

Nissan LEAF

Ride & Drive Event

Wednesday, March 28th
10:00 am – 2:30 pm
Outside the Legislative Plaza on 6th Avenue

The new Nissan LEAF is the first 100% electric, no gas, no tail pipe vehicle... and soon it will be rolling off Tennessee assembly lines in 2013. On Wednesday, March 28, representatives from Nissan will have the LEAF on hand outside the Legislative Plaza from 10:00 am until 2:30 pm for you to come learn about the car, it's technology, it's features and to take one for a test-drive.
