funds paid to the CONTRACTOR pursuant to this Agreement shall be the property of the CONTRACTOR and available for use at the CONTRACTOR's discretion.

2.21.4 Third Party Liability Resources

Amendment Number 20 (cont.)

- 2.21.4.1 The TennCare program shall be the payer of last resort for all covered services in accordance with federal regulations. The CONTRACTOR shall exercise full assignment rights as applicable and shall be responsible for making every reasonable effort to determine the legal liability of third parties to pay for services rendered to enrollees under this Agreement and cost avoid and/or recover any such liability from the third party.
- 2.21.4.1.1 If third party liability (TPL) exists for part or all of the services provided directly by the CONTRACTOR to an enrollee, the CONTRACTOR shall make reasonable efforts to recover from TPL sources the value of services rendered.
- 2.21.4.1.2 If TPL exists for part or all of the services provided to an enrollee by a subcontractor or a provider, and the third party will make payment within a reasonable time, the CONTRACTOR may pay the subcontractor or provider only the amount, if any, by which the subcontractor's or provider's allowable claim exceeds the amount of TPL.
- 2.21.4.1.3 If the probable existence of TPL has been established at the time the claim is filed, the CONTRACTOR may reject the claim and return it to the provider for a determination of the amount of any TPL, unless the claim is for one of these services:
 - 2.21.4.1.3.1 TENNderCare;
 - 2.21.4.1.3.2 Prenatal or preventive pediatric care; or
 - 2.21.4.1.3.3 All claims covered by absent parent maintained insurance under Part D of Title IV of the Social Security Act.
- 2.21.4.1.4 The claims specified in Sections 2.21.4.1.3.1, 2.21.4.1.3.2, and 2.21.4.1.3.3 shall be paid at the time presented for payment by the provider and the CONTRACTOR shall bill the responsible third party.
- 2.21.4.2 The CONTRACTOR shall deny payment on a claim that has been denied by a third party payer when the reason for denial is the provider or enrollee's failure to follow prescribed procedures, including but not limited to, failure to obtain prior authorization, timely filing, etc.
- 2.21.4.3 The CONTRACTOR shall treat funds recovered from third parties as offsets to claims payments. The CONTRACTOR shall report all cost avoidance values to TENNCARE in accordance with federal guidelines and as described in Section 2.21.4 of this Agreement
- 2.21.4.4 The CONTRACTOR shall post all third party payments to claim level detail by enrollee.
- 2.21.4.5 Third party resources shall include subrogation recoveries. The CONTRACTOR shall be required to seek subrogation amounts regardless of the amount believed to be available as required by federal Medicaid guidelines. The amount of any subrogation recoveries collected by the CONTRACTOR outside of the claims processing system shall be the property of the State.
- 2.21.4.6 The CONTRACTOR shall conduct diagnosis and trauma code editing to identify potential subrogation claims. This editing should, at minimum, identify claims with a diagnosis of 900.00 through 999.99 (excluding 994.6) or claims submitted with an accident trauma indicator of 'Y.'
- 2.21.4.7 TennCare cost sharing responsibilities permitted pursuant to Section 2.6.15 of this Agreement shall not be considered TPL.
- 2.21.4.8 The CONTRACTOR shall provide TPL data to any provider having a claim denied by the CONTRACTOR based upon TPL.

Amendment Number 20 (cont.)

- 2.21.4.9 The CONTRACTOR shall provide to TENNCARE any third party resource information necessary in a format and media described by TENNCARE and shall cooperate in any manner necessary, as requested by TENNCARE, with TENNCARE and/or a cost recovery vendor at such time that TENNCARE acquires said services.
- 2.21.4.10 TENNCARE may require a TennCare contracted TPL vendor to review paid claims that are over ninety (90) calendar days old and pursue TPL (excluding subrogation) for those claims that do not indicate recovery amounts in the CONTRACTOR's reported encounter data.
- 2.21.4.11 If the CONTRACTOR operates or administers any non-Medicaid HMO, health plan or other lines of business, the CONTRACTOR shall assist TENNCARE with the identification of enrollees with access to other insurance.
- 2.21.4.12 The CONTRACTOR shall demonstrate, upon request, to TENNCARE that reasonable effort has been made to seek, collect and/or report third party recoveries. TENNCARE shall have the sole responsibility for determining whether or not reasonable efforts have been demonstrated. Said determination shall take into account reasonable industry standards and practices.

2.21.5 Solvency Requirements

2.21.5.1 Minimum Net Worth

- 2.21.5.1.1 The CONTRACTOR shall establish and maintain the minimum net worth requirements required by TDCI, including but not limited to TCA 56-32-112.
- 2.21.5.1.2 Any and all payments made by TENNCARE, including administrative fee payments, as well as incentive payments (if applicable) to the CONTRACTOR shall be considered "Premium revenue" for the purpose of calculating the minimum net worth required by TCA 56-32-112.
- 2.21.5.1.3 The CONTRACTOR shall demonstrate evidence of its compliance with this provision to TDCI in the financial reports filed with TDCI by the CONTRACTOR.

2.21.5.2 Restricted Deposits

The CONTRACTOR shall achieve and maintain restricted deposits in an amount equal to the net worth requirement specified in Section 2.21.5.1. TDCI shall calculate the amount of restricted deposits based on the CONTRACTOR's TennCare premium revenue only unless this calculation would result in restricted deposits below the statutory requirements set forth in TCA 56-32-112 related to restricted deposits; in which case the required amount would be equal to the statutory requirement as it is calculated by TDCI. This contractual requirement shall in no way be construed as a way to circumvent, waive or modify the statutory requirement.

2.21.5.3 Liquidity Ratio Requirement

In addition to the positive working capital requirement described in TCA 56-32-112, the CONTRACTOR shall maintain a liquidity ratio where admitted assets consisting of cash, cash equivalents, short-term investments and bonds exceed total liabilities as reported on the NAIC financial statements.

- 2.21.5.4 If the CONTRACTOR fails to meet and/or maintain the applicable net worth and/or restricted deposit financial requirements in accordance with Sections 2.21.5.1 through 2.21.5.3, as determined by TDCI, the CONTRACTOR agrees that said failure shall constitute hazardous financial conditions as defined by TCA 56-32-112 and the CONTRACTOR shall be considered to be in breach of the terms of the Agreement.

Amendment Number 20 (cont.)

2.21.6 **Accounting Requirements**

- 2.21.6.1 The CONTRACTOR shall establish and maintain an accounting system in accordance with generally accepted accounting principles. The accounting system shall maintain records pertaining to the tasks defined in this Agreement and any other costs and expenditures made under the Agreement.
- 2.21.6.2 Specific accounting records and procedures are subject to TENNCARE and federal approval. Accounting procedures, policies, and records shall be completely open to state and federal personnel at any time during the Agreement period and for five (5) years thereafter unless otherwise specified elsewhere in this Agreement.

2.21.7 **Insurance**

- 2.21.7.1 The CONTRACTOR shall obtain adequate worker's compensation and general liability insurance coverage prior to commencing any work in connection with this Agreement. Additionally, TENNCARE may require, at its sole discretion, the CONTRACTOR to obtain adequate professional malpractice liability or other forms of insurance. Any insurance required by TENNCARE shall be in the form and substance acceptable to TENNCARE.
- 2.21.7.2 The CONTRACTOR shall require that any subcontractors or contract providers obtain all similar insurance required of it prior to commencing work.
- 2.21.7.3 The CONTRACTOR shall furnish proof of adequate coverage of insurance by a certificate of insurance submitted to TENNCARE.
- 2.21.7.4 TENNCARE shall be exempt from and in no way liable for any sums of money that may represent a deductible in any insurance policy. The payment of such a deductible shall be the sole responsibility of the CONTRACTOR, subcontractor and/or provider obtaining such insurance. The same holds true of any premiums paid on any insurance policy pursuant to this Agreement.
- 2.21.7.5 Failure to provide proof of adequate coverage within the specified time period may result in this Agreement being terminated.

2.21.8 **Ownership and Financial Disclosure**

The CONTRACTOR shall disclose, to TENNCARE, the Comptroller General of the United States or CMS, full and complete information regarding ownership, financial transactions and persons convicted of criminal activity related to Medicare, Medicaid, or the federal Title XX programs in accordance with federal and state requirements, including Public Chapter 379 of the Acts of 1999. This disclosure shall be made in accordance with the requirements in Section 2.30.14.2. The following information shall be disclosed:

- 2.21.8.1 The name and address of each person with an ownership or control interest in the disclosing entity or in any provider or subcontractor in which the disclosing entity has direct or indirect ownership of five percent (5%) or more and whether any of the persons named pursuant to this requirement is related to another as spouse, parent, child, or sibling. This disclosure shall include the name of any other disclosing entity in which a person with an ownership or control interest in the disclosing entity also has an ownership or control interest;
- 2.21.8.2 The identity of any provider or subcontractor with whom the CONTRACTOR has had significant business transactions, defined as those totaling more than twenty-five thousand dollars (\$25,000) during the twelve (12) month period ending on the date of the disclosure, and any significant business transactions between the CONTRACTOR, any wholly owned supplier, or between the CONTRACTOR and any provider or subcontractor, during the five (5) year period ending on the date of the disclosure;

Amendment Number 20 (cont.)

- 2.21.8.3 The identity of any person who has an ownership or control interest in the CONTRACTOR, or is an agent or managing employee of the CONTRACTOR and who has been convicted of a criminal offense related to that person's involvement in any program under Medicare, Medicaid, or the federal Title XX services program since the inception of those programs;
- 2.21.8.4 Disclosure from officials in legislative and executive branches of government as to possible conflicts of interest;
- 2.21.8.5 If the CONTRACTOR is not a federally qualified HMO, the CONTRACTOR shall disclose certain transactions with parties in interest to TENNCARE. Transactions shall be reported according to the following guidelines:
 - 2.21.8.5.1 The CONTRACTOR shall disclose the following transactions:
 - 2.21.8.5.1.1 Any sale, exchange or lease of any property between the HMO and a party in interest;
 - 2.21.8.5.1.2 Any lending of money or other extension of credit between the HMO and a party in interest; and
 - 2.21.8.5.1.3 Any furnishing for consideration of goods, services (including management services) or facilities between the HMO and the party in interest. This does not include salaries paid to employees for services provided in the normal course of their employment.
 - 2.21.8.5.2 The information which shall be disclosed in the transactions includes:
 - 2.21.8.5.2.1 The name of the party in interest for each transaction;
 - 2.21.8.5.2.2 A description of each transaction and the quantity or units involved;
 - 2.21.8.5.2.3 The accrued dollar value of each transaction during the fiscal year; and
 - 2.21.8.5.2.4 Justification of the reasonableness of each transaction.
 - 2.21.8.5.3 If the Agreement is being renewed or extended, the CONTRACTOR shall disclose information on business transactions which occurred during the prior contract period. If the Agreement is an initial Agreement with TENNCARE, but the CONTRACTOR has operated previously in the commercial or Medicare markets, information on business transactions for the entire year preceding the initial contract period shall be disclosed. The business transactions which shall be reported are not limited to transactions related to serving the Medicaid/TennCare enrollment. All of the CONTRACTOR's business transactions shall be reported.
 - 2.21.8.5.4 A party in interest is:
 - 2.21.8.5.4.1 Any director, officer, partner, or employee responsible for management or administration of an HMO and HIO; any person who is directly or indirectly the beneficial owner of more than five percent (5%) of the equity of the HMO; any person who is the beneficial owner of a mortgage, deed of trust, note, or other interest secured by, and valuing more than five percent (5%) of the HMO; or, in the case of an HMO organized as a nonprofit corporation, an incorporator or member of such corporation under applicable state corporation law;
 - 2.21.8.5.4.2 Any organization in which a person described in subsection 1 is director, officer or partner; has directly or indirectly a beneficial interest of more than five percent (5%) of the equity of the HMO; or has a mortgage, deed of trust, note, or other interest valuing more than five percent (5%) of the assets of the HMO;
 - 2.21.8.5.4.3 Any person directly or indirectly controlling, controlled by, or under common control with an HMO; or

Amendment Number 20 (cont.)

- 2.21.8.5.4.4 Any spouse, child, or parent of an individual described in Sections 2.21.8.5.4.1, 2.21.8.5.4.2, or 2.21.8.5.4.3
- 2.21.8.5.5 TENNCARE and/or the Secretary of Health and Human Services may request information to be in the form of a consolidated financial statement.

2.21.9 Internal Audit Function

The CONTRACTOR shall establish and maintain an internal audit function responsible for providing an independent review and evaluation of the CONTRACTOR's accuracy of financial recordkeeping, the reliability and integrity of information, the adequacy of internal controls, and compliance with applicable laws, policies, procedures, and regulations. The CONTRACTOR's internal audit function shall be responsible for performing audits to ensure the economical and efficient use of resources by all departments to accomplish the objectives and goals for the operations of the department. Further, the CONTRACTOR's internal audit department shall be responsible for performance of the claims payment accuracy tests as described in Section 2.22.6 of this Agreement.

2.21.10 Audit of Business Transactions

- 2.21.10.1 The CONTRACTOR shall cause an audit of its business transactions to be performed by a licensed certified public accountant, including but not limited to the financial transactions made under this Agreement. Such audit shall be performed in accordance with the requirements in Section 2.30.14.3.5 of this Agreement.
- 2.21.10.2 No later than December 1 of each year, the CONTRACTOR shall submit a copy of the full executed agreement to audit accounts to TENNCARE. Such agreement shall include the following language:
 - 2.21.10.2.1 The auditor agrees to retain working papers for no less than five (5) years and that all audit working papers shall, upon request, be made available for review by the Comptroller of the Treasury, the Comptroller's representatives, agents, and legal counsel, or the TennCare Division of the Tennessee Department of Commerce and Insurance, during normal working hours while the audit is in progress and/or subsequent to the completion of the report. Nothing in this Section shall be construed to modify or change the obligations of the CONTRACTOR contained in Section 2.23.2 (Data and Document Management Requirements), 2.23.3 (System and Data Integration Requirements), or 2.23.6 (Security and Access Management Requirements) of this Agreement.
 - 2.21.10.2.2 Any evidence of fraud, such as defalcation, misappropriation, misfeasance, malfeasance, embezzlement, fraud or other illegal acts shall be reported by the auditor, in writing immediately upon discovery, to the Comptroller of the Treasury, State of Tennessee, who shall under all circumstances have the authority, at the discretion of the Comptroller, to directly investigate such matters. If the circumstances disclosed by the audit call for a more detailed investigation by the auditor than necessary under ordinary circumstances, the auditor shall inform the organization's governing body in writing of the need for such additional investigation and the additional compensation required therefor. Upon approval by the Comptroller of the Treasury, an amendment to this contract may be made by the organization's governing body and the auditor for such additional investigation.

2.22 CLAIMS MANAGEMENT

2.22.1 General

To the extent that the CONTRACTOR compensates providers on a fee-for-service or other basis requiring the submission of claims as a condition of payment, the CONTRACTOR shall process, as described herein, the provider's claims for covered benefits provided to members consistent with applicable CONTRACTOR policies and procedures and the terms of this Agreement including but not limited to timely filing, and compliance with all applicable state and federal laws, rules and regulations.

2.22.2 Claims Management System Capabilities

- 2.22.2.1 The CONTRACTOR shall maintain a claims management system that can uniquely identify the provider of the service, date of receipt (the date the CONTRACTOR receives the claim as indicated by a date-stamp), real-time-accurate history of actions taken on each provider claim (i.e., paid, denied, suspended, appealed, etc.), date of payment (the date of the check or other form of payment) and all data elements as required by TENNCARE for encounter data submission (see Section 2.23), and can track service use against hard benefit limits in accordance with a methodology set by TENNCARE.
- 2.22.2.2 The CONTRACTOR shall have in place, an electronic claims management (ECM) capability that accepts and processes claims submitted electronically with the exception of claims that require written documentation to justify payment (e.g., hysterectomy/sterilization consent forms, certification for medical necessity for abortion, necessary operative reports, etc.).
- 2.22.2.3 The ECM capability shall function in accordance with information exchange and data management requirements specified in Section 2.23 of this Agreement.
- 2.22.2.4 As part of this ECM function, the CONTRACTOR shall also provide on-line and phone-based capabilities to obtain claims processing status information.
- 2.22.2.5 The CONTRACTOR shall support an automated clearinghouse (ACH) mechanism that allows providers to request and receive electronic funds transfer (EFT) of claims payments.
- 2.22.2.6 The CONTRACTOR shall not derive financial gain from a provider's use of electronic claims filing functionality and/or services offered by the CONTRACTOR or a third party. However, this provision shall not be construed to imply that providers may not be responsible for payment of applicable transaction fees/charges.

2.22.3 Paper Based Claims Formats

- 2.22.3.1 The CONTRACTOR shall comply at all times with standardized paper billing forms/formats (and all future updates) as follows:

Claim Type	Claim Form
Professional	CMS 1500
Institutional	CMS 1450
Dental	ADA

- 2.22.3.2 The CONTRACTOR shall not revise or modify the standardized forms or format.
- 2.22.3.3 For the forms identified in Section 2.22.3.1, the CONTRACTOR shall adhere to national standards and standardized instructions and definitions that are consistent with industry norms that are developed jointly with TENNCARE. These shall include, but not be limited to, HIPAA-based standards, federally required safeguard requirements including signature requirements described in Section 112821.1 of the CMS State Medicaid Manual and 42 CFR 455.18 and 455.19, as well as TDCI rules for Uniform Claims Process for TennCare in accordance with TCA 71-5-191.
- 2.22.3.4 The CONTRACTOR agrees that at such time that TENNCARE in conjunction with appropriate work groups presents recommendations concerning claims billing and processing that are consistent with industry norms, the CONTRACTOR shall comply with said recommendations within ninety (90) calendar days from notice by TENNCARE.

Amendment Number 20 (cont.)

2.22.4 Prompt Payment

- 2.22.4.1 The CONTRACTOR shall comply with prompt pay claims processing requirements in accordance with TCA 56-32-126.
- 2.22.4.2 The CONTRACTOR shall ensure that ninety percent (90%) of clean claims for payment for services delivered to a TennCare enrollee are paid within thirty (30) calendar days of the receipt of such claims.
- 2.22.4.3 The CONTRACTOR shall process, and if appropriate pay, within sixty (60) calendar days ninety-nine point five percent (99.5%) of all provider claims for covered services delivered to a TennCare enrollee. The terms “processed and paid” are synonymous with terms “process and pay” of TCA 56-32-126(b)(1)(A) and (B).
- 2.22.4.4 If a claim is partially or totally denied on the basis the provider did not submit any required information or documentation with the claim, then the remittance advice or other appropriate written or electronic notice shall specifically identify all such information and documentation. Resubmission of a claim with further information and/or documentation shall constitute a new claim for purposes of establishing the time frame for claims processing.
- 2.22.4.5 To the extent that the provider agreement requires compensation of a provider on a monthly fixed fee basis or on any other basis that does not require the submission of a claim as a condition to payment, such payment shall be made to the provider by no later than (i) the time period specified in the provider agreement/contract between the provider and the CONTRACTOR or subcontractor, or if a time period is not specified in the contract (ii) the tenth (10th) day of the calendar month if the payment is to be made by a subcontractor, or (iii) if the CONTRACTOR is required to compensate the provider directly, within five (5) calendar days after receipt of the capitated payment and supporting remittance advice information from TENNCARE.
- 2.22.4.6 The CONTRACTOR shall not deny provider claims on the basis of untimely filing in situations regarding coordination of benefits or subrogation, in which case the provider is pursuing payment from a third party or if an enrollee is enrolled in the CONTRACTOR’s MCO with a retroactive eligibility date. In situations of third party benefits, the time frames for filing a claim shall begin on the date that the third party documented resolution of the claim. In situations of enrollment in the CONTRACTOR’s MCO with a retroactive eligibility date, the time frames for filing a claim shall begin on the date that the CONTRACTOR receives notification from TENNCARE of the enrollee’s eligibility/enrollment.
- 2.22.4.7 As it relates to MCO Assignment Unknown (see Sections 2.13.9 and 2.13.10), the CONTRACTOR shall not deny a claim on the basis of the provider’s failure to file a claim within a specified time period after the date of service when the provider could not have reasonably known which MCO the member was in during the timely filing period. However, in such cases the CONTRACTOR may impose timely filing requirements beginning on the date of notification of the individual’s enrollment.

2.22.5 Claims Dispute Management

- 2.22.5.1 The CONTRACTOR shall have an internal claims dispute procedure that will be reviewed and approved in writing by TENNCARE prior to its implementation.
- 2.22.5.2 The CONTRACTOR shall contract with independent reviewers to review disputed claims as provided by TCA 56-32-126.
- 2.22.5.3 The CONTRACTOR shall systematically capture the status and resolution of all claim disputes, as well as all associated documentation.

Amendment Number 20 (cont.)

2.22.6 Claims Payment Accuracy – Minimum Audit Procedures

- 2.22.6.1 On a monthly basis the CONTRACTOR shall submit claims payment accuracy percentage reports (see Section 2.30.15).
- 2.22.6.2 The report shall be based on an audit conducted by the CONTRACTOR. The audit shall be conducted by an entity or staff independent of claims management. Requirements for the internal audit function are outlined in Section 2.21.9 of this Agreement.
- 2.22.6.3 The audit shall utilize a random sample of all “processed or paid” claims upon initial submission in each month (the terms “processed and paid” are synonymous with terms “process and pay” of TCA 56-32-126(b)(1)(A) and (B)). A minimum sample of one-hundred (100) claims randomly selected from the entire population of electronic and paper claims processed or paid upon initial submission for the month tested is required.
- 2.22.6.4 The minimum attributes to be tested for each claim selected shall include:
 - 2.22.6.4.1 Claim data correctly entered into the claims processing system;
 - 2.22.6.4.2 Claim is associated to the correct provider;
 - 2.22.6.4.3 Service obtained the proper authorization;
 - 2.22.6.4.4 Member eligibility at processing date correctly applied;
 - 2.22.6.4.5 Allowed payment amount agrees with contracted rate;
 - 2.22.6.4.6 Duplicate payment of the same claim has not occurred;
 - 2.22.6.4.7 Denial reason applied appropriately;
 - 2.22.6.4.8 Copayment application considered and applied;
 - 2.22.6.4.9 Effect of modifier codes correctly applied;
 - 2.22.6.4.10 Processing considered if service subject to hard benefit limits considered and applied;
 - 2.22.6.4.11 Other insurance properly considered and applied;
 - 2.22.6.4.12 Application of hard benefit limits; and
 - 2.22.6.4.13 Proper coding including bundling/unbundling.
- 2.22.6.5 For audit and verification purposes, the population of claims should be maintained. Additionally, the results of testing at a minimum should be documented to include:
 - 2.22.6.5.1 Results for each attribute tested for each claim selected;
 - 2.22.6.5.2 Amount of overpayment or underpayment for claims processed or paid in error;
 - 2.22.6.5.3 Explanation of the erroneous processing for each claim processed or paid in error;
 - 2.22.6.5.4 Determination if the error is the result of keying errors or the result of errors in the configuration or table maintenance of the claims processing system; and
 - 2.22.6.5.5 Claims processed or paid in error have been corrected.

Amendment Number 20 (cont.)

- 2.22.6.6 If the CONTRACTOR subcontracts for the provision of any covered services (see Section 2.26), and the subcontractor is responsible for processing claims (see Section 2.26.10), then the CONTRACTOR shall submit a claims payment accuracy percentage report for the claims processed by the subcontractor. The report shall be based on an audit conducted in compliance with the requirements of this Section 2.22.6.

2.22.7 Claims Processing Methodology Requirements

- 2.22.7.1 The CONTRACTOR shall perform front end system edits, including but not limited to:
 - 2.22.7.1.1 Confirming eligibility on each enrollee as claims are submitted on the basis of the eligibility information provided by the State that applies to the period during which the charges were incurred;
 - 2.22.7.1.2 Third party liability (TPL);
 - 2.22.7.1.3 Medical necessity (e.g., appropriate age/sex for procedure);
 - 2.22.7.1.4 Prior approval: the system shall determine whether a covered service required prior approval and, if so, whether the CONTRACTOR granted such approval;
 - 2.22.7.1.5 Duplicate claims: the system shall in an automated manner flag a claim as being (1) exactly the same as a previously submitted claim or (2) a possible duplicate and either deny or pend the claim as needed;
 - 2.22.7.1.6 Covered service: the system shall verify that a service is a covered service and is eligible for payment;
 - 2.22.7.1.7 Provider validation: the system shall approve for payment only those claims received from providers eligible to render services for which the claim was submitted;
 - 2.22.7.1.8 Quantity of service: the system shall evaluate claims for services provided to members to ensure that any applicable hard benefit limits are applied; and
 - 2.22.7.1.9 Benefit limits: the system shall ensure that hard benefit limit rules set by TENNCARE are factored into the determination of whether a claim should be adjudicated and paid.
- 2.22.7.2 The CONTRACTOR shall perform system edits for valid dates of service: the system shall assure that dates of service are valid dates, e.g., not in the future or outside of a member's TennCare eligibility span.
- 2.22.7.3 The CONTRACTOR shall perform post-payment review on a sample of claims to ensure services provided were medically necessary.
- 2.22.7.4 The CONTRACTOR shall have a staff of qualified, medically trained and appropriately licensed personnel, consistent with NCQA accreditation standards, whose primary duties are to assist in evaluating claims for medical necessity.

2.22.8 Explanation of Benefits (EOBs) and Related Functions

- 2.22.8.1 The CONTRACTOR shall be responsible for generating and mailing EOBs to TennCare enrollees in accordance with guidelines described by TENNCARE.
- 2.22.8.2 The CONTRACTOR shall omit any claims in the EOB file that are associated with sensitive services. The CONTRACTOR, with guidance from TENNCARE, shall develop "sensitive services" logic to be applied to the handling of said claims for EOB purposes.
- 2.22.8.3 At a minimum, EOBs shall be designed to address requirements found in 42 CFR 455.20 and 433.116 as well as requirements associated with a change in TennCare policy and shall

Amendment Number 20 (cont.)

include: claims for services with hard benefit limits, claims with enrollee cost sharing, denied claims with enrollee responsibility, and a sampling of paid claims (excluding ancillary and anesthesia services).

2.22.8.4 Regarding the paid claims sample referenced in Section 2.22.6.3, the CONTRACTOR shall stratify said sample to ensure that all provider types (or specialties) are represented in the pool of generated EOBs. To the extent that the CONTRACTOR considers a particular specialty (or provider) to warrant closer scrutiny, the CONTRACTOR may over sample the group. The paid claims sample should be a minimum of twenty-five (25) claims per check run with a minimum of 100 claims per month.

2.22.8.5 Based on the EOBs sent to TennCare enrollees, the CONTRACTOR shall track any complaints received from enrollees and resolve the complaints according to its established policies and procedures. The resolution may be enrollee education, provider education, or referral to TBI/OIG. The CONTRACTOR shall use the feedback received to modify or enhance the EOB sampling methodology.

2.22.9 Remittance Advices and Related Functions

2.22.9.1 In concert with its claims payment cycle the CONTRACTOR shall provide an electronic status report indicating the disposition for every adjudicated claim for each claim type submitted by providers seeking payment as well as capitated payments generated and paid by the CONTRACTOR.

2.22.9.2 The status report shall contain appropriate explanatory remarks related to payment or denial of the claim, including but not limited to TPL data.

2.22.9.3 If a claim is partially or totally denied on the basis the provider did not submit any required information or documentation with the claim, then the remittance advice shall specifically identify all such information and documentation.

2.22.9.4 In accordance with 42 CFR 455.18 and 455.19, the following statement shall be included on each remittance advice sent to providers: "I understand that payment and satisfaction of this claim will be from federal and state funds, and that any false claims, statements, documents, or concealment of a material fact, may be prosecuted under applicable federal and/or state laws."

2.22.10 Processing of Payment Errors

The CONTRACTOR shall not employ off-system or gross adjustments when processing corrections to payment errors, unless it requests and receives prior written authorization from TENNCARE.

2.22.11 Notification to Providers

For purposes of network management, the CONTRACTOR shall, at a minimum, notify all contract providers to file claims associated with covered services directly with the CONTRACTOR, or its subcontractors, on behalf of TennCare enrollees.

2.22.12 Payment Cycle

At a minimum, the CONTRACTOR shall run one (1) provider payment cycle per week, on the same day each week, as determined by the CONTRACTOR and approved in writing by TENNCARE.

2.22.13 Excluded Providers

2.22.13.1 The CONTRACTOR shall not pay any claim submitted by a provider who is excluded from participation in Medicare, Medicaid, or SCHIP programs pursuant to Sections 1128 or 1156 of the Social Security Act or is otherwise not in good standing with TENNCARE.

Amendment Number 20 (cont.)

- 2.22.13.2 The CONTRACTOR shall not pay any claim submitted by a provider that is on payment hold under the authority of TENNCARE.

2.23 INFORMATION SYSTEMS

2.23.1 General Provisions

2.23.1.1 Systems Functions

The CONTRACTOR shall have Information management processes and Information Systems (hereafter referred to as Systems) that enable it to meet TENNCARE and federal reporting requirements and other Agreement requirements and that are in compliance with this Agreement and all applicable state and federal laws, rules and regulations including HIPAA.

2.23.1.2 Systems Capacity

The CONTRACTOR's Systems shall possess capacity sufficient to handle the workload projected for the start date of operations and shall be scaleable and flexible so they can be adapted as needed, within negotiated time frames, in response to changes in Agreement requirements, increases in enrollment estimates, etc.

2.23.1.3 Electronic Messaging

- 2.23.1.3.1 The CONTRACTOR shall provide a continuously available electronic mail communication link (e-mail system) with TENNCARE.

- 2.23.1.3.2 The e-mail system shall be capable of attaching and sending documents created using software products other than CONTRACTOR's Systems, including TENNCARE's currently installed version of Microsoft Office and any subsequent upgrades as adopted.

- 2.23.1.3.3 As needed, the CONTRACTOR shall be able to communicate with TENNCARE using TENNCARE's e-mail system over a secure virtual private network (VPN).

- 2.23.1.3.4 As needed, based on the sensitivity of data contained in an electronic message, the CONTRACTOR shall support network-to-network encryption of said messages.

2.23.1.4 Participation in Information Systems Work Groups/Committees

The CONTRACTOR and TENNCARE shall establish an information systems work group/committee to coordinate activities and develop cohesive systems strategies among TENNCARE and the MCOs. The Work Group will meet on a designated schedule as agreed to by TENNCARE and the CONTRACTOR.

2.23.1.5 Connectivity to TENNCARE/State Network and Systems

The CONTRACTOR shall be responsible for establishing connectivity to TENNCARE's/the state's wide area data communications network, and the relevant information systems attached to this network, in accordance to all applicable TENNCARE and/or state policies, standards and guidelines.

Amendment Number 20 (cont.)

2.23.1.6 Systems Refresh Plan

The CONTRACTOR shall provide to TENNCARE an annual Systems refresh plan (see Section 2.30.16). The plan shall outline how Systems within the CONTRACTOR's span of control will be systematically assessed to determine the need to modify, upgrade and/or replace application software, operating hardware and software, telecommunications capabilities, information management policies and procedures, and/or systems management policies and procedures in response to changes in business requirements, technology obsolescence, staff turnover and other relevant factors. The systems refresh plan shall also indicate how the CONTRACTOR will insure that the version and/or release level of all of its Systems components (application software, operating hardware, operating software) are always formally supported by the original equipment manufacturer (OEM), software development firm (SDF), or a third party authorized by the OEM and/or SDF to support the System component.

2.23.2 **Data and Document Management Requirements**

2.23.2.1 Adherence to Data and Document Management Standards

2.23.2.1.1 The CONTRACTOR's Systems shall conform to the data and document management standards by information type/subtype detailed in the HIPAA Implementation and TennCare Companion guides, inclusive of the standard transaction code sets specified in the guides.

2.23.2.1.2 The CONTRACTOR's Systems shall conform to HIPAA standards for data and document management that are currently under development within one-hundred twenty (120) calendar days of the standard's effective date or, if earlier, the date stipulated by CMS or TENNCARE.

2.23.2.2 Data Model and Accessibility

The CONTRACTOR's Systems shall be Structured Query Language (SQL) and/or Open Database Connectivity (ODBC) compliant; alternatively, the CONTRACTOR's Systems shall employ a relational data model in the architecture of its databases in addition to a relational database management system (RDBMS) to operate and maintain said databases.

2.23.2.3 Data and Document Relationships

2.23.2.3.1 When the CONTRACTOR houses indexed images of documents used by members and providers to transact with the CONTRACTOR the CONTRACTOR shall ensure that these documents maintain logical relationships to certain key data such as member identification and provider identification number.

2.23.2.3.2 The CONTRACTOR shall ensure that records associated with a common event, transaction or customer service issue have a common index that will facilitate search, retrieval and analysis of related activities, e.g., interactions with a particular member about a reported problem.

2.23.2.3.3 Upon TENNCARE request, the CONTRACTOR shall be able to generate a listing of all members and providers that were sent a particular document, the date and time that the document was generated, and the date and time that it was sent to particular members or providers or groups thereof. The CONTRACTOR shall also be able to generate a sample of said document.

2.23.2.4 Information Retention

2.23.2.4.1 The CONTRACTOR shall provide and maintain a comprehensive information retention plan that is in compliance with state and federal requirements. The plan shall comply with the applicable requirements of the Tennessee Department of General Services, Records Management Division.

Amendment Number 20 (cont.)

- 2.23.2.4.2 The CONTRACTOR shall maintain information on-line for a minimum of three (3) years, based on the last date of update activity, and update detailed and summary history data monthly for up to three (3) years to reflect adjustments.
- 2.23.2.4.3 The CONTRACTOR shall provide forty-eight (48) hour turnaround or better on requests for access to information that is between three (3) years and six (6) years old, and seventy-two (72) hour turnaround or better on requests for access to information in machine readable form that is between six (6) and ten (10) years old.
- 2.23.2.4.4 If an audit or administrative, civil or criminal investigation or prosecution is in progress or audit findings or administrative, civil or criminal investigations or prosecutions are unresolved, information shall be kept in electronic form until all tasks or proceedings are completed.

2.23.2.5 Information Ownership

All information, whether data or documents, and reports that contain or make references to said information, involving or arising out of this Agreement is owned by TENNCARE. The CONTRACTOR is expressly prohibited from sharing or publishing TENNCARE information and reports without the prior written consent of TENNCARE.

2.23.3 **System and Data Integration Requirements**

2.23.3.1 Adherence to Standards for Data Exchange

2.23.3.1.1 The CONTRACTOR's Systems shall be able to transmit, receive and process data in HIPAA-compliant or TENNCARE-specific formats and methods, including but not limited to secure File Transfer Protocol (FTP) over a secure connection such as a VPN, that are in use at the start of Systems readiness review activities. These formats are detailed in the HIPAA Implementation and TennCare Companion guides.

2.23.3.1.2 The CONTRACTOR's Systems shall conform to future federal and/or TENNCARE specific standards for data exchange within one-hundred twenty (120) calendar days of the standard's effective date or, if earlier, the date stipulated by CMS or TENNCARE. The CONTRACTOR shall partner with TENNCARE in the management of current and future data exchange formats and methods and in the development and implementation planning of future data exchange methods not specific to HIPAA or other federal effort. Furthermore, the CONTRACTOR shall conform to these standards as stipulated in the plan to implement such standards.

2.23.3.2 HIPAA Compliance Checker

All HIPAA-conforming exchanges of data between TENNCARE and the CONTRACTOR shall be subjected to the highest level of compliance as measured using an industry-standard HIPAA compliance checker application.

2.23.3.3 TENNCARE/State Website/Portal Integration

Where deemed that the CONTRACTOR's Web presence will be incorporated to any degree to TENNCARE's or the state's web presence/portal, the CONTRACTOR shall conform to the applicable TENNCARE or state standards for website structure, coding and presentation.

2.23.3.4 Connectivity to and Compatibility/Interoperability with TENNCARE Systems and IS Infrastructure

2.23.3.4.1 The CONTRACTOR shall be responsible for establishing connectivity to TENNCARE's/the state's wide area data communications network, and the relevant information systems attached to this network, in accordance to all applicable TENNCARE and/or state policies, standards and guidelines.

Amendment Number 20 (cont.)

2.23.3.4.2 All of the CONTRACTOR's applications, operating software, middleware, and networking hardware and software shall be able to interoperate as needed with TENNCARE and/or state systems and shall conform to applicable standards and specifications set by TENNCARE and/or the state agency that owns the system.

2.23.3.5 Data Exchange in Support of TENNCARE's Program Integrity and Compliance Functions

The CONTRACTOR's System(s) shall be capable of generating files in the prescribed formats for upload into TENNCARE Systems used specifically for program integrity and compliance purposes.

2.23.3.6 Address Standardization

The CONTRACTOR's System(s) shall possess mailing address standardization functionality in accordance with US Postal Service conventions.

2.23.4 **Encounter Data Provision Requirements (Encounter Submission and Processing)**

2.23.4.1 Adherence to HIPAA Standards

The CONTRACTOR's Systems are required to conform to HIPAA-standard transaction code sets as specified in the HIPAA Implementation and TennCare Companion guides.

2.23.4.2 Quality of Submission

2.23.4.2.1 The CONTRACTOR shall submit encounter data that meets established TENNCARE data quality standards. These standards are defined by TENNCARE to ensure receipt of complete and accurate data for program administration and will be closely monitored and strictly enforced. TENNCARE will revise and amend these standards as necessary to ensure continuous quality improvement. The CONTRACTOR shall make changes or corrections to any systems, processes or data transmission formats as needed to comply with TENNCARE data quality standards as originally defined or subsequently amended. The CONTRACTOR shall comply with industry-accepted clean claim standards for all encounter data, including submission of complete and accurate data for all fields required on standard billing forms or electronic claim formats to support proper adjudication of a claim. In the event that the CONTRACTOR denies provider claims for reimbursement due to lack of sufficient or accurate data required for proper adjudication, the CONTRACTOR shall submit all available claim data to TENNCARE without alteration or omission. Where the CONTRACTOR has entered into capitated reimbursement arrangements with providers, the CONTRACTOR shall require submission of all utilization or encounter data to the same standards of completeness and accuracy as required for proper adjudication of fee-for-service claims (see Section 2.12.7.31); the CONTRACTOR shall require this submission from providers as a condition of the capitation payment and shall make every effort to enforce this contract provision to ensure timely receipt of complete and accurate data. The CONTRACTOR shall be required to submit all data relevant to the adjudication and payment of claims in sufficient detail, as defined by TENNCARE, in order to support comprehensive financial reporting and utilization analysis. The CONTRACTOR shall submit encounter data according to standards and formats as defined by TENNCARE, complying with standard code sets and maintaining integrity with all reference data sources including provider and member data. All encounter data submissions will be subjected to systematic data quality edits and audits on submission to verify not only the data content but also the accuracy of claims processing. Any batch submission which contains fatal errors that prevent processing or that does not satisfy defined threshold error rates will be rejected and returned to the CONTRACTOR for immediate correction. Due to the need for timely data and to maintain integrity of processing sequence, the CONTRACTOR shall address any issues that prevent processing of an encounter batch in accordance with procedures specified in Section 2.23.13.

Amendment Number 20 (cont.)

- 2.23.4.2.2 TENNCARE will reject or report individual claims or encounters failing certain edits, as deemed appropriate and necessary by TENNCARE to ensure accurate processing or encounter data quality, and will return these transactions to the CONTRACTOR for research and resolution. TENNCARE will require expeditious action on the part of the CONTRACTOR to resolve errors or problems associated with said claims or the adjudication thereof, including any necessary changes or corrections to any systems, processes or data transmission formats, in accordance with the procedure specified in Section 2.23.13. Generally the CONTRACTOR shall, unless otherwise directed by TENNCARE, address ninety percent (90%) of reported errors within thirty (30) calendar days and address ninety-nine percent (99%) of reported errors within sixty (60) calendar days. Such errors will be considered acceptably addressed when the CONTRACTOR has either confirmed and corrected the reported issue or disputed the reported issue with supporting information or documentation that substantiates the dispute. TENNCARE may require resubmission of the transaction with reference to the original in order to document resolution. Failure to promptly research and address reported errors, including submission of and compliance with an acceptable corrective action plan as required, may result in damages and sanctions as described in Section 2.23.13.
- 2.23.4.3 Provision of Encounter Data
- 2.23.4.3.1 Within two (2) business days of the end of a payment cycle the CONTRACTOR shall generate encounter data files for that payment cycle from its claims management system(s) and/or other sources. If the CONTRACTOR has more than one (1) payment cycle within the same calendar week, the encounter data files may be merged and submitted within two (2) business days of the end of the last payment cycle during the calendar week.
- 2.23.4.3.2 Any encounter data from a subcontractor shall be included in the file from the CONTRACTOR. The CONTRACTOR shall not submit separate encounter files from subcontractors.
- 2.23.4.3.3 The files shall contain settled claims and claim adjustments, including but not limited to adjustments necessitated by payment errors, processed during that payment cycle, as well as encounters processed during that payment cycle from providers with whom the CONTRACTOR has a capitation arrangement.
- 2.23.4.3.4 The level of detail associated with encounters from providers with whom the CONTRACTOR has a capitation arrangement shall be equivalent to the level of detail associated with encounters for which the CONTRACTOR received and settled a fee-for-service claim.
- 2.23.4.3.5 The CONTRACTOR shall adhere to federal and/or TENNCARE payment rules in the definition and treatment of certain data elements, e.g., units of service, that are standard fields in the encounter data submissions and will be treated similarly by TENNCARE across all MCOs.
- 2.23.4.3.6 The CONTRACTOR shall provide encounter data files electronically to TENNCARE in adherence to the procedure and format indicated in the HIPAA Implementation and TennCare Companion guides.
- 2.23.4.3.7 The CONTRACTOR shall institute processes to insure the validity and completeness of the data it submits to TENNCARE. At its discretion, TENNCARE will conduct general data validity and completeness audits using industry-accepted statistical sampling methods. Data elements that will be audited include but are not limited to: member ID, date of service, provider ID (including NPI number and Medicaid I.D. Number), category and sub category (if applicable) of service, diagnosis codes and modifiers, revenue codes, adherence to hard benefit limits, date of claim processing, and date of claim payment. Control totals shall also be reviewed and verified. Additionally, the CONTRACTOR shall reconcile all encounter data submitted to the State to control totals and to the CONTRACTOR's Medical Loss Ratio reports and supply the reconciliation to TENNCARE with each of the Medical Loss Ratio report submissions as specified in Section 2.30.14.2.1.

Amendment Number 20 (cont.)

2.23.4.3.8 Encounter records shall be submitted such that payment for discrete services which may have been submitted in a single claim can be ascertained in accordance with the CONTRACTOR's applicable reimbursement methodology for that service.

2.23.4.3.9 The CONTRACTOR shall be able to receive, maintain and utilize data extracts from TENNCARE and its contractors, e.g., pharmacy data from TENNCARE or its PBM.

2.23.5 Eligibility and Enrollment Data Exchange Requirements

2.23.5.1 The CONTRACTOR shall receive, process and update enrollment files sent daily by TENNCARE.

2.23.5.2 The CONTRACTOR shall update its eligibility/enrollment databases within twenty-four (24) hours of receipt of said files.

2.23.5.3 The CONTRACTOR shall transmit to TENNCARE, in the formats and methods specified in the HIPAA Implementation and TennCare Companion guides or as otherwise specified by TENNCARE: member address changes, telephone number changes, and PCP.

2.23.5.4 The CONTRACTOR shall be capable of uniquely identifying a distinct TennCare member across multiple populations and Systems within its span of control.

2.23.5.5 The CONTRACTOR shall be able to identify potential duplicate records for a single member and, upon confirmation of said duplicate record by TENNCARE, and resolve the duplication such that the enrollment, service utilization, and customer interaction histories of the duplicate records are linked or merged.

2.23.6 System and Information Security and Access Management Requirements

2.23.6.1 The CONTRACTOR's Systems shall employ an access management function that restricts access to varying hierarchical levels of system functionality and information. The access management function shall:

2.23.6.1.1 Restrict access to information on a "least privilege" basis, e.g., users permitted inquiry privileges only will not be permitted to modify information;

2.23.6.1.2 Restrict access to specific system functions and information based on an individual user profile, including inquiry only capabilities; global access to all functions shall be restricted to specified staff jointly agreed to by TENNCARE and the CONTRACTOR; and

2.23.6.1.3 Restrict unsuccessful attempts to access system functions to three (3), with a system function that automatically prevents further access attempts and records these occurrences.

2.23.6.2 The CONTRACTOR shall make System information available to duly authorized representatives of TENNCARE and other state and federal agencies to evaluate, through inspections or other means, the quality, appropriateness and timeliness of services performed.

2.23.6.3 The CONTRACTOR's Systems shall contain controls to maintain information integrity. These controls shall be in place at all appropriate points of processing. The controls shall be tested in periodic and spot audits following a methodology to be developed jointly by and mutually agreed upon by the CONTRACTOR and TENNCARE.

2.23.6.4 Audit trails shall be incorporated into all Systems to allow information on source data files and documents to be traced through the processing stages to the point where the information is finally recorded. The audit trails shall:

2.23.6.4.1 Contain a unique log-on or terminal ID, the date, and time of any create/modify/delete action and, if applicable, the ID of the system job that effected the action;

Amendment Number 20 (cont.)

- 2.23.6.4.2 Have the date and identification “stamp” displayed on any on-line inquiry;
- 2.23.6.4.3 Have the ability to trace data from the final place of recording back to its source data file and/or document;
- 2.23.6.4.4 Be supported by listings, transaction reports, update reports, transaction logs, or error logs;
- 2.23.6.4.5 Facilitate auditing of individual records as well as batch audits; and
- 2.23.6.4.6 Be maintained online for no less than two (2) years; additional history shall be retained for no less than ten (10) years and shall be retrievable within 48 hours.
- 2.23.6.5 The CONTRACTOR’s Systems shall have inherent functionality that prevents the alteration of finalized records.
- 2.23.6.6 The CONTRACTOR shall provide for the physical safeguarding of its data processing facilities and the systems and information housed therein. The CONTRACTOR shall provide TENNCARE with access to data facilities upon request. The physical security provisions shall be in effect for the life of this Agreement.
- 2.23.6.7 The CONTRACTOR shall restrict perimeter access to equipment sites, processing areas, and storage areas through a card key or other comparable system, as well as provide accountability control to record access attempts, including attempts of unauthorized access.
- 2.23.6.8 The CONTRACTOR shall include physical security features designed to safeguard processor site(s) through required provision of fire retardant capabilities, as well as smoke and electrical alarms, monitored by security personnel.
- 2.23.6.9 The CONTRACTOR shall put in place procedures, measures and technical security to prohibit unauthorized access to the regions of the data communications network inside of a CONTRACTOR’s span of control. This includes but is not limited to: no provider or member service applications shall be directly accessible over the Internet and shall be appropriately isolated to ensure appropriate access.
- 2.23.6.10 The CONTRACTOR shall ensure that remote access users of its Systems can only access said Systems through two-factor user authentication and via methods such as Virtual Private Network (VPN), which must be prior approved in writing by TENNCARE.
- 2.23.6.11 The CONTRACTOR shall comply with recognized industry standards governing security of state and federal automated data processing systems and information processing. At a minimum, the CONTRACTOR shall conduct a security risk assessment and communicate the results in an information security plan provided prior to the start date of operations. The risk assessment shall also be made available to appropriate federal agencies.

2.23.7 Systems Availability, Performance and Problem Management Requirements

- 2.23.7.1 The CONTRACTOR shall ensure that critical member and provider Internet and/or telephone-based functions and information, including but not limited to Confirmation of MCO Enrollment (CME), ECM, and self-service customer service functions are available to the applicable System users twenty-four (24) hours a day, seven (7) days a week, except during periods of scheduled System unavailability agreed upon by TENNCARE and the CONTRACTOR. Unavailability caused by events outside of a CONTRACTOR’s span of control is outside of the scope of this requirement.
- 2.23.7.2 The CONTRACTOR shall ensure that at a minimum all other System functions and information are available to the applicable system users between the hours of 7 a.m. and 7 p.m., in the time zone applicable to the Grand Region being served (for the Middle Grand Region, the applicable time zone shall be Central Time), Monday through Friday.

Amendment Number 20 (cont.)

- 2.23.7.3 The CONTRACTOR shall ensure that the systems and processes within its span of control associated with its data exchanges with TENNCARE are available and operational according to specifications and the data exchange schedule.
- 2.23.7.4 In the event of a declared major failure or disaster, the CONTRACTOR's core eligibility/enrollment and claims processing systems shall be back online within seventy-two (72) hours of the failure's or disaster's occurrence.
- 2.23.7.5 Upon discovery of any problem within its span of control that may jeopardize or is jeopardizing the availability and performance of critical systems functions and the availability of critical information as defined in this Section of the Agreement, including any problems impacting scheduled exchanges of data between the CONTRACTOR and TENNCARE, the CONTRACTOR shall notify the applicable TennCare staff via phone, fax and/or electronic mail within sixty (60) minutes of such discovery. In its notification the CONTRACTOR shall explain in detail the impact to critical path processes such as enrollment management and encounter submission processes.
- 2.23.7.6 Where the problem results in delays in report distribution or problems in on-line access to critical systems functions and information during a business day, the CONTRACTOR shall notify the applicable TENNCARE staff within fifteen (15) minutes of discovery of the problem, in order for the applicable work activities to be rescheduled or handled based on System unavailability protocols.
- 2.23.7.7 The CONTRACTOR shall provide to appropriate TENNCARE staff information on System unavailability events, as well as status updates on problem resolution. At a minimum these updates shall be provided on an hourly basis and made available via electronic mail and/or telephone.
- 2.23.7.8 The CONTRACTOR shall resolve unscheduled System unavailability of CME and ECM functions, caused by the failure of systems and telecommunications technologies within the CONTRACTOR's span of control, and shall implement the restoration of services, within sixty (60) minutes of the official declaration of System unavailability. Unscheduled System unavailability to all other CONTRACTOR System functions caused by systems and telecommunications technologies within the CONTRACTOR's span of control shall be resolved, and the restoration of services implemented, within eight (8) hours of the official declaration of System unavailability.
- 2.23.7.9 Cumulative System unavailability caused by systems and/or IS infrastructure technologies within the CONTRACTOR's span of control shall not exceed twelve (12) hours during any continuous twenty (20) business day period.
- 2.23.7.10 The CONTRACTOR shall not be responsible for the availability and performance of systems and IS infrastructure technologies outside of the CONTRACTOR's span of control.
- 2.23.7.11 Within five (5) business days of the occurrence of a problem with system availability, the CONTRACTOR shall provide TENNCARE with full written documentation that includes a corrective action plan describing how the CONTRACTOR will prevent the problem from occurring again.
- 2.23.7.12 Business Continuity and Disaster Recovery (BC-DR) Plan
- 2.23.7.12.1 Regardless of the architecture of its Systems, the CONTRACTOR shall develop and be continually ready to invoke a BC-DR plan that is reviewed and prior approved in writing by TENNCARE.
- 2.23.7.12.2 At a minimum the CONTRACTOR's BC-DR plan shall address the following scenarios: (a) the central computer installation and resident software are destroyed or damaged, (b) System interruption or failure resulting from network, operating hardware, software, or operational

Amendment Number 20 (cont.)

errors that compromises the integrity of transactions that are active in a live system at the time of the outage, (c) System interruption or failure resulting from network, operating hardware, software or operational errors that compromises the integrity of data maintained in a live or archival system, and (d) System interruption or failure resulting from network, operating hardware, software or operational errors that does not compromise the integrity of transactions or data maintained in a live or archival system but does prevent access to the System, i.e., causes unscheduled System unavailability.

2.23.7.12.3 The CONTRACTOR's BC-DR plan shall specify projected recovery times and data loss for mission-critical Systems in the event of a declared disaster.

2.23.7.12.4 The CONTRACTOR shall periodically, but no less than annually, test its BC-DR plan through simulated disasters and lower level failures in order to demonstrate to TENNCARE that it can restore System functions per the standards outlined elsewhere in this Section, Section 2.23 of the Agreement.

2.23.7.12.5 The CONTRACTOR shall submit a baseline BC-DR plan to TENNCARE and communicate proposed modifications as required in Section 2.30.16.

2.23.8 System User and Technical Support Requirements

2.23.8.1 The CONTRACTOR shall provide Systems Help Desk (SHD) services to all TENNCARE staff and the other agencies that may have direct access to CONTRACTOR systems.

2.23.8.2 The CONTRACTOR's SHD shall be available via local and toll-free telephone service and via e-mail from 7 a.m. to 7 p.m., in the time zone applicable to the Grand Region being served (for the Middle Grand Region, the applicable time zone shall be Central Time), Monday through Friday, with the exception of State of Tennessee holidays. Upon TENNCARE request, the CONTRACTOR shall staff the SHD on a state holiday, Saturday, or Sunday.

2.23.8.3 The CONTRACTOR's SHD staff shall answer user questions regarding CONTRACTOR System functions and capabilities; report recurring programmatic and operational problems to appropriate CONTRACTOR or TENNCARE staff for follow-up; redirect problems or queries that are not supported by the SHD, as appropriate, via a telephone transfer or other agreed upon methodology; and redirect problems or queries specific to data access authorization to the appropriate TENNCARE login account administrator.

2.23.8.4 The CONTRACTOR shall ensure individuals who place calls to the SHD between the hours of 7 p.m. and 7 a.m., in the time zone applicable to the Grand Region being served (for the Middle Grand Region, the applicable time zone shall be Central Time), shall be able to leave a message. The CONTRACTOR's SHD shall respond to messages by noon the following business day.

2.23.8.5 The CONTRACTOR shall ensure recurring problems not specific to System unavailability identified by the SHD shall be documented and reported to CONTRACTOR management within one (1) business day of recognition so that deficiencies are promptly corrected.

2.23.8.6 The CONTRACTOR shall have an IS service management system that provides an automated method to record, track and report on all questions and/or problems reported to the SHD.

2.23.9 System Testing and Change Management Requirements

2.23.9.1 The CONTRACTOR shall notify the applicable TENNCARE staff person of the following changes to Systems within its span of control within at least ninety (90) calendar days of the projected date of the change.

Amendment Number 20 (cont.)

- 2.23.9.1.1 Major changes, upgrades, modifications or updates to application or operating software associated with the following core production Systems: claims processing, eligibility and enrollment processing, service authorization management, provider enrollment and data management, and encounter data management; and
- 2.23.9.1.2 Conversions of core transaction management Systems.
- 2.23.9.2 If so directed by TENNCARE, the CONTRACTOR shall discuss the proposed change in the Systems work group.
- 2.23.9.3 The CONTRACTOR shall respond to TENNCARE notification of System problems not resulting in System unavailability according to the following time frames:
 - 2.23.9.3.1 Within five (5) calendar days of receiving notification from TENNCARE the CONTRACTOR shall respond in writing to notices of system problems.
 - 2.23.9.3.2 Within fifteen (15) calendar days, the correction shall be made or a requirements analysis and specifications document will be due.
 - 2.23.9.3.3 The CONTRACTOR shall correct the deficiency by an effective date to be determined by TENNCARE.
 - 2.23.9.3.4 The CONTRACTOR's Systems shall have a system-inherent mechanism for recording any change to a software module or subsystem.
 - 2.23.9.3.5 The CONTRACTOR shall put in place procedures and measures for safeguarding against unauthorized modifications to CONTRACTOR Systems.
- 2.23.9.4 Valid Window for Certain System Changes

Unless otherwise agreed to in advance by TENNCARE as part of the activities described in this Section 2.23.9, the CONTRACTOR shall not schedule System unavailability to perform System maintenance, repair and/or upgrade activities to take place during hours that can compromise or prevent critical business operations.
- 2.23.9.5 Testing
 - 2.23.9.5.1 The CONTRACTOR shall work with TENNCARE pertaining to any testing initiative as required by TENNCARE.

2.23.10 Information Systems Documentation Requirements

- 2.23.10.1 The CONTRACTOR shall ensure that written System process and procedure manuals document and describe all manual and automated system procedures for its information management processes and information systems.
- 2.23.10.2 The CONTRACTOR shall develop, prepare, print, maintain, produce, and distribute to TENNCARE distinct System design and management manuals, user manuals and quick/reference guides, and any updates.
- 2.23.10.3 The CONTRACTOR's System user manuals shall contain information about, and instructions for, using applicable System functions and accessing applicable system data.
- 2.23.10.4 When a System change is subject to TENNCARE prior written approval, the CONTRACTOR shall submit revisions to the appropriate manuals for prior written approval before implementing said System changes.

Amendment Number 20 (cont.)

2.23.10.5 All of the aforementioned manuals and reference guides shall be available in printed form and/or on-line. If so prescribed, the manuals shall be published in accordance to the appropriate TENNCARE and/or TENNCARE standard.

2.23.10.6 The CONTRACTOR shall update the electronic version of these manuals immediately; updates to the printed version of these manuals shall occur within ten (10) business days of the update taking effect.

2.23.11 **Reporting Requirements (Specific to Information Management and Systems Functions and Capabilities)**

2.23.11.1 The CONTRACTOR shall comply with all reporting requirements as described in Section 2.30.16 of this Agreement.

2.23.11.2 The CONTRACTOR shall provide systems-based capabilities for access by authorized TENNCARE personnel, on a secure and read-only basis, to data that can be used in ad hoc reports.

2.23.12 **Other Requirements**

2.23.12.1 Statewide Data Warehouse Requirements

The CONTRACTOR shall participate in a statewide effort to tie all hospitals, physicians, and other providers' information into a data warehouse that shall include, but not be limited to, claims information, formulary information, medically necessary service information, cost sharing information and a listing of providers by specialty for each MCO.

2.23.12.2 Community Health Record for TennCare Enrollees (Electronic Medical Record)

2.23.12.2.1 At such time that TENNCARE requires, the CONTRACTOR shall participate and cooperate with TennCare to implement, within a reasonable time frame, a secure, Web-accessible community health record for TennCare enrollees.

2.23.12.2.2 The design of the Web site for accessing the community health record and the record format and design shall comply with HIPAA, other federal and all state privacy and confidentiality regulations.

2.23.12.2.3 The CONTRACTOR shall provide a Web-based access vehicle for contract providers to the System described in Section 2.23.12.2.1, and shall work with said providers to encourage adoption of this System.

2.23.13 **Corrective Actions, Liquidated Damages and Sanctions Related to Information Systems**

2.23.13.1 Within five (5) business days of receipt of notice from TENNCARE of the occurrence of a problem with the provision and/or intake of an encounter or enrollment file, the CONTRACTOR shall provide TENNCARE with full written documentation that includes acknowledgement of receipt of the notice, a corrective action plan describing how the CONTRACTOR has addressed or will address the immediate problem and how the CONTRACTOR shall prevent the problem from recurring. In the event that the CONTRACTOR fails to correct errors which prevent processing of encounter or enrollment data in a timely manner as required by TENNCARE, fails to submit a corrective action plan as requested or required, or fails to comply with an accepted corrective action plan, TENNCARE may assess liquidated damages as specified in Section 5.8. Continued or repeated failure to submit clean encounter data may result in the application of additional damages or sanctions or be considered a breach of the Agreement.

2.23.13.2 Individual records submitted by the CONTRACTOR may be rejected; these records, once errors therein have been corrected, shall be resubmitted by the CONTRACTOR as stipulated by TENNCARE. In the event that the CONTRACTOR is unable to research or address

Amendment Number 20 (cont.)

reported errors in a timely manner as required by TENNCARE, the CONTRACTOR shall submit to TENNCARE a corrective action plan describing how the CONTRACTOR will research and address the errors and how the CONTRACTOR shall prevent the problem from recurring within five (5) business days of receipt of notice from TENNCARE that individual records submitted by the CONTRACTOR have been rejected. In the event that the CONTRACTOR fails to address or resolve problems with individual records in a timely manner as required by TENNCARE, which shall include failure to submit a corrective action plan as requested or required, or failure to comply with an accepted corrective action plan, TENNCARE may assess liquidated damages as specified in Section 5.8. Continued or repeated failure to address reported errors may result in additional damages or sanctions or be considered a breach of the Agreement.

- 2.23.13.3 In the event that the CONTRACTOR fails to demonstrate in the tests of its BC-DR plan that it can restore system functions per the standards outlined in this Agreement, the CONTRACTOR shall submit to TENNCARE a corrective action plan that describes how the failure will be resolved. The corrective action plan shall be delivered within five (5) business days of the conclusion of the test.

2.24 ADMINISTRATIVE REQUIREMENTS

2.24.1 General Responsibilities

- 2.24.1.1 TENNCARE shall be responsible for management of this Agreement. Management shall be conducted in good faith with the best interest of the State and the citizens it serves being the prime consideration. Management of TennCare shall be conducted in a manner consistent with simplicity of administration and the best interests of enrollees, as required by 42 USC 1396a(a)(19).
- 2.24.1.2 The CONTRACTOR shall be responsible for complying with the requirements of this Agreement and shall act in good faith in the performance of the requirements of this Agreement.
- 2.24.1.3 The CONTRACTOR shall develop policies and procedures that describe, in detail, how the CONTRACTOR will comply with the requirements of this Agreement and, as applicable, are specific to the Grand Region covered by this Agreement, and the CONTRACTOR shall administer this Agreement in accordance with those policies and procedures unless otherwise directed or approved in writing by TENNCARE.
- 2.24.1.4 It is recognized that TennCare Select medical management procedures may differ from the CONTRACTOR's medical management procedures utilized for operations under the "TennCare Contractor Risk Agreement" in order to recognize the unique populations served by this Agreement. To the extent that TennCare Select medical management procedures are different from the CONTRACTOR's "TennCare Contractor Risk Agreement" medical management procedures, the CONTRACTOR shall obtain written approval from TENNCARE unless otherwise directed or approved by TENNCARE.
- 2.24.1.5 The CONTRACTOR shall submit policies and procedures and other deliverables specified by TENNCARE to TENNCARE for review and/or written approval in the format and within the time frames specified by TENNCARE. The CONTRACTOR shall make any changes requested by TENNCARE to policies and procedures or other deliverables and in the time frames specified by TENNCARE.
- 2.24.1.6 As provided in this Agreement, should the CONTRACTOR have a question on policy determinations, benefits, or operating guidelines required for proper performance of the CONTRACTOR's responsibilities, the CONTRACTOR shall request a determination from TENNCARE in writing.

Amendment Number 20 (cont.)

2.24.2 Behavioral Health Advisory Committee

The CONTRACTOR shall establish a behavioral health advisory committee that is accountable to the CONTRACTOR's governing body to provide input and advice regarding all aspects of the provision of behavioral health services according to the following requirements:

- 2.24.2.1 The CONTRACTOR's behavioral health advisory committee shall be comprised of at least fifty-one percent (51%) consumer and family representatives, of which the majority shall include families of adults with serious and/or persistent mental illness (SPMI) and families of children with serious emotional disturbance (SED);
- 2.24.2.2 There shall be geographic diversity;
- 2.24.2.3 There shall be cultural and racial diversity;
- 2.24.2.4 There shall be representation by providers and consumers (or family members of consumers) of substance abuse services;
- 2.24.2.5 At a minimum, the CONTRACTOR's behavioral health advisory committee shall have input into policy development, planning for services, service evaluation, and member, family member and provider education;
- 2.24.2.6 Meetings shall be held at least quarterly;
- 2.24.2.7 Travel costs shall be paid by the CONTRACTOR;
- 2.24.2.8 The CONTRACTOR shall report on the activities of the CONTRACTOR's behavioral health advisory committee as required in Section 2.30.17; and
- 2.24.2.9 The CONTRACTOR, as membership changes, shall submit current membership lists to the State.

2.24.3 Performance Standards

The CONTRACTOR agrees TENNCARE may assess liquidated damages for failure to meet the performance standards specified in Attachment XV.

2.24.4 Medical Records Requirements

- 2.24.4.1 The CONTRACTOR shall maintain, and shall require contract providers and subcontractors to maintain, medical records in a manner that is current, detailed and organized, and which permits effective and confidential patient care and quality review, administrative, civil and/or criminal investigations and/or prosecutions.
- 2.24.4.2 The CONTRACTOR shall have medical record keeping policies and practices which are consistent with 42 CFR Part 456 and current NCQA standards for medical record documentation. The CONTRACTOR shall distribute these policies to practice sites. At a minimum, the policies and procedures shall address:
 - 2.24.4.2.1 Confidentiality of medical records;
 - 2.24.4.2.2 Medical record documentation standards; and
 - 2.24.4.2.3 The medical record keeping system and standards for the availability of medical records. At a minimum the following shall apply:
 - 2.24.4.2.3.1 Medical records shall be maintained or available at the site where covered services are rendered;

Amendment Number 20 (cont.)

- 2.24.4.2.3.2 Enrollees (for purposes of behavioral health records, enrollee includes an individual who is age sixteen (16) or over) and their legally appointed representatives shall be given access to the enrollees' medical records, to the extent and in the manner provided by TCA 63-2-101, 63-2-102 and 33-3-104 *et seq.*, and, subject to reasonable charges, (except as provided in Section 2.24.4.2.3.3. below) be given copies thereof upon request;
- 2.24.4.2.3.3 Provisions for ensuring that, in the event a patient-provider relationship with a TennCare primary care provider ends and the enrollee requests that medical records be sent to a second TennCare provider who will be the enrollee's primary care provider, the first provider does not charge the enrollee or the second provider for providing the medical records; and
- 2.24.4.2.3.4 Performance goals to assess the quality of medical record keeping.
- 2.24.4.2.4 The CONTRACTOR shall maintain and require contract behavioral health providers to maintain medical records in conformity with TCA 33-3-101 *et seq.* for persons with serious emotional disturbance or mental illness.
- 2.24.4.2.5 The CONTRACTOR shall maintain and require contract behavioral health providers to maintain medical records of persons whose confidentiality is protected by 42 CFR Part 2 in conformity with that rule or TCA 33-3-103, whichever is more stringent.

2.24.5 Location of Non-Responsive TennCare Eligibles

The CONTRACTOR agrees to attempt to locate "non-responsive TennCare eligibles" that have been enrolled in the CONTRACTOR's plan. Non-responsive TennCare eligibles are persons identified by TennCare who have not responded to re-verification attempts and who have not (and whose family members have not) accessed services during the period of review. Within 90 days of identification, the CONTRACTOR shall attempt to reach each non-responsive TennCare eligible identified by TennCare to the CONTRACTOR and assigned to TennCare Select effective July 1, 2001. The CONTRACTOR shall attempt to reach each non-responsive TennCare eligible telephonically using the phone number provided by TennCare. Upon placement of the call, if the CONTRACTOR receives a message that the phone number has been changed, the CONTRACTOR shall update the enrollee's phone number in its system and make at least three documented attempts to contact said enrollee at the new number to obtain the enrollee's new address. If successful, the CONTRACTOR will forward this information to TennCare via the Weekly Enrollee Information Report as well as a Non-Responsive File via CD Rom which shall include additional data elements as described in this Section. If TennCare does not provide a telephone number, the CONTRACTOR shall make and document at least one attempt to contact the non-responsive TennCare eligible through other publicly available information resources. In addition, the CONTRACTOR shall monitor claims activity for non-responsive TennCare eligibles. In the event the CONTRACTOR receives a claim for payment on behalf of a non-responsive TennCare eligible, the CONTRACTOR shall contact the provider and request the enrollee's phone number and address on file with the provider. The CONTRACTOR shall make at least three documented attempts to contact the enrollee at the location provided by the provider to confirm the enrollee's address. Once confirmed, the CONTRACTOR shall forward this information to TennCare via the Weekly Enrollee Information Report as well as a Non-Responsive File via CD Rom which shall include additional data elements as described in this Section. The CONTRACTOR shall complete this process within 45 days for other non-responsive TennCare eligible as they are identified by TennCare to the CONTRACTOR.

2.25 MONITORING

2.25.1 General

- 2.25.1.1 TENNCARE, in its daily activities, shall monitor the CONTRACTOR for compliance with the provisions of this Agreement.
- 2.25.1.2 TENNCARE, CMS, or their representatives shall at least annually monitor the operation of the CONTRACTOR for compliance with the provisions of this Agreement and applicable federal and state laws and regulations. Monitoring activities shall include, but not be limited

Amendment Number 20 (cont.)

to, inspection of the CONTRACTOR's facilities, auditing and/or review of all records developed under this Agreement including periodic medical audits, appeals, enrollments, disenrollments, termination of providers, utilization and financial records, reviewing management systems and procedures developed under this Agreement and review of any other areas or materials relevant to or pertaining to this Agreement. TENNCARE will emphasize case record validation because of the importance of having accurate service utilization data for program management, utilization review and evaluation purposes.

- 2.25.1.3 TENNCARE shall prepare a report of its findings and recommendations and require the CONTRACTOR to develop corrective action plans as appropriate.

2.25.2 Facility Inspection

TENNCARE, CMS, or their representatives may conduct on-site inspections of all health facilities and service delivery sites to be utilized by the CONTRACTOR in fulfilling the obligations under this Agreement. Inspections may be made at anytime during the Agreement period and without prior notice.

2.25.3 Inspection of Work Performed

TENNCARE, CMS, or their representatives shall, at all reasonable times, have the right to enter into the CONTRACTOR's premises, or such other places where duties of this Agreement are being performed, to inspect, monitor, or otherwise evaluate including periodic audits of the work being performed. The CONTRACTOR and all other subcontractors or providers shall supply reasonable access to all facilities and assistance for TENNCARE's representatives. All inspections and evaluations shall be performed in such a manner as to minimize disruption of normal business.

2.25.4 Approval Process

- 2.25.4.1 As specified by TENNCARE, TENNCARE must approve various deliverables/items before they can be implemented by the CONTRACTOR.
- 2.25.4.2 At any time that approval of TENNCARE is required in this Agreement, such approval shall not be considered granted unless TENNCARE issues its approval in writing.
- 2.25.4.3 TENNCARE shall specify the deliverables (see Attachment XIII) to be submitted to TENNCARE, whether they require prior approval or not, deliverable instructions, submission and approval time frames, and technical assistance as required.
- 2.25.4.4 Should TENNCARE not respond to a submission of a deliverable in the amount of time agreed to by TENNCARE, the CONTRACTOR shall not be penalized with either liquidated damages or a withhold as a result of implementing the item awaiting approval. However, failure by TENNCARE to assess liquidated damages or withholds shall not preclude TENNCARE from requiring the CONTRACTOR to rescind or modify the item if it is determined by TENNCARE to be in the best interest of the TennCare program.

2.25.5 Availability of Records

- 2.25.5.1 The CONTRACTOR shall ensure within its own organization and pursuant to any agreement the CONTRACTOR may have with any other providers of service, including, but not limited to providers, subcontractors or any person or entity receiving monies directly or indirectly by or through TennCare, that TENNCARE representatives and authorized federal, state and Office of the Comptroller of the Treasury personnel, including, but not limited to TENNCARE, the Office of the Inspector General (OIG), the Tennessee Bureau of Investigations, Medicaid Fraud Control Unit (TBI MFCU), the Department of Health and Human Services, Office of Inspector General (DHHS OIG) and the Department of Justice (DOJ), and any other duly authorized state or federal agency shall have immediate and complete access to all records pertaining to services provided to TennCare enrollees.

Amendment Number 20 (cont.)

- 2.25.5.2 The CONTRACTOR and its subcontractors and any providers of service, including, but not limited to providers or any person or entity receiving monies directly or indirectly by or through TennCare shall make all records (including but not limited to, financial and medical records) available at the CONTRACTOR's, provider's, and/or the subcontractor's expense for administrative, civil and/or criminal review, audit, or evaluation, inspection, investigation and/or prosecution by authorized federal, state, and Office of the Comptroller of the Treasury personnel, including representatives from the OIG, the TBI MFCU, DOJ and the DHHS OIG, TENNCARE or any duly authorized state or federal agency. Access will be either through on-site review of records or through the mail at the government agency's discretion and during normal business hours, unless there are exigent circumstances, in which case access will be at any time. The CONTRACTOR shall send all records to be sent by mail to TENNCARE within twenty (20) business days of request unless otherwise specified by TENNCARE or TennCare rules and regulations. Requested records shall be provided at no expense to TENNCARE, authorized federal, state, and Office of the Comptroller of the Treasury personnel, including representatives from the OIG, the TBI MFCU, DOJ and the DHHS OIG, or any duly authorized state or federal agency. Records related to appeals shall be forwarded within the time frames specified in the appeal process portion of this Agreement. Such requests made by TENNCARE shall not be unreasonable.
- 2.25.5.3 The CONTRACTOR and any of its subcontractors, providers or any entity or person directly or indirectly receiving monies originating from TennCare, shall make all records, including, but not limited to, financial, administrative and medical records available to any duly authorized government agency, including but not limited to TENNCARE, OIG, TBI MFCU, DHHS OIG and DOJ, upon any authorized government agency's request. Any authorized government agency, including but not limited to OIG, TBI MFCU, DHHS OIG and DOJ, may use these records to carry out their authorized duties, reviews, audits, administrative, civil and/or criminal investigations and/or prosecutions.
- 2.25.5.4 The CONTRACTOR, any CONTRACTOR's management company and any CONTRACTOR's claims processing subcontractor shall cooperate with the State, or any of the State's contractors and agents, including, but not limited to TENNCARE, OIG, TBI MFCU, DOJ and the DHHS OIG, and the Office of the Comptroller of the Treasury, and any duly authorized governmental agency, during the course of any claims processing, financial or operational examinations or during any administrative, civil or criminal investigation, hearing or prosecution. This cooperation shall include, but shall not be limited to the following:
- 2.25.5.4.1 Providing full cooperation and direct and unrestricted access to facilities, information, and staff, including facilities, information and staff of any management company or subcontractor, to the State or any of the State's contractors and agents, which includes, but is not limited to TENNCARE, OIG, TBI MFCU, DOJ and the DHHS OIG, and the Office of the Comptroller of the Treasury and any duly authorized governmental agency, including federal agencies; and
- 2.25.5.4.2 Maintaining full cooperation and open authority for claims processing systems access and mailroom visits by TDCI or designated representatives or any authorized entity of the state or federal government, and to cooperate fully with detail claims testing for claims processing system compliance.
- 2.25.5.5 The CONTRACTOR shall cooperate fully with audits the State may conduct of medical management to include clinical processes and outcomes, internal audits, provider networks, and any other aspect of the program the State deems appropriate. The State may select any qualified person or organization to conduct the audits.

2.25.6 **Audit Requirements**

The CONTRACTOR and its providers, subcontractors and other entities receiving monies originating by or through TennCare shall maintain books, records, documents, and other evidence pertaining to services rendered, equipment, staff, financial records, medical records, and the administrative costs and expenses incurred pursuant to this Agreement as well as medical information relating to the individual enrollees as required for the purposes of audit, or administrative, civil and/or criminal investigations and/or prosecution

Amendment Number 20 (cont.)

or for the purposes of complying with the requirements set forth in Section 2.20 of this Agreement. Records other than medical records may be kept in an original paper state or preserved on micromedia or electronic format. Medical records shall be maintained in their original form or may be converted to electronic format as long as the records are readable and/or legible. These records, books, documents, etc., shall be available for any authorized federal, state, including, but not limited to TENNCARE, OIG, TBI MFCU, DOJ and the DHHS OIG, and Office of the Comptroller of the Treasury personnel during the Agreement period and five (5) years thereafter, unless an audit, administrative, civil or criminal investigation or prosecution is in progress or audit findings or administrative, civil or criminal investigations or prosecutions are yet unresolved in which case records shall be kept until all tasks or proceedings are completed. During the Agreement period, these records shall be available at the CONTRACTOR's chosen location in Tennessee subject to the written approval of TENNCARE. If the records need to be sent to TENNCARE, the CONTRACTOR shall bear the expense of delivery. Prior approval of the disposition of CONTRACTOR, subcontractor or provider records must be requested and approved by TENNCARE in writing. Nothing in this Section shall be construed to modify or change the obligations of the CONTRACTOR contained in Section 2.23.2 (Data and Document Management Requirements), 2.23.3 (System and Data Integration Requirements), or 2.23.6 (Security and Access Management Requirements) of this Agreement.

2.25.7 **Independent Review of the CONTRACTOR**

2.25.7.1 The CONTRACTOR shall cooperate fully with TENNCARE's External Quality Review Organization (EQRO) which will conduct a periodic and/or an annual independent review of the CONTRACTOR.

2.25.7.2 The CONTRACTOR shall cooperate fully with any evaluation of the TennCare program conducted by CMS.

2.25.8 **Accessibility for Monitoring**

For purposes of monitoring under this Agreement, the CONTRACTOR shall make available to TENNCARE or its representative and other authorized state and federal personnel, all records, books, documents, and other evidence pertaining to this Agreement, as well as appropriate administrative and/or management personnel who administer the MCO. The monitoring shall occur periodically during the Agreement period and may include announced or unannounced visits, or both.

2.25.9 **Corrective Action Requirements**

2.25.9.1 If TENNCARE determines that the CONTRACTOR is not in compliance with one or more requirements of this Agreement, TENNCARE will issue a notice of deficiency identifying the deficiency(ies), follow-up recommendations/requirements (e.g., a request for a corrective action plan), and time frames for follow-up.

2.25.9.2 Upon receipt of a notice of deficiency(ies) from TENNCARE, the CONTRACTOR shall comply with all recommendations/requirements made in writing by TENNCARE within the time frames specified by TENNCARE.

2.25.9.3 The CONTRACTOR shall be responsible for ensuring corrective action when a subcontractor or provider is not in compliance with the Agreement.

2.26 **SUBCONTRACTS**

2.26.1 **Subcontract Relationships and Delegation**

If the CONTRACTOR delegates responsibilities to a subcontractor, the CONTRACTOR shall ensure that the subcontracting relationship and subcontracting document(s) comply with federal requirements, including, but not limited to, compliance with the applicable provisions of 42 CFR 438.230(b) and 42 CFR 434.6 as described below:

2.26.1.1 The CONTRACTOR shall evaluate the prospective subcontractor's ability to perform the activities to be delegated;

Amendment Number 20 (cont.)

- 2.26.1.2 The CONTRACTOR shall require that the agreement be in writing and specify the activities and report responsibilities delegated to the subcontractor and provide for revoking delegation or imposing other sanctions if the subcontractor's performance is inadequate;
- 2.26.1.3 The CONTRACTOR shall monitor the subcontractor's performance on an ongoing basis and subject it to formal review, on at least an annual basis, consistent with NCQA standards and state MCO laws and regulations;
- 2.26.1.4 The CONTRACTOR shall identify deficiencies or areas for improvement, and the CONTRACTOR and the subcontractor shall take corrective action as necessary; and
- 2.26.1.5 If the subcontract is for purposes of providing or securing the provision of covered services to enrollees, the CONTRACTOR shall ensure that all requirements described in Section 2.12 of this Agreement are included in the subcontract and/or a separate provider agreement executed by the appropriate parties.

2.26.2 Legal Responsibility

The CONTRACTOR shall be responsible for the administration and management of all aspects of this Agreement and the MCO covered thereunder including all subcontracts/subcontractors. The CONTRACTOR shall ensure that the subcontractor shall not enter into any subsequent agreements or subcontracts for any of the work contemplated under the subcontractor for purposes of this Agreement without prior written approval of the CONTRACTOR. No subcontract, provider agreement or other delegation of responsibility terminates or reduces the legal responsibility of the CONTRACTOR to TENNCARE to ensure that all activities under this Agreement are carried out in compliance with the Agreement.

2.26.3 Prior Approval

All subcontracts, as defined in Section 1 of this Agreement, and revisions thereto shall be approved in advance in writing by TENNCARE. The CONTRACTOR shall revise subcontracts as directed by TENNCARE. Approval of subcontracts shall not be considered granted unless TENNCARE issues its approval in writing. Once a subcontract has been executed by all of the participating parties, a copy of the fully executed subcontract shall be sent to TENNCARE within thirty (30) calendar days of execution. This written prior approval requirement does not relieve the CONTRACTOR of any responsibilities to submit all proposed material modifications of the CONTRACTOR's MCO operations to TDCI for prior review and approval as required by Title 56, Chapter 32, Part 1.

2.26.4 Subcontracts for Behavioral Health Services

If the CONTRACTOR subcontracts for the provision or management of behavioral health services, the subcontract shall be specific to the TennCare program, and the CONTRACTOR shall comply with the requirements in Section 2.6.1.2 regarding integration of physical health and behavioral health services.

2.26.5 Standards

The CONTRACTOR shall require and ensure that the subcontractor complies with all applicable requirements in this Agreement. This includes, but is not limited to, Sections 2.19, 2.21.6, 2.25.5, 2.25.6, 2.25.8, 2.25.9, 5.1, 5.7, 5.20, and 5.21 of this Agreement.

2.26.6 Quality of Care

If the subcontract is for the purpose of securing the provision of covered services, the subcontract shall specify that the subcontractor adhere to the quality requirements the CONTRACTOR is held to.

2.26.7 Interpretation/Translation Services and Limited English Proficiency (LEP) Provisions

The CONTRACTOR shall provide instruction for all direct service subcontractors regarding the CONTRACTOR's written procedure for the provision of language interpretation and translation services for any member who needs such services, including but not limited to, enrollees with Limited English Proficiency.

2.26.8 Children in State Custody

The CONTRACTOR shall include in its subcontracts a provision stating that subcontractors are not permitted to encourage or suggest, in any way, that TennCare children be placed into state custody in order to receive medical or behavioral health services covered by TENNCARE.

2.26.9 Assignability

Transportation and claims processing subcontracts shall include language requiring that the subcontract agreement shall be assignable from the CONTRACTOR to the State, or its designee: i) at the State's discretion upon written notice to the CONTRACTOR and the affected subcontractor; or ii) upon CONTRACTOR's request and written approval by the State. Further, the subcontract agreement shall include language by which the subcontractor agrees to be bound by any such assignment, and that the State, or its designee, shall not be responsible for past obligations of the CONTRACTOR.

2.26.10 Claims Processing

2.26.10.1 All claims for services furnished to a TennCare enrollee filed with a CONTRACTOR shall be processed by either the CONTRACTOR or by one (1) subcontractor retained by the organization for the purpose of processing claims. However, another entity can process claims related to behavioral health vision, lab or transportation if that entity has been retained by the CONTRACTOR to arrange and provide for the delivery of said services. However, all claims processed by any subcontractor shall be maintained and submitted by the CONTRACTOR.

2.26.10.2 As required in Section 2.30.18 of this Agreement, where the CONTRACTOR has subcontracted claims processing for TennCare claims, the CONTRACTOR shall provide to TENNCARE a Type II examination based on the Statement on Auditing Standards (SAS) No. 70, Service Organizations.

2.26.11 HIPAA Requirements

The CONTRACTOR shall require all its subcontractors to adhere to HIPAA requirements.

2.26.12 Compensation for Utilization Management Activities

Should the CONTRACTOR have a subcontract arrangement for utilization management activities, the CONTRACTOR shall ensure, consistent with 42 CFR 438.210(e) that compensation to individuals or entities that conduct utilization management activities is not structured so as to provide incentives for the individual or entity to deny, limit, or discontinue medically necessary services to any enrollee, as provided by the Balanced Budget Act of 1997 and the provisions of 42 CFR 438.210(e).

2.26.13 Notice of Subcontractor Termination

2.26.13.1 When a subcontract that relates to the provision of services to enrollees or claims processing services is being terminated, the CONTRACTOR shall give at least thirty (30) calendar days prior written notice of the termination to TENNCARE and TDCI.

2.26.13.2 TENNCARE reserves the right to require this notice requirement and procedures for other subcontracts if determined necessary upon review of the subcontract for approval.

Amendment Number 20 (cont.)

2.27 COMPLIANCE WITH HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA)

2.27.1 As a party to this Agreement, the CONTRACTOR hereby acknowledges its designation as a covered entity under the HIPAA regulations and agrees to comply with all applicable HIPAA regulations.

2.27.2 In accordance with HIPAA regulations, the CONTRACTOR shall, at a minimum:

2.27.2.1 Comply with requirements of the Health Insurance Portability and Accountability Act of 1996, including but not limited to the transactions and code set, privacy, security, and identifier regulations, by their designated compliance dates. Compliance includes meeting all required transaction formats and code sets with the specified data partner situations required under the regulations;

2.27.2.2 Transmit/receive from/to its providers, subcontractors, clearinghouses and TENNCARE all transactions and code sets required by the HIPAA regulations in the appropriate standard formats as specified under the law and as directed by TENNCARE so long as TENNCARE direction does not conflict with the law;

2.27.2.3 Agree that if it is not in compliance with all applicable standards defined within the transactions and code sets, privacy, security and all subsequent HIPAA standards, that it will be in breach of this Agreement and will then take all reasonable steps to cure the breach or end the violation as applicable. Since inability to meet the transactions and code sets requirements, as well as the privacy and security requirements can bring basic business practices between TENNCARE and the CONTRACTOR and between the CONTRACTOR and its providers and/or subcontractors to a halt, if for any reason the CONTRACTOR cannot meet the requirements of this Section, TENNCARE may terminate this Agreement in accordance with Section 5.2;

2.27.2.4 Ensure that Protected Health Information (PHI) data exchanged between the CONTRACTOR and TENNCARE is used only for the purposes of treatment, payment, or health care operations and health oversight and its related functions. All PHI data not transmitted for these purposes or for purposes allowed under the federal HIPAA regulations shall be de-identified to protect the individual enrollee's PHI under the privacy act;

2.27.2.5 Ensure that disclosures of PHI from the CONTRACTOR to TENNCARE shall be restricted as specified in the HIPAA regulations and will be permitted for the purposes of: treatment, payment, or health care operation; health oversight; obtaining premium bids for providing health coverage; or modifying, amending or terminating the group health plan. Disclosures to TENNCARE from the CONTRACTOR shall be as permitted and/or required under the law;

2.27.2.6 Report to TENNCARE within five (5) calendar days of becoming aware of any use or disclosure of PHI in violation of this Agreement by the CONTRACTOR, its officers, directors, employees, subcontractors or agents or by a third party to which the CONTRACTOR disclosed PHI;

2.27.2.7 Specify in its agreements with any agent or subcontractor that will have access to PHI that such agent or subcontractor agrees to be bound by the same restrictions, terms and conditions that apply to the CONTRACTOR pursuant to this Section 2.27;

2.27.2.8 Make available to TENNCARE enrollees the right to amend their PHI data in accordance with the federal HIPAA regulations. The CONTRACTOR shall also send information to enrollees educating them of their rights and necessary steps in this regard;

2.27.2.9 Make an enrollee's PHI data accessible to TENNCARE immediately upon request by TENNCARE;

Amendment Number 20 (cont.)

- 2.27.2.10 Make available to TENNCARE within ten (10) calendar days of notice by TENNCARE to the CONTRACTOR such information as in the CONTRACTOR's possession and is required for TENNCARE to make the accounting of disclosures required by 45 CFR 164.528. At a minimum, the CONTRACTOR shall provide TENNCARE with the following information:
 - 2.27.2.10.1 The date of disclosure;
 - 2.27.2.10.2 The name of the entity or person who received the HIPAA protected information, and if known, the address of such entity or person;
 - 2.27.2.10.3 A brief description of the PHI disclosed, and
 - 2.27.2.10.4 A brief statement of the purpose of such disclosure which includes an explanation of the basis for such disclosure.
- 2.27.2.11 In the event that the request for an accounting of disclosures is submitted directly to the CONTRACTOR, the CONTRACTOR shall within two (2) business days forward such request to TENNCARE. It shall be TENNCARE's responsibility to prepare and deliver any such accounting requested. Additionally, the CONTRACTOR shall institute an appropriate record keeping process and procedures and policies to enable the CONTRACTOR to comply with the requirements of this Section;
- 2.27.2.12 Make its internal policies and procedures, records and other documentation related to the use and disclosure of PHI available to the U.S. Secretary of Health and Human Services for the purposes of determining compliance with the HIPAA regulations upon request.
- 2.27.2.13 Create and adopt policies and procedures to periodically audit adherence to all HIPAA regulations, and for which CONTRACTOR acknowledges and promises to perform, including but not limited to, the following obligations and actions:
 - 2.27.2.13.1 Use administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the PHI the CONTRACTOR creates, receives, maintains, or transmits on behalf of TENNCARE.
 - 2.27.2.13.2 Agree to ensure that any agent, including a subcontractor, to whom it provides PHI that was created, received, maintained, or transmitted on behalf of TENNCARE agrees to use reasonable and appropriate safeguards to protect the PHI.
 - 2.27.2.13.3 Agree to report to TENNCARE's privacy officer as soon as possible but within two (2) business days any unauthorized use or disclosure of enrollee PHI not otherwise permitted or required by HIPAA. Such immediate report shall include any security incident of which the CONTRACTOR becomes aware that represents unauthorized access to unencrypted computerized data and that materially compromises the security, confidentiality, or integrity of enrollee PHI maintained by the CONTRACTOR. The CONTRACTOR shall also notify TENNCARE's privacy officer within two (2) business days of any unauthorized acquisition of enrollee PHI by an employee or otherwise authorized user of the CONTRACTOR's system.
- 2.27.2.14 If feasible, return or destroy all PHI, in whatever form or medium (including any electronic medium) and all copies of an any data or compilations derived from and allowing identification of any individual who is a subject of that PHI upon termination, cancellation, expiration or other conclusion of the Agreement, and in accordance with Sections 2.21.6 and 2.25.6 of this Agreement. The CONTRACTOR shall complete such return or destruction as promptly as possible, but not later than thirty (30) days after the effective date of the termination, cancellation, expiration or other conclusion of the Agreement, including but not limited to, the provisions in Sections 2.21.6 and 2.25.6 of this Agreement. The CONTRACTOR shall identify any PHI that cannot feasibly be returned or destroyed. Within such thirty (30) days after the effective date of the termination, cancellation, expiration or other conclusion of the Agreement, including but not limited to, the provisions in Sections

Amendment Number 20 (cont.)

- 2.21.6 and 2.25.6 of this Agreement the CONTRACTOR shall: (1) certify on oath in writing that such return or destruction has been completed; (2) identify any PHI which can not feasibly be returned or destroyed; and (3) certify that it will only use or disclose such PHI for those purposes that make its return or destruction infeasible;
- 2.27.2.15 Implement all appropriate administrative, technical and physical safeguards to prevent the use or disclosure of PHI other than pursuant to the terms and conditions of this Agreement and, including but not limited to, confidentiality requirements in 45 CFR Parts 160 and 164;
- 2.27.2.16 Set up appropriate mechanisms to limit use or disclosure of PHI to the minimum necessary to accomplish the intended purpose of the use or disclosure;
- 2.27.2.17 Create and implement policies and procedures to address present and future HIPAA regulation requirements as needed to include: use and disclosure of data; de-identification of data; minimum necessity access; accounting of disclosures; patients rights to amend, access, request restrictions; and right to file a complaint;
- 2.27.2.18 Provide an appropriate level of training to its staff and enrollees regarding HIPAA related policies, procedures, enrollee rights and penalties prior to the HIPAA implementation deadlines and at appropriate intervals thereafter;
- 2.27.2.19 Track training of CONTRACTOR staff and maintain signed acknowledgements by staff of the CONTRACTOR's HIPAA policies;
- 2.27.2.20 Be allowed to use and receive information from TENNCARE where necessary for the management and administration of this Agreement and to carry out business operations;
- 2.27.2.21 Be permitted to use and disclose PHI for the CONTRACTOR's own legal responsibilities;
- 2.27.2.22 Adopt the appropriate procedures and access safeguards to restrict and regulate access to and use by CONTRACTOR employees and other persons performing work for the CONTRACTOR to have only minimum necessary access to personally identifiable data within their organization;
- 2.27.2.23 Continue to protect personally identifiable information relating to individuals who are deceased;
- 2.27.2.24 Be responsible for informing its enrollees of their privacy rights in the manner specified under the regulations;
- 2.27.2.25 Make available PHI in accordance with 45 CFR 164.524;
- 2.27.2.26 Make available PHI for amendment and incorporate any amendments to protected health information in accordance with 45 CFR 164.526; and
- 2.27.2.27 Obtain a third (3rd) party certification of their HIPAA transaction compliance ninety (90) calendar days before the start date of operations.
- 2.27.3 The CONTRACTOR shall track all security incidents as defined by HIPAA, and, as required by Section 2.30.19, the CONTRACTOR shall periodically report in summary fashion such security incidents (see Section 2.30.19). The CONTRACTOR shall notify TENNCARE's privacy officer within two (2) business days of any security incident that would constitute a "breach of the security of the system" as defined in TCA 47-18-2107.

Amendment Number 20 (cont.)

- 2.27.4 TENNCARE and the CONTRACTOR are “information holders” as defined in TCA 47-18-2107. In the event of a breach of the security of CONTRACTOR’s information system, as defined by TCA 47-18-2107, the CONTRACTOR shall indemnify and hold TENNCARE harmless for expenses and/or damages related to the breach. Such obligations shall include but not be limited to mailing notifications to affected members. Substitute notice to written notice, as defined by TCA 47-18-2107(e)(2)and(3), shall only be permitted with TENNCARE’s express written approval.
- 2.27.5 In accordance with HIPAA regulations, TENNCARE shall, at a minimum, adhere to the following guidelines:
- 2.27.5.1 Make its individually identifiable health information available to enrollees for amendment and access as specified and restricted under the federal HIPAA regulations;
 - 2.27.5.2 Establish policies and procedures for minimum necessary access to individually identifiable health information with its staff regarding MCO administration and oversight;
 - 2.27.5.3 Adopt a mechanism for resolving any issues of non-compliance as required by law; and
 - 2.27.5.4 Establish similar HIPAA data partner agreements with its subcontractors and other business associates.

2.28 NON-DISCRIMINATION COMPLIANCE REQUIREMENTS

- 2.28.1 The CONTRACTOR shall comply with Section 5.21 of this Agreement regarding non-discrimination, proof of non-discrimination, and notices of non-discrimination.
- 2.28.2 In order to demonstrate compliance with federal and state regulations of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975 and the Omnibus Budget Reconciliation Act of 1981 (P.L. 97-35) the CONTRACTOR shall designate a staff person to be responsible for non-discrimination compliance as required in Section 2.29.1. This person shall provide instruction to all CONTRACTOR staff, providers and direct service subcontractors regarding the CONTRACTOR’s non-discrimination policies and procedures and all applicable non-discrimination compliance requirements of the TennCare program. The CONTRACTOR shall be able to show documented proof of such instruction.
- 2.28.3 The CONTRACTOR shall develop written policies and procedures for non-discrimination in the provision of services to persons with Limited English Proficiency as well as those that need assistance with communication in alternative formats. These policies and procedures shall be prior approved in writing by TENNCARE.
- 2.28.4 The CONTRACTOR shall, at a minimum, emphasize non-discrimination in its personnel policies and procedures as it relates to hiring, promoting, operational policies, contracting processes and participation on advisory/planning boards or committees.
- 2.28.5 The CONTRACTOR shall ask all staff to provide their race or ethnic origin and sex. The CONTRACTOR is required to request this information from all CONTRACTOR staff. CONTRACTOR staff response is voluntary. The CONTRACTOR is prohibited from utilizing information obtained pursuant to such a request as a basis for decisions regarding employment or in determination of compensation amounts.
- 2.28.6 The CONTRACTOR shall ask all providers for their race or ethnic origin. Provider response is voluntary. The CONTRACTOR is prohibited from utilizing information obtained pursuant to such a request as a basis for decision regarding participation in the CONTRACTOR’s provider network or in determination of compensation amounts.
- 2.28.7 The CONTRACTOR shall develop written policies and procedures for the investigation of complaints of discrimination. These policies and procedures shall be prior approved in writing by TENNCARE.

Amendment Number 20 (cont.)

- 2.28.8 The CONTRACTOR shall track and investigate all complaints alleging discrimination filed by employees (when the complaint is related to the TennCare program), enrollees, providers and subcontractors in which discrimination is alleged in the CONTRACTOR's TennCare MCO. The CONTRACTOR shall track, at a minimum, the following elements: identity of the party filing the complaint; the complainant's relationship to the CONTRACTOR; the circumstances of the complaint; date complaint filed; CONTRACTOR's resolution, if resolved; and name of CONTRACTOR staff person responsible for adjudication of the complaint.
- 2.28.9 The CONTRACTOR shall develop and have available a standardized complaint form to provide to a complainant upon request. This complaint form shall be in a format specified by TENNCARE.
- 2.28.10 The CONTRACTOR shall report on non-discrimination activities as described in Section 2.30.20.

2.29 PERSONNEL REQUIREMENTS

2.29.1 Staffing Requirements

- 2.29.1.1 The CONTRACTOR shall have sufficient staffing capable of fulfilling the requirements of this Agreement.
- 2.29.1.2 The CONTRACTOR shall submit to TENNCARE the names, resumes and contact information of the key staff identified below. In the event of a change to any of the key staff identified in Section 2.29.1.3, the CONTRACTOR shall notify TENNCARE within ten (10) business days of the change.
- 2.29.1.3 The minimum key staff requirements are listed below. If a full-time staff person is required, that means that one person shall perform that function (as opposed to multiple persons equaling a full-time equivalent). If a full-time staff person is not specified, the position does not require a full-time staff person;
 - 2.29.1.3.1 A full-time administrator/project director dedicated to the TennCare program who has clear authority over the general administration and day-to-day business activities of this Agreement;
 - 2.29.1.3.2 A full-time staff person dedicated to the TennCare program who will assist the CONTRACTOR in the transition from the CONTRACTOR's implementation team to regular ongoing operations. This person shall be onsite in Tennessee from the start date of this Agreement through at least one-hundred and twenty (120) days after the start date of operations.
 - 2.29.1.3.3 A full-time Medical Director dedicated to the TennCare program who is a licensed physician in the State of Tennessee to oversee and be responsible for all clinical activities, including but not limited to the proper provision of covered services to members, developing clinical practice standards and clinical policies and procedures;
 - 2.29.1.3.4 A full-time senior executive dedicated to the TennCare program who is a board certified psychiatrist in the State of Tennessee and has at least five (5) years combined experience in mental health and substance abuse services. This person shall oversee and be responsible for all behavioral health activities;
 - 2.29.1.3.5 A full-time chief financial officer dedicated to the TennCare program responsible for accounting and finance operations, including all audit activities;

Amendment Number 20 (cont.)

- 2.29.1.3.6 A full-time staff information systems director/manager dedicated to the TennCare program responsible for all CONTRACTOR information systems supporting this Agreement who is trained and experienced in information systems, data processing and data reporting as required to oversee all information systems functions supporting this Agreement including, but not limited to, establishing and maintaining connectivity with TennCare information systems and providing necessary and timely reports to TENNCARE;
- 2.29.1.3.7 A staff person designated as the contact available after hours for the “on-call” TennCare Solutions staff to contact with service issues;
- 2.29.1.3.8 A staff person to serve as the CONTRACTOR’s Non-discrimination Compliance Coordinator. This person shall be responsible for compliance with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975 and the Omnibus Budget Reconciliation Act of 1981 (P.L. 97-35) on behalf of the CONTRACTOR. The CONTRACTOR shall report to TENNCARE in writing, to the attention of the Director of Non-Discrimination Compliance/Health Care Disparities, within ten (10) calendar days of the commencement of any period of time that the CONTRACTOR does not have a designated staff person for non-discrimination compliance. The CONTRACTOR shall report to TENNCARE at such time that the function is redirected as required in Section 2.29.1.2;
- 2.29.1.3.9 A full-time staff person dedicated to the TennCare program responsible for member services, who shall communicate with TENNCARE regarding member service activities;
- 2.29.1.3.10 A full-time staff person dedicated to the TennCare program responsible for provider services and provider relations, including all network management issues. This person shall be responsible for communicating with TENNCARE regarding provider service and provider relations activities;
- 2.29.1.3.11 A staff person responsible for all fraud and abuse detection activities, including the fraud and abuse compliance plan, as set forth in Section 2.20 of this Agreement;
- 2.29.1.3.12 A staff person responsible for all UM activities, including but not limited to overseeing prior authorizations. This person shall be a physician licensed in the State of Tennessee and shall ensure that UM staff have appropriate clinical backgrounds in order to make utilization management decisions;
- 2.29.1.3.13 A staff person responsible for all quality management activities. This person shall be a physician or registered nurse licensed in the State of Tennessee;
- 2.29.1.3.14 A staff person responsible for all appeal system resolution issues;
- 2.29.1.3.15 A staff person responsible for all claims management activities;
- 2.29.1.3.16 A staff person assigned to provide legal and technical assistance for and coordination with the legal system for court ordered services;
- 2.29.1.3.17 A staff person responsible for all MCO case management and care coordination issues, including but not limited to, disease management activities and coordination between physical and behavioral health services;
- 2.29.1.3.18 A consumer advocate for members receiving, or in need of, behavioral health services. This person shall be responsible for internal representation of members’ interests including but not limited to: ensuring input in policy development, planning, decision making, and oversight as well as coordination of recovery and resilience activities;
- 2.29.1.3.19 A staff person responsible for TENNderCare services;

Amendment Number 20 (cont.)

