**AMENDMENT NUMBER 40
AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. **The Service Chart in Section 2.6.1.4 shall be amended by deleting "Mental Health Case Management" and replacing it with "Behavioral Health Intensive Community Based Treatment" as follows:**

SERVICE	BENEFIT LIMIT
Behavioral Health Intensive Community Based Treatment	As medically necessary.

2. **Section 2.7.2.1.3 shall be amended by deleting and replacing Section 2.7.2.1.3.2, adding a new Section 2.7.2.1.3.3 as follows, and renumbering the remaining Section accordingly, including any references thereto.**

2.7.2.1.3.2 Intensive Community Based Treatment Service agencies

2.7.2.1.3.3 Tennessee Health Link Providers

3. **Section 2.7.2.6 through 2.7.2.6.5.3 shall be deleted and replaced as follows:**

2.7.2.6 Behavioral Health Intensive Community Based Treatment Services

2.7.2.6.1 The CONTRACTOR shall provide Behavioral Health Intensive Community Based Treatment Services only through providers licensed by the State to provide mental health outpatient services.

2.7.2.6.2 The CONTRACTOR shall provide Behavioral Health Intensive Community Based Treatment services according to the standards set by TENNCARE and outlined in Attachment I.

endment 40 (cont.)

- 2.7.2.6.3 Tennessee Health Link
- 2.7.2.6.3.1 The CONTRACTOR shall provide Tennessee Health Link services according standards set by TENNCARE and outlined in Attachment I.
- 2.7.2.6.4 The CONTRACTOR shall require Tennessee Health Link Care Coordinators to involve the member, the member's family or parent(s), or legally appointed representative, PCP, care coordinator for CHOICES members, and other agency representatives, if appropriate and authorized by the member as required, in mental health case management activities.
- 2.7.2.6.5 The CONTRACTOR shall ensure the continuing provision of Tennessee Health Link services to members under the conditions and time frames indicated below:
 - 2.7.2.6.5.1 Members receiving Tennessee Health Link services at the start date of Tennessee Health Link program operations shall be maintained in Tennessee Health Link until such time as the member no longer qualifies on the basis of medical necessity or refuses treatment;
 - 2.7.2.6.5.2 Members discharged from psychiatric inpatient hospitals and psychiatric residential treatment facilities shall be provided with appropriate follow-up behavioral health services. If eligible, members will be referred to Tennessee Health link for services; and
 - 2.7.2.6.5.3 The CONTRACTOR shall review the cases of members referred by PCPs or otherwise identified to the CONTRACTOR as potentially in need of Tennessee Health Link services and shall contact and offer such services to all members who meet medical necessity criteria.
- 4. **Section 2.7.2.8.3 and Section 2.7.4.1.7 shall be deleted and replaced as follows:**
 - 2.7.2.8.3 The CONTRACTOR shall monitor behavioral health crisis services and report information to TENNCARE upon request.
 - 2.7.4.1.7 Self-care training, including self-examination;
- 5. **Section 2.7.4.2 shall be amended by adding a new Section 2.7.4.2.3 as follows:**
 - 2.7.4.2.3 The CONTRACTOR shall submit a monthly report that includes the number of EPSDT screening claims processed for service dates beginning with the current federal fiscal year (October 1) through the last day of the current month. This report shall be due by the 20th day after the end of the reporting month.
- 6. **Sections 2.8.4.3.2 and 2.8.4.5.1 shall be amended by deleting and replacing the reference to "NCQA standard QI 8" with the reference "NCQA standard QI 6".**

endment 40 (cont.)

7. Sections 2.8.4.7.2 and 2.8.4.7.3 shall be amended by deleting and replacing the reference to "NCQA standard QI 7" with the reference "NCQA standard QI 5".
8. Section 2.8.6 shall be amended by deleting and replacing the reference to "NCQA QI 9" with the reference "NCQA QI 7".
9. **Section 2.12.9.36 shall be amended as follows:**
 - 2.12.9.36 Require that the provider comply with the Affordable Care Act and TennCare policy and procedures, including but not limited to, reporting overpayments, the requirement to report provider initiated refunds of overpayments to the CONTRACTOR and TennCare Office of Program Integrity (OPI) and, when it is applicable, return overpayments to the CONTRACTOR within sixty (60) days from the date the overpayment is identified. Overpayments that are not returned within sixty (60) days from the date the overpayment was identified may be a violation of state or federal law;
10. **Section 2.13.1.2.9 through 2.13.1.2.9.5 shall be amended as follows:**
 - 2.13.1.2.9 The CONTRACTOR agrees to implement retrospective episode based reimbursement and Primary Care Transformation strategies, inclusive of PCMH and Tennessee Health Link, consistent with Tennessee's multi-payer payment reform initiative in a manner and on a timeline approved by TENNCARE. This includes:
 - 2.13.1.2.9.1 Using a retrospective administrative process to reward cost and quality outcomes for the initiative's payment reform strategies that is aligned with the models designed by TENNCARE;
 - 2.13.1.2.9.2 Implementing key design choices as directed by TENNCARE, including the definition of each episode, and the definition of quality measures for the initiative's payment reform strategies;
 - 2.13.1.2.9.3 Delivering performance reports for the initiative's payment reform strategies with the same appearance and content as those designed by the State/Payer Coalition;
 - 2.13.1.2.9.4 Implementation of payment reform strategies at a pace dictated by the State. For episodes this is approximately three to six (3-6) new episodes per quarter with appropriate lead time to allow payer and provider contracting. For PCMH this includes annual waves beginning January 1, 2017 of twenty to seventy-five (20-75) new primary care practices with appropriate lead time to allow payer and provider contracting;
 - 2.13.1.2.9.5 Participate in a State-led process to design and launch the initiative's payment reform strategies, including the seeking of clinical input from payer medical teams and clinical leaders throughout Tennessee for the development of new episodes.

- 11. Section 2.13.1.2.10 shall be amended by adding a new Section 2.13.1.2.10.1 which shall read as follows:

2.13.1.2.10.1 The CONTRACTOR shall not retroactively adjust payments made to an out of network provider due to budget reductions unless approved by TENNCARE.

- 12. Section 2.13.8 shall be amended as follows:

2.13.8 Local Health Departments

2.13.8.1 The CONTRACTOR shall reimburse contracted local health departments (see Sections 2.11.8.3 and 2.12.13) for TennCare Kids screenings to members under age twenty-one (21) at the following rates, unless specified otherwise by TENNCARE. Although the codes include preventive visits for individuals twenty-one (21) and older, this Section only requires the CONTRACTOR to pay local health departments for the specified visits for members under age twenty-one (21).

Preventive Visits	85% of 2001 Medicare
99381 New pt. Up to 1 yr.	\$80.33
99382 New pt. 1 - 4 yrs.	\$88.06
99383 New pt. 5 - 11yrs.	\$86.60
99384 New pt. 12 - 17yrs.	\$95.39
99385 New pt. 18 - 39 yrs.	\$93.93
99391 Estab. pt. Up to 1 yr.	\$63.04
99392 Estab. pt. 1 - 4 yrs.	\$71.55
99393 Estab. pt. 5 - 11yrs.	\$70.96
99394 Estab. pt. 12 - 17yrs.	\$79.57
99395 Estab. pt. 18 - 39 yrs.	\$78.99

2.13.8.2 The CONTRACTOR shall recognize that public health nurses employed by the local health departments are appropriately trained and practice within a scope of protocols developed by the state. The protocols allow public health nurses from across the licensure spectrum to provide services specific to diagnosis, treatment and delivery of preventive services under the general, but not necessarily onsite, supervision of a physician. These services include, but may not be limited to, EPSDT services for children, immunizations, family planning and sexually transmitted disease treatment. TennCare is a state operated program and is not bound by Medicare policy regarding the interpretation of billing codes, therefore, in accordance with the training and protocols the state's public health nurses practice within, the CONTRACTOR shall allow public health nurses to bill using the same CPT codes, related to the aforementioned services, as would be used if the service was delivered by an advance practice nurse.

2.13.8.3 TENNCARE may conduct an audit of the CONTRACTOR's reimbursement methodology and related processes on an annual basis to verify compliance with this requirement. In addition, the Local Health Department may initiate the independent review procedure at any time it believes the CONTRACTOR's payment is not the required reimbursement rate or that the CONTRACTOR has denied claims inappropriately.

mendment 40 (cont.)

13. **Section 2.15.4 shall be deleted and replaced as follows:**

2.15.4 Clinical Practice Guidelines

The CONTRACTOR shall utilize evidence-based clinical practice guidelines in its Population Health Programs (see Section 2.8.7 of this Contract). The guidelines shall be reviewed and revised whenever the guidelines change and at least every two (2) years. The CONTRACTOR shall provide copies of clinical practice guidelines to enrollees upon request. The CONTRACTOR is required to maintain an archive of its clinical practice guidelines for a period of five (5) years. Such archive shall contain each clinical guideline as originally issued so that the actual guidelines for prior years are retained for Program Integrity purposes.

14. **Section 2.15.7 shall be amended by amending Sections A.2.15.7.1.1 and A.2.15.7.1.5, adding new Sections 2.15.7.1.6, 2.15.7.2.2 through 2.15.7.2.4, and 2.15.7.3.3; deleting and replacing 2.15.7.4 as follows; and deleting Section 2.15.7.5 in its entirety and renumbering remaining Sections accordingly, including any references thereto.**

- 2.15.7.1.1 The CONTRACTOR shall develop and implement a critical incident reporting and management system for incidents that occur in a home and community-based long-term services and supports service delivery setting, including: community-based residential alternatives; adult day care centers; other CHOICES HCBS provider sites; and a member's home or any other community-based setting. Critical incidents shall include incidents that occur during the provision of covered CHOICES HCBS and incidents that are discovered or witnessed by the CONTRACTOR, provider, or FEA staff.
- 2.15.7.1.5 In the manner required by TENNCARE, within twenty-four (24) hours of detection or notification, the CONTRACTOR must report to TENNCARE any unexpected death and any incident reported to APS..
- 2.15.7.1.6 As specified in Section 2.30.12.8, the CONTRACTOR shall submit quarterly reports to TENNCARE regarding CHOICES HCBS critical incidents.
- 2.15.7.2.2 The CONTRACTOR's staff and contract providers shall report adverse occurrences to the CONTRACTOR in accordance with applicable requirements. The maximum timeframe for reporting an adverse occurrence to the CONTRACTOR shall be twenty-four (24) hours.
- 2.15.7.2.3 In the manner prescribed by TENNCARE, within twenty-four (24) hours of detection or notification, the CONTRACTOR must report to TENNCARE any adverse occurrence as described above.
- 2.15.7.2.4 As specified in Section 2.30.12.10, the CONTRACTOR shall submit quarterly reports to TENNCARE regarding adverse occurrences.
- 2.15.7.3.3 As specified in Section 2.30.12.12, the CONTRACTOR shall submit quarterly reports to TENNCARE regarding HHA critical incidents.

endment 40 (cont.)

- 2.15.7.4 Death of Member Reporting (Not Otherwise Reported in accordance with Section 2.15.7)
 - 2.15.7.4.1 The CONTRACTOR shall report to TENNCARE any unexpected death of a member age twenty-one (21) and older and all deaths of members under age twenty-one (21) that are not otherwise reported in accordance with Section 2.15.7.
 - 2.15.7.4.2 Each incident must be reported using the TENNCARE prescribed MCO Death of Member template within twenty-four (24) business hours of the CONTRACTOR's QM/QI Program staff receiving information relative to such an incident. An updated report, including results of investigation and next steps must be submitted to TENNCARE within thirty (30) calendar days of notification of the incident. The CONTRACTOR shall be responsible, as part of its critical incident management system, to track, review and analyze critical incident data.
15. **Section 2.17.2.2 and 2.17.2.4 shall be deleted and replaced as follows:**
- 2.17.2.2 All written materials shall be clearly legible and unless otherwise directed by TENNCARE, must be written with a minimum font size of 12pt. with the exception of member I.D. cards and certain taglines that require a minimum font size of 18 pt. Any request from the CONTRACTOR for an exception to the written materials font size requirements shall be approved in writing by TENNCARE prior to use;
 - 2.17.2.4 All written materials shall be printed with the notice of non-discrimination and taglines as required by TENNCARE and set forth in TENNCARE's tagline template.
16. **Section 2.17.4.7.18 shall be deleted and replaced as follows:**
- 2.17.4.7.18 Shall include information about the civil rights laws as directed by TENNCARE, which shall include, but is not limited to the notice of nondiscrimination, taglines, and the discrimination complaint forms;
17. **Section 2.17.5.3 shall be amended by deleting and replacing Section 2.17.5.3.2 as follows, deleting Section 2.17.5.3.3 in its entirety, and renumbering the remaining Section accordingly, including any references thereto.**
- 2.17.5.3.2 The procedure on how to obtain information in alternative communication formats, such as auxiliary aids or services and how to access language assistance services (i.e., interpretation and translation services) as well as a statement that interpretation and translation services and auxiliary aids or services are free. The notice of non-discrimination and taglines as required by TENNCARE shall be set forth in TENNCARE's tagline template;
18. **Section 2.17.7.3.8 shall be deleted and replaced as follows:**
- 2.17.7.3.8 The procedure on how to obtain member materials in alternative formats for members with special needs and how to access oral interpretation services and that both alternative formats and interpretation services are available at no expense to the member. The notice of non-discrimination and taglines as required by TENNCARE shall be set forth in TENNCARE's tagline template;

endment 40 (cont.)

19. **Section 2.18.5.3 shall be amended by adding a new Section 2.18.5.3.26 as follows:**
 - 2.18.5.3.26 Information about the civil rights laws as directed by TENNCARE, which shall include, but is not limited to the notice of nondiscrimination, taglines, and the discrimination complaint forms.
20. **Sections 2.20.1 through 2.20.1.9 shall be deleted and replaced as follows and all reference changes shall be amended accordingly.**

2.20.1 General

- 2.20.1.1 The Tennessee Bureau of Investigation, Medicaid Fraud Control Unit (TBI MFCU) is the state agency responsible for the investigation of provider fraud and abuse in the TennCare program.
- 2.20.1.2 The Office of Inspector General (OIG) has the primary responsibility to investigate TennCare enrollee fraud and abuse.
- 2.20.1.3 The CONTRACTOR shall establish written policies and procedures for its employees, subcontractors, providers, and agents that provide detailed information about the False Claims Act, including whistleblower protections, administrative remedies for false claims, any State laws pertaining to civil or criminal penalties for false claims and statements, and whistleblower protections under such laws, with respect to the role of such laws in preventing and detecting fraud, waste, and abuse in federal health care programs. The CONTRACTOR shall include in any employee handbook a description of the laws and the rights of employees to be protected as whistleblowers.
- 2.20.1.4 The CONTRACTOR shall have surveillance and utilization control programs and procedures (42 CFR 456.3, 456.4, 456.23) to safeguard the Medicaid funds against unnecessary or inappropriate use of Medicaid services and against improper payments. The CONTRACTOR shall have internal controls and policies and procedures in place that are designed to prevent, detect, and report known or suspected fraud and abuse activities.
- 2.20.1.5 The CONTRACTOR, as well as its subcontractors and providers, whether contract or non-contract, shall comply with all federal requirements (42 CFR Part 455) on disclosure reporting. All tax-reporting provider entities that bill and/or receive TennCare funds as the result of this Contract shall submit routine disclosures in accordance with timeframes specified in 42 CFR Part 455, Subpart B and TennCare policies and procedures, including at the time of initial contracting, contract renewal, at any time there is a change to any of the information on the disclosure form, at least once every three (3) years, and at any time upon request.

endment 40 (cont.)

- 2.20.1.6 The CONTRACTOR, as well as its subcontractors and providers, whether contract or non-contract, shall comply with all federal requirements (42 C.F.R. § 1002) on exclusion and debarment screening. The CONTRACTOR, its subcontractors and all tax-reporting provider entities that bill and/or receive TennCare funds as the result of this Contract shall screen their owners and employees against the Excluded Parties List System (EPLS) and the HHS-OIG List of Excluded Individuals/Entities (LEIE). In addition, the CONTRACTOR and its subcontractors shall screen their owners and employees against the Social Security Master Death File. Any unallowable funds made to excluded individuals as full or partial wages and/or benefits shall be refunded to and/or obtained by the State.
- 2.20.1.7 The CONTRACTOR shall have adequate staffing and resources to investigate unusual incidents and develop and implement corrective action plans to assist the CONTRACTOR in preventing and detecting potential fraud and abuse activities.
- 2.20.1.8 The CONTRACTOR is prohibited from taking any actions to recoup or withhold improperly paid funds already paid or potentially due to a provider when the issues, services or claims upon which the recoupment or withhold are based meet one or more of the following criteria:
 - 2.20.1.8.1 The improperly paid funds have already been recovered by the State of Tennessee, either by TENNCARE directly or as part of a resolution of a state or federal investigation and/or lawsuit, including but not limited to False Claims Act cases; or
 - 2.20.1.8.2 The improperly paid funds have already been recovered by the States Recovery Audit Contractor (RAC) contractor; or
 - 2.20.1.8.3 When the issues, services or claims that are the basis of the recoupment or withhold are currently being investigated by the State of Tennessee, are the subject of pending Federal or State litigation or investigation, or are being audited by the TennCare RAC.
 - 2.20.1.8.4 The prohibition described in this section shall be limited to a specific provider(s), for specific dates, and for specific issues, services, or claims.
 - 2.20.1.8.5 To determine whether this prohibition may apply to the CONTRACTOR's actions, the CONTRACTOR shall:
 - 2.20.1.8.5.1 Check the most recent Provider Alert List (PAL) from TennCare OPI for each relevant provider and provider NPI; and
 - 2.20.1.8.5.2 Contact TennCare OPI if a relevant provider or provider NPI is on the PAL to determine the specific dates, issues, services, or claims covered by the prohibition.
 - 2.20.1.8.6 In the event that CONTRACTOR obtains funds in cases where repayment is prohibited under this section, the CONTRACTOR will notify the Director of TennCare OPI and take action in accordance with written instructions from the Director of TennCare OPI.

nendment 40 (cont.)

- 2.20.1.8.7 If the CONTRACTOR fails to adhere to the prohibitions and requirements of this section, the CONTRACTOR may be subject to forfeiture of the funds to the State and the imposition of liquidated damages as described in Section E.29.2.
- 2.20.1.9 If a provider offers or initiates a voluntary refund to the CONTRACTOR of an overpayment of funds, the CONTRACTOR shall:
 - 2.20.1.9.1 Determine whether the provider or provider NPI is under investigation, or is subject to a claim tag from the State of Tennessee or from the State's RAC;
 - 2.20.1.9.1.1 Check the most recent PAL from TennCare OPI for each relevant provider or provider NPI, and
 - 2.20.1.9.1.2 Contact TennCare OPI if a relevant provider or provider NPI is on the PAL to determine the specific dates, issues, services, or claims that are under investigation or subject to claim tag.
 - 2.20.1.9.2 In the event a provider offers or initiates a voluntary refund of funds associated with dates, issues, services, or claims which are under investigation, or subject to a claim tag, the CONTRACTOR shall take action in accordance with written instructions from the Director of TennCare OPI.
 - 2.20.1.9.3 If TennCare OPI determines that funds obtained by a CONTRACTOR through a voluntary refund initiated by a provider are under investigation or subject to a claim tag, the CONTRACTOR shall segregate and hold separate the funds until OPI notifies the CONTRACTOR of a resolution of the investigation or claim tag. The CONTRACTOR shall not amend the claims associated with the funds submitted through a voluntary refund by the provider without written approval from TennCare OPI.
 - 2.20.1.9.4 If the CONTRACTOR fails to adhere to the requirements of this section, or take action in accordance with written instructions from the Director of TennCare OPI, the CONTRACTOR may be subject to forfeiture of the funds to the State and the imposition of liquidated damages, as described in E.29.2.
- 2.20.1.10 The CONTRACTOR shall comply with all federal and state requirements regarding fraud and abuse, including but not limited to Sections 1128, 1156, and 1902(a)(68) of the Social Security Act.

endment 40 (cont.)

21. **Section 2.20.2 shall be amended by adding a new Section 2.20.2.10, renumbering the remaining Section accordingly, including any references thereto, and deleting and replacing the renumbered Section 2.20.17 as follows:**

- 2.20.2.10 The CONTRACTOR shall suspend payment to a provider upon notification from TennCare OPI of the determination of a credible allegation of fraud.
- 2.20.2.17 In accordance with the Affordable Care Act and TennCare policy and procedures, the CONTRACTOR shall promptly report overpayments made by TENNCARE to the CONTRACTOR as well as overpayments made by the CONTRACTOR to a provider and/or subcontractor (See Section 2.12.9.42).

22. **Section 2.22.8.1.7 shall be amended as follows:**

- 2.22.8.1.7 Provider validation: the system shall approve for payment only those claims received from providers eligible to render services for which the claim was submitted, including requirements related to public health nurses as described in Section 2.13.7.2; and

23. **Section 2.30.4 shall be deleted and replaced as follows:**

2.30.4 Specialized Service Reports

- 2.30.4.1 The CONTRACTOR shall submit a quarterly *Psychiatric Hospital/RTF Readmission Report* that provides: the percentage of members readmitted to the facility within seven (7) calendar days of discharge (the number of members readmitted divided by the total number of discharges); the percent of members readmitted within thirty (30) calendar days of discharge (the number of members readmitted divided by the total number of discharges); and an analysis of the findings with any actions or follow-up planned. The information shall be reported separately for members age eighteen (18) and over and under eighteen (18).
- 2.30.4.2 The CONTRACTOR shall submit a quarterly *Post-Discharge Services Report* that provides information on Post-Discharge services appointments. The minimum data elements required are identified in Attachment IX, Exhibit B.
- 2.30.4.3 The CONTRACTOR shall submit a quarterly *Behavioral Crisis Prevention, Intervention, and Stabilization Services for Individuals with Intellectual or Developmental Disabilities (I/DD) Report* including the data elements described by TENNCARE. Specified data elements shall be reported for each individual provider as described in the template provided by TENNCARE.
- 2.30.4.4 The CONTRACTOR shall submit a quarterly *Tennessee Health Link (THL) Report* including the data elements described by TENNCARE. Specified data elements shall be reported for each individual provider as described in the template provided by TENNCARE.
- 2.30.4.5 The CONTRACTOR shall submit annually, a *Tennessee Health Link (THL) Audit Report* including the data elements described by TENNCARE.

mendment 40 (cont.)

2.30.4.6 The CONTRACTOR shall submit a *TennCare Kids Quarterly Outreach Activities Report* which shall be in a format designated by TENNCARE and shall include a listing of related and non-related TennCare Kids events.

2.30.4.7 The CONTRACTOR shall submit a *Monthly EPSDT Claims Report*, which shall include the number of EPSDT screening claims processed by region for the service dates beginning with the current federal fiscal year (October 1) through the last day of the current month. This report shall be due by the 20th day after the end of the reporting month.

24. **Section 2.30.12.8 through 2.30.12.11 shall be deleted and replaced as follows:**

2.30.12.8 Upon enrollment of members in CHOICES Group 2 and/or 3 (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), the CONTRACTOR shall submit a quarterly *CHOICES HCBS Critical Incidents Report* (see Section 2.15.7). MFP participants (see 2.9.8) shall be identified separately for each data element described herein. The report shall provide information, by month regarding specified measures, which shall include but not be limited to the following:

2.30.12.8.1 The number of members in CHOICES Group 2, Group 3, and CHOICES Groups 2 and 3 combined

2.30.12.8.2 The number of critical incidents, overall and by:

2.30.12.8.2.1 Type of incident

2.30.12.8.2.2 Setting

2.30.12.8.2.3 Type of provider (provider agency or consumer-directed worker)

2.30.12.8.3 The percent of incidents by type of incident

2.30.12.8.4 The percent of members in CHOICES Groups 2 and 3 with an incident

2.30.12.9 LEFT BLANK INTENTIONALLY

2.30.12.10 The CONTRACTOR shall submit a quarterly *Behavioral Health Adverse Occurrences Report* in accordance with Section 2.15.7.2 that provides information, by month regarding specified measures, which shall include but not be limited to the following:

2.30.12.10.1 The number of adverse occurrences, overall and by:

2.30.12.10.1.1 Date of occurrence;

2.30.12.10.1.2 Type of adverse occurrence;

2.30.12.10.1.3 Location;

2.30.12.10.1.4 Provider name; and

nendment 40 (cont.)

- 2.30.12.10.1.5 Action Taken by Facility/Provider.
- 2.30.12.11 LEFT BLANK INTENTIONALLY
- 2.30.12.12 The CONTRACTOR shall submit a quarterly *Home Health Critical Incident Report* in accordance with Section 2.15.7.3 that provides information, by month regarding specified measures, which shall include but not be limited to the following:
 - 2.30.12.12.1 The number of Critical Incidents, overall and by:
 - 2.30.12.12.1.1 Date of Critical Incident;
 - 2.30.12.12.1.2 Type of Critical Incident;
 - 2.30.12.12.1.3 Location;
 - 2.30.12.12.1.4 Provider name; and
 - 2.30.12.12.1.5 Action Taken by Facility/Provider.
- 25. **Section 2.30.22.4.2 shall be amended by deleting and replacing the due date of “December 15” to “February 1”.**
- 26. **Section 4.10.1 shall be amended as follows:**
 - 4.10.1 In no event shall the maximum liability of the State under this Agreement during the original term of the Contract exceed Four Billion, Eight Hundred Million, Five Hundred Twenty Three Thousand, Five Hundred Five Dollars and Ninety Cents (\$4,800,523,505.90).
- 27. **Section 5.2.1 shall be amended by deleting the reference to “December 31, 2016” and replacing it with “December 31, 2017”.**
- 28. **Section 5.3 shall be amended by adding a new Section 5.3.50 as follows:**
 - 5.3.50 Section 1914 of Title XIX of the Social Security Act and 42 CFR §447.30.
- 29. **Attachment I shall be deleted and replaced as follows:**

**ATTACHMENT I
BEHAVIORAL HEALTH SPECIALIZED SERVICE DESCRIPTIONS**

The CONTRACTOR shall provide medically necessary Behavioral Health Intensive Community Based Treatment Services, Tennessee Health Link, and psychiatric rehabilitation services according to the requirements herein.

All behavioral health services shall be rendered in a manner that supports the recovery of persons experiencing mental illness and enhance the development of resiliency of children and families who are impacted by mental illness, serious emotional disturbance, and/or substance use disorders. Recovery is a consumer driven process in which consumers are able to work, learn and participate fully in their communities. Recovery is the ability to live a fulfilling and productive life with a disability.

SERVICE	Behavioral Health Intensive Community Based Treatment Services
----------------	---

DEFINITION

Behavioral Health Intensive Community Based Treatment (ICBT) Services provide frequent and comprehensive support to individuals with a focus on recovery and resilience. The CONTRACTOR shall ensure the provision of Behavioral Health Intensive Community Based Treatment Services to adults and youth with complex needs including individuals who are at high risk of future hospitalization or placement out of the home and require both community support and treatment interventions. Behavioral Health Intensive Community Based Treatment Services shall be rendered through a team approach which shall include a therapist and care coordinator who work under the direct clinical supervision of a licensed behavioral health professional. The primary goal of these services is to reach an appropriate point of therapeutic stabilization so the individual can be transitioned to less in home based services and be engaged in appropriate behavioral health office based services.

Intensive Community Based Treatment Services should include, at a minimum, the following elements and services as clinically appropriate:

- System Of Care principles
- Certified Family Support Specialist services
- Direct clinical supervision
- Evidenced-based comprehensive assessments and evaluations
- Minimum of one to two (1-2) visits per week for individual therapy, family therapy, or family support from a Certified Family Support Specialist

Intensive Community Based Treatment Services shall be outcome-driven, including, but not limited to these treatment outcomes:

- Strengthened family engagement in treatment services
- Increased collaboration among formal and informal service providers to maximize therapeutic benefits
- Progress toward child & family goals
- Increased positive coping skills
- Increased family involvement in the community
- Developed skills to independently navigate the behavioral health system

Intensive Community Based Treatment Services include CTT, CCFT, and PACT treatment models as described below:

Continuous Treatment Team (CTT)

CTT is a coordinated team of staff (to include physicians, nurses, case managers, and other therapists as needed) who provide a range of intensive, care coordination, treatment, and rehabilitation services to adults and children and youth. The intent is to provide intensive treatment to adults and families of children and youth with acute psychiatric problems in an effort to prevent removal from the home to a more restrictive level of care. An array of services are delivered in the home or in natural settings in the community, and are provided through a strong partnership with the family and other community support systems. The program provides services including crisis intervention and stabilization, counseling, skills building, therapeutic intervention, advocacy, educational services, medication management as indicated, school based counseling and consultation with teachers, and other behavioral health services deemed necessary and appropriate.

Comprehensive Child and Family Treatment (CCFT)

CCFT services are high intensity, time-limited, therapeutic services designed for children and youth to provide stabilization and deter from out-of-home placement. There is usually family instability and high-risk behaviors exhibited by the child/adolescent. CCFT services are concentrated on child, family, and parental/guardian behaviors and interaction. CCFT services are more treatment oriented and situation specific with a focus on short-term stabilization goals.

Program of Assertive and Community Treatment (PACT)

PACT is a service delivery model for providing comprehensive community-based treatment to adults with severe and persistent mental illness. It involves the use of a multi-disciplinary team of mental health staff organized as an accountable, mobile mental health agency or group of providers who function as a team interchangeably to provide the treatment, rehabilitation and support services persons with severe and/or persistent mental illnesses need to live successfully in the community. The service components of PACT include:

- 1) Services targeted to a specific group of individuals with severe mental illness;
- 2) Treatment, support and rehabilitation services provided directly by the PACT team;
- 3) Sharing of responsibility between team members and individuals served by the team;
- 4) Small staff (all team staff including case managers) to individual ratios (approx. 1 to 10);
- 5) Comprehensive and flexible range of treatment and services;
- 6) Interventions occurring in community settings rather than in hospitals or clinic settings;
- 7) Twenty-four (24) hour a day availability of services; and
- 8) Engagement of individuals in treatment and recovery.

SERVICE	Tennessee Health Link
----------------	------------------------------

DEFINITION

Tennessee Health Link is a team of professionals associated with a mental health clinic or other behavioral health provider who provides whole-person, patient-centered, coordinated care for an assigned panel of members with behavioral health conditions. Members who would benefit from Tennessee Health Link will be identified based on diagnosis, health care utilization patterns, or functional need. They will be identified through a combination of claims analysis and provider referral.

Health Link professionals will use care coordination and patient engagement techniques to help members manage their healthcare across the domains of behavioral and physical health, including:

- Comprehensive care management (e.g., creating care coordination and treatment plans)
- Care coordination (e.g., proactive outreach and follow up with primary care and behavioral health providers)
- Health promotion (e.g., educating the patient and his/her family on independent living skills)
- Transitional care (e.g., participating in the development of discharge plans)
- Patient and family support (e.g., supporting adherence to behavioral and physical health treatment)
- Referral to social supports (e.g., facilitating access to community supports including scheduling and follow through)

SERVICE

Psychiatric Rehabilitation

DEFINITION

Psychiatric rehabilitation is an array of consumer-centered recovery services designed to support the individual in the attainment or maintenance of his or her optimal level of functioning. These services are designed to capitalize on personal strengths, develop coping skills and strategies to deal with deficits and develop a supportive environment in which to function as independent as possible on the individual's recovery journey.

The service components included under psychiatric rehabilitation are as follows:

Psychosocial Rehabilitation

Psychosocial Rehabilitation is a community-based program that promotes recovery, community integration, and improved quality of life for members who have been diagnosed with a behavioral health condition that significantly impairs their ability to lead meaningful lives. The goal of Psychosocial Rehabilitation is to support individuals as active and productive members of their communities through interventions developed with a behavioral health professional or certified peer recovery specialist, in a non-residential setting. These interventions are aimed at actively engaging the member in services, and forming individualized service plan goals that will result in measurable outcomes in the areas of educational, vocational, recreational and social support, as well as developing structure and skills training related to activities of daily living. Such interventions are collaborative, person-centered, individualized, and ultimately results in the member's wellness and recovery being sustainable within the community without requiring the support of Psychosocial Rehabilitation. Psychosocial Rehabilitation must meet medical necessity criteria and may be provided in conjunction with routine outpatient services.

Psychosocial Rehabilitation services vary in intensity, frequency, and duration in order to resolve the member's ability to manage functional difficulties.

Supported Employment

Supported employment consists of evidenced based practices (e.g., individual placement and support) to assist individuals to choose, prepare for, obtain, and maintain gainful employment that is based on individuals' preferences, strengths, and experiences. This service also includes support services to the individual, including side-by-side support on the job. These services may be integrated into a psychosocial rehabilitation center.

Peer Recovery Services

Peer recovery services are designed and delivered by people who have lived experience with behavioral health issues. A Certified Peer Recovery Specialist (CPRS) is someone who has self-identified as being in recovery from mental illness, substance use disorder, or co-occurring disorders of both mental illness and substance use disorder. In addition, a Certified Peer Recovery Specialist has completed specialized training recognized by the Tennessee Department of Mental Health and Substance Abuse Services on how to provide peer recovery services based on the principles of recovery and resiliency. Certified Peer Recovery Specialists can provide support to others with mental illness, substance use disorder, or co-occurring disorder and help them achieve their personal recovery goals by promoting self-determination, personal responsibility, and the empowerment inherent in self-directed recovery.

ment 40 (cont.)

Under the direct clinical supervision of a licensed behavioral health professional, peer recovery services provided by a Certified Peer Recovery Specialist may include: assisting individuals in the development of a strengths-based, person-centered plan of care; serving as an advocate or mentor; developing community support; and providing information on how to successfully navigate the behavioral health care system. Activities which promote socialization, recovery, self-advocacy, development of natural supports, and maintenance of community living skills are provided so individuals can educate and support each other in the acquisition of skills needed to manage their recovery and access resources within their communities. Services are often provided during the evening and weekend hours.

Family Support Services

Family support services are used to assist other caregivers of children or youth diagnosed with emotional, behavioral, or co-occurring disorders, and are provided by a Certified Family Support Specialist under the direct clinical supervision of a licensed behavioral health professional. A Certified Family Support Specialist is a person who has previously self-identified as the caregiver of a child or youth with an emotional, behavioral or co-occurring disorder and who has successfully navigated the child-serving systems to access treatment and resources necessary to build resiliency and foster success in the home, school, and community. This individual has successfully completed and passed training recognized by the Tennessee Department of Mental Health and Substance Abuse Services on how to assist other caregivers in fostering resiliency in their child based on the principles of resiliency and recovery; and has received certification from the Tennessee Department of Mental Health and Substance Abuse Services as a Certified Family Support Specialist.

These services include assisting caregivers in managing their child's illness and fostering resiliency and hope in the recovery process. These direct caregiver-to-caregiver support services include, but are not limited to, developing formal and informal supports, assisting in the development of strengths-based family and individual goals, serving as an advocate, mentor, or facilitator for resolution of issues that a caregiver is unable to resolve on his or her own, or providing education on system navigation and skills necessary to maintain a child with emotional, behavioral or co-occurring disorders in their home environment.

Illness Management & Recovery

Illness management and recovery services refer to a series of weekly sessions with trained mental health practitioners for the purpose of assisting individuals in developing personal strategies for coping with mental illness and promoting recovery. Illness management and recovery is not limited to one curriculum but is open to all evidenced-based and/or best practice classes and programs such as WRAP (Wellness Recovery Action Plan).

Supported Housing

Supported housing services refer to transitional services rendered at facilities that provide behavioral health staff supports for individuals who require treatment services in a highly structured, safe, and secure setting. Supported housing services are for TennCare Priority Enrollees and are intended to prepare individuals to live independently in a community setting. At a minimum, supported housing services include coordinated and structured personal care services to address the individuals' behavioral and physical health needs in addition to fifteen (15) hours per week of psychosocial rehabilitation services to assist individuals in achieving recovery and resiliency based goals and developing the life skills necessary to live independently in a community setting. The required fifteen (15) hours per week of psychosocial rehabilitation is not inclusive of the psychosocial rehabilitation services received in day programs. Supported housing services do not include the payment of room and board.

SERVICE

Crisis Services

Definition

Behavioral health crisis services shall be rendered to individuals with a mental health or substance use/abuse issue when there is a perception of a crisis by an individual, family member, law enforcement, hospital staff or others who have closely observed the individual experiencing the crisis. Crisis services are available twenty-four (24) hours a day, seven (7) days a week. Crisis services include twenty-four (24) hour toll free telephone lines answered in real time by trained crisis specialists and face-to-face crisis services including, but not limited to: prevention, triage, intervention, evaluation/referral for additional services/treatment, and follow-up services. Certified Peer Recovery Specialists and/or Certified Family Support Specialists shall be utilized in conjunction with crisis specialists to assist adults and children in alleviating and stabilizing crises and promote the recovery process as appropriate. Behavioral health crisis service providers are not responsible for pre-authorizing emergency involuntary hospitalizations.

The Mental Health Crisis Response Services - Community Face-to-Face Response Protocols provide guidance for calls that are the responsibility of a crisis response service to determine if a Face-to-Face evaluation is warranted and those that are not the responsibility of the crisis response service. These Protocols were developed to ensure that consumers who are experiencing a behavioral health crisis and have no other resources receive prompt attention. All responses are first determined by clinical judgment.

Guidance for All Calls:

- For calls originating from an Emergency Dept., telehealth is the preferred service delivery method for the crisis response service
- After determining that there is no immediate harm, ask the person if he or she can come to the closest walk-in center
- If a Mandatory Pre-screening Agent (MPA) not employed by a crisis response service is available, there may be no need for a crisis evaluation by mobile crisis
- For all other calls, unless specified in the Protocols, if a person with mental illness is experiencing the likelihood of immediate harm then a response is indicated.

30. **The Service Charts in Attachment V shall be amended by deleting and replacing “Mental Health Case Management” with “Intensive Community Based Treatment Services” and adding “Tennessee Health Link Services” as follows:**

**ATTACHMENT V
ACCESS & AVAILABILITY FOR BEHAVIORAL HEALTH SERVICES**

The CONTRACTOR shall adhere to the following behavioral health network requirements to ensure access and availability to behavioral health services for all members (adults and children). For the purpose of assessing behavioral health provider network adequacy, TENNCARE will evaluate the CONTRACTOR’s provider network relative to the requirements described below. Providers serving adults will be evaluated separately from those serving children.

Access to Behavioral Health Services

The CONTRACTOR shall ensure access to behavioral health providers for the provision of covered services. At a minimum, this means that:

nendment 40 (cont.)

The CONTRACTOR shall have provider agreements with providers of the services listed in the table below and meet the geographic **and** time for admission/appointment requirements.

Service Type	Geographic Access Requirement	Maximum Time for Admission/ Appointment
Psychiatric Inpatient Hospital Services	Travel distance does not exceed 90 miles for at least 90% of members	4 hours (emergency involuntary)/24 hours (involuntary)/24 hours (voluntary)
24 Hour Psychiatric Residential Treatment	<p>The CONTRACTOR shall contract with at least 1 provider of service in each Grand Region (3 statewide) for ADULT members</p> <p>-----</p> <p>-----</p> <p>Travel distance does not exceed 60 miles for at least 75% of CHILD members and does not exceed 90 miles for at least 90% of CHILD members</p>	Within 30 calendar days
Outpatient Non-MD Services	Travel distance does not exceed 30 miles for ALL members	Within 10 business days; if urgent, within 48 hours
Intensive Outpatient (may include Day Treatment (adult), Intensive Day Treatment (Children & Adolescent) or Partial Hospitalization)	Travel distance does not exceed 90 miles for at least 90% of members	Within 10 business days; if urgent, within 48 hours
Inpatient Facility Services (Substance Abuse)	Travel distance does not exceed 90 miles for at least 90% of members	Within 2 calendar days; for detoxification - within 4 hours in an emergency and 24 hours for non-emergency
24 Hour Residential Treatment Services (Substance Abuse)	<p>The CONTRACTOR shall contract with at least 1 provider of service in each Grand Region (3 statewide) for ADULT members</p> <p>-----</p> <p>The CONTRACTOR shall contract with at least 1 provider of service in each Grand Region (3 statewide) for CHILD members</p>	Within 10 business days
Outpatient Treatment Services (Substance Abuse)	Travel distance does not exceed 30 miles for ALL members	Within 10 business days; for detoxification – within 24 hours
Intensive Community Based Treatment Services	Not subject to geographic access standards	Within 7 calendar days
Tennessee Health Link Services	Not subject to geographic access standards	Within 30 Calendar Days

ment 40 (cont.)

Psychosocial Rehabilitation (may include Supported Employment, Illness Management & Recovery, Peer Recovery services or Family Support service)	Not subject to geographic access standards	Within 10 business days
Supported Housing	Not subject to geographic access standards	Within 30 calendar days
Crisis Services (Mobile)	Not subject to geographic access standards	Face-to-face contact within 2 hours for emergency situations and 4 hours for urgent situations
Crisis Stabilization	Not subject to geographic access standards	Within 4 hours of referral

TENNCARE will evaluate the need for further action when the above standards are not met. At its sole discretion TENNCARE may elect one of three options: (1) TENNCARE may request a Corrective Action Plan (CAP), (2) a Request for Information (RFI), (3) or an On Request Report (ORR) depending on the severity of the deficiency.

The requested CAP, RFI or ORR response shall detail the CONTRACTOR's network adequacy considering any alternate measures, documentation of unique market conditions and/or its plan for correction. If TENNCARE determines the CONTRACTOR's response demonstrates the existence of alternate measures or unique market conditions, TENNCARE may elect to request periodic updates from the CONTRACTOR regarding efforts to address such conditions.

At a minimum, providers for the following service types shall be reported on the Provider Enrollment File:

Service Type	Service Code(s) for use in position 330-331 of the Provider Enrollment File
Psychiatric Inpatient Hospital Services	Adult - 11, 79, 85 Child - A1 or H9
24 Hour Psychiatric Residential Treatment	Adult - 13, 81, 82 Child - A9, H1, or H2
Outpatient MD Services (Psychiatry)	Adult - 19 Child - B5
Outpatient Non-MD Services	Adult - 20 Child - B6
Intensive Outpatient/ Partial Hospitalization	Adult - 21, 23, 62 Child - B7, C2, C3
Inpatient Facility Services (Substance Abuse)	Adult - 15, 17 Child - A3, A5
24 Hour Residential Treatment Services (Substance Abuse)	Adult - 56 Child - F6
Outpatient Treatment Services (Substance Abuse)	Adult - 27 or 28 Child - D3 or D4
Intensive Community Based Treatment Services	Adult - 66, or 83 Child - C7, G2, G6, or K1
Tennessee Health Link Services	Adult-31 Child-D7
Psychiatric Rehabilitation Services:	
Psychosocial Rehabilitation	42
Supported Employment	44
Peer Recovery Services	88
Family Support Services	49
Illness Management & Recovery	91
Supported Housing	32 and 33
Crisis Services (Mobile)	Adult - 37, 38, 39 Child - D8, D9, E1
Crisis Respite	Adult - 40 Child - E2
Crisis Stabilization	Adult 41

Amendment 40 (cont.)

All of the provisions of the original Contract not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective January 1, 2017.

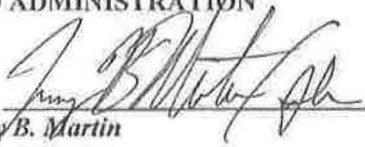

The State is not bound by this Amendment until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this Contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

The CONTRACTOR, by signature of this Amendment, hereby affirms that this Amendment has not been altered and therefore represents the identical document that was sent to the CONTRACTOR by TENNCARE.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

**AMENDMENT NUMBER 39
AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Sections 2.4.6.3 and 2.23.5.3 shall be deleted and replaced as follows:

- 2.4.6.3 The CONTRACTOR shall provide a daily electronic eligibility file (inbound 834) to TENNCARE as specified and in conformance to data exchange format and method standards outlined in Section 2.23.5.

- 2.23.5.3 The CONTRACTOR shall transmit daily to TENNCARE, in the formats and methods specified in the HIPAA Implementation and TennCare Companion guides or as otherwise specified by TENNCARE: member address changes, telephone number changes, third party liability and PCP.

2. Section 2.7.4.2 through 2.7.4.2.3 shall be deleted and replaced as follows:

- 2.7.4.2 The CONTRACTOR shall submit an Annual Community Outreach Plan no later than December 1 of each year for review and approval by TENNCARE.

- 2.7.4.2.1 The Annual Community Outreach Plan shall be written in accordance with guidance prepared by TENNCARE. It shall include, but is not limited to: all proposed community screening/health education events related to TennCare Kids; all proposed community/health education events unrelated to TennCare Kids; a system for documenting and evaluating events within thirty (30) days of occurrence; and reporting on evaluations in the TennCare Kids Quarterly Updates. A Year-End Update of the Plan shall be due no later than forty-five (45) days following the end of a calendar year in a format approved by TENNCARE. This evaluation must include an appraisal of the objectives in the Plan and an assessment of the events conducted in the previous year in a format approved by TENNCARE.

- 2.7.4.2.1.1 Each plan must include:

Amendment 39 (cont.)

- 2.7.4.2.1.1.1 Methodology for developing the plan to include data assessments conducted, policy and procedure reviews, and any research that may have been conducted.
 - 2.7.4.2.1.1.2 Outreach efforts must include both written and oral communications and must address both rural and urban areas of the state and efforts to reach minorities and other underserved populations.
 - 2.7.4.2.1.1.3 Outreach efforts to teens.
 - 2.7.4.2.1.1.4 Interim evaluation criteria.
 - 2.7.4.2.1.1.5 Annual evaluation criteria.
 - 2.7.4.2.1.2 Each plan must be resubmitted quarterly with updates on progress included.
 - 2.7.4.2.2 A list of community screening events and other health education events, both related and unrelated to TennCare Kids, shall be included in the Quarterly Outreach Activities Report (See Section A.2.30.4.4) in a format specified by TENNCARE. The list must include designation of either TennCare Kids or Other as well as the county in which the event was held.
3. **Section 2.8.4.5 shall be amended by adding a new Section 2.8.4.5.5 as follows and renumbering the remaining Sections accordingly, including any references thereto.**
- 2.8.4.5.5 The CONTRACTOR shall assess the need for a face-to-face visit using the standard assessment criteria provided by TENNCARE for all population health programs requiring interactive interventions.
4. **Sections 2.15.7.3 and 2.15.7.5 shall be deleted and replaced as follows:**
- 2.15.7.3 Home Health Agency Critical Incident Reporting
 - 2.15.7.3.1 The CONTRACTOR shall identify, track, and review all significant critical incidents that occur during the provision of Home Health (HH) services. This requirement shall be applied for all members, including CHOICES and Non-CHOICES members. A HH critical incident shall include those significant incidents that are reported to the CONTRACTOR from the Home Health Agency (HHA). Critical incidents include, but are not limited to, the following:
 - 2.15.7.3.1.1 Any unexpected death, regardless of whether the death occurs during the provision of HH;
 - 2.15.7.3.1.2 Major/severe injury;
 - 2.15.7.3.1.3 Safety issues;
 - 2.15.7.3.1.4 Suspected physical, mental or sexual abuse;
 - 2.15.7.3.1.5 Neglect;
 - 2.15.7.3.1.6 Life-threatening medical emergency;

Amendment 39 (cont.)

2.15.7.3.1.7 Medication error;

2.15.7.3.1.8 Financial exploitation;

2.15.7.3.1.9 Theft.

2.15.7.3.2 Each incident must be reported using the TENNCARE prescribed HHA Critical Incident report template within twenty-four (24) business hours of the CONTRACTOR QM/QI Program staff receiving information relative to such an incident. An updated report, including results of investigation and next steps must be submitted to TENNCARE within thirty (30) calendar days of notification of the incident. The CONTRACTOR shall be responsible, as part of its critical incident management system, to track, review and analyze critical incident data in a manner described in Section A.2.15.7.1.2 that takes into consideration all incidents occurring for members supported by an agency, whether they occur during the provision of CHOICES HCBS or HH services, including the identification of trends and patterns, opportunities for improvement, and actions and strategies the CONTRACTOR will take to reduce the occurrence of incidents and improve the quality of HH services received.

2.15.7.5 As specified in Sections A.2.30.12.8, A.2.30.12.9 and A.2.30.12.10, the CONTRACTOR shall submit quarterly reports to TENNCARE regarding all critical incidents.

5. **Section 2.20.1.5 and 2.20.1.8 shall be deleted and replaced as follows:**

2.20.1.5 The CONTRACTOR, as well as its subcontractors and providers, whether contract or non-contract, shall comply with all federal requirements (42 C.F.R. § 1002) on exclusion and debarment screening. All tax-reporting provider entities that bill and/or receive TennCare funds as the result of this Contract shall screen their owners and employees against the Social Security Master Death File, the Excluded Parties List System (EPLS) and the HHS-OIG List of Excluded Individuals/Entities (LEIE). Any unallowable funds made to excluded individuals as full or partial wages and/or benefits shall be refunded to and/or obtained by the State.

2.20.1.8 This prohibition described above in Section 2.20.1.7 shall be limited to a specific provider(s), for specific dates, and for specific issues, services or claims. The CONTRACTOR shall check with the Bureau of TennCare, Program Integrity Unit before initiating any recoupment or withhold of any program integrity related funds (See Section A.2.20.1.7) to ensure that the recoupment or withhold is permissible. In the event that the CONTRACTOR obtains funds in cases where repayment is prohibited under this section, the CONTRACTOR will notify the Director of Program Integrity and take action in accordance with written instructions from the Director of Program Integrity. If the funds are under investigation by the State of Tennessee or have approved claim tags from the State of Tennessee or approved claim tags by the TennCare RAC then the CONTRACTOR will be subject to forfeiture of the funds to the State and the imposition of liquidated damages.

6. **Section 2.20.2.3 shall be amended by deleting the website link and replacing it as follows:**

2.20.2.3 The CONTRACTOR shall notify TBI MFCU and TennCare Office of Program Integrity simultaneously and in a timely manner regarding all internal (such as identified patterns of data mining outliers, audit concerns, critical incidences) and external (such as hotline

Amendment 39 (cont.)

calls) tips with potential implications to TennCare providers' billing anomalies and/or to safety of TennCare enrollees (TBI.MFCU@tn.gov; ProgramIntegrity.TennCare@tn.gov). Along with a notification, the CONTRACTOR shall take steps to triage and/or substantiate these tips and provide simultaneous and timely updates to TBI MFCU and the TennCare Office of Program Integrity when the concerns and/or allegations of any tips are authenticated.

7. **Section 2.20.2 shall be amended by adding a new Section 2.20.2.14 as follows and renumbering the remaining Sections accordingly, including any references thereto.**

2.20.2.14 If the CONTRACTOR subjects a provider (who is not otherwise listed as under investigation or litigation involving the State or Federal government) to pre-payment review or any review requiring the provider to submit documentation to support a claim prior to the CONTRACTOR considering it for payment, as a result of suspected fraud, waste, and/or abuse, the CONTRACTOR shall adhere to the following, within ninety (90) days of requiring such action:

2.20.2.14.1 Conduct a retrospective medical and coding review on the relevant claims; and

2.20.2.14.2 If fraud, waste or abuse is still suspected after conducting the retrospective review, submit to TennCare Program Integrity a suspected fraud referral, including all referral components as required by TennCare Program Integrity.

2.20.2.14.3 A retrospective review shall not be conducted for providers who are listed as under investigation or litigation involving the State or Federal government or other instances as deemed appropriate by TENNCARE.

8. **Section 2.20.3.6 shall be deleted and replaced as follows:**

2.20.3.6 The CONTRACTOR shall have provisions in its Compliance Plan regarding conducting monthly comparison of their provider files, including atypical providers, against the Social Security Master Death File, the Excluded Parties List System (EPLS) and the HHS-OIG List of Excluded Individuals/Entities (LEIE) and provide a report of the result of comparison to TENNCARE each month. The CONTRACTOR shall establish an electronic database to capture identifiable information on the owners, agents and managing employees listed on providers' Disclosure forms.

9. **Section 2.30.3 shall be deleted and replaced as follows:**

A.2.30.3 **Community Outreach Plan Reports**

2.30.3.1 The CONTRACTOR shall submit an Annual Community Outreach Plan on December 1st of each year and must be written in accordance with guidance provided in Section A.2.7.4.2.1.

2.30.3.2 The CONTRACTOR shall submit a Quarterly Outreach Update thirty (30) days following the end of each quarter.

2.30.3.3 The CONTRACTOR shall submit a Year-End Outreach Update forty-five (45) days following the end of the calendar year.

Amendment 39 (cont.)

10. **Section 2.30.4.4 shall be deleted and replaced as follows:**

2.30.4.4 The CONTRACTOR shall submit a *TennCare Kids and Quarterly Outreach Activities Report* which shall be in a format designated by TENNCARE and shall include a listing of related and non-related TennCare Kids events.

11. **Section 2.30.12 shall be amended by adding a new Section 2.30.12.10 and 2.30.12.11 as follows:**

2.30.12.10 The CONTRACTOR shall submit a quarterly Home Health Critical Incident Report in accordance with Section A.2.15.7.3 that provides information, by month regarding specified measures, which shall include but not be limited to the following:

2.30.12.10.1 The number of Critical Incidents, overall and by:

2.30.12.10.1.1 Date of Critical Incident;

2.30.12.10.1.2 Type of Critical Incident;

2.30.12.10.1.3 Location;

2.30.12.10.1.4 Provider name; and

2.30.12.10.1.5 Action Taken by Facility/Provider.

2.30.12.11 The CONTRACTOR shall report to TENNCARE any death and any incident that could significantly impact the health or safety of a member (e.g., physical or sexual abuse) within twenty-four (24) hours of detection or notification.

2.30.12.11.1 For HHA Critical Incidents the CONTRACTOR shall submit an updated report, including results of investigation and next steps to TENNCARE within thirty (30) calendar days of notification of the incident.

12. **Section 2.30.13.1.2 and 2.30.13.1.3 shall be amended by deleting the last sentence so the amended Sections read as follows:**

2.30.13.1.2 The CONTRACTOR shall submit a quarterly 24/7 Nurse Triage Line Report that lists the total calls received by the 24/7 nurse triage line, including the number of calls from CHOICES members, including the ultimate disposition of the call (e.g. education only, no referral for care; referred to primary care provider for care, referred to emergency department for care, transfers to a care coordinator (for CHOICES members)).

2.30.13.1.3 The CONTRACTOR shall submit a quarterly ED Assistance Tracking Report that provides the total number of calls received pertaining to patients in EDs needing assistance in accessing care in an alternative setting. Such report shall include the date and time of the call, identifying information for the member, the name and location of the hospital, the ultimate response to the call (e.g. appointment made with PCP) and the elapsed time from ED visit until appointment in alternative setting.

13. Section 2.30.22 shall be deleted and replaced as follows:

2.30.22 Non-Discrimination Compliance Reports

- 2.30.22.1 In June of every year this Contract is in effect, HCFA shall provide the CONTRACTOR with a Nondiscrimination Compliance Questionnaire. The CONTRACTOR shall answer the questions contained in the Compliance Questionnaire and submit the completed Questionnaire to HCFA within sixty (60) calendar days of receipt of the Compliance Questionnaire from HCFA with any requested documentation, which shall include, the CONTRACTOR's Assurance of Nondiscrimination. The signature date of the CONTRACTOR's Nondiscrimination Compliance Questionnaire shall be the same as the signature date of the CONTRACTOR's Assurance of Nondiscrimination. The Nondiscrimination Compliance Questionnaire deliverables shall be in a format specified by HCFA.
- 2.30.22.1.1 As part of the requested documentation for the Nondiscrimination Compliance Questionnaire, the CONTRACTOR shall submit copies of its nondiscrimination policies and procedures that demonstrate nondiscrimination in the provision of its services, programs, or activities provided under this Contract. These policies shall include topics, such as, working to reduce and end health disparities, the provision of language and communication assistance services for LEP individuals and individuals that require effective communication assistance in alternative formats (auxiliary aids or services), and providing assistance to individuals with disabilities. Any nondiscrimination policies and procedures that are specific to HCFA program members shall be prior approved in writing by HCFA.
- 2.30.22.2 As a part of the requested documentation for the Nondiscrimination Compliance Questionnaire the CONTRACTOR shall include reports that capture data for all language and communication assistance services used and provided by the CONTRACTOR under this Contract. One report shall contain the names of the CONTRACTOR's language and communication assistance service providers, the languages that interpretation and translation services are available in, the auxiliary aids or services that were provided and that are available, the hours the language and communication assistance services are available, and the numbers individuals call to access language and communication assistance services. A separate report that captures a listing of language and communication assistance services that were requested by members (i.e. Arabic; Braille) and the methods used to provide the language and alternative communication service to the members (i.e. interpretation; translation). In addition, the report shall contain a listing of the number of LEP members that are enrolled in the MCO broken down by county and the languages that are spoken by these members. Upon request the CONTRACTOR shall provide a more detailed report that contains the requestor's name and identification number, the requested service, the date of the request, the date the service was provided, and the name of the service provider.
- 2.30.22.3 The CONTRACTOR shall submit a quarterly *Non-discrimination Compliance Report* which shall include the following:
- 2.30.22.3.1 A summary listing that captures the total number of the CONTRACTOR's new hires that have completed civil rights/nondiscrimination training and cultural competency training and the dates the trainings were completed for that quarter; and

Amendment 39 (cont.)

- 2.30.22.3.1.1 A listing of the total number of the CONTRACTOR's employees that have completed annual civil rights training and cultural competency training and the dates completed for that quarter, if annual training was provided during that quarter.
- 2.30.22.3.2 An update of all written discrimination complaints filed by individuals, such as, employees, members, providers and subcontractors in which the discrimination allegation is related to the provision of and/or access to TennCare covered services provided by the CONTRACTOR, which the CONTRACTOR is assisting TENNCARE with resolving. This update shall include, at a minimum: identity of the complainant, complainant's relationship to the CONTRACTOR, circumstances of the complaint, type of covered service related to the complaint, date complaint filed, the CONTRACTOR's resolution, date of resolution, and the name of the CONTRACTOR staff person responsible for adjudication of the complaint. For each complaint reported as resolved the CONTRACTOR shall submit a copy of the complainant's letter of resolution.
- 2.30.22.3.2.1 The CONTRACTOR shall also provide a listing of all discrimination claims that are reported to the CONTRACTOR that are claimed to be related to the provision of and/or access to TennCare covered services provided by the CONTRACTOR. This listing shall include, at a minimum: identity of the person making the report, the person's relationship to the CONTRACTOR, circumstances of the report, type of covered service related to the report, date of the report, the CONTRACTOR's resolution, and date of resolution. When such reports are made, the CONTRACTOR shall offer to provide discrimination complaint forms to the individual making the report.
- 2.30.22.3.3 The language and communication assistance report shall capture a summary listing of the language and alternative communication services that were requested by the members (i.e. Arabic; Braille) and the method used to provide the language and alternative communication service to the members (i.e. interpretation; translation). In addition, the report shall contain a listing of the number of LEP members that are enrolled in the MCO broken down by county and the languages that are spoken by these members. Upon request the CONTRACTOR shall provide a more detailed report that contains the member's identification number, the requested service, the date of the request, the date the service was provided and the name of the service provider.
- 2.30.22.4 By September 15 of each year, the CONTRACTOR shall begin distributing adult and child member health disparities surveys. These surveys shall be conducted over a period of 10 weeks. The CONTRACTOR shall use a mixed mode (email, telephone, and mail) survey method or other survey methods approved by TENNCARE.
- 2.30.22.4.1 TENNCARE shall provide the CONTRACTOR with survey questions that capture the following five (5) measurements: access to care; provider communication; provider rating; MCO communication; and MCO rating. The results of these surveys shall be reported at statewide and Grand Region levels and shall be segmented by the members' race and ethnicity, language, disability, sex, sexual orientation (only for adults) statuses. The survey measurements may also be used to report members' experiences based on members' health needs/Chronic Conditions.
- 2.30.22.4.2 On December 15 of each year, the CONTRACTOR shall submit the survey results in an annual Report on Health Disparities that includes recommendations for improvements based on the survey results. The CONTRACTOR shall collaborate with TENNCARE and other

Amendment 39 (cont.)

entities designated by TENNCARE to develop and implement projects to reduce health disparities.

14. **Section 3.2.4 shall be deleted and replaced as follows:**

3.2.4 Provide care coordination and case management consistent with state and federal Medicaid regulations.

15. **Level A.4 of Section 5.20.2.2.7 shall be amended by adding additional language as follows:**

A.4	Failure to comply with obligations and time frames in the delivery of TennCare Kids screens and related services	The actual amount paid by DCS and/or TENNCARE for necessary services or \$1,000, whichever is greater AND \$10,000 per Region for Screening Rate below 85% as determined from CMS 416 MCO Report \$25,000 per Region for Screening Rate below 80% as determined from CMS 416 MCO Report \$50,000 per Region for Screening Rate below 75% as determined from CMS 416 MCO Report
------------	--	--

Amendment 39 (cont.)

All of the provisions of the original Contract not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective July 1, 2016.

The State is not bound by this Amendment until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this Contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

The CONTRACTOR, by signature of this Amendment, hereby affirms that this Amendment has not been altered and therefore represents the identical document that was sent to the CONTRACTOR by TENNCARE.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

**AMENDMENT NUMBER 38
AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. **The contract shall be amended by deleting the word “TENnderCare” throughout and replacing it with “TennCare Kids”.**
2. **Section 1 shall be amended by adding the definition of Ethical and Religious Directives as follows:**

Ethical and Religious Directives (often called the ERDs) means a document that offers moral guidance on various aspects of health care delivery and is based on a religious organization’s theological and moral teachings.

3. **“Inpatient, Residential & Outpatient Substance Abuse Benefit¹” in Section 2.6.1.4 shall be deleted and replaced as follows:**

SERVICE	BENEFIT LIMIT
Inpatient, Residential & Outpatient Substance Abuse Benefits¹	Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary . Medicaid/Standard Eligible, Under age 21: Covered as medically necessary.

¹When medically appropriate, services in a licensed substance abuse residential treatment facility may be substituted for inpatient substance abuse services. Methadone clinic services are not covered for adults.

4. **Section 2.7.4.2.2 through 2.7.4.2.4 shall be deleted and replaced as follows. All Section references shall be updated accordingly.**

2.7.4.2.2 By December 1, 2015, the CONTRACTOR shall submit an Annual Outreach Plan to TENNCARE with subsequent annual plans due on January 15th of each year.

2.7.4.2.2.1 Each plan must include:

Amendment 38 (cont.)

- 2.7.4.2.2.1.1 Methodology for developing the plan to include data assessments conducted, policy and procedure reviews, and any research that may have been conducted.
 - 2.7.4.2.2.1.2 Outreach efforts must include both written and oral communications and must address both rural and urban areas of the state and efforts to reach minorities and other underserved populations.
 - 2.7.4.2.2.1.3 Outreach efforts to teens.
 - 2.7.4.2.2.1.4 Interim evaluation criteria.
 - 2.7.4.2.2.1.5 Annual evaluation criteria.
 - 2.7.4.2.2.2 Each plan must be resubmitted quarterly with updates on progress included.
 - 2.7.4.2.3 A list of community events and other health education events, both related and unrelated to TennCare Kids shall be included in the quarterly TennCare Kids Report (See Section 2.30.4.4) in a format specified by TENNCARE. The list must include designation of either TennCare Kids or Other as well as the county in which the event was held.
5. **Section 2.7.6.2.4 through 2.7.6.2.10.2 shall be deleted and replaced as follows. All Section references shall be updated accordingly.**
- 2.7.6.2.4 As part of its TennCare Kids policies and procedures, the CONTRACTOR shall have a written process for following up with members who do not get their screenings timely. This process for follow up shall include provisions for documenting all outreach attempts and maintaining records of efforts made to reach out to members who have missed screening appointments or who have failed to receive regular check-ups.
 - 2.7.6.2.5 The CONTRACTOR shall have a process for determining if a member who is eligible for TennCare Kids has used no services within a year. Two (2) reasonable attempts to re-notify such members about TennCare Kids must be made and shall be in different formats.
 - 2.7.6.2.6 The CONTRACTOR shall make available to members and families accurate lists of names and phone numbers of contract providers who are currently accepting TennCare members as described in Section A.2.17.8 of this Contract.
 - 2.7.6.2.7 The CONTRACTOR shall target specific informing activities to pregnant women and families with newborns. Provided that the CONTRACTOR is aware of the pregnancy, the CONTRACTOR shall inform all pregnant women prior to the estimated delivery date about the availability of TennCare Kids services for their children. The CONTRACTOR shall offer TennCare Kids services for the child when it is born.
 - 2.7.6.2.8 The CONTRACTOR shall provide member education and outreach in community settings. Outreach events shall be conducted each the Grand Region, including rural and urban areas, covered by this Contract.

Amendment 38 (cont.)

6. **Section 2.8.2.1.1 shall be deleted and replaced as follows:**

2.8.2.1.1 The CONTRACTOR shall make reasonable attempts to assess member's health risk utilizing the appropriate common mini-health appraisal approved by the Bureau and Population Health staff or a comprehensive health risk assessment. The information collected from these health appraisals will be used to align individual members with appropriate intervention approaches and maximize the impact of the services provided. Members exempt from the mini-health appraisal are detailed in Section 2.8.3.1 of this Contract.

7. **Section 2.8.3.1 shall be deleted and replaced as follows:**

2.8.3.1 At time of enrollment and annually thereafter, the CONTRACTOR shall make a reasonable attempt to assess the member's health as detailed in Section 2.8.2.1.1 of this Contract. The comprehensive health risk assessment required by Level 2 Population Health programs, CHOICES, Dual Special Needs Program (D-SNP), Select Community, and Department of Children's Services (DCS) can be used in lieu of the mini-health appraisal required by the contract. A completed approved mini-health appraisal or a comprehensive health risk assessment done in the prior twelve (12) months may be shared among TennCare MCOs and used to meet the annual requirement.

8. **Item 8 of Amendment 37 sought to amend Section 2.9.6.6.2.5.4 but inadvertently contained a typo by stating the Section number incorrectly as 2.9.6.6.2.6.4. This correct Section reference is 2.9.6.6.2.5.4.**

9. **Item 9 of Amendment 37 sought to amend Section 2.9.6.6.2.6 but inadvertently contained a typo by stating the Section number incorrectly as 2.9.6.6.2.7. This correct Section reference is 2.9.6.6.2.6.**

10. **Section 2.9.14 shall be amended by adding a new Section 2.9.14.10 as follows:**

2.9.14.10 For dual eligible members aligned in the CONTRACTOR's MCO for Medicaid benefits and the CONTRACTOR's D-SNP for Medicare benefits, the CONTRACTOR shall manage all Medicaid and Medicare benefits locally (i.e., in Tennessee) and in an integrated manner.

2.9.14.10.1 There shall be a single point of coordination for aligned full benefit dual eligible members across the member's Medicaid and Medicare benefits.

2.9.14.10.2 The Care Coordinator of any dual eligible member enrolled in CHOICES and in the CONTRACTOR's DSNP shall be responsible for coordinating the full range of Medicaid, including LTSS, and Medicare benefits, have access to all of the information needed to do so, and the CONTRACTOR's systems and business process shall support an integrated approach to care coordination and service delivery.

2.9.14.10.3 The CONTRACTOR's systems shall be configured and the CONTRACTOR's operations shall be structured to facilitate the coordination of Medicaid and Medicare services in an integrated way. This includes the availability of consistent data for care coordination purposes across both the Medicaid and D-SNP plans. This is particularly crucial for CHOICES members and members identified for CHOICES screening.

Amendment 38 (cont.)

11. **Section 2.12.9 shall be amended by adding a new Section 2.12.9.66.5 as follows:**

2.12.9.66.5 For Provider Agreement that include Ethical and Religious Directives provisions, include the following requirements:

2.12.9.66.5.1 The Provider shall provide a list of the services it does not deliver due to the Ethical and Religious Directives to the CONTRACTOR. The CONTRACTOR shall furnish this list to TENNCARE, notating those services that are TennCare covered services. This list shall be used by the CONTRACTOR and TENNCARE to provide information to TennCare members about where and how the members can obtain the services that are not being delivered by the Provider due to Ethical and Religious Directives.

2.12.9.66.5.2 At the time of service, the Provider shall inform TennCare members of the health care options that are available to the TennCare members, but are not being provided by the Provider due to the Ethical and Religious Directives, but the Provider is not required to make specific recommendations or referrals. In addition, the Provider shall inform TennCare members that the member's MCO has additional information on providers and procedures that are covered by TENNCARE.

12. **Section 2.16.2 shall be deleted and the remaining Section 2.16 shall be renumbered accordingly, including any references thereto.**

13. **Section 2.17.5 shall be deleted and replaced as follows:**

2.17.5 Quarterly Member Newsletter

2.17.5.1 General Newsletter

The CONTRACTOR shall, at a minimum, distribute on a quarterly basis a newsletter to all members which is intended to educate the enrollee to the managed care system, proper utilization of services, etc., and encourage utilization of preventive care services.

2.17.5.1.1 In addition to the requirements described in Section 2.17.5.3, the CONTRACTOR shall include the following in each General Newsletter:

2.17.5.1.1.1 At least one specific article targeted to CHOICES members; and

2.17.5.1.1.2 Notification regarding the CHOICES program, including a brief description and whom to contact for additional information.

2.17.5.2 Teen Newsletter

The CONTRACTOR shall, at a minimum, distribute on a quarterly basis a newsletter to all enrollees between the ages of 15 and 20 which is intended to educate the enrollee to the managed care system, proper utilization of services and provide TennCare Kids information with an emphasis on the encouragement to utilize TennCare Kids services, including screenings and other preventive care services.

Amendment 38 (cont.)

- 2.17.5.2.1 In addition to the requirements described in Section, 2.17.5.3, the Teen Newsletter shall be a product of the TennCare Kids MCC Collaborative. The MCOs will agree on five required topics to include in each newsletter. MCOs may include additional articles at their discretion; no deviation from the five agreed upon articles will be allowed unless approved in writing by TENNCARE.
- 2.17.5.2.2 Distribution of the teen newsletter may be accomplished by a format chosen by the CONTRACTOR such as social media. The format should be chosen as an effort to reach the teen population most effectively.
- 2.17.5.3 The CONTRACTOR shall include the following information in each newsletter:
 - 2.17.5.3.1 Specific articles or other specific information as described when requested by TENNCARE. Such requests by TENNCARE shall be limited to two hundred (200) words and shall be reasonable including sufficient notification of information to be included;
 - 2.17.5.3.2 The procedure on how to obtain information in alternative communication formats, such as auxiliary aids or services and how to access language assistance services (i.e., interpretation and translation services) as well as a statement that interpretation and translation services and auxiliary aids or services are free;
 - 2.17.5.3.3 A notice of the right to file a discrimination complaint, as provided for by applicable federal and state civil rights laws, including, but not limited to Title VI of the Civil Rights Act of 1964, the Age Discrimination Act of 1975, Title IX of the Education amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and Titles II and III of the Americans with Disabilities Act of 1990 that includes a phone number for assistance and a website link to the complaint form. The notice shall be considered a Vital Document and shall be available at a minimum in the English and Spanish languages;
 - 2.17.5.3.4 TennCare Kids information, including but not limited to, encouragement to obtain screenings and other preventive care services;
 - 2.17.5.3.5 Information about appropriate prescription drug usage;
 - 2.17.5.3.6 TENNCARE and MCO member services toll-free telephone numbers, including the TENNCARE hotline, the CONTRACTOR's member services information line, and the CONTRACTOR's 24/7 nurse triage/advice line as well as the service/information that may be obtained from each line; and
 - 2.17.5.3.7 The following statement: "To report fraud or abuse to the Office of Inspector General (OIG) you can call toll-free 1-800-433-3982 or go online to <http://tn.gov/tenncare> and click on 'Stop TennCare Fraud'. To report provider fraud or patient abuse to the Medicaid Fraud Control Unit (MFCU), call toll-free 1-800-433-5454."
- 2.17.5.4 The quarterly member newsletters shall be disseminated within thirty (30) calendar days of the start of each calendar year quarter. In order to satisfy the requirement to distribute the quarterly general newsletter to all members, it shall be acceptable to mail one (1) quarterly newsletter to each address associated with the member's TennCare case number. The teen newsletter may be distributed in alternative formats chosen by the CONTRACTOR. In addition to the prior authorization requirement regarding dissemination of materials to members, the CONTRACTOR shall also submit to TENNCARE, the following proof of distribution:

Amendment 38 (cont.)

- 2.17.5.4.1 For the general newsletter, submit a final copy and documentation from the MCO's mail room or outside vendor indicating the quantity and date mailed as proof of compliance by the 30th of the month following each quarter.
- 2.17.5.4.2 For the teen newsletter, submit a final copy, describe the method/media the CONTRACTOR used to disseminate the newsletter and documentation from the MCO's responsible staff/vendor indicating the quantity and date disseminated as proof of compliance by the 30th of the month following each quarter.
14. **Section 2.18.3 shall be amended as follows:**
- 2.18.3 **Cultural Competency**
- As required by 42 CFR 438.206, the CONTRACTOR and its Providers and Subcontractors that are providing services pursuant to this Contract shall participate in the State's efforts to promote the delivery of services in a culturally competent manner to all enrollees, including those with Limited English Proficiency, disabilities and diverse cultural and ethnic backgrounds regardless of an enrollee's gender, sexual orientation, or gender identity. This includes the CONTRACTOR emphasizing the importance of network providers to have the capabilities to ensure physical access, accommodations, and accessible equipment for the furnishing of services to enrollees with physical or mental disabilities.
15. **Section 2.20.2.3 shall be amended by deleting and replacing the website link as follows:**
- 2.20.2.3 The CONTRACTOR shall notify TBI MFCU and TennCare Office of Program Integrity simultaneously and in a timely manner regarding all internal (such as identified patterns of data mining outliers, audit concerns, critical incidences) and external (such as hotline calls) tips with potential implications to TennCare providers' billing anomalies and/or to safety of TennCare enrollees (<http://tn.gov/finance/article/fa-oig-report-fraud>; ProgramIntegrity.TennCare@tn.gov). Along with a notification, the CONTRACTOR shall take steps to triage and/or substantiate these tips and provide simultaneous and timely updates to TBI MFCU and the TennCare Office of Program Integrity when the concerns and/or allegations of any tips are authenticated.
16. **Section 2.20.3.4 shall be amended by deleting the website link: (<http://www.tn.gov/tenncare/forms/fa10-001.pdf>).**
17. **Section 2.26.12.2 shall be deleted and replaced as follows:**
- 2.26.12.2 As required in Section 2.30.20 of this Contract, where the CONTRACTOR has subcontracted claims processing for TennCare claims, the CONTRACTOR shall provide to TENNCARE a Type II SOC1 examination based on the Statement on Standards for Attestation Engagements (SSAE) No. 16.
18. **Section 2.27.10.7 shall be amended by deleting and replacing the website link as follows:**
- 2.27.10.7 Loss or Suspected Loss of Data – If an employee of the CONTRACTOR becomes aware of suspected or actual loss of PHI/PII, the appropriate designee of the CONTRACTOR must

Amendment 38 (cont.)

immediately contact TENNCARE upon becoming aware to report the actual or suspected loss. The CONTRACTOR will use the Loss Worksheet located at http://tn.gov/assets/entities/tenncare/attachments/phi_piiworksheet.pdf to quickly gather and organize information about the incident. The CONTRACTOR must provide TENNCARE with timely updates as any additional information about the loss of PHI/PII becomes available.

19. **Section 2.28 shall be amended by deleting and replacing Sections 2.28.2.1, 2.28.5, and 2.28.7 and adding new Sections 2.28.9 and 2.28.10 as follows:**

- 2.28.2.1 The Contractor's Nondiscrimination Compliance Coordinator ("NCC") shall develop a CONTRACTOR nondiscrimination compliance training plan within thirty (30) days of the implementation of this Contract, to be approved by the Bureau of TennCare. This person shall be responsible for the provision of instruction regarding the plan to all CONTRACTOR staff within sixty (60) days of the implementation of this Contract. This person shall be responsible for the provision of instruction regarding the plan to providers and direct service subcontractors within ninety (90) days of the implementation of this Contract. The CONTRACTOR shall be able to show documented proof of such instruction.
- 2.28.2.1.1 On an annual basis, the NCC shall be responsible for making nondiscrimination training available to all CONTRACTOR staff and to its providers and subcontractors that are considered to be recipients of federal financial assistance under this Contract. The CONTRACTOR shall be able to show documented proof that the training was made available to the CONTRACTOR's staff and to its providers and subcontractors that are considered to be recipients of federal financial assistance under this Contract.
- 2.28.5 The CONTRACTOR shall keep such records as may be necessary in order to submit timely, complete and accurate compliance reports that may be requested by the U.S. Department of Health and Human Services ("HHS"), HCFA, and the Tennessee Human Rights Commission ("THRC") or their designees. If requested, the information shall be provided in a format and timeframe specified by HHS, HCFA, or THRC. The requested information may be necessary to enable HHS, HCFA, or THRC to ascertain whether the CONTRACTOR is complying with the applicable civil rights laws. For example, the CONTRACTOR should have available data showing the manner in which services are or will be provided by the program in question, and related data necessary for determining whether any persons are or will be denied such services on the basis of prohibited discrimination. Further examples of data that could be requested can be found at 45 C.F.R. § 80.6 and 28 C.F.R. § 42.406.
- 2.28.5.1 The CONTRACTOR shall permit access as set forth in the applicable civil rights laws, such as, 45 C.F.R. § 80.6 to HHS, HCFA, and THRC or their designees during normal business hours to such of its books, records, accounts, and other sources of information, and its facilities as may be pertinent to ascertain whether the CONTRACTOR is complying with the applicable civil rights laws.
- 2.28.5.2 The CONTRACTOR shall make available to beneficiaries and participants in HCFA's programs and other interested persons information regarding the provisions of the applicable civil rights laws as set forth in the implementing regulations, including 45 C.F.R. § 80.6 and 45 C.F.R. § 84.8. For example, a notification shall state, where appropriate, that the CONTRACTOR does not discriminate in admission or access to, or treatment or employment

Amendment 38 (cont.)

in, its programs or activities. The notification shall also include an identification of the responsible employee designated for its nondiscrimination compliance. This notice shall be considered a vital document and shall be available at a minimum in the English and Spanish languages.

- 2.28.7 The CONTRACTOR shall use and have available to TennCare enrollees, TennCare's Discrimination complaint form located on TennCare's website under the nondiscrimination link at <http://tn.gov/tenncare/topic/non-discrimination-compliance>. The discrimination complaint form shall be provided to TennCare enrollees upon request and in the member handbook. This complaint form shall be considered a Vital Document and shall be available at a minimum in the English and Spanish languages. When requests for assistance to file a discrimination complaint are made by enrollees, the CONTRACTOR shall assist the enrollees with submitting complaints to TENNCARE. In addition, the CONTRACTOR shall inform its employees, providers, and subcontractors how to assist TENNCARE enrollees with obtaining discrimination complaint forms and assistance from the CONTRACTOR with submitting the forms to TENNCARE and the CONTRACTOR.
- 2.28.9 Should the CONTRACTOR not cover a TennCare covered service because of moral/ethical or religious reasons, the CONTRACTOR shall provide a list of these services to TENNCARE. This list shall be used by TENNCARE to provide information to TennCare members about where and how the members can obtain the services that are not being delivered due to Ethical and Religious Directives.
- 2.28.9.1 Should the CONTRACTOR contract with providers and/or subcontractors to deliver services to TennCare members pursuant to the CONTRACTOR'S obligations under this agreement and the providers or subcontractors cannot provide a TennCare covered service because of moral/ethical or religious reasons, the CONTRACTOR shall provide a list of these services to TENNCARE. This list shall be used by the CONTRACTOR and TENNCARE to provide information to TennCare members about where and how the members can obtain the services that are not being delivered due to Ethical and Religious Directives.
- 2.28.10 Electronic and Information Technology Accessibility Requirements. To the extent that the CONTRACTOR is using electronic and information technology to fulfill its obligations under this Contract, the CONTRACTOR agrees to comply with the electronic and information technology accessibility requirements under the federal civil rights laws including Section 504 and Section 508 of the Rehabilitation Act of 1973 ("Section 508") and the Americans with Disabilities Act. To comply with the accessibility requirements for Web content and non-Web electronic documents and software, the CONTRACTOR shall use W3C's Web Content Accessibility Guidelines ("WCAG") 2.0 AA (For the W3C's guidelines see: <http://www.w3.org/TR/WCAG20/>) (Two core linked resources are Understanding WCAG 2.0 <http://www.w3.org/TR/UNDERSTANDING-WCAG20/> and Techniques for WCAG 2.0 <http://www.w3.org/TR/WCAG20-TECHS/>).
- 2.28.10.1 Should the CONTRACTOR have a designated staff member responsible for CONTRACTOR's electronic and information technology accessibility compliance, the name and contact information for this individual shall be provided to HCFA within ten (10) days of the implementation of this Contract and within ten (10) days of this position being reassigned to another staff member.
- 2.28.10.2 CONTRACTOR agrees to perform regularly scheduled (i.e., automatic) scans and manual testing for WCAG 2.0 AA compliance for all user content and applications in order to meet

Amendment 38 (cont.)

the standards for compliance. The CONTRACTOR must ensure that any system additions, updates, changes or modifications comply with WCAG 2.0 AA. Commercial Off-the-shelf ("COTS") products may be used to verify aspects of WCAG 2.0 AA compliance.

2.28.10.3 Additionally, the CONTRACTOR agrees to comply with Title VI of the Civil Rights Act of 1964. In order to achieve Title VI compliance the CONTRACTOR should add a system function that allows users to translate the content into a language other than English. This requirement may be satisfied by the provision of a link to Google translate or other machine translate tool.

2.28.10.4 Should the system or a component of the system fail to comply with the accessibility standards, the CONTRACTOR shall develop and submit to HCFA for approval a noncompliance report that identifies the areas of noncompliance, a plan to bring the system or component into compliance, an alternative/work around that provides users with the equivalent access to the content, and a timeframe for achieving that compliance. HCFA shall review the noncompliance report to determine whether or not it is acceptable and should be implemented. Once the noncompliance report is approved by HCFA the CONTRACTOR may implement the compliance plan. HCFA, in its sole discretion, shall determine when a satisfactory compliance plan resolution has been reached and shall notify the CONTRACTOR of the approved resolution. If CONTRACTOR is unable to obtain content that conforms to WCAG 2.0 AA, it shall demonstrate through its reporting to HCFA that obtaining or providing accessible content would fundamentally alter the nature of its goods and services or would result in an undue burden.

20. **Section 2.29.1.3.9 shall be amended as follows:**

2.29.1.3.9 A staff person to serve as the CONTRACTOR's Non-discrimination Compliance Coordinator. This person shall be responsible for the CONTRACTOR's compliance with applicable federal and state civil rights laws, regulations, rules and policies, including but not limited to, Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Titles II and III of the Americans with Disabilities Act of 1990, and the Age Discrimination Act of 1975. The CONTRACTOR shall report to TENNCARE in writing, to its Office of Civil Rights Compliance within ten (10) calendar days of the commencement of any period of time that the CONTRACTOR does not have a designated staff person for non-discrimination compliance. The CONTRACTOR shall report to TENNCARE at such time that the function is redirected as required in Section 2.29.1.2;

21. **Section 2.30.3 shall be deleted and replaced as follows:**

2.30.3 Community Outreach

The CONTRACTOR shall submit an initial Annual Community Outreach Plan on December 1, 2015 with subsequent annual plans beginning January 15, 2017. These plans shall then be due on January 15th of each year and must be written in accordance with guidance provided in Section 2.7.4.2.2.

22. **Section 2.30.5.3 shall be deleted and replaced as follows:**

2.30.5.3 The CONTRACTOR shall submit annually, on July 1 after the close of the state calendar year, a *Population Health Annual Report* in the format described in the annual report template provided by TENNCARE. The report shall include active participation rates, as

Amendment 38 (cont.)

designated by NCQA, for programs with active interventions. Short term and intermediate outcome data reporting is required. Member satisfaction shall be reported based upon NCQA requirements along with functional status for members in the Chronic Care Management and Complex Case Management programs.

23. Section 2.30.7 shall be deleted and replaced in its entirety as follows and all Section references shall be renumbered accordingly:

2.30.7 Integrated Health Services Delivery Model Reports

- 2.30.7.1 The CONTRACTOR shall submit a quarterly *SelectCommunity Care Management and Member Reassessment Report*. The report shall include information on the CONTRACTOR's care management assignment, as well as current and cumulative performance on various measures, and shall include, but not be limited to, the following information:
 - 2.30.7.1.1 The member name, SSN, and DOB;
 - 2.30.7.1.2 Whether the member has complex unstable physical or behavioral health needs (see Section 3.A.14.3.), complex stable physical or behavioral health needs (see Section 3.A.14.4), or no complex physical or behavioral health needs;
 - 2.30.7.1.3 The assigned Nurse Care Manager (NCM) name, email address, and direct phone number;
 - 2.30.7.1.4 The NCM Supervisor name, email, and direct phone number;
 - 2.30.7.1.5 The average NCM-to-SelectCommunity member staffing ratio for 1) members of the former Arlington class and 2) other SelectCommunity members on the last business day of the month prior to the report submission (e.g., the report submitted in January 2012 will reflect the average staffing ratios as they appeared on December 31, 2011);
 - 2.30.7.1.6 The number of members of the former Arlington class and other SelectCommunity members assigned to each individual Nurse Care Manager on the last business day of the month prior to the report submission (e.g., the report submitted in January 2012 will reflect Nurse Care Manager assignments as they appeared on December 31, 2011);
 - 2.30.7.1.7 The number and percent of SelectCommunity members with complex unstable physical or behavioral health needs visited/ not visited in their residence face-to-face by their Nurse Care Manager at least monthly;
 - 2.30.7.1.8 The number and percent of SelectCommunity members with complex stable physical or behavioral health needs contacted/ not contacted by their Nurse Care Manager at least monthly either in person or by telephone, and visited/ not visited in their residence face-to-face by their Nurse Care Manager at least quarterly;
 - 2.30.7.1.9 The number and percent of SelectCommunity members with no complex physical or behavioral health needs contacted/ not contacted by their Nurse Care Manager at least quarterly either in person or by telephone, and visited/ not visited in their residence face-to-face by their Nurse Care Manager at least semi-annually;

Amendment 38 (cont.)

- 2.30.7.1.10 The number and percent of SelectCommunity members for whom the CONTRACTOR has/has not reassessed the member's physical and behavioral health needs at least once every 365 days ; and
- 2.30.7.1.11 The number and percent of SelectCommunity members for whom the CONTRACTOR has/has not reassessed the member's physical and behavior health needs within five (5) business days of becoming aware that the member's functional, physical, or behavioral status has changed significantly as defined by but not limited to section 3.A.8.1.1 thru 3.A.8.1.5.
- 2.30.7.2 The CONTRACTOR shall submit to TENNCARE a quarterly *SelectCommunity Delays in Service Report* as defined in Section 3.A.6.13.
- 2.30.7.3 The CONTRACTOR shall, using a tool and methodology approved by TENNCARE, conduct annual consumer satisfaction surveys of all SelectCommunity Members who are participating in the IHSD model, and shall provide such results to TENNCARE for review and dissemination.
24. **Section 2.30.16.2.2 shall be amended by deleting the following link: (<http://www.tn.gov/tenncare/forms/disclosureownership.pdf>).**
25. **Sections 2.30.20.1 and 2.30.20.2 through 2.30.20.2.2.4 shall be deleted and replaced as follows, including any references thereto.**
- 2.30.20.1 If the CONTRACTOR has subcontracted claims processing for TennCare claims, the CONTRACTOR shall provide to TENNCARE a Type II SOC1 examination based on the Statement on Standards for Attestation Engagements (SSAE) No. 16 for each non-affiliated organization processing claims that represent more than twenty percent (20%) of TennCare medical expenses of the CONTRACTOR. This report shall be performed by an independent auditor ("service auditor") and shall be due annually on May 1 for the preceding year operations or portion thereof.
- 2.30.20.2 In a Type II report, the auditor will express an opinion on whether the organization's description of controls presents the relevant aspects of the organization's actual controls in operation for the period specified in the report, typically one year. Also the report will determine whether the controls were suitably designed to achieve specified control objectives with sufficient effectiveness to provide reasonable, but not absolute assurance that the control objectives were achieved during the period specified.

Amendment 38 (cont.)

2.30.20.2.1 The service auditor will express an opinion on (1) whether the service organization's description of its controls presents fairly, in all material respects, the relevant aspects of the service organization's controls that had been placed in operation as of a specific date, and (2) whether the controls were suitably designed to achieve specified control objectives, and (3) whether the controls that were tested were operating with sufficient effectiveness to provide reasonable, but not absolute, assurance that the control objectives were achieved during the period specified.

26. Section 2.30.22 shall be deleted and replaced as follows:

2.30.22 Non-Discrimination Compliance Reports

2.30.22.1 In July of every year this Contract is in effect, HCFA shall provide the CONTRACTOR with a Nondiscrimination Compliance Questionnaire. The CONTRACTOR shall answer the questions contained in the Compliance Questionnaire and submit the completed Questionnaire to HCFA within thirty (30) calendar days of receipt of the Compliance Questionnaire from HCFA with any requested documentation, which shall include, the CONTRACTOR's Assurance of Nondiscrimination. The signature date of the CONTRACTOR's Nondiscrimination Compliance Questionnaire shall be the same as the signature date of the CONTRACTOR's Assurance of Nondiscrimination. The Nondiscrimination Compliance Questionnaire deliverables shall be in a format specified by HCFA.

2.30.22.1.1 As part of the requested documentation for the Nondiscrimination Compliance Questionnaire, the CONTRACTOR shall submit copies of its nondiscrimination policies and procedures that demonstrate nondiscrimination in the provision of its services, programs, or activities provided under this Contract. These policies shall include topics, such as, working to reduce and end health disparities, the provision of language and communication assistance services for LEP individuals and individuals that require effective communication assistance in alternative formats (auxiliary aids or services), and providing assistance to individuals with disabilities. Any nondiscrimination policies and procedures that are specific to HCFA program members shall be prior approved in writing by HCFA.

2.30.22.2 As a part of the requested documentation for the Nondiscrimination Compliance Questionnaire the CONTRACTOR shall include reports that capture data for all language and communication assistance services used and provided by the CONTRACTOR under this Contract. One report shall contain the names of the CONTRACTOR's language and communication assistance service providers, the languages that interpretation and translation services are available in, the auxiliary aids or services that were provided and that are available, the hours the language and communication assistance services are available, and the numbers individuals call to access language and communication assistance services. A separate report shall list all requests for language and communication assistance services, including the requestor's name and identification number, the requested service, the date of the request, the date the service was provided, and the name of the service provider.

2.30.22.3 The CONTRACTOR shall submit a quarterly *Non-discrimination Compliance Report* which shall include the following:

Amendment 38 (cont.)

- 2.30.22.3.1 A summary listing that captures the total number of the CONTRACTOR's new hires that have completed civil rights/nondiscrimination training and cultural competency training and the dates the trainings were completed for that quarter; and
 - 2.30.22.3.1.1 A listing of the total number of the CONTRACTOR's employees that have completed annual civil rights training and cultural competency training and the dates completed for that quarter, if annual training was provided during that quarter.
 - 2.30.22.3.2 An update of all written discrimination complaints filed by individuals, such as, employees, members, providers and subcontractors in which the discrimination allegation is related to the provision of and/or access to TennCare covered services provided by the CONTRACTOR, which the CONTRACTOR is assisting TENNCARE with resolving. This update shall include, at a minimum: identity of the complainant, complainant's relationship to the CONTRACTOR, circumstances of the complaint, type of covered service related to the complaint, date complaint filed, the CONTRACTOR's resolution, date of resolution, and the name of the CONTRACTOR staff person responsible for adjudication of the complaint. For each complaint reported as resolved the CONTRACTOR shall submit a copy of the complainant's letter of resolution.
 - 2.30.22.3.2.1 The CONTRACTOR shall also provide a listing of all discrimination claims that are reported to the CONTRACTOR that are claimed to be related to the provision of and/or access to TennCare covered services provided by the CONTRACTOR. This listing shall include, at a minimum: identity of the person making the report, the person's relationship to the CONTRACTOR, circumstances of the report, type of covered service related to the report, date of the report, the CONTRACTOR's resolution, and date of resolution. When such reports are made, the CONTRACTOR shall offer to provide discrimination complaint forms to the individual making the report.
 - 2.30.22.3.3 A listing of all member requests for language and communication assistance services. The report shall list the member, the member's identification number, the requested service, the date of the request, the date the service was provided and the name of the service provider.

27. **The Title Section 3A shall be amended as follows:**

3A. INTEGRATED HEALTH SERVICES DELIVERY MODEL FOR PERSONS WITH INTELLECTUAL DISABILITIES

28. **Section 3A.1.1 shall be amended as follows:**

3A.1.1 Notwithstanding any provision in this Contract to the contrary, the CONTRACTOR shall be responsible for the implementation of an Integrated Health Services Delivery Model (IHSD), known as "SelectCommunity," for persons with intellectual disabilities as set forth in this Section.

The model as defined herein includes the following:

Amendment 38 (cont.)

29. **Section 3.A.1.1.4 shall be amended as follows:**

3.A.1.1.4 Ongoing coordination with long-term care services the member receives, including Home and Community Based Services (HCBS) provided under a Section 1915(c) waiver program for persons with intellectual disabilities or Institutional services in an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) or Nursing Facility (NF), as applicable; and

30. **Section 3.A.1.3 shall be amended as follows:**

3.A.1.3 The cornerstone of the model is Nurse Care Management, which shall be provided by the CONTRACTOR as an administrative service, rather than a covered benefit. Each TennCare Select member within the target population shall have an assigned Nurse Care Manager. Nurse Care Managers shall develop an individualized, Integrated Plan of Health Care for each member, coordinate the full array of covered physical and behavioral health services eligible members need, and work closely with Independent Support Coordinators or Waiver Case Managers, as applicable and HCBS Waiver, ICF/IID and/or NF providers in implementing the Integrated Plan of Health Care which operates in conjunction with the member's Individual Support Plan. In addition to extensive professional nursing experience and expertise, Nurse Care Managers will receive training specific to the I/DD population, with particular focus on medical issues common in occurrence and nursing procedures frequently required for the I/DD population.

31. **Section 3.A.2.2 shall be amended as follows:**

3.A.2.2 The CONTRACTOR shall provide Nurse Care Management to all TennCare Select members in the former Arlington Class who are residing in public or private ICFs/IID, nursing homes or in other institutional or alternative home and community-based placements, which may include the person's (or family's) home, except that persons enrolled in the CHOICES program shall not participate in the Integrated Health Services Delivery Model. TENNCARE shall determine, at its discretion, whether members in the former Arlington class in nursing homes will be enrolled into CHOICES or into the Integrated Health Services Delivery Model. If the State elects to enroll members in the former Arlington class in nursing homes into the Integrated Health Services Delivery Model, such members who elect to opt out of the Integrated Health Services Delivery Model shall be required to enroll in CHOICES in order to receive nursing home services.

32. **Section 3.A.2.4 shall be deleted in its entirety and the remaining Section shall be renumbered accordingly, including any references thereto.**

33. **Section 3A.3.2.1 shall be amended as follows:**

3A.3.2.1 Such policies and procedures shall specify the role and authority of Nurse Care Managers in authorizing needed physical and behavioral health services. At the discretion of the CONTRACTOR, authorization of home health, private duty nursing, and direct therapy services (i.e., occupational, physical and speech therapy services) may be completed by the Nurse Care Manager or through the CONTRACTOR's established UM processes but shall be coordinated by the Nurse Care Manager to ensure timely access to needed care and coordination with HCBS Waiver benefits.

Amendment 38 (cont.)

34. **Section 3A.4.1 shall be amended as follows:**

- 3A.4.1 The CONTRACTOR shall, within five (5) business days after the date of SelectCommunity eligibility of each new member in the target population assign a specific Nurse Care Manager who shall have primary responsibility for performance of Nurse Care Management activities as specified in this Section, and who shall be the member's point of contact for coordination of physical and behavioral health services.
- 3.A.4.1.1 The CONTRACTOR shall establish a process for educating new members on the TennCare disenrollment process, including criteria for disenrollment.

35. **Section 3A.4.2 shall be amended as follows:**

- 3A.4.2 The CONTRACTOR shall, within ten (10) business days after the date of SelectCommunity eligibility of each new member in the target population into TennCare Select, provide written notice to the member including the name and contact information for his/her assigned Nurse Care Manager, and how to obtain assistance for urgent physical and behavioral health needs after hours.

36. **Section 3A.6.1. shall be amended as follows:**

- 3A.6.1 Upon completion of the assessment, the CONTRACTOR shall coordinate with a Care Management Support Team to develop an individualized, Integrated Plan of Health Care. Such plan shall be completed within thirty (30) calendar days of the date of SelectCommunity eligibility .

37. **Section 3A.6.6 shall be amended as follows:**

- 3A.6.6 For persons residing in Institutional Placements, the Integrated Plan of Health Care shall supplement the facility's plan of care (which is required pursuant to federal regulation), and shall focus on the provision of services covered by TennCare Select that are beyond the scope of the Institutional ICF/IID or NF benefit, including targeted strategies related to improving health, functional, or quality of life outcomes (e.g., related to Population Health or pharmacy management) or to increasing and/or maintaining health and/or functional status, as appropriate.

38. **Section 3A.6.10 shall be amended as follows:**

- 3A.6.10 The member's Nurse Care Manager shall provide a copy of the member's completed Integrated Plan of Health Care, including any updates, to the member, the member's guardian or conservator, as applicable, the HCBS Waiver ISC or Case Manager, and the member's community residential alternative provider, as applicable. The member's Nurse Care Manager/Care Management Support Team shall provide copies to other providers authorized to deliver care to the member upon request, and shall ensure that such physical and behavioral health care providers who do not receive a copy of the Integrated Plan of Health Care are informed in writing of all relevant information needed to ensure the provision of quality physical and behavioral health services for the member.

Amendment 38 (cont.)

39. **Section 3A.6.13 shall be amended as follows:**

3A.6.13 The CONTRACTOR shall provide to TENNCARE a report quarterly and/or upon request of all delays in service notices issued to participants in the Integrated Health Services Delivery Model, which shall specify at a minimum, the member's name and Medicaid ID, the type of service delayed, the date the service was authorized, the date the notice of delay was issued, the reason for the delay, and the projected date that the service will be available.

40. **Section 3A.7.1 shall be amended as follows:**

3A.7.1 The Nurse Care Manager shall reassess physical and behavioral health needs at least once every three hundred and sixty-five (365) days and within five (5) business days of the CONTRACTOR's becoming aware that the member's functional, physical, or behavioral status has changed significantly which may include, but is not limited to:

41. **Section 3A.7.3 and subsections thereto shall be amended as follows:**

3A.7.3 The reassessment shall occur at least once every three hundred and sixty-five (365) days, calculated either from the effective date of enrollment into the Integrated Health Services Delivery Model, or if an assessment occurs due to the CONTRACTOR's becoming aware that the member's functional, physical, or behavioral status has changed significantly, within three hundred and sixty-five (365) days of such assessment.

3A.7.3.1 For members who disenroll from and re-enroll into the Integrated Health Services Delivery Model within thirty (30) or less days, the reassessment shall occur as stated in Section 3A.7.3 above.

3A.7.3.2 For members who disenroll from and re-enroll into the Integrated Health Services Delivery Model after thirty-one (31) or more days, the member shall be assessed as a new enrollee and the reassessment date shall occur at least once every three hundred and sixty-five (365) days from the effective date of the re-enrollment or if an assessment occurs due to the CONTRACTOR's becoming aware that the member's functional, physical, or behavioral status has changed significantly, within 365 days of such assessment.

42. **Section 3A.9.3 shall be deleted in its entirety and the remaining Section 3A.9 shall be renumbered accordingly, including any references thereto.**

43. **Section 3A.10.2 shall be deleted and replaced as follows:**

3A.10.2 The CONTRACTOR shall monitor home health services, private duty nursing, and occupational, physical and speech therapy services covered under the TennCare 1115 Waiver program, to ensure such services are provided in accordance with the member's Integrated Plan of Health Care, including the amount, frequency, duration and scope of each service, in accordance with the member's service schedule; and that services continue to meet the member's needs

Amendment 38 (cont.)

44. **Section 3A.11 shall be amended by adding new subsection 3A.11.6 as follows:**

3A.11.6 The CONTRACTOR shall develop and implement processes related to TennCare disenrollment in a manner approved by TENNCARE.

45. **Section 3A.13.4 shall be amended as follows:**

3A.13.4 The CONTRACTOR shall use information regarding members gathered through assessment UM, and other processes as well as predictive modeling to help identify members with the most significant health and/or behavioral health needs who are at the highest risk and who offer the greatest potential for improvements in health outcomes, and to stratify members and prioritize Nurse Care Manager resources accordingly, such that individual Nurse Care Managers may have a greater or lesser number of assigned members based on the level of need of such members. The average Nurse Care Manager-to-member ratio shall not exceed 1:35 for members of the former Arlington class members who are not in an ICF/IID or other institutional placement and 1:50 for all other members.

46. **Section 3A.13.7 shall be amended as follows:**

3A.13.7 After the Integrated Health Services Delivery Model has been implemented, the CONTRACTOR shall notify TENNCARE in writing of substantive changes to its Nurse Care Management Staffing Plan, including a variance of twenty (20) percent or more from the Staffing Plan. TENNCARE may request changes in the CONTRACTOR's Nurse Care Management Staffing Plan at any time it determines that the CONTRACTOR does not have sufficient Nurse Care Management staff to properly and timely perform its obligations under this Contract.

47. **Section 3A.13.9 shall be amended as follows:**

3A.13.9 Nurse Care Managers shall be physically located within each Grand Region of the State to ensure proximity to the member and care providers. The CONTRACTOR shall ensure at least one (1) supervisor of Nurse Care Managers is located in each Grand Region. The CONTRACTOR shall report the location of each nurse care manager upon request.

48. **Section 3A.14.1.3 shall be amended as follows:**

3A.14.1.3 Section 1915(c) Waiver Programs for Persons with Intellectual Disabilities, including covered benefits and Independent Support Coordination or Case Management, as applicable;

49. **Section 3A.14.1.9 shall be deleted in its entirety and the remaining Section shall be renumbered accordingly, including any references thereto.**

50. **Section 3A.15.2 shall be amended as follows:**

3A.15.2 The CONTRACTOR shall, using a tool and methodology approved by TENNCARE, conduct annual consumer satisfaction surveys of all SelectCommunity members who are participating in the IHSD model, and shall provide such results to TENNCARE for review and dissemination.

Amendment 38 (cont.)

- 51. **Section 3A.16 shall be deleted in its entirety and the remaining Section 3A shall be renumbered accordingly, including any references thereto.**
- 52. **The previous Section 3A.17.1.8 shall be deleted in its entirety and the remaining renumbered Section 3A.16.1 shall be renumbered accordingly, including any references thereto.**
- 53. **The renumbered Section 3A.17 and all subsections thereto shall be deleted in their entirety and subsequent sections shall be renumbered accordingly.**
- 54. **Section 4.2 shall be amended by adding a new Section 4.2.5 as follows and the remaining Section 4.2 shall be renumbered accordingly, including any references thereto.**

4.2.5 HEDIS Measures (Beginning Reporting Year 2016)

4.2.5.1 Beginning with Reporting Year 2016, the following measures will be used for incentives through reporting year 2018. The measures are the following HEDIS measures and one EPSDT measure:

- 4.2.5.1.1 Timeliness of Prenatal Care;
- 4.2.5.1.2 Postpartum Care;
- 4.2.5.1.3 Medication Management for People with Asthma – seventy five percent (75%) measure;
- 4.2.5.1.4 Diabetes- Nephropathy, retinal exam, and BP <140/90;
- 4.2.5.1.5 Follow-up Care for Children Prescribed ADHD medication-initiation phase;
- 4.2.5.1.6 Follow-up Care for Children Prescribed ADHD Medication – continuation phase. Both initiation and continuation measures have to be calculated in order to receive quality incentive payment;
- 4.2.5.1.7 Adolescent well-care visits;
- 4.2.5.1.8 Immunizations for Adolescents – Combo 1;
- 4.2.5.1.9 Antidepressant Medication Management – acute and continuation;
- 4.2.5.1.10 EPSDT screening ratio ninety percent (90%) or above.

- 55. **The Liquidated Damages Chart in Section 5.20.2.2.7 shall be amended as follows:**

LEVEL	PROGRAM ISSUES	DAMAGE
A.16	Failure to comply with the timeframes for developing and approving a plan of care for transitioning CHOICES members in Group 2, authorizing and initiating	\$5,000 per month that the CONTRACTOR's performance is 85-89% by service setting (nursing facility or HCBS) \$10,000 per month that the CONTRACTOR's performance is 80-84% by service setting (nursing facility or HCBS)

Amendment 38 (cont.)

LEVEL	PROGRAM ISSUES	DAMAGE
	<p>nursing facility services for transitioning CHOICES members in Group 1, or initiating long-term care services for CHOICES members (see Sections 2.9.2, 2.9.3, and 2.9.6)</p>	<p>\$15,000 per month that the CONTRACTOR's performance is 75-79% by service setting (nursing facility or HCBS) \$20,000 per month that the CONTRACTOR's performance is 70-74% by service setting (nursing facility or HCBS) \$25,000 per month that the CONTRACTOR's performance is 69% or less by service setting (nursing facility or HCBS)</p> <p>These amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing requirements as specified in Section 2.9.6.12.9 of this Contract</p> <p>TENNCARE may opt, at its discretion, to apply a \$500 per occurrence assessment in lieu of the methodology described above. This per occurrence amount shall be multiplied by two (2), totaling a \$1,000 per occurrence assessment when the CONTRACTOR has not complied with the Caseload and Staffing requirements as specified in Section 2.9.6.11.9 of this Contract</p>
<p>A.17(a)</p>	<p>Failure to meet the performance standards established by TENNCARE regarding missed visits for personal care, attendant care, or home-delivered meals for CHOICES members (referred to herein as "specified HCBS") for members in CHOICES Group 2 or 3</p>	<p>\$5,000 per month that 11-15% of visits are missed for a reason attributable to the provider (provider initiated), by specified HCBS \$10,000 per month that 16-20% of visits are missed for a reason attributable to the provider (provider initiated), by specified HCBS \$15,000 per month that 21-25% of visits are missed for a reason attributable to the provider (provider initiated), by specified HCBS \$20,000 per month that 26-30% of visits are missed for a reason attributable to the provider (provider initiated), by specified HCBS \$25,000 per month that 31% or more of visits are missed for a reason attributable to the provider (provider initiated), by specified HCBS</p>
<p>A.17(b)</p>	<p>Failure to conduct ongoing real-time monitoring of missed and late visits (see 2.9.6.9.2.1.9 and 2.9.6.12.1.11)</p>	<p>\$5,000 per occurrence</p>

Amendment 38 (cont.)

LEVEL	PROGRAM ISSUES	DAMAGE
A.17(c)	Failure to address service gaps, and ensure that back-up plans are implemented and effectively working (see 2.9.6.9.2.1.10 and 2.9.6.12.1.11)	\$5,000 per occurrence
B.19	Failure to comply with the timeframe for resolving complaints (see Section 2.19.2)	<p>\$1,000 per month that the CONTRACTOR's performance is 85-89%</p> <p>\$2,000 per month that the CONTRACTOR's performance is 80-84%</p> <p>\$3,000 per month that the CONTRACTOR's performance is 75-79%</p> <p>\$4,000 per month that the CONTRACTOR's performance is 70-74%</p> <p>\$5,000 per month that the CONTRACTOR's performance is 69% or less</p> <p>TENNCARE may opt, at its discretion, to apply a \$500 per occurrence assessment in lieu of the methodology described above</p>
B.23	Failure to meet any timeframe regarding care coordination for CHOICES members (see Sections 2.9.2, 2.9.3, 2.9.6, 2.9.6.2.3.4(4), 2.9.6.5.1.1, 2.9.6.10.2.1.2, 2.9.6.10.3, and 2.24.4.2.1) other than the timeframes referenced in Program Issues A.16 or A.17	<p>\$5,000 per month for each timeframe that the CONTRACTOR's performance is 85-89%</p> <p>\$10,000 per month for each timeframe that the CONTRACTOR's performance is 80-84%</p> <p>\$20,000 per month for each timeframe that the CONTRACTOR's performance is 75-79%</p> <p>\$50,000 per month for each timeframe that the CONTRACTOR's performance is 70-74%</p> <p>\$100,000 per month for each timeframe that the CONTRACTOR's performance is 69% or less</p> <p>These amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing requirements as specified in Section 2.9.6.11.9 of this Contract.</p> <p>TENNCARE may opt, at its discretion, to apply a \$500 per occurrence assessment in lieu of the methodology described above. This per occurrence amount shall be multiplied by two (2), totaling a \$1,000 per occurrence assessment when the CONTRACTOR has not complied with the Caseload and Staffing requirements as specified in Section 2.9.6.11.9 of this Contract.</p>

C.1	Failure to comply in any way with staffing requirements as described in Section 2.29.1 of this Contract	TENNCARE may opt at its discretion to assess \$1,000.00 per calendar day, for each separate failure to comply with the required staffing requirements, from the first day of noncompliance through the thirtieth (30th) day of noncompliance. Additionally, at its discretion, TENNCARE may multiply this amount by two (2) for each day after thirty (30) calendar days for each specific instance that the CONTRACTOR fails to comply with the staffing requirements of the Contract.
-----	---	---

56. Section 5.40.6 shall be amended by deleting and replacing the website link as follows:

5.40.6 Loss or Suspected Loss of Data – If an employee of the CONTRACTOR becomes aware of suspected or actual loss of PHI/PII, he or she must immediately contact TENNCARE within one (1) hour to report the actual or suspected loss. The CONTRACTOR will use the Loss Worksheet located at http://tn.gov/assets/entities/tenncare/attachments/phi_piiworksheet.pdf to quickly gather and organize information about the incident. The CONTRACTOR must provide TENNCARE with timely updates as any additional information about the loss of PHI/PII becomes available.

57. The last line of Attachment VI shall be deleted and replaced as follows:

E-Mail Address: <http://tn.gov/tenncare/> (follow the prompts that read “Stop TennCare Fraud”)

58. Section A.3.3 of Attachment XI shall be amended by adding a new sentence to the end of the existing text as follows:

A.3.3 The CONTRACTOR shall not have a time limit for scheduling transportation for future appointments. For example, if a member calls to schedule transportation to an appointment that is scheduled in two (2) months, the CONTRACTOR shall arrange for that transportation and shall not require the member to call back at a later time. Members identified as a No Show and have been placed on probation may be required to call back at a later time.

59. Section A.5.1 of Attachment XI shall be amended by adding a new Section A.5.1.6 as follows:

A.5.1.6 Failure to comply with requirements regarding scheduling, assigning and dispatching trips may result in liquidated damages as provided in Section 5.20 of the Contract, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.

60. Section A.8.3.7 of Attachment XI shall be deleted and replaced as follows:

A.8.3.7 The CONTRACTOR shall ensure that all drivers pass a drug test prior to providing services under the Contract. In addition, the CONTRACTOR shall ensure that an alcohol and drug test is conducted when a trained supervisor/employer of a driver has reasonable suspicion to

Amendment 38 (cont.)

believe that the driver has violated the CONTRACTOR's policies and procedures regarding use of alcohol and/or controlled substances, that random drug and alcohol tests are conducted, and that post accident drug and alcohol testing is conducted. The CONTRACTOR shall ensure that all drivers have been tested within the last five (5) years in the event they have not been randomly selected for testing. The CONTRACTOR's policies and procedures for drug and alcohol testing shall, at a minimum, meet the FMCSA's alcohol and drug testing requirements for motor carriers. Drivers should be randomly selected from the current utilized drivers for drug and alcohol testing with no less than twenty percent (20%) of drivers tested per calendar year. The drivers tested shall be reported to TENNCARE quarterly as described in the reporting section of this Attachment XI. Results of drug and alcohol testing shall be maintained in the driver's file as to allow for unscheduled file audits. All driver files (including but not limited to, HRAs, private vendor's, etc.) must contain an attestation signed by the driver containing the date of the drug and alcohol test if the actual test results cannot be provided.

61. **Section A.11.3 of Attachment XI shall be deleted and replaced as follows:**

A.11.3 Members shall not be charged for no-shows (as defined in Exhibit A of this Attachment). The CONTRACTOR shall monitor NEMT member no-shows and enforce the No-Show Policy provided to them by TENNCARE. Probation periods for non-compliant members shall be enforced as described in the policy. Failure to administer this policy and adhere to the probation notice requirements schedule shall result in liquidated damages as described in Exhibit F of this Attachment.

62. **Section A17.5.5 of Attachment XI shall be amended by deleting and replacing the reference to Section A.19.6.8 with Section A.19.5.8.**

63. **Section A.19.1 of Attachment XI shall be amended by adding a new Section A.19.1.5 as follows:**

A.19.1.5 No-Show Report. The CONTRACTOR shall submit a monthly no – show report utilizing the template provided by TENNCARE

64. **Definition number 9 in Exhibit A of Attachment XI shall be deleted and replaced as follows:**

9. **No-Show:** A trip is considered a no-show when the driver arrived on time, made his/her presence known, and the member cancels at the door or is not present five (5) minutes after the scheduled pick-up time.

65. **Item No. 2 in Exhibit F of Attachment XI shall be deleted and replaced as follows:**

No.	PERFORMANCE STANDARD	LIQUIDATED DAMAGE
2	Comply with the approval and scheduling requirements (see Section A.5.1 of this Attachment)	\$1,000 per deficiency

Amendment 38 (cont.)

66. **Exhibit F of Attachment XI shall be amended by adding new Items as follows:**

No.	PERFORMANCE STANDARD	LIQUIDATED DAMAGE
14	Failure by the CONTRACTOR to provide an acceptable Member Satisfaction Survey as required summarizing the methods and findings identifying opportunities for improvement in NEMT Services (see Sections A.17.5 and A.19.5.8 of this Attachment)	\$2500 for failure to provide an acceptable survey as required
15	Failure by the CONTRACTOR to enforce the Member No-Show Policy and adhere to the requirements of the policy provided to you by TENNCARE (see Section A.11.3 of this Attachment)	\$100 per occurrence for failure to follow the notification requirements of the No-Show Policy \$100 per occurrence for failure to follow the probationary requirements of the No-Show Policy \$100 per occurrence for failure to administer the No Show policy to a Non-Compliant Member reported to you by the driver

67. **Attachment XII shall be deleted in its entirety and the remaining attachments shall be renumbered accordingly, including any references thereto.**

Amendment 38 (cont.)

All of the provisions of the original Contract not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective January 1, 2016.

The State is not bound by this Amendment until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this Contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

The CONTRACTOR, by signature of this Amendment, hereby affirms that this Amendment has not been altered and therefore represents the identical document that was sent to the CONTRACTOR by TENNCARE.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

VOLUNTEER STATE HEALTH PLAN, INC.

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. **Section 2.7.2.8 shall be amended by adding new subsections 2.7.2.8.4 through 2.7.2.8.4.2 as follows:**

2.7.2.8.4 *Behavioral Crisis Prevention, Intervention, and Stabilization Services for Members with Intellectual or Developmental Disabilities (I/DD)*

2.7.2.8.4.1 The CONTRACTOR shall provide Behavioral Crisis Prevention, Intervention, and Stabilization Services for members with intellectual or developmental disabilities (I/DD). The CONTRACTOR shall develop and maintain a network of providers with sufficient experience and expertise in providing behavioral services to members with I/DD to assist and support the person or agency primarily responsible (whether paid or unpaid) for supporting a member with I/DD who is experiencing a behavioral crisis that presents a threat to the member's health and safety or the health and safety of others. Behavioral Crisis Prevention, Intervention, and Stabilization Services are typically initiated on-site at the crisis location to help prevent unnecessary institutional placement or psychiatric hospitalization. Such services shall include:

2.7.2.8.4.1.1 Assessing the nature of a crisis to determine whether the situation can be stabilized in the current location or if a more intensive level of intervention is necessary (e.g., behavioral respite, or when appropriate, inpatient mental health treatment);

2.7.2.8.4.1.2 Arranging the more intensive level of intervention when necessary;

2.7.2.8.4.1.3 Direction to those present at the crisis or direct intervention to de-escalate behavior or protect others in the immediate area;

2.7.2.8.4.1.4 Identification of potential triggers, including history of traumatic stress (as applicable), and development or refinement of interventions, including trauma informed care strategies, to address behaviors or issues that precipitated the behavioral crisis; and/or

2.7.2.8.4.1.5 Training and technical assistance to those who support the member on trauma informed care, crisis interventions, and strategies to mitigate issues that resulted in the crisis.

Amendment 37 (cont.)

- 2.7.2.8.4.2 The CONTRACTOR shall, pursuant to 2.30.8.1, report to TENNCARE the network of providers with experience and expertise in providing behavioral services to members with I/DD to deliver the services specified in 2.7.2.8.4.1 above.
2. **Section 2.7.7 shall be amended by adding a new Section 2.7.7.6 as follows:**
- 2.7.7.6 For all education activities required in this section pertaining to advance directives, the CONTRACTOR shall use materials provided by TENNCARE.
3. **Amendment 36 incorrectly identified Section 2.8.7 to be deleted and replaced. The correct Section reference to be replaced should have been 2.8.6. Sections 2.8.6 and 2.8.7 should read as follows:**
- 2.8.6 **Clinical Practice Guidelines**
- Population Health programs shall utilize evidence-based clinical practice guidelines that follow current NCQA QI 9 guidelines. A list of clinical practice guidelines for conditions referenced in Section 2.8.2.1.3.1 of this Contract, as well as Maternity, Obesity, and Preventive Services must be submitted for review by TENNCARE on an annual basis.
- 2.8.7 **Informing and educating Members**
- The CONTRACTOR shall inform all members of the availability of Population Health Programs and how to access and use the program services. The member shall be provided information regarding their eligibility to participate, how to self refer, and how to either appropriately “opt in” or “opt out” of a program.
4. **Section 2.9.4 and 2.9.4.1 shall be deleted and replaced as follows:**
- 2.9.4 **CHOICES Assessments for a CONTRACTOR’S Current Members Under the Age of Twenty-One**
- 2.9.4.1 When a member receiving home health or private duty nursing services in excess of specified benefit limits for adults is turning age twenty-one (21), the CONTRACTOR shall, at least sixty (60) days prior to the member’s 21st birthday, conduct an in-home assessment to determine whether the member is interested in applying for CHOICES, and if so, shall, pursuant to Section 2.9.7.3.8 conduct an in-home assessment and, subject to the member’s eligibility to enroll in CHOICES, coordinate with TENNCARE to help facilitate enrollment in CHOICES and initiation of CHOICES benefits on the member’s 21st birthday.
5. **Section 2.9.6.2.4 shall be amended by adding a new Section 2.9.6.2.4.6 as follows:**
- 2.9.6.2.4.6 Any time the CONTRACTOR submits a level of care application to TENNCARE for a member in a Nursing Facility, the CONTRACTOR shall, as expeditiously as possible and within no more than two (2) business days, notify the Nursing Facility that a level of care application has been submitted, and shall provide a copy of such application to the Nursing Facility.

6. **Section 2.9.6.5.2.2 shall be deleted and replaced as follows:**

2.9.6.5.2.2 At a minimum, for members in CHOICES Group 2 and 3, the comprehensive needs assessment shall assess: (1) the member's overall wellness including physical, behavioral, functional, and psychosocial needs, and an evaluation of the member's financial health as it relates to the member's ability to maintain a safe and healthy living environment, which for individuals receiving community-based residential alternative services other than companion care, shall include the member's capabilities and desires regarding personal funds management; any training or assistance needed to support the member in managing personal funds or to develop skills needed to increase independence with managing personal funds; and any health, safety or exploitation issues that require limitations on the member's access to personal funds; (2) the member's interest in pursuing integrated, competitive employment and any barriers to pursuing employment (as applicable); (3) the member's opportunities to engage in community life and access community services and activities to the same degree as individuals not receiving HCBS; (4) the member's natural supports, including care being provided by family members and/or other caregivers, and long-term care services the member is currently receiving (regardless of payor), and whether there is any anticipated change in the member's need for such care or services or the availability of such care or services from the current caregiver or payor; and (5) the physical health, behavioral health, and long-term care services and other social support services and assistance (e.g., housing or income assistance) that are needed, as applicable, to ensure the member's health safety and welfare in the community, delay or prevent the need for institutional placement, and to support the member's individually identified goals and outcomes, including employment (as applicable) and integrated community living.

7. **Section 2.9.6.6.2.4 and 2.9.6.6.2.5 through 2.9.6.6.2.5.14 shall be deleted and replaced by a combined Section 2.9.6.6.2.4 as follows. The remaining Section 2.9.6.6.2 shall be renumbered accordingly, including any references thereto.**

2.9.6.6.2.4. The plan of care developed for CHOICES members in Groups 2 and 3 prior to initiation of CHOICES HCBS shall be completed in accordance with federal rules at 42 C.F.R. § 441.301(c) pertaining to person-centered planning and with TENNCARE protocol and at a minimum shall include:

2.9.6.6.2.4.1 Pertinent demographic information regarding the member including the member's current address and phone number(s), the name and contact information of any representative and a list of other persons authorized by the member to have access to health care (including long-term care) related information and to assist with assessment, planning, and/or implementation of health care (including long-term care) related services and supports, (along with signed copies of all documents required in order to allow access to records or decision-making authority by the authorized representative(s), if applicable);

2.9.6.6.2.4.2 Documentation that the setting in which the member resides is chosen by the member and meets the HCBS Settings Rule requirements of 42 C.F.R. § 441.301(c)(4)-(5);

2.9.6.6.2.4.3 The member's strengths and interests;

2.9.6.6.2.4.4 Person-centered goals and objectives, including employment (as applicable) and integrated community living goals, and desired wellness, health, functional, and quality

Amendment 37 (cont.)

- of life outcomes for the member, and how CHOICES services are intended to help the member achieve these goals;
- 2.9.6.6.2.4.5 Risk factors for the member and measures in place to minimize them, including for any modification regarding the conditions set forth in the federal HCBS setting rule at 42 C.F.R. §§ 441.301(c)(4)(vi)(A) through (D), all of the documentation requirements specified at 42 C.F.R. §§ 441.301(c)(2)(xiii)(A-H) and 441.301(c)(4)(vi)(F)(1-8);
 - 2.9.6.6.2.4.6 Support, including specific tasks and functions that will be performed by family members and other caregivers;
 - 2.9.6.6.2.4.7 Caregiver training or supports identified through the caregiver assessment that are needed to support and sustain the caregiver's ability to provide care for the member;
 - 2.9.6.6.2.4.8 Home health, private duty nursing, and long-term care services the member will receive from other payor sources including the payor of such services;
 - 2.9.6.6.2.4.9 Home health and private duty nursing that will be authorized by the CONTRACTOR;
 - 2.9.6.6.2.4.10 CHOICES HCBS that will be authorized by the CONTRACTOR, including the amount, frequency, duration, and scope (tasks and functions to be performed) of each service to be provided, how such services should be delivered, including the member's preferences, the schedule at which such care is needed, and the address or phone number(s) that will be used to log visits into the EVV system, as applicable;
 - 2.9.6.6.2.4.11 A detailed back-up plan for situations when regularly scheduled HCBS providers are unavailable or do not arrive as scheduled; the back-up plan may include paid and unpaid supports and shall include the names and telephone numbers of persons and agencies to contact and the services provided by listed contacts; the CONTRACTOR shall assess the adequacy of the back-up plan;
 - 2.9.6.6.2.4.12 For CHOICES Group 2 members, the projected TennCare monthly and annual cost of home health and private duty nursing identified in 2.9.6.6.2.4.9 above, and the projected monthly and annual cost of CHOICES HCBS specified in 2.9.6.6.2.4.10 above, and for CHOICES Group 3 members, the projected total cost of CHOICES HCBS specified in 2.9.6.6.2.4.10 above, excluding the cost of minor home modifications;
 - 2.9.6.6.2.4.13 Description of the member's overall wellness, current physical and behavioral health conditions and functional status (i.e., areas of functional deficit), and the member's physical, behavioral and functional needs;
 - 2.9.6.6.2.4.14 Description of the member's physical environment and any modifications necessary to ensure the member's health and safety;
 - 2.9.6.6.2.4.15 Description of medical equipment used or needed by the member (if applicable);
 - 2.9.6.6.2.4.16 Description of any special communication needs including interpreters or special devices;
 - 2.9.6.6.2.4.17 A description of the member's psychosocial needs, including any housing or financial assistance needs which could impact the member's ability to maintain a safe and healthy

Amendment 37 (cont.)

living environment and how such needs will be addressed in order to ensure the member's ability to live safely in the community;

- 2.9.6.6.2.4.18 For persons receiving community-based residential alternative services other than companion care, a description of the member's capabilities and desires regarding personal funds management; the extent to which personal funds will be managed by the provider agency or the member's representative (as applicable); whether the member will have a separate bank account rather than an agency-controlled account for personal funds; any training or assistance that will be provided to support the member in managing personal funds or to develop skills needed to increase independence with managing personal funds; goals and objectives involving use of the member's personal funds; and any health, safety or exploitation issues that require limitations on the member's access to personal funds and strategies to remove limitations at the earliest possible time;
- 2.9.6.6.2.4.19 A person-centered statement of goals, objectives and desired wellness, health, functional and quality of life outcomes for the member and how CHOICES services are intended to help the member achieve these goals;
- 2.9.6.6.2.4.20 Description of other services that will be provided to the member, including (1) covered physical health services, including population health services, that will be provided by the CONTRACTOR to help the member maintain or improve his or her physical health status or functional abilities and maximize independence; (2) covered behavioral health services that will be provided by the CONTRACTOR to help the member maintain or improve his or her behavioral health status or functional abilities and maximize independence; (3) other psycho/social support services and assistance needed in order to ensure the member's health, safety and welfare, and as applicable, to delay or prevent the need for more expensive institutional placement; and (4) any non-covered services including services provided by other community resources, including plans to link the member to financial assistance programs including but not limited to housing, utilities and food as needed;
- 2.9.6.6.2.4.21 Relevant information regarding the member's physical health condition(s), including treatment and medication regimen, that is needed by a long-term care provider, caregiver or the care coordinator to ensure appropriate delivery of services or coordination of care;
- 2.9.6.6.2.4.22 Frequency of planned care coordinator contacts needed, which shall include consideration of the member's individualized needs and circumstances, and which shall at minimum meet required contacts as specified in Section 2.9.6.10.4 (unplanned care coordinator contacts shall be provided as needed);
- 2.9.6.6.2.4.23 Additional information for members who elect consumer direction of eligible CHOICES HCBS, including but not limited to whether the member requires a representative to participate in consumer direction and the specific services that will be consumer directed;
- 2.9.6.6.2.4.24 If the member chooses to self-direct any health care tasks, the type of tasks that will be self-directed;
- 2.9.6.6.2.4.25 Any steps the member and/or representative should take in the event of an emergency that differ from the standard emergency protocol;

Amendment 37 (cont.)

2.9.6.6.2.4.26 Planning what to do during an emergency shall include, but may not be limited to the following:

2.9.6.6.2.4.26.1 Developing an emergency plan;

2.9.6.6.2.4.26.2 Creating a plan to have shelter in place when appropriate;

2.9.6.6.2.4.26.3 Creating a plan to get to another safe place when appropriate; and

2.9.6.6.2.4.26.4 Identifying, when possible, two ways out of every room in case of fire.

2.9.6.6.2.4.27 Identify any additional steps the member and/or representative should take in the event of an emergency;

2.9.6.6.2.4.28 A disaster preparedness plan specific to the member; and

2.9.6.6.2.4.29 The member's TennCare eligibility end date.

8. **Section 2.9.6.6.2.6.4 shall be deleted and replaced as follows:**

2.9.6.6.2.6.4 Instances in which a member's signature is not required are limited to: 1) member-initiated schedule changes to the POC that do not alter the level of services (i.e. the amount, duration or type of services) detailed in the current POC for the member; 2) changes in the provider agency that will deliver services that do not alter the level of services (i.e. the amount, duration or type of services) detailed in the current POC for the member; however, all schedule changes must be member-initiated; 3) changes in the member's current address and phone number(s) or the phone number(s) or address that will be used to log visits into the EVV system; 4) the end of a member's participation in MFP at the conclusion of his 365-day participation period; or 5) instances as permitted pursuant to TennCare policies and protocols. Documentation of such changes shall be maintained in the member's records.

9. **Section 2.9.6.6.2.7 shall be deleted and replaced as follows:**

2.9.6.6.2.7 The member's care coordinator/care coordination team shall provide a copy of the member's completed plan of care, including any updates, to the member, the member's representative, as applicable, the member's community-based residential alternative provider, as applicable, and other providers authorized to deliver care to the member, , and shall ensure that each provider signs the plan of care indicating they understand and agree to provide the services as described prior to the schedule implementation of services and prior to any change in such services. The CONTRACTOR shall have mechanisms in place to ensure that such signatures and confirmation of each provider's agreement to provide services occurs within the timeframes specified in 2.9.6.3.12, 2.9.6.3.20, and 2.9.6.6.2.8, such that a delay in the initiation of services does not result. Electronic signatures will be accepted for providers who are not present during the care planning process or as needed to facilitate timely implementation, including updates to the plan of care based on the member's needs.

Amendment 37 (cont.)

10. **Section 2.9.6.8 shall be amended by adding a new Section 2.9.6.8.26 as follows and renumbering the remaining Section accordingly, including any references thereto.**

2.9.6.8.26 Any nursing facility to community transition shall be based on the individualized needs and preferences of the member. The CONTRACTOR shall not establish a minimum number of members on any care coordinator's caseload or a minimum number of residents of any facility that must be transitioned to the community. The CONTRACTOR shall ensure that care coordinators are screening members' potential for and interest in transition (see Section A.2.9.6.5.1.1) and when applicable, facilitating transition activities in a timely manner (see Section A.2.9.6.8), but shall not require any care coordinator as a condition of employment to identify a minimum number of nursing facility residents for transition to the community. Nor shall the CONTRACTOR pay any care coordinator an incentive or bonus based on the number of persons transitioned from a nursing facility to the community, unless there are appropriate safeguards, as determined and approved in writing by TENNCARE, to ensure that transitions are appropriate and consistent with the needs and preferences of residents.

11. **Section 2.9.6 shall be amended by adding new Sections 2.9.6.9 through 2.9.6.9.3 as follows and subsequent sections shall be renumbered accordingly, including any references thereto.**

2.9.6.9 **Community-Based Residential Alternative (CBRA) Services**

2.9.6.9.1 The CONTRACTOR shall authorize CBRA services and shall facilitate a member's transition into a CBRA service and a specific CBRA setting *only* when such service *and* setting have been selected by the member; the member has been given the opportunity to meet and to choose to reside with any housemates who will also live in the CBRA setting; and the setting has been determined to be appropriate for the member based on the member's needs, interests, and preferences.

2.9.6.9.2 Prior to transition of any CHOICES Group 2 or 3 member into a community-based residential alternative setting and the initiation of any community-based residential alternative services other than companion care (including assisted care living facility services, adult care homes, community living supports, and community living supports-family model), and prior to the transition of any CHOICES Group 2 or 3 member to a new community-based residential alternative services provider, the care coordinator shall visit the residence where the member will live and shall, in accordance with protocols developed by TENNCARE, conduct an on-site assessment of the proposed community-based residential alternative setting to ensure that the living environment and living situation are appropriate and that the member's needs will be safely and effectively met.

Amendment 37 (cont.)

2.9.6.9.3 Within the first twenty-four (24) hours of the transition of any CHOICES Group 2 or 3 member into a community-based residential alternative setting and the initiation of any community-based residential alternative services other than companion care (including assisted care living facility services, adult care homes, community living supports and community living supports-family model), and within the first twenty-four (24) hours of the transition of any CHOICES Group 2 or 3 member to a new community-based residential alternative services provider, the care coordinator shall contact the member and within seven (7) days after the member has transitioned, the care coordinator shall visit the member in his/her new residence to confirm the member's satisfaction with the CBRA provider, and services; that the plan of care is being implemented; that the services are being delivered in a manner that is consistent with the member's preferences and which supports the member in achieving his or her goals and desired outcomes; and that the member's needs are safely and effectively met. Such contacts may be completed by a member of the Transition Team who meets all of the requirements to be a care coordinator.

12. **The renumbered Section 2.9.6.10.2.1.9 shall be deleted and replaced as follows:**

2.9.6.10.2.1.9 Upon the scheduled initiation of services identified in the plan of care, the member's care coordinator/care coordination team shall begin monitoring to ensure that services have been initiated and continue to be provided as authorized and in accordance with the member's plan of care. This shall include ongoing monitoring via electronic visit verification to ensure that services are provided in accordance with the member's plan of care, including the amount, frequency, duration and scope of each service, in accordance with the member's service schedule; and that services continue to meet the member's needs. It shall also include in-person monitoring of the quality of such services, the member's satisfaction with the services, and whether the services are being delivered in a manner that is consistent with the member's preferences and which supports the member in achieving his or her goals and desired outcomes;

13. **The renumbered Section 2.9.6.10.3 shall be amended by adding new Sections 2.9.6.10.3.7 through 2.9.6.10.3.7.13 as follows. The remaining Section 2.9.6.10.3 shall be renumbered accordingly, including any references thereto.**

2.9.6.10.3.7 For members receiving community-based residential alternative services, other than assisted care living facility services or companion care, including adult care homes, community living supports and community living supports-family model, the CONTRACTOR shall ensure that at each face-to-face visit the care coordinator makes the following observations, in addition to those observations required in Section 2.9.6.10.3.6, documents such observations in the member's file, takes immediate actions necessary to address any concern(s) identified based on such observations, and documents resolution of the concern(s) in the member's file:

2.9.6.10.3.7.1 A copy of the plan of care is accessible in the home to all caregivers;

2.9.6.10.3.7.2 The plan of care is being implemented and services are being delivered in a manner that is consistent with the member's preferences and which supports the member in achieving his or her goals and desired outcomes;

2.9.6.10.3.7.3 The member is able to make his or her own choices and maintains control of his or her home and environment;

Amendment 37 (cont.)

- 2.9.6.10.3.7.4 The member is supported in participating fully in community life, including faith-based, social, and leisure activities selected by the individual;
- 2.9.6.10.3.7.5 The member maintains good relationships with housemates, and there are no major, unresolved disputes;
- 2.9.6.10.3.7.6 There is an adequate food supply for the member that is consistent with the member's dietary needs and preferences;
- 2.9.6.10.3.7.7 All utilities are working and in proper order;
- 2.9.6.10.3.7.8 For members whose plan of care reflects that the provider will manage the member's personal funds, review financial records and statements to ensure member's bills have been paid timely and are not overdue, and that there are adequate funds remaining for food, utilities, and any other necessary expenses;
- 2.9.6.10.3.7.9 For members who require 24/7 staff, that such staff are in the residence during the visit and attentive to the member's needs and interests;
- 2.9.6.10.3.7.10 The member has been properly supported in scheduling and attending any medical appointments, as applicable;
- 2.9.6.10.3.7.11 Any medications administered by the staff pursuant to T.C.A. §§ 68-1-904 and 71-5-1414 are documented in a Medication Administration Record in accordance with the member's prescriptions, and that any medication errors have been reported;
- 2.9.6.10.3.7.12 The member's chronic health conditions, as applicable, are being properly managed, and in the case of members receiving CLS 3 or CLS-FM 3, nurse oversight and monitoring, and skilled nursing services are being provided, as appropriate, and as reflected in the member's plan of care for routine, ongoing health care tasks, such as blood sugar monitoring and management, oral suctioning, tube feeding, bowel care, etc.; and
- 2.9.6.10.3.7.13 Any other requirements specified in TennCare policies and protocols.

14. **The renumbered Sections 2.9.6.10.4.3.7, 2.9.6.10.4.3.8, and 2.9.6.10.4.3.9 shall be deleted and replaced and a new subsection 2.9.6.10.4.3.10 shall be added as follows:**

- 2.9.6.10.4.3.7 Except as specified in 2.9.6.10.4.3.10 below, members in CHOICES Group 2 shall be contacted by their care coordinator at least monthly either in person or by telephone with an interval of at least fourteen (14) days between contacts. These members shall be visited in their residence face-to-face by their care coordinator at least quarterly with an interval of at least sixty (60) days between visits.
- 2.9.6.10.4.3.8 Except as specified in 2.9.6.10.4.3.10 below, members in CHOICES Group 3 shall be contacted by their care coordinator at least quarterly (more frequently when appropriate based on the member's needs and/or request which shall be documented in the plan of care). Such contacts shall be either in person or by telephone with an interval of at least sixty (60) days between contacts. These members shall be visited in their residence face-

Amendment 37 (cont.)

to-face by their care coordinator at least semi-annually (more frequently when appropriate based on the member's needs and/or request which shall be documented in the plan of care) with an interval of at least one hundred-twenty (120) days between visits.

2.9.6.10.4.3.9 Except as specified in 2.9.6.10.4.3.10 below, members in CHOICES Group 2 participating in MFP shall, for at least the first ninety (90) days following transition to the community, be visited in their residence face-to-face by their care coordinator at least monthly with an interval of at least fourteen (14) days between contacts to ensure that the plan of care is being followed, that the plan of care continues to meet the member's needs, and the member has successfully transitioned back to the community. Thereafter, for the remainder of the member's MFP participation period, minimum contacts shall be as described in Section 2.9.6.10.4.3.7 unless more frequent contacts are required based on the member's needs and circumstances and as reflected in the member's plan of care, or based on a significant change in circumstances (see Sections 2.9.6.1.2.1.17 and 2.9.8.4.5) or a short-term nursing facility stay (see Sections 2.9.8.8.5 and 2.9.8.8.7).

2.9.6.10.4.3.10 Members in CHOICES Group 2 or 3 receiving community-based residential alternative services, other than assisted care living facility services or companion care, including adult care homes, community living supports, and community living supports-family model, shall be visited in their residence face-to-face by their care coordinator at least monthly with an interval of at least fourteen (14) days between contacts to ensure that the plan of care is being followed and that the plan of care continues to meet the member's needs, unless more frequent contacts are required based on the member's needs and circumstances and as reflected in the member's plan of care, based on a significant change in circumstances (see Sections 2.9.6.10.2.1.17 and 2.9.8.4.5), or a short-term nursing facility stay (see Sections 2.9.8.8.5 and 2.9.8.8.7).

15. **Section 2.11.8.3 shall be deleted and replaced as follows:**

2.11.8.3 Local Health Departments

The CONTRACTOR shall contract with each local health department in each Grand Region(s) served by the CONTRACTOR for the provision of TENNderCare screening services until such time as the CONTRACTOR achieves a TENNderCare screening percentage of eighty percent (80%) or greater. Payment to local health departments shall be in accordance with Section 2.13.7.

16. **Section 2.11.9.4.1.2.5.1. shall be deleted and replaced as follows:**

2.11.9.4.1.2.5.1 Delivering person-centered supports for older adults and adults with physical disabilities;

17. **Section 2.11.9.4.1.2 shall be amended by adding a new Section 2.11.9.4.1.2.7 as follows:**

2.11.9.4.1.2.7 Is compliant with the HCBS Settings Rule detailed in 42 C.F.R. § 441.301(c)(4)- (5).

Amendment 37 (cont.)

18. **Section 2.11.9.4.1.3 shall be deleted and replaced as follows:**

2.11.9.4.1.3 At a minimum, recredentialing of HCBS providers shall include verification of continued licensure and/or certification (as applicable); compliance with policies and procedures identified during credentialing, including background checks and training requirements, critical incident reporting and management, and use of the EVV; and compliance with the HCBS Settings Rule detailed in 42 C.F.R. § 441.301(c)(4)-(5).

19. **The opening paragraph of Section 2.12.11 shall be deleted and replaced as follows:**

A.2.12.11 Prior to executing a provider agreement with any CHOICES HCBS provider seeking Medicaid reimbursement for CHOICES HCBS, the CONTRACTOR shall verify that the provider is compliant with the HCBS Settings Rule detailed in 42 C.F.R. § 441.301(c)(4)-(5). The provider agreement with a CHOICES HCBS provider shall meet the minimum requirements specified in Section 2.12.9 above and shall also include, at a minimum, the following requirements:

20. **Section 2.12.11 shall be amended by adding new subsection 2.12.11.15 as follows:**

2.12.11.15 The CONTRACTOR shall require that all CHOICES HCBS providers maintain compliance with the HCBS Settings Rule detailed in 42 C.F.R. § 441.301(c)(4)-(5).

21. **Section A.2.13.3 shall be deleted in its entirety and replaced as follows:**

A.2.13.3 **All Covered Services**

2.13.3.1 Except as provided in Sections A.2.13.3.1.1 and A.2.13.3.1.2 below, the CONTRACTOR shall not reimburse providers based on a percentage of billed charges.

2.13.3.1.1 The CONTRACTOR may, at its discretion, pay a percentage of billed charges for covered physical health and behavioral health services for which there is no Medicare reimbursement methodology.

2.13.3.1.2 As part of a stop-loss arrangement with a physical health or behavioral health provider, the CONTRACTOR may, at its discretion, pay the provider a percentage of billed charges for claims that exceed the applicable stop-loss threshold.

2.13.3.2 The CONTRACTOR shall not reimburse providers based on automatic escalators or linkages to other methodologies that escalate such as current Medicare rates or inflation indexes unless otherwise allowed by TENNCARE.

22. **Sections 2.15.7.1.1, 2.15.7.1.3 and 2.15.7.1.3.1 shall be deleted and replaced as follows:**

2.15.7.1.1 The CONTRACTOR shall develop and implement a critical incident reporting and management system for incidents that occur in a home and community-based long-term care service delivery setting, including: community-based residential alternatives; adult day care centers; other CHOICES HCBS provider sites; and a member's home or any other community-based setting, if the incident occurs during the provision of covered CHOICES HCBS.

Amendment 37 (cont.)

2.15.7.1.3 Critical incidents shall include but not be limited to the following incidents when they occur in a home and community-based long-term care service delivery setting (as defined in Section 2.15.7.1.1 above), regardless of whether the provider is believed to be responsible for the incident:

2.15.7.1.3.1 Any unexpected death of a CHOICES member, regardless of whether the death occurs during the provision of HCBS;

23. **Section A.2.15.7.3.1 shall be deleted and replaced as follows:**

2.15.7.3.1 The CONTRACTOR shall identify, track, and review all significant critical incidents that occur during the provision of Home Health (HH) services. This requirement shall be applied for all members, including CHOICES and non-CHOICES members. A HH critical incident shall include those significant incidents that are reported to the CONTRACTOR from the HH including unexpected death, major/severe injury, safety issues, or suspected physical, mental or sexual abuse or neglect. Each incident must be reported using the TENNCARE prescribed HHA Critical Incident report template within twenty-four (24) hours of the CONTRACTOR QM/QI Program staff receiving information relative to such an incident. An updated report, including results of investigation and next steps must be submitted to TENNCARE within thirty (30) calendar days of notification of the incident. The CONTRACTOR shall be responsible, as part of its critical incident management system, to track, review and analyze critical incident data in a manner described in Section A.2.15.7.1.2 that takes into consideration all incidents occurring for members supported by an agency, whether they occur during the provision of CHOICES HCBS or HH services, including the identification of trends and patterns, opportunities for improvement, and actions and strategies the CONTRACTOR will take to reduce the occurrence of incidents and improve the quality of HH services received.

24. **Section 2.18.6.10 shall be deleted and replaced as follows:**

2.18.6.10 The CONTRACTOR shall conduct ongoing provider education, training and technical assistance as deemed necessary by the CONTRACTOR or TENNCARE in order to ensure compliance with this Contract. This shall include training and technical assistance in person-centered supports and compliance with the HCBS settings rule, as directed and/or approved by TENNCARE.

25. **Section 2.30.4 shall be amended by adding a new Section 2.30.4.5 as follows:**

2.30.4.5 The CONTRACTOR shall submit a quarterly *Behavioral Crisis Prevention, Intervention, and Stabilization Services for Individuals with Intellectual or Developmental Disabilities (I/DD) Report* including the data elements described by TENNCARE. Specified data elements shall be reported for each individual provider as described in the template provided by TENNCARE.

Amendment 37 (cont.)

26. **Section 2.30.5.3 shall be deleted and replaced as follows:**

2.30.5.3 The CONTRACTOR shall submit annually, on July 1, a *Population Health Annual Report* in the format described in the annual report template provided by TENNCARE. The report shall include active participation rates, as designated by NCQA, for programs with active interventions. Short term and intermediate outcome data reporting is required. Member satisfaction shall be reported based upon NCQA requirements along with functional status for members in the Chronic Care Management and Complex Case Management programs.

27. **Section 2.30.6.9 shall be deleted and replaced as follows:**

2.30.6.9 Upon notification from TENNCARE, the CONTRACTOR shall submit a monthly MFP Participants Report. The report shall include information on specified measures, which shall include but not be limited to the following:

2.30.6.9.1 The total number and the name and SSN of each CHOICES Group 2 or Group 3 member enrolled into MFP;

2.30.6.9.2 The date of each member's transition to the community (or for persons enrolled in MFP upon enrollment to the CONTRACTOR's health plan, the date of enrollment into the CONTRACTOR's health plan);

2.30.6.9.3 Each member's current place of residence including physical address and type of Qualified Residence;

2.30.6.9.4 The date of the last care coordination visit to each member;

2.30.6.9.5 Any inpatient facility stays during the month, including the member's name and SSN type of Qualified Institution, dates of admission and discharge, and the reason for admission; and

2.30.6.9.6 The total number and name and SSN of each member disenrolled from MFP during the month, including the reason for disenrollment.

28. **Sections 2.30.6.10 and 11 shall be deleted and replaced as follows:**

2.30.6.10 The CONTRACTOR shall submit a listing of members identified as potential pharmacy lock-in candidates (see Section A.2.9.11.3.2) twice a year on June 1 and December 1, according to the following parameters:

2.30.6.10.1 Members with at least 3 controlled substances in a three-month period, and

2.30.6.10.2 at least 3 different pharmacies, and

2.30.6.10.3 at least 3 different emergency room prescribers.

2.30.6.11 The CONTRACTOR shall submit a quarterly Pharmacy Services Report on the prescribing of selected medications mutually agreed-upon by TENNCARE and the CONTRACTOR and includes a list of the providers who appear to be operating outside industry or peer norms as defined by TENNCARE or have been identified as non-compliant as it relates to adherence to

Amendment 37 (cont.)

accepted treatment guidelines for use of said medications and the steps the CONTRACTOR has taken to personally intervene with each one of the identified providers as well as the outcome of these personal contacts.

29. **Section 2.30.8.1 shall be deleted and replaced as follows:**

2.30.8.1 The CONTRACTOR shall submit a monthly Provider Enrollment File that includes information on all providers of TennCare health services, including physical, behavioral health, and long-term care providers (see Section 2.11). This includes but is not limited to, PCPs, physician specialists, hospitals, home health agencies, CMHAs, nursing facilities, CHOICES HCBS providers, and emergency and non-emergency transportation providers. For CHOICES HCBS providers, the Provider Enrollment File shall identify the type(s) of CHOICES HCBS the provider is contracted to provide and the specific counties in which the provider is contracted to deliver CHOICES HCBS, by service type. For Behavioral Crisis Prevention, Intervention, and Stabilization Services for Individuals with Intellectual or Developmental Disabilities (see Section 2.7.2.8.4), the report shall specify the specific counties in which the provider is contracted to deliver such services. The report shall include contract providers as well as all non-contract providers with whom the CONTRACTOR has a relationship. During any period of readiness review, the CONTRACTOR shall submit this report as requested by TENNCARE. Each monthly Provider Enrollment File shall include information on all providers of covered services and shall provide a complete replacement for any previous Provider Enrollment File submission. Any changes in a provider's contract status from the previous submission shall be indicated in the file generated in the month the change became effective and shall be submitted in the next monthly file.

30. **Amendment 36 inadvertently amended Section 4.9.1 instead of 4.10.1. Sections 4.9.1 and 4.10.1 shall be deleted and replaced as follows:**

4.9.1 TENNCARE shall make a payment to the CONTRACTOR in an amount equal to the invoice that is billed to the CONTRACTOR by the TennCare PBM. The CONTRACTOR shall make payment to the TennCare PBM no later than the Friday following receipt of the payment from TENNCARE unless extended by TENNCARE due to unforeseen circumstances or bank holidays.

4.10.1 In no event shall the maximum liability of the State under this Agreement during the original term of the Contract exceed four billion, two hundred seventy two million, four hundred seventy six thousand, eight hundred five dollars and ninety cents (\$4,272,476,805.90).

31. **Section 5.2.1 shall be amended as follows:**

5.2.1 This Agreement, and its incorporated attachments, if any, as well as all Amendments to this Agreement, contain all of the terms and conditions agreed upon by the parties, and when executed by all parties, supersedes any prior agreements. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall be in effect from July 1, 2001, subject to approval by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services. The term of this Agreement shall expire on December 31, 2016. At the mutual agreement of TENNCARE and the CONTRACTOR, this Agreement shall be renewable for an additional twelve month period.

Amendment 37 (cont.)

32. **Section 5.3 shall be amended by adding new Sections 5.3.48 and 5.3.49 as follows:**

- 5.3.48 The Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA) as amended by PPACA.
- 5.3.49 The minimum and maximum hospital aggregate reimbursement levels as defined in Public Chapter 276, "The Annual Coverage Assessment Act of 2015".

Amendment 37 (cont.)

All of the provisions of the original Contract not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective July 1, 2015.

The State is not bound by this Amendment until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this Contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

The CONTRACTOR, by signature of this Amendment, hereby affirms that this Amendment has not been altered and therefore represents the identical document that was sent to the CONTRACTOR by TENNCARE.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 36
AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1 shall be amended by deleting and replacing the following definitions:

At-Risk – As it relates to the CHOICES program, SSI eligible adults age sixty-five (65) and older or age twenty-one (21) or older with physical disabilities, who do not meet the established level of care criteria for nursing facility services, but have a lesser number or level of functional deficits in activities of daily living as defined in TennCare rules and regulations, such that, in the absence of the provision of a moderate level of home and community based services, the individual's condition and/or ability to continue living in the community will likely deteriorate, resulting in the need for more expensive institutional placement. As it relates to Interim CHOICES Group 3, open for enrollment only between July 1, 2012 and June 30, 2015, "at risk" is defined as adults age sixty-five (65) and older or age twenty-one (21) or older with physical disabilities who receive SSI or meet Nursing Financial eligibility criteria, and also meet the Nursing Facility level of care in effect on June 30, 2012

Care Coordination Team – If an MCO elects to use a care coordination team, the care coordination team shall consist of a care coordinator and specific other persons with relevant expertise and experience who are assigned to support the care coordinator in the performance of care coordination activities for a CHOICES member as specified in this Contract and in accordance with Section 2.9.6, but shall not perform activities that must be performed by the Care Coordinator, including needs assessment, caregiver assessment, development of the plan of care, and minimum Care Coordination contacts.

CHOICES At-Risk Demonstration Group – Individuals who are age sixty-five (65) and older and adults age twenty-one (21) and older with physical disabilities who (1) meet nursing home financial eligibility for TennCare-reimbursed long term services and supports, (2) meet the nursing facility level of care in place on June 30, 2012, but not the nursing facility level of care criteria in place on July 1, 2012; and (3) in the absence of TENNCARE CHOICES HCBS available through CHOICES Group 3, are At Risk for Institutionalization as defined in TennCare Rules. The CHOICES At-Risk Demonstration Group is open only between July 1, 2012, through June 30, 2015. Individuals enrolled in the CHOICES At-Risk Demonstration Group as of June 30, 2015, may continue to qualify in this group after June 30, 2015 so long as they (1) continue to meet Nursing Facility financial eligibility and the LOC criteria in place when they enrolled; and (2) remain continuously enrolled in the CHOICES At-Risk Demonstration Group and in CHOICES 3.

Amendment 36 (cont.)

CHOICES Group (Group) – One of the three groups of TennCare enrollees who are enrolled in CHOICES. There are three CHOICES groups:

Group 1

Medicaid enrollees of all ages who are receiving Medicaid-reimbursed care in a nursing facility.

Group 2

Persons age sixty-five (65) and older and adults age twenty-one (21) and older with physical disabilities who meet the nursing facility level of care, who qualify for TennCare either as SSI recipients or as members of the CHOICES 217-Like HCBS Group, and who need and are receiving CHOICES HCBS as an alternative to nursing facility care. The CHOICES 217-Like HCBS Group includes persons who could have been eligible under 42 CFR 435.217 had the state continued its 1915(c) HCBS waiver for elders and/or persons with physical disabilities. TENNCARE has the discretion to apply an enrollment target to this group, as described in TennCare rules and regulations.

Group 3

Persons age sixty-five (65) and older and adults age twenty-one (21) and older with physical disabilities who qualify for TennCare as SSI recipients, who do not meet the nursing facility level of care, but who, in the absence of CHOICES HCBS, are “at-risk” for nursing facility care, as defined by the State. TENNCARE has the discretion to apply an enrollment target to this group as described in TennCare rules and regulations.

Interim Group 3 (open for new enrollment only between July 1, 2012, through June 30, 2015)

Persons age sixty-five (65) and older and adults age twenty-one (21) and older with physical disabilities who qualify for TennCare as SSI eligibles or as members of CHOICES At-Risk Demonstration Group and who meet the NF LOC criteria in place as of June 30, 2012. There is no enrollment target on Interim Group 3.

All requirements set forth in this Contract regarding Group 3 members are applicable to Interim Group 3 members, except as explicitly stated otherwise. Interim Group 3 members are not subject to an enrollment target.

Community-Based Residential Alternatives to Institutional Care (Community-Based Residential Alternatives) – Residential services that offer a cost-effective, community-based alternative to nursing facility care for persons who are elderly and/or adults with physical disabilities. This includes, but is not limited to, community living supports, community living supports-family model, assisted care living facility services, critical adult care homes, and companion care. As provided in Section 2.6 of this Agreement, community-based residential alternatives shall be available to members in CHOICES Group 2.

Eligible Individual – With respect to Tennessee’s Money Follows the Person Rebalancing Demonstration (MFP) and pursuant to Section 6071(b)(2) of the Deficit Reduction Act of 2005 (DRA), (Pub. L. 109-171 (S. 1932)) (Feb. 8, 2006) as amended by Section 2403 of the Patient Protection and Affordable Care Act of 2010 (ACA), (Pub. L. 111-148) (May 1, 2010), the State’s approved MFP Operational Protocol and TennCare Rules, a member who qualifies to participate in MFP. Such person, immediately before beginning participation in the MFP demonstration project, shall:

1. Reside in a Qualified Institution, i.e., a Nursing Facility (NF), hospital, or an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID), and have resided in any combination of such Qualified Institutions for a period of not less than ninety (90) consecutive days.

Amendment 36 (cont.)

- a. Inpatient days in an institution for mental diseases (IMDs) which includes Psychiatric Hospitals and Psychiatric Residential Treatment Facilities (PRTF) may be counted only to the extent that Medicaid reimbursement is available under the State Medicaid plan for services provided by such institution. Medicaid payments may only be applied to persons in IMDs who are over 65 or under 21 years of age.
 - b. Any days that an individual resides in a Medicare certified Skilled Nursing Facility (SNF) on the basis of having been admitted solely for purposes of receiving post-hospital short-term rehabilitative services covered by Medicare shall not be counted for purposes of meeting the ninety (90)-day minimum stay in a Qualified Institution established under ACA.
 - c. Short-term continuous care in a nursing facility, to include Level 2 nursing facility reimbursement, for episodic conditions to stabilize a condition rather than admit to hospital or to facilitate hospital discharge, and inpatient rehabilitation facility services reimbursed by the CONTRACTOR (i.e., not covered by Medicare) as a cost-effective alternative (Refer to Section 2.6.5) and provided in a Qualified Institution shall be counted for purposes of meeting the ninety (90) day minimum stay in a Qualified Institution established under ACA.
2. For purposes of this Contract, an Eligible Individual must reside in a Qualified Institution and be eligible to enroll and transition seamlessly into CHOICES Group 2, or one of the 1915(c) HCBS Waivers, without delay or interruption.
 3. Meet nursing facility or ICF/IID level of care, as applicable, and, but for the provision of ongoing CHOICES HCBS, continue to require such level of care provided in an inpatient facility.

MOE Demonstration Group – Individuals who are age 65 and older and adults age 21 and older with disabilities who (1) meet nursing home financial eligibility, (2) do not meet the nursing facility level of care criteria in place on July 1, 2012; and (3) in the absence of TennCare CHOICES services, are “at risk” of institutionalization. The MOE Demonstration Group is open only between July 1, 2012, through June 30, 2015. Individuals enrolled in the MOE Demonstration Group as of June 30, 2015, may continue to qualify in this group after June 30, 2015, so long as they (1) continue to meet Nursing Facility financial eligibility and the LOC criteria in place when they enrolled; and (2) remain continuously enrolled in the MOE Demonstration Group and in CHOICES 3.

Money Follows the Person Rebalancing Demonstration (MFP) – A federal grant established under the Deficit Reduction Act and extended under the Affordable Care Act that will assist Tennessee in transitioning Eligible Individuals from a Qualified Institution into a Qualified Residence in the community and in rebalancing long-term care expenditures. The grant provides enhanced match for HCBS provided during the first 365 days of community living following transition.

Plan of Care – As it pertains to Population Health the plan of care is a personalized plan to meet a member’s specific needs and contains the following elements: prioritized goals that consider member and care giver needs which are documented; a time frame for re-evaluation; the resources to be utilized; a plan for continuity of care, including transition of care and transfers; and uses a collaborative approach including family participation. The plan of care is built upon the information collected from the health assessment to actively engage the member in developing goals and identifying a course of action to respond to the members’ needs. The goals and actions in the plan of care must address medical, social, educational, and other services needed by the member. Providing educational materials alone does not meet the intent of this factor.

As it pertains to CHOICES, the plan of care is a written plan developed by the CONTRACTOR in accordance with Section 2.9. 6.6 through a person-centered planning process that assesses the member’s needs and outlines the services and supports that will be provided to the member to meet their identified needs (including unpaid supports provided by family members and other caregivers, and paid services provided by the CONTRACTOR and other payor sources) and addresses the member’s health and long-term services and support needs in a manner that reflects member preferences and goals. The person-centered planning process is directed by the member with long-term support needs, and may include a representative whom the member has freely chosen and others chosen by the member to contribute to the process. This planning process, and the resulting person-centered plan of care, will assist the member in achieving personally defined outcomes in the most integrated community setting, ensure delivery of services in a manner that reflects personal preferences and choices, and contribute to the assurance of health and welfare.

Transition Team – Teams the CONTRACTOR shall maintain beginning July 1, 2015 to fulfill its obligations pursuant to Nursing Facility to Community Transitions (see Section 2.9.6.8) and the MFP Rebalancing Demonstration (see Section 2.9.8). The Transition Team shall consist of at least one (1) dedicated staff person without a caseload in each Grand Region in which the CONTRACTOR serves TennCare members, who also meets the qualifications of a care coordinator specified in Section 2.9.6.11. The transition team may also include other persons with relevant expertise and experience who are assigned to support the care coordinator(s) in the performance of transition activities for a CHOICES Group 1 member. Any such staff shall not be reported in the care coordinator ratios specified in Section 2.9.6.11, and shall be responsible for proactively identifying TennCare members in NFs who are candidates to transition to the community and to further assist with the completion of the transition process specified in Section 2.9.6.8. All transition activities identified as responsibilities of the care coordinator shall be completed by an individual who meets all of the requirements to be a care coordinator.

2. Section 2.4.4 shall be amended by adding a new Section 2.4.4.6 as follows:

2.4.4.6 Persons with Suspended Eligibility

Pursuant to TCA 71-5-106(r), TENNCARE shall suspend TennCare eligibility status for persons who are incarcerated in a public institution. A suspended individual shall be eligible to receive medical assistance for care received outside of a jail or correctional facility in a hospital or other health care facility if the stay is for more than twenty-four (24) hours. A suspended individual shall not be eligible for TennCare services described in Section 2.6 of this Contract except as described above.

3. The fourth paragraph in the “Benefit Limit” Column of the “Non-emergency Medical Transportation (including Non-Emergency Ambulance Transportation)” Service in Section 2.6.1.3 shall be deleted and replaced as follows:

Mileage reimbursement, car rental fees, or other reimbursement for use of a private automobile (as defined in Exhibit A to Attachment XI) is not a covered NEMT service, unless otherwise allowed or required by TENNCARE as a pilot project or a cost effective alternative service.

4. **Community-based residential alternatives in Section 2.6.1.5.3 shall be amended by adding language to the Group 3 column and a corresponding footnote as follows:**

2.6.1.5.3 The following long-term care services are available to CHOICES members, per Group, when the services have been determined medically necessary by the CONTRACTOR.

Service and Benefit Limit	Group 1	Group 2	Group 3
Nursing facility care	X	Short-term only (up to 90 days)	Short-term only (up to 90 days)
Community-based residential alternatives		X	(Specified CBRA services and levels of reimbursement only. See below) ¹
Personal care visits (up to 2 visits per day at intervals of no less than 4 hours between visits)		X	X
Attendant care (up to 1080 hours per calendar year; up to 1400 hours per full calendar year only for persons who require covered assistance with household chores or errands in addition to hands-on assistance with self-care tasks)		X	X
Home-delivered meals (up to 1 meal per day)		X	X
Personal Emergency Response Systems (PERS)		X	X
Adult day care (up to 2080 hours per calendar year)		X	X
In-home respite care (up to 216 hours per calendar year)		X	X
In-patient respite care (up to 9 days per calendar year)		X	X
Assistive technology (up to \$900 per calendar year)		X	X

¹ CBRA for which Group 3 members are eligible include only: Assisted Care Living Facility services, Community Living Supports 1 (CLS1), and Community Living Supports-Family Model 1 (CLS-FM1)

Service and Benefit Limit	Group 1	Group 2	Group 3
Minor home modifications (up to \$6,000 per project; \$10,000 per calendar year; and \$20,000 per lifetime)		X	X
Pest control (up to 9 units per calendar year)		X	X

5. **Section 2.6.7.2.3.1 and 2.6.7.2.3.2 shall be deleted and replaced as follows:**

2.6.7.2.3.1 The Contractor shall delegate collection of patient liability for CHOICES Group 2 and 3 members who reside in a CBRA (i.e., an assisted care living facility, community living support, community living support-family model, or adult care home as licensed under 68-11-201) to the CBRA and shall pay the facility net of the applicable patient liability amount.

2.6.7.2.3.2 The CONTRACTOR shall collect patient liability from CHOICES Group 2 and Group 3 members (as applicable) who receive CHOICES HCBS in his/her own home, including members who are receiving short-term nursing facility care, or who receive adult day care services and from Group 2 members who receive Companion Care.

6. **Section 2.8.2.1.1 shall be deleted and replaced as follows:**

2.8.2.1.1 The CONTRACTOR shall make reasonable attempts to assess member’s health risk utilizing the appropriate common mini-health survey approved by the Bureau and Population Health staff or a comprehensive health risk assessment. The information collected from these health surveys will be used to align individual members with appropriate intervention approaches and maximize the impact of the services provided.

7. **Section 2.8.3.1 shall be deleted and replaced as follows:**

2.8.3.1 At time of enrollment and annually thereafter, the CONTRACTOR shall make a reasonable attempt to assess the member’s health as detailed in Section 2.8.2.1.1 of this contract. A completed approved mini-health survey or comprehensive health risk assessment done in the prior twelve (12) months by any TennCare MCO may be used to meet the annual requirement.

8. **Section 2.8.4.5.2 shall be deleted and replaced as follows:**

2.8.4.5.2 The CONTRACTOR shall at a minimum make three outreach attempts to contact each newly identified member as eligible for Chronic Care Management to offer the member enrollment in the program. For those members known to have urgent or critical needs more and varied types of contact attempts may be indicated. All non-critical eligible members must have three outreach attempts within three months of their identification. For those members where contact failed but appear on the next refreshed list the CONTRACTOR is not obligated to attempt another contact for one hundred and eighty (180) days.

9. **Section 2.8.4.7.2 shall be deleted and replaced as follows:**

2.8.4.7.2 The CONTRACTOR shall at a minimum make three (3) outreach attempts as detailed in Section 2.8.4.5.2 of this Contract to contact newly identified members eligible for Complex Care Management to offer the member enrollment in the program. The outreach attempts shall be completed within the appropriate timeframes according to NCQA standard QI 7 for complex case management. For those members known to have urgent or critical needs, more and varied types of contact attempts may be indicated. For those members where contact failed but appear on the next refreshed list, the CONTRACTOR is not obligated to attempt another contact for one hundred and eighty (180) days.

10. **Section 2.8.7 shall be deleted and replaced as follows:**

2.8.7 **Clinical Practice Guidelines**

Population Health programs shall utilize evidence-based clinical practice guidelines that follow current NCQA QI 9 guidelines. A list of clinical practice guidelines for conditions referenced in Section 2.8.2.1.3.1 of this Contract, as well as Maternity, Obesity, and Preventive Services must be submitted for review by TENNCARE on an annual basis.

11. **Section 2.9.2.1.4.2 shall be deleted and replaced as follows:**

2.9.2.1.4.2. For a member in CHOICES Group 2 or 3, within thirty (30) days of notice of the member's enrollment with the CONTRACTOR, a care coordinator shall conduct a face-to-face visit (see Section 2.9.6.2.5), including a comprehensive needs assessment (see Section 2.9.6.5) and a caregiver assessment, and develop a plan of care (see Section 2.9.6.6), and the CONTRACTOR shall authorize and initiate CHOICES HCBS in accordance with the new plan of care (see Section 2.9.6.2.5). If a member in Group 2 or 3 is receiving short-term nursing facility care on the date of enrollment with the CONTRACTOR, a care coordinator shall complete a face-to-face visit prior to the expiration date of the level of nursing facility services approved by TENNCARE, but no later than thirty (30) days after enrollment to determine appropriate needs assessment and care planning activities (see Section 2.9.6.2.5 for members who will be discharged from the nursing facility and remain in Group 2 or 3 and Section 2.9.6.2.4 for members who will remain in the nursing facility and be enrolled in Group 1). If the expiration date for the level of nursing facility services approved by TENNCARE occurs prior to thirty (30) days after enrollment, and the CONTRACTOR is unable to conduct the face-to-face visit prior to the expiration date, the CONTRACTOR shall be responsible for facilitating discharge to the community or enrollment in Group 1, whichever is appropriate prior to the member's exhaustion of the 90-day short-term NF benefit.

12. **Section 2.9.3.2 shall be amended by adding additional text to the end of the existing paragraph as follows:**

2.9.3.2 For each transitioning CHOICES member, the CONTRACTOR shall be responsible for the costs of continuing to provide covered long-term care services authorized by the member's previous MCO, including, as applicable, CHOICES HCBS in the member's approved plan of care and nursing facility services without regard to whether such services are being provided by contract or non-contract providers for at least thirty (30) days, which shall be extended as necessary to ensure continuity of care pending the provider's contracting with the

CONTRACTOR or the member's transition to a contract provider; if the member is transitioned to a contract provider, the CONTRACTOR shall facilitate seamless transition to the new provider.

13. **Section 2.9 shall be amended by adding a new Section 2.9.4 as follows and Section 2.9.5 currently labeled "Left Blank Intentionally" shall be amended to delete "Left Blank Intentionally" and replaced with the existing Section 2.9.4 and pick up with the following Sections being numbered accordingly.**

2.9.4 **CHOICES Assessments for a CONTRACTOR'S Current Members Under the Age of Twenty-One**

2.9.4.1 When a member, other than those receiving home health or private duty nursing services in excess of specified benefit limits for adults is turning age twenty-one (21), the CONTRACTOR shall, at least sixty (60) days prior to the member's 21st birthday, conduct an in-home assessment to determine whether the member is interested in applying for CHOICES, and if so, shall, pursuant to Section 2.9.6.3.8 conduct an in-home assessment and, subject to the member's eligibility to enroll in CHOICES, coordinate with TENNCARE to help facilitate enrollment in CHOICES and initiation of CHOICES benefits on the member's 21st birthday.

14. **Section 2.9.6.2.5.3 shall be amended by adding the phrase "conduct a caregiver assessment," as follows:**

2.9.6.2.5.3 The care coordinator shall, for all other CHOICES members in Groups 2 and 3 not specified in Sections 2.9.6.2.5.1 –2.9.6.2.5.2 above, within ten (10) business days of notice of the member's enrollment in CHOICES, conduct a face-to-face visit with the member, perform a comprehensive needs assessment (see Section 2.9.6.5), conduct a caregiver assessment, develop a plan of care (see Section 2.9.6.6), and authorize and initiate CHOICES HCBS.

15. **Section 2.9.6.2.5.9.2 shall be deleted and replaced as follows:**

2.9.6.2.5.9.2 If the Care Coordinator determines that the member's needs cannot be safely met in the community within the array of services and supports that would be available as described in Section 2.9.6.2.5.9 the Care Coordinator shall, in a manner prescribed by TENNCARE, complete a *Safety Determination Request Form*, including all required documentation as required by TENNCARE, and coordinate with TENNCARE to review the member's level of care, and if nursing facility level of care is approved, to facilitate transition to CHOICES Group 1 or 2.

Amendment 36 (cont.)

16. **Section 2.9.6.2.5 shall be amended by adding new Sections 2.9.6.2.5.16 through 2.9.6.2.5.16.1.4 as follows:**

2.9.6.2.5.16 Caregiver Assessment

2.9.6.2.5.16.1 *For members in Groups 2 and 3*

2.9.6.2.5.16.1.1 The care coordinator shall conduct a caregiver assessment using a tool prior approved by TENNCARE and in accordance with protocols specified by TENNCARE as part of its face-to-face visit with new members in CHOICES Groups 2 and 3 (see Section 2.9.6.2.5) and as part of its face-to-face intake visit for current members applying for CHOICES Groups 2 and 3.

2.9.6.2.5.16.1.2 At a minimum, for members in CHOICES Groups 2 and 3, the caregiver assessment shall include: (1) an overall assessment of the family member(s) and/or caregiver(s) providing services to the member to determine the willingness and ability of the family member(s) or caregiver(s) to contribute effectively to the needs of the member, including employment status and schedule, and other care-giving responsibilities (2) an assessment of the caregiver's own health and well-being, including medical, behavioral, or physical limitations as it relates to the caregiver's ability to support the member; (3) an assessment of the caregiver's level of stress related to care-giving responsibilities and any feelings of being overwhelmed; (4) identification of the caregiver's needs for training in knowledge and skills in assisting the person needing care; and (5) identification of any service and support needs to be better prepared for their care-giving role.

2.9.6.2.5.16.1.3 The caregiver assessment shall be conducted at least once every 365 days as part of the annual review, upon a significant change in circumstances as defined in Section 2.9.6.9.2.1.17, and as the care coordinator deems necessary.

2.9.6.2.5.16.1.4 All requirements pertaining to caregiver assessments shall be effective on July 1, 2015.

17. **The renumbered Section 2.9.6.3.1 shall be amended by adding a new Section 2.9.6.3.1.3 as follows and renumbering the remaining Section accordingly, including any references thereto.**

2.9.6.3.1.3 Identification by the CONTRACTOR of a member receiving home health or private duty nursing services who will be subject to a reduction in covered services provided by the CONTRACTOR upon turning twenty-one (21) years of age (see Section 2.9.4);

18. **Section 2.9.6.3.14 shall be deleted and replaced with Sections 2.9.6.3.14 through 2.9.6.3.14.6 as follows:**

2.9.6.3.14 Once completed, in the manner prescribed by TENNCARE the CONTRACTOR shall submit the level of care (i.e., PAE application) and, for members requesting CHOICES HCBS, supporting documentation, as specified by TENNCARE, to verify that the member's needs can be safely and effectively met in the community and within the cost neutrality cap or expenditure cap, as applicable, to TENNCARE as soon as possible but no later than five (5) business days of the face-to-face visit.

Amendment 36 (cont.)

- 2.9.6.3.14.1 If the Contractor determines that the member's assessed acuity score is less than nine (9) and the member's needs cannot be safely met in the community within the array of services and supports available if the member were enrolled in Group 3, or the member or his or her representative request a safety determination, the Contractor shall, in accordance with timeframes specified in 2.9.6.3.14 and in a manner specified in TennCare protocol, complete the *Safety Determination Request Form*, including all required documentation, and submit the completed *Safety Determination Request Form* to TENNCARE along with the member's completed PAE.
- 2.9.6.3.14.2 If the CONTRACTOR is unable to obtain the supporting documentation within five (5) business days, such as required medical information, and the absence of such documentation delays the submission of the PAE to TENNCARE, the CONTRACTOR must document and continue efforts to collect supporting documentation. Such efforts may include assisting member to secure physician visit, and or other medical appointments necessary in order to obtain required supporting documentation.
- 2.9.6.3.14.3 Efforts to collect supporting documentation required for the submission of the PAE shall include at least three (3) attempts utilizing the following methods or combination of methods: contacting the physician, medical facility, or other healthcare entity by telephone, fax and/or in writing; visiting the healthcare entity, if possible and practicable, to request and/or pick up the required documentation; and contacting the member by phone, face-to-face, or in writing to request assistance in obtaining the needed documentation. Multiple faxes or calls to the physician or provider shall not be sufficient. If a recent history and physical or other medical records supporting the functional deficits are not available (e.g., the applicant has not received medical care in the last 365 days), the CONTRACTOR shall help to arrange an appointment with the member's primary care provider in order to obtain the needed information.
- 2.9.6.3.14.4 The CONTRACTOR must submit the PAE to TENNCARE within twenty (20) business days from the date of the face-to-face visit, regardless of whether the CONTRACTOR has received the supporting documentation. After submitting the PAE to TENNCARE, if the PAE submission results in a denial, the CONTRACTOR shall continue diligent efforts to collect supporting documentation as specified in Section 2.9.6.3.14.2. Pursuant to TennCare Rules, if within thirty (30) calendar days of the initial PAE denial, the CONTRACTOR obtains additional supporting documentation, the CONTRACTOR shall submit a revised PAE with the supporting documentation. After thirty (30) calendar days from the initial PAE denial have passed, the CONTRACTOR shall have no obligation to make efforts to collect supporting documentation, but shall be required to submit a new PAE with supporting documentation to TENNCARE if such documentation is subsequently received.
- 2.9.6.3.14.5 The CONTRACTOR shall be responsible for ensuring that the level of care, including Safety Determination Request Form, as applicable, is accurate and complete, satisfies all technical requirements specified by TENNCARE, and accurately reflects the member's current medical and functional status based on information gathered, at a minimum, from the member, his or her representative, the Care Coordinator's direct observations, and the history and physical or other medical records which shall be submitted with the application. The CONTRACTOR shall note in the level of care any discrepancies between these sources of information, and shall provide explanation regarding how the CONTRACTOR addressed such discrepancies in the level of care.

Amendment 36 (cont.)

2.9.6.3.14.6 If TENNCARE receives a safety request from a NF or hospital on behalf of one of the CONTRACTOR's members, and the request contains insufficient medical evidence for TENNCARE to make a safety determination, TENNCARE may request that the CONTRACTOR conduct an assessment pursuant to TennCare Rules to gather additional information needed by TENNCARE to make a safety determination. If TENNCARE makes such a request, the CONTRACTOR shall conduct the assessments required pursuant to TennCare Rules and complete the Safety Determination Request Form, including all required documentation, within five (5) business days from notification by TENNCARE, except when a delay results from the needs or request of the member which shall be documented in writing.

19. **Section 2.9.6.3.20.3 shall be amended as follows:**

2.9.6.3.20.3 Except as required pursuant to Section 2.14.5.8, the CONTRACTOR may decide whether it will issue service authorizations for nursing facility services, or whether it will instead process claims for such services in accordance with the level of care and/or reimbursement (including the duration of such level of care and/or reimbursement) approved by TENNCARE (see Section 2.14.1.15). The CONTRACTOR may however reimburse a facility at the Level I per diem rate when such rate is billed by the facility and there is an approved LOC eligibility segment for such level of reimbursement. If the CONTRACTOR elects to authorize nursing facility services, the CONTRACTOR may determine the duration of time for which nursing facility services will be authorized. However, the CONTRACTOR shall be responsible for monitoring its authorizations and for ensuring that there are no gaps in authorizations for CHOICES nursing facility services in accordance with the level of care and/or reimbursement approved by TENNCARE. Retroactive entry or adjustments in service authorizations for nursing facility services should be made only upon notification of retroactive enrollment into or disenrollment from CHOICES Group 1a or 1b via the outbound 834 file from TENNCARE.

20. **Section 2.9.6.4.4 shall be amended by adding the words "caregiver assessment" as follows:**

2.9.6.4.4 The CONTRACTOR may utilize a care coordination team approach to performing care coordination activities prescribed in Section 2.9.6. For each CHOICES member, the CONTRACTOR's care coordination team shall consist of the member's care coordinator and specific other persons with relevant expertise and experience appropriate to address the needs of CHOICES members. Care coordination teams shall be discrete entities within the CONTRACTOR's organizational structure dedicated to fulfilling CHOICES care coordination functions. The CONTRACTOR shall establish policies and procedures that specify, at a minimum: the composition of care coordination teams; the tasks that shall be performed directly by the care coordinator as specified in this Contract, including needs assessment, caregiver assessment, development of the plan of care, and all minimum care coordination contacts; the tasks that may be performed by the care coordinator or the care coordination team; measures taken to ensure that the care coordinator remains the member's primary point of contact for the CHOICES program and related issues; escalation procedures to elevate issues to the care coordinator in a timely manner; and measures taken to ensure that if a member needs to reach his/her care coordinator specifically, calls that require immediate attention by a care coordinator are handled by a care coordinator and calls that do not require immediate attention are

returned by the member's care coordinator the next business day. The CONTRACTOR may elect to utilize specialized intake coordinators or intake teams for initial needs assessment and care planning activities. All intake activities identified as responsibilities of the care coordinator shall be completed by an individual who meets all of the requirements to be a care coordinator. Should the CONTRACTOR elect to utilize specialized intake coordinators or intake teams, the CONTRACTOR shall develop policies and procedures which specify how the contractor will coordinate a seamless transfer of information from the intake coordinator or team to the member's care coordinator.

21. **Section 2.9.6.6.2.4 shall be deleted and replaced as follows:**

2.9.6.6.2.4 The plan of care developed for CHOICES members in Groups 2 and 3 prior to initiation of CHOICES HCBS shall at a minimum include: (1) pertinent demographic information regarding the member including the member's current address and phone number(s), the name and contact information of any representative and a list of other persons authorized by the member to have access to health care (including long-term care) related information and to assist with assessment, planning, and/or implementation of health care (including long-term care) related services and supports; (2) care, including specific tasks and functions, that will be performed by family members and other caregivers; (3) caregiver training or supports identified through the caregiver assessment that are needed to support and sustain the caregiver's ability to provide care for the member; (4) home health, private duty nursing, and long-term care services the member will receive from other payor sources including the payor of such services; (5) home health and private duty nursing that will be authorized by the CONTRACTOR; (6) CHOICES HCBS that will be authorized by the CONTRACTOR, including the amount, frequency, duration, and scope (tasks and functions to be performed) of each service to be provided, the schedule at which such care is needed, and the address or phone number(s) that will be used to log visits into the EVV system, as applicable; (7) a detailed back-up plan for situations when regularly scheduled HCBS providers are unavailable or do not arrive as scheduled; the back-up plan may include paid and unpaid supports and shall include the names and telephone numbers of persons and agencies to contact and the services provided by listed contacts; the CONTRACTOR shall assess the adequacy of the back-up plan; and (8) for CHOICES Group 2 members, the projected TennCare monthly and annual cost of home health and private duty nursing identified in (5) above, and the projected monthly and annual cost of CHOICES HCBS specified in (6) above, and for CHOICES Group 3 members, the projected total cost of CHOICES HCBS specified in (6) above, excluding the cost of minor home modifications.

22. **Section 2.9.6.6.2.6 shall be deleted and replaced as follows:**

2.9.6.6.2.6 The member's care coordinator/care coordination team shall ensure that the member or his/her representative, as applicable, reviews, signs and dates the plan of care as well as any substantive updates, including but not limited to any changes in the amount, duration or type of HCBS that will be provided. The care coordinator shall also sign and date the plan of care, along with any substantive updates. The plan of care shall be updated and signed by the member or his/her representative, as applicable, and the care coordinator annually and any time the member experiences a significant change in needs or circumstances (see Section 2.9.6.9.2.1.17).

23. Section 2.9.6.8.25 shall be deleted and replaced as follows:

2.9.6.8.25 To facilitate nursing facility to community transition, the CONTRACTOR shall, effective July 1, 2015, maintain at least one (1) dedicated staff person without a caseload who meets the qualifications of a care coordinator specified in Section 2.9.6.11, in each Grand Region in which the CONTRACTOR serves TennCare members. The dedicated staff person(s) shall not be reported in the care coordinator ratios specified in Section 2.9.6.11. Such staff person(s) shall be responsible for proactively identifying TennCare members in NFs who are candidates to transition to the community, and to further assist with the completion of the transition process specified in Section 2.9.6.8. All transition activities identified as responsibilities of the care coordinator shall be completed by an individual who meets all of the requirements to be a care coordinator.

24. Section 2.9.6.9.2.1.15 shall be amended by adding language to the end of the Section as follows:

2.9.6.9.2.1.15 Notify TENNCARE immediately, in the manner specified by TENNCARE, if the CONTRACTOR determines that the needs of a member in CHOICES Group 2 cannot be met safely in the community and within the member's cost neutrality cap or that the needs of a member in CHOICES Group 3 cannot be met safely in the community and within the member's expenditure cap;

25. Section 2.9.6.9.3.1 shall be amended by deleting the word "annually" and replacing it with the phrase "once every 365 days" as follows:

2.9.6.9.3.1.1 In the manner prescribed by TENNCARE, conduct a level of care reassessment at least once every 365 days and within five (5) business days of the CONTRACTOR's becoming aware that the member's functional or medical status has changed in a way that may affect level of care eligibility.

26. Sections 2.9.6.9.3.1.1.1 and 2.9.6.9.3.1.1.2 shall be deleted and replaced as follows:

2.9.6.9.3.1.1.1 If the level of care assessment indicates a change in the level of care, or if the assessment was prompted by a request by a member, a member's representative or caregiver or another entity for a change in level of services, the level of care shall be forwarded to TENNCARE within five (5) business days of the reassessment for determination;

2.9.6.9.3.1.1.2 Except as specified in Section 2.9.6.9.3.1.1.1, if the level of care assessment indicates no change in level of care, the CONTRACTOR shall document the date the level of care assessment completed in the member's file; any level of care assessments prompted by a request for a change in level of services shall be submitted to TENNCARE for determination.

27. **Section 2.9.6.9.3.1.1.3.2 shall be deleted and replaced as follows:**

2.9.6.9.3.1.1.3.2 The CONTRACTOR shall also, for purposes of complying with the Terms and Conditions of the State’s Waiver, assess once every 365 days the member’s LOC eligibility based on the new LOC criteria in place as of July 1, 2012. The CONTRACTOR shall report in the manner prescribed by TENNCARE the results of the LOC reassessment within ten (10) calendar days of the LOC reassessment completion. This information will be used by the State in its expenditure reporting to CMS.

28. **Sections 2.9.6.11.3 through 2.9.6.11.5 shall be deleted and replaced as follows:**

2.9.6.11.3 The CONTRACTOR shall ensure that an adequate number of care coordinators are available and to ensure the required staffing ratios (see Sections 2.9.6.11.4, 2.9.6.11.5 and 2.9.6.11.6.3 through 2.9.6.11.6.5) are maintained to address the needs of CHOICES members and meet all the requirements described in this Contract.

2.9.6.11.4 The required average weighted care coordinator-to-CHOICES member staffing ratio is no more than 1:125. Effective July 1, 2015, the required average weighted care coordinator-to-CHOICES member staffing ratio shall be no more than 1: 115. Such average shall be derived by dividing the total number of full-time equivalent care coordinators by the total weighted value of CHOICES members as delineated below.

2.9.6.11.5 The required maximum caseload for any individual care coordinator is a weighted value of no more than one hundred seventy-five (175) CHOICES members. Effective July 1, 2015, the required maximum caseload for any individual care coordinator is a weighted value of no more than one hundred sixty-five (165) CHOICES members.

29. **Section 2.9.6.11.6.3 through 2.9.6.11.6.5 shall be deleted and replaced as follows:**

2.9.6.11.6.3 Each CHOICES Group 3 member shall be factored into the weighted caseload and staffing ratio calculations utilizing an acuity level of one and three quarters (1.75). Effective July 1, 2015, each CHOICES Group 3 member shall be factored into the weighted caseload and staffing ratio calculations utilizing an acuity level of two (2):

2.9.6.11.6.4 Using the delineated acuity factors, the following provides examples of the composition of caseloads with a weighted value of 125(Effective through June 30, 2015):

CHOICES Group 1	CHOICES Group 2	CHOICES Group 3	Total CHOICES Members on Caseload
125	0		125
100	10		110
50	9	30	89
25	26	20	71
0	50		50

2.9.6.11.6.4.1 Effective July 1, 2015, using the delineated acuity factors, the following provides examples of the composition of caseloads with a weighted value of 115:

Amendment 36 (cont.)

CHOICES Group 1	CHOICES Group 2	CHOICES Group 3	Total CHOICES Members on Caseload
115	0		115
100	6		106
50	10	20	80
25	24	15	64
0	46		46

2.9.6.11.6.5 Using the delineated acuity factors, the following delineates the composition of caseloads with a weighted value of 175(Effective through June 30, 2015):

CHOICES Group 1	CHOICES Group 2	CHOICES Group 3	Total CHOICES Members on Caseload
175	0		175
125	10		110
75	19	30	124
50	36	20	106
0	70		70

2.9.6.11.6.5.1 Effective July 1, 2015, using the delineated acuity factors, the following delineates the composition of caseloads with a weighted value of 165:

CHOICES Group 1	CHOICES Group 2	CHOICES Group 3	Total CHOICES Members on Caseload
165	0		165
125	16		141
75	20	20	115
50	34	15	99
0	66		66

30. **Sections 2.9.6.11.9 and 2.9.6.11.10 shall be deleted and replaced as follows:**

2.9.6.11.9 In the event that the CONTRACTOR is determined to be deficient with any requirement pertaining to care coordination as set forth in this Contract, the amount of financial sanctions assessed shall take into account whether or not the CONTRACTOR has complied with the required average weighted care coordinator to CHOICES member staffing ratio and the maximum weighted care coordinator caseload amounts set forth in Sections 2.9.6.11.4 and 2.9.6.11.5, based on the most recent monthly CHOICES Caseload and Staffing Ratio Report (see Section 2.30.6.7). All applicable sanctions set forth in Sections 5.20.2.2.6., 5.20.2.2.7.A.16, 5.20.2.2.7.A.18, 5.20.2.2.7.A.19, 5.20.2.2.7.A.20, 5.20.2.2.7.A.21, 5.20.2.2.7.A.22, 5.20.2.2.7.A.23, 5.20.2.2.7.A.28, 5.20.2.2.7.A.29, 5.20.2.2.7.A.30, 5.20.2.2.7.A.31, 5.20.2.2.7.A.32, 5.20.2.2.7.A.33, 5.20.2.2.7.A.34, 5.20.2.2.7.A.35, 5.20.2.2.7.A.37, 5.20.2.2.7.B.21, and 5.20.2.2.7.C.7 of this Contract shall be multiplied by two (2) when the CONTRACTOR has not complied with these requirements.

Amendment 36 (cont.)

2.9.6.11.10 TennCare will reevaluate Care Coordinator-to-CHOICES member staffing ratio requirements on at least an annual basis and may make adjustments based on the needs of CHOICES members, CHOICES program requirements and MCO performance.

31. **Section 2.9.6.11.18.15 shall be deleted and replaced as follows:**

2.9.6.11.18.15 Management of transfers between nursing facilities and CBRA, including adult care homes, community living supports, and community living supports-family model;

32. **Section 2.9.7.4.3.4 shall be deleted and replaced as follows:**

2.9.7.4.3.4 If eligible CHOICES HCBS are not initiated within sixty (60) days following referral to the FEA, the CONTRACTOR shall notify the member that eligible CHOICES HCBS must be initiated by contract providers unless these HCBS are not needed on an ongoing basis in order to safely meet the member's needs in the community, in which case, the CONTRACTOR shall submit documentation to TENNCARE to begin the process of disenrollment from CHOICES. Even if services are initiated by contract providers, if consumer directed services are not initiated within ninety (90) days of FEA referral, the CONTRACTOR shall assess whether consumer direction is appropriate for the member at this time or whether the member should be disenrolled from consumer direction. Disenrollment from consumer direction does not preclude the member from initiating consumer directed services at a later point.

33. **Section 2.9.8.2.3 shall be amended by deleting the reference to "nursing facility" and replacing it with the reference to "Qualified Institution" as follows:**

2.9.8.2.3 Members may only elect to participate in MFP and the CONTRACTOR may only enroll a member into MFP prior to the member's transition from the Qualified Institution to the community. Members will not be eligible to enroll in MFP if they have already transitioned out of the Qualified Institution.

34. **Section 2.9.8.3.5 shall be deleted and replaced as follows:**

2.9.8.3.5 The member's care coordinator or transition team shall, using information provided by TENNCARE, provide each potential MFP participant with an overview of MFP and answer any questions the participant has. The CONTRACTOR shall have each potential MFP participant or his authorized representative, as applicable, sign an MFP Informed Consent Form affirming that such overview has been provided by the CONTRACTOR and documenting the member's decision regarding MFP participation.

35. **Paragraphs 2.9.14.2, 2.9.14.2.1 and 2.9.14.2.4 shall be deleted and replaced as follows:**

2.9.14.2 The CONTRACTOR shall coordinate with a FBDE member's D-SNP regarding discharge planning from any inpatient setting or observation stay when Medicaid LTSS (NF or HCBS), Medicaid home health or private duty nursing, or other Medicaid services may be needed upon discharge in order to ensure that care is provided in the most appropriate, cost effective and integrated setting.

2.9.14.2.1 The CONTRACTOR shall develop, for review and approval by TENNCARE, policies, procedures and training for CONTRACTOR staff, including Care Coordinators, regarding

Amendment 36 (cont.)

coordination with a FBDE member's D-SNP in discharge planning from an inpatient setting or observation stay to the most appropriate, cost effective and integrated setting.

2.9.14.2.4 The CONTRACTOR shall establish processes to ensure that all required notifications from the member's D-SNP to the CONTRACTOR of inpatient admission, including planned and unplanned admissions to the hospital or a SNF, as well as all required notifications of observation days and any reported emergency room visits, are timely and appropriately triaged.

36. Section 2.11.6.1 shall be deleted and replaced as follows:

2.11.6.1 The CONTRACTOR shall, pursuant to TCA 71-5-1412 contract with any licensed and certified nursing facility willing to contract with the MCO to provide that service under the same terms and conditions as are offered to any other participating facility contracted to provide that service under any policy, contract or plan that is part of the TennCare managed long-term care service delivery system. Terms and conditions shall not include the rate of reimbursement. This does not prevent the CONTRACTOR from enforcing the provisions of its contract with the facility. This section shall expire on June 30, 2017. Thereafter, the CONTRACTOR shall contract with a sufficient number of nursing facilities in order to have adequate capacity to meet the needs of CHOICES members for nursing facility services.

37. Section 2.11.6.6.6 shall be deleted and replaced as follows:

2.11.6.6.6 Demonstration of the CONTRACTOR's efforts to develop and enhance existing community-based residential alternatives (including adult care homes, community living supports, and community living supports-family model) capacity for elders and/or adults with physical disabilities. The CONTRACTOR shall specify related activities, including provider recruitment activities, and provide a status update on capacity building.

38. Section 2.11.6 shall be amended by adding a new Section 2.11.6.7 as follows and renumbering the remaining Section accordingly, including any references thereto.

2.11.6.7 The CONTRACTOR, in collaboration with TENNCARE, shall develop a strategy to strengthen networks with housing providers and develop access to affordable housing. The CONTRACTOR shall actively participate with TENNCARE, other TennCare managed care contractors, and other stakeholders to develop and implement strategies for the identification of resources to assist in transitioning CHOICES members to affordable housing. To demonstrate this strategy, the CONTRACTOR shall report annually to TENNCARE on the status of any affordable housing development and networking strategies it elects to implement (See Section 2.30.6.13).

Amendment 36 (cont.)

39. **Section 2.11 shall be amended by adding new Section 2.11.7 through 2.11.7.1 as follows and renumbering the remaining Section accordingly, including any references thereto.**

2.11.7 Special Conditions for Persons with Intellectual or Developmental Disabilities (I/DD)

2.11.7.1 Members in TennCare Select, who have an intellectual or developmental disability but are not enrolled in SelectCommunity, shall have access to the provider networks in the Integrated Health Services Delivery Model (See Section 3A).

40. **Section 2.11.8.4. shall be amended by adding a new Section 2.11.8.4.1.6 which shall read as follows:**

2.11.8.4.1.6 The CONTRACTOR shall be responsible for tracking and obtaining copies of current licensure and/or certification (as applicable) for all of the CONTRACTOR's CHOICES HCBS providers. The CONTRACTOR shall be required to present this current licensure and/or certification to TENNCARE upon request. The CONTRACTOR shall further require all of the CONTRACTOR's CHOICES HCBS providers to submit copies of current licensure and/or certification (as applicable) to the CONTRACTOR.

41. **Paragraph 2.12.9.66.1 shall be deleted and replaced as follows:**

2.12.9.66.1 Language that no person on the grounds of handicap, and/or disability, age, race, color, religion, sex, national origin, or any other classifications protected under federal or state laws shall be excluded from participation in, except as specified in Section 2.3.5, or be denied benefits of, or be otherwise subjected to discrimination in the performance of provider's obligation under its agreement with the CONTRACTOR or in the employment practices of the provider. The provider shall upon request show proof of such nondiscrimination compliance and shall post notices of nondiscrimination in conspicuous places available to all employees, TennCare applicants, and enrollees.

42. **Section 2.12.10 shall be amended by adding new Sections 2.12.10.8, 2.12.10.15, and 2.12.10.16, and renumbering the remaining Section accordingly, including any references thereto.**

2.12.10.8 Require the nursing facility to submit complete and accurate PAEs that satisfy all technical requirements specified by TENNCARE, and accurately reflect the member's current medical and functional status, including Safety Determination Requests. The nursing facility shall also submit all supporting documentation required in the PAE and *Safety Determination Request Form*, as applicable and required pursuant to TennCare Rules.

2.12.10.15 Require that nursing facilities specify whether the provider will be contracted to provide SNF services at an ERC rate for Ventilator Weaning, Chronic Ventilator Care, and/or Tracheal Suctioning in addition to standard NF and SNF services (each level of ERC reimbursement must be uniquely identified).

2.12.10.16 Prior to entering into an agreement with a NF for SNF services at an enhanced rate for ventilator weaning, chronic ventilator care, and/or tracheal suctioning, the CONTRACTOR shall verify that the NF has been licensed by the Tennessee Department of Health to provide such specialized ERC, is certified by CMS for program participation, and is compliant with

threshold standards of care for the applicable type of ERC and requirements for ERC reimbursement established by TENNCARE.

43. **Section 2.12.11 shall be amended by adding new section 2.12.11.14 which shall read as follows:**

2.12.11.14 The CONTRACTOR shall require all of the CONTRACTOR's CHOICES HCBS providers to submit copies of current licensure and/or certification (as applicable) to the CONTRACTOR.

44. **Section 2.13 shall be amended by adding a new Section 2.13.26 as follows:**

2.13.26 Claims for Persons with Suspended Eligibility

The CONTRACTOR agrees to pay claims in accordance with the CONTRACTOR's current policies and procedures (including but not limited to medical necessity and utilization guidelines) to a provider on behalf of persons with suspended eligibility that meet the criteria specified in Section 2.4.4.6 of this Contract on and as needed basis when billed by the provider. The CONTRACTOR shall pay the provider the negotiated rate or in the case of an out of network provider, the CONTRACTOR shall negotiate provider reimbursement subject to TENNCARE's prior written approval.

45. **Section 2.14.1.3 shall be deleted in its entirety and the remaining Sections in 2.14.1 shall be renumbered accordingly, including any references thereto.**

46. **The renumbered 2.14.1.15.1 shall be deleted and replaced as follows:**

2.14.1.15.1 Review ED utilization data, at a minimum, every six (6) months to identify members with utilization exceeding the threshold defined by TENNCARE as ten (10) or more visits in the defined six (6) month period (January through June and July through December);

47. **Section 2.14.5 shall be amended by adding new Sections 2.14.5.7 and 2.14.5.8 which shall read as follows:**

2.14.5.7 The CONTRACTOR shall determine medical necessity of ventilator weaning and short term tracheal suctioning for individuals recently weaned from a ventilator, but who still require intensive respiratory intervention. TENNCARE shall determine medical necessity of chronic ventilator care and tracheal suctioning other than short-term tracheal suctioning following recent ventilator weaning through the PAE process.

