2022 Red Sand Events

The Red Sand Project is a participatory artwork that uses sidewalk interventions and earthwork installations to create opportunities for people to question, connect, and take action against vulnerabilities that can lead to human trafficking and exploitation.

Events took place in 55 out of 95 counties

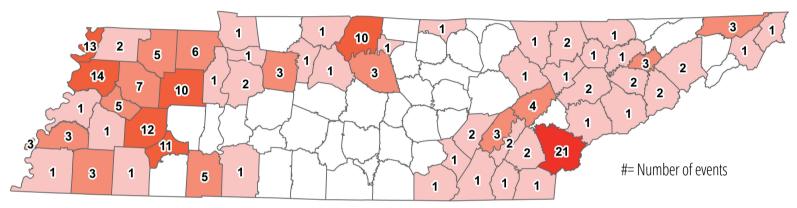

192 individual events took place across Tennessee

Between 2,000 and 3,600+ individuals participated in events

In 2022, The Tennessee Department of Health worked with 32 different organizations (including local health departments, schools, and non-profits) to sponsor and promote Red Sand events across the state.