- 2.29.1.3.20 A staff person responsible for working with the Department of Children's Services;
- 2.29.1.3.21 A senior executive responsible for overseeing all subcontractor activities, if the subcontract is for the provision of covered benefits;
- 2.29.1.3.22 A staff person responsible for coordinating all activities and resolving issues related to CONTRACTOR/DBM coordination. This person shall be responsible for overseeing the work of the Care Coordination Committee and the Claims Coordination Committee as described in Section 2.9.8;
- 2.29.1.3.23 A staff person responsible for coordinating all activities and resolving issues related to CONTRACTOR/PBM coordination; and
- 2.29.1.3.24 A staff person designated for interfacing and coordinating with the TDMHDD Planning and Policy Council.
- 2.29.1.3.25 A specific staff person or persons designated as a liaison for the Department of Children's Services (DCS) which shall be identified, in writing, to TENNCARE and the DCS. The DCS liaison person(s) will be responsible for responsibilities described in Section 3.1.1 of this Agreement.
- 2.29.1.4 In addition to the key staff requirements described above, the CONTRACTOR shall have sufficient full-time clinical and support staff to conduct daily business in an orderly manner. This includes but is not limited to functions and services in the following areas: administration, accounting and finance, fraud and abuse, utilization management including prior authorizations, MCO case management and care coordination, quality management, member education and outreach, appeal system resolution, member services, provider services, provider relations, claims processing, and reporting.
- 2.29.1.5 The CONTRACTOR shall have a sufficient number of care coordinators and claims coordinators to conduct all required activities, including but not limited to collaboration with the DBM and coordination with various state agencies.
- 2.29.1.6 The CONTRACTOR shall appoint specific staff to an internal audit function as specified in Section 2.21.9.
- 2.29.1.7 The CONTRACTOR is not required to report to TENNCARE the names of staff not identified as key staff in Section 2.29.1.3. However, the CONTRACTOR shall provide its staffing plan to TENNCARE.
- 2.29.1.8 The CONTRACTOR's project director, transition staff person, Medical Director, psychiatrist, financial staff, member services staff, provider services staff, provider relations staff, UM staff, appeals staff, MCO case management staff, and TENNderCare staff person shall be located in the State of Tennessee. However, TENNCARE may authorize exceptions to this requirement. The CONTRACTOR shall seek TENNCARE's written prior approval to locate any of these staff outside of the State of Tennessee. The CONTRACTOR's request to locate required in-state staff to an out-of-state location shall include a justification of the request and an explanation of how services will be coordinated. If financial staff are not located in Tennessee the CONTRACTOR shall have the ability to issue a check within five (5) calendar days of a payment directive from TENNCARE.
- 2.29.1.9 The CONTRACTOR shall conduct training of staff in all departments to ensure appropriate functioning in all areas. This training shall be provided to all new staff members and on an ongoing basis for current staff.

Amendment Number 20 (cont.)

2.29.2 Licensure

The CONTRACTOR is responsible for ensuring that all persons, whether they are employees, agents, subcontractors, providers or anyone acting for or on behalf of the CONTRACTOR, are legally authorized to render services under applicable state law.

2.29.3 Board of Directors

The CONTRACTOR shall provide to TENNCARE, in writing, a list of all officers and members of the CONTRACTOR's Board of Directors. The CONTRACTOR shall notify TENNCARE, in writing, within ten (10) business days of any change thereto.

2.29.4 Employment and Contracting Restrictions

The CONTRACTOR shall not knowingly have a director, officer, partner, or person with beneficial ownership of more than five percent (5%) of the entity's equity who has been debarred or suspended by any federal agency. The CONTRACTOR may not have an employment, consulting, or any other agreement with a person that has been debarred or suspended by any federal agency for the provision of items or services that are significant and material to the entity's contractual obligation with the State. To the best of its knowledge and belief, the CONTRACTOR certifies by its signature to this Agreement that the CONTRACTOR and its principals:

- 2.29.4.1 Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or contractor;
- 2.29.4.2 Have not within a three (3) year period preceding this Agreement been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offense in connection with obtaining attempting to obtain, or performing a public (federal, state, or local) transaction or grant under a public transaction, violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;
- 2.29.4.3 Are not presently indicted for or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in Section 2.29.4.2 of this Agreement; and
- 2.29.4.4 Have not within a three (3) year period preceding this Agreement had one or more public transactions (federal, state, or local) terminated for cause or default.

2.30 REPORTING REQUIREMENTS

2.30.1 General Requirements

- 2.30.1.1 The CONTRACTOR shall comply with all the reporting requirements established by TENNCARE. TENNCARE shall provide the CONTRACTOR with the appropriate reporting formats, instructions, submission timetables, and technical assistance as required. TENNCARE may, at its discretion, change the content, format or frequency of reports.
- 2.30.1.2 TENNCARE may, at its discretion, require the CONTRACTOR to submit additional reports both ad hoc and recurring. If TENNCARE requests any revisions to the reports already submitted, the CONTRACTOR shall make the changes and re-submit the reports, according to the time period and format required by TENNCARE.

Amendment Number 20 (cont.)

- 2.30.1.3 The CONTRACTOR shall submit all reports to TENNCARE, unless indicated otherwise in this Agreement, according to the schedule below:

DELIVERABLES	DUE DATE
Daily Reports	Within two (2) business days.
Weekly Reports	Wednesday of the following week.
Monthly Reports	20th of the following month.
Quarterly Reports	30th of the following month.
Semi-Annual Reports	January 31 and July 31.
Annual Reports	Ninety (90) calendar days after the end of the calendar year
On Request Reports	Within three (3) business days from the date of the request unless otherwise specified by TENNCARE.
Ad Hoc Reports	Within ten (10) business days from the date of the request unless otherwise specified by TENNCARE.

- 2.30.1.4 The CONTRACTOR shall submit all reports electronically and in the manner and format prescribed by TENNCARE. Except as otherwise specified by TENNCARE, all reports shall be specific to the Grand Region covered by this Agreement.
- 2.30.1.5 Except as otherwise provided in this Agreement, the CONTRACTOR shall submit all reports to the Bureau of TennCare.
- 2.30.1.6 The CONTRACTOR shall transmit to and receive from TENNCARE all transactions and code sets in the appropriate standard formats as specified under HIPAA and as directed by TENNCARE, so long as TENNCARE direction does not conflict with the law.

2.30.2 Eligibility, Enrollment and Disenrollment Reports

- 2.30.2.1 The CONTRACTOR shall comply with the requirements in Section 2.23.5 regarding eligibility and enrollment data exchange.
- 2.30.2.2 The CONTRACTOR shall submit a *Monthly Enrollment/Administrative Payment Reconciliation Report* that serves as a record that the CONTRACTOR has reconciled member eligibility data with administrative payments and verified that the CONTRACTOR has an enrollment record for all members for whom the CONTRACTOR has received an administrative payment.
- 2.30.2.3 The CONTRACTOR shall submit a *Quarterly Member Enrollment/Administrative Payment Report* in the event it has members for whom an administrative payment has not been made or an incorrect payment has been made. This report shall be submitted on a quarterly basis, with a one-month lag time and is due to TENNCARE by the end of the second month following the reporting period. For example, for the quarter ending September 30, the report is due by the end of November and should include all data received through the end of October for the quarter ending September 30. These quarterly reports shall include all un-reconciled items until such time that TENNCARE notifies the CONTRACTOR otherwise. The CONTRACTOR shall report this information in the formats provided in Attachment XIII, Exhibit A.

Amendment Number 20 (cont.)

- 2.30.2.4 TENNCARE may provide the CONTRACTOR with information on members for whom TENNCARE has been unable to locate or verify various types of pertinent information. Upon receipt of this information, the CONTRACTOR shall provide TENNCARE any information known by the CONTRACTOR that is missing or inaccurate in the report provided by TENNCARE. The CONTRACTOR shall submit this information to TENNCARE within the time frames specified by TENNCARE.
- 2.30.2.5 Until such time as an indicator for children in state custody and children transitioning out of state custody can be added to the daily eligibility updates received from TennCare, the CONTRACTOR shall reconcile enrollee eligibility data and administrative fee payments received from TennCare with an ad hoc report mutually agreed to by TennCare and the CONTRACTOR to facilitate timely identification of children in state custody or children transitioning out of state custody.
- 2.30.2.6 Pursuant to Section 2.4.6.2, the CONTRACTOR shall provide a listing of any enrollees for whom it has conflicting information to TennCare within ten (10) calendar days of the last day of each month.
- 2.30.2.7 The CONTRACTOR shall submit an *Immediate Eligibility Invoice* monthly in accordance with Attachment XIII, Exhibit N.
- 2.30.3 **LEFT BLANK INTENTIONALLY**
- 2.30.4 **Specialized Service Reports**
- 2.30.4.1 The CONTRACTOR shall submit a quarterly *Psychiatric Hospital/RTF Readmission Report* that provides: the percentage of members readmitted to the facility within seven (7) calendar days of discharge (the number of members readmitted divided by the total number of discharges); the percent of members readmitted within thirty (30) calendar days of discharge (the number of members readmitted divided by the total number of discharges); and an analysis of the findings with any actions or follow-up planned. The information shall be reported separately for members age eighteen (18) and over and under eighteen (18).
- 2.30.4.2 The CONTRACTOR shall submit a quarterly *Mental Health Case Management Report* that provides information on mental health case management appointments and refusals (see Section 2.6.5). The minimum data elements required are identified in Attachment XIII, Exhibit O.
- 2.30.4.3 The CONTRACTOR shall submit an annual *Supported Employment Report* that reports on the percent of SPMI adults receiving supported employment services that are gainfully employed in either part-time or full-time capacity for a continuous ninety (90) day period (defined as the number of adults receiving supported employment for a continuous ninety (90) day period divided by the number of SPMI adults receiving supported employment services during the year) and an analysis of the findings with any action or follow-up planned as a result of the findings.
- 2.30.4.4 The CONTRACTOR shall submit a quarterly *Behavioral Health Crisis Response Report* that provides information on behavioral health crisis services (see Section 2.6.5.8) including the data elements listed in Attachment XIII, Exhibit P. Specified data elements shall be reported separately for members ages eighteen (18) years and over and those under eighteen (18) years and all data elements shall be reported for each individual crisis service provider.
- 2.30.4.5 The CONTRACTOR shall submit a weekly *Member CRG/TPG Assessment Report* that contains information regarding the CRG assessments and TPG assessments (see Section 2.6.5.9) of members who have presented for mental health or substance abuse services or who have received CRG assessments and TPG assessments prior to obtaining such services. For purposes of this weekly *Member CRG/TPG Assessment Report*, the weekly report shall be due no later than 12:00 Noon, each Tuesday. The minimum data elements required are identified in Attachment XIII, Exhibit Q of this Agreement.

Amendment Number 20 (cont.)

- 2.30.4.6 On a quarterly basis the CONTRACTOR shall submit a *Rejected CRG/TPG Assessments Report* that provides, by agency, the number of rejected CRG/TPG assessments and the unduplicated number of and identifying information for the unapproved raters who completed the rejected assessments.
- 2.30.4.7 The CONTRACTOR shall submit an annual *CRG/TPG Assessments Audit Report*. The report shall contain the results of the CONTRACTOR's audits for the prior year of CRG/TPG assessments for accuracy and conformity to state policies and procedures.
- 2.30.4.8 The CONTRACTOR shall annually submit to TENNCARE its methodology for conducting the CRG/TPG assessment audits on March 1.
- 2.30.4.9 The CONTRACTOR shall submit a quarterly *Adverse Occurrences Report* that summarizes all adverse occurrences and their resolutions as reported to the CONTRACTOR by its providers.
- 2.30.4.10 The CONTRACTOR shall submit a quarterly *TENNCare Report*.

2.30.5 Disease Management Reports

- 2.30.5.1 The CONTRACTOR shall submit a quarterly *Disease Management Update Report* that includes, for each disease management program (see Section 2.8), a brief narrative description of the program, the total number of members in the program, the total number of members enrolled and disenrolled during the quarter, and a description of the specific provider and member interventions performed during the quarter.
- 2.30.5.2 The CONTRACTOR shall submit on July 1 an annual *Disease Management Report* that includes, for each disease management programs, a narrative description of the eligibility criteria and the method used to identify and enroll eligible members, the passive participation rate as defined by NCQA (the percentage of identified eligible members who have received an intervention divided by the total population who meet the criteria for eligibility), the total number of active members having one or more of the diagnosis codes (ICD-9 Codes) relating to each of the disease management programs, a description of stratification levels for each DM program including member criteria and associated interventions, a discussion of barriers and challenges to include resources, program structure, member involvement and provider participation, a summary of member satisfaction with the DM program, a written analysis of the data presented, a description of proposed changes to program, and information on the programs' activities, benchmarks and goals as described in Section 2.8.7.
- 2.30.5.3 The CONTRACTOR shall submit annually an updated *Disease Management Program Description* to include at a minimum the disease management components listed in Sections 2.8.1.4 through 2.8.1.5 of this Agreement.

2.30.6 Service Coordination Reports

- 2.30.6.1 MCO Case Management Reports
 - 2.30.6.1.1 The CONTRACTOR shall submit annually an updated *MCO Case Management Program Description* to TENNCARE describing the CONTRACTOR's MCO case management services. The report shall include a description of the criteria and process the CONTRACTOR uses to identify members for MCO case management, the process the CONTRACTOR uses to inform members and providers of the availability of MCO case management, a description of the MCO case management services provided by the CONTRACTOR and the methods used by the CONTRACTOR to evaluate its MCO case management program.
 - 2.30.6.1.2 The CONTRACTOR shall submit an annual *MCO Case Management Services Report* that addresses the activities in Section 2.9.4 of this Agreement by July 1 of each year.

Amendment Number 20 (cont.)

- 2.30.6.1.3 The CONTRACTOR shall submit a quarterly *MCO Case Management Update Report*. Enrollees who are enrolled in Disease Management need not be included in this report unless they are also receiving case management.
- 2.30.6.2 As necessary, the CONTRACTOR shall submit a listing of members identified as potential pharmacy lock-in candidates (see Section 2.9.7).
- 2.30.6.3 The CONTRACTOR shall submit a quarterly *Pharmacy Services Report* that includes a list of the providers and information on the interventions the CONTRACTOR has taken with the providers who appear to be operating outside industry or peer norms as defined by TENNCARE, have been identified as non-compliant as it relates to adherence to the PDL and/or generic prescribing patterns and/or are failing to follow required prior authorization processes and procedures the steps the CONTRACTOR has taken to personally contact each one as well as the outcome of these personal contacts.
- 2.30.6.4 The CONTRACTOR shall submit a *Pharmacy Services Report, On Request* when TENNCARE requires assistance in identifying and working with providers for any reason. These reports shall provide information on the activities the CONTRACTOR undertook to comply with TENNCARE's request for assistance, outcomes (if applicable) and shall be submitted in the format and within the time frame prescribed by TENNCARE.

2.30.7 Provider Network Reports

- 2.30.7.1 The CONTRACTOR shall submit a monthly *Provider Enrollment File* that includes information on all providers of TennCare health services, including physical and behavioral health providers (see Section 2.11). This includes but is not limited to, PCPs, physician specialists, hospitals, home health agencies, CMHAs, and emergency and non-emergency transportation providers. The report shall include contract providers as well as all non-contract providers with whom the CONTRACTOR has a relationship. The report shall be sorted by provider type. The CONTRACTOR shall submit this report by the 5th of each month, and upon TENNCARE request. Each monthly *Provider Enrollment File* shall include information on all providers of TennCare health services and shall provide a complete replacement for any previous *Provider Enrollment File* submission. Any changes in a provider's contract status from the previous submission shall be indicated in the file generated in the month the change became effective and shall be submitted in the next monthly file.
- 2.30.7.2 The CONTRACTOR shall submit an annual *Provider Compliance with Access Requirements Report* that summarizes the CONTRACTOR's monitoring activities, findings, and opportunities for improvement regarding provider compliance with applicable access standards. (See Section 2.11.1.10.)
- 2.30.7.3 The CONTRACTOR shall submit a quarterly *PCP Assignment Report* that provides the following information for non-dual members: Provider Name, Provider Medicaid I.D. Number, NPI Number, Number of Enrollees assigned by Enrollee Age Category. The enrollee age categories shall be consistent with the following: Age Under 1, Age 1 – 13, Age 14 – 20, Age 21- 44, Age 45 – 64, Age 65 +. This report shall be submitted using the format described by TennCare. (See Section 2.11.2.)
- 2.30.7.4 The CONTRACTOR shall submit an annual *Report of Essential Hospital Services* by September 1 of each year. The CONTRACTOR shall use the format in Attachment XIII, Exhibit G.
- 2.30.7.5 The CONTRACTOR shall submit a quarterly *Behavioral Health Initial Appointment Timeliness Report* that shall include the average time between the intake assessment appointment and the member's next scheduled appointment or admission. The report shall provide this information by type of service and shall include an analysis of the findings and any actions or follow-up planned as a result of the findings.

Amendment Number 20 (cont.)

- 2.30.7.6 The CONTRACTOR shall submit an annual *FQHC Report* by January 1 of each year. The CONTRACTOR shall use the form provided in Attachment XIII, Exhibit.
- 2.30.7.7 The CONTRACTOR shall submit a monthly *Institutions for Mental Diseases (IMD) Out-of-State Report* on the use of IMDs utilized outside of the State of Tennessee. The report shall be submitted by the 5th of each month for the previous month.

2.30.8 Provider Agreement Report

The CONTRACTOR shall submit a monthly *Single Case Agreements Report* using the format as described by TennCare. (See Section 2.12.4.)

2.30.9 Provider Payment Reports

- 2.30.9.1 The CONTRACTOR shall submit a quarterly *Related Provider Payment Report* that lists all related providers and subcontractors to whom the CONTRACTOR has made payments during the previous quarter and the payment amounts. (See Section 2.13.15.).
- 2.30.9.2 The CONTRACTOR shall submit a weekly *Invoice* to notify the State of the amount to be paid to providers at least 72 hours in advance of distribution of provider checks.
- 2.30.9.3 The CONTRACTOR shall submit a *Check Register Report* with the weekly Invoice to support the payments released to providers.
- 2.30.9.4 The CONTRACTOR shall submit a *Claims Data Extract* within seven (7) calendar days after the CONTRACTOR's request of the funds which shall be generated from the managed care claims processing system supporting the release of provider payments. (See Section 2.13.8)
- 2.30.9.5 The CONTRACTOR shall submit a *Reconciliation Report* seven (7) days of the claims data extract for the total paid amounts between the funds released for payment to providers, the supporting claims data extract, and the encounter data submissions for the relevant adjudication cycle.
- 2.30.9.6 If the CONTRACTOR does not automatically credit TennCare for receivables within ninety (90) calendar days, the CONTRACTOR shall submit a *Provider Payment Issue Report* and shall determine the extent of the collection effort required based on the table below. This table identifies the minimum collection threshold for cumulative receivable balances. All collection efforts shall be clearly documented.

Receivable Balance	Collection Attempts		Forwarded to Collections
	45 Day	90 Day	
< \$10	None Required		
\$10 - \$49.99	✓		
\$50 - \$99.99	✓	✓	
\$100 - Over	✓	✓	✓
Responsibility	MCC		TENNCARE

- 2.30.9.6.1 The first notice shall occur by day forty-five (45) and may be in the form of notice in a remittance advice or a demand memo; however, the ninety (90) day notice must be made using a demand memo. Each of these notices shall be sent within five (5) business days of becoming due.
- 2.30.9.6.2 Additional collection attempts by the CONTRACTOR are not necessary if a collection notice is returned because the provider has gone out-of-business or has declared bankruptcy for the period the receivable was established. This circumstance must be reported in the "Uncollectible Accounts Report" as described below.

Amendment Number 20 (cont.)

- 2.30.9.7 If the CONTRACTOR does not automatically credit TENNCARE for aged accounts within sixty (60) calendar days, the CONTRACTOR shall submit to TENNCARE, within ten (10) business days following the end of the month, an *Aged Accounts Receivable Report*. The effective date of this report shall be the last Friday of the previous month. The report shall have an easily identifiable date, contain a total report balance, and provide <30, 30, 60, 90, and >120 calendar day balances. Although only totals are required, the CONTRACTOR may report aging balances at the account level. If the CONTRACTOR is not reporting at the account level, the CONTRACTOR shall have the capability to identify the detail that makes up a total if necessary.
- 2.30.9.8 If the CONTRACTOR does not automatically credit TENNCARE for uncollectible accounts within ninety (90) calendar days, the CONTRACTOR shall submit to TENNCARE, within ten (10) business days following the end of the month, an *Uncollectible Accounts Report*, in a format described by TENNCARE, for accounts meeting the following criteria:
- 2.30.9.8.1 the account proves to be uncollectible after 120 calendar days, or
- 2.30.9.8.2 the provider account owner has gone out-of-business, or
- 2.30.9.8.3 the provider account owner has declared bankruptcy.
- 2.30.9.9 In addition to the *Uncollectible Accounts Report*, the CONTRACTOR shall submit scanned copies of returned envelopes or legal documents referencing providers that have gone out-of-business and/or declared bankruptcy.
- 2.30.9.10 The Contractor shall submit a monthly *Outstanding Checks Report* detailing all checks remitted to providers, enrollees or vendors on behalf of the State which remain outstanding (which have not been cashed) greater than one hundred eighty (180) calendar days. Reports are due within fifteen (15) business days after the end of the month.

2.30.10 Utilization Management Reports

- 2.30.10.1 The CONTRACTOR shall annually submit, by July 30th of each year, a UM program description and an associated work plan and evaluation. These documents must be prior approved by the CONTRACTOR's oversight committee prior to submission to TENNCARE. The annual evaluation shall include an analysis of findings and actions taken.
- 2.30.10.2 The CONTRACTOR shall submit quarterly *Cost and Utilization Reports*. These reports shall be in an Excel spreadsheet format and submitted with a ninety (90) day lag and shall be due to TENNCARE one hundred five (105) calendar days following the quarter for which the CONTRACTOR is reporting. These reports shall be submitted on both a cumulative year basis and on a rolling twelve (12) month basis.
- 2.30.10.3 The CONTRACTOR shall provide quarterly *Cost and Utilization Summaries*. These summaries shall report on services paid during the previous quarter. The summaries shall include all data elements as required by TennCare. The CONTRACTOR shall provide the reports separately for the following populations: Groups 1A and 1B, Group 2, and Groups 3 through 6.
- 2.30.10.4 The CONTRACTOR shall identify and report the number of members who incurred claims in excess of twenty-five thousand dollars (\$25,000) on a rolling quarterly basis (high-cost claimants). The CONTRACTOR shall report the member's age, sex, primary diagnosis, and amount paid by claim type for each member. The name, and other identifying information of the member shall be blinded in order to maintain confidentiality.
- 2.30.10.5 The CONTRACTOR shall submit quarterly *Prior Authorization Reports* that include information by service and separately for adults and children, on the number of requests received, number processed, number approved, number denied, and denial reason.

Amendment Number 20 (cont.)

- 2.30.10.6 The CONTRACTOR shall submit a copy of the *Referral Provider Listing* (see Section 2.14.3.5), a data file of the provider information used to create the listing, and documentation from the CONTRACTOR's mail room or outside vendor indicating the quantity of the referral provider listings mailed to providers, the date mailed, and to whom. The CONTRACTOR shall submit this information at the same time it is sent to the providers as required in Section 2.14.3.5.
- 2.30.10.8 The CONTRACTOR shall submit a semi-annual *Emergency Department Threshold Report* to TENNCARE no later than February 28th and August 31st each year identifying interventions initiated for members who exceeded the defined threshold for ED usage.

2.30.11 Quality Management/Quality Improvement Reports

- 2.30.11.1 The CONTRACTOR shall annually submit, by July 30, an approved (by the CONTRACTOR's QM/QI Committee) QM/QI Program Description, Associated Work Plan, and Annual Evaluation.
- 2.30.11.2 The CONTRACTOR shall submit an annual *Report on Performance Improvement Projects* that includes the information specified in Section 2.15.3. The report shall be submitted annually on July 30.
- 2.30.11.3 The CONTRACTOR shall submit an annual *Report of Performance Indicator Results, Audited CAHPS Results and Audited HEDIS Results* by June 15 of each year (see Sections 2.15.4, 2.15.6 and 2.15.7).
- 2.30.11.4 The CONTRACTOR shall submit its *NCQA Accreditation Report* (the final bound copy from NCQA) immediately upon receipt, but not to exceed ten (10) calendar days from notification by NCQA.
- 2.30.11.5 The CONTRACTOR shall submit its annual reevaluation of accreditation status based on HEDIS scores immediately upon receipt, but not to exceed ten (10) calendar days from notification by NCQA.

2.30.12 Customer Service Reports/Provider Service Reports

- 2.30.12.1 Member Services/UM/ED Phone Line Reports
 - 2.30.12.1.1 The CONTRACTOR shall submit a quarterly *Member Services and UM Phone Line Report*. The data in the report shall be recorded by month and shall include the detailed rate calculations. The CONTRACTOR shall submit the report as described by TennCare.
 - 2.30.12.1.2 The CONTRACTOR shall submit a quarterly *24/7 Nurse Triage Line Report* that lists the total calls received by the 24/7 nurse triage line including the ultimate disposition of the call (e.g. education only, no referral for care; referred to primary care provider for care, referred to emergency department for care). If the CONTRACTOR uses the 24/7 nurse line to fulfill the requirements set forth in Section 2.18.4.7 of this Agreement, such calls shall be separately delineated in the report in accordance with the requirements described in Section 2.30.12.1.3 of this Agreement.
 - 2.30.12.1.3 The CONTRACTOR shall submit a quarterly *ED Assistance Tracking Report* that provides the total number of calls received pertaining to patients in EDs needing assistance in accessing care in an alternative setting. Such report shall include the date and time of the call, identifying information for the member, the name and location of the hospital, the ultimate response to the call (e.g. appointment made with PCP) and the elapsed time from ED visit until appointment in alternative setting. If the CONTRACTOR uses the nurse triage line to provide appointment assistance to non-emergency ED patients, the aforementioned information may be provided in conjunction with the report discussed at Section 2.30.12.1.2.

Amendment Number 20 (cont.)

- 2.30.12.2 The CONTRACTOR shall report separately any member services or utilization management phone lines operated by subcontractors.
- 2.30.12.3 The CONTRACTOR shall submit a quarterly *Translation/Interpretation Services Report*. The report shall list each request and include the name and member identification number for each member to whom translation/interpretation service was provided, the date of the request, the date provided, and the identification of the translator/interpreter.
- 2.30.12.4 The CONTRACTOR shall submit an annual *Provider Satisfaction Survey Report* that summarizes the provider survey methods and findings and provides analysis of opportunities for improvement (see Section 2.18.7.3).
- 2.30.12.5 The CONTRACTOR shall submit a quarterly *Provider Complaints Report* that provides information on the number and type of provider complaints received, either in writing or by phone. The data shall be reported by month.

2.30.13 Fraud and Abuse Reports

- 2.30.13.1 The CONTRACTOR shall submit an annual *Fraud and Abuse Activities Report*. This report shall summarize the results of its fraud and abuse compliance plan (see Section 2.20) and other fraud and abuse prevention, detection, reporting, and investigation measures, and should cover results for the fiscal year ending June 30. The report shall be submitted by September 30 of each year in the format reviewed and approved by TENNCARE (as part of the CONTRACTOR's compliance plan).
- 2.30.13.2 The CONTRACTOR shall submit an annual fraud and abuse compliance plan (see Section 2.20.3 of this Agreement).
- 2.30.13.3 On an annual basis the CONTRACTOR shall submit its policies for employees, contractors, and agents that comply with Section 1902(a)(68) of the Social Security Act. These policies shall be submitted by July 1 of each year.

2.30.14 Financial Management Reports

2.30.14.1 Third Party Liability (TPL) Resources Reports

- 2.30.14.1.1 The CONTRACTOR shall submit a monthly, quarterly and annual *Recovery and Cost Avoidance Report* that includes any recoveries for third party resources as well as funds for which the CONTRACTOR does not pay a claim due to TPL coverage or Medicare coverage. This CONTRACTOR shall calculate cost savings in categories described by TENNCARE.
- 2.30.14.1.2 The CONTRACTOR shall submit an *Other Insurance Report* that provides information on any members who have other insurance. This report shall be submitted in a format and frequency described by TENNCARE.

Amendment Number 20 (cont.)

2.30.14.2 Financial Reports to TENNCARE

2.30.14.2.1 For the purpose of monitoring actual medical expenses, TennCare shall establish a Medical Fund Target by eligibility grouping for TennCare Select. The CONTRACTOR shall submit a monthly *Medical Fund Target Report* with cumulative year to date calculation using the format described by TennCare. The CONTRACTOR shall report all medical expenses and complete the supporting claims lag tables. This report shall be accompanied by a letter from an actuary, who may be an employee of the CONTRACTOR, indicating that the reports, including the estimate for incurred but not reported expenses, has been reviewed for accuracy. The CONTRACTOR shall also file this report with its NAIC filings due in March and September of each year using an accrual basis that includes incurred but not reported amounts by calendar service period that have been certified by an actuary. This report shall reconcile to NAIC filings including the supplemental TennCare income statement. The CONTRACTOR shall also reconcile the amount paid reported on the supporting claims lag tables to the amount paid for the corresponding period as reported on the CONTRACTOR's encounter file submission as specified in Sections 2.30.16.3 and 2.23.4.

2.30.14.2.2 The CONTRACTOR shall submit an annual *Ownership and Financial Disclosure Report* to TENNCARE. This report shall include full and complete information regarding ownership, financial transactions and persons as described in Section 2.21.8 and shall be submitted March 1 of each calendar year and at other times as required by TENNCARE.

2.30.14.2.3 The CONTRACTOR shall submit its annual audit plan on March 1 of each year (see Section 2.21.9).

2.30.14.3 TDCI Financial Reports

2.30.14.3.1 By no later than December 31 of each year, the CONTRACTOR shall submit to TDCI an annual *Financial Plan and Projection of Operating Results Report*. This submission shall include the CONTRACTOR's budget projecting revenues earned and expenses incurred on a calendar year basis through the term of this Agreement. This budget shall be prepared in accordance with the form prescribed by TDCI and shall include narratives explaining the assumptions and calculations utilized in the projections of operating results.

2.30.14.3.2 By no later than July 31 of each year, the CONTRACTOR shall submit to TDCI a mid-year *Comparison of Actual Revenues and Expenses to Budgeted Amounts Report*. If necessary, the CONTRACTOR shall revise the calendar year budget based on its actual results of operations. Any revisions to the budget shall include narratives explaining the assumptions and calculations utilized in making the revisions.

2.30.14.3.3 The CONTRACTOR shall submit to TDCI an *Annual Financial Report* required to be filed by all licensed health maintenance organizations pursuant to TCA 56-32-108. This report shall be on the form prescribed by the National Association of Insurance Commissioners (NAIC) for health maintenance organizations and shall be submitted to TDCI on or before March 1 of each calendar year. It shall contain an income statement detailing the CONTRACTOR's fourth quarter and year-to-date revenues earned and expenses incurred as a result of the CONTRACTOR's participation in the TennCare program. The CONTRACTOR in preparing this annual report shall comply with any and all rules and regulations of TDCI related to the preparation and filing of this report. This Annual Report shall also be accompanied by the Medical Loss Ratio report, where applicable, completed on a calendar year basis. The CONTRACTOR shall submit a reconciliation of the Medical Loss Ratio report to the annual NAIC filing using an accrual basis that includes an actuarial certification of the claims payable (reported and unreported).

2.30.14.3.4 The CONTRACTOR shall file with TDCI, a *Quarterly Financial Report*. These reports shall be on the form prescribed by the National Association of Insurance Commissioners for health maintenance organizations and shall be submitted to TDCI on or before May 15 (covering first quarter of current year), August 15 (covering second quarter of current year) and November 1 (covering third quarter of current year). Each quarterly report shall also contain

Amendment Number 20 (cont.)

an income statement detailing the CONTRACTOR's quarterly and year-to-date revenues earned and expenses incurred as a result of the CONTRACTOR's participation in the TennCare program. The second quarterly report (submitted on September 1) shall include the Medical Loss Ratio report completed on an accrual basis that includes an actuarial certification of the claims payable (reported and unreported) and, if any, other actuarial liabilities reported. The actuarial certification shall be prepared in accordance with National Association of Insurance Commissioners guidelines. The CONTRACTOR shall also submit a reconciliation of the Medical Loss Ratio report to the second quarterly NAIC report.

2.30.14.3.5 The CONTRACTOR shall submit to TDCI annual *Audited Financial Statements*. Such audit shall be performed in accordance with NAIC Annual Statement Instructions regarding the annual audited financial statements. There are three (3) exceptions to the NAIC statement instructions:

2.30.14.3.5.1 The CONTRACTOR shall submit the audited financial statements covering the previous calendar year by May 1 of each calendar year.

2.30.14.3.5.2 Any requests for extension of the May 1 submission date must be granted by the Office of the Comptroller of the Treasury pursuant to the "Contract to Audit Accounts."

2.30.14.3.5.3 The report shall include an income statement addressing the TENNCARE operations of the CONTRACTOR.

2.30.15 Claims Management Reports

2.30.15.1 The CONTRACTOR shall submit a monthly *Claims Payment Accuracy Report*. The report shall include the results of the internal audit of the random sample of all "processed or paid" claims (described in Section 2.22.6) and shall report on the number and percent of claims that are paid accurately. As provided in Section 2.22.6.6, if the CONTRACTOR subcontracts for the provision of any covered services, and the subcontractor is responsible for processing claims, then the CONTRACTOR shall submit a claims payment accuracy percentage report for the claims processed by the subcontractor. The report for each subcontractor shall include the results of the internal audit conducted in compliance with Section 2.22.6 and shall report on the number and percent of claims that are paid accurately.

2.30.15.2 The CONTRACTOR shall submit a quarterly *Explanation of Benefits (EOB) Report*. This report shall summarize the number of EOBs sent by category, member complaints, and complaint resolution (including referral to TBI/OIG). (See Section 2.22.8.)

2.30.15.3 The CONTRACTOR shall submit a weekly *Claims Activity Report*. This report shall identify the number of claims received, number of claims denied (by reason), number of claims paid, and total amount paid by the categories of service specified by TENNCARE.

2.30.16 Information Systems Reports

2.30.16.1 The CONTRACTOR shall submit an annual *Systems Refresh Plan* on December 1 for the upcoming year that meets the requirements in Section 2.23.1.6.

2.30.16.2 The CONTRACTOR shall submit *Encounter Data Files* in a standardized format as specified by TENNCARE (see Section 2.23.4) and transmitted electronically to TENNCARE on a weekly basis.

Amendment Number 20 (cont.)

- 2.30.16.3 The CONTRACTOR shall provide an electronic version of a reconciliation between the amount paid as captured on the CONTRACTOR's encounter file submissions and the amount paid as reported by the CONTRACTOR in the 'CMS 1450 Claims Triangle' and 'CMS 1500 Claims Triangle' that accompanies the monthly Medical Loss Ratio report (see Section 2.30.14.2.1). In the event of any variances, the CONTRACTOR shall submit a written explanation accompanied by a 'CMS 1450 Claims Triangle' by category of service and a 'CMS 1500 Claims Triangle' by category of service, as applicable, to substantiate the explanation of the variance and identify the categories of services to which the variance is attributable. In the event that TENNCARE requires further detail of the variances listed, the CONTRACTOR shall provide any other data as requested by TENNCARE. This information shall be submitted with the Medical Fund Target report.
- 2.30.16.4 The CONTRACTOR shall provide any information and/or data requested in a format to be specified by TENNCARE as required to support the validation, testing or auditing of the completeness and accuracy of encounter data submitted by the CONTRACTOR.
- 2.30.16.5 The CONTRACTOR shall submit a monthly *Systems Availability and Performance Report* that provides information on availability and unavailability by major system as well as response times for the CONTRACTOR's Confirmation of MCO Enrollment and Electronic Claims Management functions, as measured within the CONTRACTOR's span of control.
- 2.30.16.6 The CONTRACTOR shall submit a baseline *Business Continuity and Disaster Recovery (BC-DR)* plan for review and written approval as specified by TENNCARE. The CONTRACTOR shall communicate proposed modifications to the BC-DR plan at least fifteen (15) calendar days prior to their proposed incorporation. Such modifications shall be subject to review and written approval by TENNCARE.

2.30.17 Administrative Requirements Reports

The CONTRACTOR shall submit a semi-annual *Report on the Activities of the CONTRACTOR's Behavioral Health Advisory Committee* regarding the activities of the behavioral health advisory committee established pursuant to Section 2.24.2. These reports shall be submitted to TENNCARE on March 1 and September 1 of each year.

2.30.18 Subcontract Reports

- 2.30.18.1 If the CONTRACTOR has subcontracted claims processing for TennCare claims, the CONTRACTOR shall provide to TENNCARE a Type II examination based on the Statement on Auditing Standards (SAS) No. 70, Service Organizations for each non-affiliated organization processing claims that represent more than twenty percent (20%) of TennCare medical expenses of the CONTRACTOR. This report shall be performed by an independent auditor ("service auditor") and shall be due annually on May 1 for the preceding year operations or portion thereof.
- 2.30.18.2 In a Type II report, the service auditor will express an opinion on (1) whether the service organization's description of its controls presents fairly, in all material respects, the relevant aspects of the service organization's controls that had been placed in operation as of a specific date, and (2) whether the controls were suitably designed to achieve specified control objectives, and (3) whether the controls that were tested were operating with sufficient effectiveness to provide reasonable, but not absolute, assurance that the control objectives were achieved during the period specified. The audit of control activities over information and technology related processes related to TennCare claims processing by the subcontractor should include the following:

2.30.18.2.1 *General Controls*

2.30.18.2.1.1 Personnel Policies

2.30.18.2.1.2 Segregation of Duties

Amendment Number 20 (cont.)

- 2.30.18.2.1.3 Physical Access Controls
- 2.30.18.2.1.4 Hardware and System Software
- 2.30.18.2.1.5 Applications System Development and Modifications
- 2.30.18.2.1.6 Computer Operations
- 2.30.18.2.1.7 Data Access Controls
- 2.30.18.2.1.8 Contingency and Business Recovery Planning
- 2.30.18.2.2 *Application Controls*
 - 2.30.18.2.2.1 Input
 - 2.30.18.2.2.2 Processing
 - 2.30.18.2.2.3 Output
 - 2.30.18.2.2.4 Documentation Controls

2.30.19 **HIPAA Reports**

The CONTRACTOR shall submit a Privacy/Security Incident Report. This report shall be provided at least annually, but the CONTRACTOR shall provide the report more frequently if requested by TENNCARE. The report shall include, at a minimum, the date of the incident, the date of notification to TENNCARE's privacy officer, the nature and scope of the incident, the CONTRACTOR's response to the incident, and the mitigating measures taken by the CONTRACTOR to prevent similar incidents in the future. "Port scans" or other unsuccessful queries to the CONTRACTOR's information system shall not be considered a privacy/security incident for purposes of this report.

2.30.20 **Non-Discrimination Compliance Reports**

- 2.30.20.1 The CONTRACTOR shall submit an annual *Summary Listing of Servicing Providers* that includes race or ethnic origin of each provider. The listing shall include, at a minimum, provider name, address, race or ethnic origin and shall be sorted by provider type (e.g., pediatrician, surgeon, etc.). The CONTRACTOR shall use the following race or ethnic origin categories: American Indian or Alaskan Native, Asian or Pacific Islander, Hispanic origin and other race/ethnic origin as indicated by TENNCARE.
- 2.30.20.2 The CONTRACTOR shall submit a quarterly *Supervisory Personnel Report* that contains a summary listing totaling the number of supervisory personnel by race or ethnic origin and sex. This report shall provide the number of male supervisors who are White, Black (not of Hispanic origin), American Indian or Alaskan Native, Asian or Pacific Islander, Hispanic origin and other race/ethnicity as indicated by TENNCARE and number of female supervisors who are White, Black (not of Hispanic origin), American Indian or Alaskan Native, Asian or Pacific Islander, Hispanic origin and other race/ethnic origin females as indicated by TENNCARE.
- 2.30.20.3 The CONTRACTOR shall submit a quarterly *Alleged Discrimination Report*. The report shall include a listing of all complaints alleging discrimination filed by employees, members, providers and subcontractors in which discrimination is alleged by the CONTRACTOR's MCO. Such listing shall include, at a minimum, the identity of the party filing the complaint, the complainant's relationship to the CONTRACTOR, the circumstances of the complaint, date complaint filed, the CONTRACTOR's resolution, if resolved, and the name of the CONTRACTOR staff person responsible for adjudication of the complaint.

Amendment Number 20 (cont.)

- 2.30.20.4 On an annual basis the CONTRACTOR shall submit a copy of the CONTRACTOR's non-discrimination policy that demonstrates non-discrimination in provision of services to members with Limited English Proficiency. This shall include a report that lists all interpreter/translator services used by the CONTRACTOR in providing services to members with Limited English Proficiency or that need communication assistance in an alternative format. The listing shall identify the provider by full name, address, phone number, and hours services are available.
- 2.30.20.5 The CONTRACTOR shall annually submit its *Non-Discrimination Compliance Plan and Assurance of Non-Discrimination* to TENNCARE. The signature date of the CONTRACTOR's Title VI Compliance Plan shall coordinate with the signature date of the CONTRACTOR's Assurance of Non-Discrimination.

2.30.21 Terms and Conditions Reports

- 2.30.21.1 Quarterly, by January 30, April 30, July 30, and October 30 each year the CONTRACTOR shall make written disclosure regarding conflict of interest that includes the elements in Section 5.7.
- 2.30.21.2 Pursuant to Section 5.30, on a semi-annual basis the CONTRACTOR shall submit the attestation in Attachment II.
- 2.30.21.3 The CONTRACTOR shall maintain documentation that demonstrates the cost effectiveness of any non-covered services that are provided to TennCare enrollees and for which the CONTRACTOR seeks reimbursement from the state. A report summarizing all such documentation for the preceding year shall be submitted by the CONTRACTOR no later than sixty (60) calendar days after the end of each state fiscal year.

11. Section 5 shall be deleted and replaced with a new Section 4 subsequent sections shall be renumbered, including any references thereto. The new Section 4 shall read as follows:

4 PAYMENT TERMS AND CONDITIONS

4.1 Administrative Fee

- 4.1.1 The CONTRACTOR shall be paid a fixed fee per member per month for the administration of TennCare Select according to the requirements of this Agreement. The administrative fee to be paid shall be described in Attachment XVI of this Agreement.
- 4.1.2 TennCare or its appointed agent shall make payment by the fifth working day of each month to the CONTRACTOR for the CONTRACTOR's satisfactory performance of its duties and responsibilities as set forth in this Agreement. Each month payment to the CONTRACTOR shall be equal to the number of enrollees certified by TENNCARE multiplied by the administrative fee for the appropriate enrollee category. The actual amount owed the CONTRACTOR for each enrollee shall be determined by dividing the appropriate monthly administrative fee by the number of days in the month and then multiplying the quotient of this transaction by the actual number of days the enrollee was enrolled in the plan.
- 4.1.3 Payment for enrollees shall start the effective date of the enrollee's enrollment in the plan.
- 4.1.4 The CONTRACTOR agrees the State may retroactively recoup Administrative Fee payments for deceased enrollees. Retroactive recoupment will be deducted from the monthly payment for the following month. Payments may be recouped back to the date of death. This is the only provision whereby the State may retroactively recoup administrative fee payments from the CONTRACTOR for enrollees retroactively terminated from TennCare Select.
- 4.1.5 Administrative fee payments made in accordance with Section 4.1.1, 4.1.2, and Attachment XVI will not include payment for children in state custody for whom Immediate Eligibility was established and who were not subsequently found to be TennCare eligible. TennCare shall make a separate payment for said children upon receipt of an invoice from the CONTRACTOR. The

Amendment Number 20 (cont.)

invoice shall be submitted to TENNCARE in the form and format specified in Attachment XIII, Exhibit N on a monthly basis. The administrative fee due shall be equal to the number of enrollees for whom Immediate Eligibility was established multiplied by a flat rate equal to the per member per month for Group 1.A, for the full 45 day eligibility period.

4.2 PAY-FOR-PERFORMANCE QUALITY INCENTIVE PAYMENTS

4.2.1 General

4.2.1.1 TENNCARE will make incentive payments to the CONTRACTOR in accordance with this Section 4.2.

4.2.1.2 The TennCare Select HEDIS score for the previous calendar year for each of the measures specified in Sections 4.2.2 and 4.2.3 will serve as the baseline rate in the NCQA minimum effect size change calculations (see Section 4.2.4 below).

4.2.2 Physical Health HEDIS Measures

4.2.2.1 Beginning on July 1, 2010, on July 1 of each year, the CONTRACTOR will be eligible for a \$.03 PMPM payment, applied to member months from the preceding calendar year, for each of the audited HEDIS measures specified in Section 4.2.2.2 below for which significant improvement has been demonstrated. Significant improvement is defined using NCQA's minimum effect size change methodology (see Section 4.2.4 below).

4.2.2.2 Incentive payments will be available for the following audited HEDIS measures:

4.2.2.2.1 Appropriate Treatment for Children with Upper Respiratory Infection (URI);

4.2.2.2.2 Childhood Immunization Status - MMR;

4.2.2.2.3 Children and Adolescents' Access to PCP – 7-11 year old age group;

4.2.2.2.4 Children and Adolescents' Access to PCP – 12-19 year old age group;

4.2.2.2.5 Well Child Visits – 3rd, 4th, 5th and 6th years of life; and

4.2.2.2.6 Adolescent Well Care Visits.

4.2.3 Behavioral Health HEDIS Measures

4.2.3.1 On July 1 of 2011, the CONTRACTOR will be eligible for a \$.03 PMPM payment, applied to member months from the preceding calendar year, for each of the following audited HEDIS measures for which the CONTRACTOR scores at or above the 75th national Medicaid percentile, as calculated by NCQA.

4.2.3.1.1 Follow-up After Hospitalization for Mental Illness; and

4.2.3.1.2 Follow-up Care for Children Prescribed ADHD Medication.

4.2.3.2 Beginning on July 1, 2012, on July 1 of each year, the CONTRACTOR will be eligible for a \$.03 PMPM payment, applied to member months from the preceding calendar year, for each of the audited HEDIS measures specified in Section 4.2.3 below (calculated from the preceding calendar year's data) for which significant improvement has been demonstrated. Significant improvement is defined using NCQA's minimum effect size change methodology (see Section 4.2.4 below).

Amendment Number 20 (cont.)

4.2.3.2.1 Follow-up After Hospitalization for Mental Illness; and

4.2.3.2.2 Follow-up Care for Children Prescribed ADHD Medication.

4.2.4 NCQA Minimum Effect Size Change Methodology

The NCQA minimum effect size change methodology is as follows:

Baseline Rate	Minimum Effect Size
0-59	At least a 6 percentage point change
60-74	At least a 5 percentage point change
75-84	At least a 4 percentage point change
85-92	At least a 3 percentage point change
93-96	At least a 2 percentage point change
97-99	At least a 1 percentage point change

4.3 Shared Risk Terms and Conditions

4.3.1 Populations

Effective March 1, 2009, the terms of the CONTRACTOR’s shared risk responsibility shall be described below. The shared risk terms shall apply to the following populations as described in Section 2.4 of this Agreement: Group 1.A, Group 1.B, and Group 2.

4.3.2 Components

The CONTRACTOR will be paid an administrative fee to administer the TennCare MCO benefits. Additionally, there will be both an upside potential (bonus) as well as downside potential (risk). Bonus and the risk will be based on the following components as described below:

4.3.2.1 EPSDT, and

4.3.2.2 Medical Services Budget Target.

4.3.3 Acuity Adjustment

4.3.3.1 The parties hereby agree that the aggregate base line acuity for the population administered by the CONTRACTOR shall be based on a methodology recommended by the State or its actuarial contractor.

4.3.3.2 The Parties further agree that the ability of the CONTRACTOR to achieve these initiatives is directly and materially related to said base line acuity of the aggregate population described above. As an integral part of evaluating the CONTRACTOR’s performance in achieving the goals set forth above, the CONTRACTOR and TennCare shall perform a quarterly follow-up acuity review of the aggregate population described above. The CONTRACTOR and TennCare shall perform a reconciliation of aggregate acuity of the CONTRACTOR’s assigned population described above and show compliance with the Shared Risk Initiatives adjusting for changes in acuity population and supply said adjustment data to TENNCARE for review and approval on a quarterly basis. The adjusted base line numbers for acuity shall serve as the standard for the determination as to whether the CONTRACTOR achieved the Shared Risk Initiatives.

Amendment Number 20 (cont.)

4.3.4 **Mandates / Initiatives**

In addition, the Parties hereby agree that the determination of achieving compliance with the above Shared Risk Initiatives shall be consistent with the obligations of this Agreement as they are performed and interpreted as of March 1, 2009. As such, services provided as a result of compliance with an instruction or mandate from the TennCare Bureau that is in conflict with, or in excess of, those obligations pursuant to this Agreement as of March 1, 2009 shall be taken into account and not counted against the Contractor in determining the achievement of the Shared Risk Initiatives.

4.3.5 **Risk Component**

4.3.5.1 The Shared Risk Model will require that a percent of the administrative fees be placed at risk. The Model will set ten percent (10%) of the administrative fee at risk.

4.3.5.2 The Shared Risk Initiatives are listed below along with its associated risk contribution.

Shared Risk Initiative	Contribution to Risk
EPSDT Compliance	5.0%
Medical Services Budget Target	5.0%

4.3.5.2.1 *Increase EPSDT Compliance*

4.3.5.2.1.1 The target is based on the CONTRACTOR's reported screening rate according to the information contained in the CMS 416 Report for FFY 2007 which is 85%.

4.3.5.2.1.2 The goal is to insure that all children under the age of twenty-one (21) are receiving screenings consistent with the periodicity schedule referenced in the Agreement.

4.3.5.2.1.3 TENNCARE shall use the CMS 416 format in order to measure the CONTRACTOR's progress on a quarterly basis. In order to encourage continued progress, the administrative rate shall be reconciled in accordance with the following:

<u>Percentage of EPSDT Compliance Benchmark</u>	<u>Administrative Fee Adjustment</u>
≥ 100%	All admin assoc with EPSDT Screening rate compliance risk portion and potential bonus
≥ 95% and < 100%	-25% of admin assoc EPSDT Screening rate compliance risk portion
≥ 90% and < 95%	-50% of admin assoc EPSDT Screening rate compliance risk portion
≥ 85% and < 90%	-75% of admin assoc EPSDT Screening rate compliance risk portion
< 85% and lower	-100% of admin assoc EPSDT Screening rate compliance risk portion

Evaluation Period: Annually with a 90 day lag

At Risk Portion: 5.0% of Administrative Fee (Budget)

Implementation Date: March 1, 2009

Amendment Number 20 (cont.)

4.3.5.2.2 *Medical Services Budget Target Initiative*

4.3.5.2.2.1 At the end of the evaluation period associated with the MSBT, if the actual medical costs + IBNR is less than or equal to 100% of the MSBT, the CONTRACTOR shall retain 100% of the administrative fee associated with the MSBT. If the actual medical costs + IBNR is more than 100% of the MSBT, the CONTRACTOR's administrative fee associated with the MSBT shall be adjusted in accordance with the chart below. The estimated IBNR shall be reviewed and adjusted by the State's actuarial contractor prior to final determination of performance. The Table below illustrates the risk corridors for the Medical Services Budget target:

Percent of MSBT	Administrative Fee Adjustment
< 102%	All admin assoc with MSBT at risk portion and potential bonus
> 102% and ≤ 105%	-25% of admin assoc MSBT risk portion
> 105% and ≤ 110%	-50% of admin assoc MSBT risk portion
> 110% and ≤ 115%	-75% of admin assoc MSBT risk portion
> 115% and greater	-100% of admin assoc MSBT risk portion

Evaluation Period: Annual with a 90 day lag

At Risk Portion: 5% of Administrative Fee (Budget)

Implementation Date: March 1, 2009

4.3.6 **Performance Bonuses**

4.3.6.1 TennCare will establish a bonus pool for each Risk Initiative described below. The bonus pool will represent a total of ten percent (10%) of the administrative fee for the selected population (Group 1.A, Group 1.B, and Group 2) for the CONTRACTOR as described in Section 2.4 of this Agreement. The following Initiatives will be included in the Bonus Pool: EPSDT Compliance and Medical Service Budget Target (MSBT).

4.3.6.2 The following table identifies the weighting for each Initiative:

Shared Risk Initiative	Contribution to Bonus (% of Admin Rate for Selected Population)
EPSDT Compliance	5.0%
Medical Service Budget Target	5.0%

4.3.6.3 The following tables identify the Performance Percentage Targets:

Additional Bonus Points

Performance – Percent Exceeding Target	EPSDT Compliance Target
> 100% and ≤ 105%	25%
> 105% and ≤ 110%	60%
> 110% and ≤ 117%	100%

Performance – Percent Improving Target	Medical Services Budget Target
< 98% and ≥ 95%	25%
< 95% and ≥ 90%	50%
< 90% and ≥ 85%	75%
< 85%	100%

Amendment Number 20 (cont.)

4.3.7 Risk and Bonus Payout Reconciliation

- 4.3.7.1 The administrative fee will be paid in full on a monthly basis until such time the Evaluation Periods have occurred and determination has been made regarding the CONTRACTOR's compliance. Payouts for the annual evaluation period shall be made by October 31 of the following year.
- 4.3.7.2 In the event that the CONTRACTOR's progress on the various initiatives are different from what is determined by TennCare, the results (findings from both) will be reconciled during a fifteen (15) business day period following the due date of the submission by the Plan. If the dispute relates to medical cost and utilization based initiatives, TENNCARE shall request review by the Department of the Comptroller of the Treasury of said discrepancies. TennCare will submit an "On Request Report" (with a seven (7) day response time) to the CONTRACTOR in order for the CONTRACTOR to review and update or reprocess their data provided to TENNCARE. TENNCARE shall provide the outcome of the determination within eight (8) business days of receiving the information from the CONTRACTOR. If the information requested by TENNCARE is not provided by the due date, then the determination defaults to TENNCARE.
- 4.3.7.3 If targets are consistently exceeded (or not met) TENNCARE shall require that the CONTRACTOR submit a Corrective Action Plan to address the deficiencies.

4.4 HMO Payment

Payments to the CONTRACTOR shall be increased sufficiently to cover any additional amount due pursuant to Tennessee Code Annotated Section 56-32-124 thirty days after the end of each calendar year quarter. In the event the amount due pursuant to TCA 56-32-124 is increased during the term of this Agreement, the payments to the CONTRACTOR shall be increased by an amount equal to the increase in the amount due by the CONTRACTOR.

4.5 Payments to CONTRACTOR

The administrative fee payments and the premium tax payments specified in Section 4 and Attachment XVI of this Agreement as amended, shall represent payment in full. TennCare shall not reimburse CONTRACTOR for any costs, liquidated damages and/or penalties incurred by the CONTRACTOR and which result from actions or inactions, including penalties associated with CONTRACTOR's failure to timely pay any and all expenses, fees, taxes and other regulatory/ministerial costs associated with the requirements of operating as an HMO in this state. The taxes, fees, expenses, and other regulatory/ministerial costs referenced herein shall include but not be limited to premium taxes associated with any and all obligations required by the Tennessee Health Maintenance Organization Act of 1986 codified at Tennessee Code Annotated § 56-32-201 et seq. or any subsequent amendments thereto and/or the Tennessee Prepaid Limited Health Services Act of 2000 codified at Tennessee Code Annotated § 56-51-101 et seq. or any subsequent amendments thereto.

4.6 Maximum Liability

- 4.6.1 In no event shall the maximum liability of the State under this Agreement during the original term of the Agreement exceed Three Hundred Eighty Three Million, One Hundred Thirty Thousand Dollars (\$383,130,000.00).
- 4.6.2 If the Agreement maximum would be exceeded as a result of an increase in enrollment, a change in mix of enrollment among rate cells or any rate adjustment described herein, the State shall adjust the Agreement maximum liability to accommodate the aforementioned circumstances. This adjustment shall be based on consultation with the State's independent actuary.
- 4.6.3 This Agreement does not obligate the State to pay a fixed minimum amount and does not create in the CONTRACTOR any rights, interests or claims of entitlement in any funds.

Amendment Number 20 (cont.)

4.6.4 The CONTRACTOR is not entitled to be paid the maximum liability for any period under the Agreement or any extensions of the Agreement. The maximum liability represents available funds for payment to the CONTRACTOR and does not guarantee payment of these funds to the CONTRACTOR under this Agreement.

12. The renumbered Section 5.8.2.2 shall be amended by adding new Items B.25, B.26, B.27:

B.25	Failure to provide a written discharge plan or provision of a defective discharge plan for discharge from a psychiatric inpatient facility or mental health residential treatment facility as required in Section 2.9.6.3.2 of this Agreement	\$1,000 per occurrence per case
B.26	Failure to provide CRG/TPG assessments within the time frames specified in Section 2.6.5.9 of this Agreement	\$500 per month per Enrollee
B.27	Failure to provide CRG/TPG assessments by TDMHDD-certified raters or in accordance with TDMHDD policies and procedures as required in Section 2.6.5.9 of this Agreement	\$500 per occurrence per case

13. The existing Section 6-28 “Performance Guarantees” shall be deleted in its entirety and the newly renumbered Section 5 shall be amended by adding new Sections 5-28 through 5-33 and renumbering the existing Sections accordingly. The renumbered Section 5-33 shall be amended by deleting and replacing June 30, 2009 with June 30, 2010. The new and renumbered Sections shall read as follows:

5.28 Notice of Legal Action

The CONTRACTOR shall provide to TENNCARE and the Tennessee Department of Commerce and Insurance, TennCare Division, notice in writing by Certified Mail (or other means such as overnight delivery reasonably designed to document delivery) within five (5) business days of the CONTRACTOR being served with any administrative or legal action or complaint filed regarding any claim in law or equity made against the CONTRACTOR, or an affiliate of the CONTRACTOR (including but not limited to a parent company), that would materially impact either such affiliate's ability to operate its business or the CONTRACTOR's performance of duties hereunder. The Contractor shall also provide similar notice of any arbitration proceedings instituted between a provider and the CONTRACTOR. It is the intent of this provision that the CONTRACTOR notify TENNCARE of any and all actions described herein that may affect the CONTRACTOR'S financial viability and/or program operations or integrity.

5.29 CONTRACTOR Appeal Rights

The CONTRACTOR shall have the right to contest TENNCARE decisions pursuant to the provisions of TCA 9-8-301 et seq. for the resolution of disputes under this Agreement. Written notice describing the substance and basis of the contested action shall be submitted to TENNCARE within thirty (30) calendar days of the action taken by TENNCARE. The CONTRACTOR shall comply with all requirements contained within this Agreement pending the final resolution of the contested action.

5.30 Prohibition of Illegal Immigrants

The requirements of Public Acts of 2006, Chapter Number 878, of the state of Tennessee, addressing the use of illegal immigrants in the performance of any contract to supply goods or services to the state of Tennessee, shall be a material provision of this Agreement, a breach of which shall be grounds for monetary and other penalties, up to and including termination of this Agreement.

- 5.30.1 The Contractor hereby attests, certifies, warrants, and assures that the Contractor shall not knowingly utilize the services of an illegal immigrant in the performance of this Agreement and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant in the performance of this Agreement. The Contractor shall reaffirm this attestation, in writing, by submitting to the State a completed and signed copy of the document as Attachment II, hereto, semi-annually during the period of this Agreement. Such attestations shall be maintained by the contractor and made available to state officials upon request.
- 5.30.2 Prior to the use of any subcontractor in the performance of this Agreement, and semi-annually thereafter, during the period of this Agreement, the Contractor shall obtain and retain a current, written attestation that the subcontractor shall not knowingly utilize the services of an illegal immigrant to perform work relative to this Agreement and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant to perform work relative to this Agreement. Attestations obtained from such subcontractors shall be maintained by the contractor and made available to state officials upon request.
- 5.30.3 The Contractor shall maintain records for all personnel used in the performance of this Agreement. Said records shall be subject to review and random inspection at any reasonable time upon reasonable notice by the State.
- 5.30.4 The Contractor understands and agrees that failure to comply with this section will be subject to the sanctions of Public Chapter 878 of 2006 for acts or omissions occurring after its effective date. This law requires the Commissioner of Finance and Administration to prohibit a contractor from contracting with, or submitting an offer, proposal, or bid to contract with the State of Tennessee to supply goods or services for a period of one year after a contractor is discovered to have knowingly used the services of illegal immigrants during the performance of this contract.
- 5.30.5 For purposes of this Agreement, "illegal immigrant" shall be defined as any person who is not either a United States citizen, a Lawful Permanent Resident, or a person whose physical presence in the United States is authorized or allowed by the federal Department of Homeland Security and who, under federal immigration laws and/or regulations, is authorized to be employed in the U.S. or is otherwise authorized to provide services under the Agreement.

5.31 Voluntary Buyout Program

- 5.31.1 The Contractor acknowledges and understands that, for a period of two years beginning August 16, 2008, restrictions are imposed on former state employees who received a State of Tennessee Voluntary Buyout Program (VBP) severance payment with regard to contracts with state agencies that participated in the VBP.
- 5.31.2 The State will not contract with either a former state employee who received a VBP severance payment or an entity in which a former state employee who received a VBP severance payment or the spouse of such an individual holds a controlling financial interest.
- 5.31.3 The State may contract with an entity with which a former state employee who received a VBP severance payment is an employee or an independent contractor. Notwithstanding the foregoing, the Contractor understands and agrees that there may be unique business circumstances under which a return to work by a former state employee who received a VBP severance payment as an employee or an independent contractor of a State contractor would not be appropriate, and in such cases the State may refuse Contractor personnel. Inasmuch, it shall be the responsibility of the State to review Contractor personnel to identify any such issues.

Amendment Number 20 (cont.)

5.31.4 With reference to either subsection a. or b. above, a contractor may submit a written request for a waiver of the VBP restrictions regarding a former state employee and a contract with a state agency that participated in the VBP. Any such request must be submitted to the State in the form of the VBP Contracting Restriction Waiver Request format available from the State and the Internet at: www.state.tn.us/finance/rds/ocr/waiver.html. The determination on such a request shall be at the sole discretion of the head of the state agency that is a Party to this Agreement, the Commissioner of Finance and Administration, and the Commissioner of Human Resources.

5.32 Federal Economic Stimulus Funding

This Agreement requires the CONTRACTOR to provide products and/or services that are funded in whole or in part under the American Recovery and Reinvestment Act of 2009, Public Law 111-5, (Recovery Act). The CONTRACTOR is responsible for ensuring that all applicable requirements of the Recovery Act are met and that the CONTRACTOR provides information to the State as required by, but not limited to, the following:

5.32.1 The Recovery Act, including but not limited to the following sections of that Act:

5.32.1.1 Section 1606 – Wage Rate Requirements.

5.32.1.2 Section 1512 – Reporting and Registration Requirements.

5.32.1.3 Sections 902, 1514, and 1515 – General Accounting Office/Inspector General Access.

5.32.1.4 Section 1553 – Whistleblower Protections.

5.32.1.5 Section 1605 – Buy American Requirements for Construction Material.

5.32.2 Executive Office of the President, Office of Management and Budget (OMB) Guidelines as posted at http://www.whitehouse.gov/omb/recovery_default/, as well as OMB Circulars, including but not limited to A-102 and A-133 as posted at http://www.whitehouse.gov/omb/financial_offm_circulars/.

5.32.3 Federal Grant Award Documents.

5.32.4 Office of Tennessee Recovery Act Management Directives.

5.33 Contract Term of The Agreement

5.33.1 This Agreement and its incorporated attachments, if any, as well as all Amendments to this Agreement, contain all of the terms and conditions agreed upon by the parties, and when executed by all parties, supersedes any prior agreements. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall be in effect from July 1, 2001, subject to approval by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services. The term of this Agreement shall expire on June 30, 2010. At the mutual agreement of TennCare and the CONTRACTOR, this CONTRACT shall be renewable for an additional twelve month period.

5.33.2 Notwithstanding any provision herein to the contrary, the State may terminate this Agreement if the waiver governing TennCare is terminated. The documents referenced in the Agreement are on file with the CONTRACTOR and with TENNCARE and the CONTRACTOR is aware of their content. No other agreement, oral or otherwise regarding the subject matter of this Agreement, shall be deemed to exist or to bind any of the parties hereto.

- 14. Attachment I shall be deleted and replaced in its entirety so that the new Attachment I shall read as follows:**

**ATTACHMENT I
BEHAVIORAL HEALTH SPECIALIZED SERVICE DESCRIPTIONS**

The CONTRACTOR shall provide medically necessary mental health case management and psychiatric rehabilitation services according to the requirements herein.

SERVICE	Mental Health Case Management
----------------	--------------------------------------

DEFINITION

Mental health case management is a supportive service provided to enhance treatment effectiveness and outcomes with the goal of maximizing resilience and recovery options and natural supports for the individual. Mental health case management is consumer-centered, consumer focused and strength-based, with services provided in a timely, appropriate, effective, efficient and coordinated fashion. It consists of activities performed by a team or a single mental health case manager to support clinical services. Mental health case managers assist in ensuring the individual/family access to services.

Mental health case management requires that the mental health case manager and the individual and/or family have a strong productive relationship which includes viewing the individual/family as a responsible partner in identifying and obtaining the necessary services and resources. Services rendered to children and youth shall be consumer-centered and family-focused with case managers working with multiple systems (e.g. education, child welfare, juvenile justice). Mental health case management is provided in community settings, which are accessible and comfortable to the individual/family. The service should be rendered in a culturally competent manner and be outcome driven. Mental health case management shall be available 24 hours a day, 7 days a week. The service is not time limited and provides the individual/family the opportunity to improve their quality of life.

The CONTRACTOR shall ensure mental health case management is rendered in accordance with all of the service components and guidelines herein.

SERVICE DELIVERY

The CONTRACTOR shall:

- Determine caseload size based on an average number of individuals per case manager, with the expectation being that case managers will have mixed caseloads of clients and flexibility between Levels 1 and 2 (Levels 1 and 2 are defined below); and
- Ensure that caseload sizes and minimum contacts are met as follows:

Case Management Type	Maximum Caseload Size	Minimum Face-to-Face Contacts
Level 1 (Non-Team Approach)*	25 individuals:1 case manager	One (1) contact per week
Level 1 (Team Approaches):		
Adult CTT	20 individuals:1 team 20 individuals:1 case manager	One (1) contact per week
Children & Youth (C&Y) CTT	15 individuals:1 team 15 individuals:1 case manager	One (1) contact per week
CCFT	15 individuals:1 team 15 individuals:1 case manager	One (1) contact per week
ACT	100 individuals:1 team 15 individuals:1 case manager	One (1) contact per week

Amendment Number 20 (cont.)

Case Management Type	Maximum Caseload Size	Minimum Face-to-Face Contacts
PACT	100 individuals:1 team 15 individuals:1 case manager	One (1) contact per week
Level 2*	35 individuals:1 case manager	Two (2) contacts per month

*For case managers having a combination of Level 1 & Level 2 (non-team) individuals, the maximum caseload size shall be no more than 30 individuals:1 case manager.

The CONTRACTOR shall ensure that the following requirements are met:

- 1) All mental health case managers shall have, at a minimum, a bachelor's degree;
- 2) Supervisors shall maintain no greater than a 1:30 supervisory ratio with mental health case managers;
- 3) Mental health case managers who are assigned to both a parent(s) and child in the same family, should have skills and experience needed for both ages; mental health case managers who are assigned to individuals with co-occurring disorders (mental illness and substance abuse disorders) should have the skills and experience to meet the needs of these individuals;
- 4) Eighty percent (80%) of all mental health case management services should take place outside the case manager's office;
- 5) The children and youth (C&Y) (under age eighteen (18)) mental health case management model shall provide a transition from C&Y services into adult services, including adult mental health case management services. The decision to serve an 18-year old youth via the C&Y case management system versus the adult system shall be a clinical one made by a provider. Transition from children's services, including mental health case management, shall be incorporated into the child's treatment plan; and
- 6) All mental health case management services shall be documented in a treatment plan. Mental health case management activities are correlated to expected outcomes and outcome achievement and shall be monitored, with progress being noted periodically in a written record.

Level 1

Level 1 mental health case management is the most intense level of service. It provides frequent and comprehensive support to individuals with a focus on recovery and resilience. The CONTRACTOR shall ensure the provision of level 1 mental health case management to the most severely disabled adults and emotionally disturbed children and youth, including individuals who are at high risk of future hospitalization or placement out of the home and require both community support and treatment interventions. Level 1 mental health case management can be rendered through a team approach or by individual mental health case managers. Team approaches may include such models as ACT, CTT, CCFT and PACT, as described below:

Assertive Community Treatment (ACT)

ACT is a way of delivering comprehensive and effective services to adults diagnosed with severe mental illness and who have needs that have not been well met by traditional approaches to delivering services. The principles of ACT include:

- 1) Services targeted to a specific group of individuals with severe mental illness;
- 2) Treatment, support and rehabilitation services provided directly by the ACT team;
- 3) Sharing of responsibility between team members and individuals served by the team;
- 4) Small staff (all team staff including case managers) to individual ratios (approx. 1 to 10);
- 5) Comprehensive and flexible range of treatment and services;
- 6) Interventions occurring in community settings rather than in hospitals or clinic settings;
- 7) No arbitrary time limit on receiving services;
- 8) Individualized treatment, support and rehabilitation services;
- 9) Twenty-four (24) hour a day availability of services; and
- 10) Engagement of individuals in treatment and monitoring.

Continuous Treatment Team (CTT)

CTT is a coordinated team of staff (to include physicians, nurses, case managers, and other therapists as needed) who provide a range of intensive, integrated mental health case management, treatment, and rehabilitation services

Amendment Number 20 (cont.)

to adults and children and youth. The intent is to provide intensive treatment to families of children and youth with acute psychiatric problems in an effort to prevent removal from the home to a more restrictive level of care. An array of services are delivered in the home or in natural settings in the community, and are provided through a strong partnership with the family and other community support systems. The program provides services including crisis intervention and stabilization, counseling, skills building, therapeutic intervention, advocacy, educational services, medication management as indicated, school based counseling and consultation with teachers, and other specialized services deemed necessary and appropriate.

Comprehensive Child and Family Treatment (CCFT)

CCFT services are high intensity, time-limited services designed for children and youth to provide stabilization and deter the “imminent” risk of State custody for the individual. There is usually family instability and high-risk behaviors exhibited by the child/adolescent. CCFT services are concentrated on child, family, and parental/guardian behaviors and interaction. CCFT services are more treatment oriented and situation specific with a focus on short-term stabilization goals. The primary goal of CCFT is to reach an appropriate point of stabilization so the individual can be transitioned to a less intense outpatient service.

Program of Assertive and Community Treatment (PACT)

PACT is a service delivery model for providing comprehensive community-based treatment to adults with severe and persistent mental illness. It involves the use of a multi-disciplinary team of mental health staff organized as an accountable, mobile mental health agency or group of providers who function as a team interchangeably to provide the treatment, rehabilitation and support services persons with severe and/or persistent mental illnesses need to live successfully in the community.

Level 2

Level 2 mental health case management is a less intensive level of service than Level 1 and is focused on resilience and recovery. The CONTRACTOR shall ensure that level 2 mental health case management is provided to individuals whose symptoms are at least partially stabilized or reduced in order to allow treatment and rehabilitation efforts.

Amendment Number 20 (cont.)

SERVICE COMPONENTS

The CONTRACTOR shall ensure that mental health case management incorporates the following service components:

Crisis Facilitation

Crisis facilitation is provided in situations requiring immediate attention/resolution for a specific individual or other person(s) in relation to a specific individual. It is the process of accessing and coordinating services for an individual in a crisis situation to ensure the necessary services are rendered during and following the crisis episode. Most crisis facilitation activities would involve face-to-face contact with the individual.

Assessment of Daily Functioning

Assessment of daily functioning involves the on-going monitoring of how an individual is coping with life on a day to day basis for the purposes of determining necessary services to maintain community placement and improve level of functioning. Most assessments of daily functioning are achieved by face-to-face contact with the individual in his or her natural environment.

Assessment/Referral/Coordination

Assessment/referral/coordination involves assessing the needs of the individual for the purposes of referral and coordination of services that will improve functioning and/or maintain stability in the individual's natural environment.

Mental Health Liaison

Mental health liaison services are offered to persons who are not yet assigned to mental health case management. It is a short-term service for the purposes of service referral and continuing care until other mental health services are initiated.

SERVICE	Psychiatric Rehabilitation
----------------	-----------------------------------

DEFINITION

Psychiatric rehabilitation is an array of consumer-centered recovery services designed to support the individual in the attainment or maintenance of his or her optimal level of functioning. These services are designed to capitalize on personal strengths, develop coping skills and strategies to deal with deficits and develop a supportive environment in which to function as independent as possible on the individual's recovery journey.

Services included under psychiatric rehabilitation are as follows.

SERVICE COMPONENTS

Psychosocial Rehabilitation

Psychosocial rehabilitation services utilize a comprehensive approach (mind, body, and spirit) to work with the whole person for the purposes of improving an individuals' functioning, promoting management of illness(s), and facilitating recovery. The goal of psychosocial rehabilitation is to support individuals as active and productive members of their communities. Individuals, in partnership with staff, form goals for skills development in the areas of vocational, educational, and interpersonal growth (e.g. household management, development of social support networks) that serve to maximize opportunities for successful community integration. Individuals proceed toward goal attainment at their own pace and may continue in the program at varying levels intensity for an indefinite period of time.

Supported Employment

Supported employment consists of a range of services to assist individuals to choose, prepare for, obtain, and maintain gainful employment that is based on individuals' preferences, strengths, and experiences. This service also includes a variety of support services to the individual, including side-by-side support on the job. These services may be integrated into a psychosocial rehabilitation center.

Peer Support

Peer support services allow individuals to direct their own recovery and advocacy process and are provided by persons who are or have been consumers of the behavioral health system and their family members and are Certified Peer Support Specialists. These services include providing assistance with more effectively utilizing the service delivery system (e.g. assistance in developing plans of care, accessing services and supports, partnering with professionals) or understanding and coping with the stressors of the person's illness through support groups, coaching, role modeling, and mentoring. Activities which promote socialization, recovery, self-advocacy, development of natural supports, and maintenance of community living skills are rendered so individuals can educate and support each other in the acquisition of skills needed to manage their illnesses and access resources within their communities. Services are often provided during the evening and weekend hours.

Illness Management & Recovery

Illness management and recovery services refers to a series of weekly sessions with trained mental health practitioners for the purpose of assisting individuals in developing personal strategies for coping with mental illness and promoting recovery.

Supported Housing

Supported housing services refers to services rendered at facilities that are staffed twenty-four (24) hours per day, seven (7) days a week with associated mental health staff supports for individuals who require treatment services and supports in a highly structured setting. These mental health services are for persons with serious and/or persistent mental illnesses (SPMI) and are intended to prepare individuals for more independent living in the community while providing an environment that allows individuals to live in community settings. Given this goal, every effort should be made to place individuals in facilities near their families and other support systems and

original areas of residence. Supported housing services are mental health services and do not include the payment of room and board.

15. Attachment IV shall be amended by adding “Psychiatry (adult), Psychiatry (child and adolescent)” to sub-section (1) and by adding the following in the Specialty/Non-Dual Members Grid:

Specialty	Number of Non-Dual Members
Psychiatry (adult)	25,000
Psychiatry (child & adolescent)	150,000

16. The Attachments shall be amended by adding a new Attachment V and renumbering the existing Attachments. The new Attachment V shall read as follows:

**ATTACHMENT V
ACCESS & AVAILABILITY FOR BEHAVIORAL HEALTH SERVICES**

The CONTRACTOR shall adhere to the following behavioral health network requirements to ensure access and availability to behavioral health services for all members (adults and children). For the purpose of assessing behavioral health provider network adequacy, TENNCARE will evaluate the CONTRACTOR’s provider network relative to the requirements described below. Providers serving adults will be evaluated separately from those serving children.

Access to Behavioral Health Services

The CONTRACTOR shall ensure access to behavioral health providers for the provision of covered services. At a minimum, this means that:

The CONTRACTOR shall have provider agreements with providers of the services listed in the table below and meet the geographic and time for admission/appointment requirements.

Service Type	Geographic Access Requirement	Maximum Time for Admission/ Appointment
Psychiatric Inpatient Hospital Services	Travel distance does not exceed 60 miles for at least 75% of members and does not exceed 90 miles for at least 90% of members	4 hours (emergency involuntary)/24 hours (involuntary)/24 hours (voluntary)
24 Hour Psychiatric Residential Treatment	Travel distance does not exceed 75 miles for at least 75% of ADULT members and does not exceed 150 miles for at least 90% of ADULT members ----- --- Travel distance does not exceed 60 miles for at least 75% of CHILD members and does not exceed 90 miles for at least 90% of CHILD members	Within 30 calendar days
Outpatient Non-MD Services	Travel distance does not exceed 30 miles for ALL members	Within 14 calendar days; if urgent, within 3 business days

Amendment Number 20 (cont.)

Intensive Outpatient (may include Day Treatment (adult), Intensive Day Treatment (Children & Adolescent) or Partial Hospitalization)	Travel distance does not exceed 60 miles for at least 75% of members and does not exceed 90 miles for at least 90% of members	Within 14 calendar days; if urgent, within 3 business days
Inpatient Facility Services (Substance Abuse)	Travel distance does not exceed 60 miles for at least 75% of members and does not exceed 90 miles for at least 90% of members	Within 2 calendar days; for detoxification - within 4 hours in an emergency and 24 hours for non-emergency
24 Hour Residential Treatment Services (Substance Abuse)*	Travel distance does not exceed 75 miles for at least 75% of members and does not exceed 120 miles for at least 90% of members	Within 14 calendar days
Outpatient Treatment Services (Substance Abuse)	Travel distance does not exceed 30 miles for ALL members	Within 14 calendar days; for detoxification – within 24 hours
Mental Health Case Management	Not subject to geographic access standards	Within 7 calendar days
Psychosocial Rehabilitation (may include Supported Employment, Illness Management & Recovery, or Peer Support (TDMHDD Rule Chapter 1940-5-29))	Not subject to geographic access standards	Within 14 calendar days
Supported Housing	Travel distance does not exceed 60 miles for at least 75% of ADULT members and does not exceed 90 miles for at least 90% of ADULT members	Within 30 calendar days
Crisis Services (Mobile)	Not subject to geographic access standards	Face-to-face contact within 1 hour for emergency situations and 4 hours for urgent situations
Crisis Stabilization	Not subject to geographic access standards	Within 4 hours of referral

*24 Hour Residential Treatment Substance Abuse Services may be provided by facilities licensed by the Tennessee Department of Health as Halfway House Treatment Facilities (DOH Rule Chapter 1200-8-17), Residential Detoxification Treatment Facilities (DOH Rule Chapter 1200-8-22) or Residential Rehabilitation Treatment Facilities (DOH Rule Chapter 1200-8-23). (Effective 1/1/2008, the Tennessee Department of Mental Health and Developmental Disabilities will license these facilities.)

When the above standards are not met, an acceptable Corrective Action Plan will be requested which details the CONTRACTOR’s intended course of action to resolve any deficiency (ies) identified. The Bureau of TennCare will evaluate Corrective Action Plans and, at its sole discretion, determine network adequacy considering any alternate measures and documentation of unique market conditions.

At a minimum, providers for the following service types shall be reported on the Provider Enrollment File:

Service Type	Service Code(s) for use in position 330-331 of the Provider Enrollment File
Psychiatric Inpatient Hospital Services	Adult - 11, 79, 85 Child – A1 or H9
24 Hour Psychiatric Residential Treatment	Adult - 13, 81, 82 Child – A9, H1, or H2
Outpatient MD Services (Psychiatry)	Adult – 19 Child – B5
Outpatient Non-MD Services	Adult – 20 Child – B6
Intensive Outpatient/ Partial Hospitalization	Adult – 21, 23, 62 Child - B7, C2, C3
Inpatient Facility Services (Substance Abuse)	Adult – 15, 17 Child – A3, A5
24 Hour Residential Treatment Services (Substance Abuse)	Adult - 56 Child - F6
Outpatient Treatment Services (Substance Abuse)	Adult – 27 or 28 Child – D3 or D4
Mental Health Case Management	Adult - 31, 66, or 83 Child – C7, D7, G2, G6, or K1
Psychiatric Rehabilitation Services:	
Psychosocial Rehabilitation	42
Supported Employment	44
Peer Support	88
Illness Management & Recovery	91
Supported Housing	32 and 33
Crisis Services (Mobile)	Adult - 37, 38, 39 Child - D8, D9, E1
Crisis Respite	Adult – 40 Child – E2
Crisis Stabilization	Adult – 41

17. The renumbered Attachment XII shall be deleted and replaced in its entirety.

**ATTACHMENT XII
Cost-Sharing Schedules**

**Non-Pharmacy Copayment Schedule
(unless otherwise directed by TENNCARE)**

Poverty Level	Copayment Amounts
0% - 99%	\$0.00
100% - 199%	\$10.00, Hospital Emergency Room (waived if admitted) \$5.00, Primary Care Provider and Community Mental Health Agency Services Other Than Preventive Care \$5.00, Physician Specialists (including Psychiatrists) \$5.00, Prescription or Refill \$5.00, Inpatient Hospital Admission (waived if readmitted within 48 hours for the same episode)
200% and above	\$5.00, Hospital Emergency Room (waived if admitted) \$15.00, Primary Care Provider and Community Mental Health

	Agency Services Other Than Preventive Care \$20.00, Physician Specialists (including Psychiatrists) \$10.00, Prescription or Refill \$100.00, Inpatient Hospital Admission (waived if readmitted within 48 hours for the same episode)
--	--

The CONTRACTOR is specifically prohibited from waiving or discouraging TENNCARE enrollees from paying the amounts described in this attachment.

18. The renumbered Attachment XIII, Exhibit D shall be deleted and replaced in its entirety and shall read as follows:

**ATTACHMENT XIII, EXHIBIT G
REPORT OF ESSENTIAL HOSPITAL SERVICES**

Instructions for Completing *Report of Essential Hospital Services*

The chart for the *Report of Essential Hospital Services* required in Section 2.30.7.4 is to be prepared based on the CONTRACTOR’s provider network for essential hospital services in each Grand Region in which the CONTRACTOR has (or expects to have) TennCare members.

- Fill out one report for each Grand Region. In the top portion of the grid, indicate the MCO name, the Grand Region, the total number of MCO members in the Grand Region and the date that such total enrollment was established.
 - Provide information on each contract and non-contract facility that serves (or will serve) members in the identified Grand Region. The MCO should use a separate row to report information on each such facility.
1. In the first column, “Name of Facility” indicate the complete name of the facility.
 2. In the second column, “TennCare ID” indicate the TennCare ID assigned to the facility.
 3. In the third column, “NPI” indicate the National Provider Identifier in which issued to the facility.
 4. In the fourth column, “City/Town” indicate the city or town in which the designated facility is located.
 5. In the fifth column, “County”, indicate the name of the county in which this facility is located.
 6. In the sixth through the thirteenth columns indicate the status of the CONTRACTOR’s relationship with the specific facility for each of these covered hospital services, e.g. Neonatal, Perinatal, Pediatric, Trauma, Burn, Center of Excellence for AIDS, Center of Excellence for Children at Risk or in State Custody and Centers of Excellence for Behavioral Health. For example:
 - If the CONTRACTOR has an executed provider agreement with the facility for neonatal services, insert an “E” in the column labeled “Neonatal”.
 - If the CONTRACTOR does not have an executed provider agreement with this facility for “Neonatal”, but has another type of arrangement with this facility, the CONTRACTOR should indicate the code that best describes its relationship (L=letter of intent; R=on referral basis; N=in contract negotiations; O=other arrangement). For any facility in which the CONTRACTOR does not have an executed provider agreement and is using as a non-contract provider, the CONTRACTOR should submit a brief description (one paragraph) of its relationship with the facility including an estimated timeline for executing a provider agreement, if any.
 - If the CONTRACTOR does not have any relationship for neonatal services with the facility on this row, the CONTRACTOR should leave the cell labeled “neonatal” blank.

**ATTACHMENT XIII, EXHIBIT G
ESSENTIAL HOSPITAL SERVICES REPORT**

MCO Name:		Grand Region:			
Number of TennCare Members:		as of (date):			

Name of Facility	TennCare ID	NPI	City/ Town	County	Neonatal	Perinatal	Pediatric	Trauma	Burn	AIDS Center of Excellence	Center of Excellence for Children at Risk or in State Custody	Center of Excellence for Behavioral Health	Comments

E = Executed Provider Agreement
 L = Letter of Intent
 R = On Referral Basis
 N = In Contract Negotiations
 O = Other Arrangement

If no relationship for a particular service leave cell blank

- 19. The renumbered Attachment XIII shall be amended by adding new Exhibits O, P and Q which shall read as follows:**

**ATTACHMENT XIII, EXHIBIT O
MENTAL HEALTH CASE MANAGEMENT REPORT**

The *Mental Health Case Management Report* required in Section 2.30.4.2 shall include, at a minimum, the following data elements:

1. MCO ID number
2. Number and percentage of compliance for appointments scheduled within 7 calendar days of the date of discharge from psychiatric inpatient or residential treatment facility
3. Number and percentage of compliance for appointments occurring within 7 calendar days of the date of discharge from psychiatric inpatient or residential treatment facility, excluding member no shows, reschedules, and refusals
4. Number and percentage of appointment no shows
5. Number and percentage of appointment reschedules
6. Number and percentage of members meeting medical necessity for mental health case management and refusing the service
7. Data elements #2 - #6 broken down by mental health case management agency
8. DCS status

**ATTACHMENT XIII, EXHIBIT P
BEHAVIORAL HEALTH CRISIS RESPONSE REPORT**

The *Behavioral Health Crisis Response Report* required in Section 2.30.4.4 shall include, at a minimum, the following data elements:

1. Total Telephone Contacts
2. Type of Call: Psychiatric Emergency
3. Type of Call: Urgent
4. Type of Call: Routine
5. Total Face-to-Face Contacts
6. Face-to-Face Type: Psychiatric Emergency
7. Face-to-Face Type: Urgent
8. Face-to-Face Type: Routine
9. Total Face-to-Face Contacts by Payor
10. Face-to-Face Payor Source: TennCare
11. Face-to-Face Payor Source: Medicare
12. Face-to-Face Payor Source: Commercial
13. Face-to-Face Payor Source: None
14. Total Face-to-Face Contacts by Location
15. Face-to-Face Location: Onsite at CMHA
16. Face-to-Face Location: ER
17. Face-to-Face Location: Other Offsite
18. Total Face-to-Face Contacts by Disposition
19. Disposition: Total Admitted to RMHI (acute)
20. # Admitted to RMHI Not Mandatory Pre-Screened
21. Disposition: Total Admitted to Other Inpt (acute) Includes Dual Dx
22. # Admitted To Other Inpt Not Mandatory Pre-Screened
23. GRAND TOTAL PSYCHIATRIC ADMISSIONS
24. Disposition: Admitted to IP SA Treatment
25. Disposition: Referred to Lower Level OP Care
26. Disposition: Referred to Respite Services
27. Average time for Admission to Crisis Respite (only when admitted to respite)
28. Disposition: Referred to Other Services

Amendment Number 20 (cont.)

29. Disposition: Assessed / No Need for Referral
30. Disposition: Consumers Refusing Referral
31. Total Number of Face-to-Face Contacts for C&A <18 yrs of age
32. Total Number of Face-to-Face Contacts for C&A 18 to <21 yrs of age
33. Total Number of Face-to-Face Contacts for Adults 21 yrs and older
34. Total Number of Behavioral Health Providers notified of Crisis (only if consumer has a provider)
35. Average Time of Arrival in Minutes: Psychiatric Emergency
36. Average Time of Arrival in Minutes: Urgent
37. Barriers to Diversion: No Psychiatric Respite Accessible
38. Barriers to Diversion: No SA/Dual Respite Accessible
39. Barriers to Diversion: Consumer/Guardian Refused Respite
40. Barriers to Diversion: 6-404 Signed Prior to Assessment (when consumer could have been diverted if CON not signed)
41. Barriers to Diversion: Lack of Linkage w/Case Mgr (only if consumer has a CM)
42. Barriers to Diversion: Other (only for inappropriate admissions and barrier does not fit in any other category)

**ATTACHMENT XIII, EXHIBIT Q
MEMBER CRG/TPG ASSESSMENT REPORT**

The *Member CRG/TPG Assessment Report* required in Section 2.30.4.5 shall include, at a minimum, the following data elements:

CRG assessment of members age 18 years or older

1. MCO's ID number
2. Member's last name
3. Member's first name
4. Member's birth date
5. Member's Social Security Number (SSN)
6. Principal diagnosis
7. Dual principal/secondary diagnosis
8. Measure of member's level of functioning in activities of daily living
9. Measure of member's level of functioning in interpersonal functioning
10. Measure of member's level of functioning in concentration, task performance, and pace
11. Measure of member's level of functioning in adaptation to change
12. Measure of member's severity of impairment
13. Measure of member's duration of mental illness
14. Indicator of member's former severe impairment
15. Member's need for services to prevent relapse
16. Member's Clinically Related Group (CRG)
17. Reason for assessment
18. Date of request for assessment
19. Date of CRG assessment
20. Measure of rater's adequacy of information in order to complete assessment
21. Member's current Global Assessment of Functioning (GAF) scale score
22. Member's highest GAF scale score (past year)
23. Member's lowest GAF scale score (past year)
24. Program code
25. Rater's TennCare provider ID number

TPG assessment of members under age 18

1. MCO's ID number
2. Member's last name
3. Member's first name
4. Member's date of birth
5. Member's social security number

Amendment Number 20 (cont.)

6. Principal diagnosis
7. Dual principal/secondary diagnosis
8. Member's current Global Assessment of Functioning (GAF) scale score
9. Member's highest GAF scale score (past year)
10. Member's lowest GAF scale score (past year)
11. Severity of impairment
12. Serious Emotional Disturbance (SED) status
13. Environmental issues
14. Family issues
15. Trauma issues
16. Social skills issues
17. Abuse/neglect issues
18. Child at risk of SED
19. Member's Target Population Group (TPG)
20. Reason for assessment
21. Date of request for assessment
22. Date of TPG assessment
23. Measure of rater's adequacy of information in order to complete assessment
24. Program code
25. Rater's TennCare provider ID number

- 20. The Attachments shall be amended by adding new Attachments XV and XVI which shall read as follows:**

**ATTACHMENT XV
PERFORMANCE STANDARDS**

	PERFORMANCE MEASURE	DATA SOURCE(S)	BENCHMARK	DEFINITION	MEASUREMENT FREQUENCY	LIQUIDATED DAMAGE
1	Timely Claims Processing	Report from TDCI	90% of claims (for which no further written information or substantiation is required in order to make payment) are paid within thirty (30) calendar days of the receipt of claim. 99.5% of claims are processed within sixty (60) calendar days.	Percentage of claims paid within 30 calendar days of receipt of claim, for each month Percentage of claims processed within 60 calendar days of receipt of claim, for each month	Monthly	\$10,000 for each month determined not to be in compliance
2	Claims Payment Accuracy	Self-reported results based on an internal audit conducted on a statistically valid random sample will be validated by TDCI	97% of claims paid accurately upon initial submission	Percentage of total claims paid accurately; for each month	Monthly	\$5,000 for each full percentage point accuracy is below 97% for each month
3	Telephone Response Time/Call Answer Timeliness -Member Services Line	Member Services and UM Phone Line Report	85% of all calls to each line are answered by a live voice within thirty (30) seconds or the prevailing benchmark established by NCQA	The number of calls answered by a live voice within 30 seconds, divided by the number of calls received by the phone line (during hours of operation) during the measurement period	Quarterly	\$25,000 for each full percentage point below 85% per month
4	Telephone Response Time/Call Answer Timeliness - Utilization Management Line	Member Services and UM Phone Line Report	85% of all calls to each line are answered by a live voice within thirty (30) seconds or the prevailing benchmark established by NCQA	The number of calls answered by a live voice within 30 seconds, divided by the number of calls received by the phone line (during hours of operation) during the measurement period	Quarterly	\$25,000 for each full percentage point below 85% per month

Amendment Number 20 (cont.)

	PERFORMANCE MEASURE	DATA SOURCE(S)	BENCHMARK	DEFINITION	MEASUREMENT FREQUENCY	LIQUIDATED DAMAGE
5	Telephone Call Abandonment Rate (unanswered calls) – Member Services Line	Member Services and UM Phone Line Report	Less than 5% of telephone calls are abandoned	The number of calls abandoned by the caller or the system before being answered by a live voice divided by the number of calls received by the phone line (during open hours of operation) during the measurement period	Quarterly	\$25,000 for each full percentage point above 5% per month
6	Telephone Call Abandonment Rate (unanswered calls) – UM Line	Member Services and UM Phone Line Report	Less than 5% of telephone calls are abandoned	The number of calls abandoned by the caller or the system before being answered by a live voice divided by the number of calls received by the phone line (during open hours of operation) during the measurement period	Quarterly	\$25,000 for each full percentage point above 5% per month

Amendment Number 20 (cont.)

	PERFORMANCE MEASURE	DATA SOURCE(S)	BENCHMARK	DEFINITION	MEASUREMENT FREQUENCY	LIQUIDATED DAMAGE
7	Provider Network Documentation	Provider Enrollment File and provider agreement signature pages	100% of providers on the Provider Enrollment File have a signed provider agreement with the CONTRACTOR		Upon TENNCARE request	\$1,000 for each provider for which the CONTRACTOR cannot provide a signature page from the provider agreement between the provider and the CONTRACTOR

Amendment Number 20 (cont.)

	PERFORMANCE MEASURE	DATA SOURCE(S)	BENCHMARK	DEFINITION	MEASUREMENT FREQUENCY	LIQUIDATED DAMAGE
8	Specialist Provider Network	Provider Enrollment File	<p><u>1. Physician Specialists:</u> Executed specialty physician contracts in all areas required by this Agreement for the following specialists: allergy; cardiology; dermatology; endocrinology; gastroenterology; general surgery; nephrology; neurology; neurosurgery; otolaryngology; ophthalmology; orthopedics; oncology/hematology; psychiatry (adults); psychiatry (child/adolescent); and urology</p> <p><u>2. Essential Hospital Services:</u> Executed contract with at least one (1) tertiary care center for each essential hospital service</p> <p><u>3. Center of Excellence for People with AIDS:</u> Executed contract with at least two (2) Center of Excellence for AIDS within the CONTRACTOR's approved Grand Region(s)</p> <p><u>4. Center of Excellence for Behavioral Health:</u> Executed contract with all COEs for Behavioral Health within the CONTRACTOR's approved Grand Region(s)</p>	Executed contract is a signed provider agreement with a provider to participate in the CONTRACTOR's network as a contract provider	Monthly	<p>\$25,000 if ANY of the listed standards are not met, either individually or in combination on a monthly basis</p> <p>The liquidated damage may be waived for Physician Specialists if the CONTRACTOR provides sufficient documentation to demonstrate that the deficiency is attributable to a lack of physicians practicing in the area. The liquidated damage may be lowered to \$5,000 in the event the CONTRACTOR provides a corrective action plan that is accepted by TENNCARE</p>

Amendment Number 20 (cont.)

	PERFORMANCE MEASURE	DATA SOURCE(S)	BENCHMARK	DEFINITION	MEASUREMENT FREQUENCY	LIQUIDATED DAMAGE
9	Provider Participation Accuracy	Provider Enrollment File	At least 90% of listed providers confirm participation in the CONTRACTOR's network	A statistically valid sample of participating providers on the most recent monthly provider enrollment file confirm that they are participating in the CONTRACTOR's network	Quarterly	\$25,000 per quarter if less than 90% of providers confirm participation. The liquidated damage may be lowered to \$5,000 in the event that the CONTRACTOR provides a corrective action plan that is accepted by TENNCARE, or may be waived by TENNCARE if the CONTRACTOR submits sufficient documentation to demonstrate 90% of providers in the sample are participating
10	Provider Information Accuracy	Provider Enrollment File	Data for no more than 10% of listed providers is incorrect for <u>each</u> data element	Data for no more than 10% of a statistically valid sample of participating providers on the most recent monthly provider enrollment is incorrect for <u>each</u> element as determined by TENNCARE	Quarterly	\$5,000 per quarter if data for more than 10% but fewer than 31% of providers is incorrect for <u>each</u> data element \$25,000 per quarter if data for more than 30% of providers is incorrect for <u>each</u> data element The \$25,000 liquidated damage may be lowered to \$5,000 in the event that the CONTRACTOR provides a corrective action plan that is accepted by TENNCARE, or may be waived by TENNCARE if the CONTRACTOR submits sufficient documentation

Amendment Number 20 (cont.)

	PERFORMANCE MEASURE	DATA SOURCE(S)	BENCHMARK	DEFINITION	MEASUREMENT FREQUENCY	LIQUIDATED DAMAGE
11	Distance from provider to member	Provider Enrollment File	In accordance with this Agreement, including Attachments III through V	Time and travel distance as measured by GeoAccess	Monthly	\$25,000 if ANY of the listed standards are not met, either individually or in combination on a monthly basis. The liquidated damage may be lowered to \$5,000 in the event that the CONTRACTOR provides a corrective action plan that is accepted by TENNCARE
12	Initial appointment timeliness for behavioral health services	Behavioral Health Initial Appointment Timeliness Report	85% of all initial appointments for behavioral health services for outpatient mental health services (MD and Non-MD) and outpatient substance abuse services shall meet the access and availability standards indicated in Attachment V	Average time between the intake assessment appointment and the member's next appointment scheduled or admission by type of service	Quarterly	\$2,000 for each service type for which less than 85% of all initial appointments for the specified provider types meet the access and availability standards indicated in Attachment V
13	Percentage of SPMI/SED members who receive a behavioral health service (excluding a CRG/TPG assessment)	Claims and encounter data	The percentage of SPMI/SED members who receive a behavioral health service (excluding a CRG/TPG assessment) will not be less than 76%	The number of SPMI/SED members receiving a behavioral health service (excluding a CRG/TPG assessment) during the fiscal year divided by the MCO's number of SPMI/SED members during the fiscal year is not less than the benchmark	Annually	\$25,000 for each year determined to not be in compliance
14	Non-IMD Inpatient Use	Behavioral Health Crisis Service Response Reports and utilization data	10% decrease of total inpatient days at freestanding psychiatric hospitals subject to IMD exclusion compared to the base year's utilization	Total inpatient psychiatric hospital days at IMD exclusion facilities for members reduced by 10% after base line year	Annually	\$10,000 for each year determined to not be in compliance

Amendment Number 20 (cont.)

	PERFORMANCE MEASURE	DATA SOURCE(S)	BENCHMARK	DEFINITION	MEASUREMENT FREQUENCY	LIQUIDATED DAMAGE
15	TENnderCare Screening	MCO encounter data	TENnderCare screening ratio, 80%	The EPSDT screening ratio, calculated by TENNCARE utilizing MCO encounter data submissions in accordance with specifications for the CMS-416 report	Quarterly	\$5,000 for each full percentage point TENnderCare screening ratio is below 80% for the most recent rolling twelve month period
16	Increase in utilization of supported employment	Supported Employment Reports	15% of all adults (21 – 64 years of age) designated as SPMI actively receiving supported employment services will be gainfully employed in either part time or full time capacity for a continuous 90 day period within one (1) year of receiving supported employment services	Total number of SPMI adults receiving supported employment services as defined in Attachment I employed for a continuous 90-day period within one (1) year of receiving supported employment services divided by the total number of SPMI adults	Annually	\$25,000 for each year determined to not be in compliance
17	Generic Prescription Drug Utilization	Encounter data	Sixty percent (60%)	Number of generic prescriptions divided by the total number of prescriptions	Quarterly	\$5,000 for each full percentage point Generic Prescription Utilization ratio is below 60%
18	Length of time between psychiatric hospital/RTF discharge and first subsequent mental health case management service	Mental Health Case Management Report	90% of discharged members <i>receive</i> a mental health case management service as medically necessary within seven (7) calendar days of discharge, excluding situations involving member reschedules, no shows, and refusals	(1) Number of members discharged by length of time between discharge and first subsequent mental health case management service as medically necessary reported by CMHA and type of service received; determined for each month (2) Average length of time between hospital discharge and first subsequent medically necessary MHCM visit reported by CMHA and type of service received excluding member reschedules, no shows, and refusals; determined for each month	Quarterly	\$3,000 for each quarter determined to not be in compliance

Amendment Number 20 (cont.)

Administrative Fee Payments**

I. Administrative Fee Effective July 1, 2001 through December 31, 2002

Category	Effective July 1, 2001 – June 30, 2002	Effective July 1, 2002 – December 31, 2002
Group 1.A	\$21.84 PMPM	\$22.71 PMPM
Group 1.B	\$21.84 PMPM	\$22.71 PMPM
Group 2	\$21.84 PMPM	\$22.71 PMPM
Group 3	\$13.84 PMPM	\$14.39 PMPM
Group 4	\$13.84 PMPM	\$14.39 PMPM
Group 5	\$13.84 PMPM	\$14.39 PMPM
Group 6	\$13.84 PMPM	\$14.39 PMPM

II. Administrative Fee Effective January 1, 2003:

Group 1.A, Group 1.B, and Group 2

Category	Effective January 1, 2003
Group 1.A	\$25.00 PMPM
Group 1.B	\$25.00 PMPM
Group 2	\$25.00 PMPM

Group 3, Group 4, Group 5 and Group 6 shall vary based on the total number of enrollees in these groups as follows:

Enrollment Level	Administrative Fee
0 to 99,999 enrollees	\$11.37
100,000 to 199,999 enrollees	\$11.25
200,000 to 299,999 enrollees	\$11.12
300,000 to 399,999 enrollees	\$11.00
400,000 to 499,999 enrollees	\$10.89
500,000 to 599,999 enrollees	\$10.68
600,000 to 699,999 enrollees	\$10.53
700,000 to 799,999 enrollees	\$10.38
800,000 to 899,999 enrollees	\$10.23
900,000 to 999,999 enrollees	\$10.08
1,000,000 or more enrollees	\$9.93

III. Administrative Fee Effective January 1, 2006:

Group 1.A, Group 1.B, and Group 2

Category	Effective January 1, 2003
Group 1.A	\$25.20 PMPM
Group 1.B	\$25.20 PMPM
Group 2	\$25.20 PMPM

Group 3, Group 4, Group 5 and Group 6 shall vary based on the total number of enrollees in these groups as follows:

Amendment Number 20 (cont.)