2.14.5.8 The CONTRACTOR shall provide authorization for Enhanced Respiratory Care (ERC) reimbursement rates based upon medical necessity. Prior to authorizing ERC reimbursement, the CONTRACTOR shall also confirm that the NF has an available bed licensed by the Tennessee Department of Health specifically for the provision of ventilator weaning or chronic ventilator care or tracheal suctioning, as applicable, and that authorizing reimbursement at those rates for a member to receive those services would not cause the facility to exceed the number of beds licensed for such specialized ERC on any given day. The CONTRACTOR must also provide authorizations for ERC reimbursement specific to the service being requested: ventilator weaning, chronic ventilator care, and/or tracheal

Amendment 36 (cont.)

suctioning. The CONTRACTOR shall not provide a broad ERC authorization that fails to specify which rate is being approved.

48. **Section 2.15.1.1.4 shall be deleted in its entirety and the remaining Section 2.15.1 shall be renumbered accordingly, including any references thereto.**

49. **Section 2.15.2.1 shall be deleted and replaced as follows:**

2.15.2.1 The CONTRACTOR shall have a QM/QI committee which shall include medical, behavioral health, and long-term care staff and contract providers (including medical, behavioral health, and long-term care providers). This committee shall analyze and evaluate the results of QM/QI activities, recommend policy decisions, ensure that providers are involved in the QM/QI program, institute needed action, and ensure that appropriate follow-up occurs.

50. **Section 2.15.3.1.1 shall be deleted and replaced as follows and Section 2.15.3.1.2 shall be deleted in its entirety.**

2.15.3.1.1 The two (2) clinical PIPs shall include one (1) in the area of behavioral health that is relevant to one of the Population Health programs for bipolar disorder, major depression, or schizophrenia and one (1) in the area of either child health or perinatal (prenatal/postpartum) health.

51. **Section 2.15.3.4 shall be deleted and replaced as follows:**

2.15.3.4 The CONTRACTOR shall report on PIPs as required in Section 2.30.12.2, Reporting Requirements. For Performance Improvement Project topics that are conducted in more than one region of the State, the CONTRACTOR shall submit one Performance Improvement Project Summary Report that includes region-specific data and information, including *G. Activity VIIa - Include improvement strategies* as required by CMS.

52. **Section 2.15.5 shall be amended by adding a new Section 2.15.5.5 which shall read as follows:**

2.15.5.5 The CONTRACTOR must submit the final hard copy NCQA Accreditation Report for each accreditation cycle within ten (10) days of receipt of the report from NCQA. Updates of accreditation status, based on annual HEDIS scores must also be submitted within ten (10) days of receipt.

53. **Section 2.15.7.1 shall be amended by adding a new Section 2.15.7.1.5 as follows:**

2.15.7.1.5 In the manner prescribed by TENNCARE, within twenty-four (24) hours of detection or notification, the CONTRACTOR must report to TENNCARE any death and/or any critical incident that could significantly impact the health and safety of a CHOICES member.

54. **Section 2.15.7.3.1 shall be amended by adding the phrase "QM/QI Program staff" as follows:**

2.15.7.3.1 The CONTRACTOR shall identify and track all significant Home Health Agency (HHA) critical incidents involving non-CHOICES enrollees. A HHA critical incident shall include

Amendment 36 (cont.)

those significant incidents that are reported to the CONTRACTOR from the HHA including unexpected death, major/severe injury, safety issues, or suspected physical, mental or sexual abuse or neglect. Each incident must be reported using the TENNCARE prescribed HHA Critical Incident report template within twenty-four (24) hours of the CONTRACTOR QM/QI Program staff receiving information relative to such an incident. An updated report, including results of investigation and next steps must be submitted to TENNCARE within thirty (30) calendar days of notification of the incident.

55. **Section 2.16.2 shall be deleted and replaced as follows:**

2.16.2 The prior approval of enrollee health education and outreach activities (see Section 2.7.4) provided through community outreach events may be waived when described in the CONTRACTOR's TennCare approved Annual Community Outreach Plan (see Section 2.7.4.2). If community events are added after submission and approval of the Annual Community Outreach Plan (CORP), a supplement to the Plan must be submitted and approved prior to implementation of the event.

56. **Section 2.17.2.8 shall be deleted and replaced as follows:**

2.17.2.8 All written member materials shall ensure effective communication with disabled/handicapped persons at no expense to the member and/or the member's representative. Effective Communication may be achieved by providing aids or services, including, but may not be limited to: Braille, large print and audio and shall be based on the needs of the individual member and/or the member's representative. The CONTRACTOR and its providers and direct service subcontractors shall be required to comply with the Americans with Disabilities Act of 1990 in the provision of auxiliary aids and services to members and/or the member's representative to achieve effective communication;

57. **Section 2.18.7.4 shall be deleted and replaced as follows:**

2.18.7.4 The CONTRACTOR shall conduct a statewide annual survey to assess provider satisfaction, including satisfaction with provider enrollment, provider communication, provider education, provider complaints, claims processing, claims reimbursement, care coordination, and utilization management processes, including medical reviews. The CONTRACTOR shall include TennCare Select enrollees together with BlueCare enrollees. The CONTRACTOR shall include questions specified by TENNCARE. The CONTRACTOR shall submit an annual report on the survey to TENNCARE as required in Section 2.30.13.3. The CONTRACTOR shall take action to address opportunities for improvement identified through the survey and provide an update on actions taken in the previous year to improve provider satisfaction. The survey shall be structured so that behavioral health provider satisfaction results and physical health provider satisfaction results, including any actions taken, can be separately stratified.

Amendment 36 (cont.)

58. **Section 2.21.6 shall be deleted and replaced as follows:**

2.21.6 Solvency Requirements

2.21.6.1 Minimum Net Worth

2.21.6.1.1 The CONTRACTOR shall comply with the Risk-Based Capital (RBC) requirements set forth in TCA 56-46-201 et seq. The CONTRACTOR shall demonstrate compliance with this provision to TDCI in the financial reports filed with TDCI by the CONTRACTOR.

2.21.6.2 Restricted Deposits

2.21.6.2.1 The CONTRACTOR shall establish and maintain restricted deposits in accordance with TCA 56-32-112(b).

2.21.6.3 If the CONTRACTOR fails to meet the applicable net worth and/or restricted deposit requirement, said failure shall constitute a hazardous financial condition and the CONTRACTOR shall be considered to be in breach of the terms of the Contract.

59. **Section 2.23.4.2.1 shall be deleted and replaced as follows:**

2.23.4.2.1 The CONTRACTOR shall submit encounter data that meets established TENNCARE data quality standards. These standards are defined by TENNCARE to ensure receipt of complete and accurate data for program administration and will be closely monitored and strictly enforced. TENNCARE will revise and amend these standards as necessary to ensure continuous quality improvement. The CONTRACTOR shall make changes or corrections to any systems, processes or data transmission formats as needed to comply with TENNCARE data quality standards as originally defined or subsequently amended. The CONTRACTOR shall comply with industry-accepted clean claim standards for all encounter data, including submission of complete and accurate data for all fields required on standard billing forms or electronic claim formats to support proper adjudication of a claim. In the event that the CONTRACTOR denies provider claims for reimbursement due to lack of sufficient or accurate data required for proper adjudication, the CONTRACTOR shall submit all available claim data to TENNCARE without alteration or omission. Where the CONTRACTOR has entered into capitated reimbursement arrangements with providers, the CONTRACTOR shall require submission of all utilization or encounter data to the same standards of completeness and accuracy as required for proper adjudication of fee-for-service claims (see Section 2.12.9.34); the CONTRACTOR shall require this submission from providers as a condition of the capitation payment and shall make every effort to enforce this contract provision to ensure timely receipt of complete and accurate data. The CONTRACTOR shall be required to submit all data relevant to the adjudication and payment of claims in sufficient detail, as defined by TENNCARE, in order to support comprehensive financial reporting and utilization analysis. The CONTRACTOR shall submit encounter data according to standards and formats as defined by TENNCARE, complying with standard code sets and maintaining integrity with all reference data sources including provider and member data. All encounter data submissions will be subjected to systematic data quality edits and audits on submission to verify not only the data content but also the accuracy of claims processing. Any batch submission which contains fatal errors that prevent processing or that does not satisfy defined threshold error rates will be rejected and returned to the CONTRACTOR for immediate correction. Re-submittals of rejected files, or notification of when the file will be resubmitted shall be completed within one (1) business day. Due to the need for timely data and to maintain integrity of processing sequence, should the CONTRACTOR fail to respond in accordance with this Section, the CONTRACTOR shall address any issues that prevent processing of an encounter batch in accordance with procedures specified in Section 2.23.13.

60. **Section 2.24.2 through 2.24.2.9 shall be deleted and replaced as follows:**

A.2.24.2 **Behavioral Health Advisory Committee**

The CONTRACTOR shall establish a behavioral health advisory committee that is accountable to the CONTRACTOR's governing body to provide input and advice regarding all aspects of the provision of behavioral health services according to the following requirements:

2.24.2.1 The CONTRACTOR's behavioral health advisory committee shall be comprised of at least fifty-one percent (51%) consumer and family representatives, of which the majority shall include individuals and/or families of those who may meet the clinical criteria of a priority enrollee;

2.24.2.2 There shall be geographic diversity;

Amendment 36 (cont.)

- 2.24.2.3 There shall be cultural and racial diversity;
- 2.24.2.4 There shall be representation by behavioral health providers, Certified Peer Recovery Specialists and/or Certified Family Support Specialists and consumers (or family members of consumers) of substance abuse services;
- 2.24.2.5 At a minimum, the CONTRACTOR's behavioral health advisory committee shall have input into policy development, planning for services, service evaluation, and member, family member and provider education;
- 2.24.2.6 Meetings shall be held at least quarterly and the CONTRACTOR shall keep a written record of all meetings;
- 2.24.2.7 The CONTRACTOR shall pay travel costs for the behavioral health advisory committee members who are consumers and family representatives;
- 2.24.2.8 The CONTRACTOR shall report on the activities of the CONTRACTOR's behavioral health advisory committee as required in Section 2.30.19.1; and
- 2.24.2.9 The CONTRACTOR shall provide orientation, at least annually, and ongoing training for behavioral health advisory committee members so they have sufficient information and understanding of behavioral health services to fulfill their responsibilities as advisors to the CONTRACTOR's governing body.

61. **Section 2.24.3.2 shall be deleted and replaced as follows:**

- 2.24.3.2 The CONTRACTOR's CHOICES advisory group shall include CHOICES members, member's representatives, advocates, and providers. At least fifty-one percent (51%) of the group shall be CHOICES members and/or their representatives (e.g., family members or caregivers) and the group shall include at least one active Money Follows the Person participant. The advisory group shall include representatives from nursing facility and CHOICES HCBS providers, including community-based residential alternative providers. The group shall reflect the geographic, cultural and racial diversity of each Grand Region covered by this Contract.

62. **Section 2.25.9 shall be amended by adding a new Section 2.25.9.10 as follows and renumbering the existing Section accordingly, including any references thereto.**

2.25.9.10 The CONTRACTOR shall, on an ongoing basis, monitor the quality of services provided by contracted facilities to individuals for whom the CONTRACTOR has authorized ERC reimbursement. Such monitoring shall include, but is not limited to: monthly review of ERC quality data submitted by facilities to TENNCARE and, beginning July 1, 2015, onsite review by a respiratory care practitioner with sufficient experience to adequately monitor the quality of care provided by the facility to each of the CONTRACTOR's members. When deficiencies are found upon assessment or through other means, the CONTRACTOR must immediately report those deficiencies to TENNCARE. If the deficiencies raise concerns about potential licensure rule violations, the CONTRACTOR must also report them to the Tennessee Department of Health within twenty four (24) hours of discovery to determine whether the NF has complied with licensure standards. Additionally, the CONTRACTOR must determine whether or not they will continue to contract with the NF for ERC reimbursement.

63. **Section 2.28.2 shall be deleted and replaced as follows:**

2.28.2 In order to demonstrate compliance with the applicable federal and state civil rights laws, guidance, and policies, including, but not limited to Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Titles II and III of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975 and the Church Amendments (42 U.S.C. 300a-7), Section 245 of the Public Health Service Act (42 U.S.C. 238n.), and the Weldon Amendment (Consolidated Appropriations Act 2008, Public Law 110-161, Div. G, Sec. 508 (d), 121 Stat. 1844, 2209), the CONTRACTOR shall designate a staff person to be responsible for non-discrimination compliance as required in Section 2.29.1.

64. **Section 2.29.1.3 shall be amended by adding a new Section 2.29.1.3.12 and deleting and replacing the renumbered Section 2.29.1.3.16 as follows and renumbering the remaining Section accordingly, including any references thereto.**

2.29.1.3.12 The CONTRACTOR shall maintain a minimum of one (1) dedicated CHOICES lead trainer. The CHOICES lead trainer shall be a part of the CONTRACTOR's management team, and shall be responsible for providing dedicated LTSS staff with current information on best practices and program enhancements or modifications, and attending meetings as requested by TENNCARE.

2.29.1.3.16 A full time staff person dedicated to and responsible for all QM/QI activities. This person shall be a physician or registered nurse licensed in the State of Tennessee and report to the local health plan;

65. **The renumbered Section 2.29.1.3 shall be amended by adding a new Section 2.29.1.3.25 through 2.29.1.3.25.5 as follows and renumbering the remaining Section accordingly, including any references thereto.**

2.29.1.3.25 A specialized member advocate for individuals with intellectual or other types developmental disabilities in each Grand Region in which the CONTRACTOR serves TennCare members.

Amendment 36 (cont.)

This member advocate shall be responsible for the internal representation of these members' interests, including, but not limited to, input into planning and delivery of services for individuals with I/DD, program monitoring and evaluation, and member, family, and provider education. The member advocate shall also be a resource for members concerning the following processes:

- 2.29.1.3.25.1 How to file a complaint with the member's MCO;
- 2.29.1.3.25.2 Facilitating resolution of any issues;
- 2.29.1.3.25.3 Making referrals to an appropriate CONTRACTOR staff;
- 2.29.1.3.25.4 Making recommendations to the CONTRACTOR on any changes needed to improve the CONTRACTOR's processes based on feedback from members with intellectual and other types of developmental disabilities; and
- 2.29.1.3.25.5 Making recommendations to TENNCARE regarding system or service improvements based on such feedback.

66. **The renumbered Section 2.29.1.3.26 through 2.29.1.3.26.7 shall be deleted and replaced as follows:**

- 2.29.1.3.26 Upon enrollment of members in CHOICES Group 2 and/or 3 (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), a consumer advocate for CHOICES members. This person shall be responsible for internal representation of CHOICES members' interests including but not limited to input into planning and delivery of long-term care services, CHOICES QM/QI activities, program monitoring and evaluation, and member, family, and provider education. The consumer advocate shall also be a resource for CHOICES members concerning the following processes:
 - 2.29.1.3.26.1 How to file a complaint with the member's MCO;
 - 2.29.1.3.26.2 Facilitating resolution of any issues;
 - 2.29.1.3.26.3 How to change Care Coordinators;
 - 2.29.1.3.26.4 Making referrals to an appropriate CONTRACTOR staff;
 - 2.29.1.3.26.5 Making recommendations to the CONTRACTOR on any changes needed to improve the CONTRACTOR's processes based on feedback from CHOICES members;
 - 2.29.1.3.26.6 Making recommendations to TENNCARE regarding improvements for the CHOICES program; and
 - 2.29.1.3.26.7 Participating as an ex officio member of the CHOICES Advisory Group required in Section 2.24.3.

Amendment 36 (cont.)

67. **Section 2.30.5.1 shall be deleted and replaced as follows:**

2.30.5.1 The CONTRACTOR shall submit forty five (45) days after the end of the reporting period a quarterly *Population Health Update Report* addressing all seven (7) Population Health Programs (see Section 2.8.4 of this Contract). The report shall include process and operational data and any pertinent narrative to include any staffing changes, training or new initiatives occurring in the reporting period.

68. **Section 2.30.6 shall amended by adding a new Section 2.30.6.13 through 2.30.6.13.1 as follows:**

2.30.6.13. The CONTRACTOR shall submit a Housing Profile Assessment Report quarterly in a format specified by TENNCARE. This report shall monitor the housing needs of CHOICES enrollees waiting to transition or post-transition and includes, but is not limited to, transition wait times, transition barriers, monthly income amounts, housing options chosen, and counties chosen for transition.

2.30.6.13.1 The 4th Quarter submission will also include a brief narrative of the CONTRACTOR'S work strategy to create stronger networks and develop easier access to affordable housing. (See Section 2.11.6.7).

69. **Sections 2.30.11.1 and 2.30.11.7 shall be deleted in their entirety and the remaining Section 2.30.11 shall be renumbered accordingly, including any references thereto.**

70. **Section 2.30.12.1 and 2.30.12.2 shall be deleted and replaced as follows:**

2.30.12.1 Quality Report and Updates:

2.30.12.1.1 The CONTRACTOR shall submit, by July 30, 2015, a comprehensive *Quality Report* which addresses all program specific quality initiatives. The Quality Report will include, but not be limited to, the following for each initiative:

2.30.12.1.1.1 Title;

2.30.12.1.1.2 Description and rationale;

2.30.12.1.1.3 Initiation date;

2.30.12.1.1.4 End date when applicable;

2.30.12.1.1.5 Accountable staff;

2.30.12.1.1.6 Evaluation methodology; and

2.30.12.1.1.7 Results and conclusions.

2.30.12.1.2 Beginning in 2016, the CONTRACTOR shall submit, by January 30th and by July 30th of each year, a *Quality Report update* which addresses updates to each program specific quality initiative that have occurred during the previous six (6) months. The update will include, but not be limited to, the following for each initiative:

Amendment 36 (cont.)

- 2.30.12.1.2.1 Accountable staff, if changes occurred;
 - 2.30.12.1.2.2 Evaluation methodology, if changes occurred;
 - 2.30.12.1.2.3 Results and conclusions;
 - 2.30.12.1.2.4 The end date, when applicable;
 - 2.30.12.1.2.5 New quality initiatives (include all elements in 2.30.12.1).
 - 2.30.12.2 The CONTRACTOR shall submit an annual Report on Performance Improvement Projects that includes the information specified in Section 2.15.3. For Performance Improvement Project topics that are conducted in more than one region of the State, the CONTRACTOR shall submit one Performance Improvement Projects Summary Report that includes region-specific data and information, including improvement strategies. The report shall be submitted annually on July 30.
71. **Sections 2.30.13.3 and 2.30.13.4 shall be amended by deleting and replacing the last sentence as follows:**
- 2.30.13.3 The CONTRACTOR shall submit an annual Provider Satisfaction Survey Report that encompasses behavioral and physical health. The report shall summarize the provider survey methods and findings and must provide an analysis of opportunities for improvement (see Section 2.18.7.4) Beginning in 2016, the report shall be submitted by January 30 each year.
 - 2.30.13.4 The CONTRACTOR shall submit an annual CHOICES Provider Satisfaction Survey Report that addresses results for CHOICES long-term care providers. The report shall summarize the provider survey methods and findings, must provide an analysis of opportunities for improvement (see Section 2.18.7.5) in addition to CHOICES items specified in the protocols provided by TENNCARE. Beginning in 2016, the report shall be submitted by January 30 each year.
72. **Section 2.30.16.1.2 shall be deleted in its entirety including any references thereto.**
73. **Section 2.30.18.7 shall be deleted and replaced as follows:**
- 2.30.18.7 The CONTRACTOR shall submit a baseline *Business Continuity and Disaster Recovery (BC-DR)* plan for review and written approval as specified by TENNCARE. Thereafter, the CONTRACTOR shall submit, at a minimum, an annual update to their BC-DR. The CONTRACTOR shall communicate proposed modifications to the BC-DR plan at least fifteen (15) calendar days prior to their proposed incorporation. Such updates and/or modifications shall be subject to review and written approval by TENNCARE.
74. **Section 2.30.19.1 shall be deleted and replaced as follows:**
- 2.30.19.1 The CONTRACTOR shall submit a semi-annual Report on the Activities of the CONTRACTOR's Behavioral Health Advisory Committee regarding the activities of the behavioral health advisory committee established pursuant to Section 2.24.2.

Amendment 36 (cont.)

2.30.19.1.1 This report shall include the following information:

2.30.19.1.1.1 The current membership of the behavioral health advisory committee by name, address, role (e.g., consumer, provider, advocate, etc.) and organization represented);

2.30.19.1.1.2 Membership demographics as required by TENNCARE;

2.30.19.1.1.3 A description of any orientation and/or ongoing training activities for behavioral health advisory committee members;

2.30.19.1.1.4 Information on behavioral health advisory committee meetings, including the date, time, location, meeting attendees, and minutes from each meeting;

2.30.19.1.1.5 The report shall include a description of any new initiatives implemented by the CONTRACTOR during the reporting period based on the behavioral health advisory committee's input and advice to include, but not limited to, policy development, planning for services, service evaluation, and member, family member and provider education.

2.30.19.1.2 These reports shall be submitted to TENNCARE on March 1 and September 1 of each year.

75. **Section 4.9.1 shall be deleted and replaced as follows:**

4.9.1 In no event shall the maximum liability of the State under this Agreement during the original term of the Contract exceed three billion, eight hundred twenty eight million, five hundred seventy thousand, two hundred five dollars and ninety cents (\$3,828,570,205.90).

76. **Section 5.2.1 shall be amended by deleting and replacing the reference to “December 31, 2014” with “December 31, 2015” as follows:**

5.2.1 This Agreement, and its incorporated attachments, if any, as well as all Amendments to this Agreement, contain all of the terms and conditions agreed upon by the parties, and when executed by all parties, supersedes any prior agreements. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall be in effect from July 1, 2001, subject to approval by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services. The term of this Agreement shall expire on December 31, 2015. At the mutual agreement of TENNCARE and the CONTRACTOR, this Agreement shall be renewable for an additional twelve month period.

77. **Section 5.20.2.2.6.1 shall be amended by deleting and replacing the word “recommendations” with the word “requirements” as follows:**

5.20.2.2.6.1 In circumstances for which TENNCARE has applied this general liquidated damage to a notice of a deficiency that is related in any way to CHOICES care coordination processes and requirements which shall be determined by TENNCARE, the amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing requirements as specified in Section 2.9.6.11.9 of this Contract.

78. **The Liquidated Damages Chart in Section 5.20.2.2.7 shall be amended by deleting and replacing the phrase “Caseload and Staffing recommendations” with the phrase “Caseload and Staffing requirements” in each Level/Section it appears.**

79. The Liquidated Damages Chart in Section 5.20.2.2.7 shall be amended by deleting and replacing the existing Level A.32 and adding new Levels A.35 through A.38 as follows:

LEVEL	PROGRAM ISSUES	DAMAGE
A.32	Failure to ensure that a level of care (i.e., PAE) and supporting documentation, including the <i>Safety Determination Request Form</i> , if appropriate, submitted with the level of care is accurate and complete, satisfies all technical requirements specified by TENNCARE, and accurately reflects the member's current medical and functional status. (see Section 2.9.6.3.14)	\$2,000 per occurrence These amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing requirements as specified in Section 2.9.6.11.9 of this Contract
A.35	Failure to complete and submit a safety determination request upon referral from TENNCARE or as part of ongoing care coordination pursuant to Sections 2.9.6.3.14.6 and 2.9.6.9.2.1.13	\$500 per day after five (5) business days from the notification of referral from TENNCARE if the CONTRACTOR has not submitted a completed safety determination request to TENNCARE pursuant to 2.9.6.3.14.6. \$2,000 per occurrence for safety determination requests not completed and submitted to TENNCARE during ongoing care coordination pursuant to 2.9.6.9.2.1.13. These amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing requirements as specified in Section 2.9.6.11.9 of this Contract
A.36	Failure to complete the PAE process and/or ensure that a PAE is submitted to TENNCARE within twenty (20) business days of the face-to-face visit, per Section 2.9.6.14, on all referrals, except those individuals who are screened out who do not subsequently request to continue the intake process or individuals who choose to terminate the intake process, which must be documented in writing	\$500 per day beginning twenty (20) business days after completion of the face-to-face visit until date of PAE submission

A.37	Failure to conduct and submit level of care reassessments pursuant to the requirements in Sections 2.9.6.9.3.1.1 and 2.9.6.9.3.1.1.3.2	\$500 per day, per occurrence for each applicable timeline violated in Sections 2.9.6.9.3.1.1 and 2.9.6.9.3.1.1.3.2. These amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing requirements as specified in Section 2.9.6.11.9 of this Contract
A.38	Failure to report deficiencies related to ERC threshold standards of care and licensure rule violations to the Tennessee Department of Health within twenty-four (24) hours of discovery	\$500 per day beginning twenty-four (24) hours after the discovery of the deficiency if the deficiency is not reported within twenty-four (24) hours to the Tennessee Department of Health (See Section 2.25.9.10)

80. **Attachment V shall be amended by deleting and replacing the Geographic Access Requirement for the Service Types: “24 Hour Psychiatric Residential Treatment”, “24 Hour Residential Treatment Services (Substance Abuse)” and “Crisis Services (Mobile)” as follows:**

Service Type	Geographic Access Requirement	Maximum Time for Admission/ Appointment
24 Hour Psychiatric Residential Treatment	The CONTRACTOR shall contract with at least 1 provider of service in each Grand Region (3 statewide) for ADULT members ----- Travel distance does not exceed 60 miles for at least 75% of CHILD members and does not exceed 90 miles for at least 90% of CHILD members	Within 30 calendar days

Service Type	Geographic Access Requirement	Maximum Time for Admission/ Appointment
24 Hour Residential Treatment Services (Substance Abuse)	The CONTRACTOR shall contract with at least 1 provider of service in each Grand Region (3 statewide) for ADULT members ----- The CONTRACTOR shall contract with at least 1 provider of service in each Grand Region (3 statewide) for CHILD members	Within 10 business days

Service Type	Geographic Access Requirement	Maximum Time for Admission/ Appointment
Crisis Services (Mobile)	Not subject to geographic access standards	Face-to-face contact within 2 hours for emergency situations and 4 hours for urgent situations

81. **Sections A.4.3.1.2.4, A.4.3.2.4.5 and A.8.2.2.4 of Attachment XI shall be amended by deleting the word “mental” and replacing it with the words “behavioral health”.**

82. **Section A.4.6.1 of Attachment XI shall be deleted and replaced as follows:**

A.4.6.1 The CONTRACTOR shall conduct random pre-transportation validation checks prior to the member receiving the services in order to prevent fraud and abuse. The amount validated shall be two percent (2%) of NEMT scheduled trips per month.

83. **Section A.5.2 of Attachment XI shall be amended by adding a new Section A.5.2.3 which shall read as follows:**

A.5.2.3 Members shall not be required to arrive at their scheduled appointment more than one (1) hour before their appointment time. Members shall not be dropped off for their appointment before the provider’s office or facility has opened their doors.

84. **Sections A.6.4 and A.6.5 of Attachment XI shall be deleted and replaced as follows:**

A.6.4 The CONTRACTOR shall ensure that members arrive at pre-arranged times for appointments and are picked up at pre-arranged times for the return leg of the trip. If there is no pre-arranged time for the return leg of the trip, the CONTRACTOR shall ensure that members are picked up within one (1) hour after notification Pick-up and drop-off times should be captured in such a way to allow reporting as requested by TENNCARE. Members shall not be required to arrive at their scheduled appointment more than one (1) hour before their appointment time. Members shall not be dropped off for their appointment before the provider’s office or facility has opened their doors.

A.6.5 The CONTRACTOR shall ensure that the waiting time for members for pick-up does not exceed ten (10) minutes past the scheduled pick-up time. Scheduled pick-up times shall allow the appropriate amount of travel time to assure the members arrive giving them sufficient time to check-in for their appointment. Members shall be dropped off for their appointment no less than fifteen (15) minutes prior to their appointment time to prevent the drop off time from being considered a late drop off.

85. **Paragraphs A.8.3.6 through A.8.3.8, A.8.3.11 and A.8.3.12 of Attachment XI shall be deleted and replaced as follows:**

A.8.3.6 The CONTRACTOR shall ensure that all drivers pass a physical examination prior to providing services under the Contract and have additional physical examinations as necessary

Amendment 36 (cont.)

to ensure that a driver is qualified to drive a passenger vehicle (e.g., if the driver has a heart attack or stroke). The physical examination shall be at least as extensive as the medical examination required by the United States Department of Transportation's Federal Motor Carrier Safety Administration (FMCSA) for commercial drivers. Proof of exams shall be maintained in the driver file as to allow for unscheduled file audits. All driver files (including but not limited to, HRAs, private vendor's, etc.) must contain an attestation signed by the driver including the effective dates of the physical examination.

A.8.3.7 The CONTRACTOR shall ensure that all drivers pass a drug and alcohol test prior to providing services under the Agreement. In addition, the CONTRACTOR shall ensure that an alcohol and drug test is conducted when a trained supervisor/employer of a driver has reasonable suspicion to believe that the driver has violated the CONTRACTOR's policies and procedures regarding use of alcohol and/or controlled substances, that random drug and alcohol tests are conducted, and that post accident drug and alcohol testing is conducted. The CONTRACTOR's policies and procedures for drug and alcohol testing shall, at a minimum, meet the FMCSA's alcohol and drug testing requirements for motor carriers. Drivers should be randomly selected from the current utilized drivers for drug and alcohol testing with no less than twenty percent (20%) of drivers tested per calendar year. The drivers tested shall be reported to TENNCARE quarterly as described in the reporting section of this Attachment XI. Results of drug and alcohol testing shall be maintained in the driver's file as to allow for unscheduled file audits. All driver files (including but not limited to, HRAs, private vendor's, etc.) must contain an attestation signed by the driver containing the date of the drug and alcohol test.

A.8.3.8 The CONTRACTOR shall ensure that criminal background checks pursuant to TCA 38-6-109 as well as national criminal background checks are conducted for all drivers prior to providing services under the Agreement and every five years thereafter. The CONTRACTOR shall develop a list of disqualifying criminal offenses, which at a minimum shall include the permanent and interim disqualifying criminal offenses that apply to applicants for a hazardous materials endorsement in Tennessee. Drivers that have been convicted, pled guilty or found not guilty by reason of insanity of any of the disqualifying criminal offenses shall not provide services under the Agreement. Results of background checks shall be maintained in the drivers file as to allow for unscheduled file audits.

A.8.3.11 The CONTRACTOR shall verify that drivers are not listed on the Tennessee Sexual Offender Registry and the equivalent registry showing data from all fifty (50) states. This is in addition to the criminal background check and results shall be maintained in the driver's file as to allow for unscheduled file audits.

A.8.3.12 The CONTRACTOR shall ensure that drivers maintain an acceptable Motor Vehicle Report containing data for any state the driver has previously lived prior to providing services under the Agreement and annually thereafter. Annual updates shall only contain information for the states the driver has resided in since the last update. The Motor Vehicle Report shall, at a minimum, show the following:

86. Section A.14.3.1 of Attachment XI shall be deleted and replaced as follows:

A.14.3.1 The CONTRACTOR shall conduct post validation checks by matching NEMT billed claims to Healthcare provider billed claims validating two percent (2%) of NEMT claims received in

Amendment 36 (cont.)

a month and if the CONTRACTOR determines that transportation for a particular member was not to a TennCare covered service, the CONTRACTOR validates the next three (3) requests for that member before approving the requested trip (see Section A.4.6 of this Attachment)). If the CONTRACTOR suspects fraud or abuse, it shall comply with the fraud and abuse requirements of the Contract. The CONTRACTOR may exclude services when conducting post-validation in which billing of those services as appropriate (e.g., Pre-natal visits) cannot not be validated in the required timeframe.

87. Sections A.17.4.1 and A.17.4.3 shall be deleted and replaced as follows:

A.17.4.1 The CONTRACTOR shall have policies and procedures for ensuring that an appropriate corrective action is taken when a NEMT provider furnishes inappropriate or substandard services, when a NEMT provider does not furnish services that should have been furnished, or when a NEMT provider is out of compliance with federal, state, or local law. The CONTRACTOR shall provide notification of the corrective action initiated between the CONTRACTOR and their NEMT provider as they occur.

A.17.4.3 As required in Section A.19.5.72 of this Attachment, the CONTRACTOR shall report on monitoring activities, monitoring findings, corrective actions taken, and improvements made.

88. Attachment XI shall be amended by deleting and replacing Section A.19.1.2 and adding a new Section A.19.1.3 as follows:

A.19.1.2 Pick-up and Delivery Standards Report. The CONTRACTOR shall submit a monthly report that documents the scheduled pick-up time, actual pick-up time, members appointment time, time the member was dropped-off for the appointment, pre-arranged return pick-up time, time the member requested pick-up (if not pre-arranged), actual return pick-up time and time the member arrived at their final destination.

A.19.1.3 Drug and Alcohol Testing Report. The CONTRACTOR shall submit a quarterly report providing a listing of drivers who have been drug and alcohol tested during the reporting period. A minimum of five percent (5%) of drivers should be reported each quarter. The report shall include, at minimum, the name of the driver tested for drugs and alcohol, name of the provider that the driver is contracted with, social security number of the driver, date the driver was authorized to transport and the date the test was conducted. Drivers' drug and alcohol test should be current within the last five (5) years.

89. Definition Number 11, 15 and 18 of Exhibit A in Attachment XI shall be deleted and replaced as follows:

11. **Private Automobile:** An enrollee's personal vehicle or the personal vehicle of a family member or friend, to which the enrollee has access.

15. **Tennessee Department of Intellectual and Developmental Disabilities (DIDD):** The state agency responsible for providing services and supports to Tennesseans with intellectual and developmental disabilities. DIDD is a division of the Tennessee Department of Finance and Administration.

Amendment 36 (cont.)

18. Urgent Trip: Covered NEMT services required for an unscheduled episodic situation in which there is no immediate threat to life or limb but the enrollee must be seen on the day of the request (can be one (1) or multiple trip legs). At a minimum, these shall be considered urgent trips: Hospital and Crisis Stabilization Unit discharges and same-day appointments with outpatient behavioral health providers.

90. **The “Performance Standard” and “Liquidated Damage” in Item number 6 of Exhibit F in Attachment XI shall be amended by adding additional text as follows:**

No.	PERFORMANCE STANDARD	LIQUIDATED DAMAGE
6	<p>Comply with driver training requirements and driver standards (see Section A.8 of this Attachment)</p> <p>Comply with driver requirements as it relates to drug and alcohol testing</p>	<p>\$2,500 per calendar day per driver for each calendar day that a driver is not in compliance with the driver standards</p> <p>The following sanctions are specifically for drug and alcohol standards for NEMT drivers. For the first deficiency: \$5,000 for failure to meet the five (5%) requirement for drug and alcohol testing per quarter. For the second deficiency: \$7,500 for failure to meet the five (5%) requirement for drug and alcohol testing per quarter. For the third and subsequent deficiencies: \$10,000 for failure to meet the five (5%) requirement for drug and alcohol testing per quarter</p>

91. **The Liquidated Damage in Item number 11 of Exhibit F in Attachment XI shall be amended by deleting the word “quarter” and replacing it with the words “reporting period”.**

92. **The “Performance Standard and Liquidated Damage” Chart in Exhibit F of Attachment XI shall be amended by adding a new Item 13 as follows:**

No.	PERFORMANCE STANDARD	LIQUIDATED DAMAGE
13	<p>Failure by the CONTRACTOR to comply with the pre-validation requirements and the post-validation requirements (see Section A.4.6 and Section A.14.3 of this Attachment XI)</p>	<p>\$5,000 for failure to meet the 2% benchmark for pre-validations of NEMT scheduled trips</p> <p>\$1,000 for failure to meet the 2% benchmark for post-validations of NEMT trips; and \$100 per calendar day until an acceptable report has been received by TENNCARE beginning on the date the CONTRACTOR is notified of the deficiency</p>

93. **Attachment XIII shall be amended by adding a new Item VI as follows:**

VI. **Administrative Fee for Claims for Persons with Suspended Eligibility**

The CONTRACTOR shall be paid two dollars (\$2.00) per claim as reimbursement for processing claims for services incurred as described in Section 2.4.4.6 of this Contract. Actual expenditures for the services and the allowed amount for claims processing are subject to TCA 56-32-124. The CONTRACTOR shall prepare checks for payment of providers for the provision of the services incurred as described in Section 2.4.4.6. The CONTRACTOR shall notify the State of the amount to be paid in a mutually acceptable form and format at least forty-eight (48) hours in advance of distribution of any provider payment related to this requirement. TENNCARE shall remit payment to the CONTRACTOR in an amount equal to: the amount to be paid to providers; plus, two dollars (\$2.00) per claim processed by the CONTRACTOR; plus, an amount sufficient to cover any payment due in accordance with TCA 56-32-124 within forty-eight (48) hours of receipt of notice. The CONTRACTOR shall then release payments to providers within twenty-four (24) hours of the receipt of funds from the State. The CONTRACTOR is responsible for any payments required pursuant to TCA 56-32-124.

Amendment 36 (cont.)

All of the provisions of the original Contract not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective January 1, 2015.

The State is not bound by this Amendment until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this Contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

The CONTRACTOR, by signature of this Amendment, hereby affirms that this Amendment has not been altered and therefore represents the identical document that was sent to the CONTRACTOR by TENNCARE.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 35

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN**

THE STATE OF TENNESSEE,

d.b.a.

TENNCARE AND

VOLUNTEER STATE HEALTH PLAN, INC.

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Contract Section 4.6 shall be deleted in its entirety and replaced with amended Section 4.6 as follows:

4.6 HEALTH INSURER FEE

- 4.6.1. The CONTRACTOR and TENNCARE acknowledge that the CONTRACTOR is subject to a Health Insurer Fee (HIF) imposed by the federal government under the Patient Protection and Affordable Care Act (PPACA) of 2010. The CONTRACTOR is responsible for payment of a percentage of the Health Insurer Fee for all health insurance providers. The CONTRACTOR'S obligation is determined by the ratio of the CONTRACTOR'S net written premiums for the preceding year compared to the total net written premiums of all covered entities subject to the Health Insurer Fee for the same year.
- 4.6.2. The amount of the Health Insurer Fee attributable to the CONTRACTOR and attributable to the CONTRACTOR'S premiums under this Contract could affect the actuarial soundness of the premiums received by the CONTRACTOR from TENNCARE for the period during which the Health Insurer Fee is assessed. To preserve the actuarially sound administrative rate payments, TENNCARE shall reimburse the CONTRACTOR for the amount of the Health Insurer Fee, including an actuarially sound adjustment for the estimated impact of the non-deductibility of the Health Insurer Fee for Federal and State tax purposes, specifically attributable to the CONTRACTOR'S TENNCARE membership.
- 4.6.3. The monthly administrative rates will be paid excluding the amount for the Health Insurer Fee. Once the CONTRACTOR'S Health Insurer Fee amount is known, TENNCARE will determine the amount this is as a percent of the administrative amount paid in the previous fiscal year using the aggregate member months for the fiscal year as of the July following the fiscal year and the administrative rates paid for the fiscal year. TENNCARE will then calculate the amount owed to the CONTRACTOR, including any adjustments for Federal and State taxes, in aggregate for the 12 month fiscal year and pay the administrative amount adjustment as a single payment. The amount attributable to the CONTRACTOR'S TENNCARE membership shall be determined based on the CONTRACTOR'S final Form 8963 filing, the final notification of the Health Insurer Fee amount owed by the CONTRACTOR received from the United States Internal Revenue Service, and supporting documentation from the CONTRACTOR as requested by TENNCARE.

Amendment 35 (cont.)

4.6.4. TENNCARE shall complete its calculation of the amount owed to the CONTRACTOR within ninety (90) days of its receipt of the final notification and supporting documentation from the CONTRACTOR. Payment is contingent on the availability of State funds and CMS approval of the administrative rates including the Health Insurer Fee adjustment. The administrative rates excluding the Health Insurer Fee adjustment will be included in the contracts and, following payment of the amount owed to the CONTRACTOR, separate rates will be added that contain the administrative rate adjustment to reflect the Health Insurer Fee.

All of the provisions of the original Contract not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective September 15, 2014.

The State is not bound by this Amendment until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this Contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

The CONTRACTOR, by signature of this Amendment, hereby affirms that this Amendment has not been altered and therefore represents the identical document that was sent to the CONTRACTOR by TENNCARE.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 34

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

- 1. Section 4 shall be amended by adding a new Section 4.6 as follows, renumbering the remaining Section 4 accordingly and updating any references thereto:**

4.6 HEALTH INSURER FEE

- 4.6.1** The Health Insurer Fee (HIF), under section 9010 of the Patient Protection and Affordable Care Act of 2010, will come due in September each year for the premiums paid the previous calendar year. TENNCARE will reimburse the CONTRACTOR the full cost of the HIF that the CONTRACTOR incurs and becomes obligated to pay due to its receipt of TennCare premiums pursuant to this Contract. The full cost of the Health Insurer Fee will include both the HIF and the allowance to reflect any tax liabilities related to the corresponding HIF CONTRACTOR's obligation. This amount will be calculated in an actuarially sound manner consistent with the requirements of 42 CFR 438.6(c).
- 4.6.2** To facilitate this payment the CONTRACTOR shall provide TENNCARE with the HIF assessment received from the Internal Revenue Service (IRS) and the pro rata portion attributed to the CONTRACTOR's administrative payments under its contracts(s) for the preceding calendar year. In addition the CONTRACTOR will provide TENNCARE either a copy of its Federal tax filing for the year of the HIF in question or a certified statement from its Chief Financial Officer as to the Federal Tax Rate that the CONTRACTOR incurred on taxable income for the past three years.
- 4.6.3** The State's share of the HIF and the CONTRACTOR's federal tax information shall be submitted to TENNCARE as soon as practicable but in no event more than fourteen (14) days after receipt of the IRS final fee calculation for each year the HIF is assessed. TENNCARE will make a one-time payment to the CONTRACTOR for the State's share of the HIF and the allowance to reflect the federal income tax liability related to the corresponding HIF CONTRACTOR's obligation within thirty (30) days of the receipt of the CONTRACTOR's tax information.

Amendment 34 (cont.)

All of the provisions of the original Contract not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective August 1, 2014.

The State is not bound by this Amendment until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this Contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

The CONTRACTOR, by signature of this Amendment, hereby affirms that this Amendment has not been altered and therefore represents the identical document that was sent to the CONTRACTOR by TENNCARE.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 33

AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1 shall be amended by modifying and adding the following definitions and deleting the definition for Immediate Eligibility for CHOICES Group 2:

Back-up Plan – A written plan that is a required component of the plan of care for all CHOICES members receiving companion care or non-residential CHOICES HCBS in their own home and which specifies unpaid persons as well as paid consumer-directed workers and/or contract providers (as applicable) who are available, have agreed to serve as back-up, and who will be contacted to deliver needed care in situations when regularly scheduled CHOICES HCBS providers or workers are unavailable or do not arrive as scheduled. A CHOICES member or his/her representative may not elect, as part of the back-up plan, to go without services. The back-up plan shall include the names and telephone numbers of persons and agencies to contact and the services to be provided by each of the listed contacts. The member and his/her representative (as applicable) shall have primary responsibility for the development and implementation of the back-up plan for consumer directed services. The FEA will assist as needed with the development and verification of the initial back-up plan for consumer direction. The care coordinator shall be responsible for assistance as needed with implementing the back-up plan and for updating and verifying the back-up plan on an ongoing basis.

Supports Broker – An individual assigned by the FEA to each CHOICES member participating in consumer direction who assists the member/representative as needed in performing certain employer of record functions as follows: developing job descriptions; recruiting, interviewing, and hiring workers; member and worker enrollment in consumer direction and consumer direction training; and developing (as part of the onboarding process for new workers) a schedule for the member's workers that comports with the schedule at which services are needed by the member as reflected in the plan of care. . The supports broker shall also assist the member as needed with developing and verifying the initial back-up plan for consumer direction. The supports broker collaborates with the member's care coordinator, as appropriate. The supports broker does not have authority or responsibility for consumer direction. The member or member's representative must retain authority and responsibility for consumer direction.

Amendment 33 (cont.)

Wellness – An approach to health care that emphasizes not merely the absence of disease or infirmity but the pursuit of optimum health. It is an active process of helping members become aware of and make choices that will help them to achieve a healthy and more fulfilling life. Wellness includes preventing illness, prolonging life, and improving quality of life, as opposed to focusing solely on treating diseases. Wellness is a condition of good physical and mental health, especially when accomplished and maintained by personal choice and action, including proper diet, exercise, and health habits.

- 2. **Section 2.6.1.3 shall be amended by deleting and replacing the “SERVICE”/”BENEFIT LIMIT” for Dental Services as follows:**

Dental Services	<p>Dental Services shall be provided by the Dental Benefits Manager or in some cases, through an HCBS waiver program for persons with intellectual disabilities (i.e., mental retardation).</p> <p>However, the facility, medical and anesthesia services related to the dental service that are not provided by a dentist or in a dentist’s office shall be covered services provided by the CONTRACTOR when the dental service is covered by the DBM or through an HCBS waiver program for persons with intellectual disabilities (i.e., mental retardation).</p>
------------------------	--

- 3. **Section 2.6.1.5 shall be amended by deleting the existing Section 2.6.1.5.3 and renumbering the remaining Section accordingly, including any references thereto.**
- 4. **The renumbered Section 2.6.1.5.3.1 shall be amended by adding the phrase “review all requests for short-term NF stays and shall” as follows:**

2.6.1.5.3.1 The CONTRACTOR shall review all requests for short-term NF stays and shall authorize and/or reimburse short-term NF stays for Group 2 and Group 3 members only when (1) the member is enrolled in CHOICES Group 2 or 3, as applicable, and receiving HCBS upon admission; (2) the member meets the nursing facility level of care in place at the time of admission; (3) the member’s stay in the facility is expected to be less than ninety (90) days; and (4) the member is expected to return to the community upon its conclusion. The CONTRACTOR shall monitor all short-term NF stays for Group 2 and Group 3 members and shall ensure that the member is transitioned from Group 2 or Group 3, as applicable, to Group 1 at any time a) it is determined that the stay will not be short-term or the member will not transition back to the community; and b) prior to exhausting the ninety (90)-day short-term NF benefit covered for CHOICES Group 2 and Group 3 members.

5. The renumbered Section 2.6.1.5.3.1.2 shall be deleted and replaced as follows:

2.6.1.5.3.1.2 The CONTRACTOR shall monitor, on an ongoing basis, members utilizing the short-term NF benefit, and shall submit to TENNCARE on a monthly basis a member-by-member status for each Group 2 and Group 3 member utilizing the short-term NF stay benefit, including but not limited to the name of each Group 2 and Group 3 member receiving short-term NF services, the NF in which s/he currently resides, the date of admission for short-term stay, the number of days of short-term NF stay utilized for this admission, and the anticipated date of discharge back to the community. For any member exceeding the ninety (90)-day limit on short-term NF stay, the CONTRACTOR shall include explanation regarding why the benefit limit has been exceeded, and specific actions the CONTRACTOR is taking to facilitate discharge to the community or transition to Group 1, as applicable, including the anticipated timeline.

6. Section 2.7.2.7 shall be deleted and replaced as follows:

2.7.2.7 Psychiatric Rehabilitation Services

The CONTRACTOR shall provide psychiatric rehabilitation services in accordance with the requirements in Attachment I. As described in Attachment I, the covered array of services available under psychiatric rehabilitation are psychosocial rehabilitation, supported employment, peer recovery services, family support services, illness management and recovery, and supported housing. An individual may receive one or more of these services and may receive different services from different providers.

7. Section 2.7.4.2.1 shall be deleted and replaced as follows:

2.7.4.2.1 The Annual Community Outreach Plan shall be written in accordance with guidance prepared by TENNCARE. It shall include, but is not limited to: all proposed community/health education events related to TENNderCare; all proposed community/health education events unrelated to TENNderCare; and a system approved by TENNCARE for not only documenting and evaluating their events within thirty (30) days of occurrence, but also reporting on their evaluations in the TENNderCare/EPSTDT Quarterly Reports. An Annual Evaluation of the Plan shall be due no later than ninety (90) days following the end of a calendar year in a format approved by TENNCARE. This evaluation must include an appraisal of the objectives in the Plan and an assessment of the events conducted in the previous year in a format approved by TENNCARE.

8. Section 2.7.6.2.10.2 shall be deleted and replaced as follows:

2.7.6.2.10.2 The CONTRACTOR shall participate in a minimum of five (5) interagency activities with representatives from state agencies or community-based organizations per quarter, to either educate them on services available through TCS or to develop outreach and educational initiatives. All of the agencies engaged shall be those who serve TennCare enrollees who are at risk of DCS custody or have special healthcare needs.

Amendment 33 (cont.)

9. **Section 2.8.2.1 shall be amended by adding a new Section 2.8.2.1.1 as follows and renumbering the existing Sections accordingly.**

2.8.2.1.1 The CONTRACTOR shall make reasonable attempts to assess member's health risk utilizing the appropriate common HRA approved by the Bureau and Population Health staff. The information collected from these mini assessments will be used to align individual members with appropriate intervention approaches and maximize the impact of the services provided.

10. **The renumbered Section 2.8.2.1.3.1 shall be deleted and replaced as follows:**

2.8.2.1.3.1 All members identified as Level 1, through predicative modeling, and not pregnant are eligible for the Health Risk Management Program. At a minimum, the CONTRACTOR shall enroll members with chronic diseases that are prevalent in a significant number of members, or members with other chronic diseases utilizing significant health resources in their regional population.

11. **The renumbered Section 2.8.2.1.3 shall be amended by adding a new Section 2.8.2.1.3.3 as follows:**

2.8.2.1.3.3 The CONTRACTOR shall place all level 2 members who cannot be contacted by the process referenced in Section 2.8.4.5.2 of this Contract, or chose not to enroll in a level 2 program, in Level 1 programs.

12. **The renumbered Section 2.8.2.1.4 shall be deleted and replaced as follows:**

2.8.2.1.4 **Level 2** – Members eligible to participate at this Level shall be determined by predictive modeling identifying the top three percent (3%) of members, excluding level 2 maternity members, to be most at risk for adverse health outcomes, and/or by referrals or health risk assessments.

13. **Section 2.8.4.6.1 shall be amended by deleting and replacing the reference to “Section 2.8.4.5.1” with “Section 2.8.4.5.2”.**

14. **Section 2.8.11.5 shall be deleted and replaced as follows:**

2.8.11.5 The CONTRACTOR shall submit, through the current secure system, a list in Comma Separated Value (CSV) format consisting of the name, ID, DOB, stratification or all risk levels and the corresponding dates of eligibility for the level and program assignments for all MCO members.

15. **Section 2.8.12 shall be deleted and replaced as follows:**

2.8.12 Special Projects

2.8.12.1 As appropriate, the CONTRACTOR's Population Health staff shall participate in a collaborative MCO/TennCare workgroup to evaluate the common standard new enrollee assessments and address innovative ways to improve member completion rates.

Amendment 33 (cont.)

2.8.12.2 The CONTRACTOR shall conduct at least two rapid cycle improvement projects annually. One rapid cycle improvement project shall address increasing member engagement rates in the High Risk opt in level of Population Health programs. The second rapid cycle engagement project shall address engaging members to make behavioral changes such as weight loss, or smoking cessation. The project plans are to be reported in the quarterly report before implementation. The projects should then be conducted with the results to be reported in the next Population Health Quarterly Report.

16. Sections 2.9.5 through 2.9.5.6 shall be deleted and replaced with “Left Blank Intentionally”

2.9.5 Left Blank Intentionally

17. Section 2.9.6.2.4.1 shall be deleted and replaced as follows:

2.9.6.2.4.1 For members enrolled in CHOICES Group 1, who are, upon CHOICES enrollment, receiving nursing facility services, the CONTRACTOR shall reimburse such services in accordance with the level of reimbursement for nursing facility services (Level I or Level II) approved by TENNCARE (see Section 2.14.1.15), except that the CONTRACTOR may reimburse a facility at the Level I per diem rate when such rate is billed by the facility and there is an approved LOC eligibility segment for such level of reimbursement. Reimbursement for such services shall be from the current provider as of the effective date of CHOICES enrollment. The CONTRACTOR shall not move members enrolled in CHOICES Group 1 who are, upon CHOICES enrollment, receiving nursing facility services, to another facility unless: (1) the member or his/her representative specifically requests to move, which shall be documented in the member’s file; (2) the member or his/her representative provides written consent to move based on quality or other concerns raised by the CONTRACTOR, which shall not include the nursing facility’s rate of reimbursement; or (3) the facility where the member is residing is not a contract provider. If the nursing facility is a non-contract provider, the CONTRACTOR shall (a) provide continuation of the services pending enrollment of the facility as a contract provider (except a facility excluded for a 2-year period when the facility has withdrawn from Medicaid participation); (b) provide continuation of the services pending facilitation of the member’s transition to a contract facility, subject to the member’s agreement with such transition; or (c) may continue to reimburse services from the non-contract nursing facility in accordance with TennCare rules and regulations.

18. Section 2.9.6.2.4.4 and 2.9.6.2.4.5 shall be deleted and replaced as follows:

2.9.6.2.4.4 For purposes of the CHOICES program, the CONTRACTOR may decide whether it will issue service authorizations for nursing facility services, or whether it will instead process claims for such services in accordance with the level of care (i.e., reimbursement, including the duration of such level of reimbursement) approved by TENNCARE (see Section 2.14.1.15), except that the CONTRACTOR may reimburse a facility at the Level I per diem rate when such rate is billed by the facility and there is an approved LOC eligibility segment for such level of reimbursement.

2.9.6.2.4.5 For CHOICES members approved by TENNCARE for Level II reimbursement of nursing facility services, the CONTRACTOR shall be responsible for monitoring the member’s continued need for Medicaid reimbursed skilled and/or rehabilitation services, promptly notifying TENNCARE when such skilled and/or rehabilitative services are no

Amendment 33 (cont.)

longer medically necessary, and for the submission of information needed by TENNCARE to reevaluate the member's level of care (i.e., reimbursement) for nursing facility services (see also Section 2.14.1.15).

19. Sections 2.9.6.2.5.1, 2.9.6.2.5.2, 2.9.6.2.5.3, and 2.9.6.2.5.10 shall be deleted and replaced as follows:

2.9.6.2.5.1 For members enrolled in CHOICES Group 2 who are, upon CHOICES enrollment, receiving community-based residential alternative services that are covered in CHOICES, the CONTRACTOR shall, immediately upon notice of the member's enrollment in CHOICES, authorize such services from the current provider as of the effective date of CHOICES enrollment. The CONTRACTOR shall not transition members enrolled in CHOICES Group 2 who are, upon CHOICES enrollment, receiving services in a community-based residential alternative setting to another facility unless: (1) the member or his/her representative specifically requests to move, which shall be documented in the member's file; (2) the member or his/her representative provides written consent to move based on quality or other concerns raised by the CONTRACTOR; or (3) the facility where the member is residing is not a contract provider; if the facility is a non-contract provider, the CONTRACTOR shall authorize medically necessary services from the non-contract provider for at least thirty (30) days which shall be extended as necessary to ensure continuity of care pending the facility's enrollment with the CONTRACTOR or the member's transition to a contract provider.

2.9.6.2.5.2 For members in CHOICES Group 2 who upon CHOICES enrollment are receiving services in a community-based residential alternative setting, within ten (10) business days of notice of the member's enrollment in CHOICES the care coordinator shall conduct a face-to-face visit with the member, perform a comprehensive needs assessment (see Section 2.9.6.5), develop a plan of care (see Section 2.9.6.6), and authorize and initiate additional CHOICES HCBS specified in the plan of care (i.e., assistive technology)..

2.9.6.2.5.3 The care coordinator shall, for all other CHOICES members in Groups 2 and 3 not specified in 2.9.6.2.5.1 – 2.9.6.2.5.2 above, within ten (10) business days of notice of the member's enrollment in CHOICES, conduct a face-to-face visit with the member, perform a comprehensive needs assessment (see Section 2.9.6.5), develop a plan of care (see Section 2.9.6.6), and authorize and initiate CHOICES HCBS.

2.9.6.2.5.10 As part of the face-to-face visit for members in CHOICES Group 2 or Group 3, the care coordinator shall review, and revise as necessary, the member's risk assessment, and develop a risk agreement, which shall document identified risks to the member, the consequences of such risks, strategies to mitigate the identified risks, and the member's decision regarding his/her acceptance of risk. The risk agreement shall be signed and dated by the member and shall also be signed by the care coordinator, attesting that such risks and strategies have been discussed with the member or his/her representative prior to their decision to accept such risk.

20. Section 2.9.6.3.9 shall be amended by deleting and replacing the references to "DHS" with "TENNCARE".

21. Sections 2.9.6.3.20.1, 2.9.6.3.20.2, and 2.9.6.3.20.3 shall be deleted and replaced as follows:

- 2.9.6.3.20.1 For purposes of the CHOICES program, service authorizations for CHOICES HCBS shall include the amount, frequency, and duration of each service to be provided, and the schedule at which such care is needed, as applicable; and other relevant information as prescribed by TENNCARE. The CONTRACTOR may determine the duration of time for which CHOICES HCBS will be authorized. However, the CONTRACTOR shall be responsible for monitoring its authorizations and for ensuring that there are no gaps in authorizations for CHOICES HCBS in accordance with the plan of care. The CONTRACTOR shall further be responsible for ensuring that service authorizations are consistent with the plan of care, including the schedule at which services are needed and any updates to the plan of care and/or schedule, and except in the following circumstance, for notifying providers in advance when a service authorization (including a schedule) will be changed. Retroactive entry or adjustments in service authorizations for CHOICES HCBS should be made only when required to accommodate payment of services that had been authorized but an adjustment in the schedule of services was required based on the member's needs.
- 2.9.6.3.20.2 Notwithstanding the address and/or phone number in the 834 file, for purposes of the EVV system (see Section 2.9.6.12.5.), the CONTRACTOR shall use the member's address or phone number or appropriate alternative phone number as confirmed during the intake visit (see Section 2.9.6.3.9.) and updated (as applicable) during subsequent care coordination contacts (see Section 2.9.6.9.2.1.5), through EVV alert monitoring or other member contacts for all HCBS that will be logged into the EVV system.
- 2.9.6.3.20.3 The CONTRACTOR may decide whether it will issue service authorizations for nursing facility services, or whether it will instead process claims for such services in accordance with the level of care and/or reimbursement (including the duration of such level of care and/or reimbursement) approved by TENNCARE (see Section 2.14.1.15), except that the CONTRACTOR may reimburse a facility at the Level I per diem rate when such rate is billed by the facility and there is an approved LOC eligibility segment for such level of reimbursement. If the CONTRACTOR elects to authorize nursing facility services, the CONTRACTOR may determine the duration of time for which nursing facility services will be authorized. However, the CONTRACTOR shall be responsible for monitoring its authorizations and for ensuring that there are no gaps in authorizations for CHOICES nursing facility services in accordance with the level of care and/or reimbursement approved by TENNCARE. Retroactive entry or adjustments in service authorizations for nursing facility services should be made only upon notification of retroactive enrollment into or disenrollment from CHOICES Group 1a or 1b via the outbound 834 file from TENNCARE.

22. Section 2.9.6.5.1.1 shall be amended by adding the words "overall wellness" as follows:

- 2.9.6.5.1.1 As part of the face-to-face intake visit for current members or face-to-face visit with new members in CHOICES Group 1, as applicable, a care coordinator shall conduct any needs assessment deemed necessary by the CONTRACTOR, using a tool prior approved by TENNCARE and in accordance with protocols specified by TENNCARE. This assessment may include identification of targeted strategies related to improving overall wellness, health, functional, or quality of life outcomes (e.g., related to Population Health or pharmacy management) or to increasing and/or maintaining functional abilities,

Amendment 33 (cont.)

including services covered by the CONTRACTOR that are beyond the scope of the nursing facility services benefit. The care coordinator shall ensure coordination of the member's physical health, behavioral health, and long-term care needs and shall assess at least annually the member's potential for an interest in transition to the community. For children under the age of 21 in nursing facilities, this shall include explanation to the member or his parent or authorized representative, as applicable, of benefits available pursuant to EPSDT, including medically necessary benefits such as home health or private duty nursing that may be provided in the community as an alternative to nursing facility care.

23. Section 2.9.6.5.2.2 shall be deleted and replaced as follows:

2.9.6.5.2.2 At a minimum, for members in CHOICES Group 2 and 3, the comprehensive needs assessment shall assess: (1) the member's overall wellness including physical, behavioral, functional, and psychosocial needs, and an evaluation of the member's financial health as it relates to the member's ability to maintain a safe and healthy living environment; (2) the member's natural supports, including care being provided by family members and/or other caregivers, and long-term care services the member is currently receiving (regardless of payor), and whether there is any anticipated change in the member's need for such care or services or the availability of such care or services from the current caregiver or payor; and (3) the physical health, behavioral health, and long-term care services and other social support services and assistance (e.g., housing or income assistance) that are needed, as applicable, to ensure the member's health safety and welfare in the community and to delay or prevent the need for institutional placement.

24. Section 2.9.6.5.2.4 shall be amended by adding a new Section 2.9.6.5.2.4.1 as follows:

2.9.6.5.2.4.1 For CHOICES Group 3 members whose change in needs result in a transition to Group 2, the CONTRACTOR shall request the transition by submitting a PAE to TENNCARE and upon receiving approval for the member's enrollment into Group 2, ensure that any new service(s) specified in the plan of care are initiated within five (5) business days, except when such service(s) may be initiated only upon completion of an adverse action pertaining to another service such that advance notice is required. In such case, the new service(s) shall be initiated upon expiration of the advance notice period or upon resolution of any timely filed appeal requiring continuation of the existing benefits.

25. Section 2.9.6.6.1.1 shall be amended by adding the words "overall wellness," as follows:

2.9.6.6.1.1 For members in CHOICES Group 1, the member's care coordinator may: (1) rely on the plan of care developed by the nursing facility for service delivery instead of developing a plan of care for the member; and (2) supplement the nursing facility plan of care as necessary with the development and implementation of targeted strategies to improve overall wellness, health, functional, or quality of life outcomes (e.g., related to Population Health or pharmacy management) or to increase and/or maintain functional abilities. A copy of any supplements to the nursing facility plan of care, and updates to such supplements, shall be maintained by the CONTRACTOR in the member's CHOICES file.

26. Section 2.9.6.6.2.4 shall be deleted and replaced as follows:

2.9.6.6.2.4 The plan of care developed for CHOICES members in Groups 2 and 3 prior to initiation of CHOICES HCBS shall at a minimum include: (1) pertinent demographic information regarding the member including the member's current address and phone number(s), the name and contact information of any representative and a list of other persons authorized by the member to have access to health care (including long-term care) related information and to assist with assessment, planning, and/or implementation of health care (including long-term care) related services and supports; (2) care, including specific tasks and functions, that will be performed by family members and other caregivers; (3) home health, private duty nursing, and long-term care services the member will receive from other payor sources including the payor of such services; (4) home health and private duty nursing that will be authorized by the CONTRACTOR; (5) CHOICES HCBS that will be authorized by the CONTRACTOR, including the amount, frequency, duration, and scope (tasks and functions to be performed) of each service to be provided, the schedule at which such care is needed, and the address or phone number(s) that will be used to log visits into the EVV system, as applicable; (6) a detailed back-up plan for situations when regularly scheduled HCBS providers are unavailable or do not arrive as scheduled; the back-up plan may include paid and unpaid supports and shall include the names and telephone numbers of persons and agencies to contact and the services provided by listed contacts; the CONTRACTOR shall assess the adequacy of the back-up plan; and (7) for CHOICES Group 2 members, the projected TennCare monthly and annual cost of home health and private duty nursing identified in (4) above, and the projected monthly and annual cost of CHOICES HCBS specified in (5) above, and for CHOICES Group 3 members, the projected total cost of CHOICES HCBS specified in (5) above, excluding the cost of minor home modifications.

27. Section 2.9.6.6.2.5.1 shall be amended by adding the words "overall wellness," as follows:

2.9.6.6.2.5.1 Description of the member's overall wellness, current physical and behavioral health conditions and functional status (i.e., areas of functional deficit), and the member's physical, behavioral and functional needs;

28. Section 2.9.6.6.2.5.6 shall be amended by adding the word "wellness," as follows:

2.9.6.6.2.5.6 A person-centered statement of goals, objectives and desired wellness, health, functional and quality of life outcomes for the member and how CHOICES services are intended to help the member achieve these goals;

29. Section 2.9.6.6.2.6.4 shall be deleted and replaced as follows:

2.9.6.6.2.6.4 Instances in which a member's signature is not required are limited to: 1) member-initiated schedule changes to the POC that do not alter the level of services (i.e. the amount, duration or type of services) detailed in the current POC for the member; 2) changes in the provider agency that will deliver services that do not alter the level of services (i.e. the amount, duration or type of services) detailed in the current POC for the member; however, all schedule changes must be member-initiated; 3) changes in the member's current address and phone number(s) or the phone number(s) that will be used to log visits into the EVV system; 4) the end of a member's participation in MFP at the

Amendment 33 (cont.)

conclusion of his 365-day participation period; or 5) instances as permitted pursuant to TennCare policies and protocols. Documentation of such changes shall be maintained in the member's records.

30. Sections 2.9.6.6.2.8 and 2.9.6.6.2.8.1 shall be deleted and replaced as follows:

2.9.6.6.2.8 Within five (5) business days of completing a reassessment of a member's needs, the member's care coordinator shall update the member's plan of care as appropriate, and the CONTRACTOR shall authorize and initiate CHOICES HCBS in the updated plan of care, except when such service(s) may be initiated only upon completion of an adverse action such that advance notice is required. In such case, HCBS in the updated plan of care shall be initiated upon expiration of the advance notice period or upon resolution of any timely filed appeal requiring continuation of the existing benefits. The CONTRACTOR shall comply with requirements for service authorization in Section 2.9.6.2.5.12, change of provider in Section 2.9.6.2.5.13, and notice of service delay in Section 2.9.6.2.5.14.

2.9.6.6.2.8.1 Within three (3) business days of updating the member's plan of care, the member's care coordinator/care coordination team shall provide a copy of all relevant changes to the FEA, as applicable, and to other providers authorized to deliver care to the member. Relevant information shall include any information needed to ensure the provision of quality care for the member and to help ensure the member's health, safety, and welfare, including but not limited to any changes in the tasks and functions to be performed.

31. Section 2.9.6.6.2.9 shall be deleted and replaced as follows:

2.9.6.6.2.9 The member's care coordinator shall inform each member of his/her eligibility end date and educate members regarding the importance of maintaining TennCare CHOICES eligibility, that eligibility must be redetermined at least once a year, and that members receiving CHOICES HCBS may be contacted by TENNCARE or its designee to offer assistance with the redetermination process (e.g., collecting appropriate documentation and completing the necessary forms), when such process has not been completed timely and the member is at risk of losing eligibility.

32. Section 2.9.6.8.26 shall be amended by deleting the phrase "(e.g., DHS)".

33. Section 2.9.6.8.26.2 shall be deleted and replaced as follows:

2.9.6.8.26.2 The CONTRACTOR shall, in a manner prescribed by TENNCARE notify: a) TENNCARE of all NF discharges and elections of hospice services in a NF and of all NF discharges and transfers between NFs; and b) receiving NFs of all applicable level of care information when a member is transferring between NFs.

34. Section 2.9.6.9.1.1.5 shall be amended by deleting and replacing the word "DHS" with "TENNCARE".

Amendment 33 (cont.)

35. Section 2.9.6.9.1.1 shall be amended by adding a new Section 2.9.6.9.1.1.7 as follows:

2.9.6.9.1.1.7 Develop protocols and processes for care coordinators to escalate and report as appropriate concerns regarding NF quality.

36. Section 2.9.6.9.2.1.5 shall be deleted and replaced as follows:

2.9.6.9.2.1.5 Document and confirm the applicant's current address and phone number(s) or appropriate alternative phone number(s) that the member's service provider will use to log visits into the EVV system, and assist the member in updating his or her address with TENNCARE or the Social Security Administration, if applicable.

37. Section 2.9.6.9.2.1.17.2 shall be deleted and replaced as follows:

2.9.6.9.2.1.17.2 Significant change in health and/or functional status, including any change that results in the member's level of care and transition between CHOICES Groups, e.g., transitions from Group 2 to Group 3 or Group 3 to Group 2;

38. Section 2.9.6.9.2.1 shall be amended by adding a new Section 2.9.6.9.2.1.18 as follows and renumbering the existing Section accordingly including any references thereto.

2.9.6.9.2.1.18 When, due to a change in circumstances, a member is approved for transition from Group 2 to Group 3 or from Group 3 to Group 2, within five (5) business days of scheduled initiation of new or modified CHOICES HCBS in the updated plan of care, the member's care coordinator/care coordination team shall contact members in CHOICES Groups 2 and 3 to confirm that new or modified services are being provided in accordance with the plan of care, and that the member's needs are being met (such initial contact may be conducted by phone).

39. Section 2.9.6.9.3.1 shall be amended by adding new Sections 2.9.6.9.3.1.2 and 2.9.6.9.3.1.7 as follows and renumbering the remaining Sections accordingly including any references thereto.

2.9.6.9.3.1.2 Track and monitor all members whose LOC eligibility has an expiration date and ensure that a LOC reassessment (i.e., PAE) is completed and submitted to TENNCARE at least eight (8) business days prior to expiration of the member's current LOC eligibility segment, including all required supporting documentation needed to appropriately determine the member's LOC eligibility going forward.

2.9.6.9.3.1.7 Assist members in establishing and achieving personal wellness goals.

Amendment 33 (cont.)

40. The renumbered Section 2.9.6.9.3.1.11 shall be deleted and replaced as follows:

2.9.6.9.3.1.11 When the CONTRACTOR is facilitating a member's admission to a nursing facility, ensure that all PASRR requirements have been met prior to the member's admission to a nursing facility, including a PASRR level I screening and as applicable, a level II PASRR evaluation, whether the screening is completed by the nursing facility, the CONTRACTOR, or another entity.

2.9.6.9.3.1.11.1 The CONTRACTOR shall coordinate with the nursing facility to help ensure that current information regarding the member's mental health or intellectual disabilities needs (as available) is reflected in the PASRR screening in order to support an appropriate PASRR determination.

41. Section 2.9.6.9.4.3.5 shall be amended by adding a new Section 2.9.6.9.4.3.5.1 as follows:

2.9.6.9.4.3.5.1 When a member is approved for transition from Group 2 to Group 3 or from Group 3 to Group 2, within five (5) business days of scheduled initiation of new or modified CHOICES HCBS in the updated plan of care, the member's care coordinator/care coordination team shall contact members in CHOICES Groups 2 and 3 to confirm that new or modified services are being provided in accordance with the plan of care, and that the member's needs are being met (such initial contact may be conducted by phone).

42. Section 2.9.6.9.4.3.9 shall be amended by deleted the phrase "or Group 3" so that the amended Section reads as follows:

2.9.6.9.4.3.9 Members in CHOICES Group 2 participating in MFP shall, for at least the first ninety (90) days following transition to the community, be visited in their residence face-to-face by their care coordinator at least monthly with an interval of at least fourteen (14) days between contacts to ensure that the plan of care is being followed, that the plan of care continues to meet the member's needs, and the member has successfully transitioned back to the community. Thereafter, for the remainder of the member's MFP participation period, minimum contacts shall be as described in 2.9.6.9.4.3.7 unless more frequent contacts are required based on the member's needs and circumstances and as reflected in the member's plan of care, or based on a significant change in circumstances (see Sections 2.9.6.9.2.1.17. and 2.9.8.4.5) or a short-term nursing facility stay (see Sections 2.9.8.8.5 and 2.9.8.8.7).

43. Section 2.9.6.10.3.3 shall be amended by adding the phrase "or Group 3, as applicable" at the end of the existing text.

2.9.6.10.3.3 If eligible CHOICES HCBS are not initiated within sixty (60) days following referral to the FEA, the CONTRACTOR shall notify the member that eligible CHOICES HCBS must be initiated by contract providers unless these HCBS are not needed on an ongoing basis in order to safely meet the member's needs in the community, in which case, the CONTRACTOR shall submit documentation to TENNCARE to begin the process of disenrollment from CHOICES Group 2 or Group 3, as applicable.

Amendment 33 (cont.)

44. Section 2.9.6.10.5 shall be amended by adding a new Section 2.9.6.10.5.1 as follows:

2.9.6.10.5.1 The member or member's representative must retain authority and responsibility for consumer direction.

45. Sections 2.9.6.10.7 through 2.9.10.6.13 shall be deleted and replaced as follows:

2.9.6.10.7 For members electing to participate in consumer direction, the member's care coordinator shall integrate the member's back-up plan for consumer-directed workers (including any updates thereto) into the member's back-up plan for services provided by contract providers, as applicable, and the member's plan of care. The care coordinator shall review the back-up plan developed by the member or his/her representative (as applicable) for consumer direction to determine its adequacy to address the member's needs. The care coordinator shall assist the member in implementing the back-up plan as needed, and shall monitor for late and missed visits and to ensure that the back-up plan was implemented timely and that the member's needs are being met.

2.9.6.10.8 For members electing to participate in consumer direction, the member's care coordinator shall reassess the adequacy of the member's back-up plan for consumer direction on at least an annual basis or as frequently as needed, which shall include any time there are changes in the type, amount, duration, scope of eligible CHOICES HCBS or the schedule at which such services are needed, changes in consumer-directed workers (when such workers also serve as a back-up to other workers) or changes in the availability of paid or unpaid back-up workers to deliver needed care.

2.9.6.10.9 For members electing to participate in consumer direction, the member's care coordinator shall develop and/or update risk agreement which takes into account the member's decision to participate in consumer direction, and which identifies any additional risks associated with the member's decision to direct his/her services, the potential consequences of such risk, as well as measures to mitigate these risks. The member's representative (if applicable) shall participate in the risk assessment process. The new or updated risk agreement, shall be signed by the member (or the member's representative, as applicable) and the care coordinator. The CONTRACTOR shall provide a copy of the risk agreement to the member/representative and the FEA.

2.9.6.10.10 On an ongoing basis, the CONTRACTOR shall ensure that needs reassessments and updates to the plan of care occur per requirements specified in Sections 2.9.6.9 of this Contract. The care coordinator shall ensure that, for members participating in consumer direction, the FEA is invited to participate in these meetings as appropriate.

2.9.6.10.11 Within three (3) business days of updating the member's plan of care (see Section 2.9.6.6.2.8.1), the member's care coordinator/care coordination team shall provide a copy of all relevant changes to the FEA (see Section 2.9.6.6.2.8.1. of this Contract).

Amendment 33 (cont.)

- 2.9.6.10.12 Within two (2) business days of receipt of the notification from the FEA indicating that all requirements have been fulfilled and the date that the consumer direction can begin for a member, the CONTRACTOR shall forward to the FEA an authorization for consumer directed services for that member. Each authorization for consumer directed services shall include authorized service, authorized units of service, including amount, frequency and duration and the schedule at which services are needed, start and end dates, and service code(s).
- 2.9.6.10.13 The member's care coordinator/care coordination team shall work with and coordinate with the FEA in implementing consumer direction of eligible CHOICES HCBS (see Section 2.9.7.3.4).
46. **Section 2.9.6.10 shall be amended by adding a new Section 2.9.6.10.14 as follows and renumbering the remaining Section accordingly, including any references thereto.**
- 2.9.6.10.14 The member's care coordinator shall monitor consumer direction of eligible CHOICES HCBS.
47. **The renumbered Section 2.9.6.10.17 shall be deleted and replaced as follows:**
- 2.9.6.10.17 If at any time abuse or neglect is suspected, the member's care coordinator or the FEA shall report the allegations to the CONTRACTOR within 24 hours in accordance with the CONTRACTOR's abuse and neglect plan protocols. The notification shall include at a minimum: the member name; date of allegation reported and/or identified; description of issue; measures taken to mitigate risk; status of reporting to CPS or APS, as appropriate. If the allegation is in reference to a worker or representative, the FEA shall contact the member/representative to immediately release the worker or representative from his/her duties until the investigation is complete. The FEA shall notify the CONTRACTOR regarding this communication with the member/representative and the member or representative's decision. The care coordinator shall work with the member to find a new representative and the FEA shall work with the member to find a suitable replacement worker, if applicable. If the allegations are substantiated as a result of the investigation, the representative or worker shall no longer be allowed to participate in the CHOICES program as a representative or worker. If the investigation is inconclusive, the member may elect to retain the worker or representative. The member's care coordinator, with assistance from the FEA as appropriate, shall make any updates to the member's plan of care and/or risk assessment/risk agreement deemed necessary to help ensure the member's health and safety, and shall provide, at least annually, education of the member and his/her representative of the risk of, and signs and symptoms of, abuse and neglect. The CONTRACTOR may initiate action to involuntary disenroll the member from consumer direction at any time the CONTRACTOR feels that the member's decisions or actions constitute unreasonable risk such that the member's needs can no longer be safely and effectively met in the community while participating in consumer direction.

Amendment 33 (cont.)

48. Section 2.9.6.11.18.1 shall be deleted and replaced as follows:

2.9.6.11.18.1 The CHOICES program including a description of the CHOICES groups; eligibility for CHOICES enrollment; enrollment in CHOICES; enrollment targets for Groups 2 and 3 (excluding Interim Group 3), including reserve capacity and administration of waiting lists; and CHOICES benefits, including benefit limits, the individual cost neutrality cap for Group 2, and the expenditure cap for Group 3;

49. Section 2.9.6.12.7 shall be deleted and replaced as follows:

2.9.6.12.7 Notwithstanding the address and/or phone number in the 834 file, the CONTRACTOR shall use the member's address or phone number or appropriate alternative phone number, as confirmed during the intake visit (see Section 2.9.6.3.9.) and updated (as applicable) during subsequent care coordination contacts (see Section 2.9.6.9.2.1.5.) for all HCBS that will be logged into the EVV system.

50. Section 2.9.7.1.1 shall be amended by adding the phrase "in Group 2" to the second sentence as follows:

2.9.7.1.1 The CONTRACTOR shall offer consumer direction of eligible CHOICES HCBS to all CHOICES Group 2 and 3 members who are determined by a care coordinator, through the needs assessment/reassessment process, to need attendant care, personal care, in-home respite, companion care services and/or any other service specified in TennCare rules and regulations as available for consumer direction. (Companion care is only available for persons in Group 2 electing consumer direction of eligible CHOICES HCBS.) A service that is not specified in TennCare rules and regulations as available for consumer direction or that is not a CHOICES HCBS shall not be consumer directed. Consumer direction in CHOICES affords members the opportunity to have choice and control over how eligible CHOICES HCBS are provided, who provides the services and how much workers are paid for providing care, up to a specified maximum amount established by TENNCARE (see Section 2.9.7.6.11). Member participation in consumer direction of eligible CHOICES HCBS is voluntary. Members may elect to participate in or withdraw from consumer direction of eligible CHOICES HCBS at any time, service by service, without affecting their enrollment in CHOICES. To the extent possible, the member shall provide his/her care coordinator ten (10) days advance notice regarding his/her intent to no longer direct one or more eligible CHOICES HCBS or to withdraw from participation in consumer direction of eligible CHOICES HCBS entirely. The CONTRACTOR shall respond to the member's request in keeping with the timeframes and processes set forth in this Section, in order to facilitate a seamless transition to appropriate service delivery. TENNCARE may establish reasonable limitations on the frequency with which members may opt into and out of consumer direction of eligible CHOICES HCBS.

51. The title of Section 2.9.7.2 shall be amended to say "Representative for Consumer Direction".

Amendment 33 (cont.)

52. Section 2.9.7.2.6 shall be deleted and replaced as follows:

2.9.7.2.6 A member may change his/her representative at any time. The member shall immediately notify his/her care coordinator and the FEA when he/she intends to change representatives. The care coordinator shall verify that the new representative meets the qualifications as described above. A new representative agreement shall be completed and signed, in the presence of a care coordinator, prior to the new representative assuming their respective responsibilities. The care coordinator shall immediately notify the FEA in writing when a member changes his/her representative and provide a copy of the representative agreement. The CONTRACTOR shall facilitate a seamless transition to the new representative, and ensure that there are no interruptions or gaps in services. As part of the needs assessment and plan of care process, the care coordinator shall educate the member about the importance of notifying the care coordinator prior to changing a representative.

53. Sections 2.9.7.3.2.1 and 2.9.7.3.2.2 shall be deleted and replaced as follows:

2.9.7.3.2.1 Assign a supports broker to each CHOICES member electing to participate in consumer direction of eligible CHOICES HCBS. The supports broker shall be responsible for assisting the member with enrollment into consumer direction and with the enrollment of new workers;

2.9.7.3.2.2 Notify the member's care coordinator upon becoming aware of any additional risk associated with the member participating in consumer direction that may need to be addressed in the risk assessment and plan of care processes;

54. Sections 2.9.7.3.2.9 shall be deleted and replaced as follows:

2.9.7.3.2.9 Develop and implement a process to support members or their representatives in ensuring that consumer directed workers maintain in the member's home (or alternative location or format approved by TENNCARE) documentation of service delivery to support payments for services provided through consumer direction, and periodically monitor such documentation;

55. Section 2.9.7.3.2.12 shall be amended by adding the word "and" to the end of the paragraph, the existing Section 2.9.7.3.2.13 shall be deleted in its entirety and the renumbered Section 2.9.7.3.2.13 shall be deleted and replaced as follows. All references shall be updated accordingly.

2.9.7.3.2.13 Notify the CONTRACTOR within no more than twenty-four (24) hours of identification of critical incidents (see Section 2.15.7).

56. Section 2.9.7.3.3.1 through 2.9.7.3.3.6 shall be deleted and replaced as follows:

2.9.7.3.3.1 As needed, assist the member and/or representative in developing job descriptions;

2.9.7.3.3.2 As needed, assist the member and/or representative in locating and recruiting workers;

Amendment 33 (cont.)

- 2.9.7.3.3.3 As needed, assist the member and/or representative in interviewing workers (developing questions, evaluating responses);
- 2.9.7.3.3.4 Assist the member and/or representative in developing (as part of the onboarding process for new workers) a schedule for the member's workers that comports with the schedule at which services are needed by the member as reflected in the plan of care;
- 2.9.7.3.3.5 Assist the member and/or representative in managing and monitoring payments to workers; and
- 2.9.7.3.3.6 Assist the member/representative in identification and training of new workers, as needed.

57. Section 2.9.7.3.4 shall be deleted and replaced as follows:

- 2.9.7.3.4 The CONTRACTOR's care coordination functions shall not duplicate the supports brokerage functions performed by the FEA or its subcontractor. A member's care coordinator shall be responsible for monitoring the member's services through consumer direction.

58. Section 2.9.7.4.5 and 2.9.7.4.7 shall be deleted and replaced as follows:

- 2.9.7.4.5 The care coordinator shall determine if the member will appoint a representative to assume the consumer direction functions on his/her behalf. If the member does not intend to appoint a representative, the care coordinator shall determine the extent to which a member requires assistance to participate in consumer direction of eligible CHOICES HCBS, based upon the results of the member's responses to the self-assessment instrument developed by TENNCARE. The self-assessment instrument shall be completed by the member with assistance from the member's care coordinator as appropriate. The care coordinator shall file the completed self-assessment in the member's file and provide a copy to the FEA.
- 2.9.7.4.7 Within two (2) business days of signing the representative agreement or completion of the self-assessment instrument if the member has not designated a representative and the care coordinator determines that the member does not require a representative to assist the member in directing his/her care, the CONTRACTOR shall forward to the FEA a referral initiating the member's participation in consumer direction of eligible CHOICES HCBS. The referral shall include at a minimum: the date of the referral; the member's name, address, telephone number, and social security number (SSN); the name of the representative and telephone number (if applicable); member's MCO ID number; member's CHOICES enrollment date; eligible selected HCBS, including amount, frequency and duration of each by type; and care coordinator's name and contact information. The CONTRACTOR shall also forward to the FEA a copy of the written confirmation of the member's decision to participate in consumer direction of eligible CHOICES HCBS, the signed POC, and the representative agreement, if applicable. Referrals shall be submitted electronically on a daily basis using the agreed upon data interface (either a standard electronic file transfer or the FEA's web portal technology or both) and process. Referrals shall be submitted on a member-by-member basis.

Amendment 33 (cont.)

59. Sections 2.9.7.4.10.1, 2.9.7.4.10.4, 2.9.7.4.10.6, 2.9.7.4.10.7, 2.9.7.4.10.10, 2.9.7.4.10.11, and 2.9.7.4.10.13 shall be deleted and replaced as follows:

- 2.9.7.4.10.1 The member/representative (as applicable) shall have primary responsibility for the development and implementation of the back-up plan for consumer directed services. The FEA shall assist the member/representative as needed in developing and verifying the initial back-up plan for consumer direction that adequately identifies how the member/representative will address situations when a scheduled worker is not available or fails to show up as scheduled. The care coordinator shall assist the member as needed with implementing the back-up plan and shall update and verify the back-up plan annually and as needed.
- 2.9.7.4.10.4 All persons and/or organizations noted in the back-up plan for consumer direction shall be contacted by the member/representative to determine their willingness and availability to serve as back-up contacts. For the initial back-up plan, the FEA shall confirm with these persons and/or organizations their willingness and availability to provide care when needed, document confirmation in the member's file and forward a copy of the documentation to the CONTRACTOR. The care coordinator shall be responsible for updating and verifying the back-up plan on an ongoing basis.
- 2.9.7.4.10.6 The care coordinator shall assist the member or his/her representative (as applicable) in implementing the back-up plan for consumer direction as needed, monitor to ensure that the back-up plan is implemented and effectively working to meet the member's needs, and immediately address any concerns with the back-up plan or the member's care.
- 2.9.7.4.10.7 The care coordinator shall assist the member or his/her representative (as applicable) in reviewing and updating the back-up plan for consumer direction at least annually and as frequently as necessary, which shall include any time there are changes in the type, amount, duration, scope of eligible CHOICES HCBS or the schedule at which such services are needed, changes in workers (when such workers also serve as a back-up to other workers) and changes in the availability of paid or unpaid back-up workers to deliver needed care. As part of the annual review of the back-up plan, the member or his/her representative and the care coordinator shall confirm that each person specified in the back-up plan continues to be willing and available to serve as back-up workers to deliver needed care and to perform the tasks and functions needed by the member. Any updates to the back-up plan for consumer direction shall be provided to the FEA.
- 2.9.7.4.10.10 The care coordinator shall develop and/or update risk agreement which takes into account the member's decision to participate in consumer direction, and which identifies any additional risks associated with the member's decision to direct his/her services, the potential consequences of such risks, as well as measures to mitigate these risks. The member/representative shall participate in the process. The member's representative (if applicable) shall participate in the risk assessment process. The new or updated risk agreement shall be signed by the member or his/her representative (as applicable) and by the care coordinator. The CONTRACTOR, member/representative and FEA shall receive a copy of the risk agreement. The CONTRACTOR and the FEA shall each file a copy of the risk agreement in the member's file.

Amendment 33 (cont.)

2.9.7.4.10.11 The FEA shall notify the member's care coordinator immediately if they become aware of changes in the member's needs and/or circumstances which warrant a reassessment of needs and/or risk, or changes to the plan of care or risk agreement.

2.9.7.4.10.13 On an ongoing basis, the CONTRACTOR shall ensure that needs reassessments and updates to the plan of care occur per requirements specified in Sections 2.9.6.9 of this Contract. The care coordinator shall ensure that the FEA is invited to participate in these meetings as appropriate.

60. Sections 2.9.7.5.5 and 2.9.7.5.8 shall be deleted and replaced as follows:

2.9.7.5.5 On a weekly basis the FEA shall update the member's care coordinator of the status of completing required functions necessary to initiate consumer direction, including obtaining completed paperwork from the member/representative and obtaining workers for each identified consumer directed service and any anticipated timeframes by which qualified workers shall be secured and consumer directed services may begin.

2.9.7.5.8 Upon the scheduled start date of consumer directed services, the member's care coordinator/care coordination team shall begin monitoring to ensure that services have been initiated and continue to be provided as authorized. This shall include ongoing monitoring via electronic visit verification to ensure that services are provided in accordance with the member's plan of care, including the amount, frequency, duration and scope of each service, in accordance with the member's service schedule. Upon the identification of any gaps in care, the member's care coordinator/care coordination team shall assist the member or his/her representative as needed in implementing the member's back-up plan for consumer direction.

61. Section 2.9.7.6.1.1 shall be deleted and replaced as follows:

2.9.7.6.1.1 A member cannot waive a background check for a potential worker. A background check may reveal a potential worker's past criminal conduct that may pose an unacceptable risk to the member. The following findings may place the member at risk and may result in a potential worker failing the background check, possibly disqualifying a person from serving as a worker:

Amendment 33 (cont.)

62. Section 2.9.7.6.1.2 through 2.9.7.6.1.2.5 shall be deleted and replaced and Section 2.9.7.6.1 shall be amended by adding a new Sections 2.9.7.6.1.3, and 2.9.7.6.1.4 and 2.9.7.6.1.4.1 as follows:

- 2.9.7.6.1.2 If a potential worker fails the background check, the potential worker may request an individualized assessment that will be conducted by the member with the help of the FEA. The individualized assessment process will help determine whether the potential worker may be excluded because of past criminal conduct. The individualized assessment will provide the potential worker with notice that he/she has been screened out because of criminal conduct and provide an opportunity for the potential worker to explain why the exclusion should not be applied to his/her circumstances. The member, with the assistance of the FEA will consider the following factors:
- 2.9.7.6.1.2.1 Whether or not the evidence gathered during the potential worker's individualized assessment shows that the criminal conduct is related to the job in such a way that could place the member at-risk;
 - 2.9.7.6.1.2.2 The nature and gravity of the offense or conduct, such as whether the offense is related to physical or sexual or emotional abuse of another person, if the offense involves violence against another person or the manufacture, sale or distribution of drugs; and
 - 2.9.7.6.1.2.3 The time that has passed since the offense or conduct and/or completion of the sentence.
- 2.9.7.6.1.3 After considering the individualized assessment and any other evidence submitted by the potential worker, the member can decide not to hire the potential worker or may request from TENNCARE an exception to the potential worker's possible disqualification.
- 2.9.7.6.1.4 If a member decides to request an exception to the possible disqualification of the potential worker, the FEA shall assist the member in completing the exception request Form and submitting the potential worker's individualized assessment to TENNCARE. TENNCARE shall review the exception request and determine whether or not the potential worker's possible exclusion from employment would be job related and consistent with business necessity (i.e. the exclusion effectively links specific criminal conduct and its dangers with the risks inherent in the duties of a particular position), the nature and gravity of the criminal conduct, and the time that has passed since the criminal conduct and or the completion of the sentence, and that applicable federal and state laws do not prohibit the hiring of persons convicted of the criminal conduct in question.
- 2.9.7.6.1.4.1 TENNCARE approved exceptions to a potential worker's disqualification shall only be effective for a maximum of one (1) year from the approval date and may be revoked if the member is at-risk. The member is responsible for requesting a renewal of the worker's exception to disqualification and the FEA shall assist the member with that request. Renewals shall follow the exception to disqualification process outlined in Section 2.9.7.6.1.4.

Amendment 33 (cont.)

63. Section 2.9.7.7.2 shall be amended by adding a new Section 2.9.7.7.2.9 as follows:

2.9.7.7.2.9 Ensuring workers maintain daily communication notes for authorized services provided.

64. Section 2.9.7.7.4.4 shall be deleted and replaced as follows:

2.9.7.7.4.4 Fraud and abuse identification and reporting;

65. Section 2.9.7.7.4.7 shall be amended by deleting the word “and” from the end of the paragraph, Section 2.9.7.7.4.8 shall be deleted and replaced, and Section 2.9.7.7.4 shall be amended by adding a new Section 2.9.7.7.4.9 as follows:

2.9.7.7.4.8 As appropriate, administration of self-directed health care task(s). The member or his/her representative shall be responsible for training the worker(s) regarding individualized service needs and preferences and for specific training regarding health care tasks the member or his/her representative elects to self-direct (as applicable); and

2.9.7.7.4.9 Universal precautions and blood borne pathogens training.

66. Section 2.9.7.7.7 shall be deleted and replaced as follows:

2.9.7.7.7 The FEA shall be responsible for verifying and validating the worker’s completion of required CPR and First Aid training from an approved provider prior to initiation of services and payment for services. Ongoing, the FEA shall ensure that workers maintain CPR and first aid certification and receive required refresher training as a condition of continued employment. The FEA may assist workers in locating appropriate courses for initial certification and recertification as appropriate. Additional training components may be provided to a worker to address issues identified by the FEA, care coordinator, member and/or the representative or at the request of the worker.

67. Section 2.9.7.8.4 and 2.9.7.8.5 shall be deleted and replaced as follows:

2.9.7.8.4 The CONTRACTOR shall monitor implementation of the back-up plan by the member or his/her representative.

2.9.7.8.5 The CONTRACTOR shall monitor a member’s participation in consumer direction of eligible CHOICES HCBS to determine, at a minimum, the success and the viability of the service delivery model for the member. The CONTRACTOR shall note any patterns, such as frequent turnover of representatives or workers, habitual late and/or missed visits by workers, unauthorized schedule changes, failure to cooperate with the FEA and changing between consumer direction of eligible CHOICES HCBS and contract providers that may warrant intervention by the CONTRACTOR. The CONTRACTOR may submit a request to TENNCARE, pursuant to TennCare policy, to involuntarily withdraw the member from consumer direction of eligible CHOICES HCBS if the CONTRACTOR has concerns about its ability to protect the health, safety and welfare of the member (see Section 2.9.7.9.4). The FEA may submit a request to the CONTRACTOR to involuntarily withdraw the member from consumer direction of eligible CHOICES HCBS due to concerns regarding the member’s health, safety and welfare if the member continues in consumer direction. The

Amendment 33 (cont.)

CONTRACTOR must submit copies of all such requests to TENNCARE with documentation of its decision.

68. Section 2.9.8.4.5 shall be amended by deleting the reference “(see 2.9.6.9.2.1.16)” and replacing it with (See Section 2.9.6.9.2.1.17”).

69. Section 2.9.8.8.4 shall be deleted and replaced as follows:

2.9.8.8.4 If the short-term stay will exceed ninety (90) days, the CONTRACTOR shall facilitate transition from CHOICES Group 2 to CHOICES Group 1. A transition from Group 2 to Group 1 will not necessitate a member’s disenrollment from MFP, regardless of the length of stay in the facility, except in cases that care coordinator has assessed the reason for the re-institutionalization and determined that the member is not an appropriate candidate for continued enrollment in CHOICES Group 2 and MFP.

70. Section 2.9.8.5.2 shall be amended by adding the word “no” as follows:

2.9.8.5.2 Upon conclusion of the member’s 365-day participation period in MFP, the Plan of Care shall be updated to reflect that he is no longer participating in MFP.

71. The opening paragraph of Section 2.9.12.2 shall be deleted and replaced as follows:

(1) Services and Responsibilities

The CONTRACTOR shall coordinate with the DBM and/or the ID HCBS waiver contractor for dental services. Coordination of dental services, at a minimum, includes establishing processes for:

72. Section 2.9.12.3 shall be deleted and replaced as follows:

(2) Operating Principles

Coordinating the delivery of dental services to TennCare members is the primary responsibility of the DBM and/or the ID HCBS waiver contractor. However, the CONTRACTOR shall provide coordination assistance and shall be responsible for communicating the DBM/HCBS provider services, provider relations, and/or claim coordinator contact information to all of its contract providers. With respect to specific member issues, the CONTRACTOR shall work with the DBM/HCBS coordinator towards a resolution. Should systemic issues arise, the CONTRACTOR shall meet and resolve the issues with the DBM/HCBS waiver contractor. In the event that such issues cannot be resolved, the MCO and the DBM/HCBS waiver contractor shall meet with TENNCARE to reach final resolution of matters involved. Final resolution of system issues shall occur within ninety (90) calendar days from referral to TENNCARE.

Amendment 33 (cont.)

73. **Section 2.9.15.3 shall be amended by adding a new Section 2.9.15.3.1 which shall read as follows:**

2.9.15.3.1 If a member receiving home health or private duty nursing services will be subject to a reduction in covered services provided by the CONTRACTOR upon turning twenty-one (21) years of age and the member also receives HCBS Waiver services from DIDD, the CONTRACTOR, DIDD, and the Independent Support Coordinator (ISC) as applicable shall, pursuant to policies and processes established by TENNCARE, coordinate benefits to implement any changes in HCBS Waiver Services at the same time that MCO services are reduced to ensure as seamless a transition as possible.

74. **Section 2.11.8 shall be amended by adding a new Section 2.11.8.1.3 as follows and renumbering the existing Section accordingly, including any references thereto.**

2.11.8.1.3 To the extent the CONTRACTOR has delegated credentialing agreements in place with any approved delegated credentialing agency, the CONTRACTOR shall ensure all providers submitted to the CONTRACTOR from the delegated credentialing agent is loaded to its provider files and into its claims processing system within thirty (30) calendar days of receipt.

75. **Section 2.11.8.4.1.2.4 shall be amended by adding a new Section 2.11.8.4.1.2.4.1 as follows:**

2.11.8.4.1.2.4.1 Has a policy and process in place to address exception requests for workers who fail a criminal background check (see Section 2.9.7.6);

76. **Section 2.12.4 shall be deleted in its entirety and the existing Section 2.12.10 shall be deleted and replaced by a new Section 2.12.8 as follows, the remaining Sections shall be renumbered accordingly including any references thereto.**

2.12.8 No other terms or conditions agreed to by the CONTRACTOR and the provider shall negate or supersede the requirements listed in Section 2.12.9 below.

77. **Section 2.12.9.66.1 shall be deleted and replaced as follows:**

2.12.9.66.1 Language that no person on the grounds of handicap, and/or disability, age, race, color, religion, sex, national origin, or any other classifications protected under federal or state laws shall be excluded from participation in, except as specified in Section 2.3.5, or be denied benefits of, or be otherwise subjected to discrimination in the performance of provider's obligation under its agreement with the CONTRACTOR or in the employment practices of the provider.

78. The renumbered Section 2.12.10.10 shall be deleted and replaced as follows:

2.12.10.10 Require the nursing facility to comply with federal Preadmission Screening and Resident Review (PASRR) requirements applicable to all nursing facility residents, regardless of payor source, including ensuring that a level I screening has been completed prior to admission, a level II evaluation has been completed prior to admission when indicated by the level I screening, and a review is completed based upon a significant physical or mental change in the resident's condition that might impact the member's need for or benefit from specialized services. The facility shall collaborate with the CONTRACTOR and with other providers as needed to help ensure that current information regarding the member's mental health or intellectual disabilities needs (as available) is reflected in the PASRR screening in order to support an appropriate PASRR determination.

79. Section 2.13.1.2 shall be amended by deleting the existing Section 2.13.1.2.9 and replacing it with new Sections 2.13.1.2.9 and 2.13.1.2.10 as follows and the remaining Sections shall be renumbered accordingly, including any references thereto.

2.13.1.2.9 The CONTRACTOR agrees to implement retrospective episode based reimbursement and PCMH strategies consistent with Tennessee's multi-payer payment reform initiative in a manner and on a timeline approved by TENNCARE. This includes:

- 2.13.1.2.9.1 Using a the retrospective administrative process that is aligned with the model designed by TENNCARE;
- 2.13.1.2.9.2 Implementing key design choices as directed by TENNCARE, including the definition of each episode and definition of quality measures;
- 2.13.1.2.9.3 Delivering performance reports with same appearance and content as those designed by the state / payer coalition;
- 2.13.1.2.9.4 Implementation at a pace dictated by the State, likely 3-5 new episodes per quarter with appropriate lead time to allow payers and provider contracting;
- 2.13.1.2.9.5 Participate in a State-led process to design and launch new episodes, including the seeking of clinical input from payer medical teams and clinical leaders throughout Tennessee.

2.13.1.2.10 The CONTRACTOR shall implement State Budget Reductions and Payment Reform Initiatives, including retrospective episode based reimbursement, as described by TENNCARE. The CONTRACTOR's failure to implement State Budget Reductions and/or Payment Reform Initiatives as described by TENNCARE may, at the discretion of TENNCARE, result in the CONTRACTOR forfeiting savings that would have been realized based on the timely implementation, including the forfeiture of recoupment from providers.

80. Section 2.13.4.3 shall be deleted and replaced as follows:

2.13.4.3 If, prior to the end date specified by TENNCARE in its approval of Level II reimbursement for nursing facility services, the CONTRACTOR determines that the member no longer needs and/or the nursing facility is no longer providing the skilled and/or rehabilitative services for which Level II reimbursement of nursing facility services was approved by

TENNCARE, the CONTRACTOR shall notify TENNCARE and, as appropriate, shall submit a request to modify the member's level of reimbursement for nursing facility services. The CONTRACTOR shall submit documentation as specified by TENNCARE to support the request. The CONTRACTOR may reimburse the nursing facility at the Level I (rather than Level II) per diem rate only when such rate is billed by the nursing facility and there is an approved LOC eligibility segment for such level of reimbursement or upon approval from TENNCARE of a reduction in the member's level of care (i.e., reimbursement) as reflected on the outbound 834 enrollment file.

81. Section 2.14.1.15.1 shall be deleted and replaced as follows:

2.14.1.15.1 The CONTRACTOR shall ensure that level II reimbursement of nursing facility care is provided for CHOICES members who have been determined by TENNCARE to be eligible for Level II reimbursement of nursing facility care for the period specified by TENNCARE, except when level I reimbursement is billed by the nursing facility and there is an approved LOC eligibility segment for such level of reimbursement. The CONTRACTOR shall monitor the member's condition, and if the CONTRACTOR determines that, prior to the end date specified by TENNCARE, the member no longer requires and/or the facility is no longer providing the skilled and/or rehabilitative services for which Level II reimbursement of nursing facility care was approved by TENNCARE, the CONTRACTOR may submit to TENNCARE a request to modify the member's level of reimbursement for nursing facility services. The CONTRACTOR shall submit documentation as specified by TENNCARE to support the request. The CONTRACTOR may reimburse the nursing facility at the Level I (rather than Level II) per diem rate only when such rate is billed by the nursing facility and there is an approved LOC eligibility segment for such level of reimbursement or upon approval from TENNCARE of a reduction in the member's level of care (i.e., reimbursement) as reflected on the outbound 834 enrollment file.

82. Section 2.14.5.2 and Section 2.14.5.5 shall be deleted and replaced as follows:

2.14.5.2 The CONTRACTOR may decide whether it will issue service authorizations for nursing facility services, or whether it will instead process claims for such services in accordance with the level of care (i.e., reimbursement, including the duration of such level of reimbursement) approved by TENNCARE (see Section 2.14.1.15), except that the CONTRACTOR may reimburse a facility at the Level I per diem rate when such lesser rate is billed by the facility and there is an approved LOC eligibility segment for such level of reimbursement.

2.14.5.5 The CONTRACTOR may determine the duration of time for which CHOICES HCBS will be authorized. However, the CONTRACTOR shall be responsible for monitoring its authorizations and for ensuring that there are no gaps in authorizations for CHOICES HCBS in accordance with the plan of care. The CONTRACTOR shall further be responsible for ensuring that service authorizations are consistent with the plan of care, including the schedule at which services are needed and any updates to the plan of care and/or schedule, and except in the following circumstance, for notifying providers in advance when a service authorization (including a schedule) will be changed. Retroactive entry or adjustments in service authorizations for CHOICES HCBS should be made only when required to

Amendment 33 (cont.)

accommodate payment of services that had been authorized but an adjustment in the schedule of services was required based on the member's needs.

83. Sections 2.15.3.1 through 2.15.3.2.6 shall be deleted and replaced as follows:

- 2.15.3.1 The CONTRACTOR shall perform at least two (2) clinical and three (3) non-clinical PIPs. Clinical PIPs include projects focusing on prevention and care of acute and chronic conditions, high-volume services, high-risk services, and continuity and coordination of care; non-clinical PIPs include projects focusing on availability, accessibility, and cultural competency of services, interpersonal aspects of care, and appeals, grievances, and other complaints.
- 2.15.3.1.1 The two (2) clinical PIPs shall include one (1) in the area of behavioral health that is relevant to one of the Population Health programs for bipolar disorder, major depression, or schizophrenia and one (1) in the area of either child health or perinatal (prenatal/postpartum) health.
- 2.15.3.1.2 One (1) of the three (3) non-clinical PIPs shall be in the area of long-term care. The CHOICES special study may not be used as a PIP. The CONTRACTOR shall use existing processes, methodologies, and protocols, including the CMS protocols.
- 2.15.3.2 The CONTRACTOR shall ensure that CMS protocols for PIPs are followed and that all steps outlined in the CMS protocols for performance improvement projects are documented.

84. Section 2.15.6.2 shall be deleted and replaced as follows:

- 2.15.6.2 Annually, the CONTRACTOR shall conduct a CAHPS survey. The CONTRACTOR shall enter into an agreement with a vendor that is certified by NCQA to perform CAHPS surveys. The CONTRACTOR's vendor shall perform the CAHPS adult survey, CAHPS child survey and the CAHPS children with chronic conditions survey using the most current CAHPS version specified by NCQA. Survey results shall be reported to TENNCARE separately for each required CAHPS survey listed above. Survey results shall be submitted to TENNCARE, NCQA and TENNCARE's EQRO annually by June 15 of each calendar year.

85. Section 2.15.7.1.4.3, 2.15.7.1.4.6, and 2.15.7.1.4.7 shall be deleted and replaced as follows:

- 2.15.7.1.4.3 Requiring that its staff and contract CHOICES HCBS providers immediately (which shall not exceed twenty-four hours) take steps to prevent further harm to any and all members and respond to any emergency needs of members. If the allegation is in reference to a CHOICES HCBS worker, the worker shall be immediately released from providing services to any TennCare member until the investigation is complete.
- 2.15.7.1.4.6 Defining the role and responsibilities of the fiscal employer agent (see definition in Section 1) in reporting, any critical incidents, which shall include reporting incidents to the CONTRACTOR using the process developed in accordance with Section 2.15.7.1.4.1, and reporting to the CONTRACTOR within 24 hours in accordance with the abuse and neglect plan protocols anytime there is a suspicion of abuse or neglect (see Section 2.9.7.8.6); training employees, contractors of the FEA (including supports brokers), and consumer-directed workers regarding reporting, and cooperating with the

Amendment 33 (cont.)

investigation of any critical incidents; and training consumers and caregivers regarding critical incident reporting and management. Such role and responsibilities shall be defined in a manner that is consistent with requirements in this Section 2.15.7.1.4 as well as TENNCARE's contract with the fiscal employer agent and the model contract between the CONTRACTOR and the FEA.

2.15.7.1.4.7 Reviewing any FEA reports regarding critical incidents and investigate, as appropriate to determine any necessary corrective actions needed by the member and/or his/her representative to help ensure the member's health and safety.

86. Section 2.15.7 shall be amended by adding a new Section 2.15.7.3 and renumbering the remaining Section accordingly, including any references thereto.

2.15.7.3 Home Health Agency Critical Incident Reporting

2.15.7.3.1 The CONTRACTOR shall identify and track all significant Home Health Agency (HHA) critical incidents involving non-CHOICES enrollees. A HHA critical incident shall include those significant incidents that are reported to the CONTRACTOR from the HHA including unexpected death, major/severe injury, safety issues, or suspected physical, mental or sexual abuse or neglect. Each incident must be reported using the TENNCARE prescribed HHA Critical Incident report template within twenty-four (24) hours of the CONTRACTOR receiving information relative to such an incident. An updated report, including results of investigation and next steps must be submitted to TENNCARE within thirty (30) calendar days of notification of the incident.

87. Section 2.17.4.7.27 shall be amended by deleting the phrase “, and DHS” and deleting and replacing the phrase “failure to notify DHS” with “failure to notify TENNCARE.”

88. Section 2.17.5.3.5 shall be deleted and replaced as follows:

2.17.5.3.5 A notice of the right to file a discrimination complaint, as provided for by applicable federal and state civil rights laws, including, but not limited to Title VI of the Civil Rights Act of 1964, the Age Discrimination Act of 1975, Title IX of the Education amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and Titles II and III of the Americans with Disabilities Act of 1990 that includes a phone number for assistance and a website link to the complaint form. The notice shall be considered a Vital Document and shall be available at a minimum in the English and Spanish languages;

89. Section 2.18.10.2 shall be deleted and replaced as follows:

2.18.10.2 The CONTRACTOR shall provide an education plan for all members with behavioral health issues; education shall occur on a regular basis. At a minimum, educational materials shall include information on medications and their side effects; behavioral health disorders and treatment options; self-help groups, peer recovery services, family support services, and other community support services available for members and families.

90. Section 2.19.3.18 shall be deleted and replaced as follows:

2.19.3.18 Member TennCare eligibility and eligibility-related grievances and appeals (including but not limited to long-term care eligibility and enrollment), including termination of eligibility, effective dates of coverage, and the determination of premium, copayment, and patient liability responsibilities shall be directed to TENNCARE.

91. Section 2.20.1.8 shall be amended by deleting the word “repayment” and replacing it with the phrase “recoupment or withhold” as follows:

2.20.1.8 This prohibition described above in Section 2.20.1.7 shall be limited to a specific provider(s), for specific dates, and for specific issues, services or claims. The CONTRACTOR shall check with the Bureau of TennCare, Program Integrity Unit before initiating any recoupment or withhold of any program integrity related funds (See Section 2.20.1.7) to ensure that the recoupment or withhold is permissible. In the event that the CONTRACTOR obtains funds in cases where recoupment or withhold is prohibited under this section, the CONTRACTOR will return the funds to the provider.

92. Section 2.20.2.11 shall be amended by adding a new sentence as follows:

2.20.2.11 The CONTRACTOR, subcontractor and providers, whether contract or non-contract, shall, upon request and as required by this Contract or state and/or federal law, make available to the TBI MFCU/OIG any and all administrative, financial and medical records relating to the delivery of items or services for which TennCare monies are expended. Such records will be made available at no cost to the requesting agency. In addition, the TBI MFCU/OIG shall, as required by this Contract or state and/or federal law, be allowed access to the place of business and to all TennCare records of any contractor, subcontractor or provider, whether contract or non-contract, during normal business hours, except under special circumstances when after hour admission shall be allowed. Special circumstances shall be determined by the TBI MFCU/OIG.

93. Section 2.22.5 shall be amended by adding a new Section 2.22.5.4 as follows:

2.22.5.4 The CONTRACTOR shall monitor, on an at least a monthly basis, the number of each long-term care provider’s denied claims for long-term care services (NF and CHOICES HCBS), and shall initiate training and technical assistance as needed to any long-term care provider whose monthly volume of denied claims for long-term care services exceeds twenty percent (20%). The CONTRACTOR shall submit to TENNCARE on a quarterly basis, a report of all long-term care contractors for whom the number of denied claims for long-term care services exceeded twenty percent (20%) of the total number of claims for long-term care services submitted during any month, the total number and percent of denied claims for long-term care services for that month, the total dollar value of denied claims for long-term care services, the type of intervention (e.g., training or technical assistance) determined to be needed and provided by the CONTRACTOR, and the current status of such denied claims (e.g., resubmitted, pending action by the provider, determined to be duplicate claims, etc.).

94. Section 2.24.4.3 shall be deleted and replaced as follows:

2.24.4.3 The CONTRACTOR's abuse and neglect plan shall also define the role and responsibilities of the FEA and supports broker (see definition in Section 1) in assessing and reducing a member's risk of abuse and neglect, identifying and reporting abuse and neglect, protecting a member if abuse and/or neglect is suspected; training employees, contractors of the FEA (including supports brokers), and consumer-directed workers regarding the protocols identified in Sections 2.24.4.2.1 through 2.24.4.2.6 above; and training members and caregivers regarding identification and reporting of suspected abuse and/or neglect. Such role and responsibilities shall be defined in a manner that is consistent with requirements in this Section 2.24.4 as well as TENNCARE's contract with the fiscal employer agent and the model contract between the CONTRACTOR and the FEA.

95. Sections 2.27.5.14, 2.27.5.20 and 2.27.5.24 shall be deleted and replaced as follows:

2.27.5.14 Create and implement policies and procedures to address present and future HIPAA/HITECH regulatory requirements as needed, including, but not limited to: use and disclosure of data; de-identification of data; minimum necessary access; accounting of disclosures; enrollee's right to amend, access, request restrictions; notice of privacy practices and right to file a complaint, and breach notification;

2.27.5.20 Continue to protect and secure PHI AND personally identifiable information relating to enrollees who are deceased for fifty (50) years following the date of an enrollee's death, effective September 23, 2013;

2.27.5.24 Obtain a third (3rd) party certification of their HIPAA standard transaction compliance ninety (90) calendar days before the start date of operations, if applicable, and upon request by TENNCARE.

96. Section 2.27.9.4.7 shall be deleted and replaced as follows:

2.27.9.4.7 If a court issues a subpoena for a case record or for any CONTRACTOR representative to testify concerning an applicant or beneficiary, the CONTRACTOR must notify the State at least ten (10) days prior to the required production date so the State may work with the CONTRACTOR regarding CONTRACTOR's informing the court of the applicable statutory provisions, policies, and regulations restricting disclosure of information, effective until Jan. 1, 2014; and

97. Sections 2.27.10.11.2, 2.27.10.11.3, and 2.27.10.11.4 shall be deleted and replaced as follows:

2.27.10.11.2 "Protected Health Information/Personally Identifiable Information" (PHI/PII) (45 C.F.R. § 160.103; OMB Circular M-06-19) – "Protected health information" or "PHI" means individually identifiable health information that is: (i) Transmitted by electronic media; (ii) Maintained in electronic media; or (iii) Transmitted or maintained in any other form or medium.

2.27.10.11.3 "Personally Identifiable information" or "PII" refers to any information about an individual maintained by an agency, including, but not limited to, education, financial

Amendment 33 (cont.)

transactions, medical history, and criminal or employment history and information which can be used to distinguish or trace an individual's identity, such as their name, social security number, biometric records, etc., alone, or when combined with other personal or identifying information which is linked or linkable to a specific individual, such as date and place of birth, mother's maiden name, etc.

- 2.27.10.11.4 "Individually Identifiable Health Information" – information that is a subset of health information, including demographic information collected from an individual, and: (1) Is created or received by a health care provider, health plan, employer, or health care clearinghouse; and (2) relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and (i) identifies the individual; or (ii) with respect to which there is a reasonable basis to believe the information can be used to identify the individual.

98. Sections 2.27 shall be amended by adding new Sections 2.27.11 through 2.27.13 as follows:

- 2.27.11 Sensitive Data Related to Alcohol and Drug Abuse Enrollee Records for Substance Abuse Treatment.
- 2.27.11.1 This information has been disclosed to you from records protected by Federal confidentiality rules (42 CFR part 2). The Federal rules prohibit you from making any further disclosure of this information unless further disclosure is expressly permitted by the written consent of the person to whom it pertains or as otherwise permitted by 42 CFR part 2.
- 2.27.11.2 A general authorization for the release of medical or other information is NOT sufficient for this purpose. The Federal rules restrict any use of the information to criminally investigate or prosecute any alcohol or drug abuse patient. 42 C.F.R. § 2.32 (SAMHSA)
- 2.27.12 Federal Tax Information (FTI).
- 2.27.12.1 Any FTI made available shall be used only for the purpose of carrying out the provisions of this Contract.
- 2.27.12.2 Information contained in such material shall be treated as confidential and shall not be divulged or made known in any manner to any person except as may be necessary in the performance of this Contract. Inspection by or disclosure to anyone other than an officer of employer of the Grantee is strictly prohibited.
- 2.27.13 Failure to comply with federal regulations regarding HIPAA/HITECH, SSA, Medicaid, CHIP, SAMHSA, and FTI data may result in criminal and civil fines and penalties.

99. Sections 2.28.3, 2.28.6.2, and 2.28.7 shall be deleted and replaced as follows:

- 2.28.3 The CONTRACTOR's non-discrimination compliance plan shall include written policies and procedures that demonstrate non-discrimination in the provision of services to members. The policy shall also demonstrate non-discrimination in the provision of language assistance services for members with Limited English Proficiency and those requiring communication assistance in alternative formats (see Section 2.18.2). These policies and procedures shall be prior approved in writing by TENNCARE.

Amendment 33 (cont.)

2.28.6.2 Discrimination Complaints against the CONTRACTOR's Providers, Provider's Employees and/or Provider's Subcontractors. Should complaints concerning alleged acts of discrimination committed by the CONTRACTOR's providers, provider's employees and/or subcontractors related to the provision of and/or access to TennCare covered services be reported to the CONTRACTOR, the CONTRACTOR's nondiscrimination compliance officer shall inform TENNCARE of such complaints within two (2) business days from the date CONTRACTOR learns of such complaints. If TENNCARE requests that the CONTRACTOR'S nondiscrimination compliance officer assist TENNCARE with conducting the initial investigation, the CONTRACTOR'S nondiscrimination compliance officer within five (5) business days from the date of the request shall start the initial investigation. Once an initial investigation has been completed, the CONTRACTOR's nondiscrimination compliance officer shall report his/her determinations to TENNCARE. At a minimum, the CONTRACTOR's nondiscrimination compliance officer's report shall include the identity of the party filing the complaint; the complainant's relationship to the CONTRACTOR; the circumstances of the complaint; date complaint filed; and the CONTRACTOR's suggested resolution. TENNCARE shall review the CONTRACTOR's initial investigations and determine the appropriate resolutions for the complaints as set forth in Section 2.28.6.3 below. TENNCARE reserves the right to investigate and resolve all complaints concerning alleged acts of discrimination committed by the CONTRACTOR's providers, and subcontractors.

2.28.7 The CONTRACTOR shall use and have available to TennCare enrollees, TennCare's Discrimination complaint form located on TennCare's website under the nondiscrimination link at <http://www.tn.gov/tennCare/members.shtml>. The discrimination complaint form shall be provided to TennCare enrollees upon request and in the member handbook. This complaint form shall be considered a Vital Document and shall be available at a minimum in the English and Spanish languages. When requests for assistance to file a discrimination complaint are made by enrollees, the CONTRACTOR shall assist the enrollees with submitting complaints to TENNCARE. In addition, the CONTRACTOR shall inform its employees, providers, and subcontractors how to assist TENNCARE enrollees with obtaining discrimination complaint forms and assistance from the CONTRACTOR with submitting the forms to TENNCARE and the CONTRACTOR.

100. Section 2.29.1.3 shall be amended by adding a new Section 2.29.1.3.19 as follows and the remaining Section shall be renumbered accordingly, including any references thereto.

2.29.1.3.19 A staff person to serve as the Litigation Hold Contact. This individual shall be responsible for responding to all litigation hold requests from TENNCARE;

101. Section 2.30.1 shall be amended by adding a new Section 2.30.1.8 which shall read as follows:

2.30.1.8 In accordance with the requirements set forth in 42 U.S.C. § 300kk, the CONTRACTOR must develop and maintain the ability to collect and report data on race, ethnicity, sex, primary language, and disability status for applicants and members and from applicants' and members' parents or legal guardians if applicants or members are minors or legally incapacitated individuals. In collecting this data the CONTRACTOR shall use the Office of Management and Budget (OMB) standards, at a minimum, for race and ethnicity measures. Race and Ethnic Standards established for *Federal Statistics and Administrative Reporting* include the following categories as defined by the OMB:

Amendment 33 (cont.)

2.30.1.8.1 Race – American Indian or Alaska Native, Asian, black or African American, native Hawaiian or other Pacific Islander, white;

2.30.1.8.2 Ethnicity – Hispanic or Latino, Not Hispanic or Latino.

102. Section 2.30.5 through 2.30.5.3 shall be deleted and replaced as follows:

2.30.5 Population Health Reports

2.30.5.1 The CONTRACTOR shall submit a quarterly *Population Health Update Report* addressing all seven (7) Population Health Programs (see Section 2.8.4 of this Contract). The report shall include process and operational data and any pertinent narrative to include any staffing changes, training or new initiatives occurring in the reporting period.

2.30.5.2 The CONTRACTOR shall submit a quarterly *Population Health Stratification Data Report*, through the current secure system, which shall include a list in Comma Separated Value (CSV) format consisting of the name, ID, DOB, stratification or all risk levels and the corresponding dates of eligibility for the level and program assignments for all of the CONTRACTOR's members (see Section 2.8.11.5).

2.30.5.3 The CONTRACTOR shall submit annually, on December 1 after the close of the state fiscal year, a *Population Health Annual Report* in the format described in the annual report template provided by TENNCARE. The report shall include active participation rates, as designated by NCQA, for programs with active interventions. Short term and intermediate outcome data reporting is required. Member satisfaction shall be reported based upon NCQA requirements along with functional status for members in the Chronic Care Management and Complex Case Management programs.

2.30.5.4 The CONTRACTOR shall submit annually on March 30, a *Population Health Program Description* following the guidance provided by TENNCARE addressing Section 2.8 of this Contract. The program description shall include a written description of how the plan assures that members less than 21 years of age will have their health risks identified and their health needs met at the appropriate risk Level. The program description shall also include a CHOICES narrative as outlined in Section 2.8.11 of this Contract and address the Clinical Practice Guidelines reference in Section 2.8.6 of this Contract.

103. Sections 2.30.6.1 through 2.30.6.1.3 shall be deleted in their entirety and the remaining Sections shall be renumbered accordingly, including any references thereto.

Amendment 33 (cont.)

104. Section 2.30.6 shall be amended by adding a new Section 2.30.6.4 as follows and renumbering the remaining Sections accordingly.

2.30.6.4 Upon enrollment of CHOICES Group 2 or 3 members (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), the CONTRACTOR shall submit a monthly *Nursing Facility Short-Term Stay Report* in a format specified by TENNCARE that includes but is not limited to, for each Group 2 and Group 3 member utilizing the short-term NF stay benefit, the name of each Group 2 and Group 3 member receiving short-term NF services, the NF in which s/he currently resides, the date of admission for short-term stay, the number of days of short-term NF stay utilized for this admission, and the anticipated date of discharge back to the community. For any member exceeding the ninety (90)-day limit on short-term NF stay, the CONTRACTOR shall include explanation regarding why the benefit limit has been exceeded, and specific actions the CONTRACTOR is taking to facilitate discharge to the community or transition to Group 1, as applicable, including the anticipated timeline.

105. Section 2.30.12 shall be amended by adding back Section 2.30.12.9 as follows which was previously deleted in error.

2.30.12.9 The CONTRACTOR shall submit a quarterly Behavioral Health Adverse Occurrences Report in accordance with Section 2.15.7.2 that provides information, by month regarding specified measures, which shall include but not be limited to the following:

2.30.12.9.1 The number of adverse occurrences, overall and by:

2.30.12.9.1.1 Date of occurrence

2.30.12.9.1.2 Type of adverse occurrence;

2.30.12.9.1.3 Location;

2.30.12.9.1.4 Provider name; and

2.30.12.9.1.5 Action Taken by Facility/Provider.

106. Section 2.30.17 shall be amended by adding a new Section 2.30.17.6 as follows:

2.30.17.6 The CONTRACTOR shall submit to TENNCARE on a quarterly basis, a Denied Claims Report on all long-term care contractors (NF and HCBS) for whom the number of denied claims for long-term care services exceeded twenty percent (20%) of the total number of claims for long-term care services submitted during any month. The report shall include the name and provider number of the long-term care contractor, the total number and percent of denied claims for long-term care services for that month, the total dollar value of denied claims for long-term care services, the type of intervention (e.g., training or technical assistance) determined to be needed and provided by the CONTRACTOR, and the current status of such denied claims (e.g., resubmitted, pending action by the provider, determined to be duplicate claims, etc.).

107. Section 3.4.8 shall be deleted and replaced as follows:

3.4.8 In the event the amount of the five and one half percent (5.5%) premium tax is increased or decreased during the term of this Contract, the payments shall be increased or decreased by an amount equal to the increase/decrease in premium payable by the CONTRACTOR.

108. Section 4.9.1 shall be deleted and replaced as follows:

4.9.1 In no event shall the maximum liability of the State under this Agreement during the original term of the Contract exceed three billion, three hundred eighty four million, six hundred sixty three thousand, six hundred five dollars and ninety cents (\$3,384,663,605.90).

109. Section 5.4.7.2.12 shall be deleted and replaced as follows:

5.4.7.2.12 File all reports concerning the CONTRACTOR's operations during the term of the Contract in the manner described in this Contract. Required reporting shall include, but not be limited to any necessary data and/or reporting required to comply with the Medicaid Payment for Primary Care as required in Section 2.13.9 of this Contract;

110. Section 5.20.2.2.7 shall be amended by adding new PROGRAM ISSUES, LEVELs A.33 and A.34 as follows:

<p>A.33</p>	<p>Failure to ensure that a member utilizing the short-term stay benefit is transitioned from Group 2 or Group 3, as applicable, to Group 1 at any time a) it is determined that the stay will not be short-term or the member will not transition back to the community; and b) prior to exhausting the ninety (90)-day short-term NF benefit covered for CHOICES Group 2 and Group 3 members (see Section 2.6.1.5.3.1)</p>	<p>\$500 per day, per occurrence for each calendar day that a member exceeds the ninety (90) day benefit limit in accordance with this agreement. These amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing recommendations as specified in Section 2.9.6.11.9 of this Contract</p>
<p>A.34</p>	<p>Failure to complete and submit to TENNCARE at least eight (8) business days prior to expiration of a member's current LOC eligibility segment, a new LOC assessment, including all required supporting documentation needed to appropriately determine the member's LOC eligibility going forward (see Section 2.9.6.9.3.1.2)</p>	<p>\$500 per day, per occurrence for each calendar day beyond eight (8) business days prior to expiration of the member's current LOC eligibility segment. These amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing recommendations as specified in Section 2.9.6.11.9 of this Contract</p>

111. Section 5.32.1 shall be deleted and replaced as follows:

5.32.1 No person on the grounds of handicap, and/or disability, age, race, color, religion, sex, national origin, or any other classifications protected under federal or state laws shall be excluded from participation in, except as specified in Section 2.3.6 of this Contract, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract or in the employment practices of the CONTRACTOR.

112. Mental Health Case Management Services in Attachment I shall be amended by deleting and replacing the paragraphs labeled “Level 2a and Level 2b” as follows:

Level 2a and Level 2b

Level 2 mental health case management is a less intensive level of service than Level 1 and is focused on resilience and recovery. The CONTRACTOR shall ensure that level 2 mental health case management is provided to individuals whose symptoms are at least partially stabilized or reduced in order to allow treatment and rehabilitation efforts.

Where available, peer recovery services and family support services may be used as an adjunct to the case manager in monitoring the member prior to discharge from Level 2 case management. However, at no time should peer recovery services and family support services in the form of Certified Peer Recovery Specialist and/or Certified Family Support Specialists, or any other form, become a substitute for case managers in the delivery of case management services.

113. Psychiatric Rehabilitation Services in Attachment I shall be amended by deleting and replacing the paragraphs labeled “Peer Support” and adding new paragraphs labeled Family Support Services as follows:

Peer Recovery Services

Peer recovery services allow individuals to direct their own recovery and advocacy process and are provided by persons who are or have been consumers of the behavioral health system and are Certified Peer Recovery Specialists. A Certified Peer Recovery Specialist is a person who has identified himself or herself as having received or is receiving mental health, substance abuse or co-occurring disorder services in his or her personal recovery process, has undergone training recognized by the Tennessee Department of Mental Health and Substance Abuse Services on how to assist peers with the recovery process and received certification.

These services include providing assistance with more effectively utilizing the service delivery system (e.g. assistance in developing plans of care, accessing services and supports, partnering with professionals) or understanding and coping with the stressors of the person’s illness through support groups, role modeling, and mentoring. Activities which promote socialization, recovery, self-advocacy, development of natural supports, and maintenance of community living skills are rendered so individuals can educate and support each other in the acquisition of skills needed to manage their illnesses and access resources within their communities. Services are often provided during the evening and weekend hours.

Amendment 33 (cont.)

Family Support Services

Family support services are used to assist other caregivers of children or youth diagnosed with emotional, behavioral, or co-occurring disorders, and are provided by persons who are a Certified Family Support Specialist. A Certified Family Support Specialist is a person who has previously self-identified as the caregiver of a child or youth with an emotional, behavioral or co-occurring disorder and who has successfully navigated the child-serving systems to access treatment and resources necessary to build resiliency and foster success in the home, school, and community. This individual has successfully completed training recognized by TDMHSAS on how to assist other caregivers in fostering resiliency in their child based on the principles of resiliency and recovery.

These services include assisting caregivers in managing their child's illness and fostering resiliency and hope in the recovery process. These direct caregiver-to-caregiver support services include, but are not limited to, developing formal and informal supports, assisting in the development of strengths-based family and individual goals, serving as an advocate, mentor, or facilitator for resolution of issues that a caregiver is unable to resolve on his or her own, or providing education on system navigation and skills necessary to maintain a child with emotional, behavioral or co-occurring disorders in their home environment.

- 114. The Definition under Crisis Services in Attachment I shall be deleted and replaced as follows:**

Definition

Behavioral health crisis services shall be rendered to individuals with a mental health or substance use/abuse issue when there is a perception of a crisis by an individual, family member, law enforcement, hospital staff or others who have closely observed the individual experiencing the crisis. Crisis services are available twenty-four (24) hours a day, seven (7) days a week. Crisis services include twenty-four (24) hour toll free telephone lines answered in real time by trained crisis specialists and face-to-face crisis services including, but not limited to: prevention, triage, intervention, evaluation/referral for additional services/treatment, and follow-up services. Certified Peer Recovery Specialists and/or Certified Family Support Specialists shall be utilized in conjunction with crisis specialists to assist adults and children in alleviating and stabilizing crises and promote the recovery process as appropriate. Behavioral health crisis service providers are not responsible for pre-authorizing emergency involuntary hospitalizations.

The Mental Health Crisis Response Services - Community Face-to-Face Response Protocols provide guidance for calls that are the responsibility of a crisis response service to determine if a Face-to-Face evaluation is warranted and those that are not the responsibility of the crisis response service. These Protocols were developed to ensure that consumers who are experiencing a behavioral health crisis and have no other resources receive prompt attention. All responses are first determined by clinical judgment.

Guidance for All Calls:

- For calls originating from an Emergency Dept., telehealth is the preferred service delivery method for the crisis response service
- After determining that there is no immediate harm, ask the person if he or she can come to the closest walk-in center
- If a Mandatory Pre-screening Agent (MPA) not employed by a crisis response service is available, there may be no need for a crisis evaluation by mobile crisis
- For all other calls, unless specified in the Protocols, if a person with mental illness is experiencing the likelihood of immediate harm then a response is indicated.

115. Attachment III shall be deleted and replaced as follows:

**ATTACHMENT III
GENERAL ACCESS STANDARDS**

In general, contractors shall provide available, accessible, and adequate numbers of institutional facilities, service locations, service sites, professional, allied, and paramedical personnel for the provision of covered services, including all emergency services, on a 24-hour-a-day, 7-day-a-week basis. At a minimum, this shall include:

- Primary Care Physician or Extender:
 - (a) Distance Rural: 30 miles
 - (b) Distance Urban: 20 miles
 - (c) Patient Load: 2,500 or less for physician; one-half this for a physician extender.
 - (d) Appointment/Waiting Times: Usual and customary practice (see definition below), not to exceed 3 weeks from date of a patient's request for regular appointments and 48 hours for urgent care. Waiting times shall not exceed 45 minutes.
 - (e) Documentation/Tracking requirements:
 - + Documentation - Plans must have a system in place to document appointment scheduling times.
 - + Tracking - Plans must have a system in place to document the exchange of member information if a provider, other than the primary care provider (i.e., school-based clinic or health department clinic), provides health care.
- Specialty Care and Emergency Care: Referral appointments to specialists (e.g., specialty physician services, hospice care, home health care, substance abuse treatment, rehabilitation services, etc.) shall not exceed 30 days for routine care or 48 hours for urgent care. All emergency care is immediate, at the nearest facility available, regardless of contract. Waiting times shall not exceed 45 minutes.
- Hospitals
 - (a) Transport distance will be the usual and customary, not to exceed 30 miles, except in rural areas where access distance may be greater. If greater, the standard needs to be the community standard for accessing care, and exceptions must be justified and documented to the State on the basis of community standards.
- Long-Term Care Services:

Transport distance to licensed Adult Day Care providers will be the usual and customary not to exceed 20 miles for TennCare enrollees in urban areas, not to exceed 30 miles for TennCare enrollees in suburban areas and not to exceed 60 miles for TennCare enrollees in rural areas except where community standards and documentation shall apply.

Amendment 33 (cont.)

- General Optometry Services:
 - (a) Transport distance will be the usual and customary, not to exceed 30 miles, except in rural areas where community standards and documentation shall apply.
 - (b) Appointment/Waiting Times: Usual and customary not to exceed 3 weeks for regular appointments and 48 hours for urgent care. Waiting times shall not exceed 45 minutes.
- All other services not specified here shall meet the usual and customary standards for the community as determined by TENNCARE.

TENNCARE will evaluate the need for further action when the above standards are not met. At its sole discretion TENNCARE may elect one of three options: (1) TENNCARE may request a Corrective Action Plan (CAP), (2) a Request for Information (RFI), (3) or an On Request Report (ORR) depending on the severity of the deficiency.

The requested CAP, RFI or ORR response shall detail the CONTRACTOR's network adequacy considering any alternate measures, documentation of unique market conditions and/or its plan for correction. If TENNCARE determines the CONTRACTOR's response demonstrates existence of alternate measures or unique market conditions, TENNCARE may elect to request periodic updates from the CONTRACTOR regarding efforts to address such conditions.

116. Attachment V shall be deleted and replaced as follows:

**ATTACHMENT V
ACCESS & AVAILABILITY FOR BEHAVIORAL HEALTH SERVICES**

The CONTRACTOR shall adhere to the following behavioral health network requirements to ensure access and availability to behavioral health services for all members (adults and children). For the purpose of assessing behavioral health provider network adequacy, TENNCARE will evaluate the CONTRACTOR's provider network relative to the requirements described below. Providers serving adults will be evaluated separately from those serving children.

Access to Behavioral Health Services

The CONTRACTOR shall ensure access to behavioral health providers for the provision of covered services. At a minimum, this means that:

The CONTRACTOR shall have provider agreements with providers of the services listed in the table below and meet the geographic and time for admission/appointment requirements.

Amendment 33 (cont.)

Service Type	Geographic Access Requirement	Maximum Time for Admission/ Appointment
Psychiatric Inpatient Hospital Services	Travel distance does not exceed 90 miles for at least 90% of members	4 hours (emergency involuntary)/24 hours (involuntary)/24 hours (voluntary)
24 Hour Psychiatric Residential Treatment	<p>The CONTRACTOR shall contract with at least one (1) provider of service in the Grand Region for ADULT members</p> <p>-----</p> <p>Travel distance does not exceed 60 miles for at least 75% of CHILD members and does not exceed 90 miles for at least 90% of CHILD members</p>	Within 30 calendar days
Outpatient Non-MD Services	Travel distance does not exceed 30 miles for ALL members	Within 10 business days; if urgent, within 48 hours
Intensive Outpatient (may include Day Treatment (adult), Intensive Day Treatment (Children & Adolescent) or Partial Hospitalization)	Travel distance does not exceed 90 miles for at least 90% of members	Within 10 business days; if urgent, within 48 hours
Inpatient Facility Services (Substance Abuse)	Travel distance does not exceed 90 miles for at least 90% of members	Within 2 calendar days; for detoxification - within 4 hours in an emergency and 24 hours for non-emergency
24 Hour Residential Treatment Services (Substance Abuse)	<p>The CONTRACTOR shall contract with at least one (1) provider of service in the Grand Region for ADULT members</p> <p>-----</p> <p>The CONTRACTOR shall contract with at least one (1) provider of service in the Grand Region for CHILD members</p>	Within 10 business days
Outpatient Treatment Services (Substance Abuse)	Travel distance does not exceed 30 miles for ALL members	Within 10 business days; for detoxification – within 24 hours
Mental Health Case Management	Not subject to geographic access standards	Within 7 calendar days
Psychosocial Rehabilitation (may include Supported Employment, Illness Management)	Not subject to geographic access standards	Within 10 business days

Amendment 33 (cont.)

& Recovery, Peer Recovery services or Family Support service		
Supported Housing	Not subject to geographic access standards	Within 30 calendar days
Crisis Services (Mobile)	Not subject to geographic access standards	Face-to-face contact within 1 hour for emergency situations and 4 hours for urgent situations
Crisis Stabilization	Not subject to geographic access standards	Within 4 hours of referral

TENNCARE will evaluate the need for further action when the above standards are not met. At its sole discretion TENNCARE may elect one of three options: (1) TENNCARE may request a Corrective Action Plan (CAP), (2) a Request for Information (RFI), (3) or an On Request Report (ORR) depending on the severity of the deficiency.

The requested CAP, RFI or ORR response shall detail the CONTRACTOR's network adequacy considering any alternate measures, documentation of unique market conditions and/or its plan for correction. If TENNCARE determines the CONTRACTOR's response demonstrates the existence of alternate measures or unique market conditions, TENNCARE may elect to request periodic updates from the CONTRACTOR regarding efforts to address such conditions.

At a minimum, providers for the following service types shall be reported on the Provider Enrollment File:

Service Type	Service Code(s) for use in position 330-331 of the Provider Enrollment File
Psychiatric Inpatient Hospital Services	Adult - 11, 79, 85 Child - A1 or H9
24 Hour Psychiatric Residential Treatment	Adult - 13, 81, 82 Child - A9, H1, or H2
Outpatient MD Services (Psychiatry)	Adult - 19 Child - B5
Outpatient Non-MD Services	Adult - 20 Child - B6
Intensive Outpatient/ Partial Hospitalization	Adult - 21, 23, 62 Child - B7, C2, C3
Inpatient Facility Services (Substance Abuse)	Adult - 15, 17 Child - A3, A5
24 Hour Residential Treatment Services (Substance Abuse)	Adult - 56 Child - F6
Outpatient Treatment Services (Substance Abuse)	Adult - 27 or 28 Child - D3 or D4
Mental Health Case Management	Adult - 31, 66, or 83 Child - C7, D7, G2, G6, or K1

Amendment 33 (cont.)

Psychiatric Rehabilitation Services:	
Psychosocial Rehabilitation	42
Supported Employment	44
Peer Recovery Services	88
Family Support Services	49
Illness Management & Recovery	91
Supported Housing	32 and 33
Crisis Services (Mobile)	Adult - 37, 38, 39 Child - D8, D9, E1
Crisis Respite	Adult - 40 Child - E2
Crisis Stabilization	Adult 41

117. Exhibit B of Attachment IX shall be amended by deleting the word “Peer Support” and replacing it with “Peer Recovery Services and Family Support Services”.
118. Attachment XII shall be deleted and replaced as follows:

**ATTACHMENT XII
COMMUNITY HEALTH RECORD**

- I. Program Requirements
1. The CONTRACTOR shall receive data files from TENNCARE for all TennCare enrollees that include the following:
- a. Membership and eligibility file. Each daily transmission will meet the 270/271 standard transaction format.
 - b. Medical claim encounter data from all Managed Care Organizations (MCO). Each weekly transmission will include all claims processed by each MCO for the prior period.
 - c. Pharmacy claim encounter data shall be provided on a weekly basis. Each transmission will include all pharmacy claims processed for the prior period.
 - d. Provider file shall be provided on a monthly basis and shall include the National Provider Identifier for each provider; however, TENNCARE shall not be responsible for linking each provider to a common provider number for said file.
2. The CONTRACTOR shall provide data integration services for all TennCare enrollees which include maintaining an Enterprise Master Person Index (EMPI). The EMPI provides a central repository for person-centric data from a variety of contributing systems, and facilitates the integrity of a single person record. The mission of the EMPI is to provide functionality to find the right person with the right information at the right time as well as provide a solution to identify and eliminate as many duplicate records as possible.

Amendment 33 (cont.)

3. The CONTRACTOR shall provide a clinical health record for children entering State custody to the assigned Best Practice Network provider that includes the following components:
 - a. Patient Demographics;
 - b. Diagnosis and procedures from claims detail;
 - c. Medication information from claims detail;
 - d. Immunization information from claims detail; and
 - e. Allergy information, if available.
4. The CONTRACTOR shall make a system available to extract and compile a clinical health record that will be made available on demand to the Department of Children Services (DCS) through a web based application once a child has entered into State custody.
5. Upon notification and identification of the primary care provider assigned to a child who recently entered State custody, the CONTRACTOR shall make available to the assigned provider the clinical health record described in Section I, Item 4 above via a web based application.
6. The clinical health record will only be made available to a provider who is authenticated and registered to utilize the web based application. The CONTRACTOR shall provide two (2) full time employees to assist the provider in the authentication and registration process. Upon completion of the authentication and registration process, the provider will be able to access the clinical health record.
7. The CONTRACTOR shall maintain a log of each clinical health record that is transmitted to DCS and/or the assigned providers and will be made available upon request.
8. Responsibilities of TENNCARE are listed below:
 - a. Provision of Data and Program Information: TENNCARE shall arrange for the following data to be provided. All data provided on a weekly basis shall be provided no later than Wednesday of the week following the data collection.
 - b. Eligibility files daily that meet the requirements of the HIPAA Standard Transaction for Eligibility (270/271).
 - c. Medical claim encounter data from all participating MCOs shall be provided on a weekly basis. Each weekly transmission will include all claims processed by each MCO for the prior period.
 - d. Pharmacy claim encounter data shall be provided on a weekly basis. Each transmission will include all pharmacy claims processed for the prior period.
 - e. Provider file shall be provided on a monthly basis and include the National Provider Identified for each provider; however, TENNCARE shall not be responsible for linking each provider to a common provider number for said file.

Amendment 33 (cont.)

II. Payment Terms and Conditions

1. Payment Methodology. The CONTRACTOR shall be compensated based on the payment rates herein for services authorized by the State:

Description	Implementation Fee	Monthly
Clinical Health Record Report Development	\$189,000	
Monthly Service Fee		\$99,000

Amendment 33 (cont.)

All of the provisions of the original Contract not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective January 1, 2014.

The State is not bound by this Amendment until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this Contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

The CONTRACTOR, by signature of this Amendment, hereby affirms that this Amendment has not been altered and therefore represents the identical document that was sent to the CONTRACTOR by TENNCARE.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 32

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1 shall be amended by adding the following definitions:

Individuals with Limited English Proficiency (LEP) – Individuals who do not speak English as their primary language and who have a limited ability to read, write, speak, or understand the English language.

Oral Interpretation - Is the act of listening to something in one language (source language) and orally translating it into another language (target language).

Vital Documents - Vital Documents may include, but are not limited to, consent and complaint forms, intake and application forms with the potential for important consequences, notices pertaining to the reduction, denial, delay, suspension or termination of services, certain critical outreach documents (i.e. case management and Population Health documents) and any other documents designated by the State. At a minimum, all Vital Documents shall be available in the Spanish language.

Written Translation - Is the replacement of a written text from one language (source language) into an equivalent written text in another language (target language).

2. Section 1 shall be amended by deleting the definition for “Vital MCO Documents”.

3. Section 1 shall be amended by deleting and replacing the following definitions:

Eligible Individual – With respect to Tennessee’s Money Follows the Person Rebalancing Demonstration (MFP) and pursuant to Section 6071(b)(2) of the Deficit Reduction Act of 2005 (DRA), (Pub. L. 109-171 (S. 1932)) (Feb. 8, 2006) as amended by Section 2403 of the Patient Protection and Affordable Care Act of 2010 (ACA), (Pub. L. 111-148) (May 1, 2010), the State’s approved MFP Operational Protocol and TennCare Rules, a member who qualifies to participate in MFP. Such person, immediately before beginning participation in the MFP demonstration project, shall:

Amendment 32 (cont.)

1. Reside in a Nursing Facility (NF) or an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) and have resided for a period of not less than ninety (90) consecutive days in a Qualified Institution.
 - a. Inpatient days in an institution for mental diseases (IMDs) which includes Psychiatric Hospitals and Psychiatric Residential Treatment Facilities (PRTF) may be counted only to the extent that Medicaid reimbursement is available under the State Medicaid plan for services provided by such institution. Medicaid payments may only be applied to persons in IMDs who are over 65 or under 21 years of age.
 - b. Any days that an individual resides in a Medicare certified Skilled Nursing Facility (SNF) on the basis of having been admitted solely for purposes of receiving post-hospital short-term rehabilitative services covered by Medicare shall not be counted for purposes of meeting the ninety (90)-day minimum stay in a Qualified Institution established under ACA.
 - c. Short-term continuous care in a nursing facility, to include Level 2 nursing facility reimbursement, for episodic conditions to stabilize a condition rather than admit to hospital or to facilitate hospital discharge, and inpatient rehabilitation facility services reimbursed by the CONTRACTOR (i.e., not covered by Medicare) as a cost-effective alternative (see Section 2.6.5) and provided in a Qualified Institution shall be counted for purposes of meeting the ninety (90) day minimum stay in a Qualified Institution established under ACA.
2. Be eligible for and receive Medicaid benefits for inpatient services furnished by the nursing facility or ICF/IID for at least one (1) day. For purposes of this Agreement, an Eligible Individual must reside in a nursing facility and be enrolled in CHOICES Group I for a minimum of one (1) day and must be eligible to enroll and transition seamlessly into CHOICES Group 2 without delay or interruption.
3. Meet nursing facility or ICF/IID level of care, as applicable, and, but for the provision of ongoing CHOICES HCBS, continue to require such level of care provided in an inpatient facility.

Home and Community-Based Services (HCBS) – Services that are provided pursuant to a Section 1915(c) waiver or the CHOICES program as an alternative to long-term care institutional services in a nursing facility or an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) or to delay or prevent placement in a nursing facility. HCBS may also include optional or mandatory services that are covered by Tennessee’s Title XIX state plan or under the TennCare demonstration for all eligible enrollees, including home health or private duty nursing. However, only CHOICES HCBS are eligible for Consumer Direction. CHOICES HCBS do not include home health or private duty nursing services or any other HCBS that are covered by Tennessee’s Title XIX state plan or under the TennCare demonstration for all eligible enrollees, although such services are subject to estate recovery and shall be counted for purposes of determining whether a CHOICES member’s needs can be safely met in the community within his or her individual cost neutrality cap.

Long-Term Care (LTC) – The services of a nursing facility (NF), an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID), or Home and Community-Based Services (HCBS). These services may also be called Long-Term Services and Supports (LTSS).

Money Follows the Person Rebalancing Demonstration (MFP) – A federal grant established under the Deficit Reduction Act and extended under the Affordable Care Act that will assist Tennessee in transitioning Eligible Individuals from a nursing facility or ICF/IID into a Qualified Residence in the

community and in rebalancing long-term care expenditures. The grant provides enhanced match for HCBS provided during the first 365 days of community living following transition.

Qualified Institution – With respect to Tennessee’s MFP Rebalancing Demonstration, and pursuant to Section 6071(b)(3) of the DRA, a hospital, nursing facility, or ICF/IID.

1. An institution for mental diseases (IMDs) which includes Psychiatric Hospitals and Psychiatric Residential Treatment Facilities (PRTF) shall be a Qualified Institution only to the extent that Medicaid reimbursement is available under the State Medicaid plan for services provided by such institution. Medicaid payments may only be applied to persons in IMDs who are over 65 or under 21 years of age.
2. Any days that an individual resides in a Medicare certified Skilled Nursing Facility (SNF) on the basis of having been admitted solely for purposes of receiving post-hospital short-term rehabilitative services covered by Medicare shall not be counted for purposes of meeting the ninety (90)-day minimum stay in a Qualified Institution established under the Affordable Care Act.

4. Section 2.2.3 shall be deleted and replaced as follows:

2.2.3 If the CONTRACTOR is part of a health maintenance organization holding company system as defined by TCA 56-11-101(b)(5), the CONTRACTOR agrees to comply with the Insurance Holding Company System Act of 1986 as set forth in TCA 56-11-101 et seq. The CONTRACTOR agrees to comply with the requirements of TCA 56-11-101 et seq. whether the CONTRACTOR is domiciled in Tennessee or is a foreign health maintenance organization subject to registration requirements and standards adopted by statute or regulation in the jurisdiction of its domicile that are substantially similar to this contained in TCA 56-11-101 et seq. If the CONTRACTOR is a foreign domiciled health maintenance organization, the manner in which the CONTRACTOR shall comply with the requirements of TCA 56-11-101 et seq. are outlined in a Memorandum of Understanding between the CONTRACTOR and the Tennessee Department of Commerce and Insurance, TennCare Oversight Division, which is incorporated herein by reference. The information disclosed or filed in accordance with the requirements of TCA 56-11-101 et seq. shall be considered Confidential Information pursuant to TCA 56-11-108.

5. Section 2.4.6.1 shall be amended by adding a new sentence to the end of the existing text as follows:

2.4.6.1 The CONTRACTOR shall receive, process, and update outbound 834 enrollment files from TENNCARE. Enrollment data shall be updated or uploaded systematically to the CONTRACTOR’s eligibility/enrollment database(s) within twenty-four (24) hours of receipt from TENNCARE. Any outbound 834 transactions which fail to update/load systematically must be manually updated within twenty-four (24) hours of receipt. The CONTRACTOR shall report to TENNCARE, in a form and format to be provided by TENNCARE, outbound 834 transactions that are not processed within these time frames and include information regarding when the transactions were completed. Any transactions that are not updated/loaded within twenty-four (24) hours of receipt from TENNCARE and/or persistent issues with high volumes of transitions that require manual upload may require the CONTRACTOR to initiate a Corrective Action Plan for resolution of the issues preventing compliance. If the CONTRACTOR has reason to believe they may not meet this requirement based on unusual circumstances, the CONTRACTOR must notify TENNCARE and TENNCARE may make an exception without requiring a Corrective Action Plan.

6. Section 2.6.1.5.4 shall be amended by adding new Section 2.6.1.5.4.1 through 2.6.1.5.4.1.2 as follows:

2.6.1.5.4.1 The CONTRACTOR shall authorize and/or reimburse short-term NF stays for Group 2 and Group 3 members only when (1) the member is enrolled in CHOICES Group 2 or 3, as applicable, and receiving HCBS upon admission; (2) the member meets the nursing facility level of care in place at the time of admission; (3) the member's stay in the facility is expected to be less than ninety (90) days; and (4) the member is expected to return to the community upon its conclusion. The CONTRACTOR shall monitor all short-term NF stays for Group 2 and Group 3 members and shall ensure that the member is transitioned from Group 2 or Group 3, as applicable, to Group 1 at any time a) it is determined that the stay will not be short-term or the member will not transition back to the community; and b) prior to exhausting the ninety (90)-day short-term NF benefit covered for CHOICES Group 2 and Group 3 members.

2.6.1.5.4.1.1 The ninety (90) day limit shall be applied on a per admission (and not a per year) basis. A member may receive more than one short-term stay during the year. However, the CONTRACTOR shall be responsible for carefully reviewing any instance in which a member receives multiple short-term stays during the year or across multiple years, including a review of the circumstances which resulted in each nursing facility admission, and shall evaluate whether the services and supports provided to the member are sufficient to safely meet his needs in the community such that transition back to CHOICES Group 2 or Group 3 (as applicable) is appropriate.

2.6.1.5.4.1.2 Upon request, the CONTRACTOR shall provide to TENNCARE a member-by-member status for each Group 2 and Group 3 member utilizing the short-term NF stay benefit, including but not limited to the name of each Group 2 and Group 3 member receiving short-term NF services, the NF in which s/he currently resides, the date of admission for short-term stay, and the anticipated date of discharge back to the community.

7. Section 2.6.2.3 shall be amended by deleting and replacing the reference "ICF/MR" with "ICF/IID", replacing the reference "Intermediate Care Facility for the Mentally Retarded (ICF/MR)" with "Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID)" and deleting the phrase "(i.e., mental retardation)".

8. Section 2.7.4.1.12 shall be amended by adding the phrase " , at least annually," as follows:

2.7.4.1.12 Education, at least annually, for members and caregivers about identification and reporting of suspected abuse and neglect;

9. Section 2.7.4.2.1 shall be deleted and replaced as follows:

2.7.4.2.1 The Annual Community Outreach Plan shall be written in accordance with guidance prepared by TENNCARE. It shall include, but is not limited to: all proposed community/health education events related to TENNderCare; all proposed community/health education events unrelated to TENNderCare; and a process for evaluating the benefits of the events. An Annual Evaluation of the Plan shall be due no later than ninety (90) days following the end of a calendar year in a format approved by TENNCARE.

10. Section 2.7.4.2 shall be amended by adding a new Section 2.7.4.2.4 as follows:

2.7.4.2.4 The CONTRACTOR shall submit an *Annual Community Outreach Evaluation* of the approved Annual Community Outreach Plan no later than ninety (90) days following the end of a calendar year. The Evaluation shall include, but is not limited to, an assessment of the events that were conducted in the previous year as well as of the objectives that were identified in the CONTRACTOR'S Community Outreach Plan.

11. Section 2.7.6.3.3.5 shall be amended by deleting and replacing the phrase "ten (10) ug/dL" with the phrase "five (5) ug/dL" as follows:

2.7.6.3.3.5 Appropriate laboratory tests (including lead toxicity screening appropriate for age and risk factors). All children are considered at risk and shall be screened for lead poisoning. All children shall receive a screening blood lead test at twelve (12) and twenty-four (24) months of age. Children between the ages of thirty-six (36) months and seventy-two (72) months of age shall receive a screening blood lead test if they have not been previously screened for lead poisoning. A blood lead test shall be used when screening Medicaid-eligible children. A blood lead test equal to or greater than five (5) ug/dL obtained by capillary specimen (finger stick) shall be confirmed by using a venous blood sample; and

12. Section 2.7.6.4.7.1 shall be deleted and replaced as follows:

2.7.6.4.7.1 The CONTRACTOR shall provide follow up for elevated blood lead levels. Determining elevated blood levels requiring follow-up shall be in accordance with current CDC guidelines. Elevated blood lead follow up guidelines include follow up blood tests and investigations to determine the source of lead, when indicated.

13. Section 2.8.2.1.1 shall be deleted and replaced as follows:

2.8.2.1.1 **Level 0-** The members eligible to participate at this Level shall be determined by predictive modeling to meet ALL of the following criteria: no identified health risks; no identified chronic conditions [as identified by the Chronic Condition tool created by the Agency for Healthcare Research and Quality's (AHRQ) HCUP database]; and no indication of pregnancy; or no claims history.

14. Section 2.8.4.6 shall be amended by deleting and replacing the reference from "Sections 2.8.2.3 and 2.8.2.3.1" to "Sections 2.8.2.2 and 2.8.2.2.1".

15. Section 2.8.11 shall be amended by adding a new Section 2.8.11.5 as follows:

2.8.11.5 The CONTRACTOR shall submit at the beginning of each quarter, through the current secure system, a list in Comma Separated Value (CSV) format consisting of the name, ID, DOB, stratification or risk level and dates of eligibility for level for all MCO members.

16. Section 2.8.13 through 2.8.13.6 shall be deleted and replaced as follows:

2.8.13 Milestones for the Sixth Month (January 1 to July 1, 2013) Transition Period from Disease Management to Population Health

2.8.13.1 The CONTRACTOR shall by July 1, 2013 have operationalized Population Health to provide all minimum interventions to enrollees who are not participating in a medical home lock in project, in the appropriate programs.

17. Section 2.9.6.2.3.4 shall be deleted and replaced as follows:

2.9.6.2.3.4 As part of the intake visit, TENNCARE or its designee shall: (1) document and confirm the applicant's current address and phone number(s); (2) provide general CHOICES education and information, as specified by TENNCARE, and assist in answering any questions the applicant may have; (3) provide information about estate recovery; (4) complete Medicaid and level of care (i.e., PAE) applications and provide assistance, as necessary, in gathering documentation needed by the State to determine TennCare eligibility; (5) provide choice counseling and facilitate the selection of an MCO by the applicant or his/her representative; (6) for applicants seeking enrollment in CHOICES Group 1 or Group 2, provide information regarding freedom of choice of nursing facility versus CHOICES HCBS, both verbally and in writing, and obtain a Freedom of Choice form signed and dated by the applicant or his/her representative; (7) provide detailed information and obtain signed acknowledgement of understanding regarding a CHOICES member's responsibility with respect to payment of patient liability amounts, including, as applicable, the potential consequences for non-payment of patient liability which may include loss of the member's current nursing facility or CBRA provider or MCO, disenrollment from CHOICES, and to the extent the member's eligibility is dependent on receipt of long-term care services, possible loss of eligibility for TennCare; (8) for applicants who want to receive NF services, provide information regarding the completion of all PASRR requirements prior to nursing facility admission and conduct the level I PASRR screening; (9) for applicants who are seeking CHOICES HCBS: (a) conduct a risk assessment in accordance with protocols developed by TENNCARE and discuss with the applicant identified risks of receiving care in the home or community-based setting, the consequences of such risks, and strategies to mitigate the identified risks; and (b) provide information regarding consumer direction and obtain signed documentation of the applicant's interest in participating in consumer direction; and (10) provide information regarding next steps in the process including the need for approval by TENNCARE to enroll in CHOICES and the functions of the CONTRACTOR, including that the CONTRACTOR will develop and approve a plan of care.

18. Section 2.9.6.2.3.7 shall be amended by adding a new phrase as follows:

2.9.6.2.3.7 TENNCARE or its designee will make available to the CONTRACTOR the documentation from the intake visit, including but not limited to the member's current address and phone number(s), the member's level of care and needs assessment, the assessment of the member's existing natural support system, the member's risk assessment and documentation of the discussion regarding identified risk and mitigation strategies.

19. Section 2.9.6.3.9 shall be deleted and replaced as follows:

2.9.6.3.9 As part of the face-to-face intake visit, the care coordinator shall: (1) document and confirm the applicant's current address and phone number(s) and assist the member in updating his or her address with DHS or the Social Security Administration, if applicable; (2) provide general CHOICES education and information, as specified by TENNCARE, to the member and assist in answering questions the member may have; (3) provide information about estate recovery; (4) provide assistance, as necessary, in gathering documentation needed by DHS to determine categorical/financial eligibility for LTC; (5) for members seeking enrollment in CHOICES Group 1 or Group 2, provide information regarding freedom of choice of nursing facility versus CHOICES HCBS, both verbally and in writing, and obtain a Freedom of Choice form signed and dated by the member or his/her representative; (6) provide detailed information and signed acknowledgement of understanding regarding a CHOICES member's responsibility with respect to payment of patient liability amounts, including, as applicable, the potential consequences for non-payment of patient liability which may include loss of the member's current nursing facility or CBRA provider or MCO, disenrollment from CHOICES, and to the extent the member's eligibility is dependent on receipt of long-term care services, possible loss of eligibility for TennCare; and (7) for members who want to receive nursing facility services, provide information regarding the completion of all PASRR requirements prior to nursing facility admission and conduct the level I PASRR screening; (8) for members who are seeking CHOICES HCBS, the care coordinator, shall: (a) conduct a risk assessment using a tool and protocol specified by TENNCARE and shall develop, as applicable, a risk agreement that shall be signed and dated by the member or his/her representative and which shall document identified risks to the member, the consequences of such risks, strategies to mitigate the identified risks, and the member's decision regarding his/her acceptance of risk, and which shall also be signed by the care coordinator, attesting that such risks and strategies have been discussed with the member or his/her representative prior to their decision to accept such risk; and (b) provide information regarding consumer direction and obtain written confirmation of the member's decision regarding participation in consumer direction; (9) for members seeking enrollment in Group 2, make a determination regarding whether the person's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care, and provide explanation to the member regarding the individual cost neutrality cap, including that a change in needs or circumstances that would result in the cost neutrality cap being exceeded or that would result in the CONTRACTOR's inability to safely and effectively meet the member's needs in the community and within the cost neutrality cap may result in the member's disenrollment from CHOICES Group 2, in which case, the member's care coordinator will assist with transition to a more appropriate care delivery setting; (10) for members seeking enrollment in Group 3, provide explanation to the member regarding the fifteen thousand dollar (\$15,000) expenditure cap and make a determination whether the member's needs can be safely met within the array of services and supports that would be available if the applicant was enrolled in CHOICES Group 3, including CHOICES HCBS up to the expenditure cap of \$15,000, non-CHOICES HCBS available through TennCare (e.g., home health), services available through Medicare, private insurance or other funding sources, and unpaid supports provided by family members and other caregivers; and (11) for all members, using current information regarding the CONTRACTOR's network, provide information regarding choice of contract providers, subject to the provider's availability and willingness to timely deliver services, and obtain signed documentation of the member's choice of contract providers.

20. Section 2.9.6.3.20 shall be amended by adding a new Section 2.9.6.3.20.2 and renumbering the remaining Section accordingly, including any references thereto:

2.9.6.3.20.2 Notwithstanding the phone number in the 834 file, for purposes of the EVV system (see Section 2.9.6.12.5.), the CONTRACTOR shall use the member's phone number or appropriate alternative phone number as confirmed during the intake visit (see Section 2.9.6.3.9.) and updated (as applicable) during subsequent care coordination contacts (see Section 2.9.6.9.2.1.5), through EVV alert monitoring or other member contacts for all HCBS that will be logged into the EVV system.

21. The renumbered Section 2.9.6.3.20. shall be amended by adding a new Section 2.9.6.3.20.11 as follows:

2.9.6.3.20.11 Upon receiving notification from TENNCARE that a member's eligibility has ended, the CONTRACTOR shall within two (2) business days notify all providers of ongoing HCBS that the member's CHOICES eligibility has ended, which may be accomplished by notification in the EVV system. Such notification shall not be provided in advance of the actual end date of member's CHOICES eligibility, as a prospective end date could be extended.

22. Section 2.9.6.6.2.4 shall be deleted and replaced as follows:

2.9.6.6.2.4 The plan of care developed for CHOICES members in Groups 2 and 3 prior to initiation of CHOICES HCBS shall at a minimum include: (1) pertinent demographic information regarding the member including the member's current address and phone number(s), the name and contact information of any representative and a list of other persons authorized by the member to have access to health care (including long-term care) related information and to assist with assessment, planning, and/or implementation of health care (including long-term care) related services and supports; (2) care, including specific tasks and functions, that will be performed by family members and other caregivers; (3) home health, private duty nursing, and long-term care services the member will receive from other payor sources including the payor of such services; (4) home health and private duty nursing that will be authorized by the CONTRACTOR, except in the case of persons enrolled in CHOICES Group 2 on the basis of Immediate Eligibility who shall have access to services beyond the limited package of CHOICES HCBS (see Section 2.6.1.5.3) only upon determination of categorical and financial eligibility for TennCare; (5) CHOICES HCBS that will be authorized by the CONTRACTOR, including the amount, frequency, duration, and scope (tasks and functions to be performed) of each service to be provided, the schedule at which such care is needed, and the phone number(s) that will be used to log visits into the EVV system, as applicable; members enrolled in CHOICES Group 2 on the basis of Immediate Eligibility shall have access only to a limited package of CHOICES HCBS (see Section 2.6.1.5.3) pending determination of categorical and financial eligibility for TennCare however all identified needed services shall be listed in the plan of care; (6) a detailed back-up plan for situations when regularly scheduled HCBS providers are unavailable or do not arrive as scheduled; the back-up plan may include paid and unpaid supports and shall include the names and telephone numbers of persons and agencies to contact and the services provided by listed contacts; the CONTRACTOR shall assess the adequacy of the back-up plan; and (7) for CHOICES Group 2 members, the projected TennCare monthly and annual cost of home health and private duty nursing identified in (4) above, and the projected monthly and annual cost of

CHOICES HCBS specified in (5) above, and for CHOICES Group 3 members, the projected total cost of CHOICES HCBS specified in (5) above, excluding the cost of minor home modifications.

23. Section 2.9.6.6.2.5.6 and 2.9.6.6.2.5.7 shall be deleted and replaced as follows and Section 2.9.6.6.2.5.8 shall be deleted in its entirety. The remaining Section 2.9.6.6.2.5 shall be renumbered accordingly, including any references thereto.

2.9.6.6.2.5.6 A person-centered statement of goals, objectives and desired health, functional and quality of life outcomes for the member and how CHOICES services are intended to help the member achieve these goals;

2.9.6.6.2.5.7 Description of other services that will be provided to the member, including (1) covered physical health services, including population health services, that will be provided by the CONTRACTOR to help the member maintain or improve his or her physical health status or functional abilities and maximize independence; (2) covered behavioral health services that will be provided by the CONTRACTOR to help the member maintain or improve his or her behavioral health status or functional abilities and maximize independence; (3) other psycho/social support services and assistance needed in order to ensure the member's health, safety and welfare, and as applicable, to delay or prevent the need for more expensive institutional placement; and (4) any non-covered services including services provided by other community resources, including plans to link the member to financial assistance programs including but not limited to housing, utilities and food as needed;

24. The renumbered Section 2.9.6.6.2.5.12 shall be deleted and replaced as follows:

2.9.6.6.2.5.12 Any steps the member and/or representative should take in the event of an emergency that differ from the standard emergency protocol;

2.9.6.6.2.5.12.1 Planning what to do during an emergency shall include, but may not be limited to the following:

2.9.6.6.2.5.12.1.1 Developing an emergency plan;

2.9.6.6.2.5.12.1.2 Creating a plan to have shelter in place when appropriate;

2.9.6.6.2.5.12.1.3 Creating a plan to get to another safe place when appropriate; and

2.9.6.6.2.5.12.1.4 Identifying, when possible, two ways out of every room in case of fire.

2.9.6.6.2.5.12.2 Identify any additional steps the member and/or representative should take in the event of an emergency.

25. **Section 2.9.6.6.2.6 shall be amended by adding additional language as follows:**
- 2.9.6.6.2.6 The member's care coordinator/care coordination team shall ensure that the member reviews, signs and dates the plan of care as well as any substantive updates, including but not limited to any changes in the amount, duration or type of HCBS that will be provided. The care coordinator shall also sign and date the plan of care, along with any substantive updates. The plan of care shall be updated and signed by the member and the care coordinator annually and any time the member experiences a significant change in needs or circumstances (see Section 2.9.6.9.2.1.16).
26. **Section 2.9.6.6.2.6 shall be amended by adding a new Section 2.9.6.6.2.6.4 which shall read as follows:**
- 2.9.6.6.2.6.4 Instances in which a member's signature is not required are limited to: 1) member-initiated schedule changes to the POC that do not alter the level of services (i.e. the amount, duration or type of services) detailed in the current POC for the member; 2) changes in the provider agency that will deliver services that do not alter the level of services (i.e. the amount, duration or type of services) detailed in the current POC for the member; however, all schedule changes must be member-initiated; 3) changes in the member's current address and phone number(s) or the phone number(s) that will be used to log visits into the EVV system; or 4) instances as permitted pursuant to TennCare policies and protocols. Documentation of such changes shall be maintained in the member's records.
27. **Section 2.9.6.8.26.4 and 2.9.6.8.26.4.1 shall be deleted in their entirety and the remaining Section 2.9.6.8 shall be renumbered accordingly, including any references thereto.**
28. **Section 2.9.6.9.2.1 shall be amended by adding a new Section 2.9.6.9.2.1.5 as follows and renumbering the remaining Section accordingly, including any references thereto.**
- 2.9.6.9.2.1.5 Document and confirm the applicant's current address and phone number(s) or appropriate alternative phone number(s) that the member's service provider will use to call in/out for the purpose of logging visits into the EVV system, and assist the member in updating his or her address with DHS or the Social Security Administration, if applicable;
29. **Section 2.9.6.9.4.3.7 shall be amended by deleting the phrase "or Group 3".**
30. **Section 2.9.6.9.4.3 shall be amended by adding a new Section 2.9.6.9.4.3.8 as follows and renumbering the remaining Section accordingly, including any references thereto.**
- 2.9.6.9.4.3.8 Members in CHOICES Group 3 shall be contacted by their care coordinator at least quarterly (more frequently when appropriate based on the member's needs and/or request which shall be documented in the plan of care). Such contacts shall be either in person or by telephone with an interval of at least sixty (60) days between contacts. These members shall be visited in their residence face-to-face by their care coordinator at least semi-annually (more frequently when appropriate based on the member's needs and/or request which shall be documented in the plan of care) with an interval of at least one hundred-twenty (120) days between visits.

31. Section 2.9.6.10.16 shall be deleted and replaced as follows:

2.9.6.10.16 If at anytime abuse or neglect is suspected, the member’s care coordinator or the FEA shall report the allegations to the CONTRACTOR within 24 hours in accordance with the CONTRACTOR’s abuse and neglect plan protocols. The notification shall include at a minimum: the member name; date of allegation reported and/or identified; description of issue; measures taken to mitigate risk; status of reporting to CPS or APS, as appropriate. If the allegation is in reference to a worker or representative, the FEA shall contact the member/representative to immediately release the worker or representative from his/her duties until the investigation is complete. The FEA shall notify the CONTRACTOR regarding this communication with the member/representative and the member or representative’s decision. The care coordinator shall work with the member to find a new representative and the FEA shall work with the member to find a suitable replacement worker, if applicable. If the allegations are substantiated as a result of the investigation, the representative or worker shall no longer be allowed to participate in the CHOICES program as a representative or worker. If the investigation is inconclusive, the member may elect to retain the worker or representative. The member’s care coordinator, with appropriate assistance from the FEA, shall make any updates to the member’s plan of care and/or risk assessment/risk agreement deemed necessary to help ensure the member’s health and safety, and shall provide, at least annually, education of the member and his/her representative of the risk of, and signs and symptoms of, abuse and neglect. The CONTRACTOR may initiate action to involuntary disenroll the member from consumer direction at any time the CONTRACTOR feels that the member’s decisions or actions constitute unreasonable risk such that the member’s needs can no longer be safely and effectively met in the community while participating in consumer direction.

32. Section 2.9.6.11.6.2 through 2.9.6.11.6.4 shall be deleted and replaced as follows and the remaining Section 2.9.6.11.6 shall be renumbered accordingly, including any references thereto.

2.9.6.11.6.2 Each CHOICES Group 2 member shall be factored into the weighted caseload and staffing ratio calculations utilizing an acuity level of two and one-half (2.5);

2.9.6.11.6.3 Each CHOICES Group 3 member shall be factored into the weighted caseload and staffing ratio calculations utilizing an acuity level of one and three quarters (1.75);

2.9.6.11.6.4 Using the delineated acuity factors, the following provides examples of the composition of caseloads with a weighted value of 125:

CHOICES Group 1	CHOICES Group 2	CHOICES Group 3	Total CHOICES Members on Caseload
125	0		125
100	10		110
50	9	30	89
25	26	20	71
0	50		50

2.9.6.11.6.5 Using the delineated acuity factors, the following delineates the composition of caseloads with a weighted value of 175:

CHOICES Group 1	CHOICES Group 2	CHOICES Group 3	Total CHOICES Members on Caseload
175	0		175
125	10		110
75	19	30	124
50	36	20	106
0	70		70

33. Section 2.9.6.12 shall be amended by adding new Sections 2.9.6.12.3 through 2.9.6.12.4.4 as follows and renumbering the remaining Section accordingly, including any references thereto.

2.9.6.12.3 The CONTRACTOR shall oversee its selected EVV vendor to ensure the EVV system operates in compliance with this Agreement, and with policies and protocols established by TENNCARE. The CONTRACTOR shall notify TENNCARE within five (5) business days of the identification of any issue affecting EVV system operation which impacts the CONTRACTOR's performance of this Agreement, including actions that will be taken by the CONTRACTOR to resolve the issue and the specific timeframes within which such actions will be completed.

2.9.6.12.4 The CONTRACTOR shall establish business processes and procedures which shall include a standard process by which providers may notify the CONTRACTOR of exceptions for which an action by the CONTRACTOR is required for resolution and shall maintain an adequate number of qualified, trained staff to support the operation of the EVV system. These staff will ensure that:

2.9.6.12.4.1 Authorizations as defined pursuant to 2.9.6.2.5.12. are entered into the EVV system timely and accurately, including any changes in such authorizations based on changes in the member's plan of care.

2.9.6.12.4.2 Authorizations provided by the CONTRACTOR outside the EVV system are consistent with authorizations entered by the CONTRACTOR into the EVV system and with the member's currently approved plan of care.

2.9.6.12.4.3 Any actions required by the CONTRACTOR to resolve exceptions in the EVV system, e.g., a change in the service authorization, are completed within three (3) business days so that claims for services can be submitted for payment.

2.9.6.12.4.4 The CONTRACTOR monitors on an ongoing basis and reports to TENNCARE upon request, the total volume of CHOICES HCBS that have been provided but not reimbursed due to issues with the EVV system or due to individual exceptions, and proactively works with providers and the FEA to ensure that issues are corrected and exceptions are resolved as expeditiously as possible and within the timeframes specified above in order to provide payment as appropriate for services delivered.

34. **The renumbered Section 2.9.6.12.5 shall be amended by deleting the phrase “homemaker services”.**
35. **Section 2.9.6.12 shall be amended by adding a new Section 2.9.6.12.7 as follows and renumbering the remaining Section accordingly, including any references thereto.**
- 2.9.6.12.7 Notwithstanding the phone number in the 834 file, the CONTRACTOR shall use the member’s phone number or appropriate alternative phone number as confirmed during the intake visit (see Section 2.9.6.3.9.) and updated (as applicable) during subsequent care coordination contacts (see Section 2.9.6.9.2.1.5.) for all HCBS that will be logged into the EVV system.
36. **Section 2.9.7.1.1 shall be amended by deleting “homemaker,” in the first sentence.**
37. **Section 2.9.8 shall be deleted and replaced as follows:**
- 2.9.8 **Money Follows the Person (MFP) Rebalancing Demonstration**
- 2.9.8.1 General
- 2.9.8.1.1 The MFP Rebalancing Demonstration provisions set forth in this Agreement, including but not limited to this Section 2.9.8 and MFP reporting requirements in Section 2.30 shall not apply to TennCare Select unless TENNCARE notifies the CONTRACTOR otherwise. Should TENNCARE assign enrollees to TennCare Select in accordance with this Contract, including Section 2.4.4.3.4, to serve as a backup if other MCOs fail or are deemed by TENNCARE to have inadequate MCO capacity, TENNCARE will notify TennCare Select of the applicability of the MFP provisions.
- 2.9.8.1.2 The CONTRACTOR shall, in accordance with this Agreement and federal and State laws, regulations, policies and protocols, assist Eligible Individuals living in a Qualified Institution in transitioning to a Qualified Residence in the community under the State’s MFP Rebalancing Demonstration (MFP).
- 2.9.8.1.3 Eligible Individuals transitioning to a Qualified Residence in the community and consenting to participate in MFP shall be transitioned from CHOICES Group 1 into CHOICES Group 2 pursuant to TennCare policies and protocols for Nursing Facility-to-community transitions and shall also be enrolled into MFP. For persons enrolled in CHOICES who are also participating in MFP, the CONTRACTOR shall comply with all applicable provisions of this Agreement pertaining to the CHOICES program. This section sets forth additional requirements pertaining to the CONTRACTOR’s responsibilities specifically as it relates to MFP.
- 2.9.8.1.4 For CHOICES Group 1 members not eligible to participate in MFP or who elect not to participate in MFP, the CONTRACTOR shall nonetheless facilitate transition to the community as appropriate and in accordance with 2.9.6.8.
- 2.9.8.1.5 The CONTRACTOR shall not delay a CHOICES Group 1 member’s transition to the community in order to meet the ninety (90)-day minimum stay in a Qualified Institution established under ACA and enroll the person into MFP.

2.9.8.2 Identification of MFP Participants

- 2.9.8.2.1 The CONTRACTOR shall identify members who may have the ability and/or desire to transition from a nursing facility to the community in accordance with Section 2.9.6.8.
- 2.9.8.2.2 The CONTRACTOR shall assess all nursing facility residents transitioning from the NF to CHOICES Group 2 for participation in MFP. This includes CHOICES Group 1 members referred for transition, as well as nursing facility residents referred for CHOICES who are not yet enrolled in CHOICES Group 1 but may be determined eligible for Group 1, and who have expressed a desire to move back into the community. However, the resident must actually be enrolled into Group 1 in order to qualify for MFP.
- 2.9.8.2.3 Members may only elect to participate in MFP and the CONTRACTOR may only enroll a member into MFP prior to the member's transition from the nursing facility to the community. Members will not be eligible to enroll in MFP if they have already transitioned out of the nursing facility.

2.9.8.3 Eligibility/Enrollment into MFP

- 2.9.8.3.1 Member participation in MFP is voluntary. Members may deny consent to participate in MFP or may withdraw consent to participate in MFP at any time without affecting their enrollment in CHOICES.
- 2.9.8.3.2 If a member withdraws from MFP, he cannot participate in MFP again without meeting the eligibility requirements for enrollment into MFP (e.g., following a ninety (90)-day stay in a Qualified Institution).
- 2.9.8.3.3 Only CHOICES Group 1 members who qualify to enroll in CHOICES Group 2 shall be eligible to transition to Group 2 and enroll into MFP.
- 2.9.8.3.4 In addition to facilitating transition from CHOICES Group 1 to CHOICES Group 2 pursuant to Section 2.9.6.8 of this Agreement and TENNCARE's policies and protocols, the CONTRACTOR shall facilitate the enrollment of Eligible Individuals who consent into MFP.
- 2.9.8.3.5 The member's care coordinator or, if the CONTRACTOR elects to use transition teams, a person who meets the qualifications of a care coordinator shall, using information provided by TENNCARE, provide each potential MFP participant with an overview of MFP and answer any questions the participant has. The CONTRACTOR shall have each potential MFP participant or his authorized representative, as applicable, sign an MFP Informed Consent Form affirming that such overview has been provided by the CONTRACTOR and documenting the member's decision regarding MFP participation.
- 2.9.8.3.6 Once a potential MFP participant has consented to participate in MFP, the CONTRACTOR shall notify TENNCARE within two (2) business days via the TENNCARE PreAdmission Evaluation System (TPAES) unless otherwise directed by TENNCARE, and shall maintain supporting documentation as specified by TENNCARE that shall be made available to TENNCARE upon request.
- 2.9.8.3.7 The CONTRACTOR shall verify that each potential MFP participant is an Eligible Individual and shall provide attestation thereof to TENNCARE. The CONTRACTOR shall enter all required data elements into TPAES unless otherwise directed by TENNCARE, and shall

maintain supporting documentation as specified by TENNCARE that shall be made available to TENNCARE upon request.

- 2.9.8.3.8 The CONTRACTOR shall verify that each potential MFP participant will transition into a Qualified Residence in the community and shall provide attestation thereof to TENNCARE. The CONTRACTOR shall enter all required data elements into TPAES unless otherwise directed by TENNCARE and shall maintain supporting documentation as specified by TENNCARE that shall be made available to TENNCARE upon request.
- 2.9.8.3.9 Final determinations regarding whether a member can enroll into MFP shall be made by TENNCARE based on information provided by the CONTRACTOR.
- 2.9.8.3.10 TENNCARE may request and the CONTRACTOR shall submit in a timely manner additional documentation as needed to make such determination. Documentation submitted by the CONTRACTOR may be verified, to the extent practicable, by other information, either prior or subsequent to enrollment in MFP, including eligibility, claims and encounter data.

2.9.8.4 Participation in MFP

- 2.9.8.4.1 The participation period for MFP is 365 days. This includes all days during which the member resides in the community, regardless of whether CHOICES HCBS are received each day. Days are counted consecutively except for days during which the member is admitted to an inpatient facility.
- 2.9.8.4.2 The participation period for MFP does not include any days during which the member is admitted to an inpatient facility.
- 2.9.8.4.3 MFP participation will be “suspended” in the event a member is re-admitted for a short-term inpatient facility stay. Member will not have to re-qualify for MFP regardless of the number of days the member is in the inpatient facility, and shall be re-instated in MFP upon return to a Qualified Residence in the community.
- 2.9.8.4.4 It may take longer than 365 calendar days to complete the 365-day MFP participation period days since a member’s participation period may be interrupted by one or more inpatient facility stays.
- 2.9.8.4.5 For MFP participants, a significant change in circumstances (see 2.9.6.9.2.1.16.) shall include any admission to an inpatient facility, including a hospital, psychiatric hospital, PRTF, nursing facility or Medicare-certified Skilled Nursing Facility. The member’s Care Coordinator shall (pursuant to 2.9.6.2.4) visit the member face-to-face within five (5) business days of any inpatient facility admission and shall assess the member’s needs, conduct a comprehensive needs assessment and update the member’s plan of care, including the member’s Risk Agreement, as deemed necessary based on the member’s needs and circumstances. If the visit is conducted in the inpatient facility, the CONTRACTOR may elect to have someone who meets the qualifications of a Care Coordinator complete the required face-to-face visit and conduct a comprehensive needs assessment, in which case, the qualified individual conducting the face-to-face visit shall coordinate with the member’s Care Coordinator to update the member’s plan of care, including the member’s Risk Agreement, as deemed necessary based on the member’s needs and circumstances.

Amendment 32 (cont.)

- 2.9.8.4.6 The CONTRACTOR shall review the circumstances which resulted in the inpatient facility admission and shall evaluate whether the services and supports provided to the member are sufficient to safely meet his needs in the community such that continued participation in CHOICES Group 2 and in MFP is appropriate.
- 2.9.8.4.7 The CONTRACTOR shall notify TENNCARE within five (5) business days of admission any time a member is admitted to an inpatient facility. Such notification shall be made via TPAES unless otherwise directed by TENNCARE. The CONTRACTOR shall maintain supporting documentation as specified by TENNCARE that shall be made available to TENNCARE upon request.
- 2.9.8.4.7.1 For purposes of MFP, admission for observation (which is not considered inpatient care) shall not be considered admission to an inpatient facility. Nor shall participation in MFP be suspended during observation days.
- 2.9.8.4.8 The CONTRACTOR shall be involved in discharge planning on behalf of any MFP participant admitted to an inpatient facility.
- 2.9.8.4.9 The CONTRACTOR shall notify TENNCARE within two (2) business days when an MFP participant is discharged from a short-term stay in an inpatient facility. Such notification shall include whether the member is returning to the same Qualified Residence in which he lived prior to the inpatient stay, or a different residence which shall also be a Qualified Residence. Such notification shall be made via TPAES unless otherwise directed by TENNCARE. The CONTRACTOR shall maintain supporting documentation as specified by TENNCARE that shall be made available to TENNCARE upon request.
- 2.9.8.4.10 If at any time during the member's participation in MFP, the member changes residences, including instances in which the change in residences occurs upon discharge from an inpatient facility stay, the CONTRACTOR shall: 1) notify TENNCARE within two (2) business days of the change in residence; 2) verify that the new residence is a Qualified Residence; and 3) provide attestation thereof to TENNCARE. The CONTRACTOR shall enter all required data elements into TPAES unless otherwise directed by TENNCARE, and shall maintain supporting documentation as specified by TENNCARE that shall be made available to TENNCARE upon request.
- 2.9.8.4.11 The CONTRACTOR shall track the member's residency throughout the 365-day MFP participation period. In addition, the CONTRACTOR shall, for purposes of facilitating completion of Quality of Life surveys, continue to track MFP participants' residency for two (2) years following transition to the community which may be up to one (1) year following completion of the MFP participation period, or until the member is no longer enrolled in the CONTRACTOR's health plan.
- 2.9.8.4.12 The CONTRACTOR shall, using a template provided by TENNCARE, issue a written notice of MFP participation to each member enrolled in MFP which shall not occur prior to transition from CHOICES Group 1 to CHOICES Group 2. Such notice shall be issued within ten (10) business days of notification from TENNCARE via the outbound 834 enrollment file furnished by TENNCARE to the CONTRACTOR that the member is enrolled in MFP.
- 2.9.8.4.13 The CONTRACTOR shall, using a template provided by TENNCARE, issue a written notice to each member upon conclusion of the 365-day participation period. Such notice shall be issued within ten (10) business days of notification from TENNCARE via the outbound 834

enrollment file furnished by TENNCARE to the CONTRACTOR that the member is no longer enrolled in MFP.

- 2.9.8.4.14 A member who successfully completes 365-day participation period for MFP and is subsequently re-institutionalized may qualify to participate in MFP again but must first meet the “Eligible Individual” criteria. There shall be a minimum of ninety (90) days between MFP participation occurrences. Prior to enrollment in a second MFP occurrence, the care coordinator shall assess the reason for the re-institutionalization to determine if the member is an appropriate candidate for re-enrollment in MFP and if so, shall develop a plan of care (including a Risk Agreement) that will help to ensure that appropriate supports and services are in place to support successful transition and permanency in the community.

2.9.8.5 Plan of Care

- 2.9.8.5.1 For members participating in the MFP, the Plan of Care shall reflect that the member is an MFP participant, including the date of enrollment into MFP (i.e., date of transition from CHOICES Group 1 to CHOICES Group 2).
- 2.9.8.5.2 Upon conclusion of the member’s 365-day participation period in MFP, the Plan of Care shall be updated to reflect that he is longer participating in MFP.

2.9.8.6 Services

- 2.9.8.6.1 A member enrolled in MFP shall be simultaneously enrolled in CHOICES Group 2 and shall be eligible to receive covered benefits as described in 2.6.1.

2.9.8.7 Continuity of Care

- 2.9.8.7.1 Upon completion of a person’s 365-day participation in MFP, services (including CHOICES HCBS) shall continue to be provided in accordance with the covered benefits described in 2.6.1 and the member’s plan of care. Transition from participation in MFP and CHOICES Group 2 to participation *only* in CHOICES Group 2 shall be seamless to the member, except that the CONTRACTOR shall be required to issue notice of the member’s conclusion of his 365-day MFP participation period.

2.9.8.8 Level of Care and Short-Term Nursing Facility Stay in MFP

- 2.9.8.8.1 In order to enroll in MFP, a member must meet NF LOC. Group 3 members are not eligible for MFP.
- 2.9.8.8.2 A CHOICES Group 2 member participating in MFP who meets the nursing facility level of care in place at the time of admission may be admitted for an inpatient short-term nursing facility stay during his 365-day participation period and remain enrolled in MFP regardless of the number of days the member is admitted for inpatient facility care.
- 2.9.8.8.3 MFP participants admitted for short-term nursing facility stays shall be re-instated in MFP upon discharge and return to a Qualified Residence in the community. The member is not required to meet the ninety (90) day residency requirement criteria for re-instatement into MFP.

Amendment 32 (cont.)

- 2.9.8.8.4 If the short-term stay will exceed ninety (90) days, the CONTRACTOR shall facilitate transition from CHOICES Group 2 to CHOICES Group 1.
- 2.9.8.8.5 The member's care coordinator shall monitor the member's inpatient stay and shall visit the member face-to-face at least monthly during the inpatient stay or more frequently as necessary to facilitate timely and appropriate discharge planning.
- 2.9.8.8.6 The CONTRACTOR shall conduct a Transition Assessment and develop a Transition Plan (see Section 2.9.6.8) as necessary to facilitate the member's return to the community. Such assessment shall include a review of the circumstances which resulted in the nursing facility admission and shall evaluate whether the services and supports provided to the member are sufficient to safely meet his needs in the community such that transition back to CHOICES Group 2 and continued participation in MFP is appropriate. The CONTRACTOR shall update the member's plan of care, including the member's Risk Agreement, as deemed necessary based on the member's needs and circumstances.
- 2.9.8.8.7 Upon discharge from the short-term stay, within one (1) business day, the care coordinator shall visit the member in his/her Qualified Residence. During the ninety (90) days following transition and re-instatement into MFP, the care coordinator shall conduct monthly face-to-face in-home visits to ensure that the plan of care is being followed, that the plan of care continues to meet the member's needs, and the member has successfully transitioned back to the community.
- 2.9.8.8.8 MFP participants admitted for short-term nursing facility stays shall be re-instated in MFP upon discharge and return to a Qualified Residence in the community. The member is not required to meet the ninety (90) day residency requirement criteria for re-instatement into MFP.
- 2.9.8.8.9 Days that are spent in an inpatient facility, including short-term nursing facility stays, do not count as part of the member's 365-day MFP participation period.
- 2.9.8.9 TPAES
- 2.9.8.9.1 The CONTRACTOR shall use the TENNCARE PreAdmission Evaluation System (TPAES) to facilitate enrollments into and transitions between LTC programs, including CHOICES and the State's MFP Rebalancing Demonstration (MFP), and shall comply with all data collection processes and timelines established by TENNCARE in policy or protocol in order to gather data required to comply with tracking and reporting requirements pertaining to MFP. This shall include (but is not limited to) attestations pertaining to Eligible Individual and Qualified Residence, changes of residence, inpatient facility admissions and discharges, reasons for re-institutionalization, and reasons for disenrollment from MFP.
- 2.9.8.10 IT requirements
- 2.9.8.10.1 Pursuant to Section 2.23 of this Agreement, the CONTRACTOR shall modify its information systems to accommodate, accept, load, utilize and facilitate accurate and timely reporting on information submitted to by TENNCARE via the outbound 834 file that will identify MFP participants, as well as those MFP participants in suspended status during an inpatient admission.

Amendment 32 (cont.)

2.9.8.11 Case Management System

2.9.8.11.1 The CONTRACTOR’s case management system (see Section 2.9.6.12.7) shall identify persons enrolled in MFP and shall generate reports and management tools as needed to facilitate and monitor compliance with contract requirements and timelines.

2.9.8.12 MFP Readiness Review

2.9.8.12.1 Prior to implementation of MFP, as determined by TENNCARE, the CONTRACTOR shall demonstrate to TENNCARE’s satisfaction that the CONTRACTOR is able to meet all of the requirements pertaining to MFP set forth in this Agreement.

2.9.8.12.2 The CONTRACTOR shall cooperate in a “readiness review” conducted by TENNCARE to review the CONTRACTOR’s readiness to fulfill its obligations regarding MFP in accordance with the Agreement. This review may include, but is not limited to, desk and on-site review of documents provided by the CONTRACTOR, a walk-through of the CONTRACTOR’s operations, system demonstrations (including systems connectivity testing), and interviews with CONTRACTOR’s staff. The scope of the review may include any and all MFP requirements of the Agreement as determined by TENNCARE.

2.9.8.12.3 Based on the results of the review activities, TENNCARE will issue a letter of findings and, if needed, will request a corrective action plan from the CONTRACTOR.

2.9.8.13 MFP Benchmarks

2.9.8.13.1 The CONTRACTOR shall assist TENNCARE in meeting the five (5) annual benchmarks established for the MFP Rebalancing Demonstration which are described below in Sections 2.9.8.13.1.1 through 2.9.8.13.1.5.

2.9.8.13.1.1 *Benchmark # 1: Number of Persons Transitioned*

2.9.8.13.1.1.1 Assist the projected number of eligible individuals in each target group in successfully transitioning from an inpatient facility to a qualified residence during each year of the demonstration. Projected numbers:

Calendar Year	# of Elderly Transitioned	# of Disabled Adults Transitioned
2011	27	23
2012	206	169
2013	234	193
2014	261	214
2015	234	191
2016	206	169

2.9.8.13.1.1.2 Immediately prior to implementation of MFP and at the beginning of each calendar year thereafter, statewide calendar year numbers for benchmark #1 will be allocated on a regional basis to each MCO operating in the region, based on the number of persons in CHOICES Group 1. For purposes of incentive payments (see Section 3.11), achievement of this benchmark shall be determined on a regional basis by MCO.

Amendment 32 (cont.)

2.9.8.13.1.2 *Benchmark #2: Qualified Expenditures for HCBS*

2.9.8.13.1.2.1 Increase the amount and percentage of Medicaid spending for qualified home and community based long-term care services during each year of the demonstration.

2.9.8.13.1.2.2 For purposes of incentive payments (see Section 3.11), achievement of this benchmark shall be determined on a statewide basis.

2.9.8.13.1.3 *Benchmark #3: Increased Amount and Percentage of HCBS Participants*

2.9.8.13.1.3.1 Increase the number and percentage of individuals who are elderly and adults with physical disabilities receiving Medicaid-reimbursed long-term care services in home and community based (versus institutional) settings during each year of the demonstration.

2.9.8.13.1.3.2 For purposes of incentive payments (see Section 3.11), achievement of this benchmark shall be determined on a regional basis by MCO.

2.9.8.13.1.4 *Benchmark #4: Increase Unduplicated Contracted Community Based Residential Alternative*

2.9.8.13.1.4.1 Increase the number of unduplicated licensed CBRA's contracted with MCOs Statewide to provide HCBS in the CHOICES program during each year of the demonstration. Providers enrolled with more than one (MCO) or in more than one region shall only be counted once. Proposed numbers:

Calendar Year	# of MCO Contracted CBRA's Statewide
2011	70
2012	74
2013	78
2014	82
2015	86
2016	90

2.9.8.13.1.4.2 For purposes of incentive payments (See Section 3.11), achievement of this benchmark shall be determined on a statewide basis.

2.9.8.13.1.5 *Benchmark #5: Increase Participation in Consumer Direction*

2.9.8.13.1.5.1 Increase the number of persons receiving Medicaid-reimbursed HCBS participating in consumer direction for some or all services during each year of the demonstration. Projected numbers:

Calendar Year	# in Consumer Direction
2011	600
2012	900
2013	1,150
2014	1,400
2015	1,550
2016	1,650

2.9.8.13.1.5.2 Immediately prior to implementation of MFP and at the beginning of each calendar year thereafter, statewide calendar year numbers for benchmark #5 will be allocated on a regional basis to each MCO operating in the region, based on the number of persons in CHOICES Group 2 and Group 3. For purposes of incentive payments (see Section 3.11), achievement of this benchmark shall be determined on a regional basis by MCO.

38. Section 2.9.11.1 shall be deleted and replaced as follows:

2.9.11.1 Except as provided in Section 2.6.1.3, the CONTRACTOR is not responsible for the provision of pharmacy benefits; TENNCARE contracts with a pharmacy benefits manager (PBM) to provide these services. However, the CONTRACTOR shall maintain an agreement with the PBM for the purpose of making payment to the PBM on behalf of TENNCARE for TennCare covered services. This requirement does not impose any further responsibilities on the CONTRACTOR regarding the provider’s and/or provider’s claims that are reimbursed through this payment structure. The CONTRACTOR shall not be at risk for payment made to the TennCare contracted PBM (see Section 3). The CONTRACTOR shall coordinate with the PBM as necessary to ensure that members receive appropriate pharmacy services without interruption. The CONTRACTOR shall monitor and manage its contract providers as it relates to prescribing patterns and its members as it relates to utilization of prescription drugs. The CONTRACTOR shall participate in regularly scheduled meetings with the PBM and TENNCARE to discuss operational and programmatic issues.

39. Section 2.9.15 through 2.9.15.3 shall be deleted and replaced as follows:

2.9.15 ICF/IID Services and Alternatives to ICF/IID Services

2.9.15.1 The CONTRACTOR is not responsible for services in an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) or for services provided through Home and Community Based Services (HCBS) waivers as an alternative to ICF/IID services (hereinafter referred to as “HCBS ID waiver”). However, to the extent that services available to a member through a HCBS ID waiver are also covered services pursuant to this Agreement, the CONTRACTOR shall be responsible for providing all medically necessary covered services. HCBS ID waiver services may supplement, but not supplant, medically necessary covered services. ICF/IID services and HCBS ID waiver services shall be provided

to qualified members as described in TennCare rules and regulations through contracts between TENNCARE and appropriate providers.

- 2.9.15.2 The CONTRACTOR is responsible for covered services for members residing in an ICF/IID or enrolled in a HCBS ID waiver. For members residing in an ICF/IID, the CONTRACTOR is responsible for providing covered services that are not included in the per diem reimbursement for institutional services (e.g., prosthetics, some items of durable medical equipment, non-emergency ambulance transportation, and non-emergency transportation). Except as provided below for NEMT, for members enrolled in a HCBS ID waiver, the CONTRACTOR shall provide all medically necessary covered services, including covered services that may also be provided through the HCBS ID waiver. The HCBS ID waiver is the payor of last resort. However, the CONTRACTOR is not responsible for providing non-emergency medical transportation (NEMT) to any service that is being provided to the member through the HCBS ID waiver.
- 2.9.15.3 The CONTRACTOR shall coordinate the provision of covered services with services provided by ICF/IID and HCBS ID waiver providers to minimize disruption and duplication of services.

40. Section 2.11.1.10 shall be deleted and replaced as follows:

- 2.11.1.10 The CONTRACTOR shall monitor provider compliance with access requirements specified in Attachment III, including but not limited to appointment and wait times and take corrective action for failure to comply. The CONTRACTOR shall maintain an emergency/contingency plan in the event that a large provider of services collapses or is otherwise unable to provide needed services and shall conduct surveys and office visits to monitor compliance with appointment waiting time standards and shall report findings and corrective actions to TENNCARE in accordance with Section 2.30.8.2.

