5. Section 1-3 shall be amended by adding additional language to the definition of "Vital MCO Documents" so that the new and revised definitions shall read as follows:

Vital MCO Documents – Consent forms and notices pertaining to the reduction, denial, delay, suspension or termination of services. All vital documents must be available in Spanish.

6. Section 2-1 shall be amended by adding a new Section 2-1.u which shall read as follows:

2-1.u. The CONTRACTOR shall collect information and report to TENNCARE consistent with HEDIS requirements as defined by CMS for Medicaid. This provision does not require an independent audit by MCOs; however, TENNCARE reserves the right to audit reported information through reviews by internal and/or external staff.

7. Section 2-3.8.a shall be amended by deleting the word "pharmacy" and replacing it with the word "TennCare" so that the amended Section 2-3.8.a shall read as follows:

a. The CONTRACTOR is responsible for coordinating TennCare-covered benefits with benefits offered by other insurance, including Medicare, which the enrollee may have. For Medicaid eligibles, such coordination must insure that TennCare-covered services are delivered without charge to the enrollee except for applicable TennCare cost share responsibilities in accordance with TennCare waiver provisions and the TennCare rules and regulations.

Amendment 7 (cont.)

8. Section 2-3.11.1.f shall be amended by adding a new sentence to the end of the existing text so that the amended Section 2-3.11.1.f shall read as follows:

2-3.11.1.f The individual has voluntarily given informed consent on the approved "STERILIZATION CONSENT FORM" which is contained in this Agreement as Attachment V. The form shall be available in English and Spanish, and assistance must be provided in completing the form when an alternative form of communication is necessary.

9. Section 2-3.11.3.c shall be amended by adding a new sentence to the end of the existing text so that the amended Section 2-3.11.3.c shall read as follows:

2-3.11.3.c The individual or her authorized representative, if any, must sign and date a "STATEMENT OF RECEIPT OF INFORMATION CONCERNING HYSTERECTOMY" form, contained in this Agreement as Attachment VII, prior to the hysterectomy. Informed consent must be obtained regardless of diagnosis or age in accordance with Federal requirements. The form shall be available in English and Spanish, and assistance must be provided in completing the form when an alternative form of communication is necessary.

10. The first paragraph of Section 2-3.15 shall be amended by adding the word "TennCare" before the words "cost sharing" in the last sentence so that the amended first paragraph of Section 2-3.15 shall read as follows:

2-3.15 Prenatal Care

The CONTRACTOR shall have policies and procedures to facilitate and take reasonable steps to assist pregnant members in accessing prenatal care. This provision shall apply to enrollees in the plan who become pregnant as well as enrollees who are pregnant on the beginning date of enrollment in the plan. This provision does not intend to require all of the CONTRACTOR's network providers to accept new enrollees. However, the CONTRACTOR shall maintain a provider network consisting of providers who accept new enrollees in accordance with TennCare access standards and shall inform TENNCARE, as required, of network providers who do not accept new enrollees. In the event an enrollee entering the CONTRACTOR's plan is receiving medically necessary prenatal care services the day before enrollment, the CONTRACTOR shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network until such time as the CONTRACTOR can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health. The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payor) plus any applicable amount of TennCare cost sharing responsibilities due from the enrollee as payment in full for the service.

Amendment 7 (cont.)

11. Section 2-3.16 shall be amended by adding new text to the end of the first paragraph, by adding new text in the second paragraph and by deleting the third paragraph so that the first two paragraphs of Section 2-3.16 shall read as follows:

2-3.16. Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Requirements

The CONTRACTOR must have written policies and procedures for an EPSDT program that includes coordinating services with other TennCare providers, providing all medically necessary Title XIX EPSDT services to all eligible individuals under the age of twenty-one (21) regardless of whether the service is included in the Medicaid State Plan, as well as outreach and education. The State EPSDT program shall be referred to as "TENnderCare". The CONTRACTOR shall use "TENnderCare" in describing or naming an EPSDT program or services. This shall include, but not be limited to, all policies, procedures and/or marketing material, regardless of the format or media. No other names or labels shall be utilized. CONTRACTORS may, however, use existing EPSDT materials through December 31, 2004. Any new or reprinted EPSDT materials shall use TENnderCare as of July 1, 2004.

The CONTRACTOR shall provide EPSDT services to enrollees under age 21 in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989. EPSDT Services means early and periodic screening, diagnosis and treatment of enrollees under age 21 made pursuant to 42 U.S.C. Sections 1396a(a)(43), 1396d(a) and (r) and 42 CFR Part 441, Subpart B to ascertain children's individual (or individualized/or on an individual basis) physical and mental defects, and providing treatment to correct or ameliorate, or prevent from worsening defects and physical and mental illnesses and conditions discovered by the screening services, whether or not such services are covered. The CONTRACTOR shall be responsible for the provision of all related services except for behavioral health services that are carved out as a separate arrangement from this Agreement as well as Pharmacy and Dental services at such time as they are removed from the responsibilities described in this Agreement. Effective upon receipt of written notification from TENNCARE, the CONTRACTOR is not required to provide services in accordance with EPSDT requirements to TennCare Standard enrollees under the age of 21.

12. Section 2-3.16.7.1.a. shall be amended by adding new text in the middle of the second sentence so that the amended Section 2-3.16.7.1.a shall read as follows:

- a. Information included in the member handbook regarding EPSDT services must be sent within thirty (30) days of receipt of notification of enrollment as specified in Section 2-6.2.c.1 and 4-1.2. Annually thereafter, upon the Enrollee's anniversary date of enrollment, the CONTRACTOR shall send an updated handbook, a supplemental update to the handbook, or a reminder of EPSDT services. All handbooks must be in accordance with the TennCare Marketing Guidelines and Section 2-6 of this Agreement.

13. Section 2-3 shall be amended by adding a new Section 2-3.19 which shall read as follows:

2-3.19 Coordination with the Department of Education

The State has implemented a program to provide federal reimbursement to local education agencies (LEAs) for medical services provided to Medicaid-eligible students in a school setting. These services must be medically necessary and included in the student's Individualized Education Plan (IEP). The purpose of this program is to assist LEAs to provide quality medical

Amendment 7 (cont.)

services to students with special needs. This program does not replace the MCOs obligation to pay for medical services for these enrollees, but allows the school districts the option to receive fee-for-service payment directly from TENNCARE where providers are direct employees of the school district or are community providers.

MCOs should continue to reimburse qualified providers for services provided in the school setting, such as services coordinated through Department of Health's Project Teach. MCOs should also continue dialogue with providers and Project Teach Coordinators to establish school-based services for students with special needs.

14. Section 2-4.3.i and j. shall be amended by adding the word "TennCare" before the words "cost sharing" so that the amended Sections 2-4.2.i and j. shall read as follows:
- i. In the event an enrollee entering the MCO's plan is receiving medically necessary TennCare covered services the day before enrollment, the CONTRACTOR shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network until such time as the CONTRACTOR can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health. The CONTRACTOR shall assure that the enrollee is held harmless by the provider for the costs of the service or procedure except for applicable TennCare cost sharing amounts. The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payer) plus any applicable amount of TennCare cost sharing due from the enrollee as payment in full for the service. If the CONTRACTOR's payment to a non-contract provider is less than it would have been for a contract provider and the provider contests the payment amount, the CONTRACTOR shall notify the non-contract provider that the provider may initiate the independent review procedures in accordance with T.C.A. Section 56-32-226 as described in Section 2-18 of this Agreement. If it is medically necessary that care extend beyond thirty (30) days, the CONTRACTOR may require prior authorization for continuation of the services beyond thirty (30) days. Care rendered to a CONTRACTOR's enrollee beyond thirty (30) days that is out-of-plan or out-of-network for which a provider has not sought prior authorization need not be reimbursed;
 - j. In the event an enrollee entering the CONTRACTOR's plan is receiving medically necessary prenatal care services the day before enrollment, the CONTRACTOR shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network until such time as the CONTRACTOR can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health. The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payer) plus any applicable amount of TennCare cost sharing responsibilities due from the enrollee as payment in full for the service.

Amendment 7 (cont.)

15. Section 2-4.3.1 and m. shall be amended by adding new text so that the amended Sections 2-4.3.1 and m. shall read as follows:
1. The CONTRACTOR shall implement mechanisms to assess each TennCare enrollee identified by the State as having special health care needs in order to identify any ongoing special conditions of the enrollee that require a course of treatment or regular care monitoring. The assessment mechanisms must use appropriate health care professionals. Enrollees who are dually eligible for TennCare and Medicare are exempt from this requirement. For purposes of Sections 2-4.3(l) and (m), enrollees with special health care needs shall refer to enrollees identified through the Department of Children's Services (DCS), as described in Section 1-3 of this Agreement.
 - m. The CONTRACTOR shall implement procedures to share, with other MCOs, BHOs, DBMs and PBMs (as necessary) serving the enrollee, the results of its identification and assessment of any enrollee with special health care needs so that those activities need not be duplicated.
16. Sections 2-4.7.2 and 2-4.7.3 shall be amended by adding the word "TennCare" before the words "cost sharing" so that the amended Sections 2-4.7.2 and 2-4.7.3. shall read as follows:

2-4.7.2 MCO Assignment Unknown – Services Obtained from Out-of-Plan Provider

The CONTRACTOR shall include provisions governing the payment for medically necessary covered services provided to an enrollee by a non-contract or non-referred provider for services received by an enrollee any time when TENNCARE determines that the enrollee is eligible for TennCare and has enrolled the individual in the CONTRACTOR's plan and the enrollee could not have known which MCO they were enrolled in at the time of the service. The parties to this Agreement recognize that in accordance with TennCare policies and procedures, if an enrollee requests enrollment in a specified MCO, the enrollee may be assigned to an MCO other than the one that he/she requested. An example a of circumstances when an enrollee would not be enrolled in the requested MCO includes, there is not sufficient capacity in the MCO in which the enrollee requested enrollment. If an enrollee did not request enrollment in a specified MCO, the enrollee will be assigned to an MCO in accordance with TennCare policies and procedures. In either case, the effective date of enrollment may occur prior to the MCO being notified of the enrollee becoming a member of the plan. When this situation arises, the MCO shall not deny medically necessary services provided during this period of eligibility for lack of prior authorization or lack of referral; likewise, an MCO shall not deny a claim on the basis of the provider's failure to file a claim within a specified time period after the date of service when the provider could not have reasonably known which MCO the enrollee was in during the timely filing period. However, in such cases the MCO may impose timely filing requirements beginning on the date of notification of the individual's enrollment. When an enrollee has incurred medically necessary medical expenses that are covered benefits during a period of enrollment in the plan, the CONTRACTOR shall make reimbursement for the medical services and shall assure that the enrollee is held harmless by the provider for the costs of the service or procedure except for applicable TennCare cost sharing amounts. The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payor) plus any applicable amount of TennCare cost sharing responsibilities due from the enrollee as payment in full for the service. Failure to provide coverage of a service or make payments for a service within five (5) calendar days of a directive from TENNCARE shall result in the application of liquidated damages as described in Section 6-8 of this Agreement.

2-4.7.3 Medically Necessary Services obtained from Out of Plan Providers/Referred by Contract Provider

The CONTRACTOR shall include provisions governing the referral and payment for medically necessary services provided to an enrollee by a non-contract provider at the request of a contract provider. The CONTRACTOR's payment shall not be less than eighty percent (80%) of the rate that would have been paid by the plan if the enrollee had received the services from a provider who is participating in the CONTRACTOR's plan. The CONTRACTOR shall require the out-of-plan provider to accept the CONTRACTOR's payment, plus applicable TennCare cost sharing responsibilities as payment in full for the service(s) as required by TennCare rules and regulations and Section 2-3.1 of this Agreement.

17. Section 2-4.11 shall be deleted and replaced in its entirety so that the amended Section 2-3.i shall read as follows:

2-4.11 Cost-Sharing

The CONTRACTOR and all providers and subcontractors shall not require any cost sharing responsibilities for TennCare covered services except to the extent that cost sharing responsibilities are required for those services by TENNCARE in accordance with TennCare rules and regulations, including but not limited to, holding enrollees liable for debt due to insolvency of the MCO or non-payment by the State to the MCO. Further, the CONTRACTOR and all providers and subcontractors may not charge enrollees for missed appointments.

TennCare cost sharing responsibilities shall apply to services other than the preventive services described in Section 2-3.3 of this Agreement. Copayments shall be applied on a sliding scale according to the enrollee's income. The maximum out-of-pocket expenses an enrollee may incur as the result of cost sharing responsibilities shall also be limited according to the enrollee's income. The current sliding scale schedule to be used in determining applicable cost sharing responsibilities and out-of-pocket expenses is included in this Agreement as Attachment XI. The CONTRACTOR shall track and report to TENNCARE the amount of enrollee cost-sharing liabilities on a quarterly basis in a form and format to be specified by TENNCARE. TENNCARE shall aggregate cost-sharing information submitted by TennCare MCOs, BHOs and the PBM to identify enrollees that have met or exceeded their annual out-of-pocket expenditure maximum. The CONTRACTOR agrees to coordinate reimbursement to enrollees, either directly or through its network providers, that have exceeded the applicable out-of-pocket maximum, upon receipt of notification by TENNCARE. Should the CONTRACTOR elect to reimburse enrollees through its network providers, the CONTRACTOR shall conduct an audit of the providers that have been reimbursed in order to assure that enrollees received appropriate credit and/or reimbursement and are held harmless for amounts that exceed their out-of-pocket maximum.

The CONTRACTOR shall be expressly prohibited from waiving or using any alternative TennCare cost sharing schedules, unless required by TENNCARE.

If, and at such time that TENNCARE amends any TennCare rules or regulations, including but not limited to the TennCare cost sharing rules, the rules shall automatically be incorporated into this Agreement and become binding on the CONTRACTOR and its providers.

Providers or collection agencies acting on the provider's behalf may not bill enrollees for amounts other than applicable TennCare cost sharing responsibilities for TennCare covered services except as permitted by

Amendment 7 (cont.)

TennCare rule 1200-13-12-.08, 1200-13-13-.08, 1200-13-14-.08 and as described below. Providers may seek payment from an enrollee in the following situations:

1. if the services are not covered by TennCare and the provider informed the enrollee the services were not covered prior to providing the service. The provider is required to inform the enrollee of the non-covered service and have the enrollee acknowledge the information. If the enrollee still requests the service, the provider shall obtain such acknowledgment in writing prior to rendering the service. Regardless of any understanding worked out between the provider and the enrollee about private payment, once the provider bills an MCO for the service that has been provided, the prior arrangement with the enrollee becomes null and void without regard to any prior arrangement worked out with the enrollee; or
2. if the enrollee's TennCare eligibility is pending at the time services are provided and if the provider informs the person they will not accept TennCare assignment whether or not eligibility is established retroactively. Regardless of any understanding worked out between the provider and the enrollee about private payment, once the provider bills an MCO for the service the prior arrangement with the enrollee becomes null and void without regard to any prior arrangement worked out with the enrollee; or
3. if the enrollee's TennCare eligibility is pending at the time services are provided, however, all monies collected, except applicable TennCare cost share amounts must be refunded when a claim is submitted to an MCO if the provider agreed to accept TennCare assignment once retroactive TennCare eligibility was established. (The monies collected shall be refunded as soon as a claim is submitted and shall not be held conditionally upon payment of the claim); or
4. the enrollee requests services that are non-TennCare covered services provided at the option of the CONTRACTOR in accordance with the terms of this Agreement.

The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payor) plus any applicable amount of TennCare cost sharing responsibilities due from the enrollee as payment in full for the service. Should a provider, or a collection agency acting on the provider's behalf, bill an enrollee for amounts other than the applicable amount of TennCare cost sharing responsibilities due from the enrollee, once a CONTRACTOR becomes aware the CONTRACTOR shall notify the provider and demand that the provider and/or collection agency cease such action against the enrollee immediately. After notification by the CONTRACTOR, if a provider continues to bill an enrollee, the CONTRACTOR shall refer the provider to the TBI.

18. The first paragraph in Section 2-6.2.c.1 shall be deleted and replaced in its entirety so that the new first paragraph in Section 2-6.2.c.1 shall read as follows:

1. Member Handbooks. The CONTRACTOR shall update or develop their member handbook annually unless otherwise specified by TENNCARE. As described by TENNCARE, the annual requirement to update and or develop member handbooks may be delayed or modified as the result of major modifications and/or reform efforts being implemented in the TennCare program. Member handbooks must be approved by TennCare prior to distribution. Member handbooks must be distributed to enrollees within thirty (30) days of receipt of notice of enrollment in the CONTRACTOR's plan. In situations where there is more than one enrollee in a TennCare case, it shall be acceptable for the CONTRACTOR to mail one (1) member handbook to each address listed for the enrollee's TennCare case number when there is more than one (1) new enrollee

Amendment 7 (cont.)

assigned to the same case number at the time of enrollment and when subsequent new or updated member handbooks are mailed to enrollees. Should a single individual be enrolled and be added into an existing case, a member handbook new or updated must be mailed to that individual regardless of whether or not a member handbook has been previously mailed to enrollees in the existing case. Upon notice by TENNCARE of material changes, the CONTRACTOR shall make the appropriate revisions to maintain and redistribute the member handbooks immediately. The CONTRACTOR shall as appropriate, maintain and provide two (2) separate versions of the CONTRACTOR's TennCare Member Handbook for the specific population being served for the purpose of describing Medicaid Benefits to the Medicaid population and Standard Benefits to the Standard population. All revisions must be approved by TENNCARE prior to dissemination. Each member handbook shall, at a minimum, be in accordance with the following guidelines:

19. Section 2-6.2.c.1.e shall be amended by adding the word "TennCare" before the words "cost sharing.

20. Section 2-6.2.c.1 shall be amended by adding a new Section 2-6.2.c.1.j and renumbering the existing subsections (j) through (v) accordingly. The new Sections 2-6.2.c.1.j shall read as follows:

2-6.2.c.1.j Shall include notice to the enrollee of the right to file a complaint as is provided for by Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1975, the Age Discrimination Act of 1975, the Omnibus Budget Reconciliation Act of 1981 (P.E.. 97-35) and a complaint form on which to do so.

21. Sections 2-6.2.c.2, 2-6.2.c.3 and 2-6.2.c.4 shall be deleted and replaced in their entirety so that the amended Sections 2-6.2.c.2, 2-6.2.c.3 and 2-6.2.c.4 shall read as follows:

2-6.2.c. 2. Quarterly Newsletter. The CONTRACTOR shall, at a minimum, distribute on a quarterly basis a newsletter to all enrollees which is intended to educate the enrollee to the managed care system, proper utilization of services, etc., and encourage utilization of preventive care services. The CONTRACTOR shall include the following information in each newsletter:

- a. specific articles or other specific information as described when requested by TENNCARE. Such requests by TENNCARE shall be limited to two hundred (200) words and shall be reasonable including sufficient notification of information to be included; and
- b. the procedure on how to obtain information in alternative formats or how to access interpretation services as well as a statement that interpretation and translation services are free;
- c. a notice to enrollees of the right to file a complaint, as is provided for by Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1975, the Age Discrimination Act of 1975, the Omnibus Budget Reconciliation Act of 1981 (P.E.. 97-35), and a Contractor phone number for doing so. The notice shall be English and Spanish; and
- d. For TennCare Medicaid enrollees, EPSDT information, including but not limited to, encouragement to obtain screenings and other preventive care services.

Not more than one hundred twenty (120) calendar days shall elapse between dissemination of this information. In order to satisfy the requirement to distribute the quarterly newsletter to all enrollees, it shall be acceptable to mail one (1) quarterly newsletter to each address associated with the enrollees TennCare case number. In addition to the prior authorization requirement regarding dissemination of materials to enrollees, the CONTRACTOR shall also submit to TENNCARE, five (5) final printed originals, unless otherwise specified by TENNCARE, of the newsletter and the date that the information was mailed to enrollees along with an invoice or other type of documentation to indicate the date and volume of the quarterly newsletter mailing.

2-6.2.c.3. Identification Cards. The CONTRACTOR shall provide enrollees with identification cards. The cost of these items shall be borne by the CONTRACTOR. The State shall review and approve identification cards prior to issuance for use. Each enrollee shall be provided an identification card, which identifies the enrollee as a participant in the TennCare Program within thirty (30) calendar days of notification of enrollment into the CONTRACTOR's plan. The identification card must comply with all state and federal requirements, including but not limited to, the Standardized Pharmacy Benefit Identification Card Act. Once the identification card has been approved by TENNCARE the CONTRACTOR shall submit five (5) printed sample cards of the final product, unless otherwise specified by TENNCARE, to the TennCare Marketing Coordinator within thirty (30) working days from the print date. Photo copies may not be submitted as a final product. Prior to modifying an approved identification card the CONTRACTOR shall submit for approval by TENNCARE a detailed description of the proposed modification. The identification card may be issued by the CONTRACTOR, subject to prior approval of the format and content by TENNCARE.

2-6.2.c. 4. The CONTRACTOR shall be responsible for distributing provider directories to new members within thirty (30) calendar days of receipt of notification of enrollment in the plan. The CONTRACTOR shall also be responsible for redistribution of updated provider information on a regular basis and shall redistribute a complete and updated provider directory at least on an annual basis. Provider directories shall include the following: names, locations, telephone numbers, office hours, non-English languages spoken by current network PCPs and specialists, hospital listings including locations of emergency settings and post stabilization services, identification of providers accepting new patients and whether or not a provider performs EPSDT screens. Enrollee provider directories, and any revisions thereto, shall be submitted to TENNCARE for approval prior to distribution to enrollees. Each submission shall include a paper and an electronic copy. The text of the directory shall be in Microsoft Word or Adobe (PDF) format. In addition, the provider information used to populate the enrollee provider directory shall be submitted as a TXT file or such format as otherwise approved by TENNCARE and be produced using the same extract process as the actual enrollee provider directory. In situations where there is more than one enrollee in a TennCare case, it shall be acceptable for the CONTRACTOR to mail one (1) provider directory to each address listed for the enrollee's TennCare case number when there is more than one (1) new enrollee assigned to the same case number at the time of enrollment and when subsequent updated provider directories are mailed to enrollees. Should a single individual be enrolled and be added into an existing case, a provider directory must be mailed to that individual regardless of whether or not a provider directory has been previously mailed to enrollees in the existing case. These updates shall be maintained in accordance with Section 2-1.0 of this Agreement.

Amendment 7 (cont.)

22. Section 2-6.5 shall be deleted in its entirety and replaced by a new Section 2-6.5 which shall read as follows:

2-6.5 Prior Approval

- a. If the CONTRACTOR chooses to prepare a marketing plan, the CONTRACTOR shall submit a detailed description of its^u marketing plan for approval. If the CONTRACTOR chooses to use marketing material previously approved for a prior event, the CONTRACTOR shall submit samples of these materials for review and approval with their submission. Further, The CONTRACTOR shall submit any materials it intends to use and a description of any marketing activities to be held prior to implementation or use. This includes but is not limited to all policies and manuals, advertisement copy, brochures, posters, fact sheets, video tapes, story boards for the production of videos, audio tapes, newsletters, any and all other forms of advertising as well as any other forms of public contact such as participation in health fairs and/or telemarketing scripts.
 - b. All materials submitted by the CONTRACTOR shall be accompanied by a plan that describes the CONTRACTOR's intent and procedure for the use of the materials. All written material submitted by the CONTRACTOR must be submitted on paper and electronic file media. Materials developed by a recognized entity having no association with the CONTRACTOR that are related to management of specific types of diseases (e.g., heart, diabetes, asthma, etc.) or general health improvement must be submitted for approval; however, an electronic file for these materials may not be required. The electronic files, when required, must be submitted in a format acceptable to TENNCARE. Electronic files submitted in any other format than those approved by TENNCARE cannot be processed.
 - c. TENNCARE shall review the Contractor's marketing plan, marketing activity descriptions and materials and either approve, deny or return the plan and/or materials (with written comments) within fifteen (15) calendar days from the date of submission.
 - d. Once materials have been approved by TENNCARE, the CONTRACTOR shall submit an electronic version of the final printed product and five (5) original prints of the final product, unless otherwise specified by TENNCARE, to the TennCare Marketing Coordinator within thirty (30) working days from the print date. Photo copies may not be submitted as a final product. Upon request, the CONTRACTOR shall provide additional original prints of the final product to TENNCARE.
 - e. Marketing problems may not be evident from the materials submitted, but may become apparent upon use. TennCare reserves the right to notify the CONTRACTOR to discontinue or modify marketing plans, activities or materials after approval.
 - f. Prior to modifying any approved marketing plan, marketing activity or material, the CONTRACTOR shall submit for approval by TennCare a detailed description of the proposed modification.
23. Section 2-6.6.6 shall be amended by adding a new sentence in the middle of the existing text so that the amended Section 2-6.6.6 shall read as follows:

2-6.6.6. The CONTRACTOR shall develop a written procedure for the provision of language interpretation and translation services for any enrollee who needs such services, including but not limited to, enrollees with Limited English Proficiency. The CONTRACTOR shall provide for

Amendment 7 (cont.)

these enrollees, language help-lines with specific numbers. The CONTRACTOR shall provide instruction for its staff and all direct service sub-contractors regarding the procedure.

24. Section 2-7.1.f.3 shall be amended by adding the word "TennCare" before the words "cost sharing" in the last sentence.
25. The last sentence in Section 2-8.1.10 shall be amended by deleting the incorrect reference to "Section 4-8.b.2" and replacing it with the reference "Section 6-8.2.2".
26. Section 2-9.2.6 shall be deleted in its entirety and replaced by a new Section 2-9.2.6 which shall read as follows:
 6. The CONTRACTOR shall appoint a staff person as its Non-discrimination Compliance Coordinator to be responsible for compliance with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1975, the Age Discrimination Act of 1975 and the Omnibus Budget Reconciliation Act of 1981 (P.E.. 97-35) on behalf of the CONTRACTOR. The CONTRACTOR does not have to require that compliance with the aforementioned federal and state regulations be the sole function of the designated staff member. However, the CONTRACTOR shall identify the designated compliance staff member to TENNCARE by name. At such time that this function is redirected, the name of the staff member who assumed the duties shall be reported in writing to TENNCARE within ten (10) calendar days of the change;
27. Section 2-9.2.9 shall be amended by deleting the term "Title VI" and replacing it with the term "Non-discrimination Compliance".
28. Section 2-9.7 shall be amended by adding a new item l which shall read as follows:
 1. Timely Filing. Consistent with the requirements outlined in Section 2-18.jj of this Agreement, the CONTRACTOR shall not deny provider claims on the basis of timely filing in situations regarding coordination of benefits or subrogation in which case the provider is pursuing payment from a third party or if an enrollee is enrolled in the plan with a retroactive eligibility date. In situations of third party benefits, the minimum and maximum time frames for filing a claim shall begin on the date that the third party documented resolution of the claim. In situations of enrollment in the plan with a retroactive eligibility date, the minimum and maximum time frames for filing a claim shall begin on the date that the CONTRACTOR receives notification from TENNCARE of the enrollee's eligibility.
29. Section 2-9.8.b and 2-9.8.c shall be amended by adding new text to the end of the existing text and Section 2-9.8.e shall be amended by adding the word "TennCare" to the beginning of the sentence so that the amended Sections 2-9.8.b, 2-9.8.c and 2-9.8.e shall read as follows:
 - 2-9.8.b If the CONTRACTOR has determined that third party liability exists for part or all of the services provided to an enrollee by a provider, the CONTRACTOR shall pay the provider only the amount, if any, by which the provider's allowable claim exceeds the amount of third party liability. The CONTRACTOR and all providers and subcontractors shall not require any cost sharing responsibilities for TennCare covered services except to the extent that cost sharing responsibilities are required for those services by TENNCARE.
 - 2-9.8.c The CONTRACTOR may not withhold payment for services provided to a member if third party liability or the amount of liability cannot be determined, or payment will not

Amendment 7 (cont.)

be available within a reasonable time. Except for the claims described below, if the probable existence of third party liability has been established at the time the claim is filed, the CONTRACTOR must reject the claim and return it to the provider for a determination of the amount of any third party payment. When the amount of payment is determined, the CONTRACTOR shall pay the claim at the rate allowed under the CONTRACTOR's payment schedule. In no instance shall the amount of the third party payment and the CONTRACTOR's payment exceed the provider's contracted TennCare rate. The claims exceptions are EPSDT, prenatal or preventive pediatric care, and all claims covered by absent parent maintained insurance under Part D of Title IV of the Social Security Act.

2-9.8.e. TennCare Cost sharing responsibilities permitted pursuant to Section 2-4.10 of this Agreement shall not be considered third party resources for purposes of this requirement.

30. Section 2-10.9.1 shall be amended by deleting the term "Title VI" and replacing it with the term "Non-discrimination Compliance" in both the title and the text of the Section.

31. Section 2-10. shall be amended by adding a new Section 2-10.16 which shall read as follows:

2-10.16. Prior Authorization Reporting

On a monthly basis, the CONTRACTOR shall provide a summary of all requests for prior authorization by type of service (e.g., Inpatient, Home Health, Therapy, Durable Medical Equipment, etc.) received in the preceding month that will include, at a minimum, the following information:

- Total number of requests for prior authorization received;
- Total number of requests for prior authorization processed;
- Total number of requests approved; and
- Total number of requests denied, sub categorized by denial reason [e.g., 10 total denied, 5 – denied for member not eligible, 3 – denied....., etc.(list very specific denial reasons)].

This information shall be reported on an Excel file in the format acceptable to TENNCARE and shall be sent to TENNCARE electronically. Failure to provide monthly reports of authorization activities, as specified above, shall result in the application of liquidated damages as described in Section 6-8 of this Agreement.

32. Sections 2-18.f and 2-18.x shall be amended by adding the word "TennCare" before the words "cost sharing".

33. Section 2-18.jj shall be deleted and replaced in its entirety so that the amended Section 2-18.jj shall read as follows:

2-18. jj. Specify that a provider shall have at least, but no more than one hundred and twenty (120) calendar days from the date of rendering a health care service to file a claim with the CONTRACTOR except in situations regarding coordination of benefits or subrogation in which case the provider is pursuing payment from a third party or if an enrollee is enrolled in the plan with a retroactive eligibility date. In situations of third party benefits, the maximum time frames for filing a claim shall begin on the date that the third party documented resolution of the claim. In situations of enrollment in the plan with a

Amendment 7 (cont.)

retroactive eligibility date, the minimum and maximum time frames for filing a claim shall begin on the date that the CONTRACTOR receives notification from TENNCARE of the enrollee's eligibility;

34. Section 2-18 shall be amended by adding a new item tt which shall read as follows:

2-18.tt. Require the provider to comply and submit to the CONTRACTOR disclosure of information in accordance with the requirements specified in 42 CFR, Part 455, Subpart B.

35. Section 2-24 shall be deleted in its entirety and replaced by a new Section 2-24 which shall read as follows:

2-24. Non-Discrimination Compliance

No person on the grounds of handicap, and/or disability, age, race, color, religion, sex, or national origin, shall be excluded from participation in, except as specified in Section 2 of this Agreement, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this Agreement or in the employment practices of the CONTRACTOR. The CONTRACTOR shall upon request show proof of such non-discrimination, and shall post in conspicuous places, available to all employees and applicants, notices of non-discrimination.

In order to demonstrate compliance with Federal and State regulations of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1975, the Age Discrimination Act of 1975 and the Omnibus Budget Reconciliation Act of 1981 (P.E. 97-35) the CONTRACTOR shall:

2-24.a. Designate a staff person to be responsible for Title VI compliance on behalf of the CONTRACTOR. The designated staff person shall be identified by name in writing to TENNCARE within thirty (30) days of the effective date of this Agreement. The CONTRACTOR does not have to require that Title VI compliance be the sole function of the designated staff person.

2-24.a.1. In respect to any period of time that the CONTRACTOR does not have a designated staff person responsible for non-discrimination compliance it shall be reported to TENNCARE in writing, to the attention of the Director of Non-discrimination Compliance/Health Care Disparities, within ten (10) calendar days of the commencement of such period of time. At such time that this function is redirected, the name of the staff member who assumed the duties shall be reported to TENNCARE, to the attention of the Director of Non-discrimination Compliance/Health Care Disparities, within ten (10) calendar days of the change.

2-24.b. The CONTRACTOR shall develop written policy and procedures for the provision of language interpretation and translation services for any enrollee who needs such services, including but not limited to, enrollees with Limited English Proficiency. The CONTRACTOR's Non-discrimination Compliance Coordinator shall provide instruction for its staff, including but not limited to, all providers and direct service sub-contractors regarding the procedure.

Amendment 7 (cont.)

- 2-24.c. On an annual basis, the CONTRACTOR shall submit a copy of the CONTRACTOR's personnel policies that, at a minimum; emphasize non-discrimination in hiring, promotional, operational policies, contracting processes and participation on advisory/planning boards or committees.
- 2-24.d. On a quarterly basis, the CONTRACTOR shall submit a summary listing totaling the number of supervisory personnel by race/national origin and sex. The CONTRACTOR is required to request this information from all CONTRACTOR staff. CONTRACTOR staff response is voluntary. The CONTRACTOR is prohibited from utilizing information obtained pursuant to such a request as a basis for decisions regarding employment or in determination of compensation amounts. Such listing shall separate categories for total supervisory personnel by; number of male supervisors who are White, Black (not of Hispanic origin), American Indian or Alaskan Native, Asian or Pacific Islander, Hispanic origin and other race/national origin as indicated by staff and number of female supervisors who are White, Black (not of Hispanic origin), American Indian or Alaskan Native, Asian or Pacific Islander, Hispanic origin and other race/national origin females as indicated by staff.
- 2-24.e. On an annual basis, the CONTRACTOR shall submit a summary listing by CSA of servicing providers which includes race or ethnic origin of each provider. The listing shall include, at a minimum, provider name, address, race/ethnic origin (to be indicated as in Section 2-24.d) and shall be sorted by CSA. Each provider type (e.g., physician, dentist, etc.) shall be reported separately within the CSA. Primary care providers shall be reported separately from other physician specialties. The CONTRACTOR is required to request this information from all providers. Provider response is voluntary. The CONTRACTOR is prohibited from utilizing information obtained pursuant to such a request as a basis for decision regarding participation in the CONTRACTOR's provider network or in determination of compensation amounts.
- 2-24.f. On a quarterly basis, the CONTRACTOR shall submit a listing of all complaints alleging discrimination filed by employees (when the complaint is related to TennCare benefits provided by the CONTRACTOR), enrollees, providers and subcontractors in which discrimination is alleged in the CONTRACTOR's TennCare Plan. Such listing shall include, at a minimum, the identity of the party filing the complaint, the complainant's relationship to the CONTRACTOR, the circumstances of the complaint, date complaint filed, CONTRACTOR's resolution, if resolved, and name of CONTRACTOR staff person responsible for adjudication of the complaint.
- 2-24.g. On a quarterly basis, a listing of all requests for translation/interpretation services by requesting enrollee.
- 2-24.g.1. Each request reported will identify by name and member identification number the enrollee for which translation/interpretation service was provided, the date of the request, the date provided, and the identification of the translator/interpreter.
- 2-24.h. On an annual basis, a copy of the CONTRACTOR's policy, that demonstrates non-discrimination in provision of services to persons with Limited English Proficiency.
- 2-24.h.1. A listing of the interpreter/translator services utilized by the CONTRACTOR in providing services to enrollees with Limited English Proficiency. The listing shall provide the full name of interpreter/translator services, address of services, phone number of services, hours services are available and be sorted by CSA.
- 2-24.i. On an annual basis, the CONTRACTOR's Title VI Compliance Plan and Assurance of Non-discrimination.

Amendment 7 (cont.)

36. Section 4-1.1.k shall be amended by adding new text so that the amended Section 4-1.1.k shall read as follows:

k. Enrollment shall begin at 12:01 a.m. on the effective date that the enrollee is enrolled in the CONTRACTOR's plan and shall end at 12:00 midnight on the date that the enrollee is disenrolled pursuant to the criteria in TennCare policy and/or TennCare rules and regulations. Children and Women who are determined presumptively and/or immediately eligible are given immediate TennCare eligibility and a temporary identification form to confirm eligibility pending the issuance of a regular identification card by their selected MCO. The purpose of this temporary identification/eligibility confirmation form is to enable the women to access prenatal care at the earliest possible time and to ensure all children in DCS custody are provided with medical services, including EPSDT screenings. In accordance with TennCare rules, policies and procedures, the effective date of enrollment may occur prior to the MCO being notified of the enrollee becoming a member of the plan. The CONTRACTOR shall be responsible for arranging for the provision of services and payment of all covered services during the period of enrollment.

37. Section 4-2.1 shall be amended by adding a new item c. and renumbering the existing c. as d. so that the new Section 4-2.1.c shall read as follows:

At such time that individuals may be enrolled in the Program of All-inclusive Care for the Elderly (PACE), they shall no longer remain eligible to be enrolled in an MCO.

38. Section 6-1 shall be amended by adding a new Section 6-1.dd which shall read as follows:

6-1. dd. TennCare Reform Legislation signed May 11, 2004 and any subsequent implementation schedule as specified by TENNCARE.

39. Item E in the paragraph regarding Performance Guarantees of Section 6-28 shall be deleted and replaced in its entirety so that the amended Item E shall read as follows:

<p>E. Encounter Data Submissions</p>	<p>TennCare Edit Reports</p>	<p>Error Threshold Exceeded</p>	<p>Less than 2% of file contains errors by submission due date</p>	<p>A maximum of \$10,000 per month, or a per submission fine of \$2500 for each failed submission. In the event TENNCARE provides less than ninety (90) calendar days advance notice prior to changing edits penalties shall not be applied.</p>
---	------------------------------	---------------------------------	--	--

Amendment 7 (cont.)

40. Section II of Attachment I shall be amended by adding a new Item EE and renumbering the remaining Items appropriately, including any references thereto so that the new Item EE shall read as follows:

EE	Prior Authorization Summary in accordance with Section 2-10.16	Monthly, by the 20 th of the following month to TENNCARE
----	--	---

41. Renumbered Items II through OO of Section II of Attachment I shall be deleted and replaced in their entirety so that the amended Items II through OO shall read as follows:

II	Annual submission of personnel/ operational policies that emphasize non-discrimination in hiring, promotional and contracting processes as described in Section 2-24	Annually, within ninety (90) calendar days after the end of the year to the Director of Non-discrimination Compliance/ Health Care Disparities
----	--	--

JJ	Quarterly listing of complaints filed alleging discrimination as described in Section 2-24	Quarterly, by the 30 th of the following month to the Director of Non-discrimination Compliance/Health Care Disparities
----	--	--

KK	Quarterly listing of supervisory personnel as described in Section 2-24	Quarterly, by the 30 th of the following month to the Director of Non-discrimination Compliance/Health Care Disparities
----	---	--

LL	Annual listing by CSA of non-institutional providers as described in Section 2-24	Annually, within ninety (90) calendar days after the end of the year to the Director of Non-discrimination Compliance/Health Care Disparities
----	---	---

MM	Annual copy of CONTRACTOR's policy regarding non-discrimination of services to persons with Limited English Proficiency as described in Section 2-24	Annually, within ninety (90) calendar days after the end of the year to the Director of Non-discrimination Compliance/Health Care Disparities
----	--	---

NN	On a Quarterly basis, a listing of all request of translation or interpreter services as described in Section 2-24.g.1.	Quarterly, by the 30 th of the following month to the Director of Non-discrimination Compliance/Health Care Disparities
----	---	--

OO	Annual Compliance Plan as described in Section 2-24	On an annual basis to the Director of Non-discrimination Compliance/Health Care Disparities
----	---	---

42. Part D of Standard X of Attachment II shall be amended by adding new Items 11 and 12 which shall read as follows:

- 11. procedures for filing a discrimination complaint; and
- 12. procedures for obtaining communication/language assistance.

Amendment 7 (cont.)

43. Item 2 of Part A of Standard XII of Attachment II shall be amended by adding new text so that the amended Attachment II, A.2 shall read as follows:

2. availability of emergency equipment and procedures;

44. Part 4 of Attachment XI shall be deleted in its entirety and replaced by a new part 4 which shall read as follows:

(a) Effective January 1, 2003, copayment amounts for TennCare Standard enrollees shall be:

Poverty Level	Copayment Amounts
0%-99%	\$0.00
100% - 199%	\$25.00, Hospital Emergency Room (waived if admitted) \$5.00, Primary Care Provider and Community Mental Health Agency Services Other Than Preventive Care \$15.00, Physician Specialists (including Psychiatrists) \$5.00, Prescription or Refill \$100.00, Inpatient Hospital Admission
200% and above	\$50.00, Hospital Emergency Room (waived if admitted) \$10.00, Primary Care Provider and Community Mental Health Agency Services Other Than Preventive Care \$25.00, Physician Specialists (including Psychiatrists) \$10.00, Prescription or Refill \$200.00, Inpatient Hospital Admission

Amendment 7 (cont.)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective July 1, 2004 or as of the date it is approved by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 6

AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.

CONTRACT NUMBER: FA-02-14632-06

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1-3 shall be amended by amending the definitions of "Emergency Medical Services" and "Post-stabilization Care Services" by adding new phrases in each of the existing definitions so that the amended definition for "Emergency Medical Services" and "Post-stabilization Care Services" shall read as follows:

Emergency Medical Services (or Emergency Services) – Covered inpatient and outpatient services furnished by a qualified provider that are needed to evaluate or stabilize an emergency medical condition that is found to exist using the prudent layperson standard, including services for which the absence of immediate medical attention would not have had the outcomes specified in the definition of emergency medical condition; and emergency ambulance transport.

Post-stabilization Care Services - Non-emergency services subsequent to an emergency that a treating physician views as medically necessary to maintain the stabilized condition after an emergency medical condition has been stabilized or to improve or resolve the enrollee's condition. An MCOs financial responsibility for post stabilization care services shall end when one of the following are met:

1. A plan physician with privileges at the treating hospital assumes responsibility for the enrollee's care;
2. A plan physician assumes responsibility for the enrollee's care through transfer;
3. An MCO representative and the treating physician reach an agreement concerning the enrollee's care; or
4. The enrollee is discharged.

2. The "Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services" benefit in Section 2-3.1.1 shall be amended by adding additional language so that the amended "Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services" of Section 2-3.1.1 shall read as follows:

Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services	As medically necessary. This shall include acupuncture performed by a Physician or a registered nurse as an anesthetic in connection with a surgical procedure and services provided by a Primary Care Provider with a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx). CONTRACTOR covered services shall also include medical evaluations provided by a neurologist, as approved by the CONTRACTOR, and/or an emergency room physician, that result in a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx).
---	---

Amendment 6 (continued)

3. The “**Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services**” benefit in Sections 2-3.1.2 and 2-3.1.3 shall be amended by adding additional language so that the amended “**Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services**” of Sections 2-3.1.2 and 2-3.1.3 shall read as follows:

Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services	As medically necessary. This shall include services provided by a Primary Care Provider with a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx). CONTRACTOR covered services shall also include medical evaluations provided by a neurologist, as approved by the CONTRACTOR, and/or an emergency room physician, that result in a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx).
---	---

4. Section 2-3.5 shall be deleted amended by adding additional text in the second and fourth paragraphs so that the amended Section 2-3.5 shall read as follows:

2-3.5 Mental Health and Substance Abuse Services

All mental health related services and substance abuse services, unless otherwise specified in this Section 2-3.5, provided to enrollees shall be the responsibility of Behavioral Health Organizations (BHOs) who have a contractual arrangement with the Tennessee Department of Mental Health and Developmental Disabilities or the State. These services include:

- Psychiatric Inpatient Facility Services;
- Physician Psychiatric Inpatient Services;
- Outpatient Mental Health Services;
- Inpatient and Outpatient Substance Abuse Treatment Services;
- Psychiatric Pharmacy Services and Pharmacy Related Lab Services;
- Transportation to Covered Mental Health Services;
- Mental Health Case Management;
- 24-Hour Residential Treatment;
- Housing/Residential Care;
- Specialized Outpatient and Symptom Management;
- Specialized Crisis Services; and
- Psychiatric Rehabilitation Services.

Effective July 1, 2002, behavioral health related services provided to enrollees by an MCO Primary Care Provider shall not be the responsibility of Behavioral Health Organizations (BHOs). As some MCO Primary Care Providers may appropriately treat or manage an enrollee’s behavioral health condition, and in an effort to minimize administrative complexities for those Primary Care Providers (PCPs), the CONTRACTOR shall be responsible for services provided to enrollees by their network PCPs. CONTRACTOR covered services shall also include medical evaluations provided by a neurologist, as approved by the CONTRACTOR, and/or an emergency room physician, that result in a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx). Accordingly, the CONTRACTOR shall direct its network PCPs and approved providers to submit claims for covered services with a primary behavioral diagnosis code, defined as ICD-9-CM 290.xx – 319.xx (and subsequent revisions thereto), to the CONTRACTOR for payment. The CONTRACTOR agrees to timely process said claims in accordance with Section 2-9.7.

The MCO shall encourage its PCPs, at their discretion, to contact the BHO for consultation on any covered Mental Health and Substance Abuse condition/service. The PCPs shall also be encouraged to refer to the BHO, for coordination of treatment of any covered Mental Health and Substance Abuse condition/service, for any and all of its members in accordance with its contracts with TDMHDD when those services can be provided by Mental Health Professionals.

Amendment 6 (continued)

The carve out of mental health and substance abuse services provided by PCPs and/or approved providers from the BHO benefit package shall not relieve the BHO from the responsibility to assist in the coordination of mental health and substance abuse care and medical care of enrollees; nor shall it prohibit PCPs from referring enrollees to a mental health or substance abuse provider in the BHO's network when determined necessary by the PCP.

The CONTRACTOR is responsible for the costs and provision of covered services that are not mental health or substance abuse services, and covered services provided by a network PCP with a primary behavioral health diagnosis code as specified in the preceding paragraph. The carve out of all other mental health and substance abuse services shall not relieve the CONTRACTOR from the responsibility to assist in the coordination of mental health and medical care of enrollees. The MCO and BHO shall assure active coordination between primary health care and mental health/substance abuse care, including case management and continuity of care services. The MCO and BHO shall cooperate with the State's efforts to facilitate delivery of mental health services to the TennCare population and shall agree to abide by the MCO/BHO Coordination Provisions outlined herein for purposes of interfacing with each other and assure coordination of care, case management and continuity of care for purposes of coordinating appropriate health care.

5. Section 2-3.12 shall be amended by deleting the third paragraph so that the amended Section 2-3.p shall read as follows:

2-3.12 Coverage of Organ Transplants

The CONTRACTOR shall cover at a minimum the following transplants: Renal, Heart, Liver, Corneal and Bone Marrow, when medically necessary and consistent with the accepted mode of treatment for which the transplant procedure is performed. The CONTRACTOR shall not cover transplants or procedures, which are not medically necessary or performed for a purpose inconsistent with acceptable modes of treatment. Besides the minimally required transplants, the CONTRACTOR may cover other transplants that are not considered investigational or experimental by the National Institutes of Health and the Tennessee Department of Finance and Administration, if approved by TennCare. For purposes of this Section, investigational or experimental shall mean those transplants and/or procedures which are not considered medically necessary and which have not been approved by the Centers for Medicare & Medicaid Services and published in the Federal Register. Questions as to whether a particular transplant and/or procedure is to be covered shall be directed to the Office of the Medical Director, Bureau of TENNCARE.

Exceptions to the above list of transplants must be made for other non-investigational/non-experimental transplants if the transplant and/or procedure is found to be medically necessary, performed within the accepted mode of treatment for which it is intended, and is found to be cost effective as determined by the CONTRACTOR.

The CONTRACTOR shall establish administrative procedures regarding the necessity of prior approval before a transplant procedure is performed. The CONTRACTOR shall also establish its own administrative procedures regarding the coverage of transplant procedures performed outside the CONTRACTOR's service area as well as transplant procedures performed out-of-state. These administrative procedures shall be submitted to TennCare for review and approval prior to use.

Section 1862 of the Social Security Act requires Medicare beneficiaries to have transplants performed in Medicare certified centers. In accordance with this policy, the CONTRACTOR and Medicare/TennCare dually eligible enrollees shall be required to adhere to these requirements.

6. Sub-items (4)(B), (4)(C), (5)(B), (10) (12), (13) and (27) of Section 2-3.16.8 shall be amended by correcting the contract references so that the amended sub-items (4)(B), (4)(C), (5)(B), (10) (12), (13) and (27) shall read as follows:

Services Listed in Social Security Act Section 1905(a)	Responsible Entity in Tennessee	Comments
--	---------------------------------	----------

Amendment 6 (continued)

Services Listed in Social Security Act Section 1905(a)	Responsible Entity in Tennessee	Comments
(4)(B) EPSDT services	MCO for physical health services, except as described in Section 2-3.4 and 2-3.5; BHO for mental health and substance abuse services, except as described in Section 2-3.5; Effective October 1, 2002, DBM for dental services except as described in Section 2-3.4; Effective July 1, 2003, PBM for Pharmacy Services as described in Section 2-3.1	
(4)(C)--Family planning services and supplies	MCO; Effective July 1, 2003, PBM for Pharmacy Services as described in Section 2-3.1

(27) Any other medical care, and any other type of remedial care recognized under State law.	MCO for physical health services; BHO for mental health and substance abuse services Effective October 1, 2002, DBM for dental services as described in Section 2-3.1 and 2-3.4 Effective July 1, 2003, PBM for Pharmacy Services as described in Section 2-3.1	See Item (13).
--	---	----------------

7. Section 2-4.1 shall be amended by adding a new sentence to the end of the existing text so that the amended Section 2-4.1 shall read as follows:

2-4.1 Availability and Accessibility of Services

The CONTRACTOR must provide or arrange for the provision of all of the services described as covered in this Agreement. The CONTRACTOR shall make services, service locations, and service sites available and accessible to provide the covered (specialized or otherwise) services. Accessibility shall be in accordance with the Terms and Conditions for Access which is part of the TennCare Waiver and as contained herein as Attachment III unless TENNCARE has specified more stringent access criteria in the Agreement or the Amendments thereto. The CONTRACTOR must provide or arrange for the provision of all the services described as covered in this Agreement.

The CONTRACTOR shall maintain under contract, a provider network including but not limited to primary care physicians, specialist physicians, nurse practitioners/physician assistants, hospitals (all levels primary, secondary and tertiary), centers of excellence, nursing homes, laboratories, pharmacies and all other health care facilities necessary to provide TennCare covered benefits. Should the CONTRACTOR's provider network be unable to provide necessary medical services covered under this Agreement to a particular enrollee, the CONTRACTOR must adequately and timely cover these services out of network for the enrollee, for as long as the entity is unable to provide them. At such time that the required services become available within the CONTRACTOR's network and the enrollee can be safely transferred, the CONTRACTOR may transfer the enrollee to an appropriate contracted service provider.

8. Section 2-4.2.f shall be amended by deleting and replacing the existing reference to Section "2-3.j.3(g)" with Section "2-4.4.h" so that the amended Section 2-4.2.f shall read as follows:

f. Additionally, other vulnerable populations (e.g., persons with special needs such as multiple handicaps, or acute chronic conditions, etc.) may be assigned to a case manager at the MCO level or, at the MCO's discretion, to their attending specialist as their primary care provider. However, the CONTRACTOR shall comply with Section 2-4.4.h regarding enrollees determined to need a course of treatment or regular care monitoring.

9. Section 2-4.10.1.14 shall be deleted and replaced in its entirety so that the amended Section 2-4.10.1.14 shall read as follows:

2.4.10.1.14 Upon termination, cancellation, expiration or other conclusion of the Agreement, and in accordance with Sections 2-11 and 2-13 of this Agreement, the Contractor will, if feasible, return or destroy all PHI, in whatever form or medium (including any electronic medium) and all copies of an any data or compilations derived from and allowing identification of any individual who is a subject of that PHI. The Contractor will complete such return or destruction as promptly as possible, but not later than 30 days after the effective date of the termination, cancellation, expiration or other conclusion of the Agreement, including but not limited to, the provisions in Section 2-11 and 2-13 of this Agreement . The Contractor will identify any PHI that cannot

Amendment 6 (continued)

feasibly be returned to or destroyed. Within such 30 days after the effective date of the termination, cancellation, expiration or other conclusion of the Agreement, including but not limited to, the provisions in Section 2-11 and 2-13 of this Agreement the Contractor will: (1) certify on oath in writing that such return or destruction has been completed; (2) identify any PHI which can not feasibly be returned or destroyed; and (3) certify that it will only use or disclose such PHI for those purposes that make its return or destruction infeasible;

10. Section 2.4.10.1.15 shall be amended by adding a phrase to the end of the existing text so that the amended Section 2.4.10.1.15 shall read as follows:

2.4.10.1.15 The CONTRACTOR shall implement all appropriate administrative, technical and physical safeguards to prevent the use or disclosure of PHI other than pursuant to the terms and conditions of this Agreement, including but not limited to, confidentiality requirements in 45 CFR parts 160 and 164;

11. The first paragraph of Section 2-4.11 shall be deleted and replaced in its entirety so that the amended first paragraph shall read as follows:

The CONTRACTOR and all providers and subcontractors shall not require any cost sharing responsibilities for TennCare covered services except to the extent that cost sharing responsibilities are required for those services by TENNCARE in accordance with TennCare rules and regulations, including but not limited to, holding enrollees liable for debt due to insolvency of the MCO or non-payment by the State to the MCO. Further, the CONTRACTOR and all providers and subcontractors may not charge enrollees for missed appointments.

12. The fifth paragraph of Section 2-4.11 shall be amended by adding the phrase “, including but not limited to, services that the State or the MCO has not paid for” so that the amended fifth paragraph of Section 2-4.11 shall read as follows:

Providers or collection agencies acting on the provider’s behalf may not bill enrollees for amounts other than applicable cost sharing responsibilities for TennCare covered services, including but not limited to, services that the State or the MCO has not paid for, except as permitted by TennCare rule 1200-13-12-.08, 1200-13-13-.08, 1200-13-14-.08 and as described below. Providers may seek payment from an enrollee in the following situations:

13. Section 2-6.4 shall be amended by adding a new Section 2-6.4.6 and renumbering the existing Sections 2-6.4.6 and 7 so that the amended Section 2-6.4 shall read as follows:

2-6.4. Prohibited Marketing and/or Communication Activities

The following information and activities are prohibited:

- 2-6.4. 1. Materials and/or activities that mislead, confuse or defraud or that are unfair or deceptive practices or that otherwise violate federal or state consumer protection laws or regulations. This includes materials which mislead or falsely describe covered or available services, membership or availability of network providers, and qualifications and skills of network providers. Further the CONTRACTOR shall adhere to requirements for the written materials to assure that material is accurate and does not mislead, confuse or defraud the recipients or the state agency and materials shall be subject to review by the Medical Care Advisory Committee (MCAC);
- 2-6.4. 2. Overly aggressive solicitation, such as repeated telephoning or continued recruitment after an offer for enrollment is declined by an enrollee, or similar techniques;
- 2-6.4. 3. Gifts and offers of material or financial gain as incentives to enroll;

Amendment 6 (continued)

- 2-6.4. 4. Compensation arrangements with marketing personnel that utilize any type of payment structure in which compensation is tied to the number of persons enrolled;
- 2-6.4. 5. Direct solicitation of prospective enrollees;
- 2-6.4. 6. Directly or indirectly, engage in door-to-door, telephone, or other cold-call marketing activities;
- 2-6.4. 7. In accordance with federal requirements, independent marketing agents shall not be used in connection with marketing activities. Independent marketing agents shall not mean staff necessary to develop or produce marketing materials or advertising or other similar functions;
- 2-6.4. 8. In accordance with federal requirements, the CONTRACTOR shall not seek to influence enrollment in conjunction with the sale or offering of any private insurance.
14. The first sentence of Section 2-6.6.6 shall be amended by adding the phrase “any enrollee who needs such services, including but not limited to,” so that the amended Section 2-5.f.6 shall read as follows:
6. The CONTRACTOR shall develop a written procedure for the provision of language interpretation and translation services for any enrollee who needs such services, including but not limited to, enrollees with Limited English Proficiency. The CONTRACTOR shall provide instruction for its staff and all direct service sub-contractors regarding the procedure.
15. Section 2-8 shall be amended by adding new text to the existing Section 2-8.1.10, adding a new Section 2-8.1.11 and renumbering the existing Section 2-8.1.11 as 2-8.1.12 so that the amended Sections 2-8.1.10 and 11 shall read as follows:
- 2-8.1.10. Except for initial reconsideration by an MCO, as permitted under the TennCare rules, no person who is an employee, agent or representative of an MCO may participate in deciding the outcome of a TennCare appeal. No state official may participate in deciding the outcome of a beneficiary's appeal who was directly involved in the initial determination of the action in question. The State will ensure that decision makers on grievances and appeals were not involved in previous levels of review or decision-making and who are health care professionals with clinical expertise in treating the enrollee's condition or disease if any of the following apply:
- a denial appeal based on lack of medical necessity.
 - a grievance regarding denial of expedited resolutions of an appeal.
 - any grievance or appeal involving clinical issues.
- The Contractor shall keep a record of who reviews each reconsideration. The State will monitor compliance with this provision. Further, for purposes of assuring timeliness and appropriateness of the provision of services in accordance with Section 4-8.b.2, an MCOs reconsideration to provide services shall be considered the same as a directive to do so by TENNCARE.
- 2-8.1.11 TENNCARE and/or the CONTRACTOR shall not prohibit or discourage any individual from testifying on behalf of an enrollee.
16. Section 2-14 shall be deleted and replaced in its entirety so that the amended Section 2-14 shall read as follows:

2-14 Independent Review of the CONTRACTOR

In accordance with Chapter 4 of the waiver approved by the Centers for Medicare and Medicaid Services (CMS), CMS may select a PRO, Private Accreditation Organization or an External Quality Review Organization (EQRO) to provide a periodic or an annual independent review of the CONTRACTOR. The results of the review shall be

Amendment 6 (continued)

provided to TENNCARE and to the CONTRACTOR and shall be available, on request, to the Department of Health and Human Services, the Office of Inspector General and General Accounting Office. TENNCARE shall be responsible for issuing the Request For Proposal (RFP) and selecting the PRO or EQRO.

17. Section 2-17.a shall be amended by adding the phrase "on at least an annual basis" to item 3. and adding a new item 5 so that the amended Section 2-17.a shall read as follows:

a. Subcontract Relationships and Delegation. If the CONTRACTOR delegates responsibilities to a subcontractor, the CONTRACTOR shall assure that the subcontracting relationship and subcontracting document(s) comply with the requirements of the Balanced Budget Act of 1997, including, but not limited to, compliance with the applicable provisions of 42 CFR 438.230(b) and 42 CFR 434.6 as described below:

1. The CONTRACTOR shall evaluate the prospective subcontractor's ability to perform the activities to be delegated.
2. The CONTRACTOR shall require that the agreement be in writing and specifies the activities and report responsibilities delegated to the subcontractor; and provides for revoking delegation or imposing other sanctions if the subcontractor's performance is inadequate.
3. The CONTRACTOR shall monitor the subcontractor's performance on an ongoing basis and subject it to formal review, on at least an annual basis, consistent with industry standards or State MCO laws and regulations.
4. The CONTRACTOR shall identify deficiencies or areas for improvement and the CONTRACTOR and the subcontractor shall take corrective action as necessary.
5. If the subcontract is for purposes of providing or securing the provision of covered services to enrollees, the CONTRACTOR shall ensure that all requirements described in Section 2-18 of this Agreement are included in the subcontract and/or a separate provider agreement executed by the appropriate parties.

18. Section 2-17.f shall be deleted and replaced in its entirety so that the amended Section 2-17.f shall read as follows:

f. Interpretation/Translation Services and LEP Provisions. The CONTRACTOR shall provide instruction for all direct service sub-contractors regarding the CONTRACTOR's written procedure for the provision of language interpretation and translation services for any enrollee who needs such services, including but not limited to, enrollees with Limited English Proficiency.

19. Second paragraph of Section 2-18 shall be amended by adding a reference to "S-Chip" so that the amended second paragraph shall read as follows:

Provider agreements do not require prior approval by TENNCARE before taking effect; however, the CONTRACTOR shall not execute provider agreements with providers who have been excluded from participation in the Medicare, Medicaid, and/or S-Chip programs pursuant to Sections 1128 or 1156 of the Social Security Act or who are otherwise not in good standing with the TENNCARE program. Further, all template provider agreements and revisions thereto must be approved in advance by the TennCare Division, Department of Commerce and Insurance in accordance with statutes regarding the approval of an HMOs certificate of authority (COA) and any material modifications thereof.

20. Section 2-18 shall be amended by adding a new section 2-18.ss which shall read as follows:

Amendment 6 (continued)

2-18.ss Specify instruction that the provider have written procedures for the provision of language interpretation and translation services for any enrollee who needs such services, including but not limited to, enrollees with Limited English Proficiency.

21. The first sentence of Section 2-24.b shall be amended by adding the phrase “any enrollee who needs such services, including but not limited to,” so that the amended Section 2-24.b shall read as follows:

2-24.b. The CONTRACTOR shall develop a written procedure for the provision of language interpretation and translation services for any enrollee who needs such services, including but not limited to, enrollees with Limited English Proficiency. The CONTRACTOR shall provide instruction for its staff, including but not limited to, the designated staff person for Title VI, and all providers and direct service sub-contractors regarding the procedure.

22. The first paragraph of Section 6-1 shall be deleted and replaced in its entirety so that the amended first paragraph of Section 6-1 shall read as follows:

6-1 Applicable Laws and Regulations

The CONTRACTOR agrees to comply with all applicable federal and state laws, rules and regulations, TennCare Standard Operating Procedures (so long as said TennCare Standard Operating Procedure does not constitute a material change to the obligations of the Contractor pursuant to this Agreement), and court orders, including Constitutional provisions regarding due process and equal protection of the laws including but not limited to:

23. Section 6-8.1 shall be deleted and replaced in its entirety so that the amended Section 6-8.1 shall read as follows:

6-8.1 Intermediate Sanctions

TENNCARE may impose any or all of the sanctions as described in Section 6 upon TENNCARE’s reasonable determination that the CONTRACTOR fails to comply with any corrective action plan (CAP) as described under Section 2-16 is otherwise deficient in the performance of its obligations under the Agreement, which shall include, but may not be limited to the following:

- Fails substantially to provide medically necessary services that the MCO is required to provide, under law or under this Agreement to an enrollee covered under the Agreement.
- Imposes on enrollees cost share responsibilities that are in excess of the cost share responsibilities permitted by TENNCARE.
- Acts to discriminate among enrollees on the basis of their health status or need for health care services.
- Misrepresents or falsifies information that it furnishes to CMS or to the State.
- Misrepresents or falsifies information that it furnishes to an enrollee, potential enrollee, or health care provider.
- Fails to comply with the requirements for physician incentive plans, as set forth (for Medicare) in 42 CFR 422.208 and 422.210.
- Has distributed directly, or indirectly through any agent or independent contractor, marketing materials that have not been approved by the State or that contain false or materially misleading information.
- Has violated any of the other applicable requirements of sections 1903(m) or 1932 of the Act and any implementing regulations.
- Has violated any of the other applicable requirements of sections 1932 or 1905(t)(3) of the Social Security Act and any implementing regulations.

TENNCARE shall only impose those sanctions it determines to be appropriate for the deficiencies identified. However, TENNCARE may impose intermediate sanctions on the CONTRACTOR simultaneously with the development and implementation of a corrective action plan if the deficiencies are severe or numerous.

Amendment 6 (continued)

Intermediate sanctions may include:

1. application of liquidated damages as described in Section 6-2;
 2. suspension of enrollment in the CONTRACTOR's MCO as described in Section 2-16;
 3. disenrollment of enrollees as described in Section 2-22 and 4; or
 4. limitation of the CONTRACTOR's Service Area as described in Section 2-22 and 4.
 5. Civil monetary penalties in as described in 42 CFR 438.704;
 6. Appointment of temporary management for an MCO as provided in 42 CFR 438.706.
 7. Granting enrollees the right to terminate enrollment without cause and notifying the affected enrollees of their right to disenroll.
 8. Suspension of all new enrollment, including default enrollment, after the effective date of the sanction.
 9. Suspension of payment for recipients enrolled after the effective date of the sanction and until CMS or the State is satisfied that the reason for imposition of the sanction no longer exists and is not likely to recur; or
 10. Additional sanctions allowed under state statute or regulation that address areas of noncompliance.
24. Section 6-8 shall be amended by replacing the references to Sections 6-8.c and 6-8.d with Sections 6-8.3 and 6-8.4 to be consistent with the numbering of other subparts of Section 6-8 of this Agreement.
25. Section 6-26 shall be amended by deleting and replacing the date "December 31, 2003" with "December 31, 2004" so that the amended Section 6-26 shall read as follows:

6-26 Contract Term of The Agreement

This Agreement and its incorporated attachments, if any, as well as all Amendments to this Agreement, contain all of the terms and conditions agreed upon by the parties, and when executed by all parties, supersedes any prior agreements. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall be in effect from July 1, 2001, subject to approval by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services. The term of this Agreement shall expire on December 31, 2004. At the mutual agreement of TennCare and the CONTRACTOR, this CONTRACT shall be renewable for an additional twelve month period.

Notwithstanding any provision herein to the contrary, the State may terminate this Agreement if the waiver governing TennCare is terminated. The documents referenced in the Agreement are on file with the CONTRACTOR and with TENNCARE and the CONTRACTOR is aware of their content. No other agreement, oral or otherwise regarding the subject matter of this Agreement, shall be deemed to exist or to bind any of the parties hereto.

26. The reference to "Section 2-3.a.1" in this Section 7-3.d shall be deleted and replaced with the appropriate reference to "Section 2-3.1" so that the amended Section 7-3.d shall read as follows:
- 7-3.d. Drug formulary and all subsequent changes (applicable only if a closed formulary). Effective July 1, 2003, TENNCARE shall contract directly with a pharmacy benefits manager (PBM) for the provision of pharmacy services as described in Section 2-3.1 of this Agreement;
27. Section 7-7 shall be amended by adding a new third sentence so that the amended Section 7-7 shall read as follows:

7-7 Enrollment, Disenrollment and Eligibility Verification

TENNCARE shall be responsible for the receipt of applications for TennCare eligibility, verification of the data contained on the application, determination of the applicability of cost sharing amounts and collection of applicable premiums. TENNCARE shall also be responsible for enrollment of eligible persons in the CONTRACTOR'S plan and for disenrollment of ineligible persons from the CONTRACTOR'S plan. In accordance with federal requirements, if TENNCARE fails to make a decision within the required timeframes, the request shall be considered approved. All TENNCARE approved disenrollment terminations shall be effective on or before the first day of the second month following the month of an enrollee's request to terminate from an MCO. Unless otherwise requested by an enrollee, TENNCARE shall provide for automatic reenrollment of an enrollee who is disenrolled solely because he or she loses eligibility for a period of 2 months or less. TENNCARE will arrange for the CONTRACTOR to have updated eligibility information in the form of on-line computer access and will notify the CONTRACTOR when TENNCARE determines that an enrollee has moved. TENNCARE may provide the CONTRACTOR with a report containing enrollees for whom TENNCARE has been unable to locate or verify various types of pertinent information. Upon receipt of this report, the CONTRACTOR shall provide TENNCARE with any information that is known by the CONTRACTOR that may affect an enrollee's TennCare eligibility and/or cost sharing responsibilities including changes in income, family size, access to health insurance, proof of uninsurability, including limited coverage and exclusionary riders to policies, change of residence or residence outside the State of Tennessee.

TENNCARE shall not enroll applicants as the result of enrollment applications submitted by a CONTRACTOR or anyone acting on its behalf.

In accordance with Section 2-22 of this Agreement, TENNCARE has authorized the CONTRACTOR to serve one or more community service areas within a Grand Region. TENNCARE shall maintain the flexibility to freeze enrollment, or begin disenrollment in one or more area(s) of the CONTRACTOR's plan if TENNCARE determines it to be in the best interest of enrollees, the CONTRACTOR's plan and/or the TennCare program. However, during such periods that TENNCARE has suspended enrollment in an area(s), TENNCARE shall maintain the flexibility to allow enrollees to continue to be enrolled in such areas when; 1) the enrollee is a member of the same household that is currently in the CONTRACTOR's plan, 2) it is determined necessary by TENNCARE due to an emergent or hardship case, or 3) the enrollee had requested enrollment in the CONTRACTOR's plan prior to closure of additional enrollment.

28. Section 7-11.d and 7-11.e shall be amended by deleting and replacing the references to "Sections 2-3.a.1 and 2-3.c.3" with the appropriate references "Sections 2-3.1 and 2-3.4" so that the amended Sections 7-11.d and e shall read as follows:
- d. Effective October 1, 2002, dental services as described in Sections 2-3.1 and 2-3.4 of this Agreement; and
 - e. Effective July 1, 2003, all TennCare pharmacy benefits as described in Section 2-3.1 of this Agreement.
29. Items E and J of Part I of Attachment I shall be amended by deleting and replacing the reference to "Section 2-3.a.1: with the appropriate reference to "Section 2-3.1" so that the amended Items E and J shall read as follows:
- E. Drug Formulary (if closed) (Effective July 1, 2003, the TENNCARE shall contract directly with a pharmacy benefits manager for pharmacy services as described in Section 2-3.1 of this Agreement.) TENNCARE has thirty (30) calendar days to respond

Amendment 6 (continued)

- J. Method of pharmacy restriction procedures for Pharmacy Abusers Effective July 1, 2003, the TENNCARE shall contract directly with a pharmacy benefits manager for pharmacy services as described in Section 2-3.1 of this Agreement At such time, the CONTRACTOR shall comply with TennCare Policy regarding Pharmacy Abusers. TENNCARE has thirty (30) calendar days to respond

30. Item C of Part II of Attachment I shall be amended by deleting and replacing the reference to "Section 2-3.a.1" with the appropriate reference to "Section 2-3.1" so that the amended Item C shall read as follows:

- C Complete Drug Formulary; if CONTRACTOR utilizes a closed drug formulary, and a complete description of prior authorization criteria for each drug requiring prior authorization via electronic file in accordance with Section 3-13 January 1 of each year to TENNCARE Pharmacy Director

(Effective July 1, 2003, the TENNCARE shall contract directly with a pharmacy benefits manager for pharmacy services as described in Section 2-3.1 of this Agreement.)

31. Part II of Attachment I shall be amended by deleting Item G in its entirety and renumbering the existing items.
32. Attachment II, Standard II.C.5 shall be amended by adding a new sentence to the end of the existing text so that the amended Attachment II, Standard II.C.5 shall read as follows:
5. The standards/guidelines shall be included in provider manuals developed for use by managed care providers or otherwise disseminated to providers as they are adopted. The MCO must disseminate, upon request, the guidelines to enrollees and potential enrollees.
33. Attachment II, Standard X.A shall be amended by adding new items 8, 9, and 10 which shall read as follows:
8. to receive information on available treatment options and alternatives, presented in a manner appropriate to the member's condition and ability to understand;
9. to be free from any form of restraint or seclusion used as a means of coercion, discipline, convenience, or retaliation; and
10. to exercise his or her rights, and that the exercise of those rights does not adversely affect the way the MCO or its providers or the State agency treat the enrollee.
34. Attachment II, Standard XIV.C.2 shall be amended by adding a new sentence to the end of the existing text so that the amended Attachment II, Standard XIV.C.2 shall read as follows:

Amendment 6 (continued)

2. **Preauthorization and concurrent review decisions are supervised by qualified medical professionals who have appropriate clinical expertise in treating the enrollee's condition or disease.**

Amendment 6 (continued)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective January 1, 2004 or as of the date it is approved by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.

CONTRACT NUMBER: FA-02-14632-0500 *MOB/2*

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 2 of the Agreement for the Administration of TennCare Select shall be amended by deleting and replacing Section 2-25 which shall read as follows:

2-25. Processing and Payment of Supplemental Payments

Subject to the availability of State and Federal funding, the CONTRACTOR agrees to make supplemental pool payments to Meharry Medical Services Foundation or Meharry Dental Clinic, as directed by TENNCARE. These payments represent unreimbursed TennCare costs of the Meharry Medical College clinics as determined by a review of an independent CPA and in accordance with the methodology approved by the Centers for Medicare and Medicaid Services. Clinical services are performed by Meharry Medical College faculty physicians through the Meharry Dental Clinic and the Meharry Medical Services Foundation. The payment by the CONTRACTOR to the clinic(s) will be made within 10 calendar days of the receipt of such payment by the CONTRACTOR from TENNCARE. The CONTRACTOR may deposit these funds in the account of its choice and may retain all interest earned as compensation for providing this service. The CONTRACTOR agrees to include any correspondence requested by TENNCARE to be included with the payment and provide a written confirmation of any disbursements including the date the check was mailed and the date redeemed.

Payments to the Meharry Medical Services Foundation and/or the Meharry Dental Clinic under this amendment shall not exceed \$4,942,107 for State fiscal year 2003. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the supplemental payment to Meharry Medical Services Foundation and/or the Meharry Dental Clinic shall not exceed \$5,042,966 for State fiscal year 2003.

Payments to the Meharry Medical Services Foundation and/or the Meharry Dental Clinic under this amendment shall not exceed \$4,922,298.00 for State fiscal year 2004. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the supplemental payment to Meharry Medical Services Foundation

Amendment 5 (continued)

and/or the Meharry Dental Clinic shall not exceed \$5,022,753.12 for State fiscal year 2004. At such time that Federal Regulations allow, TENNCARE may discontinue making supplemental pool payments through the CONTRACTOR during State fiscal year 2004.

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective as of the date it is approved by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 4

AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.

CONTRACT NUMBER: FA-02-14632-05 ⁰⁰ MDS/ujt

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 2 of the Agreement for the Administration of TennCare Select shall be amended by adding Section 2-26 which shall read as follows:

2-26. Processing and Payment of Critical Access Hospital Payments

Subject to the availability of State and Federal funding, the CONTRACTOR agrees to make payments to certain hospitals designated as critical access hospitals based on a schedule to be provided by TennCare. These payments are being made in accordance with the methodology approved by the Centers for Medicare and Medicaid Services, which appears as Amendment 2 to the State's Operational Protocol. The payment by the CONTRACTOR to the hospital(s) will be made within 10 calendar days of the receipt of such payment by the CONTRACTOR from TENNCARE. The CONTRACTOR may deposit these funds in the account of its choice and may retain all interest earned as compensation for providing this service. The CONTRACTOR agrees to include any correspondence requested by TENNCARE to be included with the payment and provide a written confirmation of any disbursements including the date the check was mailed and the date redeemed.

Payments to the critical access hospitals under this amendment shall not exceed \$4,708,300 for State fiscal year 2003. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the payments to the hospitals shall not exceed \$4,804,388 for State fiscal year 2003.

Payments to the critical access hospitals under this amendment shall not exceed \$4,708,300 for State fiscal year 2004. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the payments to the hospitals shall not exceed \$4,804,388 for State fiscal year 2004. At such time that Federal Regulations allow, TENNCARE may discontinue making supplemental pool payments through the CONTRACTOR during State fiscal year 2004.

Amendment 5 (continued)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective as of the date it is approved by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 3

**AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

CONTRACT NUMBER: FA-02-14632-03

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Amended and Restated Contractor Risk Agreement by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 1-1 shall be amended by deleting "Mark Austin" and inserting "Nancy Reykdal" so that the title and address for the notice to TENNCARE shall read as follows:

If to TENNCARE:

Deputy Commissioner
Bureau of TennCare
729 Church Street
Nashville, Tennessee 37247-6501

If to the CONTRACTOR:

Nancy Reykdal
Vice President
801 Pine Street
Chattanooga, Tennessee 37402-2555

1. The definition of "Appeal Procedure" in Section 1-3 shall be amended by adding the references "1200-13-13-.11" and "1200-13-14-.11" so that the amended definition of "Appeal Procedure" shall read as follows:

Appeal Procedure - The process to resolve an enrollee's right to contest verbally or in writing, any adverse action taken by the CONTRACTOR to deny, reduce, terminate, delay, or suspend a covered service as well as any other acts or omissions of the CONTRACTOR which impair the quality, timeliness or availability of such benefits. The appeal procedure shall be governed by TennCare rules 1200-13-12-.11, 1200-13-13-.11, 1200-13-14-.11 and any and all applicable court orders. Complaint shall mean an enrollee's right to contest any other action taken by the CONTRACTOR or service provider other than those that meet the definition of an adverse action.

2. The definition of "Medically Necessary" in Section 1-3 shall be amended by deleting the words "TennCare Medicaid" in item "e" so that the amended definition for "Medically Necessary" shall read as

described below. At such time that TENNCARE implements different benefit packages for Medicaid and Standard enrollees that does not include EPSDT benefits for Standard eligibles, the words "TennCare Medicaid" shall be replaced in item "e".

Medically Necessary - Services or supplies provided by an institution, physician, or other provider that are required to identify or treat a TennCare enrollee's illness, disease, or injury and which are:

- a. Consistent with the symptoms or diagnosis and treatment of the enrollee's illness, disease, ailment, or injury; and
- b. Appropriate with regard to standards of good medical practice; and
- c. Not solely for the convenience of an enrollee, physician, institution or other provider; and
- d. The most appropriate supply or level of services which can safely be provided to the enrollee. When applied to the care of an inpatient, it further means that services for the enrollee's medical symptoms or condition require that the services cannot be safely provided to the enrollee as an outpatient; and
- e. When applied to enrollees under 21 years of age, services shall be provided in accordance with EPSDT requirements including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.

- 3. Section 1-3 shall be amended by amending the definition of "Post-stabilization Care Services" to insert the phrase "to maintain the stabilized condition" and by adding a new definition for "Enrollees with Special Health Care Needs" so that the amended definition for "Post-stabilization Care Services" and the new definition for "Enrollees with Special Health Care Needs" shall read as follows:

Post-stabilization Care Services - Non-emergency services subsequent to an emergency that a treating physician views as medically necessary to maintain the stabilized condition after an emergency medical condition has been stabilized.

Enrollees with Special Health Care Needs - For purposes of requirements in Sections 2-3.j.2(l) and (m) of this Agreement, enrollees with special health care needs shall refer to enrollees in state custody through the Department of Children's Services (DCS).

- 4. Section 2-1.k shall be deleted in its entirety and replaced by a new Section 2-1.k which shall read as follows:

2-1.k. The CONTRACTOR shall demonstrate that it maintains health information systems that collects, analyzes, integrates, and reports data. The systems must provide information on areas applicable to the MCOs contractual requirements including, but not limited to, utilization, grievances and appeals and disenrollments. To the extent agreed upon by both parties and allowable by law, the CONTRACTOR agrees to provide TENNCARE online, read-only, real-time access to the information housed within the CONTRACTOR's information system to access the CONTRACTOR's TennCare data in a mutually agreed upon format and within a timeframe agreed upon by TENNCARE. TENNCARE and the CONTRACTOR shall work together to develop appropriate mechanisms to accomplish this requirement.

5. The Pharmacy Services description and lead in titles to Sections 2-3.1.1, 2, and 3 shall be deleted in their entirety and replaced by new Pharmacy Services descriptions and lead in titles which shall read as follows:

2-3.1.1 TennCare Benefits, prior to notification by TENNCARE to implement separate Medicaid/Standard Benefits:

SERVICE	BENEFIT
<p>Pharmacy Services (obtained directly from an ambulatory retail pharmacy setting, outpatient hospital pharmacy, mail order pharmacy or those administered to a long-term care facility resident (nursing facility))</p>	<p>As medically necessary. Non-covered therapeutic classes as described in Section 2-3.13, DESI, LTE, IRS drugs excluded.</p> <p>TENNCARE is responsible for the provision and payment of pharmacy benefits to individuals who are enrolled in the TennCare Program in the category of TennCare Medicaid/Medicare dual eligible. (However, this does not include pharmaceuticals administered in a doctor's office.)</p> <p>TENNCARE is not responsible for the provision and payment of pharmacy services for TennCare Medicaid/Medicare dual eligibles prior to the date that TENNCARE has notified the CONTRACTOR through the regular electronic eligibility update that these individuals are eligible in the TennCare/Medicare dual eligible category.</p> <p>Effective July 1, 2003, the aforementioned covered pharmacy services shall be provided by the Pharmacy Benefits Manager (PBM) contracted by the TENNCARE Bureau.</p> <p>Diabetic monitors and supplies as well as home infusion and injectable drugs obtained directly from a pharmacy provider shall be included in the covered pharmacy services that will be provided by the TennCare Pharmacy Benefit Manager effective July 1, 2003.</p> <p>In order to minimize disruption of current service delivery arrangements that may be outside of a CONTRACTOR's PBM arrangement, the CONTRACTOR may continue to reimburse home infusion and injectable drugs through its current arrangement.</p>

2-3.1.2 TennCare Medicaid benefits, effective upon sixty (60) calendar days notice by TENNCARE:

Service	Coverage Provided by TennCare Medicaid
<p>Pharmacy Services (obtained directly from an ambulatory retail pharmacy setting, outpatient hospital pharmacy, mail order</p>	<p>As medically necessary. Certain drugs (known as DESI, LTE, or IRS drugs) are excluded from coverage.</p> <p>TENNCARE is responsible for the provision and payment of pharmacy benefits to individuals who are enrolled in the TennCare Program in the category of TennCare Medicaid/Medicare dual eligible. (However, this does not include pharmaceuticals</p>

<p>pharmacy or those administered to a long-term care facility resident (nursing facility)</p>	<p>administered in a doctor's office.)</p> <p>TENNCARE is not responsible for the provision and payment of pharmacy services for TennCare Medicaid/Medicare dual eligibles prior to the date that TENNCARE has notified the CONTRACTOR through the regular electronic eligibility update that these individuals are eligible in the TennCare/Medicare dual eligible category.</p> <p>Effective July 1, 2003, the aforementioned covered pharmacy services shall be provided by the Pharmacy Benefits Manager (PBM) contracted by the TENNCARE Bureau.</p> <p>Diabetic monitors and supplies as well as home infusion and injectable drugs obtained directly from a pharmacy provider shall be included in the covered pharmacy services that will be provided by the TennCare Pharmacy Benefit Manager effective July 1, 2003.</p> <p>In order to minimize disruption of current service delivery arrangements that may be outside of a CONTRACTOR's PBM arrangement, the CONTRACTOR may continue to reimburse home infusion and injectable drugs through its current arrangement.</p>
--	--

2-3.1.3 TennCare Standard benefits, effective upon sixty (60) calendar days notice by TENNCARE:

Service	Coverage Provided by TennCare Standard
<p>Pharmacy Services (obtained directly from an ambulatory retail pharmacy setting, outpatient hospital pharmacy, mail order pharmacy or those administered to a long-term care facility resident (nursing facility))</p>	<p>As medically necessary. Certain drugs (known as DESI, LTE, or IRS drugs) are excluded from coverage.</p> <p>Effective July 1, 2003, the aforementioned covered pharmacy services shall be provided by the Pharmacy Benefits Manager (PBM) contracted by the TENNCARE Bureau.</p> <p>Diabetic monitors and supplies as well as home infusion and injectable drugs obtained directly from a pharmacy provider shall be included in the covered pharmacy services that will be provided by the TennCare Pharmacy Benefit Manager effective July 1, 2003.</p> <p>In order to minimize disruption of current service delivery arrangements that may be outside of a CONTRACTOR's PBM arrangement, the CONTRACTOR may continue to reimburse home infusion and injectable drugs through its current arrangement.</p>

6. Section 2-3.2 shall be amended by adding a new sentence before the last sentence of the first paragraph so that the amended Section 2-3.2 shall read as follows:

2-3.2 Medical Necessity

The determination of medical necessity shall be made on a case by case basis. The CONTRACTOR shall not employ, and shall not permit others acting on their behalf to employ utilization control guidelines or other quantitative coverage limits, whether explicit or de facto, unless supported by an individualized determination of medical necessity based upon the needs of each TennCare enrollee and his/her medical history. The CONTRACTOR shall have the ability to place tentative limits on a service; however, such limits shall be exceeded when medically necessary based on a patient's individual characteristics. The CONTRACTOR shall not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of the diagnosis, type of illness, or condition. The CONTRACTOR may deny services that are non-covered except as otherwise required by EPSDT or unless otherwise directed to provide by TENNCARE and/or an administrative law judge. Any procedures used to determine medical necessity shall be consistent with the following definition:

Services or supplies provided by an institution, physician, or other provider that are required to identify or treat a TennCare enrollee's illness, disease, or injury and which are:

- i. Consistent with the symptoms or diagnosis and treatment of the enrollee's illness, disease, ailment or injury; and
- ii. Appropriate with regard to standards of good medical practice; and
- iii. Not solely for the convenience of an enrollee, physician, institution or other provider; and
- iv. The most appropriate supply or level of services which can safely be provided to the enrollee. When applied to the care of an inpatient, it further means that services for the enrollee's medical symptoms or condition require that the services cannot be safely provided to the enrollee as an outpatient; and
- v. All medically necessary services shall be covered for enrollees under 21 years of age, in accordance with EPSDT requirements, including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989. Effective upon receipt of written notification from TENNCARE, the CONTRACTOR is not required to provide services in accordance with EPSDT requirements to TennCare Standard enrollees under the age of 21.

7. Section 2-3.10 shall be amended by updating the 42 CFR reference so that the amended Section 2-3.10 shall read as follows:

2-3.10 Advance Directives

The CONTRACTOR shall comply with federal requirements concerning advance directives such as a living will or a durable power of attorney for healthcare, as described in 42 CFR 422.128 and 489 Subpart I, and as described in T.C.A. Section 32-11-105, Sections 34-6-201 through 34-6-215, and Sections 68-11-201 through 68-11-224, and as stipulated by the enrollee.

8. Section 2-3.13 shall be amended by adding a new final paragraph to the end of the existing text which shall read as follows:

Effective July 1, 2003, the aforementioned covered pharmacy services shall be provided by the Pharmacy Benefits Manager (PBM) contracted by the TENNCARE Bureau.

9. Sub-items (4)(B), (4)(C), (5)(B), (10) (12), (13) and (27) of Section 2-3.16.8 shall be amended by adding additional language so that the amended sub-items (4)(B), (4)(C), (5)(B), (10) (12), (13) and (27) shall read as follows:

Services Listed in Social Security Act Section 1905(a)	Responsible Entity in Tennessee	Comments
(4)(B) EPSDT services	MCO for physical health services, except as described in Section 2-3.c.2 and 3; BHO for mental health and substance abuse services, except as described in Section 2-3.c.2; Effective October 1, 2002, DBM for dental services except as described in Section 2-3.c.3; Effective July 1, 2003, PBM for Pharmacy Services as described in Section 2-3.a.1	
(4)(C)--Family planning services and supplies	MCO; Effective July 1, 2003, PBM for Pharmacy Services as described in Section 2-3.a.1	
(5)(B)—Medical and surgical services furnished by a dentist.	MCO; Effective October 1, 2002, DBM except as described in Section 2-3.c.3	
(10)—Dental services	MCO; Effective October 1, 2002, DBM except as described in Section 2-3.c.3	
(12)—Prescribed drugs, dentures, and prosthetic devices, and eyeglasses	MCO for physical health services; TennCare PBM for mental	

	<p>health and substance abuse drugs Effective July 1, 2003, PBM for Pharmacy Services as described in Section 2-3.a.1 MCO for dentures until October 1, 2002, DBM for dentures thereafter</p>	
--	---	--

<p>(13) Other diagnostic, screening, preventive, and rehabilitative services, including any medical or remedial services recommended by a physician or other licensed practitioner of the healing arts within the scope of their practice under State law, for the maximum reduction of physical or mental disability and restoration of an individual to the best possible functional level</p>	<p>MCO for physical health services; BHO for mental health and substance abuse services Effective October 1, 2002, DBM for dental services as described in Section 2-3.a.1 and 2-3.c.3 Effective July 1, 2003, PBM for Pharmacy Services as described in Section 2-3.a.1</p>	<p>The following are considered practitioners of the healing arts in Tennessee law ¹:</p> <ul style="list-style-type: none"> • Alcohol and drug abuse counselor • Athletic trainer • Audiologist • Certified acupuncturist • Certified master social worker • Certified nurse practitioner • Certified professional counselor • Certified psychological assistant • Chiropractic physician • Chiropractic therapy assistant • Clinical pastoral therapist • Dentist • Dental assistant • Dental hygienist • Dietitian/nutritionist • Dispensing optician • Electrologist • Emergency medical personnel • First responder • Hearing instrument specialist • Laboratory personnel • Licensed clinical perfusionist • Licensed clinical social worker • Licensed practical nurse • Licensed professional counselor • Marital and family therapist, certified • Marital and family therapist, licensed • Massage therapist • Medical doctor • Medical doctor (special training) • Midwives and nurse midwives • Nurse aide

(27) Any other medical care, and any other type of remedial care recognized under State law.	MCO for physical health services; BHO for mental health and substance abuse services Effective October 1, 2002, DBM for dental services as described in Section 2-3.a.1 and 2-3.c.3 Effective July 1, 2003, PBM for Pharmacy Services as described in Section 2-3.a.1	See Item (13).
--	---	----------------

10. Section 2-3. shall be amended by adding a new Section 2-3.18 which shall read as follows:

2-3.18 Coordination of MCO and PBM Benefits

In order to assure enrollees assigned to TennCare MCOs continue to receive pharmacy services without interruption during the transition and future coordination of their pharmacy benefits, each MCO shall be required to cooperate in any manner necessary, including but not limited to the following:

- (a) The CONTRACTOR and/or its subcontractor (PBM) shall coordinate and interface with TENNCARE and/or the TennCare contracted PBM in order to exchange data in a media

and format acceptable to TENNCARE for the purpose of transitioning necessary information such as authorization requests, refill limits, etc.

- (b) The CONTRACTOR agrees to assure it's providers shall coordinate with the TennCare PBM regarding authorization request for pharmacy services.
- (c) The CONTRACTOR shall be capable of accepting and maintaining data sent from TENNCARE and/or the TennCare PBM regarding enrollee utilization of pharmacy services. The CONTRACTOR shall utilize pharmacy data for management of enrollee health care.
- (d) The CONTRACTOR shall obtain a report from the pharmacy benefits manager (PBM) when provided by the TennCare PBM, that identifies prescribers who have been listed in the top one-hundred (100) prescribers for three (3) weeks out of a four (4) consecutive week period as having prescribed prescription drugs that are not on the Preferred Drug List (PDL). The CONTRACTOR shall use this report as a basis to contact, by telephone one-hundred percent (100%) of its network prescribers (or a provider practicing with the prescribing physician) who wrote prescriptions, within thirty (30) calendar days from the date the report is received,, for the purpose of educating the physician about a prescription drug that is on the PDL that the physician may prescribe as an alternative and to encourage the physician to contact the pharmacy and change the prescription accordingly; any prescriber who cannot be identified through a unique DEA number shall be excluded from this requirement.
- (e) Appeals and member service inquiries related to pharmacy services, provided by the TennCare PBM, shall be the responsibility of TENNCARE and/or the TennCare PBM.

11. Section 2-4.2.f shall be amended by adding a new sentence to the end of the existing text so that the amended Section 2-4.2.f shall read as follows:

- f. Additionally, other vulnerable populations (e.g., persons with special needs such as multiple handicaps, or acute chronic conditions, etc.) may be assigned to a case manager at the MCO level or, at the MCO's discretion, to their attending specialist as their primary care provider. However, the CONTRACTOR shall comply with Section 2-3.j.3(g) regarding enrollees determined to need a course of treatment or regular care monitoring.

12. Section 2-4.3.a shall be amended by deleting and replacing Section 2-4.3.a and adding two new Sections, 2-4.3.l and m so that the amended Sections 2-4.3.a, l and m shall read as follows:

2-4.3.a Performance of reasonable preventive health case management services described in the Quality of Care Monitors, included in this Agreement as Attachment II, as well as mechanisms to assess the quality and appropriateness of care furnished, appropriate referral and scheduling assistance of enrollees with special health care needs , including those identified through the provision of preventive services;

2-4.3.l The CONTRACTOR shall implement mechanisms to assess each TennCare enrollee identified by the State as having special health care needs in order to identify any ongoing special conditions of the enrollee that require a course of treatment or regular care monitoring. The assessment mechanisms must use appropriate health care professionals. Enrollees who are dually eligible for TennCare and Medicare are exempt from this requirement.

2-4.3.m The CONTRACTOR shall implement procedures to share, with other MCOs serving the enrollee, the results of its identification and assessment of any enrollee with special health care needs so that those activities need not be duplicated.

13. Section 2-4.4 shall be amended by deleting and replacing Section 2-4.4.b and e in their entirety and by adding new Sections 2-4.4.g and h so that the amended and new sections 2-4.4.b, e, g and h shall read as follows:

2-4.4.b The CONTRACTOR shall allow an enrollee at least one (1) annual preventive care visit to a network obstetrician/gynecologist without obtaining a referral from a case manager or a primary care provider. Effective August 13, 2003, the CONTRACTOR shall allow female enrollees direct access to a women's health specialist within the network for covered care necessary to provide women's routine and preventive health care services. This is in addition to the enrollee's designated source of primary care if that source is not a woman's health specialist.

2-4.4.e The CONTRACTOR shall provide all PCPs and Case Managers with a current listing of referral providers. The CONTRACTOR shall supply this listing to all PCPs and Case Managers within thirty (30) days of the effective date of this Agreement. A supplemental listing indicating additions and deletions shall be provided on a quarterly basis thereafter. Quarterly basis for purposes of mailing the supplemental listings shall be based on a calendar year schedule (e.g., Jan. – March, etc.). A copy of the listing, a data file in a media and format described by TENNCARE and documentation from the MCO's mail room or outside vendor indicating the quantity and date mailed shall be sent to TennCare as proof of compliance by the 30th of the month following each quarter in accordance with the reporting schedules as described in Section 6-8 of this Agreement.

2-4.4.g Effective August 13, 2003, the CONTRACTOR must provide for a second opinion from a qualified health care professional within the network, or arrange for the ability of the enrollee to obtain one outside the network, at no cost to the enrollee.

2-4.4.h Effective August 13, 2003, the enrollees determined to need a course of treatment or regular care monitoring, the entity must have a mechanism in place to allow enrollees to directly access a specialist as appropriate for the enrollee's condition and identified needs.

14. Section 2-4.5 shall be amended by adding a new third sentence between the existing second and third sentence so that the amended Section 2-4.5 shall read as follows:

2-4.5 Abusive Utilizers of Pharmacy Services

The CONTRACTOR shall send information to TENNCARE and TennCare Program Integrity regarding lock-in candidates. Enrollees who disagree with such restrictions may appeal to TENNCARE such restrictions pursuant to the medically necessary provisions of the TennCare hearing rules.

15. Section 2-4.6.1.b shall be amended by adding a phrase in the middle of the first sentence so that the amended Section 2-4.6.1.b shall read as follows:

b. PCP Termination. If a PCP ceases participation, the CONTRACTOR shall immediately provide written notice, which shall be considered to be no less than thirty (30) days prior to the effective

date of the termination and no more than fifteen (15) days after receipt or issuance of the termination notice, to each enrollee who has chosen the provider as their PCP. Each notice shall include all components identified in the notice template provided by TennCare. The requirement to provide notice thirty (30) days prior to the effective date of termination shall be waived in instances where a provider becomes physically unable to care for members due to illness, a provider dies, the provider fails to provide thirty (30) days advance notice to the CONTRACTOR, the provider moves from the service area and fails to notify the CONTRACTOR or when a provider fails credentialing, and instead shall be made immediately upon the CONTRACTOR becoming aware of the circumstances.

16. Section 2-4.7.1 shall be deleted in its entirety and replaced by a new Section 2-4.7.1 which shall read as follows:

2.4.7.1 Emergency Medical Services obtained from Out of Plan Providers

The CONTRACTOR's plan shall include provisions governing utilization of and payment by the CONTRACTOR for emergency medical services received by an enrollee from non-contract providers, regardless of whether such emergency services are rendered within or outside the community service area covered by the plan. Coverage of emergency medical services shall not be subject to prior authorization by the CONTRACTOR and shall be consistent with federal requirements regarding post-stabilization services, including but not limited to, 42 CFR Section 438.114(c)(1)(ii)(A). Utilization of and payments to non-contract providers may, at the CONTRACTOR's option, be limited to the treatment of emergency medical conditions, including post-stabilization care that includes medically necessary services rendered to the enrollee until such time as he/she can be safely transported to an appropriate contract service location. Payment amounts shall be consistent with the pricing policies developed by the CONTRACTOR and in accordance with TENNCARE requirements, including TENNCARE rules and regulations for emergency out-of-plan services. Payment by the CONTRACTOR for properly documented claims for emergency medical services rendered by a non-contract provider shall be made within thirty (30) calendar days of receipt of a clean claim by the CONTRACTOR.

The CONTRACTOR must review and approve or disapprove claims for emergency medical services based on the definition of emergency medical services specified in Section 1-3 of this Agreement. If the CONTRACTOR determines that a claim requesting payment of emergency medical services does not meet the definition as specified in Section 1-3 and subsequently denies the claim, the CONTRACTOR shall notify the provider of the denial. This notification shall include information to the provider regarding the CONTRACTOR's process and timeframes for reconsideration and subsequent steps regarding an informal review by TENNCARE. In the event a provider disagrees with the CONTRACTOR's decision to disapprove a claim for emergency medical services, the provider may request an informal review by TENNCARE after having exhausted all steps in the CONTRACTOR's plan for the resolution of such disputes. Said request for an informal review by TENNCARE shall be made within 180 days from the date of service with the exception of instances of retroactive eligibility or circumstances beyond a provider's control such as the involvement of a third party payer. As the result of the informal review, if TENNCARE determines the claim should be allowed, the CONTRACTOR shall make payment for the claim. After informal review, if TENNCARE determines the CONTRACTOR's denial was correct, the provider shall have the right to request a formal hearing, pursuant to T.C.A. Section 71-5-113, on the matter within fifteen (15) calendar days of the decision. All requests for a formal hearing from providers for emergency medical service claims denied by the CONTRACTOR must be submitted in writing to TENNCARE for review and final determination. TENNCARE's decision in such matters shall not be rendered arbitrarily but shall be based upon the facts at hand and the

applicability of the various requirements of this Agreement. The CONTRACTOR agrees to pay previously denied emergency medical service claims if the decision by TENNCARE is to honor the claim.

17. The fifth paragraph of Section 2-4.11 shall be amended by adding references to "1200-13-13-.08, 1200-13-14-.08" so that the amended fifth paragraph of Section 2-4.11 shall read as follows:

Providers or collection agencies acting on the provider's behalf may not bill enrollees for amounts other than applicable cost sharing responsibilities for TennCare covered services except as permitted by TennCare rule 1200-13-12-.08, 1200-13-13-.08, 1200-13-14-.08 and as described below. Providers may seek payment from an enrollee in the following situations:

18. Section 2-4 shall be amended by adding a new Section 2-4.12 which shall read as follows:

2-4.12 Notice of Action to Enrollees

The CONTRACTOR shall comply with all enrollee notice requirements described in TennCare Rules 1200-13-13-.11 and 1200-13-14-.11.

19. Section 2-6.2.c.1(e) shall be amended by adding a new sentence to the end of the existing text so that the amended Section 2-6.2.c.1(e) shall read as follows:

2-6.2.c.1.(e) Shall include a description of cost share responsibilities for enrollees including an explanation that providers and/or the MCO may utilize whatever legal actions that are available to collect these amounts. Further, the information shall indicate that the enrollee may not be billed for covered services except for the amounts of the specified cost share responsibilities and of their right to appeal in the event that they are billed;

20. Section 2-6.2.c.1.(h) shall be deleted and replaced in its entirety so that the new Section 2-6.2.c.1.(h) shall read as follows:

2-6.2.c.1.(h) Shall include an explanation of emergency services and procedures on how to obtain emergency services both in and out of the CONTRACTOR's service area, including but not limited to: an explanation of post stabilization, the use of 911, locations of emergency settings and locations for post-stabilization services;

21. Section 2-6.2.c.1 (m) shall be amended by updating the 42 CFR reference so that the amended Section 2-6.2.c.1 (m) shall read as follows:

2-6.2.c.1(m) Shall include written information concerning advance directives as described in the Code of Federal Regulations, 42 CFR 489 Subpart I and in accordance with 42 CFR 422.128;

22. Section 2-6.2.c.1 shall be amended by adding a new Section 2-6.2.c.1 (v) which shall read as follows:

2-6.2.c.1(v) Shall include directions in order to obtain information that shall be made available upon request regarding the "structure and operation of the MCO" and "physician incentive plans".