Enrollment Level	Administrative Fee
0 to 99,999 enrollees	\$11.57
100,000 to 199,999 enrollees	\$11.45
200,000 to 299,999 enrollees	\$11.32
300,000 to 399,999 enrollees	\$11.20
400,000 to 499,999 enrollees	\$11.09
500,000 to 599,999 enrollees	\$10.88
600,000 to 699,999 enrollees	\$10.73
700,000 to 799,999 enrollees	\$10.58
800,000 to 899,999 enrollees	\$10.43
900,000 to 999,999 enrollees	\$10.28
1,000,000 or more enrollees	\$10.13

IV. Administrative Fee Effective September 1, 2009

Category	Effective September 1, 2009
Group 1.A	\$29.00 PMPM
Group 1.B	\$29.00 PMPM
Group 2	\$29.00 PMPM
Group 3	\$29.00 PMPM
Group 4	\$29.00 PMPM
Group 5	\$29.00 PMPM
Group 6	\$29.00 PMPM

Amendment Number 20 (cont.)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective July 1, 2009.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 19

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 5-1 shall be amended by adding a new Section 5-1.k which shall read as follows:

k. Shared Risk Terms and Conditions

Effective March 1, 2009, the terms of the CONTRACTOR's shared risk responsibility shall be described below. The shared risk terms shall apply to the following populations as described in Section 4-1.1.a of this Contract: Group 1.A, Group 1.B, and Group 2.

The CONTRACTOR will be paid an administrative fee to administer the TennCare MCO benefits. Additionally, there will be both an upside potential (bonus) as well as downside potential (risk). Bonus and the risk will be based on the following components as described below:

EPSDT, and
Medical Services Budget Target.

(1) Acuity Adjustment

The parties hereby agree that the aggregate base line acuity for the population administered by the CONTRACTOR shall be based on a methodology recommended by the State or its actuarial contractor.

The Parties further agree that the ability of the CONTRACTOR to achieve these initiatives is directly and materially related to said base line acuity of the aggregate population described above. As an integral part of evaluating the CONTRACTOR's performance in achieving the goals set forth above, the CONTRACTOR and TennCare shall perform a quarterly follow-up acuity review of the aggregate population described above. The CONTRACTOR and TennCare shall perform a reconciliation of aggregate acuity of the CONTRACTOR's assigned population described above and show compliance with the Shared Risk Initiatives adjusting for changes in acuity population and supply said adjustment data to TENNCARE for review and approval on a quarterly basis. The adjusted base line numbers for acuity shall serve as the standard for the determination as to whether the CONTRACTOR achieved the Shared Risk Initiatives.

(2) Mandates / Initiatives

In addition, the Parties hereby agree that the determination of achieving compliance with the above Shared Risk Initiatives shall be consistent with the obligations of this Contract as they are performed and interpreted as of March 1, 2009. As such, services provided as a result of

compliance with an instruction or mandate from the TennCare Bureau that is in conflict with, or in excess of, those obligations pursuant to this Contract as of March 1, 2009 shall be taken into account and not counted against the Contractor in determining the achievement of the Shared Risk Initiatives.

(3) Risk Component

The Shared Risk Model will require that a percent of the administrative fees be placed at risk. The Model will set ten percent (10%) of the administrative fee at risk.

The Shared Risk Initiatives are listed below along with its associated risk contribution.

Shared Risk Initiative	Contribution to Risk
EPSDT Compliance	5.0%
Medical Services Budget Target	5.0%

(a) Increase EPSDT Compliance

The target for the period March 1, 2009 through June 30, 2009 is based on the CONTRACTOR's reported screening rate according to the information contained in the CMS 416 Report for FFY 2007 which is 85%.

The goal is to insure that all children under the age of twenty-one (21) are receiving screenings consistent with the periodicity schedule referenced in the Contract.

TENNCARE shall use the CMS 416 format in order to measure the CONTRACTOR's progress on a quarterly basis. In order to encourage continued progress, the administrative rate shall be reconciled in accordance with the following:

Percentage of EPSDT Compliance Benchmark	Administrative Fee Adjustment
≥ 100%	All admin assoc with EPSDT Screening rate compliance risk portion and potential bonus
≥ 95% and < 100%	-25% of admin assoc EPSDT Screening rate compliance risk portion
≥ 90% and < 95%	-50% of admin assoc EPSDT Screening rate compliance risk portion
≥ 85% and < 90%	-75% of admin assoc EPSDT Screening rate compliance risk portion
< 85% and lower	-100% of admin assoc EPSDT Screening rate compliance risk portion

Evaluation Period: Annually with a 90 day lag

At Risk Portion: 5.0% of Administrative Fee (Budget)

Implementation Date: March 1, 2009

(b) Medical Services Budget Target Initiative

At the end of the evaluation period associated with the MSBT, if the actual medical costs + IBNR is less than or equal to 100% of the MSBT, the CONTRACTOR shall retain 100% of the administrative fee associated with the MSBT. If the actual medical costs + IBNR is more than 100% of the MSBT, the CONTRACTOR's administrative fee associated with the MSBT shall be adjusted in accordance with the chart below. The estimated IBNR shall be reviewed and adjusted by the State's actuarial contractor prior to

final determination of performance. The Table below illustrates the risk corridors for the Medical Services Budget target:

Percent of MSBT	Administrative Fee Adjustment
≤ 102%	All admin assoc with MSBT at risk portion and potential bonus
> 102% and ≤ 105%	-25% of admin assoc MSBT risk portion
> 105% and ≤ 110%	-50% of admin assoc MSBT risk portion
> 110% and ≤ 115%	-75% of admin assoc MSBT risk portion
> 115% and greater	-100% of admin assoc MSBT risk portion

Evaluation Period: Annual with a 90 day lag

At Risk Portion: 5% of Administrative Fee (Budget)

Implementation Date: March 1, 2009

(4) Performance Bonuses

TennCare will establish a bonus pool for each Risk Initiative described below. The bonus pool will represent a total of ten percent (10%) of the administrative fee for the selected population (Group 1.A, Group 1.B, and Group 2) for the CONTRACTOR as described in Section 5-1 of this Contract. The following Initiatives will be included in the Bonus Pool: EPSDT Compliance and Medical Service Budget Target (MSBT).

The following table identifies the weighting for each Initiative:

Shared Risk Initiative	Contribution to Bonus (% of Admin Rate for Selected Population)
EPSDT Compliance	5.0%
Medical Service Budget Target	5.0%

Additional Bonus Points

Performance - Percent Exceeding Target	EPSDT Compliance Target
> 100% and ≤ 105%	25%
> 105% and ≤ 110%	60%
> 110% and ≤ 117%	100%

Performance - Percent Improving Target	Medical Services Budget Target
< 98% and ≥ 95%	25%
< 95% and ≥ 90%	50%
< 90% and ≥ 85%	75%
< 85%	100%

(5) Risk and Bonus Payout Reconciliation

The administrative fee will be paid in full on a monthly basis until such time the Evaluation Periods have occurred and determination has been made regarding the CONTRACTOR's compliance. Payouts for the annual evaluation period shall be made by October 31 of the following year.

In the event that the CONTRACTOR's progress on the various initiatives are different from what is determined by TennCare, the results (findings from both) will be reconciled during a fifteen (15) business day period following the due date of the submission by the Plan. If the dispute relates to medical cost and utilization based initiatives, TENNCARE shall request review by the Department of the Comptroller of the Treasury of said discrepancies. TennCare will submit an "On Request Report" (with a seven (7) day response time) to the CONTRACTOR in order for the CONTRACTOR to review and update or reprocess their data provided to TENNCARE. TENNCARE shall provide the outcome of the determination within eight (8) business days of receiving the information from the CONTRACTOR. If the information requested by TENNCARE is not provided by the due date, then the determination defaults to TENNCARE.

If targets are consistently exceeded (or not met) TENNCARE shall require that the CONTRACTOR submit a Corrective Action Plan to address the deficiencies.

2. Section 6 shall be amended by adding a new Section 6.29 which shall read as follows:

6-29 Voluntary Buyout Program

The Contractor acknowledges and understands that, for a period of two years beginning August 16, 2008, restrictions are imposed on former state employees who received a State of Tennessee Voluntary Buyout Program (VBP) severance payment with regard to contracts with state agencies that participated in the VBP.

- a. The State will not contract with either a former state employee who received a VBP severance payment or an entity in which a former state employee who received a VBP severance payment or the spouse of such an individual holds a controlling financial interest.
- b. The State may contract with an entity with which a former state employee who received a VBP severance payment is an employee or an independent contractor. Notwithstanding the foregoing, the Contractor understands and agrees that there may be unique business circumstances under which a return to work by a former state employee who received a VBP severance payment as an employee or an independent contractor of a State contractor would not be appropriate, and in such cases the State may refuse Contractor personnel. Inasmuch, it shall be the responsibility of the State to review Contractor personnel to identify any such issues.
- c. With reference to either subsection a. or b. above, a contractor may submit a written request for a waiver of the VBP restrictions regarding a former state employee and a contract with a state agency that participated in the VBP. Any such request must be submitted to the State in the form of the *VBP Contracting Restriction Waiver Request* format available from the State and the Internet at: www.state.tn.us/finance/rds/ocr/waiver.html. The determination on such a request shall be at the sole discretion of the head of the state agency that is a Party to this Contract, the Commissioner of Finance and Administration, and the Commissioner of Human Resources.

Amendment 19 (cont.)

All of the provisions of the original Contract not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective March 1, 2009.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 18

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1-1 shall be amended by deleting and replacing the CONTRACTOR's contact information as follows:

Sonya Nelson
President and Chief Executive Officer
Volunteer State Health Plan, Inc.
801 Pine Street
Chattanooga, TN 37402-2555

2. The Non-Emergency Transportation Benefit description in Section 2-3.1.2 shall be deleted in its entirety and substituted with the following:

Non-Emergency Medical Transportation (including Non- Emergency Ambulance Transportation)	Covered non-emergency medical transportation (NEMT) services are necessary non-emergency transportation services provided to convey members to and from TennCare covered services (see definition in Exhibit A to Attachment XIII) other than behavioral health services covered by the BHO. Non emergency transportation services shall be provided in accordance with federal law and the Bureau of TennCare's rules and policies and procedures. TennCare covered services (see definition in Exhibit A to Attachment XIII) include services (other than behavioral health services covered by the BHO) provided to a member by a non-contract or non-TennCare provider if (a) the service is covered by Tennessee's Medicaid State Plan or Section 1115 demonstration waiver, (b) the provider could be a TennCare provider for that service, and (c) the service is covered by a third party resource (see definition in Section 1-3 of the Agreement). If a member requires assistance, an escort (as defined in TennCare rules and regulations) may accompany the member; however, only one (1) escort is allowed per member (see TennCare rules and regulations). Except for fixed route and commercial carrier transport, the CONTRACTOR shall not make separate or additional payment to a NEMT provider for
---	---

	<p>an escort.</p> <p>Covered NEMT services include having an accompanying adult ride with a member if the member is under age eighteen (18). Except for fixed route and commercial carrier transport, the CONTRACTOR shall not make separate or additional payment to a NEMT provider for an adult accompanying a member under age eighteen (18).</p> <p>The CONTRACTOR is not responsible for providing NEMT to any service that is being provided to the member through a HCBS waiver.</p> <p>Mileage reimbursement, car rental fees, or other reimbursement for use of a private automobile (as defined in Exhibit A to Attachment XIII) is not a covered NEMT service.</p> <p>If the CONTRACTOR is unable to meet the access standards included in this Agreement (see Section 2-4.1) for a member, transportation shall be provided.</p> <p>If the member is a child, transportation shall be provided in accordance with TENNderCare requirements (see Section 2-3.17.1.2).</p> <p>Failure to comply with the provisions of this Section may result in liquidated damages.</p>
--	--

3. Section 1-3(86) relative to the definition of "Community Health Record" shall be deleted in its entirety.
4. Section 1-3(88) relative to the definition of "Contributing Data to the Community Health Record" shall be deleted in its entirety.
5. Section 2-3.3 shall be deleted and replaced as follows:

2.3.3 Medical Necessity Determination

The CONTRACTOR shall not impose any service limitations that are more restrictive than those described herein; however, this provision shall not limit the CONTRACTOR's ability to establish procedures for the determination of medical necessity or to use medically appropriate, cost effective alternative services, in accordance with Section 2-3.10.. The determination of medical necessity shall be made on a case by case basis. Except for benefit limits as may be described in Section 2-3.1, the CONTRACTOR shall not employ, and shall not permit others acting on their behalf to employ utilization control guidelines or other quantitative coverage limits, whether explicit or de facto, unless supported by an individualized determination of medical necessity based upon the needs of each TennCare enrollee and his/her medical history. The CONTRACTOR shall have the ability to place tentative limits on a service; however, such tentative limits placed by the CONTRACTOR shall be exceeded when medically necessary based on a patient's individual characteristics. The CONTRACTOR shall not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of the diagnosis, type of illness, or condition. The CONTRACTOR may deny services that are non-covered except as otherwise required by EPSDT or unless otherwise directed to provide by TENNCARE and/or an administrative law judge. Any procedures used to determine medical necessity shall be consistent with the definition of medical necessity as described in this Contract.

All medically necessary services shall be covered for enrollees under 21 years of age in accordance with EPSDT requirements, including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989. Effective upon receipt of written notification from TENNCARE, the CONTRACTOR is not required to provide services in accordance with EPSDT requirements to TennCare Standard enrollees under the age of 21.

6. Section 2-3.10 shall be deleted and replaced in its entirety.

2-3.10. Use of Cost-Effective Alternative Services

The CONTRACTOR shall be allowed to use alternative services, whether listed as covered or non-covered or omitted in Section 2-3.1 of this Agreement when the use of such alternative services is medically appropriate and is cost-effective. This may include, for example, use of nursing facilities as step down alternatives to acute care hospitalization or hotel accommodations for persons on outpatient radiation therapy to avoid the rigors of daily transportation. The CONTRACTOR shall comply with TennCare policies and procedures. As provided in the applicable TennCare policies and procedures, services not listed in the TennCare policies and procedures must be prior approved in writing by TENNCARE. The Medical Fund Target described elsewhere in this Agreement shall not be increased or decreased because of the use of alternative services. The CONTRACTOR shall maintain documentation that demonstrates the cost effectiveness of any non-covered services that are provided to TennCare enrollees and for which the CONTRACTOR seeks reimbursement from the state. A report summarizing all such documentation for the preceding year shall be submitted by the CONTRACTOR in accordance with Section 2-10.5.4.

7. Section 2-3.17.1.2 shall be deleted in its entirety and substituted with the following:

2-3.17.1.2 Transportation assistance for a child and for the child's escort or accompanying adult, including related travel expenses, cost of meals, and lodging en route to and from TennCare covered services (other than behavioral health services covered by the BHO). The requirement to provide the cost of meals shall not be interpreted to mean that a member (or the child's escort or accompanying adult) can request meals while in transport to and from care. Reimbursement for meals and lodging shall only be provided when transportation for a TennCare covered service cannot be completed in one (1) day and would require an overnight stay.

The CONTRACTOR shall offer transportation and scheduling assistance to all children under age 21 referred for an assessment who do not have access to transportation. This may be accomplished through various means of communication to enrollees, including but not limited to, member handbooks, EPSDT outreach notifications, etc.

8. Section 2-4.1.2.d shall be deleted in its entirety.
9. Section 2-4.7.5 shall be deleted and replaced as follows:

2-4.7.5 Services Ordered by Medicare Providers for Dual Eligibles

Generally, when a TennCare enrollee is dually eligible for Medicare and Medicaid and requires services that are covered by the plan but are not covered by Medicare, and the services are ordered by a Medicare provider who does not participate in the CONTRACTOR's plan, the CONTRACTOR must pay for the ordered service if it is provided by a contract provider. However, if all of the following criteria are met, the CONTRACTOR may require that the ordering physician be a contracted provider:

- (1) The ordered services requires prior authorization; and

- (2) Dually eligible enrollees have been clearly informed of the contracted provider requirement and instructed in how to obtain assistance identifying and making an appointment with a contract provider; and
- (3) The CONTRACTOR assists the enrollee in obtaining a timely appointment with a contract provider upon request of the enrollee or upon receipt of an order from a non-contract provider.

Reimbursement shall be at the same rate that would have been paid had the service been ordered by a contract provider. The CONTRACTOR shall not be liable for the cost of non-covered services or services which are not medically necessary or the cost of services ordered and obtained from non-contract providers.

In order to assure the TennCare/Medicare (dual population) enrollees assigned to TennCare MCOs continue to receive pharmacy services without interruption during the carve-out of their pharmacy benefits, each MCO is required to execute whatever measures are necessary with their subcontractor - pharmacy benefits manager (PBM) - so that a text message is sent to each dispensing pharmacy when a claim for a TennCare/Medicare enrollee is submitted to an MCO's PBM in error. The text message sent to the pharmacy must direct the pharmacy to submit the claim to the point-of-service, online pharmacy claims processor under contract to the TennCare Bureau to process pharmacy claims for TennCare/Medicare enrollees.

10. Section 2-7.1.g. shall be deleted and replaced in its entirety.

g. Disease Management for Obesity. In addition to the aforementioned disease management requirements, the CONTRACTOR shall have a DM program for obesity that is provided as a cost effective alternative service (see Section 2-3.h). The CONTRACTOR may fulfill this requirement by entering into a provider agreement with Weight Watchers and then referring/authorizing eligible obese and overweight members to participate in a Weight Watchers program. If the CONTRACTOR identifies another weight management program as the cost effective alternative service, the CONTRACTOR shall include a narrative of the program (including target population and description of services) as part of its quarterly disease management report (see Section 2-10.13.7) applicable to the quarter in which the program was implemented.

11. Section 2-9.2 shall be deleted and replaced as follows:

2-9.2 Performance Benchmarks

The following performance indicators related to administration and management have been identified for on-going monitoring. The CONTRACTOR's failure to meet these benchmarks or demonstrate improvement toward benchmark levels of performance shall result in the CONTRACTOR being required to implement a corrective action plan as described in Section 2-16.

Performance Indicator	Data Sources	Measure	Units	Benchmark
-----------------------	--------------	---------	-------	-----------

Performance Indicator	Data Sources	Measure	Target	Benchmark
Volume of Provider Complaints	Monthly Activity Report	# of provider complaints received relative to number of providers (Complaint is defined as an issue a provider presents to the managed care organization, either in written or oral form, which is subject to resolution by the MCO).	0 percent	MCO specific benchmark. 10% reduction over prior year.
Claims Payment Accuracy and Timeliness	<p>Claims and Encounter Data</p> <p>Note: Self-reported based on internal audit conducted on statistically valid random sample on a quarterly basis.</p> <p>Audit procedures and sample methodology to be submitted to TDCI for review and approval with first quarter's report.</p>	<p>1. Accuracy: Number of claims processed for payment and paid accurately upon initial submission divided by the total number of claims.</p> <p>2. Timeliness of Clean Claims Processing: Number of clean claims processed within thirty (30) calendar days of receipt divided by the total number of clean claims received (for calculation date of receipt counts as day zero).</p> <p>Timeliness of Clean and Unclean Claims Processing: Number of claims processed and, if appropriate, paid within sixty (60) days of receipt divided by the number of all claims processed (for calculation date of receipt counts as day zero)</p> <p>Processing To be measured and reported monthly</p>	100 percent	<p>Accuracy: 97% of claims are processed or paid accurately upon initial submission</p> <p>Timeliness of Clean Claims Processing: 90% of clean claims are paid within 30 days of receipt of these claims.</p> <p>Timeliness of Clean and Unclean Claims Processing: 99.5% of all claims within sixty (60) days of receipt.</p>

Performance Indicator	Data Sources	Measure	Target	Benchmark
Call Abandonment rate and call answer timeliness for Utilization Management line.	ACD Line Productivity Reports for calls where the provider/staff called directly into the UM call center or selected a UM call center option and was put in the call queue.	<p>1. Call Abandonment Rate: The number of calls abandoned by the caller or the system before being answered by a live voice divided by the number of calls received by the MCO UM call center (during UM open hours of operation) during the measurement period.</p> <p>2. Call Answer Timeliness: The number of calls answered by a live voice within thirty (30) seconds, divided by the number of calls received by the CONTRACTOR's UM call center(s) (during UM call center open hours of operation) during the measurement period.</p>	Same as Benchmark	<p>Call Abandonment rate: Less than 5% of calls abandoned</p> <p>85% of all Calls answered by a live voice within thirty (30) seconds</p>
Call Abandonment rate and call answer timeliness for Member Services line	<p>ACD Line Productivity Reports for calls where the member called directly into member services or selected a member services option and was put in the call queue.</p> <p>Refer to NCQA HEDIS Technical Specifications for further clarification and changes.</p>	<p>1. Call Abandonment Rate: The number of calls abandoned by the caller or the system before being answered by a live voice. Divided by the number of calls received by the MCO member services call center as (during member services open hours of operation) during the measurement period.</p> <p>2. Call Answer Timeliness: The number of calls answered by a live voice within thirty (30) seconds, divided by the number of calls received by the CONTRACTOR's member services call center(s) (during member services open hours of operation) during the measurement period.</p>	0 percent	<p>Call Abandonment rate: Less than 5% of calls abandoned</p> <p>85% of all Calls answered by a live voice within thirty (30) seconds or the prevailing benchmark established by NCQA</p>

Performance Indicator	Data Sources	Metric	Target	Benchmark
Provider Network Documentation	Provider Enrollment File and provider agreement signature pages	Providers listed on Provider Enrollment file with an "In Plan" indicator must have a signed agreement	Same as benchmark	100% of providers on the Provider Enrollment File with an "In Plan" indicator shall have a signed provider agreement with the CONTRACTOR
Specialist Provider Network	Provider Enrollment File	Executed contract is a signed agreement with a provider to participate in the Contractor's network as a contract provider	Same as benchmark	<p>1. Physician Specialists: Executed specialty physician contracts in all areas required by this Agreement for the following nine specialists: allergy; cardiology; dermatology; endocrinology; gastroenterology; general surgery; nephrology; neurology; neurosurgery; otolaryngology; ophthalmology; orthopedics; oncology/hematology; and urology.</p> <p>2. Essential Hospital Services: Executed contract with at least one (1) Tertiary Care Center for each essential hospital service</p> <p>3. Center of Excellence for People with AIDs: Executed contract with at least two (2) Center of Excellence for AIDs within the CONTRACTOR's approved Grand Region(s)</p>

Performance Indicator	Data Sources	Measure	Target	Benchmark
Provider Participation Accuracy	Provider Enrollment File	A statistically valid sample of participating providers on the most recent monthly provider enrollment file confirm that they are participating in the CONTRACTOR's network	Same as Benchmark	At least 90% of listed providers confirm participation in the CONTRACTOR's network
Provider Information Accuracy	Provider Enrollment File	Data for no more than 10% of a statistically valid sample of participating providers on the most recent monthly provider enrollment is incorrect for each element as determined by TENNCARE	Same as Benchmark	Data for no more than 10% of listed providers is incorrect for each data element
Distance from Provider to Member	Provider Enrollment File	Time and travel distance as measured by GeoAccess	Same as Benchmark	Provider network includes sufficient numbers and geographical disbursement of providers in order to satisfy the access standards described in this Agreement including Attachments III and IV
Encounter Data Submissions	TennCare Edit Reports	Error Threshold Exceeded	Same as Benchmark	Less than 2% of file contains errors by submission due date
EPSDT Screening and Medical Record Documentation	MCO Encounter Data and Medical Chart Audit	The EPSDT screening ratio, calculated in accordance with specifications for the CMS-416 report, multiplied by the percentage of the required seven (7) screening components that are completed as determined through a statistically valid sample of medical records of the MCO's enrollees	Same as Benchmark	Demonstrated active pursuit and completion of activities designed to increase the CONTRACTOR's EPSDT screening ratio and the percentage of screens that are completed and include all seven (7) required screening components

Performance Indicator	Data Sources	Measure	Priority	Benchmark
CAHPS Survey Report	Annual Member Satisfaction Survey	A set of standardized surveys that measure patient satisfaction with experience of care	Same as Benchmark	Report of annual CAHPS survey results due by June 15th. Rating of the Healthplan: CONTRACTOR must meet or exceed Medicaid National average as reported in Quality Compass. 2004 rating was 69.9%.
HEDIS Report	Annual HEDIS measurement as required by NCQA	A set of standardized performance measures designed to allow reliable comparison of the performance of managed health care plans	Same as Benchmark	Report of audited HEDIS data due by June 15th
Provider Satisfaction Survey Report	Annual Provider Satisfaction Survey	Survey of provider satisfaction with Prior Authorization process	Same as Benchmark	Report due by June 15th
NCQA Accreditation Report	NCQA	Final Accreditation Report in its entirety from NCQA's initial survey and annual revised accreditation status	Same as Benchmark	Accreditation

12. Section 2-9 shall be amended by adding a new 2-9.16.

2-9.16 Reimbursement for All Covered Services

2-9.16.1 Except as provided in Sections 2-9.16.2 and 2-9.16.3 below, the CONTRACTOR shall not reimburse providers based on a percentage of billed charges.

2-9.16.2 The CONTRACTOR may, at its discretion, pay a percentage of billed charges for covered services for which there is no Medicare reimbursement methodology.

2-9.16.3 As part of a stop-loss arrangement with a provider, the CONTRACTOR may, at its discretion, pay the provider a percentage of billed charges for claims that exceed the applicable stop-loss threshold.

13. Section 2-10.3.3 shall be deleted in its entirety and "Left Blank Intentionally".

14. Section 2-10.5 shall be amended by adding a new item 4 which shall read as follows:

4. Cost Effective Service Reporting

The CONTRACTOR shall maintain documentation that demonstrates the cost effectiveness of any non-covered services that are provided to TennCare enrollees and for which the CONTRACTOR seeks reimbursement from the state. A report summarizing all such documentation for the preceding year shall be submitted by the CONTRACTOR no later than sixty (60) calendar days after the end of each state fiscal year.

15. Section 2-10.7.3 entitled "Community Health Record for TennCare Enrollees (Electronic Medical Record)" shall be deleted in its entirety.
16. Section 2-10.13.2 shall be deleted and replaced in its entirety.

2-10.13.2. Quality Improvement Activity Forms

In accordance with Section 2-9.j.2., the CONTRACTOR shall electronically submit Quality Improvement Activity Forms as required by NCQA. These forms are available at www.NCQA.org

17. Section 2-18 shall be amended by adding a new 2-18.y and renumbering existing subparts accordingly, including any references thereto.
 - 2.18.y. As a condition of reimbursement for global procedure codes for obstetric care, the provider shall submit utilization or encounter data as specified by the CONTRACTOR in a timely manner to support the individual services provided;
18. Section 2-28 entitled "Community Health Record" shall be deleted in its entirety.
19. Section 5-1(i) relative to the reporting requirements and administrative services fee for the Community Health Record shall be deleted in its entirety.
20. The last paragraph of Section 5-1(j) shall be amended by deleting and replacing "Adolescent Immunizations (combo2)" with "Adolescent Well-Care Visits".
21. Item A.2 in Section 6-8.2.2 shall be deleted in its entirety and substituted with the following:

A.2	Failure to comply with licensure requirements in Section 2-9.4 and Attachment XIII of this Agreement		\$5,000 per calendar day that staff/provider/driver/agent/subcontractor is not licensed as required by applicable state or local law plus the amount paid to the staff/provider/driver/agent/subcontractor during that period
------------	--	--	---

22. Item B.24 in Section 6-8.2.2. shall be deleted in their entirety and substituted with the following:

B.24	Failure to maintain provider agreements in accordance with Section 2-18 and Attachment XIII of this Agreement		\$5000 per provider agreement found to be non-compliant with the requirements outlined in this Agreement
-------------	---	--	--

23. Section 6-8.2.2 shall be amended by adding a new C.5 which shall read as follows:

C.5	Failure to submit a Provider Enrollment File that meets TENNCARE's specifications		\$250 per day after the due date that the Provider Enrollment File fails to meet TENNCARE's specifications
------------	---	--	--

24. Section 6-28 shall be amended by deleting and replacing June 30, 2008 with June 30, 2009.

6-28 Contract Term of The Agreement

This Agreement and its incorporated attachments, if any, as well as all Amendments to this Agreement, contain all of the terms and conditions agreed upon by the parties, and when executed by all parties, supersedes any prior agreements. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall be in effect from July 1, 2001, subject to approval by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services. The term of this Agreement shall expire on June 30, 2009. At the mutual agreement of TennCare and the CONTRACTOR, this CONTRACT shall be renewable for an additional twelve month period.

Notwithstanding any provision herein to the contrary, the State may terminate this Agreement if the waiver governing TennCare is terminated. The documents referenced in the Agreement are on file with the CONTRACTOR and with TENNCARE and the CONTRACTOR is aware of their content. No other agreement, oral or otherwise regarding the subject matter of this Agreement, shall be deemed to exist or to bind any of the parties hereto.

25. Section 7-3(l) relative to the approval process for the Community Health Record shall be deleted in its entirety.
26. Attachment I shall be amended by adding "N. Policies and procedures for delivering NEMT services, including an operating procedures manual, as provided in Section A.1 of Attachment XIII" after item M in Section I.
27. A new Attachment XIII shall be inserted to read as follows:

**ATTACHMENT XIII
NEMT REQUIREMENTS**

A.1 GENERAL

- A.1.1 The CONTRACTOR, in its delivery of NEMT services, shall comply with all of the requirements in this Attachment XIII. The requirements in this Attachment are in addition to, not instead of, requirements found elsewhere in the Agreement.
- A.1.2 The CONTRACTOR shall develop written policies and procedures that describe how the CONTRACTOR, in the delivery of NEMT services, shall comply with the requirements of the Agreement, including this Attachment. These policies and procedures must be prior approved in writing by TENNCARE. As part of its policies and procedures the CONTRACTOR shall develop an operating procedures manual detailing procedures for meeting, at a minimum, requirements regarding the following:
- A.1.2.1 Requesting NEMT services (see Section A.3 of this Attachment);
 - A.1.2.2 Approving NEMT services (see Section A.4 of this Attachment); and
 - A.1.2.3 Scheduling, assigning and dispatching trips (see Section A.5 of this Attachment).

A.2 NEMT IMPLEMENTATION WORK PLAN AND READINESS REVIEW

- A.2.1 The CONTRACTOR shall implement the NEMT requirements of the Agreement, including this Attachment XIII, in two phases. Phase One shall include the requirements specified by TENNCARE, which shall include but not be limited to vehicle and driver standards in Section A.7 and Section A.8 of this Attachment XIII. Phase Two shall include all NEMT requirements of the Agreement that are not included in Phase One.
- A.2.2 By no later than May 1, 2008 the CONTRACTOR shall submit to TENNCARE for prior written approval an implementation work plan that details all of the tasks required to successfully implement all of the NEMT requirements of the Agreement, including both Phase One and Phase Two requirements. By September 1, 2008, the CONTRACTOR shall have fully implemented the implementation work plan for Phase One, and the CONTRACTOR may be subject to liquidated damages for failure to comply with the applicable provisions herein. The CONTRACTOR shall have fully implemented all NEMT requirements of the Agreement by the date specified by TENNCARE, which shall be no earlier than September 1, 2008, and at that time the CONTRACTOR may be subject to liquidated damages for failure to comply with any of the provisions herein.
- A.2.3 Prior to implementation of any of the NEMT requirements in this Attachment, as determined by TENNCARE, the CONTRACTOR shall demonstrate to TENNCARE's satisfaction that the CONTRACTOR is able to meet the NEMT requirements specified by TENNCARE.
- A.2.4 The CONTRACTOR shall cooperate in "readiness reviews" conducted by TENNCARE to review the CONTRACTOR's readiness to implement any or all of the NEMT requirements of the Agreement. These reviews may include, but are not limited to, desk and on-site review of documents provided by the CONTRACTOR, a walk-through of the CONTRACTOR's operations, system demonstrations (including systems connectivity testing), and interviews with CONTRACTOR's staff .
- A.2.5 Based on the results of the review activities, TENNCARE will issue a letter of findings and, if needed, will request a corrective action plan from the CONTRACTOR.

A.3 REQUESTING NEMT SERVICES

- A.3.1 Members or their representatives shall be allowed to make requests for NEMT services on behalf of members. For DCS enrollees (as defined in Exhibit A of this Attachment), representatives include the member's DCS liaison, foster parent, adoptive parent, or provider.
- A.3.2 Requests for NEMT services should be made at least seventy-two (72) hours before the NEMT service is needed. However, this timeframe does not apply to urgent trips (see Section A.5.7 of this Attachment), scheduling changes initiated by the provider, and follow-up appointments when the timeframe does not allow advance scheduling. In addition, the CONTRACTOR shall accommodate requests for NEMT services that are made within the following timeframes: three (3) hours before the NEMT service is needed when the pick-up address is in an urban area and four (4) hours before the NEMT service is needed when the pick-up address is in a non-urban area. The CONTRACTOR shall provide additional education to members who fail to request transportation seventy-two (72) hours before the NEMT service is needed (see Section A.10 of this Attachment).
- A.3.3 The CONTRACTOR shall not have a time limit for scheduling transportation for future appointments. For example, if a member calls to schedule transportation to an appointment that is scheduled in two (2) months, the CONTRACTOR shall arrange for that transportation and shall not require the member to call back at a later time.

A.4 APPROVING NEMT SERVICES

A.4.1 General

- A.4.1.1 Transportation for a minor child shall not be denied pursuant to any policy that poses a blanket restriction due to member's age or lack of accompanying adult. Any decision to deny transportation of a minor child due to a member's age or lack of an accompanying adult shall be made on a case-by-case basis and shall be based on the individual facts surrounding the request and State of Tennessee law. Tennessee recognizes the "mature minor exception" to permission for medical treatment. The age of consent for children with mental illness is sixteen (16) (see TCA 33-8-202).
- A.4.1.2 As part of the approval process, the CONTRACTOR shall:
 - A.4.1.2.1 Collect relevant information from the caller and enter it into the CONTRACTOR's system (see Section A.5.10 of this Attachment);
 - A.4.1.2.2 Verify the member's eligibility for NEMT services;
 - A.4.1.2.3 Determine the appropriate mode of transportation for the member;
 - A.4.1.2.4 Determine the appropriate level of service for the member;
 - A.4.1.2.5 Approve or deny the request; and
 - A.4.1.2.6 Enter the appropriate information into the CONTRACTOR's system (see Section A.5.10 of this Attachment).

Amendment 18 (cont.)

A.4.2 Verifying Eligibility for NEMT Services

- A.4.2.1 The CONTRACTOR shall screen all requests for NEMT services to confirm each of the following items:
 - A.4.2.1.1 That the person for whom the transportation is being requested is a TennCare enrollee and enrolled in the CONTRACTOR's MCO;
 - A.4.2.1.2 That the service for which NEMT service is requested is a TennCare covered service (as defined in Exhibit A of this Attachment); and
 - A.4.2.1.3 That the transportation is a covered NEMT service (see Section 2-3.1.2 of the Agreement).

A.4.3 Determining the Appropriate Mode of Transportation

A.4.3.1 General

- A.4.3.1.1 If the criteria in Section A.4.2 of this Attachment are met, the CONTRACTOR shall determine what mode of transportation is appropriate to meet the needs of the member. The modes of transportation that shall be covered by the CONTRACTOR include, but are not limited to: fixed route, multi-passenger van, wheelchair van, invalid vehicle, and ambulance.
- A.4.3.1.2 In order to determine the appropriate mode of transportation, the CONTRACTOR shall:
 - A.4.3.1.2.1 Determine whether the member is ambulatory and the member's current level of mobility and functional independence;
 - A.4.3.1.2.2 Determine whether the member will be accompanied by an escort, and, if so, whether the member requires assistance and whether the escort meets the requirements for an escort (see TennCare rules and regulations);
 - A.4.3.1.2.3 Determine whether a member is under the age of eighteen (18) and will be accompanied by an adult; and
 - A.4.3.1.2.4 Assess any special conditions or needs of the member, including physical or mental disabilities.

A.4.3.2 Fixed Route

- A.4.3.2.1 The CONTRACTOR shall utilize fixed route transportation whenever available and appropriate to meet the needs of the member.
- A.4.3.2.2 The CONTRACTOR shall be familiar with schedules of fixed route transportation in communities where it is available and where it becomes available during the term of the Agreement.
- A.4.3.2.3 The CONTRACTOR shall distribute and/or arrange for the distribution of fixed route tickets, tokens or passes to members for whom fixed route transportation is available and appropriate. The CONTRACTOR shall have controls in place to track the distribution of tickets/tokens/passes. The CONTRACTOR shall use best efforts that tickets/tokens/passes are used appropriately.
- A.4.3.2.4 The CONTRACTOR shall consider the following when determining whether fixed route transportation is available and appropriate for a member:

Amendment 18 (cont.)

- A.4.3.2.4.1 The furthest distance a member shall be required to travel to or from a fixed route transportation stop is one-quarter (1/4th) of a mile;
 - A.4.3.2.4.2 The member shall not be required to change buses/trolleys more than once each leg of the trip;
 - A.4.3.2.4.3 Using fixed route transportation shall not increase travel time more than sixty (60) minutes as compared to transportation directly from the pick-up location to the drop-off destination;
 - A.4.3.2.4.4 The fixed route transportation schedule shall allow the member to arrive at the destination no more than sixty (60) minutes prior to the scheduled appointment time and shall be flexible on the return so that the member does not have to wait at the pick-up location more than sixty (60) minutes after the estimated time the appointment will end;
 - A.4.3.2.4.5 Whether fixed route transportation is appropriate based on the member's physical or mental disabilities; and
 - A.4.3.2.4.6 Whether using fixed route for the requested trip is appropriate considering the accessibility of the stops and the safety in accessing the stops.
- A.4.3.2.5 Fixed route shall not be appropriate for a member whose physician states in writing that the member cannot use fixed route transportation.

A.4.3.3 Ambulance

The CONTRACTOR's policies and procedures regarding the appropriateness of using an ambulance to provide covered NEMT services shall be based on Medicare's medical necessity requirements (see, e.g., 42 CFR 410.40 and Medicare Benefit Policy Manual, Chapter 10 - Ambulance Services).

A.4.4 **Determining Level of Service**

- A.4.4.1 The CONTRACTOR shall assess the member's needs to determine whether the member requires curb-to-curb, door-to-door, or hand-to-hand service (as these terms are defined in Exhibit A of this Attachment).
- A.4.4.2 The CONTRACTOR may require a medical certification statement from the member's provider in order to approve door-to-door or hand-to-hand service. Medical certification shall be completed within the timeframes specified in Section A.5.1.3 of this Attachment.
- A.4.4.3 The CONTRACTOR shall ensure that members receive the appropriate level of service.
- A.4.4.4 Failure to comply with requirements regarding level of service may result in liquidated damages as provided in Section 6-8.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.

A.4.5 **Standing Orders**

- A.4.5.1 Except as provided in this Section A.4.5, the approval of Standing Orders by the CONTRACTOR shall be consistent with the requirements in Sections A.4.1 through A.4.4.
- A.4.5.2 In order to approve a Standing Order (as defined in Exhibit A of this Attachment), the CONTRACTOR shall, at a minimum, call the provider to verify the series of appointments. The

Amendment 18 (cont.)

CONTRACTOR may, at its discretion, require that the member's provider certify the series of appointments in writing.

- A.4.5.3 The CONTRACTOR shall approve Standing Orders consistent with the series of appointments. For example, if the member has a series of appointments over six (6) months, the CONTRACTOR shall approve transportation for each trip, including all legs of the trip, for the six (6) months. However, the CONTRACTOR shall verify the member's eligibility prior to each pick-up. The CONTRACTOR may verify additional information before each pick-up as necessary.

A.4.6 Validating Requests

- A.4.6.1 The CONTRACTOR may conduct random pre-transportation validation checks prior to approving the request in order to prevent fraud and abuse.
- A.4.6.2 The CONTRACTOR may verify the need for an urgent trip with the provider prior to approving the trip.
- A.4.6.3 If requested by TENNCARE, the CONTRACTOR shall conduct pre-transportation validation checks of trips requested by specified members and/or to specific services or providers.
- A.4.6.4 All pre-transportation validation checks shall be conducted within the timeframes specified in Section A.5.1.3 of this Attachment.

A.5 SCHEDULING, ASSIGNING, AND DISPATCHING TRIPS

A.5.1 General

- A.5.1.1 The CONTRACTOR shall ensure that covered NEMT services are available twenty-four (24) hours a day, three hundred and sixty-five (365) days a year.
- A.5.1.2 After approving a NEMT service to be provided by a NEMT provider (i.e., not fixed route), the CONTRACTOR shall schedule and assign the trip to an appropriate NEMT provider.
- A.5.1.3 The CONTRACTOR shall approve and schedule or deny a request for transportation (including all legs of the trip) within twenty-four (24) hours of receiving the request. This timeframe shall be reduced as necessary to ensure the member arrives in time for his/her appointment. Failure to comply with this requirement may result in liquidated damages as provided in Section 6-8.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.
- A.5.1.4 The CONTRACTOR shall ensure that trips are dispatched appropriately and meet the requirements of this Attachment. The dispatcher shall, at minimum, provide updated information to drivers, monitor drivers' locations, and resolve pick-up and delivery issues.

A.5.2 Multi-Passenger Transportation

- A.5.2.1 The CONTRACTOR may group enrollees and trips (or legs of trips) to promote efficiency and cost effectiveness. The CONTRACTOR may contact providers if necessary to coordinate multi-passenger transportation.
- A.5.2.2 For multi-passenger trips, the CONTRACTOR shall schedule each trip leg so that a member does not remain in the vehicle for more than one (1) hour minutes longer than the average travel time for direct transportation of that member.

A.5.3 Choice of NEMT Provider

Amendment 18 (cont.)

The CONTRACTOR is not required to use a particular NEMT provider or driver requested by the member. However, the CONTRACTOR may accommodate a member's request to have or not have a specific NEMT provider or driver.

A.5.4 Notifying Members of Arrangements

If possible, the CONTRACTOR shall inform the member of the transportation arrangements (see below) during the phone call requesting the NEMT service. Otherwise, the CONTRACTOR shall obtain the member's preferred method (e.g., phone call, email, fax) and time of contact, and the CONTRACTOR shall notify the member of the transportation arrangements (see below) as soon as the arrangements are in place (within the timeframe specified in Section A.5.1.3 of this Attachment) and prior to the date of the NEMT service. Information about transportation arrangements shall include but not be limited to the name and telephone number of the NEMT provider, the scheduled time and address of pick-up, and the name and address of the provider to whom the member seeks transport.

A.5.5 Notifying NEMT Providers

A.5.5.1 The CONTRACTOR shall provide a trip manifest to each NEMT provider no later than the NEMT provider's close of business the day before the date of the NEMT service.

A.5.5.2 The CONTRACTOR shall have the ability to send trip manifests to a NEMT provider by a facsimile device or secure electronic transmission, at the option of the NEMT provider. The CONTRACTOR shall ensure that provision of the trip manifest is in compliance with HIPAA requirements (see Section 2-4.10 of the Agreement). The CONTRACTOR shall have dedicated telephone lines available at all times for faxing purposes.

A.5.5.3 The trip manifests supplied to NEMT providers shall include all necessary information for the driver to perform the trip, including but not limited to the information listed in Exhibit B of this Attachment.

A.5.5.4 If the CONTRACTOR notifies a NEMT provider of a trip assignment after the timeframe specified in Section A.5.5.1, the CONTRACTOR shall also contact the NEMT provider by telephone or electronically to confirm that the trip will be accepted.

A.5.5.5 The CONTRACTOR shall communicate information regarding cancellations to the NEMT provider in an expeditious manner to avoid unnecessary trips.

A.5.6 Accommodating Scheduling Changes

A.5.6.1 The CONTRACTOR shall accommodate unforeseen schedule changes and shall timely assign the trip to another NEMT provider if necessary.

A.5.6.2 The CONTRACTOR shall ensure that neither NEMT providers nor drivers change the assigned pick-up time without permission from the CONTRACTOR.

Amendment 18 (cont.)

A.5.7 Urgent Trips

For urgent trips (as defined in Exhibit A of this Attachment), the CONTRACTOR shall contact an appropriate NEMT provider so that pick-up occurs within three (3) hours after the CONTRACTOR was notified when the pick-up address is in an urban area and four (4) hours after the CONTRACTOR was notified when the pick-up address is in a non-urban area. As provided in Section A.4.6.2 of this Agreement, the CONTRACTOR may verify the need for an urgent trip. Failure to comply with requirements regarding urgent trips may result in liquidated damages as provided in Section 6-8.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.

A.5.8 Adverse Weather Plan

The CONTRACTOR shall have policies and procedures for transporting members who need critical medical care, including but not limited to renal dialysis and chemotherapy, during adverse weather conditions. "Adverse weather conditions" includes, but is not limited to, extreme heat, extreme cold, flooding, tornado warnings and heavy snowfall. The policies and procedures shall include, at a minimum, staff training, methods of notification, and member education.

A.5.9 Contingency and Back-Up Plans

The CONTRACTOR shall have policies and procedures that describe contingency plans for unexpected peak transportation demands and back-up plans for instances when a vehicle is excessively late (more than twenty (20) minutes late) or is otherwise unavailable for service.

A.5.10 Approval and Scheduling System Features

- A.5.10.1 Each transportation request processed by the CONTRACTOR shall be assigned a unique number, shall contain all pertinent information about the request, and shall be available to NEMT Call Center staff. This information shall include, but not be limited to the following:
 - A.5.10.1.1 Verification of member's TennCare eligibility (e.g., member name, address, Medicaid ID number, and telephone number if available; eligibility start and end dates);
 - A.5.10.1.2 Determination that service is a TennCare covered service (e.g., category of service) (see Section A.4.2 of this Attachment);
 - A.5.10.1.3 Determination that the transportation is a covered NEMT service (see Section A.4.2 of this Attachment);
 - A.5.10.1.4 Determination of the appropriate mode of transportation (e.g., member's requested mode of transportation, member's special needs, availability and appropriateness of fixed route, the approved mode of transportation, justification for the approved mode of transportation);
 - A.5.10.1.5 Determination of the appropriate level of service (see Section A.4.4 of this Attachment);
 - A.5.10.1.6 Information regarding Standing Orders (if applicable) (see Section A.4.5 of this Attachment);
 - A.5.10.1.7 Information about whether the request was modified, approved or denied and how the member was notified;
 - A.5.10.1.8 Information about approved and scheduled transportation (e.g., elements required for the trip manifest; see Section A.5.5 of this Attachment);
 - A.5.10.1.9 Whether the request was validated;

Amendment 18 (cont.)

- A.5.10.1.10 Timeframes for the approval process (e.g., date and time of request, determination, scheduling, and notification of member); and
- A.5.10.1.11 If applicable, reason for trip cancellation.
- A.5.10.2 The CONTRACTOR's approval and scheduling systems shall be coded such that policies and procedures are applied consistently.
- A.5.10.3 Based on approval of previous NEMT services, the CONTRACTOR shall display members' permanent and temporary special needs, appropriate mode of transportation, and any other information necessary to ensure that appropriate transportation is approved and provided. All of this information shall be easily accessible by all NEMT Call Center staff.
- A.5.10.4 The CONTRACTOR's approval and scheduling systems shall also support the following:
 - A.5.10.4.1 A database of NEMT providers that includes information needed to determine trip assignments such as but not limited to: types of vehicles, number of vehicles by type, lift capacity of vehicles, and geographic coverage.
 - A.5.10.4.2 Automatic address validations, distance calculations and trip pricing, if applicable;
 - A.5.10.4.3 Ability to generate a trip manifest (see Section A.5.5 of this Attachment);
 - A.5.10.4.4 Standing Order and Single Trip (as defined in Exhibit A of this Attachment) reservation capability; and
 - A.5.10.4.5 Ability to determine if fixed route transportation is available and appropriate for the member.
- A.5.10.5 The CONTRACTOR's approval and scheduling system shall enable report and data submission as specified in the Agreement.

A.6 PICK-UP AND DELIVERY STANDARDS

- A.6.1 The CONTRACTOR shall ensure that NEMT providers arrive on time for scheduled pick-ups. The NEMT provider may arrive before the scheduled pick-up time, but the member shall not be required to board the vehicle prior to the scheduled pick-up time.
- A.6.2 The CONTRACTOR shall ensure that drivers make their presence known to the member and wait until at least five (5) minutes after the scheduled pick-up time. If the member is not present five (5) minutes after the scheduled pick-up time, the driver shall notify the dispatcher before departing from the pick-up location.
- A.6.3 The CONTRACTOR shall ensure that drivers provide, at a minimum, the approved level of service (curb-to-curb, door-to-door, or hand-to-hand).
- A.6.4 The CONTRACTOR shall ensure that members arrive at pre-arranged times for appointments and are picked up at pre-arranged times for the return leg of the trip. If there is no pre-arranged time for the return leg of the trip, the CONTRACTOR shall ensure that members are picked up within one (1) hour after notification.
- A.6.5 The CONTRACTOR shall ensure that the average waiting time for members for pick-up does not exceed ten (10) minutes past the scheduled pick-up time.
- A.6.6 The CONTRACTOR shall ensure that if the driver will not arrive on time to the pick-up location, the driver shall notify the dispatcher, and the member is contacted.

Amendment 18 (cont.)

- A.6.7 The CONTRACTOR shall ensure that if the driver will not arrive on time to an appointment, the driver shall notify the dispatcher, and the provider is contacted.
- A.6.8 The driver may refuse transportation when the member, his/her escort, or an accompanying adult (for a member under age eighteen (18)), according to a reasonable person's standards, is noticeably indisposed (disorderly conduct, indecent exposure, intoxicated), is armed (firearms), is in possession of illegal drugs, knives and/or other weapons, commits a criminal offense, or is in any other condition that may affect the safety of the driver or persons being transported. The CONTRACTOR shall ensure that if a driver refuses to transport a member the driver immediately notifies the dispatcher, and the dispatcher notifies the CONTRACTOR.
- A.6.9 The CONTRACTOR shall ensure that in the event of an incident or accident (see Section A.17.2 of this Attachment), the driver notifies the dispatcher immediately to report the incident or accident and that, if necessary, alternative transportation is arranged. The CONTRACTOR shall ensure that it is promptly notified of any incident or accident.
- A.6.10 Failure to comply with requirements regarding pick-up and delivery standards may result in liquidated damages as provided in Section 6-8.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.
- A.7 VEHICLE STANDARDS**
- A.7.1 The CONTRACTOR shall ensure that all vehicles meet or exceed applicable federal, state, and local requirements and manufacturer's safety, mechanical, operating, and maintenance standards.
- A.7.2 The CONTRACTOR shall ensure that all vehicles comply with the vehicle requirements developed by the CONTRACTOR and prior approved in writing by TENNCARE, which at a minimum shall include compliance with applicable federal, state, and local requirements, the requirements in this Section, and the requirements in Exhibit C of this Attachment.
- A.7.3 The CONTRACTOR shall ensure that any vehicle used to cross a state's border complies with any and all applicable federal, state (State of Tennessee and/or other state), and local requirements.
- A.7.4 The CONTRACTOR shall ensure that each vehicle has a real-time link, telephone or two-way radio. Pagers are not acceptable as a substitute for this requirement.
- A.7.5 The CONTRACTOR shall ensure that all vehicles transporting members with disabilities comply with applicable requirements of the Americans with Disabilities Act (ADA), including the accessibility specifications for transportation vehicles.
- A.7.6 The CONTRACTOR shall ensure that, at minimum, all vehicles providing stretcher transport are owned and operated by an entity licensed by the Tennessee Department of Health (DOH) to provide invalid services, have an active valid permit issued by DOH as a ground invalid vehicle, and comply with DOH's requirements for ground invalid vehicles.
- A.7.7 The CONTRACTOR shall ensure that, except as otherwise permitted by State of Tennessee law, all ambulances are owned and operated by an entity licensed by DOH to provide ambulance services, have an active valid ambulance permit from DOH, and comply with DOH's requirements for ambulances. The CONTRACTOR shall also ensure that vehicles comply with any applicable local requirements.

Amendment 18 (cont.)

A.7.8 As required in Section A.17 of this Attachment, the CONTRACTOR shall inspect all vehicles (except fixed route, invalid vehicles, and ambulances) for compliance with applicable requirements and shall immediately remove any vehicle that is out of compliance.

A.7.9 Failure to comply with requirements regarding vehicle standards may result in liquidated damages as provided in Section 6-8.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.

A.8 TRAINING AND STANDARDS FOR DRIVERS

A.8.1 The CONTRACTOR shall ensure that all drivers receive appropriate training and meet applicable standards, as specified in this Section A.8. These requirements do not apply to drivers of fixed route transportation. Drivers of fixed route transportation shall comply with all rules, regulations, policies and procedures promulgated by the fixed route carrier, federal, state or local law.

A.8.2 Driver Training

A.8.2.1 The CONTRACTOR shall ensure that all drivers receive appropriate training prior to providing services under the Agreement and annually thereafter. This shall include a minimum of thirty-two (32) hours of training prior to providing services under the Agreement and a minimum of fifteen (15) hours of annual training.

A.8.2.2 Driver training shall include, at a minimum the following:

A.8.2.2.1 Customer service;

A.8.2.2.2 Passenger assistance;

A.8.2.2.3 Sensitivity training;

A.8.2.2.4 Mental health and substance abuse issues;

A.8.2.2.5 Title VI requirements (Civil Rights Act of 1964);

A.8.2.2.6 HIPAA privacy requirements;

A.8.2.2.7 ADA requirements;

A.8.2.2.8 Wheelchair securement/safety;

A.8.2.2.9 Seat belt usage and child restraints;

A.8.2.2.10 Handling and reporting accidents and incidents;

A.8.2.2.11 Emergency evacuation;

A.8.2.2.12 Daily vehicle inspection;

A.8.2.2.13 Defensive driving;

A.8.2.2.14 Risk management;

A.8.2.2.15 Communications;

Amendment 18 (cont.)

- A.8.2.2.16 Infection control;
- A.8.2.2.17 Annual road tests; and
- A.8.2.2.18 Reporting enrollee and provider fraud and abuse.

A.8.3 Standards for Drivers

- A.8.3.1 The CONTRACTOR shall ensure that all drivers comply with driver requirements developed by the CONTRACTOR and prior approved in writing by TENNCARE, which at a minimum shall include compliance with applicable federal, state, and local requirements, the requirements of this Section, and the requirements in Exhibit D of this Attachment.
- A.8.3.2 The CONTRACTOR shall ensure that all drivers are at least eighteen (18) years of age and have a Class D driver license with F (for hire endorsement) or commercial driver license (Class A, B, or C) issued by the State of Tennessee or the equivalent licensure issued by the driver's state of residence.
- A.8.3.3 The CONTRACTOR shall ensure that all drivers meet the State of Tennessee requirements regarding proof of financial responsibility and/or insurance.
- A.8.3.4 The CONTRACTOR shall ensure that any driver that crosses a state's border complies with any and all applicable federal, state (State of Tennessee and/or other state), and local requirements.
- A.8.3.5 The CONTRACTOR shall ensure that any personnel contracted by or employed by a NEMT provider to provide medical assistance to a member during a non-emergency ambulance trip is licensed by the State of Tennessee as an emergency medical technician (EMT) and complies with DOH requirements for EMTs.
- A.8.3.6 The CONTRACTOR shall ensure that all drivers pass a physical examination prior to providing services under the Agreement and have additional physical examinations as necessary to ensure that a driver is qualified to drive a passenger vehicle (e.g., if the driver has a heart attack or stroke). The physical examination shall be at least as extensive as the medical examination required by the United States Department of Transportation's Federal Motor Carrier Safety Administration (FMCSA) for commercial drivers.
- A.8.3.7 The CONTRACTOR shall ensure that all drivers pass a drug test prior to providing services under the Agreement. In addition, the CONTRACTOR shall ensure that an alcohol or drug test is conducted when a trained supervisor/employer of a driver has reasonable suspicion to believe that the driver has violated the CONTRACTOR's policies and procedures regarding use of alcohol and/or controlled substances, that random drug and alcohol tests are conducted, and that post accident drug and alcohol testing is conducted. The CONTRACTOR's policies and procedures for drug and alcohol testing shall, at a minimum, meet the FMCSA's alcohol and drug testing requirements for motor carriers.
- A.8.3.8 The CONTRACTOR shall ensure that criminal background checks pursuant to TCA 38-6-109 as well as national criminal background checks are conducted for all drivers prior to providing services under the Agreement and every five years thereafter. In addition, the CONTRACTOR shall ensure that random national criminal background checks are conducted. The CONTRACTOR shall develop a list of disqualifying criminal offenses, which at a minimum shall include the permanent and interim disqualifying criminal offenses that apply to applicants for a hazardous materials endorsement in Tennessee. Drivers that have been convicted or found not guilty by reason of insanity of any of the disqualifying criminal offenses shall not provide services under the Agreement.

Amendment 18 (cont.)

- A.8.3.9 The CONTRACTOR shall ensure that drivers immediately notify the NEMT provider and that the NEMT provider immediately notifies the CONTRACTOR if a driver is arrested for, charged with, or convicted of a criminal offense that would disqualify the driver under the Agreement.
- A.8.3.10 The CONTRACTOR shall ensure that no driver has been convicted of a criminal offense related to the driver's involvement with Medicare, Medicaid, or the federal Title XX services program (see Section 1128 of the Social Security Act and 42 CFR 455.106).
- A.8.3.11 The CONTRACTOR shall verify that drivers are not listed on the Tennessee Sexual Offender Registry or the equivalent registry in the state of the driver's residence prior to providing services under the Agreement and every five (5) years thereafter.
- A.8.3.12 The CONTRACTOR shall ensure that drivers pass a national driver license background check prior to providing services under the Agreement. This initial national driver license background check shall, at a minimum, show the following:
 - A.8.3.12.1 No conviction within the past ten (10) years for a major moving traffic violation such as driving while intoxicated or driving under the influence;
 - A.8.3.12.2 No conviction for reckless driving within the previous thirty-six (36) month period;
 - A.8.3.12.3 No conviction for leaving the scene of a personal injury or fatal accident within the previous thirty-six (36) months;
 - A.8.3.12.4 No conviction for a felony involving the use of an automobile within the previous thirty-six (36) months;
 - A.8.3.12.5 Conviction for no more than two (2) minor moving traffic violations such as speeding, failure to stop, or improper operation of a motor vehicle within the previous thirty-six (36) months;
 - A.8.3.12.6 Conviction for no more than one (1) at-fault accident resulting in personal injury or property damage within the previous thirty-six (36) months; and
 - A.8.3.12.7 Not have a combination of conviction for one (1) at-fault accident resulting in personal injury or property damage and conviction for one (1) unrelated minor moving traffic violation within the previous thirty-six (36) months.
- A.8.3.13 The CONTRACTOR shall ensure that drivers pass an annual national driver license background check. The annual check shall, at a minimum, show the following:
 - A.8.3.13.1 No conviction for a major moving traffic violation such as driving while intoxicated, driving under the influence, or reckless driving;
 - A.8.3.13.2 No conviction for leaving the scene of a personal injury or fatal accident;
 - A.8.3.13.3 No conviction for a felony involving the use of an automobile;
 - A.8.3.13.4 No more than two (2) convictions for minor moving traffic violations such as speeding, failure to stop, or improper operation of a motor vehicle;
 - A.8.3.13.5 No more than one (1) conviction for an at-fault accident resulting in personal injury or property damage; and

Amendment 18 (cont.)

- A.8.3.13.6 Not have a combination of one (1) conviction for an at-fault accident resulting in personal injury or property damage and one (1) conviction for an unrelated minor moving traffic violation.
- A.8.3.14 The CONTRACTOR shall require that drivers immediately notify the NEMT provider and that the NEMT provider immediately notifies the CONTRACTOR of any moving traffic violation or if a driver's license is suspended or revoked.
- A.8.3.15 The CONTRACTOR shall ensure that all ambulance drivers and invalid vehicle drivers comply with applicable DOH and local requirements.
- A.8.3.16 The CONTRACTOR shall require that drivers maintain daily transportation logs containing, at a minimum, the information listed in Exhibit E of this Attachment.
- A.8.3.17 As required in Section A.17 of this Attachment, the CONTRACTOR shall monitor drivers and immediately remove any driver that is out of compliance with applicable requirements.
- A.8.4 Failure to comply with requirements regarding driver training and driver standards may result in liquidated damages as provided in Section 6-8.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.
- A.9 **NEMT CALL CENTER**
 - A.9.1 The CONTRACTOR shall maintain a NEMT Call Center to handle requests for NEMT services as well as questions, comments, and inquiries from members and their representatives, NEMT providers, and providers regarding NEMT services. The NEMT Call Center may use the same infrastructure as the CONTRACTOR's member services line, but the CONTRACTOR shall have a separate line or queue for NEMT calls, and NEMT Call Center staff shall be dedicated to NEMT calls.
 - A.9.2 The NEMT Call Center shall be appropriately staffed twenty-four (24) hours a day, seven (7) days a week, three hundred and sixty-five (365) days a year to handle the call volume in compliance with the performance standards in Section A.9.6 of this Attachment. The CONTRACTOR shall ensure continuous availability of NEMT Call Center services.
 - A.9.3 Between the hours of 7:00 PM and 5:00 AM in the time zone applicable to the Grand Region served by the CONTRACTOR (for Middle, the applicable time zone shall be Central Time), the CONTRACTOR may use alternative arrangements to handle NEMT calls so long as there is no additional burden on the caller (e.g., the caller is not required to call a different number or to make a second call), and the call is promptly returned by the CONTRACTOR.
 - A.9.4 For hours that the CONTRACTOR is using alternative arrangements to handle NEMT calls (see Section A.9.3 of this Attachment), the CONTRACTOR shall provide an after hours message in, at a minimum, English and Spanish instructing the caller how to access the alternative arrangement (not requiring a second call) and also offering the caller the opportunity to leave a message.
 - A.9.5 The CONTRACTOR's NEMT Call Center system shall have the capability to identify and record the phone number of the caller if the caller's phone number is not blocked.
 - A.9.6 The CONTRACTOR shall have the capability of making outbound calls.
 - A.9.7 The CONTRACTOR shall maintain sufficient equipment and NEMT Call Center staff to handle anticipated call volume and ensure that calls are received and processed in accordance with the requirements of this Section A.9 and the following performance standards for each line or queue:
 - A.9.7.1 Blocked calls – No more than one percent (1%) of calls are blocked;

Amendment 18 (cont.)

- A.9.7.2 Answer rate -- At least ninety percent (90%) of all calls are answered by a live voice within thirty (30) seconds;
- A.9.7.3 Abandoned calls -- No more than five percent (5%) of calls are abandoned; and
- A.9.7.4 Hold time -- Average hold time, including transfers to other CONTRACTOR staff, is no more than three (3) minutes.
- A.9.8 If a NEMT call cannot be answered by a live voice within thirty (30) seconds, the CONTRACTOR shall provide a message in, at a minimum, English and Spanish advising the caller that the call will not be answered promptly and offering the caller the opportunity to leave a message. If the message requests the CONTRACTOR to return the call, the CONTRACTOR shall promptly return the call.
- A.9.9 The CONTRACTOR shall have qualified bi-lingual (English and, at minimum, Spanish) NEMT Call Center staff to communicate with callers who, at a minimum, speak Spanish. The CONTRACTOR shall provide oral interpretation services via a telephone interpretation service free of charge to callers with Limited English Proficiency.
- A.9.10 The CONTRACTOR's NEMT Call Center shall accommodate callers who are hearing and/or speech impaired.
- A.9.11 The CONTRACTOR shall operate an automatic call distribution system for its NEMT Call Center.
- A.9.12 The CONTRACTOR shall route incoming calls to the NEMT Call Center to, at minimum, an English-speaking member queue, a Spanish-speaking member queue, a NEMT provider queue, and a provider queue.
- A.9.13 The welcome message for the NEMT Call Center shall be in English and shall include, at minimum, a Spanish language prompt.
- A.9.14 The CONTRACTOR shall develop NEMT Call Center scripts for calls requesting NEMT services that include a sequence of questions and criteria that the NEMT Call Center representatives shall use to determine the member's eligibility for NEMT services, the appropriate mode of transportation, the purpose of the trip and all other pertinent information relating to the trip (see Section A.4 of this Attachment). The CONTRACTOR may develop additional scripts for other types of NEMT calls from members, providers, and NEMT providers. Any script for use with an enrollee shall be written at the sixth (6th) grade reading level and must be prior approved in writing by TENNCARE.
- A.9.15 The CONTRACTOR shall advise callers that calls to the NEMT Call Center are monitored and recorded for quality assurance purposes.
- A.9.16 The CONTRACTOR shall record a statistically valid sample of incoming and outgoing calls to/from the NEMT Call Center for quality control, program integrity and training purposes.
- A.9.17 The CONTRACTOR shall monitor and audit at least one percent (1%) of calls of each NEMT Call Center staff member on a monthly basis. The CONTRACTOR shall develop a tool for auditing calls, which shall include components to be audited and the scoring methodology. The CONTRACTOR shall use this monitoring to identify problems or issues, for quality control, and for training purposes. The CONTRACTOR shall document and retain results of this monitoring and subsequent training.
- A.9.18 The CONTRACTOR's NEMT Call Center system shall be able to produce the reports specified in Section A.19 of this Attachment as well as on request and ad hoc reports that TENNCARE may request.
- A.9.19 The CONTRACTOR shall analyze data collected from its NEMT Call Center system as necessary to perform quality improvement, fulfill the reporting and monitoring requirements of the Agreement, and ensure adequate resources and staffing.

Amendment 18 (cont.)

A.9.20 Failure to comply with requirements regarding the NEMT Call Center may result in liquidated damages as provided in Section 6-8.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.

A.10 NEMT MEMBER EDUCATION

A.10.1 The CONTRACTOR shall develop materials to inform and educate members about NEMT services.

A.10.2 The materials shall include, but not be limited to, information regarding eligibility for NEMT services, what services are covered/not covered, and how to request NEMT services, including the number to call, applicable timeframes, the approval and scheduling process, the use of fixed route, and Standing Orders.

A.10.3 All written materials shall comply with Section 2-6 of the Agreement and must be prior approved in writing by TENNCARE.

A.10.4 Prior to the date of implementation, as specified by TENNCARE, the CONTRACTOR shall mail member education materials to its members by first class mail and at the CONTRACTOR's expense.

A.11 NON-COMPLIANT MEMBERS

A.11.1 The CONTRACTOR shall provide targeted education to members who do not comply with the CONTRACTOR's policies and procedures regarding NEMT services. All member materials shall comply with Section 2-6 of the Agreement and must be prior approved in writing by TENNCARE.

A.11.2 The CONTRACTOR shall not take any action to sanction members who do not comply with the CONTRACTOR's policies and procedures.

A.11.3 Members shall not be charged for no-shows (as defined in Exhibit A of this Attachment).

A.12 NEMT PROVIDER NETWORK

A.12.1 The CONTRACTOR shall establish a network of qualified NEMT providers to provide covered NEMT services to meet the transportation needs of members. In developing its network of qualified NEMT providers the CONTRACTOR shall comply with Section 2-4.1 of the Agreement.

A.12.2 The CONTRACTOR shall have sufficient NEMT providers in its network (numbers and types of vehicles and drivers) so that the failure of any NEMT provider to perform will not impede the ability of the CONTRACTOR to provide NEMT services in accordance with the requirements of the Agreement.

A.12.3 The CONTRACTOR shall ensure that its NEMT providers have a sufficient number of vehicles and drivers available to meet the timeliness requirements of the Agreement (see Section A.5 of this Attachment).

A.12.4 The CONTRACTOR shall provide Human Resource Agencies (HRAs) the opportunity to become a NEMT provider if the HRA is qualified to provide the service and agrees to the terms of the CONTRACTOR's NEMT provider agreement, which shall be no more restrictive than for other NEMT providers and include alternative indemnification language as specified in Section A.13.4 of this Attachment.

A.12.5 The CONTRACTOR shall provide Division of Mental Retardation Services (DMRS) waiver providers (defined as providers who have signed a provider agreement with DMRS and the Bureau of TennCare to provide residential treatment services or day services through a HCBS waiver for individuals with mental retardation) the opportunity to become a NEMT provider if the provider is qualified to provide the service and agrees to the terms of the CONTRACTOR's NEMT provider agreement, which shall be no more restrictive than for other NEMT providers. These providers shall only provide covered NEMT services to members receiving HCBS waiver services from the provider. The State reimburses these providers for transportation services to/from HCBS waiver services. However, the State does not reimburse these providers for transportation to/from other TennCare covered services. The

Amendment 18 (cont.)

CONTRACTOR shall reimburse these providers for covered NEMT services that are not being provided to the member through a HCBS waiver. The CONTRACTOR shall reimburse these providers in accordance with rates paid to other NEMT providers for the provision of NEMT services.

A.12.6 The CONTRACTOR shall ensure that its NEMT providers are qualified to perform their duties. This includes, but is not limited to, meeting applicable federal, state or local licensure, certification, or registration requirements. Failure to comply with requirements regarding licensure requirements may result in liquidated damages as provided in Section 6-8.2 of the Agreement.

A.12.7 The CONTRACTOR's NEMT provider network must be prior approved in writing by TENNCARE and shall be subject to ongoing review and approval by TENNCARE. Failure to comply with NEMT provider network requirements may result in liquidated damages as provided in Section 6-8.2 of the Agreement.

A.13 NEMT PROVIDER AGREEMENTS

A.13.1 All NEMT provider agreements shall comply with applicable requirements of the Agreement, including but not limited to prior written approval of template agreements and revisions thereto by the Tennessee Department of Commerce and Insurance (TDCI).

A.13.2 Except for fixed route, NEMT providers used for contingency or back-up (see Section A.5.9 of this Attachment), or as otherwise agreed to by TENNCARE in writing, the CONTRACTOR shall not use transportation providers with which the CONTRACTOR has not executed a provider agreement.

A.13.3 In addition to the requirements in other sections of the Agreement, all NEMT provider agreements shall meet the following minimum requirements:

A.13.3.1 Include provisions related to payment for cancellations (see Section A.5.5.5 of this Attachment), no-shows (as defined in Exhibit A to this Attachment), escorts, and adults accompanying members under age eighteen (18);

A.13.3.2 Specify the services to be provided by the NEMT provider, including, as applicable, mode(s) of transportation and dispatching.

A.13.3.3 Include expectations for door-to-door, hand-to-hand, and curb-to-curb service (see Section A.4.4 of this Attachment and definitions in Exhibit A of this Attachment);

A.13.3.4 Include or reference trip manifest requirements (see Section A.5.5 of this Attachment);

A.13.3.5 Include urgent trip requirements (see Section A.5.7 of this Attachment);

A.13.3.6 Include or reference back-up service requirements (see Section A.5.9 of this Attachment);

A.13.3.7 Include or reference pick-up and delivery standards (see Section A.6 of this Attachment);

A.13.3.8 Require the NEMT provider to notify the CONTRACTOR of specified events, including no-shows (see Section A.6.2 of this Attachment), accidents, moving traffic violations, and incidents (see Section A.6.9 of this Attachment);

A.13.3.9 Include or reference vehicle standards (see Section A.7 of this Attachment);

A.13.3.10 Require the NEMT provider to notify the CONTRACTOR if a vehicle is out of service or otherwise unavailable;

Amendment 18 (cont.)

- A.13.3.11 Include or reference training requirements for the NEMT provider (see Section A.16.2 of this Attachment) and for drivers (see Section A.8.2 of this Attachment);
- A.13.3.12 Include or reference driver standards (see Section A.8.3), including driver log requirements (see Section A.8.3.16 of this Attachment) and require the NEMT provider to provide copies of driver logs to the CONTRACTOR upon request; and
- A.13.3.13 Require the NEMT provider to secure and maintain adequate insurance coverage prior to providing any NEMT services under the Agreement, including, at minimum, the following:
 - A.13.3.13.1 Workers' Compensation/ Employers' Liability (including all states coverage) with a limit not less than the relevant statutory amount or one million dollars (\$1,000,000) per occurrence for employers' liability whichever is greater;
 - A.13.3.13.2 Comprehensive Commercial General Liability (including personal injury and property damage, premises/operations, independent contractor, contractual liability and completed operations/products) with a bodily injury/property damage combined single limit not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) in the aggregate; and
 - A.13.3.13.3 Automobile Coverage (including owned, leased, hired, and non-owned vehicles) with a bodily injury/property damage combined single limit not less than one million dollars (\$1,000,000) per occurrence.
- A.13.4 If the CONTRACTOR has a provider agreement with a HRA, the agreement shall meet the requirements specified in Sections A.13.1 and A.13.3 above and shall also include indemnification language negotiated with the HRA and prior approved in writing by TENNCARE as an alternative to the indemnification language referenced in the Agreement.
- A.13.5 Failure to comply with provider agreement requirements may result in liquidated damages as provided in Section 6-8.2 of the Agreement.

A.14 PAYMENT FOR NEMT SERVICES

A.14.1 General

In addition to requirements in the Agreement regarding payment for services, when paying for NEMT services the CONTRACTOR shall comply with the requirements in this Attachment.

A.14.2 Payment for Fixed Route

- A.14.2.1 The CONTRACTOR shall make every effort to provide tickets/tokens/passes to a member in a manner that ensures receipt prior to the scheduled transportation.
- A.14.2.2 If the CONTRACTOR cannot provide tickets/token/passes prior to the scheduled transportation, the CONTRACTOR shall offer the member the choice of having the CONTRACTOR arrange alternate transportation or reimbursing the member for the cost of the applicable fare for the fixed route transportation approved by the CONTRACTOR.
- A.14.2.3 The CONTRACTOR may negotiate agreements with fixed route transportation entities. Such agreements must be prior approved in writing by TENNCARE.

A.14.3 Validation Checks

- A.14.3.1 The CONTRACTOR shall have policies and procedures for conducting random post-transportation validation checks. These policies and procedures must be prior approved in writing by TENNCARE. These policies and procedures shall specify how the CONTRACTOR will conduct post-transportation validation checks (e.g., by calling providers or matching NEMT claims and physical health/behavioral health claims), the frequency of the checks (e.g., one point five percent (1.5%) of NEMT claims received in a month), and any follow-up activities (e.g., if the CONTRACTOR determines that transportation for a particular member was not to a TennCare covered service, the CONTRACTOR validates the next three (3) requests for that member before a trip is approved (see Section A.4.6 of this Attachment)). If the CONTRACTOR suspects fraud or abuse, it shall comply with the fraud and abuse requirements of the Agreement.
- A.14.3.2 The CONTRACTOR shall perform post-transportation validation checks for fixed route transportation as specified in the CONTRACTOR's policies and procedures, which must be prior approved in writing by TENNCARE.

A.15 NEMT CLAIMS MANAGEMENT

- A.15.1 The CONTRACTOR shall process NEMT provider claims consistent with the claims processing requirements of the Agreement.
- A.15.2 The CONTRACTOR shall submit encounter data for NEMT services that meets the requirements in the Agreement, including compliance with HIPAA's electronic transactions and code set requirements.
- A.15.3 The CONTRACTOR shall ensure that ninety percent (90%) of clean claims for payment for NEMT services delivered to a member are processed within thirty (30) calendar days of the receipt of such claims.
- A.15.4 The CONTRACTOR shall process, and if appropriate pay, within sixty (60) calendar days ninety-nine point five percent (99.5%) of all NEMT provider claims for covered NEMT services delivered to a member.
- A.15.5 The CONTRACTOR shall pay ninety-seven percent (97%) of NEMT claims accurately upon initial submission.
- A.15.6 The CONTRACTOR shall conduct an audit of NEMT claims that complies with the requirements in the Agreement regarding a claims payment accuracy audit.
- A.15.7 Failure to comply with requirements regarding NEMT claims management may result in liquidated damages as provided in Section 6-8.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.

A.16 NEMT PROVIDER MANUAL AND NEMT PROVIDER EDUCATION AND TRAINING

A.16.1 NEMT Provider Manual

- A.16.1.1 The CONTRACTOR shall issue a NEMT provider manual to all NEMT providers. The CONTRACTOR may distribute the NEMT provider manual electronically (e.g., through its website) so long as NEMT providers are notified about how to obtain the electronic copy and how to request a hard copy at no charge to the NEMT provider.
- A.16.1.2 The NEMT provider manual must be prior approved in writing by TENNCARE and shall include, at a minimum, the following:
 - A.16.1.2.1 Description of the TennCare program;
 - A.16.1.2.2 Covered and non-covered NEMT services, including requirement that transportation must be to a TennCare covered service;

Amendment 18 (cont.)

- A.16.1.2.3 Prior approval requirements;
- A.16.1.2.4 Vehicle requirements;
- A.16.1.2.5 Driver requirements;
- A.16.1.2.6 Protocol for encounter data elements reporting/records;
- A.16.1.2.7 Claims submission protocols and standards, including instructions and all information necessary for a clean claim;
- A.16.1.2.8 Payment policies;
- A.16.1.2.9 Information on members' appeal rights;
- A.16.1.2.10 Member rights and responsibilities;
- A.16.1.2.11 Policies and procedures of the provider complaint system; and
- A.16.1.2.12 Important phone numbers of all departments/staff a NEMT provider may need to reach at the CONTRACTOR's MCO.
- A.16.1.3 The CONTRACTOR shall disseminate bulletins to NEMT providers as needed to incorporate any needed changes to the provider manual.

A.16.2 NEMT Provider Education and Training

- A.16.2.1 The CONTRACTOR shall develop and implement a plan to educate NEMT providers, including initial orientation sessions and continuing education. The initial orientation shall include at minimum the topics included in the NEMT provider manual.
- A.16.2.2 The CONTRACTOR shall ensure that all NEMT provider staff, including but not limited to dispatchers, supervisors, and mechanics, receive appropriate training before providing services under the Agreement and on an ongoing basis thereafter.

A.17 NEMT QUALITY ASSURANCE AND MONITORING

A.17.1 NEMT Quality Assurance Program

- A.17.1.1 As part of the CONTRACTOR's Quality Improvement (QI) Program, the CONTRACTOR shall develop and implement a quality assurance program for NEMT services. The description of the program (the NEMT Quality Assurance Plan) shall include policies and procedures outlining the objectives and scope of the program as well as activities for ongoing monitoring, evaluation and improvement of the quality and appropriateness of NEMT services.
- A.17.1.2 The NEMT Quality Assurance Plan shall include at least the following:
 - A.17.1.2.1 The CONTRACTOR's procedures for monitoring and improving member satisfaction with NEMT services;
 - A.17.1.2.2 The CONTRACTOR's procedures for ensuring that all NEMT services paid for are properly approved and actually rendered, including but not limited to validation checks (see Sections A.4.6 and A.14.3) and an annual analysis matching physical health and behavioral health claims/encounters and NEMT claims/encounters;
 - A.17.1.2.3 The CONTRACTOR's procedures for monitoring and improving the quality of transportation provided pursuant to the Agreement, including transportation provided by fixed route; and
 - A.17.1.2.4 The CONTRACTOR's monitoring plan for NEMT providers, as detailed in Section A.17.3 of this Attachment.

A.17.2 Accidents and Incidents

The CONTRACTOR shall document accidents and incidents that occur while services are being delivered under the Agreement. An incident is defined as an occurrence, event, breakdown, or public disturbance that interrupts the trip, causing the driver to stop the vehicle, such as a passenger being unruly or ill.

A.17.3 NEMT Provider Monitoring Plan

A.17.3.1 The CONTRACTOR shall develop and implement a plan for monitoring NEMT providers' compliance with all applicable local, state and federal law. The plan shall also monitor NEMT providers' compliance with the terms of their provider agreements and all NEMT provider-related requirements of the Agreement, including but not limited to driver requirements, vehicle requirements, member complaint resolution requirements, and the delivery of courteous, safe, timely and efficient transportation services.

A.17.3.2 Monitoring activities shall include, but are not limited to:

A.17.3.2.1 On-street observations;

A.17.3.2.2 Random audits of NEMT providers;

A.17.3.2.3 Accident and incident reporting;

A.17.3.2.4 Statistical reporting of trips;

A.17.3.2.5 Analysis of complaints;

A.17.3.2.6 Driver licensure, driving record, experience and training;

A.17.3.2.7 Enrollee safety;

A.17.3.2.8 Enrollee assistance;

A.17.3.2.9 Completion of driver trip logs;

A.17.3.2.10 Driver communication with dispatcher; and

A.17.3.2.11 Routine scheduled vehicle inspections and maintenance.

A.17.4 NEMT Provider Corrective Action

A.17.4.1 The CONTRACTOR shall have policies and procedures for ensuring that an appropriate corrective action is taken when a NEMT provider furnishes inappropriate or substandard services, when a NEMT provider does not furnish services that should have been furnished, or when a NEMT provider is out of compliance with federal, state, or local law.

A.17.4.2 The CONTRACTOR shall immediately remove from service any vehicle, driver, or EMT found to be out of compliance with the requirements of the Agreement, including any federal, state or local law. The vehicle, driver, or EMT may be returned to service only after the CONTRACTOR verifies that the deficiencies have been corrected. Any deficiencies, and actions taken to remedy deficiencies, shall be documented and become a part of the vehicle's and/or the person's permanent records.

Amendment 18 (cont.)

- A.17.4.3 As required in Section A.19.6.7 of this Attachment, the CONTRACTOR shall report on monitoring activities, monitoring findings, corrective actions taken, and improvements made.

A.17.5 NEMT Member Satisfaction Survey

- A.17.5.1 The CONTRACTOR shall conduct a member satisfaction survey regarding NEMT services for the first six (6) months after implementation of the requirements in this Attachment or as otherwise specified by TENNCARE and annually thereafter.
- A.17.5.2 The purpose of the survey is to verify the availability, appropriateness and timeliness of the trips provided and the manner in which the CONTRACTOR's staff and the NEMT provider's staff interacted with members.
- A.17.5.3 The survey topics shall include, but are not limited to:
- A.17.5.3.1 NEMT Call Center interaction;
 - A.17.5.3.2 Confirmation of a scheduled trip;
 - A.17.5.3.3 Driver and CONTRACTOR staff courtesy;
 - A.17.5.3.4 Driver assistance, when required;
 - A.17.5.3.5 Overall driver behavior;
 - A.17.5.3.6 Driver safety and operation of the vehicle;
 - A.17.5.3.7 Condition, comfort and convenience of the vehicle; and
 - A.17.5.3.8 Punctuality of service.
- A.17.5.4 The format, sampling strategies and questions of the survey must be prior approved in writing by TENNCARE, and TENNCARE may specify questions that are to appear in the survey.
- A.17.5.5 The CONTRACTOR shall submit reports regarding these surveys as required in Section A.19.6.8 of this Attachment.

A.17.6 Vehicle Inspection

- A.17.6.1 The CONTRACTOR shall conduct a comprehensive inspection of all NEMT providers' vehicles prior to the implementation of NEMT requirements in this Attachment. Thereafter, the CONTRACTOR shall conduct a comprehensive inspection of all vehicles at least annually. The CONTRACTOR is not required to inspect fixed route vehicles, invalid vehicles, ambulances, or vehicles for NEMT providers with which the CONTRACTOR does not have a provider agreement (see Section A.13.2 of this Attachment).
- A.17.6.2 The CONTRACTOR shall develop and implement policies and procedures for vehicle inspections. These policies and procedures must be prior approved in writing by TENNCARE and shall include inspection forms, inspection stickers and a list of trained inspectors, including the names of all employees or subcontractors who are authorized to inspect vehicles for the CONTRACTOR. Inspection forms shall have a checklist that includes all the applicable vehicle standards of the Agreement and of local, state and federal law. The CONTRACTOR shall test all communication equipment during all vehicle inspections.

Amendment 18 (cont.)

- A.17.6.3 Upon completion of a successful inspection, an inspection sticker shall be applied to the vehicle. The inspection sticker shall be placed on the outside of the passenger side rear window in the lower right corner. The sticker shall state the license plate number and vehicle identification number of the vehicle. Records of all inspections shall be maintained by the CONTRACTOR.

A.18 NEMT SUBCONTRACTS

If the CONTRACTOR delegates any of its responsibilities regarding NEMT services, it shall comply with the subcontracting requirements in the Agreement, including prior written approval of the subcontract by TENNCARE.

A.19 NEMT REPORTING

A.19.1 NEMT Status Reports

- A.19.1.1 During the initial six (6) months after implementation of NEMT services pursuant to this Attachment, and longer if requested by TENNCARE, the CONTRACTOR shall submit a weekly status report. This report shall include, but not be limited to, a NEMT narrative summary of accomplishments, identification of open and closed issues, key Call Center telephone statistics (e.g., number of calls received, number/percentage of calls placed on hold, average hold time, number/percentage of abandoned calls; average talk time; and number of staff to answer calls by time of day/day of week), key statistics on requests for transportation (e.g., number of requests by mode of transportation, number denied and approved, and mode of transportation approved); and key statistics on pick-up and delivery standards.

- A.19.1.2 The CONTRACTOR shall submit a monthly status report. This report shall include, but not be limited to, summary and detail information on accomplishments, outstanding issues, NEMT Call Center statistics, NEMT Call Center activities, and statistics regarding pick-up and delivery standards.

A.19.2 Approval and Utilization Reports

- A.19.2.1 Approval Report. The CONTRACTOR shall submit a quarterly approval report that includes both summary and detail information on transportation requested, approved, modified and denied, including the modification and denial reason. The report shall provide this information by mode of transportation and category of service.

- A.19.2.2 Approval and Scheduling Timeframes Report. The CONTRACTOR shall submit a quarterly report that provides information on timeframes for approving/denying and scheduling transportation.

- A.19.2.3 Pick-up and Delivery Standards Report. The CONTRACTOR shall submit a monthly report that documents the number and percentage of pick-ups that were missed by a NEMT provider, pick-ups or drop-offs that were late, and drop-offs where the member missed an appointment and provides the average amount of time that the pick-ups or drop-offs were late. This information shall be provided by mode of transportation and by county.

- A.19.2.4 Utilization Report. The CONTRACTOR shall submit a monthly utilization that provides both summary and detail information on NEMT services provided to members. The report shall include, at minimum, by mode of transportation and category of service: the number of trips, number of unduplicated members, and number of miles.

A.19.3 NEMT Call Center Reports

- A.19.3.1 The CONTRACTOR shall submit a monthly report that provides summary and detail statistics on the NEMT Call Center telephone lines/queues and includes identification of potential issues, trends, and any corrective action taken.

Amendment 18 (cont.)

- A.19.3.2 The CONTRACTOR shall submit a monthly report that summarizes the results of the CONTRACTOR's call monitoring and any corrective action taken.

A.19.4 NEMT Provider Enrollment File

The CONTRACTOR's monthly provider enrollment file shall include NEMT providers. In addition, the CONTRACTOR shall provide the following information to TENNCARE:

- A.19.4.1 Driver Roster. The CONTRACTOR shall provide a driver roster for each NEMT provider that includes, at minimum: the driver's name, license number, and social security number.
- A.19.4.2 Vehicle Listing. The Contractor shall provide a vehicle listing for each NEMT provider that includes, at minimum: the type of vehicle and the vehicle's manufacturer, model, model year, and vehicle identification number.

A.19.5 NEMT Claims Management Reports

- A.19.5.1 The CONTRACTOR shall submit a quarterly NEMT prompt payment report. The report shall include the number and percentage of clean NEMT claims that are processed within thirty (30) calendar days of receipt, the number and percentage of NEMT claims that are processed within sixty (60) calendar days of receipt, the number and percentage of NEMT claims and the dollar value and percentage of dollars associated with claims that are processed within the timeframes specified by TENNCARE (e.g., fifteen (15) days, thirty (30) days, etc.), and the average time (number of days) that it takes to process NEMT claims.
- A.19.5.2 The CONTRACTOR shall submit a quarterly NEMT claims payment accuracy report. The report shall be based on an audit conducted by the CONTRACTOR in accordance with Section 2-9.12.2 of the Agreement using a random sample of all "processed or paid" NEMT claims. The report shall include the number and percentage of NEMT claims that are paid accurately for each month in the quarter.

A.19.6 NEMT Quality Assurance and Monitoring Reports

- A.19.6.1 Member NEMT Complaint Report. The CONTRACTOR shall submit a quarterly member complaints report (see Section 1-3 of the Agreement for the definition of complaint, which includes both written and verbal statements) that summarizes the number of complaints regarding NEMT by type, analyzes the information, particularly noting patterns or trends, and describes any corrective action taken to ensure quality of services.
- A.19.6.2 NEMT Provider Complaint Report. The CONTRACTOR shall submit a quarterly NEMT provider complaints report that summarizes the number of verbal and written complaints by type, analyzes the information, including patterns or trends, and describes any corrective action.
- A.19.6.3 NEMT Quality Assurance Plan. As part of its annual Quality Improvement (QI) reporting, the CONTRACTOR shall submit an annual NEMT quality assurance plan (see Section A.17.1 of this Attachment).
- A.19.6.4 NEMT Validation Checks.
- A.19.6.4.1 The CONTRACTOR shall submit a quarterly report summarizing the pre-transportation validation checks (see Section A.4.6 of this Attachment) conducted by the CONTRACTOR, the findings, and any corrective actions.
- A.19.6.4.2 The CONTRACTOR shall submit a quarterly report summarizing the post-transportation validation checks (see Section A.14.3 of this Attachment) conducted by the CONTRACTOR, the findings, and any corrective actions.

Amendment 18 (cont.)

- A.19.6.5 Post-Payment Review Report. The CONTRACTOR shall submit an annual report summarizing the methods and findings for the post-payment review (see Section A.17.1.2.2 of this Attachment) and identifying opportunities for improvement.
- A.19.6.6 Accidents and Incidents.
- A.19.6.6.1 Immediately upon becoming aware of any accident resulting in driver or passenger injury or fatality that occurs while providing services under the Agreement, the CONTRACTOR shall notify TENNCARE. The CONTRACTOR shall submit a written accident report within five (5) business days of the accident and shall cooperate in any related investigation. A police report shall be included in the accident report or provided as soon as possible.
- A.19.6.6.2 The CONTRACTOR shall submit a quarterly report of all accidents, moving traffic violations, and incidents.
- A.19.6.7 Monitoring Plan.
- A.19.6.7.1 The CONTRACTOR shall submit an annual NEMT provider monitoring plan (see Section A.17.3 of this Attachment).
- A.19.6.7.2 The CONTRACTOR shall submit an annual report summarizing its monitoring activities, the findings, corrective actions, and improvements for NEMT services provided under the Agreement.
- A.19.6.8 Satisfaction Survey Report. The CONTRACTOR shall submit a report (three months after the initial survey period and then annually) summarizing the member survey methods and findings and identifying opportunities for improvement.

A.20 Performance Standards

The CONTRACTOR agrees that TENNCARE may assess liquidated damages against the CONTRACTOR for failure to meet the performance standards as specified in Exhibit F of this Attachment.

All of the provisions of the original Contract not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective May 1, 2008.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

Exhibit A
DEFINITIONS, ACRONYMS, AND ABBREVIATIONS

The terms used in this Attachment shall be given the meaning used in TennCare rules and regulations. However, the following terms, when used in this Attachment, shall be construed and/or interpreted as follows, unless the context expressly requires a different construction and/or interpretation.

Definitions

1. **Commercial Carrier Transport:** Transportation provided by a common carrier, including but not limited to buses (e.g., Greyhound), trains (e.g., Amtrak), airplanes, and ferries.
2. **Curb-to-Curb Service:** Transportation provided to passengers who need little if any assistance between the vehicle and the door of the pick-up point or destination. The driver shall provide assistance according to the enrollee's needs, including assistance as necessary to enter and exit the vehicle, but assistance shall not include the lifting of any enrollee. The driver shall remain at or near the vehicle and not enter any buildings.
3. **Door-to-Door Service:** Transportation provided to enrollees with disabilities who need assistance to safely move between the door of the vehicle and the door of the passenger's pick-up point or destination. The driver shall exit the vehicle and assist the enrollee from the door of the pick-up point, e.g., residence, accompany the passenger to the door of the vehicle, and assist the passenger in entering the vehicle. The driver shall assist the enrollee throughout the transport and to the door of the destination.
4. **Federal Motor Carrier Safety Administration (FMCSA):** A separate administration within the United States Department of Transportation established pursuant to the Motor Carrier Safety Improvement Act of 1999. Its primary mission is to reduce crashes, injuries, and fatalities involving large trucks and buses.
5. **Fixed Route:** Transportation by means of a public transit vehicle that follows an advertised route on an advertised schedule, does not deviate from the route or the schedule, and picks up passengers at designated stops. Fixed route transportation includes, but is not limited to, non-commercial buses, commuter trains, and trolleys.
6. **Hand-to-Hand Service:** Transportation of an enrollee with disabilities from an individual at the pick-up point to a provider staff member, family member or other responsible party at the destination.
7. **Hospital Discharge:** Notification by a hospital that an enrollee is ready for discharge. A hospital discharge shall be considered an urgent trip.
8. **HRAs:** Human Resource Agencies. These agencies are the delivery system for human services, including transportation to rural residents, throughout the State of Tennessee. The nine HRAs are: Delta HRA, East Tennessee HRA, First Tennessee HRA, Mid-Cumberland HRA, Northwest HRA, South Central Development District, South West HRA, Upper Cumberland HRA, and South East HRA.
9. **No- Show:** A trip is considered a no-show when the driver arrived on time, made his/her presence known, and the member is not present five (5) minutes after the scheduled pick-up time.
10. **Private Automobile:** An enrollee's personal vehicle or the personal vehicle of a family member or friend, to which the enrollee has access. Private automobile is not a covered NEMT service.
11. **Single Trip:** Transport to and/or from a single TennCare covered service. A trip generally has at least two (2) trip legs but there can be one (1) or more than two (2) (multiple) trip legs.

Amendment 18 (cont.)

12. **Standing Order:** Transport to and/or from multiple recurring medical appointments for TennCare covered services for the same enrollee with the same provider for the same treatment or condition (can be one (1) or multiple trip legs).
13. **TennCare Covered Services:** The health care services available to TennCare enrollees, as defined in TennCare rules and regulations. This includes, but is not limited to, physical health, behavioral health, pharmacy, and dental services provided through managed care contractors (MCCs), as well as institutional services and alternatives to institutional services (home and community based waiver services) provided by entities that are not MCCs. TennCare covered services includes TENNderCare services.
14. **Tennessee Division of Mental Retardation Services (DMRS):** The state agency responsible for providing services and supports to Tennesseans with mental retardation. DMRS is a division of the Tennessee Department of Finance and Administration.
15. **Trip Leg:** One-way transport from a pick-up point to a destination. A trip generally has at least two (2) trip legs.
16. **Urgent Trip:** Covered NEMT services required for an unscheduled episodic situation in which there is no immediate threat to life or limb but the enrollee must be seen on the day of the request (can be one (1) or multiple trip legs). A hospital discharge shall be an urgent trip.

Exhibit B
TRIP MANIFESTS

The trip manifests supplied to NEMT providers shall include all necessary information for the driver to perform the trip for each enrollee, including but not limited to:

1. Number assigned by the CONTRACTOR for approved trip;
2. NEMT provider name;
3. The mode of transportation;
4. MCO/BHO name;
5. Enrollee's name;
6. Enrollee's age;
7. Enrollee's sex;
8. Trip date;
9. Number of legs for the trip (e.g., one-way, round trip, or multiple legs);
10. Origin of trip/place of pick-up (e.g., residence)
11. Time of pick-up for the time zone applicable to the pick-up location;
12. Address of the pick-up, including street address, city, county, state, and zip code;
13. Enrollee's phone number(s);
14. Number of riders;
15. Time of appointment for the time zone applicable to the appointment location;
16. Provider name;
17. Address of the provider, including street address, city, county, state, and zip code;
18. Provider's phone number(s);
19. Return trip times for the applicable time zone(s) and addresses, if applicable;
20. Any additional stops (e.g., pharmacy);
21. Any special needs of the enrollee;
22. Any special instructions to the driver, e.g., door-to-door or hand-to-hand service;
23. Whether enrollee has third party coverage, including Medicare; and
24. Notes.

The CONTRACTOR may express time in regular time (AM or PM) or in military time (using the 24-hour clock); however, the selected method for expressing time (regular or military) shall be used consistently by the CONTRACTOR and by all of the CONTRACTOR's subcontractors, NEMT providers and drivers.

Exhibit C
VEHICLE REQUIREMENTS

All vehicles, except for fixed route vehicles and ambulances, shall meet the following requirements:

1. The number of persons in the vehicle, including the driver, shall not exceed the vehicle manufacturer's approved seating capacity.
2. All vehicles shall have adequately functioning heating and air-conditioning systems.
3. All vehicles shall have functioning, clean and accessible seat belts for each passenger seat position. All vehicles shall have an easily visible interior sign that states: "ALL PASSENGERS SHALL USE SEAT BELTS". Seat belts shall be stored off the floor when not in use.
4. Each vehicle shall use child safety seats in accordance with state law.
5. All vehicles shall have at least two (2) seat belt extensions.
6. For use in emergency situations, each vehicle shall be equipped with at least one (1) seat belt cutter that is kept within easy reach of the driver.
7. All vehicles shall have functioning interior light(s) within the passenger compartment.
8. All vehicles shall have an accurate, operating speedometer and odometer.
9. All vehicles shall have two (2) exterior rear view mirrors, one (1) on each side of the vehicle.
10. All vehicles shall be equipped with an interior mirror for monitoring the passenger compartment.
11. The exterior of all vehicles shall be clean and free of broken mirrors or windows, excessive grime, major dents, or paint damage that detract from the overall appearance of the vehicles.
12. The interior of all vehicles shall be clean and free of torn upholstery, floor or ceiling covering; damaged or broken seats; protruding sharp edges; dirt, oil, grease or litter; or hazardous debris or unsecured items.
13. All vehicles shall be smooth riding, so as not to create passenger discomfort.
14. All vehicles shall have the NEMT provider's business name and telephone number decaled on at least both sides of the exterior of the vehicle. The business name and phone number shall appear in lettering that is a minimum of three inches in height and of a color that contrasts with its surrounding background.
15. To comply with confidentiality requirements, no words may be displayed on the vehicle that implies that TennCare enrollees are being transported. The name of the NEMT provider's business may not imply that TennCare enrollees are being transported.
16. The vehicle license number and the CONTRACTOR's toll-free phone number shall be prominently displayed on the interior of each vehicle. This information and the complaint procedures shall be clearly visible and available in written format (at a minimum, in English and Spanish) in each vehicle for distribution to enrollees upon request.
17. The vehicle shall have a current inspection sticker issued by the CONTRACTOR on the outside of the passenger side rear window in the lower right corner.
18. Smoking shall be prohibited in all vehicles at all times. All vehicles shall have an easily visible interior sign that states: "NO SMOKING".
19. All vehicles shall carry a vehicle information packet containing vehicle registration, insurance card, and accident procedures and forms.
20. All vehicles shall be equipped with a first aid kit stocked with antiseptic cleansing wipes, triple antibiotic ointment, assorted sizes of adhesive and gauze bandages, tape, scissors, latex or other impermeable gloves, and sterile eyewash.
21. Each vehicle shall contain a current map of the applicable geographic area with sufficient detail to locate enrollee and provider addresses.

Amendment 18 (cont.)

22. Each vehicle shall be equipped with a regulation size Class B chemical type fire extinguisher. The fire extinguisher shall have a visible, current (up-to-date) inspection tag or sticker showing an inspection of the fire extinguisher by the appropriate authority within the past twelve (12) months. The extinguisher shall be mounted in a bracket located in the driver's compartment and be readily accessible to the driver and passenger(s).
23. Each vehicle shall be equipped with a "spill kit" that includes liquid spill absorbent, latex or other impermeable gloves, hazardous waste disposal bags, scrub brush, disinfectant and deodorizer.
24. Each vehicle shall be equipped with emergency triangles.
25. Each vehicle that is required to stop at all railroad crossings shall have a railroad crossing decal that says that the vehicle stops at all railroad crossings.
26. Each vehicle shall have a real-time link, telephone or two-way radio. Pagers are not acceptable as a substitute.

Exhibit D
DRIVER REQUIREMENTS

The requirements listed below shall apply to all drivers of vehicles other than fixed route vehicles and ambulances.

1. All drivers shall be courteous, patient, and helpful to all passengers.
2. All drivers shall be neat and clean in appearance.
3. No driver shall use alcohol, narcotics, illegal drugs or prescription medications that impair the ability to perform while on duty. No driver shall abuse alcohol or prescription medications or use illegal drugs at any time.
4. All drivers shall wear and have visible an identification badge that is easily readable and identifies the driver and the NEMT provider.
5. No driver shall smoke or eat while in the vehicle, while assisting an enrollee, or in the presence of any enrollee.
6. Drivers shall not wear any type of headphones at any time while on duty, with the exception of hands-free headsets for mobile telephones. Mobile telephones may only be used for communication with the NEMT provider, the dispatcher, or the CONTRACTOR.
7. Drivers shall exit the vehicle to open and close vehicle doors when passengers enter or exit the vehicle.
8. The driver shall provide an appropriate level of assistance to an enrollee when requested or when necessitated by the enrollee's mobility status or personal condition. This includes curb-to-curb, door-to-door, and hand-to-hand service, as required.
9. The driver shall assist enrollees in the process of being seated including the fastening of seat belts, securing children in properly-installed child safety seats, and properly securing passengers in wheelchairs.
10. The driver shall confirm, prior to departure, that all seat belts are fastened properly, and that all passengers, including passengers in wheelchairs, are safely and properly secured.
11. Upon arrival at the destination, the driver shall park the vehicle so that the enrollee does not have to cross streets to reach the entrance of the destination.
12. Drivers shall visually confirm that the enrollee is inside the destination.
13. The driver shall not leave an enrollee unattended at any time.
14. If an enrollee or other passenger's behavior or any other condition impedes the safe operation of the vehicle, the driver shall park the vehicle in a safe location out of traffic, notify the NEMT provider/dispatcher, and request assistance.