41. Section 2.12.9.15 shall be amended by adding a new sentence to the end of the existing text as follows:

- 2.12.9.15 Include a statement that as a condition of participation in TennCare, enrollees and providers shall give TENNCARE or its authorized representative, the Office of the Comptroller of the Treasury, and any health oversight agency, such as OIG, TBI MFCU, DHHS Office of Inspector General (DHHS OIG), and DOJ, and any other authorized state or federal agency, access to their records. Said records shall be made available and furnished immediately upon request by the provider for fiscal audit, medical audit, medical review, utilization review, and other periodic monitoring as well as for administrative, civil and criminal investigations or prosecutions upon the request of an authorized representative of the CONTRACTOR, TENNCARE or authorized federal, state and Office of the Comptroller of the Treasury personnel, including, but not limited to, the OIG, the TBI MFCU, the DHHS OIG and the DOJ. Said records are to be provided by the provider at no cost to the requesting agency;

42. Section 2.12 shall be amended by adding a new Section 2.12.15 as follows and renumbering the remaining Sections accordingly, including any references thereto.

2.12.15 The CONTRACTOR shall maintain an agreement with the PBM for the purpose of making payment to the PBM on behalf of TENNCARE for TennCare covered services. The agreement shall be in accordance with an approved template provided by TENNCARE. The CONTRACTOR shall not be at risk for payment made to the TennCare contracted PBM (see Section 3).

43. Section 2.13 shall be amended by adding a new Section 2.13.10 as follows and renumbering the remaining Sections accordingly, including any references thereto.

2.13.10 Payment to TennCare PBM

2.13.10.1 The CONTRACTOR shall make payment to the PBM on behalf of TENNCARE for TennCare covered services. The CONTRACTOR shall not be at risk for payment made to the TennCare contracted PBM (see Section 3). The CONTRACTOR shall adhere to the following process for payments to the PBM:

2.13.10.1.1 The CONTRACTOR shall maintain a separate bank account for the funds transfer from TENNCARE for purposes of payment to the PBM.

2.13.10.1.2 The CONTRACTOR shall receive a weekly invoice from the PBM for services rendered by the PBM.

2.13.10.1.3 The CONTRACTOR shall invoice TENNCARE for the cost of the payments to be made to the PBM based on the weekly PBM invoice as well as any associated regulatory costs.

2.13.10.1.4 The CONTRACTOR shall make payment to the PBM in the full amount of the funds transfer from TENNCARE no later than the Friday following receipt of the funds from TENNCARE unless extended by TENNCARE due to unforeseen circumstances or bank holidays.

44. Section 2.15.1.1 shall be deleted and replaced as follows:

2.15.1.1 The CONTRACTOR shall have a written Quality Management/Quality Improvement (QM/QI) program that clearly defines its quality improvement structures and processes and assigns responsibility to appropriate individuals. Program documents must include all of the elements listed below and shall include a separate section on CHOICES care coordination. This QM/QI program shall use as a guideline the current NCQA Standards and Guidelines for the Accreditation of MCOs and shall include the CONTRACTOR's plan for improving patient safety. This means at a minimum that the QM/QI program shall:

45. Section 2.15.2.1 shall be amended by adding the words “, annual evaluation” in the last sentence as follows:

2.15.2.1 The CONTRACTOR shall have a QM/QI committee which shall include medical, behavioral health, and long-term care staff and contract providers (including medical, behavioral health, and long-term care providers). This committee shall analyze and evaluate the results of QM/QI activities, recommend policy decisions, ensure that providers are involved in the QM/QI program, institute needed action, and ensure that appropriate follow-up occurs. This committee shall also review and approve the QM/QI program description, annual evaluation

and associated work plan prior to submission to TENNCARE as required in Section 2.30.12.1, Reporting Requirements.

46. Section 2.17.1.1 shall be deleted and replaced as follows:

2.17.1.1 The CONTRACTOR shall submit to TENNCARE for review and prior written approval all materials that will be distributed to members (referred to as member materials). Should the CONTRACTOR decide to contract with either a subcontractor or its providers to create and/or distribute member materials, the materials shall not be distributed to members unless the materials have been submitted to TENNCARE by the CONTRACTOR for review and prior written approval. Member Materials include, but are not limited to member handbooks, provider directories, member newsletters, identification cards, fact sheets, notices, brochures, form letters, mass mailings, system generated letters and any other additional, but not required, materials and information provided to members designed to promote health and/or educate members.

47. Section 2.17.2 shall be amended by adding a new Section 2.17.2.3 and renumbering the remaining Section 2.17.2 as follows, including any reference thereto.

2.17.2.3 Articles and/or informational material included in written materials such as newsletters, brochures, etc. shall be limited to approximately 200 words for purposes of readability unless otherwise approved in writing by TENNCARE;

48. Section 2.17.4.7.18 shall be deleted and replaced as follows:

2.17.4.7.18 Shall include notice of the right to file a discrimination complaint as provided for by applicable federal and state civil rights laws, including but not limited to, Title VI of the Civil Rights Act of 1964, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and Titles II and III of the Americans with Disabilities Act of 1990, and a complaint form on which to do so. The notice shall be considered a Vital Document and shall be available at a minimum in the English and Spanish languages;

49. Section 2.17.5.3.5 shall be deleted and replaced as follows:

2.17.5.3.5 A notice of the right to file a discrimination complaint, as provided for by applicable federal and state civil rights laws, including, but not limited to Title VI of the Civil Rights Act of 1964, the Age Discrimination Act of 1975, Title IX of the Education amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and Titles II and III of the Americans with Disabilities Act of 1990 and a complaint form on which to do so. The notice shall be considered a Vital Document and shall be available at a minimum in the English and Spanish languages;

50. Section 2.18.1.3 shall be deleted and replaced as follows:

2.18.1.3 The member services information line shall handle calls from individuals with LEP and individuals with disabilities, including, but not limited to individuals with hearing and/or speech disabilities.

51. Sections 2.20.1.7 through 2.20.1.7.3 shall be deleted and replaced as follows:

- 2.20.1.7 The CONTRACTOR is prohibited from taking any actions to recoup or withhold improperly paid funds already paid or potentially due to a provider when the issues, services or claims upon which the recoupment or withhold are based meet one or more of the following criteria:
- 2.20.1.7.1 The improperly paid funds have already been recovered by the State of Tennessee, either by TENNCARE directly or as part of a resolution of a state or federal investigation and/or lawsuit, including but not limited to false claims act cases; or
- 2.20.1.7.2 The improperly paid funds have already been recovered by the States Recovery Audit Contractor (RAC) contractor; or
- 2.20.1.7.3 When the issues, services or claims that are the basis of the recoupment or withhold are currently being investigated by the State of Tennessee, are the subject of pending Federal or State litigation or investigation, or are being audited by the TennCare RAC.

52. Section 2.21.6.1.4 shall be deleted and replaced as follows:

- 2.21.6.1.4 Except for those payments described in Section 4.8, any and all payments made by TENNCARE, including administrative fee payments, as well as incentive payments (if applicable) to the CONTRACTOR shall be considered "Premium revenue" for the purpose of calculating the minimum net worth required by TCA 56-32-112.

53. Section 2.23.5.2 shall be amended by adding a new sentence to the end of the existing text as follows:

- 2.23.5.2 The CONTRACTOR shall systematically update its eligibility/enrollment databases within twenty-four (24) hours of receipt of said files. Any outbound 834 transactions which fail to update/load systematically must be manually updated within twenty-four (24) hours of receipt. The CONTRACTOR shall report to TENNCARE, in a form and format to be provided by TENNCARE, outbound 834 transactions that are not processed within these time frames and include information regarding when the transactions were completed. Any transactions that are not updated/loaded within twenty-four (24) hours of receipt from TENNCARE and/or persistent issues with high volumes of transitions that require manual upload may require the CONTRACTOR to initiate a Corrective Action Plan for resolution of the issues preventing compliance. If the CONTRACTOR has reason to believe they may not meet this requirement based on unusual circumstances, the CONTRACTOR must notify TENNCARE and TENNCARE may make an exception without requiring a Corrective Action Plan.

54. Section 2.24.4.1 shall be amended by adding the phrase “on at least an annual basis” after the phrase “and a plan for training” as follows:

2.24.4.1 The CONTRACTOR shall develop and implement an abuse and neglect plan that includes protocols for preventing, identifying, and reporting suspected abuse, neglect, and exploitation of CHOICES members who are adults (see TCA 71-6-101 *et seq.*) and suspected brutality, abuse, or neglect of CHOICES members who are children (see TCA 37-1-401 *et seq.* and TCA 37-1-601 *et seq.*); a plan for educating and training providers, subcontractors, care coordinators, and other CONTRACTOR staff regarding the protocols; and a plan for training on at least an annual basis members, representatives, and caregivers regarding identification and reporting of suspected abuse and/or neglect.

55. Section 2.27 shall be amended by adding new Sections 2.27.9 and 2.27.10 as follows:

2.27.9 Medicaid and CHIP – Verification of Income and Eligibility. The CONTRACTOR must provide safeguards that restrict the use or disclosure of information concerning applicants and beneficiaries to purposes directly connected with the administration of the plan:

2.27.9.1 Purposes directly related to the administration of Medicaid and CHIP include:

2.27.9.1.1 Establishing eligibility;

2.27.9.1.2 Determining the amount of medical assistance;

2.27.9.1.3 Providing services for beneficiaries; and

2.27.9.1.4 Conducting or assisting an investigation, prosecution, or civil or criminal proceeding related to Medicaid or CHIP administration.

2.27.9.2 The CONTRACTOR must have adequate safeguards to assure that:

2.27.9.2.1 Information is made available only to the extent necessary to assist in the valid administrative purposes of those receiving the information, and information received under 26 USC § 6103(I) is exchanged only with parties authorized to receive that information under that section of the Code; and

2.27.9.2.2 The information is adequately stored and processed so that it is protected against unauthorized disclosure for other purposes.

2.27.9.3 The CONTRACTOR must have criteria that govern the types of information about applicants and beneficiaries that are safeguarded. This information must include at least:

2.27.9.3.1 Names and addresses;

2.27.9.3.2 Medical services provided;

2.27.9.3.3 Social and economic conditions or circumstances;

2.27.9.3.4 CONTRACTOR evaluation of personal information;

Amendment 32 (cont.)

- 2.27.9.3.5 Medical data, including diagnosis and past history of disease or disability;
- 2.27.9.3.6 Any information received for verifying income eligibility and amount of medical assistance payments, including income information received from SSA or the Internal Revenue Service;
- 2.27.9.3.7 Any information received for verifying income eligibility and amount of medical assistance payments;
- 2.27.9.3.8 Income information received from SSA or the Internal Revenue Service must be safeguarded according to Medicaid and CHIP requirements;
- 2.27.9.3.9 Any information received in connection with the identification of legally liable third party resources; and
- 2.27.9.3.10 Social Security Numbers.
- 2.27.9.4 The CONTRACTOR must have criteria approved by the State specifying:
 - 2.27.9.4.1 The conditions for release and use of information about applicants and beneficiaries;
 - 2.27.9.4.2 Access to information concerning applicants or beneficiaries must be restricted to persons or CONTRACTOR representatives who are subject to standards of confidentiality that are comparable to those of the State;
 - 2.27.9.4.3 The CONTRACTOR shall not publish names of applicants or beneficiaries;
 - 2.27.9.4.4 The CONTRACTOR shall obtain permission from a family or individual, whenever possible, before responding to a request for information from an outside source, unless the information is to be used to verify income, eligibility and the amount of medical assistance payment to an authorized individual or entity;
 - 2.27.9.4.5 If, because of an emergency situation, time does not permit obtaining consent before release, the CONTRACTOR shall notify the State, the family or individual immediately after supplying the information;
 - 2.27.9.4.6 The CONTRACTOR's policies must apply to all requests for information from outside sources, including governmental bodies, the courts, or law enforcement officials;
 - 2.27.9.4.6.1 The CONTRACTOR shall notify the State of any requests for information on applicants or beneficiaries by other governmental bodies, the courts or law enforcement officials ten (10) days prior to releasing the requested information.
 - 2.27.9.4.7 If a court issues a subpoena for a case record or for any CONTRACTOR representative to testify concerning an applicant or beneficiary, the CONTRACTOR must notify the State at least ten (10) days prior to the required production date so the State may inform the court of the applicable statutory provisions, policies, and regulations restricting disclosure of information, effective until Jan. 1, 2014; and
 - 2.27.9.4.8 The CONTRACTOR shall not request or release information to other parties to verify income, eligibility and the amount of assistance under Medicaid or CHIP, prior to express approval from the State.

- 2.27.10 Social Security Administration (SSA) Required Provisions for Data Security. The CONTRACTOR shall comply with limitations on use, treatment, and safeguarding of data under the Privacy Act of 1974 (5 U.S.C. § 552a), as amended by the Computer Matching and Privacy Protection Act of 1988, related Office of Management and Budget guidelines, the Federal Information Security Management Act of 2002 (44 U.S.C. § 3541, *et seq.*), and related National Institute of Standards and Technology guidelines. In addition, the CONTRACTOR shall have in place administrative, physical, and technical safeguards for data.
- 2.27.10.1 The CONTRACTOR shall not duplicate in a separate file or disseminate, without prior written permission from TENNCARE, the data governed by the Agreement for any purpose other than that set forth in this Agreement for the administration of the TennCare program. Should the CONTRACTOR propose a redisclosure of said data, the CONTRACTOR must specify in writing to TENNCARE the data the CONTRACTOR proposes to redisclose, to whom, and the reasons that justify the redisclosure. TENNCARE will not give permission for such redisclosure unless the redisclosure is required by law or essential to the administration of the TennCare program.
- 2.27.10.2 The CONTRACTOR agrees to abide by all relevant federal laws, restrictions on access, use, and disclosure, and security requirements in this Agreement.
- 2.27.10.3 The CONTRACTOR shall provide a current list of the employees of such CONTRACTOR with access to SSA data and provide such lists to TENNCARE.
- 2.27.10.4 The CONTRACTOR shall restrict access to the data obtained from TENNCARE to only those authorized employees who need such data to perform their official duties in connection with purposes identified in this Agreement. The CONTRACTOR shall not further duplicate, disseminate, or disclose such data without obtaining TENNCARE's prior written approval.
- 2.27.10.5 The CONTRACTOR shall ensure that its employees:
- 2.27.10.5.1 Properly safeguard PHI/PII furnished by TENNCARE under this Agreement from loss, theft or inadvertent disclosure;
- 2.27.10.5.2 Understand that they are responsible for safeguarding this information at all times, regardless of whether or not the CONTRACTOR employee is at his or her regular duty station;
- 2.27.10.5.3 Ensure that laptops and other electronic devices/ media containing PHI/PII are encrypted and/or password protected;
- 2.27.10.5.4 Send emails containing PHI/PII only if encrypted or if to and from addresses that are secure; and
- 2.27.10.5.5 Limit disclosure of the information and details relating to a PHI/PII loss only to those with a need to know.
- 2.27.10.6 CONTRACTOR employees who access, use, or disclose TENNCARE or TennCare SSA supplied data in a manner or purpose not authorized by this Agreement may be subject to civil and criminal sanctions pursuant to applicable federal statutes.

- 2.27.10.7 Loss or Suspected Loss of Data – If an employee of the CONTRACTOR becomes aware of suspected or actual loss of PHI/PII, the appropriate designee of the CONTRACTOR must immediately contact TENNCARE upon becoming aware to report the actual or suspected loss. The CONTRACTOR will use the Loss Worksheet located at http://www.tn.gov/tenncare/forms/phi_piiworksheet.pdf to quickly gather and organize information about the incident. The CONTRACTOR must provide TENNCARE with timely updates as any additional information about the loss of PHI/PII becomes available.
- 2.27.10.7.1 If the CONTRACTOR experiences a loss or breach of said data, TENNCARE will determine whether or not notice to individuals whose data has been lost or breached shall be provided and the CONTRACTOR shall bear any costs associated with the notice or any mitigation.
- 2.27.10.8 TENNCARE may immediately and unilaterally suspend the data flow under this Agreement, or terminate this Agreement, if TENNCARE, in its sole discretion, determines that the CONTRACTOR has: (1) made an unauthorized use or disclosure of TennCare SSA-supplied data; or (2) violated or failed to follow the terms and conditions of this Agreement.
- 2.27.10.9 In order to meet certain requirements set forth in the State’s Computer Matching and Privacy Protection Act Agreement (CMPPA) with the SSA, the Parties acknowledge that this Section shall be included in all agreements executed by or on behalf of the State. The Parties further agree that FISMA and NIST do not apply in the context of data use and disclosure under this Agreement as the Parties shall neither use nor operate a federal information system on behalf of a federal executive agency. Further, NIST is applicable to federal information systems; therefore, although encouraged to do so, the State, its CONTRACTORS, agents and providers are not required to abide by the NIST guidelines.
- 2.27.10.10 This Section further carries out Section 1106(a) of the Act (42 U.S.C. § 1306), the regulations promulgated pursuant to that section (20 C.F.R. Part 401), the Privacy Act of 1974 (5 U.S.C. § 552a), as amended by the Computer Matching and Privacy Protection Act of 1988, related Office of Management and Budget (“OMB”) guidelines, the Federal Information Security Management Act of 2002 (“FISMA”) (44 U.S.C. § 3541, *et seq.*), and related National Institute of Standards and Technology (“NIST”) guidelines, which provide the requirements that the SSA stipulates that the CONTRACTOR must follow with regard to use, treatment, and safeguarding data in the event data is exchanged with a federal information system.
- 2.27.10.11 Definitions
- 2.27.10.11.1 “SSA-supplied data” – information, such as an individual’s social security number, supplied by the Social Security Administration to TENNCARE to determine entitlement or eligibility for federally-funded programs (CMPPA between SSA and F&A; IEA between SSA and TENNCARE).
- 2.27.10.11.2 “Protected Health Information/Personally Identifiable Information” (PHI/PII) (45 C.F.R. § 160.103; OMB Circular M-06-19) – Protected health information means individually identifiable health information that is: (i) Transmitted by electronic media; (ii) Maintained in electronic media; or (iii) Transmitted or maintained in any other form or medium.
- 2.27.10.11.3 “Individually Identifiable Health Information” – information that is a subset of health information, including demographic information collected from an individual, and: (1) Is created or received by a health care provider, health plan, employer, or health care

clearinghouse; and (2) relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and (i) identifies the individual; or (ii) with respect to which there is a reasonable basis to believe the information can be used to identify the individual.

2.27.10.11.4 “Personally Identifiable Information” – any information about an individual maintained by an agency, including, but not limited to, education, financial transactions, medical history, and criminal or employment history and information which can be used to distinguish or trace an individual's identity, such as their name, Social Security Number, date and place of birth, mother's maiden name, biometric records, including any other personal information which can be linked to an individual.

56. Section 2.29.1.3.9 shall be deleted and replaced as follows:

2.29.1.3.9 A staff person to serve as the CONTRACTOR's Non-discrimination Compliance Coordinator. This person shall be responsible for the CONTRACTOR's compliance with applicable federal and state civil rights laws, regulations, rules and policies, including but not limited to, Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Titles II and III of the Americans with Disabilities Act of 1990, and the Age Discrimination Act of 1975. The CONTRACTOR shall report to TENNCARE in writing, to the attention of the Director of Non-discrimination Compliance, within ten (10) calendar days of the commencement of any period of time that the CONTRACTOR does not have a designated staff person for non-discrimination compliance. The CONTRACTOR shall report to TENNCARE at such time that the function is redirected as required in Section 2.29.1.2;

57. Section 2.30.3 shall be deleted and replaced as follows:

2.30.3 Community Outreach

2.30.3.1 The CONTRACTOR shall submit an *Annual Community Outreach Plan* no later than November 30 of each year for review and approval by TENNCARE. The Annual Community Outreach Plan shall be written in accordance with guidance prepared by TENNCARE. It shall include, but is not limited to: all proposed community/health education events related to TENNderCare; community/health education events unrelated to TENNderCare; and a process for evaluating the benefits of the events.

2.30.3.2 The CONTRACTOR shall submit an *Annual Community Outreach Evaluation*, in a format specified by TENNCARE, of its approved Annual Community Outreach Plan no later than ninety (90) days following the end of a calendar year.

58. Sections 2.30.6.5 and 2.30.6.6 shall be amended by deleting the references to “homemaker” and “homemaker services”.

59. Section 2.30.8.2 shall be deleted and replaced as follows:

2.30.8.2 The CONTRACTOR shall submit an annual *Provider Compliance with Access Requirements Report* that summarizes the CONTRACTOR's monitoring activities, findings, and opportunities for improvement regarding provider compliance with applicable access

standards as well as an emergency/contingency plans in the event that a large provider of services collapses or is otherwise unable to provide needed services. This report/plan shall also be available upon request. (See Section 2.11.1.10.)

60. Section 4.2 shall be deleted and replaced as follows:

4.2 PAY-FOR-PERFORMANCE QUALITY INCENTIVE PAYMENTS

4.2.1 General

- 4.2.1.1 TENNCARE will make incentive payments to the CONTRACTOR in accordance with this Section 4.2.
- 4.2.1.2 The TennCare Select HEDIS score for the previous calendar year for each of the measures specified in Sections 4.2.2 and 4.2.3.2 will serve as the baseline rate in the NCQA minimum effect size change calculations (see Section 4.2.5 below).
- 4.2.1.3 Beginning on July 1, 2015, the CONTRACTOR shall be eligible for incentives in accordance with Section 4.2.4 below and the incentives described in Sections 4.2.2 and 4.2.3 shall no longer apply.
- 4.2.1.4 If NCQA makes changes in any of the measures selected by TENNCARE, such that valid comparison to prior years will not be possible, TENNCARE, at its sole discretion, may elect to either eliminate the measure from pay-for-performance incentive eligibility or replace it with another measure.

4.2.2 Physical Health HEDIS Measures

- 4.2.2.1 Beginning on July 1, 2010, on July 1 of each year through July 1, 2014, the CONTRACTOR will be eligible for a \$.03 PMPM payment, applied to member months from the preceding calendar year, for each of the audited HEDIS measures specified in Section 4.2.2.2 below (calculated from the preceding calendar year's data) for which significant improvement has been demonstrated. Significant improvement is defined using NCQA's minimum effect size change methodology (see Section 4.2.5 below).
- 4.2.2.2 Incentive payments will be available for the following audited HEDIS measures:
 - 4.2.2.2.1 Appropriate Treatment for Children with Upper Respiratory Infection (URI);
 - 4.2.2.2.2 Childhood Immunization Status - MMR;
 - 4.2.2.2.3 Children and Adolescents' Access to PCP – 7-11 year old age group;
 - 4.2.2.2.4 Children and Adolescents' Access to PCP – 12-19 year old age group;
 - 4.2.2.2.5 Well Child Visits – 3rd, 4th, 5th and 6th years of life; and
 - 4.2.2.2.6 Adolescent Well Care Visits.

4.2.3 Behavioral Health HEDIS Measures

- 4.2.3.1 On July 1 of 2011, the CONTRACTOR will be eligible for a \$.03 PMPM payment, applied to member months from the preceding calendar year, for each of the following audited HEDIS measures (calculated from the preceding calendar year's data) for which the CONTRACTOR scores at or above the 75th national Medicaid percentile, as calculated by NCQA. To be eligible for incentive payment for a measure, the CONTRACTOR must score at or above the 75th percentile for both rates comprising the measure.
- 4.2.3.2 Follow-up After Hospitalization for Mental Illness; and
- 4.2.3.3 Follow-up Care for Children Prescribed ADHD Medication.
- 4.2.3.4 Beginning on July 1, 2012, on July 1 of each year through July 1, 2014, the CONTRACTOR will be eligible for a \$.03 PMPM payment, applied to member months from the preceding calendar year, for each of the audited HEDIS measures specified in Section 4.2.3 below (calculated from the preceding calendar year's data) for which significant improvement has been demonstrated. To be eligible for incentive payment for a measure, the CONTRACTOR must demonstrate significant improvement for both rates comprising the measure. Significant improvement is defined using NCQA's minimum effect size change methodology (see Section 4.2.5 below).
- 4.2.3.5 Follow-up After Hospitalization for Mental Illness; and
- 4.2.3.6 Follow-up Care for Children Prescribed ADHD Medication.

4.2.4 HEDIS Measures (Beginning July 1, 2015)

- 4.2.4.1 On July 1 of each year, the CONTRACTOR will be eligible for a \$.03 PMPM payment, applied to member months from the preceding calendar year, for each of the audited HEDIS measures in accordance with Section 4.2.4.2 below (calculated from the preceding calendar year's data) for which significant improvement has been demonstrated. Significant improvement is defined using NCQA's minimum effect size change methodology (see Section 4.2.5 below).
- 4.2.4.2 Incentive payments will be available for selected audited HEDIS measures as determined by TENNCARE following review and analysis of HEDIS plan-specific rates.
- 4.2.4.3 Beginning calendar year 2014, in August of each year TENNCARE will notify the CONTRACTOR of the audited HEDIS measures that have been selected for eligibility for the following calendar year's Pay-For-Performance Quality Incentive Measures in each region for which the CONTRACTOR serves.
- 4.2.4.4 The annual notification will advise the CONTRACTOR of the specifics that TENNCARE will use to determine eligibility for the Pay-For-Performance Quality Incentive Payments.

4.2.5 NCQA Minimum Effect Size Change Methodology

The NCQA minimum effect size change methodology is as follows:

Baseline Rate	Minimum Effect Size
0-59	At least a 6 percentage point change
60-74	At least a 5 percentage point change
75-84	At least a 4 percentage point change
85-92	At least a 3 percentage point change
93-96	At least a 2 percentage point change
97-99	At least a 1 percentage point change

61. Section 4.5 shall be amended by adding the phrase “for all payments received under this Contract” as follows:

4.5 HMO PAYMENT

The CONTRACTOR shall be responsible for payment of applicable taxes for all payments received under this Contract pursuant to TCA 56-32-124. Payments to the CONTRACTOR shall be increased sufficiently to cover any additional amount due pursuant to Tennessee Code Annotated Section 56-32-124 thirty days after the end of each calendar year quarter. In the event the amount due pursuant to TCA 56-32-124 is increased during the term of this Contract, the payments to the CONTRACTOR shall be increased by an amount equal to the increase in the amount due by the CONTRACTOR.

62. Section 4 shall be amended by adding a new Section 4.8 as follows and renumbering the remaining Section accordingly, including any references thereto.

4.8 PAYMENT FOR DISTRIBUTION TO TENNCARE’S PBM

4.8.1 TENNCARE shall make a payment to the CONTRACTOR in an amount equal to the invoice that is billed to the CONTRACTOR by the TennCare PBM. The CONTRACTOR shall make payment to the TennCare PBM no later than the Friday following receipt of the payment from TENNCARE unless extended by TENNCARE due to unforeseen circumstances or bank holidays.

63. Section 5.3.10 shall be deleted and replaced as follows:

5.3.10 42 U.S.C. § 18116. .

64. The Program Issue in Level A.17 of Section 5.20.2.2.7 shall be amended by deleting “homemaker.”.

65. The Program Issue in Level B.23 of Section 5.20.2.2.7 shall be amended by adding the following references: “2.9.6.2.3.4(4), 2.9.6.5.1.1, 2.9.6.9.2.1.2, 2.9.6.9.3, and 2.24.4.2.1.

Amendment 32 (cont.)

66. Attachment III shall be amended by deleting and replacing the last bullet point before the final 2 paragraphs as follows:

- All other services not specified here shall meet the usual and customary standards for the community as determined by TENNCARE.

67. Attachment V shall be amended by deleting and replacing the Geographic Access Requirement for Psychiatric Inpatient Hospital Services as follows:

Psychiatric Inpatient Hospital Services	Travel distance does not exceed 90 miles for at least 90% of members	4 hours (emergency involuntary)/24 hours (involuntary)/24 hours (voluntary)
--	--	---

68. ~~Section A.5.5.1 of Attachment XI shall be deleted and replaced as follows:~~

~~A.5.5.1 The CONTRACTOR shall provide a trip manifest to the NEMT provider of all new trips requested no later than four (4) business days before the date of the NEMT service.~~

SCP
6/13/13

69. Section 2.12.9 shall be amended by adding a new Section 2.12.9.60 and renumbering the remaining Section accordingly, including any references thereto.

CD
6/13/2013

2.12.9.60 Specify in applicable provider agreements that all providers who participate in the federal 340B program give TennCare MCOs the benefit of 340B pricing;

Amendment 32 (cont.)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective June 1, 2013.

The State is not bound by this Amendment until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this Contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

The CONTRACTOR, by signature of this Amendment, hereby affirms that this Amendment has not been altered and therefore represents the identical document that was sent to the CONTRACTOR by TENNCARE.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 31

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 2.13.9 shall be deleted and replaced as follows:

2.13.9 Medicaid Payment for Primary Care

- 2.13.9.1 In accordance with the Patient Protection and Affordable Care Act of 2010 (The Affordable Care Act), for calendar years 2013 and 2014, the CONTRACTOR shall make payments for certain primary care services (as described by CMS) and furnished by primary care providers (as described by CMS) in an amount that has been determined by CMS. Payments and reporting as required by this Section 2.13.9 shall be effective for dates of service beginning January 1, 2013. Should retroactive payments be necessary due to the timing of the implementation of this requirement, the CONTRACTOR shall make adjustments to previously paid claims for the enhanced payment to eligible primary care providers without any effort from the provider.
- 2.13.9.2 In addition to the routine claims payment reports required by this Agreement, the CONTRACTOR shall report to TENNCARE any information related to this requirement in a format described by TENNCARE. At a minimum, the reports shall be sufficient to accomplish the following:
 - 2.13.9.2.1 Submit 2009 payment data on primary care services which qualify for payment under this rule;
 - 2.13.9.2.2 Assure payments made to specified primary care providers are at the minimum Medicare primary care payment levels as required by 42 CFR 447, subpart G. This includes the assurance that eligible providers receive direct and full benefit of the payment increase for each of the primary care services specified in the final rule implementing this section of The Affordable Care Act regardless of whether the provider is paid directly or through a capitated arrangement;

Amendment 31

2.13.9.2.3 Submit any documentation to TENNCARE, sufficient to enable TENNCARE and CMS to ensure that provider payments increase as required by 42 CFR 438.6(c)(5)(vi)(A) are made and to adequately document expenditures eligible for 100% FFP and to support all audit or reconciliation processes. TENNCARE shall report these data to CMS.

Amendment 31 (cont.)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective March 15, 2013.

The State is not bound by this Amendment until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

The CONTRACTOR, by signature of this Amendment, hereby affirms that this Amendment has not been altered and therefore represents the identical document that was sent to the CONTRACTOR by TENNCARE.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 30

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1 shall be amended by adding the following new definitions:

Advance Determination- A decision made by the Bureau in accordance with the process and requirements described in Rule 1200-13-01-.05(6) that an Applicant would not qualify to enroll in CHOICES Group 3 (including Interim CHOICES Group 3) when enrollment into CHOICES Group 3 has not actually been denied or terminated, and which may impact the person's NF LOC eligibility.

Chronic Condition – as defined by Population Health (and AHRQ) is a condition that lasts 12 months or longer and meets one of both of the following tests: (a) it places limitation on self-care, independent living, and social interactions; (b) it results in the need for ongoing intervention with medical products, services, and special equipment (see Perrin et al., 1993)

Engaged – When a member consents to participate in a Population Health program, the member can be determined to be engaged.

Health Coaching – A method of guiding and motivating members participating in Population Health programs to address their health by engaging in self-care and, if needed, make behavioral changes to improve their health. Health coaching operates on the premise that increasing a member's confidence in managing their health and achieving their own goals will have a more lasting effect on outcomes.

Interactive Intervention (Touch) – As it pertains to Population Health it is a two way interaction in which the member receives self management support or health education by one of the following modes: an interactive mail-based communication (i.e. mail-based support or education requested by the member, communication in the form of a member survey, quiz or assessment of member knowledge gained from reading the communication); an interactive telephone contact; including an interactive voice response (IVR) module; an in person contact; and online contact including contact by an interactive web-based module; live chat and secure e-mail. Interactive contacts do not include completion of a health risk appraisal or contacts made only to make an appointment, leave a message, or acknowledge receipt of materials.

Amendment 30 (cont.)

Medical Home – As defined by Population Health and per NCQA, the Medical Home is a model for care provided by physician practices aimed at strengthening the physician-patient relationship by replacing episodic care based on illnesses and patient complaints with coordinated care and a long-term healing relationship.

Medical Home Lock-in Project – As referred to in CRA 2.8, the project combines the Patient Centered Medical Home with an incentive program based upon quality care. In this project members will only be allowed to see their assigned PCP or another participating PCP within their group /same TIN, because no other provider will be paid for providing services to them. The providers must agree with the health plan to meet specific annual quality of care metrics in their practice. Member outcomes and utilization patterns will be analyzed by the MCO to assess the effectiveness of the project. The primary care providers that meet all specifications and improve quality of care and member outcomes are rewarded by the health plan.

Medical Necessity - Medical Necessity and Medically Necessary as used in this Agreement shall have the meaning contained in Tenn. Code Ann. 71-5-144 and TennCare Rule 1200-13-16.

Non-Interactive Intervention (Touch) – As it pertains to Population Health it is a one way attempt to interact or communicate with members. There is no confirmation of receipt. This does not include completion of a health appraisal.

Plan of Care – As it pertains to Population Health it is a personalized plan to meet a member’s specific needs and contains the following elements: prioritized goals that consider member and care giver needs which are documented; a time frame for re-evaluation; the resources to be utilized; a plan for continuity of care, including transition of care and transfers; and uses a collaborative approach including family participation. The plan of care is built upon the information collected from the health assessment to actively engage the member in developing goals and identifying a course of action to respond to the members’ needs. The goals and actions in the plan of care must address medical, social, educational, and other services needed by the member. Providing educational materials alone does not meet the intent of this factor.

Population Health Care Coordination Program – The program addresses acute health needs or risks which need immediate attention. Assistance provided to enrollees is short-term and time limited in nature. Activities may include, but are not limited to, assistance with making appointments, transportation, social services, etc. and should not be confused with activities provided through the CHOICES Care Coordination Program.

2. Section 1 shall be amended by deleting and replacing the following definitions:

Area Agency on Aging and Disability (AAAD)– Agencies designated by the Commission on Aging and Disability or its successor organization to plan for and provide services to the elderly and disabled within a defined geographic area as provided by T.C.A. Title 71, Chapter 2.

CHOICES At-Risk Demonstration Group– Individuals who are age 65 and older and adults age 21 and older with physical disabilities who (1) meet nursing home financial eligibility for TennCare-reimbursed long term services and supports, (2) meet the nursing facility level of care in place on June 30, 2012, but not the nursing facility level of care criteria in place on July 1, 2012; and (3) in the absence of TENNCARE CHOICES HCBS available through CHOICES Group 3, are At Risk for Institutionalization as defined in TennCare Rules. The CHOICES At-Risk Demonstration Group is open only between July 1, 2012, through December 31, 2013. Individuals enrolled in the CHOICES At-Risk Demonstration Group

Amendment 30 (cont.)

as of December 31, 2013, may continue to qualify in this group after December 31, 2013, so long as they (1) continue to meet Nursing Facility financial eligibility and the LOC criteria in place when they enrolled; and (2) remain continuously enrolled in the CHOICES At-Risk Demonstration Group and in CHOICES 3.

CHOICES Group (Group) – One of the three groups of TennCare enrollees who are enrolled in CHOICES. There are three CHOICES groups:

Group 1

Medicaid enrollees of all ages who are receiving Medicaid-reimbursed care in a nursing facility.

Group 2

Persons age sixty-five (65) and older and adults age twenty-one (21) and older with physical disabilities who meet the nursing facility level of care, who qualify for TennCare either as SSI recipients or as members of the CHOICES 217-Like HCBS Group, and who need and are receiving CHOICES HCBS as an alternative to nursing facility care. The CHOICES 217-Like HCBS Group includes persons who could have been eligible under 42 CFR 435.217 had the state continued its 1915(c) HCBS waiver for elders and/or persons with physical disabilities. TENNCARE has the discretion to apply an enrollment target to this group, as described in TennCare rules and regulations.

Group 3

Persons age sixty-five (65) and older and adults age twenty-one (21) and older with physical disabilities who qualify for TennCare as SSI recipients, who do not meet the nursing facility level of care, but who, in the absence of CHOICES HCBS, are “at-risk” for nursing facility care, as defined by the State. TENNCARE has the discretion to apply an enrollment target to this group as described in TennCare rules and regulations.

Interim Group 3 (open for new enrollment only between July 1, 2012, through December 31, 2013)

Persons age 65 and older and adults age 21 and older with physical disabilities who qualify for TennCare as SSI eligibles or as members of CHOICES At-Risk Demonstration Group and who meet the NF LOC criteria in place as of June 30, 2012. There is no enrollment target on Interim Group 3.

All requirements set forth in this agreement regarding Group 3 members are applicable to Interim Group 3 members, except as explicitly stated otherwise. Interim Group 3 members are not subject to an enrollment target.

Risk Agreement – An agreement signed by a CHOICES Group 2 or 3 member who will receive CHOICES HCBS (or his/her representative) that includes, at a minimum, identified risks to the member of residing in the community and receiving HCBS, the possible consequences of such risks, strategies to mitigate the identified risks, and the member’s decision regarding his/her acceptance of risk. For members electing to participate in consumer direction, the risk agreement must include any additional risks associated with the member’s decision to act as the employer of record, or to have a representative act as the employer of record on his/her behalf. See Section 2.9.6 of this Agreement for related requirements.

Amendment 30 (cont.)

Subcontract – An agreement entered into by the CONTRACTOR with any other organization or person who agrees to perform any administrative function or service for the CONTRACTOR specifically related to securing or fulfilling the CONTRACTOR’s obligations to TENNCARE under the terms of this Agreement (e.g., claims processing, Population Health) when the intent of such an agreement is to delegate the responsibility for any major service or group of services required by this Agreement. This shall also include any and all agreements between any and all subcontractors for the purposes related to securing or fulfilling the CONTRACTOR’s obligations to TENNCARE under the terms of this Agreement. Agreements to provide covered services as described in Section 2.6 of this Agreement shall be considered provider agreements and governed by Section 2.12 of this Agreement.

Tennessee Department of Mental Health and Substance Abuse Services (TDMHSAS) – The state agency having the authority to provide care for persons with mental illness, and /or substance abuse needs

Transition Allowance – A per member allotment not to exceed two thousand dollars (\$2,000) per lifetime which may, at the sole discretion of the CONTRACTOR, be provided as a cost-effective alternative to continued institutional care for a CHOICES Group 1 member in order to facilitate transition from a nursing facility to the community when such member will, upon transition to CHOICES Group 2 or Group 3, receive more cost-effective non-residential home and community based services or companion care. Items that may be purchased or reimbursed are only those items that the member has no other means to obtain and that are essential in order to establish a community residence when such residence is not already established and to facilitate the member’s safe and timely transition, including rent and/or utility deposits, essential kitchen appliances, basic furniture, and essential basic household items, such as towels, linens, and dishes.

3. Section 2.2 shall be amended by adding a new Section 2.2.3 as follows:

2.2.3 If the CONTRACTOR is part of a health maintenance organization holding company system as defined by TCA 56-11-101(b)(5), the CONTRACTOR agrees to comply with the Insurance Holding Company System Act of 1986 as set forth in TCA 56-11-101 et seq. The CONTRACTOR agrees to comply with the requirements of TCA 56-11-101 et seq. whether the CONTRACTOR is domiciled in Tennessee or is a foreign insurer or health maintenance organization subject to registration requirements and standards adopted by statute or regulation in the jurisdiction of its domicile that are substantially similar to this contained in TCA 56-11-101 et seq.

4. Section 2.4.6.1 shall be deleted and replaced as follows:

2.4.6.1 The CONTRACTOR shall receive, process, and update outbound 834 enrollment files from TENNCARE, The CONTRACTOR shall also receive, process, and update outbound 834 enrollment files from DCS for children in State custody who are to be given Immediate Eligibility for a forty-five (45) day period. Enrollment data shall be updated or uploaded systematically to the CONTRACTOR’s eligibility/enrollment database(s) within twenty-four (24) hours of receipt from TENNCARE/DCS. Any outbound 834 transactions which fail to update/load systematically must be manually updated within twenty-four (24) hours of receipt. The CONTRACTOR shall report to TENNCARE, in a form and format to be provided by TENNCARE, outbound 834 transactions that are not processed within these time frames and include information regarding when the transactions were completed. Any transactions that are not updated/loaded within twenty-four (24) hours of receipt from TENNCARE and/or persistent issues with high volumes of transitions that require manual upload may require the CONTRACTOR to initiate a Corrective Action Plan for resolution of the issues preventing compliance.

Amendment 30 (cont.)

5. Section 2.4.10 shall be deleted and replaced as follows:

2.4.10 Information Requirements Upon Enrollment

As described in Section 2.17 of this Agreement, the CONTRACTOR shall provide the following information to new members: a member handbook, an identification card, and information regarding how to access and/or request a general provider directory and/or a CHOICES provider directory. In addition, the CONTRACTOR shall provide CHOICES members with CHOICES member education materials (see Section 2.17.7).

6. Section 2.6.1.2.4 and 2.6.1.2.5 shall be deleted and replaced as follows:

2.6.1.2.4 Each of the CONTRACTOR's Population Health programs (see Section 2.8) shall address the needs of members who have co-morbid physical health and behavioral health conditions.

2.6.1.2.5 As required in Section 2.9.5.2.2, the CONTRACTOR shall provide the appropriate level of Population Health services (see Section 2.8.4 of this Agreement) to non-CHOICES members with co-morbid physical health and behavioral health conditions. These members should have a single case manager that is trained to provide Population Health services to enrollees with co-morbid physical and behavioral health conditions. If a member with co-morbid physical and behavioral conditions does not have a single case manager, the CONTRACTOR shall ensure, at a minimum, that the member's Population Health Care Manager collaborates on an ongoing basis with both the member and other individuals involved in the member's care. As required in Section 2.9.6.1.9 of this Agreement, the CONTRACTOR shall ensure that upon enrollment into CHOICES, the appropriate level of Population Health activities are integrated with CHOICES care coordination processes and functions, and that the member's assigned care coordinator has primary responsibility for coordination of all the member's physical health, behavioral health and long-term care needs. The member's care coordinator may use resources and staff from the CONTRACTOR's Population Health program, including persons with specialized expertise in areas such as behavioral health, to supplement but not supplant the role and responsibilities of the member's care coordinator/care coordination team. The CONTRACTOR shall report on its Population Health activities per requirements in Section 2.30.6.1.

7. Section 2.6.5.2.5 shall be deleted and replaced as follows:

2.6.5.2.5 For CHOICES Group 1 members transitioning from a nursing facility to Group 2 or Group 3, a one-time transition allowance, per member. The amount of the transition allowance shall not exceed two thousand dollars (\$2,000) and may be used for items such as, but not limited to, the first month's rent and/or utility deposits, kitchen appliances, furniture, and basic household items. When the CONTRACTOR elects to provide a Transition Allowance to a member transitioning to CHOICES Group 3, the amount of the Transition Allowance shall be applied to the member's Expenditure Cap.

8. Section 2.6.5.3 shall be amended by adding the phrase "or Group 3" in the last sentence as follows:

2.6.5.3 If the CONTRACTOR chooses to provide cost effective alternative services to a CHOICES member, in no case shall the cost of CHOICES HCBS, private duty nursing and home health care for Group 2 exceed a member's cost neutrality cap nor the total cost of CHOICES

Amendment 30 (cont.)

HCBS, excluding minor home modifications, for members in Group 3 exceed the expenditure cap. The total cost of CHOICES HCBS includes all covered CHOICES HCBS and other non-covered services that the CONTRACTOR elects to offer as a cost effective alternative to nursing facility care for CHOICES Group 2 members pursuant to Section 2.6.5.2 of this Agreement including, as applicable: CHOICES HCBS in excess of specified benefit limits, the one-time transition allowance for CHOICES Group 1 members who are transitioning to CHOICES Group 2 or Group 3, and NEMT for Groups 2 and 3

9. Section 2.6.6.2 shall be amended by deleting and replacing the words “disease management” with “Population Health” as follows:

2.6.6.2 The CONTRACTOR shall not offer or provide any services other than services covered by this Agreement (see Section 2.6.1) or services provided as a cost effective alternative (see Section 2.6.5) of this Agreement. However, the CONTRACTOR may provide incentives that have been specifically prior approved in writing by TENNCARE. For example, TENNCARE may approve the use of incentives given to enrollees to encourage participation in Population Health programs.

10. Section 2.7.6.4.7.2 shall be deleted and replaced as follows:

2.7.6.4.7.2 The CONTRACTOR shall provide for any follow up service within the scope of the federal Medicaid statute, including diagnostic or treatment services determined to be medically necessary when elevated blood lead levels are identified in children. Such services would include Population Health Care Coordination or Complex Case management services and a one (1) time investigation to determine the source of lead.

11. Section 2.8 shall be deleted and replaced in its entirety as follows:

2.8 POPULATION HEALTH

2.8.1 General

2.8.1.1 The CONTRACTOR shall establish and operate an integrated Population Health Program based upon risk stratification of the CONTRACTOR population. The Population Health Model touches members across the entire care continuum, promoting healthy behaviors and disease self management as well as providing care coordination and intense care management as needed and supported by evidence-based medicine and national best practices. The CONTRACTOR shall evaluate the entire enrollee population and identify enrollees for specific programs according to risk rather than disease specific categories. This approach shall include the following risk Levels and programs:

2.8.1.1.1 **Risk Level 0: Wellness Program**

2.8.1.1.2 **Risk Level 1: Low Risk Maternity, Health Risk Management and Care Coordination programs; and**

2.8.1.1.3 **Risk Level 2: Chronic Care Management, High Risk Pregnancy and Complex Case Management programs**

Amendment 30 (cont.)

2.8.2 Member Identification /Stratification Strategies

- 2.8.2.1 The CONTRACTOR shall utilize a combination of predictive modeling utilizing claims data, pharmacy data, and laboratory results, supplemented by referrals, UM data, and/ or health risk assessment results to stratify the member population into the following risk categories:
- 2.8.2.1.1 **Level 0-** The members eligible to participate at this Level shall be determined by predictive modeling to meet ALL of the following: lack of any identified health risks; lack of any identified chronic conditions [as identified by the Chronic Condition tool created by the Agency for Healthcare Research and Quality's (AHRQ)] HCUP database; no indication of pregnancy; and lack of claims history.
- 2.8.2.1.2 **Level 1-** All members that do not meet the Level 0 or Level 2 criteria.
- 2.8.2.1.2.1 All members identified as Level 1, through predicative modeling, and not pregnant are eligible for the **Health Risk Management Program**. At a minimum, the CONTRACTOR shall enroll members with the following chronic diseases: Asthma, Bipolar, Chronic Obstructive Pulmonary Disease, Coronary Artery Disease, Congestive Heart Disease, Diabetes, Major Depression, and Schizophrenia. The CONTRACTOR shall also provide this program for members they identify with other chronic diseases that are prevalent in a significant number of members, or for members with other chronic diseases utilizing significant health resources in their regional population.
- 2.8.2.1.2.1.1 The CONTRACTOR shall sub-stratify members identified for the Health Risk Management program into high, medium and low categories based on criteria developed by the CONTRACTOR and reported in the annual program description. The CONTRACTOR shall provide the minimum interventions for each category as outlined in Section 2.8.4.3 of this Agreement.
- 2.8.2.1.2.2 The CONTRACTOR shall identify members for the Level 1, **Care Coordination Program** through referrals, hospital and ED face sheets, and any other means of identifying members with acute health needs or risks which need immediate attention. Members are identified for Care Coordination because their needs do not meet the requirements for complex case management. Members, who have declined participation in Complex Case Management, may also be enrolled in Care Coordination.
- 2.8.2.1.3 **Level 2** – Members eligible to participate at this Level shall be determined by predictive modeling identifying the top three percent (3%) of members to be most at risk for adverse health outcomes, and/or by referrals or health risk assessments.
- 2.8.2.1.3.1 The CONTRACTOR shall identify members for the **Chronic Care Management Program** from those Level 2 members that are not pregnant but have complex chronic conditions with multiple identified health risks and or needs. This may include those members with co-occurring mental illness and substance abuse and/or co-morbid physical and behavioral health conditions. Members may also be identified for Chronic Care Management by referrals and health risk assessments.
- 2.8.2.1.3.2 The CONTRACTOR shall identify members for **Complex Case Management** from those Level 2 members that are not pregnant and have high risk, unique or complex needs. These may include members with co-occurring mental illness and substance abuse and/or co-morbid physical and behavioral health conditions. Members identified by

Amendment 30 (cont.)

utilization reports as high pharmacy user or those members which exceed the ED threshold, as defined by TENNCARE shall be reviewed for need for case management. Members may also be identified for Complex Case Management by referrals and health risk assessments.

- 2.8.2.1.4 The CONTRACTOR shall systematically stratify newly enrolled members on a monthly basis.
- 2.8.2.1.5 The CONTRACTOR shall systematically re-stratify the entire CONTRACTOR's population to identify the top 3% as defined in section 2.8.2.1.3 of this agreement at a minimum of quarterly intervals to insure members with increasing health risks and needs are identified for level 2 programs.
- 2.8.2.1.6 The CONTRACTOR shall systematically re-stratify the entire CONTRACTOR's population at a minimum annually.
- 2.8.2.2 The CONTRACTOR shall identify **pregnant members** through claims, referrals, and the 834 nightly feed, as well as through any other method identified by health plan.
- 2.8.2.2.1 The CONTRACTOR will stratify pregnant members into either **low or high risk maternity programs** based on the CONTRACTOR's obstetrical assessment. Pregnant members identified as substance abusers, including tobacco users, or who meet other high risk indicators shall be stratified as high risk. Pregnant members who, through the OB assessment, do not meet high risk needs and members who are identified for high risk maternity but choose not to participate, shall be enrolled in the low risk maternity program.

2.8.3 Member Assessment/Identification

- 2.8.3.1 At time of enrollment the CONTRACTOR shall make a reasonable attempt to assess the member's health.
- 2.8.3.2 For the Level 2 Population Health programs with a required Health Risk Assessment (HRA), such HRA shall include screening for mental health and substance abuse, physical health conditions, behavioral health conditions, recommended preventive health status and co-morbid physical and behavioral health conditions.
- 2.8.3.3 For members considered high risk, the assessment shall include documenting the individual health history, determining each member's health literacy status, identifying substance abuse and behavioral issues/problems, identifying needs and gathering information, when appropriate, from other sources (e.g., family members, medical providers, and educators).
- 2.8.3.4 For the voluntary programs of Chronic Care Management, Complex Case Management, or High Risk Maternity Programs, for members considered to have high health risks, shall include assessing the need for a face to face visit. If needed, such a visit shall be conducted following consent of the member.

2.8.4 Program Content and Minimum Interventions

The CONTRACTOR shall establish and implement program content and interventions, based on program objectives, member assessments and risk stratification, for the seven (7) Population Health Programs listed in Section 2.8.1 of this Agreement. Activities, interventions, and education objectives appropriate for members will vary for each program with increasing engagement and intensity as level of risk increases. Each program will have a minimum standard set of interventions and frequency of touches but utilize varying modes of communication to attain the program objective.

2.8.4.1 Wellness program

For all eligible **Level 0** members not pregnant the CONTRACTOR shall provide a **Wellness Program** with the objective of keeping members healthy as long as possible.

2.8.4.1.1 The Wellness Program shall utilize educational materials and or activities that emphasize primary and secondary prevention.

2.8.4.1.2 The CONTRACTOR shall provide to members eligible for the **WELLNESS PROGRAM** the following minimum interventions:

Wellness Program Minimum Interventions	
1.	One non-interactive educational quarterly touch to address the following within one year:
	<ul style="list-style-type: none"> A. How to be proactive in their health B. How to access a primary care provider C. Preconception and interconception health, to include Dangers of becoming pregnant while using narcotics D. Age and/or gender appropriate wellness preventive health services (e.g., “knowing your numbers”) E. Assessment of special population needs for gaps in care (e.g., recommended immunizations for <i>children and adolescents</i>) F. Health promotion strategies (e.g., discouraging tobacco use and/or exposure, weight management, stress management, physical activity, substance abuse prevention) G. Healthy nutrition H. Other healthy and safe life styles

2.8.4.2 Level 1: Low Risk Maternity Program

The CONTRACTOR shall provide a Level 1 Low Risk Maternity Program for eligible members identified as described in Sections 2.8.2.4 and 2.8.2.5 of this Agreement. The goal of the program is to engage pregnant women into timely prenatal care and to deliver a healthy, term infant without complications.

2.8.4.2.1 The CONTRACTOR shall operate its Level 1 Maternity Program using an “Opt Out” methodology. Maternity program services shall be provided to all eligible members unless they specifically ask to be excluded.

Amendment 30 (cont.)

2.8.4.2.2 The CONTRACTOR shall provide defined ongoing member monitoring for the need to move these members into the Level 2 High Risk Maternity Program.

2.8.4.2.3 The CONTRACTOR shall provide to members eligible for the **LEVEL 1 MATERNITY PROGRAM** the following minimum standard interventions:

Maternity Program Minimum Interventions	
1.	Screening for risk factors to include screening for mental health and substance abuse. This screening shall follow the contact attempt protocol referenced in Section 2.8.4.5.2 of this Agreement.
2.	Prenatal packets (considered the one non-interactive intervention to the member for the duration of the pregnancy) to include at a minimum: <ul style="list-style-type: none">A. Encouragement to access Text4BabyB. Access number to maternity nurse/social worker if member would like to engage in monthly maternity managementC. Preterm labor educationD. Breast feedingE. Secondhand smokeF. Safe sleepG. Specific trimester health informationH. Importance of postpartum visitI. Importance of screening for postpartum depressionJ. HUGS informationK. Inter-conception health, to include dangers of becoming pregnant while using narcotics
3.	Follow up as appropriate to determine the status of a prenatal visit to those members who received an initial assessment but had not scheduled or completed their first prenatal visit.
4.	Follow-up to all eligible members, to assess the status of a post-partum visit appointment and assist them with making their appointment if needed.

2.8.4.3 Health Risk Management Program

For eligible Level 1 members, who are not pregnant, identified as designated in Section 2.8.2.1.2.1 of this Agreement, the CONTRACTOR shall provide a **Health Risk Management** Program designed to empower members to be proactive in their health and support the provider-patient relationship. The interventions provided in this program shall address the program's goal of preventing, reducing or delaying exacerbation and complications of a condition or health risk behavior.

2.8.4.3.1 Health coaching or other interventions for health risk management shall emphasize self management strategies addressing healthy behaviors (i.e. weight management and tobacco cessation), self-monitoring, co-morbidities, cultural beliefs, depression screening, and appropriate communication with providers.

2.8.4.3.2 The CONTRACTOR shall develop and operate the "opt out" health risk management program per NCQA standard QI 8 for disease management. Program services shall be provided to eligible members unless they specifically ask to be excluded.

Amendment 30 (cont.)

- 2.8.4.3.3 The CONTRACTOR, through a welcome letter, shall inform members how to access and use services, and how to opt in or out of the program. The welcome letter may be used as the required non-interactive intervention if it includes all the required elements as detailed in Section 2.8.4.3.7 of this Agreement.
- 2.8.4.3.4 The CONTRACTOR shall provide, to members identified with weight management problems, education and support to address and improve this health risk. At the CONTRACTOR's discretion the CONTRACTOR may also provide, as cost effective alternatives, weight management programs for Level 1 or 2 members identified as overweight or obese.
- 2.8.4.3.5 The CONTRACTOR shall provide, to members identified as users of tobacco, information on availability of tobacco cessation benefits, support and referrals to available resources such as the Tennessee Tobacco Quitline.
- 2.8.4.3.6 The CONTRACTOR shall sub-stratify populations within the Health Risk Management Program (low, medium, high) based upon identified risk, life style choices (tobacco or substance use), referrals, and identified needs. Interventions for each subpopulation shall be based on risk level or the identified modifiable health risk behavior.
- 2.8.4.3.7 The CONTRACTOR shall provide to members, who are not participating in a Medical home Lock-in project, in the lowest risk level of the Health Risk Management Program the following minimum standard interventions:

Health Risk Management Program: <u>Lowest Risk Level</u> Minimum Interventions	
1.	<u>One</u> documented non-interactive communication each year. The communication shall address self management education emphasizing the following: <ul style="list-style-type: none"> A. Increasing the members knowledge of their chronic condition B. The importance of medication adherence C. Appropriate lifestyle/behavioral changes D. Management of the emotional aspect of their condition E. Self efficacy & support
2.	Offering of individual support for self management if member desires to become engaged.
3.	Availability of 24/7 nurse line.
4.	Availability of health coaching
5.	Availability of weight management or tobacco cessation support as applicable and as described in Sections 2.8.4.3.4 and 2.8.4.3.5 of this Agreement.

- 2.8.4.3.8 The CONTRACTOR shall provide to members, who are not participating in a Medical Home Lock-in project, in the medium risk level within the Health Risk Management Program the following minimum standard interventions:

Amendment 30 (cont.)

Health Risk Management Program: Medium Risk Level Minimum Interventions	
1.	<p><u>Two</u> documented non-interactive communications each year which shall emphasize self management education addressing the following:</p> <ul style="list-style-type: none"> A. Members knowledge of their chronic condition B. Importance of medication adherence C. Appropriate lifestyle/behavioral changes D. Management of emotional aspects of their condition E. Self efficacy & support
2.	Offering of interactive communications for self management if need is identified and member desires to become engaged.
3.	Availability of 24/7 nurse line.
4.	Health coaching to provide self management education and support if the need is identified or as requested by eligible members.
5.	Availability of weight management or tobacco cessation support as applicable and as described in Sections 2.8.4.3.4 and 2.8.4.3.5 of this Agreement.

2.8.4.3.9 The CONTRACTOR shall provide to members, who are not participating in a Medical Home Lock-in project, in the highest risk level within the Health Risk Management Program the following minimum interventions:

Health Risk Management Program: Highest Risk Level Minimum Interventions	
1.	<p><u>Four</u> documented non-interactive communications each year which shall emphasize the following:</p> <ul style="list-style-type: none"> A. Members knowledge of their chronic condition B. Importance of medication adherence C. Appropriate lifestyle/behavioral changes D. Management of emotional aspects of their condition E. Self efficacy & support
2.	<p>Offering of interactive communications for self management if need is identified and member desires to become engaged which may include;</p> <ul style="list-style-type: none"> A. Documented action plan as appropriate if the need is identified or are requested by eligible members B. Referrals and linkages to link the members with medical, social, educational and/or other providers or programs and services to address identified needs C. Monitoring and follow up which shall consist of activities and contacts that are necessary to ensure services, appointments and community resources were furnished as planned and shall be appropriately documented for reporting purposes

Amendment 30 (cont.)

	D. Defined monitoring for gaps in care
3.	Availability of 24/7 nurse line
4.	Health coaching to provide self management education and support if the need is identified or as requested by eligible members
5.	Availability of weight management or tobacco cessation support as applicable and as described in Sections 2.8.4.3.4 and 2.8.4.3.5

2.8.4.4 Care Coordination Program

For all eligible members the CONTRACTOR shall provide a Care Coordination Program designed to help non-CHOICES members who may or may not have a chronic disease but have acute health needs or risks that need immediate attention. The goal of the Care coordination program is to assure members get the services they need to prevent or reduce an adverse health outcome. Services provided are short-term and time limited in nature and should not be confused with the CHOICES Care Coordination Program. Services may include assistance in making and keeping needed medical and or behavioral health appointments, hospital discharge instructions, health coaching and referrals related to the members’ immediate needs, PCP reconnection and offering other resources or materials related to wellness, lifestyle, and prevention. Members receiving care coordination may be those members that were identified for, but declined complex case management

2.8.4.5. Chronic Care Management Program

For all eligible level 2 non-pregnant members the CONTRACTOR shall provide a **Chronic Care Management Program**. The goal of the program is to improve the quality of life, health status and utilization of services, of members with multiple chronic conditions, by providing intense self management education and support.

2.8.4.5.1 The CONTRACTOR shall develop and operate the “opt in” chronic care management program per NCQA standard QI 8 for disease management.

2.8.4.5.2 The CONTRACTOR shall make three outreach attempts to contact each newly identified member as eligible for Chronic Care Management to offer the member enrollment in the program. All eligible members must have three outreach attempts within three months of their identification. For those members where contact failed but appear on the next refreshed list the CONTRACTOR is not obligated to attempt another contact for one hundred and eighty (180) days.

2.8.4.5.3 Engagement rates for the Chronic Care Management program will be monitored by TENNCARE with baseline determined the first year with improvement from baseline expected in subsequent years. The NCQA Significant Improvement Chart will serve as the measurement of improvement in subsequent years.

2.8.4.5.4 The CONTRACTOR shall conduct a **comprehensive Health Risk Assessment (HRA)** for all members enrolled in the Chronic Care management Program. The HRA should include screening for mental health and substance abuse for all members and screening for physical conditions when member condition is behavioral.

Amendment 30 (cont.)

2.8.4.5.5 The CONTRACTOR shall provide to members, who are not participating in a Medical Home Lock-in project, enrolled in the **CHRONIC CARE MANAGEMENT PROGRAM** the following minimum standard interventions:

Chronic Care Management Program Minimum Interventions	
1.	Monthly interactive contacts addressing the following with one face-to-face visit as deemed appropriate by the CONTRACTOR: A. Development of a supportive member and health coach relationship B. Disease specific management skills such as medication adherence and monitoring of the member’s condition C. Negotiating with members for appropriate health and behavioral changes D. Problem solving techniques E. The emotional impact of member’s condition F. Self efficacy G. Referral and linkages to link the members with medical, social, educational and/or other providers or programs and services to address identified needs H. Regular and sustained monitoring and follow-up
2.	Clinical reminders related to gaps in care.
3.	Suggested elements of the member’s plan of care.
4.	Provision of after hour assistance with urgent or emergent needs.

2.8.4.5.6 The CONTRACTOR shall provide ongoing member assessment for the need to move these members into a lower risk classification or to the complex case management program for services.

2.8.4.6 High Risk Maternity

The CONTRACTOR shall provide a **Level 2 High Risk Maternity Program** for eligible members identified as described in Sections 2.8.2.3 and 2.8.2.3.1 of this Agreement. The goal of the program is to engage pregnant women into timely prenatal care and aim for delivery of a healthy, term infant without complications.

2.8.4.6.1 The CONTRACTOR shall provide screening for risk factors to include screening for mental health and substance abuse. This screening shall follow the attempt protocol referenced in Section 2.8.4.5.1 of this Agreement.

2.8.4.6.2 The CONTRACTOR shall operate its high risk maternity program using an “Opt In” methodology. Program services shall be provided to eligible members that agree to participate in the program.

Amendment 30 (cont.)

2.8.4.6.3 The CONTRACTOR shall provide to members enrolled in the **Level 2 HIGH RISK MATERNITY PROGRAM** the following minimum standard interventions:

High Risk Maternity Program Minimum Interventions	
1.	One interactive contact to the member per month of pregnancy to provide intense case management including the following:
	Development of member support relationship by face to face visit or other means as appropriate.
	Monthly interactive contacts to support and follow-up on patient self management. If prenatal visits have not been kept more frequent calls are required.
	Comprehensive HRA to include screening for mental health and substance abuse.
	Development and implementation of individualized care plan.
	Follow-up to assure member is established with a provider, receives prenatal and postpartum visits, and postpartum depression screening. If prenatal visits have not been kept more frequent calls are required.
	Referrals to appropriate community-based resources and follow-up for these referrals.
	If applicable, provide information on availability of tobacco cessation benefits, support and referrals to cessation services including TN tobacco Quitline.
2.	Provide prenatal packets including:
	Encouragement to enroll in Text4Baby.
	Encouragement (social marketing) to enroll in High Risk Maternity program.
	Information on preterm labor education.
	Information on breast feeding.
	Information on secondhand smoke.
	Information on safe sleep.
	Trimester specific health information.
	Information on importance of postpartum visit.
	Information on post partum Depression.
	Help Us Grow Successfully (HUGS) TDOH program information.
	Information on inter-conception health, including dangers of Becoming pregnant while using narcotics and long term Contraception.

2.8.4.7 Complex Case Management

The CONTRACTOR shall provide a **Complex Case Management Program (CCMP)** for eligible members, identified by criteria listed in Section 2.8.2 of this Agreement. The goal of the program is to move members to optimal levels of health and well-being by providing timely coordination of quality services and self management support.

2.8.4.7.1 The CONTRACTOR shall offer complex case management to all members identified as eligible. Members will have the right to participate or decline participation.

2.8.4.7.2 The CONTRACTOR shall make three (3) outreach attempts as detailed in Section 2.8.4.5.2 of this agreement.

Amendment 30 (cont.)

- 2.8.4.7.3 The CONTRACTOR shall develop and implement the Complex Case Management Program according to NCQA standard QI 7 for complex case management.
- 2.8.4.7.4 The CONTRACTOR shall conduct a comprehensive Health Risk Assessment to assess member’s needs to include screening for mental health and substance abuse for all members identified with a physical condition and screening for physical conditions when member’s condition is behavioral.
- 2.8.4.7.5 The CONTRACTOR shall provide defined ongoing member assessment for the need to move these members into a lower risk classification or into the Chronic Care Management Program.
- 2.8.4.7.6 The CONTRACTOR shall provide to members enrolled in the **COMPLEX CASE MANAGEMENT PROGRAM** the following:

Complex Case Management Program Minimum Interventions	
1.	Monthly interactive member contacts to provide individual self management support emphasizing the following:
	One face –to –face visit as deemed appropriate by MCO
	Development of a supportive member and health coach relationship
	Teaching disease specific management skills such as medication adherence and monitoring of the member’s condition
	Negotiating with members for appropriate health and behavioral changes
	Providing problem solving techniques
	Assist with the emotional impact of the member’s condition
	Self efficacy
	Providing regular and sustained monitoring and follow-up
	Referral and linkages
2.	Providing clinical reminders around HEDIS/gaps in care
3.	Providing after hours assistance with urgent or emergent member needs

2.8.5 Program Description

The CONTRACTOR shall develop and maintain a Population Health **Program Description** addressing all Sections of the CRA and following the guidance documents issued by the Bureau of TennCare, Quality Oversight Division. The program description shall include a written description of how the plan assures that members less than 21 years of age will have their health risks identified and their health needs met at the appropriate risk level.

Amendment 30 (cont.)

2.8.6 Clinical Practice Guidelines

Population Health programs shall utilize evidence-based clinical practice guidelines that have been formally adopted and updated as described in current NCQA standards. A list of clinical practice guidelines for conditions referenced in Section 2.8.2.1.2.1 of this Agreement, as well as Maternity, Obesity, and Preventive Services must be submitted for review by TENNCARE on an annual basis. For conditions other than those referenced in this citation policies and procedures established addressing how the health plan assures that information provided to member is based on current best practices.

2.8.7 Informing and educating Members

The CONTRACTOR shall inform all members of the availability of Population Health Programs and how to access and use the program services. The member shall be provided information regarding their eligibility to participate, how to self refer, and how to either appropriately “opt in” or “opt out” of a program.

2.8.8 Informing and Educating Practitioners

The CONTRACTOR shall educate providers regarding the operation and goals of all Population Health programs. The providers should be given instructions on how to access appropriate services as well as the benefits to the provider. For members receiving interactive interventions, the CONTRACTOR shall notify the practitioners by letter, email, fax, or via a secure web portal of their patient’s involvement.

2.8.9 System support and capabilities

The CONTRACTOR shall maintain and operate centralized information system necessary to conduct population health risk stratification. Systems recording program documentation shall meet NCQA Complex Case Management specifications and include the capability of collecting and reporting short term and intermediate outcomes such as member behavior change. The system shall be able to collect and query information on individual members as needed for follow-up confirmations and to determine intervention outcomes.

2.8.10 CHOICES

The CONTRACTOR shall include CHOICES members **and** dual eligible CHOICES members when risk stratifying its entire population.

2.8.10.2 The CONTRACTOR’s Population Health Program description shall describe how the organization integrates a CHOICES member’s information with other CONTRACTOR activities, including but not limited to, Utilization Management (UM), Health Risk assessment information, Health Risk Management and Chronic Care Management programs to assure programs are linked and enrollees receive appropriate and timely care.

2.8.10.3 The CONTRACTOR’s Population Health Program description shall address how the CONTRACTOR shall ensure that, upon enrollment into CHOICES, Health Risk Management or Chronic Care Management activities are integrated with CHOICES care coordination processes and functions, and that the member’s assigned care coordinator has primary responsibility for coordination of all the member’s physical health, behavioral health, and long-term care services, including appropriate management of chronic conditions. If a CHOICES member has one or more chronic conditions, the member’s care coordinator may

Amendment 30 (cont.)

use the CONTRACTOR's applicable Population Health Program's tools and resources, including staff with specialized training, to help manage the member's condition, and shall integrate the use of these tools and resources with care coordination. Population Health staff shall supplement, but not supplant, the role and responsibilities of the member's care coordinator/care coordination team.

- 2.8.10.4 The CONTRACTOR's program description shall also include the method for addressing the following for CHOICES members:
- 2.8.10.4.1 Notifying the CHOICES care coordinator of the member's participation in a Population Health Program;
 - 2.8.10.4.2 Providing member information collected to the CHOICES care coordinator.
 - 2.8.10.4.3 Provide to the CHOICES Care Coordinator any educational materials given to the member through these programs;
 - 2.8.10.4.4 Ensure that the care coordinator reviews Population Health educational materials verbally with the member and with the member's caregiver and/or representative (as applicable) and Coordinate follow-up that may be needed regarding the Population Health program, such as scheduling screenings or appointments with the CHOICES Care Coordinator;
 - 2.8.10.4.5 Ensure that the Care Coordinator integrates into the member's plan of care aspects of the Population Health Program that would help to better manage the member's condition; and
 - 2.8.10.4.6 Ensure that the member's care coordinator shall be responsible for coordinating with the member's providers regarding the development and implementation of an individualized treatment plan which shall be integrated into the member's plan of care and which shall include monitoring the member's condition, helping to ensure compliance with treatment protocols, and to the extent appropriate, lifestyle changes which will help to better ensure management of the member's condition (see Section 2.9.6 of this Agreement).
- 2.8.10.5 As part of a Population Health Program, the CONTRACTOR shall place CHOICES members into appropriate programs and/or stratification within a program, not only according to risk Level or other clinical or member-provided information but also by the type of setting in which long-term care services are delivered, i.e., nursing facility, community-based residential alternative, or home-based. The targeted interventions for CHOICES members should not only be based on risk level but also based on the setting in which the member resides.
- 2.8.10.5.1 Targeted methods for informing and educating CHOICES members shall not be limited to mailing educational materials;
- 2.8.10.6 The CONTRACTOR shall include CHOICES process data in quarterly and annual reports as indicated in Section 2.30.5 of this Agreement. CHOICES members will not be included in outcome measures in annual Population Health reports.
- 2.8.10.7 The CONTRACTOR shall ensure that upon a member's enrollment in CHOICES, if applicable, all High Risk Population Health Management CONTRACTOR activities are integrated with CHOICES care coordination processes and functions, and that the member's assigned care coordinator has primary responsibility for coordination of all the member's

Amendment 30 (cont.)

physical health, behavioral health, and long-term care needs. The care coordinator may use resources and staff from the CONTRACTOR's MCO Complex Case Management Program, including persons with specialized expertise in areas such as behavioral health, to supplement but not supplant the role and responsibilities of the member's care coordinator/care coordination team.

- 2.8.10.8 The CONTRACTOR, in addition to requirements pertaining to nursing facility to community transitions (see Section 2.9.6.8), members in CHOICES Group 1 who are under the age of 21 and who are residents of a nursing facility and have requested to transition home, shall provide coordination of care by the CHOICES Care Coordinator and the Population Health Complex Case Management staff:
 - 2.8.10.8.1 The member will be informed by CHOICES Care Coordinator of disenrollment from CHOICES upon discharge from Nursing Facility;
 - 2.8.10.8.2 Within three (3) business days of a request to transition by or on behalf of a Group 1 member under age 21, the member will be referred by the CHOICES Care Coordinator to MCO Case Management for service identification and implementation in the home setting;
 - 2.8.10.8.3 The Population Health Complex Case Manager will be responsible for developing a service plan for the home setting;
 - 2.8.10.8.4 The CHOICES Care Coordinator will communicate weekly via phone or face-to-face visits with the Population Health Complex Case Management staff, the member and/or the member's parent or guardian (as applicable and appropriate), and the nursing facility staff to ensure timely progression of the transition plan until it is determined that the transition is not appropriate or until the plan is complete; and
 - 2.8.10.8.5 Any EPSDT benefits needed by the child in the community as an alternative to nursing facility care, including medically necessary home health or private duty nursing, as applicable, shall be initiated immediately upon transition from a nursing facility (i.e., CHOICES Group 1) to the community and as of the effective date of transition with no gaps between the member's receipt of nursing facility services and EPSDT benefits.

2.8.11 Evaluation

- 2.8.11.1 The CONTRACTOR shall collect and report process and outcome data as indicated on Population Health quarterly and annual report templates provided by TENNCARE. Outcome data for these reports will include short, intermediate and long term measures.
- 2.8.11.2 The CONTRACTOR shall provide in the annual report for the programs, with interactive interventions, an active participation rate as designed by NCQA.
- 2.8.11.3 The CONTRACTOR shall evaluate and report member satisfaction based upon NCQA requirements, on Population Health programs with interactive interventions.
- 2.8.11.4 The CONTRACTOR shall assess member's functional status, using the SF12 survey, or other appropriate tool used for children or the intellectually disabled, for members in the high risk Chronic Care Management program and the Complex Case Management program.

Amendment 30 (cont.)

2.8.12 Special Projects

2.8.12.1 New Member mini Health Risk Assessments. The CONTRACTOR shall make reasonable attempts to assess member's health risks. Information such as weight, nutrition, substance abuse and physical inactivity collected from assessments will be used to align individual members with appropriate intervention approaches and maximize the impact of the services provided.

2.8.12.1.1 During 2013, the first year of implementation, the CONTRACTOR shall continue to conduct their current new member HRA and identify the method for incorporating HRA information into the identification system for eligibility into Population Health programs.

2.8.12.1.2 As appropriate, the CONTRACTOR's Population Health staff shall participate in a collaborative MCO/TennCare workgroup to identify a common standard new enrollee HRA and address innovative ways to improve member completion rates.

2.8.12.2 The CONTRACTOR shall conduct at least one rapid cycle improvement project annually. The rapid cycle improvement projects shall address increasing member engagement rates in the High Risk opt in level of Population Health programs. The project plan is to be reported in the quarterly report before implementation. The project should then be conducted with the results to be reported in the next Population Health Quarterly Report.

2.8.13 Milestones for the Sixth Month (January 1 to July 1, 2013) Transition Period from Disease Management to Population Health

2.8.13.1 The CONTRACTOR shall by January 1, 2013 stratify all members into the three risk categories described in Section 2.8.1.1.

2.8.13.2 The CONTRACTOR shall by March 31, 2013 have all disease management managed members receiving services at the end of the fourth quarter of 2012 transitioned to the new level 1 or level 2 Population Health programs.

2.8.13.3 The CONTRACTOR shall by January 31, 2013 have all members engaged in case management, at the end of the fourth quarter of 2012, transitioned to the appropriate Level 2 Population Health program.

2.8.13.4 The CONTRACTOR shall by April 30, 2013 have submitted all required operational data for the first three months of the transition period.

2.8.13.5 The CONTRACTOR shall by April 30, 2013 provide evidence in the quarterly Population Health Quarterly report, as cited above, that a method is in place to identify the targeted population for prenatal visit verification. (see Section 2.8.4.2.3)

2.8.13.6 The CONTRACTOR shall by July 1, 2013 have operationalized Population Health to provide all minimum interventions to enrollees who are not participating in a medical home lock in project, in the appropriate programs.

12. Section 2.9.5.3 shall be deleted in its entirety and the remaining Section 2.9.5 shall be renumbered accordingly, including any references thereto.

Amendment 30 (cont.)

13. Section 2.9.6.1.4 shall be amended by adding new language to the end of the existing language as follows:

2.9.6.1.4 Long-term care services identified through care coordination and provided by the CONTRACTOR shall build upon and not supplant a member's existing support system, including but not limited to informal supports provided by family and other caregivers, services that may be available at no cost to the member through other entities, and services that are reimbursable through other public or private funding sources, such as Medicare or long-term care insurance. However, once a member qualifies for CHOICES, he is no longer eligible to receive services under the State-funded Options program (see Rule 0030-2-1-.01), and neither the State nor the CONTRACTOR can require that services available to a member through CHOICES be provided instead through programs funded by Title III of the Older Americans Act.

14. Section 2.9.6.1.6 shall be deleted and replaced as follows:

2.9.6.1.6 The CONTRACTOR shall compute Care Coordination CHOICES-related timelines as follows;

2.9.6.1.6.1 The date of receipt of the referral by the CONTRACTOR (which shall not include any additional days for the CONTRACTOR to process the referral or assign to appropriate staff) shall be the anchor date for the referral process. The anchor date is not included in the calculation of days.

2.9.6.1.6.2 The anchor date for the enrollment process shall be the latter of 1) the date the Bureau transmits the 834 file to the CONTRACTOR; or 2) the date of CHOICES enrollment as indicated on the 834 file. The anchor date is not included in the calculation of days.

2.9.6.1.6.3 The Business Day (see Section 1) immediately following the anchor date is day one (1) of timelines utilizing business days. Each subsequent business day is included in the computation.

2.9.6.1.6.4 The calendar day immediately following the anchor date is day one (1) of timelines utilizing calendar days. Each subsequent calendar day is included in the computation.

15. Section 2.9.6.1.9 shall be deleted and replaced as follows:

2.9.6.1.9 The CONTRACTOR shall ensure that, upon enrollment into CHOICES, the appropriate level of Population Health (see Section 2.8.4 of this Agreement) activities are integrated with CHOICES care coordination processes and functions, and that the member's assigned care coordinator has primary responsibility for coordination of all the member's physical health, behavioral health, and long-term care needs. The care coordinator may use resources and staff from the CONTRACTOR's Population Health programs, including persons with specialized expertise in areas such as behavioral health, to supplement but not supplant the role and responsibilities of the care coordinator/care coordination team.

Amendment 30 (cont.)

16. Section 2.9.6.2.3 shall be deleted and replaced as follows and all references shall be updated accordingly.

2.9.6.2.3 Functions of the Single Point of Entry (SPOE)

2.9.6.2.3.1 For persons wishing to apply for CHOICES, TENNCARE or its designee may employ a screening process, using the tools and protocols specified by TENNCARE, to assist with intake for persons new to both TENNCARE and CHOICES. Such screening process shall assess: (1) whether the applicant appears to meet categorical and financial eligibility criteria for CHOICES, and (2) whether the applicant appears to meet level of care eligibility for enrollment in CHOICES.

2.9.6.2.3.2 For persons identified by TENNCARE or its designee as meeting the screening criteria, or for whom TENNCARE or its designee opts not to use a screening process, TENNCARE or its designee will conduct a face-to-face intake visit with the applicant. As part of this intake visit TENNCARE or its designee will, using the tools and protocols specified by TENNCARE, conduct a level of care and needs assessment; and assess the member's existing natural support system, including but not limited to informal supports provided by family and other caregivers, services that may be available at no cost to the member through other entities, and services that are reimbursable through other public or private funding sources, such as Medicare or long-term care insurance.

2.9.6.2.3.3 TENNCARE or its designee shall conduct the intake visit, including the level of care and needs assessment, in the applicant's place of residence, except under extenuating circumstances (such as the member's hospitalization), which shall be documented in writing.

2.9.6.2.3.4 As part of the intake visit, TENNCARE or its designee shall: (1) provide general CHOICES education and information, as specified by TENNCARE, and assist in answering any questions the applicant may have; (2) provide information about estate recovery; (3) complete Medicaid and level of care (i.e., PAE) applications and provide assistance, as necessary, in gathering documentation needed by the State to determine TENNCARE eligibility; (4) provide choice counseling and facilitate the selection of an MCO by the applicant or his/her representative; (5) for applicants seeking enrollment in CHOICES Group 1 or Group 2, provide information regarding freedom of choice of nursing facility versus CHOICES HCBS, both verbally and in writing, and obtain a Freedom of Choice form signed and dated by the applicant or his/her representative; (6) provide detailed information and obtain signed acknowledgement of understanding regarding a CHOICES member's responsibility with respect to payment of patient liability amounts, including, as applicable, the potential consequences for non-payment of patient liability which may include loss of the member's current nursing facility or CBRA provider or MCO, disenrollment from CHOICES, and to the extent the member's eligibility is dependent on receipt of long-term care services, possible loss of eligibility for TENNCARE; (7) for applicants who want to receive NF services, provide information regarding the completion of all PASRR requirements prior to nursing facility admission and conduct the level I PASRR screening; (8) for applicants who are seeking CHOICES HCBS: (a) conduct a risk assessment in accordance with protocols developed by TENNCARE and develop, as applicable, a risk agreement that shall be signed by the applicant or his/her representative which shall include identified risks to the applicant, the consequences of such risks, strategies to mitigate the identified risks, and the applicant's

Amendment 30 (cont.)

decision regarding his/her acceptance of risk; and (b) provide information regarding consumer direction and obtain signed documentation of the applicant's interest in participating in consumer direction; and (9) provide information regarding next steps in the process including the need for approval by TENNCARE to enroll in CHOICES and the functions of the CONTRACTOR, including that the CONTRACTOR will develop and approve a plan of care.

2.9.6.2.3.5 The State will be responsible for determining TennCare categorical and financial eligibility and level of care and enrolling eligible TennCare members into CHOICES.

2.9.6.2.3.6 TENNCARE will notify the CONTRACTOR via the outbound 834 enrollment file when a person has been enrolled in CHOICES, the member's CHOICES Group, and any applicable patient liability amounts (See Section 2.6.7). For members in CHOICES Group 2, TENNCARE will notify the CONTRACTOR of the member's cost neutrality cap (see definition in Section 1 and Section 2.6.1.5.2.3), which shall be the average cost of Level 1 nursing facility care unless a higher cost neutrality cap is established by TENNCARE based on information submitted by the AAAD or MCO (as applicable) in the level of care.

2.9.6.2.3.7 TENNCARE or its designee will make available to the CONTRACTOR the documentation from the intake visit, including but not limited to the member's level of care and needs assessment, the assessment of the member's existing natural support system, the member's risk assessment and documentation of the discussion regarding identified risk and mitigation strategies.

17. Section 2.9.6.2.5 shall be amended by adding new Sections 2.9.6.2.5.8 through 2.9.6.2.5.9.2 as follows and the remaining Section shall be renumbered accordingly, including any references thereto.

2.9.6.2.5.8 As part of the face-to-face visit for members in CHOICES Group 2, the Care Coordinator shall make a determination regarding whether the person's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care, and provide explanation to the member regarding the individual cost neutrality cap, including that a change in needs or circumstances that would result in the cost neutrality cap being exceeded or that would result in the CONTRACTOR's inability to safely and effectively meet the member's needs in the community and within the cost neutrality cap may result in the member's disenrollment from CHOICES Group 2, in which case, the member's care coordinator will assist with transition to a more appropriate care delivery setting;

2.9.6.2.5.8.1 If the Care Coordinator determines that the member's needs cannot be safely met in the community within the member's individual cost neutrality cap, the Care Coordinator shall assist the member in transitioning to a more appropriate care delivery setting, or if the member refuses, proceed with disenrollment from CHOICES.

2.9.6.2.5.9 As part of the face-to-face visit for members in CHOICES Group 3, the Care Coordinator shall provide explanation to the member regarding the fifteen thousand dollar (\$15,000) expenditure cap and make a determination whether the member's needs can be safely met within the array of services and supports that would be available if the applicant was enrolled in CHOICES Group 3, including CHOICES HCBS up to the expenditure cap of

Amendment 30 (cont.)

\$15,000, non-CHOICES HCBS available through TennCare (e.g., home health), services available through Medicare, private insurance or other funding sources, and unpaid supports provided by family members and other caregivers and make a determination whether the member's needs can be safely met within the array of services and supports that would be available if the applicant was enrolled in CHOICES Group 3, including CHOICES HCBS up to the expenditure cap of \$15,000, non-CHOICES HCBS available through TennCare (e.g., home health), services available through Medicare, private insurance or other funding sources, and unpaid supports provided by family members and other caregivers;

- 2.9.6.2.5.9.1 If the member has been conditionally enrolled into CHOICES Group 3 and is in a nursing facility, the Care Coordinator shall work with the nursing facility to coordinate timely transition to the community and initiation of CHOICES HCBS.
- 2.9.6.2.5.9.2 If the Care Coordinator determines that the member's needs cannot be safely met in the community within the array of services and supports that would be available as described in 2.9.6.5.9, the Care Coordinator shall, pursuant to protocols established by TENNCARE, coordinate with TENNCARE to review the member's level of care, and if nursing facility level of care is approved, to facilitate transition to CHOICES Group 1 or 2.

18. The renumbered Sections 2.9.6.2.5.10 and 11 shall be deleted and replaced as follows:

- 2.9.6.2.5.10 As part of the face-to-face visit for members in CHOICES Group 2 or Group 3, the care coordinator shall review, and revise as necessary, the member's risk assessment, develop a risk agreement, and have the member or his/her representative sign and date the risk agreement.
- 2.9.6.2.5.11 As part of the face-to-face visit, for members determined to need eligible CHOICES HCBS, the care coordinator shall verify the member's interest in participating in consumer direction and obtain written confirmation of the member's decision. The care coordinator shall also, using current information regarding the CONTRACTOR's network, provide member education regarding choice of contract providers for CHOICES HCBS, subject to the provider's availability and willingness to timely deliver services, and obtain signed confirmation of the member's choice of contract providers.

19. Section 2.9.6.3.1.3 shall be amended by deleting the phrase "DM MCO case management," and replacing it with "Population Health" as follows:

- 2.9.6.3.1.3 Referral from CONTRACTOR's staff including but not limited to Population Health and UM staff;

20. Section 2.9.6.3.1.5.4 shall be amended by deleting and replacing the word "DM" with the words "Population Health" as follows:

- 2.9.6.3.1.5.4 Data collected through the Population Health and/or UM processes.

21. Section 2.9.6.3.2 shall be amended by deleting and replacing the acronym "MOE" with the words "CHOICES At-Risk".

Amendment 30 (cont.)

22. Section 2.9.6.3.9 shall be deleted and replaced as follows:

2.9.6.3.9 As part of the face-to-face intake visit, the care coordinator shall: (1) provide general CHOICES education and information, as specified by TENNCARE, to the member and assist in answering questions the member may have; (2) provide information about estate recovery; (3) provide assistance, as necessary, in gathering documentation needed by DHS to determine categorical/financial eligibility for LTC; (4) for members seeking enrollment in CHOICES Group 1 or Group 2, provide information regarding freedom of choice of nursing facility versus CHOICES HCBS, both verbally and in writing, and obtain a Freedom of Choice form signed and dated by the member or his/her representative; (5) provide detailed information and signed acknowledgement of understanding regarding a CHOICES member's responsibility with respect to payment of patient liability amounts, including, as applicable, the potential consequences for non-payment of patient liability which may include loss of the member's current nursing facility or CBRA provider or MCO, disenrollment from CHOICES, and to the extent the member's eligibility is dependent on receipt of long-term care services, possible loss of eligibility for TennCare; and (6) for members who want to receive nursing facility services, provide information regarding the completion of all PASRR requirements prior to nursing facility admission and conduct the level I PASRR screening; (7) for members who are seeking CHOICES HCBS, the care coordinator, shall: (a) conduct a risk assessment using a tool and protocol specified by TENNCARE and shall develop, as applicable, a risk agreement that shall be signed and dated by the member or his/her representative and which shall include identified risks to the member, the consequences of such risks, strategies to mitigate the identified risks, and the member's decision regarding his/her acceptance of risk; and (b) provide information regarding consumer direction and obtain written confirmation of the member's decision regarding participation in consumer direction; (8) for members seeking enrollment in Group 2, make a determination regarding whether the person's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care, and provide explanation to the member regarding the individual cost neutrality cap, including that a change in needs or circumstances that would result in the cost neutrality cap being exceeded or that would result in the CONTRACTOR's inability to safely and effectively meet the member's needs in the community and within the cost neutrality cap may result in the member's disenrollment from CHOICES Group 2, in which case, the member's care coordinator will assist with transition to a more appropriate care delivery setting; (9) for members seeking enrollment in Group 3, provide explanation to the member regarding the fifteen thousand dollar (\$15,000) expenditure cap and make a determination whether the member's needs can be safely met within the array of services and supports that would be available if the applicant was enrolled in CHOICES Group 3, including CHOICES HCBS up to the expenditure cap of \$15,000, non-CHOICES HCBS available through TennCare (e.g., home health), services available through Medicare, private insurance or other funding sources, and unpaid supports provided by family members and other caregivers; and (10) for all members, using current information regarding the CONTRACTOR's network, provide information regarding choice of contract providers, subject to the provider's availability and willingness to timely deliver services, and obtain signed documentation of the member's choice of contract providers.

23. Section 2.9.6.5.1.1 shall be amended by deleting and replacing the words "disease management" with "Population Health".

Amendment 30 (cont.)

24. Section 2.9.6.6.1.1 shall be amended by deleting and replacing the words “disease management” with “Population Health”.
25. Section 2.9.6.8.2 shall be amended by deleting and replacing the words “MCO Case Management” with “Population Health” and updating the reference to Section “2.9.5.4.1” with “2.9.5.3.1”.
26. The first sentence of Section 2.9.6.8.7 shall be amended by deleting the phrase “using a tool and protocol specified” and replacing it with the phrase “in accordance with protocols developed”.
27. Section 2.9.6.9.1.1.2 shall be amended by deleting and replacing the words “disease management” with “Population Health”.
28. Section 2.9.6.9.3.1 shall be amended by deleting and replacing Section 2.9.6.9.3.1.1.1 and adding new Sections 2.9.6.9.3.1.1.3 through 2.9.6.9.3.1.1.3.2 as follows:
 - 2.9.6.9.3.1.1.1 If the level of care assessment indicates a change in the level of care, or if the assessment was prompted by a request by a member, a member’s representative or caregiver or another entity for a change in level of services, the level of care shall be forwarded to TENNCARE for determination;
 - 2.9.6.9.3.1.1.3 For all persons enrolled into the CHOICES program (CHOICES Group 1 or 2) prior to implementation of the new NF Level of Care (LOC) criteria on July 1, 2012, the CONTRACTOR shall be obligated to assess the person’s LOC as follows:
 - 2.9.6.9.3.1.1.3.1 The CONTRACTOR shall, for purposes of LOC eligibility to remain in the CHOICES Group in which the member is enrolled, assess the member’s LOC eligibility be based on the criteria in place at the time of the member’s enrollment into that CHOICES group.
 - 2.9.6.9.3.1.1.3.2 The CONTRACTOR shall also, for purposes of complying with the Terms and Conditions of the State’s Waiver, assess the member’s LOC eligibility based on the new LOC criteria in place as of July 1, 2012. The CONTRACTOR shall report the results of the LOC reassessment to TENNCARE. This information will be used by the State in its expenditure reporting to CMS.
29. Section 2.9.6.9.3.3 shall be amended by deleting and replacing the words “disease management” with “Population Health”.
30. The third sentence in Section 2.9.6.10.9 shall be amended by deleting the phrase “as applicable,” between the words “agreement” and “shall” as follows:
 - 2.9.6.10.9 For members electing to participate in consumer direction, the member’s care coordinator shall develop and/or update risk agreement which takes into account the member’s decision to participate in consumer direction, and which identifies any additional risks associated with the member’s decision to direct his/her services, the potential consequences of such risk, as

Amendment 30 (cont.)

well as measures to mitigate these risks. The member's representative (if applicable) shall participate in the risk assessment process. The new or updated risk agreement, shall be signed by the member (or the member's representative, as applicable). The CONTRACTOR shall provide a copy of the risk agreement to the member/representative and the FEA.

31. **Section 2.9.6.11.18.21 shall be amended by deleting and replacing the words "disease management" with "Population Health".**
32. **Section 2.9.6.11.18 shall be amended by adding new Sections 2.9.6.11.18.32 through 2.9.6.11.18.35 as follows:**
 - 2.9.6.11.18.32 The Care Coordinator's role and responsibility in implementing the Advance Determination process including qualifying criteria, when the process may be implemented, and what documentation must be presented to support the determination pursuant to TENNCARE rule 12 13 01-05.
 - 2.9.6.11.18.33 The Care Coordinator's role and responsibility in assessing members who have been conditionally enrolled into CHOICES and coordination with the nursing facility to facilitate timely transition, when appropriate.
 - 2.9.6.11.18.34 The Care Coordinator's role and responsibility in facilitating denial of enrollment into or termination of enrollment from CHOICES Groups 2 or 3 when a determination has been made that the applicant or member (as applicable) cannot be safely served within the member's cost neutrality cap (CHOICES Group 2) or Expenditure Cap (CHOICES Group 3).
 - 2.9.6.11.18.35 The Care Coordinator's role and responsibility in facilitating access to other medically TennCare covered benefits, including home health and behavioral health services.
33. **The fifth paragraph in Section 2.9.7.4.10.10 shall be amended by deleting the phrase "as applicable," between the words "agreement" and "shall" as follows:**
 - 2.9.7.4.10.10 The CONTRACTOR shall develop and/or update risk agreement which takes into account the member's decision to participate in consumer direction, and which identifies any additional risks associated with the member's decision to direct his/her services, the potential consequences of such risk, as well as measures to mitigate these risks. The member/representative shall participate in the process. The member's representative (if applicable) shall participate in the risk assessment process. Once a referral has been made to the FEA for consumer direction, the member's supports broker should be involved in risk assessment and risk planning activities whenever possible. The new or updated risk agreement shall be signed by the member or his/her representative (as applicable). The CONTRACTOR, member/representative and FEA shall receive a copy of the risk agreement. The CONTRACTOR and the FEA shall each file a copy of the risk agreement in the member's file
34. **Section 2.9.8.3.6 shall be amended by deleting and replacing the word "Tennessee" with the word "TENNCARE".**

Amendment 30 (cont.)

35. Section 2.9.8.8.1 shall be amended by adding a new Section 2.9.8.8.1.1 as follows:

2.9.8.8.1.1 The ninety (90) day limit shall be applied on a per admission (and not a per year) basis. A member may receive more than one short-term stay during the year. However, the CONTRACTOR shall be responsible for carefully reviewing any instance in which a member receives multiple short-term stays during the year or across multiple years, including a review of the circumstances which resulted in each nursing facility admission, and shall evaluate whether the services and supports provided to the member are sufficient to safely meet his needs in the community such that transition back to CHOICES Group 2 or Group 3 (as applicable) is appropriate.

36. Section 2.9.9.1 shall be deleted and replaced as follows:

2.9.9.1 General

As provided in Section 2.6.1 of this Agreement, the CONTRACTOR shall be responsible for providing a full continuum of physical health, behavioral health, and long-term care services. The CONTRACTOR shall also be responsible for ensuring continuity and coordination between covered physical health, behavioral health, and long-term care services and ensuring collaboration between physical health, behavioral health, and long-term care providers. The CONTRACTOR shall develop policies and procedures that address key elements in meeting this requirement. These elements include, but are not limited to, screening for behavioral health needs (including the screening tool), referral to physical health and behavioral health providers, screening for long-term care needs, exchange of information, confidentiality, assessment, treatment plan and plan of care development and implementation, collaboration, , care coordination (for CHOICES members) and Population Health, provider training, and monitoring implementation and outcomes.

37. Section 2.9.9.8 shall be deleted and replaced as follows:

2.9.9.8 Population Health and CHOICES Care Coordination

The CONTRACTOR shall use its Population Health, and CHOICES care coordination programs (see Sections 2.9.5, 2.8, and 2.9.6) to support the continuity and coordination of covered physical health, behavioral health, and long-term care services and the collaboration between physical health, behavioral health, and long-term care providers. The CONTRACTOR has the option to allow members, e.g., members who have been determined to be high risk based on Population Health stratification (see Section 2.8.3), to be enrolled in an appropriate level Population Health Program (see Section 2.8.4 of this Agreement). For CHOICES members, Population Health activities shall be integrated with the care coordination process (see Sections 2.9.5.3, and 2.9.6.1.9).

Amendment 30 (cont.)

38. Section 2.9.11.3.1 shall be deleted and replaced as follows:

2.9.11.3.1 Analyzing prescription drug data and/or reports provided by the PBM or TENNCARE to identify high-utilizers and other members who inappropriately use pharmacy services and assign them to Population Health programs and/or refer them to CHOICES intake (see Section 2.9.6) as appropriate; if a CHOICES member is identified as a high-utilizer or as inappropriately using pharmacy services, relevant prescription drug data and/or reports for the member shall be provided to the member's care coordinator, and the care coordinator shall take appropriate next steps, which may include coordination with the member's PCP

39. Section 2.9 shall be amended by adding a new 2.9.14 as follows and renumbering the remaining Section accordingly, including any references thereto.

2.9.14 Coordination with Medicare Advantage Dual Eligible Special Needs Plans (D-SNPs) regarding the CONTRACTOR's Full Benefit Dual Eligible (FBDE) Members Enrolled in a D-SNP

2.9.14.1 The CONTRACTOR shall modify its IT systems to accept Medicare enrollment data and to load the data in the CONTRACTOR's case management system for use by Care Coordinators and case management, DM/Population Health and UM staff.

2.9.14.2 The CONTRACTOR shall coordinate with a FBDE member's D-SNP regarding discharge planning from any inpatient setting when Medicaid LTSS (NF or HCBS), Medicaid home health or private duty nursing, or other Medicaid services may be needed upon discharge in order to ensure that care is provided in the most appropriate, cost effective and integrated setting.

2.9.14.2.1 The CONTRACTOR shall develop, for review and approval by TENNCARE, policies, procedures and training for CONTRACTOR staff, including Care Coordinators, regarding coordination with a FBDE member's D-SNP in discharge planning from an inpatient setting to the most appropriate, cost effective and integrated setting.

2.9.14.2.2 The CONTRACTOR shall receive and process in a timely manner a standardized electronic Daily Inpatient Admissions, Census and Discharge Report, from each D-SNP operating in the Grand Region served by the CONTRACTOR.

2.9.14.2.3 The CONTRACTOR shall provide a technical contact to address any technical problems in the submission of the daily Report.

2.9.14.2.4 The CONTRACTOR shall establish processes to ensure that notifications of inpatient admission are timely and appropriately triaged.

2.9.14.2.5 The CONTRACTOR shall establish tracking mechanisms to ensure that staff are timely and appropriately engaged in discharge planning, and for CHOICES members, that Care Coordinators are notified/engaged as appropriate.

2.9.14.2.6 The CONTRACTOR shall maintain daily reports for audit to determine appropriate and timely engagement in discharge planning.

Amendment 30 (cont.)

- 2.9.14.3 The CONTRACTOR shall coordinate with a FBDE member's D-SNP regarding CHOICES LTSS that may be needed by the member; however, the D-SNP shall remain responsible for ensuring access to all Medicare benefits covered by the CONTRACTOR, including SNF and home health, and shall not supplant such medically necessary covered services with services available only through TennCare.
- 2.9.14.3.1 The CONTRACTOR shall develop, for review and approval by TENNCARE prior to their implementation, policies, procedures and training for processing in a timely manner requests for CHOICES LTSS from a FBDE member's D-SNP, including communication with the member's Care Coordinator and/or UM staff, response to the D-SNP submitter, collaboration between the Medical Director(s) of the D-SNP and MCO regarding medical necessity denials, and escalation procedures/contacts.
- 2.9.14.4 The CONTRACTOR shall coordinate with a FBDE member's D-SNP to ensure timely access to medically necessary covered Medicare benefits needed by a FBDE member, including members enrolled in the CHOICES program.
- 2.9.14.4.1 The CONTRACTOR shall develop, for review and approval by TENNCARE prior to their implementation, policies, procedures and training for staff, including Care Coordinators, regarding service requests to a FBDE member's D-SNP for Medicare benefits needed by the member.
- 2.9.14.5 The CONTRACTOR shall request, when appropriate, the D-SNP's participation in needs assessments and/or the development of an integrated person-centered plan of care for a TennCare CHOICES member, encompassing Medicare benefits provided by the CONTRACTOR as well as Medicaid benefits provided by the TennCare MCO.
- 2.9.14.5.1 The CONTRACTOR shall develop, for review and approval by TENNCARE prior to their implementation, policies, procedures, and training for engaging D-SNP participation in the CHOICES needs assessment/care planning process for a FBDE member, including the roles/responsibilities of the TennCare MCO and the D-SNP.
- 2.9.14.6 The CONTRACTOR shall submit to a FBDE member's D-SNP, as applicable and appropriate, referrals for case management and/or disease management/Population Health.
- 2.9.14.6.1 The CONTRACTOR shall develop, for review and approval by TENNCARE prior to their implementation, policies procedures and training for staff regarding the D-SNP case management and/or disease management/Population Health referral process.
- 2.9.14.7 The CONTRACTOR shall coordinate with each D-SNP operating in the Grand Region served by the CONTRACTOR and with the D-SNP's providers (including hospitals and physicians) in the CONTRACTOR's implementation of its nursing facility diversion program.
- 2.9.14.7.1 The CONTRACTOR shall provide to D-SNPs training on the CONTRACTOR's NF Diversion program, including the referral process.
- 2.9.14.7.2 The CONTRACTOR shall, pursuant to Section 2.9.6, accept and process from a member's D-SNP a referral for HCBS in order to delay or prevent NF placement.

Amendment 30 (cont.)

- 2.9.14.8 The CONTRACTOR shall, pursuant to Section 2.9.6 receive and process from a FBDE member's D-SNP a referral for transition from a SNF to the community, and shall coordinate with the FBDE member's D-SNP to facilitate timely transition, as appropriate, including coordination of services covered by the CONTRACTOR and services covered by the D-SNP.
- 2.9.14.8.1 The CONTRACTOR shall provide to D-SNPs training on the CONTRACTOR's NF-to-community transition program, including the referral, screening and assessment process.
- 2.9.14.9 The CONTRACTOR shall participate, as appropriate, in D-SNP training regarding D-SNP responsibilities for coordination of Medicare and Medicaid benefits for FBDE members and benefits covered under the TennCare program, including CHOICES.

40. Section 2.11.1.3 shall be amended by adding a new Section 2.11.1.3.7 as follows:

- 2.11.1.3.7 Not discriminate against providers and entities in accordance with the federal prohibition against discrimination as provided for under the collective "federal health care provider conscience protection statutes," referenced individually as the Church Amendments, 42 U.S.C. § 300a-7, section 245 of the Public Health Service Act, 42 U.S.C. § 238n, and the Weldon Amendment, Consolidated Appropriations Act, 2010, Public Law 111-117, Div. D, Sec. 508(d), 123 Stat. 3034, 3279-80.

41. Section 2.11.6.1 shall be deleted and replaced in its entirety.

- 2.11.6.1 The CONTRACTOR shall contract with all current nursing facilities (as defined in TCA 71-5-1412(b)), that meet all CMS certification requirements, for a minimum of three (3) years following the effective date of CHOICES implementation. Pursuant to Public Chapter 971, such period is extended through June 30, 2015 if the facility is willing to contract with the CONTRACTOR under the same terms and conditions offered to any other participating facility; however this does not prevent the CONTRACTOR from enforcing the provisions of its contract with the facility. Thereafter, the CONTRACTOR shall contract with a sufficient number of nursing facilities in order to have adequate capacity to meet the needs of CHOICES members for nursing facility services

42. Section 2.11.6 shall be amended by deleting and replacing Section 2.11.6.7 and by adding a new Section 2.11.6.8 as follows:

- 2.11.6.7 The CONTRACTOR shall assist in developing an adequate qualified workforce for covered long-term care services. The CONTRACTOR shall actively participate with TENNCARE, other TennCare managed care contractors, and other stakeholders as part of a statewide initiative to develop and implement strategies to increase the pool of available qualified direct care staff and to improve retention of qualified direct care staff. The strategies may include, for example, establishing partnerships with local colleges and technical training schools to develop and implement training and/or certification programs for direct support staff; creating a registry of trained and/or certified staff with the ability to match people who need assistance with staff to provide such assistance based on individualized needs and preferences; providing incentives for providers who employ specially trained and/or certified staff and who assign staff based on member needs and preferences; and systems to encourage direct support staff to engage as an active participant in the care coordination team. The CONTRACTOR's active participation in this statewide initiative shall fulfill its obligation under this section; however the CONTRACTOR is not prohibited for pursuing additional

Amendment 30 (cont.)

workforce development activities. The CONTRACTOR shall report annually to TENNCARE on the status of any additional qualified workforce development strategies it elects to implement (see Section 2.30.8.7)

2.11.6.8 TENNCARE will evaluate the need for further action when the above standards are not met. At its sole discretion TENNCARE may elect one of three options: (1) TENNCARE may request a Corrective Action Plan (CAP), (2) a Request for Information (RFI), (3) or an On Request Report (ORR) depending on the severity of the deficiency.

2.11.6.8.1 The requested CAP, RFI or ORR response shall detail the CONTRACTOR's network adequacy considering any alternate measures, documentation of unique market conditions and/or its plan for correction. If TENNCARE determines the CONTRACTOR's response demonstrates the existence of alternate measures or unique market conditions, TENNCARE may elect to request periodic updates from the CONTRACTOR regarding efforts to address such conditions.

43. Section 2.12.9.4 shall be deleted and replaced as follows:

2.12.9.4 Failure by the provider to obtain written approval from the CONTRACTOR for a subcontract that is for the purposes of providing TennCare covered services may lead to the contract being declared null and void at the option of TENNCARE. Claims submitted by the subcontractor or by the provider for services furnished by the subcontractor are considered to be improper payments and may be considered false claims. Any such improper payments may be subject to action under Federal and State false claims statutes or be subject to be recouped by the CONTRACTOR and/or TENNCARE as overpayment;

44. Section 2.12.9.61 shall be amended by adding the words "public" and "in English and Spanish" as follows:

2.12.9.61 Require that the provider display public notices of the enrollee's right to appeal adverse action affecting services in public areas of their facility(s) in accordance with TennCare rules and regulations, subsequent amendments, or any and all consent decrees and court orders. The CONTRACTOR shall ensure that providers have a correct and adequate supply of public notices in English and Spanish;

45. Section 2.12.9.65 shall be deleted and replaced as follows:

2.12.9.65 Specify that the provider agreements include the following nondiscrimination provisions:

2.12.9.65.1 Language that no person on the grounds of handicap, and/or disability, age, race, color, religion, sex, or national origin shall be excluded from participation in, except as specified in Section 2.3.5, or be denied benefits of, or be otherwise subjected to discrimination in the performance of provider's obligation under its agreement with the CONTRACTOR or in the employment practices of the provider.

2.12.9.65.2 Specify that the provider have written procedures for the provision of language interpretation and translation services for any enrollee who needs such services, including but not limited to, enrollees with Limited English Proficiency.

Amendment 30 (cont.)

2.12.9.65.3 Require the provider to agree to cooperate with TENNCARE and the CONTRACTOR during discrimination complaint investigations.

2.12.9.65.4 Require the provider to assist TennCare enrollees in obtaining discrimination complaint forms and contact information for the CONTRACTOR's Nondiscrimination Office.

46. Section 2.13.9 shall be deleted and replaced in its entirety and shall read as follows:

2.13.9 Medicaid Payment for Primary Care

2.13.9.1 In accordance with the Patient Protection and Affordable Care Act of 2010 (The Affordable Care Act), for calendar years 2013 and 2014, the CONTRACTOR shall make payments for certain primary care services (as described by CMS) and furnished by primary care providers (as described by CMS and TENNCARE) in an amount that has been determined by CMS.

2.13.9.2 In addition to the routine claims payment reports required by this Agreement, the CONTRACTOR shall report to TENNCARE any information related to this requirement in a format described by TENNCARE.

47. Sections 2.14.1.16.2 and 2.14.1.16.5 shall be deleted and replaced as follows:

2.14.1.16.2 Enroll non-CHOICES members whose utilization exceeds the threshold of ED visits defined by TENNCARE in the previous six (6) month period in the appropriate level of Population Health services (see Section 2.8.4 of this Agreement) and may use the information to identify members who may be eligible for CHOICES in accordance with the requirements in Section 2.9.6.3 if appropriate;

2.14.1.16.5 Assess the most likely cause of high utilization and develop a Population Health Complex Case Management (see Section 2.8.4 of this Agreement) plan based on results of the assessment for each non-CHOICES member.

48. Section 2.14.2.3 shall be deleted and replaced as follows:

2.14.2.3 Prior authorization requests shall be processed in accordance with 42 CFR § 438.210(d) and the guidelines described in TennCare rules and regulations which include, but are not limited to, provisions regarding decisions, notices, medical contraindication, and the failure of an MCO to act timely upon a request. Instances in which an enrollee's health condition shall be deemed to require an expedited authorization decision by the CONTRACTOR shall include requests for home health services for enrollees being discharged from a hospital or other inpatient setting when such home health services are needed to begin upon discharge.

49. Section 2.14.3.5.2 shall be amended by adding the words "hard copy" as follows:

2.14.3.5.2 The referral provider listing shall be in the format specified by TENNCARE for the hard copy provider directory in Section 2.17.8.

Amendment 30 (cont.)

- 50. Section 2.14.5 shall be amended by adding a new Section 2.14.5.5 as follows and the remaining Section shall be renumbered accordingly including any references thereto.**

2.14.5.5 The CONTRACTOR may determine the duration of time for which CHOICES HCBS will be authorized. However, the CONTRACTOR shall be responsible for monitoring its authorizations and for ensuring that there are no gaps in authorizations for CHOICES HCBS in accordance with the plan of care. Retroactive entry or adjustments in service authorizations for CHOICES HCBS should be made only when required to accommodate payment of services that had been authorized but an adjustment in the schedule of services was required based on the member's needs.

- 51. Section 2.14.9.3 shall be deleted and replaced as follows:**

2.14.9.3 Emergency Room Utilization

The CONTRACTOR shall maintain a procedure to identify and evaluate member emergency room utilization by PCP panel. As provided in Section 2.14.1.16 of this Agreement, members who establish a pattern of accessing emergency room services shall be referred to the appropriate Population Health Program for follow-up services.

- 52. Section 2.15.1.6 shall be amended by adding a new Section 2.15.1.6.2 as follows and renumbering the remaining Sections accordingly including any references thereto.**

2.15.1.6.2 The CONTRACTOR shall participate in workgroups and agree to establish and implement policies and procedures, including billing and reimbursement, that are agreed to and/or described by TENNCARE in order to address specific quality concerns. These initiatives shall include but not be limited to identification of prenatal and postpartum visits in a time effective manner especially when a provider bills for total obstetrical care using a global billing code.

- 53. Section 2.15.3.1.1 shall be deleted and replaced as follows:**

2.15.3.1.1 The two (2) clinical PIPs shall include one (1) in the area of behavioral health that is relevant to one of the Population Health programs for bipolar disorder, major depression, or schizophrenia and one (1) in the area of either child health or perinatal (prenatal/postpartum) health.

- 54. Section 2.15.4 shall be deleted and replaced as follows:**

2.15.4 Clinical Practice Guidelines

The CONTRACTOR shall utilize evidence-based clinical practice guidelines in its Population Health Programs (see Section 2.8.6 of this Agreement). The guidelines shall be reviewed and revised whenever the guidelines change and at least every two (2) years. The CONTRACTOR is required to maintain an archive of its clinical practice guidelines for a period of five (5) years. Such archive shall contain each clinical guideline as originally issued so that the actual guidelines for prior years are retained for Program Integrity purposes.

Amendment 30 (cont.)

55. Section 2.15.6.1.1 shall be amended by adding a new sentence at the end of the existing text as follows:

2.15.6.1.1 Beginning with HEDIS 2012, the CONTRACTOR shall utilize the Hybrid methodology (i.e., gathered from administrative and medical record data) as the data collection method for any Medicaid HEDIS measure containing Hybrid Specifications as identified by NCQA. If, in the event the CONTRACTOR fails to pass the medical record review for any given standard and NCQA *mandates* administrative data must be submitted instead of hybrid, the administrative data may be used.

56. Section 2.15.7.1.3 shall be amended by deleting and replacing Section 2.15.7.1.3.3, adding a new Section 2.15.7.1.3.4 and renumbering the existing Section accordingly including any references thereto.

2.15.7.1.3.3 Theft against a CHOICES member;

2.15.7.1.3.4 Financial exploitation of a CHOICES member;

57. Section 2.17.5.2 through 2.17.5.2.1.1.3 shall be deleted and replaced as follows:

2.17.5.2 Teen Newsletter

The CONTRACTOR shall, at a minimum, distribute on a quarterly basis a newsletter to all enrollees between the ages of 15 and 20 which is intended to educate the enrollee to the managed care system, proper utilization of services, etc., with an emphasis on the encouragement to utilize TENNderCare services.

2.17.5.2.1 The Teen Newsletter shall be a product of the TENNderCare MCC Collaborative. The MCOs will agree on five required topics to include in each newsletter. MCOs may include additional articles at their discretion; no deviation from the five agreed upon articles will be allowed unless approved in writing by TENNCARE.

2.17.5.2.1.1 The CONTRACTOR shall include the following information in each newsletter:

2.17.5.2.1.1.1 The procedure on how to obtain information in alternative formats or how to access interpretation services as well as a statement that interpretation and translation services are free; and

2.17.5.2.1.1.2 TENNderCare information, including but not limited to, encouragement to obtain screenings and other preventive care services.

Amendment 30 (cont.)

58. Section 2.17.8 shall be deleted and replaced as follows:

2.17.8 Provider Directories

- 2.17.8.1 The CONTRACTOR shall distribute information regarding general provider directories (see Section 2.17.8.5 below) to new members within thirty (30) calendar days of receipt of notification of enrollment in the CONTRACTOR's MCO or prior to the member's enrollment effective date. Such information shall include how to access the provider directory, including the right to request a hard copy and to contact the CONTRACTOR's member services line to inquire regarding a provider's participation in the CONTRACTOR's network. Members receiving a hard copy of the provider directory shall be advised that the CONTRACTOR's network may have changed since the directory was printed, and how to access current information regarding the CONTRACTOR's participating providers.
- 2.17.8.2 The CONTRACTOR shall provide information regarding the CHOICES provider directory (see Section 2.17.8.6 below) to each CHOICES member as part of the face-to-face visit (for members enrolled through the SPOE) or face-to-face intake visit (for current members) as applicable, but not more than thirty (30) days from notice of CHOICES enrollment. Such information shall include how to access the CHOICES provider directory, including the right to request a hard copy and to contact the CONTRACTOR's member services line to inquire regarding a provider's participation in the CONTRACTOR's network. Members receiving a hard copy of the CHOICES provider directory shall be advised that the CONTRACTOR's network may have changed since the directory was printed, and how to access current information regarding the CONTRACTOR's participating providers.
- 2.17.8.3 The CONTRACTOR shall also be responsible for maintaining updated provider information in an online searchable electronic general provider directory and an online searchable electronic CHOICES provider directory. A PDF copy of the hard copy version shall not meet this requirement. The online searchable version of the general provider directory and the CHOICES provider directory shall be updated on a daily basis during the business week. In addition, the CONTRACTOR shall make available upon request, in hard copy format, a complete and updated general provider directory to all members and an updated CHOICES provider directory to CHOICES members. The hard copy of the general provider directory and the CHOICES provider directory shall be updated at least on an annual basis. Members receiving a hard copy and/or accessing a PDF version of the hard copy on the CONTRACTOR's website of the general provider directory or the CHOICES provider directory shall be advised that the CONTRACTOR's network may have changed since the directory was printed, and how to access current information regarding the CONTRACTOR's participating providers, including the searchable electronic version of the general provider directory and the CHOICES provider directory and the CONTRACTOR's member services line.
- 2.17.8.4 Provider directories (including both the general provider directory and the CHOICES provider directory), and any revisions thereto, shall be submitted to TENNCARE for written approval prior to distribution to enrollees in accordance with Section 2.17.1 of this Agreement. The text of the directory shall be in the format prescribed by TENNCARE. In addition, the provider information used to populate the provider directory shall be submitted as a TXT file or such format as otherwise approved in writing by TENNCARE and be produced using the same extract process as the actual provider directory.

Amendment 30 (cont.)

- 2.17.8.5 The CONTRACTOR shall develop and maintain a general provider directory, which shall be made available to all members. The provider directory shall be posted on the CONTRACTOR's website, and provided in hard copy upon request of the member. Members shall be advised in writing regarding how to access the provider directory, including the right to request a hard copy and to contact the CONTRACTOR's member services line to inquire regarding a provider's participation in the CONTRACTOR's network. Members receiving a hard copy of the provider directory shall be advised that the CONTRACTOR's network may have changed since the directory was printed, and how to access current information regarding the CONTRACTOR's participating providers. The online version of the provider directory shall be updated on a daily basis. The general provider directory shall include the following: names, locations, telephone numbers, office hours, and non-English languages spoken by contract PCPs and specialists; identification of providers accepting new patients; and identification of whether or not a provider performs TENNderCare screens; hospital listings, including locations of emergency settings and post-stabilization services, with the name, location, and telephone number of each facility/setting; and a prominent notice that CHOICES members should refer to the CHOICES provider directory for information on long-term care providers.
- 2.17.8.6 The CONTRACTOR shall develop and maintain a CHOICES provider directory that includes long-term care providers. The CHOICES provider directory, which shall be made available to all CHOICES members, shall include the following: nursing facility listings with the name, location, and telephone number of each facility; community-based residential alternatives, by type, with the name, location, and telephone number of each facility; and a listing of other (non-residential) CHOICES HCBS providers with the name, location, telephone number, and type of services by county of each provider. The CHOICES provider directory shall be posted on the CONTRACTOR's website, and provided in hard copy upon request of the member. Members shall be advised in writing regarding how to access the CHOICES provider directory, including the right to request a hard copy and to contact the CONTRACTOR's member services line to inquire regarding a provider's participation in the CONTRACTOR's network. Members receiving a hard copy of the CHOICES provider directory shall be advised that the CONTRACTOR's network may have changed since the directory was printed, and how to access current information regarding the CONTRACTOR's participating providers. The online version of the CHOICES provider directory shall be updated on a daily basis.

Amendment 30 (cont.)

59. Section 2.18.2 shall be deleted and replaced as follows:

2.18.2 Interpreter and Translation Services

- 2.18.2.1 The CONTRACTOR shall develop written policies and procedures for the provision of language interpreter and translation services, including effective communication assistance in alternative formats, such as, auxiliary aids to any member who needs such services. The CONTRACTOR shall provide language and cultural competence training to subcontractors and contracted providers which shall include the potential impact of linguistic and cultural barriers on utilization, quality and satisfaction with care and how and when to access interpreter services and to promote their appropriate use during the medical encounter.
- 2.18.2.2 The CONTRACTOR shall provide language interpreter and translation services including effective communication assistance in alternative formats, such as, auxiliary aids free of charge to members.
- 2.18.2.3 Interpreter services should be available in the form of in-person interpreters, sign language or access to telephonic assistance, such as the ATT universal line.

60. Section 2.18.6 shall be amended by adding a new Section 2.18.6.13 and renumbering the remaining Section accordingly, including any references thereto. The renumbered Section 2.18.6.14 shall be deleted and replaced as follows:

- 2.18.6.13 The CONTRACTOR shall submit all general correspondence intended for mass distribution that affects provider reimbursement, claims processing procedures, or documents that are referenced as a part of a CONTRACTOR's provider agreement template(s) (see Section 2.12.2) to TDCI for review and approval or acceptance, as appropriate (e.g., provider handbooks, newsletters, alerts, notices, reminders, other education material, etc.).
- 2.18.6.14 The CONTRACTOR's provider relations staff shall contact all contract providers on a semi-annual basis to update contract providers on CONTRACTOR initiatives and communicate pertinent information to contract providers. For providers located in Tennessee and out-of-state providers located in contiguous counties, at least one of the two semi-annual contacts made in a year shall be face-to-face with the provider. Semi-annual contacts that are not conducted face-to-face shall be conducted via a phone conversation with the provider. The CONTRACTOR shall maintain records that provide evidence of compliance with the requirement in this Section 2.18.6.14, including when and how contact is made for each contract provider. The CONTRACTOR may submit an alternative plan to accomplish the intent of this requirement for review and approval by TENNCARE.

Amendment 30 (cont.)

- 61. Section 2.20.2.4 shall be amended by adding the word “tips,” in front of the word “confirmed” and by adding a new Section 2.20.2.4.1 and renumbering the remaining Section accordingly, including any references thereto.**

2.20.2.4 The CONTRACTOR shall report all tips, confirmed or suspected fraud and abuse to TENNCARE and the appropriate agency as follows:

2.20.2.4.1 All tips (any program integrity case opened within the previous two (2) weeks) shall be reported to TennCare Office of Program Integrity and TBI MFCU;

- 62. Section 2.22.4 shall be amended by adding new Sections 2.22.4.11 through 2.22.4.12 as follows:**

2.22.4.11 For purposes of timely filing (see Section 2.12.9.28):

2.22.4.11.1 For institutional claims that include span dates of service (i.e., a 'From' and 'Through' date on the claim), the 'Through' date on the claim shall be used for determining the date of service for claims filing timeliness. The CONTRACTOR shall provide a minimum of sixty (60) days from the date of initial notice of an invalid and/or insufficient claim or one hundred twenty (120) days from the date of service or “Through” date on a span bill, whichever is later, for submission of a valid, complete claim.

2.22.4.11.2 For claims submitted by physicians and other suppliers that include span dates of service, the line item 'From' date shall be used for determining the date of service for claims filing timeliness. The CONTRACTOR shall provide a minimum of sixty (60) days from the date of initial notice of an invalid and/or insufficient claim or one hundred twenty (120) days from the date of service or “Through” date on a span bill, whichever is later, for submission of a valid, complete claim.

2.22.4.11.3 For claims submitted by physicians and other suppliers that do not include span dates of service, the date of service shall be used for determining claims filing timeliness. The CONTRACTOR shall provide a minimum of sixty (60) days from the date of initial notice of an invalid and/or insufficient claim or one hundred twenty (120) days from the date of service, whichever is later, for submission of a valid, complete claim.

2.22.4.11.4 Beginning with claims for dates of service January 1, 2013 and following, except for 1) recovery of overpayments as required pursuant to Section 6402 of the Affordable Care Act and TENNCARE policy; and 2) retrospective adjustments of a nursing facility’s per diem rate(s) (see Section 2.13.3.4), paid claims requiring correction or resubmission must be submitted as adjustments to the paid claim within 120 days of the date of payment notification. Corrections to a claim should only be submitted if the original claim information was wrong or incomplete.

Amendment 30 (cont.)

2.22.4.11.5 The provider has the right to file a dispute if he or she disagrees with a claim decision regarding the denial or compensation of a claim in accordance with section (2.12.9.)

2.22.4.11.6 The CONTRACTOR shall specify in its provider manual a period of time that is consistent with these requirements and to the extent that this reflects a change in the CONTRACTOR's current provider manual, shall issue notification to providers on or before January 2, 2013.

2.22.4.12 The CONTRACTOR shall, for a period to be determined by TENNCARE, permit CHOICES Nursing Facility and HCBS providers to resubmit and shall process any institutional or HCBS claims for dates of service on or after March 1, 2010, that were denied on the basis of timely filing when the claim was filed in accordance with 2.22.4.11.1, 2.22.4.11.2, or 2.22.4.11.3, as applicable, or for which the applicable minimum reprocessing time was not provided.

63. Section 2.23.4.3.7 shall be amended by adding the phrase (see Section 2.30.18.3) in the last sentence.

64. Section 2.23.5.2 shall be deleted and replaced as follows:

2.23.5.2 The CONTRACTOR shall systematically update its eligibility/enrollment databases within twenty-four (24) hours of receipt of said files. Any outbound 834 transactions which fail to update/load systematically must be manually updated within twenty-four (24) hours of receipt. The CONTRACTOR shall report to TENNCARE, in a form and format to be provided by TENNCARE, outbound 834 transactions that are not processed within these time frames and include information regarding when the transactions were completed. Any transactions that are not updated/loaded within twenty-four (24) hours of receipt from TENNCARE and/or persistent issues with high volumes of transitions that require manual upload may require the CONTRACTOR to initiate a Corrective Action Plan for resolution of the issues preventing compliance.

65. Section 2.25.9.1 shall be amended by deleting and replacing the words "disease management" with "Population Health".

66. Section 2.26.9 shall be amended by adding the words "and providers" as follows:

2.26.9 Interpretation/Translation Services and Limited English Proficiency (LEP) Provisions

The CONTRACTOR shall provide instruction for all direct service subcontractors and providers regarding the CONTRACTOR's written procedure for the provision of language interpretation and translation services for any member who needs such services, including but not limited to, enrollees with Limited English Proficiency.

Amendment 30 (cont.)

67. Section 2.28.6 shall be deleted in its entirety and the remaining Section shall be renumbered accordingly, including any references thereto.

68. The renumbered Sections 2.28.6 and 2.28.7 shall be deleted and replaced as follows:

2.28.6 All discrimination complaints against the CONTRACTOR, CONTRACTOR's employees, CONTRACTOR's providers, CONTRACTOR's provider's employees and CONTRACTOR's subcontractors shall be resolved according to the provisions of this Section 2.28.6.

2.28.6.1 Discrimination Complaints against the CONTRACTOR and/or CONTRACTOR's Employees. When complaints concerning alleged acts of discrimination committed by the CONTRACTOR and/or its employees related to the provision of and/or access to TennCare covered services are reported to the CONTRACTOR, the CONTRACTOR's nondiscrimination compliance officer shall send such complaints within two (2) business days of receipt to TENNCARE. TENNCARE shall investigate and resolve all alleged acts of discrimination committed by the CONTRACTOR and/or its employees. The CONTRACTOR shall assist TENNCARE during the investigation and resolution of such complaints. TENNCARE reserves the right to request that the CONTRACTOR's nondiscrimination compliance officer assist with conducting the initial investigations and to suggest resolutions of alleged discrimination complaints. If a request for assistance with an initial investigation is made by TENNCARE, the CONTRACTOR's nondiscrimination compliance officer shall provide TENNCARE with all requested information, including but not limited to, the identity of the party filing the complaint; the complainant's relationship to the CONTRACTOR; the circumstances of the complaint; date complaint filed; and the CONTRACTOR's suggested resolution. TENNCARE shall review the CONTRACTOR's initial investigations and determine the appropriate resolutions for the complaints as set forth in Section 2.28.6.3 below. Any documentation or materials related to such investigation shall be considered confidential and not subject to disclosure to any third party, unless disclosure is otherwise required by law.

2.28.6.2 Discrimination Complaints against the CONTRACTOR's Providers, Provider's Employees and/or Provider's Subcontractors. Should complaints concerning alleged acts of discrimination committed by the CONTRACTOR's providers, provider's employees and/or subcontractors related to the provision of and/or access to TennCare covered services be reported to the CONTRACTOR, the CONTRACTOR's nondiscrimination compliance officer shall inform TENNCARE of such complaints within two (2) business days from the date CONTRACTOR learns of such complaints. The CONTRACTOR's nondiscrimination compliance officer shall, within five (5) business days of receipt of such complaints, begin to document and conduct the initial investigations of the complaints. Once an initial investigation has been completed, the CONTRACTOR's nondiscrimination compliance officer shall report his/her determinations to TENNCARE. At a minimum, the CONTRACTOR's nondiscrimination compliance officer's report shall include the identity of the party filing the complaint; the complainant's relationship to the CONTRACTOR; the circumstances of the complaint; date complaint filed; and the CONTRACTOR's suggested resolution. TENNCARE shall review the CONTRACTOR's initial investigations and determine the appropriate resolutions for the complaints as set forth in Section 2.28.6.3 below. TENNCARE reserves the right to investigate and resolve all complaints concerning alleged acts of discrimination committed by the CONTRACTOR's providers, and subcontractors.

Amendment 30 (cont.)

2.28.6.3 Corrective Action Plans to Resolve Discrimination Complaints. If a discrimination complaint against the CONTRACTOR, CONTRACTOR's employees, CONTRACTOR's providers, CONTRACTOR's provider's employees, or CONTRACTOR's subcontractors is determined by TENNCARE to be valid, TENNCARE shall, at its option and pursuant to Section 2.25.10, either (i) provide the CONTRACTOR with a corrective action plan to resolve the complaint, or (ii) request that the CONTRACTOR submit a proposed corrective action plan to TENNCARE for review and approval that specifies what actions the CONTRACTOR proposes to take to resolve the discrimination complaint. Upon provision of the corrective action plan to CONTRACTOR by TENNCARE, or approval of the CONTRACTOR's proposed corrective action plan by TENNCARE, the CONTRACTOR shall implement the approved corrective action plan to resolve the discrimination complaint. TENNCARE, in its sole discretion, shall determine when a satisfactory discrimination complaint resolution has been reached and shall notify CONTRACTOR of the approved resolution. A discrimination complaint resolution corrective action plan may consist of approved nondiscrimination training on relevant discrimination topics. Prior to use, the nondiscrimination training material shall be reviewed and approved by TENNCARE. Time periods for the implementation of the corrective action plan nondiscrimination training shall be designated by TENNCARE.

2.28.7 The CONTRACTOR shall use and have available to TennCare enrollees, TennCare's Discrimination complaint form located on TennCare's website under the nondiscrimination link at <http://www.tn.gov/tenncare/members.shtml>. The discrimination complaint form shall be provided to TennCare enrollees upon request and in the member handbook. This complaint form shall be available in English and Spanish. When requests for assistance to file a discrimination complaint are made by enrollees, the CONTRACTOR shall assist the enrollees with submitting complaints to TENNCARE. In addition, the CONTRACTOR shall inform its employees, providers, and subcontractors how to assist TENNCARE enrollees with obtaining discrimination complaint forms and assistance from the CONTRACTOR with submitting the forms to TENNCARE and the CONTRACTOR.

69. Section 2.29.1.3.19 shall be deleted and replaced as follows:

2.29.1.3.19 A staff person responsible for all Population Health and related issues, including but not limited to, Population Health activities and coordination between physical and behavioral health services;

70. Section 2.29.1.4 shall be deleted and replaced as follows:

2.29.1.4 In addition to the key staff requirements described above, the CONTRACTOR shall have sufficient full-time clinical and support staff to conduct daily business in an orderly manner. This includes but is not limited to functions and services in the following areas: administration, accounting and finance, fraud and abuse, utilization management including prior authorizations, Population Health, care coordination, QM/QI, member education and outreach, appeal system resolution, member services, provider services, provider relations, claims processing, and reporting.

71. Section 2.29.1.9 shall be deleted and replaced as follows:

2.29.1.9 The CONTRACTOR's project director, transition staff person, Medical Director, psychiatrist, CHOICES senior executive, financial staff, member services staff, provider services staff, provider relations staff, CHOICES provider claims education and assistance staff, UM staff,

Amendment 30 (cont.)

appeals staff, Population Health Complex Case Management staff care coordination staff, consumer advocate, and TENNderCare staff person shall be located in the State of Tennessee. However, TENNCARE may authorize exceptions to this requirement. The CONTRACTOR shall seek TENNCARE's written prior approval to locate any of these staff outside of the State of Tennessee. The CONTRACTOR's request to locate required in-state staff to an out-of-state location shall include a justification of the request and an explanation of how services will be coordinated. If financial staff are not located in Tennessee the CONTRACTOR shall have the ability to issue a check within five (5) calendar days of a payment directive from TENNCARE.

72. Section 2.30.5 and 2.30.5.1 shall be deleted and replaced as follows:

2.30.5 Disease Management/Population Health Reports

2.30.5.1 The CONTRACTOR shall submit a quarterly *Population Health Update Report* addressing all seven (7) Population Health Programs (see Section 2.8.4 of this Agreement). The report shall include process and operational data and any pertinent narrative to include any staffing changes, training or new initiatives occurring in the reporting period.

73. Section 2.30.5.3 shall be deleted and replaced as follows:

2.30.5.3 The CONTRACTOR shall submit on March 30, 2013, a *Population Health Program Description* following the guidance provided by TENNCARE addressing Section 2.8 of this Agreement. The program description shall include a written description of how the plan assures that members less than 21 years of age will have their health risks identified and their health needs met at the appropriate risk Level. The program description shall also include a CHOICES narrative as outlined in Section 2.8.11 of this Agreement and address the Clinical Practice Guidelines reference in Section 2.8.6 of this Agreement.

74. Section 2.30.6.1 through 2.30.6.1.3 shall be deleted and replaced as follows:

2.30.6.1 MCO Case Management Reports

2.30.6.1.1 The CONTRACTOR shall submit an annual *MCO Case Management Services Report* that addresses the activities in Section 2.9.5 of the prior Agreement by July 1 of 2013.

75. Section 2.30.7.2.1 and 2.30.7.2.2 shall be deleted and replaced as follows:

2.30.7.2.1 the number and percent of SelectCommunity members for whom the CONTRACTOR has/has not reassessed the member's physical and behavioral health needs at least annually (defined as within 365 days of the member's enrollment date pursuant to section 3A.7.3); and

2.30.7.2.2 the number and percent of SelectCommunity members for whom the CONTRACTOR has/has not reassessed the member's physical and behavior health needs within 10 days of becoming aware that the member's functional, physical, or behavioral status has changed significantly as defined by but not limited to section 3.A.8.1.1 thru 3.A.8.1.5.

Amendment 30 (cont.)

76. Section 2.30.8.1 shall be deleted and replaced as follows:

2.30.8.1 The CONTRACTOR shall submit a monthly *Provider Enrollment File* that includes information on all providers of TennCare health services, including physical, behavioral health, and long-term care providers (see Section 2.11). This includes but is not limited to, PCPs, physician specialists, hospitals, home health agencies, CMHAs, nursing facilities, CHOICES HCBS providers, and emergency and non-emergency transportation providers. For CHOICES HCBS providers, the *Provider Enrollment File* shall identify the type(s) of CHOICES HCBS the provider is contracted to provide and the specific counties in which the provider is contracted to deliver CHOICES HCBS, by service type. The report shall include contract providers as well as all non-contract providers with whom the CONTRACTOR has a relationship. During any period of readiness review, the CONTRACTOR shall submit this report as requested by TENNCARE. Each monthly *Provider Enrollment File* shall include information on all providers of covered services and shall provide a complete replacement for any previous *Provider Enrollment File* submission. Any changes in a provider's contract status from the previous submission shall be indicated in the file generated in the month the change became effective and shall be submitted in the next monthly file.

77. Section 2.30.8.7 shall be deleted and replaced as follows:

2.30.8.7 The CONTRACTOR shall submit an annual *CHOICES Qualified Workforce Strategies Report* that describes any additional strategies the CONTRACTOR elects to undertake to assist in the development of an adequate qualified workforce for covered long-term care services, increase the available qualified direct care staff, and improve the retention of qualified direct care staff (see Section 2.11.6.7). At a minimum, the report shall include a brief description of each of any additional strategies the CONTRACTOR elects to undertake; activities associated with each of the CONTRACTOR's strategies, including associated partnerships; timeframes for implementing each strategy and associated activities; the status of each strategy and associated activities; and a brief summary of the current and anticipated impact of each strategy and associated activities. Should the CONTRACTOR elect not to pursue additional activities (beyond the statewide initiative), this report shall be submitted timely and shall report that the CONTRACTOR has elected not to pursue additional activities beyond the statewide initiative.

78. Section 2.30.12.6 shall be deleted and replaced by new Sections 2.30.12.6 and 7 and the remaining Sections of 2.30.12 shall be renumbered accordingly, including any references thereto.

2.30.12.6 The CONTRACTOR shall submit an annual *Report of Audited HEDIS Results* by June 15 of each year (see Sections 2.15.6).

2.30.12.7 The CONTRACTOR shall submit an annual *Report of Audited CAHPS Results* by June 15 of each year (see Sections 2.15.6).

79. The existing Section 2.30.12.9 shall be deleted in its entirety including any references thereto.

Amendment 30 (cont.)

80. Section 2.30.13.3 shall be deleted in its entirety and the renumbered Section 2.30.13.3 shall be deleted and replaced by new Sections 2.30.13.3 and 4 as follows:

2.30.13.3 The CONTRACTOR shall submit an annual *Provider Satisfaction Survey Report* that encompasses behavioral and physical health. The report shall summarize the provider survey methods and findings and must provide an analysis of opportunities for improvement (see Section 2.18.7.4) The report shall be submitted by July 1 each year.

2.30.13.4 The CONTRACTOR shall submit an annual *CHOICES Provider Satisfaction Survey Report* that addresses results for CHOICES long-term care providers. The report shall summarize the provider survey methods and findings, must provide an analysis of opportunities for improvement (see Section 2.18.7.5) in addition to CHOICES items specified in the protocols provided by TENNCARE. The report shall be submitted by July 1 each year.

81. Section 2.30.16.2.1 shall be amended by deleting the reference to Section “2.30.17.3” and replacing it with the reference to “2.30.18.3”.

82. Section 2.30.18 shall be amended by adding a new Section 2.30.18.4 as follows and renumbering the remaining Section accordingly, including any references thereto.

2.30.18.4 The CONTRACTOR shall submit a quarterly *Encounter/MLR Reconciliation Report* and a *Companion Data File* to demonstrate the reconciliations between the submissions of encounter files and MLR Claim Triangle reports.

2.30.18.4.1 The companion data file shall be in an Excel format and shall represent a claim triangle report in terms of claim counts and total payment based on all encounter batch files submitted to TennCare EDI during the prior quarter with delineations by ‘paid month’, ‘incurred month’, ‘claim types (as it is defined in the MLR Triangle report)’, and ‘encounter batch file ID’.

2.30.18.4.2 The reconciliation report shall include an overall assessment of reporting integrities between the two Claim Triangle reports in terms of counts and amount based on the common delineations. When the two reports are not reconciling under the common delineations, the CONTRACTOR shall address the root causes of the gaps with proposed corrective action plans.

83. Section 2.30.22.2 shall be deleted in its entirety and the remaining Section shall be renumbered accordingly, including any references thereto.

84. The renumbered Section 2.30.22.2 shall be deleted and replaced as follows:

2.30.22.2 Annually, TENNCARE shall provide the CONTRACTOR with a Nondiscrimination Compliance Plan Template. The CONTRACTOR shall answer the questions contained in the Compliance Plan Template and submit the completed *Compliance Plan* to TENNCARE within ninety (90) days of the end of the calendar year with any requested documentation, which shall include, but is not limited to, the Assurance of Nondiscrimination. The signature date of the CONTRACTOR’s Nondiscrimination Compliance Plan shall be the same as the signature date of the CONTRACTOR’s Assurance of Nondiscrimination. These deliverables shall be in a format specified by TENNCARE.

Amendment 30 (cont.)

85. The renumbered Section 2.30.22.3.2 shall be deleted and replaced as follows:

2.30.22.3.2 A listing of all complaints filed by employees, members, providers and subcontractors in which discrimination is alleged related to the provision of and/or access to TennCare covered services provided by the CONTRACTOR. Such listing shall include, at a minimum: identity of the complainant, complainant's relationship to the CONTRACTOR, circumstances of the complaint, type of covered service related to the complaint, date complaint filed, the CONTRACTOR's resolution, date of resolution, and the name of the CONTRACTOR staff person responsible for adjudication of the complaint. For each complaint reported as resolved the CONTRACTOR shall submit a copy of the complainant's letter of resolution.

86. Section 3A.1.1.4 and 3A.1.1.5 shall be deleted and replaced as follows:

3A.1.1.4 Ongoing coordination with long-term care services the member receives, including Home and Community Based Services (HCBS) provided under a Section 1915(c) waiver program for persons with intellectual disabilities (i.e., mental retardation) or Institutional services in an Intermediate Care Facility for persons with Mental Retardation (ICF/IID) or Nursing Facility (NF), as applicable; and

3A.1.1.5 Continuous collaboration between the member's care providers and payors, including TennCare, the Tennessee Department of Finance & Administration - Department of Intellectual and Developmental Disabilities (DIDD, formerly known as DIDS), and the CONTRACTOR who will be responsible for the coordination, delivery and payment of all medically necessary covered physical and behavioral health services.

87. Section 3A.1.3 shall be amended by deleting the reference to "ICF/MR" and replacing it with the reference to "ICF/IID".

88. Section 3A.2.1 shall be deleted and replaced as follows:

3A.2.1 The Target Population for the Integrated Health Services Delivery Model shall include only the following:

3A.2.1.1. Members of the Arlington Class regardless of service delivery setting;

3A.2.1.2. Persons actively enrolled in one of the State's Section 1915(c) waivers for persons with Intellectual Disabilities.

89. The first sentence of Section 3A.2.2 shall be amended by deleting the word "also" and by adding "/IID" after "ICFs".

Amendment 30 (cont.)

90. Section 3A.2 shall be amended by deleting and replacing Section 3A.2.5 as follows and adding a new Section 3A.2.6 from the language deleted in the next Section 3A.3.

3A.2.5 For members of the target population, TENNCARE will notify the CONTRACTOR via the 834 outbound eligibility file when the member has been enrolled in TennCare Select because s/he is in the defined target population and has elected to opt into TennCare Select. Only members assigned to TennCare Select by TennCare (i.e., based on exercise of an opt-in opportunity or an MCO change request) may participate in the Integrated Health Services Delivery Model.

3A.2.6 All members of the target population assigned to TennCare Select that elect to participate shall be assigned to the Integrated Health Services Delivery Model.

91. Section 3A.3 shall be deleted in its entirety and the remaining Section 3A shall be renumbered accordingly, including any references thereto.

92. The renumbered Section 3A.3.1.6 shall be amended by deleting and replacing the reference from “DIDS” to “DIDD”.

93. The renumbered Section 3A.3.3 shall be deleted and replaced as follows:

3A.3.3 The CONTRACTOR shall ensure that, upon enrollment into the Integrated Health Services Delivery Model, Population Health activities for the target population are integrated with Nurse Care Management processes and functions, and that the member’s assigned Nurse Care Manager has primary responsibility for coordination of all the member’s physical and behavioral health needs. The Nurse Care Manager may use resources and staff from the CONTRACTOR’s appropriate Population Health Program, including persons with specialized expertise in areas such as behavioral health, to supplement but not supplant the role and responsibilities of the Nurse Care Manager.

94. The renumbered Section 3A.4 shall be amended by deleting and replacing the heading of 3A.4 and deleting and replacing Section 3A.4.1 as follows:

3A.4 Assignment of a Nurse Care Manager to Members

3A.4.1 The CONTRACTOR shall, within five (5) business days after notification of enrollment of each new member in the target population assign a specific Nurse Care Manager who shall have primary responsibility for performance of Nurse Care Management activities as specified in this Section, and who shall be the member’s point of contact for coordination of physical and behavioral health services.

95. The renumbered Section 3A.5.1.1 shall be deleted and replaced as follows:

3A.5.1.1 For participants who opt into the Integrated Health Services Delivery Model, such face-to-face assessment shall be as soon as possible after enrollment into TennCare Select, but must be completed in time to ensure the development of an individualized, Integrated Plan of Health Care within the timeframes set forth below

96. The renumbered Section 3A.5.2 shall be amended by deleting the phrase “DIDS and/or by CSN” and replacing it with the word “DIDD”.

Amendment 30 (cont.)

97. The renumbered 3A.6.1 shall be amended by adding a new Section 3A.6.1.1 which shall read as follows:

3A.6.1.1 The Integrated Plan of Health Care, which focuses on the member’s physical and behavioral health needs, shall not replace the Individualized Support Plan (ISP) which is developed by the Independent Supports Coordinator with the enrollee and the enrollee’s representative and Circle of Support and which identifies the HCBS Waiver benefits that are needed by the member.

98. The renumbered Section 3A.6.2 and 3A.6.3 shall be deleted and replaced as follows:

3A.6.2 The Care Management Support Team shall be led by the Nurse Care Manager and shall include the member and his/her family, guardian or conservator (as applicable). The Team may also include (as appropriate), but is not limited to the member’s Primary Care Physician, Independent Support Coordinator (ISC) or Waiver Case Manager (WCM), as applicable, ID Waiver providers, DIDD Advocate, physical and/or behavioral health care providers, and other VSHP staff such as the physical or behavioral health Medical Director(s), Social Worker, etc .

3A.6.3 For Arlington class members residing in Institutional Placements, the Integrated Plan of Health Care shall supplement the facility’s plan of care (which is required pursuant to federal regulation), and shall focus on the provision of services covered by TennCare Select that are beyond the scope of the Institutional ICF/IID or NF benefit, including targeted strategies related to improving health, functional, or quality of life outcomes (e.g., related to disease management or pharmacy management) or to increasing and/or maintaining health and/or functional status, as appropriate.

99. The renumbered Section 3A.6.6 shall be amended by deleting and replacing the words “disease management” with the words “Population Health”.

100. The renumbered Section 3A.7 shall be amended by adding new Section 3A.7.3 through 3A.7.3.2 as follows:

3A.7.3 The annual reassessment date shall be calculated from the effective date of enrollment into the Integrated Health Services Delivery Model.

3A.7.3.1 For members who disenroll from and re-enroll into the Integrated Health Services Delivery Model within thirty (30) or less days, the annual reassessment shall be based on the initial effective date of enrollment.

3A.7.3.2 For members who disenroll from and re-enroll into the Integrated Health Services Delivery Model after thirty-one (31) or more days, the member shall be assessed as a new enrollee and the annual reassessment date shall be the based on the effective date of the re-enrollment.

101. The renumbered Section 3A.11.2 shall be amended by deleting and replacing the words “disease management” with the words “Population Health”.

102. The renumbered Section 3A.13.1.1 shall be deleted in its entirety as well as any references thereto.

Amendment 30 (cont.)

103. The renumbered Section 3A.13.4 shall be deleted and replaced as follows:

3A.13.4 The CONTRACTOR shall use information regarding members gathered through assessment UM, and other processes as well as predictive modeling to help identify members with the most significant health and/or behavioral health needs who are at the highest risk and who offer the greatest potential for improvements in health outcomes, and to stratify members and prioritize Nurse Care Manager resources accordingly, such that individual Nurse Care Managers may have a greater or lesser number of assigned members based on the level of need of such members. For a period of two (2) years following implementation of the Integrated Health Services Delivery Model, the average Nurse Care Manager-to-member ratio shall not exceed 1:35 for Arlington class members who are not in an ICF/IID or other institutional placement.

104. The renumbered Section 3A.14.1.16 shall be amended by deleting and replacing the words “Disease management” with the words “Population Health”.

105. The renumbered Section 3A.17.1.3 shall be deleted and replaced as follows:

3A.17.1.3 The ability to track and notify the Nurse Care Manager regarding key dates, e.g., date for minimum Nurse Care Manager contacts; date for annual reassessment of needs; including, for the purposes of reassessments, the ability to track and calculate when a member disenrolls from the Integrated Health Services model and re-enrolls within thirty (30) or less days.

106. The existing Section 3A.19 shall be deleted in its entirety.

107. The renumbered Section 3A.18.1 and 3A.18.4 shall be amended by deleting and replacing references to “ICF/MR” with “ICF/IID” and “DIDS” with “DIDD”.

108. The renumbered Section 3A.19 shall be amended by deleting Section 3A.19.6 in its entirety and the remaining Section shall be renumbered accordingly, including any references thereto.

109. Section 4.8.1 shall be deleted and replaced as follows:

4.8.1 In no event shall the maximum liability of the State under this Agreement during the original term of the Contract exceed three billion, one hundred sixty two million, seven hundred ten thousand, three hundred five dollars and ninety cents (\$3,162,710,305.90).

Amendment 30 (cont.)

110. Section 5.2.1 shall be amended by deleting and replacing “June 30, 2013” with December 31, 2014” as follows:

5.2.1 This Agreement, and its incorporated attachments, if any, as well as all Amendments to this Agreement, contain all of the terms and conditions agreed upon by the parties, and when executed by all parties, supersedes any prior agreements. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall be in effect from July 1, 2001, subject to approval by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services. The term of this Agreement shall expire on December 31, 2014. At the mutual agreement of TENNCARE and the CONTRACTOR, this Agreement shall be renewable for an additional twelve month period.

111. Section 5.20.2.2.7 shall be amended by adding a new Level A.32 Program Issue/Damage as follows:

A.32	Failure to ensure that a level of care (i.e., PAE) and supporting documentation submitted with the level of care is accurate and complete, satisfies all technical requirements specified by TENNCARE, and accurately reflects the member’s current medical and functional status. (see Section 2.9.6.3.14.)	<p>\$2,000 per occurrence</p> <p>These amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing recommendations as specified in Section 2.9.6.11.9 of this Agreement</p>
-------------	--	--

112. Section 5.20.2.2.7 shall be amended by deleting and replacing the Program Issues/Damage of Level B.2, adding additional language to the Damage Section of B.23, and adding a new Level B.27 as follows:

B.2	Failure to provide a timely and acceptable corrective action plan or comply with corrective action plans as required by TENNCARE	<p>\$500 per calendar day for each day the corrective action plan is late, or for each day the CONTRACTOR fails to comply with an accepted corrective action as required by TENNCARE</p> <p>\$2000 for failure to provide an acceptable initial corrective action plan as determined by TENNCARE in addition to \$500 per calendar day from the date of notice of deficiency by TENNCARE for each day the corrective action plan remains deficient</p> <p>If subsequent corrective action plans are deficient, the \$500 per calendar day shall continue until an acceptable plan as determined by TENNCARE is received</p>
------------	--	---

Amendment 30 (cont.)

<p>B.23</p>	<p>Failure to meet any timeframe regarding care coordination for CHOICES members (see Sections 2.9.2, 2.9.3, and 2.9.6) other than the timeframes referenced in A.16 or A.17</p>	<p>\$5,000 per month for each timeframe that the CONTRACTOR's performance is 85-89% \$10,000 per month for each timeframe that the CONTRACTOR's performance is 80-84% \$20,000 per month for each timeframe that the CONTRACTOR's performance is 75-79% \$50,000 per month for each timeframe that the CONTRACTOR's performance is 70-74% \$100,000 per month for each timeframe that the CONTRACTOR's performance is 69% or less</p> <p>These amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing recommendations as specified in Section 2.9.6.11.9 of this Agreement.</p> <p>In instances where the denominator is less than two hundred (200), TENNCARE may opt, at its discretion, to apply a \$500 per occurrence assessment in lieu of the methodology described above. This per occurrence amount shall be multiplied by two (2), totaling a \$1,000 per occurrence assessment when the CONTRACTOR has not complied with the Caseload and Staffing recommendations as specified in Section 2.9.6.11.9 of this Agreement.</p>
<p>B.27</p>	<p>Failure to meet individual Annual Quality Survey standards in subsequent years</p>	<p>\$5000 per occurrence for repeating a deficiency(ies) in subsequent years</p>

113. Attachments III and IV shall be amended by adding the following language to the end of the existing text:

TENNCARE will evaluate the need for further action when the above standards are not met. At its sole discretion TENNCARE may elect one of three options: (1) TENNCARE may request a Corrective Action Plan (CAP), (2) a Request for Information (RFI), (3) or an On Request Report (ORR) depending on the severity of the deficiency.

The requested CAP, RFI or ORR response shall detail the CONTRACTOR's network adequacy considering any alternate measures, documentation of unique market conditions and/or its plan for correction. If TENNCARE determines the CONTRACTOR's response demonstrates existence of alternate measures or unique market conditions, TENNCARE may elect to request periodic updates from the CONTRACTOR regarding efforts to address such conditions.

114. Attachment V shall be deleted and replaced in its entirety as follows:

ATTACHMENT V

ACCESS & AVAILABILITY FOR BEHAVIORAL HEALTH SERVICES

The CONTRACTOR shall adhere to the following behavioral health network requirements to ensure access and availability to behavioral health services for all members (adults and children). For the purpose of assessing behavioral health provider network adequacy, TENNCARE will evaluate the CONTRACTOR’s provider network relative to the requirements described below. Providers serving adults will be evaluated separately from those serving children.

Access to Behavioral Health Services

The CONTRACTOR shall ensure access to behavioral health providers for the provision of covered services. At a minimum, this means that:

The CONTRACTOR shall have provider agreements with providers of the services listed in the table below and meet the geographic and time for admission/appointment requirements.

Service Type	Geographic Access Requirement	Maximum Time for Admission/ Appointment
Psychiatric Inpatient Hospital Services	Travel distance does not exceed 60 miles for at least 75% of members and does not exceed 90 miles for at least 90% of members	4 hours (emergency involuntary)/24 hours (involuntary)/24 hours (voluntary)
24 Hour Psychiatric Residential Treatment	The CONTRACTOR shall contract with at least one (1) provider of service in the Grand Region for ADULT members ----- Travel distance does not exceed 60 miles for at least 75% of CHILD members and does not exceed 90 miles for at least 90% of CHILD members	Within 30 calendar days
Outpatient Non-MD Services	Travel distance does not exceed 30 miles for ALL members	Within 10 business days; if urgent, within 48 hours
Intensive Outpatient (may include Day Treatment (adult), Intensive Day Treatment (Children & Adolescent) or Partial Hospitalization)	Travel distance does not exceed 90 miles for at least 90% of members	Within 10 business days; if urgent, within 48 hours

Amendment 30 (cont.)

Inpatient Facility Services (Substance Abuse)	Travel distance does not exceed 90 miles for at least 90% of members	Within 2 calendar days; for detoxification - within 4 hours in an emergency and 24 hours for non-emergency
24 Hour Residential Treatment Services (Substance Abuse)	The CONTRACTOR shall contract with at least one (1) provider of service in the Grand Region for ADULT members ----- The CONTRACTOR shall contract with at least one (1) provider of service in the Grand Region for CHILD members	Within 10 business days
Outpatient Treatment Services (Substance Abuse)	Travel distance does not exceed 30 miles for ALL members	Within 10 business days; for detoxification – within 24 hours
Mental Health Case Management	Not subject to geographic access standards	Within 7 calendar days
Psychosocial Rehabilitation (may include Supported Employment, Illness Management & Recovery, or Peer Support)	Not subject to geographic access standards	Within 10 business days
Supported Housing	Not subject to geographic access standards	Within 30 calendar days
Crisis Services (Mobile)	Not subject to geographic access standards	Face-to-face contact within 1 hour for emergency situations and 4 hours for urgent situations
Crisis Stabilization	Not subject to geographic access standards	Within 4 hours of referral

TENNCARE will evaluate the need for further action when the above standards are not met. At its sole discretion TENNCARE may elect one of three options: (1) TENNCARE may request a Corrective Action Plan (CAP), (2) a Request for Information (RFI), (3) or an On Request Report (ORR) depending on the severity of the deficiency.

The requested CAP, RFI or ORR response shall detail the CONTRACTOR’s network adequacy considering any alternate measures, documentation of unique market conditions and/or its plan for correction. If TENNCARE determines the CONTRACTOR’s response demonstrates the existence of alternate measures or unique market conditions, TENNCARE may elect to request periodic updates from the CONTRACTOR regarding efforts to address such conditions.

Amendment 30 (cont.)

At a minimum, providers for the following service types shall be reported on the Provider Enrollment File:

Service Type	Service Code(s) for use in position 330-331 of the Provider Enrollment File
Psychiatric Inpatient Hospital Services	Adult - 11, 79, 85 Child - A1 or H9
24 Hour Psychiatric Residential Treatment	Adult - 13, 81, 82 Child - A9, H1, or H2
Outpatient MD Services (Psychiatry)	Adult - 19 Child - B5
Outpatient Non-MD Services	Adult - 20 Child - B6
Intensive Outpatient/ Partial Hospitalization	Adult - 21, 23, 62 Child - B7, C2, C3
Inpatient Facility Services (Substance Abuse)	Adult - 15, 17 Child - A3, A5
24 Hour Residential Treatment Services (Substance Abuse)	Adult - 56 Child - F6
Outpatient Treatment Services (Substance Abuse)	Adult - 27 or 28 Child - D3 or D4
Mental Health Case Management	Adult - 31, 66, or 83 Child - C7, D7, G2, G6, or K1
Psychiatric Rehabilitation Services:	
Psychosocial Rehabilitation	42
Supported Employment	44
Peer Support	88
Illness Management & Recovery	91
Supported Housing	32 and 33
Crisis Services (Mobile)	Adult - 37, 38, 39 Child - D8, D9, E1
Crisis Respite	Adult - 40 Child - E2
Crisis Stabilization	Adult 41

Amendment 30 (cont.)

- 115. Attachment VI shall be amended by adding a “MCE TIP SUBMISSION FORM” as described below in front of the existing “POTENTIAL FRAUD ALLEGATION REFERRAL FORM” and “REPORT TENNCARE RECIPIENT FRAUD OR ABUSE” forms.

MCE TIP SUBMISSION FORM

related to

POTENTIAL PROVIDER FRAUD and PATIENT SAFETY

(template with sample data)

DATE: Month/Day/Year

TO: TBI, Medicaid Fraud Control Unit (MFCU)
TennCare, Office of Program Integrity

FROM: Your MCE Name

Contact Person: 1st & Last name; Telephone; EMail;

SOURCE OF TIP(s):
HOTLINE

INFORMATION OF TIP(s):
ABC Clinic, John Smith MD, Family Practice

Description of allegation of wrong doing: (example: Dr Smith is being reviewed for upcoding E&M)

MCE CONTRACT PERSON ON THE TIP(s):
JOHN DOW

TennCare Recommended MCC TIP/Referral Protocol:

- 1) The submission of documents related to the provider fraud and abuse referral should be via TennCare SFTP server (**path: tncare.sftp.state.tn.us/tncare/MCC###/orr/OPI/in**) with password protections on Documents;
- 2) Concurrently, a notice of submission should be e-mailed to ProgramIntegrity.TennCare@tn.gov with a subject line stating "MCC### Notice of Referral Submission via SFTP" along with password notices on opening documents.

Amendment 30 (cont.)

116. Section A.1 of Attachment XI shall be amended by adding a new Section A.1.3 as follows:

A.1.3 The CONTRACTOR shall develop and submit to the Bureau of TennCare for approval, a policy addressing No-Shows which limits the amount of trips a member can take when the CONTRACTOR has determined that the member has missed scheduled trips for NEMT services for a designated number of trips. Upon the approval of these policies by the Office of Contract Compliance, the CONTRACTOR shall assure all policies are implemented and followed by their NEMT brokers and their providers.

117. Section A.3.1 of Attachment XI shall be amended by adding additional language to the end of the existing text as follows:

A.3.1 Members or their representatives shall be allowed to make requests for NEMT services on behalf of members. For DCS enrollees (as defined in Exhibit A of this Attachment), representatives include the member's DCS liaison, foster parent, adoptive parent, or provider. For members enrolled in an HCBS waiver for persons with Intellectual Disabilities, the member's Independent Support Coordinator/Case Manager or the member's residential or day services provider may make requests for NEMT services, even when the member's residential or day services provider is also a the contract provider that will deliver the NEMT services to the member.

118. Section A.4.2 of Attachment XI shall be deleted and replaced as follows:

A.4.2 Verifying Eligibility for NEMT Services

A.4.2.1 The CONTRACTOR shall screen all requests for NEMT services to confirm each of the following items:

A.4.2.2 That the person for whom the transportation is being requested is a TennCare enrollee and enrolled in the CONTRACTOR's MCO;

A.4.2.3 That the service for which NEMT service is requested is a TennCare covered service (as defined in Exhibit A of this Attachment);

A.4.2.4 That the enrollee is eligible in accordance with policies and procedures approved by the Office of Contract Compliance regarding No-Shows; and

A.4.2.5 That the transportation is a covered NEMT service (see Section 2.6.1.3 of the Agreement).

119. Section A.4.6 of Attachment XI shall be deleted and replaced as follows:

A.4.6 Validating Requests

A.4.6.1 The CONTRACTOR shall conduct random pre-transportation validation checks prior to approving the request in order to prevent fraud and abuse. The amount validated shall be two percent (2%) of NEMT scheduled trips per month.

A.4.6.2 The CONTRACTOR may verify the need for an urgent trip with the provider prior to approving the trip.

A.4.6.3 If requested by TENNCARE, the CONTRACTOR shall conduct pre-transportation validation checks of trips requested by specified members and/or to specific services or providers.

Amendment 30 (cont.)

A.4.6.4 Focus of the Pre-Validations shall be, but may not be limited to, members who utilize NEMT services frequently but do not have standing orders as well as members who routinely do not adhere to the seventy-two (72) hour notice requirement.

A.4.6.5 All pre-transportation validation checks shall be conducted within the timeframes specified in Section A.5.1.4 of this Attachment.

120. Section A.5.1 of Attachment XI shall be amended by adding a new Section A.5.1.2 as follows and renumbering the remaining Section accordingly, including any references thereto.

A.5.1.2 After approving a NEMT service to be provided by a NEMT provider (i.e., not fixed route), the CONTRACTOR shall schedule and assign the trip to an appropriate NEMT provider (see A.5.3 for persons enrolled in an HCBS waiver for persons with Intellectual Disabilities).

121. Section A.5.3 of Attachment XI shall be deleted and replaced as follows:

A.5.3 Choice of NEMT Provider

Except for persons enrolled in an HCBS waiver for persons with Intellectual Disabilities, the CONTRACTOR is not required to use a particular NEMT provider or driver requested by the member. However, the CONTRACTOR may accommodate a member's request to have or not have a specific NEMT provider or driver. If an HCBS waiver participant's residential or day services waiver provider is enrolled with the CONTRACTOR as an NEMT provider (pursuant to A.12.5), the CONTRACTOR shall permit the residential or day services waiver provider to provide medically necessary, covered NEMT services for waiver participants receiving HCBD ID waiver services from the provider, so long as the provider is able to provide the appropriate mode and level of service in a timely manner.

122. Section A.5.4 of Attachment XI shall be deleted and replaced as follows:

A.5.4 Notifying Members of Arrangements

If possible, the CONTRACTOR shall inform the member of the transportation arrangements (see below) during the phone call requesting the NEMT service. Otherwise, the CONTRACTOR shall obtain the member's preferred method (e.g., phone call, email, fax) and time of contact, and the CONTRACTOR shall notify the member of the transportation arrangements (see below) as soon as the arrangements are in place (within the timeframe specified in Section A.5.1.4 of this Attachment) and prior to the date of the NEMT service. Responsibility of determining whether transportation arrangements have been made shall not be delegated to the member. Information about transportation arrangements shall include but not be limited to the name and telephone number of the NEMT provider, the scheduled time and address of pick-up, and the name and address of the provider to whom the member seeks transport.

123. Section A.5.5.1 of Attachment XI shall be amended by adding a new sentence to the end of the existing language as follows:

A.5.5.1 The CONTRACTOR shall provide a trip manifest to the NEMT provider of all new trips requested prior to 5 p.m. on the same business day.

Amendment 30 (cont.)

- 124. Section A.5.5.4 of Attachment XI shall be amended by deleting the word “or” and replacing it with the word “and” as follows:**

A.5.5.4 If the CONTRACTOR notifies a NEMT provider of a trip assignment after the timeframe specified in Section A.5.5.1, the CONTRACTOR shall also contact the NEMT provider by telephone and electronically to confirm that the trip will be accepted.

- 125. Section A.5.7 of Attachment XI shall be amended by adding a new second sentence in the middle of existing language as follows:**

A.5.7 Urgent Trips

For urgent trips (as defined in Exhibit A of this Attachment), the CONTRACTOR shall contact an appropriate NEMT provider so that pick-up occurs within three (3) hours after the CONTRACTOR was notified when the pick-up address is in an urban area and four (4) hours after the CONTRACTOR was notified when the pick-up address is in a non-urban area. Trip mileage does not determine if a trip is urban or non-urban. As provided in Section A.4.6.2 of this Agreement, the CONTRACTOR may verify the need for an urgent trip. Failure to comply with requirements regarding urgent trips may result in liquidated damages as provided in Section 4.20.2 of the Agreement, Section A.20 of this Attachment, and/or Exhibit F of this Attachment.

- 126. Section A.5.10.1.2 of Attachment XI shall be amended by deleting and replacing the word “category” with the word “level”.**

- 127. Section A.7.1 of Attachment XI shall be amended by adding additional language to the end of the existing text as follows:**

A.7.1 The CONTRACTOR shall ensure that all vehicles meet or exceed applicable federal, state, and local requirements and manufacturer’s safety, mechanical, operating, and maintenance standards while maintaining proof of compliance as to allow for unscheduled file audits.

- 128. Section A.8.2.1 of Attachment XI shall be amended by adding a new sentence to the end of the existing text as follows:**

A.8.2.1 The CONTRACTOR shall ensure that all drivers receive appropriate training prior to providing services under the Agreement and annually thereafter. This shall include a minimum of thirty-two (32) hours of training prior to providing services under the Agreement and a minimum of fifteen (15) hours of annual training. Proof of all required training shall be maintained as to allow for unscheduled file audits.

Amendment 30 (cont.)

129. Section A.8.3.6 through A.8.3.8 and Section A.8.3.11 of Attachment XI shall be deleted and replaced as follows:

- A.8.3.6 The CONTRACTOR shall ensure that all drivers pass a physical examination prior to providing services under the Agreement and have additional physical examinations as necessary to ensure that a driver is qualified to drive a passenger vehicle (e.g., if the driver has a heart attack or stroke). The physical examination shall be at least as extensive as the medical examination required by the United States Department of Transportation's Federal Motor Carrier Safety Administration (FMCSA) for commercial drivers. Proof of exams shall be maintained in the driver file as to allow for unscheduled file audits.
- A.8.3.7 The CONTRACTOR shall ensure that all drivers pass a drug test prior to providing services under the Agreement. In addition, the CONTRACTOR shall ensure that an alcohol or drug test is conducted when a trained supervisor/employer of a driver has reasonable suspicion to believe that the driver has violated the CONTRACTOR's policies and procedures regarding use of alcohol and/or controlled substances, that random drug and alcohol tests are conducted, and that post accident drug and alcohol testing is conducted. Each driver must have at least one (1) random drug and alcohol test per year. The CONTRACTOR's policies and procedures for drug and alcohol testing shall, at a minimum, meet the FMCSA's alcohol and drug testing requirements for motor carriers. Results of drug and alcohol testing shall be maintained in the driver's file as to allow for unscheduled file audits.
- A.8.3.8 The CONTRACTOR shall ensure that criminal background checks pursuant to TCA 38-6-109 as well as national criminal background checks are conducted for all drivers prior to providing services under the Agreement and every five years thereafter. In addition, the CONTRACTOR shall ensure that random national criminal background checks are conducted. The CONTRACTOR shall develop a list of disqualifying criminal offenses, which at a minimum shall include the permanent and interim disqualifying criminal offenses that apply to applicants for a hazardous materials endorsement in Tennessee. Drivers that have been convicted or found not guilty by reason of insanity of any of the disqualifying criminal offenses shall not provide services under the Agreement. Results of background checks shall be maintained in the drivers file as to allow for unscheduled file audits.
- A.8.3.11 The CONTRACTOR shall verify that drivers are not listed on the Tennessee Sexual Offender Registry or the equivalent registry in the state of the driver's residence prior to providing services under the Agreement and every year thereafter. This is in addition to the criminal background check and results shall be maintained in the driver's file as to allow for unscheduled file audits.

Amendment 30 (cont.)

- 130. Section A.8.3.12 of Attachment XI shall be amended by adding the phrase “and annually thereafter” and Section A.8.3.12.5 shall be amended by deleting and replacing the phrase “thirty six (36)” with “twelve (12)” as follows:**

A.8.3.12 The CONTRACTOR shall ensure that drivers pass a national driver license background check prior to providing services under the Agreement and annually thereafter. This initial national driver license background check shall, at a minimum, show the following:

A.8.3.12.5 Conviction for no more than two (2) minor moving traffic violations such as speeding, failure to stop, or improper operation of a motor vehicle within the previous twelve (12) months;

- 131. Section A.8.3.13 through A.8.3.13.6 of Attachment XI shall be deleted in its entirety and the remaining Section shall be renumbered as appropriate, including any references thereto.**

- 132. The renumbered Section A.8.3 of Attachment XI shall be amended by adding a new Section A.8.3.17 as follows:**

A.8.3.17 Proof of compliance of each driver requirement shall be maintained in the driver file as to allow for unscheduled file audits.

- 133. Section A.9.3 of Attachment XI shall be deleted and replaced as follows:**

A.9.3 Between the hours of 7:00 PM and 5:00 AM in the time zone applicable to the Grand Region served by the CONTRACTOR (for example, in Middle, the applicable time zone shall be Central Time), the CONTRACTOR may use alternative arrangements to handle NEMT calls so long as there is no additional burden on the caller (e.g., the caller is not required to call a different number or to make a second call), and the call is promptly returned by the CONTRACTOR.

- 134. Section A.9.4 of Attachment XI shall be amended by adding new language to the end of the existing text as follows:**

A.9.4 For hours that the CONTRACTOR is using alternative arrangements to handle NEMT calls (see Section A.9.3 of this Attachment), the CONTRACTOR shall provide an afterhours message in, at a minimum, English and Spanish instructing the caller how to access the alternative arrangement (not requiring a second call) and also offering the caller the opportunity to leave a message utilizing a process in which all messages are returned within (3) three hours and efforts continue until the member is reached provided that the message left by the enrollee is discernible and includes a valid phone number in which the enrollee can be contacted. All efforts made to reach a member who has left a message shall be documented in order to demonstrate compliance with this requirement.

- 135. Section A.9.7 of Attachment XI shall be amended by deleting A.9.7.1 in its entirety and renumbering the remaining Section accordingly, including any references thereto and the renumbered Section A.9.7.1 shall be amended by deleting and replacing the phrase “ninety percent (90%)” with “eighty-five percent (85%)”.**

Amendment 30 (cont.)

136. Section A.9.8 of Attachment XI shall be amended by adding additional language to the end of existing text as follows:

A.9.8 If a NEMT call cannot be answered by a live voice within thirty (30) seconds, the CONTRACTOR shall provide a message in, at a minimum, English and Spanish advising the caller that the call will not be answered promptly and offering the caller the opportunity to leave a message. If the message requests the CONTRACTOR to return the call, the CONTRACTOR shall promptly return the call within three (3) hours and continue the effort until the member is reached provided that the message left by the enrollee is discernible and includes a valid phone number in which the enrollee can be contacted. All efforts made to reach a member who has left a message shall be documented in order to demonstrate compliance with this requirement.

137. Section A.9.12 of Attachment XI shall be amended by inserting the word “healthcare” in between the words “provider” and “queue” as follows:

A.9.12 The CONTRACTOR shall route incoming calls to the NEMT Call Center to, at minimum, an English-speaking member queue, a Spanish-speaking member queue, a NEMT provider queue, and a provider healthcare queue.

138. Sections A.9.14 of Attachment XI shall be amended by adding the word “healthcare” in front of the word “providers” as follows:

A.9.14 The CONTRACTOR shall develop NEMT Call Center scripts for calls requesting NEMT services that include a sequence of questions and criteria that the NEMT Call Center representatives shall use to determine the member’s eligibility for NEMT services, the appropriate mode of transportation, the purpose of the trip and all other pertinent information relating to the trip (see Section A.4 of this Attachment). The CONTRACTOR may develop additional scripts for other types of NEMT calls from members, healthcare providers, and NEMT providers. Any script for use with an enrollee shall be written at the sixth (6th) grade reading level and must be prior approved in writing by TENNCARE.

139. Section A.10.2 shall be deleted and replaced as follows:

A.10.2 The materials shall include, but not be limited to, information regarding eligibility for NEMT services, what services are covered/not covered, and how to request NEMT services, including the number to call, applicable timeframes, the approval and scheduling process, the use of fixed route, Standing Orders, and No-Show policies.

140. Section A.12.5 of Attachment XI shall be deleted and replaced as follows:

A.12.5 Notwithstanding an adequate network of providers or anything in this Agreement to the contrary, the CONTRACTOR shall provide Department of Intellectual and Developmental Disabilities (DIDD) residential and day service waiver providers the opportunity to become a NEMT provider if the provider is qualified to provide DIDD waiver transportation services (either as an individual transportation service or as a component of residential and/or day services) pursuant to provider qualifications applicable for such providers which shall be determined by DIDD. These providers shall only provide covered NEMT services to members receiving HCBS DIDD waiver services from the provider. The CONTRACTOR shall reimburse these providers for covered NEMT to TENNCARE covered services (see definition in Exhibit A) and shall not reimburse these providers for NEMT to services provided through a HCBS DIDD waiver. The CONTRACTOR shall reimburse these providers in accordance with rates paid to other NEMT providers for the provision of NEMT services.

Amendment 30 (cont.)

141. Section A.13.3 of Attachment XI shall be amended by adding a new Section A.13.3.9 as follows:

A.13.3.9 Require the NEMT provider to comply with all of the CONTRACTOR's NEMT policies and procedures, including but not limited to those policies regarding No-Shows.

142. Section A.13 of Attachment XI shall be amended by adding a new Section A.13.5 and renumbering the remaining Section accordingly, including any references thereto.

A.13.5 The CONTRACTOR shall develop and implement, subject to prior approval by TENNCARE, a template provider agreement specifically for DIDD waiver residential or day services provider which reflects only those NEMT requirements that are applicable to such providers, as may be further clarified by TENNCARE in policy or protocol.

143. Section A.14.3.1 of Attachment XI shall be deleted and replaced as follows:

A.14.3.1 The CONTRACTOR shall conduct post validation checks by matching NEMT billed claims to Healthcare provider billed claims validating two percent (2%) of NEMT claims received in a month and if the CONTRACTOR determines that transportation for a particular member was not to a TennCare covered service, the CONTRACTOR validates the next three (3) requests for that member before approving the requested trip (see Section A.4.6 of this Attachment)). If the CONTRACTOR suspects fraud or abuse, it shall comply with the fraud and abuse requirements of the Agreement.

144. Section A.17.6.1 of Attachment XI shall be deleted and replaced in its entirety.

A.17.6.1 The CONTRACTOR shall conduct a comprehensive inspection of all NEMT providers' vehicles prior to the implementation of NEMT requirements in this Attachment. Thereafter, the CONTRACTOR shall conduct a comprehensive inspection of all vehicles at least annually. The CONTRACTOR is not required to inspect fixed route vehicles, invalid vehicles, ambulances, DIDD residential or day services providers enrolled to provide NEMT for the waiver participants they serve, or vehicles for NEMT providers with which the CONTRACTOR does not have a provider agreement (see Section A.13.2 of this Attachment).

145. Section A.19 of Attachment XI shall be deleted and replaced as follows:

A.19 NEMT REPORTING

A.19.1 Approval and Utilization Reports

A.19.1.1 Approval Report. The CONTRACTOR shall submit a quarterly approval report that summarizes transportation requested, approved, modified and denied, including the modification and denial reason. The report shall provide this information by month and mode of transportation.

A.19.1.2 Pick-up and Delivery Standards Report. The CONTRACTOR shall submit a monthly report that documents the number of pick-ups that were late by a NEMT provider, and drop-offs where the member either missed or was late to an appointment and provides the average amount of time that the pick-ups or drop-offs were late.

Amendment 30 (cont.)

- A.19.1.3 Utilization Report. The CONTRACTOR shall submit a monthly utilization report that provides a summary of information on NEMT services provided to members. The report shall include, at minimum, by mode of transportation: the number of trips, number of unduplicated members, and number of miles.

A.19.2 NEMT Call Center Reports

- A.19.2.1 The CONTRACTOR shall submit a monthly report that provides a summary and detail statistics on the NEMT Call Center telephone lines/queues and includes calls received, calls answered, total calls received during regular business hours and total calls received after business hours.
- A.19.2.2 The CONTRACTOR shall submit a monthly report listing the name, position title and the identification code for all members of the call center staff.

A.19.3 NEMT Provider Enrollment File

The CONTRACTOR's monthly provider enrollment file shall include NEMT providers. In addition, the CONTRACTOR shall provide the following information to TENNCARE within timeframes described below:

- A.19.3.1 Driver Roster. The CONTRACTOR shall provide a monthly driver roster for each NEMT provider that includes, at minimum: the driver's name, license number, and social security number.
- A.19.3.2 Vehicle Listing. The CONTRACTOR shall provide a monthly vehicle listing for each NEMT provider that includes, at minimum: the type of vehicle and the vehicle's manufacturer, model, model year, and vehicle identification number.
- A.19.3.3 NEMT Provider Listing. The CONTRACTOR shall provide a monthly provider listing, identifying the providers utilized during the reporting period listing the name, whether the provider is a participating or non-participating provider, mode of transportation and the county and state of the pick-up location. This report shall give the number of participating and non-participating providers as well as a grand total of all NEMT providers.

A.19.4 NEMT Claims Management Reports

- A.19.4.1 The CONTRACTOR shall submit a monthly NEMT prompt payment report. The report shall include the number and percentage of clean NEMT claims that are processed within thirty (30) calendar days of receipt, the number and percentage of NEMT claims that are processed within sixty (60) calendar days of receipt, the number and percentage of NEMT claims and the dollar value and percentage of dollars associated with claims that are processed within the timeframes specified by TENNCARE (e.g., fifteen (15) days, thirty (30) days, etc.), and the average time (number of days) that it takes to process NEMT claims.

Amendment 30 (cont.)

- A.19.4.2 The CONTRACTOR shall submit a monthly NEMT claims payment accuracy report. The report shall be based on an audit conducted by the CONTRACTOR in accordance with Section 2.22.6 of the Agreement using a random sample of all “processed or paid” NEMT claims. The report shall include the number and percentage of NEMT claims that are paid accurately for each month.

A.19.5 NEMT Quality Assurance and Monitoring Reports

- A.19.5.1 Member NEMT Complaint Report. The CONTRACTOR shall submit a monthly member complaints report (see Section 1 of the Agreement for the definition of complaint, which includes both written and verbal statements) that details the date which the complaint was reported, the date the issue occurred, who reported the complaint, the members name, transportation provider, complaint details, date of resolution and detail of the resolution. This report shall detail complaints received about the NEMT provider.
- A.19.5.2 NEMT Provider Complaint Report. The CONTRACTOR shall submit a monthly NEMT provider complaints report that details the number of verbal and written complaints from the transportation provider about a member.
- A.19.5.3 NEMT Quality Assurance Plan. As part of its annual QM/QI reporting required by the Agreement, the CONTRACTOR shall submit an annual NEMT quality assurance plan (see Section A.17.1 of this Attachment).
- A.19.5.4 NEMT Validation Checks.
- A.19.5.4.1 The CONTRACTOR shall submit a quarterly report summarizing the pre-transportation validation checks (see Section A.4.6 of this Attachment) conducted by the CONTRACTOR,.
- A.19.5.4.2 The CONTRACTOR shall submit a quarterly report summarizing the post-transportation validation checks (see Section A.14.3 of this Attachment) conducted by the CONTRACTOR,.
- A.19.5.5 Post-Payment Review Report. The CONTRACTOR shall submit an annual report summarizing the methods and findings for the post-payment review (see Section A.17.1.2.2 of this Attachment) and identifying opportunities for improvement.
- A.19.5.6 Accidents and Incidents.
- A.19.5.6.1 Immediately upon the CONTRACTOR or the subcontracted vendor becoming aware of any accident resulting in driver or passenger injury or fatality or incidents involving abuse or alleged abuse by the driver that occurs while providing services under the Agreement, the CONTRACTOR shall notify TENNCARE. The CONTRACTOR shall submit a written accident/incident report within five (5) business days of the accident/incident and shall cooperate in any related investigation. A police report shall be included in the accident/incident report or provided as soon as possible.
- A.19.5.6.2 The CONTRACTOR shall submit a monthly report of all accidents, moving traffic violations, and incidents.
- A.19.5.6.3 Failure by the CONTRACTOR to comply with Section A.19.5.6 shall result in the application of liquidated damages as described in Exhibit F.

Amendment 30 (cont.)

A.19.5.7 Monitoring Plan.

A.19.5.7.1 The CONTRACTOR shall submit an annual NEMT provider monitoring plan (see Section A.17.3 of this Attachment).

A.19.5.7.2 The CONTRACTOR shall submit an annual report summarizing its monitoring activities, the findings, corrective actions, and improvements for NEMT services provided under the Agreement.

A.19.5.8 Satisfaction Survey Report. The CONTRACTOR shall submit a report (three months after the initial survey period and then annually) summarizing the member survey methods and findings and identifying opportunities for improvement.

146. Exhibit A of Attachment XI shall be amended by adding a new sentence to the end of the renumbered Item 18 and adding new Definitions for the terms “Urban Trip” and Non-Urban Trip” as follows:

10. Non-Urban Trip: Covered NEMT service not within a city and considered less populated, (rural as described by the US Census Bureau).

17. Urban Trip: Covered NEMT service within a city or a more populated area (not rural as described by the US Census Bureau)

18. Urgent Trip: Covered NEMT services required for an unscheduled episodic situation in which there is no immediate threat to life or limb but the enrollee must be seen on the day of the request (can be one (1) or multiple trip legs). A hospital as well as a Crisis Stabilization Unit discharge shall be an urgent trip.

147. The PERFORMANCE STANDARD/LIQUIDATED DAMAGE Chart in Exhibit F of Attachment XI shall be deleted and replaced as follows:

No.	PERFORMANCE STANDARD	LIQUIDATED DAMAGE
1	Ensure that members receive the appropriate level of service (see Section A.4.4 of this Attachment)	\$500 per deficiency
2	Comply with the approval and scheduling timeframes (see Section A.5.1.3 of this Attachment)	\$1,000 per deficiency
3	Comply with requirements regarding urgent trips (see Section A.5.7 of this Attachment)	\$1500 per deficiency
4	Comply with pick-up and delivery standards (see Section A.6 of this Attachment)	\$500 per deficiency

Amendment 30 (cont.)

No.	PERFORMANCE STANDARD	LIQUIDATED DAMAGE
5	Comply with vehicle standards (see Section A.7 of this Attachment)	<p>\$1,000 per calendar day per vehicle that is not in compliance with ADA requirements</p> <p>\$1,000 per vehicle that is allowed into service without an inspection in accordance with the requirements of the Agreement</p> <p>\$2,500 per calendar day per vehicle that is not in compliance with a vehicle standard that would endanger health or safety for vehicle occupants</p> <p>\$500 per calendar day per vehicle that is not in compliance with a vehicle standard that creates passenger discomfort or inconvenience</p> <p>\$100 per calendar day per vehicle that is not in compliance with an administrative vehicle standard</p>
6	Comply with driver training requirements and driver standards (see Section A.8 of this Attachment)	\$2,500 per calendar day per driver for each calendar day that a driver is not in compliance with the driver standards
7	85% of all calls to the NEMT Call Center are answered by a live voice within thirty (30) seconds (see Section A.9 of this Attachment)	<p>For the first deficiency: \$5,000 for each full percentage point below 85% per month per line/queue</p> <p>For the second deficiency: \$10,000 for each full percentage point below 85% per month per line/queue</p> <p>For the third and subsequent deficiencies: \$15,000 for each full percentage point below 85% per month per line/queue</p>
8	Less than 5% of calls to the NEMT Call Center are abandoned (see Section A.9 of this Attachment)	<p>For the first deficiency: \$5,000 for each full percentage point above 5% per month per line/queue</p> <p>For the second deficiency: \$10,000 for each full percentage point above 5% per month per line/queue</p> <p>For the third and subsequent deficiencies: \$15,000 for each full percentage point above 5% per month per line/queue</p>

Amendment 30 (cont.)

No.	PERFORMANCE STANDARD	LIQUIDATED DAMAGE
9	Average hold time for calls to the NEMT Call Center is no more than 3 minutes (see Section A.9 of this Attachment)	For the first deficiency: \$5,000 for each 10 seconds over 3 minutes per month per line/queue For the second deficiency: \$10,000 for each 10 seconds over 3 minutes per month per line/queue For the third and subsequent deficiencies: \$15,000 for each 10 seconds over 3 minutes per month per line/queue
10	Process 90% of clean NEMT claims within thirty (30) calendar days of the receipt of the claim and process 99.5% of claims within sixty (60) calendar of receipt (see Section A.15.3 and Section A.15.4 of this Attachment)	\$10,000 for each month determined not to be in compliance
11	97% of NEMT claims are paid accurately upon initial submission (see Section A.15.5 of this Attachment)	\$5,000 for each full percentage point accuracy is below 97% for each quarter
12	Failure by the CONTRACTOR to notify TENNCARE of an Accident/Incident in accordance with Section A.19.5.6 of this Attachment	\$1000 per occurrence

Amendment 30 (cont.)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective January 1, 2013.

The State is not bound by this Amendment until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

The CONTRACTOR, by signature of this Amendment, hereby affirms that this Amendment has not been altered and therefore represents the identical document that was sent to the CONTRACTOR by TENNCARE.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 29

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.
CONTRACT NUMBER: FA-02-14632-00**

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 2.23.12.2 shall be amended by adding a new Section 2.23.12.2.4 which shall read as follows:

2.23.12.2.4 The CONTRACTOR and TENNCARE agree to administer a community health record as described in Attachment XII.

2. The Contract shall be amended by adding a new ATTACHMENT XII and renumbering the existing ATTACHMENT XII as ATTACHMENT XIII. The new ATTACHMENT XII shall read as follows:

**ATTACHMENT XII
COMMUNITY HEALTH RECORD**

I. Program Requirements

1. The CONTRACTOR shall receive data files from TENNCARE for all TennCare enrollees that include the following:
 - a. Membership and eligibility file. Each daily transmission will meet the 270/271 standard transaction format.
 - b. Medical claim encounter data from all Managed Care Organizations (MCO). Each weekly transmission will include all claims processed by each MCO for the prior period.
 - c. Pharmacy claim encounter data shall be provided on a weekly basis. Each transmission will include all pharmacy claims processed for the prior period.
 - d. Provider file shall be provided on a monthly basis and shall include the National Provider Identifier for each provider; however, TENNCARE shall not be responsible for linking each provider to a common provider number for said file.

Amendment 29 (cont.)

2. The CONTRACTOR shall provide data integration services for all TennCare enrollees which include maintaining an Enterprise Master Person Index (EMPI). The EMPI provides a central repository for person-centric data from a variety of contributing systems, and facilitates the integrity of a single person record. The mission of the EMPI is to provide functionality to find the right person with the right information at the right time as well as provide a solution to identify and eliminate as many duplicate records as possible.
3. The CONTRACTOR shall provide a clinical health record for children entering State custody to the assigned Best Practice Network provider that includes the following components:
 - a. Patient Demographics;
 - b. Diagnosis and procedures from claims detail;
 - c. Medication information from claims detail;
 - d. Immunization information from claims detail; and
 - e. Allergy information, if available.
4. The CONTRACTOR shall extract, compile the information into a pdf document and transmit the clinical health record as described in Section I, Item 4 via secure email to the Department of Children Services (DCS) upon notification of a child's entry into State custody.
5. Upon notification and identification of the primary care provider assigned to a child who recently entered State custody, the CONTRACTOR shall extract, compile the information into a pdf document and transmit the clinical health record as described in Section I, Item 4 above via secure email to the assigned provider. In the event that an assigned provider doesn't provide a valid email address, the clinical health record will be transmitted via certified mail to provider's address on file.
6. The CONTRACTOR shall make updated clinical health records available to the assigned provider only upon request by the provider. The provider may make the request via telephone, email or regular USPS mail.
7. The CONTRACTOR shall maintain a log of each clinical health record that is transmitted to DCS and/or the assigned providers.
8. The CONTRACTOR shall provide a process for enrollee's to opt out of participation of the clinical health record. Upon written request, an enrollee is permitted to opt in or out of participation at any given time.
9. The CONTRACTOR shall ensure that the clinical health record does not incorporate information in the following sensitive categories:
 - a. Substance Abuse
 - b. Mental Health
 - c. Sexually Transmitted Diseases

Amendment 29 (cont.)

- d. Family Planning
- e. Genetic Testing

10. Responsibilities of TENNCARE are listed below:

- a. Provision of Data and Program Information: TENNCARE shall arrange for the following data to be provided. All data provided on a weekly basis shall be provided no later than Wednesday of the week following the data collection.
- b. Eligibility files daily that meet the requirements of the HIPAA Standard Transaction for Eligibility (270/271).
- c. Medical claim encounter data from all participating MCOs shall be provided on a weekly basis. Each weekly transmission will include all claims processed by each MCO for the prior period.
- d. Pharmacy claim encounter data shall be provided on a weekly basis. Each transmission will include all pharmacy claims processed for the prior period.
- e. Provider file shall be provided on a monthly basis and include the National Provider Identified for each provider; however, TENNCARE shall not be responsible for linking each provider to a common provider number for said file.

II. Payment Terms and Conditions:

- 1. Payment Methodology. The CONTRACTOR shall be compensated based on the payment rates herein for services authorized by the State:

Description	Implementation Fee	Monthly
Clinical Health Record Report Development	\$10,000	
Monthly Service Fee		\$45,833.33
Expenses: Certified Mail		Billed as incurred at current USPS rates for Certified Mail

Amendment 29 (cont.)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective October 1, 2012.

The State is not bound by this Amendment until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

The CONTRACTOR, by signature of this Amendment, hereby affirms that this Amendment has not been altered and therefore represents the identical document that was sent to the CONTRACTOR by TENNCARE.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 28

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.
CONTRACT NUMBER: FA-02-14632-00**

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1 shall be amended by deleting and replacing the following definitions:

At-Risk – As it relates to the CHOICES program, SSI eligible adults age sixty-five (65) and older or age twenty-one (21) or older with physical disabilities, who do not meet the established level of care criteria for nursing facility services, but have a lesser number or level of functional deficits in activities of daily living as defined in TennCare rules and regulations, such that, in the absence of the provision of a moderate level of home and community based services, the individual's condition and/or ability to continue living in the community will likely deteriorate, resulting in the need for more expensive institutional placement. As it relates to Interim CHOICES Group 3, open for enrollment only between July 1, 2012 and December 31, 2013, "at risk" is defined as adults age sixty-five (65) and older or age twenty-one (21) or older with physical disabilities who receive SSI or meet Nursing Financial eligibility criteria, and also meet the Nursing Facility level of care in effect on June 30, 2012.

CHOICES Group (Group) – One of the three groups of TennCare enrollees who are enrolled in CHOICES. There are three CHOICES groups:

1. Group 1
Medicaid enrollees of all ages who are receiving Medicaid-reimbursed care in a nursing facility.
2. Group 2
Persons age sixty-five (65) and older and adults age twenty-one (21) and older with physical disabilities who meet the nursing facility level of care, who qualify for TennCare either as SSI recipients or as members of the CHOICES 217-Like HCBS Group, and who need and are receiving CHOICES HCBS as an alternative to nursing facility care. The CHOICES 217-Like HCBS Group includes persons who could have been eligible under 42 CFR 435.217 had the state continued its 1915(c) HCBS waiver for elders and/or persons with physical disabilities. TENNCARE has the discretion to apply an enrollment target to this group, as described in TennCare rules and regulations.

Amendment 28 (cont.)

3. Group 3

Persons age sixty-five (65) and older and adults age twenty-one (21) and older with physical disabilities who qualify for TennCare as SSI recipients, who do not meet the nursing facility level of care, but who, in the absence of CHOICES HCBS, are “at-risk” for nursing facility care, as defined by the State. TENNCARE has the discretion to apply an enrollment target to this group as described in TennCare rules and regulations.

4. Interim Group 3 (open for new enrollment only between July 1, 2012, through December 31, 2013)

Persons age 65 and older and adults age 21 and older with physical disabilities who qualify for TennCare as SSI eligibles or as members of MOE Demonstration Group and who meet the NF LOC criteria in place as of June 30, 2012. There is no enrollment target on Interim Group 3.

All requirements set forth in this agreement regarding Group 3 members are applicable to Interim Group 3 members, except as explicitly stated otherwise. Interim Group 3 members are not subject to an enrollment target.

Consumer Direction of Eligible CHOICES HCBS – The opportunity for a CHOICES member assessed to need specified types of CHOICES HCBS including attendant care, personal care, in-home respite, companion care and/or any other service specified in TennCare rules and regulations as available for consumer direction to elect to direct and manage (or to have a representative direct and manage) certain aspects of the provision of such services—primarily, the hiring, firing, and day-to-day supervision of consumer-directed workers delivering the needed service(s).

Cost Neutrality Cap – The requirement that the cost of providing care to a member in CHOICES Group 2, including CHOICES HCBS and Medicaid reimbursed home health and private duty nursing, shall not exceed the cost of providing nursing facility services to the member, as determined in accordance with TennCare policy. A member’s individual cost neutrality cap shall be the average cost of Level 1 nursing facility care unless a higher cost neutrality cap is established by TENNCARE based on information submitted by the AAAD or MCO (as applicable) in the level of care application.

Eligible CHOICES HCBS – Attendant care, personal care, in-home respite, companion care services and/or any other CHOICES HCBS specified in TennCare rules and regulations as eligible for consumer direction for which a CHOICES member is determined to need and elects to direct and manage (or have a representative direct and manage) certain aspects of the provision of such services – primarily the hiring, firing and day-to-day supervision of consumer-directed workers delivering the needed service(s). Eligible CHOICES HCBS do not include home health or private duty nursing services.

Amendment 28 (cont.)

Eligible Individual – With respect to Tennessee’s Money Follows the Person Rebalancing Demonstration (MFP) and pursuant to Section 6071(b)(2) of the Deficit Reduction Act of 2005 (DRA), (Pub. L. 109-171 (S. 1932)) (Feb. 8, 2006) as amended by Section 2403 of the Patient Protection and Affordable Care Act of 2010 (ACA), (Pub. L. 111-148) (May 1, 2010), the State’s approved MFP Operational Protocol and TENNCARE Rules, a member who qualifies to participate in MFP. Such person, immediately before beginning participation in the MFP demonstration project, shall:

1. Reside in a Nursing Facility (NF) or an Intermediate Care Facility for persons with Mental Retardation (ICF/MR) and have resided for a period of not less than ninety (90) consecutive days in a Qualified Institution.
 - a. Inpatient days in an institution for mental diseases (IMDs) which includes Psychiatric Hospitals and Psychiatric Residential Treatment Facilities (PRTF) may be counted only to the extent that Medicaid reimbursement is available under the State Medicaid plan for services provided by such institution. Medicaid payments may only be applied to persons in IMDs who are over 65 or under 21 years of age.
 - b. Any days that an individual resides in a Medicare certified Skilled Nursing Facility (SNF) on the basis of having been admitted solely for purposes of receiving post-hospital short-term rehabilitative services covered by Medicare shall not be counted for purposes of meeting the ninety (90)-day minimum stay in a Qualified Institution established under ACA.
 - c. Short-term continuous care in a nursing facility, to include Level 2 nursing facility reimbursement, for episodic conditions to stabilize a condition rather than admit to hospital or to facilitate hospital discharge, and inpatient rehabilitation facility services reimbursed by the CONTRACTOR (i.e., not covered by Medicare) as a cost-effective alternative (see Section 2.6.5) and provided in a Qualified Institution shall be counted for purposes of meeting the ninety (90) day minimum stay in a Qualified Institution established under ACA.
2. Be eligible for and receive Medicaid benefits for inpatient services furnished by the nursing facility or ICF/MR for at least one (1) day. For purposes of this Agreement, an Eligible Individual must reside in a nursing facility and be enrolled in CHOICES Group 1 for a minimum of one (1) day and must be eligible to enroll and transition seamlessly into CHOICES Group 2 or CHOICES Group 3 (without delay or interruption).
3. Meet nursing facility or ICF/MR level of care, as applicable, and, but for the provision of ongoing CHOICES HCBS, continue to require such level of care provided in an inpatient facility or meet at-risk level of care such that, in the absence of the provision of a moderate level of home and community based services, the individual’s condition and/or ability to live in the community will likely deteriorate and result in the need for institutional placement.

Amendment 28 (cont.)

Home and Community-Based Services (HCBS) – Services that are provided pursuant to a Section 1915(c) waiver or the CHOICES program as an alternative to long-term care institutional services in a nursing facility or an Intermediate Care Facility for the Mentally Retarded (ICF/MR) or to delay or prevent placement in a nursing facility. HCBS may also include optional or mandatory services that are covered by Tennessee’s Title XIX state plan or under the TennCare demonstration for all eligible enrollees, including home health or private duty nursing. However, only CHOICES HCBS are eligible for Consumer Direction. CHOICES HCBS do not include home health or private duty nursing services or any other HCBS that are covered by Tennessee’s Title XIX state plan or under the TennCare demonstration for all eligible enrollees, although such services are subject to estate recovery and shall be counted for purposes of determining whether a CHOICES member’s needs can be safely met in the community within his or her individual cost neutrality cap.

Long-Term Care (LTC)– The services of a nursing facility (NF), an Intermediate Care Facility for the Mentally Retarded (ICF/MR), or Home and Community-Based Services (HCBS). These services may also be called Long-Term Services and Supports (LTSS).

Ongoing CHOICES HCBS – Specified CHOICES HCBS which are delivered on a regular and ongoing basis, generally one or more times each week, or (in the case of community-based residential alternatives and PERS) on a continuous basis. Ongoing HCBS include community-based residential alternatives, personal care, attendant care, home-delivered meals, personal emergency response systems (PERS), and/or adult day care.

Qualified Institution – With respect to Tennessee’s MFP Rebalancing Demonstration, and pursuant to Section 6071(b)(3) of the DRA, a hospital, nursing facility, or ICF/MR.