23. Section 2-6.4 shall be amended by adding a new sentence to the end of Section 2-6.4.1 and adding a new Section 2-6.4.7 so that the amended Section 2-6.4 shall read as follows:

2-6.4. Prohibited Marketing and/or Communication Activities

The following information and activities are prohibited:

- 2-6.4. 1. Materials and/or activities that mislead, confuse or defraud or that are unfair or deceptive practices or that otherwise violate federal or state consumer protection laws or regulations. This includes materials which mislead or falsely describe covered or available services, membership or availability of network providers, and qualifications and skills of network providers. Further the CONTRACTOR shall adhere to requirements for the written materials to assure that material is accurate and does not mislead, confuse or defraud the recipients or the state agency and materials shall be subject to review by the Medical Care Advisory Committee (MCAC);
 - 2-6.4. 2. Overly aggressive solicitation, such as repeated telephoning or continued recruitment after an offer for enrollment is declined by an enrollee, or similar techniques;
 - 2-6.4. 3. Gifts and offers of material or financial gain as incentives to enroll;
 - 2-6.4. 4. Compensation arrangements with marketing personnel that utilize any type of payment structure in which compensation is tied to the number of persons enrolled;
 - 2-6.4. 5. Direct solicitation of prospective enrollees;
 - 2-6.4. 6. In accordance with federal requirements, independent marketing agents shall not be used in connection with marketing activities. Independent marketing agents shall not mean staff necessary to develop or produce marketing materials or advertising or other similar functions;
 - 2-6.4. 7. In accordance with federal requirements, the CONTRACTOR shall not seek to influence enrollment in conjunction with the sale or offering of any private insurance.
24. Section 2-7.1 shall be amended by adding new language to the end of Sections 2-7.1.d and 2-7.1.f.1, and by adding two new Sections 2-7.1.f.4 and 2-7.1.g so that the amended Section 2-7.1 shall read as follows:

2.7.1 Utilization Management

The CONTRACTOR shall not place arbitrary maximum limits on the length of stay for enrollees requiring hospitalization and/or surgery. The CONTRACTOR shall not employ, and shall not permit others acting on their behalf to employ utilization control guidelines or other quantitative coverage limits, whether explicit or de facto, unless supported by an individualized determination of medical necessity based upon the needs of each TennCare enrollee and his/her medical history. Individual patient characteristics must be considered in the determination of readiness for discharge. This requirement is not intended to limit the ability of the CONTRACTOR to place "tentative" limits on the length of a prior authorization or pre-certification.

- a. Inpatient Care. The Contractor shall provide for methods of assuring the appropriateness of inpatient care. Such methodologies shall be based on individualized determinations of medical necessity and, at a minimum, shall include:
 - i. pre-admission certification upon notification for all non-emergency admissions;

- ii. a concurrent review program to monitor and review continued inpatient hospitalization (for hospitals that are not reimbursed on a DRG basis), length of stay (for hospitals that are not reimbursed on a DRG basis), outpatient care, or diagnostic ancillary services regarding their appropriateness and medical necessity. In addition, the Contractor shall have a process in place to determine for emergency admissions, based upon medical criteria, if and when a patient can be transferred to a network facility, if presently in a non-network facility. On-site concurrent hospitalization review should occur in 95% of the cases where applicable at the two most frequently utilized hospitals;
 - iii. admission review for urgent and/or emergency admissions, on a retroactive basis when necessary, in order to determine if the admission is medically necessary, and if the requested length of stay for the admission (for hospitals that are not reimbursed on a DRG basis and for outlier DRG cases) is reasonable based upon an individualized determination of medical necessity. Such reviews shall not result in delays in the provision of medically necessary urgent or emergency care;
 - iv. Pre-admission certification should not be employed for admissions for the normal delivery of children;
 - v. Prospective review procedures may also include pre-admission testing criteria and criteria for same day surgery procedures. If inpatient hospital pre-admission certification is utilized authorization or denial must occur within one business day of the request.
- b. Case Management. The Contractor shall maintain a case management program for enrollees. Enrollee participation is voluntary. The CONTRACTOR must utilize procedures and criteria that identify unique or complex cases that will benefit from intensive medical case management.
- c. Discharge Planning. The Contractor shall maintain and operate a formalized discharge planning program. The CONTRACTOR may delegate responsibility for discharge planning in accordance with requirements for the delegation of responsibilities specified in Attachment II.
- d. Disease Management. The Contractor must have in place or develop and implement a disease management and health promotion and prevention program. The Contractor shall develop and implement one disease management program for a high cost, high prevalence disease, designed to optimize the health status of members. The program shall include a statistically valid methodology designed to measure the impact on health status of participating members, and the Contractor shall provide the State with the results of the analysis of the program's impact at least 14 months after implementation. The State reserves the right to review and comment on the programs. In the event the TennCare Bureau contracts with an outside entity for the administration of any Disease Management Program, TENNCARE shall be responsible for the administrative cost of the outside contractual arrangement for the Disease Management Program. However, the CONTRACTOR shall cooperate and participate to the extent practical and feasible with any disease management program as developed and/or described by TENNCARE.

- e. Hospitalizations and Surgeries. The CONTRACTOR must comply with any applicable laws or rules related to length of hospital stay. TENNCARE will closely monitor encounter data related to length of stay and re-admissions to identify potential problems. If indicated, TENNCARE or the EQRO may conduct special studies to assess the appropriateness of hospital discharges.
- f. Prior Authorization
1. General Rule. If prior authorization of a service is granted by the CONTRACTOR, subcontractor or an agent, payment for the pre-approved service shall not be denied based on the lack of medical necessity, assuming that the enrollee is eligible on the date of service, unless it is determined that the facts at the time of the denial of payment are significantly different than the circumstances which were described at the time that prior authorization was granted. Prior Authorization shall not be required for emergency services. Prior authorization requests shall be reviewed subject to the guidelines described in TennCare Rules 1200-13-13 and 1200-13-14 which include, but are not limited to, provisions regarding decisions, notices, medical contraindication, and the failure of an MCO to act timely upon a request.
 2. At time of Enrollment. In the event an enrollee entering the MCO's plan is receiving medically necessary TennCare covered services the day before enrollment, the CONTRACTOR shall continue to make payment, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network until such time as the CONTRACTOR can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health. If it is medically necessary that care extend beyond thirty (30) days, the CONTRACTOR shall require prior authorization for continuation of the services beyond thirty (30) days. Care rendered to an enrollee in the Contractor's plan beyond thirty (30) days that is out-of-plan or out-of-network for which a provider has not sought prior authorization shall not be reimbursed.
 3. Prenatal Care. In the event an enrollee entering the CONTRACTOR's plan is receiving medically necessary prenatal care services the day before enrollment, the CONTRACTOR shall continue to make payment for such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network until such time as the CONTRACTOR can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health. The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payor) plus any applicable amount of cost sharing responsibilities due from the enrollee as payment in full for the service.
 4. Notice Requirements. Notice of adverse actions regarding prior authorization requests shall be provided within the following guidelines:

- (a) Provider Notice. The CONTRACTOR must notify the requesting provider of any decision to deny a service authorization request, or to authorize a service in an amount, duration, or scope that is less than requested. The notice to the provider need not be in writing; however, the CONTRACTOR must be able to produce proof or documentation of notice to the requesting provider.
- (b) Enrollee Notice. See notice provisions in TennCare Rule 1200-13-13-.11 and 1200-13-14-.11.

g. Compensation for Utilization Management Activities. CONTRACTOR shall assure, consistent with 42 CFR 438.6(h), and 42 CFR 422.208, that compensation to individuals or entities that conduct utilization management activities is not structured so as to provide incentives for the individual or entity to deny, limit, or discontinue medically necessary services to any enrollee, as provided by the Balanced Budget Act of 1997 and the provisions of 42 CFR 438.210(e).

25. The second paragraph of Section 2-8 shall be amended by adding a new third sentence and the references "1200-13-13-.11" and "1200-13-14-.11" so that the amended first paragraph of Section 2-8 shall read as follows:

The enrollees shall have the right to file appeals regarding adverse actions taken by the CONTRACTOR. For purposes of this requirement, appeal shall mean an enrollee's right to contest verbally or in writing, any adverse action taken by the CONTRACTOR to deny, reduce, terminate, delay or suspend a covered service as well as any other acts or omissions of the CONTRACTOR which impair the quality, timeliness, or availability of such benefits. An appeal may be filed by the enrollee or by a person authorized by the enrollee to do so, including but not limited to, a provider with the enrollee's written consent. The CONTRACTOR shall provide readable materials reviewed and approved by TENNCARE, informing enrollees of their appeal rights. The CONTRACTOR has internal appeal procedures for both TennCare Medicaid enrollees as well as TennCare Standard enrollees in accordance with TennCare rules 1200-13-12-.11, 1200-13-13-.11, 1200-13-14-.11 or any applicable TennCare rules, subsequent amendments, TennCare Waiver or subsequent Court Orders governing the appeals process.

26. Section 2-8.a.9 shall be deleted in its entirety.
27. Section 2-8.a. shall be amended by adding new Sections 2-8.a.9 and 10 and renumbering the existing Section 2-8.a.10 as 2-8.a.11 so that the new Sections 2-8.a.9 and 10 shall read as follows:

2-8.a.9. The Contractor shall require providers to display notices of enrollee's right to appeal adverse actions affecting services in public areas of each facility in accordance with TennCare rules. Contractor shall ensure that providers have correct and adequate supply of public notices.

2-8.a.10. Except for initial reconsideration by an MCO, as permitted under the TennCare rules, no person who is an employee, agent or representative of an MCO may participate in deciding the outcome of a TennCare appeal. No state official may participate in deciding the outcome of a beneficiary's appeal who was directly involved in the initial determination of the action in question. The State will ensure that decision makers on grievances and appeals were not involved in previous levels of review or decision-making and who are health care professionals with clinical expertise in treating the enrollee's condition or disease if any of the following apply:

- a denial appeal based on lack of medical necessity.
- a grievance regarding denial of expedited resolutions of an appeal.
- any grievance or appeal involving clinical issues.

The Contractor shall keep a record of who reviews each reconsideration. The State will monitor compliance with this provision.

28. Section 2-9.1 shall be amended by adding a new Item d. which shall read as follows:

- d. Data that must be Certified. When State payments to an MCO are based on data submitted by the MCO, the State must require certification of the data as provided in 42 CFR 438.606. The data that must be certified include, but are not limited to, enrollment information, encounter data, and other information required by the State and contained in contracts, proposals and related documents. The data must be certified by one of the following: the MCO's Chief Executive Officer, The MCO's Chief Financial Officer, or An individual who has delegated authority to sign for, and who reports directly to the MCO's Chief Executive Officer or Chief Financial Officer. The certification must attest, based on best knowledge, information, and belief, as follows:
1. To the accuracy, completeness and truthfulness of the data..
 2. To the accuracy, completeness and truthfulness of the documents specified by the State.
 3. The MCO must submit the certification concurrently with the certified data.

29. Section 2-9.2.a shall be deleted and replaced in its entirety so that the amended Section 2-9.2.a shall read as follows:

- a. The CONTRACTOR may not knowingly have a director, officer, partner, or person with beneficial ownership of more than 5% of the entity's equity who has been debarred or suspended by any federal agency. The CONTRACTOR shall not have an employment, consulting, or any other agreement with a person that has been debarred or suspended by any federal agency for the provision of items or services that are significant and material to the entity's contractual obligation with the State. To the best of its knowledge and belief, the CONTRACTOR certifies by its signature to this Agreement that the CONTRACTOR and its principals:
1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or State department or Contractor;
 2. have not within a three (3) year period preceding this Agreement been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offence in connection with obtaining attempting to obtain, or performing a public (federal, State, or Local) transaction or grant under a public transaction; violation of federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;
 3. are not presently indicted for or otherwise criminally or civilly charged by a government entity (federal, State, or Local) with commission of any of the offenses detailed in section b. of this certification; and

4. have not within a three (3) year period preceding this Agreement had one or more public transactions (federal, State, or Local) terminated for cause or default.

30. Section 2-9.4 shall be amended by adding new introductory text so that the amended Section 2-9.4 shall read as follows:

2-9.4 Network Management

The CONTRACTOR shall provide or assure the provision of all covered services specified in Section 2-3.1 of this Agreement. The CONTRACTOR may provide these services directly or may enter into agreements with providers and provider subcontracting entities or organizations who will provide services to the enrollees in exchange for payment by the CONTRACTOR for services rendered.

1. Should the CONTRACTOR elect to contract with providers for the provision of covered services, the CONTRACTOR shall adhere to the following:
 - (a) The CONTRACTOR shall not execute provider agreements with providers who have been excluded from participation in the Medicare and/or Medicaid programs pursuant to Sections 1128 or 1156 of the Social Security Act or who are otherwise not in good standing with the TENNCARE program.
 - (b) No later than August 1, 2003, the CONTRACTOR shall have in place, written policies and procedures for the selection and/or retention of providers and policies and procedures must not discriminate against particular providers that service high risk populations or specialize in conditions that require costly treatment.
 - (c) The CONTRACTOR shall not discriminate for the participation, reimbursement, or indemnification of any provider who is acting within the scope of his or her license or certification under applicable State law, solely on the basis of that license or certification. The CONTRACTOR's ability to credential providers as well as maintain a separate network and not include any willing provider is not considered discrimination.
 - (d) If the CONTRACTOR declines to include individual or groups of providers in its network, it must give the affected providers written notice of the reason for its decision.
 - (e) The CONTRACTOR shall maintain all provider agreements in accordance with the provisions specified in Title 42, CFR §438.12, 438.214 and Section 2-18 of this Agreement.
 - (f) The CONTRACTOR shall make provider payments in accordance with Section 5 of this Contract and shall negotiate changes in reimbursement rates as required by TENNCARE.
2. Section 2-9.4.1 shall not be construed to:

- (a) Require the CONTRACTOR to contract with providers beyond the number necessary to meet the needs of its enrollees;
 - (b) Preclude the CONTRACTOR from using different reimbursement amounts for different specialties or for different practitioners in the same specialty; or
 - (c) Preclude the CONTRACTOR from establishing measures that are designed to maintain quality of services and control costs and is consistent with its responsibilities to enrollees.
3. The CONTRACTOR may not prohibit, or otherwise restrict, a health care professional acting within the lawful scope of practice, from advising or advocating on behalf of an enrollee who is his or her patient for the following:
- (a) The enrollee's health status, medical care, or treatment options, including any alternative treatment that may be self administered;
 - (b) Any information the enrollee needs in order to decide among all relevant treatment options;
 - (c) The risks , benefits, and consequences of treatment or non-treatment; or
 - (d) The enrollee's right to participate in decisions regarding his or her health care, including the right to refuse treatment, and to express preferences about future treatment decisions.
4. The CONTRACTOR shall ensure that punitive action is not taken against a provider who either requests an expedited resolution or supports and enrollee's appeal.
5. The CONTRACTOR shall notify and make TENNCARE and TDCI TennCare Division aware of any operations or plans to operate a Physician Incentive Plan (PIP). Prior to implementation of any such plans, CONTRACTOR shall submit to TDCI TennCare Division any provider agreement templates or subcontracts that involve a PIP for review as a material modification. CONTRACTOR shall not implement a PIP in the absence of TDCI TennCare Division review and approval, which review will include review for compliance with applicable state and federal law. If the CONTRACTOR operates a PIP, the CONTRACTOR shall assure that no specific payment be made directly or indirectly under a PIP to a physician or physician group as an inducement to reduce or limit medically necessary services furnished to an individual. If the CONTRACTOR operates a PIP, upon TENNCARE's request, the CONTRACTOR must report descriptive information about its incentive plan in sufficient detail to enable TENNCARE to adequately monitor the CONTRACTOR. The information that may be requested shall include, but not be limited to, the following:
- (a) Whether services not furnished by the physician or physician group are covered by the incentive plan.
 - (b) The type or types of incentive arrangements, such as, withholds, bonus, capitation.
 - (c) The percent of any withhold or bonus the plan uses.

- (d) Assurance that the physicians or physician group has adequate stop-loss protection, and the amount and type of stop-loss protection.
- (e) The patient panel size and, if the plan uses pooling, the pooling method.
- (f) If the CONTRACTOR is required to conduct enrollee surveys, a summary of the survey results.

6. For purposes of network management, the CONTRACTOR shall, at a minimum, adhere to and/or provide for the following:

- a. The CONTRACTOR shall notify all network providers to file claims associated with their services directly with the CONTRACTOR, or its subcontractors, on behalf of TennCare Select enrollees.
- b. The CONTRACTOR shall notify all network providers of and enforce compliance with all provisions relating to utilization management procedures.
- c. Provider Profiling. The CONTRACTOR shall profile TennCare Select providers and Best Practice Network Primary Care Providers. Provider profiling will include the following:

- 1. Out-of-Network Utilization. The CONTRACTOR shall maintain a procedure to identify out-of-network utilization of enrollees by PCP panel (including BPN-PCPs), establish criteria for the evaluation of such instances and provide information to the state concerning the procedure, criteria and the results of any reviews and follow-up activities to correct referrals that are found to be "inappropriate" (e.g., consistent utilization of non-network providers when in-network providers available) on a quarterly basis.
- 2. Specialist Referrals. The CONTRACTOR shall maintain a procedure to identify Specialty provider utilization of enrollees by PCP panel (including BPN-PCPs), establish criteria for evaluation for specialty utilization and provide information to the state concerning the procedure, criteria and the results of any reviews and follow-up activities to correct specialist utilization found to be inappropriate on a quarterly basis.
- 3. Emergency Room Utilization. The CONTRACTOR shall maintain a procedure to identify enrollees who establish a pattern of accessing emergency room services, establish criteria for the evaluation of such instances, and notify the enrollee's PCP (including BPN-PCPs). The CONTRACTOR shall provide information to the state concerning the procedure, criteria and results of any reviews and follow-up activities on a quarterly basis.

31. Section 2-9.7.j shall be deleted in its entirety and the remaining Sections of 2-9.7 shall be renumbered and any references thereto shall be amended accordingly.

32. Section 2-9.9 shall be deleted and replaced in its entirety so that the amended Section 2-9.9 shall read as follows:

2-9.9 Fraud and Abuse Prevention and Detection

Pursuant to Executive Order 47 and 42 CFR § 1007, the Tennessee Bureau of Investigation Medicaid Fraud Control Unit (TBI MFCU) is the state agency responsible for the investigation of provider fraud and abuse in the State Medicaid program (TennCare).

The TennCare Program Integrity Unit is responsible for assisting TBI MFCU with provider cases and has the primary responsibility to investigate TennCare enrollee fraud and abuse.

The Contractor shall immediately report to the TBI MFCU any known or suspected fraud and/or abuse, including, but not limited to, the false or fraudulent filings of claims and/or the acceptance or failure to return monies allowed or paid on claims known to be false or fraudulent. The Contractor shall not investigate or resolve the suspicion, knowledge or action without informing the TBI MFCU, and shall cooperate fully in any investigation by the TBI MFCU or subsequent legal action that may result from such an investigation. The Contractor and health care providers, whether participating or non-participating providers, shall, upon request and as required by this CRA or state and/or federal law, make available to the TBI MFCU any and all administrative, financial and medical records relating to the delivery of items or services for which TennCare monies are expended. In addition, the TBI MFCU shall, as required by this CRA or state and/or federal law, be allowed access to the place of business and to all TennCare records of any Contractor or health care provider, whether participating or non-participating, during normal business hours, except under special circumstances when after hour admission shall be allowed. Special circumstances shall be determined by the TBI MFCU.

The Contractor shall include in any of its provider agreements a provision requiring, as a condition of receiving any amount of TennCare payment, the provider must comply with Section 1-5 of this CRA.

The Contractor shall report TennCare enrollee fraud and abuse to the TennCare Program Integrity Unit. The Contractor may be asked to help and assist in investigations by providing requested information and access to records. The Contractor and health care providers, whether participating or non-participating providers, shall, upon request and as required by this CRA or state and/or federal law, make available any and all supporting documentation/records relating to delivery of items or services for which TennCare monies are expended. Shall the need arise, the TennCare Program Integrity Unit shall be allowed access to the place of business and to all TennCare records of any TennCare Contractor or health care provider, whether participating or non-participating, during normal business hours, as required by this CRA or state and/or federal law.

Nothing herein shall require the CONTRACTOR to assure non-participating providers are compliant with TENNCARE contracts or state and/or federal law.

- a. The CONTRACTOR shall have internal controls and policies and procedures in place that are designed to prevent, detect, and report known or suspected fraud and abuse activities. The CONTRACTOR shall have adequate staffing and resources to investigate unusual incidents and develop and implement corrective action plans to assist the CONTRACTOR in preventing and detecting potential fraud and abuse activities.

b. The CONTRACTOR shall have a written Fraud and Abuse compliance plan. A paper and electronic copy of the plan shall be provided to the TennCare Program Integrity Unit. The CONTRACTOR's specific internal controls and policies and procedures shall be described in a comprehensive written plan and be maintained on file with the CONTRACTOR for review and approval by the TennCare Program Integrity Unit within ninety (90) days of the effective date of this Agreement. The TennCare Program Integrity Unit shall provide notice of approval, denial, or modification to the CONTRACTOR within thirty (30) days of review. The CONTRACTOR shall make any requested updates or modifications available for review to TENNCARE and/or the TennCare Program Integrity Unit as requested by TENNCARE and/or the TennCare Program Integrity Unit within thirty (30) days of a request. The State shall not transfer their law enforcement functions to the CONTRACTOR. At a minimum the written plan shall:

1. Ensure that all officers, directors, managers and employees know and understand the provisions of the CONTRACTOR's fraud and abuse compliance plan;
2. Contain procedures designed to prevent and detect potential or suspected abuse and fraud in the administration and delivery of services under this contract;
3. Include a description of the specific controls in place for prevention and detection of potential or suspected abuse and fraud, such as:
 - a. Claims edits;
 - b. Post-processing review of claims;
 - c. Provider profiling and credentialing;
 - d. Prior authorization;
 - e. Utilization management;
 - f. Relevant subcontractor and provider agreement provisions;
 - g. Written provider and enrollee material regarding fraud and abuse referrals.
4. Contain provisions for the confidential reporting of plan violations to the designated person as described in item 3 below;
5. Contain provisions for the investigation and follow-up of any compliance plan reports;
6. Ensure that the identities of individuals reporting violations of the plan are protected;
7. Contain specific and detailed internal procedures for officers, directors, managers and employees for detecting, reporting, and investigating fraud and abuse compliance plan violations;
8. Require any confirmed or suspected provider fraud and abuse under state or federal law be reported to TBI MFCU and that enrollee fraud and abuse be reported to the TennCare Program Integrity Unit;

9. Ensure that no individual who reports plan violations or suspected fraud and abuse is retaliated against.
 - c. The CONTRACTOR shall comply with the applicable requirements of the Model Compliance Plan for HMOs when the final model plan is issued by the U.S. Department of Health and Human Services, the Office of Inspector General (OIG).
 - d. The CONTRACTOR shall designate an officer or director in its organization who has the responsibility and authority for carrying out the provisions of the fraud and abuse compliance plan.
 - e. The CONTRACTOR shall submit an annual report to the TennCare Program Integrity Unit that includes summary results of fraud and abuse tests performed as required by 1-5.b.1.iii. and detailed in the CONTRACTOR's Fraud and Abuse compliance plan. The report should cover results for the year ending June 30 and be submitted by September 30 each year. This information in this report shall be provided in accordance with and in a format as described in the CONTRACTOR's approved compliance plan.
33. Section 2-10.6 shall be deleted in its entirety and all subsequent sections shall be renumbered as well as all references thereto.
34. The renumbered Section 2-10.8 shall be deleted and replaced in its entirety so that the amended Section 2-10.8 shall read as follows:

2-10.8 Financial Reporting

The CONTRACTOR shall file with the Tennessee Department of Commerce and Insurance, TennCare Division, a report on the form prescribed by the National Association of Insurance Commissioners for health maintenance organizations, on or before March 1 of each calendar year, which report is currently required to be filed by all licensed health maintenance organizations pursuant to Tennessee Code Annotated 56-32-208. This annual report shall also contain a supplemental income statement for TennCare Select detailing the CONTRACTOR's fourth quarter and year-to-date revenues earned and expenses paid as a result of the CONTRACTOR's administration of TennCare Select. The CONTRACTOR in preparing this annual report shall comply with any and all rules and regulations of the Tennessee Department of Commerce and Insurance related to the preparation and filing of this report.

The CONTRACTOR shall file with the Department of Commerce and Insurance, TennCare Division, a quarterly financial report on the form prescribed by the National Association of Insurance Commissioners for health maintenance organizations. These quarterly reports shall be filed on or before June 1 (covering first quarter of current year), September 1 (covering second quarter of current year) and December 1 (covering third quarter of current year) of each calendar year. Each quarterly report shall also contain a supplemental income statement detailing the CONTRACTOR's quarterly and year-to-date revenues earned and expenses paid as a result of the CONTRACTOR's administration of TennCare Select.

The CONTRACTOR shall also cause an audit of its business transactions to be performed by a licensed certified public accountant, including but not limited to the financial transactions made under this Agreement. Such audit shall be performed in accordance with the National Association of Insurance Commissioners Annual Statement Instructions regarding the

Annual Audited Financial Report. There are 3 exceptions to the aforementioned statement instructions:

1. The CONTRACTOR shall submit to the Tennessee Department of Commerce and Insurance, TennCare Division, the audited financial statements covering the previous calendar year by May 1 of each calendar year.
2. Any requests for extension of the May 1 submission date must be granted by the Comptroller of the Treasury pursuant to the "Contract to Audit Accounts."
3. The audit report shall include an income statement addressing the TennCare operations of the CONTRACTOR.
4. A breakdown of actual administrative expenses into the following components: Subcontractor Costs, Member Services, Network Development and Management, Claims Processing, Utilization Management, Quality Assurance, Marketing, and Other Costs.

The agreement for such audits shall be subject to prior approval of the Comptroller of the Treasury and must be submitted on the standard "Contract to Audit Accounts". In the event that terms included in the standard contract to audit accounts differ from those contained in the TennCare Agreement, the TennCare Agreement takes precedent. These financial reporting requirements shall supersede any other reporting requirements required of the CONTRACTOR by the Tennessee Department of Commerce and Insurance, and the Tennessee Department of Commerce and Insurance shall enact any necessary rule or regulation to conform to this provision of the Agreement.

35. The renumbered Section 2-10.10.1 shall be amended by adding new text to the end of the initial paragraph so that the amended Section 2-10.10.1 shall read as follows:

2-10.10.1 Prescription Drug Summary

The CONTRACTOR shall provide a listing of the top 25 prescription drug therapeutic classes by amount paid on a quarterly basis. These reports shall include the following data elements (does not apply to dual eligibles) Effective July 1, 2003, pharmacy services shall be covered by a TennCare contracted pharmacy benefits manager (PBM). However, these reports shall be required to continue until such time as all claims processed are reported by the CONTRACTOR or its subcontracted pharmacy benefits manager (PBM):

1. Rank
2. Therapeutic Class Name
3. Quantity Dispensed (e.g., 1 tube, 100 pills, 1000 ml., etc.)
4. Number of Prescriptions Filled
5. Dispensing Fee
6. Ingredient Cost
7. Total Amount Paid for Each Therapeutic Class
8. Amount Paid as a Percentage of Total Drug Payments

36. The renumbered Section 2-10.10.8 shall be deleted and replaced in its entirety so that the amended Section 2-10.10.8 shall read as follows:

2-10.10.8 Cost and Utilization Reports

- a. The CONTRACTOR shall report Cost and Utilization information for: Groups 1.A and 1.B; Group 2; and for all other Groups by TennCare enrollee eligibility category as described in Attachment XII, Exhibits L.1 through L.5. CONTRACTOR shall submit a written explanation for how service data will be mapped to the categories identified in said Exhibits within thirty (30) days of the execution date of this Amendment. These reports shall be maintained in an Excel spreadsheet format and shall be sent via e-mail to TENNCARE on a quarterly basis and shall be due to TENNCARE seventy-five (75) calendar days following the quarter for which the CONTRACTOR is reporting.
- b. In order to support federal reporting requirements, the CONTRACTOR shall provide the Cost and Utilization information specified in Attachment XII, Exhibits L.1 through L.5, separately for individuals who are dually eligible for Medicaid and Medicare in response to an adhoc request from TennCare in accordance with the timeframes specified in Section 6-8.

37. The first sentence of Section 2-12.b shall be deleted and replaced in its entirety so that the amended Section 2-12.b shall read as follows:

2-12.b. The CONTRACTOR and its subcontractors shall make all records (including but not limited to, financial and medical records) available at the CONTRACTOR's and/or the subcontractor's expense for review, audit, or evaluation by authorized federal, state, and Comptroller of Treasury personnel. Access will be during normal business hours and will be either through on-site review of records or through the mail. All records to be sent by mail will be sent to TENNCARE within twenty (20) working days of request unless otherwise specified by TENNCARE or TennCare rules and regulations. Requested records shall be provided at no expense to TENNCARE. Records related to appeals shall be forwarded within the time frames specified in the appeal process portion of this Agreement. Such requests made by TENNCARE shall not be unreasonable.

38. Section 2-17 shall be amended by adding new Sections 2-17.a. and renumbering the existing Sections 2-17. a – j accordingly so that the amended Section 2-17.a shall read as follows:

- a. Subcontract Relationships and Delegation. If the CONTRACTOR delegates responsibilities to a subcontractor, the CONTRACTOR shall assure that the subcontracting relationship and subcontracting document(s) comply with the requirements of the Balanced Budget Act of 1997, including, but not limited to, compliance with the applicable provisions of 42 CFR 438.230(b) and 42 CFR 434.6 as described below:
 1. The CONTRACTOR shall evaluate the prospective subcontractor's ability to perform the activities to be delegated.
 2. The CONTRACTOR shall require that the agreement be in writing and specifies the activities and report responsibilities delegated to the subcontractor; and provides for revoking delegation or imposing other sanctions if the subcontractor's performance is inadequate.

3. The CONTRACTOR shall monitor the subcontractor's performance on an ongoing basis and subject it to formal review consistent with industry standards or State MCO laws and regulations.
 4. The CONTRACTOR shall identify deficiencies or areas for improvement and the CONTRACTOR and the subcontractor shall take corrective action as necessary.
39. Section 2-17 shall be amended by deleting and replacing the **renumbered** Section 2-17.h so that the new Sections 2-17. h shall read as follows:
- h. Claims Processing. All claims for services furnished to a TennCare enrollee filed with a CONTRACTOR must be processed by either the CONTRACTOR or by one (1) subcontractor retained by the organization for the purpose of processing claims. However, another entity can process claims related to pharmacy (effective July 1, 2003 TENNCARE shall contract directly with a PBM for the provision of pharmacy services as described in Section 2-3.a.1), vision, lab or transportation if that entity has been retained by the CONTRACTOR to arrange and provide for the delivery of said services.
40. Section 2-17 shall be amended by deleting and replacing the **renumbered** Section 2-17.j so that the new Sections 2-17. j shall read as follows:
- j. Notice of Subcontractor Termination. When a subcontract that relates to the provision of services to enrollees or claims processing services is being terminated between the CONTRACTOR and a subcontractor, the CONTRACTOR shall give at least thirty (30) days prior written notice of the termination to TENNCARE and the TennCare Division, TDCI. Such notice shall include, at a minimum, a CONTRACTOR's intent to change to a new subcontractor for the provision of said services, an effective date for termination and/or change, as well as any other pertinent information that may be needed. In addition to prior written notice, the CONTRACTOR shall also provide TENNCARE with a transition plan upon request. Failure to adhere to guidelines and requirements regarding administrative responsibilities, including subcontract requirements may result in the application of liquidated damages or intermediate sanctions as described in Section 4-8 of this Agreement. TENNCARE reserves the right to require this notice requirement and procedures for other subcontracts if determined necessary upon review of the subcontract for approval. Finally, this subsection does not relieve CONTRACTOR of any responsibilities to submit all proposed material modifications of the MCO operations to TDCI TennCare Division for prior review and approval as required by Title 56, Chapter 32, Part 2.
41. Section 2-17 shall be amended by adding a new Section 2-17. l which shall read as follows:
- l. Compensation for Utilization Management Activities. Should the CONTRACTOR have a subcontract arrangement for utilization management activities, the CONTRACTOR shall assure, consistent with 42 CFR 438.6(h) and 42 CFR 422.208, that compensation to individuals or entities that conduct utilization management activities is not structured so as to provide incentives for the individual or entity to deny, limit, or discontinue medically necessary services to any enrollee, as provided by the Balanced Budget Act of 1997 and the provisions of 42 CFR 438.210(e).

42. Section 2-18.ll shall be amended by adding new text to the end of the existing text so that the amended Section 2-18.ll shall read as follows:

2-18. ll. Require that the provider display notices of the enrollee's right to appeal adverse action affecting services in public areas of their facility(s) in accordance with TennCare rules, subsequent amendments, or any and all Court Orders. The CONTRACTOR shall ensure that providers have correct and adequate supply of public notices.;

43. Section 2-18 shall be amended by deleting and replacing Section 2-18.qq and adding a new section 2-18.rr so that the amended and new Sections 2-18.qq and rr shall read as follows:

2-18. qq. All primary care provider agreements shall specify that its network primary care providers shall submit all claims with a primary behavioral health diagnosis (ICD-9 CM 290.xx – 319.xx) to the CONTRACTOR for payment.

2-18. rr. Require that providers offer hours of operation that are no less than the hours of operation offered to commercial enrollees or comparable to Medicaid fee-for-service, if the provider serves only Medicaid enrollees.

44. The first paragraph of Section 2-19 shall be amended by adding a new sentence to the end of the existing text so that the amended first paragraph of Section 2-19 shall read as follows:

2-19. Fidelity Bonds – Net Worth

The CONTRACTOR shall secure and maintain during the life of this Agreement any fidelity bonds and/or insolvency protection required by the Tennessee Department of Commerce and Insurance. Proof of coverage must be submitted to TENNCARE as a deliverable item pursuant to Attachment I of this Agreement within sixty (60) calendar days after execution of this Agreement and prior to the delivery of health care, which ever comes first. Bonds shall be required for facility improvement or construction (over \$100,000). However, MCOs under this contract are not bound by this requirement nor will the TennCare program reimburse for facility improvement or construction outside of the administrative fees paid by TENNCARE.

45. Section 2-21 shall be amended by adding a new Section 2-21.e so that the amended Section 2-21 shall read as follows:

2-21. Ownership and Financial Disclosure

The CONTRACTOR shall disclose, to TENNCARE, the Comptroller General or Health Care Financing Administration, full and complete information regarding ownership, financial transactions and persons convicted of criminal activity related to Medicare, Medicaid, or the Federal Title XX programs in accordance with federal and state requirements, including Public Chapter 379 of the Acts of 1999. This disclosure shall be made at times and on forms prescribed by the TENNCARE agency, but no less frequently than on an annual basis to be provided no later than March 1 of each calendar year. The following information shall be disclosed:

- 2-21. a. The name and address of each person with an ownership or control interest in the disclosing entity or in any provider or subcontractor in which the disclosing entity has direct or indirect ownership of five percent (5%) or more and whether any of the persons named pursuant to this

requirement is related to another as spouse, parent, child, or sibling. This disclosure shall include the name of any other disclosing entity in which a person with an ownership or control interest in the disclosing entity also has an ownership or control interest.

- 2-21. b. The identity of any provider or subcontractor with whom the CONTRACTOR has had business transactions totaling more than twenty-five thousand dollars (\$25,000) during the twelve (12) month period ending on the date of the disclosure and any significant business transactions between the CONTRACTOR, any wholly owned supplier, or between the CONTRACTOR and any provider or subcontractor, during the five (5) year period ending on the date of the disclosure.
- 2-21. c. The identity of any person who has an ownership or control interest in the CONTRACTOR, or is an agent or managing employee of the CONTRACTOR and who has been convicted of a criminal offense related to that person's involvement in any program under Medicare, Medicaid, or the Federal Title XX services program since the inception of those programs.
- 2-21. d. Disclosure from officials in legislative and executive branches of government as to possible conflicts of interest.
- 2-21. e. If the CONTRACTOR is not a federally qualified MCO, the CONTRACTOR shall disclose certain transactions with parties of interest to TENNCARE. Transactions shall be reported according to the following guidelines:
1. The CONTRACTOR shall disclose the following transactions:
 - (a) Any sale, exchange or lease of any property between the HMO and a party in interest;
 - (b) Any lending of money or other extension of credit between the HMO and a party in interest; and
 - (c) Any furnishing for consideration of goods, services (including management services) or facilities between the HMO and the party in interest. This does not include salaries paid to employees for services provided in the normal course of their employment.
 2. The information which must be disclosed in the transactions includes:
 - (a) The name of the party in interest for each transaction;
 - (b) A description of each transaction and the quantity or units involved;
 - (c) The accrued dollar value of each transaction during the fiscal year; and
 - (d) Justification of the reasonableness of each transaction.
 3. If the contract is being renewed or extended, the CONTRACTOR must disclose information on business transactions which occurred during the prior contract period. If the contract is an initial contract with TENNCARE, but the CONTRACTOR has operated previously in the commercial or Medicare markets, information on business transactions for the entire year preceding the initial contract period must be disclosed. The business transactions which must be reported are not limited to transactions related to serving the Medicaid/TennCare enrollment. All of the CONTRACTOR's business transactions must be reported.
 4. A party in interest is:
 - (a) Any director, officer, partner, or employee responsible for management or administration of an HMO and HIO; any person who is directly or indirectly the beneficial owner of more than 5% of the equity of the HMO; any person who is the beneficial owner of a mortgage, deed of trust, note, or other interest secured

by, and valuing more than 5% of the HMO; or, in the case of an HMO organized as a nonprofit corporation, an incorporator or member of such corporation under applicable State corporation law;

- (b) Any organization in which a person described in subsection 1 is director, officer or partner; has directly or indirectly a beneficial interest of more than 5% of the equity of the HMO; or has a mortgage, deed of trust, note, or other interest valuing more than 5% of the assets of the HMO;
- (c) Any person directly or indirectly controlling, controlled by, or under common control with a HMO; or
- (d) Any spouse, child, or parent of an individual described in subsections (a), (b), or (c)

TENNCARE and/or the Secretary of Health and Human Services may request information to be in the form of a consolidated financial statement.

- 46. Section 3-1.2.a shall be amended by deleting Item 2 and renumbering the existing items.
- 47. Section 3-1.2.1.a. shall be amended by deleting and replacing Item 1 so that the amended Section 3-1.2.1.a.1 shall read as follows:
 - 1. Provide EPSDT screenings timely if requested by DCS Case Managers.
- 48. Section 3.1.2 shall be amended by deleting Section 3.1.2.2 in its entirety and renumbering the existing Sections 3.1.2.3 and 3.1.2.4 accordingly.
- 49. Section 3-1.3 shall be amended by deleting and replacing parts a and b in their entirety so that the amended Section 3-1.3 shall read as follows:

3-1.3 Safety-Net

- a. EPSDT – Physical Health Screenings. The CONTRACTOR shall include Local Health Departments in their provider network for the provision of EPSDT services.
- b. EPSDT – Dental Screenings. Local Health Departments, in which dental services are available, will provide safety net services. Whenever the dental network is inadequate and dental care is urgent, the Dental Benefits Manager shall arrange for an out-of-network provider to provide the care.

Effective October 1, 2002, the TennCare Dental Benefits Manager shall assume responsibility for the provision and payment of dental benefits. However, CONTRACTOR shall agree to cooperate and participate with any subsequent plan for Children in State custody which has been provided and/or approved by the court.

- 50. Section 3-1.5.b shall be amended by adding a new phrase to the end of the first sentence so that the amended Section 3-1.5.b shall read as follows:
 - b. Monitoring. The CONTRACTOR shall conduct a medical chart review two times over the course of the original eighteen months of this Agreement and once in calendar year 2003 of a statistically valid sample of each BPN provider's medical charts to document Best Practice Network provider compliance with the requirements of the plan for children in state custody and any subsequent plan related to the provision of services to children in State custody of which the

provider received advance notice, including the use of Best Practice Guidelines and completion of all seven required components of initial EPSDT exams (or documentation explaining any reasons for not adhering to the guidelines or completing the seven components of the exam) for those cases where the BPN provider conducted the EPSDT exam. The sampling methodology employed must be approved by TennCare prior to use.

51. Section 3-1.7 shall be amended by deleting part a. in its entirety, renumbering the existing parts and deleting and replacing the second sentence of the new part a. so that the amended Section 3-1.7 shall read as follows:

3-1.7 Service Delivery Requirements

In addition to satisfying the requirements of Section 2 of this Agreement for the delivery of services, the CONTRACTOR shall meet the following requirements for the delivery of services to children in state custody:

- a. Failure to Maintain Adequate Capacity in Network and Recruitment of Best Practice Network Providers. The CONTRACTOR shall recruit Best Practice Network providers who have appropriate credentials, are willing to follow BPN guidelines and are willing to participate in its network. DCS will report any incidences where providers are not available to deliver services in a timely manner to both the Implementation Team and TennCare. The IT will keep records and report to TENNCARE in what areas of the state an inadequate network exists. The CONTRACTOR will be notified when reports indicate a network deficiency and when recruitment of additional providers is necessary.
- b. Mental Health and Substance Abuse Services. In addition to the requirements specified in Section 2-3.5, the following requirements shall pertain to the coordination of mental health and substance abuse services for children in state custody:
 1. The CONTRACTOR shall not limit the types or number of behavioral services that may be provided by a Best Practice Network Primary Care Provider.
 2. The CONTRACTOR will direct its Best Practice Network Primary Care Providers to submit all claims for services with a primary behavioral health diagnosis code (ICD-9-CM 290.xx – 319.xx) to the CONTRACTOR for payment.
 3. Prior approval shall not be required by the CONTRACTOR or the BHO in order for a Best Practice Network Primary Care Provider to refer children in state custody to a BHO Provider.
 4. The CONTRACTOR shall provide a listing of credentialed BPN-PCPs to the BHO periodically to facilitate coordination of care.
- c. Service Authorization. At such time that a procedure is implemented and described by TENNCARE, the Implementation Team shall be contacted for disposition when a covered service has been requested by a health care provider for a child in or at risk of state custody, and the CONTRACTOR denies or otherwise fails timely to provide that service or approve a less intense service which the provider or DCS feels is inadequate. Effective upon receipt of any plan for children in State custody which has been provided and/or approved by the court, the role of the Implementation Team may be modified.

- d. Services While Transitioning Out of Custody. Children transitioning out of State custody, shall continue to have access to Best Practice Network providers for a minimum period of six months unless specified otherwise by TENNCARE. The child transitioning out of state custody will remain in the CONTRACTOR's plan and the CONTRACTOR will continue to provide services in accordance with this Agreement, or any plan for Children in State custody which has been provided and/or approved by the court, unless the child's legal guardian elects for the child to receive services outside of the Best Practice Network. All services for "children in state custody" in this Agreement are applicable to children transitioning out of state custody for the time period specified by TENNCARE, which shall be six months unless otherwise specified by TENNCARE.

When a child goes home for a 90-day trial but is still in State custody, this will count for the first three months of transition time. The above services can also be continued for an additional number of months to be specified by TENNCARE, which shall be six months unless otherwise specified by TENNCARE, on a case by case basis for a total of 365 days from the time of custody termination for those children whom DCS or the PCP and the Implementation Team deem it appropriate to prevent them from returning to state custody.

- e. Children at Prolonged Risk of State Custody. Children that are deemed to be at prolonged risk of custody (to be defined by the Steering Panel) and that are identified to the CONTRACTOR by the state may continue to receive services through the Best Practice Network indefinitely.

- 52. Section 3-1.9 shall be amended by deleting parts a and b in their entirety and numbering the existing part c so that the amended Section 3-1.9 shall read as follows:

3-1.9 Performance Guarantees

The CONTRACTOR agrees to be bound by the performance guarantees identified below for the duration of this Agreement.

- a. **Provider Training Participation**

BPN provider training participation at least once a year by teleconference, interactive internet program or in-person.

Penalty for compliance:	Non-	\$25,000 for failure to timely complete training survey as specified in Section 3-1.6
Measurement:		Timely submission of survey findings

- 53. Section 4-1.2(b) shall be amended by adding a new phrase in the first sentence between the words "hospitals" and "identification" and by adding an additional phrase to the end of the first sentence so that the amended Section 4-1.2(b) shall read as follows:

4-1.2(b) Names, locations, telephone numbers, office hours, non-English languages spoken by current network providers (including primary care providers, specialists and hospitals, including locations of emergency settings and post stabilization services), identification of providers accepting new patients and whether or not a provider performs EPSDT

screens. In situations where there is more than one enrollee in a TennCare case, it shall be acceptable for the CONTRACTOR to mail one (1) provider directory to each address listed in the enrollees TennCare case number when there is more than one (1) new enrollee in a case at the time of enrollment and when subsequent updated provider directories are mailed to enrollees. These updates shall be maintained in accordance with Section 2-1.o of this Agreement.

54. Section 3-2 shall be amended by deleting and replacing part b and by adding a new part f so that the amended Section 3-2 shall read as follows:

3-2 Department of Children's Services Responsibilities

The Department of Children's Services shall be responsible for the following requirements related to the responsibilities of the CONTRACTOR:

- a. Notify the CONTRACTOR when a child enters state custody so that Immediate Eligibility can be established.
- b. Maintain responsibility of seeing that children in custody receive appropriate health services, including arranging appointments timely for EPSDT screenings to be performed at the local health department.. Report on number of children receiving EPSDT screenings in timely fashion.
- c. Provide care coordination and case management consistent with the *John B* Consent Decree and Medicaid regulations.
- d. Provide a representative to the CSHN Steering Panel.
- e. Provide training to staff to carry out the components of this plan.
- f. Provide medical information to child's assigned PCP in a timely manner and ensure follow up care is done by the PCP for any problems identified during the child's EPSDT screening.

55. Section 3 shall be amended by adding a new Section 3-5 which shall read as follows:

3-5 Department of Health

The Department of Health, through the local county health departments shall be responsible for the following:

- a. Shall ensure that they can meet the timeframe of offering DCS children an appointment for an EPSDT screening within 21 days of request by DCS, but not to exceed thirty (30) days of placement in state custody.
- b. Provide a letter to the DCS Case Manager and the child's assigned primary care provider confirming whether all seven components of the EPSDT screening were completed and stating any concerns that should be referred to the primary care provider for follow up .
- c. Provide the DCS Case Manager and the child's assigned primary care provider a letter stating the results of any lab tests performed on the child.

56. Section 4-1.2(c) shall be amended by adding new text to the end of the existing text so that the amended Section 4-1.2(c) shall read as follows:

4-1.2(c) The CONTRACTOR shall provide all other information as required by CMS, including but not limited to the following:

The following information to any enrollee who requests it:

- (a) information regarding the structure and operation of the CONTRACTOR's plan; and
- (b) information regarding Physician Incentive Plans, including but not limited to:
 - (i) Whether the CONTRACTOR uses a physician incentive plan that affects the use of referral services.
 - (ii) The type of incentive arrangement.
 - (iii) Whether stop-loss protection is provided.
 - (iv) If the CONTRACTOR was required to conduct a survey, a summary of the survey results.

57. Section 4-2.1.c shall be amended by adding a new Section 4-2.1.c.5., 6., and 7. which shall read as follows:

c. No enrollee shall be disenrolled from a health plan for any of the following reasons:

1. Adverse changes in the enrollee's health;
2. Pre-existing medical conditions;
3. High cost medical bills;
4. Failure or refusal to pay applicable cost-sharing fees, except when TENNCARE has approved such disenrollment;
5. Enrollee's utilization of medical services;
6. Enrollee's diminished mental capacity; or
7. Enrollee's uncooperative or disrupting behavior resulting from his or her special needs (except when his or her continued enrollment in the MCO seriously impairs the entity's ability to furnish services to either this particular enrollee or other enrollees).

58. Section 5-2.1.a.2 shall be deleted in its entirety and the remaining parts in Section 5-2.1.a.2 shall be renumbered and references shall be update accordingly.

59. Effective July 1, 2003, Section 5-2.2 shall be deleted and re placed in its entirety so that the amended Section 5-2.2 shall read as follows:

5-2.2 Best Practice Network Requirements

- a. Enhanced Initial EPSDT Screening Rate. The CONTRACTOR shall make an enhanced payment to Best Practice Network Primary Care Providers and Health Departments for the initial EPSDT examination for children in state custody, when all seven (7) components of the exam have been completed. The seven components shall include: (1) A comprehensive health and development history to include both physical and mental health; (2) Comprehensive unclothed physical exam; (3) Appropriate vision and hearing assessment; (4) Laboratory testes appropriate for age and risk;

(5) Dental screening and referral beginning at age 3; (6) Immunizations; (7) Health education (anticipatory guidance).

1. The procedure codes to be utilized when billing for the initial EPSDT exam are specified below. This language does not preclude the BPN-PCP from billing for other services separately, consistent with the CONTRACTOR's procedures for claims processing (e.g., lab). It is the responsibility of the CONTRACTOR to include in its Best Practice Network provider agreements a requirement that all seven components of the EPSDT exam are completed when an enhanced payment is made through a medical chart review. The CONTRACTOR should educate providers to document any barriers to completing all seven components (e.g. past history not available). The enhanced payment rate for the initial EPSDT screening exam shall be ninety-five percent (95%) of the 2001 Medicare fee-schedule. Effective December 1, 2001, the enhanced fee schedule shall be 100% of the 2001 Medicare fee schedule unless otherwise specified by TENNCARE.

NEW PATIENT	ESTABLISHED PATIENT
99431 – History and Examination of Normal Newborn	99391 – Periodic reevaluation
99432 – Normal Newborn care other than a hospital or birthing setting	99392 – age 1 through 4 years
99381 – Initial evaluation	99393 – age 5 through 11 years
99382 – age 1 through 4 years	99394 – age 12 through 17 years
99383 – age 5 through 11 years	99395 – age 18 through 39 years
99384 – age 12 through 17 years	
99385 – age 18 through 39 years	

If the BPN-PCP submits a claim with a procedure code for an established patient, the CONTRACTOR may only reimburse the provider at the enhanced payment rate if the claim is for the initial EPSDT exam upon placement in state custody. If the CONTRACTOR directs BPN-PCPs to only bill the initial EPSDT exam with the New Patient procedure code series identified above, the CONTRACTOR must notify and provide appropriate training to the provider and provider's billing staff to implement this billing procedure.

- b. Case Management. In exchange for performing additional care coordination and case management functions as specified in Section 3 of this Agreement, the CONTRACTOR shall pay Best Practice Network Primary Care Providers a case management fee of \$10 per member per month.

60. Sections 5-3.d and e shall be deleted and replaced in their entirety so that the amended Sections 5-3.d and e shall read as follows:

- d. Pharmacy Rebates. The amount of pharmacy rebates collected by the CONTRACTOR for TennCare Select enrollees shall be the property of the State. On a quarterly basis, the CONTRACTOR shall notify the State and provide supporting documentation of the value of said rebates. The first claims payment remittance request following the receipt of rebates will be reduced by the value of the rebates reported. This documentation shall be required to continue until such time as the run out of all claims processed by the CONTRACTOR or its subcontracted pharmacy benefits manager (PBM), as directed by TENNCARE.

- e. Subrogation Recoveries. The CONTRACTOR shall be required to seek and collect third party subrogation amounts. The amount of any subrogation recoveries collected by the CONTRACTOR outside of the claims processing system shall be the property of the State. On a monthly basis, the CONTRACTOR shall report to the State the amount of any subrogation recoveries collected outside the claims processing system received during the previous month. The next remittance request subsequent to this monthly report shall be reduced by the value of the subrogation recoveries reported. Further, the CONTRACTOR shall provide any information necessary in a format and media described by TENNCARE and shall cooperate, as requested by TENNCARE, with TENNCARE and/or a Cost Recovery Vendor at such time that TENNCARE acquires said services.

Failure to seek, make reasonable effort to collect and report third party recoveries shall result in liquidated damages as described in Section 6-8 of this Agreement. It shall be the CONTRACTOR's responsibility to demonstrate, upon request, to TENNCARE that reasonable effort has been made to seek, collect and/or report third party recoveries. TENNCARE shall have the sole responsibility for determining whether or not reasonable efforts have been demonstrated.

61. Section 6-1 shall be amended by adding a new Section 6-1 q, renumbering the existing sections accordingly and adding new subsections t through cc which shall read as follows:

- 6-1. q. Investigatory Powers of the Tennessee Department of Commerce and Insurance pursuant to Tennessee Code Annotated Section 56-32-232.
- 6-1. t. Title IX of the Education Amendments of 1972 regarding education programs and activities.
- 6-1. u. Title 42 CFR 422.208 and 210, Physician Incentive Plans.
- 6-1. v. EEO Provisions.
- 6-1. w. Copeland Anti-Kickback Act .
- 6-1. x. Davis-Bacon Act.
- 6-1. y. Contract Work Hours and Safety Standards.
- 6-1. z. Rights to Inventions Made Under a Contract or Agreement.
- 6-1. aa. Byrd Anti-Lobbying Amendment.
- 6-1. bb. Contracts and subcontracts and subgrants of amounts in excess of \$100,000 shall require compliance with all applicable standards, orders or requirements issued under section 306 of the Clean Air Act (42 USC 1857 (h)), section 508 of the Clean Water Act (33 USC 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15.)
- 6-1. cc. Mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-165.)

62. The first paragraph of Section 6-8.1 shall be amended by adding an additional phrase in the first sentence so that the amended Section 6-8.1 shall read as follows:

6-8.1 Intermediate Sanctions

TENNCARE may impose any or all of the sanctions as described in Section 6 upon TENNCARE's reasonable determination that the CONTRACTOR fails to comply with any corrective action plan (CAP) as described under Section 2-16 is otherwise deficient in the performance of its obligations under the Agreement, or has violated applicable requirements of Section 1903(m), Section 1905(t)(3) or 1932 of the Social Security Act, provided, however, that TENNCARE only impose those sanctions it determines to be appropriate for the deficiencies identified. TENNCARE may impose intermediate sanctions on the CONTRACTOR simultaneously with the development and implementation of a corrective action plan if the deficiencies are severe or numerous.

Intermediate sanctions may include:

1. application of liquidated damages as described in Section 6-2;
2. suspension of enrollment in the CONTRACTOR's MCO as described in Section 2-16;
3. disenrollment of enrollees as described in Section 2-22 and 4; or
4. limitation of the CONTRACTOR's Service Area as described in Section 2-22 and 4.

63. Item A.5 of the Liquidated Damage chart in Section 6-8.2.2 shall be deleted and replaced in its entirety and shall read as follows:

A.5(a)	Failure to provide a service or make payments for a service within five (5) calendar days of a reasonable and appropriate directive from TENNCARE to do so or within a longer period of time which has been approved by TENNCARE upon a plan's demonstration of good cause.	\$500 per day beginning on the next calendar day after default by the plan.
A.5(b)	Failure to provide proof of compliance to the Bureau Office of Contract Development and Compliance within five (5) calendar days of a reasonable and appropriate directive from TennCare or within a longer period of time which has been approved by TENNCARE upon a plan's demonstration of Good Cause.	\$500 per day beginning on the next calendar day after default by the plan.

64. Section 6-8 shall be amended by adding a new Item B.3 in the chart of liquidated damages which shall read as follows:

B.3	Failure to seek, collect and/or report third party recoveries to TENNCARE.	\$500 per day for each calendar day that TENNCARE determines the CONTRACTOR is not making reasonable effort to seek and collect third party recoveries.
------------	--	---

65. Section 6-8 shall be amended by adding new Sections 6-8.c and d which shall read as follows:

6-8.c. Sanctions by CMS

Payments provided for under this Agreement will be denied for new enrollees when, and for so long as, payment for those enrollees is denied by CMS in accordance with the requirements in 42 CFR 438.730.

6-8.d. Temporary Management

TENNCARE shall impose temporary management if it finds that the CONTRACTOR has repeatedly failed to meet substantive requirements in Section 1903(m) or Section 1932 of the Social Security Act.

66. Section 6-9 shall be amended by adding a new paragraph to the end of the existing text so that the amended Section 6-9 shall read as follows:

6-9 Renegotiation Procedures

Renegotiation procedures and criteria for amending this Agreement shall be as follows:

- a. For good cause, only at the end of the contract period; and
- b. For modification(s) during the contract period, if circumstances warrant.

This Agreement may be amended at anytime as provided in this paragraph. This Agreement shall be amended automatically without action by the parties whenever required by changes in state and federal law or regulations. In the event of a Partial Default, the Agreement shall be amended automatically to conform with written notices from TENNCARE of the CONTRACTOR regarding the effect of the Partial Default upon this Agreement. No other modification or change of any provision of the Agreement shall be made or construed to have been made unless such modification is mutually agreed to in writing by the CONTRACTOR and TENNCARE and incorporated as a written amendment to this Agreement prior to the effective date of such modification or change.

67. Section 6 shall be amended by adding a new Section 6-12 and renumbering the existing Sections 6-12 through 6-27 as Sections 6-13 through 6-28 and further amending all references thereto. The new Section 6-12 shall read as follows:

6-12. Lobbying

The Contractor further certifies by signing this Agreement, to the best of its knowledge and belief, that Federal funds have not been used for lobbying in accordance with 45 CFR 93, Appendix A.

68. Section 7-3.d and i shall be amended by adding new text to the end of the existing text of each section so that the amended Sections 7-3.d and i shall read as follows:

7-3.d. Drug formulary and all subsequent changes (applicable only if a closed formulary). Effective July 1, 2003, TENNCARE shall contract directly with a pharmacy benefits manager (PBM) for the provision of pharmacy services as described in Section 2-3.a.1 of this Agreement;

7-3.i. Alternative method of pharmacy restriction procedures for pharmacy abusers. Effective July 1, 2003, this shall no longer be a responsibility of the CONTRACTOR as TENNCARE shall contract directly with a PBM for the provision of pharmacy services as described in Section 2-3.1;

69. Section 7-11 shall be amended by adding new Sections 7-11.d and e so that the amended Section 7-11 shall read as follows:

7-11 Services Provided by TennCare

TennCare shall be responsible for the payment of the following services:

- a. For qualified individuals in accordance with TennCare policies and/or TennCare rules and regulations, costs of long term care institutional services in a nursing home, or an Intermediate Care Facility for the Mentally Retarded (ICF/MR) or waiver-covered services provided through the Home and Community Based Services (HCBS) waivers, with the exception of the first one hundred (100) days of convalescent care, as described in Section 2-3.1 and 2-3.7 of this Agreement;
- b. Medicare buy-in premiums, Medicare deductibles and Medicare coinsurance amounts for enrollees who are dually eligible for Medicare and Medicaid; and
- c. Pharmacy Benefits for Medicare and TennCare dual eligibles after TENNCARE has notified the CONTRACTOR through the regular electronic eligibility update that these individuals are eligible in the TennCare/Medicare dual eligible category.
- d. Effective October 1, 2002, dental services as described in Sections 2-3.a.1 and 2-3.c.3 of this Agreement; and
- e. Effective July 1, 2003, all TennCare pharmacy benefits as described in Section 2-3.a.1 of this Agreement.

70. Items E and J of Part I of Attachment I shall be amended by adding additional language so that the amended Items E and J shall read as follows:

E. Drug Formulary (if closed) TENNCARE has thirty (30) calendar days to respond
(Effective July 1, 2003, the
TENNCARE shall contract
directly with a pharmacy
benefits manager for pharmacy
services as described in Section
2-3.a.1 of this Agreement.)

J. Method of pharmacy restriction TENNCARE has thirty (30) calendar days to respond
procedures for Pharmacy
Abusers
Effective July 1, 2003, the
TENNCARE shall contract
directly with a pharmacy
benefits manager for pharmacy
services as described in Section
2-3.a.1 of this Agreement
At such time, the
CONTRACTOR shall comply
with TennCare Policy regarding
Pharmacy Abusers.

71. Item C of Part II of Attachment I shall be amended by adding new text to the end of the existing text so that the amended Item C shall read as follows:

C Complete Drug Formulary; if January 1 of each year to TENNCARE Pharmacy
CONTRACTOR utilizes a closed Director
drug formulary, and a complete
description of prior authorization
criteria for each drug requiring prior
authorization via electronic file in
accordance with Section 3-13

(Effective July 1, 2003, the
TENNCARE shall contract directly
with a pharmacy benefits manager for
pharmacy services as described in
Section 2-3.a.1 of this Agreement.)

72. Item C of Part III of Attachment I shall be amended by adding a new sentence to the end of the text so that the amended Item C shall read as follows:
- C. Medicare/TennCare dual eligible pharmacy information monthly. Effective July 1, 2003, all TennCare covered pharmacy services shall be provided through a TennCare contracted pharmacy benefits manager (PBM). At such time, all pharmacy information shall be provided monthly.
73. Attachment II, Standard X.A.7 shall be amended by adding an additional phrase to the end of the existing text so that the amended Standard X.A.7 shall read as follows:
7. to have access to his/her medical records in accordance with applicable Federal and State laws and to request that they be amended or corrected, as specified in 45 CFR, part 164.
74. Attachment XII, Exhibit H shall be deleted in its entirety and shall be left blank intentionally.
75. Attachment XII, Exhibit L shall be amended by deleting Exhibit L.5 and renumbering the existing L.6 as L.5 and by separating the "Dual Eligible" column in Exhibits L.1 through L.5 into two columns which shall represent "Dual Eligible/Medicaid" and "Dual Eligible Standard".

ATTACHMENT XII, EXHIBIT H

Left Blank Intentionally

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall become effective July 1, 2003 or as of the date it is approved by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 2

AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.

CONTRACT NUMBER: FA-02-14632-02

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Agreement for the Administration of TennCare Select by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language.

1. Section 2 of the Agreement for the Administration of TennCare Select shall be amended by adding a new Section 2-25 which shall read as follows:

2-25. Processing and Payment of Supplemental Payments

Subject to the availability of State funding, the CONTRACTOR agrees to make a supplemental pool payment to Meharry Medical Services Foundation or Meharry Dental Clinic. These payments represent unreimbursed TennCare costs of the Meharry Medical College clinics as determined by a review of an independent CPA and in accordance with the methodology approved by the Centers for Medicare and Medicaid Services. Clinical services are performed by Meharry Medical College faculty physicians through the Meharry Dental Clinic and the Meharry Medical Services Foundation. The payment by the CONTRACTOR to the clinic(s) will be made within 10 calendar days of the receipt of such payment by the CONTRACTOR from TENNCARE. The CONTRACTOR may deposit these funds in the account of its choice and may retain all interest earned as compensation for providing this service. The CONTRACTOR agrees to include any correspondence requested by TENNCARE to be included with the payment and provide a written confirmation of any disbursements including the date the check was mailed and the date redeemed.

Payments to the Meharry Medical Services Foundation and/or the Meharry Dental Clinic under this amendment shall not exceed \$4,942,107 for State fiscal year 2003. In addition to any interest earned, TENNCARE agrees to pay the CONTRACTOR a sum sufficient to administer this amendment in accordance with state law. The total obligation to the CONTRACTOR under this amendment including the supplemental payment to Meharry Medical Services Foundation and/or the Meharry Dental Clinic shall not exceed \$5,042,966 for State fiscal year 2003.

Amendment 2 (continued)

All of the provisions of the original Agreement not specifically deleted or modified herein shall remain in full force and effect. For purposes of the provisions contained herein, this Amendment shall become effective upon signature by all parties and federal participation will be drawn upon approval by the U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services.

IN WITNESS WHEREOF, the parties have by their duly authorized representatives set their signatures.

AMENDMENT NUMBER 1

AN AGREEMENT FOR THE ADMINISTRATION OF TENNCARE SELECT
BETWEEN
THE STATE OF TENNESSEE,
d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.

CONTRACT NUMBER: FA-02-14632-01

For and in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree to clarify and/or amend the Amended and Restated Contractor Risk Agreement by and between the State of Tennessee TennCare Bureau, hereinafter referred to as TENNCARE, and Volunteer State Health Plan, Inc., hereinafter referred to as the CONTRACTOR, as follows:

Titles and numbering of paragraphs used herein are for the purpose of facilitating use of reference only and shall not be construed to infer a contractual construction of language..

1. Section 1-1 shall be amended by deleting "Mark E. Reynolds", deleting "Vicky Gregg" and inserting "Mark Austin" in place of "Vicky Gregg" so that the title and address for the notice to TENNCARE shall read as follows:

If to TENNCARE:

Deputy Commissioner
Bureau of TennCare
729 Church Street
Nashville, Tennessee 37247-6501

If to the CONTRACTOR:

Mark Austin
President and CEO
801 Pine Street
Chattanooga, Tennessee 37402-2555

2. Section 1-3 shall be amended by deleting the following definitions: "Behavioral Health Referral Center", "Executive Oversight Committee", "HCFA", "MCO and BHO Coordination Agreement", "Remedial Plan" and "Revised Remedial Plan", and renumbering the definitions in Section 1-3 accordingly.
3. Section 1-3 shall be amended by deleting and replacing the definition of "Administrative Cost" so that the amended definition shall read as follows:

Administrative Cost – All costs to the Contractor related to the administration of this Agreement that are non-medical in nature, including, but not limited to:

- Satisfying Contractor Qualifications specified in Sections 2-1 and 2-2;
- Establishing and Maintaining a Provider Network in accordance with the Access and Availability requirements specified in Section 2-4.1, Attachment III and Attachment IV;

Amendment 1 (continued)

- Determination and production of recoveries from Third Party Liability resources in accordance with Section 2-9.8;
- Claims Processing in accordance with Section 2-9.7;
- Administration of this Agreement in accordance with Medical Management Policies and Procedures including: Utilization Management policies and procedures, including prior authorization policies and procedures established in accordance with Section 2-7.1; Referral and Exemption Requirements established in accordance with Section 2-4.4; Out of Area or Out of Plan Use policies and procedures established in accordance with Section 2-4.7; Transplant policies and procedures established in accordance with Section 2-3.12; Prescription Drug Formulary established in accordance with Section 2-3.13; Prenatal Care policies and procedures established in accordance with Section 2-7.1.f.3 and 2-3.15; Quality Monitoring/Quality Improvement Program established in accordance with Section 2-9.6; Management of Medical Care and Coordination of Care policies and procedures established in accordance with Sections 2-4.2 and 2-4.3;
- Enrollment and Disenrollment in accordance with Section 4;
- Appeals processing and resolution in accordance with Section 2-8;
- Quality Assurance and Improvement activities as specified in Section 2-9.6 and Attachment II;
- Production and submission of required reports as specified in Section 2-10;
- Production and distribution of Marketing and Enrollee Materials as specified in Section 2-6;
- All other Administration and Management responsibilities as specified in Sections 2-11 through 2-24 and other activities required to be conducted in Attachment I, V, VI, VII, XI, XII, XIII; and
- All costs related to third party recovery or subrogation activities whether performed by the Contractor or a subcontractor.

Costs of subcontractors engaged solely to perform a non-medical administrative function for the CONTRACTOR specifically related to securing or fulfilling the CONTRACTOR's obligations to TENNCARE under the terms of this Agreement (e.g., claims processing, marketing) are considered to be an "administrative cost".

4. Section 1-3 shall be amended by adding a definition for "Behavioral Health Services" and renumbering the existing definitions as appropriate. The new definition for "Behavioral Health Services" shall read as follows:

Behavioral Health Services – Generally recognized and accepted mental health and substance abuse services.

5. Section 1-3 shall be amended by deleting and replacing in its entirety the definition for "Children with Special Health Needs Steering Panel (CSHN Steering Panel)" so that the amended definition shall read as follows:

Children with Special Health Needs Steering Panel (CSHN Steering Panel) - An entity comprised of representatives of providers, advocates, the State, the plaintiffs of the court order related to the provision of services to children in State custody, managed care entities, and referral sites whose responsibility will be to guide and assess the development of a health service system for children in state custody, and where appropriate, make recommendations.

6. Section 1-3 shall be amended by adding a definition for "CMS" and renumbering existing definitions as appropriate and the existing references to "HCFA" throughout the Agreement (except for the definition) shall be replaced by "CMS". The new definition for CMS shall read as follows:

CMS - Centers for Medicare & Medicaid Services [formerly Health Care Financing Administration (HCFA)].

Amendment 1 (continued)

7. Section 1-3 shall be amended by deleting and replacing in its entirety the definition for "Health Services Team/Implementation Team" so that the amended definition shall read as follows:

Implementation Team - A team consisting of a physician, mental health professional(s) and other support(s) who are charged with staffing the steering panel and implementing the plan for children in State custody which has been provided and/or approved by the court as directed by TennCare.

8. Section 1-3 shall be amended by adding a definition for "Immediate Eligibility" and "Long-term care" and renumbering existing definitions as appropriate. The definitions for "Immediate Eligibility" and "Long-term care" shall read as follows:

Immediate Eligibility -- Temporary eligibility granted to a child upon entering into State custody in order to give children in State custody adequate access to medical services, including EPSDT, until a final determination can be made on their TennCare eligibility.

Long-term care -- the services of one of the following: a nursing facility (NF); An Intermediate Care Facility for the Mentally Retarded (ICF/MR), or a Home and Community-Based Services (HCBS) waiver program. (Services provided under a HCBS waiver program are considered to be alternatives to long-term care).

9. Effective January 1, 2003, the definition for "Medically Necessary" in Section 1-3 shall be amended by adding the words "TennCare Medicaid" in item "e" so that the amended definition for "Medically Necessary" shall read as follows:

Medically Necessary - Services or supplies provided by an institution, physician, or other provider that are required to identify or treat a TennCare enrollee's illness, disease, or injury and which are:

- a. Consistent with the symptoms or diagnosis and treatment of the enrollee's illness, disease, ailment, or injury; and
- b. Appropriate with regard to standards of good medical practice; and
- c. Not solely for the convenience of an enrollee, physician, institution or other provider; and
- d. The most appropriate supply or level of services which can safely be provided to the enrollee. When applied to the care of an inpatient, it further means that services for the enrollee's medical symptoms or condition require that the services cannot be safely provided to the enrollee as an outpatient; and
- e. When applied to TennCare Medicaid enrollees under 21 years of age, services shall be provided in accordance with EPSDT requirements including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.

10. The Definition for Non-Contract Provider shall be deleted and replaced in its entirety so that the amended definition shall read as follows:

Non-Contract Provider - Any person, organization, agency, or entity that is not directly or indirectly employed by or under contract with the CONTRACTOR or any of its subcontractors pursuant to the Agreement between the CONTRACTOR and TENNCARE.

Amendment 1 (continued)

11. Section 1-3 shall be amended by adding the following new definitions:

TennCare Medicaid Enrollee – an enrollee who qualifies and has been determined eligible for benefits in the TennCare program through Medicaid eligibility criteria as described in the Medicaid/TennCare Rules and Regulations.

TennCare Standard Enrollee – an enrollee who qualifies and has been determined eligible for benefits in the TennCare program through eligibility criteria designated as “TennCare Standard” as described in the TennCare Program Design and Waiver Modifications submitted February 12, 2002 to CMS, as approved May 30, 2002, and the TennCare Rules and Regulations.

12. Section 2-1.i shall be amended by adding references “2-4.10 and 2-10.16” to the first sentence of the third paragraph.

13. Section 2-1.k shall be amended by adding a new sentence to the end of the existing paragraph so that the amended Section 2-1.k shall read as follows:

k. Unanimously agree with other MCOs in the TennCare system for the provision of pharmacy services to TennCare enrollees who reside in long-term care facilities (nursing homes) so that only one pharmacy (unit dose vendor) shall be responsible for the provision of pharmacy services to all TennCare enrollees in each nursing home. The scope of pharmacy services available to long-term care facility residents shall be the scope of pharmacy services available under the MCO plan to enrollees not residing in the long-term care facility. The MCOs will agree on the pharmacy providing the services and the formulary used in each facility; however, the rates of reimbursement, claims submission methods and payment schedules for pharmacy services will be determined by each individual MCO plan. The agreed upon formulary is a minimum listing of covered drugs, nothing herein prohibits an MCO from covering additional drugs not included in the aforementioned agreed upon listing.

14. Section 2-1.m shall be deleted and replaced in its entirety so that the amended Section 2-1.m shall read as follows:

m. Agree to report all provider related data required pursuant to this Agreement to TENNCARE using a uniform provider number (i.e., All MCOs must transmit each provider related record to TENNCARE using the same provider identification number regardless of which or how many MCOs the provider participates in). The uniform number to be reported for all providers except pharmacy will be the traditional “Medicaid” provider number. Prior to payment of a claim, the MCO shall require that providers that have not been enrolled in the TennCare Program previously as a Medicaid provider or as a provider who currently receives direct payment from TENNCARE (i.e., Medicare cost sharing) contact the Medicaid/TennCare Provider Enrollment Unit and obtain a “Medicaid” provider number. The issuance of a provider number by TennCare is simply for the purpose of establishing a common provider number for reporting purposes as required by this Section and does not imply any enrollment in the TennCare program or that TENNCARE has credentialed the provider or convey any other contractual relationship or any other responsibility with the provider. Pharmacy providers shall use the National Association Board of Pharmacy (NABP) number that has been assigned. Effective October 1, 2002, the CONTRACTOR shall capture and report a valid DEA number as the identification number for pharmacy claims and encounter data as required in Attachment XII, Exhibit G of this Agreement. CONTRACTOR agrees that at such time that the Centers for Medicare & Medicaid Services establishes a national uniform identification number, at the State’s request, the CONTRACTOR shall agree to utilize CMS’s newly established uniform provider numbers for all provider reporting purposes in accordance with timeframes established by CMS.

15. Section 2-1 shall be amended by adding a new Part t which shall read as follows:

- t. Agree to educate and encourage providers to submit claims with appropriate codes and modifiers as described in standardized billing requirements (e.g., CPT, HCPCS, etc) and adjust billing methodology according to described components of said procedure codes/modifiers.

16. Section 2-2 shall be deleted and replaced in its entirety so that the amended Section 2-2 shall read as follows:

2-2 Requirements for Children in State Custody

- a. The CONTRACTOR shall develop and maintain a Best Practice Network of providers with the appropriate expertise and experience and willingness in the special health care needs of children in state custody.
- b. The CONTRACTOR hereby agrees to serve as the designated carve-out MCO for the purpose of meeting the needs of children in state custody and agrees to satisfy all special requirements for the delivery of services to children in state custody. The CONTRACTOR further agrees that at such time that any plan for children in State custody is provided and/or approved by the court, the CONTRACTOR shall administer this Agreement in accordance with the requirements of the court order. In the event that TENNCARE makes a determination that the requirements of the court order differ materially from the requirements specified in this Agreement, TENNCARE and the CONTRACTOR agree to negotiate the required amendments to this Agreement for the purpose of incorporating the requirements of the court order. TENNCARE and the CONTRACTOR recognize and agree that said amendment shall reflect mutually agreed upon additional costs to the CONTRACTOR, if any, related to the requirements of the court order, which must be documented by the CONTRACTOR and approved by TENNCARE, for which TENNCARE will compensate the CONTRACTOR.

17. Section 2-3.1 shall be deleted in its entirety and replaced by a new Section 2.3.1 which shall read as follows:

2-3.1 Covered Benefits

Effective January 1, 2003, benefits in the TennCare Program as provided by the CONTRACTOR are based on the following categories of enrollee eligibility: TennCare Medicaid; and TennCare Standard.

The CONTRACTOR shall cover the services and benefits as outlined below.

2-3.1.1 TennCare Benefits, prior to January 1, 2003:

SERVICE	BENEFIT
Inpatient Hospital Services	As medically necessary. Pre-admission approval and concurrent reviews allowed.
Outpatient Hospital Services	As medically necessary.

Amendment 1 (continued)

Physician Inpatient Services	As medically necessary. This shall include acupuncture performed by a Physician or a registered nurse as an anesthetic in connection with a surgical procedure.
Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services	As medically necessary. This shall include acupuncture performed by a Physician or a registered nurse as an anesthetic in connection with a surgical procedure and services provided by a Primary Care Provider with a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx).
Lab & X-Ray Services	As medically necessary.
Hospice Care	As medically necessary. Must be provided by an organization certified pursuant to Medicare Hospice requirements.
Dental Services	<p>Effective October 1, 2002, the following covered dental services shall be provided by the TennCare Dental Benefits Manager: Preventive, diagnostic and treatment services for enrollees under age 21. Services for enrollees age 21 or older limited to cases of accidental injury to or neoplasms of the oral cavity; life threatening infections that include, but are not limited to, individuals with severely compromised immune systems, organ donor recipients, or individuals with or scheduled to receive a prosthetic heart valve(s), accidental injury to natural teeth including their replacement (limited to the cost of bridgework or the replacement of teeth injured in an accident unless teeth implants are medically necessary) and the removal of impacted wisdom teeth. (The adult dental "accident" must be caused by some external force, like a car accident, not by some normal act of mastication, or grinding of teeth while sleeping, or any other naturally occurring circumstance and must have occurred during a period of TennCare eligibility and within twelve (12) months from the date service is requested.) Orthodontics limited to individuals under 21 except when an orthodontic treatment plan is approved prior to the enrollee attaining 20 1/2 years of age, and treatment is initiated prior to the recipient attaining 21 years of age, or when orthodontic treatment is the result of facial hemiatrophy or congenital birth defects (if enrollee was covered by TennCare at birth).</p> <p>Effective October 1, 2002, CONTRACTOR shall provide transportation to and from said services as well as the medical and anesthesia services that are not provided by a dentist or in a dentist's office related to the dental service.</p>
Vision Services	Preventive, diagnostic and treatment services (including eyeglasses) for enrollees under age 21. The first pair of cataract glasses or contact lens/lenses following cataract surgery is covered for adults.
Home Health Care	As medically necessary.

<p>Pharmacy Services (obtained directly from an ambulatory retail pharmacy setting, outpatient hospital pharmacy, mail order pharmacy or those administered to a long-term care facility resident (nursing facility))</p>	<p>As medically necessary. Non-covered therapeutic classes as described in Section 2-3.13, DESI, LTE, IRS drugs excluded.</p> <p>TENNCARE is responsible for the provision and payment of pharmacy benefits to individuals who are enrolled in the TennCare Program in the category of TennCare Medicaid/Medicare dual eligible. (However, this does not include pharmaceuticals administered in a doctor's office.)</p> <p>TENNCARE is not responsible for the provision and payment of pharmacy services for TennCare Medicaid/Medicare dual eligibles prior to the date that TENNCARE has notified the CONTRACTOR through the regular electronic eligibility update that these individuals are eligible in the TennCare/Medicare dual eligible category.</p>
<p>Durable Medical Equipment</p>	<p>As medically necessary.</p>
<p>Medical Supplies</p>	<p>As medically necessary.</p>
<p>Emergency Ambulance Transportation</p>	<p>As medically necessary.</p>
<p>Non-Emergency Ambulance Transportation</p>	<p>As medically necessary.</p>
<p>Non-Emergency Transportation</p>	<p>As necessary for enrollees lacking accessible transportation for covered services.</p> <p>The travel to access primary care and dental services must meet the requirements of the waiver terms and conditions. The availability of specialty services as related to travel distance should meet the usual and customary standards for the community. However, in the event the MCO is unable to negotiate such an arrangement for an enrollee, transportation must be provided regardless of whether or not the enrollee has access to transportation. If the enrollee is a child, transportation must be provided for the child and an accompanying adult. However, transportation for a child shall not be denied pursuant to any policy which poses a blanket restriction due to enrollee's age or lack of parental accompaniment. Any decision to deny transportation of a child due to an enrollee's age or lack of parental accompaniment must be made on a case-by-case basis and must be based on the individual facts surrounding the request. As with any denial, all notices and actions must be in accordance with the appeal process.</p> <p>At such time that TENNCARE carves out the CONTRACTOR's responsibility to provide Dental Services, the provision of transportation to and from said services shall remain with the CONTRACTOR.</p>

Community Health Services	As medically necessary.
Renal Dialysis Services	As medically necessary.
EPSDT Services for enrollees under age 21 in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.	Screening, interperiodic screening, diagnostic and follow-up treatment services as medically necessary in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989 for enrollees under 21. Except for Dental services, screens shall be in accordance with the periodicity schedule set forth in the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care" and all components of the screens must be consistent with the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care". Dental screens shall be in accordance with the latest periodicity schedule set forth by the American Academy of Pediatric Dentistry and all components of the screens must be consistent with the latest recommendations by the American Academy of Pediatric Dentistry. Tools to be used for screenings shall be consistent with the EPSDT Screening Guidelines as described in Attachment VIII of the Agreement. EPSDT services also include maintenance services which are services which have been determined to be effective in preventing or mitigating the worsening of an individual's conditions or preventing the development of additional health problems.
Rehabilitation Services	As medically necessary when determined cost effective by the MCO. All medically necessary services shall be provided to enrollees under 21 years of age in accordance with EPSDT requirements including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.
Chiropractic Services	When determined cost effective by the MCO.
Private Duty Nursing	As medically necessary and when prescribed by an attending physician for treatment and services rendered by a registered nurse (R.N.) or a licensed practical nurse (L.P.N.), who is not an immediate relative.

<p>Speech Therapy</p>	<p>As medically necessary, by a Licensed Speech Therapist to restore speech (as long as there is continued medical progress) after a loss or impairment. The loss or impairment must not be caused by a mental, psychoneurotic or personality disorder. All medically necessary services shall be provided to enrollees under 21 years of age in accordance with EPSDT requirements including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.</p>
<p>Sitter</p>	<p>As medically necessary, a sitter who is not a relative may be used where an enrollee is confined to a hospital as a bed patient and certification is made by a network physician that R.N. or L.P.N. is needed and neither is available.</p>
<p>Convalescent Care</p>	<p>Upon receipt of proof that a Covered Person has incurred Medically Necessary expenses related to convalescent care, the Plan shall pay for up to and including the one-hundredth (100th) day of confinement during any calendar year for convalescent facility(ies) room, board and general nursing care, provided: (1) a Physician recommends confinement for convalescence; (2) the enrollee is under the continuous care of a Physician during the entire period of confinement; and (3) the confinement is required for other than custodial care.</p>
<p>Organ Transplants and Donor Organ Procurement</p>	<p>As medically necessary for a covered organ transplant.</p>
<p>Reconstructive Breast Surgery</p>	<p>Covered in accordance with TCA 56-7-2507 which requires coverage of all stages of reconstructive breast surgery on a diseased breast as a result of a mastectomy as well as any surgical procedure on the non-diseased breast deemed necessary to establish symmetry between the two breasts in the manner chosen by the physician. The surgical procedure performed on a non-diseased breast to establish symmetry with the diseased breast will only be covered if the surgical procedure performed on a non-diseased breast occurs within five (5) years of the date the reconstructive breast surgery was performed on a diseased breast.</p> <p>Note: Applicable CPT procedure codes regarding the revision of undiseased breast following mastopexy or mastectomy for breast cancer, for the purpose of restoring symmetry, shall be the CPT procedures codes in the following range: 19316 – 19396.</p>

2-3.1.2 TennCare Medicaid benefits, effective January 1, 2003:

Service	Coverage Provided by TennCare Medicaid
<p>Inpatient Hospital Services</p>	<p>As medically necessary. CONTRACTOR may conduct concurrent and retrospective review.</p> <p>Age 21 and older: Inpatient rehabilitation hospital facility services may be covered when determined to be a cost-effective alternative by the MCO.</p> <p>Under age 21: As medically necessary, rehabilitation hospital facility services are covered under EPSDT.</p>
<p>Outpatient Hospital Services</p>	<p>As medically necessary.</p>
<p>Physician Inpatient Services</p>	<p>As medically necessary.</p>
<p>Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services</p>	<p>As medically necessary. This shall include services provided by a Primary Care Provider with a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx).</p>
<p>EPSDT Services for enrollees under age 21 in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.</p>	<p>Age 21 and older: not covered.</p> <p>Under age 21: Covered as medically necessary, except that the screenings do not have to be medically necessary. Children may also receive screenings in-between regular checkups if a parent or caregiver believes there is a problem.</p> <p>Screening, interperiodic screening, diagnostic and follow-up treatment services as medically necessary in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989 for enrollees under 21. Except for Dental services, screens shall be in accordance with the periodicity schedule set forth in the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care" and all components of the screens must be consistent with the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care". Dental screens shall be in accordance with the latest periodicity schedule set forth by the American Academy of Pediatric Dentistry and all components of the screens must be consistent with the latest recommendations by the American Academy of Pediatric Dentistry.</p>
<p>Lab and X-ray Services</p>	<p>As medically necessary.</p>

<p>Hospice Care</p>	<p>As medically necessary. Must be provided by a Medicare-certified hospice.</p>
<p>Dental Services</p>	<p>The following covered dental services shall be provided by the TennCare Dental Benefits Manager: preventive, diagnostic and treatment services for enrollees under age 21. Services for enrollees age 21 or older limited to cases of accidental injury to or neoplasm of the oral cavity, life threatening infections that include, but are not limited to, individuals with severely compromised immune systems, organ donor recipients, or individuals with or scheduled to receive a prosthetic heart valve(s), accidental injury to natural teeth including their replacement (limited to the cost of bridgework of the replacement of teeth injured in an accident unless teeth implants are medically necessary) and the removal of impacted wisdom teeth. (The adult dental "accident" must be caused by some external force, like a car accident, not by some normal act of mastication, or grinding of teeth while sleeping, or any other naturally occurring circumstance and must have occurred during a period of TennCare eligibility and within twelve (12) months from the date service is requested.) Orthodontics limited to individuals under 21 except when an orthodontic treatment plan is approved prior to the enrollee attaining 20 1/2 years of age, and treatment is initiated prior to the recipient attaining 21 years of age, or when orthodontic treatment is the result of facial hemiatrophy or congenital birth defects (if enrollee was covered by TennCare at birth).</p> <p>The CONTRACTOR shall provide transportation to and from said services as well as the medical and anesthesia services that are not provided by a dentist or in dentist's office related to the dental service.</p> <p>(See Section 2-3.4)</p>
<p>Vision Services</p>	<p>Age 21 and older: Medical eye care, meaning evaluation and management of abnormal conditions, diseases, and disorders of the eye (not including evaluation and treatment of refractive state), will be covered. Routine periodic assessment, evaluation, or screening of normal eyes and examinations for the purpose of prescribing fitting or changing eyeglass and/or contact lenses will not be covered.</p> <p>Under age 21: Preventive, diagnostic, and treatments services (including eyeglasses), are covered as medically necessary.</p>
<p>Home Health Care</p>	<p>Age 21 and older: As medically necessary, all home care as delivered by a licensed Home Health Agency, as defined by 42 CFR 440.70, limited to 125 visits per enrollee per calendar year (January – December)</p> <p>Under age 21: As medically necessary.</p> <p>A home health visit includes any of the following: Skilled Nursing, Physical Therapy, Occupational Therapy, Speech Pathology and Audiology services, and Home Health Aide. Full-time nursing services are not covered for adults 21 years of age and over.</p>

Amendment 1 (continued)

<p>Pharmacy Services (obtained directly from an ambulatory retail pharmacy setting, outpatient hospital pharmacy, mail order pharmacy or those administered to a long-term care facility resident (nursing facility))</p>	<p>As medically necessary. Certain drugs (known as DESI, LTE, or IRS drugs) are excluded from coverage.</p> <p>TENNCARE is responsible for the provision and payment of pharmacy benefits to individuals who are enrolled in the TennCare Program in the category of TennCare Medicaid/Medicare dual eligible. (However, this does not include pharmaceuticals administered in a doctor's office.)</p> <p>TENNCARE is not responsible for the provision and payment of pharmacy services for TennCare Medicaid/Medicare dual eligibles prior to the date that TENNCARE has notified the CONTRACTOR through the regular electronic eligibility update that these individuals are eligible in the TennCare/Medicare dual eligible category.</p>
<p>Durable Medical Equipment</p>	<p>As medically necessary.</p>
<p>Medical Supplies</p>	<p>As medically necessary.</p>
<p>Emergency Air and Ground Ambulance Transportation</p>	<p>As medically necessary.</p>
<p>Non-emergency Transportation (including Non-Emergency Ambulance Transportation)</p>	<p>As necessary to get an enrollee to and from covered services, for enrollees not having access to transportation. MCOs may require advance notice of the need in order to timely arrange transportation.</p> <p>The travel to access primary care and dental services must meet the requirements of the waiver terms and conditions. The availability of specialty services as related to travel distance should meet the usual and customary standards for the community. However, in the event the MCO is unable to negotiate such an arrangement for an enrollee, transportation must be provided regardless of whether or not the enrollee has access to transportation. If the enrollee is a child, transportation must be provided for the child and an accompanying adult. However, transportation for a child shall not be denied pursuant to any policy which poses a blanket restriction due to enrollee's age or lack of parental accompaniment. Any decision to deny transportation of a child due to an enrollee's age or lack of parental accompaniment must be made on a case-by-case basis and must be based on the individual facts surrounding the request. As with any denial, all notices and actions must be in accordance with the appeal process.</p> <p>The CONTRACTOR shall provide transportation to and from dental services.</p>
<p>Community Health Services</p>	<p>As medically necessary.</p>
<p>Renal Dialysis Services</p>	<p>As medically necessary, for the first 90 days prior to being covered by Medicare.</p>

<p>Private Duty Nursing</p>	<p>Age 21 and older: Not covered.</p> <p>Under age 21: Covered as medically necessary in accordance with EPSDT requirements when prescribed by an attending physician for treatment and services rendered by an R.N. or a L.P.N. who is not an immediate relative.</p>
<p>Speech Therapy</p>	<p>Age 21 and older: Covered as medically necessary by a Licensed Speech Therapist to restore speech (as long as there is continued medical progress) after a loss or impairment. The loss or impairment must not be caused by a mental, psychoneurotic or personality disorder.</p> <p>Under age 21: Covered as medically necessary in accordance with EPSDT requirements.</p>
<p>Occupational Therapy</p>	<p>Age 21 and older: Covered as medically necessary when provided by a Licensed Occupational Therapist to restore, improve, or stabilize impaired functions.</p> <p>Under age 21: Covered as medically necessary in accordance with EPSDT requirements.</p>
<p>Physical Therapy</p>	<p>Age 21 and older: Covered as medically necessary when provided by a Licensed Physical Therapist to restore, improve, or stabilize impaired functions.</p> <p>Under age 21: Covered as medically necessary in accordance with EPSDT requirements.</p>
<p>Organ Transplant And Donor Organ Procurement</p>	<p>Age 21 and older: All medically necessary and non-investigational/experimental organ transplants are covered. These include, but may not be limited to: Bone marrow/Stem cell; Cornea; Heart; Heart/Lung; Kidney; Kidney/Pancreas; Liver; Lung; Pancreas; and Small bowel/Multi-visceral.</p> <p>Under age 21: Covered as medically necessary in accordance with EPSDT requirements. Experimental or investigational transplants are not covered.</p>
<p>Reconstructive Breast Surgery</p>	<p>Covered in accordance with TCA 56-7-2507, which requires coverage of all stages of reconstructive breast surgery on a diseased breast as a result of a mastectomy as well as surgical procedures on the non-diseased breast as deemed necessary to establish symmetry between the two breasts in the manner chosen by the physician. The surgical procedure performed on a non-diseased breast to establish symmetry with the</p>

	diseased breast will only be covered if the surgical procedure performed on a non-diseased breast occurs within five (5) years of the date the reconstructive breast surgery was performed on a diseased breast.
Bariatric Surgery, including, but not limited to, Gastric Stapling, Intestinal Bypass Surgery, and Banding	As medically necessary and provided in accordance with clinical guidelines established by the Bureau of TennCare.
Chiropractic Services	Age 21 and older: Not covered. Under age 21: Covered as medically necessary in accordance with EPSDT requirements.
Sitter Services	NOT COVERED
Convalescent Care	NOT COVERED

2-3.1.3 TennCare Standard benefits, effective January 1, 2003:

The following benefits will apply to all TennCare Standard enrollees except for individuals who were enrolled in TennCare as of December 31, 2001, with Medicare but not Medicaid coverage, and who continue to meet the criteria for "Uninsurable" status in place at that time. These individuals who were enrolled in TennCare as of December 31, 2001, with Medicare but not Medicaid coverage, and who continue to meet the criteria for "Uninsurable" status in place at that time will only be eligible for the TennCare Standard Pharmacy benefit package and shall not be the responsibility of the CONTRACTOR. The CONTRACTOR agrees to comply with policies and procedures to be provided by TennCare related to the continuation of services for persons whose eligibility changes from TennCare Medicaid to TennCare Standard and for whom services were previously authorized in accordance with the TennCare Medicaid benefit package.

Service	Coverage Provided by TennCare Standard
Inpatient Hospital Services	As medically necessary. CONTRACTOR may conduct concurrent and retrospective review. Inpatient Rehabilitation hospital facility services may be covered when determined to be a cost-effective alternative by the MCO.
Outpatient Hospital Services	As medically necessary.
Physician Inpatient Services	As medically necessary.

<p>Physician Outpatient Services/Community Health Clinic Services/Other Clinic Services</p>	<p>As medically necessary. This shall include services provided by a Primary Care Provider with a primary behavioral health diagnosis (ICD-9-CM 290.xx - 319.xx).</p>
<p>Lab and X-ray Services</p>	<p>As medically necessary.</p>
<p>Hospice Care</p>	<p>As medically necessary. Must be provided by an organization certified pursuant to Medicare hospice requirements.</p>
<p>Dental Services</p>	<p>The TennCare Dental Benefits Manager shall cover dental services in accordance with the following:</p> <p>Coverage for adults and children limited to cases of accidental injury to or neoplasm of the oral cavity, life threatening infections that include, but are not limited to, individuals with severely compromised immune systems, organ donor recipients, or individuals with or scheduled to receive a prosthetic heart valve(s), accidental injury to natural teeth including their replacement (limited to the cost of bridgework of the replacement of teeth injured in an accident unless teeth implants are medically necessary) and the removal of impacted wisdom teeth. (The dental "accident" must be caused by some external force, like a car accident, not by some normal act of mastication, or grinding of teeth while sleeping, or any other naturally occurring circumstance and must have occurred during a period of TennCare eligibility and within twelve (12) months from the date service is requested.)</p>
<p>Vision Services</p>	<p>Age 21 and older: Medical eye care, meaning evaluation and management of abnormal conditions, diseases, and disorders of the eye (not including evaluation and treatment of refractive state), will be covered. Routine, periodic assessment, evaluation, or screening of normal eyes and examinations for the purpose of prescribing, fitting or changing eyeglass and/or contact lenses will not be covered.</p> <p>Under age 21: Annual eye exam is covered, however, eyeglasses and contact lenses are not covered.</p>
<p>Home Health Care</p>	<p>As medically necessary, all home health care as delivered by a licensed Home Health Agency, as defined by 42 CFR 440.70, limited to 125 visits per enrollee per calendar year (January – December).</p> <p>A home health visit includes any of the following: Skilled Nursing, Physical Therapy, Occupational Therapy, Speech Pathology, and Home Health Aide. Full-time nursing services are not covered.</p>

<p>Pharmacy Services (obtained directly from an ambulatory retail pharmacy setting, outpatient hospital pharmacy, mail order pharmacy or those administered to a long-term care facility resident (nursing facility))</p>	<p>As medically necessary. Certain drugs (known as DESI, LTE, or IRS drugs) are excluded from coverage.</p>
<p>Durable Medical Equipment</p>	<p>Durable Medical Equipment (DME) refers to equipment, recognized as such by Medicare Part B, that meets all of the following criteria:</p> <ul style="list-style-type: none"> • It can stand repeated use • It is primarily and customarily used to serve a medical purpose rather than being primarily for comfort or convenience • It is usually not useful to a person in the absence of sickness or injury • It is appropriate for home use • It is related to the patient's physical disorder • The equipment must be used in the beneficiary's home, that is, his/her own home, a relative's home, a home for the aged or other type of institution. An institution is not considered a beneficiary's or member's home if it meets the definition of a hospital or skilled facility. <p>DME may be covered if it is determined to be Medically Necessary and appropriate for the enrollee's condition. The following guidelines and documentation requirements apply to DME whether the equipment is to be purchased or rented:</p> <ul style="list-style-type: none"> • The enrollee's diagnosis should substantiate the need and use of the equipment in the medical record; • Documentation of the enrollee's capability to be trained in the proper use of the equipment; • Rental equipment is generally considered equipment that requires frequent and substantial servicing and maintenance and/or estimated period of use is finite; • Certain rented DME equipment is purchased after the equipment has been rented for a period to be determined by the MCOs. • Documentation of customized equipment should specify the need for the custom equipment versus standard equipment; • Reimbursement may be determined for a more cost-effective alternative if Medical Necessity and appropriateness for the equipment is not demonstrated in the documentation submitted for review; • Contractor may require prior authorization for orthotics over a certain value.

Prior authorization may be required by the MCO to purchase equipment costing more than an amount set by the MCO and approved by TennCare. Items which are investigational or experimental in nature are not covered.