Exhibit E
DRIVER LOGS

The CONTRACTOR shall require that the NEMT providers' drivers maintain daily transportation logs containing, at a minimum, the information listed below. Fixed route transportation is excluded from this requirement.

1. Date of service;
2. Driver's name;
3. Driver's signature;
4. Name of escort or accompanying adult (for enrollees under age eighteen (18) and relationship to enrollee (if applicable));
5. Vehicle Identification Number (VIN);
6. Enrollee's name;
7. The NEMT provider's name;
8. Number assigned by the CONTRACTOR for the approved trip;
9. Mode of transportation approved;
10. Actual start time (from the base station) for the time zone applicable to the starting location;
11. Scheduled pick-up time for the time zone applicable to the pick-up location;
12. Actual pick-up location and time for the time zone applicable to the pick-up location;
13. Actual departure time from pick-up location for the time zone applicable to the pick-up location;
14. Actual destination and time for the time zone applicable to the destination;
15. Actual number of wheelchairs, escorts, and accompanying adults (for enrollees under age eighteen (18));
16. Odometer readings at each point of pick-up and of drop-off; and
17. Notes, if applicable. At a minimum, the log shall show notes in the case of cancellations, incomplete requests, "no-shows", accident and incident.

For ambulance, the log shall also contain, at a minimum:

1. Patient assessment by ambulance personnel and a chronological narrative of care/service rendered by ambulance personnel;
2. Itemized list of specialized services and/or supplies; and
3. Type of vehicle used for transport (class or service category).

The CONTRACTOR may express time in regular time (AM or PM) or in military time (using the 24-hour clock); however, the selected method for expressing time (regular or military) shall be used consistently by the CONTRACTOR and by all of the CONTRACTOR's subcontractors, NEMT providers and drivers.

Exhibit F
PERFORMANCE STANDARDS AND LIQUIDATED DAMAGES

No.	PERFORMANCE STANDARD	LIQUIDATED DAMAGE
1	Ensure that members receive the appropriate level of service (see Section A.4.4 of this Attachment)	\$500 per deficiency
2	Comply with the approval and scheduling timeframes (see Section A.5.1.3 of this Attachment)	\$1,000 per deficiency
3	Comply with requirements regarding urgent trips (see Section A.5.7 of this Attachment)	\$500 per deficiency
4	Comply with pick-up and delivery standards (see Section A.6 of this Attachment)	\$100 per deficiency
5	Comply with vehicle standards (see Section A.7 of this Attachment)	<p>\$1,500 per calendar day per vehicle that is not in compliance with ADA requirements</p> <p>\$1,000 per vehicle that is allowed into service without an inspection in accordance with the requirements of the Agreement</p> <p>\$2,500 per calendar day per vehicle that is not in compliance with a vehicle standard that would endanger health or safety for vehicle occupants</p> <p>\$500 per calendar day per vehicle that is not in compliance with a vehicle standard that creates passenger discomfort or inconvenience</p> <p>\$100 per calendar day per vehicle that is not in compliance with an administrative vehicle standard</p>
6	Comply with driver training requirements and driver standards (see Section A.8 of this Attachment)	\$2,500 per calendar day per driver for each calendar day that a driver is not in compliance with the driver standards
7	No more than 1% of calls to the NEMT Call Center are blocked (see Section A.9 of this Attachment)	<p>For the first deficiency: \$5,000 for each full percentage point above 1% per month per line/queue</p> <p>For the second deficiency: \$10,000 for each full percentage point above 1% per month per line/queue</p> <p>For the third and subsequent deficiencies: \$15,000 for each full percentage point above 1% per month per line/queue</p>
8	90% of all calls to the NEMT Call Center are answered by a live voice within thirty (30) seconds (see Section A.9 of this Attachment)	<p>For the first deficiency: \$5,000 for each full percentage point below 90% per month per line/queue</p> <p>For the second deficiency: \$10,000 for each full percentage point below 90% per month per line/queue</p> <p>For the third and subsequent deficiencies: \$15,000 for each full percentage point below 90% per month per line/queue</p>

Amendment 18 (cont.)

No.	PERFORMANCE STANDARD	LIQUIDATED DAMAGE
9	Less than 5% of calls to the NEMT Call Center are abandoned (see Section A.9 of this Attachment)	For the first deficiency: \$5,000 for each full percentage point above 5% per month per line/queue For the second deficiency: \$10,000 for each full percentage point above 5% per month per line/queue For the third and subsequent deficiencies: \$15,000 for each full percentage point above 5% per month per line/queue
10	Average hold time for calls to the NEMT Call Center is no more than 3 minutes (see Section A.9 of this Attachment)	For the first deficiency: \$5,000 for each 10 seconds over 3 minutes per month per line/queue For the second deficiency: \$10,000 for each 10 seconds over 3 minutes per month per line/queue For the third and subsequent deficiencies: \$15,000 for each 10 seconds over 3 minutes per month per line/queue
11	Process 90% of clean NEMT claims within thirty (30) calendar days of the receipt of the claim and process 99.5% of claims within sixty (60) calendar of receipt (see Section A.15.3 and Section A.15.4 of this Attachment)	\$10,000 for each month determined not to be in compliance
12	97% of NEMT claims are paid accurately upon initial submission (see Section A.15.5 of this Attachment)	\$5,000 for each full percentage point accuracy is below 97% for each quarter

AMENDMENT NUMBER 17

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1-3 shall be amended by adding a definition for "Intervention".

Intervention - An action or ministrations that is intended to produce an effect or that is intended to alter the course of a pathologic process.

2. Section 2-1.m shall be deleted and replaced as follows:

- m. Agree to report all provider related data required pursuant to this Agreement to TENNCARE using uniform provider numbers. The uniform numbers to be reported for all providers except pharmacy will be the National Provider Identifier (NPI) Number issued by CMS, where applicable, and the traditional "Medicaid" provider number issued by TENNCARE. Prior to payment of a claim, the MCO shall require that providers that have not been enrolled in the TennCare Program previously as a Medicaid provider or as a provider who currently receives direct payment from TENNCARE (i.e., Medicare cost sharing) contact the Medicaid/TennCare Provider Enrollment Unit and obtain a "Medicaid" provider number. The issuance of a "Medicaid" provider number by TennCare is simply for the purpose of establishing a common provider number for reporting purposes as required by this Section and does not imply that TENNCARE has credentialed the provider or convey any other contractual relationship or any other responsibility with the provider. Pharmacy providers shall use the National Association Board of Pharmacy (NABP) number that has been assigned as well as the NPI number issued by CMS, where applicable. The CONTRACTOR agrees to utilize CMS's newly established NPI numbers for all provider reporting purposes in accordance with timeframes established by CMS, including but not limited to, the development of contingency plans, beginning May 23, 2007 and the implementation of final plans thereafter.

3. Section 2-3.12.3 (c) shall be amended by adding a new sentence to the end of the existing text.

- 2-3.12.3 (c) The individual or her authorized representative, if any, must sign and date a "STATEMENT OF RECEIPT OF INFORMATION CONCERNING HYSTERECTOMY" form, contained in this Agreement as Attachment VII, prior to the hysterectomy. Informed consent must be obtained regardless of diagnosis or age in accordance with Federal requirements. The form shall be available in English and Spanish, and assistance must be provided in completing the form when an alternative form of communication is necessary. See attached form and instructions for additional guidance and exceptions.

Amendment 17 (cont.)

4. Section 2-3.17.7(1) shall be amended by adding a new Section 2-3.17.7(1)d.

d. MCOs must have the ability to conduct EPSDT outreach in formats appropriate to enrollees who are blind, deaf, illiterate or non-English speaking. At least one of the 6 outreach attempts identified above must advise enrollees regarding how to request and/or access such assistance and/or information. The CONTRACTOR shall collaborate with agencies that have established procedures for working with special populations in order to develop effective outreach materials.

5. Section 2-3.17.7 (2) and (3) shall be deleted and replaced as follows:

(2) The CONTRACTOR shall have a written process for following up with members who do not get their screenings timely. The MCO must have a mechanism for maintaining records of efforts made to reach out to children who have missed screening appointments or who have failed to receive regular check-ups. The MCO must make at least one effort each quarter to get such children in for a screening. These efforts are in addition to the efforts described in Section 2-3.17.7(1) above and must be a different written or oral strategy each quarter. It will not be adequate to simply send the same letter four times.

(3) The MCO must have a process for determining if someone eligible for EPSDT has used no services within a year. The MCO must make two reasonable attempts to re-notify such members about EPSDT. One of these attempts can be to refer the member/family to the local health department for a screen. (These two attempts are in addition to the one attempt per quarter mentioned above.)

6. Section 2.3.20 shall be deleted and replaced as follows:

2.3.20 Coordination with the Department of Education

The CONTRACTOR is responsible for the delivery of medically necessary covered services to school-aged children. MCOs are encouraged to work with school-based providers and the Department of Health's Project Teach staff to manage the care of students with special health care needs. The State has implemented a process, referred to as TENNderCARE Connection, to facilitate notification of MCOs when a school-aged child enrolled in TennCare has an Individualized Education Plan (IEP) that identifies a need for medical services. In such cases, the school is responsible for obtaining parental consent to share the IEP with the MCO and for subsequently sending a copy of the parental consent and IEP to the MCO. The school is also responsible for clearly delineating the services on the IEP that the MCOs are to consider for payment. The CONTRACTOR must designate a contact person to whom correspondence concerning children with medical services included in their IEPs will be directed. After receipt of an IEP, the MCO must:

(a) Either accept the IEP as indication of a medical problem and treat the IEP as a request for service authorization and assist, if necessary, in making an appointment to have the child evaluated by the child's PCP or another in-network provider in accordance with the time frames specified in the TennCare Waiver Terms and Conditions for access to care.

(b) Send a copy of the IEP and any related information (e.g. action taken by the MCO in response to receipt of the IEP, action the MCO expects the PCP to take) to the PCP.

(c) Notify the designated school contact of the ultimate disposition of the request (e.g. what services have been approved for the child, what arrangements have been made for service delivery).

7. Section 2-4.1.1 and 2-4.1.2 shall be deleted and replaced as follows:

2-4.1.1. Primary Care Providers (PCPs)

- (a) With the exception of members dually eligible for Medicare and TennCare, the CONTRACTOR shall ensure that each member has an assigned PCP, as defined in Section 1-3, who is responsible for coordinating the covered services provided to the member.
- (b) The CONTRACTOR shall assure that there are PCPs, willing and able to provide the level of care and range of services necessary to meet the medical needs of its members, including those with chronic conditions. There shall be a sufficient number of PCPs who accept new TennCare members within the CONTRACTOR's service area so that the CONTRACTOR meets the Terms and Conditions for Access provided in Attachment III.
- (c) The CONTRACTOR shall offer each member (other than members who are dually eligible for Medicare and TennCare) the opportunity to select a PCP.
- (d) The CONTRACTOR may, at its discretion, allow vulnerable populations (for example, persons with multiple disabilities, acute, or chronic conditions, as determined by the CONTRACTOR) to select their attending specialists as their PCP so long as the specialist is willing to perform responsibilities of a PCP as defined in Section 1-3.
- (e) If a member who is not dually eligible for Medicare and TennCare fails or refuses to select a PCP from those offered within thirty (30) calendar days of enrollment, the CONTRACTOR shall assign a PCP. The CONTRACTOR may assign a PCP in less than thirty (30) calendar days if the CONTRACTOR provides the enrollee an opportunity to change PCPs upon receipt of notice of PCP assignment.
- (f) The CONTRACTOR shall establish policies and procedures to enable members reasonable opportunities to change PCPs. Such policies and procedures may not specify a length of time greater than twelve (12) months between PCP changes under normal circumstances. If the ability to change PCPs is limited, the CONTRACTOR must include provisions for more frequent PCP changes with good cause. The policies and procedures shall include a definition of good cause as well as the procedures to request a change.
- (g) If a member requests assignment to a PCP located outside the distance/time requirements in Attachment III and the CONTRACTOR has PCPs available within the distance/time requirements who accept new members, it shall not be considered a violation of the access requirements for the CONTRACTOR to grant the member's request. However, in such cases the CONTRACTOR shall have no responsibility for providing transportation for the member to access care from this selected provider, and the CONTRACTOR shall notify the member in writing as to whether or not the CONTRACTOR will provide transportation for the member to seek care from the requested provider. In these cases, the CONTRACTOR must allow the member to change assignment to a PCP within the distance/time requirements at any time if the member requests such a change.

2-4.1.2 Specialty Services Providers

- a. Essential Hospital Services and Centers of Excellence
 - (1) The CONTRACTOR shall demonstrate sufficient access to Essential Hospital Services which means that, at a minimum, in each Grand Region served by the CONTRACTOR, the CONTRACTOR shall demonstrate a contractual arrangement with at least one (1) tertiary care center for each of the following:
 - (i) neonatal services;
 - (ii) perinatal services;
 - (iii) pediatric services;

- (iv) trauma services; and
- (v) burn services.

- (2) The CONTRACTOR shall demonstrate sufficient access to comprehensive care for people with HIV/AIDS which means that, at a minimum, in each Grand Region in which the CONTRACTOR operates, the CONTRACTOR shall demonstrate a contractual arrangement with at least two (2) HIV/AIDS Centers of Excellence located within the CONTRACTOR's approved Grand Region(s). HIV/AIDS centers of Excellence are designated by the DOH. The CONTRACTOR shall demonstrate a contractual arrangement with all Centers of Excellence for children in, or at risk of state custody, as identified by TennCare. This minimum requirement is not intended to release the CONTRACTOR from the requirement to provide or arrange for the provision of any covered service required by its enrollees, whether specified above or not.

b. Physician Specialists

The CONTRACTOR shall establish and maintain a network of physician specialist that is adequate and reasonable in number, in specialty type, and in geographic distribution to meet the health care needs of its members (adults and children) without excessive travel requirements. This means that, at a minimum:

- (1) The CONTRACTOR has signed provider agreements with providers of the specialty types listed in Attachment IV who accept new TennCare enrollees and are available on at least a referral basis; and
- (2) The CONTRACTOR is in compliance with the access and availability requirements in Attachments III, and IV.

(c) TENNCARE Monitoring

TENNCARE will monitor CONTRACTOR compliance with specialty network standards on an ongoing basis. TENNCARE will use data from the monthly Provider Enrollment File required in Section 2-10.c.1, to verify compliance with the specialty network requirements. TENNCARE will use these files to confirm the CONTRACTOR has a sufficient number and distribution of physician specialists and in conjunction with MCO enrollment data to calculate member to provider ratios. TENNCARE will also periodically phone providers listed on these reports to confirm that the provider is a contract provider as reported by the CONTRACTOR. TENNCARE shall also monitor appeals data for indications that problems exist with access to specialty providers.

- (1) TENNCARE will require a corrective action plan from the CONTRACTOR when:
 - (i) Twenty-five percent (25%) or more of non-dual members do not have access to one or more of the physician specialties listed in Attachment IV within sixty (60) miles;
 - (ii) Any non-dual member does not have access to one or more of the physician specialties listed in Attachment IV within ninety (90) miles; or
 - (iii) The member to provider ratio exceeds that listed in Attachment IV.
- (2) TENNCARE will review all corrective action plans and determine, based on the actions proposed by the CONTRACTOR, appeals data, and the supply of specialty providers available to non-TennCare members, whether the corrective action plan will be accepted. Corrective action plans shall include, at a minimum, the following:

- (i) The addition of contract providers to the provider network as documented on the provider enrollment file that resolves the specialty network deficiency;
- (ii) A list of providers with name, location, and expected date of provider agreement execution with whom the CONTRACTOR is currently negotiating a provider agreement and, if the provider becomes a contract provider would resolve the specialty network deficiency;
- (iii) For those deficiencies that are not resolved, a detailed account of attempts to secure an agreement with each provider that would resolve the deficiency. This shall include the provider name(s), address(es), date(s) contacted, and a detailed explanation as to why the CONTRACTOR is unable to secure an agreement, e.g., lack of provider willingness to participate in the TennCare program, provider prefers to limit access to practice, or rate requests are inconsistent with TennCare actuarial assumptions;
- (iv) A listing of non-contract providers, including name and location, who are being used to provide the deficient specialty provider services and the rates the CONTRACTOR is currently paying these non-contract providers;
- (iv) Affirmation that transportation will be provided for members to obtain services from providers who are willing to provide services to members but do not meet the specialty network standards;
- (v) Documentation of how these arrangements are communicated to the member; and
- (vi) Documentation of how these arrangements are communicated to the PCPs.

(d) **Weight Watchers**

The CONTRACTOR shall include in its network the Weight Watchers regional center in the Grand Region(s) in which the CONTRACTOR operates.

8. Section 2-6.2.c.2 shall be deleted and replaced as follows:

2-6.2.c.2. Quarterly Newsletters

- (a) **General Newsletter.** The CONTRACTOR shall, at a minimum, distribute on a quarterly basis a newsletter to all enrollees which is intended to educate the enrollee to the managed care system, proper utilization of services, etc., and encourage utilization of preventive care services. The CONTRACTOR shall include the following information in each newsletter:
 - (1) specific articles or other specific information as described when requested by TENNCARE. Such requests by TENNCARE shall be limited to two hundred (200) words and shall be reasonable including sufficient notification of information to be included; and
 - (2) the procedure on how to obtain information in alternative formats or how to access interpretation services as well as a statement that interpretation and translation services are free;
 - (3) a notice to enrollees of the right to file a complaint, as is provided for by Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, the Omnibus Budget Reconciliation Act of 1981 (P.E.. 97-35), and a Contractor phone number for doing so. The notice shall be in English and Spanish;

- (4) for TennCare enrollees, EPSDT information, including but not limited to, encouragement to obtain screenings and other preventive care services;
 - (5) member services toll free telephone numbers; including the TennCare Hotline, the CONTRACTOR's customer service line and the CONTRACTOR's 24/7 Nurse Triage Line as well as the service/information that may be obtained from each line; and
 - (6) the following information to report fraud: "To report fraud or abuse to OIG: You can call free 1-800-433-3982 OR Go online at www.state.tn.us/tennCare and click on "Report Fraud." To report provider fraud or patient abuse to MFCU, call free 1-800-433-5454."
- (b) Teen/Adolescent Newsletter. The CONTRACTOR shall, at a minimum, distribute on a quarterly basis a newsletter to all enrollees between the ages of 15 and 20 which is intended to educate the enrollee to the managed care system, proper utilization of services, etc., with an emphasis on the encouragement to utilize TENNderCare services.

The Teen/Adolescent Newsletter shall be a product of the MCO Adolescent Well-Care Collaborative. The MCOs will agree on five required topics to include in each newsletter. MCOs may include additional articles at their discretion; no deviation from the five agreed upon articles will be allowed unless approved by TENNCARE.

The CONTRACTOR shall include the following information in each newsletter:

- (a) Five teen/adolescent specific articles as agreed upon by the MCO Adolescent Well Care Collaborative; and
- (b) The procedure on how to obtain information in alternative formats or how to access interpretation services as well as a statement that interpretation and translation services are free; and
- (c) TENNderCare information, including but not limited to, encouragement to obtain screenings and other preventive care services.

In order to satisfy the requirement to distribute the quarterly newsletters to all enrollees, it shall be acceptable to mail one (1) quarterly newsletter to each address associated with the enrollee's TennCare case number. In addition to the prior authorization requirement regarding dissemination of materials to enrollees, the CONTRACTOR shall also submit to TENNCARE, five (5) final printed originals, unless otherwise specified by TENNCARE, of the newsletters and documentation from the MCO's mail room or outside vendor indicating that the newsletters were mailed within the calendar quarter, the quantity, and the date mailed, to TennCare as proof of compliance by the 30th of the month following each quarter in accordance with the reporting schedules as described in Section 6-8 of this Agreement.

9. Section 2-7.1.b shall be amended by deleting and replacing "Monitoring of outcomes." In Section 2-7.1.b(1)(e) with "Program Evaluation." and adding a new Section 2-7.1.b (7) and (8) which shall read as follows:

b. MCO Case Management

- (1) The CONTRACTOR shall maintain an MCO case management program that includes the following components:
 - (a) A systematic approach to identify eligible members;
 - (b) Assessment of member needs;
 - (c) Development of an individualized plan of care;
 - (d) Implementation of the plan of care, including coordination of care that actively links the member to providers and support services; and
 - (e) Program Evaluation.

- (7) The CONTRACTOR shall submit a quarterly case management report in a format prescribed by TENNCARE. Enrollees who are enrolled in Disease Management need not be included in this report unless they are also receiving case management services.
- (8) By August 15, 2007, the CONTRACTOR will submit a report to TENNCARE describing the CONTRACTOR's case management services. The report will include a description of the criteria and process the CONTRACTOR uses to identify members for case management, the process the CONTRACTOR uses to inform members and providers of the availability of case management, a description of the case management services provided by the CONTRACTOR and the methods used by the CONTRACTOR to evaluate its case management program. Annually thereafter, the CONTRACTOR shall submit a report outlining any changes to the case management program, along with justification for such changes. These reports should only contain case management activity.

10. Section 2-7.1.e shall be deleted and replaced as follows:

2-7.1.e Excessive and/or Inappropriate Emergency Department (ED) Utilization. The CONTRACTOR shall utilize the following guidelines in identifying and managing care for enrollees who are determined to have excessive and/or inappropriate ED utilization.

- (1) Review ED utilization data, at a minimum, every six (6) months (in January and July) to identify enrollees with utilization exceeding a threshold defined by TENNCARE in the preceding six (6) month period. In January, review ED utilization during the preceding April through September. In July review ED utilization during the preceding October through March. A report shall be submitted to TENNCARE no later than February 28th and August 31st each year identifying enrollees who exceeded the defined threshold for ED usage and specifying the interventions initiated for each enrollee.
- (2) Enroll in active case management – (Enrollees who exceed a specified number, to be defined by TENNCARE, of ED visits in the previous six (6) month period)
- (3) Make contact with enrollee and primary care provider
- (4) Review encounter data
- (5) Assess most likely cause of problem (e.g., drug seeking behavior, primary care/access problem, poorly controlled disease state, etc.)
- (6) Develop a case management plan based on results of the assessment. Sample plans based on potential assessment results follow:
 - (a) Drug seeking behavior
 - i. Interact with TennCare Pharmacy Division regarding possibility of pharmacy lock-in and/or controlled substance prior authorization requirement
 - ii. Contact all providers regarding concern that patient may be abusing prescription medications
 - iii. Make appropriate referrals (e.g., OIG, Pain clinic, Substance abuse treatment program, etc.)
 - iv. Consider primary care provider lock-in (i.e. patient must have PCP approval before he/she can access other providers)
 - (b) Primary Care /Access Problem
 - i. Change PCP and/or address problem with current PCP
 - ii. Provide enrollee education regarding appropriate use of PCP and ED
 - iii. Provide access to a 1-800 customer service line for assistance identifying and selecting a PCP and to the extent necessary, assistance scheduling an appointment with PCP
 - (c) Poorly controlled disease
 - i. Enroll in disease management
 - ii. Refer to specialist for management – advise PCP
 - iii. Provide access to 1-800 24/7 nurse answered line capable of providing health information/education to patients; healthcare counseling/telephone triage to assess health status to steer patients to the appropriate level of care. The 24/7

Nurse Triage line shall assure effective patient management by avoiding over-utilization in inappropriate settings.

- (7) Any blanket policy to deny payment for specified "non-emergency" services in the ED based on diagnoses must be accompanied by the following guidelines.
- (1) Clear communication to all hospitals/EDs regarding the diagnoses that are and are not considered emergencies;
 - (2) A process whereby the hospital could demonstrate that a condition on the list did, in fact, represent an emergency;
 - (3) Clear communication to all hospitals/EDs regarding the mechanism to bill for the EMTALA required screen associated with any non-emergency diagnoses;
 - (4) Payment for the EMTALA screens associated with any non-emergency diagnosis, and
 - (5) A specific process that the MCO shares with all hospitals/EDs by which the ED can contact the MCO 24/7 to refer an enrollee with one of the non-emergency diagnoses to the MCO for assistance in arranging for care in an alternative setting, when such assistance is requested by the member.
 - (8) For hospitals that have elected to refer patients with non-urgent/emergent conditions to alternative settings for treatment, the MCO must have a specific process in place whereby the ED can contact the MCO 24/7 via a toll free phone line to obtain assistance for enrollees with non-urgent/emergent conditions who do not require inpatient admission and who are requesting assistance in scheduling an appointment in an alternate treatment setting. The CONTRACTOR may use the 24/7 Nurse Triage line described at Section 2-9.3.8 of this Agreement for this purpose or may use another line the CONTRACTOR designates. By August 1, 2007, the CONTRACTOR must submit a written report to TENNCARE providing the telephone number that will be used for such scheduling assistance and describing the process the CONTRACTOR will use to assure all requests are responded to appropriately, including a description of the training provided to staff answering the 24/7 scheduling assistance line. (9) If the CONTRACTOR chooses to implement a blanket policy as identified in subsection (7) above, failure to comply with the ED guidelines as described therein may result in liquidated damages as described in Section 6-8.b.2 of this Agreement.
 - (10) The CONTRACTOR shall track and report on a quarterly basis, the total number of calls received pertaining to patients in EDs needing assistance in accessing care in an alternative setting. Such report will include the date and time of the call, identifying information for the enrollee, the name and location of the hospital, the ultimate response to the call (e.g. appointment made with PCP) and the elapsed time from ED visit until appointment in alternative setting. If the CONTRACTOR uses the Nurse Triage line to provide appointment assistance to non-emergency ED patients, the aforementioned information may be provided in conjunction with the report discussed at Section 2-9.3.8 of this Agreement.

11. Section 2-7.1.f(5) shall be deleted and replaced as follows:

(5) CONTRACTOR's Program Description

The CONTRACTOR shall submit a description of its Disease Management Program on an annual basis in accordance with Section 2-10.13.7(b).

12. Section 2-7.1.f(8) shall be deleted and replaced as follows:

(8) Program Evaluation (Satisfaction and Effectiveness)

The CONTRACTOR shall evaluate member satisfaction with the DM services (as described by NCQA) by systematically analyzing feedback from members and analyzing member complaints and inquiries at least annually. The feedback on satisfaction must be specific to DM programs. A written summary, of member satisfaction with the DM program, shall be included in the annual DM report.

The CONTRACTOR shall establish measurable benchmarks and goals for each DM program and shall evaluate the programs using these benchmarks and goals. These benchmarks and goals shall be specific to each condition but should include the following information. This information shall be reported to TENNCARE annually on July 1st in accordance with Section 2-10.13.7.

1. The total number of active enrollees having one or more of the diagnosis codes (ICD-9 Codes) relating to each of the required DM programs;
2. The passive participation rate (as defined by NCQA) for each of the required DM programs, including the numerator and denominator used in calculating the rate
3. The number of individuals participating in each level or stratification of each of the DM programs;
4. Performance measured against at least two important aspects of the clinical practice guidelines associated with each DM program;
5. The rate of emergency department utilization and inpatient hospitalization for members with diabetes, asthma and congestive heart failure (rate calculations must be shown);
6. Neonatal Intensive Care Unit (NICU) days for births associated with members enrolled in the Maternity Management Program;
7. HEDIS measures related to any of the four DM projects;
8. Member adherence to treatment plans;
9. Provider adherence to the guidelines; and
10. Any other performance measure associated with any of the four DM programs that the MCO has chosen to track.

13. Section 2-7.1.g shall be deleted and replaced as follows:

- g. Disease Management for Obesity. In addition to the aforementioned disease management requirements, the CONTRACTOR shall have a DM program for obesity that is provided as a cost effective alternative service (see Section 2-3.10). This DM program shall, at a minimum, fulfill all requirements related to the TennCare Partnership with Weight Watchers program. This means that, at a minimum, the CONTRACTOR shall have provider agreements with the appropriate Weight Watchers regional center(s); educate its contract providers about the program to ensure they make appropriate referrals for members; and process claims according to the requirements in Section 2-9.12.

14. Section 2-9.3.8 shall be amended by adding additional text to the end of existing text.

- 2-9.3.8. The CONTRACTOR shall maintain a 1-800 Nurse Triage line that shall be available to members 24 hours a day, seven days a week. The 24/7 Nurse Triage line service shall provide health information/education to patients; healthcare counseling/telephone triage to assess health status in order to steer patients to the appropriate level of care. The 24/7 Nurse Triage line shall assure effective patient management by avoiding over-utilization in inappropriate settings. The CONTRACTOR shall include information on the Nurse Triage line, including the telephone number and the services/information available by calling the line, in the member handbook and in quarterly member newsletters. The CONTRACTOR shall track and report on a quarterly basis total calls received by the 24/7 Nurse Triage line including the ultimate disposition of the call (e.g. education only, no referral for care; referred to primary care provider for care, referred to emergency department for care). If the CONTRACTOR uses the 24/7 nurse line to fulfill the requirements set forth in Section 2-7.1.e (8) of this Agreement, such calls must be separately delineated in the report in accordance with the requirements described in Section 2-7.1.e (10) of this Agreement.

15. Section 2-9.8.2 and 2-9.8.3 and 2-9.8.7 shall be deleted and replaced as follows:

2-9.8.2. Clinical and Service Quality Improvement/Performance Improvement Activities

The CONTRACTOR shall perform three (3) clinical and two (2) service quality improvement activities relevant to the enrollee population. These Quality Improvement Activities may be used to meet NCQA

requirements if applicable. Two of the three clinical activities shall be determined by TENNCARE. The TENNCARE selected clinical quality improvement activity topics are diabetes and maternity management. The following must be documented for each activity and CMS protocols for performance improvements projects (PIPs) must be met:

- Rationale for selection as a quality improvement activity
- Specific population targeted, include sampling methodology if relevant
- Metrics to determine meaningful improvement and baseline measurement
- Specific interventions (enrollee and provider)
- Relevant clinical practice guidelines
- Date of re-measurement

The CONTRACTOR shall electronically submit Quality Improvement Activity Forms as required by NCQA. These forms are available at www.NCQA.org.

2-9.8.3. Clinical Practice Guidelines

The CONTRACTOR shall select at least four (4) evidence-based clinical practice guidelines from recognized sources that are relevant to the enrollee population. Guidelines must be distributed to all appropriate providers. The MCO shall measure performance against at least two (2) important aspects of each of the four (4) clinical practice guidelines annually. The guidelines must be reviewed and any revisions distributed to appropriate providers at least every two (2) years or whenever national guidelines change. The CONTRACTOR must submit the names of the clinical guidelines (ADA, AMA, etc.) along with a report on the results of performance measures utilized for each.

2-9.8.7 NCQA Accreditation

NCQA Accreditation must be achieved by December 31, 2006 and maintained thereafter. In order to assure that the CONTRACTOR is making forward progress, TENNCARE shall require the following information and/or benchmarks be met:

EVENT	REQUIRED DEADLINE
CALENDAR YEAR 2005	
Submit preliminary HEDIS data to EQRO as required by the CRA	July 1, 2005
Submit locked DST to NCQA	July 15, 2005
Purchase NCQA ISS Tool for 2006 MCO Accreditation Survey	August 1, 2005
Utilize the NCQA approved Quality Improvement Activity Form to submit baseline data, barrier analysis, and planned interventions for three (3) Clinical and two (2) Service Improvement Studies selected by MCO.	September 15, 2005
NCQA Accreditation Survey Application Submitted and Pre Survey Fee paid	November 15, 2005
Copy of signed contract with NCQA approved vendor to perform 2006 CAHPS Survey to TENNCARE	November 15, 2005
Copy of signed contract with NCQA approved vendor to perform 2006 HEDIS Audit to TENNCARE	November 15, 2005
Submit copy of signed NCQA Survey Contract to TENNCARE	December 15, 2005
Notify TennCare of date for ISS Submission and NCQA Onsite review	December 31, 2005
CALENDAR YEAR 2006	
HEDIS Baseline Assessment Tool completed and submitted to Contracted HEDIS Auditor and TennCare	February 15, 2006
Audited Medicaid HEDIS and CAHPS results submitted to NCQA and TennCare	June 15, 2006
Finalize preparations for NCQA Survey (final payment must be submitted to NCQA 60 days prior to submission of ISS.	July 1 – September 15, 2006
Submit ISS to NCQA	No later than

Amendment 17 (cont.)

	September 18, 2006
NCQA Survey Completed and copy of NCQA Final Report to TennCare:	December 31, 2006
<ul style="list-style-type: none"> • Excellent, Commendable, or Accredited • Provisional – Corrective Action required to achieve status of Excellent, Commendable, or Accredited; resurvey within 12 months. Plan of Corrective Action addressing deficiencies noted by NCQA to TennCare within thirty (30) days of receipt of Final Report from NCQA. Provisional status may result in the assessment of liquidated damages or termination of this Agreement. • Accreditation Denied – Results in termination of this Agreement 	
CALENDAR YEAR 2007	
Complete NCQA Reconsideration Process (if necessary)	January 1, 2007- March 30, 2007
Complete Provisional NCQA Accreditation Resurvey NOTE: Provisional NCQA Accreditation may result in the assessment of liquidated damages or termination of this Agreement	December 31, 2007
Maintain NCQA Accreditation	On-going
Audited Medicaid HEDIS and CAHPS results submitted to NCQA and TennCare	June 15, 2007
Notify TENNCARE of any revision to accreditation status based HEDIS score	Annually immediately upon notification by NCQA
CALENDAR YEAR 2008	
Maintain NCQA Accreditation	On-going
Audited Medicaid HEDIS and CAHPS* results submitted to NCQA and TennCare and the EQRO	June 15, 2008
Notify TENNCARE of any revision to accreditation status based HEDIS score	Annually immediately upon notification by NCQA

* Annually, the CONTRACTOR shall conduct a CAHPS survey. The CONTRACTOR shall enter into an agreement with a vendor that is certified by NCQA to perform CAHPS surveys. The CONTRACTOR's vendor shall perform the CAHPS adult survey, CAHPS child survey and the CAHPS children with chronic conditions survey. Survey results shall be reported to TennCare, separately for each required CAHPS survey

The CONTRACTOR may obtain additional payments for the successful achievement of NCQA Accreditation as described in Section 5-1.h of this Agreement.

If the CONTRACTOR consistently fails to meet the timelines as described above, the CONTRACTOR shall be considered to be in breach of the terms of this Agreement and may be subject to termination in accordance with Section 6-2.2 of this Agreement. Further, failure to achieve specified benchmarks or reporting requirements, as described in Section 6-8.2.2 shall result in damages as described therein.

Failure to obtain NCQA Accreditation by December 31, 2006 and maintain Accreditation thereafter, shall be considered a breach of this Agreement and shall result in termination of this Agreement in accordance with the terms set forth in Section 6-2.2 of this Agreement. Achievement of Provisional accreditation status shall require a corrective action plan and may result in termination of this Agreement.

Following accreditation or re-accreditation, the CONTRACTOR must submit a copy of the bound report from NCQA" within 10 days of receipt of the report. The report from the accreditation process conducted in 2006 will be within 10 days of signature of this Agreement or within 10 days of receipt from NCQA which ever occurs later.

16. Section 2-9.13.6(c)(3) shall be amended by adding additional text as follows:

- (3) Emergency Room Utilization. The CONTRACTOR shall maintain a procedure to identify and evaluate enrollee emergency room utilization by PCP panel and provide a report to TENNCARE as described in Section 2-10.14.2 of this Agreement. Individual enrollees who establish a pattern of accessing emergency room services should be room services should be referred to case management for follow-up.

17. Section 2-10.3.1 shall be amended by adding additional text as follows:

2-10.3.1. Monthly Provider Enrollment File

The CONTRACTOR shall furnish to TENNCARE at the beginning of the Agreement period an electronic report in the format specified by TENNCARE listing all providers enrolled in the TennCare plan, including but not limited to, physicians, dentists, hospitals, home health agencies, pharmacies, medical vendors, ambulance, etc. This listing shall include regularly enrolled providers, specialty or referral providers and any other provider, which may be enrolled for purposes of payment for services provided out-of-plan. The minimum data elements required for all provider listings required in this Section may be found in Attachment XII, Exhibit C of this Agreement. The CONTRACTOR shall be required to inquire as to the provider's race and/or national origin and shall report to TENNCARE the information, if any, furnished by the provider in response to such an inquiry. The CONTRACTOR shall be prohibited from requiring the provider to declare race and/or national origin and shall not utilize information regarding race or national origin obtained pursuant to such request as a basis for decisions regarding participation in the CONTRACTOR's provider network or in determination of compensation amounts.

Thereafter, a complete electronic provider replacement file (full file refresh) shall be submitted on a monthly basis by the 5th of each month. This information shall be used to determine CONTRACTOR compliance with network adequacy standards and shall be used in conjunction with encounter data.

Each provider shall be identified by a Tennessee Medicaid I.D. number (i.e., each servicing provider in a group or clinic practice must be identified by a separate provider number) as well as the National Provider Identifier (NPI) Number, effective May 23, 2007. These unique identifiers shall appear on all encounter data transmittals.

Within ten (10) working days of a request by TENNCARE, the CONTRACTOR shall provide an unduplicated listing of all contracting providers, in a format designated by TENNCARE.

Failure to report the provider information, as specified above, shall result in the application of liquidated damages as described in Section 6-8.2 of this Agreement.

18. Section 2-10.5.4 shall be deleted in its entirety.

19. Section 2-10.10.7 shall be amended by adding additional text as follows:

2-10.10.7 High-Cost Claimants

The CONTRACTOR shall identify and report to TennCare the number of enrollees who incurred claims in excess of twenty-five thousand dollars (\$25,000) on a rolling quarterly basis. The CONTRACTOR shall report the enrollee's age, sex, primary diagnosis, and amount paid by claim type for each enrollee. The name, and other identifying information of the member shall be blinded in order to maintain confidentiality.

Amendment 17 (cont.)

20. Section 2-10.13.3 shall be deleted and replaced as follows:

2-10.13.3. PCP Assignment

The CONTRACTOR shall submit a quarterly report to TENNCARE by PCP that shall include the following information for non-dual populations: Provider Name, Provider Medicaid I.D. Number, NPI Number, Number of Enrollees assigned by Enrollee Age Category. The enrollee age categories shall be consistent with the following; Age Under 1, Age 1 – 13, Age 14 – 20, Age 21- 44, Age 45 – 64, Age 65 +.

21. Section 2-10.13.7 shall be deleted and replaced as follows:

2-10.13.7. Disease Management Evaluation

- (a) The CONTRACTOR shall submit a quarterly *Disease Management Update Report* that includes, for each disease management program as described in Section 2-7.1.f, a brief narrative description of the program, the total number of members in the program, the total number of members enrolled and disenrolled during the quarter, and a description of the specific provider and member interventions performed during the quarter. The report shall be submitted in a format prescribed by TENNCARE.
- (b) Annually on July 1st, the CONTRACTOR shall submit a *Disease Management Report* that includes, the following:
 - (1) Definition of target population (eligibility criteria) for each program and the method used to identify and enroll members including frequency of systematic identification process;
 - (2) Written description of the stratification levels for each of the four (4) programs , including member criteria and associated interventions;
 - (3) Information specified in 2-7.1.f (7);
 - (4) Written analysis of data presented;
 - (5) Discussion of barriers and challenges to include resources, program structure, member involvement and provider participation;
 - (6) Summary of member satisfaction with the DM program; and
 - (7) Description of proposed changes to program based on evaluation.

22. Section 2-10.13. shall be amended by adding a new Section 2-10.13.9 which shall read as follows:

2-10.13(9) Case Management Reporting

- (1) The CONTRACTOR shall submit a quarterly case management report in a format prescribed by TENNCARE. Enrollees who are enrolled in Disease Management need not be included in this report unless they are also receiving case management services.
- (2) By August 15, 2007, the CONTRACTOR will submit a report to TENNCARE describing the CONTRACTOR's case management services. The report will include a description of the criteria and process the CONTRACTOR uses to identify members for case management, the process the CONTRACTOR uses to inform members and providers of the availability of case management, a description of the case management services provided by the CONTRACTOR and the methods used by the CONTRACTOR to evaluate its case management program. Annually thereafter, the

Amendment 17 (cont.)

CONTRACTOR shall submit a report outlining any changes to the case management program, along with justification for such changes. These reports should only contain case management activity.

23. Section 2-10.14.2 shall be deleted and replaced as follows:

2-10.14.2 Emergency Room Utilization

As specified in Sections 2-7.1.e and 2-9.4, the CONTRACTOR shall maintain a procedure to identify enrollees by PCP panel who establish a pattern of use of the emergency room and shall submit the following reports regarding Emergency Room/Emergency Department Utilization.

- (a) The CONTRACTOR shall submit a monthly report by PCP that includes the following information: Provider Name, Provider Medicaid I.D. Number, NPI Number, Provider Specialty, Number of Members assigned, and Number of ER Visits. This report shall include a rolling twelve (12) months which shall be refreshed on a monthly basis and submitted with a thirty (30) day lag. Each monthly report is due to TENNCARE by the 5th calendar day of the following month.
- (b) In accordance with Section 2-7.1.e, the CONTRACTOR shall submit to TENNCARE the following Emergency Department Utilization Reports:
 - (1) No later than February 28th and August 31st each year, submit a report identifying enrollees who exceeded the defined threshold for ED usage and specifying the interventions initiated for each enrollee.
 - (2) By August 1, 2007, the CONTRACTOR must submit a written report to TENNCARE providing the telephone number that will be used for such scheduling assistance and describing the process the CONTRACTOR will use to assure all requests are responded to appropriately, including a description of the training provided to staff answering the 24/7 scheduling assistance line.
 - (3) On a quarterly basis, the CONTRACTOR shall report the total number of calls received pertaining to patients in EDs needing assistance in accessing care in an alternative setting. Such report will include the date and time of the call, identifying information for the enrollee, the name and location of the hospital, the ultimate response to the call (e.g. appointment made with PCP) and the elapsed time from ED visit until appointment in alternative setting. If the CONTRACTOR uses the Nurse Triage line to provide appointment assistance to non-emergency ED patients, the aforementioned information may be provided in conjunction with the report discussed at Section 2-9.3.8 of this Agreement.

24. Section 2-10.14 shall be amended by adding a new 2-10.14.4 which shall read as follows:

2-10.14.4 24/7 Nurse Triage Call Line

In accordance with Section 2-9.3.8 of this Agreement, the CONTRACTOR shall track and report on a quarterly basis total calls received by the 24/7 Nurse Triage line including the ultimate disposition of the call (e.g. education only, no referral for care; referred to primary care provider for care, referred to emergency department for care). If the CONTRACTOR uses the 24/7 nurse line to fulfill the requirements set forth in Section 2-7.1.e (8) of this Agreement, such calls must be separately delineated in the report in accordance with the requirements described in Section 2-7.1.e (10) of this Agreement.

25. Section 2-28.b and 2-28.c shall be deleted and replaced as follows:

- b. Community Health Record Deliverables. Effective July 1, 2005, version 1.0 of the CHR shall be available to TENNCARE for VSHP contracted providers and all enrollees assigned to BlueCare/TennCare Select.

Enrollees may opt out in which case the enrollee's information will be omitted from view through the CHR. The CHR shall include the following enrollee information:

- Patient Demographics
- Primary Care Physicians (PCPs) identified
- Claimed visit information from claims detail
- Medication information from claims detail
- State immunization information
- Laboratory results and/or Laboratory data information from claims detail
- Interactivity by the provider through EPSDT (TenderCare) documentation to include 16 age specific forms complying with current periodicity

c. Community Health Record Electronic Prescribing Function

Beginning no later than October 31, 2005, as a component of the Community Health Record function of TennCare Select, the Contractor shall begin making available to VSHP contracted providers the following electronic prescribing functionality to allow for prescribing medications:

- Eligibility
- Formulary information
- Drug to drug compatibility
- Drug to allergy checking
- Dose range checking based on predetermined characteristics including age, height, weight and additional attributes
- Member and provider education as regards co-pays and total costs differentials for brand names versus generic utilization
- Appropriate therapeutic substitution
- Step care progression relevant to clinical process

Effective no later than September 1, 2006, VSHP began making available the current version of the Community Health Connection to all TennCare providers for the entire TennCare population, with the exception of enrollees who opt out, not to exceed 1.3 million members. In addition, VSHP commenced comprehensive communication, marketing and outreach programs to providers to maximize the number of providers who utilize the Shared Health System. VSHP initially targeted a 10% provider adoption rate by TennCare providers no later than nine (9) months following the implementation of all TennCare enrollees of 3rd Quarter 2006; 16% in Year 2 and 25% in Year 3.

Further requirements, including but not limited to, timeframes and procedural requirements are provided for in the Memorandum of Understanding (MOU) between the State, VSHP and Shared Health. Said requirements, guidelines and expectations, including but not limited to liquidated damages, are incorporated by reference, as though copied verbatim, herein.

26. Section 4-1.1.n shall be amended by adding new text in the last paragraph so that the amended Section 4-1.1.n shall read as follows:

- n. It is the intent and policy of TENNCARE that TennCare-eligible newborn children and their TennCare eligible mothers, be enrolled in the same MCO. This policy is only applicable to Group 6 enrollees. Enrollment of the newborn child in the same plan as its Mother facilitates coverage and payment of the costs associated with delivery, facilitates coverage and payment of the newborn services provided after birth of the child but prior to establishment of individual TennCare eligibility for the child and provides a financial incentive to the CONTRACTOR to promote prenatal care as a means to reduce the risks of a complicated and more costly pregnancy and/or delivery.

It is recognized by TENNCARE and the CONTRACTOR that despite the best efforts of TENNCARE to assure enrollment of a newborn in the same plan as its Mother, due to the various means of enrollment in

the TennCare program, a newborn child may be inadvertently enrolled in a plan different than its Mother. When such cases are identified by the CONTRACTOR, the CONTRACTOR shall immediately report to TENNCARE, in accordance with written procedures provided by TENNCARE, that a newborn child has been incorrectly enrolled in a plan different than its Mother. Upon receipt of such notice from a CONTRACTOR or discovery by TENNCARE that a newborn has been incorrectly enrolled in a plan different than its Mother, TENNCARE shall immediately:

- (1) Disenroll the newborn from the incorrect plan;
- (2) Recoup any payments made to the CONTRACTOR for the newborn;
- (3) Enroll the newborn in the same plan as its Mother with the same effective date as when the newborn child was enrolled in the incorrect plan; and
- (4) Make payments to the correct plan for the period of coverage.

The plan in which the newborn child is correctly enrolled shall be responsible for the coverage and payment of TennCare-covered services provided to the newborn child for the full period of eligibility. The plan in which the newborn child was incorrectly enrolled shall have no liability for the coverage or payment of any TennCare-covered services provided, except as described below, during the period of incorrect plan assignment and TENNCARE shall have no liability for payments to the CONTRACTOR in these cases.

There are circumstances in which a newborn child's Mother may not be eligible for participation in the TennCare program. The CONTRACTOR shall be required to process claims received for services provided to newborn children within the time frames specified in Section 2-9.7 of this Agreement. The CONTRACTOR shall not utilize any blanket policy which results in the automatic denial of claims for services provided to a TennCare-eligible newborn child, during any period of enrollment in the CONTRACTOR's plan, because the child's Mother is not a member of the CONTRACTOR's plan. However, it is recognized that in complying with the claims processing time frames specified in Section 2-9.7 of this Agreement, the CONTRACTOR may make payment for services provided to a TennCare-eligible newborn child enrolled in the CONTRACTOR's plan at the time of payment but the child's eligibility may subsequently be moved to another contractor's plan. In such event, the CONTRACTOR in which the newborn child is first enrolled (first plan) may submit supporting documentation to the contractor's plan in which the newborn child is moved (second plan) and the second plan shall reimburse the first plan within thirty (30) days of receipt of such properly documented request for reimbursement, for the amount expended on behalf of the child prior to the child's eligibility having been moved to the second plan. Such reimbursement shall be the actual amount expended by the CONTRACTOR and shall be used to reduce the amount of funds requested from the State in the weekly remittance request. In the event the CONTRACTOR is the second plan (i.e. the plan to which the newborn child is moved), should the CONTRACTOR fail to reimburse the first plan the actual amount expended on behalf of the newborn child within thirty (30) days of receipt of a properly documented request for payment, TENNCARE is authorized to reimburse the first plan. In the event that the CONTRACTOR fails to reimburse the first MCO the actual amount expended on behalf of the newborn within thirty (30) calendar days of receipt of a properly documented request for payment, TENNCARE may assess liquidated damages as specified in Section 6-8.b.2.

27. Section 5-1.i and j. shall be deleted and replaced as follows:

- i. Effective July 1, 2005 through August 31, 2006, VSHP shall provide all services required to maintain the CHR, EPSDT documentation and reporting analytics as related to said CHR as defined above, at no additional charge to the TennCare Bureau. Effective July 1, 2006 through June 30, 2007, VSHP shall be reimbursed an administration fee for maintaining and providing the CHR of \$1.20 PMPM for enrollees participating in the CHR.. TENNCARE shall not reimburse the additional \$1.20 PMPM for enrollees who opt out and are omitted from the CHR. Upon sixty (60) calendar days prior written notice, the State may terminate the services to be provided under this section of this agreement with or without cause, and/or for convenience. Upon provision of said notice and at the conclusion of the sixty (60) calendar day notice period VSHP's obligation to provide necessary services to maintain the CHR will end and the State shall have no further obligation to reimburse the \$1.20 PMPM administration fee. Effective July 1, 2007, the

administration fee for providing the CHR shall be set forth in the Memorandum of Understanding (MOU) between the State, VSHP and Shared Health.

j. Pay-for-Performance Quality Incentive

On July 1, 2007 the CONTRACTOR will be eligible for an additional \$0.03 pmpm, applied to member months from the period of July 1, 2006 to December 31, 2006, if their HEDIS 2007 HbA1C testing rate demonstrates significant improvement when compared to the MCO's 2006 HEDIS HbA1C testing rate. Significant improvement is defined using NCQA's minimum effect size change methodology and is illustrated in the following table where the CONTRACTOR's 2006 HEDIS HbA1C testing rate represents the baseline.

NCQA Minimum Effect Size Change Requirements:

Baseline Rate	Minimum Effect Size
0-59	At least a 6 percentage point change
60-74	At least a 5 percentage point change
75-84	At least a 4 percentage point change
85-92	At least a 3 percentage point change
93-96	At least a 2 percentage point change
97-99	At least a 1 percentage point change

In addition, on July 1, 2007, the CONTRACTOR will be eligible for another \$0.03 pmpm applied to member months from the period of July 1, 2006 – December 31, 2006. This additional payment will be made if the CONTRACTOR's 2007 HEDIS Prenatal Care rate demonstrates significant improvement when compared to the MCO's 2006 HEDIS Prenatal Care rate. Significant improvement is defined using NCQA's minimum effect size change methodology and is illustrated in the table above where the MCO's 2006 HEDIS Prenatal Care rate represents the baseline.

On December 31, 2007, the CONTRACTOR will be eligible for an additional \$0.03 pmpm applied to member months from January 1, 2007 – June 30, 2007 if the ED visit rate per 1000 for asthma has decreased by at least 5%. The time period for comparison will be January 1, 2007 – June 30, 2007 compared to a baseline represented by January 1, 2006, - June 30, 2006. Dual eligibles will be excluded from the rate numerator and denominator. Per methodology developed by the Bureau, only ED visits with asthma as a primary diagnosis will be included in the rate numerator. The rate denominator will include individuals with asthma in any diagnosis field on any claim. Only individuals with continuous eligibility will be included in this calculation.

In addition, on December 31, 2007, the CONTRACTOR will be eligible for an another \$0.03 pmpm applied to member months from January 1, 2007 – June 30, 2007 if the ED visit rate per 1000 for congestive heart failure has decreased by at least 5%. The time period for comparison will be January 1, 2007 – June 30, 2007 compared to a baseline represented by January 1, 2006, - June 30, 2006. Dual eligibles will be excluded from the rate numerator and denominator. Per methodology developed by the Bureau, only ED visits with congestive heart failure as a primary diagnosis will be included in the rate numerator. The rate denominator will include individuals with congestive heart failure in any diagnosis field on any claim. Only individuals with continuous eligibility will be included in this calculation.

On July 1, 2008, the CONTRACTOR will be eligible for a \$0.03 pmpm payment, applied to member months from the period January 1, 2007 to December 31, 2007, for each of the following 2008 HEDIS or CAHPS measures for which significant improvement has been demonstrated. Significant improvement is defined using NCQA's minimum effect size change methodology, where the applicable 2007 HEDIS or CAHPS score serves as the baseline.

- HbA1C Testing
- Controlling High Blood Pressure
- Timeliness of Prenatal Care
- Postpartum Care
- Adolescent Immunizations (combo2)
- Childhood Immunizations (combo 2)
- Cervical Cancer Screening

28. The Liquidated Damages Chart in Section 6-8.2.2 shall be amended by adding a new C.4 which shall read as follows:

C.4	Failure to reimburse the first MCO within thirty (30) calendar days of receipt of a properly documented request for a misaligned newborn in accordance with Section 4-1.1.n		\$1000.00 per day for each day beyond thirty (30) calendar days of receipt of a properly documented request in addition to a one time assessment of \$5,000 per occurrence
-----	---	--	--

29. Section 6-27 shall be deleted and replaced as follows:

6-27 Contract Term of The Agreement

This Agreement and its incorporated attachments, if any, as well as all Amendments to this Agreement, contain all of the terms and conditions agreed upon by the parties, and when executed by all parties, supersedes any prior agreements. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall be in effect from July 1, 2001, subject to approval by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services. The term of this Agreement shall expire on June 30, 2008. At the mutual agreement of TennCare and the CONTRACTOR, this CONTRACT shall be renewable for an additional twelve month period.

Notwithstanding any provision herein to the contrary, the State may terminate this Agreement if the waiver governing TennCare is terminated. The documents referenced in the Agreement are on file with the CONTRACTOR and with TENNCARE and the CONTRACTOR is aware of their content. No other agreement, oral or otherwise regarding the subject matter of this Agreement, shall be deemed to exist or to bind any of the parties hereto.

30. ATTACHMENT IV shall be deleted and replaced in its entirety and shall read as follows:

ATTACHMENT IV SPECIALTY NETWORK STANDARDS

The CONTRACTOR shall adhere to the following specialty network requirements to ensure access and availability to specialists for all members (adults and children) who are not dually eligible for Medicare and TennCare (non-dual members). For the purpose of assessing specialty provider network adequacy, TENNCARE will evaluate the CONTRACTOR's provider network relative to the requirements described below. A provider is considered a "specialist" if he/she has a provider agreement with the CONTRACTOR to provide specialty services to members.

Access to Specialty Care

The CONTRACTOR shall ensure access to specialty providers (specialists) for the provision of covered services. At a minimum, this means that:

- (1) The CONTRACTOR shall have provider agreements with providers practicing the following specialties: Allergy, Cardiology, Dermatology, Endocrinology, Otolaryngology, Gastroenterology, General Surgery, Neonatology, Nephrology, Neurology, Neurosurgery, Oncology/Hematology, Ophthalmology, Orthopedics and Urology; and

(2) The following access standards are met:

- o Travel distance does not exceed 60 miles for at least 75% of non-dual members and
- o Travel distance does not exceed 90 miles for ALL non-dual members

Availability of Specialty Care

The CONTRACTOR shall provide adequate numbers of specialists for the provision of covered services to ensure adequate provider availability for its non-dual members. To account for variances in MCO enrollment size, the guidelines described in this Attachment have been established for determining the number of specialists with whom the CONTRACTOR must have a provider agreement. These are aggregate guidelines and are not age specific. To determine these guidelines the number of providers within each Grand Region was compared to the size of the population in each Grand Region. The CONTRACTOR shall have a sufficient number of provider agreements with each type of specialist in each Grand Region served to ensure that the number of non-dual members per provider does not exceed the following:

Maximum Number of Non-Dual Members per Provider by Specialty

Specialty	Number of Non-Dual Members
Allergy & Immunology	100,000
Cardiology	20,000
Dermatology	40,000
Endocrinology	25,000
Gastroenterology	30,000
General Surgery	15,000
Nephrology	50,000
Neurology	35,000
Neurosurgery	45,000
Oncology/Hematology	80,000
Ophthalmology	20,000
Orthopedic Surgery	15,000
Otolaryngology	30,000
Urology	30,000

31. Attachment XII, Exhibit E shall be deleted and replaced with "LEFT BLANK INTENTIONALLY".

**ATTACHMENT XII, EXHIBIT E
LEFT BLANK INTENTIONALLY**

32. ATTACHMENT XII, Exhibit H.1 "QIA Grid" shall be deleted in its entirety and shall read "LEFT BLANK INTENTIONALLY".

All of the provisions of the original Contract not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective July 1, 2007 or as of the date it is approved by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 16

AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. The Hospice Benefit, Sitter Benefit, and Convalescent Care Benefit descriptions in Section 2-3.1.2 shall be deleted and replaced and shall read as follows:

Hospice Care	As medically necessary. Must be provided by a Medicare-certified hospice. Provided and reimbursed in accordance with state and federal requirements, including but not limited to the following: <ul style="list-style-type: none">• Rates shall be no less than the federally established Medicaid hospice rates (updated each FFY), adjusted by area wage adjustments for the categories described by CMS;• The rates described above shall be subject to the annual cap for Medicaid Hospice rates as provided annually by CMS; and• If a Medicaid hospice patient resides in a nursing facility (NF), the CONTRACTOR must pay an amount equal to at least 95 percent of the prevailing NF room and board rate to the hospice provider (not subject to the annual cap for Medicaid Hospice rates).
Sitter	Medicaid/Standard Eligible, Age 21 and older: NON COVERED Medicaid/Standard Eligible, Under age 21: Covered as medically necessary. Effective February 1, 2007, Non-Covered, unless the CONTRACTOR is otherwise notified by TENNCARE.
Convalescent Care	Medicaid/Standard Eligible, Age 21 and older: NON COVERED Medicaid/Standard Eligible, Under age 21: Covered as medically necessary. Effective February 1, 2007, Non-Covered, unless the CONTRACTOR is otherwise notified by TENNCARE.

2. Section 2-3.2 shall be deleted and replaced in its entirety and shall read as follows:

2-3.2(a) The service thresholds and the CONTRACTOR's responsibility once a non-institutionalized adult has met the threshold are as follows:

Service	Threshold for Non-Institutionalized Medicaid Eligibles, Age 21 and Older	CONTRACTOR Responsibility Once Member Has Reached Threshold
Inpatient Hospital Services	20 days per SFY	Enroll member in MCO case management or disease management program, whichever is more appropriate

3. Section 2-4.7.1 shall be amended by deleting and replacing the fourth sentence so that the amended Section 2-4.7.1 shall read as follows:

2-4.7.1. Emergency Medical Services obtained from Out of Plan Providers

The CONTRACTOR's plan shall include provisions governing utilization of and payment by the CONTRACTOR for emergency medical services received by an enrollee from non-contract providers, regardless of whether such emergency services are rendered within or outside the community service area covered by the plan. Coverage of emergency medical services shall not be subject to prior authorization by the CONTRACTOR and shall be consistent with federal requirements regarding post-stabilization services, including but not limited to, 42 CFR Section 438.114(c)(1)(ii)(A). Utilization of and payments to non-contract providers may, at the CONTRACTOR's option, be limited to the treatment of emergency medical conditions, including post-stabilization care that includes medically necessary services rendered to the enrollee until such time as he/she can be safely transported to an appropriate contract service location. Payment amounts shall be in accordance with TENNCARE rules and regulations for emergency out-of-plan services. Payment by the CONTRACTOR for properly documented claims for emergency medical services rendered by a non-contract provider shall be made within thirty (30) calendar days of receipt of a clean claim by the CONTRACTOR.

The CONTRACTOR must review and approve or disapprove claims for emergency medical services based on the definition of emergency medical services specified in Section 1-3 of this Agreement. If the CONTRACTOR determines that a claim requesting payment of emergency medical services does not meet the definition as specified in Section 1-3 and subsequently denies the claim, the CONTRACTOR shall notify the provider of the denial. This notification shall include information to the provider regarding the CONTRACTOR's process and timeframes for reconsideration. In the event a provider disagrees with the CONTRACTOR's decision to disapprove a claim for emergency medical services, the provider may pursue the independent review process for disputed claims as provided by T.C.A., Section 56-32-226, including but not limited to MCO reconsideration.

Amendment 16 (cont.)

4. Section 2-7.1.b(2) shall be amended by deleting item (b) and renumbering the remaining items.
2. The CONTRACTOR shall provide MCO case management to members who are at high risk or have unique, chronic, or complex needs. This shall include but not be limited to:
 - (a) Members who have reached the service threshold for inpatient hospital services;
 - (b) Members with co-occurring mental illness and substance abuse, and/or co-morbid physical health and behavioral health conditions;
 - (c) Members who meet the requirements at 2-3.s.5(a) regarding excessive and/or inappropriate Emergency Department Utilization; and
 - (d) Children with special health care needs unless already enrolled in an appropriate disease management program.
5. Section 2-7.1(f) shall be amended by deleting item (2) and renumbering the remaining items.

(2) Member Identification Strategies

The MCO must have a systematic method of identifying and enrolling eligible members in each DM program. This shall include but not be limited to:

- (a) Members who have reached the service threshold for inpatient hospital services (see Section 2-3.a.2).
 - (b) Members who meet the requirements at 2-3.s.5(f)(3) regarding excessive and/or inappropriate Emergency Department Utilization who could potentially benefit from enrollment in a disease management program.
 - (c) Members who have reached the service threshold for inpatient hospital services shall be enrolled in either a disease management program or MCO case management, whichever the CONTRACTOR determines is more appropriate.
6. Section 2-9.10 shall be deleted and replaced in its entirety.

2-9.10. Subrogation (Casualty) Recovery

The CONTRACTOR shall conduct diagnosis and trauma code editing to identify potential subrogation related claims. This editing should, at a minimum, identify claims with a diagnosis of 800.00 thru 999.99 (excluding 994.6) or a claim submitted with an accident trauma indicator of 'Y'. TENNCARE approved questionnaires or other type TENNCARE approved forms shall be used to gather data and information pertinent to potential subrogation cases. TENNCARE shall determine a threshold amount for which a subrogation case should be pursued. The CONTRACTOR shall develop and utilize guidelines which have been approved by TENNCARE to settle subrogation cases. The CONTRACTOR shall submit subrogation recovery guidelines to TENNCARE for review and approval by January 15th each year and prior to subsequent changes thereafter. TENNCARE shall respond to the CONTRACTOR's request within fifteen (15) calendar days of the CONTRACTOR's submission of the subrogation recovery guidelines.

7. Section 2-9.14.b.1 shall be amended by adding new text to the end of the existing text so that the amended Section 2-9.14.b.1 shall read as follows:

2-9.14.b Fraud and Abuse Compliance Plan

1. The CONTRACTOR shall have a written Fraud and Abuse compliance plan. A paper and electronic copy of the plan shall be provided to TENNCARE. The CONTRACTOR's specific internal controls and polices and procedures shall be described in a comprehensive written plan

and be maintained on file with the CONTRACTOR and submitted for review to TENNCARE within thirty (30) calendar days of the effective date of this Agreement and annually thereafter. TENNCARE shall provide notice of approval, denial, or modification to the CONTRACTOR within thirty (30) calendar days of receipt. The CONTRACTOR shall make any requested updates or modifications available for review to TENNCARE as requested by TENNCARE and/or the TennCare Program Integrity Unit within thirty (30) calendar days of a request. The State shall not transfer their law enforcement functions to the CONTRACTOR.

8. Section 2-9 shall be amended by adding a new Section 2-9.15 which shall read as follows:

2-9.15 Business Continuity and Disaster Recovery (BC-DR) Plan

- (a) Regardless of the architecture of its Systems, the CONTRACTOR shall develop and be continually ready to invoke a BC-DR plan that is reviewed and prior approved by TENNCARE. TENNCARE shall provide guidance to the CONTRACTOR regarding its BC-DR plan in a Standard Operating Procedure.
- (b) At a minimum the CONTRACTOR's BC-DR plan shall address the following scenarios:
 - (a) the central computer installation and resident software are destroyed or damaged,
 - (b) System interruption or failure resulting from network, operating hardware, software, or operational errors that compromises the integrity of transactions that are active in a live system at the time of the outage,
 - (c) System interruption or failure resulting from network, operating hardware, software or operational errors that compromises the integrity of data maintained in a live or archival system, and
 - (d) System interruption or failure resulting from network, operating hardware, software or operational errors that does not compromise the integrity of transactions or data maintained in a live or archival system but does prevent access to the System, i.e., causes unscheduled System unavailability.
- (c) The CONTRACTOR's BC-DR plan shall specify projected recovery times and data loss for mission-critical Systems in the event of a declared disaster.
- (d) The CONTRACTOR shall periodically, but no less than annually, test its BC-DR plan through simulated disasters and lower level failures in order to demonstrate to TENNCARE that it can restore System functions.
- (e) The CONTRACTOR shall submit a baseline BC-DR plan to TENNCARE and communicate proposed modifications as required in Section 2.10.18.

9. Section 2-10.5. shall be amended by deleting and replacing Section 2-10.5.2 and adding a new 2-10.5.4.

1. TPL Reporting

- (a) Cost Avoidance Value Reporting. The CONTRACTOR shall report all claim adjustment amounts due to TPL coverage or Medicare coverage on a frequency and in a format and media described by TENNCARE. The CONTRACTOR shall calculate cost savings in categories described by TENNCARE.

4. Payment for Out-of-Plan Emergency Providers

The CONTRACTOR shall report to TENNCARE the average payment rate paid to out-of-plan emergency providers by January 31 each calendar year for the prior year.

Amendment 16 (cont.)

10. Section 2-10.14 shall be amended by adding a new 2-10.14.1 and renumbering the existing items accordingly so that the new 2-10.14.1 shall read as follows:

2-10.14.1 PCP Visits

The CONTRACTOR shall submit a quarterly *PCP Visits Per Member Per Year Report* in the format prescribed by TENNCARE. The number of PCP visits per member during the reporting quarter shall be projected to reflect a twelve (12) month period.

11. Section 2-10.18 shall be deleted and replaced so that the new Section 2-10.18 shall read as follows:

2-10.18. Business Continuity and Disaster Recovery Reports

The CONTRACTOR shall submit a high level summary of their baseline *Business Continuity and Disaster Recovery (BC-DR)* plan or make it available at CONTRACTOR's local Tennessee site for review and approval as specified by TENNCARE. The CONTRACTOR shall communicate a high level summary of proposed modifications to the BC-DR plan or make it available at CONTRACTOR's local Tennessee site at least fifteen (15) calendar days prior to their proposed incorporation. Such modifications shall be subject to review and approval by TENNCARE.

12. Section 2 shall be amended by adding a new Section 2-29 which shall read as follows:

2-29. Notice of Legal Action

The CONTRACTOR shall provide to TENNCARE and the Tennessee Department of Commerce and Insurance, TennCare Division, notice in writing by Certified Mail (or other means such as overnight delivery reasonably designed to document delivery) within five (5) business days of the CONTRACTOR being served with any administrative or legal action or complaint filed regarding any claim in law or equity made against the CONTRACTOR, or an affiliate of the CONTRACTOR (including but not limited to a parent company), that would materially impact either such affiliate's ability to operate its business or the CONTRACTOR's performance of duties hereunder. The Contractor shall also provide similar notice of any arbitration proceedings instituted between a provider and the CONTRACTOR. It is the intent of this provision that the CONTRACTOR notify TENNCARE of any and all actions described herein that may affect the CONTRACTOR'S financial viability and/or program operations or integrity.

13. Section 2 shall be amended by adding a new Section 2-30 which shall read as follows:

2-30. Prohibition of Illegal Immigrants. The requirements of Public Acts of 2006, Chapter Number 878, of the state of Tennessee, addressing the use of illegal immigrants in the performance of any contract to supply goods or services to the state of Tennessee, shall be a material provision of this Contract, a breach of which shall be grounds for monetary and other penalties, up to and including termination of this Contract.

- a. The Contractor hereby attests, certifies, warrants, and assures that the Contractor shall not knowingly utilize the services of an illegal immigrant in the performance of this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant in the performance of this Contract. The Contractor shall reaffirm this attestation, in writing, by submitting to the State a completed and signed copy of the document as Attachment II, hereto, semi-annually during the period of this Contract. Such attestations shall be maintained by the contractor and made available to state officials upon request.
- b. Prior to the use of any subcontractor in the performance of this Contract, and semi-annually thereafter, during the period of this Contract, the Contractor shall obtain and retain a current, written attestation that the subcontractor shall not knowingly utilize the services of an illegal

Amendment 16 (cont.)

immigrant to perform work relative to this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant to perform work relative to this Contract. Attestations obtained from such subcontractors shall be maintained by the contractor and made available to state officials upon request.

- c. The Contractor shall maintain records for all personnel used in the performance of this Contract. Said records shall be subject to review and random inspection at any reasonable time upon reasonable notice by the State.
- d. The Contractor understands and agrees that failure to comply with this section will be subject to the sanctions of Public Chapter 878 of 2006 for acts or omissions occurring after its effective date. This law requires the Commissioner of Finance and Administration to prohibit a contractor from contracting with, or submitting an offer, proposal, or bid to contract with the State of Tennessee to supply goods or services for a period of one year after a contractor is discovered to have knowingly used the services of illegal immigrants during the performance of this contract.
- e. For purposes of this Contract, "illegal immigrant" shall be defined as any person who is not either a United States citizen, a Lawful Permanent Resident, or a person whose physical presence in the United States is authorized or allowed by the federal Department of Homeland Security and who, under federal immigration laws and/or regulations, is authorized to be employed in the U.S. or is otherwise authorized to provide services under the Contract.

14. Group 5 in Section 4-1.1.a shall be amended by adding additional language to the end of the existing language.

Group 5: Enrollees that have not responded to TennCare's attempts to contact and/or enrollees that are in specified Groups/Populations defined and identified by the State and agreed to by both parties; and

15. Section 5-4 shall be amended by adding a new Section 5-4.e which shall read as follows:

- e. The administrative fee payments specified in Section 5-1 and the premium tax payments specified in 5-3.f of this Contract as amended, shall represent payment in full. TennCare shall not reimburse CONTRACTOR for any costs, liquidated damages and/or penalties incurred by the CONTRACTOR and which result from actions or inactions, including penalties associated with CONTRACTOR's failure to timely pay any and all expenses, fees, taxes and other regulatory/ministerial costs associated with the requirements of operating as an HMO in this state. The taxes, fees, expenses, and other regulatory/ministerial costs referenced herein shall include but not be limited to premium taxes associated with any and all obligations required by the Tennessee Health Maintenance Organization Act of 1986 codified at Tennessee Code Annotated § 56-32-201 et seq. or any subsequent amendments thereto and/or the Tennessee Prepaid Limited Health Services Act of 2000 codified at Tennessee Code Annotated § 56-51-101 et seq. or any subsequent amendments thereto.

16. Section 6-1 shall be amended by adding a new Section 6-1.ee which shall read as follows:

- ee. Federal Pro-Children Act of 1994 and the Tennessee Children's Act for Clean Indoor Air of 1995.

17. Section 6-7 shall be deleted and replaced in its entirety so that the amended Section 6-7 shall read as follows:

6-7. CONFLICT OF INTEREST

6-7.a. The CONTRACTOR warrants that no part of the total Agreement amount provided herein shall be paid directly, indirectly or through a parent organization, subsidiary or an affiliate organization to any state or federal officer or employee of the State of Tennessee or any immediate family member of a state or federal officer or employee of the State of Tennessee as wages, compensation, or gifts in exchange for acting as officer, agent, employee, subcontractor, or consultant to the CONTRACTOR in connection with any work contemplated or performed relative to this Agreement unless disclosed to the Commissioner, Tennessee Department of Finance and Administration. For purposes of Section 6.7 and its subparts of this contract, "immediate family member" shall mean a spouse or minor child(ren) living in the household.

6-7.a.1 Quarterly, by January 30, April 30, July 30, and October 30 each year, or at other times or intervals as designated by the Deputy Commissioner of the Bureau of TennCare, disclosure shall be made by the CONTRACTOR to the Deputy Commissioner of the Bureau of TennCare, Department of Finance and Administration in writing. The disclosure shall include, but not be limited to, the following:

6-7.a.1.(a) A list of any state or federal officer or employee of the State of Tennessee as well as any immediate family member of a state or federal officer or employee of the State of Tennessee who receives wages or compensation from the CONTRACTOR; and

6-7.a.1.(b) A statement of the reason or purpose for the wages or compensation. The disclosures shall be made by the CONTRACTOR and reviewed by TENNCARE in accordance with Standard Operating Procedures and the disclosures shall be distributed to, amongst other persons, entities and organizations, the Commissioner, Tennessee Department of Finance and Administration, the Tennessee Ethics Commission, the TennCare Oversight Committee and the Fiscal Review Committee.

6-7.a.2 This Agreement may be terminated by TENNCARE and/or the CONTRACTOR may be subject to sanctions, including liquidated damages, under this Agreement if it is determined that the CONTRACTOR, its agents or employees offered or gave gratuities of any kind to any state or federal officials or employees of the State of Tennessee or any immediate family member of a state or federal officer or employee of the State of Tennessee if the offering or giving of said gratuity is in contravention or violation of state or federal law. It is understood by and between the parties that the failure to disclose information as required under Section 6.7 of this Agreement may result in termination of this Agreement and the CONTRACTOR may be subject to sanctions, including liquidated damages in accordance with Section 6-8 of this Agreement. The CONTRACTOR certifies that no member of or delegate of Congress, the United States General Accounting Office, DHHS, CMS, or any other federal agency has or will benefit financially or materially from this Agreement.

6-7.b The CONTRACTOR shall include language in all subcontracts and provider agreements and any and all agreements that result from this Agreement between CONTRACTOR and TENNCARE to ensure that it is maintaining adequate internal controls to detect and prevent conflicts of interest

from occurring at all levels of the organization. Said language may make applicable the provisions of Section 6-7 to all subcontracts, provider agreements and all agreements that result from the Agreement between the CONTRACTOR and TENNCARE.

18. Section 6-8.b.1 shall be amended by adding a due date for Semi-Annual Reports which shall read as follows:

Semi-Annual Reports	January 31 and July 31.
---------------------	-------------------------

19. Section 6-27 shall be amended by deleting and replacing December 31, 2006 with December 31, 2007.

6-27 Contract Term of The Agreement

This Agreement and its incorporated attachments, if any, as well as all Amendments to this Agreement, contain all of the terms and conditions agreed upon by the parties, and when executed by all parties, supersedes any prior agreements. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall be in effect from July 1, 2001, subject to approval by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services. The term of this Agreement shall expire on December 31, 2007. At the mutual agreement of TennCare and the CONTRACTOR, this CONTRACT shall be renewable for an additional twelve month period.

Notwithstanding any provision herein to the contrary, the State may terminate this Agreement if the waiver governing TennCare is terminated. The documents referenced in the Agreement are on file with the CONTRACTOR and with TENNCARE and the CONTRACTOR is aware of their content. No other agreement, oral or otherwise regarding the subject matter of this Agreement, shall be deemed to exist or to bind any of the parties hereto.

20. Attachment II shall be deleted and replaced in its entirety and shall read as follows:

ATTACHMENT II

ATTESTATION RE PERSONNEL USED IN CONTRACT PERFORMANCE

SUBJECT CONTRACT NUMBER:	
CONTRACTOR LEGAL ENTITY NAME:	
FEDERAL EMPLOYER IDENTIFICATION NUMBER: (or Social Security Number)	

The Contractor, identified above, does hereby attest, certify, warrant, and assure that the Contractor shall not knowingly utilize the services of an illegal immigrant in the performance of this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant in the performance of this Contract.

**SIGNATURE &
DATE:**

NOTICE: This attestation MUST be signed by an individual empowered to contractually bind the Contractor. If said individual is not the chief executive or president, this document shall attach evidence showing the individual's authority to contractually bind the Contractor.

21. Attachment XII, Exhibit L.3 shall be amended by adding MRI, CT Scan and PET Scan's per 1000.

All of the provisions of the original Contract not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective January 1, 2007 or as of the date it is approved by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 15

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Amended and Restated Contractor Risk Agreement (CRA) by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and VOLUNTEER STATE HEALTH PLAN, INC., hereinafter referred to as the CONTRACTOR as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. For clarification purposes to describe current TENNCARE policy, Section 1-3 shall be amended by adding the phrase "with the exception of Medical Case Management" and correcting references to the definition of Administrative Cost and adding a new definition of Medical Expenses which shall read as follows:

Administrative Cost - All costs to the Contractor related to the administration of this Agreement that are non-medical in nature, including, but not limited to:

- Satisfying Contractor Qualifications specified in Sections 2-1 and 2-2;
- Establishing and Maintaining a Provider Network in accordance with the Access and Availability requirements specified in Section 2-4.1, Attachment III and Attachment IV;
- Determination of recoveries from Third Party Liability resources in accordance with Section 2-9.8;
- Claims Processing in accordance with Section 2-9.7;
- Administration of this Agreement in accordance with Medical Management Policies and Procedures including: Utilization Management policies and procedures, including prior authorization policies and procedures established in accordance with Section 2-7.1; Referral and Exemption Requirements established in accordance with Section 2-4.4; Out of Area or Out of Plan Use policies and procedures established in accordance with Section 2-4.7; Transplant policies and procedures established in accordance with Section 2-3.13; Prescription Drug Formulary established in accordance with Section 2-3.14; Prenatal Care policies and procedures established in accordance with Section 2-7.1.f.3 and 2-3.16; Quality Monitoring/Quality Improvement Program established in accordance with Section 2-9.6; Management of Medical Care and Coordination of Care policies and procedures established in accordance with Sections 2-4.2 and 2-4.3 with the exception of Medical Case Management;
- Enrollment and Disenrollment in accordance with Section 4;
- Appeals processing and resolution in accordance with Section 2-8;
- Quality Assurance and Improvement activities as specified in Section 2-9.6 and Attachment II;
- Production and submission of required reports as specified in Section 2-10;
- Production and distribution of Marketing and Enrollee Materials as specified in Section 2-6;
- All other Administration and Management responsibilities as specified in Sections 2-11 through 2-24 and other activities required to be conducted in Attachment I, V, VI, VII, XI, XII, XIII; and

Amendment Number 15 (cont.)

- All costs related to third party recovery or subrogation activities whether performed by the Contractor or a subcontractor.

Costs of subcontractors engaged solely to perform a non-medical administrative function for the CONTRACTOR specifically related to securing or fulfilling the CONTRACTOR's obligations to TENNCARE under the terms of this Agreement (e.g., claims processing, marketing) are considered to be an "administrative cost" with the exception of the cost of recovery of third party liability (TPL), when approved by TENNCARE.

Medical Expenses (sometimes referred to as "Covered Services") - Consist of the following:

- a. The cost of providing TennCare Program medical services to enrollees as identified below and pursuant to the following listed subsections of Section 2-3 of the CRA:
 1. 2-3.1 Covered Benefits
 2. Coordination, 2-3.5 and 6 Dental Services/Mental Health and Substance Abuse Services
 3. 2-3.10 Use of Cost Effective Alternative Services
 4. 2-3.11 Coverage of Sterilization's, Abortions and Hysterectomies pursuant to applicable federal and state laws and regulations
 5. 2-3.13 Coverage of Organ and Tissue Transplants
 6. all services related to hospice
 7. capitated payment to licensed health care providers
 8. medical services directed by TENNCARE or an Administrative Law Judge
 9. net impact of reinsurance coverage purchased by the MCO
- b. Preventive Services: In order for preventive services in Section 2-3 (including, but not limited to, health education, medical case management and health promotion activities) to qualify as medical expenses, the service must be targeted to and limited to the CONTRACTOR's enrollees or targeted to meet the enrollee's individual needs and the allocation methodology for capturing said costs must be approved by TENNCARE.
- c. Medical case management may qualify as medical expenses if the service is targeted to meet the enrollee's individual needs and the allocation methodology for capturing said costs is approved by TENNCARE.
- d. Medical Expenses do not include:
 1. 2-5. Services Not Covered;
 2. 2-3.8. Institutional Services and Alternatives to Institutional Services;
 3. Services eligible for reimbursement by Medicare;
 4. The activities described in or required to be conducted in Attachments I, II, III, IV, V, VI, VII, XI, XII, XIII (including, but not limited to, utilization management, utilization review activities) are administrative costs; and
 5. The two percent HMO tax.
- e. Medical expense will be net of any TPL recoveries or subrogation activities. If approved by TENNCARE, the TPL or subrogation recoveries may be net of administrative expenses incurred that are related to recovery activities.
- f. Medical expense will be net of any pharmacy rebates.

Amendment Number 15 (cont.)

f. This definition does not apply to NAIC filings.

2. Section 1-3 shall be amended by deleting and replacing the definition of “Medically Necessary” so that the amended definition shall read as follows:

Medically Necessary – Shall be defined by Tennessee Code Annotated, Section 71-5-144, and shall describe a medical item or service that meets the criteria set forth in that statute. The term “medically necessary,” as defined by Tennessee Code Annotated, Section 71-5-144, applies to TennCare enrollees. Implementation of the term “medically necessary” is provided for in regulations at 1200-13-16-.01, consistent with the statutory provisions, which control in case of ambiguity. No enrollee shall be entitled to receive and TennCare shall not be required to pay for any items or services that fail fully to satisfy all criteria of “medically necessary” items or services, as defined either in the statute or in regulations at 1200-13-16-.01.

3. Section 2-3.1.2 shall be deleted and replaced in its entirety so that the amended Section 2-3.1.2 shall read as follows:

2-3.1.2 TennCare Benefits, effective July 1, 2006:

Should TENNCARE eliminate a specified population from eligibility in the TennCare Program, Services/Benefits listed below shall no longer be applicable for said population.

<u>SERVICE</u>	<u>BENEFIT</u>
Inpatient Hospital Services	<p>Medicaid/Standard Eligible, Age 21 and older: As medically necessary. Inpatient rehabilitation hospital facility services are Not covered for adults. May be provided by the CONTRACTOR if determined by the CONTRACTOR to be a cost effective alternative.</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary, rehabilitation hospital facility services are covered under EPSDT for Medicaid eligible children and as medically necessary for Standard eligible children.</p>
Outpatient Hospital Services	As medically necessary.
Physician Inpatient Services	As medically necessary.
Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services	<p>As medically necessary.</p> <p>NOTE: CONTRACTOR covered services shall include the following:</p> <ul style="list-style-type: none"> • Services provided by a Primary Care Provider with a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx). • Behavioral health services described in CPT procedure code range 96150 through 96155. • Medical evaluations provided by a neurologist, as approved by the CONTRACTOR, and/or an emergency room provider, that result in a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx).

<p>EPSDT Services for enrollees under age 21 in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.</p>	<p>Medicaid/Standard Eligibles, Age 21 and older: not covered.</p> <p>Medicaid/Standard Eligibles, Under age 21: Covered as medically necessary, except that the screenings do not have to be medically necessary. Children may also receive screenings in-between regular checkups if a parent or caregiver believes there is a problem.</p> <p>Screening, interperiodic screening, diagnostic and follow-up treatment services as medically necessary in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989 for enrollees under 21. Except for Dental services, Screens shall be in accordance with the periodicity schedule set forth in the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care" and all components of the screens must be consistent with the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care". Dental screens shall be in accordance with the latest periodicity schedule set forth by the American Academy of Pediatric Dentistry and all components of the screens must be consistent with the latest recommendations by the American Academy of Pediatric Dentistry. Tools to be used for screenings shall be consistent with the EPSDT Screening Guidelines as described in Attachment VIII of the Contract. EPSDT services also include maintenance services which are services which have been determined to be effective in preventing or mitigating the worsening of an individual's conditions or preventing the development of additional health problems.</p>
<p>Preventive Care Services</p>	<p>As described in Section 2-3.3.</p>
<p>Lab and X-ray Services</p>	<p>As medically necessary.</p>
<p>Hospice Care</p>	<p>As medically necessary. Must be provided by a Medicare-certified hospice.</p> <p>If a Medicaid hospice patient resides in a nursing facility (NF), the CONTRACTOR must pay an amount equal to at least 95 percent of the prevailing NF room and board rate to the hospice provider.</p>
<p>Dental Services</p>	<p>Dental Services shall be provided by the Dental Benefits Manager.</p> <p>Medicaid/Standard Eligible, Age 21 and older: Non-covered.</p> <p>Medicaid/Standard Eligible, Under age 21: The CONTRACTOR shall cover Dental preventive, diagnostic and treatment services for enrollees under age 21. Orthodontics limited to individuals under 21 except when an orthodontic treatment plan is approved prior to the enrollee attaining 20 1/2 years of age, and treatment is initiated prior to the recipient attaining 21 years of age.</p>

Amendment Number 15 (cont.)

	<p>Effective October 1, 2002, the aforementioned covered dental services shall be provided by the Dental Benefits Manager. The provision of transportation to and from said services as well as the medical and anesthesia services related to the dental service that are not provided by a dentist or in a dentist's office shall remain with the CONTRACTOR when the dental service is covered by the DBM.</p> <p>(See Section 2-3.1, and 2-3.5)</p>
<p>Vision Services</p>	<p>Medicaid/Standard Eligible, Age 21 and older: Medical eye care, meaning evaluation and management of abnormal conditions, diseases, and disorders of the eye (not including evaluation and treatment of refractive state), will be covered but shall be subject to the service limitations as described elsewhere in this Contract. Routine periodic assessment, evaluation, or screening of normal eyes and examinations for the purpose of prescribing fitting or changing eyeglass and/or contact lenses will not be covered. One pair of cataract glasses or lenses is covered for adults following cataract surgery.</p> <p>Medicaid/Standard Eligible, Under age 21: Preventive, diagnostic, and treatments services (including eyeglasses), are covered as medically necessary.</p>
<p>Home Health Care</p>	<p>As medically necessary.</p>
<p>Pharmacy Services</p>	<p>Pharmacy services shall be provided by the Pharmacy Benefits Manager (PBM), unless otherwise described below.</p> <p>Non-Institutionalized Mandatory and Optional (other than Medically Needy) Medicaid Adults (Age 21 and older) and Medically Needy Adults (Age 21 and older): 5 Prescriptions per Month of which only 2 may be Brand name</p> <p>Institutionalized Medicaid Adults (Age 21 and older): As medically necessary</p> <p>Standard Eligible, Age 21 and older: Non-covered</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary</p> <p>NOTE: Certain drugs (known as DESI, LTE, or IRS drugs) are excluded from coverage.</p> <p>Limits on Pharmacy benefits as well as the effective dates thereof are subject to change based on Waiver and/or Court negotiations.</p> <p>Effective July 1, 2003, the aforementioned covered pharmacy</p>

	<p>services shall be provided by the Pharmacy Benefits Manager (PBM) contracted by the TENNCARE Bureau. Pharmacies providing home infusion drugs and biologics only (not including services) shall bill the PBM.</p> <p>Diabetic monitors and supplies as well as injectable drugs obtained directly from a pharmacy provider shall be included in the covered pharmacy services that will be provided by the TennCare Pharmacy Benefit Manager effective July 1, 2003.</p> <p>CONTRACTOR RESPONSIBILITIES: The CONTRACTOR shall be responsible for reimbursement of injectable drugs obtained in an office/clinic setting in accordance with benefits described herein and to providers providing both home infusion services and the drugs and biologics. Effective July 1, 2005, the CONTRACTOR shall require that all home infusion claims contain NDC coding and unit information to be paid.</p> <p>Services reimbursed by the CONTRACTOR shall not be included in the Pharmacy Benefit Limits as described above.</p> <p>Effective January 1, 2006, provision and payment of pharmacy benefits to individuals who are enrolled in the TennCare Program in the category of TennCare Medicaid/Medicare dual eligible shall be administered by Medicare Part D.</p>
<p>Durable Medical Equipment</p>	<p>As medically necessary.</p> <p>Specified DME services shall be covered/non-covered in accordance with the TennCare rules and regulations.</p>
<p>Medical Supplies</p>	<p>As medically necessary.</p> <p>Specified Medical Supplies shall be covered/non-covered in accordance with the TennCare rules and regulations.</p>
<p>Emergency Air And Ground Ambulance Transportation</p>	<p>As medically necessary.</p>
<p>Non-emergency Transportation (including Non-Emergency Ambulance Transportation)</p>	<p>As necessary to get an enrollee to and from covered services, for enrollees not having access to transportation. MCOs may require advance notice of the need in order to timely arrange transportation.</p> <p>The travel to access primary care and dental services must meet the requirements of the waiver terms and conditions. The availability of specialty services as related to travel distance should meet the usual and customary standards for the community. However, in the event the MCO is unable to negotiate such an arrangement for an enrollee, transportation must be provided regardless of whether or not the enrollee has access to transportation. If the enrollee is a child, transportation must be provided for the child and an accompanying</p>

Amendment Number 15 (cont.)

	<p>adult. However, transportation for a child shall not be denied pursuant to any policy which poses a blanket restriction due to enrollees age or lack of parental accompaniment. Any decision to deny transportation of a child due to an enrollees age or lack of parental accompaniment must be made on a case-by-case basis and must be based on the individual facts surrounding the request. As with any denial, all notices and actions must be in accordance with the appeal process.</p> <p>The CONTRACTOR shall provide transportation to and from Dental Services.</p>
Renal Dialysis Services	As medically necessary.
Private Duty Nursing	As medically necessary and when prescribed by an attending physician for treatment and services rendered by a registered nurse (R.N.) or a licensed practical nurse (L.P.N.), who is not an immediate relative.
Speech Therapy	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary by a Licensed Speech Therapist to restore speech (as long as there is continued medical progress) after a loss or impairment. The loss or impairment must not be caused by a mental, psychoneurotic or personality disorder.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with EPSDT requirements.</p>
Occupational Therapy	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary when provided by a Licensed Occupational Therapist to restore, improve, or stabilize impaired functions.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with EPSDT requirements.</p>
Physical Therapy	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary when provided by a Licensed Physical Therapist to restore, improve, or stabilize impaired functions.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with EPSDT requirements.</p>
Organ and Tissue Transplant And Donor Organ Procurement	<p>Medicaid/Standard Eligible, Age 21 and older: All medically necessary and non-investigational/experimental organ and tissue transplants, as covered by Medicare, are covered. These include, but may not be limited to:</p> <ul style="list-style-type: none"> Bone marrow/Stem cell; Cornea; Heart; Heart/Lung;

	<p>Kidney; Kidney/Pancreas; Liver; Lung; Pancreas; and Small bowel/Multi-visceral.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with EPSDT requirements. Experimental or investigational transplants are not covered.</p>
Reconstructive Breast Surgery	<p>Covered in accordance with TCA 56-7-2507, which requires coverage of all stages of reconstructive breast surgery on a diseased breast as a result of a mastectomy, as well as surgical procedures on the non-diseased breast to establish symmetry between the two breasts in the manner chosen by the physician. The surgical procedure performed on a non-diseased breast to establish symmetry with the diseased breast will only be covered if the surgical procedure performed on a non-diseased breast occurs within five (5) years of the date the reconstructive breast surgery was performed on a diseased breast.</p>
Chiropractic Services	<p>Medicaid/Standard Eligible, Age 21 and older: Not covered. May be provided by the CONTRACTOR if determined by the CONTRACTOR to be a cost effective alternative.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with EPSDT requirements.</p>
Sitter	<p>Medicaid/Standard Eligible, Age 21 and older: NON COVERED.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary.</p>
Convalescent Care	<p>Medicaid/Standard Eligible, Age 21 and older: NON COVERED</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary.</p>

4. Section 2-3 shall be amended by adding a new Section 2-3.2 and renumbering the existing Sections accordingly and shall update all references thereto. The new Section 2-3.2 shall read as follows:

2-3.2. Soft Limits/Service Thresholds for Certain Physical Health Services

TENNCARE has established thresholds that apply to certain covered physical health services for non-institutionalized Medicaid adults. The CONTRACTOR shall track, in a manner prescribed by TENNCARE, and report on accumulated benefit information for each service that has a threshold. Depending on the service, once a member reaches a threshold, the CONTRACTOR shall evaluate and enroll the member in MCO case management or a disease management program as appropriate.

“Institutionalized Medicaid” are not subject to service thresholds and shall be defined as individuals who are receiving (as described in TennCare/Medicaid rules and regulations) long term care institutional services in a nursing home, an Intermediate Care Facility for the Mentally

Amendment Number 15 (cont.)

Retarded (ICF/MR) or waiver covered services provided through the Home and Community Based Services (HCBS) waiver for these institutional services.

2-3.2(a) The service thresholds and the CONTRACTOR's responsibility once a non-institutionalized adult has met the threshold are as follows:

Service	Threshold for Non-Institutionalized Medicaid Eligibles, Age 21 and Older	CONTRACTOR Responsibility Once Member Has Reached Threshold
Inpatient Hospital Services	20 days per SFY	Enroll member in MCO case management or disease management program, whichever is more appropriate
Outpatient Hospital Services	8 visits per SFY	Determine whether member should be enrolled in MCO case management or a disease management program and enroll member if appropriate
Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services	12 visits per SFY	Determine whether member should be enrolled in MCO case management or a disease management program and enroll member if appropriate
Lab and X-ray Services	10 visits per SFY	Determine whether member should be enrolled in MCO case management or a disease management program and enroll member if appropriate

2-3.2(b) The CONTRACTOR shall report, on a quarterly basis as described in Section 2-10.18, the number of members who reach each threshold, were assessed, and/or were enrolled in MCO case management or a disease management program, and the reasons for failure to enroll in MCO case management or disease management.

5. The second paragraph of the renumbered Section 2-3.17 shall be amended by adding a new third sentence so that the first two paragraphs of Section 2-3.17 shall read as follows:

2-3.17. Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Requirements

The CONTRACTOR must have written policies and procedures for an EPSDT program that includes coordinating services with other TennCare providers, providing all medically necessary Title XIX EPSDT services to all eligible individuals under the age of twenty-one (21) regardless of whether the service is included in the Medicaid State Plan, as well as outreach and education. The CONTRACTOR must assure the availability and accessibility of required health care resources and help enrollees and their parents or guardians use these resources effectively. The State EPSDT program shall be referred to as "TENnderCare". The CONTRACTOR shall use "TENnderCare" in describing or naming an EPSDT program or services. This shall include, but not be limited to, all policies, procedures and/or marketing material, regardless of the format or

Amendment Number 15 (cont.)

media. No other names or labels shall be utilized. CONTRACTORS may, however, use existing EPSDT materials through December 31, 2004. Any new or reprinted EPSDT materials shall use TENNderCare as of July 1, 2004.

The CONTRACTOR shall provide EPSDT services to enrollees under age 21 in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989. EPSDT Services means early and periodic screening, diagnosis and treatment of enrollees under age 21 made pursuant to 42 U.S.C. Sections 1396a(a)(43), 1396d(a) and (r) and 42 CFR Part 441, Subpart B to ascertain children's individual (or individualized/or on an individual basis) physical and mental defects, and providing treatment to correct or ameliorate, or prevent from worsening defects and physical and mental illnesses and conditions discovered by the screening services, whether or not such services are covered under the state plan. The CONTRACTOR shall be responsible for and comply with all provisions related to screening, vision, dental, and hearing services (including making arrangements for necessary follow-up if all components of a screen cannot be completed in a single visit). The CONTRACTOR shall be responsible for the provision of all related services except for behavioral health services that are carved out as a separate arrangement from this Contract as well as Pharmacy and Dental services at such time as they are removed from the responsibilities described in this Contract. Effective upon receipt of written notification from TENNCARE, the CONTRACTOR is not required to provide services in accordance with EPSDT requirements to TennCare Standard enrollees under the age of 21.

6. The renumbered Section 2-3.17.2 shall be amended by deleting and replacing the last paragraph so that the amended Section 2-3.17.2 shall read as follows:

2-3.17.2 42 CFR 441.56(b) defines "screening" as "periodic comprehensive child health assessments" meaning "regularly scheduled examinations and evaluations of the general physical and mental health, growth, development, and nutritional status of infants, children, and youth." At a minimum, screenings must include, but are not limited to:

1. Comprehensive health and developmental history;
2. Comprehensive unclothed physical examination;
3. Appropriate Immunizations;
4. Appropriate vision and hearing testing;
5. Appropriate laboratory tests; and
6. Dental screening services furnished by direct referral to a dentist for children no later than 3 years of age and should be referred earlier as needed (as early as 6 to 12 months in accordance with the American Academy of Pediatric Dentistry (AAPD) guidelines) and as otherwise appropriate; and
7. Health Education.

At a minimum, these screening services shall include periodic and interperiodic screens and must be provided in accordance with "reasonable standards of medical and dental practice" as determined by the State. The State has determined that "reasonable standards of medical and dental practice" are those standards set forth in the American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care for medical practice and American Academy of Pediatric Dentistry (AAPD) guidelines for dental practice. Pursuant to Section 2-3.4, "screens shall be in accordance with the periodicity schedule set forth in the latest 'American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care' and all components of the screens must be consistent with the latest 'American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care' and the American Academy of Pediatric Dentistry (AAPD) guidelines. The CONTRACTOR shall not require prior authorization for periodic and interperiodic screens conducted by PCPs. The CONTRACTOR shall provide all

medically necessary TENNderCare covered services regardless of whether or not the need for such services was identified by a provider whose services had received prior authorization from the CONTRACTOR or by an in-network provider.

7. Section 2-4.6 shall be amended by adding new language to the end of the existing text so that the amended Section 2-4.6 shall read as follows:

2-4.6 Network Notice Requirements

All member notices required shall be written using the appropriate notice templates provided by TENNCARE and shall include all notice content requirements specified in applicable state and federal law, TennCare rules and regulations, and all court orders and consent decrees governing notice and appeal procedures, as they become effective. The CONTRACTOR shall provide notice of changes to its provider network as specified below.

Failure to comply with notice requirements described herein may result in liquidated damages as described in Section 6-8.b.2 of this Agreement.

8. Section 2-4.6.2.c shall be amended by deleting and replacing the first sentence of the first paragraph so that the amended Section 2-4.6.2.c shall read as follows:

c. Other Provider Terminations

Other Provider Terminations. The CONTRACTOR shall notify TennCare of any provider termination and submit a copy of one of the actual member notices mailed as well as an electronic listing identifying each member to whom a notice was sent within five (5) business days of the date the member notice was sent as required in Section 2-4.6.1. In addition to the member notice and electronic listing, documentation from the CONTRACTOR's mail room or outside vendor indicating the quantity and date member notices were mailed shall be sent to TENNCARE as proof of compliance with the member notification requirements. The CONTRACTOR shall maintain a copy of the actual notice on-site and forward a copy of the notices upon request from TENNCARE. If the termination was initiated by the provider, said notice shall include a copy of the provider's notification to the Contractor.

Furthermore, if termination of the CONTRACTOR's provider agreement with any primary care provider or physician group or clinic, whether or not the termination is initiated by the provider or by the CONTRACTOR, places the CONTRACTOR out of compliance with Section 2-4, such termination shall be reported by the CONTRACTOR in writing to the Bureau of TennCare, in the standard format used to demonstrate compliance with provider network and access requirements, within five (5) business days of the date that the agreement has been terminated.

9. The second paragraph of Section 2-4.7.1 shall be amended by deleting the phrase "and subsequent steps regarding an informal review by TENNCARE" so that the amended Section 2-4.7.1 shall read as follows:

2.4.7.1 Emergency Medical Services obtained from Out of Plan Providers

The CONTRACTOR's plan shall include provisions governing utilization of and payment by the CONTRACTOR for emergency medical services received by an enrollee from non-contract providers, regardless of whether such emergency services are rendered within or outside the community service area covered by the plan. Coverage of emergency medical services shall not be subject to prior authorization by the CONTRACTOR and shall be consistent with federal requirements regarding post-stabilization services, including but not limited to, 42 CFR Section

Amendment Number 15 (cont.)

438.114(c)(1)(ii)(A). Utilization of and payments to non-contract providers may, at the CONTRACTOR's option, be limited to the treatment of emergency medical conditions, including post-stabilization care that includes medically necessary services rendered to the enrollee until such time as he/she can be safely transported to an appropriate contract service location. Payment amounts shall be consistent with the pricing policies developed by the CONTRACTOR and in accordance with TENNCARE requirements, including TENNCARE rules and regulations for emergency out-of-plan services. Payment by the CONTRACTOR for properly documented claims for emergency medical services rendered by a non-contract provider shall be made within thirty (30) calendar days of receipt of a clean claim by the CONTRACTOR.

The CONTRACTOR must review and approve or disapprove claims for emergency medical services based on the definition of emergency medical services specified in Section 1-3 of this Contract. If the CONTRACTOR determines that a claim requesting payment of emergency medical services does not meet the definition as specified in Section 1-3 and subsequently denies the claim, the CONTRACTOR shall notify the provider of the denial. This notification shall include information to the provider regarding the CONTRACTOR's process and timeframes for reconsideration. In the event a provider disagrees with the CONTRACTOR's decision to disapprove a claim for emergency medical services, the provider may pursue the independent review process for disputed claims as provided by T.C.A., Section 56-32-226, including but not limited to MCO reconsideration.