1. An institution for mental diseases (IMDs) which includes Psychiatric Hospitals and Psychiatric Residential Treatment Facilities (PRTF) shall be a Qualified Institution only to the extent that Medicaid reimbursement is available under the State Medicaid plan for services provided by such institution. Medicaid payments may only be applied to persons in IMDs who are over 65 or under 21 years of age.
2. Any days that an individual resides in a Medicare certified Skilled Nursing Facility (SNF) on the basis of having been admitted solely for purposes of receiving post-hospital short-term rehabilitative services covered by Medicare shall not be counted for purposes of meeting the ninety (90)-day minimum stay in a Qualified Institution established under the Affordable Care Act.

TENNCARE PreAdmission Evaluation System (TPAES) – A component of the State’s Medicaid Management Information System and the system of record for all PreAdmission Evaluation (i.e., level of care) submissions and level of care determinations, as well as enrollments into and transitions between LTC programs, including CHOICES and the State’s MFP Rebalancing Demonstration (MFP), and which shall also be used to gather data required to comply with tracking and reporting requirements pertaining to MFP.

Tennessee Department of Mental Health and Substance Abuse Services (TDMHSAS) – The state agency having the authority to provide care for persons with mental illness, substance abuse, and/or developmental disabilities.

Transition Allowance – A per member allotment not to exceed two thousand dollars (\$2,000) per lifetime which may, at the sole discretion of the CONTRACTOR, be provided as a cost-effective alternative to continued institutional care for a CHOICES Group 1 member in order to facilitate transition from a nursing facility to the community when such member will, upon transition to CHOICES Group 2, receive more cost-effective non-residential home and community based services or companion care. Items that may be purchased or reimbursed are only those items that the member has no other means to obtain and that are essential in order to establish a community residence when such residence is not already established and to facilitate the member’s safe and timely transition, including rent and/or utility deposits, essential kitchen appliances, basic furniture, and essential basic household items, such as towels, linens, and dishes. A Transition Allowance shall not be provided to members that no longer meet nursing facility level of care and are transitioning to CHOICES Group 3.

2. Section 1 shall be amended by adding the following new definitions:

Maintenance of Effort (MOE) – Provisions in the American Recovery and Reinvestment Act (ARRA) (Pub. L. 111–5) (Feb. 17, 2009) and the Affordable Care Act (ACA) to ensure that States’ coverage for adults under the Medicaid program remains in place and that “eligibility standards, methodologies, and procedures” are not more restrictive than those in place as of July 1, 2008 for purposes of the ARRA and March 23, 2010, for purposes of the ACA pending the establishment of specific provisions of ACA (i.e., a fully operational Exchange) on January 1, 2014.

MOE Demonstration Group – Individuals who are age 65 and older and adults age 21 and older with disabilities who (1) meet nursing home financial eligibility, (2) do not meet the nursing facility level of care criteria in place on July 1, 2012; and (3) in the absence of TennCare CHOICES services, are “at risk” of institutionalization. The MOE Demonstration Group is open only between July 1, 2012, through December 31, 2013. Individuals enrolled in the MOE Demonstration Group as of December 31, 2013, may continue to qualify in this group after December 31, 2013, so long as they (1) continue to meet Nursing Facility financial eligibility and the LOC criteria in place when they enrolled; and (2) remain continuously enrolled in the MOE Demonstration Group and in CHOICES 3.

3. Section 2.6.1.5.2.5 shall be amended by adding the phrase “but excluding Interim Group 3,” in the first sentence immediately following “3,”.

2.6.1.5.2.5 For Groups 2 and 3, but excluding Interim Group 3, if there is an enrollment target, TENNCARE determines that the enrollment target has not been met or, for Group 2, approves the CONTRACTOR’s request to provide CHOICES HCBS as a cost effective alternative (see Section 2.6.5). Enrollees transitioning from a nursing facility to the community will not be subject to the enrollment target for Group 2 but must meet categorical and financial eligibility for Group 2.

4. Section 2.6.1.5.3 and 2.6.1.5.4 shall be deleted and replaced as follows:

2.6.1.5.3 For persons determined to be eligible for enrollment in Group 2 as a result of Immediate Eligibility (as defined in Section 1 of this Agreement), the CONTRACTOR shall provide a limited package of CHOICES HCBS (personal care, attendant care, home-delivered meals, PERS, adult day care, and/or any other services as specified in TennCare rules and regulations) as identified through a needs assessment and specified in the plan of care. Upon notice that the State has determined that the member meets categorical and financial eligibility for TennCare CHOICES, the CONTRACTOR shall authorize additional services in accordance with Section 2.9.6.2.5. For members residing in a community-based residential alternative at the time of CHOICES enrollment, authorization for community-based residential alternative services shall be retroactive to the member's effective date of CHOICES enrollment.

2.6.1.5.4 The following long-term care services are available to CHOICES members, per Group, when the services have been determined medically necessary by the CONTRACTOR.

Service and Benefit Limit	Group 1	Group 2	Group 3
Nursing facility care	X	Short-term only (up to 90 days)	Short-term only (up to 90 days)
Community-based residential alternatives		X	
Personal care visits (up to 2 visits per day at intervals of no less than 4 hours between visits)		X	X
Attendant care (up to 1080 hours per calendar year; up to 1400 hours per full calendar year only for persons who require covered assistance with household chores or errands in addition to hands-on assistance with self-care tasks)		X	X
Home-delivered meals (up to 1 meal per day)		X	X
Personal Emergency Response Systems (PERS)		X	X
Adult day care (up to 2080 hours per calendar year)		X	X
In-home respite care (up to 216 hours per calendar year)		X	X
In-patient respite care (up to 9 days per calendar year)		X	X
Assistive technology (up to \$900 per calendar year)		X	X

Service and Benefit Limit	Group 1	Group 2	Group 3
Minor home modifications (up to \$6,000 per project; \$10,000 per calendar year; and \$20,000 per lifetime)		X	X
Pest control (up to 9 units per calendar year)		X	X

5. Section 2.6.5.2.5 shall be deleted and replaced as follows:

2.6.5.2.5 For CHOICES Group 1 members transitioning from a nursing facility to Group 2, a one-time transition allowance, per member. The amount of the transition allowance shall not exceed two thousand dollars (\$2,000) and may be used for items such as, but not limited to, the first month's rent and/or utility deposits, kitchen appliances, furniture, and basic household items. A Transition Allowance shall not be provided to members that no longer meet nursing facility level of care and are transitioning to CHOICES Group 3.

6. Section 2.6.5.3 shall be deleted and replaced as follows:

2.6.5.3 If the CONTRACTOR chooses to provide cost effective alternative services to a CHOICES member, in no case shall the cost of CHOICES HCBS, private duty nursing and home health care for Group 2 exceed a member's cost neutrality cap nor the total cost of CHOICES HCBS, excluding minor home modifications, for members in Group 3 exceed the expenditure cap. The total cost of CHOICES HCBS includes all covered CHOICES HCBS and other non-covered services that the CONTRACTOR elects to offer as a cost effective alternative to nursing facility care for CHOICES Group 2 members pursuant to Section 2.6.5.2 of this Agreement including, as applicable: CHOICES HCBS in excess of specified benefit limits, the one-time transition allowance for CHOICES Group 1 members who are transitioning to CHOICES Group 2, and NEMT for Groups 2 and 3.

7. Sections 2.6.7.2.2.3 shall be amended by deleting the reference to Section "2.9.6.3" and replacing it with "2.9.6.8".

2.6.7.2.2.3 If the CONTRACTOR is unable to find an alternate nursing facility willing to serve the member and the member otherwise qualifies to enroll in CHOICES Group 2, the CONTRACTOR shall determine if it can safely and effectively serve the member in the community and within the cost neutrality cap. If it can, and the CONTRACTOR is willing to continue serving a member who has failed to pay his or her patient liability or if TENNCARE determines that the member would not have patient liability in the community setting, the member shall be offered a choice of CHOICES HCBS. If the member chooses CHOICES HCBS, the CONTRACTOR shall forward all relevant information to TENNCARE for a decision regarding transition to Group 2 (Section 2.9.6.8).

8. Sections 2.6.7.2.3.2 through 2.6.7.2.3.2.2 shall be deleted and replaced as follows:

- 2.6.7.2.3.2 The CONTRACTOR shall collect patient liability from CHOICES Group 2 and Group 3 members (as applicable) who receive CHOICES HCBS in his/her own home or who receive adult day care services and from Group 2 members who receive Companion Care.
- 2.6.7.2.3.2.1 The CONTRACTOR shall use calculated patient liability amounts to offset the cost of CHOICES Group 2 or CHOICES Group 3 benefits (or CEA services provided as an alternative to covered CHOICES Group 2 or Group 3 benefits) reimbursed by the CONTRACTOR for that month.
- 2.6.7.2.3.2.2 The CONTRACTOR shall not collect patient liability that exceeds the cost of CHOICES Group 2 or CHOICES Group 3 benefits (or CEA services provided as an alternative to CHOICES Group 2 or Group 3 benefits) reimbursed by the CONTRACTOR for that month.

9. Section 2.6.7.2.3.3 shall be amended by adding the phrase “or Group 3” after “If a Group 2” as follows:

- 2.6.7.2.3.3 If a Group 2 or Group 3 member fails to pay required patient liability, pursuant to Section 2.6.1.5.8.6, the CONTRACTOR may request to no longer provide long-term care services to the member.

10. The last sentence of Section 2.7.1.3 shall be amended by deleting the space between the word “non-emergency”.

11. Sections 2.9.2.1.4.6.2 through 2.9.2.1.4.6.4 shall be deleted and replaced as follows:

- 2.9.2.1.4.6.2 Transition Group 1 members to CHOICES HCBS unless the member chooses to receive CHOICES HCBS as an alternative to nursing facility care and is enrolled in CHOICES Group 2 or the member meets the at-risk level of care and is enrolled in CHOICES Group 3 (see Section 2.9.6.8 for requirements regarding nursing facility to community transition);
- 2.9.2.1.4.6.3 Admit a member in CHOICES Group 2 to a nursing facility unless the member meets the nursing facility level of care in place at the time of admission and (1) is expected to require short-term nursing facility services for ninety (90) days or less; (2) the member chooses to transition to a nursing facility and enroll in Group 1; or (3) the CONTRACTOR determines that it cannot safely and effectively meet the needs of the member and within the member’s cost neutrality cap, and the member agrees to transition to a nursing facility and enroll in Group 1;
- 2.9.2.1.4.6.4 Admit a member enrolled in CHOICES Group 3 to a nursing facility unless the member meets the nursing facility level of care in place at the time of admission and (1) is expected to require short-term nursing facility services for ninety (90) days or less; or (2) the member chooses to transition to a nursing facility and enroll in Group 1; or

12. Section 2.9.6.1.6.1 shall be deleted and replaced as follows:

2.9.6.1.6.1 The day of the initiating event (e.g., receipt of a referral for CHOICES screening and intake or notification of a new CHOICES member on the outbound 834 enrollment file) shall be the anchor date and is not to be included in the timeline computation;

13. Section 2.9.6.2.3.1 shall be deleted and replaced as follows:

2.9.6.2.3.1 For persons wishing to apply for CHOICES, TENNCARE or its designee may employ a screening process, using the tools and protocols specified by TENNCARE, to assist with intake for persons new to both TennCare and CHOICES. Such screening process shall assess: (1) whether the applicant appears to meet categorical and financial eligibility criteria for CHOICES; (2) whether the applicant appears to meet level of care eligibility for enrollment in CHOICES; and (3) for applicants seeking access to CHOICES HCBS through enrollment in CHOICES Group 2, whether it appears that the applicant's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care.

14. Section 2.9.6.2.3.4 and 2.9.6.2.3.5 shall be deleted and replaced as follows:

2.9.6.2.3.4 As part of the intake visit, TENNCARE or its designee shall: (1) provide general CHOICES education and information, as specified by TENNCARE, and assist in answering any questions the applicant may have; (2) provide information about estate recovery; (3) complete Medicaid and level of care (i.e., PAE) applications and provide assistance, as necessary, in gathering documentation needed by the State to determine TennCare eligibility; (4) provide choice counseling and facilitate the selection of an MCO by the applicant or his/her representative; (5) for applicants seeking enrollment in CHOICES Group 1 or Group 2, provide information regarding freedom of choice of nursing facility versus CHOICES HCBS, both verbally and in writing, and obtain a Freedom of Choice form signed and dated by the applicant or his/her representative; (6) provide detailed information and obtain signed acknowledgement of understanding regarding a CHOICES member's responsibility with respect to payment of patient liability amounts, including, as applicable, the potential consequences for non-payment of patient liability which may include loss of the member's current nursing facility or CBRA provider or MCO, disenrollment from CHOICES, and to the extent the member's eligibility is dependent on receipt of long-term care services, possible loss of eligibility for TennCare; (7) for applicants who want to receive NF services, provide information regarding the completion of all PASRR requirements prior to nursing facility admission and conduct the level I PASRR screening; (8) for applicants who are seeking CHOICES HCBS: (a) conduct a risk assessment using a tool and protocol specified by TENNCARE and develop, as applicable, a risk agreement that shall be signed by the applicant or his/her representative and which shall include identified risks to the applicant, the consequences of such risks, strategies to mitigate the identified risks, and the applicant's decision regarding his/her acceptance of risk; and (b) provide information regarding consumer direction and obtain signed documentation of the applicant's interest in participating in consumer direction; (9) for applicants who are seeking enrollment in Group 2, identify the services that may be needed by the applicant upon enrollment in Group 2, make a determination regarding whether the applicant's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care, and provide explanation to the applicant regarding the individual cost neutrality cap, including that a change in a member's needs or circumstances that would result in the

Amendment 28 (cont.)

cost neutrality cap being exceeded or that would result in the MCO's inability to safely and effectively meet a member's needs in the community and within the cost neutrality cap may result in the member's disenrollment from CHOICES Group 2, in which case, the care coordinator will assist with transition to a more appropriate care delivery setting; (10) for applicants who are seeking enrollment in Group 3, identify the covered HCBS that may be needed by the applicant upon enrollment in Group 3 and provide explanation to the applicant regarding the fifteen thousand dollars (\$15,000) expenditure cap; and (11) for all applicants, provide information regarding next steps in the process including the need for approval by TENNCARE to enroll in CHOICES and the functions of the CONTRACTOR, including that the CONTRACTOR will develop and approve a plan of care.

2.9.6.2.3.5 The listing of CHOICES HCBS and home health and/or private duty nursing services the member may need shall be used by TENNCARE or its designee to determine whether services can be provided within the member's cost neutrality cap (applicable only for Group 2) and may be further refined based on the CONTRACTOR's comprehensive needs assessment and plan of care development processes.

15. Section 2.9.6.2.4.3 shall be amended by adding new language to the end of the existing language as follows:

2.9.6.2.4.3 The CONTRACTOR shall not transition members in Group 1 to CHOICES HCBS unless the member chooses to receive CHOICES HCBS as an alternative to nursing facility and is enrolled in Group 2 or a member enrolled in CHOICES on or after July 1, 2012 no longer meets nursing facility level of care but does meet the at-risk level of care and is enrolled in Group 3.

16. Section 2.9.6.2.5.3 shall be amended by adding the phrase "in Group 2" after the word "enrolled" in the first sentence.

2.9.6.2.5.3 The care coordinator shall, for all other CHOICES members in Groups 2 and 3 not specified in 2.9.6.2.5.1 – 2.9.6.2.5.2 above, within ten (10) business days of notice of the member's enrollment in CHOICES, conduct a face-to-face visit with the member, perform a comprehensive needs assessment (see Section 2.9.6.5), develop a plan of care (see Section 2.9.6.6), and authorize and initiate CHOICES HCBS, except in the case of members enrolled in Group 2 on the basis of Immediate Eligibility in which case only the limited package of CHOICES HCBS shall be authorized and initiated. Members enrolled on the basis of Immediate Eligibility shall have access only to a limited package of CHOICES HCBS (see Section 2.6.1.5.3) pending determination of categorical and financial eligibility for TennCare CHOICES; however all needed services shall be listed in the plan of care, and the CONTRACTOR shall immediately revise the service authorizations as necessary upon notice that the State has determined that the member meets categorical and financial eligibility for TennCare CHOICES and initiate services within ten (10) business days of notice.

17. Sections 2.9.6.2.5.5 and 2.9.6.2.5.6 shall be deleted and replaced as follows:

2.9.6.2.5.5 The CONTRACTOR shall not admit a member enrolled in CHOICES Group 2 to a nursing facility unless the member meets nursing facility level of care in place at the time of admission and (1) is expected to require short-term nursing facility services for ninety (90) days or less; (2) chooses to transition to a nursing facility and enroll in Group 1; or (3) the CONTRACTOR determines that it cannot safely and effectively meet the needs of a Group 2 member and at a cost that is less than the member's cost neutrality cap and the member agrees to transition to a nursing facility and enroll in Group 1.

2.9.6.2.5.6 The CONTRACTOR shall not admit a member enrolled in CHOICES Group 3 to a nursing facility unless the member meets nursing facility level of care in place at the time of admission and: (1) is expected to require short-term nursing facility services for ninety (90) days or less; or (2) chooses to transition to a nursing facility and enroll in Group 1.

18. Section 2.9.6.3.2 shall be deleted and replaced as follows:

2.9.6.3.2 As part of its identification process for members who may be eligible for CHOICES, the CONTRACTOR may initiate a telephone screening process, using the tool and protocols specified by TENNCARE. Such screening process shall: (1) verify the member's current eligibility category based on information provided by TENNCARE in the outbound 834 enrollment file; for persons seeking access to CHOICES HCBS through enrollment in CHOICES Groups 2 or 3, identify whether the member meets categorical eligibility requirements for enrollment in such group based on his/her current eligibility category, and if not, whether the member appears to meet categorical and financial eligibility criteria for the Institutional (i.e., CHOICES 217-Like HCBS or MOE Demonstration) category; (2) determine whether the member appears to meet level of care eligibility for CHOICES; and (3) for members seeking access to CHOICES HCBS through enrollment in CHOICES Group 2, determine whether it appears that the member's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care. Such telephone screening shall be conducted at the time of the initial call by the CONTRACTOR unless the member requests that the screening be conducted at another time, which shall be documented in writing in the CHOICES intake record.

19. Section 2.9.6.3.9 shall be deleted and replaced as follows:

2.9.6.3.9 As part of the face-to-face intake visit, the care coordinator shall: (1) provide general CHOICES education and information, as specified by TENNCARE, to the member and assist in answering questions the member may have; (2) provide information about estate recovery; (3) provide assistance, as necessary, in gathering documentation needed by DHS to determine categorical/financial eligibility for LTC; (4) for members seeking enrollment in CHOICES Group 1 or Group 2, provide information regarding freedom of choice of nursing facility versus CHOICES HCBS, both verbally and in writing, and obtain a Freedom of Choice form signed and dated by the member or his/her representative; (5) provide detailed information and signed acknowledgement of understanding regarding a CHOICES member's responsibility with respect to payment of patient liability amounts, including, as applicable, the potential consequences for non-payment of patient liability which may include loss of the member's current nursing facility or CBRA provider or MCO, disenrollment from CHOICES, and to the extent the member's eligibility is dependent on receipt of long-term care services, possible loss of eligibility for TennCare; and (6) for members who want to receive nursing facility

services, provide information regarding the completion of all PASRR requirements prior to nursing facility admission and conduct the level I PASRR screening; (7) for members who are seeking CHOICES HCBS, the care coordinator, shall: (a) conduct a risk assessment using a tool and protocol specified by TENNCARE and shall develop, as applicable, a risk agreement that shall be signed and dated by the member or his/her representative and which shall include identified risks to the member, the consequences of such risks, strategies to mitigate the identified risks, and the member's decision regarding his/her acceptance of risk; and (b) provide information regarding consumer direction and obtain written confirmation of the member's decision regarding participation in consumer direction; (8) for members seeking enrollment in Group 2, make a determination regarding whether the person's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care, and provide explanation to the member regarding the individual cost neutrality cap, including that a change in needs or circumstances that would result in the cost neutrality cap being exceeded or that would result in the CONTRACTOR's inability to safely and effectively meet the member's needs in the community and within the cost neutrality cap may result in the member's disenrollment from CHOICES Group 2, in which case, the member's care coordinator will assist with transition to a more appropriate care delivery setting; (9) for members seeking enrollment in Group 3, provide explanation to the member regarding the fifteen thousand dollar (\$15,000) expenditure cap; ; and (10) for all members, provide information regarding choice of contract providers, subject to the provider's availability and willingness to timely deliver services, and obtain signed documentation of the member's choice of contract providers.

20. Section 2.9.6.3.14 shall be deleted and replaced as follows:

2.9.6.3.14 Once completed, in the manner prescribed by TENNCARE the CONTRACTOR shall submit the level of care and, for members requesting CHOICES Group 2 HCBS, documentation, as specified by TENNCARE, to verify that the member's needs can be safely and effectively met in the community and within the cost neutrality cap to TENNCARE as soon as possible but no later than five (5) business days of the face-to-face visit. The CONTRACTOR shall make every effort to obtain supporting documentation required for the level of care in a timely manner and shall document in writing the cause of any delay in the submission of the required documentation to TENNCARE, including the CONTRACTOR's actions to mitigate such delay. The CONTRACTOR shall be responsible for ensuring that the level of care is accurate and complete, satisfies all technical requirements specified by TENNCARE, and accurately reflects the member's current medical and functional status based on information gathered, at a minimum, from the member, his or her representative, the Care Coordinator's direct observations, and the history and physical or other medical records which shall be submitted with the application. The CONTRACTOR shall note in the level of care any discrepancies between these sources of information, and shall provide explanation regarding how the CONTRACTOR addressed such discrepancies in the level of care.

21. Section 2.9.6.3.16 shall be deleted and replaced as follows:

2.9.6.3.16 The CONTRACTOR shall be responsible for (1) advising members who appear to meet the nursing facility level of care that are seeking access to CHOICES HCBS through enrollment in CHOICES Group 2 when an enrollment target has been (or will soon be) reached; (2) advising such persons that they may choose to receive nursing facility

services if CHOICES Group 2 HCBS are not immediately available; (3) determining whether the person wants nursing facility services if CHOICES Group 2 HCBS are not immediately available; and (4) at the CONTRACTOR's sole discretion, making a determination regarding whether enrollment in Group 2 constitutes a CEA because the immediate provision of nursing facility services will otherwise be required and submitting appropriate documentation to TENNCARE if there is a waiting list for CHOICES Group 2 but the CONTRACTOR chooses to enroll a member in Group 2 as a CEA (see Section 2.9.6.3.15.1).

22. Section 2.9.6.3.20 shall be deleted and replaced as follows:

2.9.6.3.20 For the CONTRACTOR's current members enrolled into CHOICES Group 2 or Group 3, the member's Care Coordinator shall within ten (10) business days of notice of the member's enrollment in CHOICES Group 2 or Group 3, authorize and initiate CHOICES HCBS.

23. Section 2.9.6.3.20.3 shall be deleted and replaced as follows:

2.9.6.3.20.3 The CONTRACTOR shall provide at least verbal notice to the member prior to initiation of CHOICES HCBS identified in the plan of care regarding any change in providers selected by the member for each CHOICES HCBS; including the reason such change has been made. If the CONTRACTOR is unable to place a CHOICES Group 1 or 2 member in the nursing facility or community-based residential alternative setting requested by the member, the care coordinator shall meet with the member and his/her representative to discuss the reasons why the member cannot be placed with the requested facility and the available options and identify an alternative facility.

24. Sections 2.9.6.3.20.7 through 2.9.6.3.20.9 shall be deleted and replaced as follows:

2.9.6.3.20.7 The CONTRACTOR shall not divert or transition members in CHOICES Group 1 to CHOICES HCBS unless the member chooses to receive CHOICES HCBS as an alternative to nursing facility and is enrolled in Group 2 or a member enrolled in CHOICES on or after July 1, 2012 no longer meets nursing facility level of care but does meet the at-risk level of care and is enrolled in Group 3.

2.9.6.3.20.8 The CONTRACTOR shall not admit a member enrolled in CHOICES Group 2 to a nursing facility unless the member meets the nursing facility level of care in place at the time of admission and : (1) is expected to require a short-term nursing facility care stay for ninety (90) days or less; (2) chooses to transition to a nursing facility and enroll in Group 1; or (3) the CONTRACTOR determines that it cannot safely and effectively meet the needs of the member and at a cost that is less than the member's cost neutrality cap and the member agrees to transition to a nursing facility and enroll in Group 1.

2.9.6.3.20.9 The CONTRACTOR shall not admit a member enrolled in CHOICES Group 3 to a nursing facility unless the member meets the nursing facility level of care in place at the time of admission and: (1) is expected to require short-term nursing facility services for ninety (90) days or less; or (2) chooses to transition to a nursing facility and enroll in Group 1.

- 25. Section 2.9.6.4.3.2 shall be amended by deleting the reference to Section “2.9.6.3.19” and replacing it with “2.9.6.3.20”.**

2.9.6.4.3.2 For CHOICES members who, upon enrollment in CHOICES, are not receiving services in a nursing facility or a community-based residential alternative setting, the CONTRACTOR shall assign a specific care coordinator and shall advise the member of the name of his/her care coordinator and provide contact information prior to the initiation of services (see Section 2.9.6.2.5.3 and 2.9.6.3.20), but no more than ten (10) calendar days following CHOICES enrollment.

- 26. Section 2.9.6.6.2.4 shall be amended by adding the phrase “in CHOICES Group 2” in items (4) and (5) as follows:**

2.9.6.6.2.4 The plan of care developed for CHOICES members in Groups 2 and 3 prior to initiation of CHOICES HCBS shall at a minimum include: (1) pertinent demographic information regarding the member including the name and contact information of any representative and a list of other persons authorized by the member to have access to health care (including long-term care) related information and to assist with assessment, planning, and/or implementation of health care (including long-term care) related services and supports; (2) care, including specific tasks and functions, that will be performed by family members and other caregivers; (3) home health, private duty nursing, and long-term care services the member will receive from other payor sources including the payor of such services; (4) home health and private duty nursing that will be authorized by the CONTRACTOR, except in the case of persons enrolled in CHOICES Group 2 on the basis of Immediate Eligibility who shall have access to services beyond the limited package of CHOICES HCBS (see Section 2.6.1.5.3) only upon determination of categorical and financial eligibility for TennCare; (5) CHOICES HCBS that will be authorized by the CONTRACTOR, including the amount, frequency, duration, and scope (tasks and functions to be performed) of each service to be provided, and the schedule at which such care is needed, as applicable; members enrolled in CHOICES Group 2 on the basis of Immediate Eligibility shall have access only to a limited package of CHOICES HCBS (see Section 2.6.1.5.3) pending determination of categorical and financial eligibility for TennCare CHOICES however all identified needed services shall be listed in the plan of care; (6) a detailed back-up plan for situations when regularly scheduled HCBS providers are unavailable or do not arrive as scheduled; the back-up plan may include paid and unpaid supports and shall include the names and telephone numbers of persons and agencies to contact and the services provided by listed contacts; the CONTRACTOR shall assess the adequacy of the back-up plan; and (7) for CHOICES Group 2 members, the projected TennCare monthly and annual cost of home health and private duty nursing identified in (4) above, and the projected monthly and annual cost of CHOICES HCBS specified in (5) above, and for CHOICES Group 3 members, the projected total cost of CHOICES HCBS specified in (5) above, excluding the cost of minor home modifications.

27. Section 2.9.6.8 shall be deleted and replaced as follows:

2.9.6.8 Nursing Facility-to-Community Transition

- 2.9.6.8.1 As applicable, including when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall develop and implement methods for identifying members who may have the ability and/or desire to transition from a nursing facility to the community. Such methods shall include, at a minimum:
- 2.9.6.8.1.1 Referrals, including but not limited to, treating physician, nursing facility, other providers, community-based organizations, family, and self-referrals;
- 2.9.6.8.1.2 Identification through the care coordination process, including but not limited to: assessments, information gathered from nursing facility staff, participation in Grand Rounds (as defined in Section 1) or review and assessment of members whose nursing facility level of care is ending and who appear to meet the at-risk level of care for Group 3.
- 2.9.6.8.1.3 Review and analysis of members identified by TENNCARE based on Minimum Data Set (MDS) data from nursing facilities.
- 2.9.6.8.2 Members in CHOICES Group 1 (who are residents of a nursing facility) and who are under the age of twenty-one (21) and have requested to transition home will be provided coordination of care by the CONTRACTOR's CHOICES and MCO Case Management staff (see Section 2.9.5.4.1).
- 2.9.6.8.3 Notwithstanding the nursing facility-to-community transition requirements set forth in this section (2.9.6.8.), the CONTRACTOR shall be responsible for monitoring all Group 1 members' level of care eligibility (see Section 2.9.6.8.1.2.) and for completing the process to re-establish nursing facility level of care or transition to Group 3 HCBS, as appropriate, prior to expiration of nursing facility level of care.
- 2.9.6.8.4 For transition referrals by or on behalf of a nursing facility resident, regardless of referral source, the CONTRACTOR shall ensure that within fourteen (14) days of the referral a care coordinator conducts an in-facility visit with the member to determine the member's interest in and potential ability to transition to the community, and provide orientation and information to the member regarding transition activities. The member's care coordinator/care coordination team shall document in the member's case file that transition was discussed with the member and indicate the member's wishes as well as the member's potential for transition. The CONTRACTOR shall not require a member to transition from Group 1 to Group 2 when the member expresses a desire to continue receiving nursing facility services.
- 2.9.6.8.5 For identification by the CONTRACTOR by means other than referral or the care coordination process of a member who may have the ability and/or desire to transition from a nursing facility to the community, the CONTRACTOR shall ensure that within ninety (90) days of such identification a care coordinator conducts an in-facility visit with the member to determine whether or not the member is interested in and potential ability to pursue transition to the community. The member's care coordinator/care coordination team shall document in the member's case file that transition was discussed with the member and indicate the member's wishes as well as the member's potential for transition. The CONTRACTOR shall not require a member to transition when the member expresses a desire to continue receiving nursing facility services.

Amendment 28 (cont.)

- 2.9.6.8.6 If the member wishes to pursue transition to the community, within fourteen (14) days of the initial visit (see Sections 2.9.6.8.3 and 2.9.6.8.4 above) or within fourteen (14) days of identification through the care coordination process, the care coordinator shall conduct an in-facility assessment of the member's ability and/or desire to transition using tools and protocols specified or prior approved in writing by TENNCARE. This assessment shall include the identification of any barriers to a safe transition.
- 2.9.6.8.7 As part of the transition assessment, the care coordinator shall conduct a risk assessment using a tool and protocol specified by TENNCARE, discuss with the member the risk involved in transitioning to the community and shall begin to develop, as applicable, a risk agreement that shall be signed and dated by the member or his/her representative and which shall include identified risks to the member, the consequences of such risks, strategies to mitigate the identified risks, and the member's decision regarding his/her acceptance of risk as part of the plan of care. The risk agreement shall include the frequency and type of care coordinator contacts that exceed the minimum contacts required (see Section 2.9.6.9.4), to mitigate any additional risks associated with transition and shall address any special circumstances due to transition. For members transitioning to Group 2, the member's care coordinator/care coordination team shall also make a determination regarding whether the member's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care. The member's care coordinator shall explain to the member the individual cost neutrality cap and obtain a signed acknowledgement of understanding by the member or his/her representative that a change in a member's needs or circumstances that would result in the cost neutrality cap being exceeded or that would result in the CONTRACTOR's inability to safely and effectively meet a member's needs in the community and within the cost neutrality cap may result in the member's disenrollment from CHOICES Group 2, in which case, the CONTRACTOR will assist with transition to a more appropriate care delivery setting. For members transitioning to Group 3, the care coordinator shall explain the expenditure cap.
- 2.9.6.8.8 For those members whose transition assessment indicates that they are not candidates for transition to the community, the care coordinator shall notify them in accordance with the specified transition assessment protocol.
- 2.9.6.8.9 For those members whose transition assessment indicates that they are candidates for transition to the community, the care coordinator shall facilitate the development of and complete a transition plan within fourteen (14) days of the member's transition assessment.
- 2.9.6.8.10 The care coordinator shall include other individuals such as the member's family and/or caregiver in the transition planning process if the member requests and/or approves, and such persons are willing and able to participate.
- 2.9.6.8.11 As part of transition planning, prior to the member's physical move to the community, the care coordinator shall visit the residence where the member will live to conduct an on-site evaluation of the physical residence and meet with the member's family or other caregiver who will be residing with the member (as appropriate). The care coordinator shall include in the transition plan activities and/or services needed to mitigate any perceived risks in the residence including but not limited to an increase in face-to-face visits beyond the minimum required contacts in Sections 2.9.6.8.19 and 2.9.6.8.20.
- 2.9.6.8.12 The transition plan shall address all services necessary to safely transition the member to the community and include at a minimum member needs related to housing, transportation,

Amendment 28 (cont.)

availability of caregivers, and other transition needs and supports. The transition plan shall also identify any barriers to a safe transition and strategies to overcome those barriers.

- 2.9.6.8.13 The CONTRACTOR shall approve the transition plan and authorize any covered or cost effective alternative services included in the plan within ten (10) business days of completion of the plan. The transition plan shall be fully implemented within ninety (90) days from approval of the transition plan, except under extenuating circumstances which must be documented in writing.
- 2.9.6.8.14 The member's care coordinator shall also complete a plan of care that meets all criteria described in Section 2.9.6.6 for members in CHOICES Groups 2 and 3 including but not limited to completing a comprehensive needs assessment, completing and signing the risk agreement and making a final determination of cost neutrality. The plan of care shall be authorized and initiated prior to the member's transition to the community.
- 2.9.6.8.14.1. If a transitioning member is enrolled in CHOICES Group 1, any CHOICES HCBS that must be completed prior to a member's transition from a nursing facility to the community in order to ensure the member's health and safety upon transition (e.g., minor home modifications, adaptive equipment, or PERS installation) shall be completed while the member is enrolled in Group 1, but shall be billed as a Group 2 service once the member is enrolled into Group 2, with the date of service the effective date of enrollment in CHOICES Group 2 (see State Medicaid Director Letter, Olmstead Update No. 3, July 25, 2000).
- 2.9.6.8.14.2. If a transitioning member is enrolled in CHOICES Group 2 or 3 but is receiving short-term nursing facility care, any CHOICES HCBS that must be completed prior to a member's transition from a nursing facility to the community in order to ensure the member's health and safety upon transition (e.g., minor home modifications, adaptive equipment, or PERS installation) shall be completed while the member resides in the facility and billed as a Group 2 or Group 3 service, as applicable. However, a member shall not be transitioned from CHOICES Group 1 into Group 2 or 3 for receipt of short-term nursing facility services in order to provide these services. Short-term nursing facility care is available only to a CHOICES 2 or CHOICES 3 participant who was receiving home and community based services *upon admission* to the short-term nursing facility stay.
- 2.9.6.8.15 For members requesting transition from Group 1 to Group 2, the CONTRACTOR shall not prohibit a member from transitioning to the community once the member has been counseled regarding risk. However, the CONTRACTOR may determine that the member's needs cannot be safely and effectively met in the community and at a cost that does not exceed nursing facility care. In such case, the CONTRACTOR shall seek written review and approval from TENNCARE prior to denial of any member's request to transition to the community. If TENNCARE approves the CONTRACTOR's request, the CONTRACTOR shall notify the member in accordance with TennCare rules and regulations and the transition assessment protocol, and the member shall have the right to appeal the determination (see Section 2.19.3.12 of this Agreement).

Amendment 28 (cont.)

- 2.9.6.8.16 Once completed, the CONTRACTOR shall submit to TENNCARE documentation, as specified by TENNCARE to verify that for members transitioning to Group 2, the member's needs can be safely and effectively met in the community and within the cost neutrality cap. Before transitioning a member, the CONTRACTOR shall verify that the member has been approved for enrollment in CHOICES Group 2 or Group 3, as applicable, effective as of the planned transition date.
- 2.9.6.8.17 Ongoing CHOICES HCBS and any medically necessary covered home health or private duty nursing services needed by the member shall be initiated immediately upon transition from a nursing facility (i.e., CHOICES Group 1) to the community (i.e., CHOICES Group 2 or CHOICES Group 3) and as of the effective date of transition with no gaps between the member's receipt of nursing facility services and ongoing CHOICES HCBS.
- 2.9.6.8.18 The member's care coordinator/care coordination team shall monitor all aspects of the transition process and take immediate action to address any barriers that arise during transition.
- 2.9.6.8.19 For members transitioning to a setting other than a community-based residential alternative setting, the care coordinator/care coordination team shall upon transition utilize the EVV system to monitor the initiation and daily provision of services in accordance with the member's new plan of care, and shall take immediate action to resolve any service gaps (see definition in Section 1).
- 2.9.6.8.20 For members who will live independently in the community or whose on-site visit during transition planning indicated an elevated risk, within the first twenty-four (24) hours, the care coordinator shall visit the member in his/her residence. During the initial ninety (90) day post-transition period, the care coordinator shall conduct monthly face-to-face in-home visits to ensure that the plan of care is being followed, that the plan of care continues to meet the member's needs, and the member has successfully transitioned to the community.
- 2.9.6.8.21 For members transitioning to a community-based residential alternative setting or who will live with a relative or other caregiver, within the first twenty-four (24) hours the care coordinator shall contact the member and within seven (7) days after the member has transitioned to the community, the care coordinator shall visit the member in his/her new residence. During the initial ninety (90) day post-transition period, the care coordinator shall (1) at a minimum, contact the member by telephone each month to ensure that the plan of care is being followed, that the plan of care continues to meet the member's needs, and the member has successfully transitioned to the community; and (2) conduct additional face-to-face visits as necessary to address issues and/or concerns and to ensure that the member's needs are met.
- 2.9.6.8.22 The CONTRACTOR shall monitor hospitalizations and nursing facility re-admission for members who transition from a nursing facility to the community to identify issues and implement strategies to improve transition outcomes.
- 2.9.6.8.23 The CONTRACTOR shall be permitted to coordinate or subcontract with local community-based organizations to assist in the identification, planning and facilitation processes related to nursing facility-to-community transitions that are not specifically assigned to the care coordinator.

Amendment 28 (cont.)

- 2.9.6.8.24 The CONTRACTOR shall develop and implement any necessary assessment tools, transition plan templates, protocols, or training necessary to ensure that issues that may hinder a member's successful transition are identified and addressed. Any tool, template, or protocol must be prior approved in writing by TENNCARE.
- 2.9.6.8.25 To facilitate nursing facility to community transition, the CONTRACTOR may elect to use specialized transition coordinators or transition teams. All transition activities identified as responsibilities of the care coordinator shall be completed by an individual who meets all of the requirements to be a care coordinator.
- 2.9.6.8.26 The CONTRACTOR shall implement policies and processes necessary to ensure that it is aware when a member is admitted to or discharged from a NF in order to facilitate care planning and as seamless a transition as possible, and to ensure timely notification to TENNCARE and other entities (e.g., DHS) as appropriate.
- 2.9.6.8.26.1 The CONTRACTOR shall require NFs to notify the CONTRACTOR of all NF discharges, transfers between NFs, or elections of hospice services in a NF.
- 2.9.6.8.26.2 The CONTRACTOR shall, in a manner prescribed by TENNCARE notify: a) TENNCARE of all NF discharges and elections of hospice services in a NF; b) DHS of all NF discharges and transfers between NFs; and c) receiving NFs of all applicable level of care information when a member is transferring between NFs.
- 2.9.6.8.26.3 The CONTRACTOR shall conduct a census as frequently as deemed necessary by TENNCARE to confirm the residency status and Group assignment of all CHOICES members (i.e., Group 1 receiving services in a NF or Group 2 receiving HCBS or short-term NF services). The CONTRACTOR shall take actions as necessary to address any discrepancies when a CHOICES member is found to no longer be receiving LTC services, or is receiving services in a different service delivery setting, e.g., NF, HCBS, or hospice in a NF, including, as appropriate, disenrollment from CHOICES and/or enrollment in a different CHOICES Group.
- 2.9.6.8.26.4 The CONTRACTOR shall authorize and/or reimburse short-term NF stays for Group 2 and Group 3 members only when (1) the member meets the nursing facility level of care in place at the time of admission; (2) the member's stay in the facility is expected to be less than ninety (90) days; and (3) the member is expected to return to the community upon its conclusion. The CONTRACTOR shall monitor all short-term NF stays for Group 2 and Group 3 members and shall ensure that the member is transitioned from Group 2 or Group 3, as applicable, to Group 1 at any time a) it is determined that the stay will not be short-term or the member will not transition back to the community; and b) prior to exhausting the ninety (90)-day short-term NF benefit covered for CHOICES Group 2 and Group 3 members.
- 2.9.6.8.26.4.1 Upon request, the CONTRACTOR shall provide to TENNCARE a member-by-member status for each Group 2 and Group 3 member utilizing the short-term NF stay benefit, including but not limited to the name of each Group 2 and Group 3 member receiving short-term NF services, the NF in which s/he currently resides, the date of admission for short-term stay, and the anticipated date of discharge back to the community.

Amendment 28 (cont.)

- 28. Section 2.9.6.9.4.3.3 shall be amended by adding the phrase “or Group 3” after the phrase “CHOICES Group 2”.**

2.9.6.9.4.3.3 Members in CHOICES Group 2 or Group 3 who have transitioned from a nursing facility to the community shall be contacted per the applicable timeframe specified in Section 2.9.6.8.

- 29. Sections 2.9.6.9.4.3.7 through 2.9.6.9.4.3.9 shall be deleted and replaced as follows:**

2.9.6.9.4.3.7 Members in CHOICES Group 2 or Group 3 shall be contacted by their care coordinator at least monthly either in person or by telephone with an interval of at least fourteen (14) days between contacts. These members shall be visited in their residence face-to-face by their care coordinator at least quarterly with an interval of at least sixty (60) days between visits.

2.9.6.9.4.3.8 Members in CHOICES Group 2 or Group 3 participating in MFP shall, for at least the first ninety (90) days following transition to the community, be visited in their residence face-to-face by their care coordinator at least monthly with an interval of at least fourteen (14) days between contacts to ensure that the plan of care is being followed, that the plan of care continues to meet the member’s needs, and the member has successfully transitioned back to the community. Thereafter, for the remainder of the member’s MFP participation period, minimum contacts shall be as described in 2.9.6.9.4.3.7 unless more frequent contacts are required based on the member’s needs and circumstances and as reflected in the member’s plan of care, or based on a significant change in circumstances (see Sections 2.9.6.9.2.1.16. and 2.9.8.4.5) or a short-term nursing facility stay (see Sections 2.9.8.8.5 and 2.9.8.8.7).

- 30. Sections 2.9.6.9.6.3.3 and 2.9.6.9.6.3.4 shall be deleted and replaced as follows:**

2.9.6.9.6.3.3 For members whose plan of care includes eligible CHOICES HCBS, written confirmation of the member’s decision regarding participation in consumer direction of eligible CHOICES HCBS;

2.9.6.9.6.3.4 A completed risk assessment and a risk agreement signed and dated by the member or his/her representative; and

- 31. Section 2.9.6.11.6.1.1 shall be amended by adding the phrase “or Group 3” after the phrase “CHOICES Group 2”.**

2.9.6.11.6.1.1 Upon completion of a Transition Assessment which indicates that a Group 1 member is a candidate for transition to the community, such member shall be factored into the weighted caseload and staffing ratio calculations using an acuity level of two and one-half (2.5) until such time as the member is transitioned to CHOICES Group 2 or Group 3 or the member is no longer a candidate for transition;

- 32. Section 2.9.6.11.6.2 shall be amended by adding the phrase “or Group 3” after the phrase “CHOICES Group 2”.**

2.9.6.11.6.2 Each CHOICES Group 2 or Group 3 member shall be factored into the weighted caseload and staffing ratio calculations utilizing an acuity level of two and one-half (2.5);

Amendment 28 (cont.)

33. Sections 2.9.6.11.6.3 and 2.9.6.11.6.4 shall be amended by deleting and replacing the header of the charts as follows:

2.9.6.11.6.3. Using the delineated acuity factors, the following provides examples of the composition of caseloads with a weighted value of 125:

Weighted Caseload Mix for a 1:125 Ratio		
CHOICES Group 1 (Acuity 1.0)	CHOICES Group 2 and Group 3 (Acuity 2.5)	Total CHOICES Members on Caseload
125	0	125
100	10	110
75	20	95
50	30	80
25	40	65
0	50	50

2.9.6.11.6.4. Using the delineated acuity factors, the following delineates the composition of caseloads with a weighted value of 175:

Weighted Caseload Mix for a 1:175 Ratio		
CHOICES Group 1 (Acuity 1.0)	CHOICES Group 2 and Group 3 (Acuity 2.5)	Total CHOICES Members on Caseload
175	0	175
150	10	160
125	20	145
100	30	130
75	40	115
50	50	100
25	60	85
0	70	70

34. Section 2.9.6.11.8 shall be deleted and replaced as follows:

2.9.6.11.8 Upon request, the CONTRACTOR shall provide to TENNCARE documentation of such monitoring, including an itemized list by care coordinator of the total number of members assigned, and the number of Group 1 members (including members in transition and children under age 21), Group 2 and Group 3 members that comprise each care coordinator's caseload.

35. Section 2.9.6.11.18.1 shall be deleted and replaced as follows:

2.9.6.11.18.1 The CHOICES program including a description of the CHOICES groups; eligibility for CHOICES enrollment; enrollment in CHOICES; enrollment targets for Groups 2 and 3 (excluding Interim Group 3), including reserve capacity and administration of waiting lists; and CHOICES benefits, including benefit limits, the individual cost neutrality cap for Group 2, the expenditure cap for Group 3, and the limited benefit package for Group 2 members enrolled on the basis of Immediate Eligibility;

36. Section 2.9.6.11.18.17 shall be deleted and replaced as follows:

2.9.6.11.18.17 For all CHOICES members, as applicable, members' responsibility regarding patient liability, including the consequences of not paying patient liability;

37. Section 2.9.6.13.1 shall be deleted and replaced as follows:

2.9.6.13.1 The CONTRACTOR shall use the TENNCARE PreAdmission Evaluation System (TPAES), the system of record for CHOICES level of care determinations, to facilitate submission of all PreAdmission Evaluation (i.e., level of care) applications, including required documentation pertaining thereto, and to facilitate enrollments into and transitions between LTC programs, including CHOICES. The CONTRACTOR shall comply with all data entry and tracking processes and timelines established by TENNCARE in policy or protocol in order to ensure efficient and effective administration and oversight of the CHOICES program.

38. Section 2.9.7.4.1 shall be amended by deleting the reference to "Section 2.9.6.2.4" and replacing it with the reference to "Section 2.9.6.2.5" and Section 2.9.7.4.3.3 shall be amended by adding the phrase "or Group 3" after the phrase "CHOICES Group 2" and Section 2.9.7.4.3.4 shall be amended by deleting the phrase "Group 2" at the end of the sentence.

2.9.7.4.3.3 For any CHOICES Group 2 or Group 3 member electing to participate in consumer direction that refuses to receive eligible CHOICES HCBS from contract providers while services are initiated through consumer direction, the member's care coordinator shall visit the member face to face at least monthly to ensure that the member's needs are safely met, and shall continue to offer eligible CHOICES HCBS through contract providers.

2.9.7.4.3.4 If eligible CHOICES HCBS are not initiated within sixty (60) days following referral to the FEA, the CONTRACTOR shall notify the member that eligible CHOICES HCBS must be initiated by contract providers unless these HCBS are not needed on an ongoing basis in order to safely meet the member's needs in the community, in which case, the CONTRACTOR shall submit documentation to TENNCARE to begin the process of disenrollment from CHOICES.

39. Section 2.9.8.1.2 shall be amended by adding the phrase “or Group 3” after the phrase “CHOICES Group 2”.

2.9.8.1.2 Eligible Individuals transitioning to a Qualified Residence in the community and consenting to participate in MFP shall be transitioned from CHOICES Group 1 into CHOICES Group 2 or Group 3 pursuant to TENNCARE policies and protocols for Nursing Facility-to-community transitions and shall also be enrolled into MFP. For persons enrolled in CHOICES who are also participating in MFP, the CONTRACTOR shall comply with all applicable provisions of this Agreement pertaining to the CHOICES program. This section sets forth additional requirements pertaining to the CONTRACTOR’s responsibilities specifically as it relates to MFP.

40. Section 2.9.8.2.2 shall be amended by adding the phrase “or Group 3” after the phrase “CHOICES Group 2”.

2.9.8.2.2 The CONTRACTOR shall assess all nursing facility residents transitioning from the NF to CHOICES Group 2 or Group 3 for participation in MFP. This includes CHOICES Group 1 members referred for transition, as well as nursing facility residents referred for CHOICES who are not yet enrolled in CHOICES Group 1 but may be determined eligible for Group 1, and who have expressed a desire to move back into the community. However, the resident must actually be enrolled into Group 1 in order to qualify for MFP.

41. Sections 2.9.8.3.3 and 2.9.8.3.4 shall be deleted and replaced as follows:

2.9.8.3.3 Only CHOICES Group 1 members who qualify to enroll in CHOICES Group 2 or Group 3 shall be eligible to transition to Group 2 or Group 3, as applicable, and enroll into MFP.

2.9.8.3.4 In addition to facilitating transition from CHOICES Group 1 to CHOICES Group 2 or Group 3 pursuant to Section 2.9.6.8 of this Agreement and TENNCARE’s policies and protocols, the CONTRACTOR shall facilitate the enrollment of Eligible Individuals who consent into MFP.

42. Sections 2.9.8.4.6 and 2.9.8.4.12 shall be amended by adding the phrase “or Group 3, as applicable” after the phrase “CHOICES Group 2”.

2.9.8.4.6 The CONTRACTOR shall review the circumstances which resulted in the inpatient facility admission and shall evaluate whether the services and supports provided to the member are sufficient to safely meet his needs in the community such that continued participation in CHOICES Group 2 or Group 3, as applicable, and in MFP is appropriate.

2.9.8.4.12 The CONTRACTOR shall, using a template provided by TENNCARE, issue a written notice of MFP participation to each member enrolled in MFP which shall not occur prior to transition from CHOICES Group 1 to CHOICES Group 2 or Group 3, as applicable. Such notice shall be issued within ten (10) business days of notification from TENNCARE via the outbound 834 enrollment file furnished by TENNCARE to the CONTRACTOR that the member is enrolled in MFP.

43. Sections 2.9.8.5.1, 2.9.8.6.1, and 2.9.8.7.1 shall be amended by adding the phrase “or Group 3, as applicable” after the phrase “CHOICES Group 2”.

2.9.8.5.1 For members participating in the MFP, the Plan of Care shall reflect that the member is an MFP participant, including the date of enrollment into MFP (i.e., date of transition from CHOICES Group 1 to CHOICES Group 2 or Group 3, as applicable).

2.9.8.6.1 A member enrolled in MFP shall be simultaneously enrolled in CHOICES Group 2 or Group 3, as applicable, and shall be eligible to receive covered benefits as described in 2.6.1

2.9.8.7.1 Upon completion of a person’s 365-day participation in MFP, services (including CHOICES HCBS) shall continue to be provided in accordance with the covered benefits described in 2.6.1 and the member’s plan of care. Transition from participation in MFP and CHOICES Group 2 or Group 3, as applicable, to participation *only* in CHOICES Group 2 or Group 3, as applicable, shall be seamless to the member, except that the CONTRACTOR shall be required to issue notice of the member’s conclusion of his 365-day MFP participation period.

44. Sections 2.9.8.8.1 and 2.9.8.8.2 shall be deleted and replaced as follows:

2.9.8.8.1 A CHOICES Group 2 or Group 3 member that meets the nursing facility level of care in place at the time of admission may be admitted for an inpatient short-term nursing facility stay for up to ninety (90) days and remain enrolled in CHOICES Group 2 or Group 3, as applicable (see Section 2.6.1.5.4). The CONTRACTOR shall ensure that the member is transitioned from Group 2 or Group 3, as applicable, to Group 1 at any time: a) it is determined that the stay will not be short-term and the member will not transition back to the community; and b) prior to exhausting the ninety (90) day short-term nursing facility benefit covered for CHOICES Group 2 or Group 3 members (see Section 2.9.6.8.26.4).

2.9.8.8.2 A CHOICES Group 2 or Group 3 member participating in MFP who meets the nursing facility level of care in place at the time of admission may be admitted for an inpatient short-term nursing facility stay during his 365-day participation period and remain enrolled in MFP regardless of the number of days the member is admitted for inpatient facility care.

45. Sections 2.9.8.8.4 shall be deleted and replaced as follows:

2.9.8.8.4 If the short-term stay will exceed ninety (90) days, the CONTRACTOR shall facilitate transition from CHOICES Group 2 or Group 3 if the Group 3 member continues to meet nursing facility level of care to CHOICES Group 1.

46. Sections 2.9.8.8.6 shall be amended by adding the phrase “or Group 3” after the phrase “CHOICES Group 2”.

2.9.8.8.6 The CONTRACTOR shall conduct a Transition Assessment and develop a Transition Plan (see Section 2.9.6.8) as necessary to facilitate the member’s return to the community. Such assessment shall include a review of the circumstances which resulted in the nursing facility admission and shall evaluate whether the services and supports provided to the member are sufficient to safely meet his needs in the community such that transition back to CHOICES Group 2 or Group 3 and continued participation in MFP is appropriate. The CONTRACTOR shall update the member’s plan of care, including the member’s Risk Agreement, as deemed necessary based on the member’s needs and circumstances.

47. Section 2.9.8.11.1 shall be amended by deleting the reference to “Section 2.9.6.12.6” and replacing it with the reference to “Section 2.9.6.12.7”.

48. Section 2.9.8.13.1.5.2 shall be amended by adding the phrase “and Group 3” after the phrase “CHOICES Group 2”.

2.9.8.13.1.5.2 Immediately prior to implementation of MFP and at the beginning of each calendar year thereafter, statewide calendar year numbers for benchmark #5 will be allocated on a regional basis to each MCO operating in the region, based on the number of persons in CHOICES Group 2 and Group 3. For purposes of incentive payments (see Section 3.11), achievement of this benchmark shall be determined on a regional basis by MCO.

49. Sections 2.9.16.1 and 2.9.16.5 shall be deleted and replaced as follows and Section 2.9.16 shall be amended by adding Section 2.9.16.7 and the remaining Section shall be renumbered accordingly.

2.9.16.1 Tennessee Department of Mental Health and Substance Abuse Services (TDMHSAS) and Tennessee Department of Intellectual and Developmental Disabilities (DIDD) for the purpose of interfacing with and assuring continuity of care and for coordination of specialized services in accordance with federal PASRR requirements;

2.9.16.5 Tennessee Department of Intellectual Disabilities Services (DIDD), for the purposes of coordinating physical and behavioral health services with HCBS available for members who are also enrolled in a Section 1915(c) HCBS waiver for persons with intellectual disabilities, i.e., mental retardation;

2.9.16.7 Tennessee Department of Education (DOE) and local education agencies for the purposes of coordinating educational services in compliance with the requirements of Individuals with Disabilities Education Act (IDEA) and to ensure school-based services for students with special needs are provided;

2.9.16.7.1 The CONTRACTOR is responsible for the delivery of medically necessary covered services to school-aged children. MCOs are encouraged to work with school-based providers to manage the care of students with special needs. The State has implemented a process, referred to as TENNderCARE Connection, to facilitate notification of MCOs when a school-aged child enrolled in TennCare has an Individualized Education Plan (IEP) that identifies a need

Amendment 28 (cont.)

for medical services. In such cases, the school is responsible for obtaining parental consent to share the IEP with the MCO and for subsequently sending a copy of the parental consent and IEP to the MCO. The school is also responsible for clearly delineating the services on the IEP that the MCOs are to consider for payment. If a school-aged member, needing medical services, is identified by the CONTRACTOR by another means, the CONTRACTOR shall request the IEP from the appropriate school system.

2.9.16.7.2 The CONTRACTOR shall designate a contact person to whom correspondence concerning children with medical services included in their IEPs will be directed. After receipt of an IEP, the CONTRACTOR shall:

2.9.16.7.2.1 Either accept the IEP as indication of a medical problem and treat the IEP as a request for service or assist in making an appointment to have the child evaluated by the child's PCP or another contract provider. If the CONTRACTOR does not accept the documentation provided with the IEP as indication of a medical problem, the CONTRACTOR shall have the child re-evaluated in order to make a decision about the appropriateness of the requested service.

2.9.16.7.2.2 Send a copy of the IEP and any related information (e.g. action taken by the MCO in response to receipt of the IEP, action the MCO expects the PCP to take) to the PCP.

2.9.16.7.2.3 Notify the designated school contact of the ultimate disposition of the request (e.g. what services have been approved for the child, what arrangements have been made for service delivery) within 14 days of the CONTRACTOR's receipt of the IEP.

50. Section 2.12.4 shall be deleted and replaced with "LEFT BLANK INTENTIONALLY".

2.12.4 LEFT BLANK INTENTIONALLY

51. Section 2.13.4.4 shall be amended by deleting the reference to "Section 2.9.6.7" and replacing it with "Section 2.9.7.6.11".

52. Section 2.14.1.2 shall be amended by adding a new Section 2.14.1.2.1 as follows:

2.14.1.2.1 The UM program description, work plan and program evaluation shall be exclusive to TENNCARE and shall not contain documentation from other state Medicaid programs or product lines operated by the CONTRACTOR.

53. Section 2.15.1.1.6 shall be amended by deleting the word "and" at the end of the sentence, Section 2.15.1.1.7 shall be amended by deleting and replacing the "." with "; and", and Section 2.15.1.1 shall be amended by adding a new Section 2.15.1.1.8 as follows:

2.15.1.1.8 The QM/QI program description, work plan and program evaluation shall be exclusive to TENNCARE and shall not contain documentation from other state Medicaid programs or product lines operated by the CONTRACTOR.

54. Section 2.17.4.7.11 shall be amended by adding the phrase “(excluding Interim Group 3)” after the phrase “Group 2 and Group 3”.

2.17.4.7.11 Shall include information on the CHOICES program, including a description of the CHOICES groups; eligibility for CHOICES; enrollment in CHOICES, including whom to contact at the MCO regarding enrollment in CHOICES; enrollment targets for Group 2 and Group 3 (excluding Interim Group 3), including reserve capacity and administration of waiting lists; and CHOICES benefits, including benefit limits, the individual cost neutrality cap for Group 2, and the expenditure cap for Group 3;

55. Section 2.17.7.3.12 shall be deleted and replaced as follows:

2.17.7.3.12 Information about patient liability responsibilities including the potential consequences of failure to comply with patient liability requirements. For Group 1 members, this may include loss of the member’s nursing facility provider; for Group 2 members, loss of the member’s CBRA provider; and for all CHOICES members, loss of the member’s MCO, disenrollment from CHOICES, and to the extent that the member’s eligibility depends on receipt of long-term care services, loss of eligibility for TennCare;

56. Section 2.20.2 shall be deleted and replaced as follows:

2.20.2 Reporting and Investigating Suspected Fraud and Abuse

2.20.2.1 The CONTRACTOR shall cooperate with all appropriate state and federal agencies, including TBI MFCU and/or OIG, in investigating fraud and abuse. In addition, the CONTRACTOR shall fully comply with the TCA 71-5-2601 and 71-5-2603 in performance of its obligations under this Agreement.

2.20.2.2 The CONTRACTOR shall have methods for identification, investigation, and referral of suspected fraud cases (42 CFR 455.13, 455.14, 455.21).

2.20.2.3 The CONTRACTOR shall notify TBI MFCU and TennCare Office of Program Integrity simultaneously and in a timely manner regarding all internal (such as identified patterns of data mining outliers, audit concerns, critical incidences) and external (such as hotline calls) tips with potential implications to TennCare providers' billing anomalies and/or to safety of TennCare enrollees (http://www.tbi.state.tn.us/tbi_tips.shtml; ProgramIntegrity.TennCare@tn.gov). Along with a notification, the CONTRACTOR shall take steps to triage and/or substantiate these tips and provide simultaneous and timely updates to TBI MFCU and the TennCare Office of Program Integrity when the concerns and/or allegations of any tips are authenticated.

2.20.2.4 The CONTRACTOR shall report all confirmed or suspected fraud and abuse to TENNCARE and the appropriate agency as follows:

2.20.2.4.1 Suspected fraud and abuse in the administration of the program shall be reported to TennCare Office of Program Integrity, TBI MFCU and/or OIG;

2.20.2.4.2 All confirmed or suspected provider fraud and abuse shall immediately be reported to TBI MFCU and TennCare Office of Program Integrity; and

Amendment 28 (cont.)

- 2.20.2.4.3 All confirmed or suspected enrollee fraud and abuse shall be reported immediately to OIG.
- 2.20.2.5 The CONTRACTOR shall use the Fraud Reporting Forms in Attachment VI, or such other form as may be deemed satisfactory by the agency to whom the report is to be made under the terms of this Agreement.
- 2.20.2.6 Pursuant to TCA 71-5-2603(c) the CONTRACTOR shall be subject to a civil penalty, to be imposed by the OIG, for willful failure to report fraud and abuse by recipients, enrollees, applicants, or providers to TENNCARE and OIG or TBI MFCU, as appropriate.
- 2.20.2.7 The CONTRACTOR shall promptly perform a preliminary investigation of all incidents of suspected and/or confirmed fraud and abuse. Unless prior written approval is obtained from the agency to whom the incident was reported, or to another agency designated by the agency that received the report, after reporting fraud or suspected fraud and/or suspected abuse and/or confirmed abuse, the CONTRACTOR shall not take any of the following actions as they specifically relate to TennCare claims:
 - 2.20.2.7.1 Contact the subject of the investigation about any matters related to the investigation;
 - 2.20.2.7.2 Enter into or attempt to negotiate any settlement or agreement regarding the incident; or
 - 2.20.2.7.3 Accept any monetary or other thing of valuable consideration offered by the subject of the investigation in connection with the incident.
- 2.20.2.8 The CONTRACTOR shall promptly provide the results of its preliminary investigation to the agency to whom the incident was reported, or to another agency designated by the agency that received the report.
- 2.20.2.9 The CONTRACTOR shall cooperate fully in any further investigation or prosecution by any duly authorized government agency, whether administrative, civil, or criminal. Such cooperation shall include providing, upon request, information, access to records, and access to interview CONTRACTOR employees and consultants, including but not limited to those with expertise in the administration of the program and/or in medical or pharmaceutical questions or in any matter related to an investigation.
- 2.20.2.10 The State shall not transfer its law enforcement functions to the CONTRACTOR.
- 2.20.2.11 The CONTRACTOR, subcontractor and providers, whether contract or non-contract, shall, upon request and as required by this Agreement or state and/or federal law, make available to the TBI MFCU/OIG any and all administrative, financial and medical records relating to the delivery of items or services for which TennCare monies are expended. In addition, the TBI MFCU/OIG shall, as required by this Agreement or state and/or federal law, be allowed access to the place of business and to all TennCare records of any contractor, subcontractor or provider, whether contract or non-contract, during normal business hours, except under special circumstances when after hour admission shall be allowed. Special circumstances shall be determined by the TBI MFCU/OIG.
- 2.20.2.12 The CONTRACTOR and/or subcontractors shall include in any of its provider agreements a provision requiring, as a condition of receiving any amount of TennCare payment, that the provider comply with this Section, Section 2.20 of this Agreement.

Amendment 28 (cont.)

- 2.20.2.13 The CONTRACTOR shall notify TENNCARE when the CONTRACTOR denies a provider credentialing application for program integrity-related reasons or otherwise limits the ability of providers to participate in the program for program integrity reasons.
- 2.20.2.14 Except as described in Section 2.11.8.2 of this Agreement, nothing herein shall require the CONTRACTOR to ensure non-contract providers are compliant with TENNCARE contracts or state and/or federal law.
- 2.20.2.15 In accordance with the Affordable Care Act and TennCare policy and procedures, the CONTRACTOR shall report overpayments made by TENNCARE to the CONTRACTOR as well as overpayments made by the CONTRACTOR to a provider and/or subcontractor (See Section 2.12.9.42).

57. Section 2.22.1 shall be amended by deleting the word “and” between the words “filing,” and “compliance” and by adding new language to the end of the section.

2.22.1 General

To the extent that the CONTRACTOR compensates providers on a fee-for-service or other basis requiring the submission of claims as a condition of payment, the CONTRACTOR shall process, as described herein, the provider’s claims for covered benefits provided to members consistent with applicable CONTRACTOR policies and procedures and the terms of this Agreement including but not limited to timely filing, compliance with all applicable state and federal laws, rules and regulations, including the development, staff and provider education and training, and implementation of all state and federal standardization initiatives (e.g., 5010, ICD 10, etc.) within the designated guidelines and timeframes specified by TENNCARE and/or CMS.

58. Section 2.25.9 shall be deleted in its entirety.

59. Section 2.26.1 shall be amended by adding a new Section 2.26.1.3 as follows and renumbering the remaining Section accordingly, including any references thereto.

- 2.26.1.3 Effective with any new subcontracts or upon the next amendment to existing subcontracts, the CONTRACTOR shall include a requirement that the subcontract may be terminated by the CONTRACTOR for convenience and without cause upon a specified number of days written notice.

60. Section 2.29.1.3.13 shall be deleted and replaced as follows:

- 2.29.1.3.13 At least one full-time investigator per operating region and a staff person responsible for all fraud and abuse detection activities, including the fraud and abuse compliance plan, as set forth in Section 2.20 of this Agreement. The investigator will have full knowledge with provider investigations related to the TennCare program and will be the key staff handling day-to-day provider investigation related inquires from TENNCARE;

61. Section 2.29.1.3.29 shall be amended by deleting “TDMHDD” and replacing it with “TDMHSAS”.

62. Section 2.30.4.3 shall be deleted and replaced as follows:

2.30.4.3 The CONTRACTOR shall submit a quarterly *Behavioral Health Crisis Response Report* that provides information on behavioral health crisis services (see Section 2.7.2.8) including the data elements described by TENNCARE. Specified data elements shall be reported separately for members ages eighteen (18) years and over and those under eighteen (18) years and all data elements shall be reported for each individual crisis service provider as described in the template provided by TENNCARE.

63. Sections 2.30.6.4 and 2.30.6.6 shall be amended by deleting the reference to “Section 2.9.6.8” and replacing it with the reference to “Section 2.9.8” and Item (1) of Section 2.30.6.9 shall be amended by adding the phrase “or Group 3” after the phrase “CHOICES Group 2”.

- (1) The total number and the name and SSN of each CHOICES Group 2 or Group 3 member enrolled into MFP;

64. Section 2.30.9 shall be deleted and replaced as follows:

2.30.9 LEFT BLANK INTENTIONALLY

65. Sections 2.30.11.5, 2.30.12.7, and 2.30.17.5 shall be amended by deleting the reference to “Section 2.9.6.8” and replacing it with the reference to “Section 2.9.8”.

66. Section 2.30.22.1 shall be amended by adding the word “also” between the words “shall” and “demonstrate” in the second sentence.

67. The PROGRAM ISSUES Column in Items A.16 and A.29 of the Liquidated Damages Chart in Section 5.20.2.2.7 shall be amended by adding the phrase “or 3” after the phrase “Group 2”.

LEVEL	PROGRAM ISSUES	DAMAGE
<p>A.16</p>	<p>Failure to comply with the timeframes for developing and approving a plan of care for transitioning CHOICES members in Group 2 or 3, authorizing and initiating nursing facility services for transitioning CHOICES members in Group 1, or initiating long-term care services for CHOICES members (see Sections 2.9.2, 2.9.3, and 2.9.6)</p>	<p>\$5,000 per month that the CONTRACTOR’s performance is 85-89% by service setting (nursing facility or HCBS) \$10,000 per month that the CONTRACTOR’s performance is 80-84% by service setting (nursing facility or HCBS) \$15,000 per month that the CONTRACTOR’s performance is 75-79% by service setting (nursing facility or HCBS) \$20,000 per month that the CONTRACTOR’s performance is 70-74% by service setting (nursing facility or HCBS) \$25,000 per month that the CONTRACTOR’s performance is 69% or less by service setting (nursing facility or HCBS)</p> <p>These amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing recommendations as specified in Section 2.9.6.11.9 of this Agreement</p>
<p>A.29</p>	<p>Failure to initiate CHOICES HCBS or for children under age 21, EPSDT benefits provided as an alternative to nursing facility care in accordance with the member’s plan of care and to ensure that such HCBS or EPSDT benefits are in place immediately upon transition from a nursing facility to the community for any person transitioning from a nursing facility (i.e., CHOICES Group 1) to the community (i.e., CHOICES Group 2 or 3), including persons enrolled in MFP (see Sections 2.9.5.4.1.5 and 2.9.6.8.16)</p>	<p>\$500 per day for each day that HCBS are not in place following transition from a nursing facility (i.e., CHOICES Group 1) to the community (i.e., CHOICES Group 2) in addition to the cost of services not provided</p> <p>These amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing recommendations as specified in Section 2.9.6.11.9 of this Agreement</p>

68. The Liquidated Damages Chart in Section 5.20.2.2.7 shall be amended by deleting and replacing Items B.15 and B.21 as follows and by adding new Items B.17 and B.23 as follows and renumbering the existing Sections accordingly, including any references thereto.

B.15	Failure to send collection notices to providers as described in Section 2.30.10.6 of this Agreement		\$100 per provider notice per month
B.17	Failure to require and ensure compliance with Ownership and Disclosure requirements as required in Section 2.12.9.43 of this Agreement Failure to maintain complete and current disclosures/attestations for all providers excluding providers billing under emergency provisions		\$5,000 per provider disclosure/attestation for each disclosure/attestation that is not received or is received and signed by a provider that does not request or contain complete and satisfactory disclosure of the requirements outlined in 42 CFR 455, Subpart B. 92 to 95% Compliance - \$5000 per each full percentage point below 95% Under 92% Compliance - \$10,000 per each full percentage point below 95%
B.21	Failure to provide a written discharge plan or provision of a defective discharge plan for discharge from a psychiatric inpatient facility or mental health residential treatment facility as required in Section 2.9.10.3.2 of this Agreement		\$1,000 per occurrence per case
B.23	Failure to meet any timeframe regarding care coordination for CHOICES members (see Sections 2.9.2, 2.9.3, and 2.9.6) other than the timeframes referenced in A.16 or A.17		\$5,000 per month for each timeframe that the CONTRACTOR's performance is 85-89% \$10,000 per month for each timeframe that the CONTRACTOR's performance is 80-84% \$20,000 per month for each timeframe that the CONTRACTOR's performance is 75-79% \$50,000 per month for each timeframe that the CONTRACTOR's performance is 70-74% \$100,000 per month for each timeframe that the CONTRACTOR's performance is 69% or less These amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing recommendations as specified in Section 2.9.6.11.9 of this Agreement

- 69. Section 5 shall be amended by adding a new Section 5.40 and renumbering the remaining Section 5 as appropriate, including any references thereto.**

5.40 SOCIAL SECURITY ADMINISTRATION (SSA) REQUIRED PROVISIONS FOR DATA SECURITY

The CONTRACTOR shall comply with limitations on use, treatment, and safeguarding of data under the Privacy Act of 1974 (5 U.S.C. §552a), as amended by the Computer Matching and Privacy Protection Act of 1988, related Office of Management and Budget guidelines, the Federal Information Security Management Act of 2002 (44 U.S.C. § 3541, *et seq.*), and related National Institute of Standards and Technology guidelines. In addition, the CONTRACTOR shall have in place administrative, physical, and technical safeguards for data.

- 5.40.1 The CONTRACTOR shall not duplicate in a separate file or disseminate, without prior written permission from TENNCARE, the data governed by the Contract for any purpose other than that set forth in this Contract for the administration of the TennCare program. Should the CONTRACTOR propose a redisclosure of said data, the CONTRACTOR must specify in writing to TENNCARE the data the CONTRACTOR proposes to redisclose, to whom, and the reasons that justify the redisclosure. TENNCARE will not give permission for such redisclosure unless the redisclosure is required by law or essential to the administration of the TennCare program.
- 5.40.2 The CONTRACTOR agrees to abide by all relevant federal laws, restrictions on access, use, and disclosure, and security requirements in this Contract.
- 5.40.3 Upon request, the CONTRACTOR shall provide a current list of the employees of such CONTRACTOR with access to SSA data and provide such lists to TENNCARE.
- 5.40.4 The CONTRACTOR shall restrict access to the data obtained from TENNCARE to only those authorized employees who need such data to perform their official duties in connection with purposes identified in this Contract. The CONTRACTOR shall not further duplicate, disseminate, or disclose such data without obtaining TENNCARE's prior written approval.
- 5.40.5 The CONTRACTOR shall ensure that its employees:
- 5.40.5.1 Properly safeguard PHI/PII furnished by TENNCARE under this Contract from loss, theft or inadvertent disclosure;
 - 5.40.5.2 Understand that they are responsible for safeguarding this information at all times, regardless of whether or not the CONTRACTOR employee is at his or her regular duty station;
 - 5.40.5.3 Ensure that laptops and other electronic devices/ media containing PHI/PII are encrypted and/or password protected;
 - 5.40.5.4 Send emails containing PHI/PII only if encrypted or if to and from addresses that are secure; and
 - 5.40.5.5 Limit disclosure of the information and details relating to a PHI/PII loss only to those with a need to know.

CONTRACTOR employees who access, use, or disclose TennCare or TennCare SSA-supplied data in a manner or purpose not authorized by this Contract may be subject to civil and criminal sanctions pursuant to applicable federal statutes.

Amendment 28 (cont.)

- 5.40.6 Loss or Suspected Loss of Data – If an employee of the CONTRACTOR becomes aware of suspected or actual loss of PHI/PII, he or she must immediately contact TENNCARE **within one (1) hour** to report the actual or suspected loss. The CONTRACTOR will use the Loss Worksheet located at http://www.tn.gov/tenncare/forms/phi_piiworksheet.pdf to quickly gather and organize information about the incident. The CONTRACTOR must provide TENNCARE with timely updates as any additional information about the loss of PHI/PII becomes available.
- 5.40.6.1 If the CONTRACTOR experiences a loss or breach of said data, TENNCARE will determine whether or not notice to individuals whose data has been lost or breached shall be provided and the CONTRACTOR shall bear any costs associated with the notice or any mitigation.
- 5.40.7 TENNCARE may immediately and unilaterally suspend the data flow under this Contract, or terminate this Contract, if TENNCARE, in its sole discretion, determines that the CONTRACTOR has: (1) made an unauthorized use or disclosure of TennCare SSA-supplied data; or (2) violated or failed to follow the terms and conditions of this Contract.
- 5.40.8 Legal Authority
- 5.40.8.1 Federal laws and regulations giving SSA the authority to disclose data to TENNCARE and TENNCARE's authority to collect, maintain, use and share data with CONTRACTOR is protected under federal law for specified purposes:
- 5.40.8.1.1 Sections 1137, 453, and 1106(b) of the Social Security Act (the Act) (42 U.S.C. §§ 1320b-7, 653, and 1306(b)) (income and eligibility verification data);
- 5.40.8.1.2 26 U.S.C. § 6103(l)(7) and (8) (tax return. data);
- 5.40.8.1.3 Section 202(x)(3)(B)(iv) of the Act (42 U.S.C. § 401(x)(3)(B)(iv))(prisoner data);
- 5.40.8.1.4 Section 205(r)(3) of the Act (42, U.S.C. § 405(r)(3)) and Intelligence Reform and Terrorism Prevention Act of 2004, Pub. L. 108-458, 7213(a)(2) (death data);
- 5.40.8.1.5 Sections 402, 412, 421, and 435 of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Pub. L. 104-193) (8 U.S.C. §§ 1612, 1622, 1631, and 1645) (August 22, 1996 (quarters of coverage data);
- 5.40.8.1.6 Children's Health Insurance Program Reauthorization Act of 2009, (Pub. L. 111-3) (February 4, 2009) (citizenship data); and
- 5.40.8.1.7 Routine use exception to the Privacy Act, 5 U.S.C. § 552a(b)(3)(data necessary to administer other programs compatible with SSA programs).
- 5.40.8.2 This Section further carries out Section 1106(a) of the Act (42 U.S.C. § 1306), the regulations promulgated pursuant to that section (20 C.F.R. Part 401), the Privacy of 1974 (5 U.S.C. § 552a), as amended by the Computer Matching and Privacy Protection Act of 1988, related Office of Management and Budget ("OMB") guidelines, the Federal Information Security Management Act of 2002 ("FISMA") (44 U.S.C. § 3541 *et seq.*), and related National Institute of Standards and Technology ("NIST") guidelines, which provide the requirements that the CONTRACTOR must follow with regard to use, treatment, and safeguarding data.

Amendment 28 (cont.)

5.40.9 Definitions

- 5.40.9.1 “SSA-supplied data” – information, such as an individual’s social security number, supplied by the Social Security Administration to TENNCARE to determine entitlement or eligibility for federally-funded programs (Computer Matching and Privacy Protection Contract between SSA and F&A; IEA between SSA and TENNCARE).
- 5.40.9.2 “Protected Health Information/Personally Identifiable Information” (PHI/PII) (45 CFR §160.103; OMB Circular M-06-19 located at <http://www.whitehouse.gov/sites/default/files/omb/memoranda/fy2006/m06-19.pdf>) – Protected health information means individually identifiable health information that is: (i) Transmitted by electronic media; (ii) Maintained in electronic media; or (iii) Transmitted or maintained in any other form or medium.
- 5.40.9.3 “Individually Identifiable Health Information” – information that is a subset of health information, including demographic information collected from an individual, and: (1) Is created or received by a health care provider, health plan, employer, or health care clearinghouse; and (2) relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and (i) identifies the individual; or (ii) with respect to which there is a reasonable basis to believe the information can be used to identify the individual.
- 5.40.9.4 “Personally Identifiable Information” – any information about an individual maintained by an agency, including, but not limited to, education, financial transactions, medical history, and criminal or employment history and information which can be used to distinguish or trace an individual's identity, such as their name, Social Security Number, date and place of birth, mother's maiden name, biometric records, including any other personal information which can be linked to an individual.

70. **Attachment VI shall be amended by adding “TBI MFCU” in the “TO:” section along with “Office of Program Integrity”.**
71. **Exhibits C, E, F, I, J and L of Attachment IX shall be deleted and replaced with “LEFT BLANK INTENTIONALLY”.**

Amendment 28 (cont.)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective July 1, 2012.

The CONTRACTOR, by signature of this Amendment, hereby affirms that this Amendment has not been altered and therefore represents the identical document that was sent to the CONTRACTOR by TENNCARE.

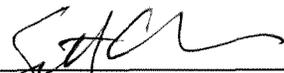

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 27
AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1 shall be amended by deleting and replacing the following definitions:

Immediate Eligibility for CHOICES Group 2 – A mechanism by which the State can, based on a preliminary determination of a person’s eligibility for the CHOICES 217-Like HCBS Group, enroll the person into CHOICES Group 2 and provide immediate access to a limited package of CHOICES HCBS pending a final determination of eligibility. To qualify for immediate eligibility, a person must be applying to receive covered ongoing CHOICES HCBS, be determined by TENNCARE to meet nursing facility level of care, have submitted an application for financial eligibility determination to DHS, and be expected to qualify for CHOICES Group 2 based on review of the financial information provided by the applicant. Immediate eligibility shall only be for specified CHOICES HCBS (no other covered services) and for a maximum of forty-five (45) days from the effective date of eligibility.

Immediate Eligibility – Temporary eligibility granted to a child upon entering into State custody in order to give children in State custody adequate access to medical and behavioral health services, including TENNderCare, until a final determination can be made on their TennCare eligibility.

2. Section 1 shall be amended by adding the following definitions:

Abuse - Provider practices that are inconsistent with sound fiscal, business, or medical practices, and result in an unnecessary cost to the Medicaid program, or in reimbursement for services that are not medically necessary or that fail to meet professionally recognized standards for health care. It also includes recipient practices that result in unnecessary cost to the Medicaid program (see 42 CFR 455.2).

Breach (with respect to Protected Health Information (PHI)) - The acquisition, access, use, or disclosure of protected health information in a manner not permitted under the HIPAA Privacy Rule which compromises the security or privacy of the protected health information.

Fraud – An intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to himself or some other person. It includes any act

Amendment Number 27 (cont.)

that constitutes fraud under applicable Federal or State law (see 42 CFR 455.2).

Repayment – The process by which an MCO, the State of Tennessee or the Federal government, or any of their Bureaus, Agencies or Contractors recover Title XIX monies paid to an MCO, provider or enrollee.

3. Section 2.4.6.2 and 2.4.6.3 shall be deleted and replaced as follows:

2.4.6.2 The CONTRACTOR agrees to accept daily eligibility updates in the form and format specified by TennCare for the purpose of identifying children in State custody and children transitioning out of State custody. Until such time as an indicator for children in State custody and children transitioning out of State custody can be added to the daily eligibility updates received from TennCare, the CONTRACTOR agrees to accept and process any adhoc report mutually agreed upon by the CONTRACTOR and TennCare to facilitate timely identification of children in State custody or children transitioning out of State custody.

2.4.6.3 The CONTRACTOR shall provide an electronic inbound 834 eligibility file to TENNCARE as specified and in conformance to data exchange format and method standards outlined in Section 2.23.5.

4. Section 2.6.1.5.1 shall be deleted and replaced as follows:

2.6.1.5.1 In addition to physical health benefits (see Section 2.6.1.3) and behavioral health benefits (see Section 2.6.1.4), the CONTRACTOR shall provide long-term care services (including CHOICES HCBS and nursing facility care) as described in this Section 2.6.1.5 to members who have been enrolled into CHOICES by TENNCARE, as shown in the outbound 834 enrollment file furnished by TENNCARE to the CONTRACTOR, effective upon the CHOICES Implementation Date (see Section 1). Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, only members in CHOICES Group 1 will be enrolled with the CONTRACTOR. Therefore, unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the requirements in Section 2.6.1.5 applicable only to CHOICES Group 2 and/or 3 will not apply. When directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall, as directed by TENNCARE, comply with all of the requirements in Section 2.6.1.5.

5. Section 2.7.4.1 shall be deleted and replaced as follows:

2.7.4.1 The CONTRACTOR shall develop programs and participate in activities to enhance the general health and well-being of members. Health education and outreach programs and activities shall include TENNderCare outreach activities (See Section 2.7.6.2) and may also include the following:

6. Section 2.7.4.2 shall be deleted and replaced by Sections 2.7.4.2 through 2.7.4.2.3 as follows:

2.7.4.2 The CONTRACTOR shall submit an Annual Community Outreach Plan no later than November 30 of each year for review and approval by TENNCARE.

2.7.4.2.1 The Annual Community Outreach Plan shall be written in accordance with guidance prepared by TENNCARE. It shall include, but is not limited to: all proposed community/health

Amendment Number 27 (cont.)

education events related to TENNderCare; community/health education events unrelated to TENNderCare; rationale for participating in these events; and a process for evaluating the benefits of the events.

2.7.4.2.2 The CONTRACTOR's TennCare approved Annual Community Outreach Plan shall be implemented on January 1 of each year.

2.7.4.2.3 Community/health education events, both related and unrelated to TENNderCare, shall be included in the quarterly TENNderCare Report (See Section 2.30.4.4) in a format specified by TENNCARE.

7. Section 2.7.6.2.10 shall be amended by adding the reference “(See Section 2.7.4.2)” to the end of the first sentence.

8. ~~Section 2.9.2.1.4 shall be deleted and replaced as follows:~~

~~2.9.2.1.4 For covered long-term care services for CHOICES members who are transferring from another MCO, the CONTRACTOR shall be responsible for continuing to provide covered long-term care services, including both CHOICES HCBS authorized by the transferring MCO and nursing facility services, without regard to whether such services are being provided by contract or non-contract providers. Unless and until the CONTRACTOR has been directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, only members in CHOICES Group 1 will be enrolled with the CONTRACTOR. Therefore, unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the requirements in this Section 2.9.2.1.4 applicable only to CHOICES Group 2 and/or 3 will not apply. When directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall, as directed by TENNCARE, comply with all of the requirements in Section 2.9.2.1.4.~~

9. Section 2.9.5.4.1 through 2.9.5.4.1.4 shall be deleted and replaced as follows:

2.9.5.4.1 In addition to requirements pertaining to nursing facility to community transitions (see Section 2.9.6.8), members in CHOICES Group 1 who are under the age of 21 and who are residents of a nursing facility and have requested to transition home will be provided coordination of care by the CHOICES Care Coordinator and MCO Case Management staff:

2.9.5.4.1.1 The member will be informed by the CHOICES Care Coordinator of disenrollment from CHOICES upon discharge from Nursing Facility;

2.9.5.4.1.2 Within three (3) business days of a request to transition by or on behalf of a Group 1 member under age 21, the member will be referred by the CHOICES Care Coordinator to MCO Case Management for service identification and implementation in the home setting;

2.9.5.4.1.3 The MCO Case Manager will be responsible for developing a service plan for the home setting;

2.9.5.4.1.4 The CHOICES Care Coordinator will communicate weekly via phone or face-to-face visits with the MCO Case Management staff, the member and/or his parent or guardian

(as applicable and appropriate), and the nursing facility staff to ensure timely progression of the transition plan until the transition plan is complete; and

10. Section 2.9.6.1.6.1 shall be amended by adding a “)” after the word “computation”.

11. Sections 2.9.6.8.1 shall be amended by adding the following lead in text:

2.9.6.8.1 As applicable, including when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall develop and implement methods for identifying members who may have the ability and/or desire to transition from a nursing facility to the community. Such methods shall include, at a minimum:

12. Section 2.9.6.2.5.1 shall be deleted and replaced as follows:

2.9.6.2.5.1 For members enrolled in CHOICES Group 2 who are, upon CHOICES enrollment, receiving community-based residential alternative services that are covered in CHOICES, the CONTRACTOR shall, immediately upon notice of the member’s enrollment in CHOICES, authorize such services from the current provider as of the effective date of CHOICES enrollment. In the case of those members enrolled in CHOICES Group 2 on the basis of Immediate Eligibility for CHOICES Group 2, community-based residential alternative services shall be authorized immediately upon notice of the member’s categorical and financial eligibility for TennCare CHOICES as of the effective date of CHOICES enrollment. The CONTRACTOR shall not transition members enrolled in CHOICES Group 2 who are, upon CHOICES enrollment, receiving services in a community-based residential alternative setting to another facility unless: (1) the member or his/her representative specifically requests to move, which shall be documented in the member’s file; (2) the member or his/her representative provides written consent to move based on quality or other concerns raised by the CONTRACTOR; or (3) the facility where the member is residing is not a contract provider; if the facility is a non-contract provider, the CONTRACTOR shall authorize medically necessary services from the non-contract provider for at least thirty (30) days which shall be extended as necessary to ensure continuity of care pending the facility’s enrollment with the CONTRACTOR or the member’s transition to a contract provider.

13. Section 2.9.6.3.7 shall be deleted and replaced as follows:

2.9.6.3.7 If the member does not meet the telephone screening criteria, the CONTRACTOR shall within five (5) business days of the screening notify the member verbally and in writing in the format prescribed by TENNCARE: (1) that he/she does not appear to meet the criteria for enrollment in CHOICES; (2) that he/she has the right to continue with the CHOICES intake process and, if determined not eligible, to receive notice of such denial, including the member’s due process right to appeal; and (3) how, if the member wishes to proceed with the CHOICES intake process, the member can submit a written request to proceed with the CHOICES intake process to the CONTRACTOR. In the event that a member does submit such written request, the CONTRACTOR shall process the request as a new referral and shall conduct a face-to-face intake visit, including level of care assessment and needs assessment, within ten (10) business days of receipt of the member’s written request, unless a later date is requested by the member, which shall be documented in writing in the CHOICES intake record.

14. Section 2.9.6.6.1.1 shall be amended by adding the word “CHOICES” in front of the word “file”.

15. Section 2.9.6.6.2.7 shall be deleted and replaced as follows:

2.9.6.6.2.7 The member’s care coordinator/care coordination team shall provide a copy of the member’s completed plan of care, including any updates, to the member, the member’s representative, as applicable, and the member’s community residential alternative provider, as applicable. The member’s care coordinator/care coordination team shall provide copies to other providers authorized to deliver care to the member upon request, and shall ensure that such providers who do not receive a copy of the plan of care are informed in writing prior to the scheduled implementation of services of all relevant information needed to ensure the provision of quality care for the member and to help ensure the member’s health, safety, and welfare, including but not limited to the tasks and functions to be performed.

16. Section 2.9.6.6.2.8 shall be amended by adding a new Section 2.9.6.6.2.8.1 which shall read as follows:

2.9.6.6.2.8.1 Within three (3) business days of updating the member’s plan of care, the member’s care coordinator/care coordination team shall provide a copy of all relevant changes to the supports broker, as applicable, and to other providers authorized to deliver care to the member. Relevant information shall include any information needed to ensure the provision of quality care for the member and to help ensure the member’s health, safety, and welfare, including but not limited to any changes in the tasks and functions to be performed.

17. Section 2.9.6.8.25.3 and Section 2.9.6.8.25.4 shall be deleted and replaced by new Sections 2.9.6.8.25.3, 2.9.6.8.25.4 and 2.9.6.8.25.4.1 as follows:

2.9.6.8.25.3 The CONTRACTOR shall conduct a census at least semi-annually at no less than one hundred twenty (120)-day intervals or as frequently as deemed necessary by TENNCARE to confirm the residency status and Group assignment of all CHOICES members (i.e., Group 1 receiving services in a NF or Group 2 receiving HCBS or short-term NF services). The CONTRACTOR shall take actions as necessary to address any discrepancies when a CHOICES member is found to no longer be receiving LTC services, or is receiving services in a different service delivery setting, e.g., NF, HCBS, or hospice in a NF, including, as appropriate, disenrollment from CHOICES and/or enrollment in a different CHOICES Group.

2.9.6.8.25.4 The CONTRACTOR shall authorize and/or reimburse short-term NF stays for Group 2 members only when the member’s stay in the facility is expected to be less than ninety (90) days and the member is expected to return to the community upon its conclusion. The CONTRACTOR shall monitor all short-term NF stays for Group 2 members and shall ensure that the member is transitioned from Group 2 to Group 1 at any time a) it is determined that the stay will not be short-term or the member will not transition back to the community; and b) prior to exhausting the ninety (90)-day short-term NF benefit covered for CHOICES Group 2 members.

2.9.6.8.25.4.1 Upon request, the CONTRACTOR shall provide to TENNCARE a member-by-member status for each Group 2 member utilizing the short-term NF stay benefit, including but not limited to the name of each Group 2 member receiving short-term NF services, the NF in which s/he currently resides, the date of admission for short-term stay, and the anticipated date of discharge back to the community.

18. Section 2.9.6.9.1.1.4 shall be amended by deleting the word “and” at the end of the text and Section 2.9.6.9.1.1.5 shall be deleted and replaced as follows:

2.9.6.9.1.1.5 In the manner prescribed by TENNCARE and in accordance with this Agreement and TENNCARE policies and protocols pertaining thereto: 1) facilitate transfers between nursing facilities which, at a minimum, includes notification to the receiving facility of the member’s level of care, and notification to DHS; and 2) facilitate transitions to CHOICES Group 2 which shall include (but is not limited to) timely notification to TENNCARE; and

19. Section 2.9.6.9.2.1.2 shall be deleted and replaced as follows:

2.9.6.9.2.1.2 During the development of the member’s plan of care and as part of the annual updates, the care coordinator shall discuss with the member his/her interest in consumer direction when eligible CHOICES HCBS are included in the plan of care;

20. Section 2.9.6.9.2.1.15 shall be amended by deleting the word “and” at the end of the text, Section 2.9.6.9.2.1.17 shall be amended by deleting the “.” and adding “; and”, and Section 2.9.6.9.2.1 shall be amended by adding a new Section 2.9.6.9.2.1.18 as follows:

2.9.6.9.2.1.18 In the manner prescribed by TENNCARE, and in accordance with this Agreement and TENNCARE policies and protocols pertaining thereto, facilitate transition to CHOICES Group 1, which shall include (but is not limited to) timely notification to TENNCARE.

21. Section 2.9.6.10.1 shall be amended by adding new text to the end as follows:

2.9.6.10.1 In addition to the roles and responsibilities otherwise specified in this Section 2.9.6, the CONTRACTOR shall ensure that the following additional care coordination functions related to consumer direction of eligible CHOICES HCBS are fulfilled. As provided in Section 2.9.7, only members in CHOICES Group 2 or 3 may participate in consumer direction of HCBS. Therefore, requirements regarding consumer direction of HCBS will not apply to the CONTRACTOR unless and until the CONTRACTOR is directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3. When directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall, as directed by TENNCARE, comply with all the requirements in Section 2.9.6.10.

Amendment Number 27 (cont.)

22. Section 2.9.6.10.3 shall be deleted and replaced by new Sections 2.9.6.10.3 through 2.9.6.3.10.3.3 as follows:

2.9.6.10.3 If a member elects not to receive eligible CHOICES HCBS using contract providers until all necessary requirements have been fulfilled in order to implement consumer direction of eligible CHOICES HCBS:

2.9.6.10.3.1 The CONTRACTOR shall document this decision, including date and member/member's representative's signature, in the manner specified by TENNCARE (see Section 2.9.7.4.3.2 of this Agreement).

2.9.6.10.3.2 The member's care coordinator shall visit the member face to face at least monthly to ensure that the member's needs are met, and shall continue to offer eligible CHOICES HCBS through contract providers (See Section 2.9.7.4.3.3).

2.9.6.10.3.3 If eligible CHOICES HCBS are not initiated within sixty (60) days following referral to the FEA, the CONTRACTOR shall notify the member that eligible CHOICES HCBS must be initiated by contract providers unless these HCBS are not needed on an ongoing basis in order to safely meet the member's needs in the community, in which case, the CONTRACTOR shall submit documentation to TENNCARE to begin the process of disenrollment from CHOICES Group 2.

23. Section 2.9.6.10 shall be amended by adding a new Section 2.9.6.10.11 as follows and renumbering the remaining Section accordingly, including any references thereto.

2.9.6.10.11 Within three (3) business days of updating the member's plan of care, the member's care coordinator/care coordination team shall provide a copy of all relevant changes to the supports broker (see Section 2.9.6.6.2.8.1. of this Agreement).

24. Section 2.9.6.11.3 through 2.9.6.11.5 shall be deleted and replaced as follows and the remaining Section shall be renumbered accordingly, including any references thereto.

2.9.6.11.3 The CONTRACTOR shall ensure that an adequate number of care coordinators are available and that sufficient staffing ratios are maintained to address the needs of CHOICES members and meet all the requirements described in this Agreement.

2.9.6.11.4 The recommended average weighted care coordinator-to-CHOICES member staffing ratio is no more than 1:125. Such average shall be derived by dividing the total number of full-time equivalent care coordinators by the total weighted value of CHOICES members as delineated below.

2.9.6.11.5 The recommended maximum caseload for any individual care coordinator is a weighted value of no more than one hundred seventy-five (175) CHOICES members.

2.9.6.11.6 The contractor shall use the following methodology to calculate weighted care coordinator-to-CHOICES member staffing ratios and care coordinator caseloads:

2.9.6.11.6.1 Each CHOICES Group 1 member shall be factored into the weighted care coordinator-to-CHOICES member staffing ratio and weighted caseload calculations utilizing an acuity level of one (1), EXCEPT that:

Amendment Number 27 (cont.)

- 2.9.6.11.6.1.1 Upon completion of a Transition Assessment which indicates that a Group 1 member is a candidate for transition to the community, such member shall be factored into the weighted caseload and staffing ratio calculations using an acuity level of two and one-half (2.5) until such time as the member is transitioned to CHOICES Group 2 or the member is no longer a candidate for transition;
- 2.9.6.11.6.1.2 CHOICES Group 1 members under twenty-one (21) years of age shall be factored into the weighted caseload and staffing ratio calculations utilizing an acuity level of two and one-half (2.5).
- 2.9.6.11.6.2 Each CHOICES Group 2 member shall be factored into the weighted caseload and staffing ratio calculations utilizing an acuity level of two and one-half (2.5);
- 2.9.6.11.6.3 Using the delineated acuity factors, the following provides examples of the composition of caseloads with a weighted value of 125:

Weighted Caseload Mix for a 1:125 Ratio		
CH1 (Acuity 1.0)	CH 2 (Acuity 2.5)	Total CHOICES Members on Caseload
125	0	125
100	10	110
75	20	95
50	30	80
25	40	65
0	50	50

- 2.9.6.11.6.4 Using the delineated acuity factors, the following delineates the composition of caseloads with a weighted value of 175:

Weighted Caseload Mix for a 1:175 Ratio		
CH1 (Acuity 1.0)	CH 2 (Acuity 2.5)	Total CHOICES Members on Caseload
175	0	175
150	10	160
125	20	145
100	30	130
75	40	115
50	50	100
25	60	85
0	70	70

Amendment Number 27 (cont.)

- 2.9.6.11.7 The CONTRACTOR shall proactively plan for staff turnover and shall monitor caseload assignments and weighted care coordinator-to-CHOICES member staffing ratios and adjust hiring practices and care coordinator assignments as necessary to meet the requirements of this Agreement and to address members' needs.
- 2.9.6.11.8 Upon request, the CONTRACTOR shall provide to TENNCARE documentation of such monitoring, including an itemized list by care coordinator of the total number of members assigned, and the number of Group 1 members (including members in transition and children under age 21) and Group 2 members that comprise each care coordinator's caseload.
- 2.9.6.11.9 In the event that the CONTRACTOR is determined to be deficient with any requirement pertaining to care coordination as set forth in this agreement, the amount of financial sanctions assessed shall take into account whether or not the CONTRACTOR has complied with the recommended average weighted care coordinator to CHOICES member staffing ratio and the maximum weighted care coordinator caseload amounts set forth in Sections 2.9.6.11.4 and 2.9.6.11.5, based on the most recent monthly *CHOICES Caseload and Staffing Ratio Report* (see Section 2.30.6.8). All applicable sanctions set forth in Sections 5.20.2.2.6., 5.20.2.2.7.A.16, ~~5.20.2.2.7.A.18,~~ ~~5.20.2.2.7.A.19,~~ ~~5.20.2.2.7.A.20,~~ ~~5.20.2.2.7.A.21,~~ 5.20.2.2.7.A.22, 5.20.2.2.7.A.23, 5.20.2.2.7.A.28, 5.20.2.2.7.A.29, 5.20.2.2.7.A.30, 5.20.2.2.7.A.31, 5.20.2.2.7.B.21, and 5.20.2.2.7.C.7 of this agreement shall be multiplied by two (2) when the CONTRACTOR has not complied with these recommendations.
- 2.9.6.11.10 TennCare will reevaluate Care Coordinator-to-CHOICES member staffing ratio recommendations and requirements on at least an annual basis and may make adjustments based on the needs of CHOICES members, CHOICES program requirements and MCO performance.
- 2.9.6.11.11 TENNCARE may request changes in the CONTRACTOR's Care Coordination Staffing Plan at any time it determines that the CONTRACTOR does not have sufficient care coordination staff to properly and timely perform its obligations under this Agreement.

25. The renumbered Section 2.9.6.11.18 shall be deleted and replaced as follows:

- 2.9.6.11.18 The CONTRACTOR shall provide initial training to newly hired care coordinators and ongoing training to care coordinators. Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, training shall focus on the requirements applicable to CHOICES Group 1. When directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall, as directed by TENNCARE, train care coordinators on requirements applicable to CHOICES Group 2 and/or 3. Initial training topics shall include at a minimum:

26. Section 2.9.6.11 shall be amended by adding a new Section 2.9.6.11.19 as follows and renumbering the remaining Section including any references thereto.

- 2.9.6.11.19 The CONTRACTOR shall establish an ongoing training program for care coordinators. Topics to be covered shall be determined by the CONTRACTOR based on its monitoring of care coordination (see Section 2.9.6.12) and the CHOICES program, and feedback from TENNCARE.

27. Section 2.9.6.12.7 shall be amended by adding the words “and document” as follows:

2.9.6.12.7 The CONTRACTOR shall develop and maintain an electronic case management system that includes the functionality to ensure and document compliance with all requirements specified in the Section 1115 TennCare Demonstration Waiver, federal and state laws and regulations, this Agreement, and TennCare policies and protocols, including but not limited to the following:

28. Section 2.9.7.1.1 shall be amended by adding language as follows:

2.9.7.1.1 Requirements regarding consumer direction of HCBS will not apply to the CONTRACTOR unless and until the CONTRACTOR is directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3. If directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall offer consumer direction of eligible CHOICES HCBS to all CHOICES Group 2 and 3 members who are determined by a care coordinator, through the needs assessment/reassessment process, to need attendant care, personal care, homemaker, in-home respite, companion care services and/or any other service specified in TennCare rules and regulations as available for consumer direction. (Companion care is only available for persons electing consumer direction of eligible CHOICES HCBS.) A service that is not specified in TennCare rules and regulations as available for consumer direction or that is not a CHOICES HCBS shall not be consumer directed. Consumer direction in CHOICES affords members the opportunity to have choice and control over how eligible CHOICES HCBS are provided, who provides the services and how much workers are paid for providing care, up to a specified maximum amount established by TENNCARE (see Section 2.9.7.6.11). Member participation in consumer direction of eligible CHOICES HCBS is voluntary. Members may elect to participate in or withdraw from consumer direction of eligible CHOICES HCBS at any time, service by service, without affecting their enrollment in CHOICES. To the extent possible, the member shall provide his/her care coordinator ten (10) days advance notice regarding his/her intent to no longer direct one or more eligible CHOICES HCBS or to withdraw from participation in consumer direction of eligible CHOICES HCBS entirely. The CONTRACTOR shall respond to the member’s request in keeping with the timeframes and processes set forth in this Section, in order to facilitate a seamless transition to appropriate service delivery. TENNCARE may establish reasonable limitations on the frequency with which members may opt into and out of consumer direction of eligible CHOICES HCBS.

29. Section 2.9.16.6 shall be deleted and replaced and Section 2.9.16.7 shall be deleted in its entirety and the remaining Section 2.9.16 shall be renumbered accordingly, including any references thereto.

2.9.16.6 Area Agencies on Aging and Disability (AAADs) regarding intake of members new to both TennCare and CHOICES, and assisting CHOICES members in Groups 2 and 3 with the TennCare eligibility redetermination process;

30. Section 2.12.9 shall be deleted and replaced as follows:

2.12.9 All provider agreements executed by the CONTRACTOR, and all provider agreements executed by subcontracting entities or organizations, shall, except as otherwise provided in Section 2.12.13, at a minimum, meet the following requirements:

Amendment Number 27 (cont.)

- 2.12.9.1 Be in writing. All new provider agreements and existing provider agreements as they are renewed, shall include a signature page which contains CONTRACTOR and provider names which are typed or legibly written, provider company with titles, and dated signatures of all appropriate parties;
- 2.12.9.2 Specify the effective dates of the provider agreement;
- 2.12.9.3 Specify that the provider agreement and its attachments contain all the terms and conditions agreed upon by the parties;
- 2.12.9.4 Assure that the provider shall not enter into any subsequent agreements or subcontracts for any of the work contemplated under the provider agreement without the prior written approval of the CONTRACTOR;
- 2.12.9.5 Identify the population covered by the provider agreement;
- 2.12.9.6 Specify that the provider may not refuse to provide covered medically necessary or covered preventive services to a child under the age of twenty-one (21) or a TennCare Medicaid patient under this Agreement for non-medical reasons. However, the provider shall not be required to accept or continue treatment of a patient with whom the provider feels he/she cannot establish and/or maintain a professional relationship;
- 2.12.9.7 Specify the functions and/or services to be provided by the provider and assure that the functions and/or services to be provided are within the scope of his/her professional/technical practice;
- 2.12.9.8 Specify the amount, duration and scope of services to be provided by the provider and inform the provider of TennCare non-covered services as described in Section 2.10 of this Agreement and the TennCare rules and regulations;
- 2.12.9.9 Provide that emergency services be rendered without the requirement of prior authorization of any kind;
- 2.12.9.10 Require compliance with applicable access requirements, including but not limited to appointment and wait times as referenced in Section 2.11 of the CONTRACTOR's Agreement with TENNCARE;
- 2.12.9.11 Specify that unreasonable delay in providing care to a pregnant member seeking prenatal care shall be considered a material breach of the provider's agreement with the CONTRACTOR and include the definition of unreasonable delay as described in Section 2.7.5.2.3 of this Agreement;
- 2.12.9.12 If the provider performs laboratory services, require the provider to meet all applicable requirements of the Clinical Laboratory Improvement Amendments (CLIA) of 1988;
- 2.12.9.13 Require the provider to have and maintain documentation necessary to demonstrate that covered services were provided in compliance with state and federal requirements;
- 2.12.9.14 Require that an adequate record system be maintained and that all records be maintained for five (5) years from the close of the provider agreement (behavioral health records shall be maintained at the provider level for ten (10) years after the termination of the provider agreement pursuant to TCA 33-3-101) or retained until all evaluations, audits, reviews or

Amendment Number 27 (cont.)

investigations or prosecutions are completed for recording enrollee services, servicing providers, charges, dates and all other commonly accepted information elements for services rendered to enrollees pursuant to the provider agreement (including but not limited to such records as are necessary for the evaluation of the quality, appropriateness, and timeliness of services performed under the provider agreement and administrative, civil or criminal investigations and prosecutions);

- 2.12.9.15 Include a statement that as a condition of participation in TennCare, enrollees and providers shall give TENNCARE or its authorized representative, the Office of the Comptroller of the Treasury, and any health oversight agency, such as OIG, TBI MFCU, DHHS Office of Inspector General (DHHS OIG), and DOJ, and any other authorized state or federal agency, access to their records. Said records shall be made available and furnished immediately upon request by the provider for fiscal audit, medical audit, medical review, utilization review, and other periodic monitoring as well as for administrative, civil and criminal investigations or prosecutions upon the request of an authorized representative of the CONTRACTOR, TENNCARE or authorized federal, state and Office of the Comptroller of the Treasury personnel, including, but not limited to, the OIG, the TBI MFCU, the DHHS OIG and the DOJ;
- 2.12.9.16 Include medical records requirements found in Section 2.24.6 of this Agreement;
- 2.12.9.17 Contain the language described in Section 2.25.6 of this Agreement regarding Audit Requirements and Section 2.25.5 of this Agreement regarding Availability of Records;
- 2.12.9.18 Provide that TENNCARE, DHHS OIG, Office of the Comptroller of the Treasury, OIG, TBI MFCU, and DOJ, as well as any authorized state or federal agency or entity shall have the right to evaluate through inspection, evaluation, review or request, whether announced or unannounced, or other means any records pertinent to this Agreement including, but not limited to medical records, billing records, financial records, and/or any records related to services rendered, quality, appropriateness and timeliness of services and/or any records relevant to an administrative, civil and/or criminal investigation and/or prosecution and such evaluation, inspection, review or request, and when performed or requested, shall be performed with the immediate cooperation of the provider. Upon request, the provider shall assist in such reviews including the provision of complete copies of medical records. Include a statement that HIPAA does not bar disclosure of protected health information (PHI) to health oversight agencies, including, but not limited to, OIG, TBI MFCU, DHHS OIG and DOJ. Provide that any authorized state or federal agency or entity, including, but not limited to TENNCARE, OIG, TBI MFCU, DHHS OIG, DOJ, Office of the Comptroller of the Treasury, may use these records and information for administrative, civil or criminal investigations and prosecutions;
- 2.12.9.19 Provide for monitoring, whether announced or unannounced, of services rendered to members;
- 2.12.9.20 Provide for the participation and cooperation in any internal and external QM/QI, monitoring, utilization review, peer review and/or appeal procedures established by the CONTRACTOR and/or TENNCARE;
- 2.12.9.21 Specify CONTRACTOR's responsibilities under this Agreement and its agreement with the provider, including but not limited to, provision of a copy of the member handbook and provider handbook whether via web site or otherwise and requirement that the CONTRACTOR notice a provider of denied authorizations;

Amendment Number 27 (cont.)

- 2.12.9.22 Specify that the CONTRACTOR shall monitor the quality of services delivered under the provider agreement and initiate corrective action where necessary to improve quality of care, in accordance with that level of medical, behavioral health, or long-term care which is recognized as acceptable professional practice in the respective community in which the provider practices and/or the standards established by TENNCARE;
- 2.12.9.23 Require that the provider comply with corrective action plans initiated by the CONTRACTOR;
- 2.12.9.24 Provide for the timely submission of all reports and clinical information required by the CONTRACTOR;
- 2.12.9.25 Provide the name and address of the official payee to whom payment shall be made;
- 2.12.9.26 Make full disclosure of the method and amount of compensation or other consideration to be received from the CONTRACTOR. However, the agreement shall not include rate methodology that provides for an automatic increase in rates;
- 2.12.9.27 Specify that the CONTRACTOR shall only pay providers for services (1) provided in accordance with the requirements of this Agreement, the CONTRACTOR's policies and procedures implementing this Agreement, and state and federal law and (2) provided to TennCare enrollees who are enrolled with the CONTRACTOR; and specify that the provider is responsible for (1) ensuring that any applicable authorization requirements are met and (2) verifying that a person is eligible for TennCare on the date of service;
- 2.12.9.28 Provide for prompt submission of information needed to make payment. Specify that a provider shall have one hundred twenty (120) calendar days from the date of rendering a covered service to file a claim with the CONTRACTOR except in situations regarding coordination of benefits or subrogation in which case the provider is pursuing payment from a third party or if an enrollee is enrolled in the MCO with a retroactive eligibility date. In situations of third party benefits, the maximum time frames for filing a claim shall begin on the date that the third party documented resolution of the claim. In situations of enrollment in the CONTRACTOR's MCO with a retroactive eligibility date, the time frames for filing a claim shall begin on the date that the CONTRACTOR receives notification from TENNCARE of the enrollee's eligibility/enrollment;
- 2.12.9.29 Provide for payment to the provider upon receipt of a clean claim properly submitted by the provider within the required time frames as specified in TCA 56-32-126 and Section 2.22.4 of this Agreement;
- 2.12.9.30 Specify the provider shall accept payment or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payer) plus the amount of any applicable TennCare cost sharing responsibilities, as payment in full for covered services provided and shall not solicit or accept any surety or guarantee of payment from the enrollee in excess of the amount of applicable TennCare cost sharing responsibilities. Enrollee shall include the patient, parent(s), guardian, spouse or any other legally responsible person of the enrollee being served;
- 2.12.9.31 Specify that in the event that TENNCARE deems the CONTRACTOR unable to timely process and reimburse claims and requires the CONTRACTOR to submit provider claims for reimbursement to an alternate claims processor to ensure timely reimbursement, the provider

Amendment Number 27 (cont.)

shall agree to accept reimbursement at the CONTRACTOR's contracted reimbursement rate or the rate established by TENNCARE, whichever is greater;

- 2.12.9.32 Specify the provider's responsibilities and prohibited activities regarding cost sharing as provided in Section 2.6.7 of this Agreement;
- 2.12.9.33 Specify the provider's responsibilities regarding third party liability (TPL), including the provider's obligation to identify third party liability coverage, including Medicare and long-term care insurance as applicable, and, except as otherwise provided in the CONTRACTOR's Agreement with TENNCARE, to seek such third party liability payment before submitting claims to the CONTRACTOR;
- 2.12.9.34 For those agreements where the provider is compensated via a capitation arrangement, language which requires:
 - ~~2.12.9.34.1 That if a provider becomes aware for any reason that he or she is not entitled to a capitation payment for a particular enrollee (a patient dies, for example), the provider shall immediately notify both the CONTRACTOR and TENNCARE by certified mail, return receipt requested; and~~
 - 2.12.9.34.2 The provider shall submit utilization or encounter data as specified by the CONTRACTOR so as to ensure the CONTRACTOR's ability to submit encounter data to TENNCARE that meets the same standards of completeness and accuracy as required for proper adjudication of fee-for-service claims;
- 2.12.9.35 Require the provider to comply with fraud and abuse requirements described in Section 2.20 of this Agreement;
- 2.12.9.36 Require that the provider comply with the Affordable Care Act and TennCare policy and procedures, including but not limited to, reporting overpayments and, when it is applicable, return overpayments to the CONTRACTOR within sixty (60) days from the date the overpayment is identified. Overpayments that are not returned within sixty (60) days from the date the overpayment was identified may result in a penalty pursuant to state or federal law;
- 2.12.9.37 Require the provider to comply and submit to the CONTRACTOR disclosure of information in accordance with the requirements, including timeframes, specified in 42 CFR Part 455, Subpart B and TennCare policies and procedures. The timeframes for this requirement shall include, at a minimum, at the time of initial contracting, contract renewal, at any time there is a change to any of the information on the disclosure form, at least once every three (3) years, and at anytime upon request;
- 2.12.9.38 Any reassignment of payment must be made in accordance with 42 CFR 447.10. All tax-reporting provider entities shall not be permitted to assign TennCare funds/payments to billing agents or alternative payees without executing a billing agent or alternative payee assignment agreement. The billing agents and alternative payees are subject to initial and monthly federal exclusion (LEIE) and debarment (EPLS) screening by the assignee if the alternative payee assignment is on-going. Further, direct and indirect payments to out of country individuals and/or entities are prohibited;
- 2.12.9.39 Require providers to screen their employees and contractors initially and on an ongoing monthly basis to determine whether any of them has been excluded from participation in Medicare, Medicaid, SCHIP, or any Federal health care programs (as defined in Section

Amendment Number 27 (cont.)

1128B(f) of the Social Security Act) and not employ or contract with an individual or entity that has been excluded or debarred. The provider shall be required to immediately report to the CONTRACTOR any exclusion information discovered. The provider shall be informed by the CONTRACTOR that civil monetary penalties may be imposed against providers who employ or enter into contracts with excluded individuals or entities to provide items or services to TennCare members;

- 2.12.9.40 The provider, subcontractor or any other entity agrees to abide by the Medicaid laws, regulations and program instructions that apply to the provider. The provider, subcontractor or any other entity understands that payment of a claim by TennCare or a TennCare Managed Care Contractor and/or Organization is conditioned upon the claim and the underlying transaction complying with such laws, regulations, and program instructions (including, but not limited to, the Federal anti-kickback statute and the Stark law), and is conditioned on the provider's, subcontractor's or any other entity's compliance with all applicable conditions of participation in Medicaid. The provider, subcontractor or any other entity understands and agrees that each claim the provider, subcontractor or any other entity submits to TennCare or a TennCare Managed Care Contractor and/or Organization constitutes a certification that the provider, subcontractor or any other entity has complied with all applicable Medicaid laws, regulations and program instructions (including, but not limited to, the Federal anti-kickback statute and the Stark law), in connection with such claims and the services provided therein;
- 2.12.9.41 Require the provider to conduct background checks in accordance with state law and TennCare policy;
- 2.12.9.42 Require the provider to report suspected abuse, neglect, and exploitation of adults in accordance with TCA 71-6-103 and to report suspected brutality, abuse, or neglect of children in accordance with TCA 37-1-403 and TCA 37-1-605;
- 2.12.9.43 Require that, for CHOICES members, the provider facilitate notification of the member's care coordinator by notifying the CONTRACTOR, in accordance with the CONTRACTOR's processes, as expeditiously as warranted by the member's circumstances, of any known significant changes in the member's condition or care, hospitalizations, or recommendations for additional services;
- 2.12.9.44 Require hospitals, including psychiatric hospitals, to cooperate with the CONTRACTOR in developing and implementing protocols as part of the CONTRACTOR's nursing facility diversion plan (see Section 2.9.6.7), which shall, include, at a minimum, the hospital's obligation to promptly notify the CONTRACTOR upon admission of an eligible member regardless of payor source for the hospitalization; how the hospital will identify members who may need home health, private duty nursing, nursing facility, or CHOICES HCBS upon discharge, and how the hospital will engage the CONTRACTOR in the discharge planning process to ensure that members receive the most appropriate and cost-effective medically necessary services upon discharge;
- 2.12.9.45 As a condition of reimbursement for global procedure codes for obstetric care, the provider shall submit utilization or encounter data as specified by the CONTRACTOR in a timely manner to support the individual services provided;

Amendment Number 27 (cont.)

- 2.12.9.46 Except as otherwise specified in Sections 2.12.11 or 2.12.12, require the provider to secure all necessary liability and malpractice insurance coverage as is necessary to adequately protect the CONTRACTOR's members and the CONTRACTOR under the provider agreement. The provider shall maintain such insurance coverage at all times during the provider agreement and upon execution of the provider agreement furnish the CONTRACTOR with written verification of the existence of such coverage;
- 2.12.9.47 Specify both the CONTRACTOR and the provider agree to recognize and abide by all state and federal laws, regulations and guidelines applicable to the CONTRACTOR and the provider. Provide that the agreement incorporates by reference all applicable federal law and state laws, TennCare rules and regulations, consent decrees or court orders, and revisions of such laws, regulations, consent decrees or court orders shall automatically be incorporated into the provider agreement, as they become effective;
- 2.12.9.48 Specify procedures and criteria for any alterations, variations, modifications, waivers, extension of the provider agreement termination date, or early termination of the agreement and specify the terms of such change. If provision does not require amendments be valid only when reduced to writing, duly signed and attached to the original of the provider agreement, then the terms shall include provisions allowing at least thirty (30) calendar days to give notice of rejection and requiring that receipt of notification of amendments be documented (e.g., certified mail, facsimile, hand-delivered receipt, etc);
- 2.12.9.49 Include provisions that allow the CONTRACTOR to suspend, deny, refuse to renew or terminate any provider agreement in accordance with the terms of the CONTRACTOR's Agreement with TENNCARE (see Section 5.4) and applicable law and regulation;
- 2.12.9.50 Specify that TENNCARE reserves the right to direct the CONTRACTOR to terminate or modify the provider agreement when TENNCARE determines it to be in the best interest of the State;
- 2.12.9.51 Specify that both parties recognize that in the event of termination of this Agreement between the CONTRACTOR and TENNCARE for any of the reasons described in Section 5.4 of this Agreement, the provider shall immediately make available, to TENNCARE, or its designated representative, in a usable form, any or all records, whether medical or financial, related to the provider's activities undertaken pursuant to the CONTRACTOR/provider agreement. The provision of such records shall be at no expense to TENNCARE;
- 2.12.9.52 Specify that the TennCare Provider Independent Review of Disputed Claims process shall be available to providers to resolve claims denied in whole or in part by the CONTRACTOR as provided at TCA 56-32-126(b);
- 2.12.9.53 Include a Conflict of Interest clause as stated in Section 5.19 of this Agreement, Gratuities clause as stated in Section 5.23 of this Agreement, and Lobbying clause as stated in Section 5.24 of this Agreement between the CONTRACTOR and TENNCARE;
- 2.12.9.54 Specify that at all times during the term of the agreement, the provider shall indemnify and hold TENNCARE harmless from all claims, losses, or suits relating to activities undertaken pursuant to the Agreement between TENNCARE and the CONTRACTOR. This indemnification may be accomplished by incorporating Section 5.31 of the TENNCARE/CONTRACTOR Agreement in its entirety in the provider agreement or by use of other language developed by the CONTRACTOR and approved in writing by TENNCARE;

Amendment Number 27 (cont.)

- 2.12.9.55 Require safeguarding of information about enrollees according to applicable state and federal laws and regulations and as described in Sections 2.27 and 5.33 of this Agreement;
- 2.12.9.56 Require the provider to comply with 42 CFR Part 438, Managed care, including but not limited to 438.6(f)(2)(i), compliance with the requirements mandating provider identification of provider-preventable conditions as a condition of payment. At a minimum, this shall mean non-payment of provider-preventable conditions as well as appropriate reporting as required by the CONTRACTOR and TENNCARE;
- 2.12.9.57 Specify provider actions to improve patient safety and quality;
- 2.12.9.58 Provide general and targeted education to providers regarding emergency appeals, including when an emergency appeal is appropriate, and procedures for providing written certification thereof, and specify that the provider shall comply with the appeal process, including but not limited to the following:
 - 2.12.9.58.1 Assist an enrollee by providing appeal forms and contact information including the appropriate address, telephone number and/or fax number for submitting appeals for state level review; and
 - 2.12.9.58.2 Require in advance, that providers seek prior authorization, when they feel they cannot order a drug on the TennCare PDL as well as taking the initiative to seek prior authorization or change or cancel the prescription when contacted by an enrollee or pharmacy regarding denial of a pharmacy service due to system edits (e.g., therapeutic duplication, etc.).
- 2.12.9.59 Require the provider to coordinate with the TennCare PBM regarding authorization and payment for pharmacy services;
- 2.12.9.60 Specify any liquidated damages, sanctions or reductions in payment that the CONTRACTOR may assess on the provider for specific failures to comply with contractual and/or credentialing requirements. This shall include, but may not be limited to a provider's failure or refusal to respond to the CONTRACTOR's request for information, the request to provide medical records, credentialing information, etc.; at the CONTRACTOR's discretion or a directive by TENNCARE, the CONTRACTOR shall impose financial consequences against the provider as appropriate;
- 2.12.9.61 Require that the provider display notices of the enrollee's right to appeal adverse action affecting services in public areas of their facility(s) in accordance with TennCare rules and regulations, subsequent amendments, or any and all consent decrees and court orders. The CONTRACTOR shall ensure that providers have a correct and adequate supply of public notices;
- 2.12.9.62 Include language which informs providers of the package of benefits that TENNderCare offers and which requires providers to make treatment decisions based upon children's individual medical and behavioral health needs. TENNderCare requirements are contained in Section 2.7.6 of this Agreement. All provider agreements shall contain language that references the TENNderCare requirements in this Agreement between TENNCARE and the CONTRACTOR, and the provider agreement shall either physically incorporate these sections of the Agreement or include language to require that these sections be furnished to the provider upon request;

Amendment Number 27 (cont.)

- 2.12.9.63 Include a provision which states that providers are not permitted to encourage or suggest, in any way, that TennCare children be placed into State custody in order to receive medical, behavioral, or long-term care services covered by TENNCARE;
 - 2.12.9.64 Require that providers offer hours of operation that are no less than the hours of operation offered to commercial enrollees;
 - 2.12.9.65 Specify that the provider have written procedures for the provision of language interpretation and translation services for any enrollee who needs such services, including but not limited to, enrollees with Limited English Proficiency;
 - 2.12.9.66 The provider shall not use TennCare's name or trademark for any materials intended for dissemination to their patients unless said material has been submitted to TENNCARE by the CONTRACTOR for review and has been approved by TENNCARE in accordance with Section 2.17 of this Agreement. This prohibition shall not include references to whether or not the provider accepts TennCare; and
 - 2.12.9.67 Require that if any requirement in the provider agreement is determined by TENNCARE to conflict with the Agreement between TENNCARE and the CONTRACTOR, such requirement shall be null and void and all other provisions shall remain in full force and effect.
31. **Section 2.12.12.9 shall be amended by adding a new Section 2.12.12.9.3 which shall read as follows:**
- 2.12.12.9.3 Communicating with hospitals, discharge planners or other institutions for the purposes of soliciting potential CHOICES members that should instead be referred to the person's MCO or AAAD, as applicable;
32. **Section 2.12.12.10 shall be amended by deleting the word "and" at the end of the sentence.**
33. **Section 2.12.12 shall be amended by adding new Sections 2.12.12.12 and 2.12.12.13 as follows:**
- 2.12.12.12 Prohibit CHOICES providers from altering in any manner official CHOICES or MFP brochures or other CHOICES or MFP materials unless the CONTRACTOR has submitted a request to do so to TENNCARE and obtained prior written approval from TENNCARE in accordance with Section 2.17 of this Agreement; and
 - 2.12.12.13 Prohibit CHOICES providers from reproducing for its own use the CHOICES or MFP logos unless the CONTRACTOR has submitted a request to do so to TENNCARE and obtained prior written approval from TENNCARE in accordance with Section 2.17 of this Agreement.
34. **Section 2.13.1.2 shall be amended by deleting and replacing Section 2.13.1.2.6 and adding new Sections 2.13.1.2.7, 2.13.1.2.8 and 2.13.1.2.9 as follows and renumbering the remaining Section accordingly, including any references thereto.**
- 2.13.1.2.6 The CONTRACTOR shall ensure that payments are not issued to providers that have not obtained a Tennessee Medicaid provider number or for which disclosure requirements, as applicable, have not been obtained by the CONTRACTOR in accordance with 42 CFR

Amendment Number 27 (cont.)

455.100 through 106, Section 2.12.9. 37 of this Agreement, and TennCare policies and procedures.

2.13.1.2.7 The CONTRACTOR, as well as its subcontractors and tax-reporting provider entities shall not be permitted to assign TennCare funds/payments to billing agents or alternative payees without executing a billing agent or alternative payee assignment agreement. The billing agents and alternative payees are subject to initial and monthly federal exclusion (LEIE) and debarment (EPLS) screening by the assignee if the alternative payee assignment is on-going. Further, direct and indirect payments to out of country individuals and/or entities are prohibited.

2.13.1.2.8 For any entities to which the CONTRACTOR makes payment via electronic transfers, the CONTRACTOR shall have a signed EFT form that shall have 42 CFR 455.18 and 455.19 statements immediately preceding the "Signature" section.

~~2.13.1.2.9 The CONTRACTOR's failure to implement State Budget Reductions as described by TENNCARE may, at the discretion of TENNCARE, result in the CONTRACTOR forfeiting savings that would have been realized based on the timely implementation, including the forfeiture of recoupment from providers.~~

35. Section 2.14.1 shall be amended by deleting and replacing Section 2.14.1.1 and adding new Sections 2.14.1.2 through 2.14.1.4. The remaining Sections shall be renumbered accordingly, including any references thereto.

2.14.1.1 The CONTRACTOR shall develop and maintain a utilization management (UM) program which shall be documented in writing. As part of this program the CONTRACTOR shall have policies and procedures with defined structures and processes. The UM program shall assign responsibility to appropriate individuals including a designated senior physician and shall involve a designated behavioral health care practitioner in the implementation of behavioral health aspects of the program and a designated long-term care professional in the implementation of the long-term care aspects of the program.

2.14.1.2 The UM program shall be supported by an associated work plan and shall be evaluated annually and updated as necessary.

2.14.1.3 The UM program description, associated work plan, and annual evaluation of the UM program shall be submitted to TENNCARE (See Section 2.30.11.1).

2.14.1.4 The UM program, including the UM program description, associated work plan, and annual evaluation shall address Emergency Department (ED) utilization and ED diversion efforts.

36. The renumbered Section 2.14.1.16.1 shall be deleted and replaced as follows:

2.14.1.16.1 Review ED utilization data, at a minimum, every six (6) months to identify members with utilization exceeding the threshold defined by TENNCARE as ten (10) or more visits in the defined six (6) month period. The review due March 31st shall cover ED utilization during the preceding July through December; the review due September 30th shall cover ED utilization during the preceding January through June (See Section 2.30.11.7).

37. Section 2.15.6.1 shall be amended by adding a new Section 2.15.6.1.1 and 2.15.6.1.2 which shall read as follows:

- 2.15.6.1.1 Beginning with HEDIS 2012, the CONTRACTOR shall utilize the Hybrid methodology (i.e., gathered from administrative and medical record data) as the data collection method for any Medicaid HEDIS measure containing Hybrid Specifications as identified by NCQA.
- 2.15.6.1.2 The CONTRACTOR shall submit to TENNCARE by June 15 of each calendar year a detailed explanation for any Medicaid HEDIS measure marked as "Not Reported".

38. Section 2.15.7 shall be deleted and replaced as follows:

2.15.7 Critical Incident Reporting and Management

~~2.15.7.1 CHOICES Critical Incident Reporting and Management~~

~~2.15.7.1.1 The CONTRACTOR shall develop and implement a critical incident reporting and management system for incidents that occur in a home and community-based long-term care service delivery setting, including: community-based residential alternatives; adult day care centers; other CHOICES HCBS provider sites; and a member's home, if the incident is related to the provision of covered CHOICES HCBS.~~

~~2.15.7.1.2 The CONTRACTOR shall identify and track critical incidents and shall review and analyze critical incidents to identify and address potential and actual quality of care and/or health and safety issues. The CONTRACTOR shall regularly review the number and types of incidents (including, for example, the number and type of incidents across settings, providers, and provider types) and findings from investigations (including findings from APS and CPS if available); identify trends and patterns; identify opportunities for improvement; and develop and implement strategies to reduce the occurrence of incidents and improve the quality of CHOICES HCBS.~~

~~2.15.7.1.3 Critical incidents shall include but not be limited to the following incidents when they occur in a home and community-based long-term care service delivery setting (as defined in Section 2.15.7.1.1 above):~~

~~2.15.7.1.3.1 Unexpected death of a CHOICES member;~~

~~2.15.7.1.3.2 Suspected physical or mental abuse of a CHOICES member;~~

~~2.15.7.1.3.3 Theft or financial exploitation of a CHOICES member;~~

~~2.15.7.1.3.4 Severe injury sustained by a CHOICES member;~~

~~2.15.7.1.3.5 Medication error involving a CHOICES member;~~

~~2.15.7.1.3.6 Sexual abuse and/or suspected sexual abuse of a CHOICES member; and~~

~~2.15.7.1.3.7 Abuse and neglect and/or suspected abuse and neglect of a CHOICES member.~~

Amendment Number 27 (cont.)

- 2.15.7.1.4 The CONTRACTOR shall require its staff and contract CHOICES HCBS providers to report, respond to, and document critical incidents as specified by the CONTRACTOR. This shall include, but not be limited to the following:
- 2.15.7.1.4.1 Requiring that the CONTRACTOR's staff and contract CHOICES HCBS providers report critical incidents to the CONTRACTOR in accordance with applicable requirements. The CONTRACTOR shall develop and implement a critical incident reporting process, including the form to be used to report critical incidents and reporting timeframes. The maximum timeframe for reporting an incident to the CONTRACTOR shall be twenty-four (24) hours. The initial report of an incident within twenty-four (24) hours may be submitted verbally, in which case the person/agency/entity making the initial report shall submit a follow-up written report within forty-eight (48) hours.
 - 2.15.7.1.4.2 Requiring that suspected abuse, neglect, and exploitation of members who are adults is immediately reported in accordance with TCA 71-6-103 and suspected brutality, abuse, or neglect of members who are children is immediately reported in accordance with TCA 37-1-403 or TCA 37-1-605 as applicable.
 - 2.15.7.1.4.3 Requiring that its staff and contract CHOICES HCBS providers immediately (which shall not exceed twenty-four hours) take steps to prevent further harm to any and all members and respond to any emergency needs of members.
 - 2.15.7.1.4.4 Requiring that contract CHOICES HCBS providers with a critical incident conduct an internal critical incident investigation and submit a report on the investigation within the timeframe specified by the CONTRACTOR. The timeframe for submitting the report shall be as soon as possible, may be based on the severity of the incident, and, except under extenuating circumstances, shall be no more than thirty (30) days after the date of the incident. The CONTRACTOR shall review the provider's report and follow-up with the provider as necessary to ensure that an appropriate investigation was conducted and corrective actions were implemented within applicable timeframes.
 - 2.15.7.1.4.5 Requiring that its staff and contract CHOICES HCBS providers cooperate with any investigation conducted by the CONTRACTOR or outside agencies (e.g., TENNCARE, APS, CPS, and law enforcement).
 - 2.15.7.1.4.6 Defining the role and responsibilities of the fiscal employer agent (see definition in Section 1) in reporting, responding to, documenting, and investigating any critical incidents, which shall include reporting incidents to the CONTRACTOR using the process developed in accordance with Section 2.15.7.1.4.1, investigating critical incidents, submitting a report on investigations to the CONTRACTOR and reporting to the CONTRACTOR within 24 hours in accordance with the abuse and neglect plan protocols anytime there is a suspicion of abuse or neglect (see Section 2.9.7.8.6); training employees, contractors of the FEA (including supports brokers), and consumer-directed workers regarding reporting, responding to, documenting, and cooperating with the investigation of any critical incidents; and training consumers and caregivers regarding critical incident reporting and management. Such role and responsibilities shall be defined in a manner that is consistent with requirements in this Section 2.15.7.1.4 as well as TENNCARE's contract with the fiscal employer agent and the model contract between the CONTRACTOR and the FEA.

Amendment Number 27 (cont.)

- 2.15.7.1.4.7 Reviewing the FEA's reports and investigations regarding critical incidents and follow-up with the FEA as necessary regarding corrective actions determined by the member and/or his/her representative to help ensure the member's health and safety.
- 2.15.7.1.4.8 Providing appropriate training and taking corrective action as needed to ensure its staff, contract CHOICES HCBS providers, the FEA, and workers comply with critical incident requirements.
- 2.15.7.1.4.9 Conducting oversight, including but not limited to oversight of its staff, contract CHOICES HCBS providers, and the FEA, to ensure that the CONTRACTOR's policies and procedures are being followed and that necessary follow-up is being conducted in a timely manner.
- 2.15.7.2 Behavioral Health Adverse Occurrences
 - 2.15.7.2.1 Adverse occurrences shall include but not be limited to the following incidents when they occur while the member is in the care of a behavioral health inpatient, residential or crisis stabilization unit:
 - 2.15.7.2.1.1 Suicide death
 - 2.15.7.2.1.2 Non-suicide death
 - 2.15.7.2.1.3 Death-cause unknown
 - 2.15.7.2.1.4 Homicide
 - 2.15.7.2.1.5 Homicide Attempt with significant medical intervention
 - 2.15.7.2.1.6 Suicide Attempt with significant medical intervention
 - 2.15.7.2.1.7 Allegation of Abuse/Neglect (Physical, Sexual, Verbal)
 - 2.15.7.2.1.8 Accidental Injury with significant medical intervention
 - 2.15.7.2.1.9 Use of Restraints/Seclusion (Isolation) requiring significant medical intervention; or
 - 2.15.7.2.1.10 Treatment complications (medication errors and adverse medication reaction) requiring significant medical intervention.
 - 2.15.7.3 The CONTRACTOR shall report to TENNCARE any death and any incident that could significantly impact the health or safety of a member (e.g., physical or sexual abuse) within twenty-four (24) hours of detection or notification.
 - 2.15.7.4 As specified in Sections 2.30.12.7 and 2.30.12.8, the CONTRACTOR shall submit quarterly reports to TENNCARE regarding all critical incidents and adverse occurrences.

39. Section 2.15 shall be amended by adding a new Section 2.15.8 as follows:

2.15.8 Provider Preventable Conditions

The CONTRACTOR shall comply with 42 CFR Part 438 requirements mandating provider identification of provider-preventable conditions as a condition of payment, as well as the prohibition against payment for provider-preventable conditions as set forth in 42 CFR §434.6(a)(12) and § 447.26. The CONTRACTOR shall submit all identified Provider Preventable Conditions in a form or frequency as described by TENNCARE.

40. Section 2.16.2 shall be deleted and replaced as follows:

2.16.2 The prohibition on enrollee marketing shall not apply to health education and outreach activities (see Section 2.7.4) that are described in the CONTRACTOR's TennCare approved Annual Community Outreach Plan.

41. Section 2.17.1.1 shall be deleted and replaced as follows:

2.17.1.1 The CONTRACTOR shall submit to TENNCARE for review and prior written approval all materials that will be distributed to members (referred to as member materials). This includes but is not limited to member handbooks, provider directories, member newsletters, identification cards, fact sheets, notices, brochures, form letters, mass mailings, system generated letters and any other additional, but not required, materials and information provided to members designed to promote health and/or educate members.

42. Section 2.17.2.7 shall be amended by adding additional text as follows:

2.17.2.7 All written member materials shall be made available in alternative formats for persons with special needs at no expense to the member. Alternative formats may include, but may not be limited to: Braille, large print, and audio and shall be based on the needs of the individual enrollee. The CONTRACTOR shall have processes in place to ensure that alternative format material will be made available to the enrollee within forty five (45) days of a request;

43. Section 2.17.4.7.7 shall be deleted in its entirety and the remaining Section shall be renumbered accordingly, including any references thereto.

44. Section 2.18.5.3 shall be amended by deleting and replacing Section 2.18.5.3.14 and adding a new Section 2.18.5.3.15 as follows. The remaining Section shall be renumbered accordingly, including any references thereto.

2.18.5.3.14 Information for CHOICES HCBS providers regarding prohibition of facilitating CHOICES referrals with the expectation of being selected as the service provider or petitioning existing CHOICES members to change CHOICES providers (See Section 2.12.12.9);

2.18.5.3.15 Requirements regarding the prohibition of the reproduction and/or use of CHOICES and MFP materials and logos (See Sections 2.12.12.12 and 2.12.12.13).

45. Section 2.18.6.3.16 shall be amended by adding “and behavioral health” as follows:

2.18.6.3.16 Critical incident reporting and management for CHOICES HCBS and behavioral health providers;

46. Section 2.18.6 shall be amended by adding a new Section 2.18.6.9 and renumbering the remaining Section accordingly including any references thereto.

2.18.6.9 The CONTRACTOR shall provide documented and routine education and training to providers regarding proper billing.

47. Section 2.20.1 shall be deleted and replaced as follows and all references shall be updated accordingly.

2.20.1 General

2.20.1.1 The Tennessee Bureau of Investigation, Medicaid Fraud Control Unit (TBI MFCU) is the state agency responsible for the investigation of provider fraud and abuse in the TennCare program.

2.20.1.2 The Office of Inspector General (OIG) has the primary responsibility to investigate TennCare enrollee fraud and abuse.

2.20.1.3 The CONTRACTOR shall have surveillance and utilization control programs and procedures (42 CFR 456.3, 456.4, 456.23) to safeguard the Medicaid funds against unnecessary or inappropriate use of Medicaid services and against improper payments. The CONTRACTOR shall have internal controls and policies and procedures in place that are designed to prevent, detect, and report known or suspected fraud and abuse activities.

2.20.1.4 The CONTRACTOR, as well as its subcontractors and providers, whether contract or non-contract, shall comply with all federal requirements (42 CFR Part 455) on disclosure reporting. All tax-reporting provider entities that bill and/or receive TennCare funds as the result of this Agreement shall submit routine disclosures in accordance with timeframes specified in 42 CFR Part 455, Subpart B and TennCare policies and procedures, including at the time of initial contracting, contract renewal, at any time there is a change to any of the information on the disclosure form, at least once every three (3) years, and at anytime upon request.

2.20.1.5 The CONTRACTOR, as well as its subcontractors and providers, whether contract or non-contract, shall comply with all federal requirements (42 C.F.R. § 1002) on exclusion and debarment screening. All tax-reporting provider entities that bill and/or receive TennCare funds as the result of this Agreement shall screen their owners and employees against the federal exclusion databases (such as LEIE and EPLS). Any unallowable funds made to excluded individuals as full or partial wages and/or benefits shall be refunded to and/or obtained by the State.

2.20.1.6 The CONTRACTOR shall have adequate staffing and resources to investigate unusual incidents and develop and implement corrective action plans to assist the CONTRACTOR in preventing and detecting potential fraud and abuse activities.

Amendment Number 27 (cont.)

- 2.20.1.7 The CONTRACTOR is prohibited from the repayment of funds paid by the CONTRACTOR to any provider when the issues, services or claims upon which the repayment is based meets one or more of the following:
- 2.20.1.7.1 Have been obtained by the State of Tennessee, either by TENNCARE directly or as part of a resolution of a state or federal investigation and/or lawsuit, including but not limited to false claims act cases; or
- 2.20.1.7.2 Have been obtained by the States Recovery Audit Contractor (RAC) contractor; or
- 2.20.1.7.3 When the issue, services or claims that are the basis of the repayment are currently being investigated by the State of Tennessee, are the subject of pending Federal or State litigation, or are being audited by the TennCare RAC.
- 2.20.1.8 This prohibition described above in Section 2.20.1.7 shall be limited to a specific provider(s), for specific dates, and for specific issues, services or claims. The CONTRACTOR shall check with the Bureau of TennCare, Program Integrity Unit before initiating any repayment of any program integrity related funds (See Section 2.20.1.7) to ensure that the repayment is permissible. In the event that the CONTRACTOR obtains funds in cases where repayment is prohibited under this section, the CONTRACTOR will return the funds to the provider.
- 2.20.1.9 The CONTRACTOR shall comply with all federal and state requirements regarding fraud and abuse, including but not limited to Sections 1128, 1156, and 1902(a)(68) of the Social Security Act.
- 48. Section 2.20.2 shall be amended by adding the word “subcontractors” after the word “CONTRACTOR” in Section 2.20.2.9 and by adding a new Section 2.20.2.13 as follows:**
- 2.20.2.13 In accordance with the Affordable Care Act and TennCare policy and procedures, the CONTRACTOR shall report overpayments made by TENNCARE to the CONTRACTOR as well as overpayments made by the CONTRACTOR to a provider and/or subcontractor (See Section 2.12.9.36).
- 49. Sections 2.20.3.2.7 and 2.20.3.2.8 shall be amended by adding the word “Include” to the beginning of the sentence and change the following word “A” to “a”.**
- 50. Section 2.20.3.2 shall be amended by adding new Sections 2.20.3.2.2 and 2.20.3.2.14 as follows and renumbering the remaining Section accordingly, including any references thereto.**
- 2.20.3.2.2 Include a risk assessment of the CONTRACTOR’s various fraud and abuse/program integrity processes. A risk assessment shall also be submitted on an ‘as needed’ basis and immediately after a program integrity related action, including financial-related actions (such as overpayment, repayment and fines), is issued on a provider with concerns of fraud and abuse. The CONTRACTOR shall inform TENNCARE of such action and provide details of such financial action. The assessment shall also include a listing of the CONTRACTOR’s top three vulnerable areas and shall outline action plans in mitigating such risks;
- 2.20.3.2.14 Include work plans for conducting both announced and unannounced site visits and field

Amendment Number 27 (cont.)

audits to providers defined as high risk (providers with cycle/auto billing activities, providers offering DME, home health, mental health, and transportation services) to ensure services are rendered and billed correctly.

51. **The renumbered Section 2.20.3.2.12 shall be amended by deleting the word “and” at the end of the sentence and the renumbered Section 2.20.3.2.13 shall be amended by deleting “.” and adding “; and” to the end of the sentence.**

52. **Section 2.20.3.6 shall be amended as follows:**

2.20.3.6 The CONTRACTOR shall have provisions in its Compliance Plan regarding conducting monthly comparison of their provider files, including atypical providers, against both the Excluded Parties List System (EPLS) and the HHS-OIG List of Excluded Individuals/Entities (LEIE) and provide a report of the result of comparison to TENNCARE each month. The CONTRACTOR shall establish an electronic database to capture identifiable information on the owners, agents and managing employees listed on providers' Disclosure forms.

53. **Section 2.22.2.1 shall be deleted and replaced as follows:**

2.22.2.1 The CONTRACTOR shall maintain a claims management system that can uniquely identify the provider of the service (ensuring all billing information related to tax-reporting business entities and information related to individuals who provide services are properly reported on claims), date of receipt (the date the CONTRACTOR receives the claim as indicated by a date-stamp), real-time-accurate history of actions taken on each provider claim (i.e., paid, denied, suspended, appealed, etc.), date of payment (the date of the check or other form of payment) and all data elements as required by TENNCARE for encounter data submission (see Section 2.23), and can track and report service use against benefit limits in accordance with a methodology set by TENNCARE.

54. **Section 2.22.2 shall be amended by adding a new Section 2.22.2.6 as follows and renumbering the remaining Section accordingly, including any references thereto.**

2.22.2.6 For any entities to which the CONTRACTOR makes payment via electronic transfers, the CONTRACTOR shall have a signed EFT form that shall have 42 CFR 455.18 and 455.19 statements immediately preceding the “Signature” section.

55. **Section 2.22 shall be amended by adding a new Section 2.22.7 as follows and renumbering the remaining Section accordingly, including any references thereto.**

2.22.7 Monthly Focused Claims Testing

2.22.7.1 In addition to the claims payment accuracy testing procedures described in Section 2.22.6, the CONTRACTOR shall perform a monthly self test on the accuracy of claims processing based on claims judgmentally selected by TDCI. The maximum number of claims selected by TDCI each month will not exceed twenty-five (25), unless TDCI, at its discretion, determines a larger sample is warranted based on the results of the accuracy tests. The results reported by the CONTRACTOR are not intended to represent the percentage of compliance or non-compliance for the total population of claims processed by the CONTRACTOR or subcontractors.

Amendment Number 27 (cont.)

2.22.7.2 The monthly focused claims testing procedures include:

2.22.7.2.1 The CONTRACTOR shall complete the attribute sheets provided by TDCI for each claim to be tested within thirty (30) calendar days of receipt from TDCI.

2.22.7.2.2 The CONTRACTOR shall submit a plan of correction as requested by TDCI.

56. The renumbered Section 2.22.8 shall be amended by adding a new Section 2.22.8.3 as follows and renumbering the remaining Section accordingly including any references thereto.

2.22.8.3 Identify improper payments made to invalid, missing, and/or mismatched NPIs, and/or TINs/EINs.

57. Section 2.24.4.2.4 shall be amended by deleting the reference to “Section 2.15.7.4” and replacing it with “Section 2.15.7.1.4”.

58. Section 2.26.11 shall be deleted and replaced as follows:

2.26.11 Assignability

2.26.11.1 Transportation and claims processing subcontracts shall include language requiring that the subcontract agreement shall be assignable from the CONTRACTOR to the State, or its designee: i) at the State’s discretion upon written notice to the CONTRACTOR and the affected subcontractor; or ii) upon CONTRACTOR’s request and written approval by the State. Further, the subcontract agreement shall include language by which the subcontractor agrees to be bound by any such assignment, and that the State, or its designee, shall not be responsible for past obligations of the CONTRACTOR.

2.26.11.2 Subcontractors shall not be permitted to assign TennCare funds/payments to billing agents or alternative payees without executing a billing agent or alternative payee assignment agreement. The billing agents and alternative payees are subject to initial and monthly federal exclusion (LEIE) and debarment (EPLS) screening by the assignee if the alternative payee assignment is on-going. Further, direct and indirect payments to out of country individuals and/or entities are prohibited.

59. Section 2.27 shall be deleted and replaced as follows:

2.27 COMPLIANCE WITH HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA) AND HEALTH INFORMATION TECHNOLOGY FOR ECONOMIC AND CLINICAL HEALTH ACT (HITECH)

2.27.1 TENNCARE and the CONTRACTOR shall comply with obligations under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and Health Information Technology for Economic and Clinical Health Act (HITECH) under the American Recovery and Reinvestment Act of 2009 (ARRA) and their accompanying regulations, and as amended.

Amendment Number 27 (cont.)

2.27.2 The CONTRACTOR warrants to TENNCARE that it is familiar with the requirements of HIPAA and HITECH and their accompanying regulations, and shall comply with all applicable HIPAA and HITECH requirements in the course of this Agreement including but not limited to the following:

2.27.2.1 Compliance with the Privacy Rule, Security Rule, and Notification Rule;

2.27.2.2 The creation of and adherence to sufficient Privacy and Security Safeguards and Policies;

2.27.2.3 Timely Reporting of Violations in the Access, Use and Disclosure of PHI; and

2.27.2.4 Timely Reporting of Privacy and/or Security Incidents.

2.27.2.5 Failure to comply may result in actual damages that the State incurs as a result of the breach and liquidated damages in accordance with Section 5.20.

2.27.3 The CONTRACTOR warrants that it shall cooperate with TENNCARE, including cooperation and coordination with TENNCARE privacy officials and other compliance officers required by HIPAA and HITECH and their accompanying regulations, in the course of performance of the Agreement so that both parties will be in compliance with HIPAA and HITECH.

TENNCARE and the CONTRACTOR shall sign documents, including, but not limited to, business associate agreements, as required by HIPAA and HITECH, that are reasonably necessary to keep TENNCARE and the CONTRACTOR in compliance with HIPAA and HITECH.

2.27.4 As a party to this Agreement, the CONTRACTOR hereby acknowledges its designation as a covered entity and/or business associate under the HIPAA regulations and agrees to comply with all applicable HIPAA and HITECH (hereinafter "HIPAA/HITECH") regulations.

2.27.5 In accordance with HIPAA/HITECH regulations, the CONTRACTOR shall, at a minimum:

2.27.5.1 Comply with requirements of the Health Insurance Portability and Accountability Act of 1996 and the Health Information Technology for Economic and Clinical Health Act of 2009 (HITECH), including, but not limited to, the transactions and code sets, privacy, security, and identifier regulations, by their designated compliance dates. Compliance includes meeting all required transaction formats and code sets with the specified data sharing agreements required under the regulations;

2.27.5.2 Transmit/receive from/to its providers, subcontractors, clearinghouses and TENNCARE all transactions and code sets required by the HIPAA/HITECH regulations in the appropriate standard formats, utilizing appropriate and adequate safeguards, as specified under the law and as directed by TENNCARE so long as TENNCARE direction does not conflict with the law;

2.27.5.3 Agree that if it is not in compliance with all applicable standards defined within the transactions and code sets, privacy, security and all subsequent HIPAA/HITECH standards, that it will be in breach of this Agreement and will then take all reasonable steps to cure the breach or end the violation as applicable. Since inability to meet the transactions and code sets requirements, as well as the privacy and security requirements can bring basic business practices between TENNCARE and the CONTRACTOR and between the CONTRACTOR

Amendment Number 27 (cont.)

and its providers and/or subcontractors to a halt, if for any reason the CONTRACTOR cannot meet the requirements of this Section, TENNCARE may terminate this Agreement in accordance with the Business Associate Agreement ancillary to this Agreement;

- 2.27.5.4 Ensure that Protected Health Information (PHI) exchanged between the CONTRACTOR and TENNCARE is used only for the purposes of treatment, payment, or health care operations and health oversight and its related functions. All PHI not transmitted for these purposes or for purposes allowed under the federal HIPAA/HITECH regulations shall be de-identified to secure and protect the individual enrollee's PHI;
- 2.27.5.5 Report to TENNCARE's Privacy Office immediately upon becoming aware of any use or disclosure of PHI in violation of this Agreement by the CONTRACTOR, its officers, directors, employees, subcontractors or agents or by a third party to which the CONTRACTOR disclosed PHI;
- 2.27.5.6 Specify in its agreements with any agent or subcontractor that will have access to PHI that such agent or subcontractor agrees to be bound by the same restrictions, terms and conditions that apply to the CONTRACTOR pursuant to this Section;
- 2.27.5.7 Make available to TENNCARE enrollees the right to amend their PHI in accordance with the federal HIPAA regulations. The CONTRACTOR shall also send information to enrollees educating them of their rights and necessary steps in this regard;
- 2.27.5.8 Make an enrollee's PHI accessible to TENNCARE immediately upon request by TENNCARE;
- 2.27.5.9 Make its internal policies and procedures, records and other documentation related to the use and disclosure of PHI available to the U.S. Secretary of Health and Human Services for the purposes of determining compliance with the HIPAA/HITECH regulations upon request;
- 2.27.5.10 Create and adopt policies and procedures to periodically audit adherence to all HIPAA/HITECH regulations, and for which CONTRACTOR acknowledges and promises to perform, including but not limited to, the following obligations and actions:
 - 2.27.5.10.1 Agree to ensure that any agent, including a subcontractor, to whom it provides PHI that was created, received, maintained, or transmitted on behalf of TENNCARE agrees to use reasonable and appropriate safeguards to protect the PHI.
- 2.27.5.11 If feasible, return or destroy all PHI, in whatever form or medium (including any electronic medium) and all copies of an any data or compilations derived from and allowing identification of any individual who is a subject of that PHI upon termination, cancellation, expiration or other conclusion of the Agreement, and in accordance with this Section of this Agreement. The CONTRACTOR shall complete such return or destruction as promptly as possible, but not later than thirty (30) days after the effective date of the termination, cancellation, expiration or other conclusion of the Agreement. The CONTRACTOR shall identify any PHI that cannot feasibly be returned or destroyed. Within such thirty (30) days after the effective date of the termination, cancellation, expiration or other conclusion of the Agreement, the CONTRACTOR shall: (1) certify on oath in writing that such return or destruction has been completed; (2) identify any PHI which cannot feasibly be returned or destroyed; and (3) certify that it will only use or disclose such PHI for those purposes that make its return or destruction infeasible;

Amendment Number 27 (cont.)

- 2.27.5.12 Implement all appropriate administrative, physical and technical safeguards to prevent the use or disclosure of PHI other than pursuant to the terms and conditions of this Agreement and, including, but not limited to, privacy, security and confidentiality requirements in 45 CFR Parts 160 and 164;
 - 2.27.5.13 Set up appropriate mechanisms to limit use or disclosure of PHI to the minimum necessary to accomplish the intended purpose of the use or disclosure;
 - 2.27.5.14 Create and implement policies and procedures to address present and future HIPAA/HITECH regulatory requirements as needed, including, but not limited to: use and disclosure of data; de-identification of data; minimum necessary access; accounting of disclosures; enrollee's right to amend, access, request restrictions; notice of privacy practices and right to file a complaint;
 - 2.27.5.15 Provide an appropriate level of training to its staff and employees regarding HIPAA/HITECH-related policies, procedures, enrollee rights and penalties prior to the HIPAA/HITECH implementation deadlines and at appropriate intervals thereafter;
 - 2.27.5.16 Track training of CONTRACTOR staff and employees and maintain signed acknowledgements by staff and employees of the CONTRACTOR's HIPAA/HITECH policies;
 - 2.27.5.17 Be allowed to use and receive information from TENNCARE where necessary for the management and administration of this Agreement and to carry out business operations where permitted under the regulations;
 - 2.27.5.18 Be permitted to use and disclose PHI for the CONTRACTOR's own legal responsibilities;
 - 2.27.5.19 Adopt the appropriate procedures and access safeguards to restrict and regulate access to and use by CONTRACTOR employees and other persons performing work for the CONTRACTOR to have only minimum necessary access to PHI and personally identifiable data within their organization;
 - 2.27.5.20 Continue to protect and secure PHI AND personally identifiable information relating to enrollees who are deceased;
 - 2.27.5.21 Be responsible for informing its enrollees of their privacy rights in the manner specified under the regulations;
 - 2.27.5.22 Make available PHI in accordance with 45 CFR 164.524;
 - 2.27.5.23 Make available PHI for amendment and incorporate any amendments to PHI in accordance with 45 CFR 164.526; and
 - 2.27.5.24 Obtain a third (3rd) party certification of their HIPAA transaction compliance ninety (90) calendar days before the start date of operations.
- 2.27.6 The CONTRACTOR shall track all security incidents as defined by HIPAA/HITECH, and, as required by the HIPAA/HITECH Reports. The CONTRACTOR shall periodically report in summary fashion such security incidents.

2.27.7 TENNCARE and the CONTRACTOR are “information holders” as defined in TCA 47-18-2107. In the event of a breach of the security of CONTRACTOR’s information system, as defined by TCA 47-18-2107, the CONTRACTOR shall indemnify and hold TENNCARE harmless for expenses and/or damages related to the breach. Such obligations shall include, but not be limited to, mailing notifications to affected enrollees. Substitute notice to written notice, as defined by TCA 47-18-2107(e)(2)and(3), shall only be permitted with TENNCARE’s express written approval. The CONTRACTOR shall notify TENNCARE’s Privacy Office immediately upon becoming aware of any security incident that would constitute a “breach of the security of the system” as defined in TCA 47-18-2107.

2.27.8 NOTIFICATION OF BREACH & NOTIFICATION OF PROVISIONAL BREACH. The CONTRACTOR shall notify TENNCARE’s Privacy Office immediately upon becoming aware of any incident, either confirmed or provisional, that represents or *may* represent unauthorized access, use or disclosure of encrypted or unencrypted computerized data that materially compromises the security, confidentiality, or integrity of enrollee PHI maintained or held by the CONTRACTOR, including any unauthorized acquisition of enrollee PHI by an employee or otherwise authorized user of the CONTRACTOR’s system. This includes, but is not limited to, loss or *suspected* loss of remote computing or telework devices such as laptops, PDAs, Blackberrys or other Smartphones, USB drives, thumb drives, flash drives, CDs, and/or disks.

60. Section 2.28.2 and 2.28.3 shall be deleted and replaced as follows:

2.28.2 In order to demonstrate compliance with federal and state regulations of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975 and the Omnibus Budget Reconciliation Act of 1981 (P.L. 97-35), the Church Amendments (42 U.S.C. 300a-7), Section 245 of the Public Health Service Act (42 U.S.C. 238n.), and the Weldon Amendment (Consolidated Appropriations Act 2008, Public Law 110-161, Div. G, Sec. 508 (d), 121 Stat. 1844, 2209), the CONTRACTOR shall designate a staff person to be responsible for non-discrimination compliance as required in Section 2.29.1.

2.28.2.1 This person shall develop a CONTRACTOR non-discrimination compliance training plan within thirty (30) days of the implementation of this Agreement, to be approved by the Bureau of TennCare. This person shall be responsible for the provision of instruction regarding the plan to all CONTRACTOR staff within sixty (60) days of the implementation of this Agreement. This person shall be responsible for the provision of instruction regarding the plan to providers and direct service subcontractors within ninety (90) days of the implementation of this Agreement. The CONTRACTOR shall be able to show documented proof of such instruction.

2.28.3 The CONTRACTOR’s non-discrimination compliance plan shall include written policies and procedures that demonstrate non-discrimination in the provision of services to members. The policy shall also demonstrate non-discrimination in the provision of services for members with Limited English Proficiency and those requiring communication assistance in alternative formats (see Section 2.18.2). These policies and procedures shall be prior approved in writing by TENNCARE.

61. Section 2.30.3 shall be deleted and replaced as follows:

2.30.3 Annual Community Outreach Plan

The CONTRACTOR shall submit an *Annual Community Outreach Plan* no later than November 30 of each year for review and approval by TENNCARE. The Annual Community Outreach Plan shall be written in accordance with guidance prepared by TENNCARE. It shall include, but is not limited to: all proposed community/health education events related to TENNderCare; community/health education events unrelated to TENNderCare; rationale for participating in these events; and a process for evaluating the benefits of the events.

62. The lead in paragraph of Section 2.30.6.5 shall be deleted and replaced as follows:

2.30.6.5 Upon enrollment of CHOICES Group 2 or 3 members (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), the CONTRACTOR shall submit a monthly *CHOICES HCBS Late and Missed Visits Report* for CHOICES members regarding the following CHOICES HCBS: personal care, attendant care, homemaker services, and home-delivered meals. The report shall include information on specified measures, which shall include but not be limited to the following:

63. Section 2.30.6 shall be amended by adding a new Section 2.30.6.8 as follows and renumbering the remaining Section accordingly, including any references thereto.

2.30.6.8 Beginning April 2012, the CONTRACTOR shall submit a monthly *CHOICES Caseload and Staffing Ratio Report*.

2.30.6.8.1 The report shall reflect the weighted care coordinator-to-CHOICES member staffing ratios and care coordinator caseloads on the last business day of the month prior to the report submission (e.g. the report submitted in April 2012 will reflect the weighted caseloads and staffing ratios as they appeared on March 31, 2012);

2.30.6.8.2 The report shall include at a minimum;

2.30.6.5.1.1 The weighted average care coordinator-to CHOICES member staffing ratio; and

2.30.6.8.2.1 The weighted caseload of CHOICES member assignments to each individual care coordinator.

64. Section 2.30 shall be amended by adding a new Section 2.30.7 as follows and renumbering the remaining section accordingly, including any references thereto.

2.30.7 Integrated Health Services Delivery Model Reports

2.30.7.1 For the first two (2) months following implementation of SelectCommunity in each Grand Region, or as long as determined necessary by TENNCARE, the CONTRACTOR shall submit a monthly *Status of Transitioning SelectCommunity Members Report*. The report shall include information on the CONTRACTOR's current and cumulative performance on various measures. The performance measures shall include but not be limited to the following:

Amendment Number 27 (cont.)

- 2.30.7.1.1 Of SelectCommunity members who were enrolled in Select as of the most recent phased implementation date;
 - 2.30.7.1.1.1 the number and percent for whom the CONTRACTOR has/has not assigned a nurse care manager within 5 days of enrollment (see Section 3.A.5.1);
 - 2.30.7.1.1.2 the number and percent for whom the CONTRACTOR has/ has not provided written notice to the member within 10 days of enrollment;
 - 2.30.7.1.1.3 the number and percent for whom the CONTRACTOR has/has not conducted a face-to-face visit and a comprehensive needs assessment prior to development of the integrated plan of health care; and
 - 2.30.7.1.1.4 the number and percent for whom the CONTRACTOR has/ has not developed and authorized a new integrated plan of health care within 30 days of the member's enrollment.

- 2.30.7.2 The CONTRACTOR shall submit a quarterly Reassessment of *SelectCommunity Members' Needs Report*. The report shall include information on the CONTRACTOR's current and cumulative performance on various measures. The performance measures shall include but not be limited to the following:
 - 2.30.7.2.1 the number and percent of SelectCommunity members for whom the CONTRACTOR has/ has not reassessed the member's physical and behavioral health needs at least annually (defined as within 365 days of the member's enrollment date) as defined in section 3.A.8.1; and
 - 2.30.7.2.2 the number and percent of SelectCommunity members for whom the CONTRACTOR has/ has not reassessed the member's physical and behavior health needs within 10 days of becoming aware that the member's functional, physical, or behavioral status has changed significantly as defined by not limited to section 3.A.8.1.1 thru 3.A.8.1.5.
- 2.30.7.3 The CONTRACTOR shall submit a quarterly *SelectCommunity Nurse Care Management Assignment Report*, in a format specified by TENNCARE that includes, but is not limited to the following:
 - 2.30.7.3.1 The member name, SSN, and DOB;
 - 2.30.7.3.2 Whether the member has complex unstable physical or behavioral health needs (see Section 3.A.14.3.), complex stable physical or behavioral health needs (see Section 3.A.14.4), or no complex physical or behavioral health needs;
 - 2.30.7.3.3 The assigned Nurse Care Manager (NCM) name, email address, and direct phone number;
 - 2.30.7.3.4 The NCM Supervisor name, email, and direct phone number;
 - 2.30.7.3.5 The average NCM-to-SelectCommunity member staffing ratio for 1) Arlington class members and 2) other SelectCommunity members on the last business day of the month prior to the report submission (e.g., the report submitted in January 2012 will reflect the average staffing ratios as they appeared on December 31, 2011); and

Amendment Number 27 (cont.)

- 2.30.7.3.6 The number of Arlington class members and other SelectCommunity members assigned to each individual Nurse Care Manager on the last business day of the month prior to the report submission (e.g., the report submitted in January 2012 will reflect Nurse Care Manager assignments as they appeared on December 31, 2011).
- 2.30.7.4 The CONTRACTOR shall submit a quarterly *SelectCommunity Nurse Care Management Contacts Report*, in a format specified by TENNCARE. The report shall include information on the CONTRACTOR's current and cumulative performance on various measures which shall include but not be limited to the following:
 - 2.30.7.4.1 The number and percent of SelectCommunity members with complex unstable physical or behavioral health needs visited/ not visited in their residence face-to-face by their Nurse Care Manager at least monthly;
 - 2.30.7.4.2 The number and percent of SelectCommunity members with complex stable physical or behavioral health needs contacted/ not contacted by their Nurse Care Manager at least monthly either in person or by telephone, and visited/ not visited in their residence face-to-face by their Nurse Care Manager at least quarterly; and
 - 2.30.7.4.3 The number and percent of SelectCommunity members with no complex physical or behavioral health needs contacted/ not contacted by their Nurse Care Manager at least quarterly either in person or by telephone, and visited/ not visited in their residence face-to-face by their Nurse Care Manager at least semi-annually.
- 2.30.7.5 The CONTRACTOR shall submit to TennCare a monthly *SelectCommunity Delays in Service Report* as defined in Section 3.A.7.13.

65. The renumbered Section 2.30.10 shall be renumbered and re-organized as follows:

2.30.10 Provider Payment Reports

- 2.30.10.1 The CONTRACTOR shall submit a quarterly *Related Provider Payment Report* that lists all related providers and subcontractors to whom the CONTRACTOR has made payments during the previous quarter and the payment amounts. (See Section 2.13.20.).
- 2.30.10.2 The CONTRACTOR shall submit a weekly *Invoice* to notify the State of the amount to be paid to providers at least 72 hours in advance of distribution of provider checks.
- 2.30.10.3 The CONTRACTOR shall submit a *Check Register Report* with the weekly Invoice to support the payments released to providers.
- 2.30.10.4 The CONTRACTOR shall submit a *Claims Data Extract* within seven (7) calendar days after the CONTRACTOR's request of the funds which shall be generated from the managed care claims processing system supporting the release of provider and FEA (for consumer-directed workers, as applicable) payments. (See Section 2.13.1.)
- 2.30.10.5 The CONTRACTOR shall submit a *Reconciliation Report* within seven (7) days of the claims data extract for the total paid amounts between the funds released for payment to providers and the FEA (for consumer-directed workers, as applicable), the supporting claims data extract, and the encounter data submissions for the relevant adjudication cycle.

Amendment Number 27 (cont.)

2.30.10.6 If the CONTRACTOR does not automatically credit TennCare for receivables within ninety (90) calendar days, the CONTRACTOR shall submit a *Provider Payment Issue Report* and shall determine the extent of the collection effort required based on the table below. This table identifies the minimum collection threshold for cumulative receivable balances. All collection efforts shall be clearly documented.

Receivable Balance	Collection	Attempts	Forwarded to Collections
	45 Day	90 Day	
< \$10	None Required		
\$10 - \$49.99	✓		
\$50 - \$99.99	✓	✓	
\$100 - Over	✓	✓	✓
Responsibility	MCC		TENNCARE

2.30.10.6.1 The first notice shall occur by day forty-five (45) and may be in the form of notice in a remittance advice or a demand memo; however, the ninety (90) day notice must be made using a demand memo. Each of these notices shall be sent within five (5) business days of becoming due.

2.30.10.6.2 Additional collection attempts by the CONTRACTOR are not necessary if a collection notice is returned because the provider has gone out-of-business or has declared bankruptcy for the period the receivable was established. This circumstance must be reported in the "Uncollectible Accounts Report" as described below.

2.30.10.7 If the CONTRACTOR does not automatically credit TENNCARE for aged accounts within sixty (60) calendar days, the CONTRACTOR shall submit to TENNCARE, within ten (10) business days following the end of the month, an *Aged Accounts Receivable Report*. The effective date of this report shall be the last Friday of the previous month. The report shall have an easily identifiable date, contain a total report balance, and provide <30, 30, 60, 90, and >120 calendar day balances. Although only totals are required, the CONTRACTOR may report aging balances at the account level. If the CONTRACTOR is not reporting at the account level, the CONTRACTOR shall have the capability to identify the detail that makes up a total if necessary.

2.30.10.8 If the CONTRACTOR does not automatically credit TENNCARE for uncollectible accounts within ninety (90) calendar days, the CONTRACTOR shall submit to TENNCARE, within ten (10) business days following the end of the month, an *Uncollectible Accounts Report*.

2.30.10.8.1 The report shall be in a format described by TENNCARE, for accounts meeting the following criteria:

2.30.10.8.1.1 The account proves to be uncollectible after 120 calendar days, or

2.30.10.8.1.2 The provider account owner has gone out-of-business, or

2.30.10.8.1.3 The provider account owner has declared bankruptcy.

Amendment Number 27 (cont.)

- 2.30.10.8.2 In addition to the Uncollectible Accounts Report, the CONTRACTOR shall submit scanned copies of returned envelopes or legal documents referencing providers that have gone out-of-business and/or declared bankruptcy.
- 2.30.10.9 The CONTRACTOR shall submit a monthly *Outstanding Checks Report* detailing all checks remitted to providers, enrollees or vendors on behalf of the State which remain outstanding (which have not been cashed) greater than one hundred eighty (180) calendar days. Reports are due within fifteen (15) business days after the end of the month.
- 2.30.10.10 Upon notification by TENNCARE, the CONTRACTOR shall submit a weekly *Administrative Services Only Invoice Report* for all payments to clinics designated as Federally Qualified Health Clinics or Rural Health Clinics

66. The renumbered Section 2.30.11.2 shall be deleted and replaced as follows:

~~2.30.11.2 The CONTRACTOR shall submit quarterly *Cost and Utilization Reports*. These reports shall be in an Excel spreadsheet format and submitted with a ninety (90) day lag and shall be due to TENNCARE one hundred twenty (120) calendar days following the quarter for which the CONTRACTOR is reporting. These reports shall be submitted on both a cumulative year basis and on a rolling twelve (12) month basis.~~

67. The renumbered Section 2.30.11.7 shall be deleted and replaced as follows:

~~2.30.11.7 The CONTRACTOR shall submit a semi-annual *Emergency Department Threshold Report* (See Section 2.14.1.16.1) to TENNCARE no later than March 31st and September 30th each year identifying interventions initiated for members who exceeded the defined threshold for ED usage.~~

68. The renumbered Section 2.30.12 shall be amended by adding a new Section 2.30.12.5 as follows and renumbering the remaining Sections accordingly, including any references thereto.

2.30.12.5 The CONTRACTOR shall submit to TENNCARE by June 15 of each calendar year a detailed explanation for any Medicaid HEDIS measure marked as "Not Reported".

69. The renumbered Section 2.30.12 shall be amended by adding a new Section 2.30.12.8 as follows and renumbering the remaining Sections accordingly, including any references thereto.

2.30.12.8 The CONTRACTOR shall submit a quarterly Behavioral Health Adverse Occurrences Report in accordance with Section 2.15.7.2 that provides information, by month regarding specified measures, which shall include but not be limited to the following:

2.30.12.8.1 The number of adverse occurrences, overall and by:

2.30.12.8.1.1 Date of occurrence

2.30.12.8.1.2 Type of adverse occurrence;

- 2.30.12.8.1.3 Location;
- 2.30.12.8.1.4 Provider name; and
- 2.30.12.8.1.5 Action Taken by Facility/Provider.

70. The renumbered Section 2.30.15.4 shall be deleted in its entirety and replaced as follows:

2.30.15.4 Effective July 1, 2012, the CONTRACTOR shall submit a quarterly *Disclosure Submission Rate report* which shall provide the percentage of providers for which the CONTRACTOR has obtained a complete and current disclosure form in accordance with 42 CFR 455, TennCare policies and procedures, and this Agreement (see Section 2.12.9.37). The rate shall be provided for all tax-reporting entities with billing activities during the prior quarter. The quarterly report shall include a companion listing which shall include all tax-reporting entities with reimbursement amounts received in the prior reporting quarter along with the disclosure status. For all subcontractors and providers with a signed contract and/or with billing activities, the CONTRACTOR shall maintain a minimum of ninety-five percent (95%) compliance on all entities excluding providers who bill under emergency provisions. Should the CONTRACTOR attain a disclosure rate below ninety-five percent (95%), the CONTRACTOR shall be subject to liquidated damages and shall submit a corrective action plan that shall address the root causes of the non-compliance.

71. The renumbered Section 2.30.15.5 shall be amended as follows:

2.30.15.5 The CONTRACTOR shall submit a monthly *Program Integrity Exception List report* that identifies employees or contractors (as defined in Section 2.21.9) that have been reported on the HHS-OIG LEIE (List of Excluded Individuals/Entities) (http://oig.hhs.gov/fraud/exclusions/exclusions_list.asp), the Excluded Parties List System (EPLS), and/or the listing of Monthly Disciplinary Actions issued by the Professional Health Board.

72. The renumbered Section 2.30.17 shall be amended by adding a new Section 2.30.17.2 and the renumbered Section 2.30.17.4 shall be amended by adding the phrase “number of adjustments (including repayments),” as follows. The remaining Section shall be renumbered accordingly including any references thereto:

2.30.17.2 The CONTRACTOR shall submit a monthly *Focused Claims Testing Report*. The report shall include the results of the self test on the accuracy of claims processing based on claims that have been judgmentally selected by TDCI (see Section 2.22.7). The CONTRACTOR shall complete the attribute sheets provided by TDCI for each claim to be tested within thirty (30) calendar days of receipt from TDCI.

2.30.17.4 The CONTRACTOR shall submit a weekly *Claims Activity Report*. This report shall identify the number of claims received, number of claims denied (by reason), number of claims paid, number of adjustments (including repayments), and total amount paid by the categories of service specified by TENNCARE.

73. The renumbered Section 2.30.21 shall be deleted and replaced as follows:

2.30.21 HIPAA/HITECH Reports

The CONTRACTOR shall submit a *Privacy/Security Incident Report*. This report shall be provided at least annually, but the CONTRACTOR shall provide the report more frequently if requested by TENNCARE. The report shall include, at a minimum, the date of the incident, the date of notification to TENNCARE's privacy officer, the nature and scope of the incident, the CONTRACTOR's response to the incident, and the mitigating measures taken by the CONTRACTOR to prevent similar incidents in the future. Upon TENNCARE's request, the CONTRACTOR shall provide additional details within a reasonable amount of time. "Port scans" or other unsuccessful queries to the CONTRACTOR's information system shall not be considered a privacy/security incident for purposes of this report.

74. Section 3.A.2 shall be deleted and replaced as follows:

3A.2 Target Population for the Integrated Health Services Delivery Model

3A.2.1 Upon implementation of the Integrated Health Services Delivery Model for persons with intellectual disabilities and in accordance with the phased-in implementation plan set forth in this Section, the CONTRACTOR shall provide Nurse Care Management to all TennCare Select members with intellectual disabilities who are actively enrolled in one of the State of Tennessee's three (3) Section 1915(c) Home and Community Based Services (HCBS) waiver programs for persons with intellectual disabilities (i.e., mental retardation), including the Arlington, Statewide (or "Main") and Self-Determination Waiver Programs.

3A.2.2 The CONTRACTOR shall also provide Nurse Care Management to all TennCare Select members in the Arlington Class who are residing in public or private ICFs/MR, nursing homes or in other institutional or alternative home and community-based placements, which may include the person's (or family's) home, except that persons enrolled in the CHOICES program shall not participate in the Integrated Health Services Delivery Model. TennCare shall determine, at its discretion, whether Arlington class members in nursing homes will be enrolled into CHOICES or into the Integrated Health Services Delivery Model. If the State elects to enroll Arlington class members in nursing homes into the Integrated Health Services Delivery Model Arlington class members who elect to opt out of the Integrated Health Services Delivery Model shall be required to enroll in CHOICES in order to receive nursing home services.

3A.2.3 The CONTRACTOR shall provide Nurse Care Management *only* to members of the target population as defined in this Section. Nurse Care Management shall not be available to persons outside the defined target population for the Integrated Health Services Delivery Model.

3A.2.4 TENNCARE will notify the CONTRACTOR regarding Arlington Class Members currently served by the Community Services Network (CSN) who elect to opt into TennCare Select and participate in the Integrated Health Services Delivery Model.

3A.2.5 For other members of the target population, TENNCARE will notify the CONTRACTOR via the 834 eligibility file when the member has been enrolled in TennCare Select, either because:

- (a) s/he is in the defined target population and has elected to opt into TennCare Select; or
- (b) because s/he has been auto-assigned (with an opt out provision) by virtue of being a new TennCare member who meets ICF/MR level of care eligibility and is:
 - (1) actively enrolled in an MR Waiver program; or

Amendment Number 27 (cont.)

- (2) upon approval by CMS of an amendment to the State's Section 1115 TennCare Demonstration Waiver, is:
 - (a) receiving ICF/MR services; or
 - (b) a member of the Arlington At-Risk Class.

Additional notification processes may be established as necessary to help facilitate timely initiation of the CONTRACTOR's care management (including assessment) activities; however, only members assigned to TennCare Select by TennCare (i.e., based on auto-assignment, exercise of an opt-in opportunity, or an MCO change request) may participate in the Integrated Health Services Delivery Model.

75. Section 3.A.3.3 and 3A.3.4 shall be deleted and replaced as follows:

3A.3.3 Approximately 120 days later, TennCare shall begin expanding the model to other members of the target population, on a Grand Region by Grand Region basis, until all persons in the target population have been given an opportunity to opt into TennCare Select and participate in the Integrated Health Services Delivery Model. ~~At TennCare's discretion, notice and transition processes for other members of the target population may be scheduled to facilitate a more seamless transition process.~~

3A.3.4 All members of the target population assigned to TennCare Select that elect to participate shall be assigned to the Integrated Health Services Delivery Model.

76. Section 3.A.14.7 shall be deleted and replaced as follows:

3A.14.7 The CONTRACTOR shall provide, at least sixty (60) days prior to implementation of the Integrated Health Services Delivery Model for Arlington class members, and at least sixty (60) days prior to an implementation phase in a particular Grand Region, a Nurse Care Management Staffing Plan, which shall specify the number of Nurse Care Managers, Nurse Care Manager Supervisors, other supporting Care Management Support Team members the CONTRACTOR plans to initially employ. TENNCARE shall notify the CONTRACTOR in writing if the Nurse Care Management Staffing Plan is insufficient and may require modifications to ensure, prior to implementation of the Integrated Health Services Delivery Model, that the CONTRACTOR has sufficient Nurse Care Management staff. After the Integrated Health Services Delivery Model has been implemented, the CONTRACTOR shall notify TENNCARE in writing of substantive changes to its Nurse Care Management Staffing Plan, including a variance of twenty (20) percent or more from the Staffing Plan. TENNCARE may request changes in the CONTRACTOR's Nurse Care Management Staffing Plan at any time it determines that the CONTRACTOR does not have sufficient Nurse Care Management staff to properly and timely perform its obligations under this Agreement.

77. Section 3.A.16.2 shall be deleted and replaced as follows:

3A.16.2 The CONTRACTOR shall, using a tool and methodology approved by TennCare, conduct annual consumer satisfaction surveys of TennCare Select Members in the Arlington Class who are participating in the IHSD model, and shall provide such results to TennCare for review and dissemination.

78. Section 4.8.1 shall be deleted and replaced as follows:

4.8.1 In no event shall the maximum liability of the State under this Agreement during the original term of the Agreement exceed two billion, seven hundred eighteen million, eight hundred three thousand, seven hundred five dollars and ninety cents (\$2,718,803,705.90).

Amendment Number 27 (cont.)

79. Section 5.1 shall be amended as follows:

5.1 NOTICE

All notices required to be given under this Agreement shall be given in writing, and shall be sent by United States certified mail, postage prepaid, return receipt requested; in person; by facsimile, email or other electronic means, including but not limited to providing notice through computer databases, software or other systems made available to the CONTRACTOR by TENNCARE; or by other means, so long as proof of delivery and receipt is given, and the cost of delivery is borne by the notifying party, to the appropriate party at the address given below, or at such other address (or addresses) as may be provided by notice given under this Section.

If to TENNCARE:

Deputy Commissioner
Bureau of TennCare
310 Great Circle Rd
Nashville, Tennessee 37243

If to the CONTRACTOR:

Scott Pierce
President and Chief Executive Officer
Volunteer State Health Plan, Inc.
1 Cameron Hill Circle
Chattanooga, TN 37402

80. Section 5.2.1 shall be amended by deleting “June 30, 2012” and replacing it with “June 30, 2013”.

81. Section 5.3 shall be amended by adding a new Section 5.3.2 as follows and renumbering the remaining Section 5.3 accordingly, including any references thereto.

5.3.2 42 CFR Part 438, Managed care, including but not limited to 438.6(f)(2)(i), compliance with the requirements mandating provider identification of provider-preventable conditions as a condition of payment, as well as the prohibition against payment for provider-preventable conditions as set forth in §434.6(a)(12) and § 447.26 of this subchapter.

82. Section 5.4.7.2 shall be amended by adding a new Section 5.4.7.2.7 as follows and renumbering the remaining Section accordingly, including any references thereto.

5.4.7.2.7 Promptly make available all signed provider agreements/contracts, including historical agreements/contracts, to TENNCARE in PDF format. (The CONTRACTOR shall have the option to submit said agreements on an on-going basis during the term of this Agreement rather than at the end of this Agreement). Upon termination of this Agreement and completion of the CONTRACTOR’s continuing obligations, the State will reserve all rights to pursue improper payments and false claims with the CONTRACTOR and/or directly with the CONTRACTOR’s subcontractors and providers.

83. Section 5.20.2.2.6 shall be amended by adding a new Section 5.20.2.2.6.1 as follows:

~~5.20.2.2.6 TENNCARE reserves the right to assess a general liquidated damage of five hundred dollars (\$500) per occurrence with any notice of deficiency.~~

5.20.2.2.6.1 In circumstances for which TENNCARE has applied this general liquidated damage to a notice of a deficiency that is related in any way to CHOICES care coordination processes and requirements which shall be determined by TENNCARE, the amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing recommendations as specified in Section 2.9.6.11.9 of this Agreement.

84. Sections 5.20.2.2.7, Items A.16, A.18, A.19, A.20, A.21, A.22, A.23, the renumbered Items A.28, A.29, A.30, A.31, and Item C.7 shall be amended by adding a new paragraph to the end of the existing text in the Damage column as follows:

“These amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing recommendations as specified in Section 2.9.6.11.9 of this Agreement.”

85. Section 5.20.2.2.7 shall be amended by deleting and replacing Items A.23 through A.26 and adding a new Item A.27 as follows and renumbering the remaining Items.

A.23	Failure to facilitate transfers between nursing facilities or to facilitate transitions between CHOICES Groups accordance with 2.9.6.9.1.1.5 and 2.9.6.9.2.1.18	\$500 per occurrence These amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing recommendations as specified in Section 2.9.6.11.9 of this Agreement
------	---	---

Amendment Number 27 (cont.)

<p>A.24</p>	<p>Failure by the CONTRACTOR to ensure that all TennCare data containing protected health information (PHI), as defined by HIPAA, is secured through commercially reasonable methodology in compliance with HITECH, such that it is rendered unusable, unreadable and indecipherable to unauthorized individuals through encryption or destruction, that compromises the security or privacy of TennCare enrollee PHI (See also ancillary Business Associate Agreement between the parties)</p>	<p>\$500 per enrollee per occurrence, AND If the State deems credit monitoring and/or identity theft safeguards are needed to protect those TennCare enrollees whose PHI was placed at risk by CONTRACTOR's failure to comply with the terms of this Agreement, the CONTRACTOR shall be liable for all costs associated with the provision of such monitoring and/or safeguard services.</p>
<p>A.25</p>	<p>Failure by the CONTRACTOR to execute the appropriate agreements to effectuate transfer and exchange of TennCare enrollee PHI or TennCare confidential information including, but not limited to, a data use agreement, trading partner agreement, business associate agreement or qualified protective order prior to the use or disclosure of PHI to a third party (See ancillary Business Associate Agreement between the parties)</p>	<p>\$500 per enrollee per occurrence</p>
<p>A.26</p>	<p>Failure by the CONTRACTOR to seek express written approval from TENNCARE prior to the use or disclosure of TennCare enrollee data or TennCare confidential information in any form via any medium with any third party beyond the boundaries and jurisdiction of the United States (See ancillary Business Associate Agreement between the parties)</p>	<p>\$1,000 per enrollee per occurrence</p>

Amendment Number 27 (cont.)

A.27	Failure by the CONTRACTOR to timely report violations in the access, use and disclosure of PHI or timely report a security incident or timely make a notification of breach or notification of provisional breach (See also ancillary Business Associate Agreement between the parties)	\$500 per enrollee per occurrence, not to exceed \$10,000,000
------	---	---

86. Section 5.20.2.2.7 shall be amended by deleting and replacing Items B.15 and B.21 as follows:

B.15	Failure to require and ensure compliance with Ownership and Disclosure requirements as required in Section 2.12.9.37 of this Agreement Failure to maintain complete and current disclosures/attestations for all providers excluding providers billing under emergency provisions	\$5,000 per provider disclosure/attestation for each disclosure/attestation that is not received or is received and signed by a provider that does not request or contain complete and satisfactory disclosure of the requirements outlined in 42 CFR 455, Subpart B. 92 to 95% Compliance - \$5000 per each full percentage point below 95% Under 92% Compliance - \$10,000 per each full percentage point below 95%
------	--	---

B.21	Failure to meet any timeframe regarding care coordination for CHOICES members (see Sections 2.9.2, 2.9.3, and 2.9.6) other than the timeframes referenced in A.16 or A.17	<p>\$5,000 per month for each timeframe that the CONTRACTOR's performance is 85-89%</p> <p>\$10,000 per month for each timeframe that the CONTRACTOR's performance is 80-84%</p> <p>\$20,000 per month for each timeframe that the CONTRACTOR's performance is 75-79%</p> <p>\$50,000 per month for each timeframe that the CONTRACTOR's performance is 70-74%</p> <p>\$100,000 per month for each timeframe that the CONTRACTOR's performance is 69% or less</p> <p>These amounts shall be multiplied by two (2) when the CONTRACTOR has not complied with the Caseload and Staffing recommendations as specified in Section 2.9.6.11.9 of this Agreement</p>
------	---	--

87. “Mental Health Case Management” Services in Attachment I shall be deleted and replaced as follows:

SERVICE	Mental Health Case Management
----------------	--------------------------------------

DEFINITION

Mental health case management is a supportive service provided to enhance treatment effectiveness and outcomes with the goal of maximizing resilience and recovery options and natural supports for the individual. Mental health case management is consumer-centered, consumer focused and strength-based, with services provided in a timely, appropriate, effective, efficient and coordinated fashion. It consists of activities performed by a team or a single mental health case manager to support clinical services. Mental health case managers assist in ensuring the individual/family access to services.

The Case Management Society of America (CMSA) defines case management as a collaborative process of assessment, planning, facilitation and advocacy for options and services to meet an individual’s and family’s comprehensive health needs through communication and available resources to promote quality cost-effective outcomes.

Mental health case management requires that the mental health case manager and the individual and/or family have a strong productive relationship which includes viewing the individual/family as a responsible partner in identifying and obtaining the necessary services and resources. Services rendered to children and youth shall be consumer-centered and family-focused with case managers working with multiple systems (e.g. education, child welfare, juvenile justice). Mental health case management is provided in community settings, which are accessible and comfortable to the individual/family. The service should be rendered in a culturally competent manner and be outcome driven. Mental health case management shall be available 24 hours a day, 7 days a week. The service is not time limited and provides the individual/family the opportunity to improve their quality of life.

The CONTRACTOR shall ensure mental health case management is rendered in accordance with all of the service components and guidelines herein.

SERVICE DELIVERY

The CONTRACTOR shall:

- Determine caseload size based on an average number of individuals per case manager, with the expectation being that case managers will have mixed caseloads of clients and flexibility between Levels 1 and 2a and 2b (Levels 1 and 2 are defined below); and
- Ensure that caseload sizes and minimum contacts are met as follows:

Case Management Type	Maximum Caseload Size	Minimum Face-to-Face Contacts
Level 1 (Team Intensive Approaches) Delivered by an		

Amendment Number 27 (cont.)

Case Management Type	Maximum Caseload Size	Minimum Face-to-Face Contacts
Interdisciplinary Team		
Adult CTT	20 individuals:1 team 20 individuals:1 case manager	One (1) contact per week
Children & Youth (C&Y) CTT	15 individuals:1 team 15 individuals:1 case manager	One (1) contact per week
CCFT	15 individuals:1 team 15 individuals:1 case manager	One (1) contact per week
ACT	100 individuals:1 team 15 individuals:1 case manager	One (1) contact per week
PACT	100 individuals:1 team 15 individuals:1 case manager	One (1) contact per week
Level 2a* (Individual Intensive Approach) Delivered by a Single Case Manager	25 individuals:1 case manager	Three (3) contacts per month
Level 2b (Individual Approach) Delivered by a Single Case Manager	35 individuals:1 case manager	Two (2) contacts per month

The CONTRACTOR shall ensure that the following requirements are met:

- 1) All mental health case managers shall have, at a minimum, a bachelor's degree or be licensed as a Registered Nurse;
- 2) Supervisors shall maintain no greater than a 1:30 supervisory ratio with mental health case managers;
- 3) Mental health case managers who are assigned to both a parent(s) and child in the same family, should have skills and experience needed for both ages; mental health case managers who are assigned to individuals with co-occurring disorders (mental illness and substance abuse disorders) should have the skills and experience to meet the needs of these individuals;
- 4) A minimum of fifty-one percent (51%) of all mental health case management services should take place outside the case manager's office at the most appropriate setting;
- 5) The children and youth (C&Y) (under age eighteen (18)) mental health case management model shall provide a transition from C&Y services into adult services, including adult mental health case management services. The decision to serve an 18-year old youth via the C&Y case management system versus the adult system shall be a clinical one made by a provider. Transition from children's services, including mental health case management, shall be incorporated into the child's treatment plan; and
- 6) All mental health case management services shall be documented in a treatment plan. Mental health case management activities are correlated to expected outcomes and outcome achievement and shall be monitored, with progress being noted periodically in a written record.

Level 1

Level 1 mental health case management is the most intense level of service. It provides frequent and comprehensive support to individuals with a focus on recovery and resilience. The CONTRACTOR shall ensure the provision of level 1 mental health case management to the most severely disabled adults and emotionally disturbed children and youth, including individuals who are at high risk of future hospitalization or placement out of the home and require both community support and treatment interventions. Level 1 mental health case management shall be rendered through a team approach. Team approaches may include such models as ACT, CTT, CCFT and PACT, as described below: *Assertive Community Treatment (ACT)*

ACT is a way of delivering comprehensive and effective services to adults diagnosed with severe mental illness and who have needs that have not been well met by traditional approaches to delivering services. The principles of ACT include:

- 1) Services targeted to a specific group of individuals with severe mental illness;
- 2) Treatment, support and rehabilitation services provided directly by the ACT team;
- 3) Sharing of responsibility between team members and individuals served by the team;
- 4) Small staff (all team staff including case managers) to individual ratios (approx. 1 to 10);
- 5) Comprehensive and flexible range of treatment and services;
- 6) Interventions occurring in community settings rather than in hospitals or clinic settings;
- 7) No arbitrary time limit on receiving services;
- 8) Individualized treatment, support and rehabilitation services;
- 9) Twenty-four (24) hour a day availability of services; and
- 10) Engagement of individuals in treatment and monitoring.

Continuous Treatment Team (CTT)

CTT is a coordinated team of staff (to include physicians, nurses, case managers, and other therapists as needed) who provide a range of intensive, integrated mental health case management, treatment, and rehabilitation services to adults and children and youth. The intent is to provide intensive treatment to families of children and youth with acute psychiatric problems in an effort to prevent removal from the home to a more restrictive level of care. An array of services are delivered in the home or in natural settings in the community, and are provided through a strong partnership with the family and other community support systems. The program provides services including crisis intervention and stabilization, counseling, skills building, therapeutic intervention, advocacy, educational services, medication management as indicated, school based counseling and consultation with teachers, and other specialized services deemed necessary and appropriate.

Comprehensive Child and Family Treatment (CCFT)

CCFT services are high intensity, time-limited services designed for children and youth to provide stabilization and deter the "imminent" risk of State custody for the individual. There is usually family instability and high-risk behaviors exhibited by the child/adolescent. CCFT services are concentrated on child, family, and parental/guardian behaviors and interaction. CCFT services are more treatment oriented and situation specific with a focus on short-term stabilization goals. The primary goal of CCFT is to reach an appropriate point of stabilization so the individual can be transitioned to a less intense outpatient service.

Program of Assertive and Community Treatment (PACT)

PACT is a service delivery model for providing comprehensive community-based treatment to adults with severe and persistent mental illness. It involves the use of a multi-disciplinary team of mental health staff organized as an accountable, mobile mental health agency or group of providers who function as a team interchangeably to

Amendment Number 27 (cont.)

provide the treatment, rehabilitation and support services persons with severe and/or persistent mental illnesses need to live successfully in the community.

Level 2a and Level 2b

Level 2 mental health case management is a less intensive level of service than Level 1 and is focused on resilience and recovery. The CONTRACTOR shall ensure that level 2 mental health case management is provided to individuals whose symptoms are at least partially stabilized or reduced in order to allow treatment and rehabilitation efforts.

Where available, peer support might be used as an adjunct to the case manager in monitoring the service recipient prior to discharge from Level 2 case management. However, at no time should peer support in the form of Certified Peer Specialists, or any other form, become a substitute for case managers in the delivery of case management services.

SERVICE COMPONENTS

The CONTRACTOR shall ensure that mental health case management incorporates the following service components:

Crisis Facilitation

Crisis facilitation is provided in situations requiring immediate attention/resolution for a specific individual or other person(s) in relation to a specific individual. It is the process of accessing and coordinating services for an individual in a crisis situation to ensure the necessary services are rendered during and following the crisis episode. Most crisis facilitation activities would involve face-to-face contact with the individual.

Assessment of Daily Functioning

Assessment of daily functioning involves the on-going monitoring of how an individual is coping with life on a day to day basis for the purposes of determining necessary services to maintain community placement and improve level of functioning. Most assessments of daily functioning are achieved by face-to-face contact with the individual in his or her natural environment.

Assessment/Referral/Coordination

Assessment/referral/coordination involves assessing the needs of the individual for the purposes of referral and coordination of services that will improve functioning and/or maintain stability in the individual's natural environment.

Mental Health Liaison

Mental health liaison services are offered to persons who are not yet assigned to mental health case management. It is a short-term service for the purposes of service referral and continuing care until other mental health services are initiated.

Amendment Number 27 (cont.)

88. The paragraph regarding “Supported Housing” in Attachment I shall be deleted and replaced as follows:

Supported Housing

Supported housing services refers to services rendered at facilities that are staffed twenty-four (24) hours per day, seven (7) days a week with associated mental health staff supports for individuals who require treatment services and supports in a highly structured setting. These mental health services are for priority enrollees and are intended to prepare individuals for more independent living in the community while providing an environment that allows individuals to live in community settings. Given this goal, every effort should be made to place individuals in facilities near their families and other support systems and original areas of residence. Supported housing services are mental health services and do not include the payment of room and board.

Amendment Number 27 (cont.)

89. Attachment VI shall be deleted and replaced as follows:

ATTACHMENT VI
FORMS FOR REPORTING FRAUD AND ABUSE
POTENTIAL FRAUD ALLEGATION REFERRAL FORM

PROVIDER OPERATING REGION: East TN

PROVIDER INCOME:
\$374,729 (April 2, 2007 – February 7, 2011)

DATES OF SERVICE AUDITED:
November 1, 2009 – November 9, 2010

OVERPAYMENT IDENTIFIED:
\$ 31,861

ALLEGATION:
Provider is allegedly billing an excessive number of services per day.

Amendment Number 27 (cont.)

SOURCE/PREDICATION:

Data analysis internal lead from the Medicaid Plan

PROCEDURE CODE and MODIFIERS: 99214 – Office/outpatient visit for the evaluation and mgmt of an estab patient Mod 25 – A significant, separately identifiable service by the same physician on the same day of the procedure or other service.

Mod 59 – Distinct procedural service is distinct and or independent from other services performed on same day. Identifies procedures not normally reported together.

BILLING ENTITY:

Payments are made to the group via EFT.

MEDICAL RECORD TYPE:

Hard copy, hand written

SUMMARY OF PRELIMINARY INVESTIGATION ACTIONS:

Sampling:

A sample for 99214s with modifiers 25 and/or 59 for dates of service 11/1/09-11/9/10 was generated. The universe size was 430 whereas a sample 30 of dates of service was pulled. A total of \$100,000 was paid to the universe.

Medical Record Review and Findings:

On January 15, 2010 the medical record review was completed by an internal certified professional coder (CPC). There were a total of 138 services reviewed. The following is a summary of the services:

Service not allowed because documentation does not support service	4
Service line not allowed appears to be duplicate	1
Service not audited because documentation not provided	7
Procedure 96372 not allowed because reimbursement is included in EM CPT	16
Level of service not supported in documentation down code 99214 to 99213	24
Level of service not supported in documentation down code 99214 to 99212	1
Services appropriate for payment	85
Total Number of Services Audited	138

Modifier 25 was appended to the E/M services 97% of the time. It is inappropriate to append this modifier to an E/M service when it is billed in conjunction with laboratory services; 13 services were denied based on this rule.

Modifier 59 was appended on all ancillary codes (other than J codes) 100% of the time. It did not appear to be appropriately used in any instances. For example, claims for the therapeutic, prophylactic, or diagnostic injection and infusions (CPT 96365 or CPT 96372) that were appended with modifier 59

Amendment Number 27 (cont.)

were denied 16 times.

Under certain circumstances, it may be necessary to indicate that a procedure of service was distinct or independent from other non E/M services performed on the same day. Modifier 59 is used to identify procedures/services, other than E/M services, that are not normally reported together, but are appropriate under the circumstances. However, when another already established modifier is appropriate it should be used rather than modifier 59, only if no more descriptive modifier is available, and the use of modifier 59 best explains the circumstances, should modifier 59 be used.

Note: it is not necessary to append modifier 59 to multiple laboratory services as it does not meet the circumstances stated above.

PREPAYMENT REVIEW:

None

INTERAGENCY CONTACT:

None

ADDITIONAL SUBJECT INFORMATION:

John Smith has hospital privileges at ABC Community Hospital.

DISCLOSURE OF OWNERSHIP and CONTROL:

John Smith owns 100% of the entity.

DETERMINATION:

Based on the medical record review it has been determined that the provider is abusing "modifier 25 and 59" in order to have add on services reimbursed that are typically already covered in the reimbursement of the E/M code.

RECOMMENDATION:

Petition for the Health Plan to pursue administratively by issuing/implementing:

- Initiate pre payment review
- Demand letter for repayment
- Educate the provider on proper billing and medical record documentation.
- Initiate a Corrective Action Plan with the provider
- Continued monitoring of the provider's billing after notification of overpayment.

Amendment Number 27 (cont.)