Items not covered include but are not limited to:

Bathtub Equipment and Supplies:

- Bed Bath
- Century Bed Bath
- Eaton E-Z Bath
- Nolan Bath Chair
- Sauna Bath
- Sitz Bath

Beds/Bed Equipment:

- Adjust-A-Bed
- Air Fluidized Bed, Powered Air Flotation Bed, Bead Bed (Clinitron)
- Bed Board
- Bed- Lounge (i.e., Ease-o-matic, Electra-Rest)
- Lounge Bed
- Ortho-Prone Bed
- Oscillating Bed
- Springbase Bed
- Overbed Table
- Vasculating Bed

Cushions, Pads and Mattresses:

- Aquamatic K Pad
- Elbow Protector
- Heat and Massage Foam Cushion Pad
- Heating Pad
- Heel Protector
- Lamb's Wool Pad
- Steam Pack

Environmental Control Items:

- Air Cleaner
- Air Conditioner
- Dehumidifier
- Electric Air Cleaner
- Electrostatic Machine
- Environmental Control Equipment
- Heater, Portable
- Humidifier (Central or Room)
- Micronaire Environmental
- Pollen Extractor
- Portable Room Heaters

Exercise Equipment:

- All exercise equipment, including, but not limited to:
 - Exercise Equipment
 - Exercycle (including cardiac use)
 - Functional Electrical Stimulation
 - Gravity Guidance Inversion Boots
 - Gravitronic Traction Device
 - Moore Wheel
 - Parallel Bars
 - Pulse Tachometer
 - Restorators
 - Tilt Table
 - Training Balls
 - Treadmill Exercisor
 - Weighted Quad Boot

Lifts:

- All Lifts, including, but not limited to:
 - Automobile/ Van Lift
 - Burke Bed Elevator
 - Cheney Safety Bath Lift
 - Electric Powered Recliner and Elevating Seat
 - Elevator
 - Patient Lifts Requiring Home Modification (i.e., ceiling tracks)
 - Stairglide
 - Wheel-O-Vator

Lights:

- Lamp, Heating
- Lamp, Ultraviolet

Nerve Stimulators:

- Dorsal Column Stimulator
- Functional Electrical Stimulation (FES)
- Neuro Muscular Stimulator

Respiratory Aids and Supplies (due to the heavy maintenance requirements and serious cost, equipment and respirators should be rented rather than bought):

- IPV (Intrapulmonary Percussive Ventilator) "Cough-o-lator"
- Preset oxygen system (flow rate not adjustable)
- Spirometer
- Vaporizer

Self-Help Equipment:

- All Self-Help Equipment, including, but not limited to:
 - Automobile Control
 - Automobile Lift
 - Safety Grab Bars
 - Stand Aid

- Standing Table

Speech Device:

- All Speech Devices, including, but not limited to:
 - Phone Mirror Handivoice
 - Speech Teaching Machine
 - Augmentative Communication Devices
 - Computers/Computer Equipment
 - Speech Software

Supports:

- Cervical Pillow
- Floor Stander
- Orthotrac Pneumatic Vest

Toilet Equipment:

- Toilet Trainer

Wheelchairs:

- Amigo Motorized Wheelchair
- Rollabout Chair with casters over 5" in diameter
- Scooters
- Standing Wheelchair

Whirlpools:

- Action Bath Hydro Massage
- Aero Massage
- Aqua Whirl
- Aquasage Pump
- Hand-D-Jet
- Jacuzzi
- Turbojet
- Whirlpool Bath Equipment
- Whirlpool Pump

Miscellaneous:

- Car Seats
- Chair, Ortho-Prone
- Cold Therapy Devices
- Ear Plugs, except for children with tympanostomy tubes ordered by an ENT doctor
- Flash Switches (for toys)
- Obturators
- Paraffin Bath
- Stethoscope
- Sphygmomanometer (Blood Pressure Cuff)
- Telephone Alert System
- Telephone Arm
- Home modifications, including, but not limited to:
 - Ramps

	<ul style="list-style-type: none"> • Decks • Swimming Pools • Fences • Plexiglass • Enlarged Doorways • Room Expansions
<p>Medical Supplies</p>	<p>Covered medical supplies are those supplies that are deemed medically necessary and appropriate and are prescribed for use in the diagnosis and treatment of medical conditions. Medically necessary medical supplies not included as part of institutional services shall be covered only when provided by or through a licensed home health agency, by or through a licensed medical vendor supplier, or by or through a licensed pharmacist.</p> <p>Examples of medical supplies that may be covered include, but are not limited to:</p> <ul style="list-style-type: none"> • Diabetic supplies such as glucometer test strips; <p>Exclusions: Medical supplies that can be obtained without a prescription are considered to be over the counter and are excluded (except for diabetic supplies). Examples include but are not limited to: band-aids, cotton balls, rubbing alcohol, peroxide, dressing material for home use, antiseptics, medicated creams and ointments, Q-tips and eyewash. Supplies used in the home setting or otherwise for self-use which can be obtained without a prescription.</p> <p>Medical supplies may not be prescribed primarily to provide comfort or convenience. Items, which are investigational or experimental in nature, are not covered. Examples of medical supplies that are not covered include, but are not limited to, over-the-counter orthotics, food supplements, vitamins and diapers/liners/underpads.</p> <p>Medical supplies require a written prescription by the recipient's attending physician.</p>
<p>Emergency Air And Ground Ambulance Transportation</p>	<p>As medically necessary.</p>
<p>Community Health Services</p>	<p>As medically necessary.</p>
<p>Renal Dialysis Services</p>	<p>As medically necessary, for the first 90 days prior to being covered by Medicare.</p>
<p>Speech Therapy</p>	<p>Covered as medically necessary, when provided by a Licensed Speech Therapist to restore speech (as long as there is continued medical progress) after a loss or impairment. Limited to the 60-day period from the date therapy begins for any one condition</p>

Occupational Therapy	Covered as medically necessary, when provided by a Licensed Occupational Therapist, to restore, improve, or stabilize impaired functions. Limited to the 60-day period from the date therapy begins for any one condition.
Physical Therapy	Covered as medically necessary, when provided by a Licensed Physical Therapist, to restore, improve, or stabilize impaired functions. Limited to the 60-day period from the date therapy begins for any one condition.
Organ Transplant And Donor Organ Procurement	All medically necessary and non-investigational/non-experimental organ transplants are covered for beneficiaries who have been enrolled in TennCare for a minimum of six (6) consecutive months. These include, but may not be limited to: Bone marrow/Stem cell Cornea Heart Heart/Lung Kidney Kidney/Pancreas Liver Lung Pancreas Small bowel/Multi-visceral
Reconstructive Breast Surgery	Covered in accordance with TCA 56-7-2507 which requires coverage of all stages of reconstructive breast surgery on a diseased breast as a result of a mastectomy, as well as surgical procedures on the non-diseased breast deemed necessary to establish symmetry between the two breasts in the manner chosen by the physician. The surgical procedure performed on a non-diseased breast to establish symmetry with the diseased breast will only be covered if the surgical procedure performed on a non-diseased breast occurs within five (5) years of the date the reconstructive breast surgery was performed on a diseased breast.
Bariatric Surgery, including, but not limited to, Gastric Stapling, Intestinal Bypass Surgery, and Banding	NOT COVERED
EPSDT Services	NOT COVERED
Non-Emergency Transportation	NOT COVERED
Private Duty Nursing	NOT COVERED
Chiropractic Services	NOT COVERED
Sitter	NOT COVERED
Convalescent Care	NOT COVERED

18. Effective January 1, 2003, Section 2-3.2 shall be deleted in its entirety and replaced by a new Section 2-3.2 which shall read as follows:

2-3.2 Medical Necessity

The determination of medical necessity shall be made on a case by case basis. The CONTRACTOR shall not employ, and shall not permit others acting on their behalf to employ utilization control guidelines or other quantitative coverage limits, whether explicit or de facto, unless supported by an individualized determination of medical necessity based upon the needs of each TennCare enrollee and his/her medical history. The CONTRACTOR shall have the ability to place tentative limits on a service; however, such limits shall be exceeded when medically necessary based on a patient's individual characteristics. Any procedures used to determine medical necessity shall be consistent with the following definition:

Services or supplies provided by an institution, physician, or other provider that are required to identify or treat a TennCare enrollee's illness, disease, or injury and which are:

- i. Consistent with the symptoms or diagnosis and treatment of the enrollee's illness, disease, ailment or injury; and
- ii. Appropriate with regard to standards of good medical practice; and
- iii. Not solely for the convenience of an enrollee, physician, institution or other provider; and
- iv. The most appropriate supply or level of services which can safely be provided to the enrollee. When applied to the care of an inpatient, it further means that services for the enrollee's medical symptoms or condition require that the services cannot be safely provided to the enrollee as an outpatient; and
- v. When applied to TennCare Medicaid enrollees under 21 years of age, services shall be provided in accordance with EPSDT requirements including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.

19. The first paragraph of Section 2-3.3 shall be deleted in its entirety and replaced by a new first paragraph which shall read as follows:

The following preventive medical services (identified by applicable CPT procedure codes and ADA procedure codes) shall only be covered in accordance with Section 2-3.1 of this Agreement and subject to any limitations described herein, within the scope of standard medical practice, and shall be exempt from any cost sharing responsibilities as described in Section 2-4.10 of this Agreement. In the event that the CPT codes listed below should be revised, consolidated, separated into individual parts, or replaced in part or in whole by new CPT codes, the services represented by the CPT codes listed below shall remain covered services. Vision services, hearing services, and laboratory services not specifically listed herein, which are required pursuant to the Medicaid Early Periodic Screening, Diagnosis and Treatment (EPSDT) program for persons eligible for EPSDT under the TennCare Program under age 21, shall be provided in accordance with the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care" periodicity schedule for such services. Dental services which are required pursuant to the Medicaid Early Periodic Screening, Diagnosis and Treatment (EPSDT) program for persons under age 21, shall be provided in accordance with the latest periodicity schedule set forth by the American Academy of Pediatric Dentistry and all components of the screens must be consistent with the latest recommendations

by the American Academy of Pediatric Dentistry. It is the responsibility of the MCO to educate providers as to the importance and necessity of documenting all of the components of the screen, and of using the appropriate codes as directed by TENNCARE to the MCOs. It is also the responsibility of the MCO to communicate this data to TENNCARE as directed.

20. Section 2-3.4 shall be deleted in its entirety and replaced by a new Section 2-3.4 which shall read as follows:

2-3.4 Dental Services

Effective October 1, 2002 the TennCare Dental Benefits Manager shall assume responsibility for the provision and payment of dental benefits. However, the provision of transportation to and from said services as well as the medical and anesthesia services not provided by a dentist or in a dentist's office related to the dental service shall remain the responsibility of the CONTRACTOR. The CONTRACTOR shall also agree to coordinate dental and medical services in accordance with the following provisions.

The dental benefits manager shall be responsible for: (1) authorizing dental services for which they have the responsibility to pay; and (2) arranging services to be provided, when appropriate, with providers that are contracted in the CONTRACTOR's plan. The CONTRACTOR shall be responsible for authorizing said services that require transportation, anesthesia not provided by a dentist or in a dentist's office, and/or medical services related to the dental service; however, the CONTRACTOR may waive authorization of said services based on authorization of the dental services by the dental benefits manager.

2-3.4.1 Services And Responsibilities

Coordination of dental services, at a minimum, include:

- Means for referral which assures immediate access for emergency care and a provision of urgent and routine care according to TennCare guidelines;
- Means for the transfer of information (to include items before and after the visit);
- Maintenance of confidentiality; and
- Cooperation with the DBM regarding training activities provided by the DBM.

2-3.4.2 Operating Principles

Coordinating the delivery of dental services to TennCare members is the primary responsibility of the DBM. To ensure such coordination, the DBM shall identify a staff member to serve as lead for coordination of services with each MCO and shall notify the respective MCOs, and the Bureau of TennCare of the name, title, telephone number and other means of communicating with that coordinator. Each MCO shall be responsible for communicating the DBM provider services and/or claim coordinator contact information to all of its providers. With respect to specific member services, resolution of problems shall be carried out between the MCO coordinator and the DBM coordinator. Should systemic issues arise, the MCO and the DBM agree to meet and resolve these issues. In the event that such issues cannot be resolved, the MCO and the DBM shall meet with TENNCARE to reach final resolution of matters involved. Final resolution of system issues shall occur within 90 days from referral to TENNCARE.

- 2-3.4.2.1 Resolution of Requests for Authorization. The MCO agrees and recognizes that the DBM shall agree through its contractual arrangement

with the State, that any dispute concerning which party should respond to a request for prior authorization shall not cause a denial, delay, reduction, termination or suspension of any appropriate service to a TennCare member. DBM and MCO agree that Care Coordinators will, in addition to their responsibilities for care coordination, deal with issues related to requests for authorization which require coordination between DBM and MCO. The DBM and MCO shall provide the other party and TENNCARE with a list of its Care Coordinators and telephone number(s) at which each Care Coordinator may be contacted. When either party receives a request for authorization from a provider for a member and the party believes care is the responsibility of the other party, the Care Coordinator for that party will contact the respective Care Coordinator of the other party by the next business day after receiving the request for prior authorization and communicate to the enrollee or enrollee's provider for routine requests which shall be made within 21 days or less of the provider's request for prior authorization and immediately after receiving the request for prior authorization for urgent requests. The DBM and MCO will establish a coordination committee to address all issues of care coordination. The committee will review disputes regarding clinical care and provide a clinical resolution to the dispute, subject to the terms of this Agreement. The parties will attempt in good faith to resolve any dispute and communicate the decision to the provider requesting authorization of a service. In the event the parties cannot agree within 15 days of the provider's request for prior authorization, the party who first received the request from the provider will be responsible for authorization and payment to their contracted provider within the time frames designated by the Bureau of TennCare. Both parties are responsible for enforcing hold harmless protection for the member. The parties agree that any response to a request for authorization shall not exceed 21 days and shall comply with the Grier Revised Consent Decree.

2-3.4.2.2

Claim Resolution Authorization. The MCO agrees and recognizes that the DBM shall agree through its contractual arrangement with the State, to designate one or more Claim Coordinators to deal with issues related to claims and payment issues that require coordination between DBM and MCO (parties). The DBM and MCO shall provide the other party, and TennCare with a list of its Claim Coordinators and telephone number(s) at which each Claim Coordinator may be contacted.

When either party receives a disputed claim for payment from a provider for a member and the party believes care is the responsibility of the other party, the Claims Coordinator for that party will contact the respective Claims Coordinator of the other party within four (4) business days of receiving such claim for payment. If the Claims Coordinators are unable to reach agreement on which party is responsible for payment of the claim, the claim shall be referred to the Claims Coordination Committee for review.

The DBM and MCO will establish a Claim Coordination Committee made up of Claims Coordinators and other representatives, as needed, from each party. The number of members serving on the Claim

Coordination Committee shall be determined by the mutual agreement of the parties from time to time during the term of this Agreement, or, if the parties fail to agree within ten (10) calendar days of the execution of this Agreement, the Claim Coordination Committee shall consist of two (2) representatives of each party. The Claim Coordination Committee shall review any disputes and negotiate responsibility among the parties. Unless otherwise agreed, such meeting shall take place within ten (10) calendar days of receipt of the initial disputed claim or request from the provider. If resolution of the claim results in the party who assumed responsibility for authorization and payment having no liability, the other party will reimburse and abide by the prior decisions of that party. Reimbursement will be made within ten (10) business days of the Claim Coordination Committee's decision.

If the Claim Coordination Committee cannot reach an agreement as to the proper division of financial responsibility within ten (10) business days of the initial referral to the Claim Coordination Committee, said claim shall be referred to the Chief Executive Officers (CEO) or the CEO's designee, of both DBM and MCO for resolution immediately. A meeting shall be held among the Chief Executive Officers or their designee(s), of the parties within ten (10) calendar days after the meeting of the Claims Coordination Committee, unless the parties agree to meet sooner.

If the meeting between the CEOs, or their designee(s), of the DBM and MCO does not successfully resolve the dispute within 10 days, the parties shall, within fourteen (14) days after the meeting among the CEOs or their designee(s), submit a request for resolution of the dispute to the state or the state's designee for a decision on responsibility after the service has been delivered.

The process as described above shall be completed within 30 days of receiving the claim for payment. In the event the parties cannot agree within 30 days of receiving the claim for payment, both parties will be responsible for enforcing hold harmless protection for the member and the party who first received the request or claim from the provider will be responsible for authorization and payment to the provider within the following time frames designated by the Bureau of TennCare: claims must be processed in accordance with the requirements of the MCO's and DBM's respective Agreements with the State of Tennessee. Moreover, the party that first received the request or claim from the provider must also make written request of all requisite documentation for payment and must provide written reasons for any denial.

The Request for Resolution shall contain a concise description of the facts regarding the dispute, the applicable contract provisions, and position of the party making the request. A copy of the Request for Resolution shall also be delivered to the other party. The other party shall then submit a Response to the Request for Resolution within fifteen (15) calendar days of the date of the Request for Resolution. The Response shall contain the same information required of the Request for Resolution. Failure to timely file a Response or obtain an extension from

the state shall be deemed a waiver of any objections to the Request for Resolution.

The state, or its designee, shall make a decision in writing regarding who is responsible for the payment of services within ten (10) days of the receipt of the required information. ("Decision"). The "Decision" may reflect a split payment responsibility that will designate specific proportions to be shared by the MCO and the DBM which shall be determined solely by the State, or its designee based on specific circumstances regarding each individual case. Within five (5) business days of receipt of the Decision, the non-successful party shall reimburse any payments made by the successful party for the services. The non-successful party shall also pay to the state, within thirty (30) calendar days of the Decision, an administrative fee equal to ten percent (10%) of the value of the claims paid, not to exceed one-thousand dollars (\$1000) for each request for resolution. The amount of the CONTRACTOR's payment responsibility shall be contained in the state's Decision. These payments may be made with reservation of rights regarding any such judicial resolution. If a party fails to pay the state for the CONTRACTOR's payment responsibility as described in this section within (30) calendar days of the date of the state's Decision, the state may deduct amounts of the CONTRACTOR's payment responsibility from any current or future amount owed the party.

- 2-3.4.2.3 Denial, Delay, Reduction, Termination or Suspension. The parties agree that any claims payment dispute or request for authorization shall not cause a denial, delay, reduction, termination or suspension of any appropriate services to a TennCare member. In the event there is a claim for emergency services, the party receiving a request for authorization to treat any member shall insure that the member is treated immediately and payment for the claim must be approved or disapproved based on the definition of emergency medical services specified in this Agreement.
- 2-3.4.2.4 Emergencies. Prior authorization shall not be required for emergency services prior to stabilization.
- 2-3.4.2.5 Claims Processing Requirements. All claims must be processed in accordance with the requirements of the MCO's and DBM's respective Agreements with the State of Tennessee.
- 2-3.4.2.6 Appeal of Decision. Appeal of any Decision shall be to a court or commission of competent jurisdiction and shall not constitute a procedure under the Administrative Procedure Act, T.C.A. §4-5-201 et seq. Exhaustion of the above-described process shall be required before filing of any claim or lawsuit on issues covered by this Section.
- 2-3.4.2.7 Duties and Obligations. The existence of any dispute under this Agreement shall in no way affect the duty of the parties to continue to perform their respective obligations, including their obligations established in their respective contracts with the state pending resolution of the dispute under this Section. In accordance with T.C.A. § 56-32-

226(b), a provider may elect to resolve the claims payment dispute through independent review.

2-3.4.2.8 Confidentiality. The MCO agrees and recognizes that the DBM shall agree through its contractual arrangement with the state, to cooperate with the state to develop Confidentiality Guidelines that (1) meet state, federal, and other regulatory requirements; (2) meet the requirements of the professions or facilities providing care and maintaining records; and (3) meet both DBM and MCO standards. These standards will apply to both DBM's and MCO's providers and staff. If either party believes that the standards require updating, or operational changes are needed to enforce the standards, the parties agree to meet and resolve these issues. Such standards shall provide for the exchange of confidential e-mails to ensure the privacy of the members.

The DBM and MCO shall assure all materials and information directly or indirectly identifying any current or former enrollee which is provided to or obtained by or through the MCO's or DBM's performance of this Agreement, whether verbal, written, tape, or otherwise, shall be maintained in accordance with the standards of confidentiality of Title 33, Tennessee Code Annotated, Section 6-21 of this Agreement, Title 42, Part 2, Code of Federal Regulations, and the Health Insurance Portability and Accountability Act of 1996, ("HIPAA") as amended, and, unless required by applicable law, shall not be disclosed except in accordance with those Titles or to the TennCare Bureau, and the Centers for Medicare and Medicaid Service of the United States Department of Health and Human Services, or their designees. Nothing stated herein shall prohibit the disclosure of information in summary, statistical, or other form that does not identify any current or former enrollee or potential enrollee.

2-3.4.2.9 Access to Service. The MCO agrees and recognizes that the DBM shall agree through its contractual arrangement with the State, to establish methods of referral which assure immediate access to emergency care and the provision of urgent and routine care in accordance with TennCare guidelines.

21. Section 2-3.5 shall be deleted in its entirety and replaced by a new Section 2-3.5 which shall read as follows:

2-3.5 *Mental Health and Substance Abuse Services*

All mental health related services and substance abuse services, unless otherwise specified in this Section 2-3.5, provided to enrollees shall be the responsibility of Behavioral Health Organizations (BHOs) who have a contractual arrangement with the Tennessee Department of Mental Health and Developmental Disabilities or the State. These services include:

- Psychiatric Inpatient Facility Services;
- Physician Psychiatric Inpatient Services;
- Outpatient Mental Health Services;
- Inpatient and Outpatient Substance Abuse Treatment Services;
- Psychiatric Pharmacy Services and Pharmacy Related Lab Services;

- Transportation to Covered Mental Health Services;
- Mental Health Case Management;
- 24-Hour Residential Treatment;
- Housing/Residential Care;
- Specialized Outpatient and Symptom Management;
- Specialized Crisis Services; and
- Psychiatric Rehabilitation Services.

Effective July 1, 2002, behavioral health related services provided to enrollees by an MCO Primary Care Provider shall not be the responsibility of Behavioral Health Organizations (BHOs). As some MCO Primary Care Providers may appropriately treat or manage an enrollee's behavioral health condition, and in an effort to minimize administrative complexities for those Primary Care Providers (PCPs), the CONTRACTOR shall be responsible for services provided to enrollees by their network PCPs. Accordingly, the CONTRACTOR shall direct its network PCPs to submit claims for covered services with a **primary** behavioral diagnosis code, defined as ICD-9-CM 290.xx – 319.xx (and subsequent revisions thereto), to the CONTRACTOR for payment. The CONTRACTOR agrees to timely process said claims in accordance with Section 2-9.7.

The MCO shall encourage its PCPs, at their discretion, to contact the BHO for consultation on any covered Mental Health and Substance Abuse condition/service. The PCPs shall also be encouraged to refer to the BHO, for coordination of treatment of any covered Mental Health and Substance Abuse condition/service, for any and all of its members in accordance with its contracts with TDMHDD when those services can be provided by Mental Health Professionals.

The carve out of mental health and substance abuse services provided by PCPs from the BHO benefit package shall not relieve the BHO from the responsibility to assist in the coordination of mental health and substance abuse care and medical care of enrollees; nor shall it prohibit PCPs from referring enrollees to a mental health or substance abuse provider in the BHO's network when determined necessary by the PCP.

The CONTRACTOR is responsible for the costs and provision of covered services that are not mental health or substance abuse services, and covered services provided by a network PCP with a primary behavioral health diagnosis code as specified in the preceding paragraph. The carve out of all other mental health and substance abuse services shall not relieve the CONTRACTOR from the responsibility to assist in the coordination of mental health and medical care of enrollees. The MCO and BHO shall assure active coordination between primary health care and mental health/substance abuse care, including case management and continuity of care services. The MCO and BHO shall cooperate with the State's efforts to facilitate delivery of mental health services to the TennCare population and shall agree to abide by the MCO/BHO Coordination Provisions outlined herein for purposes of interfacing with each other and assure coordination of care, case management and continuity of care for purposes of coordinating appropriate health care.

2-3.5.1 Services And Responsibilities

Coordination of physical health care and mental health care shall, at a minimum, include:

- Means for referral which assures immediate access for emergency care and a provision of urgent and routine care according to TennCare guidelines;
- Means for the transfer of information (to include items before and after the visit);

- Maintenance of confidentiality; and
- Cooperation with the BHOs regarding training activities provided by the BHOs.

2-3.5.2 Operating Principles

The CONTRACTOR recognizes that the BHO shall support the MCO and all of its providers in their delivery of behavioral health services to all TennCare members by, but not limited to, providing advice, consultation, and assistance in coordinating the delivery of behavioral health services. Coordinating the delivery of behavioral health services to TennCare members is the primary responsibility of the BHO. To ensure such coordination, the BHO shall identify a staff member to serve as lead for coordination of services with each MCO and shall notify the respective MCOs, TDMHDD, and the Bureau of TennCare of the name, title, telephone number and other means of communicating with that coordinator. Each MCO shall be responsible for communicating the BHO provider services and/or claim coordinator contact information to all of its providers, including PCPs. With respect to specific member services, including transfer of responsibility for services from the PCP to the BHO, resolution of problems shall be carried out between the PCP (or MCO representative) and the BHO coordinator. Should systemic issues arise, the MCO and the BHO agree to meet and resolve these issues. In the event that such issues cannot be resolved, the MCO and the BHO shall meet with TDMHDD and TennCare to reach final resolution of matters involved. Final resolution of system issues shall occur within 90 days from referral to TDMHDD or TennCare.

- 2-3.5.2.1 Resolution of Requests for Authorization for non-PCPs delivering Behavioral Health services. The MCO agrees and recognizes that the BHO shall agree through its contractual arrangement with the Tennessee Department of Mental Health and Developmental Disabilities or the State, that any dispute concerning which party should respond to a request for prior authorization shall not cause a denial, delay, reduction, termination or suspension of any appropriate service to a TennCare member. BHO and MCO agree that Care Coordinators will, in addition to their responsibilities for care coordination, deal with issues related to requests for authorization which require coordination between BHO and MCO. The BHO and MCO shall provide the other party and TENNCARE with a list of its Care Coordinators and telephone number(s) at which each Care Coordinator may be contacted. When either party receives a request for authorization from a provider for a member and the party believes care is the responsibility of the other party, the Care Coordinator for that party will contact the respective Care Coordinator of the other party by the next business day after receiving the request for prior authorization and communicate to the enrollee or enrollee's provider for routine requests which shall be made within 21 days or less of the provider's request for prior authorization and immediately after receiving the request for prior authorization for urgent requests. The BHO and MCO will establish a coordination committee to address all issues of care coordination. The committee will review disputes regarding clinical care and provide a clinical resolution to the dispute, subject to the terms of this Agreement. The parties will attempt in good faith to resolve any dispute and communicate the decision to the

provider requesting authorization of a service. In the event the parties cannot agree within 15 days of the provider's request for prior authorization, the party who first received the request from the provider will be responsible for authorization and payment to their contracted provider within the time frames designated by the Bureau of TennCare. Both parties are responsible for enforcing hold harmless protection for the member. The parties agree that any response to a request for authorization shall not exceed 21 days and shall comply with the Grier Revised Consent Decree.

2-3.5.2.2

Claim Resolution Authorization for non-PCPs delivering Behavioral Health services. The MCO agrees and recognizes that the BHO shall agree through its contractual arrangement with the Tennessee Department of Mental Health and Developmental Disabilities or the State, to designate one or more Claim Coordinators to deal with issues related to claims and payment issues that require coordination between BHO and MCO (parties). The BHO and MCO shall provide the other party, TDMHDD, and TennCare with a list of its Claim Coordinators and telephone number(s) at which each Claim Coordinator may be contacted.

When either party receives a disputed claim for payment from a provider for a member and the party believes care is the responsibility of the other party, the Claims Coordinator for that party will contact the respective Claims Coordinator of the other party within four (4) business days of receiving such claim for payment. If the Claims Coordinators are unable to reach agreement on which party is responsible for payment of the claim, the claim shall be referred to the Claims Coordination Committee for review.

The BHO and MCO will establish a Claim Coordination Committee made up of Claims Coordinators and other representatives, as needed, from each party. The number of members serving on the Claim Coordination Committee shall be determined by the mutual agreement of the parties from time to time during the term of this Agreement, or, if the parties fail to agree within ten (10) calendar days of the execution of this Agreement, the Claim Coordination Committee shall consist of two (2) representatives of each party. The Claim Coordination Committee shall review any disputes and negotiate responsibility among the parties. Unless otherwise agreed, such meeting shall take place within ten (10) calendar days of receipt of the initial disputed claim or request from the provider. If resolution of the claim results in the party who assumed responsibility for authorization and payment having no liability, the other party will reimburse and abide by the prior decisions of that party. Reimbursement will be made within ten (10) business days of the Claim Coordination Committee's decision.

If the Claim Coordination Committee cannot reach an agreement as to the proper division of financial responsibility within ten (10) business days of the initial referral to the Claim Coordination Committee, said claim shall be referred to the Chief Executive Officers (CEO) or the CEO's designee, of both BHO and MCO for resolution immediately. A meeting shall be held among the Chief Executive Officers or their

designee(s), of the parties within ten (10) calendar days after the meeting of the Claims Coordination Committee, unless the parties agree to meet sooner.

If the meeting between the CEOs, or their designee(s), of the BHO and MCO does not successfully resolve the dispute within 10 days, the parties shall, within fourteen (14) days after the meeting among the CEOs or their designee(s), submit a request for resolution of the dispute to the state or the state's designee for a decision on responsibility after the service has been delivered.

The process as described above shall be completed within 30 days of receiving the claim for payment. In the event the parties cannot agree within 30 days of receiving the claim for payment, both parties will be responsible for enforcing hold harmless protection for the member and the party who first received the request or claim from the provider will be responsible for authorization and payment to the provider within the following time frames designated by the Bureau of TennCare: claims must be processed in accordance with the requirements of the MCO's and BHO's respective Agreements with the State of Tennessee. Moreover, the party that first received the request or claim from the provider must also make written request of all requisite documentation for payment and must provide written reasons for any denial.

The Request for Resolution shall contain a concise description of the facts regarding the dispute, the applicable contract provisions, and position of the party making the request. A copy of the Request for Resolution shall also be delivered to the other party. The other party shall then submit a Response to the Request for Resolution within fifteen (15) calendar days of the date of the Request for Resolution. The Response shall contain the same information required of the Request for Resolution. Failure to timely file a Response or obtain an extension from the state shall be deemed a waiver of any objections to the Request for Resolution.

The state, or its designee, shall make a decision in writing regarding who is responsible for the payment of services within ten (10) days of the receipt of the required information. ("Decision"). The "Decision" may reflect a split payment responsibility that will designate specific proportions to be shared by the MCO and the BHO which shall be determined solely by the State, or its designee based on specific circumstances regarding each individual case. Within five (5) business days of receipt of the Decision, the non-successful party shall reimburse any payments made by the successful party for the services. The non-successful party shall also pay to the state, within thirty (30) calendar days of the Decision, an administrative fee equal to ten percent (10%) of the value of the claims paid, not to exceed one-thousand dollars (\$1000) for each request for resolution. The amount of the CONTRACTOR's payment responsibility shall be contained in the state's Decision. These payments may be made with reservation of rights regarding any such judicial resolution. If a party fails to pay the state for the CONTRACTOR's payment responsibility as described in this section

within (30) calendar days of the date of the state's Decision, the state may deduct amounts of the CONTRACTOR's payment responsibility from any current or future amount owed the party.

- 2-3.5.2.3 Denial, Delay, Reduction, Termination or Suspension. The parties agree that any claims payment dispute or request for authorization shall not cause a denial, delay, reduction, termination or suspension of any appropriate services to a TennCare member. In the event there is a claim for emergency services, the party receiving a request for authorization to treat any member shall insure that the member is treated immediately and payment for the claim must be approved or disapproved based on the definition of emergency medical services specified in this Agreement.
- 2-3.5.2.4 Emergencies. Prior authorization shall not be required for emergency services prior to stabilization.
- 2-3.5.2.5 Claims Processing Requirements. All claims must be processed in accordance with the requirements of the MCOs and BHOs respective Agreements with the State of Tennessee.
- 2-3.5.2.6 Appeal of Decision. Appeal of any Decision shall be to a court or commission of competent jurisdiction and shall not constitute a procedure under the Administrative Procedure Act, T.C.A. §4-5-201 et seq. Exhaustion of the above-described process shall be required before filing of any claim or lawsuit on issues covered by this Section.
- 2-3.5.2.7 Duties and Obligations. The existence of any dispute under this Agreement shall in no way affect the duty of the parties to continue to perform their respective obligations, including their obligations established in their respective contracts with the state pending resolution of the dispute under this Section. In accordance with T.C.A. § 56-32-226(b), a provider may elect to resolve the claims payment dispute through independent review.
- 2-3.5.2.8 Confidentiality. The MCO agrees and recognizes that the BHO shall agree through its contractual arrangement with the Tennessee Department of Mental Health and Developmental Disabilities or the State, to cooperate with the state to develop Confidentiality Guidelines that (1) meet state, federal, and other regulatory requirements; (2) meet the requirements of the professions or facilities providing care and maintaining records; and (3) meet both BHO and MCO standards. These standards will apply to both BHO's and MCO's providers and staff. If either party believes that the standards require updating, or operational changes are needed to enforce the standards, the parties agree to meet and resolve these issues. Such standards shall provide for the exchange of confidential e-mails to ensure the privacy of the members.

The BHO and MCO shall assure all materials and information directly or indirectly identifying any current or former enrollee which is provided to or obtained by or through the MCO's or BHO's performance of this Agreement, whether verbal, written, tape, or otherwise, shall be maintained in accordance with the standards of confidentiality of Title

33, Tennessee Code Annotated, Section 4-21 of this Agreement, Title 42, Part 2, Code of Federal Regulations, and the Health Insurance Portability and Accountability Act of 1996, ("HIPAA") as amended, and, unless required by applicable law, shall not be disclosed except in accordance with those Titles or to TDMHDD, the TennCare Bureau, and the Centers for Medicare and Medicaid Service of the United States Department of Health and Human Services, or their designees. Nothing stated herein shall prohibit the disclosure of information in summary, statistical, or other form that does not identify any current or former enrollee or potential enrollee.

2-3.5.2.9 Access to Service. The MCO agrees and recognizes that the BHO shall agree through its contractual arrangement with the Tennessee Department of Mental Health and Developmental Disabilities or the State, to establish methods of referral which assure immediate access to emergency care and the provision of urgent and routine care in accordance with TennCare guidelines.

22. Section 2-3.8.a shall be deleted and replaced in its entirety so that the amended Section 2-3.8.a shall read as follows:
- a. The CONTRACTOR is responsible for coordinating TennCare-covered benefits with benefits offered by other insurance, including Medicare, which the enrollee may have. For Medicaid eligibles, such coordination must insure that TennCare-covered services are delivered without charge to the enrollee except for applicable pharmacy cost share responsibilities in accordance with TennCare waiver provisions and the TennCare rules and regulations.
23. Section 2-3.12 shall be amended by deleting the reference to "Health Care Financing Administration" and replacing it with the reference to "Centers for Medicare & Medicaid Services" and adding a new third paragraph in between the existing second and third paragraphs so that the amended Section 2-3.12 shall read as follows:

2-3.12 Coverage of Organ Transplants

The CONTRACTOR shall cover at a minimum the following transplants: Renal, Heart, Liver, Corneal and Bone Marrow, when medically necessary and consistent with the accepted mode of treatment for which the transplant procedure is performed. The CONTRACTOR shall not cover transplants or procedures, which are not medically necessary or performed for a purpose inconsistent with acceptable modes of treatment. Besides the minimally required transplants, the CONTRACTOR may cover other transplants that are not considered investigational or experimental by the National Institutes of Health and the Tennessee Department of Finance and Administration, if approved by TennCare. For purposes of this Section, investigational or experimental shall mean those transplants and/or procedures which are not considered medically necessary and which have not been approved by the Centers for Medicare & Medicaid Services and published in the Federal Register. Questions as to whether a particular transplant and/or procedure is to be covered shall be directed to the Office of the Medical Director, Bureau of TENNCARE.

Exceptions to the above list of transplants must be made for other non-investigational/non-experimental transplants if the transplant and/or procedure is found to be medically necessary, performed within the accepted mode of treatment for which it is intended, and is found to be cost effective as determined by the CONTRACTOR.

Effective January 1, 2003, coverage of organ transplants shall be limited to those organ transplants also covered by Medicare for TennCare Medicaid adults ages twenty-one (21) and over. Organ Transplants for TennCare Medicaid eligible enrollees under the age of twenty-one (21) shall be covered as medically necessary in accordance with EPSDT requirements. As described in Section 2-3.a.1(c), coverage of organ transplants for TennCare Standard enrollees (adults and children) shall only be available for beneficiaries who have been enrolled in TennCare for a minimum of six (6) consecutive months.

The CONTRACTOR shall establish administrative procedures regarding the necessity of prior approval before a transplant procedure is performed. The CONTRACTOR shall also establish its own administrative procedures regarding the coverage of transplant procedures performed outside the CONTRACTOR's service area as well as transplant procedures performed out-of-state. These administrative procedures shall be submitted to TennCare for review and approval prior to use.

Section 1862 of the Social Security Act requires Medicare beneficiaries to have transplants performed in Medicare certified centers. In accordance with this policy, the CONTRACTOR and Medicare/TennCare dually eligible enrollees shall be required to adhere to these requirements.

24. Section 2-3 shall be amended by adding a new Section 2-3.16 "EPSDT Requirements" which shall read as follows:

2-3.16 Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Requirements

The CONTRACTOR must have written policies and procedures for an EPSDT program that includes coordinating services with other TennCare providers, providing all medically necessary Title XIX EPSDT services to all eligible individuals under the age of twenty-one (21) regardless of whether the service is included in the Medicaid State Plan as well as outreach and education.

The CONTRACTOR shall provide EPSDT services to enrollees under age 21 who are eligible for EPSDT in the TennCare Program in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989. EPSDT Services (Early and Periodic Screening, Diagnosis and Treatment of Individuals under age 21) means early and periodic screening, diagnosis and treatment of enrollees under age 21 made pursuant to 42 U.S.C. Sections 1396a(a)(43), 1396d(a) and (r) and 42 CFR Part 441, Subpart B to ascertain children's individual (or individualized/or on an individual basis) physical and mental defects, and providing treatment to correct or ameliorate, or prevent from worsening defects and physical and mental illnesses and conditions discovered by the screening services, whether or not such services are covered. The CONTRACTOR shall be responsible for the provision of all related services except for behavioral health services that are carved out as a separate arrangement from this Agreement and Dental services at such time as they are removed from the responsibilities described in this Agreement. Effective upon receipt of written notification from TENNCARE, the CONTRACTOR is not required to provide services in accordance with EPSDT requirements to TennCare Standard enrollees under the age of 21.

By the end of October, 2002, TENNCARE shall identify a committee to begin analyzing the possibility of establishing an EPSDT transition file process.

- 2-3.16.1 In accordance with TennCare requirements and pursuant to 42 USC §1396d(r), Early and periodic screening, diagnostic, and treatment (EPSDT) services shall at a minimum include:

- 2-3.16.1.1. Screening services provided at intervals:
 - 1. which meet reasonable standards of medical and dental practice, as determined by the State after consultation with recognized medical and dental organizations involved in child health care
 - 2. indicated as medically necessary, to determine the existence of certain physical or mental illnesses or conditions and

- 2-13.16.1.2. Services which, at a minimum, include
 - 1. comprehensive health and developmental history (including assessment of both physical and mental health development and dietary practices);
 - 2. a comprehensive unclothed physical exam (the child's growth shall be compared against that considered normal for the child's age);
 - 3. appropriate immunizations (according to the schedule set out in 42 USC 1396s(c)(2)(B)(i) for pediatric vaccines) according to age and health history
 - 4. laboratory tests (including lead blood level assessment appropriate for age and risk factors)
 - 5. health education (including anticipatory guidance)
 - 6. Vision services
 - 1. which are provided at intervals which meet reasonable standards of medical practice, as determined by the state after consultation with recognized medical organizations involved in child health care and
 - 2. which at a minimum include diagnosis and treatment for defects in vision, including eyeglasses
 - 7. Dental services which are provided
 - 1. at intervals which meet reasonable standards of dental practice as determined by the state after consultation with recognized dental organizations involved in child health care and
 - 2. at such other intervals, indicated as medically necessary, to determine the existence of a suspected illness or condition
 - 3. and which shall at a minimum include relief of pain and infections, restoration of teeth and maintenance of dental health

8. Hearing services which are provided
 1. at intervals which meet reasonable standards of medical practice as determined by the state after consultation with recognized medical organizations involved in child health care and
 2. at such other intervals, indicated as medically necessary, to determine the existence of a suspected illness or condition and
 3. Which shall at a minimum include diagnosis and treatment for defects in hearing, including hearing aids.

9. Transportation assistance for a child includes related travel expenses, cost of meals, and lodging in route to and from care, and the cost of an attendant to accompany a child if necessary. Blanket restrictions may not be imposed when determining coverage for transportation services. Each determination shall be based on individualized circumstances for each case by the CONTRACTOR and/or the transportation vendor. Each request for transportation services is to be reviewed individually and documented by the CONTRACTOR and/or the transportation vendor.

The requirement to provide the cost of meals shall not be interpreted to mean that an enrollee and/or an attendant can request meals while in transport to and from care. Rather, this provision is intended for use when an enrollee has to be transported to a major health facility for services and care cannot be completed in one day thereby requiring an overnight stay.

The CONTRACTOR shall offer transportation and scheduling assistance to all children under age 21 referred for an assessment who do not have access to transportation. This may be accomplished through various means of communication to enrollees, including but not limited to, member handbooks, EPSDT outreach notifications, etc.

An EPSDT enrollee may be considered for transportation if such enrollee has written permission from the treating physician and custodial parent(s). Circumstances that may permit the CONTRACTOR and/or its transportation vendor to refuse the transportation request would be as follows:

- (i) The EPSDT enrollee is under the age of eighteen (18) and does not have an attendant.
- (ii) The EPSDT enrollee has an attendant, but the attendant is not a parent or legal guardian and cannot legally sign for the enrollee to receive medical care, i.e., the EPSDT enrollee may be a foster or stepchild. Some foster or stepparents do not have legal authority to sign for medical care for foster or step children. The CONTRACTOR and transportation vendors must be aware of this and must ask these questions when scheduling transport.
- (iii) The enrollee or attendant according to a reasonable person's standards has to be noticeably indisposed [disorderly conduct, intoxicated, armed (firearms), possession of illegal drugs, knives

and/or other weapons], and in any other condition that may affect the safety of the driver or persons being transported.

10. Follow up for elevated blood lead levels in children must be carried out in accordance with the State Medicaid Manual, Part 5 (http://www.hcfa.gov/pubforms/pub45/pub_45.htm). The Manual currently says that children with blood lead levels equal to or greater than 10ug/dL should be followed according to CDC guidelines. These guidelines include follow up blood tests and investigations to determine the source of lead, when indicated.

In accordance with the State Medicaid Directors' letter issued by CMS (formerly HCFA) on October 22, 1999, MCOs are responsible for "any follow up service within the scope of the federal Medicaid statute, including diagnostic or treatment services determined to be medically necessary" when elevated blood lead levels are identified in children. "Such services would include both case management services and the one-time investigation to determine the source of lead."

The MCO is responsible for the primary environmental lead investigation for children when elevated blood levels suggest a need for such an investigation. This investigation, which is commonly called a "lead inspection," involves the use of x-ray fluorescence (XRF) machines in the home which have the ability to identify lead-based paint.

If the lead inspection does not reveal the presence of lead paint in the home, there may be a need for other testing, such as "risk assessments" involving water and soil sampling or inspections of sites other than the primary residence if the child spends a substantial amount of time in another location. The MCO is not responsible for either the "risk assessments" or the lead inspection at the secondary site. The Department of Health should be contacted when these services are indicated. TDH has a federal grant which can be used to purchase such services when either or both are deemed necessary by health department staff, as long as funds are available. The assessments are done by certified inspectors in the Department of Environment and Conservation.

MCO reimbursement for the primary environmental investigations is limited to the items specified in Part 5 of the State Medicaid Manual. These items include the health professional's time and activities during the on-site investigation of the child's primary residence. They do not include testing of environmental substances such as water, paint, or soil.

11. Such other necessary health care, diagnostic services, treatment, and other measures described in 42 USC 1396d(a) to correct, ameliorate or prevent from worsening defects and physical and mental illnesses and conditions discovered by the screening services, whether or not such services are covered under the State plan.

2-3.16.2 42 CFR 441.56(b) defines "screening" as "periodic comprehensive child health assessments" meaning "regularly scheduled examinations and evaluations of the general physical and mental health, growth, development, and nutritional status of

infants, children, and youth.” At a minimum, screenings must include, but are not limited to:

1. Comprehensive health and developmental history;
2. Comprehensive unclothed physical examination;
3. Appropriate Immunizations;
4. Appropriate vision and hearing testing;
5. Appropriate laboratory tests; and
6. Dental screening services furnished by direct referral to a dentist for children no later than 3 years of age and should be referred earlier as needed (as early as 6 to 12 months in accordance with the American Academy of Pediatric Dentistry (AAPD) guidelines) and as otherwise appropriate; and
7. Health Education.

These screening services must be provided in accordance with “reasonable standards of medical and dental practice” as determined by the State. The State has determined that “reasonable standards of medical and dental practice” are those standards set forth in the American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care for medical practice and American Academy of Pediatric Dentistry (AAPD) guidelines for dental practice. Pursuant to Section 2-3.a.3, “screens shall be in accordance with the periodicity schedule set forth in the latest ‘American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care’ and all components of the screens must be consistent with the latest ‘American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care’ and the American Academy of Pediatric Dentistry (AAPD) guidelines.

2-3.16.3 Should screenings indicate a need, the following services must be provided, even if the services are not included in the State plan:

1. Diagnosis of and treatment for defects in vision and hearing, including eyeglasses and hearing aids;
2. Dental care, at as early an age as necessary, needed for relief of pain and infections, restoration of teeth and maintenance of dental health; and
3. Appropriate immunizations.
4. Such other necessary health care, diagnostic services, treatment, and other measures described in 42 USC 1396d(a) to correct or ameliorate defects and physical and mental illnesses and conditions discovered by the screening services, whether or not such services are covered under the State plan.

2-3.16.4 The CONTRACTOR shall comply with all requirements described in this Agreement regarding EPSDT, including but not limited to:

1. Screening rate requirements/Local Health Department Contracts as described in Sections 2-4.9.2 and 2-9.6.3; and
2. Reporting, including but not limited to, Performance Indicators and Focused Studies as described in Sections 2-10.14, Attachment I and Attachment II; and
3. Performance Guarantees as described in Section 6-27; and
4. The “EPSDT Screening Guidelines” and “Scope of Covered Benefits under EPSDT” as described in Attachments VIII and IX of this Agreement.

- 2-3.16.5 The CONTRACTOR shall have policies and procedures in place, approved by TENNCARE, to require providers to refer enrollees for other necessary health care, diagnostic services, treatment and other measures to correct, ameliorate, or prevent from worsening defects, and mental illnesses and conditions discovered by the screening service, regardless of whether the required services is covered by the enrollee's BHO or MCO, and to document said referrals in the enrollee's medical record.
- 2-3.16.6 The CONTRACTOR shall direct its network providers to notify the MCO in the event a screening reveals the need for other health care and the provider is unable to make an appropriate referral for those services. Upon notification of the failed referral, the CONTRACTOR shall secure an appropriate referral and contact the enrollee to offer scheduling assistance and transportation for enrollees lacking access to transportation. If the needed health care is a BHO benefit, the CONTRACTOR shall contact the enrollee's BHO and inform them of the need to contact the enrollee to secure an appropriate referral and offer scheduling assistance and transportation. The CONTRACTOR shall maintain documentation of said contacts. In the event of a dispute regarding the organization responsible for the provision of the services, the CONTRACTOR shall adhere to the requirements specified in Section 2-3.5.
- 2-3.16.7 The CONTRACTOR shall be responsible for various outreach activities and for informing enrollees assigned to its plan who are under the age of 21, or their parent or guardian, of the availability of early and periodic screening, diagnostic, and treatment services. All Enrollee material shall be submitted to TENNCARE for approval prior to distribution and shall be made available in accordance with the requirements specified in Section 2-6. In order to comply with this requirement, the CONTRACTOR shall, at a minimum, adhere to the following:
1. The CONTRACTOR must have a process in place to distribute to each member a minimum of six (6) "outreach contacts" a year from the MCO with information about EPSDT. The "outreach contacts" include: 1 member handbook, 4 newsletters, 1 reminder before a screening is due.
 - a. Information included in the member handbook regarding EPSDT services must sent within thirty (30) days of receipt of notification of enrollment as specified in Section 2-6.2.c.1. Annually thereafter, upon the Enrollee's anniversary date of enrollment, the CONTRACTOR shall send a reminder of EPSDT services. All handbooks must be in accordance with the TennCare Marketing Guidelines and Section 2-6 of this Agreement.
 - b. Each quarterly newsletter, as described in Section 2-6.2.c.2 shall include EPSDT information, including but not limited to, encouragement to obtain screenings and other preventive care services.
 - c. The MCO must have a mechanism for notifying families when EPSDT screens are due. This mechanism must include an offer of transportation and scheduling assistance.
 2. The CONTRACTOR shall have a process for following up with members who do not get their screenings timely. This process for follow up must include provisions for documenting all outreach attempts and must be submitted to TENNCARE for review and approval. Should the CONTRACTOR fail to submit an acceptable process for following up with members who do not get their

screenings timely, the CONTRACTOR shall assure that the member get an additional "outreach contact" each quarter from the MCO. Each of these additional "outreach contacts" will be a different written or oral strategy. The MCO must have a mechanism for maintaining records of efforts made to reach out to children who have missed screening appointments or who have failed to receive regular check-ups. The MCO must make at least one effort each quarter to get the child in for a screening. The efforts, whether written or oral, should be different each quarter. It will not be adequate to simply send the same letter four times.

3. The MCO must have a process for determining if someone eligible for EPSDT has used no services within a year. The MCO must have a process for making two reasonable attempts to re-notify such members about EPSDT. One of these attempts can be a referral to the health department. (These two attempts are in addition to the one attempt per quarter mentioned above.)
 4. The MCO shall require that providers have a process for documenting services declined by a parent or guardian or mature competent child, specifying the particular service was declined. This process must meet all requirements outlined in the State Medicaid Manual, Part 5, Section 5320A, concerning declination of EPSDT services.
 5. The MCO must make and document a minimum of two (2) reasonable attempts to find a family when mail is returned as undeliverable. At least one of these attempts must be oral.
 6. The MCO must make available to families accurate lists of names and phone numbers of contract providers who are currently accepting TennCare as described in Section 4-1.2 of this Agreement.
 7. The MCO must target specific informing activities to pregnant women and families with newborns. Pregnant women must be informed prior to the enrollee's delivery date about the availability of EPSDT for their children, provided that the MCO is informed of the pregnancy, and must be offered EPSDT services for the child when it is born.
 8. Pregnant women who are determined presumptively eligible must receive assistance in making a timely prenatal appointment as soon as the MCO is aware of the presumptive eligibility. For a woman past her first trimester, the appointment should occur within 15 days in accordance with 2-3.15.
- 2-3.16.8 The services listed in the Social Security Act, Section 1905(a), and the entity responsible for providing them under TennCare, are listed below. All services, other than EPSDT screens and interperiodic screens, must be medically necessary in order to qualify for TennCare coverage. Services may be required to be provided by network provider. All services provided by non-participating providers may require prior approval by the MCO.

Services Listed in Social Security Act Section 1905(a)	Responsible Entity in Tennessee	Comments
(1) Inpatient hospital services (other than services in an institution for mental diseases)	MCO	
(2)(A) Outpatient hospital services	MCO	
(2)(B) Rural health clinic services	MCO	MCOs are not required to contract with Rural Health Clinics if the services are available through other providers in their networks.
(2)(C) Federally-qualified health center services	MCO	MCOs are not required to contract with FQHCs if they can demonstrate adequate provider capacity without them.
(3) Other laboratory and X-ray services	MCO, except that the BHO is responsible for laboratory services relating to BHO drugs	
(4)(A) Nursing facility services for individuals age 21 and older		Not applicable for EPSDT
(4)(B) EPSDT services	MCO for physical health services, except as described in Section 2-3.5; BHO for mental health and substance abuse services, except as described in Section 2-3.5; and DBM for dental services	
(4)(C)--Family planning services and supplies	MCO	
(5)(A)--Physicians' services furnished by a physician, whether furnished in the office, the patient's home, a hospital, or a nursing facility	MCO for physical health services, except as described in Section 2-3.5; BHO for mental health and substance abuse services, except as described in Section 2-3.5	

Amendment 1 (continued)

(5)(B)—Medical and surgical services furnished by a dentist	DBM	
(6)—Medical care, or any other type of remedial care recognized under State law, furnished by licensed practitioners within the scope of their practice as defined by State law	MCO for physical health services; BHO for mental health and substance abuse services	See Item (13).
(7)—Home health care services	MCO for physical health services; BHO for mental health and substance abuse services	
(8)—Private duty nursing services	MCO for physical health services; BHO for mental health and substance abuse services	
(9)—Clinic services	MCO for physical health services; BHO for mental health and substance abuse services	
(10)—Dental services	DBM	
(11)—Physical therapy and related services	MCO	
(12)—Prescribed drugs, dentures, and prosthetic devices, and eyeglasses	MCO for physical health services; TennCare for mental health and substance abuse drugs DBM for dentures	

<p>(13) Other diagnostic, screening, preventive, and rehabilitative services, including any medical or remedial services recommended by a physician or other licensed practitioner of the healing arts within the scope of their practice under State law, for the maximum reduction of physical or mental disability and restoration of an individual to the best possible functional level</p>	<p>MCO for physical health services; BHO for mental health and substance abuse services</p>	<p>The following are considered practitioners of the healing arts in Tennessee law¹:</p> <ul style="list-style-type: none"> • Alcohol and drug abuse counselor • Athletic trainer • Audiologist • Certified acupuncturist • Certified master social worker • Certified nurse practitioner • Certified professional counselor • Certified psychological assistant • Chiropractic physician • Chiropractic therapy assistant • Clinical pastoral therapist • Dentist • Dental assistant • Dental hygienist • Dietitian/nutritionist • Dispensing optician • Electrologist • Emergency medical personnel • First responder • Hearing instrument specialist • Laboratory personnel • Licensed clinical perfusionist • Licensed clinical social worker • Licensed practical nurse • Licensed professional counselor • Marital and family therapist, certified • Marital and family therapist, licensed • Massage therapist • Medical doctor • Medical doctor (special training)
--	---	---

¹ This list has been provided by the Tennessee Department of Health.

		<ul style="list-style-type: none"> • Midwives and nurse midwives • Nurse aide • Occupational therapist • Occupational therapy assistant • Optometrist • Osteopathic physician • Pharmacist • Physical therapist • Physical therapist assistant • Physician assistant • Podiatrist • Psychological examiner • Psychologist • Registered nurse • Registered certified reflexologist • Respiratory care assistant • Respiratory care technician • Respiratory care therapist • Senior psychological examiner • Speech pathologist • Speech pathology aide • X-ray op in chiropractic physician's office • X-ray op in MD office • X-ray op in osteopathic office • X-ray op in podiatrist's office
(14) Inpatient hospital services and nursing facility services for individuals 65 years of age or over in an institution for mental diseases		Not applicable for EPSDT
(15) Services in an intermediate care facility for the mentally retarded	TennCare	
(16) Inpatient psychiatric services for individuals under age 21	BHO	
(17) Services furnished by a nurse-midwife	MCO	The MCOs are not required to contract with nurse-midwives if the services are available through other providers in their networks.

(18) Hospice care	MCO	
(19) Case management services	MCO for physical health services; BHO for mental health and substance abuse services	
(20) Respiratory care services	MCO	
(21) Services furnished by a certified pediatric nurse practitioner or certified family nurse practitioner	MCO	The MCOs are not required to contract with PNP's or CFNP's if the services are available through other providers in their networks.
(22) Home and community care for functionally disabled elderly individuals		Not applicable for EPSDT
(23) Community supported living arrangements services		Not applicable for EPSDT
(24) Personal care services	MCO for physical health services; BHO for mental health and substance abuse services	
(25) Primary care case management services	MCO	
(26) Services furnished under a PACE program		Not applicable for EPSDT
(27) Any other medical care, and any other type of remedial care recognized under State law.	MCO for physical health services; BHO for mental health and substance abuse services	See Item (13).

Note 1: "Targeted case management services," which are listed under section 1915(g)(1), are **not EPSDT services** except to the extent that the definition in section 1915(g)(2) is used with Item (19) above. DCS provides targeted case management services to children in custody and at risk of custody.

Note 2: "Psychiatric residential treatment facility" is not listed in Social Security Act section 1905(a). It is, however, defined in 42 CFR 483.352 as "a facility other than a hospital, that provides psychiatric services, as described in subpart D of part 441 of this chapter, to individuals under age 21, in an inpatient setting." Psychiatric residential treatment facility services are furnished by DCS to children in custody but are otherwise the responsibility of the BHO.

Note 3: "Rehabilitative" services are differentiated from "habilitative" services in federal law. "Rehabilitative" services, which are EPSDT services, are defined in 42 CFR 440.130(d) as services designed "for maximum reduction of physical or mental disability and restoration of a recipient to his best possible functional level." "Habilitative" services, which are **not EPSDT services**, are defined in section 1915(c)(5) as services designed "to assist individuals in acquiring, retaining, and

improving the self-help, socialization, and adaptive skills necessary to reside successfully in home and community based settings.”

Note 4: Certain services are covered under a Home and Community Based Waiver but are **not EPSDT services** because they are not listed in the Social Security Act section 1905(a). These services include habilitation, prevocational, and supported employment services; homemaker services; and respite services. (See section 1915(c)(4).)

Note 5: Certain services are not coverable even under a Home and Community Based Waiver and are **not EPSDT services**. These services include room and board, and special education and related services which are otherwise available through a Local Education Agency. (See section 1915(c)(5).)

25. Section 2-3 shall be amended by adding a new Section 2-3.17 “Immediate Eligibility for Children in DCS Custody” which shall read as follows:

2-3.17 Immediate Eligibility for Children in DCS Custody

Effective January 1, 2002, when a child enters DCS custody, DCS will provide the CONTRACTOR with the child’s information. In order to give children in DCS adequate access to medical services, including EPSDT, until a final determination can be made on their TennCare eligibility, the CONTRACTOR shall accept notification from DCS and adhere to the following requirements to insure that eligibility is provided. Upon receipt of notification from DCS, the CONTRACTOR shall determine whether or not the child is otherwise enrolled in TennCare. If the child is not currently enrolled, the CONTRACTOR shall immediately build a forty-five (45) day TennCare eligibility record effective on the date the child was placed in state custody and identify the child as a child in state custody, or group 1.A enrollee. The CONTRACTOR shall generate a letter that will explain that the child has been given forty-five (45) days of coverage from their custody date, pending a final eligibility determination. The CONTRACTOR is not required to assign a child for whom immediate eligibility has been established to a BPN PCP until TennCare eligibility is confirmed. The CONTRACTOR shall fax the BPN enrollment form and a letter of notification to the DCS Case Manager. The CONTRACTOR’s BPN staff shall work with DCS to obtain an EPSDT visit with a BPN provider within twenty-one (21) days of request but no later than thirty (30) days of enrollment. After twenty-five (25) days of immediate eligibility coverage, the CONTRACTOR shall identify children whose immediate eligibility will end in twenty (20) days to the DCS Program Coordinator of Health Advocacy. The child shall be eligible for the TennCare Medicaid benefit package effective on the date the child was placed in custody through the 45th day of the Immediate Eligibility period or the date of receipt of a TennCare eligibility record, whichever occurs earlier. If the CONTRACTOR receives a TennCare eligibility record prior to the end of the forty-five (45) day eligibility period, the child shall be eligible for benefits in accordance with their TennCare eligibility status effective on the date of receipt of the eligibility record.

In regards to EPSDT reporting, the CONTRACTOR will continue to only report on those children whose TennCare eligibility has appeared on the DCS Tape received from TENNCARE and who are assigned to MCO 11.

26. The title of Section 2-4.1.3 “Emergency Medical Services” shall be deleted and replaced with the title “Availability and Accessibility of Emergency Medical Services”.
27. The first sentence of Section 2-4.5 shall be deleted and replaced in its entirety so that the amended Section 2-4.5 shall read as follows:

2-4.5 Abusive Utilizers of Pharmacy Services

The CONTRACTOR shall have policies and procedures in place to identify, monitor and restrict, if necessary, utilization of services by individuals identified by TENNCARE or the CONTRACTOR as abusive utilizers of pharmacy services. The CONTRACTOR shall submit said policies and procedures for TENNCARE approval. TENNCARE shall respond to the CONTRACTOR's request for approval within thirty (30) days. Enrollees who disagree with such restrictions may appeal such restrictions pursuant to the medically necessary provisions of the TennCare hearing rules.

- 28. Section 2-4.7.6 shall be deleted in its entirety.
- 29. Section 2-4 shall be amended by adding a new Section 2-4.10, and renumbering the existing Section 2-4.10 as Section 2-4.11 so that the new Section 2-4.10 shall read as follows:

2-4.10 Compliance with Health Insurance Portability and Accountability Act (HIPAA) Requirements

2.4.10.1 In accordance with HIPAA regulations, the CONTRACTOR shall, at a minimum, comply with the following requirements:

- 2.4.10.1.1 As a party to this Agreement, the CONTRACTOR hereby acknowledges its designation as a covered entity under the HIPAA regulations;
- 2.4.10.1.2 The CONTRACTOR shall comply with the transactions and code set, privacy, and security regulations, once finalized, of the Health Insurance Portability and Accountability Act of 1996 by their designated compliance dates. Compliance includes meeting all required transaction formats and code sets with the specified data partner situations required under the regulations.
- 2.4.10.1.3 The CONTRACTOR shall transmit/receive from/to its provider, subcontractors, clearinghouses and TENNCARE all transactions and code sets required by the HIPAA regulations in the appropriate standard formats as specified under the law and as directed by TENNCARE so long as TENNCARE direction does not conflict with the law;
- 2.4.10.1.4 The CONTRACTOR shall agree that if it is not in compliance with all applicable standards defined within the transactions and code sets, privacy, security and all subsequent HIPAA standards, that it will be in breach of this Agreement and will then take all reasonable steps to cure the breach or end the violation as applicable. Since inability to meet the transactions and code sets requirements, as well as the privacy and security requirements can bring basic business practices between TENNCARE and the CONTRACTOR and between the CONTRACTOR and its providers and/or subcontractors to a halt, if for any reason the CONTRACTOR cannot meet the requirements of this Section, TENNCARE may terminate this Agreement in accordance with Section 6-2.2;
- 2.4.10.1.5 Protected Health Information (PHI) data exchanged between the CONTRACTOR and TENNCARE is intended to be used only for the

purposes of health care operations, payment and oversight and its related functions. All PHI data not transmitted for the purposes of health care operations and its related functions, or for purposes allowed under the federal HIPAA regulations will be de-identified to protect the individual enrollee's PHI under the privacy act;

- 2.4.10.1.6 Disclosures of Protected Health Information from the CONTRACTOR to TENNCARE shall be restricted as specified in the HIPAA regulations and will be permitted for the purposes of: health care operation, payment and oversight, obtaining premium bids for providing health coverage, modifying, amending or terminating the group health plan. Disclosures to TENNCARE from the CONTRACTOR shall be as permitted and/or required under the law;
- 2.4.10.1.7 The CONTRACTOR shall report to TENNCARE within five (5) days of becoming aware of any use or disclosure of Protected Health Information in violation of this Agreement by the CONTRACTOR, its officers, directors, employees, subcontractors or agents or by a third party to which the CONTRACTOR disclosed Protected Health Information;
- 2.4.10.1.8 The CONTRACTOR shall specify in its agreements with any agent or subcontractor of the CONTRACTOR that will have access to Protected Health Information that such agent or subcontractor agrees to be bound by the same restrictions, terms and conditions that apply to the CONTRACTOR pursuant to this Section;
- 2.4.10.1.9 The CONTRACTOR shall make available to TENNCARE enrollees the right to amend their Protected Health Information data in accordance with the federal HIPAA regulations. The CONTRACTOR shall also send information to enrollees educating them of their rights and necessary steps in this regard;
- 2.4.10.1.10 The CONTRACTOR shall make an enrollee's PHI data accessible to TENNCARE immediately upon request by TENNCARE;
- 2.4.10.1.11 The CONTRACTOR shall make available to TENNCARE within ten (10) days of notice by TENNCARE to the CONTRACTOR such information as in the CONTRACTOR'S possession and is required for TENNCARE to make the accounting of disclosures required by 45 CFR § 164.528. At a minimum, the CONTRACTOR shall provide TENNCARE with the following information:
 - 1. the date of disclosure
 - 2. the name of the entity or person who received the HIPAA protected information, and if known, the address of such entity or person
 - 3. a brief description of the Protected Health Information disclosed, and
 - 4. a brief statement of the purpose of such disclosure which includes an explanation of the basis for such disclosure.

In the event that the request for an accounting of disclosures is submitted directly to the CONTRACTOR, the CONTRACTOR shall within two (2) days forward such request to TENNCARE. It shall be TENNCARE'S responsibility to prepare and deliver any such accounting requested. Additionally, the CONTRACTOR shall institute an appropriate record keeping process and procedures and policies to enable the CONTRACTOR to comply with the requirements of this Section;

- 2.4.10.1.12 The CONTRACTOR shall make its internal policies and procedures, records and other documentation related to the use and disclosure of Protected Health Information available to the Secretary of Health and Human Services for the purposes of determining compliance with the HIPAA regulations upon request;
- 2.4.10.1.13 The CONTRACTOR shall create and adopt policies and procedures to periodically audit adherence to all HIPAA regulations;
- 2.4.10.1.14 The CONTRACTOR shall agree to the return or destruction of all Protected Health Information received from, created, or received by the CONTRACTOR;
- 2.4.10.1.15 The CONTRACTOR shall implement all appropriate administrative, technical and physical safeguards to prevent the use or disclosure of PHI other than pursuant to the terms and conditions of this Agreement;
- 2.4.10.1.16 The CONTRACTOR shall set up appropriate mechanisms to ensure minimum necessary access of their staff to Protected Health Information;
- 2.4.10.1.17 The CONTRACTOR shall create and implement policies and procedures to address present and future HIPAA regulation requirements as needed to include: use and disclosure of data; de-identification of data; minimum necessity access; accounting of disclosures; patients rights to amend, access, request restrictions, and right to file a complaint;
- 2.4.10.1.18 The CONTRACTOR shall provide an appropriate level of training to its staff and enrollees regarding HIPAA related policies, procedures, enrollee rights and penalties prior to the HIPAA implementation deadlines and at appropriate intervals thereafter;
- 2.4.10.1.19 The CONTRACTOR shall be allowed to use and receive information from TENNCARE where necessary for the management and administration of this Agreement and to carry out business operations;
- 2.4.10.1.20 The CONTRACTOR shall be permitted to use and disclose PHI for the CONTRACTOR'S own legal responsibilities;
- 2.4.10.1.21 The CONTRACTOR will adopt the appropriate procedures and access safeguards to restrict and regulate access to and use by CONTRACTOR employees and other persons performing work for said CONTRACTOR to have only minimum necessary access to personally identifiable data within their organization;

Amendment 1 (continued)

- 2.4.10.1.22 The CONTRACTOR will continue to protect personally identifiable information relating to individuals who are deceased;
 - 2.4.10.1.23 The CONTRACTOR will be responsible for informing its enrollee's of their privacy rights in the manner specified under the regulations;
 - 2.4.10.1.24 The CONTRACTOR must make available protected health information in accordance with 45 CFR § 164.524;
 - 2.4.10.1.25 The CONTRACTOR must make available protected health information for amendment and incorporate any amendments to protected health information in accordance with 45 CFR §164.526; and
 - 2.4.10.1.26 The CONTRACTOR shall obtain a third (3rd) party certification of their HIPAA transaction compliance before July 1, 2003.
- 2.4.10.2 In accordance with HIPAA regulations, TENNCARE shall, at a minimum, adhere to the following guidelines:
- 2.4.10.2.1 TENNCARE shall make its individually identifiable health information available to enrollees for amendment and access as specified and restricted under the federal HIPAA regulations.
 - 2.4.10.2.2 TENNCARE shall set up policies and procedures for minimum necessary access to individually identifiable health information with its staff regarding plan administration and oversight.
 - 2.4.10.2.3 TENNCARE shall adopt a mechanism for resolving any issues of non-compliance as required by law.
 - 2.4.10.2.4 TENNCARE shall establish similar HIPAA data partner agreements with its subcontractors and other business associates.
30. Section 2-6.2.c.1 shall be deleted in its entirety and the amended Section 2-6.2.c.1 shall read as follows:
1. Member Handbooks. Member handbooks must be approved by TennCare prior to distribution. Member handbooks must be distributed to enrollees within thirty (30) days of receipt of notice of enrollment in the CONTRACTOR's plan. In situations where there is more than one enrollee in a TennCare case, it shall be acceptable for the CONTRACTOR to mail one (1) member handbook to each address listed for the enrollee's TennCare case number when there is more than one (1) new enrollee assigned to the same case number at the time of enrollment and when subsequent updated member handbooks are mailed to enrollees. Should a single individual be enrolled and be added into an existing case, a member handbook must be mailed to that individual regardless of whether or not a member handbook has been previously mailed to enrollees in the existing case. However, the CONTRACTOR shall maintain and provide, as appropriate, two (2) separate versions of the CONTRACTOR's TennCare Member Handbook for the specific population being served for the purpose of describing Medicaid Benefits to the Medicaid population and Standard Benefits to the Standard population. Each member handbook shall, at a minimum, be in accordance with the following guidelines:
 - a. Must be in accordance with all applicable requirements as described in Section 2-6 of this Agreement;

Amendment 1 (continued)

- b. Shall include a table of contents;
- c. Shall include an explanation on how members will be notified of member specific information such as effective date of enrollment;
- d. Shall include a description of services provided including limitations, exclusions, and out-of-plan use;
- e. Shall include a description of cost share responsibilities for enrollees including an explanation that providers and/or the MCO may utilize whatever legal actions that are available to collect these amounts;
- f. Shall include information about preventive services for adults and children, including EPSDT for Medicaid eligibles to include a listing of preventive services and notice that preventive services are at no cost and without cost share responsibilities;
- g. Shall include procedures for obtaining required services, including procedures for obtaining referrals to specialists as well as procedures for obtaining referrals to providers outside of the plan. The handbook should advise members that if they need a service that is not available within the plan, they will be referred to a provider outside of the plan and any co-payment requirements would be the same as if this provider were in the plan;
- h. Shall include an explanation of emergency services and procedures on how to obtain emergency services both in and out of the CONTRACTOR's service area;
- i. Shall include information on how to access the primary care provider on a 24-hour basis. The handbook may encourage members to contact this 24-hour service when they have questions as to whether they should go to the emergency room;
- j. Shall include appeal procedures as described in Section 2-8 of this Agreement;
- k. Shall include notice to the enrollee that in addition to the enrollee's right to file an appeal for actions taken by the CONTRACTOR, the enrollee shall have the right to request reassessment of eligibility related decisions directly to TENNCARE;
- l. Shall include written policies on member rights and responsibilities, pursuant to Quality Standard X of Attachment II of this Agreement;
- m. Shall include written information concerning advance directives as described in the Code of Federal Regulations, 42 CFR 489 Subpart I and in accordance with 42 CFR 417.436.(d);
- n. Shall include notice to the enrollee that enrollment in the CONTRACTOR's plan invalidates any prior authorization for services granted by another plan but not utilized by the enrollee prior to the enrollee's enrollment into the CONTRACTOR's plan and notice of continuation of care when entering the CONTRACTOR's plan as described in Section 2-7.1;
- o. Shall include notice to the enrollee that it is the member's responsibility to notify the CONTRACTOR and the TENNCARE agency each and every time the member moves to a new address;

- p. Shall include notice to the enrollee that a new enrollee may request to change MCO plans at anytime during the forty-five (45) day period immediately following their initial enrollment in a MCO plan, subject to the capacity of the selected MCO to accept additional enrollees and any restrictions limiting enrollment levels established by TENNCARE. This process will require the enrollee to notify the State in a form that will be prescribed by the State;
- q. Shall include notice to the enrollee that the enrollee may change plans, unless otherwise specified by TennCare, during the next choice period as described in Section 4 of this Agreement and shall have a forty-five (45) day period immediately following the enrollment, as requested during said choice period, in a new plan to request to change plans, subject to the capacity of the selected MCO to accept additional enrollees and any restrictions limiting enrollment levels established by TENNCARE;
- r. Shall include notice to enrollee of their right to disenroll from the TennCare program at any time with instructions to contact TENNCARE for disenrollment forms and additional information on disenrollment;
- s. Shall include the toll free telephone number for TENNCARE with a statement that the enrollee may contact the plan or TENNCARE regarding questions about TennCare. The TennCare hotline number is 1-800-669-1851;
- t. Shall include information on how to obtain information in alternative formats or how to access interpretation services as well as a statement that interpretation and translation services are free; and
- u. The CONTRACTOR shall include information educating enrollees of their rights and necessary steps to amend their data in accordance with HIPAA regulations.

There are certain selected requirements of those described above which need to be provided uniformly in all handbooks so that members have, to include but not be limited to, a clear understanding of benefits covered, exclusions, cost sharing responsibilities, members responsibilities to respond to requests for information (re: address, employment, third party liability, etc.), emergency services, appeal processes, appeal rights, rights to change plans and to disenroll from TennCare, and acceptable reasons for disenrollment. The CONTRACTOR shall use specific language provided by TENNCARE to describe these requirements and other requirements as identified by TENNCARE.

At such time that TENNCARE provides the CONTRACTOR with a standardized format or standardized language for a member handbook, the CONTRACTOR shall agree to utilize the format and make appropriate additions and/or revisions as required by TENNCARE.

- 31. Section 2-6.2.c.2 shall be deleted in its entirety and replaced by a new Section 2-6.2.c.2 which shall read as follows:
 - 2. Quarterly Newsletter. The CONTRACTOR shall, at a minimum, distribute on a quarterly basis a newsletter to all enrollees which is intended to educate the enrollee to the managed care system, proper utilization of services, etc., and encourage utilization of preventive care services. The CONTRACTOR shall include the following information in each newsletter:
 - a. specific articles or other specific information as described when requested by TENNCARE. Such requests by TENNCARE shall be limited to two hundred (200)

words and shall be reasonable including sufficient notification of information to be included; and

- b. the procedure on how to obtain information in alternative formats or how to access interpretation services as well as a statement that interpretation and translation services are free; and
- c. For TennCare Medicaid enrollees, EPSDT information, including but not limited to, encouragement to obtain screenings and other preventive care services.

Not more than one hundred twenty (120) calendar days shall elapse between dissemination of this information. In order to satisfy the requirement to distribute the quarterly newsletter to all enrollees, it shall be acceptable to mail one (1) quarterly newsletter to each address associated with the enrollees TennCare case number. In addition to the prior authorization requirement regarding dissemination of materials to enrollees, the CONTRACTOR shall also submit to TENNCARE, ten (10) final copies of the newsletter and the date that the information was mailed to enrollees along with an invoice or other type of documentation to indicate the date and volume of the quarterly newsletter mailing.

32. Section 2-6.2.c shall be amended by adding a new Section 2-6.2.c.4 which shall read as follows:

- 4. The CONTRACTOR shall be responsible for distributing provider directories to new members within thirty (30) calendar days of receipt of notification of enrollment in the plan. The CONTRACTOR shall also be responsible for redistribution of updated provider information on a regular basis. Upon the CONTRACTOR's next printing, the provider directories shall include the following: names, locations, telephone numbers, office hours, non-English languages spoken by current network providers, and identification of providers accepting new patients. Enrollee provider directories, and any revisions thereto, shall be submitted to TENNCARE for approval prior to distribution to enrollees. Each submission shall include a paper and an electronic copy. The text of the directory shall be in Microsoft Word or Adobe (PDF) format. In addition, the provider information used to populate the enrollee provider directory shall be submitted as a TXT file or such format as otherwise approved by TENNCARE and be produced using the same extract process as the actual enrollee provider directory. In situations where there is more than one enrollee in a TennCare case, it shall be acceptable for the CONTRACTOR to mail one (1) provider directory to each address listed for the enrollee's TennCare case number when there is more than one (1) new enrollee assigned to the same case number at the time of enrollment and when subsequent updated provider directories are mailed to enrollees. Should a single individual be enrolled and be added into an existing case, a provider directory must be mailed to that individual regardless of whether or not a provider directory has been previously mailed to enrollees in the existing case. These updates shall be maintained in accordance with Section 2-1.o of this Agreement.

33. Section 2-6.5.a shall be deleted in its entirety and replaced by a new Section 2-6.5.a which shall read as follows:

- a. If the CONTRACTOR chooses to prepare a marketing plan, the CONTRACTOR shall submit a detailed description of its marketing plan for approval. Further, The CONTRACTOR shall submit any materials it intends to use and a description of any marketing activities to be held prior to implementation or use. This includes but is not limited to all policies and manuals, advertisement copy, brochures, posters, fact sheets, video tapes, story boards for the production of videos, audio tapes, newsletters, any and all other forms of advertising as well as any other forms of public contact such as participation in health fairs and/or telemarketing scripts.

34. Section 2-6.6.4.c shall be amended by deleting the second sentence so that the amended Section 2-6.6.4.c shall read as follows:

c. The word "free" can only be used if the service is no cost to all members. If members have cost share responsibilities, the service is not free. Any conditions of payments must be clearly and conspicuously disclosed in close proximity to the "free" good or service offer.

35. Section 2-6.6 shall be amended by adding a new Sub-Section 2-6.6.6 which shall read as follows:

6. The CONTRACTOR shall develop a written procedure for the provision of language interpretation and translation services for enrollees with Limited English Proficiency. The CONTRACTOR shall provide instruction for its staff and all direct service sub-contractors regarding the procedure.

36. Section 2-7 shall be amended by adding new text to the end of the existing paragraph so that the amended Section 2-7 shall read as follows:

2-7 Medical Management

The Contractor shall provide the State with two (2) written copies outlining its medical management procedures. Additionally, the Contractor shall obtain approval from the state, in writing, prior to implementing any changes, revisions, additions and/or deletions in these procedures unless otherwise directed or approved by TENNCARE or by an alternate procedure approved by TENNCARE.

37. The second paragraph of Section 2-8 shall be amended by adding new text in the existing fifth sentence and adding a new sentence to the end of the second paragraph so that the amended Section 2-8 shall read as follows:

2-8 Appeals

All enrollees shall be afforded the right to file a appeal. The CONTRACTOR shall refer all enrollees who are dissatisfied with the CONTRACTOR's initial response to the appeal coordinator for the appropriate action.

The enrollees shall have the right to file appeals regarding adverse actions taken by the CONTRACTOR. For purposes of this requirement, appeal shall mean an enrollee's right to contest verbally or in writing, any adverse action taken by the CONTRACTOR to deny, reduce, terminate, delay or suspend a covered service as well as any other acts or omissions of the CONTRACTOR which impair the quality, timeliness, or availability of such benefits. The CONTRACTOR shall provide readable materials reviewed and approved by TENNCARE, informing enrollees of their appeal rights. The CONTRACTOR has internal appeal procedures for both TennCare Medicaid enrollees as well as TennCare Standard enrollees in accordance with TennCare rule 1200-13-12-.11 or any applicable TennCare rules, subsequent amendments, TennCare Waiver or subsequent Court Orders governing the appeals process.

A portion of the regularly scheduled Quality Improvement meetings, as described in Section 2-9.6 shall be devoted to the review of enrollee appeals that have been received and resolved. The appeal procedures shall be governed by the following guidelines which are in accordance with TennCare policy as specified in TennCare rules and regulations and any and all Court Orders.

2-8.1 Appeals

The CONTRACTOR's appeal process shall be submitted for review and approval and shall include, at a minimum, the following:

1. The CONTRACTOR shall have a contact person appointed at each service site. Said person will be knowledgeable of appeal procedures and direct all appeals whether the appeal is verbal or the enrollee chooses to file in writing. Should an enrollee choose to appeal in writing, the enrollee will be instructed to file via mail to the designated P. O. Box for appeals related to the CONTRACTOR;
2. There shall be sufficient support staff (clerical and professional) available to process appeals in accordance with TennCare requirements related to the appeal of Adverse Actions Affecting a TennCare Program Enrollee. Staff shall be knowledgeable about applicable state and federal law and all court orders governing appeal procedures, as they become effective. This shall include, but not be limited to, appointed staff members and phone numbers identified to TENNCARE where appropriate staff may be reached;
3. Staff shall be educated concerning the importance of the procedure and the rights of the enrollee and the timeframes in which action must be taken by the CONTRACTOR regarding the handling and disposition of an appeal;
4. The appropriate individual or body within the plan having decision-making authority as part of the appeal procedure shall be identified;
5. The CONTRACTOR shall have the ability to take telephone appeals and accommodate persons with disabilities during the appeals process. Furthermore, appeal forms shall be available at each service site and by contacting the CONTRACTOR. However, enrollees shall not be required to use an appeal form in order to file an appeal;
6. Upon request, the enrollee shall be provided a TENNCARE approved appeal form(s);
7. All appellants shall have the right to reasonable assistance by the CONTRACTOR during the appeal process;
8. At any point in the appeal process, TENNCARE shall have the authority to remove an enrollee from the CONTRACTOR's plan when it is determined that such removal is in the best interest of the enrollee and TENNCARE;
9. The CONTRACTOR shall obtain a report from their pharmacy benefits manager (PBM) on a daily basis that identifies all physicians who have prescribed non-formulary prescription drugs. The CONTRACTOR shall use this report as a basis to contact, by telephone or fax, ninety-five percent (95%) of physicians (or a provider practicing with the prescribing physician) who wrote prescriptions, for more than a fourteen (14) calendar day supply, by the fifth (5th) calendar day from the date the prescription was filled, for the purpose of educating the physician about a prescription drug that is on the CONTRACTOR's formulary

that the physician may prescribe as an alternative and to encourage the physician to contact the pharmacy and change the prescription accordingly; any prescriber who cannot be identified through a unique DEA number shall be excluded from this requirement; and

10. TENNCARE may develop additional appeal process guidelines or rules, including requirements as to content and timing of notices to enrollees, which shall be followed by the CONTRACTOR, if TENNCARE determines that it is in the best interest of the TennCare Program or if necessary to comply with federal or judicial requirements. However, CONTRACTOR shall not be precluded from challenging any judicial requirements and to the extent judicial requirements that are the basis of such additional guidelines or rules are stayed, reversed or otherwise rendered inapplicable, CONTRACTOR shall not be required to comply with such guidelines or rules during any period of such inapplicability.
38. Section 2-9.1.b shall be deleted in its entirety and replaced by a new Section 2-9.1.b which shall read as follows:
- b. The CONTRACTOR shall meet with representatives of the State upon request to discuss any problems and/or progress on matters outlined by the State. The CONTRACTOR shall have in attendance its Program Director, and representatives from its organizational units required to respond to topics identified by the State or the CONTRACTOR. The CONTRACTOR may be asked to provide information concerning its efforts on network development, provider training, attempts to locate non-responsive TennCare eligibles and trends in costs and utilization.
39. Section 2-9.2.b shall be amended to add a new item 10, 11, and 12 and renumber the existing item 10 as item 13. The new item 10, 11 and 12 shall read as follows:
10. The CONTRACTOR shall appoint Care Coordinators and Claim Coordinators in order to coordinate and resolve issues related to MCO/DBM coordination issues as described in Section 2-3.4 of this Agreement. Further, the CONTRACTOR shall appoint a Care Coordination Committee and a Claims Coordination Committee made up of the Care/Claim Coordinators and other staff as appropriate. A list with the names and phone numbers of said representatives shall be provided by the MCO to the DBM and TENNCARE.
 11. The CONTRACTOR shall appoint Care Coordinators and Claim Coordinators in order to coordinate and resolve issues related to MCO/BHO coordination issues as described in Section 2-3.5 of this Agreement. Further, the CONTRACTOR shall appoint a Care Coordination Committee and a Claims Coordination Committee made up of the Care/Claim Coordinators and other staff as appropriate. A list with the names and phone numbers of said representatives shall be provided by the MCO to the BHO, TENNCARE and TDMHDD.
 12. The CONTRACTOR shall appoint and identify in writing to TENNCARE a responsible contact available after hours for the "on-call" TennCare Solutions staff to contact with service issues, including but not limited to, pharmacy issues.
40. Section 2-9.5 shall be amended by adding the phrase "as well as a Non-Responsive File via CD Rom which shall include additional data elements as described in this Section" at the end of the sixth and eleventh sentences so that the amended Section 2-9.5 shall read as follows:

2-9.5 Location of Non-responsive TennCare Eligibles

The CONTRACTOR agrees to attempt to locate "non-responsive TennCare eligibles" that have been enrolled in the CONTRACTOR's plan. Non-responsive TennCare eligibles are persons identified by TennCare who have not responded to re-verification attempts and who have not (and whose family members have not) accessed services during the period of review. Within 90 days of identification, the CONTRACTOR shall attempt to reach each non-responsive TennCare eligible identified by TennCare to the CONTRACTOR and assigned to TennCare Select effective July 1, 2001. The CONTRACTOR shall attempt to reach each non-responsive TennCare eligible telephonically using the phone number provided by TennCare. Upon placement of the call, if the CONTRACTOR receives a message that the phone number has been changed, the CONTRACTOR shall update the enrollee's phone number in its system and make at least three documented attempts to contact said enrollee at the new number to obtain the enrollee's new address. If successful, the CONTRACTOR will forward this information to TennCare via the Weekly Enrollee Information Report as well as a Non-Responsive File via CD Rom which shall include additional data elements as described in this Section. If TennCare does not provide a telephone number, the CONTRACTOR shall make and document at least one attempt to contact the non-responsive TennCare eligible through other publicly available information resources. In addition, the CONTRACTOR shall monitor claims activity for non-responsive TennCare eligibles. In the event the CONTRACTOR receives a claim for payment on behalf of a non-responsive TennCare eligible, the CONTRACTOR shall contact the provider and request the enrollee's phone number and address on file with the provider. The CONTRACTOR shall make at least three documented attempts to contact the enrollee at the location provided by the provider to confirm the enrollee's address. Once confirmed, the CONTRACTOR shall forward this information to TennCare via the Weekly Enrollee Information Report as well as a Non-Responsive File via CD Rom which shall include additional data elements as described in this Section. The CONTRACTOR shall complete this process within 45 days for other non-responsive TennCare eligible as they are identified by TennCare to the CONTRACTOR.

41. Section 2-9.6.2 shall be amended by deleting the second sentence so that the amended Section 2-9.6.2 shall read as follows:

2-9.6.2 Performance Indicators

The CONTRACTOR shall demonstrate meaningful improvement towards achieving the benchmark level of performance for each performance indicator specified in Attachment II, Quality of Care Monitors. To be considered meaningful, the CONTRACTOR must demonstrate a 10-percentage point improvement, unless otherwise specified by TENNCARE, over the baseline or satisfaction of the specified benchmark level of performance. For the period July 1, 2001 through December 31, 2001 the baseline is the average calendar year 2000 TennCare MCO performance level for the equivalent populations. For the period January 1, 2002 through December 31, 2002, the baseline will be defined as the higher of the Contractor's performance level for July 1, 2001 through December 31, 2001 or the average MCO performance level for calendar year 2000. For the period January 1, 2003 through December 31, 2003 the baseline will be defined as the Contractor's performance level for calendar year 2002.

Performance indicator results shall be reported to TennCare within 90 days of the end of the calendar year. The CONTRACTOR shall develop and analyze performance indicators independently for SSI children (Group 2), children in state custody and transitioning out of State Custody (Groups 1.A and 1.B) and enrollees of the back-up population (Group 6). TennCare agrees to assist with the identification of Group 6 enrollees. The CONTRACTOR shall not be

required to develop and analyze performance indicators for enrollees in Groups 3, 4, or 5 as defined in Section 4 of this Agreement.

The CONTRACTOR's failure to demonstrate meaningful improvement toward benchmark levels of performance shall result in the CONTRACTOR being required to implement a corrective action plan as described in Section 2-16.

42. Section 2-9.6.4 shall be amended by adding a new paragraph to the end of the existing text so that the amended Section 2-9.6.4 shall read as follows:

2-9.6.4 Credentialing Verification Organization

The CONTRACTOR agrees to contract with the Credentialing Verification Organization (CVO) contracted by the State to verify credentials of all primary care provider and all other physicians (including specialists) that the MCO does not either credential itself for a commercial line of business or delegate responsibility of credentialing to a large provider group. The exemption to the requirement to utilize the CVO to verify credentials of a provider in cases where the MCO has credentialed the provider for a commercial line of business, shall only apply if an MCO's, or an MCO's parent company's, commercial line of business accounts for at least fifty (50) percent of its total book of business. Also for the purpose of this requirement a "large" provider group is a provider group with at least 100 providers unless otherwise specified by TENNCARE. The State has negotiated a rate and established a standard set of activities in its contract with the CVO. The CONTRACTOR shall have the right to obtain additional services from the CVO, however, nothing in this agreement requires the CONTRACTOR to contract with the CVO for the purpose of verifying credentials of providers who are not primary care providers or other physicians.

The CONTRACTOR shall secure a subcontract agreement with the CVO that has been contracted by the State to be effective no later than July 1, 2002, or a later date as determined by TENNCARE. The subcontract must be submitted to TENNCARE for approval in accordance with Section 2-17 of this Agreement. The CONTRACTOR agrees to reimburse the CVO \$60.79 per transaction within thirty (30) calendar days of receipt of an invoice for verification of credentials of all primary care providers and all other physicians (including specialists) that the MCO does not either credential itself for a commercial line of business or delegate responsibility of credentialing to a large provider group during the initial three (3) year contract period that the CVO is contracted with the State. During the optional two (2) year renewal periods, the CONTRACTOR shall agree to reimburse the CVO \$64.44 per transaction to verify credentials of all primary care providers and all other physicians (including specialists).

An MCO that has provided the State notice to terminate the TennCare program shall not be required to utilize the CVO to verify credentials of providers who were previously credentialed in accordance with applicable TennCare credentialing standards and requirements. Re-credentialing shall not be required until the expiration of the three (3) year term required by the Quality of Care Monitors (Attachment II). Upon expiration of the three (3) year term, Contractors shall utilize the State-contracted CVO to verify credentials of all primary care providers and all other physicians.

The CONTRACTOR shall establish policies and procedures to ensure adequate due process for any provider where the CONTRACTOR fails to contract with the provider based on information obtained from the CVO as to provider's credentials.

Amendment 1 (continued)

43. The third sentence in Section 2-9.7 b shall be amended by deleting the word "line" and replacing it with the word "transaction" before the word "fee".
44. Section 2-9.7 shall be amended by adding a new item j and k and renumbering the existing Item j as Item l so that the new Section 2-9.7.j and k shall read as follows:
- j. The CONTRACTOR shall assure, whether directly or through a Pharmacy Benefit Manager (PBM) that all pharmacy claims processors must return an electronic message back to the dispensing pharmacist instructing him/her to bill the current PBM/claims processor in the event the pharmacist misdirected a behavioral health drug claim or was unaware of a patient's Medicare/Medicaid dual eligibility status.
 - k. EPSDT screenings. For provider agreements executed after October 1, 2002, the CONTRACTOR shall reimburse EPSDT services on a fee-for-service basis.
45. Section 2-10.1 shall be amended by deleting and replacing in its entirety the second paragraph so that the amended Section 2-10.1 shall read as follows:

2-10.1 General Requirements

The CONTRACTOR is responsible for complying with all the reporting requirements established by TENNCARE. TENNCARE shall provide the CONTRACTOR with the appropriate reporting formats, instructions, submission timetables, and technical assistance when required. TENNCARE may, at its discretion, require the CONTRACTOR to submit new reports, to recreate, reconstruct or re-sort reports using the same or different reporting formats, instructions and submission timetables as specified by TENNCARE. Requests to submit new reports, recreate, reconstruct or re-sort said reports may be considered Ad Hoc reports or continuous reports and shall be due in accordance with the provisions in Section 6.8.2.1 of this Agreement. The minimum data elements required for reporting are outlined in Attachment XII of this Agreement.

TENNCARE may require the CONTRACTOR to submit reports via e-mail in place of hard copy reports or a mutually agreed upon electronic process. The CONTRACTOR shall transmit/receive from/to TENNCARE all transactions and code sets required by the HIPAA regulations in the appropriate standard formats as specified under the law and as directed by TENNCARE so a long as TENNCARE direction does not conflict with the law.

Failure to report information, as specified by TENNCARE, shall result in the assessment of liquidated damages as described in Section 6.8.2 of this Agreement.

46. Section 2-10.2.3 shall be deleted in its entirety and replaced by a new Section 2-10.2.3 which shall read as follows:

2-10.2.3 Eligibility and Administrative Payment Reconciliation

The CONTRACTOR shall reconcile enrollee eligibility data and administrative fee payments and submit written verification that the Contractor has an enrollment record for all enrollees for whom the Contractor has received an administrative fee payment. The CONTRACTOR shall also notify TennCare in the event it has enrollees for whom an administrative payment has not been made or an incorrect payment has been made. This report shall be submitted as follows:

Amendment 1 (continued)

1. On a quarterly basis or as approved by TENNCARE, with a one-month lag time. The report is due to TENNCARE by the end of the second month following the reporting period. For example, for the quarter ending September 30th, the report is due by the end of November and should include all data received through the end of October.
2. Reports shall include un-reconciled items on all reports until such time that TENNCARE notifies the CONTRACTOR otherwise.
3. The CONTRACTOR shall report this information in the formats described in Attachment XII, Exhibit M.

47. Section 2-10.3.2 and 2-10.3.3 shall be deleted in their entirety and replaced by a new Section 2-10.3.2 and 2-10.3.3 which shall read as follows.

2-10.3.2 Essential Hospital Services Chart

In accordance with Section 2-4.1 the CONTRACTOR shall submit a listing of essential hospital providers that are included in the CONTRACTOR's provider network on the Essential Hospital Services Chart in Attachment XII, Exhibit D by September 1 of each year for each of the Grand Regions in which it operates.

2-10.3.3 Specialty Physician Services Chart

In accordance with Section 2-4.1 the CONTRACTOR may submit a listing of specialty physician arrangements that the CONTRACTOR has in place on the Specialty Physician Services Chart in Attachment XII, Exhibit E by September 1 of each year, for each of the community service areas in which it is authorized to serve.

48. Section 2-10.11 shall be deleted and replaced in their entirety so that the amended Section 2-10.11 shall read as follows:

2-10.11 Cost and Utilization Summaries

The CONTRACTOR shall provide the reports specified below separately for each of the following populations on a quarterly basis for services paid during the previous quarter:

- (1) Children in State custody and children who are transitioning out of state custody (Groups 1.A and 1.B);
- (2) Children who are SSI eligible (Group 2); and
- (3) All other enrollees.

2-10.11.1 Prescription Drug Summary

The CONTRACTOR shall provide a listing of the top 25 prescription drug therapeutic classes by amount paid on a quarterly basis. These reports shall include the following data elements (does not apply to dual eligibles):

1. Rank
2. Therapeutic Class Name
3. Quantity Dispensed (e.g., 1 tube, 100 pills, 1000 ml., etc.)
4. Number of Prescriptions Filled
5. Dispensing Fee

6. Ingredient Cost
7. Total Amount Paid for Each Therapeutic Class
8. Amount Paid as a Percentage of Total Drug Payments

2-10.11.2 Top 25 Providers by Amount Paid

The CONTRACTOR shall provide a summary listing of the top 25 providers by amount paid on a quarterly basis. These reports shall include the following data elements:

1. Rank
2. Provider type
3. Provider Name
4. Street Address (Physical Location)
5. City
6. State
7. Zip Code
8. Amount Paid to Each Provider
9. Amount Paid as a Percentage of Total Provider Payments

2-10.11.3 Top 25 Inpatient Diagnosis by Frequency and Amount Paid

The CONTRACTOR shall identify and report to TennCare the top 25 most frequent inpatient diagnosis based on: (1) number of admissions; and (2) amount paid, on a quarterly basis. These reports shall include the following data elements:

- a. By Number of Admissions -
 1. Rank
 2. DRG Code (Diagnosis Code)
 3. Description
 4. Amount Paid
 5. Admits
 6. Admits as a Percentage of Total Admits
- b. By Amount Paid -
 1. Rank
 2. DRG Code (Diagnosis Code)
 3. Description
 4. Admits
 5. Amount Paid
 6. Amount Paid as a Percentage of total Inpatient Dollars

2-10.11.4 Top 25 Outpatient Diagnosis by Frequency and Amount Paid

The CONTRACTOR shall identify and report to TennCare the top 25 most frequent outpatient diagnosis based on: (1) number of visits; and (2) amount paid, on a quarterly basis. These reports shall include the following data elements:

- a. By Number of Visits -
 1. Rank
 2. Diagnosis code
 3. Description
 4. Amount Paid

5. Visits
 6. Visits as a percentage of Total Outpatient Visits
- b. By Amount Paid -
1. Rank
 2. Diagnosis Code
 3. Description
 4. Visits
 5. Amount Paid
 6. Amount Paid as a Percentage of Total Outpatient Payments

2-10.11.5 Top 10 Inpatient Surgical / Maternity Admissions by Frequency and Amount Paid

The CONTRACTOR shall identify and report to TennCare the top 10 most frequent inpatient surgical/maternity DRGs based on: (1) number of admissions; and (2) amount paid, on a quarterly basis. These reports shall include the following data elements:

- a. By Number of Admissions -
1. Rank
 2. DRG Code
 3. Description
 4. Amount Paid
 5. Number of Admissions
 6. Admissions as a Percentage of Total Admissions
- b. By Amount Paid
1. Rank
 2. DRG Code
 3. Description
 4. Number of Admissions
 5. Amount Paid
 6. Amount Paid as a Percentage of Total Inpatient Surgical/Maternity Payments

2-10.11.6 Top 10 Outpatient Surgical /Maternity Procedures by Frequency and Amount Paid

The CONTRACTOR shall identify and report to TennCare the top 10 most frequent outpatient surgical/maternity procedures based on: (1) number of procedures; and (2) amount paid, on a quarterly basis. These reports shall include the following data elements:

- a. By Number of Procedures -
1. Rank
 2. Procedure Code
 3. Description
 4. Amount Paid
 5. Number of Procedures
 6. Procedures as a Percentage of Total Surgical/Maternity Procedures

- b. By Amount Paid -
 - 1. Rank
 - 2. Procedure Code
 - 3. Description
 - 4. Amount Paid
 - 5. Number of Procedures
 - 6. Amount Paid as a Percentage of Total Outpatient Surgical/Maternity Payments

2-10.11.7 High-Cost Claimants

The CONTRACTOR shall identify and report to TennCare the number of enrollees who incurred claims in excess of twenty-five thousand dollars (\$25,000) on a rolling quarterly basis. The CONTRACTOR shall report the enrollee's age, sex, primary diagnosis, and amount paid by claim type for each enrollee. The name of the member shall be blinded in order to maintain confidentiality.

2-10.11.8 Cost and Utilization Reports

- a. The CONTRACTOR shall report Cost and Utilization information for: Groups 1.A and 1.B; Group 2; and for all other Groups by TennCare enrollee eligibility category as described in Attachment XII, Exhibits L.1 through L.6. CONTRACTOR shall submit a written explanation for how service data will be mapped to the categories identified in said Exhibits within thirty (30) days of the execution date of this Amendment. These reports shall be sent to TENNCARE on a quarterly basis and shall be due to TENNCARE one-hundred five (105) calendar days following the quarter for which the CONTRACTOR is reporting.
- b. In order to support federal reporting requirements, the CONTRACTOR shall provide the Cost and Utilization information specified in Attachment XII, Exhibits L.1 through L.4 and L.6, separately for individuals who are dually eligible for Medicaid and Medicare in response to an adhoc request from TennCare in accordance with the timeframes specified in Section 6-8.

- 49. Section 2-10.13 shall be deleted and replaced in its entirety so that the new Section 2-10.13 shall read as follows.

2-10.13 Medical Fund Target Monitoring Report

For the purpose of monitoring actual medical expenses, TennCare shall establish a Medical Fund Target by eligibility grouping for TennCare Select. Medical Fund Target Monitoring Report shall be submitted monthly with cumulative year to date calculation using the forms in Attachment XII, Exhibit J. The CONTRACTOR shall report all medical expenses relative to the Medical Fund Target established by TENNCARE and complete the supporting claims lag tables. Monthly expenditures shall be reported on a rolling basis by provider groupings including but not limited to (i) direct payment to providers for covered medical services, (ii) capitated payments to providers and (iii) subcontractors for covered medical services. The CONTRACTOR will submit these reports monthly, due by the 21st of the following month. This report shall be accompanied by a letter from an actuary, who may be an employee of the CONTRACTOR, indicating that the reports, including the estimate for incurred but not reported expenses, have been reviewed for

accuracy. The CONTRACTOR will also file this report with its NAIC filings. The incurred but not reported amount submitted in the Medical Fund Target Monitoring Report accompanying the March NAIC filing shall be certified by an actuary.

50. Section 2-10 shall be amended by adding a new Section 2-10.16 which shall read as follows:

2-10.16 HIPAA Reporting

As described in Sections 2-4.10 and 2-10.1, the CONTRACTOR shall transmit/receive from/to TENNCARE all transactions and code sets required by the HIPAA regulations in the appropriate standard formats as specified under the law and as directed by TENNCARE so a long as TENNCARE direction does not conflict with the law.

Further, the CONTRACTOR shall report to TENNCARE any use or disclosure of information not provided for by this Agreement of which it becomes aware.

Failure to comply with HIPAA reporting requirements may result in the application of liquidated damages as described in Section 6-8 or termination of this Agreement as described in Sections 2-4.10 and 6-2 of this Agreement.

51. Section 2-17 shall be amended by adding a new Section 2-17.e and a new Section 2-17.h and renumbering the existing Sections 2-17.e through 2-17.h accordingly, including any and all reference thereto throughout the Agreement. The new Section 2-17.e and 2-17.h shall read as follows:

- e. LEP Provisions. The CONTRACTOR shall provide instruction for all direct service sub-contractors regarding the CONTRACTOR's written procedure for the provision of language interpretation and translation services for enrollees with Limited English Proficiency.
- h. HIPAA Requirements. The CONTRACTOR shall require that all its subcontractors adhere to the HIPAA regulation requirements.

52. Section 2-18.f shall be amended by adding a new sentence in between the two existing sentences so that the amended Section 2-18.f shall read as follows:

- f. Specify that the provider may not refuse to provide medically necessary or covered preventive services to a TennCare patient under this Agreement for non-medical reasons, including, but not limited to, failure to pay applicable cost sharing responsibilities. Upon next renewal of provider agreements, the CONTRACTOR shall specify that effective January 1, 2003, the CONTRACTOR may require that a TennCare Standard enrollee pay applicable TennCare cost share responsibilities prior to receiving non-emergency services. However, until such time that an amendment to the provider agreements are executed, the CONTRACTOR shall include said provisions in the providers administrative manual or other such communications. However, the provider shall not be required to accept or continue treatment of a patient with whom the provider feels he/she cannot establish and/or maintain a professional relationship;

53. The first sentence of Section 2-18.ee shall be deleted in its entirety so that the amended Section 2-18.ee shall read as follows:

- ee. Specify that the TennCare Provider Independent Review of Disputed Claims process shall be available to providers to resolve non-emergency claims denied in whole or in part by the MCO as provided at T.C.A. 56-32-226(b).

