

Modified Stage 2 Objective 5: Health Information Exchange

Objective: The EP who transitions their patient to another setting of care or provider of care, or refers their patient to another provider of care provides a summary of care record for each transition of care or referral.

Measure: The EP that transitions or refers their patient to another setting of care or provider of care must:
(1) Use CEHRT to create a summary of care record; and
(2) Electronically transmit such summary to a receiving provider for **more than 10 percent** of transitions of care and referrals.

Exclusion: Any EP who transfers a patient to another setting or refers a patient to another provider less than 100 times during the EHR reporting period is excluded.

[CMS Specification Sheet](#)

TennCare Notes - This objective and measure aligns with Menu Measure 7 in Stage 1 Meaningful Use. Beyond the transition from the menu set, the measure adds Measure 2 which requires more than 10 percent of summaries be transmitted electronically.