TennCare Recommended MCC Referral Protocol:

- 1) the submission of documents related to the provider fraud and abuse referral should be via TennCare SFTP server
(**path: tncare.sftp.state.tn.us/tncare/MCC###/orr/OPI/in**) with password protections on documents;
- 2) concurrently, a notice of submission should be e-mailed to
ProgramIntegrity.TennCare@tn.gov with a subject line stating "MCC### Notice of Referral Submission via SFTP"
along with password notices on opening documents.

AMENDMENT NUMBER 26
AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1 shall be amended by adding the following definitions:

Eligible Individual – With respect to Tennessee’s Money Follows the Person Rebalancing Demonstration (MFP) and pursuant to Section 6071(b)(2) of the Deficit Reduction Act as amended by Section 2403 of the Affordable Care Act (ACA), the State’s approved MFP Operational Protocol and TENNCARE Rules, a member who qualifies to participate in MFP. Such person, immediately before beginning participation in the MFP demonstration project, shall:

1. Reside in a Nursing Facility (NF) or an Intermediate Care Facility for persons with Mental Retardation (ICF/MR) and have resided for a period of not less than ninety (90) consecutive days in a Qualified Institution.
 - a. Inpatient days in an institution for mental diseases (IMDs) which includes Psychiatric Hospitals and Psychiatric Residential Treatment Facilities (PRTF) may be counted only to the extent that Medicaid reimbursement is available under the State Medicaid plan for services provided by such institution. Medicaid payments may only be applied to persons in IMDs who are over 65 or under 21 years of age.
 - b. Any days that an individual resides in a Medicare certified Skilled Nursing Facility (SNF) on the basis of having been admitted *solely* for purposes of receiving post-hospital short-term rehabilitative services covered by Medicare shall not be counted for purposes of meeting the ninety (90)-day minimum stay in a Qualified Institution established under ACA.
 - c. Short-term continuous care in a nursing facility, to include Level 2 nursing facility reimbursement, for episodic conditions to stabilize a condition rather than admit to hospital or to facilitate hospital discharge, and inpatient rehabilitation facility services reimbursed by the CONTRACTOR (i.e., *not* covered by

Amendment 26 (cont.)

Medicare) as a cost-effective alternative (see Section 2.6.5) and provided in a Qualified Institution shall be counted for purposes of meeting the ninety (90)-day minimum stay in a Qualified Institution established under ACA.

2. Be eligible for and receive Medicaid benefits for inpatient services furnished by the nursing facility or ICF/MR for at least one (1) day. For purposes of this Agreement, an Eligible Individual must reside in a nursing facility and be enrolled in CHOICES Group 1 for a minimum of one (1) day and must be eligible to enroll and transition seamlessly into CHOICES Group 2 (without delay or interruption).
3. Meet nursing facility or ICF/MR level of care, as applicable, and, but for the provision of ongoing CHOICES HCBS, continue to require such level of care provided in an inpatient facility.

Family Member - For purposes of a Qualified Residence under the State's MFP Rebalancing Demonstration, a family member includes a person with any of the following relationships to the member, whether related by blood, marriage, or adoption, and including such relationships (as applicable) that may have been established through longstanding (a year or more) foster care when the member was a minor:

1. Spouse, and parents and siblings thereof;
2. Sons and daughters, and spouses thereof;
3. Parents, and spouses and siblings thereof;
4. Brothers and sisters, and spouses thereof;
5. Grandparents and grandchildren, and spouses thereof; and
6. Domestic partner and parents thereof, including domestic partners of any individual in 2 through 5 of this definition. A domestic partner means an adult in a committed relationship with another adult. Committed relationship means one in which the member, and the domestic partner of the member, are each other's sole domestic partner (and are not married to or domestic partners with anyone else); and share responsibility for a significant measure of each other's common welfare and financial obligations.

Step and in-law relationships are included in this definition, even if the marriage has been dissolved, or a marriage partner is deceased.

Family member may also include the member's legal guardian or conservator or someone who was the legal guardian or conservator of the member when the member was a minor or required a legal guardian or conservator;

Money Follows the Person Rebalancing Demonstration (MFP) – A federal grant established under the Deficit Reduction Act and extended under the Affordable Care Act that will assist Tennessee in transitioning Eligible Individuals from a nursing facility or ICF/MR into a Qualified Residence in the community and in rebalancing long-term care expenditures. The grant provides enhanced match for HCBS provided during the first 365 days of community living following transition.

Qualified Institution – With respect to Tennessee's MFP Rebalancing Demonstration, and pursuant to Section 6071(b)(3) of the DRA, a hospital, nursing facility, or ICF/MR.

Amendment 26 (cont.)

1. An institution for mental diseases (IMDs) which includes Psychiatric Hospitals and Psychiatric Residential Treatment Facilities (PRTF) shall be a Qualified Institution only to the extent that Medicaid reimbursement is available under the State Medicaid plan for services provided by such institution. Medicaid payments may only be applied to persons in IMDs who are over 65 or under 21 years of age.
2. Any days that an individual resides in a Medicare certified Skilled Nursing Facility (SNF) on the basis of having been admitted *solely* for purposes of receiving post-hospital short-term rehabilitative services covered by Medicare shall not be counted for purposes of meeting the ninety (90)-day minimum stay in a Qualified Institution established under ACA.

Qualified Residence – With respect to Tennessee’s MFP Rebalancing Demonstration, and pursuant to Section 6071(b)(6) of the DRA, the residence in the community in which an Eligible Individual will reside upon transition to the community which shall be one of the following:

1. A home owned or leased by an Eligible Individual or the individual's family member;
2. An apartment with an individual lease, with lockable access and egress, and which includes living, sleeping, bathing, and cooking areas over which the Eligible Individual or the individual's family has domain and control; or
3. A residence in a community-based residential setting in which no more than four (4) unrelated individuals reside.

Additional requirements pertaining to a Qualified Residence set forth in MFP Policy Guidance issued by the Centers for Medicare and Medicaid Services (CMS) shall apply for all persons participating in MFP.

TENNCARE PreAdmission Evaluation System (TPAES) – A component of the State’s Medicaid Management Information System and part of the system of record for all PreAdmission Evaluation (i.e., level of care) submissions and level of care determinations, as well as enrollments into and transitions between LTC programs, including CHOICES and the State’s MFP Rebalancing Demonstration (MFP), and which shall also be used to gather data required to comply with tracking and reporting requirements pertaining to MFP.

Transition Team – Teams the CONTRACTOR may elect to establish in order to fulfill its obligations pursuant to Nursing Facility to Community Transitions (see Section 2.9.6.8) and the MFP Rebalancing Demonstration (see Section 2.9.8). If an MCO elects to use one or more Transition Teams, the Transition Team shall consist of at least one person who meets the qualifications of a care coordinator and specific other persons with relevant expertise and experience who are assigned to support the care coordinator(s) in the performance of transition activities for a CHOICES Group 1 member. All transition activities identified as responsibilities of the care coordinator shall be completed by an individual who meets all of the requirements to be a care coordinator.

2. Section 2.9.5.4 shall be amended by adding a new Section 2.9.5.4.1 as follows:

- 2.9.5.4.1 In addition to requirements pertaining to nursing facility to community transitions (see Section 2.9.6.8), members in CHOICES Group 1 who are under the age of 21 and who are residents of a nursing facility and have requested to transition home will be provided coordination of care by CHOICES and MCO Case Management staff:

Amendment 26 (cont.)

- 2.9.5.4.1.1 Member will be informed by CHOICES care coordinator of disenrollment from CHOICES upon discharge from Nursing Facility;
- 2.9.5.4.1.2 Member will be referred by CHOICES Care Coordinator to MCO Case Management within three (3) business days of the transition request, for service identification and implementation in the home setting;
- 2.9.5.4.1.3 MCO Case Manager will be responsible for developing service plan for the home setting;
- 2.9.5.4.1.4 CHOICES Care Coordinator will communicate weekly via phone or face-to-face visits with the MCO Case Management staff, the member and/or his parent or guardian (as applicable and appropriate), and the nursing facility staff to ensure timely progression of the transition plan until the transition plan is complete; and
- 2.9.5.4.1.5 Any EPSDT benefits needed by the child in the community as an alternative to nursing facility care, including medically necessary home health or private duty nursing, as applicable, shall be initiated immediately upon transition from a nursing facility (i.e., CHOICES Group 1) to the community and as of the effective date of transition with no gaps between the member's receipt of nursing facility services and EPSDT benefits.

3. Section 2.9.6.3.20.1 shall be deleted and replaced by new Sections 2.9.6.3.20.1 and 2.9.6.3.20.2 and the remaining Sections of 2.9.6.3.20 shall be renumbered accordingly, including any references thereto.

- 2.9.6.3.20.1 For purposes of the CHOICES program, service authorizations for CHOICES HCBS shall include the amount, frequency, and duration of each service to be provided, and the schedule at which such care is needed, as applicable; and other relevant information as prescribed by TENNCARE. The CONTRACTOR may determine the duration of time for which CHOICES HCBS will be authorized. However, the CONTRACTOR shall be responsible for monitoring its authorizations and for ensuring that there are no gaps in authorizations for CHOICES HCBS in accordance with the plan of care. Retroactive entry or adjustments in service authorizations for CHOICES HCBS should be made only when required to accommodate payment of services that had been authorized but an adjustment in the schedule of services was required based on the member's needs.
- 2.9.6.3.20.2 The CONTRACTOR may decide whether it will issue service authorizations for nursing facility services, or whether it will instead process claims for such services in accordance with the level of care and/or reimbursement (including the duration of such level of care and/or reimbursement) approved by TENNCARE (see Section 2.14.1.12), except that the CONTRACTOR may reimburse a lesser level of service when such lesser level of service is billed by the facility. If the CONTRACTOR elects to authorize nursing facility services, the CONTRACTOR may determine the duration of time for which nursing facility services will be authorized. However, the CONTRACTOR shall be responsible for monitoring its authorizations and for ensuring that there are no gaps in

authorizations for CHOICES nursing facility services in accordance with the level of care and/or reimbursement approved by TENNCARE. Retroactive entry or adjustments in service authorizations for nursing facility services should be made only upon notification of retroactive enrollment into or disenrollment from CHOICES Group 1a or 1b via the outbound 834 file from TENNCARE.

4. Section 2.9.6.5.1.1 shall be deleted and replaced as follows:

2.9.6.5.1.1 As part of the face-to-face intake visit for current members or face-to-face visit with new members in CHOICES Group 1, as applicable, a care coordinator shall conduct any needs assessment deemed necessary by the CONTRACTOR, using a tool prior approved by TENNCARE and in accordance with protocols specified by TENNCARE. This assessment may include identification of targeted strategies related to improving health, functional, or quality of life outcomes (e.g., related to disease management or pharmacy management) or to increasing and/or maintaining functional abilities, including services covered by the CONTRACTOR that are beyond the scope of the nursing facility services benefit. The care coordinator shall ensure coordination of the member's physical health, behavioral health, and long-term care needs and shall assess at least annually the member's potential for an interest in transition to the community. For children under the age of 21 in nursing facilities, this shall include explanation to the member or his parent or authorized representative, as applicable, of benefits available pursuant to EPSDT, including medically necessary benefits such as home health or private duty nursing that may be provided in the community as an alternative to nursing facility care.

5. Section 2.9.6.8 shall be amended by adding a new Section 2.9.6.8.2 and the remaining Section 2.9.6.8 shall be renumbered, including any references thereto.

2.9.6.8.2 Members in CHOICES Group 1 (who are residents of a nursing facility) and who are under the age of twenty-one (21) and have requested to transition home will be provided coordination of care by CHOICES and MCO Case Management staff (see Section 2.9.5.4.1).

6. Section 2.9.6.8 shall be amended by adding a new Section 2.9.6.8.16 and renumbering the remaining Sections accordingly including any references thereto.

2.9.6.8.16 Ongoing CHOICES HCBS and any medically necessary covered home health or private duty nursing services needed by the member shall be initiated immediately upon transition from a nursing facility (i.e., CHOICES Group 1) to the community (i.e., CHOICES Group 2) and as of the effective date of transition with no gaps between the member's receipt of nursing facility services and ongoing CHOICES HCBS.

7. Section 2.9.6.9.1.1.1 shall be deleted and replaced as follows:

2.9.6.9.1.1.1 Develop protocols and processes to work with nursing facilities to coordinate the provision of care. At minimum, a care coordinator assigned to a resident of the nursing facility shall participate in quarterly Grand Rounds (as defined in Section 1). At least two of the Grand Rounds per year shall be conducted on-site in the facility, and the Grand Rounds shall identify and address any member who 1) has experienced a potential significant change in needs or circumstances (see Section 2.9.6.9.1.1.5); 2) the nursing facility or MCO has expressed concerns; or 3) is under the age of twenty-one (21).

8. Section 2.9.6.9.4.3.6 shall be amended by adding new text as follows:

2.9.6.9.4.3.6 Members in CHOICES Group 1 (who are residents of a nursing facility) and who are twenty-one years of age and older shall receive a face-to-face visit from their care coordinator at least twice a year with an interval of at least one-hundred and twenty (120) days between visits. Members in CHOICES Group 1 (who are residents of a nursing facility) who are under the age of twenty-one (21) shall receive a face-to-face visit from their care coordinator at least quarterly with an interval of at least sixty (60) days between visits.

9. Section 2.9.6.9.4.3 shall be amended by adding a new Section 2.9.6.9.4.3.8 and renumbering the remaining Sections accordingly including any references thereto.

2.9.6.9.4.3.8 Members in CHOICES Group 2 participating in MFP shall, for at least the first ninety (90) days following transition to the community, be visited in their residence face-to-face by their care coordinator at least monthly with an interval of at least fourteen (14) days between contacts to ensure that the plan of care is being followed, that the plan of care continues to meet the member's needs, and the member has successfully transitioned back to the community. Thereafter, for the remainder of the member's MFP participation period, minimum contacts shall be as described in 2.9.6.9.4.3.7 unless more frequent contacts are required based on the member's needs and circumstances and as reflected in the member's plan of care, or based on a significant change in circumstances (see Sections 2.9.6.9.2.1.16. and 2.9.8.4.5) or a short-term nursing facility stay (see Sections 2.9.8.8.5 and 2.9.8.8.7).

10. The punctuation at the end of Sections 2.9.6.9.6.3.4 and 2.9.6.9.6.3.5 shall be amended as follows:

2.9.6.9.6.3.4 For members in CHOICES Group 2, a completed risk assessment and a risk agreement signed and dated by the member or his/her representative; and

2.9.6.9.6.3.5 For members in CHOICES Group 2, the cost neutrality cap provided by TENNCARE, and a determination by the CONTRACTOR that the projected cost of CHOICES HCBS, home health, and private duty nursing services will not exceed the member's cost neutrality cap.

11. Section 2.9.6.12.4 shall be deleted and replaced as follows:

2.9.6.12.4 The CONTRACTOR shall require and shall conduct readiness review activities as necessary to confirm that the EVV system vendor has a plan in place and will be compliant with all Version 5010 and ICD-10 coding requirements in a timely manner;

12. Section 2.9.6 shall be amended by adding a new Section 2.9.6.13 as follows:

2.9.6.13 TPAES

2.9.6.13.1 The CONTRACTOR shall use the TENNCARE PreAdmission Evaluation System (TPAES) to facilitate submission of all PreAdmission Evaluation (i.e., level of care) applications, including required documentation pertaining thereto, and to facilitate enrollments into and transitions between LTC programs, including CHOICES. The CONTRACTOR shall comply with all data entry and tracking processes and timelines established by TENNCARE in policy or protocol in order to ensure efficient and effective administration and oversight of the CHOICES program.

13. Section 2.9.7.4.3 shall be amended by adding new Sections 2.9.7.4.3.2 through 2.9.7.4.3.4 as follows:

2.9.7.4.3.2 If a member electing to participate in consumer direction refuses to receive eligible CHOICES HCBS from contract providers while services are initiated through consumer direction, the decision must be documented on a signed and dated Consumer Direction Participation Form. The CONTRACTOR shall not encourage a member to forego receipt of eligible CHOICES HCBS from contract providers while these HCBS are being initiated through consumer direction.

2.9.7.4.3.3 For any CHOICES Group 2 member electing to participate in consumer direction that refuses to receive eligible CHOICES HCBS from contract providers while services are initiated through consumer direction, the member's care coordinator shall visit the member face to face at least monthly to ensure that the member's needs are safely met, and shall continue to offer eligible CHOICES HCBS through contract providers.

2.9.7.4.3.4 If eligible CHOICES HCBS are not initiated within sixty (60) days following referral to the FEA, the CONTRACTOR shall notify the member that eligible CHOICES HCBS must be initiated by contract providers unless these HCBS are not needed on an ongoing basis in order to safely meet the member's needs in the community, in which case, the CONTRACTOR shall submit documentation to TENNCARE to begin the process of disenrollment from CHOICES Group 2.

14. Section 2.9.7.4.4 shall be amended as follows:

2.9.7.4.4 Except as specified in 2.9.7.4.3.2. and in accordance with requirements pertaining thereto, the CONTRACTOR shall be responsible for providing all needed eligible CHOICES HCBS using contract providers, including a back-up plan for such services, until all necessary requirements have been fulfilled in order to implement consumer direction of eligible CHOICES HCBS, including but not limited to: the

FEA verifies that workers for these services meet all necessary requirements (see Section 2.9.7.6.1 of this Agreement); service agreements are completed and signed; and authorizations for consumer directed services are in place. The CONTRACTOR, in conjunction with the FEA, shall facilitate a seamless transition between contract providers and workers and ensure that there are no interruptions or gaps in services.

15. Section 2.9 shall be amended by adding a new Section 2.9.8 and renumbering the remaining sections of 2.9 accordingly, including any references thereto.

2.9.8 Money Follows the Person (MFP) Rebalancing Demonstration

2.9.8.1 General

The MFP Rebalancing Demonstration provisions set forth in this Agreement, including but not limited to this Section 2.9.8 and MFP reporting requirements in Section 2.30 shall not apply to TennCare Select unless TENNCARE notifies the CONTRACTOR otherwise. Should TENNCARE assign enrollees to TennCare Select in accordance with this Contract, including Section 2.4.4.3.4, to serve as a backup if other MCOs fail or are deemed by TENNCARE to have inadequate MCO capacity, TENNCARE will notify TennCare Select of the applicability of the MFP provisions.

2.9.8.1.1 The CONTRACTOR shall, in accordance with this Agreement and federal and State laws, regulations, policies and protocols, assist Eligible Individuals living in a Qualified Institution in transitioning to a Qualified Residence in the community under the State's MFP Rebalancing Demonstration (MFP).

2.9.8.1.2 Eligible Individuals transitioning to a Qualified Residence in the community and consenting to participate in MFP shall be transitioned from CHOICES Group 1 into CHOICES Group 2 pursuant to TENNCARE policies and protocols for Nursing Facility-to-community transitions and shall also be enrolled into MFP. For persons enrolled in CHOICES who are also participating in MFP, the CONTRACTOR shall comply with all applicable provisions of this Agreement pertaining to the CHOICES program. This section sets forth additional requirements pertaining to the CONTRACTOR's responsibilities specifically as it relates to MFP.

2.9.8.1.3 For CHOICES Group 1 members not eligible to participate in MFP or who elect not to participate in MFP, the CONTRACTOR shall nonetheless facilitate transition to the community as appropriate and in accordance with 2.9.6.8.

2.9.8.1.4 The CONTRACTOR shall not delay a CHOICES Group 1 member's transition to the community in order to meet the ninety (90)-day minimum stay in a Qualified Institution established under ACA and enroll the person into MFP.

2.9.8.2 Identification of MFP Participants

2.9.8.2.1 The CONTRACTOR shall identify members who may have the ability and/or desire to transition from a nursing facility to the community in accordance with Section 2.9.6.8.

Amendment 26 (cont.)

- 2.9.8.2.2 The CONTRACTOR shall assess all nursing facility residents transitioning from the NF to CHOICES Group 2 for participation in MFP. This includes CHOICES Group 1 members referred for transition, as well as nursing facility residents referred for CHOICES who are not yet enrolled in CHOICES Group 1 but may be determined eligible for Group 1, and who have expressed a desire to move back into the community. However, the resident must actually be enrolled into Group 1 in order to qualify for MFP.
- 2.9.8.2.3 Members may only elect to participate in MFP and the CONTRACTOR may only enroll a member into MFP prior to the member's transition from the nursing facility to the community. Members will not be eligible to enroll in MFP if they have already transitioned out of the nursing facility.
- 2.9.8.3. Eligibility/Enrollment into MFP
- 2.9.8.3.1 Member participation in MFP is voluntary. Members may deny consent to participate in MFP or may withdraw consent to participate in MFP at any time without affecting their enrollment in CHOICES.
- 2.9.8.3.2 If a member withdraws from MFP, he cannot participate in MFP again without meeting the eligibility requirements for enrollment into MFP (e.g., following a ninety (90)-day stay in a Qualified Institution).
- 2.9.8.3.3 Only CHOICES Group 1 members who qualify to enroll in CHOICES Group 2 shall be eligible to transition to Group 2 and enroll into MFP.
- 2.9.8.3.4 In addition to facilitating transition from CHOICES Group 1 to CHOICES Group 2 pursuant to Section 2.9.6.8 of this Agreement and TENNCARE's policies and protocols, the CONTRACTOR shall facilitate the enrollment of Eligible Individuals who consent into MFP.
- 2.9.8.3.5 The member's care coordinator or, if the CONTRACTOR elects to use transition teams, a person who meets the qualifications of a care coordinator shall, using information provided by TENNCARE, provide each potential MFP participant with an overview of MFP and answer any questions the participant has. The CONTRACTOR shall have each potential MFP participant or his authorized representative, as applicable, sign an MFP Informed Consent Form affirming that such overview has been provided by the CONTRACTOR and documenting the member's decision regarding MFP participation.
- 2.9.8.3.6 Once a potential MFP participant has consented to participate in MFP, the CONTRACTOR shall notify TENNCARE within two (2) business days via the Tennessee PreAdmission Evaluation System (TPAES) unless otherwise directed by TENNCARE, and shall maintain supporting documentation as specified by TENNCARE that shall be made available to TENNCARE upon request.
- 2.9.8.3.7 The CONTRACTOR shall verify that each potential MFP participant is an Eligible Individual and shall provide attestation thereof to TENNCARE. The CONTRACTOR shall enter all required data elements into TPAES unless otherwise directed by TENNCARE, and shall maintain supporting documentation as specified by TENNCARE that shall be made available to TENNCARE upon request.

Amendment 26 (cont.)

- 2.9.8.3.8 The CONTRACTOR shall verify that each potential MFP participant will transition into a Qualified Residence in the community and shall provide attestation thereof to TENNCARE. The CONTRACTOR shall enter all required data elements into TPAES unless otherwise directed by TENNCARE and shall maintain supporting documentation as specified by TENNCARE that shall be made available to TENNCARE upon request.
- 2.9.8.3.9 Final determinations regarding whether a member can enroll into MFP shall be made by TENNCARE based on information provided by the CONTRACTOR.
- 2.9.8.3.10 TENNCARE may request and the CONTRACTOR shall submit in a timely manner additional documentation as needed to make such determination. Documentation submitted by the CONTRACTOR may be verified, to the extent practicable, by other information, either prior or subsequent to enrollment in MFP, including eligibility, claims and encounter data.
- 2.9.8.4 Participation in MFP
- 2.9.8.4.1 The participation period for MFP is 365 days. This includes all days during which the member resides in the community, regardless of whether CHOICES HCBS are received each day. Days are counted consecutively except for days during which the member is admitted to an inpatient facility.
- 2.9.8.4.2 The participation period for MFP does not include any days during which the member is admitted to an inpatient facility.
- 2.9.8.4.3 MFP participation will be “suspended” in the event a member is re-admitted for a short-term inpatient facility stay. Member will not have to re-qualify for MFP regardless of the number of days the member is in the inpatient facility, and shall be re-instated in MFP upon return to a Qualified Residence in the community.
- 2.9.8.4.4 It may take longer than 365 calendar days to complete the 365-day MFP participation period days since a member’s participation period may be interrupted by one or more inpatient facility stays.
- 2.9.8.4.5 For MFP participants, a significant change in circumstances (see 2.9.6.9.2.1.16.) shall include any admission to an inpatient facility, including a hospital, psychiatric hospital, PRTF, nursing facility or Medicare-certified Skilled Nursing Facility. The member’s Care Coordinator shall (pursuant to 2.9.6.2.4) visit the member face-to-face within five (5) business days of any inpatient facility admission and shall assess the member’s needs, conduct a comprehensive needs assessment and update the member’s plan of care, including the member’s Risk Agreement, as deemed necessary based on the member’s needs and circumstances. If the visit is conducted in the inpatient facility, the CONTRACTOR may elect to have someone who meets the qualifications of a Care Coordinator complete the required face-to-face visit and conduct a comprehensive needs assessment, in which case, the qualified individual conducting the face-to-face visit shall coordinate with the member’s Care Coordinator to update the member’s plan of care, including the member’s Risk Agreement, as deemed necessary based on the member’s needs and circumstances.

Amendment 26 (cont.)

- 2.9.8.4.6 The CONTRACTOR shall review the circumstances which resulted in the inpatient facility admission and shall evaluate whether the services and supports provided to the member are sufficient to safely meet his needs in the community such that continued participation in CHOICES Group 2 and in MFP is appropriate.
- 2.9.8.4.7 The CONTRACTOR shall notify TENNCARE within five (5) business days of admission any time a member is admitted to an inpatient facility. Such notification shall be made via TPAES unless otherwise directed by TENNCARE. The CONTRACTOR shall maintain supporting documentation as specified by TENNCARE that shall be made available to TENNCARE upon request.
- 2.9.8.4.7.1. For purposes of MFP, admission for observation (which is not considered inpatient care) shall not be considered admission to an inpatient facility. Nor shall participation in MFP be suspended during observation days.
- 2.9.8.4.8 The CONTRACTOR shall be involved in discharge planning on behalf of any MFP participant admitted to an inpatient facility.
- 2.9.8.4.9 The CONTRACTOR shall notify TENNCARE within two (2) business days when an MFP participant is discharged from a short-term stay in an inpatient facility. Such notification shall include whether the member is returning to the same Qualified Residence in which he lived prior to the inpatient stay, or a different residence which shall also be a Qualified Residence. Such notification shall be made via TPAES unless otherwise directed by TENNCARE. The CONTRACTOR shall maintain supporting documentation as specified by TENNCARE that shall be made available to TENNCARE upon request.
- 2.9.8.4.10 If at any time during the member's participation in MFP, the member changes residences, including instances in which the change in residences occurs upon discharge from an inpatient facility stay, the CONTRACTOR shall: 1) notify TENNCARE within two (2) business days of the change in residence; 2) verify that the new residence is a Qualified Residence; and 3) provide attestation thereof to TENNCARE. The CONTRACTOR shall enter all required data elements into TPAES unless otherwise directed by TENNCARE, and shall maintain supporting documentation as specified by TENNCARE that shall be made available to TENNCARE upon request.
- 2.9.8.4.11 The CONTRACTOR shall track the member's residency throughout the 365-day MFP participation period. In addition, the CONTRACTOR shall, for purposes of facilitating completion of Quality of Life surveys, continue to track MFP participants' residency for two (2) years following transition to the community which may be up to one (1) year following completion of the MFP participation period, or until the member is no longer enrolled in the CONTRACTOR's health plan.
- 2.9.8.4.12 The CONTRACTOR shall, using a template provided by TENNCARE, issue a written notice of MFP participation to each member enrolled in MFP which shall not occur prior to transition from CHOICES Group 1 to CHOICES Group 2. Such notice shall be issued within ten (10) business days of notification from TENNCARE via

Amendment 26 (cont.)

the outbound 834 enrollment file furnished by TENNCARE to the CONTRACTOR that the member is enrolled in MFP.

2.9.8.4.13 The CONTRACTOR shall, using a template provided by TENNCARE, issue a written notice to each member upon conclusion of the 365-day participation period. Such notice shall be issued within ten (10) business days of notification from TENNCARE via the outbound 834 enrollment file furnished by TENNCARE to the CONTRACTOR that the member is no longer enrolled in MFP.

2.9.8.4.14 A member who successfully completes 365-day participation period for MFP and is subsequently re-institutionalized may qualify to participate in MFP again but must first meet the "Eligible Individual" criteria. There shall be a minimum of ninety (90) days between MFP participation occurrences. Prior to enrollment in a second MFP occurrence, the care coordinator shall assess the reason for the re-institutionalization to determine if the member is an appropriate candidate for re-enrollment in MFP and if so, shall develop a plan of care (including a Risk Agreement) that will help to ensure that appropriate supports and services are in place to support successful transition and permanency in the community.

2.9.8.5 Plan of Care

2.9.8.5.1 For members participating in the MFP, the Plan of Care shall reflect that the member is an MFP participant, including the date of enrollment into MFP (i.e., date of transition from CHOICES Group 1 to CHOICES Group 2).

2.9.8.5.2 Upon conclusion of the member's 365-day participation period in MFP, the Plan of Care shall be updated to reflect that he is longer participating in MFP.

2.9.8.6 Services

2.9.8.6.1 A member enrolled in MFP shall be simultaneously enrolled in CHOICES Group 2 and shall be eligible to receive covered benefits as described in 2.6.1.

2.9.8.7 Continuity of Care

2.9.8.7.1 Upon completion of a person's 365-day participation in MFP, services (including CHOICES HCBS) shall continue to be provided in accordance with the covered benefits described in 2.6.1 and the member's plan of care. Transition from participation in MFP and CHOICES Group 2 to participation only in CHOICES Group 2 shall be seamless to the member, except that the CONTRACTOR shall be required to issue notice of the member's conclusion of his 365-day MFP participation period.

2.9.8.8 Short-Term Nursing Facility Stay

2.9.8.8.1 A CHOICES Group 2 member may be admitted for an inpatient short-term nursing facility stay for up to ninety (90) days and remain enrolled in CHOICES Group 2 (see Section 2.6.1.5.4). The CONTRACTOR shall ensure that the member is transitioned

Amendment 26 (cont.)

from Group 2 to Group 1 at any time: a) it is determined that the stay will not be short-term and the member will not transition back to the community; and b) prior to exhausting the ninety (90) day short-term nursing facility benefit covered for CHOICES Group 2 members (see Section 2.9.6.8.23.4).

- 2.9.8.8.2 A CHOICES Group 2 member participating in MFP may be admitted for an inpatient short-term nursing facility stay during his 365-day participation period and remain enrolled in MFP regardless of the number of days the member is admitted for inpatient facility care.
- 2.9.8.8.3 MFP participants admitted for short-term nursing facility stays shall be re-instated in MFP upon discharge and return to a Qualified Residence in the community. The member is not required to meet the ninety (90) day residency requirement criteria for re-instatement into MFP.
- 2.9.8.8.4 If the short-term stay will exceed ninety (90) days, the CONTRACTOR shall facilitate transition from CHOICES Group 2 to CHOICES Group 1.
- 2.9.8.8.5 The member's care coordinator shall monitor the member's inpatient stay and shall visit the member face-to-face at least monthly during the inpatient stay or more frequently as necessary to facilitate timely and appropriate discharge planning.
- 2.9.8.8.6 The CONTRACTOR shall conduct a Transition Assessment and develop a Transition Plan (see Section 2.9.6.8) as necessary to facilitate the member's return to the community. Such assessment shall include a review of the circumstances which resulted in the nursing facility admission and shall evaluate whether the services and supports provided to the member are sufficient to safely meet his needs in the community such that transition back to CHOICES Group 2 and continued participation in MFP is appropriate. The CONTRACTOR shall update the member's plan of care, including the member's Risk Agreement, as deemed necessary based on the member's needs and circumstances.
- 2.9.8.8.7 Upon discharge from the short-term stay, within one (1) business day, the care coordinator shall visit the member in his/her Qualified Residence. During the ninety (90) days following transition and re-instatement into MFP, the care coordinator shall conduct monthly face-to-face in-home visits to ensure that the plan of care is being followed, that the plan of care continues to meet the member's needs, and the member has successfully transitioned back to the community.
- 2.9.8.8.8 MFP participants admitted for short-term nursing facility stays shall be re-instated in MFP upon discharge and return to a Qualified Residence in the community. The member is not required to meet the ninety (90) day residency requirement criteria for re-instatement into MFP.
- 2.9.8.8.9 Days that are spent in an inpatient facility, including short-term nursing facility stays, do not count as part of the member's 365-day MFP participation period.

Amendment 26 (cont.)

2.9.8.9 TPAES

2.9.8.9.1 The CONTRACTOR shall use the TENNCARE PreAdmission Evaluation System (TPAES) to facilitate enrollments into and transitions between LTC programs, including CHOICES and the State's MFP Rebalancing Demonstration (MFP), and shall comply with all data collection processes and timelines established by TENNCARE in policy or protocol in order to gather data required to comply with tracking and reporting requirements pertaining to MFP. This shall include (but is not limited to) attestations pertaining to Eligible Individual and Qualified Residence, changes of residence, inpatient facility admissions and discharges, reasons for re-institutionalization, and reasons for disenrollment from MFP.

2.9.8.10 IT requirements

2.9.8.10.1 Pursuant to Section 2.23 of this Agreement, the CONTRACTOR shall modify its information systems to accommodate, accept, load, utilize and facilitate accurate and timely reporting on information submitted to by TENNCARE via the outbound 834 file that will identify MFP participants, as well as those MFP participants in suspended status during an inpatient admission.

2.9.8.11 Case Management System

2.9.8.11.1 The CONTRACTOR's case management system (see Section 2.9.6.12.6) shall identify persons enrolled in MFP and shall generate reports and management tools as needed to facilitate and monitor compliance with contract requirements and timelines.

2.9.8.12 MFP Readiness Review

2.9.8.12.1 Prior to implementation of MFP, as determined by TENNCARE, the CONTRACTOR shall demonstrate to TENNCARE's satisfaction that the CONTRACTOR is able to meet all of the requirements pertaining to MFP set forth in this Agreement.

2.9.8.12.2 The CONTRACTOR shall cooperate in a "readiness review" conducted by TENNCARE to review the CONTRACTOR's readiness to fulfill its obligations regarding MFP in accordance with the Agreement. This review may include, but is not limited to, desk and on-site review of documents provided by the CONTRACTOR, a walk-through of the CONTRACTOR's operations, system demonstrations (including systems connectivity testing), and interviews with CONTRACTOR's staff. The scope of the review may include any and all MFP requirements of the Agreement as determined by TENNCARE.

2.9.8.12.3 Based on the results of the review activities, TENNCARE will issue a letter of findings and, if needed, will request a corrective action plan from the CONTRACTOR.

Amendment 26 (cont.)

2.9.8.13 MFP Benchmarks

2.9.8.13.1 The CONTRACTOR shall assist TENNCARE in meeting the five (5) annual benchmarks established for the MFP Rebalancing Demonstration which are described below in Sections 2.9.8.13.1.1 through 2.9.8.13.1.5.

2.9.8.13.1.1 *Benchmark # 1: Number of Persons Transitioned*

2.9.8.13.1.1.1 Assist the projected number of eligible individuals in each target group in successfully transitioning from an inpatient facility to a qualified residence during each year of the demonstration. Projected numbers:

Calendar Year	# of Elderly Transitioned	# of Disabled Adults Transitioned
2011	27	23
2012	206	169
2013	261	214
2014	261	214
2015	234	191
2016	206	169

2.9.8.13.1.1.2 Immediately prior to implementation of MFP and at the beginning of each calendar year thereafter, statewide calendar year numbers for benchmark #1 will be allocated on a regional basis to each MCO operating in the region, based on the number of persons in CHOICES Group 1. For purposes of incentive payments (see Section 3.11), achievement of this benchmark shall be determined on a regional basis by MCO.

2.9.8.13.1.2 *Benchmark #2: Qualified Expenditures for HCBS*

2.9.8.13.1.2.1 Increase the amount and percentage of Medicaid spending for qualified home and community based long-term care services during each year of the demonstration.

2.9.8.13.1.2.2 For purposes of incentive payments (see Section 3.11), achievement of this benchmark shall be determined on a statewide basis.

2.9.8.13.1.3 *Benchmark #3: Increased Amount and Percentage of HCBS Participants*

2.9.8.13.1.3.1 Increase the number and percentage of individuals who are elderly and adults with physical disabilities receiving Medicaid-reimbursed long-term care services in home and community based (versus institutional) settings during each year of the demonstration.

2.9.8.13.1.3.2 For purposes of incentive payments (see Section 3.11), achievement of this benchmark shall be determined on a regional basis by MCO.

Amendment 26 (cont.)

2.9.8.13.1.4 *Benchmark #4: Increase Unduplicated Contracted Community Based Residential Alternative*

2.9.8.13.1.4.1 Increase the number of unduplicated licensed CBRA's contracted with MCOs Statewide to provide HCBS in the CHOICES program during each year of the demonstration. Providers enrolled with more than one (MCO) or in more than one region shall only be counted once. Proposed numbers:

Calendar Year	# of MCO Contracted CBRA's Statewide
2011	70
2012	74
2013	78
2014	82
2015	86
2016	90

2.9.8.13.1.4.2 For purposes of incentive payments (See Section 3.11), achievement of this benchmark shall be determined on a statewide basis.

2.9.8.13.1.5 *Benchmark #5: Increase Participation in Consumer Direction*

2.9.8.13.1.5.1 Increase the number of persons receiving Medicaid-reimbursed HCBS participating in consumer direction for some or all services during each year of the demonstration. Projected numbers:

Calendar Year	# in Consumer Direction
2011	450
2012	750
2013	1,000
2014	1,250
2015	1,400
2016	1,500

2.9.8.13.1.5.2 Immediately prior to implementation of MFP and at the beginning of each calendar year thereafter, statewide calendar year numbers for benchmark #5 will be allocated on a regional basis to each MCO operating in the region, based on the number of persons in CHOICES Group 2. For purposes of incentive payments (see Section 3.11), achievement of this benchmark shall be determined on a regional basis by MCO.

16. Section 2.18.6.5 shall be deleted and replaced as follows:

2.18.6.5 The CONTRACTOR shall develop and implement a training plan to educate long-term care providers regarding compliance with all Version 5010 and ICD-10 coding requirements;

17. Section 2.21.4.1.4 shall be amended by deleting obsolete references and shall read as follows:

2.21.4.1.4 The claims specified in Section 2.21.4.1.3 shall be paid at the time presented for payment by the provider and the CONTRACTOR shall bill the responsible third party.

18. The introductory paragraph of Section 2.30.6.4 shall be deleted and replaced as follows:

2.30.6.4 The CONTRACTOR shall submit a quarterly *CHOICES Nursing Facility to Community Transition Report*. Upon notification from TENNCARE, MFP participants (see 2.9.6.8) shall be identified separately for each data element described herein. The report shall include information, by month, on specified measures, which shall include but not be limited to the following:

19. The introductory paragraph of Section 2.30.6.5 shall be deleted and replaced as follows:

2.30.6.5 Upon enrollment of CHOICES Group 2 or 3 members (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), the CONTRACTOR shall submit a monthly *CHOICES HCBS Late and Missed Visits Report* for CHOICES members regarding the following CHOICES HCBS: personal care, attendant care, homemaker services, and home-delivered meals. The report shall include information on specified measures, which shall include but not be limited to the following:

20. The introductory paragraph of Section 2.30.6.6 shall be deleted and replaced as follows:

2.30.6.6 Upon enrollment of CHOICES Group 2 or 3 members (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), the CONTRACTOR shall submit a quarterly CHOICES Consumer Direction of HCBS Report. MFP participants (see 2.9.6.8) shall be identified separately for each data element described herein. The report shall include current information, by month, on specified measures, which shall include but not be limited to the following:

21. Section 2.30.6.6 shall be amended by adding a new Item (9) as follows:

- (9) The total number and the name, SSN, and phone number, and the authorized representative name and phone number, if applicable, of each member referred to the FEA (for enrollment into consumer direction) that has indicated on his Consumer Direction Participation Form that he does not wish to receive HCBS from contract providers pending enrollment into consumer direction, including the member's date of enrollment in CHOICES Group 2, the date of referral to the FEA for consumer direction, and the total number of days that HCBS have not been received by each member.

22. Section 2.30.6 shall be amended by adding a new Section 2.30.6.8 and renumbering the remaining Sections accordingly, including any references thereto.

2.30.6.8 Upon notification from TENNCARE, the CONTRACTOR shall submit a quarterly ~~MFP Participants Report~~. The report shall include information on specified measures, which shall include but not be limited to the following:

- (1) The total number and the name and SSN of each CHOICES Group 2 member enrolled into MFP;
- (2) The date of each member's transition to the community (or for persons enrolled in MFP upon enrollment to the CONTRACTOR's health plan, the date of enrollment into the CONTRACTOR's health plan);
- (3) Each member's current place of residence including physical address and type of Qualified Residence;
- (4) The date of the last care coordination visit to each member;
- (5) Any inpatient facility stays during the quarter, including the member's name and SSN type of Qualified Institution, dates of admission and discharge, and the reason for admission; and
- (6) The total number and name and SSN of each member disenrolled from MFP during the quarter, including the reason for disenrollment.

The CONTRACTOR shall submit its first report following the end of calendar year 2011.

23. Section 2.30.10.5 shall be deleted and replaced as follows:

2.30.10.5 The CONTRACTOR shall submit a monthly *CHOICES Utilization Report*. Upon notification from TENNCARE, MFP participants (see 2.9.6.8) shall be identified separately for each data element described herein. The report shall be submitted on a monthly basis with a one (1) month lag period (e.g., March information sent in the May report) and shall include a summary overview that includes the number of CHOICES member who have not received any long-term care services within thirty (30) to fifty-nine (59) days, within sixty (60) to eighty-nine (89) days, or in ninety (90) days or more. The report shall also include detailed member data for members who have not received services in the last thirty (30) days, including the member's name, social security number, CHOICES group, and CHOICES enrollment date; date of last long-term care service; length of time without long-term care services; whether and when long-term care services will resume; and the reason/explanation why the member has not received long-term care services.

24. Section 2.30.10.6 shall be deleted in its entirety and the remaining Sections shall be renumbered accordingly, including any references thereto.

25. The introductory paragraph of Section 2.30.11.6 shall be deleted and replaced as follows:

2.30.11.6 Upon enrollment of members in CHOICES Group 2 and/or 3 (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), the CONTRACTOR shall submit a quarterly CHOICES HCBS Critical Incidents Report (see Section 2.15.7). MFP participants (see 2.9.6.8) shall be identified separately for each data element described herein. The report shall provide information, by month regarding specified measures, which shall include but not be limited to the following:

26. The introductory paragraph of Section 2.30.16.4 shall be deleted and replaced as follows:

2.30.16.4 Upon enrollment of members in CHOICES Group 2 and/or 3 (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3), the CONTRACTOR shall submit a quarterly CHOICES Cost Effective Alternative Services Report that provides information on cost effective alternative services provided to CHOICES members (see Section 2.6.5.2). MFP participants (see 2.9.6.8) shall be identified separately for each data element described herein. The report shall provide information regarding specified measures, including but not limited to the following:

27. The liquidated damage chart in Section 5.20.2.2.7 shall be amended by adding new damages A.27 through A.30 as follows:

A.27	Failure to process a transition referral, including completion of a face-to-face transition screening and assessment and development of a transition plan timely and in accordance with 2.9.6.8 and TENNCARE policy and protocols	\$500 per occurrence
------	---	----------------------

Amendment 26 (cont.)

<p>A.28</p>	<p>Failure to initiate CHOICES HCBS or for children under age 21, EPSDT benefits provided as an alternative to nursing facility care in accordance with the member's plan of care and to ensure that such HCBS or EPSDT benefits are in place immediately upon transition from a nursing facility to the community for any person transitioning from a nursing facility (i.e., CHOICES Group 1) to the community (i.e., CHOICES Group 2), including persons enrolled in MFP (see Sections 2.9.5.4.1.5 and 2.9.6.8.16)</p>	<p>\$500 per day for each day that HCBS are not in place following transition from a nursing facility (i.e., CHOICES Group 1) to the community (i.e., CHOICES Group 2) in addition to the cost of services not provided</p>
<p>A.29</p>	<p>Failure to complete in a timely manner minimum care coordination contacts required for persons transitioned from a nursing facility to CHOICES Group 2, including post-discharge and following a significant change in circumstances (see Sections 2.9.6 and 2.9.8)</p>	<p>\$500 per occurrence</p>

<p>A.30</p>	<p>Failure to submit complete and accurate data into TPAES pertaining to MFP, or to comply with all data collection processes and timelines established by TENNCARE in policy or protocol in order to gather data required to comply with tracking and reporting requirements pertaining to MFP. This shall include (but is not limited to) attestations pertaining to Eligible Individual and Qualified Residence, changes of residence, inpatient facility admissions and discharges, reasons for re-institutionalization, and reasons for disenrollment from MFP.</p>	<p>\$500 per occurrence</p>
--------------------	--	-----------------------------

29. Attachment I shall be deleted and replaced in its entirety as follows:

**ATTACHMENT I
BEHAVIORAL HEALTH SPECIALIZED SERVICE DESCRIPTIONS**

The CONTRACTOR shall provide medically necessary mental health case management and psychiatric rehabilitation services according to the requirements herein.

All behavioral health services shall be rendered in a manner that supports the recovery of persons experiencing mental illness and enhance the development of resiliency of children and families who are impacted by mental illness, serious emotional disturbance, and/or substance abuse issues. Recovery is a consumer driven process in which consumers are able to work, learn and participate fully in their communities. Recovery is the ability to live a fulfilling and productive life [with] a disability.

SERVICE	Mental Health Case Management
----------------	--------------------------------------

DEFINITION

Mental health case management is a supportive service provided to enhance treatment effectiveness and outcomes with the goal of maximizing resilience and recovery options and natural supports for the individual. Mental health case management is consumer-centered, consumer focused and strength-based,

Amendment 26 (cont.)

with services provided in a timely, appropriate, effective, efficient and coordinated fashion. It consists of activities performed by a team or a single mental health case manager to support clinical services. Mental health case managers assist in ensuring the individual/family access to services.

Mental health case management requires that the mental health case manager and the individual and/or family have a strong productive relationship which includes viewing the individual/family as a responsible partner in identifying and obtaining the necessary services and resources. Services rendered to children and youth shall be consumer-centered and family-focused with case managers working with multiple systems (e.g. education, child welfare, juvenile justice). Mental health case management is provided in community settings, which are accessible and comfortable to the individual/family. The service should be rendered in a culturally competent manner and be outcome driven. Mental health case management shall be available 24 hours a day, 7 days a week. The service is not time limited and provides the individual/family the opportunity to improve their quality of life.

The CONTRACTOR shall ensure mental health case management is rendered in accordance with all of the service components and guidelines herein.

SERVICE DELIVERY

The CONTRACTOR shall:

- Determine caseload size based on an average number of individuals per case manager, with the expectation being that case managers will have mixed caseloads of clients and flexibility between Levels 1 and 2 (Levels 1 and 2 are defined below); and
- Ensure that caseload sizes and minimum contacts are met as follows:

Case Management Type	Maximum Caseload Size	Minimum Face-to-Face Contacts
Level 1 (Non-Team Approach)*	25 individuals:1 case manager	One (1) contact per week
Level 1 (Team Approaches):		
Adult CTT	20 individuals:1 team 20 individuals:1 case manager	One (1) contact per week
Children & Youth (C&Y) CTT	15 individuals:1 team 15 individuals:1 case manager	One (1) contact per week
CCFT	15 individuals:1 team 15 individuals:1 case manager	One (1) contact per week
ACT	100 individuals:1 team 15 individuals:1 case manager	One (1) contact per week
PACT	100 individuals:1 team 15 individuals:1 case manager	One (1) contact per week
Level 2*	35 individuals:1 case manager	Two (2) contacts per month

*For case managers having a combination of Level 1 & Level 2 (non-team) individuals, the maximum caseload size shall be no more than 30 individuals:1 case manager.

The CONTRACTOR shall ensure that the following requirements are met:

Amendment 26 (cont.)

- 1) All mental health case managers shall have, at a minimum, a bachelor's degree or be licensed as a Registered Nurse;
- 2) Supervisors shall maintain no greater than a 1:30 supervisory ratio with mental health case managers;
- 3) Mental health case managers who are assigned to both a parent(s) and child in the same family, should have skills and experience needed for both ages; mental health case managers who are assigned to individuals with co-occurring disorders (mental illness and substance abuse disorders) should have the skills and experience to meet the needs of these individuals;
- 4) Fifty-one percent (51%) of all mental health case management services should take place outside the case manager's office;
- 5) The children and youth (C&Y) (under age eighteen (18)) mental health case management model shall provide a transition from C&Y services into adult services, including adult mental health case management services. The decision to serve an 18-year old youth via the C&Y case management system versus the adult system shall be a clinical one made by a provider. Transition from children's services, including mental health case management, shall be incorporated into the child's treatment plan; and
- 6) All mental health case management services shall be documented in a treatment plan. Mental health case management activities are correlated to expected outcomes and outcome achievement and shall be monitored, with progress being noted periodically in a written record.

Level 1

Level 1 mental health case management is the most intense level of service. It provides frequent and comprehensive support to individuals with a focus on recovery and resilience. The CONTRACTOR shall ensure the provision of level 1 mental health case management to the most severely disabled adults and emotionally disturbed children and youth, including individuals who are at high risk of future hospitalization or placement out of the home and require both community support and treatment interventions. Level 1 mental health case management can be rendered through a team approach or by individual mental health case managers. Team approaches may include such models as ACT, CTT, CCFT and PACT, as described below:

Assertive Community Treatment (ACT)

ACT is a way of delivering comprehensive and effective services to adults diagnosed with severe mental illness and who have needs that have not been well met by traditional approaches to delivering services. The principles of ACT include:

- 1) Services targeted to a specific group of individuals with severe mental illness;
- 2) Treatment, support and rehabilitation services provided directly by the ACT team;
- 3) Sharing of responsibility between team members and individuals served by the team;
- 4) Small staff (all team staff including case managers) to individual ratios (approx. 1 to 10);
- 5) Comprehensive and flexible range of treatment and services;
- 6) Interventions occurring in community settings rather than in hospitals or clinic settings;
- 7) No arbitrary time limit on receiving services;
- 8) Individualized treatment, support and rehabilitation services;
- 9) Twenty-four (24) hour a day availability of services; and
- 10) Engagement of individuals in treatment and monitoring.

Continuous Treatment Team (CTT)

CTT is a coordinated team of staff (to include physicians, nurses, case managers, and other therapists as needed) who provide a range of intensive, integrated mental health case management, treatment, and rehabilitation services to adults and children and youth. The intent is to provide intensive treatment to families of children and youth with acute psychiatric problems in an effort to prevent removal from the home to a more restrictive level of care. An array of services are delivered in the home or in natural settings in the community, and are provided through a strong partnership with the family and other community support systems. The program provides services including crisis intervention and stabilization, counseling, skills building, therapeutic intervention, advocacy, educational services, medication management as indicated, school based counseling and consultation with teachers, and other specialized services deemed necessary and appropriate.

Comprehensive Child and Family Treatment (CCFT)

CCFT services are high intensity, time-limited services designed for children and youth to provide stabilization and deter the “imminent” risk of State custody for the individual. There is usually family instability and high-risk behaviors exhibited by the child/adolescent. CCFT services are concentrated on child, family, and parental/guardian behaviors and interaction. CCFT services are more treatment oriented and situation specific with a focus on short-term stabilization goals. The primary goal of CCFT is to reach an appropriate point of stabilization so the individual can be transitioned to a less intense outpatient service.

Program of Assertive and Community Treatment (PACT)

PACT is a service delivery model for providing comprehensive community-based treatment to adults with severe and persistent mental illness. It involves the use of a multi-disciplinary team of mental health staff organized as an accountable, mobile mental health agency or group of providers who function as a team interchangeably to provide the treatment, rehabilitation and support services persons with severe and/or persistent mental illnesses need to live successfully in the community.

Level 2

Level 2 mental health case management is a less intensive level of service than Level 1 and is focused on resilience and recovery. The CONTRACTOR shall ensure that level 2 mental health case management is provided to individuals whose symptoms are at least partially stabilized or reduced in order to allow treatment and rehabilitation efforts.

SERVICE COMPONENTS

The CONTRACTOR shall ensure that mental health case management incorporates the following service components:

Crisis Facilitation

Crisis facilitation is provided in situations requiring immediate attention/resolution for a specific individual or other person(s) in relation to a specific individual. It is the process of accessing and coordinating services for an individual in a crisis situation to ensure the necessary services are rendered during and following the crisis episode. Most crisis facilitation activities would involve face-to-face contact with the individual.

Assessment of Daily Functioning

Assessment of daily functioning involves the on-going monitoring of how an individual is coping with life on a day to day basis for the purposes of determining necessary services to maintain community placement and improve level of functioning. Most assessments of daily functioning are achieved by face-to-face contact with the individual in his or her natural environment.

Assessment/Referral/Coordination

Assessment/referral/coordination involves assessing the needs of the individual for the purposes of referral and coordination of services that will improve functioning and/or maintain stability in the individual's natural environment.

Mental Health Liaison

Mental health liaison services are offered to persons who are not yet assigned to mental health case management. It is a short-term service for the purposes of service referral and continuing care until other mental health services are initiated.

SERVICE	Psychiatric Rehabilitation
----------------	-----------------------------------

DEFINITION

Psychiatric rehabilitation is an array of consumer-centered recovery services designed to support the individual in the attainment or maintenance of his or her optimal level of functioning. These services are designed to capitalize on personal strengths, develop coping skills and strategies to deal with deficits and develop a supportive environment in which to function as independent as possible on the individual's recovery journey.

Services included under psychiatric rehabilitation are as follows.

SERVICE COMPONENTS

Psychosocial Rehabilitation

Psychosocial rehabilitation services utilize a comprehensive approach (mind, body, and spirit) to work with the whole person for the purposes of improving an individuals' functioning, promoting management of illness(s), and facilitating recovery. The goal of psychosocial rehabilitation is to support individuals as active and productive members of their communities. Individuals, in partnership with staff, form goals for skills development in the areas of vocational, educational, and interpersonal growth (e.g. household management, development of social support networks) that serve to maximize opportunities for successful community integration. Individuals proceed toward goal attainment at their own pace and may continue in the program at varying levels intensity for an indefinite period of time.

Supported Employment

Supported employment consists of a range of services to assist individuals to choose, prepare for, obtain, and maintain gainful employment that is based on individuals' preferences, strengths, and experiences. This service also includes a variety of support services to the individual, including side-by-side support on the job. These services may be integrated into a psychosocial rehabilitation center.

Peer Support

Peer support services allow individuals to direct their own recovery and advocacy process and are provided by persons who are or have been consumers of the behavioral health system and their family members and are Certified Peer Support Specialists. A Certified Peer Support Specialist is a person who has identified himself or herself as having received or is receiving mental health or co-occurring disorder services in his or her personal recovery process and has undergone training recognized by the Tennessee Department of Mental Health, Office of Consumer Affairs on how to assist peers with the recovery process.

These services include providing assistance with more effectively utilizing the service delivery system (e.g. assistance in developing plans of care, accessing services and supports, partnering with professionals) or understanding and coping with the stressors of the person's illness through support groups, coaching, role modeling, and mentoring. Activities which promote socialization, recovery, self-advocacy, development of natural supports, and maintenance of community living skills are rendered so individuals can educate and support each other in the acquisition of skills needed to manage their illnesses and access resources within their communities. Services are often provided during the evening and weekend hours.

Illness Management & Recovery

Illness management and recovery services refers to a series of weekly sessions with trained mental health practitioners for the purpose of assisting individuals in developing personal strategies for coping with mental illness and promoting recovery. Illness management and recovery is not limited to one curriculum, but is open to all evidenced-based and/or best practice classes and programs such as WRAP (Wellness Recovery Action Plan).

Supported Housing

Supported housing services refers to services rendered at facilities that are staffed twenty-four (24) hours per day, seven (7) days a week with associated mental health staff supports for individuals who require treatment services and supports in a highly structured setting. These mental health services are for persons with serious and/or persistent mental illnesses (SPMI) and are intended to prepare individuals for more independent living in the community while providing an environment that allows individuals to live in community settings. Given this goal, every effort should be made to place individuals in facilities near their families and other support systems and original areas of residence. Supported housing services are mental health services and do not include the payment of room and board.

SERVICE	Crisis Services
----------------	------------------------

Definition

Behavioral health crisis services shall be rendered to individuals with a mental health or substance use/abuse issue when there is a perception of a crisis by an individual, family member, law enforcement, hospital staff or others who have closely observed the individual experiencing the crisis. Crisis services are available twenty-four (24) hours a day, seven (7) days a week. Crisis services include twenty-four (24) hour toll free telephone lines answered in real time by trained crisis specialists and face-to-face crisis services including, but not limited to: prevention, triage, intervention, evaluation/referral for additional services/treatment, and follow-up services. Peer support specialists shall be utilized in conjunction with crisis specialists to assist adults in alleviating and stabilizing crises and promote the recovery process as

Amendment 26 (cont.)

appropriate. Behavioral health crisis service providers are not responsible for pre-authorizing emergency involuntary hospitalizations.

The Mental Health Crisis Response Services - Community Face-to-Face Response Protocols provide guidance for calls that are the responsibility of a crisis response service to determine if a Face-to-Face evaluation is warranted and those that are not the responsibility of the crisis response service. These Protocols were developed to ensure that consumers who are experiencing a behavioral health crisis and have no other resources receive prompt attention. All responses are first determined by clinical judgment.

Guidance for All Calls:

- For calls originating from an Emergency Dept., telehealth is the preferred service delivery method for the crisis response service
- After determining that there is no immediate harm, ask the person if he or she can come to the closest walk-in center
- If a Mandatory Pre-screening Agent (MPA) not employed by a crisis response service is available, there may be no need for a crisis evaluation by mobile crisis
- For all other calls, unless specified in the Protocols, if a person with mental illness is experiencing the likelihood of immediate harm then a response is indicated.

Amendment 26 (cont.)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective October 1, 2011.

The CONTRACTOR, by signature of this Amendment, hereby affirms that this Amendment has not been altered and therefore represents the identical document that was sent to the CONTRACTOR by TENNCARE.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

**AMENDMENT NUMBER 25
AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1 shall be amended by deleting and replacing the following definitions:

Back-up Plan – A written plan that is a required component of the plan of care for all CHOICES members receiving companion care or non-residential CHOICES HCBS in their own home and which specifies unpaid persons as well as paid consumer-directed workers and/or contract providers (as applicable) who are available, have agreed to serve as back-up, and who will be contacted to deliver needed care in situations when regularly scheduled CHOICES HCBS providers or workers are unavailable or do not arrive as scheduled. A CHOICES member or his/her representative may not elect, as part of the back-up plan, to go without services. The back-up plan shall include the names and telephone numbers of persons and agencies to contact and the services to be provided by each of the listed contacts. The member and his/her representative (as applicable) shall have primary responsibility for the development and implementation of the back-up plan for consumer directed services with assistance from the FEA as needed.

Care Coordination Team – If an MCO elects to use a care coordination team, the care coordination team shall consist of a care coordinator and specific other persons with relevant expertise and experience who are assigned to support the care coordinator in the performance of care coordination activities for a CHOICES member as specified in this Agreement and in accordance with Section 2.9.6., but shall not perform activities that must be performed by the Care Coordinator, including needs assessment, development of the plan of care, and minimum Care Coordination contacts.

Caregiver – For purposes of CHOICES, a person who is (a) a family member or is unrelated to the member but has a close, personal relationship with the member and (b) routinely involved in providing unpaid support and assistance to the member. A caregiver may be also designated by the member as a representative for CHOICES or for consumer direction of eligible CHOICES HCBS.

Amendment Number 25 (cont.)

CHOICES Group (Group) – One of the three groups of TennCare enrollees who are enrolled in CHOICES. There are three CHOICES groups:

1. Group 1
Medicaid enrollees of all ages who are receiving Medicaid-reimbursed care in a nursing facility.
2. Group 2
Persons age sixty-five (65) and older and adults age twenty-one (21) and older with physical disabilities who meet the nursing facility level of care, who qualify for TennCare either as SSI recipients or as members of the CHOICES 217-Like HCBS Group, and who need and are receiving CHOICES HCBS as an alternative to nursing facility care. The CHOICES 217-Like HCBS Group includes persons who could have been eligible under 42 CFR 435.217 had the state continued its 1915(c) HCBS waiver for elders and/or persons with physical disabilities. TENNCARE has the discretion to apply an enrollment target to this group, as described in TennCare rules and regulations.
3. Group 3
Persons age sixty-five (65) and older and adults age twenty-one (21) and older with physical disabilities who qualify for TennCare as SSI recipients, who do not meet the nursing facility level of care, but who, in the absence of CHOICES HCBS, are “at-risk” for nursing facility care, as defined by the State. TENNCARE has the discretion to apply an enrollment target to this group, as described in TennCare rules and regulations. Group 3 was not included in CHOICES on the date of CHOICES implementation. TENNCARE intends to include CHOICES Group 3 at such time that the State is permitted to modify nursing facility level of care based on CMS interpretation of maintenance of effort requirements set forth in the Affordable Care Act. TENNCARE will notify the CONTRACTOR at least sixty (60) days prior to the proposed date for including Group 3 in CHOICES. As of the date specified in that notice, the CONTRACTOR shall accept members in CHOICES Group 3 and shall implement all of the requirements in this Agreement that are applicable to CHOICES Group 3.

Consumer – Except when used regarding consumer direction of eligible CHOICES HCBS, an individual who uses a mental health or substance abuse service.

Consumer-Directed Worker (Worker) – An individual who has been hired by a CHOICES member participating in consumer direction of eligible CHOICES HCBS or his/her representative to provide one or more eligible CHOICES HCBS to the member. Worker does not include an employee of an agency that is being paid by an MCO to provide HCBS to the member.

Consumer Direction of Eligible CHOICES HCBS – The opportunity for a CHOICES member assessed to need specified types of CHOICES HCBS including attendant care, personal care, homemaker, in-home respite, companion care and/or any other service specified in TennCare rules and regulations as available for consumer direction to elect to direct and manage (or to have a representative direct and manage) certain aspects of the provision of such services—primarily, the hiring, firing, and day-to-day supervision of consumer-directed workers delivering the needed service(s).

Cost Neutrality Cap – The requirement that the cost of providing care to a member in CHOICES Group 2, including CHOICES HCBS and Medicaid reimbursed home health and private duty nursing, shall not exceed the cost of providing nursing facility services to the member, as

Amendment Number 25 (cont.)

determined in accordance with TennCare policy. A member's individual cost neutrality cap shall be the average cost of Level 1 nursing facility care unless a higher cost neutrality cap is established by TennCare based on information submitted by the AAAD or MCO (as applicable) in the PAE application.

Disenrollment – The removal of an enrollee from participation in the CONTRACTOR's MCO and deletion from the outbound 834 enrollment file furnished by TENNCARE to the CONTRACTOR.

Electronic Visit Verification (EVV) System – An electronic system into which provider staff and consumer-directed workers can check-in at the beginning and check-out at the end of each period of service delivery to monitor member receipt of specified CHOICES HCBS and which may also be utilized for submission of claims.

Eligible CHOICES HCBS – Attendant care, personal care, homemaker, in-home respite, companion care services and/or any other CHOICES HCBS specified in TennCare rules and regulations as eligible for consumer direction for which a CHOICES member is determined to need and elects to direct and manage (or have a representative direct and manage) certain aspects of the provision of such services – primarily the hiring, firing and day-to-day supervision of consumer-directed workers delivering the needed service(s). Eligible CHOICES HCBS do not include home health or private duty nursing services.

Employer of Record – The member participating in consumer direction of eligible CHOICES HCBS or a representative designated by the member to assume the consumer direction of eligible CHOICES HCBS functions on the member's behalf.

Expenditure Cap – The annual limit on expenditures for CHOICES HCBS, excluding home modifications, for CHOICES members in CHOICES Group 3. The expenditure cap is \$15,000.

Fiscal Employer Agent (FEA) – An entity contracting with the State and/or an MCO that helps CHOICES members participating in consumer direction of eligible CHOICES HCBS. The FEA provides both financial administration and supports brokerage functions for CHOICES members participating in consumer direction of eligible CHOICES HCBS. This term is used by the IRS to designate an entity operating under Section 3504 of the IRS code, Revenue Procedure 70-6 and Notice 2003-70, as the agent to members for the purpose of filing certain federal tax forms and paying federal income tax withholding, FICA and FUTA taxes. The FEA also files state income tax withholding and unemployment insurance tax forms and pays the associated taxes and processes payroll based on the eligible CHOICES HCBS authorized and provided.

Home and Community-Based Services (HCBS) – Services that are provided pursuant to a Section 1915(c) waiver or the CHOICES program as an alternative to long-term care institutional services in a nursing facility or an Intermediate Care Facility for the Mentally Retarded (ICF/MR). HCBS may also include optional or mandatory services that are covered by Tennessee's Title XIX state plan or under the TennCare demonstration for all eligible enrollees, including home health or private duty nursing. However, only CHOICES HCBS are eligible for Consumer Direction. CHOICES HCBS do not include home health or private duty nursing services or any other HCBS that are covered by Tennessee's Title XIX state plan or under the TennCare demonstration for all eligible enrollees, although such services are subject to estate recovery and shall be counted for purposes of determining whether a CHOICES member's needs can be safely met in the community within his or her individual cost neutrality cap.

Amendment Number 25 (cont.)

Immediate Eligibility – A mechanism by which the State can, based on a preliminary determination of a person’s eligibility for the CHOICES 217-Like HCBS Group, enroll the person into CHOICES Group 2 and provide immediate access to a limited package of CHOICES HCBS pending a final determination of eligibility. To qualify for immediate eligibility, a person must be applying to receive covered ongoing CHOICES HCBS, be determined by TENNCARE to meet nursing facility level of care, have submitted an application for financial eligibility determination to DHS, and be expected to qualify for CHOICES Group 2 based on review of the financial information provided by the applicant. Immediate eligibility shall only be for specified CHOICES HCBS (no other covered services) and for a maximum of forty-five (45) days from the effective date of eligibility.

One-Time CHOICES HCBS – Specified CHOICES HCBS which occur as a distinct event or which may be episodic in nature (occurring at less frequent irregular intervals or on an as needed basis for a limited duration of time). One-time HCBS include in-home respite, in-patient respite, assistive technology, minor home modifications, and/or pest control.

Ongoing CHOICES HCBS – Specified CHOICES HCBS which are delivered on a regular and ongoing basis, generally one or more times each week, or (in the case of community-based residential alternatives and PERS) on a continuous basis. Ongoing HCBS include community-based residential alternatives, personal care, attendant care, homemaker services, home-delivered meals, personal emergency response systems (PERS), and/or adult day care.

Representative – In general, for CHOICES members, a person who is at least eighteen (18) years of age and is authorized by the member to participate in care planning and implementation and to speak and make decisions on the member’s behalf, including but not limited to identification of needs, preference regarding services and service delivery settings, and communication and resolution of complaints and concerns. As it relates to consumer direction of eligible CHOICES HCBS, a person who is authorized by the member to direct and manage the member’s worker(s), and signs a representative agreement. The representative for consumer direction of eligible CHOICES HCBS must also: be at least eighteen (18) years of age; have a personal relationship with the member and understand his/her support needs; know the member’s daily schedule and routine, medical and functional status, medication regimen, likes and dislikes, and strengths and weaknesses; and be physically present in the member’s residence on a regular basis or at least at a frequency necessary to supervise and evaluate workers.

Representative Agreement – The agreement between a CHOICES member electing consumer direction of eligible CHOICES HCBS who has a representative direct and manage the consumer’s worker(s) and the member’s representative that specifies the roles and responsibilities of the member and the member’s representative.

Risk Agreement – An agreement signed by a member who will receive CHOICES HCBS (or his/her representative) that includes, at a minimum, identified risks to the member of residing in the community and receiving HCBS, the possible consequences of such risks, strategies to mitigate the identified risks, and the member’s decision regarding his/her acceptance of risk. For members electing to participate in consumer direction, the risk agreement must include any additional risks associated with the member’s decision to act as the employer of record, or to have a representative act as the employer of record on his/her behalf. See Section 2.9.6 of this Agreement for related requirements.

Self-Direction of Health Care Tasks – A decision by a CHOICES member participating in consumer direction to direct and supervise a paid worker delivering eligible CHOICES HCBS in

Amendment Number 25 (cont.)

the performance of health care tasks that would otherwise be performed by a licensed nurse. Self-direction of health care tasks is not a service, but rather health care-related duties and functions (such as administration of medications) that a CHOICES member participating in consumer direction may elect to have performed by a consumer-directed worker as part of the delivery of eligible CHOICES HCBS s/he is authorized to receive.

Service Agreement – The agreement between a CHOICES member electing consumer direction of eligible CHOICES HCBS (or the member’s representative) and the member’s consumer-directed worker that specifies the roles and responsibilities of the member (or the member’s representative) and the member’s worker.

Service Gap – A delay in initiating any long-term care service and/or a disruption of a scheduled, ongoing CHOICES HCBS that was not initiated by a member, including late and missed visits.

Supports Broker – An individual assigned by the FEA to each CHOICES member participating in consumer direction who assists the member/representative in performing the employer of record functions, including, but not limited to: developing job descriptions; locating; recruiting; interviewing; scheduling; monitoring; and evaluating workers. The supports broker collaborates with, but does not duplicate, the functions of the member’s care coordinator. The supports broker does not have authority or responsibility for consumer direction. The member or member’s representative must retain authority and responsibility for consumer direction.

2. Section 1 shall be amended by adding the following definition:

CHOICES Home and Community-Based Services (HCBS) – Services that are available only to eligible persons enrolled in CHOICES Group 2 or Group 3 as an alternative to long-term care institutional services in a nursing facility or to delay or prevent placement in a nursing facility. Only CHOICES HCBS are eligible for Consumer Direction. CHOICES HCBS do not include home health or private duty nursing services or any other HCBS that are covered by Tennessee’s Title XIX state plan or under the TennCare demonstration for all eligible enrollees, although such services are subject to estate recovery and shall be counted for purposes of determining whether a CHOICES member’s needs can be safely met in the community within his or her individual cost neutrality cap.

- 3. Sections 2.4.5.1 and 2.4.5.2 shall be amended by adding the words “outbound 834” in front of the words “enrollment file”.**
- 4. Section 2.4.6.1 shall be amended by adding the words “outbound 834” in front of the words “enrollment files”.**
- 5. Section 2.4.6.2 shall be amended by adding the words “(inbound 834)” after the words “eligibility file”.**

- 6. The first sentence of the third paragraph in the Benefit Limit description for “Non-Emergency Medical Transportation (Including Non-Emergency Ambulance Transportation)” of Section 2.6.1.3 shall be amended by deleting the phrase “, including services”.**

“The CONTRACTOR is not responsible for providing NEMT to HCBS provided through a 1915(c) waiver program for persons with intellectual disabilities (i.e., mental retardation) and HCBS provided through the CHOICES program.”

- 7. Sections 2.6.1.5 through 2.6.1.5.8.5 shall be deleted and replaced as follows:**

2.6.1.5 Long-Term Care Benefits for CHOICES Members

2.6.1.5.1 In addition to physical health benefits (see Section 2.6.1.3) and behavioral health benefits (see Section 2.6.1.4), the CONTRACTOR shall provide long-term care services (including CHOICES HCBS and nursing facility care) as described in this Section 2.6.1.5 to members who have been enrolled into CHOICES by TENNCARE, as shown in the outbound 834 enrollment file furnished by TENNCARE to the CONTRACTOR, effective upon the CHOICES Implementation Date (see Section 1).

2.6.1.5.2 TennCare enrollees will be enrolled by TENNCARE into CHOICES if the following conditions, at a minimum, are met:

2.6.1.5.2.1 TENNCARE or its designee determines the enrollee meets the categorical and financial eligibility criteria for Group 1, 2 or 3;

2.6.1.5.2.2 For Groups 1 and 2, TENNCARE determines that the enrollee meets nursing facility level of care including for Group 2, that the enrollee needs ongoing CHOICES HCBS in order to live safely in the home or community setting and to delay or prevent nursing facility placement;

2.6.1.5.2.3 For Group 2, the CONTRACTOR or, for new TennCare applicants, TENNCARE or its designee, determines that the enrollee’s combined CHOICES HCBS, private duty nursing and home health care can be safely provided at a cost less than the cost of nursing facility care for the member;

2.6.1.5.2.4 For Group 3, TENNCARE determines that the enrollee meets the at-risk level of care; and

2.6.1.5.2.5 For Groups 2 and 3, if there is an enrollment target, TENNCARE determines that the enrollment target has not been met or, for Group 2, approves the CONTRACTOR’s request to provide CHOICES HCBS as a cost effective alternative (see Section 2.6.5). Enrollees transitioning from a nursing facility to the community will not be subject to the enrollment target for Group 2 but must meet categorical and financial eligibility for Group 2.

2.6.1.5.3 For persons determined to be eligible for enrollment in Group 2 as a result of Immediate Eligibility (as defined in Section 1 of this Agreement), the CONTRACTOR shall provide a limited package of CHOICES HCBS (personal care, attendant care, homemaker services, home-delivered meals, PERS, adult day care, and/or any other services as specified in

Amendment Number 25 (cont.)

TennCare rules and regulations) as identified through a needs assessment and specified in the plan of care. Upon notice that the State has determined that the member meets categorical and financial eligibility for TennCare CHOICES, the CONTRACTOR shall authorize additional services in accordance with Section 2.9.6.2.5. For members residing in a community-based residential alternative at the time of CHOICES enrollment, authorization for community-based residential alternative services shall be retroactive to the member's effective date of CHOICES enrollment.

2.6.1.5.4 The following long-term care services are available to CHOICES members, per Group, when the services have been determined medically necessary by the CONTRACTOR.

Service and Benefit Limit	Group 1	Group 2	Group 3
Nursing facility care	X	Short-term only (up to 90 days)	Short-term only (up to 90 days)
Community-based residential alternatives		X	
Personal care visits (up to 2 visits per day)		X	X
Attendant care (up to 1080 hours per calendar year)		X	X
Homemaker services (up to 3 visits per week)		X	X
Home-delivered meals (up to 1 meal per day)		X	X
Personal Emergency Response Systems (PERS)		X	X
Adult day care (up to 2080 hours per calendar year)		X	X
In-home respite care (up to 216 hours per calendar year)		X	X
In-patient respite care (up to 9 days per calendar year)		X	X
Assistive technology (up to \$900 per calendar year)		X	X
Minor home modifications (up to \$6,000 per project; \$10,000 per calendar year; and \$20,000 per lifetime)		X	X
Pest control (up to 9 units per calendar year)		X	X

Amendment Number 25 (cont.)

- 2.6.1.5.5 In addition to the benefit limits described above, in no case shall the CONTRACTOR exceed the member's individual cost neutrality cap (as defined in Section 1 of this Agreement) for CHOICES Group 2 or the expenditure cap for Group 3.
- 2.6.1.5.5.1 For CHOICES members in Group 2, the services that shall be compared against the member's individual cost neutrality cap include the total cost of CHOICES HCBS and Medicaid reimbursed home health care and private duty nursing. The total cost of CHOICES HCBS includes all covered CHOICES HCBS and other non-covered services that the CONTRACTOR elects to offer as a cost effective alternative to nursing facility care pursuant to Section 2.6.5.2 of this Agreement including, as applicable: CHOICES HCBS in excess of specified CHOICES benefit limits, the one-time transition allowance for Group 2 and NEMT for Groups 2 and 3.
- 2.6.1.5.5.2 For CHOICES members in Group 3, the total cost of CHOICES HCBS, excluding minor home modifications, shall not exceed the expenditure cap (as defined in Section 1 of this Agreement).
- 2.6.1.5.6 CHOICES members may, pursuant to Section 2.9.7, choose to participate in consumer direction of eligible CHOICES HCBS and, at a minimum, hire, fire and supervise workers of eligible CHOICES HCBS.
- 2.6.1.5.7 The CONTRACTOR shall, on an ongoing basis, monitor CHOICES members' receipt and utilization of long-term care services and identify CHOICES members who are not receiving long-term care services. Pursuant to Section 2.30.10.5, the CONTRACTOR shall, on a monthly basis, notify TENNCARE regarding members that have not received long-term care services for a thirty (30) day period of time. The CONTRACTOR shall be responsible for immediately initiating disenrollment of any member who is not receiving TennCare-reimbursed long-term care services and is not expected to resume receiving long-term care services within the next thirty (30) days, except under extenuating circumstances which must be reported to TennCare on the *CHOICES Utilization Report*. Acceptable circumstances may include, but are not limited to, a member's temporary hospitalization or temporary receipt of Medicare-reimbursed skilled nursing facility care. Such notification and/or disenrollment shall be based not only on receipt and/or payment of claims for long-term care services, but also upon review and investigation by the CONTRACTOR as needed to determine whether the member has received long-term care services, regardless of whether claims for such services have been submitted or paid.
- 2.6.1.5.8 The CONTRACTOR may submit to TENNCARE a request to no longer provide long-term care services to a member due to concerns regarding the ability to safely and effectively care for the member in the community and/or to ensure the member's health, safety and welfare. Acceptable reasons for this request include but are not limited to the following:
 - 2.6.1.5.8.1 A member in Group 2 for whom the CONTRACTOR has determined that it cannot safely and effectively meet the member's needs at a cost that is less than the member's cost neutrality cap, and the member declines to transition to a nursing facility;
 - 2.6.1.5.8.2 A member in Group 2 or 3 who repeatedly refuses to allow a care coordinator entrance into his/her place of residence (Section 2.9.6);

Amendment Number 25 (cont.)

- 2.6.1.5.8.3 A member in Group 2 or 3 who refuses to receive critical HCBS as identified through a needs assessment and documented in the member's plan of care; and
 - 2.6.1.5.8.4 A member in Group 1 who fails to pay his/her patient liability and the CONTRACTOR is unable to find a nursing facility willing to provide services to the member (Section 2.6.7.2).
 - 2.6.1.5.8.5 A member in Group 2 or 3 who refuses to pay his/her patient liability and for whom the CONTRACTOR is either: 1) in the case of persons receiving CBRA services, unable to identify another provider willing to provide services to the member; or 2) in the case of persons receiving non-residential HCBS or companion care, the CONTRACTOR is unwilling to continue to serve the member, and the Bureau of TennCare has determined that no other MCO is willing to serve the member.
 - 2.6.1.5.8.6 The CONTRACTOR's request to no longer provide long-term care services to a member shall include documentation as specified by TENNCARE. The State shall make any and all determinations regarding whether the CONTRACTOR may discontinue providing long-term care services to a member, disenrollment from CHOICES, and, as applicable, termination from TennCare.
 - 2.6.1.5.9 The CONTRACTOR may submit to TENNCARE a request to disenroll from CHOICES a member who is not receiving any Medicaid-reimbursed LTC services based on the CONTRACTOR's inability to reach the member only when the CONTRACTOR has exhausted all reasonable efforts to contact the member, and has documented such efforts in writing, which must be submitted with the disenrollment request. Efforts to contact the member shall include, at a minimum:
 - 2.6.1.5.9.1 Multiple attempts to contact the member, his/her representative or designee (as applicable) by phone. Such attempts must occur over a period of at least two (2) weeks and at different times of the day and evening, including after business hours. The CONTRACTOR shall attempt to contact the member at the phone number provided in the outbound 834 enrollment file, any additional phone numbers the CONTRACTOR has on file, including referral records and case management notes; and phone numbers that may be provided in TENNCARE's TPAES system. The CONTRACTOR shall also contact the member's Primary Care Provider and any contracted LTC providers that have delivered services to the member during the previous six (6) months in order to obtain contact information that can be used to reach the member;
 - 2.6.1.5.9.2 At least one (1) visit to the member's most recently reported place of residence except in circumstances where significant safety concerns prevent the CONTRACTOR from completing the visit, which shall be documented in writing; and
 - 2.6.1.5.9.3 An attempt to contact the member by mail at the member's most recently reported place of residence at least two (2) weeks prior to the request to disenroll.
- 8. Sections 2.6.5.2.1 through 2.6.5.2.3 shall be amended by inserting the word "CHOICES" before the word "HCBS".**

9. Section 2.6.5.3 shall be deleted and replaced as follows:

2.6.5.3 If the CONTRACTOR chooses to provide cost effective alternative services to a CHOICES member, in no case shall the cost of CHOICES HCBS, private duty nursing and home health care for Group 2 exceed a member's cost neutrality cap nor the total cost of CHOICES HCBS, excluding minor home modifications, for members in Group 3 exceed the expenditure cap. The total cost of CHOICES HCBS includes all covered CHOICES HCBS and other non-covered services that the CONTRACTOR elects to offer as a cost effective alternative to nursing facility care pursuant to Section 2.6.5.2 of this Agreement including, as applicable: CHOICES HCBS in excess of specified benefit limits, the one-time transition allowance for Group 2 and NEMT for Groups 2 and 3.

10. Sections 2.6.7.2 through 2.6.7.2.5 shall be deleted and replaced as follows:

2.6.7.2 Patient Liability

2.6.7.2.1 TENNCARE will notify the CONTRACTOR of any applicable patient liability amounts for CHOICES members via the outbound 834 enrollment file.

2.6.7.2.1.1 When TENNCARE notifies the CONTRACTOR of patient liability amounts for CHOICES members via the outbound 834 enrollment file with an effective date any time other than the first day of the month, the CONTRACTOR shall determine and apply the pro-rated portion of patient liability for that month.

2.6.7.2.2 The CONTRACTOR shall delegate collection of patient liability for CHOICES Group 1 members to the nursing facility and shall pay the facility net of the applicable patient liability amount.

2.6.7.2.2.1 In accordance with the involuntary discharge process, including notice and appeal (see Section 2.12.11.3), a nursing facility may refuse to continue providing services to a member who fails to pay his or her patient liability and for whom the nursing facility can demonstrate to the CONTRACTOR that it has made a good faith effort to collect payment.

2.6.7.2.2.2 If the CONTRACTOR is notified that a nursing facility is considering discharging a member (see Section 2.12.11.3), the CONTRACTOR shall work to find an alternate nursing facility willing to serve the member and document its efforts in the member's files.

2.6.7.2.2.3 If the CONTRACTOR is unable to find an alternate nursing facility willing to serve the member and the member otherwise qualifies to enroll in CHOICES Group 2, the CONTRACTOR shall determine if it can safely and effectively serve the member in the community and within the cost neutrality cap. If it can, and the CONTRACTOR is willing to continue serving a member who has failed to pay his or her patient liability or if TENNCARE determines that the member would not have patient liability in the community setting, the member shall be offered a choice of CHOICES HCBS. If the member chooses CHOICES HCBS, the CONTRACTOR shall forward all relevant information to TENNCARE for a decision regarding transition to Group 2 (Section 2.9.6.3).

Amendment Number 25 (cont.)

- 2.6.7.2.2.4 If the CONTRACTOR is unable to find an alternate nursing facility willing to serve the member and the CONTRACTOR determines that it cannot safely and effectively serve the member in the community and within the cost neutrality cap, the member declines to enroll in Group 2, or TENNCARE determines that the member would continue to have patient liability in the community setting and the CONTRACTOR is unwilling to continue serving the member who has failed to pay his or her patient liability, or TENNCARE denies enrollment in Group 2, the CONTRACTOR may, pursuant to Section 2.6.1.5.8, request to no longer provide long-term care services to the member.
- 2.6.7.2.3 For CHOICES Group 2 and 3 members, patient liability shall be collected as follows:
 - 2.6.7.2.3.1 The CONTRACTOR shall delegate collection of patient liability for CHOICES Group 2 members who reside in a CBRA facility to the CBRA facility and shall pay the facility net of the applicable patient liability amount.
 - 2.6.7.2.3.2 The CONTRACTOR shall collect patient liability from CHOICES Group 2 and Group 3 members (as applicable) who receive CHOICES HCBS in his/her own home and from Group 2 members who receive Companion Care.
 - 2.6.7.2.3.2.1 The CONTRACTOR shall use calculated patient liability amounts to offset the cost of CHOICES Group 2 benefits (or CEA services provided as an alternative to covered CHOICES Group 2 benefits) reimbursed by the CONTRACTOR for that month.
 - 2.6.7.2.3.2.2 The CONTRACTOR shall not collect patient liability that exceeds the cost of CHOICES Group 2 benefits (or CEA services provided as an alternative to CHOICES Group 2 benefits) reimbursed by the CONTRACTOR for that month.
 - 2.6.7.2.3.2.3 The CONTRACTOR shall, upon notification in the outbound 834 enrollment file of retroactive adjustments in patient liability amounts based on Item D deductions, without requiring any action on the part of the member or provider, adjust the Group 2 or Group 3 member's patient liability for the following month(s) until reimbursement of any overpayment is accomplished, or shall refund any overpayments within thirty (30) days of a request from the member or when the member will not continue to have patient liability obligations going forward.
 - 2.6.7.2.3.3 If a Group 2 member fails to pay required patient liability, pursuant to Section 2.6.1.5.8.5, the CONTRACTOR may request to no longer provide long-term care services to the member.
 - 2.6.7.2.3.4 The CONTRACTOR shall not waive or otherwise fail to establish and maintain processes for collection of patient liability in accordance with this Agreement.

11. Section 2.7.2.1.2 shall be deleted and replaced as follows:

- 2.7.2.1.2 The CONTRACTOR shall provide behavioral health services in accordance with this Agreement, TennCare Rules and Regulations and TennCare policies, including Section 2.6 and Attachment I of this Agreement, and TennCare Medical Necessity Rule 1200-13-16.

12. Section 2.7.3 shall be deleted and replaced as follows:

2.7.3 Self-Direction of Health Care Tasks

The CONTRACTOR shall, in accordance with TennCare rules and regulations, permit CHOICES members the option to direct and supervise a consumer-directed worker who is providing eligible CHOICES HCBS in the performance of health care tasks.

13. Section 2.8.1.2 shall be amended by adding the phrase “and updated as described in current NCQA Standards” as follows:

2.8.1.2 Each DM program shall utilize evidence-based clinical practice guidelines (hereafter referred to as the guidelines) that have been formally adopted and updated as described in current NCQA Standards by the CONTRACTOR’s Quality Management/Quality Improvement (QM/QI) committee or other clinical committee as a clinical basis for development of program content and plan of care.

14. Section 2.8.1.6 shall be deleted and replaced as follows:

2.8.1.6 As part of its DM program descriptions, the CONTRACTOR shall also describe how the organization integrates member information and coordinates with and has timely access to MCO case management activities and other supporting entities, including but not limited to, Utilization Management (UM), CHOICES, Health Information Lines and Wellness programs, to assure programs are linked and enrollees receive appropriate and timely care.

15. Section 2.8.7.2 shall be amended by deleting the word “passive”.

2.8.7.2 The CONTRACTOR shall report the participation rates (as defined by NCQA) and the number of individuals participating in each level of each of the DM programs.

16. Sections 2.9.2.1.4 through 2.9.2.1.4.6.5 shall be deleted and replaced as follows:

2.9.2.1.4 For covered long-term care services for CHOICES members who are transferring from another MCO, the CONTRACTOR shall be responsible for continuing to provide covered long-term care services, including both CHOICES HCBS authorized by the transferring MCO and nursing facility services, without regard to whether such services are being provided by contract or non-contract providers.

2.9.2.1.4.1 For a member in CHOICES Group 2 or 3, the CONTRACTOR shall continue CHOICES HCBS authorized by the transferring MCO for a minimum of thirty (30) days after the member’s enrollment and thereafter shall not reduce these services unless a care coordinator has conducted a comprehensive needs assessment and developed a plan of care, and the CONTRACTOR has authorized and initiated CHOICES HCBS in accordance with the member’s new plan of care. If a member in CHOICES Group 2 or 3 is receiving short-term nursing facility care, the CONTRACTOR shall continue to provide nursing facility services to the member in accordance with the level of nursing facility services (Level I or Level II) and/or reimbursement approved by TENNCARE (see Section 2.14.1.12). For a member in Group 1, the CONTRACTOR shall provide nursing facility services to the member in accordance with the level of nursing facility

Amendment Number 25 (cont.)

services (Level I or Level II) and/or reimbursement approved by TENNCARE (see Section 2.14.1.12); however, the member may be transitioned to the community in accordance with Section 2.9.6.8 of this Agreement.

- 2.9.2.1.4.2 For a member in CHOICES Group 2 or 3, within thirty (30) days of notice of the member's enrollment with the CONTRACTOR, a care coordinator shall conduct a face-to-face visit (see Section 2.9.6.2.5), including a comprehensive needs assessment (see Section 2.9.6.5), and develop a plan of care (see Section 2.9.6.6), and the CONTRACTOR shall authorize and initiate CHOICES HCBS in accordance with the new plan of care (see Section 2.9.6.2.5). If a member in Group 2 or 3 is receiving short-term nursing facility care on the date of enrollment with the CONTRACTOR, a care coordinator shall complete a face-to-face visit prior to the expiration date of the level of nursing facility services approved by TENNCARE, but no later than thirty (30) days after enrollment to determine appropriate needs assessment and care planning activities (see Section 2.9.6.2.5 for members who will be discharged from the nursing facility and remain in Group 2 or 3 and Section 2.9.6.2.4 for members who will remain in the nursing facility and be enrolled in Group 1). If the expiration date for the level of nursing facility services approved by TENNCARE occurs prior to thirty (30) days after enrollment, and the CONTRACTOR is unable to conduct the face-to-face visit prior to the expiration date, the CONTRACTOR shall be responsible for facilitating discharge to the community or enrollment in Group 1, whichever is appropriate prior to the member's exhaustion of the 90-day short-term NF benefit.
- 2.9.2.1.4.3 If at any time before conducting a comprehensive needs assessment for a member in CHOICES Group 2 or 3 the CONTRACTOR becomes aware of an increase in the member's needs, a care coordinator shall immediately conduct a comprehensive needs assessment and update the member's plan of care, and the CONTRACTOR shall initiate the change in services within ten (10) days of becoming aware of the increase in the member's needs.
- 2.9.2.1.4.4 For a member in CHOICES Group 1, a care coordinator shall conduct a face-to-face in-facility visit within thirty (30) days of the member's enrollment with the CONTRACTOR and conduct a needs assessment as determined necessary by the CONTRACTOR (see Section 2.9.6.5).
- 2.9.2.1.4.5 The CONTRACTOR shall facilitate a seamless transition to new services and/or providers, as applicable, in the plan of care developed by the CONTRACTOR without any disruption in services.
- 2.9.2.1.4.6 The CONTRACTOR shall not:
 - 2.9.2.1.4.6.1 Transition nursing facility residents or residents of community-based residential alternatives to another facility unless (1) the member or his/her representative specifically requests to transition, which shall be documented in the member's file, (2) the member or his/her representative provides written consent to transition based on quality or other concerns raised by the CONTRACTOR, which shall not include the nursing facility's rate of reimbursement; or (3) the facility where the member is residing is not a contract provider; if the community-based residential facility where the member is currently residing is not a contract provider, the CONTRACTOR shall provide continuation of services in such facility for at least thirty (30) days, which shall be extended as necessary to ensure continuity of care pending the facility's contracting with the CONTRACTOR

Amendment Number 25 (cont.)

or the member's transition to a contract facility; if the member is transitioned to a contract facility, the CONTRACTOR shall facilitate a seamless transition to the new facility; if the nursing facility where the member is currently residing is a non-contract provider, the CONTRACTOR shall (a) authorize continuation of the services pending enrollment of the facility as a contract provider (except a facility excluded for a 2-year period when the facility has withdrawn from Medicaid participation); (b) authorize continuation of the services pending facilitation of the member's transition to a contract facility, subject to the member's agreement with such transition; or (c) may continue to reimburse services from the non-contract nursing facility in accordance with TennCare rules and regulations;

- 2.9.2.1.4.6.2 Transition Group 1 members to CHOICES HCBS unless the member chooses to receive CHOICES HCBS as an alternative to nursing facility care and is enrolled in CHOICES Group 2 (see Section 2.9.6.8 for requirements regarding nursing facility to community transition);
 - 2.9.2.1.4.6.3 Admit a member in CHOICES Group 2 to a nursing facility unless (1) the member requires a short-term nursing facility care stay; (2) the member chooses to transition to a nursing facility and enroll in Group 1; or (3) the CONTRACTOR determines that it cannot safely and effectively meet the needs of the member and within the member's cost neutrality cap, and the member agrees to transition to a nursing facility and enroll in Group 1;
 - 2.9.2.1.4.6.4 Admit a member enrolled in CHOICES Group 3 to a nursing facility unless: (1) the member meets nursing facility level of care and is expected to require nursing facility services for ninety (90) days or less; or (2) the member meets nursing facility level of care, is expected to require nursing facility services for more than ninety (90) days and chooses to transition to a nursing facility and enroll in Group 1; or
 - 2.9.2.1.4.6.5 Transition members in Group 2 or 3 to another HCBS provider for continuing services unless the current HCBS provider is not a contract provider; if the current HCBS provider is not a contract provider, the CONTRACTOR shall provide continuation of HCBS from that provider for at least thirty (30) days, which shall be extended as necessary to ensure continuity of care pending the provider's contracting with the CONTRACTOR or the member's transition to a contract provider; if the member is transitioned to a contract provider, the CONTRACTOR shall facilitate a seamless transition to the new provider.
- 17. Sections 2.9.2.1.5 through 2.9.2.1.5.6.4 shall be deleted in their entirety including any references thereto.**
- 18. Section 2.9.2.5 shall be deleted and replaced as follows:**
- 2.9.2.5 If the CONTRACTOR becomes aware that a CHOICES member will be transferring to another MCO, the CONTRACTOR (including, but not limited to the member's care coordinator or care coordination team) shall, in accordance with protocols established by TENNCARE, work with the other MCO in facilitating a seamless transition for that member.

19. Section 2.9.3.3, 2.9.3.4 and 2.9.3.6 shall be deleted and replaced as follows:

- 2.9.3.3 For members in Group 2 the CONTRACTOR shall continue HCBS in the member's approved HCBS E/D waiver plan of care except case management for a minimum of thirty (30) days after the member's enrollment and thereafter shall not reduce HCBS unless the member's care coordinator has conducted a comprehensive needs assessment and developed a plan of care and the CONTRACTOR has authorized and initiated HCBS in accordance with the member's new plan of care. If a member in CHOICES Group 2 is receiving short-term nursing facility care, the CONTRACTOR shall continue to provide nursing facility services to the member in accordance with the level of nursing facility services (Level I or Level II) and/or reimbursement approved by TENNCARE (see Section 2.14.1.12).
- 2.9.3.4 For a member in CHOICES Group 2, within ninety (90) days of CHOICES implementation, the member's care coordinator shall conduct a face-to-face visit (see Section 2.9.6.2.5), including a comprehensive needs assessment (see Section 2.9.6.5), and develop a plan of care (see Section 2.9.6.6), and the CONTRACTOR shall authorize and initiate CHOICES HCBS in accordance with the new plan of care. If a member in Group 2 is receiving short-term nursing facility care on the date of enrollment with the CONTRACTOR the member's care coordinator shall complete a face-to-face visit prior to the expiration date of the level of nursing services approved by TENNCARE, but no more than ninety (90) days after CHOICES implementation, to determine appropriate needs assessment and care planning activities (see Section 2.9.6.2.5 for members who will be discharged from the nursing facility and remain in Group 2 or 3 and Section 2.9.6.2.4 for members who will remain in the nursing facility and be enrolled in Group 1). If the expiration date for the level of nursing facility services approved by TENNCARE occurs prior to ninety (90) days after CHOICES implementation, and the CONTRACTOR is unable to conduct the face-to-face visit prior to the expiration date, the CONTRACTOR shall be responsible for facilitating discharge to the community or enrollment in Group 1, whichever is appropriate.
- 2.9.3.6 The CONTRACTOR shall provide nursing facility services to a member in Group 1 in accordance with the level of nursing facility services (Level I or Level II) and/or reimbursement approved by TENNCARE (see Section 2.14.1.12); however, the member may be transitioned to the community in accordance with Section 2.9.6.8 of this Agreement.

20. Section 2.9.3.9.2 and 2.9.3.9.4 shall be deleted and replaced as follows:

- 2.9.3.9.2 Transition Group 1 members to CHOICES HCBS unless the member chooses to receive CHOICES HCBS as an alternative to nursing facility care and is enrolled in CHOICES Group 2 (see Section 2.9.6.8 for requirements regarding nursing facility to community transition);
- 2.9.3.9.4 Transition members in Group 2 or 3 to another HCBS provider for continuing services unless the current HCBS provider is not a contract provider; if the current HCBS provider is not a contract provider, the CONTRACTOR shall provide continuation of CHOICES HCBS from that provider for at least thirty (30) days, which shall be extended as necessary to ensure continuity of care pending the provider's contracting with the CONTRACTOR or the member's transition to a contract provider; if the member is transitioned to a contract provider, the CONTRACTOR shall facilitate a seamless transition to the new provider.

21. Section 2.9.6.1 shall be amended by adding a new Section 2.9.6.1.6 and renumbering the remaining Sections accordingly, including any references thereto.

2.9.6.1.6 The CONTRACTOR shall compute Care Coordination CHOICES-related timelines as follows;

2.9.6.1.6.1 The day of the initiating event (e.g., receipt of a referral or receipt of the outbound 834 enrollment file is not to be included in the computation;

2.9.6.1.6.2 The Calendar Day immediately following the initiating event is day one (1) of timelines utilizing calendar days. Each subsequent calendar day is included in the computation; and

2.9.6.1.6.3 The Business Day (see Section 1) immediately following the initiating event is day one (1) of timelines utilizing business days. Each subsequent business day is included in the computation.

22. Sections 2.9.6.2.3 through 2.9.6.2.3.8 shall be deleted and replaced as follows:

2.9.6.2.3 *Functions of the Single Point of Entry (SPOE)*

2.9.6.2.3.1 For persons wishing to apply for CHOICES, TENNCARE or its designee may employ a screening process, using the tools and protocols specified by TENNCARE, to assist with intake for persons new to both TennCare and CHOICES. Such screening process shall assess: (1) whether the applicant appears to meet categorical and financial eligibility criteria for CHOICES; (2) whether the applicant appears to meet nursing facility level of care; and (3) for applicants seeking access to CHOICES HCBS through enrollment in CHOICES Group 2, whether it appears that the applicant's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care.

2.9.6.2.3.2 For persons identified by TENNCARE or its designee as meeting the screening criteria, or for whom TENNCARE or its designee opts not to use a screening process, TENNCARE or its designee will conduct a face-to-face intake visit with the applicant. As part of this intake visit TENNCARE or its designee will, using the tools and protocols specified by TENNCARE, conduct a level of care and needs assessment; assess the member's existing natural support system, including but not limited to informal supports provided by family and other caregivers, services that may be available at no cost to the member through other entities, and services that are reimbursable through other public or private funding sources, such as Medicare or long-term care insurance; and identify the long-term care services and home health and/or private duty nursing services that may be needed by the applicant upon enrollment into CHOICES that would build upon and not supplant a member's existing natural support system.

2.9.6.2.3.3 TENNCARE or its designee shall conduct the intake visit, including the level of care and needs assessment, in the applicant's place of residence, except under extenuating circumstances (such as the member's hospitalization), which shall be documented in writing.

2.9.6.2.3.4 As part of the intake visit, TENNCARE or its designee shall: (1) provide general CHOICES education and information, as specified by TENNCARE, and assist in

Amendment Number 25 (cont.)

answering any questions the applicant may have; (2) provide information about estate recovery; (3) provide choice counseling and facilitate the selection of an MCO by the applicant or his/her representative; (4) provide information regarding freedom of choice of nursing facility versus CHOICES HCBS, both verbally and in writing, and obtain a Freedom of Choice form signed and dated by the applicant or his/her representative; (5) provide detailed information and obtain signed acknowledgement of understanding regarding a CHOICES member's responsibility with respect to payment of patient liability amounts, including, as applicable, the potential consequences for non-payment of patient liability which may include loss of the member's current nursing facility or CBRA provider or MCO, disenrollment from CHOICES, and to the extent the member's eligibility is dependent on receipt of long-term care services, possible loss of eligibility for TennCare; and (6) for applicants who want to receive NF services, provide information regarding the completion of all PASRR requirements prior to nursing facility admission and conduct the level I PASRR screening; (7) for applicants who are seeking CHOICES HCBS: (a) conduct a risk assessment using a tool and protocol specified by TENNCARE and develop, as applicable, a risk agreement that shall be signed by the applicant or his/her representative and which shall include identified risks to the applicant, the consequences of such risks, strategies to mitigate the identified risks, and the applicant's decision regarding his/her acceptance of risk; (b) make a determination regarding whether the applicant's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care, including explanation to the applicant regarding the individual cost neutrality cap, including that a change in a member's needs or circumstances that would result in the cost neutrality cap being exceeded or that would result in the MCO's inability to safely and effectively meet a member's needs in the community and within the cost neutrality cap may result in the member's disenrollment from CHOICES Group 2, in which case, the care coordinator will assist with transition to a more appropriate care delivery setting; and (c) provide information regarding consumer direction and obtain signed documentation of the applicant's interest in participating in consumer direction; and (8) provide information regarding next steps in the process including the need for approval by TENNCARE to enroll in CHOICES and the functions of the CONTRACTOR, including that the CONTRACTOR will develop and approve a plan of care.

- 2.9.6.2.3.5 The listing of CHOICES HCBS and home health and/or private duty nursing services the member may need shall be used by TENNCARE or its designee to determine whether services can be provided within the member's cost neutrality cap and may be further refined based on the CONTRACTOR's comprehensive needs assessment and plan of care development processes.
- 2.9.6.2.3.6 The State will be responsible for determining TennCare categorical and financial eligibility and level of care and enrolling eligible TennCare members into CHOICES.
- 2.9.6.2.3.7 TENNCARE will notify the CONTRACTOR via the outbound 834 enrollment file when a person has been enrolled in CHOICES, the member's CHOICES Group, and any applicable patient liability amounts (See Section 2.6.7). For members in CHOICES Group 2, TENNCARE will notify the CONTRACTOR of the member's cost neutrality cap (see definition in Section 1 and Section 2.6.1.5.2.3), which shall be the average cost of Level 1 nursing facility care unless a higher cost neutrality cap is established by TENNCARE based on information submitted by the AAAD or MCO (as applicable) in the level of care.

Amendment Number 25 (cont.)

2.9.6.2.3.8 TENNCARE or its designee will make available to the CONTRACTOR the documentation from the intake visit, including but not limited to the member's level of care and needs assessment, the assessment of the member's existing natural support system, the member's risk assessment and signed risk agreement (for members in CHOICES Group 2), and the services identified by TENNCARE or its designee that the member may need upon CHOICES enrollment.

23. Sections 2.9.6.2.4 through 2.9.6.2.4.8 shall be deleted and replaced as follows:

2.9.6.2.4 *Functions of the CONTRACTOR for Members in CHOICES Group 1*

2.9.6.2.4.1 For members enrolled in CHOICES Group 1, who are, upon CHOICES enrollment, receiving nursing facility services, the CONTRACTOR shall reimburse such services in accordance with the level of nursing facility services (Level I or Level II) and/or reimbursement approved by TENNCARE (see Section 2.14.1.12), except that the CONTRACTOR may reimburse a lesser level of service when such lesser level of service is billed by the facility. Reimbursement for such services shall be from the current provider as of the effective date of CHOICES enrollment. The CONTRACTOR shall not move members enrolled in CHOICES Group 1 who are, upon CHOICES enrollment, receiving nursing facility services, to another facility unless: (1) the member or his/her representative specifically requests to move, which shall be documented in the member's file; (2) the member or his/her representative provides written consent to move based on quality or other concerns raised by the CONTRACTOR, which shall not include the nursing facility's rate of reimbursement; or (3) the facility where the member is residing is not a contract provider. If the nursing facility is a non-contract provider, the CONTRACTOR shall (a) provide continuation of the services pending enrollment of the facility as a contract provider (except a facility excluded for a 2-year period when the facility has withdrawn from Medicaid participation); (b) provide continuation of the services pending facilitation of the member's transition to a contract facility, subject to the member's agreement with such transition; or (c) may continue to reimburse services from the non-contract nursing facility in accordance with TennCare rules and regulations.

2.9.6.2.4.2 The CONTRACTOR shall, within thirty (30) calendar days of notice of the member's enrollment in CHOICES, conduct a face-to-face visit with the member and perform any additional needs assessment deemed necessary by the CONTRACTOR (see Section 2.9.6.5.1). The care coordinator shall review the plan of care developed by the nursing facility and may supplement the plan of care as necessary and appropriate (see Section 2.9.6.6.1).

2.9.6.2.4.3 The CONTRACTOR shall not transition members in Group 1 to CHOICES HCBS unless the member chooses to receive CHOICES HCBS as an alternative to nursing facility and is enrolled in Group 2.

2.9.6.2.4.4 For purposes of the CHOICES program, the CONTRACTOR may decide whether it will issue service authorizations for nursing facility services, or whether it will instead process claims for such services in accordance with the level of care and/or reimbursement (including the duration of such level of care and/or reimbursement) approved by TENNCARE (see Section 2.14.1.12), except that the CONTRACTOR may reimburse a lesser level of service when such lesser level of service is billed by the facility. .

Amendment Number 25 (cont.)

- 2.9.6.2.4.5 For CHOICES members approved by TENNCARE for Level II (or skilled) nursing facility services, the CONTRACTOR shall be responsible for monitoring the member's continued need for Medicaid reimbursed skilled and/or rehabilitation services, promptly notifying TENNCARE when Level II nursing facility services are no longer medically necessary, and for the submission of information needed by TENNCARE to reevaluate the member's level of care for nursing facility services (see also Section 2.14.1.12.2).
- 24. Sections 2.9.6.2.5.2 and 2.9.6.2.5.3 shall be amended by adding the word "CHOICES" in front of the word "HCBS".**
- 25. Sections 2.9.6.2.5.8 through 2.9.6.2.5.13 shall be deleted and replaced as follows:**
- 2.9.6.2.5.8 As part of the face-to-face visit for members in CHOICES Group 2, the care coordinator shall review, and revise as necessary, the member's risk assessment and risk agreement and have the member or his/her representative sign and date any revised risk agreement.
- 2.9.6.2.5.9 As part of the face-to-face visit, for members determined to need eligible CHOICES HCBS, the care coordinator shall verify the member's interest in participating in consumer direction and obtain written confirmation of the member's decision. The care coordinator shall also provide member education regarding choice of contract providers for CHOICES HCBS, subject to the provider's availability and willingness to timely deliver services, and obtain signed confirmation of the member's choice of contract providers.
- 2.9.6.2.5.10 For purposes of CHOICES HCBS, service authorizations shall include the amount, frequency, and duration of each service to be provided and the schedule at which such care is needed, as applicable; the requested start date; and other relevant information as prescribed by TENNCARE. The CONTRACTOR shall be responsible for confirming the provider's capacity and commitment to initiate services as authorized on or before the requested start date, and if the provider is unable to initiate services as authorized on or before the requested start date, for arranging an alternative provider who is able to initiate services as authorized on or before the requested start date.
- 2.9.6.2.5.11 The member's care coordinator/care coordination team shall provide at least verbal notification to the member prior to initiation of CHOICES HCBS identified in the plan of care regarding any change in providers selected by the member for each CHOICES HCBS, including the reason such change has been made.
- 2.9.6.2.5.12 If the CONTRACTOR is unable to initiate any CHOICES HCBS in accordance with the timeframes specified herein, the CONTRACTOR shall issue written notice to the member, documenting the service(s) that will be delayed, the reasons for the delay, and the date the service(s) will start, and shall make good faith efforts to ensure that services are provided as soon as practical.
- 2.9.6.2.5.13 TENNCARE may establish, pursuant to policies and protocols for management of waiting lists, alternative timeframes for completion of specified intake functions and activities when there is a waiting list.

26. Section 2.9.6.3.1.5 through 2.9.6.3.1.5.5 shall be deleted and replaced as follows:

- 2.9.6.3.1.5 Periodic review (at least quarterly) of:
 - 2.9.6.3.1.5.1 Claims or encounter data;
 - 2.9.6.3.1.5.2 Hospital admission or discharge data;
 - 2.9.6.3.1.5.3 Pharmacy data; and
 - 2.9.6.3.1.5.4 Data collected through the DM and/or UM processes.
 - 2.9.6.3.1.5.5 The CONTRACTOR may define in its policies and procedures other steps that will be taken to better assess if the members identified through means other than referral or notice of hospital admission will likely qualify for CHOICES, and may target its screening and intake efforts to a more targeted list of persons that are most likely to need and to qualify for CHOICES services.
- 2.9.6.3.1.5.6 TENNCARE may establish, pursuant to policies and protocols for management of waiting lists, alternative timeframes for completion this task when there is a waiting list.

27. Section 2.9.6.3.2 shall be deleted and replaced as follows:

- 2.9.6.3.2 As part of its identification process for members who may be eligible for CHOICES, the CONTRACTOR may initiate a telephone screening process, using the tool and protocols specified by TENNCARE. Such screening process shall: (1) verify the member’s current eligibility category based on information provided by TENNCARE in the outbound 834 enrollment file; for persons seeking access to CHOICES HCBS through enrollment in CHOICES Groups 2 or 3, identify whether the member meets categorical eligibility requirements for enrollment in such group based on his/her current eligibility category, and if not, for persons seeking to enroll in CHOICES Group 2, whether the member appears to meet categorical and financial eligibility criteria for the Institutional (i.e., CHOICES 217-Like HCBS) category; (2) determine whether the member appears to meet level of care eligibility for CHOICES; and (3) for members seeking access to CHOICES HCBS through enrollment in CHOICES Group 2, determine whether it appears that the member’s needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care. Such telephone screening shall be conducted at the time of the initial call by the CONTRACTOR unless the member requests that the screening be conducted at another time, which shall be documented in writing in the CHOICES intake record.

28. Section 2.9.6.3.3.1 shall be deleted and replaced as follows:

- 2.9.6.3.3.1 Documentation of at least three (3) attempts occurring over a period of no less than three (3) days to contact the member by phone (which shall include at least one (1) attempt to contact the member at the number most recently reported by the member and at least one (1) attempt to contact the member at the number provided in the referral, if different, and which shall occur at different times of the day and evening, including after business hours), followed by a letter sent to the member’s most recently reported address that provides information about CHOICES and how to obtain a screening for CHOICES, shall constitute sufficient effort by the CONTRACTOR to assist a member who has been

referred for CHOICES, regardless of referral source. TENNCARE will review the CONTRACTOR's referral data, including the number of referred members the CONTRACTOR is unable to reach, and may institute additional requirements as necessary to ensure reasonable efforts to reach the member and complete the referral and intake process.

29. Section 2.9.6.3.7 shall be deleted and replaced as follows:

2.9.6.3.7 If the member does not meet the telephone screening criteria, the CONTRACTOR shall notify the member verbally and in writing in the format prescribed by TENNCARE: (1) that he/she does not appear to meet the criteria for enrollment in CHOICES; (2) that he/she has the right to continue with the CHOICES intake process and, if determined not eligible, to receive notice of such denial, including the member's due process right to appeal; and (3) how, if the member wishes to proceed with the CHOICES intake process, the member can submit a written request to proceed with the CHOICES intake process to the CONTRACTOR. In the event that a member does submit such written request, the CONTRACTOR shall process the request as a new referral and shall conduct a face-to-face intake visit, including level of care assessment and needs assessment, within ten (10) business days of receipt of the member's written request, unless a later date is requested by the member, which shall be documented in writing in the CHOICES intake record.

30. Section 2.9.6.3.8.2 shall be amended by adding the word "CHOICES" in front of the word "HCBS".

31. Sections 2.9.6.3.9 through 2.9.6.3.18 shall be deleted and replaced as follows:

2.9.6.3.9 As part of the face-to-face intake visit, the care coordinator shall: (1) provide general CHOICES education and information, as specified by TENNCARE, to the member and assist in answering questions the member may have; (2) provide information about estate recovery; (3) provide assistance, as necessary, in facilitating gathering of categorical/financial documentation needed by DHS; (4) provide information regarding freedom of choice of nursing facility versus CHOICES HCBS, both verbally and in writing, and obtain a Freedom of Choice form signed and dated by the member or his/her representative; (5) provide detailed information and signed acknowledgement of understanding regarding a CHOICES member's responsibility with respect to payment of patient liability amounts, including, as applicable, the potential consequences for non-payment of patient liability which may include loss of the member's current nursing facility or CBRA provider or MCO, disenrollment from CHOICES, and to the extent the member's eligibility is dependent on receipt of long-term care services, possible loss of eligibility for TennCare; and (6) for members who want to receive nursing facility services, provide information regarding the completion of all PASRR requirements prior to nursing facility admission and conduct the level I PASRR screening; (7) for members who are seeking CHOICES HCBS, the care coordinator, shall: (a) conduct a risk assessment using a tool and protocol specified by TENNCARE and shall develop, as applicable, a risk agreement that shall be signed and dated by the member or his/her representative and which shall include identified risks to the member, the consequences of such risks, strategies to mitigate the identified risks, and the member's decision regarding his/her acceptance of risk; (b) make a determination regarding whether the person's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care, and provide explanation to the member regarding the individual cost neutrality cap, including that a change in needs or circumstances that would result in the cost neutrality

Amendment Number 25 (cont.)

cap being exceeded or that would result in the CONTRACTOR's inability to safely and effectively meet the member's needs in the community and within the cost neutrality cap may result in the member's disenrollment from CHOICES Group 2, in which case, the member's care coordinator will assist with transition to a more appropriate care delivery setting; and (c) provide information regarding consumer direction and obtain written confirmation of the member's decision regarding participation in consumer direction; and (8) for all members, provide information regarding choice of contract providers, subject to the provider's availability and willingness to timely deliver services, and obtain signed documentation of the member's choice of contract providers.

- 2.9.6.3.10 If the member does not meet appear to meet CHOICES enrollment criteria, the care coordinator may advise the member verbally: (1) that he/she does not appear to meet the criteria for enrollment in CHOICES; but shall also advise the member (2) that he/she has the right to continue with the CHOICES intake process and, if determined not eligible, to receive notice of such denial, including the member's due process right to a fair hearing.
- 2.9.6.3.10.1 The decision to discontinue the CHOICES intake process must be made by the member or the member's representative and the CONTRACTOR shall not encourage the member or member's representative to discontinue the process;
- 2.9.6.3.10.2 Upon the member's decision to continue the CHOICES intake, the care coordinator shall continue the intake process and complete all required activities, including submission of the level of care to TENNCARE; or
- 2.9.6.3.10.3 Upon the member's decision to discontinue the CHOICES intake process, the care coordinator shall, in the manner prescribed by TENNCARE, document the member's decision to terminate the CHOICES intake process, including the member's or representative's signature and date. The CONTRACTOR shall maintain this documentation in the member's record and provide a copy to the member/representative.
- 2.9.6.3.10.4 The CONTRACTOR shall provide the member with information about how to initiate a new CHOICES screening and intake process in the future.
- 2.9.6.3.11 If, during the face-to-face intake visit the member or the member's representative elects to terminate the intake process for any other reason (e.g., estate recovery, patient liability, or does not need the services available through CHOICES), the care coordinator shall, in the manner prescribed by TENNCARE, document the member's decision to terminate the CHOICES intake process, including the member's or representative's signature and date. The CONTRACTOR shall maintain this documentation in the member's record and provide a copy to the member/representative.
- 2.9.6.3.11.1 The decision to discontinue the CHOICES intake process must be made by the member or the member's representative and the CONTRACTOR shall not encourage the member or member's representative to discontinue the process;
- 2.9.6.3.11.2 The CONTRACTOR shall provide the member with information about how to initiate a new CHOICES screening and intake process in the future.
- 2.9.6.3.12 For CHOICES referrals by or on behalf of a potential CHOICES member, regardless of referral source, the care coordinator shall conduct the face-to-face intake visit and shall develop a plan of care, as appropriate (see Section 2.9.6.6), within ten (10) business days of

Amendment Number 25 (cont.)

receipt of such referral, unless a later date is requested by the member, which shall be documented in writing in the CHOICES intake record.

- 2.9.6.3.13 For members identified by the CONTRACTOR as potentially eligible for CHOICES by means other than referral, the care coordinator shall conduct the face-to-face intake visit and shall develop a plan of care, as appropriate (see Section 2.9.6.6), within thirty (30) days of identification of the member as potentially eligible for CHOICES. For persons identified through notification of hospital admission, the CONTRACTOR shall coordinate with the hospital discharge planner to determine whether long-term care services may be needed upon discharge, and if so, complete all applicable screening and/or intake processes immediately to facilitate timely transition to the most integrated and cost effective long-term care delivery setting appropriate for the member's needs.
- 2.9.6.3.14 Once completed, the CONTRACTOR shall submit the level of care and, for members requesting CHOICES HCBS, documentation, as specified by TENNCARE, to verify that the member's needs can be safely and effectively met in the community and within the cost neutrality cap to TENNCARE as soon as possible but no later than five (5) business days of the face-to-face visit. The CONTRACTOR shall make every effort to obtain supporting documentation required for the level of care in a timely manner and shall document in writing the cause of any delay in the submission of the required documentation to TENNCARE, including the CONTRACTOR's actions to mitigate such delay. The CONTRACTOR shall be responsible for ensuring that the level of care is accurate and complete, satisfies all technical requirements specified by TENNCARE, and accurately reflects the member's current medical and functional status based on information gathered, at a minimum, from the member, his or her representative, the Care Coordinator's direct observations, and the history and physical or other medical records which shall be submitted with the application. The CONTRACTOR shall note in the level of care any discrepancies between these sources of information, and shall provide explanation regarding how the CONTRACTOR addressed such discrepancies in the level of care.
- 2.9.6.3.15 If the member is seeking access to CHOICES HCBS through enrollment in CHOICES Group 2 and the enrollment target for CHOICES Group 2 has been reached, the CONTRACTOR shall notify TENNCARE, at the time of submission of the level of care and needs assessment and plan of care, as appropriate, whether the person shall be placed on a waiting list for CHOICES Group 2. If the CONTRACTOR wishes to enroll the person in CHOICES Group 2 as a cost effective alternative (CEA) to nursing facility care that would otherwise be provided, the CONTRACTOR shall submit to TENNCARE the following:
 - 2.9.6.3.15.1 A written summary of the CONTRACTOR's CEA determination, including an explanation of the member's circumstances which warrant the immediate provision of nursing facility services unless CHOICES HCBS are immediately available.
 - 2.9.6.3.15.2 TENNCARE may request additional information as needed to confirm the CONTRACTOR's CEA determination and/or provider capacity to meet the member's needs, and shall, only upon receipt of satisfactory documentation, enroll the member in CHOICES.
- 2.9.6.3.16 The CONTRACTOR shall be responsible for (1) advising members who appear to meet the nursing facility level of care that are seeking access to CHOICES HCBS through enrollment in CHOICES Group 2 when an enrollment target has been (or will soon be) reached; (2) advising such persons that they may choose to receive nursing facility services if CHOICES

Amendment Number 25 (cont.)

HCBS are not immediately available; (3) determining whether the person wants nursing facility services if CHOICES HCBS are not immediately available; and (4) at the CONTRACTOR's sole discretion, making a determination regarding whether enrollment in Group 2 constitutes a CEA because the immediate provision of nursing facility services will otherwise be required and submitting appropriate documentation to TENNCARE if there is a waiting list for CHOICES Group 2 but the CONTRACTOR chooses to enroll a member in Group 2 as a CEA (see Section 2.9.6.3.13.1).

- 2.9.6.3.17 The State will be responsible for determining TennCare categorical and financial eligibility and level of care and enrolling eligible TennCare members into CHOICES.
- 2.9.6.3.18 TENNCARE will notify the CONTRACTOR via the outbound 834 enrollment file when a person has been enrolled in CHOICES and, if the member is enrolled in CHOICES, the member's CHOICES Group and applicable patient liability amounts (see Section 2.6.7). For members in CHOICES Group 2, TENNCARE will notify the CONTRACTOR of the member's cost neutrality cap (see definition in Section 1 and see Section 2.6.1.5.2.3), which shall be the average cost of Level 1 nursing facility care unless a higher cost neutrality cap is established by TENNCARE based on information submitted by the AAAD or MCO (as applicable) in the level of care.
- 2.9.6.3.19 For all newly enrolled CHOICES Group 1 members, the CONTRACTOR shall reimburse NF services in accordance with the level of nursing facility services or reimbursement approved by TENNCARE, and as of the effective date of CHOICES enrollment, except that the CONTRACTOR may reimburse a lesser level of service which such lesser level of service is billed by the facility.
- 2.9.6.3.20 For the CONTRACTOR's current members enrolled into CHOICES Group 2, the member's Care Coordinator shall within ten (10) business days of notice of the member's enrollment in CHOICES Group 2, authorize and initiate CHOICES HCBS.
 - 2.9.6.3.20.1 For purposes of the CHOICES program, service authorizations for CHOICES HCBS shall include the amount, frequency, and duration of each service to be provided, and the schedule at which such care is needed, as applicable; and other relevant information as prescribed by TENNCARE. The CONTRACTOR may decide whether it will issue service authorizations for nursing facility services, or whether it will instead process claims for such services in accordance with the level of care and/or reimbursement (including the duration of such level of care and/or reimbursement) approved by TENNCARE (see Section 2.14.1.12), except that the CONTRACTOR may reimburse a lesser level of service when such lesser level of service is billed by the facility.
 - 2.9.6.3.20.2 The CONTRACTOR shall provide at least verbal notice to the member prior to initiation of CHOICES HCBS identified in the plan of care regarding any change in providers selected by the member for each CHOICES HCBS; including the reason such change has been made. If the CONTRACTOR is unable to place a member in the nursing facility or community-based residential alternative setting requested by the member, the care coordinator shall meet with the member and his/her representative to discuss the reasons why the member cannot be placed with the requested facility and the available options and identify an alternative facility.
 - 2.9.6.3.20.3 If the CONTRACTOR is unable to initiate any long-term care service within the timeframes specified in this Agreement, the CONTRACTOR shall issue written notice to

Amendment Number 25 (cont.)

the member, documenting the service(s) that will be delayed, the reasons for the delay and the date the service(s) will start, and shall make good faith efforts to ensure that services are provided as soon as practical.

- 2.9.6.3.20.4 For members enrolled in CHOICES Groups 1 or 2 who are, upon CHOICES enrollment, receiving nursing facility or community-based residential alternative services from a contract provider, the CONTRACTOR shall authorize such services from the current provider as of the effective date of CHOICES enrollment. The CONTRACTOR shall not move members enrolled in CHOICES Groups 1 or 2 who are, upon CHOICES enrollment, receiving services in a nursing facility or community-based residential alternative setting to another facility unless: (1) the member or his/her representative specifically requests to move, which shall be documented in the member's file; (2) the member or his/her representative provides written consent to move based on quality or other concerns raised by the CONTRACTOR, which shall not include the nursing facility's rate of reimbursement; or (3) the facility where the member is residing is not a contract provider; if the community-based residential facility where the member is currently residing is not a contract provider, the CONTRACTOR shall provide continuation of services in such facility for at least thirty (30) days, which shall be extended as necessary to ensure continuity of care pending the facility's contracting with the CONTRACTOR or the member's transition to a contract facility; if the member is transitioned to a contract facility, the CONTRACTOR shall facilitate a seamless transition to the new facility; if the nursing facility where the member is currently residing is a non-contract provider, the CONTRACTOR shall (a) authorize continuation of the services pending enrollment of the facility as a contract provider (except a facility excluded for a 2-year period when the facility has withdrawn from Medicaid participation); (b) authorize continuation of the services pending facilitation of the member's transition to a contract facility, subject to the member's agreement with such transition; or (c) may continue to reimburse services from the non-contract nursing facility in accordance with TennCare rules and regulations.
- 2.9.6.3.20.5 For members receiving nursing facility services, the care coordinator shall participate as appropriate in the nursing facility's care planning process (see Section 2.9.6.5.1) and may supplement the facility's plan of care as necessary (see Section 2.9.6.6.1).
- 2.9.6.3.20.6 The CONTRACTOR shall not divert or transition members in CHOICES Group 1 to CHOICES HCBS unless the member chooses to receive CHOICES HCBS as an alternative to nursing facility and is enrolled in Group 2.
- 2.9.6.3.20.7 The CONTRACTOR shall not admit a member enrolled in CHOICES Group 2 to a nursing facility unless: (1) the member requires a short-term nursing facility care stay; (2) the member chooses to transition to a nursing facility and enroll in Group 1; or (3) the CONTRACTOR determines that it cannot safely and effectively meet the needs of the member and at a cost that is less than the member's cost neutrality cap and the member agrees to transition to a nursing facility and enroll in Group 1.
- 2.9.6.3.20.8 The CONTRACTOR shall not admit a member enrolled in CHOICES Group 3 to a nursing facility unless: (1) the member meets nursing facility level of care and is expected to require nursing facility services for ninety (90) days or less; or (2) the member meets nursing facility level of care, is expected to require nursing facility services for more than ninety (90) days and chooses to transition to a nursing facility and enroll in Group 1.

2.9.6.3.21 TENNCARE may establish, pursuant to policies and protocols for management of waiting lists, alternative timeframes for completion of specified intake functions and activities for persons when there is a waiting list.

32. Section 2.9.6.4.4 shall be deleted and replaced as follows:

2.9.6.4.4 The CONTRACTOR may utilize a care coordination team approach to performing care coordination activities prescribed in Section 2.9.6. For each CHOICES member, the CONTRACTOR's care coordination team shall consist of the member's care coordinator and specific other persons with relevant expertise and experience appropriate to address the needs of CHOICES members. Care coordination teams shall be discrete entities within the CONTRACTOR's organizational structure dedicated to fulfilling CHOICES care coordination functions. The CONTRACTOR shall establish policies and procedures that specify, at a minimum: the composition of care coordination teams; the tasks that shall be performed directly by the care coordinator as specified in this Agreement, including needs assessment, development of the plan of care, and all minimum care coordination contacts; the tasks that may be performed by the care coordinator or the care coordination team; measures taken to ensure that the care coordinator remains the member's primary point of contact for the CHOICES program and related issues; escalation procedures to elevate issues to the care coordinator in a timely manner; and measures taken to ensure that if a member needs to reach his/her care coordinator specifically, calls that require immediate attention by a care coordinator are handled by a care coordinator and calls that do not require immediate attention are returned by the member's care coordinator the next business day. The CONTRACTOR may elect to utilize specialized intake coordinators or intake teams for initial needs assessment and care planning activities. All intake activities identified as responsibilities of the care coordinator shall be completed by an individual who meets all of the requirements to be a care coordinator. Should the CONTRACTOR elect to utilize specialized intake coordinators or intake teams, the CONTRACTOR shall develop policies and procedures which specify how the contractor will coordinate a seamless transfer of information from the intake coordinator or team to the member's care coordinator.

33. Section 2.9.6.6.1.1 shall be amended by deleting the phrase “/care coordination team”.

2.9.6.6.1.1 For members in CHOICES Group 1, the member's care coordinator may: (1) rely on the plan of care developed by the nursing facility for service delivery instead of developing a plan of care for the member; and (2) supplement the nursing facility plan of care as necessary with the development and implementation of targeted strategies to improve health, functional, or quality of life outcomes (e.g., related to disease management or pharmacy management) or to increase and/or maintain functional abilities. A copy of any supplements to the nursing facility plan of care, and updates to such supplements, shall be maintained by the CONTRACTOR in the member's file.

34. Section 2.9.6.6.2.4 shall be deleted and replaced as follows:

2.9.6.6.2.4 The plan of care developed for CHOICES members in Groups 2 and 3 prior to initiation of CHOICES HCBS shall at a minimum include: (1) pertinent demographic information regarding the member including the name and contact information of any representative and a list of other persons authorized by the member to have access to health care (including long-term care) related information and to assist with assessment, planning,

Amendment Number 25 (cont.)

and/or implementation of health care (including long-term care) related services and supports; (2) care, including specific tasks and functions, that will be performed by family members and other caregivers; (3) home health, private duty nursing, and long-term care services the member will receive from other payor sources including the payor of such services; (4) home health and private duty nursing that will be authorized by the CONTRACTOR, except in the case of persons enrolled on the basis of Immediate Eligibility who shall have access to services beyond the limited package of CHOICES HCBS (see Section 2.6.1.5.3) only upon determination of categorical and financial eligibility for TennCare; (5) CHOICES HCBS that will be authorized by the CONTRACTOR, including the amount, frequency, duration, and scope (tasks and functions to be performed) of each service to be provided, and the schedule at which such care is needed, as applicable; members enrolled on the basis of Immediate Eligibility shall have access only to a limited package of CHOICES HCBS (see Section 2.6.1.5.3) pending determination of categorical and financial eligibility for TennCare CHOICES however all identified needed services shall be listed in the plan of care; (6) a detailed back-up plan for situations when regularly scheduled HCBS providers are unavailable or do not arrive as scheduled; the back-up plan may include paid and unpaid supports and shall include the names and telephone numbers of persons and agencies to contact and the services provided by listed contacts; the CONTRACTOR shall assess the adequacy of the back-up plan; and (7) for CHOICES Group 2 members, the projected TennCare monthly and annual cost of home health and private duty nursing identified in (4) above, and the projected monthly and annual cost of CHOICES HCBS specified in (5) above, and for CHOICES Group 3 members, the projected total cost of CHOICES HCBS specified in (5) above, excluding the cost of minor home modifications.

35. Section 2.9.6.6.2.5.11 shall be amended by adding the words “eligible CHOICES” in front of the word “HCBS”.

36. Section 2.9.6.6.2.6 shall be amended by adding a new sentence as follows:

2.9.6.6.2.6 The member’s care coordinator/care coordination team shall ensure that the member reviews, signs and dates the plan of care as well as any updates. The care coordinator shall also sign and date the plan of care, along with any updates.

37. Sections 2.9.6.6.2.8 and 2.9.6.6.2.9 shall be deleted and replaced as follows:

2.9.6.6.2.8 Within five (5) business days of completing a reassessment of a member’s needs, the member’s care coordinator shall update the member’s plan of care as appropriate, and the CONTRACTOR shall authorize and initiate CHOICES HCBS in the updated plan of care. The CONTRACTOR shall comply with requirements for service authorization in Section 2.9.6.2.5.10, change of provider in Section 2.9.6.2.5.11, and notice of service delay in Section 2.9.6.2.5.12.

2.9.6.6.2.9 The member’s care coordinator shall inform each member of his/her eligibility end date and educate members regarding the importance of maintaining TennCare CHOICES eligibility, that eligibility must be redetermined at least once a year, and that members receiving CHOICES HCBS will be contacted by TENNCARE or its designee near the date a redetermination is needed to assist them with the process, e.g., collecting appropriate documentation and completing the necessary forms.

38. Section 2.9.6.7.2.1 shall be amended by deleting the phrase “in CHOICES Group 1”.

2.9.6.7.2.1 Members who are waiting for placement in a nursing facility;

39. Sections 2.9.6.8 through 2.9.6.8.22 shall be deleted and replaced as follows:

2.9.6.8 Nursing Facility-to-Community Transition

2.9.6.8.1 The CONTRACTOR shall develop and implement methods for identifying members who may have the ability and/or desire to transition from a nursing facility to the community. Such methods shall include, at a minimum:

2.9.6.8.1.1 Referrals, including but not limited to, treating physician, nursing facility, other providers, community-based organizations, family, and self-referrals;

2.9.6.8.1.2 Identification through the care coordination process, including but not limited to: assessments, information gathered from nursing facility staff or participation in Grand Rounds (as defined in Section 1); and

2.9.6.8.1.3 Review and analysis of members identified by TENNCARE based on Minimum Data Set (MDS) data from nursing facilities.

2.9.6.8.2 For transition referrals by or on behalf of a nursing facility resident, regardless of referral source, the CONTRACTOR shall ensure that within fourteen (14) days of the referral a care coordinator conducts an in-facility visit with the member to determine the member’s interest in and potential ability to transition to the community, and provide orientation and information to the member regarding transition activities. The member’s care coordinator/care coordination team shall document in the member’s case file that transition was discussed with the member and indicate the member’s wishes as well as the member’s potential for transition. The CONTRACTOR shall not require a member to transition when the member expresses a desire to continue receiving nursing facility services.

2.9.6.8.3 For identification by the CONTRACTOR by means other than referral or the care coordination process of a member who may have the ability and/or desire to transition from a nursing facility to the community, the CONTRACTOR shall ensure that within ninety (90) days of such identification a care coordinator conducts an in-facility visit with the member to determine whether or not the member is interested in and potential ability to pursue transition to the community. The member’s care coordinator/care coordination team shall document in the member’s case file that transition was discussed with the member and indicate the member’s wishes as well as the member’s potential for transition. The CONTRACTOR shall not require a member to transition when the member expresses a desire to continue receiving nursing facility services.

2.9.6.8.4 If the member wishes to pursue transition to the community, within fourteen (14) days of the initial visit (see Sections 2.9.6.8.2 and 2.9.6.8.3 above) or within fourteen (14) days of identification through the care coordination process, the care coordinator shall conduct an in-facility assessment of the member’s ability and/or desire to transition using tools and protocols specified or prior approved in writing by TENNCARE. This assessment shall include the identification of any barriers to a safe transition.

Amendment Number 25 (cont.)

- 2.9.6.8.5 As part of the transition assessment, the care coordinator shall conduct a risk assessment using a tool and protocol specified by TENNCARE, discuss with the member the risk involved in transitioning to the community and shall begin to develop, as applicable, a risk agreement that shall be signed and dated by the member or his/her representative and which shall include identified risks to the member, the consequences of such risks, strategies to mitigate the identified risks, and the member's decision regarding his/her acceptance of risk as part of the plan of care. The risk agreement shall include the frequency and type of care coordinator contacts that exceed the minimum contacts required (see Section 2.9.6.9.4), to mitigate any additional risks associated with transition and shall address any special circumstances due to transition. The member's care coordinator/care coordination team shall also make a determination regarding whether the member's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care. The member's care coordinator shall explain to the member the individual cost neutrality cap and notification process and obtain a signed acknowledgement of understanding by the member or his/her representative that a change in a member's needs or circumstances that would result in the cost neutrality cap being exceeded or that would result in the CONTRACTOR's inability to safely and effectively meet a member's needs in the community and within the cost neutrality cap may result in the member's disenrollment from CHOICES Group 2, in which case, the CONTRACTOR will assist with transition to a more appropriate care delivery setting.
- 2.9.6.8.6 For those members whose transition assessment indicates that they are not candidates for transition to the community, the care coordinator shall notify them in accordance with the specified transition assessment protocol.
- 2.9.6.8.7 For those members whose transition assessment indicates that they are candidates for transition to the community, the care coordinator shall facilitate the development of and complete a transition plan within fourteen (14) days of the member's transition assessment.
- 2.9.6.8.8 The care coordinator shall include other individuals such as the member's family and/or caregiver in the transition planning process if the member requests and/or approves, and such persons are willing and able to participate.
- 2.9.6.8.9 As part of transition planning, prior to the member's physical move to the community, the care coordinator shall visit the residence where the member will live to conduct an on-site evaluation of the physical residence and meet with the member's family or other caregiver who will be residing with the member (as appropriate). The care coordinator shall include in the transition plan activities and/or services needed to mitigate any perceived risks in the residence including but not limited to an increase in face-to-face visits beyond the minimum required contacts in Sections 2.9.6.8.18 and 2.9.6.8.17.
- 2.9.6.8.10 The transition plan shall address all services necessary to safely transition the member to the community and include at a minimum member needs related to housing, transportation, availability of caregivers, and other transition needs and supports. The transition plan shall also identify any barriers to a safe transition and strategies to overcome those barriers.
- 2.9.6.8.11 The CONTRACTOR shall approve the transition plan and authorize any covered or cost effective alternative services included in the plan within ten (10) business days of completion of the plan. The transition plan shall be fully implemented within ninety (90) days from

Amendment Number 25 (cont.)

approval of the transition plan, except under extenuating circumstances which must be documented in writing.

- 2.9.6.8.12 The member's care coordinator shall also complete a plan of care that meets all criteria described in Section 2.9.6.6 for members in CHOICES Groups 2 and 3 including but not limited to completing a comprehensive needs assessment, completing and signing the risk agreement and making a final determination of cost neutrality. The plan of care shall be authorized and initiated prior to the member's transition to the community.
- 2.9.6.8.13 The CONTRACTOR shall not prohibit a member from transitioning to the community once the member has been counseled regarding risk. However, the CONTRACTOR may determine that the member's needs cannot be safely and effectively met in the community and at a cost that does not exceed nursing facility care. In such case, the CONTRACTOR shall seek written review and approval from TENNCARE prior to denial of any member's request to transition to the community. If TENNCARE approves the CONTRACTOR's request, the CONTRACTOR shall notify the member in accordance with TennCare rules and regulations and the transition assessment protocol, and the member shall have the right to appeal the determination (see Section 2.19.3.12 of this Agreement).
- 2.9.6.8.14 Once completed, the CONTRACTOR shall submit to TENNCARE documentation, as specified by TENNCARE to verify that the member's needs can be safely and effectively met in the community and within the cost neutrality cap. Before transitioning a member the CONTRACTOR shall verify that the member has been approved for enrollment in CHOICES Group 2 effective as of the planned transition date.
- 2.9.6.8.15 The member's care coordinator/care coordination team shall monitor all aspects of the transition process and take immediate action to address any barriers that arise during transition.
- 2.9.6.8.16 For members transitioning to a setting other than a community-based residential alternative setting, the care coordinator/care coordination team shall upon transition utilize the EVV system to monitor the initiation and daily provision of services in accordance with the member's new plan of care, and shall take immediate action to resolve any service gaps (see definition in Section 1).
- 2.9.6.8.17 For members who will live independently in the community or whose on-site visit during transition planning indicated an elevated risk, within the first twenty-four (24) hours, the care coordinator shall visit the member in his/her residence. During the initial ninety (90) day post-transition period, the care coordinator shall conduct monthly face-to-face in-home visits to ensure that the plan of care is being followed, that the plan of care continues to meet the member's needs, and the member has successfully transitioned to the community.
- 2.9.6.8.18 For members transitioning to a community-based residential alternative setting or who will live with a relative or other caregiver, within the first twenty-four (24) hours the care coordinator shall contact the member and within seven (7) days after the member has transitioned to the community, the care coordinator shall visit the member in his/her new residence. During the initial ninety (90) day post-transition period, the care coordinator shall (1) at a minimum, contact the member by telephone each month to ensure that the plan of care is being followed, that the plan of care continues to meet the member's needs, and the member has successfully transitioned to the community; and (2) conduct additional face-to-

Amendment Number 25 (cont.)

face visits as necessary to address issues and/or concerns and to ensure that the member's needs are met.

- 2.9.6.8.19 The CONTRACTOR shall monitor hospitalizations and nursing facility re-admission for members who transition from a nursing facility to the community to identify issues and implement strategies to improve transition outcomes.
- 2.9.6.8.20 The CONTRACTOR shall be permitted to coordinate or subcontract with local community-based organizations to assist in the identification, planning and facilitation processes related to nursing facility-to-community transitions that are not specifically assigned to the care coordinator.
- 2.9.6.8.21 The CONTRACTOR shall develop and implement any necessary assessment tools, transition plan templates, protocols, or training necessary to ensure that issues that may hinder a member's successful transition are identified and addressed. Any tool, template, or protocol must be prior approved in writing by TENNCARE.
- 2.9.6.8.22 To facilitate nursing facility to community transition, the CONTRACTOR may elect to use specialized transition coordinators or transition teams. All transition activities identified as responsibilities of the care coordinator shall be completed by an individual who meets all of the requirements to be a care coordinator.
- 2.9.6.8.23 The CONTRACTOR shall implement policies and processes necessary to ensure that it is aware when a member is admitted to or discharged from a NF in order to facilitate care planning and as seamless a transition as possible, and to ensure timely notification to TENNCARE and other entities (e.g., DHS) as appropriate.
- 2.9.6.8.23.1 The CONTRACTOR shall require NFs to notify the CONTRACTOR of all NF discharges, transfers between NFs, or elections of hospice services in a NF.
- 2.9.6.8.23.2 The CONTRACTOR shall, in a manner prescribed by TENNCARE notify: a) TENNCARE of all NF discharges and elections of hospice services in a NF; b) DHS of all NF discharges and transfers between NFs; and c) receiving NFs of all applicable level of care information when a member is transferring between NFs.
- 2.9.6.8.23.3 The CONTRACTOR shall conduct a census at least semi-annually at no less than 120-day intervals or as frequently as necessary to confirm the residency status and Group assignment of all CHOICES members (i.e., Group 1 receiving services in a NF or Group 2 receiving HCBS or short-term NF services). The CONTRACTOR shall take actions as necessary to address any discrepancies when a CHOICES member is found to no longer be receiving LTC services, or is receiving services in a different service delivery setting, e.g., NF, HCBS, or hospice in a NF, including, as appropriate, disenrollment from CHOICES and/or enrollment in a different CHOICES Group.
- 2.9.6.8.23.4 The CONTRACTOR shall monitor all short-term NF stays for Group 2 members and shall ensure that the member is transitioned from Group 2 to Group 1 at any time a) it is determined that the stay will not be short-term and the member will not transition back to the community; and b) prior to exhausting the 90-day short-term NF benefit covered for CHOICES Group 2 members.

Amendment Number 25 (cont.)

- 40. Section 2.9.6.9.1.1 shall be amended by adding a new Section 2.9.6.9.1.1.5 as follows and renumbering the existing Section 2.9.6.9.1.1 accordingly, including any references thereto.**

2.9.6.9.1.1.5 In the manner prescribed by TENNCARE, facilitate transfers between nursing facilities which, at a minimum, includes notification to the receiving facility of the member's level of care, and notification to DHS; and

- 41. The newly renumbered Section 2.9.6.9.1.1.6 shall be amended by adding a new Section 2.9.6.9.1.1.6.5 as follows and renumbering the existing Section 2.9.6.9.1.1.6 accordingly, including any references thereto.**

2.9.6.9.1.1.6.5 Frequent emergency department utilization; or

- 42. Section 2.9.6.9.2.1.2 shall be amended by adding the words "eligible CHOICES" in front of the word "HCBS".**

- 43. Section 2.9.6.9.2.1.5 shall be deleted and replaced as follows:**

2.9.6.9.2.1.5 For members in CHOICES Group 2, each time a member's plan of care is updated to change the level or type of service, document in accordance with TENNCARE policy that the projected total cost of CHOICES HCBS, home health care and private duty nursing is less than the member's cost neutrality cap. If a member's medical condition has changed such that a different cost neutrality cap may be appropriate, the CONTRACTOR shall, in the manner prescribed by TENNCARE, submit to TENNCARE a request to update the member's cost neutrality cap, including documentation specified by TENNCARE to support such request. The CONTRACTOR shall monitor utilization to identify members who may exceed the cost neutrality cap and to intervene as necessary to maintain the member's community placement. The CONTRACTOR shall also educate members in CHOICES Group 2 about the cost neutrality cap and what will happen if the cap is met;

- 44. Sections 2.9.6.9.2.1.6 and 2.9.6.9.2.1.7 shall be amended by adding the word "CHOICES" in front of the word "HCBS".**

- 45. Section 2.9.6.9.2.1.15 shall be amended by adding the words "eligible CHOICES" in front of the word "HCBS".**

- 46. Sections 2.9.6.9.3.1.1 and 2.9.6.9.3.1.1.1 shall be deleted and replaced as follows:**

2.9.6.9.3.1.1 In the manner prescribed by TENNCARE, conduct a level of care reassessment at least annually and within five (5) business days of the CONTRACTOR's becoming aware that the member's functional or medical status has changed in a way that may affect level of care eligibility.

2.9.6.9.3.1.1.1 If the level of care assessment indicates a change in the level of care or if the assessment was prompted by a request by a member, a member's representative or caregiver or another entity for a change in level of services, the level of care shall be forwarded to TENNCARE for determination;

47. Section 2.9.6.9.4.3.2 through 2.9.6.9.4.3.8 shall be deleted and replaced as follows:

- 2.9.6.9.4.3.2 Members who are newly admitted to a nursing facility when the admission has not been authorized or arranged by the CONTRACTOR, shall receive a face-to-face visit from their care coordinator within ten (10) days of notification of admission.
- 2.9.6.9.4.3.3 Members in CHOICES Group 2 who have transitioned from a nursing facility to the community shall be contacted per the applicable timeframe specified in Section 2.9.6.8.
- 2.9.6.9.4.3.4 Within five (5) business days of scheduled initiation of services, the member's care coordinator/care coordination team shall contact members in CHOICES Groups 2 and 3 who begin receiving CHOICES HCBS after the date of enrollment in CHOICES to confirm that services are being provided and that the member's needs are being met (such initial contact may be conducted by phone).
- 2.9.6.9.4.3.5 Within five (5) business days of scheduled initiation of CHOICES HCBS in the updated plan of care, the member's care coordinator/care coordination team shall contact members in CHOICES Groups 2 and 3 to confirm that services are being provided and that the member's needs are being met (such initial contact may be conducted by phone).
- 2.9.6.9.4.3.6 Members in CHOICES Group 1 (who are residents of a nursing facility) shall receive a face-to-face visit from their care coordinator at least twice a year with an interval of at least one-hundred and twenty (120) days between visits.
- 2.9.6.9.4.3.7 Members in CHOICES Group 2 shall be contacted by their care coordinator at least monthly either in person or by telephone with an interval of at least fourteen (14) days between contacts. These members shall be visited in their residence face-to-face by their care coordinator at least quarterly with an interval of at least sixty (60) days between visits.
- 2.9.6.9.4.3.8 Members in CHOICES Group 3 shall be contacted by their care coordinator at least quarterly either in person or by telephone with an interval of at least sixty (60) days between contacts. These members shall be visited in their residence face-to-face by their care coordinator a minimum of two (2) times per year with an interval of at least one-hundred (120) days between visits.

48. Section 2.9.6.9.6.3.3 through 2.9.6.9.6.3.7 shall be deleted and replaced as follows:

- 2.9.6.9.6.3.3 Written confirmation of the member's decision regarding participation in consumer direction of eligible CHOICES HCBS;
- 2.9.6.9.6.3.4 For members in CHOICES Group 2, a completed risk assessment and a risk agreement signed and dated by the member or his/her representative;
- 2.9.6.9.6.3.5 For members in CHOICES Group 2, the cost neutrality cap provided by TENNCARE, and a determination by the CONTRACTOR that the projected cost of CHOICES HCBS, home health, and private duty nursing services will not exceed the member's cost neutrality cap; and

49. Section 2.9.6.9.6.4.1 through 2.9.6.9.6.4.3 shall be deleted and replaced as follows:

- 2.9.6.9.6.4.1 For CHOICES members age 21 and older in Groups 1 and 2, a Freedom of Choice form signed and dated by the member or his/her representative;
- 2.9.6.9.6.4.2 Evidence that a care coordinator provided the member with CHOICES member education materials (see Section 2.17.7 of this Agreement), reviewed the materials, and provided assistance with any questions;
- 2.9.6.9.6.4.3 Evidence that a care coordinator provided the member with education about the member's ability to use an advance directive and documentation of the member's decision;

50. Section 2.9.6.10 through 2.9.6.10.14 shall be deleted and replaced as follows:

- 2.9.6.10 Additional Requirements for Care Coordination Regarding Consumer Direction of eligible CHOICES HCBS
- 2.9.6.10.1 In addition to the roles and responsibilities otherwise specified in this Section 2.9.6, the CONTRACTOR shall ensure that the following additional care coordination functions related to consumer direction of eligible CHOICES HCBS are fulfilled.
- 2.9.6.10.2 The CONTRACTOR shall be responsible for providing all needed eligible CHOICES HCBS using contract providers until all necessary requirements have been fulfilled in order to implement consumer direction of eligible CHOICES HCBS, including but not limited to: the FEA verifies that workers for these services meet all necessary requirements (see Section 2.9.7.6.1 of this Agreement); service agreements are completed and signed; and authorizations for consumer directed services are in place. The CONTRACTOR, in conjunction with the FEA, shall facilitate a seamless transition between contract providers and workers and ensure that there are no interruptions or gaps in services.
- 2.9.6.10.3 If a member elects not to receive eligible CHOICES HCBS using contract providers until all necessary requirements have been fulfilled in order to implement consumer direction of eligible CHOICES HCBS, the CONTRACTOR shall document this decision, including date and member/member's representative's signature, in the manner specified by TENNCARE.
- 2.9.6.10.4 If a member is interested in participating in consumer direction of eligible CHOICES HCBS and the member does not intend to appoint a representative, the care coordinator shall determine the extent to which the member may require assistance to direct his/her services (see Section 2.9.7.4.5). If the care coordinator determines that the member requires assistance to direct his/her services, based upon the results of a completed self-assessment instrument developed by TENNCARE, the care coordinator shall inform the member that he/she will need to designate a representative to assume the consumer direction functions on his/her behalf (see Section 2.9.7.4.5.1).
- 2.9.6.10.5 The member's care coordinator/care coordination team shall ensure that the person identified to serve as the representative meets all qualifications (see Section 2.9.7.2.1) and that a representative agreement is completed and signed by the member prior to forwarding a referral to the FEA (see Section 2.9.7.4.7).

Amendment Number 25 (cont.)

- 2.9.6.10.6 For members electing to participate in consumer direction, forward to the FEA a referral initiating the member's participation in consumer direction of eligible CHOICES HCBS: (1) within two (2) business days of signing the representative agreement; or (2) if a representative is not designated by the member, within two (2) business days of completion of the self-assessment instrument and the care coordinator determines that the member does not require a representative to assist the member in directing his/her care.
- 2.9.6.10.7 For members electing to participate in consumer direction, the member's care coordinator shall integrate the member's back-up plan for consumer-directed workers (including any updates thereto) into the member's back-up plan for services provided by contract providers, as applicable, and the member's plan of care. The care coordinator shall review the back-up plan developed by the member or his/her representative (as applicable) for consumer direction to determine its adequacy to address the member's needs, and shall monitor for late and missed visits and to ensure that the back-up plan was implemented timely and that the member's needs are being met.
- 2.9.6.10.8 For members electing to participate in consumer direction, the member's care coordinator shall reassess the adequacy of the member's back-up plan for consumer direction on at least an annual basis which shall include any time there are changes in the type, amount, duration, scope of eligible CHOICES HCBS or the schedule at which such services are needed, changes in consumer- directed workers (when such workers also serve as a back-up to other workers) or changes in the availability of paid or unpaid back-up workers to deliver needed care
- 2.9.6.10.9 For members electing to participate in consumer direction, the member's care coordinator shall develop and/or update, as applicable, a risk agreement which takes into account the member's decision to participate in consumer direction, and which identifies any additional risks associated with the member's decision to direct his/her services, the potential consequences of such risk, as well as measures to mitigate these risks. The member's representative (if applicable) shall participate in the risk assessment process. The new or updated risk agreement, as applicable, shall be signed by the member (or the member's representative, as applicable). The CONTRACTOR shall provide a copy of the risk agreement to the member/representative and the FEA.
- 2.9.6.10.10 On an ongoing basis, the CONTRACTOR shall ensure that needs reassessments and updates to the plan of care occur per requirements specified in Sections 2.9.6.9 of this Agreement. The care coordinator shall ensure that, for members participating in consumer direction, the member's supports broker is invited to participate in these meetings.
- 2.9.6.10.11 Within two (2) business days of receipt of the notification from the FEA indicating that all requirements have been fulfilled and the date that the consumer direction can begin for a member, the CONTRACTOR shall forward to the FEA an authorization for consumer directed services for that member. Each authorization for consumer directed services shall include authorized service, authorized units of service, including amount, frequency and duration and the schedule at which services are needed, start and end dates, and service code(s).
- 2.9.6.10.12 The member's care coordinator/care coordination team shall work with and coordinate with a member's supports broker in implementing and monitoring consumer direction of eligible CHOICES HCBS (see Section 2.9.7.3.4).

Amendment Number 25 (cont.)

- 2.9.6.10.13 The CONTRACTOR shall establish a process that allows for the efficient exchange of all relevant member information between the CONTRACTOR and the FEA.
- 2.9.6.10.14 The care coordinator shall determine a member's interest in enrolling in or continuing to participate in consumer direction annually and shall document the member's decision in the member's plan of care.
- 2.9.6.10.15 If at anytime abuse or neglect is suspected, the member's care coordinator or the FEA shall report the allegations to the CONTRACTOR within 24 hours in accordance with the CONTRACTOR's abuse and neglect plan protocols. The notification shall include at a minimum: the member name; date of allegation reported and/or identified; description of issue; measures taken to mitigate risk; status of reporting to CPS or APS, as appropriate. If the allegation is in reference to a worker or representative, the FEA shall contact the member/representative to immediately release the worker or representative from his/her duties until the investigation is complete. The FEA shall notify the CONTRACTOR regarding this communication with the member/representative and the member or representative's decision. The care coordinator shall work with the member to find a new representative and the FEA shall work with the member to find a suitable replacement worker, if applicable. If the allegations are substantiated as a result of the investigation, the representative or worker shall no longer be allowed to participate in the CHOICES program as a representative or worker. If the investigation is inconclusive, the member may elect to retain the worker or representative. The member's care coordinator, with appropriate assistance from the FEA, shall make any updates to the member's plan of care and/or risk assessment/risk agreement deemed necessary to help ensure the member's health and safety, and the CONTRACTOR may initiate action to involuntary disenroll the member from consumer direction at any time the CONTRACTOR feels that the member's decisions or actions constitute unreasonable risk such that the member's needs can no longer be safely and effectively met in the community while participating in consumer direction.

51. Section 2.9.6.11.5 shall be deleted and replaced as follows:

- 2.9.6.11.5 While care coordination staffing ratios are not specified, the CONTRACTOR shall notify TENNCARE in writing of substantive changes to its Care Coordination Staffing Plan, including a variance of twenty (20) percent or more from the planned staffing ratio. TENNCARE may request changes in the CONTRACTOR's Care Coordination Staffing Plan at any time it determines that the CONTRACTOR does not have sufficient care coordination staff to properly and timely perform its obligations under this Agreement.

52. Sections 2.9.6.11.12 through 2.9.6.11.12.27 shall be deleted and replaced as follows:

- 2.9.6.11.12 The CONTRACTOR shall provide initial training to newly hired care coordinators and ongoing training at least annually to care coordinators. Initial training topics shall include at a minimum:
- 2.9.6.11.12.1 The CHOICES program including a description of the CHOICES groups; eligibility for CHOICES enrollment; enrollment in CHOICES; enrollment targets for Groups 2 and 3, including reserve capacity and administration of waiting lists; and CHOICES benefits, including benefit limits, the individual cost neutrality cap for Group 2, the expenditure

Amendment Number 25 (cont.)

- cap for Group 3, and the limited benefit package for members enrolled on the basis of Immediate Eligibility;
- 2.9.6.11.12.2 Facilitating CHOICES enrollment for current members;
- 2.9.6.11.12.3 Level of care and needs assessment and reassessment, development of a person-centered plan of care, and updating the plan of care including training on the tools and protocols;
- 2.9.6.11.12.4 Development and implementation of back-up plans;
- 2.9.6.11.12.5 Risk assessment and development of a member-specific risk agreement;
- 2.9.6.11.12.6 Consumer direction of eligible CHOICES HCBS;
- 2.9.6.11.12.7 Self-direction of health care tasks;
- 2.9.6.11.12.8 Coordination of care for duals;

- 2.9.6.11.12.9 Electronic visit verification;
- 2.9.6.11.12.10 Conducting a home visit and use of the monitoring checklist;
- 2.9.6.11.12.11 How to immediately identify and address service gaps;
- 2.9.6.11.12.12 Management of critical transitions (including hospital discharge planning);
- 2.9.6.11.12.13 Nursing facility diversion;
- 2.9.6.11.12.14 Nursing facility to community transitions, including training on tools and protocols;
- 2.9.6.11.12.15 Management of transfers between nursing facilities and CBRA facilities, including adult care homes;
- 2.9.6.11.12.16 Facilitation of transitions between CHOICES Groups;
- 2.9.6.11.12.17 For members in CHOICES Groups 1 and 2, as applicable, members' responsibility regarding patient liability, including the consequences of not paying patient liability;
- 2.9.6.11.12.18 Alzheimer's, dementia and cognitive impairments;
- 2.9.6.11.12.19 Traumatic brain injury;
- 2.9.6.11.12.20 Physical disabilities;
- 2.9.6.11.12.21 Disease management;
- 2.9.6.11.12.22 Behavioral health;
- 2.9.6.11.12.23 Evaluation and management of risk;
- 2.9.6.11.12.24 Identifying and reporting abuse/neglect (see Section 2.24.4);

Amendment Number 25 (cont.)

- 2.9.6.11.12.25 Critical incident reporting (see Section 2.15.7);
- 2.9.6.11.12.26 Fraud and abuse, including reporting fraud and abuse;
- 2.9.6.11.12.27 Advance directives and end of life care;
- 2.9.6.11.12.28 HIPAA/HITECH;
- 2.9.6.11.12.29 Cultural competency;
- 2.9.6.11.12.30 Disaster planning; and
- 2.9.6.11.12.31 Available community resources for non-covered services.

53. Section 2.9.6.12.1.2 shall be amended by adding the words “level of care” in front of the word “reassessments” as follows:

- 2.9.6.12.1.2 Level of care assessments and level of care reassessments occur on schedule and are submitted to TENNCARE in accordance with requirements in Section 2.9.6.9.3.1.1;

54. Section 2.9.6.12.3 shall be amended by adding the word “CHOICES” in front of the word “HCBS”.

55. Section 2.9.6.12 shall be amended by adding a new Section 2.9.6.12.4 and renumbering the existing Sections accordingly, including any references thereto.

- 2.9.6.12.4 The CONTRACTOR shall require, and shall conduct readiness review activities as necessary to confirm that the EVV system vendor has a plan in place and will be compliant with all ICD-10 requirements in a timely manner;

56. Section 2.9.7 through 2.9.7.1.3.10 shall be deleted and replaced as follows:

2.9.7 Consumer Direction of Eligible CHOICES HCBS

2.9.7.1 General

- 2.9.7.1.1 The CONTRACTOR shall offer consumer direction of eligible CHOICES HCBS to all CHOICES Group 2 and 3 members who are determined by a care coordinator, through the needs assessment/reassessment process, to need attendant care, personal care, homemaker, in-home respite, companion care services and/or any other service specified in TennCare rules and regulations as available for consumer direction. (Companion care is only available for persons electing consumer direction of eligible CHOICES HCBS.) A service that is not specified in TennCare rules and regulations as available for consumer direction or that is not a CHOICES HCBS shall not be consumer directed. Consumer direction in CHOICES affords members the opportunity to have choice and control over how eligible CHOICES HCBS are provided, who provides the services and how much workers are paid for providing care, up to a specified maximum amount established by TENNCARE (see Section 2.9.7.6.11). Member participation in consumer direction of eligible CHOICES HCBS is voluntary. Members may

Amendment Number 25 (cont.)

elect to participate in or withdraw from consumer direction of eligible CHOICES HCBS at any time, service by service, without affecting their enrollment in CHOICES. To the extent possible, the member shall provide his/her care coordinator ten (10) days advance notice regarding his/her intent to no longer direct one or more eligible CHOICES HCBS or to withdraw from participation in consumer direction of eligible CHOICES HCBS entirely. The CONTRACTOR shall respond to the member's request in keeping with the timeframes and processes set forth in this Section, in order to facilitate a seamless transition to appropriate service delivery. TENNCARE may establish reasonable limitations on the frequency with which members may opt into and out of consumer direction of eligible CHOICES HCBS.

2.9.7.1.2 Consumer direction is a process by which eligible CHOICES HCBS are delivered; it is not a service. If a member chooses not to direct his/her care, he/she shall receive authorized CHOICES HCBS through contract providers. While the denial of a member's request to participate in consumer direction or the termination of a member's participation in consumer direction gives rise to due process including the right to fair hearing, such appeals shall be processed by the TennCare Division of Long Term Care rather than the TennCare Solutions Units, which manages medical appeals pertaining to TennCare benefits (i.e., services).

2.9.7.1.3 Members who participate in consumer direction of eligible CHOICES HCBS choose either to serve as the employer of record of their workers or to designate a representative (see definition below in Section 2.9.7.2.1) to serve as the employer of record on his/her behalf. As the employer of record the member or his/her representative is responsible for the following:

- 2.9.7.1.3.1 Recruiting, hiring and firing workers;
- 2.9.7.1.3.2 Determining workers' duties and developing job descriptions;
- 2.9.7.1.3.3 Scheduling workers;
- 2.9.7.1.3.4 Supervising workers;
- 2.9.7.1.3.5 Evaluating worker performance and addressing any identified deficiencies or concerns;
- 2.9.7.1.3.6 Setting wages from a range of rates established by TENNCARE;
- 2.9.7.1.3.7 Training workers to provide personalized care based on the member's needs and preferences;
- 2.9.7.1.3.8 Ensuring that workers deliver only those services authorized, and reviewing and approving hours worked by consumer-directed workers;
- 2.9.7.1.3.9 Reviewing and ensuring proper documentation for services provided; and
- 2.9.7.1.3.10 Developing and implementing as needed a back-up plan to address instances when a scheduled worker is not available or fails to show up as scheduled.

57. Sections 2.9.7.2.2 and 2.9.7.2.4 shall be amended by adding the words "eligible CHOICES in front of the word "HCBS".

58. Sections 2.9.7.3.2, 2.9.7.3.2.1, 2.9.7.3.3, and 2.9.7.3.11.6 shall be amended by adding the words “eligible CHOICES in front of the word “HCBS”.

59. Section 2.9.7.4 through 2.9.7.4.10.13 shall be deleted and replaced as follows:

2.9.7.4 Needs Assessment/Plan of Care Process

2.9.7.4.1 A CHOICES member may choose to direct needed eligible CHOICES HCBS at anytime: during CHOICES intake, through the needs assessment/reassessment and plan of care and plan of care update processes; and outside of these processes. The care coordinator shall assess the member’s needs for eligible CHOICES HCBS per requirements in Sections 2.9.6.2.4, 2.9.6.3 and 2.9.6.5, as applicable. The care coordinator shall use the plan of care process (including updates) to identify the eligible services that the member will direct and to facilitate the member’s enrollment in consumer direction of eligible CHOICES HCBS.

2.9.7.4.2 The CONTRACTOR shall obtain from the member a signed statement regarding the member’s decision to participate in consumer direction of eligible CHOICES HCBS.

2.9.7.4.2.1 The care coordinator shall assist the member in identifying which of the needed eligible CHOICES HCBS shall be consumer directed, provided by contract providers or a combination of both, in which case, there must be a set schedule which clearly defines when contract providers will be utilized. The CONTRACTOR shall not be expected or required to maintain contract providers “on standby” to serve in a back-up capacity for services a member has elected to receive through consumer direction.

2.9.7.4.3 If the member intends to direct one or more needed eligible CHOICES HCBS, throughout the period of time that consumer direction is being initiated, the CONTRACTOR shall arrange for the provision of needed CHOICES HCBS through contract providers in accordance with 2.9.6. The care coordinator shall obtain from the member his/her choice of contract providers who will provide CHOICES HCBS until such time as workers are secured and ready to begin delivering care through consumer direction.

2.9.7.4.3.1 If a member has been assessed to need companion care services, the CONTRACTOR shall identify non-residential services that will offer interim support to address the member’s needs and assist the member in obtaining contract providers for these services.

2.9.7.4.4 The CONTRACTOR shall be responsible for providing all needed eligible CHOICES HCBS using contract providers, including a back-up plan for such services, until all necessary requirements have been fulfilled in order to implement consumer direction of eligible CHOICES HCBS, including but not limited to: the FEA verifies that workers for these services meet all necessary requirements (see Section 2.9.7.6.1 of this Agreement); service agreements are completed and signed; and authorizations for consumer directed services are in place. The CONTRACTOR, in conjunction with the FEA, shall facilitate a seamless transition between contract providers and workers and ensure that there are no interruptions or gaps in services.

2.9.7.4.5 The care coordinator shall determine if the member will appoint a representative to assume the consumer direction functions on his/her behalf. If the member does not intend to appoint a representative, the care coordinator shall determine the extent to which a member requires assistance to participate in consumer direction of eligible CHOICES HCBS, based upon the

Amendment Number 25 (cont.)

results of the member's responses to the self-assessment instrument developed by TENNCARE. The self-assessment instrument shall be completed by the member with assistance from the member's care coordinator as appropriate. The care coordinator shall file the completed self-assessment in the member's file.

- 2.9.7.4.5.1 If, based on the results of the self-assessment the care coordinator determines that a member requires assistance to direct his/her services, the care coordinator shall inform the member that he/she will need to designate a representative to assume the consumer direction functions on his/her behalf.
- 2.9.7.4.5.2 The CONTRACTOR shall forward to TENNCARE for disposition, pursuant to TennCare policy, any cases in which the CONTRACTOR plans to deny participation in consumer direction because a care coordinator has determined that the health, safety and welfare of the member would be in jeopardy if the member participates in consumer direction without a representative but the member does not want to appoint a representative to assist in directing his/her services. The CONTRACTOR shall abide by TENNCARE's decision.

- 2.9.7.4.6 The member's care coordinator/care coordination team shall ensure that the person identified to serve as the representative meets all qualifications (see Section 2.9.7.2.1 of this Agreement) and that a representative agreement is completed and signed by the member and the person prior to forwarding a referral to the FEA (see Section 2.9.7.4.7 below).
- 2.9.7.4.7 Within two (2) business days of signing the representative agreement or completion of the self-assessment instrument if the member has not designated a representative and the care coordinator determines that the member does not require a representative to assist the member in directing his/her care, the CONTRACTOR shall forward to the FEA a referral initiating the member's participation in consumer direction of eligible CHOICES HCBS. The referral shall include at a minimum: the date of the referral; the member's name, address, telephone number, and social security number (SSN); the name of the representative and telephone number (if applicable); member's MCO ID number; member's CHOICES enrollment date; eligible selected HCBS, including amount, frequency and duration of each by type; and care coordinator's name and contact information. The CONTRACTOR shall also forward to the FEA a copy of the written confirmation of the member's decision to participate in consumer direction of eligible CHOICES HCBS. Referrals shall be submitted electronically on a daily basis using the agreed upon data interface (either a standard electronic file transfer or the FEA's web portal technology or both) and process. Referrals shall be submitted on a member-by-member basis.
- 2.9.7.4.8 Within two (2) business days of receipt of the referral, the FEA shall assign a supports broker to the member, notify the care coordinator of the assignment and provide the name and contact information of the supports broker.
- 2.9.7.4.9 Within five (5) days of receipt of the referral, the FEA shall contact the member to inform the member of his/her assigned supports broker, provide contact information for the supports broker, and to begin the process of initiating consumer direction of eligible CHOICES HCBS.
- 2.9.7.4.10 *Back-up Plan for Consumer Direction and Updated Risk Assessment/Risk Agreement*
- 2.9.7.4.10.1 The FEA shall assist the member/representative as needed in developing a back-up plan for consumer direction that adequately identifies how the member/representative will

Amendment Number 25 (cont.)

address situations when a scheduled worker is not available or fails to show up as scheduled. The member/representative (as applicable) shall have primary responsibility for the development and implementation of the back-up plan for consumer directed services.

- 2.9.7.4.10.2 The member/representative (as applicable) may not elect, as part of the back-up plan, to go without services.
- 2.9.7.4.10.3 The back-up plan for consumer direction shall include the names and telephone numbers of contacts (workers, agency staff, organizations, supports) for alternate care, the order in which each shall be notified and the services to be provided by contacts. Back-up contacts may include paid and unpaid supports; however, it is the responsibility of the member electing consumer direction and/or his/her representative to secure paid (as well as unpaid) back-up contacts who are willing and available to serve in this capacity. The CONTRACTOR shall not be expected or required to maintain contract providers “on standby” to serve in a back-up capacity for services a member has elected to receive through consumer direction.

- 2.9.7.4.10.4 All persons and/or organizations noted in the back-up plan for consumer direction shall be contacted by the member/representative to determine their willingness and availability to serve as back-up contacts. The FEA shall confirm with these persons and/or organizations to confirm their willingness and availability to provide care when needed, document confirmation in the member’s file and forward a copy of the documentation to the CONTRACTOR.
- 2.9.7.4.10.5 The member’s care coordinator shall integrate the member’s back-up plan for consumer-directed workers (including any updates thereto) into the member’s back-up plan for services provided by contract providers, as applicable, and the member’s plan of care. The care coordinator shall review the back-up plan developed by the member or his/her representative (as applicable) for consumer direction to determine its adequacy to address the member’s needs, and shall monitor for late and missed visits and to ensure that the back-up plan was implemented timely and that the member’s needs are being met.
- 2.9.7.4.10.6 The FEA shall assist the member or his/her representative (as applicable) in implementing the back-up plan for consumer direction as needed, monitor to ensure that the back-up plan is implemented and effectively working to address the member’s needs, and notify the care coordinator immediately regarding any concerns with the back-up plan or the member’s care.
- 2.9.7.4.10.7 The FEA shall assist the member or his/her representative (as applicable) in reviewing and updating the back-up plan for consumer direction at least annually and as frequently as necessary, which shall include any time there are changes in the type, amount, duration, scope of eligible CHOICES HCBS or the schedule at which such services are needed, changes in workers (when such workers also serve as a back-up to other workers) and changes in the availability of paid or unpaid back-up workers to deliver needed care. As part of the annual review of the back-up plan, the member or his/her representative and the FEA shall confirm that each person specified in the back-up plan continues to be willing and available to serve as back-up workers to deliver needed care and to perform the tasks and functions needed by the member. Any updates to the back-up plan for consumer direction shall be provided to the member’s care coordinator.

Amendment Number 25 (cont.)

- 2.9.7.4.10.8 The FEA and the CONTRACTOR shall each file a copy of the back-up plan for consumer direction in the member's file.
- 2.9.7.4.10.9 The member's care coordinator shall reassess the adequacy of the member's back-up plan for consumer direction on at least an annual basis which shall include any time there are changes in the type, amount, duration, scope of eligible CHOICES HCBS or the schedule at which such services are needed, changes in consumer-directed workers (when such workers also serve as a back-up to other workers) or changes in the availability of paid or unpaid back-up workers to deliver needed care.
- 2.9.7.4.10.10 The CONTRACTOR shall develop and/or update, as applicable, a risk agreement which takes into account the member's decision to participate in consumer direction, and which identifies any additional risks associated with the member's decision to direct his/her services, the potential consequences of such risk, as well as measures to mitigate these risks. The member/representative shall participate in the process. The member's representative (if applicable) shall participate in the risk assessment process. Once a referral has been made to the FEA for consumer direction, the member's supports broker should be involved in risk assessment and risk planning activities whenever possible. The new or updated risk agreement, as applicable, shall be signed by the member or his/her representative (as applicable). The CONTRACTOR, member/representative and FEA shall receive a copy of the risk agreement. The CONTRACTOR and the FEA shall each file a copy of the risk agreement in the member's file.
- 2.9.7.4.10.11 The FEA shall notify the member's care coordinator immediately when there are changes in the member's needs and/or circumstances which warrant a reassessment of needs and/or risk, or changes to the plan of care or risk agreement.
- 2.9.7.4.10.12 The FEA shall assist the CONTRACTOR in identifying and addressing in the risk assessment and plan of care processes any additional risk associated with the member participating in consumer direction.
- 2.9.7.4.10.13 On an ongoing basis, the CONTRACTOR shall ensure that needs reassessments and updates to the plan of care occur per requirements specified in Sections 2.9.6.9 of this Agreement. The care coordinator shall ensure that the member's supports broker is invited to participate in these meetings.

60. Section 2.9.7.5 through 2.9.7.5.10.1 shall be deleted and replaced as follows:

2.9.7.5 Authorizations for Consumer Directed Services and Service Initiation

- 2.9.7.5.1 Consumer direction of eligible CHOICES HCBS shall not be initiated until all requirements are fulfilled including but not limited to the following: (1) the FEA verifies that the member's employer and related documentation is in order; (2) the FEA verifies that workers meet all qualifications, including participation in required training; (3) there is a signed service agreement specific to each individual worker (see Section 2.9.7.6.6 of this Agreement); and (4) the CONTRACTOR issues to the FEA an authorization for consumer directed services (see 2.9.7.5.6 below) for each service.
- 2.9.7.5.2 The FEA shall work with the member to determine the appropriate level of assistance necessary to recruit, interview and hire workers and provide the assistance.

Amendment Number 25 (cont.)

- 2.9.7.5.3 Once potential workers are identified, the FEA shall verify that a potential worker meets all applicable qualifications (see Section 2.9.7.6.1 of this Agreement).
- 2.9.7.5.4 The FEA shall ensure that a service agreement is signed between the member or member's representative and his/her worker within five (5) business days following the FEA's verification that a worker meets all qualifications.
- 2.9.7.5.5 The FEA shall periodically update the member's care coordinator of the status of completing required functions necessary to initiate consumer direction, including obtaining completed paperwork from the member/representative and obtaining workers for each identified consumer directed service and any anticipated timeframes by which qualified workers shall be secured and consumer directed services may begin.
- 2.9.7.5.6 The provision of consumer directed services shall begin as soon as possible but no longer than sixty (60) days from the date of the CONTRACTOR's referral to the FEA, except due to circumstances beyond the control of the FEA. Prior to beginning the provision of consumer directed services, the FEA shall notify the CONTRACTOR that all requirements have been fulfilled, including verification of all worker qualifications, criminal background checks, signed service agreements, and that the member is ready to begin consumer direction of eligible CHOICES HCBS. Within two (2) business days of receipt of the notification from the FEA, the CONTRACTOR shall forward to the FEA an authorization for consumer directed services. Each authorization for consumer directed services shall include authorized service; authorized units of service, including amount, frequency and duration and, as appropriate, the schedule at which services are needed; start and end dates; and service code(s). Authorized units of service in a service authorization should reflect the units of measure specified by TENNCARE for the benefit (e.g. visits, hours, days). The CONTRACTOR shall submit authorizations electronically on at least a daily basis using the agreed upon data interface (which may include a standard electronic file transfer, the FEA's web portal technology, the EVV system, or any combination thereof).
- 2.9.7.5.7 If initiation of consumer directed services does not begin within sixty (60) days from the date of the CONTRACTOR's referral to the FEA, the FEA shall contact the CONTRACTOR regarding the cause of the delay and provide appropriate documentation to demonstrate efforts to meet the timeframe. The CONTRACTOR shall determine the appropriate next steps, including but not limited to whether additional time is needed or if the member is still interested in participating in consumer direction of eligible CHOICES HCBS.
- 2.9.7.5.8 Upon the scheduled start date of consumer directed services, the member's care coordinator/care coordination team shall begin monitoring to ensure that services have been initiated and continue to be provided as authorized. This shall include ongoing monitoring via electronic visit verification to ensure that services are provided in accordance with the member's plan of care, including the amount, frequency, duration and scope of each service, in accordance with the member's service schedule. Upon the identification of any gaps in care, the member's care coordinator/care coordination team shall contact the FEA who shall assist the member or his/her representative as needed in implementing the member's back-up plan for consumer direction.
- 2.9.7.5.9 Within five (5) business days of the scheduled start date of consumer directed services as specified in the authorization of consumer directed services, a member of the care coordinator

Amendment Number 25 (cont.)

team shall contact the member or his/her representative to confirm that services are being provided and that the member's needs are being met.

2.9.7.5.10 On an ongoing basis, in addition to requirements specified above in 2.9.7.5.3 – 2.9.7.5.9 above:

2.9.7.5.10.1 The CONTRACTOR shall develop and forward to the FEA a new authorization for consumer directed services when the following occur: a change in the number of service units, or the frequency or duration of service delivery, or a change in the schedule at which services are needed; or a change in the services to be provided through consumer direction, including the provision of a new service through consumer direction or termination of a service through consumer direction.

61. Sections 2.9.7.7.1, 2.9.7.7.4.1, and 2.9.7.8.5 shall be amended by adding the words “eligible CHOICES” in front of the word “HCBS”.

62. Section 2.9.7.9 through 2.9.7.9.9 shall be amended by adding the words “eligible CHOICES” in front of the word “HCBS” and by adding the words “outbound 834” in front of the words “enrollment file”.

63. Section 2.9.7.9.10.2 shall be amended by adding the words “eligible CHOICES” in front of the word “HCBS.”

64. Section 2.9.14.6 shall be deleted and replaced and Section 2.9.14.7 shall be deleted in its entirety and the remaining Section 2.9.14 shall be renumbered accordingly, including any references thereto.

2.9.14.6 Area Agencies on Aging and Disability (AAADs) regarding intake of members new to both TennCare and CHOICES, and assisting CHOICES members in Groups 2 and 3 with the TennCare eligibility redetermination process;

65. Section 2.11.1.4.1 shall be amended by adding the word “CHOICES” in front of the word “HCBS”.

66. Section 2.11.1.8.2 shall be amended by deleting the phrase “, including services”.

2.11.1.8.2 The CONTRACTOR is not required to provide non-emergency transportation for HCBS provided through a 1915(c) waiver program for persons with intellectual disabilities (i.e., mental retardation) and HCBS provided through the CHOICES program, except as provided in Section 2.11.1.8.1 above.

67. Section 2.11.6.3, 2.11.6.4, 2.11.6.6.2, 2.11.6.6.5, 2.11.6.6.7 and 2.11.6.6.8 shall be amended by adding the word “CHOICES” in front of the word HCBS.

68. Section 2.11.8.4 through 2.11.8.4.2 shall be deleted and replaced as follows:

2.11.8.4 Credentialing of Long-Term Care Providers

2.11.8.4.1 The CONTRACTOR shall develop and implement a process for credentialing and recredentialing long-term care providers. The CONTRACTOR's process shall, as applicable, meet the minimum NCQA requirements as specified in the NCQA Standards and Guidelines for the Accreditation of MCOs. In addition, the CONTRACTOR shall ensure that all long-term care providers, including those credentialed/recruited in accordance with NCQA Standards and Guidelines for the Accreditation of MCOs, meet applicable State requirements, as specified by TENNCARE in State Rule, this Agreement, or in policies or protocols.

2.11.8.4.1.1 The CONTRACTOR shall develop policies that specify by HCBS provider type the credentialing process, the recredentialing process including frequency, and ongoing provider monitoring activities.

2.11.8.4.1.1.1 Ongoing CHOICES HCBS providers must be recredentialed at least annually;

2.11.8.4.1.1.2 All other CHOICES HCBS providers (e.g., pest control and assistive technology), must be recredentialed, at a minimum, every three (3) years.

2.11.8.4.1.2 At a minimum, credentialing of LTC providers shall include the collection of required documents, including disclosure statements, and verification that the provider:

2.11.8.4.1.2.1 Has a valid license or certification for the services it will contract to provide as required pursuant to State law or rule, or TENNCARE policies or protocols;

2.11.8.4.1.2.2 Is not excluded from participation in the Medicare or Medicaid programs;

2.11.8.4.1.2.3 Has a National Provider Identifier (NPI) Number, where applicable, and has obtained a Medicaid provider number from TENNCARE.

2.11.8.4.1.2.4 Has policies and processes in place to conduct, in accordance with Federal and State law and rule and TENNCARE policy, criminal background checks, which shall include a check of the Tennessee Abuse Registry, Tennessee Felony Offender Registry, National and Tennessee Sexual Offender Registry, and List of Excluded Individuals/Entities (LEIE), on all prospective employees who will deliver CHOICES HCBS and to document these in the worker's employment record;

2.11.8.4.1.2.5 Has a process in place to provide and document initial and ongoing education to its employees who will provide services to CHOICES members that includes, at a minimum:

2.11.8.4.1.2.5.1 Caring for Elderly and Disabled population;

2.11.3.4.1.2.5.2 Abuse and neglect prevention, identification and reporting;

2.11.3.4.1.2.5.3 Critical incident reporting;

2.11.3.4.1.2.5.4 Documentation of service delivery;

2.11.3.4.1.2.5.5 Use of the EVV System; and

Amendment Number 25 (cont.)

- 2.11.8.4.1.2.5.6 Any other training requirements specified by TENNCARE in State Rule, this Agreement, or in policies or protocols.
 - 2.11.8.4.1.2.6 Has policies and processes in place to ensure:
 - 2.11.8.4.1.2.6.1 Compliance with the CONTRACTOR’s critical incident reporting and management process; and
 - 2.11.8.4.1.2.6.2 Appropriate use of the EVV system.
 - 2.11.8.4.1.3 At a minimum, recredentialing of HCBS providers shall include verification of continued licensure and/or certification (as applicable), and compliance with policies and procedures identified during credentialing, including background checks and training requirements, critical incident reporting and management, and use of the EVV.
 - 2.11.8.4.1.4 For both credentialing and recredentialing processes, the CONTRACTOR shall conduct a site visit, unless the provider is located out of state, in which case the CONTRACTOR may waive the site visit and document the reason in the provider file.
 - 2.11.8.4.1.5 At a minimum, the CONTRACTOR shall reverify monthly that each HCBS provider has not been excluded from participation in the Medicare or Medicaid, and/or SCHIP programs.
- 69. Section 2.12.9.38 shall be amended by adding the word “CHOICES” in front of the word “HCBS”.**
- 70. Section 2.12.9 shall be amended by adding a new Section 2.12.9.63 as follows:**
- 2.12.9.63 The provider, subcontractor or any other entity agrees to abide by the Medicaid laws, regulations and program instructions that apply to the provider. The provider, subcontractor or any other entity understands that payment of a claim by TennCare or a TennCare Managed Care Contractor and/or Organization is conditioned upon the claim and the underlying transaction complying with such laws, regulations, and program instructions (including, but not limited to, the Federal anti-kickback statute and the Stark law), and is conditioned on the provider’s , subcontractor’s or any other entity’s compliance with all applicable conditions of participation in Medicaid. The provider, subcontractor or any other entity understands and agrees that each claim the provider, subcontractor or any other entity submits to TennCare or a TennCare Managed Care Contractor and/or Organization constitutes a certification that the provider, subcontractor or any other entity has complied with all applicable Medicaid laws, regulations and program instructions (including, but not limited to, the Federal anti-kickback statute and the Stark law), in connection with such claims and the services provided therein.

71. Sections 2.12.12 through 2.12.12.10 and Section 2.12.13 shall be deleted and replaced as follows:

- 2.12.12 The provider agreement with a CHOICES HCBS provider shall meet the minimum requirements specified in Section 2.12.9 above and shall also include, at a minimum, the following requirements:
 - 2.12.12.1 Require the CHOICES HCBS provider to provide at least thirty (30) days advance notice to the CONTRACTOR when the provider is no longer willing or able to provide services to a member, including the reason for the decision, and to cooperate with the member's care coordinator to facilitate a seamless transition to alternate providers;
 - 2.12.12.2 In the event that a CHOICES HCBS provider change is initiated for a member, require that, regardless of any other provision in the provider agreement, the transferring HCBS provider continue to provide services to the member in accordance with the member's plan of care until the member has been transitioned to a new provider, as determined by the CONTRACTOR, or as otherwise directed by the CONTRACTOR, which may exceed thirty (30) days from the date of notice to the CONTRACTOR;
 - 2.12.12.3 Specify that reimbursement of a CHOICES HCBS provider shall be contingent upon the provision of services to an eligible member in accordance with applicable federal and state requirements and the member's plan of care as authorized by the CONTRACTOR, and must be supported by detailed documentation of service delivery to support the amount of services billed, including at a minimum, the date, time and location of service, the specific HCBS provided, the name of the member receiving the service, the name of the staff person who delivered the service, the detailed tasks and functions performed as a component of each service, notes for other caregivers (whether paid or unpaid) regarding the member or his/her needs (as applicable), and the initials or signature of the staff person who delivered the service;
 - 2.12.12.4 Require CHOICES HCBS providers to immediately report any deviations from a member's service schedule to the member's care coordinator;
 - 2.12.12.5 Require CHOICES HCBS providers to use the electronic visit verification system specified by the CONTRACTOR in accordance with the CONTRACTOR's requirements;
 - 2.12.12.6 Require that upon acceptance by the CHOICES HCBS provider to provide approved services to a member as indicated in the member's plan of care, the provider shall ensure that it has staff sufficient to provide the service(s) authorized by the CONTRACTOR in accordance with the member's plan of care, including the amount, frequency, duration and scope of each service in accordance with the member's service schedule;
 - 2.12.12.7 Require CHOICES HCBS providers to provide back-up for their own staff if they are unable to fulfill their assignment for any reason and ensure that back-up staff meet the qualifications for the authorized service;
 - 2.12.12.8 Prohibit CHOICES HCBS providers from requiring a member to choose the provider as a provider of multiple services as a condition of providing any service to the member;

Amendment Number 25 (cont.)

- 2.12.12.9 Prohibit CHOICES HCBS providers from soliciting members to receive services from the provider including:
 - 2.12.12.9.1 Referring an individual for CHOICES screening and intake with the expectation that, should CHOICES enrollment occur, the provider will be selected by the member as the service provider; or
 - 2.12.12.9.2 Communicating with existing CHOICES members via telephone, face-to-face or written communication for the purpose of petitioning the member to change CHOICES providers;
- 2.12.12.10 Require CHOICES HCBS providers to comply with critical incident reporting and management requirements (see Section 2.15.7 of this Agreement); and
- 2.12.12.11 Shall not require the CHOICES HCBS provider to have liability insurance in excess of TENNCARE requirements in effect prior to the implementation of CHOICES.
- 2.12.13 The provider agreement with a CHOICES HCBS provider to provide PERS, assistive technology, minor home modifications, or pest control shall meet the requirements specified in Sections 2.12.9, 2.12.10, and 2.12.12 except that these provider agreements shall not be required to meet the following requirements: Section 2.12.9.9 regarding emergency services; Section 2.12.9.11 regarding delay in prenatal care; Section 2.12.9.12 regarding CLIA; Section 2.12.9.38 regarding hospital protocols; Section 2.12.9.40 regarding reimbursement of obstetric care; Section 2.12.9.52.2 regarding prior authorization of pharmacy; and Section 2.12.9.53 regarding coordination with the PBM.

72. Sections 2.13.4 through 2.13.4.3 and Sections 2.13.5 through 2.13.5.4 shall be deleted and replaced as follows:

2.13.4 Nursing Facility Services

- 2.13.4.1 The CONTRACTOR shall reimburse contract nursing facility providers at the per diem rate specified by TENNCARE, net of any applicable patient liability amount (see Section 2.6.7).
- 2.13.4.2 The CONTRACTOR shall reimburse non-contract nursing facility providers as specified in TennCare rules and regulations, net of any applicable patient liability amount (see Section 2.6.7).
- 2.13.4.3 If, prior to the end date specified by TENNCARE in its approval of Level II nursing facility services, the CONTRACTOR determines that the nursing facility is providing Level I and not Level II nursing facility services, the CONTRACTOR shall notify TENNCARE and, as appropriate, shall submit a request to modify the member's level of nursing facility services. The CONTRACTOR shall submit documentation as specified by TENNCARE to support the request. The CONTRACTOR may reimburse the nursing facility for the lesser level of services only when such lesser level of services is billed by the nursing facility or upon approval from TENNCARE of a reduction in the member's level of care or reimbursement as reflected on the outbound 834 enrollment file.
- 2.13.4.4 The CONTRACTOR shall, upon receipt of notification from TENNCARE of a retrospective adjustment of a nursing facility's per diem rate(s), without requiring any action on the part of the provider, reprocess affected claims and provide any additional payment due within sixty

Amendment Number 25 (cont.)

(60) days of receipt of such notification. The CONTRACTOR shall, upon notification in the outbound 834 enrollment file of retroactive patient liability amounts or retroactive adjustments in patient liability amounts, without requiring any action on the part of the provider, reprocess affected claims and provide any additional payment due within thirty (30) days of receipt of such notification. The CONTRACTOR shall not require that NFs resubmit affected claims in order to process these adjustments.

2.13.5 CHOICES HCBS

- 2.13.5.1 For covered CHOICES HCBS and for CHOICES HCBS that exceed the specified benefit limit and are provided by the CONTRACTOR as a cost effective alternative (see Section 2.6.5), the CONTRACTOR shall reimburse contract HCBS providers, including community-based residential alternatives, at the rate specified by TENNCARE.
- 2.13.5.2 The CONTRACTOR shall reimburse non-contract CHOICES HCBS providers as specified in TennCare rules and regulations.
- 2.13.5.3 For other HCBS that are not otherwise covered but are offered by the CONTRACTOR as a cost effective alternative to nursing facility services (see Section 2.6.5), the CONTRACTOR shall negotiate the rate of reimbursement.
- 2.13.5.4 The CONTRACTOR shall reimburse consumer-directed workers in accordance with Sections 2.9.6.7 and 2.26 of this Agreement.

- 73. Section 2.13 shall be amended by adding a new Section 2.13.9 as follows and renumbering the existing Section 2.13.9 through 2.13.23 accordingly, including any references thereto.**

2.13.9 Federally Qualified Health Centers and Rural Health Clinics (FQHCs/RHCs)

Upon notification by TENNCARE, the CONTRACTOR shall reimburse contracted FQHCs/RHCs using prospective payment system rates and wraparound payments for qualifying visits in accordance with TENNCARE developed policies and protocols. TENNCARE's policies and protocols shall be based on federal regulations.

- 74. The renumbered Sections 2.13.12.3 and 2.13.13.3 shall be amended by adding the words "outbound 834" in front of the words "enrollment file".**
- 75. The renumbered Section 2.13.14 shall be amended by adding the phrase "in accordance with the requirements of this agreement" to the end of the last sentence.**

2.13.14 Medically Necessary Services Obtained from Non-Contract Provider Referred by Contract Provider

The CONTRACTOR shall pay for any medically necessary covered services provided to a member by a non-contract provider at the request of a contract provider. The CONTRACTOR's payment shall not be less than eighty percent (80%) of the rate that would have been paid by the CONTRACTOR if the member had received the services from a contract provider. The CONTRACTOR shall only pay for covered long-term care services for which the member was eligible (see Section 2.6) and that were authorized by the CONTRACTOR in accordance with the requirements of this agreement.

76. The renumbered Section 2.13.22 shall be amended by adding the phrase “eligible CHOICES” in front of the word “HCBS”.

77. Section 2.14.1.12 through 2.14.1.12.2 shall be deleted and replaced as follows:

2.14.1.12 Nursing Facility

2.14.1.12.1 The CONTRACTOR shall ensure that reimbursement of level II nursing facility care is provided for CHOICES members who have been determined by TENNCARE to be eligible for Level II nursing facility care for the period specified by TENNCARE, except when a lesser level of services is billed by the nursing facility. The CONTRACTOR shall monitor the member’s condition, and if the CONTRACTOR determines that, prior to the end date specified by TENNCARE, the member no longer requires Level II nursing facility care, the CONTRACTOR may submit to TENNCARE a request to modify the member’s level of nursing facility services. The CONTRACTOR shall submit documentation as specified by TENNCARE to support the request. The CONTRACTOR may reimburse the nursing facility for the lesser level of services only when such lesser level of services is billed by the nursing facility or upon approval from TENNCARE of a reduction in the member’s level of care or reimbursement as reflected on the outbound 834 enrollment file. .

78. Section 2.14.5 through 2.14.5.4 shall be deleted and replaced as follows:

2.14.5 **Authorization of Long-Term Care Services**

2.14.5.1 The CONTRACTOR shall have in place an authorization process for covered long-term care services and cost effective alternative services that is separate from but integrated with the CONTRACTOR’s prior authorization process for covered physical health and behavioral health services (See section 2.9.6 of this Agreement).

2.14.5.2 The CONTRACTOR may decide whether it will issue service authorizations for nursing facility services, or whether it will instead process claims for such services in accordance with the level of care and/or reimbursement (including the duration of such level of care and/or reimbursement) approved by TENNCARE (see Section 2.14.1.12), except that the CONTRACTOR may reimburse a lesser level of service when such lesser level of service is billed by the facility.

2.14.5.3 The CONTRACTOR shall authorize and initiate CHOICES HCBS for CHOICES members within the timeframes specified in Sections 2.9.2, 2.9.3, and 2.9.6 of this Agreement.

2.14.5.4 The CONTRACTOR shall not require that CHOICES HCBS be ordered by a treating physician, but may consult with the treating physician as appropriate regarding the member’s physical health, behavioral health, and long-term care needs and in order to facilitate communication and coordination regarding the member’s physical health, behavioral health, and long-term care services.

Amendment Number 25 (cont.)

- 2.14.5.5 For non-CHOICES members receiving care in non-contract nursing facilities authorized by the CONTRACTOR as a cost-effective alternative, the CONTRACTOR shall reimburse services in accordance with its authorization until such time that the member is no longer eligible for services, is enrolled in CHOICES, or such care is no longer medically necessary or cost-effective.

79. Section 2.14.8.1 shall be deleted and replaced as follows:

- 2.14.8.1 The CONTRACTOR is responsible for eliciting pertinent medical history information from the treating provider(s), as needed, for purposes of making medical necessity determinations. With respect to CHOICES HCBS which are not primarily medical in nature, pertinent medical history shall include assessments, case notes, and documentation of service delivery by HCBS providers. Medical information from the treating physician may also be pertinent in better understanding the member's functional needs. The CONTRACTOR shall take action (e.g., sending a CONTRACTOR representative to obtain the information and/or discuss the issue with the provider, imposing financial penalties against the provider, etc.), to address the problem if a treating provider is uncooperative in supplying needed information. The CONTRACTOR shall make documentation of such action available to TENNCARE, upon request. Providers who do not provide requested information for purposes of making a medical necessity determination for a particular item or service shall not be entitled to payment for the provision of such item or service.

80. Section 2.15.1.6 shall be amended by adding new Sections 2.15.1.6.1 through 2.15.1.6.3 as follows.

- 2.15.1.6 The CONTRACTOR shall take appropriate action to address service delivery, provider, and other QM/QI issues as they are identified.
 - 2.15.1.6.1 The CONTRACTOR may be required to conduct special focus studies as requested by TENNCARE.
 - 2.15.1.6.2 The CONTRACTOR shall collect data on race and ethnicity. As part of the QM/QI program description, the CONTRACTOR shall include the methodology utilized for collecting the data, as well as any interventions taken to enhance the accuracy of the data collected.
 - 2.15.1.6.3 The CONTRACTOR shall include QM/QI activities to improve healthcare disparities identified through data collection.

81. Section 2.15.4 shall be deleted and replaced as follows:

2.15.4 Clinical Practice Guidelines

The CONTRACTOR shall utilize evidence-based clinical practice guidelines in its disease management programs. The guidelines shall be reviewed and revised whenever the guidelines change and at least every two (2) years.

82. Section 2.15.6 shall be amended by adding a new Section 2.15.6.3 as follows:

- 2.15.6.3 The CONTRACTOR shall submit annually the Relative Resource Use (RRU) data to TENNCARE within ten (10) business days of receipt from NCQA. The CONTRACTOR shall submit both the Regional and National RRU results.

83. Sections 2.15.7 through 2.15.7.6 shall be amended by adding the word “CHOICES” in front of the word “HCBS”.

84. Section 2.17.2 shall be amended by adding a new Section 2.17.2.10 as follows:

2.17.2.10 All educational materials (brochures, scripts etc.) shall be reviewed and updated concurrently with the update of the Clinical Practice Guidelines to assure the materials reflect current evidence-based information.

85. Section 2.17.4.6, 2.17.4.7.15 and 2.17.7.3.22 shall be amended by adding the words “eligible CHOICES” in front of the word “HCBS”.

86. Section 2.17.7.3.2, 2.17.7.3.10, 2.17.7.3.15, 2.17.7.3.16, 2.17.7.3.18, 2.17.7.3.19 and 2.17.8.6 shall be amended by adding the word “CHOICES” in front of the word “HCBS”.

87. Section 2.18.4.6 shall be deleted and replaced as follows:

2.18.4.6 The provider service line shall be adequately staffed with staff trained to accurately respond to questions regarding the TennCare program and the CONTRACTOR’s MCO, including but not limited to, covered services, the CHOICES program, TENNderCare, prior authorization and referral requirements, care coordination, and the CONTRACTOR’s provider network. For a period of at least twelve (12) months following the implementation of CHOICES in the Grand Region covered by this Agreement, the CONTRACTOR shall maintain a dedicated queue to assist long-term care providers with enrollment, service authorization, or reimbursement questions or issues and shall ensure that long-term care providers are appropriately notified regarding how to access the dedicated queue for assistance. Such period may be extended as determined necessary by TENNCARE.

88. Section 2.18.5.3.3 shall be deleted and replaced as follows:

2.18.5.3.3 Description of the CHOICES program including but not limited to who qualifies for CHOICES (including the three CHOICES groups and enrollment targets for CHOICES Groups 2 and 3); how to enroll in CHOICES; long-term care services available to each CHOICES Group (including benefit limits, cost neutrality cap for members in Group 2, and the expenditure cap for members in Group 3); consumer direction of eligible CHOICES HCBS; self-direction of health care tasks; the level of care assessment and reassessment process; the needs assessment and reassessment processes; requirement to provide services in accordance with an approved plan of care including the amount, frequency, duration and scope of each service in accordance with the member’s service schedule; service authorization requirements and processes; the role of the care coordinator; the role and responsibilities of long-term care and other providers; requirements regarding the electronic visit verification system and the provider’s responsibility in monitoring and immediately addressing service gaps, including back-up staff; how to submit clean claims; and documentation requirements for CHOICES HCBS providers;

89. Section 2.18.5.3.13 shall be amended by adding the word “CHOICES” in front of the word “HCBS”.

- 90. Section 2.18.5.3 shall be amended by adding a new Section 2.18.5.3.14 and renumbering the existing Section accordingly, including any references thereto.**

2.18.5.3.14 Information for CHOICES HCBS providers regarding prohibition of facilitating CHOICES referrals with the expectation of being selected as the service provider or petitioning existing CHOICES members to change CHOICES providers.