Amendment 1 (continued)

54. Section 2-18.jj shall be deleted and replaced in its entirety so that the amended Section 2-18.jj shall read as follows:

jj. Specify that a provider shall have at least one hundred and twenty (120) calendar days from the date of rendering a health care service to file a claim with the CONTRACTOR and no more than one hundred eighty (180) calendar days from the date of rendering a health care service to file an initial claim with the CONTRACTOR except in situations regarding coordination of benefits or subrogation in which case the provider is pursuing payment from a third party or if an enrollee is enrolled in the plan with a retroactive eligibility date. At the next renewal or amendment period of the provider agreement, the CONTRACTOR shall specify that a provider shall have at least, but no more than one hundred and twenty (120) calendar days from the date of rendering a health care service to file a claim with the CONTRACTOR except in situations regarding coordination of benefits or subrogation in which case the provider is pursuing payment from a third party or if an enrollee is enrolled in the plan with a retroactive eligibility date. In situations of enrollment in the plan with a retroactive eligibility date, the minimum and maximum time frames for filing a claim shall begin on the date that the CONTRACTOR receives notification from TENNCARE of the enrollee's eligibility;

55. Section 2-18.nn shall be amended by adding a new sentence to the end of the existing text which shall read as follows:

nn. All provider agreements must include language which informs providers of the package of benefits that EPSDT offers and which requires providers to make treatment decisions based upon children's individual medical and behavioral health needs. A listing of the EPSDT benefit package is contained in Attachment IX of this Agreement. All provider agreements must contain language that references the EPSDT benefit package found in Attachment IX and the agreement shall either physically incorporate Attachment IX or include language to require that the attachment be furnished to the provider upon request. At the next renewal or amendment of provider agreements, this Attachment IX shall be deleted and replaced by the new reference and items found in Section 2-3.16.8 of this Agreement;

56. Section 2-24 shall be amended by adding a new Section 2-24.b and renumbering the existing Sections 2-24.b. through 2-24.h accordingly, including any and all reference thereto throughout the Agreement. The new Section 2-24.b shall read as follows:

b. The CONTRACTOR shall develop a written procedure for the provision of language interpretation and translation services for enrollees with Limited English Proficiency. The CONTRACTOR shall provide instruction for its staff, including but not limited to, the designated staff person for Title VI, and all direct service sub-contractors regarding the procedure.

57. Section 3 shall be deleted and replaced in its entirety so that the amended Section 3 shall read as follows:

3 REQUIREMENTS FOR CHILDREN IN STATE CUSTODY

The CONTRACTOR agrees to be the designated MCO carve-out entity for the delivery of services to children in state custody. The CONTRACTOR further agrees that at such time that any plan for children in State custody is provided and/or approved by the court, the CONTRACTOR shall administer this Agreement in accordance with the requirements of the court order. In the event that TENNCARE makes a determination that the requirements of the court order differ materially from the requirements specified in this Agreement, TENNCARE and the CONTRACTOR agree to negotiate the required amendments to this Agreement for the purpose of incorporating the requirements of the court order. TENNCARE and the CONTRACTOR

recognize and agree that said amendment shall reflect mutually agreed upon additional costs to the CONTRACTOR, if any, related to the requirements of the court order, which must be documented by the CONTRACTOR and approved by TENNCARE, for which TENNCARE will compensate the CONTRACTOR. Children in state custody are eligible for the same TennCare covered services as other TennCare eligible children, in accordance with their TennCare eligibility status (TennCare Medicaid or TennCare Standard). However, due to the special needs of this population, this Section specifies special requirements for the delivery of TennCare covered services for children who are eligible for participation in the carve-out.

3-1 CONTRACTOR Responsibilities

Responsibilities for the administration and operation of the plan for the provision of services to children in State custody are assigned to several parties (e.g., the Steering Panel, the Implementation Team, the Department of Children's Services, the Behavioral Health Organization, Center's of Excellence for children in or at risk of state custody, Dental Benefits Manager, TennCare and delivery system providers). The CONTRACTOR agrees to arrange for services and administer the plan in collaboration with these other entities as described by TennCare. The CONTRACTOR agrees to:

- a. Comply with any plan for children in State custody which has been provided and/or approved by the court on a schedule determined to be reasonable and in accordance with the requirements of the court.
- b. Participate on the Children with Special Health Needs (CSHN) Steering Panel.
- c. Recruit and contract with an adequate number of providers for Best Practice Network (BPN) with expertise in children's health problems in accordance with TennCare standards and the criteria of the plan for children in state custody and any subsequent plan for Children in State custody which has been provided and/or approved by the court.
- d. Recruit for areas identified by the Implementation Team () as having an inadequate network; contract with qualified and willing providers identified by the Implementation Team for areas (geographical or specialty) where a shortage is identified..
- e. Develop procedures for assigning children in state custody to BPN providers; work with the Steering Panel to develop the best policy and mechanism for maintaining a long standing relationship between a child and a PCP, when family along with providers or the state feel that disruption of this relationship would be detrimental to the child. This is especially critical for children with severe physical or behavioral problems with a long-term relationship with the provider.
- f. The CONTRACTOR agrees to implement and monitor provider use of best practice guidelines which have been drafted by the Center(s) of Excellence for children in or at risk of state custody in collaboration with the committee appointed by the Steering Panel.
- g. Continue to manage and be responsible for all aspects of the TennCare program as specified in contracts with TennCare. Distribute Best Practice guidelines to Best Practice Network providers when approved by the Steering Panel.
- h. Work with state to develop those services determined to be necessary by CSHN Steering Panel.

Amendment 1 (continued)

- i. Provide BPN-PCPs with a listing of behavioral health providers obtained from the TennCare BHO(s). TennCare shall require the BHO(s) to provide said listing to the CONTRACTOR for this purpose.
- j. Educate BPN-PCPs on medical management policies and coordination of care requirements.
- k. Ensure submission of encounter data from Best Practice Network providers.

3-1.1 Administration and Management

- a. Staff Requirements. A specific Department of Children's Services (DCS) liaison person or persons shall be identified, in writing, to TENNCARE and the DCS. The DCS liaison person(s) will be responsible for assisting DCS to assure compliance with EPSDT requirements and the coordination of care for children in custody and at prolonged risk of custody and shall support Best Practice Network Primary Care Providers (BPN-PCPs) as requested. The names, titles, addresses and contact numbers (phone, fax, etc.) shall be provided for each of the liaison persons to TENNCARE, DCS and BPN-PCPs. The liaison person(s) shall be available to TENNCARE and/or the DCS case managers, BPN-PCPs, and foster families for assistance. The number of specific liaison persons identified shall be adequate at all times to cover the number of children in or at prolonged risk of State custody enrolled in TennCare Select. Any staff changes in the identified liaison person(s) shall be reported in writing to TENNCARE and DCS within ten (10) calendar days of the change. BPN-PCPs shall be notified of any staff changes at least quarterly.

TENNCARE will coordinate the responsibility for training the DCS liaison(s) on issues dealing with the provision of EPSDT services to children in or at prolonged risk of State custody. The liaisons will assist DCS with care coordination for these children and will have the responsibility of facilitating the timely delivery of EPSDT services covered by the MCO. Assistance with care coordination will include identifying providers, scheduling appointments, and coordinating transportation (if appropriate), when requested.

3-1.2 Provider Network

- a. Adequate Capacity. The CONTRACTOR must maintain a provider network with adequate capacity to deliver covered services that meet the special needs of children in state custody. Indicators of an adequate network include:
 - 1. The CONTRACTOR meets the guidelines established by its contract with TennCare for a provider network (as specified in Section 2 and Section 3);
 - 2. The CONTRACTOR has enough providers to consistently meet the time lines of this plan for EPSDT screenings;
 - 3. The CONTRACTOR has sufficient types and numbers of providers to be able to consistently deliver services in a timely manner when ordered for a child; and
 - 4. The CONTRACTOR has within its network specialized health providers with sufficient expertise to deliver the covered services specified in this Agreement

recognized in the Best Practice Guidelines as being proven effective and needed by children in State custody.

- b. Provider Network Composition. In addition to maintaining a provider network in accordance with Section 2 of this Agreement, the CONTRACTOR shall maintain under contract, a Best Practice Network of providers including primary care physicians, medical sub specialists, and centers of excellence specifically engaged to serve children in state custody as specified below.

The TennCare Dental Benefits Manager shall assume responsibility for the provision and payment of dental benefits for children in state custody. However, the CONTRACTOR shall agree to provide assistance with the coordination of dental services to children in State custody.

3-1.2.1 Best Practice Network Primary Care Providers

- a. The CONTRACTOR shall maintain a Best Practice Network of Primary Care Physicians (BPN-PCPs) who are community pediatricians and family practice physicians who agree to provide care timely and manage all health care including coordination of referrals for needed assessments or subspecialty care and serve as an advocate for children in custody to assure they get appropriate care. Specifically, BPN-PCPs must agree to:
 1. Provide EPSDT screenings timely;
 2. Provide not only basic health care services, but also care coordination of all the health care services of children in custody;
 3. Refer to physical health and behavioral health professionals in the Best Practice Network for specialty care; refer to the Center of Excellence for Children in, or at risk, of state custody, Community Mental Health Center when indicated; coordinate referrals when indicated with MCO/BHO;
 4. Request telephone consultations with the Center of Excellence when indicated;
 5. Communicate with caregivers on plan of care;
 6. Maintain all health information on children assigned to them, regardless of who provides the care (Center of Excellence for children in, or at risk of, state custody, local specialist, behavioral health provider, other health care providers);
 7. Report to DCS Health Unit any time health information on a child is not forwarded in a timely manner to allow for appropriate evaluation and care;
 8. Forward medical files to newly assigned PCP and provide an initial consult when child is being transferred to a new geographical area or new MCO;
 9. Share health information with DCS and foster parents within confidentiality guidelines;
 10. Forward pertinent information to providers seeing child on referral;
 11. Utilize (and document usage) of Best Practice Guidelines for care when developed and adopted by the Steering Panel. Document rationale for variation from Best Practice guidelines;
 12. Review information provided by state or MCO/BHO on caring for children in State custody;

13. Participate in the evaluation of system and outcomes through representation on the CSHN Steering Panel;
 14. Participate in the MCO/BHO selected for children in custody;
 15. Participate in training related to health problems of children in custody or Best Practice Guidelines; and
 16. Develop health treatment plans and incorporate all treatment needs of the children they see.
- b. The BPN-PCPs must also agree to perform the following case management functions:
1. Maintenance of all health information on children including behavioral health;
 2. Coordinate health services and request assistance from DCS case manager in following up and assuring plan of care is implemented;
 3. Consult with the Center of Excellence or other behavioral health providers when additional help is needed in managing a case; and
 4. Notify DCS when he/she feels more intense case management is needed by DCS.
- c. The CONTRACTOR must insure that each DCS custody child is assigned to a Best Practice Network Primary Care Provider within thirty days of enrollment. However, if a child has an established relationship with a provider who is not in the Best Practice Network, but is willing to continue care for this child and is qualified and competent to provide the care, the CONTRACTOR will allow the PCP to continue to provide care and reimburse the provider for care at the same rate as Best Practice Network Providers, if requested by DCS or the child's legal guardian.
- d. The CONTRACTOR may penalize BPN-PCPs who do not comply with the required responsibilities specified in paragraph 3.1.2.1.a above. Any penalty to be assessed must be described in writing in the BPN-PCP's provider agreement and must be approved by the State.
- e. When the State develops an internet based system for health providers to track medical information for children in state custody, the CONTRACTOR shall assist with provider education efforts on the system and amend its BPN-PCP Agreements to require BPN-PCPs to input required information into the system.

3-1.2.2 Dental Providers

- a. The CONTRACTOR shall agree to provide assistance with the coordination of dental services to children in State custody.

3-1.2.3 Centers of Excellence for Children in or at Risk of State Custody

The CONTRACTOR shall maintain contracts with all sites in the state recognized as Centers of Excellence for children in or at risk of state custody (which includes tertiary pediatric care): Johnson City, Knoxville, Chattanooga, Nashville and Memphis. It is the State's intent to recognize these centers via a contract that acknowledges the State's designation of each qualified facility as a Center of Excellence. The CONTRACTOR

shall maintain contracts with each of these centers specifically for the provision of services to children in or at risk of state custody specified in the contract between the State and the COE.

3-1.2.4 Pediatric Sub-Specialists

The CONTRACTOR shall establish and maintain a network of pediatric sub-specialists in each of the five catchment areas in the state (Johnson City, Knoxville, Chattanooga, Nashville and Memphis) that includes each type of pediatric sub-specialist with admitting privileges at the catchment area tertiary pediatric center.

3-1.3 Safety-Net

- a. EPSDT – Physical Health Screenings. The CONTRACTOR shall include Local Health Departments in their provider network to serve as safety net providers for the provision of EPSDT services..
- b. EPSDT – Dental Screenings. Local Health Departments, in which dental services are available, will provide safety net services. As specified in Section 5, an enhanced EPSDT dental screening rate will be paid to the local health departments as well as any Best Practice network dentists. Whenever the dental network is inadequate and dental care is urgent, the CONTRACTOR shall arrange for an out-of-network provider to provide the care.

Effective October 1, 2002, the TennCare Dental Benefits Manager shall assume responsibility for the provision and payment of dental benefits. However, CONTRACTOR shall agree to cooperate and participate with any subsequent plan for Children in State custody which has been provided and/or approved by the court.

3-1.4 Provider Agreement Language

The CONTRACTOR shall include in its subcontracts and agreements with providers a provision which states that subcontractors and providers are not permitted to encourage or suggest, in writing or verbally, that TennCare children be placed into state custody in order to receive medical or behavioral services covered by TennCare.

3-1.5 Network Management

- a. Provider Education. The CONTRACTOR shall train the Best Practice Network on the roles and responsibilities of Best Practice Network Providers, including the requirement to use Best Practice Guidelines and maintain complete medical records, in accordance with the requirements listed at 3-1.2.1.
- b. Monitoring. The CONTRACTOR shall conduct a medical chart review two times over the course of the original eighteen months of this Agreement and once in calendar year 2003 of a statistically valid sample of each BPN provider's medical charts to document Best Practice Network provider compliance with the requirements of the plan for children in state custody and any subsequent plan related to the provision of services to children in State custody of which the provider received advance notice, including the use of Best Practice Guidelines and completion of all seven required components of initial EPSDT exams (or documentation explaining any reasons for not adhering to the guidelines or

completing the seven components of the exam). The sampling methodology employed must be approved by TennCare prior to use.

- c. Provider Profiling. The CONTRACTOR shall profile BPN-PCPs. Provider profiling for the Best Practice Network shall include the activities specified at 2-9.4.

3-1.6 BPN Training

The CONTRACTOR shall require Best Practice Network provider participation in training sessions provided by the Center of Excellence and disseminate training materials to Best Practice Network providers as requested. Participation in training may be by teleconference, interactive Internet program, or in-person. The CONTRACTOR shall develop a survey to be administered after each training session designed to solicit feedback on barriers to attendance from non-participating providers. The CONTRACTOR shall provide an analysis of the findings and recommendations for increasing participation within ninety days of the training session.

3-1.7 Service Delivery Requirements

In addition to satisfying the requirements of Section 2 of this Agreement for the delivery of services, the CONTRACTOR shall meet the following requirements for the delivery of services to children in state custody:

- a. Access and Availability of Services. The CONTRACTOR shall maintain a network with a sufficient number of Best Practice Network PCPs to consistently meet the timeline of securing and/or offering an available appointment for EPSDT screenings within 21 days of request, but not to exceed thirty (30) days of placement in state custody.
- b. Failure to Maintain Adequate Capacity in Network and Recruitment of Best Practice Network Providers. The CONTRACTOR shall recruit Best Practice Network providers who have appropriate credentials, are willing to follow BPN guidelines and are willing to participate in its network. DCS will report any incidences where providers are not available to deliver services within the time frames specified for EPSDT screenings or within the time frames specified as needed by the Best Practice Network Provider or to the Implementation Team and TennCare. The IT will keep records and report to TENNCARE in what areas of the state an inadequate network exists. The CONTRACTOR will be notified when reports indicate a network deficiency and when recruitment of additional providers is necessary.
- c. Mental Health and Substance Abuse Services. In addition to the requirements specified in Section 2-3.5, the following requirements shall pertain the coordination of mental health and substance abuse services for children in state custody:
 - 1. The CONTRACTOR shall not limit the types or number of behavioral services that may be provided by a Best Practice Network Primary Care Provider.
 - 2. The CONTRACTOR will direct its Best Practice Network Primary Care Providers to submit all claims for services with a primary behavioral health diagnosis code (ICD-9-CM 290.xx – 319.xx) to the CONTRACTOR for payment.

Amendment 1 (continued)

3. Prior approval shall not be required by the CONTRACTOR or the BHO in order for a Best Practice Network Primary Care Provider to refer children in state custody to a BHO Provider.
 4. The CONTRACTOR shall provide a listing of credentialed BPN-PCPs to the BHO periodically to facilitate coordination of care.
- d. Service Authorization. At such time that a procedure is implemented and described by TENNCARE, the Implementation Team shall be contacted for disposition when a covered service has been requested by a health care provider for a child in or at risk of state custody, and the CONTRACTOR denies or otherwise fails timely to provide that service or approve a less intense service which the provider or DCS feels is inadequate. Effective upon receipt of any plan for children in State custody which has been provided and/or approved by the court, the role of the Implementation Team may be modified.
- e. Services While Transitioning Out of Custody. Children transitioning out of State custody, shall continue to have access to Best Practice Network providers for a minimum period of six months unless specified otherwise by TENNCARE. The child transitioning out of state custody will remain in the CONTRACTOR's plan and the CONTRACTOR will continue to provide services in accordance with this Agreement, or any plan for Children in State custody which has been provided and/or approved by the court, unless the child's legal guardian elects for the child to receive services outside of the Best Practice Network. All services for "children in state custody" in this Agreement are applicable to children transitioning out of state custody for the time period specified by TENNCARE, which shall be six months unless otherwise specified by TENNCARE.

When a child goes home for a 90-day trial but is still in State custody, this will count for the first three months of transition time. The above services can also be continued for an additional number of months to be specified by TENNCARE, which shall be six months unless otherwise specified by TENNCARE, on a case by case basis for a total of 365 days from the time of custody termination for those children whom DCS or the PCP and the Implementation Team deem it appropriate to prevent them from returning to state custody.

- f. Children at Prolonged Risk of State Custody. Children that are deemed to be at prolonged risk of custody (to be defined by the Steering Panel) and that are identified to the CONTRACTOR by the state may continue to receive services through the Best Practice Network indefinitely.

3-1.8 Reporting Requirements

- a. After the initial assignment of children in state custody to TennCare Select, the CONTRACTOR shall submit to the State a report that identifies the name of each DCS child enrolled in TennCare Select, the child's ID number, the date the child was placed in state custody, the date the CONTRACTOR received notice of enrollment, and the date of the child's initial EPSDT exam, updated on a monthly basis, excluding children in transition.
- b. For enrollees who have been assigned Immediate Eligibility, the Contractor shall, after twenty-five (25) calendar days of immediate eligibility coverage, identify children whose immediate eligibility will end in twenty (20) calendar days to the DCS Program Coordinator of Health Advocacy.

3-1.9 Performance Guarantees

The CONTRACTOR agrees to be bound by the performance guarantees identified below for the duration of this Agreement.

a. Timeliness of Care

1. Ninety percent (90%) of initial EPSDT exams completed within 30 calendar days of placement in custody.

Penalty for Non-compliance: \$1000 per occurrence.

Measurement: Monthly enrollment log (3-1.8.a) as verified through encounter data submissions for the following six (6) months

2. The CONTRACTOR shall maintain a network with a sufficient number of Best Practice Network PCPs to consistently meet the timeline of securing and/or offering an available appointment for EPSDT screenings within 21 days of request.

Penalty for Non-compliance: \$1000 per occurrence

Measurement: Mutually agreed upon survey instrument

b. EPSDT

Ninety-five percent (95%) EPSDT screening compliance rate including all seven components, unless reasons for missing components are appropriately documented.

Penalty for Non-compliance: \$5,000 for each full percentage point below 95%

Measurement: Medical record review

c. Provider Training Survey

BPN provider training participation at least once a year by teleconference, interactive internet program or in-person.

Penalty for Non-compliance: \$25,000 for failure to timely complete training survey as specified in Section 3-1.6

Measurement: Timely submission of survey findings

3-2 Department of Children's Services Responsibilities

The Department of Children's Services shall be responsible for the following requirements related to the responsibilities of the CONTRACTOR:

- a. Notify the CONTRACTOR when a child enters state custody so that Immediate Eligibility can be established.
- b. Maintain responsibility of seeing that children in custody receive appropriate health services, including arranging the appointments for screenings. Report on number of children receiving EPSDT screenings in timely fashion.
- c. Provide care coordination and case management consistent with the *John B* Consent Decree and Medicaid regulations.
- d. Provide a representative to the CSHN Steering Panel.
- e. Provide training to staff to carry out the components of this plan.

3-3 TennCare Bureau Responsibilities

The TennCare Bureau shall be responsible for the following:

- a. Contract with the carve-out MCO and TENNCARE BHO(s), each with a statewide network that has expertise for children's physical, developmental and behavioral problems to provide care management services to children in State custody and children at "prolonged risk" of State custody (to be defined by the Steering Panel) using fee for service structure and an arrangement which decreases the financial risk for the MCO and BHO.
- b. Contract with the COE for any services needed to implement this plan (for child psychiatrist, training, other functions as negotiated)
- c. Require MCO and BHO to provide adequate encounter and financial data to determine the provided services and the cost of those services for children in State custody.
- d. Provide resources for staffing the CSHN Steering Panel and Implementation Team.
- e. Participate on the CSHN Steering Panel.
- f. Require the MCO/BHO to include in its subcontracts with providers a provision which states that the subcontractors are forbidden from encouraging or suggesting, in writing or verbally, TennCare children be placed into state custody to receive medical or behavioral treatments. But instead, they are to let families know that there are other options and refer them to the Implementation Team when they are unable to get behavioral health services and are at risk of coming into custody.
- g. Develop a process whereby children who are already enrolled in TennCare but may not be assigned to the custodial MCO/BHO will be reassigned as soon as TennCare has been informed that the child is in state custody or is at risk of state custody and should be placed in the custodial MCO/BHO. TennCare shall comply with any subsequent plan for Children in State custody which has been provided and/or approved by the court.

3-4 Implementation Team

The Implementation Team shall:

- a. Review MCO denials or delays for services and issue letter of authorization for those services it determines to be appropriate under the circumstances at such time that policies and procedures are established by TENNCARE.
- b. The Implementation Team is expressly granted access to the medical records (physical and behavioral) of those children the Implementation Team is required to assist. All of the medical records obtained by the Implementation Team shall be held in the strictest confidence, and shall not be released to any individual unless the requesting individual is expressly granted such access by law, or unless the Implementation Team is ordered to release them by a court of competent jurisdiction.
- c. Determine when children referred to them are at imminent risk of custody and need additional services provided to this group to prevent custody. (DCS will still perform this service also.)
- d. Identify areas where provider networks are inadequate from the problems the team experiences in obtaining services for children at risk of custody as well as those in custody. Recommend to MCOs and BHOs (both for the custody children and the other children in TennCare) where networks are inadequate.

58. Section 4-1.1.a shall be deleted and replaced in its entirety so that the amended Section 4-1.1.a shall read as follows:

General Provisions

- a. The State shall select TennCare eligibles and any Medicaid eligible authorized to be enrolled in a managed care organization under the authority of a 1915(b) waiver to be enrolled in TennCare Select. TennCare eligibles shall not be enrolled in TennCare Select with an effective date prior to July 1, 2001. The following TennCare eligibles may be enrolled:

- Group 1.A:** Children who are in DCS custody;
- Group 1.B:** Children who are transitioning out of DCS custody;
- Group 2:** Children under 21 who are SSI eligible;
- Group 3:** Children receiving services in an institution or as part of the State's Home and Community Based Service waiver in order to avoid being institutionalized;
- Group 4:** Enrollees residing out-of-state;
- Group 5:** Enrollees that have not responded to TennCare's attempts to contact; and
- Group 6:** Enrollees residing in areas with insufficient capacity in other TennCare MCOs

59. Section 4.1.1.d, e, and f shall be deleted and replaced in their entirety so that the amended Sections 4-1.1.d, e and f shall read as follows:

- d. The CONTRACTOR agrees to accept TennCare eligibles and any Medicaid eligible authorized to be enrolled in a managed care organization under the authority of a 1915(b) waiver other than those identified above upon receipt of notification from TENNCARE. The CONTRACTOR agrees to accept an administrative fee of \$13.84 per member per month for the period July 1, 2001 through June 30, 2002 and \$14.39 per member per month for the period July 1, 2002 through December 31, 2002 for these enrollees. However, should the State elect to carve out a high-risk TennCare eligible group(s), the administrative fee(s) associated with the group(s) will

Amendment 1 (continued)

be mutually agreed upon between the CONTRACTOR and the State prior to enrollment of this population in the CONTRACTOR's plan. Effective January 1, 2003, the CONTRACTOR agrees to accept administrative fees as specified in Section 5.1 as payment for these enrollees.

- e. The CONTRACTOR shall accept daily eligibility data from the State as well as DCS for children in state custody who are to be given immediate eligibility for a forty-five (45) day period.
- f. The CONTRACTOR agrees to accept a reasonable number of enrollees who have been selected by the State for enrollment, from any failed health plan in the CONTRACTOR's service area as well as any plan which is terminated in whole or in part, may become insolvent or discontinues service, or who reside in an area in which there is insufficient capacity in risk MCOs to enroll the population.

To the extent possible and practical, TENNCARE shall provide advance notice to the CONTRACTOR of the impending failure of one of the plans serving the area; however, failure by TENNCARE to provide advance notice shall not limit in any manner the responsibility of the CONTRACTOR to accept enrollees from failed TennCare MCOs. In the event the number of re-assigned enrollees exceeds 100,000 and TENNCARE was unable to provide ninety (90) days advance notice to the CONTRACTOR, TENNCARE will afford the CONTRACTOR a 90-day period of time to adjust operational processes in order to meet the contractual performance requirements prior to assessing any penalties against the CONTRACTOR. TennCare and the Contractor recognize that large increases and decreases in enrollment may be required by program needs.

60. Section 4.1.1 shall be amended by deleting part k., and l. in their entirety and replacing them by new Sections 4.1.1.k., and 4.1.1.l. which shall read as follows:

- k. Enrollment shall begin at 12:01 a.m. on the effective date that the enrollee is enrolled in the CONTRACTOR's plan and shall end at 12:00 midnight on the date that the enrollee is disenrolled pursuant to the criteria in TennCare policy and/or TennCare rules and regulations. Children and Women who are determined presumptively and/or immediately eligible are given immediate TennCare eligibility and a temporary identification form to confirm eligibility pending the issuance of a regular identification card by their selected MCO. The purpose of this temporary identification/eligibility confirmation form is to enable the women to access prenatal care at the earliest possible time and to ensure all children in DCS custody are provided with medical services, including EPSDT screenings. The CONTRACTOR shall be responsible for arranging for the provision of services and payment of all covered services during the period of enrollment.
- l. Enrollees selected for enrollment in the CONTRACTOR's plan by the State in Groups 1, 2, 3, 5 and 6 shall have one (1) opportunity, anytime during the forty-five (45) day period immediately following enrollment, to request to change MCO plans. Enrollees in Group 6 shall only be able to request to change MCO plans during this period to the extent capacity is available in another MCO serving the region. Once the initial forty-five (45) day change period has expired, the enrollee shall remain a member of the CONTRACTOR's plan until the following change period, or until the enrollee loses eligibility for TennCare.

61. Section 4-1.2(b) shall be deleted in its entirety and replaced by a new Section 4-1.2(b) which shall read as follows:

- (b) Names, locations, telephone numbers, office hours, non-English languages spoken by current network providers (including primary care providers, specialists and hospitals), and identification of providers accepting new patients. In situations where there is more than one enrollee in a

Amendment 1 (continued)

TennCare case, it shall be acceptable for the CONTRACTOR to mail one (1) provider directory to each address listed in the enrollees TennCare case number when there is more than one (1) new enrollee in a case at the time of enrollment and when subsequent updated provider directories are mailed to enrollees. These updates shall be maintained in accordance with Section 2-1.0 of this Agreement;

62. Section 4-1.3 shall be deleted and replaced in its entirety so that the amended Section 4-1.3 shall read as follows:

Provisions for Children in State Custody

- a. To decrease the likelihood of recidivism, the enrollment period for children in Group 1.A who are transitioning out of state custody shall be extended by a period to be determined by TENNCARE. Children will be assigned to Group 1.B during this post-custody transition period and shall continue to receive services as specified in Section 3 including access to Best Practice Network providers, unless TENNCARE does not extend the enrollment period for children transitioning out of state custody. After the post-custody period of at least the period determined by TENNCARE, children assigned to Group 1.B shall be moved as appropriate, to Groups 2-6 and shall remain a member of the new group until the following change period, or until the child loses eligibility for TennCare. At the option of the State, children deemed to be at "prolonged" risk of state custody may remain in Group 1.B on an on-going basis.
- b. The CONTRACTOR agrees to accept daily eligibility updates in the form and format specified by TennCare for the purpose of identifying children in state custody and children transitioning out of state custody. Until such time as an indicator for children in state custody and children transitioning out of state custody can be added to the daily eligibility updates received from TennCare, the CONTRACTOR agrees to accept and process any adhoc report mutually agreed upon by the CONTRACTOR and TennCare to facilitate timely identification of children in state custody or children transitioning out of state custody.

63. Section 4-2.1.b shall be deleted and replaced by a new Section 4-2.1.b which shall read as follows:

- b. TENNCARE may disenroll enrollees that were originally enrolled due to insufficient capacity in other TENNCARE MCOs (Group 6) at any time. However, TENNCARE shall provide sixty (60) days advance written notice prior to any block transfer of enrollees from the CONTRACTOR's plan and re-enrollment into another TennCare MCO. TENNCARE shall provide ninety (90) days advance notice of any planned transfer of enrollees out of the Contractor's plan that would result in a decrease of 100,000 members or more. The preceding statement is not intended to provide advance notice of changes that occur during the course of an open enrollment period or that are due to an enrollee's choice.

64. Section 5-1 shall be deleted and replaced in its entirety so that the amended Section 5-1 shall read as follows:

a. The administrative fee paid shall be:

Enrollee Category ²	Effective July 1, 2001 – June 30, 2002	Effective July 1, 2002 – December 31, 2002
Group 1.A	\$21.84 PMPM	\$22.71 PMPM
Group 1.B	\$21.84 PMPM	\$22.71 PMPM
Group 2	\$21.84 PMPM	\$22.71 PMPM
Group 3	\$13.84 PMPM	\$14.39 PMPM
Group 4	\$13.84 PMPM	\$14.39 PMPM
Group 5	\$13.84 PMPM	\$14.39 PMPM
Group 6	\$13.84 PMPM	\$14.39 PMPM

b. Effective January 1, 2003, the administrative fee paid for enrollees in Group 1.A, Group 1.B and Group 2 shall be \$25.00 per member per month.

c. Effective January 1, 2003, the administrative fee paid for enrollees in Group 3, Group 4, Group 5 and Group 6 shall vary based on the total number of enrollees in these groups as follows:

Enrollment Level	Administrative Fee
0 to 99,999 enrollees	\$11.37
100,000 to 199,999 enrollees	\$11.25
200,000 to 299,999 enrollees	\$11.12
300,000 to 399,999 enrollees	\$11.00
400,000 to 499,999 enrollees	\$10.89
500,000 to 599,999 enrollees	\$10.68
600,000 to 699,999 enrollees	\$10.53
700,000 to 799,999 enrollees	\$10.38
800,000 to 899,999 enrollees	\$10.23
900,000 to 999,999 enrollees	\$10.08
1,000,000 or more enrollees	\$9.93

i. The applicable administrative fee shall be determined based upon the total number of enrollees in the month preceding the month in which payment is made to the Contractor as determined by TENNCARE. The administrative fee specified shall be applicable to all enrollees in Group 3, Group 4, Group 5 and Group 6 upon attainment of an enrollment level. For example, if enrollment for the month of February is 250,000 enrollees, the administrative fee payment for the month of March shall be \$11.12 per member per month for each Group 3, Group 4, Group 5 and Group 6 enrollee assigned to the CONTRACTOR during the month of March, adjusted as set forth in subparagraphs 5-1.d through 5-1.f, if applicable.

d. TennCare or its appointed agent shall make payment by the fifth working day of each month to the CONTRACTOR for the CONTRACTOR's satisfactory performance of its duties and responsibilities as set forth in this Agreement. Each month payment to the CONTRACTOR shall be equal to the number of enrollees certified by TENNCARE multiplied by the administrative fee for the appropriate enrollee category. The actual amount owed the CONTRACTOR for each

² As defined at 5.1.1.a.

enrollee shall be determined by dividing the appropriate monthly administrative fee by the number of days in the month and then multiplying the quotient of this transaction by the actual number of days the enrollee was enrolled in the plan.

- e. Payment for enrollees shall start the effective date of the enrollee's enrollment in the plan.
 - f. The CONTRACTOR agrees the State may retroactively recoup Administrative Fee payments for deceased enrollees. Retroactive recoupment will be deducted from the monthly payment for the following month. Payments may be recouped back to the date of death. This is the only provision whereby the State may retroactively recoup administrative fee payments from the CONTRACTOR for enrollees retroactively terminated from TennCare Select.
 - g. Effective January 1, 2002, administrative fee payments made in accordance with Section 5-1.b will not include payment for children in state custody for whom Immediate Eligibility was established in accordance with Section 2-3.17 and who were not subsequently found to be TennCare eligible. TennCare shall make a separate payment for said children upon receipt of an invoice from the CONTRACTOR. The invoice shall be submitted to TENNCARE in the form and format specified in Attachment XII, Exhibit N on a monthly basis. The administrative fee due shall be equal to the number of enrollees for whom Immediate Eligibility was established multiplied by a flat rate for the full 45 day eligibility period of \$25.00 per member.
65. Section 5-2.1.a shall be amended by deleting and replacing item number 3 so that it includes the information that was previously in Attachment 5.1, adding a new item 5 and renumbering the existing item 5 as 6. The amended Section 5-2.1 shall read as follows:

5-2.1 General Requirements

- a. Maximum Allowable Rates. Providers shall be paid according to BlueCare policies and procedures and reimbursement rates in effect as of March 1, 2001, unless otherwise directed by TennCare with the following exceptions:
 - 1. The payment rate for an initial EPSDT screening conducted by a Best Practice Network Primary Care Provider for a child in state custody shall be at the rate specified in Section 5.2.2.a.
 - 2. The payment rate for preventive dental services provided by a Best Practice Network Dental Provider on a child in state custody shall be at the rate specified in Section 5.2.2.b, unless otherwise specified by TENNCARE and until such services are carved out.
 - 3. The payment rate for all other preventive health services specified below for children (under age 21) may be increased up to 85% of the 2001 Medicare fee-schedule, unless otherwise specified by TENNCARE.

The CONTRACTOR shall make an enhanced payment, defined as eighty-five percent (85%) of the 2001 Medicare fee-schedule or the BlueCare reimbursement rates in effect as of March 1, 2001, whichever is greater, to Primary Care Providers for the provision of the following preventive medical services identified by the CPT procedure codes listed below, when billed for children less than 21 years of age. Payment rates for services reimbursed as a percentage of average wholesale price shall be adjusted in accordance with Section 5.2.1.a.4. of this Agreement.

Office Visits

NEW PATIENT	ESTABLISHED PATIENT
99431 – History and Evaluation of Normal newborn	99391 – Periodic reevaluation
99432 – Normal Newborn care other than a hospital or birthing setting	99392 – age 1 through 4 years
99381 – Initial evaluation	99393 – age 5 through 11 years
99382 – age 1 through 4 years	99394 – age 12 through 17 years
99383 – age 5 through 11 years	99395 – age 18 through 39 years
99384 – age 12 through 17 years	
99385 – age 18 through 39 years	

Counseling and Risk Factor Reduction Intervention

INDIVIDUAL	GROUP
99401 – approximately 15 minutes	99411 – approximately 30 minutes
99402 – approximately 30 minutes	99412 – approximately 60 minutes
99403 – approximately 45 minutes	
99404 – approximately 60 minutes	

Other Preventive Services

99420	Administration and interpretation of health risk assessment instrument (e.g., health hazard appraisal)
90700 – 90744	Immunizations
92551	Screening test, pure tone, air only (Audiologic function)
92552	Pure tone audiometry (threshold); air only

4. The payment rate for all services that are reimbursed as a percentage of average wholesale prices shall be adjusted with fluctuations in the average wholesale price. However, the “percentage” applied to determine the payment amount shall be equivalent to the percentage applied for BlueCare as of March 1, 2001.
 5. The initial utilization management and referral processes and requirements impacting provider reimbursement shall be those in effect for BlueCare and TennCare Select as of July 1, 2001 as specified in Attachment II. However, the State reserves the right to require the CONTRACTOR to modify these processes and requirements. The CONTRACTOR shall have sixty (60) days from the date of request to implement requested modifications.
 6. If there is a network deficiency that necessitates additional funding to remedy, the CONTRACTOR shall attempt to negotiate a reasonable rate on behalf of the State prior to recommending an increase in reimbursement rates. Once the negotiations are concluded, the CONTRACTOR shall submit a recommendation to the State in writing with supporting documentation justifying an increase in reimbursement rates. The CONTRACTOR may not implement a recommended change until receipt of written approval from TennCare.
- b. Annual Review. The maximum allowable reimbursement rates shall be reviewed on an annual basis.

66. Section 5-2.2 shall be deleted and replaced in its entirety so that the amended section 5-2.2 shall read as follows:

5-2.2 Best Practice Network Requirements

a. Enhanced Initial EPSDT Screening Rate. The CONTRACTOR shall make an enhanced payment to Best Practice Network Primary Care Providers for the initial EPSDT examination for children in state custody, when all seven (7) components of the exam have been completed. The seven components shall include: (1) A comprehensive health and development history to include both physical and mental health; (2) Comprehensive unclothed physical exam; (3) Appropriate vision and hearing assessment; (4) Laboratory testes appropriate for age and risk; (5) Dental screening and referral beginning at age 3; (6) Immunizations; (7) Health education (anticipatory guidance).

1. The procedure codes to be utilized when billing for the initial EPSDT exam are specified below. This language does not preclude the BPN-PCP from billing for other services separately, consistent with the CONTRACTOR's procedures for claims processing (e.g., lab). It is the responsibility of the CONTRACTOR to include in its Best Practice Network provider agreements a requirement that all seven components of the EPSDT exam are completed when an enhanced payment is made through a medical chart review. The CONTRACTOR should educate providers to document any barriers to completing all seven components (e.g. past history not available). The enhanced payment rate for the initial EPSDT screening exam shall be ninety-five percent (95%) of the 2001 Medicare fee-schedule. Effective December 1, 2001, the enhanced fee schedule shall be 100% of the 2001 Medicare fee schedule unless otherwise specified by TENNCARE.

NEW PATIENT	ESTABLISHED PATIENT
99431 – History and Examination of Normal Newborn	99391 – Periodic reevaluation
99432 – Normal Newborn care other than a hospital or birthing setting	99392 – age 1 through 4 years
99381 – Initial evaluation	99393 – age 5 through 11 years
99382 – age 1 through 4 years	99394 – age 12 through 17 years
99383 – age 5 through 11 years	99395 – age 18 through 39 years
99384 – age 12 through 17 years	
99385 – age 18 through 39 years	

If the BPN-PCP submits a claim with a procedure code for an established patient, the CONTRACTOR may only reimburse the provider at the enhanced payment rate if the claim is for the initial EPSDT exam upon placement in state custody. If the CONTRACTOR directs BPN-PCPs to only bill the initial EPSDT exam with the New Patient procedure code series identified above, the CONTRACTOR must notify and provide appropriate training to the provider and provider's billing staff to implement this billing procedure.

2. The CONTRACTOR shall conduct a medical chart review three times over the course of this Agreement of a statistically valid sample of each BPN-PCPs medical charts to ensure completion of all seven components of the initial EPSDT exam. The sampling methodology employed must be approved by TennCare prior to use. The CONTRACTOR shall recoup an amount equivalent

to the difference between the enhanced EPSDT screening payment rate for BPN-PCPs as described in Section 5-2.2.a and the standard EPSDT screening payment rate as described in Section 5-2.1.a, if it is determined upon medical chart review that the provider to whom payment was made failed to complete all seven components of the exam.

- b. Enhanced Dental Fee-Schedule. Until such time that Dental Services are carved out of this Agreement, the CONTRACTOR shall make an enhanced payment to Best Practice Network Dental Providers for children in state custody for preventive dental services, as specified below. Effective October 1, 2002, the CONTRACTOR shall not authorize payment for the following covered dental services:

D0120 -- Periodic Oral Evaluation	\$17.85
D0150 -- Comprehensive Oral Evaluation	\$17.85
D1110 -- Prophylaxis, children greater than 12 and less than 21 years of age	\$33.15
D1120 -- Prophylaxis, Child	\$23.80
D1351 -- Sealant, Per Tooth	\$19.55
D1203 -- Fluoride, Child	\$17.85
D1204 -- Fluoride, Adult -- when billed for children between ages 13 and 20	\$17.85

Effective December 1, 2001, the TennCare Select Dental Fee schedule shall be 75% of the Doral Fee Schedule as it existed as of December 1, 2001.

- c. Case Management. In exchange for performing additional care coordination and case management functions as specified in Section 3 of this Agreement, the CONTRACTOR shall pay Best Practice Network Primary Care Providers a case management fee of \$10 per member per month.

67. Section 5-3 shall be amended by inserting a new Section 5-1.g which shall read as follows:

- g. Immediate Eligibility. Medical service payments made in accordance with Section 5-3.a shall include payments to providers for services provided during a period of Immediate Eligibility. However, in order to facilitate the invoicing of DCS for services provided to children in state custody who are not TennCare eligible, the CONTRACTOR shall submit to TENNCARE an itemized listing of claims paid on behalf children in state custody for whom Immediate Eligibility was established in accordance with Section 2-3.17 and who were not subsequently found to be TennCare eligible, on a monthly basis in the form and format specified in Attachment XII, Exhibit N.

68. Attachment 5.1 shall be deleted and amended text from Attachment 5.1 shall be incorporated into Section 5-2.1a.3 of this Amendment.

69. Section 6-1 shall be amended by adding a new part q and r which shall read as follows:

- q. 42 USC Section 1396 et seq. (with the exception of those parts waived under the TennCare Section 1115(a) waiver).
- r. The Health Insurance Portability and Accountability Act of 1996 (HIPAA), as amended, Section 1171(5)(E) of the Social Security Act as enacted by HIPAA.

Amendment I (continued)

70. Section 6-26 shall be amended by deleting "2002" in the third sentence and replacing it with "2003", and inserting a new fourth sentence that shall read "At the mutual agreement of TennCare and the CONTRACTOR, this CONTRACT shall automatically renew for one additional twelve month period." so that the amended Section 6-26 shall read as follows:

6-26 Contract Term of this Agreement

This Agreement and its incorporated attachments, if any, as well as all Amendments to this Agreement, contain all of the terms and conditions agreed upon by the parties, and when executed by all parties, supersedes any prior agreements. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall be in effect from July 1, 2001, subject to approval by the U.S. Department of Health and Human Services, Health Care Financing Administration. The term of this Agreement shall expire on December 31, 2003.. At the mutual agreement of TennCare and the CONTRACTOR, this CONTRACT shall be renewable for an additional twelve month period.

Notwithstanding any provision herein to the contrary, the State may terminate this Agreement if the waiver governing TennCare is terminated. The documents referenced in the Agreement are on file with the CONTRACTOR and with TENNCARE and the CONTRACTOR is aware of their content. No other agreement, oral or otherwise regarding the subject matter of this Agreement, shall be deemed to exist or to bind any of the parties hereto.

70. Section 6-27 shall be deleted and replaced in its entirety so that the amended Section 6-27 shall read as follows:

Effective November 1, 2002, the CONTRACTOR agrees TENNCARE may assess penalties for failure to meet the Performance Guarantees specified below in addition to the intermediate sanctions and liquidated damages specified in Section 6-8. Penalties for failure to meet a performance guarantee shall not be passed on to a provider and/or subcontractor unless the penalty was caused due to an action or inaction of the provider and/or subcontractor. TENNCARE shall not apply penalties for failure to meet Specialist Provider Network Guarantee C.1 and C.2 and Network Adequacy Guarantee D.1, specified in the table below, if the CONTRACTOR is able to demonstrate that the failure to satisfy the guarantee occurred after a change in provider agreement terms directed to be made by TENNCARE, and that the failure is related to the required change in provider agreement terms. All penalties shall be considered an administrative cost to the CONTRACTOR.

Amendment 1 (continued)

Performance Area	Data Source	Definition	Guarantee	Penalty
A. Claims Payment Accuracy	Self-reported based on internal audit conducted on statistically valid random sample on a quarterly basis. Audit procedures and sample methodology to be submitted to TDCI for review and approval with first quarter's report.	Number of claims processed for payment and paid accurately upon initial submission divided by the total number of claims	97% of claims are paid accurately upon initial submission	\$5,000 for each full percentage point accuracy is below 97% for each quarter
B. Abandonment rate for Member Services line and Provider Services line	Weekly Activity Report	Percent of calls not answered; callers hang up while in queue	Less than 5% of calls not answered	\$25,000 for each full percentage point above 5% on a quarterly basis
C. Specialist Provider Network	Monthly Provider listing	Executed contract is a signed agreement with a provider to participate in the Contractor's network	1. Physician Specialists: Executed specialty physician contracts in all areas required by this Agreement for the following nine specialists: cardiology; gastroenterology; neurology; neurosurgery; otolaryngology; ophthalmology; orthopedics; oncology/hematology; and urology 2. Essential Hospital Services: Executed contract with at least one (1) Tertiary Care Center for each essential hospital service and at least one (1) Center of Excellence for People with AIDs	\$25,000 if ANY of the listed standards are not met, either individually or in combination on a monthly basis The penalty may be waived for Physician Specialists if the CONTRACTOR provides sufficient documentation to demonstrate that the deficiency is attributable to a lack of physician supply in the area. The penalty may be lowered to \$5,000 in the event the CONTRACTOR provides a corrective action plan that is accepted by TENNCARE

Amendment 1 (continued)

Performance Area	Data Sources	Definition	Criteria	Penalty
F. EPSDT Screening and Medical Record Documentation	MCO Encounter Data and Medical Chart Audit	The EPSDT screening ratio, calculated in accordance with specifications for the HCFA-416 report, multiplied by the percentage of the required seven (7) screening components that are completed as determined through a statistically valid sample of medical records of the MCO's enrollees	Demonstrated active pursuit and completion of activities designed to increase the CONTRACTOR's EPSDT screening ratio and the percentage of screens that are completed and include all seven (7) required screening components	Development and implementation of a Corrective Action Plan pursuant to Section 2-16

71. Section 7-14 shall be deleted and replaced in its entirety so that the amended Section 7-14 shall read as follows:

7-14 Exigency Extension

At the option of the State, the CONTRACTOR agrees to continue services under this CONTRACT when TENNCARE determines that there is a public exigency that requires the contracted services to continue. Continuation of services pursuant to this Section shall be in three (3) month increments and the total of all public exigency extensions shall not exceed twelve (12) months. Thirty days notice shall be given by TENNCARE before this option is exercised. TENNCARE shall reimburse the CONTRACTOR during exigency at the established administrative fee in effect during the last six (6) months of this Agreement.

72. Parts I and II of Attachment I shall be deleted in their entirety and replaced with the following:

I. Items requiring prior approval by TENNCARE

- A. Fraud and Abuse Compliance Plan TENNCARE has thirty (30) calendar days to respond
- B. Provider Network TENNCARE has thirty (30) calendar days to respond
- C. Marketing/Enrollee Materials and/or Plans TENNCARE has fifteen (15) calendar days to respond
- D. EPSDT Policies and Procedures, including but not limited to: TENNCARE has thirty (30) calendar days to respond
 - Provider referral procedures for enrollees requiring further care
 - Appropriate record keeping
 - Follow-up process for enrollees who do not receive timely screenings

Amendment 1 (continued)

- | | | |
|------|---|---|
| E. | Drug Formulary (if closed) | TENNCARE has thirty (30) calendar days to respond |
| F. | Subcontracts | TENNCARE has thirty (30) calendar days to respond |

KK.	Quarterly listing of supervisory personnel as described in Section 2-24	Quarterly, by the 30 th of the following month to the Title VI compliance officer
LL.	Annual listing by CSA of non-institutional providers as described in Section 2-24	Annually, within ninety (90) calendar days after the end of the year to the Title VI compliance officer
MM	Annual copy of CONTRACTOR's policy regarding non-discrimination of services to persons with Limited English Proficiency as described in Section 2-24	Annually, within ninety (90) calendar days after the end of the year to the Title VI compliance officer
NN	On a Quarterly basis, a listing of all request of translation or interpreter services as described in Section 2-24.g.1.	Quarterly, by the 30 th of the following month to the Title VI compliance officer
OO	Annual Compliance Plan as described in Section 2-24	On an annual basis to the Title VI compliance officer

73. Part F. of Standard IX of Section I of Attachment II shall be deleted and replaced in its entirety so that the amended Part F. of Standard IX shall read as follows:

Amendment 1 (continued)

F. Process - The initial credentialing process obtains and reviews verification of the following information, at a minimum:

1. Primary Verification

- a. the practitioner holds a current valid license to practice within the State;
- b. valid DEA or CDS certificate, as applicable;
- c. confirmation of highest level of education and training received;
- d. professional liability claims history (past five (5) years) from the National Practitioner Data Bank and the State Board of Medical Examiners;
- e. any sanctions imposed by Medicare, Medicaid and/or TennCare;
- f. good standing of clinical privileges at the hospital designated by the practitioner as the primary admitting facility; (This requirement may be waived for practices which do not have or do not need access to hospitals.); and
- g. any revocation or suspension of a state license, DEA/BNDD number, or CDS certificate.

2. Secondary Verification (self reported)

- a. work history – past five (5) years. Verbal explanation for gaps greater than six (6) months, written explanation for gaps greater than one (1) year;
- b. the practitioner holds current, adequate malpractice insurance according to the plan's policy;
- c. any curtailment or suspension of medical staff privileges (other than for incomplete medical records);
- d. any censure by the State or County Medical Association;
- e. the application process includes a statement by the applicant and an investigation of said statement regarding:
 - (1) any physical or mental health problems that may affect current ability to provide health care;
 - (2) any history of chemical dependency/substance abuse;
 - (3) history of loss of license and/or felony convictions;
 - (4) history of loss or limitation of privileges or disciplinary activity; and
 - (5) current malpractice coverage and limits; and
 - (6) an attestation to correctness/completeness of the application.

Amendment I (continued)

This information should be used to evaluate the practitioner's current ability to practice.

3. There is an initial visit to each potential primary care practitioner's office, including documentation of a structured review of the site and medical record keeping practices to ensure conformance with the managed care organization's standards.

74. Part IV "Quality of Care Monitors" of Section IV of Attachment II shall be amended by deleting item number 9 in its entirety and replacing it with the following:

9. TennCare shall monitor MCO progress toward obtaining the benchmark level of performance for each of the measures specified below. The CONTRACTOR shall demonstrate meaningful improvement each year. Meaningful improvement is defined as obtaining the benchmark level of performance or demonstrating a ten (10) percentage point improvement, unless otherwise specified by TENNCARE over the MCOs prior years rate. The CONTRACTOR shall not be required to develop and analyze performance indicators for enrollees in Groups 3, 4, or 5 as defined in Section 4 of this Agreement. The performance indicators are:

Performance Indicator	Data Sources	Measure	Target	Benchmark
Childhood Immunizations	MCO encounter data; TennCare enrollment data	percentage of two-year old children receive all 12 recommended vaccines	100% of children immunized	90th percentile of the current year Medicaid HEDIS.
Adolescent Immunizations	MCO encounter data ;TennCare Enrollment data	percentage of enrolled adolescents (who turn 13 during measurement year) receive recommended vaccines	100% of adolescents immunized	90th percentile of the current year Medicaid HEDIS.
Checkups After Delivery	MCO encounter data ;TennCare enrollment data	percentage of female enrollees receive a post partum checkup 3-8 weeks after delivery	100% of women that delivery receive a check-up	90th percentile of the current year Medicaid HEDIS.
Cervical Cancer Screening	MCO encounter data; TennCare enrollment data	percentage of enrolled women (ages 21-64) receive one or more pap tests in the reporting year or the two years prior to the reporting year	According to ACOG guidelines	90th percentile of the current year Medicaid HEDIS.

Amendment 1 (continued)

Performance Indicator	Data Sources	Measure	Target	Benchmark
Breast Cancer Screening	MCO encounter data; TennCare enrollment data	percentage of enrolled women who received a mammogram in the past two years	According to ACOG guidelines	90th percentile of the current year Medicaid HEDIS.
HBA1c Testing	MCO encounter data; TennCare enrollment data	percentage of members age 18 through 75 with a diagnosis of diabetes, with one or more tests conducted during the measurement year. Notation in the medical record of any one of the following is acceptable: - Glycated hemoglobin - Glycosylated hemoglobin A1c - Glyco hemoglobin A1c - HBA1c hemoglobin A1c	At least one test each year	90th percentile of the current year Medicaid HEDIS.
EPSDT	MCO encounter data; TennCare enrollment data	The percentage of children who received a periodic screen including all components (consistent with EPSDT Consent Decree Definition)	100% screening	Adjusted periodic screening percentage greater than 80%

For the purpose of monitoring Quality of Care, Access to Care and Availability of Care, TennCare shall routinely review vital records, birth records, individual encounter data, monthly provider files and other required reports to monitor quality of care and other available sources. TennCare may use individual encounter data, monthly provider files and other required reports to measure the Managed Care Organization's compliance with Provider Network, Claims Processing, Financial/Actuarial Stability, Clinical/Quality and Member/Provider Service standards.

75. Attachment IV shall be deleted and replaced in its entirety and the amended Attachment IV shall be attached to the end of this Amendment.
76. Attachment IX shall be deleted in its entirety and labeled "This Attachment Deleted Intentionally".

Amendment 1 (continued)

77. Attachment XI shall be deleted in its entirety and replaced by a new Attachment XI which shall be attached to the end of this Amendment.
78. The "Pharmacy Specific" requirements of Attachment XII, Exhibit G shall be amended by deleting the reference to "Prescribing Provider Number" and replacing it with "Prescribing Provider's DEA Number".
79. Attachment XII shall be amended by deleting the existing Exhibit L and replacing it with a new Exhibit L which shall be attached to the end of this Amendment.
80. Attachment XII shall be amended by adding a new Exhibit M which shall be attached to the end of this Amendment.
81. Attachment XII shall be amended by adding a new Exhibit N which shall be attached to the end of this Amendment.

ATTACHMENT IV – SPECIALTY NETWORK STANDARDS

**ATTACHMENT IV
Specialty Network Standards**

For the purpose of assessing specialty provider network adequacy, TennCare MCO networks will be evaluated relative to the requirements described below. The purpose of these requirements is to ensure access and availability to specialists for non-dual Medicare/Medicaid eligibles while recognizing the actual disbursement and number of specialty resources available within the state. A provider is considered a “specialist” if he/she has a provider agreement with the MCO to provide specialty services to enrollees.

Access to Specialty Care

Contractors shall ensure access to specialists for the provision of covered services. This requirement shall be satisfied through the execution and maintenance of at least one provider agreement for the provision of each of the following types of specialist services in the area specified. This requirement ensures that TennCare enrollees in all MCOs will be able to access specialists within the community in which they reside or as close to it as feasible, while recognizing the constraints introduced by the limited availability of specialists in some areas.

The geographic areas, or “focal points” where contracts are required include Davidson, Hamilton, Knox, Madison, Maury, Putnam and Cumberland (Either one), Shelby, and Sullivan and Washington (Either one) counties, either because these are population centers or there is a major medical center located in the area. If MCOs establish contracts for the provision of specialty services in each of these eight focal points all TennCare enrollees will have access to specialists within a maximum travel distance of 90 miles, and the majority will have access to specialists within 60-miles. Contracts are required in these specific areas in recognition of traditional specialty referral patterns.

The areas in which MCOs are required to establish contracts are indicated in the chart below by Grand Region. Based on these requirements, an MCO serving the East Grand Region would be required to have at least three Cardiologists in its network (one in Hamilton, One in Knox, and one in Sullivan or Washington counties).

SPECIALIST	GRAND REGION		
	WEST	MIDDLE	EAST
Cardiology	<ul style="list-style-type: none"> ▪ Madison ▪ Shelby 	<ul style="list-style-type: none"> ▪ Davidson ▪ Putnam/Cumberland ▪ Maury 	<ul style="list-style-type: none"> ▪ Hamilton ▪ Knox ▪ Sullivan/Washington

Availability of Specialty Care

Contractors shall provide adequate numbers of specialists for the provision of covered services to ensure adequate provider availability. To account for variances in MCO enrollment size, the guidelines described in this section have been established for determining how many of each type of specialist an MCO must have. These are aggregate guidelines and are not age specific. To determine these guidelines the number of providers within each of the focal points in each Grand Region was compared to the size of the population in each Grand Region. The “area” being served includes the population of surrounding counties. The chart below provides the mapping of counties to focal points.

MCOs must comply with the following guidelines: MCOs must have at least one provider agreement with each specialist in each required area; and, MCOs must have a sufficient number of provider agreements to ensure that the number of enrollees per provider does not exceed the following:

Maximum Number of Non-Dual Enrollees per Provider by Specialty and Focal Point

Grand Region	Cardiology	Otolaryngology	Gastroenterology	Neurology	Neurologic Surg	Ophthalmology	Orthopedic Surg	Oncology/Hematology	Urology
EAST	19,000	45,000	29,500	40,000	53,500	21,500	14,500	75,500	43,500
MIDDLE	22,000	36,000	47,500	35,000	57,500	22,000	17,500	108,500	33,500
WEST	18,800	26,000	29,500	27,000	27,000	15,500	12,000	85,000	23,000

Monitoring

TennCare will monitor MCO compliance with specialist network standards on an on-going basis. Data from the monthly provider file will be used to verify compliance with the specialty network requirements. This file will serve as the source for confirming the MCO has a sufficient number and distribution of specialists and for calculating enrollee to provider ratios. TennCare will also phone providers listed on this file periodically to confirm that the provider is under contract to provide specialty services as reported by the MCO. Appeals data will also be monitored for indications that problems exist with access to specialists, and corrective action plans will be required when appropriate.

ATTACHMENT IX – THIS ATTACHMENT LEFT BLANK INTENTIONALLY

ATTACHMENT XI - COST SHARING SCHEDULES

**ATTACHMENT XI
Cost-Sharing Schedules**

1. Out-of-Pocket Expenditures effective prior to January 1, 2003

The TENNCARE deductible for children, individuals and families shall be \$0.00. The annual TENNCARE maximum out-of-pocket expenditures described below shall apply for both uninsured and uninsurable designations for all covered TennCare services.

Poverty Level	Individual Maximum Annual Out-of-Pocket	Family Maximum Annual Out-of-Pocket
0%-100%	\$0.00	\$0.00
101% - 199%	\$1,000.00	\$2,000.00
200% and above	\$2,000.00	\$4,000.00

2. Out-of-Pocket Expenditures effective January 1, 2003

(a) **TennCare Standard enrollees have a maximum out-of-pocket expenditure for all services, including pharmacy. This amount is calculated per calendar year.**

- i. For enrollees in families with incomes equal to or above two hundred (200%) percent of the poverty level, the annual out-of-pocket maximum is two thousand (\$2,000) dollars per individual and four thousand (\$4,000) dollars per family.
- ii. For enrollees in families with incomes below two hundred (200%) percent of the poverty level, the annual out-of-pocket maximum is one thousand (\$1,000) dollars per individual and two thousand (\$2,000) dollars per family.
- iii. Included in the annual out-of-pocket maximums are monthly out-of-pocket maximums for pharmacy services only. The monthly out-of-pocket maximum for pharmacy services for all TennCare Standard enrollees is one hundred-fifty (\$150.00) dollars per enrollee per month. This copayment is included in the calculation to reach the total annual out-of-pocket expenditures.

(b) TennCare Medicaid enrollees shall be required to pay a copayment for prescription medications, as described below. Excluded from this requirement are children enrolled in TennCare Medicaid and long-term care residents.

2. Copayments prior to January 1, 2003:

The following TENNCARE copayment schedule shall apply for both Uninsured and Uninsurable designations, based on the poverty level specified in TENNCARE rule 1200-13-12-.05(1)(c):

Poverty Level	Copayment Amounts
0%-100%	\$0.00
101% - 199%	\$25.00, Hospital Emergency Room (waived if admitted) \$5.00, Primary Care Provider and Community Mental Health

Amendment 1 (continued)

	Agency Services Other Than Preventive Care \$15.00, Physician Specialists \$5.00, Prescription or Refill \$100.00, Inpatient Hospital Admission
200% and above	\$50.00, Hospital Emergency Room (waived if admitted) \$10.00, Primary Care Provider and Community Mental Health Agency Services Other Than Preventive Care \$25.00, Physician Specialists \$10.00, Prescription or Refill \$200.00, Inpatient Hospital Admission

3. Copayments effective January 1, 2003:

The CONTRACTOR is specifically prohibited from waiving or discouraging TENNCARE enrollees from paying the amounts described in this provision.

- (a) Effective January 1, 2003, copayment amounts for TennCare Standard enrollees with incomes equal to or above 100% of the poverty level will be:

Inpatient Hospital Admission	\$100.00 per admission
Emergency Room (An enrollees shall not be charged this amount if s/he is admitted to the hospital).	\$25.00 per visit
Physician Primary Care Physician (PCP) Physician Specialists (Not applicable to preventive services).	\$10.00 per visit \$15.00 per visit
Annual eye exam for individuals under age 21 (Not a covered service for adults age 21 and over.)	\$10.00 per visit
Home Health Services	\$10.00 per visit
Speech Therapy	\$10.00 per visit
Hospitalization related to organ transplant	See Inpatient Hospitalization
Hospitalization related to reconstructive breast surgery	See Inpatient Hospitalization
Pharmacy	Generic drugs for which there is more than one source: \$5.00 A brand name drug for which there is only one source: \$15.00 A brand name drug which is available from more than one source: \$25.00

Amendment 1 (continued)

- (b) Effective January 1, 2003, copayment amounts for TennCare Standard enrollees with incomes less than one hundred (100%) percent of the poverty level shall be limited to pharmacy and will be:

Pharmacy	Generic drugs for which there is more than one source.\$1.00
	A brand name drug for which there is only one source.\$3.00
	A brand name drug which is available from more than one source.\$5.00

- (c) Effective January 1, 2003, TennCare Medicaid enrollees shall be required to pay a copayment for prescription medications, as described below. Excluded from this requirement are children enrolled in TennCare Medicaid and long-term care residents.

Pharmacy	Generic drugs for which there is more than one source.\$1.00
	A brand name drug for which there is only one source.\$1.00
	A brand name drug which is available from more than one source.\$3.00

ATTACHMENT XII, EXHIBIT J.1
Instructions for Completing the Medical Fund Monitoring Report

The purpose of this report is to compare payments made to providers by the managed care organization ("MCO") on a date of service incurred basis with the Medical Fund Target established by TennCare by Grand Region and in Total. The MCO will submit this report monthly, due by the 21st of the following month. The MCO will also file this report with its NAIC filings due in March and September of each year using an accrual basis that includes incurred but not reported amounts by calendar service period that have been certified by an actuary. This report must reconcile to NAIC filings. A letter shall accompany this report from an actuary indicating that the reports, including the estimate for incurred but not reported expenses, have been reviewed for accuracy. A printed copy and electronic version of the report is to be submitted to the following:

Keith Gaither
Chief Financial Officer
Bureau of TennCare
Department of Finance and Administration
P. O. Box 593
Nashville, TN 37202-0593

John R. Mattingly
TennCare Examinations Manager
Department of Commerce and Insurance
TennCare Division
500 James Robertson Parkway, Suite 750
Nashville, TN 37243-1169

Email: kgaither@mail.state.tn.us

Email: jmattingly@mail.state.tn.us

Instructions for completing the report:

- Enter the MCO name.
- Enter the reporting month.
- Enter the monthly number of **TennCare enrollees**.
- Report the monthly amount of the **Medical Fund Target received from TennCare**.
- Aggregate payments by **Grand Region** based on enrollee residence.
- Each month report the amount of **Payments for Medical Services** made as of the effective date of the Agreement for services incurred through the end of the report month on a cumulative calendar year to date basis. For example, if the effective date of the Agreement is July 1, 2001, the Monthly Medical Loss Report for the month of August 2001 shall include all payments made for services incurred after July 1, 2001 through August 31, 2001. Payments made for services incurred prior to July 1, 2001 must be excluded. Thereafter, reporting will be on a calendar year basis.
- Report the amount of **Payments by the Claims Processing System** made for **UB92, HCFA1500, and dental** claim types in the appropriate supporting triangle lag reports. The amounts entered into the triangle lag reports will automatically be reported in the appropriate incurred month by the Excel spreadsheet. The CONTRACTOR shall report the amount of claims processed prior to the effective date of this Agreement by month in order to clearly delineate payment for services made prior to July 1, 2001. If a subcontractor processes dental and/or other services then these payments should be reported on the Subcontractor Payments for Medical Services line and not entered into the triangle lag report.

Amendment I (continued)

- Report for each month the total amount of **Capitation Payments**. Capitation payments should include payments made directly to a service provider on a capitated basis.
- Report for each month the total amount of **Pharmacy Payments**.
- Report for each month the total amount of **Subcontractor Payments for Medical Services**. Subcontract payments should include payments made for services that are coordinated or arranged by a subcontractor.
- Report for each month the total amount of **Reinsurance Payments**. Reinsurance payments are payments made to a licensed or authorized reinsurer to limit medical and hospital expenses by reducing maximum expenses on an individual basis, on an aggregate basis, or both.
- Report for each month the total amount of **Other Payments/Adjustments to Medical Costs**. Other payments may include settlements and claims payments made outside the claims processing system. Other payments/adjustments made for services incurred prior to July 1, 2002 must be excluded.
- Report for each month the total amount of **Pharmacy Rebates** received. Rebates may be received quarterly and should be allocated on a reasonable monthly basis for pharmacy services incurred July 1, 2002 and subsequent.
- Report for each month the total amount of **Recoveries not Reflected in Payments by the Claims System**. Recoveries may include reinsurance payments, subrogation payments, and other settlement payments received.
- The Excel spreadsheet calculates the **Total Payments for the Month**.
- Report the **Remaining IBNR for the Month**. The remaining IBNR is the estimated amount to be paid for services incurred through the report month but not yet reported. IBNR should not include estimated bonus payments, unless specifically accounted for in the provider's contract. A brief explanation of the IBNR estimate should be attached.
- The Excel spreadsheet calculates the **Medical Services Payments and Remaining IBNR for the Month**.
- The Excel spreadsheet calculates the **Medical Loss Ratio** as Total Medical Services Payments and Remaining IBNR divided by the Medical Fund Target.

SUMMARY REPORT
For the Quarter Ended <INSERT DATE >**

<u>Report Title:</u>	Members	Over (Under) Paid
Premium Discrepancy Report	5	\$ (419.61)
No Premium Report	2	(282.70)
No Eligibility Report	2	535.68
Total	<u>9</u>	<u>\$ (166.63)</u>

Note: The first row of member detail on each report provides the detail the MCO has on file, based on information from eligibility tapes received from the State. This row also includes a calculation of the amount of premium expected. The second row (State Info) details the premium actually received from the State, per the monthly premium tape.

Report Definitions

Calculated Age	The age of the member is calculated based on the Start Date, per the premium tape received from the State, less the member's Date of Birth, per the eligibility information maintained by the MCO based on the eligibility tapes received. Neither the member's age nor the Date of Birth are on the premium tape.
MCO Effective Date	The date the MCO has the member effective. The source of this information is the eligibility tape received from the State.
MCO Term Date	The date the MCO has the member terminated. The source of this information is the eligibility tape received from the State.
State Start Date	The starting date for which the State is paying premiums, per the premium tape received from the State.
State End Date	The ending date for which the State is paying premiums, per the premium tape received from the State.
Amount Expected	The expected amount of premium to be paid per reporting period, based upon eligibility information.

Total	\$ -	127	\$ 5,547.36	\$ -	\$ 5,547.36
Net Due					\$ 5,547.36

Claims Paid

Represents claim paid during the month noted. A detail report by date of service and date paid is also attached. These claims have already been paid and, as such, the total represents the amount DCS needs to reimburse the Bureau of TennCare.

Number of Members Termed

Represents a count of the number of members whose eligibility termed during the noted month.

Administrative Fee

The agreed upon flat administrative fee owed for each unique member span.

Net Due

Current amount of Administrative Fee owed to VSHP. (Administrative Fee less Amount Received)

**AGREEMENT
BETWEEN
THE STATE OF TENNESSEE, d.b.a. TENNCARE
AND
VOLUNTEER STATE HEALTH PLAN, INC.**

This Professional Services Agreement, hereinafter referred to as the "TennCare Select Agreement" is entered into by and between THE STATE OF TENNESSEE, hereinafter referred to as "TENNCARE" and Volunteer State Health Plan, Inc., herein after referred to as "the CONTRACTOR" for the administration of the state's TennCare health plan, "TennCare Select".

WHEREAS, the purpose of this Agreement is to: (1) provide services to populations who are more difficult to serve because of their health care needs, their mobility, and/or their geographic location; and (2) to serve as a back-up in any area of the state where TennCare enrollees cannot be adequately served by other TennCare HMOs, either in the event of the unexpected exit of an existing risk HMO or a need for additional capacity;

WHEREAS, consistent with HCFA policy the State desires to examine and evaluate a service delivery strategy that will conform to new federal criteria regarding children with special health care needs;

WHEREAS, the State is committed to the implementation of the Remedial Plan for Children in State Custody as filed with the court on May 12, 2000; however, consistent with the Revised Remedial Plan submitted to Federal court on December 18, 2000 (John B. et al v. N. Menke et al, No. 3-98-0168) and subject to final approval, the state believes that a non-risk HMO can better serve children in state custody;

WHEREAS, the CONTRACTOR has successfully demonstrated an ability to provide TennCare services under the Contractor Risk Agreement dated September 11, 1995 as amended and has provided said services for a period of approximately seven years;

WHEREAS, the CONTRACTOR, as a major health maintenance organization in the State of Tennessee, has an established state-wide provider network that can be amended, at the provider's option, to provide the health care services described in this Agreement;

WHEREAS, the CONTRACTOR has a demonstrated record of timely claims processing;

WHEREAS, the CONTRACTOR is a corporation which has qualified as a Health Maintenance Organization as described in the Code of Federal Regulations 42 CFR Part 434 or complies with Tennessee Code Annotated Section 56-32-201 (et. Seq.), is licensed to operate as a health maintenance organization in the State of Tennessee, is capable of arranging for health care services provided to covered persons for whom it has received an administrative payment and is engaged in said business and is willing to do so upon and subject to the terms and conditions hereof;

NOW, THEREFORE, in consideration of the mutual promises contained herein the parties have agreed and do hereby enter into this Agreement according to the provisions set forth herein:

1 GENERAL PROVISIONS

1-1 Notice and Agreement

All notices required to be given under this Agreement shall be given in writing, and shall be sent by United States Certified Mail, Postage Prepaid, Return Receipt Requested, to the appropriate party at the address given below, or at such other address (or addresses) as may be provided by notice given under this Section.

If to TENNCARE:

Mark E. Reynolds,
Deputy Commissioner
Bureau of TennCare
729 Church Street
Nashville, Tennessee 37247-6501

If to the CONTRACTOR:

Vicky Gregg
President and CEO
801 Pine Street
Chattanooga, Tennessee 37402-2555

1-2 Entire Agreement

This Agreement, including any Amendments or Attachments, represents the entire agreement between the CONTRACTOR and TENNCARE with respect to TennCare Select, the state's self-insured TennCare health plan. Correspondence and memorandums of understanding do not constitute part of this Agreement.

In the event of a conflict of language between the Agreement and any Amendments, the provisions of the Amendments shall govern. All applicable laws, regulations, court orders and policies (hereinafter referred to as Applicable Requirements), including those described in Section 6 of this Agreement are incorporated by reference into this Agreement. Any changes in those Applicable requirements shall be automatically incorporated into this Agreement by reference as soon as they become effective, provided, however, that nothing contained herein shall prejudice, restrict or otherwise limit the CONTRACTOR's right to maintain existing actions or initiate future actions challenging such Applicable Requirements in a court of competent jurisdiction, including seeking to stay or enjoin the applicability or incorporation of such requirements into this Agreement.

1-3 Definitions

The terms used in this Agreement shall be given the meaning used in the Rules and Regulations of the Bureau of TennCare. However, the following terms when used in this Agreement, shall be construed and/or interpreted as follows, unless the context expressly requires a different construction and/or interpretation. In the event of a conflict in language between the Definitions, Addendum, Attachments, and other Sections of this Agreement, the language in Sections 1 through 7 of this Agreement shall govern.

1. Administrative Cost - All costs to the Contractor related to the administration of this Agreement. Costs of subcontractors engaged solely to perform a non-medical administrative function for the CONTRACTOR specifically related to securing or fulfilling the CONTRACTOR's obligations to TENNCARE under the terms of this Agreement (e.g., claims processing, marketing) are considered to be an "administrative cost".

2. Adverse Action - Any action taken by the Contractor to deny, reduce, terminate, delay or suspend a covered service as well as any other acts or omissions of the Contractor which impair the quality, timeliness or availability of such benefits.
3. Appeal Procedure - The process to resolve an enrollee's right to contest verbally or in writing, any adverse action taken by the CONTRACTOR to deny, reduce, terminate, delay, or suspend a covered service as well as any other acts or omissions of the CONTRACTOR which impair the quality, timeliness or availability of such benefits. The appeal procedure shall be governed by TennCare rule 1200-13-12-.11 and any and all applicable court orders. Complaint shall mean an enrollee's right to contest any other action taken by the CONTRACTOR or service provider other than those that meet the definition of an adverse action.
4. Benefits - A schedule of health care services to be delivered to enrollees covered in the CONTRACTOR's plan developed pursuant to Section 2 of this Agreement.
5. Best Practice Guidelines - Guidelines for provision of health and behavioral health services to children in state custody.
6. Best Practice Network (BPN) - A group of Best Practice Providers.
7. Best Practice Provider (BPP) - A provider (primary care, behavioral health, or dental) who has been determined by the state to have the interest, commitment, and competence to provide appropriate care for children in state custody, in accordance with the Remedial Plan and statewide Best Practice Guidelines, and who has agreed to be in the MCO network.
8. Behavioral Health Organization (BHO) - An entity which organizes and assures the delivery of mental health and substance abuse services.
9. Behavioral Health Referral Center - Either a tertiary pediatric center, private psychiatric group, or other entity which contracts with the state to develop the behavioral health capacity needed to serve as the safety-net to provide assessments and care plans for children in custody.
10. Case Manager - An organization or a provider responsible for supervising or coordinating the provision of initial and primary care to patients; for initiating and/or authorizing referrals for specialty care; and for monitoring the continuity of patient care services.
11. Carve-out for Children in State Custody - An arrangement that TennCare establishes so that all children in state custody are assigned to one MCO and one BHO.
12. Center of Excellence for Children in or at Risk of State Custody - Tertiary care academic medicine center designated by the state as possessing, or being in a position to quickly develop, expertise in pediatrics, child behavioral health issues (including aggression, depression, attachment disorders and sexualized behaviors), and the unique health care needs of children in or at risk of state custody.
13. Center of Excellence for AIDS - Integrated networks designated by the State as able to provide a standardized and coordinated delivery system encompassing a range of services needed by TennCare eligibles with HIV disease.
14. CFR - Code of Federal Regulations.
15. Children At Risk of State Custody - Children who are determined to belong in one of the following two groups:
 - a. Children at imminent risk of entering custody - Children who are at risk of entering state custody as identified pursuant to TCA 37-5-103(10).
 - b. Children at serious risk of entering custody - Children whom DCS has identified as a result of a CPS referral; or children whose parents or guardians are considering voluntary surrender (who come to the

attention of DCS); and who are highly likely to come into custody as a result of being unable to access behavioral health services.

16. Children with Special Health Needs Steering Panel (CSHN Steering Panel) - An entity comprised of representatives of providers, advocates, the State, the plaintiffs of the Revised Remedial Plan, managed care entities, and referral sites whose responsibility will be to guide and assess the development of a health service system for children in state custody, and where appropriate, make recommendations to the Executive Oversight Committee.
17. Clarification - A revision that is not a change or amendment to the Agreement but is only a revision in language to more accurately reflect the existing agreement between the parties. Such clarification is a housekeeping item only, and as such, bears an effective date of the Agreement.
18. Clean claim - A claim received by the MCO for adjudication, and which requires no further information, adjustment, or alteration by the provider of the services in order to be processed and paid by the MCO.
19. Community Service Area - Community Service Area (CSA) shall mean one (1) or more counties in a defined geographical area in which the CONTRACTOR is authorized to enroll and serve TennCare members in exchange for a monthly fee.

The following geographical areas shall constitute the twelve (12) Community Service Areas in Tennessee:

Northwest CSA	-	Lake, Obion, Weakley, Henry, Dyer, Crockett, Gibson, Carroll and Benton
Southwest CSA	-	Lauderdale, Haywood, Madison, Henderson, Decatur, Tipton, Fayette, Hardeman, Hardin, Chester and McNairy
Shelby CSA	-	Shelby County
Mid-Cumberland CSA	-	Stewart, Montgomery, Robertson, Sumner, Trousdale, Houston, Dickson, Cheatham, Wilson, Humphreys, Williamson and Rutherford
Davidson CSA	-	Davidson County
South Central CSA	-	Perry, Hickman, Maury, Marshall, Bedford, Coffee, Wayne, Lewis, Lawrence, Giles, Lincoln and Moore
Upper Cumberland CSA	-	Macon, Clay, Pickett, Smith, Jackson, Overton, Fentress, Dekalb, Putnam, Cumberland, White, Cannon, Warren and Van Buren
Southeast CSA	-	Franklin, Grundy, Sequatchie, Bledsoe, Rhea, Meigs, McMinn, Polk, Bradley and Marion
Hamilton CSA	-	Hamilton County
East Tennessee CSA	-	Scott, Campbell, Claiborne, Morgan, Anderson, Union, Grainger, Hamblen, Jefferson, Cocke, Sevier, Blount, Monroe, Loudon and Roane
Knox CSA	-	Knox County
First Tennessee CSA	-	Hancock, Hawkins, Sullivan, Greene, Washington, Unicoi, Carter and Johnson

20. Complaint - The process to resolve an enrollee's right to contest any action taken by the CONTRACTOR or service provider other than an adverse action. The CONTRACTOR shall not treat anything as a complaint that falls within the definition of adverse action.
21. Covered Service - See Benefits.
22. Credentialing Verification Organization - The organization contracting with the State to verify primary care provider and all other physician credentials.
23. Department of Children's Services (DCS) - The state agency responsible for child protective services, foster care, adoption, programs for delinquent youth, probation, aftercare, treatment and rehabilitation programs for identified youth, and licensing for all child-welfare agencies, except for child (day) care agencies and child support.
24. DCS Custody Children - Children who have been identified by DCS as belonging in one of the following groups:
 - a. Children in the custody of DCS—Children in the legal and physical custody of DCS whose living arrangement is provided by DCS.
 - b. Children in the legal, but not physical, custody of DCS—Children who are in DCS's legal custody but who reside with parents or guardians or other caretakers.
25. DHHS - United States Department of Health and Human Services.
26. Disenrollment - The discontinuance of a member's entitlement to receive covered services under the terms of this Agreement, and deletion from the approved list of members furnished by TENNCARE to the CONTRACTOR.
27. Eligible Person - Any person certified by TENNCARE as eligible to receive services and benefits under the TennCare Program.
28. Emergency Medical Services (or Emergency Services) - Covered inpatient and outpatient services furnished by a qualified provider that are needed to evaluate or stabilize an emergency medical condition that is found to exist using the prudent layperson standard; and emergency ambulance transport.
29. Emergency Medical Condition - A medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in placing the health of the individual (or with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part.
30. Enrollee - Any person who has enrolled in the CONTRACTOR's plan in accordance with the provisions of this Agreement. (See Member, also).
31. Enrollee Month - A month of health care coverage for a TennCare eligible enrolled in an MCO plan.
32. Enrollment - The process by which a person becomes a member of the CONTRACTOR's plan through the TennCare Bureau.
33. Essential Hospital Services - Hospital services to which it is essential for an MCO to provide access. Essential Hospital services include neonatal, perinatal, pediatric, trauma and burn services.
34. Executive Oversight Committee - The Committee with primary oversight responsibility for the implementation of the revised remedial plan.

- 35. Facility – Any premises (a) owned, leased, used or operated directly or indirectly by or for the CONTRACTOR or its affiliates for purposes related to this Agreement; or (b) maintained by a subcontractor or provider to provide services on behalf of the CONTRACTOR.
- 36. Fee-for-Service - A method of making payment for health services based on a fee schedule that specifies payment for defined services.
- 37. FTE - Full time equivalent position.
- 38. Grand Region – A defined geographical region that includes specified Community Service Areas in which a CONTRACTOR is authorized to enroll and serve TennCare members in exchange for a monthly fee. The following Community Service Areas constitute the three (3) Grand Regions in Tennessee:

<u>East Grand Region</u>	<u>Middle Grand Region</u>	<u>West Grand Region</u>
First Tennessee	Upper Cumberland	Northwest
East Tennessee	Mid Cumberland	Southwest
Knox	Davidson	Shelby
Southeast Tennessee	South Central	
Hamilton		

- 39. HCFA - Health Care Financing Administration.
- 40. Health Maintenance Organization (HMO) - An entity certified by the Department of Commerce and Insurance under applicable provisions of Tennessee Code Annotated (T.C.A.) Title 56, Chapter 32.
- 41. Health Services Team/Implementation Team - A team consisting of an administrator /case manager, pediatrician, mental health professional and clerical support who are charged with staffing the Executive Oversight Committee and the steering panel overseeing the operational details of the Revised Remedial Plan. The Implementation Team can determine if services which have been ordered for children in custody or at imminent risk of custody and denied by the MCO are to be implemented while awaiting the results of an appeal.
- 42. Hospice - Services as described in Medicaid rule 1200-13-10 and the Code of Federal Regulations 42 CFR Part 418 which are provided to terminally ill individuals who elect to receive hospice services provided by a certified hospice agency.
- 43. IRS - Drugs that are Identical, Related or Similar to LTE drugs.
- 44. LTE - Drugs that the Food and Drug Administration (FDA) considers to be Less Than Effective because there is a lack of substantial evidence of effectiveness for all labeled indications and for which there is no compelling justification for their medical need.
- 45. MCO and BHO Coordination Agreement – An agreement between the MCO and BHO that specifies roles and responsibilities of each organization designed to assure care coordination, case management and continuity of care.
- 46. Managed Care Organization (“MCO”) - An HMO which participates in the TennCare program.
- 47. Marketing - Any activity conducted by or on behalf of the CONTRACTOR where information regarding the services offered by the CONTRACTOR is disseminated in order to persuade eligible persons to enroll or accept an application for enrollment in the CONTRACTOR's plan operated pursuant to this Agreement.
- 48. Market Area - One (1) or more community service areas in which the CONTRACTOR is authorized, by terms of this Agreement, to market eligible persons for enrollment in the CONTRACTOR's plan.

49. Medical Record - A single complete record kept at the site of the member's treatment(s), which documents all of the treatment plans developed, medical services ordered for the member and medical services received by the member.
50. Medically Necessary - Services or supplies provided by an institution, physician, or other provider that are required to identify or treat a TennCare enrollee's illness, disease, or injury and which are:
- a. Consistent with the symptoms or diagnosis and treatment of the enrollee's illness, disease, ailment, or injury; and
 - b. Appropriate with regard to standards of good medical practice; and
 - c. Not solely for the convenience of an enrollee, physician, institution or other provider; and
 - d. The most appropriate supply or level of services which can safely be provided to the enrollee. When applied to the care of an inpatient, it further means that services for the enrollee's medical symptoms or condition require that the services cannot be safely provided to the enrollee as an outpatient; and
 - e. When applied to enrollees under 21 years of age, services shall be provided in accordance with EPSDT requirements including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.
51. Member - A person who enrolls in the CONTRACTOR's plan under the provisions of this Agreement with TENNCARE. (See Enrollee, also).
52. NAIC -- National Associations of Insurance Commissioners.
53. Non-Contract Provider - Any person, organization, agency, or entity that is not directly or indirectly employed by or through the CONTRACTOR or any of its subcontractors pursuant to the Agreement between the CONTRACTOR and TENNCARE.
54. Out-of-Plan Services - Services provided by a non-contract provider.
55. Pharmacy Benefits Manager (PBM) -- An entity responsible for the provision and administration of pharmacy services.
56. Post-stabilization Care Services - Non-emergency services subsequent to an emergency that a treating physician views as medically necessary after an emergency medical condition has been stabilized.
57. Presumptive Eligible - Temporary eligibility granted to a pregnant woman whose family income is at or below a specified percentage of the federal poverty level in order for the woman to receive prenatal care services.
58. Primary Care Physician - A physician responsible for supervising, coordinating, and providing initial and primary care to patients; for initiating referrals for specialist care; and for maintaining the continuity of patient care. A primary care physician is a physician who has limited his practice of medicine to general practice or who is a Board Certified or Eligible Internist, Pediatrician, Obstetrician/Gynecologist, or Family Practitioner.
59. Primary Care Provider - A primary care physician or registered professional nurse or physician assistant practicing in accordance with state law who is responsible for supervising, coordinating, and providing initial and primary care to patients; for initiating referrals for specialist care; and for maintaining the continuity of patient care.
60. Primary Treatment Center (PTC) - A center developed by DCS for the purpose of providing short-term evaluation and treatment to children who have just come into custody, children already in state custody, children who have been released from state custody and who have been recommitted, and children who are at imminent risk of entering custody.

61. Prior Authorization - The act of authorizing specific services or activities before they are rendered or activities before they occur.
62. Program Integrity - The Program Integrity unit is responsible for assisting with the prevention, identification and investigation of fraud and abuse within the health care system.
63. Provider - An institution, facility, agency, person, corporation, partnership, or association approved by TENNCARE which accepts as payment in full for providing benefits the amounts paid pursuant to a provider agreement with the CONTRACTOR.
64. Provider Agreement - An agreement between an MCO and a provider or an MCO's subcontractor and a provider of health care services which describes the conditions under which the provider agrees to furnish covered services to the MCO's members.
65. Quality Improvement (QI) - The ongoing process of responding to data gathered through quality monitoring efforts, in such a way as to improve the quality of health care delivered to individuals. This process necessarily involves follow-up studies of the measures taken to effect change in order to demonstrate that the desired change has occurred.
66. Quality Monitoring (QM) - The ongoing process of assuring that the delivery of health care is appropriate, timely, accessible, available, and medically necessary and in keeping with established guidelines and standards and reflective of the current state of medical knowledge.
67. "Revised Remedial Plan" (for Children in State Custody) - The plan submitted to Federal court on December 18, 2000 that contains revisions to the Remedial Plan to insure the proper coordination and delivery of health services for children in custody through a carve-out entity.
68. "Remedial Plan" (for Children in State Custody) - The Agreed Order entered into by the state to insure the proper coordination and delivery of health services for children in custody, pursuant to the EPSDT mandate of the Medicaid Act and in accordance with the EPSDT Consent Decree.
69. Savings - Residual monies remaining after the administrative costs described in this Agreement are deducted from administrative payment fees paid by TENNCARE.
70. Service Location - Any location at which an enrollee obtains any health care service covered by the CONTRACTOR pursuant to the terms of this Agreement.
71. Service Site - The locations designated by the CONTRACTOR at which members shall receive primary care provider and preventive services.
72. Services - The benefits described in Section 2-3 and the Quality of Care Monitors (Attachment II of this Agreement).
73. Shall - Indicates a mandatory requirement or a condition to be met.
74. Specialty Services - Includes Essential Hospital Services, services provided by Centers of Excellence, and specialty physician services.
75. State - State of Tennessee.
76. Subcontract - An agreement entered into by the CONTRACTOR with any other organization or person who agrees to perform any administrative function or service for the CONTRACTOR specifically related to securing or fulfilling the CONTRACTOR's obligations to TENNCARE under the terms of this Agreement, (e.g., claims processing, marketing) when the intent of such an agreement is to delegate the responsibility for any major service or group of services required by the TENNCARE/MCO Agreement. This shall also include any and all agreements between any and all subcontractors for the purposes related to securing or fulfilling the CONTRACTOR's obligations to TENNCARE under the terms of this

Agreement. Agreements to provide covered services as described in Section 2-3 of the TENNCARE/MCO Agreement shall be considered Provider Agreements and governed by Section 2-18 of this Agreement.

77. Subcontractor - Any organization or person who provides any function or service for the CONTRACTOR specifically related to securing or fulfilling the CONTRACTOR's obligations to TENNCARE under the terms of this Agreement.
78. TennCare - The State of Tennessee and any entity authorized by statute or otherwise to act on behalf of the State of Tennessee in administering and/or enforcing the terms of this Agreement. Such entity(s) may include, but are not limited to, the TennCare Bureau, the Department of Health, the Department of Finance and Administration, the Department of Mental Health and Mental Retardation, the TennCare Division within the Tennessee Department of Commerce and Insurance and the Tennessee Bureau of Investigation, Medicaid Fraud Control Unit.
79. Tennessee Bureau of Investigation, Medicaid Fraud Control Unit (TBI MFCU) -- The State agency responsible for the investigation of provider fraud and abuse in the State Medicaid Program.
80. Tennessee Department of Mental Health and Developmental Disabilities ("TDMHDD") - The State agency having the statutory authority to provide care for persons with mental illness and persons with developmental disabilities. For the purposes of this Agreement, TDMHDD shall mean the State Of Tennessee and any entity authorized by statute or otherwise to act on behalf of the State of Tennessee in administering and/or enforcing the terms of this Agreement.
81. Tertiary Pediatric Center (Center of Excellence for Children in or at risk of Custody) - A site recognized by the services it offers to be a referral site for children needing the highest level of physical care. The five recognized tertiary care centers for pediatrics are in Johnson City, Knoxville, Chattanooga, Nashville, and Memphis.
82. Third Party Resource - Any entity or funding source other than the enrollee or his/her responsible party, which is or may be liable to pay for all or part of the cost of medical care of the enrollee.
83. Third Party Liability -- Any amount due for all or part of the cost of medical care from a third party.
84. Vital MCO Documents -- Consent forms and notices pertaining to the reduction, denial, delay, suspension or termination of services.

1-4 Applicability of this Agreement

All terms, conditions, and policies stated herein apply to staff, agents, officers, subcontractors, providers, volunteers and anyone else acting for or on behalf of the CONTRACTOR. TennCare enrollees are the intended third party beneficiaries of contracts between the state and managed care organizations and of any subcontracts or provider agreements entered into by managed care organizations with subcontracting providers and, as such, enrollees are entitled to the remedies accorded to third party beneficiaries under the law. This provision is not intended to provide a cause of action against the Bureau of TENNCARE or the State of Tennessee by enrollees beyond any that may exist under state or federal law.

2 CONTRACTOR RESPONSIBILITIES

2-1 General

The CONTRACTOR shall comply with all the provisions of this Agreement and amendments and shall act in good faith in the performance of the provisions of said Agreement. The CONTRACTOR shall respect the individual legal rights (including rights conferred by the Agreement) of every enrollee, regardless of the individual's family status as head of household, dependent, or otherwise. Nothing in this Agreement shall be construed to limit the rights or remedies of enrollees under state or federal law. The CONTRACTOR acknowledges that failure to comply with aforementioned provisions may result in the assessment of liquidated damages and/or termination of the Agreement in whole or in part, and/or imposition of other sanctions as set forth in Section 6 of this Agreement.

The CONTRACTOR shall comply with the following requirements at the inception of this Agreement and at all times during the life of this Agreement:

- a. Be appropriately licensed to operate within the State of Tennessee.
- b. Demonstrate the existence of a network of health care providers capable of providing comprehensive health care services as defined in this Agreement and in accordance with TennCare Program criteria for time/distance/location/patient volume, to all enrollees in the CONTRACTOR's plan.

Services shall, to the extent practical considering quality, accessibility and cost, be provided within the community service area(s) served by the MCO, unless otherwise authorized by TENNCARE.
- c. Demonstrate sufficient capacity to provide services in accordance with the requirements of this Agreement for up to 300,000 enrollees or the actual number of enrollees enrolled, whichever is greater. This provision is not intended to guarantee enrollment of 300,000 enrollees, nor limit enrollment to 300,000 enrollees. Rather, it is intended to demonstrate the CONTRACTOR's ability and readiness to serve as back-up health plan in the event of a failure of a risk MCO.
- d. Clearly demonstrate the capability and intent to provide primary care case management services to TennCare eligible enrollees either by the organizational structure of the MCO using case managers or by primary care providers (PCPs), at the MCO's discretion, for all health care services provided to enrollees.
- e. Assure availability of service providers outside the community service network for covered services that are not commonly provided in that particular community area.
- f. In accordance with Title 56, Chapter 32, Part 2, or the CONTRACTOR's Certificate of Authority requirements, whichever is greater, demonstrate sufficient financial capital to ensure uninterrupted delivery of health care on an ongoing basis.
- g. Demonstrate sufficient network capability and a willingness, when so directed by TENNCARE, to accept a reasonable number of enrollees enrolled, or requesting enrollment, in any health plan operating in the same community as the CONTRACTOR, including any plan which fails, is terminated in whole or in part, becomes unable to take new enrollees, maintain existing enrollment or discontinues service in the area for any reason. Notwithstanding any provision herein to the contrary, the State reserves the right to transfer enrollee members based upon the demonstrated capacity of the CONTRACTOR, when the State determines that it is in the best interests of the TENNCARE program.
- h. Comply with clear and measurable Provider Network, Claims Processing, Financial/Actuarial, Clinical/Quality and Member/Provider service standards of accountability defined by TENNCARE and specified in this Agreement. Specific workgroups with MCO representation will be assigned to develop benchmarks for Clinical/Quality performance indicators specified in Attachment II.

- i. The CONTRACTOR shall provide the capability of electronic billing for all of their TennCare plans offered in Tennessee. The CONTRACTOR or any entities acting on behalf of the CONTRACTOR shall not charge providers for filing claims electronically. However, this provision shall not be construed to imply that providers may not be responsible for payment of applicable line fees and/or charges. The CONTRACTOR shall comply at all times with standardized paper billing forms/format as follows:

<u>Claim Type</u>	<u>Claim Form</u>
Professional	HCFA 1500
Institutional	UB-92
Pharmacy	NCPDP (Edit Format)
Dental	ADA

The CONTRACTOR shall not revise or modify the standardized form or format itself. Further, the CONTRACTOR agrees to adopt national EMC standards and standardized instructions and definitions that are consistent with industry norms for the forms identified above when developed by TENNCARE in conjunction with appropriate workgroups.

As required in Sections 2.9.7 and 6 of this Agreement, the CONTRACTOR also agrees to comply with the Health Insurance Portability and Accountability Act (HIPAA). Further, the CONTRACTOR agrees that at such time that TENNCARE in conjunction with appropriate work groups presents recommendations concerning claims billing and processing that are consistent with industry norms, the CONTRACTOR shall comply with said recommendations within one hundred and eighty (180) days from notice by TENNCARE to do so.

The CONTRACTOR agrees to comply with prompt pay claims processing requirements in accordance with TCA 56-32-226.

Failure to comply with the aforementioned claims processing requirements shall result in the CONTRACTOR being required to implement a corrective action plan as described in Section 2-16, and shall result in the application of liquidated damages and/or intermediate sanctions as described in Section 6-8 of this Agreement.

- j. Agree to adhere to the quality standards and preventive health standards that are required by TENNCARE.
- k. Unanimously agree with other MCOs in the TennCare system for the provision of pharmacy services to TennCare enrollees who reside in long term care facilities (nursing homes) so that only one pharmacy (unit dose vendor) shall be responsible for the provision of pharmacy services to all TennCare enrollees in each nursing home. The scope of pharmacy services available to long term care facility residents shall be the scope of pharmacy services available under the MCO plan to enrollees not residing in the long term care facility. The MCOs will agree on the pharmacy providing the services and the formulary used in each facility; however, the rates of reimbursement, claims submission methods and payment schedules for pharmacy services will be determined by each individual MCO plan.
- l. Agree to not require service providers to accept TennCare Select reimbursement amounts for services provided under any non- TennCare plan operated or administered by the CONTRACTOR.
- m. Agree to report all provider related data required pursuant to this Agreement to TENNCARE using a uniform provider number (i.e., All MCOs must transmit each provider related record to TENNCARE using the same provider identification number regardless of which or how many MCOs the provider participates in.) The uniform number to be reported for all providers except pharmacy will be the traditional "Medicaid" provider number. Prior to payment of a claim, the MCO shall require that providers that have not been enrolled in the TennCare Program previously as a Medicaid provider or as a provider who currently receives direct payment from TENNCARE (i.e., Medicare cost sharing) contact the Medicaid/TennCare Provider Enrollment Unit and obtain a "Medicaid" provider number. The issuance of a provider number by TennCare is simply for the purpose of establishing a common provider number for reporting purposes as required by this Section and does not imply any enrollment in the TennCare program or that TENNCARE has credentialed the provider or convey any other contractual relationship or any other responsibility with the provider. Pharmacy providers shall use the National Association Board of

Pharmacy (NABP) number that has been assigned. At such time as TENNCARE makes a Medicaid Provider I.D. listing available to pharmacists, the CONTRACTOR shall capture and report the prescribing provider's Medicaid provider number as required in Attachment XII, Exhibit G of this Agreement. CONTRACTOR agrees that at such time that the Health Care Financing Administration establishes a national uniform identification number, at the State's request, the CONTRACTOR shall agree to utilize HCFA's newly established uniform provider numbers for all provider reporting purposes.

- n. Agree to display notices of the enrollee's right to appeal adverse actions affecting services in public areas of the CONTRACTOR's facility(s) in accordance with TennCare rules, regulations, policies and court orders.
- o. The CONTRACTOR shall assure that one month prior to and throughout the annual MCO choice period, all communication and/or materials representing the CONTRACTOR's provider network shall accurately reflect the CONTRACTOR's provider network that will be available to enrollees on the enrollees' effective date. The CONTRACTOR shall not take action to disenroll an in-network primary care provider, specialist, or hospital provider to be included in the MCOs network for the upcoming calendar year after the first of September for one year except for the following:
 - 1. The provider has repeatedly failed to comply with the CONTRACTOR's policies and or procedures, the CONTRACTOR has received repeated and/or numerous enrollee complaints regarding the provider, there is reasonable suspicion that the provider is impaired due to drug or alcohol abuse or existing medical conditions, etc.; or
 - 2. The provider and the CONTRACTOR are unable to negotiate continuance of the provider agreement; or
 - 3. Provider requests disenrollment; or
 - 4. The provider has been excluded from participation in the Medicare and/or Medicaid programs pursuant to Sections 1128 or 1156 of the Social Security Act; or
 - 5. The provider has lost his/her license or is otherwise not in good standing with the TENNCARE program;
 - 6. The provider fails credentialing or re-credentialing; or
 - 7. Any other reason approved in writing by TENNCARE.
- p. The CONTRACTOR shall utilize the Credentialing Verification Organization (CVO) contracted by the State to verify primary care provider and all other physician credentials as described in Section 2-9.6 of this Agreement.
- q. Agree to coordinate reimbursement to enrollees identified by TennCare who have incurred cost-sharing liabilities in excess of their out of pocket expenditure maximum.
- r. Mutually agree to such other requirements as may be reasonably established by TENNCARE.
- s. Agree to educate primary care providers and encourage them to submit the appropriate diagnosis codes identified by TennCare in conjunction with evaluation and management procedure codes for EPSDT services and monitor compliance.

2-2 Remedial Plan Requirements

- a. The CONTRACTOR shall develop and maintain a Best Practice Network of providers with the appropriate expertise and experience and willingness in the special health care needs of children in state custody.
- b. The CONTRACTOR hereby agrees to serve as the designated carve-out MCO for the purpose of meeting the requirements of the Revised Remedial Plan and agrees to satisfy all special requirements for the delivery of services to children in state custody. If the Revised Remedial Plan is not approved by the court, the CONTRACTOR agrees to participate fully in the implementation of the Remedial Plan for Children as filed with the Federal Court on May 12, 2000.

2-3 TennCare Covered Benefits and Service Limitations

2-3.1 Covered Benefits

The CONTRACTOR shall cover, at a minimum, the services and benefits as outlined below.