10. Section 2-4.7.6 shall be amended by adding a new paragraph to the end of the existing text so that the amended Section 2-4.7.6 shall read as follows:

2-4.7.6. Credentialing of Non-Contract Providers

Credentialing Standards must apply to all licensed independent practitioners or groups of practitioners who have an independent relationship with the CONTRACTOR. An independent relationship is not synonymous with an independent contract.

The CONTRACTOR shall completely process credentialing applications within thirty (30) calendar days of receipt of a completed, including all necessary documentation and attachments, credentialing application. Completely process shall mean that the CONTRACTOR shall review, approve and load approved applicants to their provider files in their claims processing system or deny the application and assure that provider is not included in the CONTRACTOR's network.

11. Section 2-6.2.c.1 shall be amended by deleting and replacing Item (t) so that the amended Section 2-6.2.c.1(t) shall read as follows:

- (t) Shall include member services toll free telephone numbers; including the TENNCARE Hotline, the CONTRACTOR's customer service line and the CONTRACTOR's 24/7 Nurse Triage Line with a statement that the enrollee may contact the plan or TENNCARE regarding questions about TennCare as well as the service/information that may be obtained from each line. The TennCare hotline number is 1-866-311-4287;

12. Section 2-6.2.c.2 shall be amended by adding a new Item (e) and renumbering the existing item (e) as (f) so that the new Section 2-6.c.2.c.2(e) shall read as follows:

- (e) member services toll free telephone numbers; including the TennCare Hotline, the CONTRACTOR's customer service line and the CONTRACTOR's 24/7 Nurse Triage Line as well as the service/information that may be obtained from each line; and

13. Section 2-6.2.c.4 shall be amended by adding the phrase “or prior to enrollee’s beginning effective date” to the end of the first sentence so that the amended Section 2-6.2.c.4 shall read as follows:

4. Provider Directory

The CONTRACTOR shall be responsible for distributing provider directories to new members within thirty (30) calendar days of receipt of notification of enrollment in the plan or prior to enrollee’s beginning effective date. The CONTRACTOR shall also be responsible for redistribution of updated provider information on a regular basis and shall redistribute a complete and updated provider directory at least on an annual basis. Provider directories shall include the following: names, locations, telephone numbers, office hours, non-English languages spoken by current network PCPs and specialists, hospital listings including locations of emergency settings and post stabilization services, identification of providers accepting new patients and whether or not a provider performs EPSDT screens. Enrollee provider directories, and any revisions thereto, shall be submitted to TENNCARE for approval prior to distribution to enrollees. Each submission shall include a paper and an electronic copy. The text of the directory shall be in Microsoft Word or Adobe (PDF) format. In addition, the provider information used to populate the enrollee provider directory shall be submitted as a TXT file or such format as otherwise approved by TENNCARE and be produced using the same extract process as the actual enrollee provider directory. In situations where there is more than one enrollee in a TennCare case, it shall be acceptable for the CONTRACTOR to mail one (1) provider directory to each address listed for the enrollee’s TennCare case number when there is more than one (1) new enrollee assigned to the same case number at the time of enrollment and when subsequent updated provider directories are mailed to enrollees. Should a single individual be enrolled and be added into an existing case, a provider directory must be mailed to that individual regardless of whether or not a provider directory has been previously mailed to enrollees in the existing case. These updates shall be maintained in accordance with Section 2-1.o of this Contract.

14. Section 2-7.1.b shall be deleted and replaced in its entirety so that the amended Section 2-7.1.b shall read as follows:

b. MCO Case Management

- (1) The CONTRACTOR shall maintain an MCO case management program that includes the following components:
- (a) A systematic approach to identify eligible members;
 - (b) Assessment of member needs;
 - (c) Development of an individualized plan of care;
 - (d) Implementation of the plan of care, including coordination of care that actively links the member to providers and support services; and
 - (e) Monitoring of outcomes.
- (2) The CONTRACTOR shall provide MCO case management to members who are at high risk or have unique, chronic, or complex needs. This shall include but not be limited to:
- (a) Members who have reached the service threshold for inpatient hospital services;
 - (b) Members who have reached the service threshold for non-inpatient hospital services and could potentially benefit from enrollment in MCO case management;
 - (c) Members with co-occurring mental illness and substance abuse, and/or co-morbid physical health and behavioral health conditions;

Amendment Number 15 (cont.)

- (d) Members who meet the requirements at 2-7.1.b(1) regarding excessive and/or inappropriate Emergency Department Utilization. and
 - (e) Children with special health care needs unless already enrolled in an appropriate disease management program.
- (3) Members who have reached the service threshold for inpatient hospital services shall be enrolled in either MCO case management or a disease management program.
 - (4) Eligible members must be offered MCO case management services. However, member participation shall be voluntary.
 - (5) The CONTRACTOR shall develop a process to inform members and providers about the availability of MCO case management and to inform the member's PCP when a member has been assigned to the MCO case management program.
 - (6) The CONTRACTOR shall use utilization data, including pharmacy data provided by TENNCARE or its PBM to identify members for MCO case management services as appropriate. In particular, the CONTRACTOR shall track utilization data to determine when a member has reached a service threshold.
15. Section 2-7.1.e shall be amended by adding additional text to the end of the existing text so that the amended Section 2-7.1.e shall read as follows:

e. Excessive and/or Inappropriate Emergency Department (ED) Utilization. The CONTRACTOR shall utilize the following guidelines in identifying and managing care for enrollees who are determined to have excessive and/or inappropriate ED utilization.

- (1) Review ED utilization data, at a minimum, every six (6) months (in January and July) to identify enrollees with utilization exceeding a threshold defined by TENNCARE in the preceding six (6) month period. In January, review ED utilization during the preceding April through September. In July review ED utilization during the preceding October through March.
- (2) Enroll in active case management -- (Enrollees who exceed a specified number, to be defined by TENNCARE, of ED visits in the previous six (6) month period)
- (3) Make contact with enrollee and primary care provider
- (4) Review encounter data
- (5) Assess most likely cause of problem (e.g., drug seeking behavior, primary care/access problem, poorly controlled disease state, etc.)
- (6) Develop a case management plan based on results of the assessment. Sample plans based on potential assessment results follow:
 - (a) Drug seeking behavior
 - i. Interact with TennCare Pharmacy Division regarding possibility of pharmacy lock-in and/or controlled substance prior authorization requirement
 - ii. Contact all providers regarding concern that patient may be abusing prescription medications
 - iii. Make appropriate referrals (e.g., OIG, Pain clinic, Substance abuse treatment program, etc.)
 - iv. Consider primary care provider lock-in (i.e. patient must have PCP approval before he/she can access other providers)
 - (b) Primary Care /Access Problem
 - i. Change PCP and/or address problem with current PCP

- ii. Provide enrollee education regarding appropriate use of PCP and ED
- iii. Provide access to a 1-800 customer service line for assistance identifying and selecting a PCP and to the extent necessary assistance scheduling an appointment with PCP
- (c) Poorly controlled disease
 - i. Enroll in disease management
 - ii. Refer to specialist for management – advise PCP
 - iii. Provide access to 1-800 24/7 nurse answered line capable of providing health information/education to patients; healthcare counseling/telephone triage to assess health status to steer patients to the appropriate level of care. The 24/7 Nurse Triage line shall assure effective patient management by avoiding over-utilization in inappropriate settings.
- (7) Any blanket policy to deny payment for specified "non-emergency" services in the ED based on diagnoses must be accompanied by the following guidelines.
 - (a) Clear communication to all hospitals/EDs regarding the diagnoses that are and are not considered emergencies;
 - (b) A process whereby the hospital could demonstrate that a condition on the list did, in fact, represent an emergency;
 - (c) Clear communication to all hospitals/EDs regarding the mechanism to bill for the EMTALA required screen associated with any non-emergency diagnoses;
 - (d) Payment for the EMTALA screens associated with any non-emergency diagnosis, and
 - (e) A specific process that the MCO shares with all hospitals/EDs by which the ED can contact the MCO 24/7 to refer an enrollee with one of the non-emergency diagnoses to the MCO for assistance in arranging for care in an alternative setting, when such assistance is requested by the member.
- (8) If the CONTRACTOR requires EDs to refer members with non-urgent/emergent conditions to alternative settings for treatment, the MCO must have a specific process in place whereby the ED can contact the MCO 24/7 to assist enrollees with non-urgent/emergent conditions who do not require inpatient admission and who are requesting assistance in scheduling an appointment in an alternate treatment setting.

If the CONTRACTOR chooses to implement a blanket policy as identified in subsection (g) above, failure to comply with the ED guidelines as described therein may result in liquidated damages as described in Section 4-8.b.2 of this Agreement.

16. Section 2-7.1.f shall be deleted in its entirety and replaced by a new Section 2-7.1.f which shall read as follows:

- f. Disease Management. Each MCO is required to establish and operate (either directly or via a subcontract with a disease management vendor) a minimum of four disease management (DM) programs designed to address maternity care management, comprehensive diabetes management, management of congestive heart failure and management of asthma.

Each DM program must utilize evidence-based best practice guidelines and patient empowerment strategies to support the practitioner-patient relationship and the plan of care. The programs must emphasize prevention of exacerbation and complications as evidenced by decreases in emergency room utilization and inpatient hospitalization and/or improvements in condition-specific health status indicators.

(1) DM Program Policies and Procedures

Amendment Number 15 (cont.)

The CONTRACTOR shall develop and maintain DM program policies and procedures. These policies and procedures must include, for each of the conditions listed above, the following:

- (a) Definition of the target population;
- (b) Member identification strategies;
- (c) Program content including, but not limited to:
 - (a) Evidence-based best practice guidelines upon which the program is based;
 - (b) Written description of the stratification levels for each of the conditions, including member criteria and associated interventions;
 - (c) Methods for informing and educating members;
 - (d) Methods for informing and educating providers; and
- (d) Program evaluation.

As part of its DM program policies and procedures, the CONTRACTOR shall also address how the DM programs will coordinate with MCO case management activities, in particular for members who would benefit from both.

(2) Member Identification Strategies

The MCO must have a systematic method of identifying and enrolling eligible members in each DM program. This shall include but not be limited to:

- (a) Members who have reached the service threshold for inpatient hospital services (see Section 2-3.2).
- (b) Members who have reached the service threshold for other non-inpatient hospital services (see Section 2-3.2) and could potentially benefit from enrollment in a disease management program.
- (c) Members who meet the requirements at 2-7.1.e(6)(c) regarding excessive and/or inappropriate Emergency Department Utilization who could potentially benefit from enrollment in a disease management program.
- (d) Members who have reached the service threshold for inpatient hospital services shall be enrolled in either a disease management program or MCO case management, whichever the CONTRACTOR determines is more appropriate.

The MCO must operate each program using an “opt out” methodology, meaning that services will be provided to eligible members unless they specifically ask to be excluded. The Bureau may elect to mandate the eligibility criteria the MCO must use if the program evaluation does not demonstrate the desired effect and/or if the Bureau determines that the criteria in use are overly restrictive.

(3) Program Content

The MCO must adopt clinical practice guidelines that serve as the basis for each DM program. The guidelines must be evidence-based and formally adopted by the QI or other clinical committee. The guidelines must be distributed to practitioners who are likely to use them and must be made available to the Bureau upon request. Upon enrollment in the DM program, the MCO must provide information to the member and practitioner regarding how to use the services and specific information to the practitioner concerning how the program works with the practitioner’s patients. MCOs must provide

primary care providers with a list of their patients enrolled in each program upon initial enrollment and at least annually thereafter.

Each DM program must be based on a treatment plan that serves as the outline for all of the activities/interventions in the program. At a minimum the activities/interventions associated with the treatment plan must address condition monitoring, patient adherence to the treatment plan, consideration of other co-morbidities, and condition-related lifestyle issues. The Bureau may elect to mandate an intervention strategy the MCO must employ if the program evaluation does not demonstrate the desired effect and/or if the Bureau determines that the interventions are suboptimal.

(4) Stratification

As part of the DM programs, the CONTRACTOR shall classify eligible members into stratification levels according to condition severity or other clinical or member-provided information. The DM programs shall tailor the program content, education activities, and benchmarks and goals for each risk level.

(5) CONTRACTOR's Program Description

Annually, on July 1, the CONTRACTOR shall submit a description of its Disease Management Program that shall include the following:

1. Definition of the target population for each program and the method used to identify and enroll members; and
2. Written description of the stratification levels for each of the four (4) programs, including member criteria and associated interventions.

(6) Informing and Educating Members

The DM programs shall educate members and/or their caregivers regarding their particular condition(s) and needs. This information shall be provided upon enrollment in the DM program. The DM programs shall educate members to increase their understanding of their condition(s), the factors that impact their health status (e.g., diet and nutrition, lifestyle, exercise, medication compliance), and to empower members to be more effective in self-care and management of their health so they:

- (a) Are proactive and effective partners in their care;
- (b) Understand the appropriate use of resources needed for their care;
- (c) Identify precipitating factors and appropriate responses before they require more acute intervention; and
- (d) Are compliant and cooperative with the recommended treatment plan.

(7) Informing and Educating Providers

As part of the DM programs, the CONTRACTOR shall educate providers regarding the guidelines and shall distribute the guidelines to providers who are likely to treat enrollees with the DM conditions. This includes, but is not limited to, PCPs and specialists involved in treating that particular condition. The CONTRACTOR shall also provide each PCP with a list of their patients enrolled in each DM program upon the member's initial enrollment and at least annually thereafter. The CONTRACTOR shall provide specific information to the provider concerning how the program(s) works. The DM's

provider education shall be designed to increase the providers' adherence to the guidelines in order to improve the members' conditions.

(8) Program Evaluation

The CONTRACTOR shall establish measurable benchmarks and goals for each DM program and shall evaluate the programs using these benchmarks and goals. These benchmarks and goals shall be specific to each condition but should include the following information. This information shall be reported to TENNCARE annually on July 1st in accordance with Section 2-10.13.7.

- (a) The total number of active enrollees having one or more of the diagnosis codes (ICD-9 Codes) relating to each of the required DM programs;
- (b) The active participation rate (as defined by NCQA) for each of the required DM programs, including the numerator and denominator used in calculating the rate
- (c) The number of individuals participating in each level or stratification of each of the DM programs;
- (d) Performance measured against at least two important aspects of the clinical practice guidelines associated with each DM program;
- (e) The rate of emergency department utilization and inpatient hospitalization for members with diabetes, asthma and congestive heart failure (rate calculations must be shown);
- (f) Neonatal Intensive Care Unit (NICU) days for births associated with members enrolled in the Maternity Management Program;
- (g). HEDIS measures related to any of the four DM projects; and
- (h). Any other performance measure associated with any of the four DM programs that the MCO has chosen to track.

17. Section 2-8 shall be deleted and replaced in its entirety so that the new Section 2-8 shall read as follows:

2-8. Complaints and Appeals

Members shall have the right to file appeals regarding adverse actions taken by the CONTRACTOR. For purposes of this requirement, appeal shall mean a member's right to contest verbally or in writing, any adverse action taken by the CONTRACTOR to deny, reduce, terminate, delay or suspend a covered service as well as any other acts or omissions of the CONTRACTOR which impair the quality, timeliness, or availability of such benefits. An appeal may be filed by the member or by a person authorized by the member to do so, including but not limited to, a provider with the member's written consent. Complaint shall mean a member's right to contest any other action taken by the CONTRACTOR or service provider other than those that meet the definition of an adverse action. The CONTRACTOR shall inform members of their complaint and appeal rights in the member handbook in compliance with the requirements in Section 2-6.2.c.1. The CONTRACTOR shall have internal complaint and appeal procedures for members in accordance with TennCare rules and regulations, the TennCare waiver, consent decrees, or court orders governing the appeals process.

The CONTRACTOR shall devote a portion of its regularly scheduled QM/QI committee meetings, as described in Section 2-9.8., to the review of member complaints and appeals that have been received.

The CONTRACTOR shall ensure that punitive action is not taken against a provider who files an appeal on behalf of a member with the member's written consent, supports a member's appeal, or certifies that a member's appeal is an emergency appeal and requires an expedited resolution in accordance with TennCare policies and procedures.

2-8.a. Appeals

The CONTRACTOR's appeal process shall include, at a minimum, the following:

- 2-8.a.1. The CONTRACTOR shall have a contact person who is knowledgeable of appeal procedures and direct all appeals, whether the appeal is verbal or the member chooses to file in writing, to TENNCARE. Should an enrollee choose to appeal in writing, the enrollee will be instructed to file via mail or fax to the designated TENNCARE P. O. Box or fax number for medical appeals.
- 2-8.a.2. The CONTRACTOR shall have sufficient support staff (clerical and professional) available to process appeals in accordance with TennCare requirements related to the appeal of adverse actions affecting a TennCare member. The CONTRACTOR shall notify TENNCARE of the names of appointed staff members and their phone numbers. Staff shall be knowledgeable about applicable state and federal law, TennCare rules and regulations, and all court orders and consent decrees governing appeal procedures, as they become effective.
- 2-8.a.3. The CONTRACTOR shall educate its staff concerning the importance of the appeals procedure, the rights of the member, and the time frames in which action must be taken by the CONTRACTOR regarding the handling and disposition of an appeal.
- 2-8.a.4. The CONTRACTOR shall identify the appropriate individual or body within the plan having decision-making authority as part of the appeal procedure.
- 2-8.a.5. The CONTRACTOR shall have the ability to take telephone appeals and accommodate persons with disabilities during the appeals process. Appeal forms shall be available at each service site and by contacting the CONTRACTOR. However, members shall not be required to use a TENNCARE approved appeal form in order to file an appeal.
- 2-8.a.6. Upon request, the CONTRACTOR shall provide members a TENNCARE approved appeal form(s).
- 2-8.a.7. The CONTRACTOR shall provide reasonable assistance to all appellants during the appeal process.
- 2-8.a.8. At any point in the appeal process, TENNCARE shall have the authority to remove a member from the CONTRACTOR's MCO when it is determined that such removal is in the best interest of the Member and TENNCARE.
- 2-8.a.9. The Contractor shall require providers to display notices of member's right to appeal adverse actions affecting services in public areas of each facility in accordance with TennCare rules and regulations. The Contractor shall ensure that providers have correct and adequate supply of public notices.
- 2-8.a.10. Neither the CONTRACTOR nor TENNCARE shall prohibit or discourage any individual from testifying on behalf of a member.
- 2-8.a.11. The CONTRACTOR shall ensure compliance with all notice requirements and notice content requirements specified in applicable state and federal law, TennCare rules and

Amendment Number 15 (cont.)

regulations, and all court orders and consent decrees governing notice and appeal procedures, as they become effective.

- 2-8.a.12. TENNCARE may develop additional appeal process guidelines or rules, including requirements as to content and timing of notices to members, which shall be followed by the CONTRACTOR. However, the CONTRACTOR shall not be precluded from challenging any judicial requirements and to the extent judicial requirements that are the basis of such additional guidelines or rules are stayed, reversed or otherwise rendered inapplicable, the CONTRACTOR shall not be required to comply with such guidelines or rules during any period of such inapplicability.
- 2-8.a.13 The CONTRACTOR shall provide general and targeted education to providers regarding expedited appeals(described in TennCare rules and regulations), including when an expedited appeal is appropriate, and procedures for providing written certification thereof.
- 2-8.a.14. The CONTRACTOR shall require providers to provide written certification regarding whether a member's appeal is an emergency upon request by a member prior to filing such appeal, or upon reconsideration of such appeal by the CONTRACTOR when requested by TENNCARE.
- 2-8.a.15. The CONTRACTOR shall provide notice to contract providers regarding provider responsibility in the appeal process, including but not limited to, the provision of medical records and/or documentation as described in Section 2-9.7.
- 2-8.a.16. The CONTRACTOR shall urge providers who feel they cannot order a drug on the TennCare Preferred Drug List (PDL) to seek prior authorization in advance, as well as to take the initiative to seek prior authorization or change or cancel the prescription when contacted by a member or pharmacy regarding denial of a pharmacy service due to system edits (i.e., therapeutic duplication, etc.)
- 2-8.a.17. Member eligibility and eligibility-related grievances and appeals, including termination of eligibility, effective dates of coverage, and the determination of premium and co-payment responsibilities shall be directed to the Department of Human Services.

If it is determined by TENNCARE that violations regarding the appeal guidelines have occurred by the CONTRACTOR, TENNCARE shall require that the CONTRACTOR submit and follow through with a corrective action plan. Failure to comply with the appeal guidelines issued by TENNCARE, including an acceptable corrective action plan, shall result in the CONTRACTOR being subject to liquidated damages as described in Section 6-8. of this Contract.

- 18. Section 2-9.3 shall be amended by adding a new 8 and renumbering the existing 2-9.3.8 through 2.9.3.13 accordingly, including all references thereto, so that the new Section 2-9.3.8 shall read as follows:

- 8. The CONTRACTOR shall maintain a 1-800 Nurse Triage line that shall be available to members 24 hours a day, seven days a week. The 24/7 Nurse Triage line service shall provide health information/education to patients; healthcare counseling/telephone triage to assess health status in order to steer patients to the appropriate level of care. The 24/7 Nurse Triage line shall assure effective patient management by avoiding over-utilization in inappropriate settings. The CONTRACTOR shall include information on the Nurse Triage line, including the telephone number and the services/information available by calling the line, in the member handbook and in quarterly member newsletters.

Amendment Number 15 (cont.)

19. Section 2-9.8.6 shall be amended by adding a new second paragraph so that the amended Section 2-9.8.6 shall read as follows:

6. Credentialing and Recredentialing

The CONTRACTOR utilizes current NCQA Standards and Guidelines for the Accreditation of MCOs for the credentialing and recredentialing of licensed independent practitioners with whom it contracts or employs and who fall within its scope of authority and action. The CONTRACTOR shall further adhere to the credentialing requirements described in Section 2-4.7.6 of this Contract regarding non-contract providers.

The CONTRACTOR shall completely process credentialing applications within thirty (30) calendar days of receipt of a completed, including all necessary documentation and attachments, credentialing application. Completely process shall mean that the CONTRACTOR shall review, approve and load approved applicants to their provider files in their claims processing system or deny the application and assure that provider is not included in the CONTRACTOR's network.

20. Section 2-9 shall be amended by adding a new 10 and renumbering the existing 10 through 13 as well as all references thereto, so that the new Section 2-9.10 shall read as follows:

2-9.10. Subrogation (Casualty) Recovery

The CONTRACTOR shall conduct diagnosis and trauma code editing to identify potential subrogation related claims. This editing should identify claims with a diagnosis of 800.00 thru 999.99 (excluding 994.6) or a claim submitted with an accident trauma indicator of 'Y'. TENNCARE approved questionnaires or other type TENNCARE approved forms shall be used to gather data and information pertinent to potential subrogation cases. TENNCARE shall determine a threshold amount for which a subrogation case should be pursued.

21. The renumbered Section 2-9.14.a.4 shall be deleted in its entirety and replaced by a new Section 2-9.14.a.4 which shall read as follows:

4. The CONTRACTOR shall promptly perform a preliminary investigation of all incidents of suspected and/or confirmed fraud and abuse. Unless prior approval is obtained from the agency to whom the incident was reported, or to another agency designated by the agency that received the report, after reporting fraud or suspected fraud and/or suspected abuse and/or confirmed abuse, , the CONTRACTOR shall not take any of the following actions as they specifically relate to TennCare claims:

- i. contact the subject of the investigation about any matters related to the investigation,
- ii. enter into or attempt to negotiate any settlement or agreement regarding the incident, or
- iii. accept any monetary or other thing of valuable consideration offered by the subject of the investigation in connection with the incident. .

22. Section 2-10.2.1 shall be amended by adding new text to the end of the existing text so that the amended Section 2-10.2.1 shall read as follows:

2-10.2.1. Enrollee Information, Weekly Reporting

The CONTRACTOR shall submit weekly reports in an electronic format, unless otherwise specified or approved by TENNCARE in writing, which shall serve as the source of information for a change in the enrollee's TennCare information. Such information shall serve as the source of

information for a change in the enrollee's address and/or selection of MCO plan. This report shall include enrollees who move outside the CONTRACTOR's service area as well as enrollees who move to a new address within the CONTRACTOR's service area. The CONTRACTOR agrees to work with the State to devise a methodology to use returned mail to identify enrollees who have moved and whose whereabouts is unknown.

Within ninety (90) days of the time that TENNCARE develops and describes to the CONTRACTOR the new reporting procedures, the CONTRACTOR shall also be required to include in the report, described above, any information which is known by the CONTRACTOR that may affect an enrollee's TennCare eligibility and/or cost sharing responsibilities including changes in income, family size, access to health insurance, third party resources including any known insurance policies and/or legal actions, proof of uninsurability including limited coverage and exclusionary riders to policies, whether or not the enrollee is incarcerated, or resides outside the State of Tennessee. The minimum data elements that will be required for this report can be found in Attachment XII, Exhibit A of this Contract.

The CONTRACTOR shall gather, store and update a minimum of the following health insurance information:

- Recipient SSN
- Type of Coverage (Inpatient, outpatient, pharmacy, dental, vision, etc.)
- Policyholder name
- Policyholder SSN, if available
- Policyholder's relationship to the recipient
- TennCare Carrier Number, Carrier name and address, if available
- Policy number
- Begin and end dates of policy.

Health insurance data provided by the CONTRACTOR that does not include the above required fields will be returned to the CONTRACTOR.

23. Section 2-10.3.1 shall be deleted and replaced in its entirety so that the amended Section 2-10.3.1 shall read as follows:

2-10.3.1 Monthly Provider Enrollment File

The CONTRACTOR shall furnish to TENNCARE at the beginning of the Agreement period an electronic report in the format specified by TENNCARE listing all providers enrolled in the TennCare plan, including but not limited to, physicians, dentists, hospitals, home health agencies, pharmacies, medical vendors, ambulance, etc. This listing shall include regularly enrolled providers, specialty or referral providers and any other provider, which may be enrolled for purposes of payment for services provided out-of-plan. The minimum data elements required for all provider listings required in this Section may be found in Attachment XII, Exhibit C of this Agreement. The CONTRACTOR shall be required to inquire as to the provider's race and/or national origin and shall report to TENNCARE the information, if any, furnished by the provider in response to such an inquiry. The CONTRACTOR shall be prohibited from requiring the provider to declare race and/or national origin and shall not utilize information regarding race or national origin obtained pursuant to such request as a basis for decisions regarding participation in the CONTRACTOR's provider network or in determination of compensation amounts.

Amendment Number 15 (cont.)

Thereafter, a complete electronic provider replacement file (full file refresh) shall be submitted on a monthly basis by the 5th of each month. This information shall be used to determine CONTRACTOR compliance with network adequacy standards and shall be used in conjunction with encounter data.

Each provider shall be identified by a Tennessee Medicaid I.D. number (i.e., each servicing provider in a group or clinic practice must be identified by a separate provider number). This unique identifier shall appear on all encounter data transmittals.

Within ten (10) working days of a request by TENNCARE, the CONTRACTOR shall provide an unduplicated listing of all contracted providers, in a format designated by TENNCARE.

Failure to report the provider information, as specified above, shall result in the application of liquidated damages as described in Section 6.7.2 of this Agreement.

24. Section 2-10.5.3 shall be deleted in its entirety and replaced by a new Section 2-10.5.3 which shall read as follows:

3. Reporting Provider Payment Issues

(a) If the CONTRACTOR does not automatically credit TENNCARE for receivables within ninety (90) calendar days, the CONTRACTOR shall determine the extent of the collection effort required based on the table below. This table identifies the minimum collection threshold for cumulative receivable balances. All collection efforts shall be clearly documented.

Receivable Balance	Collection Attempts		Forwarded to Collections
	45 Day	90 Day	
< \$10	None Required		
\$10 - \$49.99	✓		
\$50 - \$99.99	✓	✓	
\$100 - Over	✓	✓	✓
Responsibility	MCC		TENNCARE

The first notice shall occur by day forty-five (45) and may be in the form of notice in a remittance advice or a demand memo; however, the ninety (90) day notice must be made using a demand memo. Each of these notices shall be sent within five (5) business days of becoming due.

Additional collection attempts by the CONTRACTOR are not necessary if a collection notice is returned because the provider has gone out-of-business or has declared bankruptcy for the period the receivable was established. This circumstance must be reported in the "Uncollectible Accounts Report" as described below.

Failure to send the notices as scheduled may result in liquidated damages as described in Section 6-8 of this Contract.

(b) If the CONTRACTOR does not automatically credit TENNCARE for aged accounts within sixty (60) calendar days, the CONTRACTOR shall submit to TENNCARE, within ten (10) business days following the end of the month, an "Aged Accounts Receivable report". The effective date of this report shall be the last Friday of the previous month. The report shall have an easily identifiable date, contain a total report balance, and

provide <30, 30, 60, 90, and >120 calendar day balances. Although only totals are required, the CONTRACTOR may report aging balances at the account level. If the CONTRACTOR is not reporting at the account level, the CONTRACTOR shall have the capability to identify the detail that makes up a total if necessary.

- (c) If the CONTRACTOR does not automatically credit TENNCARE for uncollectible accounts within ninety (90) calendar days, the CONTRACTOR shall submit to TENNCARE, within ten (10) business days following the end of the month, an "Uncollectible Accounts Report", in a format described by TENNCARE, for accounts meeting the following criteria:

- (1) the account proves to be uncollectible after 120 calendar days, or
- (2) the provider account owner has gone out-of-business, or
- (3) the provider account owner has declared bankruptcy.

In addition to the "Uncollectible Accounts Report" report, the CONTRACTOR shall submit scanned copies of returned envelopes or legal documents referencing providers that have gone out-of-business and/or declared bankruptcy.

- (d) The Contractor shall provide TENNCARE a report, in a format described by TENNCARE, detailing all checks remitted to providers, enrollees or vendors on behalf of the State which remain outstanding (which have not been cashed) greater than one hundred eighty (180) calendar days. Reports are due monthly within fifteen (15) business days after the end of the month.

Failure to report outstanding checks to TENNCARE as described above may result in liquidated damages as described in Section 6-8 of this Contract.

25. Section 2-10.10.8 shall be deleted and replaced in its entirety so that the amended Section 2-10.10.8 shall read as follows:

2-10.10.8 Cost and Utilization Reports

- a. The CONTRACTOR shall report Cost and Utilization information for: Groups 1.A and 1.B; Group 2; and for all other Groups by TennCare enrollee eligibility category as described in Attachment XII, Exhibits L.1 through L.5 and as required below. CONTRACTOR shall submit a written explanation for how service data will be mapped to the categories identified in said Exhibits by August 1, 2002. These reports shall be maintained in an Excel spreadsheet format and shall be sent via e-mail to TENNCARE on a quarterly basis, based on incurred date, with a ninety (90) day lag and shall be due to TENNCARE one hundred five (105) calendar days following the quarter for which the CONTRACTOR is reporting.

1. Attachment XII, Exhibits L.1 through L.5 shall be submitted for each quarter on a "Cumulative Year to Date" basis.
2. Attachment XII, Exhibits L.1 through L.5 shall be submitted for each quarter on a "Rolling Twelve (12) Month" basis. Please note that the aggregated payment information of these reports for certain reporting periods should be reasonably tied to the CONTRACTOR's MSBT reports, and invoices/encounters submitted by the CONTRACTOR for the comparable periods.

- b. In order to support federal reporting requirements, the CONTRACTOR shall provide the Cost and Utilization information specified in Attachment XII, Exhibits L.1 through L.5, separately for

Amendment Number 15 (cont.)

individuals who are dually eligible for Medicaid and Medicare in response to an adhoc request from TennCare in accordance with the timeframes specified in Section 6-8.

26. Section 2-10.13.3 shall be amended by adding “or prior to enrollee’s beginning effective date” before “on a quarterly basis” in the first sentence so that the amended Section 2-10.13.3 shall read as follows:

2-10.13.3. PCP Assignment

The CONTRACTOR shall submit a report to TENNCARE including the total number of enrollees and percentage of total enrollees in each Grand Region that have not been assigned to a primary care provider (PCP) within thirty (30) days of enrollment or prior to enrollee’s beginning effective date, on a quarterly basis. This report shall be submitted electronically.

27. Section 2-10.13.7 shall be deleted and replaced in its entirety so that the amended Section 2-10.13.7 shall read as follows:

2-10.13.7. Disease Management Reports

- (a) The CONTRACTOR shall submit a quarterly *Disease Management Update Report* that includes, for each disease management program as described in Section 2-7.1.f, a brief narrative description of the program, the total number of members in the program, the total number of members enrolled and disenrolled during the quarter, and a description of the specific provider and member interventions performed during the quarter. The report shall be submitted in a format prescribed by TENNCARE.
- (b) Annually on July 1st, the CONTRACTOR shall submit a *Disease Management Report* that includes, the information specified in 2-7.1.f (5) and (8). The report shall be submitted in a format prescribed by TENNCARE.

28. Section 2-10 shall be amended by adding a new Section 2-10.18 which shall read as follows:

2-10.18. Benefits/Service Requirements and Limits Reports

The CONTRACTOR shall submit a quarterly *Service Threshold Report* in the format prescribed by TENNCARE. At minimum, the report shall include: the number of members who reached each service threshold; confirmation that all members who reached the service threshold for mandatory enrollment in MCO case management or a disease management program were enrolled; the number of members who reached the service threshold for evaluation of appropriateness for enrollment in MCO case management or disease management who were evaluated for enrollment; the number of those members evaluated who were enrolled in MCO case management or disease management (by program); and the number of those members who were evaluated but not enrolled in MCO case management or disease management by reason.

29. Section 2-18.ee shall be amended by deleting “non-emergency” so that the amended Section 2-18.ee shall read as follows:

2-18.ee. Specify that the TennCare Provider Independent Review of Disputed Claims process shall be available to providers to resolve claims denied in whole or in part by the MCO as provided at T.C.A. 56-32-226(b).

Amendment Number 15 (cont.)

- 2-18. ff. Include a conflict of interest clause as stated in subsections (a) and (c) of Section 6-7, Gratuities clause as stated in 6-11 and Lobbying clause as stated in 6-12 of this Contract between the CONTRACTOR and TENNCARE;
30. Section 2-24.i shall be amended by adding a new sentence to the end so that the amended Section 2-24.i shall read as follows:
- 2-24.i. On an annual basis, the CONTRACTOR's Title VI Compliance Plan and Assurance of Non-discrimination. The signature date of the CONTRACTOR's Title VI Compliance Plan is to coordinate with the signature date of the CONTRACTOR's Assurance of Non-discrimination Compliance.
31. Section 2-25 shall be amended by adding a new subsection e which shall read as follows:
- e. Payments to the Meharry Medical Services Foundation and/or the Meharry Dental Clinic under this amendment shall not exceed \$13,000,000 for State fiscal year 2007. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the supplemental payment to Meharry Medical Services Foundation and/or the Meharry Dental Clinic shall not exceed \$13,265,306 for State fiscal year 2007. At such time that Federal Regulations allow, TENNCARE may discontinue making supplemental pool payments through the CONTRACTOR during State fiscal year 2007.
32. Section 2-26 shall be amended by adding a new subsection e which shall read as follows:
- e. Payments to the critical access hospitals under this amendment shall not exceed \$10,000,000 for State fiscal year 2007. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the payments to the hospitals shall not exceed \$10,204,082 for State fiscal year 2007. At such time that Federal Regulations allow, TENNCARE may discontinue making supplemental pool payments through the CONTRACTOR during State fiscal year 2007.
33. Section 2-27 shall be amended by adding a new subsection b which shall read as follows:
- a. Upon notice by TENNCARE, the Contractor will pay each provider the Quarterly Payment Due presented in the schedule provided by TENNCARE each quarter (period covering July 1, 2006 through June 30, 2007) of the State's fiscal year. The amount of quarterly payments may vary. The actual payment amount for each quarter will be provided by TENNCARE and will be based on the disbursement methodology recommended by TENNCARE's actuaries. Disbursements to providers by the CONTRACTOR, under this amendment, shall not exceed **\$100,000,000**, as presented in the schedule provided by TENNCARE. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. Payments to the CONTRACTOR, under this amendment, will not exceed **\$102,040,816**.
34. Section 2-28.b and c shall be deleted and replaced in their entirety so that the amended Section 2-28 shall read as follows:

Community Health Record

Amendment Number 15 (cont.)

- a. Contractor Responsibility for Community Health Record. Effective July 1, 2005, VSHP shall receive all data to be contained in the CHR. VSHP will provide a health maintenance module within the CHR which captures individual progress toward receiving targeted preventive health interventions for their cohort (i.e. EPSDT requirements for children and youth). The module helps clinicians recognize opportunities for educational and preventative healthcare services for their patients at the point of care. VSHP will link all of this data based on an Enterprise Master Person Index (EMPI). The EMPI provides a central repository for person-centric data from a variety of contributing systems. EMPI facilitates the integrity of a single person record. The mission of the EMPI is to provide the functionality for the end-user to find the right person and the right information at the right time. Additionally, the EMPI provides a solution to identify and eliminate as many duplicate records as possible.
- b. Community Health Record Deliverables. Effective July 1, 2005, version 1.0 of the CHR shall be available to TENNCARE for VSHP contracted providers and all enrollees assigned to BlueCare/TennCare Select. Enrollees may opt out in which case the enrollee's information will be omitted from view through the CHR. The CHR shall include the following enrollee information:
- Patient Demographics
 - Primary Care Physicians (PCPs) identified
 - Claimed visit information from claims detail
 - Medication information from claims detail
 - State immunization information
 - Lab data information from claims detail
 - Interactivity by the provider through EPSDT (TenderCare) documentation to include 16 age specific forms complying with current periodicity
- c. Community Health Record Electronic Prescribing Function

Beginning no later than October 31, 2005, as a component of the Community Health Record function of TennCare Select, the Contractor shall begin making available to VSHP contracted providers the following electronic prescribing functionality to allow for prescribing medications:

- Eligibility
- Formulary information
- Drug to drug compatibility
- Drug to allergy checking
- Dose range checking based on predetermined characteristics including age, height, weight and additional attributes
- Member and provider education as regards co-pays and total costs differentials for brand names versus generic utilization
- Appropriate therapeutic substitution
- Step care progression relevant to clinical process

Effective no later than September 1, 2006, VSHP shall make available the current version of the Community Health Connection to all TennCare providers for the entire TennCare population, with the exception of enrollees who opt out, not to exceed 1.3 million members. Prior to September 1, 2006, VSHP shall commence comprehensive communication, marketing and outreach programs to providers to maximize the number of providers who utilize the Shared Health System. VSHP shall target a 10% provider adoption rate by TennCare providers no later than nine (9) months following the implementation of all TennCare enrollees of 3rd Quarter 2006; 16% in Year 2 and 25% in Year 3.

Amendment Number 15 (cont.)

Further guidance, including but not limited to, timeframes and procedural requirements will be provided in the memorandum of understanding between the State and Shared Health.

d. Cooperation with Regional Health Information Organizations

Consistent with the state's objectives to further electronic community health record efforts more broadly, VSHP and its sub-contractors shall, in keeping with the obligations and goals of this agreement, cooperate with contracted Regional Health Information Organizations as directed by TennCare.

e. Use of Community Health Record Information

The CONTRACTOR agrees that all information, including but not limited to, studies, draft manuscripts, etc., to be used for any other purpose than to fulfill the obligations of this Contract shall be submitted to TENNCARE for review and written, expressed approval prior to its release and/or use.

35 Section 5-1.b., c., i and j shall be deleted in their entirety and replaced by new Sections 5-1.b., c., i and j which shall read as follows:

b. Effective January 1, 2003, the administrative fee paid for enrollees in Group 1.A, Group 1.B and Group 2 shall be \$25.00 per member per month. Effective July 1, 2006, the administrative fee paid for enrollees in Group 1.A, Group 1.B and Group 2 shall be \$25.20 per member per month.

c. Effective January 1, 2003, the administrative fee paid for enrollees in Group 3, Group 4, Group 5 and Group 6 shall vary based on the total number of enrollees in these groups as follows:

Enrollment Level	Administrative Fee
0 to 99,999 enrollees	\$11.37
100,000 to 199,999 enrollees	\$11.25
200,000 to 299,999 enrollees	\$11.12
300,000 to 399,999 enrollees	\$11.00
400,000 to 499,999 enrollees	\$10.89
500,000 to 599,999 enrollees	\$10.68
600,000 to 699,999 enrollees	\$10.53
700,000 to 799,999 enrollees	\$10.38
800,000 to 899,999 enrollees	\$10.23
900,000 to 999,999 enrollees	\$10.08
1,000,000 or more enrollees	\$9.93

Effective July 1, 2006, the administrative fee paid for enrollees in Group 3, Group 4, Group 5 and Group 6 shall vary based on the total number of enrollees in these groups as follows:

Enrollment Level	Administrative Fee
0 to 99,999 enrollees	\$11.57
100,000 to 199,999 enrollees	\$11.45
200,000 to 299,999 enrollees	\$11.32
300,000 to 399,999 enrollees	\$11.20
400,000 to 499,999 enrollees	\$11.09
500,000 to 599,999 enrollees	\$10.88
600,000 to 699,999 enrollees	\$10.73
700,000 to 799,999 enrollees	\$10.58
800,000 to 899,999 enrollees	\$10.43
900,000 to 999,999 enrollees	\$10.28
1,000,000 or more enrollees	\$10.13

Amendment Number 15 (cont.)

- 11.32
- i. The applicable administrative fee shall be determined based upon the total number of enrollees in the month preceding the month in which payment is made to the Contractor as determined by TENNCARE. The administrative fee specified shall be applicable to all enrollees in Group 3, Group 4, Group 5 and Group 6 upon attainment of an enrollment level. For example, if enrollment for the month of February is 250,000 enrollees, the administrative fee payment for the month of March shall be \$11.12 per member per month for each Group 3, Group 4, Group 5 and Group 6 enrollee assigned to the CONTRACTOR during the month of March, adjusted as set forth in subparagraphs 5-1.d through 5-1.j, if applicable.
 - i. Effective July 1, 2005 through August 31, 2006, VSHP shall provide all services required to maintain the CHR, EPSDT documentation and reporting analytics as related to said CHR as defined above, at no additional charge to the TennCare Bureau. Effective July 1, 2006 through June 30, 2007, VSHP shall be reimbursed an administration fee for maintaining and providing the CHR of \$1.20 PMPM for enrollees participating in the CHR. TENNCARE shall not reimburse the additional \$1.20 PMPM for enrollees who opt out and are omitted from the CHR. Upon sixty (60) calendar days prior written notice, the State may terminate the services to be provided under this section of this agreement with or without cause, and/or for convenience. Upon provision of said notice and at the conclusion of the sixty (60) calendar day notice period VSHP's obligation to provide necessary services to maintain the CHR will end and the State shall have no further obligation to reimburse the \$1.20 PMPM administration fee.
 - j. Pay-for-Performance Administrative Fee for Disease Management (DM)
 1. Depending of the level of performance, the CONTRACTOR may earn up to \$0.12 pmpm in the form of a supplemental administrative fee for disease management.

On July 1, 2006, the CONTRACTOR will be eligible for an additional \$0.03 pmpm, applied to member months from the period of July 1, 2005 to June 30, 2006, if their HEDIS 2006 HbA1c testing rate is at or above the 50th percentile for Medicaid HEDIS 2005, as reported by NCQA. In addition, on July 1, 2006, the CONTRACTOR will be eligible for an additional \$0.03 pmpm, applied to member months from the period of July 1, 2005 to June 30, 2006, if their HEDIS 2006 Prenatal Care rate is at or above the 75th percentile for Medicaid HEDIS 2005, as reported by NCQA.

On December 31, 2006, the CONTRACTOR will report the following ED utilization data to TENNCARE:

1. Emergency department visits with a diagnosis of asthma divided by total number of enrollees in the MCO with a diagnosis of asthma, multiplied by 1000 for the time periods July 1 – September 30 in calendar year 2005 and in calendar year 2006.
2. Emergency department visits with a diagnosis of congestive heart failure divided by total number of enrollees in the MCO with a diagnosis of congestive heart failure, multiplied by 1000 for the time periods July 1 – September 30 in calendar year 2005 and in calendar year 2006.

Emergency Department visits shall include all ER visits even if the visit results in a 23 Hour Observation or an inpatient stay. Include Emergency Department visits whether or not an actual payment to the provider was made for the services.

The CONTRACTOR will be eligible for an additional \$0.03 pmpm, applied to member months from the period of January 1, 2006 to December 31, 2006, if the ED visit rate per 1000 for asthma has decreased by at least 5% from 2005. Similarly, the CONTRACTOR will be eligible for an additional \$0.03 pmpm, applied to member months from the period of January 1, 2006 to

Amendment Number 15 (cont.)

December 31, 2006, if the ED visit rate per 1000 for congestive heart failure has decreased by at least 5% from 2005.

Beginning on July 1, 2007, the supplemental administrative fee will be referred to as a Quality Incentive and will be based on HEDIS, CAHPS and/or utilization criteria specified by TennCare and assessed annually. The CONTRACTOR will be advised of the specific methodology that will be used for the July 1, 2007 supplemental fee determination, by September 1, 2006.

The CONTRACTOR's eligibility for the supplemental administrative fee payment described in this Section shall not adjust the base administrative fee described elsewhere in this Section 5-1 of this Contract for effective dates not described in this Section 5-1.j.

36. Section 5-3.a shall be amended by adding new text so that the amended Section 5-3.a shall read as follows:

- a. **Medical Services Payments.** The CONTRACTOR shall assure that payments are not issued to providers that have not obtained a Tennessee Medicaid provider number or for which disclosure requirements have not been obtained by the CONTRACTOR in accordance with 42 CFR 455.100 through 106 and Section 2-18 of this Contract. The CONTRACTOR shall prepare checks for payment on a periodic basis. The CONTRACTOR shall notify the State of the amount to be paid in a mutually acceptable form and substance at least 72 hours in advance of distribution of provider checks. The amount to be paid shall be reduced by the amount of third party recoveries captured in the claims processing system. The State shall release funds in the amount to be paid to providers to the CONTRACTOR. Funds shall be released within 72 hours of receipt of notice. In turn, the CONTRACTOR shall release payments to providers within 24 hours of receipt of funds from the State and provide TENNCARE with a check register or similar document that is generated from the managed care claims processing system supporting the release of these payments by no later than seven (7) calendar days after the CONTRACTOR's request of the funds.

For each request related to payments to providers through the CONTRACTOR's claims processing system, the CONTRACTOR shall provide a claims data extract in a format and media described by TENNCARE to support the payments released to providers. The CONTRACTOR should provide a reconciliation for the total paid amounts between the funds released for payment to providers, the supporting claims data extract, and the encounter data submissions for the relevant adjudication cycle. The reconciliation should be submitted within seven (7) days of the claims data extract.

Upon notification by TENNCARE, funds released to the CONTRACTOR for purposes of provider payments shall be made based on the CONTRACTOR's encounter data. TENNCARE shall implement this process by initially making payments based on all encounters and providing the CONTRACTOR an error report of unacceptable encounter records. The final phase of implementation shall result in TENNCARE releasing funds based on clean encounters only. Once TENNCARE releases funds based solely on clean encounter data, the CONTRACTOR will no longer be required to submit the claims data extract. The reconciliation and check register must continue to be submitted on a weekly basis for the previous weeks check release.

The CONTRACTOR shall pursue and report on providers which maintain an accounts-payable balance or maintain outstanding checks in accordance with Section 2-10.1 of this Agreement.

37. Section 6-7 shall be deleted and replaced in its entirety so that the amended Section 6-7 shall read as follows:

6-7. Conflict of Interest

- (a) The CONTRACTOR warrants that no part of the total Contract amount provided herein shall be paid directly or indirectly to any officer or employee of the State of Tennessee as wages, compensation, or gifts in exchange for acting as officer, agent, employee, subcontractor, or consultant to the CONTRACTOR in connection with any work contemplated or performed relative to this Contract unless otherwise authorized by the Commissioner, Tennessee Department of Finance and Administration. The authorization may be requested in writing to the Commissioner of Finance and Administration. (See 45 CFR 93.100 *et seq.*, 31 USC 1352, TCA 3-6-101 *et seq.*, 3-6-201 *et seq.*, 3-6-301 *et seq.*, and 8-50-505.)
- (b) By December 31 of each year disclosure shall be made by the CONTRACTOR to the Deputy Commissioner of the Bureau of TennCare, Department of Finance and Administration in writing. The disclosure shall include the following:
 - 1. A list of any officer or employee of the State of Tennessee who receives wages or compensation in connection with work performed under this Contract;
 - 2. A statement of the reason or purpose for the wages or compensation; and
 - 3. A statement that the Commissioner of Department of Finance and Administration has authorized this arrangement.
- (c) This Contract may be terminated by TENNCARE if it is determined that the CONTRACTOR, its agents or employees offered or gave gratuities of any kind to any officials or employees of the State of Tennessee. The CONTRACTOR certifies that no member of or delegate of Congress, the United States General Accounting Office, DHHS, CMS, or any other federal agency has or will benefit financially or materially from this Contract.

The CONTRACTOR shall include the substance of this clause in all subcontracts and provider agreements.

- 38. The Liquidated Damages chart of Program Issues in Section 6-8.b.2 shall be deleted and replaced in its entirety so that the amended Chart of Liquidated Damages shall read as follows:

CLASS	PROGRAM ISSUES	DAMAGE
A.1	Failure to comply with claims processing as described in Section 2-9.7 of this Agreement	\$10,000 per month, for each month that TENNCARE determines that the CONTRACTOR is not in compliance with the requirements of Section 2-9.7 of this Agreement.
A.2	Failure to comply with licensure requirements in Section 2-9.4 of this Contract	\$5,000 per calendar day that staff/provider/agent/subcontractor is not licensed as required by applicable state law plus the amount paid to the staff/provider/agent/subcontractor during that period

Amendment Number 15 (cont.)

A.3	Failure to respond to a request by DCS or TENNCARE to provide service(s) to a child in DCS custody or at risk of entering DCS custody as described in Section 3 of this Agreement	\$1000 per occurrence
A.4	Failure to comply with obligations and timeframes in the delivery of EPSDT screens and related services	\$1000 per occurrence
A.5	Denial of a request for services to a child in DCS custody or at risk of entering DCS custody when the services have been reviewed and authorized by the TENNCARE Chief Medical Officer	\$1000 per occurrence
A.6	Failure to provide a service or make payments for a service within five (5) calendar days of a reasonable and appropriate directive from TENNCARE to do so or upon approval of the service or payment by the CONTRACTOR during the appeal process, or within a longer period of time which has been approved by TENNCARE upon a plan's demonstration of good cause.	\$500 per day beginning on the next calendar day after default by the plan in addition to the cost of the services not provided.
A.7	Failure to provide proof of compliance to the Bureau Office of Contract Compliance and Performance within five (5) calendar days of a reasonable and appropriate directive from TennCare or within a longer period of time which has been approved by TENNCARE upon a plan's demonstration of Good Cause.	\$500 per day beginning on the next calendar day after default by the plan.
A.8	Failure to comply with this Agreement and federal rules/law regarding Sterilizations/Abortions/Hysterectomies as outlined in Section 2-3.11 of this Agreement	\$500 per violation or the actual amount of the federal penalty created by this violation, whichever is greater.
A.9	Failure to provide coverage for prenatal care without a delay in care and in accordance with the terms of this Agreement	\$500 per day, per occurrence, for each day that care is not provided in accordance with the terms of this Agreement.
A.10	Failure to comply with the notice requirements of the TENNCARE rules and regulations or any subsequent amendments thereto, and all court orders governing appeal	\$500 per occurrence in addition to \$500 per calendar day for each calendar day required notices are late or deficient or for each calendar day beyond the required time frame that the appeal is

	procedures, as they become effective.	unanswered in each and every aspect and/or each day the appeal is not handled according to the provisions set forth by this Agreement or required by TENNCARE
A.11	Failure to provide continuation or restoration of services where enrollee was receiving the service as required by the TENNCARE rules or any subsequent amendments thereto, all applicable state or federal law, and all court orders governing appeal procedures as they become effective.	An amount sufficient to at least offset any savings the CONTRACTOR achieved by withholding the services and promptly reimbursing the enrollee for any costs incurred for obtaining the services at the enrollee's expense. \$500 per day for each calendar day beyond the 2 nd business day after an On Request Report regarding a member's request for continuation of benefits is sent by TENNCARE.
A.12	Failure to forward an expedited appeal to TENNCARE in twenty-four (24) hours or a standard appeal in five (5) days.	\$500 per calendar day.
A.13	Failure to provide complete documentation, including medical records, and comply with the timelines for responding to a medical appeal as set forth in TennCare rules and regulations and all court orders and consent decrees governing appeals procedures as they become effective.	\$500 per calendar day for each calendar day beyond the required time frame that the appeal is unanswered in each and every aspect and/or each day the appeal is not handled according to the provisions set forth by this Contract or required by TENNCARE.
A.14	Failure to submit a timely corrected notice of adverse action to TENNCARE for review and approval prior to issuance to the member.	\$1,000 per occurrence if the notice remains defective plus a per calendar day assessment in increasing increments of \$500 (\$500 for the first day, \$1,000 for the second day, \$1,500 for the third day, etc.) for each day the notice is late and/or remains defective.
A.15	Per the Revised Grier Consent Decree, "Systemic problems or violations of the law" (e.g., a failure in 20% or more of appealed cases over a 60-day period) regarding any aspect of medical appeals processing pursuant to TennCare rules and regulations and all court orders and consent decrees governing appeal procedures, as they become effective.	First occurrence: \$500 per instance of such "systemic problems or violations of the law", even if damages regarding one or more particular instances have been assessed (in the case of "systemic problems or violations of the law" relating to notice content requirements, \$500 per notice even if a corrected notice was issued upon request by TENNCARE). Damages per instance shall increase in \$500 increments for each subsequent "systemic problem or violation of the law" (\$500 per instance the first time a

Amendment Number 15 (cont.)

		<p>“systemic problem or violation of the law” relating to a particular requirement is identified; \$1,000 per instance for the 2nd time a “systemic problem or violation of the law” relating to the same requirement is identified; etc.)</p>
A.16	<p>Systemic violations regarding any aspect of the requirements in accordance with this Contract and the TennCare rules and regulations.</p>	<p>First occurrence: \$500 per instance of such systemic violations, even if damages regarding one or more particular instances have been assessed.</p> <p>Damages per instance shall increase in \$500 increments for each subsequent systemic violation (\$500 per instance the first time a systemic violation relating to a particular requirement is identified; \$1,000 per instance for the 2nd time a systemic violation relating to the same requirement is identified; etc.)</p>
A.17	<p>Failure to adhere to ED guidelines as described in Section 2-7.1.e of this Contract.</p>	<p>\$1000 per occurrence for each failure to enroll a member identified per 2-7.1.e in active case management.</p> <p>\$5000 per occurrence for each failure to assist a member in arranging care in an alternative setting per 2-7.1.e (7) or (8).</p>
A.18	<p>Failure to 1) provide an approved service timely, i.e., in accordance with timelines specified in the Special Terms and Conditions for Access in the TennCare Waiver or Attachment III, or when not specified therein, with reasonable promptness; or 2) issue appropriate notice of delay with documentation upon request of ongoing diligent efforts to provide such approved service.</p>	<p>The cost of services not provided plus \$500 per day, per occurrence, for each day 1) that approved care is not provided timely; or 2) notice of delay is not provided and/or the MCC fails to provide upon request sufficient documentation of ongoing diligent efforts to provide such approved service.</p>
B.1	<p>Failure to report Specialty listings to PCP providers as required by this Agreement</p>	<p>\$500 per calendar day.</p>
B.2	<p>Failure to complete or comply with corrective action plans as required by TENCARE</p>	<p>\$500 per calendar day for each day the corrective action is not completed or complied with as required.</p>
B.3	<p>Failure to seek, collect and/or report third party recoveries to TENNCARE.</p>	<p>\$500 per day for each calendar day that TENNCARE determines the CONTRACTOR is not making reasonable effort to seek and collect third party recoveries.</p>

Amendment Number 15 (cont.)

B.4	Deadlines for Achieving NCQA Accreditation	Termination of the Agreement for Breach as described in Section 6-2 for consistent failure to meet the deadlines described in Section 2-9.8.7 of this Agreement.
B.5	Failure to submit Audited HEDIS and CAHPS Reports Annually by June 15 th as described in Section 2-9. 8.7 and 2-10.13.4	\$250 per day for every calendar day reports are late.
B.6	Failure to submit NCQA Accreditation Report as described in Sections 2-9.8.7 and 2-10.13.6	\$500 per day for every calendar day beyond the 10 th calendar day Accreditation Status is not reported.
B.7	Failure to comply with Conflict of Interest, Lobbying, and Gratuities requirements described in Section 6-7, 6-11 or 6-12.	110% of the total amount of compensation paid by the CONTRACTOR to inappropriate individuals as described in Section 6-7, 6-11 or 6-12 and possible termination of the Agreement as described in 6-7, 6-11 or 6-12.
B.8	Failure to submit TennCare Disclosure of Lobbying Activities Form by CONTRACTOR	\$1000.00 per day that disclosure is late
B.9	Failure to comply with Offer of Gratuities constraints described in Section 6-11	110 % of the total benefit provided by the CONTRACTOR to inappropriate individuals and possible termination of the Agreement for Breach as described in 6-2 of this Agreement.
B.10	Failure to obtain approval of Marketing Materials.	\$500 per day for each calendar day that TENNCARE determines the CONTRACTOR has provided enrollee material that has not been approved by TENNCARE.
B.11	Failure to comply with Marketing timeframes for providing Member Handbooks, I.D. cards, Provider Directories, and Newsletters.	\$5000 for each occurrence.
B.12	Failure to achieve and/or maintain financial reserves in accordance with TCA.	\$500 per calendar day for each day that financial requirements have not been met.
B.13	Failure to submit the CONTRACTOR's annual NAIC filing as described in Section 2.10.8.	\$500 per calendar day.
B.14	Failure to submit the CONTRACTOR's quarterly NAIC filing as described in Section 2.10.8.	\$500 per calendar day.
B.15	Failure to submit audited financial statements as described in Section 2.10.8.	\$500 per calendar day.

Amendment Number 15 (cont.)

B.16	Failure to comply with fraud and abuse provisions as described in Section 2-9.13 of this Contract.	\$500 per calendar day for each day that the CONTRACTOR does not comply with fraud and abuse provisions described in Section 2-9.13 of this Contract.
B.17	Failure to send collection notices to providers as described in 2-10.5.3(a) of this Agreement.	\$100 per provider notice per month.
B.18	Failure to send detailed reports to TENNCARE as described in 2-10.5.3(b), (c) and (d) of this Contract.	\$500 per day for each day that report is late.
B.19	Failure to require and assure compliance with Ownership and Disclosure requirements.	\$5000 per provider disclosure/attestation for each disclosure/attestation that is not received or is received and signed by a provider that does not request or contain complete and satisfactory disclosure of the requirements outlined in 42 CFR 455, Subpart B.
B.20	Failure to maintain a complaint and appeal system as required in Section 2-8 of this Contract.	\$500 per calendar day
B.21	Failure to maintain required insurance as required in Section 2-20 of this Contract.	\$500 per calendar day
B.22	Imposing arbitrary utilization guidelines or other quantitative coverage limits as prohibited in Section 2-3.3 and 2-7.1 of this Contract.	\$500 per occurrence.
B.23	Failure to completely process a credentialing application within thirty (30) calendar days of receipt of a completed, including all necessary documentation and attachments, credentialing application as required in Section 2-4.7.6 and 2-9.8.6 of this Contract.	\$5000 per application that has not been approved and loaded into the CONTRACTOR's system or denied within thirty (30) calendar days of receipt of a completed credentialing application. And/Or \$1000 per application per day for each day beyond thirty (30) calendar days that a completed credentialing application has not been completed as described in Section 2-3.k.6 and 2-9.j.6 of this Contract.
B.24	Failure to maintain provider agreements in accordance with Section 2-18 of this Contract.	\$5000 per provider agreement found to be non-compliant with the requirements outlined in Section 2-18 of this Contract.

C.1	Failure to comply in any way with staffing requirements as described in Section 2-9 of this Agreement	\$250 per calendar day for each day that staffing requirements as described in Section 2-9 of this Agreement are not met.
C.2	Failure to report provider notice of termination of participation in the CONTRACTOR's plan	\$200 per day.
C.3	Failure to address or resolve problems with individual encounter records in a timely manner as required by TENNCARE.	An amount equal to the paid amount of the individual encounter record(s) that was rejected or, in the case of capitated encounters, the fee-for-service equivalent thereof as determined by TENNCARE.

39. Section 6-12 shall be deleted and replaced in its entirety so that the amended Section 6-12 shall read as follows:

6-12. Lobbying

The CONTRACTOR certifies by signing this Contract, to the best of its knowledge and belief, that federal funds have not been used for lobbying in accordance with 45 CFR Part 93 and 31 USC 1352. (See also TCA 3-6-101 *et seq.*, 3-6-201 *et seq.*, 3-6-301 *et seq.*, and 8-50-505.).

The CONTRACTOR shall disclose any lobbying activities using non-federal funds in accordance with 45 CFR Part 93.

Failure by the Contractor to comply with the provisions herein shall result in termination of the Contract and/or liquidated damages as provided in 6-8.b.2 (B.7, B.8 and B.9) of this Contract.

40. Attachment II shall be deleted in its entirety and shall now read "Left Blank Intentionally".
41. Attachment XII, Exhibit C shall be deleted and replaced in its entirety and shall read as follows:

**ATTACHMENT XII, EXHIBIT C
REQUIRED DATA ELEMENTS FOR PROVIDER ENROLLMENT REPORTING**

This provider listing shall include, at a minimum, the following data elements:

1. Provider name;
2. Provider address, including the address of all service sites operated by the provider (a P.O. Box is not acceptable);
3. Tax/Employer I.D. number (EIN) or Provider social security;
4. Provider's race and/or national origin;
5. Provider Specialty 1 and Specialty 2;
6. Provider license number and type of license (if applicable);

Amendment Number 15 (cont.)

7. Tennessee Medicaid Provider I.D. Number for the individual provider being enrolled (Should correspond to the Provider Name) .;
8. Unique Individual MCC Provider I.D. Number (Should correspond to the Provider Name);
9. Medicare I.D. number, if applicable (Should correspond to the Provider Name);
10. Initial Credentialing Date;
11. Recredentialing Date (This date must reflect the actual date recredentialing completed);
12. Provider telephone number (including area code) for each provider service site (up to 6 phone numbers);
13. Provider's Drug Enforcement Agency (DEA) number (if applicable);
14. Begin date of participation and end date of participation (if applicable);
15. Contracted Provider versus Non-Contracted Provider Indicator (single case agreements are considered Non-Contracted Providers);
16. Indicate whether or not the following services are provided by the provider: Obstetrics, General Surgery, Pediatrics, or EPSDT;
- 17.. Is the provider board certified;
18. The provider's service delivery county of practice; and
19. Indicate whether or not the provider's practice is limited to male or female patients;
20. Date disclosure form/attestation signed by provider;

For Dentists and Primary Care Providers (PCP) the following additional data elements are required:

21. Is the Dental / PCP's practice closed to new TennCare members as primary care patients;

For Primary Care Providers (PCPs only) the following additional data elements are required:

22. Does the PCP deliver babies;
23. Does the PCP provide prenatal care;
24. What is the youngest age each individual PCP will accept as a patient into the PCP's practice? (Age zero (00) equates to providing services to newborns);
25. What is the oldest age each individual PCP will accept as a patient into the PCP's practice? (Age 99 equates to Age 99 and older); and
26. How many members has the MCO assigned to each individual PCP for primary care service delivery?

Amendment Number 15 (cont.)

42. Attachment XII, Exhibits L.1 through L.3 shall be amended by deleting the words "Cumulative Year to Date" from the Header of each reporting format.
43. This Contract shall be amended by deleting the words "Office of Contract Development and Compliance (OCDC)" and replacing them with "Office of Contract Compliance and Performance (OCCP)".

Amendment Number 15 (cont.)

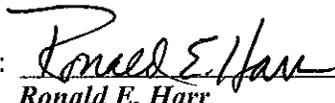

All of the provisions of the original Contract not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective July 1, 2006 or as of the date it is approved by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 14

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Amended and Restated Contractor Risk Agreement (CRA) by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and VOLUNTEER STATE HEALTH PLAN, INC., hereinafter referred to as the CONTRACTOR as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

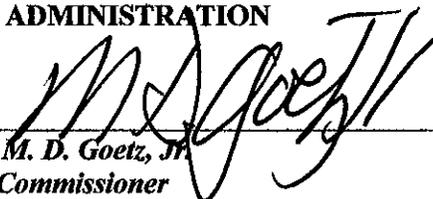

1. Part d. of Section 2-25 shall be amended by deleting 10,000,000 and replacing it with 13,000,000 so that the amended Section 2-25.d shall read as follows:
 - d. Payments to the Meharry Medical Services Foundation and/or the Meharry Dental Clinic under this amendment shall not exceed \$13,000,000 for State fiscal year 2006. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the supplemental payment to Meharry Medical Services Foundation and/or the Meharry Dental Clinic shall not exceed \$13,265,306 for State fiscal year 2006. At such time that Federal Regulations allow, TENNCARE may discontinue making supplemental pool payments through the CONTRACTOR during State fiscal year 2006.

Amendment Number 14 (cont.)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective as of the date it is approved by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 13

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. The Pharmacy Benefit described in Sections 2-3.1.1 and 2 shall be amended by adding clarification of Medicare Part D coverage effective January 1, 2006 so that the amended Pharmacy Benefits shall read as follows:

2-3.1.1

<p>Pharmacy Services (obtained directly from an ambulatory retail pharmacy setting, outpatient hospital pharmacy, mail order pharmacy or those administered to a long-term care facility resident (nursing facility))</p>	<p>As medically necessary. Non-covered therapeutic classes as described in Section 2-3.q, DESI, LTE, IRS drugs excluded.</p> <p>Effective July 1, 2000 through December 31, 2005, TENNCARE is responsible (whether directly or through a PBM) for the provision and payment of pharmacy benefits to individuals who are enrolled in the TennCare Program in the category of TennCare Medicaid/Medicare dual eligible. (However, this does not include pharmaceuticals administered in a doctor's office.)</p> <p>TENNCARE is not responsible for the provision and payment of pharmacy services for TennCare Medicaid/Medicare dual eligibles prior to the date that TENNCARE has notified the CONTRACTOR through the regular electronic eligibility update that these individuals are eligible in the TennCare/Medicare dual eligible category.</p> <p>Effective July 1, 2003, the aforementioned covered pharmacy services shall be provided by the Pharmacy Benefits Manager (PBM) contracted by the TENNCARE Bureau. Pharmacies providing home infusion drugs and biologics only (not including services) shall bill the PBM.</p> <p>Diabetic monitors and supplies as well as injectable drugs obtained directly from a pharmacy provider shall be included in the covered pharmacy services that will be provided by the TennCare Pharmacy Benefit Manager effective July 1, 2003.</p>
--	---

Amendment 13 (cont.)

	<p>The CONTRACTOR shall be responsible for reimbursement of injectable drugs obtained in an office/clinic setting in accordance with benefits described herein and to providers providing both home infusion services and the drugs and biologics. Effective July 1, 2005, the CONTRACTOR shall require that all home infusion claims contain NDC coding and unit information to be paid.</p> <p>Effective August 1, 2005, unless the CONTRACTOR is otherwise notified by TENNCARE, the Benefit Limits for Pharmacy coverage, as provided by the PBM shall be as follows:</p> <p>Non-Institutionalized Mandatory and Optional (other than Medically Needy) Medicaid Adults (Age 21 and older) and Pregnant Medically Needy Adults (Age 21 and older): 5 Prescriptions per Month of which only 2 may be Brand name</p> <p>Institutionalized Medicaid Adults (Age 21 and older): As medically necessary</p> <p>Medically Needy Non-Institutionalized, Non-Pregnant Adults (Age 21 and older): Non-covered.</p> <p>Standard Eligible, Age 21 and older: Non-covered</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary</p> <p>Effective January 1, 2006, provision and payment of pharmacy benefits to individuals who are enrolled in the TennCare Program in the category of TennCare Medicaid/Medicare dual eligible shall be administered by Medicare Part D.</p>
--	--

2-3.1.2

<p>Pharmacy Services</p>	<p>Pharmacy services shall be provided by the Pharmacy Benefits Manager (PBM), unless otherwise described below.</p> <p>Non-Institutionalized Mandatory and Optional (other than Medically Needy) Medicaid Adults (Age 21 and older) and Medically Needy Adults (Age 21 and older): 5 Prescriptions per Month of which only 2 may be Brand name</p> <p>Institutionalized Medicaid Adults (Age 21 and older): As medically necessary</p> <p>Standard Eligible, Age 21 and older: Non-covered</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary</p>
---------------------------------	---

Amendment 13 (cont.)

	<p>NOTE:</p> <p>Certain drugs (known as DESI, LTE, or IRS drugs) are excluded from coverage.</p> <p>Limits on Pharmacy benefits as well as the effective dates thereof are subject to change based on Waiver and/or Court negotiations.</p> <p>Effective July 1, 2003, the aforementioned covered pharmacy services shall be provided by the Pharmacy Benefits Manager (PBM) contracted by the TENNCARE Bureau. Pharmacies providing home infusion drugs and biologics <u>only (not including services)</u> shall bill the PBM.</p> <p>Diabetic monitors and supplies as well as injectable drugs obtained directly from a pharmacy provider shall be included in the covered pharmacy services that will be provided by the TennCare Pharmacy Benefit Manager effective July 1, 2003.</p> <p>CONTRACTOR RESPONSIBILITIES:</p> <p>The CONTRACTOR shall be responsible for reimbursement of injectable drugs obtained in an office/clinic setting in accordance with benefits described herein and to providers providing both home infusion services and the drugs and biologics. Effective July 1, 2005, the CONTRACTOR shall require that all home infusion claims contain NDC coding and unit information to be paid.</p> <p>Services reimbursed by the CONTRACTOR shall not be included in the Pharmacy Benefit Limits as described above.</p> <p>Effective January 1, 2006, provision and payment of pharmacy benefits to individuals who are enrolled in the TennCare Program in the category of TennCare Medicaid/Medicare dual eligible shall be administered by Medicare Part D.</p>
--	---

2. Section 2-26 shall be amended by deleting and replacing item d so that the new item d shall read as follows:
 - d. Payments to the critical access hospitals under this amendment shall not exceed \$10,000,000 for State fiscal year 2006. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the payments to the hospitals shall not exceed \$10,204,082 for State fiscal year 2006. At such time that Federal Regulations allow, TENNCARE may discontinue making supplemental pool payments through the CONTRACTOR during State fiscal year 2006.

3. Part a of Section 2-27 shall be deleted and replaced in its entirety so that the amended Section 2-27.a shall read as follows:
 - a. Upon notice by TENNCARE, the Contractor will pay each provider the Quarterly Payment Due presented in the schedule provided by TENNCARE each quarter (period covering July 1, 2005

Amendment 13 (cont.)

through June 30, 2006) of the State's fiscal year. The amount of quarterly payments may vary. The actual payment amount for each quarter will be provided by TENNCARE and will be based on the disbursement methodology recommended by TENNCARE's actuaries. Disbursements to providers by the CONTRACTOR, under this amendment, shall not exceed **\$150,000,000**, as presented in the schedule provided by TENNCARE. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. Payments to the CONTRACTOR, under this amendment, will not exceed **\$153,061,224**.

All of the provisions of the original Contract not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective as of the date it is approved by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 12

AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. TennCare's address for notices described in Section 1-1 shall be deleted and replaced by the current address and shall read as follows:

If to TENNCARE:

Deputy Commissioner
Bureau of TennCare
310 Great Circle Road
Nashville, Tennessee 37243

2. Section 1-3 is amended by adding a new definition for "Office of Inspector General" and "TENNCARE Representatives", deleting the definition of "Program Integrity" and deleting and replacing the definitions for "Medical Records", "State", "Tennessee Bureau of Investigation, Medicaid Fraud Control Unit" and "TennCare Standard Enrollee" so that the amended definitions shall read as follows:

Medical Records - All medical histories; records, reports and summaries; diagnoses; prognoses; records of treatment and medication ordered and given; X-ray and radiology interpretations; physical therapy charts and notes; lab reports; other individualized medical documentation in written or electronic format; and analyses of such information.

Office of Inspector General (OIG) - The Office of Inspector General investigates and may prosecute civil and criminal fraud and abuse of the TennCare program or any other violations of state law related to the operation of TennCare administratively, civilly or criminally.

State - The State of Tennessee, including, but not limited to, any entity or agency of the state, such as the Department of Finance and Administration, the Office of Inspector General, the Department of Mental Retardation, the Bureau of TennCare, the Medicaid Fraud Control Unit, the Department of Mental Health and Developmental Disabilities, the Department of Children's Services, the Department of Health, the TennCare Division within the Department of Commerce and Insurance and the Office of the Attorney General.

TennCare - The program administered by the single state agency, as designated by the state and CMS, pursuant to Title XIX of the Social Security Act and the Section 1115 research and demonstration waiver granted to the state of Tennessee and any successor programs.

Amendment 12 (cont.)

TENNCARE Representatives - The State of Tennessee and any entity authorized by statute or otherwise to act on behalf of the State of Tennessee in administering and/or enforcing the terms of this Contract. Such entity(s) may include, but are not limited to, the TennCare Bureau, the Department of Health, the Department of Finance and Administration, the Department of Mental Health and Mental Retardation, the TennCare Division within the Tennessee Department of Commerce and Insurance, the Office of Inspector General and the Tennessee Bureau of Investigation, Medicaid Fraud Control Unit.

TennCare Standard Enrollee – an enrollee who qualifies and has been determined eligible for benefits in the TennCare program through eligibility criteria designated as “TennCare Standard” as described in the approved TennCare waiver beginning on July 1, 2002, and as amended by CMS on March 24, 2005 and the TennCare Rules and Regulations.

Tennessee Bureau of Investigation, Medicaid Fraud Control Unit (TBI MFCU) – The Tennessee Bureau of Investigation’s Medicaid Fraud Control Unit has the authority to investigate and prosecute (or refer for prosecution) violations of all applicable state and federal laws pertaining to fraud in the administration of the Medicaid program, the provision of medical assistance, the activities of providers of medical assistance in the state Medicaid program (TennCare), allegations of abuse or neglect of patients in health care facilities receiving payments under the state Medicaid program, misappropriation of patients’ private funds in such facilities, and allegations of fraud and abuse in board and care facilities.

3. Section 2-1.h shall be deleted and replaced in its entirety so that the amended Section 2-1.h shall read as follows:
 - h. Comply with clear and measurable Provider Network, Claims Processing, Financial/Actuarial, Clinical/Quality and Member/Provider service standards of accountability defined by NCQA Standards and Guidelines, TENNCARE and as specified in this Contract.
4. Section 2-1.m shall be amended by deleting the sixth sentence so that the amended Section 2-1.m shall read as follows:
 - m. Agree to report all provider related data required pursuant to this Contract to TENNCARE using a uniform provider number (i.e., All MCOs must transmit each provider related record to TENNCARE using the same provider identification number regardless of which or how many MCOs the provider participates in). The uniform number to be reported for all providers except pharmacy will be the traditional “Medicaid” provider number. Prior to payment of a claim, the MCO shall require that providers that have not been enrolled in the TennCare Program previously as a Medicaid provider or as a provider who currently receives direct payment from TENNCARE (i.e., Medicare cost sharing) contact the Medicaid/TennCare Provider Enrollment Unit and obtain a “Medicaid” provider number. The issuance of a provider number by TennCare is simply for the purpose of establishing a common provider number for reporting purposes as required by this Section and does not imply any enrollment in the TennCare program or that TENNCARE has credentialed the provider or convey any other contractual relationship or any other responsibility with the provider. Pharmacy providers shall use the National Association Board of Pharmacy (NABP) number that has been assigned. CONTRACTOR agrees that at such time that the Centers for Medicare & Medicaid Services establishes a national uniform identification number, at the State’s request, the CONTRACTOR shall agree to utilize CMS’s newly established uniform provider numbers for all provider reporting purposes in accordance with timeframes established by CMS;
5. Section 2-2.t shall be deleted and replaced in its entirety so that the amended Section 2-2.t shall read as follows:
 - 2-2.t. The CONTRACTOR shall complete all necessary requirements to implement changes and process accurately all information necessary to successfully implement the Reform changes in accordance with state or federal law, rule or policy, including but not limited to benefit limits, cost sharing or copays or

Amendment 12 (cont.)

any other program change for which the MCO provides services. These changes shall be defined by TENNCARE. The CONTRACTOR agrees to test Reform changes prior to October 1, 2005. TENNCARE shall require the CONTRACTOR to track and report accumulated benefit information effective January 1, 2006; however, benefit limits shall not be imposed on enrollees prior to July 1, 2006 as described in Section 2-3.1.2 of this Contract. Further, the CONTRACTOR shall adhere to the effective dates of the changes as described in Section 2-3.1 of this Contract. Failure to successfully test and implement reform changes, as determined by TENNCARE, shall be considered breach of this Contract and the CONTRACTOR may be subject to termination in accordance with Section 6-2.b of this Contract;

6. Sections 2-3.1, 2-3.1.1 and 2-3.1.2 shall be deleted in their entirety and replaced by new Sections 2-3.1, 2-3.1.1 and 2-3.1.2 which shall read as follows:

2-3.1. TennCare Covered Benefits Chart

Effective July 1, 2006, benefits in the TennCare Program as provided by the CONTRACTOR are based on specified eligibility categories.

The CONTRACTOR shall cover, at a minimum, the services and benefits as outlined below.

2-3.1.1 TennCare Benefits, prior to July 1, 2006:

SERVICE	BENEFIT
Inpatient Hospital Services	As medically necessary.
Outpatient Hospital Services	As medically necessary.
Physician Inpatient Services	As medically necessary. This shall include acupuncture performed by a Physician or a registered nurse as an anesthetic in connection with a surgical procedure.
Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services	As medically necessary. This shall include acupuncture performed by a Physician or a registered nurse as an anesthetic in connection with a surgical procedure and services provided by a Primary Care Provider with a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx) or behavioral health services described in CPT procedure code range 96150 through 96155. CONTRACTOR covered services shall also include medical evaluations provided by a neurologist, as approved by the CONTRACTOR, and/or an emergency room provider, that result in a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx).
Lab & X-Ray Services	As medically necessary.
Newborn Services	As medically necessary including circumcisions performed by a physician.
Hospice Care	As medically necessary. Must be provided by an organization certified pursuant to Medicare Hospice requirements.

Amendment 12 (cont.)

	<p>If a Medicaid hospice patient resides in a nursing facility (NF), the CONTRACTOR must pay an amount equal to at least 95 percent of the prevailing NF room and board rate to the hospice provider.</p>
<p>Dental Services</p>	<p>Preventive, diagnostic and treatment services for enrollees under age 21.</p> <p>Services for enrollees age 21 or older limited to cases of accidental injury to or neoplasms of the oral cavity, life threatening infections that include, but are not limited to, individuals with severely compromised immune systems, organ donor recipients, or individuals with or scheduled to receive a prosthetic heart valve(s), accidental injury to natural teeth including their replacement (limited to the cost of bridgework or the replacement of teeth injured in an accident unless teeth implants are medically necessary) and the removal of impacted wisdom teeth. (The adult dental "accident" must be caused by some external force, like a car accident, not by some normal act of mastication, or grinding of teeth while sleeping, or any other naturally occurring circumstance and must have occurred during a period of TennCare eligibility and within twelve (12) months from the date service is requested.) Orthodontics limited to individuals under 21 except when an orthodontic treatment plan is approved prior to the enrollee attaining 20 1/2 years of age, and treatment is initiated prior to the recipient attaining 21 years of age, or when orthodontic treatment is the result of facial hemiatrophy or congenital birth defects (if enrollee was covered by TennCare at birth).</p> <p>Effective October 1, 2002, the aforementioned covered dental services shall be provided by the Dental Benefits Manager. The provision of transportation to and from said services as well as the medical and anesthesia services related to the dental service that are not provided by a dentist or in a dentist's office shall remain with the CONTRACTOR.</p> <p>Effective August 1, 2005, unless the CONTRACTOR is otherwise notified by TENNCARE, coverage shall be as follows:</p> <p>Medicaid/Standard Eligible, Age 21 and older: Non-covered.</p> <p>Medicaid/Standard Eligible, Under age 21: The CONTRACTOR shall cover Dental preventive, diagnostic and treatment services for enrollees under age 21. Orthodontics limited to individuals under 21 except when an orthodontic treatment plan is approved prior to the enrollee attaining 20 1/2 years of age, and treatment is initiated prior to the recipient attaining 21 years of age.</p> <p>Effective October 1, 2002, the aforementioned covered dental services shall be provided by the Dental Benefits Manager. The provision of transportation to and from said services as well as the medical and anesthesia services related to the dental service that are not provided by a dentist or in a dentist's office shall remain with the CONTRACTOR.</p> <p>(See Section 2-3.1, and 2-3.4)</p>

Amendment 12 (cont.)

<p>Vision Services</p>	<p>Preventive, diagnostic and treatment services (including eyeglasses) for enrollees under age 21. The first pair of cataract glasses or contact lens/lenses following cataract surgery is covered for adults.</p>
<p>Home Health Care</p>	<p>As medically necessary.</p>
<p>Pharmacy Services (obtained directly from an ambulatory retail pharmacy setting, outpatient hospital pharmacy, mail order pharmacy or those administered to a long-term care facility resident (nursing facility))</p>	<p>As medically necessary. Non-covered therapeutic classes as described in Section 2-3.13, DESI, LTE, IRS drugs excluded.</p> <p>TENNCARE is responsible for the provision and payment of pharmacy benefits to individuals who are enrolled in the TennCare Program in the category of TennCare Medicaid/Medicare dual eligible. (However, this does not include pharmaceuticals administered in a doctor's office.)</p> <p>TENNCARE is not responsible for the provision and payment of pharmacy services for TennCare Medicaid/Medicare dual eligibles prior to the date that TENNCARE has notified the CONTRACTOR through the regular electronic eligibility update that these individuals are eligible in the TennCare/Medicare dual eligible category.</p> <p>Effective July 1, 2003, the aforementioned covered pharmacy services shall be provided by the Pharmacy Benefits Manager (PBM) contracted by the TENNCARE Bureau. Pharmacies providing home infusion drugs and biologics only (not including services) shall bill the PBM.</p> <p>Diabetic monitors and supplies as well as injectable drugs obtained directly from a pharmacy provider shall be included in the covered pharmacy services that will be provided by the TennCare Pharmacy Benefit Manager effective July 1, 2003.</p> <p>The CONTRACTOR shall be responsible for reimbursement of injectable drugs obtained in an office/clinic setting in accordance with benefits described herein and to providers providing both home infusion services and the drugs and biologics. Effective July 1, 2005, the CONTRACTOR shall require that all home infusion claims contain NDC coding and unit information to be paid.</p> <p>Effective August 1, 2005, unless the CONTRACTOR is otherwise notified by TENNCARE, the Benefit Limits for Pharmacy coverage, as provided by the PBM shall be as follows:</p> <p>Non-Institutionalized Mandatory and Optional (other than Medically Needy) Medicaid Adults (Age 21 and older) and Pregnant Medically Needy Adults (Age 21 and older): 5 Prescriptions per Month of which only 2 may be Brand name</p> <p>Institutionalized Medicaid Adults (Age 21 and older): As medically necessary</p> <p>Medically Needy Non-Institutionalized, Non-Pregnant Adults (Age 21 and older): Non-covered.</p>

Amendment 12 (cont.)

	<p>Standard Eligible, Age 21 and older: Non-covered</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary</p>
Durable Medical Equipment	<p>As medically necessary.</p> <p>Specified DME services shall be covered/non-covered in accordance with the TennCare rules and regulations.</p>
Medical Supplies	As medically necessary.
Emergency Ambulance Transportation	As medically necessary.
Non-Emergency Ambulance Transportation	As medically necessary.
Non-Emergency Transportation	<p>As necessary for enrollees lacking accessible transportation for covered services.</p> <p>The travel to access primary care and dental services must meet the requirements of the waiver terms and conditions. The availability of specialty services as related to travel distance should meet the usual and customary standards for the community. However, in the event the MCO is unable to negotiate such an arrangement for an enrollee, transportation must be provided regardless of whether or not the enrollee has access to transportation. If the enrollee is a child, transportation must be provided for the child and an accompanying adult. However, transportation for a child shall not be denied pursuant to any policy which poses a blanket restriction due to enrollees age or lack of parental accompaniment. Any decision to deny transportation of a child due to an enrollee's age or lack of parental accompaniment must be made on a case-by-case basis and must be based on the individual facts surrounding the request. As with any denial, all notices and actions must be in accordance with the appeal process.</p> <p>At such time that TENNCARE carves out the CONTRACTOR's responsibility to provide Dental Services, the provision of transportation to and from said services shall remain with the CONTRACTOR.</p>
Community Health Clinic Services	As medically necessary.
Renal Dialysis Services	As medically necessary.
EPSDT Services for enrollees under age 21 in accordance with federal regulations as	Screening, interperiodic screening, diagnostic and follow-up treatment services as medically necessary in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989 for enrollees under 21.

Amendment 12 (cont.)

<p>described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.</p>	<p>Except for Dental services, Screens shall be in accordance with the periodicity schedule set forth in the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care" and all components of the screens must be consistent with the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care". Dental screens shall be in accordance with the latest periodicity schedule set forth by the American Academy of Pediatric Dentistry and all components of the screens must be consistent with the latest recommendations by the American Academy of Pediatric Dentistry. Tools to be used for screenings shall be consistent with the EPSDT Screening Guidelines as described in Attachment VIII of the Contract. EPSDT services also include maintenance services which are services which have been determined to be effective in preventing or mitigating the worsening of an individual's conditions or preventing the development of additional health problems.</p>
<p>Rehabilitation Services</p>	<p>As medically necessary when determined cost effective by the MCO.</p> <p>All medically necessary services shall be provided to enrollees under 21 years of age in accordance with EPSDT requirements including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.</p>
<p>Chiropractic Services</p>	<p>When determined cost effective by the MCO.</p>
<p>Private Duty Nursing</p>	<p>As medically necessary and when prescribed by an attending physician for treatment and services rendered by a registered nurse (R.N.) or a licensed practical nurse (L.P.N.), who is not an immediate relative.</p>
<p>Speech Therapy</p>	<p>As medically necessary, by a Licensed Speech Therapist to restore speech (as long as there is continued medical progress) after a loss or impairment. The loss or impairment must not be caused by a mental, psychoneurotic or personality disorder. All medically necessary services shall be provided to enrollees under 21 years of age in accordance with EPSDT requirements including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.</p>
<p>Sitter</p>	<p>As medically necessary, a sitter who is not a relative may be used where an enrollee is confined to a hospital as a bed patient and certification is made by a network physician that R.N. or L.P.N. is needed and neither is available.</p> <p>Effective August 1, 2005, Non-Covered, unless the CONTRACTOR is otherwise notified by TENNCARE.</p>
<p>Convalescent Care</p>	<p>Upon receipt of proof that a Covered Person has incurred Medically Necessary expenses related to convalescent care, the Plan shall pay for up to and including the one-hundredth (100th) day of confinement during any calendar year for convalescent facility(ies) room, board and general nursing care, provided: (1) a Physician recommends confinement for convalescence; (2) the enrollee is under the</p>

Amendment 12 (cont.)

	<p>continuous care of a Physician during the entire period of confinement; and (3) the confinement is required for other than custodial care.</p> <p>Effective August 1, 2005, Non-Covered, unless the CONTRACTOR is otherwise notified by TENNCARE.</p>
Organ and Tissue Transplants and Donor Organ Procurement	As medically necessary for a covered organ and tissue transplant.
Reconstructive Breast Surgery	<p>In accordance with TCA 56-7-2507, which requires coverage of all stages of reconstructive breast surgery on a diseased breast as a result of a mastectomy as well as any surgical procedure on the non-diseased breast deemed necessary to establish symmetry between the two breasts in the manner chosen by the physician. The surgical procedure performed on a non-diseased breast to establish symmetry with the diseased breast will only be covered if the surgical procedure performed on a non-diseased breast occurs within five (5) years of the date the reconstructive breast surgery was performed on a diseased breast.</p> <p>Note: Applicable CPT procedure codes regarding the revision of undiseased breast following mastopexy or mastectomy for breast cancer, for the purpose of restoring symmetry, shall be the CPT procedures codes in the following range: 19316 – 19396.</p>

2-3.1.2 TennCare Benefits, effective July 1, 2006:

Should TENNCARE eliminate a specified population from eligibility in the TennCare Program, Services/Benefits listed below shall no longer be applicable for said population.

TENNCARE shall provide the CONTRACTOR with a shortlist of services that shall be excluded from benefit limits that are described below.

If at anytime TENNCARE determines that certain benefit limits shall not be imposed or shall be implemented on a different effective date, TENNCARE shall notify the CONTRACTOR by written notice. To the extent that there are substantive changes in the benefit design from what is described below, the CONTRACTOR shall have a reasonable time frame to implement said substantive changes.

For purposes of this Section, "Institutionalized Medicaid" shall be defined as individuals who are receiving (as described in TennCare/Medicaid rules and regulations) long term care institutional services in a nursing home, an Intermediate Care Facility for the Mentally Retarded (ICF/MR) or waiver covered services provided through the Home and Community Based Services (HCBS) waiver for these institutional services.

SERVICE	BENEFIT
Inpatient Hospital Services	Non-Institutionalized Medicaid Eligible, Age 21 and older: Limited to 20 days per calendar year.

Amendment 12 (cont.)

	<p>Institutionalized Medicaid: As medically necessary.</p> <p>Standard Eligible, Age 21 and older: Limited to 20 days per calendar year.</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary, rehabilitation hospital facility services are covered under EPSDT for Medicaid eligible children and as medically necessary for Standard eligible children.</p> <p>NOTE: Age 21 and older: Inpatient rehabilitation hospital facility services may be covered when determined to be a cost-effective alternative by the MCO.</p>
<p>Outpatient Hospital Services</p>	<p>Non-Institutionalized Medicaid Eligible, Age 21 and older: Limited to 8 visits per calendar year.</p> <p>Institutionalized Medicaid: As medically necessary.</p> <p>Standard Eligible, Age 21 and older: Limited to 8 visits per calendar year.</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary.</p>
<p>Physician Inpatient Services</p>	<p>Non-Institutionalized Medicaid/Standard Eligible, Age 21 and older: Limited to 20 days per calendar year.</p> <p>Institutionalized Medicaid: As medically necessary.</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary.</p>
<p>Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services</p>	<p>Non-Institutionalized Medicaid/Standard Eligible, Age 21 and older: Limited to 12 visits per calendar year.</p> <p>Institutionalized Medicaid: As medically necessary.</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary.</p> <p>NOTE: This shall include services provided by a Primary Care Provider with a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx) or behavioral health services described in CPT procedure code range 96150 through 96155.</p> <p>CONTRACTOR covered services shall also include medical evaluations provided by a neurologist, as approved by the CONTRACTOR, and/or an emergency room provider, that result in a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx).</p>
<p>EPSDT</p>	<p>Medicaid/Standard Eligibles, Age 21 and older: not covered.</p>

Amendment 12 (cont.)

<p>Services for enrollees under age 21 in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.</p>	<p>Medicaid/Standard Eligibles, Under age 21: Covered as medically necessary, except that the screenings do not have to be medically necessary. Children may also receive screenings in-between regular checkups if a parent or caregiver believes there is a problem.</p> <p>Screening, interperiodic screening, diagnostic and follow-up treatment services as medically necessary in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989 for enrollees under 21. Except for Dental services, Screens shall be in accordance with the periodicity schedule set forth in the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care" and all components of the screens must be consistent with the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care". Dental screens shall be in accordance with the latest periodicity schedule set forth by the American Academy of Pediatric Dentistry and all components of the screens must be consistent with the latest recommendations by the American Academy of Pediatric Dentistry. Tools to be used for screenings shall be consistent with the EPSDT Screening Guidelines as described in Attachment VIII of the Contract. EPSDT services also include maintenance services which are services which have been determined to be effective in preventing or mitigating the worsening of an individual's conditions or preventing the development of additional health problems.</p>
<p>Preventive Care Services</p>	<p>As described in Section 2-3.3.</p>
<p>Lab and X-ray Services</p>	<p>Non-Institutionalized Medicaid/Standard Eligible, Age 21 and older: Limited to 10 visits per calendar year.</p> <p>Institutionalized Medicaid: As medically necessary.</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary.</p>
<p>Hospice Care</p>	<p>As medically necessary. Must be provided by a Medicare-certified hospice.</p> <p>If a Medicaid hospice patient resides in a nursing facility (NF), the CONTRACTOR must pay an amount equal to at least 95 percent of the prevailing NF room and board rate to the hospice provider.</p>
<p>Dental Services</p>	<p>Dental Services shall be provided by the Dental Benefits Manager.</p> <p>Medicaid/Standard Eligible, Age 21 and older: Non-covered.</p> <p>Medicaid/Standard Eligible, Under age 21: The CONTRACTOR shall cover Dental preventive, diagnostic and treatment services for enrollees under age 21. Orthodontics limited to individuals under 21</p>

Amendment 12 (cont.)

	<p>except when an orthodontic treatment plan is approved prior to the enrollee attaining 20 1/2 years of age, and treatment is initiated prior to the recipient attaining 21 years of age.</p> <p>Effective October 1, 2002, the aforementioned covered dental services shall be provided by the Dental Benefits Manager. The provision of transportation to and from said services as well as the medical and anesthesia services related to the dental service that are not provided by a dentist or in a dentist's office shall remain with the CONTRACTOR.</p> <p>(See Section 2-3.1, and 2-3.4)</p>
<p>Vision Services</p>	<p>Medicaid/Standard Eligible, Age 21 and older: Medical eye care, meaning evaluation and management of abnormal conditions, diseases, and disorders of the eye (not including evaluation and treatment of refractive state), will be covered but shall be subject to the service limitations as described elsewhere in this Contract. Routine periodic assessment, evaluation, or screening of normal eyes and examinations for the purpose of prescribing fitting or changing eyeglass and/or contact lenses will not be covered. One pair of cataract glasses or lenses is covered for adults following cataract surgery.</p> <p>Medicaid/Standard Eligible, Under age 21: Preventive, diagnostic, and treatments services (including eyeglasses), are covered as medically necessary.</p>
<p>Home Health Care</p>	<p>As medically necessary.</p>
<p>Pharmacy Services</p>	<p>Pharmacy services shall be provided by the Pharmacy Benefits Manager (PBM), unless otherwise described below.</p> <p>Non-Institutionalized Mandatory and Optional (other than Medically Needy) Medicaid Adults (Age 21 and older) and Medically Needy Adults (Age 21 and older): 5 Prescriptions per Month of which only 2 may be Brand name</p> <p>Institutionalized Medicaid Adults (Age 21 and older): As medically necessary</p> <p>Standard Eligible, Age 21 and older: Non-covered</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary</p> <p>NOTE: Certain drugs (known as DESI, LTE, or IRS drugs) are excluded from coverage.</p> <p>Limits on Pharmacy benefits as well as the effective dates thereof are subject to change based on Waiver and/or Court negotiations.</p>

Amendment 12 (cont.)

	<p>Effective July 1, 2003, the aforementioned covered pharmacy services shall be provided by the Pharmacy Benefits Manager (PBM) contracted by the TENNCARE Bureau. Pharmacies providing home infusion drugs and biologics only (not including services) shall bill the PBM.</p> <p>Diabetic monitors and supplies as well as injectable drugs obtained directly from a pharmacy provider shall be included in the covered pharmacy services that will be provided by the TennCare Pharmacy Benefit Manager effective July 1, 2003.</p> <p>CONTRACTOR RESPONSIBILITIES: The CONTRACTOR shall be responsible for reimbursement of injectable drugs obtained in an office/clinic setting in accordance with benefits described herein and to providers providing both home infusion services and the drugs and biologics. Effective July 1, 2005, the CONTRACTOR shall require that all home infusion claims contain NDC coding and unit information to be paid.</p> <p>Services reimbursed by the CONTRACTOR shall not be included in the Pharmacy Benefit Limits as described above.</p>
<p>Durable Medical Equipment</p>	<p>As medically necessary.</p> <p>Specified DME services shall be covered/non-covered in accordance with the TennCare rules and regulations.</p>
<p>Medical Supplies</p>	<p>As medically necessary.</p>
<p>Emergency Air And Ground Ambulance Transportation</p>	<p>As medically necessary.</p>
<p>Non-emergency Transportation (including Non-Emergency Ambulance Transportation)</p>	<p>As necessary to get an enrollee to and from covered services, for enrollees not having access to transportation. MCOs may require advance notice of the need in order to timely arrange transportation.</p> <p>The travel to access primary care and dental services must meet the requirements of the waiver terms and conditions. The availability of specialty services as related to travel distance should meet the usual and customary standards for the community. However, in the event the MCO is unable to negotiate such an arrangement for an enrollee, transportation must be provided regardless of whether or not the enrollee has access to transportation. If the enrollee is a child, transportation must be provided for the child and an accompanying adult. However, transportation for a child shall not be denied pursuant to any policy which poses a blanket restriction due to enrollees age or lack of parental accompaniment. Any decision to deny transportation of a child due to an enrollees age or lack of parental accompaniment must be made on a case-by-case basis and must be based on the individual facts surrounding the request. As with any denial, all notices and actions must be in accordance with</p>

Amendment 12 (cont.)

	<p>the appeal process.</p> <p>The CONTRACTOR shall provide transportation to and from Dental Services.</p>
Renal Dialysis Services	As medically necessary.
Private Duty Nursing	As medically necessary and when prescribed by an attending physician for treatment and services rendered by a registered nurse (R.N.) or a licensed practical nurse (L.P.N.), who is not an immediate relative.
Speech Therapy	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary by a Licensed Speech Therapist to restore speech (as long as there is continued medical progress) after a loss or impairment. The loss or impairment must not be caused by a mental, psychoneurotic or personality disorder.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with EPSDT requirements.</p>
Occupational Therapy	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary when provided by a Licensed Occupational Therapist to restore, improve, or stabilize impaired functions.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with EPSDT requirements.</p>
Physical Therapy	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary when provided by a Licensed Physical Therapist to restore, improve, or stabilize impaired functions.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with EPSDT requirements.</p>
Organ and Tissue Transplant And Donor Organ Procurement	<p>Medicaid/Standard Eligible, Age 21 and older: All medically necessary and non-investigational/experimental organ and tissue transplants, as covered by Medicare, are covered. These include, but may not be limited to:</p> <ul style="list-style-type: none"> Bone marrow/Stem cell; Cornea; Heart; Heart/Lung; Kidney; Kidney/Pancreas; Liver; Lung; Pancreas; and Small bowel/Multi-visceral. <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with EPSDT requirements. Experimental or investigational transplants are not covered.</p>

Amendment 12 (cont.)

Reconstructive Breast Surgery	Covered in accordance with TCA 56-7-2507, which requires coverage of all stages of reconstructive breast surgery on a diseased breast as a result of a mastectomy, as well as surgical procedures on the non-diseased breast to establish symmetry between the two breasts in the manner chosen by the physician. The surgical procedure performed on a non-diseased breast to establish symmetry with the diseased breast will only be covered if the surgical procedure performed on a non-diseased breast occurs within five (5) years of the date the reconstructive breast surgery was performed on a diseased breast.
Chiropractic Services	Medicaid/Standard Eligible, Age 21 and older: Not covered. Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with EPSDT requirements.
Sitter	Medicaid/Standard Eligible, Age 21 and older: NON COVERED Medicaid/Standard Eligible, Under age 21: Covered as medically necessary.
Convalescent Care	Medicaid/Standard Eligible, Age 21 and older: NON COVERED Medicaid/Standard Eligible, Under age 21: Covered as medically necessary.

7. Section 2-3.2 shall be deleted and replaced in its entirety so that the amended Section 2-3.2 shall read as follows:

2-3.2. Medical Necessity Determination

The CONTRACTOR shall not impose any service limitations that are more restrictive than those described herein; however, this provision shall not limit the CONTRACTOR's ability to establish procedures for the determination of medical necessity or to use medically appropriate, cost effective alternative services, in accordance with Section 2-3.h, which have been approved by the Centers for Medicare & Medicaid Services. The determination of medical necessity shall be made on a case by case basis. Except for benefit limits as may be described in Section 2-3.a, the CONTRACTOR shall not employ, and shall not permit others acting on their behalf to employ utilization control guidelines or other quantitative coverage limits, whether explicit or de facto, unless supported by an individualized determination of medical necessity based upon the needs of each TennCare enrollee and his/her medical history. The CONTRACTOR shall have the ability to place tentative limits on a service; however, such tentative limits placed by the CONTRACTOR shall be exceeded when medically necessary based on a patient's individual characteristics. The CONTRACTOR shall not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of the diagnosis, type of illness, or condition. The CONTRACTOR may deny services that are non-covered except as otherwise required by EPSDT or unless otherwise directed to provide by TENNCARE and/or an administrative law judge. Any procedures used to determine medical necessity shall be consistent with the definition of medical necessity as described in this Contract.

All medically necessary services shall be covered for enrollees under 21 years of age in accordance with EPSDT requirements, including federal regulations as described in 42 CFR Part 441, Subpart B, and the

Amendment 12 (cont.)

Omnibus Budget Reconciliation Act of 1989. Effective upon receipt of written notification from TENNCARE, the CONTRACTOR is not required to provide services in accordance with EPSDT requirements to TennCare Standard enrollees under the age of 21.