- 91. Section 2.18.6.3.16 shall be amended by adding the word “CHOICES” in front of the word “HCBS”.**

- 92. Section 2.18.6 shall be amended by adding a new Section 2.18.6.5 and renumbering the existing Section accordingly, including any references thereto.**

2.18.6.5 The CONTRACTOR shall develop and implement a training plan to educate long-term care providers regarding compliance with ICD-10 requirements;

- ~~**93. The renumbered Sections 2.18.6.7 and 2.18.6.8 shall be amended by adding the word “CHOICES” in front of the word “HCBS”.**~~

~~2.18.6.7 For a period of at least twelve (12) months following the implementation of CHOICES in the Grand Region covered by this Agreement, the CONTRACTOR shall conduct monthly education and training for CHOICES HCBS providers regarding the use of the EVV system. Such period may be extended as determined necessary by TENNCARE.~~

~~2.18.6.8 The CONTRACTOR shall provide education and training on documentation requirements for CHOICES HCBS.~~

- 94. Section 2.21.5 through 2.21.5.2 shall be deleted and replaced as follows:**

2.21.5 Patient Liability

2.21.5.1 TENNCARE will notify the CONTRACTOR of any applicable patient liability amounts for members via the outbound 834 enrollment file.

2.21.5.2 The CONTRACTOR shall delegate collection of patient liability to the nursing facility or community-based residential alternative facility and shall pay the facility net of the applicable patient liability amount. For members in CHOICES Groups 2 or 3 receiving non-residential CHOICES HCBS, the CONTRACTOR shall collect applicable patient liability amounts.

2.21.5.3 When TENNCARE notifies the CONTRACTOR of patient liability amounts for CHOICES members via the outbound 834 enrollment file at any time other than the beginning of the month, then the CONTRACTOR shall determine and apply the prorated portion of patient liability for that month.

- 95. Section 2.22.4.4 through 2.22.4.4.2 shall be amended by adding the word “CHOICES” in front of the word “HCBS”.**

- 96. Section 2.22.6.3 and 2.22.6.4.13 shall be amended by adding the word “CHOICES” in front of the word “HCBS”.**

97. Section 2.22.6.4.5 shall be deleted and replaced as follows:

2.22.6.4.5 Allowed payment amount agrees with contracted rate and the terms of the provider agreement;

98. Section 2.22.7.1.8 shall be amended by adding the word “CHOICES” in front of the word “HCBS”.

99. Section 2.23.5.1 shall be amended by adding the words “outbound 834” in front of the words “enrollment files”.

100. Section 2.23.13.1 shall be amended by adding the words “outbound 834” in front of the words “enrollment file”.

101. Section 2.24.3.2 shall be amended by adding the word “CHOICES” in front of the word “HCBS”.

102. Section 2.26.6 shall be amended by adding the words “eligible CHOICES” in front of the word “HCBS”.

103. Section 2.29.1 shall be amended by adding a new Section 2.29.1.11 as follows:

2.29.1.11 The CONTRACTOR shall be required to have appropriate staff member(s) attend certain on-site meetings held at TennCare offices or at other sites as requested and designated by TENNCARE.

104. Sections 2.29.2 through 2.29.2.2 shall be deleted and replaced as follows:

2.29.2 Licensure and Background Checks

2.29.2.1 Except as specified in this Section 2.29.2.1 regarding the FEA, the CONTRACTOR is responsible for ensuring that all persons, whether they are employees, agents, subcontractors, providers or anyone acting for or on behalf of the CONTRACTOR, are legally authorized to render services under applicable state law. The FEA shall be responsible for ensuring that consumer-directed workers are qualified to provide eligible CHOICES HCBS in accordance with TENNCARE requirements.

2.29.2.2 Except as specified in this Section 2.29.2.2 regarding the FEA, the CONTRACTOR is responsible for conducting background checks in accordance with state law and TennCare policy and ensuring that all employees, agents, subcontractors, providers or anyone acting for or on behalf of the CONTRACTOR conducts background checks in accordance with state law and TennCare policy. At a minimum, background checks shall include a check of the Tennessee Abuse Registry, Tennessee Felony Offender Registry, National and Tennessee Sexual Offender Registry, and List of Excluded Individuals/Entities (LEIE). The FEA shall be responsible for conducting background checks on its staff, its subcontractors, and consumer-directed workers.

105. Section 2.30.1.4 shall be deleted and replaced as follows:

2.30.1.4 The CONTRACTOR shall submit all reports electronically and in the manner and format prescribed by TENNCARE and shall ensure that all reports are complete and accurate. The CONTRACTOR shall be subject to liquidated damages as specified in Section 4.20.2.1.1 for reports determined to be late, incorrect, incomplete or deficient, or not submitted in the manner and format prescribed by TENNCARE until all deficiencies have been corrected. Except as otherwise specified by TENNCARE, all reports shall be specific to the Grand Region covered by this Agreement.

106. The lead in paragraph of Section 2.30.6.5 shall be deleted and replaced as follows:

2.30.6.5 The CONTRACTOR shall submit a monthly *CHOICES HCBS Late and Missed Visits Report* for CHOICES members regarding the following CHOICES HCBS: personal care, attendant care, homemaker services, and home-delivered meals. The report shall include information on specified measures, which shall include but not be limited to the following:

107. Item (2) of Section 2.30.6.6 shall be amended by adding the words “eligible CHOICES” in front of the word “HCBS”.

108. Section 2.30.7.1 shall be amended by adding the word “CHOICES” in front of the word “HCBS”.

109. Section 2.30.7.5 shall be deleted and replaced as follows:

2.30.7.5 The CONTRACTOR shall submit an *Annual Plan for the Monitoring of Behavioral Health Appointment Timeliness* that shall include the CONTRACTOR’s plan for monitoring behavioral health providers to ensure that they comply with the timeliness of appointment standards that are outlined for behavioral health in Attachment III for routine specialty MD (behavioral health) care and Attachment V for Outpatient Non-MD behavioral health services. This plan will be submitted for approval to the Bureau of TennCare by December 31 of each year and shall identify methods for determining how they will monitor and evaluate providers for compliance, develop corrective action plans for compliance, maintain records of audits for timeliness and describe efforts to improve timeliness of appointments. The minimum data elements required are identified in Attachment IX, Exhibit D.

110. Section 2.30.7 shall be amended by adding a new Section 2.30.7.6 and renumbering the existing Sections 2.30.7.6 and 2.30.7.7 accordingly, including any references thereto.

2.30.7.6 The CONTRACTOR shall submit a *Quarterly Behavioral Health Appointment Timeliness Summary Report* that includes a quarterly summary of activities based on the Annual Plan for Monitoring of Behavioral Health Appointment Timeliness (See Section 2.30.7.5) The minimum data elements required are identified in Attachment IX, Exhibit D.

111. Section 2.30.9 shall be amended by adding a new Section 2.30.9.5 as follows:

2.30.9.5 Upon notification by TENNCARE, the CONTRACTOR shall submit a weekly *Administrative Services Only Invoice Report* for all payments to clinics designated as Federally Qualified Health Clinics or Rural Health Clinics.

112. Section 2.30.11 shall be amended by adding a new Section 2.30.11.7 as follows:

2.30.11.7 By October 1, 2011, the CONTRACTOR is required to submit a *Data Collection Strategy Report* that describes how they intend to collect data in accordance with the HHS initiative to implement a multifaceted health disparities data collection strategy. (HHS Action Plan to Reduce Racial and Ethnic Health Disparities, April 8, 2011) The report must include the CONTRACTOR's plans for collection and reporting of data in five specific demographic categories in accordance with the new provisions of the Affordable Care Act: race, ethnicity, gender, primary language, and disability status. The following OMB (minimum standards) categories for race and ethnicity (Revisions to the Standards for the Classification of Federal Data on Race and Ethnicity, 1997) must be used: Hispanic or Latino or Not Hispanic or Latino; American Indian or Alaska Native, Asian, Black or African American, Hispanic or Latino, Native Hawaiian or Other Pacific Islander, and White. CONTRACTOR plans must also include how the collected data will be used to integrate information across systems in order to enhance TennCare data, any system changes that will be needed, and timelines for implementation. Following review of the CONTRACTOR's plan, TENNCARE will set an implementation date for revised data collection and data reporting.

113. Item (2) of Section 2.30.16.4 shall be amended by adding the word "CHOICES" in front of the word "HCBS".

114. Section 4.8.1 shall be deleted and replaced as follows:

4.8.1 In no event shall the maximum liability of the State under this Agreement during the original term of the Agreement exceed two billion, two hundred seventy four million, eight hundred ninety seven thousand, one hundred five dollars and ninety cents (\$2,274,897,105.90).

115. The opening paragraph of Section 5.1 shall be deleted and replaced as follows:

5.1 NOTICE

All notices required to be given under this Agreement shall be given in writing, and shall be sent by United States certified mail, postage prepaid, return receipt requested; in person; by facsimile, email or other electronic means, including but not limited to providing notice through computer databases, software or other systems made available to the CONTRACTOR by TENNCARE; or by other means, so long as proof of delivery and receipt is given, and the cost of delivery is borne by the notifying party, to the appropriate party at the address given below, or at such other address (or addresses) as may be provided by notice given under this Section.

116. Section 5.2.1 shall be amended by deleting and replacing “June 30, 2011” with June 30, 2012” as follows:

5.2.1 This Agreement, and its incorporated attachments, if any, as well as all Amendments to this Agreement, contain all of the terms and conditions agreed upon by the parties, and when executed by all parties, supersedes any prior agreements. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall be in effect from July 1, 2001, subject to approval by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services. The term of this Agreement shall expire on June 30, 2012. At the mutual agreement of TENNCARE and the CONTRACTOR, this Agreement shall be renewable for an additional twelve month period.

117. Section 5.20.2.1.1 shall be amended by adding the word “incomplete” as follows:

5.20.2.1.1 For each day that a report or deliverable is late, incorrect, incomplete, or deficient, the CONTRACTOR shall be liable to TENNCARE for liquidated damages in the amount of one hundred dollars (\$100) per day per report or deliverable unless specified otherwise in this Section. Liquidated damages for late reports/deliverables shall begin on the first day the report/deliverable is late.

118. The liquidated damage chart in Section 5.20.2.2.7 shall be amended by deleting and replacing A.20 and adding new damages A.21 through A.26 as follows:

A.20	Failure to develop a person-centered plan of care for a CHOICES member that includes all of the required elements, and which has been reviewed with and signed and dated by the member or his/her representative, unless the member/representative refuses to sign which shall be documented in writing	\$500 per deficient plan of care
A.21	Failure to process a referral by or on behalf of the CONTRACTOR’s member for enrollment in the CHOICES program in accordance with specified requirements and timelines (see Section 2.9.6)	\$500 per day for each day the CONTRACTOR was delinquent in completing the referral

Amendment Number 25 (cont.)

<p>A.22</p>	<p>Failure to initiate disenrollment of any member who is not receiving TennCare-reimbursed long-term care services and is not expected to resume receiving long-term care services within the next thirty (30) days in accordance with 2.6.1.5.7.</p>	<p>\$1000 per occurrence plus \$1000 for each month for which the capitation payment amount must be adjusted</p>
<p>A.23</p>	<p>Failure to facilitate transitions between CHOICES Groups accordance with 2.9.6.9.1.1.5</p>	<p>\$500 per occurrence</p>
<p>A.24</p>	<p>Failure to ensure that all TennCare data containing protected health information (PHI), as defined in HIPAA, is secured through commercially reasonable methodology in compliance with HITECH, such that it is rendered unusable, unreadable and indecipherable to unauthorized individuals through the use of a technology or methodology specified by the Secretary in the guidance issued under section 13402(h)(2) of Public Law 111-5 on the HHS Web site which compromises the security or privacy of TennCare enrollee protected health information ancillary Business Associate Agreement executed between the parties</p>	<p>\$500 per enrollee per occurrence, AND If the State deems credit monitoring and/or identity theft safeguards are needed to protect those TennCare enrollees whose PHI was placed at risk by CONTRACTOR's failure to comply with the terms of this Agreement, the CONTRACTOR shall be liable for all costs associated with the provision of such safeguard services.</p>

Amendment Number 25 (cont.)

A.25	Failure to seek express written approval from TENNCARE, including the execution of the appropriate agreements to effectuate transfer and exchange of TennCare enrollee PHI or TennCare confidential information including, but not limited to, a data use agreement, trading partner agreement, business associate agreement or qualified protective order prior to the use or disclosure of PHI to a third party for any purpose other than the purpose of this Agreement (See ancillary Business Associate Agreement executed between the parties)	\$500 per enrollee per occurrence
A.26	Failure by the CONTRACTOR to prevent the use or disclosure of TennCare enrollee data or TennCare confidential in any form via any medium with any third party beyond the boundaries and jurisdiction of the United States (See ancillary Business Associate Agreement executed between the parties)	\$1,000 per enrollee per occurrence

119. Section C of the Program Issues/Damages chart of Section 5.20.2.2.7 shall be amended by adding a new C.3 as follows and renumbering the existing C.3 through C.7 as follows including any references thereto.

C.3	Failure to have subject appropriate staff member(s) attend onsite meetings as requested and designated by TENNCARE	\$1000 per appropriate staff person per meeting as requested by TENNCARE
-----	--	--

120. Section 5.20.2.4 shall be amended by adding the word “CHOICES” in front of the word “HCBS”.

- 121. Section 5 shall be amended by adding new Sections 5.38 and 5.39 as follows and the existing Sections 5.38 and 5.39 shall be renumbered accordingly including any references thereto.**

5.38 Prohibition of Payments for Items or Services Outside the United States

Section 6505 of the Affordable Care Act amends section 1902(a) of the Social Security Act (the Act), and requires that a State shall not provide any payments for items or services provided under the State plan or under a waiver to any financial institution or entity located outside of the United States (U.S.). This section of the Affordable Care Act is effective January 1, 2011, unless the Secretary determines that implementation requires State legislation, other than legislation appropriating funds, in order for the plan to comply with this provision.

For purposes of implementing this provision, section 1101(a)(2) of the Act defines the term “United States” when used in a geographical sense, to mean the “States.” Section 1101(a)(1) of the Act defines the term “State” to include the District of Columbia, Puerto Rico, the Virgin Islands, Guam, the Northern Mariana Islands, and American Samoa, when used under Title XIX.

Further, this provision prohibits payments to telemedicine providers located outside of the U.S., Puerto Rico, the Virgin Islands, Guam, the Northern Mariana Islands, and American Samoa. Additionally, payments to pharmacies located outside of the U.S., Puerto Rico, the Virgin Islands, Guam, the Northern Mariana Islands, and American Samoa are not permitted.

The Centers for Medicare & Medicaid Services (CMS) will require that, in the case of providers that have provided medical assistance or covered items and/or services to Medicaid beneficiaries under the State plan or under a waiver program, and are requesting reimbursement from the State Medicaid program, such reimbursement must be provided to financial institutions or entities located within the U.S. If it is found that payments have been made to financial institutions or entities outside of the U.S., States must recover these payments and must forward any Federal match for such payments to CMS consistent with the guidelines specified in Federal regulations at 42 CFR Part 433.

Any audits of claims by CMS to assure compliance with this provision will begin no earlier than June 1, 2011 and will only review claims submitted on or after June 1, 2011 for compliance with this section.

5.39 Federal Funding Accountability and Transparency Act (FFATA)

This Agreement requires the CONTRACTOR to provide supplies and/or services that are funded in whole or in part by federal funds that are subject to FFATA. The CONTRACTOR is responsible for ensuring that all applicable requirements, including but not limited to those set forth herein, of FFATA are met and that the CONTRACTOR provides information to the State as required.

The CONTRACTOR shall comply with the following:

5.39.1 Reporting of Total Compensation of the CONTRACTOR’s Executives.

5.39.1.1 The CONTRACTOR shall report the names and total compensation of each of its five most highly compensated executives for the CONTRACTOR’s preceding completed fiscal year, if in the CONTRACTOR’s preceding fiscal year it received:

Amendment Number 25 (cont.)

- 5.39.1.1.1 Eighty percent (80%) or more of the CONTRACTOR's annual gross revenues from Federal procurement contracts and Federal financial assistance subject to the Transparency Act, as defined at 2 CFR 170.320 (and sub awards); and
 - 5.39.1.1.2 \$25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts), and Federal financial assistance subject to the Transparency Act (and sub awards); and
 - 5.39.1.1.3 The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at <http://www.sec.gov/answers/execomp.htm>).
- Executive means officers, managing partners, or any other employees in management positions.
-
- 5.39.1.2 Total compensation means the cash and noncash dollar value earned by the executive during the CONTRACTOR's preceding fiscal year and includes the following (for more information see 17 CFR 229.402(c)(2)):
 - 5.39.1.2.1 Salary and bonus.
 - 5.39.1.2.2 Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.
 - 5.39.1.2.3 Earnings for services under non-equity incentive plans. This does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.
 - 5.39.1.2.4 Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.
 - 5.39.1.2.5 Above-market earnings on deferred compensation which is not tax qualified.
 - 5.39.1.2.6 Other compensation, if the aggregate value of all such other compensation (e.g. severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds \$10,000.
 - 5.39.2 The CONTRACTOR must report executive total compensation described above to the State by the end of the month during which this Contract is awarded.
 - 5.39.3 If this Agreement is amended to extend its term, the CONTRACTOR must submit an executive total compensation report to the State by the end of the month in which the amendment to this Agreement becomes effective.
 - 5.39.4 The CONTRACTOR will obtain a Data Universal Numbering System (DUNS) number and maintain its DUNS number for the term of this Agreement. More information about obtaining a

Amendment Number 25 (cont.)

DUNS Number can be found at: <http://fedgov.dnb.com/webform/>

- 5.39.5 The CONTRACTOR's failure to comply with the above requirements is a material breach of this Agreement for which the State may terminate this Agreement for cause. The State will not be obligated to pay any outstanding invoice received from the CONTRACTOR unless and until the CONTRACTOR is in full compliance with the above requirements.
- 122. "Timely Claims Processing", "Claims Payment Accuracy", and "HCBS Provider Network" Performance Measures in Attachment VII shall be amended by adding the word "CHOICES" in front of the word "HCBS".**
- 123. The Performance Measure regarding "Initial appointment timeliness for behavioral health services" in Attachment XII shall be deleted in its entirety.**
- 124. Exhibit D of Attachment IX shall be deleted and replaced as follows:**

ATTACHMENT IX, EXHIBIT D

Annual Plan and Quarterly Summary for the Monitoring of Behavioral Health Appointment Timeliness

I. Annual Plan for the Monitoring of Behavioral Health Appointment Timeliness

The *Annual Plan for the Monitoring of Behavioral Health Appointment Timeliness* required in Section 2.30.7.5 will be submitted to the Bureau of TennCare by December 31 of each year, with the first annual plan due for submission by December 31, 2011. This deliverable shall include, at a minimum, the following elements:

1. A plan for how the CONTRACTOR monitors and evaluates behavioral health providers for compliance with the timeliness of appointment standards that are outlined for behavioral health in Attachment III for routine MD (behavioral health) specialty care and Attachment V for Outpatient Non-MD behavioral health services.
2. The plan shall include a delineation of methodologies used for monitoring and evaluation:
 - a. The plan shall include at minimum, at least one method that incorporates either a phone survey or on-site audit.
 - b. The report shall include the frequency of surveys/audits, number of site visits, and types of providers monitored, by (MD and non-MD), and by age group (under 18 years of age and 18 years of age and over) as well as number of phone calls or number of appointments evaluated for timeliness, by type (MD/non-MD) and (under 18 years of age and 18 years of age and over) for each provider.
3. This report will also include the types of correspondence with providers regarding timeliness of appointments; number of performance reports issued to providers, number of Corrective Action Plans (CAPs) issued to providers and results of follow-up to the CAPs.
4. A summary of overall findings will include a summary of results across providers; how representative the sample of surveys/site visits are of the overall volume of services provided; analysis of data collection and identification and resolution of problems, including percentage of compliance with standards in Attachments III and V, as outlined in # 1 above.
5. Description of record keeping, including results of audits and surveys, and requests for corrective action plans submitted to providers.
6. A summary of other methods used to monitor the timeliness of behavioral health appointments.

II. Quarterly Summary for the Monitoring of Behavioral Health Appointment Timeliness

The Quarterly Summary for the Monitoring of Behavioral Health Appointment Timeliness as required in Section 2.30.7.6. will be due within thirty (30) days after completion of the quarter. This deliverable shall include, at a minimum, a summary and update of the quarterly activities and results outlined in the Annual Plan for the Monitoring of Behavioral Health Appointment Timeliness as required in Section 2.30.7.5, including strategies, results and outcomes of efforts to improve timeliness of appointments.

125. Section A.4.3.2.4.1 of Attachment XI shall be amended by deleting “one-quarter (1/4th)” and replacing it with “one-third (1/3)”.

A.4.3.2.4.1 The furthest distance a member shall be required to travel to or from a fixed route transportation stop is one-third (1/3) of a mile.

126. Sections A.12.5 and A.12.6 of Attachment XI shall be deleted and replaced as follows:

~~A.12.5 The CONTRACTOR shall provide Department of Intellectual and Developmental Disabilities (DIDD) residential and day service waiver providers the opportunity to become a NEMT provider if the provider is qualified to provide MR waiver transportation services (either as an individual transportation service or as a component of residential and/or day services) pursuant to provider qualifications applicable for such providers which shall be determined by DIDD. These providers shall only provide covered NEMT services to members receiving HCBS MR waiver services from the provider. The CONTRACTOR shall reimburse these providers for covered NEMT to TennCare covered services (see definition in Exhibit A) and shall not reimburse these providers for NEMT to services provided through a HCBS MR waiver. The CONTRACTOR shall reimburse these providers in accordance with rates paid to other NEMT providers for the provision of NEMT services.~~

A.12.6 The CONTRACTOR shall ensure that its NEMT providers are qualified to perform their duties. Except as specified in A.12.5, this includes, but is not limited to, meeting applicable federal, state or local licensure, certification, or registration requirements. Failure to comply with requirements regarding licensure requirements may result in liquidated damages as provided in Section 4.20.2 of the Agreement.

Amendment Number 25 (cont.)

127. Section A.14 of Attachment XI shall be amended by adding a new sentence as follows:

A.14 PAYMENT FOR NEMT SERVICES

A.14.1 General

In addition to requirements in the Agreement regarding payment for services, when paying for NEMT services the CONTRACTOR shall comply with the requirements in this Attachment. In addition to the requirements of this Agreement and this Attachment, the CONTRACTOR shall have a policy to address fuel price adjustments.

128. Item 13 of Exhibit A of Attachment XI shall be deleted and replaced as follows:

13. **TennCare Covered Services:** The health care services available to TennCare enrollees, as defined in TennCare rules and regulations. This includes, but is not limited to, physical health, behavioral health, pharmacy, dental services, and institutional services. TennCare covered services includes TENNderCare services. For purposes of NEMT, TennCare covered services does not include CHOICES HCBS or 1915(c) MR waiver services.

Amendment Number 25 (cont.)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective July 1, 2011.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 24

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1 shall be amended by deleting the following definitions: “Clinically Related Group 1: Severely and/or Persistently Mentally Ill (SPMI)”, “Clinically Related Group 2: Persons with Severe Mental Illness (SMI)”, “Clinically Related Group 3: Persons who are Formerly Severely Impaired”, “Clinically Related Group 4: Persons with Mild or Moderate Mental Disorders”, “Clinically Related Group 5: Persons who are not in clinically related groups 1-4 as a result of their diagnosis”, “CRG (Clinically Related Group)”, “Seriously Emotionally Disturbed (SED)”, “Severely and/or Persistently Mentally Ill (SPMI)” and “Target Population Group (TPG)”.

2. Section 1 shall be amended by adding a new definition for “Priority Enrollee” as follows:

Priority Enrollee: An enrollee that has been identified by TENNCARE as vulnerable due to certain mental health diagnoses.

3. Section 2.7.1.2 and 2.7.1.3 shall be amended by adding a new sentence to the end of the existing language as follows:

2.7.1.2 The CONTRACTOR shall review and approve or disapprove claims for emergency services based on the definition of emergency medical condition specified in Section 1 of this Agreement. The CONTRACTOR shall base coverage decisions for emergency services on the severity of the symptoms at the time of presentation and shall cover emergency services where the presenting symptoms are of sufficient severity to constitute an emergency medical condition in the judgment of a prudent layperson. The CONTRACTOR shall not impose restrictions on coverage of emergency services more restrictive than those permitted by the prudent layperson standard. The CONTRACTOR shall have policies that address emergency and non-emergency use of services provided in an outpatient emergency setting.

2.7.1.3 The CONTRACTOR shall provide coverage for inpatient and outpatient emergency services, furnished by a qualified provider, regardless of whether the member obtains the services from a contract provider, that are needed to evaluate or stabilize an emergency medical condition that is found to exist using the prudent layperson standard. These services shall be provided

Amendment Number 24 (cont.)

without prior authorization in accordance with 42 CFR 438.114. The CONTRACTOR shall pay for any emergency screening examination services conducted to determine whether an emergency medical condition exists and for all emergency services that are medically necessary until the member is stabilized. However, the CONTRACTOR shall have policies to determine when non-emergency services are provided in an outpatient emergency setting.

4. Section 2.7.2.8.1.5 shall be deleted and replaced as follows:

2.7.2.8.1.5 Prior to admission to a psychiatric inpatient hospital on an involuntary basis, the CONTRACTOR shall ensure that Tennessee's statutory requirement for a crisis team consultation is completed for all members evaluated by a licensed physician or psychologist as described in TennCare policy. In addition, the CONTRACTOR shall ensure that Tennessee's statutory requirement for a face-to-face evaluation by a mandatory pre-screening agent (MPA), is conducted to assess eligibility for emergency involuntary admission to an RMHI (Regional Mental Health Institute) and determine whether all available less drastic alternatives services and supports are unsuitable.

5. Sections 2.7.2.9 through 2.7.2.9.7 shall be deleted in their entirety and the remaining Section 2.7.2 shall be renumbered accordingly including any references thereto.

6. Section 2.7.6.2.10.1, 2.7.6.2.10.1.1, and 2.7.6.2.10.2 shall be deleted and replaced as follows:

2.7.6.2.10.1 Outreach events shall number a minimum of five (5) per region, per quarter.

2.7.6.2.10.1.1. At least three (3) of the minimum quarterly outreach activities shall be conducted in urban areas, and two (2) shall be conducted in rural/suburban areas. Results of the CONTRACTOR's or State's CMS 416 and HEDIS reports, as well as county demographics, shall be utilized in determining counties for targeted activities and in developing strategies for TennCare enrollees who are at risk of DCS custody or have special healthcare needs.

2.7.6.2.10.2 The CONTRACTOR shall contact a minimum of fifteen (15) state agencies or community-based organizations per quarter, to either educate them on services available through the MCOs or to develop outreach and educational initiatives. All of the agencies engaged shall be those who serve TennCare enrollees who are at risk of DCS custody or have special healthcare needs.

7. Section 2.7.8.1 shall be deleted and replaced as follows:

2.7.8.1 The CONTRACTOR shall cover abortions, sterilizations, and hysterectomies (ASH) pursuant to applicable federal and state law. The CONTRACTOR shall ensure that when coverage requires the completion of a specific form, the form is properly completed as described in the instructions with the original form maintained in the member's medical records and a copy submitted to the CONTRACTOR for retention in the event of audit. In the event of a TennCare audit the CONTRACTOR will provide additional supporting documentation to ascertain compliance with federal and state regulations. Such documentation may include admission history and physical, pre and post procedure notes, discharge summary, court records or orders, or other documentation utilized to authorize ASH procedures utilized to authorize ASH procedures, specific to the type of procedure performed.

8. Section 2.8.1 shall be amended by deleting and replacing Section 2.8.1.2, adding a new Section 2.8.1.3 and renumbering the existing Sections accordingly including any references thereto.

2.8.1.2 Each DM program shall utilize evidence-based clinical practice guidelines (hereafter referred to as the guidelines) that have been formally adopted by the CONTRACTOR's Quality Management/Quality Improvement (QM/QI) committee or other clinical committee as a clinical basis for development of program content and plan of care.

2.8.1.3 For the conditions listed in Sections 2.8.1.1.1 through 2.8.1.1.7, the DM Health Risk Assessment shall include screening for mental health and substance abuse. For conditions listed in Sections 2.8.1.1.8 through 2.8.1.1.10, the DM Health Risk Assessment shall include an evaluation for co-occurring disorders.

9. Section 2.8.3 shall be amended by renumbering the existing text as 2.8.3.1 and adding new text in a new Section 2.8.3.2 as follows:

2.8.3 Stratification

2.8.3.1 As part of the DM programs, the CONTRACTOR shall classify eligible members into stratification levels according to condition severity or other clinical or member-provided information which, for members enrolled in the CHOICES program shall also include stratification by the type of setting in which long-term care services are delivered, i.e., nursing facility, community-based residential alternative, or home-based. The DM programs shall tailor the program content and education activities for each stratification level. For CHOICES members, this shall include targeted interventions based on the setting in which the member resides.

2.8.3.2 As a part of the Maternity DM program, the contractor shall classify all pregnant women who use tobacco in the high risk category and refer those members, who consent, to the Tennessee Tobacco Quitline using the Quitline referral form (or a TENNCARE approved smoking cessation program).

10. Section 2.8.4 shall be deleted and replaced as follows:

2.8.4 Program Content

Each DM program shall include the development of program content plans, as described in NCQA Disease Management Standards as treatment plans, to serve as the outline for all of the activities and interventions in the program focusing on patient empowerment strategies to support the provider-patient relationship. At a minimum the activities and interventions shall address condition monitoring, patient adherence to the program, consideration of other co-morbidities, and condition-related lifestyle issues. For CHOICES members, appropriate elements of the program content plan shall be individualized and integrated into the member's plan of care to facilitate better management of the member's condition.

Amendment Number 24 (cont.)

11. Section 2.8.7.2 through 2.8.7.2.6 shall be deleted and replaced with new Sections 2.8.7.2, and 2.8.7.3 through 2.8.7.3.6 as described below. The current Section 2.8.7.3 shall be renumbered as 2.8.7.4.

2.8.7.2 The CONTRACTOR shall report the passive participation rates (as defined by NCQA) and the number of individuals participating in each level of each of the DM programs.

2.8.7.3 The CONTRACTOR shall establish measurable benchmarks and goals for each DM program and shall evaluate the programs using these benchmarks and goals. The calculations for the benchmarks and goals should include non-CHOICES members only. These benchmarks and goals shall include:

2.8.7.3.1 The rate of emergency department utilization and inpatient hospitalization;

2.8.7.3.2 Neonatal Intensive Care Unit (NICU) data associated with members enrolled in the maternity care management program;

2.8.7.3.3 Appropriate HEDIS measures;

2.8.7.3.4 Member adherence to treatment plans;

2.8.7.3.5 Provider adherence to the guidelines; and

2.8.7.3.6 DM specific member satisfaction survey results.

12. Sections 2.9.4.2.7.1 and 2.9.4.2.7.2 shall be deleted and replaced as follows and the remaining Section 2.9.4.2.7 shall be renumbered accordingly including any references thereto.

2.9.4.2.7.1 Priority Enrollees;

13. Section 2.9.5.1.5 shall be deleted and replaced as follows:

2.9.5.1.5 Program Evaluation (Satisfaction and Effectiveness) which shall include the following:

2.9.5.1.5.1 The rate of in-patient admissions and re-admissions of CM members;

2.9.5.1.5.2 The rate of ED utilization by CM members; and

2.9.5.1.5.3 Percent of member satisfaction specific to CM.

14. Section 2.9.6.2.4 shall be amended by deleting and replacing Section 2.9.6.2.4.2, deleting Sections 2.9.6.2.4.3 and 2.9.6.2.4.4 and renumbering the remaining Section 2.9.6.2.4 as appropriate including all references thereto.

2.9.6.2.4.2 For members in CHOICES Group 1 who are receiving services in a nursing facility at the time of enrollment in, the CONTRACTOR shall immediately authorize NF services in accordance with the level of nursing facility services or reimbursement approved by TENNCARE, and as of the effective date of CHOICES enrollment. The

Amendment Number 24 (cont.)

CONTRACTOR shall, within thirty (30) calendar days of notice of the member's enrollment in CHOICES, conduct a face-to-face visit with the member and perform any additional needs assessment deemed necessary by the CONTRACTOR (see Section 2.9.6.5.1). The care coordinator shall review the plan of care developed by the nursing facility and may supplement the plan of care as necessary and appropriate (see Section 2.9.6.6.1).

15. Section 2.9.6.2.5.2 and 2.9.6.2.5.3 shall be deleted and replaced as follows:

2.9.6.2.5.2 For members in CHOICES Group 2 who upon CHOICES enrollment are receiving services in a community-based residential alternative setting, within ten (10) business days of notice of the member's enrollment in CHOICES the care coordinator shall conduct a face-to-face visit with the member, perform a comprehensive needs assessment (see Section 2.9.6.5), develop a plan of care (see Section 2.9.6.6), and authorize and initiate additional HCBS specified in the plan of care (i.e., assistive technology), except in the case of members enrolled on the basis of Immediate Eligibility. If a member residing in a community-based residential alternative setting is enrolled on the basis of Immediate Eligibility, the CONTRACTOR shall, upon notice that the State has determined that the member meets categorical and financial eligibility for TennCare CHOICES, immediately authorize community-based residential services and shall authorize and initiate additional HCBS specified in the member's plan of care (i.e., assistive technology) within five (5) days of notice; authorization for community-based residential alternative services shall be retroactive to the member's effective date of CHOICES enrollment.

2.9.6.2.5.3 The care coordinator shall, for all other CHOICES members in Groups 2 and 3 not specified in 2.9.6.2.5.1 – 2.9.6.2.5.2 above, within ten (10) business days of notice of the member's enrollment in CHOICES, conduct a face-to-face visit with the member, perform a comprehensive needs assessment (see Section 2.9.6.5), develop a plan of care (see Section 2.9.6.6), and authorize and initiate HCBS, except in the case of members enrolled on the basis of Immediate Eligibility in which case only the limited package of HCBS shall be authorized and initiated. Members enrolled on the basis of Immediate Eligibility shall have access only to a limited package of HCBS (see Section 2.6.1.5.3) pending determination of categorical and financial eligibility for TennCare CHOICES; however all needed services shall be listed in the plan of care, and the CONTRACTOR shall immediately revise the service authorizations as necessary upon notice that the State has determined that the member meets categorical and financial eligibility for TennCare CHOICES and initiate services within ten (10) business days of notice.

16. The first paragraph numbered Section 2.9.6.3.17 shall be deleted and replaced as follows:

2.9.6.3.17 For all newly enrolled CHOICES Group 1 members, the CONTRACTOR shall immediately authorize NF services in accordance with the level of nursing facility services or reimbursement approved by TENNCARE, and as of the effective date of CHOICES enrollment. To the extent that applicable activities specified in Sections 2.9.6.3.8, 2.9.6.3.8.1 and 2.9.6.3.9 were not completed by the CONTRACTOR during the member's CHOICES enrollment process, the member's Care Coordinator shall within thirty (30) calendar days of notice of the member's enrollment in CHOICES Group 1, conduct a face-to-face visit, perform any additional needs assessment deemed necessary, and may supplement the plan of care as necessary and appropriate.

For the CONTRACTOR's current members enrolled into CHOICES Group 2, the member's Care Coordinator shall within ten (10) business days of notice of the member's enrollment in CHOICES Group 2, authorize and initiate HCBS. To the extent that applicable activities specified in Sections 2.9.6.3.8, 2.9.6.3.8.2 and 2.9.6.3.9 were not completed by the CONTRACTOR during the member's CHOICES enrollment process, the member's Care Coordinator shall also within ten (10) business days of notice of the member's enrollment in CHOICES Group 2, conduct a face-to-face visit, perform a comprehensive needs assessment, and develop a plan of care.

17. Section 2.9.8.4 shall be deleted and replaced as follows:

2.9.8.4 Referrals to Behavioral Health Providers

The CONTRACTOR shall ensure through screening that members with a need for behavioral health services, particularly priority enrollees are appropriately referred to behavioral health providers. The CONTRACTOR shall develop provider education and training materials to ensure that physical health and long-term care providers know when and how to refer members who need specialty behavioral health services. This shall include education about behavioral health services, including the recovery process and resilience for children. The CONTRACTOR shall develop a referral process to be used by its providers, including what information must be exchanged and when to share this information, as well as notification to the member's care coordinator.

18. Section 2.11.7.2 shall be deleted and replaced as follows:

2.11.7.2 Community Mental Health Agencies (CMHAs)

The CONTRACTOR is encouraged to contract with CMHAs and other behavioral health safety net providers in the CONTRACTOR's service area to the extent possible and practical. Where CMHAs are not utilized, the CONTRACTOR shall demonstrate that both adequate capacity and an appropriate range of services for all populations, but in particular priority enrollees, exist to serve the expected enrollment in the CONTRACTOR's service area without contracting with CMHAs.

19. Section 2.12.9.60 shall be deleted and replaced as follows:

2.12.9.60 Require the provider to comply and submit to the CONTRACTOR disclosure of information in accordance with the requirements, including timeframes, specified in 42 CFR Part 455, Subpart B and at anytime upon request;

20. Section 2.12.15 shall be deleted in its entirety and the remaining Sections in 2.12 shall be renumbered accordingly including any references thereto.

21. The renumbered Section 2.12.15 shall be deleted and replaced as follows:

2.12.15 The CONTRACTOR shall comply with the Annual Coverage Assessment Act, (T.C.A. 71-5-1003 *et seq.*, 71-5-1005 *et seq.*).

Amendment Number 24 (cont.)

- 2.12.15.1 The CONTRACTOR shall be prohibited from implementing across the board rate reductions to covered or excluded contract hospitals or physicians either by category or type of provider. These requirements shall also apply to services or settings of care that are ancillary to a covered or excluded hospital, or physician's primary license if the physician or covered or excluded hospital, including a wholly owned subsidiary or controlled affiliate of a covered or excluded hospital or hospital system, holds more than fifty percent (50%) controlling interest in such ancillary services or settings of care, but shall not apply to any other ancillary services or settings of care. For purposes of this Section, covered or excluded contract hospitals or physicians shall be those as defined by the Annual Coverage Assessment Act.
 - 2.12.15.2 The CONTRACTOR shall notice providers regarding across the board rate reductions and shall include language in the notice that describes those providers to be excluded from the across the board rate reduction in accordance with the Annual Coverage Assessment Act. The provider exclusion language shall be conspicuously placed on the front page of the notice and will advise providers who believe they meet the exclusion criteria specified in the Act of the process for demonstrating such to the MCO.
 - 2.12.15.3 For purposes of this requirement, services or settings of care that are "ancillary" shall mean, but not be limited to, ambulatory surgical facilities, outpatient treatment clinics or imaging centers, dialysis centers, home health and related services, home infusion therapy services, outpatient rehabilitation or skilled nursing services. Further, for purposes of this requirement, "physician" includes a physician licensed under title 63, chapter 6 and chapter 9 and a group practice of physicians that hold a contract with the CONTRACTOR.
- 22. Section 2.15.7.6 shall be amended by deleting the word “monthly” and replacing it with the word “quarterly”.**
- 2.15.7.6 As specified in Section 2.30.11.6, the CONTRACTOR shall submit quarterly reports to TENNCARE regarding all critical incidents.
- 23. Sections 2.18.7.4 and 2.18.7.5 shall be deleted and replaced as follows:**
- 2.18.7.4 The CONTRACTOR shall conduct an annual survey to assess provider satisfaction, including satisfaction with provider enrollment, provider communication, provider education, provider complaints, claims processing, claims reimbursement, care coordination, and utilization management processes, including medical reviews. The CONTRACTOR shall include questions specified by TENNCARE. The CONTRACTOR shall submit an annual report on the survey to TENNCARE as required in Section 2.30.12.4. The CONTRACTOR shall take action to address opportunities for improvement identified through the survey and provide an update on actions taken in the previous year to improve provider satisfaction. The survey shall be structured so that behavioral health provider satisfaction results and physical health provider satisfaction results can be separately stratified.
 - 2.18.7.5 The CONTRACTOR shall conduct an annual satisfaction survey of CHOICES long-term care providers that shall include any questions specified in the survey tool provided by TENNCARE. The CONTRACTOR shall submit an annual report on the survey to TENNCARE as required in Section 2.30.12.4. The CONTRACTOR shall take action to address opportunities for improvement identified through the survey and provide an update on actions taken in the previous year to improve provider satisfaction. .

24. Section 2.20 shall be deleted and replaced as follows:

2.20 FRAUD AND ABUSE

2.20.1 General

- 2.20.1.1 The Tennessee Bureau of Investigation, Medicaid Fraud Control Unit (TBI MFCU) is the state agency responsible for the investigation of provider fraud and abuse in the TennCare program.
- 2.20.1.2 The Office of Inspector General (OIG) has the primary responsibility to investigate TennCare enrollee fraud and abuse.
- 2.20.1.3 The CONTRACTOR shall have surveillance and utilization control programs and procedures (42 CFR 456.3, 456.4, 456.23) to safeguard the Medicaid funds against unnecessary or inappropriate use of Medicaid services and against improper payments. The CONTRACTOR shall have internal controls and policies and procedures in place that are designed to prevent, detect, and report known or suspected fraud and abuse activities.
- 2.20.1.4 The CONTRACTOR shall have adequate staffing and resources to investigate unusual incidents and develop and implement corrective action plans to assist the CONTRACTOR in preventing and detecting potential fraud and abuse activities.
- 2.20.1.5 The CONTRACTOR shall comply with all federal and state requirements regarding fraud and abuse, including but not limited to Sections 1128, 1156, and 1902(a)(68) of the Social Security Act.

2.20.2 Reporting and Investigating Suspected Fraud and Abuse

- 2.20.2.1 The CONTRACTOR shall cooperate with all appropriate state and federal agencies, including TBI MFCU and/or OIG, in investigating fraud and abuse. In addition, the CONTRACTOR shall fully comply with the TCA 71-5-2601 and 71-5-2603 in performance of its obligations under this Agreement. The CONTRACTOR shall report all confirmed or suspected fraud and abuse to TENNCARE and the appropriate agency as follows:
 - 2.20.2.1.1 Suspected fraud and abuse in the administration of the program shall be reported to TBI MFCU and/or OIG;
 - 2.20.2.2 The CONTRACTOR shall have methods for identification, investigation, and referral of suspected fraud cases (42 CFR 455.13, 455.14, 455.21). All confirmed or suspected provider fraud and abuse shall immediately be reported to TBI MFCU and TennCare Office of Program Integrity; and
 - 2.20.2.2.1 All confirmed or suspected enrollee fraud and abuse shall be reported immediately to OIG;
 - 2.20.2.3 The CONTRACTOR shall use the Fraud Reporting Forms in Attachment VI, or such other form as may be deemed satisfactory by the agency to whom the report is to be made under the terms of this Agreement.

Amendment Number 24 (cont.)

- 2.20.2.4 Pursuant to TCA 71-5-2603(c) the CONTRACTOR shall be subject to a civil penalty, to be imposed by the OIG, for willful failure to report fraud and abuse by recipients, enrollees, applicants, or providers to TENNCARE and OIG or TBI MFCU, as appropriate.
- 2.20.2.5 The CONTRACTOR shall promptly perform a preliminary investigation of all incidents of suspected and/or confirmed fraud and abuse. Unless prior written approval is obtained from the agency to whom the incident was reported, or to another agency designated by the agency that received the report, after reporting fraud or suspected fraud and/or suspected abuse and/or confirmed abuse, the CONTRACTOR shall not take any of the following actions as they specifically relate to TennCare claims:
 - 2.20.2.5.1 Contact the subject of the investigation about any matters related to the investigation;
 - 2.20.2.5.2 Enter into or attempt to negotiate any settlement or agreement regarding the incident; or
 - 2.20.2.5.3 Accept any monetary or other thing of valuable consideration offered by the subject of the investigation in connection with the incident.
- 2.20.2.6 The CONTRACTOR shall promptly provide the results of its preliminary investigation to the agency to whom the incident was reported, or to another agency designated by the agency that received the report.
- 2.20.2.7 The CONTRACTOR shall cooperate fully in any further investigation or prosecution by any duly authorized government agency, whether administrative, civil, or criminal. Such cooperation shall include providing, upon request, information, access to records, and access to interview CONTRACTOR employees and consultants, including but not limited to those with expertise in the administration of the program and/or in medical or pharmaceutical questions or in any matter related to an investigation.
- 2.20.2.8 The State shall not transfer its law enforcement functions to the CONTRACTOR.
- 2.20.2.9 The CONTRACTOR and providers, whether contract or non-contract, shall, upon request and as required by this Agreement or state and/or federal law, make available to the TBI MFCU/OIG any and all administrative, financial and medical records relating to the delivery of items or services for which TennCare monies are expended. In addition, the TBI MFCU/OIG shall, as required by this Agreement or state and/or federal law, be allowed access to the place of business and to all TennCare records of any contractor or provider, whether contract or non-contract, during normal business hours, except under special circumstances when after hour admission shall be allowed. Special circumstances shall be determined by the TBI MFCU/OIG.
- 2.20.2.10 The CONTRACTOR shall include in any of its provider agreements a provision requiring, as a condition of receiving any amount of TennCare payment, that the provider comply with this Section, Section 2.20 of this Agreement.
- 2.20.2.11 The CONTRACTOR shall notify TENNCARE when the CONTRACTOR denies a provider credentialing application for program integrity-related reasons or otherwise limits the ability of providers to participate in the program for program integrity reasons.

Amendment Number 24 (cont.)

- 2.20.2.12 Except as described in Section 2.11.7.2 of this Agreement, nothing herein shall require the CONTRACTOR to ensure non-contract providers are compliant with TENNCARE contracts or state and/or federal law.

2.20.3 Compliance Plan

- 2.20.3.1 The CONTRACTOR shall have a written fraud and abuse compliance plan. A paper and electronic copy of the plan shall be provided to the TennCare Program Integrity Unit within ninety (90) calendar days of Agreement execution and annually thereafter. TENNCARE shall provide notice of approval, denial, or modification to the CONTRACTOR within thirty (30) calendar days of receipt. The CONTRACTOR shall make any requested updates or modifications available for review to TENNCARE as requested by TENNCARE and/or the TennCare Program Integrity Unit within thirty (30) calendar days of a request.
- 2.20.3.2 The CONTRACTOR's fraud and abuse compliance plan shall:
 - 2.20.3.2.1 Require that the reporting of suspected and/or confirmed fraud and abuse be done as required by this Agreement;
 - 2.20.3.2.2 Outline activities proposed for the next reporting year regarding employee education of federal and state laws and regulations related to Medicaid Program Integrity against Fraud/Abuse/Waste to ensure that all of its officers, directors, managers and employees know and understand the provisions of the CONTRACTOR's fraud and abuse compliance plan;
 - 2.20.3.2.3 Outline activities proposed for the next reporting year regarding provider education of federal and state laws and regulations related to Medicaid Program Integrity against Fraud/Abuse/Waste and on identifying and educating targeted providers with patterns of incorrect billing practices and/or overpayments;
 - 2.20.3.2.4 Outline unique policy and procedures, and specific instruments designed to identify, investigate, and report fraud and abuse activities under the CHOICES' program.
 - 2.20.3.2.5 Contain procedures designed to prevent and detect abuse and fraud in the administration and delivery of services under this Agreement; and
 - 2.20.3.2.6 Include a description of the specific controls in place for prevention and detection of potential or suspected fraud and abuse, such as:
 - 2.20.3.2.6.1 A list of automated pre-payment claims edits;
 - 2.20.3.2.6.2 A list of automated post-payment claims edits;
 - 2.20.3.2.6.3 A list of desk audits on post-processing review of claims;
 - 2.20.3.2.6.4 A list of reports of provider profiling and credentialing used to aid program and payment integrity reviews;
 - 2.20.3.2.6.5 A list of surveillance and/or utilization management protocols used to safeguard against unnecessary or inappropriate use of Medicaid services.

Amendment Number 24 (cont.)

- 2.20.3.2.6.6 A list of provisions in the subcontractor and provider agreements that ensure the integrity of provider credentials; and
- 2.20.3.2.6.7 A list of references in provider and member material regarding fraud and abuse referrals.
- 2.20.3.2.7 A list of provisions for the confidential reporting of plan violations to the designated person;
- 2.20.3.2.8 A list of provisions for the investigation and follow-up of any suspected or confirmed fraud and abuse, even if already reported, and/or compliance plan reports;
- 2.20.3.2.9 Ensure that the identities of individuals reporting violations of the CONTRACTOR's MCO are protected and that there is no retaliation against such persons;
- 2.20.3.2.10 Contain specific and detailed internal procedures for officers, directors, managers and employees for detecting, reporting, and investigating fraud and abuse compliance plan violations;
- 2.20.3.2.11 Require any confirmed or suspected provider fraud and abuse under state or federal law be reported to TBI MFCU as well as TennCare Office of Program Integrity and that enrollee fraud and abuse be reported to the OIG; and
- 2.20.3.2.12 Ensure that no individual who reports MCO violations or suspected fraud and abuse is retaliated against.
- 2.20.3.3 The CONTRACTOR shall have provisions regarding compliance with the applicable requirements of the Model Compliance Plan for Medicaid MCOs or Medicare+Choice Organizations/Medicare Advantage plans issued by the DHHS OIG.
- 2.20.3.4 The CONTRACTOR shall provide a list of procedures regarding implementation of TennCare policy on disclosure and adverse action reporting (<http://www.tn.gov/tenncare/forms/fa10-001.pdf>).
- 2.20.3.5 The CONTRACTOR shall have provisions in its Compliance plan regarding the reporting of fraud and abuse activities as required in Section 2.30.13, Reporting Requirements.
- 2.20.3.6 The CONTRACTOR shall have provisions in its Compliance Plan regarding conducting monthly comparison of their provider files, including atypical providers, against either the Medicare Exclusion Database (the MED) or the HHS-OIG List of Excluded Individuals/Entities (LEIE) and provide a report of the result of comparison to TENNCARE each month. The CONTRACTOR must establish an electronic database to capture identifiable information on the owners, agents and managing employees listed on providers' Disclosure forms.
- 2.20.3.7 The CONTRACTOR shall have provisions in its Compliance Plan regarding performing a monthly check for exclusions of their owners, agents and managing employees. The CONTRACTOR shall establish an electronic database to capture identifiable information on its owners, agents and managing employees and perform monthly exclusion checking. The CONTRACTOR shall provide the State Agency with such database and a monthly report of the exclusion check.

Amendment Number 24 (cont.)

2.20.3.8 The CONTRACTOR shall have provisions in its Compliance Plan regarding prompt terminations of inactive providers due to inactivity in the past 12 months.

25. Section 2.21.4.1.3 through 2.21.4.1.3.3 shall be deleted and replaced as follows:

2.21.4.1.3 If the probable existence of TPL has been established at the time the claim is filed, the CONTRACTOR may reject the claim and return it to the provider for a determination of the amount of any TPL, unless the claim is for services described in TennCare policy, including the State Medicaid Manual, Section 3904.4.

26. The opening paragraph in Section 2.21.9 through Section 2.21.9.5.5 shall be deleted and replaced as follows:

2.21.9 Ownership and Financial Disclosure

2.21.9.1 The CONTRACTOR shall disclose, to TENNCARE, the Comptroller General of the United States or CMS, full and complete information regarding ownership, financial transactions and persons convicted of criminal activity related to Medicare, Medicaid, or the federal Title XX programs in the time and manner set forth in accordance with federal and state requirements, including 42 CFR §55.104 and Public Chapter 379 of the Acts of 1999.

2.21.9.2 The CONTRACTOR and its subcontractors shall collect the disclosure of health care-related criminal conviction information as required by 42 CFR§ 455.106 and establish policies and procedures to ensure that applicable criminal convictions are reported timely to the State. The CONTRACTOR shall screen their employees and contractors initially and on an ongoing monthly basis to determine whether any of them has been excluded from participation in Medicare, Medicaid, SCHIP, or any Federal health care programs (as defined in Section 1128B(f) of the Social Security Act) and not employ or contract with an individual or entity that has been excluded. The results of said screenings shall be provided to TENNCARE on a monthly basis. The word “contractors” in this section shall refer to all individuals listed on the disclosure form including providers and non-providers such as board members, owners, agents, managing employees, etc.

2.21.9.3 The CONTRACTOR and its subcontractors shall agree to disclose business transaction information upon request and as otherwise specified in federal and state regulations.

2.21.9.4 Disclosures shall be made in accordance with the requirements in Section 2.30.15.2.2. The following information shall be disclosed:

2.21.9.4.1 The name and address of each person with an ownership or control interest in the disclosing entity or in any provider, subcontractor or fiscal agent in which the disclosing entity has direct or indirect ownership of five percent (5%) or more and whether any of the persons named pursuant to this requirement is related to another as spouse, parent, child, or sibling. This disclosure shall include the name of any other disclosing entity in which a person with an ownership or control interest in the disclosing entity also has an ownership or control interest;

2.21.9.4.2 The identity of any provider or subcontractor with whom the CONTRACTOR has had significant business transactions, defined as those totaling more than twenty-five thousand dollars (\$25,000) during the twelve (12) month period ending on the date of the disclosure,

Amendment Number 24 (cont.)

and any significant business transactions between the CONTRACTOR, any wholly owned supplier, or between the CONTRACTOR and any provider or subcontractor, during the five (5) year period ending on the date of the disclosure;

- 2.21.9.4.3 The identity of any person who has an ownership or control interest in the CONTRACTOR, or is an agent or managing employee of the CONTRACTOR and who has been convicted of a criminal offense related to that person's involvement in any program under Medicare, Medicaid, or the federal Title XX services program since the inception of those programs;
- 2.21.9.4.4 Disclosure from officials in legislative and executive branches of government as to possible conflicts of interest;
- 2.21.9.4.5 If the CONTRACTOR is not a federally qualified HMO, the CONTRACTOR shall disclose certain transactions with parties in interest to TENNCARE. Transactions shall be reported according to the following guidelines:
 - 2.21.9.4.5.1 The CONTRACTOR shall disclose the following transactions:
 - 2.21.9.4.5.1.1 Any sale, exchange or lease of any property between the HMO and a party in interest;
 - 2.21.9.4.5.1.2 Any lending of money or other extension of credit between the HMO and a party in interest; and
 - 2.21.9.4.5.1.3 Any furnishing for consideration of goods, services (including management services) or facilities between the HMO and the party in interest. This does not include salaries paid to employees for services provided in the normal course of their employment.
 - 2.21.9.4.5.2 The information which shall be disclosed in the transactions includes:
 - 2.21.9.4.5.2.1 The name of the party in interest for each transaction;
 - 2.21.9.4.5.2.2 A description of each transaction and the quantity or units involved;
 - 2.21.9.4.5.2.3 The accrued dollar value of each transaction during the fiscal year; and
 - 2.21.9.4.5.2.4 Justification of the reasonableness of each transaction.
 - 2.21.9.4.5.3 If the Agreement is being renewed or extended, the CONTRACTOR shall disclose information on business transactions which occurred during the prior contract period. If the Agreement is an initial Agreement with TENNCARE, but the CONTRACTOR has operated previously in the commercial or Medicare markets, information on business transactions for the entire year preceding the initial contract period shall be disclosed. The business transactions which shall be reported are not limited to transactions related to serving the Medicaid/TennCare enrollment. All of the CONTRACTOR's business transactions shall be reported.
 - 2.21.9.4.5.4 A party in interest is:
 - 2.21.9.4.5.4.1 Any director, officer, partner, or employee responsible for management or administration of an HMO and HIO; any person who is directly or indirectly the beneficial owner of more than five percent (5%) of the equity of the HMO; any person who is the beneficial

Amendment Number 24 (cont.)

owner of a mortgage, deed of trust, note, or other interest secured by, and valuing more than five percent (5%) of the HMO; or, in the case of an HMO organized as a nonprofit corporation, an incorporator or member of such corporation under applicable state corporation law;

- 2.21.9.4.5.4.2 Any organization in which a person described in subsection 1 is director, officer or partner; has directly or indirectly a beneficial interest of more than five percent (5%) of the equity of the HMO; or has a mortgage, deed of trust, note, or other interest valuing more than five percent (5%) of the assets of the HMO;
- 2.21.9.4.5.4.3 Any person directly or indirectly controlling, controlled by, or under common control with an HMO; or
- 2.21.9.4.5.4.4 Any spouse, child, or parent of an individual described in Sections 2.21.9.5.4.1, 2.21.9.5.4.2, or 2.21.9.5.4.3.
- 2.21.9.4.5.5 TENNCARE and/or the Secretary of Health and Human Services may request information to be in the form of a consolidated financial statement.

27. Section 2.24.2.1 shall be deleted and replaced as follows:

- 2.24.2.1 The CONTRACTOR's behavioral health advisory committee shall be comprised of at least fifty-one percent (51%) consumer and family representatives, of which the majority shall include individuals and/or families of those who may meet the clinical criteria of a priority enrollee.

28. Sections 2.28.2 and 2.28.7 shall be deleted and replaced as follows:

- 2.28.2 In order to demonstrate compliance with federal and state regulations of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975 and the Omnibus Budget Reconciliation Act of 1981 (P.L. 97-35), the Church Amendments (42 U.S.C. 300a-7), Section 245 of the Public Health Service Act (42 U.S.C. 238n.), and the Weldon Amendment (Consolidated Appropriations Act 2008, Public Law 110-161, Div. G, Sec. 508 (d), 121 Stat. 1844, 2209), the CONTRACTOR shall designate a staff person to be responsible for non-discrimination compliance as required in Section 2.29.1. This person shall develop a CONTRACTOR non-discrimination compliance training plan. This person shall provide instruction to all CONTRACTOR staff, providers and direct service subcontractors regarding the CONTRACTOR's non-discrimination policies and procedures and all applicable non-discrimination compliance requirements of the plan. The CONTRACTOR shall be able to show documented proof of such instruction.

Amendment Number 24 (cont.)

2.28.7 The CONTRACTOR shall track and investigate all complaints alleging discrimination filed by employees, enrollees, providers and subcontractors related to the provision of and/or access to TennCare covered services provided by the CONTRACTOR. The CONTRACTOR shall track and investigate all complaints alleging discrimination filed by employees (when the complaint is related to the TennCare program), enrollees, providers and subcontractors in which discrimination is alleged in the CONTRACTOR's TennCare MCO. The CONTRACTOR shall track, at a minimum, the following elements: identity of the party filing the complaint; the complainant's relationship to the CONTRACTOR; the circumstances of the complaint; date complaint filed; CONTRACTOR's resolution, date of resolution; and name of CONTRACTOR staff person responsible for adjudication of the complaint.

29. Section 2.30.4.2 shall be deleted and replaced as follows:

2.30.4.2 The CONTRACTOR shall submit a quarterly *Post-Discharge Services Report* that provides information on Post-Discharge services appointments. The minimum data elements required are identified in Attachment IX, Exhibit B.

30. Section 2.30.4.3 and Sections 2.30.4.5 through 2.30.4.8 shall be deleted in their entirety and the remaining Sections of 2.30.4 shall be renumbered accordingly including any references thereto.

31. Sections 2.30.5.1 and 2.30.5.2 shall be deleted and replaced as follows:

2.30.5.1 The CONTRACTOR shall submit a quarterly Disease Management Update Report that includes, for each disease management program (see Section 2.8), a brief narrative description of the program, the total number of members in the program, the total number of members enrolled and disenrolled during the quarter, and a description of the specific provider and member interventions performed during the quarter. The report shall include the number of pregnant women identified as tobacco users who were actively referred to the Tennessee Tobacco Quitline and their referral status and other interventions around smoking cessation performed during the quarter. The report shall include a chart and narrative for CHOICES members in DM to include the total number of members receiving DM interventions, by DM condition; the total number of CHOICES members starting and terminating DM interventions during the quarter, a description of any specific provider and member interventions that were new during the quarter, the number of member and provider activities/interventions, and a written analysis of data provided.

2.30.5.2 The CONTRACTOR shall submit on July 1 an annual *Disease Management Report* that includes, for each disease management programs, a narrative description of the eligibility criteria and the method used to identify and enroll eligible members, the passive participation rate as defined by NCQA (the percentage of identified eligible members who have received an intervention divided by the total population who meet the criteria for eligibility), the total number of active members having one or more of the diagnosis codes (ICD-9 Codes) relating to each of the disease management programs, a description of stratification levels for each DM program including member criteria and associated interventions, a discussion of barriers and challenges to include resources, program structure, member involvement and provider participation, a summary of member satisfaction with the DM program, a written analysis of the data presented, a description of proposed changes to program, and information on the programs' activities, benchmarks and goals as described in Section 2.8.7 including the number of pregnant women identified as tobacco users who were actively referred to the

Amendment Number 24 (cont.)

Tennessee Tobacco Quitline and their referral status. The report shall include a separate chart(s) and narrative for CHOICES members in DM to include a narrative description of the eligibility criteria and the method used to identify and enroll eligible CHOICES members, a description of stratification levels based on the setting in which the member resides; total number of CHOICES members identified as having a DM condition, total number of members receiving DM activities/interventions, and the number of CHOICES members by level of stratification; a discussion of barriers and challenges to include resources, program structure, member involvement, and provider participation along with a description of proposed changes.

32. Section 2.30.7.8 shall be deleted in its entirety.

33. Section 2.30.12.4 shall be deleted and replaced as follows:

2.30.12.4 The CONTRACTOR shall submit an annual *Provider Satisfaction Survey Report* that encompasses behavioral and physical health as well as a *CHOICES Provider Satisfaction Survey Report* that addresses results for CHOICES long-term care providers. The report shall summarize the provider survey methods and findings for each of the three groups and must provide an analysis of opportunities for improvement (see Section 2.18.7.4 and 2.18.7.5) in addition to CHOICES items specified in the protocols provided by TENNCARE. The reports shall be submitted by July 1 each year.

34. Sections 2.30.14.1, 2.30.14.5 and 2.30.14.6 shall be deleted and replaced as follows:

2.30.14.1 The CONTRACTOR shall submit a quarterly Fraud and Abuse Activities Report. This report shall summarize the results of its fraud and abuse compliance plan (see Section 2.20) and other fraud and abuse prevention, detection, reporting, and investigation measures. The report shall be submitted in the format reviewed and approved by TENNCARE (as part of the CONTRACTOR's compliance plan).

2.30.14.5 The CONTRACTOR shall submit a monthly Program Integrity Exception List report that identifies employees or contractors (as defined in Section 2.21.9) that have been reported on the HHS-OIG LEIE (List of Excluded Individuals/Entities) (http://oig.hhs.gov/fraud/exclusions/exclusions_list.asp), the CMS MED (Medicare Exclusion Database), and/or the listing of Monthly Disciplinary Actions issued by the Professional Health Board.

2.30.14.6 The CONTRACTOR shall submit a monthly List of Involuntary Terminations Report (including providers termed due to sanctions, invalid licenses, services and billing concerns, etc.) due to program integrity concerns to TENNCARE.

35. Section 2.30.15.2.2 shall be deleted and replaced as follows:

2.30.15.2.2 The CONTRACTOR shall submit an annual *Ownership and Financial Disclosure Report* (<http://www.tn.gov/tenncare/forms/disclosureownership.pdf>) to TENNCARE. This report shall include full and complete information regarding ownership, financial transactions and persons as described in Section 2.21.9 and shall be submitted March 1 of each calendar year and at other times as required by TENNCARE.

36. Section 2.30.21.2 shall be deleted and replaced as follows:

2.30.21.2 The CONTRACTOR shall submit an annual *Summary Listing of Servicing Providers*. The listing shall include, at a minimum, provider name, address, race or ethnic origin, language spoken other than English and shall be sorted by provider type (e.g., pediatrician, surgeon, etc.). The CONTRACTOR shall use the following race or ethnic origin categories: American Indian or Alaskan Native, Asian or Pacific Islander, Hispanic origin and other race/ethnic origin as indicated by TENNCARE.

37. Section 2.30.21.4.2 shall be deleted and replaced as follows:

2.30.21.4.2 A listing of all complaints filed by employees, members, providers and subcontractors in which discrimination is alleged related to the provision of and/or access to TennCare covered services provided by the CONTRACTOR. Such listing shall include, at a minimum, the identity of the party filing the complaint, the complainant's relationship to the CONTRACTOR, the circumstances of the complaint, date complaint filed, the CONTRACTOR's resolution, date of resolution, and the name of the CONTRACTOR staff person responsible for adjudication of the complaint; and

38. Section 4.3 shall be amended by adding a new Section 4.3.46 as follows:

4.3.46 Patient Protection and Affordable Care Act (PPACA).

39. Item A.9 of Section 5.20.2.2.7 shall be deleted and replaced as follows:

A.9	Failure to provide continuation or restoration of services where enrollee was receiving the service as required by TENNCARE rules or regulations, applicable state or federal law, and all court orders and consent decrees governing appeal procedures as they become effective	An amount sufficient to at least offset any savings the CONTRACTOR achieved by withholding the services and promptly reimbursing the enrollee for any costs incurred for obtaining the services at the enrollee's expense \$500 per day for each calendar day the CONTRACTOR fails to provide continuation or restoration of services as required by TENNCARE or approved by the CONTRACTOR
-----	--	--

40. Items B.23 and B.22 of Section 5.20.2.2.7 shall be deleted in their entirety.

41. The paragraph regarding "Supported Housing" in Attachment I shall be deleted and replaced as follows:

Supported Housing

Supported housing services refers to services rendered at facilities that are staffed twenty-four (24) hours per day, seven (7) days a week with associated mental health staff supports for individuals who require treatment services and supports in a highly structured setting. These mental health services are for priority enrollees and are intended to prepare individuals for more independent living in the community while providing an environment that allows individuals to live in community settings. Given this goal, every effort should be made to place individuals in facilities near their families and other support systems and original areas of residence. Supported housing services are mental health services and do not include the payment of room and board.

42. Attachment III shall be deleted and replaced as follows:

**ATTACHMENT III
GENERAL ACCESS STANDARDS**

In general, contractors shall provide available, accessible, and adequate numbers of institutional facilities, service locations, service sites, professional, allied, and paramedical personnel for the provision of covered services, including all emergency services, on a 24-hour-a-day, 7-day-a-week basis. At a minimum, this shall include:

- Primary Care Physician or Extender:
 - (a) Distance/Time Rural: 30 miles or 30 minutes
 - (b) Distance/Time Urban: 20 miles or 30 minutes
 - (c) Patient Load: 2,500 or less for physician; one-half this for a physician extender.
 - (d) Appointment/Waiting Times: Usual and customary practice (see definition below), not to exceed 3 weeks from date of a patient's request for regular appointments and 48 hours for urgent care. Waiting times shall not exceed 45 minutes.
 - (e) Documentation/Tracking requirements:
 - + Documentation - Plans must have a system in place to document appointment scheduling times.
 - + Tracking - Plans must have a system in place to document the exchange of member information if a provider, other than the primary care provider (i.e., school-based clinic or health department clinic), provides health care.
- Specialty Care and Emergency Care: Referral appointments to specialists (e.g., specialty physician services, hospice care, home health care, substance abuse treatment, rehabilitation services, etc.) shall not exceed 30 days for routine care or 48 hours for urgent care. All emergency care is immediate, at the nearest facility available, regardless of contract. Waiting times shall not exceed 45 minutes.
- Hospitals
 - (a) Transport time will be the usual and customary, not to exceed 30 minutes, except in rural areas where access time may be greater. If greater, the standard needs to be the community standard for accessing care, and exceptions must be justified and documented to the State on the basis of community standards.
- Long-Term Care Services:

Transport distance to licensed Adult Day Care providers will be the usual and customary not to exceed 20 miles for TennCare enrollees in urban areas, not to exceed 30 miles for

Amendment Number 24 (cont.)

TennCare enrollees in suburban areas and not to exceed 60 miles for TennCare enrollees in rural areas except where community standards and documentation shall apply.

- General Optometry Services:
 - (a) Transport time will be the usual and customary, not to exceed 30 minutes, except in rural areas where community standards and documentation shall apply.
 - (b) Appointment/Waiting Times: Usual and customary not to exceed 3 weeks for regular appointments and 48 hours for urgent care. Waiting times shall not exceed 45 minutes.
- Lab and X-Ray Services:
 - (a) Transport time will be the usual and customary, not to exceed 30 minutes, except in rural areas where community access standards and documentation will apply.
 - (b) Appointment/Waiting Times: Usual and customary not to exceed 3 weeks for regular appointments and 48 hours for urgent care. Waiting times shall not exceed 45 minutes.
- All other services not specified here shall meet the usual and customary standards for the community.

43. Attachment VII shall be amended by deleting and replacing the following Performance Measures as described below:

	Initial appointment timeliness for behavioral health services	Behavioral Health Appointment Timeliness Report	85% of all initial appointments for behavioral health services for outpatient mental health services (MD and Non-MD) and outpatient substance abuse services shall meet the access and availability standards indicated in Attachment III and V	Average time between the intake assessment appointment and the member's next appointment scheduled or admission by type of service	Quarterly	\$2,000 for each service type for which less than 85% of all initial appointments for the specified provider types meet the access and availability standards indicated in Attachment III and V
	TENNderCare Screening	MCO encounter data	TENNderCare screening ratio, 80%	The EPSDT screening ratio, calculated by TENNCARE utilizing MCO encounter data submissions in accordance with specifications for the CMS-416 report	Annually	\$5,000 for each full percentage point TENNderCare screening ratio is below 80%

Amendment Number 24 (cont.)

Length of time between psychiatric hospital/RTF discharge and first subsequent mental health service that qualifies as a post-discharge service as defined in Attachment IX, Exhibit B	Post-Discharge Services Report	<p>Discharged members receive a service that qualifies as a post-discharge service as defined in Attachment IX, Exhibit B within seven (7) calendar days of discharge. The standard (benchmark) for compliance will be phased in, according to the following schedule:</p> <table border="1" data-bbox="500 533 902 695"> <thead> <tr> <th>Year (Data reporting Period)</th> <th>Benchmark</th> </tr> </thead> <tbody> <tr> <td>January – December 2011</td> <td>50%</td> </tr> <tr> <td>January – December 2012</td> <td>53%</td> </tr> <tr> <td>January – December 2013</td> <td>56%</td> </tr> <tr> <td>January – December 2014</td> <td>59%</td> </tr> <tr> <td>January - June 2015</td> <td>60%</td> </tr> </tbody> </table>	Year (Data reporting Period)	Benchmark	January – December 2011	50%	January – December 2012	53%	January – December 2013	56%	January – December 2014	59%	January - June 2015	60%	<p>(1) Number of members discharged by length of time between discharge and first service that qualifies as a post-discharge service as defined in Attachment IX, Exhibit B, determined for each month</p> <p>(2) Average length of time between hospital discharge and first service that qualifies as a post-discharge service as defined in Attachment IX, Exhibit B, determined for each month</p>	Quarterly	\$3,000 for each quarter determined to not be in compliance
Year (Data reporting Period)	Benchmark																
January – December 2011	50%																
January – December 2012	53%																
January – December 2013	56%																
January – December 2014	59%																
January - June 2015	60%																

44. Attachment VII shall be amended by deleting the performance measures based on the “Percentage of priority members who receive a behavioral health service”, the “Increase in utilization of supported employment” and the “Annual consumer satisfaction survey administered by TDMHDD”.
45. Attachment IX shall be amended by deleting and replacing Exhibits A through D as follows:

**ATTACHMENT IX, EXHIBIT A
PSYCHIATRIC HOSPITAL/RTF READMISSION REPORT**

The *Psychiatric Hospital/RTF Readmission Report* required in Section 2.30.4.1 shall include, at a minimum, the following data elements:

1. Readmission rates by age group (under 18 and 18 and over) for
 - a.) Seven (7) days
 - b.) Thirty (30) days
2. Data Analysis
3. Action plan/follow-up

ATTACHMENT IX, EXHIBIT B
POST-DISCHARGE SERVICES REPORT

The *Post-Discharge Services Report* required in Section 2.30.4.2 shall include, at a minimum, the following data elements:

1. MCO ID number
2. Number and percentage of compliance for kept appointments that occur within seven (7) calendar days of the date of discharge from psychiatric inpatient or residential treatment facility. Appointments that meet compliance include the following:
 - A. Intake
 - B. Non Urgent Services:
 - 1) MD Services (Medication Management, Psychiatric Evaluation)
 - 2) Non MD Services (Psycho- Therapy)
 - 3) Substance Abuse (SA) (SA IOP, SA therapy)
 - 4) Psychosocial Rehabilitation (Psych Rehab, Supportive Employment, Supported Housing, Illness Management and Recovery, Peer Support)
 - 5) Mental Health Case Management
 - C. Urgent Services:
 - 1) MD Services
 - 2) Non MD Services
- 3) Substance Abuse (SA IOP) or Detoxification

**ATTACHMENT IX, EXHIBIT C
BEHAVIORAL HEALTH CRISIS RESPONSE REPORT**

The Behavioral Health Crisis Response Report required in Section 2.30.4.3 shall include, at a minimum, the following data elements:

Date:
Agency Name
Total Telephone Contacts
Total Face-to-Face Contacts
Total Face-to-Face Contacts by Payor
Face-to-Face Payor Source: TennCare
Face-to-Face Payor Source: Medicare
Face-to-Face Payor Source: Commercial
Face-to-Face Payor Source: None
Total Face-to-Face Contacts by Location
Face-to-Face Location: Onsite at CMHA
Face-to-Face Location: ER
Face-to-Face Location: Jail
Face-to-Face Location: Other Offsite
Total Face-to-Face Contacts by Disposition
Disposition: Total Admitted to RMHI (acute)
Disposition: Total Admitted to Other Inpt (acute) Includes Dual Dx
GRAND TOTAL PSYCHIATRIC ADMISSIONS
Disposition: Admitted to Crisis Stabilization Unit
Disposition: Admitted to Medically Monitored Detox
Disposition: Referred to Lower Level OP Care
Disposition: Referred to Respite Services
Disposition: Referred to Other Services
Disposition: Assessed / No Need for Referral
Disposition: Consumers Refusing Referral
Total Number of Face-to-Face Contacts for C&A <18 yrs of age
Total Number of Face-to-Face Contacts for C&A 18 to <21 yrs of age
Total Number of Face-to-Face Contacts for Adults 21 yrs and older
Total Number of Behavioral Health Providers notified of Crisis (only if consumer has a provider)
Average Time of Arrival in Minutes
Barriers to Diversion: No Psychiatric Respite Accessible
Barriers to Diversion: No SA/Dual Respite Accessible
Barriers to Diversion: Consumer/Guardian Refused Respite
Barriers to Diversion: 6-404 Signed Prior to Assessment (when consumer could have been diverted if CON not signed)
Barriers to Diversion: Lack of Linkage w/Case Mgr (only if consumer has a CM)
Barriers to Diversion: Refused Referral to CSU
Barriers to Diversion: Other (only for inappropriate admissions and barrier does not fit in any other category)
Total number of successful follow-ups.
Total number of individuals reporting that crisis services were helpful during successful follow-up.

**ATTACHMENT IX, EXHIBIT D
INITIAL APPOINTMENT TIMELINESS FOR BEHAVIORAL HEALTH SERVICES REPORT**

The *Initial Appointment Timeliness for Behavioral Health Services Report* required in Section 2.30.7.5 shall include, at a minimum, the following data elements:

1. MD Services (Psychiatry):
 - a.) Reporting percentage meeting availability standard in ATTACHMENT III: GENERAL ACCESS STANDARDS, by age group (under 18 and 18 and over)
 - b.) Reporting average time between intake and initial MD service appointment by age group (under 18 and 18 and over)

2. Outpatient Non-MD Services:
 - a.) Reporting percentage meeting availability standard *in* ATTACHMENT V: ACCESS & AVAILABILITY FOR BEHAVIORAL HEALTH SERVICES, by age group (under 18 and 18 and over)
 - b.) Reporting average time between intake and initial non-MD outpatient service appointment by age group (under 18 and 18 and over)

Note: Outpatient services include: Psychosocial Rehabilitation (Psych Rehab, Supportive Employment, Supported Housing, Illness Management and Recovery, Peer Support) Mental Health Case Management, Outpatient Psychotherapy (including intensive outpatient, family/marital therapy, individual and group)

3. Outpatient Substance Abuse Treatment Services (non-Detox)
 - a.) Reporting percentage meeting availability standard in ATTACHMENT V: ACCESS & AVAILABILITY FOR BEHAVIORAL HEALTH SERVICES, by age group (under 18 and 18 and over)
 - b.) Reporting average time between intake and initial Outpatient Substance Abuse Treatment Services (non-Detox) appointment by age group (under 18 and 18 and over)

4. Data Analysis

5. Action plan/follow-up+

Amendment Number 24 (cont.)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective January 1, 2011.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 23

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as specified below.

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 2.7.2.8.1.5 shall be deleted and replaced as follows:

2.7.2.8.1.5 The CONTRACTOR shall ensure that Tennessee's statutory requirement for a face-to-face evaluation by a mandatory pre-screening agent (MPA), is conducted to assess eligibility for emergency involuntary admission to an RMHI (Regional Mental Health Institute) and determine whether all available less drastic alternatives services and supports are unsuitable.

2. Section 2.11.5.1 shall be deleted and replaced as follows:

2.11.5.1 At the direction of the State, the CONTRACTOR shall divert new admissions to other inpatient facilities as appropriate, utilizing the Regional Mental Health Institutes only when no other option is available.

3. Section 2.11.8.1 shall be amended by adding a new Section 2.11.8.1.3 which shall read as follows:

2.11.8.1.3 The CONTRACTOR shall notify TENNCARE when the CONTRACTOR denies a provider credentialing application for program integrity-related reasons or otherwise limits the ability of providers to participate in the program for program integrity reasons.

4. Section 2.11.8.2 shall be amended by adding a new Section 2.11.8.2.3 which shall read as follows:

2.11.8.2.3 The CONTRACTOR shall notify TENNCARE when the CONTRACTOR denies a provider credentialing application for program integrity-related reasons or otherwise limits the ability of providers to participate in the program for program integrity reasons.

5. Section 2.12 shall be amended by adding a new Section 2.12.16 which shall read as follows:

2.12.16 The CONTRACTOR shall comply with the Annual Coverage Assessment Act of 2010, (T.C.A. 71-5-1003 *et seq.*, 71-5-1005 *et seq.*).

2.12.16.1 The CONTRACTOR shall be prohibited from implementing across the board rate reductions to covered or excluded contract hospitals or physicians either by category or type of provider. These requirements shall also apply to services or settings of care that are ancillary to a covered or excluded hospital, including a wholly owned subsidiary or controlled affiliate of a covered or excluded hospital or hospital system, holds more than a fifty percent (50%) controlling interest in such ancillary services or settings of care, but shall not apply to any other ancillary services or settings of care. For purposes of this Section, covered or excluded contract hospitals or physicians shall be those as defined by the Annual Coverage Assessment Act of 2010.

2.12.16.2 For across the board rate reductions to ancillary services or settings of care, the CONTRACTOR shall provide appropriate notice.

2.12.16.3 For purposes of this requirement, services or settings of care that are “ancillary” shall mean, but not be limited to, ambulatory surgical facilities, outpatient treatment clinics or imaging centers, dialysis centers, home health and related services, home infusion therapy services, outpatient rehabilitation or skilled nursing services. Further, for purposes of this requirement, “physician” includes a physician licensed under title 63, chapter 6 and chapter 9 and a group practice of physicians that hold a contract the CONTRACTOR.

6. Section 2.20.2.1 and 2.20.2.3 shall be deleted and replaced as follows:

2.20.2.1 The CONTRACTOR shall cooperate with all appropriate state and federal agencies, including TBI MFCU and/or OIG, in investigating fraud and abuse. In addition, the CONTRACTOR shall fully comply with the TCA 71-5-2601 and 71-5-2603 in performance of its obligations under this Agreement. The CONTRACTOR shall report all confirmed or suspected fraud and abuse to TENNCARE and the appropriate agency as follows:

2.20.2.3 Pursuant to TCA 71-5-2603(c) the CONTRACTOR shall be subject to a civil penalty, to be imposed by the OIG, for willful failure to report fraud and abuse by recipients, enrollees, applicants, or providers to TENNCARE and OIG or TBI MFCU, as appropriate.

7. Section 2.20.2 shall be amended by adding a new Section 2.20.2.10 and renumbering the remaining subsections accordingly, including any references thereto. The new Section 2.20.2.10 shall read as follows:

2.20.2.10 The CONTRACTOR shall notify TENNCARE when the CONTRACTOR denies a provider credentialing application for program integrity-related reasons or otherwise limits the ability of providers to participate in the program for program integrity reasons.

8. **The opening paragraph in Section 2.21.9 shall be amended by adding a new third sentence so that the opening paragraph of Section 2.21.9 shall read as follows:**

2.21.9 Ownership and Financial Disclosure

The CONTRACTOR shall disclose, to TENNCARE, the Comptroller General of the United States or CMS, full and complete information regarding ownership, financial transactions and persons convicted of criminal activity related to Medicare, Medicaid, or the federal Title XX programs in accordance with federal and state requirements, including Public Chapter 379 of the Acts of 1999. The CONTRACTOR shall screen their employees and contractors initially and on an ongoing monthly basis to determine whether any of them has been excluded from participation in Medicare, Medicaid, SCHIP, or any Federal health care programs (as defined in Section 1128B(f) of the Social Security Act) and not employ or contract with an individual or entity that has been excluded. The word “contractors” in this section shall refer to all individuals listed on the disclosure form including providers and non-providers such as board members, etc. This disclosure shall be made in accordance with the requirements in Section 2.30.15.3.2. The following information shall be disclosed:

9. **Section 2.22.6.4.14 shall be deleted in its entirety and the remaining subsections shall be renumbered as appropriate, including all references thereto.**
10. **Section 2.26.7 shall be amended by deleting the reference to Section 2.25.9 and replacing it with the reference to Section 2.25.11.**
11. **Section 2.26.12.1 shall be amended by adding the words “durable medical equipment” and shall read as follows:**

2.26.12.1 All claims for services furnished to a TennCare enrollee filed with a CONTRACTOR shall be processed by either the CONTRACTOR or by one (1) subcontractor retained by the organization for the purpose of processing claims. However, another entity can process claims related to behavioral health, vision, lab, durable medical equipment or transportation if that entity has been retained by the CONTRACTOR to arrange and provide for the delivery of said services. However, all claims processed by any subcontractor shall be maintained and submitted by the CONTRACTOR.

12. **Sections 2.30.7.6 and 2.30.7.7 shall be deleted in their entirety and the remaining subsections shall be renumbered as appropriate, including all references thereto.**
13. **Section 2.30.10.5 shall be deleted and replaced as follows:**

2.30.10.5 The CONTRACTOR shall submit a monthly *CHOICES Utilization Report*. The report shall be submitted on a monthly basis with a one (1) month lag period (e.g., March information sent in the May report) and shall include a summary overview that includes the number of CHOICES member who have not received any long-term care services within thirty (30) to fifty-nine (59) days, within sixty (60) to eighty-nine (89) days, or in ninety (90) days or more. The report shall also include detailed member data for members who have not received services in the last thirty (30) days, including the member’s name, social security number, CHOICES group, and CHOICES enrollment date; date of last long-term care service; length of time without long-term care services; whether and when long-term care services will

Amendment Number 23 (cont.)

resume; and the reason/explanation why the member has not received long-term care services.

14. Section 2.30.14 shall be amended by adding new Sections 2.30.14.4 through 2.30.14.7 as follows:

2.30.14 Fraud and Abuse Reports

- 2.30.14.1 The CONTRACTOR shall submit an annual *Fraud and Abuse Activities Report*. This report shall summarize the results of its fraud and abuse compliance plan (see Section 2.20) and other fraud and abuse prevention, detection, reporting, and investigation measures, and should cover results for the fiscal year ending June 30. The report shall be submitted by September 30 of each year in the format reviewed and approved by TENNCARE (as part of the CONTRACTOR's compliance plan).
- 2.30.14.2 The CONTRACTOR shall submit an annual fraud and abuse compliance plan (see Section 2.20.3 of this Agreement).
- 2.30.14.3 On an annual basis the CONTRACTOR shall submit its policies for employees, contractors, and agents that comply with Section 1902(a)(68) of the Social Security Act. These policies shall be submitted by July 1 of each year.
- 2.30.14.4 The CONTRACTOR shall submit an annual *Risk Assessment Report* providing results of an annual risk assessment of the CONTRACTOR's various fraud and abuse/program integrity processes. The reports shall also be submitted on an 'as needed' basis and immediately after an adverse action, including financial-related actions (such as overpayment recoupment and fines), is issued on a provider with concerns of fraud and abuse. The CONTRACTOR shall inform TENNCARE of such action and provide details of such financial action.
- 2.30.14.5 The CONTRACTOR shall submit a quarterly *Program Integrity Exception List report* that identifies employees or contractors (as defined in Section 2.21.9) that have been reported on the HHS-OIG LEIE (List of Excluded Individuals/Entities), the CMS MED (Medicare Exclusion Database), and/or the listing of Monthly Disciplinary Actions issued by the Professional Health Board. This quarterly report shall be submitted no later than the fifteenth (15th) of the month following the end of the quarter that is being reported.
- 2.30.14.6 The CONTRACTOR shall submit a monthly *List of Involuntary Terminations Report* (including providers termed due to sanctions, invalid licenses, etc.) due to fraud and abuse concerns to TENNCARE.
- 2.30.14.7 In addition to the appropriate agency as described in Section 2.20.2, the CONTRACTOR shall report all confirmed or suspected fraud and abuse to TENNCARE immediately in accordance with Section 2.20.2.

15. Section 5.3 shall be amended by adding a new Section 5.3.45 which shall read as follows:

5.3.45 TCA 71-5-1003 *et seq.*, 71-5-1005 *et seq.*

16. Section 5.20.2.2.7 shall be amended by adding new liquidated damages to Level A of the Liquidated Damages Chart as follows:

A.18	Failure to provide continuity of care consistent with the services in place prior to the member's enrollment in the CONTRACTOR's CHOICES Program for a CHOICES member transferring from another MCO or upon CHOICES implementation in the Grand Region (see Sections 2.9.2 and 2.9.3)	\$500 per day beginning on the next calendar day after default by the CONTRACTOR in addition to the cost of the services not provided
A.19	Failure to complete a comprehensive assessment, develop a plan of care, and authorize and initiate all long-term care services specified in the plan of care for a CHOICES member within specified timelines (see Section 2.9.6)	\$500 per day for each service not initiated timely beginning on the next calendar day after default by the CONTRACTOR in addition to the cost of the services not provided
A.20	Failure to develop a person-centered plan of care for a CHOICES member that includes all of the required elements, and which has been reviewed with and signed by the member or his/her representative, unless the member/representative refuses to sign which shall be documented in writing	\$500 per deficient plan of care

17. Section 5.32.1 shall be amended by deleting “, beliefs” after the word “religion”.

18. Item 4 of the CONTRACTOR requirements of “Mental Health Case Management” Service Delivery in Attachment I shall be deleted and replaced as follows:

- 4) A minimum of fifty-one (51%) of all mental health case management services should take place outside the case manager's office at the most appropriate setting;

Amendment Number 23 (cont.)

19. Attachment III shall be amended by adding the following Section regarding “Long Term Care Services” immediately following the existing Section titled “Lab and X-Ray Services” as follows:

- Long Term Care Services:

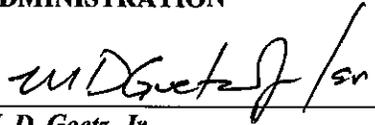

- (a) Transport distance to licensed Adult Day Care providers will be the usual and customary not to exceed 20 miles for TennCare enrollees in urban areas, not to exceed 30 miles for TennCare enrollees in suburban areas and not to exceed 60 miles for TennCare enrollees in rural areas except where community standards and documentation shall apply.

Amendment Number 23 (cont.)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective July 1, 2010.

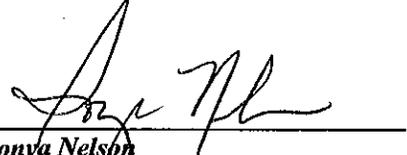

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 22

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-00

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1 shall be deleted and replaced as follows:

SECTION 1 - DEFINITIONS, ACRONYMS, AND ABBREVIATIONS

The terms used in this Agreement shall be given the meaning used in TennCare rules and regulations. However, the following terms when used in this Agreement, shall be construed and/or interpreted as follows, unless the context expressly requires a different construction and/or interpretation. In the event of a conflict in language between these Definitions, Attachments, and other Sections of this Agreement, the specific language in Sections 2 through 5 of this Agreement shall govern.

Administrative Cost – All costs to the CONTRACTOR related to the administration of this Agreement that are non-medical in nature including, but not limited to:

1. Meeting requirements in Sections 2.1 and 2.2;
2. Enrollment and disenrollment in accordance with Sections 2.4 and 2.5;
3. Additional services and use of incentives in Section 2.6.6;
4. Health education and outreach in Section 2.7.4;
5. Meeting requirements for coordination of services specified in Section 2.9, including care coordination for CHOICES members and the CONTRACTOR's electronic visit verification system except as otherwise provided in Section 4.6 but excluding Medical Case Management;
6. Establishing and maintaining a provider network in accordance with the requirements specified in Sections 2.11 and 3, Attachments III, IV and V;
7. Utilization Management as specified in Section 2.14;

8. Quality Management/ Quality Improvement activities as specified in Section 2.15;
9. Production and distribution of Member Materials as specified in Section 2.17;
10. Customer service requirements in Section 2.18;
11. Complaint and appeals processing and resolution in accordance with Section 2.19;
12. Determination of recoveries from third party liability resources in accordance with Section 2.21.4;
13. Claims Processing in accordance with Section 2.22;
14. Maintenance and operation of Information Systems in accordance with Section 2.23;
15. Personnel requirements in Section 2.29;
16. Production and submission of required reports as specified in Section 2.30;
17. Administration of this Agreement in accordance with policies and procedures;
18. All other Administration and Management responsibilities as specified in Attachments II through IX and Sections 2.20, 2.21, 2.24, 2.25, 2.26, 2.27, and 2.28;
19. Premium tax; and
20. All costs related to third party recovery or subrogation activities whether performed by the CONTRACTOR or a subcontractor.

Costs of subcontractors engaged solely to perform a non-medical administrative function for the CONTRACTOR specifically related to securing or fulfilling the CONTRACTOR's obligations to TENNCARE under the terms of this Agreement (e.g., claims processing) are considered to be an "administrative cost".

Adult Protective Services (APS) – An office within the Tennessee Department of Human Services that investigates reports of abuse, neglect (including self-neglect) or financial exploitation of vulnerable adults. APS staff assess the need for protective services and provide services to reduce the identified risk to the adult.

Adverse Action – Any action taken by the CONTRACTOR to deny, reduce, terminate, delay or suspend a covered service as well as any other acts or omissions of the CONTRACTOR which impair the quality, timeliness or availability of such benefits.

Affiliate – Any person, firm, corporation (including, without limitation, service corporation and professional corporation), partnership (including, without limitation, general partnership, limited partnership and limited liability partnership), limited liability company, joint venture, business trust, association or other entity or organization that now or in the future directly or indirectly controls, is controlled by, or is under common control with the CONTRACTOR.

Appeal Procedure – The process to resolve an enrollee’s right to contest verbally or in writing, any adverse action taken by the CONTRACTOR to deny, reduce, terminate, delay, or suspend a covered service as well as any other acts or omissions of the CONTRACTOR which impair the quality, timeliness or availability of such benefits. The appeal procedure shall be governed by TennCare rules and regulations and any and all applicable court orders and consent decrees.

Area Agency on Aging and Disability (AAAD) – The agency designated by the Tennessee Commission on Aging and Disability (TCAD) to develop and administer a comprehensive and coordinated community based system in, or serving, a defined planning and service area.

At-Risk – As it relates to the CHOICES program, SSI eligible adults age sixty-five (65) and older or age twenty-one (21) or older with physical disabilities, who do not meet the established level of care criteria for nursing facility services, but have a lesser number or level of functional deficits in activities of daily living as defined in TennCare rules and regulations, such that, in the absence of the provision of a moderate level of home and community based services, the individual’s condition and/or ability to continue living in the community will likely deteriorate, resulting in the need for more expensive institutional placement.

Back-up Plan – A written plan that is a required component of the plan of care for all members in CHOICES Group 2 or 3 receiving companion care or non-residential HCBS in their own home and which specifies unpaid persons as well as paid consumer-directed workers and/or contract providers (as applicable) who are available, have agreed to serve as back-up, and who will be contacted to deliver needed care in situations when regularly scheduled HCBS providers or workers are unavailable or do not arrive as scheduled. A CHOICES member or his/her representative may not elect, as part of the back-up plan, to go without services. The back-up plan shall include the names and telephone numbers of persons and agencies to contact and the services to be provided by each of the listed contacts. The member and his/her representative (as applicable) shall have primary responsibility for the development and implementation of the back-up plan for consumer directed services with assistance from the FEA as needed.

Behavioral Health Assessment – Procedures used to diagnose mental health or substance abuse conditions and determine treatment plans.

Behavioral Health Services – Mental health and/or substance abuse services.

Benefits – The package of health care services, including physical health, behavioral health, and long-term care services, that define the covered services available to TennCare enrollees enrolled in the CONTRACTOR’s MCO pursuant to this Agreement.

Best Practice Guidelines - Guidelines for provision of health and behavioral health services to children in State custody.

Best Practice Network (BPN) - A group of Best Practice Providers.

Best Practice Provider (BPP) - A provider (primary care, behavioral health, or dental) who has been determined by the state to have the interest, commitment, and competence to provide appropriate care for children in State custody, in accordance with the Remedial Plan and statewide Best Practice Guidelines, and who has agreed to be in the MCO network.

Bureau of TennCare – The division of the Tennessee Department of Finance and Administration (the single state Medicaid agency) that administers the TennCare program. For the purposes of this Agreement, Bureau of TennCare shall mean the State of Tennessee and its representatives.

Business Day – Monday through Friday, except for State of Tennessee holidays.

CAHPS (Consumer Assessment of Healthcare Providers and Systems) – A comprehensive and evolving family of surveys that ask consumers and patients to evaluate various aspects of health care.

Care Coordination Team – If an MCO elects to use a care coordination team, the care coordination team shall consist of a care coordinator and specific other persons with relevant expertise and experience who are assigned to support the care coordinator in the performance of care coordination activities for a CHOICES member as specified in this Agreement and in accordance with Section 2.9.6.

Care Coordination Unit – A specific group of staff within the MCO's organization dedicated to CHOICES that is comprised of care coordinators and care coordinator supervisors and which may also include care coordination teams.

Care Coordinator – The individual who has primary responsibility for performance of care coordination activities for a CHOICES member as specified in the Contractor Risk Agreement and meets the qualifications specified in Section 2.9.6 of the Contractor Risk Agreement.

Caregiver – For purposes of CHOICES, a person who is (a) a family member or is unrelated to the member but has a close, personal relationship with the member and (b) routinely involved in providing unpaid support and assistance to the member. A caregiver may be also designated by the member as a representative for CHOICES or for consumer direction of HCBS.

Case Manager - An organization or a provider responsible for supervising or coordinating the provision of initial and primary care to patients; for initiating and/or authorizing referrals for specialty care; and for monitoring the continuity of patient care services.

Carve-out for Children in State Custody - An arrangement that TennCare establishes so that all children in State custody are assigned to one MCO.

CEA – Cost Effective Alternative (see Section 2.6.5 of this Agreement).

Centers of Excellence (COE) for AIDS – Integrated networks designated by the State as able to provide a standardized and coordinated delivery system encompassing a range of services needed by TennCare enrollees with HIV or AIDS.

Centers of Excellence (COE) for Behavioral Health – COEs that provide a limited range of direct services to children in and at risk for State custody (i.e., not just DCS children/youth). These services are to augment the existing service system. Therefore, COEs for Behavioral Health typically only provide services where there is sufficient complexity in the case to warrant the COE for Behavioral Health resources and/or all other means to provide the service in the TennCare network have been exhausted.

Center of Excellence for Children in or at Risk of State Custody - Tertiary care academic medicine center designated by the state as possessing, or being in a position to quickly develop, expertise in pediatrics, child behavioral health issues (including aggression, depression, attachment disorders and sexualized behaviors), and the unique health care needs of children in or at risk of State custody.

CFR – Code of Federal Regulations.

Child Protective Services (CPS)– A program division of the Tennessee Department of Children’s Services whose purpose is to investigate allegations of child abuse and neglect and provide and arrange preventive, supportive, and supplementary services.

Children At Risk of State Custody - Children who are determined to belong in one of the following two groups:

1. Children at imminent risk of entering custody - Children who are at risk of entering State custody as identified pursuant to TCA 37-5-103(10).
2. Children at serious risk of entering custody - Children whom DCS has identified as a result of a CPS referral; or children whose parents or guardians are considering voluntary surrender (who come to the attention of DCS); and who are highly likely to come into custody as a result of being unable to access behavioral health services.

Children with Special Health Needs Steering Panel (CSHN Steering Panel) - An entity comprised of representatives of providers, advocates, the State, the plaintiffs of the court order related to the provision of services to children in State custody, managed care entities, and referral sites whose responsibility will be to guide and assess the development of a health service system for children in State custody, and where appropriate, make recommendations.

CHOICES Group (Group) – One of the three groups of TennCare enrollees who are enrolled in CHOICES. There are three CHOICES groups:

1. Group 1
Medicaid enrollees of all ages who are receiving Medicaid-reimbursed care in a nursing facility. As of the CHOICES implementation date for each Grand Region, the CONTRACTOR shall be responsible for providing all covered services, including nursing facility services, to members who are enrolled in CHOICES Group 1.
2. Group 2
Persons age sixty-five (65) and older and adults age twenty-one (21) and older with physical disabilities who meet the nursing facility level of care, who qualify for TennCare either as SSI recipients or as members of the CHOICES 217-Like HCBS Group, and who need and are receiving HCBS as an alternative to nursing facility care. The CHOICES 217-Like HCBS Group includes persons who could have been eligible under 42 CFR 435.217 had the state continued its 1915(c) HCBS waiver for elders and/or persons with physical disabilities. TENNCARE has the discretion to apply an enrollment target to this group, as described in TennCare rules and regulations. Members in CHOICES Group 2 will not be enrolled in the CONTRACTOR unless and until TENNCARE directs the CONTRACTOR to serve as a back-up health plan in one or more Grand Regions (see, e.g., Section 2.1.4 of this Agreement) and/or enroll members in CHOICES Group 2. As directed by TENNCARE, the CONTRACTOR shall implement all of the requirements in this Agreement that are applicable to CHOICES Group 2.

3. Group 3

Persons age sixty-five (65) and older and adults age twenty-one (21) and older with physical disabilities who qualify for TennCare as SSI recipients, who do not meet the nursing facility level of care, but who, in the absence of HCBS, are “at-risk” for nursing facility care, as defined by the State. TENNCARE has the discretion to apply an enrollment target to this group, as described in TennCare rules and regulations. Group 3 will not be included in CHOICES on the date of CHOICES implementation. TENNCARE intends to include CHOICES Group 3 on January 1, 2011 or when nursing facility level of care requirements are changed. If, at the time CHOICES Group 3 is included, TENNCARE has directed the CONTRACTOR to serve as a back-up health plan in one or more Grand Regions (see, e.g., Section 2.1.4 of this Agreement) and/or enroll members in CHOICES Group 2, TENNCARE will notify the CONTRACTOR at least sixty (60) days prior to the proposed date for including CHOICES Group 3. As of the date specified in that notice, or, if CHOICES Group 3 is included in CHOICES before the CONTRACTOR is directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, as of the date directed by TENNCARE, the CONTRACTOR shall accept members in CHOICES Group 3 and shall implement all of the requirements in this Agreement that are applicable to CHOICES Group 3.

CHOICES Implementation Date – The date, as determined by TENNCARE, when the CONTRACTOR shall begin providing long-term care services to CHOICES members.

CHOICES Member – A member who has been enrolled by TENNCARE into CHOICES.

Clean Claim – A claim received by the CONTRACTOR for adjudication that requires no further information, adjustment, or alteration by the provider of the services in order to be processed and paid by the CONTRACTOR.

Clinical Practice Guidelines – Systematically developed tools or standardized specifications for care to assist practitioners and patient decisions about appropriate care for specific clinical circumstances. Such guidelines are typically developed through a formal process and are based on authoritative sources that include clinical literature and expert consensus.

Clinically Related Group 1: Severely and/or Persistently Mentally Ill (SPMI) – Persons in this group are 18 years or older with a valid DSM-IV-TR (and subsequent revisions) diagnosis excluding substance use disorders, developmental disorders or V-codes. They are recently severely impaired and the duration of their severe impairment totals six months or longer of the past year.

Clinically Related Group 2: Persons with Severe Mental Illness (SMI) – Persons in this group are 18 years or older with a valid DSM-IV-TR (and subsequent revisions) diagnosis excluding substance use disorders, developmental disorders or V-codes. Persons in this group are recently severely impaired and the duration of their severe impairment totals less than six months of the past year.

Clinically Related Group 3: Persons who are Formerly Severely Impaired – Persons in this group are 18 years or older with a valid DSM-IV-TR (and subsequent revisions) diagnosis excluding substance use disorders, developmental disorders or V-codes. Persons in this group are not recently severely impaired but have been severely impaired in the past and need services to prevent relapse.

Clinically Related Group 4: Persons with Mild or Moderate Mental Disorders – Persons in this group are 18 years or older with a valid DSM-IV-TR (and subsequent revisions) diagnosis excluding substance use disorders, developmental disorders or V-codes. Persons in this group are not recently severely impaired and are *either* not formerly severely impaired *or* are formerly severely impaired but do not need services to prevent relapse.

Clinically Related Group 5: Persons who are not in clinically related groups 1-4 as a result of their diagnosis – Persons in this group are 18 years or older diagnosed with DSM-IV-TR (and subsequent revisions) substance use disorders, developmental disorders or V-codes only.

CMS – Centers for Medicare & Medicaid Services.

Community-Based Residential Alternatives to Institutional Care (Community-Based Residential Alternatives) – Residential services that offer a cost-effective, community-based alternative to nursing facility care for persons who are elderly and/or adults with physical disabilities. This includes, but is not limited to, assisted care living facilities, adult care homes, and companion care. As provided in Section 2.6 of this Agreement, community-based residential alternatives shall be available to members in CHOICES Group 2.

Complaint – A written or verbal expression of dissatisfaction from a member about an action taken by the CONTRACTOR or service provider other than an adverse action. The CONTRACTOR shall not treat anything as a complaint that falls within the definition of adverse action.

Confidential Information – Any non-public, confidential or proprietary information, whether written, graphic, oral, electronic, visual or fixed in any tangible medium or expression, which is created under this Agreement. Any such information relating to individuals enrolled in the TennCare program (“TennCare members”), or relating to individuals who may be potentially enrolled in the TennCare program, which is provided to or obtained under this Agreement, shall also be treated as “Confidential Information” to the extent that confidential status is afforded such information under state and federal laws or regulations. All Confidential Information shall not be subject to disclosure under the Tennessee Public Records Act.

Consumer – Except when used regarding consumer direction of HCBS, an individual who uses a mental health or substance abuse service.

Consumer-Directed Worker (Worker) – An individual who has been hired by a member in CHOICES Group 2 or 3 participating in consumer direction of HCBS or his/her representative to provide one or more eligible HCBS to the member. Worker does not include an employee of an agency that is being paid by an MCO to provide HCBS to the member.

Consumer Direction of HCBS – The opportunity for a member in CHOICES Group 2 or 3 assessed to need specified types of HCBS including attendant care, personal care, homemaker, in-home respite, companion care and/or any other service specified in TennCare rules and regulations as available for consumer direction to elect to direct and manage (or to have a representative direct and manage) certain aspects of the provision of such services—primarily, the hiring, firing, and day-to-day supervision of consumer-directed workers delivering the needed service(s).

Contract Provider – A provider that is employed by or has signed a provider agreement with the CONTRACTOR to provide covered services.

Cost Neutrality Cap – The requirement that the cost of providing care to a member in CHOICES Group 2, including HCBS, home health, and private duty nursing, shall not exceed the cost of providing nursing facility services to the member, as determined in accordance with TennCare policy.

Covered Services – See Benefits.

CRG (Clinically Related Group) – Defining and classifying consumers 18 years or older into clinically related groups involves diagnosis, the severity of functional impairment, the duration of severe functional impairment, and the need for services to prevent relapse. Based on these criteria, there are five clinically related groups:

- Group 1 - Persons with Severe and Persistent Mental Illness (SPMI)
- Group 2 - Persons with Severe Mental Illness (SMI)
- Group 3 - Persons who were Formerly Severely Impaired and need services to prevent relapse
- Group 4 - Persons with Mild or Moderate Mental Disorder
- Group 5 - Persons who are not in Clinically Related Groups 1 – 4 as a result of their diagnosis being substance use disorder, developmental disorder, or V-codes

Days – Calendar days unless otherwise specified.

DCS Custody Children - Children who have been identified by DCS as belonging in one of the following groups:

1. Children in the custody of DCS—Children in the legal and physical custody of DCS whose living arrangement is provided by DCS.
2. Children in the legal, but not physical, custody of DCS—Children who are in DCS's legal custody but who reside with parents or guardians or other caretakers.

Dental Benefits Manager (DBM) – An entity responsible for the provision and administration of dental services, as defined by TENNCARE.

DHHS – United States Department of Health and Human Services.

Disenrollment – The removal of an enrollee from participation in the CONTRACTOR's MCO and deletion from the enrollment file furnished by TENNCARE to the CONTRACTOR.

Electronic Visit Verification (EVV) System – An electronic system into which provider staff and consumer-directed workers can check-in at the beginning and check-out at the end of each period of service delivery to monitor receipt of HCBS by members in CHOICES Group 2 or 3 and which may also be utilized for submission of claims.

Eligible – Any person certified by TENNCARE as eligible to receive services and benefits under the TennCare program. As it relates to CHOICES a person is eligible to receive CHOICES benefits only if he/she has been enrolled in CHOICES by TENNCARE.

Eligible HCBS – Attendant care, personal care, homemaker, in-home respite, companion care services and/or any other services specified in TennCare rules and regulations as eligible for consumer direction for which a member in CHOICES Group 2 or 3 is determined to need and elects to direct and manage (or have a representative direct and manage) certain aspects of the provision of such services – primarily the hiring, firing and day-to-day supervision of consumer-directed workers delivering the needed service(s).

Emergency Medical Condition – A physical or behavioral condition manifesting itself by acute symptoms of sufficient severity (including severe pain) that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in the following (1) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy; (2) serious impairment to bodily functions; (3) serious dysfunction of any bodily organ or part.

Emergency Services – Covered inpatient and outpatient services that are as follows: (1) furnished by a provider that is qualified to furnish these services; and (2) needed to evaluate or stabilize an emergency medical condition.

Employer of Record – The member in CHOICES Group 2 or 3 participating in consumer direction of HCBS or a representative designated by the member to assume the consumer direction of HCBS functions on the member's behalf.

Enrollee – A person who has been determined eligible for TennCare and who has been enrolled in the TennCare program (see Member, also).

Enrollee Marketing – Any communication, from the CONTRACTOR to a TennCare enrollee who is not enrolled in the CONTRACTOR's MCO, that can reasonably be interpreted as intended to influence the person to enroll in the CONTRACTOR's MCO, or either to not enroll in, or to disenroll from, another MCO's TennCare product.

Enrollees with Special Health Care Needs – For purposes of requirements in Section 2.9.13 of this Agreement, enrollees with special health care needs shall refer to enrollees who are in the custody of the Department of Children's Services (DCS).

Enrollment – The process by which a TennCare enrollee becomes a member of the CONTRACTOR's MCO.

EPSDT – The Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) service is Medicaid's comprehensive and preventive child health program for individuals under the age of 21. EPSDT was defined by law as part of the Omnibus Budget Reconciliation Act of 1989 (OBRA '89) legislation and includes periodic screening, vision, dental, and hearing services. In addition, Section 1905(r)(5) of the Social Security Act (the Act) requires that any medically necessary health care service listed at Section 1905(a) of the Act be provided to an EPSDT recipient even if the service is not available under the State's Medicaid plan to the rest of the Medicaid population. The federal regulations for EPSDT are in 42 CFR Part 441, Subpart B.

Essential Hospital Services – Tertiary care hospital services to which it is essential for the CONTRACTOR to provide access. Essential hospital services include, but are not limited to, neonatal, perinatal, pediatric, trauma and burn services.

Evidence-Based Practice – A clinical intervention that has demonstrated positive outcomes in several research studies to assist consumers in achieving their desired goals of health and wellness; specifically, the evidence-based practices recognized by the Substance Abuse and Mental Health Services Administration’s (SAMHSA) Center for Mental Health Services (CMHS).

Expenditure Cap – The annual limit on expenditures for HCBS, excluding home modifications, for CHOICES members in CHOICES Group 3. The expenditure cap is \$15,000.

Facility – Any premises (a) owned, leased, used or operated directly or indirectly by or for the CONTRACTOR or its affiliates for purposes related to this Agreement; or (b) maintained by a subcontractor or provider to provide services on behalf of the CONTRACTOR.

Fee-for-Service – A method of making payment for health services based on a fee schedule that specifies payment for defined services.

Fiscal Employer Agent (FEA) – An entity contracting with the State and/or an MCO that helps members in CHOICES Groups 2 or 3 participating in consumer direction of HCBS. The FEA provides both financial administration and supports brokerage functions for CHOICES members participating in consumer direction of HCBS. This term is used by the IRS to designate an entity operating under Section 3504 of the IRS code, Revenue Procedure 70-6 and Notice 2003-70, as the agent to members for the purpose of filing certain federal tax forms and paying federal income tax withholding, FICA and FUTA taxes. The FEA also files state income tax withholding and unemployment insurance tax forms and pays the associated taxes and processes payroll based on the eligible HCBS authorized and provided.

FQHC – Federally Qualified Health Center.

General Marketing – Any communication or activity that can reasonably be interpreted as intended to promote the CONTRACTOR, including, but not limited to, advertising, publicity, and positioning.

Grand Region – A defined geographical region that includes specified counties in which the CONTRACTOR is authorized to enroll and serve TennCare enrollees in exchange for a monthly administrative fee payment. The CONTRACTOR shall serve an entire Grand Region. The following counties constitute the Grand Regions in Tennessee:

East Grand Region – Anderson, Bledsoe, Blount, Bradley, Campbell, Carter, Claiborne, Cocke, Franklin, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hawkins, Jefferson, Johnson, Knox, Loudon, Marion, McMinn, Meigs, Monroe, Morgan, Polk, Rhea, Roane, Scott, Sequatchie, Sevier, Sullivan, Unicoi, Union, and Washington Counties

Middle Grand Region – Bedford, Cannon, Cheatham, Clay, Coffee, Cumberland, Davidson, DeKalb, Dickson, Fentress, Giles, Hickman, Houston, Humphreys, Jackson, Lawrence, Lewis, Lincoln, Macon, Marshall, Maury, Montgomery, Moore, Overton, Perry, Pickett, Putnam, Robertson, Rutherford, Smith, Stewart, Sumner, Trousdale, Van Buren, Warren, Wayne, White, Williamson, and Wilson Counties

West Grand Region – Benton, Carroll, Chester, Crockett, Decatur, Dyer, Fayette, Gibson, Hardeman, Hardin, Haywood, Henderson, Henry, Lake, Lauderdale, Madison, McNairy, Obion, Shelby, Tipton, and Weakley Counties

Grand Rounds – As used with respect to CHOICES members residing in a nursing facility, a planned quarterly meeting between nursing facility staff and MCO staff, including, at minimum, the care coordinator(s) assigned to residents of the facility conducted in order to: (1) address issues or concerns regarding members who have experienced a potential significant change in needs or circumstances or about whom the nursing facility or MCO has concerns (not necessarily all members who are residents of the facility); (2) identify any change in services or interventions for the members, including but not limited to changes in the members' plans of care or supplements to the members' plans of care; and (3) facilitate access to and coordination of physical health and/or behavioral health services needed by the members and to ensure the proper management of the members' acute and/or chronic conditions. At least two of the quarterly Grand Rounds per year shall be conducted on-site in the facility.

Healthcare Effectiveness Data and Information Set (HEDIS) – The most widely used set of standardized performance measures used in the managed care industry, designed to allow reliable comparison of the performance of managed health care plans. HEDIS is sponsored, supported, and maintained by the National Committee for Quality Assurance.

Health Maintenance Organization (HMO) – An entity certified by TDCI under applicable provisions of TCA Title 56, Chapter 32.

HIPAA - Health Insurance Portability and Accountability Act of 1996, 45 CFR Parts 160 and 164.

HITECH - Health Information Technology for Economic and Clinical Health Act, Pub.L.111-5, Div. A, Title XIII, § 13001(a), Feb. 17, 2009, 123 Stat. 226.

Home and Community-Based Services (HCBS) – Services not covered by Tennessee's Title XIX state plan that are provided as an alternative to long-term care institutional services in a nursing facility or an Intermediate Care Facility for the Mentally Retarded (ICF/MR). HCBS does not include home health or private duty nursing services.

Hospice – Services as described in TennCare rules and regulations and 42 CFR Part 418, which are provided to terminally ill individuals who elect to receive hospice services provided by a certified hospice agency.

Immediate Eligibility for CHOICES Group 2 – A mechanism by which the State can, based on a preliminary determination of a person’s eligibility for the CHOICES 217-Like HCBS Group, enroll the person into CHOICES Group 2 and provide immediate access to a limited package of HCBS pending a final determination of eligibility. To qualify for Immediate Eligibility for CHOICES Group 2, a person must be applying to receive covered HCBS, be determined by TENNCARE to meet nursing facility level of care, have submitted an application for financial eligibility determination to DHS, and be expected to qualify for CHOICES Group 2 based on review of the financial information provided by the applicant. Immediate Eligibility for CHOICES Group 2 shall only be for specified HCBS (no other covered services) and for a maximum of forty-five (45) days.

Immediate Eligibility – Temporary eligibility granted to a child upon entering into State custody in order to give children in State custody adequate access to medical and behavioral health services, including TENNderCare, until a final determination can be made on their TennCare eligibility.

Implementation Team - A team consisting of a physician, mental health professional(s) and other support(s) who are charged with staffing the steering panel and implementing the plan for children in State custody which has been provided and/or approved by the court as directed by TennCare.

Individually Identifiable Health Information – Any information, including demographic information, collected from an individual, that (a) is created or received by a health care provider, health plan, employer, or health care clearinghouse; and (b) relates to the past, present, or future physical or mental health or condition of an individual, the provision of health care to an individual, or the past, present, or future payment for the provision of health care to an individual, and identifies the individual; or, with respect to which there is a reasonable basis to believe that the information can be used to identify the individual.

Information System(s) (Systems) – A combination of computing and telecommunications hardware and software that is used in: (a) the capture, storage, manipulation, movement, control, display, interchange and/or transmission of information, i.e., structured data (which may include digitized audio and video) and documents as well as non-digitized audio and video; and/or (b) the processing of information and non-digitized audio and video for the purposes of enabling and/or facilitating a business process or related transaction.

Intervention – An action or ministrations that is intended to produce an effect or that is intended to alter the course of a pathologic process.

Law – Statutes, codes, rules, regulations, and/or court rulings.

Legally Appointed Representative – Any person appointed by a court of competent jurisdiction or authorized by legal process (e.g., power of attorney for health care treatment, declaration for mental health treatment) to determine the legal and/or health care interests of an individual and/or his/her estate.

Long-Term Care – The services of a nursing facility (NF), an Intermediate Care Facility for the Mentally Retarded (ICF/MR), or Home and Community-Based Services (HCBS).

Long-Term Care Ombudsman Program – A statewide program for the benefit of individuals residing in long-term care facilities, which may include nursing homes, residential homes for the aged, assisted care living facilities, and community-based residential alternatives developed by the State. The Ombudsman is available to help these individuals and their families resolve questions or problems. The program is authorized by the federal Older Americans Act and administered by the Tennessee Commission on Aging and Disability (TCAD).

Managed Care Organization (MCO) – An HMO that participates in the TennCare program.

Mandatory Outpatient Treatment (MOT) – Process whereby a person who was hospitalized for psychiatric reasons and who requires outpatient treatment can be required by a court to participate in that behavioral health outpatient treatment to prevent deterioration in his/her mental condition.

Medical Expenses – Shall be determined as follows:

1. Medical Expenses include the amount paid to providers for the provision of covered physical health, behavioral health, and/or long-term care services to members pursuant to the following listed Sections of the Agreement:
 - a. Section 2.6.1, CONTRACTOR Covered Benefits;
 - b. Section 2.6.4, Second Opinions;
 - c. Section 2.6.5, Use of Cost Effective Alternative Services;
 - d. Section 2.7, Specialized Services except TENNderCare member and provider outreach and education, health education and outreach and advance directives;
 - e. Capitated payment to licensed providers;
 - f. Medical services directed by TENNCARE or an Administrative Law Judge; and
 - g. Net impact of reinsurance coverage purchased by the CONTRACTOR.
2. Preventive Services: In order for preventive services in Section 2.6 (including, but not limited to, health education, medical case management and health promotion activities) to qualify as medical expenses, the service must be targeted to and limited to the CONTRACTOR's enrollees or targeted to meet the enrollee's individual needs and the allocation methodology for capturing said costs must be approved by TENNCARE.
3. Medical case management may qualify as medical expenses if the service is targeted to meet the enrollee's individual needs and the allocation methodology for capturing said costs is approved by TENNCARE.
4. Medical Expenses do not include:
 - a. 2.6.2 TennCare Benefits Provided by TENNCARE;
 - b. 2.6.7 Cost Sharing and Patient Liability;
 - c. 2.10 Services Not Covered;

- d. Services eligible for reimbursement by Medicare;
 - e. The activities described in or required to be conducted in Attachments II through XI, which are administrative costs; and
 - f. The two percent HMO tax.
5. Medical expenses shall be net of any TPL recoveries or subrogation activities.
6. This definition does not apply to NAIC filings.

Medical Records – All medical, behavioral health, and long-term care histories; records, reports and summaries; diagnoses; prognoses; records of treatment and medication ordered and given; X-ray and radiology interpretations; physical therapy charts and notes; lab reports; other individualized medical, behavioral health, and long-term care documentation in written or electronic format; and analyses of such information.

Member – A TennCare enrollee who enrolls in the CONTRACTOR’s MCO under the provisions of this Agreement (see Enrollee, also).

Member Month – A month of coverage for a TennCare enrollee enrolled in the CONTRACTOR’s MCO.

Mental Health Services – The diagnosis, evaluation, treatment, residential care, rehabilitation, counseling or supervision of persons who have a mental illness.

NAIC – National Association of Insurance Commissioners.

National Committee for Quality Assurance (NCQA) – A nonprofit organization committed to assessing, reporting on and improving the quality of care provided by organized delivery systems.

Non-Contract Provider – Any provider that is not directly or indirectly employed by or does not have a provider agreement with the CONTRACTOR or any of its subcontractors pursuant to the Agreement between the CONTRACTOR and TENNCARE.

Office of the Comptroller of the Treasury – The Comptroller of the Treasury is a State of Tennessee constitutional officer elected by the General Assembly for a term of two years. Statutes prescribe the comptroller's duties, the most important of which relate to audit of state and local government entities and participation in the general financial and administrative management of state government.

Office of Inspector General (OIG) – The State of Tennessee agency that investigates and may prosecute civil and criminal fraud and abuse of the TennCare program or any other violations of state law related to the operation of the TennCare program administratively, civilly or criminally.

One-Time HCBS – In-home respite, in-patient respite, assistive technology, minor home modifications, and/or pest control.

Ongoing HCBS – Community-based residential alternatives, personal care, attendant care, homemaker services, home-delivered meals, personal emergency response systems (PERS), and/or adult day care.

PASRR – Preadmission Screening and Resident Review.

Patient Liability – The amount of an enrollee’s income, as determined by DHS, to be collected each month to help pay for the enrollee’s long-term care services.

Pharmacy Benefits Manager (PBM) – An entity responsible for the provision and administration of pharmacy services.

Post-stabilization Care Services – Covered services, related to an emergency medical condition that are provided after a member is stabilized in order to maintain the stabilized condition, or, under the circumstances described in 42 CFR 438.114(e), to improve or resolve the member’s condition.

Prepaid Limited Health Service Organization (PLHSO) – An entity certified by TDCI under applicable provisions of TCA Title 56, Chapter 51.

Presumptive Eligibility – An established period of time (45 days) during which certain pregnant women are eligible for TennCare Medicaid. During this period of time the presumptively eligible enrollee must complete an application for Medicaid in order to stay on the program.

Primary Care Physician – A physician responsible for providing preventive and primary health care to patients; for initiating referrals for specialist care; and for maintaining the continuity of patient care. A primary care physician is generally a physician who has limited his/her practice of medicine to general practice or who is an Internist, Pediatrician, Obstetrician/Gynecologist, Geriatrician, or Family Practitioner. However, as provided in Section 2.11.2.4 of this Agreement, in certain circumstances other physicians may be primary care physicians if they are willing and able to carry out all PCP responsibilities in accordance with this Agreement.

Primary Care Provider (PCP) – A primary care physician or other licensed health practitioner practicing in accordance with state law who is responsible for providing preventive and primary health care to patients; for initiating referrals for specialist care; and for maintaining the continuity of patient care. A PCP may practice in various settings such as local health departments, FQHCs or community mental health agencies (CMHAs) provided that the PCP is willing and able to carry out all PCP responsibilities in accordance with this Agreement.

Primary Treatment Center (PTC) - A center developed by DCS for the purpose of providing short-term evaluation and treatment to children who have just come into custody, children already in State custody, children who have been released from State custody and who have been recommitted, and children who are at imminent risk of entering custody.

Prior Authorization – The act of authorizing specific services or activities before they are rendered or occur.

Privacy Breach – The acquisition, access, use, or disclosure of PHI in a manner which compromises the security or privacy of the PHI as governed by the provisions of HIPAA and other federal and state laws. For purposes of this definition, “compromises the security or privacy of the protected health information” means poses a significant risk of financial, reputational, or other harm to the individual.

Privacy Rule – Standards for the Privacy of Individually Identifiable Health Information at 45 CFR Part 160 and Part 164.

Protected Health Information (PHI) – Individually identifiable health information that is transmitted by electronic media, maintained in electronic media, or transmitted or maintained in any other form or medium.

Provider – An institution, facility, agency, physician, health care practitioner, or other entity that is licensed or otherwise authorized to provide any of the covered services in the state in which they are furnished. Provider does not include consumer-directed workers (see Consumer-Directed Worker); nor does provider include the FEA (see Fiscal Employer Agent).

Provider Agreement – An agreement, using the provider agreement template approved by TDCI, between the CONTRACTOR and a provider or between the CONTRACTOR’s subcontractor and a provider that describes the conditions under which the provider agrees to furnish covered services to the CONTRACTOR’s members.

Quality Management/Quality Improvement (QM/QI) – The development and implementation of strategies to assess and improve the performance of a program or organization on a continuous basis. This includes the identification of key measures of performance, discovery and data collection processes, identification and remediation of issues, and systems improvement activities.

Recovery – A consumer driven process in which consumers are able to work, learn and participate fully in their communities. Recovery is the ability to live a fulfilling and productive life despite a disability.

Regulatory Requirements – Any requirements imposed by applicable federal, state or local laws, rules, regulations, court orders and consent decrees, a program contract, or otherwise imposed by TENNCARE in connection with the operation of the program or the performance required by either party under an agreement.

Representative – In general, for CHOICES members, a person who is at least eighteen (18) years of age and is authorized by the member to participate in care planning and implementation and to speak and make decisions on the member’s behalf, including but not limited to identification of needs, preference regarding services and service delivery settings, and communication and resolution of complaints and concerns. As it relates to consumer direction of HCBS, a person who is authorized by the member to direct and manage the member’s worker(s), and signs a representative agreement. The representative for consumer direction of HCBS must also: be at least eighteen (18) years of age; have a personal relationship with the member and understand his/her support needs; know the member’s daily schedule and routine, medical and functional status, medication regimen, likes and dislikes, and strengths and weaknesses; and be physically present in the member’s residence on a regular basis or at least at a frequency necessary to supervise and evaluate workers.

Representative Agreement – The agreement between a member in CHOICES Group 2 or 3 electing consumer direction of HCBS who has a representative direct and manage the consumer’s worker(s) and the member’s representative that specifies the roles and responsibilities of the member and the member’s representative.

Resilience – A dynamic developmental process for children and adolescents that encompasses positive adaptation and is manifested by traits of self-efficacy, high self-esteem, maintenance of hope and optimism within the context of significant adversity.

Risk Agreement – An agreement signed by a member in CHOICES Group 2 or 3 who will receive HCBS (or his/her representative) that includes, at a minimum, identified risks to the member of residing in the community and receiving HCBS, the consequences of such risks, strategies to mitigate the identified risks, and the member’s decision regarding his/her acceptance of risk. For members electing to participate in consumer direction, the risk agreement must include any additional risks associated with the member’s decision to act as the employer of record, or to have a representative act as the employer of record on his/her behalf. See Section 2.9.6 of this Agreement for related requirements.

Routine Care – Non-urgent and non-emergency medical or behavioral health care such as screenings, immunizations, or health assessments.

Safeguarding Enrollee Information – To maintain reasonable and appropriate administrative, technical, and physical safeguards to ensure the integrity and confidentiality of the information; to protect against any reasonably anticipated threats or hazards to the security or integrity of the information; and to protect against unauthorized uses or disclosures of the information.

Savings - Residual monies remaining after the administrative costs described in this Agreement are deducted from administrative payment fees paid by TENNCARE.

Security Incident – The attempted or successful unauthorized access, use, disclosure, modification or destruction of information or interference with the system operations in an information system.

Security Rule – The Final Rule adopting Security Standards for the Protection of Electronic Health Information at 45 CFR Parts 160 and 164.

Self-Direction of Health Care Tasks – A decision by a member in CHOICES Group 2 or 3 participating in consumer direction to direct and supervise a paid worker delivering eligible HCBS in the performance of health care tasks that would otherwise be performed by a licensed nurse. Self-direction of health care tasks is not a service, but rather health care-related duties and functions (such as administration of medications) that a CHOICES member participating in consumer direction may elect to have performed by a consumer-directed worker as part of the delivery of eligible HCBS s/he is authorized to receive.

Seriously Emotionally Disturbed (SED) – Seriously Emotionally Disturbed shall mean persons who have been identified by the Tennessee Department of Mental Health and Developmental Disabilities or its designee as meeting the criteria provided below:

1. Person under the age of 18; and

2. Currently, or at any time during the past year, has had a diagnosable mental, behavioral, or emotional disorder of sufficient duration to meet diagnostic criteria specified within DSM-IV-TR (and subsequent revisions) of the American Psychiatric Association with the exception of DSM-IV-TR (and subsequent revisions) V- codes, substance use, and developmental disorders, unless these disorders co-occur with another diagnosable mental, behavioral, or emotional disturbance other than above exclusions. All of these disorders have episodic, recurrent, or persistent features; however, they vary in terms of severity and disabling effects; and
3. The diagnosable mental, behavioral, or emotional disorder identified above has resulted in functional impairment which substantially interferes with or limits the child's role or functioning in family, school, and community activities. Functional impairment is defined as difficulties that substantially interfere with or limit a child or adolescent in achieving or maintaining developmentally appropriate social, behavioral, cognitive, communicative, or adaptive skills and is evidenced by a Global Assessment of Functioning (GAF) score of 50 or less in accordance with the DSM-IV-TR (and subsequent revisions). Children and adolescents who would have met functional impairment criteria during the referenced year without the benefit of treatment or other support services are included in this definition.

Service Agreement – The agreement between a member in CHOICES Group 2 or 3 electing consumer direction of HCBS (or the member's representative) and the member's consumer-directed worker that specifies the roles and responsibilities of the member (or the member's representative) and the member's worker.

Service Gap – A delay in initiating any long-term care service and/or a disruption of a scheduled, ongoing HCBS that was not initiated by a member, including late and missed visits.

Severely and/or Persistently Mentally Ill (SPMI) – Severely and/or Persistently Mentally Ill shall mean individuals who have been identified by the Tennessee Department of Mental Health and Developmental Disabilities or its designee as meeting the following criteria. These persons will be identified as belonging in one of the Clinically Related Groups that follow the criteria:

1. Age 18 and over; and
2. Currently, or at any time during the past year, has had a diagnosable mental, behavioral, or emotional disorder of sufficient duration to meet the diagnostic criteria specified within DSM-IV-TR (and subsequent revisions) of the American Psychiatric Association, with the exception of DSM-IV-TR (and subsequent revisions) V-codes, substance use disorders, and developmental disorders, unless these disorders co-occur with another diagnosable serious mental illness other than above exclusions. All of these disorders have episodic, recurrent, or persistent features, however, they vary in terms of severity and disabling effects; and
3. The diagnosable mental, behavioral, or emotional disorder identified above has resulted in functional impairment which substantially interferes with or limits major life activities. Functional impairment is defined as difficulties that substantially interfere with or limit role functioning in major life activities including basic living skills (e.g., eating, bathing, dressing); instrumental living skills (maintaining a household, managing money, getting around in the community, taking prescribed medication); and functioning in social, family, and vocational/educational contexts. This definition includes adults who would

have met functional impairment criteria during the referenced year without the benefit of treatment or other support services.

Shall – Indicates a mandatory requirement or a condition to be met.

Span of Control – Information systems and telecommunications capabilities that the CONTRACTOR itself operates or for which it is otherwise legally responsible according to this Agreement. The CONTRACTOR's span of control also includes Systems and telecommunications capabilities outsourced by the CONTRACTOR.

Specialty Services – Includes Essential Hospital Services, services provided by Centers of Excellence, and specialty physician services.

SSA – Social Security Administration.

SSI – Supplemental Security Income.

Start Date of Operations – The date, as determined by TENNCARE, when the CONTRACTOR shall begin providing services to members.

State – The State of Tennessee, including, but not limited to, any entity or agency of the state, such as the Tennessee Department of Finance and Administration, the Office of Inspector General, the Bureau of TennCare, the Tennessee Bureau of Investigation, Medicaid Fraud Control Unit, the Tennessee Department of Mental Health and Developmental Disabilities, the Tennessee Department of Children's Services, the Tennessee Department of Health, the Tennessee Department of Commerce and Insurance, and the Office of the Attorney General.

Subcontract – An agreement entered into by the CONTRACTOR with any other organization or person who agrees to perform any administrative function or service for the CONTRACTOR specifically related to securing or fulfilling the CONTRACTOR's obligations to TENNCARE under the terms of this Agreement (e.g., claims processing, disease management) when the intent of such an agreement is to delegate the responsibility for any major service or group of services required by this Agreement. This shall also include any and all agreements between any and all subcontractors for the purposes related to securing or fulfilling the CONTRACTOR's obligations to TENNCARE under the terms of this Agreement. Agreements to provide covered services as described in Section 2.6 of this Agreement shall be considered provider agreements and governed by Section 2.12 of this Agreement.

Subcontractor – Any organization or person who provides any function or service for the CONTRACTOR specifically related to securing or fulfilling the CONTRACTOR's obligations to TENNCARE under the terms of this Agreement. Subcontractor does not include provider unless the provider is responsible for services other than those that could be covered in a provider agreement.

Substance Abuse Services – The assessment, diagnosis, treatment, detoxification, residential care, rehabilitation, education, training, counseling, referral or supervision of individuals who are abusing or have abused substances.

Supports Broker – An individual assigned by the FEA to each member in CHOICES Group 2 or 3 electing consumer-direction of HCBS who assists the member/representative in performing the employer of record functions, including, but not limited to: developing job descriptions; locating; recruiting; interviewing; scheduling; monitoring; and evaluating workers. The supports broker collaborates with, but does not duplicate, the functions of the member’s care coordinator. The supports broker does not have authority or responsibility for consumer direction. The member or member’s representative must retain authority and responsibility for consumer direction.

System Unavailability – As measured within the CONTRACTOR’s information systems span of control, when a system user does not get the complete, correct full-screen response to an input command within three (3) minutes after depressing the “Enter” or other function key.

Target Population Group (TPG) – An assessment mechanism for children and adolescents under the age of 18 to determine an individual’s level of functioning and severity of impairment due to a mental illness. Based on these criteria, there are three target population groups.

1. Target Population Group 2: Seriously Emotionally Disturbed (SED)
Children and adolescents under 18 years of age with a valid DSM-IV-TR (and subsequent revisions) diagnosis excluding substance use disorders, developmental disorders or V-codes. These children are currently severely impaired as evidenced by 50 or less Global Assessment of Functioning (GAF).
2. Target Population Group 3: At Risk of a (SED)
Children and adolescents under 18 years of age without a valid DSM-IV-TR (and subsequent revisions) diagnosis excluding substance use disorders, developmental disorders or V-codes. These children may or may not be currently seriously impaired as evidenced by Global Assessment of Functioning (GAF). These children have psychosocial issues that can potentially place them at risk of a SED.
3. Target Population Group 4: Persons who do not meet criteria TPG Group 2 or 3
Children and adolescents under 18 years of age without a valid DSM-IV-TR (and subsequent revisions) diagnosis and are not currently seriously impaired as evidenced by Global Assessment of Functioning (GAF). These children have no psychosocial issues that can potentially place them at risk of a SED.

TCA – Tennessee Code Annotated.

TENNCARE – TENNCARE shall have the same meaning as “State.”

TennCare or TennCare Program – The program administered by the single state agency, as designated by the state and CMS, pursuant to Title XIX of the Social Security Act and the Section 1115 research and demonstration waiver granted to the State of Tennessee and any successor programs.

TennCare CHOICES in Long-Term Care (CHOICES) – A program in which long-term care services for elders and/or persons with physical disabilities are integrated into TennCare’s managed care delivery system.

TennCare Medicaid Enrollee – An enrollee who qualifies and has been determined eligible for benefits in the TennCare program through Medicaid eligibility criteria as described in TennCare rules and regulations.

TennCare Standard Enrollee – An enrollee who qualifies and has been determined eligible for benefits in the TennCare program through eligibility criteria designated as “TennCare Standard” as described in the approved TennCare waiver and the TennCare rules and regulations.

TENNderCare – Tennessee’s EPSDT program; see EPSDT.

Tennessee Bureau of Investigation, Medicaid Fraud Control Unit (TBI MFCU) – The Tennessee Bureau of Investigation’s Medicaid Fraud Control Unit has the authority to investigate and prosecute (or refer for prosecution) violations of all applicable state and federal laws pertaining to fraud in the administration of the Medicaid program, the provision of medical assistance, the activities of providers of medical assistance in the state Medicaid program (TennCare), allegations of abuse or neglect of patients in health care facilities receiving payments under the state Medicaid program, misappropriation of patients’ private funds in such facilities, and allegations of fraud and abuse in board and care facilities.

Tennessee Department of Children’s Services (DCS) – The state agency responsible for child protective services, foster care, adoption, programs for delinquent youth, probation, aftercare, treatment and rehabilitation programs for identified youth, and licensing for all child-welfare agencies, except for child (day) care agencies and child support.

Tennessee Department of Commerce and Insurance (TDCI) – The state agency having the statutory authority to regulate, among other entities, insurance companies and health maintenance organizations.

Tennessee Department of Finance and Administration (F&A) – The state agency that oversees all state spending and acts as the chief corporate office of the state. It is the single state Medicaid agency. The Bureau of TennCare is a division of the Tennessee Department of Finance and Administration.

Tennessee Department of Health (DOH) – The state agency having the statutory authority to provide for health care needs in Tennessee.

Tennessee Department of Human Services (DHS) – The state agency having the statutory authority to provide human services to meet the needs of Tennesseans and enable them to achieve self-sufficiency. DHS is responsible for TennCare eligibility determinations (other than presumptive eligibility and SSI).

Tennessee Department of Mental Health and Developmental Disabilities (TDMHDD) – The state agency having the authority to provide care for persons with mental illness, substance abuse, and/or developmental disabilities.

Tertiary Pediatric Center (Center of Excellence for Children in or at risk of Custody) - A site recognized by the services it offers to be a referral site for children needing the highest level of physical care. The five recognized tertiary care centers for pediatrics are in Johnson City, Knoxville, Chattanooga, Nashville, and Memphis.

Third Party Liability (TPL) – Any amount due for all or part of the cost of medical, behavioral health, or long-term care services from a third party.

Third Party Resource – Any entity or funding source other than the enrollee or his/her responsible party, which is or may be liable to pay for all or part of the cost of health care of the enrollee.

Transition Allowance – A per member allotment not to exceed two thousand dollars (\$2,000) per lifetime which may, at the sole discretion of the CONTRACTOR, be provided as a cost-effective alternative to continued institutional care for a CHOICES member in order to facilitate transition from a nursing facility to the community when such member will, upon transition, receive more cost-effective non-residential home and community based services or companion care. Items that may be purchased or reimbursed are only those items that the member has no other means to obtain and that are essential in order to establish a community residence when such residence is not already established and to facilitate the member's safe and timely transition, including rent and/or utility deposits, essential kitchen appliances, basic furniture, and essential basic household items, such as towels, linens, and dishes.

Unsecured PHI – PHI information that is not rendered unusable, unreadable, or indecipherable to unauthorized individuals through the use of a technology or methodology specified by the Secretary of DHHS.

USC – United States Code.

Vital MCO Documents – Consent forms and notices pertaining to the reduction, denial, delay, suspension or termination of services. All vital documents shall be available in Spanish.

Warm Transfer – A telecommunications mechanism in which the person answering the call facilitates transfer to a third party, announces the caller and issue, and remains engaged as necessary to provide assistance.

Worker – See Consumer-Directed Worker.

2. Section 2.1.4 shall be deleted and replaced as follows:

2.1.4 Demonstrate sufficient network capability and a willingness, when so directed by TENNCARE, to accept a reasonable number of enrollees enrolled, or requesting enrollment, in any MCO operating in the CONTRACTOR's service area, including any MCO that fails, is terminated in whole or in part, becomes unable to take new enrollees, maintain existing enrollment or discontinues service in the area for any reason. Notwithstanding any provision herein to the contrary, the State reserves the right to transfer enrollee members based upon the demonstrated capacity of the CONTRACTOR, when the State determines that it is in the best interests of the TennCare program.

3. Section 2.1 shall be amended by adding a new Section 2.1.5, which shall read as follows:

2.1.5 Prior to the date of implementation of CHOICES in each Grand Region and prior to the CONTRACTOR serving as a back-up health plan in one or more Grand Regions and/or enrolling members into CHOICES Group 2 and/or 3, as directed by TENNCARE, the CONTRACTOR shall demonstrate to TENNCARE's satisfaction that it is able to meet all applicable requirements. The CONTRACTOR shall cooperate in these "readiness reviews," which may include, but are not limited to, desk and on-site review of documents provided by the CONTRACTOR, a walk-through of the CONTRACTOR's

operations, system demonstrations (including systems connectivity testing), and interviews with CONTRACTOR's staff. The scope of the review may include any and all requirements of the Agreement, as determined by TENNCARE. Unless and until TENNCARE directs the CONTRACTOR to enroll members in CHOICES Group 2 and/or 3, the scope of the review for implementation of CHOICES in each Grand Region will not include requirements only applicable to CHOICES Group 2 and/or 3. Based on the results of the review activities, TENNCARE will issue a letter of findings and, if needed, will request a corrective action plan from the CONTRACTOR. TENNCARE will not enroll members into the CONTRACTOR's CHOICES program until TENNCARE has determined that the CONTRACTOR is able to meet all applicable requirements.

4. Sections 2.3 shall be deleted in its entirety and replaced with the following:

2.3 ELIGIBILITY FOR TENNCARE

2.3.1 Overview

TennCare is Tennessee's Medicaid program operating under the authority of a research and demonstration project approved by the federal government pursuant to Section 1115 of the Social Security Act. Eligibility for TennCare is determined by the State in accordance with federal requirements and state law and policy.

2.3.2 Eligibility Categories

TennCare currently consists of traditional Medicaid coverage groups (TennCare Medicaid) and an expanded population (TennCare Standard).

2.3.2.1 TennCare Medicaid

As provided in state rules and regulations, TennCare Medicaid covers all Medicaid mandatory eligibility groups as well as various optional categorically needy and medically needy groups, including children, pregnant women, the aged, and individuals with disabilities. Additional detail about eligibility criteria for covered groups is provided in state rules and regulations.

2.3.2.2 TennCare Standard

TennCare Standard includes the Standard Spend Down (SSD) population, the CHOICES 217-Like HCBS Group, and an expanded population of children. Additional detail about eligibility criteria for covered groups is provided in state rules and regulations.

2.3.3 TennCare CHOICES Groups

As specified in Section 2.6.1.5, in order to receive covered long-term care services, a member must be enrolled by TENNCARE into one of the CHOICES Groups (as defined in Section 1).

2.3.4 TennCare Applications

The CONTRACTOR shall not cause applications for TennCare to be submitted. However, as provided in Section 2.9.6.3, the CONTRACTOR shall facilitate members' eligibility determination for CHOICES enrollment.

2.3.5 Eligibility Determination and Determination of Cost Sharing

The State shall have sole responsibility for determining the eligibility of an individual for TennCare. The State shall have sole responsibility for determining the applicability of TennCare cost sharing amounts, the collection of applicable premiums, and determination of patient liability.

2.3.6 Eligibility for Enrollment in an MCO

Except for TennCare enrollees enrolled in the Program of All-Inclusive Care for the Elderly (PACE) and enrollees who are only receiving assistance with Medicare cost sharing, all TennCare enrollees will be enrolled in an MCO, including TennCare Select.

5. Section 2.4 shall be deleted in its entirety and replaced with the following:

2.4 ENROLLMENT IN AN MCO

2.4.1 General

TENNCARE is solely responsible for enrollment of TennCare enrollees in an MCO. The TennCare Bureau has identified groups of enrollees who may become members of TennCare Select. TennCare enrollees not in one of the identified groups cannot request to enroll in TennCare Select. Eligibility determination and enrollment of TennCare eligible enrollees in the CONTRACTOR's MCO shall be the sole responsibility of TENNCARE. For purposes of this Agreement, TENNCARE may define enrollees in specified categories for purposes of payments to the CONTRACTOR and/or enrollee eligibility for specified levels of services and benefits as well as cost share responsibilities.

2.4.2 Authorized Service Area

2.4.2.1 Grand Region

Enrollees will be enrolled in MCOs by Grand Region(s) of the state. The specific counties in each Grand Region are listed in Section 1 of this Agreement.

2.4.2.2 CONTRACTOR's Authorized Service Area

In addition to enrollees described in Group 5, the CONTRACTOR is authorized under this Agreement to serve enrollees who reside in the Grand Region(s) specified below:

X East Grand Region X Middle Grand Region X West Grand Region

2.4.3 **Maximum Enrollment**

The CONTRACTOR shall maintain sufficient capacity to provide services in accordance with the requirements of this Agreement for up to 300,000 enrollees or the actual number of enrollees enrolled, whichever is greater. This provision is not intended to guarantee enrollment of 300,000 enrollees, nor limit enrollment to 300,000 enrollees. Rather, it is intended to demonstrate the CONTRACTOR's ability and readiness to serve as back-up health plan in the event of a failure of a risk MCO, including any MCO which is terminated in whole or in part, becomes unable to take new enrollees, maintain existing enrollment or discontinues service in the area for any reason. Notwithstanding any provision herein to the contrary, the State reserves the right to transfer enrollee members based upon the demonstrated capacity of the CONTRACTOR, when the State determines that it is in the best interests of the TennCare program.

2.4.4 **Enrollment Criteria for TennCare Select**

2.4.4.1 General

TENNCARE shall enroll the following individuals determined eligible for TennCare and eligible for enrollment in an MCO under the authority of a 1915(b) waiver to be enrolled in TennCare Select.

2.4.4.1.1 *Eligible Groups*

2.4.4.1.1.1 **Group 1.A:** Children who are in DCS custody;

2.4.4.1.1.2 **Group 1.B:** Children who are transitioning out of DCS custody;

2.4.4.1.1.3 **Group 2:** Children under 21 who are SSI eligible;

2.4.4.1.1.4 **Group 3:** Children receiving services in an institution or receiving HCBS under a Section 1915(c) waiver program for persons with intellectual disabilities (i.e., mental retardation) in order to avoid being institutionalized;

2.4.4.1.1.5 **Group 4:** Enrollees residing out-of-state;

2.4.4.1.1.6 **Group 5:** Enrollees that have not responded to TennCare's attempts to contact and/or enrollees that are in specified Groups/Populations defined and identified by the State and agreed to by both parties;

2.4.4.1.1.7 **Group 5^{IHDSM}:** Persons with Intellectual Disabilities who have been defined as the Target Population for the Integrated Health Services Delivery Model described in Section 3A of this Agreement; and

2.4.4.1.1.8 **Group 6:** Enrollees residing in areas with insufficient capacity in other TennCare MCOs.

2.4.4.1.2 *Assignment Criteria*

2.4.4.1.2.1 TennCare eligible enrollees in groups 1 through 5^{IHDSM} will be enrolled in the CONTRACTOR's MCO independent of other TennCare eligible enrollees in the same household.

- 2.4.4.1.2.2 To the extent possible, TENNCARE shall enroll all enrollees in Group 6 in the same household in the CONTRACTOR's MCO.
- 2.4.4.1.2.3 Children eligible for TennCare as a result of being eligible for SSI will be assigned to the CONTRACTOR's MCO but may opt-out and choose another MCO.
- 2.4.4.1.2.4 TennCare enrollees who are children in the custody of the Department of Children's Services (DCS) will be enrolled in TennCare Select. When these enrollees exit State custody, they remain enrolled in TennCare Select for a specified period of time and then are disenrolled from TennCare Select. After disenrollment from TennCare Select, if the enrollee has a family member in an MCO (other than TennCare Select) he/she will be enrolled in that MCO. Otherwise, the enrollee will be given the opportunity to select another MCO. If the enrollee does not select another MCO, he/she will be assigned to an MCO (other than TennCare Select) using the default logic in the auto assignment process (see Section 2.4.4.2 below).
- 2.4.4.1.2.5 TENNCARE may allow enrollment of new TennCare enrollees in TennCare Select if there is insufficient capacity in other MCOs.

2.4.4.1.3 *Assignment Provisions for Children in State Custody*

To decrease the likelihood of recidivism, the enrollment period for children in Group 1.A who are transitioning out of State custody shall be extended by a period to be determined by TENNCARE. Children will be assigned to Group 1.B during this post-custody transition period and shall continue to receive services as specified in Section 3 including access to Best Practice Network providers, unless TENNCARE does not extend the enrollment period for children transitioning out of State custody. After the post-custody period of at least the period determined by TENNCARE, children assigned to Group 1.B shall be moved as appropriate, to Groups 2-6 and shall remain a member of the new group until the following change period, or until the child loses eligibility for TennCare. At the option of the State, children deemed to be at "prolonged" risk of State custody may remain in Group 1.B or an on-going basis.

2.4.4.2 Auto Assignment

- 2.4.4.2.1 TENNCARE will auto assign an enrollee to an MCO, in specified circumstances, including but not limited to, the enrollee does not request enrollment in a specified MCO, cannot be enrolled in the requested MCO, or is an adult eligible as a result of receiving SSI benefits.
- 2.4.4.2.2 The current auto assignment process does not apply to children eligible for TennCare as a result of being eligible for SSI or children in State custody.
- 2.4.4.2.3 There are four different levels to the current auto assignment process:
 - 2.4.4.2.3.1 If the enrollee was previously enrolled with an MCO and lost TennCare eligibility for a period of two (2) months or less, the enrollee will be re-enrolled with that MCO.

- 2.4.4.2.3.2 If the enrollee has family members in an MCO (other than TennCare Select), the enrollee will be enrolled in that MCO.
- 2.4.4.2.3.3 If the enrollee is a newborn, the enrollee will be assigned to his/her mother's MCO.
- 2.4.4.2.3.4 If none of the above applies, the enrollee will be assigned using default logic that randomly assigns enrollees to MCOs (other than TennCare Select).
- 2.4.4.2.4 TENNCARE may modify the auto assignment algorithm to change or add criteria including but not limited to quality measures or cost or utilization management performance.
- 2.4.4.3 Immediate Eligibility for Children in State Custody

Until a final determination can be made on their TennCare eligibility, the CONTRACTOR shall accept notification from DCS that a child has entered State custody and adhere to the following requirements to insure that eligibility is provided. Upon receipt of notification from DCS, the CONTRACTOR shall determine whether or not the child is otherwise enrolled in TennCare. If the child is not currently enrolled, the CONTRACTOR shall immediately build a forty-five (45) day TennCare eligibility record effective on the date the child was placed in State custody and identify the child as a child in State custody, or group 1.A enrollee.
- 2.4.4.3.1 The CONTRACTOR shall generate a letter that will explain that the child has been given forty-five (45) days of coverage from their custody date, pending a final eligibility determination.
- 2.4.4.3.2 The CONTRACTOR is not required to assign a child for whom Immediate Eligibility has been established to a BPN PCP until TennCare eligibility is confirmed.
- 2.4.4.3.3 The CONTRACTOR shall fax the BPN enrollment form and a letter of notification to the DCS Case Manager.
- 2.4.4.3.4 The CONTRACTOR's BPN staff shall work with DCS to obtain a TENNderCare visit with a BPN provider within twenty-one (21) days of request but no later than thirty (30) days of enrollment.
- 2.4.4.3.5 After twenty-five (25) days of Immediate Eligibility coverage, the CONTRACTOR shall identify children whose Immediate Eligibility will end in twenty (20) days to the DCS Program Coordinator of Health Advocacy.
- 2.4.4.3.6 The child shall be eligible for the TennCare Medicaid benefit package effective on the date the child was placed in custody through the 45th day of the Immediate Eligibility period or the date of receipt of a TennCare eligibility record, whichever occurs earlier. If the CONTRACTOR receives a TennCare eligibility record prior to the end of the forty-five (45) day eligibility period, the child shall be eligible for benefits in accordance with their TennCare eligibility status effective on the date of receipt of the eligibility record.

2.4.4.4 Non-Discrimination

2.4.4.4.1 The CONTRACTOR shall accept enrollees in the order in which applications are approved and enrollees are assigned to the CONTRACTOR (whether by selection or assignment).

2.4.4.4.2 The CONTRACTOR shall accept an enrollee in the health condition the enrollee is in at the time of enrollment and shall not discriminate against individuals on the basis of health status or need for health care services.

2.4.4.5 Family Unit

If an individual is determined eligible for TennCare and has another family member already enrolled in an MCO, that individual shall be enrolled in the same MCO. This does not apply when the individual or family member is assigned to TennCare Select. If the newly enrolled family member opts to change MCOs during the 45-day change period (see Section 2.4.7.2.1), all family members in the case will be transferred to the new MCO.

2.4.5 Effective Date of Enrollment

2.4.5.1 Initial Enrollment of Current TennCare Enrollees

The effective date of initial enrollment in an MCO for current TennCare enrollees shall be the date provided on the enrollment file from TENNCARE.

2.4.5.2 Ongoing Enrollment

In general, a member's effective date of enrollment in the CONTRACTOR's MCO will be the member's effective date of eligibility for TennCare. For SSI enrollees the effective date of eligibility/enrollment is determined by the Social Security Administration in approving SSI coverage for the individual. The effective date of eligibility for other TennCare enrollees is the date of application or the date of the qualifying event (e.g., the date the spend down obligation is met for medically needy enrollees). The effective date on the enrollment file provided by TENNCARE to the CONTRACTOR shall govern regardless of the other provisions of this Section 2.4.5.2.

2.4.5.3 In the event the effective date of eligibility provided by TENNCARE or DCS to the CONTRACTOR for either the initial enrollment of current TennCare enrollees or ongoing enrollment precedes the start date of operations, the CONTRACTOR shall treat the enrollee as a member of the CONTRACTOR's MCO effective on the start date of operations.

2.4.5.4 TENNCARE will be responsible for the direct payment of claims for long-term care services provided to a CHOICES member during the member's period of TennCare eligibility prior to the implementation of CHOICES in each Grand Region.

2.4.5.5 Enrollment Prior to Notification

2.4.5.5.1 Because individuals can be retroactively eligible for TennCare, and the effective date of initial enrollment in an MCO is the effective date of eligibility or start date of operations, whichever is sooner, the effective date of enrollment may occur prior to the CONTRACTOR being notified of the person's enrollment. Therefore, enrollment of individuals in the CONTRACTOR's MCO may occur without prior notice to the CONTRACTOR or enrollee.

2.4.5.5.2 The CONTRACTOR shall not be liable for the cost of any covered services prior to the effective date of enrollment/eligibility but shall be responsible for the costs of covered services obtained on or after 12:01 a.m. on the effective date of enrollment/eligibility.

2.4.5.5.3 TENNCARE shall make payments to the CONTRACTOR from the effective date of an enrollee's date of enrollment/eligibility. TENNCARE will be responsible for the direct payment of claims for long-term care services provided to a CHOICES member during the member's period of TennCare eligibility prior to the implementation of CHOICES in each Grand Region.

2.4.5.5.4 Except for applicable TennCare cost sharing and patient liability, the CONTRACTOR shall ensure that members are held harmless for the cost of covered services provided as of the effective date of enrollment with the CONTRACTOR.

2.4.6 **Eligibility and Enrollment Data**

2.4.6.1 The CONTRACTOR shall receive, process, and update enrollment files from TENNCARE, The CONTRACTOR shall also receive, process, and update enrollment files from DCS for children in State custody who are to be given Immediate Eligibility for a forty-five (45) day period. Enrollment data shall be updated or uploaded to the CONTRACTOR's eligibility/enrollment database(s) within twenty-four (24) hours of receipt from TENNCARE/DCS.

2.4.6.2 The CONTRACTOR agrees to accept daily eligibility updates in the form and format specified by TennCare for the purpose of identifying children in State custody and children transitioning out of State custody. Until such time as an indicator for children in State custody and children transitioning out of State custody can be added to the daily eligibility updates received from TennCare, the CONTRACTOR agrees to accept and process any adhoc report mutually agreed upon by the CONTRACTOR and TennCare to facilitate timely identification of children in State custody or children transitioning out of State custody.

2.4.6.3 The CONTRACTOR shall provide an electronic eligibility file to TENNCARE as specified and in conformance to data exchange format and method standards outlined in Section 2.23.5.

2.4.7 Enrollment Period

2.4.7.1 General

2.4.7.1.1 The CONTRACTOR shall be responsible for the provision and costs of all covered physical health and behavioral health services provided to enrollees during their period of enrollment with the CONTRACTOR. The CONTRACTOR shall be responsible for the provision and costs of covered long-term care services provided to CHOICES members as of the date of CHOICES implementation in each Grand Region. Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, only members in CHOICES Group 1 will be enrolled with the CONTRACTOR.

2.4.7.1.2 Enrollment shall begin at 12:01 a.m. on the effective date of enrollment in the CONTRACTOR's MCO and shall end at 12:00 midnight on the date that the enrollee is disenrolled from the CONTRACTOR's MCO (see Section 2.5).

2.4.7.1.3 Once enrolled in the CONTRACTOR's MCO, the member shall remain enrolled in the CONTRACTOR's MCO until or unless the enrollee is disenrolled pursuant to Section 2.5 of this Agreement.

2.4.7.2 Changing MCOs

2.4.7.2.1 *45-Day Change Period*

After becoming eligible for TennCare and enrolling in the CONTRACTOR's MCO (whether the result of selection by the enrollee or assignment by TENNCARE), enrollees selected for enrollment in the CONTRACTOR's MCO by the State in Groups 2, 3, 5, 5^{IHDSM} and 6 shall have one (1) opportunity, anytime during the forty-five (45) day period immediately following the date of enrollment with the CONTRACTOR's MCO or the date TENNCARE sends the member notice of enrollment in an MCO, whichever is later, to request to change MCOs. Enrollees in Group 6 shall only be able to request to change MCO plans during this period to the extent capacity is available in another MCO serving the region.

2.4.7.2.2 *Annual Choice Period*

2.4.7.2.2.1 TENNCARE shall provide an opportunity for members to change MCOs (excluding TennCare Select) every twelve (12) months. Children eligible for TennCare as a result of being eligible for SSI may request to enroll in another MCO or remain with TennCare Select.

2.4.7.2.2.2 Members who do not select another MCO will be deemed to have chosen to remain with their current MCO.

2.4.7.2.2.3 Enrollees who select a new MCO shall have one (1) opportunity anytime during the forty-five (45) day period immediately following the specified enrollment effective date in the newly selected MCO to request to change MCOs.

2.4.7.2.3 *Appeal Based on Hardship Criteria*

As provided in TennCare rules and regulations, members may appeal to TENNCARE to change MCOs based on hardship criteria.

2.4.7.2.4 *Additional Reasons for Disenrollment*

As provided in Section 2.5.2, a member may be disenrolled from the CONTRACTOR's MCO for the reasons specified therein.

2.4.8 Transfers from Other MCOs

2.4.8.1 The CONTRACTOR shall accept enrollees (enrolled or pending enrollment) who have been selected by the State for enrollment, from any MCO in the CONTRACTOR's service area as authorized by TENNCARE, or from any failed MCO in the CONTRACTOR's service area including any MCO which is terminated in whole or in part, may become insolvent or discontinues service, or who reside in an area in which there is insufficient capacity in risk MCOs to enroll the population. The transfer of membership may occur at any time during the year. No enrollee from another MCO shall be transferred retroactively to the CONTRACTOR except as specified in Section 2.4.9. Except as provided in Section 2.4.9, the CONTRACTOR shall not be responsible for payment of any covered services incurred by enrollees transferred to the CONTRACTOR prior to the effective date of transfer to the CONTRACTOR.

2.4.8.2 Transfers from other MCOs shall be in consideration of the maximum enrollment levels established in Section 2.4.3.

2.4.8.3 To the extent possible and practical, TENNCARE shall provide advance notice to all MCOs serving a Grand Region of the impending failure of one of the MCOs serving the Grand Region; however, failure by TENNCARE to provide advance notice shall not limit in any manner the responsibility of each MCO to accept enrollees from failed MCOs.

2.4.9 Enrollment of Newborns

This policy is only applicable to Group 6 enrollees.

2.4.9.1 TennCare-eligible newborns and their mothers, to the extent that the mother is eligible for TennCare, should be enrolled in the same MCO with the exception of newborns that are SSI eligible at birth. Newborns that are SSI eligible at birth shall be assigned to TennCare Select but may opt out and enroll in another MCO.

2.4.9.2 A newborn may be inadvertently enrolled in an MCO different than its mother. When such cases are identified by the CONTRACTOR, the CONTRACTOR shall immediately report to TENNCARE, in accordance with written procedures provided by TENNCARE, that a newborn has been incorrectly enrolled in an MCO different than its mother.

- 2.4.9.3 Upon receipt of notice from the CONTRACTOR or discovery by TENNCARE that a newborn has been incorrectly enrolled in an MCO different than its mother, TENNCARE shall immediately:
 - 2.4.9.3.1 Disenroll the newborn from the incorrect MCO;
 - 2.4.9.3.2 Enroll the newborn in the same MCO as its mother with the same effective date as when the newborn was enrolled in the incorrect MCO;
 - 2.4.9.3.3 Recoup any payments made to the incorrect MCO for the newborn; and
 - 2.4.9.3.4 Make payments only to the correct MCO for the period of coverage.
- 2.4.9.4 The MCO in which the newborn is correctly enrolled shall be responsible for the coverage and payment of covered services provided to the newborn for the full period of eligibility. Except as provided below, the MCO in which the newborn was incorrectly enrolled shall have no liability for the coverage or payment of any services during the period of incorrect MCO assignment. TENNCARE shall only be liable for the administrative fee payment to the correct MCO.
- 2.4.9.5 There are circumstances in which a newborn's mother may not be eligible for participation in the TennCare program. The CONTRACTOR shall be required to process claims received for services provided to newborns within the time frames specified in Section 2.22.4 of this Agreement. A CONTRACTOR shall not utilize any blanket policy which results in the automatic denial of claims for services provided to a TennCare-eligible newborn, during any period of enrollment in the CONTRACTOR's MCO, because the newborn's mother is not a member of the CONTRACTOR's MCO. However, it is recognized that in complying with the claims processing time frames specified in 2.22.4 of this Agreement, a CONTRACTOR may make payment for services provided to a TennCare-eligible newborn enrolled in the CONTRACTOR's MCO at the time of payment but the newborn's eligibility may subsequently be moved to another MCO. In such event, the MCO in which the newborn is first enrolled (first MCO) may submit supporting documentation to the MCO in which the newborn is moved (second MCO) and the second MCO shall reimburse the first MCO within thirty (30) calendar days of receipt of such properly documented request for reimbursement, for the amount expended on behalf of the newborn prior to the newborn's eligibility having been moved to the second MCO. Such reimbursement shall be the actual amount expended by the first MCO. The second MCO agrees that should the second MCO fail to reimburse the first MCO the actual amount expended on behalf of the newborn within thirty (30) calendar days of receipt of a properly documented request for payment, TENNCARE is authorized to deduct the amount owed from any funds due the second MCO and to reimburse the first MCO. In the event that the CONTRACTOR fails to reimburse the first MCO the actual amount expended on behalf of the newborn within thirty (30) calendar days of receipt of a properly documented request for payment, TENNCARE may assess liquidated damages as specified in Section 5.20.2. Should it become necessary for TENNCARE to intervene in such cases, both the second MCO and the first MCO agree that TENNCARE shall be held harmless by both MCOs for actions taken by TENNCARE to resolve the dispute.

2.4.10 **Information Requirements Upon Enrollment**

As described in Section 2.17 of this Agreement, the CONTRACTOR shall provide the following information to new members: a member handbook, a provider directory and an identification card. In addition, the CONTRACTOR shall provide CHOICES members with CHOICES member education materials (see Section 2.17.7).

6. Section 2.5.2 shall be amended by adding a new Sub-Section 2.5.2.3 and renumbering existing Sub-Sections accordingly, including any references thereto.

2.5.2.3 A request by the member to change MCOs based on hardship criteria (pursuant to TennCare rules and regulations) is approved by TENNCARE, and the member is enrolled in another MCO;

7. Section 2.5.5 shall be amended by adding “from an MCO” to the end of the heading to read as follows:

2.5.5 **Effective Date of Disenrollment from an MCO**

8. Section 2.6 shall be amended by deleting Section 2.6 in its entirety and replacing it with the following and renumbering all references thereto:

2.6 BENEFITS/SERVICE REQUIREMENTS AND LIMITS

2.6.1 CONTRACTOR Covered Benefits

2.6.1.1 The CONTRACTOR shall cover the physical health, behavioral health and long-term care services/benefits outlined below. Additional requirements for behavioral health services are included in Section 2.7.2 and Attachment I.

2.6.1.2 The CONTRACTOR shall integrate the delivery of physical health, behavioral health and long-term care services. This shall include but not be limited to the following:

2.6.1.2.1 The CONTRACTOR shall operate a member services toll-free phone line (see Section 2.18.1) that is used by all members, regardless of whether they are calling about physical health, behavioral health and/or long-term care services. The CONTRACTOR shall not have a separate number for members to call regarding behavioral health and/or long-term care services. The CONTRACTOR may either route the call to another entity or conduct a “warm transfer” to another entity, but the CONTRACTOR shall not require an enrollee to call a separate number regarding behavioral health and/or long-term care services.

2.6.1.2.2 If the CONTRACTOR’s nurse triage/nurse advice line is separate from its member services line, the CONTRACTOR shall comply with the requirements in Section 2.6.1.2.2 as applied to the nurse triage/nurse advice line. The number for the nurse triage/nurse advice line shall be the same for all members, regardless of whether they are calling about physical health, behavioral health and/or long-term services, and the CONTRACTOR may either route calls to another entity or conduct “warm transfers,” but the CONTRACTOR shall not require an enrollee to call a separate number.

- 2.6.1.2.3 As required in Sections 2.9.5 and 2.9.6, the CONTRACTOR shall ensure continuity and coordination among physical health, behavioral health, and long-term care services and ensure collaboration among physical health, behavioral health, and long-term care providers. For CHOICES members, the member's care coordinator shall ensure continuity and coordination of physical health, behavioral health, and long-term care services, and facilitate communication and ensure collaboration among physical health, behavioral health, and long-term care providers.
- 2.6.1.2.4 Each of the CONTRACTOR's disease management programs (see Section 2.8) shall address the needs of members who have co-morbid physical health and behavioral health conditions.
- 2.6.1.2.5 As required in Section 2.9.5.2.2, the CONTRACTOR shall provide MCO case management to non-CHOICES members with co-morbid physical health and behavioral health conditions. These members should have a single case manager that is trained to provide MCO case management to enrollees with co-morbid physical health and behavioral health conditions. If a member with co-morbid physical and behavioral health conditions does not have a single case manager, the CONTRACTOR shall ensure, at a minimum, that the member's MCO case managers collaborate and communicate in an effective and ongoing manner. As required in Section 2.9.6.1.8 of this Agreement, the CONTRACTOR shall ensure that upon enrollment into CHOICES, MCO case management activities are integrated with CHOICES care coordination processes and functions, and that the member's assigned care coordinator has primary responsibility for coordination of all the member's physical health, behavioral health, and long-term care needs. The member's care coordinator may use resources and staff from the CONTRACTOR's case management program, including persons with specialized expertise in areas such as behavioral health, to supplement but not supplant the role and responsibilities of the member's care coordinator/care coordination team. The CONTRACTOR shall report on its case management activities per requirements in Section 2.30.6.1.
- 2.6.1.2.6 If the CONTRACTOR uses different Systems for physical health services, behavioral health and/or long-term care services, these systems shall be interoperable. In addition, the CONTRACTOR shall have the capability to integrate data from the different systems.
- 2.6.1.2.7 The CONTRACTOR's administrator/project director (see Section 2.29.1.3.1) shall be the primary contact for TENNCARE regarding all issues, regardless of the type of service, and shall not direct TENNCARE to other entities. The CONTRACTOR's administrator/project director shall coordinate with the CONTRACTOR's senior executive psychiatrist who oversees behavioral health activities (see Section 2.29.1.3.4 of this Agreement) for all behavioral health issues and the senior executive responsible for CHOICES activities (see Section 2.29.1.3.5 of this Agreement) for all issues pertaining to the CHOICES program.

2.6.1.3 CONTRACTOR Physical Health Benefits Chart

SERVICE	BENEFIT LIMIT
Inpatient Hospital Services	<p>Medicaid/Standard Eligible, Age 21 and older: As medically necessary. Inpatient rehabilitation hospital facility services are not covered for adults unless determined by the CONTRACTOR to be a cost effective alternative (see Section 2.6.5).</p> <p>Medicaid/Standard Eligible, Under age 21: As medically necessary, including rehabilitation hospital facility.</p>
Outpatient Hospital Services	As medically necessary.
Physician Inpatient Services	As medically necessary.
Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services	As medically necessary.
TENNderCare Services	<p>Medicaid/Standard Eligible, Age 21 and older: Not covered.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary, except that the screenings do not have to be medically necessary. Children may also receive screenings in-between regular checkups if a parent or caregiver believes there is a problem.</p> <p>Screening, interperiodic screening, diagnostic and follow-up treatment services as medically necessary in accordance with federal and state requirements. See Section 2.7.6.</p>
Preventive Care Services	As described in Section 2.7.5.
Lab and X-ray Services	As medically necessary.
Hospice Care	As medically necessary. Shall be provided by a Medicare-certified hospice.

SERVICE	BENEFIT LIMIT
<p>Dental Services</p>	<p>Dental Services shall be provided by the Dental Benefits Manager or in some cases, through an HCBS waiver program for persons with intellectual disabilities (i.e., mental retardation).</p> <p>However, the facility, medical and anesthesia services related to the dental service that are not provided by a dentist or in a dentist’s office shall be covered services provided by the CONTRACTOR when the dental service is covered by the DBM or through an HCBS waiver program for persons with intellectual disabilities (i.e., mental retardation).</p>
<p>Vision Services</p>	<p>Medicaid/Standard Eligible, Age 21 and older: Medical eye care, meaning evaluation and management of abnormal conditions, diseases, and disorders of the eye (not including evaluation and treatment of refractive state), shall be covered as medically necessary. Routine periodic assessment, evaluation, or screening of normal eyes and examinations for the purpose of prescribing fitting or changing eyeglass and/or contact lenses are not covered. One pair of cataract glasses or lenses is covered for adults following cataract surgery.</p> <p>Medicaid/Standard Eligible, Under age 21: Preventive, diagnostic, and treatments services (including eyeglasses) are covered as medically necessary in accordance with TENNderCare requirements.</p>
<p>Home Health Care</p>	<p>Medicaid /Standard Eligible, Age 21 and older: Covered as medically necessary and in accordance with the definition of Home Health Care at Rule 1200-13-13-.01 (for TennCare Medicaid) and Rule 1200-13-14-.01 (for TennCare Standard). Prior authorization required for home health nurse and home health aide services, as described in Rule 1200-13-13-.04 (for TennCare Medicaid) and 1200-13-14-.04 (for TennCare Standard).</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with the definition of Home Health Care at Rule 1200-13-13-.01 (for TennCare Medicaid) and Rule 1200-13-14-.01 (for TennCare Standard). Prior authorization required for home health nurse and home health aide services, as described in Rule 1200-13-13-.04 (for TennCare Medicaid) and 1200-13-14-.04 (for TennCare Standard).</p>

SERVICE	BENEFIT LIMIT
<p>Pharmacy Services</p>	<p>Pharmacy services shall be provided by the Pharmacy Benefits Manager (PBM), unless otherwise described below.</p> <p>The CONTRACTOR shall be responsible for reimbursement of injectable drugs obtained in an office/clinic setting and to providers providing both home infusion services and the drugs and biologics. The CONTRACTOR shall require that all home infusion claims contain National Drug Code (NDC) coding and unit information to be paid.</p> <p>Services reimbursed by the CONTRACTOR shall not be included in any pharmacy benefit limits established by TENNCARE for pharmacy services (see Section 2.6.2.2).</p>
<p>Durable Medical Equipment (DME)</p>	<p>As medically necessary.</p> <p>Specified DME services shall be covered/non-covered in accordance with TennCare rules and regulations.</p>
<p>Medical Supplies</p>	<p>As medically necessary.</p> <p>Specified medical supplies shall be covered/non-covered in accordance with TennCare rules and regulations.</p>
<p>Emergency Air And Ground Ambulance Transportation</p>	<p>As medically necessary.</p>
<p>Non-emergency Medical Transportation (including Non-Emergency Ambulance Transportation)</p>	<p>Covered non-emergency medical transportation (NEMT) services are necessary non-emergency transportation services provided to convey members to and from TennCare covered services (see definition in Exhibit A to Attachment XI). Non emergency transportation services shall be provided in accordance with federal law and the Bureau of TennCare’s rules and policies and procedures. TennCare covered services (see definition in Exhibit A to Attachment XI) include services provided to a member by a non-contract or non-TennCare provider if (a) the service is covered by Tennessee’s Medicaid State Plan or Section 1115 demonstration waiver, (b) the provider could be a TennCare provider for that service, and (c) the service is covered by a third party resource (see definition in Section 1 of the Agreement).</p> <p>If a member requires assistance, an escort (as defined in TennCare rules and regulations) may accompany the member; however, only one (1) escort is allowed per member (see TennCare rules and regulations). Except for fixed route and commercial carrier transport, the CONTRACTOR shall not make separate or additional</p>

SERVICE	BENEFIT LIMIT
	<p>payment to a NEMT provider for an escort. Covered NEMT services include having an accompanying adult ride with a member if the member is under age eighteen (18). Except for fixed route and commercial carrier transport, the CONTRACTOR shall not make separate or additional payment to a NEMT provider for an adult accompanying a member under age eighteen (18).</p> <p>The CONTRACTOR is not responsible for providing NEMT to HCBS, including services provided through a 1915(c) waiver program for persons with intellectual disabilities (i.e., mental retardation) and HCBS provided through the CHOICES program. However, as specified in Section 2.11.1.8 in the event the CONTRACTOR is unable to meet the access standard for adult day care (see Attachment III) for CHOICES Group 2 or 3 members, the CONTRACTOR shall provide and pay for the cost of transportation for the member to the adult day care facility until such time the CONTRACTOR has sufficient provider capacity.</p> <p>Mileage reimbursement, car rental fees, or other reimbursement for use of a private automobile (as defined in Exhibit A to Attachment XI) is not a covered NEMT service.</p> <p>If the member is a child, transportation shall be provided in accordance with TENNderCare requirements (see Section 2.7.6.4.6).</p> <p>Failure to comply with the provisions of this Section may result in liquidated damages.</p>
Renal Dialysis Services	As medically necessary.

SERVICE	BENEFIT LIMIT
<p>Private Duty Nursing</p>	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary in accordance with the definition of Private Duty Nursing at Rule 1200-13-13-.01 (for TennCare Medicaid) and Rule 1200-13-14-.01 (for TennCare Standard), when prescribed by an attending physician for treatment and services rendered by a Registered Nurse (R.N.) or a licensed practical nurse (L.P.N.) who is not an immediate relative. Private duty nursing services are limited to services that support the use of ventilator equipment or other life sustaining technology when constant nursing supervision, visual assessment, and monitoring of both equipment and patient are required. Prior authorization required, as described Rule 1200-13-13-.04 (for TennCare Medicaid) and 1200-13-14-.04 (for TennCare Standard).</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with the definition of Private Duty Nursing at Rule 1200-13-13-.01 (for TennCare Medicaid) and 1200-13-14-.01 (for TennCare Standard) when prescribed by an attending physician for treatment and services rendered by a registered nurse (R.N.) or a licensed practical nurse (L.P.N.), who is not an immediate relative. Prior authorization required as described in Rule 1200-13-13-.04 (for TennCare Medicaid) and 1200-13-14-.04 (for TennCare Standard).</p>
<p>Speech Therapy</p>	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary by a Licensed Speech Therapist to restore speech (as long as there is continued medical progress) after a loss or impairment. The loss or impairment must not be caused by a mental, psychoneurotic or personality disorder.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with TENNderCare requirements.</p>
<p>Occupational Therapy</p>	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary when provided by a Licensed Occupational Therapist to restore, improve, or stabilize impaired functions.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with TENNderCare requirements.</p>

SERVICE	BENEFIT LIMIT
Physical Therapy	<p>Medicaid/Standard Eligible, Age 21 and older: Covered as medically necessary when provided by a Licensed Physical Therapist to restore, improve, or stabilize impaired functions.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with TENNderCare requirements.</p>
Organ and Tissue Transplant And Donor Organ Procurement	<p>Medicaid/Standard Eligible, Age 21 and older: All medically necessary and non-investigational/experimental organ and tissue transplants, as covered by Medicare, are covered. These include, but may not be limited to: Bone marrow/Stem cell; Cornea; Heart; Heart/Lung; Kidney; Kidney/Pancreas; Liver; Lung; Pancreas; and Small bowel/Multi-visceral.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with TENNderCare requirements. Experimental or investigational transplants are not covered.</p>
Reconstructive Breast Surgery	<p>Covered in accordance with TCA 56-7-2507, which requires coverage of all stages of reconstructive breast surgery on a diseased breast as a result of a mastectomy, as well as surgical procedures on the non-diseased breast to establish symmetry between the two breasts in the manner chosen by the physician. The surgical procedure performed on a non-diseased breast to establish symmetry with the diseased breast shall only be covered if the surgical procedure performed on a non-diseased breast occurs within five (5) years of the date the reconstructive breast surgery was performed on a diseased breast.</p>
Chiropractic Services	<p>Medicaid/Standard Eligible, Age 21 and older: Not covered unless determined by the CONTRACTOR to be a cost effective alternative (see Section 2.6.5).</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary in accordance with TENNderCare requirements.</p>

2.6.1.4 CONTRACTOR Behavioral Health Benefits Chart

SERVICE	BENEFIT LIMIT
Psychiatric Inpatient Hospital Services (including physician services)	As medically necessary.
24-hour Psychiatric Residential Treatment	<p>Medicaid/Standard Eligible, Age 21 and older: As medically necessary.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary.</p>
Outpatient Mental Health Services (including physician services)	As medically necessary.
Inpatient, Residential & Outpatient Substance Abuse Benefits¹	<p>Medicaid/Standard Eligible, Age 21 and older: Limited to ten (10) days detox, \$30,000 in medically necessary lifetime benefits unless otherwise described in the 2008 Mental Health Parity Act as determined by TENNCARE.</p> <p>Medicaid/Standard Eligible, Under age 21: Covered as medically necessary.</p>
Mental Health Case Management	As medically necessary.
Psychiatric-Rehabilitation Services	As medically necessary.
Behavioral Health Crisis Services	As necessary.
Lab and X-ray Services	As medically necessary.
Non-emergency Medical Transportation (including Non-Emergency Ambulance Transportation)	Same as for physical health (see Section 2.6.1.3 above).

¹When medically appropriate, services in a licensed substance abuse residential treatment facility may be substituted for inpatient substance abuse services. Methadone clinic services are not covered for adults.

2.6.1.5 Long-Term Care Benefits for CHOICES Members

2.6.1.5.1 In addition to physical health benefits (see Section 2.6.1.3) and behavioral health benefits (see Section 2.6.1.4), the CONTRACTOR shall provide long-term care services (including HCBS and nursing facility care) as described in this Section 2.6.1.5 to members who have been enrolled into CHOICES by TENNCARE, as shown in the enrollment file furnished by TENNCARE to the CONTRACTOR, effective upon the CHOICES Implementation Date (see Section 1) for each Grand Region. Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, only members in CHOICES Group 1 will be enrolled with the CONTRACTOR. Therefore, unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the requirements in Section 2.6.1.5 applicable only to CHOICES Group 2 and/or 3 will not apply. When directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall, as directed by TENNCARE, comply with all of the requirements in Section 2.6.1.5.

2.6.1.5.2 TennCare enrollees will be enrolled by TENNCARE into CHOICES if the following conditions, at a minimum, are met:

2.6.1.5.2.1 TENNCARE or its designee determines the enrollee meets the categorical and financial eligibility criteria for CHOICES Group 1, 2 or 3;

2.6.1.5.2.2 For CHOICES Groups 1 and 2, TENNCARE determines that the enrollee meets nursing facility level of care;

2.6.1.5.2.3 For CHOICES Group 2, the CONTRACTOR or, for new TennCare applicants, TENNCARE or its designee, determines that the enrollee's combined HCBS, private duty nursing and home health care can be safely provided at a cost less than the cost of nursing facility care for the member;

2.6.1.5.2.4 For CHOICES Group 3, TENNCARE determines that the enrollee meets the at-risk level of care; and

2.6.1.5.2.5 For CHOICES Groups 2 and 3, if there is an enrollment target, TENNCARE determines that the enrollment target has not been met or, for CHOICES Group 2, approves the CONTRACTOR's request to provide HCBS as a cost effective alternative (see Section 2.6.5). Enrollees transitioning from a nursing facility to the community will not be subject to the enrollment target for CHOICES Group 2 but must meet categorical and financial eligibility for CHOICES Group 2.

2.6.1.5.3 For persons enrolled in CHOICES Group 2 as a result of Immediate Eligibility for CHOICES Group 2 (as defined in Section 1 of this Agreement), the CONTRACTOR shall provide a limited package of HCBS (personal care, attendant care, homemaker services, home-delivered meals, PERS, adult day care, and/or any other services as specified in TennCare rules and regulations) as identified through a needs assessment and specified in the plan of care. Upon notice that the State has determined that the member meets categorical and financial eligibility for TennCare CHOICES, the CONTRACTOR shall authorize additional services in accordance with Section 2.9.6.2.5. For members residing in a community-based residential alternative at the time of CHOICES enrollment, authorization for community-based residential alternative services shall be retroactive to the member’s effective date of CHOICES enrollment.

2.6.1.5.4 The following long-term care services are available to CHOICES members, per Group, when the services have been determined medically necessary by the CONTRACTOR.

Service and Benefit Limit	CHOICES Group 1	CHOICES Group 2	CHOICES Group 3
Nursing facility care	X	Short-term only (up to 90 days)	Short-term only (up to 90 days)
Community-based residential alternatives		X	
Personal care visits (up to 2 visits per day)		X	X
Attendant care (up to 1080 hours per calendar year)		X	X
Homemaker services (up to 3 visits per week)		X	X
Home-delivered meals (up to 1 meal per day)		X	X
Personal Emergency Response Systems (PERS)		X	X
Adult day care (up to 2080 hours per calendar year)		X	X
In-home respite care (up to 216 hours per calendar year)		X	X
In-patient respite care (up to 9 days per calendar year)		X	X
Assistive technology (up to \$900 per calendar year)		X	X
Minor home modifications (up to \$6,000 per project; \$10,000 per		X	X
Pest control (up to 9 units per calendar year)		X	X

- 2.6.1.5.5 In addition to the benefit limits described above, in no case shall the CONTRACTOR exceed the cost neutrality cap for CHOICES Group 2 or the expenditure cap for CHOICES Group 3. For members in CHOICES Group 2, the total cost of HCBS, home health care and private duty nursing shall not exceed a member's cost neutrality cap (as defined in Section 1 of this Agreement). For members in CHOICES Group 3, the total cost of HCBS, excluding minor home modifications, shall not exceed the expenditure cap (as defined in Section 1 of this Agreement).
- 2.6.1.5.6 Members in CHOICES Groups 2 or 3 may, pursuant to Section 2.9.7, choose to participate in consumer direction of HCBS and, at a minimum, hire, fire and supervise workers of eligible HCBS.
- 2.6.1.5.7 The CONTRACTOR shall monitor CHOICES members' receipt and utilization of long-term care services, identify CHOICES members who have not received long-term care services within a thirty (30) day period of time, and notify TENNCARE regarding these members pursuant to Section 2.30.10.5. TENNCARE will investigate to determine if the member should remain enrolled in CHOICES.
- 2.6.1.5.8 The CONTRACTOR may submit to TENNCARE a request to no longer provide long-term care services to a member due to concerns regarding the ability to safely and effectively care for the member in the community and/or to ensure the member's health, safety and welfare. Acceptable reasons for this request include but are not limited to the following:
 - 2.6.1.5.8.1 A member in CHOICES Group 2 for whom the CONTRACTOR has determined that it cannot safely and effectively meet the member's needs at a cost that is less than the member's cost neutrality cap, and the member declines to transition to a nursing facility;
 - 2.6.1.5.8.2 A member in CHOICES Group 2 or 3 who repeatedly refuses to allow a care coordinator entrance into his/her place of residence (see Section 2.9.6);
 - 2.6.1.5.8.3 A member in CHOICES Group 2 or 3 who refuses to receive critical HCBS as identified through a needs assessment and documented in the member's plan of care; and
 - 2.6.1.5.8.4 A member in CHOICES Group 1 who fails to pay his/her patient liability and the CONTRACTOR is unable to find a nursing facility willing to provide services to the member (see Section 2.6.7.2).
 - 2.6.1.5.8.5 The CONTRACTOR's request to no longer provide long-term care services to a member shall include documentation as specified by TENNCARE. The State shall make any and all determinations regarding whether the CONTRACTOR may discontinue providing long-term care services to a member, disenrollment from CHOICES, and, as applicable, termination from TennCare.

2.6.2 **TennCare Benefits Provided by TENNCARE**

TennCare shall be responsible for the payment of the following benefits:

2.6.2.1 Dental Services

Except as provided in Section 2.6.1.3 of this Agreement, dental services shall not be provided by the CONTRACTOR but shall be provided by a dental benefits manager (DBM) under contract with TENNCARE. Coverage of dental services is described in TennCare rules and regulations.

2.6.2.2 Pharmacy Services

Except as provided in Section 2.6.1.3 of this Agreement, pharmacy services shall not be provided by the CONTRACTOR but shall be provided by a pharmacy benefits manager (PBM) under contract with TENNCARE. Coverage of pharmacy services is described in TennCare rules and regulations. TENNCARE does not cover pharmacy services for enrollees who are dually eligible for TennCare and Medicare.

2.6.2.3 ICF/MR Services and Alternatives to ICF/MR Services

For qualified enrollees in accordance with TennCare policies and/or TennCare rules and regulations, TENNCARE covers the costs of long-term care institutional services in an Intermediate Care Facility for the Mentally Retarded (ICF/MR) or alternative to an ICF/MR provided through a Home and Community Based Services (HCBS) waiver for persons with intellectual disabilities (i.e., mental retardation) (referred to as an ID HCBS waiver).

2.6.3 **Medical Necessity Determination**

2.6.3.1 The CONTRACTOR may establish procedures for the determination of medical necessity. The determination of medical necessity shall be made on a case by case basis and in accordance with the definition of medical necessity defined in TCA 71-5-144 and TennCare rules and regulations. However, this requirement shall not limit the CONTRACTOR's ability to use medically appropriate cost effective alternative services in accordance with Section 2.6.5.

2.6.3.2 The CONTRACTOR shall not employ, and shall not permit others acting on their behalf to employ, utilization control guidelines or other quantitative coverage limits, whether explicit or de facto, unless supported by an individualized determination of medical necessity based upon the needs of each TennCare enrollee and his/her medical history. The CONTRACTOR shall have the ability to place tentative limits on a service; however, such tentative limits placed by the CONTRACTOR shall be exceeded (up to the applicable benefit limits on behavioral health and long-term care services provided in Section 2.6.1.4 and 2.6.1.5 above) when medically necessary based on a member's individual characteristics.

2.6.3.3 The CONTRACTOR shall not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of the diagnosis, type of illness, or condition.

2.6.3.4 The CONTRACTOR may deny services that are non-covered except as otherwise required by TENNderCare or unless otherwise directed to provide by TENNCARE and/or an administrative law judge.

2.6.3.5 All medically necessary services shall be covered for enrollees under twenty-one (21) years of age in accordance with TENNderCare requirements (see Section 2.7.6).

2.6.4 **Second Opinions**

The CONTRACTOR shall provide for a second opinion in any situation where there is a question concerning a diagnosis or the options for surgery or other treatment of a health condition when requested by a member, parent and/or legally appointed representative. The second opinion shall be provided by a contracted qualified health care professional or the CONTRACTOR shall arrange for a member to obtain one from a non-contract provider. The second opinion shall be provided at no cost to the member.

2.6.5 **Use of Cost Effective Alternative Services**

2.6.5.1 The CONTRACTOR shall be allowed to use cost effective alternative services, whether listed as covered or non-covered or omitted in Section 2.6.1 of this Agreement, when the use of such alternative services is medically appropriate and is cost effective. This may include, for example, use of nursing facilities as step down alternatives to acute care hospitalization or hotel accommodations for persons on outpatient radiation therapy to avoid the rigors of daily transportation. The CONTRACTOR shall comply with TennCare policies and procedures. As provided in the applicable TennCare policies and procedures, services not listed in the TennCare policies and procedures must be prior approved in writing by TENNCARE. The Medical Fund Target described elsewhere in this Agreement shall not be increased or decreased because of the use of alternative services. The CONTRACTOR shall maintain documentation that demonstrates the cost effectiveness of any non-covered services that are provided to TennCare enrollees and for which the CONTRACTOR seeks reimbursement from the State. A report summarizing all such documentation for the preceding year shall be submitted by the CONTRACTOR in accordance with Section 2.30.22.3.

2.6.5.2 For members in CHOICES Groups 2 and 3, the CONTRACTOR may choose to provide the following as a cost effective alternative to other covered services:

2.6.5.2.1 HCBS to CHOICES members who would otherwise receive nursing facility care. If a member meets categorical and financial eligibility requirements for enrollment in CHOICES Group 2 and also meets the nursing facility level of care, as determined by TENNCARE, and would otherwise remain in or be admitted to a nursing facility (as determined by the CONTRACTOR and demonstrated to the satisfaction of TENNCARE), the CONTRACTOR may, at its discretion and upon TENNCARE written prior approval, offer that member HCBS as a cost effective alternative to nursing facility care (see Section 2.9.6.3.13). In this instance, TENNCARE will enroll the member receiving HCBS as a cost effective alternative to nursing facility services in CHOICES Group 2, notwithstanding any enrollment target for CHOICES Group 2 that has been reached.

- 2.6.5.2.2 HCBS to members in CHOICES Group 2 in excess of the benefit limits described in Section 2.6.1.5.4 as a cost effective alternative to nursing facility care or covered home health services.
- 2.6.5.2.3 HCBS to members in CHOICES Group 3 in excess of the benefit limits described in Section 2.6.1.5.4 as a cost effective alternative to covered home health services. Members in CHOICES Group 3 do not meet nursing facility level of care and as such, HCBS in excess of benefit limits specified in Section 2.6.1.5.4 may not be offered as a cost effective alternative to nursing facility care.
- 2.6.5.2.4 Non-covered HCBS services to members in CHOICES Group 2 not otherwise specified in this Agreement or in applicable TennCare policies and procedures, upon written prior approval from TENNCARE.
- 2.6.5.2.5 For members in CHOICES Group 2 transitioning from a nursing facility to a community setting, a one-time transition allowance, per member. The amount of the transition allowance shall not exceed two thousand dollars (\$2,000) and may be used for items such as, but not limited to, the first month's rent and/or utility deposits, kitchen appliances, furniture, and basic household items.
- 2.6.5.2.6 For members in CHOICES Group 2 or 3, non-emergency medical transportation (NEMT) not otherwise covered by this Agreement.
- 2.6.5.3 If the CONTRACTOR chooses to provide cost effective alternative services to a member in CHOICES Group 2 or 3, in no case shall the cost of HCBS, private duty nursing and home health care for CHOICES Group 2 exceed a member's cost neutrality cap nor the total cost of HCBS, excluding minor home modifications, for members in CHOICES Group 3 exceed the expenditure cap. The total cost of HCBS includes all HCBS (whether otherwise covered or not covered) and other services that are offered as a cost effective alternative to nursing facility care, HCBS, or home health, including, as applicable, the one-time transition allowance for CHOICES Group 2 and NEMT for CHOICES Groups 2 and 3.

2.6.6 Additional Services and Use of Incentives

- 2.6.6.1 The CONTRACTOR shall not advertise any services that are not required by this Agreement other than those covered pursuant to Section 2.6.1 of this Agreement.
- 2.6.6.2 The CONTRACTOR shall not offer or provide any services other than services covered by this Agreement (see Section 2.6.1) or services provided as a cost effective alternative (see Section 2.6.5) of this Agreement. However, the CONTRACTOR may provide incentives that have been specifically prior approved in writing by TENNCARE. For example, TENNCARE may approve the use of incentives given to enrollees to encourage participation in disease management programs.

2.6.7 Cost Sharing and Patient Liability

2.6.7.1 General

The CONTRACTOR and all providers and subcontractors shall not require any cost sharing or patient liability responsibilities for covered services except to the extent

that cost sharing or patient liability responsibilities are required for those services by TENNCARE in accordance with TennCare rules and regulations, including but not limited to, holding enrollees liable for debt due to insolvency of the CONTRACTOR or non-payment by the State to the CONTRACTOR. Further, the CONTRACTOR and all providers and subcontractors shall not charge enrollees for missed appointments.

2.6.7.2 Patient Liability

2.6.7.2.1 TENNCARE will notify the CONTRACTOR of any applicable patient liability amounts for members in CHOICES Group 1 via the eligibility/enrollment file. The CONTRACTOR shall delegate collection of patient liability to the nursing facility and shall pay the facility net of the applicable patient liability amount.

2.6.7.2.2 In accordance with the involuntary discharge process, including notice and appeal (see Section 2.12.11.3), a nursing facility may refuse to continue providing services to a member who fails to pay his or her patient liability and for whom the nursing facility can demonstrate to the CONTRACTOR that it has made a good faith effort to collect payment.

2.6.7.2.3 If the CONTRACTOR is notified that a nursing facility is considering discharging a member (see Section 2.12.11.3), the CONTRACTOR shall work to find an alternate nursing facility willing to serve the member and document its efforts in the member's files.

2.6.7.2.4 If the CONTRACTOR is unable to find an alternate nursing facility willing to serve the member, and the CONTRACTOR has been directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2, and the member otherwise qualifies to enroll in CHOICES Group 2, the CONTRACTOR shall determine if it can safely and effectively serve the member in the community and within the cost neutrality cap. If it can, the member shall be offered a choice of HCBS. If the member chooses HCBS, the CONTRACTOR shall forward all relevant information to TENNCARE for a decision regarding enrollment in CHOICES Group 2 (see Section 2.9.6.3).

2.6.7.2.5 If the CONTRACTOR is unable to find an alternate nursing facility willing to serve the member and the CONTRACTOR determines that it cannot safely and effectively serve the member in the community and within the cost neutrality cap, the member declines to enroll in CHOICES Group 2, or TENNCARE denies enrollment in CHOICES Group 2, the CONTRACTOR may, pursuant to Section 2.6.1.5.8, request to no longer provide long-term care services to the member.

2.6.7.3 Preventive Services

TennCare cost sharing or patient liability responsibilities shall apply to covered services other than the preventive services described in TennCare rules and regulations.

2.6.7.4 Cost Sharing Schedule

The current TennCare cost sharing schedule is included in this Agreement as Attachment II. The CONTRACTOR shall not waive or use any alternative cost sharing schedules, unless required by TENNCARE.

2.6.7.5 Provider Requirements

2.6.7.5.1 Providers or collection agencies acting on the provider's behalf may not bill enrollees for amounts other than applicable TennCare cost sharing or patient liability amounts for covered services, including but not limited to, services that the State or the CONTRACTOR has not paid for, except as permitted by TennCare rules and regulations and as described below. Providers may seek payment from an enrollee only in the following situations.

2.6.7.5.1.1 If the services are not covered services and, prior to providing the services, the provider informed the enrollee that the services were not covered. The provider shall inform the enrollee of the non-covered service and have the enrollee acknowledge the information. If the enrollee still requests the service, the provider shall obtain such acknowledgment in writing prior to rendering the service. Regardless of any understanding worked out between the provider and the enrollee about private payment, once the provider bills an MCO for the service that has been provided, the prior arrangement with the enrollee becomes null and void without regard to any prior arrangement worked out with the enrollee.

2.6.7.5.1.2 If the enrollee's TennCare eligibility is pending at the time services are provided and if the provider informs the person they will not accept TennCare assignment whether or not eligibility is established retroactively. Regardless of any understanding worked out between the provider and the enrollee about private payment, once the provider bills an MCO for the service the prior arrangement with the enrollee becomes null and void without regard to any prior arrangement worked out with the enrollee.

2.6.7.5.1.3 If the enrollee's TennCare eligibility is pending at the time services are provided, however, all monies collected, except applicable TennCare cost sharing or patient liability amounts shall be refunded when a claim is submitted to an MCO because the provider agreed to accept TennCare assignment once retroactive TennCare eligibility was established. (The monies collected shall be refunded as soon as a claim is submitted and shall not be held conditionally upon payment of the claim.)

2.6.7.5.1.4 If the services are not covered because they are in excess of an enrollee's benefit limit, and the provider complies with applicable TennCare rules and regulations.

2.6.7.5.2 The CONTRACTOR shall require, as a condition of payment, that the provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payer) plus any applicable amount of TennCare cost sharing or patient liability responsibilities due from the enrollee as payment in full for the service. Except in the circumstances described above, if the CONTRACTOR is aware that a provider, or a collection agency acting on the provider's behalf, bills an enrollee for amounts other than the applicable amount of TennCare cost sharing or patient liability responsibilities due from the enrollee, the CONTRACTOR shall notify the provider and demand that the provider and/or collection agency cease such action against the enrollee immediately. If a provider continues to bill an enrollee after notification by the CONTRACTOR, the CONTRACTOR shall refer the provider to the Tennessee Bureau of Investigation.

9. Section 2.6.8 shall be deleted in its entirety and replaced with the following:

2.6.8 Immediate Eligibility for Children in DCS Custody

Effective January 1, 2002, when a child enters DCS custody, DCS will provide the CONTRACTOR with the child's information. In order to give children in DCS adequate access to covered services, including TENNderCare, until a final determination can be made on their TennCare eligibility, the CONTRACTOR shall accept notification from DCS and adhere to the following requirements to insure that eligibility is provided. Upon receipt of notification from DCS, the CONTRACTOR shall determine whether or not the child is otherwise enrolled in TennCare. If the child is not currently enrolled, the CONTRACTOR shall immediately build a forty-five (45) day TennCare eligibility record effective on the date the child was placed in State custody and identify the child as a child in State custody, or group 1.A enrollee. The CONTRACTOR shall generate a letter that will explain that the child has been given forty-five (45) days of coverage from their custody date, pending a final eligibility determination. The CONTRACTOR is not required to assign a child for whom Immediate Eligibility has been established to a BPN PCP until TennCare eligibility is confirmed. The CONTRACTOR shall fax the BPN enrollment form and a letter of notification to the DCS Case Manager. The CONTRACTOR's BPN staff shall work with DCS to obtain a TENNderCare visit with a BPN provider within twenty-one (21) days of request but no later than thirty (30) days of enrollment. After twenty-five (25) days of Immediate Eligibility coverage, the CONTRACTOR shall identify children whose Immediate Eligibility will end in twenty (20) days to the DCS Program Coordinator of Health Advocacy. The child shall be eligible for the TennCare Medicaid benefit package effective on the date the child was placed in custody through the 45th day of the Immediate Eligibility period or the date of receipt of a TennCare eligibility record, whichever occurs earlier. If the CONTRACTOR receives a TennCare eligibility record prior to the end of the forty-five (45) day eligibility period, the child shall be eligible for benefits in accordance with their TennCare eligibility status effective on the date of receipt of the eligibility record.