SERVICE	BENEFIT
Inpatient Hospital Days (including days at a designated perinatal center)	As medically necessary. Pre-admission approval and concurrent reviews allowed.
Outpatient Hospital Services	As medically necessary.
Physician Inpatient Services	As medically necessary. This shall include acupuncture performed by a Physician or a registered nurse as an anesthetic in connection with a surgical procedure.
Physician Outpatient Services	As medically necessary. This shall include acupuncture performed by a Physician or a registered nurse as an anesthetic in connection with a surgical procedure.
Lab & X-Ray Services	As medically necessary.
Newborn Services	As medically necessary including circumcisions performed by a physician.
Hospice Care (must be provided by an organization certified pursuant to Medicare Hospice requirements)	As medically necessary.
Dental Services	Preventive, diagnostic and treatment services for enrollees under age 21. Services for enrollees age 21 or older limited to cases of accidental injury to or neoplasms of the oral cavity, life threatening infection, accidental injury to natural teeth including their replacement (limited to the cost of bridgework of the replacement of teeth injured in an accident unless teeth implants are medically necessary) and the removal of impacted wisdom teeth. (The adult dental "accident" must be caused by some external force, like a car accident, not by some normal act of mastication, or grinding of teeth while sleeping, or any other naturally occurring circumstance.) Orthodontics limited to individuals under 21 except when an orthodontic treatment plan is approved prior to the enrollee attaining 20 1/2 years of age, and treatment is initiated prior to the recipient attaining 21 years of age, or when orthodontic treatment is the result of facial hemiatrophy or congenital birth defects (if enrollee was covered by TennCare at birth).

Vision Services	Preventive, diagnostic and treatment services (including eyeglasses) for enrollees under age 21. The first pair of cataract glasses or contact lens/lenses following cataract surgery is covered for adults.
Home Health Care	As medically necessary.
Pharmacy Services (obtained directly from an ambulatory retail pharmacy setting, outpatient hospital pharmacy, mail order pharmacy or those administered to a long term care facility resident (nursing facility))	<p>As medically necessary. Non-covered therapeutic classes as described in 2-13.13, DESI, LTE, IRS drugs excluded.</p> <p>Effective July 1, 2000, TENNCARE shall assume responsibility for the provision and payment of pharmacy benefits to individuals who are enrolled in the TennCare Program in the category of TennCare/Medicare dual eligible. (However, this does not include pharmaceuticals administered in a doctor's office or through Home Health Services).</p> <p>TENNCARE is not responsible for the provision and payment of pharmacy services for TennCare/Medicare dual eligibles prior to the date that TENNCARE has notified the CONTRACTOR through the regular electronic eligibility update that these individuals are eligible in the TennCare/Medicare dual eligible category.</p>
Durable Medical Equipment	As medically necessary.
Medical Supplies	As medically necessary.
Emergency Ambulance Transportation	As medically necessary.
Non-Emergency Ambulance Transportation	As medically necessary.
Non-Emergency Transportation	<p>As necessary for enrollees lacking accessible transportation for covered services.</p> <p>The travel to access primary care and dental services must meet the requirements of the waiver terms and conditions. The availability of specialty services as related to travel distance should meet the usual and customary standards for the community. However, in the event the MCO is unable to negotiate such an arrangement for an enrollee, transportation must be provided regardless of whether or not the enrollee has access to transportation. If the enrollee is a child, transportation must be provided for the child and an accompanying adult. However, transportation for a child shall not be denied pursuant to any</p>

	policy which poses a blanket restriction due to enrollees age or lack of parental accompaniment.
Community Health Services	As medically necessary.
Renal Dialysis Services	As medically necessary.
EPSDT Services for enrollees under age 21 in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.	Screening, diagnostic and follow-up treatment services as medically necessary in accordance with federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989 for enrollees under 21. Screens shall be in accordance with the periodicity schedule set forth in the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care" and all components of the screens must be consistent with the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care". Tools to be used for screenings shall be consistent with the EPSDT Screening Guidelines as described in Attachment VIII of the Agreement. EPSDT services also include maintenance services which are services which have been determined to be effective in preventing or mitigating the worsening of an individual's conditions or preventing the development of additional health problems.
Rehabilitation Services	As medically necessary when determined cost effective by the MCO. All medically necessary services shall be provided to enrollees under 21 years of age in accordance with EPSDT requirements including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.
Chiropractic Services	When determined cost effective by the MCO.
Private Duty Nursing	As medically necessary and when prescribed by an attending physician for treatment and services rendered by registered nurse (R.N.) or a licensed practical nurse (L.P.N.), who is not an immediate relative.
Speech Therapy	As medically necessary, by a Licensed Speech Therapist to restore speech (as long as there is continued medical progress) after a loss or impairment. The loss or impairment must not be caused by a mental, psychoneurotic or personality disorder. All medically necessary services shall be provided to enrollees under 21 years of age in accordance with EPSDT requirements including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.

Sitter	As medically necessary, a sitter who is not a relative may be used where an enrollee is confined to a hospital as a bed patient and certification is made by a network physician that R.N. or L.P.N. is needed and neither is available.
Convalescent Care	Upon receipt of proof that a Covered Person has incurred Medically Necessary expenses related to convalescent care, the Plan shall pay for up to and including the one-hundredth (100 th) day of confinement during any calendar year for convalescent facility(ies) room, board and general nursing care, provided: (1) a Physician recommends confinement for convalescence; (2) the enrollee is under the continuous care of a Physician during the entire period of confinement; and (3) the confinement is required for other than custodial care.
Organ Transplants and Donor Organ Procurement	As medically necessary for a covered organ transplant.
Reconstructive Breast Surgery	In accordance with Tennessee Public Chapter 452 which requires coverage of all stages of reconstructive breast surgery on a diseased breast as a result of a mastectomy as well as any surgical procedure on the non-diseased breast deemed necessary to establish symmetry between the two breasts in the manner chosen by the physician. Note: Applicable CPT procedure codes regarding the revision of undiseased breast following mastopexy or mastectomy for breast cancer, for the purpose of restoring symmetry, shall be the CPT procedures codes in the following range: 19316 – 19396.

It is the intent of TENNCARE to contract directly with a dental vendor and assume responsibility for the provision and payment of dental benefits effective January 1, 2002. However, the CONTRACTOR shall maintain an adequate network for the provision of dental benefits until such time that TENNCARE provides the CONTRACTOR with written notice that TENNCARE will assume said responsibilities. TENNCARE shall provide the CONTRACTOR with sixty (60) days prior written notice with the understanding that said notice will become effective only in the event that appropriate approvals are granted and there are no outstanding issues that would prevent the State from securing the appropriate contract for the dental vendor.

2-3.2 Medical Necessity

The determination of medical necessity shall be made on a case by case basis. The CONTRACTOR shall not employ, and shall not permit others acting on their behalf to employ utilization control guidelines or other quantitative coverage limits, whether explicit or de facto, unless supported by an individualized determination of medical necessity based upon the needs of each TennCare enrollee and his/her medical history. The CONTRACTOR shall have the ability to place tentative limits on a service; however, such limits shall be exceeded when medically necessary based on a patient's individual characteristics. Any procedures used to determine medical necessity shall be consistent with the following definition:

Services or supplies provided by an institution, physician, or other provider that are required to identify or treat a TennCare enrollee's illness, disease, or injury and which are:

- i. Consistent with the symptoms or diagnosis and treatment of the enrollee's illness, disease, or injury; and
- ii. Appropriate with regard to standards of good medical practice; and
- iii. Not solely for the convenience of an enrollee, physician, institution or other provider; and
- iv. The most appropriate supply or level of services which can safely be provided to the enrollee. When applied to the care of an inpatient, it further means that services for the enrollee's medical symptoms or condition require that the services cannot be safely provided to the enrollee as an outpatient; and
- v. When applied to enrollees under 21 years of age, services shall be provided in accordance with EPSDT requirements including federal regulations as described in 42 CFR Part 441, Subpart B, and the Omnibus Budget Reconciliation Act of 1989.

2-3.3 Preventive Services

The following preventive medical services (identified by applicable CPT procedure codes and ADA procedure codes) shall be covered subject to any limitations described herein, within the scope of standard medical practice, and shall be exempt from any cost sharing responsibilities as described in Section 2-4.10 of this Agreement. In the event that the CPT codes listed below should be revised, consolidated, separated into individual parts, or replaced in part or in whole by new CPT codes, the services represented by the CPT codes listed below shall remain covered services. Vision services, hearing services, dental services and laboratory services not specifically listed herein, which are required pursuant to the Medicaid Early Periodic Screening, Diagnosis and Treatment (EPSDT) program for persons under age 21, shall be provided in accordance with the latest "American Academy of Pediatrics Recommendations For Preventive Pediatric Health Care" periodicity schedule for such services. It is the responsibility of the MCO to educate providers as to the importance and necessity of documenting all of the components of the screen, and of using the appropriate codes as directed by TENNCARE to the MCOs. It is also the responsibility of the MCO to communicate this data to TENNCARE as directed.

Office Visits	
NEW PATIENT	ESTABLISHED PATIENT
99381 – Initial evaluation	99391 – Periodic reevaluation
99382 – age 1 through 4 years	99392 – age 1 through 4 years
99383 – age 5 through 11 years	99393 – age 5 through 11 years
99384 – age 12 through 17 years	99394 – age 12 through 17 years
99385 – age 18 through 39 years	99395 – age 18 through 39 years
99386 – age 40 through 64 years	99396 – age 40 through 64 years
99387 – age 65 years and over	99397 – age 65 years and over

Counseling and Risk Factor Reduction Intervention	
INDIVIDUAL	GROUP
99401 – approximately 15 minutes	99411 – approximately 30 minutes
99402 – approximately 30 minutes	99412 – approximately 60 minutes
99403 – approximately 45 minutes	
99404 – approximately 60 minutes	

Family Planning Services - If not part of a Preventive Services office visit, should be billed using the Counseling and Risk reduction individual codes (99401-99404). Family planning supplies and prescription drugs are also exempt from cost sharing responsibilities.

Prenatal Care

59400	Routine obstetric care including antepartum care, vaginal delivery (with or without episiotomy, and/or forceps) and postpartum care
59410	Vaginal delivery only (with or without episiotomy and/or forceps)
59425	Antepartum care only, 4-6 visits
59426	Antepartum care only, 7 or more visits
59430	Postpartum care only (separate procedure)
59510	Routine obstetric care including antepartum care, cesarean delivery, and postpartum care
59515	Cesarean delivery only including postpartum care
59610	Routine obstetric care including antepartum care, vaginal delivery (with or without episiotomy and/or forceps) and postpartum, after previous cesarean delivery
59618	Routine obstetric care including antepartum care, cesarean delivery, and postpartum care, following attempted vaginal delivery after previous cesarean delivery

Other Preventive Services

99420	Administration and interpretation of health risk assessment instrument (e.g., health hazard appraisal)
90700 – 90744	Immunizations
92551	Screening test, pure tone, air only (Audiologic function)
92552	Pure tone audiometry (threshold); air only

Laboratory: Any laboratory test or procedure listed in the preventive services periodicity schedule when the service CPT code is one of the above preventive medicine codes. This includes mammography screening (76092) as indicated in the periodicity schedule.

Specific tests/procedures to be performed as part of the various visit codes listed above are found in the Quality of Care Monitor guidelines incorporated as Attachment II to this Agreement.

Preventive Dental Services for Children Under 21 Years of Age

D1110	Prophylaxis (when billed for children over age 12 and under age 21)
D1120	Prophylaxis
D1203	Topical Application of Fluoride (Prophylaxis not included) - child
D1310	Nutritional Counseling for Control of Dental Disease
D1320	Tobacco Counseling for the Control and Prevention of Oral Disease
D1330	Oral Hygiene Instructions
D1351	Sealant per Tooth

2-3.4 Dental Services

It is the intent of TENNCARE to contract directly with a dental vendor and assume responsibility for the provision and payment of dental benefits effective January 1, 2002. However, the CONTRACTOR shall maintain an adequate network for the provision of dental benefits until such time that TENNCARE provides the CONTRACTOR with written notice that TENNCARE will assume said responsibilities. TENNCARE shall provide the CONTRACTOR with sixty (60) days prior written notice with the understanding that said notice will become effective only in the event that appropriate approvals are granted and there are no outstanding issues that would prevent the State from securing the appropriate contract for the dental vendor.

2-3.5 Mental Health and Substance Abuse Services

All mental health related services and substance abuse services provided to enrollees shall be the responsibility of Behavioral Health Organizations (BHOs) who have a contractual arrangement with the Tennessee Department of Mental Health and Developmental Disabilities or the State. These services include:

- Psychiatric Inpatient Facility Services;
- Physician Psychiatric Inpatient Services;
- Outpatient Mental Health Services;
- Inpatient and Outpatient Substance Abuse Treatment Services;
- Psychiatric Pharmacy Services and Pharmacy Related Lab Services;
- Transportation to Covered Mental Health Services;
- Mental Health Case Management;
- 24-Hour Residential Treatment;
- Housing/Residential Care;
- Specialized Outpatient and Symptom Management;
- Specialized Crisis Services;
- Psychiatric Rehabilitation Services; and
- Services provided by an MCO Primary Care Provider with a behavioral health diagnosis code (ICD-9 CM 290.xx – 319.xx)

The CONTRACTOR is responsible for the payments and provision of covered services that are not mental health or substance abuse services. This carve out of mental health and substance abuse services shall not relieve the CONTRACTOR from the responsibility to assist in the coordination of mental health and medical care of enrollees. The CONTRACTOR shall assure active coordination between primary health care and mental health/substance abuse care, including case management and continuity of care services. The CONTRACTOR shall cooperate with the State's efforts to facilitate delivery of mental health services to the TennCare population and shall execute an MCO/BHO Coordination Agreement with the BHO for purposes of interfacing with the BHOs and assuring coordination of care, case management and continuity of care with the BHOs for purposes of coordinating appropriate health care.

The MCO/BHO Coordination Agreement shall be revised on or before September 1, 2001 and shall specify that the BHO shall not require MCO primary care providers to obtain prior authorization for the first six (6) behavioral health visits for each enrollee and that the MCO shall direct its network primary care providers to submit all services with a primary behavioral health diagnosis (ICD-9 290.xx – 319.xx) to the BHO for payment. The revised MCO/BHO Coordination Agreement must be approved by TENNCARE prior to execution.

Coordination of physical health care and mental health care shall include:

- Means for referral which assures immediate access for emergency care and a provision of urgent and routine care according to TennCare guidelines;
- Means for the transfer of information (to include items before and after the visit);
- Maintenance of confidentiality;
- Cooperation with the BHOs regarding training activities provided by the BHOs; and
- Provision of an updated primary care provider listing to the BHO on a quarterly basis.

When disputes arise between the enrollee's MCO and his or her BHO regarding responsibility for a particular medically necessary covered service, the BHO and the MCO shall coordinate to insure that the service will be delivered to enrollees and the MCO and the BHO must split the cost of the service pending resolution of any dispute between the BHO and the MCO. The "cost" of the service shall be the greater of (1) the cost if the MCO were responsible for providing the service or (2) the cost if the BHO were responsible for providing the service. Services to the enrollee must not be delayed because there is a dispute between the MCO and BHO over who is responsible for delivering the service. The enrollee's MCO and his or her BHO are jointly responsible for the enrollee, and the State will hold the MCO and the BHO jointly accountable for the quality of care the enrollee receives. BHO and

MCO may establish dispute resolution procedures in their Coordination Agreement in lieu of compliance with above dispute language so long as the member is held harmless except for applicable cost sharing responsibilities and care is not delayed.

Unresolved disputes between MCOs and BHOs shall be referred to the State or its designee for a decision on responsibility after the service has been delivered. Resolution of the disputes shall be governed according to the provisions set forth in this Section.

Either the MCO or the BHO may submit to the State a Request for Resolution regarding any dispute regarding payment for services under this provision. The Request for Resolution shall contain a concise description of the facts regarding the dispute, the applicable contract provisions, and the position of the party making the request. A copy of the Request for Resolution shall also be delivered to the other party. The other party shall then submit a Response to the Request for Resolution within fifteen (15) calendar days of the date of the Request for Resolution. The Response shall contain the same information required of the Request for Resolution. Failure to timely file a Response or obtain an extension from the State shall be deemed a waiver of any objections to the Request for Resolution. The State, or its designee, shall make a decision in writing regarding who is responsible for the payment of services as promptly as possible ("Decision"). Within five (5) working days of receipt of the Decision, the non-successful party shall reimburse any payments made by the successful party for the service together with interest on the payments at any lawful rate designated by the State. Interest shall begin to accrue from the date the service was delivered. In the event the CONTRACTOR is the non-successful party, the State shall be responsible for payment for the service together with interest on the payments. The non-successful party shall also pay to the State, within thirty (30) calendar days of the Decision, administrative costs for the dispute resolution as estimated by the State. The amount of the estimated cost shall be contained within the State's Decision. The obligations of the non-successful party to pay the amount specified in this provision are absolute and may not be withheld pending resolution of any court of competent jurisdiction. However, these payments may be made with reservation of rights regarding any such judicial resolution. If a party fails to pay the State for the administrative costs as described in this Section within thirty (30) calendar days, the State may deduct its amounts from any current or future amount owed the party.

Appeal of any Decision shall be to a court or commission of competent jurisdiction and shall not constitute a procedure under the Administrative Procedure Act, T.C.A. §4-5-201 et seq. Exhaustion of the above-described process shall be required before filing of any claim or lawsuit on issues covered by this Section.

2-3.6 Additional Services

The CONTRACTOR shall not advertise, offer or provide any services or incentives not required or permitted pursuant to this Agreement in addition to the required services that are covered within the scope of this Agreement except when such services, benefits or incentives have been specifically prior approved in writing by the State. Examples of services, benefits or incentives that may be approved by TENNCARE shall include, but are not limited to, educational programs intended to reduce the frequency or acuity of treatment for one or more specified medical conditions and any accompanying incentives given to enrollees to encourage participation in such educational programs.

2-3.7 Institutional Services and Alternatives to Institutional Services

Long term care institutional services in a nursing home, an Intermediate Care Facility for the Mentally Retarded (ICF/MR) or waiver covered services provided through the Home and Community Based Services (HCBS) waiver for these institutional services are not covered by this Agreement and shall not be the responsibility of the CONTRACTOR to administer. These services shall be provided to qualified individuals as described in TennCare/Medicaid rules and regulations through contracts between TENNCARE and the appropriate facilities that provide these services. Convalescent care, as described in Section 2-3.1 of this Agreement, is considered to be short-term care and is not considered to be "long-term care institutional services" for purposes of this section.

Room and board expenses (including nursing care) in a nursing facility provided under the hospice benefit are not considered to be long-term care institutional services. Enrollees requiring long term care institutionalization or the HCBS waiver alternative shall be eligible for participation in the CONTRACTOR's plan for all MCO covered services and such services shall be the CONTRACTOR's responsibility to administer. Those TennCare covered

benefits which are not included in the Bureau of TennCare's per diem reimbursement for institutional services through the Long-Term Care Program shall be the responsibility of the CONTRACTOR (e.g., prosthetics, some items of durable medical equipment, non-emergency ambulance transportation, and non-emergency transportation). TennCare covered benefits that are not provided by TENNCARE through the aforementioned contracts shall be the responsibility of the CONTRACTOR to administer.

2-3.8 Coordination with Medicare

- a. The CONTRACTOR is responsible for coordinating TennCare-covered benefits with benefits offered by other insurance, including Medicare, which the enrollee may have. For Medicaid eligibles, such coordination must insure that TennCare-covered services are delivered without charge to the enrollee.
- b. TENNCARE is responsible for paying Medicare premiums, deductibles, and coinsurance for enrollees who are dually eligible for Medicaid and Medicare.
- c. TENNCARE is not responsible for paying Medicare premiums, deductibles, and coinsurance for enrollees who have Medicare but who are not also eligible for Medicaid. These costs are the responsibility of the enrollee. The CONTRACTOR may cover these costs as a cost-effective alternative service to take advantage of Medicare covered services, if said costs are lower than the cost of the service without Medicare coverage.

2-3.9 Use of Cost-Effective Alternative Services

The CONTRACTOR shall identify and recommend the use of cost-effective alternative services to the TennCare Medical Director. The TennCare Medical Director shall review and approve or disapprove the CONTRACTOR's recommendation. If services are determined to be medically appropriate and a cost-effective alternative, whether listed as covered or non-covered or omitted in this Agreement, the Contractor shall authorize the services.

2-3.10 Advance Directives

The CONTRACTOR shall comply with federal requirements concerning advance directives such as a living will or a durable power of attorney for healthcare, as described in 42 CFR 417.436 and 489 Subpart I, and as described in T.C.A. Section 32-11-105, Sections 34-6-201 through 34-6-215, and Sections 68-11-201 through 68-11-224, and as stipulated by the enrollee.

2-3.11 Coverage of Sterilizations, Abortions and Hysterectomies

The CONTRACTOR shall cover sterilizations, abortions and hysterectomies pursuant to applicable federal and state laws and regulations. When coverage requires the completion of a specific form, the form must be properly completed as described in the instructions with the original form maintained in the enrollee's medical file and a copy submitted to the CONTRACTOR for retention in the event of audit. Failure to follow applicable regulations and properly complete and maintain specific forms as required shall result in the assessment of damages in the amount of \$500 per violation, or the actual amount of the federal penalty created by the violation, whichever is greater. The following are applicable current policies:

2-3.11.1 Sterilizations

- a. Sterilization shall mean any medical procedure, treatment or operation done for the purpose of rendering an individual permanently incapable of reproducing.
- b. The individual to be sterilized shall give informed consent not less than thirty (30) full calendar days (or not less than 72 hours in the case of premature delivery or emergency abdominal surgery) but not more than one hundred eighty (180) calendar days before the date of the sterilization.
- c. The individual to be sterilized is at least twenty-one (21) years old at the time consent is obtained.

- d. The individual to be sterilized is mentally competent.
- e. The individual to be sterilized is not institutionalized; i.e., not involuntarily confined or detained under a civil or criminal status in a correctional or rehabilitative facility or confined in a mental hospital or other facility for the care and treatment of mental illness, whether voluntarily or involuntarily committed.
- f. The individual has voluntarily given informed consent on the approved "STERILIZATION CONSENT FORM" which is contained in this Agreement as Attachment V.

2-3.11.2 Abortions

- a. Abortion and services associated with the abortion procedure shall be covered only if the pregnancy is the result of an act of rape or incest; or in the case where a woman suffers from a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused by or arising from the pregnancy itself, that would, as certified by a physician, place the woman in danger of death unless an abortion is performed.
- b. A "CERTIFICATION OF MEDICAL NECESSITY FOR ABORTION" form, contained in this Agreement as Attachment VI, must be completed.

2-3.11.3 Hysterectomy

- a. Hysterectomy shall be covered when medically necessary.
- b. The individual or her authorized representative, if any, must be informed orally and in writing that the hysterectomy will render the individual permanently incapable of reproducing.
- c. The individual or her authorized representative, if any, must sign and date a "STATEMENT OF RECEIPT OF INFORMATION CONCERNING HYSTERECTOMY" form, contained in this Agreement as Attachment VII, prior to the hysterectomy. Informed consent must be obtained regardless of diagnosis or age.
- d. Hysterectomy shall not be covered if performed solely for the purpose of rendering an individual permanently incapable of reproducing.
- e. Hysterectomy shall not be covered if there was more than one purpose for performing the hysterectomy, but the primary purpose was to render the individual permanently incapable of reproducing.
- f. Hysterectomy shall not be covered if it was performed for the purpose of cancer prophylaxis.

2-3.12 Coverage of Organ Transplants

The CONTRACTOR shall cover at a minimum the following transplants: Renal, Heart, Liver, Corneal and Bone Marrow, when medically necessary and consistent with the accepted mode of treatment for which the transplant procedure is performed. The CONTRACTOR shall not cover transplants or procedures, which are not medically necessary or performed for a purpose inconsistent with acceptable modes of treatment. Besides the minimally required transplants, the CONTRACTOR may cover other transplants that are not considered investigational or experimental by the National Institutes of Health and the Tennessee Department of Finance and Administration, if approved by TennCare. For purposes of this Section, investigational or experimental shall mean those transplants and/or procedures which are not considered medically necessary and which have not been approved by the Health Care Financing Administration and published in the Federal Register. Questions as to whether a particular transplant and/or procedure is to be covered shall be directed to the Office of the Medical Director, Bureau of TENNCARE.

Exceptions to the above list of transplants must be made for other non-investigational/non-experimental transplants if the transplant and/or procedure is found to be medically necessary, performed within the accepted mode of treatment for which it is intended, and is found to be cost effective as determined by the CONTRACTOR.

The CONTRACTOR shall establish administrative procedures regarding the necessity of prior approval before a transplant procedure is performed. The CONTRACTOR shall also establish its own administrative procedures regarding the coverage of transplant procedures performed outside the CONTRACTOR's service area as well as transplant procedures performed out-of-state. These administrative procedures shall be submitted to TennCare for review and approval prior to use.

Section 1862 of the Social Security Act requires Medicare beneficiaries to have transplants performed in Medicare certified centers. In accordance with this policy, the CONTRACTOR and Medicare/TennCare dually eligible enrollees shall be required to adhere to these requirements.

2-3.13 Use of a Drug Formulary

The CONTRACTOR shall be required to cover pharmacy services as a benefit pursuant to this Agreement and the TennCare rules and regulations for those eligible populations as described by TENNCARE. This coverage may be accomplished by the use of an open formulary (whereby all drugs are covered) or by use of a closed formulary (whereby only designated drugs are covered). If coverage is pursuant to a closed formulary, the formulary and any subsequent additions or deletions to the formulary must be prior approved by the TennCare Pharmacy Director. Approval of a closed formulary will not be granted if it is determined that the formulary is too restrictive or fails to provide for medically necessary drugs. Formularies, whether open or closed, shall not include DESI, LTE or IRS drugs. Approval or disapproval of formularies and subsequent additions and deletions thereto shall be made in accordance with TennCare policy and procedures. The CONTRACTOR shall adhere to the following provisions:

- a. When medically necessary TennCare covered pharmacy benefits have been received during a period that an enrollee or provider could not have reasonably known what MCO the enrollee was in, the MCO shall not deny medically necessary pharmacy benefits for lack of prior authorization or as non-covered benefits when the medically necessary pharmacy benefits would be considered TennCare covered benefits except for the fact that they are not included on the CONTRACTOR's closed drug formulary.
- b. If coverage is pursuant to a closed formulary, an up-to-date copy of the complete formulary and a complete description of prior authorization criteria for each drug requiring prior authorization must be submitted via an electronic file to the TennCare Pharmacy Director in a format specified by the TennCare Pharmacy Director by January 1 of each year. TENNCARE shall provide the format for this file no later than November 1 of each year.
- c. Authorization of drugs, including prior approvals of formulary drugs and medical necessity reviews of non-formulary drugs, or denial of authorization of drugs shall be rendered by the CONTRACTOR or its subcontractor on the day of the formal request for authorization. If a CONTRACTOR or its subcontractor is unable to respond to a prior approval or medical necessity review request on the day of the request or if the prescriber is unavailable, the CONTRACTOR must provide a two (2) week supply of the prescribed medication, provided that:
 - (1) The medication is not classified by the Food and Drug Administration as Less Than Effective (i.e., a DESI, LTE or IRS drug), or
 - (2) The medication is not a drug in a non-covered TENNCARE therapeutic category (e.g., appetite suppressants, drugs to treat infertility), or
 - (3) Use of the medication is not contraindicated because of the patient's medical condition or possible adverse drug interaction, or
 - (4) If the patient is not already taking the medication, use of the medication for a two (2) week period possibly followed by abrupt discontinuance of the drug would not be medically contraindicated, or

- (5) The prescriber did not prescribe a total quantity less than a two (2) week supply, in which case the pharmacist must provide a supply up to the amount prescribed, or
- (6) Provision of the two (2) week supply would not violate state or federal Controlled Substances laws.

In some circumstances it is not feasible for the pharmacist to dispense a two (2) week supply because the drug is packaged by the manufacturer to be sold as the original unit or because the usual and customary pharmacy practice would be to dispense the drug in the original packaging. Examples would include but not be limited to inhalers, eye drops, ear drops, injections, topicals (creams, ointments, sprays), drugs packaged in special dispensers (birth control pills; steroid dose packs), and drugs that require reconstitution before dispensing (antibiotic powder for oral suspension). When a coverage of a two (2) week supply of a prescription would otherwise be required and when, as described above, it is not feasible for the pharmacist to dispense a two (2) week supply, it shall be the responsibility of the MCO to provide coverage for the amount prescribed.

Failure to provide a two (2) week supply of the prescribed medication as described above shall result in liquidated damages as described in Section 6-8 of this Agreement.

- d. Comply with the requirements of the TennCare Drug Formulary Accountability Act.
- e. MCOs shall not deny or withhold payment to any pharmacy for duplicate prescription refills, or prescriptions that are filled early in relation to the prior day's supply dispensed, where such refills are for the purpose of replacing an enrollee's lost or destroyed medication or providing an enrollee with the quantity of medication necessary for extended travel away from the community in which the enrollee resides, or for any other bona fide reason that causes the enrollee to be without a medication, when the discontinuation of the medicine would, in the pharmacist's professional judgment, place the enrollee at risk of harm. Provision of such duplicate prescription refills or early refills shall comply with applicable state and federal Controlled Substances laws and other state pharmacy laws and regulations.
- f. MCOs that impose a limit on the number of units of a medication that an enrollee can obtain per month without a medical necessity override shall have policies and procedures that permit the prescribing physician to request a medical necessity override upon submission of medical justification and that also permit a pharmacist to request an override to allow early dispensing, when in the pharmacist's professional judgment, the enrollee is not abusing the medication and needs early dispensing of the medication due to lack of readily accessible transportation.

2-3.14 Emergency Medical Services

The CONTRACTOR must review and approve or disapprove claims for emergency medical services based on the definition of emergency medical services specified in Section 1-3 of this Agreement. The CONTRACTOR shall provide coverage for inpatient and outpatient services, furnished by a qualified provider, regardless of whether the enrollee obtains the services from a network provider, that are needed to evaluate or stabilize an emergency medical condition that is found to exist using the prudent layperson standard without prior authorization in accordance with 42 C.F.R. § 422.113. Once the individual's condition is stabilized, the CONTRACTOR shall require notification or apply applicable utilization management processes specified in Section 2-7.1 for hospital admission or follow-up care. The CONTRACTOR shall base coverage decisions for emergency medical services on the severity of the symptoms at the time of presentation and shall cover emergency medical services where the presenting symptoms are of sufficient severity to constitute an emergency medical condition in the judgment of a prudent layperson. The CONTRACTOR shall impose no restrictions on coverage of emergency medical services more restrictive than those permitted by the prudent layperson standard.

If an emergency screening examination leads to a clinical determination by the examining physician that an actual emergency medical condition exists, the CONTRACTOR shall pay for both the services involved in the screening examination and the services required to stabilize the patient. The CONTRACTOR shall be required to pay for all emergency medical services, which are medically necessary until the clinical emergency is stabilized. This includes all medical services that may be necessary to assure, within reasonable medical probability, that no material deterioration of the patient's condition is likely to result from, or occur during, discharge of the patient or transfer of

the patient to another facility. If there is a disagreement between the hospital and the CONTRACTOR concerning whether the patient is stable enough for discharge or transfer, or whether the medical benefits of an unstabilized transfer outweigh the risks, the judgment of the attending physician(s) actually caring for the patient at the treating facility prevails and is binding on the CONTRACTOR. The CONTRACTOR, however, may establish arrangements with a hospital whereby the CONTRACTOR may send one of its own physicians with appropriate emergency room privileges to assume the attending physician's responsibilities to stabilize, treat, and transfer the patient, provided that such arrangement does not delay the provision of emergency medical services.

The CONTRACTOR shall not retroactively deny a claim for an emergency screening examination because the condition, which appeared to be an emergency medical condition under the prudent layperson standard, turned out to be non-emergency in nature. If an emergency screening examination leads to a clinical determination by the examining physician that an actual emergency medical condition does not exist, then the determining factor for payment liability shall be whether the patient had acute symptoms of sufficient severity at the time of presentation. In such cases, the CONTRACTOR shall review the presenting symptoms of the patient and shall pay for all services involved in the screening examination where the presenting symptoms (including severe pain) were of sufficient severity to have warranted emergency attention under the prudent layperson standard regardless of final diagnosis.

When the patient's primary care provider instructs the patient to seek emergency care, the CONTRACTOR shall be responsible for payment for the medical screening examination and for other medically necessary emergency medical services, without regard to whether the patient meets the prudent layperson standard.

2-3.15 Prenatal Care

The CONTRACTOR shall have policies and procedures to facilitate and take reasonable steps to assist pregnant members in accessing prenatal care. This provision shall apply to enrollees in the plan who become pregnant as well as enrollees who are pregnant on the beginning date of enrollment in the plan. This provision does not intend to require all of the CONTRACTOR's network providers to accept new enrollees. However, the CONTRACTOR shall maintain a provider network consisting of providers who accept new enrollees in accordance with TennCare access standards and shall inform TENNCARE, as required, of network providers who do not accept new enrollees. In the event an enrollee entering the CONTRACTOR's plan is receiving medically necessary prenatal care services the day before enrollment, the CONTRACTOR shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network until such time as the CONTRACTOR can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health. The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payor) plus any applicable amount of cost sharing responsibilities due from the enrollee as payment in full for the service.

The CONTRACTOR shall provide medically necessary medical care to their enrollees beginning on the date of their enrollment in the MCO's plan. This requirement includes not only TennCare enrollees whose eligibility is established through SSI, Medicaid or uninsured/uninsurable applications for TennCare, but also those pregnant women who establish "presumptive eligibility" for TennCare. Effective with the first day of a presumptive eligibility period, the State makes payments on behalf of these women to the selected MCO and the MCO is required to provide medical care for their enrollee during this period.

Women who are presumptively eligible are entitled to all TennCare benefits. There shall be a sufficient number of providers in the MCO's network who accept enrollees within each geographical location in which the plan is marketed so that prenatal or other medically necessary medical care is not delayed or denied to these women during their presumptive eligibility period. Additionally, the MCO must make services available out-of-plan, if necessary, to meet the medical needs of a woman enrolled in the MCO's plan as a presumptive eligible.

The CONTRACTOR shall notify all network providers that any unreasonable delay in providing care to a pregnant member seeking prenatal care will be considered a material breach of the network provider's contract with the CONTRACTOR. Delay in care for pregnant enrollees shall mean:

1. Failure of the MCO to respond to an enrollee's request for prenatal care by identifying a maternity care provider to honor a request from an enrollee, including a presumptive eligible enrollee, (or from a primary care provider or patient advocate acting on behalf of an enrollee) for a prenatal care appointment. Accessibility shall be in accordance with the Terms and Conditions for Access to the TennCare Waiver and contained herein as Attachment III unless TENNCARE shall specify more stringent access criteria. Regardless of whether prenatal care is provided by a primary care physician, physician extender or an obstetrician who is not the enrollee's primary care physician, the access standards for primary care physician or extender services shall apply when determining access to prenatal care except for cases of a first prenatal care appointment for women who are past their first trimester of pregnancy on the day they are determined to be eligible. For women who are past their first trimester of pregnancy on the day they are determined to be eligible, a first prenatal care appointment shall occur within fifteen (15) days of the day they are determined to be eligible; or
2. Failure of a pharmacist within the MCO's provider network to fill a prescription written by a maternity care provider for an enrollee, including an approved presumptive eligible, within the specified time frames for all medically necessary requests as described elsewhere in this Agreement and/or the TennCare rules and regulations.

The CONTRACTOR shall maintain a prenatal care program for high risk maternity cases designed to increase the likelihood of positive birth outcomes.

Failure to provide prenatal care in accordance with the provisions described herein shall result in the CONTRACTOR being required to implement a corrective action plan as described in Section 2-16, and shall result in the application of liquidated damages and/or intermediate sanctions as described in Section 6.8 of this Agreement.

2-4 Service Delivery Requirements

The CONTRACTOR shall administer the benefits specified in this Agreement in accordance with the provisions specified below.

2-4.1 Availability and Accessibility of Services

The CONTRACTOR must provide or arrange for the provision of all of the services described as covered in this Agreement. The CONTRACTOR shall make services, service locations, and service sites available and accessible to provide the covered (specialized or otherwise) services. Accessibility shall be in accordance with the Terms and Conditions for Access which is part of the TennCare Waiver and as contained herein as Attachment III unless TENNCARE has specified more stringent access criteria in the Agreement or the Amendments thereto. The CONTRACTOR must provide or arrange for the provision of all the services described as covered in this Agreement.

The CONTRACTOR shall maintain under contract, a provider network including but not limited to primary care physicians, specialist physicians, nurse practitioners/physician assistants, hospitals (all levels primary, secondary and tertiary), centers of excellence, nursing homes, laboratories, pharmacies and all other health care facilities necessary to provide TennCare covered benefits.

2-4.1.1 Primary Care Services

The CONTRACTOR shall assure that there are primary care providers, willing and able to provide the level of care and range of services necessary to meet the medical needs of the enrollees including those with chronic and acute diseases. There shall be a sufficient number of primary care providers who accept new TennCare enrollees within each geographical location in which the plan is marketed so that each primary care provider has a reasonable caseload. Primary care providers shall be strategically located so that no enrollee shall be required to travel more than thirty (30) miles or thirty (30) minutes one-way, whichever is less, to a primary care provider. If an enrollee requests assignment to a primary care provider located outside the distance/time requirements and the CONTRACTOR has primary care providers available within the distance/time requirements who accept new enrollees, it shall not be considered a violation of the access

requirements for the CONTRACTOR to grant the enrollee's request. However, in such cases the CONTRACTOR shall have no responsibility for providing transportation for the enrollee to access care from this selected provider and the CONTRACTOR shall so notify the enrollee in writing as to whether or not the CONTRACTOR will provide transportation for the enrollee to seek care from the requested provider. In these cases of out-of-area assignment, the CONTRACTOR must allow the enrollee to change assignment to a primary care provider within the distance/time requirements if the enrollee requests such a change.

2-4.1.2 Specialty Services

The CONTRACTOR shall demonstrate sufficient availability and accessibility to Specialty Services for TennCare enrollees (Specialty Services includes Essential Hospital Services, services provided by Centers of Excellence, and specialty physician services). Sufficient availability and accessibility will be defined as meeting or exceeding the Terms and Conditions of the TennCare waiver as described in Attachment III. The CONTRACTOR shall also comply with the standards and measures specified in this section to demonstrate sufficient availability and accessibility of Specialty Services for TennCare enrollees.

TENNCARE shall take geography, the usual and customary practices, and timely access to quality care into account when reviewing the CONTRACTOR's Specialty Services network. If TENNCARE or the CONTRACTOR identifies a deficiency in the Specialty Services network, the CONTRACTOR shall develop a corrective action plan to address the deficiency and an explanation of how TennCare members will receive access to such services while the network deficiency exists. If the CONTRACTOR fails to correct the deficiency in a timely manner, TENNCARE may impose intermediate sanctions as described in Section 6.8.

a. Essential Hospital Services. The CONTRACTOR shall demonstrate sufficient access to Essential Hospital Services, including but not limited to:

- (1) neonatal services
- (2) perinatal services
- (3) pediatric
- (4) trauma
- (5) burn

b. Centers for Excellence. The CONTRACTOR shall demonstrate sufficient access to Centers of Excellence for:

- (1) People with AIDS
- (2) Children in, or at risk of, state custody

In each Grand Region, the CONTRACTOR shall demonstrate a contractual arrangement with at least one (1) Tertiary Care Center for each of the essential hospital services and at least one (1) Center of Excellence for People with AIDS. The CONTRACTOR shall demonstrate a contractual arrangement with all Centers of Excellence for children in, or at risk of state custody, as identified by TennCare. This minimum requirement is not intended to release the CONTRACTOR from the requirement to provide or arrange for the provision of any covered service required by its enrollees, whether specified above or not.

To demonstrate sufficient availability and accessibility of Essential Hospital Services and Centers of Excellence, the CONTRACTOR shall complete the "Essential Hospital Services Chart" in Attachment XII, Exhibit D within 60 days of Agreement execution, and by September 1 thereafter of each year for each of the Grand Regions in which it operates for TennCare. In each Grand Region, the CONTRACTOR shall demonstrate a contractual arrangement with at least one (1) Tertiary Care Center for each of the essential hospital services and at least one (1) Center of Excellence for People with AIDS.

c. Specialty Physicians. The CONTRACTOR shall demonstrate sufficient access to Physician Specialists, including but not limited to:

- (1) cardiology
- (2) orthopedics

- (3) otolaryngology
- (4) urology
- (5) neurology
- (6) gastroenterology
- (7) neurosurgery
- (8) ophthalmology
- (9) oncology/hematology

The CONTRACTOR shall establish and maintain a network of physician specialists who accept new TennCare enrollees, adequate and reasonable in number, in specialty, and in geographic distribution to meet the medical needs of its enrollees (adults and children) without excessive time and travel requirements, whether specified above or not. Specialist services must be available on at least a referral basis.

To demonstrate sufficient availability and accessibility of Specialty Physician services, the CONTRACTOR shall submit the monthly provider file of contracted providers as required by Attachment XII, Exhibit C and, within sixty (60) days of Agreement execution, and by September 1 thereafter each year submit the "Specialty Physician Services Chart" as required by Attachment XII, Exhibit E for each of the CSAs in which it operates for TennCare. This Specialty Physician Services chart should indicate all non-contractual arrangements that the CONTRACTOR has with Specialty Physicians in each CSA. TENNCARE expects that the CONTRACTOR will make best efforts to contract with providers to whom the CONTRACTOR routinely refers enrollees.

In order to satisfy time/distance travel requirements and support community referral patterns, the CONTRACTOR shall establish provider agreements with each of the nine physician specialists identified in (3) above in each area designated by TennCare as a focal point for specialist services in the CONTRACTOR's service area within ninety (90) days of Agreement execution, as specified in Attachment IV. A sufficient number of provider agreements shall be established in each focal point to ensure that non-dual Medicare/Medicaid enrollee to provider ratios remain below the maximum allowable ratios for each area as defined in Attachment IV. In addition to establishing provider agreements in each of the required focal points, the CONTRACTOR agrees to pursue network development efforts in each priority area identified in Attachment IV with the understanding that twelve (12) months after the effective date of this Agreement, TennCare may designate priority areas as additional required contract areas.

TENNCARE will review the "Specialty Physician Services Chart" in conjunction with the monthly provider files submitted by the CONTRACTOR and other information regarding complaints or appeals for specialty services to determine whether or not the CONTRACTOR's Specialty Services network and out-of-network arrangements are sufficient to demonstrate timely availability and accessibility of quality care.

If TENNCARE or the CONTRACTOR identifies a deficiency in the Specialty Services network, the CONTRACTOR shall develop a corrective action plan to address the deficiency and an explanation of how TennCare members will receive access to such services while the network deficiency exists. If the CONTRACTOR fails to correct the deficiency in a timely manner, TENNCARE may impose intermediate sanctions as described in Section 6-8, unless the CONTRACTOR provides sufficient documentation to demonstrate that the deficiency is attributable to a lack of specialty physician supply in the area.

TENNCARE shall not request that the CONTRACTOR submit the "Specialty Physician Services Chart" more frequently than annually unless TENNCARE has reason to believe that the CONTRACTOR's physician specialty network has significantly changed or that the CONTRACTOR does not have sufficient availability or accessibility of such specialty service in such CSA(s).

2-4.1.3 Emergency Medical Services

Emergency medical services shall be available twenty-four (24) hours a day, seven (7) days a week.

2-4.2 Primary Care Providers

The CONTRACTOR shall provide or arrange for the provision of primary care case management services to TennCare eligible enrollees. The CONTRACTOR shall be responsible for the management of medical care and continuity of care for all its TennCare enrollees. Primary care case management services include the management of medical care and continuity of care for TennCare enrollees.

- a. To the extent feasible and appropriate, the CONTRACTOR agrees to offer each enrollee a choice of a primary care provider.
- b. The CONTRACTOR shall establish policies and procedures to enable enrollees reasonable opportunities to change primary care providers. Such policies and procedures may not specify a length of time greater than twelve (12) months between changes under normal circumstances. If a time restriction for change is imposed, the CONTRACTOR must include provisions for more frequent changes with good cause.
- c. Primary care providers may include licensed physicians as well as registered professional nurses and physician assistants practicing in accordance with state law.
- d. Each enrollee must have an identified primary care provider with the exception of the dually eligible Medicare/Medicaid enrollees. If an enrollee is not dually eligible for Medicare and Medicaid and fails or refuses to select a primary care provider from those offered within thirty days of enrollment, the CONTRACTOR shall assign a primary care provider. The CONTRACTOR may assign a PCP in less than thirty (30) days if the CONTRACTOR provides the enrollee an opportunity to change PCPs upon receipt of notice of PCP assignment.
- e. Children in state custody shall be assigned to a Best Practice Network Primary Care Provider as specified in Section 3 of this Agreement.
- f. Additionally, other vulnerable populations (e.g., persons with special needs such as multiple handicaps, or acute chronic conditions, etc.) may be assigned to a case manager at the MCO level or, at the MCO's discretion, to their attending specialist as their primary care provider.

2-4.3 Management of Medical Care and Coordination of Care

The CONTRACTOR shall be responsible for the management of medical care and continuity of care for all its TennCare enrollees through the following minimum functions:

- a. Performance of reasonable preventive health case management services described in the Quality of Care Monitors, included in this Agreement as Attachment II, and appropriate referral, outreach and scheduling assistance of enrollees needing specialty health care services, including those identified through the provision of preventive services;
- b. Documentation of referral services in enrollees' medical records;
- c. Monitoring of enrollees with ongoing medical conditions;
- d. Documentation in the medical record of enrollee emergency encounters with appropriate medically indicated follow-up;
- e. Coordinated hospital and/or institutional discharge planning that includes post-discharge care, as appropriate;
- f. Maintenance of its own internal tracking system which identifies the current preventive services screening status and pending preventive services screening due dates for each enrollee. The Contractor agrees to assist in the development of a tracking system that will identify EPSDT screens, immunizations and lab tests due, dates of service for all EPSDT screens, immunizations and lab tests received, referrals for

corrective treatment, whether corrective treatment was provided, and dates of service for corrective treatment and agrees to pilot said system when developed;

- g. Authorization of out-of-plan or out-of-state services which are medically necessary due to an emergency;
- h. Assistance in the coordination of mental health and medical care of enrollees as described in Section 2-3.5 of this Agreement;
- i. In the event an enrollee entering the MCO's plan is receiving medically necessary TennCare covered services the day before enrollment, the CONTRACTOR shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network until such time as the CONTRACTOR can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health. The CONTRACTOR shall assure that the enrollee is held harmless by the provider for the costs of the service or procedure except for applicable cost sharing amounts. The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payer) plus any applicable amount of cost sharing due from the enrollee as payment in full for the service. If the CONTRACTOR's payment to a non-contract provider is less than it would have been for a contract provider and the provider contests the payment amount, the CONTRACTOR shall notify the non-contract provider that the provider may initiate the independent review procedures in accordance with T.C.A. Section 56-32-226 as described in Section 2-18 of this Agreement. If it is medically necessary that care extend beyond thirty (30) days, the CONTRACTOR may require prior authorization for continuation of the services beyond thirty (30) days. Care rendered to a CONTRACTOR's enrollee beyond thirty (30) days that is out-of-plan or out-of-network for which a provider has not sought prior authorization need not be reimbursed;
- j. In the event an enrollee entering the CONTRACTOR's plan is receiving medically necessary prenatal care services the day before enrollment, the CONTRACTOR shall be responsible for the costs of continuation of such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network until such time as the CONTRACTOR can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health. The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payer) plus any applicable amount of cost sharing responsibilities due from the enrollee as payment in full for the service.
- k. In the event of a dental carve-out, the CONTRACTOR agrees to provide assistance as requested by TENNCARE to support the transition of dental services to a new provider.

2-4.4 Referrals and Exemptions

The CONTRACTOR shall require enrollees to seek a referral from their PCP or case manager prior to accessing non-emergency specialty services in accordance with, the following provisions:

- a. The CONTRACTOR shall exempt routine dental services for children under age 21 from case manager or PCP referral.
- b. The CONTRACTOR shall allow an enrollee at least one (1) annual preventive care visit to a network obstetrician/gynecologist without obtaining a referral from a case manager or a primary care provider.
- c. The CONTRACTOR may exempt enrollees from case manager or PCP referral in order to obtain prenatal care from an obstetrician when the enrollee's PCP does not provide prenatal and delivery services. However, if the CONTRACTOR requires a referral in order to obtain prenatal care, the CONTRACTOR shall not require the enrollee to go for an office visit with their PCP in order to obtain the referral.

- d. The CONTRACTOR may exempt routine vision services from case manager or PCP referral.
- e. The CONTRACTOR shall provide all PCPs and Case Managers with a current listing of referral providers. The CONTRACTOR shall supply this listing to all PCPs and Case Managers within thirty (30) days of the effective date of this Agreement. A supplemental listing indicating additions and deletions shall be provided on a quarterly basis thereafter. Quarterly basis for purposes of mailing the supplemental listings shall be based on a calendar year schedule (e.g., Jan. – March, etc.) and two (2) copies shall be sent to TennCare as proof of compliance by the 30th of the month following each quarter in accordance with the reporting schedules as described in Section 6-8 of this Agreement.
- f. The CONTRACTOR shall support appropriate referral, outreach and scheduling assistance of enrollees needing specialty health care services when requested by providers or as specified in Section 3.

2-4.5 Abusive Utilizers of Pharmacy Services

The CONTRACTOR shall require that individuals identified by TENNCARE or the CONTRACTOR as abusive utilizers of pharmacy services be restricted to using a single primary care provider and a single pharmacy provider for non-emergency services. The CONTRACTOR may submit an alternative method to accomplish this provision for TENNCARE approval. Enrollees who disagree with such restrictions may appeal such restrictions pursuant to the medically necessary provisions of the TennCare hearing rules.

2-4.6 Network Notice Requirements

The CONTRACTOR shall provide notice of changes to its provider network as specified below.

2-4.6.1 Enrollee Notification

- a. Change in PCP. Written notice shall be given immediately to an enrollee by the CONTRACTOR when a change in the enrollee's PCP is made. The notice shall be issued in advance of the PCP change when possible or as soon as the CONTRACTOR becomes aware of the circumstances. The notice content shall be consistent with the notice template provided by TennCare.
- b. PCP Termination. If a PCP ceases participation, the CONTRACTOR shall immediately provide written notice, which shall be considered to be no less than thirty (30) days prior to the effective date of the termination, to each enrollee who has chosen the provider as their PCP. Each notice shall include all components identified in the notice template provided by TennCare. The requirement to provide notice thirty (30) days prior to the effective date of termination shall be waived in instances where a provider becomes physically unable to care for members due to illness, a provider dies, the provider fails to provide thirty (30) days advance notice to the CONTRACTOR, the provider moves from the service area and fails to notify the CONTRACTOR or when a provider fails credentialing, and instead shall be made immediately upon the CONTRACTOR becoming aware of the circumstances.
- c. Providers Providing On-going Treatment. If an enrollee is in a prior authorized ongoing course of treatment with any other participating provider who becomes unavailable to continue to provide services to such enrollee and the CONTRACTOR is aware of such ongoing course of treatment, the CONTRACTOR shall immediately provide written notice within fifteen (15) calendar days from the date that the CONTRACTOR becomes aware of such unavailability to such enrollee. Each notice shall include all components identified in the notice template provided by TennCare. The timing requirement for the provision of this notice shall be waived in instances where a provider becomes physically unable to care for members due to illness, a provider dies, the provider moves from the service area and fails to notify the CONTRACTOR or when a provider fails credentialing, and instead shall be made immediately upon the CONTRACTOR becoming aware of the circumstances.

- d. Non-PCP Provider Termination. If a non-PCP ceases participation in the MCO, the CONTRACTOR shall immediately provide written notice to enrollees who have been patients of the non-PCP provider. Each notice shall include all components identified in the notice template provided by TennCare. Notice shall be issued in advance of the non-PCP provider termination when possible or immediately upon the CONTRACTOR becoming aware of the circumstances.
- e. Network Deficiency. Upon final notification from TENNCARE of a network deficiency, which shall be based on the requirements of this Agreement and terms and conditions of the waiver (Attachment III), the CONTRACTOR shall immediately provide written notice to enrollees living in the affected area of a provider shortage in the CONTRACTOR's network. The notice content shall be consistent with the notice template provided by TennCare.

2-4.6.2 TennCare Notification

- a. Notice of Subcontractor Termination. When a subcontract that relates to the provision of services to enrollees or claims processing is being terminated between the CONTRACTOR and a subcontractor, the CONTRACTOR shall give at least thirty (30) days prior written notice of the termination to TENNCARE and the TennCare Division, TDCI. Said notices shall include, at a minimum; a CONTRACTOR's intent to change to a new subcontractor for the provision of said services, an effective date for termination and/or change, as well as any other pertinent information that may be needed to access services. In addition to prior written notice, the CONTRACTOR shall also provide TENNCARE with a transition plan, when requested, which shall include, at a minimum, information regarding how prior authorization requests will be handled during and after the transition, how continuity of care will be maintained for the enrollees, etc.
- b. Hospital Termination. Termination of the CONTRACTOR's provider agreement with any hospital, whether or not the termination is initiated by the provider or by the CONTRACTOR, shall be reported by the CONTRACTOR in writing to the Bureau of TennCare no less than thirty (30) calendar days prior to the effective date of the termination.
- c. Other Provider Terminations. The CONTRACTOR shall notify TennCare of any provider termination and submit a template copy of the enrollee notice sent as well as an electronic listing identifying each enrollee to whom a notice was sent as required in Section 2-4.6.1. The CONTRACTOR shall maintain a copy of the actual notice on-site and forward a copy of the notices upon request from TENNCARE. If the termination was initiated by the provider, said notice shall include a copy of the provider's notification to the Contractor.

Furthermore, if termination of the CONTRACTOR's provider agreement with any primary care provider or physician group or clinic, whether or not the termination is initiated by the provider or by the CONTRACTOR, places the CONTRACTOR out of compliance with Section 2-4, such termination shall be reported by the CONTRACTOR in writing to the Bureau of TennCare, in the standard format used to demonstrate compliance with provider network and access requirements, within five (5) working days of the date that the agreement has been terminated.

2-4.7 Out of Area or Out of Plan Use

The CONTRACTOR shall notify and advise all enrollees of the provisions governing out of plan use, including the use of non-contract providers and the use of providers outside the community service area.

2-4.7.1 Emergency Medical Services obtained from Out of Plan Providers

The CONTRACTOR's plan shall include provisions governing utilization of and payment by the CONTRACTOR for emergency medical services received by an enrollee from non-contract providers, regardless of whether such emergency services are rendered within or outside the community service area covered by the plan. Coverage of emergency medical services shall not be subject to prior authorization by the CONTRACTOR. The CONTRACTOR may include a requirement that notice be given by the provider to the CONTRACTOR of use of out-of-plan emergency services; however, such notice requirements shall

provide at least a twenty-four (24) hour time frame after the emergency for notice to be given. If the CONTRACTOR does not provide twenty-four (24) hour a day access for such notice, the notice requirements shall provide at least a twenty-four (24) hour time frame from the next business day after the emergency for notice to be given. Utilization of and payments to non-contract providers may, at the CONTRACTOR's option, be limited to the treatment of emergency medical conditions, including medically necessary services rendered to the enrollee until such time as he/she can be safely transported to an appropriate contract service location. Payment amounts shall be consistent with the pricing policies developed by the CONTRACTOR for emergency out-of-plan services. Payment by the CONTRACTOR for properly documented claims for emergency medical services rendered by a non-contract provider shall be made within thirty (30) calendar days of receipt of a clean claim by the CONTRACTOR.

The CONTRACTOR must review and approve or disapprove claims for emergency medical services based on the definition of emergency medical services specified in Section 1-3 of this Agreement. If the CONTRACTOR determines that a claim requesting payment of emergency medical services does not meet the definition as specified in Section 1-3 and subsequently denies the claim, the CONTRACTOR shall notify the provider of the denial. This notification shall include information to the provider regarding the CONTRACTOR's process and timeframes for reconsideration and subsequent steps regarding an informal review by TENNCARE. In the event a provider disagrees with the CONTRACTOR's decision to disapprove a claim for emergency medical services, the provider may request an informal review by TENNCARE after having exhausted all steps in the CONTRACTOR's plan for the resolution of such disputes. Said request for an informal review by TENNCARE shall be made within 180 days from the date of service with the exception of instances of retroactive eligibility or circumstances beyond a provider's control such as the involvement of a third party payer. As the result of the informal review, if TENNCARE determines the claim should be allowed, the CONTRACTOR shall make payment for the claim. After informal review, if TENNCARE determines the CONTRACTOR's denial was correct, the provider shall have the right to request a formal hearing, pursuant to T.C.A. Section 71-5-113, on the matter within fifteen (15) calendar days of the decision. All requests for a formal hearing from providers for emergency medical service claims denied by the CONTRACTOR must be submitted in writing to TENNCARE for review and final determination. TENNCARE's decision in such matters shall not be rendered arbitrarily but shall be based upon the facts at hand and the applicability of the various requirements of this Agreement. The CONTRACTOR agrees to pay previously denied emergency medical service claims if the decision by TENNCARE is to honor the claim.

2-4.7.2 MCO Assignment Unknown – Services Obtained from Out-of-Plan Provider

The CONTRACTOR shall include provisions governing the payment for medically necessary covered services provided to an enrollee by a non-contract or non-referred provider for services received by an enrollee any time when TENNCARE determines that the enrollee is eligible for TennCare and has enrolled the individual in the CONTRACTOR's plan and the enrollee could not have known which MCO they were enrolled in at the time of the service. The parties to this Agreement recognize that in accordance with TennCare policies and procedures, if an enrollee requests enrollment in a specified MCO, the enrollee may be assigned to an MCO other than the one that he/she requested. An example of circumstances when an enrollee would not be enrolled in the requested MCO includes, there is not sufficient capacity in the MCO in which the enrollee requested enrollment. If an enrollee did not request enrollment in a specified MCO, the enrollee will be assigned to an MCO in accordance with TennCare policies and procedures. In either case, the effective date of enrollment may occur prior to the MCO being notified of the enrollee becoming a member of the plan. When this situation arises, the MCO shall not deny medically necessary services provided during this period of eligibility for lack of prior authorization or lack of referral; likewise, an MCO shall not deny a claim on the basis of the provider's failure to file a claim within a specified time period after the date of service when the provider could not have reasonably known which MCO the enrollee was in during the timely filing period. However, in such cases the MCO may impose timely filing requirements beginning on the date of notification of the individual's enrollment. When an enrollee has incurred medically necessary medical expenses that are covered benefits during a period of enrollment in the plan, the CONTRACTOR shall make reimbursement for the medical services and shall assure that the enrollee is held harmless by the provider for the costs of the service or procedure except for applicable cost sharing amounts. The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payor) plus any applicable amount of cost sharing responsibilities due from the enrollee as payment in full for the service.

Failure to provide coverage of a service or make payments for a service within five (5) calendar days of a directive from TENNCARE shall result in the application of liquidated damages as described in Section 6-8 of this Agreement.

2-4.7.3 Medically Necessary Services obtained from Out of Plan Providers/Referred by Contract Provider

The CONTRACTOR shall include provisions governing the referral and payment for medically necessary services provided to an enrollee by a non-contract provider at the request of a contract provider. The CONTRACTOR's payment shall not be less than eighty percent (80%) of the rate that would have been paid by the plan if the enrollee had received the services from a provider who is participating in the CONTRACTOR's plan. The CONTRACTOR shall require the out-of-plan provider to accept the CONTRACTOR's payment, plus applicable cost sharing responsibilities as payment in full for the service(s) as required by TennCare rules and regulations and Section 2-3.1 of this Agreement.

2-4.7.4 Medically Necessary Services obtained from Out-of-Plan Providers/ Non-Referred

With the exception of circumstances described in Section 2-4.7.2 and 2-4.7.3 when an enrollee has utilized medically necessary non-emergency services available under the plan from a provider who was not enrolled as a participating provider in the CONTRACTOR's plan and the CONTRACTOR has not authorized such use in advance, the CONTRACTOR shall not pay for the service(s) received unless ordered to do so by an administrative law judge, the State or the Health Services Team (as specified in Section 3).

The CONTRACTOR shall not make payment to non-participating providers for services that are not medically necessary unless ordered to do so by an administrative law judge, the State or the Health Services Team (as specified in Section 3).

2-4.7.5 Services Ordered by Medicare Providers for Dual Eligibles

When a TennCare enrollee is dually eligible for Medicare and Medicaid and requires services that are covered by the plan but are not covered by Medicare, and the services are ordered by a Medicare provider who does not participate in the CONTRACTOR's plan, the CONTRACTOR must pay for the ordered service if it is provided by a contract provider. Reimbursement shall be at the same rate that would have been paid had the service been ordered by a contract provider. The CONTRACTOR shall not be liable for the cost of non-covered services or services which are not medically necessary or the cost of services ordered and obtained from non-contract providers.

In order to assure the TennCare/Medicare (dual population) enrollees assigned to TennCare MCOs continue to receive pharmacy services without interruption during the carve-out of their pharmacy benefits, each MCO is required to execute whatever measures are necessary with their subcontractor - pharmacy benefits manager (PBM) - so that a text message is sent to each dispensing pharmacy when a claim for a TennCare/Medicare enrollee is submitted to an MCO's PBM in error. The text message sent to the pharmacy must direct the pharmacy to submit the claim to the point-of-service, online pharmacy claims processor under contract to the TennCare Bureau to process pharmacy claims for TennCare/Medicare enrollees.

2-4.7.6 Credentialing of Non-Contract Providers

No CONTRACTOR shall regularly make reimbursement payments to non-contract providers for non-emergency services without subjecting those providers to the same credentialing and approval process required by TENNCARE for contract providers.

Non-contract providers who regularly receive payments from a MCO need not sign a contract with the MCO. However, if non-contract providers regularly used by the MCO do not voluntarily submit such credentials, or are not approved by TENNCARE, then the MCO shall make no further payments to them.

TENNCARE shall define to the CONTRACTOR those non-contract providers who are "regularly used by the MCO".

2-4.8 Compliance with the Clinical Laboratory Improvement Act (CLIA) of 1988

The Clinical Laboratory Improvement Act (CLIA) of 1988 requires that all laboratory-testing sites have either a CLIA certificate of waiver or a CLIA certificate of registration to legally perform testing in the United States.

The CONTRACTOR shall require that all laboratory testing sites providing services under this Agreement must have either a Clinical Laboratory Improvement Act (CLIA) certificate of waiver or a certificate of registration along with a CLIA identification number. Those laboratories with certificate of waiver will provide only the types of tests permitted under the terms of their waiver. Laboratories with certificate of registration may perform a full range of laboratory tests. The CONTRACTOR shall comply with the provisions of CLIA 1988.

2-4.9 Federally Qualified Health Centers (FQHCs) and Other Safety Net Providers

2-4.9.1 Federally Qualified Health Centers (FQHCs)

The CONTRACTOR is encouraged to contract for the provision of primary care services, preventive care services and/or specialty/referral services with Federally Qualified Health Clinics (FQHCs) and other safety net providers in the CONTRACTOR'S service area to the extent possible and practical. In addition, where FQHCs are not utilized, the MCO must demonstrate to the U.S. Department of Health and Human Services, the Tennessee Department of Human Services and to TENNCARE that both adequate capacity and an appropriate range of services for vulnerable populations exist to serve the expected enrollment in a service area without contracting with FQHCs. If the CONTRACTOR utilizes FQHCs for services, the CONTRACTOR is required to address cost issues related to the scope of services provided by FQHCs and shall reimburse FQHCs either on a capitated (risk) basis considering adverse selection factors or reimburse FQHCs on a fee-for-service, cost-related basis.

In accordance with the HCFA Terms and Conditions to the TennCare Waiver, FQHC reporting information shall be submitted to TENNCARE on an annual basis as described in Section 2-10.12 of this Agreement.

2-4.9.2 Local Health Departments

All MCOs participating in TennCare shall be required to contract with each Local Health Department for the provision of EPSDT services in the community service area(s) in which it is authorized to serve, until such time as the MCO achieves an adjusted periodic screening rate of eighty percent or greater. Effective July 1, 2001, the CONTRACTOR shall reimburse the Local Health Department at no less than the following rates:

<u>Preventive Visits</u>	<u>85% of 2001 Medicare</u>
99381 New pt. Up to 1 yr.	\$80.33
99382 New pt. 1- 4 yrs.	\$88.06
99383 New pt. 5 - 11yrs.	\$86.60
99384 New pt. 12 - 17yrs.	\$95.39
99385 New pt. 18 - 39 yrs.	\$93.93
99391 Estab.pt. Up to 1 yr.	\$63.04
99392 Estab.pt. 1 - 4 yrs.	\$71.55
99393 Estab.pt. 5 - 11yrs.	\$70.96
99394 Estab.pt. 12 - 17yrs.	\$79.57
99395 Estab.pt. 18 - 39 yrs.	\$78.99

On an annual basis, the required minimum reimbursement rate shall be updated to the equivalent of the prior year Medicare fee schedule for Tennessee multiplied by 85% and inflated with expected trend values as reported by Medicare. The CONTRACTOR agrees TENNCARE may conduct an audit of the MCO's reimbursement methodology and related processes on an annual basis to verify compliance with this requirement. In addition, the Local Health Department may initiate the independent review procedure at any time it believes the CONTRACTOR's payment is less than the required minimum reimbursement rate.

The provider agreement with the Local Health Department must meet the minimum requirements specified at Section 2-18 and must also specify for the purpose of EPSDT services: (1) that the Local Health Department agrees to submit encounter data timely to the CONTRACTOR; (2) that the CONTRACTOR agrees to timely process claims for services in accordance with Section 2-9.7; (3) that the Local Health Department may terminate the agreement for cause with thirty days advance notice; and (4) that the CONTRACTOR agrees prior authorization shall not be required for the provision of EPSDT services.

2-4.10 Cost-Sharing

The CONTRACTOR and all providers and subcontractors shall not require any cost sharing responsibilities for TennCare covered services except to the extent that cost sharing responsibilities are required for those services by TENNCARE in accordance with TennCare rules and regulations, nor may the CONTRACTOR and all providers and subcontractors charge enrollees for missed appointments.

Cost sharing responsibilities shall apply to services other than the preventive services described in Section 2-3.3 of this Agreement. Copayments shall be applied on a sliding scale according to the enrollee's income. The maximum out-of-pocket expenses an enrollee may incur as the result of cost sharing responsibilities shall also be limited according to the enrollee's income. The current sliding scale schedule to be used in determining applicable cost sharing responsibilities and out-of-pocket expenses is included in this Agreement as Attachment XI. The CONTRACTOR shall track and report to TENNCARE the amount of enrollee cost-sharing liabilities on a quarterly basis in a form and format to be specified by TENNCARE. TENNCARE shall aggregate cost-sharing information submitted by TennCare MCOs, BHOs and the PBM to identify enrollees that have met or exceeded their annual out-of-pocket expenditure maximum. The CONTRACTOR agrees to coordinate reimbursement to enrollees, either directly or through its network providers, that have exceeded the applicable out-of-pocket maximum, upon receipt of notification by TENNCARE. Should the CONTRACTOR elect to reimburse enrollees through its network providers, the CONTRACTOR shall conduct an audit of the providers that have been reimbursed in order to assure that enrollees received appropriate credit and/or reimbursement and are held harmless for amounts that exceed their out-of-pocket maximum.

The CONTRACTOR shall be expressly prohibited from waiving or using any alternative cost sharing schedules, unless required by TENNCARE. Further, the CONTRACTOR shall not discourage enrollees from paying applicable copayment obligations.

If, and at such time that TENNCARE amends the cost sharing rules, the rules shall automatically be incorporated into this Agreement and become binding on the CONTRACTOR and its providers.

Providers or collection agencies acting on the provider's behalf may not bill enrollees for amounts other than applicable cost sharing responsibilities for TennCare covered services except as permitted by TennCare rule 1200-13-12-.08 and as described below. Providers may seek payment from an enrollee in the following situations:

1. if the services are not covered by TennCare and the provider informed the enrollee the services were not covered prior to providing the service. The provider is required to inform the enrollee of the non-covered service and have the enrollee acknowledge the information. If the enrollee still requests the service, the provider shall obtain such acknowledgment in writing prior to rendering the service. Regardless of any understanding worked out between the provider and the enrollee about private payment, once the provider bills an MCO for the service that has been provided, the prior arrangement with the enrollee becomes null and void without regard to any prior arrangement worked out with the enrollee; or
2. if the enrollee's TennCare eligibility is pending at the time services are provided and if the provider informs the person they will not accept TennCare assignment whether or not eligibility is established retroactively. Regardless of any understanding worked out between the provider and the enrollee about private payment, once the provider bills an MCO for the service the prior arrangement with the enrollee becomes null and void without regard to any prior arrangement worked out with the enrollee; or

3. if the enrollee's TennCare eligibility is pending at the time services are provided, however, all monies collected, except applicable cost share amounts must be refunded when a claim is submitted to an MCO if the provider agreed to accept TennCare assignment once retroactive TennCare eligibility was established. (The monies collected shall be refunded as soon as a claim is submitted and shall not be held conditionally upon payment of the claim); or
4. the enrollee requests services that are non-TennCare covered services provided at the option of the CONTRACTOR in accordance with the terms of this Agreement.

The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payor) plus any applicable amount of cost sharing responsibilities due from the enrollee as payment in full for the service. Should a provider, or a collection agency acting on the provider's behalf, bill an enrollee for amounts other than the applicable amount of cost sharing responsibilities due from the enrollee, once a CONTRACTOR becomes aware the CONTRACTOR shall notify the provider and demand that the provider and/or collection agency cease such action against the enrollee immediately. After notification by the CONTRACTOR, if a provider continues to bill an enrollee, the CONTRACTOR shall refer the provider to the TBI.

2-5 Services Not Covered

The CONTRACTOR shall not pay for non-covered services or for non-emergency services obtained out of plan unless ordered to do so by an administrative law judge, the State or the Health Services Team (as specified in Section 3). Non-covered services include, but are not limited to, the following:

- a. Any covered service that is not medically necessary, except that preventive and EPSDT services described in Section 2-3.1 and 2-3.3 of this Agreement shall be covered;
- b. Eyeglasses, hearing aids or non-emergency dental services for adults unless otherwise described in Section 2-3.1 and 2-3.3 of this Agreement;
- c. Services performed for cosmetic purposes;
- d. Medical services for individuals committed to penal institutions, whether local, state or federal;
- e. Medical services performed outside the United States;
- f. Organ transplants or other medical procedures which are considered experimental or investigational, including the performance of a specific medical procedure which would be covered except for the fact it is used in a manner that is not a recognized mode of treatment for a specific medical condition;
- g. Weight reduction programs; by-pass surgery (unless medically necessary), or gastric stapling (unless medically necessary);
- h. Services for the treatment of impotence or infertility or for the reversal of sterilization;
- i. Autopsy/Necropsy;
- j. Job-related illness or injury covered by workers compensation;
- k. Pre-employment physical examinations;
- l. Fitness to duty examinations;
- m. Drugs when prescribed for smoking cessation, hair growth, cosmetic purposes to beautify the skin, appetite suppression or weight reduction, treatment of impotence, or treatment of infertility; and

- n. Drugs which the Food and Drug Administration considers to be Less Than Effective (i.e., drugs for which a Notice Of Opportunity for Hearing has been published in the Federal Register) or identical, related or similar (IRS) drugs which are counterparts of Less Than Effective (LTE) drugs.

Any services to be excluded beyond those identified above shall require approval by TENNCARE.

2-6 Marketing and Enrollee Materials

2-6.1 Marketing

The CONTRACTOR may develop and implement a marketing plan and marketing materials for the purpose of providing general information to the public about TennCare Select. The CONTRACTOR's plan, materials and a description of all related activities must be submitted to TENNCARE for approval prior to implementation or use. All terms, conditions and policies stated herein apply to staff, agents, officers, subcontractors, providers, volunteers and anyone acting on behalf of the CONTRACTOR.

2-6.2 Enrollee Materials

The CONTRACTOR shall distribute various types of enrollee materials as required by this Agreement. These materials include, but may not be limited to member handbooks, provider directories, member newsletters, identification cards, fact sheets, notices, or any other material necessary to provide information to enrollees as described herein and in Section 4-1.2, etc. The CONTRACTOR may distribute additional materials and information, other than those required by this Section, to enrollees in order to promote health and/or educate enrollees. All materials sent to enrollees and enrollee communications including form letters, mass mailings and system generated letters, whether required or otherwise, shall require written approval by TENNCARE prior to dissemination as described herein and shall be designed and distributed in accordance with the minimum requirements as described in this Agreement. Letters sent to enrollees in response to an individual query do not require prior approval.

- a. The CONTRACTOR shall, in consultation with and following approval by the State, print and distribute all descriptive booklets, identification cards, letters, administrative forms and manuals pertaining to or to be sent to enrollees. Failure to have any enrollee materials approved, regardless of whether they are mentioned in the preceding sentence, by the State before release shall result in an assessment of \$500.00 per occurrence. The State shall immediately notify the CONTRACTOR of any such occurrence. Should TennCare not respond in the required amount of time, as set forth in Attachment I, the CONTRACTOR shall not be penalized as a result of implementing the item requiring approval. However, failure by TennCare to assess liquidated damages or penalties shall not preclude TennCare from requiring the CONTRACTOR to respond or modify the "item" if it is determined by TennCare to be in the best interest of the TennCare program.
- b. The cost of printing and distributing descriptive booklets, identification cards, and administrative forms and manuals shall be the responsibility of the CONTRACTOR.
- c. The CONTRACTOR is required to distribute the following enrollee materials:
 - 1. Member Handbooks. Member handbooks must be approved by TennCare prior to distribution. Member handbooks must be distributed to enrollees within thirty (30) days of enrollment in the CONTRACTOR's plan and shall, at a minimum, be in accordance with the following guidelines:
 - a. Must be in accordance with all applicable requirements as described in Section 2-6 of this Agreement;
 - b. Shall include a table of contents;

- c. Shall include an explanation on how members will be notified of member specific information such as effective date of enrollment;
- d. Shall include a description of services provided including limitations, exclusions, and out-of-plan use;
- e. Shall include a description of cost share responsibilities for non-Medicaid eligibles individuals including an explanation that providers and/or the MCO may utilize whatever legal actions that are available to collect these amounts;
- f. Shall include information about preventive services for adults and children (EPSDT) to include a listing of preventive services and notice that preventive services are at no cost and without cost share responsibilities;
- g. Shall include procedures for obtaining required services, including procedures for obtaining referrals to specialists as well as procedures for obtaining referrals to providers outside of the plan. The handbook should advise members that if they need a service that is not available within the plan, they will be referred to a provider outside of the plan and any co-payment requirements would be the same as if this provider were in the plan;
- h. Shall include an explanation of emergency services and procedures on how to obtain emergency services both in and out of the CONTRACTOR's service area;
- i. Shall include information on how to access the primary care provider on a 24-hour basis. The handbook may encourage members to contact this 24-hour service when they have questions as to whether they should go to the emergency room;
- j. Shall include appeal procedures as described in Section 2-8 of this Agreement;
- k. Shall include notice to the enrollee that in addition to the enrollee's right to file an appeal for actions taken by the CONTRACTOR, the enrollee shall have the right to request reassessment of eligibility related decisions directly to TENNCARE;
- l. Shall include written policies on member rights and responsibilities, pursuant to Quality Standard X of Attachment II of this Agreement;
- m. Shall include written information concerning advance directives as described in the Code of Federal Regulations, 42 CFR 489 Subpart I and in accordance with 42 CFR 417.436.(d);
- n. Shall include notice to the enrollee that enrollment in the CONTRACTOR's plan invalidates any prior authorization for services granted by another plan but not utilized by the enrollee prior to the enrollee's enrollment into the CONTRACTOR's plan and notice of continuation of care when entering the CONTRACTOR's plan as described in Section 2-7.1;
- o. Shall include notice to the enrollee that it is the member's responsibility to notify the CONTRACTOR and the TENNCARE agency each and every time the member moves to a new address;
- p. Shall include notice to the enrollee that a new enrollee may request to change MCO plans at anytime during the ninety (90) day period immediately following their initial enrollment in a MCO plan, subject to the capacity of the selected MCO to accept additional enrollees and any restrictions limiting enrollment levels established by TENNCARE. This process will require the enrollee to notify the State in a form that will be prescribed by the State;
- q. Shall include notice to the enrollee that the enrollee may change plans, unless otherwise specified by TennCare, during the next choice period as described in Section 4 of this

Agreement and shall have a ninety (90) day period immediately following the enrollment, as requested during said choice period, in a new plan to request to change plans, subject to the capacity of the selected MCO to accept additional enrollees and any restrictions limiting enrollment levels established by TENNCARE;

- r. Shall include notice to enrollee of their right to disenroll from the TennCare program at any time with instructions to contact TENNCARE for disenrollment forms and additional information on disenrollment;
- s. Shall include the toll free telephone number for TENNCARE with a statement that the enrollee may contact the plan or TENNCARE regarding questions about TennCare. The TennCare hotline number is 1-800-669-1851; and
- t. Shall include information on how to obtain information in alternative formats or how to access interpretation services.

There are certain selected requirements of those described above which need to be provided uniformly in all handbooks so that members have a clear understanding of benefits covered, exclusions, cost sharing responsibilities, members responsibilities to respond to requests for information (re: address, employment, third party liability, etc.), emergency services, appeal processes, appeal rights, rights to change plans and to disenroll from TennCare, and acceptable reasons for disenrollment. The CONTRACTOR shall use specific language provided by TENNCARE to describe these requirements.

- 2. Quarterly Newsletter. The CONTRACTOR shall, at a minimum, distribute on a quarterly basis a newsletter to all enrollees which is intended to educate the enrollee to the managed care system, proper utilization of services, etc., and encourage utilization of preventive care services. The CONTRACTOR shall include, in the newsletter; specific articles or other specific information as described and requested by TENNCARE. Such requests by TENNCARE shall be limited to two hundred (200) words and shall be reasonable including sufficient notification of information to be included. Not more than one hundred twenty (120) calendar days shall elapse between dissemination of this information. In addition to the prior authorization requirement regarding dissemination of materials to enrollees, the CONTRACTOR shall also submit to TENNCARE, ten (10) final copies of the newsletter and the date that the information was mailed to enrollees.
- 3. Identification Cards. The CONTRACTOR shall provide enrollees with identification cards. The cost of these items shall be borne by the CONTRACTOR. The State shall review and approve identification cards prior to issuance for use. Each enrollee shall be provided an identification card, which identifies the enrollee as a participant in the TennCare Program within thirty (30) calendar days of notification of enrollment into the CONTRACTOR's plan. The identification card must comply with all state and federal requirements, including but not limited to, the Standardized Pharmacy Benefit Identification Card Act. The identification card may be issued by the CONTRACTOR, subject to prior approval of the format and content by TENNCARE.

2-6.3 Permissible Marketing and/or Communication Activities

The following marketing activities shall be permitted under this contract pending approval of a marketing plan describing the time(s), place(s), intent, audience and other relevant information requested by TennCare.

- 1. Distribution of general information through mass media; and
- 2. Telephone calls, mailings and home visits to current enrollees of the CONTRACTOR only for the sole purpose of educating current enrollees about services offered by or available through the CONTRACTOR.
- 3. General activities that benefit the entire community (e.g., health fairs, school activity sponsorships, and health education programs)

2-6.4 Prohibited Marketing and/or Communication Activities

The following information and activities are prohibited:

1. Materials and/or activities that mislead, confuse or defraud or that are unfair or deceptive practices or that otherwise violate federal or state consumer protection laws or regulations. This includes materials which mislead or falsely describe covered or available services, membership or availability of network providers, and qualifications and skills of network providers;
2. Overly aggressive solicitation, such as repeated telephoning or continued recruitment after an offer for enrollment is declined by an enrollee, or similar techniques;
3. Gifts and offers of material or financial gain as incentives to enroll;
4. Compensation arrangements with marketing personnel that utilize any type of payment structure in which compensation is tied to the number of persons enrolled;
5. Direct solicitation of prospective enrollees;
6. In accordance with federal requirements, independent marketing agents shall not be used in connection with marketing activities. Independent marketing agents shall not mean staff necessary to develop or produce marketing materials or advertising or other similar functions

2-6.5 Prior Approval

- a. The CONTRACTOR shall submit a detailed description of its marketing plan, any materials it intends to use and a description of any marketing activities to be held prior to implementation or use. This includes but is not limited to all policies and manuals, advertisement copy, brochures, posters, fact sheets, video tapes, story boards for the production of videos, audio tapes, newsletters, any and all other forms of advertising as well as any other forms of public contact such as participation in health fairs and/or telemarketing scripts.
- b. All materials submitted by the CONTRACTOR shall be accompanied by a plan that describes the CONTRACTOR's intent and procedure for the use of the materials. All written material submitted by the CONTRACTOR must be submitted on paper and electronic file media. Materials developed by a recognized entity having no association with the CONTRACTOR that are related to management of specific types of diseases (e.g., heart, diabetes, asthma, etc.) or general health improvement must be submitted for approval; however, an electronic file for these materials may not be required. The electronic files, when required, must be submitted in a format acceptable to TENNCARE. Electronic files submitted in any other format than those approved by TENNCARE cannot be processed.
- c. TENNCARE shall review the Contractor's marketing plan, marketing activity descriptions and materials and either approve, deny or return the plan and/or materials (with written comments) within fifteen (15) calendar days from the date of submission.
- d. Once materials have been approved by TennCare, the CONTRACTOR shall submit ten (10) copies of the final product to the TennCare Marketing Coordinator.
- e. Marketing problems may not be evident from the materials submitted, but may become apparent upon use. TennCare reserves the right to notify the CONTRACTOR to discontinue or modify marketing plans, activities or materials after approval.
- f. Prior to modifying any approved marketing plan, marketing activity or material, the CONTRACTOR shall submit for approval by TennCare a detailed description of the proposed modification.

2-6.6 Written Material Guidelines

All written enrollee materials shall comply with the following requirements:

1. All materials shall be worded at a 6th grade reading level, unless TENNCARE approves otherwise.
2. All written materials shall be clearly legible with a minimum font size of 12pt. with the exception of member I.D. cards, and unless otherwise approved by TennCare.
3. All written materials shall be printed with an assurance of non-discrimination.
4. The following shall not be used on marketing or communication material without the written approval of TENNCARE:
 - a. The Seal of the State of Tennessee;
 - b. The TennCaresm name unless the initials "SM" denoting a service mark, is superscripted to the right of the name;
 - c. The word "free" can only be used if the service is no cost to all members. Only members who meet Medicaid eligibility requirements and those uninsured or uninsurable persons, as provided in the TennCare rules and regulations, are exempt from cost sharing responsibilities. If members have cost share responsibilities, the service is not free. Any conditions of payments must be clearly and conspicuously disclosed in close proximity to the "free" good or service offer.
 - d. The use of phrases to encourage enrollment such as "keep your doctor" implying that potential members can keep all of their physicians. Potential members in TennCare should not be led to think that they can continue to go to their current physician, unless that particular physician is part of that provider network. In order for the service to be paid for by TennCare, members may continue to see their physician only if the physician is participating in the same plan or if the plan approves care by the physician as an out-of-plan provider.
5. All vital MCO documents and the member handbook must be translated and available in Spanish.

Within ninety (90) days of notification from TENNCARE, all vital MCO documents must be translated and available to each Limited English Proficiency group identified by TENNCARE that constitutes five percent (5%) of the TennCare population or 1,000 enrollees, whichever is less.
7. All written materials shall be made available in alternative formats for persons with special needs or appropriate interpretation services shall be provided by the CONTRACTOR.
8. The CONTRACTOR shall provide written notice of any changes in policies or procedures described in written materials previously sent to enrollees. The CONTRACTOR shall provide written notice at least thirty (30) days before the effective date of the change.

2-6.7 Failure to Comply with Marketing and Enrollee Material Requirements

All services listed in marketing and enrollee materials must be provided as described and the materials must adhere to the requirements as described in this Agreement. Failure to comply with the marketing and communication limitations contained in this Agreement, including but not limited to the use of unapproved and/or disapproved marketing and communication material, may result in the imposition by TENNCARE of one or more of the following sanctions which shall remain in effect until such time as the deficiency is corrected:

- a. Revocation of previously authorized marketing methods;
- b. Refusal of TENNCARE to authorize new enrollments for a period specified by TENNCARE;

- c. Forfeiture by the CONTRACTOR of all or part of the administrative payments for persons enrolled as a result of non-compliant marketing practices; and/or
- d. Application of sanctions as provided in Section 6-8 of this Agreement.

2-7 Medical Management

The Contractor shall provide the State with two (2) written copies outlining its medical management procedures. Additionally, the Contractor shall obtain approval from the state, in writing, prior to implementing any changes, revisions, additions and/or deletions in these procedures.

2-7.1 Utilization Management

The CONTRACTOR shall not place arbitrary maximum limits on the length of stay for enrollees requiring hospitalization and/or surgery. The CONTRACTOR shall not employ, and shall not permit others acting on their behalf to employ utilization control guidelines or other quantitative coverage limits, whether explicit or de facto, unless supported by an individualized determination of medical necessity based upon the needs of each TennCare enrollee and his/her medical history. Individual patient characteristics must be considered in the determination of readiness for discharge. This requirement is not intended to limit the ability of the CONTRACTOR to place "tentative" limits on the length of a prior authorization or pre-certification.

- a. Inpatient Care. The Contractor shall provide for methods of assuring the appropriateness of inpatient care. Such methodologies shall be based on individualized determinations of medical necessity and, at a minimum, shall include:
 - i. pre-admission certification upon notification for all non-emergency admissions;
 - ii. a concurrent review program to monitor and review continued inpatient hospitalization (for hospitals that are not reimbursed on a DRG basis), length of stay (for hospitals that are not reimbursed on a DRG basis), outpatient care, or diagnostic ancillary services regarding their appropriateness and medical necessity. In addition, the Contractor shall have a process in place to determine for emergency admissions, based upon medical criteria, if and when a patient can be transferred to a network facility, if presently in a non-network facility. On-site concurrent hospitalization review should occur in 95% of the cases where applicable at the two most frequently utilized hospitals;
 - iii. admission review for urgent and/or emergency admissions, on a retroactive basis when necessary, in order to determine if the admission is medically necessary, and if the requested length of stay for the admission (for hospitals that are not reimbursed on a DRG basis and for outlier DRG cases) is reasonable based upon an individualized determination of medical necessity. Such reviews shall not result in delays in the provision of medically necessary urgent or emergency care;
 - iv. Pre-admission certification should not be employed for admissions for the normal delivery of children;
 - v. Prospective review procedures may also include pre-admission testing criteria and criteria for same day surgery procedures. If inpatient hospital pre-admission certification is utilized authorization or denial must occur within one business day of the request.
- b. Case Management. The Contractor shall maintain a case management program for enrollees. Enrollee participation is voluntary. The CONTRACTOR must utilize procedures and criteria that identify unique or complex cases that will benefit from intensive medical case management.
- c. Discharge Planning. The Contractor shall maintain and operate a formalized discharge planning program. The CONTRACTOR may delegate responsibility for discharge planning in accordance with requirements for the delegation of responsibilities specified in Attachment II.

- d. Disease Management. The Contractor must have in place or develop and implement a disease management and health promotion and prevention program. The Contractor shall develop and implement one disease management program for a high cost, high prevalence disease, designed to optimize the health status of members. The program shall include a statistically valid methodology designed to measure the impact on health status of participating members, and the Contractor shall provide the State with the results of the analysis of the program's impact at least 14 months after implementation. The State reserves the right to review and comment on the programs.
- e. Hospitalizations and Surgeries. The CONTRACTOR must comply with any applicable laws or rules related to length of hospital stay. TENNCARE will closely monitor encounter data related to length of stay and re-admissions to identify potential problems. If indicated, TENNCARE or the EQRO may conduct special studies to assess the appropriateness of hospital discharges.
- f. Prior Authorization
 - 1. General Rule. If prior authorization of a service is granted by the CONTRACTOR, subcontractor or an agent, payment for the pre-approved service shall not be denied based on the lack of medical necessity, assuming that the enrollee is eligible on the date of service, unless it is determined that the facts at the time of the denial of payment are significantly different than the circumstances which were described at the time that prior authorization was granted. Prior Authorization shall not be required for emergency services.
 - 2. At time of Enrollment. In the event an enrollee entering the MCO's plan is receiving medically necessary TennCare covered services the day before enrollment, the CONTRACTOR shall continue to make payment, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network until such time as the CONTRACTOR can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health. If it is medically necessary that care extend beyond thirty (30) days, the CONTRACTOR shall require prior authorization for continuation of the services beyond thirty (30) days. Care rendered to an enrollee in the Contractor's plan beyond thirty (30) days that is out-of-plan or out-of-network for which a provider has not sought prior authorization shall not be reimbursed.
 - 3. Prenatal Care. In the event an enrollee entering the CONTRACTOR's plan is receiving medically necessary prenatal care services the day before enrollment, the CONTRACTOR shall continue to make payment for such medically necessary services, without any form of prior approval and without regard to whether such services are being provided within or outside the CONTRACTOR's provider network until such time as the CONTRACTOR can reasonably transfer the enrollee to a service and/or network provider without impeding service delivery that might be harmful to the enrollee's health. The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payor) plus any applicable amount of cost sharing responsibilities due from the enrollee as payment in full for the service.

2-7.2 Pharmacy Management

- a. The CONTRACTOR shall implement an ongoing program which reviews the utilization of services, patterns of prescribing, and actual dispensing of drugs under the program and communicate the findings to the State and network providers semi-annually.
- b. The CONTRACTOR shall provide quarterly reports to the State regarding the specific cost and utilization of prescription drugs under the program.

2-8 Complaints and Appeals

All enrollees shall be afforded the right to file a complaint and/or appeal. The CONTRACTOR shall refer all enrollees who are dissatisfied with the CONTRACTOR's initial response to the complaint/appeal coordinator for the appropriate action.

The enrollees shall have the right to file appeals regarding adverse actions taken by the CONTRACTOR. For purposes of this requirement, appeal shall mean an enrollee's right to contest verbally or in writing, any adverse action taken by the CONTRACTOR to deny, reduce, terminate, delay or suspend a covered service as well as any other acts or omissions of the CONTRACTOR which impair the quality, timeliness, or availability of such benefits. Complaint shall mean an enrollee's right to contest any other action taken by the CONTRACTOR or service provider other than those that meet the definition of an adverse action. The CONTRACTOR shall provide readable materials reviewed and approved by TENNCARE, informing enrollees of their complaint and appeal rights. The CONTRACTOR has internal complaint and appeal procedures in accordance with TennCare rule 1200-13-12-.11 or any applicable TennCare rules, subsequent amendments, or subsequent Court Orders governing the appeals process.

A portion of the regularly scheduled Quality Improvement meetings, as described in Section 2-9.6 shall be devoted to the review of enrollee complaints and appeals that have been received and resolved. The complaint and appeal procedures shall be governed by the following guidelines which are in accordance with TennCare policy as specified in TennCare rules and regulations and any and all Court Orders.

2-8.1 Appeals

The CONTRACTOR's appeal process shall be submitted for review and approval and shall include, at a minimum, the following:

1. The CONTRACTOR shall have a contact person appointed at each service site. Said person will be knowledgeable of appeal procedures and direct all appeals whether the appeal is verbal or the enrollee chooses to file in writing. Should an enrollee choose to appeal in writing, the enrollee will be instructed to file via mail to the designated P. O. Box for appeals related to the CONTRACTOR;
2. There shall be sufficient support staff (clerical and professional) available to process appeals in accordance with TennCare requirements related to the appeal of Adverse Actions Affecting a TennCare Program Enrollee. Staff shall be knowledgeable about applicable state and federal law and all court orders governing appeal procedures, as they become effective. This shall include, but not be limited to, appointed staff members and phone numbers identified to TENNCARE where appropriate staff may be reached;
3. Staff shall be educated concerning the importance of the procedure and the rights of the enrollee and the timeframes in which action must be taken by the CONTRACTOR regarding the handling and disposition of an appeal;
4. The appropriate individual or body within the plan having decision-making authority as part of the appeal procedure shall be identified;
5. The CONTRACTOR shall have the ability to take telephone appeals and accommodate persons with disabilities during the appeals process. Furthermore, appeal forms shall be available at each service site and by contacting the CONTRACTOR. However, enrollees shall not be required to use an appeal form in order to file an appeal;
6. Upon request, the enrollee shall be provided a TENNCARE approved appeal form(s);
7. All appellants shall have the right to reasonable assistance by the CONTRACTOR during the appeal process;

8. Reports of appeals shall be submitted quarterly to TENNCARE and shall include recommendations to, and actions taken by QI Committee, in such format and manner determined by TENNCARE;
9. At any point in the appeal process, TENNCARE shall have the authority to remove an enrollee from the CONTRACTOR's plan when it is determined that such removal is in the best interest of the enrollee and TENNCARE; and
10. TENNCARE may develop additional appeal process guidelines or rules, including requirements as to content and timing of notices to enrollees, which shall be followed by the CONTRACTOR, if TENNCARE determines that it is in the best interest of the TennCare Program or if necessary to comply with federal or judicial requirements. However, CONTRACTOR shall not be precluded from challenging any judicial requirements and to the extent judicial requirements that are the basis of such additional guidelines or rules are stayed, reversed or otherwise rendered inapplicable, CONTRACTOR shall not be required to comply with such guidelines or rules during any period of such inapplicability.

2-8.2 Complaints

The enrollee has the right to file complaints. Complaint shall mean an enrollee's right to contest any other action taken by the CONTRACTOR or service provider other than; the denial, reduction, termination, delay or suspension of a covered service, as well as any other acts or omissions of the CONTRACTOR which impair the quality, timeliness, or availability of such benefits.

1. The CONTRACTOR shall have a contact person appointed at each service site. Said person will direct all complaints to the complaint coordinator at CONTRACTOR's corporate office;
2. There shall be sufficient support staff (clerical and professional) available to process complaints;
3. Staff shall be educated concerning the importance of the procedure and the rights of the enrollee;
4. The appropriate individual or body within the plan having decision making authority as part of the complaint procedure shall be identified;
5. Complaint forms shall be available at each service site and by contacting the CONTRACTOR;
6. All persons filing complaints shall have the right to reasonable assistance by the CONTRACTOR during the CONTRACTOR's complaint process;
7. Complaints shall be resolved within thirty (30) calendar days from the initial filing of the complaint document by the enrollee. The decision of the MCO shall be in writing and include a description of the complaint, the basis for the decision and identification of any documents reviewed and relied upon in the complaint decision;
8. At any point in the complaint process, TENNCARE shall have the authority to intercede in the process when it is determined that such intervention is in the best interests of the enrollee and TennCare.

If it is determined by TENNCARE that violations regarding the appeal guidelines have occurred by the CONTRACTOR, TENNCARE shall require that the CONTRACTOR submit and follow through with a corrective action plan. Failure to comply with the appeal guidelines issued by TENNCARE, including an acceptable corrective action plan, shall result in the CONTRACTOR being subject to liquidated damages as described in Section 6-8.2 of this Agreement.

2-9 Administration And Management

2-9.1 General

- a. The State may review and approve all plan policies developed by the CONTRACTOR related to administration of TennCare Select. On an ongoing basis, should the CONTRACTOR have a question on policy determinations, benefits or operating guidelines, the CONTRACTOR shall request a determination in writing. The State shall have 30 days to respond unless specified otherwise. Should TennCare not respond in the required amount of time, the CONTRACTOR shall not be penalized as a result of implementing items awaiting approval. However, failure to respond timely shall not preclude the State from requiring the CONTRACTOR to respond or modify the policy or operating guideline prospectively. The CONTRACTOR shall be afforded at least 60 days to implement the modification.
- b. The CONTRACTOR shall meet with representatives of the State on a monthly basis during the first three months of this contract and quarterly thereafter to discuss any problems and/or progress on matters outlined by the State. The CONTRACTOR shall have in attendance its Program Director, and representatives from its organizational units required to respond to topics identified by the State or the CONTRACTOR. The CONTRACTOR shall provide information concerning its efforts on network development, provider training, attempts to locate non-responsive TennCare eligibles and trends in costs and utilization. The CONTRACTOR shall develop a quarterly report package that includes at a minimum the reports identified in Section 2-10.11 of this Agreement.
- c. The following performance indicators related to administration and management have been identified for ongoing monitoring. The CONTRACTOR's failure to meet these benchmarks or demonstrate improvement toward benchmark levels of performance shall result in the CONTRACTOR being required to implement a corrective action plan as described in Section 2-16.

Performance Indicator	Data Sources	Measure	Target	Benchmark
Volume of Provider Complaints	Weekly Activity Report	# of provider complaints received relative to number of providers (Complaint is defined as an issue a provider presents to the managed care organization, either in written or oral form, which is subject to resolution by the MCO).	0 percent	MCO specific benchmark. 10% reduction over prior year.
Claims Payment Accuracy	Weekly Activity Report	# of claims paid accurately upon initial submission	100 percent	97% accuracy upon initial submission
Approximate Waiting Time for Provider Response	Weekly Activity Report	Average response time on provider services line	Average response time of 30 seconds	Average response time of 60 seconds

Performance Indicator	Data Sources	Measure	Target	Benchmark
Abandonment rate for Member Services lines	Weekly Activity Report	Percent of calls not answered; callers hang up while in queue	0 percent	Less than 5 percent of calls not answered
Approximate Waiting Time for Member Response	Weekly Activity Report	Average Response Time on Member Services Line	Average response time of 30 seconds	Average response time of 60 seconds
Specialist Provider Network	Monthly Provider listing	Executed Contract Agreements	Same as benchmark	Executed specialty physician contracts in all priority areas designated by the state located within the MCO's Grand Region for the following nine specialists: cardiology; gastroenterology; neurology; neurosurgery; otolaryngology; ophthalmology; orthopedics; oncology/hematology; and urology.

2-9.2 Staff Requirements

- a. The CONTRACTOR shall not have an employment, consulting, or any other agreement with a person that has been debarred or suspended by any federal agency for the provision of items or services that are significant and material to the entity's contractual obligation with the State.
- b. The staffing for the plan covered by this Agreement must be capable of fulfilling the requirements of this Agreement. The minimum staff requirements are as follows:
 1. A full-time administrator (project director) specifically identified with overall responsibility for the administration of this Agreement. This person shall be at the CONTRACTOR's officer level. Said designee shall be responsible for the coordination and operation of all aspects of the Agreement;
 2. Sufficient full-time support staff to conduct daily business in an orderly manner; including such functions as administration, accounting and finance, prior authorizations, marketing, appeal system resolution, and claims processing and reporting, as determined through management and medical reviews;
 3. A physician who is licensed in the State of Tennessee to serve as medical director to oversee and be responsible for the proper provision of covered services to members;
 4. A staff qualified, medically trained personnel, consistent with accreditation standards of NCQA, JCAHO or URAC whose primary duties are to assist in evaluating claims for medical necessity;
 5. A person who is trained and experienced in information systems, data processing and data reporting as required to provide necessary and timely reports to TENNCARE;

6. The CONTRACTOR shall appoint a staff person to be responsible for Title VI compliance on behalf of the CONTRACTOR. The CONTRACTOR does not have to require that Title VI compliance be the sole function of the designated staff member. However, the CONTRACTOR shall identify the designated Title VI compliance staff member to TENNCARE by name. At such time that this function is redirected, the name of the staff member who assumed the duties shall be reported in writing to TENNCARE within ten (10) calendar days of the change;
7. The CONTRACTOR shall appoint a staff person to be responsible for communicating with TENNCARE regarding member service issues. The CONTRACTOR shall maintain statewide, toll-free phone lines (member services hotline) for the exclusive purpose of enrollee inquiries. These phone lines shall be staffed adequately to respond to enrollee's questions during normal business hours, five (5) days a week. The member service lines shall be adequately staffed and trained to accurately respond to questions regarding the TennCare program, including but not limited to EPSDT. Said information may be made available pursuant to the CONTRACTOR's enrollee newsletter or materials distributed pursuant to Section 2-6 of this Agreement. The CONTRACTOR shall adequately staff the member service line to assure that the average wait time for assistance does not exceed 10 minutes;
8. The CONTRACTOR shall appoint a staff person to be responsible for communicating with TENNCARE regarding provider service issues. Further, the CONTRACTOR shall have a provider service line staffed adequately to respond to providers questions during normal business hours, including appropriate and timely responses regarding prior authorization requests as described in Section 2-7.1 of this Agreement. The provider service lines shall be adequately staffed and trained to accurately respond to questions regarding the TennCare program, including but not limited to EPSDT. The CONTRACTOR shall adequately staff the provider service line to assure that the average wait time for assistance does not exceed 10 minutes.
9. The CONTRACTOR shall identify in writing key contact persons for Contract Administration, Accounting and Finance, Prior Authorizations, Marketing, Claims Processing, Information Systems, Title VI Compliance, Member Services, Provider Services, Appeal System Resolution, Medical Management, and EPSDT within thirty (30) days of Agreement execution. Any changes in staff persons during the term of this Agreement must be made in writing within 10 business days.
10. TENNCARE may establish Technical Advisory Groups (TAGs) as needed to address issues in key areas of the program. These TAGs will consist of key stakeholders including TENNCARE and MCO staff. Areas around which TAGs may be formed are: Third Party Liability and Coordination of Benefits, Fraud and Abuse, Quality Indicators, Financial Reporting and Claims Processing.