8. Section 2-3.12 shall be deleted and replaced in its entirety so that the amended Section 2-3.12 shall read as follows:

2-3.12. Coverage of Organ and Tissue Transplants

The CONTRACTOR shall cover non-investigational/experimental organ and tissue transplants, as covered by Medicare, when medically necessary and consistent with the accepted mode of treatment for which the transplant procedure is performed. Besides the minimally required transplants, the CONTRACTOR may cover other transplants that are not considered investigational or experimental by the National Institutes of Health, if approved by TENNCARE. For purposes of this Section, investigational or experimental shall mean those transplants and/or procedures which are not considered medically necessary and which have not been approved by the Centers for Medicare and Medicaid Services and published in the Federal Register. Questions as to whether a particular transplant and/or procedure is to be covered shall be directed to the Chief Medical Officer, Bureau of TENNCARE.

Exceptions to the above list of transplants must be made for other non-investigational/non-experimental transplants if the transplant and/or procedure is found to be medically necessary, performed within the accepted mode of treatment for which it is intended, and is found to be cost effective as determined by the CONTRACTOR.

The CONTRACTOR shall establish its own administrative procedures regarding the necessity of prior approval before a transplant procedure is performed. The CONTRACTOR shall also establish its own administrative procedures regarding the coverage of transplant procedures performed outside the CONTRACTOR's service area as well as transplant procedures performed out-of-state. Until January 1, 2003, the CONTRACTOR shall utilize its transplant policies and procedures that were in effect as of April 16, 2002, unless otherwise authorized by TENNCARE.

Section 1862 of the Social Security Act requires Medicare beneficiaries to have transplants performed in Medicare certified centers. In accordance with this policy, the CONTRACTOR and Medicare/Medicaid dually eligible enrollees shall be required to adhere to these requirements.

9. Section 2-3.16.4(b) and (d) shall be deleted and replaced in their entirety so that the amended Sections 2-3.16.4(b) and (d) shall read as follows:

- (b) Reporting, including but not limited to, Quarterly EPSDT reports; and
- (d) The "EPSDT Screening Guidelines" as described herein this Section 2-3.16 and Attachments VIII of this Contract.

10. Section 2-4.5 shall be deleted in its entirety and replaced in its entirety so that the amended Section 2-4.5 shall read as follows:

2-4.5. Abusive Utilizers of Pharmacy Services

The CONTRACTOR shall send information to TENNCARE and the Office of Inspector General regarding lock-in candidates. Enrollees who disagree with such restrictions may appeal to TENNCARE pursuant to the medically necessary provisions of the TennCare hearing rules.

The TENNCARE PBM shall provide a monthly report to the CONTRACTOR listing all members identified for pharmacy lock-in. The CONTRACTOR shall use the report to identify enrollees requiring

Amendment 12 (cont.)

case management services as well as to notify the member's PCP and other appropriate health care providers.

11. The last paragraph of Section 2-4.7.1 shall be deleted and replaced in its entirety so that the amended Section 2-4.7.1 shall read as follows:

2-4.7.1. Emergency Medical Services obtained from Out of Plan Providers

The CONTRACTOR's plan shall include provisions governing utilization of and payment by the CONTRACTOR for emergency medical services received by an enrollee from non-contract providers, regardless of whether such emergency services are rendered within or outside the community service area covered by the plan. Coverage of emergency medical services shall not be subject to prior authorization by the CONTRACTOR and shall be consistent with federal requirements regarding post-stabilization services, including but not limited to, 42 CFR Section 438.114(c)(1)(ii)(A). Utilization of and payments to non-contract providers may, at the CONTRACTOR's option, be limited to the treatment of emergency medical conditions, including post-stabilization care that includes medically necessary services rendered to the enrollee until such time as he/she can be safely transported to an appropriate contract service location. Payment amounts shall be consistent with the pricing policies developed by the CONTRACTOR and in accordance with TENNCARE requirements, including TENNCARE rules and regulations for emergency out-of-plan services. Payment by the CONTRACTOR for properly documented claims for emergency medical services rendered by a non-contract provider shall be made within thirty (30) calendar days of receipt of a clean claim by the CONTRACTOR.

The CONTRACTOR must review and approve or disapprove claims for emergency medical services based on the definition of emergency medical services specified in Section 1-3 of this Contract. If the CONTRACTOR determines that a claim requesting payment of emergency medical services does not meet the definition as specified in Section 1-3 and subsequently denies the claim, the CONTRACTOR shall notify the provider of the denial. This notification shall include information to the provider regarding the CONTRACTOR's process and timeframes for reconsideration and subsequent steps regarding an informal review by TENNCARE. In the event a provider disagrees with the CONTRACTOR's decision to disapprove a claim for emergency medical services, the provider may pursue the independent review process for disputed claims as provided by T.C.A., Section 56-32-226, including but not limited to MCO reconsideration.

12. Section 2-4.7. shall be amended by adding a new Section 2-4.7.6 which shall read as follows:

2-4.7.6. Credentialing of Non-Contract Providers

Credentialing Standards must apply to all licensed independent practitioners or groups of practitioners who have an independent relationship with the CONTRACTOR. An independent relationship is not synonymous with an independent contract.

13. Section 2-4.11 shall be deleted and replaced in its entirety so that the amended Section 2-4.11 shall read as follows:

2-4.11. Cost Sharing for Services

The CONTRACTOR and all providers and subcontractors shall not require any cost sharing responsibilities for TennCare covered services except to the extent that cost sharing responsibilities are required for those services by TENNCARE in accordance with TennCare rules and regulations, including but not limited to, holding enrollees liable for debt due to insolvency of the MCO or non-payment by the State to the MCO. Further, the CONTRACTOR and all providers and subcontractors may not charge enrollees for missed appointments.

Amendment 12 (cont.)

TennCare cost sharing responsibilities shall apply to services other than the preventive services described in Section 2-3.3 of this Contract. The current cost share schedule to be used in determining applicable cost sharing responsibilities is included in this Contract as Attachment XI.

Effective for services provided on or after January 1, 2001, the CONTRACTOR shall be expressly prohibited from waiving or using any alternative TennCare cost sharing schedules, unless required by TENNCARE, regardless of whether or not the CONTRACTOR has been previously approved by TENNCARE to do so.

If, and at such time that TENNCARE amends any TennCare rules or regulations, including but not limited to the TennCare cost sharing rules and regulations, the rules shall automatically be incorporated into this Contract and become binding on the MCO and the MCO's providers.

Providers or collection agencies acting on the provider's behalf may not bill enrollees for amounts other than applicable TennCare cost sharing responsibilities for TennCare covered services, including but not limited to, services that the State or the MCO has not paid for except as permitted by TennCare rules and regulations 1200-13-13-.08, 1200-13-14-.08 and as described below. Providers may seek payment from an enrollee only in the following situations:

1. If the services are not covered by the TennCare program and, prior to providing the services, the provider informed the enrollee that the services were not covered. The provider is required to inform the enrollee of the non-covered service and have the enrollee acknowledge the information. If the enrollee still requests the service, the provider shall obtain such acknowledgment in writing prior to rendering the service. Regardless of any understanding worked out between the provider and the enrollee about private payment, once the provider bills an MCO for the service that has been provided, the prior arrangement with the enrollee becomes null and void without regard to any prior arrangement worked out with the enrollee; or
2. If the enrollee's TennCare eligibility is pending at the time services are provided and if the provider informs the person they will not accept TennCare assignment whether or not eligibility is established retroactively. Regardless of any understanding worked out between the provider and the enrollee about private payment, once the provider bills an MCO for the service the prior arrangement with the enrollee becomes null and void without regard to any prior arrangement worked out with the enrollee; or
3. If the enrollee's TennCare eligibility is pending at the time services are provided, however, all monies collected, except applicable TennCare cost share amounts must be refunded when a claim is submitted to an MCO if the provider agreed to accept TennCare assignment once retroactive TennCare eligibility was established. (The monies collected shall be refunded as soon as a claim is submitted and shall not be held conditionally upon payment of the claim); or
4. If the services are not covered because they are in excess of an enrollee's benefit limit and one of the following circumstances applies:
 - (a) The provider determines effective on the date of service that the enrollee has reached his/her benefit limit for the particular service being requested and, prior to providing the service, informs the enrollee that the service is not covered and the service will not be paid for by TennCare. The source of the provider's information must be a database listed on the TennCare website as approved by TennCare on the date of the provider's inquiry;
 - (b) The provider has information in his/her own records to support the fact that the enrollee has reached his/her benefit limit for the particular service being requested, and, prior to providing the service, informs the enrollee that the service is not covered and will not be paid for by TennCare. This information may include:

Amendment 12 (cont.)

- (i) A previous written denial of a claim on the basis that the service was in excess of the enrollee's benefit limit for a service within the same benefit category as the service being requested, if the time period applicable to that benefit limit is still in effect;
 - (ii) That the provider had previously examined the database referenced in part 1. above and determined that the enrollee had reached his/her benefit limit for the particular service being requested, if the time period applicable to that benefit limit is still in effect;
 - (iii) That the provider had personally provided services to the enrollee in excess of his/her benefit limit within the same benefit category as the service being requested, if the time period applicable to that benefit limit is still in effect.
- (c) The provider submits a claim for service to the appropriate managed care contractor (MCC) and receives a written denial of that claim on the basis that the service exceeds the enrollee's benefit limit. Then and thereafter, within the remainder of the period applicable to that benefit limit, the provider may continue to bill the enrollee for services within that same exhausted benefit category without having to submit, for repeated MCC denial, claims for those subsequent services.
- (d) The provider had previously taken the steps in parts 1., 2., or 3. above and determined that the enrollee had reached his/her benefit limit for the particular service being requested, if the time period applicable to that benefit limit is still in effect, and informs the enrollee, prior to providing the service, that the service is not covered and will not be paid for by TennCare.

The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payor) plus any applicable amount of TennCare cost sharing responsibilities due from the enrollee as payment in full for the service. Should a provider, or a collection agency acting on the provider's behalf, bill an enrollee for amounts other than the applicable amount of TennCare cost sharing responsibilities due from the enrollee, once a CONTRACTOR becomes aware the CONTRACTOR shall notify the provider and demand that the provider and/or collection agency cease such action against the enrollee immediately. After notification by the CONTRACTOR, if a provider continues to bill an enrollee, the CONTRACTOR shall refer the provider to the TBI.

14. Section 2-5 shall be deleted and replaced in its entirety so that the amended Section 2-5 shall read as follows:

2-5. Services Not Covered

The CONTRACTOR shall not pay for non-covered services as described in the TennCare Rules and Regulations at 1200-13-13-.10 and 1200-13-14.10. This includes, but is not limited to; medical services for individuals committed to penal institutions, whether local, state or federal; medical services performed outside the United States; any covered service that is not medically necessary. Further the CONTRACTOR is not obligated to pay for non-emergency services obtained out of plan.

15. Section 2-6.2.c.1, 2 and 3 shall be deleted and replaced in its entirety so that the amended Section 2-6.2.c.1, 2 and 3 shall read as follows:

Amendment 12 (cont.)

1. Member Handbooks. The CONTRACTOR shall develop a member handbook and update it periodically based on a template provided by TENNCARE. Member handbooks must be distributed to enrollees within thirty (30) days of receipt of notice of enrollment in an MCO plan or prior to enrollee's beginning effective date as described in Section 4-1.2 and annually thereafter. In situations where there is more than one enrollee in a TennCare case, it shall be acceptable for the CONTRACTOR to mail one (1) member handbook to each address listed for the enrollee's TennCare case number when there is more than one (1) new enrollee assigned to the same case number at the time of enrollment and when subsequent new or updated member handbooks are mailed to enrollees. Should a single individual be enrolled and be added into an existing case, a member handbook new or updated must be mailed to that individual regardless of whether or not a member handbook has been previously mailed to enrollees in the existing case. Upon notice by TENNCARE of material changes, the CONTRACTOR shall make the appropriate revisions to maintain and redistribute the member handbooks immediately. The CONTRACTOR shall, if determined by TENNCARE, maintain and provide two (2) separate versions of the CONTRACTOR's TennCare Member Handbook for the specific population being served for the purpose of describing Medicaid Benefits to the Medicaid population and Standard Benefits to the Standard population. A member handbook must also be distributed to all contracted providers upon initial credentialing and annually thereafter and as handbooks are updated. For purposes of providing member handbooks to providers, it shall be acceptable to provide handbooks in electronic format, including but not limited to CD or access via a web link. All revisions must be approved by TENNCARE prior to dissemination. Each member handbook shall, at a minimum, be in accordance with the following guidelines:
 - (a) Must be in accordance with all applicable requirements as described in Section 2-6 of this Contract;
 - (b) Shall include a table of contents;
 - (c) Shall include an explanation on how members will be notified of member specific information such as effective date of enrollment;
 - (d) Shall include a description of services provided including limitations, exclusions, and out-of-plan use;
 - (e) Shall include a description of TennCare cost share responsibilities for enrollees including an explanation that providers and/or the MCO may utilize whatever legal actions that are available to collect these amounts. Further, the information shall indicate that the enrollee may not be billed for covered services except for the amounts of the specified TennCare cost share responsibilities and of their right to appeal in the event that they are billed;
 - (f) Shall include information about preventive services for adults and children, including EPSDT for Medicaid eligibles to include a listing of preventive services and notice that preventive services are at no cost and without cost share responsibilities;
 - (g) Shall include procedures for obtaining required services, including procedures for obtaining referrals to specialists as well as procedures for obtaining referrals to providers outside of the plan. The handbook should advise members that if they need a service that is not available within the plan, they will be referred to a provider outside of the plan and any co-payment requirements would be the same as if this provider were in the plan;
 - (h) Shall include an explanation of emergency services and procedures on how to obtain emergency services both in and out of the CONTRACTOR's service area, including but not limited to: an explanation of post stabilization, the use of 911, locations of emergency settings and locations for post-stabilization services;

Amendment 12 (cont.)

- (i) Shall include information on how to access the primary care provider on a 24-hour basis. The handbook may encourage members to contact this 24-hour service when they have questions as to whether they should go to the emergency room;
- (j) Shall include notice to the enrollee of the right to file a complaint as is provided for by Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, the Omnibus Budget Reconciliation Act of 1981 (P.E.. 97-35) and a complaint form on which to do so;
- (k) Shall include appeal procedures as described in Section 2-8 of this Contract;
- (l) Shall include notice to the enrollee that in addition to the enrollee's right to file an appeal for actions taken by the CONTRACTOR, the enrollee shall have the right to request reassessment of eligibility related decisions directly to TENNCARE;
- (m) Shall include written policies on member rights and responsibilities, pursuant to 42 CFR 438.100(a)(1) and NCQA's Standards and Guidelines for the Accreditation of MCOs;
- (n) Shall include written information concerning advance directives as described in the Code of Federal Regulations, 42 CFR 489 Subpart I and in accordance with 42 CFR 422.128;
- (o) Shall include notice to the enrollee that enrollment in the CONTRACTOR's plan invalidates any prior authorization for services granted by another plan but not utilized by the enrollee prior to the enrollee's enrollment into the CONTRACTOR's plan and notice of continuation of care when entering the CONTRACTOR's plan as described in Section 2-7.1;
- (p) Shall include notice to the enrollee that it is the member's responsibility to notify the CONTRACTOR and the TENNCARE agency each and every time the member moves to a new address;
- (q) Shall include notice to the enrollee that a new enrollee may request to change MCO plans at anytime during the forty-five (45) day period immediately following their initial enrollment in a MCO plan, subject to the capacity of the selected MCO to accept additional enrollees and any restrictions limiting enrollment levels established by TENNCARE. This process will require the enrollee to notify the State in a form which will be prescribed by the State;
- (r) Shall include notice to the enrollee that the enrollee may change plans during their annual recertification and at the next choice period as described in Section 4 of this Contract and shall have a forty-five (45) day period immediately following the enrollment, as requested during said choice period, in a new plan to request to change plans, subject to the capacity of the selected MCO to accept additional enrollees and any restrictions limiting enrollment levels established by TENNCARE;
- (s) Shall include notice to the enrollee of their right to disenroll from the TennCare program at any time with instructions to contact TENNCARE for disenrollment forms and additional information on disenrollment;
- (t) Shall include the toll free telephone number for TENNCARE with a statement that the enrollee may contact the plan or TENNCARE regarding questions about TennCare. The TennCare hotline number is ;
- (u) Shall include information on how to obtain information in alternative formats or how to access interpretation services as well as a statement that interpretation and translation services are free;

Amendment 12 (cont.)

- (v) Shall include information educating enrollees of their rights and necessary steps to amend their data in accordance with HIPAA regulations;
- (w) Shall include directions in order to obtain information that shall be made available upon request regarding the "structure and operation of the MCO" and "physician incentive plans";
- (x) Shall include right to receive information on available treatment options and alternatives, presented in a manner appropriate to the member's condition and ability to understand;
- (y) Shall be free from any form of restraint or seclusion used as a means of coercion, discipline, convenience, or retaliation; and
- (z) Shall include any additional information required in accordance with NCQA's Standards and Guidelines for the Accreditation of MCOs.

Once templates are provided to the CONTRACTOR, the CONTRACTOR shall add MCO specific information as indicated in the template, prepare a mock copy and submit to TENNCARE for approval. If no changes are made to items 2-6.2.c.1(a) through (x), the CONTRACTOR shall be deemed TennCare compliant with the minimum requirements. At such time that TENNCARE provides the CONTRACTOR with edits or revisions to the member handbook, the CONTRACTOR shall agree to utilize the format and make appropriate additions and/or revisions as required by TENNCARE.

In addition to the prior approval requirement regarding dissemination of materials to enrollees, the CONTRACTOR shall also submit to TENNCARE, five (5) final printed originals, unless otherwise specified by TENNCARE.

2. Quarterly Newsletter. The CONTRACTOR shall, at a minimum, distribute on a quarterly basis a newsletter to all enrollees which is intended to educate the enrollee to the managed care system, proper utilization of services, etc., and encourage utilization of preventive care services. The CONTRACTOR shall include the following information in each newsletter:
- (a) specific articles or other specific information as described when requested by TENNCARE. Such requests by TENNCARE shall be limited to two hundred (200) words and shall be reasonable including sufficient notification of information to be included; and
 - (b) the procedure on how to obtain information in alternative formats or how to access interpretation services as well as a statement that interpretation and translation services are free;
 - (c) a notice to enrollees of the right to file a complaint, as is provided for by Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, the Omnibus Budget Reconciliation Act of 1981 (P.E. 97-35), and a Contractor phone number for doing so. The notice shall be in English and Spanish;
 - (d) for TennCare enrollees, EPSDT information, including but not limited to, encouragement to obtain screenings and other preventive care services; and
 - (e) the following information to report fraud: "To report fraud or abuse to OIG: You can call free 1-800-433-3982 **OR** Go online at www.state.tn.us/tenncare and click on "Report Fraud."

To report provider fraud or patient abuse to MFCU, call free 1-800-433-5454."

Not more than one hundred twenty (120) calendar days shall elapse between dissemination of this information. In order to satisfy the requirement to distribute the quarterly newsletter to all enrollees, it

Amendment 12 (cont.)

shall be acceptable to mail one (1) quarterly newsletter to each address associated with the enrollee's TennCare case number. In addition to the prior authorization requirement regarding dissemination of materials to enrollees, the CONTRACTOR shall also submit to TENNCARE, five (5) final printed originals, unless otherwise specified by TENNCARE, of the newsletter and the date that the information was mailed to enrollees along with an invoice or other type of documentation to indicate the date and volume of the quarterly newsletter mailing.

3. Identification Card. Each enrollee shall be provided an identification card, which identifies the enrollee as a participant in the TennCare Program within thirty (30) calendar days of notification of enrollment into the CONTRACTOR's plan or prior to enrollee's beginning effective date. The identification card must comply with all state and federal requirements. Once the identification card has been approved by TENNCARE the CONTRACTOR shall submit five (5) printed sample cards of the final product, unless otherwise specified by TENNCARE, to the TennCare Marketing Coordinator within thirty (30) working days from the print date. Photo copies may not be submitted as a final product. Prior to modifying an approved identification card the CONTRACTOR shall submit for approval by TENNCARE a detailed description of the proposed modification. The identification card may be issued by the CONTRACTOR, subject to prior approval of the format and content by TENNCARE, or the identification card may be issued by TENNCARE in a format and content mutually agreed upon by the CONTRACTOR and TENNCARE. Regardless of whether the identification card is issued by the CONTRACTOR or TENNCARE, all expenses associated with production and mailing of the identification card shall be the responsibility of the CONTRACTOR.

16. Section 2-6.7.d shall be deleted and replaced in its entirety so that the amended Section 2-6.7.d shall read as follows:

d. Application of sanctions and/or liquidated damages as provided in Section 6-8 of this Contract.

17. Section 2-7.1 shall be amended by adding a new part e, deleting and replacing the existing part e with a new part f, adding a new part g and renumbering the existing parts so that the new 2-7.1.e, f and g shall read as follows:

- e. Excessive and/or Inappropriate Emergency Department (ED) Utilization

The CONTRACTOR shall utilize the following guidelines in identifying and managing care for enrollees who are determined to have excessive and/or inappropriate ED utilization.

- (1) Review ED utilization data, at a minimum, every six (6) months (in January and June) to identify enrollees with utilization exceeding a threshold defined by TENNCARE in the preceding six (6) month period. In January, review ED utilization during the preceding April through September. In July review ED utilization during the preceding October through March.
- (2) Enroll in active case management -- (Enrollees who exceed a specified number, to be defined by TENNCARE, of ED visits in the previous six (6) month period)
- (3) Make contact with enrollee and primary care provider
- (4) Review encounter data
- (5) Assess most likely cause of problem (e.g., drug seeking behavior, primary care/access problem, poorly controlled disease state, etc.)
- (6) Develop a case management plan based on results of the assessment. Sample plans based on potential assessment results follow:
 - (a) Drug seeking behavior
 - i. Interact with TennCare Pharmacy Division regarding possibility of pharmacy lock-in and/or controlled substance prior authorization requirement
 - ii. Contact all providers regarding concern that patient may be abusing prescription medications

Amendment 12 (cont.)

- iii. Make appropriate referrals (e.g., OIG, Pain clinic, Substance abuse treatment program, etc.)
- iv. Consider primary care provider lock-in (i.e. patient must have PCP approval before he/she can access other providers)
- (b) Primary Care /Access Problem
 - i. Change PCP and/or address problem with current PCP
 - ii. Provide enrollee education regarding appropriate use of PCP and ED
 - iii. Provide access to 1-800 24/7 nurse answered line capable of providing advice and/or making appointment with PCP
- (c) Poorly controlled disease
 - i. Enroll in disease management
 - ii. Refer to specialist for management – advise PCP
 - iii. Provide access to 1-800 24/7 nurse answered line capable of providing advice and/or making appointment with PCP

f. Disease Management

Each MCO is required to establish and operate (either directly or via a subcontract with an accredited disease management vendor) a minimum of four disease management (DM) programs designed to address maternity care management, comprehensive diabetes management, management of congestive heart failure and management of asthma.

Each DM program must utilize evidence-based best practice guidelines and patient empowerment strategies to support the practitioner-patient relationship and the plan of care. The programs must emphasize prevention of exacerbation and complications as evidenced by decreases in emergency room utilization and inpatient hospitalization and/or improvements in condition-specific health status indicators.

(1) Identifying Eligible Members

The MCO must have a systematic method of identifying and enrolling eligible members in each DM program. Annually, on July 1st, the MCO must report to the Bureau the active participation rate for each of the four DM programs. This report must also include a narrative description of the eligibility criteria and the method used to identify and enroll eligible enrollees. The active participation rate, as defined by NCQA, is the percentage of identified eligible members who have received an intervention divided by the total population who meet the criteria for eligibility in the DM program. The MCO must also identify and report the total number of active enrollees having one or more of the diagnosis codes (ICD-9 Codes) relating to each of the required disease management programs. The MCO must operate each program using an “opt out” methodology, meaning that services will be provided to eligible members unless they specifically ask to be excluded. The Bureau may elect to mandate the eligibility criteria the MCO must use if the program evaluation does not demonstrate the desired effect and/or if the Bureau determines that the criteria in use are overly restrictive.

(2) Interventions Based on Stratification

The MCO must classify eligible members according to disease severity or other clinical or member-provided information and provide disease management interventions of differing intensity based on such stratification. The MCO must maintain a written description of the stratification levels for each of the four DM programs including member criteria and associated interventions and make such description available to the Bureau upon request.

(3) Program Content

Amendment 12 (cont.)

The MCO must adopt clinical practice guidelines that serve as the basis for each DM program. The guidelines must be evidence-based and formally adopted by the QI or other clinical committee. The guidelines must be distributed to practitioners who are likely to use them and must be made available to the Bureau upon request. Upon enrollment in the DM program, the MCO must provide information to the member and practitioner regarding how to use the services and specific information to the practitioner concerning how the program works with the practitioner's patients. MCOs must provide primary care providers with a list of their patients enrolled in each program upon initial enrollment and at least annually thereafter.

Each DM program must be based on a treatment plan that serves as the outline for all of the activities/interventions in the program. At a minimum the activities/interventions associated with the treatment plan must address condition monitoring, patient adherence to the treatment plan, consideration of other co-morbidities, and condition-related lifestyle issues. The Bureau may elect to mandate an intervention strategy the MCO must employ if the program evaluation does not demonstrate the desired effect and/or if the Bureau determines that the interventions are suboptimal.

(4) CONTRACTOR's Program Description

Within ninety (90) days of the execution of this Agreement, the CONTRACTOR shall submit a description of its Disease Management Program including all four (4) components as previously described for TENNCARE approval. The description must include the following:

- (a) Definition of the target population for each program; and
- (b) Written description of the stratification levels for each of the four (4) programs, including member criteria and associated interventions.

(5) Program Evaluation

Annually, on July 1st, the MCO will report to the Bureau regarding the following:

- (a) Performance measured against at least two important aspects of the clinical practice guidelines associated with each DM program;
- (b) The rate of emergency department utilization and inpatient hospitalization for members with diabetes, asthma and congestive heart failure (rate calculations must be shown);
- (c) Neonatal Intensive Care Unit (NICU) days for births associated with members enrolled in the Maternity Management Program;
4. HEDIS measures related to any of the four DM projects;
5. Any other performance measure associated with any of the four DM programs that the MCO has chosen to track;
6. The active participation rates (as defined by NCQA) and the number of individuals participating in each level or stratification of each of the DM programs; and
7. the total number of active enrollees having one or more of the diagnosis codes (ICD-9 Codes) relating to each of the required disease management programs.

(g) Disease Management for Obesity

In addition to the aforementioned disease management requirements, the CONTRACTOR agrees to enter into a provider agreement with a vendor that the State shall designate for implementation of a disease management program for obesity.

18. The renumbered Section 2-7.1.i shall be deleted and replaced in its entirety so that the amended Section 2-7.1.i shall read as follows:

i. Prior Authorization for Covered Services

Amendment 12 (cont.)

1. General Rule

The CONTRACTOR and/or its subcontractors shall have in place, and follow, written policies and procedures for processing requests for initial and continuing authorizations of services and have in effect mechanisms to ensure consistent application of review criteria for authorization decisions; and consult with the requesting provider when appropriate. If prior authorization of a service is granted by the CONTRACTOR, subcontractor or an agent, payment for the pre-approved service shall not be denied based on the lack of medical necessity, assuming that the enrollee is eligible on the date of service, unless it is determined that the facts at the time of the denial of payment are significantly different than the circumstances which were described at the time that prior authorization was granted. Prior Authorization shall not be required for emergency services. Prior authorization requests shall be reviewed subject to the guidelines described in TennCare Rules 1200-13-13 and 1200-13-14 which include, but are not limited to, provisions regarding decisions, notices, medical contraindication, and the failure of an MCO to act timely upon a request. The CONTRACTOR must use appropriately licensed professionals to supervise all medical necessity decisions and specify the type of personnel responsible for each level of utilization management (UM) decision making. The CONTRACTOR must have written procedures documenting access to Board Certified Consultants to assist in making medical necessity determinations. Any decision to deny a service authorization request or to authorize a service in an amount, duration, or scope that is less than requested shall be made by a health care professional who has appropriate clinical expertise in treating the enrollee's condition or disease.

2. At time of Enrollment

In the event an enrollee entering the MCO's plan is receiving medically necessary TennCare covered services the day before enrollment, the CONTRACTOR shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network until such time as the CONTRACTOR can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health. If it is medically necessary that care extend beyond thirty (30) days, the CONTRACTOR may require prior authorization for continuation of the services beyond thirty (30) days. Care rendered to a CONTRACTOR's enrollee beyond thirty (30) days that is out-of-plan or out-of-network for which a provider has not sought prior authorization need not be reimbursed.

3. Prenatal Care

In the event an enrollee entering the CONTRACTOR's plan is receiving medically necessary prenatal care services the day before enrollment, the CONTRACTOR shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network until such time as the CONTRACTOR can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health.

In the event an enrollee entering the CONTRACTOR's plan is in her second or third trimester of pregnancy and is receiving medically necessary prenatal care services the day before enrollment, the CONTRACTOR shall be responsible for providing continued access to the provider (regardless of network affiliation) through the postpartum period.

The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payor) plus any applicable amount of TennCare cost sharing responsibilities due from the enrollee as payment in full for the service.

Amendment 12 (cont.)

4. Notice of Adverse Action Regarding Prior Authorization Requests

The CONTRACTOR must clearly document and communicate the reasons for each denial in a manner sufficient for the provider and member to understand the denial and decide about appealing the decision. Notice of adverse actions to providers and members regarding prior authorization requests shall be provided within the following guidelines:

- (a) Provider Notice. The CONTRACTOR must notify the requesting provider of any decision to deny a service authorization request, or to authorize a service in an amount, duration, or scope that is less than requested. The notice to the provider need not be in writing; however, the CONTRACTOR must make a reviewer available to discuss any denial decisions. Information provided to the provider must include how to contact the reviewer.
- (b) Enrollee Notice. See notice provisions in TennCare Rule 1200-13-13-.11 and 1200-13-14-.11.

5. Appeals related to Prior Authorization/Medical Necessity Denials

The Contractor is responsible for eliciting pertinent medical history information from the treating health care provider(s), as needed, for purposes of making medical necessity determinations. The Contractor shall take action (e.g. sending a provider representative to obtain the information and/or discuss the issue with the provider, imposing financial penalties against the provider, etc.), to address the problem if a treating health care provider is uncooperative in supplying needed information. Documentation of such action will be made available to TENNCARE, upon request. Providers who do not provide requested medical record information for purposes of making a medical necessity determination for a particular medical item or service, shall not be entitled to payment for the provision of such medical item or service.

Upon request by TENNCARE in support of making a decision relative to a medical appeal, the CONTRACTOR must provide TENNCARE with individualized medical record information from the treating health care provider(s). The CONTRACTOR must take whatever action necessary to fulfill this responsibility within the required appeal time lines as specified by TENNCARE and/or applicable regulation, up to and including going to the provider's office to obtain the medical record information. Should a provider fail or refuse to respond to the CONTRACTOR's efforts to obtain medical information, and the appeal is decided in favor of the enrollee, at the CONTRACTOR's discretion or a directive by TENNCARE, the CONTRACTOR shall impose financial penalties against the provider as appropriate.

19. Section 2-8 shall be deleted and replaced in its entirety so that the amended Section 2-8 shall read as follows:

2-8. Complaints and Appeals

The enrollees shall have the right to file appeals regarding adverse actions taken by the CONTRACTOR. For purposes of this requirement, appeal shall mean an enrollee's right to contest verbally or in writing, any adverse action taken by the CONTRACTOR to deny, reduce, terminate, delay or suspend a covered service as well as any other acts or omissions of the CONTRACTOR which impair the quality, timeliness, or availability of such benefits. An appeal may be filed by the enrollee or by a person authorized by the enrollee to do so, including but not limited to, a provider with the enrollee's written consent. Complaint shall mean an enrollee's right to contest any other action taken by the CONTRACTOR or service provider other than those that meet the definition of an adverse action. The CONTRACTOR shall provide readable materials reviewed and approved by TENNCARE, informing enrollees of their complaint and appeal rights. The CONTRACTOR has internal complaint and appeal procedures for both TennCare Medicaid enrollees as well as TennCare Standard enrollees in accordance with TennCare rules and regulations 1200-13-13-.11, 1200-13-14-.11 or any applicable TennCare rules

Amendment 12 (cont.)

and regulations, subsequent amendments, TennCare Waiver, or subsequent Court Orders governing the appeals process.

A portion of the regularly scheduled Quality Improvement meetings, as described in Section 2-9.d., shall be devoted to the review of enrollee complaints and appeals that have been received and resolved. The complaint and appeal procedures shall be governed by the following guidelines which are in accordance with TennCare policy as specified in TennCare rules and regulations and any and all Court Orders.

2-8.1. Appeals

The CONTRACTOR's appeal process shall include, at a minimum, the following:

1. The CONTRACTOR shall have a contact person appointed at each service site. Said person will be knowledgeable of appeal procedures and direct all appeals whether the appeal is verbal or the enrollee chooses to file in writing. Should an enrollee choose to appeal in writing, the enrollee will be instructed to file via mail to the designated P. O. Box for appeals related to the CONTRACTOR;
2. There shall be sufficient support staff (clerical and professional) available to process appeals in accordance with TennCare requirements related to the appeal of Adverse Actions Affecting a TennCare Program Enrollee. Staff shall be knowledgeable about applicable state and federal law and all court orders governing appeal procedures, as they become effective. This shall include, but not be limited to, appointed staff members and phone numbers identified to TENNCARE where appropriate staff may be reached;
3. Staff shall be educated concerning the importance of the procedure and the rights of the enrollee and the timeframes in which action must be taken by the CONTRACTOR regarding the handling and disposition of an appeal;
4. The appropriate individual or body within the plan having decision-making authority as part of the appeal procedure shall be identified;
5. The CONTRACTOR shall have the ability to take telephone appeals and accommodate persons with disabilities during the appeals process. Furthermore, appeal forms shall be available at each service site and by contacting the CONTRACTOR. However, enrollees shall not be required to use an appeal form in order to file an appeal;
6. Upon request, the enrollee shall be provided a TENNCARE approved appeal form(s);
7. All appellants shall have the right to reasonable assistance by the CONTRACTOR during the appeal process;
8. At any point in the appeal process, TENNCARE shall have the authority to remove an enrollee from the CONTRACTOR's plan when it is determined that such removal is in the best interest of the enrollee and TENNCARE;
9. The Contractor shall require providers to display notices of enrollee's right to appeal adverse actions affecting services in public areas of each facility in accordance with TennCare rules and regulations. Contractor shall ensure that providers have correct and adequate supply of public notices.
10. Except for initial reconsideration by an MCO, as permitted under the TennCare rules and regulations, no person who is an employee, agent or representative of an MCO may participate in

Amendment 12 (cont.)

deciding the outcome of a TennCare appeal. No state official may participate in deciding the outcome of a beneficiary's appeal who was directly involved in the initial determination of the action in question. The State will ensure that decision makers on grievances and appeals were not involved in previous levels of review or decision-making and who are health care professionals with clinical expertise in treating the enrollee's condition or disease if any of the following apply:

- a denial appeal based on lack of medical necessity.
- a grievance regarding denial of expedited resolutions of an appeal.
- any grievance or appeal involving clinical issues.

The Contractor shall keep a record of who reviews each reconsideration. The State will monitor compliance with this provision. Further, for purposes of assuring timeliness and appropriateness of the provision of services in accordance with Section 4-8.b.2, an MCO's reconsideration to provide services shall be considered the same as a directive to do so by TENNCARE.

11. TENNCARE and/or the CONTRACTOR shall not prohibit or discourage any individual from testifying on behalf of an enrollee.
12. TENNCARE may develop additional appeal process guidelines or rules, including requirements as to content and timing of notices to enrollees, which shall be followed by the CONTRACTOR, if TENNCARE determines that it is in the best interest of the TennCare Program or if necessary to comply with federal or judicial requirements. However, CONTRACTOR shall not be precluded from challenging any judicial requirements and to the extent judicial requirements that are the basis of such additional guidelines or rules are stayed, reversed or otherwise rendered inapplicable, CONTRACTOR shall not be required to comply with such guidelines or rules during any period of such inapplicability.
13. Provide general and targeted education to providers regarding emergency appeals, including when an emergency appeal is appropriate, and procedures for providing written certification thereof. Further, provide for notice to providers regarding provider responsibility in the appeal process, including but not limited to, the provision of medical records and/or documentation as described in Section 2-7.1.g.5.
14. The CONTRACTOR shall urge providers who feel they cannot order a drug on the TennCare Preferred Drug List (PDL) to seek prior authorization in advance, as well as taking the initiative to seek prior authorization when contacted by an enrollee or pharmacy regarding denial of a pharmacy service due to system edits (i.e., therapeutic duplication, etc.)

If it is determined by TENNCARE that violations regarding the appeal guidelines have occurred by the CONTRACTOR, TENNCARE shall require that the CONTRACTOR submit and follow through with a corrective action plan. Failure to comply with the appeal guidelines issued by TENNCARE, including an acceptable corrective action plan, shall result in the CONTRACTOR being subject to liquidated damages as described in Section 6-8. of this Contract.

20. Section 2-9 shall be deleted and replaced in its entirety and any references thereto shall be updated accordingly. Amended Section 2-9 shall read as follows:

2-9. Administration and Management

2-9.1. General Requirements

The State may review and approve all plan policies developed by the CONTRACTOR related to administration of TennCare Select. On an ongoing basis, should the CONTRACTOR have a question on

Amendment 12 (cont.)

policy determinations, benefits or operating guidelines, the CONTRACTOR shall request a determination in writing. The State shall have 30 days to respond unless specified otherwise. Should TennCare not respond in the required amount of time, the CONTRACTOR shall not be penalized as a result of implementing items awaiting approval. However, failure to respond timely shall not preclude the State from requiring the CONTRACTOR to respond or modify the policy or operating guideline prospectively. The CONTRACTOR shall be afforded at least 60 days to implement the modification.

The CONTRACTOR shall meet with representatives of the State upon request to discuss any problems and/or progress on matters outlined by the State. The CONTRACTOR shall have in attendance its Program Director, and representatives from its organizational units required to respond to topics identified by the State or the CONTRACTOR. The CONTRACTOR may be asked to provide information concerning its efforts on network development, provider training, attempts to locate non-responsive TennCare eligibles and trends in costs and utilization.

2-9.2. Performance Benchmarks

The following performance indicators related to administration and management have been identified for on-going monitoring. The CONTRACTOR's failure to meet these benchmarks or demonstrate improvement toward benchmark levels of performance shall result in the CONTRACTOR being required to implement a corrective action plan as described in Section 2-16.

Performance Indicator	Data Sources	Measure	Target	Benchmark
Volume of Provider Complaints	Monthly Activity Report	# of provider complaints received relative to number of providers (Complaint is defined as an issue a provider presents to the managed care organization, either in written or oral form, which is subject to resolution by the MCO).	0 percent	MCO specific benchmark. 10% reduction over prior year.

Amendment 12 (cont.)

Performance Indicator	Data Sources	Measure	Target	Benchmark
<p>Claims Payment Accuracy and Timeliness</p>	<p>Claims and Encounter Data</p> <p>Note: Self-reported based on internal audit conducted on statistically valid random sample on a quarterly basis.</p> <p>Audit procedures and sample methodology to be submitted to TDCI for review and approval with first quarter's report.</p>	<p>1. Accuracy: Number of claims processed for payment and paid accurately upon initial submission divided by the total number of claims.</p> <p>2. Timeliness of Clean Claims Processing: Number of clean claims processed within thirty (30) calendar days of receipt divided by the total number of clean claims received (for calculation date of receipt counts as day zero).</p> <p>Timeliness of Clean and Unclean Claims Processing: Number of claims processed and, if appropriate, paid within sixty (60) days of receipt divided by the number of all claims processed (for calculation date of receipt counts as day zero)</p> <p>Processing To be measured and reported monthly</p>	<p>100 percent</p>	<p>Accuracy: 97% of claims are processed or paid accurately upon initial submission</p> <p>Timeliness of Clean Claims Processing: 90% of clean claims are paid within 30 days of receipt of these claims.</p> <p>Timeliness of Clean and Unclean Claims Processing: 99.5% of all claims within sixty (60) days of receipt.</p>

Amendment 12 (cont.)

Performance Indicator	Data Sources	Measure	Target	Benchmark
Specialist Provider Network	CONTRACTOR'S credentialing reports	Executed contract is a signed agreement with a provider to participate in the Contractor's network	Same as benchmark	<p>1. <u>Physician Specialists:</u> Executed specialty physician contracts in all areas required by this Agreement for the following nine specialists: cardiology; gastroenterology; neurology; neurosurgery; otolaryngology; ophthalmology; orthopedics; oncology/hematology; and urology.</p> <p>2. <u>Essential Hospital Services:</u> Executed contract with at least one (1) Tertiary Care Center for each essential hospital service</p> <p>3. <u>Center of Excellence for People with AIDs:</u> Executed contract with at least one (1) Center of Excellence for AIDs</p>

Amendment 12 (cont.)

Performance Indicator	Data Sources	Measure	Target	Benchmark
Network Adequacy	<p>1. Monthly Provider listings</p> <p>2. Most recent monthly provider listing and random phone surveys conducted by TENNCARE on a quarterly basis</p>	<p>1. Time and travel distance as measured by GeoAccess</p> <p>2. Network validation</p>	Same as Benchmark	<p>1. Provider network includes sufficient numbers and geographical disbursement of providers in order to satisfy the Terms and Conditions for Access of the TennCare Waiver</p> <p>2. At least 90% of records for participating providers on the most recent monthly provider listing can be used to contact the provider and confirm the provider is participating in the MCO's network</p>
Encounter Data Submissions	TennCare Edit Reports	Error Threshold Exceeded	Same as Benchmark	Less than 2% of file contains errors by submission due date

Amendment 12 (cont.)

Performance Indicator	Data Sources	Measure	Target	Benchmark
EPSDT Screening and Medical Record Documentation	MCO Encounter Data and Medical Chart Audit	The EPSDT screening ratio, calculated in accordance with specifications for the CMS-416 report, multiplied by the percentage of the required seven (7) screening components that are completed as determined through a statistically valid sample of medical records of the MCO's enrollees	Same as Benchmark	Demonstrated active pursuit and completion of activities designed to increase the CONTRACTOR's EPSDT screening ratio and the percentage of screens that are completed and include all seven (7) required screening components
CAHPS Survey Report	Annual Member Satisfaction Survey	A set of standardized surveys that measure patient satisfaction with experience of care	Same as Benchmark	Report of annual CAHPS survey results due by June 15 th . Rating of the Healthplan: CONTRACTOR must meet or exceed Medicaid National average as reported in Quality Compass. 2004 rating was 69.9%.
HEDIS Report	Annual HEDIS measurement as required by NCQA	A set of standardized performance measures designed to allow reliable comparison of the performance of managed health care plans	Same as Benchmark	Report of audited HEDIS data due by June 15 th
Provider Satisfaction Survey Report	Annual Provider Satisfaction Survey	Survey of provider satisfaction with Prior Authorization process	Same as Benchmark	Report due by June 15 th

Amendment 12 (cont.)

Performance Indicator	Data Sources	Measure	Target	Benchmark
NCQA Accreditation Report	NCQA	Final Accreditation Report in its entirety from NCQA's initial survey and annual revised accreditation status	Same as Benchmark	Accreditation

2-9.3. Staff Requirements

The staffing for the plan covered by this Contract must be capable of fulfilling the requirements of this Contract. The minimum staff requirements are as follows:

1. A full-time administrator (project director) specifically identified with overall responsibility for the administration of this Contract. This person shall be at the CONTRACTOR's officer level. Said designee shall be responsible for the coordination and operation of all aspects of the Contract;
2. Sufficient full-time clinical and support staff to conduct daily business in an orderly manner, including such functions as administration, accounting and finance, complying with the requirements related to fraud as set forth in Section 1-5 of this Contract, prior authorizations, medical and disease management, marketing, appeal system resolution, and claims processing and reporting, as determined through management and medical reviews;
3. A physician who is licensed in the State of Tennessee to serve as medical director to oversee and be responsible for the proper provision of covered services to members;
4. A staff qualified, medically trained personnel, consistent with accreditation standards of NCQA, JCAHO or URAC whose primary duties are to assist in evaluating claims for medical necessity;
5. A person who is trained and experienced in information systems, data processing and data reporting as required to provide necessary and timely reports to TENNCARE;
6. The CONTRACTOR shall appoint a staff person as its Non-discrimination Compliance Coordinator to be responsible for compliance with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975 and the Omnibus Budget Reconciliation Act of 1981 (P.E.. 97-35) on behalf of the CONTRACTOR. The CONTRACTOR does not have to require that compliance with the aforementioned federal and state regulations be the sole function of the designated staff member. However, the CONTRACTOR shall identify the designated compliance staff member to TENNCARE by name. At such time that this function is redirected, the name of the staff member who assumed the duties shall be reported in writing to TENNCARE within ten (10) calendar days of the change;

Amendment 12 (cont.)

7. The CONTRACTOR shall appoint a staff person to be responsible for communicating with TENNCARE regarding member service issues. The CONTRACTOR shall maintain statewide, toll-free phone lines (member services hotline) for the exclusive purpose of enrollee inquiries. These phone lines shall be staffed adequately to respond to enrollee's questions during normal business hours, five (5) days a week. The member service lines shall be adequately staffed and trained to accurately respond to questions regarding the TennCare program, including but not limited to EPSDT. Said information may be made available pursuant to the CONTRACTOR's enrollee newsletter or materials distributed pursuant to Section 2-6 of this Contract. The CONTRACTOR shall adequately staff the member service line to assure that the average wait time for assistance does not exceed 10 minutes;
8. The CONTRACTOR shall appoint a staff person to be responsible for communicating with TENNCARE regarding provider service issues. Further, the CONTRACTOR shall have a provider service line staffed adequately to respond to providers questions during normal business hours, including appropriate and timely responses regarding prior authorization requests as described in Section 2-7.1 of this Contract. The provider service lines shall be adequately staffed and trained to accurately respond to questions regarding the TennCare program, including but not limited to EPSDT. The CONTRACTOR shall adequately staff the provider service line to assure that the average wait time for assistance does not exceed 10 minutes.
9. The CONTRACTOR shall identify in writing key contact persons for Contract Administration, Accounting and Finance, Fraud Detection as set forth in Section 1-5 of this Contract, Prior Authorizations, Marketing, Claims Processing, Information Systems, Non-discrimination Compliance, Member Services, Provider Services, Appeal System Resolution, Medical Management, Disease Management, HEDIS, CAHPS, NCQA Accreditation and EPSDT within thirty (30) days of Contract execution. Any changes in staff persons during the term of this Contract must be made in writing within ten (10) business days.
10. The CONTRACTOR shall appoint Care Coordinators and Claim Coordinators in order to coordinate and resolve issues related to MCO/DBM coordination issues as described in Section 2-3.4 of this Contract. Further, the CONTRACTOR shall appoint a Care Coordination Committee and a Claims Coordination Committee made up of the Care/Claim Coordinators and other staff as appropriate. A list with the names and phone numbers of said representatives shall be provided by the MCO to the DBM and TENNCARE.
11. The CONTRACTOR shall appoint Care Coordinators and Claim Coordinators in order to coordinate and resolve issues related to MCO/BHO coordination issues as described in Section 2-3.5 of this Contract. Further, the CONTRACTOR shall appoint a Care Coordination Committee and a Claims Coordination Committee made up of the Care/Claim Coordinators and other staff as appropriate. A list with the names and phone numbers of said representatives shall be provided by the MCO to the BHO, TENNCARE and TDMHDD.

Amendment 12 (cont.)

12. The CONTRACTOR shall appoint and identify in writing to TENNCARE a responsible contact available after hours for the "on-call" TennCare Solutions staff to contact with service issues, including but not limited to, pharmacy issues.
13. The CONTRACTOR shall appoint specific staff to an internal audit department which shall report directly to the board of directors or other such appropriate level of management. The CONTRACTOR shall submit an annual Audit Plan to TENNCARE. The importance of an internal audit function is to provide an independent review and evaluation of the accuracy of financial recordkeeping, the reliability and integrity of information, the adequacy of internal controls, and compliance with applicable laws, policies, procedures, and regulations. The internal audit function shall be responsible for performing audits to ensure the economical and efficient use of resources by all departments to accomplish the objectives and goals for the operations of the department. Further, the internal audit department(s) shall be responsible for performance of the claims payment accuracy tests as described in Section 2-9 and 2-9.7.1 of this Contract.

The CONTRACTOR's failure to comply with staffing requirements as described in this Contract shall result in the application of intermediate sanctions and liquidated damages as specified in Section 6 of this Contract.

2-9.4. Licensure of Staff

The CONTRACTOR is responsible for assuring that all persons, whether they be employees, agents, subcontractors, providers or anyone acting for or on behalf of the CONTRACTOR, are legally authorized to render service under applicable state law and/or regulations. Failure to adhere to this provision shall result in assessment of \$250 per calendar day for each day that personnel are not licensed as required by applicable state law and/or regulation and TENNCARE may terminate this Agreement for cause as described in Section 6.2 of this Contract.

1. TENNCARE may refuse to approve or may rescind the approval of subcontracts with unlicensed persons;
2. TENNCARE may refer the matter to the appropriate licensing authority for action;
3. TENNCARE may assess liquidated damages as described in Section 6 of this Contract; and
4. TENNCARE may terminate this Contract for cause as described in Section 6.2. of this Contract.

The CONTRACTOR's failure to comply with licensure of staff requirements as described in this Contract shall result in the application of intermediate sanctions and liquidated damages as specified in Section 6 of this Contract.

2-9.5. Employment of Personnel

A managed care organization may not knowingly have a director, officer, partner, or person with beneficial ownership of more than 5% of the entity's equity who has been debarred or suspended by any federal agency. A managed care organization may not have an employment, consulting, or any other agreement with a person that has been debarred or suspended by any federal agency for the provision of

Amendment 12 (cont.)

items or services that are significant and material to the entity's contractual obligation with the State. To the best of its knowledge and belief, the CONTRACTOR certifies by its signature to this Contract that the CONTRACTOR and its principals:

1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or State department or Contractor;
2. have not within a three (3) year period preceding this Contract been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offence in connection with obtaining attempting to obtain, or performing a public (federal, State, or Local) transaction or grant under a public transaction; violation of federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;
3. are not presently indicted for or otherwise criminally or civilly charged by a government entity (federal, State, or Local) with commission of any of the offenses detailed in section b. of this certification; and
4. have not within a three (3) year period preceding this Contract had one or more public transactions (federal, State, or Local) terminated for cause or default.

2-9.6. Data that must be Certified

When State payments to an MCO are based on data submitted by the MCO, the State must require certification of the data as provided in 42 CFR 438.606. The data that must be certified include, but are not limited to, enrollment information, encounter data, and other information required by the State and contained in contracts, proposals and related documents. The data must be certified by one of the following: the MCO's Chief Executive Officer, The MCO's Chief Financial Officer, or An individual who has delegated authority to sign for, and who reports directly to the MCO's Chief Executive Officer or Chief Financial Officer. The certification must attest, based on best knowledge, information, and belief, as follows:

1. To the accuracy, completeness and truthfulness of the data.
2. To the accuracy, completeness and truthfulness of the documents specified by the State.
3. The MCO must submit the certification concurrently with the certified data.

2-9.7 Medical Records Requirements

The CONTRACTOR shall maintain, and shall require contracted providers, subcontractors to maintain medical records in a manner that is current, detailed and organized, and which permits effective and confidential patient care and quality review, administrative, civil and/or criminal investigations and/or prosecutions. Medical records are to be maintained at the site where medical services are provided for each member enrolled under this Contract. The CONTRACTOR shall have policies and distribute policies to practice sites that address:

1. Confidentiality of medical records;
2. Medical record documentation standards;
3. An organized medical record keeping system and standards for the availability of medical records, including but not limited to:
 - (a) Enrollees and their representatives shall be given access to the enrollees' medical records, to the extent and in the manner provided by T.C.A. Sections 63-2-101 and 63-2-102, and, subject to reasonable charges, be given copies thereof upon request;

Amendment 12 (cont.)

- (b) When a patient-provider relationship with a TennCare primary care provider ends and the enrollee requests that medical records be sent to a second TennCare provider who will be the enrollee's primary care case manager or gatekeeper, the first provider shall not charge the enrollee or the second provider for providing the medical records.
4. Performance goals to assess the quality of medical record keeping; and
5. CONTRACTOR medical record keeping policies and practices must be consistent with 42 CFR 456 and current NCQA Standards for medical record documentation.

2-9.8 Quality Monitoring/Quality Improvement (QM/QI) Program

The CONTRACTOR shall have a written Quality Improvement (QI) Program which clearly defines its quality improvement structures and processes and assigns responsibility to appropriate individuals. This Program shall use as a guideline the current NCQA Standards and Guidelines for the Accreditation of MCOs and shall include the MCO's plan for improving patient safety. The CONTRACTOR shall agree to achieve and maintain NCQA Accreditation. NCQA Accreditation must be achieved by December 31, 2006 and maintained thereafter. Additionally, for new MCOs contracting with TENNCARE, the Program shall be approved by TENNCARE prior to the enrollment of any TennCare enrollees. Any changes to the QI program structure shall require prior written approval from TENNCARE. The QI Program Description and associated work plan shall be submitted to TENNCARE annually for approval along with the Annual Evaluation of QI Program. The QI evaluation of the QI Program for the prior year, the revised QI Program Description and associated Work Plan shall be submitted to TENNCARE following approval by the CONTRACTOR's Quality Improvement Committee, no later than April 15th each year.

1. QM/QI Meeting Requirements

The CONTRACTOR shall provide the Chief Medical Officer of TENNCARE with ten (10) days advance notice of all regularly scheduled meetings of the Quality Improvement Committee and Peer Review Committee. The Chief Medical Officer of TENNCARE, or his/her designee, may attend the Quality Improvement Committee and/or Peer Review Committee meetings at his/her option. In addition, written minutes shall be kept of all meetings of the Quality Improvement Committee and Peer Review Committees. A copy of the signed and dated written minutes for each meeting shall be available on-file after the completion of the following committee meeting in which the minutes are approved and shall be available for review upon request and during the annual on-site EQRO review and/or NCQA Accreditation review.

2. Clinical and Service Quality Improvement/Performance Improvement Activities

The CONTRACTOR shall perform three (3) clinical and two (2) service quality improvement activities relevant to the enrollee population or as required to obtain NCQA Accreditation. Two of the three clinical activities shall be determined by TENNCARE. The TENNCARE selected clinical quality improvement activity topics are diabetes and maternity management. The following must be documented for each activity and CMS protocols for performance improvements projects (PIPs) must be met:

- Rationale for selection as a quality improvement activity
- Specific population targeted, include sampling methodology if relevant
- Metrics to determine meaningful improvement and baseline measurement
- Specific interventions (enrollee and provider)
- Relevant clinical practice guidelines
- Date of re-measurement

The CONTRACTOR shall electronically submit Quality Improvement Activity Forms as required by NCQA. These forms are available at www.NCQA.org.

Amendment 12 (cont.)

Further, the CONTRACTOR shall update and submit quarterly the Quality Improvement Activities Update Grid along with a brief narrative and barrier analysis explaining any delays encountered for any of the planned activities and the plan for completing any delayed scheduled activities.

3. Clinical Practice Guidelines

The CONTRACTOR shall select at least four (4) evidence-based clinical practice guidelines from recognized sources that are relevant to the enrollee population. Guidelines must be distributed to all appropriate providers. The MCO shall measure performance against at least two (2) important aspects of each of the four (4) clinical practice guidelines annually. The guidelines must be reviewed and any revisions distributed to appropriate providers at least every two (2) years or whenever national guidelines change.

4. Performance Indicators

Performance indicator results shall be reported to TENNCARE within the Annual Evaluation of the Quality Improvement Program. Audited HEDIS and CAHPS results, including audit findings, shall be reported to TENNCARE by June 15th of each calendar year.

The CONTRACTOR's QI Work Plan shall identify benchmarks and set achievable performance goals for each selected quality measure. The source of the benchmark should be identified, i.e., Quality Compass. To be considered meaningful, the CONTRACTOR must demonstrate improvement against the baseline measure as indicated:

Baseline Rate	Minimum Effect Size
0-59	At least a 6 percentage point increase
60-74	At least a 5 percentage point increase
75-84	At least a 4 percentage point increase
85-92	At least a 3 percentage point increase
93-96	At least a 2 percentage point increase
97-100	At least a 1 percentage point increase

The CONTRACTOR's failure to demonstrate meaningful improvement toward benchmark levels of performance shall result in the CONTRACTOR being required to implement a corrective action plan as described in Section 2-16.

5 EPSDT(TENNderCare)

The CONTRACTOR shall demonstrate at least a 10 percentage-point improvement over the average MCO fiscal year 2000 EPSDT adjusted periodic screening percentage (APSP) for SSI children and at least a 10 percentage-point improvement over the average fiscal year 2000 APSP EPSDT screening rate for all other children enrolled in TennCare Select.

To encourage significant improvement in EPSDT screening rates, the CONTRACTOR may recommend a program designed to increase screening rates through the use of financial incentives. TennCare must approve the program design and amount of any payments prior to distribution.

As specified at 2-4.9, the CONTRACTOR shall contract with each Department of Health for the provision of EPSDT services in the community service area(s) in which it is authorized to serve until such time as it obtains an APSP of eighty percent (80%).

6. Credentialing and Recredentialing

Amendment 12 (cont.)

The CONTRACTOR utilizes current NCQA Standards and Guidelines for the Accreditation of MCOs for the credentialing and recredentialing of licensed independent practitioners with whom it contracts or employs and who fall within its scope of authority and action. The CONTRACTOR shall further adhere to the credentialing requirements described in Section 2-4.7.6 of this Contract regarding non-contract providers.

7 NCQA Accreditation

NCQA Accreditation must be achieved by December 31, 2006 and maintained thereafter. In order to assure that the CONTRACTOR is making forward progress, TENNCARE shall require the following information and/or benchmarks be met:

EVENT	REQUIRED DEADLINE
CALENDAR YEAR 2005	
Submit preliminary HEDIS data to EQRO as required by the CRA	July 1, 2005
Submit locked DST to NCQA	July 15, 2005
Purchase NCQA ISS Tool for 2006 MCO Accreditation Survey	August 1, 2005
Utilize the NCQA approved Quality Improvement Activity Form to submit baseline data, barrier analysis, and planned interventions for three (3) Clinical and two (2) Service Improvement Studies selected by MCO.	September 15, 2005
NCQA Accreditation Survey Application Submitted and Pre Survey Fee paid	November 15, 2005
Copy of signed contract with NCQA approved vendor to perform 2006 CAHPS Survey to TENNCARE	November 15, 2005
Copy of signed contract with NCQA approved vendor to perform 2006 HEDIS Audit to TENNCARE	November 15, 2005
Submit copy of signed NCQA Survey Contract to TENNCARE	December 15, 2005
Notify TennCare of date for ISS Submission and NCQA Onsite review	December 31, 2005
CALENDAR YEAR 2006	
HEDIS Baseline Assessment Tool completed and submitted to Contracted HEDIS Auditor and TennCare	February 15, 2006
Audited Medicaid HEDIS and CAHPS results submitted to NCQA and TennCare	June 15, 2006
Finalize preparations for NCQA Survey (final payment must be submitted to NCQA 60 days prior to submission of ISS.	July 1 – September 15, 2006
Submit ISS to NCQA	No later than September 18, 2006
NCQA Survey Completed and copy of NCQA Final Report to TennCare: <ul style="list-style-type: none"> • Excellent, Commendable, or Accredited • Provisional -- Corrective Action required to achieve status of Excellent, Commendable, or Accredited; resurvey within 12 months. Plan of Corrective Action addressing deficiencies noted by NCQA to TennCare within thirty (30) days of receipt of Final Report from NCQA. Provisional status may result in the assessment of liquidated damages or termination of this Agreement. 	December 31, 2006

Amendment 12 (cont.)

<ul style="list-style-type: none"> • Accreditation Denied – Results in termination of this Agreement 	
CALENDAR YEAR 2007	
Complete NCQA Reconsideration Process (if necessary)	January 1, 2007- March 30, 2007
Complete Provisional NCQA Accreditation Resurvey NOTE: Provisional NCQA Accreditation may result in the assessment of liquidated damages or termination of this Agreement	December 31, 2007
Maintain NCQA Accreditation	On-going
Audited Medicaid HEDIS and CAHPS results submitted to NCQA and TennCare	June 15, 2007
Notify TENNCARE of any revision to accreditation status based HEDIS score	Annually immediately upon notification by NCQA
CALENDAR YEAR 2008	
Maintain NCQA Accreditation	On-going
Audited Medicaid HEDIS and CAHPS results submitted to NCQA and TennCare	June 15, 2008
Notify TENNCARE of any revision to accreditation status based HEDIS score	Annually immediately upon notification by NCQA

The CONTRACTOR may obtain additional payments for the successful achievement of NCQA Accreditation as described in Section 5-1.h of this Agreement.

If the CONTRACTOR consistently fails to meet the timelines as described above, the CONTRACTOR shall be considered to be in breach of the terms of this Agreement and may be subject to termination in accordance with Section 6-2.2 of this Agreement. Further, failure to achieve specified benchmarks or reporting requirements, as described in Section 6-8.2.2 shall result in damages as described therein.

Failure to obtain NCQA Accreditation by December 31, 2006 and maintain Accreditation thereafter, shall be considered a breach of this Agreement and shall result in termination of this Agreement in accordance with the terms set forth in Section 6-2.2 of this Agreement. Achievement of Provisional accreditation status shall require a corrective action plan and may result in termination of this Agreement.

2-9.9. Third Party Resources (TPL)

The CONTRACTOR shall be the payer of last resort for all medical services in accordance with federal regulations. The CONTRACTOR shall exercise, full assigned benefit rights and/or subrogation rights as applicable and shall be responsible for making every reasonable effort to determine the legal liability of third parties to pay for services rendered to enrollees under this Contract and recover any such liability from the third party. The CONTRACTOR shall post all third party payments to claim level detail by enrollee. Unless otherwise indicated below, claims for which the CONTRACTOR's files indicate TPL exists, but does not reflect third party payment shall be denied. Further, in accordance with Section 2-10.2, the CONTRACTOR shall report to TENNCARE any information regarding an enrollee's third party resources in a format and media as described by TENNCARE.

Amendment 12 (cont.)

1. If the CONTRACTOR has determined that TPL exists for part or all of the services administered directly by the CONTRACTOR the CONTRACTOR shall make reasonable efforts to recover from third party liable sources the value of services rendered.
2. If the CONTRACTOR has determined that TPL exists for part or all of the services provided to an enrollee by a provider, the CONTRACTOR shall pay the provider only the amount, if any, by which the provider's allowable claim exceeds the amount of TPL. The CONTRACTOR and all providers and subcontractors shall not require any cost sharing responsibilities for TennCare covered services except to the extent that cost sharing responsibilities are required for those services by TENNCARE.
3. The CONTRACTOR may not withhold payment for services provided to a member if TPL or the amount of liability cannot be determined, or payment will not be available within a reasonable time. Except for the claims described below, if the probable existence of TPL has been established at the time the claim is filed, the CONTRACTOR must reject the claim and return it to the provider for a determination of the amount of any third party payment. The claims exceptions are EPSDT, prenatal or preventive pediatric care, and all claims covered by absent parent maintained insurance under Part D of Title IV of the Social Security Act. These claims will be paid at the time presented for payment by the provider and the CONTRACTOR shall bill the responsible third party. When the amount of payment is determined, the CONTRACTOR shall pay the claim at the rate allowed under the CONTRACTOR's payment schedule. In no instance shall the amount of the third party payment and the CONTRACTOR's payment exceed the provider's contracted TennCare rate.
4. All funds recovered from third parties will be treated as offsets to claims payments. The CONTRACTOR shall report all cost avoidance values to TENNCARE in accordance with federal guidelines and as described in Section 2-10. of this Contract.
5. TennCare Cost sharing responsibilities permitted pursuant to Section 2-4.10 of this Contract shall not be considered third party resources for purposes of this requirement.
6. The CONTRACTOR shall provide third party resource (TPR) data to any provider having a claim denied by the CONTRACTOR based upon a TPR.
7. The CONTRACTOR shall provide any information necessary in a format and media described by TENNCARE and shall cooperate in any manner necessary, as requested by TENNCARE, with TENNCARE and/or a Cost Recovery Vendor at such time that TENNCARE acquires said services.
8. Third party resources shall include subrogation recoveries. The CONTRACTOR shall be required to seek subrogation amounts regardless of the amount believed to be available as required by federal Medicaid guidelines. The amount of any subrogation recoveries collected by the CONTRACTOR outside of the claims processing system shall be the property of the State. On a monthly basis, the CONTRACTOR shall report to the State the amount of any subrogation recoveries collected outside the claims processing system received during the previous month. The next remittance request subsequent to this monthly report shall be reduced by the value of the subrogation recoveries reported.
9. The CONTRACTOR shall not make payment on a claim that has been denied by a third party payor when the reason for denial is the provider or enrollee's failure to follow prescribed procedures, including but not limited to, failure to obtain prior authorization, timely filing, etc., unless otherwise directed by TENNCARE to do so.

Amendment 12 (cont.)

10. TENNCARE may require a TennCare contracted TPL vendor to review paid claims that are over ninety (90) days old and pursue TPL (excluding subrogation) for those claims that do not indicate recovery amounts in the CONTRACTOR's reported encounter data.

Failure to seek, make reasonable effort to collect and report third party recoveries shall result in liquidated damages as described in Section 6-8 of this Contract. It shall be the CONTRACTOR's responsibility to demonstrate, upon request, to TENNCARE that reasonable effort has been made to seek, collect and/or report third party recoveries. TENNCARE shall have the sole responsibility for determining whether or not reasonable efforts have been demonstrated. Said determination shall take into account reasonable industry standards and practices.

2-9.10. Location of Non-responsive TennCare Eligibles

The CONTRACTOR agrees to attempt to locate "non-responsive TennCare eligibles" that have been enrolled in the CONTRACTOR's plan. Non-responsive TennCare eligibles are persons identified by TennCare who have not responded to re-verification attempts and who have not (and whose family members have not) accessed services during the period of review. Within 90 days of identification, the CONTRACTOR shall attempt to reach each non-responsive TennCare eligible identified by TennCare to the CONTRACTOR and assigned to TennCare Select effective July 1, 2001. The CONTRACTOR shall attempt to reach each non-responsive TennCare eligible telephonically using the phone number provided by TennCare. Upon placement of the call, if the CONTRACTOR receives a message that the phone number has been changed, the CONTRACTOR shall update the enrollee's phone number in its system and make at least three documented attempts to contact said enrollee at the new number to obtain the enrollee's new address. If successful, the CONTRACTOR will forward this information to TennCare via the Weekly Enrollee Information Report as well as a Non-Responsive File via CD Rom which shall include additional data elements as described in this Section. If TennCare does not provide a telephone number, the CONTRACTOR shall make and document at least one attempt to contact the non-responsive TennCare eligible through other publicly available information resources. In addition, the CONTRACTOR shall monitor claims activity for non-responsive TennCare eligibles. In the event the CONTRACTOR receives a claim for payment on behalf of a non-responsive TennCare eligible, the CONTRACTOR shall contact the provider and request the enrollee's phone number and address on file with the provider. The CONTRACTOR shall make at least three documented attempts to contact the enrollee at the location provided by the provider to confirm the enrollee's address. Once confirmed, the CONTRACTOR shall forward this information to TennCare via the Weekly Enrollee Information Report as well as a Non-Responsive File via CD Rom which shall include additional data elements as described in this Section. The CONTRACTOR shall complete this process within 45 days for other non-responsive TennCare eligible as they are identified by TennCare to the CONTRACTOR.

2-9.11. Claims Processing Requirements

1. Timeliness of Payments

The CONTRACTOR shall have in place, an automated claims processing system capable of accepting and processing claims submitted electronically with the exception of claims that require written documentation to justify payment (e.g., hysterectomy/sterilization consent forms, Certification for Medical Necessity for Abortion, necessary operative reports, etc.). To the extent that the CONTRACTOR compensates providers on a fee for service or other basis requiring the submission of claims as a condition to payment, the CONTRACTOR shall process, as described herein, the provider's claims for covered benefits provided to enrollees consistent with applicable CONTRACTOR policies and procedures and the terms of this Contract. The CONTRACTOR shall ensure that ninety percent (90%) of claims for payment for services delivered to a TennCare enrollee (for which no further written information or substantiation is required in order to make payment) are paid within thirty (30) days of the receipt of such claims. The CONTRACTOR shall process, and if appropriate pay, within sixty (60) days

Amendment 12 (cont.)

ninety-nine point five percent (99.5%) of all provider claims for services delivered to an enrollee in the TennCare Program. The terms "processed and paid" are synonymous with terms 'process and pay' of Tennessee Code Annotated § 56-32-226(b)(1)(A) and (B). If a claim is partially or totally denied on the basis the provider did not submit any required information or documentation with the claim, then the remittance advice or other appropriate written notice must specifically identify all such information and documentation. Resubmission of a claim with further information and/or documentation shall constitute a new claim for purposes of establishing the time frame for claims processing.

To the extent that the provider agreement requires compensation of a provider on a monthly fixed fee basis or on any other basis that does not require the submission of a claim as a condition to payment, such payment shall be made to the provider by no later than (i) the time period specified in the contract between the provider and the CONTRACTOR or subcontractor, or if a time period is not specified in the contract (ii) the tenth (10th) day of the calendar month if the payment is to be made by a subcontractor, or (iii) if the CONTRACTOR is required to compensate the provider directly, within five (5) calendar days after receipt of the fixed administrative fee payment and supporting Remittance Advice information from TENNCARE.

The CONTRACTOR shall contract with independent reviewers for the purposes to review disputed claims as provided by T.C.A., Section 56-32-226.

2. Claims Payment Accuracy – Minimum Audit Procedures

The quarterly claims payment accuracy percentage is self-reported and is based on an audit conducted by the internal audit staff. The audit will utilize a random sample of all "processed or paid" claims upon initial submission in each quarter (the terms "processed and paid" are synonymous with terms 'process and pay' of Tennessee Code Annotated § 56-32-226(b)(1)(A) and (B)).

A minimum sample of size of 300 claims randomly selected from the entire population of electronic and paper claims processed or paid upon initial submission for the quarter tested is required. Combining the results of minimum sub-samples of 100 randomly selected from the entire population of claim processed and paid upon initial submission for each month in the quarter is acceptable. The minimum attributes to be tested for each claim selected must include:

- Claim data correctly entered into the claims processing system
- Claim is associated to the correct provider
- Service obtained the proper authorization
- Member eligibility at processing date correctly applied
- Allowed payment amount agrees with contracted rate
- Duplicate payment of the same claim has not occurred
- Denial reason applied appropriate
- Copayment application considered and applied
- Effect of modifier codes correctly applied
- Processing considered if service subject to benefit limits considered and applied
- Other insurance properly considered and applied

For audit and verification purposes, the population of claims should be maintained. Additionally, the results of testing at a minimum should be documented to include:

- Results for each attribute tested for each claim selected
- Amount of overpayment or underpayment for claims processed or paid in error
- Explanation of the erroneous processing for each claim processed or paid in error
- Determination if the error is the result of keying errors or the result of errors in the configuration or table maintenance of the claims processing system

Amendment 12 (cont.)

- Claims processed or paid in error have been corrected

3. **Electronic Billing**

The CONTRACTOR shall provide the capability of electronic billing. The CONTRACTOR or any entities acting on behalf of the CONTRACTOR, shall not charge providers for filing claims electronically. However, this provision shall not be construed to imply that providers may not be responsible for payment of applicable line fees and/or charges. The CONTRACTOR shall comply at all times with standardized paper billing forms/format as follows:

<u>Claim Type</u>	<u>Claim Form</u>
Professional	CMS 1500
Institutional	UB-92
Pharmacy	NCPDP (Edit Format)
Dental	ADA

4. **Standard Forms and Billing Instructions**

The CONTRACTOR shall not revise or modify the standardized forms or format itself specified in item 2 above. Further, the CONTRACTOR agrees to adopt national EMC standards and standardized instructions and definitions that are consistent with industry norms for the forms identified above when developed by TENNCARE in conjunction with appropriate workgroups. This shall include, but not be limited to, federally required safeguard requirements including signature requirements described in Section 112821.1 of the CMS State Medicaid Manual and 42 CFR 455.18 and 455.19 which requires a statement that the provider certifies that s/he is aware that payment is from Federal and State funds and anyone who misrepresents or falsifies essential Medicaid claims information may be prosecuted under Federal and State laws.

5. **Edits**

The CONTRACTOR shall perform front end system edits, including but not limited to, TPL, medical necessity (e.g., appropriate age/sex for procedure) and post-payment review on a sample of claims to ensure services provided were medically necessary. The CONTRACTOR must have a staff qualified, medically trained and appropriately licensed personnel, consistent with accreditation standards of NCQA, JCAHO or URAC whose primary duties are to assist in evaluating claims for medical necessity.

6. **Timely Filing**

Consistent with the requirements outlined in Section 2-18.v of this Contract, the CONTRACTOR shall not deny provider claims on the basis of timely filing in situations regarding coordination of benefits or subrogation in which case the provider is pursuing payment from a third party or if an enrollee is enrolled in the plan with a retroactive eligibility date. In situations of third party benefits, the minimum and maximum time frames for filing a claim shall begin on the date that the third party documented resolution of the claim. In situations of enrollment in the plan with a retroactive eligibility date, the minimum and maximum time frames for filing a claim shall begin on the date that the CONTRACTOR receives notification from TENNCARE of the enrollee's eligibility.

7. **HIPAA Compliance**

The CONTRACTOR agrees to maintain compliance with the Health Insurance Portability and Accountability Act (HIPAA). Further, the CONTRACTOR agrees that at such time that the Steering Committee presents TENNCARE with recommendations concerning claims billing and processing that are consistent with industry norms, the CONTRACTOR shall comply with said recommendations within one hundred and eighty (180) days from notice by TENNCARE to do so.

Amendment 12 (cont.)

8. Eligibility for Services

The CONTRACTOR shall confirm eligibility on each participant as claims are submitted, on the basis of the eligibility information provided by the State or DCS (via the adhoc reporting process approved by TennCare) that applies to the period during which the charges were incurred. The CONTRACTOR shall process said claims, in an accurate manner in accordance with this Contract.

9. EPSDT (TENNderCare) Reimbursement

For provider agreements executed after October 1, 2002, the CONTRACTOR shall reimburse EPSDT (TENNderCare) services on a fee-for-service basis.

10. Explanation of Benefits (EOBs)

The CONTRACTOR shall be responsible for generating and mailing EOBs to TennCare enrollees in accordance with guidelines described by TENNCARE. The MCO will omit any claims in the EOB file that are associated with sensitive services. Each MCO, with guidance from TennCare, will develop "sensitive services" logic to be used in eliminating these claims from generating an EOB. At a minimum, EOBs shall be designed to address CMS requirements found in 42 CFR Sections 455.20 and 433.116 as well as requirements associated with a change in TennCare policy and shall include; Claims for services with benefit limits, Claims with enrollee cost sharing, denied claims with enrollee responsibility, and a sampling of paid claims (excluding ancillary and anesthesia services).

Regarding the paid claims, the CONTRACTOR shall stratify the sample to ensure that all provider types (or specialties) are represented in the pool of generated EOBs. To the extent that the MCO considers a particular specialty (or provider) to warrant closer scrutiny, the MCO may over sample the group. The paid claims sample should be a minimum of 25 claims per check run (or 100 claims a month).

Based on the EOBs sent to the TennCare enrollees, the MCO will track any complaints received from enrollees and resolve the complaints according to MCO established policies and procedures. The resolution may be enrollee education, provider education, or referral to TBI/OIG. The MCO will use the feedback received to modify or enhance the EOB sampling methodology. Reporting of this process shall be described in Section 2-10 of this Contract.

11. Remittance Advice to Providers

The CONTRACTOR shall provide a HIPAA compliant electronic status report indicating the disposition for every adjudicated claim for each claim type submitted by providers seeking payment as well as fixed administrative fee payments generated and paid by the MCO. The status report shall contain appropriate explanatory remarks related to payment or denial of the claim, including but not limited to TPL data. If a claim is partially or totally denied on the basis the provider did not submit any required information or documentation with the claim, then the remittance advice must specifically identify all such information and documentation.

In accordance with 42 CFR 455.18 and 455.19, the following statement must be including on each remittance advice sent to providers: "I understand that payment and satisfaction of this claim will be from Federal and State funds, and that any false claims, statements, documents, or concealment of a material fact, may be prosecuted under applicable Federal and/or State laws."

12. Encounter Data

The CONTRACTOR shall submit encounter data to TENNCARE in accordance with Section 2-10. Encounter data shall include detailed information, including but not limited to applicable cost share

Amendment 12 (cont.)

responsibilities, TPL collections and shall contain all data elements required by TENNCARE and described in Attachment XI, Exhibit G.

13. Overpayment due to CONTRACTOR Error

The CONTRACTOR shall use its best efforts to recover overpayment of benefits that result from errors of the CONTRACTOR. Should the CONTRACTOR inadvertently make payment, arising from errors in overpayment, the amount of overpayment actually recovered should be credited to the State within forty-five (45) calendar days after recovery of the overpaid funds by the CONTRACTOR. In the event any overpayment is not recovered within 90 calendar days of discovery of the overpayment – and if the State has already made payment of the claims that included the overpayment – the CONTRACTOR will credit the State for the amount of the overpayment by the ninetieth (90) day.

14. Overpayment due to Provider Error

Overpayments due to provider billing errors and provider fraud or fraud of any other type, other than fraud by employees or contractors of the CONTRACTOR, will not be considered overpayments due to errors of the CONTRACTOR. In addition, the State will not hold the CONTRACTOR responsible for overpayment caused by the State's omission or errors in certifying eligibility; however, the CONTRACTOR is required to assist in recovery of overpayments due to provider billing errors or due to State errors or omissions.

15. Liquidated Damages/Sanctions

Failure to meet claims processing requirements shall result in the application of liquidated damages in the amount of \$10,000 per month for each month the CONTRACTOR is out of compliance.

2-9.12. Network Management

The CONTRACTOR shall provide or assure the provision of all covered services specified in Section 2-3.1 of this Contract. The CONTRACTOR may provide these services directly or may enter into written agreements with providers and provider subcontracting entities or organizations who will provide services to the enrollees in exchange for payment by the CONTRACTOR for services rendered.

1. Should the CONTRACTOR elect to contract with providers for the provision of covered services, the CONTRACTOR shall adhere to the following:
 - (a) The CONTRACTOR shall not execute provider agreements with providers who have been excluded from participation in the Medicare and/or Medicaid programs pursuant to Sections 1128 or 1156 of the Social Security Act or who are otherwise not in good standing with the TENNCARE program.
 - (b) The CONTRACTOR shall have in place written policies and procedures for the selection and/or retention of providers and policies and procedures must not discriminate against particular providers that service high risk populations or specialize in conditions that require costly treatment.
 - (c) The CONTRACTOR shall not discriminate for the participation, reimbursement, or indemnification of any provider who is acting within the scope of his or her license or certification under applicable State law, solely on the basis of that license or certification. The CONTRACTOR's ability to credential providers as well as maintain a separate network and not include any willing provider is not considered discrimination.

Amendment 12 (cont.)

- (d) If the CONTRACTOR declines to include individual or groups of providers in its network, it must give the affected providers written notice of the reason for its decision.
 - (e) The CONTRACTOR shall maintain all provider agreements in accordance with the provisions specified in Title 42, CFR §438.12, 438.214 and Section 2-18 of this Contract.
 - (f) The CONTRACTOR shall make provider payments in accordance with Section 5 of this Contract and shall negotiate changes in reimbursement rates as required by TENNCARE.
2. Section 2-9.4.1 shall not be construed to:
- (a) Require the CONTRACTOR to contract with providers beyond the number necessary to meet the needs of its enrollees;
 - (b) Preclude the CONTRACTOR from using different reimbursement amounts for different specialties or for different practitioners in the same specialty; or
 - (c) Preclude the CONTRACTOR from establishing measures that are designed to maintain quality of services and control costs and is consistent with its responsibilities to enrollees.
3. The CONTRACTOR may not prohibit, or otherwise restrict, a health care professional acting within the lawful scope of practice, from advising or advocating on behalf of an enrollee who is his or her patient for the following:
- (a) The enrollee's health status, medical care, or treatment options, including any alternative treatment that may be self administered;
 - (b) Any information the enrollee needs in order to decide among all relevant treatment options;
 - (c) The risks , benefits, and consequences of treatment or non-treatment; or
 - (d) The enrollee's right to participate in decisions regarding his or her health care, including the right to refuse treatment, and to express preferences about future treatment decisions.
4. The CONTRACTOR shall ensure that punitive action is not taken against a provider who either requests an expedited resolution or supports an enrollee's appeal.
5. The CONTRACTOR shall notify and make TENNCARE and TDCI TennCare Division aware of any operations or plans to operate a Physician Incentive Plan (PIP). Prior to implementation of any such plans, CONTRACTOR shall submit to TDCI TennCare Division any provider agreement templates or subcontracts that involve a PIP for review as a material modification. CONTRACTOR shall not implement a PIP in the absence of TDCI TennCare Division review and approval, which review will include review for compliance with applicable state and federal law. If the CONTRACTOR operates a PIP, the CONTRACTOR shall assure that no specific payment be made directly or indirectly under a PIP to a physician or physician group as an inducement to reduce or limit medically necessary services furnished to an individual. If the CONTRACTOR operates a PIP, upon TENNCARE's request, the CONTRACTOR must report descriptive information about its incentive plan in sufficient detail to enable TENNCARE to adequately monitor the CONTRACTOR. The information that may be requested shall include, but not be limited to, the following:
- (a) Whether services not furnished by the physician or physician group are covered by the incentive plan.
 - (b) The type or types of incentive arrangements, such as, withholds, bonus, capitation.

Amendment 12 (cont.)

- (c) The percent of any withhold or bonus the plan uses.
 - (d) Assurance that the physicians or physician group has adequate stop-loss protection, and the amount and type of stop-loss protection.
 - (e) The patient panel size and, if the plan uses pooling, the pooling method.
 - (f) If the CONTRACTOR is required to conduct enrollee surveys, a summary of the survey results.
6. For purposes of network management, the CONTRACTOR shall, at a minimum, adhere to and/or provide for the following:
- (a) The CONTRACTOR shall notify all network providers to file claims associated with their services directly with the CONTRACTOR, or its subcontractors, on behalf of TennCare enrollees.
 - (b) The CONTRACTOR shall notify all network providers of and enforce compliance with all provisions relating to utilization management procedures.
 - (c) PCP Profiling. The CONTRACTOR shall profile TennCare PCP's. A summary of Provider profiling activities will be provided to the TennCare Chief Medical Officer quarterly. The summary will include a listing of PCPs whose profiling revealed practice patterns greater than or equal to two standard deviations from the norm within the CONTRACTOR's network. The summary should include specific actions taken for identified outliers. PCP profiling will include, but not be limited to, the following:
 - (1) Out-of-Network Utilization. The CONTRACTOR shall maintain a procedure to identify and evaluate enrollee out-of-network utilization by PCP panel.
 - (2) Specialist Referrals. The CONTRACTOR shall maintain a procedure to identify and evaluate enrollee Specialty provider utilization by PCP panel.
 - (3) Emergency Room Utilization. The CONTRACTOR shall maintain a procedure to identify and evaluate enrollee emergency room utilization by PCP panel. Individual enrollees who establish a pattern of accessing emergency room services should be referred to case management for follow-up.
 - (4) Inpatient Admissions. The CONTRACTOR shall maintain a procedure to identify and evaluate enrollee utilization of inpatient services by PCP panel.
 - (5) Pharmacy Utilization. At a minimum, the CONTRACTOR shall comply with the following:
 - (a) Generic versus Brand Name. The CONTRACTOR shall maintain a procedure to incorporate pharmacy utilization (generics versus brand names) into the PCP profile.
 - (b) Outlier Reports for Narcotic Prescriptions. TENNCARE shall provide the CONTRACTOR a semiannual report listing TennCare providers who appear to be outliers with regard to the numbers and percentages of narcotic prescriptions they write. The CONTRACTOR shall assess the prescribing practices of all contracted providers and report back to the Bureau regarding their findings. The report will either provide assurance that the prescriber appears to be

Amendment 12 (cont.)

practicing their specialty in accordance with acceptable standards of care or will provide a plan to address any identified concern.

- (6) Advanced Imaging Procedures. The CONTRACTOR shall maintain a procedure to identify and evaluate utilization of advanced imaging procedures by PCP panel. Advanced Imaging Procedures include: PET Scans; CAT Scans and MRIs.
- (d) Practice Pattern Analysis. The CONTRACTOR shall analyze utilization data, including but not limited to, information provided to the CONTRACTOR by TENNCARE, and report back outlier information as requested by TENNCARE.

2-9.13. Fraud and Abuse

The Tennessee Bureau of Investigation Medicaid Fraud Control Unit (TBI MFCU) is the state agency responsible for the investigation of provider fraud and abuse in the State Medicaid program (TennCare).

The Office of Inspector General (OIG) has the primary responsibility to investigate TennCare enrollee fraud and abuse.

The CONTRACTOR shall have internal controls and policies and procedures in place that are designed to prevent, detect, and report known or suspected fraud and abuse activities. The CONTRACTOR shall have adequate staffing and resources to investigate unusual incidents and develop and implement corrective action plans to assist the CONTRACTOR in preventing and detecting potential fraud and abuse activities. Failure to comply with the fraud and abuse requirements set forth in this Contract may result in liquidated damages as described in Section 6-8 of this Contract.

a. Reporting and Investigating Suspected Fraud and Abuse

- 1. The Contractor shall cooperate with all appropriate State and Federal Agencies, including TBI MFCU and/or OIG, in investigating fraud and abuse. In addition, the Contractor shall fully comply with the provisions of Tennessee Code Annotated Sections 71-5-2601 and 71-5-2603 in performance of its' obligations under this Agreement.
 - i. Fraud and abuse in the administration of the program. Suspected fraud and abuse in the administration of the program shall be reported to TBI MFCU and/or OIG.
 - ii. Provider fraud and abuse. All confirmed or suspected provider fraud and abuse shall immediately be reported to TBI MFCU.
 - iii. Enrollee fraud and abuse. All confirmed or suspected enrollee fraud or abuse shall be reported immediately to OIG.
- 2. CONTRACTOR shall use the Fraud Reporting Forms attached to this Contract, or such other form as may be deemed satisfactory by the agency to whom the report is to be made under the terms of this Contract.
- 3. Pursuant to TCA § 71-5-2603(c) CONTRACTOR shall be subject to a civil penalty, to be imposed by OIG, for willful failure to report fraud by recipients, enrollees, applicants, or providers to OIG or MFCU, as appropriate.
- 4. After reporting fraud or suspected fraud and/or suspected abuse and/or confirmed abuse, CONTRACTOR shall promptly perform a preliminary investigation of all incidents of suspected and/or confirmed fraud and abuse, but shall not:

Amendment 12 (cont.)

- i. contact the subject of the investigation about any matters related to the investigation,
 - ii. enter into any settlement or agreement regarding the incident, or
 - iii. accept any money or other thing of value offered in connection with the incident unless prior approval is obtained from the agency to whom the incident was reported, or to another agency designated by the agency that received the report.
5. The CONTRACTOR shall promptly provide the results of its preliminary investigation to the agency to whom the incident was reported, or to another agency designated by the agency that received the report.
6. CONTRACTOR shall cooperate fully in any further investigation or prosecution by any duly authorized government agency, whether administrative, civil, or criminal. Such cooperation shall include providing, upon request, information, access to records, and access to interview CONTRACTOR employees and consultants, including but not limited to those with expertise in the administration of the program and/or in medical or pharmaceutical questions or in any matter related to an investigation.
7. The State shall not transfer its law enforcement functions to the CONTRACTOR.
8. The Contractor and health care providers, whether participating or non-participating providers, shall, upon request and as required by this Contract or state and/or federal law, make available to the TBI MFCU/OIG any and all administrative, financial and medical records relating to the delivery of items or services for which TennCare monies are expended. In addition, the TBI MFCU/OIG shall, as required by this CONTRACT or state and/or federal law, be allowed access to the place of business and to all TennCare records of any Contractor or health care provider, whether participating or non-participating, during normal business hours, except under special circumstances when after hour admission shall be allowed. Special circumstances shall be determined by the TBI MFCU/OIG.
9. The Contractor shall include in any of its provider agreements a provision requiring, as a condition of receiving an amount of TennCare payment, the provider must comply with Section 2-9.9 of this CONTRACT.
10. Except as described in Section 2-4.7.6 of this Contract, nothing herein shall require the CONTRACTOR to assure non-participating providers are compliant with TENNCARE contracts or state and/or federal law.

b. Fraud and Abuse Compliance Plan

1. The CONTRACTOR shall have a written Fraud and Abuse compliance plan.
2. The fraud and abuse compliance plan shall:
 - i. Require that the reporting of suspected and/or confirmed fraud and abuse be done as required by this Contract.
 - ii. Ensure that all officers, directors, managers and employees know and understand the provisions of the CONTRACTOR's fraud and abuse compliance plan;
 - iii. Contain procedures to prevent and detect fraud and abuse in the administration and delivery of services under this contract:

Amendment 12 (cont.)

- iv. Include a description of the specific controls in place for prevention and detection of fraud and abuse, such as:
 - a. Claims edits;
 - b. Post-processing review of claims;
 - c. Provider profiling and credentialing;
 - d. Prior authorization;
 - e. Utilization management;
 - f. Relevant subcontractor and provider agreement provisions;
 - g. Written provider and enrollee material regarding fraud and abuse referrals.
 - v. Contain provisions for the confidential reporting of plan violations to the designated person as described in this Contract;
 - vi. Contain provisions for the investigation and follow-up of any suspected or confirmed fraud and abuse, even if already reported, and/or compliance plan reports;
 - vii. Ensure that the identities of individuals reporting violations of the plan are protected and that there is no retaliation against such persons;
 - viii. Contain specific and detailed internal procedures for officers, directors, managers and employees for detecting, reporting, and investigating fraud and abuse compliance plan violations;
 - ix. Require any confirmed or suspected provider fraud and abuse under state or federal law be reported to TBI MFCU and that enrollee fraud and abuse be reported to the OIG;
 - x. Ensure that no individual who reports plan violations or suspected fraud and abuse is retaliated against.
3. The CONTRACTOR shall comply with the applicable requirements of the Model Compliance Plan for HMOs when the final model plan is issued by the U.S. Department of Health and Human Services, the Office of Inspector General (OIG).
4. The CONTRACTOR shall designate an officer or director in its organization who has the responsibility and authority for carrying out the provisions of the fraud and abuse compliance plan.
5. The CONTRACTOR shall submit an annual report to the Bureau of TennCare, Office of Contract Compliance and Performance, summarizing the results of its fraud and abuse compliance plan and other fraud and abuse prevention, detection, reporting, and investigation measures as required by 2-9.9 of this Contract. The report should cover results for the year ending June 30 and be submitted by September 30 each year. This information in this report shall be provided in accordance with and in a format as described in the CONTRACTOR's approved compliance plan.

21. Section 2-10.2 shall be amended by adding a new 2-10.2.7 which shall read as follows:

7. Enrollee EOB Reporting

In accordance with Section 2-9.11.10 of this Contract, a quarterly report will be sent to the Office of Contract Compliance and Performance delineating the number of EOBs sent by category, enrollee

Amendment 12 (cont.)

complaints, and complaint resolution (including referral to TBI/OIG). The quarterly report is due thirty (30) days after the end of the quarter.

22. Section 2-10.5 shall be deleted and replaced in its entirety so that the amended Section 2-10.5 shall read as follow:

2-10.5. Medical Services Payment Reporting

1. Individual Encounter Reporting

Individual encounter/claim data shall be reported in a standardized format as specified by TENNCARE and transmitted electronically to TENNCARE on a weekly basis. In the event a national standardized encounter reporting format is developed, the CONTRACTOR agrees to implement this format if directed to do so by TENNCARE. The minimum data elements required to be provided are identified in Attachment XII, Exhibit G of this Contract.

The CONTRACTOR shall submit encounter data to the state during the term of this Agreement and beyond, until all such claims incurred during the term of this Agreement have been paid. Data shall be submitted in the format specified by TennCare. The CONTRACTOR shall ensure that all claims processed for payment have industry standard diagnosis and procedure codes and valid Medicaid provider numbers.

2. TPL Reporting

- (a) Cost Avoidance Value Reporting. The CONTRACTOR shall report all funds for which the CONTRACTOR does not pay a claim due to TPL coverage or Medicare coverage on a frequency and in a format and media described by TENNCARE. The CONTRACTOR shall calculate cost savings in categories described by TENNCARE.
- (b) Subrogation Recoveries. On a monthly basis, the CONTRACTOR shall report to TENNCARE the amount of any subrogation recoveries collected outside the claims processing system received during the previous month.

3. Reporting Provider Payment Issues

- (a) The CONTRACTOR shall ensure that collection letters are sent to contracting providers which maintain an accounts-payable balance to the State greater than ninety (90) days. These notices shall be sent within five (5) business days of becoming ninety (90) days old. The Contractor shall provide TENNCARE with a monthly report of notices that have been sent. Reports are due monthly within ten (10) business days after the end of the month.

Failure to send the notices as scheduled and/or report mailing to TENNCARE may result in liquidated damages as described in Section 4-8 of this Agreement.

- (b) The Contractor shall provide TENNCARE a report detailing all checks remitted to contracted providers on behalf of the State which remain outstanding (which have not been cashed) greater than ninety (90) days. Reports are due monthly within fifteen (15) business days after the end of the month.

Failure to report outstanding checks to TENNCARE as described above may result in liquidated damages as described in Section 4-8 of this Agreement.

23. Section 2-10.13 shall be amended by adding two new Sections 2-10.13.7 and 8 which shall read as follows:

Amendment 12 (cont.)

7. Disease Management Evaluation

Annually, on July 1st, the MCO will report to the Bureau regarding the following:

- (a) Performance measured against at least two important aspects of the clinical practice guidelines associated with each DM program;
- (b) The rate of emergency department utilization and inpatient hospitalization for members with diabetes, asthma and congestive heart failure (rate calculations must be shown);
- (c) Neonatal Intensive Care Unit (NICU) days for births associated with members enrolled in the Maternity Management Program;
- (d) HEDIS measures related to any of the four DM projects;
- (e) Any other performance measure associated with any of the four DM programs that the MCO has chosen to track;
- (f) The active participation rates (as defined by NCQA) and the number of individuals participating in each level or stratification of each of the DM programs; and
- (g) the total number of active enrollees having one or more of the diagnosis codes (ICD-9 Codes) relating to each of the required disease management programs.

8. Outlier Reporting

The CONTRACTOR shall analyze outlier data and report back to TENNCARE their findings. The CONTRACTOR shall assess the prescribing practices of all contracted providers and report back to the Bureau regarding their findings. The report will either provide assurance that the prescriber appears to be practicing their specialty in accordance with acceptable standards of care or will provide a plan to address any identified concern. At a minimum, TENNCARE shall provide the CONTRACTOR a semiannual report listing TennCare providers who appear to be outliers with regard to the numbers and percentages of narcotic prescriptions they write. All such reports shall be due back to TENNCARE within thirty (30) calendar days of the date that TENNCARE provides the CONTRACTOR with the request, unless TENNCARE's request provides for a longer response time.

24. Section 2-12 shall be deleted and replaced in its entirety so that the amended Section 2-12 shall read as follows:

2-12. Availability of Records

- 2-12.a. The CONTRACTOR shall insure within its own organization and pursuant to any agreement the CONTRACTOR may have with any other providers of service, including, but not limited to providers, subcontractors or any person or entity receiving monies directly or indirectly by or through TennCare, that TENNCARE representatives and authorized federal, state and Comptroller personnel, including, but not limited to TENNCARE, the Office of the Inspector General (OIG), the Medicaid Fraud Control Unit (MFCU), the Department of Health and Human Services, Office of Inspector General (HHS OIG) and the Department of Justice (DOJ), and any other duly authorized state or federal agency shall have immediate and complete access to all records pertaining to the medical care or services provided to TennCare enrollees.
- 2-12.b. The CONTRACTOR and its subcontractors and any providers of service, including, but not limited to providers or any person or entity receiving monies directly or indirectly by or through TennCare shall make all records (including but not limited to, financial and medical records) available at the CONTRACTOR's and/or the subcontractor's expense for administrative, civil and/or criminal review, audit, evaluation, inspection, investigation and/or prosecution by authorized federal, state, and Comptroller of Treasury personnel, including representatives from the OIG, the MFCU, DOJ and the HHS OIG, TENNCARE or any duly authorized state or federal agency. Access will be either through on-

Amendment 12 (cont.)

site review of records or through the mail at the government agency's discretion and during normal business hours, unless there are exigent circumstances, in which case access will be at any time. All records to be sent by mail will be sent to TENNCARE within twenty (20) working days of request unless otherwise specified by TENNCARE or TennCare rules and regulations. Requested records shall be provided at no expense to TENNCARE, authorized federal, state, and Comptroller of Treasury personnel, including representatives from the OIG, the MFCU, DOJ and the HHS OIG, or any duly authorized state or federal agency. Records related to appeals shall be forwarded within the time frames specified in the appeal process portion of this Contract. Such requests made by TENNCARE shall not be unreasonable.

The CONTRACTOR and any of its subcontractors, providers or any entity or person directly or indirectly receiving monies originating from TennCare, shall make all records, including, but not limited to, financial, administrative and medical records available to any duly authorized government agency, including but not limited to TENNCARE, OIG, MFCU, HHS OIG and DOJ, upon any authorized government agency's request. Any authorized government agency, including but not limited to OIG, MFCU, HHS OIG and DOJ, may use these records to carry out their authorized duties, reviews, audits, administrative, civil and/or criminal investigations and/or prosecutions.

2-12.c. The CONTRACTOR, any CONTRACTOR's management company and any CONTRACTOR's claims processing subcontractor shall cooperate with the State, or any of the State's contractors and agents, including, but not limited to TENNCARE, OIG, MFCU, DOJ and the HHS OIG, and the Office of the Comptroller, and any duly authorized governmental agency, during the course of any claims processing, financial or operational examinations or during any administrative, civil or criminal investigation, hearing or prosecution. This cooperation shall include, but shall not be limited to the following:

2-12.c.1. Providing full cooperation and direct and unrestricted access to facilities, information, and staff, including facilities, information and staff of any management company or sub-contractor, to the State or any of the State's contractors and agents, which includes, but is not limited to TENNCARE, OIG, MFCU, DOJ and the HHS OIG, and the Office of the Comptroller and any duly authorized governmental agency..

2-12.c.2. Maintaining full cooperation and open authority for claims processing systems access and mailroom visits by TDCI or designated representatives or any authorized entity of the state or federal government, and to cooperate fully with detail claims testing for claims processing system compliance.

2-12.c.3. Allowing for periodic review to ensure that all discounts, special pricing considerations and financial incentives have accrued to the State and that all costs have been incurred in accordance with this Contract, including the requirement that provider reimbursement rates, reimbursement policies/procedures, medical management policies and procedures and Subcontractor arrangements remain in effect as they existed on April 16, 2002, as specified in Section 2-9. The CONTRACTOR shall provide the auditor access to all information necessary to perform the examination.

2-12.c.4. The CONTRACTOR shall cooperate fully with audits the State may conduct of medical management to include clinical processes and outcomes, internal audits, provider networks, and any other aspect of the program the State deems appropriate. The State may select any qualified persons, or organization to conduct the audits.

25. Section 2-13 shall be deleted and replaced in its entirety so that the amended Section 2-13 shall read as follows:

2-13. Audit Requirements

Amendment 12 (cont.)

The CONTRACTOR and its providers, subcontractors and other entities receiving monies originating by or through TennCare shall maintain books, records, documents, and other evidence pertaining to services rendered, equipment, staff, financial records, medical records, and the administrative costs and expenses incurred pursuant to this Contract as well as medical information relating to the individual enrollees as required for the purposes of audit, or administrative, civil and/or criminal investigations and/or prosecution or for the purposes of complying with the requirements set forth in Section 1-5 of this Contract. Records other than medical records may be kept in an original paper state or preserved on micromedia or electronic format. Medical records shall be maintained in their original form or may be converted to electronic format as long as the records are readable and/or legible. These records, books, documents, etc., shall be available for any authorized federal, state, including, but not limited to TENNCARE, OIG, MFCU, DOJ and the HHS OIG, and Comptroller personnel during the Contract period and five (5) years thereafter, unless an audit, administrative, civil or criminal investigation or prosecution is in progress or audit findings or administrative, civil or criminal investigations or prosecutions are yet unresolved in which case records shall be kept until all tasks or proceedings are completed. During the Contract period, these records shall be available at the CONTRACTOR's chosen location in Tennessee subject to the approval of TENNCARE. If the records need to be sent to TENNCARE, the CONTRACTOR shall bear the expense of delivery. Prior approval of the disposition of CONTRACTOR, subcontractor or provider records must be requested and approved by TENNCARE.

26. Section 2-18 shall be deleted and replaced in its entirety so that the amended Section 2-18 shall read as follows:

2-18. Provider Agreements

The CONTRACTOR shall provide or assure the provision of all covered services specified in this Contract. The CONTRACTOR may provide these services directly or may enter into agreements with providers and provider subcontracting entities or organizations who will provide services to the enrollees in exchange for payment by the CONTRACTOR for services rendered.

