TNCrimeonline Class Now Open for Registration!

A new class will be offered this summer focusing on using and generating reports with the Tennessee Crime Online Utility. This website is a very useful tool for agencies to monitor the quality of their data entry, as well as allow them to run their own reports on the variables that are important to them.

The class will cover the different portions of the website and how to use them. At the end of the class, attendees will understand how Crime Online is set-up and will be able to run their own agency reports, including reports that check for common errors in the data.

Crime Online Class Dates and Times

August 7, 2014	8:00 a.m. - 12: 00 p.m.	TBI Headquarters, Nashville
August 7, 2014	1:00 p.m. - 5:00 p.m.	TBI Headquarters, Nashville

To register for one of the classes, please contact Dale King at Dale.King@tn.gov or 615-744-4026.

If you have any questions or suggestions for the class, please contact Caitlin Orman (615-744-4136; Caitin.Orman@tn.gov) or Kelsie Conrad (615-744-4016; Kelsie.Conrad@tn.gov).

For TnCOP Users Only – Errors Regarding Arrest Dates for Multiple Offenders

Some of you have been receiving an error related to an offender needing an arrest date when you are entering multiple offenders. The error will appear when you complete the entry of a second offender even though you have entered an Arrest Date for the offender. If you try to delete the entry and re-enter the same incident, you will receive the same error.

This is a vendor problem and the issue has been reported to the vendor. While the incidents you have entered are showing an error in the TnCOP Error Report on the left side of the TnCOP screen, the incidents will not replicate and will not be included in your data file.

Please be patient while the vendor works on a fix. Once the issue has been corrected, you will be able to correct the incidents and they will be included in your next submission.