The CONTRACTOR's failure to comply with staffing requirements as described in this agreement shall result in the application of intermediate sanctions and liquidated damages as specified in Section 6 of this Agreement.

2-9.3 Licensure of Staff

The CONTRACTOR is responsible for assuring that all persons, whether they be employees, agents, subcontractors, providers or anyone acting for or on behalf of the CONTRACTOR, are legally authorized to render service under applicable state law and/or regulations. Failure to adhere to this provision shall result in assessment of \$250 per calendar day for each day that personnel are not licensed as required by applicable state law and/or regulation and TENNCARE may terminate this Agreement for cause as described in Section 6.2 of this Agreement.

1. TENNCARE may refuse to approve or may rescind the approval of subcontracts with unlicensed persons;
2. TENNCARE may refer the matter to the appropriate licensing authority for action;
3. TENNCARE may assess liquidated damages as described in Section 6 of this Agreement; and

4. TENNCARE may terminate this Agreement for cause as described in Section 6.2. of this Agreement.

The CONTRACTOR's failure to comply with licensure of staff requirements as described in this agreement shall result in the application of intermediate sanctions and liquidated damages as specified in Section 6 of this Agreement.

2-9.4 Network Management

- a. The CONTRACTOR shall notify all network providers to file claims associated with their services directly with the CONTRACTOR, or its subcontractors, on behalf of TennCare Select enrollees.
- b. The CONTRACTOR shall notify all network providers of and enforce compliance with all provisions relating to utilization management procedures.
- c. Provider Profiling. The CONTRACTOR shall profile TennCare Select providers and Best Practice Network Primary Care Providers. Provider profiling will include the following:
 1. Out-of-Network Utilization. The CONTRACTOR shall maintain a procedure to identify out-of-network utilization of enrollees by PCP panel (including BPN-PCPs), establish criteria for the evaluation of such instances and provide information to the state concerning the procedure, criteria and the results of any reviews and follow-up activities to correct referrals that are found to be "inappropriate" (e.g., consistent utilization of non-network providers when in-network providers available) on a quarterly basis.
 2. Specialist Referrals. The CONTRACTOR shall maintain a procedure to identify Specialty provider utilization of enrollees by PCP panel (including BPN-PCPs), establish criteria for evaluation for specialty utilization and provide information to the state concerning the procedure, criteria and the results of any reviews and follow-up activities to correct specialist utilization found to be inappropriate on a quarterly basis.
 3. Emergency Room Utilization. The CONTRACTOR shall maintain a procedure to identify enrollees who establish a pattern of accessing emergency room services, establish criteria for the evaluation of such instances, and notify the enrollee's PCP (including BPN-PCPs). The CONTRACTOR shall provide information to the state concerning the procedure, criteria and results of any reviews and follow-up activities on a quarterly basis.

2-9.5 Location of Non-responsive TennCare eligibles

The CONTRACTOR agrees to attempt to locate "non-responsive TennCare eligibles" that have been enrolled in the CONTRACTOR's plan. Non-responsive TennCare eligibles are persons identified by TennCare who have not responded to re-verification attempts and who have not (and whose family members have not) accessed services during the period of review. Within 90 days of identification, the CONTRACTOR shall attempt to reach each non-responsive TennCare eligible identified by TennCare to the CONTRACTOR and assigned to TennCare Select effective July 1, 2001. The CONTRACTOR shall attempt to reach each non-responsive TennCare eligible telephonically using the phone number provided by TennCare. Upon placement of the call, if the CONTRACTOR receives a message that the phone number has been changed, the CONTRACTOR shall update the enrollee's phone number in its system and make at least three documented attempts to contact said enrollee at the new number to obtain the enrollee's new address. If successful, the CONTRACTOR will forward this information to TennCare via the Weekly Enrollee Information Report. If TennCare does not provide a telephone number, the CONTRACTOR shall make and document at least one attempt to contact the non-responsive TennCare eligible through other publicly available information resources. In addition, the CONTRACTOR shall monitor claims activity for non-responsive TennCare eligibles. In the event the CONTRACTOR receives a claim for payment on behalf of a non-responsive TennCare eligible, the CONTRACTOR shall contact the provider and request the enrollee's phone number and address on file with the provider. The CONTRACTOR shall make at least three documented attempts to contact the enrollee at the location provided by the provider to confirm the enrollee's address. Once confirmed, the CONTRACTOR shall forward this information to TennCare via the Weekly Enrollee Information Report. The

CONTRACTOR shall complete this process within 45 days for other non-responsive TennCare eligible as they are identified by TennCare to the CONTRACTOR.

2-9.6 Quality Monitoring/Quality Improvement (QM/QI) Program

The CONTRACTOR shall have a Quality Monitoring/Quality Improvement (QM/QI) program. This program shall use as a guideline the Quality Monitoring Standards in Attachment II of this Agreement and shall be approved by TENNCARE prior to the enrollment of any TennCare enrollees. Any changes to the QM/QI program structure shall require prior written approval from TENNCARE. The QM/QI program shall be submitted to TENNCARE annually for reconsideration for approval along with the annual Quality Monitoring Program (QMP) review described in Standard II.D. in Attachment II of this Agreement.

2-9.6.1 QM/QI Meeting Requirements

The CONTRACTOR shall provide the Medical Director of TENNCARE with ten (10) days advance notice of all regularly scheduled meetings of the Quality Monitoring/Quality Improvement Committee and Peer Review Committee. The Medical Director of TENNCARE, or his/her designee, may attend the Quality Monitoring/Quality Improvement Committee and/or Peer Review Committee meetings at his/her option. In addition, written minutes shall be kept of all meetings of the Quality Monitoring/Quality Improvement Committee. A copy of the written minutes for each meeting shall be available on-file after the completion of the following committee meeting in which the minutes are approved and shall be available for review upon request and during the annual on-site EQRO review.

2-9.6.2 Performance Indicators

The CONTRACTOR shall demonstrate meaningful improvement towards achieving the benchmark level of performance for each performance indicator specified in Attachment II, Quality of Care Monitors. To be considered meaningful, the CONTRACTOR must demonstrate a 10-percentage point improvement over the baseline or satisfaction of the specified benchmark. For the period July 1, 2001 through December 31, 2001 the baseline is the average calendar year 2000 TennCare MCO performance level for the equivalent populations. For the period January 1, 2002 through December 31, 2002, the baseline will be defined as the higher of the Contractor's performance level for July 1, 2001 through December 31, 2002 or the average MCO performance level for calendar year 2000.

The CONTRACTOR may elect to participate in a workgroup facilitated by the TennCare Medical Director to finalize benchmarks and the methodology for calculating the performance indicators specified in Attachment II. With the exception of EPSDT, HEDIS Medicaid technical specifications shall be followed for the calculation of clinical performance indicators. The benchmark for EPSDT shall be an adjusted periodic screening percentage of greater than 80%. New or additional performance indicators may be added at the mutual agreement of TennCare and the CONTRACTOR. TennCare may modify the benchmarks on an annual basis to facilitate continuous improvement. The workgroup established above will participate in the specification of new benchmarks.

Performance indicator results shall be reported to TennCare within 90 days of the end of the calendar year. The CONTRACTOR shall develop and analyze performance indicators independently for SSI children (Group 2), children in state custody and transitioning out of State Custody (Groups 1.A and 1.B) and enrollees of the back-up population (Group 6). TennCare agrees to assist with the identification of Group 6 enrollees. The CONTRACTOR shall not be required to develop and analyze performance indicators for enrollees in Groups 3, 4, or 5 as defined in Section 4 of this Agreement.

The CONTRACTOR's failure to demonstrate meaningful improvement toward benchmark levels of performance shall result in the CONTRACTOR being required to implement a corrective action plan as described in Section 2-16.

2-9.6.3 *EPSDT*

The CONTRACTOR shall demonstrate at least a 10 percentage-point improvement over the average MCO fiscal year 2000 EPSDT adjusted periodic screening percentage (APSP) for SSI children and at least a 10 percentage-point improvement over the average fiscal year 2000 APSP EPSDT screening rate for all other children enrolled in TennCare Select.

To encourage significant improvement in EPSDT screening rates, the CONTRACTOR may recommend a program designed to increase screening rates through the use of financial incentives. TennCare must approve the program design and amount of any payments prior to distribution.

As specified at 2-4.9, the CONTRACTOR shall contract with each Department of Health for the provision of EPSDT services in the community service area(s) in which it is authorized to serve until such time as it obtains an APSP of eighty percent (80%).

2-9.6.4 *Credentialing Verification Organization*

The CONTRACTOR agrees to contract with the Credentialing Verification Organization (CVO) contracted by the State to verify credentials of all primary care provider and all other physicians (including specialists) that the MCO does not either credential itself for a commercial line of business or delegate responsibility of credentialing to a large provider group. The exemption to the requirement to utilize the CVO to verify credentials of a provider in cases where the MCO has credentialed the provider for a commercial line of business, shall only apply if an MCO's, or an MCO's parent company's, commercial line of business accounts for at least fifty (50) percent of its total book of business. Also for the purpose of this requirement a "large" provider group is a provider group with at least 100 providers unless otherwise specified by TENNCARE. The State shall negotiate a rate and establish a standard set of activities in its contract with the CVO. The CONTRACTOR shall have the right to obtain additional services from the CVO, however, nothing in this agreement requires the CONTRACTOR to contract with the CVO for the purpose of verifying credentials of providers who are not primary care providers or other physicians.

For the purpose of providers for whom the CVO is to verify credentials, Contractors in existence prior to July 1, 2000 shall not be required to re-credential primary care providers and other physicians previously credentialed until the expiration of the three (3) year term required by the Quality of Care Monitors (Attachment II). Upon expiration of the three (3) year term, the Contractors shall utilize the State-contracted CVO to provide information to be used for re-credentialing of all primary care providers and all other physicians as described above.

An MCO that has provided the State notice to terminate the TennCare program shall not be required to utilize the CVO to verify credentials of providers who were previously credentialed in accordance with applicable TennCare credentialing standards and requirements. Re-credentialing shall not be required until the expiration of the three (3) year term required by the Quality of Care Monitors (Attachment II). Upon expiration of the three (3) year term, Contractors shall utilize the State-contracted CVO to verify credentials of all primary care providers and all other physicians.

The CONTRACTOR shall establish policies and procedures to ensure adequate due process for any provider where the CONTRACTOR fails to contract with the provider based on information obtained from the CVO as to provider's credentials.

2-9.6.5 *Medical Records Requirements*

The CONTRACTOR shall maintain, when appropriate, and shall require contract providers to maintain up-to-date medical records at the site where medical services are provided for each member enrolled under this Agreement. The record shall include, at a minimum, medical charts, prescription orders, diagnoses for which medications were administered or prescribed, documentation of orders for laboratory, radiological, EKG, hearing, vision, and other tests and the results of such tests and other documentation sufficient to disclose the quality, quantity,

appropriateness, and timeliness of services performed or ordered under this Agreement. Each member's record must be legible and maintained in detail consistent with good medical and professional practice which permits effective internal and external peer review and/or medical audit and facilitates an adequate system of follow-up treatment.

2-9.7 Claims Processing

- a. Timeliness of Payment. The CONTRACTOR shall have in place, an automated claims processing system capable of accepting and processing claims submitted electronically with the exception of claims that require written documentation to justify payment (e.g., hysterectomy/sterilization consent forms, Certification for Medical Necessity for Abortion, necessary operative reports, etc.). To the extent that the CONTRACTOR compensates providers on a fee for service or other basis requiring the submission of claims as a condition to payment, the CONTRACTOR shall process, as described herein, the provider's claims for covered benefits provided to enrollees consistent with applicable CONTRACTOR policies and procedures and the terms of this Agreement. The CONTRACTOR shall ensure that ninety percent (90%) of claims for payment for services delivered to a TennCare enrollee (for which no further written information or substantiation is required in order to make payment) are paid within thirty (30) days of the receipt of such claims. The CONTRACTOR shall process, and if appropriate pay, within sixty (60) days ninety-nine point five percent (99.5%) of all provider claims for services delivered to an enrollee in the TennCare program. "Pay" means that the CONTRACTOR shall either send the provider cash or cash equivalent in full satisfaction of the allowed portion of the claim, or give the provider a credit against any outstanding balance owed by that provider to the CONTRACTOR. "Process" means the CONTRACTOR must send the provider a written remittance advice or other appropriate written notice evidencing either that the claim has been paid or informing the provider that a claim has been either partially or totally "denied" and specify all known reasons for denial. If a claim is partially or totally denied on the basis the provider did not submit any required information or documentation with the claim, then the remittance advice or other appropriate written notice must specifically identify all such information and documentation. Resubmission of a claim with further information and/or documentation shall constitute a new claim for purposes of establishing the time frame for claims processing. If requested by the provider, the CONTRACTOR shall provide an electronic status report indicating the disposition for every adjudicated claim for each claim type submitted by providers seeking payment as well as payments generated and paid by the MCO. The status report shall contain appropriate explanatory remarks related to payment or denial of the claim.

To the extent that the provider agreement requires compensation of a provider on a monthly fixed fee basis or on any other basis that does not require the submission of a claim as a condition to payment, such payment shall be made to the provider by no later than (i) the time period specified in the contract between the provider and the CONTRACTOR or subcontractor, or if a time period is not specified in the contract (ii) the tenth (10th) day of the calendar month if the payment is to be made by a subcontractor, or (iii) if the CONTRACTOR is required to compensate the provider directly, within five (5) calendar days after receipt of the payment and supporting Remittance Advice information from TENNCARE.

The CONTRACTOR shall contract with independent reviewers for the purposes of said reviewers to review disputed claims as provided by T.C.A., Section 56-32-226.

- b. Electronic Billing. The CONTRACTOR shall provide the capability of electronic billing. The CONTRACTOR or any entities acting on behalf of the CONTRACTOR, shall not charge providers for filing claims electronically. However, this provision shall not be construed to imply that providers may not be responsible for payment of applicable line fees and/or charges. The CONTRACTOR shall comply at all times with standardized paper billing forms/format as follows:

<u>Claim Type</u>	<u>Claim Form</u>
Professional	HCFA 1500
Institutional	UB-92
Pharmacy	NCPDP (Edit Format)
Dental	ADA

- c. Standard Forms and Billing Instructions. The CONTRACTOR shall not revise or modify the standardized forms or format itself specified in item b. above. Further, the CONTRACTOR agrees to adopt national EMC standards and standardized instructions and definitions that are consistent with industry norms for the forms identified above when developed by TENNCARE in conjunction with appropriate workgroups.
- d. HIPAA Compliance. The CONTRACTOR agrees to maintain compliance with the Health Insurance Portability and Accountability Act (HIPAA). Further, the CONTRACTOR agrees that at such time that the Steering Committee presents TENNCARE with recommendations concerning claims billing and processing that are consistent with industry norms, the CONTRACTOR shall comply with said recommendations within one hundred and eighty (180) days from notice by TENNCARE to do so.
- e. The CONTRACTOR shall confirm eligibility on each participant as claims are submitted, on the basis of the eligibility information provided by the State or DCS (via the adhoc reporting process approved by TennCare) that applies to the period during which the charges were incurred. The CONTRACTOR shall process said claims, in an accurate manner in accordance with this Agreement.
- f. The CONTRACTOR shall aggressively pursue all third party liability recovery opportunities and shall make a concerted effort to produce third party liability recoveries of at least three percent (3%) of claims paid per fiscal year for Medicaid eligibles and of at least four percent (4%) of claims paid per fiscal year for Disabled eligibles.
- g. The CONTRACTOR shall perform front end system edits for medical necessity and conduct post-payment review on a sample of claims to ensure services provided were medically necessary. The CONTRACTOR must have a staff qualified, medically trained personnel, consistent with accreditation standards of NCQA, JCAHO or URAC whose primary duties are to assist in evaluating claims for medical necessity.
- h. The CONTRACTOR shall use its best efforts to recover overpayment of benefits that result from errors of the Contractor. Should the CONTRACTOR inadvertently make payment, arising from errors in overpayment, the amount of overpayment actually recovered should be credited to the State within forty-five (45) days after recovery of the overpaid funds by the CONTRACTOR. In the event any overpayment is not recovered within 90 days of discovery of the overpayment – and if the State has already made payment of the claims that included the overpayment – the CONTRACTOR will credit the State for the amount of the overpayment.
- i. Overpayments due to provider billing errors and provider fraud or fraud of any other type, other than fraud by employees or contractors of the CONTRACTOR, will not be considered overpayments due to errors of the Contractor. In addition, the State will not hold the Contractor responsible for overpayment caused by the State's omission or errors in certifying eligibility; however, the Contractor is required to assist in recovery of overpayments due to provider billing errors or due to State errors or omissions.
- j. Failure to meet claims processing requirements shall result in the application of liquidated damages in the amount of \$10,000 per month for each month the CONTRACTOR is out of compliance.

2-9.8 Third Party Recoveries

The CONTRACTOR shall be the payer of last resort for all medical services. The CONTRACTOR shall exercise, full assigned benefit rights and/or subrogation rights as applicable and shall be responsible for making every reasonable effort to determine the legal liability of third parties to pay for services rendered to enrollees under this Agreement and recover any such liability from the third party. Further, in accordance with Section 2-10.2, the CONTRACTOR shall report to TENNCARE any information regarding an enrollee's third party resources.

- a. If the CONTRACTOR has determined that third party liability exists for part or all of the services administered directly by the CONTRACTOR, the CONTRACTOR shall make reasonable efforts to recover from third party liable sources the value of services rendered. The CONTRACTOR shall make all reasonable efforts to produce third party recoveries of at least three percent (3%) of claims paid per fiscal year for Medicaid eligibles and at least four percent (4%) of claims paid per fiscal year for Disabled eligibles.

- b. If the CONTRACTOR has determined that third party liability exists for part or all of the services provided to an enrollee by a provider, the CONTRACTOR shall pay the provider only the amount, if any, by which the provider's allowable claim exceeds the amount of third party liability.
- c. The CONTRACTOR may not withhold payment for services provided to a member if third party liability or the amount of liability cannot be determined, or payment will not be available within a reasonable time.
- d. All funds recovered from third parties will be treated as offsets to claims payments.
- e. Cost sharing responsibilities permitted pursuant to Section 2-4.10 of this Agreement shall not be considered third party resources for purposes of this requirement.
- f. The CONTRACTOR shall provide third party resource (TPR) data to any provider having a claim denied by the CONTRACTOR based upon a TPR.
- g. The CONTRACTOR shall provide any information necessary to assist and shall cooperate in any manner necessary, as requested by TENNCARE, with a Cost Recovery Vendor at such time that TENNCARE acquires said services.

2-9.9 Fraud and Abuse Prevention and Detection

Pursuant to Executive Order 47, the Tennessee Bureau of Investigation Medicaid Fraud Control Unit (TBI MFCU) is the state agency responsible for the investigation of provider fraud and abuse in the State Medicaid program (TennCare).

Program Integrity is responsible for assisting TBI MFCU with provider cases and has the primary responsibility to investigate TennCare enrollee fraud and abuse.

All managed care organizations shall immediately report to the TBI MFCU any suspicious activity that has some factual basis or knowledge of provider fraud and/or abuse, including but not limited to the false or fraudulent filings of claims and/or the acceptance or failure to return monies allowed or paid on claims known to be false or fraudulent. The reporting entity shall not attempt to investigate or resolve the reported suspicion, knowledge or action without informing the TBI MFCU and must cooperate fully in any investigation by the TBI MFCU or subsequent legal action that may result from such an investigation. TennCare managed care organizations and health care providers shall, upon request, make available to the TBI MFCU any and all administrative, financial and medical records relating to the delivery of items or services for which TennCare monies are expended. In addition, the TBI MFCU must be allowed access to the place of business and to all TennCare records of any TennCare managed care organization or health care provider during normal business hours, except under special circumstances when after hour admission shall be allowed. Special circumstances shall be determined by the TBI MFCU.

All managed care organizations shall report TennCare enrollee fraud and abuse to Program Integrity. The reporting entity may be asked to help and assist in the investigations by providing requested information and access to records. TennCare managed care organizations and health care providers shall, upon request, make available any and all supporting documentation /records relating to delivery of items or services for which TennCare monies are expended. Shall the need arise, Program Integrity must be allowed access to the place of business and to all TennCare records of any TennCare managed care organizations or health care provider during normal business hours.

- a. The CONTRACTOR shall have internal controls and policies and procedures in place that are designed to prevent, detect, and report known or suspected fraud and abuse activities. The CONTRACTOR shall have adequate staffing and resources to investigate unusual incidents and develop and implement corrective action plans to assist the CONTRACTOR in preventing and detecting potential fraud and abuse activities.
- b. The CONTRACTOR shall have a written Fraud and Abuse compliance plan. The CONTRACTOR's specific internal controls and polices and procedures shall be described in a comprehensive written plan and be maintained on file with the CONTRACTOR for review and approval by TENNCARE and the Program

Integrity Unit within 90 days of the effective date of this Agreement. TennCare and the Program Integrity Unit shall provide notice of approval, denial, or modification to the CONTRACTOR within 30 days of review. The CONTRACTOR shall make any requested updates or modifications available for review after modifications are completed as requested by TENNCARE and/or the Program Integrity Unit within 30 days of a request. At a minimum the written plan shall:

1. Ensure that all officers, directors, managers and employees know and understand the provisions of the CONTRACTOR's fraud and abuse compliance plan;
 2. Contain procedures designed to prevent and detect potential or suspected abuse and fraud in the administration and delivery of services under this contract;
 3. Include a description of the specific controls in place for prevention and detection of potential or suspected abuse and fraud, such as:
 - a. Claims edits;
 - b. Post-processing review of claims;
 - c. Provider profiling and credentialing;
 - d. Prior authorization;
 - e. Utilization management;
 - f. Relevant subcontractor and provider agreement provisions;
 - g. Written provider and enrollee material regarding fraud and abuse referrals.
 4. Contain provisions for the confidential reporting of plan violations to the designated person as described in item 3 below;
 5. Contain provisions for the investigation and follow-up of any compliance plan reports;
 6. Ensure that the identities of individuals reporting violations of the plan are protected;
 7. Contain specific and detailed internal procedures for officers, directors, managers and employees for detecting, reporting, and investigating fraud and abuse compliance plan violations;
 8. Require any confirmed or suspected provider fraud and abuse under state or federal law be reported to TBI MFCU and that enrollee fraud and abuse be reported to Program Integrity;
 9. Ensure that no individual who reports plan violations or suspected fraud and abuse is retaliated against.
- c. The CONTRACTOR shall comply with the applicable requirements of the Model Compliance Plan for HMOs when the final model plan is issued by the U.S. Department of Health and Human Services, the Office of Inspector General (OIG).
- d. The CONTRACTOR shall designate an officer or director in its organization who has the responsibility and authority for carrying out the provisions of the fraud and abuse compliance plan.

2-10 Reporting Requirements

2-10.1 General Requirements

The CONTRACTOR is responsible for complying with all the reporting requirements established by TENNCARE. TENNCARE shall provide the CONTRACTOR with the appropriate reporting formats, instructions, submission timetables, and technical assistance when required. TENNCARE may, at its discretion, require the CONTRACTOR to submit new reports, to recreate, reconstruct or re-sort reports using the same or different reporting formats, instructions and submission timetables as specified by TENNCARE. Requests to submit new reports, recreate,

reconstruct or re-sort said reports may be considered Ad Hoc reports or continuous reports and shall be due in accordance with the provisions in Section 6.8.2.1 of this Agreement. The minimum data elements required for reporting are outlined in Attachment XII of this Agreement.

All electronic reports should be submitted to the TennCare Information Systems Section and two (2) copies of all hard-copy reports should be submitted to the Division of Contract Compliance, unless otherwise specified. TENNCARE may authorize the CONTRACTOR to submit reports via e-mail in place of hard copy reports.

Failure to report information, as specified by TENNCARE, shall result in the assessment of liquidated damages as described in Section 6.8.2 of this Agreement.

2-10.2 Reporting Enrollee Information

The CONTRACTOR shall comply with reporting requirements that are developed by TENNCARE in order to reconcile TENNCARE/CONTRACTOR enrollment files and verify that both TENNCARE and the CONTRACTOR maintains accurate enrollee information.

2-10.2.1 Enrollee Information, Weekly Reporting

The CONTRACTOR shall submit weekly reports in an electronic format, unless otherwise specified or approved by TENNCARE in writing, which shall serve as the source of information for a change in the enrollee's TennCare information. Such information shall serve as the source of information for a change in the enrollee's address and/or selection of MCO plan. This report shall include enrollees who move outside the CONTRACTOR's service area as well as enrollees who move to a new address within the CONTRACTOR's service area. The CONTRACTOR agrees to work with the State to devise a methodology to use returned mail to identify enrollees who have moved and whose whereabouts is unknown.

Within ninety (90) days of the time that TENNCARE develops and describes to the CONTRACTOR the new reporting procedures, the CONTRACTOR shall also be required to include in the report described above any information which is known by the CONTRACTOR that may affect an enrollee's TennCare eligibility and/or cost sharing responsibilities including changes in income, family size, access to health insurance, third party resources including any known insurance policies and/or legal actions, proof of uninsurability including limited coverage and exclusionary riders to policies, whether or not the enrollee is incarcerated, or resides outside the State of Tennessee. The minimum data elements that will be required for this report can be found in Attachment XII, Exhibit A of this Agreement.

2-10.2.2 Enrollee Verification Information, On Request

TENNCARE may provide the CONTRACTOR with a report in electronic format containing enrollees, including "potential ineligible" who are enrolled in TennCare Select, for whom TENNCARE has been unable to locate or verify various types of pertinent information. Upon receipt of this report, the CONTRACTOR shall immediately, or within time frames, if any, specified by TENNCARE, provide TENNCARE with any information that is known by the CONTRACTOR that may affect an enrollee's TennCare eligibility and/or cost sharing responsibilities including changes in income, family size, access to health insurance, third party resources including any known insurance policies and/or legal actions, proof of uninsurability, including limited coverage and exclusionary riders to policies, information regarding an enrollee which has been incarcerated, change of residence or residence outside the State of Tennessee. TENNCARE shall not specify timeframes less than thirty (30) calendar days from the CONTRACTOR's receipt of such report. The minimum data elements required for this report can be found in Attachment XII, Exhibit B of this Agreement

2-10.2.3 Eligibility and Administrative Payment Reconciliation

On a monthly basis, the CONTRACTOR shall reconcile enrollee eligibility data and administrative fee payments and submit written verification that the Contractor has an enrollment record for all enrollees for whom the Contractor has received an administrative fee payment. The CONTRACTOR shall also notify

TennCare in the event it has enrollees for whom an administrative payment has not been made or an incorrect payment has been made.

2-10.2.4 Enrollee Cost Sharing

In accordance with Section 2-4.10, the CONTRACTOR shall report enrollee cost-sharing liabilities on a quarterly basis in the manner and form described by TennCare.

2-10.2.5 Children in State Custody

Until such time as an indicator for children in state custody and children transitioning out of state custody can be added to the daily eligibility updates received from TennCare, the CONTRACTOR shall reconcile enrollee eligibility data and administrative fee payments received from TennCare with an adhoc report mutually agreed to by TennCare and the CONTRACTOR to facilitate timely identification of children in state custody or children transitioning out of state custody. The CONTRACTOR shall provide a listing of any enrollees for whom it has conflicting information to TennCare within ten days of the last day of each month.

2-10.2.6 Deceased Enrollee Reconciliation

On a quarterly basis, the CONTRACTOR shall provide to TennCare a listing of any enrollees for whom it has received notification of death in the form and format specified by TennCare. The CONTRACTOR agrees said information may be used as the basis to retroactively recoup administrative fee payments made to the CONTRACTOR after the enrollee's date of death.

2-10.3 Provider Enrollment Reporting

2-10.3.1 Monthly Provider Enrollment File

The CONTRACTOR shall furnish to TENNCARE at the beginning of the Agreement period an electronic report in the format specified by TENNCARE listing all providers enrolled in the TennCare plan, including but not limited to, physicians, dentists, hospitals, home health agencies, pharmacies, medical vendors, ambulance, etc. This listing shall include regularly enrolled providers, specialty or referral providers and any other provider, which may be enrolled for purposes of payment for services provided out-of-plan. The minimum data elements required for all provider listings required in this Section may be found in Attachment XII, Exhibit C of this Agreement. The CONTRACTOR shall be required to inquire as to the provider's race and/or national origin and shall report to TENNCARE the information, if any, furnished by the provider in response to such an inquiry. The CONTRACTOR shall be prohibited from requiring the provider to declare race and/or national origin and shall not utilize information regarding race or national origin obtained pursuant to such request as a basis for decisions regarding participation in the CONTRACTOR's provider network or in determination of compensation amounts.

Thereafter, an electronic provider file shall be submitted on a monthly basis by the 5th of each month. This information shall be used to determine CONTRACTOR compliance with network adequacy standards and shall be used in conjunction with encounter data.

Each provider shall be identified by a unique identifying provider number (i.e., each servicing provider in a group or clinic practice must be identified by a separate provider number). The unique identifying provider number shall be either the Medicaid servicing provider number.

Within ten (10) working days of a request by TENNCARE, the CONTRACTOR shall provide an unduplicated listing of all contracted providers, in a format designated by TENNCARE.

Failure to report the provider information, as specified above, shall result in the application of liquidated damages as described in Section 6.7.2 of this Agreement.

2-10.3.2 Essential Hospital Services Chart

In accordance with Section 2-4.1 the CONTRACTOR shall submit a listing of essential hospital providers that are included in the CONTRACTOR's provider network on the Essential Hospital Services Chart in Attachment XII, Exhibit D within thirty (30) calendar days of Agreement execution and thereafter by September 1 of each year for each of the Grand Regions in which it operates.

2-10.3.3 Specialty Physician Services Chart

In accordance with Section 2-4.1 the CONTRACTOR shall submit a listing of specialty physician arrangements that the CONTRACTOR has in place on the Specialty Physician Services Chart in Attachment XII, Exhibit E within 30 days of Agreement execution and thereafter by September 1 of each year, for each of the community service areas in which it is authorized to serve.

2-10.4 Reporting of Other Insurance

If the CONTRACTOR operates or administers any non-Medicaid HMOs, health plan(s) or other lines of business, the CONTRACTOR agrees to assist TENNCARE with the identification of enrollees with access to other insurance. The method and procedure for identifying enrollees shall be mutually agreed upon by the CONTRACTOR and the State. The proposed minimum data elements that may be requested to assist with the identification of enrollees with access to other insurance can be found in Attachment XII, Exhibit F of this Agreement.

2-10.5 Individual Encounter Reporting

Individual encounter/claim data shall be reported in a standardized format as specified by TENNCARE and transmitted electronically to TENNCARE on a monthly basis by the 15th of each month. In the event a national standardized encounter reporting format is developed, the CONTRACTOR agrees to implement this format if directed to do so by TENNCARE. The minimum data elements required to be provided are identified in Attachment XII, Exhibit G of this Agreement.

The CONTRACTOR shall submit encounter data to the state during the term of this Agreement and beyond, until all such claims incurred during the term of this Agreement have been paid. Data shall be submitted in the format specified by TennCare. The CONTRACTOR shall ensure that all claims processed for payment have industry standard diagnosis and procedure codes and valid Medicaid provider numbers.

2-10.6 Weekly Claims Activity Reporting

The CONTRACTOR shall provide claims processing status reports to TENNCARE on a weekly basis. This report should be provided in the format specified in Attachment XII, Exhibit H of this Agreement until such time as it is modified by TENNCARE. Within ninety (90) days of the time that TENNCARE develops and describes to the CONTRACTOR the new reporting procedures, the CONTRACTOR shall comply with the new reporting procedure.

1. The number of unpaid claims in inventory by service type;
2. An aging of unpaid claims by service type;
3. The average time from receipt to final payment of claim by service type; and
4. The approximate value of unpaid claims by service type.

Failure to report the claims information, as specified above and in Attachment XII, Exhibit H, or as subsequently modified, shall result in the application of liquidated damages as described in Section 6-8 of this Agreement.

2-10.7 Weekly Activity Reporting

The CONTRACTOR shall provide weekly activity reports to TENNCARE that include the following:

1. Number of member phone calls;

2. Abandonment rate for member calls;
3. The approximate waiting time for member response;
4. Number of provider phone calls for prior authorization;
5. The approximate waiting time spent on the phone in queue for providers requesting prior authorization; and
6. The number of provider complaints received, either in writing or by phone.

The minimum data elements and required format can be found in Attachment XII, Exhibit I of this Agreement.

2-10.8 Network Clearing House Reporting

The CONTRACTOR agrees to participate in a statewide effort to tie all hospitals, physicians, and other providers' information into a clearinghouse of information. The information to be reported shall include, but is not limited to, claims information, formulary information, medically necessary service information, cost sharing information and a listing of providers by specialty for each managed care organization.

2-10.8.1 Eligibility Web Site

TENNCARE will develop and implement a secure and enhanced eligibility web site. The goal will be to make the site available on a seven (7) day a week, twenty four hour (24) a day basis to stakeholders, TennCare Bureau, CONTRACTORS, PCP providers, specialists, facilities and members to access appropriate member information including member eligibility, certain agreed upon demographic information and care management status. The exact data elements, procedures for updating such data and security mechanisms will be defined in a series of joint application design sessions between several cross-functional teams from all stakeholders or their representatives. To make such a site useful, an initial database load and periodic updates will be necessary from the source system available from each stakeholder's organization. Agreements will be put in place assuring full participation.

2-10.8.2 Claims Payment Status Web Site

At such time that TENNCARE requires, the CONTRACTOR shall participate and cooperate with TENNCARE in any manner necessary in order to assure that certain claims payment eligibility information can be accessed via the Internet. At TENNCARE's request, the CONTRACTOR shall submit to TENNCARE for approval a plan that outlines educational activities undertaken by the CONTRACTOR to encourage and facilitate provider use of electronic billing. This provision shall not be construed to imply that TENNCARE will require all educational activities be approved by TENNCARE.

The web site design will take into account recent HIPAA legislation and all such concerns providing security mechanisms that will vary based on the specific user. All information will conform to standards for electronic datasets as defined by HIPAA, as they become available.

2-10.9 Financial Reporting

The CONTRACTOR shall file with the Tennessee Department of Commerce and Insurance, TennCare Division, a report on the form prescribed by the National Association of Insurance Commissioners for health maintenance organizations, on or before March 1 of each calendar year, which report is currently required to be filed by all licensed health maintenance organizations pursuant to Tennessee Code Annotated 56-32-208. This annual report shall also contain a supplemental income statement for TennCare Select detailing the CONTRACTOR's fourth quarter and year-to-date revenues earned and expenses paid as a result of the CONTRACTOR's administration of TennCare Select. The CONTRACTOR in preparing this annual report shall comply with any and all rules and regulations of the Tennessee Department of Commerce and Insurance related to the preparation and filing of this report.

The CONTRACTOR shall file with the Department of Commerce and Insurance, TennCare Division, a quarterly financial report on the form prescribed by the National Association of Insurance Commissioners for health maintenance organizations. These quarterly reports shall be filed on or before June 1 (covering first quarter of current year), September 1 (covering second quarter of current year) and December 1 (covering third quarter of

current year) of each calendar year. Each quarterly report shall also contain a supplemental income statement detailing the CONTRACTOR's quarterly and year-to-date revenues earned and expenses paid as a result of the CONTRACTOR's administration of TennCare Select.

The CONTRACTOR shall also cause an audit to be performed by a licensed certified public accountant of its business transactions, including but not limited to the financial transactions made under this Agreement. Such audit shall be performed in accordance with General Accepted Auditing Standards. The CONTRACTOR shall submit to the Tennessee Department of Commerce and Insurance, TennCare Division, the audited financial statements (prepared under generally accepted accounting principles) covering the previous calendar year by May 1 of each calendar year. The audited financial statements shall include the following:

1. a supplemental income statement addressing the TennCare Select operations of the CONTRACTOR,
2. a reconciliation of the audited financial statements to the National Association of Insurance Commissioners annual report filed with the Tennessee Department of Commerce and Insurance, TennCare Division,
3. a summary of transactions between the CONTRACTOR and the CONTRACTOR's related parties, including a non-affiliated management company, using the format prescribed by TDCI. For the purpose of identifying the CONTRACTOR's related parties, "affiliate" and "control" shall have the same definitions as those set forth in Tennessee Code Annotated, Section 56-11-201 and the definition of "affiliate" set forth in TCA Section 56-32-202, and
4. A breakdown of actual administrative expenses into the following components: Subcontractor Costs, Member Services, Network Development and Management, Claims Processing, Utilization Management, Quality Assurance, Marketing, and Other Costs.

The agreement for such audits shall be subject to prior approval of the Comptroller of the Treasury and must be submitted on the standard "Contract to Audit Accounts". In the event that terms included in the standard contract to audit accounts differ from those contained in the TennCare Agreement, the TennCare Agreement takes precedent. These financial reporting requirements shall supersede any other reporting requirements required of the CONTRACTOR by the Tennessee Department of Commerce and Insurance, and the Tennessee Department of Commerce and Insurance shall enact any necessary rule or regulation to conform to this provision of the Agreement.

2-10.10 Reporting CONTRACTOR Administrative and Staffing Information

The CONTRACTOR shall report administrative and staffing information to TENNCARE as described in Section 2-9.2 of this Agreement, including but not limited to the following:

2-10.10.1 Title VI

Title VI reporting shall be in a format described and/or agreed upon by TENNCARE and shall be consistent with the requirements set forth in Section 2-24 of this Agreement;

2-10.10.2 Contact Persons

The CONTRACTOR shall identify staff to TENNCARE as described in Section 2-9.2 of this Agreement.

2-10.10.3 Board of Directors

The CONTRACTOR shall provide to TENNCARE, in writing, a list of all officers and members of the CONTRACTOR's Board of Directors. The CONTRACTOR shall notify TENNCARE, in writing, within ten (10) business days of any change thereto.

Upon request by TENNCARE, the CONTRACTOR shall report to TENNCARE any information requested to verify compliance with the staffing and Title VI or elsewhere in this Agreement.

Failure to report staffing information, as required by TENNCARE, may result in the application of liquidated damages as described in Section 6.2 of this Agreement.

2-10.11 Cost and Utilization Summaries

The CONTRACTOR shall provide the reports specified below separately for each of the following populations:

- (1) Children in State custody and children who are transitioning out of state custody (Groups 1.A and 1.B);
- (2) Children who are SSI eligible (Group 2); and
- (3) All other enrollees.

2-10.11.1 *Prescription Drug Summary*

The CONTRACTOR shall provide a listing of the top 25 prescription drug therapeutic classes by amount paid on a quarterly basis. Said report shall include the therapeutic class, number of units, number of prescriptions filled, dispensing fee, ingredient cost and total amount paid.

2-10.11.2 *Top 25 Providers by Amount Paid*

The CONTRACTOR shall provide a summary listing of the top 25 providers by amount paid on a quarterly basis. Said report shall include the name, address, provider type, and total amount paid for each provider.

2-10.11.3 *Top 25 Inpatient Diagnosis by Frequency and Amount Paid*

The CONTRACTOR shall identify and report to TennCare the top 25 most frequent inpatient diagnosis based on: (1) number of admissions; and (2) amount paid, on a quarterly basis.

2-10.11.4 *Top 25 Outpatient Diagnosis by Frequency and Amount Paid*

The CONTRACTOR shall identify and report to TennCare the top 25 most frequent outpatient diagnosis based on: (1) number of admissions; and (2) amount paid, on a quarterly basis.

2-10.11.5 *Top 10 Inpatient Surgical / Maternity Procedures by Frequency and Amount Paid*

The CONTRACTOR shall identify and report to TennCare the top 10 most frequent inpatient surgical/maternity procedures based on: (1) number of admissions; and (2) amount paid, on a quarterly basis.

2-10.11.6 *Top 10 Outpatient Surgical /Maternity Procedures by Frequency and Amount Paid*

The CONTRACTOR shall identify and report to TennCare the top 10 most frequent outpatient surgical/maternity procedures based on: (1) number of procedures; and (2) amount paid, on a quarterly basis.

2-10.11.7 *High-Cost Claimants*

The CONTRACTOR shall identify and report to TennCare the number of enrollees who incurred claims in excess of a threshold to be determined by the Bureau on a rolling quarterly basis. The CONTRACTOR shall report the enrollee's age, sex, primary diagnosis, and amount paid by claim type for each enrollee. The name of the member shall be blinded in order to maintain confidentiality.

2-10.12 FQHC Reporting

In accordance with the HCFA Terms and Conditions to the TennCare Waiver, FQHC reporting information shall be submitted to TENNCARE on an annual basis using the form in Attachment XII, Exhibit K. This hard copy annual report shall be due by January 1 each year.

2-10.13 Appeals and Resolution

In accordance with Section 2-8 the CONTRACTOR shall provide a hard copy quarterly report of appeals and resolution to the Director of the TennCare Solutions Unit, by the 30th of the following month.

Failure to provide quarterly reports of appeals and resolution, as specified above and in Attachment XII Exhibit L, shall result in the application of liquidated damages as described in Section 6-8 of this Agreement.

2-10.14 Quality Monitoring Reports

2-10.14.1 Continuous Focused Studies

In accordance with Attachment II, the CONTRACTOR is required to monitor and evaluate, at a minimum, care and services in priority areas selected by TENNCARE. Two of the clinical areas of concern selected by TENNCARE and one of the health services delivery areas of concern shall be required for continuous evaluation and study if applicable to the patient population. The CONTRACTOR shall submit a hard copy report of the study design, analysis and results, for each continuous focused study to TENNCARE on an annual basis.

2-10.14.2 Quarterly Focused Studies

In accordance with Attachment II, the CONTRACTOR is required to select at least one area of concern, in addition to areas of concerns being studied on an on-going basis, to study on a quarterly basis. At the end of each quarter, the CONTRACTOR shall submit a hard copy report of the study design, analysis and results, to TENNCARE.

2-10.14.3 Continuity of Care Reporting

In accordance with Attachment II, the CONTRACTOR shall submit a hard copy report to TENNCARE the total number of enrollees in Groups 2 through 6 and percentage of total enrollees in each Grand Region that have not been assigned to a primary care provider (PCP) within 30 days of enrollment on a quarterly basis, within 30 days of the end of the quarter.

For the purpose on reporting PCP assignment for enrollees in Groups 1.A and 1.B, the CONTRACTOR shall report to TENNCARE the total number of enrollees and percentage of total enrollees in each Grand Region that have not been assigned to a Best Practice Network Primary Care Provider within 30 days of enrollment on a quarterly basis, within 30 days of the end of the quarter.

2-10.14.4 Performance Indicator Reporting

Performance indicator results for the performance indicators specified in Attachment II shall be submitted to the State within 90 days of the end of the calendar year, unless an alternative reporting timeframe is agreed upon by the Performance Indicator workgroup.

2-10.15 Network Management

2-10.15.1 Out-of-Network Utilization

As specified in Section 2-9.4, the CONTRACTOR shall maintain a procedure to identify enrollees by PCP panel who establish a pattern of utilizing non-network providers. Management reports designed to support this requirement shall be submitted to the state on a quarterly basis the results.

2-10.15.2 Emergency Room Utilization

As specified in Section 2-9.4, the CONTRACTOR shall maintain a procedure to identify enrollees by PCP panel who establish a pattern of use of the emergency room. Management reports designed to support this requirement shall be submitted to the state on a quarterly basis the results.

2-10.15.3 Specialty Utilization

As specified in Section 2-9.4, the CONTRACTOR shall maintain a procedure to identify utilization of specialists by Primary Care Provider enrollee panel. Management reports designed to support this requirement shall be submitted to the state on a quarterly basis the results.

2-11 Accounting Requirements

The CONTRACTOR shall establish and maintain an accounting system in accordance with generally accepted accounting principles. The accounting system shall maintain records pertaining to the tasks defined in this Agreement and any other costs and expenditures made under the Agreement.

Specific accounting records and procedures are subject to TENNCARE and Federal approval. Accounting procedures, policies, and records shall be completely open to state and federal personnel at any time during the Agreement period and for five (5) years thereafter.

2-12 Availability of Records

- a. The CONTRACTOR shall insure within its own organization and pursuant to any agreement the CONTRACTOR may have with other providers of service, that TENNCARE representatives and authorized federal, state and Comptroller personnel shall have immediate and complete access to all records pertaining to the medical care or services provided to TennCare enrollees.
- b. The CONTRACTOR shall make all records available at the CONTRACTOR's expense for review, audit, or evaluation by authorized federal, state, and Comptroller of Treasury personnel. Access will be during normal business hours and will be either through on-site review of records or through the mail. All records to be sent by mail will be sent to TENNCARE within twenty (20) working days of request unless otherwise specified by TENNCARE or TennCare rules and regulations. Requested records shall be provided at no expense to TENNCARE. Records related to appeals shall be forwarded within the time frames specified in the appeal process portion of this Agreement. Such requests made by TENNCARE shall not be unreasonable.
- c. That CONTRACTOR, any CONTRACTOR's management company and any CONTRACTOR's claims processing subcontractor shall cooperate with the State, or any of the State's contractors and agents during the course of any claims processing, financial or operational examinations. This cooperation shall include, but shall not be limited to the following:

1. Providing full cooperation and direct and unrestricted access to facilities, information, and staff, including facilities, information and staff of any management company or sub-contractor, to the State or any of the State's contractors and agents.
2. Maintaining full cooperation and open authority for claims processing systems access and mailroom visits by TDCI or designated representatives and to cooperate fully with detail claims testing for claims processing system compliance.
3. Allowing for periodic review to ensure that all discounts, special pricing considerations and financial incentives have accrued to the State and that all costs incurred are in accordance with the Contract. The CONTRACTOR shall provide the auditor access to all information necessary to perform the examination.
4. The CONTRACTOR shall cooperate fully with audits the State may conduct of medical management to include clinical processes and outcomes, internal audits, provider networks, and any other aspect of the program the State deems appropriate. The State may select any qualified persons, or organization to conduct the audits.

2-13 Audit Requirements

The CONTRACTOR shall maintain books, records, documents, and other evidence pertaining to the administrative costs and expenses incurred pursuant to this Agreement as well as medical information relating to the individual enrollees for the purposes of audit requirements. Records other than medical records may be kept in an original paper state or preserved on micro media or electronic format. Medical records shall be maintained in their original form or may be converted to electronic format as long as the records are readable and/or legible. These records, books, documents, etc., shall be available for review by authorized federal, state, and Comptroller personnel during the Agreement period and five (5) years thereafter, except if an audit is in progress or audit findings are yet unresolved in which case records shall be kept until all tasks are completed. During the Agreement period, these records shall be available at the CONTRACTOR's chosen location subject to the approval of TENNCARE. If the records need to be sent to TENNCARE, the CONTRACTOR shall bear the expense of delivery. Prior approval of the disposition of CONTRACTOR, subcontractor or provider records must be requested and approved by TENNCARE.

2-14 Independent Review of the CONTRACTOR

In accordance with Chapter 4 of the waiver approved by the Health Care Financing Administration (HCFA), HCFA may select a PRO, Private Accreditation Organization or an External Quality Review Organization (EQRO) to provide a periodic or an annual independent review of the CONTRACTOR. The results of the review shall be provided to TENNCARE and to the CONTRACTOR and shall be available, on request, to the Department of Health and Human Services, the Office of Inspector General and General Accounting Office.

2-15 Accessibility for Monitoring

For purposes of monitoring under this Agreement, the CONTRACTOR shall make available to TENNCARE or its representative and other authorized state and federal personnel, all records, books, documents, and other evidence pertaining to this Agreement, as well as appropriate administrative and/or management personnel who administer the plan. The monitoring shall occur periodically during the Agreement period and may include announced or unannounced visits, or both.

2-16 Changes Resulting from Monitoring and Audit

The CONTRACTOR shall, as soon as is practical and no later than sixty (60) calendar days after a notice of deficiencies is received, unless justified and agreed upon by TENNCARE, comply with all recommendations made in writing by TENNCARE, pursuant to Agreement items found not in compliance as a result of any day to day monitoring activities or any other authorized monitoring report or audit. A written plan to correct cited deficiencies and a time frame for completion of said plan must be submitted to TENNCARE by the CONTRACTOR within fifteen (15) working days after receipt of notice of deficiencies or as soon as practical, whichever is the lesser. TENNCARE may extend or reduce the time frame for corrective action where, in its opinion, it is reasonable and advisable to do so. The CONTRACTOR shall be responsible for assuring corrective action when a subcontractor's or provider's quality of care is inadequate. TENNCARE reserves the right to suspend enrollment in the plan if it is determined that quality of care is inadequate.

In the event the CONTRACTOR fails to complete the actions required by the corrective action plan within the time frame specified, the CONTRACTOR agrees that TENNCARE shall assess the liquidated damages and/or intermediate sanctions as specified in Section 6.7 of this Agreement, or if the deficiencies are severe, that TENNCARE may terminate the Agreement for cause as described in Section 6.2 of this Agreement. The CONTRACTOR further agrees that any liquidated damages assessed by TENNCARE shall be due and payable to TENNCARE within thirty (30) calendar days of notice of damages and if payment is not made by the due date, said liquidated damages may be withheld from future administrative payments by TENNCARE without further notice.

This Section shall apply to any corrective action requirements not otherwise specifically addressed.

2-17 Use of Subcontractors

- a. Legal Responsibility. The CONTRACTOR shall be responsible for the administration and management of all aspects of this Agreement and the health plan covered thereunder. If the CONTRACTOR elects to utilize a subcontractor, the CONTRACTOR shall assure that the subcontractor shall not enter into any subsequent agreements or subcontracts for any of the work contemplated under the subcontractor for purposes of this Agreement, without approval of the CONTRACTOR. No subcontract, provider agreement or other delegation of responsibility terminates or reduces the legal responsibility of the CONTRACTOR to TENNCARE to assure that all activities under this Agreement are carried out.
- b. Prior approval. All subcontracts and revisions thereto, as defined in Section 1-3 of this Agreement, shall be approved in advance by TENNCARE. All subcontracts shall be maintained in accordance with the applicable terms of this Agreement. Once a subcontract has been executed by all of the participating parties, a copy of the fully executed subcontract shall be sent to the State within 30 days of execution.
- c. Quality of Care Monitors. If the subcontract is for the purpose of securing the provision of enrollee benefits, the subcontract must specify that the subcontractor must adhere to the Quality of Care Monitors included in the Agreement as Attachment II. The Quality of Care Monitors shall be included as part of the subcontract between the CONTRACTOR and the subcontractor or provided separately at the time the subcontract is executed, provided however, if the Quality of Care Monitors is not included in the subcontract, it shall be referenced in the agreement as being provided separately upon execution of the subcontract.
- d. Children in State Custody. The CONTRACTOR must include in its subcontracts and agreements with providers a provision that states that subcontractors and providers are not permitted to encourage or suggest, in writing or verbally, that TennCare children be placed into state custody in order to receive medical or behavioral services covered by TENNCARE.
- e. Assignability. Upon the next renewal of existing transportation and claims processing subcontracts or upon execution of transportation and claims processing subcontracts, said subcontract agreements must include language that requires that the subcontract agreement shall be assignable from the CONTRACTOR to the State, or its designee: i) at the State's discretion upon written notice to the CONTRACTOR and the affected subcontractor; or ii) upon CONTRACTOR's request and written approval by the State. Further, the subcontract agreement must include language by which the subcontractor agrees to be bound by any

such assignment, and that the State, or its designee, shall not be responsible for past obligations of the CONTRACTOR.

- f. Claims Processing. All claims for services furnished to a TennCare enrollee filed with the CONTRACTOR must be processed by either the CONTRACTOR or by one (1) subcontractor retained by the organization for the purpose of processing claims. However, another entity can process claims related to pharmacy, vision, dental, lab or transportation if that entity has been retained by the CONTRACTOR to arrange and provide for the delivery of said services.
- g. Notice of Subcontractor Termination. When a subcontract that relates to the provision of services to enrollees or claims processing services is being terminated between the CONTRACTOR and a subcontractor, the CONTRACTOR shall give at least thirty (30) days prior written notice of the termination to TENNCARE and the TennCare Division, TDCI. Such notice shall include, at a minimum, a CONTRACTOR's intent to change to a new subcontractor for the provision of said services, an effective date for termination and/or change, as well as any other pertinent information that may be needed. In addition to prior written notice, the CONTRACTOR shall also provide TENNCARE with a transition plan, when requested, which shall include, at a minimum, information regarding how prior authorization requests will be handled during and after the transition, how continuity of care will be maintained for the enrollees, etc. Failure to adhere to guidelines and requirements regarding administrative responsibilities, including subcontract requirements may result in the application of liquidated damages or intermediate sanctions as described in Section 4-8 of this Agreement. TENNCARE reserves the right to require this notice requirement and procedures for other subcontracts if determined necessary upon review of the subcontract for approval.
- h. Notice of Approval. Approval of subcontracts shall not be considered granted unless TENNCARE issues its approval in writing.

2-18 Provider Agreements

The CONTRACTOR shall assure the provision of all covered services specified in this Agreement. The CONTRACTOR shall enter into agreements with providers and/or provider subcontracting entities or organizations who will provide services to the enrollees in exchange from the State for payment for services rendered.

Provider agreements and amendments thereto do not require prior approval by TENNCARE before taking effect; however, the CONTRACTOR shall not execute provider agreements with providers who have been excluded from participation in the Medicare and/or Medicaid programs pursuant to Sections 1128 or 1156 of the Social Security Act or who are otherwise not in good standing with the TENNCARE program. Further, all template provider agreements and revisions thereto must be approved in advance by the TennCare Division, Department of Commerce and Insurance in accordance with statutes regarding the approval of an HMOs certificate of authority (COA) and any material modifications thereof.

All provider agreements executed by the CONTRACTOR, and all provider agreements executed by subcontracting entities or organizations, pursuant to this Section shall, at a minimum, meet the following requirement (No other terms or conditions agreed to by the CONTRACTOR and provider shall negate or supersede the following requirements):

- a. Be in writing. All new provider agreements and existing provider agreements as they are renewed, must include a signature page which contains CONTRACTOR and provider names which are typed or legibly written, provider company with titles, and dated signatures of all appropriate parties.
- b. Specify the effective dates of the provider agreement;
- c. Specify in the provider agreement that the provider agreement and its attachments contain all the terms and conditions agreed upon by the parties;
- d. Assure that the provider shall not enter into any subsequent agreements or subcontracts for any of the work contemplated under the provider agreement without approval of the CONTRACTOR;

- e. Identify the population covered by the provider agreement;
- f. Specify that the provider may not refuse to provide medically necessary or covered preventive services to a TennCare patient under this Agreement for non-medical reasons, including, but not limited to, failure to pay applicable cost sharing responsibilities. However, the provider shall not be required to accept or continue treatment of a patient with whom the provider feels he/she cannot establish and/or maintain a professional relationship;
- g. Specify the functions and/or services to be provided by the provider and assure that the functions and/or services to be provided are within the scope of his/her professional/technical practice;
- h. Specify the amount, duration and scope of services to be provided by the provider;
- i. Provide that emergency services be rendered without the requirement of prior authorization of any kind;
- j. If the provider performs laboratory services, the provider must meet all applicable requirements of the Clinical Laboratory Improvement Act (CLIA) of 1988 at such time that HCFA mandates the enforcement of the provisions of CLIA;
- k. Require that an adequate record system be maintained for recording services, servicing providers, charges, dates and all other commonly accepted information elements for services rendered to enrollees pursuant to the agreement (including but not limited to such records as are necessary for the evaluation of the quality, appropriateness, and timeliness of services performed under the provider agreement). Enrollees and their representatives shall be given access to the enrollees' medical records, to the extent and in the manner provided by T.C.A. Sections 63-2-101 and 63-2-102, and, subject to reasonable charges, be given copies thereof upon request. When a patient-provider relationship with a TennCare primary care provider ends and the enrollee requests that medical records be sent to a second TennCare provider who will be the enrollee's primary care case manager or gatekeeper, the first provider shall not charge the enrollee or the second provider for providing the medical records;
- l. Require that any and all records be maintained for a period not less than five (5) years from the close of the agreement and retained further if the records are under review or audit until the review or audit is complete. Said records shall be made available and furnished immediately upon request for fiscal audit, medical audit, medical review, utilization review, and other periodic monitoring upon request of authorized representative of the CONTRACTOR or TENNCARE and authorized federal, state and Comptroller personnel;
- m. Provide that TENNCARE, U.S. Department of Health and Human Services, and Office of Inspector General Comptroller shall have the right to evaluate through inspection, whether announced or unannounced, or other means any records pertinent to this Agreement including quality, appropriateness and timeliness of services and such evaluation, and when performed, shall be performed with the cooperation of the provider. Upon request, the provider shall assist in such reviews including the provision of complete copies of medical records;
- n. Provide for monitoring, whether announced or unannounced, of services rendered to enrollees sponsored by the CONTRACTOR;
- o. Whether announced or unannounced, provide for the participation and cooperation in any internal and external QM/QI, utilization review, peer review and appeal procedures established by the CONTRACTOR and/or TENNCARE;
- p. Specify that the CONTRACTOR shall monitor the quality of services delivered under the agreement and initiate corrective action where necessary to improve quality of care, in accordance with that level of medical care which is recognized as acceptable professional practice in the respective community in which the provider practices and/or the standards established by TENNCARE;
- q. Require that the provider comply with corrective action plans initiated by the CONTRACTOR;

- r. Provide for submission of all reports and clinical information required by the CONTRACTOR;
- s. Require safeguarding of information about enrollees according to applicable state and federal laws and regulations and as described in Section 2 of this Agreement;
- t. Provide the name and address of the official payee to whom payment shall be made;
- u. Make full disclosure of the method and amount of compensation or other consideration to be received from the CONTRACTOR;
- v. Provide for prompt submission of information needed to make payment;
- w. Provide for payment to the provider upon receipt of a clean claim properly submitted by the provider within the required timeframes as specified in T.C.A 56-32-226 and Section 2-9.g of this Agreement;
- x. Specify the provider shall accept payment or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payor) plus the amount of any applicable cost sharing responsibilities, as payment in full for covered services provided and shall not solicit or accept any surety or guarantee of payment from the enrollee in excess of the amount of applicable cost sharing responsibilities. Enrollee shall include the patient, parent(s), guardian, spouse or any other legally responsible person of the patient being served;
- y. Specify that at all times during the term of the agreement, the provider shall indemnify and hold TENNCARE harmless from all claims, losses, or suits relating to activities undertaken pursuant to the Agreement between TENNCARE and the MCO. This indemnification may be accomplished by incorporating Section 6-18 of the TENNCARE/MCO Agreement in its entirety in the provider agreement or by use of other language developed by the MCO and approved by TENNCARE.
- z. Require the provider to secure all necessary liability and malpractice insurance coverage as is necessary to adequately protect the Plan's enrollees and the CONTRACTOR under the agreement. The provider shall provide such insurance coverage at all times during the agreement and upon execution of the provider agreement furnish the CONTRACTOR with written verification of the existence of such coverage;
- aa. Specify both the CONTRACTOR and the provider agree to recognize and abide by all state and federal laws, regulations and guidelines applicable to the health plan;
- bb. Provide that the agreement incorporates by reference all applicable federal and state laws, TennCare rules and regulations or court orders, and revisions of such laws or regulations shall automatically be incorporated into the agreement, as they become effective. In the event that changes in the agreement as a result of revisions and applicable federal or state law materially affect the position of either party, the CONTRACTOR and provider agree to negotiate such further amendments as may be necessary to correct any inequities;
- cc. Specify procedures and criteria for any alterations, variations, modifications, waivers, extension of the agreement termination date, or early termination of the agreement and specify the terms of such change. If provision does not require amendments be valid only when reduced to writing, duly signed and attached to the original of the agreement, then the terms must include provisions allowing at least thirty (30) days to give notice of rejection and requiring that receipt of notification of amendments be documented (e.g., Certified Mail, facsimile, hand-delivered receipt, etc);
- dd. Specify that both parties recognize that in the event of termination of this Agreement between the CONTRACTOR and TENNCARE for any of the reasons described in Section 6-2 of this Agreement, the provider shall immediately make available to TENNCARE, or its designated representative, in a usable form, any or all records, whether medical or financial, related to the provider's activities undertaken pursuant to the MCO/provider agreement. The provision of such records shall be at no expense to TENNCARE;

- ee. Include provisions for resolution of disputes by arbitration. Specify that the TennCare Provider Independent Review of Disputed Claims process shall be available to providers to resolve non-emergency claims denied in whole or in part by the MCO as provided at T.C.A. 56-32-226(b).
- ff. Include a conflict of interest clause as stated in Section 6-7 of this Agreement between the CONTRACTOR and TENNCARE;
- gg. Specify the extent to which any savings or loss realized by the plan shall be shared with the providers;
- hh. Specify that the provider shall be required to accept TennCare reimbursement amounts for services provided under the agreement between the provider and CONTRACTOR to TennCare enrollees and shall not be required to accept TennCare reimbursement amounts for services provided to persons who are covered under another health plan operated or administered by the CONTRACTOR;
- ii. Specify that the provider must adhere to the Quality of Care Monitors included in this Agreement as Attachment II;
- jj. Specify that a provider shall have at least one hundred and twenty (120) calendar days from the date of rendering a health care service to file a claim with the CONTRACTOR and no more than one hundred eighty (180) calendar days from the date of rendering a health care service to file an initial claim with the CONTRACTOR except in situations regarding coordination of benefits or subrogation in which case the provider is pursuing payment from a third party or if an enrollee is enrolled in the plan with a retroactive eligibility date. In situations of enrollment in the plan with a retroactive eligibility date, the minimum and maximum time frames for filing a claim shall begin on the date that the CONTRACTOR receives notification from TENNCARE of the enrollee's eligibility;
- kk. Specify that the provider will comply with the appeal process including but not limited to assisting an enrollee by providing appeal forms and contact information including the appropriate address for submitting appeals for state level review;
- ll. Require that the provider display notices of the enrollee's right to appeal adverse action affecting services in public areas of their facility(s) in accordance with TennCare TennCare rules, subsequent amendments, or any and all Court Orders;
- mm. Require that if any requirement in the provider agreement is determined by TENNCARE to conflict with the Agreement between TENNCARE and the MCO, such requirement shall be null and void and all other provisions shall remain in full force and effect;
- nn. All provider agreements must include language which informs providers of the package of benefits that EPSDT offers and which requires providers to make treatment decisions based upon children's individual medical and behavioral health needs. A listing of the EPSDT benefit package is contained in Attachment IX of this Agreement. All provider agreements must contain language that references the EPSDT benefit package found in Attachment IX and the agreement shall either physically incorporate Attachment IX or include language to require that the attachment be furnished to the provider upon request;
- oo. All provider agreements must include a provision which states that providers are not permitted to encourage or suggest, in writing or verbally, that TennCare children be placed into state custody in order to receive medical or behavioral services covered by TennCare; and
- pp. Specify that in the event that TENNCARE deems the MCO unable to timely process and reimburse claims and requires the MCO to submit provider claims for reimbursement to an alternate claims processor to ensure timely reimbursement, the provider shall agree to accept reimbursement at the MCO's contracted reimbursement rate or the rate established by TennCare, whichever is greater.
- qq. All primary care provider agreements shall specify that its network primary care providers shall submit all claims with a primary behavioral health diagnosis (ICD-9 CM 290.xx – 319.xx) to the BHO for payment.

The CONTRACTOR shall give TENNCARE and the Tennessee Department of Commerce and Insurance, TennCare Division, immediate notification in writing by Certified Mail of any administrative or legal action or complaint filed regarding any claim made against the CONTRACTOR by a provider or enrollee which is related to the CONTRACTOR's responsibilities under this Agreement, including but not limited to notice of any arbitration proceedings instituted between a provider and the CONTRACTOR. The CONTRACTOR shall ensure that all tasks related to the provider agreement are performed in accordance with the terms of this Agreement.

2-19 Fidelity Bonds – Net Worth

The CONTRACTOR shall secure and maintain during the life of this Agreement any fidelity bonds and/or insolvency protection required by the Tennessee Department of Commerce and Insurance. Proof of coverage must be submitted to TENNCARE as a deliverable item pursuant to Attachment I of this Agreement within sixty (60) calendar days after execution of this Agreement and prior to the delivery of health care, which ever comes first.

2-20 Insurance

A non-governmental CONTRACTOR shall not commence any work in connection with this Agreement until it has obtained all the insurance coverage required in this Agreement. Nor shall the CONTRACTOR allow any subcontractors or contract providers to commence work on his or her part of the subcontract or provider agreement until all similar insurance required of the subcontractor or provider has been so obtained. The insurance includes but is not limited to general liability, worker's compensation, and medical malpractice insurance. The CONTRACTOR shall furnish proof of coverage of insurance by a certificate of insurance submitted to TENNCARE as a deliverable item pursuant to Attachment I of this Agreement. Governmental CONTRACTORS must meet this requirement in accordance with the specific statutes that apply.

TENNCARE shall be exempt from and in no way liable for any sums of money that may represent a deductible in any insurance policy. The payment of such a deductible shall be the sole responsibility of the CONTRACTOR, subcontractor and/or provider providing such insurance. The same holds true of any premiums paid on any insurance policy pursuant to this Agreement.

Failure to provide proof of coverage within the specified time period may result in this Agreement being terminated.

2-21 Ownership and Financial Disclosure

The CONTRACTOR shall disclose, to TENNCARE, the Comptroller General or Health Care Financing Administration, full and complete information regarding ownership, financial transactions and persons convicted of criminal activity related to Medicare, Medicaid, or the Federal Title XX programs in accordance with federal and state requirements, including Public Chapter 379 of the Acts of 1999. This disclosure shall be made at times and on forms prescribed by the TENNCARE agency, but no less frequently than on an annual basis to be provided no later than March 1 of each calendar year. The following information shall be disclosed:

- a. The name and address of each person with an ownership or control interest in the disclosing entity or in any provider or subcontractor in which the disclosing entity has direct or indirect ownership of five percent (5%) or more and whether any of the persons named pursuant to this requirement is related to another as spouse, parent, child, or sibling. This disclosure shall include the name of any other disclosing entity in which a person with an ownership or control interest in the disclosing entity also has an ownership or control interest.
- b. The identity of any provider or subcontractor with whom the CONTRACTOR has had business transactions totaling more than twenty-five thousand dollars (\$25,000) during the twelve (12) month period ending on the date of the disclosure and any significant business transactions between the CONTRACTOR, any wholly owned supplier, or between the CONTRACTOR and any provider or subcontractor, during the five (5) year period ending on the date of the disclosure.

- c. The identity of any person who has an ownership or control interest in the CONTRACTOR, or is an agent or managing employee of the CONTRACTOR and who has been convicted of a criminal offense related to that person's involvement in any program under Medicare, Medicaid, or the Federal Title XX services program since the inception of those programs.
- d. Disclosure from officials in legislative and executive branches of government as to possible conflicts of interest.

TENNCARE and/or the Secretary of Health and Human Services may request information to be in the form of a consolidated financial statement.

2-22 Service Area(s)

2-22.1 Authorized Community Service Area

The State of Tennessee has been divided into twelve (12) geographic areas consisting of one (1) or more counties within a defined geographic area, which correlates to the sources where residents typically receive medical care. These geographic areas have been referred to throughout this Agreement as community service areas (CSA). The CONTRACTOR is required to serve enrollees identified by TennCare who reside in all community service areas within each Grand Region in the State. However, the State has discretion to terminate the CONTRACTOR's participation in any geographic region in which TENNCARE has determined the CONTRACTOR is unable to adequately serve enrollees in compliance with this Agreement.

If for any reason it is determined by TENNCARE that the CONTRACTOR is not adequately serving one or more authorized community service areas, TENNCARE may, at any time, terminate authorization of the community service area(s) and disenroll the enrollees in the community service area from the health plan. Enrollees shall be transferred as the result of voluntary selection or on a non-discriminatory assignment basis to a TennCare health plan that is authorized to serve the community service area.

To the extent possible and practical, TENNCARE shall provide advance notice to all MCOs serving a community service area of the approved opening, closing or limiting of enrollment of any MCO serving the community service area or Grand Region (as defined below) whichever is applicable; however, failure by TENNCARE to provide advance notice shall not limit in any manner the responsibility of each MCO to comply with the terms of this Agreement.

2-22.2 Termination of Community Service Area

Regardless of the reason, if authorization to serve a specific community service area is terminated, the CONTRACTOR shall submit a termination plan as specified in Section 6-2.6 of this Agreement, specific to the community service area being terminated.

2-23 Contractor Appeal Rights

The CONTRACTOR shall have the right to contest TENNCARE decisions pursuant to the provisions of T.C.A. Section 9-8-301 *et. seq.* for the resolution of disputes under this Agreement. Written notice describing the substance and basis of the contested action must be submitted to TENNCARE within thirty (30) calendar days of the action taken by TENNCARE. The CONTRACTOR shall comply with all terms and conditions contained within this Agreement pending the final resolution of the contested action.

2-24 Title VI Information

In order to demonstrate compliance with Federal and State regulations of Title VI of the Civil Rights Act of 1964 the CONTRACTOR shall:

- a. Designate a staff person to be responsible for Title VI compliance on behalf of the CONTRACTOR. The designated staff person shall be identified by name in writing to TENNCARE within thirty (30) days of the effective date of this Agreement. The CONTRACTOR does not have to require that Title VI compliance be the sole function of the designated staff person.
 1. In respect to any period of time that the CONTRACTOR does not have a designated staff person responsible for Title VI compliance it shall be reported to TENNCARE in writing, to the attention of the Title VI Coordinator, within ten (10) calendar days of the commencement of such period of time. At such time that this function is redirected, the name of the staff member who assumed the duties shall be reported to TENNCARE, to the attention of the Title VI Coordinator, within ten (10) calendar days of the change.
- b. On an annual basis, submit a copy of the CONTRACTOR's personnel policies that, at a minimum; emphasize non-discrimination in hiring, promotional, operational policies, contracting processes and participation on advisory/planning boards or committees.
- c. On a quarterly basis, a summary listing totaling the number of supervisory personnel by race/national origin and sex. The CONTRACTOR is required to request this information from all CONTRACTOR staff. CONTRACTOR staff response is voluntary. The CONTRACTOR is prohibited from utilizing information obtained pursuant to such a request as a basis for decisions regarding employment or in determination of compensation amounts. Such listing shall separate categories for total supervisory personnel by; number of male supervisors who are White, Black (not of Hispanic origin), American Indian or Alaskan Native, Asian or Pacific Islander, Hispanic origin and other race/national origin as indicated by staff and number of female supervisors who are White, Black (not of Hispanic origin), American Indian or Alaskan Native, Asian or Pacific Islander, Hispanic origin and other race/national origin females as indicated by staff.
- d. On an annual basis, a summary listing by CSA of servicing providers which includes race or ethnic origin of each provider. The listing shall include, at a minimum, provider name, address, race/ethnic origin (to be indicated as in Section 2-24 and shall be sorted by CSA. Each provider type (e.g., physician, dentist, etc.) shall be reported separately within the CSA. Each provider type (e.g., physician, dentist, etc.) shall be reported separately within the CSA. Primary care providers shall be reported separately from other physician specialties. The CONTRACTOR is required to request this information from all providers. Provider response is voluntary. The CONTRACTOR is prohibited from utilizing information obtained pursuant to such a request as a basis for decision regarding participation in the CONTRACTOR's provider network or in determination of compensation amounts.
- e. On a quarterly basis, a listing of all complaints/appeals filed by employees, enrollees and subcontractors in which discrimination is alleged in the CONTRACTOR's TennCare Plan. Such listing shall include, at a minimum, the identity of the party making the complaint, the circumstances of the complaint/appeal, date complaint/appeal filed, the individual's relationship to the CONTRACTOR, CONTRACTOR's resolution, if resolved, and name of CONTRACTOR staff person responsible for adjudication of the complaint/appeal.
- f. On a quarterly basis, a listing of all requests for translation/interpretation services by requesting enrollee.

Each request reported will identify by name and member identification number the enrollee for which translation/interpretation service was provided, the date of the request, the date provided, and the identification of the translator/interpreter.
- g. On an annual basis, a copy of the CONTRACTOR's policy, that demonstrates non-discrimination in provision of services to persons with Limited English Proficiency.
 1. A listing of the interpreter/translator services utilized by the CONTRACTOR in providing services to enrollees with Limited English Proficiency. The listing shall provide the full name of interpreter/translator services, address of services, phone number of services, hours services are available and be sorted by CSA.
- h. On an annual basis, the CONTRACTOR's Title VI Compliance Plan and Assurance of Non-discrimination.

3 REVISED REMEDIAL PLAN REQUIREMENTS

Children who are in state custody are eligible for participation in the carve-out for children in state custody as described in the Revised Remedial Plan submitted to Federal court on December 18, 2000. The CONTRACTOR agrees to be the designated MCO carve-out entity for the purpose of meeting the requirements of the Revised Remedial Plan and agrees to satisfy all special requirements for the delivery of services to children in state custody enrolled in TennCare Select. The MCO designated requirements specified in Section 3 are in addition to those described in Section 2. Children in state custody are eligible for the same TennCare covered services as other TennCare eligible children. However, due to the special needs of this population and per the Revised Remedial Plan, this Section specifies special requirements for the delivery of TennCare covered services for children who are eligible for participation in the carve-out.

In the event the Revised Remedial Plan is not approved by the court, the CONTRACTOR agrees to participate fully in the implementation of the Remedial Plan for Children in custody as filed with the Federal Court on May 12, 2000 on a schedule determined to be reasonable and in accordance with the requirements of the court.

3-1 CONTRACTOR Responsibilities

The Revised Remedial Plan assigns responsibilities for the administration and operation of the plan to several parties (e.g., the Executive Oversight Committee, the Steering Panel, the Health Services Team, the Department of Children's Services, the Behavioral Health Organization, TennCare and delivery system providers). The CONTRACTOR agrees to arrange for services and administer the plan in collaboration with these other entities. The CONTRACTOR agrees to:

- a. Participate on the Children with Special Health Needs (CSHN) Steering Panel.
- b. Recruit and contract with an adequate number of providers for Best Practice Network (BPN) with expertise in children's health problems in accordance with TennCare standards and the criteria of the Revised Remedial Plan.
- c. Recruit for areas identified by the Health Services Team (HST) as having an inadequate network; contract with qualified and willing providers identified by the Health Services Team for areas (geographical or specialty) where a shortage is identified; OR if consensus cannot be reached with the Health Services Team on what constitutes a network inadequacy, demonstrate adequacy of network to Executive Oversight Committee.
- d. Develop procedures for assigning children in state custody to BPN providers; work with the Steering Panel to develop the best policy and mechanism for maintaining a long standing relationship between a child and a PCP, when family along with providers or the state feel that disruption of this relationship would be detrimental to the child. This is especially critical for children with severe physical or behavioral problems with a long-term relationship with the provider.
- e. The CONTRACTOR agrees to implement and monitor provider use of four best practice guidelines per year which have been drafted in collaboration with the committee appointed by the Steering Panel.
- f. Continue to manage and be responsible for all aspects of the TennCare program as specified in contracts with TennCare. Distribute Best Practice guidelines to Best Practice Network providers when approved by the Steering Panel.

- g. Work with state to develop those services determined to be necessary by CSHN Steering Panel and Executive Oversight Committee.
- h. Provide BPN-PCPs with a listing of BPN behavioral health providers.
- i. Educate BPN-PCPs on medical management policies and coordination of care requirements.
- j. Ensure submission of encounter data from Best Practice Network providers.

3-1.1 Administration and Management

- a. Staff Requirements. A specific Department of Children's Services (DCS) liaison person or persons shall be identified, in writing, to TENNCARE and the DCS thirty (30) calendar days prior to the effective date of this Agreement. The DCS liaison person(s) will be responsible for assisting DCS to assure compliance with EPSDT requirements and the coordination of care for children in custody and at prolonged risk of custody and shall support Best Practice Network Primary Care Providers (BPN-PCPs) as requested. The names, titles, addresses and contact numbers (phone, fax, etc.) shall be provided for each of the liaison persons to TENNCARE, DCS and BPN-PCPs. The liaison person(s) shall be available to TENNCARE and/or the DCS case managers, BPN-PCPs, and foster families for assistance. The number of specific liaison persons identified shall be adequate at all times to cover the number of children in or at prolonged risk of State custody enrolled in TennCare Select. Any staff changes in the identified liaison person(s) shall be reported in writing to TENNCARE, DCS and BPN-PCPs within ten (10) calendar days of the change.

TENNCARE will coordinate the responsibility for training the DCS liaison(s) on issues dealing with the provision of EPSDT services to children in or at prolonged risk of State custody. The liaisons will assist DCS with care coordination for these children and will have the responsibility of facilitating the timely delivery of EPSDT services covered by the MCO. Assistance with care coordination will include identifying providers, scheduling appointments, and coordinating transportation (if appropriate), when requested.

3-1.2 Provider Network

- a. Adequate Capacity. The CONTRACTOR must maintain a provider network with adequate capacity to deliver covered services that meet the special needs of children in state custody. Indicators of an adequate network include:
 1. The CONTRACTOR meets the guidelines established by its contract with TennCare for a provider network (as specified in Section 2 and Section 3);
 2. The CONTRACTOR has enough providers to consistently meet the time lines of this plan for EPSDT screenings;
 3. The CONTRACTOR has sufficient types and numbers of providers to be able to consistently deliver services in a timely manner when ordered for a child.
- b. Provider Network Composition. In addition to maintaining a provider network in accordance with Section 2 of this Agreement, the CONTRACTOR shall maintain under contract, a Best Practice Network of providers including primary care physicians, medical sub specialists, tertiary pediatric centers/centers of excellence and dental providers specifically engaged to serve children in state custody as specified below.

3-1.2.1 Best Practice Network Primary Care Providers

- a. The CONTRACTOR shall maintain a Best Practice Network of Primary Care Providers (BPN-PCPs) who are community pediatricians and family practice physicians who agree to provide care timely and manage all health care including coordination of referrals for needed assessments or subspecialty care and serve as an advocate for children in custody to assure they get appropriate care. Specifically, BPN-PCPs must agree to:
1. Provide EPSDT screenings timely;
 2. Provide not only basic health care services, but also care coordination of all the health care services of children in custody;
 3. Refer to physical health and behavioral health professionals in the Best Practice Network for specialty care; refer to the Tertiary Pediatric Center/Center of Excellence for Children in, or at risk, of state custody, Community Mental Health Center and Behavioral Health Referral Center when indicated; coordinate referrals when indicated with MCO/BHO;
 4. Request telephone consultations with BHRC when indicated;
 5. Communicate with caregivers on plan of care;
 6. Maintain all health information on children assigned to them, regardless of who provides the care (Behavioral Health Referral Center, Tertiary Pediatric Center/Center of Excellence for children in, or at risk of, state custody, local specialist, behavioral health provider, other health care providers);
 7. Report to DCS Health Unit any time health information on a child is not forwarded in a timely manner to allow for appropriate evaluation and care;
 8. Forward medical files to newly assigned PCP and provide an initial consult when child is being transferred to a new geographical area or new MCO;
 9. Share health information with DCS and foster parents within confidentiality guidelines;
 10. Forward pertinent information to providers seeing child on referral
 11. Utilize (and document usage) of Best Practice Guidelines for care when developed and adopted by the Steering Panel and Executive Oversight Committee. Document rationale for variation from Best Practice guidelines;
 12. Review information provided by state or MCO/BHO on caring for children in State custody;
 13. Participate in the evaluation of system and outcomes through representation on the CSHN Steering Panel;
 14. Participate in the MCO/BHO selected for children in custody;
 15. Participate in training related to health problems of children in custody or Best Practice Guidelines; and
 16. Develop health treatment plans and incorporate all treatment needs of the children they see.
- b. The BPN-PCPs must also agree to perform the following case management functions:
1. Maintenance of all health information on children including behavioral health'
 2. Coordinate health services and request assistance from DCS case manager in following up and assuring plan of care is implemented;.
 3. Consult with the Behavioral Health Referral Center or other behavioral health providers when additional help is needed in managing a case; and
 4. Notify DCS when he/she feels more intense case management is needed by DCS.
- c. For the first ninety days after the effective date of this Agreement, if a BPN-PCP is not available, a provider who is willing to be a PCP for children in custody that is not in the Best Practice Network may serve as the child's PCP.

- d. After the first ninety days after the effective date of this Agreement, the CONTRACTOR must insure that each DCS custody child is assigned to a Best Practice Network Primary Care Provider within thirty days of enrollment. However, if a child has an established relationship with a provider who is not in the Best Practice Network, but is willing to continue care for this child and is qualified and competent to provide the care, the CONTRACTOR will allow the PCP to continue to provide care and reimburse the provider for care at the same rate as Best Practice Network Providers, if requested by DCS or the child's legal guardian.
- e. The CONTRACTOR may penalize BPN-PCPs who do not comply with the required responsibilities specified in paragraph 3.1.2.3.a above. Any penalty to be assessed must be described in writing in the BPN-PCP's provider agreement and must be approved by the State.
- f. When the State develops an internet based system for health providers to utilize for children in state custody, the CONTRACTOR shall assist with provider education efforts on the system and amend its BPN-PCP Agreements to require BPN-PCPs to input required information into the system.

3-1.2.2 Best Practice Network Dental Providers

- a. The CONTRACTOR shall maintain a Best Practice Network of Dental providers who will provide screenings to children in or at prolonged risk of state custody over three years of age and also provide any care that is needed within their scope of practice and competency.
- b. Whenever the dental network is inadequate and dental care is urgent, the CONTRACTOR shall arrange for an out-of-network provider to provide care.

3-1.2.3 Tertiary Pediatric Centers (Center of Excellence for Children in or Risk of State Custody)

The CONTRACTOR shall maintain contracts with all sites in the state recognized as tertiary pediatric care centers for pediatric care: Johnson City, Knoxville, Chattanooga, Nashville and Memphis. The CONTRACTOR shall maintain contracts with each of these centers specifically for the provision of services to children in and at risk of state custody.

3-1.2.4 Pediatric Sub-Specialists

The CONTRACTOR shall establish and maintain a network of pediatric sub-specialists in each of the five catchment areas in the state (Johnson City, Knoxville, Chattanooga, Nashville and Memphis) that includes each type of pediatric sub-specialist with admitting privileges at the catchment area tertiary pediatric center.

3-1.3 Safety-Net

- a. EPSDT – Physical Health Screenings. For the first ninety (90) days, the Local Health Departments shall serve as safety net providers until the Best Practice Network is fully developed. The CONTRACTOR may also elect to reimburse an out-of-network provider at the enhanced EPSDT payment rate for Best Practice Network Primary Care Physicians until the network is fully developed, as specified in Section 3.1.2.1.c. A penalty of \$1000 per occurrence shall be assessed whenever an initial EPSDT screening can not be provided within 21 days of enrollment and the CONTRACTOR received timely notification that the child was in state custody.
- b. EPSDT – Dental Screenings. Local Health Departments, in which dental services are available, will provide safety net services. As specified in Section 5, an enhanced EPSDT dental screening

rate will be paid to the local health departments as well as any Best Practice network dentists. Whenever the dental network is inadequate and dental care is urgent, the CONTRACTOR shall arrange for an out-of-network provider to provide the care.

3-1.4 Provider Agreement Language

The CONTRACTOR shall include in its subcontracts and agreements with providers a provision which states that subcontractors and providers are not permitted to encourage or suggest, in writing or verbally, that TennCare children be placed into state custody in order to receive medical or behavioral services covered by TennCare.

3-1.5 Network Management

- a. Provider Education. The CONTRACTOR shall train the Best Practice Network on the roles and responsibilities of Best Practice Network Providers, including the requirement to use Best Practice Guidelines and maintain complete medical records, in accordance with the requirements listed at 3-1.2.1.
- b. Monitoring. The CONTRACTOR shall conduct a medical chart review two times over the course of this Agreement of a statistically valid sample of each BPN provider's medical charts to document Best Practice Network provider compliance with the requirements of the Revised Remedial Plan, including the use of Best Practice Guidelines and completion of all seven required components of initial EPSDT exams (or documentation explaining any reasons for not adhering to the guidelines or completing the seven components of the exam). The sampling methodology employed must be approved by TennCare prior to use.
- c. Provider Profiling. The CONTRACTOR shall profile BPN-PCPs. Provider profiling for the Best Practice Network shall include the activities specified at 2-9.4.

3-1.6 BPN Training

The CONTRACTOR shall require Best Practice Network provider participation in training sessions provided by the Tertiary Pediatric Center/Center of Excellence or Behavioral Health Referral Center and disseminate training materials to Best Practice Network providers as requested. Participation in training may be by teleconference, interactive Internet program, or in-person. In the event the provider is unable to participate in training, the CONTRACTOR shall require the provider to submit a written attestation that training materials have been reviewed.

3-1.7 Service Delivery Requirements

In addition to satisfying the requirements of Section 2 of this Agreement for the delivery of services, the CONTRACTOR shall meet the following requirements for the delivery of services to children in state custody:

- a. Access and Availability of Services. The CONTRACTOR shall maintain a network with a sufficient number of Best Practice Network PCPs to consistently meet the timeline of:
 1. scheduling EPSDT screenings for children in state custody within 3 days of the child's placement in state custody; and
 2. completing EPSDT screenings within 21 days of enrollment in the CONTRACTOR's plan.

- b. Failure to Maintain Adequate Capacity in Network and Recruitment of Best Practice Network Providers. The CONTRACTOR shall recruit Best Practice Network providers who have appropriate credentials, are willing to follow BPN guidelines and are willing to participate in its network. DCS will report any incidences where providers are not available to deliver services within the time frames specified for EPSDT screenings or within the time frames specified as needed by the Best Practice Network Provider or BHRC to the Health Services Team and TennCare. The HST will keep records and report to the Executive Oversight Committee in what areas of the state an inadequate network exists. The CONTRACTOR will be notified when reports indicate a network deficiency and when recruitment of additional providers is necessary. When the Health Services Team identifies that a network is inadequate (in a geographic or in a specialty) and the HST has identified a qualified provider available and willing to participate in the network, the CONTRACTOR must contract with that willing provider or demonstrate to the satisfaction of the Health Services Team that their network is adequate according to above criteria.
- c. Mental Health and Substance Abuse Services. The MCO/BHO coordination agreement shall specify requirements to support the coordination of mental health and substance abuse services for children in state custody in accordance with the following requirements:
1. Neither the CONTRACTOR nor the BHO shall limit the types or number of behavioral services that may be provided by a Best Practice Network Primary Care Provider.
 2. The CONTRACTOR shall not make payment for services provided by Best Practice Network Primary Care Providers with an ICD-9 diagnosis code in the range 290.xx – 320.xx. It is the responsibility of the CONTRACTOR to notify BPN-PCPs to submit all such services to the BHO for reimbursement.
 3. Prior approval shall not be required by the CONTRACTOR or the BHO in order for a Best Practice Network Primary Care Provider to refer children in state custody to a BHO Best Practice Network Provider.
 4. The CONTRACTOR shall provide a listing of credentialed BPN-PCPs to the BHO on a monthly basis to facilitate BHO payment authorization.
- d. Service Authorization. When a covered service has been requested by a health care provider for a child in or at risk of state custody, and the CONTRACTOR denies or otherwise fails timely to provide that service or approve a less intense service which the provider or DCS feels is inadequate, the Health Services Team (HST) will be contacted for disposition:
1. If the HST, in consult with the provider and MCO, determines that the approved service is adequate then no change will be made. (If the service fails in the judgment of the DCS staff, the HST member can be contacted for a reassessment of the situation)
 2. If the HST agrees with the MCO that the ordered service is not appropriate for the child, but the provider maintains that the ordered service is necessary, then the HST shall advise the provider of appeals rights on behalf of enrollee.
 3. If the HST agrees with the provider that a more intense service is needed, the HST will issue a letter of authorization and file an appeal. Where practicable, the HST will utilize a qualified provider in the CONTRACTOR's network. However, a network provider will not be utilized if the Health Services Team, in the exercise of its sole discretion determines any of the following:
 - i. There is no time to locate a network provider under the circumstances.
 - ii. A network provider is not available to provide the services in a timely fashion,
 - iii. Available network providers are not qualified to deliver needed services, or
 - iv. Utilizing a network provider would otherwise jeopardize the health of the child in

need of services

4. Whenever the HST authorizes the services under this provision, the CONTRACTOR shall reimburse the provider for ordered service. In this situation the CONTRACTOR shall not require credentialing of the provider or an onsite visit in order for reimbursement to occur.

e. Services While Transitioning Out of Custody. Children transitioning out of custody, shall continue to have access to Best Practice Network providers for a minimum period of six months. The child transitioning out of state custody will remain in the CONTRACTOR's plan and the CONTRACTOR will continue to provide services in accordance with the Revised Remedial Plan requirements unless the child's legal guardian elects for the child to receive services outside of the best practice network. All requirements for "children in state custody" in this Agreement are applicable to children transitioning out of state custody for a minimum of six months.

When a child goes home for a 90-day trial but is still in custody, this will count for the first three months of transition time. The above services can also be continued for an additional six months on a case by case basis for a total of 365 days from the time of custody termination for those children whom DCS or the PCP and the Health Services Team deem it appropriate to prevent them from returning to state custody.

f. Children at Prolonged Risk of State Custody. Children that are deemed to be at prolonged risk of custody (to be defined by the Steering Panel) and that are identified to the CONTRACTOR by the state may continue to receive services through the Best Practice Network indefinitely.

3-1.8 Reporting Requirements

After the initial assignment of children in state custody to TennCare Select, the CONTRACTOR shall submit to the State a report that identifies the name of each DCS child enrolled in TennCare Select, the child's ID number, the date the child was placed in state custody, the date the CONTRACTOR received notice of enrollment, and the date of the child's initial EPSDT exam, updated on a monthly basis.

3-1.9 Performance Guarantees

Beginning September 1, 2001, the CONTRACTOR agrees to be bound by the performance guarantees identified below for the duration of this Agreement.

a. Timeliness of Care

1. Initial EPSDT exams completed within 21 days of placement in custody, when the following occurs: (1) timely notification of enrollment (within 48 hours), and (2) DCS has scheduled appointment within three (3) days of placement in custody

Penalty for Non-compliance:	\$1000 per occurrence
Measurement:	DCS notification and encounter data

b. EPSDT

A 100% EPSDT screening compliance rate including all seven components, unless reasons for missing components are appropriately documented

Penalty for Non-compliance:	\$500 per child with an incomplete or missing EPSDT exam
Measurement:	Medical record review

c. Provider Training Participation

BPN provider training participation at least once a year by teleconference, interactive internet program or in-person, unless written attestation that training materials have been reviewed is obtained, as specified at Section 3-1.6

Penalty for Non-compliance: \$100 per participating BPN-PCP that does not attend per training session

Measurement: Attendance Records and Written Attestations

d. Timely Completion of Best Practice Guidelines

In accordance with the priorities specified by the Steering Panel, the CONTRACTOR shall work with the Best Practice Guidelines Subcommittee of the Steering Panel to draft four Best Practice Guidelines per year, as specified at Section 3-1.e.

Penalty for Non-compliance: \$10,000 per missing submission, or submissions received after the due date agreed to with the Subcommittee

Measurement: Completed Guideline

3-2 Department of Children's Services Responsibilities

The Department of Children's Services shall be responsible for the following:

- a. Maintain responsibility of seeing that children in custody receive appropriate health services, including arranging the appointments for screenings. Report on number of children receiving EPSDT screenings in timely fashion.
- a. Provide care coordination and case management consistent with the *John B* Consent Decree and Medicaid regulations.
- b. Provide a representative to the CSHN Steering Panel.
- c. The Commissioner will participate as a member in the Executive Oversight Committee.
- d. For services provided through DCS, assure that these services are provided with reasonable promptness to meet individual needs.
- e. Amend its provider contracts/policy manuals to include a provision which states that DCS contracted entities are forbidden from encouraging or suggesting, in writing and verbally, that TennCare children be placed into state custody to receive medical or behavioral treatments. Instead they are to make caregivers aware of the alternative option and how they can contact the Health Services Team for assistance in getting behavioral health service.
- f. Expand contracts with mental health professionals working with Health Units to have at least one full time equivalent per region.

- g. Track children in custody in order to determine recidivism; relate to length of time of the transition period and what services were provided. Provide information on children who receive services to prevent custody and the outcome of such services.
- h. Provide training to staff to carry out the components of this plan.
- i. Continue process with the Working Group of the Steering Panel to determine support systems needed by DCS case managers to enhance their ability to better serve children with Severe Emotional Disturbances.

3-3 TennCare Bureau Responsibilities

The TennCare Bureau shall be responsible for the following:

- a. Contract with one MCO (accomplished by this contract) and one BHO, each with a statewide network that has expertise for children's physical, developmental and behavioral problems to provide care management services to children in custody and children at "prolonged risk" of custody (to be defined by the Steering Panel) using fee for service structure and an arrangement which decreases the financial risk for the MCO and BHO.
- b. Establish the mechanism to cover capital expenditures for dental operations in local health departments with the capability to establish or expand dental services, and arrange with the MCO to pay health departments according to an agreed upon fee schedule; arrange for private providers to receive the same enhanced EPSDT screening rate as health departments.
- c. Develop a mechanism to underwrite the costs for supplemental behavioral health staff, if necessary for recruitment, to be placed in communities and a plan for evaluating the effectiveness of this strategy.
- d. Contract with the COE/BHRC for any services needed to implement this plan (for child psychiatrist, training, other functions as negotiated)
- e. Fund any part of needs assessment felt to be required by the CSHN Steering Panel and the Executive Oversight Committee.
- f. Require MCO and BHO to provide adequate encounter and financial data to determine the provided services and the cost of those services for children in custody.
- g. Provide resources for staffing the CSHN Steering Panel and Health Services Team.
- h. Participate on the CSHN Steering Panel and the Executive Oversight Committee (the latter representative must be either the Director of TennCare or his supervising official in the Department of Finance and Administration).
- i. Require the MCO/BHO to include in its subcontracts with providers a provision which states that the subcontractors are forbidden from encouraging or suggesting, in writing or verbally, TennCare children be placed into state custody to receive medical or behavioral treatments. But instead, they are to let families know that there are other options and refer them to the Health Services Team when they are unable to get behavioral health services and are at risk of coming into custody.
- j. Arrange with BHO for custody children to have advantage of Continuous Treatment Teams when determined to be needed to maintain the child in the home.

- k. Develop a process whereby children who are already enrolled in TennCare but may not be assigned to the custodial MCO/BHO will be reassigned as soon as TennCare has been informed that the child is in state custody or is at risk of state custody and should be placed in the custodial MCO/BHO.

3-4 Health Services Team

The Health Services Team shall:

- a. Review MCO and BHO denials or delays for services and issue letter of authorization for those services it determines to be appropriate under the circumstances.
- b. The Health Services Team is expressly granted access to the medical records (physical and behavioral) of those children the Health Services Team is required to assist in accordance with the Revised Remedial Plan . All of the medical records obtained by the Health Services Team shall be held in the strictest confidence, and shall not be released to any individual unless the requesting individual is expressly granted such access by law, or unless the Health Services Team is ordered to release them by a court of component jurisdiction.
- c. Determine when children referred to them are at imminent risk of custody and need additional services provided to this group to prevent custody. (DCS will still perform this service also.)
- d. Act as ombudsmen for children in custody or at risk of custody by working with providers, DCS, agencies serving children, and courts to get consensus on what is best for the child and the family, to assist in getting that services approved by the BHO or DCS.
- e. Identify areas where provider networks are inadequate from the problems the team experiences in obtaining services for children at risk of custody as well as those in custody. Recommend to MCOs and BHOs (both for the custody children and the other children in TennCare) where networks are inadequate. Recommend to MCOs and BHOs qualified providers willing to contract with the network.
- f. Staff the Steering Panel as well as the Executive Oversight Committee.
- g. Assist in negotiations for contracts needed to implement the Revised Remedial Plan.

4 ENROLLMENT AND DISENROLLMENT

The TennCare Bureau has identified groups of enrollees who may become members of TennCare Select. TennCare enrollees cannot request to enroll in TennCare Select. Eligibility determination and enrollment of TennCare eligible enrollees in the Contractor's plan shall be the sole responsibility of TENNCARE.

4-1 Enrollment

4-1.1 General Provisions

- a. The State shall select TennCare eligibles to be enrolled in TennCare Select. TennCare eligibles shall not be enrolled in TennCare Select with an effective date prior to July 1, 2001. The following TennCare eligibles may be enrolled:
- | | |
|-------------------|--|
| Group 1.A: | Children who are in DCS custody; |
| Group 1.B: | Children who are transitioning out of DCS custody; |
| Group 2: | Children under 21 who are SSI eligible; |
| Group 3: | Children receiving services in an institution or as part of the State's Home and Community Based Service waiver in order to avoid being institutionalized; |
| Group 4: | Enrollees residing out-of-state; |
| Group 5: | Enrollees that have been responded to TennCare's attempts to contact; and |
| Group 6: | Enrollees residing in areas with insufficient capacity in TennCare risk MCOs |
- b. TennCare eligible enrollees in groups 1 through 5 will be enrolled in the CONTRACTOR's plan, independent of other TennCare eligible enrollees in the same household.
- c. To the extent possible, TENNCARE shall enroll all enrollees in Group 6 in the same household in the CONTRACTOR's plan.
- d. The CONTRACTOR agrees to accept TennCare eligibles other than those identified above upon receipt of notification from TENNCARE. The CONTRACTOR agrees to accept an administrative fee of \$13.84 per member per month for the period July 1, 2001 through June 30, 2002 and \$14.39 per member per month for the period July 1, 2002 through December 31, 2002 for these enrollees. However, should the State elect to carve out a high-risk TennCare eligible group(s), the administrative fee(s) associated with the group(s) will be mutually agreed upon between the CONTRACTOR and the State prior to enrollment of this population in the CONTRACTOR's plan.
- e. The CONTRACTOR shall accept daily eligibility data from the State.
- f. The CONTRACTOR agrees to accept a reasonable number of enrollees who have been selected by the State for enrollment, from any failed health plan in the CONTRACTOR's service area as well as any plan which is terminated in whole or in part, may become insolvent or discontinues service, or who reside in an area in which there is insufficient capacity in risk MCOs to enroll the population.

To the extent possible and practical, TENNCARE shall provide advance notice to the CONTRACTOR of the impending failure of one of the plans serving the area; however, failure by TENNCARE to provide advance notice shall not limit in any manner the responsibility of the CONTRACTOR to accept enrollees from failed risk MCOs. In the event the number of re-assigned enrollees exceeds 100,000 and TENNCARE was unable to provide ninety (90) days advance notice to the CONTRACTOR, TENNCARE will afford the CONTRACTOR a 90-day period of time to adjust operational processes in order to meet the contractual performance requirements prior to assessing any penalties against the CONTRACTOR. TennCare and the

Contractor recognize that large increases and decreases in enrollment may be required by program needs. TENNCARE shall provide 120 days advance notice of any planned transfer of enrollees out of the Contractor's plan that would result in a decrease of 100,000 members or more. The preceding statement is not intended to provide advance notice of changes that occur during the course of an open enrollment period or that are due to an enrollee's choice.