In regards to TENNderCare reporting, the CONTRACTOR will continue to only report on those children whose TennCare eligibility has appeared on the DCS Tape received from TENNCARE and who are assigned to MCO 11.

10. Section 2.7 shall be amended by deleting Section 2.7 in its entirety and replacing it with the following and renumbering all references thereto:

2.7 SPECIALIZED SERVICES

2.7.1 Emergency Services

2.7.1.1 Emergency services (as defined in Section 1 of this Agreement) shall be available twenty-four (24) hours a day, seven (7) days a week.

2.7.1.2 The CONTRACTOR shall review and approve or disapprove claims for emergency services based on the definition of emergency medical condition specified in Section 1 of this Agreement. The CONTRACTOR shall base coverage decisions for emergency services on the severity of the symptoms at the time of presentation and shall cover emergency services where the presenting symptoms are of sufficient severity to constitute an emergency medical condition in the judgment of a prudent layperson. The CONTRACTOR shall not impose restrictions on coverage of emergency services more restrictive than those permitted by the prudent layperson standard.

2.7.1.3 The CONTRACTOR shall provide coverage for inpatient and outpatient emergency services, furnished by a qualified provider, regardless of whether the member obtains the services from a contract provider, that are needed to evaluate or stabilize an emergency medical condition that is found to exist using the prudent layperson standard. These services shall be provided without prior authorization in accordance with 42 CFR 438.114. The CONTRACTOR shall pay for any emergency screening examination services conducted to determine whether an emergency medical condition exists and for all emergency services that are medically necessary until the member is stabilized.

2.7.1.4 If an emergency screening examination leads to a clinical determination by the examining provider that an actual emergency medical condition exists, the CONTRACTOR shall pay for both the services involved in the screening examination and the services required to stabilize the member. The CONTRACTOR shall be required to pay for all emergency services which are medically necessary until the clinical emergency is stabilized. This includes all medical and behavioral health services that may be necessary to assure, within reasonable medical probability, that no material deterioration of the member's condition is likely to result from, or occur during, discharge of the member or transfer of the member to another facility. If there is a disagreement between the treating facility and the CONTRACTOR concerning whether the member is stable enough for discharge or transfer, or whether the medical benefits of an un-stabilized transfer outweigh the risks, the judgment of the attending provider(s) actually caring for the member at the treating facility prevails and is binding on the CONTRACTOR. The CONTRACTOR, however, may establish arrangements with a treating facility whereby the CONTRACTOR may send one of its own providers with appropriate emergency room privileges to assume the attending provider's responsibilities to stabilize, treat, and transfer the member, provided that such arrangement does not delay the provision of emergency services.

- 2.7.1.5 The CONTRACTOR shall not retroactively deny a claim for an emergency screening examination because the condition, which appeared to be an emergency medical condition under the prudent layperson standard, turned out to be non-emergency in nature. If an emergency screening examination leads to a clinical determination by the examining provider that an actual emergency medical condition does not exist, then the determining factor for payment liability shall be whether the member had acute symptoms of sufficient severity at the time of presentation. In such cases, the CONTRACTOR shall review the presenting symptoms of the member and shall pay for all services involved in the screening examination where the presenting symptoms (including severe pain) were of sufficient severity to have warranted emergency attention under the prudent layperson standard regardless of final diagnosis.
- 2.7.1.6 When the member's PCP or the CONTRACTOR instructs the member to seek emergency services, the CONTRACTOR shall be responsible for payment for the medical screening examination and for other medically necessary emergency services, without regard to whether the member's condition meets the prudent layperson standard.
- 2.7.1.7 Once the member's condition is stabilized, the CONTRACTOR may require prior authorization for hospital admission or follow-up care.

2.7.2 Behavioral Health Services

2.7.2.1 General Provisions

- 2.7.2.1.1 The CONTRACTOR shall provide all behavioral health services as described in this Section, Section 2.6.1 and Attachment I.
- 2.7.2.1.2 The CONTRACTOR shall provide behavioral health services in accordance with best practice guidelines, rules and regulations, and policies and procedures issued by TDMHDD and approved by the Bureau of TennCare, including but not limited to "Managed Care Standards for Delivery of Behavioral Health Services".
- 2.7.2.1.3 The CONTRACTOR shall ensure that all members receiving behavioral health services from providers whose primary focus is to render behavioral health services have individualized treatment plans. Providers included in this requirement are:
 - 2.7.2.1.3.1 Community mental health agencies;
 - 2.7.2.1.3.2 Case management agencies;
 - 2.7.2.1.3.3 Psychiatric rehabilitation agencies;
 - 2.7.2.1.3.4 Psychiatric and substance abuse residential treatment facilities; and
 - 2.7.2.1.3.5 Psychiatric and substance abuse inpatient facilities.
- 2.7.2.1.4 Individualized treatment plans shall be completed within thirty (30) calendar days of the start date of service and updated every six (6) months, or more frequently as clinically appropriate. The treatment plans shall be developed, negotiated and agreed upon by the members and/or their support systems in face-to-face encounters and

shall be used to identify the treatment needs necessary to meet the members' stated goals. The duration and intensity of treatment shall promote the recovery and resilience of members and shall be documented in the treatment plans.

2.7.2.2 Psychiatric Inpatient Hospital Services

2.7.2.2.1 The CONTRACTOR shall ensure that all psychiatric inpatient hospitals serving children, youth, and adults separate members by age and render developmental age appropriate services.

2.7.2.2.2 The CONTRACTOR shall require that all psychiatric inpatient facilities are accredited by the Joint Commission and accept voluntary and involuntary admissions.

2.7.2.3 24-Hour Psychiatric Residential Treatment

2.7.2.3.1 The CONTRACTOR shall ensure that 24-hour psychiatric residential treatment facilities (RTFs) serving children, youth, and adults separate members by age and render developmental age appropriate services.

2.7.2.3.2 The CONTRACTOR shall ensure RTFs have the capacity to render short term crisis stabilization and long-term treatment and rehabilitation.

2.7.2.3.3 The CONTRACTOR shall ensure all RTFs meet local housing codes.

2.7.2.3.4 The CONTRACTOR shall ensure all RTFs are accredited by a State-recognized accreditation organization as required by 42 CFR 441.151.

2.7.2.4 Outpatient Mental Health Services

2.7.2.4.1 The CONTRACTOR shall ensure that outpatient mental health providers (including providers of intensive outpatient and providers of partial hospitalization services) serving children, youth and adults separate members by age and render developmental age appropriate services.

2.7.2.4.2 The CONTRACTOR shall ensure outpatient mental health providers are capable of rendering services both on and off site, as appropriate, depending on the services being rendered. On site services include, but are not limited to intensive outpatient services, partial hospitalization and many types of therapy. Off site services include but are not limited to intensive in home service for children and youth and home and community treatment for adults.

2.7.2.5 Inpatient, Residential & Outpatient Substance Abuse Services

2.7.2.5.1 The CONTRACTOR shall provide substance abuse treatment through inpatient, residential and outpatient services.

2.7.2.5.2 Detoxification services may be rendered as part of inpatient, residential or outpatient services, as clinically appropriate. The CONTRACTOR shall ensure all member detoxifications are supervised by Tennessee licensed physicians with a minimum daily re-evaluations by a physician or a registered nurse.

2.7.2.6 Mental Health Case Management

2.7.2.6.1 The CONTRACTOR shall provide mental health case management services only through providers licensed by the State to provide mental health outpatient services.

2.7.2.6.2 The CONTRACTOR shall provide mental health case management services according to mental health case management standards set by the State and outlined in Attachment I. Mental health case management services shall consist of two (2) levels of service as specified in Attachment I.

2.7.2.6.3 The CONTRACTOR shall require its providers to collect and submit individual encounter records for each mental health case management visit, regardless of the method of payment by the CONTRACTOR. The CONTRACTOR shall identify and separately report “level 1” and “level 2” mental health case management encounters outlined in Attachment I.

2.7.2.6.4 The CONTRACTOR shall require mental health case managers to involve the member, the member’s family or parent(s), or legally appointed representative, PCP, care coordinator for CHOICES members, and other agency representatives, if appropriate and authorized by the member as required, in mental health case management activities.

2.7.2.6.5 The CONTRACTOR shall ensure the continuing provision of mental health case management services to members under the conditions and time frames indicated below:

2.7.2.6.5.1 Members receiving mental health case management services at the start date of operations shall be maintained in mental health case management until such time as the member no longer qualifies on the basis of medical necessity or refuses treatment;

2.7.2.6.5.2 Members discharged from psychiatric inpatient hospitals and psychiatric residential treatment facilities shall be evaluated for mental health case management services and provided with appropriate behavioral health follow-up services; and

2.7.2.6.5.3 The CONTRACTOR shall review the cases of members referred by PCPs or otherwise identified to the CONTRACTOR as potentially in need of mental health case management services and shall contact and offer such services to all members who meet medical necessity criteria.

2.7.2.7 Psychiatric Rehabilitation Services

The CONTRACTOR shall provide psychiatric rehabilitation services in accordance with the requirements in Attachment I. As described in Attachment I, the covered array of services available under psychiatric rehabilitation are psychosocial rehabilitation, supported employment, peer support, illness management and recovery, and supported housing. An individual may receive one or more of these services and may receive different services from different providers.

2.7.2.8 Behavioral Health Crisis Services

2.7.2.8.1 *Entry into the Behavioral Health Crisis Services System*

2.7.2.8.1.1 The State shall maintain a statewide toll-free telephone number for entry into the behavioral health crisis system. This line shall be for any individual in the general population for the purposes of providing immediate phone intervention by trained crisis specialists and dispatch of mobile crisis teams.

2.7.2.8.1.2 The CONTRACTOR shall ensure that the crisis telephone line is linked to an appropriate crisis service team staffed by qualified crisis service providers in order to provide crisis intervention services to members.

2.7.2.8.1.3 As required in Section 2.11.5.3, the CONTRACTOR shall contract with specified crisis service teams for both adults and children as directed by the State.

2.7.2.8.1.4 The CONTRACTOR shall require the crisis service teams to provide telephone and walk-in triage screening services, telephone and face-to-face crisis intervention/assessment services, and follow-up telephone or face-to-face assessments to ensure the safety of the member until the member's treatment begins and/or the crisis is alleviated and/or stabilized.

2.7.2.8.1.5 Prior to admission to a psychiatric inpatient hospital on an involuntary basis, the CONTRACTOR shall ensure that the member has been evaluated by a crisis team. In addition, the CONTRACTOR shall ensure that Tennessee's statutory requirement for a face-to-face evaluation by a mandatory pre-screening agent (MPA), is conducted to assess eligibility for emergency involuntary admission to an RMHI (Regional Mental Health Institute) and determine whether all available less drastic alternatives services and supports are unsuitable.

2.7.2.8.2 *Behavioral Health Crisis Respite and Crisis Stabilization Services*

2.7.2.8.2.1 The CONTRACTOR shall ensure access to behavioral health crisis respite and crisis stabilization services.

2.7.2.8.2.2 Behavioral health crisis respite services provide immediate shelter to members with emotional/behavioral problems who are in need of emergency respite. The CONTRACTOR shall ensure that behavioral health crisis respite services are provided in a CONTRACTOR approved community location.

2.7.2.8.2.3 The CONTRACTOR shall ensure behavioral health crisis stabilization services are rendered at sites licensed by the State. These services are more intensive than regular behavioral health crisis services in that they require more secure environments, highly trained staff, and typically have longer stays.

2.7.2.8.3 The CONTRACTOR shall monitor behavioral health crisis services and report information to TENNCARE on a quarterly basis as described in Section 2.30.4.4.

2.7.2.9 Clinically Related Group (CRG) and Target Population Group (TPG) Assessments

2.7.2.9.1 The CONTRACTOR shall provide CRG/TPG assessments in response to requests from members or legally appointed representatives or, in the case of minors, the members' parents or legally appointed representatives, behavioral health providers, PCPs, or the State.

2.7.2.9.2 The CONTRACTOR shall complete CRG/TPG assessments within fourteen (14) calendar days of the requests. The CONTRACTOR shall not require prior authorization in order for a member to receive a CRG/TPG assessment.

2.7.2.9.3 The CONTRACTOR shall ensure that its contract providers are trained and that there is sufficient capacity to perform CRG/TPG assessments. The CONTRACTOR shall require providers to use the CRG/TPG assessment form(s) as appropriate, prescribed by and in accordance with the policies of the state. The CRG/TPG assessments shall be subject to review and prior written approval by the State.

2.7.2.9.4 The CONTRACTOR shall identify persons in need of CRG/TPG assessments. The CONTRACTOR shall use the CRG/TPG assessments to identify persons who are SPMI or SED for reporting and tracking purposes, in accordance with the definitions contained in Section 1.

2.7.2.9.5 The CONTRACTOR shall ensure that providers who perform CRG/TPG assessments have been trained and authorized by the State to perform CRG/TPG assessments. Certified trainers shall be responsible for providing rater training within their agencies.

2.7.2.9.6 The CONTRACTOR shall reject all CRG/TPG assessments completed by unapproved raters. The CONTRACTOR shall report on rejected assessments as required in Section 2.30.4.6.

2.7.2.9.7 The CONTRACTOR shall conduct audits of CRG/TPG assessments for accuracy and conformity to state policies and procedures. The CONTRACTOR shall audit all providers conducting these assessments on at least an annual basis. The methodology for these audits and the results of these audits shall be reported as required in Sections 2.30.4.7 and 2.30.4.8.

2.7.2.10 Judicial Services

2.7.2.10.1 The CONTRACTOR shall provide covered court ordered behavioral health services to its members pursuant to court order(s). The CONTRACTOR shall furnish these services in the same manner as services furnished to other members.

2.7.2.10.2 The CONTRACTOR shall provide for behavioral health services to its members in accordance with state law. Specific laws employed include the following:

2.7.2.10.2.1 Psychiatric treatment for persons found by the court to require judicial psychiatric hospitalization (TCA 33-6 part 4 and part 5). The CONTRACTOR may apply medical necessity criteria to the situation after twenty-four (24) hours of emergency services, unless there is a court order prohibiting release;

- 2.7.2.10.2.2 Judicial review of discharge for persons hospitalized by a circuit, criminal or juvenile court (TCA 33-6-708);
- 2.7.2.10.2.3 Access to and provision of mandatory outpatient psychiatric treatment and services to persons who are discharged from psychiatric hospitals after being hospitalized (TCA 33-6, Part 6);
- 2.7.2.10.2.4 Inpatient psychiatric examination for up to forty-eight (48) hours for persons whom the court has ordered to be detained for examination but who have been unwilling to be evaluated for hospital admission (TCA 33-3-607);
- 2.7.2.10.2.5 Voluntary psychiatric hospitalization for persons when determined to be medically necessary, subject to the availability of suitable accommodations (TCA 33-6, Part 2); and
- 2.7.2.10.2.6 Voluntary psychiatric hospitalization for persons with a severe impairment when determined to be medically necessary but who do not meet the criteria for emergency involuntary hospitalization, subject to the availability of suitable accommodations (TCA 33-6, Part 3).

2.7.2.11 Mandatory Outpatient Treatment

- 2.7.2.11.1 The CONTRACTOR shall provide mandatory outpatient treatment for individuals found not guilty by reason of insanity following a thirty (30) to sixty (60) calendar day inpatient evaluation. Treatment can be terminated only by the court pursuant to TCA 33-7-303(b).
- 2.7.2.11.2 The State will assume responsibility for all forensic services other than the mandatory outpatient treatment service identified in Section 2.7.2.11.1 (TCA 33-7-301(a), 33-7-301(b), 33-7-303(a) and 33-7-303(c)).

2.7.3 Self-Direction of Health Care Tasks

The CONTRACTOR shall, as specified in TennCare rules and regulations, offer CHOICES Group 2 and 3 members the option to direct and supervise a paid personal aide in the performance of health care tasks.

2.7.4 Health Education and Outreach

- 2.7.4.1 The CONTRACTOR shall develop programs and participate in activities to enhance the general health and well-being of members. Health education and outreach programs and activities may include the following:
 - 2.7.4.1.1 General physical, behavioral health and long-term care education classes;
 - 2.7.4.1.2 Mental illness awareness programs and education campaigns with special emphasis on events such as National Mental Health Month and National Depression Screening Day;
 - 2.7.4.1.3 Smoking cessation programs with targeted outreach for adolescents and pregnant women;

- 2.7.4.1.4 Nutrition counseling;
- 2.7.4.1.5 Early intervention and risk reduction strategies to avoid complications of disability and chronic illness;
- 2.7.4.1.6 Prevention and treatment of substance abuse;
- 2.7.4.1.7 Self care training, including self-examination;
- 2.7.4.1.8 Need for clear understanding of how to take medications and the importance of coordinating all medications;
- 2.7.4.1.9 Understanding the difference between emergent, urgent and routine health conditions;
- 2.7.4.1.10 Education for members on the significance of their role in their overall health and welfare and available resources;
- 2.7.4.1.11 Education for caregivers on the significance of their role in the overall health and welfare of the member and available resources;
- 2.7.4.1.12 Education for members and caregivers about identification and reporting of suspected abuse and neglect;
- 2.7.4.1.13 Telephone calls, mailings and home visits to current members for the sole purpose of educating current members about services offered by or available through the CONTRACTOR's MCO; and
- 2.7.4.1.14 General activities that benefit the entire community (e.g., health fairs and school activity sponsorships).
- 2.7.4.2 The CONTRACTOR shall ensure that all health education and outreach activities are prior approved in writing by TENNCARE (see Section 2.16.2 and Section 2.17.1).

2.7.5 Preventive Services

2.7.5.1 The CONTRACTOR shall provide preventive services which include, but are not limited to, initial and periodic evaluations, family planning services, prenatal care, laboratory services and immunizations in accordance with TennCare rules and regulations. These services shall be exempt from TennCare cost sharing responsibilities described in Section 2.6.7 of this Agreement (see TennCare rules and regulations for service codes).

2.7.5.2 Prenatal Care

2.7.5.2.1 The CONTRACTOR shall provide or arrange for the provision of medically necessary prenatal care to members beginning on the date of their enrollment in the CONTRACTOR's MCO. This requirement includes pregnant women who are presumptively eligible for TennCare, enrollees who become pregnant, as well as enrollees who are pregnant on the effective date of enrollment in the CONTRACTOR's

MCO. The requirement to provide or arrange for the provision of medically necessary prenatal care shall include assistance in making a timely appointment for a woman who is presumptively eligible and shall be provided as soon as the CONTRACTOR becomes aware of the enrollment. For a woman in her second or third trimester, the appointment shall occur as required in Section 2.11.4.2. In the event a member enrolling in the CONTRACTOR's MCO is receiving medically necessary prenatal care services the day before enrollment, the CONTRACTOR shall comply with the requirements in Sections 2.9.2.2 and 2.9.2.3 regarding prior authorization of prenatal care.

- 2.7.5.2.2 Failure of the CONTRACTOR to respond to a member's request for prenatal care by failing to identify a prenatal care provider to honor a request from a member, including a presumptively eligible member, (or from a PCP or patient advocate acting on behalf of a member) for a prenatal care appointment shall be considered a material breach of this Agreement.
- 2.7.5.2.3 The CONTRACTOR shall notify all contract providers that any unreasonable delay in providing care to a pregnant member seeking prenatal care shall be considered a material breach of the provider's agreement with the CONTRACTOR. Unreasonable delay in care for pregnant members shall mean failure of the prenatal care provider to meet the accessibility requirements required in Section 2.11.4 of this Agreement.

2.7.6 **TENNderCare**

2.7.6.1 General Provisions

- 2.7.6.1.1 The CONTRACTOR shall provide TENNderCare services to members under age twenty-one (21) in accordance with TennCare and federal requirements including TennCare rules and regulations, TennCare policies and procedures, 42 USC 1396a(a)(43), 1396d(a) and (r), 42 CFR Part 441, Subpart B, the Omnibus Budget Reconciliation Act of 1989, and the State Medicaid Manual. TENNderCare services means early and periodic screening, diagnosis and treatment of members under age twenty-one (21) to ascertain children's individual (or individualized/or on an individual basis) physical and mental defects, and providing treatment to correct or ameliorate, or prevent from worsening defects and physical and mental illnesses and conditions discovered by the screening services, regardless of whether the required service is a covered benefit as described in Section 2.6.1.
- 2.7.6.1.2 The CONTRACTOR shall use the name "TENNderCare" in describing or naming the State's EPSDT program or services. This requirement is applicable for all policies, procedures and other material, regardless of the format or media. No other names or labels shall be used.
- 2.7.6.1.3 The CONTRACTOR shall have written policies and procedures for the TENNderCare program that include coordinating services with child-serving agencies and providers, providing all medically necessary TENNderCare services to all eligible members under the age of twenty-one (21) regardless of whether the service is included in the Medicaid State Plan, and conducting outreach and education. The CONTRACTOR shall ensure the availability and accessibility of required health care resources and shall help members and their parents or legally appointed representatives use these resources effectively.

- 2.7.6.1.4 The CONTRACTOR shall be responsible for and comply with all provisions related to screening, vision, dental, and hearing services (including making arrangements for necessary follow-up if all components of a screen cannot be completed in a single visit).
- 2.7.6.1.5 The CONTRACTOR shall:
 - 2.7.6.1.5.1 Require that providers provide TENNderCare services;
 - 2.7.6.1.5.2 Require that providers make appropriate referrals and document said referrals in the member's medical record;
 - 2.7.6.1.5.3 Educate contract providers about proper coding and encourage them to submit the appropriate diagnosis codes identified by TENNCARE in conjunction with evaluation and management procedure codes for TENNderCare services;
 - 2.7.6.1.5.4 Educate contract providers about how to submit claims with appropriate codes and modifiers as described in standardized billing requirements (e.g., CPT, HCPCS, etc.) and require that they adjust billing methodology according to described components of said procedure codes/modifiers; and
 - 2.7.6.1.5.5 Monitor provider compliance with required TENNderCare activities including compliance with proper coding.
- 2.7.6.1.6 The CONTRACTOR shall require that its contract providers notify the CONTRACTOR in the event a screening reveals the need for other health care services and the provider is unable to make an appropriate referral for those services. Upon notification of the inability to make an appropriate referral, the CONTRACTOR shall secure an appropriate referral and contact the member to offer scheduling assistance and transportation for members lacking access to transportation. In the event the failed referral is for dental services, the CONTRACTOR shall coordinate with the DBM to arrange for services.
- 2.7.6.1.7 The CONTRACTOR shall not require prior authorization for periodic and interperiodic screens conducted by PCPs. The CONTRACTOR shall provide all medically necessary covered services regardless of whether the need for such services was identified by a provider who had received prior authorization from the CONTRACTOR or from a contract provider.
- 2.7.6.1.8 The CONTRACTOR shall have a tracking system to monitor each TENNderCare eligible member's receipt of the required screening, diagnosis, and treatment services. The tracking system shall have the ability to generate immediate reports on each member's TENNderCare status, reflecting all encounters reported more than sixty (60) days prior to the date of the report.
- 2.7.6.1.9 In the event that a member under sixteen (16) years of age is seeking behavioral health TENNderCare services and the member's parent(s), or legally appointed representative is unable to accompany the member to the examination, the CONTRACTOR shall require that its providers either contact the member's parent(s), or legally appointed representative to discuss the findings and inform the

family of any other necessary health care, diagnostic services, treatment or other measures recommended for the member or notify the MCO to contact the parent(s), or legally appointed representative with the results.

2.7.6.2 Member Education and Outreach

2.7.6.2.1 The CONTRACTOR shall be responsible for outreach activities and for informing members who are under the age of twenty-one (21), or their parent or legally appointed representative, of the availability of TENNderCare services. All TENNderCare member materials shall be submitted to TENNCARE for written approval prior to distribution in accordance with Section 2.17.1 and shall be made available in accordance with the requirements specified in Section 2.17.2.

2.7.6.2.2 The CONTRACTOR shall have a minimum of six (6) “outreach contacts” per member per calendar year in which it provides information about TENNderCare to members. The minimum “outreach contacts” include: one (1) member handbook as described in Section 2.17.4, four (4) quarterly member newsletters as described in Section 2.17.5, and one (1) reminder notice issued before a screening is due. The reminder notice shall include an offer of transportation and scheduling assistance.

2.7.6.2.2.1 If the CONTRACTOR’s TENNderCare screening rate is below ninety percent (90%), as determined in the most recent CMS 416 report, the CONTRACTOR shall conduct New Member Calls for all new members under the age of twenty-one (21) to inform them of TENNderCare services including assistance with appointment scheduling and transportation to appointments.

2.7.6.2.2.2 The CONTRACTOR shall have the ability to conduct TENNderCare outreach in formats appropriate to members who are blind, deaf, illiterate or have Limited English Proficiency. At least one of the 6 outreach attempts identified above shall advise members regarding how to request and/or access such assistance and/or information. The CONTRACTOR shall collaborate with agencies that have established procedures for working with special populations in order to develop effective outreach materials.

2.7.6.2.3 The CONTRACTOR shall have a mechanism for systematically notifying families when TENNderCare screens are due.

2.7.6.2.4 As part of its TENNderCare policies and procedures, the CONTRACTOR shall have a written process for following up with members who do not get their screenings timely. This process for follow up shall include provisions for documenting all outreach attempts and maintaining records of efforts made to reach out to members who have missed screening appointments or who have failed to receive regular check-ups. The CONTRACTOR shall make at least one (1) effort per quarter in excess of the six (6) “outreach contacts” to get the member in for a screening. The efforts, whether written or oral, shall be different each quarter. The CONTRACTOR is prohibited from simply sending the same letter four (4) times.

2.7.6.2.5 The CONTRACTOR shall have a process for determining if a member who is eligible for TENNderCare has used no services within a year and shall make two (2) reasonable attempts to re-notify such members about TENNderCare. The attempts must be different in format or message. One (1) of these attempts can be a referral to

DOH for a screen. (These two (2) attempts are in addition to the one (1) attempt per quarter mentioned in Section 2.7.6.2.4 above.)

- 2.7.6.2.6 The CONTRACTOR shall require that providers have a process for documenting services declined by a parent or legally appointed representative or mature competent child, specifying the particular service was declined. This process shall meet all requirements outlined in Section 5320.2.A of the State Medicaid Manual.
- 2.7.6.2.7 The CONTRACTOR shall make and document a minimum of two (2) reasonable attempts to find a member with one (1) of the two (2) attempts being made within thirty (30) days of receipt of mail returned as undeliverable and the second being made within ninety (90) days of receipt of mail returned as undeliverable. At least one (1) of these attempts shall be by phone.
- 2.7.6.2.8 The CONTRACTOR shall make available to members and families accurate lists of names and phone numbers of contract providers who are currently accepting TennCare members as described in Section 2.17.8 of this Agreement.
- 2.7.6.2.9 The CONTRACTOR shall target specific informing activities to pregnant women and families with newborns. Provided that the CONTRACTOR is aware of the pregnancy, the CONTRACTOR shall inform all pregnant women prior to the estimated delivery date about the availability of TENNderCare services for their children. The CONTRACTOR shall offer TENNderCare services for the child when it is born.
- 2.7.6.2.10 The CONTRACTOR shall provide member education and outreach in community settings. Outreach events shall be conducted in each Grand Region covered by this Agreement in accordance with the following specifications:
 - 2.7.6.2.10.1 Outreach events shall number a minimum of one hundred fifty (150) per year with no less than twenty-five (25) per region, per quarter.
 - 2.7.6.2.10.1.1 At least thirty percent (30%) shall be conducted in rural areas. Results of the CONTRACTOR's CMS 416 report and HEDIS report, as well as county demographics, shall be utilized in determining counties for targeted activities and in developing strategies for specific populations, particularly members who have limited English proficiency, low literacy levels, behavioral health needs, special health care needs or who are pregnant.
 - 2.7.6.2.10.2 The CONTRACTOR shall contact a minimum of twenty-five (25) state agencies or community-based organizations per quarter, to either educate them on services available through the CONTRACTOR or to develop outreach and educational initiatives. All of the agencies engaged shall be those who serve TennCare enrollees. Collaborative activities should include those designed to reach enrollees with limited English proficiency, low literacy levels, behavioral health needs, special health care needs or who are pregnant.
- 2.7.6.3 Screening
 - 2.7.6.3.1 The CONTRACTOR shall provide periodic comprehensive child health assessments meaning, "regularly scheduled examinations and evaluations of the general physical

and mental health, growth, development, and nutritional status of infants, children, and youth.”

- 2.7.6.3.2 At a minimum, these screens shall include periodic and interperiodic screens and be provided at intervals which meet reasonable standards of medical, behavioral and dental practice, as determined by the State after consultation with recognized medical and dental organizations involved in child health care. The State has determined that “reasonable standards of medical and dental practice” are those standards set forth in the American Academy of Pediatrics Recommendations for Preventive Pediatric Health Care for medical practice and American Academy of Pediatric Dentistry (AAPD) guidelines for dental practice. Tools used for screening shall be consistent with the screening guidelines recommended by the State which are available on the TennCare web site. These include, but are not limited to recommended screening guidelines for developmental/behavioral surveillance and screening, hearing screenings, and vision screenings.
- 2.7.6.3.3 The screens shall include, but not be limited to:
 - 2.7.6.3.3.1 Comprehensive health and developmental history (including assessment of physical and mental health development and dietary practices);
 - 2.7.6.3.3.2 Comprehensive unclothed physical examination, including measurements (the child’s growth shall be compared against that considered normal for the child’s age and gender);
 - 2.7.6.3.3.3 Appropriate immunizations scheduled according to the most current Advisory Committee on Immunization Practices (ACIP) schedule according to age and health history;
 - 2.7.6.3.3.4 Appropriate vision and hearing testing provided at intervals which meet reasonable standards of medical practice and at other intervals as medically necessary to determine the existence of suspected illness or condition;
 - 2.7.6.3.3.5 Appropriate laboratory tests (including lead toxicity screening appropriate for age and risk factors). All children are considered at risk and shall be screened for lead poisoning. All children shall receive a screening blood lead test at twelve (12) and twenty-four (24) months of age. Children between the ages of thirty-six (36) months and seventy-two (72) months of age shall receive a screening blood lead test if they have not been previously screened for lead poisoning. A blood lead test shall be used when screening Medicaid-eligible children. A blood lead test equal to or greater than ten (10) ug/dL obtained by capillary specimen (finger stick) shall be confirmed by using a venous blood sample; and
 - 2.7.6.3.3.6 Health education which includes anticipatory guidance based on the findings of all screening. Health education should include counseling to both members and members’ parents or to the legally appointed representative to assist in understanding what to expect in terms of the child’s development and to provide information about the benefits of healthy lifestyles and practices as well as accident and disease prevention.

- 2.7.6.3.4 The CONTRACTOR shall encourage providers to refer children to dentists for periodic dental screens beginning no later than three (3) years of age and earlier as needed (as early as six (6) to twelve (12) months in accordance with the American Academy of Pediatric Dentistry (AAPD) guidelines) and as otherwise appropriate.
- 2.7.6.3.5 The CONTRACTOR shall establish a procedure for PCPs or other providers completing TENNderCare screenings to refer TENNderCare eligible members requiring behavioral health services to appropriate providers.
- 2.7.6.4 Services
 - 2.7.6.4.1 Should screenings indicate a need, the CONTRACTOR shall provide all necessary health care, diagnostic services, treatment, and other measures described in 42 USC 1396d(a) (Section 1905(a) of the Social Security Act) to correct or ameliorate or prevent from worsening defects and physical and mental illnesses and conditions discovered by the screening services, whether or not such services are covered under the Medicaid State plan (see Section 2.7.6.4.8). This includes, but is not limited to, the services detailed below.
 - 2.7.6.4.2 The CONTRACTOR shall provide treatment for defects in vision and hearing, including eyeglasses and hearing aids.
 - 2.7.6.4.3 The CONTRACTOR shall coordinate with the DBM to ensure that TENNderCare eligible members receive dental care services furnished by direct referral to a dentist, at as early an age as necessary, and at intervals which meet reasonable standards of dental practice as determined by the State and at other intervals as medically necessary to determine the existence of a suspected illness or condition.
 - 2.7.6.4.4 The CONTRACTOR shall not require prior authorization or written PCP referral in order for a member to obtain a mental health or substance abuse assessment, whether the assessment is requested as follow-up to a TENNderCare screening or an interperiodic screening. This requirement shall not preclude the CONTRACTOR from requiring notification for a referral for an assessment. Furthermore, the CONTRACTOR shall establish a procedure for PCPs, or other providers, completing TENNderCare screenings, to refer members under the age of twenty-one (21) for a mental health or substance abuse assessment.
 - 2.7.6.4.5 For services not covered by Section 1905(a) of the Social Security Act, but found to be needed as a result of conditions disclosed during screening and diagnosis, the CONTRACTOR shall provide referral assistance as required by 42 CFR 441.61, including referral to providers and State health agencies.
 - 2.7.6.4.6 *Transportation Services*
 - 2.7.6.4.6.1 The CONTRACTOR shall provide transportation assistance for a child and for the child's escort or accompanying adult, including related travel expenses, cost of meals, and lodging en route to and from TennCare covered services. The requirement to provide the cost of meals shall not be interpreted to mean that a member (or the child's escort or accompanying adult) can request meals while in transport to and from care. Reimbursement for meals and lodging shall only be

provided when transportation for a TennCare covered service cannot be completed in one (1) day and would require an overnight stay.

2.7.6.4.6.2 The CONTRACTOR shall offer transportation and scheduling assistance to all members under age twenty-one (21) who do not have access to transportation in order to access covered services. This may be accomplished through various means of communication to members, including but not limited to, member handbooks, TENNderCare outreach notifications, etc.

2.7.6.4.7 *Services for Elevated Blood Lead Levels*

2.7.6.4.7.1 The CONTRACTOR shall provide follow up for elevated blood lead levels in accordance with the State Medicaid Manual, Part 5. The Manual currently says that children with blood lead levels equal to or greater than ten (10) ug/dL should be followed according to CDC guidelines. These guidelines include follow up blood tests and investigations to determine the source of lead, when indicated.

2.7.6.4.7.2 The CONTRACTOR shall provide for any follow up service within the scope of the federal Medicaid statute, including diagnostic or treatment services determined to be medically necessary when elevated blood lead levels are identified in children. Such services would include both MCO case management services and a one (1) time investigation to determine the source of lead.

2.7.6.4.7.3 The CONTRACTOR is responsible for the primary environmental lead investigation—commonly called a “lead inspection”—for children when elevated blood levels suggest a need for such an investigation.

2.7.6.4.7.4 If the lead inspection does not reveal the presence of lead paint in the home, there may be a need for other testing, such as risk assessments involving water and soil sampling or inspections of sites other than the primary residence if the child spends a substantial amount of time in another location. The CONTRACTOR is not responsible for either the risk assessments or the lead inspection at the secondary site. However, the CONTRACTOR shall contact the DOH when these services are indicated as this agency is responsible for these services.

2.7.6.4.7.5 CONTRACTOR reimbursement for the primary environmental investigations is limited to the items specified in Part 5 of the State Medicaid Manual. These items include the health professional’s time and activities during the on-site investigation of the child’s primary residence. They do not include testing of environmental substances such as water, paint, or soil.

2.7.6.4.8 *Services Chart*

Pursuant to federal and state requirements, TennCare enrollees under the age of 21 are eligible for all services listed in Section 1905(a) of the Social Security Act. These services, and the entity responsible for providing them to TennCare enrollees under the age of 21, are listed below. Notwithstanding any other provision of this Agreement, the CONTRACTOR shall provide all services for which “MCO” is identified as the responsible entity to members under the age of 21. All services, other than TENNderCare screens and interperiodic screens, must be medically necessary in order to be covered by the CONTRACTOR. The CONTRACTOR shall provide all medically necessary TENNderCare covered services regardless of whether or not the need for such services was identified by a provider whose services had received prior authorization from the CONTRACTOR or by a contract provider.

Services Listed in Social Security Act Section 1905(a)	Responsible Entity in Tennessee	Comments
(1) Inpatient hospital services (other than services in an institution for mental diseases)	MCO	
(2)(A) Outpatient hospital services	MCO	
(2)(B) Rural health clinic services (RHCs)	MCO	MCOs are not required to contract with RHCs if the services are available through other contract providers.
(2)(C) Federally-qualified health center services (FQHCs)	MCO	MCOs are not required to contract with FQHCs if they can demonstrate adequate provider capacity without them.
(3) Other laboratory and X-ray services	MCO	
(4)(A) Nursing facility services for individuals age 21 and older		Not applicable for TENNderCare
(4)(B) EPSDT services	MCO for physical health and behavioral health services; DBM for dental services except as described in Section 2.6.1.3; PBM for pharmacy services as described except as in Section 2.6.1.3	

Services Listed in Social Security Act Section 1905(a)	Responsible Entity in Tennessee	Comments
(4)(C) Family planning services and supplies	MCO; PBM for pharmacy services except as described in Section 2.6.1.3	
(5)(A) Physicians' services furnished by a physician, whether furnished in the office, the patient's home, a hospital, or a nursing facility	MCO	
(5)(B) Medical and surgical services furnished by a dentist	DBM except as described in Section 2.6.1.3

Services Listed in Social Security Act Section 1905(a)	Responsible Entity in Tennessee	Comments
(14) Inpatient hospital services and nursing facility services for individuals 65 years of age or over in an institution for mental diseases		Not applicable for TENNderCare
(15) Services in an intermediate care facility for the mentally retarded	TENNCARE	
(16) Inpatient psychiatric services for individuals under age 21	MCO	
(17) Services furnished by a nurse-midwife	MCO	The MCOs are not required to contract with nurse-midwives if the services are available through other contract providers.
(18) Hospice care	MCO	
(19) Case management services	MCO	
(20) Respiratory care services	MCO	
(21) Services furnished by a certified pediatric nurse practitioner or certified family nurse practitioner	MCO	The MCOs are not required to contract with PNP's or CFNP's if the services are available through other contract providers.
(22) Home and community care for functionally disabled elderly individuals		Not applicable for TENNderCare
(23) Community supported living arrangements services		Not applicable for TENNderCare
(24) Personal care services	MCO	
(25) Primary care case management services		Not applicable
(26) Services furnished under a PACE program		Not applicable for TENNderCare

Services Listed in Social Security Act Section 1905(a)	Responsible Entity in Tennessee	Comments
(27) Any other medical care, and any other type of remedial care recognized under state law.	MCO for physical and behavioral health services; DBM for dental services except as described in Section 2.6.1.3; PBM for pharmacy services except as described in Section 2.6.1.3	See Item (13)

2.7.6.4.8.1 **Note 1:** “Targeted case management services,” which are listed under Section 1915(g)(1), are **not TENNderCare services** except to the extent that the definition in Section 1915(g)(2) is used with Item (19) above.

2.7.6.4.8.2 **Note 2:** “Psychiatric residential treatment facility” is not listed in Social Security Act Section 1905(a). It is, however, defined in 42 CFR 483.352 as “a facility other than a hospital, that provides psychiatric services, as described in subpart D of part 441 of this chapter, to individuals under age twenty-one (21), in an inpatient setting.”

2.7.6.4.8.3 **Note 3:** “Rehabilitative” services are differentiated from “habilitative” services in federal law. “Rehabilitative” services, which are TENNderCare services, are defined in 42 CFR 440.130(d) as services designed “for maximum reduction of physical or mental disability and restoration of a recipient to his best possible functional level.” “Habilitative” services, which are **not TENNderCare services**, are defined in Section 1915(c)(5) as services designed “to assist individuals in acquiring, retaining, and improving the self-help, socialization, and adaptive skills necessary to reside successfully in home and community based settings.”

2.7.6.4.8.4 **Note 4:** Certain services are covered under a Home and Community Based waiver but are **not TENNderCare services** because they are not listed in the Social Security Act Section 1905(a). These services include habilitation, prevocational, supported employment services, homemaker services and respite services. (See Section 1915(c)(4).)

2.7.6.4.8.5 **Note 5:** Certain services are not coverable even under a Home and Community Based waiver and are **not TENNderCare services**. These services include room and board, and special education and related services which are otherwise available through a Local Education Agency. (See Section 1915(c)(5).)

2.7.6.5 Children with Special Health Care Needs

Children with special health care needs are those children who are in the custody of DCS. As provided in Section 2.4.4.4, TennCare enrollees who are in the custody of DCS will be enrolled in TennCare Select.

2.7.7 **Advance Directives**

- 2.7.7.1 The CONTRACTOR shall maintain written policies and procedures for advance directives that comply with all federal and state requirements concerning advance directives, including but not limited to 42 CFR 422.128, 438.6 and 489 Subpart I; TCA 32-11-101 *et seq.*, 34-6-201 *et seq.*, and 68-11-201 through 68-11-224; and any requirements as stipulated by the member. Any written information provided by the CONTRACTOR shall reflect changes in state law by the effective date specified in the law, if not specified then within thirty (30) calendar days after the effective date of the change.
- 2.7.7.2 The CONTRACTOR shall provide its policies and procedures to all members eighteen (18) years of age and older and shall educate members about their ability to direct their care using this mechanism and shall specifically designate which staff members and/or contract providers are responsible for providing this education.
- 2.7.7.3 The CONTRACTOR shall educate its staff about its policies and procedures on advance directives, situations in which advance directives may be of benefit to members, and their responsibility to educate members about this tool and assist them to make use of it.
- 2.7.7.4 The CONTRACTOR, for behavioral health services, shall provide its policies and procedures to all members sixteen (16) years of age and older and shall educate members about their ability to direct their care using advance directives including the use of Declarations for Mental Health Treatment under TCA Title 33, Chapter 6, Part 10. The CONTRACTOR shall specifically designate staff members and/or providers responsible for providing this education.
- 2.7.7.5 For CHOICES members, the care coordinator shall educate members about their ability to use advance directives during the face-to-face intake visit for current members or the face-to-face visit with new members, as applicable.

2.7.8 **Sterilizations, Hysterectomies and Abortions**

- 2.7.8.1 The CONTRACTOR shall cover sterilizations, hysterectomies and abortions pursuant to applicable federal and state law. The CONTRACTOR shall ensure that when coverage requires the completion of a specific form, the form is properly completed as described in the instructions with the original form maintained in the member's medical records and a copy submitted to the CONTRACTOR for retention in the event of audit.
- 2.7.8.2 Sterilizations
- Sterilization shall mean any medical procedure, treatment or operation done for the purpose of rendering an individual permanently incapable of reproducing. The CONTRACTOR shall cover sterilizations only if the following requirements are met:
- 2.7.8.2.1 At least thirty (30) calendar days, but not more than one hundred eighty (180) calendar days, have passed between the date of informed consent and the date of the sterilization, except in the case of premature delivery or emergency abdominal surgery. A member may consent to be sterilized at the time of a premature delivery or

emergency abdominal surgery if at least seventy-two (72) hours have passed since the member gave informed consent for the sterilization. In the case of premature delivery, the informed consent must have been given at least thirty (30) calendar days before the expected date of delivery;

- 2.7.8.2.2 The member is at least twenty-one (21) years old at the time consent is obtained;
- 2.7.8.2.3 The member is mentally competent;
- 2.7.8.2.4 The member is not institutionalized (i.e., not involuntarily confined or detained under a civil or criminal status in a correctional or rehabilitative facility or confined in a mental hospital or other facility for the care and treatment of mental illness, whether voluntarily or involuntarily committed); and
- 2.7.8.2.5 The member has voluntarily given informed consent on the approved “STERILIZATION CONSENT FORM” which is available on TENNCARE’s web site. The form shall be available in English and Spanish, and the CONTRACTOR shall provide assistance in completing the form when an alternative form of communication is necessary.

2.7.8.3 Hysterectomies

2.7.8.3.1 Hysterectomy shall mean a medical procedure or operation for the purpose of removing the uterus. The CONTRACTOR shall cover hysterectomies only if the following requirements are met:

- 2.7.8.3.1.1 The hysterectomy is medically necessary;
- 2.7.8.3.1.2 The member or her authorized representative, if any, has been informed orally and in writing that the hysterectomy will render the member permanently incapable of reproducing; and
- 2.7.8.3.1.3 The member or her authorized representative, if any, has signed and dated an “ACKNOWLEDGMENT OF HYSTERECTOMY INFORMATION” form which is available on the Bureau of TennCare’s web site, prior to the hysterectomy. Informed consent shall be obtained regardless of diagnosis or age in accordance with federal requirements. The form shall be available in English and Spanish, and assistance shall be provided in completing the form when an alternative form of communication is necessary. Refer to “ACKNOWLEDGMENT OF HYSTERECTOMY INFORMATION” form and instructions for additional guidance and exceptions.

2.7.8.3.2 The CONTRACTOR shall not cover hysterectomies under the following circumstances:

- 2.7.8.3.2.1 If it is performed solely for the purpose of rendering an individual permanently incapable of reproducing;
- 2.7.8.3.2.2 If there is more than one purpose for performing the hysterectomy, but the primary purpose is to render the individual permanently incapable of reproducing; or

2.7.8.3.2.3 It is performed for the purpose of cancer prophylaxis.

2.7.8.4 Abortions

2.7.8.4.1 The CONTRACTOR shall cover abortions and services associated with the abortion procedure only if the pregnancy is the result of an act of rape or incest; or in the case where a woman suffers from a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused by or arising from the pregnancy itself, that would, as certified by a physician, place the woman in danger of death unless an abortion is performed.

2.7.8.4.2 The CONTRACTOR shall ensure that a “CERTIFICATION OF MEDICAL NECESSITY FOR ABORTION” form, which is available on TENNCARE’s web site, is completed. The form shall be available in English and Spanish, and assistance shall be provided in completing the form when an alternative form of communication is necessary.

11. Section 2.8 shall be amended by deleting Section 2.8 in its entirety and replacing it with the following and renumbering all references thereto:

2.8 DISEASE MANAGEMENT

2.8.1 General

2.8.1.1 The CONTRACTOR shall establish and operate a disease management (DM) program for each of the following conditions:

2.8.1.1.1 Maternity care management, in particular high-risk obstetrics;

2.8.1.1.2 Diabetes;

2.8.1.1.3 Congestive heart failure;

2.8.1.1.4 Asthma;

2.8.1.1.5 Coronary artery disease;

2.8.1.1.6 Chronic-obstructive pulmonary disease;

2.8.1.1.7 Obesity as referenced in Section 2.8.8;

2.8.1.1.8 Bipolar disorder;

2.8.1.1.9 Major depression; and

2.8.1.1.10 Schizophrenia.

- 2.8.1.2 Each DM program shall utilize evidence-based clinical practice guidelines (hereafter referred to as the guidelines) that have been formally adopted by the CONTRACTOR's Quality Management/Quality Improvement (QM/QI) committee or other clinical committee and patient empowerment strategies to support the provider-patient relationship and the plan of care. For the conditions listed in 2.8.1.1.1 through 2.8.1.1.10, the guidelines shall include a requirement to conduct a mental health and substance abuse screening. The DM programs for bipolar disorder, major depression, and schizophrenia shall include the use of the evidence-based practice for co-occurring disorders.
- 2.8.1.3 The DM programs shall emphasize the prevention of exacerbation and complications of the conditions as evidenced by decreases in emergency room utilization and inpatient hospitalization and/or improvements in condition-specific health status indicators.
- 2.8.1.4 The CONTRACTOR shall develop and maintain DM program descriptions. These program descriptions shall include, for each of the conditions listed above, the following:
 - 2.8.1.4.1 The definition of the target population;
 - 2.8.1.4.2 Member identification strategies, which shall not exclude CHOICES members, including dual eligible CHOICES members;
 - 2.8.1.4.3 The guidelines as referenced in Section 2.15.4;
 - 2.8.1.4.4 Written description of the stratification levels for each of the conditions, including member criteria and associated interventions;
 - 2.8.1.4.5 Program content;
 - 2.8.1.4.6 Targeted methods for informing and educating members, which, for CHOICES members, include but shall not be limited to mailing educational materials;
 - 2.8.1.4.7 Methods for informing and educating providers; and
 - 2.8.1.4.8 Program evaluation.
- 2.8.1.5 As part of its DM program descriptions, the CONTRACTOR shall also address how the DM programs will coordinate with MCO case management activities, in particular for members who would benefit from both.
- 2.8.1.6 The CONTRACTOR's DM and care coordination program description shall address how the CONTRACTOR shall ensure that upon enrollment into CHOICES, disease management activities are integrated with CHOICES care coordination processes and functions, and that the member's assigned care coordinator has primary responsibility for coordination of all the member's physical health, behavioral health, and long-term care services, including appropriate management of conditions specified in 2.8.1.1. If a CHOICES member has one or more of the conditions specified in Section 2.8.1.1, the member's care coordinator may use the CONTRACTOR's applicable DM tools and resources, including staff with specialized training, to help manage the member's

condition and shall integrate the use of these DM tools and resources with care coordination. DM staff shall supplement but not supplant the role and responsibilities of the member's care coordinator/care coordination team. The CONTRACTOR's program description shall also include at a minimum how the CONTRACTOR will address the following for CHOICES members:

- 2.8.1.6.1 Notify the member's care coordinator of the member's participation in a DM program;
- 2.8.1.6.2 Provide to the member's care coordinator information about the member collected through the DM program;
- 2.8.1.6.3 Provide to the care coordinator any educational materials given to the member through the DM program;
- 2.8.1.6.4 Ensure that the care coordinator reviews the information noted in Section 2.8.1.6.3 above verbally with the member and with the member's caregiver and/or representative (as applicable) and coordinates any necessary follow-up that may be needed regarding the DM program such as scheduling screenings or appointments;
- 2.8.1.6.5 Ensure that the care coordinator integrates into the member's plan of care aspects of the DM program that would help to better manage the member's condition; and
- 2.8.1.6.6 Ensure that the member's care coordinator shall be responsible for coordinating with the member's providers regarding the development and implementation of an individualized treatment plan which shall be integrated into the member's plan of care and which shall include monitoring the member's condition, helping to ensure compliance with treatment protocols, and to the extent appropriate, lifestyle changes which will help to better ensure management of the member's condition (see Section 2.9.6 of this Agreement).

2.8.2 Member Identification Strategies

- 2.8.2.1 The CONTRACTOR shall have a systematic method of identifying and enrolling eligible members in each DM program, including CHOICES members, through the same processes used for identification of non-CHOICES members and the CHOICES care coordination process.
- 2.8.2.2 The CONTRACTOR shall operate its disease management programs using an "opt out" methodology, meaning that disease management services shall be provided to eligible members unless they specifically ask to be excluded.

2.8.3 **Stratification**

As part of the DM programs, the CONTRACTOR shall classify eligible members into stratification levels according to condition severity or other clinical or member-provided information which, for members enrolled in the CHOICES program shall also include stratification by the type of setting in which long-term care services are delivered, i.e., nursing facility, community-based residential alternative (for members in CHOICES Group 2), or home-based (for members in CHOICES Group 2 or 3). The DM programs shall tailor the program content and education activities for each stratification level. For CHOICES members, this shall include targeted interventions based on the setting in which the member resides.

2.8.4 **Program Content**

Each DM program shall include the development of treatment plans, as described in NCQA Disease Management program content, that serve as the outline for all of the activities and interventions in the program. At a minimum the activities and interventions associated with the treatment plan shall address condition monitoring, patient adherence to the treatment plan, consideration of other co-morbidities, and condition-related lifestyle issues. For CHOICES members, appropriate elements of the treatment plan shall be individualized and integrated into the member's plan of care to facilitate better management of the member's condition.

2.8.5 **Informing and Educating Members**

The DM programs shall educate members and/or their caregivers regarding their particular condition(s) and needs. This information shall be provided upon enrollment in the DM program. The DM programs shall educate members to increase their understanding of their condition(s), the factors that impact their health status (e.g., diet and nutrition, lifestyle, exercise, medication compliance), and to empower members to be more effective in self-care and management of their health so they:

- 2.8.5.1 Are proactive and effective partners in their care;
- 2.8.5.2 Understand the appropriate use of resources needed for their care;
- 2.8.5.3 Identify precipitating factors and appropriate responses before they require more acute intervention; and
- 2.8.5.4 Are compliant and cooperative with the recommended treatment plan.

2.8.6 **Informing and Educating Providers**

As part of the DM programs, the CONTRACTOR shall educate providers regarding the guidelines and shall distribute the guidelines to providers who are likely to treat enrollees with the DM conditions. This includes, but is not limited to, PCPs and specialists involved in treating that particular condition. The CONTRACTOR shall also provide each PCP with a list of their patients enrolled in each DM program upon the member's initial enrollment and at least annually thereafter. The CONTRACTOR shall provide specific information to the provider concerning how the program(s) works. The DM's provider education shall be designed to increase the providers' adherence to the guidelines in order to improve the members' conditions.

2.8.7 Program Evaluation (Satisfaction and Effectiveness)

- 2.8.7.1 The CONTRACTOR shall evaluate member satisfaction with the DM services (as described by NCQA) by systematically analyzing feedback from members and analyzing member complaints and inquiries at least annually. The feedback on satisfaction shall be specific to DM programs.
- 2.8.7.1.1 A written summary, of member satisfaction with the DM program, shall be included in the annual DM report.
- 2.8.7.2 The CONTRACTOR shall establish measurable benchmarks and goals for each DM program and shall evaluate the programs using these benchmarks and goals. The calculations for the benchmarks and goals should include non-CHOICES members only. These benchmarks and goals shall include:
 - 2.8.7.2.1 The rate of emergency department utilization and inpatient hospitalization;
 - 2.8.7.2.2 Neonatal Intensive Care Unit (NICU) days for births associated with members enrolled in the maternity care management program;
 - 2.8.7.2.3 Appropriate HEDIS measures;
 - 2.8.7.2.4 The passive participation rates (as defined by NCQA) and the number of individuals participating in each level of each of the DM programs;
 - 2.8.7.2.5 Member adherence to treatment plans; and
 - 2.8.7.2.6 Provider adherence to the guidelines.
- 2.8.7.3 The CONTRACTOR shall report on DM activities as required in Section 2.30.5.

2.8.8 Obesity Disease Management

In addition to the aforementioned DM program requirements, the CONTRACTOR shall have a DM program for obesity that is provided as a cost effective alternative service (see Section 2.6.5). The CONTRACTOR may fulfill this requirement by entering into a provider agreement with Weight Watchers and then referring/authorizing eligible obese and overweight members to participate in a Weight Watchers program. If the CONTRACTOR identifies another weight management program as the cost effective alternative service, the CONTRACTOR shall include a narrative of the program (including target population and description of services) as part of its quarterly disease management report (see Section 2.30.5.1) applicable to the quarter in which the program was implemented.

12. Section 2.9 shall be amended by deleting Section 2.9 in its entirety and replacing it with the following and renumbering all references thereto:

2.9 SERVICE COORDINATION

2.9.1 General

2.9.1.1 The CONTRACTOR shall be responsible for the management, coordination, and continuity of care for all its TennCare members and shall develop and maintain policies and procedures to address this responsibility. For CHOICES members, these policies and procedures shall specify the role of the care coordinator/care coordination team in conducting these functions (see Section 2.9.6).

2.9.1.2 The CONTRACTOR shall:

2.9.1.2.1 Coordinate care for children in DCS custody;

2.9.1.2.2 Coordinate care among PCPs, specialists, behavioral health providers, and long-term care providers;

2.9.1.2.3 Perform reasonable preventive health case management services, have mechanisms to assess the quality and appropriateness of services furnished, and provide appropriate referral and scheduling assistance;

2.9.1.2.4 Monitor members with ongoing medical or behavioral health conditions;

2.9.1.2.5 Identify members using emergency department services inappropriately to assist in scheduling follow-up care with PCPs and/or appropriate specialists to improve continuity of care and establish a medical home;

2.9.1.2.6 Maintain and operate a formalized hospital and/or institutional discharge planning program;

2.9.1.2.7 Coordinate hospital and/or institutional discharge planning that includes post-discharge care, as appropriate;

2.9.1.2.8 Maintain an internal tracking system that identifies the current preventive services screening status and pending preventive services screening due dates for each member; and

2.9.1.2.9 Authorize services provided by non-contract providers, as required in this Agreement (see, e.g., Section 2.13).

2.9.2 Transition of New Members

2.9.2.1 In the event an enrollee entering the CONTRACTOR's MCO, either as a new TennCare enrollee or transferring from another MCO, is receiving medically necessary covered services in addition to or other than prenatal services (see below for enrollees receiving only prenatal services) the day before enrollment, the CONTRACTOR shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether

such services are being provided by contract or non-contract providers. Except as specified in this Section 2.9.2 or in Sections 2.9.3 or 2.9.6, this requirement shall not apply to long-term care services.

- 2.9.2.1.1 For medically necessary covered services, other than long-term care services, being provided by a non-contract provider, the CONTRACTOR shall provide continuation of such services for up to ninety (90) calendar days or until the member may be reasonably transferred without disruption to a contract provider, whichever is less. The CONTRACTOR may require prior authorization for continuation of services beyond thirty (30) calendar days; however, the CONTRACTOR is prohibited from denying authorization solely on the basis that the provider is a non-contract provider.
- 2.9.2.1.2 For medically necessary covered services, other than long-term care services, being provided by a contract provider, the CONTRACTOR shall provide continuation of such services from that provider but may require prior authorization for continuation of such services from that provider beyond thirty (30) calendar days. The CONTRACTOR may initiate a provider change only as otherwise specified in this Agreement.
- 2.9.2.1.3 For medically necessary covered long-term care services for CHOICES members who are new to both TennCare and CHOICES, the CONTRACTOR shall provide long-term care services as specified in Sections 2.9.6.2.4 and 2.9.6.2.5.
- 2.9.2.1.4 For covered long-term care services for CHOICES members who are transferring from another MCO, the CONTRACTOR shall be responsible for continuing to provide covered long-term care services, including both nursing facility services and, for CHOICES Group 2 and 3 member, HCBS authorized by the transferring MCO, without regard to whether such services are being provided by contract or non-contract providers. Unless and until the CONTRACTOR has been directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, only members in CHOICES Group 1 will be enrolled with the CONTRACTOR. Therefore, unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the requirements in this Section 2.9.2.1.4 applicable only to CHOICES Group 2 and/or 3 will not apply. When directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall, as directed by TENNCARE, comply with all of the requirements in Section 2.9.2.1.4.
 - 2.9.2.1.4.1 For a member in CHOICES Group 2 or 3, the CONTRACTOR shall continue HCBS authorized by the transferring MCO for a minimum of thirty (30) days after the member's enrollment and thereafter shall not reduce these services unless a care coordinator has conducted a comprehensive needs assessment and developed a plan of care, and the CONTRACTOR has authorized and initiated HCBS in accordance with the member's new plan of care. If a member in CHOICES Group 2 or 3 is receiving short-term nursing facility care, the CONTRACTOR shall continue to provide nursing facility services to the member in accordance with the level of nursing facility services (Level I or Level II) approved by TENNCARE (see Section 2.14.1.12). For a member in CHOICES Group 1, the CONTRACTOR shall provide nursing facility services to the member in accordance with the level of nursing facility services (Level I or Level II) approved by TENNCARE (see Section 2.14.1.12); however, the

member may be transitioned to the community in accordance with Section 2.9.6.8 of this Agreement.

- 2.9.2.1.4.2 For a member in CHOICES Group 2 or 3, within thirty (30) days of notice of the member's enrollment with the CONTRACTOR, a care coordinator shall conduct a face-to-face visit (see Section 2.9.6.2.5), including a comprehensive needs assessment (see Section 2.9.6.5), and develop a plan of care (see Section 2.9.6.6), and the CONTRACTOR shall authorize and initiate HCBS in accordance with the new plan of care (see Section 2.9.6.2.5). If a member in CHOICES Group 2 or 3 is receiving short-term nursing facility care on the date of enrollment with the CONTRACTOR, a care coordinator shall complete a face-to-face visit prior to the expiration date of the level of nursing facility services approved by TENNCARE, but no later than thirty (30) days after enrollment to determine appropriate needs assessment and care planning activities (see Section 2.9.6.2.5 for members who will be discharged from the nursing facility and remain in CHOICES Group 2 or 3 and Section 2.9.6.2.4 for members who will remain in the nursing facility and be enrolled in CHOICES Group 1). If the expiration date for the level of nursing facility services approved by TENNCARE occurs prior to thirty (30) days after enrollment, and the CONTRACTOR is unable to conduct the face-to-face visit prior to the expiration date, the CONTRACTOR shall be responsible for facilitating discharge to the community or enrollment in CHOICES Group 1, whichever is appropriate.
- 2.9.2.1.4.3 If at any time before conducting a comprehensive needs assessment for a member in CHOICES Group 2 or 3 the CONTRACTOR becomes aware of an increase in the member's needs, a care coordinator shall immediately conduct a comprehensive needs assessment and update the member's plan of care, and the CONTRACTOR shall initiate the change in services within ten (10) days of becoming aware of the increase in the member's needs.
- 2.9.2.1.4.4 For a member in CHOICES Group 1 who, at the time of enrollment with the CONTRACTOR, has resided in a nursing facility for less than ninety (90) days, a care coordinator shall conduct a face-to-face in-facility visit within thirty (30) days of the member's enrollment with the CONTRACTOR and conduct a needs assessment as determined necessary by the CONTRACTOR (see Section 2.9.6.5). For a member in CHOICES Group 1 who, at the time of enrollment with the CONTRACTOR, has resided in a nursing facility for ninety (90) days or more, a care coordinator shall conduct a face-to-face in-facility visit within sixty (60) days of the member's enrollment with the CONTRACTOR and conduct a needs assessment as determined necessary by the CONTRACTOR (see Section 2.9.6.5).
- 2.9.2.1.4.5 The CONTRACTOR shall facilitate a seamless transition to new services and/or providers, as applicable, in the plan of care developed by the CONTRACTOR without any disruption in services.
- 2.9.2.1.4.6 The CONTRACTOR shall not:
 - 2.9.2.1.4.6.1 Transition nursing facility residents or CHOICES Group 2 members who are residents of community-based residential alternatives to another facility unless (1) the member or his/her representative specifically requests to transition, which

shall be documented in the member's file, (2) the member or his/her representative provides written consent to transition based on quality or other concerns raised by the CONTRACTOR, which shall not include the nursing facility's rate of reimbursement; or (3) the facility where the member is residing is not a contract provider; if the community-based residential facility where the CHOICES Group 2 member is currently residing is not a contract provider, the CONTRACTOR shall provide continuation of services in such facility for at least thirty (30) days, which shall be extended as necessary to ensure continuity of care pending the facility's contracting with the CONTRACTOR or the member's transition to a contract facility; if the member is transitioned to a contract facility, the CONTRACTOR shall facilitate a seamless transition to the new facility; if the nursing facility where the member is currently residing is a non-contract provider, the CONTRACTOR shall (a) authorize continuation of the services pending enrollment of the facility as a contract provider (except a facility excluded for a 2-year period when the facility has withdrawn from Medicaid participation); (b) authorize continuation of the services pending facilitation of the member's transition to a contract facility, subject to the member's agreement with such transition; or (c) may continue to reimburse services from the non-contract nursing facility in accordance with TennCare rules and regulations;

- 2.9.2.1.4.6.2 Transition Group 1 members to HCBS unless the member chooses to receive HCBS as an alternative to nursing facility care and is enrolled in CHOICES Group 2 (see Section 2.9.6.8 for requirements regarding nursing facility to community transition);
- 2.9.2.1.4.6.3 Admit a member in CHOICES Group 2 to a nursing facility unless (1) the member requires a short-term nursing facility care stay; (2) the member chooses to transition to a nursing facility and enroll in CHOICES Group 1; or (3) the CONTRACTOR determines that it cannot safely and effectively meet the needs of the member and within the member's cost neutrality cap, and the member agrees to transition to a nursing facility and enroll in CHOICES Group 1;
- 2.9.2.1.4.6.4 Admit a member enrolled in CHOICES Group 3 to a nursing facility unless: (1) the member meets nursing facility level of care and is expected to require nursing facility services for ninety (90) days or less; or (2) the member meets nursing facility level of care, is expected to require nursing facility services for more than ninety (90) days and chooses to transition to a nursing facility and enroll in CHOICES Group 1; or
- 2.9.2.1.4.6.5 Transition members in CHOICES Group 2 or 3 to another HCBS provider for continuing services unless the current HCBS provider is not a contract provider; if the current HCBS provider is not a contract provider, the CONTRACTOR shall provide continuation of HCBS from that provider for at least thirty (30) days, which shall be extended as necessary to ensure continuity of care pending the provider's contracting with the CONTRACTOR or the member's transition to a contract provider; if the member is transitioned to a contract provider, the CONTRACTOR shall facilitate a seamless transition to the new provider.
- 2.9.2.1.5 For CHOICES members who are transferring to the CONTRACTOR's MCO serving a Grand Region where CHOICES has been implemented from a Grand Region where

CHOICES has not yet been implemented, the CONTRACTOR shall be responsible for continuing to provide covered long-term care services, including both nursing facility services and, for members in CHOICES Group 2 or 3, HCBS in the member's approved HCBS E/D waiver plan of care. Unless and until the CONTRACTOR has been directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, only members in CHOICES Group 1 will be enrolled with the CONTRACTOR. Therefore, unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the requirements in this Section 2.9.2.1.5 applicable only to CHOICES Group 2 and/or 3 will not apply. When directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall, as directed by TENNCARE, comply with all of the requirements of Section 2.9.2.1.5.

- 2.9.2.1.5.1 For members in CHOICES Group 2, the CONTRACTOR shall be responsible for continuing to provide HCBS in accordance with the member's approved HCBS E/D waiver plan of care for a minimum of thirty (30) calendar days after enrollment; thereafter the CONTRACTOR shall not reduce the member's HCBS unless a care coordinator has conducted a comprehensive needs assessment and developed a plan of care, and the CONTRACTOR has authorized and initiated HCBS in accordance with the member's new plan of care. If a member in CHOICES Group 2 is receiving short-term nursing facility care, the CONTRACTOR shall continue to provide nursing facility services to the member in accordance with the level of nursing facility services (Level I or Level II) approved by TENNCARE (see Section 2.14.1.12). For a member in CHOICES Group 1, the CONTRACTOR shall provide nursing facility services to the member in accordance with the level of nursing facility services (Level I or Level II) approved by TENNCARE (see Section 2.14.1.12); however, the member may be transitioned to the community in accordance with Section 2.9.6.8 of this Agreement.
- 2.9.2.1.5.2 For a member in CHOICES Group 2, within thirty (30) days of notice of the member's enrollment, a care coordinator shall conduct a face-to-face visit (see Section 2.9.6.2.5), including a comprehensive needs assessment (see Section 2.9.6.5), and develop a plan of care (see Section 2.9.6.6), and the CONTRACTOR shall authorize and initiate HCBS in accordance with the new plan of care (see Section 2.9.6.2.5). If the member is receiving short-term nursing facility care on the date of enrollment with the CONTRACTOR, a care coordinator shall complete a face-to-face visit prior to the expiration date of the level of nursing facility services approved by TENNCARE, and within no more than thirty (30) days of the member's enrollment, to determine appropriate needs assessment and care planning activities (see Section 2.9.6.2.5 for members who will be discharged for the nursing facility and remain in CHOICES Group 2 and Section 2.9.6.2.4 for members who will remain in the nursing facility and be enrolled in CHOICES Group 1). If the expiration date for the level of nursing facility services approved by TENNCARE occurs prior to thirty (30) days after enrollment, and the CONTRACTOR is unable to conduct the face-to-face visit prior to the expiration date, the CONTRACTOR shall be responsible for facilitating discharge to the community or enrollment in CHOICES Group 1, whichever is appropriate.

- 2.9.2.1.5.3 If at any time before conducting the comprehensive needs assessment for a member in CHOICES Group 2 the CONTRACTOR becomes aware of an increase in the member's needs, a care coordinator shall immediately conduct a comprehensive needs assessment and update the member's plan of care, and the CONTRACTOR shall initiate the change in services within ten (10) days of becoming aware of the change in the member's needs.
- 2.9.2.1.5.4 For a member in CHOICES Group 1 who, at the time of enrollment with the CONTRACTOR, has resided in a nursing facility for less than ninety (90) days, a care coordinator shall conduct a face-to-face in-facility visit within thirty (30) days of the member's enrollment with the CONTRACTOR and conduct a needs assessment as determined necessary by the CONTRACTOR (see Section 2.9.6.5). For a member in CHOICES Group 1 who, at the time of enrollment with the CONTRACTOR, has resided in a nursing facility for ninety (90) days or more, a care coordinator shall conduct a face-to-face in-facility visit within sixty (60) days of the member's enrollment with the CONTRACTOR and conduct a needs assessment as determined necessary by the CONTRACTOR (see Section 2.9.6.5).
- 2.9.2.1.5.5 The CONTRACTOR shall facilitate a seamless transition to new services and/or providers, as applicable, in the plan of care developed by the CONTRACTOR without any disruption in services.
- 2.9.2.1.5.6 The CONTRACTOR shall not:
 - 2.9.2.1.5.6.1 Transition nursing facility residents or CHOICES Group 2 members who are residents of community-based residential alternatives to another facility unless (1) the member or his/her representative specifically requests to transition, which shall be documented in the member's file, (2) the member or his/her representative provides written consent to transition based on quality or other concerns raised by the CONTRACTOR, which shall not include the nursing facility's rate of reimbursement; or (c) the facility where the member is residing is not a contract provider; if the community-based residential facility where the CHOICES Group 2 member is currently residing is not a contract provider, the CONTRACTOR shall provide continuation of services in such facility for at least thirty (30) days, which shall be extended as necessary to ensure continuity of care pending the facility's contracting with the CONTRACTOR or the member's transition to a contract facility; if the member is transitioned to a contract facility, the CONTRACTOR shall facilitate a seamless transition to the new facility; if the nursing facility where the member is currently residing is a non-contract provider, the CONTRACTOR shall (a) authorize continuation of the services pending enrollment of the facility as a contract provider (except a facility excluded for a 2-year period when the facility has withdrawn from Medicaid participation); (b) authorize continuation of the services pending facilitation of the member's transition to a contract facility, subject to the member's agreement with such transition; or (c) may continue to reimburse services from the non-contract nursing facility in accordance with TennCare rules and regulations;
 - 2.9.2.1.5.6.2 Transition Group 1 members to HCBS unless the member chooses to receive HCBS as an alternative to nursing facility care and is enrolled in CHOICES

Group 2 (see Section 2.9.6.8 for requirements regarding nursing facility to community transition);

- 2.9.2.1.5.6.3 Admit a member in CHOICES Group 2 to a nursing facility unless (1) the member requires a short-term nursing facility care stay; (2) the member chooses to transition to a nursing facility and enroll in CHOICES Group 1; or (3) the CONTRACTOR determines that it cannot safely and effectively meet the needs of the member and within the member's cost neutrality cap and the member agrees to transition to a nursing facility and enroll in CHOICES Group 1; or
- 2.9.2.1.5.6.4 Transition members in CHOICES Group 2 to another HCBS provider for continuing services unless the current HCBS provider is not a contract provider; if the current HCBS provider is not a contract provider, the CONTRACTOR shall provide continuation of HCBS from that provider for at least thirty (30) days, which shall be extended as necessary to ensure continuity of care pending the provider's contracting with the CONTRACTOR or the member's transition to a contract provider; if the member is transitioned to a contract provider, the CONTRACTOR shall facilitate a seamless transition to the new provider.
- 2.9.2.2 In the event an enrollee entering the CONTRACTOR's MCO, either as a new TennCare enrollee or transferring from another MCO, is in her first trimester of pregnancy and is receiving medically necessary covered prenatal care services the day before enrollment, the CONTRACTOR shall be responsible for the costs of continuation of such medically necessary prenatal care services, including prenatal care, delivery, and post-natal care, without any form of prior approval and without regard to whether such services are being provided by a contract or non-contract provider.
 - 2.9.2.2.1 If the member is receiving services from a non-contract provider, the CONTRACTOR shall be responsible for the costs of continuation of medically necessary covered prenatal services, without any form of prior approval, until such time as the CONTRACTOR can reasonably transfer the member to a contract provider without impeding service delivery that might be harmful to the member's health.
 - 2.9.2.2.2 If the member is receiving services from a contract provider, the CONTRACTOR shall be responsible for the costs of continuation of medically necessary covered prenatal services from that provider, without any form of prior approval, through the postpartum period.
- 2.9.2.3 In the event an enrollee entering the CONTRACTOR's MCO, either as a new TennCare enrollee or transferring from another MCO, is in her second or third trimester of pregnancy and is receiving medically necessary covered prenatal care services the day before enrollment, the CONTRACTOR shall be responsible for providing continued access to the prenatal care provider (whether contract or non-contract provider) through the postpartum period, without any form of prior approval.
- 2.9.2.4 If a member enrolls in the CONTRACTOR's MCO from another MCO, the CONTRACTOR shall immediately contact the member's previous MCO and request the transfer of "transition of care data" as specified by TENNCARE. If the CONTRACTOR is contacted by another MCO requesting "transition of care data"

for a member who has transferred from the CONTRACTOR to the requesting MCO (as verified by the CONTRACTOR), the CONTRACTOR shall provide such data in the timeframe and format specified by TENNCARE.

- 2.9.2.5 If the CONTRACTOR becomes aware that a CHOICES member will be transferring to another MCO, the CONTRACTOR (including, but not limited to the member's care coordinator) shall work with the other MCO in facilitating a seamless transition for that member. If a member in CHOICES Group 2 or 3 is transferring to a Grand Region where CHOICES has not been implemented, the care coordinator shall provide the local Area Agency on Aging and Disability (AAAD) with the member's plan of care and other information specified by TENNCARE within the timeframe and in the format specified by TENNCARE and shall work with the AAAD to facilitate a seamless transition for that member.
- 2.9.2.6 The CONTRACTOR shall ensure that any member entering the CONTRACTOR's MCO is held harmless by the provider for the costs of medically necessary covered services except for applicable TennCare cost sharing and patient liability amounts (see Section 2.6.7 of this Agreement).
- 2.9.2.7 The CONTRACTOR shall develop and maintain policies and procedures regarding the transition of new members.

2.9.3 Transition of Members Receiving Long-Term Care Services at the Time of CHOICES Implementation

- 2.9.3.1 For each member who is enrolling in CHOICES Group 1 or 2 as of the date of CHOICES implementation in each Grand Region, as identified by TENNCARE (herein referred to as "transitioning CHOICES members"), the CONTRACTOR shall assign a care coordinator prior to the first face-to-face visit. If the face-to-face visit will not occur within ten (10) days after the implementation of CHOICES, the CONTRACTOR shall send the member written notification within ten (10) calendar days of implementation that explains how the member can reach the care coordination unit for assistance with concerns or questions pending the assignment of a specific care coordinator. Unless and until the CONTRACTOR has been directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 at CHOICES implementation, only members in CHOICES Group 1 will transition at the time of CHOICES implementation. Therefore, the requirements in this Section 2.9.3 applicable only to CHOICES Group 2 will not apply unless otherwise directed by TENNCARE.
- 2.9.3.2 For each transitioning CHOICES member, the CONTRACTOR shall be responsible for the costs of continuing to provide covered long-term care services previously authorized by TENNCARE or its designee, including, as applicable, nursing facility services or, for members in CHOICES Group 2, HCBS in the member's approved HCBS E/D waiver plan of care without regard to whether such services are being provided by contract or non-contract providers.
- 2.9.3.3 For members in CHOICES Group 2 the CONTRACTOR shall continue HCBS in the member's approved HCBS E/D waiver plan of care except case management for a minimum of thirty (30) days after the member's enrollment and thereafter shall not reduce HCBS unless the member's care coordinator has conducted a comprehensive

needs assessment and developed a plan of care and the CONTRACTOR has authorized and initiated HCBS in accordance with the member's new plan of care. If a member in CHOICES Group 2 is receiving short-term nursing facility care, the CONTRACTOR shall continue to provide nursing facility services to the member in accordance with the level of nursing facility services (Level I or Level II) approved by TENNCARE (see Section 2.14.1.12).

- 2.9.3.4 For a member in CHOICES Group 2, within ninety (90) days of CHOICES implementation, the member's care coordinator shall conduct a face-to-face visit (see Section 2.9.6.2.5), including a comprehensive needs assessment (see Section 2.9.6.5), and develop a plan of care (see Section 2.9.6.6), and the CONTRACTOR shall authorize and initiate HCBS in accordance with the new plan of care. If a member in CHOICES Group 2 is receiving short-term nursing facility care on the date of enrollment with the CONTRACTOR the member's care coordinator shall complete a face-to-face visit prior to the expiration date of the level of nursing services approved by TENNCARE, but no more than ninety (90) days after CHOICES implementation, to determine appropriate needs assessment and care planning activities (see Section 2.9.6.2.5 for members who will be discharged from the nursing facility and remain in CHOICES Group 2 or 3 and Section 2.9.6.2.4 for members who will remain in the nursing facility and be enrolled in CHOICES Group 1). If the expiration date for the level of nursing facility services approved by TENNCARE occurs prior to ninety (90) days after CHOICES implementation, and the CONTRACTOR is unable to conduct the face-to-face visit prior to the expiration date, the CONTRACTOR shall be responsible for facilitating discharge to the community or enrollment in CHOICES Group 1, whichever is appropriate.
- 2.9.3.5 If at any time before conducting a comprehensive needs assessment for a member in CHOICES Group 2 the CONTRACTOR becomes aware of an increase in the member's needs, the member's care coordinator shall immediately conduct a comprehensive needs assessment and update the member's plan of care, and the CONTRACTOR shall initiate the change in services within ten (10) days of becoming aware of the change in the member's needs.
- 2.9.3.6 The CONTRACTOR shall provide nursing facility services to a member in CHOICES Group 1 in accordance with the level of nursing facility services (Level I or Level II) approved by TENNCARE (see Section 2.14.1.12); however, the member may be transitioned to the community in accordance with Section 2.9.6.8 of this Agreement.
- 2.9.3.7 For a member in CHOICES Group 1 who, at the time of enrollment with the CONTRACTOR, has resided in a nursing facility for less than ninety (90) days, the member's care coordinator shall conduct a face-to-face in-facility visit within ninety (90) days of the implementation of CHOICES and conduct a needs assessment as determined necessary by the CONTRACTOR (see Section 2.9.6.5.1). For a member in CHOICES Group 1 who, at the time of implementation of CHOICES, has resided in a nursing facility for ninety (90) days or more, the member's care coordinator shall conduct a face-to-face in-facility visit within six (6) months of the member's enrollment with the CONTRACTOR and conduct a needs assessment as determined necessary by the CONTRACTOR (see Section 2.9.6.5.1).

- 2.9.3.8 The CONTRACTOR shall facilitate a seamless transition to new services and/or providers, as applicable, in the plan of care developed by the CONTRACTOR without any disruption in services.
- 2.9.3.9 The CONTRACTOR shall not:
 - 2.9.3.9.1 Transition nursing facility residents or CHOICES Group 2 members who are residents of community-based residential alternatives to another facility unless (1) the member or his/her representative specifically requests to transition, which shall be documented in the member's file, (2) the member or his/her representative provides written consent to transition based on quality or other concerns raised by the CONTRACTOR, which shall not include the nursing facility's rate of reimbursement; or (3) the facility where the member is residing is not a contract provider; if the community-based residential facility where the CHOICES Group 2 member is currently residing is not a contract provider, the CONTRACTOR shall provide continuation of services in such facility for at least thirty (30) days, which shall be extended as necessary to ensure continuity of care pending the facility's contracting with the CONTRACTOR or the member's transition to a contract facility; if the member is transitioned to a contract facility, the CONTRACTOR shall facilitate a seamless transition to the new facility; if the nursing facility where the member is currently residing is a non-contract provider, the CONTRACTOR shall (a) authorize continuation of the services pending enrollment of the facility as a contract provider (except a facility excluded for a 2-year period when the facility has withdrawn from Medicaid participation); (b) authorize continuation of the services pending facilitation of the member's transition to a contract facility, subject to the member's agreement with such transition; or (c) may continue to reimburse services from the non-contract nursing facility in accordance with TennCare rules and regulations;
 - 2.9.3.9.2 Transition Group 1 members to HCBS unless the member chooses to receive HCBS as an alternative to nursing facility care and is enrolled in CHOICES Group 2 (see Section 2.9.6.8 for requirements regarding nursing facility to community transition);
 - 2.9.3.9.3 Admit a member in CHOICES Group 2 to a nursing facility unless (1) the member requires a short-term nursing facility care stay; (2) the member chooses to transition to a nursing facility and enroll in CHOICES Group 1; or (3) the CONTRACTOR determines that it cannot safely and effectively meet the needs of the member and within the member's cost neutrality cap, and the member agrees to transition to a nursing facility and enroll in CHOICES Group 1; or
 - 2.9.3.9.4 Transition members in CHOICES Group 2 or 3 to another HCBS provider for continuing services unless the current HCBS provider is not a contract provider; if the current HCBS provider is not a contract provider, the CONTRACTOR shall provide continuation of HCBS from that provider for at least thirty (30) days, which shall be extended as necessary to ensure continuity of care pending the provider's contracting with the CONTRACTOR or the member's transition to a contract provider; if the member is transitioned to a contract provider, the CONTRACTOR shall facilitate a seamless transition to the new provider.

2.9.4 Transition of Care

- 2.9.4.1 The CONTRACTOR shall actively assist members with chronic or acute medical or behavioral health conditions, members who are receiving long-term care services, and members who are pregnant in transitioning to another provider when a provider currently treating their chronic or acute medical or behavioral health condition, currently providing their long-term care services, or currently providing prenatal services has terminated participation with the CONTRACTOR. For CHOICES members, this assistance shall be provided by the member's care coordinator/care coordination team.
- 2.9.4.1.1 Except as provided below regarding members who are in their second or third trimester of pregnancy, the CONTRACTOR shall provide continuation of such provider for up to ninety (90) calendar days or until the member may be reasonably transferred to another provider without disruption of care, whichever is less.
- 2.9.4.1.2 For members in their second or third trimester of pregnancy, the CONTRACTOR shall allow continued access to the member's prenatal care provider and any provider currently treating the member's chronic or acute medical or behavioral health condition or currently providing long-term care services, through the postpartum period.
- 2.9.4.2 The CONTRACTOR shall actively assist members in transitioning to another provider when there are changes in providers. The CONTRACTOR shall have transition policies that, at a minimum, include the following:
- 2.9.4.2.1 A schedule which ensures transfer does not create a lapse in service;
- 2.9.4.2.2 For members in CHOICES Groups 2 and 3, the requirement for a HCBS provider that is no longer willing or able to provide services to a member to cooperate with the member's care coordinator to facilitate a seamless transition to another HCBS provider (see Section 2.12.12.1) and to continue to provide services to the member until the member has been transitioned to another HCBS provider, as determined by the CONTRACTOR, or as otherwise directed by the CONTRACTOR (see Section 2.12.12.2);
- 2.9.4.2.3 A mechanism for timely information exchange (including transfer of the member record);
- 2.9.4.2.4 A mechanism for assuring confidentiality;
- 2.9.4.2.5 A mechanism for allowing a member to request and be granted a change of provider;
- 2.9.4.2.6 An appropriate schedule for transitioning members from one (1) provider to another when there is medical necessity for ongoing care.
- 2.9.4.2.7 Specific transition language on the following special populations:
- 2.9.4.2.7.1 Children who are SED;
- 2.9.4.2.7.2 Adults who are SPMI;

- 2.9.4.2.7.3 Persons who have addictive disorders;
- 2.9.4.2.7.4 Persons who have co-occurring disorders of both mental health and substance abuse disorders; and
- 2.9.4.2.7.5 Persons with behavioral health conditions who also have a developmental disorder (dually diagnosed). These members shall be allowed to remain with their providers of the services listed below for the minimum time frames set out below as long as the services continue to be medically necessary. The CONTRACTOR may shorten these transition time frames only when the provider of services is no longer available to serve the member or when a change in providers is agreed to in writing by the member.
 - 2.9.4.2.7.5.1 Mental health case management: three (3) months;
 - 2.9.4.2.7.5.2 Psychiatrist: three (3) months;
 - 2.9.4.2.7.5.3 Outpatient behavioral health therapy: three (3) months;
 - 2.9.4.2.7.5.4 Psychosocial rehabilitation and supported employment: three (3) months; and
 - 2.9.4.2.7.5.5 Psychiatric inpatient or residential treatment and supported housing: six (6) months.

2.9.5 MCO Case Management

- 2.9.5.1 The CONTRACTOR shall maintain an MCO case management program that includes the following components:
 - 2.9.5.1.1 A systematic approach to identify eligible members;
 - 2.9.5.1.2 Assessment of member needs;
 - 2.9.5.1.3 Development of an individualized plan of care;
 - 2.9.5.1.4 Implementation of the plan of care, including coordination of care that actively links the member to providers and support services; and
 - 2.9.5.1.5 Program Evaluation (Satisfaction and Effectiveness).
- 2.9.5.2 The CONTRACTOR shall provide MCO case management to members who are at high risk or have unique, chronic, or complex needs. This shall include but not be limited to members with co-occurring mental illness and substance abuse and/or co-morbid physical health and behavioral health conditions.
- 2.9.5.3 The CONTRACTOR has the option of allowing members to be enrolled in both MCO case management and a disease management program.
- 2.9.5.4 The CONTRACTOR shall ensure that, upon a member's enrollment in CHOICES, MCO case management activities are integrated with CHOICES care coordination

processes and functions, and that the member's assigned care coordinator has primary responsibility for coordination of all the member's physical health, behavioral health, and long-term care needs. The care coordinator may use resources and staff from the CONTRACTOR's MCO case management program, including persons with specialized expertise in areas such as behavioral health, to supplement but not supplant the role and responsibilities of the member's care coordinator/care coordination team.

- 2.9.5.5 Eligible members shall be offered MCO case management services. However, member participation shall be voluntary.
- 2.9.5.6 The CONTRACTOR shall develop a process to inform members and providers about the availability of MCO case management and to inform the member's PCP and/or appropriate specialist when a member has been assigned to the MCO case management program.
- 2.9.5.7 The CONTRACTOR shall use utilization data, including pharmacy data provided by TENNCARE or its PBM (see Section 2.9.10), to identify members for MCO case management services as appropriate. In particular, the CONTRACTOR shall track utilization data to determine when a member has exceeded the ED threshold (see Section 2.14.1.13).

2.9.6 Care Coordination

2.9.6.1 General

- 2.9.6.1.1 The CONTRACTOR shall provide care coordination to all members enrolled in TennCare CHOICES in accordance with this Agreement and to other TennCare members only in order to determine the member's eligibility for and facilitate the member's enrollment in TennCare CHOICES. Except for the initial process for current members that is necessary to determine the member's eligibility for and facilitate the member's enrollment in TennCare CHOICES, care coordination shall not be available to non-CHOICES members. Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the requirements in this Section 2.9.6 applicable only to CHOICES Group 2 and/or 3 will not apply. If and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall, as directed by TENNCARE, comply with all of the requirements in this Section 2.9.6.
- 2.9.6.1.2 The CONTRACTOR shall provide care coordination in a comprehensive, holistic, person-centered manner.
- 2.9.6.1.3 The CONTRACTOR shall use care coordination as the continuous process of: (1) assessing a member's physical, behavioral, functional, and psychosocial needs; (2) identifying the physical health, behavioral health and long-term care services and other social support services and assistance (e.g., housing or income assistance) that are necessary to meet identified needs; (3) ensuring timely access to and provision, coordination and monitoring of physical health, behavioral health, and long-term care services needed to help the member maintain or improve his or her physical or behavioral health status or functional abilities and maximize independence; and

(4) facilitating access to other social support services and assistance needed in order to ensure the member's health, safety and welfare, and as applicable, to delay or prevent the need for more expensive institutional placement.

- 2.9.6.1.4 Long-term care services identified through care coordination and provided by the CONTRACTOR shall build upon and not supplant a member's existing support system, including but not limited to informal supports provided by family and other caregivers, services that may be available at no cost to the member through other entities, and services that are reimbursable through other public or private funding sources, such as Medicare or long-term care insurance.
- 2.9.6.1.5 The CONTRACTOR shall develop and implement policies and procedures for care coordination that comply with the requirements of this Agreement.
- 2.9.6.1.6 The CONTRACTOR's failure to meet requirements, including timelines, for care coordination set forth in this Agreement, except for good cause, constitutes non-compliance with this Agreement. Such failure shall not affect any determination of eligibility for CHOICES enrollment, which shall be based only on whether the member meets CHOICES eligibility and enrollment criteria, as defined pursuant to the Section 1115 TennCare Demonstration Waiver, federal and state laws and regulations, this Agreement, and TennCare policies and protocols. Nor shall such failure affect any determination of coverage for CHOICES benefits which shall be based only on the covered benefits for the applicable CHOICES group in which the member is enrolled as defined pursuant to the Section 1115 TennCare Demonstration Waiver, federal and state laws and regulations, this Agreement, and TennCare policies and protocols; and in accordance with requirements pertaining to medical necessity.
- 2.9.6.1.7 The CONTRACTOR shall ensure that its care coordination program complies with 42 CFR 438.208.
- 2.9.6.1.8 The CONTRACTOR shall ensure that, upon enrollment into CHOICES, MCO case management and/or disease management activities are integrated with CHOICES care coordination processes and functions, and that the member's assigned care coordinator has primary responsibility for coordination of all the member's physical health, behavioral health, and long-term care needs, including appropriate management of conditions specified in 2.8.1.1. The care coordinator may use resources and staff from the CONTRACTOR's case management and disease management programs, including persons with specialized expertise in areas such as behavioral health, to supplement but not supplant the role and responsibilities of the care coordinator/care coordination team.
- 2.9.6.2 Intake Process for Members New to Both TennCare and CHOICES
 - 2.9.6.2.1 The CONTRACTOR shall refer all inquiries regarding CHOICES enrollment by or on behalf of individuals who are not enrolled with the CONTRACTOR to TENNCARE or its designee. The form and format for such referrals shall be developed in collaboration with the CONTRACTOR and TENNCARE or its designee.

- 2.9.6.2.2 TENNCARE or its designee will assist individuals who are not enrolled in TennCare with TennCare eligibility and CHOICES enrollment.
- 2.9.6.2.3 *Functions of the Single Point of Entry (SPOE)*
- 2.9.6.2.3.1 For persons wishing to apply for CHOICES, TENNCARE or its designee may employ a screening process, using the tool and protocols specified by TENNCARE, to assist with intake for persons new to both TennCare and CHOICES. Such screening process shall assess: (1) whether the applicant appears to meet categorical and financial eligibility criteria for CHOICES; (2) whether the applicant appears to meet nursing facility level of care; and (3) for applicants seeking access to HCBS through enrollment in CHOICES Group 2, whether it appears that the applicant's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care.
- 2.9.6.2.3.2 For persons identified by TENNCARE or its designee as meeting the screening criteria, or for whom TENNCARE or its designee opts not to use a screening process, TENNCARE or its designee will conduct a face-to-face intake visit with the applicant. As part of this intake visit TENNCARE or its designee will, using the tools and protocols specified by TENNCARE, conduct a level of care and needs assessment; assess the member's existing natural support system, including but not limited to informal supports provided by family and other caregivers, services that may be available at no cost to the member through other entities, and services that are reimbursable through other public or private funding sources, such as Medicare or long-term care insurance; and identify the long-term care services and home health and/or private duty nursing services that may be needed by the applicant upon enrollment into CHOICES that would build upon and not supplant a member's existing natural support system.
- 2.9.6.2.3.3 TENNCARE or its designee shall conduct the intake visit, including the level of care and needs assessment, in the applicant's place of residence, except under extenuating circumstances (such as the member's hospitalization), which shall be documented in writing.
- 2.9.6.2.3.4 As part of the intake visit, TENNCARE or its designee shall: (1) provide general CHOICES education and information, as specified by TENNCARE, and assist in answering any questions the applicant may have; (2) provide information about estate recovery; (3) provide choice counseling and facilitate the selection of an MCO by the applicant or his/her representative; (4) provide information regarding freedom of choice of nursing facility versus HCBS, both verbally and in writing, and obtain a Freedom of Choice form signed by the applicant or his/her representative; (5) for applicants who want to receive NF services (a) provide detailed information and signed acknowledgement of understanding regarding a CHOICES member's responsibility with respect to payment of patient liability amounts, including, as applicable, the potential consequences for non-payment of patient liability which may include loss of the member's current nursing facility provider, disenrollment from CHOICES, and to the extent the member's eligibility is dependent on receipt of long-term care services, possible loss of eligibility for TennCare; and (b) provide information regarding the completion of all PASRR requirements prior to nursing facility admission and conduct the level I PASRR screening; (6) for applicants who are seeking HCBS:

(a) conduct a risk assessment using a tool and protocol specified by TENNCARE and develop, as applicable, a risk agreement that shall be signed by the applicant or his/her representative and which shall include identified risks to the applicant, the consequences of such risks, strategies to mitigate the identified risks, and the applicant's decision regarding his/her acceptance of risk; (b) make a determination regarding whether the applicant's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care, including explanation to the applicant regarding the individual cost neutrality cap, and notification to and signed acknowledgement of understanding by the applicant or his/her representative that a change in a member's needs or circumstances that would result in the cost neutrality cap being exceeded or that would result in the MCO's inability to safely and effectively meet a member's needs in the community and within the cost neutrality cap may result in the member's disenrollment from CHOICES Group 2, in which case, the care coordinator will assist with transition to a more appropriate care delivery setting; and (c) provide information regarding consumer direction and obtain signed documentation of the applicant's interest in participating in consumer direction; and (7) provide information regarding next steps in the process including the need for approval by TENNCARE to enroll in CHOICES and the functions of the CONTRACTOR, including that the CONTRACTOR will develop and approve a plan of care.

- 2.9.6.2.3.5 The listing of HCBS and home health and/or private duty nursing services the member may need shall be used by TENNCARE or its designee to determine whether services can be provided within the member's cost neutrality cap and may be further refined based on the CONTRACTOR's comprehensive needs assessment and plan of care development processes.
- 2.9.6.2.3.6 The State will be responsible for determining TennCare categorical and financial eligibility and level of care and enrolling eligible TennCare members into CHOICES.
- 2.9.6.2.3.7 TENNCARE will notify the CONTRACTOR via the 834 eligibility file when a person has been enrolled in CHOICES and the member's CHOICES Group and applicable patient liability amounts (see Section 2.6.7.2). For members in CHOICES Group 2, TENNCARE will notify the CONTRACTOR of the member's cost neutrality cap (see definition in Section 1 and see Section 2.6.1.5.2.3).
- 2.9.6.2.3.8 TENNCARE or its designee will make available to the CONTRACTOR the documentation from the intake visit, including but not limited to the member's level of care and needs assessment, the assessment of the member's existing natural support system, the member's risk assessment and signed risk agreement (for members in CHOICES Group 2), and the services identified by TENNCARE or its designee.
- 2.9.6.2.4 *Functions of the CONTRACTOR for Members in CHOICES Group 1*
 - 2.9.6.2.4.1 For members enrolled in CHOICES Group 1, who are, upon CHOICES enrollment, receiving nursing facility services, the CONTRACTOR shall immediately authorize such services in accordance with the level of nursing

facility services (Level I or Level II) approved by TENNCARE (see Section 2.14.1.12). Authorization for such services shall be from the current provider as of the effective date of CHOICES enrollment. The CONTRACTOR shall not move members enrolled in CHOICES Group 1 who are, upon CHOICES enrollment, receiving nursing facility services, to another facility unless: (1) the member or his/her representative specifically requests to move, which shall be documented in the member's file; (2) the member or his/her representative provides written consent to move based on quality or other concerns raised by the CONTRACTOR, which shall not include the nursing facility's rate of reimbursement; or (3) the facility where the member is residing is not a contract provider. If the nursing facility is a non-contract provider, the CONTRACTOR shall (a) authorize continuation of the services pending enrollment of the facility as a contract provider (except a facility excluded for a 2-year period when the facility has withdrawn from Medicaid participation); (b) authorize continuation of the services pending facilitation of the member's transition to a contract facility, subject to the member's agreement with such transition; or (c) may continue to reimburse services from the non-contract nursing facility in accordance with TennCare rules and regulations.

- 2.9.6.2.4.2 For members in CHOICES Group 1 who are receiving services in a nursing facility at the time of enrollment in CHOICES and have received such services for ninety (90) days or more, the CONTRACTOR shall, within sixty (60) calendar days of notice of the member's enrollment in CHOICES, conduct a face-to-face visit with the member and perform any additional needs assessment deemed necessary by the CONTRACTOR (see Section 2.9.6.5.1). The care coordinator shall review the plan of care developed by the nursing facility and may supplement the plan of care as necessary and appropriate (see Section 2.9.6.6.1).
- 2.9.6.2.4.3 The care coordinator shall, for members in CHOICES Group 1 who are receiving services in a nursing facility at the time of enrollment in CHOICES and are new admissions to a nursing facility, having resided in the nursing facility for less than ninety (90) days, within thirty (30) calendar days of notice of the member's enrollment in CHOICES conduct a face-to-face visit with the member and perform any additional needs assessment deemed necessary by the CONTRACTOR (see Section 2.9.6.5.1). The care coordinator shall review the plan of care developed by the nursing facility and may supplement the plan of care as necessary and appropriate (see in Section 2.9.6.6.1).
- 2.9.6.2.4.4 For members in CHOICES Group 1 who are waiting for placement in a nursing facility, within ten (10) calendar days of notice of the member's enrollment in CHOICES (1) the member's care coordinator shall conduct a face-to-face visit with the member, which shall include (a) member education regarding choice of contract nursing facility providers, subject to the provider's availability and willingness to timely delivery services, and obtain signed confirmation of the member's choice of nursing facility; and (b) performing any additional needs assessment deemed necessary by the CONTRACTOR (see Section 2.9.6.5.1); and (2) the CONTRACTOR shall authorize and initiate nursing facility services. Upon admission to a nursing facility, the care coordinator shall participate as appropriate in the nursing facility's care planning process (see Section

- 2.9.6.6.1.2) and may supplement the plan of care as necessary (see Section 2.9.6.6.1.1).
- 2.9.6.2.4.5 The CONTRACTOR shall not divert or transition members in CHOICES Group 1 to HCBS unless the member chooses to receive HCBS as an alternative to nursing facility and is enrolled in CHOICES Group 2 or 3.
- 2.9.6.2.4.6 The CONTRACTOR shall ensure that all PASRR requirements are met prior to a member's admission to a nursing facility.
- 2.9.6.2.4.7 For purposes of the CHOICES program, service authorization for nursing facility services shall be for the level of nursing facility services (Level I or Level II) approved by TENNCARE (see Section 2.14.1.12) and shall include the duration of nursing facilities services to be provided; the requested start date; and other relevant information as prescribed by TENNCARE. The CONTRACTOR shall be responsible for confirming the nursing facility's capacity and commitment to initiate services as authorized on or before the requested start date, and if the nursing facility is unable to initiate services as authorized on or before the requested start date, for arranging an alternative nursing facility that is able to initiate services as authorized on or before the requested start date in accordance with Section 2.9.6.2.4.8.
- 2.9.6.2.4.8 If the CONTRACTOR is unable to place a member in the nursing facility requested by the member, the care coordinator shall meet with the member and his/her representative to discuss the reasons why the member cannot be placed with the requested nursing facility and the available options and identify an alternative nursing facility.
- 2.9.6.2.4.9 If the CONTRACTOR is unable to initiate nursing facility services in accordance with the timeframes specified in Section 2.9.6.2.4.4, the CONTRACTOR shall issue written notice to the member, documenting that the service will be delayed, the reasons for the delay, and the date the service will start, and shall make good faith efforts to ensure that services are provided as soon as practical.
- 2.9.6.2.4.10 For CHOICES members approved by TENNCARE for Level II (or skilled) nursing facility services, the CONTRACTOR shall be responsible for monitoring the member's continued need for Medicaid reimbursed skilled and/or rehabilitation services, promptly notifying TENNCARE when Level II nursing facility services are no longer medically necessary, and for the submission of information needed by TENNCARE to reevaluate the member's level of care for nursing facility services (see also Section 2.14.1.12.2).
- 2.9.6.2.5 *Functions of the CONTRACTOR for Members in CHOICES Groups 2 and 3*
- 2.9.6.2.5.1 For members enrolled in CHOICES Group 2 who are, upon CHOICES enrollment, receiving community-based residential alternative services, the CONTRACTOR shall, immediately upon notice of the member's enrollment in CHOICES, authorize such services from the current provider as of the effective date of CHOICES enrollment. In the case of those members enrolled in CHOICES Group 2 on the basis of Immediate Eligibility for CHOICES Group 2, community-based residential alternative services shall be authorized immediately

upon notice of the member's categorical and financial eligibility for TennCare CHOICES as of the effective date of CHOICES enrollment. The CONTRACTOR shall not transition members enrolled in CHOICES Group 2 who are, upon CHOICES enrollment, receiving services in a community-based residential alternative setting to another facility unless: (1) the member or his/her representative specifically requests to move, which shall be documented in the member's file; (2) the member or his/her representative provides written consent to move based on quality or other concerns raised by the CONTRACTOR; or (3) the facility where the member is residing is not a contract provider; if the facility is a non-contract provider, the CONTRACTOR shall authorize medically necessary services from the non-contract provider for at least thirty (30) days which shall be extended as necessary to ensure continuity of care pending the facility's enrollment with the CONTRACTOR or the member's transition to a contract provider

- 2.9.6.2.5.2 For members in CHOICES Group 2 who upon CHOICES enrollment are receiving services in a community-based residential alternative setting, within ten (10) calendar days of notice of the member's enrollment in CHOICES the care coordinator shall conduct a face-to-face visit with the member, perform a comprehensive needs assessment (see Section 2.9.6.5), develop a plan of care (see Section 2.9.6.6), and authorize and initiate additional HCBS specified in the plan of care (i.e., assistive technology), except in the case of members enrolled on the basis of Immediate Eligibility for CHOICES Group 2. If a member residing in a community-based residential alternative setting is enrolled on the basis of Immediate Eligibility for CHOICES Group 2, the CONTRACTOR shall, upon notice that the State has determined that the member meets categorical and financial eligibility for TennCare CHOICES, immediately authorize community-based residential services and shall authorize and initiate additional HCBS specified in the member's plan of care (i.e., assistive technology) within five (5) days of notice; authorization for community-based residential alternative services shall be retroactive to the member's effective date of CHOICES enrollment.
- 2.9.6.2.5.3 The care coordinator shall, for all other members in CHOICES Groups 2 and 3 not specified in 2.9.6.2.5.1 – 2.9.6.2.5.2 above, within ten (10) calendar days of notice of the member's enrollment in CHOICES, conduct a face-to-face visit with the member, perform a comprehensive needs assessment (see Section 2.9.6.5), develop a plan of care (see Section 2.9.6.6), and authorize and initiate HCBS, except in the case of members enrolled on the basis of Immediate Eligibility for CHOICES Group 2 in which case only the limited package of HCBS shall be authorized and initiated. Members enrolled on the basis of Immediate Eligibility for CHOICES Group 2 shall have access only to a limited package of HCBS (see Section 2.6.1.5.3) pending determination of categorical and financial eligibility for TennCare CHOICES; however all needed services shall be listed in the plan of care, and the CONTRACTOR shall immediately revise the service authorizations as necessary upon notice that the State has determined that the member meets categorical and financial eligibility for TennCare CHOICES and initiate services within five (5) days of notice.
- 2.9.6.2.5.4 At the discretion of the CONTRACTOR, authorization of home health or private duty nursing services may be completed by the care coordinator or through the CONTRACTOR's established UM processes but shall be in accordance with

Section 2.9.2.1 of this Agreement, which requires the CONTRACTOR to continue providing medically necessary home health or private duty nursing services the member was receiving upon TennCare enrollment.

- 2.9.6.2.5.5 The CONTRACTOR shall not admit a member enrolled in CHOICES Group 2 to a nursing facility unless: (1) the member requires a short-term nursing facility care stay; (2) the member chooses to transition to a nursing facility and enroll in CHOICES Group 1; or (3) the CONTRACTOR determines that it cannot safely and effectively meet the needs of the member and at a cost that is less than the member's cost neutrality cap and the member agrees to transition to a nursing facility and enroll in CHOICES Group 1.
- 2.9.6.2.5.6 The CONTRACTOR shall not admit a member enrolled in CHOICES Group 3 to a nursing facility unless: (1) the member meets nursing facility level of care and is expected to require nursing facility services for ninety (90) days or less; or (2) the member meets nursing facility level of care, is expected to require nursing facility services for more than ninety (90) days and chooses to transition to a nursing facility and enroll in CHOICES Group 1.
- 2.9.6.2.5.7 In preparation for the face-to-face visit, the care coordinator shall review in-depth the information from the SPOE's intake process (see Section 2.9.6.2.3), and the care coordinator shall consider that information, including the services identified by TENNCARE or its designee, when developing the member's plan of care.
- 2.9.6.2.5.8 As part of the face-to-face visit for members in CHOICES Group 2, the care coordinator shall review, and revise as necessary, the member's risk assessment and risk agreement and have the member or his/her representative sign any revised risk agreement.
- 2.9.6.2.5.9 As part of the face-to-face visit, for members determined to need eligible HCBS, the care coordinator shall verify the member's interest in participating in consumer direction and obtain written confirmation of the member's decision. The care coordinator shall also provide member education regarding choice of contract providers for HCBS, subject to the provider's availability and willingness to timely deliver services, and obtain signed confirmation of the member's choice of contract providers.
- 2.9.6.2.5.10 For purposes of the CHOICES program, service authorizations shall include the amount, frequency, and duration of each service to be provided and the schedule at which such care is needed, as applicable; the requested start date; and other relevant information as prescribed by TENNCARE. The CONTRACTOR shall be responsible for confirming the provider's capacity and commitment to initiate services as authorized on or before the requested start date, and if the provider is unable to initiate services as authorized on or before the requested start date, for arranging an alternative provider who is able to initiate services as authorized on or before the requested start date.
- 2.9.6.2.5.11 The member's care coordinator/care coordination team shall provide at least verbal notification to the member prior to initiation of HCBS identified in the plan of care regarding any change in providers selected by the member for each HCBS, including the reason such change has been made.

- 2.9.6.2.5.12 If the CONTRACTOR is unable to initiate any HCBS in accordance with the timeframes specified herein, the CONTRACTOR shall issue written notice to the member, documenting the service(s) that will be delayed, the reasons for the delay, and the date the service(s) will start, and shall make good faith efforts to ensure that services are provided as soon as practical.
- 2.9.6.2.5.13 TENNCARE may establish, pursuant to policies and protocols for management of waiting lists, alternative timeframes for completion of specified intake functions and activities when there is a waiting list, which may include at the time of CHOICES implementation.
- 2.9.6.3 CHOICES Intake Process for the CONTRACTOR's Current Members
 - 2.9.6.3.1 The CONTRACTOR shall develop and implement policies and procedures for ongoing identification of members who may be eligible for CHOICES. The CONTRACTOR shall use the following, at a minimum, to identify members who may be eligible for CHOICES:
 - 2.9.6.3.1.1 Referral from member's PCP, specialist or other provider or other referral source;
 - 2.9.6.3.1.2 Self-referral by member or referral by member's family or guardian;
 - 2.9.6.3.1.3 Referral from CONTRACTOR's staff including but not limited to DM, MCO case management, and UM staff;
 - 2.9.6.3.1.4 Notification of hospital admission (see Section 2.12.9.38); and
 - 2.9.6.3.1.5 Upon notice from TENNCARE, periodic review (at least quarterly) of:
 - 2.9.6.3.1.5.1 Claims or encounter data;
 - 2.9.6.3.1.5.2 Hospital admission or discharge data;
 - 2.9.6.3.1.5.3 Pharmacy data; and
 - 2.9.6.3.1.5.4 Data collected through the DM and/or UM processes.
 - 2.9.6.3.1.5.5 The CONTRACTOR may define in its policies and procedures other steps that will be taken to better assess if the members identified through means other than referral or notice of hospital admission will likely qualify for CHOICES, and may target its screening and intake efforts to a more targeted list of persons that are most likely to need and to qualify for CHOICES services.
 - 2.9.6.3.2 As part of its identification process for members who may be eligible for CHOICES, the CONTRACTOR may initiate a telephone screening process, using the tool and protocols specified by TENNCARE. Such screening process shall: (1) verify the member's current eligibility category based on information provided by TENNCARE in the 834 eligibility file; for persons seeking access to HCBS through enrollment in CHOICES Groups 2 or 3, identify whether the member meets categorical eligibility requirements for enrollment in such group based on his/her current eligibility

category, and if not, for persons seeking to enroll in CHOICES Group 2, whether the member appears to meet categorical and financial eligibility criteria for the Institutional (i.e., CHOICES 217-Like HCBS) category); (2) determine whether the member appears to meet level of care eligibility for CHOICES; and (3) for members seeking access to HCBS through enrollment in CHOICES Group 2, determine whether it appears that the member's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care. Such telephone screening shall be conducted at the time of the initial call by the CONTRACTOR unless the member requests that the screening be conducted at another time, which shall be documented in writing in the CHOICES intake record.

- 2.9.6.3.3 For CHOICES referrals by or on behalf of a potential CHOICES member, regardless of referral source, if the CONTRACTOR opts to use a telephone screening process, the CONTRACTOR shall make every effort to conduct such screening process at the time of referral, unless the person making the referral is not able or not authorized by the member to assist with the screening process, in which case the CONTRACTOR shall complete the telephone screening process as expeditiously as possible.
 - 2.9.6.3.3.1 Documentation of at least three (3) attempts to contact the member by phone (which shall include at least one (1) attempt to contact the member at the number most recently reported by the member and at least one (1) attempt to contact the member at the number provided in the referral, if different), followed by a letter sent to the member's most recently reported address that provides information about CHOICES and how to obtain a screening for CHOICES, shall constitute sufficient effort by the CONTRACTOR to assist a member who has been referred for CHOICES, regardless of referral source.
- 2.9.6.3.4 For persons identified through notification of hospital admission, the CONTRACTOR shall work with the discharge planner to determine whether long-term care services may be needed upon discharge, and if so, shall complete all applicable screening and/or intake processes immediately to facilitate timely transition to the most integrated and cost effective long-term care delivery setting appropriate for the member's needs.
- 2.9.6.3.5 For identification by the CONTRACTOR of a member who may be eligible for CHOICES by means other than referral or notice of hospital admission, if the CONTRACTOR opts to use a telephone screening process, the CONTRACTOR shall complete the telephone screening process as expeditiously as possible.
 - 2.9.6.3.5.1 Documentation of at least one (1) attempt to contact the member by phone at the number most recently reported by the member, followed by a letter sent to the member's most recently reported address that provides information about CHOICES and how to obtain a screening for CHOICES shall constitute sufficient effort by the CONTRACTOR to assist a member that has been identified by the CONTRACTOR by means other than referral.
- 2.9.6.3.6 If the CONTRACTOR uses a telephone screening process, the CONTRACTOR shall document all screenings conducted by telephone and their disposition, with a written record.

- 2.9.6.3.7 If the member does not meet the telephone screening criteria, the CONTRACTOR shall notify the member verbally and in writing: (1) that he/she does not appear to meet the criteria for enrollment in CHOICES; (2) that he/she has the right to continue with the CHOICES intake process and, if determined not eligible, to receive notice of such denial, including the member's due process right to appeal; and (3) how, if the member wishes to proceed with the CHOICES intake process, the member can submit a written request to proceed with the CHOICES intake process to the CONTRACTOR. In the event that a member does submit such written request, the CONTRACTOR shall conduct a face-to-face intake visit, including level of care assessment and needs assessment, within five (5) business days of receipt of the member's written request.
- 2.9.6.3.8 If, through the screening process described above, or upon other identification by the CONTRACTOR of a member who appears to be eligible for CHOICES for whom the CONTRACTOR opts not to use such screening process, the care coordinator shall conduct a face-to-face intake visit with the member that includes a level of care assessment and a needs assessment (see Section 2.9.6.5) using tool(s) prior approved by TENNCARE and in accordance with the protocols specified by TENNCARE.
- 2.9.6.3.8.1 For members in a nursing facility or seeking nursing facility services, the care coordinator shall perform any additional needs assessment deemed necessary by the CONTRACTOR (see Section 2.9.6.5.1).
- 2.9.6.3.8.2 For members seeking HCBS (through enrollment in CHOICES Group 2 or 3), the care coordinator shall, using the tools and protocols specified by TENNCARE, assess the member's existing natural support system, including but not limited to informal supports provided by family and other caregivers, services that may be available at no cost to the member through other entities, and services that are reimbursable through other public or private funding sources, such as Medicare or long-term care insurance; and identify the long-term care services and home health and/or private duty nursing services that may be needed by the member upon enrollment into CHOICES that would build upon and not supplant a member's existing natural support system.
- 2.9.6.3.9 As part of the face-to-face intake visit, the care coordinator/care coordination team shall: (1) provide general CHOICES education and information, as specified by TENNCARE, to the member and assist in answering questions the member may have; (2) provide information about estate recovery; (3) provide assistance, as necessary, in facilitating gathering of categorical/financial documentation needed by DHS; (4) if the CONTRACTOR has been directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2, provide information regarding freedom of choice of nursing facility versus HCBS, both verbally and in writing, and obtain a Freedom of Choice form signed by the member or his/her representative; (5) for members who want to receive nursing facility services, (a) provide detailed information and signed acknowledgement of understanding regarding a CHOICES member's responsibility with respect to payment of patient liability amounts, including the potential consequences for non-payment of patient liability which may include loss of the member's current nursing facility provider, disenrollment from CHOICES, and to the extent the member's eligibility is dependent on receipt of long-term care services, possible loss of eligibility for TennCare; and (b) provide information regarding the completion of all

PASRR requirements prior to nursing facility admission and conduct the level I PASRR screening; (6) for members who are seeking HCBS (through enrollment in CHOICES Group 2 or 3), the care coordinator, shall: (a) conduct a risk assessment using a tool and protocol specified by TENNCARE and shall develop, as applicable, a risk agreement that shall be signed by the member or his/her representative and which shall include identified risks to the member, the consequences of such risks, strategies to mitigate the identified risks, and the member's decision regarding his/her acceptance of risk; (b) make a determination regarding whether the person's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care, including explanation to the member regarding the individual cost neutrality cap, and notification to and signed acknowledgement of understanding by the member or his/her representative that a change in needs or circumstances that would result in the cost neutrality cap being exceeded or that would result in the CONTRACTOR's inability to safely and effectively meet the member's needs in the community and within the cost neutrality cap may result in the member's disenrollment from CHOICES Group 2, in which case, the member's care coordinator will assist with transition to a more appropriate care delivery setting; and (c) provide information regarding consumer direction and obtain written confirmation of the member's decision regarding participation in consumer direction; and (7) for all members, provide information regarding choice of contract providers, subject to the provider's availability and willingness to timely deliver services, and obtain signed documentation of the member's choice of contract providers.

- 2.9.6.3.10 For CHOICES referrals by or on behalf of a potential CHOICES member, regardless of referral source, the care coordinator shall conduct the face-to-face intake visit and shall develop a plan of care, as appropriate (see Section 2.9.6.6), within six (6) business days of receipt of such referral, unless a later date is requested by the member, which shall be documented in writing in the CHOICES intake record.
- 2.9.6.3.11 For members identified by the CONTRACTOR as potentially eligible for CHOICES by means other than referral, the care coordinator shall conduct the face-to-face intake visit and shall develop a plan of care, as appropriate (see Section 2.9.6.6), within thirty (30) days of identification of the member as potentially eligible for CHOICES. For persons identified through notification of hospital admission, the CONTRACTOR shall coordinate with the hospital discharge planner to determine whether long-term care services may be needed upon discharge, and if so, complete all applicable screening and/or intake processes immediately to facilitate timely transition to the most integrated and cost effective long-term care delivery setting appropriate for the member's needs.
- 2.9.6.3.12 Once completed, the CONTRACTOR shall submit the level of care and, for members requesting HCBS, documentation, as specified by TENNCARE, to verify that the member's needs can be safely and effectively met in the community and within the cost neutrality cap to TENNCARE within one (1) business day.
- 2.9.6.3.13 If the member is seeking access to HCBS through enrollment in CHOICES Group 2 and the enrollment target for CHOICES Group 2 has been reached, the CONTRACTOR shall notify TENNCARE, at the time of submission of the level of care and needs assessment and plan of care, as appropriate, whether the person shall be placed on a waiting list for CHOICES Group 2. If the CONTRACTOR wishes to enroll the person in CHOICES Group 2 as a cost effective alternative (CEA) to

nursing facility care that would otherwise be provided, the CONTRACTOR shall submit to TENNCARE the following:

- 2.9.6.3.13.1 A written summary of the CONTRACTOR's CEA determination, including an explanation of the member's circumstances which warrant the immediate provision of nursing facility services unless HCBS are immediately available.
- 2.9.6.3.13.2 TENNCARE may request additional information as needed to confirm the CONTRACTOR's CEA determination and/or provider capacity to meet the member's needs, and shall, only upon receipt of satisfactory documentation, enroll the member in CHOICES.
- 2.9.6.3.14 The CONTRACTOR shall be responsible for (1) advising members who appear to meet the nursing facility level of care that are seeking access to HCBS through enrollment in CHOICES Group 2 when an enrollment target has been (or will soon be) reached; (2) advising such persons that they may choose to receive nursing facility services if HCBS are not immediately available; (3) determining whether the person wants nursing facility services if HCBS are not immediately available; and (4) at the CONTRACTOR's sole discretion, making a determination regarding whether enrollment in CHOICES Group 2 constitutes a CEA because the immediate provision of nursing facility services will otherwise be required and submitting appropriate documentation to TENNCARE if there is a waiting list for CHOICES Group 2 but the CONTRACTOR chooses to enroll a member in CHOICES Group 2 as a CEA (see Section 2.9.6.3.13.1).
- 2.9.6.3.15 The State will be responsible for determining TennCare categorical and financial eligibility and level of care and enrolling eligible TennCare members into CHOICES.
- 2.9.6.3.16 TENNCARE will notify the CONTRACTOR via the 834 eligibility file when a person has been enrolled in CHOICES and, if the member is enrolled in CHOICES, the member's CHOICES Group. For members in CHOICES Group 2, TENNCARE will notify the CONTRACTOR of the member's cost neutrality cap (see definition in Section 1 and see Section 2.6.1.5.2.3). For members in CHOICES Group 1, TENNCARE will notify the CONTRACTOR of applicable patient liability amounts (see Section 2.6.7.2).
- 2.9.6.3.17 The CONTRACTOR shall, within five (5) calendar days of notice of the member's enrollment in CHOICES, authorize and initiate long-term care services.
 - 2.9.6.3.17.1 For purposes of the CHOICES program, service authorizations for HCBS (for members in CHOICES Group 2 or 3) shall include the amount, frequency, and duration of each service to be provided, and the schedule at which such care is needed, as applicable; and other relevant information as prescribed by TENNCARE. Service authorizations for nursing facility services shall be for the level of nursing facility services (Level I or Level II) approved by TENNCARE (see Section 2.14.1.12) and shall include the duration of nursing facility services to be provided; the requested start date; and other relevant information as prescribed by TENNCARE. The CONTRACTOR is responsible for confirming the provider's capacity and commitment to initiate services as authorized on or before the requested start date, and if the provider is unable to initiate services as authorized on or before the requested start date, shall select an alternative

provider who is able to initiate services as authorized on or before the requested start date.

- 2.9.6.3.17.2 The CONTRACTOR shall provide at least verbal notice to a member in CHOICES Group 2 or 3 prior to initiation of HCBS identified in the plan of care regarding any change in providers selected by the member for each HCBS; including the reason such change has been made. If the CONTRACTOR is unable to place a member in the nursing facility or community-based residential alternative setting requested by the member, the care coordinator shall meet with the member and his/her representative to discuss the reasons why the member cannot be placed with the requested facility and the available options and identify an alternative facility.
- 2.9.6.3.17.3 If the CONTRACTOR is unable to initiate any long-term care service within the timeframes specified in this Agreement, the CONTRACTOR shall issue written notice to the member, documenting the service(s) that will be delayed, the reasons for the delay and the date the service(s) will start, and shall make good faith efforts to ensure that services are provided as soon as practical.
- 2.9.6.3.17.4 For members enrolled in CHOICES Groups 1 or 2 who are, upon CHOICES enrollment, receiving nursing facility or community-based residential alternative services from a contract provider, the CONTRACTOR shall authorize such services from the current provider as of the effective date of CHOICES enrollment. The CONTRACTOR shall not move members enrolled in CHOICES Groups 1 or 2 who are, upon CHOICES enrollment, receiving services in a nursing facility or community-based residential alternative setting to another facility unless: (1) the member or his/her representative specifically requests to move, which shall be documented in the member's file; (2) the member or his/her representative provides written consent to move based on quality or other concerns raised by the CONTRACTOR, which shall not include the nursing facility's rate of reimbursement; or (3) the facility where the member is residing is not a contract provider; if the community-based residential facility where the member in CHOICES Group 2 is currently residing is not a contract provider, the CONTRACTOR shall provide continuation of services in such facility for at least thirty (30) days, which shall be extended as necessary to ensure continuity of care pending the facility's contracting with the CONTRACTOR or the member's transition to a contract facility; if the member is transitioned to a contract facility, the CONTRACTOR shall facilitate a seamless transition to the new facility; if the nursing facility where the member is currently residing is a non-contract provider, the CONTRACTOR shall (a) authorize continuation of the services pending enrollment of the facility as a contract provider (except a facility excluded for a 2-year period when the facility has withdrawn from Medicaid participation); (b) authorize continuation of the services pending facilitation of the member's transition to a contract facility, subject to the member's agreement with such transition; or (c) may continue to reimburse services from the non-contract nursing facility in accordance with TennCare rules and regulations.
- 2.9.6.3.17.5 For members receiving nursing facility services, the care coordinator shall participate as appropriate in the nursing facility's care planning process (see

Section 2.9.6.5.1) and may supplement the plan of care as necessary (see Section 2.9.6.6.1).

- 2.9.6.3.17.6 The CONTRACTOR shall not divert or transition members in CHOICES Group 1 to HCBS unless the member chooses to receive HCBS as an alternative to nursing facility and is enrolled in CHOICES Group 2 or 3.
- 2.9.6.3.17.7 The CONTRACTOR shall ensure that all PASRR requirements are met prior to a member's admission to a nursing facility.
- 2.9.6.3.17.8 The CONTRACTOR shall not admit a member enrolled in CHOICES Group 2 to a nursing facility unless: (1) the member requires a short-term nursing facility care stay; (2) the member chooses to transition to a nursing facility and enroll in CHOICES Group 1; or (3) the CONTRACTOR determines that it cannot safely and effectively meet the needs of the member and at a cost that is less than the member's cost neutrality cap and the member agrees to transition to a nursing facility and enroll in CHOICES Group 1.
- 2.9.6.3.17.9 The CONTRACTOR shall not admit a member enrolled in CHOICES Group 3 to a nursing facility unless: (1) the member meets nursing facility level of care and is expected to require nursing facility services for ninety (90) days or less; or (2) the member meets nursing facility level of care, is expected to require nursing facility services for more than ninety (90) days and chooses to transition to a nursing facility and enroll in CHOICES Group 1.
- 2.9.6.3.18 TENNCARE may establish, pursuant to policies and protocols for management of waiting lists, alternative timeframes for completion of specified intake functions and activities for persons when there is a waiting list, which may include at the time of CHOICES implementation.
- 2.9.6.4 Care Coordination upon Enrollment in CHOICES
 - 2.9.6.4.1 Upon notice of a member's enrollment in CHOICES, the CONTRACTOR shall assume responsibility for all care coordination functions and activities described herein (assessment and care planning activities for members currently enrolled with the CONTRACTOR shall begin prior to CHOICES enrollment; see Section 2.9.6.3).
 - 2.9.6.4.2 The CONTRACTOR shall be responsible for all aspects of care coordination and all requirements pertaining thereto, including but not limited to requirements set forth in the Section 1115 TennCare Demonstration Waiver, federal and state laws and regulations, this Agreement, and TennCare policies and protocols.
 - 2.9.6.4.3 The CONTRACTOR shall assign to each member a specific care coordinator who shall have primary responsibility for performance of care coordination activities as specified in this Agreement, and who shall be the member's point of contact for coordination of all physical health, behavioral health, and long-term care services.
 - 2.9.6.4.3.1 For CHOICES members, who are, upon CHOICES enrollment, receiving services in a nursing facility or a community-based residential alternative setting, the CONTRACTOR shall assign a specific care coordinator prior to the first face-to-face visit required in this Agreement. If the first face-to-face visit will not

occur within the first ten (10) days of the member's enrollment in CHOICES, the CONTRACTOR shall send the member written notification within ten (10) calendar days of the member's enrollment that explains how the member can reach the care coordination unit for assistance with concerns or questions pending the assignment of a specific care coordinator.

2.9.6.4.3.2 For CHOICES members who, upon enrollment in CHOICES, are not receiving services in a nursing facility or a community-based residential alternative setting, the CONTRACTOR shall assign a specific care coordinator and shall advise the member of the name of his/her care coordinator and provide contact information prior to the initiation of services (see Sections 2.9.6.2.4.4, 2.9.6.2.5.3, and 2.9.6.3.17), but no more than ten (10) calendar days following CHOICES enrollment.

2.9.6.4.4 The CONTRACTOR may utilize a care coordination team approach to performing care coordination activities prescribed in Section 2.9.6. For each CHOICES member, the CONTRACTOR's care coordination team shall consist of the member's care coordinator and specific other persons with relevant expertise and experience appropriate to address the needs of CHOICES members. Care coordination teams shall be discrete entities within the CONTRACTOR's organizational structure dedicated to fulfilling CHOICES care coordination functions. The CONTRACTOR shall establish policies and procedures that specify, at a minimum: the composition of care coordination teams; the tasks that will be performed directly by the care coordinator; measures taken to ensure that the care coordinator remains the member's primary point of contact for the CHOICES program and related issues; escalation procedures to elevate issues to the care coordinator in a timely manner; and measures taken to ensure that if a member needs to reach his/her care coordinator specifically, calls that require immediate attention by a care coordinator are handled by a care coordinator and calls that do not require immediate attention are returned by the member's care coordinator the next business day.

2.9.6.5 Needs Assessment

2.9.6.5.1 *For Members in CHOICES Group 1*

2.9.6.5.1.1 As part of the face-to-face intake visit for current members or face-to-face visit with new members in CHOICES Group 1, as applicable, a care coordinator shall conduct any needs assessment deemed necessary by the CONTRACTOR, using a tool prior approved by TENNCARE and in accordance with protocols specified by TENNCARE. The care coordinator shall assess the member's potential for and interest in transition to the community and ensure coordination of the member's physical health, behavioral health, and long-term care needs. This assessment may include identification of targeted strategies related to improving health, functional, or quality of life outcomes (e.g., related to disease management or pharmacy management) or to increasing and/or maintaining functional abilities, including services covered by the CONTRACTOR that are beyond the scope of the nursing facility services benefit.

2.9.6.5.1.2 Needs reassessments shall be conducted as the care coordinator deems necessary.

2.9.6.5.2 *For Members in CHOICES Groups 2 and 3*

2.9.6.5.2.1 The care coordinator shall conduct a comprehensive needs assessment using a tool prior approved by TENNCARE and in accordance with protocols specified by TENNCARE as part of its face-to-face visit with new members in CHOICES Groups 2 and 3 (see Section 2.9.6.2.5) and as part of its face-to-face intake visit for current members applying for CHOICES Groups 2 and 3.

2.9.6.5.2.2 At a minimum, for members in CHOICES Group 2 and 3, the comprehensive needs assessment shall assess: (1) the member's physical, behavioral, functional, and psychosocial needs, including an evaluation of the member's financial health as it relates to the member's ability to maintain a safe and healthy living environment; (2) the member's natural supports, including care being provided by family members and/or other caregivers, and long-term care services the member is currently receiving (regardless of payor), and whether there is any anticipated change in the member's need for such care or services or the availability of such care or services from the current caregiver or payor; and (3) the physical health, behavioral health, and long-term care services and other social support services and assistance (e.g., housing or income assistance) that are needed, as applicable, to ensure the member's health safety and welfare in the community and to delay or prevent the need for institutional placement.

2.9.6.5.2.3 The comprehensive needs assessment shall be conducted at least annually and as the care coordinator deems necessary.

2.9.6.5.2.4 For CHOICES Group 2 and 3 members, the CONTRACTOR shall visit the member face-to-face within five (5) business days of becoming aware that the member has a significant change in needs or circumstances as defined in Section 2.9.6.9.2.1.16 The care coordinator shall assess the member's needs, conduct a comprehensive needs assessment and update the member's plan of care as deemed necessary based on the member's circumstances.

2.9.6.6 Plan of Care

2.9.6.6.1 *For Members in CHOICES Group 1*

2.9.6.6.1.1 For members in CHOICES Group 1, the member's care coordinator/care coordination team may: (1) rely on the plan of care developed by the nursing facility for service delivery instead of developing a plan of care for the member; and (2) supplement the nursing facility plan of care as necessary with the development and implementation of targeted strategies to improve health, functional, or quality of life outcomes (e.g., related to disease management or pharmacy management) or to increase and/or maintain functional abilities. A copy of any supplements to the nursing facility plan of care, and updates to such supplements, shall be maintained by the CONTRACTOR in the member's file.

2.9.6.6.1.2 The member's care coordinator shall participate as appropriate in the nursing facility's care planning process and advocate for the member.

2.9.6.6.1.3 The member's care coordinator/care coordination team shall be responsible for coordination of the member's physical health, behavioral health, and long-term

care needs, which shall include coordination with the nursing facility as necessary to facilitate access to physical health and/or behavioral health services needed by the member and to help ensure the proper management of the member's acute and/or chronic physical health or behavioral health conditions, including services covered by the CONTRACTOR that are beyond the scope of the nursing facility services benefit.

2.9.6.6.2 *For Members in CHOICES Groups 2 and 3*

2.9.6.6.2.1 For members in CHOICES Groups 2 and 3, the care coordinator shall coordinate and facilitate a care planning team that includes, at a minimum, the member and the member's care coordinator. As appropriate, the care coordinator shall include or seek input from other individuals such as the member's representative or other persons authorized by the member to assist with needs assessment and care planning activities.

2.9.6.6.2.2 The CONTRACTOR shall ensure that care coordinators consult with the member's PCP, specialists, behavioral health providers, other providers, and interdisciplinary team experts, as needed when developing the plan of care.

2.9.6.6.2.3 The care coordinator shall verify that the decisions made by the care planning team are documented in a written, comprehensive plan of care.

2.9.6.6.2.4 The plan of care developed for members in CHOICES Groups 2 and 3 prior to initiation of HCBS shall at a minimum include: (1) pertinent demographic information regarding the member including the name and contact information of any representative and a list of other persons authorized by the member to have access to health care (including long-term care) related information and to assist with assessment, planning, and/or implementation of health care (including long-term care) related services and supports; (2) care, including specific tasks and functions, that will be performed by family members and other caregivers; (3) home health, private duty nursing, and long-term care services the member will receive from other payor sources including the payor of such services; (4) home health and private duty nursing that will be authorized by the CONTRACTOR, except in the case of persons enrolled on the basis of Immediate Eligibility for CHOICES Group 2 who shall have access to services beyond the limited package of HCBS (see Section 2.6.1.5.3) only upon determination of categorical and financial eligibility for TennCare; (5) HCBS that will be authorized by the CONTRACTOR, including the amount, frequency, duration, and scope (tasks and functions to be performed) of each service to be provided, and the schedule at which such care is needed, as applicable; members enrolled on the basis of Immediate Eligibility for CHOICES Group 2 shall have access only to a limited package of HCBS (see Section 2.6.1.5.3) pending determination of categorical and financial eligibility for TennCare CHOICES however all identified needed services shall be listed in the plan of care; (6) a detailed back-up plan for situations when regularly scheduled HCBS providers are unavailable or do not arrive as scheduled; the back-up plan may include paid and unpaid supports and shall include the names and telephone numbers of persons and agencies to contact and the services provided by listed contacts; the CONTRACTOR shall assess the adequacy of the back-up plan; and (7) for CHOICES Group 2 members, the projected TennCare monthly and annual cost of home health and

private duty nursing identified in (4) above, and the projected monthly and annual cost of HCBS specified in (5) above, and for CHOICES Group 3 members, the projected total cost of HCBS specified in (5) above, excluding the cost of minor home modifications.

- 2.9.6.6.2.5 Within thirty (30) calendar days of notice of enrollment in CHOICES, for members in CHOICES Groups 2 and 3 the plan of care shall include, at a minimum, the following additional elements:
 - 2.9.6.6.2.5.1 Description of the member's current physical and behavioral health conditions and functional status (i.e., areas of functional deficit), and the member's physical, behavioral and functional needs;
 - 2.9.6.6.2.5.2 Description of the member's physical environment and any modifications necessary to ensure the member's health and safety;
 - 2.9.6.6.2.5.3 Description of medical equipment used or needed by the member (if applicable);
 - 2.9.6.6.2.5.4 Description of any special communication needs including interpreters or special devices;
 - 2.9.6.6.2.5.5 A description of the member's psychosocial needs, including any housing or financial assistance needs which could impact the member's ability to maintain a safe and healthy living environment;
 - 2.9.6.6.2.5.6 Goals, objectives and desired health, functional, and quality of life outcomes for the member;
 - 2.9.6.6.2.5.7 Description of other services that will be provided to the member, including (1) covered physical and behavioral health services that will be provided by the CONTRACTOR to help the member maintain or improve his or her physical or behavioral health status or functional abilities and maximize independence; (2) other social support services and assistance needed in order to ensure the member's health, safety and welfare, and as applicable, to delay or prevent the need for more expensive institutional placement; and (3) any non-covered services including services provided by other community resources, including plans to link the member to financial assistance programs including but not limited to housing, utilities and food as needed;
 - 2.9.6.6.2.5.8 Relevant information from the member's individualized treatment plan for any member receiving behavioral health services (see Section 2.7.2.1.4 of this Agreement) that is needed by a long-term care provider, caregiver or the care coordinator to ensure appropriate delivery of services or coordination of services;
 - 2.9.6.6.2.5.9 Relevant information regarding the member's physical health condition(s), including treatment and medication regimen, that is needed by a long-term care provider, caregiver or the care coordinator to ensure appropriate delivery of services or coordination of care;
 - 2.9.6.6.2.5.10 Frequency of planned care coordinator contacts needed, which shall include consideration of the member's individualized needs and circumstances, and

which shall at minimum meet required contacts as specified in Section 2.9.6.9.4 (unplanned care coordinator contacts shall be provided as needed);

- 2.9.6.6.2.5.11 Additional information for members who elect consumer direction of HCBS, including but not limited to whether the member requires a representative to participate in consumer direction and the specific services that will be consumer directed;
- 2.9.6.6.2.5.12 If the member chooses to self-direct any health care tasks, the type of tasks that will be self-directed;
- 2.9.6.6.2.5.13 Any steps the member and/or representative should take in the event of an emergency that differ from the standard emergency protocol;
- 2.9.6.6.2.5.14 A disaster preparedness plan specific to the member; and
- 2.9.6.6.2.5.15 The member's TennCare eligibility end date.
- 2.9.6.6.2.6 The member's care coordinator/care coordination team shall ensure that the member reviews, signs and dates the plan of care as well as any updates.
- 2.9.6.6.2.6.1 The CONTRACTOR shall develop policies and procedures that describe the measures taken by the CONTRACTOR to address instances when a member refuses to sign the plan of care. The policies and procedures shall include a specific escalation process (ultimately to TENNCARE) that includes a review of the reasons for the member's refusal as well as actions taken to resolve any disagreements with the plan of care and shall involve the consumer advocate in helping to facilitate resolution.
- 2.9.6.6.2.6.2 When the refusal to sign is due to a member's request for additional services, including requests for a different type or an increased amount, frequency, scope, and/or duration of services than what is included in the plan of care, the CONTRACTOR shall, in the case of a new plan of care, authorize and initiate services in accordance with the plan of care; and, in the case of an annual or revised plan of care, ensure continuation of at least the level of services in place at the time the annual or revised plan of care was developed until a resolution is reached, which may include resolution of a timely filed appeal, if applicable. The CONTRACTOR shall not use the member's acceptance of services as a waiver of the member's right to dispute the plan of care or as cause to stop the resolution process.
- 2.9.6.6.2.6.3 When the refusal to sign is due to the inclusion of services that the member does not want to receive, either in totality or in the amount, frequency, scope or duration of services in the plan of care, the care coordinator shall modify the risk agreement to note this issue, the associated risks, and the measures to mitigate the risks. The risk agreement shall be signed and dated by the member or his/her representative and the care coordinator. In the event the care coordinator determines that the member's needs cannot be safely and effectively met in the community without receiving these services, the CONTRACTOR may request that it no longer provide long-term care services to the member (see Section 2.6.1.5.8).

- 2.9.6.6.2.7 The member's care coordinator/care coordination team shall provide a copy of the member's completed plan of care, including any updates, to the member, the member's representative, as applicable, and the member's community residential alternative provider, as applicable. The member's care coordinator/care coordination team shall provide copies to other providers authorized to deliver care to the member upon request, and shall ensure that such providers who do not receive a copy of the plan of care are informed in writing of all relevant information needed to ensure the provision of quality care for the member and to help ensure the member's health, safety, and welfare, including but not limited to the tasks and functions to be performed.
- 2.9.6.6.2.8 Within five (5) business days of completing a reassessment of a member's needs, the member's care coordinator/care coordination team shall update the member's plan of care as appropriate, and the CONTRACTOR shall authorize and initiate HCBS in the updated plan of care. The CONTRACTOR shall comply with requirements for service authorization in Section 2.9.6.2.5.10, change of provider in Section 2.9.6.2.5.11, and notice of service delay in Section 2.9.6.2.5.12.
- 2.9.6.6.2.9 The member's care coordinator shall inform each member of his/her eligibility end date and educate members regarding the importance of maintaining TennCare CHOICES eligibility, that eligibility must be redetermined at least once a year, and that members will be contacted by TENNCARE or its designee near the date a redetermination is needed to assist them with the process, e.g., collecting appropriate documentation and completing the necessary forms.
- 2.9.6.7 Nursing Facility Diversion
- 2.9.6.7.1 As applicable, including when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall develop and implement a nursing facility diversion process that complies with the requirements in this Section 2.9.6.7 and is prior approved in writing by TENNCARE. The diversion process shall not prohibit or delay a member's access to nursing facility services when these services are medically necessary and requested by the member.
- 2.9.6.7.2 At a minimum the CONTRACTOR's diversion process shall target the following groups for diversion activities:
- 2.9.6.7.2.1 Members in CHOICES Group 1 who are waiting for placement in a nursing facility;
- 2.9.6.7.2.2 CHOICES members residing in their own homes who have a negative change in circumstances and/or deterioration in health or functional status and who request nursing facility services;
- 2.9.6.7.2.3 CHOICES members residing in adult care homes or other community-based residential alternative settings who have a negative change in circumstances and/or deterioration in health or functional status and who request nursing facility services;

- 2.9.6.7.2.4 CHOICES and non-CHOICES members admitted to an inpatient hospital or inpatient rehabilitation who are not residents of a nursing facility; and
- 2.9.6.7.2.5 CHOICES and non-CHOICES members who are placed short-term in a nursing facility regardless of payer source.
- 2.9.6.7.3 The CONTRACTOR's nursing facility diversion process shall be tailored to meet the needs of each group identified in Section 2.9.6.7.2 above.
- 2.9.6.7.4 The CONTRACTOR's nursing facility diversion process shall include a detailed description of how the CONTRACTOR will work with providers (including hospitals regarding notice of admission and discharge planning; see Sections 2.9.6.3.4 and 2.9.6.3.11) to ensure appropriate communication among providers and between providers and the CONTRACTOR, training for key CONTRACTOR and provider staff, early identification of members who may be candidates for diversion (both CHOICES and non-CHOICES members), and follow-up activities to help sustain community living.
- 2.9.6.7.5 The CONTRACTOR's nursing facility diversion process shall include specific timelines for each identified activity.
- 2.9.6.8 Nursing Facility-to-Community Transition
 - 2.9.6.8.1 As applicable, including when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall develop and implement methods for identifying members who may have the ability and/or desire to transition from a nursing facility to the community. Such methods shall include, at a minimum:
 - 2.9.6.8.1.1 Referrals, including but not limited to, treating physician, nursing facility, other providers, community-based organizations, family, and self-referrals;
 - 2.9.6.8.1.2 Identification through the care coordination process, including but not limited to: assessments, information gathered from nursing facility staff or participation in Grand Rounds (as defined in Section 1); and
 - 2.9.6.8.1.3 Upon notice from TENNCARE, review and analysis of members identified by TENNCARE based on Minimum Data Set (MDS) data from nursing facilities.
 - 2.9.6.8.2 For transition referrals by or on behalf of a nursing facility resident, regardless of referral source, the CONTRACTOR shall ensure that within fourteen (14) days of the referral the CONTRACTOR conducts an in-facility visit with the member to determine the member's interest in and potential ability to transition to the community, and provide orientation and information to the member regarding transition activities. The member's care coordinator/care coordination team shall document in the member's case file that transition was discussed with the member and indicate the member's wishes as well as the member's potential for transition. The CONTRACTOR shall not require a member to transition when the member expresses a desire to continue receiving nursing facility services.

- 2.9.6.8.3 For identification by the CONTRACTOR by means other than referral or the care coordination process of a member who may have the ability and/or desire to transition from a nursing facility to the community, the CONTRACTOR shall ensure that within ninety (90) days of such identification the CONTRACTOR conducts an in-facility visit with the member to determine whether or not the member is interested in and potential ability to pursue transition to the community. The member's care coordinator/care coordination team shall document in the member's case file that transition was discussed with the member and indicate the member's wishes as well as the member's potential for transition. The CONTRACTOR shall not require a member to transition when the member expresses a desire to continue receiving nursing facility services.
- 2.9.6.8.4 If the member wishes to pursue transition to the community, within fourteen (14) days of the initial visit (see Sections 2.9.6.8.2 and 2.9.6.8.3 above) or within fourteen (14) days of identification through the care coordination process, the care coordinator shall conduct an in-facility assessment of the member's ability and/or desire to transition using tools and protocols specified or prior approved in writing by TENNCARE. This assessment shall include the identification of any barriers to a safe transition.
- 2.9.6.8.5 As part of the transition assessment, the care coordinator shall conduct a risk assessment using a tool and protocol specified by TENNCARE, discuss with the member the risk involved in transitioning to the community and shall begin to develop, as applicable, a risk agreement that shall be signed by the member or his/her representative and which shall include identified risks to the member, the consequences of such risks, strategies to mitigate the identified risks, and the member's decision regarding his/her acceptance of risk as part of the plan of care. The risk agreement shall include the frequency and type of care coordinator contacts that exceed the minimum contacts required (see Section 2.9.6.9.4), to mitigate any additional risks associated with transition and shall address any special circumstances due to transition. The member's care coordinator/care coordination team shall also make a determination regarding whether the member's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care. The member's care coordinator/care coordination team shall explain to the member the individual cost neutrality cap and notification process and obtain a signed acknowledgement of understanding by the member or his/her representative that a change in a member's needs or circumstances that would result in the cost neutrality cap being exceeded or that would result in the CONTRACTOR's inability to safely and effectively meet a member's needs in the community and within the cost neutrality cap may result in the member's disenrollment from CHOICES Group 2, in which case, the CONTRACTOR will assist with transition to a more appropriate care delivery setting.
- 2.9.6.8.6 For those members whose transition assessment indicates that they are not candidates for transition to the community, the care coordinator shall notify them in accordance with the specified transition assessment protocol.
- 2.9.6.8.7 For those members whose transition assessment indicates that they are candidates for transition to the community, the care coordinator shall facilitate the development of and complete a transition plan within fourteen (14) days of the member's transition assessment.

- 2.9.6.8.8 The care coordinator shall include other individuals such as the member's family and/or caregiver in the transition planning process if the member requests and/or approves, and such persons are willing and able to participate.
- 2.9.6.8.9 As part of transition planning, prior to the member's physical move to the community, the care coordinator shall visit the residence where the member will live to conduct an on-site evaluation of the physical residence and meet with the member's family or other caregiver who will be residing with the member (as appropriate). The care coordinator shall include in the transition plan activities and/or services needed to mitigate any perceived risks in the residence including but not limited to an increase in face-to-face visits beyond the minimum required contacts in Sections 2.9.6.8.18 and 2.9.6.8.17.
- 2.9.6.8.10 The transition plan shall address all services necessary to safely transition the member to the community and include at a minimum member needs related to housing, transportation, availability of caregivers, and other transition needs and supports. The transition plan shall also identify any barriers to a safe transition and strategies to overcome those barriers.
- 2.9.6.8.11 The CONTRACTOR shall approve the transition plan and authorize any covered or cost effective alternative services included in the plan within ten (10) business days of completion of the plan. The transition plan shall be fully implemented within ninety (90) days from approval of the transition plan, except under extenuating circumstances which must be documented in writing.
- 2.9.6.8.12 The member's care coordinator shall also complete a plan of care that meets all criteria described in Section 2.9.6.6 for members in CHOICES Groups 2 and 3 including but not limited to completing a comprehensive needs assessment, completing and signing the risk agreement and making a final determination of cost neutrality. The plan of care shall be authorized and initiated prior to the member's transition to the community.
- 2.9.6.8.13 The CONTRACTOR shall not prohibit a member from transitioning to the community once the member has been counseled regarding risk. However, the CONTRACTOR may determine that the member's needs cannot be safely and effectively met in the community and at a cost that does not exceed nursing facility care. In such case, the CONTRACTOR shall seek written review and approval from TENNCARE prior to denial of any member's request to transition to the community. If TENNCARE approves the CONTRACTOR's request, the CONTRACTOR shall notify the member in accordance with TennCare rules and regulations and the transition assessment protocol, and the member shall have the right to appeal the determination (see Section 2.19.3.12 of this Agreement).
- 2.9.6.8.14 Once completed, the CONTRACTOR shall submit to TENNCARE documentation, as specified by TENNCARE to verify that the member's needs can be safely and effectively met in the community and within the cost neutrality cap. Before transitioning a member the CONTRACTOR shall verify that the member has been approved for enrollment in CHOICES Group 2 effective as of the planned transition date.

- 2.9.6.8.15 The member's care coordinator shall monitor all aspects of the transition process and take immediate action to address any barriers that arise during transition.
- 2.9.6.8.16 For members transitioning to a setting other than a community-based residential alternative setting, the care coordinator shall upon transition utilize the EVV system to monitor the initiation and daily provision of services in accordance with the member's new plan of care, and shall take immediate action to resolve any service gaps (see definition in Section 1).
- 2.9.6.8.17 For members who will live independently in the community or whose on-site visit during transition planning indicated an elevated risk, within the first twenty-four (24) hours, the care coordinator shall visit the member in his/her residence. During the initial ninety (90) day post-transition period, the care coordinator shall conduct monthly face-to-face in-home visits to ensure that the plan of care is being followed, that the plan of care continues to meet the member's needs, and the member has successfully transitioned to the community.
- 2.9.6.8.18 For members transitioning to a community-based residential alternative setting or who will live with a relative or other caregiver, within the first twenty-four (24) hours the care coordinator shall contact the member and within seven (7) days after the member has transitioned to the community, the care coordinator shall visit the member in his/her new residence. During the initial ninety (90) day post-transition period, the care coordinator shall (1) at a minimum, contact the member by telephone each month to ensure that the plan of care is being followed, that the plan of care continues to meet the member's needs, and the member has successfully transitioned to the community; and (2) conduct additional face-to-face visits as necessary to address issues and/or concerns and to ensure that the member's needs are met.
- 2.9.6.8.19 The member's care coordinator shall monitor hospitalizations and short-term nursing facility stays for members who transition to identify and address issues that may prevent the member's long-term community placement.
- 2.9.6.8.20 The CONTRACTOR shall monitor hospitalizations and nursing facility re-admission for members who transition from a nursing facility to the community to identify issues and implement strategies to improve transition outcomes.
- 2.9.6.8.21 The CONTRACTOR shall be permitted to coordinate or subcontract with local community-based organizations to assist in the identification, planning and facilitation processes related to nursing facility-to-community transitions.
- 2.9.6.8.22 The CONTRACTOR shall develop and implement any necessary assessment tools, transition plan templates, protocols, or training necessary to ensure that issues that may hinder a member's successful transition are identified and addressed. Any tool, template, or protocol must be prior approved in writing by TENNCARE.
- 2.9.6.9 Ongoing Care Coordination
- 2.9.6.9.1 *For Members in CHOICES Group 1*
- 2.9.6.9.1.1 The CONTRACTOR shall provide for the following ongoing care coordination to members in CHOICES Group 1:

- 2.9.6.9.1.1.1 Develop protocols and processes to work with nursing facilities to coordinate the provision of care. At minimum, a care coordinator assigned to a resident of the nursing facility shall participate in quarterly Grand Rounds (as defined in Section 1). At least two of the Grand Rounds per year shall be conducted on-site in the facility, and the Grand Rounds shall identify and address any member who has experienced a potential significant change in needs or circumstances (see Section 2.9.6.9.1.1.5) or about whom the nursing facility or MCO has expressed concerns;
- 2.9.6.9.1.1.2 Develop and implement targeted strategies to improve health, functional, or quality of life outcomes, e.g., related to disease management or pharmacy management, or to increase and/or maintain functional abilities;
- 2.9.6.9.1.1.3 Coordinate with the nursing facility as necessary to facilitate access to physical health and/or behavioral health services needed by the member and to help ensure the proper management of the member's acute and/or chronic health conditions, including services covered by the CONTRACTOR that are beyond the scope of the nursing facility services benefit;
- 2.9.6.9.1.1.4 Intervene and address issues as they arise regarding payment of patient liability amounts and assist in interventions to address untimely or non-payment of patient liability in order to avoid the consequences of non-payment; and
- 2.9.6.9.1.1.5 At a minimum, the CONTRACTOR shall consider the following a potential significant change in needs or circumstances for CHOICES Group 1 members who are residing in a nursing facility and contact the nursing facility to determine if a visit and reassessment is needed:
 - 2.9.6.9.1.1.5.1 Pattern of recurring falls;
 - 2.9.6.9.1.1.5.2 Incident, injury or complaint;
 - 2.9.6.9.1.1.5.3 Report of abuse or neglect;
 - 2.9.6.9.1.1.5.4 Frequent hospitalizations; or
 - 2.9.6.9.1.1.5.5 Prolonged or significant change in health and/or functional status.
- 2.9.6.9.2 *For Members in CHOICES Groups 2 and 3*
 - 2.9.6.9.2.1 The CONTRACTOR shall provide for the following ongoing care coordination to members in CHOICES Groups 2 and 3:
 - 2.9.6.9.2.1.1 Coordinate a care planning team, developing a plan of care and updating the plan as needed;
 - 2.9.6.9.2.1.2 During the development of the member's plan of care and as part of the annual updates, the care coordinator shall discuss with the member his/her interest in consumer direction of HCBS;

Amendment Number 22 (cont.)

- 2.9.6.9.2.1.3 During the development of the member's plan of care, the care coordinator shall educate the member about his/her ability to use advance directives and document the member's decision in the member's file;
- 2.9.6.9.2.1.4 Ensure the plan of care addresses the member's desired outcomes, needs and preferences;
- 2.9.6.9.2.1.5 For members in CHOICES Group 2, each time a member's plan of care is updated to change the level or type of service, document in accordance with TENNCARE policy that the projected total cost of HCBS, home health care and private duty nursing is less than the member's cost neutrality cap. The CONTRACTOR shall monitor utilization to identify members who may exceed the cost neutrality cap and to intervene as necessary to maintain the member's community placement. The CONTRACTOR shall also educate members in CHOICES Group 2 about the cost neutrality cap and what will happen if the cap is met;
- 2.9.6.9.2.1.6 For members in CHOICES Group 3, determine whether the cost of HCBS, excluding minor home modifications, will exceed the expenditure cap for CHOICES Group 3. The CONTRACTOR shall continuously monitor a member's expenditures and work with the member when he/she is approaching the limit including identifying non-long term care services that will be provided when the limit has been met to prevent/delay the need for institutionalization. Each time the plan of care for a member in CHOICES Group 3 is updated, the CONTRACTOR shall educate the member about the expenditure cap;
- 2.9.6.9.2.1.7 For new services in an updated plan of care, the care coordinator shall provide the member with information about potential providers for each HCBS that will be provided by the CONTRACTOR and assist members with any requests for information that will help the member in choosing a provider and, if applicable, in changing providers, subject to the provider's capacity and willingness to provide service;
- 2.9.6.9.2.1.8 Upon the scheduled initiation of services identified in the plan of care, the member's care coordinator/care coordination team shall begin monitoring to ensure that services have been initiated and continue to be provided as authorized. This shall include ongoing monitoring via electronic visit verification to ensure that services are provided in accordance with the member's plan of care, including the amount, frequency, duration and scope of each service, in accordance with the member's service schedule; and that services continue to meet the member's needs;
- 2.9.6.9.2.1.9 Identify and address service gaps, ensure that back-up plans are implemented and effectively working, and evaluate service gaps to determine their cause and to minimize gaps going forward. The CONTRACTOR shall describe in policies and procedures the process for identifying, responding to, and resolving service gaps in a timely manner;
- 2.9.6.9.2.1.10 Identify changes to member's risk, address those changes and update the member's risk agreement as necessary;

Amendment Number 22 (cont.)

- 2.9.6.9.2.1.11 Reassess a member's needs and update a member's plan of care in accordance with requirements and timelines specified Sections 2.9.6.5 and 2.9.6.6;
- 2.9.6.9.2.1.12 Maintain appropriate on-going communication with community and natural supports to monitor and support their ongoing participation in the member's care;
- 2.9.6.9.2.1.13 For services not covered by the CONTRACTOR, coordinate with community organizations that provide services that are important to the health, safety and well-being of members. This may include but shall not be limited to referrals to other agencies for assistance and assistance as needed with applying for programs, but the CONTRACTOR shall not be responsible for the provision or quality of non-covered services provided by other entities;
- 2.9.6.9.2.1.14 Notify TENNCARE immediately, in the manner specified by TENNCARE, if the CONTRACTOR determines that the needs of a member in CHOICES Group 2 cannot be met safely in the community and within the member's cost neutrality cap;
- 2.9.6.9.2.1.15 Perform additional requirements for consumer direction of HCBS as specified in Section 2.9.6.10; and
- 2.9.6.9.2.1.16 At a minimum, the CONTRACTOR shall consider the following a significant change in needs or circumstances for members in CHOICES Groups 2 and 3 residing in the community:
 - 2.9.6.9.2.1.16.1 Change of residence or primary caregiver or loss of essential social supports;
 - 2.9.6.9.2.1.16.2 Significant change in health and/or functional status;
 - 2.9.6.9.2.1.16.3 Loss of mobility;
 - 2.9.6.9.2.1.16.4 An event that significantly increases the perceived risk to a member; or
 - 2.9.6.9.2.1.16.5 Member has been referred to APS because of abuse, neglect or exploitation.
- 2.9.6.9.2.1.17 Identify and immediately respond to problems and issues including but not limited to circumstances that would impact the member's ability to continue living in the community.
- 2.9.6.9.3 *For ALL CHOICES Members*
 - 2.9.6.9.3.1 The CONTRACTOR shall provide for the following ongoing care coordination to all CHOICES members:
 - 2.9.6.9.3.1.1 Conduct a level of care reassessment at least annually and within five (5) business days of the CONTRACTOR's becoming aware that the member's functional or medical status has changed in a way that may affect level of care eligibility.
 - 2.9.6.9.3.1.1.1 If the level of care assessment indicates a change in the level of care or if the assessment was prompted by a request by a member, a member's

representative or caregiver or another entity for a change in level of services, the assessment shall be forwarded to TENNCARE for determination;

- 2.9.6.9.3.1.1.2 If the level of care assessment indicates no change in level of care, the CONTRACTOR shall document the date the level of care assessment completed in the member's file; any level of care assessments prompted by a request for a change in level of services shall be submitted to TENNCARE for determination.
- 2.9.6.9.3.1.2 Facilitate access to physical and/or behavioral health services as needed, including transportation to services as specified in Section 2.6.1 and Attachment XI; except as provided in Sections 2.11.1.8 or 2.6.5, transportation for HCBS is not included;
- 2.9.6.9.3.1.3 Monitor and ensure the provision of covered physical health, behavioral health, and/or long-term care services as well as services provided as a cost-effective alternative to other covered services and ensure that services provided meet the member's needs;
- 2.9.6.9.3.1.4 Provide assistance in resolving concerns about service delivery or providers;
- 2.9.6.9.3.1.5 Coordinate with a member's PCP, specialists and other providers, such as the member's mental health case manager, to facilitate a comprehensive, holistic, person-centered approach to care;
- 2.9.6.9.3.1.6 Contact providers and workers on a periodic basis and coordinate with providers and workers to collaboratively address issues regarding member service delivery and to maximize community placement strategies;
- 2.9.6.9.3.1.7 Share relevant information with and among providers and others when information is available and it is necessary to share for the well-being of the member;
- 2.9.6.9.3.1.8 Determine the appropriate course as specified herein upon (1) receipt of any contact made by or on behalf of a member, regardless of source, which asserts that the member's needs are not met by currently authorized services; (2) the member's hospitalization; or (3) other circumstances which warrant review and potential modification of services authorized for the member;
- 2.9.6.9.3.1.9 Ensure that all PASRR requirements are met prior to the member's admission to a nursing facility;
- 2.9.6.9.3.1.10 Update consent forms as necessary; and
- 2.9.6.9.3.1.11 Assure that the organization of and documentation included in the member's file meets all applicable CONTRACTOR standards.
- 2.9.6.9.3.2 The CONTRACTOR shall provide to contract providers, including but not limited to hospitals, nursing facilities, physicians, and behavioral health providers, and caregivers information regarding the role of the care coordinator and shall request providers and caregivers to notify a member's care coordinator,

as expeditiously as warranted by the member's circumstances, of any significant changes in the member's condition or care, hospitalizations, or recommendations for additional services. The CONTRACTOR shall provide training to key providers and caregivers regarding the value of this communication and remind them that the member identification card indicates if a member is enrolled in CHOICES.

- 2.9.6.9.3.3 The CONTRACTOR shall have systems in place to facilitate timely communication between internal departments and the care coordinator to ensure that each care coordinator receives all relevant information regarding his/her members, e.g., member services, disease management, utilization management, and claims processing. The care coordinator shall follow-up on this information as appropriate, e.g., documentation in the member's plan of care, monitoring of outcomes, and, as appropriate, needs reassessment and updating the plan of care.
- 2.9.6.9.3.4 The CONTRACTOR shall monitor and evaluate a member's emergency department and behavioral health crisis service utilization to determine the reason for these visits. The care coordinator shall take appropriate action to facilitate appropriate utilization of these services, e.g., communicating with the member's providers, educating the member, conducting a needs reassessment, and/or updating the member's plan of care and to better manage the member's physical health or behavioral health condition(s).
- 2.9.6.9.3.5 The CONTRACTOR shall develop policies and procedures to ensure that care coordinators are actively involved in discharge planning when a CHOICES member is hospitalized. The CONTRACTOR shall define circumstances that require that hospitalized CHOICES members receive a face-to-face visit to complete a needs reassessment and an update to the member's plan of care as needed.
- 2.9.6.9.3.6 The CONTRACTOR shall ensure that at each face-to-face visit the care coordinator makes the following observations and documents the observations in the member's file:
 - 2.9.6.9.3.6.1 Member's physical condition including observations of the member's skin, weight changes and any visible injuries;
 - 2.9.6.9.3.6.2 Member's physical environment;
 - 2.9.6.9.3.6.3 Member's satisfaction with services and care;
 - 2.9.6.9.3.6.4 Member's upcoming appointments;
 - 2.9.6.9.3.6.5 Member's mood and emotional well-being;
 - 2.9.6.9.3.6.6 Member's falls and any resulting injuries;
 - 2.9.6.9.3.6.7 A statement by the member regarding any concerns or questions; and
 - 2.9.6.9.3.6.8 A statement from the member's representative or caregiver regarding any concerns or questions (when the representative/caregiver is available).

- 2.9.6.9.3.7 The CONTRACTOR shall identify and immediately respond to problems and issues including but not limited to:
 - 2.9.6.9.3.7.1 Service gaps; and
 - 2.9.6.9.3.7.2 Complaints or concerns regarding the quality of care rendered by providers, workers, or care coordination staff.
- 2.9.6.9.4 *Minimum Care Coordinator Contacts*
 - 2.9.6.9.4.1 The care coordinator shall conduct all needs assessment and care planning activities, and shall make all minimum care coordinator contacts as specified below in the member's place of residence, except under extenuating circumstances (such as assessment and care planning conducted during the member's hospitalization, or upon the member's request), which shall be documented in writing.
 - 2.9.6.9.4.1.1 While the CONTRACTOR may grant a member's request to conduct certain care coordination activities outside his or her place of residence, the CONTRACTOR is responsible for assessing the member's living environment in order to identify any modifications that may be needed and to identify and address, on an ongoing basis, any issues which may affect the member's health, safety and welfare. Repeated refusal by a member in CHOICES Group 2 or 3 to allow the care coordinator to conduct visits in his or her home may, subject to review and approval by TENNCARE, constitute grounds for disenrollment from CHOICES Groups 2 or 3, if the CONTRACTOR is unable to properly perform monitoring and other contracted functions and to confirm that the member's needs can be safely and effectively met in the home setting.
 - 2.9.6.9.4.2 A member may initiate a request to opt out of some of the minimum face-to-face contacts, but only with TENNCARE review of circumstances and approval. The CONTRACTOR shall not encourage a member to request a reduction in face-to-face visits by the care coordinator.
 - 2.9.6.9.4.3 The CONTRACTOR shall ensure that care coordinators assess each member's need for contact with the care coordinator, to meet the member's individual need and ensure the member's health and welfare. At a minimum, CHOICES members shall be contacted by their care coordinator according to the following timeframes:
 - 2.9.6.9.4.3.1 Members shall receive a face-to-face visit from their care coordinator in their residence within the timeframes specified in Sections 2.9.6.2.4, 2.9.6.2.5 and 2.9.6.3.
 - 2.9.6.9.4.3.2 Members who are newly admitted to a nursing facility when the admission has not been authorized by the CONTRACTOR, shall receive a face-to-face visit from their care coordinator within ten (10) days of notification of admission.

- 2.9.6.9.4.3.3 Members in CHOICES Group 2 who have transitioned from a nursing facility to the community shall be contacted per the applicable timeframe specified in Section 2.9.6.8.
- 2.9.6.9.4.3.4 Within five (5) business days of scheduled initiation of services, the member's care coordinator/care coordination team shall contact members in CHOICES Groups 2 and 3 who begin receiving HCBS after the date of enrollment in CHOICES to confirm that services are being provided and that the member's needs are being met (such initial contact may be conducted by phone).
- 2.9.6.9.4.3.5 Within five (5) business days of scheduled initiation of HCBS in the updated plan of care, the member's care coordinator/care coordination team shall contact members in CHOICES Groups 2 and 3 to confirm that services are being provided and that the member's needs are being met (such initial contact may be conducted by phone).
- 2.9.6.9.4.3.6 Members in CHOICES Group 1 (who are residents of a nursing facility) shall receive a face-to-face visit from their care coordinator at least twice a year at a reasonable interval.
- 2.9.6.9.4.3.7 Members in CHOICES Group 2 shall be contacted by their care coordinator at least monthly either in person or by telephone. These members shall be visited in their residence face-to-face by their care coordinator at least quarterly.
- 2.9.6.9.4.3.8 Members in CHOICES Group 3 shall be contacted by their care coordinator at least quarterly either in person or by telephone. These members shall be visited in their residence face-to-face by their care coordinator a minimum of semi-annually.
- 2.9.6.9.5 The CONTRACTOR shall ensure a member's care coordinator/care coordination team coordinates with Medicare payers, Medicare Advantage plans, and Medicare providers as appropriate to coordinate the care and benefits of members who are also eligible for Medicare (see Section 2.9.12).
- 2.9.6.9.6 *Member Case Files*
 - 2.9.6.9.6.1 The care coordinator/care coordination team shall maintain individual files for each assigned CHOICES member.
 - 2.9.6.9.6.2 For members in CHOICES Group 1, the files shall contain at a minimum:
 - 2.9.6.9.6.2.1 Pertinent demographic information regarding the member including the name and contact information of any representative and a list of other persons authorized by the member to have access to health care (including long-term care) related information;
 - 2.9.6.9.6.2.2 Any supplements to the nursing facility plan of care, as applicable;
 - 2.9.6.9.6.2.3 A signed acknowledgement of the member's patient liability amount and the member's understanding regarding his/her responsibility with respect to payment of patient liability, including the potential consequences for non-payment; and

- 2.9.6.9.6.2.4 Transition assessment and transition plan, if applicable.
- 2.9.6.9.6.3 For members in CHOICES Groups 2 or 3, the files shall contain at a minimum:
 - 2.9.6.9.6.3.1 The most current plan of care, including the detailed plan for back-up providers in situations when regularly scheduled providers are unavailable or do not arrive as scheduled;
 - 2.9.6.9.6.3.2 List of providers who will be providing home health, private duty nursing and HCBS paid for by other payors;
 - 2.9.6.9.6.3.3 Written confirmation of the member's decision regarding participation in consumer direction of HCBS;
 - 2.9.6.9.6.3.4 For members who are self-directing any health care tasks, a copy of the physician's order;
 - 2.9.6.9.6.3.5 For members in CHOICES Group 2, a completed risk assessment and a risk agreement signed by the member or his/her representative; and documentation that the person's needs can be safely and effectively met in the community and at a cost that does not exceed nursing facility care, including signed acknowledgement of understanding by the member or his/her representative that a change in needs or circumstances that would result in the cost neutrality cap being exceeded or that would result in the CONTRACTOR's inability to safely and effectively meet the member's needs in the community and within the cost neutrality cap may result in the member's disenrollment from CHOICES Group 2;
 - 2.9.6.9.6.3.6 For members in CHOICES Group 2, the cost neutrality cap provided by TENNCARE, a determination by the CONTRACTOR that the projected cost of HCBS, home health, and private duty nursing services will not exceed the member's cost neutrality cap, and signed acknowledgement of understanding by the member or his/her representative that a change in his/her needs or circumstances that would result in the cost neutrality cap being exceeded or that would result in the MCO's inability to safely and effectively meet a member's needs in the community and within the cost neutrality cap may result in the member's disenrollment from CHOICES Group 2 ; and
 - 2.9.6.9.6.3.7 For members in CHOICES Group 3, signed acknowledgement regarding the expenditure cap.
- 2.9.6.9.6.4 For all CHOICES members, files shall contain at a minimum:
 - 2.9.6.9.6.4.1 For CHOICES members in CHOICES Group 1 and Group 2, Freedom of Choice form signed by the member or his/her representative; this requirement shall only apply to persons age 21 and older who may qualify to enroll in CHOICES Groups 2 or 3;

- 2.9.6.9.6.4.2 Evidence that a care coordinator/the care coordination team provided the member with CHOICES member education materials (see Section 2.17.7 of this Agreement), reviewed the materials, and provided assistance with any questions;
 - 2.9.6.9.6.4.3 Evidence that a care coordinator/the care coordination team provided the member with education about the member's ability to use an advance directive and documentation of the member's decision;
 - 2.9.6.9.6.4.4 The most recent level of care assessment and needs assessment (if applicable);
 - 2.9.6.9.6.4.5 Documentation of the member's choice of contract providers for long-term care services;
 - 2.9.6.9.6.4.6 Signed consent forms as necessary in order to share confidential information with and among providers consistent with all applicable state and federal laws and regulations;
 - 2.9.6.9.6.4.7 A list of emergency contacts approved by the member;
 - 2.9.6.9.6.4.8 Documentation of observations completed during face-to-face contact by the care coordinator; and
 - 2.9.6.9.6.4.9 The member's TennCare eligibility end date.
- 2.9.6.10 Additional Requirements for Care Coordination Regarding Consumer Direction of HCBS
- 2.9.6.10.1 In addition to the roles and responsibilities otherwise specified in this Section 2.9.6, the CONTRACTOR shall ensure that the following additional care coordination functions related to consumer direction of HCBS are fulfilled (see Section 2.9.7). As provided in Section 2.9.7, only members in CHOICES Group 2 or 3 may participate in consumer direction of HCBS. Therefore, requirements regarding consumer direction of HCBS will not apply to the CONTRACTOR unless and until the CONTRACTOR is directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3. When directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall, as directed by TENNCARE, comply with all the requirements in Section 2.9.6.10.
 - 2.9.6.10.2 The CONTRACTOR shall be responsible for providing all needed eligible HCBS using contract providers until all necessary requirements have been fulfilled in order to implement consumer direction of HCBS, including but not limited to: the FEA verifies that workers for these services meet all necessary requirements (see Section 2.9.7.6.1 of this Agreement); service agreements are completed and signed; and authorizations for consumer directed services are in place. The CONTRACTOR, in conjunction with the FEA, shall facilitate a seamless transition between contract providers and workers and ensure that there are no interruptions or gaps in services.
 - 2.9.6.10.3 If a member is interested in participating in consumer direction of HCBS and the member does not intend to appoint a representative, the care coordinator shall determine the extent to which the member may require assistance to direct his/her

services (see Section 2.9.7.4.5). If the care coordinator determines that the member requires assistance to direct his/her services, based upon the results of a completed self-assessment instrument developed by TENNCARE, the care coordinator shall inform the member that he/she will need to designate a representative to assume the consumer direction functions on his/her behalf (see Section 2.9.7.4.5.1).

- 2.9.6.10.4 The member's care coordinator/care coordination team shall ensure that the person identified to serve as the representative meets all qualifications (see Section 2.9.7.2.1) and that a representative agreement is completed and signed by the member prior to forwarding a referral to the FEA (see Section 2.9.7.4.7).
- 2.9.6.10.5 For members electing to participate in consumer direction, forward to the FEA a referral initiating the member's participation in consumer direction of HCBS: (1) within two (2) business days of signing the representative agreement; or (2) if a representative is not designated by the member, within two (2) business days of completion of the self-assessment instrument and the care coordinator determines that the member does not require a representative to assist the member in directing his/her care.
- 2.9.6.10.6 For members electing to participate in consumer direction, the member's care coordinator shall integrate the member's back-up plan for consumer-directed workers (including any updates thereto) into the member's back-up plan for services provided by contract providers, as applicable, and the member's plan of care. The care coordinator shall review the back-up plan developed by the member or his/her representative (as applicable) for consumer direction to determine its adequacy to address the member's needs, and shall monitor for late and missed visits and to ensure that the back-up plan was implemented timely and that the member's needs are being met.
- 2.9.6.10.7 For members electing to participate in consumer direction, the member's care coordinator shall reassess the adequacy of the member's back-up plan for consumer direction on at least an annual basis which shall include any time there are changes in the type, amount, duration, scope of eligible HCBS or the schedule at which such services are needed, changes in consumer-directed workers (when such workers also serve as a back-up to other workers) or changes in the availability of paid or unpaid back-up workers to deliver needed care
- 2.9.6.10.8 For members electing to participate in consumer direction, the member's care coordinator shall develop and/or update, as applicable, a risk agreement which takes into account the member's decision to participate in consumer direction, and which identifies any additional risks associated with the member's decision to direct his/her services, the potential consequences of such risk, as well as measures to mitigate these risks. The member's representative (if applicable) shall participate in the risk assessment process. The new or updated risk agreement, as applicable, shall be signed by the care coordinator and the member (or the member's representative, as applicable). The CONTRACTOR shall provide a copy of the risk agreement to the member/representative and the FEA.
- 2.9.6.10.9 On an ongoing basis, the CONTRACTOR shall ensure that needs reassessments and updates to the plan of care occur per requirements specified in Sections 2.9.6.9 of this Agreement. The care coordinator shall ensure that, for members participating in

consumer direction, the member's supports broker is invited to participate in these meetings.

- 2.9.6.10.10 Within two (2) business days of receipt of the notification from the FEA indicating that all requirements have been fulfilled and the date that the consumer direction can begin for a member, the CONTRACTOR shall forward to the FEA an authorization for consumer directed services for that member. Each authorization for consumer directed services shall include authorized service, authorized units of service, including amount, frequency and duration and the schedule at which services are needed, start and end dates, and service code(s).
- 2.9.6.10.11 The member's care coordinator/care coordination team shall work with and coordinate with a member's supports broker in implementing and monitoring consumer direction of HCBS (see Section 2.9.7.3.4).
- 2.9.6.10.12 The CONTRACTOR shall establish a process that allows for the efficient exchange of all relevant member information between the CONTRACTOR and the FEA.
- 2.9.6.10.13 The care coordinator shall determine a member's interest in enrolling in or continuing to participate in consumer direction annually and shall document the member's decision in the member's plan of care.
- 2.9.6.10.14 If at anytime abuse or neglect is suspected, the member's care coordinator or the FEA shall report the allegations to the CONTRACTOR within 24 hours in accordance with the CONTRACTOR's abuse and neglect plan protocols. The notification shall include at a minimum: the member name; date of allegation reported and/or identified; description of issue; measures taken to mitigate risk; status of reporting to CPS or APS, as appropriate. If the allegation is in reference to a worker or representative, the FEA shall contact the member/representative to immediately release the worker or representative from his/her duties until the investigation is complete. The FEA shall notify the CONTRACTOR regarding this communication with the member/representative and the member or representative's decision. The care coordinator shall work the member to find a new representative and the FEA shall work with the member to find a suitable replacement worker, if applicable. If the allegations are substantiated as a result of the investigation, the representative and/or worker shall no longer be allowed to participate in the CHOICES program in any capacity. If the investigation is inconclusive, the member may elect to retain the worker or representative. The member's care coordinator, with appropriate assistance from the FEA, shall make any updates to the member's plan of care and/or risk assessment/risk agreement deemed necessary to help ensure the member's health and safety, and the CONTRACTOR may initiate action to involuntary disenroll the member from consumer direction at any time the CONTRACTOR feels that the member's decisions or actions constitute unreasonable risk such that the member's needs can no longer be safely and effectively met in the community while participating in consumer direction.
- 2.9.6.11 Care Coordination Staff
- 2.9.6.11.1 The CONTRACTOR shall establish qualifications for care coordinators. At a minimum, care coordinators shall be an RN or LPN or have a bachelor's degree in social work, nursing or other health care profession. A care coordinator's direct

supervisor shall be a licensed social worker or registered nurse with a minimum of two (2) years of relevant health care (preferably long-term care) experience.

- 2.9.6.11.2 If the CONTRACTOR elects to use a care coordination team, the CONTRACTOR's policies and procedures shall specify the qualifications, experience and training of each member of the team and ensure that functions specific to the assigned care coordinator are performed by a qualified care coordinator (see Section 2.9.6.4.4).
- 2.9.6.11.3 The CONTRACTOR shall ensure an adequate number of care coordinators are available and that sufficient staffing ratios are maintained to address the needs of CHOICES members and meet all the requirements described in this Agreement.
- 2.9.6.11.4 The CONTRACTOR shall monitor staffing ratios and adjust ratios as necessary to ensure that care coordinators are able to meet the requirements of this Agreement and address members' needs.
- 2.9.6.11.5 While care coordination staffing ratios are not specified, the CONTRACTOR shall submit to TENNCARE for review and approval at least 120 days in advance of CHOICES implementation in each Grand Region a Care Coordination Staffing Plan, which shall specify the number of care coordinators, care coordination supervisors, other care coordination team members the CONTRACTOR plans to initially employ, the ratio of care coordinators to members the CONTRACTOR plans to maintain, an explanation of the methodology for determining such ratio, and how the CONTRACTOR will ensure that such ratios are sufficient to fulfill the requirements specified in this Agreement and roles and responsibilities for each member of the care coordination team. TENNCARE shall notify the CONTRACTOR in writing if the Care Coordination Staffing Plan is insufficient and may require modifications to ensure, prior to implementation of CHOICES in each Grand Region, that the CONTRACTOR has sufficient care coordination staff. After CHOICES has been implemented, the CONTRACTOR shall notify TENNCARE in writing of substantive changes to its Care Coordination Staffing Plan, including a variance of twenty (20) percent or more from the planned staffing ratio. TENNCARE may request changes in the CONTRACTOR's Care Coordination Staffing Plan at any time it determines that the CONTRACTOR does not have sufficient care coordination staff to properly and timely perform its obligations under this Agreement.
- 2.9.6.11.6 The CONTRACTOR shall establish a system to assign care coordinators and to notify the member of his/her assigned care coordinator's name and contact information in accordance with Section 2.9.6.4.3.
- 2.9.6.11.7 The CONTRACTOR shall ensure that members have a telephone number to call to directly contact (without having to disconnect or place a second call) their care coordinator or a member of their care coordination team (if applicable) during normal business hours. If the member's care coordinator or a member of the member's care coordination team is not available, the call shall be answered by another qualified staff person in the care coordination unit. If the call requires immediate attention from a care coordinator, the staff member answering the call shall immediately transfer the call to the member's care coordinator (or another care coordinator if the member's care coordinator is not available) as a "warm transfer" (see definition in Section 1). After normal business hours, calls that require immediate attention by a

care coordinator shall be transferred to a care coordinator as specified in Section 2.18.1.6.

- 2.9.6.11.8 The CONTRACTOR shall permit members to change to a different care coordinator if the member desires and there is an alternative care coordinator available. Such availability may take into consideration the CONTRACTOR's need to efficiently deliver care coordination in accordance with requirements specified herein, including for example, the assignment of a single care coordinator to all CHOICES members receiving nursing facility or community-based residential alternative services from a particular provider. Subject to the availability of an alternative care coordinator, the CONTRACTOR may impose a six (6) month lock-in period with an exception for cause after a member has been granted one (1) change in care coordinators.
- 2.9.6.11.9 In order to ensure quality and continuity of care, the CONTRACTOR shall make efforts to minimize the number of changes in care coordinator assigned to a member. A CONTRACTOR initiated change in care coordinators may be appropriate in the following circumstances:
 - 2.9.6.11.9.1 Care coordinator is no longer employed by the CONTRACTOR;
 - 2.9.6.11.9.2 Care coordinator has a conflict of interest and cannot serve the member;
 - 2.9.6.11.9.3 Care coordinator is on temporary leave from employment; and
 - 2.9.6.11.9.4 Care coordinator caseloads must be adjusted due to the size or intensity of an individual care coordinator's caseload.
- 2.9.6.11.10 The CONTRACTOR shall develop policies and procedures regarding notice to members of care coordinator changes initiated by either the CONTRACTOR or the member, including advance notice of planned care coordinator changes initiated by the CONTRACTOR.
- 2.9.6.11.11 The CONTRACTOR shall ensure continuity of care when care coordinator changes are made whether initiated by the member or by the CONTRACTOR. The CONTRACTOR shall demonstrate use of best practices by encouraging newly assigned care coordinators to attend a face-to-face transition visit with the member and the out-going care coordinator when possible.
- 2.9.6.11.12 The CONTRACTOR shall provide initial training to newly hired care coordinators and ongoing training at least annually to care coordinators. Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, training shall focus on the requirements applicable to CHOICES Group 1. When directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall, as directed by TENNCARE, train care coordinators on requirements applicable to CHOICES Group 2 and/or 3. Initial training topics shall include at a minimum:
 - 2.9.6.11.12.1 The CHOICES program including a description of the CHOICES groups; eligibility for CHOICES enrollment; enrollment in CHOICES; enrollment targets for CHOICES Groups 2 and 3, including reserve capacity and administration of waiting lists; and CHOICES benefits, including benefit limits, the individual cost

- neutrality cap for CHOICES Group 2, the expenditure cap for CHOICES Group 3, and the limited benefit package for members enrolled on the basis of Immediate Eligibility for CHOICES Group 2;
- 2.9.6.11.12.2 Facilitating CHOICES enrollment for current members;
 - 2.9.6.11.12.3 Level of care and needs assessment and reassessment, development of a plan of care, and updating the plan of care including training on the tools and protocols;
 - 2.9.6.11.12.4 Development and implementation of back-up plans (for members in CHOICES Group 2 or 3);
 - 2.9.6.11.12.5 Consumer direction of HCBS (for members in CHOICES Group 2 or 3);
 - 2.9.6.11.12.6 Self-direction of health care tasks (for members in CHOICES Group 2 or 3);
 - 2.9.6.11.12.7 Coordination of care for duals;
 - 2.9.6.11.12.8 Electronic visit verification (for members in CHOICES Group 2 or 3);
 - 2.9.6.11.12.9 Conducting a home visit and use of the monitoring checklist;
 - 2.9.6.11.12.10 How to immediately identify and address service gaps (for members in CHOICES Group 2 or 3);
 - 2.9.6.11.12.11 Management of critical transitions (including hospital discharge planning);
 - 2.9.6.11.12.12 Nursing facility diversion;
 - 2.9.6.11.12.13 Nursing facility to community transitions, including training on tools and protocols;
 - 2.9.6.11.12.14 For members in CHOICES Groups 1 and 2, as applicable, members' responsibility regarding patient liability, including the consequences of not paying patient liability;
 - 2.9.6.11.12.15 Alzheimer's, dementia and cognitive impairments;
 - 2.9.6.11.12.16 Traumatic brain injury;
 - 2.9.6.11.12.17 Physical disabilities;
 - 2.9.6.11.12.18 Disease management;
 - 2.9.6.11.12.19 Behavioral health;
 - 2.9.6.11.12.20 Evaluation and management of risk;
 - 2.9.6.11.12.21 Identifying and reporting abuse/neglect (see Section 2.24.4);
 - 2.9.6.11.12.22 Fraud and abuse, including reporting fraud and abuse;

- 2.9.6.11.12.23 Advance directives and end of life care;
 - 2.9.6.11.12.24 HIPAA;
 - 2.9.6.11.12.25 Cultural competency;
 - 2.9.6.11.12.26 Disaster planning; and
 - 2.9.6.11.12.27 Available community resources for non-covered services.
- 2.9.6.11.13 The CONTRACTOR shall establish roles and job responsibilities for care coordinators. The job responsibilities shall include a description of activities and required timeframes for completion. These activities shall include the requirements specified in this Section 2.9.6.
- 2.9.6.12 Care Coordination Monitoring
- 2.9.6.12.1 The CONTRACTOR shall develop a comprehensive program for monitoring, on an ongoing basis, the effectiveness of its care coordination processes. The CONTRACTOR shall immediately remediate all individual findings identified through its monitoring process, and shall also track and trend such findings and remediations to identify systemic issues of poor performance and/or non-compliance, implement strategies to improve care coordination processes and resolve areas of non-compliance, and shall measure the success of such strategies in addressing identified issues. At a minimum, the CONTRACTOR shall ensure that:
- 2.9.6.12.1.1 Care coordination tools and protocols are consistently and objectively applied and outcomes are continuously measured to determine effectiveness and appropriateness of processes;
 - 2.9.6.12.1.2 Level of care assessments and reassessments occur on schedule and are submitted to TENNCARE in accordance with requirements in Section 2.9.6.9.3.1.1;
 - 2.9.6.12.1.3 Needs assessments and reassessment, as applicable, occur on schedule and in compliance with this Agreement;
 - 2.9.6.12.1.4 Plans of care for CHOICES Groups 2 and 3 are developed and updated on schedule and in compliance with this Agreement;
 - 2.9.6.12.1.5 Plans of care for CHOICES Groups 2 and 3 reflect needs identified in the needs assessment and reassessment process;
 - 2.9.6.12.1.6 Plans of care for CHOICES Groups 2 and 3 are appropriate and adequate to address member needs;
 - 2.9.6.12.1.7 Services are delivered as described in the plan of care and authorized by the CONTRACTOR;
 - 2.9.6.12.1.8 Services are appropriate to address the member's needs;

- 2.9.6.12.1.9 Services are delivered in a timely manner;
- 2.9.6.12.1.10 Service utilization is appropriate;
- 2.9.6.12.1.11 Service gaps are identified and addressed in a timely manner;
- 2.9.6.12.1.12 Minimum care coordinator contacts are conducted;
- 2.9.6.12.1.13 Care coordinator-to-member ratios are appropriate;
- 2.9.6.12.1.14 The cost neutrality cap for members in CHOICES Group 2 and the expenditure cap for members in CHOICES Group 3 are monitored and appropriate action is taken if a member is nearing or exceeds his/her cost neutrality or expenditure cap; and
- 2.9.6.12.1.15 That benefit limits are monitored and that appropriate action is taken if a member is nearing or exceeds a benefit limit.
- 2.9.6.12.2 The CONTRACTOR shall provide to TENNCARE the reports required by Section 2.30.
- 2.9.6.12.3 The CONTRACTOR shall purchase and implement an electronic visit verification system to monitor member receipt and utilization of HCBS (for members enrolled in CHOICES Group 2 or Group 3) including at a minimum, personal care, attendant care, homemaker services and home-delivered meals. The CONTRACTOR shall select its own electronic visit verification vendor and shall ensure, in the development of such system, the following minimal functionality:
 - 2.9.6.12.3.1 The ability to log the arrival and departure of an individual provider staff person or worker;
 - 2.9.6.12.3.2 The ability to verify in accordance with business rules that services are being delivered in the correct location (e.g., the member's home);
 - 2.9.6.12.3.3 The ability to verify the identity of the individual provider staff person or worker providing the service to the member;
 - 2.9.6.12.3.4 The ability to match services provided to a member with services authorized in the plan of care;
 - 2.9.6.12.3.5 The ability to ensure that the provider/worker delivering the service is authorized to deliver such services;
 - 2.9.6.12.3.6 The ability to establish a schedule of services for each member which identifies the time at which each service is needed, and the amount, frequency, duration and scope of each service, and to ensure adherence to the established schedule;
 - 2.9.6.12.3.7 The ability to provide immediate (i.e., "real time") notification to care coordinators if a provider or worker does not arrive as scheduled or otherwise deviates from the authorized schedule so that service gaps and the reason the

- service was not provided as scheduled, are immediately identified and addressed, including through the implementation of back-up plans, as appropriate;
- 2.9.6.12.3.8 The ability for a provider of home-delivered meals to log in and enter the meals that have been delivered during the day, including the member's name, time delivered and the reason a meal was not delivered (when applicable);
- 2.9.6.12.3.9 The ability for a provider, e.g., adult day care provider, to log in and enter attendance for the day; and
- 2.9.6.12.3.10 The CONTRACTOR shall ensure that the EVV system creates and makes available to providers and to the FEA on at least a daily basis an electronic claims submission file in the 837 format, including exceptions which have been resolved, which may be submitted to the CONTRACTOR for claims processing at the appropriate frequency.
- 2.9.6.12.4 The CONTRACTOR shall not require that provider staff delivering home-delivered meals log in at arrival and departure. Instead, the provider may opt to log in on a daily basis after meals have been delivered and enter information on all the meals that were delivered that day (see Section 2.9.6.12.3.8 above).
- 2.9.6.12.5 The CONTRACTOR shall monitor and use information from the electronic visit verification system to verify that services to members in CHOICES Group 2 or Group 3 are provided as specified in the plan of care, and in accordance with the established schedule, including the amount, frequency, duration, and scope of each service, and that services are provided by the authorized provider/worker; and to identify and immediately address service gaps, including late and missed visits. The CONTRACTOR shall monitor services anytime a member is receiving services, including after the CONTRACTOR's regular business hours.
- 2.9.6.12.6 The CONTRACTOR shall develop and maintain an electronic case management system that includes the functionality to ensure compliance with all requirements specified in the Section 1115 TennCare Demonstration Waiver, federal and state laws and regulations, this Agreement, and TennCare policies and protocols, including but not limited to the following:
- 2.9.6.12.6.1 The ability to capture and track key dates and timeframes specified in this Agreement, e.g., as applicable, date of referral for potential CHOICES enrollment, date the level of care assessment and plan of care were submitted to TENNCARE, date of CHOICES enrollment, date of development of the plan of care, date of authorization of the plan of care, date of initial service delivery for each service in the plan of care, date of each level of care and needs reassessment, date of each update to the plan of care, and dates regarding transition from a nursing facility to the community;
- 2.9.6.12.6.2 The ability to capture and track compliance with minimum care coordination contacts as specified in Section 2.9.6.9.4 of this Agreement;
- 2.9.6.12.6.3 The ability to notify the care coordinator about key dates, e.g., TennCare eligibility end date, date for annual level of care reassessment, date of needs reassessment, and date for update to the plan of care;

- 2.9.6.12.6.4 The ability to capture and track eligibility/enrollment information, level of care assessments and reassessments, and needs assessments and reassessments;
- 2.9.6.12.6.5 The ability to capture and monitor the plan of care;
- 2.9.6.12.6.6 The ability to track requested and approved service authorizations, including covered long-term care services and any services provided as a cost-effective alternative to other covered services;
- 2.9.6.12.6.7 The ability to document all referrals received by the care coordinator on behalf of the member for covered long-term care services; home health and private duty nursing services; other physical or behavioral health services needed to help the member maintain or improve his or her physical or behavioral health status or functional abilities and maximize independence; and other social support services and assistance needed in order to ensure the member's health, safety and welfare, and as applicable, to delay or prevent the need for more expensive institutional placement, including notes regarding how such referral was handled by the care coordinator;
- 2.9.6.12.6.8 The ability to establish a schedule of services for each member which identifies the time at which each service is needed and the amount, frequency, duration and scope of each service;
- 2.9.6.12.6.9 The ability to provide, via electronic interface with the electronic visit verification system, service authorizations on behalf of a member in CHOICES Group 2 or 3, including the schedule at which each service is needed;
- 2.9.6.12.6.10 The ability to provide, via electronic interface with the FEA, referrals and service authorizations for members in CHOICES Group 2 or 3 who are participating in consumer direction of HCBS;
- 2.9.6.12.6.11 The ability to track service delivery against authorized services and providers;
- 2.9.6.12.6.12 The ability to track actions taken by the care coordinator to immediately address service gaps for members in CHOICES Group 2 or 3; and
- 2.9.6.12.6.13 The ability to document case notes relevant to the provision of care coordination.

2.9.7 Consumer Direction of HCBS

2.9.7.1 General

- 2.9.7.1.1 Requirements regarding consumer direction of HCBS will not apply to the CONTRACTOR unless and until the CONTRACTOR is directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3. If directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall offer consumer direction of HCBS to all CHOICES Group 2 and 3 members who are determined by a care coordinator, through the needs assessment/reassessment process, to need attendant care, personal care, homemaker, in-home respite, companion care services and/or any

other service specified in TennCare rules and regulations as available for consumer direction. (Companion care is only available for persons electing consumer direction of HCBS.) A service that is not specified in TennCare rules and regulations as available for consumer direction shall not be consumer directed. Consumer direction in CHOICES affords members the opportunity to have choice and control over how eligible HCBS are provided, who provides the services and how much workers are paid for providing care, up to a specified maximum amount established by TENNCARE (see Section 2.9.7.6.11). Member participation in consumer direction of HCBS is voluntary. Members may elect to participate in or withdraw from consumer direction of HCBS at any time, service by service, without affecting their enrollment in CHOICES. To the extent possible, the member shall provide his/her care coordinator ten (10) days advance notice regarding his/her intent to no longer direct one or more eligible HCBS or to withdraw from participation in consumer direction of HCBS entirely. The CONTRACTOR shall respond to the member's request in keeping with the timeframes and processes set forth in this Section, in order to facilitate a seamless transition to appropriate service delivery. TENNCARE may establish reasonable limitations on the frequency with which members may opt into and out of consumer direction of HCBS.

- 2.9.7.1.2 Consumer direction is a process by which eligible HCBS are delivered; it is not a service. If a member chooses not to direct his/her care, he/she shall receive authorized HCBS through contract providers. While the denial of a member's request to participate in consumer direction or the termination of a member's participation in consumer direction gives rise to due process including the right to fair hearing, such appeals shall be processed by the TennCare Division of Long Term Care rather than the TennCare Solutions Units, which manages medical appeals pertaining to TennCare benefits (i.e., services).
- 2.9.7.1.3 Members who participate in consumer direction of HCBS choose either to serve as the employer of record of their workers or to designate a representative (see definition below in Section 2.9.7.2.1) to serve as the employer of record on his/her behalf. As the employer of record the member or his/her representative is responsible for the following:
 - 2.9.7.1.3.1 Recruiting, hiring and firing workers;
 - 2.9.7.1.3.2 Determining workers' duties and developing job descriptions;
 - 2.9.7.1.3.3 Scheduling workers;
 - 2.9.7.1.3.4 Supervising workers;
 - 2.9.7.1.3.5 Evaluating worker performance and addressing any identified deficiencies or concerns;
 - 2.9.7.1.3.6 Setting wages up to a specified maximum amount established by TENNCARE;
 - 2.9.7.1.3.7 Training workers to provide personalized care based on the member's needs and preferences;

- 2.9.7.1.3.8 Ensuring that workers deliver only those services authorized, and reviewing and approving hours worked by consumer-directed workers;
 - 2.9.7.1.3.9 Reviewing and ensuring proper documentation for services provided; and
 - 2.9.7.1.3.10 Developing and implementing as needed a back-up plan to address instances when a scheduled worker is not available or fails to show up as scheduled.
- 2.9.7.2 Representative
- 2.9.7.2.1 A member may designate, or have appointed by a guardian, a representative to assume the consumer direction responsibilities on his/her behalf. A representative shall meet, at minimum the following requirements: be at least 18 years of age, have a personal relationship with the member and understand his/her support needs; knows the member's daily schedule and routine, medical and functional status, medication regimen, likes and dislikes, and strengths and weaknesses; and be physically present in the member's residence on a regular basis or at least at a frequency necessary to supervise and evaluate each worker.
 - 2.9.7.2.2 In order to participate in consumer direction of HCBS with the assistance of a representative, one of the following must apply: (1) the member must have the ability to designate a person to serve as his/her representative or (2) the member has a legally appointed representative who may serve as the member's representative.
 - 2.9.7.2.3 The care coordinator shall, based on a self-assessment completed by the member, determine if the member requires assistance in carrying out the responsibilities required for consumer direction and therefore requires a representative. The member's care coordinator/care coordination team shall verify that a representative meets the qualifications as described in Section 2.9.7.2.1 above.
 - 2.9.7.2.4 A member's representative shall not receive payment for serving in this capacity and shall not serve as the member's worker for any consumer directed service. The CONTRACTOR shall use a representative agreement developed by TENNCARE to document a member's choice of a representative for consumer direction of HCBS and the representative's contact information, and to confirm the individual's agreement to serve as the representative and to accept the responsibilities and perform the associated duties defined therein. The CONTRACTOR shall notify the FEA within three (3) business days when it becomes aware of any changes to a representative's contact information.
 - 2.9.7.2.5 The representative agreement shall be signed by the member (or person authorized to sign on member's behalf) and the representative in the presence of the care coordinator. The care coordinator shall include the representative agreement in the member's file and provide copies to the member and/or the member's representative and the FEA.
 - 2.9.7.2.6 A member may change his/her representative at any time. The member shall immediately notify his/her care coordinator and his/her supports broker when he/she intends to change representatives. The care coordinator shall verify that the new representative meets the qualifications as described above. A new representative agreement shall be completed and signed, in the presence of a care coordinator, prior

to the new representative assuming their respective responsibilities. The care coordinator shall immediately notify the FEA in writing when a member changes his/her representative and provide a copy of the representative agreement. The CONTRACTOR shall facilitate a seamless transition to the new representative, and ensure that there are no interruptions or gaps in services. As part of the needs assessment and plan of care process, the care coordinator shall educate the member about the importance of notifying the care coordinator prior to changing a representative.

2.9.7.2.7 The FEA shall ensure that the new representative signs all service agreements (see Section 2.9.7.6.6).

2.9.7.3 Fiscal Employer Agent (FEA)

2.9.7.3.1 The CONTRACTOR shall enter into a contract with the FEA specified by TENNCARE to provide assistance to members choosing consumer direction.