The CONTRACTOR shall not execute provider agreements with providers who have been excluded from participation in the Medicare, Medicaid, and/or S-Chip programs pursuant to Sections 1128 or 1156 of the Social Security Act or who are otherwise not in good standing with the TENNCARE program.

Except for agreements described herein, provider agreements do not require prior approval by TENNCARE before taking effect. Only those provider agreements described below shall require prior approval by TENNCARE: any revision to reimbursement rate and/or methodology, all new or revised facility agreements, and all agreements with providers whose contract status changed from contracted to non-contracted then back to contracted with an increase in reimbursement from the prior agreement. All single case agreements shall be reported to TENNCARE; however, prior approval will not be required unless TENNCARE determines, upon review of said reports, that it appears case agreements are being used to circumvent the "new contract review and approval process". All template provider agreements and revisions thereto must be approved in advance by the TennCare Division, Department of Commerce and Insurance in accordance with statutes regarding the approval of an HMOs certificate of authority (COA) and any material modifications thereof.

All provider agreements executed by the CONTRACTOR, and all provider agreements executed by subcontracting entities or organizations, pursuant to this Section shall, at a minimum, meet the following requirement: (No other terms or conditions agreed to by the CONTRACTOR and provider shall negate or supersede the following requirements.)

- 2-18. a. Be in writing. All new provider agreements and existing provider agreements as they are renewed, must include a signature page which contains CONTRACTOR and provider names which are typed or legibly written, provider company with titles, and dated signatures of all appropriate parties.

Amendment 12 (cont.)

- 2-18. b. Specify the effective dates of the provider agreement;
- 2-18. c. Specify in the provider agreement that the provider agreement and its attachments contain all the terms and conditions agreed upon by the parties;
- 2-18. d. Assure that the provider shall not enter into any subsequent agreements or subcontracts for any of the work contemplated under the provider agreement without approval of the CONTRACTOR;
- 2-18. e. Identify the population covered by the provider agreement;
- 2-18. f. Specify that the provider may not refuse to provide covered medically necessary or covered preventive services to a child under the age of twenty-one (21) or a TennCare Medicaid patient under this Contract for non-medical reasons. The CONTRACTOR may require that a TennCare Standard adult pay applicable TennCare cost share responsibilities prior to receiving non-emergency services. However, the provider shall not be required to accept or continue treatment of a patient with whom the provider feels he/she cannot establish and/or maintain a professional relationship;
- 2-18. g. Specify the functions and/or services to be provided by the provider and assure that the functions and/or services to be provided are within the scope of his/her professional/technical practice;
- 2-18. h. Specify the amount, duration and scope of services to be provided by the provider and inform provider of TennCare non-covered services as described in Section 2-5 of this Contract and the TennCare rules and regulations at 1200-13-13-.10 and 1200-13-14.10;
- 2-18. i. Provide that emergency services be rendered without the requirement of prior authorization of any kind;
- 2-18. j. Specify unreasonable delay in providing care to a pregnant member seeking prenatal care will be considered a material breach of the network provider's contract with the CONTRACTOR and include definition of unreasonable delay as described in Section 2-3.15.1.
- 2-18. k. If the provider performs laboratory services, the provider must meet all applicable requirements of the Clinical Laboratory Improvement Act (CLIA) of 1988 at such time that HCFA mandates the enforcement of the provisions of CLIA;
- 2-18. l. Require that an adequate record system be maintained and that all records be maintained for five (5) years from the close of the agreement or retained until all evaluations, audits, reviews or investigations or prosecutions are completed for recording enrollee services, servicing providers, charges, dates and all other commonly accepted information elements for services rendered to enrollees pursuant to the agreement (including but not limited to such records as are necessary for the evaluation of the quality, appropriateness, and timeliness of services performed under the provider agreement and administrative, civil or criminal investigations and prosecutions).

All agreements shall include a statement that as a condition of participation in TennCare, enrollees shall give the TENNCARE Bureau, TENNCARE, the Office of the Comptroller, and any health oversight agency, such as OIG, MFCU, HHS OIG, and DOJ, and any other authorized state or federal agency, access to their records. Said records shall be made available and furnished immediately upon request for fiscal audit, medical audit, medical review, utilization review, and other periodic monitoring as well as for administrative, civil and criminal investigations or prosecutions upon the request of an authorized representative of the CONTRACTOR, TENNCARE or authorized federal, state and Comptroller personnel, including, but not limited to, the OIG, the MFCU, the HHS OIG and the DOJ.

Amendment 12 (cont.)

Require that medical records requirements found in Section 2-9.7 be included in provider agreements and that medical records be maintained at site where medical services are rendered. Enrollees and their representatives shall be given access to the enrollees' medical records, to the extent and in the manner provided by T.C.A. Sections 63-2-101 and 63-2-102, and, subject to reasonable charges, be given copies thereof upon request. When a patient-provider relationship with a TennCare primary care provider ends and the enrollee requests that medical records be sent to a second TennCare provider who will be the enrollee's primary care case manager or gatekeeper, the first provider shall not charge the enrollee or the second provider for providing the medical records.

The provider agreement must contain the language described in Section 2-12 and 2-13 of this Contract;

- 2-18. m. Provide that TENNCARE, U.S. Department of Health and Human Services, and Office of Inspector General Comptroller, OIG, MFCU, and DOJ, as well as any authorized state or federal agency or entity shall have the right to evaluate through inspection, evaluation, review or request, whether announced or unannounced, or other means any records pertinent to this Contract including, but not limited to medical records, billing records, financial records, and/or any records related to services rendered, quality, appropriateness and timeliness of services and/or any records relevant to an administrative, civil and/or criminal investigation and/or prosecution and such evaluation, inspection, review or request, and when performed or requested, shall be performed with the immediate cooperation of the provider. Upon request, the provider shall assist in such reviews including the provision of complete copies of medical records. Include a statement that HIPAA does not bar disclosure of PHI to health oversight agencies, including, but not limited to, OIG, MFCU, HHS OIG and DOJ. Provide that any authorized state or federal agency or entity, including, but not limited to TENNCARE, OIG, MFCU, HHS OIG, DOJ, Office of the Comptroller, may use these records and information for administrative, civil or criminal investigations and prosecutions;
- 2-18. n. Provide for monitoring, whether announced or unannounced, of services rendered to enrollees sponsored by the CONTRACTOR;
- 2-18. o. Whether announced or unannounced, provide for the participation and cooperation in any internal and external QM/QI, utilization review, peer review and appeal procedures established by the CONTRACTOR and/or TENNCARE;
- 2-18. p. Specify CONTRACTOR's responsibilities under its participation agreement, including but not limited to, provision of a copy of the member handbook whether via web site or otherwise and requirement that CONTRACTOR notice a provider of denied authorizations;
- 2-18. q. Specify that the CONTRACTOR shall monitor the quality of services delivered under the agreement and initiate corrective action where necessary to improve quality of care, in accordance with that level of medical care which is recognized as acceptable professional practice in the respective community in which the provider practices and/or the standards established by TENNCARE;
- 2-18. r. Require that the provider comply with corrective action plans initiated by the CONTRACTOR;
- 2-18. s. Provide for submission of all reports and clinical information required by the CONTRACTOR;
- 2-18. t. Provide the name and address of the official payee to whom payment shall be made;

Amendment 12 (cont.)

- 2-18. u. Make full disclosure of the method and amount of compensation or other consideration to be received from the CONTRACTOR;
- 2-18. v. Provide for prompt submission of information needed to make payment. Specify that a provider shall have at least, but no more than one hundred and twenty (120) calendar days from the date of rendering a health care service to file a claim with the CONTRACTOR except in situations regarding coordination of benefits or subrogation in which case the provider is pursuing payment from a third party or if an enrollee is enrolled in the plan with a retroactive eligibility date. In situations of third party benefits, the maximum time frames for filing a claim shall begin on the date that the third party documented resolution of the claim. In situations of enrollment in the plan with a retroactive eligibility date, the minimum and maximum time frames for filing a claim shall begin on the date that the CONTRACTOR receives notification from TENNCARE of the enrollee's eligibility;
- 2-18. w. Provide for payment to the provider upon receipt of a clean claim properly submitted by the provider within the required time frames as specified in T.C.A. 56-32-226 and Section 2-9.11. of this Contract;
- 2-18. x. Specify the provider shall accept payment or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payor) plus the amount of any applicable TennCare cost sharing responsibilities, as payment in full for covered services provided and shall not solicit or accept any surety or guarantee of payment from the enrollee in excess of the amount of applicable TennCare cost sharing responsibilities. Enrollee shall include the patient, parent(s), guardian, spouse or any other legally responsible person of the patient being served;
- 2-18. y. For those agreements where the provider is compensated via a capitation arrangement, language which requires that, if provider becomes aware for any reason that s/he is not entitled to a capitation payment for a particular enrollee (a patient dies, for example), the provider shall immediately notify both the CONTRACTOR and TENNCARE by certified mail, return receipt requested. If such notification is not made within thirty days of the provider's knowledge, s/he may be subject to the sanctions set forth elsewhere in this Contract;
- 2-18. z. Require the provider to comply with fraud and abuse requirements described in Section 2-9.13 of this Contract;
- 2-18. aa. Require the provider to secure all necessary liability and malpractice insurance coverage as is necessary to adequately protect the Plan's enrollees and the CONTRACTOR under the agreement. The provider shall provide such insurance coverage at all times during the agreement and upon execution of the provider agreement furnish the CONTRACTOR with written verification of the existence of such coverage;
- 2-18. bb. Specify both the CONTRACTOR and the provider agree to recognize and abide by all state and federal laws, regulations and guidelines applicable to the health plan. Provide that the agreement incorporates by reference all applicable federal and state laws, TennCare rules and regulations or court orders, and revisions of such laws or regulations shall automatically be incorporated into the agreement, as they become effective. In the event that changes in the agreement as a result of revisions and applicable federal or state law materially affect the position of either party, the CONTRACTOR and provider agree to negotiate such further amendments as may be necessary to correct any inequities;
- 2-18. cc. Specify procedures and criteria for any alterations, variations, modifications, waivers, extension of the agreement termination date, or early termination of the agreement and specify the terms of such change. If provision does not require amendments be valid only when reduced to writing,

Amendment 12 (cont.)

duly signed and attached to the original of the agreement, then the terms must include provisions allowing at least thirty (30) days to give notice of rejection and requiring that receipt of notification of amendments be documented (e.g., Certified Mail, facsimile, hand-delivered receipt, etc);

- 2-18. dd. Specify that both parties recognize that in the event of termination of this Contract between the CONTRACTOR and TENNCARE for any of the reasons described in Section 6-2 of this Contract, the provider shall immediately make available, to TENNCARE, or its designated representative, in a usable form, any or all records, whether medical or financial, related to the provider's activities undertaken pursuant to the MCO/provider agreement. The provision of such records shall be at no expense to TENNCARE;
- 2-18. ee. Specify that the TennCare Provider Independent Review of Disputed Claims process shall be available to providers to resolve non-emergency claims denied in whole or in part by the MCO as provided at T.C.A. 56-32-226(b).
- 2-18. ff. Include a conflict of interest clause as stated in Section 6-7, Gratuities clause as stated in 6-11 and Lobbying clause as stated in 6-12 of this Contract between the CONTRACTOR and TENNCARE;
- 2-18. gg. Specify that at all times during the term of the agreement, the provider shall indemnify and hold TENNCARE harmless from all claims, losses, or suits relating to activities undertaken pursuant to the Contract between TENNCARE and the MCO. This indemnification may be accomplished by incorporating Section 6-20 of the TENNCARE/MCO Contract in its entirety in the provider agreement or by use of other language developed by the MCO and approved by TENNCARE.
- 2-18. hh. Require safeguarding of information about enrollees according to applicable state and federal laws and regulations and as described in Section 6-22 of this Contract;
- 2-18. ii. Specify the extent to which any savings or loss realized by the plan shall be shared with the providers;
- 2-18. jj. Specify that the provider shall be required to accept TennCare reimbursement amounts for services provided under the agreement between the provider and CONTRACTOR to TennCare enrollees and shall not be required to accept TennCare reimbursement amounts for services provided to persons who are covered under another health plan operated or administered by the CONTRACTOR;
- 2-18. kk. Specify provider actions to improve patient safety and quality;
- 2-18. ll. Provide general and targeted education to providers regarding emergency appeals, including when an emergency appeal is appropriate, and procedures for providing written certification thereof, and specify that the provider will comply with the appeal process, including but not limited to the following:
 - 1. assisting an enrollee by providing appeal forms and contact information including the appropriate address for submitting appeals for state level review; and
 - 2. require in advance, that providers seek prior authorization, when they feel they cannot order a drug on the TennCare PDL as well as taking the initiative to seek prior authorization when contacted by an enrollee or pharmacy regarding denial of a pharmacy service due to system edits (i.e., therapeutic duplication, etc.)
- 2-18. mm. Specify any liquidated damages, sanctions or reductions in payment that the CONTRACTOR may assess on the provider for specific failures to comply with contractual and/or credentialing requirements. This shall include, but may not be limited to a provider's failure or refusal to

Amendment 12 (cont.)

respond to the CONTRACTOR's request for information, the request to provide medical records, credentialing information, etc., at the CONTRACTOR's discretion or a directive by TENNCARE, the CONTRACTOR shall impose financial penalties against the provider as appropriate.

- 2-18. nn. Require that the provider display notices of the enrollee's right to appeal adverse action affecting services in public areas of their facility(s) in accordance with TennCare rules and regulations, subsequent amendments, or any and all Court Orders. The CONTRACTOR shall ensure that providers have correct and adequate supply of public notices;
- 2-18. oo. All provider agreements must include language which informs providers of the package of benefits that EPSDT (TENnderCare) offers and which requires providers to make treatment decisions based upon children's individual medical and behavioral health needs. A listing of the EPSDT benefit package is contained in Attachment IX of this Contract. All provider agreements must contain language that references the EPSDT (TENnderCare) benefit package found in Attachment IX and the agreement shall either physically incorporate Attachment IX or include language to require that the attachment be furnished to the provider upon request. At the next renewal or amendment period of provider agreements, this Attachment IX shall be deleted and replaced by the new reference and items found in Section 2-3.16.8 of this Contract;
- 2-18. pp. All provider agreements must include a provision which states that providers are not permitted to encourage or suggest, in writing or verbally, that TennCare children be placed into state custody in order to receive medical or behavioral services covered by TennCare;
- 2-18. qq. Specify that in the event that TENNCARE deems the MCO unable to timely process and reimburse claims and requires the MCO to submit provider claims for reimbursement to an alternate claims processor to ensure timely reimbursement, the provider shall agree to accept reimbursement at the MCO's contracted reimbursement rate or the rate established by TENNCARE, whichever is greater;
- 2-18. rr. All primary care provider agreements shall specify that its network primary care providers shall submit all claims with a primary behavioral health diagnosis (ICD-9 CM 290.xx – 319.xx) and claims for the provision of behavioral health services within CPT code range 96150 through 96155 to the CONTRACTOR for payment; and
- 2-18. ss. Require that providers offer hours of operation that are no less than the hours of operation offered to commercial enrollees or comparable to Medicaid fee-for-service, if the provider serves only Medicaid enrollees.
- 2-18. tt. Specify instruction that the provider have written procedures for the provision of language interpretation and translation services for any enrollee who needs such services, including but not limited to, enrollees with Limited English Proficiency.
- 2-18. uu. Require the provider to comply and submit to the CONTRACTOR disclosure of information in accordance with the requirements specified in 42 CFR, Part 455, Subpart B.
- 2-18. vv. Require that if any requirement in the provider agreement is determined by TENNCARE to conflict with the Contract between TENNCARE and the MCO, such requirement shall be null and void and all other provisions shall remain in full force and effect

The CONTRACTOR shall give TENNCARE and the Tennessee Department of Commerce and Insurance, TennCare Division, immediate notification in writing by Certified Mail of any administrative or legal action or complaint filed regarding any claim made against the CONTRACTOR by a provider or enrollee which is related to the CONTRACTOR's responsibilities under this Contract, including but not limited to notice of any arbitration proceedings instituted between a provider and the CONTRACTOR.

Amendment 12 (cont.)

The CONTRACTOR shall ensure that all tasks related to the provider agreement are performed in accordance with the terms of this Contract.

27. The renumbered 4-1.1.l shall be amended by deleting and replacing the last sentence so that the amended Section 4-1.1.l shall read as follows:
 1. Enrollees selected for enrollment in the CONTRACTOR's plan by the State in Groups 1, 2, 3, 5 and 6 shall have one (1) opportunity, anytime during the forty-five (45) day period immediately following enrollment, to request to change MCO plans. Enrollees in Group 6 shall only be able to request to change MCO plans during this period to the extent capacity is available in another MCO serving the region. Once the initial forty-five (45) day change period has expired, the enrollee shall remain a member of the CONTRACTOR's plan until the the following change period , an appeal to change is decided in favor of the enrollee based on hardship criteria, or until the enrollee loses eligibility for TennCare.
28. The renumbered Section 4-1.1.o shall be amended by deleting and replacing the words "choice ballots" with "change requests" so that the amended Section 4-1.1.o shall read as follows:
 - o. The CONTRACTOR or anyone acting on its behalf shall not submit enrollment applications or change requests on behalf of TennCare eligibles.
29. The opening paragraph in Section 4-1.2 shall be deleted and replaced in its entirety and shall read as follows:

The CONTRACTOR shall give a full written explanation of the MCO's plan to enrollees within thirty (30) calendar days after notification of their enrollment in the MCO or prior to enrollee's beginning effective date, including but not limited to a member handbook and an identification card as described in Section 2-6.2 of this Agreement. In addition to the information described above, this written explanation shall, at a minimum, also include:

30. Section 5-1 shall be amended by adding a new j which shall read as follows:

j. Pay-for-Performance Administrative Fee for Disease Management (DM)

Depending of the level of performance, the CONTRACTOR may earn up to \$0.12 pmpm in the form of a supplemental administrative fee for disease management. On February 15, 2006, the CONTRACTOR must submit its disease management program plans to TennCare for approval. For each of the 4 (maternity care, diabetes, asthma and congestive heart failure) required disease management programs, the disease management program plan must include:

1. A description of the program, including content and intent
2. A definition of the target population, including an explanation of how the population will be identified and enrolled in the program
3. A written description of the stratification levels including member criteria and intervention strategies specific to each level
4. The clinical practice guidelines that will serve as a foundation for the program
5. The total number of active enrollees having one or more diagnosis codes representative of the particular disease/condition, as of January 1, 2006. If the target population is smaller than this number, the total number of active enrollees in the target population.
6. Defined process and outcomes measurement, evaluation, and management.
7. An established routine reporting/feedback loop (may include communication with patient, physician, MCO and ancillary providers, and practice profiling).

On July 1, 2006, the CONTRACTOR will be eligible for an additional \$0.03 pmpm, applied to member months from the period of July 1, 2005 to June 30, 2006, if their HEDIS 2006 HbA1c testing rate is at or

Amendment 12 (cont.)

above the 50th percentile for Medicaid HEDIS 2005, as reported by NCQA. In addition, on July 1, 2006, the CONTRACTOR will be eligible for an additional \$0.03 pmpm, applied to member months from the period of July 1, 2005 to June 30, 2006, if their HEDIS 2006 Prenatal Care rate is at or above the 75th percentile for Medicaid HEDIS 2005, as reported by NCQA.

On December 31, 2006, the CONTRACTOR will report the following ED utilization data to TENNCARE:

1. Emergency department visits with a diagnosis of asthma divided by total number of enrollees in the MCO with a diagnosis of asthma, multiplied by 1000 for the time periods July 1 – September 30 in calendar year 2005 and in calendar year 2006.
2. Emergency department visits with a diagnosis of congestive heart failure divided by total number of enrollees in the MCO with a diagnosis of congestive heart failure, multiplied by 1000 for the time periods July 1 – September 30 in calendar year 2005 and in calendar year 2006.

Emergency Department visits shall include all ER visits even if the visit results in a 23 Hour Observation or an inpatient stay. Include Emergency Department visits whether or not an actual payment to the provider was made for the services.

The CONTRACTOR will be eligible for an additional \$0.03 pmpm, applied to member months from the period of January 1, 2006 to December 31, 2006, if the ED visit rate per 1000 for asthma has decreased by at least 5% from 2005. Similarly, the CONTRACTOR will be eligible for an additional \$0.03 pmpm, applied to member months from the period of January 1, 2006 to December 31, 2006, if the ED visit rate per 1000 for congestive heart failure has decreased by at least 5% from 2005.

Beginning on July 1, 2007, the supplemental administrative fee will be referred to as a Quality Incentive and will be based on HEDIS, CAHPS and/or utilization criteria specified by TennCare and assessed annually. The CONTRACTOR will be advised of the specific methodology that will be used for the July 1, 2007 supplemental fee determination, by September 1, 2006.

31. Section 5-3.a shall be deleted and replaced in its entirety so that the amended Section 5-3.a shall read as follows:

- a. Medical Services Payments. The CONTRACTOR shall prepare checks for payment on a periodic basis. The CONTRACTOR shall notify the State of the amount to be paid in a mutually acceptable form and substance at least 72 hours in advance of distribution of provider checks. The amount to be paid shall be reduced by the amount of third party recoveries captured in the claims processing system. The State shall release funds in the amount to be paid to providers to the CONTRACTOR. Funds shall be released within 72 hours of receipt of notice. In turn, the CONTRACTOR shall release payments to providers within 24 hours of receipt of funds from the State and provide TENNCARE with a check register or similar document that is generated from the managed care claims processing system supporting the release of these payments by no later than seven (7) calendar days after the CONTRACTOR's request of the funds.

For each request related to payments to providers through the CONTRACTOR's claims processing system, the CONTRACTOR shall provide a claims data extract in a format and media described by TENNCARE to support the payments released to providers. The CONTRACTOR should provide a reconciliation for the total paid amounts between the funds released for payment to providers, the supporting claims data extract, and the encounter data submissions for the relevant adjudication cycle. The reconciliation should be submitted within seven (7) days of the claims data extract.

Upon notification by TENNCARE, funds released to the CONTRACTOR for purposes of provider payments shall be made based on the CONTRACTOR's encounter data. TENNCARE

Amendment 12 (cont.)

shall implement this process by initially making payments based on all encounters and providing the CONTRACTOR an error report of unacceptable encounter records. The final phase of implementation shall result in TENNCARE releasing funds based on clean encounters only. Once TENNCARE releases funds based solely on clean encounter data, the CONTRACTOR will no longer be required to submit the claims data extract. The reconciliation and check register must continue to be submitted on a weekly basis for the previous weeks check release.

The CONTRACTOR shall pursue and report on providers which maintain an accounts-payable balance or maintain outstanding checks in accordance with Section 2-10.1 of this Agreement.

32. Section 5-4.a shall be deleted and replaced in its entirety so that the amended Sections 5-4.a shall read as follows:
- a. Except where required by the Contractor's Contract with TennCare or by applicable federal or state law, rule or regulation, the CONTRACTOR shall not make payment for the cost of any medical care provided prior to the effective date of eligibility or after the termination date in the CONTRACTOR's plan. The CONTRACTOR shall make payment for the cost of any covered services obtained on or after 12:01 a.m. on the effective date of eligibility in the CONTRACTOR's plan.
33. Section 6-7 shall be amended by adding the words "in writing" in subpart (2) and by deleting and replacing the word "Agreement" with the word "Contract" so that the amended Section 6-7 shall read as follows:

6-7. Conflict of Interest

The CONTRACTOR warrants that during the term of this Contract no payments shall be paid to the following:

- (1) any State or federal officer, including but not limited to
 - a. a member of the State Legislature, or
 - b. a member of Congress, or
 - c. any immediate family member of any State or federal officer; or
- (2) any State or federal employee or any immediate family member of a State or federal employee unless otherwise authorized in writing by the Commissioner, Tennessee Department of Finance and Administration. Immediate family members may be exempted if State or federal officer or employee discloses such relationship to TENNCARE and the TennCare Oversight Committee. The applicability of this section includes, but is not limited to, any and all arrangements and/or agreements, written or verbal, that result in the CONTRACTOR making a payment or providing a gift in exchange for services or supplies.

The CONTRACTOR must certify annually by filing a TennCare Disclosure of Lobbying Activities Form (Attachment II) with TENNCARE and the TennCare Oversight Committee that the CONTRACTOR is in compliance with all state and federal laws relating to conflicts of interest and lobbying, having made diligent inquiry of all subcontractors and/or persons receiving payment or gifts from CONTRACTOR pursuant to this Contract. This form must be signed by the Chief Executive Officer of the CONTRACTOR or his/her designee and must be received by TENNCARE and the TennCare Oversight Committee no later than December 31 of each year beginning with December 31, 2005. The certification must include any and all subcontractors, vendors, agents, providers, representatives and others with verbal or written agreements with the CONTRACTOR which receive reimbursement through this Contract from the CONTRACTOR. The Chief Executive Officer acknowledges that he/she is responsible for ensuring that internal controls are in place to prevent and detect potential conflicts of interest and that due diligence

Amendment 12 (cont.)

was performed before providing certification of compliance. Any changes by the CONTRACTOR relating to the disclosure of conflicts of interest or lobbying must be disclosed to TENNCARE within five (5) business days of the date of the change. (See Section 4-12 for definitions of lobbying activities)

This Contract may be terminated by TENNCARE if it is determined that the CONTRACTOR, its agents or employees offered or gave gratuities of any kind to any official, employee or immediate family member of an employee of the State of Tennessee, including a member of the State legislature. This Contract may be terminated by TENNCARE if it is determined that gratuities of any kind were offered to or received by any of the aforementioned officials or employees from the CONTRACTOR, his agent, or employees.

Failure to comply with the provisions required herein shall result in liquidated damages in the amount of one-hundred ten percent (110%) of the total amount of compensation that was paid inappropriately and may be considered a breach of this Contract as described in Section 4-2. and subject to termination of this Contract.

The CONTRACTOR shall be responsible for maintaining adequate internal controls to detect and prevent conflicts of interest from occurring at all levels of the organization and include the substance of this clause in all agreements, subcontracts, provider agreements, and any and all agreements that result from this Contract between CONTRACTOR and TENNCARE.

- 34. Section 6-8 shall be amended by deleting Program Issue A.7 and renumbering the remaining Issues accordingly.
- 35. Section 6-8.b.2 shall be amended by adding four new Program Issues which shall read as follows:

B.10	Failure to obtain approval of Marketing Materials.	\$500 per day for each calendar day that TENNCARE determines the CONTRACTOR has provided enrollee material that has not been approved by TENNCARE.
B.11	Failure to comply with Marketing timeframes for providing Member Handbooks, I.D. cards, Provider Directories, and Newsletters.	\$5000 for each occurrence.
B.12	Failure to achieve and/or maintain financial reserves in accordance with TCA	\$500 per calendar day for each day that financial requirements have not been met.
B.13	Failure to comply with fraud and abuse provisions as described in Section 2-9.13 of this Contract.	\$500 per calendar day for each day that the CONTRACTOR does not comply with fraud and abuse provisions described in Section 2-9.13 of this Contract.
B.14	Failure to send collection letters to providers and report mailing to TENNCARE as described in 2-10.5.3(a) of this Agreement.	\$100 per provider notice per month.

Amendment 12 (cont.)

B.15	Failure to send a detailed report of outstanding provider checks as described in 2-10.5.3(b) of this Agreement.	\$500 per week for each week that report is late.
B.16	Failure to require and assure compliance with Ownership and Disclosure requirements.	\$5000 per provider application for each application that is signed by a provider that does not request or contain complete and satisfactory disclosure of the requirements outlined in 42 CFR 455, Subpart B.

36. Section 6-28 shall be amended by deleting “2005” and replacing it with “2006” in the third sentence so that the amended Section 6-28 shall read as follows:

6-27 Contract Term of The Agreement

This Agreement and its incorporated attachments, if any, as well as all Amendments to this Agreement, contain all of the terms and conditions agreed upon by the parties, and when executed by all parties, supersedes any prior agreements. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall be in effect from July 1, 2001, subject to approval by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services. The term of this Agreement shall expire on December 31, 2006. At the mutual agreement of TennCare and the CONTRACTOR, this CONTRACT shall be renewable for an additional twelve month period.

Notwithstanding any provision herein to the contrary, the State may terminate this Agreement if the waiver governing TennCare is terminated. The documents referenced in the Agreement are on file with the CONTRACTOR and with TENNCARE and the CONTRACTOR is aware of their content. No other agreement, oral or otherwise regarding the subject matter of this Agreement, shall be deemed to exist or to bind any of the parties hereto.

37. Section 7-3 shall be amended by deleting and replacing 7-3.i and adding a new 7-3.n so that the amended Sections 7-3.i and n shall read as follows:
- i. Alternative method of lock-in restriction procedures.;
 - n. Any changes to provider or subcontractor reimbursement rates and reimbursement methodologies and all inpatient facility agreements.
38. The current Attachment IX shall be deleted and replaced in its entirety and shall be attached to the end of this Amendment.
39. The current Attachment XII, Exhibit H.1 shall be deleted and replaced and shall be attached to the end of this Amendment.

Amendment 12 (cont.)

All of the provisions of the original Contract not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective January 1, 2006 or as of the date it is approved by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 11

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN**

THE STATE OF TENNESSEE,

d.b.a. TENNCARE

AND

VOLUNTEER STATE HEALTH PLAN, INC.

CONTRACT NUMBER: FA-02-14632-11

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Amended and Restated Contractor Risk Agreement (CRA) by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Contractor Name, hereinafter referred to as the CONTRACTOR as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1-3 shall be amended by adding the following definitions:

Baseline Assessment Tool (BAT) – Tool provided by the National Committee for Quality Assurance to complete and forward to the approved Health Employer Data and Information Set auditing firm as the initial step in the HEDIS audit.

Clinical Practice Guidelines – Systematically developed tools that help practitioners make decisions about appropriate health care for specific clinical circumstances. Such guidelines are usually evidence-based. See **practice guidelines**.

Community Health Record (CHR)- Person centric data maintained in a data warehouse that is aggregated in the following modules:

- Demographics- Patient and Primary Care Provider
- Allergies
- Immunization records
- Records of medications dispensed
- Visit encounter history (including but not limited to inpatient, outpatient, office visits and emergency room visits)
- Physician orders
- Lab results
- EPSDT status

Consumer Assessment of Health Plans Study (CAHPS) – A set of standardized surveys that measure patient satisfaction with experience of care. CAHPS is sponsored by the Agency for Health Care Quality.

Contributing Data to the Community Health Record – Data provided to the CHR shall include but not be limited to the following:

- Enrollee data maintained by VSHP, Inc.
- TennCare MCC data provided by the TennCare Bureau
- Immunization data provided by the State of Tennessee
- Pharmacy data provided by the TennCare Bureau

Electronic Protected Health Information (EPHI) – A Protected Health Information that is transmitted by or maintained in electronic media (45 C.F.R. Section 160.103).

Health Plan Employer Data and Information Set (HEDIS) – The most widely used set of performance measures used in the managed care industry, designed to allow reliable comparison of the performance of managed health care plans. HEDIS is developed and maintained by the National Committee for Quality Assurance.

National Committee for Quality Assurance (NCQA) – A nonprofit organization committed to assessing, reporting on and improving the quality of care provided by organized delivery systems. Useful information on NCQA may be accessed at the NCQA website: www.ncqa.org

Practice Guidelines – Systematically developed descriptive tools or standardized specifications for care to assist practitioner and patient decisions about appropriate health care for specific clinical circumstances. Practice guidelines are typically developed through a formal process and are based on authoritative sources that include clinical literature and expert consensus. Practice guidelines may also be called **practice parameters, treatment protocols, clinical criteria, or clinical guidelines.**

Privacy Rule - The standards for the Privacy of Individually Identifiable Health Information at 45 C.F.R., Part 160 and Part 164.

Routine Care – Non urgent medical care such as screenings, immunizations, or health assessments.

Security Incident – The attempted or successful unauthorized access, use, disclosure, modification or destruction of information or interference with the system operations in an information system.

Security Rule – The Security Standards for the Protection of Electronic Health Information at 45 C.F.R., Part 160 and Part 164.

Urgent Care – Any request for medical care or treatment with respect to which the application of the time periods for making non-urgent care determinations:

- Could seriously jeopardize the life or health of the member or the member's ability to regain maximum function, based on a prudent layperson's judgment, or
- In the opinion of a practitioner with knowledge of the member's medical condition, would subject the member to severe pain that cannot be adequately managed without the care or treatment that is the subject of the request.

2. Section 1-3 shall be amended by deleting the definition for "Credentialing Verification Organization".

3. Section 1-3 shall be amended by deleting and replacing the following definitions:

Quality Improvement (QI) – The effort to assess and improve the performance of a program or organization. Quality Improvement includes quality assessment and implementation of corrective actions to address any deficiencies identified.

Services - The benefits described in Section 2-3 of this Agreement.

4. Section 2-1.i and j shall be deleted and replaced so that the amended Sections 2-2.i and j shall read as follows:

- i. The CONTRACTOR shall provide the capability of electronic billing for all of their TennCare plans offered in Tennessee. The CONTRACTOR or any entities acting on behalf of the CONTRACTOR shall not charge providers for filing claims electronically. However, this provision shall not be construed to imply that providers may not be responsible for payment of applicable line fees and/or charges. The CONTRACTOR shall comply at all times with standardized paper billing forms/format as follows:

<u>Claim Type</u>	<u>Claim Form</u>
Professional	CMS 1500
Institutional	UB-92
Pharmacy	NCPDP (Edit Format)
Dental	ADA

The CONTRACTOR shall not revise or modify the standardized form or format itself. Further, the CONTRACTOR agrees to adopt national EMC standards and standardized instructions and definitions that are consistent with industry norms for the forms identified above when developed by TENNCARE in conjunction with appropriate workgroups. This shall include, but not be limited to, federally required safeguard requirements including signature requirements described in Section 112821.1 of the CMS State Medicaid Manual and 42 CFR 455.18 and 455.19 which requires a statement that the provider certifies that s/he is aware that payment is from Federal and State funds and anyone who misrepresents or falsifies essential Medicaid claims information may be prosecuted under Federal and State laws.

As required in Sections 2-4.10, 2-9.7, 2-10.15 and 6 of this Agreement, the CONTRACTOR also agrees to comply with the Health Insurance Portability and Accountability Act (HIPAA). Further, the CONTRACTOR agrees that at such time that TENNCARE in conjunction with appropriate work groups presents recommendations concerning claims billing and processing that are consistent with industry norms, the CONTRACTOR shall comply with said recommendations within one hundred and eighty (180) days from notice by TENNCARE to do so.

The CONTRACTOR agrees to comply with prompt pay claims processing requirements in accordance with TCA 56-32-226.

Failure to comply with the aforementioned claims processing requirements shall result in the CONTRACTOR being required to implement a corrective action plan as described in Section 2-16, and shall result in the application of liquidated damages and/or intermediate sanctions as described in Section 6-8 of this Agreement.

- j. Agree to adhere to the quality standards and HEDIS preventive health standards that are required by TENNCARE. These standards shall be consistent with current NCQA Standards and Guidelines for the Accreditation of MCOs. Further, the CONTRACTOR shall agree to achieve and maintain NCQA Accreditation as described in Section 2-9.6.8 of this Agreement.

5. Section 2-1.o.5 shall be deleted and replaced in its entirety so that the amended Section 2-1.o.5 shall read as follows:

2-1.o. 5. The provider has lost his/her license, failed to report restriction of licensure or loss of privileges or is otherwise not in good standing with the TENNCARE program;

6. Section 2-1.p. shall be deleted in its entirety and the remaining Sections 2-1 shall be renumbered accordingly.

7. Section 2-1 shall be amended by deleting the existing Section 2-1.u in its entirety, adding a new 2-1.t and u. which shall read as follows:

- t. The CONTRACTOR shall complete all necessary requirements to implement changes and process accurately all information necessary to successfully implement the Reform changes in accordance with state or federal law, rule or policy, including but not limited to benefit limits, cost sharing or copays or any other program change for which the MCO provides services. These changes shall be defined by

TENNCARE. The CONTRACTOR agrees to test Reform changes prior to October 1, 2005. TENNCARE shall require the CONTRACTOR to track and report accumulated benefit information effective October 1, 2005; however, limits shall not be imposed on enrollees prior to January 1, 2006 as described in Section 2-3.1 of this Agreement. Failure to successfully test and implement reform changes, as determined by TENNCARE, shall be considered breach of this Agreement and the CONTRACTOR may be subject to termination in accordance with Section 6-2.2 of this Agreement;

u. At such time that TENNCARE develops a provider fee schedule for use by all of the TennCare MCOs, the CONTRACTOR shall agree to implement, within a reasonable timeframe, said fee schedule; and

8. Section 2-3.1 shall be deleted and replaced in its entirety so that the amended Section 2-3.1 shall read as follows:

2-3.1. TennCare Covered Benefits Chart

Effective October 1, 2005, benefits in the TennCare Program as provided by the CONTRACTOR are based on specified eligibility categories.

The CONTRACTOR shall cover, at a minimum, the services and benefits as outlined below.

2-3.1.1 TennCare Benefits, prior to January 1, 2006:

SERVICE	BENEFIT
Inpatient Hospital Services	As medically necessary. Pre-admission approval and concurrent reviews allowed.
Outpatient Hospital Services	As medically necessary.
Physician Inpatient Services	As medically necessary. This shall include acupuncture performed by a Physician or a registered nurse as an anesthetic in connection with a surgical procedure.
Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services	As medically necessary. This shall include acupuncture performed by a Physician or a registered nurse as an anesthetic in connection with a surgical procedure and services provided by a Primary Care Provider with a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx). CONTRACTOR covered services shall also include medical evaluations provided by a neurologist, as approved by the CONTRACTOR, and/or an emergency room provider, that result in a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx).
Lab & X-Ray Services	As medically necessary.
Newborn Services	As medically necessary including circumcisions performed by a physician.
Hospice Care	As medically necessary. Must be provided by an organization certified pursuant to Medicare Hospice requirements. If a Medicaid hospice patient resides in a nursing facility (NF), the CONTRACTOR must pay an amount equal to at least 95 percent of the prevailing NF room and board rate to the hospice provider.
Dental Services	Preventive, diagnostic and treatment services for enrollees under age 21.

	<p>Services for enrollees age 21 or older limited to cases of accidental injury to or neoplasms of the oral cavity, life threatening infections that include, but are not limited to, individuals with severely compromised immune systems, organ donor recipients, or individuals with or scheduled to receive a prosthetic heart valve(s), accidental injury to natural teeth including their replacement (limited to the cost of bridgework or the replacement of teeth injured in an accident unless teeth implants are medically necessary) and the removal of impacted wisdom teeth. (The adult dental "accident" must be caused by some external force, like a car accident, not by some normal act of mastication, or grinding of teeth while sleeping, or any other naturally occurring circumstance and must have occurred during a period of TennCare eligibility and within twelve (12) months from the date service is requested.) Orthodontics limited to individuals under 21 except when an orthodontic treatment plan is approved prior to the enrollee attaining 20 1/2 years of age, and treatment is initiated prior to the recipient attaining 21 years of age, or when orthodontic treatment is the result of facial hemiatrophy or congenital birth defects (if enrollee was covered by TennCare at birth).</p> <p>Effective October 1, 2002, the aforementioned covered dental services shall be provided by the Dental Benefits Manager. The provision of transportation to and from said services as well as the medical and anesthesia services related to the dental service that are not provided by a dentist or in a dentist's office shall remain with the CONTRACTOR.</p> <p>Effective August 1, 2005, unless the CONTRACTOR is otherwise notified by TENNCARE as a result of Waiver and/or Court negotiations, coverage shall be as follows:</p> <p>Medicaid/Standard Eligible, Age 21 and older: Non-covered.</p> <p>Medicaid/Standard Eligible, Under age 21: The CONTRACTOR shall cover Dental preventive, diagnostic and treatment services for enrollees under age 21. Orthodontics limited to individuals under 21 except when an orthodontic treatment plan is approved prior to the enrollee attaining 20 1/2 years of age, and treatment is initiated prior to the recipient attaining 21 years of age.</p> <p>Effective October 1, 2002, the aforementioned covered dental services shall be provided by the Dental Benefits Manager. The provision of transportation to and from said services as well as the medical and anesthesia services related to the dental service that are not provided by a dentist or in a dentist's office shall remain with the CONTRACTOR.</p> <p>(See Section 2-3.a.1, and 2-3.c.3)</p>
<p>Vision Services</p>	<p>Preventive, diagnostic and treatment services (including eyeglasses) for enrollees under age 21. The first pair of cataract glasses or contact lens/lenses following cataract surgery is covered for adults.</p>
<p>Home Health Care</p>	<p>As medically necessary.</p>
<p>Pharmacy Services (obtained directly from an ambulatory retail pharmacy setting, outpatient hospital pharmacy, mail order)</p>	<p>As medically necessary. Non-covered therapeutic classes as described in Section 2-3.13, DESI, LTE, IRS drugs excluded.</p> <p>TENNCARE is responsible for the provision and payment of pharmacy benefits to individuals who are enrolled in the TennCare Program in the category of TennCare Medicaid/Medicare dual eligible. (However, this does</p>

<p>pharmacy or those administered to a long-term care facility resident (nursing facility)</p>	<p>not include pharmaceuticals administered in a doctor's office.)</p> <p>TENNCARE is not responsible for the provision and payment of pharmacy services for TennCare Medicaid/Medicare dual eligibles prior to the date that TENNCARE has notified the CONTRACTOR through the regular electronic eligibility update that these individuals are eligible in the TennCare/Medicare dual eligible category.</p> <p>Effective July 1, 2003, the aforementioned covered pharmacy services shall be provided by the Pharmacy Benefits Manager (PBM) contracted by the TENNCARE Bureau. Pharmacies providing home infusion drugs and biologics <u>only (not including services)</u> shall bill the PBM.</p> <p>Diabetic monitors and supplies as well as injectable drugs obtained directly from a pharmacy provider shall be included in the covered pharmacy services that will be provided by the TennCare Pharmacy Benefit Manager effective July 1, 2003.</p> <p>The CONTRACTOR shall be responsible for reimbursement of injectable drugs obtained in an office/clinic setting in accordance with benefits described herein and to providers providing both home infusion services and the drugs and biologics. Effective July 1, 2005, the CONTRACTOR shall require that all home infusion claims contain NDC coding and unit information to be paid.</p> <p>Effective August 1, 2005, unless the CONTRACTOR is otherwise notified by TENNCARE as a result of Waiver and/or Court negotiations, the Benefit Limits for Pharmacy coverage, as provided by the PBM shall be as follows:</p> <p>Non-Institutionalized Mandatory and Optional (other than Medically Needy) Medicaid Adults and Pregnant Medically Needy Adults: 5 Prescriptions per Month of which only 2 may be Brand name</p> <p>Institutionalized Medicaid Adults: As medically necessary</p> <p>Medically Needy Non-Institutionalized, Non-Pregnant Adults: Non-covered.</p> <p>Standard Eligible, Age 21 and older: Non-covered</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary</p>
<p>Durable Medical Equipment</p>	<p>As medically necessary.</p> <p>Specified DME services shall be covered/non-covered in accordance with the TennCare rules and regulations.</p>
<p>Medical Supplies</p>	<p>As medically necessary.</p>
<p>Emergency Ambulance Transportation</p>	<p>As medically necessary.</p>
<p>Non-Emergency Ambulance Transportation</p>	<p>As medically necessary.</p>

<p>Non-Emergency Transportation</p>	<p>As necessary for enrollees lacking accessible transportation for covered services.</p> <p>The travel to access primary care and dental services must meet the requirements of the waiver terms and conditions. The availability of specialty services as related to travel distance should meet the usual and customary standards for the community. However, in the event the MCO is unable to negotiate such an arrangement for an enrollee, transportation must be provided regardless of whether or not the enrollee has access to transportation. If the enrollee is a child, transportation must be provided for the child and an accompanying adult. However, transportation for a child shall not be denied pursuant to any policy which poses a blanket restriction due to enrollees age or lack of parental accompaniment. Any decision to deny transportation of a child due to an enrollee's age or lack of parental accompaniment must be made on a case-by-case basis and must be based on the individual facts surrounding the request. As with any denial, all notices and actions must be in accordance with the appeal process.</p> <p>At such time that TENNCARE carves out the CONTRACTOR's responsibility to provide Dental Services, the provision of transportation to and from said services shall remain with the CONTRACTOR.</p>
<p>Community Health Clinic Services</p>	<p>As medically necessary.</p>
<p>Renal Dialysis Services</p>	<p>As medically necessary.</p>
<p>EPSDT Services for enrollees under age 21 in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.</p>	<p>Screening, interperiodic screening, diagnostic and follow-up treatment services as medically necessary in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989 for enrollees under 21. Except for Dental services, Screens shall be in accordance with the periodicity schedule set forth in the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care" and all components of the screens must be consistent with the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care". Dental screens shall be in accordance with the latest periodicity schedule set forth by the American Academy of Pediatric Dentistry and all components of the screens must be consistent with the latest recommendations by the American Academy of Pediatric Dentistry. Tools to be used for screenings shall be consistent with the EPSDT Screening Guidelines as described in Attachment VIII of the Agreement. EPSDT services also include maintenance services which are services which have been determined to be effective in preventing or mitigating the worsening of an individual's conditions or preventing the development of additional health problems.</p>
<p>Rehabilitation Services</p>	<p>As medically necessary when determined cost effective by the MCO.</p> <p>All medically necessary services shall be provided to enrollees under 21 years of age in accordance with EPSDT requirements including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.</p>
<p>Chiropractic Services</p>	<p>When determined cost effective by the MCO.</p>

<p>Private Duty Nursing</p>	<p>As medically necessary and when prescribed by an attending physician for treatment and services rendered by a registered nurse (R.N.) or a licensed practical nurse (L.P.N.), who is not an immediate relative.</p> <p>Effective August 1, 2005, Non-Covered for Adults unless the CONTRACTOR is otherwise notified by TENNCARE as a result of Waiver and/or Court negotiations.</p>
<p>Speech Therapy</p>	<p>As medically necessary, by a Licensed Speech Therapist to restore speech (as long as there is continued medical progress) after a loss or impairment. The loss or impairment must not be caused by a mental, psychoneurotic or personality disorder. All medically necessary services shall be provided to enrollees under 21 years of age in accordance with EPSDT requirements including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.</p>
<p>Sitter</p>	<p>As medically necessary, a sitter who is not a relative may be used where an enrollee is confined to a hospital as a bed patient and certification is made by a network physician that R.N. or L.P.N. is needed and neither is available.</p> <p>Effective August 1, 2005, Non-Covered, unless the CONTRACTOR is otherwise notified by TENNCARE as a result of Waiver and/or Court negotiations.</p>
<p>Convalescent Care</p>	<p>Upon receipt of proof that a Covered Person has incurred Medically Necessary expenses related to convalescent care, the Plan shall pay for up to and including the one-hundredth (100th) day of confinement during any calendar year for convalescent facility(ies) room, board and general nursing care, provided: (1) a Physician recommends confinement for convalescence; (2) the enrollee is under the continuous care of a Physician during the entire period of confinement; and (3) the confinement is required for other than custodial care.</p> <p>Effective August 1, 2005, Non-Covered, unless the CONTRACTOR is otherwise notified by TENNCARE as a result of Waiver and/or Court negotiations.</p>
<p>Organ Transplants and Donor Organ Procurement</p>	<p>As medically necessary for a covered organ transplant.</p>
<p>Reconstructive Breast Surgery</p>	<p>In accordance with TCA 56-7-2507, which requires coverage of all stages of reconstructive breast surgery on a diseased breast as a result of a mastectomy as well as any surgical procedure on the non-diseased breast deemed necessary to establish symmetry between the two breasts in the manner chosen by the physician. The surgical procedure performed on a non-diseased breast to establish symmetry with the diseased breast will only be covered if the surgical procedure performed on a non-diseased breast occurs within five (5) years of the date the reconstructive breast surgery was performed on a diseased breast.</p> <p>Note: Applicable CPT procedure codes regarding the revision of undiseased breast following mastopexy or mastectomy for breast cancer, for the purpose of restoring symmetry, shall be the CPT procedures codes in the following range: 19316 – 19396.</p>

2-3.1.2 TennCare Benefits, effective January 1, 2006:

Should TENNCARE eliminate a specified population from eligibility in the TennCare Program, Services/Benefits listed below shall no longer be applicable for said population.

TENNCARE shall provide the CONTRACTOR with a shortlist of services that shall be excluded from benefit limits that are described below.

If at anytime TENNCARE determines that certain benefit limits shall not be imposed or shall be implemented on a different effective date, TENNCARE may notify the CONTRACTOR by written notice. To the extent that there are substantive changes in the benefit design from what is described below, the CONTRACTOR shall have a reasonable time frame to implement said substantive changes.

For purposes of this Section, "Institutionalized Medicaid" shall be defined as individuals who are receiving (as described in TennCare/Medicaid rules and regulations) long term care institutional services in a nursing home, an Intermediate Care Facility for the Mentally Retarded (ICF/MR) or waiver covered services provided through the Home and Community Based Services (HCBS) waiver for these institutional services.

Service	Benefit
<p>Inpatient Hospital Services</p>	<p>Non-Institutionalized Medicaid Eligible, Age 21 and older: Limited to 20 days per calendar year.</p> <p>Institutionalized Medicaid: As medically necessary.</p> <p>Standard Eligible, Age 21 and older: Limited to 5 days per calendar year. NOTE: Age 21 and older: Inpatient rehabilitation hospital facility services may be covered when determined to be a cost-effective alternative by the MCO.</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary, rehabilitation hospital facility services are covered under EPSDT.</p> <p>NOTE: All Eligibles: CONTRACTOR may require preadmission approval before hospitalization except for emergencies. CONTRACTOR may conduct concurrent and retrospective review.</p>
<p>Outpatient Hospital Services</p>	<p>Non-Institutionalized Medicaid Eligible, Age 21 and older: Limited to 8 visits per calendar year.</p> <p>Institutionalized Medicaid: As medically necessary.</p> <p>Standard Eligible, Age 21 and older: Limited to 3 visits per calendar year.</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary.</p>
<p>Physician Inpatient Services</p>	<p>As medically necessary until applicable Inpatient benefit limits have been exhausted.</p>
<p>Physician Outpatient</p>	<p>Non-Institutionalized Medicaid/Standard Eligible, Age 21 and older: Limited to 12 visits per calendar year.</p>

<p>Services/Community Health Clinic Services/Other Clinic Services</p>	<p>Institutionalized Medicaid: As medically necessary.</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary.</p> <p>NOTE: This shall include services provided by a Primary Care Provider with a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx).</p> <p>CONTRACTOR covered services shall also include medical evaluations provided by a neurologist, as approved by the CONTRACTOR, and/or an emergency room provider, that result in a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx).</p>
<p>EPSDT Services for enrollees under age 21 in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.</p>	<p>Medicaid/Standard Eligibles, Age 21 and older: not covered.</p> <p>Medicaid/Standard Eligibles, Under age 21: Covered as medically necessary, except that the screenings do not have to be medically necessary. Children may also receive screenings in-between regular checkups if a parent or caregiver believes there is a problem.</p> <p>Screening, interperiodic screening, diagnostic and follow-up treatment services as medically necessary in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989 for enrollees under 21. Except for Dental services, Screens shall be in accordance with the periodicity schedule set forth in the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care" and all components of the screens must be consistent with the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care". Dental screens shall be in accordance with the latest periodicity schedule set forth by the American Academy of Pediatric Dentistry and all components of the screens must be consistent with the latest recommendations by the American Academy of Pediatric Dentistry. Tools to be used for screenings shall be consistent with the EPSDT Screening Guidelines as described in Attachment VIII of the Agreement. EPSDT services also include maintenance services which are services which have been determined to be effective in preventing or mitigating the worsening of an individual's conditions or preventing the development of additional health problems.</p>
<p>Preventive Care Services</p>	<p>As described in Section 2-3. 3.</p>
<p>Lab and X-ray Services</p>	<p>Non-Institutionalized Medicaid/Standard Eligible, Age 21 and older: Limited to 10 visits per calendar year.</p> <p>Institutionalized Medicaid: As medically necessary.</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary.</p>
<p>Hospice Care</p>	<p>As medically necessary. Must be provided by a Medicare-certified hospice.</p> <p>If a Medicaid hospice patient resides in a nursing facility (NF), the CONTRACTOR must pay an amount equal to at least 95 percent of the prevailing NF room and board rate to the hospice provider.</p>

<p>Dental Services</p>	<p>Medicaid/Standard Eligible, Age 21 and older: Non-covered.</p> <p>Medicaid/Standard Eligible, Under age 21: The CONTRACTOR shall cover Dental preventive, diagnostic and treatment services for enrollees under age 21. Orthodontics limited to individuals under 21 except when an orthodontic treatment plan is approved prior to the enrollee attaining 20 1/2 years of age, and treatment is initiated prior to the recipient attaining 21 years of age.</p> <p>Effective October 1, 2002, the aforementioned covered dental services shall be provided by the Dental Benefits Manager. The provision of transportation to and from said services as well as the medical and anesthesia services related to the dental service that are not provided by a dentist or in a dentist's office shall remain with the CONTRACTOR.</p> <p>(See Section 2-3.4)</p>
<p>Vision Services</p>	<p>Medicaid/Standard Eligible, Age 21 and older: Medical eye care, meaning evaluation and management of abnormal conditions, diseases, and disorders of the eye (not including evaluation and treatment of refractive state), will be covered but shall be subject to the service limitations as described elsewhere in this Agreement. Routine periodic assessment, evaluation, or screening of normal eyes and examinations for the purpose of prescribing fitting or changing eyeglass and/or contact lenses will not be covered.</p> <p>Medicaid/Standard Eligible, Under age 21: Preventive, diagnostic, and treatments services (including eyeglasses), are covered as medically necessary.</p>
<p>Home Health Care</p>	<p>As medically necessary.</p>
<p>Pharmacy Services Note: Pharmacy Benefits delivered by the PBM may have a different effective date regarding benefit limits.</p>	<p>Non-Institutionalized Mandatory and Optional (other than Medically Needy) Medicaid Adults and Pregnant Medically Needy Adults: 5 Prescriptions per Month of which only 2 may be Brand name</p> <p>Institutionalized Medicaid Adults: As medically necessary</p> <p>Medically Needy Non-Institutionalized, Non-Pregnant Adults: Non-covered.</p> <p>Standard Eligible, Age 21 and older: Non-covered</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary</p> <p>NOTE: Certain drugs (known as DESI, LTE, or IRS drugs) are excluded from coverage.</p> <p>Limits on Pharmacy benefits as well as the effective dates thereof are subject to change based on Waiver and/or Court negotiations.</p> <p>Effective July 1, 2003, the aforementioned covered pharmacy services shall</p>

	<p>be provided by the Pharmacy Benefits Manager (PBM) contracted by the TENNCARE Bureau. Pharmacies providing home infusion drugs and biologics only (not including services) shall bill the PBM.</p> <p>Diabetic monitors and supplies as well as injectable drugs obtained directly from a pharmacy provider shall be included in the covered pharmacy services that will be provided by the TennCare Pharmacy Benefit Manager effective July 1, 2003.</p> <p>The CONTRACTOR shall be responsible for reimbursement of injectable drugs obtained in an office/clinic setting in accordance with benefits described herein and to providers providing both home infusion services and the drugs and biologics. Effective July 1, 2005, the CONTRACTOR shall require that all home infusion claims contain NDC coding and unit information to be paid.</p> <p>Services reimbursed by the CONTRACTOR shall not be included in the Pharmacy Benefit Limits as described above.</p>
<p>Durable Medical Equipment</p>	<p>As medically necessary.</p> <p>Specified DME services shall be covered/non-covered in accordance with the TennCare rules and regulations.</p>
<p>Medical Supplies</p>	<p>As medically necessary.</p>
<p>Emergency Air And Ground Ambulance Transportation</p>	<p>As medically necessary.</p>
<p>Non-emergency Transportation (including Non-Emergency Ambulance Transportation)</p>	<p>As necessary to get an enrollee to and from covered services, for enrollees not having access to transportation. MCOs may require advance notice of the need in order to timely arrange transportation.</p> <p>The travel to access primary care and dental services must meet the requirements of the waiver terms and conditions. The availability of specialty services as related to travel distance should meet the usual and customary standards for the community. However, in the event the MCO is unable to negotiate such an arrangement for an enrollee, transportation must be provided regardless of whether or not the enrollee has access to transportation. If the enrollee is a child, transportation must be provided for the child and an accompanying adult. However, transportation for a child shall not be denied pursuant to any policy which poses a blanket restriction due to enrollees age or lack of parental accompaniment. Any decision to deny transportation of a child due to an enrollees age or lack of parental accompaniment must be made on a case-by-case basis and must be based on the individual facts surrounding the request. As with any denial, all notices and actions must be in accordance with the appeal process.</p> <p>The CONTRACTOR shall provide transportation to and from Dental Services.</p>
<p>Renal Dialysis Services</p>	<p>As medically necessary.</p>

<p>Private Duty Nursing</p>	<p>Medicaid/Standard eligibles, Age 21 and older: Not covered.</p> <p>Medicaid/Standard eligibles Under age 21: Covered as medically necessary in accordance with EPSDT requirements when prescribed by an attending physician for treatment and services rendered by an R.N. or a L.P.N. who is not an immediate relative.</p>
<p>Speech Therapy</p>	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary by a Licensed Speech Therapist to restore speech (as long as there is continued medical progress) after a loss or impairment. The loss or impairment must not be caused by a mental, psychoneurotic or personality disorder.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with EPSDT requirements.</p>
<p>Occupational Therapy</p>	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary when provided by a Licensed Occupational Therapist to restore, improve, or stabilize impaired functions.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with EPSDT requirements.</p>
<p>Physical Therapy</p>	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary when provided by a Licensed Physical Therapist to restore, improve, or stabilize impaired functions.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with EPSDT requirements.</p>
<p>Organ Transplant And Donor Organ Procurement</p>	<p>Medicaid/Standard Eligible, Age 21 and older: All medically necessary and non-investigational/experimental organ transplants, as covered by Medicare, are covered. These include, but may not be limited to: Bone marrow/Stem cell; Cornea; Heart; Heart/Lung; Kidney; Kidney/Pancreas; Liver; Lung; Pancreas; and Small bowel/Multi-visceral.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with EPSDT requirements. Experimental or investigational transplants are not covered.</p>
<p>Reconstructive Breast Surgery</p>	<p>Covered in accordance with TCA 56-7-2507, which requires coverage of all stages of reconstructive breast surgery on a diseased breast as a result of a mastectomy, as well as surgical procedures on the non-diseased breast to establish symmetry between the two breasts in the manner chosen by the physician. The surgical procedure performed on a non-diseased breast to establish symmetry with the diseased breast will only be covered if the surgical procedure performed on a non-diseased breast occurs within five (5) years of the date the reconstructive breast surgery was performed on a</p>

	diseased breast.
Chiropractic Services	Medicaid/Standard Eligible, Age 21 and older: Not covered. Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with EPSDT requirements.
Sitter	NON COVERED
Convalescent Care	NON COVERED

9. Section 2-3.3 shall be deleted and replaced in its entirety so that the amended Section 2-3.3 shall read as follows:

2-3.3 Preventive Services

The following preventive medical services (identified by applicable CPT procedure codes and ADA procedure codes) shall only be covered in accordance with Section 2-3.1 of this Agreement and subject to any limitations described herein, within the scope of standard medical practice, and shall be exempt from any cost sharing responsibilities as described in Section 2-4.10 of this Agreement. In the event that the CPT codes listed below should be revised, consolidated, separated into individual parts, or replaced in part or in whole by new CPT codes, the services represented by the CPT codes listed below shall remain covered services. It is the responsibility of the CONTRACTOR to assure claims and encounter data reflects current CPT coding. Vision services, hearing services, and laboratory services not specifically listed herein, which are required pursuant to the Medicaid Early Periodic Screening, Diagnosis and Treatment (EPSDT) program for persons eligible for EPSDT under the TennCare Program under age 21, shall be provided in accordance with the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care" periodicity schedule for such services. Dental services which are required pursuant to the Medicaid Early Periodic Screening, Diagnosis and Treatment (EPSDT) program for persons under age 21, shall be provided in accordance with the latest periodicity schedule set forth by the American Academy of Pediatric Dentistry and all components of the screens must be consistent with the latest recommendations by the American Academy of Pediatric Dentistry. It is the responsibility of the MCO to educate providers as to the importance and necessity of documenting all of the components of the screen, and of using the appropriate codes as directed by TENNCARE to the MCOs. It is also the responsibility of the MCO to communicate this data to TENNCARE as directed.

Preventive Services (excluded from cost sharing)

NEW PATIENT	ESTABLISHED PATIENT
99381 – Initial evaluation < 1 year	99391 – Periodic reevaluation <1 year
99382 – age 1 through 4 years	99392 – age 1 through 4 years
99383 – age 5 through 11 years	99393 – age 5 through 11 years
99384 – age 12 through 17 years	99394 – age 12 through 17 years
99385 – age 18 through 39 years	99395 – age 18 through 39 years
99386 – age 40 through 64 years	99396 – age 40 through 64 years
99387 – age 65 years and over	99397 – age 65 years and over

Counseling and Risk Factor Reduction Intervention (excluded from cost sharing)

INDIVIDUAL	GROUP
99401 – approximately 15 minutes	99411 – approximately 30 minutes
99402 – approximately 30 minutes	99412 – approximately 60 minutes
99403 – approximately 45 minutes	

99404 – approximately 60 minutes	
----------------------------------	--

Family Planning Services - If not part of a Preventive Services office visit, should be billed using the Counseling and Risk reduction individual codes (99401-99404). Family planning supplies and prescription drugs are also exempt from cost sharing responsibilities.

Prenatal Care (excluded from cost sharing)

59400	Routine obstetric care including antepartum care, vaginal delivery (with or without episiotomy, and/or forceps) and postpartum care
59409	Vaginal delivery only (with or without episiotomy and/or forceps);
59410	“ including post partum care
59425	Antepartum care only, 4-6 visits
59426	Antepartum care only, 7 or more visits
59430	Postpartum care only (separate procedure)
59510	Routine obstetric care including antepartum care, cesarean delivery, and postpartum care
59515	Cesarean delivery only including postpartum care
59610	Routine obstetric care including antepartum care, vaginal delivery (with or without episiotomy and/or forceps) and postpartum, after previous cesarean delivery
59618	Routine obstetric care including antepartum care, cesarean delivery, and postpartum care, following attempted vaginal delivery after previous cesarean delivery

Other Preventive Services (excluded from cost sharing)

99420	Administration and interpretation of health risk assessment instrument (e.g., health hazard appraisal)
90476 – 90749	Immunizations
90465-90474	Immunization administration
99173	Screening test of visual acuity, quantitative, bilateral <21 years of age
92551	Screening test, pure tone, air only (Audiologic function)
92552	Pure tone audiometry (threshold); air only
76090-76092	Mammography Screening
88141-88145, 88147,88148, 88150,88152- 88155, 88164- 88167,88174- 88175	Cervical Cancer Screening

Laboratory: Any laboratory test or procedure listed in the preventive services periodicity schedule when the service CPT code is one of the above preventive medicine codes.

**Preventive Dental Services for Children Under 21 Years of Age
(excluded from cost sharing)**

D1110	Prophylaxis (when billed for children over age 12 and under age 21)
D1120	Prophylaxis
D1203	Topical Application of Fluoride (Prophylaxis not included) - child
D1310	Nutritional Counseling for Control of Dental Disease
D1320	Tobacco Counseling for the Control and Prevention of Oral Disease
D1330	Oral Hygiene Instructions
D1351	Sealant per Tooth

10. Sections 2-3.15 shall be deleted and replaced in its entirety so that the new Section 2-3.15 shall read as follows:

2-3.15. Prenatal Care

The CONTRACTOR shall have policies and procedures to facilitate and take reasonable steps to assist pregnant members in accessing prenatal care. This provision shall apply to enrollees in the plan who become pregnant as well as enrollees who are pregnant on the beginning date of enrollment in the plan. This provision does not intend to require all of the CONTRACTOR's network providers to accept new enrollees. However, the CONTRACTOR shall maintain a provider network consisting of providers who accept new enrollees in accordance with TennCare access standards and shall inform TENNCARE, as required, of network providers who do not accept new enrollees. In the event an enrollee entering the CONTRACTOR's plan is receiving medically necessary prenatal care services the day before enrollment, the CONTRACTOR shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network. In the event an enrollee entering the CONTRACTOR's plan is in her second or third trimester of pregnancy and is receiving medically necessary prenatal care services the day before enrollment, the CONTRACTOR shall be responsible for providing continued access to the provider (regardless of network affiliation) through the postpartum period. The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payor) plus any applicable amount of TennCare cost sharing responsibilities due from the enrollee as payment in full for the service.

MCOs participating in TennCare are required to provide or arrange for the provision of medically necessary medical care to their enrollees beginning on the date of their enrollment in the MCO's plan. This requirement includes not only TennCare enrollees whose eligibility is established through SSI, Medicaid or uninsured/uninsurable applications for TennCare, but also those pregnant women who establish "presumptive eligibility" for TennCare. Effective with the first day of a presumptive eligibility period, the State makes fixed administrative fee payments on behalf of these women to the selected MCO and the MCO is required to provide or arrange for the provision of medical care for their enrollee during this period.

Women who are presumptively eligible are entitled to all TennCare benefits. There shall be a sufficient number of providers in the MCO's network who accept enrollees within each geographical location in which the plan is marketed so that prenatal or other medically necessary medical care is not delayed or denied to these women during their presumptive eligibility period. Additionally, the MCO must make services available out-of-plan, if necessary, to meet the medical needs of a woman enrolled in the MCO's plan as a presumptive eligible.

The CONTRACTOR shall notify all network providers that any unreasonable delay in providing care to a pregnant member seeking prenatal care will be considered a material breach of the network provider's contract with the CONTRACTOR. Delay in care for pregnant enrollees shall mean:

1. Failure of the MCO to respond to an enrollee's request for prenatal care by identifying a maternity care provider to honor a request from an enrollee, including a presumptive eligible enrollee, (or from a primary care provider or patient advocate acting on behalf of an enrollee) for a prenatal care appointment. Accessibility shall be in accordance with the Terms and Conditions for Access to the TennCare Waiver and contained herein as Attachment III unless TENNCARE shall specify more stringent access criteria. Regardless of whether prenatal care is provided by a primary care physician, physician extender or an obstetrician who is not the enrollee's primary care physician, the access standards for primary care physician or extender services shall apply when determining access to prenatal care except for cases of a first prenatal care appointment for women who are past their first trimester of pregnancy on the day they are determined to be eligible. For women who are past their

first trimester of pregnancy on the day they are determined to be eligible, a first prenatal care appointment shall occur within fifteen (15) days of the day they are determined to be eligible; or

2. Failure of a pharmacist within the MCO's provider network to fill a prescription written by a maternity care provider for an enrollee, including an approved presumptive eligible, within the specified time frames for all medically necessary requests as described elsewhere in this Agreement and/or the TennCare rules and regulations. Effective July 1, 2003, pharmacy services, as described in 2-3.1 shall be provided by the Pharmacy Benefits Manager (PBM) contracted by the TENNCARE Bureau.

Failure to provide prenatal care in accordance with the provisions described herein shall result in the CONTRACTOR being required to implement a corrective action plan as described in Section 2-16, and shall result in the application of liquidated damages and/or intermediate sanctions as described in Section 6.8 of this Agreement.

11. The first paragraph of Section 2-3.16 shall be amended by adding a new sentence so that the amended first paragraph shall read as follows:

The CONTRACTOR must have written policies and procedures for an EPSDT program that includes coordinating services with other TennCare providers, providing all medically necessary Title XIX EPSDT services to all eligible individuals under the age of twenty-one (21) regardless of whether the service is included in the Medicaid State Plan, as well as outreach and education. The CONTRACTOR must assure the availability and accessibility of required health care resources and help enrollees and their parents or guardians use these resources effectively. The State EPSDT program shall be referred to as "TENnderCare". The CONTRACTOR shall use "TENnderCare" in describing or naming an EPSDT program or services. This shall include, but not be limited to, all policies, procedures and/or marketing material, regardless of the format or media. No other names or labels shall be utilized. CONTRACTORS may, however, use existing EPSDT materials through December 31, 2004. Any new or reprinted EPSDT materials shall use TENnderCare as of July 1, 2004.

12. Section 2-3.16.1.2.2 through 5 shall be deleted and replaced in their entirety so that the amended Sections 2-3.16.1.2.2 through 5 shall read as follows:

2. a comprehensive unclothed physical exam (the child's growth shall be compared against that considered normal for the child's age and gender);
3. appropriate immunizations schedule according to the most current Advisory Committee on Immunization Practices (ACIP) schedule according to age and health history. The ACIP Recommendations on Immunization Practices are approved by the American Academy of Pediatrics.
4. laboratory tests (including Lead Toxicity Screening appropriate for age and risk factors). All children are considered at risk and must be screened for lead poisoning. All children must receive a screening blood lead test at 12 and 24 months of age. Children between the ages of 36 months and 72 months of age must receive a screening lead blood test if they have not been previously screened for lead poisoning. A blood lead test must be used when screening Medicaid-eligible children. A blood lead test equal to or greater than 10 ug/dl obtained by capillary specimen (finger stick) must be confirmed by using a venous blood sample.
5. health education includes anticipatory guidance based on the findings of the physical and/or dental screening. Health education should include counseling to both parents (guardians) and children to assist in understanding what to expect in terms of the child's development and to provide information about the benefits of healthy lifestyles and practices as well as accident and disease prevention.

13. Section 2-3.18 shall be amended by adding a new item (e) and renumbering the existing item (e) as (f) so that the amended Section 2-3.18 shall read as follows:

2-3.18 Coordination of MCO and PBM Benefits

In order to assure enrollees assigned to TennCare MCOs continue to receive pharmacy services without interruption during the transition and future coordination of their pharmacy benefits, each MCO shall be required to cooperate in any manner necessary, including but not limited to the following:

- (a) The CONTRACTOR and/or its subcontractor (PBM) shall coordinate and interface with TENNCARE and/or the TennCare contracted PBM in order to exchange data in a media and format acceptable to TENNCARE for the purpose of transitioning necessary information such as authorization requests, refill limits, etc.
- (b) The CONTRACTOR agrees to assure it's providers shall coordinate with the TennCare PBM regarding authorization requests for pharmacy services.
- (c) The CONTRACTOR shall be capable of accepting and maintaining data sent from TENNCARE and/or the TennCare PBM regarding enrollee utilization of pharmacy services. The CONTRACTOR shall utilize pharmacy data for management of enrollee health care.
- (d) The CONTRACTOR shall obtain a report from the pharmacy benefits manager (PBM) when provided by the TennCare PBM, that identifies prescribers who have been listed in the top one-hundred (100) prescribers for three (3) weeks out of a four (4) consecutive week period as having prescribed prescription drugs that are not on the Preferred Drug List (PDL). The CONTRACTOR shall use this report as a basis to contact, by telephone one-hundred percent (100%) of its network prescribers (or a provider practicing with the prescribing physician), who wrote prescriptions within thirty (30) calendar days from the date the report is received, for the purpose of educating the physician about a prescription drug that is on the PDL that the physician may prescribe as an alternative and to encourage the physician to contact the pharmacy and change the prescription accordingly; any prescriber who cannot be identified through a unique DEA number shall be excluded from this requirement.
- (e) CONTRACTOR shall utilize pharmacy lock-in data provided by TENNCARE PBM to identify members for case management services.
- (f) Appeals and member service inquiries related to pharmacy services, provided by the TennCare PBM, shall be the responsibility of TENNCARE and/or the TennCare PBM.

14. Section 2-3.19 shall be deleted and replaced in its entirety so that the amended Section 2-3.19 shall read as follows:

2-3.19 Coordination with the Department of Education

The State has implemented a program to provide federal reimbursement to local education agencies (LEAs) for medical services provided to Medicaid-eligible students in a school setting. These services must be medically necessary and included in the student's Individualized Education Plan (IEP). The purpose of this program is to assist LEAs to provide quality medical services to Medicaid students with special needs. This program does not replace the MCOs obligation to pay for medical services for these enrollees, but allows the school districts the option to receive fee-for-service Medicaid payment directly from TENNCARE where providers are direct employees of the school district or are community providers.

MCOs should continue to reimburse qualified providers for services provided in the school setting, such as services coordinated through Department of Health's Project Teach. MCOs should also continue dialogue with providers and Project Teach Coordinators to establish school-based services for students with special needs.

15. Section 2-4.1.1 shall be deleted and replaced in its entirety so that the amended Section 2-4.1.1 shall read as follows:

2-4.1.1. Availability and Accessibility of Primary Care Services

The CONTRACTOR shall assure that there are primary care providers, willing and able to provide the level of care and range of services necessary to meet the medical needs of the enrollees including those with chronic and acute diseases. There shall be a sufficient number of primary care providers who accept new TennCare enrollees within each geographical location in which the plan is marketed so that each primary care provider has a reasonable caseload not to exceed 2,500 patients for a physician and one-half of this for a physician extender. Primary care providers shall be strategically located so that no enrollee shall be required to travel more than thirty (30) miles or thirty (30) minutes one-way, whichever is less, to a primary care provider in rural area. The PCP time distance requirement for urban areas is twenty (20) miles or thirty (30) minutes one-way. If an enrollee requests assignment to a primary care provider located outside the distance/time requirements and the CONTRACTOR has primary care providers available within the distance/time requirements who accept new enrollees, it shall not be considered a violation of the access requirements for the CONTRACTOR to grant the enrollee's request. However, in such cases the CONTRACTOR shall have no responsibility for providing transportation for the enrollee to access care from this selected provider and the CONTRACTOR shall so notify the enrollee in writing as to whether or not the CONTRACTOR will provide transportation for the enrollee to seek care from the requested provider. In these cases of out-of-area assignment, the CONTRACTOR must allow the enrollee to change assignment to a primary care provider within the distance/time requirements if the enrollee requests such a change.

Appointment and wait times should be in accordance with usual and customary practices. Appointments for routine care should not exceed three weeks from the date of request. Requests for urgent care should not exceed 48 hours. Wait times for scheduled, non-urgent PCP appointments will not exceed forty-five minutes. The CONTRACTOR is required to monitor provider compliance and take corrective action for failure to comply.

16. The Title and the first paragraph of Section 2-4.1.2 shall be deleted and replaced by a new Title and two (2) new paragraphs which shall read as follows:

2-4.1.2. Availability and Accessibility of Specialty Services

The CONTRACTOR shall demonstrate sufficient availability and accessibility to Specialty Services for TennCare enrollees (Specialty Services to include, but not be limited to, Essential Hospital Services, services provided by Centers of Excellence, specialty physician services, hospice care, home health care and rehabilitation services). Sufficient availability and accessibility will be defined as meeting or exceeding the Terms and Conditions of the TennCare waiver as described in Attachment III. Specialty care shall not exceed thirty (30) days for routine care or forty-eight (48) hours for urgent care. Waiting times shall not exceed forty-five (45) minutes. The CONTRACTOR is required to monitor provider compliance and take corrective action for failure to comply.

The CONTRACTOR shall also comply with the standards and measures specified in this section to demonstrate sufficient availability and accessibility of Specialty Services for TennCare enrollees

17. Section 2-4.3 through 2-4.6 shall be deleted and replaced in their entirety and shall read as follows:

2-4.3 Management of Medical Care and Coordination of Care

The CONTRACTOR shall be responsible for the management of medical care and continuity of care for all its TennCare enrollees through the following minimum functions:

- a. Performance of reasonable preventive health case management services, as well as mechanisms to assess the quality and appropriateness of care furnished, appropriate referral and scheduling assistance of enrollees with special health care needs, including those identified through the provision of preventive services;
- b. Documentation of authorized referral services in utilization management system;
- c. Monitoring of enrollees with ongoing medical conditions;

Amendment 11 (cont.):

- d. Identification of enrollees utilizing Emergency Department Services inappropriately to assist in scheduling follow-up care with Primary Care Physician and/or appropriate specialist to improve continuity of care and establish a medical home;
- e. Coordinated hospital and/or institutional discharge planning that includes post-discharge care, as appropriate;
- f. Maintenance of its own internal tracking system which identifies the current preventive services screening status and pending preventive services screening due dates for each enrollee. The Contractor agrees to assist in the development of a tracking system that will identify EPSDT screens, immunizations and lab tests due, dates of service for all EPSDT screens, immunizations and lab tests received, referrals for corrective treatment, whether corrective treatment was provided, and dates of service for corrective treatment and agrees to pilot said system when developed;
- g. Authorization of out-of-plan or out-of-state services which are medically necessary due to an emergency;
- h. Assistance in the coordination of mental health, medical care and other TennCare covered services of enrollees as described in Section 2-3. of this Agreement;
- i. In the event an enrollee entering the MCO's plan is receiving medically necessary TennCare covered services the day before enrollment, the CONTRACTOR shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network. The CONTRACTOR must provide continuation of treatment through the lesser of the current period of active treatment, or for up to ninety (90) calendar days for members undergoing active treatment for a chronic or acute medical condition. Continued access to the provider through the postpartum period must be provided for members in their second or third trimester of pregnancy The CONTRACTOR shall assure that the enrollee is held harmless by the provider for the costs of the service or procedure except for applicable TennCare cost sharing amounts. The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payer) plus any applicable amount of TennCare cost sharing due from the enrollee as payment in full for the service. If the CONTRACTOR's payment to a non-contract provider is less than it would have been for a contract provider and the provider contests the payment amount, the CONTRACTOR shall notify the non-contract provider that the provider may initiate the independent review procedures in accordance with T.C.A. Section 56-32-226 as described in Section 2-18 of this Agreement. If it is medically necessary that care extend beyond thirty (30) days, the CONTRACTOR may require prior authorization for continuation of the services beyond thirty (30) days. Care rendered to a CONTRACTOR's enrollee beyond thirty (30) days that is out-of-plan or out-of-network for which a provider has not sought prior authorization need not be reimbursed;
- j. In the event an enrollee entering the CONTRACTOR's plan is in her second or third trimester of pregnancy and is receiving medically necessary prenatal care services the day before enrollment, the CONTRACTOR shall be responsible for providing continued access to the provider (regardless of network affiliation) through the postpartum period. The CONTRACTOR's plan is receiving medically necessary prenatal care services the day before enrollment, the CONTRACTOR shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network until such time as the CONTRACTOR can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health. The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payer) plus any applicable amount of TennCare cost sharing responsibilities due from the enrollee as payment in full for the service;

- k. The CONTRACTOR shall implement mechanisms to assess each TennCare enrollee identified by the State as having special health care needs in order to identify any ongoing special conditions of the enrollee that require a course of treatment or regular care monitoring. The assessment mechanisms must use appropriate health care professionals. Enrollees who are dually eligible for TennCare and Medicare are exempt from this requirement. For purposes of Sections 2-4.3(l) and (m), enrollees with special health care needs shall refer to enrollees identified through the Department of Children's Services (DCS), as described in Section 1-3 of this Agreement;
- l. The CONTRACTOR shall implement procedures to share, with other MCOs, BHOs, DBMs and PBMs (as necessary) serving the enrollee, the results of its identification and assessment of any enrollee with special health care needs so that those activities need not be duplicated.

2-4-4. Referrals and Exemptions

The CONTRACTOR shall require enrollees to seek a referral from their PCP or case manager prior to accessing non-emergency specialty services in accordance with, the following provisions:

- a. The CONTRACTOR shall exempt routine dental services for children under age 21 from case manager or PCP referral.
- b. The CONTRACTOR shall implement procedures to share, with other MCOs serving the enrollee, the results of its identification and assessment of any enrollee with special health care needs so that those activities need not be duplicated.
- c. The CONTRACTOR may exempt enrollees from case manager or PCP referral in order to obtain prenatal care from an obstetrician when the enrollee's PCP does not provide prenatal and delivery services. However, if the CONTRACTOR requires a referral in order to obtain prenatal care, the CONTRACTOR shall not require the enrollee to go for an office visit with their PCP in order to obtain the referral.
- d. The CONTRACTOR may exempt routine vision services from case manager or PCP referral.
- e. The CONTRACTOR shall provide all PCPs and Case Managers with a current listing of referral providers. The CONTRACTOR shall supply this listing to all PCPs and Case Managers within thirty (30) days of the effective date of this Agreement. A supplemental listing indicating additions and deletions shall be provided on a quarterly basis thereafter. Quarterly basis for purposes of mailing the supplemental listings shall be based on a calendar year schedule (e.g., Jan. – March, etc.). The electronic, web accessible, version shall be updated at least quarterly so as to accurately reflect current provider availability. A copy of the listing, a data file in a media and format described by TENNCARE and documentation from the MCO's mail room or outside vendor indicating the quantity and date mailed shall be sent to TennCare as proof of compliance by the 30th of the month following each quarter in accordance with the reporting schedules as described in Section 6-8 of this Agreement.
- f. The CONTRACTOR shall support appropriate referral, outreach and scheduling assistance of enrollees needing specialty health care services when requested by providers or as specified in Section 3.
- g. Effective August 13, 2003, the CONTRACTOR must provide for a second opinion from a qualified health care professional within the network, or arrange for the ability of the enrollee to obtain one outside the network, at no cost to the enrollee.
- h. Effective August 13, 2003, the enrollees determined to need a course of treatment or regular care monitoring, the entity must have a mechanism in place to allow enrollees to directly access a specialist as appropriate for the enrollee's condition and identified needs.

2-4.5 Abusive Utilizers of Pharmacy Services

The CONTRACTOR shall send information to TENNCARE and TennCare Program Integrity regarding lock-in candidates. Enrollees who disagree with such restrictions may appeal to TENNCARE such restrictions pursuant to the medically necessary provisions of the TennCare hearing rules. The TENNCARE PBM shall provide a monthly report to the CONTRACTOR listing all members identified for pharmacy lock-in. The CONTRACTOR shall use the report to identify enrollees requiring case management services.

2-4.6 Network Notice Requirements

The CONTRACTOR shall provide notice of changes to its provider network as specified below.

2-4.6.1 Enrollee Notification

- a. Change in PCP. Written notice shall be given immediately to an enrollee by the CONTRACTOR when a change in the enrollee's PCP is made. The notice shall be issued in advance of the PCP change when possible or as soon as the CONTRACTOR becomes aware of the circumstances. The notice content shall be consistent with the notice template provided by TennCare.
- b. PCP Termination. If a PCP ceases participation, the CONTRACTOR shall immediately provide written notice no less than thirty (30) days prior to the effective date of the termination and no more than fifteen (15) days after receipt or issuance of the termination notice, to each enrollee who has chosen the provider as their PCP. Each notice shall include all components identified in the notice template provided by TennCare. The requirement to provide notice thirty (30) days prior to the effective date of termination shall be waived in instances where a provider becomes physically unable to care for members due to illness, a provider dies, the provider fails to provide thirty (30) days advance notice to the CONTRACTOR, the provider moves from the service area and fails to notify the CONTRACTOR or when a provider fails credentialing, and instead shall be made immediately upon the CONTRACTOR becoming aware of the circumstances.
- c. Providers Providing On-going Treatment. If an enrollee is in a prior authorized ongoing course of treatment with any other participating provider who becomes unavailable to continue to provide services to such enrollee and the CONTRACTOR is aware of such ongoing course of treatment, the CONTRACTOR shall immediately provide written notice within fifteen (15) calendar days from the date that the CONTRACTOR becomes aware of such unavailability to such enrollee. Each notice shall include all components identified in the notice template provided by TennCare. The timing requirement for the provision of this notice shall be waived in instances where a provider becomes physically unable to care for members due to illness, a provider dies, the provider moves from the service area and fails to notify the CONTRACTOR or when a provider fails credentialing, and instead shall be made immediately upon the CONTRACTOR becoming aware of the circumstances. The CONTRACTOR must provide continuation of treatment through the lesser of the current period of active treatment, or for up to ninety (90) calendar days for members undergoing active treatment for a chronic or acute medical condition. Continued access to the provider through the postpartum period must be provided for members in their second or third trimester of pregnancy.
- d. Non-PCP Provider Termination. If a non-PCP ceases participation in the MCO, the CONTRACTOR shall immediately provide written notice to enrollees who have been patients of the non-PCP provider. Each notice shall include all components identified in the notice template provided by TennCare. Notice shall be issued no less than thirty (30) days prior to the effective date of the termination of the non-PCP provider termination when possible or immediately upon the CONTRACTOR becoming aware of the circumstances.
- e. Network Deficiency. Upon final notification from TENNCARE of a network deficiency, which shall be based on the requirements of this Agreement and terms and conditions of the waiver (Attachment III), the CONTRACTOR shall immediately provide written notice to enrollees living in the affected area of a provider shortage in the CONTRACTOR's network. The notice content shall be consistent with the notice template provided by TennCare.

2-4.6.2 TennCare Notification

- a. Notice of Subcontractor Termination. When a subcontract that relates to the provision of services to enrollees or claims processing is being terminated between the CONTRACTOR and a subcontractor, the CONTRACTOR shall give at least thirty (30) days prior written notice of the termination to TENNCARE and the TennCare Division, TDCI. Said notices shall include, at a minimum; a CONTRACTOR's intent to change to a new subcontractor for the provision of said services, an effective date for termination and/or change, as well as any other pertinent information that may be needed to access services. In addition to prior written notice, the CONTRACTOR shall also provide TENNCARE with a transition plan, when requested, which shall include, at a minimum, information regarding how prior authorization requests will be handled during and after the transition, how continuity of care will be maintained for the enrollees, etc.
- b. Hospital Termination. Termination of the CONTRACTOR's provider agreement with any hospital, whether or not the termination is initiated by the provider or by the CONTRACTOR, shall be reported by the CONTRACTOR in writing to the Bureau of TennCare no less than thirty (30) calendar days prior to the effective date of the termination.
- c. Other Provider Terminations. The CONTRACTOR shall notify TennCare of any provider termination and submit a template copy of the enrollee notice sent as well as an electronic listing identifying each enrollee to whom a notice was sent as required in Section 2-4.6.1. The CONTRACTOR shall maintain a copy of the actual notice on-site and forward a copy of the notices upon request from TENNCARE. If the termination was initiated by the provider, said notice shall include a copy of the provider's notification to the Contractor.

Furthermore, if termination of the CONTRACTOR's provider agreement with any primary care provider or physician group or clinic, whether or not the termination is initiated by the provider or by the CONTRACTOR, places the CONTRACTOR out of compliance with Section 2-4, such termination shall be reported by the CONTRACTOR in writing to the Bureau of TennCare, in the standard format used to demonstrate compliance with provider network and access requirements, within five (5) working days of the date that the agreement has been terminated.

18. Section 2-4.10.1.13 shall be amended by adding additional text to the existing text so that the amended Section 2-4.10.1.13 shall read as follows:

2.4.10.1.13 The CONTRACTOR shall create and adopt policies and procedures to periodically audit adherence to all HIPAA regulations, and for which CONTRACTOR acknowledges and promises to perform, including but not limited to, the following obligations and actions:

- a. Safeguards. CONTRACTOR agrees to use administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the EPHI CONTRACTOR creates, receives, maintains, or transmits on behalf of TENNCARE.
- b. CONTRACTOR's Agents. CONTRACTOR agrees to ensure that any agent, including a subcontractor, to whom it provides EPHI that was created, received, maintained, or transmitted on behalf of TENNCARE agrees to use reasonable and appropriate safeguards to protect the EPHI.
- c. Notification of Security Incident. CONTRACTOR agrees to report to TENNCARE any use or disclosure of TENNCARE enrollee PHI or of any security incident of which CONTRACTOR becomes aware;

19. The second paragraph of Section 2-4.11 shall be deleted and replaced so that the second paragraph of Section 2-4.11 shall read as follows:

TennCare cost sharing responsibilities shall apply to services other than the preventive services described in Section 2-3. 3 of this Agreement. The current cost share schedule to be used in determining applicable cost sharing responsibilities is included in this Agreement as Attachment XI.

20. The opening paragraph in Section 2-6.2.c.1 shall be amended by adding a new sentence so that the amended opening paragraph shall read as follows:

2-6.2.c.1 Member Handbooks

The CONTRACTOR shall update or develop their member handbook annually unless otherwise specified by TENNCARE. As described by TENNCARE, the annual requirement to update and or develop member handbooks may be delayed or modified as the result of major modifications and/or reform efforts being implemented in the TennCare program. Member handbooks must be approved by TennCare prior to distribution. Member handbooks must be distributed to enrollees within thirty (30) days of receipt of notice of enrollment in the CONTRACTOR's plan. A member handbook must also be distributed to all contracted providers upon initial credentialing and annually thereafter as handbooks are updated. For purposes of providing member handbooks to providers, it shall be acceptable to provide handbooks in electronic format, including but not limited to CD or access via a web link. In situations where there is more than one enrollee in a TennCare case, it shall be acceptable for the CONTRACTOR to mail one (1) member handbook to each address listed for the enrollee's TennCare case number when there is more than one (1) new enrollee assigned to the same case number at the time of enrollment and when subsequent new or updated member handbooks are mailed to enrollees. Should a single individual be enrolled and be added into an existing case, a member handbook new or updated must be mailed to that individual regardless of whether or not a member handbook has been previously mailed to enrollees in the existing case. Upon notice by TENNCARE of material changes, the CONTRACTOR shall make the appropriate revisions to maintain and redistribute the member handbooks immediately. The CONTRACTOR shall as appropriate, maintain and provide two (2) separate versions of the CONTRACTOR's TennCare Member Handbook for the specific population being served for the purpose of describing Medicaid Benefits to the Medicaid population and Standard Benefits to the Standard population. All revisions must be approved by TENNCARE prior to dissemination. Each member handbook shall, at a minimum, be in accordance with the following guidelines:

21. Section 2-6.2.c.1.(j) shall be amended by deleting the reference to "Americans with Disabilities Act of 1975" and replacing it with the reference "Americans with Disabilities Act of 1990".
22. Section 2-6.2.c.1 shall be amended by adding 2 new Sections x and y which shall read as follows:
- x. Shall include right to receive information on available treatment options and alternatives, presented in a manner appropriate to the member's condition and ability to understand; and
 - y. Shall be free from any form of restraint or seclusion used as a means of coercion, discipline, convenience, or retaliation.
23. Section 2-7.1 shall be deleted in its entirety and replaced by a new Section 2-7.1 which shall read as follows:

2-7.1 Utilization Management

The CONTRACTOR shall develop and maintain a Utilization Management Program Description defining the structures and processes within the CONTRACTOR's utilization management program. The program description shall assign responsibility to appropriate individuals including a designated senior physician. The Utilization Management Program shall be supported by an associated work plan. The program shall be evaluated annually. The Utilization Management Program Description, Annual Evaluation, and Work Plan shall be approved by the appropriate oversight committee within the health plan and be submitted to TENNCARE for approval by April 15th of each year. Analysis of findings and actions taken should be included in the Annual Evaluation.

The CONTRACTOR shall assess provider/office staff satisfaction with the prior authorization (PA) process to identify areas that can be improved. Survey shall be conducted at least annually and report shall be submitted to TennCare by June 15th. The CONTRACTOR shall take strong action to address opportunities for improvement identified from information gathered about satisfaction with the PA process.

The CONTRACTOR shall not place arbitrary maximum limits on the length of stay for enrollees requiring hospitalization and/or surgery. The CONTRACTOR shall not employ, and shall not permit others acting on their behalf to employ utilization control guidelines or other quantitative coverage limits, whether explicit or de facto, unless supported by an individualized determination of medical necessity based upon the needs of each TennCare enrollee and his/her medical history. Individual patient characteristics must be considered in the determination of readiness for discharge. This requirement is not intended to limit the ability of the CONTRACTOR to place "tentative" limits on the length of a prior authorization or pre-certification.

- a. Inpatient Care. The Contractor shall provide for methods of assuring the appropriateness of inpatient care. Such methodologies shall be based on individualized determinations of medical necessity and, at a minimum, shall include:
 - i. pre-admission certification upon notification for all non-emergency admissions;
 - ii. a concurrent review program to monitor and review continued inpatient hospitalization (for hospitals that are not reimbursed on a DRG basis), length of stay (for hospitals that are not reimbursed on a DRG basis), outpatient care, or diagnostic ancillary services regarding their appropriateness and medical necessity. In addition, the Contractor shall have a process in place to determine for emergency admissions, based upon medical criteria, if and when a patient can be transferred to a network facility, if presently in a non-network facility. On-site concurrent hospitalization review should occur in 95% of the cases where applicable at the two most frequently utilized hospitals;
 - iii. admission review for urgent and/or emergency admissions, on a retroactive basis when necessary, in order to determine if the admission is medically necessary, and if the requested length of stay for the admission (for hospitals that are not reimbursed on a DRG basis and for outlier DRG cases) is reasonable based upon an individualized determination of medical necessity. Such reviews shall not result in delays in the provision of medically necessary urgent or emergency care;
 - iv. Pre-admission certification should not be employed for admissions for the normal delivery of children;
 - v. Prospective review procedures may also include pre-admission testing criteria and criteria for same day surgery procedures. If inpatient hospital pre-admission certification is utilized authorization or denial must occur within one business day of the request.
- b. Case Management. The Contractor shall maintain a case management program for enrollees. Enrollee participation is voluntary. The CONTRACTOR must document and utilize a systematic approach to identify high risk, unique, chronic, or complex cases that may benefit from intensive medical case management. Enrollees identified through this process must be offered case management/care coordination services. The CONTRACTOR shall develop a process to inform enrollees and providers about the availability of case management programs and to inform the enrollee's PCP when a patient has been assigned to a case management program.

The CONTRACTOR shall utilize pharmacy lock-in data provided by TennCare's PBM to identify members for case management services as appropriate.

- c. Transition of Care. The CONTRACTOR will actively assist members with chronic or acute medical conditions in transitioning to another provider when the current provider has terminated participation with the CONTRACTOR. The CONTRACTOR will allow continuation of treatment through the lesser of the current period of active treatment, or for up to 90 calendar days for members undergoing active treatment

for chronic or acute medical conditions. The CONTRACTOR will allow continued access to the provider through the postpartum period for enrollees in their second or third trimester of pregnancy.

- d. Discharge Planning. The Contractor shall maintain and operate a formalized discharge planning program.
- e. Disease Management. The CONTRACTOR must have in place or develop and implement at least two disease management programs. One shall be a comprehensive diabetes disease management program, the second shall be a maternity management program. The effectiveness of these programs shall be measured using relevant HEDIS indicators and other pertinent outcomes measurements/tools. Disease Management Programs must be consistent with current nationally recognized clinical practice guidelines. The programs shall include a statistically valid methodology designed to measure the impact on health status of participating members. The CONTRACTOR shall provide the State with an analysis of the program's impact as part of the Annual Evaluation of the CONTRACTOR'S Quality Improvement Program. The State reserves the right to review and comment on the programs. In the event the TennCare Bureau contracts with an outside entity for the administration of any Disease Management Program, TENNCARE shall be responsible for the administrative cost of the outside contractual arrangement for the Disease Management Program. However, the CONTRACTOR shall cooperate and participate to the extent practical and feasible with any disease management program as developed and/or described by TENNCARE.
- f. Hospitalizations and Surgeries. The CONTRACTOR must comply with any applicable laws or rules related to length of hospital stay. TENNCARE will closely monitor encounter data related to length of stay and re-admissions to identify potential problems. If indicated, TENNCARE or the EQRO may conduct special studies to assess the appropriateness of hospital discharges.
- g. Prior Authorization
 1. General Rule. If prior authorization of a service is granted by the CONTRACTOR, subcontractor or an agent, payment for the pre-approved service shall not be denied based on the lack of medical necessity, assuming that the enrollee is eligible on the date of service, unless it is determined that the facts at the time of the denial of payment are significantly different than the circumstances which were described at the time that prior authorization was granted. Prior Authorization shall not be required for emergency services. Prior authorization requests shall be reviewed subject to the guidelines described in TennCare Rules 1200-13-13 and 1200-13-14 which include, but are not limited to, provisions regarding decisions, notices, medical contraindication, and the failure of an MCO to act timely upon a request. The CONTRACTOR must use appropriately licensed professionals to supervise all medical necessity decisions and specify the type of personnel responsible for each level of utilization management (UM) decision making. The CONTRACTOR must have written procedures documenting access to Board Certified Consultants to assist in making medical necessity determinations.
 2. At time of Enrollment. In the event an enrollee entering the MCO's plan is receiving medically necessary TennCare covered services the day before enrollment, the CONTRACTOR shall continue to make payment, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network until such time as the CONTRACTOR can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health. If it is medically necessary that care extend beyond thirty (30) days, the CONTRACTOR shall require prior authorization for continuation of the services beyond thirty (30) days. Care rendered to an enrollee in the Contractor's plan beyond thirty (30) days that is out-of-plan or out-of-network for which a provider has not sought prior authorization shall not be reimbursed.
 3. Prenatal Care. In the event an enrollee entering the CONTRACTOR's plan is receiving medically necessary prenatal care services the day before enrollment, the CONTRACTOR shall continue to make payment for such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network until such time as the CONTRACTOR can reasonably

transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health. The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payor) plus any applicable amount of TennCare cost sharing responsibilities due from the enrollee as payment in full for the service. In the event an enrollee entering the CONTRACTOR's plan is in her second or third trimester of pregnancy and is receiving medically necessary prenatal care services the day before enrollment, the CONTRACTOR shall be responsible for providing continued access to the provider (regardless of network affiliation) through the postpartum period.

4. Notice Requirements. The CONTRACTOR must clearly document and communicate the reasons for each denial in a manner sufficient for the provider and member to understand the denial and decide about appealing the decision. Notice of adverse actions to providers and members regarding prior authorization requests shall be provided within the following guidelines:

(a) Provider Notice. The CONTRACTOR must notify the requesting provider of any decision to deny a service authorization request, or to authorize a service in an amount, duration, or scope that is less than requested. The notice to the provider need not be in writing; however, the CONTRACTOR must make a reviewer available to discuss any denial decisions. Information provided to the provider must include how to contact the reviewer.

(b) Enrollee Notice. See notice provisions in TennCare Rule 1200-13-13-.11 and 1200-13-14-.11.

h. Compensation for Utilization Management Activities. CONTRACTOR shall assure, consistent with 42 CFR 438.6(h), and 42 CFR 422.208, that compensation to individuals or entities that conduct utilization management activities is not structured so as to provide incentives for the individual or entity to deny, limit, or discontinue medically necessary services to any enrollee, as provided by the Balanced Budget Act of 1997 and the provisions of 42 CFR 438.210(e).

24. The Chart in Section 2-9.1.c regarding Performance Guarantees shall be deleted and replaced in its entirety and shall read as follows:

c. The following performance indicators related to administration and management have been identified for ongoing monitoring. The CONTRACTOR's failure to meet these benchmarks or demonstrate improvement toward benchmark levels of performance shall result in the CONTRACTOR being required to implement a corrective action plan as described in Section 2-16.

Performance Indicator	Data Sources	Metric	Target	Benchmark
Volume of Provider Complaints	Monthly Activity Report	# of provider complaints received relative to number of providers (Complaint is defined as an issue a provider presents to the managed care organization, either in written or oral form, which is subject to resolution by the MCO).	0 percent	MCO specific benchmark. 10% reduction over prior year.

Amendment 11 (cont.)

Performance Indicator	Data Sources	Measure	Target	Benchmark
<p>Claims Payment Accuracy and Timeliness</p>	<p>Claims and Encounter Data</p> <p>Note: Self-reported based on internal audit conducted on statistically valid random sample on a quarterly basis.</p> <p>Audit procedures and sample methodology to be submitted to TDCI for review and approval with first quarter's report.</p>	<p>1. Accuracy: Number of claims processed for payment and paid accurately upon initial submission divided by the total number of claims.</p> <p>2. Timeliness of Clean Claims Processing: Number of clean claims processed within thirty (30) calendar days of receipt divided by the total number of clean claims received (for calculation date of receipt counts as day zero).</p> <p>Timeliness of Clean and Unclean Claims Processing: Number of claims processed and, if appropriate, paid within sixty (60) days of receipt divided by the number of all claims processed (for calculation date of receipt counts as day zero)</p> <p>Processing To be measured and reported monthly</p>	<p>100 percent</p>	<p>Accuracy: 97% of claims are processed or paid accurately upon initial submission</p> <p>Timeliness of Clean Claims Processing: 90% of clean claims are paid within 30 days of receipt of these claims.</p> <p>Timeliness of Clean and Unclean Claims Processing: 99.5% of all claims within sixty (60) days of receipt.</p>

Amendment 11 (cont.)

Performance Indicator	Data Sources	Metric	Target	Benchmark
Call Abandonment rate and call answer timeliness for Utilization Management line.	ACD Line Productivity Reports for calls where the provider/staff called directly into the UM call center or selected a UM call center option and was put in the call queue.	<p>1. Call Abandonment Rate: The number of calls abandoned by the caller or the system before being answered by a live voice divided by the number of calls received by the MCO UM call center (during UM open hours of operation) during the measurement period.</p> <p>2. Call Answer Timeliness: The number of calls answered by a live voice within thirty (30) seconds, divided by the number of calls received by the CONTRACTOR's UM call center(s) (during UM call center open hours of operation) during the measurement period.</p>	Same as Benchmark	<p>Call Abandonment rate: Less than 5% of calls abandoned</p> <p>85% of all Calls answered by a live voice within thirty (30) seconds</p>
Call Abandonment rate and call answer timeliness for Member Services line	<p>ACD Line Productivity Reports for calls where the member called directly into member services or selected a member services option and was put in the call queue.</p> <p>Refer to NCQA HEDIS Technical Specifications for further clarification and changes.</p>	<p>1. Call Abandonment Rate: The number of calls abandoned by the caller or the system before being answered by a live voice. Divided by the number of calls received by the MCO member services call center as (during member services open hours of operation) during the measurement period.</p> <p>2. Call Answer Timeliness: The number of calls answered by a live voice within thirty (30) seconds, divided by the number of calls received by the CONTRACTOR's member services call center(s) (during member services open hours of operation) during the measurement period.</p>	0 percent	<p>Call Abandonment rate: Less than 5% of calls abandoned</p> <p>85% of all Calls answered by a live voice within thirty (30) seconds or the prevailing benchmark established by NCQA</p>

Amendment 11 (cont.)

