

Tennessee Department of Transportation
I-65 Corridor Comment Form

The Tennessee Department of Transportation is conducting a study that will explore a range of solutions along the I-65 Corridor, which encompasses 120.16 mile stretch of interstate from the Alabama state line to the Kentucky state line. Below is a map showing the I-65 Corridor.

The main goal of this study is to seek ways to better manage congestion, improve safety, maximize the potential for freight diversion and preserve/enhance the corridor's economic benefits. This study includes all modes of transportation.

Your input on the transportation needs and areas of concern for this Corridor are important to the success of this study. Please take a moment to answer the questions in this Comment Form. When responding, make sure to include specific locations such as interchanges, mile markers or exit numbers.

1. Please rate the importance of each of the following I-65 transportation needs to YOU.

(1 = Least important/Lowest Priority 5 = Very Important/Highest Priority)

(Circle One)	Least important			Very Important	
Less congestion	1	2	3	4	5
Safer travel	1	2	3	4	5
Better/More efficient interchanges	1	2	3	4	5
Other – please describe below	1	2	3	4	5

2. What specific problems/concerns do you have about the I-65 Corridor? (Remember, be specific, let us know the mile marker, exit number or something to identify where the problem/concern is located.)

3. What ideas or suggestions do you have that could improve/correct your I-65 Corridor problems/concerns?

4. What are other transportation improvements along the stretch of I-65 in your area that you would like to see TDOT research or consider?

5. What is your main purpose of travel along the I-65 Corridor?

6. How often do you travel along the I-65 Corridor?

7. What other transportation options would you consider using along the I-65 Corridor?

8. What suggestions do you have to best reach citizens in your area and get them involved in this study?

9. In what county do you live and/or work?