2.9.7.3.2 The FEA shall fulfill, at a minimum, the following financial administration and supports brokerage functions, as specified in the CONTRACTOR's contract with the FEA and the FEA's contract with TENNCARE, for all CHOICES members electing consumer direction of HCBS:

2.9.7.3.2.1 Assign a supports broker to each CHOICES member electing to participate in consumer direction of HCBS;

2.9.7.3.2.2 Assist in identifying and addressing in the risk assessment and plan of care processes any additional risk associated with the member participating in consumer direction;

2.9.7.3.2.3 Provide initial and ongoing training to members and their representatives (as applicable) on consumer direction and other relevant issues (see Section 2.9.7.7 of this Agreement);

2.9.7.3.2.4 Verify worker qualifications, including, as specified by TENNCARE, conduct background checks on workers, enroll workers into Medicaid, assign provider Medicaid ID numbers, and hold Medicaid provider agreements (see Section 2.9.7.6.1 of this Agreement);

2.9.7.3.2.5 Provide initial and ongoing training to workers on consumer direction and other relevant issues (see Section 2.9.7.7 of this Agreement);

2.9.7.3.2.6 Assist the member and/or representative in developing and updating service agreements (see Section 2.9.7.6.6);

2.9.7.3.2.7 Receive, review and process electronically captured visit information;

2.9.7.3.2.8 Resolve discrepancies regarding electronically captured visit information;

2.9.7.3.2.9 Obtain documentation from the member and/or representative to ensure that services were provided prior to payment of workers;

Amendment Number 22 (cont.)

- 2.9.7.3.2.10 Withhold, file and pay applicable: federal, state and local income taxes; employment and unemployment taxes; and worker's compensation;
- 2.9.7.3.2.11 Pay workers for authorized services rendered within authorized timeframes;
- 2.9.7.3.2.12 Facilitate resolution of any disputes regarding payment to workers for services rendered;
- 2.9.7.3.2.13 Monitor quality of services provided by workers; and
- 2.9.7.3.2.14 Report to the CONTRACTOR on worker and/or staff identification of, response to, participation in and/or investigation of critical incidents (see Section 2.15.7).
- 2.9.7.3.3 The FEA shall also fulfill, at a minimum, the following financial administration and supports brokerage functions for CHOICES members electing consumer direction of HCBS on an as needed basis:
 - 2.9.7.3.3.1 Assist the member and/or representative in developing job descriptions;
 - 2.9.7.3.3.2 Assist the member and/or representative in locating and recruiting workers;
 - 2.9.7.3.3.3 Assist the member and/or representative in interviewing workers (developing questions, evaluating responses);
 - 2.9.7.3.3.4 Assist the member and/or representative in scheduling workers;
 - 2.9.7.3.3.5 Assist the member and/or representative in managing and monitoring payments to workers; and
 - 2.9.7.3.3.6 Assist the member and/or representative in monitoring and evaluating the performance of workers.
- 2.9.7.3.4 The CONTRACTOR's care coordination functions shall not duplicate the supports brokerage functions performed by the FEA or its subcontractor. A member's care coordinator shall work with and coordinate with a member's supports broker in implementing and monitoring consumer direction.
- 2.9.7.3.5 The CONTRACTOR's contract with the FEA shall include the provisions specified by TENNCARE in the model CONTRACTOR-FEA contract.
- 2.9.7.3.6 The CONTRACTOR in collaboration with the FEA shall establish a process that allows for the efficient exchange of all relevant member information regarding members electing to participate in consumer direction between the CONTRACTOR and the FEA.
- 2.9.7.3.7 The CONTRACTOR and FEA shall develop a protocol for interfaces and transfers of customer service inquiries per the requirements of Section 2.18 of this Agreement.
- 2.9.7.3.8 The CONTRACTOR shall provide to the FEA copies of all relevant initial and updated member documents, including at a minimum, plans of care,

representative agreements and risk agreements. The CONTRACTOR shall provide to the FEA all relevant documentation prior to service delivery.

- 2.9.7.3.9 The CONTRACTOR shall require that the EVV system: (1) provide functionality and access to the FEA for purposes of scheduling workers who will deliver services in accordance with the schedule determined by the CONTRACTOR and for monitoring service delivery; and (2) facilitate access by the FEA to electronically captured visit information in order to process exceptions, to process payroll for workers, and for purposes of claims submission to the CONTRACTOR once exceptions have been resolved.
- 2.9.7.3.10 The FEA shall screen monthly to determine if workers have been excluded from participation in Medicare, Medicaid, SCHIP, or any Federal health care programs (as defined in Section 1128B(f) of the Social Security Act) and not employ or contract with an individual or entity that has been excluded. If a worker has been excluded, the FEA shall notify the member regarding the worker's status and work with the member to find a replacement worker. The FEA shall notify the CONTRACTOR regarding the worker status. The CONTRACTOR shall work with the member to obtain a replacement contract provider until a replacement worker can be found and all worker requirements are fulfilled and verified.
- 2.9.7.3.11 *FEA Training*
- 2.9.7.3.11.1 The CONTRACTOR shall provide education and training to the FEA and its staff and subcontracted supports brokers (as applicable) regarding key requirements of this Agreement and the contract between the CONTRACTOR and the FEA.
- 2.9.7.3.11.2 The CONTRACTOR shall provide to the FEA, in electronic format (including but not limited to CD or access via a web link), a member handbook and updates thereafter annually or any time material changes are made.
- 2.9.7.3.11.3 The CONTRACTOR shall conduct initial education and training to the FEA and its staff at least thirty (30) days prior to enrolling members in CHOICES Group 2 and/or 3 (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3). This education and training shall include, but not be limited to, the following:
- 2.9.7.3.11.3.1 The role and responsibilities of the care coordinator, including as it relates to members electing to participate in consumer direction;
- 2.9.7.3.11.3.2 CHOICES needs assessment and care planning development, implementation, and monitoring processes, including the development and activation of a back-up plan for members participating in consumer direction;
- 2.9.7.3.11.3.3 The FEA's responsibilities for communicating with the CONTRACTOR, members, representatives and workers and TENNCARE, and the process by which to do this;
- 2.9.7.3.11.3.4 Customer service requirements;

- 2.9.7.3.11.3.5 Requirements and processes regarding referral to the FEA;
- 2.9.7.3.11.3.6 Requirements and processes, including timeframes for authorization of consumer directed HCBS;
- 2.9.7.3.11.3.7 Requirements and processes, including timeframes, for claims submission and payment and coding requirements;
- 2.9.7.3.11.3.8 Systems requirements and information exchange requirements;
- 2.9.7.3.11.3.9 Requirements regarding the EVV system;
- 2.9.7.3.11.3.10 Requirements and role and responsibility regarding abuse and neglect plan protocols, and critical incident reporting and management;
- 2.9.7.3.11.3.11 The FEA's role and responsibility in implementing the CONTRACTOR's fraud and abuse plan;
- 2.9.7.3.11.3.12 CHOICES program quality requirements; and
- 2.9.7.3.11.3.13 The CONTRACTOR's member complaint and appeal processes.
- 2.9.7.3.11.4 The CONTRACTOR shall provide ongoing FEA education, training and technical assistance as deemed necessary by the CONTRACTOR or TENNCARE in order to ensure compliance with this Agreement and the contract between the CONTRACTOR and the FEA.
- 2.9.7.3.11.5 The CONTRACTOR shall require the Electronic Visit Verification (EVV) vendor to provide training to the FEA and its supports brokers regarding the EVV system, and a training curriculum that shall be utilized by the FEA in training consumer-directed workers.
- 2.9.7.3.11.6 The FEA shall provide training to the CONTRACTOR's care coordinators regarding consumer direction of HCBS and the role and responsibilities of the FEA (including financial administration and supports brokerage functions)
- 2.9.7.4 Needs Assessment/Plan of Care Process
 - 2.9.7.4.1 A CHOICES member may choose to direct needed eligible HCBS at anytime: during CHOICES intake, through the needs assessment/reassessment and plan of care and plan of care update processes; and outside of these processes. The care coordinator shall assess the member's needs for eligible HCBS per requirements in Sections 2.9.6.2.4, 2.9.6.3 and 2.9.6.5, as applicable. The care coordinator shall use the plan of care process (including updates) to identify the eligible services that the member will direct and to facilitate the member's enrollment in consumer direction of HCBS.
 - 2.9.7.4.2 The CONTRACTOR shall obtain from the member a signed statement regarding the member's decision to participate in consumer direction of HCBS.
 - 2.9.7.4.2.1 The care coordinator shall assist the member in identifying which of the needed eligible HCBS shall be consumer directed, provided by contract providers or a

combination of both, in which case, there must be a set schedule which clearly defines when contract providers will be utilized. The CONTRACTOR shall not be expected or required to maintain contract providers “on standby” to serve in a back-up capacity for services a member has elected to receive through consumer direction.

- 2.9.7.4.3 If the member intends to direct one or more needed eligible HCBS, throughout the period of time that consumer direction is being initiated, the CONTRACTOR shall arrange for the provision of needed HCBS through contract providers in accordance with 2.9.6. The care coordinator shall obtain from the member his/her choice of contract providers who will provide HCBS until such time as workers are secured and ready to begin delivering care through consumer direction.
- 2.9.7.4.3.1 If a member has been assessed to need companion care services, the CONTRACTOR shall identify non-residential services that will offer interim support to address the member’s needs and assist the member in obtaining contract providers for these services.
- 2.9.7.4.4 The CONTRACTOR shall be responsible for providing all needed eligible HCBS using contract providers, including a back-up plan for such services, until all necessary requirements have been fulfilled in order to implement consumer direction of HCBS, including but not limited to: the FEA verifies that workers for these services meet all necessary requirements (see Section 2.9.7.6.1 of this Agreement); service agreements are completed and signed; and authorizations for consumer directed services are in place. The CONTRACTOR, in conjunction with the FEA, shall facilitate a seamless transition between contract providers and workers and ensure that there are no interruptions or gaps in services.
- 2.9.7.4.5 The care coordinator shall determine if the member will appoint a representative to assume the consumer direction functions on his/her behalf. If the member does not intend to appoint a representative, the care coordinator shall determine the extent to which a member requires assistance to participate in consumer direction of HCBS, based upon the results of the member’s responses to the self-assessment instrument developed by TENNCARE. The self-assessment instrument shall be completed by the member with assistance from the member’s care coordinator as appropriate. The care coordinator shall file the completed self-assessment in the member’s file.
- 2.9.7.4.5.1 If, based on the results of the self-assessment the care coordinator determines that a member requires assistance to direct his/her services, the care coordinator shall inform the member that he/she will need to designate a representative to assume the consumer direction functions on his/her behalf.
- 2.9.7.4.5.2 The CONTRACTOR shall forward to TENNCARE for disposition, pursuant to TennCare policy, any cases in which the CONTRACTOR plans to deny participation in consumer direction because a care coordinator has determined that the health, safety and welfare of the member would be in jeopardy if the member participates in consumer direction without a representative but the member does not want to appoint a representative to assist in directing his/her services. The CONTRACTOR shall abide by TENNCARE’s decision.

- 2.9.7.4.6 The member's care coordinator/care coordination team shall ensure that the person identified to serve as the representative meets all qualifications (see Section 2.9.7.2.1 of this Agreement) and that a representative agreement is completed and signed by the member and the person prior to forwarding a referral to the FEA (see Section 2.9.7.4.7 below).
- 2.9.7.4.7 Within two (2) business days of signing the representative agreement or completion of the self-assessment instrument if the member has not designated a representative and the care coordinator determines that the member does not require a representative to assist the member in directing his/her care, the CONTRACTOR shall forward to the FEA a referral initiating the member's participation in consumer direction of HCBS. The referral shall include at a minimum: the date of the referral; the member's name, address, telephone number, and social security number (SSN); the name of the representative and telephone number (if applicable); member's MCO ID number; member's CHOICES enrollment date; eligible selected HCBS, including amount, frequency and duration of each by type; and care coordinator's name and contact information. The CONTRACTOR shall also forward to the FEA a copy of the written confirmation of the member's decision to participate in consumer direction of HCBS. Referrals shall be submitted electronically on a daily basis using the agreed upon data interface (either a standard electronic file transfer or the FEA's web portal technology or both) and process. Referrals shall be submitted on a member-by-member basis.
- 2.9.7.4.8 Within two (2) business days of receipt of the referral, the FEA shall assign a supports broker to the member, notify the care coordinator of the assignment and provide the name and contact information of the supports broker.
- 2.9.7.4.9 Within five (5) days of receipt of the referral, the FEA shall contact the member to inform the member of his/her assigned supports broker, provide contact information for the supports broker, and to begin the process of initiating consumer direction of HCBS.
- 2.9.7.4.10 *Back-up Plan for Consumer Direction and Updated Risk Assessment/Risk Agreement*
- 2.9.7.4.10.1 The FEA shall assist the member/representative as needed in developing a back-up plan for consumer direction that adequately identifies how the member/representative will address situations when a scheduled worker is not available or fails to show up as scheduled. The member/representative (as applicable) shall have primary responsibility for the development and implementation of the back-up plan for consumer directed services.
- 2.9.7.4.10.2 The member/representative (as applicable) may not elect, as part of the back-up plan, to go without services.
- 2.9.7.4.10.3 The back-up plan for consumer direction shall include the names and telephone numbers of contacts (workers, agency staff, organizations, supports) for alternate care, the order in which each shall be notified and the services to be provided by contacts. Back-up contacts may include paid and unpaid supports; however, it is the responsibility of the member electing consumer direction and/or his/her representative to secure paid (as well as unpaid) back-up contacts who are willing and available to serve in this capacity. The CONTRACTOR shall not be

expected or required to maintain contract providers “on standby” to serve in a back-up capacity for services a member has elected to receive through consumer direction.

- 2.9.7.4.10.4 All persons and/or organizations noted in the back-up plan for consumer direction shall be contacted by the member/representative to determine their willingness and availability to serve as back-up contacts. The FEA shall confirm with these persons and/or organizations to confirm their willingness and availability to provide care when needed, document confirmation in the member’s file and forward a copy of the documentation to the CONTRACTOR.
- 2.9.7.4.10.5 The member’s care coordinator shall integrate the member’s back-up plan for consumer-directed workers (including any updates thereto) into the member’s back-up plan for services provided by contract providers, as applicable, and the member’s plan of care. The care coordinator shall review the back-up plan developed by the member or his/her representative (as applicable) for consumer direction to determine its adequacy to address the member’s needs, and shall monitor for late and missed visits and to ensure that the back-up plan was implemented timely and that the member’s needs are being met.
- 2.9.7.4.10.6 The FEA shall assist the member or his/her representative (as applicable) in implementing the back-up plan for consumer direction as needed, monitor to ensure that the back-up plan is implemented and effectively working to address the member’s needs, and notify the care coordinator immediately regarding any concerns with the back-up plan or the member’s care.
- 2.9.7.4.10.7 The FEA shall assist the member or his/her representative (as applicable) in reviewing and updating the back-up plan for consumer direction at least annually and as frequently as necessary, which shall include any time there are changes in the type, amount, duration, scope of eligible HCBS or the schedule at which such services are needed, changes in workers (when such workers also serve as a back-up to other workers) and changes in the availability of paid or unpaid back-up workers to deliver needed care. As part of the annual review of the back-up plan, the member or his/her representative and the FEA shall confirm that each person specified in the back-up plan continues to be willing and available to serve as back-up workers to deliver needed care and to perform the tasks and functions needed by the member. Any updates to the back-up plan for consumer direction shall be provided to the member’s care coordinator.
- 2.9.7.4.10.8 The FEA and the CONTRACTOR shall each file a copy of the back-up plan for consumer direction in the member’s file.
- 2.9.7.4.10.9 The member’s care coordinator shall reassess the adequacy of the member’s back-up plan for consumer direction on at least an annual basis which shall include any time there are changes in the type, amount, duration, scope of eligible HCBS or the schedule at which such services are needed, changes in consumer-directed workers (when such workers also serve as a back-up to other workers) or changes in the availability of paid or unpaid back-up workers to deliver needed care.

- 2.9.7.4.10.10 The CONTRACTOR shall develop and/or update, as applicable, a risk agreement which takes into account the member's decision to participate in consumer direction, and which identifies any additional risks associated with the member's decision to direct his/her services, the potential consequences of such risk, as well as measures to mitigate these risks. The member/representative shall participate in the process. The member's representative (if applicable) shall participate in the risk assessment process. Once a referral has been made to the FEA for consumer direction, the member's supports broker should be involved in risk assessment and risk planning activities whenever possible. The new or updated risk agreement, as applicable, shall be signed by the care coordinator and the member or his/her representative (as applicable). The CONTRACTOR, member/representative and FEA shall receive a copy of the risk agreement. The CONTRACTOR and the FEA shall each file a copy of the risk agreement in the member's file.
- 2.9.7.4.10.11 The FEA shall notify the member's care coordinator immediately when there are changes in the member's needs and/or circumstances which warrant a reassessment of needs and/or risk, or changes to the plan of care or risk agreement.
- 2.9.7.4.10.12 The FEA shall assist the CONTRACTOR in identifying and addressing in the risk assessment and plan of care processes any additional risk associated with the member participating in consumer direction.
- 2.9.7.4.10.13 On an ongoing basis, the CONTRACTOR shall ensure that needs reassessments and updates to the plan of care occur per requirements specified in Sections 2.9.6.9 of this Agreement. The care coordinator shall ensure that the member's supports broker is invited to participate in these meetings.
- 2.9.7.5 Authorizations for Consumer Directed Services and Service Initiation
- 2.9.7.5.1 Consumer direction of HCBS shall not be initiated until all requirements are fulfilled including but not limited to the following: (1) the FEA verifies that the member's employer and related documentation is in order; (2) the FEA verifies that workers meet all qualifications, including participation in required training; (3) there is a signed service agreement specific to each individual worker (see Section 2.9.7.6.6 of this Agreement); and (4) the CONTRACTOR issues to the FEA an authorization for consumer directed services (see 2.9.7.5.6 below) for each service.
- 2.9.7.5.2 The FEA shall work with the member to determine the appropriate level of assistance necessary to recruit, interview and hire workers and provide the assistance.
- 2.9.7.5.3 Once potential workers are identified, the FEA shall verify that a potential worker meets all applicable qualifications (see Section 2.9.7.6.1 of this Agreement).
- 2.9.7.5.4 The FEA shall ensure that a service agreement is signed between the member or member's representative and his/her worker within five (5) business days following the FEA's verification that a worker meets all qualifications.
- 2.9.7.5.5 The FEA shall periodically update the member's care coordinator of the status of completing required functions necessary to initiate consumer direction, including

obtaining completed paperwork from the member/representative and obtaining workers for each identified consumer directed service and any anticipated timeframes by which qualified workers shall be secured and consumer directed services may begin.

- 2.9.7.5.6 The provision of consumer directed services shall begin as soon as possible but no longer than sixty (60) days from the date of the CONTRACTOR's referral to the FEA, except due to circumstances beyond the control of the FEA. Prior to beginning the provision of consumer directed services, the FEA shall notify the CONTRACTOR that all requirements have been fulfilled, including verification of all worker qualifications, criminal background checks, signed service agreements, and that the member is ready to begin consumer direction of HCBS. Within two (2) business days of receipt of the notification from the FEA, the CONTRACTOR shall forward to the FEA an authorization for consumer directed services. Each authorization for consumer directed services shall include authorized service; authorized units of service, including amount, frequency and duration and the schedule at which services are needed; start and end dates; and service code(s). Authorized units of service in a service authorization should reflect the units of measure specified by TENNCARE for the benefit (e.g. visits, hours, days). The CONTRACTOR shall submit authorizations electronically on at least a daily basis using the agreed upon data interface (which may include a standard electronic file transfer, the FEA's web portal technology, the EVV system, or any combination thereof).
- 2.9.7.5.7 If initiation of consumer directed services does not begin within sixty (60) days from the date of the CONTRACTOR's referral to the FEA, the FEA shall contact the CONTRACTOR regarding the cause of the delay and provide appropriate documentation to demonstrate efforts to meet the timeframe. The CONTRACTOR shall determine the appropriate next steps, including but not limited to whether additional time is needed or if the member is still interested in participating in consumer direction of HCBS.
- 2.9.7.5.8 Upon the scheduled start date of consumer directed services, the member's care coordinator/care coordination team shall begin monitoring to ensure that services have been initiated and continue to be provided as authorized. This shall include ongoing monitoring via electronic visit verification to ensure that services are provided in accordance with the member's plan of care, including the amount, frequency, duration and scope of each service, in accordance with the member's service schedule. Upon the identification of any gaps in care, the member's care coordinator/care coordination team shall contact the FEA who shall assist the member or his/her representative as needed in implementing the member's back-up plan for consumer direction.
- 2.9.7.5.9 Within five (5) business days of the scheduled start date of consumer directed services as specified in the authorization of consumer directed services, a member of the care coordinator team shall contact the member or his/her representative to confirm that services are being provided and that the member's needs are being met.
- 2.9.7.5.10 On an ongoing basis, in addition to requirements specified above in 2.9.7.5.3 – 2.9.7.5.9 above:

2.9.7.5.10.1 The CONTRACTOR shall develop and forward to the FEA a new authorization for consumer directed services when the following occur: a change in the number of service units, or the frequency or duration of service delivery, or a change in the schedule at which services are needed; or a change in the services to be provided through consumer direction, including the provision of a new service through consumer direction or termination of a service through consumer direction.

2.9.7.6 Worker Qualifications

2.9.7.6.1 As prescribed in the FEA's contract with TENNCARE, the FEA shall ensure that workers meet all requirements prior to the worker providing services. The FEA shall ensure that workers: meet all TennCare established requirements for providers of comparable, non-consumer directed services; pass a background check which includes criminal background check (including fingerprinting), or, as an alternative, a background check from a licensed private investigation company, verification that the person's name does not appear on the State abuse registry, verification that the person's name does not appear on the state and national sexual offender registries and licensure verification, as applicable; complete all required training, including the training specified in Section 2.9.7.7 of this Agreement; complete all required applications to become a TennCare provider; sign an abbreviated Medicaid agreement; are assigned a Medicaid provider ID number; and sign a service agreement.

2.9.7.6.1.1 A member cannot waive a background check for a potential worker. The following findings shall disqualify a person from serving as a worker:

2.9.7.6.1.1.1 Conviction of an offense involving physical, sexual or emotional abuse, neglect, financial exploitation or misuse of funds, misappropriation of property, theft from any person, violence against any person, or manufacture, sale, possession or distribution of any drug;

2.9.7.6.1.1.2 Entering of a plea of nolo contendere or when a jury verdict of guilty is rendered but adjudication of guilt is withheld with respect to a crime reasonably related to the nature of the position sought or held;

2.9.7.6.1.1.3 Identification on the abuse registry;

2.9.7.6.1.1.4 Identification on the state or national sexual offender registry;

2.9.7.6.1.1.5 Failure to have a required license; and

2.9.7.6.1.1.6 Refusal to cooperate with a background check.

2.9.7.6.1.2 If a worker fails the background check, the FEA shall make the decision regarding exceptions to disqualification in accordance with TennCare policy. In the event a member chooses to hire a worker that has failed a background check but has met all of the conditions for an exception to disqualification, as prescribed by TennCare, and the FEA has granted the exception, the FEA shall notify the member's care coordinator prior to initiation of services provided by

that worker. Exceptions to disqualification may be granted at the member's discretion and only if all of the following conditions are met:

- 2.9.7.6.1.2.1 Offense is a misdemeanor;
- 2.9.7.6.1.2.2 Offense occurred more than five (5) years ago;
- 2.9.7.6.1.2.3 Offense is not related to physical or sexual or emotional abuse of another person;
- 2.9.7.6.1.2.4 Offense does not involve violence against another person or the manufacture, sale, or distribution of drugs; and
- 2.9.7.6.1.2.5 There is only one disqualifying offense.
- 2.9.7.6.2 Workers are not required to be contract providers. The CONTRACTOR shall not require a worker to sign a provider agreement or any other agreement not specified by TENNCARE.
- 2.9.7.6.3 Members shall have the flexibility to hire persons with whom they have a close personal relationship to serve as a worker, such as a neighbor or a friend.
- 2.9.7.6.4 Members may hire family members, excluding spouses, to serve as a worker. A family member shall not be reimbursed for a service that he/she would have otherwise provided without pay. The CONTRACTOR shall use the needs assessment process (see Section 2.9.6.5) to assess the member's available existing supports, including supports provided by family members.
- 2.9.7.6.5 A member may have multiple workers or both a worker and a contract provider for a given service, in which case, there must be a set schedule which clearly defines when contract providers will be utilized. A member may elect to have a worker provide more than one service.
- 2.9.7.6.6 A member shall develop a service agreement with each worker. The service agreement template shall be developed by TENNCARE and shall include, at a minimum: the roles and responsibilities of the worker and the member; the worker's schedule (as developed by the member and/or representative), including hours and days; the scope of each service, i.e., the specific tasks and functions the worker is to perform; the service rate; and the requested start date for services. The service agreement shall serve as the worker's written confirmation of his/her commitment to initiate services on or before the date specified and to provide services in accordance with specified terms (including the tasks and functions to be performed and the schedule at which care is needed). If necessary, the FEA shall assist in this process. Service agreements shall be updated anytime there is a change in any of the terms or conditions specified in the agreement. Service agreements shall be signed by the new representative when there is a change in representatives.
- 2.9.7.6.7 The service agreement shall also stipulate if a worker will provide one or more self-directed health care tasks, the specific task(s) to be performed, and the frequency of each self-directed health care task (see Section 2.7 3).

- 2.9.7.6.8 The FEA shall ensure that a service agreement is in place for each worker prior to the worker providing services.
- 2.9.7.6.9 A copy of each service agreement shall be provided to the member and/or representative. The FEA shall give a copy of the service agreement to the worker and shall maintain a copy for its files.
- 2.9.7.6.10 A member may terminate a worker at any time if he/she feels that the worker is not adhering to the terms of the service agreement and/or is not providing quality services. If the FEA or care coordinator has concerns that a worker is unable to deliver appropriate care as prescribed in the service agreement and the plan of care, but the member and/or representative chooses to continue to employ the worker, the care coordinator shall note the concern and the member's choice to continue using the worker in the member's plan of care, and shall update the risk assessment and/or risk agreement as needed. The FEA and care coordinator shall collaborate to develop strategies to address identified issues and concerns. The FEA shall inform the member and/or representative of any potential risks associated with continuing to use the worker. The CONTRACTOR shall forward to TENNCARE for disposition, pursuant to TennCare policy, any cases in which the CONTRACTOR plans to disenroll the member from consumer direction because a care coordinator has determined that the health, safety and welfare of the member may be in jeopardy if the member continues to employ a worker but the member and/or representative does not want to terminate the worker. The CONTRACTOR and FEA shall abide by TENNCARE's decision.
- 2.9.7.6.11 A member shall have the flexibility to choose from a range of TENNCARE specified reimbursement levels for all eligible consumer directed HCBS, excluding companion care services which shall be reimbursed at the rate specified by TENNCARE.
- 2.9.7.6.12 In order to receive payment for services rendered, all workers must:
 - 2.9.7.6.12.1 Deliver services in accordance with the schedule of services specified in the member's plan of care and in the MCO's service authorization, and in accordance with worker assignments determined by the member or his/her representative. The FEA shall input the member/representative's assignment of individual workers into the EVV; and
 - 2.9.7.6.12.2 Maintain and submit documentation of service delivery (i.e., documentation of the tasks and functions performed during the provision of services), and any other documentation, as required, for units of service delivered; and
 - 2.9.7.6.12.3 Provide no more than forty (40) hours of services within a consecutive seven (7) day period, unless explicitly permitted by program guidelines and in accordance with service authorizations.
- 2.9.7.6.13 The FEA shall enter worker schedules into the EVV system in accordance with the CONTRACTOR's guidelines and the schedule at which services are needed by the member, based on the member's plan of care and the CONTRACTOR's service authorization.

2.9.7.7 Training

2.9.7.7.1 The CONTRACTOR shall require all members electing to enroll in consumer direction of HCBS and/or their representatives to receive relevant training. The FEA shall be responsible for providing or arranging for initial and ongoing training of members/representatives. When training is not directly provided by the FEA, the FEA shall validate completion of training. Initial training shall be completed prior to initiation of consumer directed services.

2.9.7.7.2 At a minimum, consumer direction training for members and/or representatives shall address the following issues:

2.9.7.7.2.1 Understanding the role of members and representatives in consumer direction;

2.9.7.7.2.2 Understanding the role of the care coordinator and the FEA;

2.9.7.7.2.3 Selecting workers;

2.9.7.7.2.4 Abuse and neglect prevention and reporting;

2.9.7.7.2.5 Being an employer, evaluating worker performance and managing workers;

2.9.7.7.2.6 Fraud and abuse prevention and reporting;

2.9.7.7.2.7 Performing administrative tasks such as reviewing and approving electronically captured visit information; and

2.9.7.7.2.8 Scheduling workers and back-up planning.

2.9.7.7.3 Ongoing training shall be provided by the FEA to members and/or representatives upon request and/or if a care coordinator or FEA, through monitoring, determines that additional training is warranted.

2.9.7.7.4 The FEA shall be responsible for providing or arranging for initial and ongoing training of all workers. When training is not directly provided by the FEA, the FEA shall validate completion of training. Initial training shall be completed prior to initiation of services. At a minimum, training shall consist of the following required elements:

2.9.7.7.4.1 Overview of the CHOICES program and consumer direction of HCBS;

2.9.7.7.4.2 Caring for elderly and disabled populations;

2.9.7.7.4.3 Abuse and neglect identification and reporting;

2.9.7.7.4.4 CPR and first aid certification;

2.9.7.7.4.5 Critical incident reporting;

2.9.7.7.4.6 Submission of required documentation and withholdings;

- 2.9.7.7.4.7 Use of the EVV system; and
- 2.9.7.7.4.8 As appropriate, administration of self-directed health care task(s).
- 2.9.7.7.5 The FEA shall assist the member/representative in determining to what extent the member/representative shall be involved in the above-specified training. The member/ representative shall provide additional training to the worker regarding individualized service needs and preference.
- 2.9.7.7.6 The FEA shall verify that workers have successfully completed all required training prior to service initiation and payment for services.
- 2.9.7.7.7 Ongoing, the FEA shall ensure that workers maintain CPR and first aid certification and receive required refresher training as a condition of continued employment and shall arrange for the appropriate training. Additional training components may be provided to a worker to address issues identified by the FEA, care coordinator, member and/or the representative or at the request of the worker.
- 2.9.7.7.8 Refresher training may be provided more frequently if determined necessary by the FEA, care coordinator, member and/or representative or at the request of the worker.
- 2.9.7.8 Monitoring
- 2.9.7.8.1 The CONTRACTOR shall monitor the quality of service delivery and the health, safety and welfare of members participating in consumer direction through the CHOICES care coordination functions.
- 2.9.7.8.2 The CONTRACTOR shall monitor for late or missed visits by consumer-directed workers.
- 2.9.7.8.3 The CONTRACTOR shall require that the EVV system include functionality to provide prompt (i.e., “real time”) notification 24 hours/day, 7 days/week via automated email, as defined in business rules, to the MCO and to the FEA if a consumer-directed worker does not arrive as scheduled, or otherwise deviates from the authorized schedule so that gaps in care are immediately identified and addressed. Alerts will be provided via email, the monitoring alert dashboard, and text messaging.
- 2.9.7.8.4 The CONTRACTOR shall monitor implementation of the back-up plan by the member or his/her representative, with assistance provided to the member/representative by the FEA Supports Broker as needed.
- 2.9.7.8.5 The CONTRACTOR shall monitor a member’s participation in consumer direction of HCBS to determine, at a minimum, the success and the viability of the service delivery model for the member. The CONTRACTOR shall note any patterns, such as frequent turnover of representatives and changing between consumer direction of HCBS and contract providers that may warrant intervention by the CONTRACTOR. The CONTRACTOR may submit a request to TENNCARE, pursuant to TennCare policy, to involuntarily withdraw the member from consumer direction of HCBS if the CONTRACTOR has concerns about its ability to protect the health, safety and welfare of the member (see Section 2.9.7.9.4).

- 2.9.7.8.6 If at any time abuse or neglect is suspected, the member's care coordinator or the FEA shall report the allegations to the CONTRACTOR within 24 hours in accordance with the abuse and neglect plan protocols developed by the CONTRACTOR. The notification shall include at a minimum: the member name; date of allegation reported and/or identified; description of issue; measures taken to mitigate risk; status of reporting to CPS or APS, as appropriate. If the allegation is in reference to a worker or representative, the FEA shall contact the member/representative to immediately release the worker or representative from his/her duties until the investigation is complete. The FEA shall notify the CONTRACTOR regarding this communication with the member/representative and the member or representative's decision. The care coordinator shall work with the member to find a new representative and the FEA shall work with the member to find a suitable replacement worker, if applicable. If the allegations are substantiated as a result of the investigation, the representative and/or worker shall no longer be allowed to participate in the CHOICES program in any capacity. If the investigation is inconclusive, the member may elect to retain the worker or representative. The member's care coordinator, with appropriate assistance from the FEA, shall make any updates to the member's plan of care and/or risk assessment/risk agreement deemed necessary to help ensure the member's health and safety, and the CONTRACTOR may initiate action to involuntary disenroll the member from consumer direction at any time the CONTRACTOR feels that the member's decisions or actions constitute unreasonable risk such that the member's needs can no longer be safely and effectively met in the community while participating in consumer direction.
- 2.9.7.9 Withdrawal from Consumer Direction of HCBS
- 2.9.7.9.1 A member may voluntarily withdraw from consumer direction of HCBS at any time. The member and/or representative shall notify the care coordinator as soon as he/she determines that he/she is no longer interested in participating in consumer direction of HCBS.
- 2.9.7.9.2 Upon receipt of a member's request to withdraw from consumer direction of HCBS, the CONTRACTOR shall conduct a face-to-face visit and update the member's plan of care, as appropriate, to initiate the process to transition the member to contract providers.
- 2.9.7.9.3 In the event that the FEA or care coordinator has concerns that a worker is unable to deliver appropriate care as prescribed in the service agreement and the plan of care, but the member and/or representative chooses to continue to employ the worker, note the concern and the member's choice to continue using the worker in the member's plan of care, and shall update the risk assessment and/or risk agreement as needed.
- 2.9.7.9.4 The CONTRACTOR shall forward to TENNCARE for disposition, pursuant to TennCare policy, any cases in which the CONTRACTOR plans to disenroll a member from consumer direction. The CONTRACTOR may initiate involuntary withdrawal of a member from consumer direction of HCBS:

- 2.9.7.9.4.1 If a member's representative fails to perform in accordance with the terms of the representative agreement and the health, safety and welfare of the member is at risk, and the member wants to continue to use the representative.
- 2.9.7.9.4.2 If a member has consistently demonstrated that he/she is unable to manage, with sufficient supports (including appointment of a representative) his/her services and the care coordinator or FEA has identified health, safety and/or welfare issues.
- 2.9.7.9.4.3 A care coordinator has determined that the health, safety and welfare of the member may be in jeopardy if the member continues to employ a worker but the member and/or representative does not want to terminate the worker.
- 2.9.7.9.4.4 Other significant concerns regarding the member's participation in consumer direction which jeopardize the health, safety or welfare of the member.
- 2.9.7.9.5 If TENNCARE approves the CONTRACTOR's request, the CONTRACTOR shall notify the member in accordance with TennCare rules and regulations, and the member shall have the right to appeal the determination (see Section 2.19.3.12 of this Agreement).
- 2.9.7.9.6 The CONTRACTOR, in conjunction with the FEA, shall facilitate a seamless transition from workers to contract providers and ensure there are no interruptions or gaps in services.
- 2.9.7.9.7 Voluntary or involuntary withdrawal of a member from consumer direction of HCBS shall not affect a member's eligibility for long-term care services or enrollment in CHOICES.
- 2.9.7.9.8 The CONTRACTOR shall notify the FEA within one business day of processing the enrollment file when a member voluntarily withdraws from consumer direction of HCBS, when a member is involuntarily withdrawn from consumer direction of HCBS, and when a member is disenrolled from CHOICES or from TennCare. The notification should include the effective date of withdrawal and/or disenrollment, as applicable.
- 2.9.7.9.9 Members who have been involuntarily withdrawn may request to be reinstated in consumer direction of HCBS. The care coordinator shall work with the FEA to ensure that the issues previously identified as reasons for withdrawal have been adequately addressed prior to reinstatement. All members shall be required to participate in consumer direction training programs prior to re-instatement in consumer direction of HCBS.
- 2.9.7.10 Claims Submission and Payment
- 2.9.7.10.1 The CONTRACTOR shall ensure that the EVV system creates and makes available to the FEA on at least a daily basis an electronic claims submission file in the 837 format, including exceptions which have been resolved, which may be submitted to the CONTRACTOR for claims processing at the appropriate frequency.

- 2.9.7.10.2 The CONTRACTOR shall reimburse the FEA for authorized HCBS provided by workers at the appropriate rate for the consumer directed services, which includes applicable payroll taxes.
- 2.9.7.10.3 The CONTRACTOR shall process and pay claims submitted by the FEA within fourteen (14) calendar days of receipt.

2.9.8 **Coordination and Collaboration for Members with Behavioral Health Needs**

2.9.8.1 General

As provided in Section 2.6.1 of this Agreement, the CONTRACTOR shall be responsible for providing a full continuum of physical health, behavioral health, and long-term care services. The CONTRACTOR shall also be responsible for ensuring continuity and coordination between covered physical health, behavioral health, and long-term care services and ensuring collaboration between physical health, behavioral health, and long-term care providers. The CONTRACTOR shall develop policies and procedures that address key elements in meeting this requirement. These elements include, but are not limited to, screening for behavioral health needs (including the screening tool), referral to physical health and behavioral health providers, screening for long-term care needs, exchange of information, confidentiality, assessment, treatment plan and plan of care development and implementation, collaboration, MCO case management, care coordination (for CHOICES members) and disease management, provider training, and monitoring implementation and outcomes.

2.9.8.2 Subcontracting for Behavioral Health Services

If the CONTRACTOR subcontracts for the provision of behavioral health services, the CONTRACTOR shall develop and implement a written agreement with the subcontractor regarding the coordination of services provided by the CONTRACTOR and those provided by the subcontractor. The agreement shall address the responsibilities of the CONTRACTOR and the subcontractor regarding, at a minimum, the items identified in Section 2.9.8.1 as well as prior authorization, claims payment, claims resolution, contract disputes, and reporting. The subcontract shall comply with all of the requirements regarding subcontracts included in Section 2.26 of this Agreement.

2.9.8.3 Screening for Behavioral Health Needs

- 2.9.8.3.1 The CONTRACTOR shall ensure that the need for behavioral health services is systematically identified by and addressed by the member's PCP at the earliest possible time following initial enrollment of the member in the CONTRACTOR's MCO or after the onset of a condition requiring mental health and/or substance abuse treatment.
- 2.9.8.3.2 The CONTRACTOR shall encourage PCPs and other providers to use a screening tool prior approved in writing by the State as well as other mechanisms to facilitate early identification of behavioral health needs.

2.9.8.3.3 As part of the care coordination process (see Section 2.9.6), the CONTRACTOR shall ensure that behavioral health needs of CHOICES members are identified and addressed.

2.9.8.4 Referrals to Behavioral Health Providers

The CONTRACTOR shall ensure through screening that members with a need for behavioral health services, particularly members with SED/SPMI are appropriately referred to behavioral health providers. The CONTRACTOR shall develop provider education and training materials to ensure that physical health and long-term care providers know when and how to refer members who need specialty behavioral health services. This shall include education about behavioral health services, including the recovery process and resilience for children. The CONTRACTOR shall develop a referral process to be used by its providers, including what information must be exchanged and when to share this information, as well as notification to the member's care coordinator.

2.9.8.5 Referrals to PCPs

The CONTRACTOR shall ensure that members with both physical health and behavioral health needs are appropriately referred to their PCPs for treatment of their physical health needs. The CONTRACTOR shall develop provider education and training materials to ensure that behavioral health providers know when and how to refer members who need physical health services. The CONTRACTOR shall develop a referral process to be used by its providers. The referral process shall include providing a copy of the physical health consultation and results to the behavioral health provider.

2.9.8.6 Referrals to CHOICES

The CONTRACTOR shall ensure that members with both long-term care and behavioral health needs are referred to the CONTRACTOR for CHOICES intake (see Section 2.9.6.3). The CONTRACTOR shall develop provider education and training materials to ensure that behavioral health providers know when and how to refer members who need long-term care services to the CONTRACTOR.

2.9.8.7 Behavioral Health Assessment and Treatment Plan

The CONTRACTOR's policies and procedures shall identify the role of physical health and behavioral health providers in assessing a member's behavioral health needs and developing an individualized treatment plan. For members with chronic physical conditions that require ongoing treatment who also have behavioral health needs, the CONTRACTOR shall encourage participation of both the member's physical health provider (PCP or specialist) and behavioral health provider in the assessment and individualized treatment plan development process as well as the ongoing provision of services. For members in CHOICES Groups 2 and 3 with behavioral health needs, the member's care coordinator shall encourage participation of the member's behavioral health provider in the care planning process and shall incorporate relevant information from the member's behavioral health treatment plan (see Section 2.7.2.1.4) in the member's plan of care (see Section 2.9.6.6).

2.9.8.8 MCO Case Management, Disease Management, and CHOICES Care Coordination

The CONTRACTOR shall use its MCO case management, disease management, and CHOICES care coordination programs (see Sections 2.9.5, 2.8, and 2.9.6) to support the continuity and coordination of covered physical health, behavioral health, and long-term care services and the collaboration between physical health, behavioral health, and long-term care providers. The CONTRACTOR has the option to allow members, e.g., members who have been determined to be high risk based on disease management stratification (see Section 2.8.3), to be enrolled in both a disease management program and MCO case management. For CHOICES members, MCO case management and/or disease management activities shall be integrated with the care coordination process (see Sections 2.9.5.4, and 2.9.6.1.8).

2.9.8.9 Monitoring

The CONTRACTOR shall evaluate and monitor the effectiveness of its policies and procedures regarding the continuity and coordination of covered physical, behavioral health, and long-term care services and collaboration between physical health, behavioral health, and long-term care providers. This shall include, but not be limited to, an assessment of the appropriateness of the diagnosis, treatment, and referral of behavioral health disorders commonly seen by PCPs; an evaluation of the appropriateness of psychopharmacological medication; and analysis of data regarding access to appropriate services. Based on these monitoring activities, the CONTRACTOR shall develop and implement interventions to improve continuity, coordination, and collaboration for physical health, behavioral health, and long-term care services.

2.9.9 **Coordination and Collaboration Among Behavioral Health Providers**

2.9.9.1 The CONTRACTOR shall ensure communication and coordination between mental health providers and substance abuse providers, including:

2.9.9.1.1 Assignment of a responsible party to ensure communication and coordination occur;

2.9.9.1.2 Determination of the method of mental health screening to be completed by substance abuse service providers; screening and assessment tools to be designated by TENNCARE;

2.9.9.1.3 Determination of the method of substance abuse screening to be completed by mental health service providers; screening and assessment tools to be designated by TENNCARE;

2.9.9.1.4 Description of how treatment plans will be coordinated between behavioral health service providers; and

2.9.9.1.5 Assessment of cross training of behavioral health providers: mental health providers being trained on substance abuse issues and substance abuse providers being trained on mental health issues.

2.9.9.2 The CONTRACTOR shall ensure coordination between the children and adolescent service delivery system as they transition into the adult mental health service delivery

system, through such activities as communicating treatment plans and exchange of information.

- 2.9.9.3 The CONTRACTOR shall coordinate inpatient and community services, including the following requirements related to hospital admission and discharge:
 - 2.9.9.3.1 The outpatient provider shall be involved in the admissions process when possible; if the outpatient provider is not involved, the outpatient provider shall be notified promptly of the member's hospital admission;
 - 2.9.9.3.2 Psychiatric hospital and residential treatment facility discharges shall not occur without a discharge plan in which the member has participated (an outpatient visit shall be scheduled before discharge, which ensures access to proper provider/medication follow-up; also, an appropriate placement or housing site shall be secured prior to discharge);
 - 2.9.9.3.3 An evaluation shall be performed prior to discharge to determine if mental health case management services are medically necessary. Once deemed medically necessary, the mental health case manager shall be involved in discharge planning; if there is no mental health case manager, then the outpatient provider shall be involved; and
 - 2.9.9.3.4 A procedure to ensure continuity of care regarding medication shall be developed and implemented.
- 2.9.9.4 The CONTRACTOR shall identify and develop community alternatives to inpatient hospitalization for those members who are receiving inpatient psychiatric facility services who could leave the facility if appropriate community or residential care alternatives were available in the community. In the event the CONTRACTOR does not provide appropriate community alternatives, the CONTRACTOR shall remain financially responsible for the continued inpatient care of these individuals.
- 2.9.9.5 The CONTRACTOR is responsible for providing a discharge plan as outlined in Section 2.9.9.3.2.

2.9.10 Coordination of Pharmacy Services

- 2.9.10.1 Except as provided in Section 2.6.1.3, the CONTRACTOR is not responsible for the provision and payment of pharmacy benefits; TENNCARE contracts with a pharmacy benefits manager (PBM) to provide these services. However, the CONTRACTOR shall coordinate with the PBM as necessary to ensure that members receive appropriate pharmacy services without interruption. The CONTRACTOR shall monitor and manage its contract providers as it relates to prescribing patterns and its members as it relates to utilization of prescription drugs. The CONTRACTOR shall participate in regularly scheduled meetings with the PBM and TENNCARE to discuss operational and programmatic issues.
- 2.9.10.2 The CONTRACTOR shall accept and maintain prescription drug data from TENNCARE or its PBM.

- 2.9.10.3 The CONTRACTOR shall monitor and manage members by, at a minimum, conducting the activities as described below:
 - 2.9.10.3.1 Analyzing prescription drug data and/or reports provided by the PBM or TENNCARE to identify high-utilizers and other members who inappropriately use pharmacy services and assign them to MCO case management and/or disease management programs and/or refer them to CHOICES intake (see Section 2.9.6) as appropriate; if a CHOICES member is identified as a high-utilizer or as inappropriately using pharmacy services, relevant prescription drug data and/or reports for the member shall be provided to the member's care coordinator, and the care coordinator shall take appropriate next steps, which may include coordination with the member's PCP;
 - 2.9.10.3.2 Analyzing prescription drug data and/or reports provided by the PBM to identify potential pharmacy lock-in candidates and referring them to TENNCARE; and
 - 2.9.10.3.3 Regularly providing information to members about appropriate prescription drug usage. At a minimum, this information shall be included in the Member Handbook and in at least two (2) quarterly member newsletters within a twelve (12) month period.
- 2.9.10.4 The CONTRACTOR shall monitor and manage providers' prescription patterns by, at a minimum, conducting the activities described below:
 - 2.9.10.4.1 Collaborating with the PBM to educate the MCO's contract providers regarding compliance with the State's preferred drug list (PDL) and appropriate prescribing practices; and
 - 2.9.10.4.2 Intervening with contract providers whose prescribing practices appear to be operating outside industry or peer norms as defined by TENNCARE, are non-compliant as it relates to adherence to the PDL and/or generic prescribing patterns, and/or who are failing to follow required prior authorization processes and procedures. The goal of these interventions will be to improve prescribing practices among the identified contract providers, as appropriate. Interventions shall be personal and one-on-one.
- 2.9.10.5 At any time, upon request from TENNCARE, the CONTRACTOR shall provide assistance in educating, monitoring and intervening with providers. For example, TENNCARE may require assistance in monitoring and intervening with providers regarding prescribing patterns for narcotics.

2.9.11 Coordination of Dental Benefits

- 2.9.11.1 General
 - 2.9.11.1.1 The CONTRACTOR is not responsible for the provision and payment of dental benefits; TENNCARE contracts with a dental benefits manager (DBM) to provide these services.

2.9.11.1.2 As provided in Section 2.6.1.3, the CONTRACTOR is responsible for transportation to and from dental services as well as the facility, medical and anesthesia services related to medically necessary and approved dental services that are not provided by a dentist or in a dentist's office.

2.9.11.1.3 The CONTRACTOR may require prior authorization for services related to dental services including the facility, anesthesia, and/or medical services related to the dental service. However, the CONTRACTOR may waive authorization of said services based upon authorization of the dental services by the dental benefits manager. The CONTRACTOR shall approve and arrange transportation to and from dental services in accordance with this Agreement, including but not limited to Attachment XI.

2.9.11.2 Services and Responsibilities

The CONTRACTOR shall coordinate with the DBM and/or the ID HCBS waiver contractor for dental services. Coordination of dental services, at a minimum, includes establishing processes for:

2.9.11.2.1 Means for referral that ensures immediate access for emergency care and provision of urgent and routine care according to TennCare guidelines for specialty care (see Attachment III);

2.9.11.2.2 Means for the transfer of information (to include items before and after the visit);

2.9.11.2.3 Maintenance of confidentiality;

2.9.11.2.4 Resolving disputes related to prior authorizations and claims and payment issues; and

2.9.11.2.5 Cooperation with the DBM regarding training activities provided by the DBM.

2.9.11.3 Operating Principles

Coordinating the delivery of dental services to TennCare members is the primary responsibility of the DBM and/or the ID HCBS waiver contractor. However, the CONTRACTOR shall provide coordination assistance and shall be responsible for communicating the DBM/HCBS provider services, provider relations, and/or claim coordinator contact information to all of its contract providers. With respect to specific member issues, the CONTRACTOR shall work with the DBM/HCBS coordinator towards a resolution. Should systemic issues arise, the CONTRACTOR shall meet and resolve the issues with the DBM/HCBS waiver contractor. In the event that such issues cannot be resolved, the MCO and the DBM/HCBS waiver contractor shall meet with TENNCARE to reach final resolution of matters involved. Final resolution of system issues shall occur within ninety (90) calendar days from referral to TENNCARE.

2.9.11.4 Resolution of Requests for Prior Authorization

2.9.11.4.1 The CONTRACTOR agrees, and recognizes that the DBM has agreed through its contractual arrangement with the State, that any dispute concerning which party should respond to a request for prior authorization shall not cause a denial, delay,

reduction, termination or suspension of any appropriate service to a TennCare enrollee. The CONTRACTOR shall require that its DBM care coordinators will, in addition to their responsibilities for DBM care coordination, deal with issues related to requests for prior authorization that require coordination between the DBM and the CONTRACTOR. The CONTRACTOR shall provide the DBM with a list of its DBM care coordinators and telephone number(s) at which each DBM care coordinator may be contacted. When the CONTRACTOR receives a request for prior authorization from a provider for a member and the CONTRACTOR believes the service is the responsibility of the DBM, the CONTRACTOR's DBM care coordinator shall contact the DBM's care coordinator by the next business day after receiving the request for prior authorization. The DBM care coordinator shall also contact the member and/or member's provider. For routine requests contact to the member or member's provider shall be made within fourteen (14) days or less of the provider's request for prior authorization and shall comply with all applicable consent decrees and court orders and TennCare rules and regulations. For urgent requests, contact shall be made immediately after receiving the request for prior authorization.

2.9.11.4.2 The CONTRACTOR shall assign staff members to serve on a coordination committee with DBM staff members. This committee shall be responsible for addressing all issues of dental care coordination. The committee will review disputes regarding clinical care and provide a clinical resolution to the dispute, subject to the terms of this Agreement. The CONTRACTOR and the DBM shall attempt in good faith to resolve any dispute and communicate the decision to the provider requesting prior authorization of a service. In the event the CONTRACTOR and the DBM cannot agree within ten (10) calendar days of the provider's request for prior authorization, the party who first received the request from the provider shall be responsible for prior authorization and payment to the contract provider within the time frames designated by TENNCARE. The CONTRACTOR and the DBM are responsible for enforcing hold harmless protection for the member. The CONTRACTOR shall ensure that any response to a request for authorization shall not exceed fourteen (14) calendar days and shall comply with all applicable consent decrees and court orders and TennCare rules and regulations.

2.9.11.5 Claim Resolution Processes

2.9.11.5.1 The CONTRACTOR shall designate one or more claims coordinators to deal with issues related to claims and payment issues that require coordination between the DBM and the CONTRACTOR. The CONTRACTOR agrees and recognizes that the DBM has agreed through its contractual arrangement with the State, to also designate one or more claims coordinators to deal with issues related to claims and payment issues that require coordination between the DBM and the CONTRACTOR. The CONTRACTOR shall provide the DBM and TennCare, with a list of its claims coordinators and telephone number(s) at which each claims coordinator may be contacted.

2.9.11.5.2 When the CONTRACTOR receives a disputed claim for payment from a provider for a member and believes care is the responsibility of the DBM, the CONTRACTOR's claims coordinators shall contact the DBM's claims coordinators within four (4) calendar days of receiving such claim for payment. If the CONTRACTOR's claims coordinator is unable to reach agreement with the DBM's claims coordinators on

which party is responsible for payment of the claim, the claim shall be referred to the Claims Coordination Committee (described below) for review.

- 2.9.11.5.3 The CONTRACTOR shall assign claims coordinators and other representatives, as needed, to a joint CONTRACTOR/DBM Claims Coordination Committee. The number of members serving on the Claims Coordination Committee shall be determined within ten (10) calendar days of the execution of this Agreement by the mutual agreement of the DBM and MCO. The CONTRACTOR shall, at a minimum, assign two (2) representatives to the committee. The make-up of the committee may be revisited from time to time during the term of this Agreement. The Claims Coordination Committee shall review any disputes and negotiate responsibility between the CONTRACTOR and the DBM. Unless otherwise agreed, such meeting shall take place within ten (10) calendar days of receipt of the initial disputed claim or request from the provider. If resolution of the claim results in the party who assumed responsibility for authorization and payment having no liability, the other party shall reimburse and abide by the prior decisions of that party. Reimbursement shall be made within ten (10) calendar days of the Claims Coordination Committee's decision.
- 2.9.11.5.4 If the Claims Coordination Committee cannot reach an agreement as to the proper division of financial responsibility within ten (10) calendar days of the initial referral to the Claims Coordination Committee, said claim shall be referred to both the CONTRACTOR's and the DBM's CEO or the CEO's designee, for resolution immediately. A meeting shall be held among the CEOs or their designee(s) as soon as possible, but not longer than ten (10) calendar days after the meeting of the Claims Coordination Committee.
- 2.9.11.5.5 If the meeting between the CEOs, or their designee(s), of the DBM and MCO does not successfully resolve the dispute within ten (10) calendar days, the parties shall, within fourteen (14) calendar days of the meeting, submit a Request for Resolution of the dispute to the State or the State's designee for a decision on responsibility.
- 2.9.11.5.6 The process before the submission of a Request for Resolution, as described above, shall be completed within thirty (30) calendar days of receiving the claim for payment. In the event the parties cannot agree within thirty (30) calendar days of receiving the claim for payment, the MCO and the DBM shall be responsible for enforcing hold harmless protections for the member and the party who first received the request or claim from the provider shall be responsible for authorization and payment to the provider in accordance with the requirements of the MCO's or DBM's respective Agreement/contract with the State of Tennessee. Moreover, the party that first received the request or claim from the provider shall also make written request of all requisite documentation for payment and shall provide written reasons for any denial.
- 2.9.11.5.7 The Request for Resolution shall contain a concise description of the facts regarding the dispute, the applicable Agreement/contract provisions, and the position of the party making the request. A copy of the Request for Resolution shall also be delivered to the other party. The other party shall then submit a Response to the Request for Resolution within fifteen (15) calendar days of the date of the Request for Resolution. The Response shall contain the same information required of the

Request for Resolution. Failure to timely file a Response or obtain an extension from the State shall be deemed a waiver of any objections to the Request for Resolution.

2.9.11.5.8 The State or its designee shall make a decision in writing regarding who is responsible for the payment of services within ten (10) calendar days of the receipt of the required information (“Decision”). The Decision may reflect a split payment responsibility that designates specific proportions to be paid by the MCO and the DBM. The Decision shall be determined solely by the State or its designee based on specific circumstances regarding each individual case. Within five (5) business days of receipt of the Decision, the non-successful party shall reimburse any payments made by the successful party for the services. The non-successful party shall also pay to the State, within thirty (30) calendar days of the Decision, an administrative fee equal to ten percent (10%) of the value of the claims paid, not to exceed one-thousand dollars (\$1,000), for each Request for Resolution. The amount of the DBM’s or MCO’s payment responsibility shall be contained in the State’s Decision. These payments may be made with reservation of rights regarding any judicial resolution. If a party fails to pay the State for the party’s payment responsibility as described in this Section, Section 2.9.11.5.8, within thirty (30) calendar days of the date of the State’s Decision, the State may deduct amounts of the payment responsibility from any current or future amount owed the party by the State.

2.9.11.6 Denial, Delay, Reduction, Termination or Suspension

The CONTRACTOR agrees that any claims payment dispute or request for authorization shall not cause a denial, delay, reduction, termination or suspension of any appropriate services to a TennCare member. In the event there is a claim for emergency services, the party receiving a request for authorization to treat any member shall insure that the member is treated immediately and payment for the claim shall be approved or disapproved based on the definition of emergency services specified in this Agreement.

2.9.11.7 Emergencies

Prior authorization shall not be required for emergency services prior to stabilization.

2.9.11.8 Claims Processing Requirements

All claims shall be processed in accordance with the requirements of the MCO’s and DBM’s respective Agreements/contracts with the State of Tennessee.

2.9.11.9 Appeal of Decision

Appeal of any Decision shall be to a court or commission of competent jurisdiction and shall not constitute a procedure under the Administrative Procedure Act, TCA 4-5-201 *et seq.* Exhaustion of the above-described process shall be required before filing of any claim or lawsuit on issues covered by this Section, Section 2.9.11.9

2.9.11.10 Duties and Obligations

The existence of any dispute under this Agreement shall in no way affect the duty of the CONTRACTOR and the DBM to continue to perform their respective

obligations, including their obligations established in their respective Agreements/contracts with the State pending resolution of the dispute under this Section, Section 2.9.11.10. In accordance with TCA 56-32-126(b), a provider may elect to resolve the claims payment dispute through independent review.

2.9.11.11 Confidentiality

2.9.11.11.1 The CONTRACTOR agrees, and recognizes that the DBM has agreed through its contractual arrangement with the State, to cooperate with the State to develop confidentiality guidelines that (1) meet state, federal, and other regulatory requirements; (2) meet the requirements of the professions or facilities providing care and maintaining records; and (3) meet both DBM and MCO standards. These standards shall apply to both DBM's and MCO's providers and staff. If the CONTRACTOR or DBM believes that the standards require updating, or operational changes are needed to enforce the standards, the CONTRACTOR shall meet with the DBM to resolve these issues. Such standards shall provide for the exchange of confidential e-mails to ensure the privacy of the members.

2.9.11.11.2 The DBM and MCO shall ensure all materials and information directly or indirectly identifying any current or former member which is provided to or obtained by or through the MCO's or DBM's performance of this Agreement, whether verbal, written, tape, or otherwise, shall be maintained in accordance with the standards of confidentiality of TCA 33-4-22, Section 5.33 of this Agreement, 42 CFR Part 2, and the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and, unless required by applicable law, shall not be disclosed except in accordance with those requirements or to TENNCARE, and CMS, or their designees. Nothing stated herein shall prohibit the disclosure of information in summary, statistical, or other form that does not identify any current or former member or potential member.

2.9.11.12 Access to Service

The CONTRACTOR agrees and recognizes that the DBM has agreed through its contractual arrangement with the State, to establish methods of referral which ensure immediate access to emergency care and the provision of urgent and routine care in accordance with TennCare guidelines.

2.9.12 Coordination with Medicare

2.9.12.1 The CONTRACTOR is responsible for providing medically necessary covered services to members who are also eligible for Medicare if the service is not covered by Medicare.

2.9.12.2 The CONTRACTOR shall ensure that services covered and provided pursuant to this Agreement are delivered without charge to members who are dually eligible for Medicare and Medicaid services.

2.9.12.3 The CONTRACTOR shall coordinate with Medicare payers, Medicare Advantage plans, and Medicare providers as appropriate to coordinate the care and benefits of members who are also eligible for Medicare.

2.9.13 ICF/MR Services and Alternatives to ICF/MR Services

- 2.9.13.1 The CONTRACTOR is not responsible for services in an Intermediate Care Facility for the Mentally Retarded (ICF/MR) or for services provided through Home and Community Based Services (HCBS) waivers as an alternative to ICF/MR services (hereinafter referred to as “HCBS MR waiver”). However, to the extent that services available to a member through a HCBS MR waiver are also covered services pursuant to this Agreement, the CONTRACTOR shall be responsible for providing all medically necessary covered services. HCBS MR waiver services may supplement, but not supplant, medically necessary covered services. ICF/MR services and HCBS MR waiver services shall be provided to qualified members as described in TennCare rules and regulations through contracts between TENNCARE and appropriate providers.
- 2.9.13.2 The CONTRACTOR is responsible for covered services for members residing in an ICF/MR or enrolled in a HCBS MR waiver. For members residing in an ICF/MR, the CONTRACTOR is responsible for providing covered services that are not included in the per diem reimbursement for institutional services (e.g., prosthetics, some items of durable medical equipment, non-emergency ambulance transportation, and non-emergency transportation). Except as provided below for NEMT, for members enrolled in a HCBS MR waiver, the CONTRACTOR shall provide all medically necessary covered services, including covered services that may also be provided through the HCBS MR waiver. The HCBS MR waiver is the payor of last resort. However, the CONTRACTOR is not responsible for providing non-emergency medical transportation (NEMT) to any service that is being provided to the member through the HCBS MR waiver.
- 2.9.13.3 The CONTRACTOR shall coordinate the provision of covered services with services provided by ICF/MR and HCBS MR waiver providers to minimize disruption and duplication of services.

2.9.14 Enrollees with Special Health Care Needs

- 2.9.14.1 The CONTRACTOR shall implement mechanisms to assess each TennCare enrollee identified by the State as having special health care needs in order to identify any ongoing special conditions of the enrollee that require a course of treatment or regular care monitoring. The assessment mechanisms must use appropriate health care professionals. Enrollees who are dually eligible for TennCare and Medicare are exempt from this requirement. For purposes of Section 2.9.13, enrollees with special health care needs shall refer to enrollees in the custody of the Department of Children’s Services (DCS), as described in Section 1 of this Agreement.
- 2.9.14.2 The CONTRACTOR shall implement procedures to share, with other MCOs, DBMs and PBMs (as necessary) serving the enrollee, the results of its identification and assessment of any enrollee with special health care needs so that those activities need not be duplicated.

2.9.15 Inter-Agency Coordination

The CONTRACTOR shall coordinate with other state and local departments and agencies to ensure that coordinated care is provided to members. This includes, but is not limited to, coordination with:

- 2.9.15.1 Tennessee Department of Mental Health and Developmental Disabilities (TDMHDD) for the purpose of interfacing with and assuring continuity of care and for coordination of specialized services in accordance with federal PASRR requirements;
- 2.9.15.2 Tennessee Department of Children's Services (DCS) for the purpose of interfacing with, assuring continuity of care, and assuring the provision of covered services to children in or transitioning out of State custody;
- 2.9.15.3 Tennessee Department of Health (DOH), for the purposes of establishing and maintaining relationships with member groups and health service providers;
- 2.9.15.4 Tennessee Department of Human Services (DHS) and DCS Protective Services Section, for the purposes of reporting and cooperating in the investigation of abuse and neglect;
- 2.9.15.5 The Division of Intellectual Disabilities Services (DIDS), for the purposes of interfacing with and assuring continuity of care and for coordination of specialized services in accordance with federal PASRR requirements;
- 2.9.15.6 Area Agencies on Aging and Disability (AAADs) regarding intake of members new to both TennCare and CHOICES, assisting members in CHOICES Groups 2 and 3 with the TennCare eligibility redetermination process, and facilitating the transition of members in CHOICES Group 2 during CHOICES implementation and when members in CHOICES Group 2 are moving to a Grand Region where CHOICES has not yet been implemented;
- 2.9.15.7 Tennessee Commission on Aging and Disability (TCAD) regarding TCAD's role in monitoring the performance of the AAADs in conducting SPOE functions;
- 2.9.15.8 Tennessee Department of Education (DOE) and local education agencies for the purposes of coordinating educational services in compliance with the requirements of Individuals with Disabilities Education Act (IDEA) and to ensure school-based services for students with special needs are provided;
- 2.9.15.8.1 The CONTRACTOR is responsible for the delivery of medically necessary covered services to school-aged children. MCOs are encouraged to work with school-based providers to manage the care of students with special needs. The State has implemented a process, referred to as TENNderCARE Connection, to facilitate notification of MCOs when a school-aged child enrolled in TennCare has an Individualized Education Plan (IEP) that identifies a need for medical services. In such cases, the school is responsible for obtaining parental consent to share the IEP with the MCO and for subsequently sending a copy of the parental consent and IEP to the MCO. The school is also responsible for clearly delineating the services on the IEP that the MCOs are to consider for payment. If a school-aged member, needing

medical services, is identified by the CONTRACTOR by another means, the CONTRACTOR shall request the IEP from the appropriate school system.

2.9.15.8.2 The CONTRACTOR shall designate a contact person to whom correspondence concerning children with medical services included in their IEPs will be directed. After receipt of an IEP, the CONTRACTOR shall:

2.9.15.8.2.1 Either accept the IEP as indication of a medical problem and treat the IEP as a request for service or assist in making an appointment to have the child evaluated by the child's PCP or another contract provider. If the CONTRACTOR does not accept the documentation provided with the IEP as indication of a medical problem, the CONTRACTOR shall have the child re-evaluated in order to make a decision about the appropriateness of the requested service.

2.9.15.8.2.2 Send a copy of the IEP and any related information (e.g. action taken by the MCO in response to receipt of the IEP, action the MCO expects the PCP to take) to the PCP.

2.9.15.8.2.3 Notify the designated school contact of the ultimate disposition of the request (e.g. what services have been approved for the child, what arrangements have been made for service delivery) within 14 days of the CONTRACTOR's receipt of the IEP.

2.9.15.9 Local law enforcement agencies and hospital emergency rooms for the purposes of crisis service provider relationships, and the transportation of individuals certified for further assessment for emergency psychiatric hospitalization.

13. Section 2.11 shall be amended by deleting Section 2.11 in its entirety and replacing it with the following and renumbering all references thereto:

2.11 PROVIDER NETWORK

2.11.1 General Provisions

2.11.1.1 The CONTRACTOR shall provide or ensure the provision of all covered services specified in Section 2.6.1 of this Agreement. Accessibility of covered services, including geographic access and appointments and wait times shall be in accordance with the access standards in Attachment III, the Specialty Network Standards in Attachment IV, the Access and Availability for Behavioral Health Services in Attachment V and the requirements herein. These minimum requirements shall not release the CONTRACTOR from the requirement to provide or arrange for the provision of any medically necessary covered service required by its members, whether specified above or not.

2.11.1.2 The CONTRACTOR may provide covered physical health and behavioral health services directly or may enter into written agreements with providers and provider subcontracting entities or organizations that will provide covered physical health and behavioral health services to the members in exchange for payment by the CONTRACTOR for services rendered. The CONTRACTOR shall enter into written

agreements with providers to provide covered long-term care services. The CONTRACTOR shall not directly provide long-term care services.

- 2.11.1.3 When the CONTRACTOR contracts with providers, the CONTRACTOR shall:
 - 2.11.1.3.1 Not execute provider agreements with providers who have been excluded from participation in the Medicare, Medicaid, and/or SCHIP programs pursuant to Sections 1128 or 1156 of the Social Security Act or who are otherwise not in good standing with the TennCare program;
 - 2.11.1.3.2 Consider: the anticipated TennCare enrollment; the expected utilization of services, taking into consideration the characteristics of specific TennCare populations included in this Agreement; the number and types of providers required to furnish TennCare services; the number of contract providers who are not accepting new members; and the geographic location of providers and TennCare members, considering distance, travel time, the means of transportation ordinarily used by TennCare members, and whether the location provides physical access for members with disabilities;
 - 2.11.1.3.3 Have in place, written policies and procedures for the selection and retention of providers. These policies and procedures shall not discriminate against particular providers that service high risk populations or specialize in conditions that require costly treatment;
 - 2.11.1.3.4 Not discriminate for the participation, reimbursement, or indemnification of any provider who is acting within the scope of his or her license or certification under applicable state law, solely on the basis of that license or certification. The CONTRACTOR's ability to credential providers as well as maintain a separate network and not include any willing provider is not considered discrimination;
 - 2.11.1.3.5 Give affected providers written notice if it declines to include individual or groups of providers in its network; and
 - 2.11.1.3.6 Maintain all provider agreements in accordance with the provisions specified in 42 CFR 438.12, 438.214 and Section 2.12 of this Agreement.
- 2.11.1.4 Section 2.11.1.3 shall not be construed to:
 - 2.11.1.4.1 Require the CONTRACTOR to contract with providers beyond the number necessary to meet the needs of its members and the access standards of this Agreement; however, the CONTRACTOR shall contract with nursing facilities pursuant to the requirements of Section 2.11.6 of this Agreement and, when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall contract with at least two (2) providers for each HCBS to cover each county in each Grand Region, as specified in Section 2.11.6.3;
 - 2.11.1.4.2 Preclude the CONTRACTOR from using different reimbursement amounts for different specialties or for different providers in the same specialty; however, the CONTRACTOR shall reimburse long-term care services in accordance with Sections 2.13.4 and 2.13.5; or

- 2.11.1.4.3 Preclude the CONTRACTOR from establishing measures that are designed to maintain quality of services and control costs and are consistent with its responsibilities to members.
- 2.11.1.5 The CONTRACTOR may not prohibit, or otherwise restrict, a health care professional acting within the lawful scope of practice, from advising or advocating on behalf of a member who is his or her patient for the following:
 - 2.11.1.5.1 The member's health status, medical, behavioral health, or long-term care, or treatment options, including any alternative treatment that may be self administered;
 - 2.11.1.5.2 Any information the member needs in order to decide among all relevant treatment options;
 - 2.11.1.5.3 The risks, benefits, and consequences of treatment or non-treatment; or
 - 2.11.1.5.4 The member's right to participate in decisions regarding his or her health care, including the right to refuse treatment, and to express preferences about future treatment decisions.
- 2.11.1.6 Prior to including a provider on the *Provider Enrollment File* (see Section 2.30.7.1) and/or paying a provider's claim, the CONTRACTOR shall ensure that the provider has a National Provider Identifier (NPI) Number, where applicable, and has obtained a Medicaid provider number from TENNCARE.
- 2.11.1.7 If a member requests a provider located outside the access standards, and the CONTRACTOR has an appropriate provider within the access requirements who accepts new members, it shall not be considered a violation of the access requirements for the CONTRACTOR to grant the member's request. However, in such cases the CONTRACTOR shall not be responsible for providing transportation for the member to access care from this selected provider, and the CONTRACTOR shall notify the member in writing as to whether or not the CONTRACTOR will provide transportation for the member to seek care from the requested provider.
- 2.11.1.8 If the CONTRACTOR is unable to meet the access standard for a covered service for which the CONTRACTOR is responsible for providing non-emergency transportation to a member, the CONTRACTOR shall provide transportation regardless of whether the member has access to transportation.
 - 2.11.1.8.1 In the event the CONTRACTOR is unable to meet the access standard for adult day care (see Attachment III) for members in CHOICES Group 2 or 3, the CONTRACTOR shall provide and pay for the cost of transportation for the member to the adult day care facility until such time the CONTRACTOR has sufficient provider capacity.
 - 2.11.1.8.2 The CONTRACTOR is not required to provide non-emergency transportation for HCBS, including services provided through a 1915(c) waiver program for persons with intellectual disabilities (i.e., mental retardation) and HCBS provided through the CHOICES program, except as provided in Section 2.11.1.8.1 above.

- 2.11.1.9 If the CONTRACTOR is unable to provide medically necessary covered services to a particular member using contract providers, the CONTRACTOR shall adequately and timely cover these services for that member using non-contract providers, for as long as the CONTRACTOR's provider network is unable to provide them. At such time that the required services become available within the CONTRACTOR's network and the member can be safely transferred, the CONTRACTOR may transfer the member to an appropriate contract provider as specified in Section 2.9.4.
- 2.11.1.10 The CONTRACTOR shall monitor provider compliance with access requirements specified in Attachment III, including but not limited to appointment and wait times and take corrective action for failure to comply. The CONTRACTOR shall conduct surveys and office visits to monitor compliance with appointment waiting time standards and shall report findings and corrective actions to TENNCARE in accordance with Section 2.30.7.2.
- 2.11.1.11 The CONTRACTOR shall use its best efforts to contract with providers to whom the CONTRACTOR routinely refers members.
- 2.11.1.12 TENNCARE reserves the right to direct the CONTRACTOR to terminate or modify any provider agreement when TENNCARE determines it to be in the best interest of the State.
- 2.11.1.13 To demonstrate sufficient accessibility and availability of covered services, the CONTRACTOR shall comply with all reporting requirements specified in Section 2.30.7.

2.11.2 Primary Care Providers (PCPs)

- 2.11.2.1 With the exception of members dually eligible for Medicare and TennCare, the CONTRACTOR shall ensure that each member has an assigned PCP, as defined in Section 1, who is responsible for coordinating the covered services provided to the member. For CHOICES members, the CONTRACTOR shall develop and implement protocols that address, at a minimum, the roles and responsibilities of the PCP and care coordinator and collaboration between a member's PCP and care coordinator.
- 2.11.2.2 The CONTRACTOR shall ensure that there are PCPs willing and able to provide the level of care and range of services necessary to meet the medical and behavioral health needs of its members, including those with chronic conditions. There shall be a sufficient number of PCPs who accept new TennCare members within the CONTRACTOR's service area so that the CONTRACTOR meets the access standards provided in Attachment III.
- 2.11.2.3 To the extent feasible and appropriate, the CONTRACTOR shall offer each member (other than members who are dually eligible for Medicare and TennCare) the opportunity to select a PCP.
- 2.11.2.4 The CONTRACTOR may, at its discretion, allow vulnerable populations (for example, persons with multiple disabilities, acute, or chronic conditions, as determined by the CONTRACTOR) to select their attending specialists as their PCP so long as the specialist is willing to perform all responsibilities of a PCP as defined in Section 1.

- 2.11.2.5 Children in State custody shall be assigned to a Best Practice Network Primary Care Provider as specified in Section 3 of this Agreement.
- 2.11.2.6 If a member who is not dually eligible for Medicare and TennCare fails or refuses to select a PCP from those offered within thirty (30) calendar days of enrollment, the CONTRACTOR shall assign a PCP. The CONTRACTOR may assign a PCP in less than thirty (30) calendar days if the CONTRACTOR provides the enrollee an opportunity to change PCPs upon receipt of notice of PCP assignment.
- 2.11.2.7 The CONTRACTOR shall establish policies and procedures to enable members reasonable opportunities to change PCPs. Such policies and procedures may not specify a length of time greater than twelve (12) months between PCP changes under normal circumstances. If the ability to change PCPs is limited, the CONTRACTOR shall include provisions for more frequent PCP changes with good cause. The policies and procedures shall include a definition of good cause as well as the procedures to request a change.
- 2.11.2.8 If a member requests assignment to a PCP located outside the distance/time requirements in Attachment III and the CONTRACTOR has PCPs available within the distance/time requirements who accept new members, it shall not be considered a violation of the access requirements for the CONTRACTOR to grant the member's request. However, in such cases the CONTRACTOR shall have no responsibility for providing transportation for the member to access care from this selected provider, and the CONTRACTOR shall notify the member in writing as to whether or not the CONTRACTOR will provide transportation for the member to seek care from the requested provider. In these cases, the CONTRACTOR shall allow the member to change assignment to a PCP within the distance/time requirements at any time if the member requests such a change.

2.11.3 Specialty Service Providers

2.11.3.1 Essential Hospital Services and Centers of Excellence

- 2.11.3.1.1 The CONTRACTOR shall demonstrate sufficient access to essential hospital services which means that, at a minimum, in each Grand Region served by the CONTRACTOR, the CONTRACTOR shall demonstrate a contractual arrangement with at least one (1) tertiary care center for each of the following:
 - 2.11.3.1.1.1 Neonatal services;
 - 2.11.3.1.1.2 Perinatal services;
 - 2.11.3.1.1.3 Pediatric services;
 - 2.11.3.1.1.4 Trauma services; and
 - 2.11.3.1.1.5 Burn services.
- 2.11.3.1.2 The CONTRACTOR shall demonstrate sufficient access to comprehensive care for people with HIV/AIDS which means that, at a minimum, in each Grand Region in

which the CONTRACTOR operates, the CONTRACTOR shall demonstrate a contractual arrangement with at least two (2) HIV/AIDS Centers of Excellence located within the CONTRACTOR's approved Grand Region(s). HIV/AIDS centers of Excellence are designated by the DOH.

2.11.3.1.3 The CONTRACTOR shall demonstrate a contractual arrangement with all Centers of Excellence for Behavioral Health located within the Grand Region(s) served by the CONTRACTOR.

2.11.3.1.4 The CONTRACTOR shall demonstrate a contractual arrangement with all Centers of Excellence for children in, or at risk of State custody, as identified by TennCare.

2.11.3.2 Physician Specialists

2.11.3.2.1 The CONTRACTOR shall establish and maintain a network of physician specialists that is adequate and reasonable in number, in specialty type, and in geographic distribution to meet the medical and behavioral health needs of its members (adults and children) without excessive travel requirements. This means that, at a minimum:

2.11.3.2.1.1 The CONTRACTOR has signed provider agreements with providers of the specialty types listed in Attachment IV who accept new TennCare enrollees and are available on at least a referral basis; and

2.11.3.2.1.2 The CONTRACTOR is in compliance with the access and availability requirements in Attachments III, IV, and V.

2.11.3.3 TENNCARE Monitoring

2.11.3.3.1 TENNCARE will monitor CONTRACTOR compliance with specialty network standards on an ongoing basis. TENNCARE will use data from the monthly *Provider Enrollment File* required in Section 2.30.7.1, to verify compliance with the specialty network requirements. TENNCARE will use these files to confirm the CONTRACTOR has a sufficient number and distribution of physician specialists and in conjunction with MCO enrollment data to calculate member to provider ratios. TENNCARE will also periodically phone providers listed on these reports to confirm that the provider is a contract provider as reported by the CONTRACTOR. TENNCARE shall also monitor appeals data for indications that problems exist with access to specialty providers.

2.11.3.3.2 TENNCARE will require a corrective action plan from the CONTRACTOR when:

2.11.3.3.2.1 Twenty-five percent (25%) or more of non-dual members do not have access to one or more of the physician specialties listed in Attachment IV within sixty (60) miles;

2.11.3.3.2.2 Any non-dual member does not have access to one or more of the physician specialties listed in Attachment IV within ninety (90) miles; or

2.11.3.3.2.3 The member to provider ratio exceeds that listed in Attachment IV.

- 2.11.3.3.3 TENNCARE will review all corrective action plans and determine, based on the actions proposed by the CONTRACTOR, appeals data, and the supply of specialty providers available to non-TennCare members, whether the corrective action plan will be accepted. Corrective action plans shall include, at a minimum, the following:
 - 2.11.3.3.3.1 The addition of contract providers to the provider network as documented on the provider enrollment file that resolves the specialty network deficiency;
 - 2.11.3.3.3.2 A list of providers with name, location, and expected date of provider agreement execution with whom the CONTRACTOR is currently negotiating a provider agreement and, if the provider becomes a contract provider would resolve the specialty network deficiency;
 - 2.11.3.3.3.3 For those deficiencies that are not resolved, a detailed account of attempts to secure an agreement with each provider that would resolve the deficiency. This shall include the provider name(s), address(es), date(s) contacted, and a detailed explanation as to why the CONTRACTOR is unable to secure an agreement, e.g., lack of provider willingness to participate in the TennCare program, provider prefers to limit access to practice, or rate requests are inconsistent with TennCare actuarial assumptions;
 - 2.11.3.3.3.4 A listing of non-contract providers, including name and location, who are being used to provide the deficient specialty provider services and the rates the CONTRACTOR is currently paying these non-contract providers;
 - 2.11.3.3.3.5 Affirmation that transportation will be provided for members to obtain services from providers who are willing to provide services to members but do not meet the specialty network standards;
 - 2.11.3.3.3.6 Documentation of how these arrangements are communicated to the member; and
 - 2.11.3.3.3.7 Documentation of how these arrangements are communicated to the PCPs.

2.11.4 **Special Conditions for Prenatal Care Providers**

- 2.11.4.1 The CONTRACTOR shall have a sufficient number of contract providers who accept members in accordance with TennCare access standards in Attachment III so that prenatal or other medically necessary covered services are not delayed or denied to pregnant women at any time, including during their presumptive eligibility period. Additionally, the CONTRACTOR shall make services available from non-contract providers, if necessary, to provide medically necessary covered services to a woman enrolled in the CONTRACTOR's MCO.
- 2.11.4.2 Regardless of whether prenatal care is provided by a PCP, physician extender or an obstetrician who is not the member's PCP, the access standards for PCP services shall apply when determining access to prenatal care except for cases of a first prenatal care appointment for women who are past their first trimester of pregnancy on the day they are determined to be eligible for TennCare. For women who are past their first trimester of pregnancy on the day they are determined to be eligible, a first prenatal care appointment shall occur within fifteen (15) calendar days of the day

they are determined to be eligible. Failure to do so shall be considered a material breach of the provider's provider agreement with the CONTRACTOR (see Sections 2.7.5.2 and 2.11.4).

2.11.5 Special Conditions for Behavioral Health Services

- 2.11.5.1 At the direction of the State, the CONTRACTOR shall divert new admissions to other inpatient facilities to ensure that the Regional Mental Health Institutes do not operate above their licensed capacity.
- 2.11.5.2 The CONTRACTOR shall identify, develop or enhance existing mental health and/or substance abuse inpatient and residential treatment capacity for adults and adolescents with a co-occurring mental health and substance abuse disorder.
- 2.11.5.3 The CONTRACTOR shall contract with specified crisis service teams for both adults and children as directed by TENNCARE unless the State approves the use of other crisis service providers.

2.11.6 Special Conditions for Long-Term Care Providers

In addition to the requirements in Section 2.11.1 of this Agreement and the access standards specified in Attachment III of this Agreement, the CONTRACTOR shall meet the following requirements for long-term care providers. Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the requirements in this Section 2.11.6 applicable only to HCBS providers will not apply. If and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall, as directed by TENNCARE, implement all of the requirements in this Section 2.11.6.

- 2.11.6.1 The CONTRACTOR shall contract with all current nursing facilities (as defined in TCA 71-5-1412(b)) that meet all CMS certification requirements, for a minimum of three (3) years following the effective date of CHOICES implementation. Thereafter, the CONTRACTOR shall contract with a sufficient number of nursing facilities in order to have adequate capacity to meet the needs of CHOICES members for nursing facility services.
- 2.11.6.2 For community-based residential alternatives (covered for members in CHOICES Group 2), the CONTRACTOR shall demonstrate good faith efforts to develop the capacity to have a travel distance of no more than sixty (60) miles between a member's community-based residential alternative placement and the member's residence before entering the facility.
- 2.11.6.3 At a minimum, the CONTRACTOR shall contract with at least two (2) providers for each HCBS, other than community-based residential alternatives, to cover each county in each Grand Region covered under this Agreement. For HCBS provided in a member's place of residence, the provider does not need to be located in the county of the member's residence but must be willing and able to serve residents of that county. For adult day care, the provider does not have to be located in the county of the member's residence but must meet the access standards for adult day care specified in Attachment III.

- 2.11.6.4 The CONTRACTOR shall have adequate HCBS provider capacity to meet the needs of each and every member in CHOICES Group 2 and 3 and to provide authorized HCBS within the timeframe prescribed in Sections 2.9.2, 2.9.3, and 2.9.6 of this Agreement. This includes initiating HCBS in the member's plan of care within the timeframes specified in this Agreement and continuing services in accordance with the member's plan of care, including the amount, frequency, duration and scope of each service in accordance with the member's service schedule.
- 2.11.6.5 Following the first quarter of CHOICES implementation or as otherwise specified by TENNCARE, TENNCARE will review all relevant reports submitted by the CONTRACTOR, including but not limited to reports that address provider network, service initiation, missed visits, and service utilization. TENNCARE will use the data provided in these reports to establish long-term care provider capacity requirements and develop performance standards, benchmarks and associated liquidated damages for failure to meet the specified performance standards and benchmarks. TENNCARE will notify the CONTRACTOR of the performance standards, benchmarks, and liquidated damages including the timeframe for imposing liquidated damages.
- 2.11.6.6 The CONTRACTOR shall develop and maintain a network development plan to ensure the adequacy and sufficiency of its provider network. The network development plan shall be submitted to TENNCARE annually, monitored by TENNCARE per the requirements in Section 2.25 of the Agreement, and include the following minimum elements:
 - 2.11.6.6.1 Summary of nursing facility provider network, by county.
 - 2.11.6.6.2 Summary of HCBS provider network, including community-based residential alternatives, by service and county.
 - 2.11.6.6.3 Demonstration of and monitoring activities to ensure that access standards for long-term care services are met, including requirements in Attachment III and in this Section 2.11.6.
 - 2.11.6.6.4 Demonstration of the CONTRACTOR's ongoing activities to track and trend every time a member does not receive initial or ongoing long-term care services in accordance with the requirements of this Agreement due to inadequate provider capacity, identify systemic issues, and implement remediation and quality improvement (QI) activities. This shall include a summary of provider network capacity issues by service and county, the CONTRACTOR's remediation and QI activities and the targeted and actual completion dates for those activities.
 - 2.11.6.6.5 HCBS network deficiencies (in addition to those specified in Section 2.11.6.6.4 above) by service and by county and interventions to address the deficiencies.
 - 2.11.6.6.6 Demonstration of the CONTRACTOR's efforts to develop and enhance existing community-based residential alternatives (including adult care homes) capacity for elders and/or adults with physical disabilities. The CONTRACTOR shall specify related activities, including provider recruitment activities, and provide a status update on capacity building.

- 2.11.6.6.7 Where there are deficiencies or as otherwise applicable, annual target increase in HCBS providers by service and county.
- 2.11.6.6.8 Ongoing activities for HCBS provider development and expansion taking into consideration identified provider capacity, network deficiencies, and service delivery issues and future needs relating to growth in membership and long-term needs.
- 2.11.6.7 The CONTRACTOR shall assist in developing an adequate qualified workforce for covered long-term care services. The CONTRACTOR shall develop and implement strategies to increase the pool of available qualified direct care staff and to improve retention of qualified direct care staff. The strategies may include, for example, establishing partnerships with local colleges and technical training schools; establishing partnerships with professional and trade associations and pursuing untapped labor pools such as elders. The CONTRACTOR shall report annually to TENNCARE on the status of its qualified workforce development strategies (see Section 2.30.7.8). Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall assist in developing an adequate qualified workforce for nursing facility services.

2.11.7 Safety Net Providers

2.11.7.1 Federally Qualified Health Centers (FQHCs)

2.11.7.1.1 The CONTRACTOR is encouraged to contract with FQHCs and other safety net providers (e.g., rural health clinics) in the CONTRACTOR's service area to the extent possible and practical. Where FQHCs are not utilized, the CONTRACTOR shall demonstrate to DHHS, the Tennessee DHS and TENNCARE that both adequate capacity and an appropriate range of services for vulnerable populations exist to serve the expected enrollment in the CONTRACTOR's service area without contracting with FQHCs.

2.11.7.1.2 FQHC reporting information shall be submitted to TENNCARE as described in Section 2.30.7.9 of this Agreement.

2.11.7.2 Community Mental Health Agencies (CMHAs)

The CONTRACTOR is encouraged to contract with CMHAs and other behavioral health safety net providers in the CONTRACTOR's service area to the extent possible and practical. Where CMHAs are not utilized, the CONTRACTOR shall demonstrate that both adequate capacity and an appropriate range of services for all populations, but in particular SPMI/SED populations, exist to serve the expected enrollment in the CONTRACTOR's service area without contracting with CMHAs.

2.11.7.3 Local Health Departments

The CONTRACTOR shall contract with each local health department in the Grand Region(s) served by the CONTRACTOR for the provision of TENNderCare screening services until such time as the CONTRACTOR achieves an adjusted periodic screening percentage of eighty percent (80%) or greater. Payment to local health departments shall be in accordance with Section 2.13.8.

2.11.8 **Credentialing and Other Certification**

2.11.8.1 Credentialing of Contract Providers

2.11.8.1.1 Except as provided in Sections 2.11.8.3 and 2.11.8.4 below, the CONTRACTOR shall utilize the current NCQA Standards and Guidelines for the Accreditation of MCOs for the credentialing and recredentialing of licensed independent providers and provider groups with whom it contracts or employs and who fall within its scope of authority and action.

2.11.8.1.2 The CONTRACTOR shall completely process credentialing applications from all types of providers (physical health, behavioral health and long-term care providers) within thirty (30) calendar days of receipt of a completed credentialing application, including all necessary documentation and attachments, and a signed provider agreement. Completely process shall mean that the CONTRACTOR shall review, approve and load approved applicants to its provider files in its claims processing system or deny the application and assure that the provider is not used by the CONTRACTOR.

2.11.8.2 Credentialing of Non-Contract Providers

2.11.8.2.1 The CONTRACTOR shall utilize the current NCQA Standards and Guidelines for the Accreditation of MCOs for the credentialing and recredentialing of licensed independent providers with whom it does not contract but with whom it has an independent relationship. An independent relationship exists when the CONTRACTOR selects and directs its members to see a specific provider or group of providers.

2.11.8.2.2 The CONTRACTOR shall completely process credentialing applications within thirty (30) calendar days of receipt of a completed credentialing application, including all necessary documentation and attachments, and a signed contract/agreement if applicable. Completely process shall mean that the CONTRACTOR shall review, approve and load approved applicants to its provider files in its claims processing system or deny the application and assure that the provider is not used by the CONTRACTOR.

2.11.8.3 Credentialing of Behavioral Health Entities

2.11.8.3.1 The CONTRACTOR shall ensure each behavioral health provider's service delivery site meets all applicable requirements of law and has the necessary and current license/certification/accreditation/designation approval per state requirements.

2.11.8.3.2 When individuals providing behavioral health treatment services are not required to be licensed or certified, it is the responsibility of the CONTRACTOR to ensure, based on applicable state licensure rules and/or programs standards, that they are appropriately educated, trained, qualified, and competent to perform their job responsibilities.

2.11.8.4 Credentialing of Long-Term Care Providers

2.11.8.4.1 The CONTRACTOR shall develop and implement a process for credentialing and recredentialing long-term care providers. The CONTRACTOR's process shall, as applicable, meet the minimum NCQA requirements as specified in the NCQA Standards and Guidelines for the Accreditation of MCOs. In addition, the CONTRACTOR shall ensure that all long-term care providers, including those credentialed/recruited in accordance with NCQA Standards and Guidelines for the Accreditation of MCOs, meet applicable State requirements, as specified by TENNCARE.

2.11.8.4.2 To the extent possible the CONTRACTOR shall develop a streamlined credentialing process for nursing facility and HCBS providers enrolled in TennCare prior to the effective date of CHOICES implementation in each Grand Region, and, to the extent permitted under NCQA Standards and Guidelines for the Accreditation of MCOs, the CONTRACTOR shall use credentialing requirements that are consistent with the State provider qualifications in place for long-term care providers at CHOICES implementation.

2.11.8.4.3 Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the requirements in Section 2.11.8.4 will apply only to nursing facility providers. If and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall, as directed by TENNCARE, implement all of the requirements in Section 2.11.8.4.

2.11.8.5 Compliance with the Clinical Laboratory Improvement Amendments (CLIA) of 1988

The CONTRACTOR shall require that all laboratory testing sites providing services under this Agreement have either a current CLIA certificate of waiver or a certificate of registration along with a CLIA identification number. Those laboratories with certificates of waiver will provide only the types of tests permitted under the terms of their waiver. Laboratories with certificate of registration may perform a full range of laboratory tests. The CONTRACTOR shall comply with the provisions of CLIA 1988.

2.11.8.6 Weight Watchers Centers or Other Weight Management Program

The CONTRACTOR is not required to credential Weight Watchers centers(s) or another weight management program used as a cost effective alternative service pursuant to Section 2.8.8 of this Agreement.

2.11.9 Network Notice Requirements

2.11.9.1 Member Notification

All member notices required shall be written using the appropriate notice template provided by TENNCARE and shall include all notice content requirements specified in applicable state and federal law, TennCare rules and regulations, and all court orders and consent decrees governing notice and appeal procedures, as they become effective.

2.11.9.1.1 *Change in PCP*

The CONTRACTOR shall immediately provide written notice to a member when the CONTRACTOR changes the member's PCP. The notice shall be issued in advance of the PCP change when possible or as soon as the CONTRACTOR becomes aware of the circumstances necessitating a PCP change.

2.11.9.1.2 *PCP Termination*

If a PCP ceases participation in the CONTRACTOR's MCO, the CONTRACTOR shall provide written notice as soon as possible, but no less than thirty (30) calendar days prior to the effective date of the termination and no more than fifteen (15) calendar days after receipt or issuance of the termination notice, to each member who has chosen or been assigned to that provider as their PCP. The requirement to provide notice thirty (30) calendar days prior to the effective date of termination shall be waived in instances where a provider becomes physically unable to care for members due to illness, a provider dies, the provider fails to provide thirty (30) calendar days advance notice to the CONTRACTOR, the provider moves from the service area and fails to notify the CONTRACTOR or a provider fails credentialing, and instead shall be made immediately upon the CONTRACTOR becoming aware of the circumstances.

2.11.9.1.3 *Physical Health or Behavioral Health Providers Providing Ongoing Treatment Termination*

If a member is in a prior authorized ongoing course of treatment with any other contract provider who becomes unavailable to continue to provide services to such member and the CONTRACTOR is aware of such ongoing course of treatment, the CONTRACTOR shall provide written notice to each member as soon as possible but no less than thirty (30) calendar days prior to the effective date of the termination and no more than fifteen (15) calendar days after receipt or issuance of the termination notice. The requirement to provide notice thirty (30) calendar days prior to the effective date of termination shall be waived in instances where a provider becomes physically unable to care for members due to illness, a provider dies, the provider fails to provide thirty (30) calendar days advance notice to the CONTRACTOR, the provider moves from the service area and fails to notify the CONTRACTOR or a provider fails credentialing, and instead shall be made immediately upon the CONTRACTOR becoming aware of the circumstances.

2.11.9.1.4 *Non-PCP Provider Termination*

If a non-PCP provider, including but not limited to a specialist or hospital, ceases participation in the CONTRACTOR's MCO, the CONTRACTOR shall provide written notice to members who have been seen and/or treated by the non-PCP provider within the last six (6) months. Notice shall be issued no less than thirty (30) days prior to the effective date of the termination of the non-PCP provider when possible or immediately upon the CONTRACTOR becoming aware of the termination.

2.11.9.1.5 *Long-Term Care Provider Termination*

If a long-term care provider ceases participation in the CONTRACTOR's MCO the CONTRACTOR shall provide written notice as soon as possible, but no less than thirty (30) calendar days prior to the effective date of the termination and no more than fifteen (15) calendar days after receipt or issuance of the termination notice, to each member who has chosen or is authorized to receive long-term care services from that provider. Notices regarding termination by a nursing facility shall comply with state and federal requirements. The requirement in this Section 2.11.9.1.5 to provide notice thirty (30) calendar days prior to the effective date of termination shall be waived in instances where a provider becomes physically unable to care for members due to illness, a provider dies, the provider fails to provide thirty (30) calendar days advance notice to the CONTRACTOR, the provider moves from the service area and fails to notify the CONTRACTOR or a provider fails credentialing, and instead shall be made immediately upon the CONTRACTOR becoming aware of the circumstances. See Section 2.9.4 of this Agreement regarding requirements for transitioning from a terminating provider to a new provider.

2.11.9.1.6 *Network Deficiency*

Upon notification from TENNCARE that a corrective action plan designed to remedy a network deficiency has not been accepted, the CONTRACTOR shall immediately provide written notice to members living in the affected area of a provider shortage in the CONTRACTOR's network.

2.11.9.2 TENNCARE Notification

2.11.9.2.1 *Subcontractor Termination*

When a subcontract that relates to the provision of services to members or claims processing is being terminated between the CONTRACTOR and a subcontractor, the CONTRACTOR shall give at least thirty (30) calendar days prior written notice of the termination to TENNCARE and TDCI. Said notices shall include, at a minimum: a CONTRACTOR's intent to change to a new subcontractor for the provision of said services; an effective date for termination and/or change; and any other pertinent information that may be needed to access services. In addition to prior written notice, the CONTRACTOR shall also provide a transition plan to TENNCARE within fifteen (15) calendar days, which shall include, at a minimum, information regarding how prior authorization requests will be handled during and after the transition and how continuity of care will be maintained for the members.

2.11.9.2.2 *Hospital Termination*

Termination of the CONTRACTOR's provider agreement with any hospital, whether or not the termination is initiated by the hospital or by the CONTRACTOR, shall be reported by the CONTRACTOR in writing to the TENNCARE no less than thirty (30) calendar days prior to the effective date of the termination.

2.11.9.2.3 *Other Provider Terminations*

2.11.9.2.3.1 The CONTRACTOR shall notify TENNCARE of any provider termination and shall submit an Excel spreadsheet that includes the provider's name, TennCare provider identification number, NPI number, and the number of members affected within five (5) business days of the provider's termination. If the termination was initiated by the provider, the notice to TENNCARE shall include a copy of the provider's notification to the CONTRACTOR. The CONTRACTOR shall maintain documentation of all information, including a copy of the actual member notice(s), on-site. Upon request, the CONTRACTOR shall provide TENNCARE a copy of the following: one or more of the actual member notices mailed, an electronic listing in Excel identifying each member to whom a notice was sent, a transition plan for the members affected, and documentation from the CONTRACTOR's mail room or outside vendor indicating the quantity and date member notices were mailed as proof of compliance with the member notification requirements.

2.11.9.2.3.2 If termination of the CONTRACTOR's provider agreement with any PCP or physician group or clinic or long-term care provider, whether or not the termination is initiated by the provider or by the CONTRACTOR, places the CONTRACTOR out of compliance with Section 2.11 and/or Attachments III, IV and V, such termination shall be reported by the CONTRACTOR in writing to TENNCARE, in the standard format provided by TENNCARE to demonstrate compliance with provider network and access requirements, within five (5) business days of the date that the agreement has been terminated.

14. Section 2.12 shall be amended by deleting Section 2.12 in its entirety and replacing it with the following and renumbering all references thereto:

2.12 PROVIDER AGREEMENTS

2.12.1 Provider agreements, as defined in Section 1 of this Agreement, shall be administered in accordance with this Agreement and shall contain or incorporate by reference to the provider handbook all of the items listed in this Section 2.12. Any requirements revised or added to Section 2.12 as part of amendment #22 may, for non-long-term care providers, be incorporated by reference to the provider handbook and included, as appropriate, in the next amendment to provider agreements.

2.12.2 All template provider agreements and revisions thereto must be approved in writing in advance by TDCI in accordance with statutes regarding the approval of a certificate of authority (COA) and any material modifications thereof.

2.12.3 The CONTRACTOR shall revise provider agreements as directed by TENNCARE.

2.12.4 All single case agreements shall be reported to TENNCARE in accordance with Section 2.30.8; however, prior approval will not be required unless TENNCARE determines, upon review of said reports, that it appears single case agreements are being used to circumvent the provider agreement review and approval process.

2.12.5 No provider agreement terminates or reduces the legal responsibility of the CONTRACTOR to TENNCARE to ensure that all activities under this Agreement

are carried out. It shall be the responsibility of the CONTRACTOR to provide all necessary training and information to providers to ensure satisfaction of all CONTRACTOR responsibilities as specified in this Agreement.

- 2.12.6 The CONTRACTOR shall not execute provider agreements with providers who have been excluded from participation in the Medicare, Medicaid, and/or SCHIP programs pursuant to Sections 1128 or 1156 of the Social Security Act or who are otherwise not in good standing with the TennCare program.
- 2.12.7 The CONTRACTOR shall not include covenant-not-to-compete requirements in its provider agreements. The CONTRACTOR shall not execute provider agreements that require that a provider not provide services for any other TennCare MCO.
- 2.12.8 The CONTRACTOR shall not execute provider agreements that contain compensation terms that discourage providers from serving any specific eligibility category or population covered by this Agreement.
- 2.12.9 All provider agreements executed by the CONTRACTOR, and all provider agreements executed by subcontracting entities or organizations, shall, except as otherwise provided in Section 2.12.13, at a minimum, meet the following requirements:
 - 2.12.9.1 Be in writing. All new provider agreements and existing provider agreements as they are renewed, shall include a signature page which contains CONTRACTOR and provider names which are typed or legibly written, provider company with titles, and dated signatures of all appropriate parties;
 - 2.12.9.2 Specify the effective dates of the provider agreement;
 - 2.12.9.3 Specify that the provider agreement and its attachments contain all the terms and conditions agreed upon by the parties;
 - 2.12.9.4 Assure that the provider shall not enter into any subsequent agreements or subcontracts for any of the work contemplated under the provider agreement without the prior written approval of the CONTRACTOR;
 - 2.12.9.5 Identify the population covered by the provider agreement;
 - 2.12.9.6 Specify that the provider may not refuse to provide covered medically necessary or covered preventive services to a child under the age of twenty-one (21) or a TennCare Medicaid patient under this Agreement for non-medical reasons. However, the provider shall not be required to accept or continue treatment of a patient with whom the provider feels he/she cannot establish and/or maintain a professional relationship;
 - 2.12.9.7 Specify the functions and/or services to be provided by the provider and assure that the functions and/or services to be provided are within the scope of his/her professional/technical practice;

- 2.12.9.8 Specify the amount, duration and scope of services to be provided by the provider and inform the provider of TennCare non-covered services as described in Section 2.10 of this Agreement and the TennCare rules and regulations;
- 2.12.9.9 Provide that emergency services be rendered without the requirement of prior authorization of any kind;
- 2.12.9.10 Require compliance with applicable access requirements, including but not limited to appointment and wait times as referenced in Section 2.11 of the CONTRACTOR's Agreement with TENNCARE;
- 2.12.9.11 Specify that unreasonable delay in providing care to a pregnant member seeking prenatal care shall be considered a material breach of the provider's agreement with the CONTRACTOR and include the definition of unreasonable delay as described in Section 2.7.5.2.3 of this Agreement;
- 2.12.9.12 If the provider performs laboratory services, require the provider to meet all applicable requirements of the Clinical Laboratory Improvement Amendments (CLIA) of 1988;
- 2.12.9.13 Require the provider to have and maintain documentation necessary to demonstrate that covered services were provided in compliance with state and federal requirements;
- 2.12.9.14 Require that an adequate record system be maintained and that all records be maintained for five (5) years from the close of the provider agreement (behavioral health records shall be maintained at the provider level for ten (10) years after the termination of the provider agreement pursuant to TCA 33-3-101) or retained until all evaluations, audits, reviews or investigations or prosecutions are completed for recording enrollee services, servicing providers, charges, dates and all other commonly accepted information elements for services rendered to enrollees pursuant to the provider agreement (including but not limited to such records as are necessary for the evaluation of the quality, appropriateness, and timeliness of services performed under the provider agreement and administrative, civil or criminal investigations and prosecutions);
- 2.12.9.15 Include a statement that as a condition of participation in TennCare, enrollees shall give TENNCARE, the Office of the Comptroller of the Treasury, and any health oversight agency, such as OIG, TBI MFCU, DHHS Office of Inspector General (DHHS OIG), and DOJ, and any other authorized state or federal agency, access to their records. Said records shall be made available and furnished immediately upon request by the provider for fiscal audit, medical audit, medical review, utilization review, and other periodic monitoring as well as for administrative, civil and criminal investigations or prosecutions upon the request of an authorized representative of the CONTRACTOR, TENNCARE or authorized federal, state and Office of the Comptroller of the Treasury personnel, including, but not limited to, the OIG, the TBI MFCU, the DHHS OIG and the DOJ;
- 2.12.9.16 Include medical records requirements found in Section 2.24.6 of this Agreement;

- 2.12.9.17 Contain the language described in Section 2.25.6 of this Agreement regarding Audit Requirements and Section 2.25.5 of this Agreement regarding Availability of Records;
- 2.12.9.18 Provide that TENNCARE, DHHS OIG, Office of the Comptroller of the Treasury, OIG, TBI MFCU, and DOJ, as well as any authorized state or federal agency or entity shall have the right to evaluate through inspection, evaluation, review or request, whether announced or unannounced, or other means any records pertinent to this Agreement including, but not limited to medical records, billing records, financial records, and/or any records related to services rendered, quality, appropriateness and timeliness of services and/or any records relevant to an administrative, civil and/or criminal investigation and/or prosecution and such evaluation, inspection, review or request, and when performed or requested, shall be performed with the immediate cooperation of the provider. Upon request, the provider shall assist in such reviews including the provision of complete copies of medical records. Include a statement that HIPAA does not bar disclosure of protected health information (PHI) to health oversight agencies, including, but not limited to, OIG, TBI MFCU, DHHS OIG and DOJ. Provide that any authorized state or federal agency or entity, including, but not limited to TENNCARE, OIG, TBI MFCU, DHHS OIG, DOJ, Office of the Comptroller of the Treasury, may use these records and information for administrative, civil or criminal investigations and prosecutions;
- 2.12.9.19 Provide for monitoring, whether announced or unannounced, of services rendered to members;
- 2.12.9.20 Provide for the participation and cooperation in any internal and external QM/QI, monitoring, utilization review, peer review and/or appeal procedures established by the CONTRACTOR and/or TENNCARE;
- 2.12.9.21 Specify CONTRACTOR's responsibilities under this Agreement and its agreement with the provider, including but not limited to, provision of a copy of the member handbook and provider handbook whether via web site or otherwise and requirement that the CONTRACTOR notice a provider of denied authorizations;
- 2.12.9.22 Specify that the CONTRACTOR shall monitor the quality of services delivered under the provider agreement and initiate corrective action where necessary to improve quality of care, in accordance with that level of medical, behavioral health, or long-term care which is recognized as acceptable professional practice in the respective community in which the provider practices and/or the standards established by TENNCARE;
- 2.12.9.23 Require that the provider comply with corrective action plans initiated by the CONTRACTOR;
- 2.12.9.24 Provide for the timely submission of all reports and clinical information required by the CONTRACTOR;
- 2.12.9.25 Provide the name and address of the official payee to whom payment shall be made;

- 2.12.9.26 Make full disclosure of the method and amount of compensation or other consideration to be received from the CONTRACTOR. However, the agreement shall not include rate methodology that provides for an automatic increase in rates;
- 2.12.9.27 Specify that the CONTRACTOR shall only pay providers for services (1) provided in accordance with the requirements of this Agreement, the CONTRACTOR's policies and procedures implementing this Agreement, and state and federal law and (2) provided to TennCare enrollees who are enrolled with the CONTRACTOR; and specify that the provider is responsible for (1) ensuring that any applicable authorization requirements are met and (2) verifying that a person is eligible for TennCare on the date of service;
- 2.12.9.28 Provide for prompt submission of information needed to make payment. Specify that a provider shall have one hundred twenty (120) calendar days from the date of rendering a covered service to file a claim with the CONTRACTOR except in situations regarding coordination of benefits or subrogation in which case the provider is pursuing payment from a third party or if an enrollee is enrolled in the MCO with a retroactive eligibility date. In situations of third party benefits, the maximum time frames for filing a claim shall begin on the date that the third party documented resolution of the claim. In situations of enrollment in the CONTRACTOR's MCO with a retroactive eligibility date, the time frames for filing a claim shall begin on the date that the CONTRACTOR receives notification from TENNCARE of the enrollee's eligibility/enrollment;
- 2.12.9.29 Provide for payment to the provider upon receipt of a clean claim properly submitted by the provider within the required time frames as specified in TCA 56-32-126 and Section 2.22.4 of this Agreement;
- 2.12.9.30 Specify the provider shall accept payment or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payer) plus the amount of any applicable TennCare cost sharing responsibilities, as payment in full for covered services provided and shall not solicit or accept any surety or guarantee of payment from the enrollee in excess of the amount of applicable TennCare cost sharing responsibilities. Enrollee shall include the patient, parent(s), guardian, spouse or any other legally responsible person of the enrollee being served;
- 2.12.9.31 Specify that in the event that TENNCARE deems the CONTRACTOR unable to timely process and reimburse claims and requires the CONTRACTOR to submit provider claims for reimbursement to an alternate claims processor to ensure timely reimbursement, the provider shall agree to accept reimbursement at the CONTRACTOR's contracted reimbursement rate or the rate established by TENNCARE, whichever is greater;
- 2.12.9.32 Specify the provider's responsibilities and prohibited activities regarding cost sharing as provided in Section 2.6.7 of this Agreement;
- 2.12.9.33 Specify the provider's responsibilities regarding third party liability (TPL), including the provider's obligation to identify third party liability coverage, including Medicare and long-term care insurance as applicable, and, except as otherwise provided in the

CONTRACTOR's Agreement with TENNCARE, to seek such third party liability payment before submitting claims to the CONTRACTOR;

- 2.12.9.34 For those agreements where the provider is compensated via a capitation arrangement, language which requires:
 - 2.12.9.34.1 That if a provider becomes aware for any reason that he or she is not entitled to a capitation payment for a particular enrollee (a patient dies, for example), the provider shall immediately notify both the CONTRACTOR and TENNCARE by certified mail, return receipt requested; and
 - 2.12.9.34.2 The provider shall submit utilization or encounter data as specified by the CONTRACTOR so as to ensure the CONTRACTOR's ability to submit encounter data to TENNCARE that meets the same standards of completeness and accuracy as required for proper adjudication of fee-for-service claims;
- 2.12.9.35 Require the provider to comply with fraud and abuse requirements described in Section 2.20 of this Agreement;
- 2.12.9.36 Require the provider to report suspected abuse, neglect, and exploitation of adults in accordance with TCA 71-6-103 and to report suspected brutality, abuse, or neglect of children in accordance with TCA 37-1-403 and TCA 37-1-605;
- 2.12.9.37 Require that, for CHOICES members, the provider facilitate notification of the member's care coordinator by notifying the CONTRACTOR, in accordance with the CONTRACTOR's processes, as expeditiously as warranted by the member's circumstances, of any known significant changes in the member's condition or care, hospitalizations, or recommendations for additional services;
- 2.12.9.38 Require hospitals, including psychiatric hospitals, to cooperate with the CONTRACTOR in developing and implementing protocols as part of the CONTRACTOR's nursing facility diversion plan (see Section 2.9.6.7), which shall include, at a minimum, the hospital's obligation to promptly notify the CONTRACTOR upon admission of an eligible member regardless of payor source for the hospitalization; how the hospital will identify members who may need home health, private duty nursing, nursing facility, or HCBS upon discharge, and how the hospital will engage the CONTRACTOR in the discharge planning process to ensure that members receive the most appropriate and cost-effective medically necessary services upon discharge;
- 2.12.9.39 Require the provider to conduct background checks in accordance with state law and TennCare policy;
- 2.12.9.40 As a condition of reimbursement for global procedures codes for obstetric care, the provider shall submit utilization or encounter data as specified by the CONTRACTOR in a timely manner to support the individual services provided;
- 2.12.9.41 Except as otherwise specified in Sections 2.12.11 or 2.12.12, require the provider to secure all necessary liability and malpractice insurance coverage as is necessary to adequately protect the CONTRACTOR's members and the CONTRACTOR under the provider agreement. The provider shall maintain such insurance coverage at all

times during the provider agreement and upon execution of the provider agreement furnish the CONTRACTOR with written verification of the existence of such coverage;

- 2.12.9.42 Specify both the CONTRACTOR and the provider agree to recognize and abide by all state and federal laws, regulations and guidelines applicable to the CONTRACTOR and the provider. Provide that the agreement incorporates by reference all applicable federal law and state laws, TennCare rules and regulations, consent decrees or court orders, and revisions of such laws, regulations, consent decrees or court orders shall automatically be incorporated into the provider agreement, as they become effective;
- 2.12.9.43 Specify procedures and criteria for any alterations, variations, modifications, waivers, extension of the provider agreement termination date, or early termination of the agreement and specify the terms of such change. If provision does not require amendments be valid only when reduced to writing, duly signed and attached to the original of the provider agreement, then the terms shall include provisions allowing at least thirty (30) calendar days to give notice of rejection and requiring that receipt of notification of amendments be documented (e.g., certified mail, facsimile, hand-delivered receipt, etc);
- 2.12.9.44 Include provisions that allow the CONTRACTOR to suspend, deny, refuse to renew or terminate any provider agreement in accordance with the terms of the CONTRACTOR's Agreement with TENNCARE (see Section 5.4) and applicable law and regulation;
- 2.12.9.45 Specify that TENNCARE reserves the right to direct the CONTRACTOR to terminate or modify the provider agreement when TENNCARE determines it to be in the best interest of the State;
- 2.12.9.46 Specify that both parties recognize that in the event of termination of this Agreement between the CONTRACTOR and TENNCARE for any of the reasons described in Section 5.4 of this Agreement, the provider shall immediately make available, to TENNCARE, or its designated representative, in a usable form, any or all records, whether medical or financial, related to the provider's activities undertaken pursuant to the CONTRACTOR/provider agreement. The provision of such records shall be at no expense to TENNCARE;
- 2.12.9.47 Specify that the TennCare Provider Independent Review of Disputed Claims process shall be available to providers to resolve claims denied in whole or in part by the CONTRACTOR as provided at TCA 56-32-126(b);
- 2.12.9.48 Include a Conflict of Interest clause as stated in Section 5.19 of this Agreement, Gratuities clause as stated in Section 5.23 of this Agreement, and Lobbying clause as stated in Section 5.24 of this Agreement between the CONTRACTOR and TENNCARE;
- 2.12.9.49 Specify that at all times during the term of the agreement, the provider shall indemnify and hold TENNCARE harmless from all claims, losses, or suits relating to activities undertaken pursuant to the Agreement between TENNCARE and the CONTRACTOR. This indemnification may be accomplished by incorporating

Section 5.31 of the TENNCARE/CONTRACTOR Agreement in its entirety in the provider agreement or by use of other language developed by the CONTRACTOR and approved in writing by TENNCARE;

- 2.12.9.50 Require safeguarding of information about enrollees according to applicable state and federal laws and regulations and as described in Sections 2.27 and 5.33 of this Agreement;
- 2.12.9.51 Specify provider actions to improve patient safety and quality;
- 2.12.9.52 Provide general and targeted education to providers regarding emergency appeals, including when an emergency appeal is appropriate, and procedures for providing written certification thereof, and specify that the provider shall comply with the appeal process, including but not limited to the following:
 - 2.12.9.52.1 Assist an enrollee by providing appeal forms and contact information including the appropriate address, telephone number and/or fax number for submitting appeals for state level review; and
 - 2.12.9.52.2 Require in advance, that providers seek prior authorization, when they feel they cannot order a drug on the TennCare PDL as well as taking the initiative to seek prior authorization or change or cancel the prescription when contacted by an enrollee or pharmacy regarding denial of a pharmacy service due to system edits (e.g., therapeutic duplication, etc.).
- 2.12.9.53 Require the provider to coordinate with the TennCare PBM regarding authorization and payment for pharmacy services;
- 2.12.9.54 Specify any liquidated damages, sanctions or reductions in payment that the CONTRACTOR may assess on the provider for specific failures to comply with contractual and/or credentialing requirements. This shall include, but may not be limited to a provider's failure or refusal to respond to the CONTRACTOR's request for information, the request to provide medical records, credentialing information, etc.; at the CONTRACTOR's discretion or a directive by TENNCARE, the CONTRACTOR shall impose financial consequences against the provider as appropriate;
- 2.12.9.55 Require that the provider display notices of the enrollee's right to appeal adverse action affecting services in public areas of their facility(s) in accordance with TennCare rules and regulations, subsequent amendments, or any and all consent decrees and court orders. The CONTRACTOR shall ensure that providers have a correct and adequate supply of public notices;
- 2.12.9.56 Include language which informs providers of the package of benefits that TENNderCare offers and which requires providers to make treatment decisions based upon children's individual medical and behavioral health needs. TENNderCare requirements are contained in Section 2.7.6 of this Agreement. All provider agreements shall contain language that references the TENNderCare requirements in this Agreement between TENNCARE and the CONTRACTOR, and the provider agreement shall either physically incorporate these sections of the Agreement or

- include language to require that these sections be furnished to the provider upon request;
- 2.12.9.57 Include a provision which states that providers are not permitted to encourage or suggest, in any way, that TennCare children be placed into State custody in order to receive medical, behavioral, or long-term care services covered by TENNCARE;
 - 2.12.9.58 Require that providers offer hours of operation that are no less than the hours of operation offered to commercial enrollees;
 - 2.12.9.59 Specify that the provider have written procedures for the provision of language interpretation and translation services for any enrollee who needs such services, including but not limited to, enrollees with Limited English Proficiency;
 - 2.12.9.60 Require the provider to comply and submit to the CONTRACTOR disclosure of information in accordance with the requirements specified in 42 CFR Part 455, Subpart B;
 - 2.12.9.61 Require providers to screen their employees and contractors initially and on an ongoing monthly basis to determine whether any of them has been excluded from participation in Medicare, Medicaid, SCHIP, or any Federal health care programs (as defined in Section 1128B(f) of the Social Security Act) and not employ or contract with an individual or entity that has been excluded. The provider shall be required to immediately report to the CONTRACTOR any exclusion information discovered. The provider shall be informed that civil monetary penalties may be imposed against providers who employ or enter into contracts with excluded individuals or entities to provide items or services to TennCare members; and
 - 2.12.9.62 Require that if any requirement in the provider agreement is determined by TENNCARE to conflict with the Agreement between TENNCARE and the CONTRACTOR, such requirement shall be null and void and all other provisions shall remain in full force and effect.
 - 2.12.10 No other terms or conditions agreed to by the CONTRACTOR and the provider shall negate or supersede the requirements listed in 2.12.9 above.
 - 2.12.11 The provider agreement with a nursing facility shall meet the minimum requirements specified in Section 2.12.9 above and shall also include, at a minimum, the following requirements:
 - 2.12.11.1 Require the nursing facility provider to promptly notify the CONTRACTOR, and/or State entity as directed by TENNCARE, of a member's admission or request for admission to the nursing facility regardless of payor source for the nursing facility stay, or when there is a change in a member's known circumstances and to notify the CONTRACTOR, and/or State entity as directed by TENNCARE, prior to a member's discharge;
 - 2.12.11.2 Require the nursing facility provider to provide written notice to TENNCARE and the CONTRACTOR in accordance with state and federal requirements before voluntarily terminating the agreement and to comply with all applicable state and federal requirements regarding voluntary termination;

- 2.12.11.3 Require the nursing facility provider to notify the CONTRACTOR immediately if the nursing facility is considering discharging a member and to consult with the member's care coordinator to intervene in resolving issues if possible and, if not, to prepare and implement a discharge and/or transition plan as appropriate;
- 2.12.11.4 Require the nursing facility to notify the member and/or the member's representative (if applicable) in writing prior to discharge in accordance with state and federal requirements;
- 2.12.11.5 Specify the provider shall accept payment or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the member's third party payer) plus the amount of any applicable patient liability, as payment in full for services provided and shall not solicit or accept any surety or guarantee of payment from the member in excess of the amount of applicable patient liability responsibilities. Member shall include the patient, parent(s), guardian, spouse or any other legally responsible person of the member being served;
- 2.12.11.6 Specify the nursing facility provider's responsibilities regarding patient liability (see Sections 2.6.7 and 2.21.5 of this Agreement), which shall include but not be limited to collecting the applicable patient liability amounts from CHOICES Group 1 members, notifying the member's care coordinator if there is an issue with collecting a member's patient liability, and making good faith efforts to collect payment;
- 2.12.11.7 Specify the role of the nursing facility provider regarding timely certification and recertification (as applicable) of the member's level of care eligibility for Level I and/or Level II nursing facility care and require the nursing facility provider to cooperate fully with the CONTRACTOR in the completion and submission of the level of care assessment;
- 2.12.11.8 Require the nursing facility to notify the CONTRACTOR of any change in a member's medical or functional condition that could impact the member's level of care eligibility for the currently authorized level of nursing facility services;
- 2.12.11.9 Require the nursing facility provider to comply with state and federal laws and regulations applicable to nursing facilities as well as any applicable federal court orders, including but not limited to those that govern admission, transfer, and discharge policies;
- 2.12.11.10 Require the nursing facility to comply with federal Preadmission Screening and Resident Review (PASRR) requirements applicable to all nursing facility residents, regardless of payor source, including that a level I screening be completed prior to admission, a level II evaluation be completed prior to admission when indicated by the level I screening, and a review be completed based upon a significant physical or mental change in the resident's condition that might impact the member's need for or benefit from specialized services;
- 2.12.11.11 Require the nursing facility to cooperate with the CONTRACTOR in developing and implementing protocols as part of the CONTRACTOR's nursing facility diversion and transition plans (see Section 2.9.6.7), which shall, include, at a minimum, the

nursing facility's obligation to promptly notify the CONTRACTOR upon admission or request for admission of an eligible member regardless of payor source for the nursing facility stay; how the nursing facility will assist the CONTRACTOR in identifying residents who may want to transition from nursing facility services to home and community-based care; the nursing facility's obligation to promptly notify the CONTRACTOR regarding all such identified members; and how the nursing facility will work with the CONTRACTOR in assessing the member's transition potential and needs, and in developing and implementing a transition plan, as applicable;

- 2.12.11.12 Require the nursing facility provider to coordinate with the CONTRACTOR in complying with the requirements in 42 CFR 483.75 regarding written transfer agreements and shall use contract providers when transfer is medically appropriate, except as authorized by the CONTRACTOR or for emergency services;
- 2.12.11.13 Require the nursing facility provider to have on file a system designed and utilized to ensure the integrity of the member's personal financial resources. This system shall be designed in accordance with the regulations and guidelines set out by the Comptroller of the Treasury and the applicable federal regulations;
- 2.12.11.14 Require the nursing facility provider to immediately notify the CONTRACTOR of any change in its license to operate as issued by the Tennessee Department of Health as well as any deficiencies cited during the federal certification process;
- 2.12.11.15 Provide that if the nursing facility provider is involuntarily decertified by the Tennessee Department of Health or the Centers for Medicare and Medicaid Services, the provider agreement will automatically be terminated in accordance with federal requirements;
- 2.12.11.16 For a minimum of three (3) years following the effective date of CHOICES implementation (see Section 2.11.6.1 of this Agreement and TCA 71-5-1412(b)), shall not require the nursing facility provider to have liability insurance in excess of TENNCARE requirements in effect prior to the implementation of CHOICES; and
- 2.12.11.17 Include language requiring that the provider agreement shall be assignable from the CONTRACTOR to the State, or its designee, at the State's discretion upon written notice to the CONTRACTOR and the affected nursing facility provider. Further, the provider agreement shall include language by which the nursing facility provider agrees to be bound by any such assignment, and that the State, or its designee, shall not be responsible for past obligations of the CONTRACTOR.
- 2.12.12 The provider agreement with a HCBS provider shall meet the minimum requirements specified in Section 2.12.9 above and shall also include, at a minimum, the following requirements:
 - 2.12.12.1 Require the HCBS provider to provide at least thirty (30) days advance notice to the CONTRACTOR when the provider is no longer willing or able to provide services to a member, including the reason for the decision, and to cooperate with the member's care coordinator to facilitate a seamless transition to alternate providers;

- 2.12.12.2 In the event that a HCBS provider change is initiated for a member, require that, regardless of any other provision in the provider agreement, the transferring HCBS provider continue to provide services to the member in accordance with the member's plan of care until the member has been transitioned to a new provider, as determined by the CONTRACTOR, or as otherwise directed by the CONTRACTOR, which may exceed thirty (30) days from the date of notice to the CONTRACTOR;
- 2.12.12.3 Specify that reimbursement of a HCBS provider shall be contingent upon the provision of services to an eligible member in accordance with applicable federal and state requirements and the member's plan of care as authorized by the CONTRACTOR;
- 2.12.12.4 Require HCBS providers to immediately report any deviations from a member's service schedule to the member's care coordinator;
- 2.12.12.5 Require HCBS providers to use the electronic visit verification system specified by the CONTRACTOR in accordance with the CONTRACTOR's requirements;
- 2.12.12.6 Require that upon acceptance by the HCBS provider to provide approved services to a member as indicated in the member's plan of care, the provider shall ensure that it has staff sufficient to provide the service(s) authorized by the CONTRACTOR in accordance with the member's plan of care, including the amount, frequency, duration and scope of each service in accordance with the member's service schedule;
- 2.12.12.7 Require HCBS providers to provide back-up for their own staff if they are unable to fulfill their assignment for any reason and ensure that back-up staff meet the qualifications for the authorized service;
- 2.12.12.8 Prohibit HCBS providers from requiring a member to choose the provider as a provider of multiple services as a condition of providing any service to the member;
- 2.12.12.9 Require HCBS providers to comply with critical incident reporting and management requirements (see Section 2.15.7 of this Agreement); and
- 2.12.12.10 Shall not require the HCBS provider to have liability insurance in excess of TENNCARE requirements in effect prior to the implementation of CHOICES.
- 2.12.13 The provider agreement with a HCBS provider to provide PERS, assistive technology, minor home modifications, or pest control shall meet the requirements specified in Sections 2.12.9, 2.12.10, and 2.12.12 except that these provider agreements shall not be required to meet the following requirements: Section 2.12.9.9 regarding emergency services; Section 2.12.9.11 regarding delay in prenatal care; Section 2.12.9.12 regarding CLIA; Section 2.12.9.38 regarding hospital protocols; Section 2.12.9.40 regarding reimbursement of obstetric care; Section 2.12.9.52.2 regarding prior authorization of pharmacy; and Section 2.12.9.53 regarding coordination with the PBM.
- 2.12.14 The provider agreement with a local health department (see Section 2.11.7.3) shall meet the minimum requirements specified in Sections 2.12.9 and 2.12.10 above and shall also specify for the purpose of TENNderCare screening services: (1) that the

local health department agrees to submit encounter data timely to the CONTRACTOR; (2) that the CONTRACTOR agrees to timely process claims for services in accordance with Section 2.22.4; (3) that the local health department may terminate the agreement for cause with thirty (30) days advance notice; and (4) that the CONTRACTOR agrees prior authorization shall not be required for the provision of TENNderCare screening services.

2.12.15 The provider agreement for CRG/TPG assessments shall meet the minimum requirements specified in Sections 2.12.9 and 2.12.10 above and shall also specify that all CRG/TPG assessments detailed in Section 2.7.2.9 are completed by State-certified raters and that the assessments are completed within the specified time frames. The rater certification process shall include completing the CRG/TPG assessments training and passing the State rater competency examination, scored only by State-certified trainers.

15. Section 2.13 shall be amended by deleting Section 2.13 in its entirety and replacing it with the following and renumbering any references thereto:

2.13 PROVIDER AND SUBCONTRACTOR PAYMENTS

2.13.1 General

2.13.1.1 Maximum Allowable Rates

Providers shall be paid according to BlueCare policies and procedures and reimbursement rates in effect as of March 1, 2001, unless otherwise directed by TennCare with the following exceptions:

2.13.1.1.1 The payment rate for an initial TENNderCare screening conducted by a Best Practice Network Primary Care Provider for a child in State custody shall be at the rate specified in Section 2.13.2.1.

2.13.1.1.2 The payment rate for all other preventive health services specified below for children (under age 21) may be increased up to 85% of the 2001 Medicare fee-schedule, unless otherwise specified by TENNCARE.

2.13.1.1.2.1 The CONTRACTOR shall make an enhanced payment, defined as eighty-five percent (85%) of the 2001 Medicare fee-schedule or the BlueCare reimbursement rates in effect as of March 1, 2001, whichever is greater, to Primary Care Providers for the provision of the following preventive medical services identified by the CPT procedure codes listed below, when billed for children less than 21 years of age. Payment rates for services reimbursed as a percentage of average wholesale price shall be adjusted in accordance with Section 2.13.1.1.4 of this Agreement.

Office Visits

NEW PATIENT	ESTABLISHED PATIENT
99431 – History and Evaluation of Normal newborn	99391 – Periodic reevaluation
99432 – Normal Newborn care other than a hospital or birthing setting	99392 – age 1 through 4 years

NEW PATIENT	ESTABLISHED PATIENT
99381 – Initial evaluation	99393 – age 5 through 11 years
99382 – age 1 through 4 years	99394 – age 12 through 17 years
99383 – age 5 through 11 years	99395 – age 18 through 39 years
99384 – age 12 through 17 years	
99385 – age 18 through 39 years	

Counseling and Risk Factor Reduction Intervention

INDIVIDUAL	GROUP
99401 – approximately 15 minutes	99411 – approximately 30 minutes
99402 – approximately 30 minutes	99412 – approximately 60 minutes
99403 – approximately 45 minutes	
99404 – approximately 60 minutes	

Other Preventive Services

99420	Administration and interpretation of health risk assessment instrument (e.g., health hazard appraisal)
90700 – 90744	Immunizations
92551	Screening test, pure tone, air only (Audiologic function)
92552	Pure tone audiometry (threshold); air only

- 2.13.1.1.3 The payment rate for all services that are reimbursed as a percentage of average wholesale prices shall be adjusted with fluctuations in the average wholesale price. However, the “percentage” applied to determine the payment amount shall be equivalent to the percentage applied for BlueCare as of March 1, 2001.
- 2.13.1.1.4 The initial utilization management and referral processes and requirements impacting provider reimbursement shall be those in effect for BlueCare and TennCare Select as of July 1, 2001. However, the State reserves the right to require the CONTRACTOR to modify these processes and requirements. The CONTRACTOR shall have sixty (60) days from the date of request to implement requested modifications.
- 2.13.1.1.5 If there is a network deficiency that necessitates additional funding to remedy, the CONTRACTOR shall attempt to negotiate a reasonable rate on behalf of the State prior to recommending an increase in reimbursement rates. Once the negotiations are concluded, the CONTRACTOR shall submit a recommendation to the State in writing with supporting documentation justifying an increase in reimbursement rates. The CONTRACTOR may not implement a recommended change until receipt of written approval from TennCare.
- 2.13.1.2 Annual Review of Maximum Allowable Rates. The maximum allowable reimbursement rates shall be reviewed on an annual basis.

- 2.13.1.3 All reimbursement paid by the CONTRACTOR to providers and amounts paid by the CONTRACTOR to any other entity is subject to audit by the State. The CONTRACTOR shall allow for periodic review of records to ensure that all discounts, special pricing considerations and financial incentives have accrued to the State and that all costs incurred are in accordance with this Agreement. The CONTRACTOR shall provide the auditor access to all information necessary to perform the examination.
- 2.13.1.4 The claims payment amount shall not include payment for enrollee cost-sharing or patient liability amounts.
- 2.13.1.5 The CONTRACTOR shall require, as a condition of payment, that the provider (contract or non-contract provider) accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payer) plus any applicable amount of TennCare cost sharing or patient liability responsibilities due from the enrollee as payment in full for the service.
- 2.13.1.6 If the CONTRACTOR is required to reimburse a non-contract provider pursuant to this Agreement, and the CONTRACTOR's payment to a non-contract provider is less than it would have been for a contract provider, and the provider contests the payment amount, the CONTRACTOR shall notify the non-contract provider that the provider may initiate the independent review procedures in accordance with TCA 56-32-126, including but not limited to reconsideration by the CONTRACTOR.
- 2.13.1.7 The CONTRACTOR shall ensure that the member is held harmless by the provider for the costs of medically necessary covered services except for applicable TennCare cost sharing amounts (described in Section 2.6.7 and in Attachment II of this Agreement) and patient liability amounts.
- 2.13.1.8 The CONTRACTOR shall ensure that payments are not issued to providers that have not obtained a Tennessee Medicaid provider number or for which disclosure requirements have not been obtained by the CONTRACTOR in accordance with 42 CFR 455.100 through 106 and Section 2.12.9.59 of this Agreement.
- 2.13.1.9 Except where required by this Agreement or by applicable federal or state law, rule or regulation, the CONTRACTOR shall not make payment for the cost of any medical care provided prior to the effective date of eligibility or after the termination date in the CONTRACTOR's MCO. The CONTRACTOR shall make payment for the cost of any covered services obtained on or after 12:01 a.m. on the effective date of eligibility in the CONTRACTOR's MCO.
- 2.13.1.10 The CONTRACTOR shall prepare checks for payment of providers for the provision of covered services on a weekly basis, unless an alternative payment schedule is approved by TENNCARE.
- 2.13.1.10.1 The CONTRACTOR shall notify the State of the amount to be paid in a mutually acceptable form and substance at least 72 hours in advance of distribution of provider checks.
- 2.13.1.10.2 The State shall release funds in the amount to be paid to providers to the CONTRACTOR. Funds shall be released within 72 hours of receipt of notice.

- 2.13.1.10.3 The CONTRACTOR shall release payments to providers within 24 hours of receipt of funds from the State.
- 2.13.1.10.4 The amount to be paid shall be reduced by the amount of third party recoveries captured in the claims processing system. The State shall release funds in the amount to be paid to providers to the CONTRACTOR.
- 2.13.1.11 For each request related to payments to providers through the CONTRACTOR's claims processing system, the CONTRACTOR shall provide a claims data extract in a format and media described by TENNCARE to support the payments released to providers by no later than seven (7) calendar days after the CONTRACTOR's request of the funds.
- 2.13.1.12 The CONTRACTOR shall provide a reconciliation for the total paid amounts between the funds released for payment to providers, the supporting claims data extract, and the encounter data submissions for the relevant adjudication cycle. The reconciliation should be submitted within seven (7) days of the claims data extract.
- 2.13.1.13 Upon notification by TENNCARE, funds released to the CONTRACTOR for purposes of provider payments shall be made based on the CONTRACTOR's encounter data. TENNCARE shall implement this process by initially making payments based on all encounters and providing the CONTRACTOR an error report of unacceptable encounter records. The final phase of implementation shall result in TENNCARE releasing funds based on clean encounters only. Once TENNCARE releases funds based solely on clean encounter data, the CONTRACTOR will no longer be required to submit the claims data extract. The reconciliation and check register must continue to be submitted on a weekly basis for the previous weeks check release.

2.13.2 **Best Practice Network Requirements**

2.13.2.1 Enhanced Initial TENNderCare Screening Rate

The CONTRACTOR shall make an enhanced payment to Best Practice Network Primary Care Providers and Health Departments for the initial TENNderCare examination for children in State custody, when all seven (7) components of the exam have been completed. The seven components shall include: (1) A comprehensive health and development history to include both physical and mental health; (2) Comprehensive unclothed physical exam; (3) Appropriate vision and hearing assessment; (4) Laboratory testes appropriate for age and risk; (5) Dental screening and referral beginning at age 3; (6) Immunizations; (7) Health education (anticipatory guidance).

2.13.2.1.1 The procedure codes to be utilized when billing for the initial TENNderCare exam are specified below. This language does not preclude the BPN-PCP from billing for other services separately, consistent with the CONTRACTOR’s procedures for claims processing (e.g., lab). It is the responsibility of the CONTRACTOR to include in its Best Practice Network provider agreements a requirement that all seven components of the TENNderCare exam are completed when an enhanced payment is made through a medical chart review. The CONTRACTOR should educate providers to document any barriers to completing all seven components (e.g. past history not available). The enhanced payment rate for the initial TENNderCare screening exam shall be ninety-five percent (95%) of the 2001 Medicare fee-schedule. Effective December 1, 2001, the enhanced fee schedule shall be 100% of the 2001 Medicare fee schedule unless otherwise specified by TENNCARE.

NEW PATIENT	ESTABLISHED PATIENT
99431 – History and Examination of Normal Newborn	99391 – Periodic reevaluation
99432 – Normal Newborn care other than a hospital or birthing setting	99392 – age 1 through 4 years
99381 – Initial evaluation	99393 – age 5 through 11 years
99382 – age 1 through 4 years	99394 – age 12 through 17 years
99383 – age 5 through 11 years	99395 – age 18 through 39 years
99384 – age 12 through 17 years	
99385 – age 18 through 39 years	

2.13.2.1.2 If the BPN-PCP submits a claim with a procedure code for an established patient, the CONTRACTOR may only reimburse the provider at the enhanced payment rate if the claim is for the initial TENNderCare exam upon placement in State custody. If the CONTRACTOR directs BPN-PCPs to only bill the initial TENNderCare exam with the New Patient procedure code series identified above, the CONTRACTOR must notify and provide appropriate training to the provider and provider’s billing staff to implement this billing procedure

2.13.2.2 Case Management

In exchange for performing additional care coordination and case management functions as specified in Section 3 of this Agreement, the CONTRACTOR shall pay Best Practice Network Primary Care Providers a case management fee of \$10.25 per member per month or the amount otherwise specified by TENNCARE.

2.13.3 **All Covered Services**

2.13.3.1 Except as provided in Sections 2.13.3.2 and 2.13.3.3 below, the CONTRACTOR shall not reimburse providers based on a percentage of billed charges.

2.13.3.2 The CONTRACTOR may, at its discretion, pay a percentage of billed charges for covered physical health and behavioral health services for which there is no Medicare reimbursement methodology.

- 2.13.3.3 As part of a stop-loss arrangement with a physical health or behavioral health provider, the CONTRACTOR may, at its discretion, pay the provider a percentage of billed charges for claims that exceed the applicable stop-loss threshold.

2.13.4 **Nursing Facility Services**

- 2.13.4.1 The CONTRACTOR shall reimburse contract nursing facility providers at the rate specified by TENNCARE, net of any applicable patient liability amount (see Section 2.6.7).
- 2.13.4.2 The CONTRACTOR shall reimburse non-contract nursing facility providers as specified in TennCare rules and regulations, net of any applicable patient liability amount (see Section 2.6.7).
- 2.13.4.3 If, prior to the end date specified by TENNCARE in its approval of Level II nursing facility services, the CONTRACTOR determines that the nursing facility is providing Level I and not Level II nursing facility services, the CONTRACTOR shall notify TENNCARE and, as appropriate, shall submit a request to modify the member's level of nursing facility services. The CONTRACTOR shall submit documentation as specified by TENNCARE to support the request. Upon approval from TENNCARE, the CONTRACTOR may adjust payment to the nursing facility to reflect the level of nursing facility services actually provided to the member and shall maintain documentation as specified by TENNCARE to support the payment adjustment.

2.13.5 **HCBS**

- 2.13.5.1 For covered HCBS provided to members in CHOICES Group 2 or 3 and for HCBS that exceed the specified benefit limit and are provided by the CONTRACTOR as a cost effective alternative to members in CHOICES Group 2 or 3 (see Section 2.6.5), the CONTRACTOR shall reimburse contract HCBS providers, including community-based residential alternatives, at the rate specified by TENNCARE.
- 2.13.5.2 The CONTRACTOR shall reimburse non-contract HCBS providers for services to members in CHOICES Group 2 or 3 as specified in TennCare rules and regulations.
- 2.13.5.3 For HCBS that are not otherwise covered but are offered by the CONTRACTOR to members in CHOICES Group 2 or 3 as a cost effective alternative to nursing facility services (see Section 2.6.5), the CONTRACTOR shall negotiate the rate of reimbursement.
- 2.13.5.4 The CONTRACTOR shall reimburse consumer-directed workers in accordance with Sections 2.9.6.7 and 2.26 of this Agreement.

2.13.6 **Hospice**

Hospice services shall be provided and reimbursed in accordance with state and federal requirements, including but not limited to the following:

- 2.13.6.1 Rates shall be no less than the federally established Medicaid hospice rates (updated each federal fiscal year (FFY)), adjusted by area wage adjustments for the categories described by CMS;

2.13.6.2 The rates described above shall be subject to the annual cap for Medicaid Hospice rates as provided annually by CMS; and

2.13.6.3 If a Medicaid hospice patient resides in a nursing facility (NF), the CONTRACTOR shall pay an amount equal to at least 95 percent of the prevailing NF room and board rate to the hospice provider (not subject to the annual cap for Medicaid Hospice rates).

2.13.7 Behavioral Health Crisis Service Teams

2.13.7.1 The CONTRACTOR shall reimburse crisis mobile teams for their intervention services. TennCare may require the CONTRACTOR to reimburse crisis mobile teams on a monthly basis at a rate to be determined and set by the State.

2.13.7.2 The CONTRACTOR shall negotiate rates for crisis respite and crisis stabilization services.

2.13.8 Local Health Departments

2.13.8.1 The CONTRACTOR shall reimburse contracted local health departments (see Sections 2.11.7.3 and 2.12.14) for TENNderCare screenings to members under age twenty-one (21) at the following rates, unless specified otherwise by TENNCARE. Although the codes include preventive visits for individuals twenty-one (21) and older, this Section only requires the CONTRACTOR to pay local health departments for the specified visits for members under age twenty-one (21).

Preventive Visits	85% of 2001 Medicare
99381 New pt. Up to 1 yr.	\$80.33
99382 New pt. 1- 4 yrs.	\$88.06
99383 New pt. 5 - 11yrs.	\$86.60
99384 New pt. 12 - 17yrs.	\$95.39
99385 New pt. 18 - 39 yrs.	\$93.93
99391 Estab. pt. Up to 1 yr.	\$63.04
99392 Estab. pt. 1 - 4 yrs.	\$71.55
99393 Estab. pt. 5 - 11yrs.	\$70.96
99394 Estab. pt. 12 - 17yrs.	\$79.57
99395 Estab. pt. 18 - 39 yrs.	\$78.99

2.13.8.2 TENNCARE may conduct an audit of the CONTRACTOR’s reimbursement methodology and related processes on an annual basis to verify compliance with this requirement. In addition, the Local Health Department may initiate the independent review procedure at any time it believes the CONTRACTOR’s payment is not the required reimbursement rate.

2.13.9 Physician Incentive Plan (PIP)

2.13.9.1 The CONTRACTOR shall notify and make TENNCARE and TDCI aware of any operations or plans to operate a physician incentive plan (PIP). Prior to

implementation of any such plans, the CONTRACTOR shall submit to TDCI any provider agreement templates or subcontracts that involve a PIP for review as a material modification.

- 2.13.9.2 The CONTRACTOR shall not implement a PIP in the absence of TDCI review and written approval.
- 2.13.9.3 If the CONTRACTOR operates a PIP, the CONTRACTOR shall ensure that no specific payment be made directly or indirectly under a PIP to a physician or physician group as an inducement to reduce or limit medically necessary services furnished to an individual.
- 2.13.9.4 If the CONTRACTOR operates a PIP, upon TENNCARE's request, the CONTRACTOR shall report descriptive information about its incentive plan in sufficient detail to enable TENNCARE to adequately monitor the CONTRACTOR. The information that may be requested shall include, but not be limited to, the following:
 - 2.13.9.4.1 Whether services not furnished by the physician or physician group are covered by the incentive plan;
 - 2.13.9.4.2 The type or types of incentive arrangements, such as, withholds, bonus, capitation;
 - 2.13.9.4.3 The percent of any withhold or bonus the plan uses;
 - 2.13.9.4.4 Assurance that the physicians or physician group has adequate stop-loss protection, and the amount and type of stop-loss protection; and
 - 2.13.9.4.5 The patient panel size and, if the plan uses pooling, the pooling method.

2.13.10 Emergency Services Obtained from Non-Contract Providers

- 2.13.10.1 Payments to non-contract providers for emergency services may, at the CONTRACTOR's option, be limited to the treatment of emergency medical conditions, including post-stabilization care services, as described in Section 1. Payment amounts shall be consistent with the pricing policies developed by the CONTRACTOR and in accordance with TENNCARE requirements, including TennCare rules and regulations for emergency services provided by non-contract providers.
- 2.13.10.2 Payment by the CONTRACTOR for properly documented claims for emergency services rendered by a non-contract provider shall be made within thirty (30) calendar days of receipt of a clean claim by the CONTRACTOR.
- 2.13.10.3 The CONTRACTOR shall review and approve or disapprove claims for emergency services based on the definition of emergency services specified in Section 1 of this Agreement. If the CONTRACTOR determines that a claim requesting payment of emergency services does not meet the definition as specified in Section 1 and subsequently denies the claim, the CONTRACTOR shall notify the provider of the denial. This notification shall include information to the provider regarding the CONTRACTOR's process and time frames for reconsideration. In the event a

provider disagrees with the CONTRACTOR's decision to disapprove a claim for emergency services, the provider may pursue the independent review process for disputed claims as provided by TCA 56-32-126, including but not limited to reconsideration by the CONTRACTOR.

2.13.11 Medically Necessary Services Obtained from Non-Contract Provider when MCO Assignment is Unknown

2.13.11.1 The CONTRACTOR shall pay for medically necessary covered services provided to an enrollee by a non-contract provider when TENNCARE has enrolled the enrollee in the CONTRACTOR's MCO, but the enrollee could not have known which MCO they were enrolled in at the time of the service. Examples of when this may occur include, but are not limited to, (i) when an enrollee receives services during a retroactive eligibility period (see Section 2.4.5) and the enrollee did not select an MCO and is assigned to an MCO by TENNCARE, or (ii) the enrollee was assigned to an MCO other than the one that he/she requested (see Section 2.4.4.5). In these cases, the effective date of enrollment may occur prior to the CONTRACTOR or the enrollee being notified of the enrollee becoming a member of the CONTRACTOR's MCO.

2.13.11.2 When this situation arises, the CONTRACTOR shall not deny payment for medically necessary covered services provided during this period of eligibility for lack of prior authorization or lack of referral; likewise, the CONTRACTOR shall not deny a claim on the basis of the provider's failure to file a claim within a specified time period after the date of service when the provider could not have reasonably known which MCO the enrollee was in during the timely filing period. However, in such cases the CONTRACTOR may impose timely filing requirements beginning on the date of notification of the individual's enrollment.

2.13.11.3 The CONTRACTOR shall only pay for covered long-term care services for which the member was eligible (see Section 2.6), as determined by the State and shown in the enrollment file furnished by TENNCARE to the CONTRACTOR.

2.13.12 Medically Necessary Services Obtained from Contract Provider without Prior Authorization when MCO Assignment is Unknown

2.13.12.1 The CONTRACTOR shall pay for medically necessary covered services provided to an enrollee by a contract provider without prior authorization or referral when TENNCARE has enrolled the enrollee in the CONTRACTOR's MCO, but the enrollee could not have known which MCO they were enrolled in at the time of the service.

2.13.12.2 When this situation arises, the CONTRACTOR shall not deny payment for medically necessary covered services for lack of prior authorization or lack of referral; likewise, a CONTRACTOR shall not deny a claim on the basis of the provider's failure to file a claim within a specified time period after the date of service when the provider could not have reasonably known which MCO the enrollee was in during the timely filing period. However, in such cases the CONTRACTOR may impose timely filing requirements beginning on the date of notification of the individual's enrollment.

2.13.12.3 The CONTRACTOR shall only pay for covered long-term care services for which the member was eligible (see Section 2.6), as determined by the State and shown in the enrollment file furnished by TENNCARE to the CONTRACTOR.

2.13.13 Medically Necessary Services Obtained from Non-Contract Provider Referred by Contract Provider

The CONTRACTOR shall pay for any medically necessary covered services provided to a member by a non-contract provider at the request of a contract provider. The CONTRACTOR's payment shall not be less than eighty percent (80%) of the rate that would have been paid by the CONTRACTOR if the member had received the services from a contract provider. The CONTRACTOR shall only pay for covered long-term care services for which the member was eligible (see Section 2.6) and that were authorized by the CONTRACTOR.

2.13.14 Medically Necessary Services Obtained from Non-Contract Provider Not Authorized by the CONTRACTOR

2.13.14.1 With the exception of circumstances described in Section 2.13.13 when an enrollee has utilized medically necessary non-emergency covered services from a non-contract provider, and the CONTRACTOR has not authorized such use in advance, the CONTRACTOR shall not be required to pay for the service(s) received unless payment is required pursuant to a directive from TENNCARE or an Administrative Law Judge.

2.13.14.2 The CONTRACTOR shall not make payment to non-contract providers for covered services that are not medically necessary or for long-term care services for which the member was not eligible (see Section 2.6).

2.13.15 Covered Services Ordered by Medicare Providers for Dual Eligibles

2.13.15.1 Generally, when a TennCare enrollee is dually eligible for Medicare and TennCare and requires services that are covered under this Agreement but are not covered by Medicare, and the services are ordered by a Medicare provider who is a non-contract provider, the CONTRACTOR shall pay for the ordered, medically necessary service if it is provided by a contract provider. However, if all of the following criteria are met, the CONTRACTOR may require that the ordering physician be a contract provider:

2.13.15.1.1 The ordered service requires prior authorization; and

2.13.15.1.2 Dually eligible enrollees have been clearly informed of the contract provider requirement and instructed in how to obtain assistance identifying and making an appointment with a contract provider; and

2.13.15.1.3 The CONTRACTOR assists the enrollee in obtaining a timely appointment with a contract provider upon request of the enrollee or upon receipt of an order from a non-contract provider.

2.13.15.2 Reimbursement shall be at the same rate that would have been paid had the service been ordered by a contract provider.

2.13.15.3 The CONTRACTOR shall not pay for non-covered services, services that are not medically necessary, or services ordered and obtained from non-contract providers.

2.13.16 Transition of New Members

The CONTRACTOR shall pay for the continuation of covered services for new members pursuant to the requirements in Section 2.9.2 regarding transition of new members.

2.13.17 Transition of Members Receiving Long-Term Care Services at the Time of CHOICES Implementation

The CONTRACTOR shall pay for the continuation of covered long-term care services for transitioning CHOICES members pursuant to the requirements in Section 2.9.3 regarding transition of members receiving long-term care services at the time of CHOICES implementation.

2.13.18 Transition of Care

In accordance with the requirements in Section 2.9.4.1 of this Agreement, if a provider has terminated participation with the CONTRACTOR, the CONTRACTOR shall pay the non-contract provider for the continuation of treatment through the applicable period provided in Section 2.9.4.1.

2.13.19 Limits on Payments to Providers and Subcontractors Related to the CONTRACTOR

2.13.19.1 The CONTRACTOR shall not pay more for similar services rendered by any provider or subcontractor that is related to the CONTRACTOR than the CONTRACTOR pays to providers and subcontractors that are not related to the CONTRACTOR. For purposes of this subsection, "related to" means providers or subcontractors that have an indirect ownership interest or ownership or control interest in the CONTRACTOR, an affiliate (see definition in Section 1 of this Agreement) of the CONTRACTOR, or the CONTRACTOR's management company as well as providers or subcontractors that the CONTRACTOR, an affiliate of the CONTRACTOR or the CONTRACTOR's management company has an indirect ownership interest or ownership or control interest in. The standards and criteria for determining indirect ownership interest, an ownership interest or a control interest are set out at 42 CFR Part 455, Subpart B.

2.13.19.2 Any payments made by the CONTRACTOR that exceed the limitations set forth in this section shall be considered non-allowable payments for covered services and shall be excluded from medical expenses reported in the Medical Fund Target report required in Section 2.30.15.2.1.

2.13.19.3 As provided in Section 2.30.9 of this Agreement, the CONTRACTOR shall submit information on payments to related providers and subcontractors.

2.13.20 1099 Preparation

In accordance with federal requirements, the CONTRACTOR shall prepare and submit Internal Revenue Service (IRS) Form 1099s for all providers who are not employees of the CONTRACTOR to whom payment is made.

2.13.21 Payments to the FEA

The CONTRACTOR shall reimburse the Fiscal Employer Agent (FEA) for authorized HCBS provided by consumer-directed workers to members in CHOICES Group 2 or 3 as specified in the contract between the CONTRACTOR and the FEA. TENNCARE will pay the FEA the administrative fees specified in the contract between TENNCARE and the FEA.

2.13.22 Interest

Interest generated from the deposit of funds for provider payments shall be the property of the State. The amount of interest earned on the funds, as reported by the CONTRACTOR's bank on the monthly statement, shall be deducted from the amount of the next remittance request subsequent to receipt of the bank statement.

2.13.23 Immediate Eligibility

Medical service payments made in accordance with Section 2.13 shall include payments to providers for services provided during a period of Immediate Eligibility. However, in order to facilitate the invoicing of DCS for services provided to children in State custody who are not TennCare eligible, the CONTRACTOR shall submit to TENNCARE an itemized listing of claims paid on behalf children in State custody for whom Immediate Eligibility was established in accordance with this Agreement and who were not subsequently found to be TennCare eligible, on a monthly basis in the form and format specified in Attachment IX, Exhibit N.

16. Section 2.14 shall be amended by deleting Section 2.14 in its entirety and replacing it with the following and renumbering all references thereto:

2.14 UTILIZATION MANAGEMENT (UM)

2.14.1 General

2.14.1.1 The CONTRACTOR shall develop and maintain a utilization management (UM) program. As part of this program the CONTRACTOR shall have policies and procedures with defined structures and processes. The UM program shall assign responsibility to appropriate individuals including a designated senior physician and shall involve a designated behavioral health care practitioner in the implementation of behavioral health aspects of the program and, if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, a designated long-term care professional in the implementation of the long-term care aspects of the program. The UM program shall be supported by an associated work plan and shall be evaluated annually and updated as necessary.

2.14.1.2 The CONTRACTOR's UM program shall include distinct policies and procedures regarding long-term care services and shall specify as applicable the responsibilities and scope of authority of care coordinators in authorizing long-term care services and in submitting service authorizations to providers and/or the FEA for service delivery.

2.14.1.3 The CONTRACTOR shall notify all contract providers of and enforce compliance with all provisions relating to UM procedures.

2.14.1.4 The UM program shall have criteria that:

- 2.14.1.4.1 Are objective and based on medical, behavioral health and/or long-term care evidence, to the extent possible;
- 2.14.1.4.2 Are applied based on individual needs;
- 2.14.1.4.3 Are applied based on an assessment of the local delivery system;
- 2.14.1.4.4 Involve appropriate practitioners in developing, adopting and reviewing them; and
- 2.14.1.4.5 Are annually reviewed and up-dated as appropriate.
- 2.14.1.5 For long-term care services, the CONTRACTOR's UM program shall have criteria that are consistent with the guiding principles set forth in TCA 71-5-1402 and shall take into consideration the member's preference regarding cost-effective long-term care services and settings.
- 2.14.1.6 The CONTRACTOR shall use appropriately licensed professionals to supervise all medical necessity decisions and specify the type of personnel responsible for each level of UM, including prior authorization and decision making. The CONTRACTOR shall have written procedures documenting access to Board Certified Consultants to assist in making medical necessity determinations. Any decision to deny a service authorization request or to authorize a service in an amount, duration, or scope that is less than requested shall be made by a physical health or behavioral health care professional who has appropriate clinical expertise in treating the member's condition or disease or, in the case of long-term care services, a long-term care professional who has appropriate expertise in providing long-term care services.
- 2.14.1.7 Except as provided in Section 2.6.1.4, the CONTRACTOR shall not place maximum limits on the length of stay for members requiring hospitalization and/or surgery. The CONTRACTOR shall not employ, and shall not permit others acting on their behalf to employ utilization control guidelines or other quantitative coverage limits, whether explicit or de facto, unless supported by an individualized determination of medical necessity based upon the needs of each member and his/her medical history. The CONTRACTOR shall consider individual member characteristics in the determination of readiness for discharge. This requirement is not intended to limit the ability of the CONTRACTOR to use clinical guidelines or criteria in placing tentative limits on the length of a prior authorization or pre-admission certification.
- 2.14.1.8 The CONTRACTOR shall have mechanisms in place to ensure that required services are not arbitrarily denied or reduced in amount, duration, or scope solely because of the diagnosis, type of illness, or condition.
- 2.14.1.9 The CONTRACTOR shall assure, consistent with 42 CFR 438.6(h), 42 CFR 422.208 and 422.210, that compensation to individuals or entities that conduct UM activities is not structured so as to provide incentives for the individual or entity to deny, limit, or discontinue medically necessary covered services to any member.

2.14.1.10 As part of the provider survey required by Section 2.18.7.4, the CONTRACTOR shall assess provider/office staff satisfaction with UM processes to identify areas for improvement.

2.14.1.11 Inpatient Care

The CONTRACTOR shall provide for methods of assuring the appropriateness of inpatient care. Such methodologies shall be based on individualized determinations of medical necessity in accordance with UM policies and procedures and, at a minimum, shall include the items specified in subparagraphs 2.14.1.11.1 through 2.14.1.11.5 below:

2.14.1.11.1 Pre-admission certification process for non-emergency admissions;

2.14.1.11.2 A concurrent review program to monitor and review continued inpatient hospitalization, length of stay, or diagnostic ancillary services regarding their appropriateness and medical necessity. In addition, the CONTRACTOR shall have a process in place to determine for emergency admissions, based upon medical criteria, if and when a member can be transferred to a contract facility in the network, if presently in a non-contract facility;

2.14.1.11.3 Admission review for urgent and/or emergency admissions, on a retroactive basis when necessary, in order to determine if the admission is medically necessary and if the requested length of stay for the admission is reasonable based upon an individualized determination of medical necessity. Such reviews shall not result in delays in the provision of medically necessary urgent or emergency care;

2.14.1.11.4 Restrictions against requiring pre-admission certification for admissions for the normal delivery of children; and

2.14.1.11.5 Prospective review of same day surgery procedures.

2.14.1.12 Nursing Facility

2.14.1.12.1 If a member is enrolled in CHOICES Group 1, the CONTRACTOR shall authorize and initiate nursing facility services for that member in accordance with Section 2.9.6. However, if, prior to nursing facility admission, the member chooses to receive HCBS instead of nursing facility services and is enrolled in CHOICES Group 2 pursuant to Section 2.9.6, the CONTRACTOR shall authorize and initiate HCBS in accordance with Section 2.9.6. Once the member has been admitted to a nursing facility the CONTRACTOR may, as appropriate, implement its nursing facility-to-community transition process pursuant to Section 2.9.6.8 of this Agreement.

2.14.1.12.2 The CONTRACTOR shall ensure that CHOICES members who have been determined by TENNCARE to be eligible for Level II nursing facility care are authorized to receive Level II nursing facility care for the period specified by TENNCARE. The CONTRACTOR shall monitor the member's condition, and if the CONTRACTOR determines that, prior to the end date specified by TENNCARE, the member no longer requires Level II nursing facility care, the CONTRACTOR may submit to TENNCARE a request to modify the member's level of nursing facility services. The CONTRACTOR shall submit documentation as specified by

TENNCARE to support the request and shall only transition the member to Level I nursing facility care once the request has been approved by TENNCARE.

2.14.1.13 Emergency Department (ED) Utilization

The CONTRACTOR shall utilize the following guidelines in identifying and managing care for members who are determined to have excessive and/or inappropriate ED utilization:

2.14.1.13.1 Review ED utilization data, at a minimum, every six (6) months (in January and July) to identify members with utilization exceeding the threshold defined by TENNCARE in the preceding six (6) month period. The January review shall cover ED utilization during the preceding April through September; the July review shall cover ED utilization during the preceding October through March;

2.14.1.13.2 Enroll non-CHOICES members whose utilization exceeds the threshold of ED visits defined by TENNCARE in the previous six (6) month period in MCO case management and may use the information to identify members who may be eligible for CHOICES in accordance with the requirements in Section 2.9.6.3 if appropriate;

2.14.1.13.3 For CHOICES members whose utilization exceeds the threshold of ED visits defined by TENNCARE in the previous six (6) month period, the care coordinator shall conduct appropriate follow-up to identify the issues causing frequent ED utilization and determine appropriate next steps. For members in CHOICES Group 1, appropriate next steps may include communication with the nursing facility to determine interventions to better manage the member's condition. For members in CHOICES Groups 2 and 3, appropriate next steps may include modifications to the member's plan of care in order to address service delivery needs and better manage the member's condition.

2.14.1.13.4 As appropriate, make contact with members whose utilization exceeded the threshold of ED visits defined by TENNCARE in the previous six (6) month period and their primary care providers for the purpose of providing education on appropriate ED utilization; and

2.14.1.13.5 Assess the most likely cause of high utilization and develop an MCO case management plan based on results of the assessment for each non-CHOICES member.

2.14.1.14 Hospitalizations and Surgeries

The CONTRACTOR shall comply with any applicable federal and state laws or rules related to length of hospital stay. TENNCARE will closely monitor encounter data related to length of stay and re-admissions to identify potential problems. If indicated, TENNCARE may conduct special studies to assess the appropriateness of hospital discharges.

2.14.2 Prior Authorization for Physical Health and Behavioral Health Covered Services

2.14.2.1 The CONTRACTOR shall have in place, and follow, written policies and procedures for processing requests for initial and continuing prior authorizations of services and

have in effect mechanisms to ensure consistent application of review criteria for prior authorization decisions. The policies and procedures shall provide for consultation with the requesting provider when appropriate. If prior authorization of a service is granted by the CONTRACTOR and the service is provided, payment for the prior authorized service shall not be denied based on the lack of medical necessity, assuming that the member is eligible on the date of service, unless it is determined that the facts at the time of the denial of payment are significantly different than the circumstances which were described at the time that prior authorization was granted.

2.14.2.2 Prior authorization for home health nurse, home health aide and private duty nursing services shall comply with TennCare rules and regulations.

2.14.2.3 Prior authorization requests shall be reviewed subject to the guidelines described in TennCare rules and regulations which include, but are not limited to, provisions regarding decisions, notices, medical contraindication, and the failure of an MCO to act timely upon a request.

2.14.3 **Referrals for Physical Health and Behavioral Health**

2.14.3.1 Except as provided in Section 2.14.4, the CONTRACTOR may require members to seek a referral from their PCP prior to accessing non-emergency specialty physical health services.

2.14.3.2 If the CONTRACTOR requires members to obtain PCP referral, the CONTRACTOR may exempt certain services, identified by the CONTRACTOR in the member handbook, from PCP referral.

2.14.3.3 For members determined to need a course of treatment or regular care monitoring, the CONTRACTOR shall have a mechanism in place to allow members to directly access a specialist as appropriate for the members' condition and identified needs.

2.14.3.4 The CONTRACTOR shall not require that a woman go in for an office visit with her PCP in order to obtain the referral for prenatal care.

2.14.3.5 Referral Provider Listing

2.14.3.5.1 The CONTRACTOR shall provide all PCPs with a current hard copy listing of referral providers, including behavioral health providers at least thirty (30) calendar days prior to the start date of operations. Thereafter the CONTRACTOR shall mail PCPs an updated version of the listing on a quarterly basis. The CONTRACTOR shall also maintain an updated electronic, web-accessible version of the referral provider listing.

2.14.3.5.2 The referral provider listing shall be in the format specified by TENNCARE for the provider directory in Section 2.17.8.

2.14.3.5.3 As required in Section 2.30.10.7, the CONTRACTOR shall submit to TENNCARE a copy of the referral provider listing, a data file of the provider information in a media and format described by TENNCARE, and documentation regarding mailing.

2.14.4 Exceptions to Prior Authorization and/or Referrals for Physical Health and Behavioral Health

2.14.4.1 Emergency and Post-Stabilization Care Services

The CONTRACTOR shall provide emergency services without requiring prior authorization or PCP referral, as described in Section 2.7.1, regardless of whether these services are provided by a contract or non-contract provider. The CONTRACTOR shall provide post-stabilization care services (as defined in Section 1) in accordance with 42 CFR 422.113.

2.14.4.2 TENnderCare

The CONTRACTOR shall not require prior authorization or PCP referral for the provision of TENnderCare screening services.

2.14.4.3 Access to Women's Health Specialists

The CONTRACTOR shall allow female members direct access (without requiring a referral) to a women's health specialist who is a contract provider for covered services necessary to provide women's routine and preventive health care services. This is in addition to the member's designated source of primary care if that source is not a women's health specialist.

2.14.4.4 Behavioral Health Services

The CONTRACTOR shall not require a PCP referral for members to access a behavioral health provider.

2.14.4.5 Transition of New Members

Pursuant to the requirements in Section 2.9.2 regarding transition of new members, the CONTRACTOR shall provide for the continuation of medically necessary covered services regardless of prior authorization or referral requirements. However, as provided in Section 2.9.2, in certain circumstances the CONTRACTOR may require prior authorization for continuation of services beyond the initial thirty (30) days.

2.14.5 Authorization of Long-Term Care Services

2.14.5.1 The CONTRACTOR shall have in place an authorization process for all applicable covered long-term care services and cost effective alternative services that is separate from but integrated with the CONTRACTOR's prior authorization process for covered physical health and behavioral health services (see Section 2.9.6 of this Agreement).

2.14.5.2 The CONTRACTOR shall authorize and initiate all long-term care services for CHOICES members within the timeframes specified in Sections 2.9.2, 2.9.3, and 2.9.6 of this Agreement.

2.14.5.3 The CONTRACTOR shall not require that HCBS be ordered by a treating physician, but may consult with the treating physician as appropriate regarding the member's physical health, behavioral health, and long-term care needs and in order to facilitate communication and coordination regarding the member's physical health, behavioral health, and long-term care services.

2.14.5.4 For non-CHOICES members receiving care in non-contract nursing facilities authorized by the CONTRACTOR as a cost-effective alternative, the CONTRACTOR shall reimburse services in accordance with its authorization until such time that the member is no longer eligible for services, is enrolled in CHOICES, or such care is no longer medically necessary or cost-effective.

2.14.6 Transition of Members Receiving Long-Term Care Services at the Time of CHOICES Implementation

For members enrolling in CHOICES as of the date of CHOICES implementation, the CONTRACTOR shall be responsible for continuing to provide the long-term care services previously authorized for the member, as specified in Section 2.9.3 of this Agreement.

2.14.7 Notice of Adverse Action Requirements

2.14.7.1 The CONTRACTOR shall clearly document and communicate the reasons for each denial of a prior authorization request in a manner sufficient for the provider and member to understand the denial and decide about requesting reconsideration of or appealing the decision.

2.14.7.2 The CONTRACTOR shall comply with all member notice provisions in TennCare rules and regulations.

2.14.7.3 The CONTRACTOR shall issue appropriate notice prior to any CONTRACTOR-initiated decision to reduce or terminate CHOICES or non-CHOICES nursing facility services and shall comply with all federal court orders, and federal and state laws and regulations regarding members' transfer or discharge from nursing facilities.

2.14.8 Medical History Information Requirements

2.14.8.1 The CONTRACTOR is responsible for eliciting pertinent medical history information from the treating provider(s), as needed, for purposes of making medical necessity determinations. With respect to HCBS which are not primarily medical in nature, pertinent medical history shall include assessments, case notes, and documentation of service delivery by HCBS providers. Medical information from the treating physician may also be pertinent in better understanding the member's functional needs. The CONTRACTOR shall take action (e.g., sending a CONTRACTOR representative to obtain the information and/or discuss the issue with the provider, imposing financial penalties against the provider, etc.), to address the problem if a treating provider is uncooperative in supplying needed information. The CONTRACTOR shall make documentation of such action available to TENNCARE, upon request. Providers who do not provide requested information for purposes of making a medical necessity determination for a particular item or service shall not be entitled to payment for the provision of such item or service.

2.14.8.2 Upon request by TENNCARE, the CONTRACTOR shall provide TENNCARE with individualized medical record information from the treating provider(s). The CONTRACTOR shall take whatever action necessary to fulfill this responsibility within the required appeal time lines as specified by TENNCARE and/or applicable TennCare rules and regulations, up to and including going to the provider's office to obtain the medical record information. Should a provider fail or refuse to respond to the CONTRACTOR's efforts to obtain medical information, and the appeal is decided in favor of the member, at the CONTRACTOR's discretion or a directive by TENNCARE, the CONTRACTOR shall impose financial penalties against the provider as appropriate.

2.14.9 **PCP Profiling**

The CONTRACTOR shall profile its PCPs. Further, the CONTRACTOR shall investigate the circumstances surrounding PCPs who appear to be operating outside peer norms and shall intervene, as appropriate, when utilization or quality of care issues are identified. As part of these profiling activities, the CONTRACTOR shall analyze utilization data, including but not limited to, information provided to the CONTRACTOR by TENNCARE, and report back information as requested by TENNCARE. PCP profiling shall include, but not be limited to the following areas:

2.14.9.1 Utilization of Non-Contract Providers

The CONTRACTOR shall maintain a procedure to identify and evaluate member utilization of services provided by non-contract providers by PCP panel.

2.14.9.2 Specialist Referrals

The CONTRACTOR shall maintain a procedure to identify and evaluate member specialty provider utilization by PCP panel.

2.14.9.3 Emergency Room Utilization

The CONTRACTOR shall maintain a procedure to identify and evaluate member emergency room utilization by PCP panel. As provided in Section 2.9.5, members who establish a pattern of accessing emergency room services shall be referred to MCO case management as appropriate for follow-up.

2.14.9.4 Inpatient Admissions

The CONTRACTOR shall maintain a procedure to identify and evaluate member utilization of inpatient services by PCP panel.

2.14.9.5 Pharmacy Utilization

At a minimum, the CONTRACTOR shall profile PCP prescribing patterns for generic versus brand name and the number of narcotic prescriptions written. In addition, the CONTRACTOR shall comply with the requirements in Section 2.9.10 of this Agreement.

2.14.9.6 Advanced Imaging Procedures

The CONTRACTOR shall profile the utilization of advanced imaging procedures by PCP panel. Advanced imaging procedures include: PET Scans; CAT Scans and MRIs.

2.14.9.7 PCP Visits

The CONTRACTOR shall profile the average number of visits per member assigned to each PCP.

17. Section 2.15 shall be amended by deleting Section 2.15 in its entirety and replacing it with the following and renumbering all references thereto:

2.15 QUALITY MANAGEMENT/QUALITY IMPROVEMENT

2.15.1 Quality Management/Quality Improvement (QM/QI) Program

2.15.1.1 The CONTRACTOR shall have a written Quality Management/Quality Improvement (QM/QI) program that clearly defines its quality improvement structures and processes and assigns responsibility to appropriate individuals. This document shall include a separate section on CHOICES care coordination and must include all of the elements listed below. This QM/QI program shall use as a guideline the current NCQA Standards and Guidelines for the Accreditation of MCOs and shall include the CONTRACTOR's plan for improving patient safety. This means at a minimum that the QM/QI program shall:

2.15.1.1.1 Address physical health, behavioral health, and long-term care services;

2.15.1.1.2 Be accountable to the CONTRACTOR's board of directors and executive management team;

2.15.1.1.3 Have substantial involvement of a designated physician and designated behavioral health practitioner;

2.15.1.1.4 Any changes to the QM/QI program structure, including that of CHOICES, shall require prior written approval from TENNCARE. The QM/QI program description, associated work plan, and annual evaluation of the QM/QI Program shall be submitted to TENNCARE as required in Section 2.30.11.1, Reporting Requirements. All three of these documents shall include CHOICES information;

2.15.1.1.5 Have an annual work plan;

2.15.1.1.6 Have resources – staffing, data sources and analytical resources – devoted to it; and

2.15.1.1.7 Be evaluated annually and updated as appropriate.

2.15.1.2 The CONTRACTOR shall make all information about its QM/QI program available to providers and members.

- 2.15.1.3 As part of the QM/QI program, the CONTRACTOR shall collect information on providers' actions to improve patient safety and make performance data available to providers and members.
- 2.15.1.4 Any changes to the QM/QI program structure shall require prior written approval from TENNCARE. The QM/QI program description, associated work plan, and annual evaluation of the QM/QI Program shall be submitted to TENNCARE as required in Section 2.30.11.1, Reporting Requirements.
- 2.15.1.5 The CONTRACTOR shall use the results of QM/QI activities to improve the quality of physical health, behavioral health, and long-term care service delivery with appropriate input from providers and members.
- 2.15.1.6 The CONTRACTOR shall take appropriate action to address service delivery, provider, and other QM/QI issues as they are identified.
- 2.15.1.7 In addition to QM/QI activities as defined in this Section 2.15, the CONTRACTOR's QM/QI program shall incorporate all applicable reporting and monitoring requirements and activities, including but not limited to such activities specified in Sections 2.25, 2.30, and 2.9.6.12 of this Agreement; and shall include discovery and remediation of individual findings, as well as identification and implementation of strategies to make systemic improvements in the delivery and quality of care.

2.15.2 QM/QI Committee

- 2.15.2.1 The CONTRACTOR shall have a QM/QI committee which shall include medical, behavioral health, and long-term care staff and contract providers (including medical, behavioral health, and long-term care providers). This committee shall analyze and evaluate the results of QM/QI activities, recommend policy decisions, ensure that providers are involved in the QM/QI program, institute needed action, and ensure that appropriate follow-up occurs. This committee shall also review and approve the QM/QI program description and associated work plan prior to submission to TENNCARE as required in Section 2.30.11.1, Reporting Requirements.
- 2.15.2.2 The QM/QI committee shall keep written minutes of all meetings. A copy of the signed and dated written minutes for each meeting shall be available on-file after the completion of the following committee meeting in which the minutes are approved and shall be available for review upon request and during the annual on-site EQRO review and/or NCQA accreditation review.
- 2.15.2.3 The CONTRACTOR shall provide the Chief Medical Officer of TENNCARE with ten (10) calendar days advance notice of all regularly scheduled meetings of the QM/QI committee. To the extent allowed by law, the Chief Medical Officer of TENNCARE, or his/her designee, may attend the QM/QI committee meetings at his/her option.

2.15.3 Performance Improvement Projects (PIPs)

- 2.15.3.1 The CONTRACTOR shall perform at least two (2) clinical and three (3) non-clinical PIPs using existing processes, methodologies, and protocols, including the CMS protocols.
 - 2.15.3.1.1 The two (2) clinical PIPs shall include one (1) in the area of behavioral health. The behavioral health PIP shall be relevant to one of the behavioral health disease management programs for bipolar disorder, major depression, or schizophrenia.
 - 2.15.3.1.2 If and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, two (2) of the three (3) non-clinical PIPs shall be in the area of long-term care.
- 2.15.3.2 The CONTRACTOR shall ensure that CMS protocols for PIPs are followed and that the following are documented for each activity:
 - 2.15.3.2.1 Rationale for selection as a quality improvement activity;
 - 2.15.3.2.2 Specific population targeted, include sampling methodology if relevant;
 - 2.15.3.2.3 Metrics to determine meaningful improvement and baseline measurement;
 - 2.15.3.2.4 Specific interventions (enrollee and provider);
 - 2.15.3.2.5 Relevant clinical practice guidelines; and
 - 2.15.3.2.6 Date of re-measurement.
- 2.15.3.3 The CONTRACTOR shall identify benchmarks and set achievable performance goals for each of its PIPs. The CONTRACTOR shall identify and implement intervention and improvement strategies for achieving the performance goal set for each PIP and promoting sustained improvements.
- 2.15.3.4 The CONTRACTOR shall report on PIPs as required in Section 2.30.11.2, Reporting Requirements.
- 2.15.3.5 After three (3) years, the CONTRACTOR shall, using evaluation criteria established by TENNCARE, determine if one or all of the non-long-term care PIPs should be continued. Prior to discontinuing a non-long-term care PIP, the CONTRACTOR shall identify a new PIP and must receive TENNCARE's approval to discontinue the previous PIP and perform the new PIP.

2.15.4 Clinical Practice Guidelines

The CONTRACTOR shall utilize evidence-based clinical practice guidelines in its disease management programs. The guidelines shall be reviewed and revised at least every two (2) years or whenever the guidelines change.

2.15.5 NCQA Accreditation

- 2.15.5.1 The CONTRACTOR shall maintain NCQA accreditation throughout the period of this Agreement.
- 2.15.5.2 Following accreditation or re-accreditation, the CONTRACTOR must submit a copy of the bound report from NCQA” within 10 days of receipt of the report.
- 2.15.5.3 Failure to maintain NCQA Accreditation shall be considered a breach of this Agreement and shall result in termination of this Agreement in accordance with the terms set forth in Section 5.4 of this Agreement. Achievement of provisional accreditation status shall require a corrective action plan within thirty (30) calendar days of receipt of notification from NCQA and may result in termination of this Agreement in accordance with Section 5.4 of this Agreement.

2.15.6 HEDIS and CAHPS

- 2.15.6.1 Annually, the CONTRACTOR shall complete all HEDIS measures designated by NCQA as relevant to Medicaid. The only exclusion from the complete Medicaid HEDIS data set shall be dental measures. The CONTRACTOR shall contract with an NCQA certified HEDIS auditor to validate the processes of the CONTRACTOR in accordance with NCQA requirements. Audited HEDIS results shall be submitted to TENNCARE, NCQA and TENNCARE’s EQRO annually by June 15 of each calendar year.
- 2.15.6.2 Annually, the CONTRACTOR shall conduct a CAHPS survey. The CONTRACTOR shall enter into an agreement with a vendor that is certified by NCQA to perform CAHPS surveys. The CONTRACTOR’s vendor shall perform the CAHPS adult survey, CAHPS child survey and the CAHPS children with chronic conditions survey. Survey results shall be reported to TENNCARE separately for each required CAHPS survey listed above. Survey results shall be submitted to TENNCARE, NCQA and TENNCARE’s EQRO annually by June 15 of each calendar year.

2.15.7 Critical Incident Reporting and Management for Members in CHOICES Groups 2 or 3

- 2.15.7.1 Unless and until directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the requirements in Section 2.15.7 shall not apply. When directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3, the CONTRACTOR shall develop and implement a critical incident reporting and management system for incidents that occur in a home and community-based long-term care service delivery setting, including: community-based residential alternatives; adult day care centers; other HCBS provider sites; and a member’s home, if the incident is related to the provision of covered HCBS.
- 2.15.7.2 The CONTRACTOR shall identify and track critical incidents and shall review and analyze critical incidents to identify and address potential and actual quality of care and/or health and safety issues. The CONTRACTOR shall regularly review the number and types of incidents (including, for example, the number and type of incidents across settings, providers, and provider types) and findings from investigations (including findings from APS and CPS if available); identify trends

and patterns; identify opportunities for improvement; and develop and implement strategies to reduce the occurrence of incidents and improve the quality of HCBS.

- 2.15.7.3 Critical incidents shall include but not be limited to the following incidents when they occur in a home and community-based long-term care service delivery setting (as defined in Section 2.15.7.1 above):
 - 2.15.7.3.1 Unexpected death of a CHOICES member;
 - 2.15.7.3.2 Suspected physical or mental abuse of a CHOICES member;
 - 2.15.7.3.3 Theft or financial exploitation of a CHOICES member;
 - 2.15.7.3.4 Severe injury sustained by a CHOICES member;
 - 2.15.7.3.5 Medication error involving a CHOICES member;
 - 2.15.7.3.6 Sexual abuse and/or suspected sexual abuse of a CHOICES member; and
 - 2.15.7.3.7 Abuse and neglect and/or suspected abuse and neglect of a CHOICES member.
- 2.15.7.4 The CONTRACTOR shall require its staff and contract HCBS providers to report, respond to, and document critical incidents as specified by the CONTRACTOR. This shall include, but not be limited to the following:
 - 2.15.7.4.1 Requiring that the CONTRACTOR's staff and contract HCBS providers report critical incidents to the CONTRACTOR in accordance with applicable requirements. The CONTRACTOR shall develop and implement a critical incident reporting process, including the form to be used to report critical incidents and reporting timeframes. The maximum timeframe for reporting an incident to the CONTRACTOR shall be twenty-four (24) hours. The initial report of an incident within twenty-four (24) hours may be submitted verbally, in which case the person/agency/entity making the initial report shall submit a follow-up written report within forty-eight (48) hours.
 - 2.15.7.4.2 Requiring that suspected abuse, neglect, and exploitation of members who are adults is immediately reported in accordance with TCA 71-6-103 and suspected brutality, abuse, or neglect of members who are children is immediately reported in accordance with TCA 37-1-403 or TCA 37-1-605 as applicable.
 - 2.15.7.4.3 Requiring that its staff and contract HCBS providers immediately (which shall not exceed twenty-four hours) take steps to prevent further harm to any and all members and respond to any emergency needs of members.
 - 2.15.7.4.4 Requiring that contract HCBS providers with a critical incident conduct an internal critical incident investigation and submit a report on the investigation within the timeframe specified by the CONTRACTOR. The timeframe for submitting the report shall be as soon as possible, may be based on the severity of the incident, and, except under extenuating circumstances, shall be no more than thirty (30) days after the date of the incident. The CONTRACTOR shall review the provider's report and follow-up

with the provider as necessary to ensure that an appropriate investigation was conducted and corrective actions were implemented within applicable timeframes.

- 2.15.7.4.5 Requiring that its staff and contract HCBS providers cooperate with any investigation conducted by the CONTRACTOR or outside agencies (e.g., TENNCARE, APS, CPS, and law enforcement).
- 2.15.7.4.6 Defining the role and responsibilities of the fiscal employer agent (see definition in Section 1) in reporting, responding to, documenting, and investigating any critical incidents, which shall include reporting incidents to the CONTRACTOR using the process developed in accordance with Section 2.15.7.4.1, investigating critical incidents, submitting a report on investigations to the CONTRACTOR and reporting to the CONTRACTOR within 24 hours in accordance with the abuse and neglect plan protocols anytime there is a suspicion of abuse or neglect (see Section 2.9.7.8.6); training employees, contractors of the FEA (including supports brokers), and consumer-directed workers regarding reporting, responding to, documenting, and cooperating with the investigation of any critical incidents; and training consumers and caregivers regarding critical incident reporting and management. Such role and responsibilities shall be defined in a manner that is consistent with requirements in this Section 2.15.7.4 as well as TENNCARE's contract with the fiscal employer agent and the model contract between the CONTRACTOR and the FEA.
- 2.15.7.4.7 Reviewing the FEA's reports and investigations regarding critical incidents and follow-up with the FEA as necessary regarding corrective actions determined by the member and/or his/her representative to help ensure the member's health and safety.
- 2.15.7.4.8 Providing appropriate training and taking corrective action as needed to ensure its staff, contract HCBS providers, the FEA, and workers comply with critical incident requirements.
- 2.15.7.4.9 Conducting oversight, including but not limited to oversight of its staff, contract HCBS providers, and the FEA, to ensure that the CONTRACTOR's policies and procedures are being followed and that necessary follow-up is being conducted in a timely manner.
- 2.15.7.5 The CONTRACTOR shall report to TENNCARE any death and any incident that could significantly impact the health or safety of a member (e.g., physical or sexual abuse) within twenty-four (24) hours of detection or notification.
- 2.15.7.6 As specified in Section 2.30.11.6, the CONTRACTOR shall submit monthly reports to TENNCARE regarding all critical incidents.

18. Section 2.17 shall be amended by deleting Section 2.17 in its entirety and replacing it with the following and renumbering all references thereto:

2.17 MEMBER MATERIALS

2.17.1 Prior Approval Process for All Member Materials

- 2.17.1.1 The CONTRACTOR shall submit to TENNCARE for review and prior written approval all materials that will be distributed to members (referred to as member materials) as well as proposed health education and outreach activities. This includes but is not limited to member handbooks, provider directories, member newsletters, identification cards, fact sheets, notices, brochures, form letters, mass mailings, member education and outreach activities as described in this Section, Section 2.17 and Section 2.7.4, system generated letters and any other additional, but not required, materials and information provided to members designed to promote health and/or educate members.
- 2.17.1.2 All member materials shall be submitted to TENNCARE on paper and electronic file media, in the format prescribed by TENNCARE. The materials shall be accompanied by a plan that describes the CONTRACTOR's intent and procedure for the use of the materials. Materials developed by a recognized entity having no association with the CONTRACTOR that are related to management of specific types of diseases (e.g., heart, diabetes, asthma, etc.) or general health improvement shall be submitted for approval; however, unless otherwise requested by TENNCARE, an electronic file for these materials is not required. The electronic files shall be submitted in a format acceptable to TENNCARE. Electronic files submitted in any other format than those approved by TENNCARE will not be processed.
- 2.17.1.3 TENNCARE shall review the submitted member materials and either approve or deny them within fifteen (15) calendar days from the date of submission. In the event TENNCARE does not approve the materials TENNCARE may provide written comments, and the CONTRACTOR shall resubmit the materials.
- 2.17.1.4 Once member materials have been approved in writing by TENNCARE, the CONTRACTOR shall submit to TENNCARE an electronic version (PDF) of the final printed product, unless otherwise specified by TENNCARE, within thirty (30) calendar days from the print date. Should TENNCARE request original prints be submitted in hard copy, photo copies may not be submitted as a final product. Upon request, the CONTRACTOR shall provide additional original prints of the final product to TENNCARE.
- 2.17.1.5 Prior to modifying any approved member material, the CONTRACTOR shall submit for written approval by TENNCARE a detailed description of the proposed modification. Proposed modifications shall be submitted in accordance with the requirements herein.
- 2.17.1.6 TENNCARE reserves the right to notify the CONTRACTOR to discontinue or modify member materials after approval.

2.17.2 Written Material Guidelines

The CONTRACTOR shall comply with the following requirements as it relates to written member materials:

- 2.17.2.1 All member materials shall be worded at a sixth (6th) grade reading level, unless TENNCARE approves otherwise;
- 2.17.2.2 All written materials shall be clearly legible with a minimum font size of 12pt. with the exception of member I.D. cards, and unless otherwise approved in writing by TENNCARE;
- 2.17.2.3 All written materials shall be printed with the assurance of non-discrimination as provided in Section 5.32;
- 2.17.2.4 The following shall not be used on any written materials, including but not limited to member materials, without the written approval of TENNCARE:
 - 2.17.2.4.1 The Seal of the State of Tennessee;
 - 2.17.2.4.2 The TennCare name unless the initials “SM” denoting a service mark, is superscripted to the right of the name (TennCaresm);
 - 2.17.2.4.3 The word “free” unless the service is at no cost to all members. If members have cost sharing or patient liability responsibilities, the service is not free. Any conditions of payments shall be clearly and conspicuously disclosed in close proximity to the “free” good or service offer; and
 - 2.17.2.4.4 The use of phrases to encourage enrollment such as “keep your doctor” implying that enrollees can keep all of their providers. Enrollees in TennCare shall not be led to think that they can continue to go to their current provider, unless that particular provider is a contract provider with the CONTRACTOR’s MCO;
- 2.17.2.5 All vital CONTRACTOR documents shall be translated and available in Spanish. Within ninety (90) calendar days of notification from TENNCARE, all vital CONTRACTOR documents shall be translated and available to each Limited English Proficiency group identified by TENNCARE that constitutes five percent (5%) of the TennCare population or one-thousand (1,000) enrollees, whichever is less;
- 2.17.2.6 All written member materials shall notify enrollees that oral interpretation is available for any language at no expense to them and how to access those services;
- 2.17.2.7 All written member materials shall be made available in alternative formats for persons with special needs at no expense to the member;
- 2.17.2.8 The CONTRACTOR shall provide written notice to members of any changes in policies or procedures described in written materials previously sent to members. The CONTRACTOR shall provide written notice at least thirty (30) days before the effective date of the change; and

- 2.17.2.9 The CONTRACTOR shall use the approved glossary of required Spanish terms in the Spanish translation of all member materials.

2.17.3 Distribution of Member Materials

- 2.17.3.1 The CONTRACTOR shall distribute member materials as required by this Agreement. Required materials, described below, include member handbooks, provider directories, quarterly member newsletters, identification cards, and CHOICES member education materials.
- 2.17.3.2 The CONTRACTOR may distribute additional materials and information, other than those required by this Section, Section 2.17, to members in order to promote health and/or educate enrollees.

2.17.4 Member Handbooks

- 2.17.4.1 The CONTRACTOR shall develop a member handbook based on a template provided by TENNCARE, and update it periodically (at least annually). Upon notice to TENNCARE of material changes to the member handbook, the CONTRACTOR shall make appropriate revisions and immediately distribute the revised handbook to members and providers.
- 2.17.4.2 The CONTRACTOR shall distribute member handbooks to members within thirty (30) calendar days of receipt of notice of enrollment in the CONTRACTOR's MCO or prior to enrollees' enrollment effective date as described in Section 2.4.5 and at least annually thereafter. In the event of material revisions to the member handbook, the CONTRACTOR shall distribute the new and revised handbook to all members immediately.
- 2.17.4.3 In situations where there is more than one member in a TennCare case, it shall be acceptable for the CONTRACTOR to mail one (1) member handbook to each address listed for the member's TennCare case number when there is more than one (1) new enrollee assigned to the same case number at the time of enrollment and when subsequent new or updated member handbooks are mailed to members. Should a single individual be enrolled and be added into an existing case, a member handbook (new or updated) shall be mailed to that individual regardless of whether or not a member handbook has been previously mailed to members in the existing case.
- 2.17.4.4 The CONTRACTOR shall distribute a member handbook to all contract providers upon initial credentialing, annually thereafter to all contract providers and the FEA (if and when directed by TENNCARE to serve as a back-up health plan and/or enroll members in CHOICES Group 2 and/or 3) as handbooks are updated, and whenever there are material revisions. For purposes of providing member handbooks to providers and to the FEA, it shall be acceptable to provide handbooks in electronic format, including but not limited to CD or access via a web link.
- 2.17.4.5 The CONTRACTOR shall develop a supplement for the member handbook that includes information regarding the CHOICES program. The supplement shall include the information specified in Section 2.17.4.7 that is not currently included in the member handbook, as determined by TENNCARE.

- 2.17.4.5.1 The CONTRACTOR shall distribute the supplement to all existing members, contract providers, and the FEA after TENNCARE has issued member notices regarding CHOICES implementation but prior to the implementation date of CHOICES in the applicable Grand Region covered by this Agreement, to new members in accordance with Section 2.17.4.2 above, and to all contract providers and the FEA in accordance with 2.17.4.4 above. The CONTRACTOR shall distribute the supplement until the member handbook is revised to include the CHOICES program, which shall be no later than the date specified by TENNCARE.
- 2.17.4.6 The CONTRACTOR shall print, disseminate and review with each member in CHOICES Group 2 or 3 participating in consumer direction of HCBS a consumer direction handbook developed by TENNCARE. In the event of material revisions to the consumer direction handbook, the CONTRACTOR shall immediately disseminate and review with each CHOICES member participating in consumer direction key changes as reflected in the new and revised consumer direction handbook.
- 2.17.4.7 Each member handbook shall, at a minimum, be in accordance with the following guidelines:
 - 2.17.4.7.1 Shall be in accordance with all applicable requirements as described in Section 2.17.2 of this Agreement;
 - 2.17.4.7.2 Shall include a table of contents;
 - 2.17.4.7.3 Shall include an explanation on how members will be notified of member specific information such as effective date of enrollment, of PCP assignment, and of care coordinator assignment for CHOICES members;
 - 2.17.4.7.4 Shall include an explanation of how members can request to change PCPs;
 - 2.17.4.7.5 Shall include a description of services provided including benefit limits, the consequences of reaching a benefit limit, non-covered services, and use of non-contract providers, including that members are not entitled to a fair hearing about non-covered services and that members shall use contract providers except in specified circumstances;
 - 2.17.4.7.6 Shall explain that prior authorization is required for some services, including non-emergency services provided by a non-contract provider, and that service authorization is required for all long-term care services; that such services will be covered and reimbursed only if such prior authorization/service authorization is received before the service is provided; that all prior authorizations/service authorizations are null and void upon expiration of a member's TennCare eligibility; and that the member shall be responsible for payment for any services provided after the member's eligibility has expired;

- 2.17.4.7.7 Shall include a statement advising members that the CONTRACTOR may choose to provide certain non-covered services to a particular member when the CONTRACTOR determines that such non-covered services are an appropriate and more cost-effective way of meeting the member's needs than other covered services that would otherwise be provided; a member is not entitled to receive these non-covered services; the decision to provide or not provide these services to a particular member is at the sole discretion of the CONTRACTOR; and if the CONTRACTOR does not provide one of these non-covered services to a member, the member is not entitled to a fair hearing regarding the decision;
- 2.17.4.7.8 Shall include descriptions of the Medicaid Benefits, Standard Benefits, and the covered long-term care services for CHOICES members, by CHOICES group.
- 2.17.4.7.9 Shall include a description of TennCare cost sharing or patient liability responsibilities including an explanation that providers and/or the CONTRACTOR may utilize whatever legal actions are available to collect these amounts. Further, the information shall specify the instances in which a member may be billed for services, and shall indicate that the member may not be billed for covered services except for the amounts of the specified TennCare cost sharing or patient liability responsibilities and explain the member's right to appeal in the event that they are billed for amounts other than their TennCare cost sharing or patient liability responsibilities. The information shall also identify the potential consequences if the member does not pay his/her patient liability, including loss of the member's current nursing facility provider, disenrollment from CHOICES, and, to the extent the member's eligibility depends on receipt of long-term care services, loss of eligibility for TennCare;
- 2.17.4.7.10 Shall include information about preventive services for adults and children, including TENNderCare, a listing of covered preventive services, and notice that preventive services are at no cost and without cost sharing responsibilities;
- 2.17.4.7.11 Shall include procedures for obtaining required services, including procedures for obtaining referrals to specialists as well as procedures for obtaining referrals to non-contract providers. The handbook shall advise members that if they need a service that is not available from a contract provider, they will be referred to a non-contract provider and any copayment requirements would be the same as if this provider were a contract provider;
- 2.17.4.7.12 Shall include information on the CHOICES program, including a description of the CHOICES groups; eligibility for CHOICES; enrollment in CHOICES, including whom to contact at the MCO regarding enrollment in CHOICES; enrollment targets for CHOICES Group 2 and Group 3, including reserve capacity and administration of waiting lists; and CHOICES benefits, including benefit limits, the individual cost neutrality cap for CHOICES Group 2, and the expenditure cap for CHOICES Group 3;
- 2.17.4.7.13 Shall include information on care coordination for CHOICES members, including but not limited to the role of the care coordinator, level of care assessment and reassessment, needs assessment and reassessment, and care planning, including the development of a plan of care for members in CHOICES Groups 2 and 3;

- 2.17.4.7.14 Shall include information on the right of CHOICES members to request an objective review by the State of their needs assessment and/or care planning processes and how to request such a review;
- 2.17.4.7.15 Shall include information regarding consumer direction of HCBS, including but not limited to the roles and responsibilities of the member or the member's representative, the services that can be directed, the member's right to participate in or voluntarily withdraw from consumer direction at any time, the role of and services provided by the FEA, as well as a statement that voluntary or involuntary withdrawal from consumer direction will not affect a member's eligibility for CHOICES;
- 2.17.4.7.16 Shall include an explanation of emergency services and procedures on how to obtain emergency services both in and out of the CONTRACTOR's service area, including but not limited to: an explanation of post-stabilization services, the use of 911, locations of emergency settings and locations for post-stabilization services;
- 2.17.4.7.17 Shall include information on how to access the primary care provider on a twenty-four (24) hour basis as well as the twenty-four (24) hour nurse line. The handbook may encourage members to contact the PCP or twenty-four (24) hour nurse line when they have questions as to whether they should go to the emergency room;
- 2.17.4.7.18 Shall include information on how to access a care coordinator, including the ability to access a care coordinator after regular business hours through the twenty-four (24) hour nurse triage/advice line;
- 2.17.4.7.19 Shall include notice of the right to file a complaint as is provided for by Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, the Omnibus Budget Reconciliation Act of 1981 (P.L. 97-35) and a complaint form on which to do so;
- 2.17.4.7.20 Shall include information about the Long-Term Care Ombudsman Program;
- 2.17.4.7.21 Shall include information about the CHOICES consumer advocate as required by Section 2.29.1.3 of this Agreement, including but not limited to the role of the consumer advocate in the CHOICES program and how to contact the consumer advocate for assistance;
- 2.17.4.7.22 Shall include information about how to report suspected abuse, neglect, and exploitation of members who are adults (see TCA 71-6-101 *et seq.*) and suspected brutality, abuse, or neglect of members who are children (see TCA 37-1-401 *et seq.* and TCA 37-1-601 *et seq.*), including the phone numbers to call to report suspected abuse/neglect;
- 2.17.4.7.23 Shall include complaint and appeal procedures as described in Section 2.19 of this Agreement;
- 2.17.4.7.24 Shall include notice that in addition to the member's right to file an appeal directly to TENNCARE for adverse actions taken by the CONTRACTOR, the member shall have the right to request reassessment of eligibility related decisions directly to TENNCARE;

- 2.17.4.7.25 Shall include written policies on member rights and responsibilities, pursuant to 42 CFR 438.100 and NCQA's Standards and Guidelines for the Accreditation of MCOs;
- 2.17.4.7.26 Shall include written information concerning advance directives as described in 42 CFR 489 Subpart I and in accordance with 42 CFR 422.128;
- 2.17.4.7.27 Shall include notice that enrollment in the CONTRACTOR's MCO invalidates any prior authorization for services granted by another MCO but not utilized by the member prior to the member's enrollment into the CONTRACTOR's MCO and notice of continuation of care when entering the CONTRACTOR's MCO as described in Section 2.9.2 of this Agreement;
- 2.17.4.7.28 Shall include notice to the member that it is the member's responsibility to notify the CONTRACTOR, TENNCARE, and DHS (or for SSI eligibles, SSA) each and every time the member moves to a new address and that failure to notify DHS (or for SSI eligibles, SSA) could result in the member not receiving important eligibility and/or benefit information;
- 2.17.4.7.29 Shall include notice that a new member may request to change MCOs at anytime during the forty-five (45) calendar day period immediately following their initial enrollment in an MCO, subject to the capacity of the selected MCO to accept additional members and any restrictions limiting enrollment levels established by TENNCARE. This notice shall include instructions on how to contact TENNCARE to request a change;
- 2.17.4.7.30 Shall include notice that the member may change MCOs at the next choice period as described in Section 2.4.7.2.2 of this Agreement and shall have a forty-five (45) calendar day period immediately following the enrollment, as requested during said choice period, in a new MCO to request to change MCOs, subject to the capacity of the selected MCO to accept additional enrollees and any restrictions limiting enrollment levels established by TENNCARE. This notice shall include instructions on how to contact TENNCARE to request a change;