Performance Indicator	Data Sources	Measure	Target	Benchmark
Specialist Provider Network	CONTRACTOR's credentialing reports	Executed contract is a signed agreement with a provider to participate in the Contractor's network	Same as benchmark	<p>1. <u>Physician Specialists</u>: Executed specialty physician contracts in all areas required by this Agreement for the following nine specialists: cardiology; gastroenterology; neurology; neurosurgery; otolaryngology; ophthalmology; orthopedics; oncology/hematology; and urology.</p> <p>2. <u>Essential Hospital Services</u>: Executed contract with at least one (1) Tertiary Care Center for each essential hospital service</p> <p>3. <u>Center of Excellence for People with AIDs</u>: Executed contract with at least one (1) Center of Excellence for AIDs</p>

Performance Indicator	Data Sources	Metric	Target	Benchmark
Network Adequacy	<p>1. Monthly Provider listings</p> <p>2. Most recent monthly provider listing and random phone surveys conducted by TENNCARE on a quarterly basis</p>	<p>1. Time and travel distance as measured by GeoAccess</p> <p>2. Network validation</p>	Same as Benchmark	<p>1. Provider network includes sufficient numbers and geographical disbursement of providers in order to satisfy the Terms and Conditions for Access of the TennCare Waiver</p> <p>2. At least 90% of records for participating providers on the most recent monthly provider listing can be used to contact the provider and confirm the provider is participating in the MCO's network</p>
Encounter Data Submissions	TennCare Edit Reports	Error Threshold Exceeded	Same as Benchmark	Less than 2% of file contains errors by submission due date
EPSDT Screening and Medical Record Documentation	MCO Encounter Data and Medical Chart Audit	The EPSDT screening ratio, calculated in accordance with specifications for the CMS-416 report, multiplied by the percentage of the required seven (7) screening components that are completed as determined through a statistically valid sample of medical records of the MCO's enrollees	Same as Benchmark	Demonstrated active pursuit and completion of activities designed to increase the CONTRACTOR's EPSDT screening ratio and the percentage of screens that are completed and include all seven (7) required screening components

Amendment 11 (cont.)

Performance Indicator	Data Sources	Measure	Target	Benchmark
CAHPS Survey Report	Annual Member Satisfaction Survey	A set of standardized surveys that measure patient satisfaction with experience of care	Same as Benchmark	Report of annual CAHPS survey results due by June 15 th . Rating of the Healthplan: CONTRACTOR must meet or exceed Medicaid National average as reported in Quality Compass. 2004 rating was 69.9%.
HEDIS Report	Annual HEDIS measurement as required by NCQA	A set of standardized performance measures designed to allow reliable comparison of the performance of managed health care plans	Same as Benchmark	Report of audited HEDIS data due by June 15 th
Provider Satisfaction Survey Report	Annual Provider Satisfaction Survey	Survey of provider satisfaction with Prior Authorization process	Same as Benchmark	Report due by June 15 th
NCQA Accreditation Report	NCQA	Final Accreditation Report in its entirety from NCQA's initial survey and annual revised accreditation status	Same as Benchmark	Accreditation

25. Section 2-9.2.b.2 shall be deleted and replaced in its entirety so that the amended Section 2-9.2.b.2 shall read as follows:
 2. Sufficient full-time clinical and support staff to conduct daily business in an orderly manner, including such functions as administration, accounting and finance, prior authorizations, medical and disease management, marketing, appeal system resolution, and claims processing and reporting, as determined through management and medical reviews;
26. Section 2-9.2.b.6 shall be amended by deleting the reference to "Americans with Disabilities Act of 1975" and replacing it with the reference "Americans with Disabilities Act of 1990".
27. Section 2-9.2.b.9 shall be deleted and replaced in its entirety so that the amended Section 2-9.2.b.9 shall read as follows:
 9. The CONTRACTOR shall identify in writing key contact persons for Contract Administration, Accounting and Finance, Prior Authorizations, Marketing, Claims Processing, Information Systems, Non-discrimination Compliance, Member Services, Provider Services, Appeal System Resolution, Medical Management, Disease Management, HEDIS, CAHPS, NCQA Accreditation and EPSDT within thirty (30) days of Agreement execution. Any changes in staff persons during the term of this Agreement must be made in writing within ten (10) business days.

28. Section 2-9.2.b. shall be amended by adding a new Section 2-9.2.b.14 which shall read as follows:

2-9.2.b.14. The CONTRACTOR shall appoint specific staff to an internal audit department which shall report directly to the board of directors or other such appropriate level of management. The CONTRACTOR shall submit an annual Audit Plan to TENNCARE. The importance of an internal audit function is to provide an independent review and evaluation of the accuracy of financial recordkeeping, the reliability and integrity of information, the adequacy of internal controls, and compliance with applicable laws, policies, procedures, and regulations. The internal audit function shall be responsible for performing audits to ensure the economical and efficient use of resources by all departments to accomplish the objectives and goals for the operations of the department. Further, the internal audit department(s) shall be responsible for performance of the claims payment accuracy tests as described in Section 2-9 and 2-9.7.1 of this Agreement.

29. Section 2-9.6 shall be deleted and replaced in its entirety so that the amended Sections 2-9.6 shall read as follows:

2-9.6 Quality Monitoring/Quality Improvement (QM/QI) Program

The CONTRACTOR shall have a written Quality Improvement (QI) Program which clearly defines its quality improvement structures and processes and assigns responsibility to appropriate individuals. This Program shall use as a guideline the current NCQA Standards and Guidelines for the Accreditation of MCOs and shall include the MCO's plan for improving patient safety. The CONTRACTOR shall agree to achieve and maintain NCQA Accreditation. NCQA Accreditation must be achieved by December 31, 2006 and maintained thereafter. Additionally, for new MCOs contracting with TENNCARE, the Program shall be approved by TENNCARE prior to the enrollment of any TennCare enrollees. Any changes to the QI program structure shall require prior written approval from TENNCARE. The QI Program Description and associated work plan shall be submitted to TENNCARE annually for approval along with the Annual Evaluation of QI Program. The QI evaluation of the QI Program for the prior year; the revised QI Program Description and associated Work Plan shall be submitted to TENNCARE following approval by the CONTRACTOR's Quality Improvement Committee, no later than April 15th each year.

2-9.6.1 QM/QI Meeting Requirements

The CONTRACTOR shall provide the Chief Medical Officer of TENNCARE with ten (10) days advance notice of all regularly scheduled meetings of the Quality Improvement Committee and Peer Review Committee. The Chief Medical Officer of TENNCARE, or his/her designee, may attend the Quality Improvement Committee and/or Peer Review Committee meetings at his/her option. In addition, written minutes shall be kept of all meetings of the Quality Improvement Committee and Peer Review Committees. A copy of the signed and dated written minutes for each meeting shall be available on-file after the completion of the following committee meeting in which the minutes are approved and shall be available for review upon request and during the annual on-site EQRO review and/or NCQA Accreditation review.

2-9.6.2. Clinical and Service Quality Improvement Activities

The CONTRACTOR shall select three (3) clinical and two (2) service quality improvement activities relevant to the enrollee population or as required to obtain NCQA Accreditation. The following must be documented for each activity:

- Rationale for selection as a quality improvement activity
- Specific population targeted, include sampling methodology if relevant
- Metrics to determine meaningful improvement and baseline measurement
- Specific interventions (enrollee and provider)
- Relevant clinical practice guidelines
- Date of re-measurement

The CONTRACTOR shall electronically submit Quality Improvement Activity Forms as required by NCQA. These forms are available at www.NCQA.org.

Further, the CONTRACTOR shall update and submit quarterly the Quality Improvement Activities Update Grid along with a brief narrative and barrier analysis explaining any delays encountered for any of the planned activities and the plan for completing any delayed scheduled activities.

2-9.6.3. Clinical Practice Guidelines

The CONTRACTOR shall select at least four (4) evidence-based clinical practice guidelines from recognized sources that are relevant to the enrollee population. Guidelines must be distributed to all appropriate providers. The MCO shall measure performance against at least two (2) important aspects of each of the four (4) clinical practice guidelines annually. The guidelines must be reviewed and any revisions distributed to appropriate providers at least every two (2) years or whenever national guidelines change.

2-9.6.4 Performance Indicators

Performance indicator results shall be reported to TENNCARE within the Annual Evaluation of the Quality Improvement Program. Audited HEDIS and CAHPS results, including audit findings, shall be reported to TENNCARE by June 15th of each calendar year.

The CONTRACTOR's QI Work Plan shall identify benchmarks and set achievable performance goals for each selected quality measure. The source of the benchmark should be identified, i.e., Quality Compass. To be considered meaningful, the CONTRACTOR must demonstrate improvement against the baseline measure as indicated:

Baseline Rate	Minimum Effect Size
0-59	At least a 6 percentage point increase
60-74	At least a 5 percentage point increase
75-84	At least a 4 percentage point increase
85-92	At least a 3 percentage point increase
93-96	At least a 2 percentage point increase
97-100	At least a 1 percentage point increase

The CONTRACTOR's failure to demonstrate meaningful improvement toward benchmark levels of performance shall result in the CONTRACTOR being required to implement a corrective action plan as described in Section 2-16.

2-9.6.5 EPSDT

The CONTRACTOR shall demonstrate at least a 10 percentage-point improvement over the average MCO fiscal year 2000 EPSDT adjusted periodic screening percentage (APSP) for SSI children and at least a 10 percentage-point improvement over the average fiscal year 2000 APSP EPSDT screening rate for all other children enrolled in TennCare Select.

To encourage significant improvement in EPSDT screening rates, the CONTRACTOR may recommend a program designed to increase screening rates through the use of financial incentives. TennCare must approve the program design and amount of any payments prior to distribution.

As specified at 2-4.9, the CONTRACTOR shall contract with each Department of Health for the provision of EPSDT services in the community service area(s) in which it is authorized to serve until such time as it obtains an APSP of eighty percent (80%).

2-9.6.6 Medical Records Requirements

The CONTRACTOR shall maintain, when appropriate, and shall require contracted providers to maintain medical records in a manner that is current, detailed and organized, and which permits effective and confidential patient care and quality review. Medical records are to be maintained at the site where medical services are provided for each member enrolled under this Agreement. The CONTRACTOR shall have policies and distribute policies to practice sites that address:

1. Confidentiality of medical records
2. Medical record documentation standards
3. An organized medical record keeping system and standards for the availability of medical records
4. Performance goals to assess the quality of medical record keeping
5. CONTRACTOR medical record keeping policies and practices must be consistent with current NCQA Standards for medical record documentation.

2-9.6.7. Credentialing and Recredentialing

The CONTRACTOR utilizes current NCQA Standards and Guidelines for the Accreditation of MCOs for the credentialing and recredentialing of licensed independent practitioners with whom it contracts or employs and who fall within its scope of authority and action.

2-9.6.8 NCQA Accreditation

NCQA Accreditation must be achieved by December 31, 2006 and maintained thereafter. In order to assure that the CONTRACTOR is making forward progress, TENNCARE shall require the following information and/or benchmarks be met:

EVENT	REQUIRED DEADLINE
CALENDAR YEAR 2005	
Submit preliminary HEDIS data to EQRO as required by the CRA	July 1, 2005
Submit locked DST to NCQA	July 15, 2005
Purchase NCQA ISS Tool for 2006 MCO Accreditation Survey	August 1, 2005
Utilize the NCQA approved Quality Improvement Activity Form to submit baseline data, barrier analysis, and planned interventions for three (3) Clinical and two (2) Service Improvement Studies selected by MCO.	September 15, 2005
NCQA Accreditation Survey Application Submitted and Pre Survey Fee paid	November 15, 2005
Copy of signed contract with NCQA approved vendor to perform 2006 CAHPS Survey to TENNCARE	November 15, 2005
Copy of signed contract with NCQA approved vendor to perform 2006 HEDIS Audit to TENNCARE	November 15, 2005
Submit copy of signed NCQA Survey Contract to TENNCARE	December 15, 2005
Notify TennCare of date for ISS Submission and NCQA Onsite review	December 31, 2005
CALENDAR YEAR 2006	
HEDIS Baseline Assessment Tool completed and submitted to Contracted HEDIS Auditor and TennCare	February 15, 2006
Audited Medicaid HEDIS and CAHPS results submitted to NCQA and TennCare	June 15, 2006
Finalize preparations for NCQA Survey (final payment must be submitted to NCQA 60 days prior to submission of ISS.	July 1 – September 15, 2006
Submit ISS to NCQA	No later than September 18, 2006
NCQA Survey Completed and copy of NCQA Final Report to TennCare:	December 31, 2006

<ul style="list-style-type: none"> • Excellent, Commendable, or Accredited • Provisional – Corrective Action required to achieve status of Excellent, Commendable, or Accredited; resurvey within 12 months. Plan of Corrective Action addressing deficiencies noted by NCQA to TennCare within thirty (30) days of receipt of Final Report from NCQA. Provisional status may result in the assessment of liquidated damages or termination of this Agreement. • Accreditation Denied – Results in termination of this Agreement 	
CALENDAR YEAR 2007	
Complete NCQA Reconsideration Process (if necessary)	January 1, 2007- March 30, 2007
Complete Provisional NCQA Accreditation Resurvey NOTE: Provisional NCQA Accreditation may result in the assessment of liquidated damages or termination of this Agreement	December 31, 2007
Maintain NCQA Accreditation	On-going
Audited Medicaid HEDIS and CAHPS results submitted to NCQA and TennCare	June 15, 2007
Notify TENNCARE of any revision to accreditation status based HEDIS score	Annually immediately upon notification by NCQA
CALENDAR YEAR 2008	
Maintain NCQA Accreditation	On-going
Audited Medicaid HEDIS and CAHPS results submitted to NCQA and TennCare	June 15, 2008
Notify TENNCARE of any revision to accreditation status based HEDIS score	Annually immediately upon notification by NCQA

The CONTRACTOR may obtain additional payments for the successful achievement of NCQA Accreditation as described in Section 5-1.h of this Agreement.

If the CONTRACTOR consistently fails to meet the timelines as described above, the CONTRACTOR shall be considered to be in breach of the terms of this Agreement and may be subject to termination in accordance with Section 6-2.2 of this Agreement. Further, failure to achieve specified benchmarks or reporting requirements, as described in Section 6-8.2.2 shall result in damages as described therein.

Failure to obtain NCQA Accreditation by December 31, 2006 and maintain Accreditation thereafter, shall be considered a breach of this Agreement and shall result in termination of this Agreement in accordance with the terms set forth in Section 6-2.2 of this Agreement. Achievement of Provisional accreditation status shall require a corrective action plan and may result in termination of this Agreement.

30. Section 2-9.7 shall be amended by deleting and replacing 2-9.7.b and d, and adding a new Section 2-9.7.l and renumbering the existing 2-9.7.l as 2-9.7.m so that the new Section 2-9.7.b, d and 2-9.7.l shall read as follows:

- b. Timeliness of Payment. The CONTRACTOR shall have in place, an automated claims processing system capable of accepting and processing claims submitted electronically with the exception of claims that require written documentation to justify payment (e.g., hysterectomy/sterilization consent forms, Certification for Medical Necessity for Abortion, necessary operative reports, etc.). To the extent that the

CONTRACTOR compensates providers on a fee for service or other basis requiring the submission of claims as a condition to payment, the CONTRACTOR shall process, as described herein, the provider's claims for covered benefits provided to enrollees consistent with applicable CONTRACTOR policies and procedures and the terms of this Agreement. The CONTRACTOR shall ensure that ninety percent (90%) of claims for payment for services delivered to a TennCare enrollee (for which no further written information or substantiation is required in order to make payment) are paid within thirty (30) days of the receipt of such claims. The CONTRACTOR shall process, and if appropriate pay, within sixty (60) days ninety-nine point five percent (99.5%) of all provider claims for services delivered to an enrollee in the TennCare program. The terms "processed and paid" are synonymous with terms 'process and pay' of Tennessee Code Annotated § 56-32-226(b)(1)(A) and (B). If a claim is partially or totally denied on the basis the provider did not submit any required information or documentation with the claim, then the remittance advice or other appropriate written notice must specifically identify all such information and documentation. Resubmission of a claim with further information and/or documentation shall constitute a new claim for purposes of establishing the time frame for claims processing. If requested by the provider, the CONTRACTOR shall provide an electronic status report indicating the disposition for every adjudicated claim for each claim type submitted by providers seeking payment as well as payments generated and paid by the MCO. The status report shall contain appropriate explanatory remarks related to payment or denial of the claim.

To the extent that the provider agreement requires compensation of a provider on a monthly fixed fee basis or on any other basis that does not require the submission of a claim as a condition to payment, such payment shall be made to the provider by no later than (i) the time period specified in the contract between the provider and the CONTRACTOR or subcontractor, or if a time period is not specified in the contract (ii) the tenth (10th) day of the calendar month if the payment is to be made by a subcontractor, or (iii) if the CONTRACTOR is required to compensate the provider directly, within five (5) calendar days after receipt of the payment and supporting Remittance Advice information from TENNCARE.

The CONTRACTOR shall contract with independent reviewers for the purposes of said reviewers to review disputed claims as provided by T.C.A., Section 56-32-226.

- d. Standard Forms and Billing Instructions. The CONTRACTOR shall not revise or modify the standardized forms or format itself specified in item b. above. Further, the CONTRACTOR agrees to adopt national EMC standards and standardized instructions and definitions that are consistent with industry norms for the forms identified above when developed by TENNCARE in conjunction with appropriate workgroups. This shall include, but not be limited to, federally required safeguard requirements including signature requirements described in Section 112821.1 of the CMS State Medicaid Manual and 42 CFR 455.18 and 455.19 which requires a statement that the provider certifies that s/he is aware that payment is from Federal and State funds and anyone who misrepresents or falsifies essential Medicaid claims information may be prosecuted under Federal and State laws.
1. Claims Payment Accuracy – Minimum Audit Procedures. The quarterly claims payment accuracy percentage is self-reported and is based on an audit conducted by the internal audit staff. The audit will utilize a random sample of all "processed or paid" claims upon initial submission in each quarter (the terms "processed and paid" are synonymous with terms 'process and pay' of Tennessee Code Annotated § 56-32-226(b)(1)(A) and (B)).

A minimum sample of size of 300 claims randomly selected from the entire population of electronic and paper claims processed or paid upon initial submission for the quarter tested is required. Combining the results of minimum sub-samples of 100 randomly selected from the entire population of claim processed and paid upon initial submission for each month in the quarter is acceptable. The minimum attributes to be tested for each claim selected must include:

- Claim data correctly entered into the claims processing system
- Claim is associated to the correct provider
- Service obtained the proper authorization
- Member eligibility at processing date correctly applied

Amendment 11 (cont.)

- Allowed payment amount agrees with contracted rate
- Duplicate payment of the same claim has not occurred
- Denial reason applied appropriate
- Copayment application considered and applied
- Effect of modifier codes correctly applied
- Processing considered if service subject to benefit limits considered and applied
- Other insurance properly considered and applied

For audit and verification purposes, the population of claims should be maintained. Additionally, the results of testing at a minimum should be documented to include:

- Results for each attribute tested for each claim selected
- Amount of overpayment or underpayment for claims processed or paid in error
- Explanation of the erroneous processing for each claim processed or paid in error
- Determination if the error is the result of keying errors or the result of errors in the configuration or table maintenance of the claims processing system
- Claims processed or paid in error have been corrected

31. Section 2-9.h.6.c shall be deleted and replaced in its entirety and shall read as follows:

c. Provider Profiling. The CONTRACTOR shall profile TennCare Select providers and Best Practice Network Primary Care Providers. A summary of Provider profiling activities will be provided to the TennCare Chief Medical Officer quarterly. The summary will include a listing of providers whose profiling revealed practice patterns greater than or equal to two standard deviations from the norm within the CONTRACTOR's network. The summary should include specific actions taken for identified outliers. Provider profiling will include, but not be limited to, the following:

1. Out-of-Network Utilization. The CONTRACTOR shall maintain a procedure to identify and evaluate enrollee out-of-network utilization by PCP panel (including BPN-PCPs),
2. Specialist Referrals. The CONTRACTOR shall maintain a procedure to identify and evaluate enrollee Specialty provider utilization by PCP panel (including BPN-PCPs)
3. Emergency Room Utilization. The CONTRACTOR shall maintain a procedure to identify and evaluate enrollee emergency room utilization by PCP panel. Individual enrollees who establish a pattern of accessing emergency room services should be referred to case management for follow-up.
4. Inpatient Admissions. The CONTRACTOR shall maintain a procedure to identify and evaluate enrollee utilization of inpatient services by PCP panel.
5. Pharmacy Utilization (Generic versus Brand Name). The CONTRACTOR shall maintain a procedure to incorporate pharmacy utilization (generics versus brand names) into the PCP profile.
6. Advanced Imaging Procedures. The CONTRACTOR shall maintain a procedure to identify and evaluate utilization of advanced imaging procedures by PCP panel. Advanced Imaging Procedures include: PET Scans; CAT Scans and MRIs.

32. Section 2-10.6 shall be deleted in its entirety and replaced by new Sections 2-10.6 which shall read as follows:

2-10.6. Monthly Activity Reporting

The CONTRACTOR shall provide electronic monthly activity reports to TENNCARE that include the following:

1. MEMBER SERVICES CALL REPORTING:

- a. Call Answer Timeliness Rate: The number of calls answered by a live voice within thirty (30) seconds, divided by the number of calls received by the CONTRACTOR's member services call center(s) (during member services open hours of operation) during the month/quarter. Calls where the member called directly into member services or selected a member services option and was put in the call queue. Please include detailed rate calculation.
- b. The average wait time spent in queue for members calling the member services call center(s)
- c. Call Abandonment Rate: The number of calls abandoned by the caller or the system before being answered by a live voice divided by the number of calls received by the CONTRACTOR's member services call center as (during member services open hours of operation) during the month/quarter. Calls where the member called directly into member services or selected a member services option and was put in the call queue.

2. UTILIZATION MANAGEMENT CALL REPORTING:

- a. Provider Call Answer Timeliness: The number of calls answered by a live voice within thirty (30) seconds, divided by the number of calls received by the CONTRACTOR's utilization management call center(s) (during hours of operation) during the month/quarter. Calls where the provider called directly into utilization management or selected a utilization management option and was put in the call queue. Please include detailed rate calculation.
- b. The average wait time spent in queue for providers requesting prior authorization.
- c. Provider Call Abandonment Rate: The number of calls abandoned by the caller or the system before being answered by a live voice divided by the number of calls received by the CONTRACTOR's utilization management call center as (during open hours of operation) during the month/quarter. Calls where the provider called directly into utilization management or selected a utilization management option and was put in the call queue.
- d. Number of provider complaints received, either in writing or by phone during the month/quarter.

The minimum data elements and required format for the monthly reports can be found in Attachment XII, Exhibit I of this Agreement.

33. Section 2-10.7. shall be amended by adding a new 3 so that the new 2-10.7.3 shall read as follows:

2-10.7.3 Community Health Record for TennCare Enrollees (Electronic Medical Record)

The CONTRACTOR shall provide agreed upon services, as described in Section 2-28 of this Contract, to implement a Community Health Record for TennCare enrollees. The electronic health record format and design will comply with HIPAA regulations. Access to information will vary based on the specific user.

34. Sections 2-10.13, shall be deleted and replaced in their entirety so that the amended Sections 2-10.13 shall read as follows:

2-10.13. Quality Improvement Reports

2-10.13.1. Annual Review and Approval of the Quality Improvement Program

The CONTRACTOR must submit to TENNCARE an approved (by the CONTRACTOR's QI Committee) copy of the Annual Evaluation of the QI Program, a revised Quality Improvement Program Description and companion Work Plan, annually by April 15th. This report shall be submitted electronically.

2-10.13.2. Quarterly Quality Improvement Activities Update

The CONTRACTOR shall update and submit quarterly the Quality Improvement Activities Update Grid along with a brief narrative and barrier analysis explaining any delays encountered for any of the planned activities and the plan for completing any delayed scheduled activities. This report shall be submitted electronically.

2-10.13.3. PCP Assignment

The CONTRACTOR shall submit a report to TENNCARE including the total number of enrollees and percentage of total enrollees in each Grand Region that have not been assigned to a primary care provider (PCP) within thirty (30) days of enrollment, on a quarterly basis. This report shall be submitted electronically.

2-10.13.4. Quality Improvement Reporting

Results for quality indicators, including audited CAHPS and HEDIS results are to be submitted to TENNCARE by June 15th annually.

Updates for Disease Management Programs, the three (3) clinical and two (2) service quality improvement activities shall be submitted to the State as part of the quarterly quality update. A brief narrative for each of these activities, delineating specific activities which occurred during the reporting period, should be included. This report shall be submitted electronically.

2-10.13.5. EPSDT Reporting

The CONTRACTOR shall submit a completed quarterly EPSDT Report utilizing the form provided within ATTACHMENT II, Exhibit H.3. This report shall be submitted electronically.

2-10.13.6. NCQA Accreditation Status Update

The CONTRACTOR shall submit its NCQA Accreditation Report immediately upon receipt, not to exceed ten (10) calendar days from notification by NCQA.

35. Section 2-10 shall be amended by adding a new Section 2-10.17 which shall read as follows:

2-10.17 Subcontracted Claims Processing Report

Where the CONTRACTOR has subcontracted claims processing for TennCare claims, the CONTRACTOR shall provide to the TennCare Bureau a Type II examination based on the Statement on Auditing Standards (SAS) No. 70, Service Organizations for each non-affiliated organization processing claims that represent

more than 20% of TennCare medical expenses of the CONTRACTOR. This report shall be performed by an independent auditor ("service auditor") and shall be due annually as a Contract Deliverable on May 1 for the preceding year operations or portion thereof. In a Type II report, the service auditor will express an opinion on (1) whether the service organization's description of its controls presents fairly, in all material respects, the relevant aspects of the service organization's controls that had been placed in operation as of a specific date, and (2) whether the controls were suitably designed to achieve specified control objectives, and (3) whether the controls that were tested were operating with sufficient effectiveness to provide reasonable, but not absolute, assurance that the control objectives were achieved during the period specified. The audit of control activities over information and technology related processes related to TennCare claims processing by the subcontractor should include the following:

1. General Controls

- Personnel Policies
- Segregation of Duties
- Physical Access Controls
- Hardware and System Software
- Applications System Development and Modifications
- Computer Operations
- Data Access Controls
- Contingency and Business Recovery Planning

2. Application Controls

- Input
- Processing
- Output
- Documentation Controls

36. Section 2-17.a.3 shall be amended by deleting the word "industry" and replacing it with the word "NCQA" so that the amended Section 2-17.a.3 shall read as follows:

3. The CONTRACTOR shall monitor the subcontractor's performance on an ongoing basis and subject it to formal review, on at least an annual basis, consistent with NCQA standards or State MCO laws and regulations.

37. Section 2-17.d shall be deleted and replaced in its entirety so that the amended Section 2-17.d shall read as follows:

- d. Quality of Care. If the subcontract is for the purpose of securing the provision of enrollee benefits, the subcontract must specify that the subcontractor adhere to the Quality requirements the CONTRACTOR is held to.

38. Section 2-17.h shall be amended by adding additional text to the end of the existing text so that the amended Section 2-17.h shall read as follows:

- h. Claims Processing. All claims for services furnished to a TennCare enrollee filed with a CONTRACTOR must be processed by either the CONTRACTOR or by one (1) subcontractor retained by the organization for the purpose of processing claims. However, another entity can process claims related to pharmacy (effective July 1, 2003 TENNCARE shall contract directly with a PBM for the provision of pharmacy services as described in Section 2-3.1, vision, lab or transportation if that entity has been retained by the CONTRACTOR to arrange and provide for the delivery of said services.

Where the CONTRACTOR has subcontracted claims processing for TennCare claims, the CONTRACTOR shall provide to the TennCare Bureau a Type II examination based on the Statement on Auditing Standards (SAS) No. 70, Service Organizations for each non-affiliated organization processing claims that represent more than 20% of TennCare medical expenses of the CONTRACTOR. This report shall be provided in accordance with Section 2-10.s of this Agreement.

Amendment 11 (cont.)

39. Section 2-18.f. shall be deleted in its entirety and replaced by a new Section 2-18.f which shall read as follows:
- 2-18. f. Specify that the provider may not refuse to provide covered medically necessary or covered preventive services to a child under the age of twenty-one (21) or a TennCare Medicaid patient under this Agreement for non-medical reasons. The CONTRACTOR may require that a TennCare Standard adult pay applicable TennCare cost share responsibilities prior to receiving non-emergency services. However, the provider shall not be required to accept or continue treatment of a patient with whom the provider feels he/she cannot establish and/or maintain a professional relationship;
40. Section 2-18.1 shall be amended by adding references to HEDIS, NCQA, EQRO, and EPSDT so that the amended Section 2-18.1 shall read as follows:
- 2-18. 1. Require that any and all records be maintained for a period not less than five (5) years from the close of the agreement and retained further if the records are under review or audit until the review or audit is complete. Said records shall be made available and furnished immediately upon request for fiscal audit, medical audit, medical review, utilization review, HEDIS, NCQA, EQRO, EPSDT, and other periodic monitoring upon request of authorized representative of the CONTRACTOR or TENNCARE and authorized federal, state and Comptroller personnel;
41. Section 2-18.ii shall be deleted and replaced in its entirety so that the amended Section 2-18.ii shall read as follows:
- 2-18. ii. Specify provider actions to improve patient safety and quality;
42. Section 2-24 shall be amended by deleting the reference to "Americans with Disabilities Act of 1975" and replacing it with the reference "Americans with Disabilities Act of 1990".
43. Section 2-24.a. shall be amended by deleting and replacing the words "Title VI" with the words "non-discrimination".
44. Section 2-25 shall be deleted and replaced in its entirety so that the amended Section 2-25 shall read as follows:
- 2-25 *Processing and Payment of Supplemental Payments***

Subject to the availability of State and Federal funding, the CONTRACTOR agrees to make supplemental pool payments to Meharry Medical Services Foundation or Meharry Dental Clinic. These payments represent unreimbursed TennCare costs of the Meharry Medical College clinics as determined by a review of an independent CPA and in accordance with the methodology approved by the Centers for Medicare and Medicaid Services. Clinical services are performed by Meharry Medical College faculty physicians through the Meharry Dental Clinic and the Meharry Medical Services Foundation. The payment by the CONTRACTOR to the clinic(s) will be made within 10 calendar days of the receipt of such payment by the CONTRACTOR from TENNCARE. The CONTRACTOR may deposit these funds in the account of its choice and may retain all interest earned as compensation for providing this service. The CONTRACTOR agrees to include any correspondence requested by TENNCARE to be included with the payment and provide a written confirmation of any disbursements including the date the check was mailed and the date redeemed.

- a. Payments to the Meharry Medical Services Foundation and/or the Meharry Dental Clinic under this amendment shall not exceed \$5,391,252.00 for State fiscal year 2003. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the supplemental payment to Meharry Medical Services Foundation and/or the Meharry Dental Clinic shall not exceed \$5,501,276.28 for State fiscal year 2003.
- b. Payments to the Meharry Medical Services Foundation and/or the Meharry Dental Clinic under this amendment shall not exceed \$5,391,252.00 for State fiscal year 2004. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in

Amendment 11 (cont.)

accordance with state law. The total obligation to the CONTRACTOR under this amendment including the supplemental payment to Meharry Medical Services Foundation and/or the Meharry Dental Clinic shall not exceed \$5,501,277.60 for State fiscal year 2004. At such time that Federal Regulations allow, TENNCARE may discontinue making supplemental pool payments through the CONTRACTOR during State fiscal year 2004.

- c. Payments to the Meharry Medical Services Foundation and/or the Meharry Dental Clinic under this amendment shall not exceed \$10,000,000 for State fiscal year 2005. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the supplemental payment to Meharry Medical Services Foundation and/or the Meharry Dental Clinic shall not exceed \$10,204,080 for State fiscal year 2005. At such time that Federal Regulations allow, TENNCARE may discontinue making supplemental pool payments through the CONTRACTOR during State fiscal year 2005.
- d. Payments to the Meharry Medical Services Foundation and/or the Meharry Dental Clinic under this amendment shall not exceed \$10,000,000 for State fiscal year 2006. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the supplemental payment to Meharry Medical Services Foundation and/or the Meharry Dental Clinic shall not exceed \$10,204,080 for State fiscal year 2006. At such time that Federal Regulations allow, TENNCARE may discontinue making supplemental pool payments through the CONTRACTOR during State fiscal year 2006.

45. Section 2-26 shall be deleted and replaced in its entirety so that the amended Section 2-26 shall read as follows:

2-26 Processing and Payment of Critical Access Hospital Payments

Subject to the availability of State and Federal funding, the CONTRACTOR agrees to make payments to certain hospitals designated as critical access hospitals based on a schedule to be provided by TennCare. These payments are being made in accordance with the methodology approved by the Centers for Medicare and Medicaid Services, which appears as Amendment 2 to the State's Operational Protocol. The payment by the CONTRACTOR to the hospital(s) will be made within 10 calendar days of the receipt of such payment by the CONTRACTOR from TENNCARE. The CONTRACTOR may deposit these funds in the account of its choice and may retain all interest earned as compensation for providing this service. The CONTRACTOR agrees to include any correspondence requested by TENNCARE to be included with the payment and provide a written confirmation of any disbursements including the date the check was mailed and the date redeemed.

- a. Payments to the critical access hospitals under this amendment shall not exceed \$4,708,300 for State fiscal year 2003. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the payments to the hospitals shall not exceed \$4,804,388 for State fiscal year 2003.
- b. Payments to the critical access hospitals under this amendment shall not exceed \$4,708,300 for State fiscal year 2004. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the payments to the hospitals shall not exceed \$4,804,388 for State fiscal year 2004. At such time that Federal Regulations allow, TENNCARE may discontinue making supplemental pool payments through the CONTRACTOR during State fiscal year 2004.
- c. Payments to the critical access hospitals under this amendment shall not exceed \$4,708,300 for State fiscal year 2005. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the payments to the hospitals shall not exceed

\$4,804,388 for State fiscal year 2005. At such time that Federal Regulations allow, TENNCARE may discontinue making supplemental pool payments through the CONTRACTOR during State fiscal year 2005.

- d. Payments to the critical access hospitals under this amendment shall not exceed \$4,708,300 for State fiscal year 2006. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the payments to the hospitals shall not exceed \$4,804,388 for State fiscal year 2006. At such time that Federal Regulations allow, TENNCARE may discontinue making supplemental pool payments through the CONTRACTOR during State fiscal year 2006.

46. Section 2 shall be amended by adding a new Section 2-27 which shall read as follows:

2-27 Processing and Payment of Essential Hospital Payments

Subject to the availability of State and Federal funding, the CONTRACTOR agrees to make essential provider payments to certain hospitals pursuant to a schedule set forth by TENNCARE, within 14 calendar days of receipt of the required funds from the State. Payments shall be made in accordance with the methodology and payment list provided by TENNCARE from a fund established by TENNCARE and transferred to the CONTRACTOR for this purpose. The CONTRACTOR may deposit these funds in the account of its choice and may retain all interest earned as compensation for providing this service. The CONTRACTOR agrees to include any correspondence requested by TENNCARE to be included with the payment and to provide a complete accounting on an individual provider basis of all disbursements made including the date check is mailed or the transaction is made, the amount, payee, address, and date cashed. Checks and/or funds transfers issued shall be only for the amount included in the payment list provided by TENNCARE. The Contractor agrees to take all reasonable steps to cancel all outstanding checks, ninety days after issuance and any funds remaining will be returned to TENNCARE with an accounting of those not cashed. In the event that a bank subsequently processes and honors a canceled check, TENNCARE will honor the payment made by the Contractor subject to the specific amount limits in the payment list provided by TENNCARE.

- a. Upon notice by TENNCARE, the Contractor will pay each provider the Quarterly Payment Due presented in the schedule provided by TENNCARE each quarter (period covering July 1, 2005 through June 30, 2006) of the State's fiscal year. The amount of quarterly payments may vary. The actual payment amount for each quarter will be provided by TENNCARE and will be based on the disbursement methodology recommended by TENNCARE's actuaries. Disbursements to providers by the CONTRACTOR, under this amendment, shall not exceed \$100,000,000, as presented in the schedule provided by TENNCARE. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. Payments to the CONTRACTOR, under this amendment, will not exceed \$102,040,816.

47. Section 2 shall be amended by adding a new Section 2-28 which shall read as follows:

2-28 Community Health Record

- a. Contractor Responsibility for Community Health Record. Effective July 1, 2005, VSHP shall receive all data to be contained in the CHR. VSHP will provide a health maintenance module within the CHR which captures individual progress toward receiving targeted preventive health interventions for their cohort (i.e. EPSDT requirements for children and youth). The module helps clinicians recognize opportunities for educational and preventative healthcare services for their patients at the point of care. VSHP will link all of this data based on an Enterprise Master Person Index (EMPI). The EMPI provides a central repository for person-centric data from a variety of contributing systems. EMPI facilitates the integrity of a single person record. The mission of the EMPI is to provide the functionality for the end-user to find the right person and the right information at the right time. Additionally, the EMPI provides a solution to identify and eliminate as many duplicate records as possible.

Amendment 11 (cont.)

- b. Community Health Record Deliverables. Effective July 1, 2005, version 1.0 of the CHR shall be available to TENNCARE for VSHP contracted providers and all enrollees assigned to BlueCare/TennCare Select. The CHR shall include the following enrollee information:
- Patient Demographics
 - Primary Care Physicians (PCPs) identified
 - Claimed visit information from claims detail
 - Medication information from claims detail
 - State immunization information
 - Lab data information from claims detail
 - Interactivity by the provider through EPSDT (TenderCare) documentation to include 16 age specific forms complying with current periodicity

c. Community Health Record Electronic Prescribing Function

Beginning no later than October 31, 2005, as a component of the Community Health Record function of TennCare Select, the Contractor shall begin making available to VSHP contracted providers the following electronic prescribing functionality to allow for prescribing medications:

- Eligibility
- Formulary information
- Drug to drug compatibility
- Drug to allergy checking
- Dose range checking based on predetermined characteristics including age, height, weight and additional attributes
- Member and provider education as regards co-pays and total costs differentials for brand names versus generic utilization
- Appropriate therapeutic substitution
- Step care progression relevant to clinical process

Effective January 1, 2006, VSHP shall make available version 1.0 of the Community Health Connection to all TennCare providers for the entire TennCare population, not to exceed 1.3 million members. Prior to January 1, 2006, VSHP shall commence comprehensive communication, marketing and outreach programs to providers to maximize the number of providers who utilize the Share Health System. VSHP shall target a 10% provider adoption rate by TennCare providers no later than the end of 1st Quarter 2006; 16% in Year 2 and 25% in Year 3.

d. Cooperation with Regional Health Information Organizations

Consistent with the state's objectives to further electronic community health record efforts more broadly, VSHP and its sub-contractors shall, in keeping with the obligations and goals of this agreement, cooperate with contracted Regional Health Information Organizations as directed by TennCare.

e. Use of Community Health Record Information

The CONTRACTOR agrees that all information, including but not limited to, studies, draft manuscripts, etc., to be used for any other purpose than to fulfill the obligations of this Contract shall be submitted to TENNCARE for review and written, expressed approval prior to its release and/or use.

48. The first paragraph of Section 4 shall be amended by adding a new sentence to the end of the existing text which shall read as follows:

For purposes of this Agreement, TENNCARE may define enrollees in specified categories for purposes of payments to the CONTRACTOR and/or enrollee eligibility for specified levels of services and benefits as well as cost share responsibilities.

Amendment 11 (cont.)

49. Section 5-1 shall be amended by adding new subparts h and i which shall read as follows:

h. Additional Payment for Specified Achievement Level of NCQA Accreditation

In addition to the fixed administrative fee specified in Section 5-1, the CONTRACTOR may obtain additional payments for the successful achievement of NCQA Accreditation.

PERFORMANCE MEASURE	MEASUREMENT	POTENTIAL PAY-OUT	PAY-OUT FORMULA	DATA SOURCE
NCQA Accreditation Status	NCQA Accreditation Status Achieved: 1. Excellent 2. Commendable 3. Accredited 4. Provisional 5. Denied	Initial Accreditation Fees that qualify as reimbursable: Application and Pre-Survey Fee, Base Survey Fee, and the additional Per Member Fee NOTE: Proof of payment to NCQA will be required for reimbursement	Reimbursed at the following rates: 1. Excellent – 100% 2. Commendable – 80% 3. Accredited – 60% 4. Provisional – 40% 5. Denied – 0 NOTE: Fees associated with resurveys within three years of the initial accreditation status determination will not be reimbursed.	NCQA Final Accreditation Status Report

Payout for reimbursable expenses shall occur within thirty (30) days of receipt by TENNCARE of proof of the CONTRACTOR's NCQA paid invoice.

i.

Effective July 1, 2005 through June 30, 2006, VSHP shall provide all services required to maintain the CHR, EPSDT documentation and reporting analytics as related to said CHR as defined above, at no additional charge to the TennCare Bureau. Subject to written notice being received by VSHP of the State's desire not to continue VSHP's obligations pursuant to providing all necessary services to maintain the CHR within sixty (60) days prior to June 30, 2006, effective July 1, 2006 through June 30, 2007, VSHP shall be reimbursed an administration fee of \$1.20 PMPM for maintaining and providing the CHR.

50. Section 5-3.a shall be amended by adding a new paragraph to the end of the existing text so that the amended Section 5-3.a shall read as follows:

a. Medical Services Payments. The CONTRACTOR shall prepare checks for payment on a periodic basis. The CONTRACTOR shall notify the State of the amount to be paid in a mutually acceptable form and substance at least 48 hours in advance of distribution of provider checks. The amount to be paid shall be reduced by the amount of third party recoveries captured in the claims processing system. The State shall release funds in the amount to be paid to providers to the CONTRACTOR. Funds shall be released within 48 hours of receipt of notice.

For each request related to payments to providers through the CONTRACTOR's claims processing system, the CONTRACTOR shall provide a claims data extract in a format and media described by TENNCARE to support the payments released to providers. The CONTRACTOR should provide a reconciliation for the total paid amounts between the funds released for payment to providers, the supporting claims data extract, and the encounter data submissions for the relevant adjudication cycle. The reconciliation should be submitted with the claims data extract.

51. Section 6-7 shall be deleted and replaced in its entirety so that the amended Section 6-7 shall read as follows:

6-7 Conflict of Interest

The CONTRACTOR warrants that during the term of this Agreement no payments shall be paid to the following:

- (1) any State or federal officer, including but not limited to
 - a. a member of the State Legislature, or
 - b. a member of Congress, or
 - c. any immediate family member of any State or federal officer; or
- (2) any State or federal employee or any immediate family member of a State or federal employee unless otherwise authorized by the Commissioner, Tennessee Department of Finance and Administration. Immediate family members may be exempted if State or federal officer or employee discloses such relationship to TENNCARE and the TennCare Oversight Committee. The applicability of this section includes, but is not limited to, any and all arrangements and/or agreements, written or verbal, that result in the CONTRACTOR making a payment or providing a gift in exchange for services or supplies.

The CONTRACTOR must certify annually by filing a TennCare Disclosure of Lobbying Activities Form (Attachment II) with TENNCARE and the TennCare Oversight Committee that the CONTRACTOR is in compliance with all state and federal laws relating to conflicts of interest and lobbying, having made diligent inquiry of all subcontractors and/or persons receiving payment or gifts from CONTRACTOR pursuant to this Agreement. This form must be signed by the Chief Executive Officer of the CONTRACTOR or his/her designee and must be received by TENNCARE and the TennCare Oversight Committee no later than December 31 of each year beginning with December 31, 2005. The certification must include any and all subcontractors, vendors, agents, providers, representatives and others with verbal or written agreements with the CONTRACTOR which receive reimbursement through this Agreement from the CONTRACTOR. The Chief Executive Officer acknowledges that he/she is responsible for ensuring that internal controls are in place to prevent and detect potential conflicts of interest and that due diligence was performed before providing certification of compliance. Any changes by the CONTRACTOR relating to the disclosure of conflicts of interest or lobbying must be disclosed to TENNCARE within five (5) business days of the date of the change. (See Section 4-12 for definitions of lobbying activities)

This Agreement may be terminated by TENNCARE if it is determined that the CONTRACTOR, its agents or employees offered or gave gratuities of any kind to any official, employee or immediate family member of an employee of the State of Tennessee, including a member of the State legislature. This Agreement may be terminated by TENNCARE if it is determined that gratuities of any kind were offered to or received by any of the aforementioned officials or employees from the CONTRACTOR, his agent, or employees.

Failure to comply with the provisions required herein shall result in liquidated damages in the amount of one-hundred ten percent (110%) of the total amount of compensation that was paid inappropriately and may be considered a breach of this Agreement as described in Section 4-2. and subject to termination of this Agreement.

The CONTRACTOR shall be responsible for maintaining adequate internal controls to detect and prevent conflicts of interest from occurring at all levels of the organization and include the substance of this clause in all agreements, subcontracts, provider agreements, and any and all agreements that result from this Agreement between CONTRACTOR and TENNCARE.

52. Section 6-8.2.2 shall be amended by adding new liquidated damages which shall read as follows:

B.4	Deadlines for Achieving NCQA Accreditation	Termination of the Agreement for Breach as described in Section 6-2 for consistent failure to meet the deadlines described in Section 2-9.6.8 of this Agreement.
------------	--	--

B.5	Failure to submit Audited HEDIS and CAHPS Reports Annually by June 15 th as described in Section 2-9. 6.8 and 2-10.13.4	\$250 per day for every calendar day reports are late.
B.6	Failure to submit NCQA Accreditation Report as described in Sections 2-9.6.8 and 2-10.13.6	\$500 per day for every calendar day beyond the 10 th calendar day Accreditation Status is not reported.
B.7	Failure to comply with Conflict of Interest, Lobbying, and Gratuities requirements described in Section 6-7, 6-11 or 6-12.	110% of the total amount of compensation paid by the CONTRACTOR to inappropriate individuals as described in Section 6-7, 6-11 or 6-12 and possible termination of the Agreement as described in 6-7, 6-11 or 6-12.
B.8	Failure to submit TennCare Disclosure of Lobbying Activities Form by CONTRACTOR	\$1000.00 per day that form late
B.9	Failure to comply with Offer of Gratuities constraints described in Section 6-11	110 % of the total benefit provided by the CONTRACTOR to inappropriate individuals and possible termination of the Agreement for Breach as described in 6-2 of this Agreement.

53. Sections 6-11 and 6-12 shall be deleted in their entirety and replaced by new Sections 6-11 and 6-12 which shall read as follows:

6-11. Offer of Gratuities

By signing this Agreement, the CONTRACTOR signifies that no member of or a delegate of Congress, nor any elected or appointed official or employee of the State of Tennessee, the General Accounting Office, Department of Health and Human Services, CMS, or any other federal agency has or will benefit financially or materially from this procurement. This Agreement may be terminated by TENNCARE if it is determined that gratuities of any kind were offered to or received by any of the aforementioned officials or employees from the CONTRACTOR, his agent, or employees and may result in termination of the Agreement and/or liquidated damages as provided in Section 4-8.b.2 (B.8) of this Agreement.

6-12. Lobbying

A. Definitions

- (1) Lobbying means to communicate, directly or indirectly, with any official in the legislative or executive branch, for pay or for any consideration, for the purpose of influencing any legislative action or administrative action. (T.C.A. § 3-6-102(13))
- (2) Public Official means any elected official, appointed official, or employee of:
 - (a) A federal, State or local unit of government in the U.S.
 - (b) A government corporation. (2 U.S.C.A. § 1602(15)(A) and (B))
- (3) Official in the Executive Branch means the governor, any member or the governor's staff, any member or employee of a state regulatory commission, including, without limitation, directors of

Amendment 11 (cont.)

the Tennessee regulatory authority, or any member or employee of any executive department or agency or other state body in the executive branch. (T.C.A. § 3-6-102(16))

- (4) Official in the Legislative Branch means any member, member-elect, any staff person or employee of the General Assembly or any member of a commission established by and responsible to the General Assembly or either house thereof who takes legislative action. This includes the Secretary or State, Treasurer, and Comptroller of the Treasury and any employee of such offices. (T.C.A. § 3-6-102(17))

B. The CONTRACTOR further certifies by signing this Agreement, to the best of its knowledge and belief, that Federal funds have not been used for lobbying in accordance with 45 CFR 93.100 and 31 U.S.C.A. 1352. Regardless of funding source, lobbyist compensation cannot be directly or indirectly contingent on 1) the passage or defeat of a bill related to TennCare or sister health departments, 2) the number of covered TENNCARE enrollees, 3) or the amount of TENNCARE reimbursement to a vendor. Certification from the CONTRACTOR must include the following:

- (1) No appropriated funds may be expended by the recipient of this Agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, an elected or appointed official or employee of the State of Tennessee, the General Accounting Office, Department of Health and Human Services, CMS or any other federal agency in connection with this Agreement or subcontractors, vendors, agents, providers, representatives and others with verbal or written agreements with the CONTRACTOR which receive reimbursement through this Agreement from the CONTRACTOR.
- (2) The CONTRACTOR must certify annually by filing a TennCare Disclosure of Lobbying Activities Form (Attachment II) with TENNCARE and the TennCare Oversight Committee that the CONTRACTOR is in compliance with all state and federal laws relating to conflicts of interest and lobbying. This form must be signed by the Chief Executive Officer of the CONTRACTOR or his/her designee and must be received by TENNCARE and the TennCare Oversight Committee no later than December 31 of each year beginning with December 31, 2005. The certification must include any and all subcontractors, vendors, agents, providers, representatives and others with verbal or written agreements with the CONTRACTOR which receive reimbursement through this Agreement from the CONTRACTOR. The certification must also include signed copies of any contracts or agreements as well as a list of individual entities who have been lobbied or influenced.

Failure by the Contractor to comply with the provisions herein shall result in termination of the Contract and/or liquidated damages as provided in 4-8.b.2 (B.8, B.9, and B.10) of this Agreement.

54. Section 7-3 shall be amended by adding a new item l and renumbering the existing l as m so that the new item l shall read as follows:

- l. Effective October 1, 2005, the TennCare Bureau shall commence providing all information defined as required in the CHR for all TennCare enrollees not assigned to VSHP; and

55. Item H of Part I of Attachment I shall be amended by adding additional text to the end of the existing text so that Item H shall read as follows:

- H. Quality Monitoring/Quality Improvement Process including but not limited to:
- Annual QIPD and UMPD plus associated work plans
 - Annual evaluation
 - QIAs
- TENNCARE has thirty (30) calendar days to respond

Amendment 11 (cont.)

▪ Disease Management Programs

56. Item F, O, Z, AA, BB, and CC of Part II of Attachment I shall be deleted and replaced in their entirety so that the amended Items F, O, Z, AA, BB, and CC shall read as follows:

F	Clinical and Service Quality Improvement Activity Forms in accordance with Section 2-9.6.2	Annually, by April 15 th of each calendar year to the Office of TENNCARE
O	Monthly Activity Reporting in accordance with Section 2-10.f	Quarterly by the thirtieth (30 th) of the following month to Office of Contract Development and Compliance
Z	Quality Improvement Reports, Annual Review of the Quality Improvement Program Description, Utilization Management Program Description, associated Work Plans and Annual Evaluation of QI and UM Programs in accordance with 2-9.6 and 2-10.13.1.	Annually, by April fifteenth (15 th) to TENNCARE
AA	QIA Update Grid in accordance with 2-9.6.2 and 2-10.13.2	Within thirty (30) calendar days of the end of the quarter to TENNCARE
BB	QI Reports – PCP Assignment Reporting in accordance with 2-10.13.3	Within thirty (30) calendar days of the end of the quarter to TENNCARE
CC	All required QM/QI reports in accordance with 2-9 and 2-10	As specified, to TENNCARE

57. Part II of Attachment I shall be amended by adding new Items DD through HH and renumbering the existing items DD through HH accordingly so that the new Items DD through HH shall read as follows:

DD	Audited HEDIS and CAHPS results, including audit report/findings.	Annually by June 15 th to TENNCARE
EE	NCQA accreditation survey report	Immediately upon receipt, no later than ten (10) calendar days of notification from NCQA, to TENNCARE
FF	NCQA's annual reevaluation of accreditation status based on HEDIS score	Immediately upon receipt, no later than ten (10) calendar days of notification from NCQA to TENNCARE
GG	Notification of resurvey by NCQA	Immediately upon receipt, no later than ten (10) calendar days of notification from NCQA to TENNCARE
HH	EPSDT Report	Quarterly to TENNCARE by the end of the month following the end of each quarter

58. Attachment II shall be deleted and replaced in its entirety and the replacement shall be attached to this Amendment.

59. Attachments V, VI and VII shall be amended by adding the Spanish versions of the Sterilization, Abortion and Hysterectomy Consent Forms in their respective places and shall be attached to this Amendment.

Amendment 11 (cont.)

- 60. Attachment VIII shall be deleted and replaced in its entirety and the new Attachment VIII shall be attached to the end of this Amendment.
- 61. Attachment XI shall be deleted and replaced in its entirety and shall read as follows:

1. Out-of-Pocket Expenditures

The TENNCARE deductible for children, individuals and families shall be \$0.00. The annual TENNCARE maximum out-of-pocket expenditures described below shall apply for both uninsured and uninsurable designations. Effective August 1, 2005 (unless otherwise directed by TENNCARE), there shall be no out-of-pocket maximum amounts.

Poverty Level	Individual Maximum Annual Out-of-Pocket	Family Maximum Annual Out-of-Pocket
0%-100%	\$0.00	\$0.00
101% - 199%	\$1,000.00	\$2,000.00
200% and above	\$2,000.00	\$4,000.00

2. Copayments prior to January 1, 2003:

The following TENNCARE copayment schedule shall apply for both Uninsured and Uninsurable designations, based on the poverty level specified in TENNCARE rule 1200-13-12-.05(1)(c):

Poverty Level	Copayment Amounts
0%-100%	\$0.00
101% - 199%	\$25.00, Hospital Emergency Room (waived if admitted) \$5.00, Primary Care Provider and Community Mental Health Agency Services Other Than Preventive Care \$15.00, Physician Specialists \$5.00, Prescription or Refill \$100.00, Inpatient Hospital Admission
200% and above	\$50.00, Hospital Emergency Room (waived if admitted) \$10.00, Primary Care Provider and Community Mental Health Agency Services Other Than Preventive Care \$25.00, Physician Specialists \$10.00, Prescription or Refill \$200.00, Inpatient Hospital Admission

3. Copayment schedules effective January 1, 2003 shall be as follows:

Poverty Level	Copayment Amounts
0%-99%	\$0.00
100% - 199%	\$25.00, Hospital Emergency Room (waived if admitted) \$5.00, Primary Care Provider and Community Mental Health Agency Services Other Than Preventive Care

	\$15.00, Physician Specialists (including Psychiatrists) \$5.00, Prescription or Refill \$100.00, Inpatient Hospital Admission
200% and above	\$50.00, Hospital Emergency Room (waived if admitted) \$10.00, Primary Care Provider and Community Mental Health Agency Services Other Than Preventive Care \$25.00, Physician Specialists (including Psychiatrists) \$10.00, Prescription or Refill \$200.00, Inpatient Hospital Admission

4. **Pharmacy Copayment schedules effective August 1, 2005 (unless otherwise directed by TENNCARE) shall be as follows:**

Pharmacy Copays shall apply to all TennCare Standard enrollees as well as non-institutionalized Medicaid adults who are eligible to receive pharmacy services in the TennCare program. For dates of service on or after July 1, 2005, these pharmacy copayment amounts shall replace the pharmacy copay amounts specified in Item 3 above. All other copay amounts specified in Item 3 shall remain in effect for TennCare Standard enrollees.

Generic	\$0
Brand Name	\$3

Pharmacy Copayments do not apply to family planning services, pregnant women, enrollees in long term care institutions (including HCBS) or receiving Hospice care.

The CONTRACTOR is specifically prohibited from waiving or discouraging TENNCARE enrollees from paying the amounts described in this provision.

Changes in cost share responsibilities that are due to take effect August 1, 2005 may be postponed as a result of Waiver and/or Court negotiations. Changes should be implemented August 1, 2005 unless otherwise directed by TENNCARE.

- 62. Attachment XII, Exhibit C shall new 10 and 11 and renumbering the existing 10 through 22 accordingly
 - 10. Initial Credentialing Indicator and Date
 - 11. Recredentialing Indicator and Date
- 63. Attachment XII, Exhibit H shall be deleted and replaced in its entirety and shall be attached to the end of this Amendment.
- 64. Attachment XII, Exhibit I shall be deleted and replaced in its entirety and shall be attached to the end of this Amendment.
- 65. The term "TennCare Medical Director" shall be deleted and replaced by the term "TennCare Chief Medical Officer" throughout this Agreement.
- 66. The specified TennCare Rules and Regulation citations mentioned throughout the Agreement shall be automatically updated at such time that TennCare Rules and Regulations are appropriately promulgated and said references change.

ATTACHMENT II - DISCLOSURE OF LOBBYING ACTIVITIES

**INSTRUCTIONS FOR COMPLETION OF LOBBYING
DISCLOSURE FORM FOR THE BUREAU OF TENNCARE**

This disclosure form shall be filed with TennCare and the TennCare Oversight Committee annually by the reporting entity no later than December 31 of each year, beginning on December 31, 2005; however an ongoing duty exists to amend and update all filings. All TennCare-related lobbying relationships and/or contracts should be disclosed on a separate form. Disclosure is required if any portion of funds received under a contract, grant or other relationship with TennCare was paid to a lobbyist or lobbying entity as defined by Tenn. Code Ann. 3-6-102 and as further defined in Section 4-12 of the CRA. For those Contractors reliant on TennCare for greater than two-thirds of their total revenue in the previous fiscal year, all lobbying contracts will be presumed to be TennCare-related. This form has been designed consistent with federal regulations, 31 U.S.C. 1352 and 42 CFR 93.100. Refer to the implementing guidance provided by the Federal Office of Management and Budget for additional information.

1. Identify the type of lobbying relationship being disclosed (*e.g. ongoing, one-time*). Use a separate form for each lobbyist contract or relationship.
2. Identify the purpose of the lobbying relationship as quoted in the contractual agreement.
3. Identify the appropriate classification of this disclosure. Any material change to information previously reported should be disclosed in an amended form within five (5) business days.
4. Enter the full name, address, city, state and zip code of the reporting entity.
5. Enter the total reimbursement paid to lobbyist in the previous fiscal year.
6. Enter the full name, job title, address, city, state and zip code of the lobbying registrant engaged by the reporting entity identified in item 4.
7. Enter the full name(s) of the individual(s) performing services and include full address if different from item 6. Enter last name, first name, middle initial (MI), and job title.
8. Enter the full name(s), job title(s) of individuals lobbied, the subject matter of the lobbying activity(ies) and the total value of all gifts/remuneration received. (See Tenn.Code Ann. 3-6-102 and Section 4-12 of the CRA for a definition of relevant lobbying activities)
9. The certifying contractor or vendor Chief Executive Officer shall sign and date the affirmation, print his/her name, title, and telephone number.

ATTACHMENT II

<p>LOBBYING DISCLOSURE</p> <p>Complete this form to disclose TennCare-related* lobbying relationships entered into or existing in the previous fiscal year. Each lobbying relationship/contract requires a separate form.</p>		 <p>State of Tennessee Bureau of TennCare</p>

** Attach additional sheets if necessary. Include the name of the Reporting Entity and date on each additional sheet.

Número de Medicaid del receptor

INSTRUCCIONES COMPLETE Y ADJUNTE AL FORMULARIO DE RECLAMACIÓN CUANDO ENVÍE EL RECLAMO PARA SU PAGO.

AVISO: SU DECISIÓN, EN CUALQUIER MOMENTO, DE NO SER ESTERILIZADO, NO TENDRÁ COMO CONSECUENCIA EL QUE SE LE RETIRE O SE LE NIEGUE NINGUNO DE LOS BENEFICIOS PROPORCIONADOS POR CUALQUIER PROGRAMA O PROYECTO QUE RECIBA FONDOS FEDERALES

CONSENTIMIENTO PARA ESTERILIZACIÓN

He pedido y he recibido información sobre la esterilización de

(Doctor o clínica)

Cuando pedí la información, se me dijo que la decisión de practicar la esterilización es totalmente mía. Se me dijo que podría decidir que no se me esterilice. Si decido que no se me esterilice, mi decisión no afectará mi derecho a cuidado o tratamiento en el futuro. No perderé ninguna de las ayudas y beneficios de programas que reciben fondos federales, como A.F.D.C. o Medicaid, que esté recibiendo actualmente o a los que podría tener derecho.

ENTIENDO QUE LA ESTERILIZACIÓN SE DEBE CONSIDERAR COMO PERMANENTE Y NO REVERSIBLE. HE DECIDIDO QUE NO QUIERO QUEDAR EMBARAZADA, DAR A LUZ NI ENGENDRAR NIÑOS.

Se me ha informado acerca de aquellos métodos temporales de control natal que están disponibles y que se me podrían proveer, los cuales me permitirían dar a luz o engendrar un niño en el futuro. He rechazado estas alternativas y he escogido que se me esterilice.

Entiendo que se me va a esterilizar mediante una operación conocida como

Se me han explicado las incomodidades, riesgos y beneficios relacionados con la operación. Todas mis preguntas han sido contestadas a mi entera satisfacción.

Entiendo que la operación no se llevará a cabo sino hasta que hayan transcurrido treinta días de la fecha en que firme este documento. Entiendo que puedo cambiar de opinión en cualquier momento y que mi decisión en cualquier momento de no se me practique la esterilización no tendrá como consecuencia el que se me niegue ningún beneficio de los servicios médicos que se prestan bajo programas con fondos federales.

Tengo por lo menos 21 años de edad y nací el

(Mes, día y año)

Yo, _____, por este medio doy mi consentimiento, por mi propia voluntad, para ser esterilizado por

(Doctor)

mediante un método llamado _____
Mi consentimiento caduca 180 días después de la fecha de mi firma abajo.

También doy mi consentimiento para que se entregue este documento y otros documentos sobre la operación a:

Representantes del Departamento de Salud, Educación y Bienestar (*Department of Health, Education and Welfare*) y a los empleados de programas o proyectos financiados por dicho Departamento, pero sólo para determinar si se acataron las leyes federales.

He recibido copia de este formulario.

Firma del receptor _____ Fecha _____
Hora _____ AM PM Mes/día/año

Se le solicita que provea la siguiente información, aunque no es obligatorio.

- Raza y origen étnico (por favor marque)
 - Indio Americano o Nativo de Alaska
 - Negro (sin ser de origen hispano)
 - Asiático o isleño del Pacífico
 - Hispano
 - Blanco (sin ser de origen Hispano)

DECLARACIÓN DEL INTÉRPRETE

(Si es que se ha proveído un intérprete para que asista al individuo a ser esterilizado.)

He traducido la información y consejos que fueron presentados oralmente al individuo a ser esterilizado por la persona que ha obtenido este consentimiento. También le he leído el formulario de consentimiento en el idioma _____ y le he explicado su contenido. A mi saber y entender, esta persona ha entendido esta explicación.

Firma del intérprete _____ Fecha _____

Antes de que _____ firmara
(Nombre del individuo)

el formulario de consentimiento, le expliqué la naturaleza de la operación de esterilización

el hecho de que se trata de un proceso final e irreversible, así como las incomodidades, riesgos y beneficios relacionados con él.

He informado al individuo a ser esterilizado que existen métodos alternos de control natal, los cuales son temporales. Le he explicado que la esterilización es diferente porque es permanente.

He informado al individuo a ser esterilizado que su consentimiento puede ser retirado en cualquier momento y que no perderá ningún servicio o beneficio de salud financiado con fondos federales.

A mi saber y entender, el individuo a ser esterilizado tiene al menos 21 años de edad y aparenta tener competencia mental. Esta persona ha solicitado, a sabiendas y voluntariamente, ser esterilizado y parece entender la naturaleza y consecuencias del procedimiento.

Firma de la persona que obtiene el consentimiento _____ Fecha _____

MARQUE

UNO

1 Le informé que esta operación la dejaría incapacitada de manera permanente para procrear. (Esta certificación es sólo para receptora con derecho retroactivo -- antes de que pueda hacerse el reembolso, este formulario debe ser acompañado de la tarjeta de Medicaid que cubre la fecha de la histerectomía, o de copia del aviso de aprobación retroactiva.)

2 Ya era estéril debido a _____

CAUSA DE LA ESTERILIDAD

3 Se le practicó la histerectomía debido a una situación que ponía en peligro su vida, la cual fue causada por _____

DESCRIBA LA SITUACIÓN DE EMERGENCIA

por lo que no pudo proporcionarse la información acerca de la esterilidad antes de la histerectomía.

FIRMA DEL MÉDICO	FECHA
------------------	-------

SECCIÓN C: LLENE ESTA SECCIÓN SÓLO EN CASO DE QUE EL RECEPTOR SEA INCOMPETENTE MENTALMENTE

Reconozco haber recibido información, tanto oral como escrita, previamente a la operación de histerectomía que se va a llevar a cabo, indicando que al ser practicada la histerectomía a la receptora nombrada arriba, ella quedará incapacitada de manera permanente para procrear.

FIRMA DEL TESTIGO	FECHA	FIRMA DEL REPRESENTANTE DE LA PACIENTE	FECHA
-------------------	-------	--	-------

DECLARACIÓN DEL MÉDICO

Afirmo que la histerectomía que practiqué a la receptora antes mencionada fue necesaria desde el punto de vista médico debido a _____

RAZÓN DE LA HISTERECTOMÍA

y que no fue hecha con fines de esterilización, y que, a mi entender, la persona a la que se le practicó la histerectomía es mentalmente incompetente. Antes de practicar la histerectomía, informé a su representante, tanto de manera oral como escrita, que la histerectomía la dejaría incapacitada de manera permanente para procrear, y que el representante de la persona ha firmado un acuse de recibo por escrito de la información precedente.

FIRMA DEL MÉDICO	FECHA
------------------	-------

Adjunte una copia al formulario de reclamación cuando envíe el reclamo para su pago. Provea copias para el paciente y para sus archivos. SE PODRÍA SOLICITAR DOCUMENTACIÓN ADICIONAL ANTES DE EFECTUAR EL PAGO.

ESTE FORMULARIO PUEDE SER REPRODUCIDO LOCALMENTE

Recommendations of the EPSDT Screening Guidelines Committee

April, 2004

Developmental/ Behavioral Surveillance and Screening

Under Federal EPSDT rules, screening visits consist of a comprehensive health and developmental history, an unclothed physical exam, vision and hearing screenings, appropriate immunizations, laboratory tests, and health education. The purpose of these visits is to identify physical, mental, or developmental problems and risks as early as possible and to link children to needed diagnostic and treatment services. To comply with these rules and provide the highest quality of care, surveillance and screening procedures should be incorporated into the ongoing health care of the child and family as part of the provision of the medical home, as defined by the AAP (RE0062 - Developmental Surveillance and Screening of Infants and Young Children).

AAP Periodicity Guidelines (American Academy of Pediatrics Recommendations for Preventive Pediatric Health Care) call for a developmental/behavioral assessment by history and appropriate physical examination at each visit interval. If findings identify concerns, specific objective developmental testing is needed. Developmental surveillance and developmental screening are the recommended methods for early detection of problems.

Developmental surveillance has been defined as “a flexible, continuous process whereby knowledgeable professionals perform skilled observations of children during the provision of health care. The components of developmental surveillance include eliciting and attending to parental concerns, obtaining a relevant developmental history, making accurate and informative observations of children, and sharing opinions and concerns with other relevant professionals.” Pediatricians and other health care providers often use age-appropriate developmental checklists to record milestones during preventive care visits as part of developmental surveillance. Developmental screening is a brief procedure, using a standardized tool, to determine whether a child requires further and more comprehensive evaluation.

All infants and young children should be assessed for developmental delays. School-age children and adolescents should receive additional evaluation for emotional/behavioral problems. The use of standardized screening instruments improve the accuracy of developmental assessments, and such tools exist that are both efficient and effective in the pediatric office and other settings such as primary health and public health centers. Tools listed below are recommended tools and are listed by the focus of the tool and the target age range. Providers need to develop a strategy to provide periodic assessments in the context of ongoing office based primary care. It is recognized that practice setting will influence the type and frequency of assessments provided.

Amendment 11 (cont.)

Practices should maintain and update knowledge of developmental issues, risk factors, screening techniques, and community resources for consultation, referral, and intervention. This should include acquiring skills in the administration and interpretation of reliable and valid developmental screening techniques appropriate for the population served.

Besides developmental/emotional/behavioral surveillance and screening, the listing includes a specialized screen for maternal post-partum depression. Assessment for this condition should be made in the first weeks after birth, and appropriate referral initiated as needed.

The listing also includes specific screens for autistic spectrum disorders. Early detection and referral for early intervention has been shown to improve long term outcomes in this group of disorders. In addition, the prevalence of these disorders continue to increase.

Documentation of developmental/emotional/behavioral surveillance and screening should include a description of the method used, findings, and referral or treatment plans.

Developmental/Behavioral Screening Tools/Tests and Documentation Guidelines

Documentation Guidelines

Documentation should include a description of the developmental behavioral screening method. The following items should be documented in the medical record when developmental behavioral screening is done during an EPSDT encounter:

- Any parental concerns about the child's development / behavior.
- A review of major age appropriate areas of development / behavior (e.g. motor, language, social, adaptive).
- An overall assessment of development / behavior for age (e.g. normal, abnormal, needs further evaluation).
- A plan for referral and /or further evaluation when indicated.

When validated developmental screening tests are performed in addition to the preventive medicine service or other services providers can report CPT code 96110 in addition to the Preventive Medicine Service. Examples listed in CPT include the Denver II and the Early Language Milestones Survey. This service is reported in addition to Preventive Medicine and other evaluation and management or screening services (hearing, vision, and laboratory) performed during the same visit. Informal developmental checklists are considered part of the history of the preventive medicine visit, and not reported and billed separately.

Developmental Screening Instruments

The following list includes examples of developmental/behavioral screening tests approved by the EPSDT Screening Guidelines Committee for use in the EPSDT program. They have been approved and validated and used nationally. Providers who use alternative instruments should make a selection based on a similar standard of practice. These guidelines are subject to update and revision as needed.

Focus of Screen	Targeted Age Range	Name of Screen	Age Range for Screen	Description	Scoring	Accuracy	Time Frame
Parental Post-Partum Depression	6 – 8 Weeks post-natal	<i>Edinburg Postnatal Depression Scale (EPDS)</i> JL Cox, JM Holden, R Sagovsky, from British Journal of Psychiatry, June 1987, Vol. 150. User may reproduce the scale without further permission providing they respect the copyright by quoting the names of the authors, the title and the source of the paper in all reproduced copies.	6 – 8 Weeks postnatal	Developed to assist primary care health professionals to detect mothers suffering from postnatal depression. Scale consists of ten items and indicates how the mother has been feeling during the previous week; it may be usefully repeated after two weeks.	Response categories are scored 0, 1, 2 and 3 according to increased severity of the symptoms. Items marked with an asterisk are reversed scores. The total score is calculated by adding together the scores for each of the ten items.	Source article indicates that with mothers, who scored above threshold, 92.3% were likely to be suffering from a depressive illness of varying severity.	Less than five minutes
General Development (Including social language, motor, cognitive, self-help)	Birth till age nine. Generally developmental screens are indicated for older children (school age and above) only if it is suspected that a developmental problems has not been previously detected and/or diagnosed. Children beginning school and in early primary grades may benefit from	Ages & Stages (ASQ) (Formerly Infant Monitoring System) Paul H. Brookes, Publishers PO Box 10624 Baltimore, Maryland 21285. (1.800.638.3775); www.brookespublishing.com (Initial cost of \$190 for complete system [other purchase options such as questionnaire only, available]; also available on CD-ROM; but questionnaires, once purchased are reproducible and may be copied after initial	0 to 60 months	Covers 19 different age intervals. Each questionnaire contains 30 developmental items written in simple, straightforward language, with reading levels ranging from fourth through sixth grade. Each of the 19 questionnaires (for a specific age interval) covers the following areas: communication, gross and fine motor, problem solving and personal-social. Clear drawings and simple directions help parents	Single pass/fail score	Sensitivity ranges from 70% to 90% at all ages except the 4-month level. Specificity ranges from 76% to 91%	Scoring takes about 7 minutes; questionnaire can be completed in 10-20 minutes.

Amendment 11 (cont.)

Focus of Screen	Targeted Age Range	Name of Screen	Age Range for Screen	Description	Scoring	Accuracy	Time Frame
		developmental Disorders.		audience.	is viewed as a need for further evaluation as not all children who have a failing score meet the criteria for a diagnosis on the autism spectrum		
Behavioral/ Emotional	4 through 20 Years of Age	Eyeberg Child Behavior Inventory	2 ½ to 11 year (best used to age 4)	A total of 36 short statements of common behavior problems. A score of more than 16 suggest referral for behavioral interventions. Fewer than 16 enable the measure to function as a problem list for planning in-office counseling and selecting handouts.	Single refer/non-refer score for externalizing problems (e.g. conduct, attention, aggression)	Sensitivity 80%; specificity 86%	About 7 minutes
		PEDS	Note: The PEDS can also be used to screen possible behavioral problems up to age 9	See description above under General Development			
		Pediatric Symptom Checklist (PSC) Jellinek MS, Murphy, JM, Robinson, J et al. Pediatric Symptom Checklist:	6 to 18; with modification of items (see article, can be adapted for	35 short statements of problem behaviors to which parents respond with "never," "sometimes," or "often." The PSC	<i>Single refer/non-refer score</i>	Sensitivity ranged from 80% to 95%. Specificity in all but one study was 70%	About 7 minutes (if interview needed)

Amendment 11 (cont.)

Focus of Screen	Targeted Age Range	Name of Screen	Age Range for Screen	Description	Scoring	Accuracy	Time Frame
		Screening school age children for psychosocial dysfunction. Journal of Pediatrics, 1998; 112-201-209 (the test is included in the article and in the PEDS manual); can be downloaded at: www.state.tn.us/tenncare/provider.html	ages 4 & 5)	screens for academic and emotional/behavioral difficulties.		to 100%.	
		PSC-17 Gardner W. et. al. The PSC-17: A brief symptom checklist psychosocial problem subscales: A report from PROS and ADSPN. <i>Ambulatory Child Health</i> . 1999; 5:225-236. Can be downloaded at: www.pedstest.com/links/files/psc.pdf	4 to 18	17 short statements of problem behaviors to which parents respond with "never," "sometimes," or "often." The PSC-17 screens for academic and emotional/behavioral difficulties, and includes three subscales (Aggression, Attention and Depression.)	Cut-off scores of 7 or above for aggression and attention subscales; 5 or above for depression subscale; or 15 or above for the entire 17 item screen.	Good sensitivities (.77 - .87) and specificities (.68 - .80) at the optimal cutoff points were reported in the Gardner et. al. study.	Less than 7 minutes.

- Accuracy is defined as both sensitivity and specificity
- Sensitivity = percentage of children with disabilities identified as probably delayed by a screening test.
- Specificity = percentage of children without disabilities identifies as probably normal by a screening test

* Focus of Screen:

Includes the range of problems screened (i.e. general developmental, autism and pervasive developmental disorders, post-natal depression, behavioral)

Amendment 11 (cont.)

Targeted Age Range:

Indicates within what age ranges these problems are screened.

Description:

Provides information on alternatives ways (if available) to administer measures (e.g., waiting rooms).

Scoring:

Shows general information regarding pass/fail criteria and cutoff scores

Accuracy:

Shows the percentage of patients with and without problems identified correctly.

Time Frame:

Shows the cost of professional time needed to administer and score each measure. For parent report measures, administration time reflects not only scoring of the results, but also each test's reading level and the percentage of TennCare patients with less than a high school education (who may or may not be able to complete measures due to literacy problems and will thus need office staff to read the screen to them.)

Recommendations of the EPSDT Screening Guidelines Committee

April, 2004

HEARING SCREENINGS:

- Hearing screenings performed as recommended by AAP periodicity guidelines and using acceptable methods will meet requirements for EPSDT screens.
- The goal of universal newborn hearing screening (UNHS) is to have all infants have access to hearing screening using a physiologic measure. Newborns who receive routine care have access to hearing screening during their hospital admission. Newborns in alternative birthing facilities, including home births, have access to and are referred for screening before 1 month of age. All newborns or infants who require neonatal intensive care receive hearing screening before discharge from the hospital. The components constitute UNHS.
- The goal of newborn screening is to also have all infants screened prior to discharge from hospital after birth or prior to one month; prior to 3 months refer all infants that did not pass the screen for diagnostic assessment (medical and audiological, if indicated); implement early intervention services prior to six months.
- Infants who did not pass screening should be referred for diagnostic assessment of hearing. A prompt re-screening might be substituted for immediate referral for diagnostic assessment if the clinician believes the initial screening result is likely to be false positive. Re-screening should be done within 2-4 weeks rather than waiting until the next scheduled well-child visit.
- Newborn hearing screenings are most likely to occur in hospital with results reported to the primary care provider. Acceptable methods of screening include physiologic audiological screening such as auditory brainstem response (ABR) and otoacoustic emissions (OAE) with thresholds of 30 dB HL.
- Acceptable methods of objective hearing screening include: physiologic audiological screening for newborns, such as ABR or OAE, conventional audiometry, hand-held audiometry, conditioned play audiometry (with a screening level of 20 dB HL at 500, 1000, 2000, and 4000 Hz).
- Positive screening results should lead to referral for diagnostic assessment of hearing. A prompt re-screening may be substituted for immediate referral for diagnostic assessment if the clinician believes the initial screening result is likely to be a false positive. Re-screening should be done within 2-4 weeks rather than waiting until the next scheduled well child visit.
- If there are parental concerns about hearing, at any age, then an objective screening test or diagnostic should be performed.
- Children newly entering the program (i.e. new to a practice, without medical documentation) should be brought up to date on all screening criteria.
- Physiological screening may be acceptable for older children and children who are not cooperative with conventional means (i.e. hand-held audiometry, conventional audiometry).
- Interperiodic screenings may also be conducted between recommended testing intervals.
- Progressive hearing loss may be associated with different risk factors. Please refer to references after guidelines for articles, resources that enumerate the risk indicators for progressive or late-onset hearing loss.

Recommendations for Hearing Screening		
	<i>Subjective</i>	<i>Objective</i>
Newborn	<ul style="list-style-type: none"> • Parental concern • Family history 	<ul style="list-style-type: none"> • ABR or OAE, if not performed in hospital
By 1 month	<ul style="list-style-type: none"> • Parental concern 	<ul style="list-style-type: none"> • Ear exam • If infant does not pass the hearing screen in the hospital , provide a medical evaluation and re-screen by one month or perform diagnostic testing as soon as possible prior to three months of age.
2 months	<ul style="list-style-type: none"> • Parental concern • Family history (unless previously recorded) • Response to voice and noise - parent report 	<ul style="list-style-type: none"> • Ear exam • Confirmatory pediatric audiologic diagnostic evaluation of abnormal screening result should be completed prior to 3 months of age.
4 months	<ul style="list-style-type: none"> • Parental concern • Recognizes parent's voice - parent report • Family history (unless previously recorded) 	<ul style="list-style-type: none"> • Ear exam • Infants with a confirmed hearing loss should begin audiological intervention and other early intervention services prior to six months.

Amendment 11 (cont.)

6 months	<ul style="list-style-type: none"> • Parental concern • Turns to sounds - parental report • Family history (unless previously recorded) 	<ul style="list-style-type: none"> • Ear exam • Infants with a confirmed hearing loss should begin audiological intervention and other early intervention services prior to six months.

Recommendations of the EPSDT Screening Guidelines Committee

April, 2004

Vision Screenings

- Screening of visual problems is important during critical age interval to detect several potential problems. These include:
 - 1) Screening of extremely prematurely born infants for Retinopathy of Prematurity (ROP), especially those who have received oxygen therapy.
 - 2) Screening for congenital cataracts and retinoblastoma at birth and through age 18 months of age.
 - 3) Screening as early as possible time for amblyopia and refractive errors. Please refer to the chart (below) for screening intervals

- Acceptable methods for screening ocular alignment include: photoscreening (preferred), unilateral cover test at 10 feet or 3 M, Random Dot E Stereotest at 40 cm (630 secs of arc). Photoscreening is not a substitute for accurate visual acuity measurement but can provide significant information about the presence of sight-threatening conditions such as strabismus, anisometropia, high hyperopia, media opacities (cataract),.
- Photoscreening results are accurate only with proper interpretation.
- Simultaneous Red Reflex Test (Bruckner Test) can detect amblyogenic conditions, such as unequal refractive errors (unilateral high myopia, hyperopia, or astigmatism), but require skilled examiners.
- Acceptable methods for screening visual acuity include: Snellen Letters, Snellen Numbers, Tumbling E, HOTV, Picture Tests, Allen Figures, LH Symbols (LEA Symbols).
- Assessments of visual acuity should be performed with an eye patch or eye taped shut, or similar procedure, in order to ensure results,
- Eye exams should entail an anterior segment inspection. The AAP/AAO Policy Statement in Pediatrics, April, 2003, should serve as the standard.
- If there are parental concern about vision , at any age, then an objective screening test or diagnostic should be performed
- Positive screening results should lead to referral for diagnostic assessment of vision. A prompt re-screening may be substituted for immediate referral for diagnostic assessment if the clinician believes his initial screening result is likely to be a false positive. Re-screening should be done within 2-4 weeks rather than waiting until the next scheduled well child visit.
- Interperiodic screenings may also be conducted between recommended testing intervals.

Recommendations for Vision Screening		
	<i>Subjective</i>	<i>Objective</i>
High Risk Prematurely Born Children; assessment to be performed by 33 weeks of gestational age or 6 weeks post-natal (whichever comes later)	N/A	<ul style="list-style-type: none"> If gestation is less than 28 weeks or weighing less than 1500 grams, child should be referred to a Pediatric Ophthalmologist for screening for Retinopathy of Prematurity (ROP) such that the first retina exam can occur by 33 weeks of gestational age or six weeks, post-natal .
Newborn		<ul style="list-style-type: none"> Eye exam: red reflex, corneal inspection. Eye exam should include the following elements: external inspection, examination of anterior segment, & red reflex
By 1 month	<ul style="list-style-type: none"> Parental concern about vision 	<ul style="list-style-type: none"> Eye exam: red reflex, corneal inspection Eye exam should include the following elements: external inspection, examination of anterior segment, & red reflex

ATTACHMENT XII, EXHIBIT H.3 – Quarterly EPSDT Report

**INSTRUCTIONS FOR COMPLETING THE
REVISED 2005 EPSDT REPORT**

The Bureau of TennCare Division of Quality Oversight has revised the EPSDT reporting format in order to more clearly understand the efforts managed care contractors (MCCs) are making to improve the TennCare EPSDT screening rates. By comparing and contrasting the information provided in the revised reporting format, the Division of Quality Oversight will identify best practices and opportunities for improvement within the processes.

The instructions below provide clarification and examples specific to each section of the report. The requested information for each section is reiterated. The relevant clarifications and examples follow each reporting requirement.

REPORTING REQUIREMENTS:

A. Frequency and Submission of the EPSDT Report:

The completed report must be submitted to TENNCARE by the end of the month following the end of the reporting quarter.

Timeframes Covered by the Reports	Reporting Due Dates
1st Quarter, January 1st through March 31st	April 30th
2nd Quarter, April 1st through June 30th	July 31st
3rd Quarter, July 1st through September 30th	October 31st
4th Quarter, October 1st through December 31st	January 31st

The completed electronic format of the report must be submitted via e-mail (INSERT E-MAIL ADDRESS) in addition to a hard copy accompanied by the supporting documentation. An attestation to the accuracy and truthfulness of the report must be signed and dated by the Medical Director and the Chief Executive Officer of the MCC.

The MCC must provide contact information for a single individual who will be responsible for answering questions, or providing clarification, regarding the information submitted. E-mail and telephone contact information for the assigned individual should be listed in the appropriate section of the reporting form.

B. Specific Instructions for Completing the Report by Sections:

Initial Information:

- Give the complete, legal company name
- Fully complete the report contact information
- Check the appropriate box associated with the quarter for which information is being reported.

Section I, EPSDT Outreach Occurring in the Reporting Quarter:

Place an "X" in all applicable boxes within the Table provided.

EXAMPLE:

Specific Outreach	Check Applicable Boxes
Member Handbook	X

Amendment 11 (cont.)

Newsletter	X
Reminders Prior to Screening Dues Dates	
Reminders of Overdue Screening Dates	X
Follow-up For Enrollees, eligible for EPSDT, who have not received services within a year	X
Outreach to Pregnant Women advising them of the availability of EPSDT Services for their children	X
Assistance offered to pregnant women in scheduling a timely prenatal Appointment	X
Other EPSDT Related Outreach (List by name and describe below as indicated)	

Provide a brief narrative describing the key elements of each EPSDT outreach to enrollees which has occurred in the reporting quarter, include elements such as:

- Rationale behind outreach, why selected, relevance to the population
- Specific population targeted; i.e., all parents/guardians of children under two years of age
- Focused message; specific information/message communicated to the target population; i.e., screening and immunization schedule for the first two years of life and phone number of the child’s assigned primary care provider.
- Components of the outreach; i.e., letter followed by telephone call.

If a specific methodology is in place for contacting members regarding overdue screenings, please provide the specific order of contact attempts, i.e., telephone followed by mailing:

- Supply flow chart if necessary to augment written description

Please provide any metrics associated with the outreach and the frequency of analysis:

- Is the impact of an outreach measured? i.e., comparison annually of EPSDT screening rates for a specific age group, such as < two years of age, pre and post implementation
- Survey to enrollees who went to screenings after receiving an intervention to see if that was why they went

Describe any opportunities for improvement identified and subsequent changes made to the specific outreach programs:

EXAMPLE:

- An opportunity for improvement is identified; i.e., the screening reminders were being mailed one month prior to screening due dates. There was insufficient time for parents/guardians to receive the mailings and make the appointments prior to the screening dues dates.
- Subsequent change made to the outreach program; i.e., the reminders are mailed six weeks prior to the screening due date.

Please provide a sample of the specific outreach materials/mailings/telephone scripts where applicable:

- Newsletters with the applicable article(s) hi-lighted
- Samples of screening reminder card(s)
- Notification forms used for overdue screenings
- Other examples of materials utilized

(This area will expand to accommodate data entry): Please take the space necessary to accurately describe the outreach. The document will expand to your requirements, rather than limiting you to a preset number of lines within the field.

Section II, EPSDT Eligible Enrollees in Care/Case Management Programs

Please list the specific care/case management programs in which EPSDT eligibles are enrolled:

- Programs may be disease specific such as pediatric asthma, sickle cell disease or diabetes
- Programs may be the case management of enrollees with comorbidities, or those who are seriously and chronically ill

Define the targeted population:

- Please give the specific information which qualifies an enrollee for inclusion in the program such as:
 - a diagnoses of asthma (give current procedural terminology (CPT) codes), with two or more emergency department visits or an inpatient hospitalization within the past twelve months, or
 - a diagnoses of diabetes with an HbA1c of 8 or greater
 - individuals incurring greater than \$50,000.00 in medical bills in a twelve month period

Give the length of time each program has been operational:

- Determine the difference in months between the date the program was operational (individuals contacted, enrolled and interventions in place) and the last day of the reporting quarter.

Provide the number of EPSDT eligibles enrolled in each program during the reporting quarter:

- List the number of enrollees in each program who are under twenty-one years of age

Please include the average number of contacts per enrollee, per program:

- Divide the overall number of contacts made specific to each program by the number of enrollees in that program to determine the average number of contacts per enrollee, per program

Provide a brief narrative describing the specific programs listed above: Include the following information:

- Rationale behind each, why implemented, relevance to the population, high-volume or high-risk
- Specific goals of the program; i.e., reduce HbA1c's to 6 or less of the identified diabetic population. Reduce emergency department and inpatient admissions for asthmatics while increasing use of inhaled corticoid steroids and other controller medications. Coordinate the care of individuals with significant comorbidities
- Include the specific components of each program (outreach)
- Include the metrics for each program, the baseline measurement, goals and date of remeasure. The overall metrics of the program will be acceptable. EPSDT specific calculations are not required, if that information is not readily available.

(This area will expand to accommodate data entry): Please take the space necessary to accurately describe the outreach. The document will expand to your requirements, rather than limiting you to a preset number of lines within the field.

Section III, EPSDT Well Child Screening Information

The total number of EPSDT Well Child Screening encounters received during the reporting quarter:

- Utilize the CPT and ICD-9 codes specific to well child screenings to determine this number (please see Attachment A)

The number of overdue EPSDT Well Child Screenings identified during the reporting quarter:

- Individuals that were determined to be eligible who have fallen behind on their screening schedule as of the end of the reporting quarter.

Section IV. Provider Outreach

Is there a mechanism in place to notify primary care providers of EPSDT eligibles who have overdue well child screenings?

- Answer YES or NO, Circle One, the appropriate answer

If the answer is YES, please give a brief description of each outreach, including the frequency of provider contact.

- Describe the method of contact; i.e., facsimile transmission or mailing
- List the frequency of contact; i.e., weekly, monthly or quarterly

List and briefly summarize all EPSDT related provider education which occurred during the reporting quarter. Please provide a sample of the educational materials/information to accompany the report:

- Newsletters with the applicable article(s) hi-lighted
- Notification forms used for overdue screenings, mailings or facsimile transmissions
- Other examples of materials utilized

(This area will expand to accommodate data entry): Please take the space necessary to accurately describe the outreach. The document will expand to your requirements, rather than limiting you to a preset number of lines within the field.

Section V. Coordination with Other Agencies

Please identify agency and provide a sample of coordination materials/information which occurred during the reporting quarter.

EXAMPLE:

- Head Start; include a sample of materials/information
- WIC; include a sample of materials/information
- Health Department; include a sample of materials/information
- Day Care Licensing; include a sample of materials/information

ATTACHMENT XII, EXHIBIT H.3 – Quarterly EPSDT Report

QUARTERLY EPSDT REPORT

Managed Care Company (MCC): _____

Report Contact: _____
 NAME TITLE
 TELEPHONE # E-MAIL ADDRESS

Reporting Quarter (Check Appropriate Box):

1 st Quarter of 2005	2 nd Quarter of 2005	3 rd Quarter of 2005	4 th Quarter of 2005
January 1 st through March 31 st	April 1 st through June 30 th	July 1 st through September 30 th	October 1 st through December 31 st

I. EPSDT Outreach Occurring in the Reporting Quarter:

Place an "X" in the appropriate boxes for enrollee outreach which occurred in the reporting quarter:

Specific Outreach	Check Applicable Boxes
Member Handbook	
Newsletter	
Reminders Prior to Screening Dues Dates	
Reminders of Missed Screening Dates	
Follow-up For Enrollees, eligible for EPSDT, who have not received services within a year	
Outreach to Pregnant Women advising them of the availability of EPSDT Services for their children	
Assistance offered to pregnant women in scheduling a timely prenatal Appointment	
Other EPSDT Related Outreach (List by name and describe below as indicated)	

Provide a brief narrative describing the key elements of each EPSDT outreach to enrollees which has occurred in the reporting quarter. If a specific methodology is in place for contacting members regarding missed screenings, please provide the specific order of contact attempts, i.e., telephone followed by mailing. Please provide any metrics associated with the outreach and the frequency of analysis. Describe any opportunities for improvement identified and subsequent changes made to the specific outreach programs. Please provide a sample of the specific outreach materials/mailings/telephone scripts where applicable. (This area will expand to accommodate data entry):

ATTACHMENT XII, EXHIBIT H.3 – Quarterly EPSDT Report (cont.)

II. EPSDT Eligible Enrollees in Care/Case Management Programs

Please list the specific care/case management programs in which EPSDT eligibles are enrolled. Define the targeted population and give the length of time each program has been operational. Provide the number of EPSDT eligibles enrolled in each program during the reporting quarter. Please include the average number of contacts per enrollee, per program.

Specific Program	Targeted Population	Date Program was Operational	Number of EPSDT Eligibles Enrolled During the Reporting Quarter	Average Number of Contacts Per EPSDT Enrollee Participating in the Program

Provide a brief narrative describing the specific programs listed above *(This area will expand to accommodate data entry)*:

III. EPSDT Well Child Screening Information

- a. The total number of EPSDT Well Child Screening encounters received during the reporting quarter: _____
- b. The number of missed EPSDT Well Child Screenings identified during the reporting quarter: _____

IV. Provider Outreach

- a. Is there a mechanism in place to notify primary care providers of EPSDT eligibles who have missed well child screenings? YES NO

Circle One
- b. If the answer to “a” is YES, please give a brief description of each outreach, including the frequency of provider contact. Please provide a sample of each outreach to accompany the report *(This area will expand to accommodate data entry)*:
- c. List and briefly summarize all EPSDT related provider education which occurred during the reporting quarter. Please provide a sample of the educational materials/information to accompany the report *(This area will expand to accommodate data entry)*:

ATTACHMENT XII, EXHIBIT H.3 – Quarterly EPSDT Report (cont.)

V. Coordination with Other Agencies

Please identify the specific agency or agencies and provide a sample of the materials/information utilized in the coordination efforts during the reporting quarter (*This area will expand to accommodate data entry*):

ATTACHMENT XII, EXHIBIT I – MONTHLY ACTIVITY REPORT

ATTACHMENT XII, EXHIBIT I
Instructions for Completing the Monthly Activity Report

The following definitions should be used for the purpose of completing the Monthly Activity Report.

- Definitions for reporting Member statistics:

Abandoned Call: A call in the Member Services telephone line queue that is terminated by the caller before reaching a Member Services Representative.

Call Abandonment Rate: The number of calls abandoned by the caller or the system before being answered by a live voice. Divided by the number of calls received by the MCO member services call center as (during member services open hours of operation) during the measurement period. Calls where the member called directly into member services or selected a member services option and was put in the call queue

Call Answer Timeliness: The number of calls answered by a live voice within 30 seconds, divided by the number of calls received by the CONTRACTOR's member services call center(s) (during member services open hours of operation) during the measurement period. Calls where the member called directly into member services or selected a member services option and was put in the call queue. Refer to NCQA HEDIS Technical Specifications for further clarification and changes.

Average Time to Answer: The average time that callers waited in the Member Services telephone queue that were during normal business hours before speaking to a Member Services Representative, report in minutes: seconds (e.g. one minute and twenty-five seconds should be reported as 1:25).

- HEALTH SERVICES CALL REPORTING:

Abandoned Call: A call in the Health Services Prior Authorization line queue that is terminated by the caller before reaching a Health Services Representative.

Provider Call Abandonment Rate: The number of calls abandoned by the caller or the system before being answered by a live voice. Divided by the number of calls received by the CONTRACTOR's health services call center as (during open hours of operation) during the month. Calls where the provider called directly into health services or selected a health services option and was put in the call queue.

Provider Call Answer Timeliness: The number of calls answered by a live voice within 30 seconds, divided by the number of calls received by the CONTRACTOR's health services call center(s) (during hours of operation) during the quarter. Calls where the provider called directly into health services or selected a health services option and was put in the call queue. Please include detailed rate calculation

The average wait time spent in queue for providers requesting prior authorization

Number of provider complaints received, either in writing or by phone during the month.

- CLAIMS PAYMENT TIMELINESS:

Timeliness of Clean and Unclean Claims Processing: Number of claims processed and, if appropriate, paid within 60 days of receipt divided by the number of all claims processed (for calculation date of receipt counts as day zero)

AMENDMENT NUMBER 10

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-10

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 2-25 of the Agreement for the Administration of TennCare Select shall be amended by deleting and replacing the last paragraph which shall read as follows:

Payments to the Meharry Medical Services Foundation and/or the Meharry Dental Clinic under this amendment shall not exceed **\$10,000,000** for State fiscal year 2005. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the supplemental payment to Meharry Medical Services Foundation and/or the Meharry Dental Clinic shall not exceed **\$10,204,080** for State fiscal year 2005. At such time that Federal Regulations allow, TENNCARE may discontinue making supplemental pool payments through the CONTRACTOR during State fiscal year 2005.

Amendment 10 (continued)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective as of the date it is approved by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 9

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 6-27 shall be amended by deleting and replacing the date "December 31, 2004" with "December 31, 2005" so that the amended Section 6-27 shall read as follows:

6-27 Contract Term of The Agreement

This Agreement and its incorporated attachments, if any, as well as all Amendments to this Agreement, contain all of the terms and conditions agreed upon by the parties, and when executed by all parties, supersedes any prior agreements. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall be in effect from July 1, 2001, subject to approval by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services. The term of this Agreement shall expire on December 31, 2005. At the mutual agreement of TennCare and the CONTRACTOR, this CONTRACT shall be renewable for an additional twelve month period.

Notwithstanding any provision herein to the contrary, the State may terminate this Agreement if the waiver governing TennCare is terminated. The documents referenced in the Agreement are on file with the CONTRACTOR and with TENNCARE and the CONTRACTOR is aware of their content. No other agreement, oral or otherwise regarding the subject matter of this Agreement, shall be deemed to exist or to bind any of the parties hereto.

Amendment 9 (cont.)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective January 1, 2005 or as of the date it is approved by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 8

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-08

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 2-25 of the Agreement for the Administration of TennCare Select shall be amended by adding a new paragraph to the end of the existing text which shall read as follows:

Payments to the Meharry Medical Services Foundation and/or the Meharry Dental Clinic under this amendment shall not exceed \$4,958,912 for State fiscal year 2005. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the supplemental payment to Meharry Medical Services Foundation and/or the Meharry Dental Clinic shall not exceed \$5,060,114 for State fiscal year 2005. At such time that Federal Regulations allow, TENNCARE may discontinue making supplemental pool payments through the CONTRACTOR during State fiscal year 2005.

Amendment 8 (continued)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective as of the date it is approved by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 7

AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.

CONTRACT NUMBER: FA-02-14632-07

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1-1 shall be amended by deleting the name "Nancy Reykdal" with the name "Sonya Nelson" so that the Notice to the CONTRACTOR shall read as follows:

If to the CONTRACTOR:

Sonya Nelson
Vice President
801 Pine Street
Chattanooga, Tennessee 37402-2555

2. Section 1-3 shall be amended by deleting and replacing the definition of "Administrative Cost" so that the amended definition shall read as follows:

Administrative Cost - All costs to the Contractor related to the administration of this Agreement that are non-medical in nature, including, but not limited to:

- Satisfying Contractor Qualifications specified in Sections 2-1 and 2-2;
- Establishing and Maintaining a Provider Network in accordance with the Access and Availability requirements specified in Section 2-4.1, Attachment III and Attachment IV;
- Determination of recoveries from Third Party Liability resources in accordance with Section 2-9.8;
- Claims Processing in accordance with Section 2-9.7;
- Administration of this Agreement in accordance with Medical Management Policies and Procedures including: Utilization Management policies and procedures, including prior authorization policies and procedures established in accordance with Section 2-7.1; Referral and Exemption Requirements established in accordance with Section 2-4.4; Out of Area or Out of Plan Use policies and procedures established in accordance with Section 2-4.7; Transplant policies and procedures established in accordance with Section 2-3.12; Prescription Drug Formulary established in accordance with Section 2-3.13; Prenatal Care policies and procedures established in accordance with Section 2-7.1.f.3 and 2-3.15; Quality Monitoring/Quality Improvement Program established in accordance with Section 2-9.6; Management of Medical Care and Coordination of Care policies and procedures established in accordance with Sections 2-4.2 and 2-4.3;

Amendment 7 (cont.)

- Enrollment and Disenrollment in accordance with Section 4;
- Appeals processing and resolution in accordance with Section 2-8;
- Quality Assurance and Improvement activities as specified in Section 2-9.6 and Attachment II;
- Production and submission of required reports as specified in Section 2-10;
- Production and distribution of Marketing and Enrollee Materials as specified in Section 2-6;
- All other Administration and Management responsibilities as specified in Sections 2-11 through 2-24 and other activities required to be conducted in Attachment I, V, VI, VII, XI, XII, XIII; and
- All costs related to third party recovery or subrogation activities whether performed by the Contractor or a subcontractor.

Costs of subcontractors engaged solely to perform a non-medical administrative function for the CONTRACTOR specifically related to securing or fulfilling the CONTRACTOR's obligations to TENNCARE under the terms of this Agreement (e.g., claims processing, marketing) are considered to be an "administrative cost" with the exception of the cost of recovery of third party liability (TPL), when approved by TENNCARE.

3. Section 1-3 shall be amended by adding a new definition for "Dental Benefit Manager" which shall read as follows:

Dental Benefits Manager (DBM) - An entity responsible for the provision and administration of dental services, as defined by TENNCARE.

4. Section 1-3 shall be amended by deleting and replacing the definition of "Enrollees with Special Health Care Needs" so that the amended definition shall read as follows:

Enrollees with Special Health Care Needs – For purposes of requirements in Sections 2-4.3(l) and (m) of this Agreement, enrollees with special health care needs shall refer to enrollees identified through the Department of Children's Services (DCS).