- g. No enrollee from another health plan shall be transferred retroactively to the CONTRACTOR's plan, except as specified at 4-1.1.n.
- h. The CONTRACTOR shall accept the enrollee in the health condition the enrollee is in at the time of enrollment.
- i. With the exception of enrollees in Group 4, TENNCARE shall enroll only persons who reside within the community service area(s) in which the CONTRACTOR is authorized to serve.
- j. The CONTRACTOR shall continue to be responsible for the care of any enrollee enrolled in TennCare Select until such time as the enrollee selects or is assigned to a TENNCARE plan in the area where the enrollee has moved, or assigned to another TENNCARE product administered by the CONTRACTOR, or has been disenrolled from the MCO by TENNCARE and re-enrolled in a new MCO. TENNCARE shall continue administrative fee payments and medical service payments, in accordance with Section 5, to the CONTRACTOR on behalf of the enrollee until such time as the enrollee is enrolled in another MCO plan. The CONTRACTOR shall remain responsible for arranging for the provision of services and payment of medical services for the enrollee until such time as the enrollee is enrolled in another plan. TENNCARE shall notify the CONTRACTOR promptly upon enrollment of the enrollee in another plan.
- k. Enrollment shall begin at 12:01 a.m. on the effective date that the enrollee is enrolled in the CONTRACTOR's plan and shall end at 12:00 midnight on the date that the enrollee is disenrolled pursuant to the criteria in TennCare policy and/or TennCare rules and regulations. Women who are determined presumptively eligible are given immediate TennCare eligibility and a temporary identification form to confirm eligibility pending the issuance of a regular identification card by their selected MCO. The purpose of this temporary identification/eligibility confirmation form is to enable the women to access prenatal care at the earliest possible time. The CONTRACTOR shall be responsible for arranging for the provision of services and payment of all covered services during the period of enrollment.
- l. Enrollees selected for enrollment in the CONTRACTOR's plan by the State in Groups 1, 2, 3, 5 and 6 shall have one (1) opportunity, anytime during the ninety (90) day period immediately following enrollment, to request to change MCO plans. Enrollees in Group 6 shall only be able to request to change MCO plans during this period to the extent capacity is available in another MCO serving the region. Once the initial ninety-day change period has expired, the enrollee shall remain a member of the CONTRACTOR's plan until the following change period, or until the enrollee loses eligibility for TennCare.
- m. TennCare shall provide an opportunity for enrollees to choose a new MCO during an annual choice period that shall be determined by TENNCARE. The effective date of any changes resulting from said choice period shall be January 1 of the following year, unless otherwise specified by TENNCARE. TENNCARE shall notify the CONTRACTOR of timeframes for authorized choice periods.
- n. It is the intent and policy of TENNCARE that TennCare-eligible newborn children and their TennCare eligible mothers, be enrolled in the same MCO. This policy is only applicable to Group 6 enrollees. Enrollment of the newborn child in the same plan as its Mother facilitates coverage and payment of the costs associated with delivery, facilitates coverage and payment of the newborn services provided after birth of the child but prior to establishment of individual TennCare eligibility for the child and provides a financial incentive to the CONTRACTOR to

promote prenatal care as a means to reduce the risks of a complicated and more costly pregnancy and/or delivery.

It is recognized by TENNCARE and the CONTRACTOR that despite the best efforts of TENNCARE to assure enrollment of a newborn in the same plan as its Mother, due to the various means of enrollment in the TennCare program, a newborn child may be inadvertently enrolled in a plan different than its Mother. When such cases are identified by the CONTRACTOR, the CONTRACTOR shall immediately report to TENNCARE, in accordance with written procedures provided by TENNCARE, that a newborn child has been incorrectly enrolled in a plan different than its Mother. Upon receipt of such notice from a CONTRACTOR or discovery by TENNCARE that a newborn has been incorrectly enrolled in a plan different than its Mother, TENNCARE shall immediately:

- (1) Disenroll the newborn from the incorrect plan;
- (2) Recoup any payments made to the CONTRACTOR for the newborn;
- (3) Enroll the newborn in the same plan as its Mother with the same effective date as when the newborn child was enrolled in the incorrect plan; and
- (4) Make payments to the correct plan for the period of coverage.

The plan in which the newborn child is correctly enrolled shall be responsible for the coverage and payment of TennCare-covered services provided to the newborn child for the full period of eligibility. The plan in which the newborn child was incorrectly enrolled shall have no liability for the coverage or payment of any TennCare-covered services provided, except as described below, during the period of incorrect plan assignment and TENNCARE shall have no liability for payments to the CONTRACTOR in these cases.

There are circumstances in which a newborn child's Mother may not be eligible for participation in the TennCare program. The CONTRACTOR shall be required to process claims received for services provided to newborn children within the time frames specified in Section 2-9.7 of this Agreement. The CONTRACTOR shall not utilize any blanket policy which results in the automatic denial of claims for services provided to a TennCare-eligible newborn child; during any period of enrollment in the CONTRACTOR's plan, because the child's Mother is not a member of the CONTRACTOR's plan. However, it is recognized that in complying with the claims processing time frames specified in Section 2-9.7 of this Agreement, the CONTRACTOR may make payment for services provided to a TennCare-eligible newborn child enrolled in the CONTRACTOR's plan at the time of payment but the child's eligibility may subsequently be moved to another contractor's plan. In such event, the CONTRACTOR in which the newborn child is first enrolled (first plan) may submit supporting documentation to the contractor's plan in which the newborn child is moved (second plan) and the second plan shall reimburse the first plan within thirty (30) days of receipt of such properly documented request for reimbursement, for the amount expended on behalf of the child prior to the child's eligibility having been moved to the second plan. Such reimbursement shall be the actual amount expended by the CONTRACTOR and shall be used to reduce the amount of funds requested from the State in the weekly remittance request. In the event the CONTRACTOR is the second plan (i.e. the plan to which the newborn child is moved), should the CONTRACTOR fail to reimburse the first plan the actual amount expended on behalf of the newborn child within thirty (30) days of receipt of a properly documented request for payment, TENNCARE is authorized to reimburse the first plan.

- o. The CONTRACTOR or anyone acting on its behalf shall not submit enrollment applications or choice ballots on behalf of TennCare eligibles.

4-1.2 Enrollment Procedure

The CONTRACTOR shall give a full written explanation of the MCO's plan to enrollees within thirty (30) calendar days after notification of their enrollment in the plan, including but not limited to a member

handbook and an identification card as described in Section 2-6.2 of this Agreement. In addition to the information described above, this written explanation shall, at a minimum, also include:

- (a) Effective date of enrollment;
- (b) Names, locations, telephone numbers, office hours and within ninety (90) days of Agreement execution, non-English languages spoken by current network providers (including primary care providers, specialists and hospitals) and identification of providers accepting new patients. These updates shall be maintained in accordance with Section 2-1.0 of this Agreement;
- (c) The CONTRACTOR shall provide all other information as required by HCFA.

4-1.3 Remedial Plan Provisions

- a. To decrease the likelihood of recidivism, the enrollment period for children in Group 1.A who are transitioning out of state custody shall be extended for at least six (6) months after the date that the child is removed from DCS custody. Children will be assigned to Group 1.B during this post-custody transition period and shall continue to receive Remedial Plan services including access to Best Practice Network providers. After the post-custody period of at least six months, children assigned to Group 1.B shall be moved as appropriate, to Groups 2-6 and shall remain a member of the new group until the following change period, or until the child loses eligibility for TennCare. At the option of the State, children deemed to be at "prolonged" risk of state custody may remain in Group 1.B or an on-going basis.
- b. The CONTRACTOR agrees to accept daily eligibility updates in the form and format specified by TennCare for the purpose of identifying children in state custody and children transitioning out of state custody. Until such time as an indicator for children in state custody and children transitioning out of state custody can be added to the daily eligibility updates received from TennCare, the CONTRACTOR agrees to accept and process any adhoc report mutually agreed upon by the CONTRACTOR and TennCare to facilitate timely identification of children in state custody or children transitioning out of state custody.

4-2 Disenrollment

TENNCARE is responsible for the disenrollment of enrollees from the CONTRACTOR's plan.

4-2.1 General Requirements

- a. With the exception of enrollees in Group 4, TENNCARE eligible enrollees shall be able to disenroll from TennCare Select and re-enroll in a risk-MCO during the annual choice period, subject to the capacity of risk-MCOs.
- b. TENNCARE may disenroll enrollees that were originally enrolled due to insufficient capacity in TENNCARE risk-MCOs (Group 6) at any time. However, TENNCARE shall provide 90 days advance notice prior to disenrollment of enrollees from the CONTRACTOR's plan and re-enrollment into a risk-MCO.
- c. No enrollee shall be disenrolled from a health plan for any of the following reasons:
 - 1. Adverse changes in the enrollee's health;
 - 2. Pre-existing medical conditions;
 - 3. High cost medical bills; or
 - 4. Failure or refusal to pay applicable cost-sharing fees, except when TENNCARE has approved such disenrollment.

4-2.2 Contractor's Responsibility for Disenrollments

The CONTRACTOR'S responsibility for disenrollment shall be to:

1. Inform each enrollee at the time of enrollment, of the criteria for disenrollment from the plan as permitted by TennCare policy and/or TennCare rules and regulations;
2. Inform TennCare promptly, in the manner and media described in Section 2-10.2 of this Agreement, when the CONTRACTOR knows or has reason to believe that an enrollee may satisfy any of the conditions for disenrollment described in TennCare policy and/or TennCare rules and regulations.

Actions taken by TennCare cannot be grieved by the CONTRACTOR.

5 PAYMENT TERMS AND CONDITIONS

5-1 Administrative Fee

The CONTRACTOR shall be paid a fixed fee per member per month for the administration of TennCare Select according to the requirements of this Agreement.

- a. The administrative fee to paid shall be:

Enrollee Category ¹	Effective July 1, 2001 - June 30, 2002	Effective July 1, 2002 - December 31, 2002
Group 1.A	\$21.84 PMPM	\$22.71 PMPM
Group 1.B	\$21.84 PMPM	\$22.71 PMPM
Group 2	\$21.84 PMPM	\$22.71 PMPM
Group 3	\$13.84 PMPM	\$14.39 PMPM
Group 4	\$13.84 PMPM	\$14.39 PMPM
Group 5	\$13.84 PMPM	\$14.39 PMPM
Group 6	\$13.84 PMPM	\$14.39 PMPM

- b. TennCare or its appointed agent shall make payment by the fifth working day of each month to the CONTRACTOR for the CONTRACTOR's satisfactory performance of its duties and responsibilities as set forth in this Agreement. Each month payment to the CONTRACTOR shall be equal to the number of enrollees certified by TENNCARE multiplied by the administrative fee for the appropriate enrollee category. The actual amount owed the CONTRACTOR for each enrollee shall be determined by dividing the appropriate monthly administrative fee by the number of days in the month and then multiplying the quotient of this transaction by the actual number of days the enrollee was enrolled in the plan.
- c. Payment for enrollees shall start the effective date of the enrollee's enrollment in the plan.
- d. The CONTRACTOR agrees the State may retroactively recoup Administrative Fee payments for deceased enrollees. Retroactive recoupment will be deducted from the monthly payment for the following month. Payments may be recouped back to the date of death. This is the only provision whereby the State may retroactively recoup administrative fee payments from the CONTRACTOR for enrollees retroactively terminated from TennCare Select.

5-2 Provider Reimbursement Rates

5-2.1 General Requirements

- a. Maximum Allowable Rates. Providers shall be paid according to BlueCare policies and procedures and reimbursement rates in effect as of March 1, 2001, unless otherwise directed by TennCare with the following exceptions:
1. The payment rate for an initial EPSDT screening conducted by a Best Practice Network Primary Care Provider for a child in state custody shall be at the rate specified in Section 5.2.2.a.

¹ As defined at 5.1.1.a.

2. The payment rate for preventive dental services provided by a Best Practice Network Dental Provider on a child in state custody shall be at the rate specified in Section 5.2.2.b.
 3. The payment rate for all other preventive health services specified in Attachment 5.1 for children (under age 21) may be increased up to 85% of the 2001 Medicare fee-schedule.
 4. The payment rate for all services that are reimbursed as a percentage of average wholesale prices shall be adjusted with fluctuations in the average wholesale price. However, the "percentage" applied to determine the payment amount shall be equivalent to the percentage applied for BlueCare as of March 1, 2001.
 5. The initial utilization management and referral processes and requirements impacting provider reimbursement shall be those in effect for BlueCare and TennCare Select as of July 1, 2001 as specified in Attachment II. However, the State may reserves the right to require the CONTRACTOR to modify these processes and requirements. The CONTRACTOR shall have sixty (60) days from the date of request to implement requested modifications.
 6. If there is a network deficiency that necessitates additional funding to remedy, the CONTRACTOR shall attempt to negotiate a reasonable rate on behalf of the State prior to recommending an increase in reimbursement rates. Once the negotiations are concluded, the CONTRACTOR shall submit a recommendation to the State in writing with supporting documentation justifying an increase in reimbursement rates. The CONTRACTOR may not implement a recommended change until receipt of written approval from TennCare.
- b. Annual Review. The maximum allowable reimbursement rates shall be reviewed on an annual basis.

5-2.2 Best Practice Network Requirements

- a. Enhanced Initial EPSDT Screening Rate. The CONTRACTOR shall make an enhanced payment to Best Practice Network Primary Care Providers for the initial EPSDT examination for children in state custody, when all seven (7) components of the exam have been completed. The seven components shall include: (1) A comprehensive health and development history to include both physical and mental health; (2) Comprehensive unclothed physical exam; (3) Appropriate vision and hearing assessment; (4) Laboratory testes appropriate for age and risk; (5) Dental screening and referral beginning at age 3; (6) Immunizations; (7) Health education (anticipatory guidance).
1. The procedure codes to be utilized when billing for the initial EPSDT exam are specified below. This language does not preclude the BPN-PCP from billing for other services separately, consistent with the CONTRACTOR's procedures for claims processing (e.g., lab). It is the responsibility of the CONTRACTOR to include in its Best Practice Network provider agreements a requirement that all seven components of the EPSDT exam are completed when an enhanced payment is made through a medical chart review. The CONTRACTOR should educate providers to document any barriers to completing all seven components (e.g. past history not available). The enhanced payment rate for the initial EPSDT screening exam shall be ninety-five percent (95%) of the 2001 Medicare fee-schedule.

NEW PATIENT	ESTABLISHED PATIENT
99431 – History and Examination of Normal Newborn	99391 – Periodic reevaluation
99381 – Initial evaluation	99392 – age 1 through 4 years
99382 – age 1 through 4 years	99393 – age 5 through 11 years
99383 – age 5 through 11 years	99394 – age 12 through 17 years

99384 – age 12 through 17 years	99395 – age 18 through 39 years
99385 – age 18 through 39 years	

If the BPN-PCP submits a claim with a procedure code for an established patient, the CONTRACTOR may only reimburse the provider at the enhanced payment rate if the claim is for the initial EPSDT exam upon placement in state custody. If the CONTRACTOR directs BPN-PCPs to only bill the initial EPSDT exam with the New Patient procedure code series identified above, the CONTRACTOR must notify and provide appropriate training to the provider and provider's billing staff to implement this billing procedure.

2. The CONTRACTOR shall conduct a medical chart review two times over the course of this Agreement of a statistically valid sample of each BPN-PCPs medical charts to ensure completion of all seven components of the initial EPSDT exam. The sampling methodology employed must be approved by TennCare prior to use. The CONTRACTOR shall recoup an amount equivalent to the difference between the enhanced EPSDT screening payment rate (95% of Medicare) and the standard EPSDT screening payment rate (85% of Medicare), if it is determined upon medical chart review that the provider to whom payment was made failed to complete all seven components of the exam.

- b. Enhanced Dental Fee-Schedule. The CONTRACTOR shall make an enhanced payment to Best Practice Network Dental Providers for children in state custody for preventive dental services, as specified below.

D0120 – Periodic Oral Evaluation	\$17.85
D0150 – Comprehensive Oral Evaluation	\$17.85
D1110 – Prophylaxis, children greater than 12 and less than 21 years of age	\$33.15
D1120 – Prophylaxis, Child	\$23.80
D1351 – Sealant, Per Tooth	\$19.55
D1203 – Fluoride, Child	\$17.85

- c. Case Management. In exchange for performing additional care coordination and case management functions as specified in Section 3 of this Agreement, the CONTRACTOR shall pay Best Practice Network Primary Care Providers a case management fee of \$10 per member per month.

5-3 Medical Services Payments

- a. Medical Services Payments. The CONTRACTOR shall prepare checks for payment on a periodic basis. The CONTRACTOR shall notify the State of the amount to be paid in a mutually acceptable form and substance at least 48 hours in advance of distribution of provider checks. The amount to be paid shall be reduced by the amount of third party recoveries captured in the claims processing system. The State shall release funds in the amount to be paid to providers to the CONTRACTOR. Funds shall be released within 48 hours of receipt of notice.
- b. 1099 Preparation. The CONTRACTOR shall prepare and submit 1099 Internal Revenue Service reports for all providers to whom payment is made.
- c. Interest. Interest generated from the deposit of funds for provider payments shall be the property of the State. The amount of interest earned on the funds, as reported by the CONTRACTOR's

bank on the monthly statement, shall be deducted from the amount of the next remittance request subsequent to receipt of the bank statement.

- d. Pharmacy Rebates. The amount of pharmacy rebates collected by the CONTRACTOR for TennCare Select enrollees shall be the property of the State. On a quarterly basis, the CONTRACTOR shall notify the State and provide supporting documentation of the value of said rebates. The first claims payment remittance request following the receipt of rebates will be reduced by the value of the rebates reported.
- e. Subrogation Recoveries. The amount of any subrogation recoveries collected by the CONTRACTOR outside of the claims processing system shall be the property of the State. On a monthly basis, the CONTRACTOR shall report to the State the amount of any subrogation recoveries collected outside the claims processing system received during the previous month. The next remittance request subsequent to this monthly report shall be reduced by the value of the subrogation recoveries reported.
- f. HMO Payment. Payments to the CONTRACTOR shall be increased sufficiently to cover any additional amount due pursuant to Tennessee Code Annotated Section 56-32-224 thirty days after the end of each calendar year quarter. In the event the amount due pursuant to TCA 56-32-224 is increased during the term of this Agreement, the payments to the CONTRACTOR shall be increased by an amount equal to the increase in the amount due by the CONTRACTOR.

5-4 Payment Requirements

- a. Except where required by the Contractor's Agreement with TennCare or by applicable federal or state law, rule or regulation, the CONTRACTOR shall not make payment for the cost of any medical care provided prior to the effective date of eligibility in the CONTRACTOR's plan. The CONTRACTOR shall make payment for the cost of any covered services obtained on or after 12:01 a.m. on the effective date of eligibility in the CONTRACTOR's plan.
- b. The claims payment amount shall not include payment for enrollee cost-sharing amounts.
- c. The claims payment amount shall be net of any amounts that the provider is entitled to collect pursuant to applicable coordination of benefits rules.
- d. When eligibility has been established by TENNCARE and the enrollee has incurred medical expenses that are covered benefits within the plan, the CONTRACTOR shall make reimbursement for the medical services at the regular negotiated rate if the service was provided by a contract provider. If the service was provided by a non-contract provider, the CONTRACTOR shall assure that the enrollee is held harmless by the provider for the costs of the service or procedure except for applicable cost share amounts. The CONTRACTOR shall require, as a condition of payment, that the service provider accept the amount paid by the CONTRACTOR or appropriate denial made by the CONTRACTOR (or, if applicable, payment by the CONTRACTOR that is supplementary to the enrollee's third party payor) plus any applicable amount of cost share amounts due from the enrollee as payment in full for the covered service.

5-5 Audits

- a. The CONTRACTOR shall allow for periodic review of records to ensure that all discounts, special pricing considerations and financial incentives have accrued to the State and that all costs incurred are in accordance with this Agreement. The CONTRACTOR shall provide the auditor access to all information necessary to perform the examination.

**ATTACHMENT 5.I
PREVENTIVE SERVICES FEE SCHEDULE**

The CONTRACTOR shall make an enhanced payment, defined as eighty-five percent (85%) of the 2001 Medicare fee-schedule or the BlueCare reimbursement rates in effect as of March 1, 2001, whichever is greater, to Primary Care Providers for the provision of the following preventive medical services identified by the CPT procedure codes listed below, when billed for children less than 21 years of age. Payment rates for services reimbursed as a percentage of average wholesale price shall be adjusted in accordance with Section 5.2.1.a.4. of this Agreement.

Office Visits

NEW PATIENT	ESTABLISHED PATIENT
99431 – History and Evaluation of Normal newborn	99391 – Periodic reevaluation
99381 – Initial evaluation	99392 – age 1 through 4 years

92552	Pure tone audiometry (threshold); air only

6 TERMS AND CONDITIONS

6-1 *Applicable Laws and Regulations*

The CONTRACTOR agrees to comply with all applicable federal and state laws and regulations, and court orders, including Constitutional provisions regarding due process and equal protection of the laws and including but not limited to:

- a. Title 42 Code of Federal Regulations (CFR) Chapter IV, Subchapter C (with the exception of those parts waived under the TennCare Section 1115(a) waiver).
- b. Title 45 CFR, Part 74, General Grants Administration Requirements.
- c. Titles 4, 47, 56, and 71, Tennessee Code Annotated, including, but not limited to, the TennCare Drug Formulary Accountability Act, Public Chapter 276 and The Standardized Pharmacy Benefit Identification Card Act.
- d. All applicable standards, orders, or regulations issued pursuant to the Clean Air Act of 1970 as amended (42 U.S.C. 7401, et seq.).
- e. Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and regulations issued pursuant thereto, 45 C.F.R. Part 80.
- f. Title VII of the Civil Rights Act of 1964 (42 U.S.C. 2000e) in regard to employees or applicants for employment.
- g. Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 794, which prohibits discrimination on the basis of handicap in programs and activities receiving or benefiting from federal financial assistance, and regulations issued pursuant thereto, 45 C.F.R. Part 84.
- h. The Age Discrimination Act of 1975, as amended, 42 U.S.C. 6101 et seq., which prohibits discrimination on the basis of age in programs or activities receiving or benefiting from federal financial assistance.
- i. The Omnibus Budget Reconciliation Act of 1981, P.E. 97-35, which prohibits discrimination on the basis of sex and religion in programs and activities receiving or benefiting from federal financial assistance.
- j. Americans with Disabilities Act, 42 U.S.C. Section 12101 et seq., and regulations issued pursuant thereto, 28 C.F.R. Parts 35, 36.
- k. Sections 1128 and 1156 of the Social Security Act relating to exclusion of providers for fraudulent or abusive activities involving the Medicare and/or Medicaid program.
- l. Tennessee Consumer Protection Act, T.C.A. Section 47-18-101 et seq.
- m. The HCFA waiver and all Special Terms and Conditions which relate to the waiver.
- n. Executive Orders, including Executive Order 1 effective January 26, 1995.
- o. The Clinical Laboratory Improvement Act (CLIA) of 1988.
- p. Requests for approval of material modification as provided at TCA 56-32-201 etc .seq.

6-2 Termination

In the event of termination, it is agreed that neither party shall be relieved from any financial obligations each may owe to the other as a result of liabilities incurred during the course of this Agreement. For terminations pursuant to parts 6.2.1, 6.2.2, 6.2.3. or 6.2.5. TENNCARE will assume responsibility for informing all affected enrollees of the reasons for their termination from the plan.

6-2.1 Termination Under Mutual Agreement

Under mutual agreement, TENNCARE and the CONTRACTOR may terminate this Agreement for any reason if it is in the best interest of TENNCARE and the CONTRACTOR. Both parties will sign a notice of termination that shall include, inter alia, the date of termination, conditions of termination, and extent to which performance of work under this Agreement is terminated.

6-2.2 Termination by TENNCARE for Cause

a. The CONTRACTOR shall be deemed to have breached this Agreement if any of the following occurs:

- (1) The CONTRACTOR fails to perform in accordance with any term or provision of the Agreement;
- (2) The CONTRACTOR only renders partial performance of any term or provision of the Agreement; or
- (3) The CONTRACTOR engages in any act prohibited or restricted by the Agreement.

For purposes of Section 6-2.6, items (1) through (3) shall hereinafter be referred to as "Breach."

b. In the event of a Breach by the CONTRACTOR, TENNCARE shall have available any one or more of the following remedies in addition to or in lieu of any other remedies set out in this Agreement:

- (1) Recovery of actual damages, including incidental and consequential damages, and any other remedy available at law or equity;
- (2) Requirement that the CONTRACTOR prepare a plan to immediately correct cited deficiencies, unless some longer time is allowed by TENNCARE, and implement this correction plan;
- (3) Recover any and all liquidated damages provided in this Agreement;
- (4) Declare a partial default; and
- (5) Declare a default and terminate this Agreement.

In the event of a conflict between any other Agreement provisions and this provision, this provision shall control.

c. In the event of Breach by the CONTRACTOR, TENNCARE may provide the CONTRACTOR written notice of the Breach and twenty (20) calendar days to cure the Breach described in the notice. In the event that the CONTRACTOR fails to cure the Breach within the time period provided, then TENNCARE shall have available any and all remedies described herein and available at law.

d. In the event the CONTRACTOR disagrees with the determination of noncompliance or designated corrective action described in the notice, the CONTRACTOR shall nevertheless implement said corrective action, without prejudice to any rights the CONTRACTOR may have to later dispute the finding of noncompliance or designated corrective action.

e. Partial Default

(1) If the CONTRACTOR fails to cure the Breach within the time period provided in the cure Section above, then TENNCARE may declare a Partial Default and provide written notice to the CONTRACTOR of the following:

(a) The date upon which the CONTRACTOR shall terminate providing the service associated with the Breach; and

(b) The date TENNCARE or its designate will begin to provide the service associated with the Breach.

TENNCARE may revise the time period contained in the notice upon written notice to the CONTRACTOR.

(2) In the event TENNCARE declares a Partial Default, TENNCARE may withhold, together with any other damages associated with the breach, from the amounts due the CONTRACTOR the greater of:

(a) Amounts which would be paid the CONTRACTOR to provide the defaulted services; or

(b) the cost to TENNCARE of providing the defaulted service, whether said service is provided by TENNCARE or a third party; and

(3) To determine the amount the CONTRACTOR is being paid for any particular service, TENNCARE shall review all relevant documents and then make a final and binding determination of said amount.

6-2.3 Termination for Unavailability of Funds

In the event that federal and/or state funds to finance this Agreement become unavailable, TENNCARE may terminate the Agreement immediately in writing to the CONTRACTOR without penalty. The CONTRACTOR shall be entitled to receive and shall be limited to, just and equitable compensation for any satisfactory authorized work performed as of the termination date. Availability of funds shall be determined solely by TENNCARE.

6-2.4 Termination for CONTRACTOR Financial Inviability, Insolvency or Bankruptcy

If TENNCARE reasonably determines that the CONTRACTOR's financial condition under any TennCare Agreement is not sufficient to allow the CONTRACTOR to provide the services as described herein or under another TennCare Agreement in the manner required by TENNCARE, TENNCARE may terminate this Agreement in whole or in part, immediately or in stages. Said termination shall not be deemed a Breach by either party. The CONTRACTOR's financial condition shall be presumed not sufficient to allow the CONTRACTOR to provide the services described herein in the manner required by TENNCARE if the CONTRACTOR can not demonstrate to TENNCARE's satisfaction that the CONTRACTOR has risk reserves and a minimum net worth sufficient to meet the statutory standards for licensed health maintenance organizations.

CONTRACTOR insolvency or the filing of a petition in bankruptcy by or against the CONTRACTOR shall constitute grounds for termination for cause. In the event of the filing of a petition in bankruptcy by or

against a principal subcontractor or provider or the insolvency of said subcontractor or provider, the CONTRACTOR shall immediately advise TENNCARE.

6-2.5 Termination by TENNCARE for Convenience

TENNCARE may terminate this Agreement for convenience and without cause upon thirty (30) days written notice. Said termination shall not be a breach of contract by TENNCARE and TENNCARE shall not be responsible to the CONTRACTOR or any other party for any costs, expenses, or damages occasioned by said termination, i.e., without penalty.

6-2.6 Termination Procedures

The party initiating the termination shall render written notice of termination to the other party by Certified Mail, Return Receipt Requested, or in person with proof of delivery. The notice of termination shall specify the provision of this Agreement giving the right to terminate, the circumstances giving rise to termination, and the date on which such termination shall become effective.

Upon receipt of notice of termination, and subject to the provisions of Section 6-2.6, on the date and to the extent specified in the notice of termination and as directed by the State, the CONTRACTOR shall:

1. Stop work under the Agreement, but not before the termination date;
2. Terminate all marketing procedures and subcontracts or provider agreements relating to marketing;
3. At the point of termination, assign to TENNCARE in the manner and extent directed by TENNCARE all the rights, title and interest of the CONTRACTOR for the performance of the subcontracts to be determined at need in which case TENNCARE shall have the right, in its discretion, to settle or pay any of the claims arising out of the termination of such agreements and subcontracts;
4. Complete the performance of such part shall have not been terminated under the notice of termination;
5. Take such action as may be necessary, or as a contracting officer may direct, for the protection of property related to this Agreement which is in possession of the CONTRACTOR and in which TENNCARE has or may acquire an interest;
6. Continue to submit invoices for the payment of medical services as specified in Section 5. One hundred eighty days after the Agreement ends, the CONTRACTOR shall reasonably estimate the amount of claims remaining to be paid for medical services provided during the Agreement period that were not reflected in the final invoice. If TENNCARE accepts the estimate as reasonable, TENNCARE will deposit that amount in an account for the purpose of paying run-out claims. TennCare will supplement the funding of the account as necessary to permit coverage of the remaining payable claims as needed;
7. In the event the Agreement is terminated by TENNCARE, the CONTRACTOR shall continue to serve or arrange for provision of services to the enrollees in the plan for up to forty-five (45) calendar days from the Agreement termination date or until the enrollees can be transferred to another health plan, whichever is longer. During this transition period, TENNCARE shall continue to pay the applicable administrative fee, medical payments and HMO payments as specified in Section 5 of this Agreement;

8. The CONTRACTOR shall promptly make available to TENNCARE, or another health plan acting on behalf of TENNCARE, any and all records, whether medical or financial, related to the CONTRACTOR's activities undertaken pursuant to this Agreement. Such records shall be in a usable form and shall be provided at no expense to TENNCARE;
9. The CONTRACTOR shall promptly supply all information necessary to TENNCARE or another health plan acting on behalf of TENNCARE for reimbursement of any outstanding claims at the time of termination;
10. Submit a termination plan to TENNCARE for review, which is subject to TENNCARE approval. This plan must, at a minimum, contain the provisions in Sections 11. through 16. below. The CONTRACTOR shall agree to make revisions to the plan as necessary in order to obtain approval by TENNCARE. Failure to submit a termination plan and obtain approval of the termination plan by TENNCARE shall result in the withhold of 25% of the CONTRACTOR's monthly administrative fee payment as described in Section 5;
11. Agree to maintain claims processing functions as necessary for a minimum of nine (9) months (or longer if it is likely there are additional claims outstanding) in order to complete adjudication of all claims. During this period, medical payments and HMO payments shall continue to be paid as specified in Section 5
12. Agree to comply with all duties and/or obligations incurred prior to the actual termination date of the Agreement, including but not limited to, the appeal process as described in Section 2-8;
13. The CONTRACTOR shall file all reports concerning the CONTRACTOR's operations during the term of the Agreement in the manner described in this Agreement;
14. The CONTRACTOR shall take whatever other actions are necessary in order to ensure the efficient and orderly transition of participants from coverage under this Agreement to coverage under any new arrangement developed by TENNCARE;
15. Upon expiration or termination of this Agreement, the CONTRACTOR shall submit reports to TENNCARE every thirty (30) calendar days detailing the CONTRACTOR's progress in completing its continuing obligations under this Agreement. The CONTRACTOR, upon completion of these continuing obligations, shall submit a final report to TENNCARE describing how the CONTRACTOR has completed its continuing obligations. TENNCARE shall within twenty (20) calendar days of receipt of this report advise in writing whether TENNCARE agrees that the CONTRACTOR has fulfilled its continuing obligations. If TENNCARE finds that the final report does not evidence that the CONTRACTOR has fulfilled its continuing obligations, then TENNCARE shall require the CONTRACTOR to submit a revised final report. TENNCARE shall in writing notify the CONTRACTOR once the CONTRACTOR has submitted a revised final report evidencing to the satisfaction of TENNCARE that the CONTRACTOR has fulfilled its continuing obligations; and
16. In order for a terminated or partially terminated CONTRACTOR to resume providing terminated services, said terminated CONTRACTOR shall execute an entirely new application to participate in the TennCare program and shall execute a new Agreement.

6-3 Errors

The CONTRACTOR is expected to prepare carefully all reports for submission to TENNCARE. If after preparation and submission, a CONTRACTOR error is discovered either by the CONTRACTOR or

TENNCARE, the CONTRACTOR has fifteen (15) calendar days, where practical, after written notification to correct the error and submit accurate reports and/or invoices. Similarly, errors on TENNCARE's part identified by the CONTRACTOR shall be corrected within fifteen (15) calendar days, where practical, of receipt of written notification by the CONTRACTOR.

6-4 Use of Data

TENNCARE shall have unlimited but not exclusive rights to use, disclose, or duplicate, for any purpose whatsoever, all information and data developed, derived, documented, or furnished by the CONTRACTOR resulting from this Agreement. However, TENNCARE shall not disclose proprietary information that is afforded confidential status by state or federal law.

6-5 Waiver

No covenant, condition, duty, obligation, or undertaking contained in or made a part of this Agreement may be waived except by written agreement of the Agreement signatories or in the event the signatory for a party is no longer empowered to sign such Agreement, the signatory's replacement, and forbearance, forgiveness, or indulgence in any other form or manner by either party in any regard whatsoever shall not constitute a waiver of the covenant, condition, duty, obligation, or undertaking to be kept, performed, or discharged by the party to which the same may apply. Until complete performance or satisfaction of all such covenants, conditions, duties, obligations, or undertakings, the other party shall have the right to invoke any remedy available under law or equity notwithstanding any such forbearance, forgiveness or indulgence.

6-6 Agreement Variation

If any provision of this Agreement (including items incorporated by reference) is declared or found to be illegal, unenforceable, or void, then both TENNCARE and the CONTRACTOR shall be relieved of all obligation arising under such provisions. If the remainder of the Agreement is capable of performance, it shall not be affected by such declaration of finding and shall be fully performed. In addition, if the laws or regulations governing this Agreement should be amended or judicially interpreted as to render the fulfillment of the Agreement impossible or economically unfeasible, both TENNCARE and the CONTRACTOR will be discharged from further obligations created under the terms of the Agreement.

6-7 Conflict of Interest

The CONTRACTOR warrants that no part of the total Agreement amount provided herein shall be paid directly or indirectly to any officer or employee of the State of Tennessee as wages, compensation, or gifts in exchange for acting as officer, agent, employee, subcontractor, or consultant to the CONTRACTOR in connection with any work contemplated or performed relative to this Agreement unless otherwise authorized by the Commissioner, Tennessee Department of Finance and Administration.

This Agreement may be terminated by TENNCARE if it is determined that the CONTRACTOR, its agents or employees offered or gave gratuities of any kind to any officials or employees of the State of Tennessee. The CONTRACTOR certifies that no member of or delegate of Congress, the General Accounting Office, DHHS, HCFA or any other federal agency has or will benefit financially or materially from this Agreement.

The CONTRACTOR shall include the substance of this clause in all subcontracts and provider agreements.

6-8 Failure to Meet Agreement Requirements

It is acknowledged by TENNCARE and the CONTRACTOR that in the event of failure to meet the requirements provided in this Agreement and all documents incorporated herein, TENNCARE will be harmed. The actual damages that TENNCARE will sustain in the event of and by reason of such failure are uncertain and are extremely difficult and impractical to ascertain and determine. The parties therefore acknowledge that the CONTRACTOR shall be subject to damages and/or sanctions as described below. It is further agreed that the CONTRACTOR shall pay TENNCARE liquidated damages as directed by TENNCARE and not to exceed the fixed amount as stated below; provided however, that if it is finally determined that the CONTRACTOR would have been able to meet the Agreement requirements listed below but for TENNCARE's failure to perform as provided in this Agreement, the CONTRACTOR shall not be liable for damages resulting directly there from.

6-8.1 Intermediate Sanctions

TENNCARE may impose any or all of the sanctions as described in Section 6 upon TENNCARE's reasonable determination that the CONTRACTOR fails to comply with any corrective action plan (CAP) as described under Section 2-16 or is otherwise deficient in the performance of its obligations under the Agreement, provided, however, that TENNCARE only impose those sanctions it determines to be appropriate for the deficiencies identified. TENNCARE may impose intermediate sanctions on the CONTRACTOR simultaneously with the development and implementation of a corrective action plan if the deficiencies are severe or numerous.

Intermediate sanctions may include:

1. application of liquidated damages as described in Section 6-2;
2. suspension of enrollment in the CONTRACTOR's MCO as described in Section 2-16;
3. disenrollment of enrollees as described in Section 2-22 and 4; or
4. limitation of the CONTRACTOR's Service Area as described in Section 2-22 and 4.

6-8.2 Liquidated Damages

6-8.2.1 Reports and Deliverables

For each day that a report or deliverable is late, incorrect, or deficient, the CONTRACTOR shall be liable to TENNCARE for liquidated damages in the amount of \$100 per work day per report or deliverable. Liquidated damages for late reports shall begin on the first day the report is late. Liquidated damages for incorrect reports (except ad hoc or on-request reports involving provider network information), or deficient deliverables shall begin on the sixteenth day after notice is provided from TENNCARE to the CONTRACTOR that the report remains incorrect or the deliverables remain deficient; provided, however, that it is reasonable to correct the report or deliverable within fifteen (15) calendar days. For the purposes of ad hoc or on-request reports involving provider network information, liquidated damages for incorrect reports shall begin on the first day the report is determined by TENNCARE to be incorrect. For the purposes of determining liquidated damages in accordance with this Section, reports or deliverables are due in accordance with the following schedule, unless otherwise specified elsewhere in this Agreement:

DELIVERABLES	DATE AGREED UPON BY THE PARTIES
Daily Reports	Within two (2) working days.

Weekly Reports	Wednesday of the following week.
Monthly Reports	20th of the following month.
Quarterly Reports, excluding SURS	30th of the following month.
Annual Reports	Ninety (90) calendar days after the end of the year.
On Request Reports	Within three (3) working days from the date of request when reasonable unless otherwise specified by TENNCARE.
Ad Hoc Reports	Within ten (10) working days from the date of the request when reasonable unless otherwise specified by TENNCARE.

6-8.2.2 Program Issues

Liquidated damages for failure to perform specific responsibilities as described in this Agreement are shown below. Damages are grouped into three categories: **Class A** violations, **Class B** violations, and **Class C** violations.

Class A violations are those which pose a significant threat to patient care or to the continued viability of the TENNCARE program.

Class B violations are those with pose threats to the integrity of the TENNCARE program, but which do not necessarily imperil patient care.

Class C violations are those which represent threats to the smooth and efficient operation of the TENNCARE program but which do not imperil patient care or the integrity of the TENNCARE program.

CLASS	PROGRAM ISSUES	DAMAGE
A.1	Failure to comply with claims processing as described in Section 2-9.7 of this Agreement	\$10,000 per month, for each month that TENNCARE determines that the CONTRACTOR is not in compliance with the requirements of Section 2-9.7 of this Agreement.
A.2	Failure to respond to a request by DCS or TENNCARE to provide service(s) to a child in DCS custody or at risk of entering DCS custody as described in Section 3 of this Agreement	\$1000 per occurrence
A.3	Failure to comply with obligations and timeframes in the delivery of EPSDT screens and related services	\$1000 per occurrence
A.4	Denial of a request for services to a child in DCS custody or at risk of entering	\$1000 per occurrence

	DCS custody when the services have been reviewed and authorized by the TENNCARE Chief Medical Officer	
A.5	Failure to provide a service or make payments for a service within five (5) calendar days of a reasonable and appropriate directive from TENNCARE to do so or within a longer period of time which has been approved by TENNCARE upon a plan's demonstration of good cause.	\$500 per day beginning on the next calendar day after default by the plan.
A.6	Failure to comply with this Agreement and federal rules/law regarding Sterilizations/Abortions/ Hysterectomies as outlined in Section 2-3.11 of this Agreement	\$500 per violation or the actual amount of the federal penalty created by this violation, whichever is greater.
A.7	Failure to provide a two (2) week supply of prescribed medication in accordance with Section 2-3.13 of this Agreement and the TennCare Rules and Regulations	\$100 per occurrence, and due immediately, upon notification by TENNCARE for each occurrence that TENNCARE determines that the requirements in this provision have not been met.
A.8	Failure to provide coverage for prenatal care without a delay in care and in accordance with the terms of this Agreement	\$500 per day, per occurrence, for each day that care is not provided in accordance with the terms of this Agreement.
A.9	Services wrongfully withheld where enrollee was not receiving the service and the enrollee went without coverage of the disputed service while an appeal on the service was pending.	\$1,000 per occurrence
A.10	Failure to comply with the notice requirements of the TENNCARE rules and regulations or any subsequent amendments thereto, and all court orders governing appeal procedures, as they become effective.	\$500 per calendar day for each day beyond the required time frame that the appeal is unanswered in each and every aspect and/or each day the appeal is not handled according to the provisions set forth by this Agreement or required by TENNCARE
A.11	Failure to provide continuation or restoration of services where enrollee was receiving the service as required by the TENNCARE rules or any subsequent amendments thereto, all applicable state or federal law, and all court orders governing appeal procedures as they become effective.	\$500 per occurrence.
A.12	Failure to forward an expedited appeal to TENNCARE in twenty-four (24) hours or a standard appeal in five (5) days.	\$500 per calendar day.

B.1	Failure to report Specialty listings to PCP providers as required by this Agreement	\$500 per calendar day.
B.2	Failure to complete or comply with corrective action plans as required by TENNCARE	\$500 per calendar day for each day the corrective action is not completed or complied with as required.
C.1	Employment of licensed personnel	\$250 per calendar day for each day that personnel are not licensed as required by applicable state law and/or regulations.
C.2	Failure to comply in any way with staffing requirements as described in Section 2-9 of this Agreement	\$250 per calendar day for each day that staffing requirements as described in Section 2-9 of this Agreement are not met.
C.3	Failure to report provider notice of termination of participation in the CONTRACTOR's plan	\$200 per day.

6-8.2.3 *Payment of Liquidated Damages*

It is further agreed by TENNCARE and the CONTRACTOR that any liquidated damages assessed by TENNCARE shall be due and payable to TENNCARE within thirty (30) calendar days after CONTRACTOR receipt of the notice of damages and if payment is not made by the due date, said liquidated damages may be withheld from future administrative payments by TENNCARE without further notice. It is agreed by TENNCARE and the CONTRACTOR that the collection of liquidated damages by TENNCARE shall be made without regard to any appeal rights the CONTRACTOR may have pursuant to this Agreement; however, in the event an appeal by the CONTRACTOR results in a decision in favor of the CONTRACTOR, any such funds withheld by TENNCARE will be immediately returned to the CONTRACTOR. Any cure periods referenced in this Agreement shall not apply to the liquidated damages described in this Section. With respect to Class B and Class C violations, the due dates mentioned above may be delayed if the CONTRACTOR can show good cause as to why a delay should be granted. TENNCARE has sole discretion in determining whether good cause exists for delaying the due dates.

Liquidated damages as described in Section 6.7.2 shall not be passed to a provider and/or subcontractor unless the damage was caused due to an action or inaction of the provider and/or subcontractor. Nothing described herein shall prohibit a provider and/or a subcontractor from seeking judgement before an appropriate court in situations where it is unclear that the provider and/or the subcontractor caused the damage by an action or inaction.

All liquidated damages imposed pursuant to this Agreement, whether paid or due, shall be paid by the CONTRACTOR out of administrative and management costs and profits.

6-9 **Amendments**

This Agreement may be amended at anytime as provided in this paragraph. This Agreement shall be amended automatically without action by the parties whenever required by changes in state and federal law or regulations. In the event of a Partial Default, the Agreement shall be amended automatically to conform with written notices from TENNCARE of the CONTRACTOR regarding the effect of the Partial Default upon this Agreement. No other modification or change of any provision of the Agreement shall be made or

construed to have been made unless such modification is mutually agreed to in writing by the CONTRACTOR and TENNCARE and incorporated as a written amendment to this Agreement prior to the effective date of such modification or change.

6-10 Titles

Titles of paragraphs used herein are for the purpose of facilitating use or reference only and shall not be construed to infer a contractual construction of language.

6-11 Offer of Gratuities

By signing this Agreement, the CONTRACTOR signifies that no member of or a delegate of Congress, nor any elected or appointed official or employee of the State of Tennessee, the General Accounting Office, Department of Health and Human Services, HCFA, or any other federal agency has or will benefit financially or materially from this procurement. This Agreement may be terminated by TENNCARE if it is determined that gratuities of any kind were offered to or received by any of the aforementioned officials or employees from the CONTRACTOR, his agent, or employees.

6-12 Inspection of Work Performed

TENNCARE or its authorized representative shall, at all reasonable times, have the right to enter into the CONTRACTOR's premises, or such other places where duties of this Agreement are being performed, to inspect, monitor, or otherwise evaluate including periodic audits of the work being performed. The CONTRACTOR and all other subcontractors or providers must supply reasonable access to all facilities and assistance for TENNCARE's representatives. All inspections and evaluations shall be performed in such a manner as to minimize disruption of normal business.

6-13 Attorney's Fees

In the event that either party deems it necessary to take legal action to enforce any provision of this Agreement, and TENNCARE prevails, the CONTRACTOR agrees to pay all expenses of such action, including attorney's fees and cost of all state litigation as may be set by the court or hearing officer. Legal actions are defined to include administrative proceedings.

6-14 Court of Jurisdiction or Venue

For purposes of any legal action occurring as a result of or under this Agreement between the CONTRACTOR and TENNCARE, the place of proper venue shall be Davidson County, Tennessee.

6-15 Assignment

This Agreement and the monies that may become due hereunder are not assignable by the CONTRACTOR except with the prior written approval of TENNCARE.

6-16 Independent Contractor

It is expressly agreed that the CONTRACTOR and any subcontractors or providers, and agents, officers, and employees of the CONTRACTOR or any subcontractors or providers, in the performance of this Agreement shall act in an independent capacity and not as agents, officers and employees of TENNCARE or the State of Tennessee. It is further expressly agreed that this Agreement shall not be construed as a partnership or joint venture between the CONTRACTOR or any subcontractor or provider and TENNCARE and the State of Tennessee.

6-17 Force Majeure

TENNCARE shall not be liable for any excess administrative cost to the CONTRACTOR for TENNCARE's failure to perform the duties required by this Agreement if such failure arises out of causes beyond the control and without the result of fault or negligence on the part of TENNCARE. In all cases, the failure to perform must be beyond the control without the fault or negligence of TENNCARE. The CONTRACTOR shall not be liable for performance of the duties and responsibilities of this Agreement when its ability to perform is prevented by causes beyond its control. These acts must occur without the fault or negligence of the CONTRACTOR. Such acts include destruction of the facilities due to hurricanes, fires, war, riots, and other similar acts. However, in the event of damage to its facilities, the CONTRACTOR will be responsible for insuring swift correction of the problem so as to enable it to continue its responsibility for the delivery of health care. The failure of the CONTRACTOR's fiscal intermediary to perform any requirements of this Agreement shall not be considered a 'force majeure'.

6-18 Disputes

Any claim by the CONTRACTOR against TENNCARE arising out of the breach of this Agreement shall be handled in accordance with the provision of T.C.A. Section 9-8-301, et. seq. Provided, however, the CONTRACTOR agrees that the CONTRACTOR shall give notice to TENNCARE of its claim thirty (30) calendar days prior to filing the claim in accordance with T.C.A. Section 9-8-301, et. seq.

6-19 Indemnification

The CONTRACTOR shall indemnify and hold harmless the State as well as its officers, agents, and employees (hereinafter the "Indemnified Parties") from all claims, losses or suits incurred by or brought against the Indemnified Parties as a result of the failure of the CONTRACTOR to comply with the terms of this Agreement. The State shall give the CONTRACTOR written notice of each such claim or suit and full right and opportunity to conduct CONTRACTOR's own defense thereof, together with full information and all reasonable cooperation; but the State does not hereby accord to the CONTRACTOR, through its attorneys, any right(s) to represent the State of Tennessee in any legal matter, such right being governed by T.C.A. Section 8-6-106.

The CONTRACTOR shall indemnify and hold harmless the Indemnified Parties as well as their officers, agents, and employees from all claims or suits which may be brought against the Indemnified Parties for infringement of any laws regarding patents or copy rights which may arise from the CONTRACTOR's or Indemnified Parties performance under this Agreement. In any such action, brought against the Indemnified Parties, the CONTRACTOR shall satisfy and indemnify the Indemnified Parties for the amount of any final judgment for infringement. The State shall give the CONTRACTOR written notice of each such claim or suit and full right and opportunity to conduct the CONTRACTOR's own defense thereof, together with full information and all reasonable cooperation; but the State does not hereby accord to the CONTRACTOR, through its attorneys, any right(s) to represent the State of Tennessee in any legal matter, such right being governed by T.C.A. Section 8-6-106.

While the State will not provide a contractual indemnification to the CONTRACTOR, such shall not act as a waiver or limitation of any liability for which the State may otherwise be legally responsible to the CONTRACTOR. The CONTRACTOR retains all of its rights to seek legal remedies against the State for losses the CONTRACTOR may incur in connection with the furnishing of services under this Agreement or the failure of the State to meet its obligations under the Agreement.

6-20 Non-Discrimination

No person on the grounds of handicap, and/or disability, age, race, color, religion, sex, or national origin, shall be excluded from participation in, except as specified in Section 2 of this Agreement, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this Agreement or in the employment practices of the CONTRACTOR. The CONTRACTOR shall upon request show proof of such non-discrimination, and shall post in conspicuous places, available to all employees and applicants, notices of non-discrimination.

6-21 Confidentiality of Information

The CONTRACTOR shall assure that all material and information, in particular information relating to enrollees or potential enrollees, which is provided to or obtained by or through the CONTRACTOR's performance under this Agreement, whether verbal, written, tape, or otherwise, shall be reported as confidential information to the extent confidential treatment is provided under state and federal laws. The CONTRACTOR shall not use any information so obtained in any manner except as necessary for the proper discharge of its obligations and securement of its rights under this Agreement.

All information as to personal facts and circumstances concerning enrollees or potential enrollees obtained by the CONTRACTOR shall be treated as privileged communications, shall be held confidential, and shall not be divulged without the written consent of TENNCARE or the enrollee/potential enrollee, provided that nothing stated herein shall prohibit the disclosure of information in summary, statistical, or other form which does not identify particular individuals. The use or disclosure of information concerning enrollees/potential enrollees shall be limited to purposes directly connected with the administration of this Agreement.

6-22 Actions Taken by the Tennessee Department of Commerce and Insurance

The parties acknowledge that the CONTRACTOR is licensed to operate as a health maintenance organization in the State of Tennessee, and is subject to regulation and supervision by the Tennessee Department of Commerce and Insurance. The parties acknowledge that no action by the Department of Commerce and Insurance to regulate the activities of the CONTRACTOR as a health maintenance organization, including, but not limited to, examination, entry of a remedial order pursuant to T.C.A. Section 56-9-101, *et seq.*, and regulations promulgated thereunder, supervision, or institution of delinquency proceedings under state law, shall constitute a breach of this Agreement by TENNCARE.

6-23 Effect of the Federal Waiver on this Agreement

The provisions of this Agreement are subject to the receipt of and continuation of a federal waiver granted to the State of Tennessee by the Health Care Financing Administration, U.S. Department of Health and Human Services. Should the waiver cease to be effective, the State shall have the right to immediately terminate this Agreement. Said termination shall not be a breach of this Agreement by TENNCARE and

TENNCARE shall not be responsible to the CONTRACTOR or any other party for any costs, expenses, or damages occasioned by said termination.

6-24 TENNCARE Financial Responsibility

Notwithstanding any provision which may be contained herein to the contrary, TENNCARE shall be responsible solely to the CONTRACTOR for the amount described herein and in no event shall TENNCARE be responsible, either directly or indirectly, to any subcontractor or any other party who may provide the services described herein.

6-25 Records

The CONTRACTOR shall maintain documentation for all charges against the State under this Contract. The books records, and documents of the CONTRACTOR, insofar as they relate to work performed or money received under this contract, shall be maintained for a period of three (3) full years from the date of the final payment and shall be subject to audit at any reasonable time and upon reasonable notice by the state. Financial statements shall be prepared in accordance with Generally Accepted Accounting Practices.

6-26 Contract Term of The Agreement

This Agreement and its incorporated attachments, if any, as well as all Amendments to this Agreement, contain all of the terms and conditions agreed upon by the parties, and when executed by all parties, supersedes any prior agreements. Unless a provision contained in this Amendment specifically indicates a different effective date, for purposes of the provisions contained herein, this Amendment shall be in effect from July 1, 2001, subject to approval by the U.S. Department of Health and Human Services, Health Care Financing Administration. The term of this Agreement shall expire on December 31, 2002.

Notwithstanding any provision herein to the contrary, the State may terminate this Agreement if the waiver governing TennCare is terminated. The documents referenced in the Agreement are on file with the CONTRACTOR and with TENNCARE and the CONTRACTOR is aware of their content. No other agreement, oral or otherwise regarding the subject matter of this Agreement, shall be deemed to exist or to bind any of the parties hereto.

6-27 Performance Guarantees

The CONTRACTOR agrees TennCare may assess the penalties specified below upon a finding that the CONTRACTOR is out of compliance with the performance guarantees identified below for the duration of this Agreement.

Claims Payment Accuracy

Guarantee	Average monthly payment accuracy will be 97% or higher on initial processing.
Definition	Number of claims paid accurately upon initial submission divided by the total number of claims.
Penalty	\$5,000 for each full percentage point accuracy is below 97% for each quarter.
Monitoring Tool	Internal audit conducted on statistically valid random sample on a quarterly basis.

Telephone Response Time

Guarantee	Calls not answered shall be less than 5% of total calls.
Definition	Percent of calls not answered; callers hang up while in queue.
Penalty	\$25,000 for each full percentage point over the Guarantee on a quarterly basis, except when substantial changes in call volume tied to mass mailings sent from TennCare.
Monitoring Tool	Weekly Activity Report

Identification Card Distribution

Guarantee	Member ID cards distributed to 100% of enrollees within 30 days of receipt of notice of enrollment.
Definition	Post mark date plus 5 days.
Penalty	\$25,000 per open enrollment period in which the standard is not meet.
Monitoring Tool	Measured, reported and reconciled annually

Focused Studies

Guarantee	Timely completion of all required focused studies as specified in Attachment II.
Definition	As defined in Attachment II.
Penalty	\$25,000 for failure to complete or untimely completion of focused studies.
Monitoring Tool	EQRO annual report

EPSDT

Guarantee	10 percentage point improvement over average MCO fiscal year 2000 APSP screening rate for SSI children; and 10 percentage point improvement over average fiscal year 2000 APSP EPSDT screening rate for all other children (not applicable to Revised Remedial Plan population).
Definition	The percentage of eligible children who receive complete EPSDT screens in a year. This percentage is calculated by multiplying (1) the annual percentage of children who receive a screening by (2) the percentage of the required seven components that are contained in a statistically valid sample of EPSDT screens.
Penalty	\$10,000 for each full percentage point below the required increase.
Monitoring Tool	Screening rate measured and reported annually. Results of independent medical chart review conducted by an entity designated by the state applied to calculate APSP.

TPL Recoveries

Guarantee	The CONTRACTOR shall make all reasonable efforts to produce third party liability recoveries of at least three percent (3%) of paid claims per fiscal year for Medicaid eligibles and at least four percent of claims paid (4%) per fiscal year for Disabled eligibles.
Definition	Any amount due for all or part of the cost of medical care from a third party (excluding enrollee cost-sharing).
Penalty	Not applicable.
Monitoring Tool	Measured, reported and reconciled as of June 30, 2002 and as of December 31, 2002.

7 STATE RESPONSIBILITIES

7-1 General Responsibilities

TENNCARE shall be responsible for management of this Agreement. Management shall be conducted in good faith with the best interest of the State and the citizens it serves being the prime consideration. Management of TennCare shall be conducted in a manner consistent with simplicity of administration and the best interests of enrollees, as required by 42 U.S.C. Section 1396a(a)(19).

The State shall review and may require modifications to all policies related to the implementation of this Agreement. Should the CONTRACTOR have a question on policy determinations, benefits, or operating guidelines required for proper performance of the Contractor's responsibilities, the CONTRACTOR shall request a determination in writing. The State will then respond in writing making a determination within thirty (30) days. The CONTRACTOR shall then act in accordance with such policy determinations and/or operating guidelines.

7-2 Eligibility Determination

The State shall have sole responsibility for determining the eligibility of an individual for TennCare funded services. Nonetheless the CONTRACTOR shall not cause to be submitted to TENNCARE applications for enrollment for persons that the CONTRACTOR knew or reasonably should have known were ineligible pursuant to Section 4 of this Agreement.

The State shall provide eligibility records. These records shall include changes in enrollee's status. The CONTRACTOR's computer system shall be compatible or have the capability to utilize the eligibility information provided by the State.

7-3 Approval Process

At any time that approval of TENNCARE is required in this Agreement, such approval shall not be considered granted unless TENNCARE issues its approval in writing. Should TENNCARE not respond in the required amount of time, as set forth in Attachment I, the CONTRACTOR shall not be penalized as a result of implementing the item awaiting approval. However, failure by TENNCARE to assess liquidated damages or penalties shall not preclude TENNCARE from requiring the CONTRACTOR to rescind or modify the "item" if it is determined by TENNCARE to be in the best interest of the TennCare program. Material requiring TENNCARE approval includes, at a minimum, the following:

- a. Fraud and Abuse Compliance Plan;
- b. Provider network;
- c. Marketing and/or enrollee plans, materials and all related materials to be used in soliciting enrollment, educating or communicating with existing enrollees;
- d. Drug formulary and all subsequent changes (applicable only if a closed formulary);
- e. Subcontracts;
- f. Indemnity language in provider agreements if different than standard indemnity language found in Section 6-18 of this Agreement;

- g. Quality Monitoring/Quality Improvement procedures;
- h. Insurance and bonding plans;
- i. Alternative method of pharmacy restriction procedures for pharmacy abusers;
- j. MCO/BHO Coordination Agreement;
- k. Medical management policies and procedures, as requested; and
- l. Termination Plan.

7-4 Interpretations

Any dispute between the CONTRACTOR and TENNCARE concerning the clarification, interpretation and application of all federal and state laws and regulations governing or in any way affecting this Agreement shall be determined by TENNCARE. When a clarification, interpretation and application is required, the CONTRACTOR will submit written requests to TENNCARE. TENNCARE will contact the appropriate agencies in responding to the request by submitting the written request to the agency within thirty (30) days after receiving that request from the CONTRACTOR. Any clarifications received pursuant to requests for clarification or interpretation shall be forwarded upon receipt to the CONTRACTOR. Nothing in this Section shall be construed as a waiver by the CONTRACTOR of any legal right it may have to contest the findings of either the state or federal governments or both as they relate to the clarification, interpretation and application of statute, regulation, and/or policy.

7-5 Facility Inspection

TENNCARE, the Health Care Financing Administration, or their agents may conduct on-site inspections of all health facilities and service delivery sites to be utilized by the CONTRACTOR in fulfilling the obligations under this Agreement. Inspections may be made at anytime during the Agreement period and without prior notice.

7-6 Monitoring

TENNCARE, in its daily activities, shall monitor various aspects of the CONTRACTOR's health plan for compliance with the provisions of this Agreement. Further, TENNCARE, the Health Care Financing Administration, or their agents shall at least annually monitor the operation of the CONTRACTOR for compliance with the provisions of this Agreement and applicable federal and state laws and regulations. Such monitoring activities shall include, but are not limited to, inspection of CONTRACTOR's facilities, auditing and/or review of all records developed under this Agreement including periodic medical audits, appeals, enrollments, disenrollments, termination, utilization and financial records, reviewing management systems and procedures developed under this Agreement and review of any other areas or materials relevant to or pertaining to this Agreement. Because of the importance of having accurate service utilization data for program management, utilization review and evaluation purposes, emphasis will be placed on case record validation during periodic monitoring visits to project sites. TENNCARE shall prepare a report of its findings and recommendations and require the CONTRACTOR to develop corrective action plans as appropriate.

7-7 Enrollment, Disenrollment and Eligibility Verification

TENNCARE shall be responsible for the receipt of applications for TennCare eligibility, verification of the data contained on the application, determination of the applicability of cost sharing amounts and collection of applicable premiums. TENNCARE shall also be responsible for enrollment of eligible persons in the CONTRACTOR'S plan and for disenrollment of ineligible persons from the CONTRACTOR'S plan. TENNCARE will arrange for the CONTRACTOR to have updated eligibility information in the form of on-line computer access and will notify the CONTRACTOR when TENNCARE determines that an enrollee has moved. TENNCARE may provide the CONTRACTOR with a report containing enrollees for whom TENNCARE has been unable to locate or verify various types of pertinent information. Upon receipt of this report, the CONTRACTOR shall provide TENNCARE with any information that is known by the CONTRACTOR that may affect an enrollee's TennCare eligibility and/or cost sharing responsibilities including changes in income, family size, access to health insurance, proof of uninsurability, including limited coverage and exclusionary riders to policies, change of residence or residence outside the State of Tennessee.

TENNCARE shall not enroll applicants as the result of enrollment applications submitted by a CONTRACTOR or anyone acting on its behalf.

In accordance with Section 2-22 of this Agreement, TENNCARE has authorized the CONTRACTOR to serve one or more community service areas within a Grand Region. TENNCARE shall maintain the flexibility to freeze enrollment, or begin disenrollment in one or more area(s) of the CONTRACTOR's plan if TENNCARE determines it to be in the best interest of enrollees, the CONTRACTOR's plan and/or the TennCare program. However, during such periods that TENNCARE has suspended enrollment in an area(s), TENNCARE shall maintain the flexibility to allow enrollees to continue to be enrolled in such areas when; 1) the enrollee is a member of the same household that is currently in the CONTRACTOR's plan, 2) it is determined necessary by TENNCARE due to an emergent or hardship case, or 3) the enrollee had requested enrollment in the CONTRACTOR's plan prior to closure of additional enrollment.

7-8 Appeal

Enrollees may request state level review of adverse cost-sharing enrollment and financial obligation related decisions to TENNCARE. The state level review will be conducted in accordance with the TENNCARE rules and regulations. The CONTRACTOR is bound by the state level decision.

7-9 Technical Assistance

Technical assistance shall be provided to the CONTRACTOR when deemed appropriate by TENNCARE. Technical assistance shall be provided to the CONTRACTOR when deemed appropriate by TENNCARE. Refer to Section 2-9 Part a Subpart 10 regarding TAGS.

7-10 Payments to the CONTRACTOR

The State shall pay the CONTRACTOR as specified in Section 6 of this Agreement.

7-10.1 Effect of Disenrollment on Administrative Fee Payments

Payment of the administrative fee shall cease effective the date of disenrollment and the CONTRACTOR shall have no further responsibility for the care of the enrollee. Except for situations involving enrollment obtained by fraudulent applications or death, disenrollment from TennCare shall not be made retroactively.

The CONTRACTOR shall not be required to refund any administrative fee amounts legitimately paid pursuant to this Agreement. In the case of fraudulent, misrepresented or deceptive applications submitted by the enrollee, the CONTRACTOR, at its discretion, may refund to TENNCARE all administrative fee payments made on behalf of persons who obtained enrollment in TennCare through such means and the CONTRACTOR may pursue full restitution for all payments made for medical care while the person was inappropriately enrolled in the CONTRACTOR's plan. In the event of enrollment obtained by fraud, misrepresentation or deception of individuals by the CONTRACTOR's staff, officers, employees, providers, volunteers, subcontractors, or anyone acting for or on behalf of the CONTRACTOR, TENNCARE may retroactively recover administrative fee payments, medical services payments plus interest as allowed by TCA 47-14-103, and HMO payments and any other monies paid to any CONTRACTOR for the enrollment of that individual. The refund of administrative fee and medical services payments plus interest and HMO payments will not preclude the State from exercising its right to criminal prosecution, civil penalties, trebled *damages and/or other remedial measures*.

7-11 Services Provided by TennCare

TennCare shall be responsible for the payment of the following services:

- a. For qualified individuals in accordance with TennCare policies and/or TennCare rules and regulations, costs of long term care institutional services in a nursing home, or an Intermediate Care Facility for the Mentally Retarded (ICF/MR) or waiver-covered services provided through the Home and Community Based Services (HCBS) waivers, with the exception of the first one hundred (100) days of convalescent care, as described in Section 2-3.1 and 2-3.7 of this Agreement;
- b. Medicare buy-in premiums, Medicare deductibles and Medicare coinsurance amounts for enrollees who are dually eligible for Medicare and Medicaid; and
- c. Pharmacy Benefits for Medicare and TennCare dual eligibles after TENNCARE has notified the CONTRACTOR through the regular electronic eligibility update that these individuals are eligible in the TennCare/Medicare dual eligible category.

7-12 Program Information

Upon request, TENNCARE shall provide the CONTRACTOR complete and current information with respect to pertinent statutes, regulations, rules, policies, procedures, and guidelines affecting the CONTRACTOR's operation pursuant to this Agreement.

7-13 Pharmacy Encounter Data

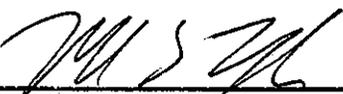

The TENNCARE Bureau will provide to each MCO, monthly pharmacy encounter data for all the MCO's enrollees whose claims are the financial responsibility of TENNCARE, including TennCare/Medicare enrollees assigned to the MCO to the extent allowed by state and federal law. This data exchange will allow the MCO's to integrate this information into their case management and medical management systems to improve the quality of care for TennCare enrollees.

7-14 Exigency Extension

In the event of delay in the procurement for an Administrator to assume the responsibilities specified in this Agreement as of January 1, 2003, the CONTRACTOR agrees to continue services for TennCare for three months. Subsequently, if the issue resulting in a delay has not been resolved or in the event of a procurement failure, the CONTRACTOR agrees to continue services for an additional nine months. Thirty (30) days notice shall be given by the Department before either option is exercised. During any period of exigency, the penalties specified at Sections 3-1.9 and 6-27 shall not be applied. TennCare shall reimburse the CONTRACTOR during exigency period at the established administrative fee in effect during the last six (6) months of this Agreement plus an inflation factor consistent with previous increases.

ATTACHMENTS

ATTACHMENT I - DELIVERABLE REQUIREMENTS

ATTACHMENT I

Deliverable Requirements

The CONTRACTOR and TENNCARE are responsible for complying with all the deliverable requirements established by the parties. Both parties are responsible for assuring the accuracy and completeness of all deliverables as well as the timely submission of each deliverable. Both parties will agree to the appropriate deliverable instructions, submission timetables, and technical assistance as required.

I. Items requiring prior approval by TENNCARE

- | | | |
|----|---|--|
| A. | Fraud and Abuse Compliance Plan | TENNCARE has thirty (30) calendar days to respond |
| B. | Provider Network | TENNCARE has thirty (30) calendar days to respond |
| C. | Marketing/Enrollee Materials and/or Plans | TENNCARE has fifteen (15) calendar days to respond |
| D. | Drug Formulary (if closed) | TENNCARE has thirty (30) calendar days to respond |
| E. | Subcontracts | TENNCARE has thirty (30) calendar days to respond |
| F. | Indemnity language in provider agreements if different than standard indemnity language | TENNCARE has fifteen (15) calendar days to respond |
| G. | Quality Monitoring/Quality Improvement Process | TENNCARE has thirty (30) calendar days to respond |
| H. | Insurance and Bonding Plans | TENNCARE has fifteen (15) calendar days to respond |
| I. | Alternative method of pharmacy restriction procedures for Pharmacy Abusers | TENNCARE has fifteen (15) calendar days to respond |
| J. | MCO/BHO Coordination Agreement | TENNCARE has thirty (30) calendar days to respond |
| K. | Medical Management Policies and Procedures | TENNCARE has thirty (30) calendar days to respond |
| L. | Termination Plan | TENNCARE has thirty (30) calendar days to respond |

II. Deliverables which are the responsibility of the CONTRACTOR

- | | | |
|----|--|---|
| A. | Listing of referral providers in accordance with Section 2-4.4 | Due to providers within thirty (30) calendar days following the execution of this Agreement and quarterly thereafter on a calendar year schedule. Proof of compliance shall be sent to the Office of Contract Development and Compliance by the 30 th of the month following each quarter. |
|----|--|---|

- | | | |
|----|---|--|
| B. | FQHC Reporting in accordance with 2-4.9.1 and 2-10.12 | Due January 1 of each year to Office of Contract Development and Compliance |
| C. | Complete Drug Formulary; if CONTRACTOR utilizes a closed drug formulary, and a complete description of prior authorization criteria for each drug requiring prior authorization via electronic file in accordance with Section 3-13 | Due January 1 of each year to TENNCARE Pharmacy Director |
| D. | Quarterly Newsletter in accordance with Section 2-6.2 | Due quarterly, within one hundred twenty (120) calendar days of the prior quarters' newsletter to enrollees and to the Office of Contract Development and Compliance (10 copies) |
| E. | Reports of appeal and resolution in accordance with Section 2-8 and 2-10.13 | Quarterly, by the 30 th of the following month to the TennCare Solutions Unit Director |
| F. | Identify key staff contacts in accordance with Section 2-10.10.2 and 2-9.2 | Due within thirty (30) calendar days of Agreement execution and within ten (10) business days of any changes to the Office of Contract Development and Compliance |
| G. | Performance Indicator Reporting in accordance with Section 2-9.6.2 and 2-10.14.4 | Annually, within ninety (90) calendar days of the end of the calendar year to the Office of the TennCare Medical Director |
| H. | Weekly Claims Activity Reporting in accordance with Section 2-10.6 | Weekly, by Wednesday of the following week to the Department of Commerce and Insurance, TennCare Division |
| I. | Enrollee Information as described in Section 2-10.2.1 | Weekly, by Wednesday of the following week to TENNCARE, Information Systems Section |
| J. | Eligibility and Administrative Fee Payment reconciliation as described in Section 2-10.2.3 | Quarterly, by the 30 th of the following month to the TENNCARE Information Systems Section |
| K. | Enrollee Cost-Sharing in accordance with Section 2-10.2.4 | Quarterly, by the 30 th of the following month to TennCare Information Systems Section |
| L. | Provider Enrollment listing in accordance with Section 2-10.3.1 | Monthly, within five (5) working days following the end of the month, to the TennCare Information Systems Section |
| M. | Unduplicated listing of all providers and their unique identifying provider numbers cross-referenced to the Medicaid servicing provider number in accordance with Section 2-10.3.1 | Within ten (10) working days of a request by TENNCARE to the TennCare Information Systems Section |
| N. | Listing of Essential Hospital Providers in the MCO's provider network in accordance with Section 2-10.3.2 | Within sixty (60) calendar days of Agreement execution, thereafter by September 1 of each year |

O.	Listing of Specialty Physician Arrangements in accordance with Section 2-10.3.2	Within sixty (60) calendar days of Agreement execution, thereafter by September 1 of each year
P.	Reporting Other Insurance in accordance with Section 2-10.4	To be Determined
R.	Individual Encounter Reporting in accordance with 2-10.5	Monthly, by the 15 th of the following month, to TENNCARE, Information Systems Section
S.	Weekly Activity Reporting in accordance with Section 2-10.7	Weekly, by Wednesday of the following week to Office of Contract Development and Compliance
T.	Network Clearing House Reporting in accordance with Section 2-10.8	At TENNCARE's request
U.	Annual Report - Submitted on a form prescribed by the National Association of Insurance Commissioners in accordance with Section 2-10.9	Due on or before March 1 of each calendar year to The Department of Commerce and Insurance, TennCare Division
V.	Quarterly Financial Report - Submitted on a form prescribed by the National Association of Insurance Commissioners in accordance with Section 2-10.9	Due on or before June 1, September 1, and December 1 in accordance with Section 2-10.9 of this Agreement to be submitted to The Department of Commerce and Insurance, TennCare Division
W.	Audit of Business Transactions/ Audited Financial Statements in accordance with Section 2-10.9	Due on or before May 1 of each calendar year to The Department of Commerce and Insurance, TennCare Division
X.	Board of Directors in accordance with Section 2-10.10.3	At the beginning of the Agreement period and within ten (10) business days of a change to Office of Contract Development and Compliance
Y.	Cost and Utilization Summaries in accordance with 2-10.11	As specified at 2-10.11
Z.	QM Reports – Continuous Focused Studies in accordance with 2-10.14.1. and Attachment II	Within ninety (90) calendar days of the end of the calendar year to the Office of the TENNCARE Medical Director
AA.	QM Reports – Quarterly Focused Studies in accordance with 2-10.14.2 and Attachment II	Within thirty (30) calendar days of the end of the quarter to the Office of the TENNCARE Medical Director
BB.	QM Reports – Continuity of Care Reporting in accordance with 2-10.14.3 and Attachment II	Within thirty (30) calendar days of the end of the quarter to the Office of the TENNCARE Medical Director
CC.	All required QM/QI reports in accordance with 2-10 and Attachment II	As specified, to the office of the TENNCARE Medical Director
DD.	Written plan of changes resulting from monitoring and audit in accordance with Section 2-16	Within fifteen (15) working days after receipt of notice of deficiencies to the Office of Contract Development and Compliance

EE.	Ownership and Financial Disclosure in accordance with Section 2-21	With Agreement, and annually thereafter by March 1 of every year to the Office of Contract Development and Compliance
FF.	Significant business transaction in accordance with Section 2-21	Upon Occurrence to the Department of Commerce and Insurance, TennCare Division
GG.	Annual submission of personnel/ operational policies that emphasize non-discrimination in hiring, promotional and contracting processes as described in Section 2-24	Annually, within ninety (90) calendar days after the end of the year to the Title VI compliance officer
HH.	Quarterly listing of complaints/ appeals filed alleging discrimination as described in Section 2-24	Quarterly, by the 30 th of the following month to the Title VI compliance officer
II.	Quarterly listing of supervisory personnel as described in Section 2-24	Quarterly, by the 30 th of the following month to the Title VI compliance officer
JJ.	Annual listing by CSA of non-institutional providers as described in Section 2-24	Annually, within ninety (90) calendar days after the end of the year to the Title VI compliance officer
KK.	Annual copy of CONTRACTOR's policy regarding non-discrimination of services to persons with Limited English Proficiency as described in Section 2-24	Annually, within ninety (90) calendar days after the end of the year to the Title VI compliance officer
LL.	On a Quarterly basis, a listing of all request of translation or interpreter services as described in Section 2-24.g.1.	Quarterly, by the 30 th of the following month to the compliance officer
MM.	Annual Compliance Plan as described in Section 2-24	On an annual basis to the Title VI compliance officer

III. Deliverables which are the responsibility of TENNCARE

- A. Reports concluding findings, recommendations and requirements resulting from monitoring procedures by TENNCARE and/or HCFA.
- B. Updated eligibility information in the form of electronic submissions.
- C. Medicare/TennCare dual eligible pharmacy information monthly.
- D. Notice of any consent decree entered into by the State within 72 hours of the decree being entered with court and notice of other court orders affecting MCO participation in the TennCare Program within seventy-two (72) hours of receipt in the Attorney General's Office.
- E. Notice of any enrollees who have exceeded the out-of-pocket maximum for whom the MCO must coordinate reimbursement, on a schedule to be specified by TENNCARE.

SECTION I

GUIDELINES FOR INTERNAL QUALITY MONITORING PROGRAMS OF MANAGED CARE ORGANIZATIONS CONTRACTING WITH TENNCARE

Each Health Maintenance Organization (HMO) which contracts with TennCare (also referred to as the State) shall have in place an internal quality monitoring system. Internal Quality Monitoring programs (QMPs) consist of systematic activities, undertaken by the managed care organization itself to monitor and evaluate the care delivered to enrollees according to predetermined, objective standards, and to effect improvements as needed. The following guidelines will be used to establish State standards for internal QMPs for TennCare managed care contractors.

The guidelines were derived from three sources:

- The National Committee for Quality Assurance (NCQA) Quality Assurance Managed Care Organization Surveyor Guidelines, 2000;
- The National Association of HMO Regulators/National Association of Insurance Commissioners' Recommended Operational Requirements for HMO Quality Assurance Programs, adopted by the NAIC/NAHMOR Joint Task Force, December, 1988;
- The HCFA Office of Prepaid Health Care's Quality Assurance Standards for HMOs and CMPs Contraction with the Medicare Program, dated November, 1989;

as detailed in "A HEALTH CARE QUALITY IMPROVEMENT SYSTEM FOR MEDICAID COORDINATED CARE", U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES, Health Care Financing Administration Medicaid Bureau, December 23, 1992.

SECTION I

GUIDELINES FOR INTERNAL QUALITY MONITORING PROGRAMS OF MANAGED CARE ORGANIZATIONS CONTRACTING WITH TENNCARE

STANDARD I: WRITTEN QMP DESCRIPTION

The organization has a written description of its QMP. This written description meets the following criteria:

- A. **Goals and Objectives** - The written description contains a detailed set of QM objectives which are developed annually and include a timetable for implementation and accomplishment.
- B. **Scope** -
 - 1. The scope of the QMP is comprehensive, addressing both the quality of clinical care and the quality of non-clinical aspects of service, such as and including: availability, accessibility, coordination, and continuity of care.
 - 2. The QMP methodology provides for review of the entire range of care provided by the organization, by assuring that all demographic groups, care settings, (e.g., inpatient, ambulatory, [including care provided in private practice offices] and home care), and types of services (e.g., preventive, primary, specialty care, and ancillary) are included in the scope of the review.
- C. **Specific Activities** - The written description specifies quality of care studies and other activities to be undertaken over a prescribed period of time, and methodologies and organizational arrangements to be used to accomplish them. Individuals responsible for the studies and other activities are clearly identified and are appropriate.
- D. **Continuous Activity** - The written description provides for continuous performance of the activities, including tracking of issues over time.
- E. **Provider Review** - The QMP provides for:
 - 1. Review by physicians and other health professionals of the process followed in the provision of health services; and
 - 2. Feedback to health professionals and organization staff regarding performance and patient results.
- F. **Focus on Health Outcomes** - The QMP methodology addresses health outcomes to the extent consistent with existing technology.

STANDARD II: SYSTEMATIC PROCESS OF QUALITY ASSESSMENT & IMPROVEMENT

The QMP objectively and systematically monitors and evaluates the quality and appropriateness of care and service to members, through quality of care studies and related activities, and pursues opportunities for improvement on an ongoing basis.

The QMP has written guidelines for its quality of care studies and related activities which include:

- A. **Specification of clinical or health services delivery areas to be monitored** -
 - 1. The monitoring and evaluation of care reflects the population served by the managed care organization in terms of age groups, disease categories, and special risk status.
 - 2. For the TennCare population, the QMP monitors and evaluates, at a minimum, care and services in certain priority areas of concern selected by the State. These may be taken from among those identified by the Health Care Financing Administration's (HCFA's) Medicaid Bureau, or other sources as deemed necessary by

TennCare.

3. At its discretion and/or as required by TennCare, the organization's QMP also monitors and evaluates other important aspects of care and services.

B. Use of Quality Indicators -

Quality indicators are measurable variables relating to a specified clinical or health services delivery area, which are reviewed over a period of time to monitor the process or outcomes of care delivered in that area.

1. The organization identifies and uses quality indicators including those specified in Attachment II that are objective, measurable, and based on current knowledge and clinical experience.
2. For the priority areas selected by the state from the HCFA Medicaid Bureau's list of priority clinical and health services delivery areas of concern, or other sources as deemed necessary by the State, the organization shall monitor and evaluate quality of care through studies which include, but are not limited to, the quality indicators also specified by the HCFA's Medicaid Bureau or by the State.
3. Methods and frequency of data collection are appropriate and sufficient to detect need for program change.

C. Use of Clinical Care Standards/Practice Guidelines -

1. The QMP studies and other activities monitor quality of care against clinical care or health service delivery standards or practice guidelines specified for each area identified in "STANDARD II, A," above.
2. The standards/guidelines are based on reasonable scientific evidence and are developed or reviewed by plan providers.
3. The standards/guidelines focus on the process and outcomes of health care delivery, as well as access to care.
4. A mechanism is in place for continuously updating the standards/guidelines.
5. The standards/guidelines shall be included in provider manuals developed for use by managed care providers or otherwise disseminated to providers as they are adopted.
6. The standards/guidelines address preventive health services.
7. Standards/guidelines are developed for the full spectrum of populations enrolled in the plan.
8. The QMP shall use these standards/guidelines to evaluate the quality of care provided by the managed care organization's providers, whether the providers are organized in groups, as individuals, as IPAs, or in combinations thereof.

D. Analysis of Clinical Care and Related Services -

1. Appropriate clinicians monitor and evaluate quality through review of individual cases where there are questions about care, and through studies analyzing patterns of clinical care and related services. For quality issues identified in the QMP's targeted clinical areas, the analysis includes the identified quality indicators and uses clinical care standards or practice guidelines.
2. Multidisciplinary teams are used, where indicated, to analyze and address systems issues.
3. From a. and b., clinical and related service areas requiring improvement are identified.

E. Implementation of Remedial/Corrective Actions -

The QMP includes written procedures for taking appropriate remedial action whenever, as determined under the QMP, inappropriate or substandard services are furnished, or services that should have been furnished were not.

These written remedial/corrective action procedures include:

1. specification of the types of problems requiring remedial/corrective action;
2. specification of the person(s) or body responsible for making the final determinations regarding quality problems;
3. specific actions to be taken;
4. provision of feedback to appropriate health professionals, providers and staff;
5. the schedule and accountability for implementing corrective actions;
6. the approach to modifying the corrective action if improvements do not occur;
7. procedures for terminating the affiliation with the physician, or other health professional or provider.

F. Assessment of Effectiveness of Corrective Actions -

1. As actions are taken to improve care, there is monitoring and evaluation of corrective actions to assure that appropriate changes have been made. In addition, changes in practice patterns are tracked.
2. The managed care organization assures follow-up on identified issues to ensure that actions for improvement have been effective.

G. Evaluation of Continuity and Effectiveness of the QMP -

1. The managed care organization conducts a regular examination of the scope and content of the QMP to ensure that it covers all types of services in all settings, as specified in STANDARD I-B-2.
2. At the end of each year, a written report on the QMP is prepared, which addresses: QM studies and other activities completed; trending of clinical and service indicators and other performance data; demonstrated improvements in quality; areas of deficiency and recommendations for corrective action; and an evaluation of the overall effectiveness of the QMP.
3. There is evidence that QM activities have contributed to reasonable improvements in the care delivered to members such that the level of care provided is that which is recognized as acceptable professional practice in the respective community in which particular providers practice.

STANDARD III: ACCOUNTABILITY TO THE GOVERNING BODY

The Governing Body of the organization is the Board of Directors or, where the Board's participation with quality improvement issues is not direct, a designated committee of the senior management of the managed care organization. Responsibilities of the Governing Body for monitoring, evaluating, and making improvements to care include:

- A. Oversight of QMP - There is documentation that the Governing Body has approved the overall QMP and an annual QM plan.
- B. Oversight Entity - The Governing Body has formally designated an accountable entity or entities within the organization to provide oversight of QM, or has formally decided to provide such oversight as a committee of the whole.

- C. QMP Progress Reports - The Governing Body routinely receives written reports from the QMP describing actions taken, progress in meeting QM objectives, and improvements made.
- D. Annual QMP Review - The Governing Body formally reviews on a periodic basis (but no less frequently than annually) a written report on the QMP which includes: studies undertaken, results, subsequent actions, and aggregate data on utilization and quality of services rendered, to assess acceptability.
- E. Program Modification - Upon receipt of regular written reports from the QMP delineating actions taken and improvements made, the Governing Body takes action when appropriate and directs that the operational QMP be modified on an ongoing basis to accommodate review findings and issues of concern within the organization. This activity is documented in the minutes of the meetings of the Governing Board in sufficient detail to demonstrate that it has directed and followed up on necessary actions pertaining to Quality Monitoring/Improvement.

STANDARD IV: ACTIVE QM COMMITTEE

The QMP delineates an identifiable structure responsible for performing QM functions within the organization. This committee or other structure has:

- A. Regular Meetings - The structure/committee meets on a regular basis with specified frequency to oversee QMP activities. This frequency is sufficient to demonstrate that the structure/committee is following-up on all findings and required actions, but in no case are such meetings less frequent than quarterly.
- B. Established parameters for Operating - The role, structure and function of the structure/committee are specified.
- C. Documentation - There are records documenting the structure's/committee's activities, findings, recommendations and actions.
- D. Accountability - The QMP committee is accountable to the Governing Body and reports to it (or its designee) on a scheduled basis on activities, findings, recommendations and actions.
- E. Membership - There is active participation in the QM committee from health plan providers, who are representative of the composition of the health plan's providers and shall include as a non-voting member, a representative of the TennCare Office of the Medical Director.

STANDARD V: QMP SUPERVISION

There is a designated senior executive who is responsible for program implementation. The organization's Medical Director has substantial involvement in QM activities.

STANDARD VI: ADEQUATE RESOURCES

The QMP has sufficient material resources, and staff with the necessary education, experience, or training, to effectively carry out its specified activities.

STANDARD VII: PROVIDER PARTICIPATION IN THE QMP

- A. Participating physicians and other providers are kept informed about the written QM plan.
- B. The organization includes in all its provider contracts and employment agreements; for both physicians and non-physician providers, a requirement securing cooperation with the QMP.
- C. Contracts specify that hospitals and other contractors will allow the managed care organization access to the medical records of its members.

STANDARD VIII: DELEGATION OF QMP ACTIVITIES

The organization remains accountable for all QMP functions, even if certain functions are delegated to other entities. If the managed care organization delegates any QM activities to contractors:

- A. There is a written description of: the delegated activities; the delegate's accountability for these activities; and the frequency of reporting to the managed care organization.
- B. The organization has written procedures for monitoring and evaluating the implementation of the delegated functions and for verifying the actual quality of care being provided.
- C. There is evidence of continuous and ongoing evaluation of delegated activities, including approval of quality improvement plans and regular specified reports.

STANDARD IX: CREDENTIALING AND RE-CREDENTIALING

The QMP contains the following provisions to determine whether physicians and other health care professionals, who are licensed by the State and who are under contract to the organization, are qualified to perform their services.

- A. **Written Policies and Procedures** - The managed care organization has written policies and procedures for the credentialing process, which includes the organization's initial credentialing of practitioners, as well as its subsequent re-credentialing, re-certifying and/or reappointment of practitioners.
- B. **Oversight by Governing Body** - The Governing Body, or the group or individual to which the Governing Body has formally delegated the credentialing function, has reviewed and approved the credentialing policies and procedures.
- C. **Credentialing Entity** - The plan designates a credentialing committee or other peer review body which makes recommendations regarding credentialing decisions.
- D. **Statewide Credentialing Verification Organization** - The CVO shall verify information to be used for credentialing and re-credentialing TennCare primary care providers and all other physicians (including specialists) in accordance with the applicable standards of the National Committee for Quality Assurance (NCQA) and TennCare. MCOs shall request information to be used for verification and re-verification of credentials from the MCO for primary care providers or other physicians, whom the MCO contemplates, will provide services to TennCare enrollees.
- E. **Scope** - The MCO shall identify those practitioners to be credentialed that fall under its scope of authority and action. Practitioners to be credentialed shall include, at a minimum, all physicians, dentists, and other licensed independent practitioners included in the review organizations' literature for members, as an indication of those practitioners whose service to members is contracted or anticipated. The MCO shall submit a plan to the TennCare Bureau outlining the process which it shall employ to ensure appropriate and timely credentialing of all providers participating in the health plan. The process employed to credential providers should address if information to be used to credential primary care providers and all other physicians shall be provided by the Statewide CVO, or if said providers will be credentialed by a large provider group(s) that has been delegated credentialing responsibilities or by the MCO, or its parent company, as a part of the credentialing process for a commercial line of business that accounts for at least fifty percent (50%) of the MCO's total business.
- F. **Process** - The initial credentialing process obtains and reviews verification of the following information, at a minimum:
 - 1. **Primary Verification**
 - a. the practitioner holds a current valid license to practice within the State;
 - b. valid DEA or CDS certificate, as applicable;

- c. confirmation of highest level of education and training received;
 - d. professional liability claims history (past five (5) years) from the National Practitioner Data Bank and the State Board of Medical Examiners; and
 - e. any sanctions imposed by Medicare, Medicaid and/or TennCare
2. Secondary Verification (self reported)
- a. work history – past five (5) years. Verbal explanation for gaps greater than six (6) months, written explanation for gaps greater than one (1) year;
 - b. good standing of clinical privileges at the hospital designated by the practitioner as the primary admitting facility; (This requirement may be waived for practices which do not have or do not need access to hospitals.)
 - c. the practitioner holds current, adequate malpractice insurance according to the plan's policy;
 - d. any revocation or suspension of a state license, DEA/BNDD number, or CDS certificate;
 - e. any curtailment or suspension of medical staff privileges (other than for incomplete medical records);
 - f. any censure by the State or County Medical Association;
 - g. the application process includes a statement by the applicant and an investigation of said statement regarding:
 - (1) any physical or mental health problems that may affect current ability to provide health care;
 - (2) any history of chemical dependency/substance abuse;
 - (3) history of loss of license and/or felony convictions;
 - (4) history of loss or limitation of privileges or disciplinary activity; and
 - (5) current malpractice coverage and limits; and
 - (6) an attestation to correctness/completeness of the application.

This information should be used to evaluate the practitioner's current ability to practice.

- 3. There is an initial visit to each potential primary care practitioner's office, including documentation of a structured review of the site and medical record keeping practices to ensure conformance with the managed care organization's standards.
- G. Recredentialing - A process for the periodic reverification of clinical credentials (recredentialing, reappointment, or recertification) is described in the organization's policies and procedures.
- 1. There is evidence that the procedure is implemented at least every three years..
 - 2. There is verification of State licensure at least every three years,
 - 3. The organization conducts periodic review of information from the National Practitioner Data Bank, along

with performance data, on all physicians, to decide whether to renew the participating physician agreement. At a minimum, the recredentialing, recertification or reappointment process is organized to verify current standing on items listed in "F-1" through "F-2.c" above, and item "F-2.g" as well.

4. The recredentialing, recertification or reappointment process also includes review of data from:
 - a. member complaints;
 - b. results of quality reviews;
 - c. utilization management;
 - d. member satisfaction surveys; and
 - e. reverification of hospital privileges and current licensure.

- H. Delegation of Credentialing Activities - The managed care organization may only delegate credentialing activities to large provider groups with 100 or more providers, unless otherwise approved by TennCare. If the managed care organization delegates credentialing (and recredentialing, recertification, or reappointment) activities, there must be a written description of the delegated activities, and the delegate's accountability for these activities. There must also be evidence that the delegate accomplished the credentialing activities. The managed care organization monitors the effectiveness of the delegate's credentialing and reappointment or recertification process

- I. Retention of Credentialing Authority - The managed care organization retains the right to approve new providers and sites, and to terminate or suspend individual providers. The organization has policies and procedures for the suspension, reduction or termination of practitioner privileges.

- J. Reporting Requirement - There is a mechanism for, and evidence of implementation of, the reporting of serious quality deficiencies resulting in suspension or termination of a practitioner, to the appropriate authorities.

- K. Appeals Process - There is a provider appellate process for instances where the managed care organization chooses to reduce, suspend or terminate a practitioner's privileges with the organization.

STANDARD X: ENROLLEE RIGHTS AND RESPONSIBILITIES

The organization demonstrates a commitment to treating members in a manner that acknowledges their rights and responsibilities.

- A. Written Policy on Enrollee Rights - The organization has a written policy that recognizes the following rights of members:
 1. to be treated with respect, and recognition of their dignity and need for privacy;
 2. to be provided with information about the organization, its services, the practitioners providing care, and members' rights and responsibilities;
 3. to be able to choose primary care practitioners, within the limits of the plan network, including the right to refuse care from specific practitioners;
 4. to participate in decision-making regarding their health care;
 5. to voice complaints or appeals about the organization or care provided;
 6. to formulate advance directives; and
 7. to have access to his/her medical records in accordance with applicable Federal and State laws.

- B. Written Policy on Enrollee Responsibilities - The organization has a written policy that addresses members' responsibility for cooperating with those providing health care services. This written policy addresses members' responsibility for:**
1. providing, to the extent possible, information needed by professional staff in caring for the member; and
 2. following instructions and guidelines given by those providing health care services.
- C. Communication of Policies to Providers - A copy of the organization's policies on members' rights and responsibilities is provided to all participating providers.**
- D. Communication of Policies to Enrollees/Members - Upon enrollment, members are provided a written statement that includes information on the following:**
1. rights and responsibilities of members;
 2. benefits and services included and excluded as a condition of membership, and how to obtain them, including a description of:
 - a. any special benefit provisions (for example, co-payment, higher deductibles, rejection of claim) that may apply to services obtained outside the system; and
 - b. the procedures for obtaining out-of-area coverage;
 3. provisions for after-hours and emergency coverage;
 4. the organization's policy on referrals for specialty care;
 5. charges to members, if applicable, including:
 - a. policy on payment of charges; and
 - b. co-payment and fees for which the member is responsible;
 6. procedures for notifying those members affected by the termination or change in any benefits, services, or service delivery office/site;
 7. procedures for appealing decisions adversely affecting the member's coverage, benefits, or relationship to the organization;
 8. procedures for changing practitioners;
 9. procedures for disenrollment; and
 10. procedures for voicing complaints and/or appeals and for recommending changes in policies and services.
- E. Enrollee/Member Complaint and Appeal Procedures - The organization has a system(s), linked to the QMP, for resolving members' complaints and appeals. This system includes:**
1. procedures for registering and responding to complaints and appeals in a timely fashion (organizations should establish and monitor standards for timeliness);
 2. documentation of the substance of complaints or appeals, and actions taken;
 3. procedures to ensure a resolution of the complaint or appeal;

4. aggregation and analysis of complaint and appeal data and use of the data for quality improvement; and
 5. an appeal process for adverse actions.
- F. Enrollee/Member Suggestions - Opportunity is provided for members to offer suggestions for changes in policies and procedures.
- G. Steps to Assure Accessibility of Services - The managed care organization takes steps to promote accessibility of services offered to members. These steps include:
1. the points of access to primary care, specialty care, and hospital services are identified for members; and
 2. at a minimum, members are given information about:
 - a. how to obtain services during regular hours of operations;
 - b. how to obtain emergency and after-hours care; and
 - c. how to obtain the names, qualifications, and titles of the professionals providing and/or responsible for their care.
- H. Written Information for Members -
1. Member information (for example, subscriber brochures, announcements, handbooks) is written in prose that is readable and easily understood.
 2. Written information is available, as needed, in the languages of the major population groups served. A "major" population group is one which represents at least 10 percent of a plan's population or 3,000 enrollees, whichever is less. All vital MCO documents and the member handbook is available in Spanish. All vital MCO documents are also available to Limited English Proficiency groups identified by TENNCARE that constitutes five percent (5%) of the TennCare population or 1,000 enrollees, whichever is less.
- I. Confidentiality of Patient Information - The organization acts to ensure that the confidentiality of specified patient information and records is protected.
1. The organization has established in writing, and enforced, policies and procedures on confidentiality, including confidentiality of medical records.
 2. The organization ensures that patient care offices/sites have implemented mechanisms that guard against the unauthorized or inadvertent disclosure of confidential information to persons outside of the medical care organization.
 3. The organization shall hold confidential all information obtained by its personnel about enrollees related to their examination, care and treatment and shall not divulge it without the enrollee's authorization, unless:
 - a. it is required by law;
 - b. it is necessary to coordinate the patient's care with physicians, hospitals, or other health care entities, or to coordinate insurance or other matters pertaining to payment; or
 - c. it is necessary in compelling circumstances to protect the health or safety of an individual.
 4. Any release of information in response to a court order is reported to the patient in a timely manner.

5. Enrollee records may be disclosed, whether or not authorized by the enrollee, to qualified personnel for the purpose of conducting scientific research, but these personnel may not identify, directly or indirectly, any individual enrollee in any report of the research or otherwise disclose participant identity in any manner.
- J. Treatment of Minors - The organization has written policies regarding the appropriate treatment of minors.
 - K. Assessment of Member Satisfaction - The organization conducts periodic surveys of member satisfaction with its services.
 1. The surveys include content on perceived problems in the quality, availability, and accessibility of care.
 2. The surveys assess at least a sample of:
 - a. all Medicaid members;
 - b. Medicaid member requests to change practitioners and/or facilities; and
 - c. disenrollment by Medicaid members.
 3. As a result of the surveys, the organization:
 - a. identifies and investigates sources of dissatisfaction;
 - b. outlines action steps to follow-up on the findings; and
 - c. informs practitioners and providers of assessment results.
 4. The organization reevaluates the effects of the above activities.

STANDARD XI: STANDARDS FOR AVAILABILITY AND ACCESSIBILITY -

The plan has established standards for access (e.g., to routine, urgent and emergency care; telephone appointments; advice; and member service lines). Performance on these dimensions of access are assessed against the standards.

STANDARD XII: STANDARDS FOR FACILITIES

- A. The organization maintains standards for facilities in which patients receive ambulatory care. These standards address:
 1. compliance with existing State and local laws regarding safety and accessibility;
 2. availability of emergency equipment;
 3. storage of drugs; and
 4. inventory control for expired medications.
- B. A requirement for adherence to these standards is contained in all of the organization's provider contracts.

STANDARD XIII: MEDICAL RECORD STANDARDS

- A. Accessibility and Availability of Medical Records -

1. The organization shall include provisions in provider contracts for appropriate access to the medical records of its enrollees for purposes of quality reviews conducted by the Secretary, TennCare agencies, or agents thereof.
 2. Records are available to health care practitioners at each encounter.
- B. Recordkeeping - Medical records may be on paper or electronic media. The Plan takes steps to promote maintenance of medical records in a legible, current, detailed, organized and comprehensive manner that permits effective patient care and quality review as follows:
1. Medical Record Standards - The organization sets standards for medical records. These standards shall, at a minimum, include requirements for:
 - a. Patient Identification Information - Each page in the record contains the patient's name or patient ID number.
 - b. Personal/biographical Data - Personal/biographical data includes: age; sex; address; employer; home and work telephone numbers; and marital status.
 - c. Entry Date - All entries are dated.
 - d. Provider Identification - All entries are identified as to author.
 - e. Legibility - The record is legible to someone other than the writer. Any record judged illegible by one physician reviewer should be evaluated by a second reviewer. If still illegible, it shall be considered deficient.
 - f. Allergies - Medication allergies and adverse reactions are prominently noted on the record. Absence of allergies (no known allergies - NKA) is noted in an easily recognizable location.
 - g. Past Medical History - (for patients seen three or more times) Past medical history is easily identified including serious accidents, operations, illnesses. For children, past medical history relates to prenatal care and birth.
 - h. Immunizations - (for pediatric records ages 12 and under) There is a completed immunization record or a notation that immunizations are up-to-date.
 - i. Diagnostic information.
 - j. Medication information.
 - k. Identification of current problems - Significant illnesses, medical conditions and health maintenance concerns are identified in the medical record.
 - l. Smoking/ETOH/Substance Abuse - (For patients 12 years and over and seen three or more times) Notation concerning cigarettes and alcohol use and substance abuse is present. Abbreviations and symbols may be appropriate.
 - m. Referrals and Results Thereof.
 - n. Emergency Care.
 - o. Hospital Discharge Summaries - Discharge summaries are included as part of the medical record for (1) all hospital admissions which occur while the patient is enrolled in the HMO; and (2) prior admissions as necessary.

- p. Advance Directive - The medical record documents whether or not the individual has executed an advance directive. An advance directive is a written instruction such as a living will or durable power of attorney for health care relating to the provision of health care when the individual is incapacitated.
2. Patient Visit Data - Documentation of individual encounters must provide adequate evidence of, at a minimum:
- a. History and Physical Examination - Appropriate subjective and objective information is obtained for the presenting complaints.
 - b. Plan of Treatment.
 - c. Diagnostic Tests.
 - d. Therapies and other Prescribed Regimens.
 - e. Follow-up - Encounter forms or notes have a notation, when indicated, concerning follow-up care, call or visit. Specific time to return is noted in weeks, months, or PRN. Unresolved problems from previous visits are addressed in subsequent visits.
 - f. Consultations, Referrals and Specialist Reports - Notes from any consultations are in the record. Consultation, lab and x-ray reports filed in the chart have the ordering physician's initials or other documentation signifying review. Consultation and significantly abnormal lab and imaging study results have an explicit notation in the record of follow-up plans.
 - g. All Other Aspects of Patient Care, Including Ancillary Services.
- C. Record Review Process -
- 1. The organization has a record review process to assess the content of medical records for legibility, organization, completion and conformance to its standards.
 - 2. The record assessment system addresses documentation of the items listed in B, above.

STANDARD XIV: UTILIZATION REVIEW -

- A. Written Program Description - The organization has a written utilization management program description which includes, at a minimum, procedures to evaluate medical necessity, criteria used, information sources and the process used to review and approve the provision of medical services.
- B. Scope - The program has mechanisms to detect underutilization as well as overutilization.
- C. Preauthorization and Concurrent Review Requirements - For organizations with preauthorization or concurrent review programs:
 - 1. The organization shall not employ, and shall not permit others acting on their behalf to employ utilization control guidelines or other quantitative coverage limits, whether explicit or defacto, unless supported by an individualized determination of medical necessity based upon the needs of each TennCare enrollee and his/her history.
 - 2. Preauthorization and concurrent review decisions are supervised by qualified medical professionals.
 - 3. Efforts are made to obtain all necessary information, including pertinent clinical information, and consult

with the treating physician as appropriate.

4. The reasons for decisions are clearly documented and available to the member.
5. There are well-publicized and readily available appeals mechanisms for both providers and patients.
6. Decisions and appeals are made in a timely manner as required by the exigencies of the situation.
7. There are mechanisms to evaluate the effects of the program using data on member satisfaction, provider satisfaction or other appropriate measures.
8. If the organization delegates responsibility for utilization management, it has mechanisms to ensure that these standards are met by the delegate.

STANDARD XV: CONTINUITY OF CARE SYSTEM

The organization has put a basic system in place which promotes continuity of care and case management. The organization shall report to TENNCARE, on a quarterly basis, the total number of enrollees and the percentage of total enrollees who have not been assigned to a primary care provider within thirty (30) days of enrollment .

STANDARD XVI: QMP DOCUMENTATION

- A. Scope - The organization shall document that it is monitoring the quality of care across all services and all treatment modalities, according to its written QMP.
- B. Maintenance and Availability of Documentation - The organization must maintain and make available to the State, and upon request to the Secretary, studies, reports, protocols, standards, worksheets, minutes, or such other documentation as may be appropriate, concerning its QM activities and corrective actions.

STANDARD XVII: COORDINATION OF QM ACTIVITY WITH OTHER MANAGEMENT ACTIVITY

The findings, conclusions, recommendations, actions taken, and results of the actions taken as a result of QM activity, are documented and reported to appropriate individuals within the organization and through the established QM channels.

- A. QM information is used in recertification, recontracting and/or annual performance evaluations.
- B. QM activities are coordinated with other performance monitoring activities, including utilization management, risk management, and resolution and monitoring of member complaints and grievances.
- C. There is a linkage between QM and the other management functions of the health plan such as:
 1. network changes;
 2. benefits redesign;
 3. medical management systems (e.g., precertification);
 4. practice feedback to physicians;
 5. patient education; and
 6. member services.

SECTION II

CLINICAL AND HEALTH SERVICES DELIVERY AREAS OF CONCERN, QUALITY INDICATORS, AND CLINICAL PRACTICE GUIDELINES FOR QUALITY IMPROVEMENT IN TENNCARE MANAGED CARE ORGANIZATIONS

I. INTRODUCTION

The section entitled "GUIDELINES FOR INTERNAL QUALITY MONITORING PROGRAMS OF MANAGED CARE ORGANIZATIONS CONTRACTING WITH THE TENNESSEE COMPREHENSIVE HEALTH INSURANCE PLAN" (the Guidelines) describes the activities which TennCare requires as standards for internal quality assurance programs (QMPs). The Guidelines, in part, call for coordinated care organizations to implement a systematic process of quality assessment and improvement by which the care delivered to enrollees is monitored, evaluated, and continually improved. The Guidelines further require that coordinated care organizations conduct quality of care studies which:

- A. target specific clinical conditions (e.g., pregnancy), and/or specific health services delivery issues (e.g., access to care) for focused monitoring and evaluation;
- B. use clinical care standards/practice guidelines to objectively evaluate the care the organization delivers (or fails to deliver) for the targeted clinical conditions and health services delivery issues; and
- C. use quality indicators derived from the clinical care standards/practice guidelines to screen and monitor care and services delivered.

This section provides further clarification as to how these three activities shall be implemented by managed care organizations in order to comply with the Guidelines for internal QMPs.

II. QUALITY OF CARE STUDIES

A managed care organization cannot monitor the care delivered to every enrollee each time he or she requires health care. Such an attempt would be beyond the organization's and State and Federal resources. As an alternative, the managed care organization shall select certain aspects of care to monitor over a specified time period. Over subsequent time periods, monitoring will be repeated in that area to detect patterns of care over time, and new areas will be selected for initial study. Such monitoring takes place through focused quality of care studies.

Focused quality of care studies are detailed investigations of certain aspects of health care services which are designed to answer defined questions about the quality and appropriateness of care and point the way to how that care can be improved. Such focused studies are superior to random or unfocused record reviews because they provide information about care in the aggregate as opposed to information about the care received by a limited number of enrollees.

A focused study may be conducted by reviewing medical records, by reviewing claims or other administrative data, by conducting special surveys, or other mechanisms. Whatever the source of information, all well designed studies have the following components:

- A. A clearly defined study question which focuses on relevant areas of concern in health care. Quality of care studies may be small and narrowly focused (e.g., "When are pregnant enrollees receiving their first prenatal care visits?"), or large and more complex (e.g., "What prenatal care factors are associated with enrollees delivering low birth weight babies?"). The clinical areas selected for study should reflect the coordinated care organization's enrollment in terms of demographic characteristics and the prevalence or risk of disease, and reflect the potential consequence of the (risk of) disease.

- B. Well defined items (clinical indicators) to be monitored and evaluated to help answer the question.
- C. A standard or standards against which the organization compares itself.
- D. A method for analyzing the results to indicate ways in which the organization can improve the care it delivers to enrollees.

III. CLINICAL AND HEALTH SERVICES DELIVERY AREAS OF CONCERN:

Item II. A. in the "Guidelines for Internal Quality Monitoring Programs of Managed Care Organizations Contracting with TennCare", states in part:

"The QMP has written guidelines for its quality of care studies...which shall include:

- 1. Specification of clinical or health services delivery area to be monitored -
 - a. The monitoring and evaluation of care reflects the population served by the managed care organization in terms of age groups, disease categories, and special risk status.
 - b. For the TennCare population, the QMP monitors and evaluates, at a minimum, care and services in certain priority areas of concern selected by the State. These may be taken from among those identified by HCFA's Medicaid Bureau, or other sources as deemed necessary by TennCare."

A review of the literature and discussion with health authorities pertaining to the prevalence and significance of health concerns has lead to the identification of the following priority clinical and health services delivery areas of concern. With the exception of the identification of pregnancy, childhood immunizations, and continuity of care, as required for continuous monitoring and evaluation by managed care plans, the areas listed below are not listed in any order of priority.

Clinical areas of concern:

- 1. Childhood Immunizations (Required continual monitoring with yearly reported)
- 2. Pregnancy (Required continual monitoring with yearly reporting)
- 3. Breast Cancer/Mammography
- 4. Cervical Cancer/Pap Smears
- 5. Lead Toxicity
- 6. Comprehensive Well Child Periodic Health Assessment
- 7. HIV Status
- 8. Asthma
- 9. Hysterectomies
- 10. Diabetes
- 11. ETOH and Other Substance Abuse
- 12. Hypertension

13. Sexually Transmitted Diseases
14. Heritable Diseases (Newborn screens)
15. Coronary Artery Disease
16. Motor Vehicle Accidents
17. Pregnancy prevention
18. Tuberculosis
19. Sickle Cell Anemia
20. Failure to Thrive
21. Hepatitis B
22. Otitis Media
23. Mental Health
24. Prescription Drug Abuse
25. Hip Fractures
26. Cholesterol Screening and Management
27. Treatment of Myocardial Infarctions
28. Prevention of Influenza
29. Smoking Prevention and Cessation
30. Medical Problems of the Frail Elderly; e.g., incontinence and confusion
31. Hearing and Vision Screening and Services for Individuals less than 21 Years of Age
32. Dental Screening and Services for Individuals less than 21 Years of Age and over 21 Years of Age

Health Services Delivery Areas of Concern:

1. Continuity/Coordination of Care (Required continual monitoring with quarterly reporting)
2. Access to Care
3. Utilization of Services
4. Health Education
5. Emergency Services

Two of the clinical areas of concern (childhood immunizations and pregnancy) and one of the health services delivery areas of concern (continuity/coordination of care) are required for continuous evaluation and study if applicable to the patient population. (enrollee Groups 3, 4, and 5 will not be considered applicable populations for the purpose of these studies). In addition, it is required that plans select on a

quarterly basis, at least one additional area of concern to study. This may be a follow-up of a previously performed evaluation or a new study. Areas of concern may come from the above noted list, or at the discretion of the organization, from another source. In addition, the organization will perform such studies as the State may direct. Effective July 1, 2001, all MCOs are required to begin a continuous evaluation and study of access to EPSDT services for individuals less than twenty-one (21) years of age. A copy of the study design shall be submitted to TENNCARE for review and approval within ninety (90) days of the effective date of this Agreement.

IV. CLINICAL PRACTICE GUIDELINES/STANDARDS:

The identification of areas needing improvement and the creation of a baseline for future assessment necessitates specifying goals or standards for health services to which care actually delivered can be compared. Item II. C. in the Guidelines states, in part, that:

- a. The QMP studies and other activities monitor quality of care against clinical care or health services delivery standards or practice guidelines specified for each clinical or health services delivery area identified in II. A., above..."

Clinical care standards, practice guidelines, practice options and practice advisories are all types of "practice parameters". Practice parameters are recommendations or an agreed upon set of principles for the delivery of certain types or aspects of health care. They are promulgated by authoritative bodies such as professional associations or ad-hoc "expert committees". Because professional judgement may often vary, there can frequently be more than one set of practice parameters addressing the same topic. However, the vast majority of medical professional organizations endorse the use of practice parameters in improving the quality of medical care.

For this reason, the Guidelines recommend monitoring quality of care using clinical care standards or practice guidelines for each clinical or health services delivery area selected by the organization or State for study. For the Federally recommended clinical areas of pregnancy and childhood immunizations, commonly accepted sources of guidelines are:

The American Academy of Pediatrics (AAP),

The U.S. Department of Health and Human Services' Public Health Service (PHS), and

The American College of Obstetricians and Gynecologists (ACOG)

For other clinical or health services delivery areas to be studied by the managed care organization as part of its agreement with TennCare, the coordinated care organization and TennCare shall agree upon the clinical practice standards or practice guidelines which are to be utilized by the organization in its evaluation of care. If TennCare wishes a coordinated care organization to evaluate care in an area in which the organization has not already adopted a set of practice guidelines, the organization and TennCare will agree upon usage of existing clinical practice standards/practice guidelines based upon those already developed by authoritative bodies.

V. QUALITY INDICATORS:

In conducting quality of care studies, the organization assesses care through the use of objective indicators. Quality indicators are measurable variables relating to a specified clinical or health services delivery area, which are reviewed over a period of time to screen delivered health care and/or to monitor the process or outcome of care delivered in that clinical area. Item II. B. of the Guidelines states:

- a. The organization identifies and uses quality indicators that are objective, measurable, and based on current knowledge and clinical experience.

- b. For the priority areas selected by the State from HCFA Medicaid Bureau's list of priority clinical and health services delivery areas of concern, or other sources as deemed necessary by the State, the organization shall monitor and evaluate quality of care through studies which include, but are not limited to, the quality indicators also specified by HCFA's Medicaid Bureau or the State."

TennCare and the managed care organization shall mutually determine clinical indicators to be monitored for each clinical or health services delivery area of concern. Because of their importance, childhood immunization indicators, pregnancy indicators, and continuity/coordination of care indicators shall be monitored by the organization on a continuous basis (as opposed to on a one time basis) and periodically (annually for immunization and pregnancy and quarterly for continuity/coordination of care) reported to TennCare. At its own discretion or as directed by TennCare, the organization should identify, based on clinical practice guidelines described above, additional clinical indicators to be monitored for the additionally selected clinical conditions.

In addition, TennCare shall use individual encounter data and other required reports to monitor performance on an on-going basis. Examples of the types of indicators TennCare will review related to the priority areas selected by the State (childhood immunizations, pregnancy and continuity of care) are noted below.

A. CHILDHOOD IMMUNIZATIONS

Clinical Indicators: For TennCare enrollees aged two, the annual immunization rates for polio (OPV), diphtheria-tetanus-pertussis (DPT), measles-mumps-rubella (MMR), haemophilus influenza B (HIB), and hepatitis B (HBV).

The Methodology for Monitoring and Reporting Indicators:

- 1. Identify all TennCare enrollees who were or attained two years of age in the twelve month review period and who were enrolled in the plan for at least six consecutive months of the 12 month review period.

Report this number: _____ and the dates of the 12 month review period: from _____ to _____.

- 2. Randomly sample and review the medical records or other immunization data source of the organization for at least one hundred of the above enrollees. For each enrollee, record the presence or absence of the full complement of required doses for each of the above immunizations according to the American Academy of Pediatrics or U.S. Center for Disease Control Advisory Committee on Immunization Practices' standards for immunizations prior to age two.
- 3. For each of the above immunizations, calculate the organization's rate of immunization as follows:

Polio immunizations:

Number of enrollees receiving all three polio immunization doses:

	<u>Number</u>	<u>Percent</u>
From plan:	_____	_____
By out-of-plan provider:	_____	_____

- b. The weeks of gestation on the date of the first prenatal care visit: _____. If date of delivery is date of first contact related to pregnancy, indicate as "no prenatal care."
- c. Number of prenatal care visits from and including the first prenatal care visit to and including the last visit prior to delivery: _____.
- d. Pregnancy outcome:
 - fetal loss (greater than or equal to 20 weeks) _____
 - live birth _____
- e. Birth weight for each live birth:
 - less than 500 Gms. _____
 - 500 - 1499 Gms. _____
 - 1500 - 2499 Gms. _____
 - greater than or equal to 2500 Gms. _____

C. CONTINUITY/COORDINATION OF CARE

The organization shall report the total number of enrollees and the percentage of enrollees in each Grand Region enrolled more than 30 days that have not identified a primary care provider (PCP) on a quarterly basis to the Office of the Medical Director. Primary care providers shall include licensed physicians as well as registered professional nurses and physician assistants practicing in accordance with state law. Each patient should have an identified primary care provider.

SECTION III

GUIDELINES FOR EXTERNAL QUALITY REVIEW OF RISK REIMBURSEMENT TENNCARE MANAGED CARE ORGANIZATIONS

I. INTRODUCTION:

Federal law (Section 1902(a)(30)(c) of the Social Security Act), requires entities which are external to and independent of the State and the coordinated care organization to perform, on an annual basis, a review of the quality of services furnished by each coordinated care contractor. Although this law specifies the types of entities which are allowed to perform this annual quality review, it does not prescribe how this quality review is to be conducted. This section specifies the scope of work for external quality review organization (EQRO) review of health care and services provided by managed care organizations to their TennCare enrollees.

II. PURPOSE:

The purpose of the external review function should be twofold:

TO PROVIDE THE STATE AND THE FEDERAL GOVERNMENT WITH AN INDEPENDENT ASSESSMENT OF THE QUALITY OF HEALTH CARE DELIVERED TO TennCare RECIPIENTS ENROLLED IN MANAGED CARE ORGANIZATIONS.

TO RESOLVE IDENTIFIED PROBLEMS IN HEALTH CARE AND CONTRIBUTE TO IMPROVING THE CARE OF ALL TennCare RECIPIENTS ENROLLED IN MANAGED CARE ORGANIZATIONS.

In order to accomplish these objectives, the information produced by the EQRO review should meet the following criteria:

- A. Information should accurately and reliably describe the care delivered to TennCare recipients. Information on quality of care obtained from the independent external review is a critical component of the TennCare Quality Improvement System (QIS) for coordinated care. If the QIS is to be effective in improving care, it must have accurate and reliable information upon which the State may take action to improve care. Therefore, reviews of care should be conducted in accordance with generally accepted principles of research design and statistical analysis in order to produce valid, reliable, and generalizable information.
- B. Information should have the largest possible impact on care. Because resources are finite, it is not possible to examine every episode of illness or every encounter with a provider for every TennCare enrollee. Therefore, the external quality review should give priority attention to clinical conditions or health services delivery issues:

which have highest prevalence or incidence; and
for which appropriate care has the greatest potential for improving health outcomes.
- C. Information should clearly identify instances in which care can be improved and provide a baseline for future assessment to see if care has actually been improved. The identification of areas needing improvement and the creation of a baseline for future assessment requires the advance specification of goals or standards for health services to which care actually delivered can be compared. The external quality review should measure care delivered against objective measures of health care which have been agreed upon by the TennCare, the EQRO, and, to the extent possible, the managed care organizations.

III. CONCEPTUAL APPROACH:

External Quality Review should include three types of activities:

1. focused studies of patterns of care;
2. individual case review in specific situations; and
3. follow-up activities on previous pattern of care study findings and individual case review findings.

Each of these activities is described below. The appropriate roles of TennCare agencies, EQROs and coordinated care organizations in carrying out these activities are discussed in Section IV, "Implementation".

A. Focused Pattern of Care Studies

Focused pattern of care studies are detailed investigations of certain aspects of care for specific clinical areas of interest (e.g., pregnancy, asthma, or immunizations), or for defined aspects of health services delivery which cut across clinical areas (e.g., access to care, utilization of services, continuity/coordination of care, health education or emergency services). Focused pattern of care studies contrast with random reviews of unrelated episodes or aspects of care. An example of a random review of unrelated episodes of care is: reviewing a subset or sample of the medical records of all enrollees to detect any problems in quality. Focused pattern of care studies are superior to random reviews, because they provide information about care in the aggregate as opposed to information on a limited number of cases. Information about care in the aggregate can be generalized to the care delivered at-large and thus can point the way to large scale change in care, as opposed to addressing quality on a case-by-case basis (as is done in random quality reviews).

Effective focused studies should meet the following criteria:

1. Selection of Study Topics - The clinical or health service delivery areas selected for study should reflect the distribution of health concerns within the TennCare population and should be of significant prevalence or incidence. Additionally, study topics should meet the following criteria:
 - a. There are objective criteria for assessing care in the clinical or health service delivery area to be monitored. These criteria should be derived from clinical practice/treatment guidelines which meet standards for practice guidelines contained in "Guidelines for Internal Quality Monitoring Programs of Managed Care Organizations Contracting with the Tennessee Comprehensive Health Insurance Program".
 - b. The study topic should be one in which there is likely to be opportunity to improve health status; for example, immunizations offer great opportunities to improve health status.
 - c. Study topics should not be restricted to care delivered in one type of setting; e.g., inpatient or ambulatory.
2. Study Design - Once the issues to be addressed through focused studies have been identified, the studies should be carefully designed if they are to produce information which is accurate, reliable, generalizable, and generally useful. To accomplish this, studies should be designed in accordance with generally accepted principles of scientific research and statistical analysis. The essential steps in study design are summarized here:

- a. Framing the Study Question - It is rarely possible to evaluate every aspect of care related to a specific clinical condition or health service delivery issue. Therefore, after each study topic involving a clinical condition or health service concern has been identified, the question each study is to answer must be refined. For example, if a plan has identified pregnancy as a clinical condition for study, there are numerous questions about quality of care that could be included in a full study. For example:
1. Did pregnant women receive prenatal care in accordance with certain specified clinical practice guidelines? What are the clinical practice guidelines against which care will be compared?
 2. Does the plan have a method for identifying "high-risk" pregnancies, and does it have established procedures for "high-risk" deliveries? Were these procedures appropriately used? What is the pattern of utilization of tertiary care facilities for childbirth?
 3. What are the characteristics of pregnant enrollees who delivered low birth weight babies, and how could the plan improve its service to these women?
 4. What are the nutritional and substance abuse characteristics of enrolled pregnant women? How could the plan improve its service to pregnant women based on the information obtained?

Information from enrollee satisfaction surveys, complaints, grievances, client disenrollments and State monitoring of plans may be utilized to assist in framing study questions. In addition, TennCare recipients or advocates can also play a role in determining issues to be studied as part of a particular study.

- b. Specifying Practice Guidelines for use in Assessing Care - When the EQRO monitors and evaluates care, it should compare the plan's performance against some concept of "good" care. What constitutes "good care" should be identified before data is obtained from plans about the health care it delivers. The TennCare document "Guidelines for Internal Quality Monitoring Programs of Managed Care Organizations Contracting with TennCare" calls for coordinated care organizations themselves to monitor and evaluate the care they deliver through the use of clinical practice guidelines acceptable to the State.

Practice guidelines, practice standards, practice advisories, or practice parameters are all terms used to refer to recommended "best practice" strategies for clinical decision making and patient care. Although the terminology may vary, all can serve as sources of quality indicators against which care delivered by the managed care organization can be assessed. This document uses the term "practice guidelines" although, for purposes of this document, any of these terms may be used interchangeably. Sources of practice guidelines may be found in the American Medical Association publication, "Directory of Practice Parameters", which is published annually, or may be identified from several other sources, including government and public health publications, recommendations from medical leadership and plan providers, as well as from published practice parameters.

Ideally, the practice guidelines which the managed care organization uses to assess care, and the guidelines used by the external review organization, should be identical. However, this may not always be the case. Regardless, the EQRO

shall review care in accordance with explicit guidelines approved by the State. If these guidelines are in conflict with those utilized for other purchasers of managed care services, this should be noted in the EQRO's analysis of findings and appropriately addressed.

- c. Defining and Quality Indicators that will be Monitored and Evaluated to Assess Care - From the practice guidelines, specific variables are derived to serve as indicators of the quality of care. These "quality indicators" are objective pieces of information that will be collected and analyzed to provide information to answer the study questions. For pregnancy, for example, selected quality indicators could include: birth weight, weeks of gestation at first prenatal visit, number of prenatal visits prior to delivery, or birth outcome (fetal loss of live birth).

Most quality indicators to be utilized will be "process of care" measures as opposed to outcome measures. If outcome indicators are considered, the difficulty of attributing outcome to health care received must be addressed, as well as the problem of the infrequent occurrence of some outcomes and the resulting problems of obtaining statistically significant results.

- d. Determining the Methodology which the EQRO will Utilize to Assess Care Delivered - The methodology to be utilized to compare care recommended in accordance with the identified practice guidelines should address the following:

1. What will be the sources of the data to be collected? Data can be obtained from many sources; e.g., medical records, administrative data, claims data, and survey data. Although the sources of data may vary by plan, the EQRO should attempt to use consistent data definitions and a consistent data collection methodology to promote comparability of data across plans. Abstraction instruments should be employed by the external review entity to aid in consistency of data collection, and data abstractors should be experienced in their use. This will promote internal validity and comparability across plans within a State.
2. Will sampling be utilized or will all incidents which meet study question criteria be included in the study? The methodology should estimate the prevalence of the issues under study within the plan. In plans with few TennCare enrollees or a small universe, it may be advisable to obtain data on all Medicaid enrollees instead of sampling. Where the universe is large, the external study should sample the condition under review.
3. If sampling is to be utilized, the sample should be derived in accordance with generally accepted principles of research design and statistical analysis in order to be appropriate to the purposes and hypotheses of the study. The sampling methodology and statistical analysis to be utilized should consider:
 - a. the intended uses of the data (e.g., does the State wish to make comparisons across plans or comparisons to regional or national data? Will it be used to sanction plans? Will it be released to the public at large?);
 - b. the nature of the data to be collected;

- c. the expected prevalence of compliance/noncompliance with certain guidelines;
 - d. the total number of studies to be conducted by the EQRO for each particular plan. Fewer studies with larger sample sizes and more numerous studies with smaller sample sizes may pose similar administrative burdens on plans. There are trade-offs to be made between the number of studies the State desires and the sample sizes that can reasonably be pursued for each study;
 - e. the degree of confidence required for the data.
4. Will there be continuous monitoring or one time collection of data? Is there a need for the State to have certain plan performance information more frequently than annually?
5. Determining the Methodology for Analysis of Results - The study methodology should specify:
- a. How the raw data collected from the study is to be verified.
 - b. What statistical analytical tests are to be performed on the data.
 - c. Whether the data analysis will be able to adjust for such influences as age, severity of illness, or other variables which may affect the findings for the study questions. If no adjustments are possible, this should be discussed in the report of external review study findings.
 - d. The performance measures to be used by the State to define "acceptable" performance by plans. For example, the State may choose to measure plan performance against national performance data, against the performance of other plans in the State, or through established "benchmarks" against which the plan will be expected to show continuous improvement.

If the State desires to utilize external quality review to make comparisons of the care given by different plans in the State, the external quality review analysis should contain descriptions of the varying sources and definitions of data collected across plans. If information is able to be collected from all plans in an identical manner and using identical definitions, plan comparisons should be more feasible. Where data collection and definitions are not identical, an explanation and discussion of the limitation on cross plan comparison based upon the different data sources and data definitions utilized by plans should be included in the external quality review report. Until there is national or State standardization of data definitions and data collection across plans, the ability to compare information across plans will be limited.

3. Analysis and Interpretation of Study Findings - Analysis of results is not limited to the performance of statistical tests upon the raw data. "Analysis" examines data in light of other knowledge about the study population, plans, and the environment in which plans and enrollees exist. Analysis attempts to produce "information" from "data". For example, when there is variation of plans from national norms, or variation between plans, what are likely explanations? Analysis of data should be conducted with input

from the plans and the State. It should produce recommendations for concrete actions which can be undertaken by plans, enrollees and the State to improve the health care received from coordinated care organizations.

B. Individual Case Reviews - As discussed above, population-based quality of care studies are more capable of providing generalizable quality of care information than are case-by-case reviews of care rendered to individuals. However, on occasion, there will also be a need for review of the quality of care delivered at the level of the individual. Such individual case review is necessary for individual incidents in which:

1. the occurrence is too infrequent to make judgements about "patterns" of care, or it is not possible to perform an analysis to detect "statistical" significance; or
2. the effect on an individual or individuals is so serious as to warrant individual attention.

Examples of clinical incidents which may warrant individual case review are: maternal death, childhood death (non-neonatal, trauma, immunologic or oncologic related), and ambulatory surgery deaths. Individual case review may also be appropriate in instances when questions are identified about a certain type of care provided by a particular provider. The State may further wish to reserve the right to refer a certain number of cases to the EQRO for individual case review on an ad-hoc basis when cases arise which do not fit into anticipated individual case review categories.

In individual case review, peer health care professionals from the EQRO should review the medical records and any other accessory information sources to determine: the anatomy of the incident; remedial action, if possible; steps which may be taken to prevent such an occurrence in the future; and the implications of this occurrence for the coordinated care organizations' quality assurance program and the State's quality improvement system. This information should be included in the EQRO's report to the State on plan performance in quality of health care and health care delivery.

C. Follow-up Activities on Study and Case Review Findings -

1. Both focused pattern of care studies and individual case review activities should result in formal written recommendations by the EQRO for actions to be undertaken by the plan, the State, or other parties (including the EQRO), as appropriate, to:
 - a. improve the care provided by the plan to TennCare recipients, and
 - b. resolve detected problems.
2. At the end of each review cycle, the EQRO should submit to the State a written report which contains: a description of its activities, pattern of care study findings, individual case review findings, and a Follow-Up Work Plan recommending activities to be conducted and the entities which are to conduct them to resolve identified problems and improve care overall. The work plan should include measurable goals so that problem resolution and care improvement can be objectively assessed. The work plan should be jointly developed by the EQRO and the organizations under review. (See Section IV, "Implementation", for greater discussion of this.)

In the subsequent review cycle the EQRO should conduct verification activities to determine two things:

- a. Were problem resolution and quality improvement activities implemented as recommended in the Follow-Up Work Plan?

- b. Have work plan activities achieved their stated goals?

Areas in which work plan goals have been reached would require no further follow-up (although the State may wish to continue to address these areas through focused studies or case review). Areas in which problem resolution or quality improvement goals were not reached will require both ongoing quality review and further follow-up activities. The EQRO should document organization compliance/non-compliance with recommendations.

IV. IMPLEMENTATION

There are a number of ways in which the working relationships between the State, the EQRO, and managed care organizations can be structured to implement the above approach to external quality review. The external quality review activity is more likely to be a successful Quality Improvement mechanism if the organizations under review are proactively involved in this quality improvement process. TennCare is committed to actively working with all of the involved entities to develop collaborative relationships for quality improvement. In designing the external quality review function and determining how it is to operate as part of the TennCare Quality Improvement System (QIS), the following issues shall be addressed:

A. Delineating the Role of the EQRO -

The EQRO is the contractor to the State. At a minimum, the EQRO is fully responsible for implementing quality review activities in accordance with certain specifications determined by the State. The EQRO may also have responsibilities for designing focused studies, individual case reviews and Follow-Up Work Plans.

The State will determine and specify the degree to EQRO involvement in the design of external quality review. The following design function will be explicitly addressed:

1. Selection of clinical conditions and/or health service delivery issues to be addressed through external quality review.
2. Study design features as described in the previous section, including: refining study questions, identification of practice guidelines to be used to assess care, identification of quality indicators, and determination of study methodology.
3. Analysis and Interpretation of study findings.
4. Determination of characteristics of cases to receive individual review.
5. Structuring of Follow-Up Work Plans.

B. Length of EQRO Contract with the State - The State will determine the length of the contract with EQRO.

C. Participation of Managed Care Organizations in Designing EQRO Review Activities -

Quality improvement and problem resolution activities will be most effective if the coordinated care organizations participate in their design. Participation by the organizations under review can contribute to improved quality review activities and quality of care in two ways:

1. Participation in quality review design will likely make implementation of the reviews easier for both the EQRO and the organization, and may increase the likelihood of being able to implement the review methodology as designed.

2. Advance knowledge of the scope of an intended review of care may encourage an organization to improve care in those areas prior to the review, thus improving care sooner rather than later.

To the extent possible, managed care organizations should participate in the following quality review design activities:

1. selection of clinical conditions and/or health service delivery issues to be addressed through external quality review;
2. study design features as described in the previous section, including: refining study questions, identification of practice guidelines to be used to assess care, identification of quality indicators, and determination of study methodology;
3. analysis and interpretation of study findings;
4. determination of characteristics of cases to receive individual review; and
5. structuring of Follow-Up Work Plans.

The above mentioned plan is not intended to prevent unannounced reviews either by the State or the EQRO of the managed care organizations. At a minimum, however, each plan shall be informed in advance, of the clinical practice guidelines which will be utilized in assessing care, and the quality indicators which will be reviewed by the State or the EQRO. Establishment of clinical practice guidelines should be done as far in advance of the review as possible.

- D. Potential Variation in the Type of Clinical Conditions/Health Services Delivery Issues to be Studied at Each Plan - In certain situations, the State may wish to vary the clinical conditions to be studied between plans. For example, the State may have different concerns for its inner city enrollees than for its rural enrollees.

- E. Determining the Number of Focused Pattern of Care Studies to be Conducted for Each Plan -

The number of studies to be conducted for each plan is, in part, a function of the methodology(ies) to be employed in conducting the quality of care studies. Complex studies need more resources than smaller studies; e.g., more data may need to be collected de novo from medical records rather than accessed from existing administrative data sets; data may need to be collected for consecutive years in order to obtain adequate sample sizes or detect trends in care; or the character of a certain condition may necessitate larger rather than smaller sample sizes.

The State may:

1. Require the same number of studies to be conducted by or for all plans. In this option the State has the option of requiring the EQRO to review different study issues for certain plans.
2. Require fewer studies from plans which have a strong history of producing information of high reliability and accuracy, and which have consistently shown compliance with agreed upon performance measures. The State would then direct the EQRO to perform or oversee a greater number of clinical studies in plans which have poorer quality of care performance in comparison to their counterparts.

Determination of the number and complexity of studies will be made by the State in consultation with the external quality review organization and the coordinated care plans.

- F. Methods for Implementing Focused Studies -

Because of the varying capabilities of plans to provide quality of care data and to conduct pattern of care studies, the TennCare may elect, at its discretion, any of three different approaches to utilizing the EQRO to obtain accurate pattern of care information from plans. The variation in these approaches is intended to provide flexibility to the State and plans in obtaining and providing external quality review information. The State may utilize different approaches for different managed care organizations depending upon the State's knowledge about each organization's past performance in the provision of health care and in the implementation of quality of care studies.

Option 1. EQRO Review of an Organization-Designed and Conducted Internal Study - THIS OPTION ASSUMES THE INDEPENDENT CAPABILITY OF THE COORDINATED CARE ORGANIZATION TO DESIGN AND IMPLEMENT A STUDY WHICH MEETS STATE SPECIFIED PARAMETERS. Under this option, the role of the EQRO is to review the coordinated care organizations' study to determine if the study methodology is valid and to perform an independent validity check of the internal study findings. If the external review organization's review supports the plan's methods and findings, then the external review organization can utilize the coordinated care organization's study findings in its report of plan performance to the State. If the external review organization finds that either than plan has not conducted a validly designed study which can answer the study questions, or that the study findings are not supported by an external validity check, then the external review organization can either impose a study methodology on the plan in accordance with Option 2, below, or conduct its own study (Option 3).

At a minimum, EQRO review of a managed care organization's internal study, should assess the following issues:

Was the study questions of the plan the same as that specified by the State? If not, did the study generate the proscribed study variables defined according to the same specifications to be used for the EQRO's study?

Was the collection of the same defined performance measures performed in a manner that preserves internal and external validity; e.g., Was the sampling methodology? Were reliable data collection mechanisms employed? Was it designed in accordance with generally accepted research principles?

Does a verification subsample confirm the findings of the plan?

Based upon the EQRO's evaluation of the plan's internal study, if the plan has conducted its internal study in an acceptable manner, then the State may exempt the organization from a full external study of this question and utilize data provided by the plan through its internal QMP.

Option 2. EQRO Design of Study/Implementation by Coordinated Care Organization - IN ADDITION TO SECURING THE QUALITY OF CARE INFORMATION SOUGHT BY THE STATE, THIS APPROACH HAS A SECONDARY DESIRABLE EFFECT OF IMPROVING THE INTERNAL QUALITY MONITORING CAPABILITY OF THE PLAN.

A coordinated care organization may not have sufficient resources or expertise to independently and competently design a focused pattern of care study which meets the criteria determined by the State. In such a situation, if the organization is willing to implement a quality assurance study in accordance with study design specifications established by the EQRO and the State, the EQRO may provide the organization with study design specifications to enable the organization to conduct its own internal study to meet State specifications. In this option, the EQRO and the organization would work collaboratively to develop study design specifications for the plan which meet study specifications established by the EQRO and State for the external quality reviews. The organization is then responsible for implementing the study in accordance with these

specifications. At the conclusion of the implementation of the study, the EQRO would perform the same evaluation of the plan's focused pattern of care study as it does for studies independently designed and conducted by managed care organizations as in Option 1, above. If the study meets all requirements, the EQRO may utilize this data in its plan performance report to the State.

If the plan is not willing to accept such guidance, or if the plan's study fails to meet criteria for acceptable performance, then the EQRO will both design and implement quality of care studies as in Option 3, below.

Option 3. Design and Implementation of Focused Studies Solely by the EQRO.

If the State determines, with input from the EQRO, that a review of the plan's internal studies is not feasible, or that an effort at having a coordinated care organization implement a study in accordance with State/EQRO specifications is not likely to be successful, the external quality review organization shall implement quality of care studies to answer the State's areas of concern in accordance with the conceptual model discussed in Part III above. In this option the role of the coordinated care organization shall be to provide or allow access to clinical or health services data required by the EQRO. This data may be in the form of medical records or data from administrative or other data sets. If information is obtained from sources other than medical records, the EQRO shall also perform a verification of the accuracy of the data base.

G. Individual Case Review - Since focused pattern of care studies generate information of greatest utility for quality improvement, and case-by-case review consumes more resources on a per-case basis, individual case review should be reserved for unique clinical care situations which meet either of the two criteria described in Part III:

1. the occurrence is too infrequent to make judgements about "patterns" of care or perform analyses to detect "statistical" significance; or
2. the effect on an individual or individuals is so serious as to warrant individual attention.

The State is responsible for identifying the criteria for selecting individual cases which will receive individual quality review. Because individual case review should be undertaken in very few cases, it is appropriate that it be well targeted. As with the process for external review overall, the effectiveness of targeting cases for individual case review process is likely to be most effective if designed jointly by the EQRO and the State, with input from the managed care organizations.

EQRO statisticians may be helpful in identifying clinical conditions or events which happen so rarely that pattern of care studies are not feasible. Managed care organizations may be helpful in identifying clinical or health services delivery incidents which warrant individual attention. The State may also utilize information from grievances and State monitoring plans to identify incidents which require individual case review. The State may also, at its discretion, direct that a particular case or cases be referred to the EQRO for individual case review.

H. Follow-Up Activities

After the EQRO has completed its focused studies and individual case reviews for each plan, it will produce a set of preliminary findings and recommendation for: problem resolution, quality improvement, and follow-up activities. These should be reviewed and commented upon jointly by plans and the State before being finalized. The State has the discretion to determine how and when this review is to take place. The State may choose to take any degree of involvement it desires in this process. The examples listed below should be considered as a continuum of involvement.

Example 1: High Level of TennCare Involvement - TennCare could require the EQRO to submit its preliminary findings directly to TennCare. TennCare would then take total responsibility for

reviewing the findings with coordinated care plans and developing a final report and follow-up work plan to be implemented by the EQRO.

Example 2: Low Level of TennCare Involvement - TennCare could direct the EQRO to meet with each plan it reviewed to present its findings to the plan and develop a mutually agreed upon problem resolution, quality improvement, and follow-up work plan. The EQRO would then submit a final report to the State.

Example 3: Midlevel TennCare Involvement - TennCare may direct the EQRO to implement a process for organization review and comment prior to finalizing the EQRO's annual report to the State. The process could be jointly developed and implemented by TennCare and the EQRO.

It is necessary to have the review of preliminary findings by the plans in order to assist in:

the interpretation of the quantitative findings of the EQRO; and

the development of follow-up plans for problem resolution and quality improvement.

Regardless of the degree of involvement of the TennCare in finalizing the preliminary findings of the EQRO, TennCare will be highly involved in the follow-up of the final findings of the annual EQRO quality review. TennCare will meet its responsibility to remain aware of: the quality of care provided by its coordinated care contractors; and necessary follow-up activities to be taken by the EQRO; or the status of the EQRO's implementation of follow-up activities. The EQRO will submit status reports every four to six months to TennCare on its follow-up activities on the preceding year's findings. In instances where a coordinated care organization's quality of care has shown significant deficiencies, TennCare will consider the appropriateness and applicability of intermediate sanctions.

V. CONFIDENTIALITY AND DISCLOSURE OF INFORMATION

TennCare will make clear to both the EQRO and coordinated care organizations how the TennCare will utilize information obtained from the reviews in any planned release of data, report of quality review findings, or requests for information from other public or private entities. TennCare will delineate what, if any, authority the EQRO has to release any plan specific or aggregate data other than information specific to a coordinated care organization to that same organization. If TennCare contracts with a Medicare Peer Review Organization (PRO) to conduct external quality reviews, the disclosure of external review information is governed by Section 1160 of the Social Security Act, "Protection Against Disclosure of Information." If TennCare uses an entity other than a PRO, disclosure of information is governed by State law and the confidentiality and data requirements of TennCare.

VI. SPECIFICATIONS FOR EXTERNAL QUALITY REVIEW ORGANIZATIONS

The external quality review process is based on a reliance on scientific principles governing research design and statistical analysis. In addition, the focus of the reviews is on health care services and on the delivery of these services. Because of this, the organization which conducts the reviews shall have personnel who are educated and experienced in the conduct of health services research and the provision of medical services. Further, the EQRO shall provide these individuals with appropriate supervision in the conduct of their work. At a minimum, EQROs shall have personnel with the following competencies:

A. Clinical Expertise -

The EQRO may utilize staff level personnel with varying clinical experience; e.g., medical, nursing, dental or other allied health professions. However, because the EQRO will be making measurements and assessments of the delivery of medical and related health services, clinical assessment activities undertaken by the EQRO shall be under the supervision of an individual with the appropriate education and experience in:

1. Assessing broad-based medical and other health care services, through the use of quality assurance technology such as: practice guidelines, quality indicators, and performance measures.
2. Utilizing practice guidelines - their development, evaluation and implementation.
3. Designing, implementing and assessing the effectiveness of corrective action plans/quality improvement activities.

In addition, the EQRO shall demonstrate that it has access to medical and health care experts in specific health care areas; e.g., specialty care, on an ad-hoc basis.

B. Health Services Research Expertise -

Because the primary activities to be undertaken by EQROs are designing, assessing and implementing focused quality of care studies, the EQRO shall have sufficient expertise in research methodology and statistical analytical methods to know how to undertake these activities and to instruct coordinated care organizations, as necessary, where a coordinated care organization wishes to undertake studies itself. EQROs shall have sufficient personnel resources in research and statistical analytical methods in order to provide assistance to coordinated care organizations and assess the soundness of focused quality of care studies on a timely basis.

SECTION IV

MONITORING MANAGED CARE

I. INTRODUCTION

Managed Care is intended to mean the proper utilization of available resources to achieve and maintain the highest degree of health and functional capability practically obtainable by an individual. This entails the provision of health care in such a way as to prevent those illnesses and conditions for which recognized preventive strategies have been shown to be possible and cost effective.

In the achievement of these goals however, the temptation to compromise the quality, availability and accessibility of services must be avoided. Especially important is the aspect of under-utilization in MCOs that are at financial risk of medically necessary services in order to reduce cost and increase the profitability of the provider and over-utilization of MCOs that are not at financial risk. There are a number of parameters which can and should be continually monitored to assure the provision of quality health care to every enrollee. Some of these examples follow this introduction.

II. ACCESS TO CARE

1. Managed Care organizations will be required to assure that the TennCare enrollee has access to care which meets the requirements of this Agreement.
2. TennCare will monitor access to primary care by reviewing the MCO provider network in the following primary care areas: Family Practice, Internal Medicine, Pediatrics, Obstetrics and Gynecology. TennCare will review the data from the MCO's monthly provider file that is electronically submitted to TennCare and compare this data with the MCO's membership to determine the numbers and distribution of providers compared to enrollees and to calculate travel distances between contracted providers and enrollees.
3. TennCare will monitor access to essential hospital services and Centers of Excellence by reviewing the "Essential Hospital Service Chart" and comparing this data with the MCO's membership to determine the geographic distribution of providers compared to enrollees calculating travel distances between contracted providers and enrollees.
4. TennCare will monitor access to care for Physician Specialty Services by reviewing the MCO's provider network, including non-contractual relationships, for physician specialties indicated in Section 2-4.1. TennCare will review the data from the MCO's monthly provider file that is electronically submitted to TennCare along with the CONTRACTOR's Physician Specialty charts for each specialty in each CRA. TennCare will assess this network in conjunction with the MCO's membership to determine the numbers and distribution of providers compared to enrollees and to calculate travel distances between providers and enrollees. TennCare will also compare physician specialty networks across MCOs serving the same regions to assist in identifying usual and customary referral patterns. TennCare will not necessarily require a CONTRACTOR to contract for all physician specialties within the same CSA that the enrollee resides, but will require the CONTRACTOR to establish provider agreements with each of the eleven physician specialists identified in Section 2-4.1 in each area designated by TennCare as a focal point for specialist services in the CONTRACTOR's service area. A sufficient number of provider agreements shall be established in each focal point to ensure that non-dual enrollee to provider ratios remain below the maximum allowable ratios for each area as defined in Attachment IV. TennCare will also review complaints and appeals to identify potential deficiencies in the CONTRACTOR's physician specialty services arrangements.
5. Member satisfaction surveys will be conducted by TennCare, independent of the CONTRACTOR. These surveys may include, availability of appointments, length of waiting times, office hours, ease of obtaining preventive medicine services, prescription medication coverage, the ability to obtain emergency services; the ability to obtain specialty services and any other services or conditions TennCare chooses to evaluate.

6. Provider surveys will be conducted by TennCare, independent of the CONTRACTOR. These surveys may include ease of requesting prior authorization, ease of obtaining specialty services referrals, and timeliness of claims payment processes.

III. STANDARDS OF CARE

1. Standards of care shall be taken from published recommendations of nationally recognized authorities such as; The American Medical Association; The American Dental Association, The American Academy of Pediatrics and the many other specialty and non-specialty groups. The standard of care for the community will also be recognized. Two examples of the types of standards which might be applied are listed here. Information on the monitoring of these standards may be found under **Quality of Care Monitors**.
2. Prenatal Care will be delivered according to standards of the American College of Obstetricians and Gynecologists (ACOG).
3. Child Health Care will be delivered according to the standards of the American Academy of Pediatrics (AAP) and in compliance with the EPSDT policies now in effect.

IV. QUALITY OF CARE MONITORS

1. Quality of Care will be monitored in an on-going manner by TennCare staff.
2. Managed Care organizations will be required to establish a Quality Improvement Unit to review inpatient and outpatient care provided by the organization.
3. Managed Care organizations will be required to establish a PEER review committee to monitor Quality of Care issues. This committee will have a clear and concise chain of command.
4. The PEER review committee will be responsible for directly addressing issues of concern by letter and face-to-face with the responsible provider.
5. The Managed Care organization shall immediately report to TennCare all cases of suspected provider or recipient fraud or abuse.
6. TennCare and/or it's agent shall be provided immediate access to medical and other patient related records by the Managed Care organization or it's employee providers of service, or it's contract providers of service.
7. TennCare and/or it's agent shall make unannounced visits either on a random basis or for a specific reason, to review medical and other patient related records.
8. The Managed Care organization shall immediately notify Medicaid of any malpractice actions brought against any of it's providers.
9. TennCare shall monitor MCO progress toward obtaining the benchmark level of performance for each of the measures specified below. The CONTRACTOR shall demonstrate meaningful improvement each year. Meaningful improvement is defined as ten (10) percentage point improvement over the prior years rate or satisfaction of the benchmark. The CONTRACTOR shall not be required to develop and analyze performance indicators for enrollees in Groups 3, 4, or 5 as defined in Section 4 of this Agreement. The performance indicators are:

Performance Indicator	Data Sources	Measure	Target	Benchmark
Childhood Immunizations	MCO encounter data; TennCare enrollment data	percentage of two-year old children receive all 12 recommended vaccines	100% of children immunized	To be determined.
Adolescent Immunizations	MCO encounter data ;TennCare Enrollment data	percentage of enrolled adolescents (who turn 13 during measurement year) receive recommended vaccines	100% of adolescents immunized	To be determined.
Checkups After Delivery	MCO encounter data ;TennCare enrollment data	percentage of female enrollees receive a post partum checkup 3-8 weeks after delivery	100% of women that delivery receive a check-up	To be determined.
Cervical Cancer Screening	MCO encounter data; TennCare enrollment data	percentage of enrolled women (ages 21-64) receive one or more pap tests in the reporting year or the two years prior to the reporting year	According to ACOG guidelines	To be determined.
Breast Cancer Screening	MCO encounter data; TennCare enrollment data	percentage of enrolled women who received a mammogram in the past two years	According to ACOG guidelines	To be determined.

Performance Indicator	Data Sources	Measure	Target	Benchmark
HBA1c Testing	MCO encounter data; TennCare enrollment data	percentage of members age 18 through 75 with one or more tests conducted during the measurement year. Notation in the medical record of any one of the following is acceptable: - Glycated hemoglobin - Glycosylated hemoglobin A1c - Glyco hemoglobin A1c - HBA1c hemoglobin A1c	At least one test each year	To be determined .
EPSDT	MCO encounter data; TennCare enrollment data	The percentage of children who received a periodic screen including all components (consistent with EPSDT Consent Decree Definition)	100% screening	Adjusted periodic screening percentage greater than 80%

For the purpose of monitoring Quality of Care, Access to Care and Availability of Care, TennCare shall routinely review vital records, birth records, individual encounter data, monthly provider files and other required reports to monitor quality of care and other available sources. TennCare may use individual encounter data, monthly provider files and other required reports to measure the Managed Care Organization's compliance with Provider Network, Claims Processing, Financial/Actuarial Stability, Clinical/Quality and Member/Provider Service standards.

ATTACHMENT III - TERMS AND CONDITIONS FOR ACCESS

ATTACHMENT III

Terms and Conditions for Access

In general, contractors shall provide available, accessible, and adequate numbers of institutional facilities, service locations, service sites, professional, allied, and paramedical personnel for the provision of covered services, including all emergency services, on a 24-hour-a-day, 7-day-a-week basis. At a minimum, this shall include:

- Primary Care Physician or Extender:
 - (a) Distance/Time Rural: 30 miles or 30 minutes
 - (b) Distance/Time Urban: 20 miles or 30 minutes
 - (c) Patient Load: 2,500 or less for physician; one-half this for a physician extender.
 - (d) Appointment/Waiting Times: Usual and customary practice (see definition below), not to exceed 3 weeks from date of a patient's request for regular appointments and 48 hours for urgent care. Waiting times shall not exceed 45 minutes.
 - (e) Documentation/Tracking requirements:
 - + Documentation - Plans must have a system in place to document appointment scheduling times. The State must utilize statistically valid sampling methods for monitoring compliance with appointment/waiting time standards as part of the survey required in special term and condition 3.
 - + Tracking - Plans must have a system in place to document the exchange of client information if a provider, other than the primary care provider (i.e., school-based clinic or health department clinic), provides health care.
- Specialty Care and Emergency Care: Referral appointments to specialists (e.g., specialty physician services, hospice care, home health care, substance abuse treatment, rehabilitation services, etc.) shall not exceed 30 days for routine care or 48 hours for urgent care. All emergency care is immediate, at the nearest facility available, regardless of contract. Waiting times shall not exceed 45 minutes.
- Hospitals
 - (a) Transport time will be the usual and customary, not to exceed 30 minutes, except in rural areas where access time may be greater. If greater, the standard needs to be the community standard for accessing care, and exceptions must be justified and documented to the State on the basis of community standards.
- General Dental Services:
 - (a) Transport time will be the usual and customary, not to exceed 30 minutes, except in rural areas where community standards and documentation will apply.
 - (b) Appointment/Waiting Times: Usual and customary not to exceed 3 weeks for regular appointments and 48 hours for urgent care. Waiting times shall not exceed 45 minutes.
- General Optometry Services:
 - (a) Transport time will be the usual and customary, not to exceed 30 minutes, except in rural areas where community standards and documentation shall apply.
 - (b) Appointment/Waiting Times: Usual and customary not to exceed 3 weeks for regular appointments and 48 hours for urgent care. Waiting times shall not exceed 45 minutes.

- Pharmacy Services:
 - (a) Transport time will be the usual and customary, not to exceed 30 minutes, except in rural areas where community access standards and documentation will apply.
- Lab and X-Ray Services:
 - (a) Transport time will be the usual and customary, not to exceed 30 minutes, except in rural areas where community access standards and documentation will apply.
 - (b) Appointment/Waiting Times: Usual and customary not to exceed 3 weeks for regular appointments and 48 hours for urgent care. Waiting times shall not exceed 45 minutes.
- All other services not specified here shall meet the usual and customary standards for the community.

Definition of "Usual and Customary" - access that is equal to or greater than the currently existing practice in the fee-for-service system.

Guidelines for State Monitoring of Plans

- State will require, by contract, that Plans meet certain State-specified standards for Internal Quality Assurance Programs (QAPs) as required in 42 CFR 434.

State will monitor, on a periodic or continuous basis (but no less often than every 12 months), Plans adherence to these standards, through the following mechanisms: review of each plan's written QAP, review of numerical data and/or narrative reports describing clinical and related information on health services and outcomes, and on-site monitoring of the implementation of the QAP standards.

- Recipient access to care will be monitored through the following State activities: periodic comparison of the number and types of providers before and after the waiver, periodic surveys which contain questions concerning recipient access to services, measurement of waiting periods to obtain health care services, and measurement of referral rates to specialists.

Guidelines for Plan Monitoring of Providers

- Plans will require, by contract, that providers meet specified standards as required by the State contract.
- Plans will monitor, on a periodic or continuous basis, providers' adherence to these standards, and recipient access to care.

ATTACHMENT IV - SPECIALTY NETWORK STANDARDS

ATTACHMENT IV Specialty Network Standards

For the purpose of assessing specialty provider network adequacy, TennCare MCO networks will be evaluated relative to the requirements described below. The purpose of these requirements is to ensure access and availability to specialists for non-dual Medicare/Medicaid eligibles while recognizing the actual disbursement and number of specialty resources available within the state. A provider is considered a "specialist" if he/she has a provider agreement with the MCO to provide specialty services to enrollees.

Access to Specialty Care

Contractors shall ensure access to specialists for the provision of covered services. This requirement shall be satisfied through the execution and maintenance of at least one provider agreement for the provision of each of the following types of specialist services in the area specified. This requirement ensures that TennCare enrollees in all MCOs will be able to access specialists within the community in which they reside or as close to it as feasible, while recognizing the constraints introduced by the limited availability of specialists in some areas.

The geographic areas, or "focal points" where contracts are required include Davidson, Hamilton, Knox, Madison, Maury, Putnam and Cumberland (Either one), Shelby, and Sullivan and Washington (Either one) counties, either because these are population centers or there is a major medical center located in the area. If MCOs establish contracts for the provision of specialty services in each of these eight focal points all TennCare enrollees will have access to specialists within a maximum travel distance of 90 miles, and the majority will have access to specialists within 60-miles. Contracts are required in these specific areas in recognition of traditional specialty referral patterns.

The areas in which MCOs are required to establish contracts are indicated in the chart below by Grand Region. Based on these requirements, an MCO serving the East Grand Region would be required to have at least three Cardiologists in its network (one in Hamilton, One in Knox, and one in Sullivan or Washington counties).

SPECIALIST	GRAND REGION		
	WEST	MIDDLE	EAST
Cardiology	<ul style="list-style-type: none"> ▪ Madison ▪ Shelby 	<ul style="list-style-type: none"> ▪ Davidson ▪ Putnam/Cumberland ▪ Maury 	<ul style="list-style-type: none"> ▪ Hamilton ▪ Knox ▪ Sullivan/Washington
ENT	<ul style="list-style-type: none"> ▪ Madison ▪ Shelby 	<ul style="list-style-type: none"> ▪ Davidson ▪ Putnam/Cumberland ▪ Maury 	<ul style="list-style-type: none"> ▪ Hamilton ▪ Knox ▪ Sullivan/Washington
Gastroenterology	<ul style="list-style-type: none"> ▪ Madison ▪ Shelby 	<ul style="list-style-type: none"> ▪ Davidson ▪ Putnam/Cumberland* ▪ Maury* 	<ul style="list-style-type: none"> ▪ Hamilton ▪ Knox ▪ Sullivan/Washington
Neurology	<ul style="list-style-type: none"> ▪ Madison ▪ Shelby 	<ul style="list-style-type: none"> ▪ Davidson ▪ Putnam/Cumberland* ▪ Maury* 	<ul style="list-style-type: none"> ▪ Hamilton ▪ Knox ▪ Sullivan/Washington
Neurosurgery	<ul style="list-style-type: none"> ▪ Shelby <p>Not Applicable to Madison</p>	<ul style="list-style-type: none"> ▪ Davidson <p>Not Applicable to Putnam/Cumberland and Maury</p>	<ul style="list-style-type: none"> ▪ Hamilton ▪ Knox <p>Not Applicable to Sullivan/Washington</p>
Oncology	<ul style="list-style-type: none"> ▪ Madison ▪ Shelby 	<ul style="list-style-type: none"> ▪ Davidson ▪ Putnam/Cumberland* ▪ Maury* 	<ul style="list-style-type: none"> ▪ Hamilton ▪ Knox ▪ Sullivan/Washington

SPECIALIST	GRAND REGION		
	WEST	MIDDLE	EAST
Ophthalmology	<ul style="list-style-type: none"> ▪ Madison ▪ Shelby 	<ul style="list-style-type: none"> ▪ Davidson ▪ Putnam/Cumberland ▪ Maury 	<ul style="list-style-type: none"> ▪ Hamilton ▪ Knox ▪ Sullivan/Washington
Orthopedics	<ul style="list-style-type: none"> ▪ Madison ▪ Shelby 	<ul style="list-style-type: none"> ▪ Davidson ▪ Putnam/Cumberland ▪ Maury 	<ul style="list-style-type: none"> ▪ Hamilton ▪ Knox ▪ Sullivan/Washington
Urology	<ul style="list-style-type: none"> ▪ Madison ▪ Shelby 	<ul style="list-style-type: none"> ▪ Davidson ▪ Putnam/Cumberland ▪ Maury* 	<ul style="list-style-type: none"> ▪ Hamilton ▪ Knox ▪ Sullivan/Washington

*Contract requirement waived for network approval in year 1 if documentation of attempts to contract and corrective action plan describing how services will be provided submitted to TennCare for prior approval.

Availability of Specialty Care

Contractors shall provide adequate numbers of specialists for the provision of covered services to ensure adequate provider availability. To account for variances in MCO enrollment size, the guidelines described in this section have been established for determining how many of each type of specialist an MCO must have. These are aggregate guidelines and are not age specific. To determine these guidelines the number of providers within each of the focal points in each Grand Region was compared to the size of the population in each Grand Region. The "area" being served includes the population of surrounding counties. The chart below provides the mapping of counties to focal points.

MCOs must comply with the following guidelines: MCOs must have at least one provider agreement with each specialist in each required area; and, MCOs must have a sufficient number of provider agreements to ensure that the number of enrollees per provider does not exceed the following:

Maximum Number of Non-Dual Enrollees per Provider by Specialty and Focal Point

Grand Region	Cardiovascular	ENT	Gastroenterology	Neurology	Neurologic Surg	Ophthalmology	Orthopedic Surg	Oncology	Urology
EAST	19,000	45,000	29,500	40,000	53,500	21,500	14,500	75,500	43,500
MIDDLE	22,000	36,000	47,500	35,000	57,500	22,000	17,500	108,500	33,500
WEST	18,800	26,000	29,500	27,000	27,000	15,500	12,000	85,000	23,000

Monitoring

TennCare will monitor MCO compliance with specialist network standards on an on-going basis. Data from the monthly provider file will be used to verify compliance with the specialty network requirements. This file will serve as the source for confirming the MCO has a sufficient number and distribution of specialists and for calculating enrollee to provider ratios. TennCare will also phone providers listed on this file periodically to confirm that the provider is under contract to provide specialty services as reported by the MCO. Appeals data will also be monitored for indications that problems exist with access to specialists, and corrective action plans will be required when appropriate.

**ATTACHMENT V - INSTRUCTIONS FOR COMPLETING THE STERILIZATION CONSENT
FORM**

INSTRUCTIONS FOR COMPLETING THE STERILIZATION CONSENT FORM

1. Enrollee's TennCare Identification Number may be typed, handwritten or left blank.
2. The physician's name, group name or clinic name from whom the enrollee received information about the sterilization procedure. This can be typed or handwritten.
3. Type of sterilization operation to be performed on the enrollee. This can be typed or handwritten.
4. Enrollee's date of birth. The enrollee must be twenty-one (21) years old to sign the sterilization consent form. This can be typed or handwritten.
5. Enrollee's name. This can be typed or handwritten.
6. Physician's name, group name, or clinic if the enrollee is not sure who will be performing the sterilization procedure. This physician does not have to be the same physician who performed the surgery. This can be typed or handwritten.
7. Type of sterilization procedure to be performed. This can be typed or handwritten.
8. Signature of enrollee. The enrollee must simultaneously sign his/her name and date in his/her own handwriting. If the enrollee cannot sign his/her name he/she can make his/her mark "X" in enrollee's signature if there is a witness. The witness must sign down below his/her name and simultaneously date the day they witnessed the enrollee make their mark. This must be in the witness' own handwriting. The witness should write witness beside their name.
9. The enrollee must simultaneously write the date he/she signed the consent form in their own handwriting when signing the consent form.
10. The enrollee should write in the time they signed the consent form. This is only important in cases where the thirty day time period has not lapsed and the 72 hour period between the time the enrollee signed the consent form and the time the sterilization procedure was performed.
11. Race and ethnicity designation is optional.
12. The language used to explain the consent form if an interpreter is used. This can be typed or handwritten.
13. Signature of the interpreter and the date the interpreter signs the consent form. The interpreter must sign his/her name and simultaneously write the date in his/her own handwriting. If an interpreter is not used write NA in the blanks.
14. Name of the individual to be sterilized. This can be typed or handwritten.
15. Type of sterilization operation to be performed. This can be typed or handwritten.
16. Signature of the person obtaining consent and the date he/she signed the consent form. The person who obtained consent must sign and date the consent form simultaneously in his/her own handwriting. The signature of the person obtaining consent and the date must be signed prior to surgery.
17. Name of the facility where the person obtaining consent is located. This can be typed or handwritten.
18. Address of the facility. This can be typed or handwritten.
19. Name of the individual to be sterilized. This can be typed or handwritten.
20. The exact date the sterilization was performed. The date can be typed or handwritten. The date of service on the claim requesting payment must be the same date on the sterilization consent form.

- (A) Thirty calendar days must have lapsed between the date the enrollee signed the consent form and the date the sterilization procedure was performed. Start counting day one (1) the day after the enrollee signs the consent form and then the sterilization can be performed on the 31st day except in the case of premature delivery or emergency abdominal surgery.
- (B) In case of premature delivery, at least 72 hours must have passed between the day and time the enrollee signed the consent form before the sterilization procedure can be performed. At least thirty (30) calendar days would have had to lapse between the date the enrollee signed the consent form and the individual's expected date of delivery.
- (C) In the case of emergency abdominal surgery, at least 72 hours must have passed between the day and time the enrollee signed the consent form before the sterilization procedure can be performed.
- (D) The consent form expires 180 calendar days from the date of the enrollee's signature. Start counting the date the enrollee signed the consent form as day one (1). The procedure must be performed within 180 calendar days.

21. Type of sterilization operation performed. This can be typed or handwritten.

22. Alternative final paragraph instructions:

- (A) Cross out paragraph two (2) if at least thirty (30) calendar days have lapsed between the date of the enrollee's signature on the consent form and the date the sterilization operation was performed.
- (B) Cross out paragraph one (1) if this sterilization was performed less than thirty (30) calendar days but more than 72 hours after the date of the enrollee's signature on the consent form because of premature delivery or emergency abdominal surgery. Check appropriate boxes for premature delivery and individual expected date of delivery and fill in the enrollee's expected date of delivery. Or if emergency abdominal surgery check appropriate box and describe circumstances.

23. Physician's signature. The physician who performed the sterilization procedure must sign his/her name and date he/she signed the consent form simultaneously in his/her own handwriting. The physician must sign the consent form after surgery. The physician's signature, date and time must be in his/her own handwriting. Typed or stamped signatures, initials or dates are not acceptable.

- (A) If the physician signs the consent form the same day as surgery then he/she must specify what time he/she signed the consent form.
- (B) If the physician signs the consent form the same day as surgery and signs the time he/she signed the consent form as 8:00 a.m. or earlier the time surgery ended must be specified below on the consent form.
- (C) If the physician signs the consent form the day after surgery or later then the time the physician signed the consent form may be left blank.

INSTRUCTIONS: COMPLETE AND ATTACH TO CLAIM FORM WHEN SUBMITTING CLAIM FOR PAYMENT.

NOTICE: YOUR DECISION AT ANY TIME NOT TO BE STERILIZED WILL NOT RESULT IN THE WITHDRAWAL OR WITHHOLDING OF ANY BENEFITS PROVIDED BY PROGRAMS OR PROJECTS RECEIVING FEDERAL FUNDS

CONSENT TO STERILIZATION

I was asked for and received information about sterilization from _____

(Doctor or Clinic)

When I first asked for the information, I was told that the decision to be sterilized is completely up to me. I was told that I could decide not to be sterilized. If I decide not to be sterilized, my decision will not affect my right to future care or treatment. I will not lose any help or benefits from programs receiving Federal funds, such as A.F.D.C. or Medicaid that I am now getting or for which I may become eligible.

I UNDERSTAND THAT THE STERILIZATION MUST BE CONSIDERED PERMANENT AND NOT REVERSIBLE. I HAVE DECIDED THAT I DO NOT WANT TO BECOME PREGNANT, BEAR CHILDREN OR FATHER CHILDREN.

I was told about those temporary methods of birth control that are available and could be provided to me which will allow me to bear or father a child in the future. I have rejected these alternatives and chosen to be sterilized.

I understand that I will be sterilized by an operation known as a _____

The discomforts, risks and benefits associated with the operation have been explained to me. All my questions have been answered to my satisfaction.

I understand that the operation will not be done until at least thirty days after I sign this form. I understand that I can change my mind at any time and that my decision at any time not be sterilized will not result in the withholding of any benefits of medical services provided by federally funded programs.

I am at least 21 years of age and was born on _____

(Month, Day, Year)

I, _____ hereby consent of my own free will to be sterilized by _____

(Doctor)

by a method called _____
My consent expires 180 days from the date of my signature below.

I also consent to the release of this form and other medical records about the operation to:

Representatives of the Department of Health, Education, and Welfare or Employees of programs or projects funded by that Department but only for determining if Federal laws were observed.

I have received a copy of this form.

Signature of Recipient _____ Date _____
Time Signed: _____ AM PM Month Day Year

You are requested to supply the following information, but it is not required:

- Race and ethnicity designation (please check)
- American Indian or Alaska Native Black (not of Hispanic origin)
- Asian or Pacific Islander Hispanic
- White (not of Hispanic Origin)

INTERPRETER'S STATEMENT

If an interpreter is provided to assist the individual to be sterilized.

I have translated the information and advice presented orally to the individual to be sterilized by a person obtaining this consent. I have also read him/her the consent form in _____ language and explained its contents to him/her. To the best of my knowledge and belief he/she understood this explanation.

Signature of Interpreter _____ Date _____

STATEMENT OF PERSON OBTAINING CONSENT

Before _____ signed

Name of individual

The consent form, I explained to him/her the nature of the sterilization operation

the fact that it is intended to be a final and irreversible procedure and the discomforts, risks and benefits associated with it.

I counseled the individual to be sterilized that alternative methods of birth control are available which are temporary. I explained that sterilization is different because it is permanent.

I informed the individual to be sterilized that his/her consent can be withdrawn at any time and that he/she will not lose any health services or any benefits provided by Federal funds.

To the best of my knowledge and belief the individual to be sterilized is at least 21 years old and appears mentally competent. He/She knowingly and voluntarily requested to be sterilized and appears to understand the nature and consequence of the procedure.

Signature of person obtaining consent _____ Date _____

Facility _____

Address _____

PHYSICIAN'S STATEMENT

Shortly before I performed a sterilization operation upon _____ on _____

Name of individual to be sterilized _____ Date of sterilization _____

I explained to him/her the nature of the sterilization operation

Specify type of operation _____
the fact that it is intended to be a final and irreversible procedure and the discomforts, risks and benefits associated with it.

I counseled the individual to be sterilized that alternative methods of birth control are available which are temporary. I explained that sterilization is different because it is permanent.

I informed the individual to be sterilized that his/her consent can be withdrawn at any time and that he/she will not lose any health services or any benefits provided by Federal funds.

To the best of my knowledge and belief the individual to be sterilized is at least 21 years old and appears mentally competent. He/She knowingly and voluntarily requested to be sterilized and appears to understand the nature and consequence of the procedure.

Instructions for use of alternative final paragraphs:

Use the first paragraph below except in case of premature delivery or emergency abdominal surgery where the sterilization is performed less than 30 days after the date of the individual's signature on the consent form. In those cases, the second paragraph below must be used. Cross out the paragraph which is not used.

- (1) At least thirty days have passed between the date of the individual's signature on this consent form and the date the sterilization operation was performed.
- (2) This sterilization was performed less than 30 days but more than 72 hours after the date of the individual's signature in this consent form because of the following circumstances (check applicable box and fill in information request):

- Premature delivery
- Individual's expected date of delivery _____
- Emergency abdominal surgery (describe circumstances)

Physician's Signature _____
Time of Signature _____ AM PM Date of Signature _____

**ATTACHMENT VI - INSTRUCTIONS FOR COMPLETING "CERTIFICATION OF MEDICAL
NECESSITY FOR ABORTION"**

ATTACHMENT VI

Instructions For Completing "Certification Of Medical Necessity For Abortion"

1. **Date of Service:** The date the abortion was performed. This can be typed or handwritten.
2. **Patient's Full Name:** The name of the Mother can be typed or handwritten.
3. **Patient's Social Security Number:** Mother's Social Security Number can be typed or handwritten.
4. **Condition:** Mark the block indicating the applicable reason for the abortion. This can be typed or handwritten.
5. **Supporting Documentation:** Mark the block that applies to the type of supporting documentation. This can be typed or handwritten.
6. **Patient Address:** Patient's complete address. This can be typed or handwritten.
7. **Physician Signature:** The physician must sign his/her name in his/her own handwriting.
8. **Physician Name, Social Security Number and Address:** The physician's name, Social Security Number and complete address. This can be typed or handwritten.

**ATTACHMENT VI
CERTIFICATION OF MEDICAL NECESSITY FOR ABORTION**

DATE OF SERVICE: _____ **1** _____

Based on my professional judgment, I certify that an abortion is medically necessary in the case of:

Patients' Full Name: _____ **2** _____

Patients' Social Security Number: _____ - **3** _____ - _____

for the following reason:

(CHECK ONE) **4**

- There is credible evidence to believe the pregnancy is the result of rape or incest.
- The abortion is medically necessary as the woman suffers from a physical disorder, physical injury, or physical illness, including a life endangering physical condition caused by or arising from the pregnancy itself that would place the woman in danger of death unless an abortion is performed.

SUPPORTING DOCUMENTATION: **5**

(PLEASE CHECK THOSE THAT APPLY AND ATTACH DOCUMENTS)

- Documentation from a law enforcement agency indicating the patient has made a credible report as the victim of incest or rape.
- Documentation from a public health agency, Department of Human Services or Counseling agency (such as a Rape Crisis Center) indicating the patient has made a credible report as the victim of incest or rape.
- Medical records documenting the life saving nature of the abortion.

**ATTACHMENT VII - INSTRUCTIONS FOR COMPLETING THE HYSTERECTOMY
ACKNOWLEDGMENT FORM**

INSTRUCTIONS FOR COMPLETING THE HYSTERECTOMY ACKNOWLEDGMENT FORM

Always Complete This Section

1. Enrollee Name: Enrollee's Name can be typed or handwritten. Must be completed.
2. TennCare ID No.: Enrollee's TennCare Number can be typed or handwritten. Must be completed.
3. Physician's Name: Physician's Name can be typed or handwritten. Must be completed.
4. Date of Hysterectomy: Date the hysterectomy was performed. This can be typed or handwritten. Must be completed.

Section A: Complete This Section For Enrollee Who Acknowledges Receipt Prior To Hysterectomy

5. Witness Signature Date: Witness must sign his/her name and date simultaneously in his/her own handwriting prior to surgery.
6. Patient's Signature/Date: Patient must sign her name and date in her own handwriting simultaneously prior to surgery. (If the patient cannot sign her name she can make her mark "X" in patient's signature blank if there is a witness. The witness must sign down below his/her name and simultaneously date the day they witnessed the recipient make their mark. This must be in the witness' own handwriting. The witness should write witness beside their name.

If Section A is completed, STOP HERE.

Section B: Complete This Section When Any Of The Exceptions Listed Below Is Applicable

7. Retroactive Eligible Enrollee Only: This box is checked only if the enrollee was approved retroactively. A copy of the TennCare card, which covers the date of the hysterectomy, or a copy of the retroactive approval notice, must accompany this form before reimbursement can be made.
8. This box is checked if the patient was already sterile prior to surgery. Describe cause of sterility. This can be typed or handwritten.
9. This box is checked if the patient had a hysterectomy performed because of a life-threatening situation and the information concerning sterility could not be given prior to the hysterectomy. Describe the emergency situation. This can be typed or handwritten.
10. Physician's Signature/Date: The physician must sign his/her name and date simultaneously in his/her own handwriting.

Section C: Complete This Section For Mentally – Incompetent Enrollee

11. Witness Signature/Date: Witness must sign his/her name and date simultaneously in his/her own handwriting prior to surgery.
12. Patient Representative Signature/Date: Patient representative must sign his/her name and date simultaneously in his/her own handwriting prior to surgery.
13. Reason For Hysterectomy: Describe the reason for the hysterectomy. This may be typed or handwritten.
14. Physician's Signature/Date: The physician must sign his/her name and date simultaneously in his/her own handwriting after surgery.

**MEDICAID - TITLE XIX
ACKNOWLEDGMENT OF HYSTERECTOMY INFORMATION**

→ALWAYS COMPLETE THIS SECTION←

Recipient Name _____ Medicaid ID No. _____
Physician's Name _____ Date of Hysterectomy _____

→COMPLETE ONLY ONE OF REMAINING SECTIONS: COMPLETE ALL BLANKS IN THAT SECTION←

SECTION A: COMPLETE THIS SECTION FOR RECIPIENT WHO ACKNOWLEDGES RECEIPT PRIOR TO HYSTERECTOMY

I acknowledge receipt of information, both orally and in writing, prior to the hysterectomy's being performed, that if a hysterectomy is performed on me it will render me permanently incapable of reproducing.

WITNESS' SIGNATURE _____ DATE _____ PATIENT'S SIGNATURE _____ DATE _____

SECTION B: COMPLETE THIS SECTION WHEN ANY OF THE EXCEPTIONS LISTED BELOW IS APPLICABLE

I certify that before I performed the hysterectomy procedure on the recipient listed below:

CHECK ONE

- 1 I informed her that this operation would make her permanently incapable of reproducing. (This certification for retroactively eligible recipient only - a copy of the Medicaid card which covers the date of the hysterectomy, or a copy of the retroactive approval notice, must accompany this form before the reimbursement can be made)
- 2 She was already sterile due to _____

CAUSE OF STERILITY

- 3 She had a hysterectomy performed because of a life-threatening situation due to _____

DESCRIBE EMERGENCY SITUATION

and the information concerning sterility could not be given prior to the hysterectomy.

PHYSICIAN'S SIGNATURE _____ DATE _____

SECTION C: COMPLETE THIS SECTION FOR MENTALLY-INCOMPETENT RECIPIENT ONLY

I acknowledge receipt of information, both orally and in writing, prior to the hysterectomy's being performed, that if a hysterectomy is performed on the above recipient, it will render her permanently incapable of reproducing.

WITNESS' SIGNATURE _____ DATE _____ PATIENT REPRESENTATIVE SIGNATURE _____ DATE _____

PHYSICIAN'S STATEMENT

I affirm that the hysterectomy I performed on the above recipient was medically necessary due to _____

REASON FOR HYSTERECTOMY

and was not done for sterilization purposes, and that to the best of my knowledge the individual on whom the hysterectomy was performed is mentally incompetent. Before I performed the hysterectomy on her I counseled her representative, orally and in writing, that the hysterectomy would render that individual permanently incapable of reproducing; and, the individual's representative has signed a written acknowledgment of receipt of the foregoing information.

PHYSICIAN'S SIGNATURE _____ DATE _____

Attach a copy to claim form when submitting for payment. Provide copies for patient and for your files. ADDITIONAL DOCUMENTATION MAY BE REQUESTED BEFORE PAYMENT IS MADE.

THIS FORM MAY BE REPRODUCED LOCALLY

ATTACHMENT VIII - EPSDT SCREENING GUIDELINES

Developmental/Emotional/Behavioral Screening Tools Recommended for Use in EPSDT Screenings

The following chart is a list of measures approved for use in EPSDT screenings. The "Description" column provides information on alternative ways (if available) to administer measures (e.g., waiting rooms). The "Accuracy" column shows the percentage of patients with and without problems identified correctly. The "Time Frame/Costs" column shows the costs of materials per visit along with the costs of professional time needed to administer each measure. For parent report tools, administration time reflects not only scoring of test results, but also the relationship between each test's reading level and the percentage of TennCare patients with less than a high school education (who may or may not be able to complete measures in waiting rooms due to literacy problems and will thus need interview administrations).

Measure	Age range	Description	Scoring	Accuracy	Time Frame/Costs ²
Child Development Inventories (formerly Minnesota Child Development Inventories) (1992) Behavior Science Systems, Box 580274, Minneapolis, MN 55458 (phone: 612-929-6220)	3-72 months	60 yes/no descriptions with separate forms for 0-18 months, 18-36 months, and 3-6 years. Can be mailed to families, completed in waiting rooms, administered by interview or by direct elicitation.	A single cutoff tied to 1.5 standard deviations below the mean	Sensitivity ³ was 75% or greater across studies and specificity ⁴ was 70%.	About 10 minutes (if interview needed) Materials ~\$.40 Admin. ~\$3.40 Total = ~\$3.80
Parents' Evaluations of Developmental Status (PEDS) (1997) Ellsworth & Vandermeer Press, Ltd. P.O. 68164 Nashville, TN 37206 Phone: 615-226-4460; fax: 615-227-0411 http://www.pedtest.com (\$38.99)	Birth to 9 years	10 questions eliciting parents' concerns. Can be administered in waiting rooms or by interview. Also in Spanish. Written at the 5 th grade level. Normed in teaching hospitals and private practice.	Categorizes patients into those needing referrals, screening, counseling, reassurance, extra monitoring	Sensitivity ranged from 74% to 79% and specificity ranged from 70% to 80%.	About 2 minutes (if interview needed) Materials ~\$.31 Admin. ~\$.88 Total = ~\$1.19
Pediatric Symptom Checklist. Jellinek MS, Murphy JM, Robinson J. et al. Pediatric Symptom Checklist: Screening school age children for psychosocial dysfunction. <u>Journal of Pediatrics</u> , 1988; 112:201-209 (the test is included in the article and in the PEDS manual)	6-16 years	35 short statements of problem behaviors to which parents respond with "never," "sometimes," or "often." The PSC screens for academic and emotional/behavioral difficulties.	Single refer/nonrefer score	Sensitivity ranged from 80% to 95%. Specificity in all but one study was 70% to 100%.	About 7 minutes (if interview needed) Materials ~\$.06 Admin. ~\$2.38 Total = ~\$2.44

² Interpretation costs (i.e., the amount of professional time needed to explain results) are not included in the costs total

³ Sensitivity = percentage of children with disabilities identified as probably delayed by a screening test

⁴ Specificity = percentage of children without disabilities identified as probably normal by a screening test

Measure	Age range	Description	Scoring	Accuracy	Time Frame/Costs ²
TOOLS THAT ARE RECOMMENDED FOR SECONDARY SCREENING INVOLVING DIRECT TESTING OF CHILDREN					
Brigance Screens. Billerica, MA: Curriculum Associates, Inc. (1985) 153 Rangeway Road, N. Billerica, MA 01862 (1-800-225-0248)	21-90 months	Seven separate forms, one for each 12 month age range. Taps speech-language, motor, readiness and general knowledge at younger ages and also reading and math at older ages. Uses direct elicitation and observation.	Cutoff and age equivalent scores	Sensitivity and specificity to giftedness and to developmental and academic problems was 70% to 82%.	10 minutes (direct testing only) Materials ~\$.53 Admin. ~\$10.15 Total = ~\$10.68
TOOLS THAT ARE NOT RECOMMENDED BUT ARE ACCEPTABLE FOR AUDIT UNTIL 2003					
Denver-II	0-6	Combination of directly elicited and interview, tapping language, personal-social, gross and fine motor, but not preacademic or academic skills.	Pass/fail/ Questionable/ untestable	Sensitivity 80% and specificity 40% or sensitivity 40% and specificity 80%, depending on how the questionable score is handled.	15 minutes for younger children, 25 minutes for older children (combination of direct and interview items) Materials ~\$.31 Admin. ~\$20.36 Total = ~\$20.67
Informal checklists (such as those imbedded in age-specific encounter forms such as Bright Futures)	0-5	Usually tap different areas but lack scoring criteria, provide no proof that items tap important skills or predict developmental outcome.	None	Unknown, but research shows that informal methods detect fewer than 30% of children with disabilities	Unknown, but most have about 10 items and so may take about 2 minutes Materials ~\$.06 Admin. ~\$2.34 Total: ~\$2.40

HEARING SCREENING

- Newborn hearing screenings are most likely to occur in hospital with results reported to the primary care provider. Acceptable methods of screening include auditory brainstem response (ABR) and otoacoustic emissions (OAE) with thresholds of 30 dB HL.
- Newborn hearing screening is recommended for all newborn infants. As of January 1999, not all hospitals in the State have the capability of conducting newborn hearing screening. Newborn hearing screenings should be provided for all newborns by the year 2003.
- Recommended testing intervals: The committee recommends an objective hearing screening test once in each of the following age ranges: 3-6, 10-13, 14-18. Screening should be conducted at the first visit during the above listed intervals at which the patient is cooperative.
- Acceptable methods of objective hearing screening include: conventional audiometry, hand-held audiometry, conditioned play audiometry (with a screening level of 20 dB HL at 500, 1000, 2000, and 4000 Hz).
- Positive screening results should lead to referral for diagnostic assessment of hearing. A prompt re-screening may be substituted for immediate referral for diagnostic assessment if the clinician believes the initial screening result is likely to be a false positive. Re-screening should be done within 2-4 weeks rather than waiting until the next scheduled well child visit.

VISION SCREENING

- Recommended testing intervals:
- The committee recommends testing ocular alignment and visual acuity once in the 3-6 year old age range. These procedures should be conducted at the first visit during which the patient is cooperative.
- The committee recommends testing visual acuity once in each of the following age ranges: 10-13, 14-18.
- Acceptable methods for screening ocular alignment include: photoscreening (preferred), unilateral cover test at 10 feet or 3 M, Random Dot E Stereotest at 40 cm (630 secs of arc).

- Acceptable methods for screening visual acuity include: Snellen Letters, Snellen Numbers, Tumbling F, HOTV, Picture Tests, Allen Figures, LH Tests.
- Positive screening results should lead to referral for diagnostic assessment of vision. A prompt re-screening may be substituted for immediate referral for diagnostic assessment if the clinician believes his initial screening result is likely to be a false positive. Re-screening should be done within 2-4 weeks rather than waiting until the next scheduled well child visit.

ATTACHMENT IX - SCOPE OF COVERED BENEFITS UNDER EPSDT

ATTACHMENT IX
Scope Of Covered Benefits Under EPSDT

Note 1: All services other than EPSDT screenings must be medically necessary.

Note 2: DCS "physical custody" means that DCS provides or arranges for the placement of the individual. Some children may be in DCS legal custody, but not physical custody. These are children who have been placed in DCS custody by the court but who live with parents or adoptive parents. TennCare-eligible children in DCS legal but not physical custody receive the same services from the BHOs that children who are not in custody receive.

*Effective July 1, 1998, pharmacy services for mental health and substance abuse drugs are managed and paid for by TennCare outside the BHOs.

The "scope of benefits" provided in the EPSDT Consent Decree (see Section 54) includes the above services. The Consent Decree list is taken from federal statute, which is oriented more toward *types of service providers* than *types of services*. The list from the Consent Decree list is provided below, and services are cross-referenced to the services identified in the above chart.

- (a) Inpatient hospital services (other than services in an institution for mental diseases)—see #1.
- (b) Outpatient hospital services; rural health clinic services; and services offered by a federally qualified health center—see #3, #4, #8, #21.
- (c) Other laboratory and X-ray services—see #9.
- (d) EPSDT services, and family planning services and supplies—for EPSDT services, see all services listed in chart; for family planning services and supplies, see #5, #7, #17, #21.
- (e) Physicians' services; medical and surgical services furnished by a dentist—see #5, #6, #7, and #12.

- (f) Medical care, or any other type of remedial care recognized under state law, furnished by licensed practitioners within the scope of their practice as defined by state law—see all services listed in chart.
- (g) Home health care services—see #14.
- (h) Private duty nursing services—see #28.
- (i) Clinic services—see #3, #4, #8, #21, #26, and #32.
- (j) Dental services—see #12.
- (k) Physical therapy and related services—see #5, #7, and #21.
- (l) Prescribed drugs, dentures, and prosthetic devices; eyeglasses—see #13, #15, and #17.
- (m) Other diagnostic, screening, preventive, and rehabilitative services—see #23, #24, #25, #26.
- (n) Services in an intermediate care facility for the mentally retarded (other than in an institution for mental diseases)—see #35.
- (o) Inpatient psychiatric services for individuals under 21—see #2.
- (p) Services furnished by a nurse-midwife—see #5, #7, and #21.
- (q) Hospice care—see #11.
- (r) Case management services and TB-related services—for case management services, see #30; for TB-related services, see #1, #3, #5, #7, #9, #15, #17, and #21.
- (s) Respiratory care services—see #14.
- (t) Services furnished by a certified pediatric nurse practitioner or certified family nurse practitioner—see #5, #7, #10.
- (u) Personal care services furnished to an individual who is not an inpatient or resident of a hospital, nursing facility, intermediate care facility for the mentally retarded, or institution for mental disease—see #24.

Any other medical care, and any type of remedial care recognized under state law, specified by the Secretary of the United States Department of Health and Human Services—see all services on above chart.

ATTACHMENT X - COST-SHARING REQUIREMENTS FOR RETROACTIVE PERIODS

ATTACHMENT X
Retroactive Cost-Sharing Schedules

Enrollee cost-sharing responsibilities for retroactive eligibility periods shall be determined according to the following schedule:

TennCare Deductibles and Out-Of-Pocket Expenditures

Percentage of Poverty	0% - 100%	101% - 199%	200% - Over
Less than 200% of Poverty			
Annual Deductible (Individual)	\$0	\$250	\$250
Annual Deductible (Family)	\$0	\$500	\$500
Annual Deductible (Children)	\$0	\$0	Same as Adults
Out-Of-Pocket Expenses (Individual)	\$0	\$1,000	\$1,000
Out-Of-Pocket Expenses (Family)	\$0	\$2,000	\$2,000
Family Size	Monthly Income	Monthly Income	Monthly Income
1	0 - 650	651 - 1,289	1,290 - Over
2	0 - 871	872 - 1,725	1,726 - Over
3	0 - 1,092	1,093 - 2,163	2,164 - Over
4	0 - 1,312	1,313 - 2,599	2,600 - Over
5	0 - 1,532	1,533 - 3,035	3,036 - Over
6	0 - 1,753	1,754 - 3,473	3,474 - Over
7	0 - 1,974	1,975 - 3,909	3,910 - Over
8	0 - 2,194	2,195 - 4,345	4,346 - Over
9	0 - 2,415	2,416 - 4,783	4,784 - Over
10*	0 - 2,635	2,636 - 5,219	5,220 - Over
*For each family member over 10, add per month	0 - 219	220 - 435	436 - Over

Emergency Room Services (non-emergency room situations)	\$25 Per Visit For Non-Medicaid Eligible Enrollees

ATTACHMENT XI - COST SHARING SCHEDULES

**ATTACHMENT XI
Cost-Sharing Schedules**

1. Out-of-Pocket Expenditures

The TENNCARE deductible for children, individuals and families shall be \$0.00. The annual TENNCARE maximum out-of-pocket expenditures described below shall apply for both uninsured and uninsurable designations.

Poverty Level	Individual Maximum Annual Out-of-Pocket	Family Maximum Annual Out-of-Pocket
0%-100%	\$0.00	\$0.00
101% - 199%	\$1,000.00	\$2,000.00
200% and above	\$2,000.00	\$4,000.00

2. Copayments

The following TENNCARE copayment schedule shall apply for both Uninsured and Uninsurable designations, based on the poverty level specified in TENNCARE rule 1200-13-12-.05(1)(c):

Poverty Level	Copayment Amounts
0%-100%	\$0.00
101% - 199%	\$25.00, Hospital Emergency Room (waived if admitted) \$5.00, Primary Care Provider and Community Mental Health Agency Services Other Than Preventive Care \$15.00, Physician Specialists \$5.00, Prescription or Refill \$100.00, Inpatient Hospital Admission
200% and above	\$50.00, Hospital Emergency Room (waived if admitted) \$10.00, Primary Care Provider and Community Mental Health Agency Services Other Than Preventive Care \$25.00, Physician Specialists \$10.00, Prescription or Refill \$200.00, Inpatient Hospital Admission

The CONTRACTOR is specifically prohibited from waiving or discouraging TENNCARE enrollees from paying the amounts described in this provision.

ATTACHMENT XII - REPORTING REQUIREMENTS

The CONTRACTOR and TENNCARE are responsible for complying with all the reporting requirements established by the parties. Both parties are responsible for assuring the accuracy and completeness of all reports as well as the timely submission of each report. Both parties will agree to the appropriate reporting formats, instructions, submission timetables, and technical assistance as required.

**ATTACHMENT XII, EXHIBIT A - REPORTING ENROLLEE INFORMATION/
REQUIRED DATA ELEMENTS**

ATTACHMENT XII, EXHIBIT A
Required Data Elements For Reporting Enrollee Information

This report shall include, at a minimum, the following data elements:

1. Enrollee's name;
2. Enrollee's social security number;
3. Enrollee's date of birth;
4. Enrollee's sex;
5. Enrollee's previous address;
6. Enrollee's new address; or

To the extent possible, a statement or indicator that the enrollee's new address is unknown due to mail being returned for insufficient address (e.g., undeliverable, no forwarding address, etc.) if the enrollee's new address is unknown;

7. Date enrollee moved;
8. A statement or indicator whether the enrollee's new address is within the same community service area as the former address or is in a different community service area;
9. Identity of the new MCO plan, if known, if the enrollee has moved outside the former community service area and desires to change MCO plans;
10. The identity of the MCO providing notice; and
11. Other pertinent information which is known by the CONTRACTOR which may have an affect on an enrollee's eligibility or cost sharing status.

**ATTACHMENT XII, EXHIBIT B – ENROLLEE VERIFICATION
REPORTING/REQUIRED DATA ELEMENTS**

ATTACHMENT XII, EXHIBIT B
Required Data Elements For Enrollee Verification Reporting

In response to receipt of a file from TENNCARE that identifies individuals whom TENNCARE has not been successful at contacting to verify eligibility, the CONTRACTOR will provide a response file that will include, at a minimum, the following data elements:

1. Enrollee's social security number;
2. Enrollee's date of birth;
3. Enrollee's sex;
4. Enrollee's name; and
5. Enrollee's address.

**ATTACHMENT XII, EXHIBIT C - PROVIDER ENROLLMENT
REPORTING/REQUIRED DATA ELEMENTS**

ATTACHMENT XII, EXHIBIT C
Required Data Elements For Provider Enrollment Reporting

This provider listing shall include, at a minimum, the following data elements:

1. Provider name;
2. Provider address, including the address of all service sites operated by the provider;
3. Provider social security or employer I.D. number;
4. Provider's race and/or national origin;
5. Provider Specialty and subspecialty;
6. Provider license number and type of license (if applicable);
7. Provider numbers used in the plan of other payers, including but not limited to, Medicare, Medicaid, other private health plans, etc.;
8. The identification number that will be used by the CONTRACTOR when payment is made to the provider (if multiple numbers are used for payments, then item seven must carry the old Medicaid or Medicare I.D. number to the extent Medicaid or Medicare assigned I.D. numbers for this type provider);
9. Unique Physician Identifier Number - UPIN (if applicable);
10. Provider telephone number;
11. Provider's Drug Enforcement Agency (DEA) number (if applicable);
12. Effective date of participation and closure date of participation (if applicable);
13. In plan/Out-of-plan Indicator;
14. Indicate whether or not the following services are provided by the provider: Obstetrics, General Surgery, Pediatrics, or EPSDT;
15. Is the provider board certified or board eligible;
16. The provider's service delivery county of practice; and
17. Indicate whether or not the provider's practice is limited to male or female patients;

For Dentists and Primary Care Providers (PCP) the following additional data elements are required:

18. Is the Dental / PCP's practice closed to new TennCare members as primary care patients;

For Primary Care Providers (PCPs only) the following additional data elements are required:

19. Does the PCP deliver babies;
17. Does the PCP provide prenatal care;
20. What is the youngest age each individual PCP will accept as a patient into the PCP's practice? (Age zero (00) equates to providing services to newborns);

21. What is the oldest age each individual PCP will accept as a patient into the PCP's practice? (Age 99 equates to Age 99 and older); and
22. How many members has the MCO assigned to each individual PCP for primary care service delivery?

ATTACHMENT XII, EXHIBIT D -- ESSENTIAL HOSPITAL SERVICES CHART

ATTACHMENT XII, EXHIBIT D

Instructions for Completing the Essential Hospital Services Chart

This report is to be prepared based on the MCO's provider network for essential hospital services in each Grand Region in which the MCO has (or expects to have) TennCare enrollees.

- Fill out one report for each Grand Region. In the top portion of the grid, indicate the MCO name, the Grand Region, the total number of MCO enrollees in the Grand Region and the date that such total enrollment was established.
- The MCO should provide information on each Tertiary Care Facility with which that MCO has a contractual or out-of-network relationship for serving enrollees in the identified Grand Region. The MCO should use a separate row to report information on each such Tertiary Care Facility.
 1. In the first column, "Tertiary Care Facility" indicate the complete name of the Tertiary Care Facility.
 2. In the second column: "City/Town" indicate the City or Town in which the designated facility is located.
 3. In the third column: "CSA", indicate the name of the TennCare Community Service Area (CSA) in which this facility is located.
 4. In the fourth through the tenth columns indicate the status of the MCO's relationship with the specific Tertiary Care Facility for each of these covered hospital services, e.g. Neonatal, Perinatal, Pediatric, Trauma, Burn, Center of Excellence for AIDS and Center of Excellence for Children at Risk or in State Custody.
 - For example, if the MCO has an executed contract with the Tertiary Care Facility for Neonatal services, insert an "E" in the column labeled "Neonatal".
 - If an MCO does not have an executed contract with this Tertiary Care Facility for "Neonatal", but has another type of arrangement with this facility, the MCO should indicate the code that best describes its relationship with the facility (e.g. L=letter of intent; R=on referral basis; N=in contract negotiations; O=other arrangement). For any facility in which the MCO does not have an executed contract but is using as an out of network provider, the MCO should submit a brief description (one paragraph) of its relationship with the Tertiary Care Facility including a estimated timeline for executing a contract, if any.
 - If an MCO does not have any relationship for Neonatal services with the Tertiary Care Facility on this row, the MCO should leave the column labeled "Neonatal" blank.

ATTACHMENT XII, EXHIBIT D

**ATTACHMENT XII, EXHIBIT E – SPECIALTY PHYSICIAN SERVICES
REPORTING**

ATTACHMENT XII, EXHIBIT E

Instructions for Completing the Specialty Physician Services Chart

This report is to be prepared based on the MCO's provider network for specialty services in each Grand Region in which the MCO has (or expects to have) TennCare enrollees.

- Fill out one report for each Grand Region. In the top portion of the grid, indicate the MCO name, the Grand Region, the total number of MCO enrollees in the Grand Region and the date that such total enrollment was established.
 - The MCO should provide information on each Specialty Provider with which that MCO has an out-of-network relationship for serving enrollees in the identified Grand Region. The MCO should use a separate row to report information on each such specialty. This chart should NOT include contracted physician specialty providers that are included in the monthly provider files submitted to TENNCARE by the CONTRACTOR.
1. In the first column, "Provider" indicate the complete name of the Specialty Provider.
 2. In the second column: "City/Town" indicate the City or Town in which the designated physician office is located.
 3. In the third column: "CSA", indicate the name of the TennCare Community Service Area (CSA) in which this physician office is located.
 4. In the fourth column: "STATUS", indicate the status of the MCO's relationship with the specific provider. For example, if the MCO has a letter of agreement with the provider, insert an "L" in this column. If an MCO has another type of arrangement with this provider, the MCO should indicate the code that best describes its relationship with the provider (e.g. R=on referral basis; N=in contract negotiations; O=other arrangement).
 5. In the Comments column, the MCO should add relevant comments regarding its relationship with the specialist, including a estimated timeline for executing a contract.

ATTACHMENT XII, EXHIBIT H – WEEKLY CLAIMS ACTIVITY REPORT

ATTACHMENT XII, EXHIBIT H

Instructions for Completing the Weekly Claims Activity Report

This report is to be prepared based on the type of claim form received (i.e., HCFA 1500, UB 92, dental) rather than the type of service billed on the claim (i.e., physician services, inpatient, durable medical equipment). Claims processed by a subcontractor should be reported separately from those claims received and processed by the MCO. Each subcontractor should be identified and the claims information relating to that subcontractor's weekly claims should be reported.

Instructions for completing the report:

- Report the number of claims received for the week but not yet entered into the electronic claims processing system in the column labeled **"Number of Claims Awaiting Input"**.
- Report the number of claims, by age, input into the electronic claims processing system but not yet processed to final adjudication in the appropriate columns labeled **"Aging of Claims Input But Not Adjudicated to Final Disposition (i.e., pending or in process)"**. The age of the claims reported in this field shall begin on the date of receipt of the claim and include any amounts of time the claim was awaiting input into the electronic claims processing system.
- Report the billed amount and expected reimbursement amount for the claims identified in the aging component of the report in the appropriate columns under the heading labeled **"Value of Claims Pending or In Process"**.
- Report the average turn-around time for claims processed to final adjudication for the week in the appropriate column labeled **"Average Turnaround Time for Adjudicated Claims"**.

ATTACHMENT XII, EXHIBIT H

Totals								

ATTACHMENT XII, EXHIBIT I – WEEKLY ACTIVITY REPORT

ATTACHMENT XII, EXHIBIT I

Instructions for Completing the Weekly Activity Report

The following definitions should be used for the purpose of completing the Weekly Activity Report.

- Definitions for reporting Member statistics:

Abandoned Call: A call in the Member Services telephone line queue that is terminated by the caller before reaching a Member Services Representative after waiting at least 20 seconds.

Abandonment Rate: Number of abandoned calls divided by call volume.

Average Time to Answer: The average time that callers waited in the Member Services telephone queue that were during normal business hours before speaking to a Member Services Representative, report in minutes: seconds (e.g. one minute and twenty-five seconds should be reported as 1:25).

- Definitions for reporting Provider statistics:

Abandoned Call: A call in the Provider Services Prior Authorization line queue that is terminated by the caller before reaching a Provider Services Representative after waiting at least 20 seconds.

Abandonment Rate: Number of abandoned calls divided by call volume.

Average Time to Answer: The average time that callers waited in the Provider Services Prior Authorization telephone queue, that were during normal business hours, before speaking to a Provider Services Representative. Report in minutes: seconds (e.g. one minute and twenty-five seconds should be reported as 1:25).

NOTE: When calculating the Abandonment Rate and the Average Call Response time exclude all calls from both the numerator and denominator that were terminated by the caller while in the queue for less than 20 seconds.

RESOLUTION**

ATTACHMENT XII, EXHIBIT L

Instructions For Completing Quarterly Report Of Appeals And Resolution

Section 2-8.a.8 requires MCOs to provide reports of appeals to TENNCARE including recommendations to, and actions taken by the QI Committee. This report, entitled The Quarterly Report of Appeals and Resolution, should be submitted on a quarterly basis, within 30 days of the end of the quarter, to the Director of TennCare Solutions.

MCO Name: Enter the name of the MCO for which the report is being completed

Report Period: Check the appropriate quarter and indicate the year for which results are reported.

Average Number of Enrollees: Report the average number of TennCare enrollees enrolled in the plan during the report period.

Number of Mute Appeals: Report the number of appeals sent to the MCO for reconsideration that did not result in a decision by the MCO because it was already resolved (e.g., at the place of service) or redirected for resolution (e.g., to the BHO).

Number of Appeal Issues Resolved by Type: Report the number of each type of issue resolved during the report period. If an appeal has multiple issues, each issue should be counted separately.

Number of Appeals decided fully in favor of enrollee: Report the number of appeals that were overturned upon reconsideration in favor of the enrollee during the report period. If the appeal involves multiple components and only a portion of the appeal was decided in favor of the enrollee, count the appeal under "number of appeals not decided fully in favor of enrollee".

Number of Appeals not decided fully in favor of enrollee: Report the number of appeals that were not decided upon reconsideration fully in favor of the enrollee. Include appeals that were decided only partially in favor of the enrollee.

Average Number of Days to Process Regular Appeals: Report the average number of days to process non-expedited appeals from receipt of the appeal to notification of decision.

Average Number of Days to Process Expedited Appeals: Report the average number of days to process expedited appeals from receipt of the appeal to notification of decision.

Summary of recommendations to QI Committee: Summarize any recommendations made to the QI Committee during the quarter based on an analysis of appeals reviewed by the MCO.

Summary of actions taken by QI Committee: Summarize any actions taken by the QI Committee during the quarter based on recommendations that came from an analysis of appeals reviewed by the MCO.
